STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 235

Honorable Members
Thirty-Third Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval. House Bill No. 235, entitled "A Bill for an Act Relating to Traffic Safety."

The purpose of this bill is to improve traffic and pedestrian safety along the North Shore of Oahu. To achieve this, the bill requires the Department of Transportation to expand the use of photo red light imaging detector systems and automated speed enforcement systems to locations on the North Shore, following public education efforts by the City and County of Honolulu about the traffic enforcement systems.

This bill is objectionable because by selecting unidentified locations on the North Shore of Oahu for expansion of the use of photo red light imaging detector systems and automated speed enforcement systems, the bill ignores that the Department of Transportation (DOT) has established a statewide methodology for selecting the communities and expansion areas within which to implement these types of traffic safety systems. The criteria in the DOT's methodology include the number of crashes caused by drivers who disregarded traffic signals, volume of traffic, and traffic citations for disregarding signals. The DOT stresses the importance of consistency when selecting a location for implementation of the traffic safety systems. DOT's methodology ensures communities are chosen based on need and potential for greatest impact. Disregarding the DOT's criteria for location selection threatens the integrity of the photo red light imaging detector system and automated speed enforcement system programs.

For the foregoing reasons, I am returning House Bill No. 235 without my approval.

Respectfully,
/s/ Josh Green, M.D.
JOSH GREEN, M.D.

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 796

Honorable Members
Thirty-Third Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval. House Bill No. 796, entitled "A Bill for an Act Relating to Tax Credits."

The purpose of this bill is to require that all tax credits either in existence on December 31, 2025, or established or renewed after that date, either include a five-year sunset date or be subject to an annual one-third reduction in credit amount. This annual reduction will take place over a three-year period, beginning in the sixth year of the credit after December 31, 2025.

This bill is objectionable because it would have a deleterious long-term impact on income tax credits across a variety of important industries, including film and television, research, and renewable energy. These tax credits are critical to supporting economic development and diversification, particularly within growing and emerging sectors. Categorically sunseting income tax credits will not only disincentivize future investors from doing business in Hawaii but will also destabilize existing businesses that currently rely upon these tax credits.

For the foregoing reasons, I am returning House Bill No. 796 without my approval.

Respectfully,
/s/ Josh Green, M.D.

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 958

Honorable Members
Thirty-Third Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval. House Bill No. 958, entitled "A Bill for an Act Relating to Transportation."

The purposes of this bill are to provide additional clarity to existing law and reinforce statewide education efforts to promote safe and responsible electrical bicycle use. Among other things, the bill prohibits operating a "high-speed electric device" on a public roadway and other designated areas.

This bill is objectionable because the definition of "high-speed electric device" and the prohibition of such devices on public roadways may be construed to include electric motor vehicles.

The bill defines "high-speed electric device" as "any device with a motor exceeding seven hundred fifty watts and capable of speeds over twenty-eight miles per hour." There are exceptions for mopeds and motorcycles, but not for electric motor vehicles, which otherwise fall within this definition. An earlier version of the bill limited the definition to two-wheeled electric devices, but the definition was subsequently amended from "a two-wheeled electric device" to "any device," without adding electric motor vehicles to the exclusions provided for mopeds and motorcycles.

Moreover, there is no definition of "device" in the current law that would preclude electric motor vehicles from being subject to the requirements of this bill. Instead, "vehicles" under section 291C-1, Hawaii Revised Statutes (HRS), are broadly defined as "devices" for transporting people and property. Consequently, under the plain language of this bill and chapter 291C, HRS, an electric motor vehicle would be considered a "high-speed electric device" and therefore prohibited from being operated on public roadways if this bill were to become law.

While it appears that the failure to exempt electric motor vehicles from the prohibition in the bill was inadvertent, it would nevertheless cause confusion about the legality of using electric motor vehicles on the State's public roadways and conflict with my commitment to reducing greenhouse gases.

For the foregoing reasons, I am returning House Bill No. 958 without my approval.

Respectfully,
/s/ Josh Green, M.D.

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1296

Honorable Members

State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval. House Bill No. 1296, entitled "A Bill for an Act Relating to the Major Disaster Fund."

The purposes of this bill are (1) to add to the existing requirement that the Administrator of Emergency Management (Administrator) file a report following an allotment from the Major Disaster Fund (Fund) by also requiring a report following a "transfer" from the Fund; (2) to shorten from sixty days to thirty days the time that the Administrator has to file a report following an allotment or transfer; (3) to add a requirement that the report must include a description of the allotment and use of funds; (4) to require that the report include an accounting of Federal Emergency Management Agency eligible and ineligible expenses; and (5) to require the Governor and the Administrator to submit a report no later than October 1, 2025, for the prior fiscal year.

