Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Belatti, Cochran).

SCRep. 805 Judiciary & Hawaiian Affairs on H.B. No. 408

The purpose of this measure is to:

- (1) Extend the deadline to register to vote by mail from thirty to ten days before a primary or general election; and
- (2) Repeal obsolete language regarding permanent absentee ballots.

Your Committee received testimony in support of this measure from the Office of Elections; Elections Division of the Office of the County Clerk of the County of Kauai; Hawai'i Alliance for Progressive Action; Democratic Party of Hawai'i; Chamber of Sustainable Commerce; Hawai'i Workers Center; and numerous individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the State should ensure that the electoral process is accessible to all and encourages widespread participation. This measure makes the electoral process more accessible by extending the deadline to register to vote by mail from thirty to ten days before a primary or general election.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 408 and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 806 Judiciary & Hawaiian Affairs on H.B. No. 411

The purpose of this measure is to establish uniform provisions for the assessment of certain administrative penalties under the State Ethics Code and Lobbyist Law.

Your Committee received testimony in support of this measure from the Hawai'i State Ethics Commission.

Your Committee finds that the existing enforcement process for the Hawai'i State Ethics Commission entails the respondent to respond to a charge multiple times, which extends the process, sometimes lasting five to six months. For matters in which the facts and law are not in question, an expedited process may reduce the burden on respondents and minimize unnecessary waste of time and resources and that the timely resolution of ethics and lobbying cases before the Hawai'i State Ethics Commission enhances public trust and transparency. This measure establishes an expedited enforcement process to address violations of the ethics and lobbying laws.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 411 and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 807 Judiciary & Hawaiian Affairs on H.B. No. 103

The purpose of this measure is to change the age for which individuals are eligible for life without parole sentences from eighteen years of age or older to twenty-one years of age or older.

Your Committee received testimony in support of this measure from the Office of the Public Defender and Opportunity for Youth Action Hawai'i Kailua. Your Committee received testimony in opposition to this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu and one individual.

Your Committee finds that juveniles are psychologically and developmentally different from adults and these differences should be recognized by the legal system. Juveniles are extremely vulnerable to negative environments and are easily influenced by crime-producing influences, such as physical, sexual, and psychological abuse by family members, other adults, and older juveniles. Juveniles are less capable than adults to consider the long-term impact of their actions, control their emotions and impulses, or evaluate risks and reward. Juveniles do not have control over their living situations and may experience traumas related to family homelessness, abandonment, exposure to adult drug abuse, and the realities of living in poverty that create environments susceptible to gang involvement or exposure to adult criminal behaviors. This measure raises the age to twenty-one years of age or older for which individuals are eligible for life without parole sentences.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 103 and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, 2 (Garcia, Shimizu). Excused, 2 (Belatti, Cochran).

SCRep. 808 Consumer Protection & Commerce on H.B. No. 983

The purpose of this measure is to eliminate certain educational barriers for an applicant to be qualified for licensure as a certified public accountant.

Your Committee received testimony in support of this measure from the Hawaii Society of Certified Public Accountants; Taketa, Iwata, Hara & Associates, LLC; Hawaii Association of Public Accountants; Hawaii Association of Public Accountants – Oahu Chapter; Chantal Mentzer Inc.; and numerous individuals. Your Committee received comments on this measure from the Board of Public Accountancy and Hong Consulting, LLC.

Your Committee finds that there is an increasing need for well-qualified certified public accountants in the State and nationwide as business and commerce continue to grow more complicated. However, there is a declining percentage of students in accounting courses that pursue certified public accountant licenses. This is in part due to the extensive educational requirements beyond a bachelor's degree for licensure, which require further time and money and can serve as

a barrier for many potential candidates for licensure. This measure opens an alternative pathway for a certified public accountant license by authorizing the completion of qualifying professional experience in the practice of accountancy in lieu of post-baccalaureate coursework.

Your Committee has amended this measure by:

- (1) Clarifying that the required minimum of eighteen semester hours of upper division or graduate level accounting or auditing subjects, as determined by rules adopted by the Board of Public Accountancy, are to be completed as part of the candidate's baccalaureate degree;
- (2) Clarifying that the professional experience that may be substituted for the additional thirty semester hours is twelve months of professional experience in the practice of public accountancy only, which shall be in addition to, and shall not be counted in, the other required professional experience;
- (3) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 983, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 983, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, none.

SCRep. 809 Consumer Protection & Commerce on H.B. No. 1050

The purpose of this measure is to change the filing dates of quarterly net solvency reports for mutual benefit societies, health maintenance organizations, and dental insurers so that the fourth quarter filing deadline falls on March 1 of the next year.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that, under existing law, fourth quarter net solvency reports for mutual benefit societies, health maintenance organizations, and dental insurers are due on February 14. However, the annual blank filings for these entities are due on March 1. By aligning the due dates for the fourth quarter net solvency reports with the due date for the annual blank filings, this measure reduces the compliance burden for these entities and allows them to complete their filings in a more efficient manner and helps streamline regulation for the Insurance Division of the Department of Commerce and Consumer Affairs.

Your Committee has amended this measure by:

- (1) Changing its effective date to October 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1050, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1050, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, none.

SCRep. 810 Consumer Protection & Commerce on H.B. No. 544

The purpose of this measure is to establish a regulatory framework for pet insurance based on the National Association of Insurance Commissioners' Pet Insurance Model Act.

Your Committee received testimony in support of this measure from the Hawaii Veterinary Medical Association; Crum & Forster; Pumpkin Insurance Services Inc.; Pets Best Insurance Services; Spot Pet Insurance; North American Pet Health Insurance Association; Hawaiian Humane Society; Independent Pet Group; and one individual. Your Committee received comments on this measure from the Department of the Attorney General and Department of Commerce and Consumer Affairs.

Your Committee finds that pet insurance is increasingly important to pet owners as the costs associated with veterinary care continue to rise. Pet owners ensure that their pets receive emergent medical care and regular wellness and preventive care. These regular veterinary visits are essential to maximizing an animal's health, longevity, and quality of life. However, this care is also expensive and the recurring expenses can leave little financial room should disease or injury occur. This measure therefore provides a regulatory framework for pet insurance in the State to protect consumers.

Your Committee notes that as this measure progresses through the legislative process, the appropriate effective date should be January 1, 2026, to provide insurance companies sufficient time to be in compliance with the provisions of this measure.

Your Committee has amended this measure by:

- (1) Changing all references to the term "producer" to the standard term "insurance producer", for consistency with the National Association of Insurance Commissioners' guidance;
- (2) Extending the period for which a consumer may review and return a policy, certificate, or rider from fifteen days to thirty days;
- (3) Deleting language that prohibited a pet insurer or insurance producer from marketing a wellness program during the sale, solicitation, or negotiation of pet insurance;
- (4) Specifying that an insurance producer must be appropriately licensed under the property and casualty lines of authority before selling, soliciting, or negotiating a pet insurance product;
- (5) Inserting language to prevent any application of this measure that would impair any contract existing as of the effective date of this measure in violation of the Contract Clause of the United States Constitution or Hawaii State Constitution;
- (6) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 544, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 544, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Ichiyama).

SCRep. 811 Consumer Protection & Commerce on H.B. No. 850

The purpose of this measure is to:

- (1) Clarify a condominium association board's authority with respect to calling electronic meetings, electronic voting, and mail voting;
- (2) Clarify that, in condominium association elections, cumulative voting rights apply to all candidates regardless of whether they are nominated; and
- (3) Clarify that individual votes are used in cumulative voting.

Your Committee received testimony in support of this measure from the Hawaii Legislative Action Committee of the Community Associations Institute; Palehua Townhouse Association; Hawai'i State Association of Parliamentarians; AOAO Lakeview Sands; Hawaii Council of Community Associations; Hawaiian Properties, Ltd.; Hawaiiana Management Company, Ltd.; and numerous individuals. Your Committee received testimony in opposition to this measure from Honolulu Tower and three individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that the law relating to condominium association electronic meetings, electronic voting, and mail voting needs further clarification and guidance. While condominium association governing documents may provide for other means of voting, existing law is silent. This measure provides added flexibility in voting at association meetings by explicitly authorizing electronic voting for in-person meetings.

Your Committee further find that existing law provides for cumulative voting only for persons nominated in elections for board member and officer positions for condominium associations. This does not account for write-in candidates. This measure expands the authorization for cumulative voting to include write-in candidates.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 850, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 850, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Iwamoto). Noes, none. Excused, 3 (Ilagan, Lowen, Pierick).

SCRep. 812 Judiciary & Hawaiian Affairs on H.B. No. 991

The purpose of this measure is to clarify that the Department of the Attorney General may conduct fingerprint-based background checks through the Federal Bureau of Investigation on contractors and contractors' employees.

Your Committee received testimony in support of this measure from the Department of the Attorney General.

Your Committee finds that the Federal Bureau of Investigation requires fingerprint-based background checks for individuals with access to federal tax information. Act 35, Session Laws of Hawaii 2021, authorized the Department of the Attorney General to conduct these checks; however, the Federal Bureau of Investigation determined that the term "agents of contractors" in statute was overly broad and did not meet its specificity requirements. By removing the term "agents of contractors" from relevant statutes, this measure upholds federal compliance and safeguards the integrity of background check procedures for those handling sensitive tax information.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 991, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 991, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 813 Judiciary & Hawaiian Affairs on H.B. No. 994

The purpose of this measure is to authorize the offense of promoting pornography for minors to be instituted by written information.

Your Committee received testimony in support of this measure from the Department of the Attorney General; Office of the Prosecuting Attorney of the County of Hawai'i; Department of the Prosecuting Attorney of the City and County of Honolulu; and two individuals.

Your Committee finds that existing law does not permit the offense of promoting pornography for minors to be charged by written information, unlike other related offenses such as electronic enticement of a child and commercial sexual exploitation of a minor. This measure allows written information charging for this offense, ensuring prosecutors can act swiftly during undercover operations and strengthening law enforcement's ability to protect children from online exploitation.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 994, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 994, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 814 Judiciary & Hawaiian Affairs on H.B. No. 1091

The purpose of this measure is to require a county to accept, within 60 days after receipt of a completed application for maintenance request, license or dedication of all sewer transmission lines and other sewerage facilities servicing Hawaiian Home Lands that are brought into compliance by the Department of Hawaiian Home Lands.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands.

Your Committee finds that the Department of Hawaiian Home Lands manages sewer transmission lines that are to be transferred to the various counties for long-term management and maintenance. Your Committee further finds that this measure will help to ensure that these sewer transmission lines are transferred to the counties in a timely manner. Your Committee also finds that the cost savings for the Department of Hawaiian Home Lands from not having to manage and maintain sewer transmission lines would allow for more lots to be developed for applicants on the Department's waiting list and other maintenance needs for lessees who reside on Hawaiian Home Lands.

Your Committee has amended this measure by:

- (1) Clarifying that a county is required to accept, within 60 days after receipt of a completed application for maintenance request, license or dedication of all sewer transmission lines and related sewerage facilities servicing Hawaiian Home Lands that are brought into compliance by the Department of Hawaiian Home Lands; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1091, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1091, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Cochran, Todd).

SCRep. 815 Judiciary & Hawaiian Affairs on H.B. No. 412

The purpose of this measure is to enhance government transparency by:

- (1) Establishing certain presumptions regarding lobbying on behalf of private clients;
- (2) Making certain contracts voidable when entered into in violation of the state lobbying law; and
- (3) Expanding the definition of "lobbying" in section 97-1, Hawaii Revised Statutes, to include certain communications with high-level government officials regarding procurement decisions.

Your Committee received testimony in support of this measure from the Hawai'i State Ethics Commission. Your Committee received comments on this measure from the State Procurement Office and one individual.

Your Committee finds that the State's definition of "lobbying" is limited and could be expanded to capture certain activities that are not currently covered. This measure addresses this need and updates regulations on lobbying by establishing certain presumptions regarding lobbying on behalf of clients, making contracts voidable when entered into in violation of lobbying law, and expanding the definition of "lobbying" to include communications with government officials regarding procurement decisions.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 412, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 412, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 816 Judiciary & Hawaiian Affairs on H.B. No. 413

The purpose of this measure is to clarify:

- (1) Administrative oversight of statutory restrictions relating to prohibited lobbyist contributions; and
- (2) That the regular or special sessions in which lobbyist contributions are prohibited are periods during which both houses of the Legislature are in session.

Your Committee received testimony in support of this measure from the Hawai'i State Ethics Commission and Campaign Spending Commission.

Your Committee finds that this measure provides clarity as to which agencies have oversight of statutory restrictions relating to prohibited lobbyist contributions and clearly defines when lobbyist contributions are prohibited.

Your Committee has amended this measure by:

- (1) Adding a definition for "session";
- (2) Clarifying that state lobbyists alleged to have made prohibited contributions will be referred to the State Ethics Commission; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 413, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 413, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 817 Judiciary & Hawaiian Affairs on H.B. No. 892

The purpose of this measure is to establish limitations on geographical restrictions imposed as a condition of probation.

Your Committee received testimony in support of this measure from the Judiciary and Office the Public Defender.

Your Committee finds that the imposition of geographical restrictions as a condition of probation, the goal of which is rehabilitation, has significant effects on an individual's life. Although imposing geographical restrictions is intended to promote accountability and public safety, it is not always an effective tool for probation because the size of the geographic area dilutes the enforceability of the condition and ultimately makes an individual's reintegration into society more challenging. Your Committee believes that more narrowly tailoring geographic restrictions may be a better solution.

Your Committee has amended this measure by:

- (1) Limiting the area of a geographical restriction to no larger than 0.5 acres; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 892, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 892, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Shimizu). Noes, 1 (Garcia). Excused, 3 (Belatti, Cochran, Todd).

SCRep. 818 Judiciary & Hawaiian Affairs on H.B. No. 125

The purpose of this measure is to:

- (1) Require retail sellers of firearms to provide purchasers with notice regarding the law on firearms storage;
- (2) Expand the requirements for the secure storage of firearms; and
- (3) Clarify the offense of criminally negligent storage of a firearm.

Your Committee received testimony in support of this measure from the Keiki Injury Prevention Coalition; Hawai'i – American Nurses Association; Hawai'i Public Health Association; Giffords; Brady; Everytown for Gun Safety; Hawai'i Chapters of Moms Demand Action for Gun Sense in America; Students Demand Action for Gun Sense in America; Hawai'i Children's Action Network Speaks!; Hawai'i State Coalition Against Domestic Violence; and numerous individuals. Your Committee received testimony in opposition to this measure from the Office of the Public Defender; Hawaii Rifle Association; Red Letter Industries; Self Defense Solutions Hawaii; Libertarian Party of Hawaii; and numerous individuals.

Your Committee finds that unsecured or improperly stored firearms pose a significant risk to public safety, contributing to accidental injuries, deaths, suicides, theft, and increased lethality in violent situations. Your Committee further finds that access to unsecured firearms by unauthorized individuals, including minors and criminals, exacerbates these dangers and undermines responsible gun ownership. To address these risks, this measure establishes clear and enforceable requirements for the secure storage of firearms, ensuring they are properly stored to prevent unauthorized access and enhance public safety.

Your Committee has amended this measure by:

- (1) Requiring a person engaged in the transfer of firearms to provide a written copy of the law related to storage of firearms with respect to minors; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 125, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 125, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Garcia).

SCRep. 819 Judiciary & Hawaiian Affairs on H.B. No. 127

The purpose of this measure is to improve the State's system of pretrial justice by considering the need to evaluate risks to public safety, individual constitutional rights, and the fiscal and human harms that arise from overcrowded prisons. Specifically, this Act requires:

- (1) The court to enter on the record its written findings regarding the necessity of the conditions imposed on a defendant's release; and
- (2) Bail to be set in an amount that the defendant can afford based on certain factors.

Your Committee received testimony in support of this measure from the Office of the Public Defender; Hawaii Correctional System Oversight Commission; ACLU Hawai'i; R Street Institute; Imua Alliance; Democratic Party of Hawai'i; Community Alliance on Prisons; Hawai'i Health & Harm Reduction Center; and one individual. Your Committee received testimony in opposition to this measure from the Office of the Prosecuting Attorney of the County of Hawai'i; Department of the Prosecuting Attorney of the County of Maui; Department of the Prosecuting Attorney of the City and County of Honolulu; Fathers and Mothers for Children Kauai Chapter; American Bail Coalition; and numerous individuals. Your Committee received comments on this measure from the Judiciary.

Your Committee finds that the use of cash bail disproportionately impacts low-income individuals, who often remain detained solely because they cannot afford bail, while wealthier defendants are released. Moreover, pretrial detention for low-risk individuals disrupts employment, housing, and family stability, creating lasting economic and social hardships that extend beyond the individual to their community. Lastly, cash bail exacerbates racial and ethnic disparities in the criminal justice system, eroding public trust and highlighting systemic inequities. This measure requires courts to set bail to be in an amount that the defendant can afford based on certain factors.

Your Committee has amended this measure by:

- (1) Deleting language that required a court to enter on the record its written findings regarding the necessity of the conditions imposed on a defendant's release;
- (2) Specifying that the court enter its findings on the record regarding the defendant's ability to afford bail;
- (3) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 127, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 127, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, 2 (Garcia, Shimizu). Excused, 2 (Belatti, Cochran).

SCRep. 820 Judiciary & Hawaiian Affairs on H.B. No. 128

The purpose of this measure is to reduce the number of unnecessary arrests made in criminal cases by:

- (1) Establishing factors under which officers may, without warrant, arrest and detain persons for petty misdemeanors and violations; and
- (2) Requiring officers to record the factors that justified the warrantless arrest.

Your Committee received testimony in support of this measure from the ACLU of Hawai'i; Policing Project at NYU School of Law; and one individual. Your Committee received testimony in opposition to this measure from the Honolulu Police Department; Office of the Prosecuting Attorney of the County of Hawaii; Department of the Prosecuting Attorney of the County of Maui; Department of the Prosecuting Attorney of the City and County of Honolulu; State of Hawaii Organization of Police Officers; Fathers and Mothers for Children Kauai Chapter; and numerous individuals.

Your Committee finds that unnecessary arrests for certain criminal cases place a significant strain on limited police resources, contribute to overcrowding in correctional facilities, and often result in unjust hardships for individuals and their families. These arrests not only disrupt lives but also create financial and emotional burdens. This measure aims to reduce the number of unnecessary arrests by establishing specific conditions for warrantless arrests and allowing citations to be issued in lieu of arrest for certain minor offenses.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 128, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 128, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, 2 (Garcia, Shimizu). Excused, 3 (Belatti, Cochran, Todd).

SCRep. 821 Judiciary & Hawaiian Affairs on H.B. No. 141

The purpose of this measure is to:

- (1) Make the members of the Elections Commission subject to the advice and consent of the Senate; and
- (2) Clarify that a majority of all members to which the Elections Commission is entitled shall constitute a quorum to do business.

Your Committee received testimony in support of this measure from the Office of the County Clerk of the County of Kaua'i; League of Women Voters of Hawaii; Democratic Party of Hawai'i; Hawaii State AFL-CIO; and six individuals. Your Committee received testimony in opposition to this measure from Hawaiian Islands Republican Women and numerous individuals.

Your Committee finds that this measure will increase transparency in the process of appointing members to the Elections Commission and allow for public input on nominees.

Your Committee has amended this measure by:

- (1) Requiring the Chief Justice of the Hawaii Supreme Court to appoint the member nominated if the vacancy occurs in the interim period when the Senate is not in regular session or special session; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 141, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 141, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, 2 (Garcia, Shimizu). Excused, 1 (Cochran).

SCRep. 822 Judiciary & Hawaiian Affairs on H.B. No. 371

The purpose of this measure is to:

- (1) Prohibit state or county grantees and officers and immediate family members of state or county contractors or grantees from contributing to candidate or noncandidate committees for the duration of the contract; and
- (2) Require candidates, candidate committees, or noncandidate committees to return any unlawful contribution to the contributor within thirty calendar days of receipt or the unlawful contribution will escheat to the Hawaii Election Campaign Fund.

Your Committee received testimony in support of this measure from the Campaign Spending Commission; Green Party of Hawai'i; Free Access Coalition; Our Hawai'i; Democratic Party of Hawai'i Education Caucus; Hawai'i Workers Center; and numerous individuals.

Your Committee finds that under existing campaign finance law, only a state or county contractor is prohibited from making campaign contributions. The law does not prohibit the officers or family members of the contractor from making contributions. Nor does the law prohibit state grantees from making campaign contributions even though these entities receive funds appropriated by the Legislature, similar to state or county contractors.

Your Committee has amended this measure by:

- (1) Amending the definition of "immediate family" under campaign finance laws to make it applicable to the provisions of this measure;
- (2) Prohibiting officers or immediate family members of any state or county contractor or grantee from making a contribution to any candidate or to any person for any political purpose or use;
- (3) Requiring each state and county agency to report to the Campaign Spending Commission the names of any state or county contractor or grantee and the names of the contractor's and grantee's officers and adult immediate family members;
- (4) Requiring the Campaign Spending Commission to periodically publish the names of the state and county contractors and grantees, and their officers and adult immediate family members, on its website, as reported by the state and county agencies;
- (5) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 371, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 371, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 823 Judiciary & Hawaiian Affairs on H.B. No. 372

The purpose of this measure is to prohibit state and county elected officials from soliciting and accepting campaign contributions during any regular session or special session of the Legislature, including extensions of any regular session or special session or any legislative recess day, holiday, or weekend.

Your Committee received testimony in support of this measure from the Campaign Spending Commission; Hawai'i Alliance for Progressive Action; and seven individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that this measure would promote a fairer electoral system by reducing the financial advantage of incumbents and ensuring that legislators prioritize their duties to constituents over fundraising.

Your Committee has amended this measure by narrowing the scope of the prohibition to only state legislators, rather than all state and county elected officials.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 372, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 372, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 10; Ayes with Reservations (Shimizu). Noes, none. Excused, 1 (Cochran).

SCRep. 824 Judiciary & Hawaiian Affairs on H.B. No. 389

The purpose of this measure is to increase the penalty for using an uncrewed aircraft in the furtherance of the commission of a felony.

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu and four individuals. Your Committee received testimony in opposition to this measure from the Office of the Public Defender.

Your Committee finds that the increasing accessibility and misuse of drones pose a growing public safety threat. However, your Committee further finds that, rather than increasing the penalty for using drones in the furtherance of the commission of a felony, clarity should be given to distinguish the use of drones to further the commission of a felony, which is currently a class C felony, and other similar offenses that have exactly the same elements but are considered a class A felony or class B felony.

Accordingly, your Committee has amended this measure by:

- (1) Deleting language that would have increased the penalty for using an uncrewed aircraft in the furtherance of the commission of a felony;
- (2) Clarifying the applicable felony offenses for using an uncrewed aircraft in the furtherance of the commission of a felony; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 389, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 389, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 825 Judiciary & Hawaiian Affairs on H.B. No. 980

The purpose of this measure is to amend the law authorizing the killing of mongoose by clarifying the circumstances under which mongoose may be killed and authorizing feral chickens to be killed under certain circumstances.

Your Committee received testimony in support of this measure from the Hawaii Self-Advocacy Advisory Council and one individual. Your Committee received testimony in opposition to this measure from Animal Rights Hawai'i; Hawaiian Humane Society; and five individuals. Your Committee received comments on this measure from the Department of Agriculture and Department of Customer Services of the City and County of Honolulu.

Your Committee finds that the growing population of feral chickens has become a significant nuisance in residential areas. Beyond being a public nuisance, feral chickens also present a serious health risk as potential carriers of H5N1 avian influenza, a highly contagious disease that threatens native bird species and public health. This measure addresses these concerns by allowing the humane removal of feral chickens from private property with landowner permission, helping to mitigate health risks.

Your Committee has amended this measure by:

- (1) Clarifying the authorized methods for killing feral chickens on private land; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 980, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 980, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 826 Judiciary & Hawaiian Affairs on H.B. No. 698

The purpose of this measure is to increase the category offense for various animal cruelty offenses.

Your Committee received testimony in support of this measure from the Green Party of Hawai'i; Hina's Legacy Rescue Foundation; Animal Rights Hawai'i; Fur-Angel Foundation; Hawaiian Humane Society; Omizu Architecture Inc.; Hawaii SPCA; and numerous individuals. Your Committee received testimony in opposition to this measure from the Office of the Public Defender and two individuals.

Your Committee finds that animal cruelty is a serious crime with strong links to violence against humans, particularly vulnerable groups such as children, intimate partners, and the elderly. Research indicates that many violent offenders have a history of abusing animals, and exposure to such cruelty during

childhood increases the likelihood of future abusive behavior. This measure enhances penalties for animal cruelty offenses to ensure harsher consequences for offenders and improve community safety.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 698, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 698, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, 1 (Perruso). Excused, 1 (Cochran).

SCRep. 827 Judiciary & Hawaiian Affairs on H.B. No. 392

The purpose of this measure is to:

- (1) Establish mandatory minimum sentencing for use of a ghost gun in the commission of a felony; and
- (2) Prohibit the manufacture, possession, sale, barter, trade, gift, transfer, or acquisition of ghost guns.

Your Committee received testimony in support of this measure from the Department of Law Enforcement; Department of the Prosecuting Attorney of the City and County of Honolulu; Giffords; and ten individuals. Your Committee received testimony in opposition to this measure from the National Rifle Association; Hawaii Rifle Association; and numerous individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that this measure will strengthen Hawaii's firearms laws and enhance public safety in the State.

Your Committee has amended this measure by:

- (1) Deleting the preamble;
- (2) Clarifying that the penalties for a subsequent conviction for a ghost gun felony offense are the same as the penalties for a second ghost gun felony offense; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 392, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 392, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, 1 (Shimizu). Excused, 2 (Hashem, Garcia).

SCRep. 828 Judiciary & Hawaiian Affairs on H.B. No. 893

The purpose of this measure is to:

- (1) Beginning July 8, 2024, prohibit:
 - (A) Persons from bringing or causing to be brought into the State assault rifles, assault shotguns, or .50 caliber rifles; and
 - (B) The sale or transfer of assault rifles, assault shotguns, or .50 caliber rifles in the State to anyone other than authorized individuals;
- (2) Amend the prohibition on certain assault weapons to include assault rifles, assault shotguns, and .50 caliber rifles, subject to certain limitations;
- (3) Expand the ban on high-capacity detachable magazines to include those magazines designed for or capable of use with any firearm; and
- (4) Create exceptions for the acquisition and possession of prohibited firearms and detachable magazines for members of law enforcement and the military.

Your Committee received testimony in support of this measure from a member of the Hawai'i County Council; Animal Rights Hawai'i; HCANSpeaks!; Church of the Crossroads; Hawai'i-American Nurses Association; Hawai'i Public Health Association; Gun Owners for Safety; Giffords; Brady; Vet Voice Foundation; Everytown for Gun Safety; Hawai'i Chapters of Moms Demand Action for Gun Sense in America; Students Demand Action for Gun Sense in America; League of Women Voters of Hawaii; Hawaii Coalition for Immigrant Rights; Hawai'i State Coalition Against Domestic Violence; and numerous individuals. Your Committee received testimony in opposition to this measure from the National Rifle Association in Hawaii; Hawaii Rifle Association; Red Letter Industries; Pu'uloa Rifle and Pistol Club; Hawaiian Islands Republican Women; Self Defense Solutions Hawaii; and numerous individuals.

Your Committee finds that this measure would strengthen Hawaii's firearms laws and promote public safety.

Your Committee has amended this measure by:

- (1) Deleting the preamble;
- (2) Changing the start date of the prohibition on assault rifles, assault shotguns, and .50 caliber rifles to July 8, 2025;
- (3) Amending the storage requirements for when an authorized person possesses an assault rifle, assault shotgun, or .50 caliber rifle while traveling to or from certain authorized locations;
- (4) Deleting language that would have created exceptions for the acquisition and possession of prohibited firearms and detachable magazines for members of law enforcement and the military, since existing law already provides an exception;
- (5) Inserting a severability clause; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 893, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 893, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, 1 (Shimizu). Excused, 1 (Garcia).

SCRep. 829 Judiciary & Hawaiian Affairs on H.B. No. 137

The purpose of this measure is to require that felons that are in violation of the prohibition against owning, possessing, or controlling a firearm or ammunition be sentenced to a mandatory prison term.

Your Committee received testimony in support of this measure from the Department of Law Enforcement; one member of the Kaua'i County Council; Hawai'i Police Department; Office of the Prosecuting Attorney of the County of Hawai'i; State of Hawaii Organization of Police Officers; and one individual. Your Committee received testimony in opposition to this measure from the Office of the Public Defender and two individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that although firearms offenses are often committed by convicted felons who are prohibited from owning, possessing, or controlling firearms or ammunition, these individuals frequently avoid penalties like prison sentences. This measure aims to reduce crime, enhance public safety, and ensure consistency in the sentencing of dangerous offenders.

Your Committee has amended this measure by specifying that the mandatory prison term be imposed on felons whose prior felony conviction is that of a crime of violence.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 137, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 137, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Cochran, Kahaloa, Garcia, Shimizu).

SCRep. 830 Finance on H.B. No. 202

The purpose of this measure is to amend the definition of "adequate reserve fund" to specify the multipliers used in the calculation of the adequate reserve fund for calendar years 2026 and thereafter.

Your Committee received comments on this measure from the Department of Labor and Industrial Relations and Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 202, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Lee, Morikawa, Alcos, Ward).

SCRep. 831 Finance on H.B. No. 477

The purpose of this measure is to:

- (1) Repeal the statutory requirement to post work availability online;
- (2) Amend eligibility qualifications for certain unemployment benefits;
- (3) Beginning April 1, 2027, permit electronic notification of determinations or redeterminations of unemployment claims; and
- (4) Remove language that limited an individual's ability to change a previously elected withholding status only once during a benefit year.

Your Committee received comments on this measure from the Department of Labor and Industrial Relations.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 477, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Lee, Morikawa, Alcos, Ward).

SCRep. 832 Finance on H.B. No. 1026

The purpose of this measure is to make emergency appropriations for collective bargaining cost items for the members of Bargaining Units (1), (2), (3), (4), (8), (9), (10), (13), and (14) and their excluded counterparts, including the cost of salary adjustments negotiated between the State and the bargaining unit representative for fiscal year 2024-2025.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; Hawaii Health Systems Corporation; United Public Workers, AFSCME Local 646, AFL-CIO; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO. Your Committee received testimony in opposition to this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1026, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Grandinetti, Keohokapu-Lee Loy, Alcos, Ward).

SCRep. 833 Finance on H.B. No. 1027

The purpose of this measure is to provide appropriations for collective bargaining cost items for the members of bargaining unit (1) and their excluded counterparts, including the cost of salary adjustments negotiated between the State and the bargaining unit representative for fiscal biennium 2025-2027.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; Hawaii Health Systems Corporation; and United Public Workers, AFSCME Local 646, AFL-CIO. Your Committee received testimony in opposition to this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1027, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Grandinetti, Keohokapu-Lee Loy, Alcos, Ward).

SCRep. 834 Finance on H.B. No. 1028

The purpose of this measure is to provide appropriations for collective bargaining cost items for the members of bargaining unit (2) and their excluded counterparts, including the cost of salary adjustments negotiated between the State and the bargaining unit representative for fiscal biennium 2025-2027.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; Hawaii Health Systems Corporation; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO. Your Committee received testimony in opposition to this measure from numerous individuals. Your Committee received comments on this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1028, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Grandinetti, Keohokapu-Lee Loy, Alcos, Ward).

SCRep. 835 Finance on H.B. No. 1029

The purpose of this measure is to provide appropriations for collective bargaining cost items for the members of bargaining unit (3) and their excluded counterparts, including the cost of salary adjustments negotiated between the State and the bargaining unit representative for fiscal biennium 2025-2027.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; Hawaii Health Systems Corporation; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO. Your Committee received testimony in opposition to this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1029, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Grandinetti, Keohokapu-Lee Loy, Alcos, Ward).

SCRep. 836 Finance on H.B. No. 1030

The purpose of this measure is to provide appropriations for collective bargaining cost items for the members of bargaining unit (4) and their excluded counterparts, including the cost of salary adjustments negotiated between the State and the bargaining unit representative for fiscal biennium 2025-2027.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; Hawaii Health Systems Corporation; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO. Your Committee received testimony in opposition to this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1030, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Grandinetti, Keohokapu-Lee Loy, Alcos, Ward).

SCRep. 837 Finance on H.B. No. 1031

The purpose of this measure is to provide appropriations for collective bargaining cost items for the members of bargaining unit (5) and their excluded counterparts, including the cost of salary adjustments negotiated between the State and the bargaining unit representative for fiscal biennium 2025-2027.

Your Committee received testimony in support of this measure from the Department of Budget and Finance and Hawai'i State Teachers Association. Your Committee received testimony in opposition to this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1031, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Grandinetti, Keohokapu-Lee Loy, Alcos, Ward).

SCRep. 838 Finance on H.B. No. 1032

The purpose of this measure is to provide appropriations for collective bargaining cost items for the members of bargaining unit (6) and their excluded counterparts, including the cost of salary adjustments negotiated between the State and the bargaining unit representative for fiscal biennium 2025-2027.

Your Committee received testimony in support of this measure from the Department of Budget and Finance and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO. Your Committee received testimony in opposition to this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1032, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Grandinetti, Keohokapu-Lee Loy, Alcos, Ward).

SCRep. 839 Finance on H.B. No. 1033

The purpose of this measure is to provide appropriations for collective bargaining cost items for the members of bargaining unit (7) and their excluded counterparts, including the cost of salary adjustments negotiated between the State and the bargaining unit representative for fiscal biennium 2025-2027.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; and University of Hawaii Professional Assembly. Your Committee received testimony in opposition to this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1033, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Grandinetti, Keohokapu-Lee Loy, Alcos, Ward).

SCRep. 840 Finance on H.B. No. 1034

The purpose of this measure is to provide appropriations for collective bargaining cost items for the members of bargaining unit (8) and their excluded counterparts, including the cost of salary adjustments negotiated between the State and the bargaining unit representative for fiscal biennium 2025-2027.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO. Your Committee received testimony in opposition to this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1034, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Grandinetti, Keohokapu-Lee Loy, Alcos, Ward).

SCRep. 841 Finance on H.B. No. 1035

The purpose of this measure is to provide appropriations for collective bargaining cost items for the members of bargaining unit (9) and their excluded counterparts, including the cost of salary adjustments negotiated between the State and the bargaining unit representative for fiscal biennium 2025-2027.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; Hawaii Health Systems Corporation; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1035, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Grandinetti, Keohokapu-Lee Loy, Alcos, Ward).

SCRep. 842 Finance on H.B. No. 1036

The purpose of this measure is to provide appropriations for collective bargaining cost items for the members of Bargaining Unit (10) and their excluded counterparts, including the cost of salary adjustments negotiated between the State and the bargaining unit representative for fiscal biennium 2025-2027.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; Hawaii Health Systems Corporation; and United Public Workers, AFSCME Local 646, AFL-CIO. Your Committee received testimony in opposition to this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1036, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Grandinetti, Keohokapu-Lee Loy, Alcos, Ward).

SCRep. 843 Finance on H.B. No. 1037

The purpose of this measure is to provide appropriations for collective bargaining cost items for the members of Bargaining Unit (11) and their excluded counterparts, including the cost of salary adjustments negotiated between the State and the bargaining unit representative for fiscal biennium 2025-2027.

Your Committee received testimony in support of this measure from the Department of Budget and Finance and Hawaii Fire Fighters Association, Local 1463, IAFF, AFL-CIO. Your Committee received testimony in opposition to this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1037, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Grandinetti, Keohokapu-Lee Loy, Alcos, Ward).

SCRep. 844 Finance on H.B. No. 1038

The purpose of this measure is to provide appropriations for collective bargaining cost items for the members of bargaining unit (13) and their excluded counterparts, including the cost of salary adjustments negotiated between the State and the bargaining unit representative for fiscal biennium 2025-2027.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; Hawaii Health Systems Corporation; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO. Your Committee received testimony in opposition to this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1038, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Grandinetti, Keohokapu-Lee Loy, Alcos, Ward).

SCRep. 845 Finance on H.B. No. 1039

The purpose of this measure is to provide appropriations for collective bargaining cost items for the members of bargaining unit (14) and their excluded counterparts, including the cost of salary adjustments negotiated between the State and the bargaining unit representative for fiscal biennium 2025-2027.

Your Committee received testimony in support of this measure from the Department of Budget and Finance and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO. Your Committee received testimony in opposition to this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1039, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Grandinetti, Keohokapu-Lee Loy, Alcos, Ward).

SCRep. 846 Finance on H.B. No. 88

The purpose of this measure is to establish and appropriate funds for a student athlete travel pilot program to provide funds for intra-county travel expenses for student athletes of counties with a population of less than five hundred thousand.

Your Committee received testimony in support of this measure from Molokai High School Athletics and two individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of the Attorney General and Department of Education.

Your Committee notes the concerns of the Department of the Attorney General in its written testimony on this measure, that any sports-related travel for student athletes must comply with applicable federal and state laws.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 88, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 847 Finance on H.B. No. 329

The purpose of this measure is to:

- (1) Clarify that the School Facilities Authority is responsible for projects related to:
 - (A) Certain facilities for prekindergarten, preschool, child care, and early learning programs;
 - (B) Workforce housing for educators and other education workers; and
 - (C) Any public school development, planning, and construction assigned by the Legislature, Governor, or Board of Education;
- (2) Allow the School Facilities Authority to use the Department of Education for certain recruitment and hiring responsibilities; and
- (3) Allow the School Facilities Authority to partner with public and private development agencies to develop prekindergarten facilities.

Your Committee received testimony in support of this measure from the School Facilities Authority; EPD Corp.; and one individual. Your Committee received comments on this measure from the Department of Education; Department of the Attorney General; and Hawai'i Children's Action Network Speaks!.

Your Committee notes the concerns from the Department of the Attorney General in its written testimony regarding:

- (1) The Department of Education's lack of jurisdiction over child care and early learning programs that are not on public school campuses;
- (2) Whether the School Facilities Authority is responsible for the repair and maintenance of prekindergarten and preschool programs on Department of Education or public charter school campuses; and
- (3) Whether workforce housing for educators and other education workers must be on public school property to qualify as a public school project.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 329, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 848 Finance on H.B. No. 624

The purpose of this measure is to establish the School Psychologists Working Group within the Department of Education to recommend actionable steps for or propose legislation on an immediate pathway to licensure for school psychologists that can be acted upon in 2026.

Your Committee received testimony in support of this measure from the Department of Education; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Hawai'i Association of School Psychologists; and five individuals. Your Committee received comments on this measure from the Board of Psychology; Hawai'i Psychological Association; and Hawai'i Primary Care Association.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 624, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 849 Finance on H.B. No. 429

The purpose of this measure is to appropriate funds for the Executive Office on Early Learning:

- (1) To hire teachers and teacher assistants; and
- (2) For equipment and services for public preschools.

Your Committee received testimony in support of this measure from the Lieutenant Governor; Early Learning Board; Executive Office on Early Learning; State Public Charter School Commission; Hawai'i Business Roundtable; Kamehameha Schools; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Hawai'i Children's Action Network Speaks!; Hawai'i State Teachers Association; Special Education Advisory Council; Chamber of Commerce Hawaii; and numerous individuals. Your Committee received comments on this measure from the Department of Human Services.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 429, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 850 Finance on H.B. No. 619

The purpose of this measure is to require the Board of Education to adopt and enact a policy by the 2026-2027 school year directing Department of Education public schools to incorporate financial literacy education in the school's curriculum.

Your Committee received testimony in support of this measure from the Hawai'i Youth Services Network; Hawaii Credit Union League; Hawaii Bankers Association; and three individuals. Your Committee received comments on this measure from the Board of Education.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 619, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Lee, Morikawa, Alcos, Ward).

SCRep. 851 Finance on H.B. No. 627

The purpose of this measure is to appropriate funds to the Department of Education for positions to implement and maintain school safety measures.

Your Committee received testimony in support of this measure from the Department of Law Enforcement; Department of Education; Hawai'i State Teachers Association; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and two individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 627, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 852 Finance on H.B. No. 637

The purpose of this measure is to support students with dyslexia and students with language and literacy challenges by:

- (1) Requiring public schools to administer Department of Education approved dyslexia sensitive universal screening as a part of the universal screening process;
- (2) Requiring public schools to implement evidence-based interventions, through the Hawaii multi-tiered system of supports, for students who are identified as having dyslexia and students who are flagged as having language and literacy challenges;
- (3) Requiring the Department of Education to provide professional development for teachers to increase the implementation of structured literacy instruction; and
- (4) Requiring the Department of Education to support pre-service teacher programs in training their general and special education teacher candidates in structured literacy instruction.

Your Committee received testimony in support of this measure from the Department of Education; Hawaii State Council on Developmental Disabilities; HawaiiKidsCAN; Hawai'i State Literacy Coalition; Early Childhood Action Strategy; Special Education Advisory Council; Environmental Caucus of the Democratic Party of Hawai'i; and three individuals. Your Committee received comments on this measure from the Department of Human Services.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 637, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 853 Finance on H.B. No. 763

The purpose of this measure is to:

- (1) Establish a Hawaii Civic Education Trust Fund for the educational benefit of students in the Hawaii public school system; and
- (2) Appropriate funds for the expansion of civic education in public schools.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Commission to Promote and Advance Civic Education; American Judicature Society; Democratic Party of Hawai'i Education Caucus; Young Democrats of Hawai'i; Hawai'i State Teachers Association; and seven individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Education.

Your Committee notes the concern that authorizing the Superintendent of Education to allocate Hawaii Civic Education Trust Fund monies for operations of the Department of Education may go beyond the scope of the title of this measure.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 763, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 854 Finance on H.B. No. 904

The purpose of this measure is to repeal the requirement for the Board of Education to annually report to the Legislature, Governor, and public on public charter schools.

Your Committee received testimony in support of this measure from the Board of Education and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 904, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 855 Finance on H.B. No. 962

The purpose of this measure is to require the Department of Education to establish and administer a two-year school librarian pilot program to provide financial support to Department of Education schools for the hiring of qualified librarians.

Your Committee received testimony in support of this measure from the Hawai'i State Public Library System; Hawai'i Library Association; Hawai'i State Teachers Association; and numerous individuals. Your Committee received comments on this measure from the Department of Education and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 962, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 856 Finance on H.B. No. 961

The purpose of this measure is to:

- (1) Establish a two-year pilot program for certified librarians to provide rotating support services to schools in one school complex on Oahu and one school complex on a neighbor island; and
- (2) Appropriate funds for the positions.

Your Committee received testimony in support of this measure from the Hawai'i State Public Library System; Hawai'i Library Association; Hawai'i State Teachers Association; and numerous individuals. Your Committee received comments on this measure from the Department of Education and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 961, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 857 Finance on H.B. No. 987

The purpose of this measure is to:

- (1) Establish the State Procurement Automation System Special Fund to receive transaction fees from the procurement automation system to pay for the system's administration, management, operation, maintenance, and upgrade; and
- (2) Add the School Facilities Authority Executive Director as a chief procurement officer.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services and State Procurement Office.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 987, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 858 Finance on H.B. No. 1065

The purpose of this measure is to require stipend funds repaid by a stipend recipient under the Hawaii Early Childhood Educator Stipend Program to be deposited into the Early Learning Special Fund.

Your Committee received testimony in support of this measure from the Early Learning Board; Executive Office on Early Learning; and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1065, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 859 Finance on H.B. No. 1234

The purpose of this measure is to:

- (1) Require the Department of Education to establish a standards-based Water Safety Education Pilot Program; and
- (2) Appropriate funds for the establishment of the standards-based Water Safety Education Pilot Program.

Your Committee received testimony in support of this measure from Keiki Injury Prevention Coalition; Waikiki Neighborhood Board; Hawaii Water Safety Coalition; Outrigger Duke Kahanamoku Foundation; Hawai'i Children's Action Network Speaks!; and four individuals. Your Committee received comments on this measure from the Department of Education; Department of Health; and Hawaiian Lifeguard Association.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1234, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 860 Finance on H.B. No. 529

The purpose of this measure is to authorize the Hawaii Housing Finance and Development Corporation to secure revenue bonds as a line of credit or other instrument of indebtedness for the Bond Volume Cap Recycling Program.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 529, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 4 (Grandinetti, Keohokapu-Lee Loy, Alcos, Ward).

SCRep. 861 Finance on H.B. No. 442

The purpose of this measure is to appropriate funds for various nursing programs for the University of Hawaii System.

Your Committee received testimony in support of this measure from the University of Hawai'i System; Hawai'i State Center for Nursing; Healthcare Association of Hawaii; Hilo Benioff Medical Center; Hawai'i Primary Care Association; Hawaii Association of Health Plans; AlohaCare; and two individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 442, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Lee, Morikawa, Alcos, Ward).

SCRep. 862 Finance on H.B. No. 1169

The purpose of this measure is to:

- (1) Establish the University of Hawaii Conference Center Revolving Fund to facilitate the administration of conference center programs among various campuses and operating units of the University of Hawaii System;
- (2) Repeal the Conference Center Revolving Fund for the University of Hawaii at Hilo and Community College Conference Center Revolving Fund and lapse all unencumbered funds to the University of Hawaii Conference Center Revolving Fund; and
- (3) Appropriate funds out of the University of Hawaii Conference Center Revolving Fund.

Your Committee received testimony in support of this measure from the University of Hawai'i System.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1169, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Lee, Morikawa, Alcos, Ward).

SCRep. 863 Finance on H.B. No. 133

The purpose of this measure is to appropriate funds to the Department of Education to support the establishment of surfing as an interscholastic sport.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Governor's Sports Task Force; one member of the Kaua'i County Council; Hāna High and Elementary School; HP Baldwin High School Surf Team; Leilehua High School Mules Surf Team; Spirit Tribe Xtreme; Hawaiian Lifeguard Association; Hawaii Water Safety Coalition; Outrigger Duke Kahanamoku Foundation; and numerous individuals. Your Committee received comments on this measure from the Department of Education and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 133, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 864 Finance on H.B. No. 307

The purpose of this measure is to authorize the issuance of special number plates to recognize restoration and preservation efforts on Kaho'olawe Island by the Protect Kaho'olawe 'Ohana, Kaho'olawe Island Reserve Commission, and other community members.

Your Committee received testimony in support of this measure from the Kaho'olawe Island Reserve Commission; Protect Kaho'olawe 'Ohana; Kua'āina Ulu 'Auamo; Sierra Club of Hawai'i; and numerous individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 307, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 865 Finance on H.B. No. 531

The purpose of this measure is to authorize the issuance of special number plates to recognize the University of Hawaii Cancer Center.

Your Committee received testimony in support of this measure from the University of Hawai'i System; American Cancer Society Cancer Action Network; Lou's Quality Home Health Care Services; and two individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 531, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 866 Finance on H.B. No. 1025

The purpose of this measure is to:

- (1) Designate the Center for Cultural and Technical Interchange Between East and West, Inc., as the State of Hawaii Center for Cultural and Technical Interchange Between East and West, Inc. (East-West Center);
- (2) Exempt general revenues of the State of Hawaii received by the East-West Center from the requirements of chapter 42F, Hawaii Revised Statutes; and
- (3) Establish criteria the East-West Center must meet to receive state funds.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; East-West Center; and East-West Center Employees Association, AFSCME Local 928, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1025, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 867 Finance on H.B. No. 427

The purpose of this measure is to:

- (1) Rename the Department of Agriculture to the "Department of Agriculture and Biosecurity";
- (2) Rename the Board of Agriculture to the "Board of Agriculture and Biosecurity";
- (3) Establish and appropriate funds for a Deputy Director of Biosecurity;
- (4) Change references to the plant and animal declaration form to the "biosecurity form";
- (5) Authorize and specify conditions under which the Department of Agriculture and Biosecurity may declare a biosecurity emergency, during which the Department and Governor may take certain actions to prevent the establishment or spread of pests and prohibited or restricted organisms;
- (6) Broaden the objectives and general actions of the Biosecurity Program; and
- (7) Appropriate funds for positions for the Department of Agriculture and Biosecurity.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Hawai'i Invasive Species Council; Larry Jeffs Farms, LLC; Hawai'i Farm Bureau; and two individuals. Your Committee received comments on this measure from the Department of Agriculture; one member of the Kaua'i County Council; and Coordinating Group on Alien Pest Species.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 427, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 868 Finance on H.B. No. 428

The purpose of this measure is to establish and appropriate funds for the Hawaii Farm to Families Program to fund food banks in the State to purchase, store, and transport fresh, Hawaii-grown or -produced food to food insecure communities.

Your Committee received testimony in support of this measure from the Department of Agriculture; one member of the Kaua'i County Council; Department of Research and Development of the County of Hawai'i; City and County of Honolulu Office of Economic Revitalization; Maui County Farm Bureau; Hawai'i Youth Food Council; Maui Food Bank; Women Organizing for Change in Agriculture and Natural Resource Management; Hawai'i Farm Bureau; 350Hawaii.org; The Food Basket Inc.; Hawai'i Island's Food Bank; Hawai'i Hunger Action Network; Hawaii Food Industry Association; Hawai'i Food+ Policy; Hawai'i Foodbank; Ulupono Initiative; Hawai'i Appleseed Center for Law & Economic Justice; Hawaii Cattlemen's Council; Hawai'i Farmers Union; Hawai'i Health & Harm Reduction Center; Young Brothers, LLC; Hawaiian Electric; Hawaii Crop Improvement Association; Hawai'i Alliance for Progressive Action; Hawai'i Pacific Health; Hawaii Fish Company Inc.; Hawai'i Public Health Institute; Kaiser Permanente Hawai'i; Kauai Climate Action Coalition; Hawai'i Children's Action Network Speaks!; Green Party of Hawai'i; Chamber of Commerce Hawaii; and numerous individuals. Your Committee received comments from this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 428, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 869 Finance on H.B. No. 496

The purpose of this measure is to:

- (1) Establish labeling requirements for māmakī tea, including by prohibiting the use of certain words on a consumer package unless one hundred percent of the tea or dried leaves were grown in the State; and
- (2) Appropriate funds for a Measurement Standards Inspector position.

Your Committee received testimony in support of this measure from the Department of Agriculture; Hawai'i Farm Bureau; Hawaii Cattlemen's Council; and two individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 496, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 870 Finance on H.B. No. 534

The purpose of this measure is to prohibit the sale of processed food items with raw ahi products as an ingredient at Hawaii retail establishments without a label stating the country in which the ahi was landed.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Chamber of Commerce Hawaii; Hawai'i Farm Bureau; Fishing Tales with Mike Sakamoto; Hawaii Longline Association; and four individuals. Your Committee received comments on this measure from the Department of Agriculture.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 534, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 871 Finance on H.B. No. 643

The purpose of this measure is to:

- (1) Establish short-term management initiatives for the Coconut Rhinoceros Beetle Response Program, including subsidies for canopy treatments for residential palm owners; and

(2) Appropriate funds to support the Program's activities and positions.

Your Committee received testimony in support of this measure from the Department of Agriculture; Hawai'i Invasive Species Council; Big Island Invasive Species Committee; Hawai'i Farm Bureau; Mālama Kaua'i; Coordinating Group on Alien Pest Species; and five individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources; University of Hawai'i System; one member of the Kaua'i County Council; Office of Economic Development of the County of Kaua'i; and National Tropical Botanical Garden.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 643, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 872 Finance on H.B. No. 773

The purpose of this measure is to appropriate funds for grant specialist positions within the Department of Agriculture to assist farmers and ranchers in applying for, obtaining, and fulfilling the requirements of grants offered by the United States Department of Agriculture, State, counties, or private entities.

Your Committee received testimony in support of this measure from the Department of Agriculture; Hawai'i Farm Bureau; Hawaii Food Industry Association; Local Food Coalition; Ulupono Initiative; Hawai'i Food+ Policy; and three individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 773, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 873 Finance on H.B. No. 774

The purpose of this measure is to establish the Food and Product Innovation Network within the Agribusiness Development Corporation.

Your Committee received testimony in support of this measure from the Department of Agriculture; Office of Hawaiian Affairs; Department of Business, Economic Development, and Tourism; Agribusiness Development Corporation; Hawai'i Farm Bureau; Hawaii Food Industry Association; Local Food Coalition; Hawaii Fish Company Inc.; Ulupono Initiative; Maui Chamber of Commerce; Chamber of Commerce Hawaii; and one individual. As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 774, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 874 Finance on H.B. No. 782

The purpose of this measure is to establish and appropriate funds for a working group within the Department of Agriculture to review and make recommendations on amending or repealing unnecessary or obsolete laws pertaining to agriculture.

Your Committee received testimony in support of this measure from the Land Use Research Foundation of Hawaii; Ahiki Acres, LLC; Hawai'i Farm Bureau; East O'ahu County Farm Bureau; Hawaii Fish Company Inc.; Maui County Farm Bureau; Chamber of Commerce Hawaii; and five individuals. Your Committee received comments on this measure from the Department of Agriculture.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 782, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 875 Finance on H.B. No. 858

The purpose of this measure is to:

- (1) Require the Department of Agriculture to revitalize and enhance the Agricultural Statistics Program to collect data on local agricultural interests; and
- (2) Appropriate funds.

Your Committee received testimony in support of this measure from the Department of Agriculture; Department of Research and Development of the County of Hawai'i; Hawai'i Farm Bureau; Ulupono Initiative; Hawaii Cattlemen's Council; Hawai'i Food+ Policy; Hawaii Floriculture and Nursery Association; and one individual. Your Committee received comments on this measure from the Office of Information Practices and University of Hawai'i System.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 858, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 876 Finance on H.B. No. 1185

The purpose of this measure is to establish, and appropriate funds for, a Plant-Based Building Materials Working Group within the University of Hawaii at Manoa College of Tropical Agriculture and Human Resilience to study and report on how best to grow plants and develop plant-based building materials in Hawaii.

Your Committee received testimony in support of this measure from 350Hawaii.org; Hawai'i Farm Bureau; Hawaii Environmental Change Agents' Building Decarbonization and Carbon Sequestration Task Force; Hawai'i Reef and Ocean Coalition; and eight individuals. Your Committee received comments on this measure from the Department of Agriculture and University of Hawai'i System.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1185, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 877 Finance on H.B. No. 1237

The purpose of this measure is to appropriate funds to the Department of Agriculture for agricultural biosecurity and the prevention, detection, and control of invasive species in Maui County.

Your Committee received testimony in support of this measure from the Hawai'i Invasive Species Council; Hawai'i Farm Bureau; ALAOLU OHANA; Coordinating Group on Alien Pest Species; Maui Chamber of Commerce; and numerous individuals. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the Department of Agriculture; Maui Invasive Species Committee; and five individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1237, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 878 Finance on H.B. No. 1497

The purpose of this measure is to:

- (1) Require and appropriate funds for the Department of Agriculture to develop an online reporting tool to document applications of restricted use pesticides; and
- (2) Appropriate funds to convert temporary Environmental Health Specialist III positions into permanent positions.

Your Committee received testimony in support of this measure from the Department of Agriculture; Hawai'i Farm Bureau; and Hawai'i Reef and Ocean Coalition. Your Committee received comments on this measure from the Hawaii Crop Improvement Association.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1497, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 879 Finance on H.B. No. 242

The purpose of this measure is to:

- (1) Establish a working group within the Hawaii State Energy Office to examine how to maximize the recycling and reuse of electric vehicle batteries and recommend electric vehicle battery management practices; and
- (2) Require the working group to submit a report to the Legislature prior to the Regular Session of 2027.

Your Committee received testimony in support of this measure from the Sierra Club of Hawai'i; Climate Protectors Hawai'i; Coalition Earth; Hawaii Electric Vehicle Association; Climate Future Forum; Servco Pacific Inc.; Alliance for Automotive Innovation; and Redwood Materials. Your Committee received comments on this measure from the Department of Health; Hawai'i State Energy Office; Department of Environmental Management of the County of Hawai'i; Radius Recycling; and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 242, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 880 Finance on H.B. No. 344

The purpose of this measure is to:

- (1) Beginning July 1, 2026, require the design of all new state building construction where parking is to be included to have at least twenty-five percent of parking stalls be electric vehicle charger-ready;
- (2) Require the Hawaii State Energy Office to conduct a survey and identify certain high-priority state facilities that include parking that can be retrofitted to include electric vehicle charging infrastructure and report to the Legislature;
- (3) Establish a goal of the State to retrofit state facilities to be electric vehicle charger-ready; and
- (4) Appropriate funds to the Hawaii State Energy Office to conduct a cost assessment and perform or contract for the installation of retrofits and electric vehicle charging systems at high-priority state facilities.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services; Department of Transportation; Climate Protectors Hawai'i; Coalition Earth; 350Hawaii.org; Hawaii Electric Vehicle Association; Climate Future Forum; Hawaiian Electric; Ulupono Initiative; Alliance for Automotive Innovation; Environmental Caucus of the Democratic Party of Hawai'i; and three individuals. Your Committee received comments on this measure from the Hawai'i Climate Change Mitigation & Adaptation Commission; Hawai'i State Energy Office; Disability and Communication Access Board; and Oahu Metropolitan Planning Organization.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 344, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 881 Finance on H.B. No. 734

The purpose of this measure is to require and appropriate funds for the Department of Health, in consultation with various agencies and professionals, to review rules and practices and propose changes that have the potential to make wastewater systems and cesspool upgrades more affordable without compromising water quality.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands; Office of the Mayor of the County of Hawai'i; The Nature Conservancy, Hawai'i and Palmyra; WAI: Wastewater Alternatives & Innovations; Hawai'i Reef and Ocean Coalition; Environmental Caucus of the Democratic Party of Hawai'i; Public Access to SunScreens Coalition; Coral Reef Alliance; and numerous individuals. Your Committee received comments on this measure from the Department of Health.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 734, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 882 Finance on H.B. No. 735

The purpose of this measure is to allow an individual wastewater system to serve up to five bedrooms, regardless of the number of dwellings, dwelling units, or accessory units, whether the dwellings, dwelling units, or accessory units are attached or detached, with certain exclusions.

Your Committee received testimony in support of this measure from the Office of the Mayor of the County of Hawai'i; one member of the Kaua'i County Council; Kaua'i County Housing Agency; Hanalei Initiative; and Grassroot Institute of Hawaii. Your Committee received comments on this measure from the Department of Health.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 735, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 883 Finance on H.B. No. 736

The purpose of this measure is to establish and appropriate funds for a three-year New Wastewater System Technology Testing Pilot Program within the University of Hawaii Water Resources Research Center.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands; Office of the Mayor of the County of Hawai'i; Hawai'i Climate Change and Health Working Group; WAI: Wastewater Alternatives & Innovations; The Nature Conservancy, Hawai'i and Palmyra; Hawai'i Reef and Ocean Coalition; Environmental Caucus of the Democratic Party of Hawai'i; Public Access to SunScreens Coalition; Coral Reef Alliance; and numerous individuals. Your Committee received comments on this measure from the Department of Health; University of Hawai'i Water Resources Research Center; and Hawai'i Climate Change Mitigation and Adaptation Commission.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 736, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 884 Finance on H.B. No. 749

The purpose of this measure is to:

- (1) Establish a Cesspool Conversion Section within the Department of Health's Wastewater Branch that is dedicated to facilitating the conversion of cesspools within the State; and
- (2) Establish and appropriate funds for positions within the Cesspool Conversion Section.

Your Committee received testimony in support of this measure from the University of Hawai'i Sea Grant College Program; Office of the Mayor of the County of Hawai'i; Hawai'i Association of REALTORS; WAI: Wastewater Alternatives & Innovations; The Nature Conservancy, Hawai'i and Palmyra; Hawai'i Reef and Ocean Coalition; Surfrider Foundation, Hawai'i Region; Hawai'i Ocean Legislative Task Force; Public Access to SunScreens Coalition; Coral Reef Alliance; Environmental Caucus of the Democratic Party of Hawai'i; and numerous individuals. Your Committee received comments on this measure from the Department of Health and Hawai'i Climate Change Mitigation and Adaptation Commission.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 749, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 885 Finance on H.B. No. 750

The purpose of this measure is to:

- (1) Clarify the authorized uses of the Deposit Beverage Container Deposit Special Fund to include evaluating and promoting recyclable market development activities;
- (2) Require and appropriate funds for the Department of Health to conduct a statewide needs assessment and establish an advisory council with relevant stakeholders to determine what would be needed to transition to a more circular system with less waste generation and more reuse, and the necessary infrastructure to sort and locally process recyclable materials through an extended producer responsibility program for packaging materials and paper products; and
- (3) Require the Department of Health to hold a public hearing on the draft needs assessment and submit the needs assessment to the Legislature by December 31, 2028.

Your Committee received testimony in support of this measure from Just Zero; Hawai'i Reef and Ocean Coalition; Climate Protectors Hawai'i; Hawai'i Climate Change and Health Working Group; Recycle Hawaii; Chamber of Commerce Hawaii; and numerous individuals. Your Committee received comments

on this measure from the Department of Health; Hawai'i Climate Change Mitigation and Adaptation Commission; one member of the Kaua'i County Council; and Hawaii Food Industry Association.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 750, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 886 Finance on H.B. No. 974

The purpose of this measure is to:

- (1) Require the Department of Budget and Finance to enter into step-in agreements for payment obligations arising under certain power purchase agreements;
- (2) Establish the Power Purchase Costs Trust Fund;
- (3) Require revenues collected from on-bill charges associated with covered power purchase agreements and revenues from a surcharge supporting a reserve account to be held in trust by the State, and require independent power producers to hold a beneficial interest in the revenues to the extent of the amounts owed under the covered power purchase agreements; and
- (4) Permit the Department of Budget and Finance to contract with an electric utility to serve as an agent of the Department for the purposes of billing, collection, and management in the service of performing step-in agreements.

Your Committee received testimony in support of this measure from the Public Utilities Commission; County of Kaua'i; Longroad Energy; Plus Power; Hawai'i Regional Council of Carpenters; Ameresco; Ulupono Initiative; Hawai'i Executive Collaborative; Bowers + Kubota; Chaminade University; Zephyr Insurance; Hua Nani Partners; Blue Planet Foundation; and one individual. Your Committee received comments on this measure from the Department of Budget and Finance; Department of Commerce and Consumer Affairs; Department of the Attorney General; Hawaiian Electric; Clearway Energy Group LLC; AES Hawai'i; and General Contractors Association of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 974, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 887 Finance on H.B. No. 977

The purpose of this measure is to:

- (1) Authorize the Clean Energy and Energy Efficiency Revolving Loan Fund to be used to provide financial assistance to underserved ratepayers, in addition to other eligible borrowers; and
- (2) Appropriate funds into and out of the Clean Energy and Energy Efficiency Revolving Loan Fund.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs; Hawaii Green Infrastructure Authority; Climate Protectors Hawaii; Coalition Earth; 350Hawaii.org; PV Tech; Northshore Holdings Group Inc.; Revolusun Smart Home; Holu Hou Energy; Inter-Island Solar Supply; and six individuals. Your Committee received comments on this measure from the Hawai'i Climate Change Mitigation and Adaptation Commission; Public Utilities Commission; and Hawai'i Energy.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 977, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 888 Finance on H.B. No. 879

The purpose of this measure is to:

- (1) Increase the maximum grant amount for the Cesspool Compliance Pilot Grant Project; and
- (2) Appropriate funds for the Cesspool Compliance Pilot Grant Project.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands; City and County of Honolulu Office of Climate Change, Sustainability and Resiliency; Hawai'i Association of REALTORS; WAI: Wastewater Alternatives & Innovations; Hawai'i Reef and Ocean Coalition; Public Access to SunScreens Coalition; Coral Reef Alliance; The Nature Conservancy, Hawai'i and Palmyra; Environmental Caucus of the Democratic Party of Hawai'i; and numerous individuals. Your Committee received comments on this measure from the Department of Health.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 879, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 889 Finance on H.B. No. 1017

The purpose of this measure is to repeal the Greenhouse Gas Sequestration Task Force.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; and Office of Planning and Sustainable Development.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1017, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 890 Finance on H.B. No. 1020

The purpose of this measure is to:

- (1) Require the Hawaii State Energy Office, in collaboration with the Hawaii Groundwater and Geothermal Resources Center at the University of Hawaii and Director of Business, Economic Development, and Tourism, to implement a Carbon Sequestration and Underground Water Resource Characterization Program and conduct an environmental assessment;
- (2) Require the Hawaii State Energy Office to submit a progress report to the Legislature prior to the Regular Session of 2028; and
- (3) Appropriate funds for the program, including a staff position.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Hawai'i State Energy Office; Ulupono Initiative; and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1020, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 891 Finance on H.B. No. 1307

The purpose of this measure is to provide follow-up funding for the next steps in the investigation, exploration, and identification of geothermal resources on Hawaiian home lands.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands; Hawaiian Electric; Sustainable Energy Hawai'i; Ulupono Initiative; Hawai'i Island Chamber of Commerce; Japanese Chamber of Commerce & Industry of Hawaii; and eight individuals. Your Committee received testimony in opposition to this measure from five individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1307, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, 1 (Reyes Oda). Excused, 2 (Alcos, Ward).

SCRep. 892 Judiciary & Hawaiian Affairs on H.B. No. 1098

The purpose of this measure is to:

- (1) Specify that intentionally or knowingly causing bodily injury to a protective services worker who is engaged in the performance of the worker's duties is a class C felony; and
- (2) Clarify that a protective services worker is a public servant for the purposes of terroristic threatening in the first degree.

Your Committee received testimony in support of this measure from the Department of Human Services; Honolulu Police Department; Department of the Prosecuting Attorney for the City and County of Honolulu; and one individual.

Your Committee finds that the role protective services workers play in safeguarding children and vulnerable adults from abuse and neglect is vital. However, these workers frequently encounter threats, harassment, and even physical violence, which can compromise their safety and ability to perform their duties effectively. By strengthening the legal protections for protective services personnel against violence, this measure ensures that critical protective services remain effective and accessible across the State.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1098, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 893 Judiciary & Hawaiian Affairs on H.B. No. 979

The purpose of this measure is to:

- (1) Require that a current general excise tax license number for any rental income be filed with the complaint to the court for summary possession proceedings; and
- (2) Require the Judiciary to submit an annual list of certain information regarding summary possession cases to the Department of Taxation.

Your Committee received testimony in support of this measure from the Hawai'i Appleseed Center for Law & Economic Justice. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Judiciary; Department of Taxation; and Tax Foundation of Hawaii.

Your Committee finds that some landlords currently rent properties without proper registration, avoiding tax obligations while still utilizing the legal system to evict tenants. This measure seeks to close that loophole by requiring landlords to present a valid general excise tax license before initiating summary possession proceedings for unpaid rent, preventing landlords from taking advantage of state resources while failing to meet their own financial responsibilities.

Your Committee recommends this measure be effective on July 1, 2026, to provide time for the Department of Taxation to implement the requirements of this measure.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 979, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Garcia). Noes, none. Excused, 1 (Cochran).

SCRep. 894 Judiciary & Hawaiian Affairs on H.B. No. 1482

The purpose of this measure is to, for purposes of the Hemp Processors Law, amend the definitions of "artificially derived cannabis" and "cannabis" to include all forms of cannabinoids classified as schedule I under the Uniform Controlled Substances Act, and explicitly exclude synthetic cannabinoids and artificially derived cannabinoids from the definition of "manufactured hemp product."

Your Committee received testimony in support of this measure from the Department of Health; Honolulu Police Department; Cure Oahu; Noa Botanicals; and one individual.

Your Committee finds that delta-8-tetrahydrocannabinol and other synthetic cannabinoids may be artificially synthesized from hemp-derived compounds. These synthetic cannabinoids have a high degree of danger or probable danger. This measure makes it explicit that these synthetic cannabinoids are prohibited from being included in manufactured hemp products.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1482, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Cochran, Kahaloa, Garcia, Shimizu).

SCRep. 895 Judiciary & Hawaiian Affairs on H.B. No. 1291

The purpose of this measure is to extend the offense of false labeling of Hawaii-grown coffee to include roasted coffee.

Your Committee received testimony in support of this measure from the Department of Agriculture; one member of the Hawai'i County Council; Hawai'i Farm Bureau; Hawaii Coffee Growers Association; Synergistic Hawai'i Agriculture Council; Heavenly Hawaiian Farms; Kona Coffee Farmers Association; Hawaii Coffee Association; and two individuals.

Your Committee finds that Hawaii-grown coffee is recognized for its high quality and aromatic flavor and is held to a set of quality standards, making it one of the most expensive coffees in the world. Hawaii's coffee industry is a vital economic driver for the State, generating millions of dollars annually in agricultural value. To protect this lucrative industry, the Legislature enacted Act 211, Session Laws of Hawaii 2023, which requires all coffee products carrying a Hawaii geographical reference to disclose the location where the coffee was grown and indicate the percentage by weight of locally grown coffee and coffee grown elsewhere. However, your Committee notes that existing law is focused on green, or unroasted, coffee, creating a loophole that allows mislabeling of roasted coffee containing little or no genuine Hawaii-grown beans. This measure addresses this loophole and strengthens consumer protections by ensuring that roasted coffee labeled as Hawaii-grown truly originates from Hawaii farms.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1291, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 896 Judiciary & Hawaiian Affairs on H.B. No. 1259

The purpose of this measure is to specify that an engineering study is not required to be considered when reducing the maximum speed limit within ten miles per hour of the existing speed limit for that road.

Your Committee received testimony in support of this measure from the Department of Transportation; Oahu Metropolitan Planning Organization; and two individuals.

Your Committee finds that from 2023 to 2024, traffic fatalities in Hawaii increased by ten percent. Your Committee further finds that over half of all respondents to the 2024 annual behavioral study conducted by the Department of Transportation reported exceeding the posted speed limit by ten to twenty miles per hour and nearly one quarter reported exceeding the posted speed limit by more than twenty miles per hour. Granting the Department of Transportation the flexibility to lower maximum speed limits within ten miles per hour of the existing speed limit without first conducting a study, as proposed by this measure, will help the State achieve its goal of reducing traffic related deaths and serious injuries to zero by 2045.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1259, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 897 Judiciary & Hawaiian Affairs on H.B. No. 860

The purpose of this measure is to provide immunity to the State and counties for injuries sustained due to the repair or maintenance of streets undertaken by the State or a county in cases in which the ownership or jurisdiction of such streets is in dispute between the State and a county.

Your Committee received testimony in support of this measure from the Department of Transportation; one member of the Maui County Council; one member of the Hawai'i County Council; and two individuals. Your Committee received testimony in opposition to this measure from the Hawaii Association for Justice and two individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that roads with unresolved ownership or jurisdictional dispute often fall into disrepair, creating significant challenges to public safety, infrastructure maintenance, and government accountability. Your Committee further finds that in order to ensure appropriate and necessary maintenance measures can be undertaken, there is a need to clarify that a State or county performing necessary repairs maintenance on roads with disputed ownership does not convey ownership of these roads to the State or county.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 860, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Perruso, Garcia). Noes, 1 (Belatti). Excused, 1 (Cochran).

SCRep. 898 Judiciary & Hawaiian Affairs on H.B. No. 1069

The purpose of this measure is to add two voting members that represent the Department of Education and Board of Education to the School Facilities Board.

Your Committee received testimony in support of this measure from the Board of Education and Department of Education. Your Committee received comments on this measure from the School Facilities Authority.

Your Committee finds that while the School Facilities Authority is responsible for overseeing the development and construction of public school facilities throughout Hawaii, the Department of Education plays a crucial role in ensuring that these projects align with the needs of students, educators, and school operations. Additionally, the Board of Education provides policy oversight for the Department. This measure enhances coordination by adding two voting members, one from the Department of Education and one from the Board of Education, to the School Facilities Authority Board, fostering stronger collaboration, accountability, and alignment between school facilities planning and the State's broader educational priorities.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1069, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Garcia). Noes, none. Excused, 2 (Cochran, Todd).

SCRep. 899 Consumer Protection & Commerce on H.B. No. 1370

The purpose of this measure is to amend the definition of draft beer, for purposes of the Liquor Tax Law, to mean beer in an individual container of five gallons or more.

Your Committee received testimony in support of this measure from the Maui Brewing Co.; Hana Koa Brewing Co.; Kauai Beer Company; Lanikai Brewing Company; Honolulu Beerworks; Kaua'i Island Brewing Company, LLC; Napali Brewing Company; Howzit Brewing; Brewers Association; Ola Brew Co.; Big Island Brewhaus; and two individuals. Your Committee received comments on this measure from the Department of Taxation.

Your Committee finds that the classification of draft beer under the Liquor Tax Law is inconsistent with the existing industry practice. The common container sizes for draught beer are 15.5-gallon kegs, 13.2-gallon kegs, and 5.16-gallon kegs. In the 1990s, 7.75-gallon kegs were popular but have since dwindled in popularity. Now, businesses prefer to either have the bigger size or smaller size, not the intermediate option.

Your Committee further finds that most restaurants and bars in the State have limited space and typically order individual container sizes of 5.16-gallon kegs. Many establishments can only accommodate the smaller kegs, including Waikiki hotel bars and pool bars. This measure amends the definition of draft beer under the Liquor Tax Law to conform with industry practices, which will promote compliance, reduce administrative burdens, and foster industry growth among local brewers, distillers, and small producers.

Your Committee notes the request by the Department of Taxation to have this measure take effect January 1, 2026, to provide sufficient time for the Department to make form instruction changes and provide notice to taxpayers.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1370, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Ilagan, Lowen, Pierick).

SCRep. 900 Consumer Protection & Commerce on H.B. No. 1051

The purpose of this measure is to:

- (1) Establish an additional energy-efficiency portfolio standard of six thousand gigawatt hours of electricity use reductions statewide by 2045;
- (2) Authorize the Public Utilities Commission to establish interim goals for 2035 and 2045 and adjust the 2030 and 2045 standards and interim standards; and
- (3) Require the interim goals to show clear progress toward meeting the statutory 2030 and 2045 energy-efficiency portfolio standards.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs; Hawai'i State Energy Office; Hawai'i Climate Change Mitigation and Adaptation Commission; Hawai'i Green Infrastructure Authority; Public Utilities Commission; Office of Economic Development of the County of Kauai; Office of Climate Change, Sustainability and Resiliency of the City and County of Honolulu; Uluopono Initiative; Inter-Island Solar Supply; Coalition Earth; Buildings and Sequestration Task Force of the Hawai'i Environmental Change Agents; 350Hawaii.org; Hawai'i Energy; Hawaii Solar Energy Association; Hawaiian Electric; Climate Protectors Hawai'i; Kauai Climate Action Coalition; Hawai'i Executive Collaborative; Bowers + Kubota; Chaminade University; Zephyr Insurance; Huanani Partners; Blue Planet Foundation; and one individual.

Your Committee finds that the energy-efficiency portfolio standards have been a successful policy for the State, serving as a critical component in support of the State's clean energy and decarbonization goals. Since the standards were established, they have generated many successful energy-saving programs for Hawaii residents and businesses. According to the most recent Market Potential Study (2020), the State is on track to meet and exceed the established 2030 target of four thousand three hundred gigawatt hours of energy savings. This measure challenges the State to further exceed the goal by establishing a new long-term goal of six thousand gigawatt hours by 2045.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1051, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Kong). Noes, 1 (Pierick). Excused, none.

SCRep. 901 Finance on H.B. No. 139

The purpose of this measure is to require insurers, mutual benefit societies, and health maintenance organizations to provide coverage for standard fertility preservation services for persons undergoing medically necessary treatment that may cause iatrogenic infertility, for policies, contracts, plans, and agreements issued or renewed after December 31, 2025.

Your Committee received testimony in support of this measure from the Hawaii Society of Clinical Oncology; Association for Clinical Oncology; FORCE: Facing Our Risk of Cancer Empowered; Leukemia & Lymphoma Society; Advanced Reproductive Medicine & Gynecology of Hawaii, Inc.; Fertility Institute of Hawaii; Hawaii Association of Health Plans; American Cancer Society Cancer Action Network; Oncology Nursing Society; Alliance for Fertility Preservation; Hawaii Medical Service Association; and five individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs; Department of the Attorney General; and Office of the Auditor.

Your Committee notes the concerns of the Department of the Attorney General in its written testimony regarding the following potential issues: possible delegation of legislative authority; impairment of existing contracts; and whether the State is required to defray the cost of mandated coverage. Your Committee respectfully requests your Committees on Health and Consumer Protection & Commerce to address these concerns, should the measure progress through the legislative process.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 139, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Holt, Lee, Alcos, Ward).

SCRep. 902 Finance on H.B. No. 250

The purpose of this measure is to:

- (1) Examine prior authorization practices in the State by requiring utilization review entities to report certain data to the State Health Planning and Development Agency;
- (2) Establish timelines for the approval of prior authorization requests to reduce delays for urgent and non-urgent health care services; and
- (3) Establish the Health Care Appropriateness and Necessity Working Group to make recommendations to improve and expedite the prior authorization process.

Your Committee received testimony in support of this measure from 'Ahahui o nā Kauka. Your Committee received testimony in opposition to this measure from the Hawaii Medical Service Association. Your Committee received comments on this measure from the Department of Health; Employer-Union Health Benefits Trust Fund Board of Trustees; Hawaii Association of Health Plans; Hawaii Medical Association; and American College of Obstetricians and Gynecologists, Hawai'i Section.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 250, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Holt, Lee, Alcos, Ward).

SCRep. 903 Finance on H.B. No. 303

The purpose of this measure is to amend the Healthcare Preceptor Income Tax Credit by expanding the types of providers who are eligible to receive tax credits for acting as preceptors and adding the Director of Health and residency programs with eligible students to the Preceptor Credit Assurance Committee.

Your Committee received testimony in support of this measure from the Department of Health; University of Hawai'i System; Hawaii Health Systems Corporation Corporate Board of Directors; Hawai'i State Center for Nursing; Healthcare Association of Hawaii; Hawai'i Academy of Physician Assistants; Hawai'i Pacific Health; Hawaii Primary Care Association; Kaiser Permanente Hawai'i; The Queen's Health Systems; Hawaii State Chiropractic Association; Hawai'i-American Nurses Association; Hawaii Medical Association; and one individual. Your Committee received comments on this measure from the Department of Taxation; Tax Foundation of Hawaii; Hawaii Pharmacists Association; and numerous individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 303, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Holt, Lee, Alcos, Ward).

SCRep. 904 Finance on H.B. No. 341

The purpose of this measure is to authorize the issuance of special purpose revenue bonds to assist the Hawai'i Island Community Health Center in financing the purchase or lease of land on the island of Hawaii to develop primary care health care facilities.

Your Committee received testimony in support of this measure from the Hawai'i Island Community Health Center; Hawai'i Primary Care Association; and AlohaCare. Your Committee received comments on this measure from the Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 341, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Holt, Lee, Alcos, Ward).

SCRep. 905 Finance on H.B. No. 441

The purpose of this measure is to increase the cigarette tax beginning July 1, 2025, and allocate the increase in the cigarette tax revenues into certain special funds.

Your Committee received testimony in support of this measure from the Department of Health; University of Hawai'i Cancer Center; Hawaii Substance Abuse Coalition; Hawai'i Pacific Health; The Queen's Health Systems; Hawaii Medical Association; and nine individuals. Your Committee received testimony in opposition to this measure from Kainehe Market; Kilani Market; Bionic Petroleum; China Town Liquor; Cigar Association of America, Inc.; Marukin Market; Retail Merchants of Hawaii; Discount Smoke Shop Hawaii; KCL Aloha Pacific Inc.; No. 1 Store; S&K Wholesale; Wawa Village Market; Young's Wine and Spirit; Hawaii Smokers Alliance; and four individuals. Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 908 Finance on H.B. No. 1391

The purpose of this measure is to establish the Hawaii-Ireland Trade Commission within the Department of Business, Economic Development, and Tourism.

Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism. Your Committee received testimony in opposition to this measure from eleven individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1391, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 909 Finance on H.B. No. 159

The purpose of this measure is to clarify that the civil service exemption for personal service contracts with qualified community rehabilitation programs for certain maintenance services shall not cost more than \$850,000 in the aggregate per private person or entity, regardless of the number of contracts or qualified community rehabilitation programs utilized for the personal service.

Your Committee received testimony in support of this measure from the United Public Workers, AFSCME Local 646, AFL-CIO; Hawaii State AFL-CIO; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 159, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Lee, Morikawa, Alcos, Ward).

SCRep. 910 Finance on H.B. No. 164

The purpose of this measure is to:

- (1) Require disbursing officers to notify employees within sixty days of determining that an indebtedness has occurred as a result of salary or wage overpayment; and
- (2) Change the amount that a disbursing officer may deduct from an employee's salary, wage, or compensation based on the employee's gross income.

Your Committee received testimony in support of this measure from the United Public Workers, AFSCME Local 646, AFL-CIO; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO. Your Committee received comments on this measure from the Department of Accounting and General Services and Hawai'i State Public Library System.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 164, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Lee, Morikawa, Alcos, Ward).

SCRep. 911 Finance on H.B. No. 480

The purpose of this measure is to streamline the approval process for functional capacity exams to ensure automatic approval of such exams when requested by the attending physician for an injured employee under certain conditions.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations; Department of Human Resources Development; and Hawaii Insurers Council.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 480, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Lee, Morikawa, Alcos, Ward).

SCRep. 912 Finance on H.B. No. 989

The purpose of this measure is to:

- (1) Update the requirements for plans filed with the Registrar's Office;
- (2) Require the filing fees to be set pursuant to rules adopted by the Department of Accounting and General Services; and
- (3) Authorize the Department of Accounting and General Services to approve the format of plans and drawing scales.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 989, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Lee, Morikawa, Alcos, Ward).

SCRep. 913 Finance on H.B. No. 1152

The purpose of this measure is to permanently exempt the following positions from civil service:

- (1) The Software Developer Supervisor in the Department of Taxation; and
- (2) The Data Privacy Officer and Tax Business Analysts in the Office of the Director of Taxation.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1152, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Lee, Morikawa, Alcos, Ward).

SCRep. 914 Finance on H.B. No. 1424

The purpose of this measure is to prohibit the transfer of funds appropriated for the purposes of filling vacancies to operating expenses.

Your Committee received testimony in support of this measure from the Grassroot Institute of Hawaii. As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1424, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Lee, Morikawa, Alcos, Ward).

SCRep. 915 Finance on H.B. No. 542

The purpose of this measure is to expand and appropriate funds for the Hawaii Promise Program to provide scholarships for the unmet needs of qualified students at any four-year University of Hawaii campus who meet certain criteria.

Your Committee received testimony in support of this measure from the University of Hawai'i System; University of Hawai'i Student Caucus; and University of Hawaii Professional Assembly.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 542, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Lee, Morikawa, Alcos, Ward).

SCRep. 916 Finance on H.B. No. 546

The purpose of this measure is to establish and appropriate funds for the Aloha Intelligence Institute within the University of Hawaii.

Your Committee received testimony in support of this measure from the University of Hawai'i System and University of Hawaii Professional Assembly.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 546, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Lee, Morikawa, Alcos, Ward).

SCRep. 917 Finance on H.B. No. 718

The purpose of this measure is to appropriate funds to the University of Hawaii John A. Burns School of Medicine for:

- (1) Faculty positions in the fields of cardiovascular biology, tropical medicine, and quantitative health biostatistics; and
- (2) An environmental health and safety officer staff position.

Your Committee received testimony in support of this measure from the University of Hawai'i System; Hawai'i Primary Care Association; and University of Hawaii Professional Assembly.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 718, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Lee, Morikawa, Alcos, Ward).

SCRep. 918 Finance on H.B. No. 1170

The purpose of this measure is to require the University of Hawaii to grant the resident tuition fee for enrollment at any University of Hawaii campus to individuals who have graduated from a Hawaii high school and are enrolling in an undergraduate degree program, under certain conditions.

Your Committee received testimony in support of this measure from the University of Hawai'i System; Department of Education; University of Hawai'i Student Caucus; and Hawai'i P-20 Partnerships for Education.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1170, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Lee, Morikawa, Alcos, Ward).

SCRep. 919 Finance on H.B. No. 1320

The purpose of this measure is to:

- (1) Require the University of Hawaii System to collect, analyze, and publicly report certain data on graduate outcomes; and
- (2) Require and appropriate funds for the development and maintenance of a graduate outcomes dashboard, including the establishment of two full-time equivalent (2.0 FTE) positions with the University of Hawaii System's Office of the Vice President for Academic Strategy to support the development and maintenance of the graduate outcomes dashboard.

Your Committee received testimony in support of this measure from the University of Hawai'i System.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1320, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Lee, Morikawa, Alcos, Ward).

SCRep. 920 Finance on H.B. No. 1345

The purpose of this measure is to require the Board of Regents to grant a waiver on all tuition and mandatory fees for a resident student enrolled in a four-year college campus of the University of Hawaii System with an education program or that offers an education degree for the semester or term during which the student chooses to complete the student teaching requirement necessary to earn a degree in education.

Your Committee received testimony in support of this measure from the Department of Education; Office of Hawaiian Affairs; and Hawai'i State Teachers Association. Your Committee received comments on this measure from the University of Hawai'i System and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1345, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Lee, Morikawa, Alcos, Ward).

SCRep. 921 Finance on H.B. No. 1164

The purpose of this measure is to restore the Highway Revenue Bond authorization for the Department of Transportation for highway capital improvement projects authorized in Act 164, Session Laws of Hawaii 2023, as amended by Act 230, Session Laws of Hawaii 2024.

Your Committee received testimony in support of this measure from the Department of Transportation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1164, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Lee, Alcos, Ward).

SCRep. 922 Finance on H.B. No. 1166

The purpose of this measure is to appropriate funds out of the State Highway Fund for deposit into and expenditure out of the Automated Speed Enforcement Systems Program Special Fund for the establishment and maintenance of the Automated Speed Enforcement Systems Program.

Your Committee received testimony in support of this measure from the Department of Transportation and Oahu Metropolitan Planning Organization. Your Committee received comments on this measure from the Judiciary.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1166, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Lee, Alcos, Ward).

SCRep. 923 Finance on H.B. No. 1167

The purpose of this measure is to make an emergency appropriation out of the State Highway Fund to the Department of Transportation to enforce the Motor Carrier Law.

Your Committee received testimony in support of this measure from the Department of Transportation and Hawaii Transportation Association.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1167, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Lee, Alcos, Ward).

SCRep. 924 Finance on H.B. No. 1231

The purpose of this measure is to:

- (1) Authorize a certain percentage of fines collected for disregarding a steady red signal pursuant to a photo red light imaging detector system installed in a school zone to be deposited into the Safe Routes to School Program Special Fund;
- (2) Authorize the State to prioritize the installation of photo red light imaging detector systems in school zones if the State establishes a photo red light imaging detector system; and
- (3) Require the Department of Transportation to consult with the Department of Education in determining which school zones to install a photo red light imaging system.

Your Committee received testimony in support of this measure from the Oahu Metropolitan Planning Organization; Ulupono Initiative; Hawai'i Bicycling League; Hawai'i Appleseed Center for Law & Economic Justice; and four individuals. Your Committee received comments on this measure from the Judiciary and Department of Transportation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1231, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Lee, Alcos, Ward).

SCRep. 925 Finance on H.B. No. 1260

The purpose of this measure is to:

- (1) Require a county with a population of two hundred fifty thousand or less, in collaboration with the Department of Transportation, to establish a Summer Streets Pilot Program that closes vehicular traffic and repurposes roads for pedestrian and cyclist use, outdoor events, and other community-driven activities;
- (2) Require a participating county to submit an initial proposal to the Director of Transportation; and
- (3) Appropriate funds for the Summer Streets Pilot Program.

Your Committee received testimony in support of this measure from the Department of Transportation; Department of Health; Keiki Injury Prevention Coalition; and one individual. Your Committee received comments on this measure from the Hawai'i Public Health Institute; Hawai'i Appleseed Center for Law & Economic Justice; Hawai'i Bicycling League; and three individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1260, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Lee, Alcos, Ward).

SCRep. 926 Finance on H.B. No. 177

The purpose of this measure is to make the issuance or renewal of a civil identification card free of charge.

Your Committee received testimony in support of this measure from the Waianae Coast Comprehensive Health Center and nine individuals. Your Committee received testimony in opposition to this measure from the Department of Transportation and the Department of Customer Services of the City and County of Honolulu. Your Committee received comments on this measure from the Department of the Attorney General.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 177, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Lee, Alcos, Ward).

SCRep. 927 Finance on H.B. No. 228

The purpose of this measure is to:

- (1) Authorize the counties to adopt rules for the use of electronic license plates;
- (2) Prohibit the use of license plate flipping devices; and
- (3) Prohibit intentionally obscuring a license plate with a cover or shield.

Your Committee received testimony in support of this measure from the Department of Transportation; Hawaii Transportation Association; and three individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Customer Services of the City and County of Honolulu.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 228, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Lee, Alcos, Ward).

SCRep. 928 Finance on H.B. No. 235

The purpose of this measure is to require the Department of Transportation to expand the use of photo red light imaging detector systems and automated speed enforcement systems to locations on the North Shore of Oahu.

Your Committee received testimony in support of this measure from the Oahu Metropolitan Planning Organization. Your Committee received comments on this measure from the Judiciary and Department of Transportation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 235, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, none. Excused, 3 (Lee, Alcos, Ward).

SCRep. 929 Finance on H.B. No. 667

The purpose of this measure is to require:

- (1) The Department of Transportation or appropriate county department when disposing of a deceased cat or dog from a public roadway to scan the animal for a microchip, record certain information, and report that information to the appropriate county animal services or animal service contractors; and
- (2) A county agency assisting with the disposal of a deceased cat or dog found on a public roadway under the jurisdiction of the State to collaborate with the Department of Transportation in utilizing the Department's microchip scanners.

Your Committee received testimony in support of this measure from the Department of Transportation; Hawaiian Humane Society; and three individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 667, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, none. Excused, 3 (Lee, Alcos, Ward).

SCRep. 930 Finance on H.B. No. 697

The purpose of this measure is to:

- (1) Allow authorized employees of the Department of Transportation and Department of Law Enforcement, in addition to county police departments, to perform certain actions in reviewing recorded images produced by automated speed enforcement systems; and
- (2) Appropriate funds to the Department of Transportation to establish and implement the Automated Speed Enforcement Systems Program.

Your Committee received testimony in support of this measure from the Department of Transportation and Oahu Metropolitan Planning Organization. Your Committee received testimony in opposition to this measure from three individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 697, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, none. Excused, 3 (Lee, Alcos, Ward).

SCRep. 931 Finance on H.B. No. 939

The purpose of this measure is to establish a liquor tax rate for low alcohol by volume spirits beverages.

Your Committee received testimony in support of this measure from the Kauai Beer Company; Johnson Brothers of Hawaii, Inc.; and Kōloa Rum Co. Your Committee received testimony in opposition to this measure from the Beer Institute and Wine Institute. Your Committee received comments on this measure from the Department of Taxation; Maui Brewing Co.; Big Island Brewhaus; and Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 939, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, none. Excused, 3 (Lee, Alcos, Ward).

SCRep. 932 Finance on H.B. No. 958

The purpose of this measure is to:

- (1) Require all electric bicycles to be operated only with all wheels on the ground at all times, with certain exceptions;
- (2) Prohibit certain actions while operating an electric bicycle;
- (3) Prohibit the operation of high-speed electric devices in certain locations;
- (4) Require manufacturers and distributors to apply a label to electric bicycles;
- (5) Require distributors to place a sign at or near the point of sale regarding the minimum age to operate class 3 electric bicycles;
- (6) Define "electric bicycle" in place of "low-speed electric bicycle" and divide electric bicycles into three classes;
- (7) Define "electric micro mobility device" and apply the same regulations for electric foot scooters to electric micro mobility devices;
- (8) Prohibit a person under the age of sixteen from operating a class 3 bicycle;
- (9) Prohibit a person from riding a class 3 electric bicycle on a sidewalk;
- (10) Authorize a person to ride a class 1 or class 2 electric bicycle on a sidewalk at a speed not exceeding ten miles per hour;
- (11) Prohibit a person from operating a bicycle or electric foot scooter under the age of eighteen without a helmet;
- (12) Repeal the requirement that moped drivers use bicycle lanes; and
- (13) Substitute the word "motor drive cycle" with the word "motor scooter".

Your Committee received testimony in support of this measure from the Department of Transportation; Department of Transportation Services of the City and County of Honolulu; Keiki Injury Prevention Coalition; Ulupono Initiative; and three individuals. Your Committee received comments on this measure from the Honolulu Police Department; Hawai'i Bicycling League; Get Fit Kauai; and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 958, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, none. Excused, 3 (Lee, Alcos, Ward).

SCRep. 933 Finance on H.B. No. 1156

The purpose of this measure is to increase the total principal amount of special facility revenue bonds that may be issued by the Department of Transportation for harbor improvements.

Your Committee received testimony in support of this measure from the Department of Transportation; Aukahi Energy; and Hawai'i Harbors Users Group.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1156, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Lee, Alcos, Ward).

SCRep. 934 Finance on H.B. No. 1161

The purpose of this measure is to:

- (1) Beginning July 1, 2028, authorize a county to impose a mileage-based road usage charge for electric vehicles and plug-in hybrid electric vehicles;
- (2) Repeal the requirement for the Department of Transportation to establish county subaccounts within the State Highway Fund;
- (3) Clarify the disposition of funds for the state mileage-based road usage charge;
- (4) Beginning July 1, 2026, extend the state mileage-based road-usage charge to plug-in hybrid electric vehicles;
- (5) Clarify the rate and calculation of the state mileage-based road usage charge;
- (6) Specify that rental motor vehicle companies may visibly pass on the costs of the mileage-based road usage charges to the consumer; and
- (7) Appropriate funds for the State Mileage-based Road Usage Charge Program and continued implementation of the state mileage-based road user charge.

Your Committee received testimony in support of this measure from the Hawai'i State Energy Office; one member of the Kaua'i County Council; two members of the Maui County Council; and Department of Customer Services of the City and County of Honolulu. Your Committee received comments on this measure from the Department of Transportation; Office of the Mayor of the County of Kaua'i; Office of the Mayor of the County of Maui; one member of the Hawai'i County Council; Hawaii Electric Vehicle Association; Alliance for Automotive Innovation; Oahu Metropolitan Planning Organization; Ulupono Initiative; Avis Budget Group; Enterprise Mobility; Servco Pacific Inc.; Tax Foundation of Hawaii; Hertz Corporation; and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1161, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (Reyes Oda). Noes, none. Excused, 3 (Lee, Alcos, Ward).

SCRep. 935 Finance on H.B. No. 1052

The purpose of this measure is to provide clear authorization and guidance for the Public Utilities Commission to implement and manage, through the Universal Service Program, the provision of essential telecommunications services for individuals with print disabilities.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs; Department of Human Services; Hawai'i State Council on Developmental Disabilities; Public Utilities Commission; and National Federation of the Blind of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1052, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Lee, Alcos, Ward).

SCRep. 936 Finance on H.B. No. 862

The purpose of this measure is to authorize the use of motorcoaches, small buses, and vans for school bus services, under certain conditions.

Your Committee received testimony in support of this measure from the Department of Transportation; State Council on Developmental Disabilities; Hawai'i State Teachers Association; Hawai'i Children's Action Network Speaks!; and two individuals. Your Committee received comments on this measure from the Department of Education.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 862, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 937 Finance on H.B. No. 1088

The purpose of this measure is to exempt housing developed by the Department of Hawaiian Home Lands from school impact fees.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands and School Facilities Authority. Your Committee received testimony in opposition to this measure from the Center for Hawaiian Sovereignty Studies. Your Committee received comments on this measure from the Department of Education and Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1088, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 938 Finance on H.B. No. 422

The purpose of this measure is to:

- (1) Repeal School Impact Fees; and

- (2) Abolish and transfer unencumbered balances of the School Impact Fee subaccounts and certain Fair Share Contribution accounts to the School Facilities Special Fund.

SCRep. 969 Finance on H.B. No. 900

The purpose of this measure is to:

- (1) Establish within the Judiciary a working group for legal services for youth in the child welfare system; and
- (2) Appropriate funds for the working group.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Department of Human Services; Office of Wellness and Resilience; Hawaii Coalition for Child Protective Reform; Hawai'i Youth Services Network; National Center for Youth Law; Epic 'Ohana; HI H.O.P.E.S. Initiative; Hawai'i Children's Action Network Speaks!; Mālama 'Ohana Working Group; and two individuals. Your Committee received comments on this measure from the Judiciary.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 900, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 970 Finance on H.B. No. 1079

The purpose of this measure is to direct and appropriate funds for the Office of Wellness and Resilience to collaborate with the Department of Human Services to, either directly or by contract, design, administer, and implement a program for trauma-informed organizational assessments and a training curriculum for the Department of Human Services Child Welfare Services Branch staff.

Your Committee received testimony in support of this measure from the Department of Human Services; Office of Wellness and Resilience; State Council on Mental Health; Hawaii Substance Abuse Coalition; Hawaii Coalition for Child Protective Reform; Hawai'i Youth Services Network; Early Childhood Action Strategy; Hawai'i Primary Care Association; Hawai'i Children's Action Network Speaks!; and three individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1079, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 971 Finance on H.B. No. 1099

The purpose of this measure is to make an emergency appropriation for fiscal year 2024-2025 to the Department of Human Services to support the necessary modifications to the ongoing development of a new eligibility system.

Your Committee received testimony in support of this measure from the Department of Human Services; Catholic Charities Hawai'i; Hawai'i Primary Care Association; and Hawai'i Farmers Union. Your Committee received comments on this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1099, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 972 Finance on H.B. No. 1349

The purpose of this measure is to appropriate funds to the Department of Human Services to authorize Medicaid coverage through the Children's Health Insurance Program to income-qualified pregnant persons and children regardless of immigration status.

Your Committee received testimony in support of this measure from one member of the Hawai'i County Council; Indivisible Hawai'i Healthcare Team; Ka Ohana O Na Pua; Save Medicaid Hawaii; Hawai'i Friends of Civil Rights; AlohaCare; Hawai'i Coalition for Immigrant Rights; Hawai'i Women Lawyers; and numerous individuals. Your Committee received testimony in opposition to this measure from numerous individuals. Your Committee received comments on this measure from the Department of Human Services and The Legal Clinic.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1349, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Reyes Oda). Noes, 1 (Alcos). Excused, 1 (Ward).

SCRep. 973 Finance on H.B. No. 1382

The purpose of this measure is to appropriate funds for the Department of Human Services to contract with a non-profit specializing in domestic violence to provide training and staff to be housed on-site in Child Welfare Services Branch offices to support all aspects of screening for and addressing domestic violence within a case.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Hawaii Coalition for Child Protective Reform; Hawai'i Youth Services Network; and one individual. Your Committee received comments on this measure from the Department of Human Services and Mālama 'Ohana Working Group.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1382, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 974 Finance on H.B. No. 1477

The purpose of this measure is to clarify that the monthly needs allowance afforded to individuals living in certain long-term care facilities is not intended to replace or affect funds received as a state supplemental payment for domiciliary care and shall be supplemental to any funds provided to a recipient as a state supplemental payment for domiciliary care.