This bill is objectionable because it will interfere with the ability of the Administration to quickly deploy resources in the Fund in response to emergencies. During emergencies, it is critical that the Administration have flexibility to address rapidly changing situations. The Administration is committed to using state funds in a transparent and efficient manner. However, the new administrative burdens this bill places on utilizing the Fund may jeopardize public safety.

For the foregoing reasons, I am returning House Bill No. 1296 without my approval.

Honorable Members
Thirty-Third Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval. House Bill No. 1369, entitled "A Bill for an Act Relating to Taxation."

The purpose of this bill is to amend and repeal certain exemptions under the general excise tax (GET) and use tax laws. Specifically, the bill: (1) limits the GET exemption under section 237-24(14), Hawaii Revised Statutes (HRS), for amounts received by sugarcane producers to amounts received on or before December 31, 2030; (2) repeals the use tax exemption under section 238-3(h), HRS, for the value of certain vessels constructed

before July 1, 1969; and (3) repeals the GET exemptions under section 237-24.5, HRS, related to a stock exchange.

This bill is objectionable because removing these specific tax exemptions would provide little financial benefit to the State while harming, in particular, sugarcane producers.

For the foregoing reasons, I am returning House Bill No. 1369 without my approval.

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 31

Honorable Members
Thirty-Third Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval. Senate Bill No. 31, entitled "A Bill for an Act Relating to Property."

The purpose of this bill is to allow any person who discovers a recorded discriminatory restrictive covenant to take certain actions, without liability, to record a statement or notice that the discriminatory restrictive covenant is void and unenforceable.

This bill is objectionable because it enables any person, including a person who may have no interest in the real property in question, to record a statement or notice that the chain of title for the real property contains a discriminatory restrictive covenant that is void and unenforceable. Such a recorded statement or notice could contain false or misleading information, and recordation could affect the marketability of the subject property and cloud title without the recording party facing any liability. Unfortunately, the bill does not provide a mechanism to prevent the recording of frivolous or false statements or notices, nor does it provide a remedy for property owners who might be affected by the recording of frivolous or false statements or notices.

For the foregoing reasons, I am returning Senate Bill No. 31 without my approval.

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 583

Honorable Members
Thirty-Third Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval. Senate Bill No. 583, entitled "A Bill for an Act Relating to Naming Rights."

The purposes of this bill are to allow the Stadium Authority to lease the naming rights for the stadium facility; to allow the Hawaii Tourism Authority to lease the naming rights for the Convention Center; to exempt

the stadium facility and Convention Center from chapter 102, Hawaii Revised Statutes (HRS), *Concessions on Public Property*, to require that revenues derived from advertising and marketing in the stadium facility and Convention Center be deposited to the Stadium Development Special Fund and Convention Center Enterprise Special Fund, respectively: to amend sections 109-3.5 and 201B-8, HRS, specifying sources of revenue that must be deposited to the Stadium Development Special Fund and Convention Center Enterprise Special Fund, respectively; and to permit advertising on the outside of any stadium operated by the stadium authority with the name of any entity that leased the naming rights of the stadium from the stadium authority.

This bill is objectionable because the exceptions from chapter 102, which regulates bidding for concessions contracts, may likely be determined by a court to violate the single subject requirement of section 14 of article III of the State Constitution, which provides, in part: "Each law shall embrace but one subject, which shall be expressed in its title." The one subject expressed in this bill's title is "naming rights." Accordingly, the inclusion of exemptions relating to concessions contracts from chapter 102, HRS, in this bill expose it to constitutional challenge.

For the foregoing reasons, I am returning Senate Bill No. 583 without my approval.

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 1102

Honorable Members

State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval. Senate Bill No. 1102, entitled "A Bill for an Act Relating to the Aircraft Rescue Fire Fighting Unit."

The purpose of this bill is to specify the appointment process and term for the Fire Chief of the Hawaii State Aircraft Rescue Fire Fighting Unit (Fire Chief) within the Department of Transportation Airports Division.

This bill is objectionable because the appointment process proposed in the bill is inconsistent with the selection process for other department leadership positions. Further, the need to obtain legislative approval for the appointment of the Fire Chief may delay the appointment of this critical leadership position and impact airport operations, safety, and readiness.

For the foregoing reasons, I am returning Senate Bill No. 1102 without my approval.