Your Committee received testimony in support of this measure from the State Council on Developmental Disabilities; Easterseals Hawaii; ILWU Local 1000 Home Health Care Operators; Sebastian's Arch LLC; and one individual. Your Committee received comments on this measure from the Department of Human Services.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1477, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 975 Finance on H.B. No. 1007

The purpose of this measure is to:

- (1) Authorize the Hawaii Community Development Authority to cooperate with or assist public and private sector entities to engage in projects that improve the State;
- (2) Establish the transit-oriented development infrastructure improvement program under the Hawaii Community Development Authority; and
- (3) Repeal the transit-oriented development infrastructure improvement district and board.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Hawai'i Community Development Authority; Office of Planning and Sustainable Development; Oahu Metropolitan Planning Organization; and Hawai'i Construction Alliance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1007, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 976 Finance on H.B. No. 1144

The purpose of this measure is to allow the Department of Land and Natural Resources to employ non-civil service professional and technical staff in its State Historic Preservation Division.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs and Department of Land and Natural Resources. Your Committee received testimony in opposition to this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1144, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 977 Finance on H.B. No. 1220

The purpose of this measure is to appropriate funds to support efforts of the Division of Aquatic Resources of the Department of Land and Natural Resources in the removal of majano anemone from Kaneohe Bay.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Department of Agriculture; Hawai'i Invasive Species Council; Coordinating Group on Alien Pest Species; Hawai'i Reef and Ocean Coalition; Mālama Learning Center; and four individuals. Your Committee received comments on this measure from the Windward Coalition.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1220, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 978 Finance on H.B. No. 1316

The purpose of this measure is to:

- (1) Beginning 1/1/2026, require rental vessels to be registered and numbered with the Department of Land and Natural Resources before being rented or leased, or offered for rent or lease, by the public for transiting the navigable waters of a state park; and
- (2) Require registration fees to be deposited into the State Parks Special Fund.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Outfitters Kauai Ltd; Wailua Kayak Adventures; and two individuals. Your Committee received comments on this measure from Kayak Kauai.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1316, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 979 Finance on H.B. No. 1359

The purpose of this measure is to address flooding in residential areas by requiring the Board of Land and Natural Resources to establish a grant program to improve drainage systems, support mitigation measures, and provide resources for counties, local communities, and homeowners.

Your Committee received comments on this measure from the Department of Land and Natural Resources.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1359, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 980 Finance on H.B. No. 1001

The purpose of this measure is to establish, and appropriate funds to, the Maui Wildfires Settlement Trust Fund to pay eligible claims pursuant to the Maui wildfires settlement agreements.

Your Committee received testimony in support of this measure from one member of the Maui County Council. Your Committee received comments on this measure from the Department of the Attorney General and Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1001, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Kusch, Reyes Oda, Ward).

SCRep. 981 Finance on H.B. No. 1045

The purpose of this measure is to make emergency appropriations for fiscal year 2024-2025 to the Department of Accounting and General Services and the Judiciary for personnel costs, including payroll and fringe benefits, of affected Department of Law Enforcement personnel.

Your Committee received testimony in support of this measure from the Judiciary; Department of Law Enforcement; and Department of Accounting and General Services. Your Committee received comments on this measure from the Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1045, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Kusch, Reyes Oda, Ward).

SCRep. 982 Finance on H.B. No. 1174

The purpose of this measure is to:

- (1) Allow for the interest earned on payments under protest in the litigated claims fund to be paid in nontaxation cases if the claimant prevails; and
- (2) Establish a procedure for the disposition of monies and refiling of actions when a payment under protest suit is filed prematurely.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1174, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Kusch, Reyes Oda, Ward).

SCRep. 983 Finance on H.B. No. 1483

The purpose of this measure is to:

- (1) Establish an adjudication system and procedures to process fireworks infractions;
- (2) Amend and establish various definitions and penalties for fireworks offenses, including establishing heightened penalties under certain circumstances;
- (3) Establish various criminal offenses and penalties related to fireworks or articles pyrotechnics; and
- (4) Appropriate funds to the Judiciary to implement this measure.

Your Committee received testimony in support of this measure from the Department of Law Enforcement; Honolulu Police Department; Hawaiian Humane Society; and four individuals. Your Committee received testimony in opposition to this measure from the Office of the Public Defender; Libertarian Party of Hawaii; and two individuals. Your Committee received comments on this measure from the Department of the Attorney General; Phantom Fireworks; TNT Fireworks; and Hawaii Explosives & Pyrotechnics, Inc.

Your Committee notes the suggested amendments from the Department of the Attorney General in its written testimony to clarify that those holding fireworks permits or licenses may continue to use their permits or licenses and to clarify which law enforcement officers may be designated as administrative inspectors. Your Committee further notes the concerns of the Office of the Public Defender regarding the concurrent trial provision in this measure and the office's assertion that it is the lack of enforcement, rather than the lack or severity of penalties, that has resulted in the low number of charges brought under existing fireworks control laws.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1483, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Kusch, Reyes Oda, Ward).

SCRep. 984 Finance on H.B. No. 437

The purpose of this measure is to require and appropriate funds for the Department of Business, Economic Development, and Tourism to establish an out-of-state office in the Philippines.

Your Committee received testimony in support of this measure from the Oahu Filipino Community Council; Hawai'i Friends of Civil Rights; Filipino Chamber of Commerce of Hawaii; and two individuals. Your Committee received testimony in opposition to this measure from eleven individuals. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 437, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 985 Finance on H.B. No. 455

The purpose of this measure is to:

- (1) Establish the Hawaii Start-Up Business Loan Program to encourage entrepreneurship, economic diversification, and resilience; and
- (2) Appropriate funds for the Hawaii Start-Up Business Loan Program and a Business Loan Officer position.

Your Committee received testimony in support of this measure from Holomua Collaborative; Mana Up; Hawai'i Community Foundation; aio; HPM Building Supply; Title Guaranty of Hawai'i; Chamber of Commerce Hawaii; Maui Chamber of Commerce; and Hawaii Food Industry Association. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism; Department of Budget and Finance; Department of the Attorney General; and Tax Foundation of Hawaii.

Your Committee notes the concerns raised in testimony by the Department of the Attorney General regarding whether the establishment of the Hawaii Start-Up Business Loan Program Special Fund satisfies the criteria for the establishment and continuation of special funds under section 37-52.3, Hawaii Revised Statutes.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 455, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 986 Finance on H.B. No. 796

The purpose of this measure is to require income tax credits established or renewed after December 31, 2025, to include a five-year sunset or a gradual reduction over a three-year period, beginning with the sixth year of the credit.

Your Committee received testimony in opposition to this measure from the Honolulu Film Office of the City and County of Honolulu; Catholic Charities Hawai'i; Hawai'i Children's Action Network Speaks!; SAG-AFTRA Hawaii Local; Democratic Party of Hawai'i Education Caucus; Coalition Earth; IATSE Local 665; Democratic Party of Hawai'i Labor Caucus; Pride at Work – Hawai'i; Hawai'i Ironworkers Stabilization Fund; and numerous individuals. Your Committee received comments on this measure from the Department of Taxation; Department of Business, Economic Development, and Tourism; Tax Foundation of Hawaii; and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 796, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Grandinetti, Hussey, Reyes Oda). Noes, 1 (Alcos). Excused, 1 (Ward).

SCRep. 987 Finance on H.B. No. 934

The purpose of this measure is to:

- (1) Transfer the Hawaii Broadband and Digital Equity Office from the Department of Business, Economic Development, and Tourism to the Office of Enterprise Technology Services in the Department of Accounting and General Services;
- (2) Establish the Broadband and Digital Equity Special Fund; and
- (3) Appropriate funds into and out of the Broadband and Digital Equity Special Fund for the purposes of the fund.

Your Committee received testimony in support of this measure from the Lieutenant Governor; University of Hawai'i System; and Hawai'i State Council on Developmental Disabilities. Your Committee received comments on this measure from the Department of Budget and Finance; Department of Business, Economic Development, and Tourism; Office of Enterprise Technology Services; Hawaiian Telecom; and two individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 934, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 988 Finance on H.B. No. 1405

The purpose of this measure is to:

- (1) Establish specific deadlines within the facilitated application process to obtain a permit;
- (2) Require the Department of Business, Economic Development, and Tourism to establish certain resources and processes to help streamline permit applications; and
- (3) Establish and appropriate funds for certain positions within the Department of Business, Economic Development, and Tourism.

Your Committee received testimony in support of this measure from the Hawaii Operating Engineers Industry Stabilization Fund Political Action Committee; Hawai'i Association of REALTORS; Hawaiian Telcom; Chamber of Commerce Hawaii; Grassroot Institute of Hawaii; and Hawaii Food Industry Association. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committee notes the concerns of the Department of Business, Economic Development, and Tourism in its written testimony that significant amendments regarding structure and resources are necessary to successfully implement this measure.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1405, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 989 Finance on H.B. No. 1406

The purpose of this measure is to establish and appropriate funds for the Intergovernmental Task Force for Permit Simplification to identify actions taken, challenges encountered, and legislative measures necessary to facilitate, expedite, and coordinate state and intergovernmental development permit processes.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Hawaii Housing Finance and Development Corporation; Public Utilities Commission; Hawai'i Association of REALTORS; Hawaiian Telcom; Chamber of Commerce Hawaii; and Hawaii Food Industry Association.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1406, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 990 Finance on H.B. No. 381

The purpose of this measure is to increase the procurement thresholds for small purchases.

Your Committee received testimony in support of this measure from the Department of Corrections and Rehabilitation; Department of Transportation; Office of the Mayor of the City and County of Honolulu; and Honolulu Police Department. Your Committee received testimony in opposition to this measure from the State Procurement Office.

Your Committee finds that the existing small purchase dollar thresholds have not been adjusted since 1997, despite significant inflation and rising costs of goods, services, and construction. This measure ensures that state agencies can maintain their intended purchasing power while preserving efficiency and competition in the procurement process.

Your Committee has amended this measure by:

- (1) Changing the procurement thresholds for small purchases to unspecified amounts; and
- (2) Changing the effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 381, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 381, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 991 Finance on H.B. No. 988

The purpose of this measure is to:

- (1) Prohibit a procurement officer from disclosing a competing offeror's proposal or evaluation scores, except the summary of scores, during a debriefing requested by a non-selected offeror; and
- (2) Authorize the disclosure of a competing offeror's proposal or evaluation scores after a protest is resolved and the contract is executed.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services; Department of Transportation; and State Procurement Office. Your Committee received comments on this measure from the General Contractors Association of Hawaii.

Your Committee finds that the purpose of a debriefing is to explain a purchasing agency's overall ranking of all proposals and provide a summary of the rationale for any awards. Public disclosure of competing proposals that contain confidential information prior to final contract execution could foreseeably give an unfair competitive advantage to other offerors. Your Committee further finds that this measure provides clear guidance to purchasing agencies regarding what cannot be disclosed at a debriefing, in order to maintain integrity, confidentiality, and fairness during the procurement process.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 988, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 988, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 992 Finance on H.B. No. 1155

The purpose of this measure is to exempt from the Hawaii Public Procurement Code contracts by government bodies to procure construction projects for which procurement by competitive means is either not practicable or not advantageous to the State.

Your Committee received testimony in support of this measure from the Department of Transportation and State Procurement Office. Your Committee received testimony in opposition to this measure from the International Brotherhood of Electrical Workers Local 1260 and Subcontractors Association of Hawaii.

Your Committee finds that challenges often arise in the procurement process for construction projects. For example, there may be situations when it is not practicable or advantageous to procure construction using the usual methods or criteria in the Hawaii Public Procurement Code. This measure therefore allows for innovative procurement methods that take into consideration the complexities involved in government procurement for construction. Your Committee further finds that this measure offers a balanced solution that provides for increased efficiency and enhanced adaptability while also maintaining accountability in furtherance of the public interest.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1155, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1155, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (Alcos). Noes, none. Excused, 1 (Ward).

SCRep. 993 Finance on H.B. No. 1173

The purpose of this measure is to require the Department of Taxation to:

- (1) State the assessment date on certificates of tax liens; and
- (2) Issue certificates of discharge when the tax liability on which a lien is based has been satisfied or has become unenforceable by lapse of time.

Your Committee received testimony in support of this measure from two individuals. Your Committee received comments on this measure from the Department of Taxation; Tax Foundation of Hawaii; and Hawaii Association of Public Accountants.

Your Committee finds that Act 166, Session Laws of Hawaii 2009, created a fifteen-year statute of limitations on certain collection actions on tax assessments, specifically by prohibiting a levy or proceeding in court under chapter 231, Hawaii Revised Statutes, to collect tax if the levy or proceeding is initiated after the fifteen-year period. By requiring the inclusion of the tax liability assessment date on tax lien certificates and requiring the Department of Taxation to issue a certificate of discharge for satisfied or unenforceable liabilities, this measure would, among other things, inform taxpayers of how much time they have to pay off the liability and may better align state tax collection practices with federal practices.

Your Committee further finds that certain sections of state law relating to income tax, general excise tax, transient accommodations tax, use tax, fuel tax, conveyance tax, rental motor vehicle and tour vehicle surcharge tax, and insurance tax contain provisions that may suspend or extend the fifteen-year statute of limitations on collection after assessment. Your Committee believes that this measure should be clarified to require the Department of Taxation to issue certificates of discharge for liabilities that have been satisfied or have become unenforceable under those sections.

Accordingly, your Committee has amended this measure by:

- (1) Clarifying the applicable taxes that are subject to the fifteen-year statute of limitations imposed by Act 166, Session Laws of Hawaii 2009;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1173, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1173, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Grandinetti, Keohokapu-Lee Loy, Alcos, Ward).

SCRep. 994 Finance on H.B. No. 1297

The purpose of this measure is to amend the Procurement Code by:

- (1) Setting a time limit for submitting bid protests;
- (2) Making the seventy-five day limit for a written decision on a protest apply to any contract awarded by competitive sealed bid or competitive sealed proposal;
- (3) Capping the protest bond amount; and
- (4) Repealing the requirement that the administrative hearing office find that an appeal is frivolous or in bad faith before the protest bond is forfeited to the State by the non-prevailing party.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services. Your Committee received testimony in opposition to this measure from the General Contractors Association of Hawaii. Your Committee received comments on this measure from the Department of Transportation and State Procurement Office.

Your Committee finds that procurement bid challenges often result in project delays, lapsing of funds, and project cost increases. Protests frequently involve complex issues, and the strict statutory deadlines may cause government agencies to rush to resolve protests, which may cause errors. Your Committee further finds that clarification to the existing procurement protest procedures is therefore needed to ensure timely resolution of disputes. Accordingly, this measure establishes a clear timeframe for resolving protests and introduces a monetary cap on protest bond amounts, which will promote fairness while also discouraging frivolous claims.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to encourage further discussion.

Your Committee notes the suggested amendments by the State Procurement Office and Department of Transportation, which request a bond cap amount of \$1,000,000 and \$1,500,000 respectively.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1297, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1297, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 995 Finance on H.B. No. 1414

The purpose of this measure is to authorize the head of a procurement agency to award a contract to a bidder who is not the lowest responsible and responsive bidder, for procurements conducted by competitive sealed bidding, if the head of the procuring agency determines that the award is most beneficial to taxpayers or otherwise in the best interests of the State.

Your Committee received testimony in support of this measure from three individuals. Your Committee received testimony in opposition to this measure from the Department of Accounting and General Services; State Procurement Office; Department of Budget and Fiscal Services, City and County of Honolulu; and General Contractors Association of Hawaii.

Your Committee finds that the existing procurement process prioritizes awarding contracts to the lowest responsible and responsive bidder, but may not always serve the best interests of the State. This measure provides greater flexibility by allowing the purchasing agency, with proper approval, to award contracts based on overall benefit to taxpayers while maintaining transparency and fiscal responsibility.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1414, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1414, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 996 Finance on H.B. No. 794

The purpose of this measure is to authorize the issuance of general obligation bonds and to make the constitutionally-required findings that the bond issuance will not cause the state debt limit to be exceeded.

Your Committee received comments on this measure from the Department of the Attorney General and Department of Budget and Finance.

Your Committee finds that article VII, section 13, of the Hawaii State Constitution requires the Legislature to include a declaration of findings in every general law authorizing the issuance of general obligation bonds, which shall declare that the issuance of state bonds authorized will not cause the debt limit to be exceeded at the time of issuance. Your Committee further finds that the proceeds generated from the general obligation bonds authorized to be issued under this measure will be used to finance the fulfillment of important state objectives.

Your Committee has amended this measure by:

- (1) Removing the provisions that allow the Hawaii Housing Finance and Development Corporation to secure a line of credit or other instrument of indebtedness during fiscal biennium 2025-2027 for the Bond Volume Cap Recycling Program;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 794, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 794, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Grandinetti, Keohokapu-Lee Loy, Alcos, Ward).

SCRep. 997 Finance on H.B. No. 795

The purpose of this measure is to provide a tax credit to taxpayers and make deposits to the Emergency and Budget Reserve Fund and Other Post-Employment Benefits Trust Fund pursuant to Article VII, section 6, of the Hawaii State Constitution.

Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that when the balance of the general fund at the close of each of two successive fiscal years exceeds five percent of the general fund revenues for each of those two fiscal years, Article VII, Section 6, of the Hawaii State Constitution requires the Legislature to dispose of excess general fund revenues through a tax credit or refund to state taxpayers; a deposit into one or more funds as supplemental sources of funding in times of an emergency, economic downturn, or unforeseen reduction in revenue; or an appropriation of general funds for the pre-payment of debt service for general obligation bonds or pension or other post-employment benefit liabilities accrued for state employees. This measure is a vehicle for taking those constitutionally mandated actions.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 795, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 795, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Grandinetti, Keohokapu-Lee Loy, Alcos, Ward).

SCRep. 998 Finance on H.B. No. 1145

The purpose of this measure is to conform Hawaii income and estate and generation-skipping transfer tax laws to the Internal Revenue Code of 1986, as amended as of December 31, 2024.

Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that this annual conformity measure is submitted by the Department of Taxation to ensure state income tax and state estate and generation-skipping transfer tax laws conform to the federal Internal Revenue Code as it exists on December 31 of the preceding calendar year. This measure updates state tax laws with changes made to the federal Internal Revenue Code during the past year that are appropriate for Hawaii law.

Your Committee has amended this measure by:

- (1) Conforming to sections 1, 2, and 3 of the Federal Disaster Tax Relief Act of 2023 relating to disaster tax relief; and
- (2) Changing the effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1145, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1145, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Grandinetti, Keohokapu-Lee Loy, Alcos, Ward).

SCRep. 999 Finance on H.B. No. 1146

The purpose of this measure is to require all qualified members claiming a credit for pass-through entity taxation to adjust their income to include the qualified member's share of taxes paid by an electing pass-through entity, for taxable years beginning after December 31, 2024.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received comments on this measure from Tax Foundation of Hawaii.

Your Committee finds that taxpayers claiming the pass-through entity tax credit receive a double benefit in the form of the credit and a reduction to their taxable income because the entity is permitted to deduct the pass-through entity taxes paid on the member's behalf. This measure requires any qualified member claiming a pass-through entity credit to add the taxes back to the qualified member's taxable income to eliminate the double benefit that currently exists.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1146, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1146, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Grandinetti, Keohokapu-Lee Loy, Alcos, Ward).

SCRep. 1000 Finance on H.B. No. 1147

The purpose of this measure is to:

- (1) Clarify that nonresidents who claim the Refundable Earned Income Tax Credit are required to adjust the amount claimed using the ratio of their Hawaii adjusted gross income to federal adjusted gross income; and
- (2) Eliminate the unlimited carryforward on nonrefundable earned income tax credits claimed for tax year 2022.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that existing law requires the adjustment of the Refundable Earned Income Tax Credit for part-year residents to reflect their share of income attributable to the State but is silent in regard to nonresident claims. This measure promotes tax equity by standardizing claims for the Refundable Earned Income Tax Credit for part-year residents and nonresidents.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1147, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1147, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Grandinetti, Keohokapu-Lee Loy, Alcos, Ward).

SCRep. 1001 Finance on H.B. No. 1149

The purpose of this measure is to repeal the general excise tax exemption for amounts received by:

- (1) Independent sugar cane farmers; and
- (2) Contractors of the Patient-Centered Community Care Program that is established by the United States Department of Veterans Affairs.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that the general excise tax exemptions set to be repealed by this measure have not been claimed or claimed by so few taxpayers that very little benefit to the public is indicated or data on the usage of these exemptions cannot be released without risk of identifying claimants. Your Committee concludes that it is appropriate for these largely unused tax exemptions to be repealed.

Your Committee has amended this measure by changing its effective date to January 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1149, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1149, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Grandinetti, Keohokapu-Lee Loy, Alcos, Ward).

SCRep. 1002 Finance on H.B. No. 1153

The purpose of this measure is to:

- (1) Address the omission of the budget special provisions that authorize supplemental allotments and transfer of unrequired balances for capital improvement program projects; and
- (2) Establish a protocol fund for each principal state department as a separate account, with a cap of \$7,000, to be expended at the discretion of the executive head of the department.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that various state departments have had operational challenges supplementing allotments of funds appropriated for capital improvement projects for fiscal biennium 2023-2025 and transferring these appropriated funds between projects to address changing conditions. Your Committee further finds that although previous executive budget and supplemental budget bills have sometimes allowed departments to transfer funds between their projects and established protocol funds to be expended at the discretion of the executive heads of departments or agencies, the executive budget and supplemental budget bills for fiscal biennium 2023-2025 did not. This measure amends those budget bills to authorize the Governor to make supplemental allotments and transfer unrequired balances for capital improvement projects, and increases the cap on each principal department's protocol fund from \$2,500 to \$7,000, to allow departments to adapt to changing conditions as they undertake capital improvement projects.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1153, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1153, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Grandinetti, Keohokapu-Lee Loy, Alcos, Ward).

SCRep. 1003 Finance on H.B. No. 1369

The purpose of this measure is to repeal certain credits, deductions, and exemptions under the income tax, general excise tax, and use tax laws.

Your Committee received testimony in opposition to this measure from the Honolulu Film Office of the City and County of Honolulu; Credence Projects LLC; SAG-AFTRA Hawaii Local; Malama Kaua'i; Hawaii Energy Connection; Energy Advisors; Inter-Island Solar Supply; League of Women Voters of Hawaii; Photonworks Engineering; Hawaii State AFL-CIO; IATSE Local 665; Democratic Party of Hawai'i Labor Caucus; Elcco Inc.; Chamber of Sustainable Commerce; Greentech Renewables-West Oahu; Alternate Energy Hawaii; Alternate Energy Inc.; Hawaii Solar Energy Association; Hawai'i Renewable Fuels Coalition; Hualua Farm LLC; Par Hawaii; Matson Navigation Company, Inc.; Life of the Land; Motion Picture Association; Hawai'i Alliance of Nonprofit Organizations; Sunrun; Poho Pacific; Airlines for America; Good Current; 350Hawaii.org; Green Power Projects LLC; Revolusun; Alaska Airlines; Hawaiian Airlines; Grand Solar Inc.; Council for Native Hawaiian Advancement; Solar Services Hawaii LLP; Sunnova Energy International Inc.; Holu Hou Energy; Island Film Group; Greenpeace Hawaii; Arion Energy, LLC; Hawaii Credit Union League; Kula Maui Hawaii; PV Tech; LegaSea Energy; HNU Energy; Kauai Climate Action Coalition; JNL Renewable Energy; Hawai'i Gas; Pacific Biodiesel Technologies; Sol-Ark; and numerous individuals. Your Committee received comments on this measure from the Department of Taxation; Department of Business, Economic Development, and Tourism; Department of Agriculture; Hawaii State Energy Office; Hawai'i Green Infrastructure Authority; Office of Climate Change Sustainability and Resiliency of the City and County of Honolulu; Hawai'i Harbors Users Group; Tax Foundation of Hawaii; Hawaii Crop Improvement Association; Climate Protectors Hawai'i; Hawaii Applesseed Center for Law & Economic Justice; Hawaii Food Industry Association; Simonpietri Enterprises LLC; and three individuals.

Your Committee finds that certain tax credits, deductions, and exemptions under the income, general excise, and use tax laws contribute to revenue losses and administrative complexities and therefore should be examined periodically for their efficacy. This measure repeals specific tax benefits to simplify the tax system and enhance revenue sustainability.

Your Committee has amended this measure by:

- (1) Removing the provisions that repealed the Renewable Energy Technologies Tax Credit and the Motion Picture, Digital Media, and Film Production Income Tax Credit;
- (2) Clarifying that the measure shall not impact certain leases, agreements, qualifications, and certifications entered into or determined before December 31, 2025;
- (3) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1369, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1369, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Reyes Oda). Noes, none. Excused, 4 (Grandinetti, Keohokapu-Lee Loy, Alcos, Ward).

SCRep. 1004 Finance on H.B. No. 1439

The purpose of this measure is to make an appropriation for the public employment cost items and cost adjustments for employees of the Senate, House of Representatives, and various legislative agencies who are excluded from collective bargaining.

Your Committee received testimony in support of this measure from the Office of the Ombudsman; Legislative Reference Bureau; and Office of the Auditor. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that this measure provides a vehicle for legislative officers and employees who are excluded from collective bargaining to be periodically compensated in relation to their counterparts included in collective bargaining.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1439, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1439, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Grandinetti, Keohokapu-Lee Loy, Alcos, Ward).

SCRep. 1005 Finance on H.B. No. 450

The purpose of this measure is to:

- (1) Transfer the State Foundation on Culture and the Arts and the King Kamehameha Celebration Commission from the Department of Accounting and General Services to the Department of Business, Economic Development, and Tourism;
- (2) Transfer the authority held by the Comptroller over the Works of Art Special Fund to the Director of Business, Economic Development, and Tourism; and
- (3) Appropriate funds for administrator positions to assist with and support the transfer.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services. Your Committee received comments on this measure from the State Foundation on Culture and the Arts and one individual.

Your Committee has amended this measure by:

- (1) Changing the number of administrator positions to be established to unspecified numbers; and
- (2) Changing the effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 450, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 450, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1006 Finance on H.B. No. 925

The purpose of this measure is to:

- (1) Establish a Performing Arts Special Fund to be used by the State Foundation on Culture and the Arts for the coordination, planning, promotion, marketing, and execution of performing arts events; and
- (2) Require each state agency to transfer into the Performing Arts Special Fund revenues equal to one percent of all ticket sales from concerts held at state venues under its ownership and management.

Your Committee received testimony in support of this measure from the State Foundation on Culture and the Arts and one individual. Your Committee received comments on this measure from the Department of Budget and Finance; Department of Business, Economic Development, and Tourism; University of Hawai'i System; and Hawai'i Tourism Authority.

Your Committee has amended this measure by:

- (1) Leaving unspecified the percentage of concert ticket sales to be collected; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 925, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 925, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1007 Finance on H.B. No. 1378

The purpose of this measure is to:

- (1) Establish the Performing Arts Grant Program and Performing Arts Grants Special Fund to support performing arts in the State;
- (2) Clarify the scope of the State Foundation on Culture and the Arts' responsibilities to include the coordination, planning, promotion, marketing, and execution of performing arts events; and
- (3) Appropriate funds to provide grants under the Performing Arts Grants Program.

Your Committee received testimony in support of this measure from one individual.

Prior to the hearing on this measure, your Committee posted and made available for public review a proposed H.D. 2, which preserves the contents of this measure and additionally:

- (1) Amends the funding sources for the State Art Museum;
- (2) Amends the amounts required to be transferred by agencies into the Works of Art Special Fund and the allowable uses of monies from the Works of Art Special Fund; and
- (3) Appropriates federal funds and general funds for the operations of the State Foundation on Culture and the Arts.

Your Committee received comments on the proposed H.D. 2 from the Department of Budget and Finance and Hawai'i State Foundation on Culture and the Arts.

Your Committee has amended this measure by adopting the proposed H.D. 2 and further amending the measure by:

- (1) Changing to unspecified amounts the:
 - (A) Cap on the total amount of the one percent of appropriations to be transferred to the Works of Art Special Fund per fiscal year; and
 - (B) Maximum unencumbered balance of the Works of Art Special Fund for the previous fiscal year to prevent additional amounts of the one percent of appropriations from being transferred; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1378, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1378, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1008 Finance on H.B. No. 807

The purpose of this measure is to provide condominium associations with financing options by:

- (1) Establishing and appropriating funds for the Condominium Loan Program to provide condominium associations with low-cost financing, or refinancing for previously obtained loans, for maintenance or repair projects; and
- (2) Establishing the Condominium Loan Loss Reserves Program to incentivize private lenders to provide loans at competitive rates and terms.

Your Committee received testimony in support of this measure from three individuals. Your Committee received comments on this measure from the Department of Budget and Finance; Hawai'i Green Infrastructure Authority; and Hawaii Bankers Association.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 807, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 807, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Lee, Alcos, Ward).

SCRep. 1009 Finance on H.B. No. 640

The purpose of this measure is to:

- (1) Require the Office of the Ombudsman to publish an annual report that identifies the number and nature of complaints regarding the Child Welfare Services Branch of the Department of Human Services; and
- (2) Require the Child Welfare Services Branch to provide notification to certain parties that complaints can also be filed with the Office of the Ombudsman.

Your Committee received testimony in opposition to this measure from the Hawaii Coalition for Child Protective Reform. Your Committee received comments on this measure from the Department of Human Services; Office of the Ombudsman; and Mālama 'Ōhana Working Group.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 640, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 640, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Lee, Morikawa, Alcos, Ward).

SCRep. 1010 Finance on H.B. No. 430

The purpose of this measure is to authorize and appropriate funds for the Department of Labor and Industrial Relations to administer an on-the-job training work experience program that partners with private entities to increase opportunities for eligible high school and college and university students to participate in summer internship programs and allow internships with private sector employers through a cost-sharing strategy.

Your Committee received testimony in support of this measure from the University of Hawai'i System; Department of Education; State Council on Developmental Disabilities; Healthcare Association of Hawaii; Pacific Resource Partnership; Hawai'i Regional Council of Carpenters; Kohala Coast Resort Association; Hawai'i Forest Industry Association; Hawai'i P-20 Partnerships for Education; Hawai'i Primary Care Association; Liberty Dialysis Hawai'i; Hawai'i Pacific Health; Hawaii Food Industry Association; Kapolei Chamber of Commerce; Hawai'i Lodging & Tourism Association; and Maui Chamber of Commerce. Your Committee received comments on this measure from the Department of Labor and Industrial Relations.

Your Committee has amended this measure by changing the appropriation to an unspecified amount.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 430, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 430, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Lee, Morikawa, Alcos, Ward).

SCRep. 1011 Finance on H.B. No. 864

The purpose of this measure is to allow newly graduated high school students to be eligible for the State's workers' compensation coverage during the summer following their high school graduation while participating in work-based learning programs sponsored by the Department of Education.

Your Committee received testimony in support of this measure from the Department of Education; Maui Chamber of Commerce; and one individual.

Your Committee has amended this measure by:

- (1) Requiring the Department of Education to submit an annual report to the Legislature on the work-based learning programs sponsored by the Department of Education and the University of Hawai'i; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 864, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 864, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Lee, Morikawa, Alcos, Ward).

SCRep. 1012 Finance on H.B. No. 474

The purpose of this measure is to appropriate funds to the Department of Health to fund a fall prevention and early detection coordinator position.

Your Committee received testimony in support of this measure from the Executive Office on Aging; American Medical Response; AARP Hawai'i; and one individual. Your Committee received comments on this measure from the Department of Health.

Your Committee has amended this measure by changing the one full-time equivalent (1.0 FTE) prevention and early detection coordinator position to an unspecified number.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 474, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 474, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Holt, Lee, Alcos, Ward).

SCRep. 1013 Finance on H.B. No. 1431

The purpose of this measure is to:

- (1) Establish an Oral Health Task Force to review information and data on the status of oral health in the State and make recommendations to improve the State's oral health infrastructure; and
- (2) Appropriate funds to help facilitate the work of the Oral Health Task Force.

Your Committee received testimony in support of this measure from the University of Hawai'i System; State Health Planning and Development Agency; Hawaii Dental Association; AlohaCare; Hawai'i Oral Health Coalition; Hawaii Dental Service; and one individual. Your Committee received comments on this measure from the Department of Human Services; Department of Health; and Office of Information Practices.

Your Committee has amended this measure by:

- (1) Changing the one full-time equivalent permanent position to an unspecified number of temporary positions; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1431, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1431, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Holt, Lee, Alcos, Ward).

SCRep. 1014 Finance on H.B. No. 751

The purpose of this measure is to:

- (1) Establish statewide goals for solid waste reduction and organic waste diversion;
- (2) Require each county to incorporate into its next integrated solid waste management plan revision a plan to divert certain organic waste generated within the county in alignment with established state benchmarks; and
- (3) Appropriate funds for the Department of Health to reimburse the counties for incorporation of the new requirements established by this measure into their respective integrated solid waste management plan revisions.

Your Committee received testimony in support of this measure from Climate Protectors Hawai'i; Hawai'i Reef and Ocean Coalition; Hawai'i Alliance for Progressive Action; and six individuals. Your Committee received testimony in opposition to this measure from the Department of Health; Office of the Mayor of the County of Maui; and Department of Environmental Management of the County of Hawai'i.

Your Committee has amended this measure by removing the county reimbursement for the incorporation of the statewide goals for solid waste reduction and organic waste diversion into their respective integrated solid waste management plans and amending the purpose of the appropriation accordingly.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 751, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 751, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1015 Finance on H.B. No. 982

The purpose of this measure is to:

- (1) Establish the Wildfire Recovery Fund; and
- (2) Authorize electric utilities to recover their contributions through securitization.

Your Committee received testimony in support of this measure from the International Union of Painters and Allied Trades, District Council 50; Chamber of Commerce Hawaii; Par Hawaii; AES Hawai'i; Ka'ala Farm; Clearway Energy Group; Retail Merchants of Hawaii; Mālama Learning Center; Plumbers and Fitters Local 675; Hawaii Leeward Planning Conference; Kona-Kohala Chamber of Commerce; Hawaii Island Economic Development Board; Kalaeloa Partners, LP; Japanese Chamber of Commerce & Industry of Hawai'i; Kapolei Chamber of Commerce; and two individuals. Your Committee received testimony in opposition to this measure from the National Association of Mutual Insurance Companies and Hawaii Association for Justice. Your Committee received comments on this measure from the Office of the Governor; Department of Commerce and Consumer Affairs; Department of the Attorney General; Department of Commerce and Consumer Affairs Division of Consumer Advocacy; Hawaii Public Housing Authority; Hawaii Housing Finance and Development Corporation; Public Utilities Commission; Hawai'i Climate Advisory Team; International Association of Heat & Frost Insulators & Allied Workers Local 132; International Union of Elevator Constructors, Local 126; Hawaii Building & Construction Trades Council; Hawai'i Island Chamber of Commerce; Pacific Resource Partnership; Hawai'i Farm Bureau; Hawaii Teamsters & Allied Workers Local 996; Hawaii Fire Fighters Association, Local 1463, IAFF, AFL-CIO; Kaua'i Island Utility Cooperative; Iron Workers Stabilization Fund; Plus Power; Sustainable Energy Hawai'i; Ulupono Initiative; Land Use Research Foundation of Hawaii; Charter Communications; Hawaiian Electric; Life of the Land; International Brotherhood of Electrical Workers Local 1260; Hawaiian Telcom; and numerous individuals.

Your Committee has amended this measure by:

- (1) Changing the financial contributions from the investor-owned electric utilities and shareholders of the investor-owned utilities to capitalize the Wildfire Recovery Fund to unspecified amounts;
- (2) Removing the provisions that authorize the issuance of special purpose revenue bonds and direct the allocation of the annual state ceiling of private activity bonds volume cap to be used for the securitization bonds; and

(3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 982, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 982, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 1016 Finance on H.B. No. 1295

The purpose of this measure is to require all state and county agencies to utilize applicable federal clean energy tax credits, pursuant to the Inflation Reduction Act of 2022, for the purchase and financing of capital improvement projects that use clean energy technology and zero-emission vehicles.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance and Public Utilities Commission.

Your Committee has amended this measure by specifying that any state or county agency that utilizes the elective pay, also known as direct pay, provisions of the federal Inflation Reduction Act of 2022 shall not be eligible for applicable state tax credits for the same capital improvement project or vehicle.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1295, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1295, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 1017 Finance on H.B. No. 1365

The purpose of this measure is to appropriate funds to the Department of Agriculture for a Non-Potable Water Wells Pilot Program to prepare an environmental impact statement for the drilling of non-potable water wells on individual parcels at Panaewa Agricultural Park and Panaewa farm lots.

Your Committee received testimony in support of this measure from the Department of Agriculture; Hawaii Floriculture and Nursery Association; Hawai'i Farm Bureau; Hawaii Cattlemen's Council; Hawaii Food+ Policy; Maui County Farm Bureau; Chamber of Commerce Hawaii; and five individuals. Your Committee received comments from this measure from the Department of Hawaiian Home Lands.

Your Committee has amended this measure by:

- (1) Inserting a preamble;
- (2) Specifying that any non-potable water wells or improvements that are completed according to the environmental impact statement or environmental assessment shall revert back to the State upon the lease expiration date;
- (3) Authorizing the appropriation to be used either for an environmental impact statement or an environmental assessment for the drilling of non-potable water wells on individual parcels at Panaewa Agricultural Park and Panaewa farm lots, under the jurisdiction of the Department of Agriculture; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1365, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1365, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 1018 Finance on H.B. No. 212

The purpose of this measure is to:

- (1) Require and appropriate funds for the Statewide Office on Homelessness and Housing Solutions to establish a permanent Return-to-Home Program to return homeless individuals in the State to families and relatives in their home states;
- (2) Require the Office to submit annual reports to the Legislature regarding the Return-to-Home Program.

Your Committee received testimony in support of this measure from the Governor's Coordinator on Homelessness; Department of Land and Natural Resources; Office of the Public Defender; The Institute for Human Services, Inc.; Waikiki Neighborhood Board; and one individual. Your Committee received comments on this measure from the State Council on Mental Health.

Your Committee has amended this measure by changing the number of positions to assist and supervise the Return-to-Home Program to an unspecified number.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 212, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 212, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1019 Finance on H.B. No. 280

The purpose of this measure is to permanently establish and appropriate funds for the Community Outreach Court as a division of the District Court of the First Circuit.

Your Committee received testimony in support of this measure from the Department of Law Enforcement; Department of Human Services; Office of the Public Defender; State Council on Mental Health; Hawaii Substance Abuse Coalition; The Institute for Human Services, Inc.; Hawai'i Health & Harm Reduction Center; Opportunity for Youth Action Hawai'i; and two individuals. Your Committee received comments on this measure from the Judiciary and Department of the Attorney General.

Your Committee has amended this measure by:

- (1) Changing the number of positions to an unspecified number; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 280, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 280, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1020 Finance on H.B. No. 701

The purpose of this measure is to establish a tax credit for nonpaid family caregivers.

Your Committee received testimony in support of this measure from the Disability and Communication Access Board; Policy Advisory Board for Elder Affairs; AARP Hawai'i; The Institute for Human Services, Inc.; Hawai'i Children's Action Network Speaks!; Alzheimer's Association; and seven individuals. Your Committee received comments on this measure from Department of Taxation; Executive Office on Aging; and Tax Foundation of Hawaii.

Your Committee has amended this measure by:

- (1) Making the amount of the tax credit equal to a percentage of a taxpayer's qualified expenses;
- (2) Changing the tax credit cap per taxpayer to an unspecified amount;
- (3) Specifying a sunset date of five years for any excess nonrefundable credits to be carried forward as a credit against tax liability; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 701, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 701, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1021 Finance on H.B. No. 880

The purpose of this measure is to appropriate funds for the reclassification of certain positions and establishment of mental health specialist positions within the Early Childhood Services Unit of the Department of Health Early Intervention Section.

Your Committee received testimony in support of this measure from the Executive Office on Early Learning; Hawai'i Early Intervention Coordinating Council; Association for Infant Mental Health in Hawai'i; Commit to Keiki; Early Childhood Action Strategy; Hawai'i Children's Action Network Speaks!; and three individuals. Your Committee received comments on this measure from the Department of Health and Department of Human Resources Development.

Your Committee has amended this measure by:

- (1) Changing the number of positions established to an unspecified number; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 880, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 880, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1022 Finance on H.B. No. 424

The purpose of this measure is to:

- (1) Require the Department of Education to provide free breakfast and lunch to students enrolled in a Department of Education school who meet certain requirements, beginning with the 2025-2026 school year;
- (2) Reduce the amount the Department of Education is authorized to charge for school meals to all students enrolled in department schools to no more than one-quarter of the cost of preparing the meals; and
- (3) Appropriate funds for the total plate costs associated with providing the free school breakfasts and lunches.

Your Committee received testimony in support of this measure from the Hawai'i Youth Services Network; EPD Corp.; Lou's Quality Home Health Care Services, LLC; Malama Kaua'i; Hawaii Food Industry Association; Hawai'i Food+ Policy; Hawai'i Alliance for Progressive Action; Hawai'i Foodbank; Hawai'i Children's Action Network Speaks!; and numerous individuals. Your Committee received comments on this measure from the Department of Education; Hawai'i State Teachers Association; Hawai'i Public Health Institute; Democratic Party of Hawai'i Education Caucus; AlohaCare; Hawaii Appleseed Center for Law & Economic Justice; and three individuals.

Your Committee has amended this measure by:

- (1) Changing the amount the Department of Education is authorized to charge for school meals to all students enrolled in department schools to an unspecified portion of the cost of preparing the meals; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 424, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 424, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 1023 Finance on H.B. No. 636

The purpose of this measure is to establish and appropriate funds for a school capital improvement project modernization initiative in the School Facilities Authority to create a planning database for school facilities.

Your Committee received testimony in support of this measure from the School Facilities Authority; EPD Corp.; Hawai'i State Teachers Association; and one individual. Your Committee received comments on this measure from the Department of the Attorney General; Department of Education; and Department of Budget and Finance.

Your Committee has amended this measure by:

- (1) Clarifying that the School Facilities Authority shall submit the relevant reports to the Board of Education; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 636, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 636, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 1024 Finance on H.B. No. 683

The purpose of this measure is to establish and appropriate funds for student transportation coordinators for each county to strengthen student transportation services across the State.

Your Committee received testimony in support of this measure from the Hawai'i State Teachers Association; Democratic Party of Hawai'i Education Caucus; Oahu Metropolitan Planning Organization; Ulupono Initiative; and one individual. Your Committee received comments on this measure from the Department of Education and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee has amended this measure by changing the number of full-time equivalent permanent student transportation coordinator positions to an unspecified number.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 683, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 683, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 1025 Finance on H.B. No. 754

The purpose of this measure is to appropriate funds to the Department of Education for community schools, including for one full-time equivalent program manager position.

Your Committee received testimony in support of this measure from Kohala Elementary School; Hawai'i Children's Action Network Speaks!; Hawai'i Afterschool Alliance; Education Caucus of the Democratic Party of Hawai'i; Pacific Resources for Education and Learning; Early Childhood Action Strategy; Hawai'i State Teachers Association; Hawaii Appleseed Center for Law & Economic Justice; Hawai'i 'Ohana Support Network Advisory Committee; and six individuals. Your Committee received comments on this measure from the Department of Human Services and Department of Education.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount; and
- (2) Changing the number of positions established to an unspecified number.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 754, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 754, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 1026 Finance on H.B. No. 1293

The purpose of this measure is to temporarily adjust the Department of Education's small purchase procurement capacity by:

- (1) Exempting purchases of local edible produce and packaged food products less than \$100,000 from the electronic procurement system requirement;
- (2) Requiring no less than three written quotes for purchases of local edible produce and packaged food products of \$15,000 to less than \$25,000; and
- (3) Requiring no less than two written quotes for purchases of local edible produce and packaged food products of \$5,000 to less than \$15,000 for certain schools in rural communities.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau; Ka Ohana O Na Pua; Ho'ōla Farms; Hawai'i Public Health Institute; Ulupono Initiative; and numerous individuals. Your Committee received testimony in opposition to this measure from the State Procurement Office. Your Committee received comments on this measure from the Department of Education.

Your Committee has amended this measure by:

- (1) Changing the procurement threshold amounts to unspecified amounts; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1293, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1293, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 1027 Finance on H.B. No. 1437

The purpose of this measure is to establish a general excise tax exemption on the gross proceeds or gross income received from sales of commodities or services that benefit nonprofit schools.

Your Committee received testimony in support of this measure from Maui Preparatory Academy; 'Iolani School; Hawaii Association of Independent Schools; Island School; Punahou School; Kauai Christian Academy; Waimea Country School; and three individuals. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee has amended this measure by:

- (1) Specifying that a nonprofit school be registered with and in possession of a tax clearance certificate from the Department of Taxation, rather than in good standing with the Department; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1437, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1437, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 1028 Finance on H.B. No. 549

The purpose of this measure is to establish and appropriate funds for an Early Learning Apprenticeship Grant Program, to be administered by the University of Hawaii, to assist publicly- or privately-run early learning program service providers participating in state- and federally-approved early learning apprenticeship programs.

Your Committee received testimony in support of this measure from the University of Hawai'i System; Early Learning Board; Executive Office on Early Learning; Department of Community Services of the City and County of Honolulu; Pride at Work–Hawai'i; AAUW of Hawaii; Early Childhood Action Strategy; Hawai'i Children's Action Network Speaks!; Commit to Keiki; Holomua Collaborative; Parents And Children Together; and numerous individuals. Your Committee received comments on this measure from the Department of Human Services.

Your Committee has amended this measure by clarifying that the financial assistance provided to eligible early learning program service providers will be limited to covering costs associated with personnel expenses and wages, training expenses, mentorship stipends, administrative costs, and certain compensation enhancements.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 549, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 549, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1029 Finance on H.B. No. 1171

The purpose of this measure is to authorize the Board of Regents to use funds from the University of Hawaii Tuition and Fees Special Fund for student aid in direct response to an emergency or disaster, as declared by the Governor.

Your Committee received testimony in support of this measure from the University of Hawai'i System and University of Hawai'i Student Caucus.

Your Committee has amended this measure by:

- (1) Changing the annual expenditure cap from the University of Hawaii Tuition and Fees Special Fund for providing student aid in direct response to an emergency or disaster to an unspecified amount; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1171, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1171, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Lee, Morikawa, Alcos, Ward).

SCRep. 1030 Finance on H.B. No. 3

The purpose of this measure is to extend the deadline for the University of Hawaii Sea Grant College Program to submit the North Shore Beach Management Plan to the Governor and Legislature.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and one individual. Your Committee received comments on this measure from the University of Hawai'i Sea Grant College Program and Climate Resilience Collaborative.

Your Committee has amended this measure by:

- (1) Extending the appropriation lapse date to June 30, 2026, for the University of Hawaii Sea Grant College Program to develop the North Shore Beach Management Plan; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 3, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 3, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1031 Finance on H.B. No. 86

The purpose of this measure is to appropriate funds to the Department of Land and Natural Resources for the establishment of one full-time equivalent permanent Program Specialist V position to coordinate and implement actions necessary to meet the goals and objectives of the Makai Watch Program.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Hawai'i Ocean Legislative Task Force; Mālama Pūpūkea-Waimea; Makahanaloa Fishing Association; Kua'āina Ulu 'Auamo; Hawai'i Reef and Ocean Coalition; Hana Business Council; Hawai'i Farmers Union; The Nature Conservancy, Hawai'i and Palmyra; Mālama Learning Center; Save Honolulu Coalition; and five individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee has amended this measure by changing the number of positions established to an unspecified number.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 86, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 86, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1032 Finance on H.B. No. 778

The purpose of this measure is to require the Office of Planning and Sustainable Development to conduct an integrated land use study that incorporates the State's various climate and sustainability goals and studies to serve as a guide for planning and decision-making on the use of agricultural lands.

Your Committee received testimony in support of this measure from the Office of Planning and Sustainable Development; Hawai'i Farm Bureau; and Hawai'i Farmers Union.

Your Committee has amended this measure by:

- (1) Changing the appropriations to unspecified amounts; and
- (2) Changing the number of full-time equivalent planner positions to an unspecified number.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 778, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 778, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1033 Finance on H.B. No. 867

The purpose of this measure is to:

- (1) Require, beginning on June 30, 2030, all new playgrounds constructed in state parks and on public school grounds to have a minimal set of accessible recreational playground equipment; and
- (2) Establish the Accessible Recreational Playground Equipment Special Fund and appropriate funds to the Department of Land and Natural Resources and Department of Education to purchase and install accessible recreational playground equipment.

Your Committee received testimony in support of this measure from the State Council on Developmental Disabilities; Hawaii Self-Advocacy Advisory Council; Hawaii Disability Rights Center; and one individual. Your Committee received comments on this measure from the Department of Education; Department of Land and Natural Resources; and Disability and Communication Access Board.

Your Committee has amended this measure by:

- (1) Removing the requirement and appropriation of funds for all newly constructed playgrounds located in state parks to have a minimal set of accessible recreation playground equipment;
- (2) Clarifying that the requirement for all new playgrounds constructed to have a minimal set of accessible recreational playground equipment applies to Department of Education schools, rather than all public schools;
- (3) Changing the agency tasked with implementing this measure from the Department of Land and Natural Resources to the Department of Education; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 867, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 867, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1034 Finance on H.B. No. 1494

The purpose of this measure is to:

- (1) Lapse appropriations of general obligation bond funds previously authorized for the planning, design, and construction of a stadium in Halawa by the Stadium Authority;
- (2) Authorize the issuance of general obligation bonds for the upgrade of the stadium on the University of Hawaii at Manoa campus;
- (3) Rename the Stadium Authority, Stadium Development District, and Stadium Development Special Fund as the Halawa Redevelopment Authority, Halawa Redevelopment District, and Halawa Redevelopment Special Fund, respectively; and
- (4) Appropriate funds out of the Halawa Redevelopment Special Fund for deposit into the general fund.

Your Committee received testimony in opposition to this measure from the Department of Business, Economic Development, and Tourism; Department of Accounting and General Services; and Stadium Authority. Your Committee received comments on this measure from the University of Hawai'i System.

Your Committee has amended this measure by:

- (1) Changing the maximum general obligation bond issuance and appropriations to unspecified amounts; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1494, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1494, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (Alcos). Noes, none. Excused, 1 (Ward).

SCRep. 1035 Finance on H.B. No. 89

The purpose of this measure is to establish and appropriate funds for the Teacher Housing Assistance Program to provide housing vouchers to certain eligible teachers who are employed by the Department of Education or a charter school and teach at a hard-to-staff school.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Hawai'i State Teachers Association; Hawai'i Children's Action Network Speaks!; Democratic Party of Hawai'i Education Caucus; and one individual. Your Committee received comments on this measure from the Department of Education; State Public Charter School Commission; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee has amended this measure by changing the maximum amount for a housing voucher to an unspecified amount.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 89, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 89, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Kitagawa, Ward).

SCRep. 1036 Finance on H.B. No. 286

The purpose of this measure is to increase the maximum annual deduction for contributions to, and maximum account levels for, individual housing accounts.

Your Committee received testimony in support of this measure from the Maui Chamber of Commerce and seven individuals. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee has amended this measure by changing the maximum annual deduction amount for contributions to, and maximum account level amount for, individual housing accounts to unspecified amounts.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 286, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 286, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Kitagawa, Ward).

SCRep. 1037 Finance on H.B. No. 741

The purpose of this measure is to exempt certain projects funded by the Affordable Homeownership Revolving Fund from prevailing wage provisions.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation; Hawaii Habitat for Humanity Association; Hawai'i Community Lending; and one individual. Your Committee received testimony in opposition to this measure from the Hawaii Regional Council of Carpenters. Your Committee received comments on this measure from the Maui Chamber of Commerce.

Your Committee has amended this measure by:

- (1) Changing to an unspecified amount the threshold of Affordable Homeownership Revolving Fund use below which certain affordable housing projects are exempt from prevailing wage provisions; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 741, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 741, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Keohokapu-Lee Loy, Lamosao, Lee). Noes, none. Excused, 2 (Kitagawa, Ward).

SCRep. 1038 Finance on H.B. No. 830

The purpose of this measure is to require the Department of Land and Natural Resources, through the State Historic Preservation Division and subject to approval from the appropriate island burial council, to contract its review of proposed state projects, projects on privately owned historic property, and projects involving entitlements for use that may affect historic properties to third-party consultants if the Department will not be able to complete its review within sixty days.

Your Committee received testimony in support of this measure from the Hawai'i Association of REALTORS; NAIOP Hawaii; Grassroot Institute of Hawaii; and two individuals. Your Committee received testimony in opposition to this measure from Historic Hawai'i Foundation. Your Committee received comments on this measure from the Department of Land and Natural Resources; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and Maui Chamber of Commerce.

Your Committee has amended this measure by:

- (1) Requiring the Department of Land and Natural Resources to adopt rules to implement the retention of third-party consultants, as proposed by this measure, within one year of the effective date of this measure;
- (2) Including a sunset date of June 30, 2031, which is approximately five years after the deadline to adopt those rules; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 830, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 830, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Kitagawa, Ward).

SCRep. 1039 Finance on H.B. No. 1294

The purpose of this measure is to require and appropriate funds for the Department of Agriculture to establish an Agricultural Workforce Housing Working Group to address the shortage and challenges of agricultural workforce housing.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands; Hawaii Housing Finance and Development Corporation; Office of Planning and Sustainable Development; Agribusiness Development Corporation; Hawai'i Farm Bureau; Hawai'i Food+ Policy; Hawai'i Farmers Union; and two individuals. Your Committee received comments on this measure from the Land Use Commission.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1294, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1294, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Kitagawa, Ward).

SCRep. 1040 Finance on H.B. No. 1298

The purpose of this measure is to:

- (1) Require the Hawaii Housing Finance and Development Corporation to establish a Government Employee Housing Revolving Fund Program and Government Employee Ninety-Nine Year Leasehold Rent-to-Own Program;
- (2) Establish the Government Employee Housing Revolving Fund; and
- (3) Appropriate funds out of the Dwelling Unit Revolving Fund for the Hawaii Housing Finance and Development Corporation to adopt rules, engage the community, conduct site and pre-development planning for at least one government employee rental or ninety-nine year leasehold rent-to-own project in each county, and establish positions.

Your Committee received testimony in support of this measure from the Maui Chamber of Commerce.

Prior to the hearing on this measure, your Committee posted and made available for public review a proposed H.D. 3, which amends this measure by:

- (1) Codifying a purpose section in statute;
- (2) Specifying that grants shall only be made to state departments and agencies pursuant to adopted rules; and
- (3) Removing the exemption of Government Employee Housing Revolving Fund expenditures from legislative appropriation and allotment requirements.

Your Committee received testimony in support of the proposed H.D. 3 from the Hawaii Housing Finance and Development Corporation; United Public Workers, AFSCME Local 646, AFL-CIO; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO. Your Committee received comments on the proposed H.D. 3 from the Department of Budget and Finance and Tax Foundation of Hawaii.

Your Committee has amended this measure by adopting the proposed H.D. 3 and further amending the measure by changing the positions to an unspecified number.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1298, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1298, H.D. 3.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Kitagawa, Ward).

SCRep. 1041 Consumer Protection & Commerce on H.B. No. 1379

The purpose of this measure is to:

- (1) Specify the types of foreign medical schools whose graduates may be accepted for licensure;
- (2) Specify licensure requirements for foreign medical graduates;
- (3) Exempt foreign medical graduates from the residency requirements for medical licensure under certain circumstances; and
- (4) Authorize the Hawaii Medical Board to waive the residency requirements under certain circumstances.

Your Committee received testimony in support of this measure from the Hawaii Medical Board; Grassroot Institute of Hawaii; Philippine Medical Association of Hawai'i; Hawai'i Pacific Health; and three individuals. Your Committee received comments on this measure from the Hawaii Medical Association.

Your Committee finds that the State has seen an increasing demand for medical professionals, yet some individuals with foreign medical training face barriers to licensure, potentially limiting Hawaii residents' access to qualified physicians. These barriers may prevent the State from fully utilizing skilled practitioners who can provide essential medical services to residents while ensuring that these individuals meet high standards of care. This measure will expand licensure pathways for foreign-trained physicians who meet rigorous competency and professional knowledge requirements, thereby enhancing public health and safety standards.

However, your Committee finds that this measure gives the Hawaii Medical Board unnecessarily broad discretion to determine the comparability of clinical competencies between individuals who have graduated from a program accredited by the Accreditation Council for Graduate Medical Education or American Osteopathic Association and those who have not. As an alternative, the Advisory Commission on Additional Licensing Models issued recommendations for changing licensure requirements for physicians who have completed training or practice abroad.

Accordingly, your Committee has amended this measure by:

- (1) Deleting the substantive contents of this measure;
- (2) Amending one of the existing pathways for foreign medical graduates to be licensed as physicians by removing the time restriction on when the qualifying examination of the Educational Commission for Foreign Medical Graduates should have been passed; and
- (3) Establishing an alternative pathway for foreign medical graduates to be licensed as physicians for foreign medical graduates who passed certain examinations, possess an Educational Commission for Foreign Medical Graduates certificate, and have completed two years of post-graduate medical training.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1379, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1379, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 3 (Ilagan, Lowen, Pierick).

SCRep. 1042 Consumer Protection & Commerce on H.B. No. 951

The purpose of this measure is to allow a patient to be prescribed a three-day supply of opiates via telehealth if the patient has been seen in person by physician in the same medical group as the prescribing physician.

Your Committee received testimony in support of this measure from the Department of Law Enforcement; Kaiser Permanente Hawai‘i; and Aloha Green Apothecary. Your Committee received comments on this measure from two individuals.

Your Committee finds that telehealth allows patients to connect with physicians and other health care providers for health care services. In the event of acute pain, telehealth allows for physicians to provide prompt intervention and ensure that the patient has immediate access to pain relief.

However, your Committee further finds that existing law requires a patient to only have access to opiates through a telehealth consultation after first having an in-person consultation with the same prescribing physician. In the event that the patient's primary physician is unavailable, the patient does not have access to opiate medication through telehealth. This measure allows patients to have access to necessary pain medications through telehealth while still safeguarding against inappropriate use and addiction.

Your Committee recognizes that there are health care providers, other than physicians, with prescriptive authority who practice within the same medical group and have already seen the patient in person. These other health care providers play a pivotal role in the State's health care system and this measure should not unduly restrict access to necessary prescriptions simply because the patient's initial in-person consultation was with a health care provider who was not a physician.

Accordingly, your Committee has amended this measure by:

- (1) Reverting the language of this measure, with respect to the initial in-person consultation, to as it was introduced, which allows a patient who has been seen in person by a health care provider in the same medical group as the prescribing physician to be prescribed an opiate prescription for a three-day supply or less via telehealth; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 951, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 951, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, none.

SCRep. 1043 Consumer Protection & Commerce on H.B. No. 1422

The purpose of this measure is to exempt non-profit community-based organizations that provide transportation services from the State's Motor Carrier Law, under certain circumstances.

Your Committee received testimony in support of this measure from the Office of Economic Development of the County of Kaua‘i; Hui Maka‘āinana o Makana; and The Hanalei Initiative. Your Committee received comments on this measure from the Department of Land and Natural Resources and Public Utilities Commission.

Your Committee finds that two non-profit community-based organizations, Hui Maka‘āinana o Makana and The Hanalei Initiative, have collaborated on the care and management of Hā‘ena State Park on Kaua‘i via the North Shore Shuttle Project. The Project has successfully reduced traffic congestion between Princeville and Hā‘ena, which has decreased the number of visitors at Hā‘ena State Park and Ke‘e Beach and eased tensions between residents and visitors. These efforts have also enabled The Hanalei Initiative to subsequently reinvest into the community.

Your Committee further finds that, while the Project has been successful, it does not directly fall into any of the existing exemptions under the Motor Carrier Law. There are exemptions for other similar operations, including sampan buses operating within the vicinity of Hilo, Hawai‘i, and persons conducting jitney services.

Your Committee also finds that the Project may serve as a model for other locations to reduce traffic congestion and decrease the number of visitors in sensitive areas. This measure would provide an exemption for such operations from the Motor Carrier Law.

Your Committee has amended this measure by:

- (1) Specifying that the exemption from the Motor Carrier Law applies to community-based organizations engaged in community-based economic development providing transportation services;
- (2) Clarifying the parameters that qualify a community-based organization for the exemption, including:
 - (A) Specifying that the transportation services are operated within the parameters of a state- or county-approved plan that is contracted or regulated under the authority of that state or county government agency;
 - (B) Stating that the government agency shall require or may exceed the minimum requirements for commercial and business insurance as required under the Motor Carrier Law;
 - (C) Deleting language that prohibited a community-based organization from selling any transportation service-related assets for profit during the period of the exemption; and
 - (D) Requiring the government agency to notify the Public Utilities Commission of the agency's determination that the community-based organization qualifies for the exemption;
- (3) Inserting definitions for "community-based economic development", "community-based organization", and "community stakeholders"; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1422, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1422, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Ilagan, Lowen, Pierick).

SCRep. 1044 Consumer Protection & Commerce on H.B. No. 423

The purpose of this measure is to:

- (1) Clarify the process for selecting a certified provider of rehabilitation services;

- (2) Require a provider to automatically approve an injured employee for vocational rehabilitation services if the provider determines that the injured employee will likely require vocational rehabilitation services to return to suitable gainful employment; and
- (3) Require a provider to file the employee's plan no later than ninety days after the submission of the initial evaluation report.

Your Committee received testimony in support of this measure from the Department of Human Resources Development; Hawaii Medical Association; and Hawaii Insurers Council. Your Committee received testimony in opposition to this measure from the International Association of Rehabilitation Professionals, Hawaii Chapter; Hawaii Rehabilitation Counseling Association; Vocational Management Consultants, Inc.; and numerous individuals. Your Committee received comments on this measure from the Department of Labor and Industrial Relations and one individual.

Your Committee finds that the intent of the workers' compensation law is to assist an injured employee to return to the active labor force as quickly as possible and to restore the employee's earning capacity as nearly as possible to the level the employee earned at the time of the injury in a cost-effective manner. This measure provides a streamlined process to assist these injured employees to return to suitable gainful employment as quickly as possible and in a cost-effective manner.

Your Committee has amended this measure by:

- (1) Reverting the language of this measure, with respect to the filing of the injured employee's plan, to as it was introduced, which does not specify a deadline for the filing of the employee's plan; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 423, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 423, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Ilagan, Lowen, Pierick).

SCRep. 1045 Consumer Protection & Commerce on H.B. No. 1499

The purpose of this measure is to authorize public school employees or agents who have completed appropriate training to act as volunteer substitutes to administer medications to students consistent with standards applicable to school health assistants.

Your Committee received testimony in support of this measure from the Department of Education; Department of Health; University of Hawai'i at Mānoa School of Nursing and Dental Hygiene; University of Hawai'i at Mānoa John A. Burns School of Medicine; Hawai'i State Center for Nursing; and three individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that access to certain medications during school may be necessary for the attendance of students with a health condition. School health assistants play a vital student support role by administering needed medications to students. Under existing law, only school health assistants are authorized to administer routine medications. The reliance on a single person naturally creates challenges to consistent and efficient application and service delivery. The school health assistants cannot be in multiple locations at once, such as field trips, emergencies, or while assisting other students. This measure expands the pool of authorized persons to administer medications to properly trained volunteers, which will help maintain continuity of health services while upholding established safety and training standards.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1499, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1499, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Lowen).

SCRep. 1046 Consumer Protection & Commerce on H.B. No. 350

The purpose of this measure is to expand the types of water heater systems required for the issuance of a building permit for new single-family dwellings to include ENERGY STAR certified heat pump water heaters.

Your Committee received testimony in support of this measure from the Hawai'i State Energy Office; Hawai'i Association of REALTORS; Hawai'i Energy; Kaua'i Climate Action Coalition; and two individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from Inter-Island Solar Supply and Hawaii Solar Energy Association.

Your Committee finds that the reduction of energy consumption is an important component of the State's energy policy. Solar water heaters can save residents up to forty percent on their overall electric bills, which is why the State, in 2010, mandated that newly constructed single-family homes be equipped with solar water heaters. However, some homes may have limited sunlight exposure, which makes solar water heating less effective.

Your Committee further finds that ENERGY STAR certified heat pump water heaters are also viable, energy saving options. Those water heaters are two to three times more efficient than conventional water heaters and are able to participate in demand-response and time-of-use programs. This measure therefore adds ENERGY STAR certified heat pump water heaters as an option for newly constructed single-family homes.

Your Committee amended this measure by replacing the definition of "heat pump water heater" with "heat pump" and further amending that defined term.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 350, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 350, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, none.

SCRep. 1047 Consumer Protection & Commerce on H.B. No. 874

The purpose of this measure is to provide some protection of a child performer's earnings by:

- (1) Specifying that the parent or legal guardian of a minor in theatrical employment must establish a trust account, with an independent third-party trustee, for the minor;

- (2) Requiring employers to deposit at least fifteen percent of the minor's gross earnings into the trust account; and
- (3) Making any misappropriation or fraudulent use of funds within the trust account by a parent or legal guardian or an independent third-party trustee a breach of fiduciary duty subject to civil penalties, criminal prosecution, and removal from the position of trustee.

Your Committee received testimony in support of this measure from the SAG-AFTRA Hawai'i Local; Hawaii State AFL-CIO; Pride at Work – Hawai'i; IATSE Local 665; and four individuals. Your Committee received comments on this measure from the Department of Labor and Industrial Relations.

Your Committee finds that minors may be employed in a variety of performance roles, including as models, dancers, singers, musicians, or motion picture, television, radio, or theatrical performers. Your Committee further finds that the minor's earnings may be mismanaged by the parents, harming the minor's financial wellbeing. This measure establishes certain safeguards to ensure that minors engaged in theatrical employment are financially protected and can financially benefit from their hard work upon reaching adulthood.

Your Committee notes that the Department of Labor and Industrial Relations raised concerns that the contents of this measure do not comport with the existing provisions of the Child Labor Law and suggested that its provisions may be more suited to other chapters of the Hawaii Revised Statutes, including the Hawaii Uniform Custodial Trust Act. Your Committee requests, as this measure progresses through the legislative process, that other departments provide suggestions on whether there is a more appropriate placement for the provisions of this measure.

Accordingly, your Committee has amended this measure by:

- (1) Moving the provisions of this measure from the Child Labor Law to the Hawaii Uniform Custodial Trust Act;
- (2) Specifying that the provisions of this measure only apply when the gross income of a minor in theatrical employment is at least \$5,000 for a project or \$20,000 in a calendar year;
- (3) Specifying that for purposes of this measure, "theatrical employment" includes a social media influencer; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 874, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 874, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Ilagan, Lowen, Pierick).

SCRep. 1048 Consumer Protection & Commerce on H.B. No. 799

The purpose of this measure is to:

- (1) Clarify that a physician may practice at an organized ambulatory health care facility even if the physician does not have hospital privileges at a licensed hospital in the same geographic location as the ambulatory facility; and
- (2) Provide that a written transfer agreement is not required to transfer a patient from an organized ambulatory health care facility to a licensed hospital.

Your Committee received testimony in support of this measure from the Healthcare Association of Hawaii; Aloha Surgical Center; Hawaii Medical Association; and Hawaii Medical Service Association. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Health; Hawaii Employer-Union Health Benefits Trust Fund Board of Trustees; and Hawaii Association of Health Plans.

Your Committee finds that Hawaii residents, particularly those in rural and neighbor island communities, continue to face significant barriers to accessing timely and specialized health care due to a shortage of health care providers. This shortage has been further exacerbated by the 2023 Maui wildfires, which displaced medical practices and damaged health care facilities, leaving many residents without adequate care.

Your Committee further finds that under existing Hawaii Administrative Rules, physicians must have local hospital privileges to practice in outpatient facilities. Because of the State's unique geography, the conditions needed to get hospital privileges are extremely hard to fulfill for health care providers who do not reside on the island where care is needed. This measure will protect consumers by reducing administrative barriers for physicians who are willing to travel to another island to provide much-needed care at outpatient facilities, ensuring that residents in underserved areas can more easily access the medical services they need without unnecessary delays.

Your Committee has amended this measure by:

- (1) Restricting the applicability of this measure to counties with populations of less than five hundred thousand; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 799, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 799, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Ilagan, Lowen, Pierick).

SCRep. 1049 Consumer Protection & Commerce on H.B. No. 48

The purpose of this measure is to:

- (1) Clarify the labeling and advertising requirements for coffee that is grown and processed in the State; and
- (2) Make necessary distinctions between the definitions of "geographic origin" and "regional origin".

Your Committee received testimony in support of this measure from the Department of Agriculture; one member of the Hawai'i County Council; Heavenly Hawaiian Farms; Hawai'i Farm Bureau; Hawaii Coffee Growers Association; and Hawai'i Food+ Policy.

Your Committee finds that coffee is an important agricultural crop of the State and a highly valued commodity in Hawaii. Your Committee further finds that fraudulent representations as to a coffee's geographic origin diminish the value of that geographic identifier by harming its reputation. Your Committee further finds that misleading labeling practices continue to pose a challenge by allowing coffee blends with only a small percentage of Hawaii-grown and -processed beans to be marketed in ways that confuse consumers and devalue local coffee. This measure strengthens existing labeling laws by clearly

distinguishing between geographic origin and regional origin, which is essential for protecting the reputation of coffee grown and processed in Hawaii, preventing deceptive marketing, and maintaining consumer trust.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 48, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 48, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Ilagan, Lowen, Pierick).

SCRep. 1050 Consumer Protection & Commerce on H.B. No. 256

The purpose of this measure is to require an owner or operator of a waste-to-energy facility to comply with certain United States Environmental Protection Agency regulations as they existed on December 31, 2024, unless emission limitations are made more stringent.

Your Committee received testimony in support of this measure from the Environmental Caucus of the Democratic Party of Hawai'i; Reworld; and two individuals. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the Department of Health; Kaua'i Climate Action Coalition; Energy Justice Network; Climate Protectors Hawai'i; and three individuals.

Your Committee finds that, while waste-to-energy facilities are responsible for diverting solid waste from municipal landfills and converting the waste to energy, those facilities are also responsible for producing a significant amount of harmful emissions. Your Committee further finds that the existing political landscape on the federal level casts uncertainty over the regulation of emissions by the United States Environmental Protection Agency. Specifically, there is a concern that regulations on emissions may either be relaxed or eliminated in their entirety. This measure is intended to prevent any backsliding on existing emission limits by requiring waste-to-energy facilities to comply with United States Environmental Protection Agency regulations as they existed on December 31, 2024, unless the emission limits are made more stringent.

However, your Committee recognizes that waste-to-energy facilities are, in some respects, subject to more stringent emission limits under the State's Air Pollution Control Permit issued by the Department of Health. As such, there is some concern that this measure may be construed to inadvertently relax the requirements by which a waste-to-energy facility must abide by allowing the facility to ignore the more stringent state requirements and simply be in compliance with the federal requirements.

Lastly, your Committee notes that some written testimony suggested that this measure be amended to adopt the United States Environmental Protection Agency's draft regulations as proposed in January 2024. The United States Environmental Protection Agency reopened the comment period on these draft regulations with an end date of July 16, 2025. The comment period provides the public an opportunity to participate in the rulemaking process. During a comment period, significant issues may be identified by the public. Consequently, your Committee notes that there are significant concerns that the adoption of draft regulations before any potential issues are identified in the comment period may subject the State to liability.

Accordingly, your Committee has amended this measure by:

- (1) Clarifying that waste-to-energy facilities are to comply with the more stringent emission limitations, whether under federal regulations or the state Air Pollution Control Permit issued by the Department of Health; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 256, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 256, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Iwamoto). Noes, none. Excused, 3 (Ilagan, Lowen, Pierick).

SCRep. 1051 Judiciary & Hawaiian Affairs on H.B. No. 239

The purpose of this measure is to amend the definition of "child abuse or neglect" by clarifying that the failure to provide certain needs to a child shall not constitute child abuse or neglect if the sole reason the person responsible for the care of the child is unable to adequately provide for the child's care is due to a lack of financial resources.

Your Committee received testimony in support of this measure from the Office of Wellness and Resilience; Hawaii Coalition for Child Protective Reform; Hawai'i Youth Services Network; Hawai'i Children's Action Network Speaks!; Early Childhood Action Strategy; Hawai'i State Coalition Against Domestic Violence; Catholic Charities Hawai'i; Ho'ouikaika Partnership; Domestic Violence Action Center; and four individuals. Your Committee received testimony in opposition to this measure from six individuals. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that the recent update to the federal Administration for Children and Families' Child Welfare Policy Manual encourages states to exclude factors such as poverty and income-related issues from the definitions of child abuse and neglect. This measure would align Hawaii's definition of "child abuse or neglect" with these federal guidelines and improve outcomes for families in need by preventing unnecessary family separations due to financial hardship.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 239, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Cochran, Kahaloa, Garcia, Shimizu).

SCRep. 1052 Judiciary & Hawaiian Affairs on H.B. No. 320

The purpose of this measure is to:

- (1) Allow qualified adults, including adults with a disability, mentally ill adults, and adults sixty-five years of age or older, to enter into supported decision-making agreements with one or more members of a supportive community; and
- (2) Specify the terms of a supported decision-making agreement, including access to personal information, agreement requirements, and circumstances for termination.

Your Committee received testimony in support of this measure from the Executive Office on Aging; Disability and Communication Access Board; State Council on Developmental Disabilities; one member of the Kaua'i County Council; Hawaii Disability Rights Center; Hawaii Self-Advocacy Advisory Council; Easterseals Hawaii; Special Education Advisory Council; Full Life; and seven individuals. Your Committee received comments on this measure from the Department of Health; Department of the Attorney General; and Department of Human Services.

Your Committee finds that supported decision-making agreements allow adults with a disability, mentally ill adults, and adults sixty-five years of age or older to make their own decisions with the help of trusted supporters. This approach promotes greater autonomy, dignity, and self-determination, while also minimizing the need for more restrictive measures like guardianships, which can undermine an individual's rights and freedoms.

Your Committee has amended this measure by:

- (1) Clarifying the definition of "vulnerable adult" as used in the supported decision-making agreements chapter;
- (2) Prohibiting a qualified adult from entering into a supported decision-making agreement with a member of the supportive community who has been confirmed as the perpetrator of abuse of the qualified adult, any other qualified adult, or any vulnerable adult;
- (3) Requiring a supported decision-making agreement to be automatically terminated if the member of the supportive community who entered into the decision-making agreement provides paid support services to the qualified adult; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 320, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 320, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Cochran, Kahaloa, Garcia, Shimizu).

SCRep. 1053 Judiciary & Hawaiian Affairs on H.B. No. 963

The purpose of this measure is to establish strict liability for crimes against elders with respect to the attendant circumstance that the victim was sixty years of age or older.

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney for the City and County of Honolulu; Office of the Prosecuting Attorney of the County of Hawai'i; Department of the Prosecuting Attorney of the County of Maui; AARP Hawai'i; and four individuals. Your Committee received testimony in opposition to this measure from the Office of the Public Defender and one individual.

Your Committee finds that Act 147, Session Laws of Hawaii 2021, provided additional protections for the State's senior citizens against physical, emotional, and financial exploitation. However, further clarification to state laws related to these protections is needed. Removing the requirement that a perpetrator knew the age of the victim prior to the offense strengthens the existing laws and ensures the safety and well-being of Hawaii's kupuna.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 963, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 963, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1054 Judiciary & Hawaiian Affairs on H.B. No. 729

The purpose of this measure is to:

- (1) Raise the minimum age to enter into marriage from sixteen to eighteen years of age;
- (2) Repeal the authority of parents and the family court to consent to a minor's marriage;
- (3) Repeal spousal cohabitation after the parties attain legal age as an exception for an annulment based on nonage; and
- (4) Repeal exemptions for sexual assault of a minor if the perpetrator is married to the minor.

Your Committee received testimony in support of this measure from the Hawaii State Commission on the Status of Women; Zonta Club of Hilo Foundation; Unchained At Last; Service Women's Action Network; Protect Our Defenders; Zonta International USA Caucus; Zonta Club of Kauai; AHA Foundation; American Atheists; a petition signed by twenty-four individuals; and numerous individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Health; Department of Human Services; and Sex Abuse Treatment Center.

Your Committee finds that child marriage is increasingly recognized as a human rights violation that disproportionately impacts young girls and undermines their social and economic well-being. Despite defining minors as individuals under eighteen, Hawaii law currently permits marriage as young as sixteen years of age, with judicial approval allowing marriage at fifteen. This discrepancy is particularly concerning given that Hawaii's sexual assault laws otherwise criminalize sexual conduct with minors under sixteen. This measure aligns Hawaii with other states that have already enacted protections that ensure that both parties to a marriage are at least eighteen years of age.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 729, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 729, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Garcia). Noes, none. Excused, 1 (Cochran).

SCRep. 1055 Judiciary & Hawaiian Affairs on H.B. No. 1120

The purpose of this measure is to clarify that the Department of Health has the legal authority and obligation to prevent and address nuisances that affect public health or environmental health.

Your Committee received testimony in support of this measure from the Department of Health. Your Committee received comments on this measure from one individual.

Your Committee finds that protecting public and environmental health is a fundamental responsibility of the Department of Health, particularly as climate change exacerbates environmental hazards and resource pressures. The relationship between community well-being and environmental conditions highlights the need for proactive measures to prevent health risks posed by nuisances such as pollution, toxic substances, and other hazardous conditions. This measure strengthens the Department of Health's authority to prevent and address nuisances that threaten public and environmental health, ensuring safer and healthier communities across the State.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1120, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1120, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Cochran, Kahaloa).

SCRep. 1056 Judiciary & Hawaiian Affairs on H.B. No. 36

The purpose of this measure is to:

- (1) Prohibit excited delirium from being recognized as a valid medical diagnosis or cause of death in the State;
- (2) Prohibit a medical examiner, coroner, or health care provider from stating on a certificate of death or in any report that the cause of death was excited delirium;
- (3) Prohibit law enforcement officers from using the term excited delirium to describe an individual in an incident report; and
- (4) Establish a new Hawaii Rule of Evidence that deems evidence that a person experienced or suffered excited delirium inadmissible in a civil action.

Your Committee received testimony in support of this measure from the Office of the Public Defender; Hawaii Disability Rights Center; Hui Malama Pono Hawai'i; Community Alliance on Prisons; Haddad & Sherwin LLP; American Civil Liberties Union of Hawai'i; and numerous individuals. Your Committee received testimony in opposition to this measure from the Judiciary. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that the term "excited delirium" has been widely discredited by medical and scientific organizations and has been improperly used to justify deaths occurring in law enforcement custody. This unrecognized diagnosis has contributed to legal outcomes that obscure the true causes of death, preventing accountability and justice for affected individuals and their families. This measure ensures that law enforcement and medical determinations are based on scientifically valid and evidence-based practices by prohibiting the use of the term "excited delirium" as a medical diagnosis, cause of death, or legal defense.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 36, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 36, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Garcia). Noes, none. Excused, 2 (Cochran, Kahaloa).

SCRep. 1057 Judiciary & Hawaiian Affairs on H.B. No. 576

The purpose of this measure is to exempt transfers of Hawaiian home lands from transfer restrictions of real property under housing development programs of the Hawaii Housing Finance and Development Corporation.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands and Hawaii Housing Finance and Development Corporation.

Your Committee finds that some Department of Hawaiian Home Lands (DHHL) projects have used Hawaii Housing Finance and Development Corporation (HHFDC) programs to assist in the financing of the projects. However, use of HHFDC programs subjects the projects to transfer restrictions, such as buyback and shared appreciation restrictions, that may conflict with the objectives and requirements of the DHHL programs. This measure exempts DHHL projects from the transfer restrictions typically applicable to HHFDC projects.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 576, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 576, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Cochran, Kahaloa).

SCRep. 1058 Judiciary & Hawaiian Affairs on H.B. No. 918

The purpose of this measure is to establish labeling requirements for certain premoistened nonwoven disposable wipes.

Your Committee received testimony in support of this measure from the Department of Environmental Management of the County of Hawai'i; Hawai'i Association of REALTORS; and Hawai'i Reef and Ocean Coalition. Your Committee received comments on this measure from the Department of Health; Retail Merchants of Hawaii; and Household & Commercial Products Association.

Your Committee finds that the accumulation of disposable wipes, even those labeled as "flushable", in wastewater treatment systems is a major contributor to blockages in sewer systems. This can lead to sewage spills, increased maintenance costs, and environmental hazards. This measure would establish clear labeling requirements for non-flushable wipes and impose civil penalties to ensure compliance by manufacturers and retailers.

Your Committee has amended this measure by:

- (1) Removing the Department of Health from language relating to the registration and approval of manufacturers of covered products by the United States Environmental Protection Agency;

- (2) Deleting language that would have established penalties under this measure; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 918, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 918, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Cochran, Kahaloa, Garcia, Shimizu).

SCRep. 1059 Judiciary & Hawaiian Affairs on H.B. No. 1277

The purpose of this measure is to limit the value of daily transactions through a digital financial asset transaction kiosk to a maximum of \$1,000.

Your Committee received testimony in support of this measure from AARP Hawai'i; Hawai'i Family Caregiver Coalition; Hawaii Credit Union League; Holomua Collaborative; Hawaii Bankers Association; and six individuals. Your Committee received testimony in opposition to this measure from CoinFlip. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that digital financial asset transaction kiosks, also known as crypto ATMs, appear as regular ATMs and allow people to conduct legitimate cryptocurrency transactions by depositing fiat to purchase cryptocurrencies that are then transferred to a digital wallet. However, crypto ATMs are largely unregulated at the state level compared to traditional financial institutions and money service businesses, which allows the crypto ATMs to lack consumer fraud protections. As a result, crypto ATMs can put Hawaii consumers at risk of fraudulent purchase schemes. This measure provides a means for protecting consumers by limiting the daily amount that may be transacted through crypto ATMs.

Your Committee has amended this measure to clarify the exemption under the definition of "digital financial asset" for securities registered or exempt from registration under Hawaii law.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1277, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1277, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Cochran, Kahaloa, Garcia, Shimizu).

SCRep. 1060 Judiciary & Hawaiian Affairs on H.B. No. 70

The purpose of this measure is to:

- (1) Specify that the condominium association budget summary must contain all required information without referring the reader to other portions of the budget;
- (2) Explicitly state that the defense of good faith compliance is unavailable to any condominium association whose board adopts a budget that omits the required budget summary; and
- (3) Provide that a condominium association has the burden of proving compliance.

Your Committee received testimony in support of this measure from the Hawaii Legislative Action Committee of the Community Associations Institute; Hawaii First Realty LLC; and four individuals. Your Committee received testimony in opposition to this measure from Honolulu Tower; Palehua Townhouse Association; and numerous individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that condominium associations in the State play a critical role in managing shared residential properties, yet concerns have arisen regarding the transparency and accountability of financial disclosures, particularly with reserve studies and budget summaries. Your Committee further finds that some condominium associations have failed to provide clear and accessible summaries of their financial health, leaving unit owners without crucial information about their financial obligations and long-term property maintenance. This measure strengthens financial transparency by ensuring that condominium associations provide accurate and complete budget summaries and removes the good faith exemption for boards that fail to comply, promoting better governance and protecting homeowners' interest.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 70, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Cochran, Kahaloa, Garcia, Shimizu).

SCRep. 1061 Judiciary & Hawaiian Affairs on H.B. No. 528

The purpose of this measure is to exempt state and county lands leased after July 1, 2025, for an initial period of no less than ninety-nine years from state law governing residential leaseholds.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee finds that existing law provides assistance and protection to certain lessees. Under chapter 516, Hawaii Revised Statutes, the Hawaii Housing Finance and Development Corporation is authorized to assist residential lessees of single-family homes to purchase the leased fee interest in their houselots by petitioning the State to facilitate a lease-to-fee conversion through its use of eminent domain powers. Under chapter 516D, Hawaii Revised Statutes, sellers of residential leaseholds of condominium units or cooperative apartments are required to disclose the major provisions of the lease.

Your Committee further finds that these statutory provisions should not apply to state and county lands, leased on or after July 1, 2025, for an initial period of no less than ninety-nine years as it would be inconsistent with the intent of those leases. This measure exempts such state and county lands from the provisions of chapters 516 and 516D, Hawaii Revised Statutes, to more effectively manage the land.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 528, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Belatti). Noes, none. Excused, 2 (Cochran, Kahaloa).

SCRep. 1062 Judiciary & Hawaiian Affairs on H.B. No. 1093

The purpose of this measure is to clarify the Hawaii Public Housing Authority's powers relating to housing projects.

Your Committee received testimony in support of this measure from the Hawaii Public Housing Authority.

Your Committee finds that the concentration of public housing has been shown to reduce opportunities for the low-income families these projects are meant to assist. Neighborhoods with high concentrations of low-income families often struggle with higher crime rates, fewer jobs, and poorer performing schools. This measure would shift the Hawaii Public Housing Authority's focus to achieve its long-term goals of decentralized poverty and redeveloping existing public housing projects into mixed-income communities.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1093, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Cochran, Kahaloa, Todd).

SCRep. 1063 Judiciary & Hawaiian Affairs on H.B. No. 1096

The purpose of this measure is to repeal the statutorily established tenant selection preferences for disabled veterans and spouses of deceased veterans in the State Low-Income Housing Program.

Your Committee received testimony in support of this measure from the Hawaii Public Housing Authority; Hawai'i Civil Rights Commission; and Disability and Communication Access Board.

Your Committee finds that the Hawaii Public Housing Authority serves the most vulnerable members of the community, including families earning less than thirty percent of the area median income, individuals with disabilities, elderly residents on fixed incomes, and veterans in need of housing assistance. For the State Low-Income Housing Program, the tenant selection preferences are codified in statute. This is in contrast with all of the other programs administered by the Authority, where such preferences are not codified in statute, but rather in the Authority's administrative rules. The codified preferences make it difficult for the Authority to adjust its policies to address evolving housing needs. This measure repeals the statutory tenant selection preferences allowing the Authority to address such preferences in its administrative rules.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1096, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Cochran, Kahaloa).

SCRep. 1064 Judiciary & Hawaiian Affairs on H.B. No. 1411

The purpose of this measure is to allow the Hawaii Housing Finance and Development Corporation to allow projects to grant preferences in the sale or lease of housing units to applicants who live or work within five miles of the project.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation and NAIOP Hawaii.

Your Committee finds that long commutes strain transportation infrastructure. Long commutes also impair worker productivity and personal wellbeing, as well as harm the environment and overall economic productivity of the State. Allowing people to live closer to where they work will help preserve infrastructure, improve workers' mental health, and help businesses by reducing commute time. This measure establishes preferences for applicants who live or work in the immediate vicinity of affordable housing projects.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1411, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Cochran, Kahaloa).

SCRep. 1065 Judiciary & Hawaiian Affairs on H.B. No. 1325

The purpose of this measure is to:

- (1) Require developers of affordable housing projects under the Hawaii Housing Finance and Development Corporation to assist certain tenants who are subject to displacement or eviction by the proposed project by:
 - (A) Granting those tenants the right of first refusal of a comparable unit in the housing project at an affordable rate or establishing a fund to provide relocation benefits and offer assistance;
 - (B) Providing information, either directly or through a contracted service, on how to obtain assistance and exercise the right of first refusal; and
 - (C) Establishing procedures to track and maintain communication with those tenants; and
- (2) Establish consequences for a developer's noncompliance.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation; Tagnawa; Democratic Party of Hawai'i; Hawaii Appleseed Center for Law & Economic Justice; LIMBY Hawai'i; Save Medicaid Hawaii; Lāhainā Strong; Chamber of Commerce Hawaii; Susannah Wesley Community Center; Adult Friends for Youth; Maui Tenants and Workers Association; Parents and Children Together; Medical-Legal Partnership for Children in Hawai'i; Hawai'i YIMBY; Kokua Kalihi Valley Comprehensive Family Services; and numerous individuals.

Your Committee finds that addressing the housing shortage requires the redevelopment of existing homes. However, when an existing residential structure is being redeveloped, the current residents should be treated fairly and equitably, and allowed the opportunity to return to their community. The lack of a standardized process to address the displacement of current residents cultivates mistrust of housing efforts. This measure establishes a standardized process to transition current residents displaced by an affordable housing project.

Your Committee has amended this measure by:

- (1) Clarifying that upon completion of the proposed housing project, developers must offer and implement the right of first refusal to displaced or evicted tenants if that option is chosen by the developer;
- (2) Deleting language that would have specified that tenants are considered relocated only when they have moved into the new project; and

(3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1325, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1325, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Cochran, Kahaloa).

SCRep. 1066 Judiciary & Hawaiian Affairs on H.B. No. 1008

The purpose of this measure is to:

- (1) Require the Department of Land and Natural Resources to determine the effect of any proposed state affordable housing project on historic property, aviation artifacts, or burial sites within ninety days of a request for determination; and
- (2) Base the historic review requirements on the project area's known or likely density of historic, cultural, and archaeological resources or previous identification of no significant historic properties through an archaeological inventory survey.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Land and Natural Resources; Hawaii Housing Finance and Development Corporation; Hawai'i Association of REALTORS; and Maui Chamber of Commerce. Your Committee received comments on this measure from the Office of Hawaiian Affairs.

Your Committee finds that historic reviews are required for any building, structure, object, district, area, or site that is 50 years or older, regardless of historical significance. Consequently, it is common for historic reviews to require over a year to complete. The lengthy and backlogged historic preservation reviews prevent the timely development of affordable housing, increase costs, and add uncertainty to projects. This measure streamlines the historic preservation review process to help support the State's efforts to provide affordable housing.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1008, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Belatti). Noes, 1 (Garcia). Excused, 3 (Cochran, Kahaloa, Todd).

SCRep. 1067 Judiciary & Hawaiian Affairs on H.B. No. 54

The purpose of this measure is to increase the penalty for a third or subsequent offense, within five years, of excessive speeding to a class C felony and that the vehicle be subject to forfeiture.

Your Committee received testimony in support of this measure from the Department of Transportation; Honolulu Police Department; Oahu Metropolitan Planning Organization; and one individual. Your Committee received testimony in opposition to this measure from the Office of the Public Defender and Drug Policy Forum of Hawaii.

Your Committee finds that excessive speeding is a major public safety concern, contributing to a high number of traffic fatalities and serious injuries in Hawaii. Research shows that pedestrian fatality risk rises sharply with higher impact speeds, and nearly half of the State's traffic deaths in the past decade were speed-related. This measure strengthens penalties for repeat speeding offenders and permits vehicle forfeiture to discourage reckless driving and improve overall road safety.

Your Committee has amended this measure by:

- (1) Making the penalty for a third or subsequent offense of excessive speeding a misdemeanor, rather than a Class C felony;
- (2) Requiring a mandatory minimum jail sentence of thirty days as part of sentencing;
- (3) Changing the maximum amount of time a person's license may be revoked to six months, rather than one year; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 54, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 54, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Shimizu). Noes, none. Excused, 1 (Cochran).

SCRep. 1068 Judiciary & Hawaiian Affairs on H.B. No. 162

The purpose of this measure is to:

- (1) Authorize the Hawaii Labor Relations Board to include the Federal Mediation and Conciliation Service in their request to the American Arbitration Association to furnish a list of five qualified interest arbitrators to mediate labor disputes; and
- (2) Clarify that the list of five interest arbitrators may contain interest arbitrators from the American Arbitration Association and the Federal Mediation and Conciliation Service, or their successors.

Your Committee received testimony in support of this measure from the United Public Workers, AFSCME Local 646, AFL-CIO; Hawaii State AFL-CIO; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that the collective bargaining process for public employees in the State relies on arbitration panels to resolve disputes. However, existing law limits the selection of neutral arbitrators to those provided by a single organization. This restriction can reduce the availability of experienced arbitrators and hinder the timely resolution of labor disputes. This measure will expand the pool of qualified arbitrators and ensure a more efficient and impartial arbitration process by allowing the Hawaii Labor Relations Board to request arbitrators from the Federal Mediation and Conciliation Service.

Your Committee has amended this measure by making technical amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 162, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 162, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1069 Judiciary & Hawaiian Affairs on H.B. No. 359

The purpose of this measure is to amend covered offender registration laws to:

- (1) Include offenders who, while acting in a professional capacity, commit the offense of sexual assault in the fourth degree against a minor who is at least sixteen years old;
- (2) Provide that the exception to public access requirements for misdemeanors does not apply when the covered offense was committed against a minor;
- (3) Require a person who is required to report every year under the covered offender registration requirements to report during the thirty-day period following the offender's birthday, rather than from the offender's actual date of birth; and
- (4) Specify how certain covered offenses are to be tiered for purposes of seeking termination of registration requirements.

Your Committee received testimony in support of this measure from the Honolulu Police Department; Department of the Prosecuting Attorney of the City and County of Honolulu; Sex Abuse Treatment Center; Hawai'i State Commission on the Status of Women; and two individuals. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that loopholes in the sex offender registration laws allow some offenders to evade public disclosure. For example, individuals in trusted roles, such as teachers, coaches, and religious leaders, who sexually assault minors aged sixteen or seventeen are not required to publicly register as sex offenders. This measure closes those loopholes by expanding registration requirements for sex offenders, mandating public disclosure for offenses against minors, and refining reporting procedures.

Your Committee has amended this measure by:

- (1) Amending the definition of "sexual offense", and the related termination of registration requirements, to include the offenses of:
 - (A) Sexual assault in the fourth degree, where the offender exposes the offender's genitals to another person under circumstances in which the offender's conduct is likely to alarm the other person or put the other person in fear of bodily injury;
 - (B) Incest, except when the perpetrator is under the age of eighteen;
 - (C) Sexual assault of an animal; and
 - (D) Use a computer in the commission of a separate crime, wherein the separate crime is a covered offense subject to covered offender registration laws; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 359, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 359, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1070 Judiciary & Hawaiian Affairs on H.B. No. 1283

The purpose of this measure is to:

- (1) Establish an exemption from mediation in paternity proceedings where there are allegations of domestic abuse; and
- (2) Clarify the exemption from mediation in divorce proceedings as it relates to domestic abuse.

Your Committee received testimony in support of this measure from the Judiciary; Hawai'i State Coalition Against Domestic Violence; Hawai'i Children's Action Network Speaks!; and two individuals.

Your Committee finds that in contested paternity and divorce proceedings where allegations of domestic abuse are present, the requirement for mediation can place victims in unsafe and emotionally harmful situations. The existing mediation process may force parties who have experienced domestic abuse to engage with their abuser in a setting that is not conducive to their safety or well-being. This measure seeks to address these concerns by exempting parties alleging domestic abuse from mandatory mediation, ensuring that any mediation is conducted under conditions that prioritize the safety of the victim.

Your Committee has amended this measure by:

- (1) Clarifying provisions related to the circumstances when a mediator is authorized to engage in mediation in paternity proceedings where there are allegations of domestic abuse; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1283, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1283, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1071 Judiciary & Hawaiian Affairs on H.B. No. 463

The purpose of this measure is to:

- (1) Require that the courts make a good faith and diligent effort to seal all court records of any eviction proceeding within a reasonable time if certain conditions are met;
- (2) Authorize the court to seal certain eviction records upon motion by a tenant who is able to demonstrate that certain conditions apply;
- (3) Require the clerk of the court to provide access to sealed eviction records to the tenant;
- (4) Make it a discriminatory practice to discriminate against a person based on the knowledge or belief that the person has a sealed eviction records; and

- (5) Prohibit discrimination in real property transactions against a person with a sealed eviction record.

Your Committee received testimony in support of this measure from the Medical-Legal Partnership for Children in Hawai'i; Hawai'i Appleseed Center for Law & Economic Justice; Lahaina Strong; and four individuals. Your Committee received testimony in opposition to this measure from the Public First Law Center and one individual. Your Committee received comments on this measure from the Department of the Attorney General; Judiciary; and Hawai'i Association of REALTORS.

Your Committee finds that eviction records, even when cases are dismissed or resolved in favor of tenants, can create significant obstacles to securing future housing, as once an eviction case is filed, it remains on record and is often used by landlords and screening companies to deny rental applications. This measure seeks to reduce the long-term effects of eviction filings, ensuring fair access to housing and preventing unjust barriers to securing rental opportunities.

However, your Committee finds that this measure may face legal challenge under the First Amendment of the United States Constitution. Courts have held that the public has a right to inspect certain court records under the First Amendment. Consequently, the provisions of this measure that require the Judiciary to impose a blanket sealing of all court records relating to eviction proceedings may interfere with a presumptive public right of access in violation of the First Amendment.

Accordingly, your Committee has amended this measure by:

- (1) Changing the mechanism from the sealing of records to the disassociation of the tenant in the Judiciary's publicly accessible electronic databases to ensure that a legal proceeding cannot be accessed online by the tenant's name;
- (2) Deleting language requiring the clerk of the court to provide access to a sealed record;
- (3) Amending the language prohibiting discriminatory practices to be based on the person's status of being the subject of an eviction action that was disassociated, rather than it being based on having a sealed eviction record, with conforming amendments to effectuate that intent, including deleting the definition of "sealed eviction record"; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 463, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 463, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Garcia, Shimizu). Noes, none. Excused, 1 (Cochran).

SCRep. 1072 Judiciary & Hawaiian Affairs on H.B. No. 712

The purpose of this measure is to preserve the integrity of the federal 340B Drug Pricing Program by prohibiting drug manufacturers from denying, restricting, or prohibiting the acquisition, shipping, or delivery of a 340B drug to a pharmacy under contract with any 340B covered entity in the State.

Your Committee received testimony in support of this measure from the Hawai'i Island Community Health Center; Hawai'i Primary Care Association; Healthcare Association of Hawaii; Hawai'i Pharmacists Association; The Queen's Health Systems; Hawai'i Pacific Health; AlohaCare; and one individual. Your Committee received testimony in opposition to this measure from the Pharmaceutical Research and Manufacturers of America and Biotechnology Innovation Organization. Your Committee received comments on this measure from the Department of Health; Department of Commerce and Consumer Affairs; and Department of the Attorney General.

Your Committee finds that the federal 340B Drug Discounting Program is essential for providing health care access to low-income and uninsured populations. The Program requires drug manufacturers to offer significant discounts on outpatient medications to eligible nonprofit hospitals and safety net providers, rural hospitals, community health centers, and Native Hawaiian health centers.

Your Committee further finds that, while the Program allows health facilities to stretch limited resources, drug manufacturers have consistently tried to undermine the benefits provided by the Program by limiting the use of contract pharmacies by 340B covered entities. Contract pharmacies play a vital role in ensuring that patients can access medications, especially in rural areas where many hospitals do not have an in-house pharmacy. This measure deters behavior by manufacturers from restricting or denying access for pharmacies contracted with 340B covered entities to purchase 340B drugs at discounted prices under the federal 340B Drug Discounting Program.

Your Committee notes that concerns were raised that the Office of Consumer Protection was not the appropriate agency to be enforcing contractual disputes between private entities.

Accordingly, your Committee has amended this measure by:

- (1) Removing the provisions of this measure from the jurisdiction of the Office of Consumer Protection and keeping the provisions under the enforcement authority of the Department of the Attorney General;
- (2) Authorizing injured 340B covered entities to file a civil action to enjoin a violation and awarding reasonable attorney's fees and costs if the judgment is in favor of the 340B covered entity;
- (3) Specifying that actions to enforce a violation are subject to a four-year limitation; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 712, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 712, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Cochran, Kahaloa, Garcia, Shimizu).

SCRep. 1073 Judiciary & Hawaiian Affairs on H.B. No. 901

The purpose of this measure is to authorize public charter schools to appeal directly to the Board of Education on matters that materially affect the school's operation, governance, or funding.

Your Committee received testimony in support of this measure from the Hawaii Public Charter Schools Network. Your Committee received comments on this measure from the Department of the Attorney General; Board of Education; and State Public Charter School Commission.

Your Committee finds that public charter schools are key components of Hawaii's education system, offering diverse learning opportunities for students. However, charter schools currently have restricted options for addressing disputes that impact their governance, funding, or daily operations. This measure enhances their ability to seek fair resolution by permitting direct appeals to the Board of Education on significant matters affecting their functioning.

Your Committee has amended this measure by:

- (1) Clarifying the grounds for an appeal of non-renewal or revocation of a charter contract;
- (2) Clarifying the process for public charter schools to appeal directly to the Board of Education on matters that materially affect the school's operation, governance, or funding; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 901, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 901, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Belatti). Noes, 1 (Perruso). Excused, 2 (Cochran, Todd).

SCRep. 1074 Judiciary & Hawaiian Affairs on H.B. No. 966

The purpose of this measure is to:

- (1) Establish statewide, uniform standards to promote agricultural tourism activities in the State for all counties that have adopted an agricultural tourism ordinance;
- (2) Require agricultural tourism activities to be registered by the respective county planning commission; and
- (3) Require agricultural tourism activities to coexist with an agricultural activity on a farming operation and provide for the termination of agricultural tourism activities upon the cessation of the agricultural activity.

Your Committee received testimony in support of this measure from the Office of the Mayor of the County of Hawai'i; Hawai'i Farm Bureau; Mahina Farms Maui, LLC; Grassroot Institute of Hawaii; Heavenly Hawaiian Farms; Hawaii Coffee Growers Association; and Maui Chamber of Commerce. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Agriculture; Office of Planning and Sustainable Development; Hawai'i Tourism Authority; and Hawaii Cattlemen's Council.

Your Committee finds that the lack of consistency in agricultural tourism permitting across the State creates significant barriers for farmers and ranchers, which hinders the growth of agricultural tourism and limits its potential as a revenue stream. The varying permitting processes, standards, and definitions across the counties cause confusion, disrupt business models, and exacerbate zoning and permitting challenges. This measure will streamline the approval process for permitting and ensure that agricultural tourism is integrated with ongoing agricultural operations by establishing uniform, statewide standards for agricultural tourism activities.

Your Committee has amended this measure by:

- (1) Deleting language that authorized agricultural tourism to include overnight accommodations;
- (2) Requiring agricultural tourism activities to be registered with the county planning department before commencement of the activity and requiring additional information for registration;
- (3) Providing that the authorization to conduct agricultural tourism activities shall not be terminated if the cessation of the agricultural activity is temporary and due to inclement weather, disease or pest infestation, market and supply chain disruptions, or change in crop type;
- (4) Deleting language that would have included agricultural tourism activities and roadside stands or retail activities in enclosed structures under agricultural-based commercial operations authorized in agricultural districts;
- (5) Authorizing, rather than requiring, agricultural districts to include areas that are not used for, or that are not suited to, agricultural and ancillary activities by reason of topography, soils, and other related characteristics;
- (6) Reinstating language that defined plantation community subdivisions as an established subdivision or cluster of employee housing, community buildings, and agricultural support buildings on land currently or formerly owned, leased, or operated by a sugar or pineapple plantation, for purposes of permitted uses within agricultural districts;
- (7) Reinstating language regarding minimum lot sizes in agricultural districts; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that the Department of Agriculture testified that the deletion of language in a previous draft that prohibited revenue from all agriculture tourism activities from exceeding the revenue from the agricultural activity conducted on the farming operation could have served as an indicator that agricultural tourism activities are accessory and secondary to the principal agricultural use. According to the Department, without this language, there is no other objective indicator to ensure agricultural tourism activities are accessory and secondary to the principal agricultural use.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 966, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 966, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1075 Judiciary & Hawaiian Affairs on H.B. No. 1006

The purpose of this measure is to include agricultural tourism in the definition of "enterprise" to authorize the Agribusiness Development Corporation to financially support farming businesses engaged in agricultural tourism.

Your Committee received testimony in support of this measure from the Department of Agriculture; Department of Business, Economic Development, and Tourism; Agribusiness Development Corporation; Hawai'i Farm Bureau; Chamber of Commerce Hawaii; Maui Chamber of Commerce; and Hawaii Food+ Policy.

Your Committee finds that agritourism is a growing industry that blends agriculture with tourism, providing farmers with new revenue opportunities while educating the public about local food production. This measure expands the definition of "enterprise" to include agritourism, enabling the Agribusiness Development Corporation to offer financial and technical assistance to farmers developing agritourism ventures such as farm tours, workshops, and farm-to-table experiences.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1006, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1006, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, 1 (Perruso). Excused, 1 (Cochran).

SCRep. 1076 Judiciary & Hawaiian Affairs on H.B. No. 1334

The purpose of this measure is to exempt the donation of wild game, including wild game meat products, to charitable, religious, or nonprofit organizations from certain laws regarding the inspection and transportation of meat for the purpose of feeding needy individuals.

Your Committee received testimony in support of this measure from the Department of Agriculture; Department of Land and Natural Resources; one member of the Maui County Council; Maui Food Bank; Hawai'i Farm Bureau; Maui Adaptation Project; Hawaii Food Industry Association; Hawai'i Food+ Policy; Pūlama Lāna'i; Maui Chamber of Commerce; and four individuals.

Your Committee finds that food insecurity remains a significant issue in Hawaii. Additionally, the unchecked growth of invasive axis deer has led to environmental degradation and agricultural losses. This measure seeks to address these concerns by exempting wild game meat donations, including axis deer, from certain inspection and transportation regulations, making it easier for hunters and landowners to donate meat to charitable organizations.

Your Committee has amended this measure by:

- (1) Clarifying the definition of "wild game"; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1334, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1334, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1077 Judiciary & Hawaiian Affairs on H.B. No. 194

The purpose of this measure is to designate May 22 of each year as Maritime Day.

Your Committee received testimony in support of this measure from the Hawaii State AFL-CIO; Hawai'i Nurses Association OPEIU Local 50; Pride at Work Hawai'i; University of Hawaii Professional Assembly; International Alliance of Theatrical Stage Employees, Moving Picture Technicians, Artists, and Allied Crafts of the United States, its Territories, and Canada, Local 665; and one individual.

Your Committee finds that the maritime industry is an essential part of the economy and culture of the State. Maritime workers play a critical role in maintaining the seamless flow of commerce into and out of the State. Your Committee believes that designating May 22 as Maritime Day serves as a meaningful way to honor the dedicated efforts and contributions of maritime workers.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 194, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Garcia). Noes, none. Excused, 2 (Cochran, Todd).

SCRep. 1078 Judiciary & Hawaiian Affairs on H.B. No. 957

The purpose of this measure is to designate the first Friday in May of each year as Lau Lau Day.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Hawai'i Farm Bureau; and numerous individuals.

Your Committee finds that lau lau is a treasured Hawaiian dish that represents cultural heritage, community, and tradition. Its preparation and sharing are central to gatherings, celebrations, and fundraisers, highlighting its deep-rooted significance. By designating the first Friday in May as "Lau Lau Day", this measure helps preserve lau lau as a meaningful part of Hawaii's culinary and cultural identity.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 957, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, 1 (Garcia). Excused, 2 (Cochran, Todd).

SCRep. 1079 Judiciary & Hawaiian Affairs on H.B. No. 302

The purpose of this measure is to repeal the requirement that a provider-patient relationship be established in person for the purposes of certifying a qualifying patient for the medical use of cannabis, with certain restrictions.

Your Committee received testimony in support of this measure from the Department of Health; Aloha Green Apothecary; Cure Oahu; Hawai'i Cannabis Industry Association; and Big Island Grown. Your Committee received comments on this measure from Akamai Cannabis Consulting.

Your Committee finds that the existing medical cannabis laws prohibit the issuance of a written certification for the use of medical cannabis by means of telehealth unless a bona fide provider-patient relationship has been previously established in person. Your Committee further finds that the laws relating to telehealth were revised in 2021, which for all other medications except for opiates and medical cannabis, allows the issuance of prescriptions through telehealth consultations without the establishment of a bona fide provider-patient relationship in person. This differentiated treatment of medical cannabis from other medications appears arbitrary and this measure eliminates this barrier, providing greater access to necessary medication for patients.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 302, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1080 Judiciary & Hawaiian Affairs on H.B. No. 706

The purpose of this measure is to require all skateboard users under the age of sixteen to wear a helmet while operating a skateboard on public property.

Your Committee received testimony in support of this measure from the Department of Transportation; AAA Hawai'i; Kapi'olani Medical Center for Women & Children; and four individuals.

Your Committee finds that according to the U.S. Consumer Product Safety Commission, more than two hundred thirty thousand people with skateboarding-related injuries received emergency treatment at a hospital in 2022, with more than one-third involving children under the age of fifteen. Your Committee further finds that non-helmeted skateboards have a sixty percent greater risk of sustaining an injury than helmeted skateboarders. This measure will align Hawaii with other states that have passed mandatory helmet laws for minors who are skateboarding on streets and other public properties such as skateparks.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 706, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 9; Ayes with Reservations (Shimizu). Noes, 1 (Garcia). Excused, 1 (Cochran).

SCRep. 1081 Judiciary & Hawaiian Affairs on H.B. No. 1158

The purpose of this measure is to limit the civil liability of individuals who render firefighting services with a firefighting vessel, upon reasonable command, at any of the State's commercial harbors or roadsteads, any commercial harbor or waterfront improvement belonging to or controlled by the State, or any vessel within a commercial harbor or roadstead to only damages resulting from the individual's gross negligence or wanton acts or omissions.

Your Committee received testimony in support of this measure from the Department of Transportation and Hawai'i Harbors User Group. Your Committee received comments on this measure from one individual.

Your Committee finds that there are privately owned assets and vessels that are home ported in commercial ports across the State and are equipped with firefighting tools, such as fire monitors and water cannons. However, the owners of these assets and vessels have been reluctant to use them to assist county fire departments and provide firefighting services because of concerns over possible civil liability. Limiting the civil liability for those private individuals to cases of gross negligence, as proposed by this measure, will encourage these individuals to provide assistance to county fire departments and enhance maritime safety by preventing and rapidly responding to maritime fires.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1158, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1082 Judiciary & Hawaiian Affairs on H.B. No. 1066

The purpose of this measure is to:

- (1) Add the Head Start State Collaboration Office Director as an ex officio, non-voting member of the Early Learning Board; and
- (2) Require the Early Learning Board to invite the President of the Head Start Association of Hawaii, or the President's designee, to serve as an ex officio, non-voting member of the Board.

Your Committee received testimony in support of this measure from the Early Learning Board and Executive Office on Early Learning.

Your Committee finds that the federal Head Start Act mandates each state to establish a State Advisory Council on Early Childhood Education and Care, which in Hawaii is the Early Learning Board. To comply with federal requirements, the Early Learning Board must include representation from Head Start programs operating in the State. This measure updates state law by adding the Head Start State Collaboration Office Director as an ex officio member of the Early Learning Board and inviting the President of the Head Start Association of Hawaii, or the President's designee, to join the Board in a non-voting capacity.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1066, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Cochran, Todd).

SCRep. 1083 Judiciary & Hawaiian Affairs on H.B. No. 1343

The purpose of this measure is to require the Board of Education to adopt a policy that bans the use of cell phones and related devices by students during school hours.

Your Committee received testimony in support of this measure from the Board of Education; Office of the Mayor of the County of Hawai'i; and three individuals.

Your Committee finds that cell phone use in schools disrupts student learning, reduces engagement, and impacts overall academic success. Furthermore, excessive screen time limits face-to-face interactions, which are essential for students' social and emotional development. This measure directs the Board of Education to establish a statewide policy prohibiting student use of cell phones and similar devices, such as smartwatches and wireless headphones, during school hours to foster a more productive, inclusive, and distraction-free learning environment.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1343, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Cochran, Todd).

SCRep. 1084 Judiciary & Hawaiian Affairs on H.B. No. 1141

The purpose of this measure is to require lease extensions approved by the Board of Land and Natural Resources to be drafted on the most current approved lease form, to be subject to the most current leasing practices and policies, not rules, of the Board of the Land and Natural Resources, and control over conflicting or inconsistent provisions in a lease being extended.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that updated lease terms and conditions will allow the State to secure a fair return for the use of public lands, while also reducing liability for outdated structures on those lands.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1141, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Garcia). Noes, none. Excused, 1 (Cochran).

SCRep. 1085 Judiciary & Hawaiian Affairs on H.B. No. 510

The purpose of this measure is to amend the conditions, manner, and areas in which the Commission on Water Resource Management can declare and provide notice of water shortages and emergencies.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Honolulu Board of Water Supply; Hawai'i Climate Change and Health Working Group; and one individual. Your Committee received testimony in opposition to this measure from the Land Use Research Foundation of Hawaii and Hawai'i Farm Bureau.

Your Committee finds that the Commission on Water Resource Management should have the ability to adopt water shortage plans, permit classifications, and criteria outside of water management areas and should apply these plans to the owners and operators of wells and stream diversion works. Your Committee further finds that it is necessary to ensure effective and transparent planning for water shortages within and outside of designated water management areas. This measure addresses this need by amending the conditions, manner, and areas in which the Commission on Water Resource Management can declare and provide notice of water shortages and emergencies.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 510, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Shimizu). Noes, 1 (Garcia). Excused, 1 (Cochran).

SCRep. 1086 Judiciary & Hawaiian Affairs on H.B. No. 511

The purpose of this measure is to provide that a survey of the land that is to be set aside shall not be a condition precedent to the setting aside of public lands to any department or agency of the State.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Hawai'i Farm Bureau; and Hawaii Cattlemen's Council. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that this measure expedites the process for setting aside public lands by providing that a survey of the land to be set aside shall not be a condition precedent to the setting aside of public lands to any department or agency of the State.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 511, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1087 Judiciary & Hawaiian Affairs on H.B. No. 1348

The purpose of this measure is to authorize the Board of Land and Natural Resources to lease public lands for recreation-residence use by public lottery and restrict participation in the public lottery to residents of the county in which the leased land is located.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Kōke'e Leaseholders Association; and numerous individuals.

Your Committee finds that the demand for recreational-residence use of public lands in the State has increased, presenting a need for a more equitable and systematic method of allocating these lands. While direct negotiations for leases have historically been an option, this process has sometimes resulted in uneven access, favoring certain individuals or groups over others. This measure enhances the transparency of the leasing process of certain public lands while also maintaining protections for the environmental, cultural, and scenic integrity of the leased lands.

Your Committee has amended this measure by:

- (1) Defining the term "recreation-residence";
- (2) Requiring the Board of Land and Natural Resources to lease lands within a state park or forest reserve and other lands set aside under executive order for recreation-residence use by public lottery;
- (3) Clarifying the provisions for renewing, rather than extending, the recreation-residence use lease;
- (4) Requiring the Board of Land and Natural Resources to limit participation in the public lottery of recreation-residence use leases to residents of the same county in which the land to be leased is located; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1348, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1348, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1088 Judiciary & Hawaiian Affairs on H.B. No. 345

The purpose of this measure is to establish 'ōpae 'ula as the state shrimp.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Kua'āina Ulu 'Auamo; Hawai'i Wildlife Fund; Hawai'i Ocean Legislative Task Force; and five individuals.

Your Committee finds that anchialine pools, or wai 'ōpae, are ecologically and culturally significant ecosystems unique to Hawaii that serve as critical habitats for native species, including the endemic 'ōpae 'ula shrimp. Designating 'ōpae 'ula as the state shrimp will raise awareness about the importance of anchialine pool conservation and the threats posed by invasive species, coastal development, and pollution.

Your Committee has amended this measure by making a technical amendment for the purpose of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 345, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 345, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Cochran, Todd).

SCRep. 1089 Judiciary & Hawaiian Affairs on H.B. No. 458

The purpose of this measure is to designate April 27 of every year as Brother Joseph Dutton Day.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services; Joseph Dutton Guild; and three individuals.

Your Committee finds that Brother Joseph Dutton dedicated nearly forty-five years of his life to the residents of Kalaupapa. This measure ensures that Brother Joseph Dutton's legacy will endure for future generations. Your Committee further finds that this measure will also allow the State to annually reflect upon its history while increasing awareness of, and educational opportunities about, the residents of Kalaupapa.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 458, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 458, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Garcia). Noes, none. Excused, 2 (Cochran, Todd).

SCRep. 1090 Judiciary & Hawaiian Affairs on H.B. No. 1162

The purpose of this measure is to require all applicants for a motorcycle instruction permit to successfully complete a basic motorcycle rider course approved by the Department of Transportation.

Your Committee received testimony in support of this measure from the Department of Transportation and one individual. Your Committee received comments on this measure from the Department of Customer Services' Division of Motor Vehicle Registration of the City and County of Honolulu.

Your Committee finds that requiring applicants for motorcycle instruction permits to complete a basic motorcycle rider course before receiving the motorcycle instruction permit will enhance road safety and protect motorists and motorcyclists who use Hawaii's roads.

Your Committee notes the concerns raised in written testimony by the Division of Motor Vehicle Registration of the City and County of Honolulu Department of Customer Services regarding the feasibility of implementing this measure by the proposed date of July 1, 2026.

Your Committee has amended this measure by:

- (1) Clarifying that a person shall not operate a motor vehicle in connection with the driving training course without a valid temporary instruction permit unless it is a motorcycle that is being used for training purposes on an enclosed state certified training range; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1162, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1162, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, 1 (Garcia). Excused, 1 (Cochran).

SCRep. 1091 Judiciary & Hawaiian Affairs on H.B. No. 226

The purpose of this measure is to:

- (1) Prohibit a person from installing, mounting, adhering, affixing, or using any sun screening device in conjunction with the glazing material of a motor vehicle with mirrored, metallic, red, yellow, amber, or blue tint;
- (2) Require all drivers and passengers of motor vehicles with applied tint to fully roll down their windows when stopped by a law enforcement officer at a traffic stop;
- (3) Lower the minimum light transmittance levels for sun screening devices on certain motor vehicles;
- (4) Exempt side windows to the rear of the driver and rear windows on sedans from sun screening device requirements; and
- (5) Increase the minimum and maximum fines for violating sun screening device requirements.

Your Committee received testimony in support of this measure from the Department of Transportation; T&T Tinting Specialists, Inc.; Kaloko Tinting LLC; and three individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that existing regulations that permit window tints with a light transmittance limit of thirty-five percent fail to adequately address the growing concerns surrounding vehicle interior heat due to climate change. However, your Committee acknowledges the impact darker tints have on visibility for drivers and its potential safety concerns with law enforcement officers. Your Committee believes that this measure strikes a balance between mitigating

heat-related issues and ensuring public safety by prohibiting certain high-reflectivity and low-transmittance tints, while also implementing stricter enforcement measures.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 226, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 226, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1092 Judiciary & Hawaiian Affairs on H.B. No. 1159

The purpose of this measure is to:

- (1) Require masters or persons in charge of vessels to follow an order by a harbor master to evacuate a commercial harbor during emergencies;
- (2) Establish higher penalties for noncompliance with evacuation orders; and
- (3) Require fines collected for violations to be paid into the Harbor Special Fund.

Your Committee received testimony in support of this measure from the Department of Transportation and Hawai'i Emergency Management Agency. Your Committee received testimony in opposition to this measure from Holo Holo Charters, Inc.; Hawaii Longline Association; Ocean Tourism Coalition; Captain Andy's Sailing Inc.; and one individual. Your Committee received comments on this measure from Matson Navigation Company, Inc.

Your Committee finds that the State is susceptible to various hazards, including hurricanes, tsunamis, and volcanic eruptions and it is crucial to have a coordinated, swift response to protect lives, safeguard property, and minimize damage to the State's harbors. Your Committee believes that having an enforceable evacuation mechanism will greatly improve the State's ability to respond to emergencies and avoid chaos in commercial harbor zones.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1159, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1159, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1093 Judiciary & Hawaiian Affairs on H.B. No. 1137

The purpose of this measure is to amend the definition of "beach restoration" to expand the types of activities the State recognizes as restorative and beneficial to beach lands in response to sea level rise and beach loss.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; University of Hawai'i Sea Grant College Program; School of Ocean and Earth Science and Technology's Climate Resilience Collaborative at the University of Hawai'i at Mānoa; Waikīkī Beach Special Improvement District Association; Surfrider Foundation Hawai'i Region; Land Use Research Foundation of Hawaii; Free Access Coalition; and numerous individuals.

Your Committee finds that expanding the definition of "beach restoration" allows for a wider range of nature-based activities, such as dune restoration and removal of derelict structures, to be supported through the beach restoration program. This broadens opportunities for community involvement and strengthens efforts to enhance shoreline resilience and public trust.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1137, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1137, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1094 Judiciary & Hawaiian Affairs on H.B. No. 732

The purpose of this measure is to:

- (1) Allow single-family residences that are less than three thousand five hundred square feet in floor area and not part of a larger development, regardless of development valuation, to be eligible for a special management area minor permit; and
- (2) Increase the valuation of development that determines the necessity of a special management area minor permit or special management area use permit to \$750,000 and require that amount to be increased every five years for inflation.

Your Committee received testimony in support of this measure from the Office of Planning and Sustainable Development; Office of the Mayor of the County of Maui; Department of Planning and Permitting of the City and County of Honolulu; Hawai'i Association of REALTORS; Grassroot Institute of Hawaii; American Institute of Architects, Hawai'i State Council; Maui Chamber of Commerce; and one individual.

Your Committee finds that special management areas are areas specially controlled to limit shoreline development to avoid the permanent loss of valuable resources and the foreclosure of planning and management options, while ensuring adequate access, by dedication or other means, to public owned or used beaches, recreation areas, and natural reserves. However, the permit valuation thresholds have not been updated to reflect the rising costs of labor, materials, and development over time. This measure raises the permit valuations to account for the increased costs.

Your Committee has amended this measure by:

- (1) Clarifying when inflation adjustments begin for purposes of a special management area minor permit and special management area use permit; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 732, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 732, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1095 Judiciary & Hawaiian Affairs on H.B. No. 1087

The purpose of this measure is to:

- (1) Allow the Department of Hawaiian Home Lands to assume historic preservation review of the effect on any proposed project for lands under its jurisdiction except for certain projects; and
- (2) Transfer the administrative placement of the Island Burial Councils to the Office of Hawaiian Affairs.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands and Office of Hawaiian Affairs. Your Committee received testimony in opposition to this measure from the Historic Hawai'i Foundation. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that under existing law, the Department of Hawaiian Home Lands is required to consult with the Department of Land and Natural Resources regarding the effect of any proposed project relating to lands under the Department of Hawaiian Home Lands' jurisdiction on historic properties or burial sites. Your Committee recognizes that this review process is delaying projects that would provide housing for beneficiaries of the Department of Hawaiian Home Lands. Streamlining this process by allowing the Department of Hawaiian Home Lands to assume review of these projects, as intended by this measure, will allow the construction of these proposed projects to be expedited.

Your Committee further finds that the Office of Hawaiian Affairs requested in oral testimony that the provisions transferring the administrative placement of the Island Burial Councils to the Office of Hawaiian Affairs be deleted. The Office of Hawaiian Affairs testified that it is working on a resolution to explore the transfer of Island Burial Councils.

Your Committee has amended this measure by:

- (1) Amending the necessary qualifications for a Hawaiian Home Lands Preservation Officer;
- (2) Deleting language that would have transferred the administrative placement of the Island Burial Councils to the Office of Hawaiian Affairs; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1087, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1087, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Shimizu). Noes, none. Excused, 1 (Cochran).

SCRep. 1096 Judiciary & Hawaiian Affairs on H.B. No. 969

The purpose of this measure is to prohibit the construction, modification, or expansion of any waste or disposal facility on land that is near or above a significant aquifer, as determined by the Department of Health.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Honolulu Board of Water Supply; Free Access Coalition; Green Party of Hawai'i; Country Talk Story; Hawai'i Farm Bureau; Hawai'i Reef and Ocean Coalition; International Brotherhood of Electrical Workers Local 1260; Environmental Caucus of the Democratic Party of Hawai'i; Conservation Council for Hawai'i; The Moanalua Gardens Foundation; Justice and Witness Missional Team of the Hawai'i Conference United Church of Christ; Sierra Club of Hawai'i; and numerous individuals. Your Committee received testimony in opposition to this measure from the Office of the Mayor of the County of Maui and Department of Public Works of the County of Kaua'i. Your Committee received comments on this measure from the Department of Health; Department of Environmental Services of the City and County of Honolulu; Energy Justice Network; and Reworld.

Your Committee finds that the State should take preemptive action to minimize the risk of pollution and contamination of water sources, including aquifers. This measure addresses this need by prohibiting the construction, modification, or expansion of any waste or disposal facility on land that is near or above a significant aquifer.

Your Committee has amended this measure by:

- (1) Clarifying what is considered a waste or disposal facility; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 969, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 969, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Garcia, Shimizu). Noes, none. Excused, 1 (Cochran).

SCRep. 1097 Finance on H.B. No. 792

The purpose of this measure is to clarify the Office of the Legislative Analyst.

Your Committee received testimony in support of this measure from the League of Women Voters of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 792, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1098 Finance on H.B. No. 1064

The purpose of this measure is to:

- (1) Effectuate the recommendations of the "Phase 3" Forward-Looking Report by Fire Safety Research Institute on the August 2023 Maui wildfires and further clarify the role of the State Fire Marshal; and
- (2) Appropriate funds for the operations of the Office of the State Fire Marshal.

Your Committee received testimony in support of this measure from the Department of Defense; Hawai'i Climate Advisory Team; Kamehameha Schools; Hawaiian Electric; AARP Hawaii; and Lāhainā Strong. Your Committee received comments on this measure from the Office of the Governor; Department of Labor and Industrial Relations; Department of the Attorney General; Department of Land and Natural Resources; Hawaii State Fire Council; and Hawaii Insurers Council.

Your Committee notes the concerns of the Office of the Governor in its written testimony that the Office of the State Fire Marshal and State Fire Council be transferred to the Department of Defense to oversee fire safety and mitigation matters rather than in the Office of the Governor.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1064, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1099 Finance on H.B. No. 960

The purpose of this measure is to:

- (1) Amend the maximum value of capital advancement contracts that may be executed by the Department of Transportation without legislative approval;
- (2) Repeal the requirement for the Department of Transportation to obtain legislative approval through a concurrent resolution for capital advancement contracts greater than \$2,000,000;
- (3) Amend the total aggregate value of capital advancement contracts that the Department of Transportation may enter into in a fiscal year; and
- (4) Establish certain reporting requirements related to capital advancement contracts.

Your Committee received testimony in support of this measure from the Department of Transportation; Chamber of Commerce Hawaii; Young Brothers, LLC; Matson Navigation Company, Inc.; Hawai'i Island Chamber of Commerce; and two individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 960, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1100 Finance on H.B. No. 110

The purpose of this measure is to modify certain benchmark goals and timelines for the Department of Education to purchase a certain amount of fresh local agricultural products and local value-added processed, agricultural, or food products.

Your Committee received testimony in support of this measure from the Office of the Mayor of the County of Hawai'i; one member of the Kaua'i County Council; Hawai'i Farm Bureau; Hawaii Cattlemen's Council, Inc.; Hawaii Food+ Policy; and one individual. Your Committee received comments on this measure from the Department of Agriculture and Department of Education.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 110, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 1101 Finance on H.B. No. 620

The purpose of this measure is to:

- (1) Require the Department of Education to include the instruction of braille and provision of braille instructional materials under certain circumstances; and
- (2) Require and appropriate funds to the Department of Education to establish and maintain a braille literacy resource center.

Your Committee received testimony in support of this measure from the Hawai'i Civil Rights Commission; National Federation of the Blind of Hawaii; and three individuals. Your Committee received comments on this measure from the Department of the Attorney General; Department of Education; and Special Education Advisory Council.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 620, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1102 Finance on H.B. No. 628

The purpose of this measure is to authorize the Department of Education to establish a program to award high school diplomas to persons:

- (1) Who did not receive a diploma as a result of compulsory or voluntary induction into the United States armed services during certain time periods; or
- (2) Whose high school education was interrupted due to wartime practices during World War II, the Korean War, or the Vietnam War.

Your Committee received testimony in support of this measure from the Department of Education; Office of Veterans Services; Hawaii Military Affairs Council; and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 628, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1103 Finance on H.B. No. 563

The purpose of this measure is to support the University of Hawaii's Space Science and Engineering Initiative by appropriating funds for salaries, office supplies, stipends, and other operational expenses for certain programs at the University of Hawaii at Manoa Institute for Astronomy.

Your Committee received testimony in support of this measure from the Hawaii Technology Development Corporation; Department of Research and Development of the County of Hawai'i; Hawai'i Island Chamber of Commerce; Japanese Chamber of Commerce & Industry of Hawaii; The Success Factory - NexTech Hawai'i; Maunakea Observatories; Kona-Kohala Chamber of Commerce; and numerous individuals. Your Committee received comments on this measure from the University of Hawai'i System.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 563, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1104 Finance on H.B. No. 1168

The purpose of this measure is to authorize the Board of Regents of the University of Hawaii to issue revenue bonds and appropriate funds out of the revenue bond proceeds to finance qualifying priority capital improvement projects of the University of Hawaii.

Your Committee received testimony in support of this measure from the University of Hawai'i System.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1168, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1105 Finance on H.B. No. 943

The purpose of this measure is to:

- (1) Expand existing crisis intervention programs by implementing a homeless triage and treatment center program for homeless individuals and individuals at risk of being homeless, and who have substance abuse issues or mental illness, within the Alcohol and Drug Abuse Division in the Department of Health; and
- (2) Appropriate funds to the Department of Health to implement the program.

Your Committee received testimony in support of this measure from the Office of the Public Defender; State Health Planning and Development Agency; State Council on Mental Health; Hawai'i Health & Harm Reduction Center; and four individuals. Your Committee received comments on this measure from the Department of Health; The Institute for Human Services, Inc.; and Hawaii Substance Abuse Coalition.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 943, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1106 Finance on H.B. No. 214

The purpose of this measure is to:

- (1) Allow a retirant of at least six months to be employed without reenrollment in the Employees' Retirement System and without loss or interruption of retirement benefits if the retirant is employed as a school resource officer or investigator in a position identified by the Department of Law Enforcement or Department of the Attorney General, respectively, as a labor shortage or difficult-to-fill position, subject to certain conditions; and
- (2) Require the Director of Human Resources of the appropriate state jurisdiction, or the human resources management chief executive of each county, to include in their annual reports to the Legislature details on the employment of retirants as school resource officers or investigators.

Your Committee received testimony in support of this measure from the Department of Law Enforcement. Your Committee received comments on this measure from the Department of the Attorney General; Department of Education; and Employees' Retirement System Board of Trustees.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 214, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1107 Finance on H.B. No. 806

The purpose of this measure is to appropriate funds for the Department of Law Enforcement to conduct sting operations on Oahu to enforce the Fireworks Control Law.

Your Committee received testimony in support of this measure from the Department of Law Enforcement; Honolulu Police Department; Hawaiian Humane Society; and four individuals. Your Committee received testimony in opposition to this measure from the Libertarian Party of Hawaii and two individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 806, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, none. Excused, 3 (Kusch, Reyes Oda, Ward).

SCRep. 1108 Finance on H.B. No. 984

The purpose of this measure is to:

- (1) Lower and fix the State's Agricultural Loan Program's interest rates, increase loan limits, and reduce the required number of credit denials;
- (2) Establish a program for a secured line of credit and create a new loan initiative for farm expansion to grow import replacement crops or crops for farm-to-state programs; and
- (3) Appropriate funds.

Your Committee received testimony in support of this measure from the Department of Agriculture; Department of Research and Development of the County of Hawai'i; Hawai'i Farm Bureau; Ulupono Initiative; Hawaii Cattlemen's Council, Inc.; Hawai'i Food+ Policy; and three individuals.

Your Committee has amended this measure by changing the cap amounts for various loans to unspecified amounts and percentages.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 984, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 984, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 1109 Finance on H.B. No. 1450

The purpose of this measure is to establish and appropriate funds for a three-year Climate-Resilient Food Systems Grant Pilot Program to provide grants to agricultural producers in the State for the acquisition of special-purpose equipment, technology, and ancillary costs.

Your Committee received testimony in support of this measure from the Department of Agriculture; Department of Research and Development, County of Hawai'i; 350Hawaii.org; Hawai'i Farm Bureau; Climate Protectors Hawai'i; Mālama Kaua'i; Hawaii Cattlemen's Council, Inc.; and Hawaii Food+ Policy.

Your Committee has amended this measure by changing the minimum and maximum grant amounts to unspecified amounts.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1450, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1450, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Alcos, Ward).

SCRep. 1110 Finance on H.B. No. 1187

The purpose of this measure is to phase in a ban on state departments and administratively attached agencies from purchasing imported flowers and lei.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from Watanabe Floral, Inc.; Cindy's Lei & Flower Shoppe LLC; and two individuals. Your Committee received comments on this measure from the State Procurement Office and Hawai'i Farm Bureau.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1187, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1111 Finance on H.B. No. 1337

The purpose of this measure is to require the University of Hawaii at Manoa College of Tropical Agriculture and Human Resilience to establish an Endemic Plant Seed Bank Pilot Program.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Big Island Invasive Species Committee; Hawai'i Farm Bureau; and six individuals. Your Committee received comments on this measure from the University of Hawai'i at Manoa College of Tropical Agriculture and Human Resilience.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1337, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1112 Finance on H.B. No. 504

The purpose of this measure is to:

- (1) Amend the Transient Accommodations Tax rate beginning on January 1, 2027;
- (2) Beginning January 1, 2027, require a \$20 Transient Accommodation Tax to be levied per night for each furnishing of transient accommodations in exchange for points, miles, or other amounts provided through a membership, loyalty, or rewards program; and
- (3) Appropriate funds to the Department of Land and Natural Resources for protection, management, and restoration of the State's natural resources.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Mālama-Pūpūkea-Waimea; The Nature Conservancy, Hawai'i and Palmyra; Kauai Climate Action Coalition; Hawai'i Ocean Legislative Task Force; Council for Native Hawaiian Advancement; and numerous individuals. Your Committee received testimony in opposition to this measure from the Kohala Coast Resort Association; Grassroot Institute of Hawaii; and Maui Chamber of Commerce. Your Committee received comments on this measure from the Department of Taxation; Hawai'i Tourism Authority; Tax Foundation of Hawaii; Kua'āina Ulu Auamo; Hawai'i Reef & Ocean Coalition; Climate Protectors Hawai'i; Mālama Learning Center; Care for 'Āina Now Coalition; Resources Legacy Fund; Sustainable Coastlines Hawai'i; and numerous individuals.

Your Committee has amended this measure by:

- (1) Clarifying that the appropriation may be used for various environmental stewardship projects;

- (2) Authorizing the Department of Land and Natural Resources to utilize funds for consultants, personnel, contracts, and administrative costs to develop and implement the environmental stewardship projects;
- (3) Requiring the Department of Land and Natural Resources to submit reports to the Legislature on funded projects;
- (4) Establishing a Reimbursable General Obligation Bond Debt Service Special Fund to fund debt service payments on general obligation bonds; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 504, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 504, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Reyes Oda). Noes, 1 (Alcos). Excused, 1 (Ward).

SCRep. 1113 Finance on H.B. No. 97

The purpose of this measure is to establish a new regulatory framework for the sale of travel insurance in the State, including licensing and registration requirements for limited lines travel insurance producers.

Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs; AGA Service Company; U.S. Travel Insurance Association; American Property Casualty Insurance Association; and Crum & Forster.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 97, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1114 Finance on H.B. No. 348

The purpose of this measure is to:

- (1) Prohibit lodging establishments from providing personal care products in small plastic containers within sleeping room accommodations, any space within sleeping room accommodations, or bathrooms used by the public or guests;
- (2) Authorize the Department of Health to inspect sleeping rooms and bathrooms in lodging establishments and issue citations for violations; and
- (3) Establish civil penalties for violations and authorize the Attorney General to bring an action in the circuit environmental court for the imposition of civil penalties.

Your Committee received testimony in support of this measure from the Free Access Coalition; Windward Coalition; Hawai'i Reef and Ocean Coalition; Climate Protectors Hawai'i; Surfrider Foundation, Kaua'i Chapter; Surfrider Foundation Hawai'i Region; and numerous individuals. Your Committee received comments on this measure from the Department of Health; Marine Science Club at Hawai'i Pacific University; Starn O'Toole Marcus & Fisher; and Maui Chamber of Commerce.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 348, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, 1 (Alcos). Excused, 1 (Ward).

SCRep. 1115 Finance on H.B. No. 448

The purpose of this measure is to appropriate funds to the Hawaii Technology Development Corporation to assist small businesses, including those related to the tourism sector, with technology enablement and require the Corporation to report to the Legislature regarding the use of those funds.

Your Committee received testimony in support of this measure from the Hawai'i Tourism Authority; Hawai'i Technology Development Corporation; Chamber of Commerce Hawaii; Mana Up; Aloha Shoyu Company, Ltd.; Hawaii Food Industry Association; Maui Chamber of Commerce; and Hawai'i Island Chamber of Commerce.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 448, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1116 Finance on H.B. No. 449

The purpose of this measure is to appropriate funds to assist in the development and promotion of Hawaii-manufactured products through the INNOVATE Hawaii program.

Your Committee received testimony in support of this measure from the Hawai'i Technology Development Corporation; Chamber of Commerce Hawaii; Watanabe Floral, Inc.; Mana Up; Hawaii Food Industry Association; Maui Chamber of Commerce; Hawai'i Island Chamber of Commerce; and two individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 449, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1117 Finance on H.B. No. 373

The purpose of this measure is to repeal the sunset provision related to the counties' authorization to develop, construct, finance, refinance, or otherwise provide mixed-use developments.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation; one member of the Maui County Council; and Office of Housing of the City and County of Honolulu.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 373, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1118 Finance on H.B. No. 417

The purpose of this measure is to:

- (1) Establish a Housing Efficiency and Innovation Subaccount within the Rental Housing Revolving Fund to be used for providing loans or credit enhancements to certain projects on state or county-owned land and state-funded housing projects; and
- (2) Authorize the Hawaii Housing Finance and Development Corporation to transfer funds between the Housing Efficiency and Innovation Subaccount and the Rental Housing Revolving Fund without legislative approval.

Your Committee received testimony in support of this measure from Hawai'i Children's Action Network Speaks!; Holomua Collaborative; Title Guaranty of Hawai'i; HPM Building Supply; Hawai'i Gas; Mana Up; Tori Richard, Ltd.; and Church of the Crossroads. Your Committee received comments on this measure from the Department of Budget and Finance and Hawaii Housing Finance and Development Corporation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 417, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Kitagawa, Ward).

SCRep. 1119 Finance on H.B. No. 432

The purpose of this measure is to provide a dedicated source of funds to finance mixed-income rental housing projects by:

- (1) Establishing the Mixed-Income Subaccount within the Rental Housing Revolving Fund that targets workforce rental housing projects for persons and families with incomes at or below one hundred forty percent of the area median income;
- (2) Authorizing the Director of Finance to transfer funds from the Rental Housing Revolving Fund into the Mixed-Income Subaccount; and
- (3) Appropriating funds into and out of the Mixed-Income Subaccount of the Rental Housing Revolving Fund for the purposes of the subaccount.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation; Office of Housing of the City and County of Honolulu; Hawai'i Children's Action Network Speaks!; Hawai'i Appleseed Center for Law & Economic Justice; Hawai'i Community Foundation; Hawai'i YIMBY; Holomua Collaborative; Title Guaranty of Hawai'i; HPM Building Supply; Hawai'i Gas; Mana Up; Tori Richard, Ltd.; and four individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 432, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Kitagawa, Ward).

SCRep. 1120 Finance on H.B. No. 739

The purpose of this measure is to establish the Kamaaina Homes Program to provide funding through the Dwelling Unit Revolving Fund to the counties to purchase voluntary deed restrictions relating to property occupancy from eligible homeowners or homebuyers.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Department of Transportation; State Council on Developmental Disabilities; Kaua'i County Housing Agency; Hawaii State Youth Commission; one member of the Hawai'i County Council; AARP Hawai'i; Hawai'i Friends of Civil Rights; Hawai'i Children's Action Network Speaks!; Aloha United Way; ALICE Initiative; Hawaii Appleseed Center for Law & Economic Justice; Chamber of Commerce Hawaii; Hawai'i Community Foundation; Avalon Development Company; Hawai'i YIMBY; Early Childhood Action Strategy; Tradewind Group; Council for Native Hawaiian Advancement; Hawai'i State Teachers Association; Title Guaranty of Hawai'i; HPM Building Supply; Hawai'i Gas; Mana Up; Tori Richard, Ltd.; aio; Housing Hawai'i's Future; Kobayashi Group; Maui Chamber of Commerce; Wall to Wall Studios; Save Medicaid Hawaii; and numerous individuals. Your Committee received testimony in opposition to this measure from LIMBY Hawai'i. Your Committee received comments on this measure from the Department of Taxation; Hawaii Housing Finance and Development Corporation; Office of Housing of the City and County of Honolulu; Hawai'i Association of REALTORS; Holomua Collaborative; and Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 739, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Kitagawa, Ward).

SCRep. 1121 Finance on H.B. No. 833

The purpose of this measure is to support the expansion of community land trusts by authorizing, and appropriating funds for, the Hawaii Housing Finance and Development Corporation to establish a five-year Community Land Trust Equity Pilot Program to provide community land trusts with a low-cost line of credit for affordable housing purposes.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation; Kohala Community Land Trust; Council for Native Hawaiian Advancement; Lahaina Community Land Trust; LIMBY Hawai'i; Maui Chamber of Commerce; HI Good Neighbor; and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 833, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Kitagawa, Ward).

SCRep. 1122 Finance on H.B. No. 1097

The purpose of this measure is to reduce the period of time the Hawaii Public Housing Authority is required to store the unclaimed property of a tenant evicted from public housing from thirty to fourteen days.

Your Committee received testimony in support of this measure from the Hawaii Public Housing Authority.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1097, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Kitagawa, Ward).

SCRep. 1123 Finance on H.B. No. 1409

The purpose of this measure is to:

- (1) Amend the funding priorities of the Rental Housing Revolving Fund to incentivize development in areas that satisfy transit-supportive density requirements;
- (2) Allocate a minimum percentage of the Rental Housing Revolving Fund for certain mixed-income rental housing projects;
- (3) Require the Transit-Oriented Development Infrastructure Improvement District Board to consider the infrastructure needs of transit-supportive density requirements; and
- (4) Require the strategic plan developed by the Hawaii Interagency Council for Transit-Oriented Development to delineate county-designated transit-oriented development areas for each county.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation; Office of Planning and Sustainable Development; Hawai'i Children's Action Network Speaks!; Hawaii Appleseed Center for Law & Economic Justice; Hawai'i YIMBY; Holomua Collaborative; Housing Hawai'i's Future; Grassroot Institute of Hawaii; and two individuals. Your Committee received comments on this measure from the Department of Planning and Permitting of the City and County of Honolulu.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1409, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Kitagawa, Ward).

SCRep. 1124 Finance on H.B. No. 1410

The purpose of this measure is to:

- (1) Establish the Supportive Housing Special Fund;
- (2) Restructure the conveyance tax to a marginal rate system and adjust the tax for multifamily residential properties to reflect value on a per-unit basis;
- (3) Allocate a portion of conveyance tax revenues to the Supportive Housing Special Fund; and
- (4) Allocate a portion of conveyance tax revenues to the Dwelling Unit Revolving Fund to fund infrastructure programs in county-designated transit-oriented development areas that meet minimum standards of transit-supportive density.

Your Committee received testimony in support of this measure from the State Council on Developmental Disabilities; Church of the Crossroads; Hawai'i Children's Action Network Speaks!; Hawai'i Health & Harm Reduction Center; Hawaii Appleseed Center for Law & Economic Justice; League of Women Voters of Hawaii; Catholic Charities Hawai'i; Save Medicaid Hawaii; and eight individuals. Your Committee received testimony in opposition to this measure from the Land Use Research Foundation of Hawaii; Hawai'i Association of REALTORS; and one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources; Department of Budget and Finance; Department of Taxation; Hawaii Housing Finance and Development Corporation; Office of Planning and Sustainable Development; The Nature Conservancy, Hawai'i and Palmyra; Grassroot Institute of Hawaii; Tax Foundation of Hawaii; and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1410, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (Reyes Oda). Noes, 1 (Alcos). Excused, 2 (Kitagawa, Ward).

SCRep. 1125 Finance on H.B. No. 1428

The purpose of this measure is to:

- (1) Appropriate funds to the Hawaii Housing Finance and Development Corporation to enhance the capacity of Hawaii's United States Department of Housing and Urban Development-certified housing counseling agencies to provide housing counseling, renter education, homebuyer education, and eviction and foreclosure intervention to certain low- and moderate-income households; and
- (2) Require the Hawaii Housing Finance and Development Corporation to submit a report to the Legislature regarding services provided by the certified housing counseling agencies.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation and Council for Native Hawaiian Advancement.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1428, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Kitagawa, Ward).

SCRep. 1126 Finance on H.B. No. 1467

The purpose of this measure is to establish and appropriate funds for the Strengthen Hawaii Homes Program within the Department of Business, Economic Development, and Tourism to administer grants to retrofit residential properties to enhance resilience against disaster impacts and reduce potential insurance liabilities.

Your Committee received testimony in support of this measure from the Hawai'i Climate Advisory Team; Hawai'i Association of REALTORS; and Hawai'i Executive Collaborative Climate Hawai'i partners. Your Committee received comments on this measure from the Hawaii Green Infrastructure Authority; Hawaii Housing Finance and Development Corporation; Office of Information Practices; and Makakilo/Kapolei/Honokai Hale Neighborhood Board No. 34.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1467, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Kitagawa, Ward).

SCRep. 1127 Finance on H.B. No. 606

The purpose of this measure is to:

- (1) Extend the sunset date of the Act 279 Special Fund to June 30, 2028;
- (2) Deposit funds into the Act 279 Special Fund and appropriate funds out of the Special Fund for the Department of Hawaiian Home Lands; and
- (3) Require the Department of Hawaiian Home Lands to submit a strategic plan to the Legislature no later than December 10, 2025; and
- (4) Require the Department of Hawaiian Home Lands to submit an annual report to the Legislature at least twenty days before the convening of each regular session, beginning with the Regular Session of 2026, for the duration of this measure.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands; Ka Lāhui Hawai'i; Kūpa'a Lāhui Alliance; American Civil Liberties Union of Hawai'i; and numerous individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 606, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Kitagawa, Ward).

SCRep. 1128 Finance on H.B. No. 740

The purpose of this measure is to establish the Accessory Dwelling Unit Financing and Deed Restriction Program to allocate funds to the counties to provide grants to eligible homeowners or homebuyers to finance construction costs, development costs, and non-reoccurring closing costs associated with the construction of an accessory dwelling unit and purchase deed restrictions on the property.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation; one member of the Maui County Council; Hawai'i Children's Action Network Speaks!; Hawaii Appleseed Center for Law & Economic Justice; Chamber of Commerce Hawaii; Hawai'i Community Foundation; Hawai'i YIMBY; Council for Native Hawaiian Advancement; Holomua Collaborative; Title Guaranty of Hawai'i; HPM Building Supply; Mana Up; Hawai'i Gas; aio; Tori Richard, Ltd.; AARP Hawai'i; Catholic Charities Hawai'i; Housing Hawai'i's Future; Maui Chamber of Commerce; Save Medicaid Hawaii; and four individuals.

Your Committee received comments on this measure from the Department of Taxation; Office of Housing of the City and County of Honolulu; Hawai'i Association of REALTORS; Tax Foundation of Hawaii; and LIMBY Hawai'i.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 740, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Kitagawa, Ward).

SCRep. 1129 Finance on H.B. No. 1009

The purpose of this measure is to:

- (1) Make the Dwelling Unit Revolving Fund Equity Pilot Program a permanent program codified in Hawaii Revised Statutes; and
- (2) Allow partial or full repayment of Dwelling Unit Revolving Fund interim loans by eligible developers in the form of unit equity through the Dwelling Unit Revolving Fund Equity Program.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; and Hawaii Housing Finance and Development Corporation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1009, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Kitagawa, Ward).

SCRep. 1130 Finance on H.B. No. 1408

The purpose of this measure is to allow the Department of Hawaiian Home Lands to utilize the Dwelling Unit Revolving Fund as collateral when the Department acts as an eligible borrower for a loan agreement under section 184A of the federal Housing and Community Development Act of 1992, as amended.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands. Your Committee received comments on this measure from the Department of the Attorney General and Hawaii Housing Finance and Development Corporation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1408, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Kitagawa, Ward).

SCRep. 1131 Finance on H.B. No. 126

The purpose of this measure is to make the State's property forfeiture process more just by:

- (1) Increasing transparency and accountability surrounding property forfeiture;
- (2) Clarifying which property is subject to forfeiture;
- (3) Amending the authorized disposition of forfeited property and the proceeds thereof; and
- (4) Repealing the provision that requires the Hawaii Omnibus Criminal Forfeiture Act to be construed liberally.

Your Committee received testimony in support of this measure from the Office of the Public Defender; Community Alliance on Prisons; and two individuals. Your Committee received testimony in opposition to this measure from the Honolulu Police Department. Your Committee received comments on this measure from the Department of the Attorney General; Department of the Prosecuting Attorney of the City and County of Honolulu; and Grassroot Institute of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 126, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (Alcos). Noes, none. Excused, 3 (Kusch, Reyes Oda, Ward).

SCRep. 1132 Finance on H.B. No. 134

The purpose of this measure is to require and appropriate funds for the Chief Election Officer to provide a system for the electronic filing of nomination papers.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Office of Elections.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 134, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Kusch, Reyes Oda, Ward).

SCRep. 1133 Finance on H.B. No. 395

The purpose of this measure is to increase compensation for a juror or prospective juror from \$30 to \$50 for each day of attendance at court.

Your Committee received testimony in support of this measure from the Office of the Public Defender; League of Women Voters of Hawaii; Hawaii State Bar Association; and one individual. Your Committee received comments on this measure from the Judiciary.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 395, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Kusch, Reyes Oda, Ward).

SCRep. 1134 Finance on H.B. No. 396

The purpose of this measure is to increase the rate of compensation and maximum allowable amounts per case for court-appointed counsel in criminal proceedings.

Your Committee received testimony in support of this measure from the Office of the Public Defender; League of Women Voters of Hawaii; West Hawai'i Bar Association; Hawaii State Bar Association; and numerous individuals. Your Committee received comments on this measure from the Judiciary and Schlueter, Kwiat & Kennedy LLP.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 396, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Kusch, Reyes Oda, Ward).

SCRep. 1135 Finance on H.B. No. 398

The purpose of this measure is to increase the rate of compensation and maximum allowable amounts per case for court-appointed counsel and guardians ad litem in Family Court proceedings.

Your Committee received testimony in support of this measure from the Judiciary; Department of Human Services; Office of the Public Defender; State Council on Developmental Disabilities; Hawaii Coalition for Child Protective Reform; The Law Office of Aaron K. Willis, LLC; West Hawai'i Bar Association; Hawaii State Bar Association; Legal Aid Society of Hawai'i; and seven individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 398, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Kusch, Reyes Oda, Ward).

SCRep. 1136 Finance on H.B. No. 399

The purpose of this measure is to establish an additional district court judgeship in the First Circuit.

Your Committee received testimony in support of this measure from the Judiciary; Office of the Public Defender; Hawaii Financial Services Association; Hawaii State Bar Association; and Collection Law Section of the Hawaii State Bar Association.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 399, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Kusch, Reyes Oda, Ward).

SCRep. 1137 Finance on H.B. No. 401

The purpose of this measure is to establish an additional district court judgeship in the Third Circuit.

Your Committee received testimony in support of this measure from the Judiciary; Office of the Public Defender; Office of the Prosecuting Attorney of the County of Hawai'i; West Hawai'i Bar Association; Hawaii Financial Services Association; Hawaii State Bar Association; Collection Law Section of the Hawaii State Bar Association; and six individuals.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Kusch, Reyes Oda, Ward).

SCRep. 1138 Finance on H.B. No. 472

The purpose of this measure is to:

- (1) Require digitized identification cards to be accepted as a valid form of identification, under certain conditions; and
- (2) Authorize state and county law enforcement agencies to accept a digitized identification card as proof of a person's identity.

Your Committee received testimony in opposition to this measure from three individuals. Your Committee received comments on this measure from the Department of Transportation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 472, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Kusch, Reyes Oda, Ward).

SCRep. 1139 Finance on H.B. No. 560

The purpose of this measure is to appropriate funds to the Judiciary for services contracted with community-based organizations that deliver essential services, streamline judicial processes, and support the Judiciary's capacity to effectively meet the needs of vulnerable households.

Your Committee received testimony in support of this measure from Parents And Children Together; Hawaii Substance Abuse Coalition; Hawai'i Youth Services Network; Community Alliance on Prisons; Hawai'i True Cost Coalition; The Legal Clinic; Catholic Charities Hawai'i; EPIC 'Ohana; Aloha United Way; Child & Family Service; Hawai'i Alliance of Nonprofit Organizations; Hawai'i Health & Harm Reduction Center; The Institute for Human Services, Inc.; The Mediation Center of the Pacific, Inc.; Partners in Development Foundation; Maui Economic Opportunity, Inc.; Responsive Caregivers of Hawaii; Samaritan Counseling Center Hawaii; YMCA of Honolulu; Volunteer Legal Services Hawai'i; Share Your Mana; YWCA of Kaua'i; Hawai'i Children's Action Network Speaks!; Ku'ikahi Mediation Center; and SanHi Government Strategies. Your Committee received comments on this measure from the Judiciary and Department of Human Services.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 560, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Kusch, Reyes Oda, Ward).

SCRep. 1140 Finance on H.B. No. 648

The purpose of this measure is to establish a two-year pilot program in the Probate Court and Family Court of the First Circuit to fund certain guardianship- and conservatorship-related court resources in situations where the respondent does not have sufficient funds to pay for one or more of the resources and the court has deemed the resource or resources beneficial.

Your Committee received testimony in support of this measure from the Executive Office on Aging; one member of the Kaua'i County Council; Hawaii Self-Advocacy Advisory Council; Hawaii Disability Rights Center; AARP Hawai'i; Easterseals Hawaii; and three individuals. Your Committee received comments on this measure from the Judiciary and State Council on Developmental Disabilities.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 648, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Kusch, Reyes Oda, Ward).

SCRep. 1141 Finance on H.B. No. 664

The purpose of this measure is to:

- (1) Establish the Office of Gun Violence Prevention to conduct community outreach on gun violence prevention, develop and administer a grant program for gun violence prevention, and develop and administer a gun violence resource bank; and
- (2) Establish the Gun Violence Prevention Special Fund and appropriate funds into and out of the special fund.

Your Committee received testimony in support of this measure from the Department of Law Enforcement; Everytown for Gun Safety; Moms Demand Action for Gun Sense in America, Hawaii Chapter; Students Demand Action for Gun Sense in America, Hawaii Chapter; and six individuals. Your Committee received testimony in opposition to this measure from numerous individuals. Your Committee received comments on this measure from the Department of the Attorney General; Department of Budget and Finance; and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 664, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (Alcos). Noes, none. Excused, 3 (Kusch, Reyes Oda, Ward).

SCRep. 1142 Finance on H.B. No. 727

The purpose of this measure is to:

- (1) Establish a three-year women's court pilot program in the circuit court of the Second and Fifth Circuits, which is intended to acknowledge the distinct pathways that lead women into the criminal justice system and address their individualized needs; and
- (2) Require the Third Circuit of the Judiciary and Big Island Drug Court to conduct an interim study to establish a blueprint for a women's court pilot program in the Third Circuit.

Your Committee received testimony in support of this measure from the Office of the Public Defender; Department of the Prosecuting Attorney of the County of Maui; Hawaii Substance Abuse Coalition; Community Alliance on Prisons; and nine individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Judiciary and Department of Health.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 727, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Kusch, Reyes Oda, Ward).

SCRep. 1143 Finance on H.B. No. 871

The purpose of this measure is to clarify that Act 130, Session Laws of Hawaii 2024 (Act 130), which amended the Hawaiian Homes Commission Act to increase the loan limit for direct loans provided by the Department of Hawaiian Home Lands, takes effect on the earlier of the date of the Secretary of the Interior's notification letter that Act 130 does not require congressional approval, or on the date that approval by the United States Congress becomes law.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 871, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Kusch, Reyes Oda, Ward).

SCRep. 1144 Finance on H.B. No. 370

The purpose of this measure is to:

- (1) Increase the maximum amount of funds available to candidates who qualify to participate in the partial public financing program;
- (2) Adjust the minimum amount of qualifying contributions certain candidates must receive to participate in the partial public financing program;
- (3) Increase the matching fund payments to candidates in the partial public financing program for excess qualifying contributions; and
- (4) Appropriate funds to increase the amount of funds available in the partial public financing program and for the Campaign Spending Commission to hire more staff to address the anticipated increase in participation in the financing program.

Your Committee received testimony in support of this measure from the League of Women Voters of Hawaii; Democratic Party of Hawai'i Education Caucus; Kauai Women's Caucus; and numerous individuals. Your Committee received testimony in opposition to this measure from numerous individuals. Your Committee received comments on this measure from the Office of Hawaiian Affairs and Campaign Spending Commission.

Your Committee has amended this measure by changing the maximum amount of funds available to candidates who qualify to participate in the partial public financing program to unspecified percentages of the expenditure limit.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 370, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 370, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, 1 (Alcos). Excused, 3 (Kusch, Reyes Oda, Ward).

SCRep. 1145 Finance on H.B. No. 550

The purpose of this measure is to:

- (1) Allow recordings made by law enforcement agencies who are using, controlling, or operating unmanned aerial vehicles to establish probable cause for arrests under the Fireworks Control Law if the unmanned aerial vehicle is recording directly above a public park, street, sidewalk, easement, or any public property and the act leading to the arrest is committed on a public park, street, sidewalk, easement, or other public property; and
- (2) Appropriate funds to the Department of Law Enforcement for the purchase of unmanned aerial vehicles to monitor the use of illegal fireworks.

Your Committee received testimony in support of this measure from the Department of Law Enforcement; Honolulu Police Department; Hawaiian Humane Society; and five individuals. Your Committee received testimony in opposition to this measure from the Office of the Public Defender; Libertarian Party of Hawaii; and two individuals.

Your Committee has amended this measure by changing the appropriation to an unspecified amount.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 550, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 550, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Kusch, Reyes Oda, Ward).

SCRep. 1146 Finance on H.B. No. 990

The purpose of this measure is to satisfy several claims against the State, its officers, or its employees.

Your Committee received testimony in support of this measure from the Department of Transportation and Department of Education. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee has amended this measure by:

- (1) Adding four additional claims that were resolved; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 990, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 990, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Kusch, Reyes Oda, Ward).

SCRep. 1147 Finance on H.B. No. 175

The purpose of this measure is to:

- (1) Require owners or lessees of real property to maintain their property and establish penalties for failure to do so;
- (2) Require the Department of Agriculture to adopt rules for the enforcement and collection of fines for violations relating to the proliferation of invasive species; and
- (3) Require the Office of the State Fire Marshal to adopt rules for the enforcement and collection of fines for violations relating to the prevention of wildfires and other public safety hazards.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Maui Chamber of Commerce; Lāhainā Strong; and one individual. Your Committee received comments on this measure from the Department of Agriculture; Building Owners and Managers Association of Hawai'i; and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 175, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1148 Finance on H.B. No. 299

The purpose of this measure is to appropriate funds for the Native Resources and Fire Protection Program and Hawaii Invasive Species Council to continue to control and eradicate invasive species in the State.

Your Committee received testimony in support of this measure from the Department of Agriculture; Department of Health; Hawaii Invasive Species Council; Coordinating Group on Alien Pest Species; O'ahu Invasive Species Committee; Sierra Club of Hawai'i; Hawai'i Farm Bureau; Climate Change and Health Working Group; Life of the Land; Green Party of Hawai'i; Kua'āina Ulu 'Auamo; Hawai'i Reef and Ocean Coalition; Hawai'i Farmers Union; Hawai'i Forest Industry Association; Mālama Learning Center; and numerous individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 299, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1149 Finance on H.B. No. 306

The purpose of this measure is to:

- (1) Establish a minimum penalty, and amend the maximum penalty with scheduled incremental increases, per violation of the State Water Code and clarify what constitutes a separate offense; and
- (2) Require the Commission on Water Resource Management to consider certain factors when imposing penalties.

Your Committee received testimony in support of this measure from the Hawai'i Reef and Ocean Coalition; Ulupono Initiative; Lāhainā Strong; and one individual. Your Committee received testimony in opposition to this measure from the Land Use Research Foundation of Hawaii. Your Committee received comments on this measure from the Department of Land and Natural Resources and Honolulu Board of Water Supply.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 306, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (Lamosao, Miyake). Noes, none. Excused, 1 (Ward).

SCRep. 1150 Finance on H.B. No. 309

The purpose of this measure is to establish a working group within the University of Hawai'i Sea Grant Program to develop an inventory of state-owned fishponds.

Your Committee received testimony in support of this measure from the Department of Agriculture; Department of Land and Natural Resources; Office of Hawaiian Affairs; Hawai'i Ocean Legislative Task Force; Sierra Club of Hawai'i; Kua'āina Ulu 'Auamo; Hawai'i Reef and Ocean Coalition; Hawai'i Farmers Union; Hawai'i Food+ Policy; Ali'i Pauahi Hawaiian Civic Club; The Nature Conservancy, Hawai'i and Palmyra; and four individuals. Your Committee received comments on this measure from the University of Hawai'i Sea Grant College Program and Hawai'i Climate Change Mitigation & Adaptation Commission.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 309, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1151 Finance on H.B. No. 316

The purpose of this measure is to appropriate funds for the continuation of the Green Jobs Youth Corps Program.

Your Committee received testimony in support of this measure from the Hawai'i State Energy Office; Hawai'i Forest Industry Association; Holomua Collaborative; Coalition Earth; Kua'āina Ulu 'Auamo; Hawai'i Reef and Ocean Coalition; Hawai'i Farmers Union; Re-use Hawai'i; Kupu; 350Hawaii.org; Hawai'i Energy; Mālama Learning Center; and one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources and Hawai'i Climate Change Mitigation & Adaptation Commission.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 316, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1152 Finance on H.B. No. 505

The purpose of this measure is to:

- (1) Establish a Red Hill Water Alliance Initiative (WAI) policy coordinator to serve as the State's lead on WAI initiatives and work with state and county agencies and appropriate federal entities on WAI initiatives; and
- (2) Create the Red Hill Remediation Special Fund.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; University of Hawai'i System; Office of Hawaiian Affairs; Honolulu Board of Water Supply; Environmental Caucus of the Democratic Party of Hawai'i; Hui Malama Pono Hawai'i; Coalition Earth; Ka Lāhui Hawai'i; and five individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 505, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1153 Finance on H.B. No. 506

The purpose of this measure is to appropriate funds for the Oahu branch of the Division of Conservation and Resources Enforcement of the Department of Land and Natural Resources.

Your Committee received testimony in support of this measure from the Hawai'i Ocean Legislative Task Force; Mālama Pūpūkea-Waimea; Kua'āina Ulu 'Auamo; Hawai'i Reef and Ocean Coalition; Hawai'i Marine Education and Research Center; Mālama Learning Center; and numerous individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 506, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1154 Finance on H.B. No. 649

The purpose of this measure is to:

- (1) Establish the Small Boat Harbor Commercial Vessel Special Fund;
- (2) Increase moorage fees for commercial vessels;
- (3) Require that revenue from the fee increase be used by the Department of Land and Natural Resources for improvements that primarily benefit commercial vessels that utilize state small boat harbors; and
- (4) Authorize the issuance of general obligation bonds, with debt service to be paid from special funds, for repairs of various small boat harbors.

Your Committee received testimony in opposition to this measure from Holo Holo Charters, Inc.; Splashers Ocean Adventures Inc. DBA Kona Snorkel Trips; Sea Sport Cruises, Inc.; Body Glove Hawaii; Extended Horizons Inc.; Ocean Tourism Coalition; Sea Paradise Scuba, Inc.; Sail Maui; RED Hospitality and Leisure Hawaii, LLC; Banyan Tree Divers Maui; Hula Girl Sailing; Sea Maui LLC; Fun Charters, Inc.; Sea Maui Surf; Sailing Shippis, Ltd.; Maui Chamber of Commerce; Trilogy Excursions; Cafe Jai, LLC; Maui Classic Charters; and numerous individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Land and Natural Resources.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 649, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Miyake, Alcos, Reyes Oda). Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1155 Finance on H.B. No. 800

The purpose of this measure is to:

- (1) Provide for the transfer of certain parcels in the Liliha Civic Center area and Iwilei Fire Station area from various state agencies to the City and County of Honolulu;
- (2) Provide for the transfer of the parcel of land on which Alii Place is sited from the City and County of Honolulu to the State;

- (3) Repeal the sunset provision of Act 45, Session Laws of Hawaii 2024, which allows the counties to share in the burden of facilitating the development, construction, financing, refinancing, or other provision of mixed-use developments, including low- and moderate-income housing projects, and issue county bonds for this purpose;
- (4) Require the City and County of Honolulu to accept the properties transferred in satisfaction of all amounts owed by the Hawaii Housing Finance and Development Corporation under the Kapolei roadways, drainage, and sewer settlement; and
- (5) Exempt the lands transferred to the Department of Land and Natural Resources by this measure from the definition of public lands for purposes of chapter 171, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services and Hawaii Housing Finance and Development Corporation. Your Committee received testimony in opposition to this measure from the Office of the Mayor of the City and County of Honolulu. Your Committee received comments on this measure from the Department of Land and Natural Resources and Association of Unit Owners of Senior Residence at Iwilei.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 800, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1156 Finance on H.B. No. 818

The purpose of this measure is to:

- (1) Establish the Waiakea Peninsula Community Development District and the Waiakea Peninsula Community Development District Special Fund; and
- (2) Specify the powers and duties of the Hawaii Community Development Authority as it relates to the new development district.

Your Committee received testimony in support of this measure from the Hawai'i Community Development Authority; one member of the Hawai'i County Council; Banyan Drive Hawai'i Redevelopment Agency; and one individual. Your Committee received comments on this measure from the Department of the Attorney General and Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 818, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1157 Finance on H.B. No. 1278

The purpose of this measure is to appropriate funds for the assessment and removal of hazardous trees on state lands.

Your Committee received testimony in support of this measure from the Big Island Invasive Species Committee. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee has amended this measure by changing the appropriations and allocations to unspecified amounts.

Your Committee notes that the Department of Land and Natural Resources would require \$165,000 in each fiscal year to be allocated to the following islands to implement this measure:

- (1) \$15,000 for Kauai;
- (2) \$25,000 for Oahu;
- (3) \$50,000 for Maui; and
- (4) \$75,000 for Hawaii island.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1278, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1278, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1158 Finance on H.B. No. 1358

The purpose of this measure is to appropriate funds to the Office of Hawaiian Affairs for the hiring of necessary staff and the purchase of equipment and professional services on behalf of the Public Land Trust Working Group.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Office of Hawaiian Affairs; ACLU of Hawai'i; Hana Health; Prince Kuhio Hawaiian Civic Club; Kahua O Kakou, Hui Humu'ula Kala'i'eha LLC; Moanalua Gardens Foundation, Inc., dba MGF Hawai'i; Ko'olauloa Hawaiian Civic Club; and numerous individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee has amended this measure by:

- (1) Including additional preamble language clarifying legislative intent; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1358, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1358, H.D. 3.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1159 Judiciary & Hawaiian Affairs on H.B. No. 229

The purpose of this measure is to:

- (1) Establish a statewide speed restriction for motor vehicles with three or more axles or motor vehicles weighing more than ten thousand pounds, except under certain circumstances, in a county with a population of five hundred thousand or more; and
- (2) Authorize a county with a population of less than five hundred thousand to adopt an ordinance that establishes a speed restriction for motor vehicles with three or more axles or motor vehicles weighing more than ten thousand pounds.

Your Committee received testimony in support of this measure from the Oahu Metropolitan Planning Organization. Your Committee received testimony in opposition to this measure from the Hawaii Transportation Association and Aloha Marine Lines.

Your Committee finds that large vehicles, such as those with three or more axles or exceeding ten thousand pounds, require additional safety measures due to their impact on traffic conditions. High speeds make it more difficult for these vehicles to stop or change direction quickly, increasing the potential for serious accidents. This measure promotes safer roadways and aims to minimize collision risks by reducing speed limits for such vehicles.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 229, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, 2 (Garcia, Shimizu). Excused, 2 (Cochran, Kahaloa).

SCRep. 1160 Judiciary & Hawaiian Affairs on H.B. No. 277

The purpose of this measure is to establish a vehicle pursuit policy for law enforcement agencies.

Your Committee received testimony in support of this measure from the American Civil Liberties Union of Hawai'i and Policing Project at NYU School of Law. Your Committee received testimony in opposition to this measure from the Department of Law Enforcement; Honolulu Police Department; and State of Hawaii Organization of Police Officers. Your Committee received comments on this measure from the Department of the Attorney General; Office of Information Practices; and Law Enforcement Standards Board.

Your Committee finds that although sometimes necessary, law enforcement vehicle pursuits can be dangerous, posing risks of serious injury or death to members of the public and law enforcement officers. Establishing statewide vehicular pursuit policies for state and county law enforcement agencies will ensure that law enforcement officers are only engaging in pursuits when necessary and when the public safety benefits of the pursuits outweigh the risks.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 277, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 277, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, 2 (Garcia, Shimizu). Excused, 2 (Cochran, Kahaloa).

SCRep. 1161 Judiciary & Hawaiian Affairs on H.B. No. 367

The purpose of this measure is to allow for county permit exemptions for certain kinds of activities, including maintenance activities, installing group U structures, and interior remodeling work, when located outside a special management area.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau; Grassroot Institute of Hawaii; and one individual. Your Committee received testimony in opposition to this measure from the Department of Planning and Permitting of the City and County of Honolulu and one individual.

Your Committee finds that farmers and ranchers require functional infrastructure, such as greenhouses, storage sheds, livestock shelters, irrigation systems, and fencing, to maintain and expand their operations. However, despite the existing building permit exemption for certain nonresidential agricultural and aquacultural structures, many agricultural producers still face delays, additional county requirements, and inconsistent interpretations of the law when seeking to construct or repair essential structures. This measure streamlines and clarifies the building permit exemptions for agricultural structures and maintenance activities.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 367, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 367, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Belatti). Noes, 1 (Perruso). Excused, 2 (Cochran, Kahaloa).

SCRep. 1162 Judiciary & Hawaiian Affairs on H.B. No. 420

The purpose of this measure is to:

- (1) Clarify the applicability of the statute of repose for actions arising from construction defects;
- (2) Specify that a plaintiff's failure to plead with particularity the claim of fraudulent concealment, if the plaintiff raises the defense, subjects the plaintiff to liability for the costs incurred by the defendant, contents of a notice of claim of construction defect served on a contractor;
- (3) Clarify the required contents of a contractor's offer to settle or inspect and authorize the contractor to proceed with repairs;
- (4) Limit the amount a claimant can recover if the claimant rejects a contractor's reasonable proposal for inspection or a reasonable offer to remedy; and
- (5) Clarify the consequences of rejecting an offer of settlement.

Your Committee received testimony in support of this measure from the Gentry Homes, Ltd.; Hawaii Laborers & Employers Cooperation and Education Trust; Hawai'i Regional Council of Carpenters; Honolulu Fire Protection; Bruce Matson Company, Inc.; Hawaii Operating Engineers Industry Stabilization Fund Political Action Committee; Z Contractors, Inc.; Hawai'i Association of REALTORS; Mutual Housing Association of Hawai'i, Inc.; Paradigm Construction LLC; Newport Pacific Cabinets, Inc.; Tru-Door Hawaii; General Contractors Association of Hawaii; Young Democrats of Hawai'i; Case Lombardi A Law Corporation; Hawaiiana Management Company, Ltd.; Royal Contracting Co. Ltd.; Vinyl Tech and Masonry, Inc.; Hawaii Fence Builders; Holomua Collaborative; Island Flooring; Housing Hawai'i's Future; Commercial Sheetmetal Co. Inc.; Pacific Resource Partnership; D.R. Horton Hawaii;

Plumbing & Mechanical Contractors Association of Hawaii; Chamber of Commerce Hawaii; Hawai'i Construction Alliance; Building Industry Association of Hawaii; International Union of Operating Engineers Local 3 District 17; Hawai'i YIMBY; Kapolei Chamber of Commerce; and numerous individuals.

Your Committee received testimony in opposition to this measure from LippSmith LLP; Kasdan Turner Thomson Booth, LLLC; Law Offices of Philip S. Nerney, LLLC; and one individual.

Your Committee finds that the original intent of the Contractor Repair Act was to create a cooperative process between builders and homeowners, allowing defects to be identified and repaired without immediately resorting to lawsuits. However, existing law has led to an increase in litigation that discourages builders from undertaking new housing projects. This measure will help protect the State's workers and jobs and protect homeowners by ensuring timely repairs.

Your Committee has amended this measure by:

- (1) Deleting language establishing a two-year period of limitation for initiating actions after the cause of action has accrued for damages arising out of any deficiency or neglect in construction, while clarifying the remaining limitation is subject to the existing statute of repose provisions;
- (2) Deleting the issuance of a temporary certificate of occupancy from the points in time that determines whether an improvement is substantially complete;
- (3) Deleting language that awarded defendants costs incurred when a plaintiff invokes the doctrine of fraudulent concealment to toll the limitation and the plaintiff fails to plead with particularity the claim of fraudulent concealment;
- (4) Clarifying the definition of "material violation" by:
 - (A) Including building code violations that may reasonably result in physical harm; and
 - (B) Deleting the proviso that specified when conduct is not a material violation;
- (5) Specifying, for purposes of a notice of claim of construction defect, that the claimant describe the claim with particularity and specificity sufficient to determine the circumstances without need for describing damages;
- (6) Clarifying that the claimant need only provide evidence of the defect, rather than actual evidence, and deleting expert reports from the specified evidence;
- (7) Clarifying that the Contractor Repair Act applies to putative class members;
- (8) Specifying that no person may join a class action under the Contractor Repair Act unless the person has complied with the Contractor Repair Act;
- (9) Clarifying that a claimant shall provide access to inspect the premises within thirty days of a contractor's proposal to inspect;
- (10) Repealing language that awarded costs to an offerer if a judgment or award obtained in a subsequent proceeding was not more favorable than the offer;
- (11) Specifying that any additional damage caused by the alleged construction defect is not limited by an offer of settlement; and
- (12) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 420, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 420, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Belatti, Perruso, Garcia, Shimizu). Noes, none. Excused, 2 (Cochran, Kahaloa).

SCRep. 1163 Judiciary & Hawaiian Affairs on H.B. No. 826

The purpose of this measure is to authorize a county planning commission, until June 30, 2035, by special permit, to permit land uses exclusively providing residential housing for purposes of agricultural workforce housing, long-term rental, or workforce fee simple ownership in an agricultural district, under certain conditions.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation; Grassroot Institute of Hawaii; and one individual. Your Committee received testimony in opposition to this measure from LIMBY Hawai'i and Sierra Club of Hawai'i. Your Committee received comments on this measure from the Department of Agriculture; Land Use Commission; and Office of Planning and Sustainable Development.

Your Committee finds that the unprecedented housing crisis requires creative solutions. The existing permitting and entitlement process is burdensome, adding years to development timelines and driving up costs, making it nearly impossible to deliver truly affordable homes. This measure provides the counties authority and flexibility to streamline the entitlement process for workforce and long-term rental housing in designated areas.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 826, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 826, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Belatti, Garcia). Noes, 3 (Poepoe, Perruso, Shimizu). Excused, 2 (Cochran, Kahaloa).

SCRep. 1164 Judiciary & Hawaiian Affairs on H.B. No. 661

The purpose of this measure is to permit, except in certain circumstances, a previously authorized activity challenged as being subject to environmental review to continue while the applicable agency or applicant conducts an environmental assessment, prepares an environmental impact statement, or determines whether the activity is exempt.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Office of Planning and Sustainable Development; Calypso Charters; Activities and Attractions Association of Hawaii; The Westin Maui Resort & Spa; Maui Hotel & Lodging Association; Sail Maui; Teralani Sailing Adventures; Sheraton Maui Resort & Spa; Kā'anapali Beach Resort Association; Quicksilver Charters, LLC; Three's Bar & Grill; Holo Holo Charters, Inc.; OUTRIGGER Kā'anapali Beach Resort; Sea Sports Distributors; Island Dream Productions; OUTRIGGER Hospitality Group; Kā'anapali Kai Charters; The Ritz-Carlton Maui, Kapalua; Hawaii Longline Association; Sailing Maui Inc.; Hana Hou Hospitality Restaurants; Sailing Shipp's Ltd; Pacific Jet Sports; Hi-Tech Surf Sports; Cafe Jai, LLC; 3two3 Promotions; Island Scuba Inc.; Schooner Creek Boat Works; Aqualani, Trilogy Excursions; Hawaii Goes Fishing; Hawaii Seafood Council; Exclusive Limo Maui; Captain Andy's Sailing Inc; Ocean Tourism Coalition; Fair Wind Cruises; Kona Sunrise Charters; Maui Chamber of Commerce; Native Hawaiian Gathering Rights Association; and numerous individuals.

Your Committee received testimony in opposition to this measure from the Hawai'i Reef and Ocean Coalition; Climate Protectors Hawai'i; Environmental Caucus of the Democratic Party of Hawai'i; League of Women Voters of Hawaii; Sierra Club of Hawai'i; Nā Pāpa'i Wāwae 'Ula'ula; Free Access Coalition; Green Party of Hawai'i; Country Talk Story; Kihei Community Association; Big Island Reef Keepers Hui; Moana Ohana; 'Ilio'ulaokalani Coalition; Sierra Club, Maui Group; Pō'ai Wai Ola; Northwestern Hawaiian Islands Hui; Nā Kia'i Kai; Ko'olaupoko Hawaiian Civic Club; Conservation Council for Hawai'i; He'eia National Estuarine Research Reserve; Kua'āina Ulu 'Auamo; Native Hawaiian Legal Corporation; For the Fishes; Kūmano I Ke Ala; Earthjustice; The Moanalua Gardens Foundation; Center for Biological Diversity; Hawaii Island Aha Moku; Friends of Hanauma Bay; and numerous individuals.

Your Committee received comments on this measure from two individuals.

Your Committee finds that the environmental review process under chapter 343, Hawaii Revised Statutes, was designed to evaluate the potential environmental impact of certain actions. Your Committee further finds that recent court decisions have broadened the definition of an environmental "action", extending the definition to long-standing, historically permitted activities in certain state-managed areas. Your Committee recognizes that the expansion of this definition negatively impacts law-abiding operations, such as commercial boating and recreational activities that are already regulated under strict administrative rules. This measure addresses this issue by permitting, except in certain circumstances, a previously authorized activity challenged as being subject to environmental review to continue while the applicable agency or applicant conducts an environmental assessment, prepares an environmental impact statement, or determines whether the activity is exempt.

Your Committee has amended this measure by:

- (1) Narrowing which activities are authorized to continue while the agency or applicant conducts an environmental assessment, prepares an environmental impact statement, or determines whether the activity is exempt; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 661, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 661, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Belatti, Kahaloa, Shimizu). Noes, 2 (Poepoe, Perruso). Excused, 1 (Cochran).

SCRep. 1165 Finance on H.B. No. 454

The purpose of this measure is to:

- (1) Establish state goals for economic growth fueled by innovation and technology;
- (2) Appropriate funds to the Hawaii Technology Development Corporation to support programs that address those goals; and
- (3) Require the Hawaii Technology Development Corporation to submit annual reports over three years to the Legislature.

Your Committee received testimony in support of this measure from the Hawai'i Technology Development Corporation; Blue Startups; Pacific Biodiesel Technologies; HNu Photonics; Hawaii Biotech, Inc.; Nuveia LLC; Lanikai Brewing Company, LLC; Kauai Hemp Company; HI-Spectral, LLC; Holomua Collaborative; Hawai'i Farm Bureau; Hawaii Fish Company; Chamber of Commerce Hawaii; Nalu Scientific, LLC; Hawai'i Pacific Advisory Group; Maui Chamber of Commerce; Maui Economic Development Board; Hawaii Food Industry Association; Pacific Allied Products Ltd; and three individuals. Your Committee received comments on this measure from ThriveHI.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount; and
- (2) Changing the effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 454, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 454, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1166 Finance on H.B. No. 476

The purpose of this measure is to increase the capital gains tax rate for individuals, estates, and trusts to nine percent and the alternative capital gains tax rate for corporations to five percent.

Your Committee received testimony in support of this measure from the Hawai'i Health & Harm Reduction Center; Hawaii Appleseed Center for Law & Economic Justice; Hawaii State AFL-CIO; and two individuals. Your Committee received testimony in opposition to this measure from the Hawai'i Association of REALTORS; Grassroot Institute of Hawaii; Hawaiian Islands Republican Women; and numerous individuals. Your Committee received comments on this measure from the Department of Taxation; Hawai'i Children's Action Network Speaks!; Democratic Party of Hawai'i Education Caucus; and Tax Foundation of Hawaii.

Your Committee has amended this measure by changing the capital gains tax rate for individuals, estates, and trusts and alternative capital gains tax rate for corporations to unspecified percentages.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 476, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 476, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (Keohokapu-Lee Loy, Lamosao, Miyake). Noes, 2 (Alcos, Reyes Oda). Excused, 1 (Ward).

SCRep. 1167 Finance on H.B. No. 1308

The purpose of this measure is to:

- (1) Allow for the regulation of sports wagering by the Department of Commerce and Consumer Affairs;
- (2) Establish licensing requirements for sports wagering operators and sports wagering suppliers; and
- (3) Specify that legal sports wagering and fantasy sports contests shall not be considered contests of chance or gambling.

Your Committee received testimony in support of this measure from DraftKings Inc.; BetMGM; Sports Betting Alliance; Iron Workers Stabilization Fund; and six individuals. Your Committee received testimony in opposition to this measure from the Department of Commerce and Consumer Affairs; Department of the Attorney General; Department of the Prosecuting Attorney of the City and County of Honolulu; Boyd Gaming; Hawaii Family Forum; Stop Predatory Gambling; Litt Law, LLC; HI Good Neighbor; Hawaiian Islands Republican Women; and numerous individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Taxation.

Your Committee has amended this measure by:

- (1) Changing the sports wagering operator license fee to an unspecified amount;
- (2) Changing the sports wagering supplier license fee to an unspecified amount;
- (3) Changing the general excise tax rate on licensed sports wagering to an unspecified percentage; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1308, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1308, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Hussey, Keohokapu-Lee Loy, Kusch, Lamosao, Miyake, Templo). Noes, 3 (Grandinetti, Alcos, Reyes Oda). Excused, 1 (Ward).

SCRep. 1168 Finance on H.B. No. 1194

The purpose of this measure is to:

- (1) Make laws regulating midwives and the practice of midwifery permanent;
- (2) Clarify the scope of practice of midwifery;
- (3) Establish licensure requirements for certified midwives and certified professional midwives, including continuing education requirements;
- (4) Grant global signature authority to midwives;
- (5) Grant prescriptive authority to licensed midwives practicing as certified midwives and amend the list of approved legend drugs that may be administered by licensed midwives;
- (6) Establish peer review and data submission requirements for midwives;
- (7) Affirm that the practice of midwifery does not include traditional native Hawaiian healers performing traditional Hawaiian healing practices;
- (8) Clarify exemptions from licensure and grounds for refusal to grant, renew, reinstate, or restore licenses and for the revocation, suspension, denial, or condition of licenses; and
- (9) Clarify medical record availability and retention requirements for the purposes of medical torts.

Your Committee received testimony in support of this measure from the Healthcare Association of Hawaii; Early Childhood Action Strategy; Banyan Birth LLC; Hawaii Section of the American College of Obstetricians and Gynecologists; Hawaii Medical Association; Midwives Alliance of Hawai'i; American Academy of Pediatrics, Hawaii Chapter; and numerous individuals.

Your Committee received testimony in opposition to this measure from one member of the Kaua'i County Council; Hawai'i Home Birth Task Force; Hawai'i Home Birth Collective; Aoki Birthing Care; Maui Midwifery; Democratic Party of Hawai'i; Hui Aloha 'Āina na Wahine o Wai'ale'ale Women's Patriotic League; Laulima Midwifery; Pacific Birth Collective Board of Directors; Prana Midwifery, LLC; Hawai'i Midwifery Council; Gentle Beginnings Midwifery; Hale Kealaula, LLC; Chamber of Sustainable Commerce; Nightbloom Birth; Libertarian Party of Hawaii; Hana Business Council; American Civil Liberties Union of Hawai'i; Ho'opae Pono Peace Project; More Than Maternity LLC; Mālama Nā Pua o Haumea; Over the Rainbow, LLC; Maui Medical Healers Hui; and numerous individuals.

Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs; Hawai'i State Center for Nursing; one member of the Hawai'i County Council; American Society of Radiologic Technologists; Mahina Midwives; Ko'olaupoko Hawaiian Civic Club; Committee of Midwife Advocates for the Certified Midwife of the American College of Nurse-Midwives; Papa Ola Lokahi; Hawai'i Affiliate of the American College of Nurse-Midwives Board of Directors; North American Registry of Midwives; American College of Nurse-Midwives; and Native Hawaiian Legal Corporation.

Your Committee finds that the regulation of midwifery is necessary to protect public health and safety. Three separate reports by the Office of the Auditor (Nos. 99-14, 17-1, and 25-03) determined that the nature of the maternity and prenatal services provided by a midwife may endanger the health and safety of pregnant people and newborns under the midwife's care, therefore, the profession of midwifery should be subject to regulation. Your Committee considered several hours of public testimony about the importance of high-quality, competent care for both a mother and baby, and the risk of long-term negative health impacts if pregnancy-related complications go unrecognized and untreated.

At the same time, your Committee understands the importance of protecting Native Hawaiian traditional and customary practices as recognized under article XII, section 7, of the Hawaii State Constitution. Therefore, your Committee finds that amendments to this measure are necessary to be clear that Native Hawaiian traditional and customary practices do not fall under the "practice of midwifery" and any person who engages in Native Hawaiian traditional and customary practices that are protected under the Hawaii State Constitution is exempt from chapter 457J, Hawaii Revised Statutes.

Your Committee has amended this measure by:

- (1) Clarifying that Native Hawaiian traditional and customary practices protected under the Hawaii State Constitution are exempt from the regulatory provisions of this measure and deleting references to kupuna councils convened by Papa Ola Lokahi;
- (2) Clarifying that the scope of practice of midwifery excludes performing, supervising, and interpreting procedures using ionizing radiation;
- (3) Removing workers' compensation verification documents, Department of Education verification and evaluation forms, and physical examination forms from the global signature authority granted to midwives;
- (4) Clarifying the peer review requirements for clinical cases subject to peer review when the intended place of birth is not a hospital or an accredited birth facility;

- (5) Clarifying data submission requirements for license renewal, including that the Department of Commerce and Consumer Affairs may require data submission to an organization approved by the Department as a condition of license renewal, but that the requirement shall not apply to midwives working in a hospital or an accredited birth facility;
- (6) Clarifying the definitions of "certified midwife", "certified professional midwife", and "telehealth";
- (7) Amending the definition of "practice of midwifery" to remove primary care for individuals from adolescence through adulthood;
- (8) Clarifying that the licensure exemption for an individual licensed and performing work within the person's scope of practice that overlaps with the practice of midwifery does not authorize the individual to use the title of "midwife" or "licensed midwife";
- (9) Clarifying that the requirements for cardiopulmonary resuscitation (CPR) and neonatal resuscitation program (NRP) certification as a condition of initial licensure and renewal shall be current at the time of licensure and renewal and remain current throughout the license period;
- (10) Specifying that failure to maintain current and valid CPR and NRP certifications are grounds for refusal to grant, renew, reinstate, or restore a license and for revocation, suspension, denial, or condition of a license;
- (11) Providing that grounds for disciplinary action against a midwife do not include the delegation of administrative and technical clinical tasks to a person who is assisting the midwife;
- (12) Changing the effective date to June 29, 2025; and
- (13) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1194, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1194, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Grandinetti). Noes, 3 (Hussey, Alcos, Reyes Oda). Excused, 1 (Ward).

SCRep. 1169 Judiciary & Hawaiian Affairs on H.B. No. 1118

The purpose of this measure is to prohibit the issuance of new non-medical immunization exemptions for school-aged children.

Your Committee received testimony in support of this measure from the Department of Health; Hawai'i State Council on Developmental Disabilities; Hawai'i Public Health Institute; Pride at Work - Hawai'i; Hawai'i Pacific Health; American College of Obstetricians and Gynecologists – Hawai'i Section; American Academy of Pediatrics, Hawai'i Chapter; and numerous individuals.

Your Committee received testimony in opposition to this measure from one member of the Kaua'i County Council; Free Citizens of Maunaloa; Hawaiian Islands Republican Women; Project Nehemiah Hawaii; Outlawz Athletics; Aloha 1st Athletics; Aloha Freedom Coalition; Nana's Early Childcare; Pono Records; Retore Aloha; Hawai'i Christian Coalition; Christian Science Committee on Publication for Hawaii; Faith in Action Church of God; King's Chapel; Beauty Way of the Four Directions Native American Church of Kaua'i; Hawaii for Informed Consent; Libertarian Party of Hawaii; Pure Wellness LLC; Clementine's Closet LLC; KELII Foundation; KUMU Foundation; and numerous individuals.

Your Committee received comments on this measure from the Department of Education and Church of Satanism, Coeur d'Alene Chapter.

Your Committee finds that school immunization requirements are a critical tool for preventing the spread of infectious diseases and maintaining public health. Studies confirm that high vaccination rates create herd immunity, which is essential for protecting medically fragile children who cannot be immunized due to health conditions. In recent years, Hawaii has seen a significant rise in non-medical immunization exemptions, more than doubling since the 2015–2016 school year. This measure aims to enhance the safety of school-aged children by reducing non-medical exemptions while continuing to safeguard those with valid medical exemptions.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1118, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1118, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Poepoe, Belatti). Noes, 3 (Perruso, Garcia, Shimizu). Excused, 3 (Cochran, Kahaloa, Todd).

SCRep. 1170 Finance on H.B. No. 410

The purpose of this measure is to appropriate funds for the operating budget for the 2025-2027 fiscal biennium for the Office of Hawaiian Affairs.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Pua'ainahau Foundation; Kahuku Medical Center; and numerous individuals. Your Committee received testimony in opposition to this measure from the Center for Hawaiian Sovereignty Studies and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 410, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1171 Finance on H.B. No. 400

The purpose of this measure is to appropriate funds for the operating and capital improvement costs of the Judiciary Branch for fiscal biennium 2025-2027.

As introduced, this measure appropriates:

Operating

	<u>FY 2025-2026</u>	<u>FY 2026-2027</u>
GENERAL FUNDS	203,319,009	203,391,600
ALL MEANS OF FINANCE	216,164,762	216,237,353

Capital Improvements

	<u>FY 2025-2026</u>	<u>FY 2026-2027</u>
GENERAL FUNDS	0	0

GENERAL OBLIGATION BONDS	9,900,000	0
ALL MEANS OF FINANCE	9,900,000	0

Your Committee received testimony in support of this measure from the Judiciary; Department of Education; The Legal Clinic; Volunteer Legal Services Hawai'i; Hawaii State Bar Association; and Legal Aid Society of Hawai'i. Your Committee received comments on this measure from SanHi Government Strategies.

Your Committee has amended this measure by:

- (1) Clarifying capital improvement projects amounts and cost elements;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As amended, this measure appropriates:

Operating

	<u>FY 2025-2026</u>	<u>FY 2026-2027</u>
GENERAL FUNDS	203,319,009	203,391,600
ALL MEANS OF FINANCE	216,164,762	216,237,353

Capital Improvements

	<u>FY 2025-2026</u>	<u>FY 2026-2027</u>
GENERAL FUNDS	0	0
GENERAL OBLIGATION BONDS	11,900,000	0
ALL MEANS OF FINANCE	11,900,000	0

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 400, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 400, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1172 Finance on H.B. No. 300

The purpose of this measure is to appropriate funds for the operating and capital improvement costs of the Executive Branch for fiscal biennium 2025-2027.

As introduced, the administration's operating budget totaled:

Operating

	<u>FY 2025-2026</u>	<u>FY 2026-2027</u>
GENERAL FUNDS	10,471,559,898	10,541,723,984
ALL MEANS OF FINANCE	20,546,640,464	20,459,458,677

Capital Improvements

	<u>FY 2025-2026</u>	<u>FY 2026-2027</u>
GENERAL FUNDS	0	0
GENERAL OBLIGATION BONDS	1,327,344,000	601,195,000
ALL MEANS OF FINANCE	3,433,004,000	2,470,581,000

On February 18, 2025, the Governor notified the Legislature of requested adjustments to the executive budget. The administration's revised operating budget totaled:

Operating

	<u>FY 2025-2026</u>	<u>FY 2026-2027</u>
GENERAL FUNDS	10,519,904,900	10,572,868,063
ALL MEANS OF FINANCE	20,614,223,896	20,499,921,519

Capital Improvement

	<u>FY 2025-2026</u>	<u>FY 2026-2027</u>
GENERAL FUNDS	0	0

ALL MEANS OF FINANCE	3,479,104,000	2,470,581,000

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs; Department of Corrections and Rehabilitation; Department of Budget and Finance; Department of the Attorney General; Department of Agriculture; University of Hawai'i System; Department of Hawaiian Home Lands; Department of Human Resources Development; Department of Accounting and General Services; Department of Law Enforcement; Department of Taxation; Department of Health; Department of Business, Economic Development, and Tourism; Department of Human Services; Department of Labor and Industrial Relations; Department of Defense; Hawai'i State Public Library System; Hawaii Housing Finance and Development Corporation; Executive Office on Early Learning; Hawaii State Energy Office; Hawai'i Community Development Authority; Statewide Office on Homelessness and Housing Solutions; Office of Planning and Sustainable Development; Stadium Authority; Hawaii Green Infrastructure Authority; Executive Office on Aging; Hawai'i Technology Development Corporation; State Council on Developmental Disabilities; Hawaii State Commission on the Status of Women; School Facilities Authority; Public Utilities Commission; John A. Burns School of Medicine University of Hawai'i at Mānoa; Board of Education; Hawaii Public Housing Authority; Agribusiness Development Corporation; Hawaii Correctional System Oversight Commission; Department of Water Supply, County of Hawai'i; Honolulu Board of Water Supply; Department of Water, County of Kaua'i; Department of Water Supply, County of Maui; ABC Group; Responsive Caregivers of Hawaii; Behavior Analysis No Ka Oi, Inc.; Hawai'i Waiver Providers Association; Full Life; Hawai'i Oral Health Coalition; Arc of Kona; Catholic Charities Hawai'i; Hawai'i Island Community Health Center; Holomua Collaborative; Hawai'i Association for Behavior Analysis; The Nature Conservancy, Hawai'i and Palmyra; BAYADA Behavioral Health; Kaua'i Island Utility Cooperative; Hawaii Dental Service; Special Education Advisory Council; Parents and Children Together; Hawaii Laborers & Employers Cooperation and Education Trust Fund; Care for 'Aina Now Coalition; Planned Parenthood Alliance Advocates – Hawai'i; Hawai'i True Cost Coalition; Early Childhood Action Strategy; Hunt Development Group, LLC; Hawai'i Farm Bureau; Hawaiian Electric; Healthcare Association of Hawaii; Maui Health System; HPM Building Supply; Mana Up; Akaka Foundation; Autism Behavior Consulting Group; Ho'ouma Autism Services LLC; and numerous individuals.

Your Committee received testimony in opposition to this measure from the Drug Policy Forum of Hawai'i; Reimagining Public Safety in Hawai'i Coalition; and numerous individuals.

Your Committee received comments on this measure from the Office of the Governor; Hawaii Health Systems Corporation; Department of Education; Department of Transportation, Department of Land and Natural Resources; Early Learning Board; Kaho'olawe Island Reserve Commission; Land Use Commission; Pakoalea Support Services; Hawaii Disability Rights Center; Hawai'i Friends of Restorative Justice; Kualoa Ranch; Essential Access Health; Hawai'i Public Health Institute; Commit to Keiki; Hep Free Hawaii; Hawaii Appleseed Center for Law & Economic Justice; Hawai'i Children's Action Network Speaks!; ACLU of Hawai'i; and four individuals.

Your Committee on Finance finds that the indicators for the economic outlook of the State show relatively moderate growth. However, challenges remain as the State prepares to deal with potential impacts from changing federal policy.

On January 6, 2025, State Economist, Dr. Eugene Tian, briefed your Committee that while the state economy is buoyed by construction, real estate, and a stable labor market, it is still facing challenges, including:

- (1) Higher than national average inflation;
- (2) A shrinking labor force; and
- (3) Slow visitor industry recovery.

On January 25, 2025, the U.S. House of Representatives passed a budget resolution that proposed a potential \$2 trillion cut in federal spending impacting safety net programs such as Medicaid, Supplemental Nutrition Assistance Program (SNAP), and Temporary Assistance for Needy Families (TANF). Should these reductions come to fruition, the State will need flexibility in the budget to respond.

On February 28, 2025, the University of Hawaii Economic Research Organization (UHORO) warned that "Hawaii's economic growth is threatened by federal disruptions. While tax cuts may provide some stimulus this year, the Administration's actions—including tariffs, mass deportations, and spending cuts—will impose significant drag thereafter. The clearest near-term risk is federal layoffs, which will result in a loss of more than 2,000 local jobs, fully offsetting growth in construction and the lift from local tax cuts. Together with other federal policies, this places the Hawaii economy at risk of recession over the next few years."

In light of these concerns, your Committee focused on core and safety net programs and prepared for flexibility within the budget by providing:

- (1) \$200,000,000 in FY26 for deposit into the Emergency and Budget Reserve Fund;
- (2) \$465,084 and five positions in FY27 for Office of Federal Awards Management;
- (3) \$20,990,000 in FY26 and FY27 for summer school;
- (4) \$10,000,000 in FY26 and FY27 for skilled nursing services;
- (5) \$80,545,000 in FY26 and \$69,597,400 in FY27 for Hawaii Health Systems Corporations Regions and implementation of Epic Systems for East Hawaii;
- (6) \$12,000,000 in FY26 and \$6,000,000 in FY27 for Maui Health System;
- (7) \$1,838,210 in FY26 and \$3,305,926 in FY27 and twenty-one positions for certified community behavioral health clinic certification for Oahu, Maui, Hawaii, and Kauai Community Mental Health Centers;
- (8) \$13,000,000 in FY26 and FY27 for locum tenens contracts for Hawaii State Hospital;
- (9) \$1,700,000 in FY26 and FY27 for contracted services for family planning and preventative health services;
- (10) \$250,000 in FY26 and FY27 for the State Rent Supplement Program;
- (11) \$250,000 in FY26 and FY27 for the federal Section 8 Program;
- (12) \$3,750,000 in FY26 and FY27 for the Housing First Program;
- (13) \$3,750,000 in FY26 and FY27 for the Rapid Re-Housing Program;
- (14) \$6,500,000 in FY26 and FY27 for Applied Behavioral Analysis to increase provider payment rates;
- (15) \$29,455,181 in FY26 and FY27 to sustain increased reimbursement rates for most medical professional services; and
- (16) \$605,000 in FY26 and FY27 for Family Resource Centers.

Upon consideration, your Committee has amended this measure by:

- (1) Appropriating the following for operating and capital improvement expenses:

Operating

	<u>FY 2025-2026</u>	<u>FY 2026-2027</u>
GENERAL FUNDS	10,668,359,711	10,519,050,655
ALL MEANS OF FINANCE	20,484,862,473	20,216,604,470

Capital Improvements

	<u>FY 2025-2026</u>	<u>FY 2026-2027</u>
GENERAL FUNDS	0	0
GENERAL OBLIGATION BONDS	1,453,490,000	446,559,000
ALL MEANS OF FINANCE	3,628,285,000	2,369,450,000

- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 300, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 300, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1173 Agriculture & Food Systems on S.B. No. 693

The purpose of this measure is to appropriate funds for the continued implementation of the Food Hub Pilot Program.

Your Committee received testimony in support of this measure from the Department of Agriculture; Agribusiness Development Corporation; Department of Research and Development of the County of Hawai'i; Hawai'i Farm Bureau; Hawai'i Farmers Union; Hawai'i Primary Care Association; Hawai'i Reef and Ocean Coalition; Climate Protectors Hawaii; Hawai'i Pacific Health; Kanalani Ohana Farm; Hawai'i Alliance for Progressive Action; Hawai'i Food Hub Hui; Adaptations Food Hub Big Island; Ho'ōla Farms/Hilo Food Hub; Malama Kaua'i; Hawai'i Ulu Cooperative; Chamber of Commerce of Hawaii; Adaptations Farm and Food Hub; Feed Hawaii/Kohala Food Hub; and numerous individuals. Your Committee received comments on this measure from Eden Farms Hawaii, Inc.

Your Committee finds that strengthening the State's food security requires increasing local food production and improving consumer access to locally grown food. Food hubs serve as a critical link in this effort by facilitating the aggregation, storage, processing, and distribution of local agricultural products. Additionally, food hubs play an essential role in enhancing food access for underserved communities. This measure continues funding for the Food Hub Pilot Program, ensuring that food hubs can strengthen local food supply chains, support Hawaii's farmers, and reduce the State's dependence on imported food.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$1,500,000.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 693, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 693, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Kusch, Ward).

SCRep. 1174 Agriculture & Food Systems on S.B. No. 1023

The purpose of this measure is to:

- (1) Establish and appropriate funds into and out of a Spay and Neuter Special Fund to reduce pet overpopulation and the reproduction of free-roaming cats; and
- (2) Establish various revenue and fundraising sources for the Special Fund.

Your Committee received testimony in support of this measure from the Hawaiian Humane Society; Hawai'i Reef and Ocean Coalition; Neighborhood Cats; Animal Interfaith Alliance in Britain; Maui Humane Society Board of Directors; Humane World For Animals; Fur-Angel Foundation; Animal Rights Hawai'i; Hui Pono Holoholona; and numerous individuals.

Your Committee received testimony in opposition to this measure from the American Bird Conservancy; Hawai'i Audubon Society; Hui Hoomalu i ka Aina; and numerous individuals.

Your Committee received comments on this measure from the Department of Budget and Finance; Department of Taxation; Department of the Attorney General; Department of Land and Natural Resources; Tax Foundation of Hawaii; Big Island Invasive Species Committee; and one individual.

Your Committee finds that spaying and neutering are effective strategies for managing pet populations and reducing the number of free-roaming cats, yet the State lacks dedicated funding for these efforts. This measure establishes a Spay and Neuter Special Fund, supported by various revenue sources, to address pet overpopulation and promote humane population control.

Your Committee has amended this measure by:

- (1) Specifying that the appropriated funds to reduce pet overpopulation and the reproduction of free-roaming cats be allocated directly to the counties as a grant-in-aid, rather than expended by the Department of Budget and Finance;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1023, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1023, S.D. 1, H.D. 1, and be referred to your Committee on Culture & Arts.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Kusch, Ward).

SCRep. 1175 Agriculture & Food Systems on S.B. No. 1186

The purpose of this measure is to establish the Statewide Interagency Food Systems Coordination Team and the Interagency Food Systems Working Group within the Agribusiness Development Corporation.

Your Committee received testimony in support of this measure from the Department of Agriculture; Department of Business, Economic Development, and Tourism; Agribusiness Development Corporation; Office of Planning and Sustainable Development; Department of Research and Development of the County of Hawai'i; City and County of Honolulu Office of Climate Change, Sustainability, and Resiliency; Ulupono Initiative; Hawai'i Farm Bureau; Hawai'i Reef and Ocean Coalition; Climate Protectors Hawai'i; Namnama Farms; Kanalani Ohana Farm; Hawaii Food+ Policy; Hawai'i Alliance for Progressive Action; Hawaii Cattlemen's Council; Hawai'i Farmers Union; Hawaii Food Industry Association; Hawaii Farmers Union - Haleakala Chapter; Oahu Resource Conservation & Development Council; and numerous individuals. Your Committee received comments on this measure from the Hawai'i Emergency Management Agency and Eden Farms Hawaii, Inc.

Your Committee finds that Hawaii is committed to sustainable economic growth, strengthening local food production, improving food access, addressing climate change, and reducing food insecurity. Your Committee further finds that achieving a resilient and equitable food system requires collaboration among state agencies, farmers, retailers, non-profits, and communities to enhance efficiency, sustainability, and disaster response. This measure establishes the

Statewide Interagency Food Systems Coordination Team and the Interagency Food Systems Working Group within the Agribusiness Development Corporation to strengthen strategic planning and cross-sector collaboration.

Your Committee has amended this measure by:

- (1) Inserting an appropriation for an unspecified amount for a temporary full-time equivalent position for the Department of Business, Economic Development, and Tourism;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider the requests of the Department of Business, Economic Development, and Tourism and Agribusiness Development Corporation for one full-time equivalent position each to effectuate the purposes of this measure.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1186, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1186, S.D. 2, H.D. 1, and be referred to your Committee on Economic Development & Technology.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Kusch, Ward).

SCRep. 1176 Agriculture & Food Systems on S.B. No. 448

The purpose of this measure is to appropriate funds to the Agribusiness Development Corporation to acquire a conservation easement in Central Oahu.

Your Committee received testimony in support of this measure from the Department of Agriculture; Agribusiness Development Corporation; Hawai'i Farm Bureau; and Hawai'i Farmers Union.

Your Committee finds that conservation easements serve as a tool to preserve agricultural lands, supporting the State's goal of increasing local food production. Despite ambitious mandates, such as requiring thirty percent of public school food to be locally sourced by 2030 and fifty percent of state department produce purchases to be local by 2050, stronger action is needed to protect agricultural lands for future food production. This measure appropriates funds to the Agribusiness Development Corporation to acquire a conservation easement on agricultural lands in Central Oahu, ensuring long-term agricultural viability.

Your Committee has amended this measure by:

- (1) Clarifying that the appropriation is for the Agribusiness Development Corporation to acquire a conservation easement on agricultural lands in Central Oahu;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 448, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 448, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Kusch, Ward).

SCRep. 1177 Agriculture & Food Systems on S.B. No. 552

The purpose of this measure is to require and appropriate funds for the Department of Agriculture to establish a Healthy Soils Program.

Your Committee received testimony in support of this measure from the Hawai'i Climate Change Mitigation and Adaptation Commission; Hawai'i Reef and Ocean Coalition; Climate Protectors Hawai'i; Citizens' Climate Lobby Hawai'i; 350Hawaii.org; Carbon Cashback Hawaii; Hawai'i Farm Bureau; Hawai'i Farmers Union; Hawai'i Food+ Policy; Kānalani Ohana Farm; Hawai'i Cattlemen's Council; Hawai'i Alliance for Progressive Action; Haleakala Chapter of the Hawaii Farmers Union; Women Organizing for Change in Agriculture and Natural Resource Management; and numerous individuals. Your Committee received comments on this measure from the Department of Agriculture; Eden Farms Hawaii, Inc.; and one individual.

Your Committee finds that maintaining healthy soils is essential for Hawaii's agricultural sustainability and resilience. Investing in soil health supports farm productivity, strengthens the local economy, and enhances food security. This measure creates a Healthy Soils Program within the Department of Agriculture to evaluate and improve soil conditions while offering farmers education and technical support.

Your Committee has amended this measure by:

- (1) Inserting a preamble;
- (2) Clarifying the scope and duties of the Healthy Soils Program to include:
 - (A) The integration and management of the Compost Reimbursement Program and Cover Crop Reimbursement Pilot Program;
 - (B) Education and technical assistance to support the adoption of healthy soil practices;
 - (C) The administration of financial incentives and awards to encourage the implementation of regenerative agricultural practices;
 - (D) Updated soil data and mapping initiatives, including a review process;
 - (E) Agencies that the Department of Agriculture may collaborate with for the purposes of the Program; and
 - (F) Certain reporting requirements;
- (3) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of more than the original appropriation request of \$500,000 due to the federal administration's recent deprioritization of climate smart practices, which target improved soil health.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 552, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 552, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Kusch, Ward).

SCRep. 1178 Labor on S.B. No. 717

The purpose of this measure is to:

- (1) Repeal statutory prohibition on certain employees that are exempt from civil service law from grieving a suspension or discharge; and
- (2) Add language to allow any employee who is a member of an appropriate bargaining unit to grieve a suspension or discharge.

Your Committee received testimony in support of this measure from the United Public Workers, AFSCME Local 646, AFL-CIO; Hawaii State AFL-CIO; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO. Your Committee received testimony in opposition to this measure from the Department of Human Resources Development. Your Committee received comments on this measure from the Department of Human Resources of the City and County of Honolulu.

Your Committee finds that there has been a substantial increase in exempt employees in the State, which are classified as "at will" employees under existing law. Furthermore, exempt employees do not have the right to file a grievance for a suspension or discharge under existing law. Your Committee finds it important that the State demonstrate fair labor practices and allow employees who are exempt from civil service to grieve suspensions or discharges.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 717, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 717, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Reyes Oda).

SCRep. 1179 Labor on S.B. No. 183

The purpose of this measure is to:

- (1) Allow impasses and disputes relating to employer contributions to the Hawaii Employer-Union Health Benefits Trust Fund to be resolved by arbitration; and
- (2) Repeal the prohibition against strikes by members of bargaining units on the issue of employer contributions to the Hawaii Employer-Union Health Benefits Trust Fund.

Your Committee received testimony in support of this measure from the University of Hawaii Professional Assembly; United Public Workers, AFSCME Local 646, AFL-CIO; Hawaii State AFL-CIO; Democratic Party of Hawai'i; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO. Your Committee received testimony in opposition to this measure from the Department of Budget and Finance. Your Committee received comments on this measure from the Department of Human Resources Development.

Your Committee finds that existing law does not provide a means for resolving disputes regarding employer monthly contributions for medical premiums toward Employer-Union Health Benefits Trust Fund plans. This implies that this negotiable item is effectively one-sided, and employer controlled. This measure ensures that both parties can negotiate in good faith, knowing that there is a fair process in place to resolve any disagreements, which supports workers' rights and promotes collaboration between employees and employers.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 183, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 183, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Reyes Oda).

SCRep. 1180 Labor on S.B. No. 1359

The purpose of this measure is to:

- (1) Effective January 1, 2026, increase the employer base composite monthly contribution to the Hawaii Employer-Union Health Benefits Trust Fund by 5.2 percent of the 2025 employer base composite monthly contribution; and
- (2) Effective January 1, 2027, require the calculation of the employer base composite monthly contribution to be based on the change in Medicare Part B premiums from 2025-2026 and at two-year increments thereafter.

Your Committee received testimony in support of this measure from the Hawaii Employer-Union Health Benefits Trust Fund Board of Trustees.

Your Committee finds that the employer's monthly base composite contribution to the Employer-Union Health Benefits Trust Fund, as it relates to Medicare Part B premiums, are published shortly after open enrollment for retired members of the Employees' Retirement System ends, resulting in retirees committing to healthcare plans for the upcoming year without knowing what the employer's contributions will be. Your Committee believes that this measure will give retirees adequate time to make informed decisions regarding their healthcare benefits.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1359, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1359, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Reyes Oda).

SCRep. 1181 Labor on S.B. No. 855

The purpose of this measure is to:

- (1) Clarify the definition of "covered employer" under the Hawaii Retirement Savings Act;
- (2) Require automatic enrollment of covered employees into the Hawaii Retirement Savings Program unless the employee opts out;
- (3) Repeal the limit on the total fees and expenses that can be spent for the Program each year; and
- (4) Appropriate funds for the development and operation of the Hawaii Retirement Savings Program.

Your Committee received testimony in support of this measure from the Executive Office on Aging; Hawai'i Retirement Savings Board; Policy Advisory Board for Elder Affairs; Hawai'i Island Chamber of Commerce; AARP Hawai'i; Hawaii Primary Care Association; Goya's Garage; Alliance of Residential Care Administrators; Hawai'i Community Lending; and numerous individuals. Your Committee received testimony in opposition to this measure from the Retail Merchants of Hawaii and Maui Chamber of Commerce. Your Committee received comments on this measure from Tax Foundation of Hawaii.

Your Committee finds that the Hawaii Retirement Savings Program provides long-term financial security and protection against inflation to qualified private-sector employees for retirement through automatic payroll deductions, who would otherwise have to independently save money for retirement. Your Committee notes that employers with retirement savings programs that have auto-enrollment policies have higher overall contribution rates by their employees than employers with only voluntary enrollment. This measure encourages employees to engage with their retirement plans and make proactive and informed decisions about their financial future.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to encourage further discussion.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$720,000 for fiscal year 2025-2026 and \$445,000 for fiscal year 2026-2027.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 855, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 855, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Kong). Noes, none. Excused, 1 (Reyes Oda).

SCRep. 1182 Labor on S.B. No. 828

The purpose of this measure is to expand workers' compensation coverage to include firefighters who develop cancer or diseases in the discharge of their firefighting duties.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations; Hawai'i State Fire Council; Hawaii Fire Department; and three individuals.

Your Committee finds that firefighters have a nine percent greater chance of being diagnosed with cancer and a fourteen percent greater chance of dying from cancer than the general United States population. Your Committee also finds that firefighters are constantly inhaling and ingesting carcinogens from fire combustion which put them at high risk for developing diseases later in life. Your Committee believes that this measure ensures support for firefighters by providing workers' compensation benefits to those who develop cancer or diseases resulting from firefighting duties.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 828, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 828, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Reyes Oda).

SCRep. 1183 Labor on S.B. No. 1360

The purpose of this measure is to amend the Employees' Retirement System's requirements for beginning dates and automatic disbursements to reflect the most recent requirements of the Internal Revenue Code of 1986, as amended, to return the accumulated contributions of former non-vested class A or B members.

Your Committee received testimony in support of this measure from the Employees' Retirement System Board of Trustees.

Your Committee finds that the Employees' Retirement System undergoes burdensome and costly steps to maintain its beneficial federal tax status while distributing the required minimum distributions to its members. Your Committee also finds that the automatic distribution requirement for non-vested hybrid members necessitates third-party retirement accounts which must be separately defined as contributions plans, to avoid tax implications on contributions. The amendments pursuant to this measure streamline the distribution process while ensuring the Employees' Retirement System retains its federal tax status.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1360, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1360, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Reyes Oda).

SCRep. 1184 Labor on S.B. No. 1361

The purpose of this measure is to:

- (1) Extend the deadline for payment to the Employees' Retirement System for departments or agencies of the State or counties that fail to comply with reporting requirements by one year after the review period; and
- (2) Change the timeframe for which the Employees' Retirement System must report regarding any department or agency's failure to submit required information to the Employees' Retirement System from the current fiscal year to the previous fiscal year.

Your Committee received testimony in support of this measure from the Board of Trustees of the Employees' Retirement System.

Your Committee finds it important to provide the Employees' Retirement System more time to effectively collect, review, and analyze the data it receives and for employers to prepare pre-payment to the Employees' Retirement System, to ensure that requirements are adequately met. Your Committee believes this measure can alleviate undue burdens on the overall process of employer reporting, while ensuring that requirements and deadlines are appropriately met.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1361, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1361, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Reyes Oda).

SCRep. 1185 Labor on S.B. No. 1491

The purpose of this measure is to:

- (1) Include the Department of Taxation and Department of Business, Economic Development, and Tourism in the list of state agencies sharing data through the statewide longitudinal data system; and
- (2) Authorize the Department of Taxation to share certain wage data with the University of Hawaii and other state agencies.

Your Committee received testimony in support of this measure from the Department of Taxation; University of Hawai'i System; and Hawai'i P-20 Partnerships for Education. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism; and Tax Foundation of Hawaii.

Your Committee finds that data currently collected by state educational systems and workforce training agencies does not include information from certain segments of the State's workforce, including those who are self-employed. This leaves the current workforce data incomplete. Your Committee further finds that gathering data from tax filings of those who are self-employed, as provided by the Department of Taxation, will provide a more accurate analysis of Hawaii's workforce. This measure will help formulate better policy while ensuring safeguards for privacy and confidentiality.

Your Committee has amended this measure by:

- (1) Requiring the data shared by the Department of Business, Economic Development, and Tourism, to be aggregated or anonymized; and
- (2) Changing the effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1491, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1491, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Reyes Oda).

SCRep. 1186 Tourism on S.B. No. 1571

The purpose of this measure is to:

- (1) Exempt all positions filled by the Hawaii Tourism Authority within the Department of Business, Economic Development, and Tourism from the State's civil service law;
- (2) Amend the definition of "convention center facility" to clarify that its facilities must reflect a Hawaii sense of place; and
- (3) Amend the eligibility requirements for service on the Hawaii Tourism Authority's Board of Directors by repealing the two-year waiting period for former Hawaii Visitors and Convention Bureau board members.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism. Your Committee received testimony in opposition to this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Council for Native Hawaiian Advancement; and one individual. Your Committee received comments on this measure from the Hawai'i Tourism Authority.

Your Committee finds that exempting positions within the Hawaii Tourism Authority from the State's civil service law will provide the Authority with greater flexibility to recruit and hire the skilled professionals it needs to carry out its responsibilities.

Your Committee has amended this measure by:

- (1) Designating the Board of Directors of the Hawaii Tourism Authority as an advisory board;
- (2) Inserting language to specify that the powers described in section 201B-3, Hawaii Revised Statutes, are granted to the Hawaii Tourism Authority except as otherwise provided by law, rather than as otherwise limited by chapter 201B, Hawaii Revised Statutes; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1571, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1571, S.D. 2, H.D. 1, and be referred to your Committee on Labor.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1187 Tourism on S.B. No. 1536

The purpose of this measure is to repeal the exemption of the President and Chief Executive Officer of the Hawaii Tourism Authority from the State's Employees' Retirement System.

Your Committee received testimony in support of this measure from the Hawai'i Tourism Authority.

Your Committee finds that removing this exemption ensures that as a state employee, the President and Chief Executive Officer of the Hawaii Tourism Authority, has a right to contribute to and benefit from the Employees' Retirement System.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 3000, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1536, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1536, S.D. 2, H.D. 1, and be referred to your Committee on Labor.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1188 Education on S.B. No. 422

The purpose of this measure is to authorize the Department of Education to establish a program to award high school diplomas to a qualified person who did not receive a high school diploma as a result of compulsory or voluntary induction into active service in the armed services of the United States or whose high school education was interrupted due to wartime practices during World War II, the Korean War, or the Vietnam War.

Your Committee received testimony in support of this measure from the Department of Education; Chamber of Commerce Hawaii; Hawaii Military Affairs Council; and three individuals.

Your Committee finds that compulsory induction into active service in the Armed Services of the United States and other wartime practices resulted in individuals deferring their educational goals. Your Committee further finds that the establishment of a program to award high school diplomas to these individuals provides them with recognition and gratitude from the State for their wartime sacrifices to their country.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 422, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 422, H.D. 1, and be referred to your Committee on Public Safety.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Muraoka).

SCRep. 1189 Education on S.B. No. 532

The purpose of this measure is to authorize public school employees and agents who have completed appropriate training to administer medication for students.

Your Committee received testimony in support of this measure from the Department of Education; Department of Health; University of Hawai'i at Mānoa School of Nursing and Dental Hygiene; University of Hawai'i at Mānoa John A. Burns School of Medicine; Hawai'i – American Nurses Association; Special Education Advisory Council; and one individual. Your Committee received testimony in opposition to this measure from the Hawaii Patriot Republicans and numerous individuals.

Your Committee finds that school health assistants may administer medications to students in state public schools. However, due to increasing vacancies for school health assistants, many schools have difficulty in meeting the needs of students who are prescribed medications or may benefit from receiving medications in emergency situations while on campus. Your Committee believes that authorizing school staff to assist with the administration of medication to students can be an effective substitute for school health assistants after completing training and general instruction in certain tasks.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 532, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 532, S.D. 2, H.D. 1, and be referred to your Committee on Health.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Kila). Noes, none. Excused, 1 (Muraoka).

SCRep. 1190 Education on S.B. No. 659

The purpose of this measure is to:

- (1) Exempt purchases of fresh local agricultural products and local value-added, processed, agricultural, or food products less than \$250,000 from using an electronic system, subject to certain requirements;
- (2) Require the Department of Education to establish guidelines for determining a county-level geographic preference for locally sourced products when procuring products; and
- (3) Exempt the Department of Education from the requirement that certain agricultural products be subject to the Hawaii Public Procurement Code.

Your Committee received testimony in support of this measure from the Department of Education; Department of Agriculture; City and County of Honolulu Office of Climate Change, Sustainability and Resiliency; Ulupono Initiative; Hawai'i Farm Bureau; Hawai'i Public Health Institute; Hawai'i Farmers Union; Food+ Policy Internship 2025; and one individual. Your Committee received testimony in opposition to this measure from the State Procurement Office.

Your Committee finds that the Department of Education is mandated to provide at least thirty percent locally sourced foods to the State's public schools by 2030. Your Committee further finds that adjusting the Department of Education's small purchase procurement capacity will provide an additional tool to procure fresh local agricultural products and local value-added, processed, agricultural, or food products from local farmers and ranchers and assist the Department in fulfilling its mandate to provide locally sourced foods for the State's public schools.

Your Committee has amended this measure by:

- (1) Changing the procurement threshold amounts to unspecified amounts;
- (2) Changing the effective date to July 1, 3000; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider:

- (1) Less than \$250,000 as the threshold for the Department of Education to procure fresh local agricultural products and local value-added, processed, agricultural, or food products without using an electronic system;
- (2) Requiring no less than three written quotes for procurements for \$25,000 to less than \$250,000;
- (3) Requiring no less than two written quotes for procurements of \$25,000 to less than \$250,000 for fresh local agricultural products and local value-added processed, agricultural, or food products to supply schools in rural communities; and
- (4) Requiring all awards exceeding \$2,500 to be posted electronically on the Hawaii Awards and Notice Data System or successor system, or a similar Department of Education procurement platform.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 659, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 659, S.D. 2, H.D. 1, and be referred to your Committee on Agriculture & Food Systems.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Muraoka).

SCRep. 1191 Education on S.B. No. 747

The purpose of this measure is to:

- (1) Establish an Audit Office within the Board of Education to audit operations, expenditures, and programs of the Department of Education;
- (2) Exempt positions in the Audit Office from civil service law; and
- (3) Appropriate funds for:
 - (A) The establishment and operation of the Audit Office; and
 - (B) The establishment of six full-time equivalent positions within the Audit Office.

Your Committee received comments on this measure from the Board of Education.

Your Committee finds that the establishment of an Audit Office will provide additional oversight over the Board of Education and Department of Education and increase transparency and accountability in the State's public education system.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 747, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 747, S.D. 1, H.D. 1, and be referred to your Committee on Labor.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Muraoka).

SCRep. 1192 Education on S.B. No. 423

The purpose of this measure is to:

- (1) Add the Director of the Head Start State Collaboration Office as an ex officio, non-voting member of the Early Learning Board;
- (2) Require the Early Learning Board to invite the President of the Head Start Association of Hawaii, or the President's designee, to serve as an ex officio, non-voting member of the Board; and
- (3) Require the Early Learning Board to invite a representative of local providers of early childhood education and development services to serve as an ex officio, non-voting member if no voting member fulfills that role.

Your Committee received testimony in support of this measure from the Early Learning Board and Executive Office on Early Learning Center.

Your Committee finds that the federal Head Start Act directs the governor of an applicable state to designate or establish a council to serve as the State Advisory Council on Early Childhood Education and Care pursuant to section 642B of the Head Start Act. Your Committee further finds that the State Advisory Council in Hawaii is the Early Learning Board. This measure will align state law with the federal Head Start Act by adding the Head Start State Collaboration Office Director as an ex officio member of the Early Learning Board and inviting the President of the Head Start Association of Hawaii, or the President's designee, to join the Board in a non-voting capacity.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 423, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 423, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Muraoka).

SCRep. 1193 Education on S.B. No. 789

The purpose of this measure is to require the Department of Education to charge no less than one-quarter of the cost of preparing a school meal for each school meal, to be repealed if the Department of Education fails to meet the statutorily established Local Farm to School Meal goal.

Your Committee received testimony in support of this measure from the Department of Education; Hawai'i Public Health Institute; Healthy Eating, Active Living Coalition; Democratic Party of Hawai'i Education Caucus; Hawai'i Foodbank; Hawai'i Children's Action Network Speaks!; and two individuals.

Your Committee finds that access to nutritious meals is necessary for students' academic success and overall well-being. However, the rising cost of school meals places an undue burden on families, leading to decreasing student participation in school meal programs. This measure will reduce the required meal cost offset collection and increase affordability for school meals in Department of Education schools.

Your Committee has amended this measure by:

- (1) Inserting a preamble;
- (2) Specifying that the price for school meals shall be set by the Department of Education to ensure that monies received from the sale of the meals shall be no more than one-quarter of the cost of preparing meals;
- (3) Deleting language which would have repealed the measure if the Department of Education fails to meet the statutorily established Local Farm to School Meal goal;
- (4) Changing the effective date to July 1, 3000; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 789, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 789, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Muraoka).

SCRep. 1194 Culture & Arts on S.B. No. 1051

The purpose of this measure is to designate the month of September as Hawaiian History Month.

Your Committee has received testimony in support of this measure from the Association of Hawaiian Civic Clubs and one individual.

Your Committee finds that in the month of September, Queen Liliuokalani's birth, life, and legacy is remembered and celebrated throughout the Hawaiian community, including at churches, Hawaiian organizations, and the Kamehameha Schools. Your Committee believes that designating the Queen's birth month of September as Hawaiian History Month would honor and celebrate her life and legacy, recognize the contributions of the Native Hawaiian community, and provide community building, educational, and economical opportunities.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture & Arts that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1051, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1051, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Sayama, Reyes Oda).

SCRep. 1195 Culture & Arts on S.B. No. 614

The purpose of this measure is to establish La Kuokoa, Hawaiian Independence Day, on November 28th of each year as a state holiday.

Your Committee has received testimony in support of this measure from the Office of Hawaiian Affairs; Kumukahi Health + Wellness; Association of Hawaiian Civic Clubs; Moanalua Gardens Foundation; Ohana Unity Party; and six individuals. Your Committee received comments on this measure from the Office of Collective Bargaining; Department of Budget and Finance; and Department of Human Resources of the City and County of Honolulu.

Your Committee finds that "La Kuokoa", Hawaiian Independence Day, was a national holiday celebrated annually on November 28 to commemorate the signing of the Anglo-Franco Proclamation of 1843, which represented the official diplomatic recognition of the independence and sovereignty of the Hawaiian Kingdom by Great Britain and France. Hawaiian Independence Day holds cultural and historical significance and represents an affirmation of identity and joyful pride for the people of Hawaii. This measure seeks to designate a state holiday in commemoration of this former national holiday, which is still observed and celebrated by many Native Hawaiians and residents of the State.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture & Arts that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 614, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 614, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Sayama, Reyes Oda).

SCRep. 1196 Transportation on S.B. No. 1402

The purpose of this measure is to clarify and expand the requirements for the securing of mooring lines in state commercial harbors.

Your Committee received testimony in support of this measure from the General Contractors Association of Hawaii and Hawaii Longline Association. Your Committee received testimony in opposition to this measure from Holo Holo Charters, Inc.; and one individual.

Your Committee finds that this measure exempts government-owned or government-sponsored vessels, training vessels, and fishing vessels from the requirements that the securing of mooring lines from vessels to the State's commercial docks, wharves, piers, quays, and landings be performed by labor that is subject to collective bargaining.

Your Committee has amended this measure by changing the effective date to July 1, 2025.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1402, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1402, S.D. 1, H.D. 1, and be referred to your Committee on Labor.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Cochran).

SCRep. 1197 Transportation on S.B. No. 321

The purpose of this measure is to require that fee simple absolute title of a privately-owned highway, road, alley, street, way, lane, bikeway, bridge, or trail held by a subdivider be deemed transferred to certain owners under certain circumstances.

Your Committee received testimony in support of this measure from three individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the existing framework of determining ownership over certain roads leaves privately owned streets, roads, alleys, and similar rights-of-way in a state of ambiguity when the original subdivider ceases to exist, often resulting in deferred maintenance and unclear responsibility for infrastructure upkeep. The lack of clear ownership often leads to deteriorating infrastructure, safety hazards, and disputes among adjacent property owners over liability and upkeep. This measure will ensure proper management and long-term maintenance of these essential thoroughfares by transferring ownership of certain private roads to contiguous property owners or their community association.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 321, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 321, S.D. 1, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Cochran).

SCRep. 1198 Transportation on S.B. No. 419

The purpose of this measure is to require each motor vehicle insurance policy to cover the replacement cost of a child passenger restraint system that was damaged or in use by a child during a covered motor vehicle accident.

Your Committee received testimony in support of this measure from the Keiki Injury Prevention Coalition and two individuals.

Your Committee finds that child passenger restraint systems play a critical role in protecting children during vehicle travel, but their safety can be compromised after a motor vehicle accident, even if there is no visible damage. Your Committee further finds that without insurance coverage for a replacement, many families may continue using potentially unsafe car seats, increasing the risk of serious injury in any future accident. This measure will ensure the safety of children and reduce the financial burden on families by requiring motor vehicle insurers to cover the replacement costs of damaged child passenger restraint systems.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 419, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 419, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Cochran).

SCRep. 1199 Transportation on S.B. No. 1009

The purpose of this measure is to:

- (1) Establish a state reserved parking space enforcement fine for parking in spaces reserved for persons with disabilities or electric vehicles, to be deposited into the Safe Routes to School Program Special Fund; and
- (2) Increase fines for any person parking a non-electric vehicle in a space designated and marked for electric vehicles.

Your Committee received testimony in support of this measure from the Ulupono Initiative; Retail Merchants of Hawaii; Hawaiian Electric; Climate Protectors Hawaii; Kauai Climate Action Coalition; and four individuals. Your Committee received comments on this measure from the Department of Budget and Finance; Department of Accounting and General Services; and Hawai'i Appleseed Center for Law & Economic Justice.

Your Committee finds that the improper use of parking spaces reserved for persons with disabilities and electric vehicles creates significant accessibility challenges and undermines the intent of these designations. Your Committee believes that insufficient enforcement and inadequate penalties have contributed to ongoing misuse, limiting access for individuals who rely on these spaces for mobility and vehicle charging. This measure strengthens enforcement by increasing fines for unauthorized parking in these reserved spaces.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes the concerns regarding whether the Department of Accounting and General Services should cite vehicles parked in an electric vehicle charging stall that is inoperable.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1009, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1009, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Cochran).

SCRep. 1200 Transportation on S.B. No. 21

The purpose of this measure is to authorize the Public Utilities Commission to:

- (1) Establish a water carrier inflationary cost index automatic adjustment mechanism; and
- (2) Waive or exempt a water carrier from the Hawaii Water Carrier Act.

Your Committee received testimony in support of this measure from the Department of Transportation; Chamber of Commerce Hawaii; Lana'i Oil Company; Young Brothers, LLC; and Hawai'i Harbors Users Group. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs; Department of Agriculture; and Public Utilities Commission.

Your Committee finds that water carriers in Hawaii face significant challenges due to inflation and regulatory lag, which hinder their ability to maintain efficient and affordable transportation services for passengers and goods. These challenges are exacerbated by the lack of a streamlined mechanism for timely rate adjustments in response to fluctuating economic conditions. This measure will allow water carriers to make annual rate adjustments to promote financial stability and service reliability.

Your Committee has amended this measure by:

- (1) Specifying that the water carrier inflationary cost index automatic adjustment mechanism be applied at an ongoing three-year cadence, where for two consecutive years the automatic adjustment mechanism is applied and for the third year an adjustment is conducted through the general rate case process;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 21, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 21, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Cochran).

SCRep. 1201 Transportation on S.B. No. 1120

The purpose of this measure is to require the Department of Transportation to adopt rules regarding a clean fuel standard for alternative fuels in the State.

Your Committee received testimony in support of this measure from the Department of Transportation; Oahu Metropolitan Planning Organization; Neste; Biotechnology Innovation Organization; Twelve Benefit Corporation; Infinium Operations, LLC; Amazon; Coalition Earth; Fair Wind Inc.; Island Energy Services, LLC; and one individual. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from Growth Energy; Par Hawaii; Hawaiian Electric; Alaska Airlines; and Hawaiian Airlines.

Your Committee finds that clean fuel policies drive the adoption of lower carbon transportation technologies, resulting in advanced competition and a diversity of fuel options for consumers. Your Committee further finds that a clean fuel standard would enable the State to meet its decarbonization goals in regard to transportation fuels.

Your Committee notes that alternative fuels technology is an emerging technology in the State and as such, the financial impacts of adoption are not easily discernable and need to be thoroughly studied to ensure its adoption does not impose an unfair financial burden on taxpayers.

Accordingly, your Committee has amended this measure by:

- (1) Requiring the Department of Transportation to conduct a feasibility study on implementing clean fuel standards for alternative fuels, including its potential fiscal impact on the State, and requiring a report to the Legislature sixty days before the convening of the Regular Session of 2027;
- (2) Requiring the Department of Transportation to start the rule making process on July 1, 2027, and adopt final rules governing a clean fuel standard for alternative fuels by January 1, 2028;
- (3) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1120, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1120, S.D. 1, H.D. 1, and be referred to your Committee on Energy & Environmental Protection.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, 2 (Muraoka, Pierick). Excused, 1 (Cochran).

SCRep. 1202 Public Safety on S.B. No. 224

The purpose of this measure is to require the Department of Corrections and Rehabilitation to:

- (1) In collaboration with various agencies and upon request of the inmates, assist inmates in obtaining their civil identification card, birth certificate, social security card, and other relevant identification necessary for successful reentry into society, as soon as practicable, but no later than one year before the inmate's parole or release date; and
- (2) Initiate the process of obtaining identification documents for inmates released to work furlough, extended furlough, or community placement programs, by providing the forms necessary for the inmate to obtain civil identification cards and other identification documents to the inmate as soon as practicable, but no later than ninety days before the inmate's release date.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Department of Corrections and Rehabilitation; Hawaii Correctional System Oversight Commission; American Civil Liberties Union of Hawai'i; Community Alliance on Prisons; Opportunity for Youth Action Hawai'i; Hawai'i Friends of Restorative Justice; and two individuals. Your Committee received comments on this measure from the Department of Human Services and Waikiki Health.

Your Committee finds that for inmates to have a successful reentry into society it becomes essential for them to possess upon release certain basic documents. This measure is just one mechanism to help individuals leaving the correctional system to reintegrate into society as smoothly as possible.

As affirmed by the record of votes of the members of your Committee on Public Safety that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 224, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Woodson).

SCRep. 1203 Public Safety on S.B. No. 104

The purpose of this measure is to:

- (1) Restrict the use of restrictive housing in state- operated and state-contracted correctional facilities, with certain specified exceptions;
- (2) Require the Department of Corrections and Rehabilitation to develop written policies and implement procedures regarding restrictive housing by July 1, 2026;
- (3) Require the Hawaii Correctional System Oversight Commission to thoroughly review certain housing placements;
- (4) Require the Department of Corrections and Rehabilitation, by April 1, 2026, to develop written policies and implement procedures to review committed persons' placement in restrictive housing and initiate reviews and develop a plan regarding restrictive housing for committed persons; and
- (5) Require the Department of Corrections and Rehabilitation to submit a report to the Legislature and Hawaii Correctional System Oversight Commission no later than forty days prior to the convening of the Regular Session of 2027.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Hawaii Correctional System Oversight Commission; Office of the Public Defender; American Civil Liberties Union of Hawai'i; Community Alliance on Prisons; Hawai'i Friends of Restorative Justice; League of Women Voters of Hawaii; Easterseals Hawaii; and five individuals. Your Committee received testimony in opposition to this measure from the Department of Corrections and Rehabilitation.

Your Committee finds that restrictive housing is a severe form of punishment that is closely associated with long-lasting psychological harm and poor post-release outcomes. Your Committee further finds that currently, there are concerns that any restrictions, policies, and procedures on the use of restrictive housing in the State may be insufficient. This measure attempts to address this need by limiting certain restrictive-housing practices and requiring the Department of Corrections and Rehabilitation to develop policies and procedures for restrictive housing.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Public Safety that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 104, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 104, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 2 (Hashem, Woodson).

SCRep. 1204 Energy & Environmental Protection on S.B. No. 533

The purpose of this measure is to require a local investor-owned electric utility that implements a planned public safety power shutoff program to provide and fund support to public schools impacted by the program.

Your Committee received testimony in support of this measure from the Department of Education. Your Committee received comments on this measure from the Department of the Attorney General and Hawaiian Electric.

Your Committee finds that a local investor-owned electric utility's planned public safety power shutoff program aims to reduce wildfire risks by proactively shutting off power in high-risk areas during specific weather conditions. Your Committee further finds that the implementation of this program poses challenges for public schools as outages may disrupt essential services. This measure appropriates funds to the Department of Education to support public schools impacted by the planned public safety power shutoff program.

Your Committee has amended this measure by:

- (1) Deleting the requirement that an investor-owned electric utility provide and fund support to public schools impacted by the planned public safety power shutoff program;
- (2) Adding a general fund appropriation of an unspecified amount for the Department of Education to support public schools impacted by the planned public safety power shutoff program;
- (3) Changing the effective date to July 1, 3000, to encourage further discussion; and

(4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes the Department of Education's written testimony, which indicates the need for an appropriation in the amount of \$1,000,000 for fiscal years 2026 and 2027 to support impacted schools pursuant to this measure.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 533, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 533, S.D. 2, H.D. 1, and be referred to your Committee on Education.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Ward).

SCRep. 1205 Energy & Environmental Protection on S.B. No. 589

The purpose of this measure is to:

- (1) Require the Public Utilities Commission to use tariffs for grid services programs, microgrids, community-based renewable energy, and retail wheeling with fair compensation;
- (2) Ensure that fair compensation is provided for distributed energy resources exports as part of grid service programs;
- (3) Clarify that a person that constructs, maintains, or operates a new microgrid shall not be considered a public utility solely as a result of furnishing service through that new microgrid to participating customers; and
- (4) Authorize retail wheeling.

Your Committee received testimony in support of this measure from Holu Hou Energy; Hawaii Solar Energy Association; Alternate Energy Inc.; LegaSea Energy; Sunspare Energy; Blue Planet Foundation; Photonworks Engineering; Fair Wind Inc; Malama Solar; Green Power Projects LLC; Grand Solar, Inc.; Solar Services Hawaii LLP; Sunrun; and numerous individuals. Your Committee received testimony in opposition to this measure from Life of the Land; International Brotherhood of Electrical Workers Local Union 1260; and Hawaiian Electric. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs; Public Utilities Commission; and Ulupono Initiative.

Your Committee finds that the transition away from imported fossil fuels toward renewable energy sources is critical for ensuring the State's energy independence, economic sustainability, and environmental resilience. Your Committee further finds that to ensure grid stability and resilience, the State must invest in grid services programs, microgrids, community-based renewable energy programs, and allow retail wheeling.

Your Committee has amended this measure by:

- (1) Adding an installation goal for customer-sited distributed energy resources;
- (2) Clarifying that energy exported from customer-sited distributed energy resources as part of a grid service program to the electric grid shall be credited at a rate sufficient to encourage deployment of customer-sited distributed energy resources in order to meet the installation goal;
- (3) Clarifying that grid service compensation values shall be sufficient to encourage participation in grid service programs;
- (4) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 589, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 589, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Ward).

SCRep. 1206 Energy & Environmental Protection/Labor on S.B. No. 1500

The purpose of this measure is to:

- (1) Authorize the Public Utilities Commission to appoint a receiver to take temporary action necessary to assure continued adequate electric services from a failing regulated investor-owned electric utility;
- (2) Require an appointed receiver to recognize and maintain any existing collective bargaining agreement and prohibit the receiver from inducing or causing a reduction in force or terminating a covered employee, other than for a cause consistent with any collective bargaining agreement; and
- (3) Appropriate funds out of the Public Utilities Commission Special Fund for any costs incurred by the Public Utilities Commission in determining whether to appoint a receiver.

Your Committees received testimony in support of this measure from the Department of Commerce and Consumer Affairs and International Brotherhood of Electrical Workers Local Union 1260. Your Committees received comments on this measure from the Public Utilities Commission and Hawaiian Electric.

Your Committees find that the Public Utilities Commission has the authority to appoint a receiver to operate a regulated water or sewer utility if it is failing, or if there is an imminent threat of the utility failing, to provide adequate and reasonable service to its customers. Your Committees further find that the Public Utilities Commission lacks this same authority for regulated investor-owned electric utilities. This measure expands this authority to regulated investor-owned electric utilities, requires the appointed receiver to maintain any existing collective bargaining agreement, and prohibits the appointed receiver from causing a reduction in force or terminating a covered employee other than for a cause consistent with any existing collective bargaining agreement.

Your Committees have amended this measure by:

- (1) Removing the appropriation;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Energy & Environmental Protection and Labor that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 1500, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 1500, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chairs on behalf of the Committees.

Energy & Environmental Protection: Ayes, 4. Noes, none. Excused, 2 (Quinlan, Ward).

Labor: Ayes, 6. Noes, none. Excused, none.

SCRep. 1207 Energy & Environmental Protection/Labor on S.B. No. 997

The purpose of this measure is to:

- (1) Allow the Public Utilities Commission to authorize preferential rates for the purchase of firm renewable energy from facilities in conjunction with prevailing wages; and
- (2) Require public utilities to forward requests for preferential rates for the purchase of firm renewable energy produced from facilities in conjunction with prevailing wages to the Public Utilities Commission for approval.

Your Committees received comments on this measure from the Department of Commerce and Consumer Affairs; Hawaii State Energy Office; and Public Utilities Commission.

Your Committees find that the State must support the development of renewable energy projects while ensuring that such projects abide by certain project labor standards. However, your Committees find that this measure, as currently drafted, allows the authorization of rates that are preferential to producers of firm renewable energy, which may increase rates for ratepayers. Your Committees further find that amendments to this measure are necessary to focus instead on the adherence of renewable energy generation projects to certain labor standards.

Your Committees have amended this measure accordingly by reverting to the version of this measure as introduced, which requires an attestation or declaration regarding project labor standards, including adherence to state-approved apprenticeship programs and prevailing wage requirements, for covered large-scale renewable energy generation projects, and further amending the measure by:

- (1) Removing the exemption to the attestation or declaration regarding project labor standards;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Energy & Environmental Protection and Labor that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 997, S.D. 3, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 997, S.D. 3, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chairs on behalf of the Committees.

Energy & Environmental Protection: Ayes, 4. Noes, none. Excused, 2 (Quinlan, Ward).

Labor: Ayes, 6; Ayes with Reservations (Kong, Reyes Oda). Noes, none. Excused, none.

SCRep. 1208 Human Services & Homelessness on S.B. No. 281

The purpose of this measure is to establish the offense of torture as a class A felony in the State.

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu; Office of the Prosecuting Attorney of the County of Hawai'i; Honolulu Police Department; Hawaiian Islands Republican Women; Kulia i Ka Nu'u; and numerous individuals. Your Committee received testimony in opposition to this measure from the Office of the Public Defender.

Your Committee finds that existing criminal laws in the State fail to sufficiently address extreme acts of cruelty and sadistic abuse, leaving gaps in legal protections for vulnerable individuals, including children and adults. This measure establishes torture as a class A felony, ensuring that perpetrators of severe physical and psychological abuse face appropriate legal consequences.

Your Committee has amended this measure by:

- (1) Including the act of knowingly depriving a minor or vulnerable person of necessary food, water, or clothing as an act that can constitute the offense of torture;
- (2) Defining "deprives";
- (3) Clarifying the definition of "vulnerable person"; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Human Services & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 281, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 281, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1209 Human Services & Homelessness on S.B. No. 292

The purpose of this measure is to establish safe harbor protections for survivors of sexual exploitation who seek medical or law enforcement assistance.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Hawaii State Commission on the Status of Women; Department of the Prosecuting Attorney for the City and County of Honolulu; Tagnawa; Imua Alliance; Rights4Girls; Sex Workers Outreach Project of Hawai'i; Ohana Unity Party; and two individuals.

Your Committee finds that sex trafficking remains a serious issue in the State. Survivors often face significant barriers to seeking help, including fear of prosecution, stigma, and a lack of access to trauma-informed care. This measure establishes safe harbor protections to ensure that survivors who seek medical or law enforcement assistance are not criminalized for their exploitation and, instead, given the opportunity to access support, seek justice, and rebuild their lives.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Human Services & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 292, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 292, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, none.

SCRep. 1210 Human Services & Homelessness on S.B. No. 295

The purpose of this measure is to:

- (1) Increase the penalties imposed on individuals convicted for violations of temporary restraining orders and orders for protection;
- (2) Clarify that the court shall not sentence a defendant to pay a fine for violating a domestic abuse protective order if the court makes an on-the-record determination that the defendant is or will be unable to pay the fine;
- (3) Specify that a conviction for violation of a temporary restraining order issued under the same judicial case number as an order for protection shall be treated as a second or subsequent violation of an order for protection; and
- (4) Authorize the court to suspend certain jail sentences for violations of domestic abuse protective orders if the defendant meets certain conditions.

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney for the City and County of Honolulu; Hawai'i State Coalition Against Domestic Violence; Hawai'i Children's Action Network Speaks!; Domestic Violence Action Center; and numerous individuals. Your Committee received testimony in opposition to this measure from the Office of the Public Defender. Your Committee received comments on this measure from the Judiciary.

Your Committee finds that protective orders are critical tools that can help shield individuals from threats and violence, yet repeated violations highlight the need for stronger enforcement. This measure strengthens accountability by increasing mandatory jail time and fines for violations, particularly for repeat offenders, and ensures that these enforceable safeguards deter future violations and enhance victim safety.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Human Services & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 295, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 295, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Garcia). Noes, none. Excused, none.

SCRep. 1211 Human Services & Homelessness on S.B. No. 952

The purpose of this measure is to require and appropriate funds for the Department of Human Services to establish a five-year Child Welfare System Diversion and Intervention Pilot Program to provide services for families and children involved, at risk of involvement, or at the risk of reinvolvement, with child welfare services.

Your Committee received testimony in support of this measure from the Office of Wellness and Resilience; Department of Human Services; Hawaii Substance Abuse Coalition; Hawai'i Youth Services Network; Hawaii Coalition for Child Protective Reform; Opportunity for Youth Action Hawai'i; Hawai'i Children's Action Network Speaks!; Ohana Unity Party; and two individuals.

Your Committee finds that additional initiatives are necessary to address gaps in the State's child welfare system and provide meaningful support to families in need. By establishing a five-year Child Welfare System Diversion and Intervention Pilot Program, this measure fosters long-term stability and better outcomes for children and caregivers through access to trauma-informed peer support navigators, financial assistance, and other essential services.

As affirmed by the record of votes of the members of your Committee on Human Services & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 952, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1212 Human Services & Homelessness on S.B. No. 1312

The purpose of this measure is to clarify and update the sex trafficking and promoting prostitution criminal offense statutes by clarifying the definition of "profits from prostitution" and making technical and other housekeeping amendments.

Your Committee received testimony in support of this measure from the Department of the Attorney General; Department of the Prosecuting Attorney of the City and County of Honolulu; Ohana Unity Party; and two individuals. Your Committee received testimony in opposition to this measure from the Office of the Public Defender. Your Committee received comments on this measure from the Sex Workers Outreach Project of Hawai'i.

Your Committee finds that the State has worked for over a decade to strengthen protections against sex trafficking and hold traffickers accountable, including legislative amendments targeting those who profit from prostitution. However, the Hawaii Supreme Court's ruling in the 2023 case *State v. Ibarra* has revealed ambiguities in existing statutes that may hinder enforcement efforts. This measure seeks to refine and clarify the existing laws on sex trafficking and promoting prostitution to ensure the laws are effective and enforceable, bolstering the State's commitment to prosecuting traffickers and providing stronger protections for victims.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Human Services & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1312, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1312, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1213 Human Services & Homelessness on S.B. No. 1609

The purpose of this measure is to require the Department of Human Services to establish and implement an Early Learning Services Contracts Program to make available a designated number of seats at licensed infant and toddler child care centers and family child care centers for families who are eligible for a federally funded child care subsidy through the Department.

Your Committee received testimony in support of this measure from the Department of Human Services; Early Learning Board; Parents And Children Together; Early Childhood Action Strategy; AAUW of Hawaii; Hawai'i Children's Action Network Speaks!; and six individuals. Your Committee received comments on this measure from the Executive Office on Early Learning.

Your Committee finds that Hawaii faces a severe shortage of affordable child care, particularly for infants and toddlers. Many families encounter long waitlists and limited choices, while child care providers struggle with financial instability due to fluctuating enrollment and inadequate subsidy reimbursements. This measure establishes an Early Learning Services Contracts Program through the Department of Human Services, ensuring stable funding for child care providers and helping working families access safe, reliable care for their children.

Your Committee has amended this measure by:

- (1) Clarifying that the Early Learning Services Contracts Program is authorized, but is not required, to provide contracts for at least one full classroom at one licensed infant and toddler child care center and one licensed group child care center per county;
- (2) Sunsetting the Early Learning Services Contracts Program on June 30, 2028; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Human Services & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1609, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1609, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1214 Higher Education on S.B. No. 1146

The purpose of this measure is to appropriate funds to the University of Hawaii:

- (1) For the development of an action plan and pre-engineering concept plan to help with debris management and water quality control in the Ala Wai watershed;
- (2) To establish two graduate assistant positions to assist with the action plan and pre-engineering concept plan; and
- (3) For partial summer overload support for faculty mentors providing oversight of the student project teams.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; University of Hawai'i System; Waikiki Neighborhood Board; Waikiki Beach Special Improvement District Association; and three individuals.

Your Committee finds that the Ala Wai canal was built in the 1920s and is the largest artificial waterway in Hawaii. Your Committee further finds that floating debris in the Ala Wai canal has been a persistent problem, severely harming recreational users and the Hawaii's aquatic habitats in nearshore waters. This measure appropriates funds to the University of Hawaii for the development of an action plan and pre-engineering concept plan to help address the debris accumulation and management in the Ala Waia watershed.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1146, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1146, S.D. 1, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Kapela, Olds, Sayama).

SCRep. 1215 Higher Education on S.B. No. 1232

The purpose of this measure is to establish and appropriate funds for a three-year Wastewater Technology Testing Pilot Program within the University of Hawaii Water Resources Research Center.

Your Committee received testimony in support of this measure from the Department of Health; Department of Hawaiian Home Lands; University of Hawai'i Water Resources Research Center; Hawai'i Climate Change Mitigation and Adaptation Commission; Hawai'i Reef and Ocean Coalition; Climate Change and Health Working Group; The Nature Conservancy, Hawai'i and Palmyra; Public Access to SunScreens Coalition; Surfrider Foundation Hawai'i Region; WAI: Wastewater Alternatives & Innovations; and three individuals.

Your Committee finds that new and emerging wastewater technologies and management solutions are being introduced that may improve public health and the environment and better protect the State's fragile coral reefs at a more affordable cost than some traditional individual wastewater systems. Your Committee further finds that these new technologies must be tested in order to be certified by the Department of Health for use in the State. Your Committee notes that the University of Hawaii Water Resources Research Center can facilitate the Department of Health's certification process with its experience, guidance, and research regarding wastewater technologies. However, the Center would need funding for a full-time coordinator position, cover administrative costs, and cover infrastructure and equipment costs for testing and analyses. This measure will establish a pilot program that will provide the Center with the resources it needs to test new wastewater technologies to facilitate the technologies' certification for use in Hawaii.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1232, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1232, S.D. 2, H.D. 1, and be referred to your Committee on Energy & Environmental Protection.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Kapela, Olds, Sayama).

SCRep. 1216 Education on S.B. No. 1393

The purpose of this measure is to require the School Facilities Authority to consult with the Department of Education and other impacted departments or agencies before the conveyance of ownership rights or lease of lands owned or occupied by the Department of Education or other impacted departments or agencies to the School Facilities Authority.

Your Committee received testimony in support of this measure from the Department of Education. Your Committee received comments on this measure from the School Facilities Authority.

Your Committee finds that requiring consultation by the School Facilities Authority with the Department of Education and other impacted departments or agencies before any conveyance of ownership rights or lease of lands to the Authority will promote a practical, balanced, and cooperative approach to state land management and ensure that the Authority's land use decisions align with the Department of Education's operational and strategic goals.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1393, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1393, S.D. 1, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Muraoka).

SCRep. 1217 Agriculture & Food Systems on S.B. No. 890

The purpose of this measure is to require any products labeled, marketed, or sold as "poi" to contain a label stating whether the product is made wholly from ingredients grown in the State or from ingredients sourced outside the State.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Hawai'i Farm Bureau; Ko'olaupoko Hawaiian Civic Club; Kako'o Oiwai; Ko'olau Foundation; and three individuals. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that poi is a fundamental part of Native Hawaiian culture, with deep historical and spiritual significance tied to kalo, or taro. Mislabeling products as "poi" when they are not entirely made from locally grown kalo misleads consumers, undermines cultural traditions, and threatens the livelihoods of Hawaii's kalo farmers. This measure preserves the authenticity of poi products in the State and ensures transparency in food labeling.

Your Committee has amended this measure by:

- (1) Clarifying that any products labeled, marketed, or sold as "poi" are required to contain a label stating whether the product is made wholly from kalo grown in the State or from kalo sourced outside the State;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 890, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 890, S.D. 2, H.D. 1, and be referred to your Committee on Economic Development & Technology.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Ward).

SCRep. 1218 Agriculture & Food Systems on S.B. No. 763

The purpose of this measure is to:

- (1) Establish an Agricultural Enforcement Program within the Department of Law Enforcement;
- (2) Establish the Agricultural Enforcement Special Fund; and
- (3) Appropriate funds for and establish positions within the Agricultural Enforcement Program.

Your Committee received testimony in support of this measure from the Department of Law Enforcement; Department of Agriculture; Agribusiness Development Corporation; Hawai'i Farm Bureau; Hawaii Cattlemen's Council; Ulupalakua Ranch; Ponoholo Ranch; Hawai'i Food+ Policy; and five individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that agricultural crimes, including theft, vandalism, and trespassing, pose substantial financial and safety risks for Hawaii's farmers and ranchers. Due to the remote locations of agricultural lands, law enforcement response times are often delayed, leading to underreported crimes and, in some cases, dangerous confrontations. To improve enforcement and deterrence, this measure establishes an Agricultural Enforcement Program within the Department of Law Enforcement to specifically address crimes affecting the agricultural sector and ensure the sustainability of Hawaii's farming industry.

Your Committee has amended this measure by:

- (1) Clarifying the statutory reference to the offenses that involve the theft of an agricultural product or commodity under the responsibilities of state law enforcement officers in the Agricultural Enforcement Program;
- (2) Designating the Department of Agriculture, rather than the Board of Agriculture, as the entity to make certain determinations related to expenditures from the Agricultural Enforcement Special Fund;
- (3) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 763, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 763, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Ward).

SCRep. 1219 Agriculture & Food Systems on S.B. No. 1276

The purpose of this measure is to:

- (1) Extend the offense of false labeling of Hawaii-grown coffee to include roasted coffee; and
- (2) Impose a mandatory \$10,000 fine for each separate offense of false labeling of Hawaii-grown roasted coffee.

Your Committee received testimony in support of this measure from the Department of Agriculture; Hawai'i Farm Bureau; Hawaii Coffee Growers Association; Heavenly Hawaiian Farms; and one individual.

Your Committee finds that Hawaii-grown coffee is a cornerstone of the State's agricultural economy, generating millions in revenue each year. However, the industry is vulnerable to counterfeiting, where lower-quality coffee is mislabeled as Hawaii-grown, misleading consumers and driving down market value. This measure strengthens labeling regulations and imposes stricter penalties to safeguard the authenticity of Hawaii-grown coffee, ensuring fair market practices and preserving the industry's long-term viability.

Your Committee has amended this measure by:

- (1) Clarifying the definition of "roasted coffee";
- (2) Adding a savings clause;
- (3) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1276, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1276, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Ward).

SCRep. 1220 Agriculture & Food Systems on S.B. No. 1257

The purpose of this measure is to:

- (1) Establish and appropriate funds for a permanent Agricultural Crimes Task Force to address the issue of agricultural crime in the State; and
- (2) Establish an offense of agricultural crime for committing certain property crimes on agricultural property.

Your Committee received testimony in support of this measure from the Department of Agriculture; Department of Law Enforcement; Hawai'i Farm Bureau; Hawaii Cattlemen's Council; Ohana Unity Party; Griffith Livestock Company LLC; Ponoholo Ranch; Hawai'i Food+ Policy; and numerous individuals. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that agricultural crimes are becoming more frequent and pose a serious risk to Hawaii's farmers and ranchers. These offenses not only result in financial hardship but also weaken food security and disrupt the agricultural economy. This measure creates an Agricultural Crimes Task Force within the Department of Agriculture to strengthen enforcement efforts, enhance coordination with law enforcement, and develop strategies to prevent agricultural crimes, ensuring greater security for the State's farming communities.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$500,000.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1257, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1257, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Ward).

SCRep. 1221 Agriculture & Food Systems on S.B. No. 177

The purpose of this measure is to:

- (1) Authorize the Division of Animal Industry of the Department of Agriculture to adopt, amend, and repeal rules to develop an assessment and approval process to import and move aquatic livestock in the State; and
- (2) Require and appropriate funds for the Division of Animal Industry to develop a biological aquatic risk-based framework and biocontainment standards for the aquatic livestock assessment and approval process.

Your Committee received testimony in support of this measure from the Department of Agriculture; Agribusiness Development Corporation; Department of Research and Development of the County of Hawai'i; Hawai'i Farm Bureau; Hawai'i Food+ Policy; Taylor Shellfish Company; and one individual. Your Committee received testimony in opposition to this measure from Animal Rights Hawai'i.

Your Committee finds that Hawaii's aquaculture industry is a vital component of the State's diversified agricultural economy, contributing to local food production and economic sustainability. However, Hawaii's unique and biodiverse marine ecosystems are highly vulnerable to external threats, including the introduction of non-native aquatic species that may disrupt native habitats and local fisheries. This measure strengthens environmental protections by authorizing the development of a comprehensive assessment and approval process for aquaculture operations, ensuring sustainability, biosecurity, and responsible growth in the industry while safeguarding Hawaii's natural resources.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and

(2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$1,000,000 for the Animal Industry Division to develop the biological aquatic risk-based framework.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 177, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 177, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Ward).

SCRep. 1222 Agriculture & Food Systems on S.B. No. 328

The purpose of this measure is to establish an income tax credit for capital infrastructure costs incurred in the conversion of a dairy farm to a hog farm.

Your Committee received testimony in support of this measure from the Department of Agriculture; Department of Business, Economic Development, and Tourism; Hawai'i Farm Bureau; Hawai'i Food+ Policy; and one individual. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that repurposing underutilized dairy farm infrastructure for hog farming presents a significant opportunity to strengthen Hawaii's pork industry and reduce reliance on imported meat. However, farmers face substantial financial challenges in converting these facilities, including structural renovations, regulatory compliance, and acquiring specialized equipment. To support this transition, this measure establishes an income tax credit to offset capital infrastructure costs, making it more feasible for farmers to expand local pork production.

Your Committee has amended this measure by:

- (1) Limiting the number of years that the tax credit may be carried forward to five years after the taxable year in which the capital infrastructure costs are incurred;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 328, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 328, S.D. 1, H.D. 1, and be referred to your Committee on Economic Development & Technology.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Ward).

SCRep. 1223 Agriculture & Food Systems on S.B. No. 562

The purpose of this measure is to:

- (1) Establish a Plant Nursery Registry Program to regulate the sale of nursery stock; and
- (2) Require certain plant nurseries to register with the Department of Agriculture.

Your Committee received testimony in support of this measure from the Department of Agriculture; Hawai'i Invasive Species Council; Office of the Mayor of the County of Maui; Coordinating Group on Alien Pest Species; Hawai'i Reef and Ocean Coalition; Hawai'i Food+ Policy; Big Island Invasive Species Committee; and four individuals. Your Committee received testimony in opposition to this measure from the Hawai'i Forest Industry Association. Your Committee received comments on this measure from the Maui Chamber of Commerce.

Your Committee finds that Hawaii's nursery industry plays a crucial role in the State's agricultural economy. However, invasive species like the coconut rhinoceros beetle, little fire ant, and coqui frog, along with plant diseases, threaten the stability and success of local nurseries. While many nurseries take proactive steps to prevent infestations, the lack of statewide regulation leaves gaps that put consumers, farmers, and the environment at risk. This measure establishes a Plant Nursery Registration Program under the Department of Agriculture to strengthen oversight, prevent the spread of pests, and align Hawaii with proven regulatory models used in other states.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 562, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 562, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Ward).

SCRep. 1224 Agriculture & Food Systems on S.B. No. 558

The purpose of this measure is to establish and appropriate funds for a statewide network of open-access food and value-added product development facilities to enable businesses to scale up new products from research and development to manufacturing and commercialization.

Your Committee received testimony in support of this measure from the University of Hawai'i System; Department of Agriculture; Department of Business, Economic Development, and Tourism; Agribusiness Development Corporation; Office of Hawaiian Affairs; Ulu pono Initiative; Hawai'i Farm Bureau; Maui Chamber of Commerce; Hawai'i Forest Industry Association; Local Food Coalition; Hawaii Food Industry Association; and one individual.

Your Committee finds that high production costs and the lack of local processing facilities force many farmers and entrepreneurs to send raw or off-grade products to the mainland for value-added processing, limiting profitability and growth. This measure addresses these challenges by creating a statewide network of open-access food and product development facilities, enabling businesses to scale up operations, reduce waste, and compete in local and global markets. By investing in value-added processing, the State can enhance farm revenues, create jobs, and strengthen Hawaii's self-sufficiency and economic resilience.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 558, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 558, S.D. 2, H.D. 1, and be referred to your Committee on Economic Development & Technology.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Ward).

SCRep. 1225 Agriculture & Food Systems on S.B. No. 1657

The purpose of this measure is to authorize the Agribusiness Development Corporation to acquire by condemnation any real property or interest in real property, under certain conditions.

Your Committee received testimony in support of this measure from the Agribusiness Development Corporation. Your Committee received comments on this measure from the Hawai'i Farm Bureau.

Your Committee finds that protecting agricultural land and water resources is critical to sustaining Hawaii's farming industry and ensuring long-term food security. Over time, securing land and water access for farmers has become increasingly difficult, threatening the viability of local agriculture. This measure strengthens Agribusiness Development Corporation's ability to preserve and expand agricultural lands, ensuring they remain dedicated to farming and are available to support diversified agriculture and long-term food production.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1657, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1657, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Ward).

SCRep. 1226 Agriculture & Food Systems on S.B. No. 1541

The purpose of this measure is to appropriate funds for the Waiahole Water System for bond debt service and tunnel repair.

Your Committee received testimony in support of this measure from the Agribusiness Development Corporation; Ulupono Initiative; Hawai'i Farm Bureau; Bayer; Larry Jefts Farms, LLC; Land Use Research Foundation of Hawaii; Hawaii Crop Improvement Association; and one individual.

Your Committee finds that the Waiahole Water System plays a vital role in transporting water from windward Oahu to central and leeward Oahu, supplying approximately five thousand six hundred acres of land, the majority of which is dedicated to agriculture. However, farmers relying on this water system face significantly higher water rates compared to similar agricultural areas, driving up production costs and, ultimately, food prices for consumers. This measure provides funding to the Agribusiness Development Corporation to eliminate bond debt and address essential infrastructure repairs, securing long-term water access for local agriculture.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$4,500,000 to pay the bond debt service on the Waiahole water system and \$2,000,000 for the repair of the adit 8 tunnel of the Waiahole water system.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1541, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1541, S.D. 1, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Ward).

SCRep. 1227 Agriculture & Food Systems on S.B. No. 252

The purpose of this measure is to expand the Department of Agriculture's authority to conduct certain investigations and clarify certain penalties to prevent the spread of invasive species in the State by:

- (1) Clarifying that the importation of any pest or material infested or infected with an insect or other animal, disease, or pest is prohibited;
- (2) Authorizing the Department of Agriculture to administratively inspect, without good cause, any article imported or moved into the State from the continental United States or between the Hawaiian Islands; and
- (3) Clarifying penalties for various quarantine and import law violations, based in part on whether violations were knowingly committed.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Hawai'i Invasive Species Council; Office of the Mayor of the County of Maui; Coordinating Group on Alien Pest Species; Hawai'i Farm Bureau; Maui Chamber of Commerce; Hawai'i Forest Industry Association; Hawai'i Reef and Ocean Coalition; Hawai'i Food+ Policy; Big Island Invasive Species Committee; and seven individuals. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that invasive species pose the greatest threat to Hawaii's economy, environment, and public health, leading to habitat destruction, native species extinction, increased wildfire risk, and higher agricultural costs. Despite federal pre-departure inspections for exports from Hawaii, there are no similar protections for incoming shipments, allowing invasive pests to enter the State. This measure strengthens Hawaii's biosecurity measures by improving

early detection and prevention efforts, ensuring stronger safeguards against invasive species, reducing long-term control costs, and protecting Hawaii's agriculture, biodiversity, and economy.

Your Committee has amended this measure by:

- (1) Reinstating language from a previous version of this measure that:
 - (A) Prohibits a person from selling, bartering, or donating any material that is infested or infected with a pest, is itself a pest, or is prohibited from being sold pursuant to state law or administrative rules;
 - (B) Allows the Department of Agriculture to compel the quarantine, treatment, or destruction of such material; and
 - (C) Specifies that any quarantine, treatment, or destruction of material shall be at the expense of the owner of the material and shall not be made a basis of a claim against the Department of Agriculture or Department inspector for damage or loss incurred;
- (2) Setting the minimum and maximum fines for a second violation within five years of a prior violation for the importation or possession of prohibited animals or plants at \$1,000 and \$20,000, respectively;
- (3) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 252, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 252, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Ward).

SCRep. 1228 Health on S.B. No. 1281

The purpose of this measure is to:

- (1) Update the State's laws on telehealth services to conform with federal Medicare regulations;
- (2) Require the Insurance Commissioner to report to the Legislature on reimbursements claimed in the previous calendar year for certain telehealth services; and
- (3) Repeal the sunset date of Act 107, Session Laws of Hawaii 2023.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Disability and Communication Access Board; State Council on Mental Health; Hawai'i Primary Care Association; Hawaii Substance Abuse Coalition; Hawai'i Academy of Family Physicians; AARP Hawai'i; American Cancer Society Cancer Action Network; Waianae Coast Comprehensive Health Center; Hawai'i Mental Health Coalition; Alzheimer's Association-Hawaii; AlohaCare; and three individuals. Your Committee received testimony in opposition to this measure from the Hawaii Medical Service Association. Your Committee received comments on this measure from the Department of Health; Department of Commerce and Consumer Affairs; Department of Human Services; Department of the Attorney General; University of Hawai'i System; Healthcare Association of Hawaii; Hawaii Medical Association; and Hawaii Association of Health Plans.

Your Committee finds that the State's rural and underprivileged communities are often cut off from receiving essential health care services through telehealth because they lack the broadband coverage necessary to access this care. Your Committee further finds that the use of standard telephone contact for telehealth visits during the COVID-19 pandemic demonstrated the effectiveness of this tool as a mode of essential health care delivery, particularly for residents living in rural, isolated, or underprivileged communities.

Your Committee also finds that this measure is intended to conform telehealth definitions under state law to be consistent with recent federal guidance. However, your Committee notes that there are currently numerous uncertainties regarding federal health care policy, including how the federal government may interpret reimbursement guidelines for audio-only telehealth services. Given the lack of certainty surrounding federal policies in this area, your Committee believes that attempting to conform state law to federal regulations may be premature at this point.

Accordingly, your Committee has amended this measure by:

- (1) Deleting the provisions that would have codified updates to the State's laws on telehealth services to conform with federal Medicare regulations and required the Insurance Commissioner to report certain reimbursement information to the Legislature;
- (2) Extending the sunset date of Act 107, Session Laws of Hawaii 2023, to December 31, 2027; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1281, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1281, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Alcos).

SCRep. 1229 Health on S.B. No. 1365

The purpose of this measure is to authorize the Department of Commerce and Consumer Affairs to conduct criminal history record checks for applicants for physician licensure or license renewal through the Interstate Medical Licensure Compact.

Your Committee received testimony in support of this measure from the State Health Planning and Development Agency; Hawaii Medical Board; Healthcare Association of Hawaii; The Queen's Health Systems; Hawaii Medical Association; and Hawaii Medical Service Association.

Your Committee finds that Hawaii became a member state of the Interstate Medical Licensure Compact (Compact) on January 1, 2025, which allows physicians originally licensed in a state of principal license to practice in Hawaii with a Compact license. However, Hawaii is currently unable to participate as a state of principal license because a state of principal license must conduct criminal history record checks on physicians seeking to participate in the Compact. By authorizing the Hawaii Medical Board to conduct criminal history record checks on Compact applicants, the State will be able to fully participate in the benefits of the Compact.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$25,000.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1365, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1365, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Alcos).

SCRep. 1230 Health on S.B. No. 447

The purpose of this measure is to establish a three-year Hiring Pilot Program within the Department of Health to increase efficiency in hiring by the Department by delegating the performance of certain human resources services from the Department of Human Resources Development to the Department of Health.

Your Committee received testimony in support of this measure from the Department of Health and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO. Your Committee received comments on this measure from the Department of Human Resources Development.

Your Committee finds that the Department of Health's current vacancy rate is approximately thirty percent and that a recent survey indicated that forty-three percent of Department of Health respondents, compared to thirty-six percent across all departments, expect to seriously look for a new job within the next twelve months. Your Committee further finds that the Department of Health conducted a Hiring Innovation for Rapid Employment (HIRE) pilot program between August 2024 and January 2025, which was aimed at reducing the hiring time and administrative workload for delegated positions. To date, twenty-seven delegated positions were recruited through the HIRE program, with an average time of fifty-three calendar days from the applicant's referral to the Department of Health's Human Resources Office to conditional offer and an eighty percent workload reduction in the Human Resources Office's minimum qualifications review. Your Committee believes that temporarily expanding the HIRE program, as proposed by this measure, will enable the Department of Health to address its civil service workforce shortage, fill its vacancies, and retain personnel.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 447 and recommends that it pass Second Reading and be referred to your Committee on Labor.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Garcia). Noes, none. Excused, 1 (Alcos).

SCRep. 1231 Health on S.B. No. 955

The purpose of this measure is to:

- (1) Increase compensation for and clarify the types of professionals who may serve as a private examiner for a fitness-to-proceed examination;
- (2) Clarify the term of a defendant's commitment to a hospital or facility for purposes of a fitness-to-proceed examination;
- (3) Reduce from three to one the number of qualified examiners required for a fitness-to-proceed examination in a felony case; and
- (4) Reduce penalties to be commensurate with the underlying offense for a person charged with a nonviolent crime who escapes from the custody of the director of health while awaiting a fitness-to-proceed examination.

Your Committee received testimony in support of this measure from the Department of Health and one individual. Your Committee received testimony in opposition to this measure from the Department of the Prosecuting Attorney, County of Maui; Hawai'i Psychological Association; and one individual. Your Committee received comments on this measure from the Judiciary; Department of the Attorney General; Hawaii Correctional System Oversight Commission; Office of the Public Defender; and Hawaii Disability Rights Center.

Your Committee finds that new approaches are needed to address lingering issues surrounding mental health and the justice system. This measure amends the fitness-to-proceed examination process in an effort to expedite cases through the legal system, which will help alleviate overcrowding in hospitals and mental health facilities while ensuring timely evaluations.

Your Committee has amended this measure by:

- (1) Specifying that in fitness-to-proceed examinations in felony cases, the court shall additionally receive a report from the treating clinician on a defendant's fitness-to-proceed;
- (2) Removing provisions that increased the rate of compensation for persons making or assisting in fitness-to-proceed examinations;
- (3) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 955, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 955, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Garcia). Noes, none. Excused, 1 (Alcos).

SCRep. 1232 Health on S.B. No. 1432

The purpose of this measure is to:

- (1) Establish the Kalaupapa State Historical Area;
- (2) Authorize the Department of Health to continue providing services statewide to Hansen's disease patients living in the community;
- (3) Repeal sections of Chapter 326, Hawaii Revised Statutes, relating to patient care at the Kalaupapa Settlement, to take effect upon the one year anniversary of the passing of the last patient resident of Kalaupapa, as affirmed in a Governor's proclamation; and

- (4) Require the Department of Health to include community organizations in the transition planning team when developing a plan for the permanent transfer of the powers and duties of State departments and agencies over Kalaupapa Settlement.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Office of Hawaiian Affairs; Disability and Communication Access Board; and one individual. Your Committee received testimony in opposition to this measure from one member of the Maui County Council. Your Committee received comments on this measure from the Department of Health; Department of Hawaiian Home Lands; and Ka 'Ohana O Kalaupapa.

Your Committee finds that there are seven remaining individuals who are former Hansen's disease patients that reside either full- or part-time at Kalaupapa and receive services from the State. This population is aging, and all patients are eighty-three years of age or older. Your Committee further finds that once the last resident of Kalaupapa passes, the Department of Health will no longer provide patient care or services, other than environmental remediation work, for the Kalaupapa Settlement. Your Committee believes that preserving and commemorating the historical, cultural, and environmental significance of the county of Kalawao is necessary and important work and that a preliminary framework should be established to allow for the transfer of the responsibilities for the Kalaupapa Settlement from the Department of Health to another appropriate governmental or qualified non-governmental entity.

Your Committee has amended this measure by:

- (1) Removing language requiring the Department of Health to develop a plan and a transition planning team for the permanent transfer of the powers and duties of the Department over the Kalaupapa Settlement;
- (2) Requiring future planning for the permanent transfer to include a topside community organization from Molokai to be selected in consultation with the Molokai community;
- (3) Making conforming amendments repealing references to the county of Kalawao in numerous sections of the Hawaii Revised Statutes; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1432, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1432, S.D. 2, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Amato, Garcia). Noes, none. Excused, 1 (Alcos).

SCRep. 1233 Health on S.B. No. 1509

The purpose of this measure is to:

- (1) Require a health care insurer or pharmacy benefit manager to reduce an enrollee's cost share for a prescription drug by an amount equal to at least one hundred percent of any prescription drug rebate received;
- (2) Require pharmacy benefit managers to submit a certification of compliance with cost sharing requirements to the Insurance Commissioner on an annual basis;
- (3) Establish protections for the publishing of certain confidential or proprietary information by health insurers, pharmacy benefit managers, or plan sponsors that perform health care or administrative services on behalf of a health insurer or pharmacy benefit manager; and
- (4) Establish provisions relating to the final reimbursements, dispensing fees, and reimbursement rates paid to pharmacies by pharmacy benefit managers.

Your Committee received testimony in support of this measure from the State Health Planning and Development Agency; National Community Pharmacists Association; KTA Super Stores, Pharmacy; American Pharmacists Association; Patient Pocket Protector Coalition; Hawai'i Pharmacists Association; Walgreen Co.; Coalition of State Rheumatology Organizations; 5 Minute Pharmacy; Moloka'i Drugs, Inc.; and numerous individuals. Your Committee received testimony in opposition to this measure from the Hawaii Insurers Council; Hawaii Association of Health Plans; and Pharmaceutical Care Management Association. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs; Kaiser Permanente Hawai'i; and National Labor Alliance of Health Care Coalitions.

Your Committee finds that rising prescription drug costs are a major concern to Hawaii residents. Your Committee further finds that community pharmacies play a crucial role in providing health care in underserved and rural areas of the State. Your Committee believes that increasing transparency in the pricing methodologies of pharmacy benefit managers will ensure a fair and equitable reimbursement rate for prescription drug coverage.

However, your Committee recognizes that the State's unique geography and geographic isolation present particular challenges when tackling a complex issue like the regulation of pharmacy benefit managers. Your Committee believes that additional study is required to ensure that any additional regulation of pharmacy benefit managers, including the implementation of a prescription drug rebate cost sharing program, does not result in increases to enrollees or local pharmacies.

Accordingly, your Committee has amended this measure by:

- (1) Deleting its substantive contents and inserting language requiring the Legislative Reference Bureau to conduct a study on best practices for the regulation of pharmacy benefit managers and reduction in the cost of prescription drugs for health insurance plan beneficiaries; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1509, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1509, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Garcia). Noes, none. Excused, 1 (Alcos).

SCRep. 1234 Consumer Protection & Commerce on S.B. No. 825

The purpose of this measure is to:

- (1) For a one-year pilot period beginning on February 5, 2026:
 - (A) Extend the required period for notice of termination for failure to pay rent from five business days to ten calendar days;
 - (B) Specify required notice provisions;

- (C) Require landlords, or their agents, and tenants to engage in mediation and require landlords or their agents to delay filing an action for summary possession if a tenant schedules mediation; and
 - (D) Require landlords or their agents to provide specific information in the ten-calendar-day notice to tenants; and
- (2) Appropriate funds for the Judiciary to contract for mediation services.

Your Committee received testimony in support of this measure from the Department of Human Services; Judiciary; Ku'ikahi Mediation Center; Mediation Centers of Hawaii; The Mediation Center of the Pacific, Inc.; Hawai'i Children's Action Network Speaks!; Kauai Economic Opportunity, Incorporated; and four individuals. Your Committee received testimony in opposition to this measure from the Collection Law Section of the Hawaii State Bar Association. Your Committee received comments on this measure from the Hawai'i Association of REALTORS.

Your Committee finds that Act 57, Session Laws of Hawaii 2021 (Act 57), established a temporary Pre-Litigation Mediation Program to address the potential high volume of evictions as a result of the COVID-19 pandemic. Through the program, mediation assisted many low-income renters to avoid eviction or allowed a negotiated move-out that avoided further judicial proceedings and judgments, while also ensuring that landlords received their payments. The Program succeeded in mediating agreements for eighty-five percent of disputes, allowing tenants to remain in their residences and providing stability to their housing situation.

Your Committee further finds that even after the expiration of Act 57, mediation has shown to be an effective tool in amicably resolving eviction disputes. After the expiration of Act 57, The Mediation Center of the Pacific, Inc., continued to offer mediation services for eviction disputes. Over the past two years, the Center mediated ninety-six early eviction cases, ninety percent of which resulting in final agreements between landlord and tenant when no rental assistance was available. This measure will reimplement some of the successful provisions of Act 57 by requiring mediation between tenants and landlords to prevent evictions, thereby allowing families to remain in stable housing and children to continue to attend their community schools and maintain their social connections.

Your Committee has amended this measure by:

- (1) Clarifying that a landlord's agent may fully act on behalf of the landlord;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 825, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 825, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Iwamoto). Noes, none. Excused, 2 (Ichiyama, Lowen).

SCRep. 1235 Transportation on S.B. No. 1667

The purpose of this measure is to:

- (1) Subject vehicles stopped on and blocking any marked crosswalk, with or without signs or curb markings, to a fine no greater than \$500;
- (2) Expand the penalties for reckless driving of a vehicle or riding of animals;
- (3) Require a person to surrender their driver's license to a law enforcement officer if they continue to refuse to submit to a breath, blood, or urine test;
- (4) Increase the duration of the suspension of a license when a person is arrested for driving under the influence and refuses to submit to a breath, blood, or urine test;
- (5) Authorize automated speed enforcement systems by the State or county along a road or highway within two hundred feet of a school zone identified by the Safe Routes to School Advisory Committee;
- (6) Establish requirements for the State Highway Safety and Modernization Council;
- (7) Authorize the State Highway Safety and Modernization Council to select potential areas for the Department of Transportation to install an additional twenty-five photo red light imaging detector systems;
- (8) Require the Safe Routes to School Advisory Committee to identify twenty-five of the most dangerous school zones and authorize the Department of Transportation or county agencies to install additional automated speed enforcement systems at those locations; and
- (9) Appropriate funds.

Your Committee received testimony in support of this measure from the Department of Law Enforcement; Department of Transportation; Mothers Against Drunk Driving Hawaii Chapter; Oahu Metropolitan Planning Organization; Hawai'i Bicycling League; Hawai'i Appleseed Center for Law & Economic Justice; and one individual. Your Committee received testimony in opposition of this measure from the Office of the Public Defender. Your Committee received comments on this measure from the Judiciary.

Your Committee finds that dangerous driving behaviors, including reckless speeding, impaired driving, and blocking pedestrian crosswalks, pose significant risks to public safety, leading to preventable injuries and fatalities. Your Committee further finds that the lack of adequate enforcement mechanisms has contributed to these persistent traffic violations, endangering pedestrians and motorists alike. This measure strengthens traffic safety by increasing penalties for reckless driving, expanding automated enforcement systems, and enhancing measures to deter impaired driving, thereby creating safer roadways for all residents.

Your Committee has amended this measure by:

- (1) Deleting the authorization to implement automated speed enforcement systems within two hundred feet of a school zone;
- (2) Specifying that the State Highway Safety and Modernization Council prioritize proposals for emergency egress routes in areas with significant populations of Asset Limited, Income Constrained, Employed (ALICE) households, as well as communities and households experiencing high levels of poverty;
- (3) Specifying that, of the areas submitted by the State Highway Safety and Modernization Council for emergency ingress and egress routes accessible to vehicles during emergencies or extreme congestion, one of the areas be on the Waianae Coast of Oahu;

- (4) Clarifying that the implementation by the State Highway Safety and Modernization Council be in compliance with applicable federal and state emergency management regulations;
- (5) Amending the process by which the State Highway Safety and Modernization Council and Safe Routes to School Advisory Committee selects intersections and most-dangerous school zones, including the number of such intersections and school zones;
- (6) Requiring the State Highway Safety and Modernization Council and Safe Routes to School Advisory Committee to submit annual reports;
- (7) Specifying that any expansion of the Photo Red Light Imaging Detector Systems Program or Automated Speed Enforcement Systems Program account for their impact on the district courts statewide and provide up to six months from the time of identification for the courts to collaborate with the Department of Transportation before implementing any expansion of the programs;
- (8) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1667, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1667, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Cochran, La Chica, Pierick).

SCRep. 1236 Transportation on S.B. No. 1117

The purpose of this measure is to:

- (1) Rename the Electric Bicycle and Electric Moped Rebate Program to Electric Mobility Rebate Program and expand eligibility for and increase the maximum rebate amounts under the Rebate Program;
- (2) Specify that a class 3 electric bicycle with two tandem wheels that are less than twenty inches in diameter is not required to be registered;
- (3) Increase the age for required helmet use to operate an electric foot scooter or a bicycle from sixteen to eighteen years of age;
- (4) Prohibit persons under the age of fifteen from operating class 3 electric bicycles;
- (5) Require all electric bicycles to be operated only with all wheels on the ground at all times, with certain exceptions;
- (6) Prohibit certain actions while operating an electric bicycle;
- (7) Authorize the use of electric bicycles on public sidewalks under certain conditions;
- (8) Prohibit a person from operating a moped or electric motorcycle on a bicycle path, bicycle lane, or any other path or roadway designated for bicycle use;
- (9) Require insurance for electric motorcycles by including electric motorcycles into the insurance laws governing motorcycles and motor scooters;
- (10) Substitute the term "motor-driven cycle" with the term "motor scooter"; and
- (11) Prohibit an individual under the age of eighteen from operating an electric motorcycle or motor-driven cycle.

Your Committee received testimony in support of this measure from the Department of Transportation; Office of Climate Change Sustainability and Resiliency of the City and County of Honolulu; Department of Transportation Services of the City and County of Honolulu; Oahu Metropolitan Planning Organization; Hawai'i Bicycling League; Keiki Injury Prevention Coalition; The Kapiolani Medical Center for Women and Children Level III Pediatric Trauma Center; Hawai'i Appleseed Center for Law & Economic Justice; Ulupono Initiative; Kapiolani Medical Center for Women and Children; and one individual. Your Committee received comments on this measure from two individuals.

Your Committee finds that electric bicycles, electric mopeds, and other electric mobility devices offer a more affordable, environmentally friendly alternative to gas-powered vehicles. Your Committee believes that enhancing the electric mobility device rebate program by increasing the rebate amount and expanding eligibility will further alleviate transportation costs and foster the adoption of more sustainable transportation options for residents.

Your Committee has amended this measure by:

- (1) Amending the definition of "electric bicycle" and making "class 1 electric bicycle", "class 2 electric bicycle", and "class 3 electric bicycle" separate definitions;
- (2) Amending the definition of "electric micro mobility device";
- (3) Defining "high-speed electric device";
- (4) Specifying that certain recipients of the rebate shall not receive more than \$1,500 in total rebates within any three consecutive fiscal years;
- (5) Changing the date when electric bicycles, electric mopeds, adaptive electric bicycles, and electric micro-mobility devices were purchased to qualify for a rebate from July 1, 2022, to July 1, 2023;
- (6) Reducing the deadline to submit an application for a rebate from twelve months to six months after the purchase date;
- (7) Authorizing the Rebate Program Administrator to authorize grants, subject to the approval of the Director of Transportation or their designee, if an individual applies after the six-month period but within twelve months of the purchase date;
- (8) Requiring, rather than authorizing, the Department of Transportation to audit an affidavit verifying that an eligible applicant does not own a registered motor vehicle with four or more wheels;
- (9) Clarifying that an eligible applicant for the additional assistance rebate who is enrolled in school, community college, or university and demonstrates a financial need and authorizing the Director of Transportation to grant exemptions to this requirement;
- (10) Specifying that any modification or alteration to an electric bicycle or electric micro-mobility device after purchase will result in the disqualification of the rebate and requiring the recipient to repay the rebate received;
- (11) Establishing a cap for the Electric Micromobility Device Subaccount;
- (12) Requiring the Department of Transportation to transfer no less than \$700,000 but no more than \$1,500,000 into the Electric Mobility Device Subaccount;

(13)Deleting language that would have required insurance for electric motorcycles by including electric motorcycles into the insurance laws governing motorcycles and motor scooters; and

(14)Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1117, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1117, S.D. 2, H.D. 1, and be referred to your Committees on Consumer Protection & Commerce and Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Cochran, La Chica, Pierick).

SCRep. 1237 Economic Development & Technology on S.B. No. 732

The purpose of this measure is to:

- (1) Require each county to waive applicable permitting fees for film activity conducted on county lands by a qualified production that qualifies for the Motion Picture, Digital Media, and Film Production Income Tax Credit; and
- (2) Amend the Motion Picture, Digital Media, and Film Production Income Tax Credit by:
 - (A) Requiring the qualified production costs that exceed \$1,000,000 to be certified by an independent certified public accountant;
 - (B) Changing the annual aggregate cap on allowable credits and removing the carryover provision; and
 - (C) Including broadcast and streaming platform productions as qualified productions.

Your Committee received testimony in support of this measure from the Hawaii State AFL-CIO; University of Hawai'i System; Kapolei Chamber of Commerce; Island Film Group; IATSE Local 665; Hawaii Medica Inc.; and one individual. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism; Department of Taxation; Honolulu Film Office; and Tax Foundation of Hawaii.

Your Committee finds that the State should incentivize growth in the film and media industry to help spur economic diversification and development.

Your Committee has amended this measure by:

- (1) Removing the requirement that counties waive permitting fees for certain film activity conducted on county lands;
- (2) Establishing the Island Film and Media Production Investment Fund;
- (3) Providing an additional five percent tax credit to qualified productions with a workforce of at least eighty percent local hires;
- (4) Adding a requirement that productions contact all local labor unions servicing Hawaii's film industry before the start date of production in order to qualify for the Motion Picture, Digital Media, and Film Production Income Tax Credit;
- (5) Reinstating the carryover provision for the Motion Picture, Digital Media, and Film Production Income Tax Credit;
- (6) Applying the general excise tax rate for manufacturers to productions;
- (7) Exempting from the general excise tax amounts received by a motion picture project employer from a client equal to amounts that are disbursed by the motion picture project employer for employee wages, salaries, payroll taxes, insurance premiums, and employment benefits and payments to loan-out companies;
- (8) Adding a general fund appropriation to capitalize the Island Film and Media Production Investment Fund;
- (9) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (10)Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 732, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 732, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Holt).

SCRep. 1238 Economic Development & Technology on S.B. No. 125

The purpose of this measure is to:

- (1) Expand the definition of "eligible business activity" for purposes of the State Enterprise Zone Program by including:
 - (A) The sale of tangible personal property manufactured and sold at retail in an enterprise zone for consumption or use by the purchaser and not for resale;
 - (B) The processing of value-added agricultural products, all or some of which were grown within an enterprise zone; and
 - (C) The provision of professional services by health care professionals in health-care-related sectors;
- (2) Extend from seven years to nine years the eligibility period of the state business tax credit and general excise tax exemption for qualified businesses within enterprise zones; and
- (3) Extend from ten years to twelve years the eligibility period of the general excise tax exemption for qualified businesses within enterprise zones engaged in the manufacturing of tangible personal property or the producing or processing of agricultural products.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Agribusiness Development Corporation; Holomua Collaborative; Mana Up; Hawai'i Community Foundation; Title Guaranty of Hawai'i; HPM Building Supply; Tori Richard; Hawaii Food Industry Association; Maui Chamber of Commerce; Hawai'i Forest Industry Association; Hawai'i Farm Bureau; Grassroot Institute of Hawaii; Hawaii Military Affairs Council; Chamber of Commerce of Hawaii; and two individuals. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that the State Enterprise Zone Program, which provides tax incentives and other benefits to businesses that engage in eligible business activities in designated enterprise zones, excludes certain manufacturers that sell directly to consumers, which is now a common business model among manufacturers. Your Committee further finds that there is a need to expand the eligibility periods for tax incentives provided to certain qualified businesses within enterprise zones. This measure allows additional activities within an enterprise zone to qualify for State Enterprise Zone Program benefits and extends the eligibility period for the state business tax credit and general excise tax exemption for certain qualified businesses.

Your Committee has amended this measure by:

- (1) Expanding the definition of "eligible business activity" to include the use of advanced manufacturing to produce products and the development of cybersecurity technology;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 125, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 125, S.D. 2, H.D. 1, and be referred to your Committees on Agriculture & Food Systems and Health.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Holt).

SCRep. 1239 Economic Development & Technology on S.B. No. 816

The purpose of this measure is to establish the Due Process in Immigration Proceedings Program within the Judiciary to provide legal representation to individuals in immigration-related proceedings in immigration court.

Your Committee received testimony in support of this measure from the Hawai'i State Lesbian, Gay, Bisexual, Transgender, Queer Plus Commission; Office of the Public Defender; one member of the Hawai'i County Council; Rainbow Family 808; ACLU Hawai'i; Pride at Work Hawai'i; Catholic Charities Hawai'i; Hawaii State AFL-CIO; League of Women Voters of Hawaii; Ka Ohana O Na Pua; University of Hawaii William S. Richardson School of Law Refugee & Immigration Law Clinic; The Legal Clinic; Hawai'i Friends of Civil Rights; North Hawaii Community Action Network; Unite Here! Local 5; Coalition for Democracy; Hawai'i Filipino Lawyers Association; Hawai'i Coalition for Immigrant Rights; and numerous individuals. Your Committee received testimony in opposition to this measure from Hawaii Patriot Republicans; Hawaiian Islands Republican Women; Calvary Chapel Westside; Kohala Girls Club; and numerous individuals.

Your Committee finds that the State should ensure that all Hawaii residents, regardless of citizenship status, have certain due process protections. Your Committee further finds that many individuals facing deportation or other immigration-related proceedings lack legal representation. This measure addresses this need by establishing a Due Process in Immigration Proceedings Program to provide representation to individuals in immigration-related proceedings.

Your Committee has amended this measure by:

- (1) Requiring the Judiciary to ensure that the entities contracted to implement and operate the Due Process in Immigration Proceedings Program provide training and education for law students and legal practitioners to provide legal representation to individuals in immigration-related proceedings in immigration court;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 816, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 816, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, 1 (Matsumoto). Excused, 1 (Holt).

SCRep. 1240 Agriculture & Food Systems on S.B. No. 746

The purpose of this measure is to establish and appropriate funds for a two-year Coconut Rhinoceros Beetle Eradication Pilot Program under the Department of Land and Natural Resources to provide community-based incentives to eradicate the coconut rhinoceros beetle in the State.

Your Committee received testimony in support of this measure from the Department of Agriculture; Department of Land and Natural Resources; Hawaii Invasive Species Council; Office of the Mayor of the County of Maui; Hawai'i Farm Bureau; Hawai'i Reef and Ocean Coalition; Hawai'i Forest Industry Association; and numerous individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the coconut rhinoceros beetle is one of the most destructive invasive species threatening Hawaii's agriculture, environment, and cultural resources. The coconut rhinoceros beetle has since spread across Oahu and to Kauai, Maui, and Hawaii Island, causing severe damage to coconut, royal, date, and fan palms, as well as other crops such as taro, banana, pineapple, and sugarcane. To combat this growing threat, this measure establishes a two-year, Coconut Rhinoceros Beetle Eradication Pilot Program under the Department of Land and Natural Resources, encouraging public participation in government-led eradication efforts to protect Hawaii's natural and cultural landscapes.

Your Committee has amended this measure by:

- (1) Clarifying that the Coconut Rhinoceros Beetle Eradication Pilot Program shall only be conducted in areas where there are established infestations of coconut rhinoceros beetles within counties with a population of five hundred thousand or more;
- (2) Clarifying language to ensure that community members are compensated for the collection and submission of coconut rhinoceros beetles and larvae that are captured and not bred;
- (3) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 746, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 746, S.D. 2, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Ward).

SCRep. 1241 Agriculture & Food Systems on S.B. No. 1249

The purpose of this measure is to:

- (1) Establish an Agricultural Crime Prevention Program within the Department of Agriculture to provide grants, education, administrative enforcement, and other services for the benefit of the State's agricultural industry;
- (2) Clarify, create, and strengthen laws regarding crimes and violations related to agriculture or agricultural lands and hunting on private agricultural lands;
- (3) Establish clear distinctions between administrative and criminal penalties; and
- (4) Appropriate funds for certain positions.

Your Committee received testimony in support of this measure from the Department of Agriculture; Office of the Prosecuting Attorney of the County of Hawai'i; Hawai'i Farm Bureau; Ulupalakua Ranch; Kualoa Ranch; McCandless Ranch; Hawai'i Food+ Policy; and numerous individuals. Your Committee received comments on this measure from the Department of the Attorney General; Department of Budget and Finance; and Hawaii Cattlemen's Council.

Your Committee finds that agricultural crimes, including theft, vandalism, trespassing, and illegal hunting, pose a growing threat to Hawaii's farmers, ranchers, and overall food security. Limited law enforcement resources and enforcement gaps have made it difficult to effectively prevent and prosecute agricultural crimes, leaving farmers vulnerable to repeat offenses. To address these concerns, this measure establishes an Agricultural Crime Prevention Program within the Department of Agriculture to provide grants for security improvements, strengthen education and outreach, and enhance coordination with law enforcement, ensuring stronger protections for the agricultural sector and local food production.

Your Committee has amended this measure by:

- (1) Strengthening language in the preamble related to how unauthorized hunting on private lands negatively impacts agricultural lands and farmers and ranchers;
- (2) Clarifying certain sentencing provisions related to various criminal property damage offenses;
- (3) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$83,064 for one full-time equivalent (1.0 FTE) Grant Chief position; \$73,836 for one full-time equivalent (1.0 FTE) State Agricultural Crimes Coordinator position; \$273,120 for four full-time equivalent (4.0 FTE) Agricultural Crimes County Coordinator positions; \$49,860 for one full-time equivalent (1.0 FTE) Administrative Assistant III position; and \$500,000 for vehicles, travel, office equipment, office space, and other expenses.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1249, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1249, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Ward).

SCRep. 1242 Agriculture & Food Systems on S.B. No. 894

The purpose of this measure is to appropriate funds to the Department of Education for statewide regional kitchen expansion to fulfill its statutory mandate to provide farm to school meals that consist of at least thirty percent locally sourced products.

Your Committee received testimony in support of this measure from the Department of Agriculture; Department of Business, Economic Development, and Tourism; Department of Education; University of Hawai'i System; Agribusiness Development Corporation; Hawai'i Food+ Policy; Hawai'i Farm Bureau; and three individuals.

Your Committee finds that despite the State's commitment to sourcing thirty percent of school meals from local farmers by 2030, only 6.14 percent of ingredients currently come from within the State. Schools face significant obstacles in meeting this goal, including outdated kitchen infrastructure, inadequate storage, and limited capacity to handle fresh, unprocessed food. This measure allocates funding to modernize school kitchens and dining facilities, allowing them to better prepare and serve meals made with locally grown ingredients.

Your Committee has amended this measure by:

- (1) Specifying the various allocations related to the statewide regional kitchen expansion for the Department of Education for fiscal years 2025-2026 and 2026-2027;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$55,650,000 for fiscal year 2025-2026 and \$16,500,000 for fiscal year 2026-2027, including:

- (1) For fiscal year 2025-2026:
 - (A) \$55,000,000 for additional design and construction funds to service Central, Leeward, and Windward District Complex Areas in the City and County of Honolulu through the expansion of the current Phase 1 Whitmore Regional Kitchen;
 - (B) \$100,000 for a feasibility analysis for a second Oahu site to service Honolulu District Complex Areas in the City and County of Honolulu to produce a minimum of forty thousand meals a day;
 - (C) \$250,000 for a feasibility analysis for two sites to service the Hawaii District Complex Areas in the County of Hawaii, with one site on the east side of the island to produce a minimum of twelve thousand meals a day and one site on the west side of the island to produce a minimum of fifteen thousand meals a day;
 - (D) \$150,000 for a feasibility analysis for one site to service the Maui District Complex Areas, except Hana, Lanai, and Molokai, in the County of Maui to produce a minimum of eighteen thousand meals a day; and

- (E) \$150,000 for a feasibility analysis for one site to service the Kauai District Complex Areas to produce a minimum of twelve thousand meals a day in the County of Kauai; and
- (2) For fiscal year 2026-2027:
 - (A) \$4,500,000 for further due diligence, planning, design, and land acquisition for the additional site and assessment of the receiving school kitchens in the City and County of Honolulu;
 - (B) \$6,000,000 for further due diligence, design, and land acquisition for two sites and assessment of the receiving school kitchens to service the Hawaii District Complex Areas in the County of Hawaii, with one site on the east side of the island and one site on the west side of the island;
 - (C) \$3,000,000 for further planning, design, and land acquisition for one site and assessment of the receiving school kitchens to service the Maui District Complex Areas in the County of Maui; and
 - (D) \$3,000,000 for further planning, design, and land acquisition for one site and assessment of the receiving school kitchens to service the Kauai District Complex Areas in the County of Kauai.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 894, S.D. 3, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 894, S.D. 3, H.D. 1, and be referred to your Committee on Education.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, 1 (Perruso). Excused, 2 (Quinlan, Ward).

SCRep. 1243 Public Safety on S.B. No. 353

The purpose of this measure is to:

- (1) Prohibit the Governor or a mayor from suspending agency response deadlines for certain public records or vital records or statistics during a state of emergency;
- (2) Add a definition of the term "severe warning";
- (3) Limit the authority of the Governor or a mayor to suspend laws during states of emergency; and
- (4) Allow the Legislature and county councils to terminate, by an affirmative two-thirds vote, a state of emergency, in whole or in part, issued by the Governor or a mayor, respectively.

Your Committee received testimony in support of this measure from the League of Women Voters of Hawaii; Public First Law Center; Society of Professional Journalists - Hawaii Chapter; Grassroot Institute of Hawaii; Libertarian Party of Hawaii; and two individuals. Your Committee received testimony in opposition to this measure from the Hawai'i Emergency Management Agency and Department of Human Services. Your Committee received comments on this measure from the Office of Information Practices.

Your Committee finds that this measure clarifies state and county emergency management authority, supports effective and adaptable emergency responses, and maintains accountability and checks and balances within the framework of the Hawaii State Constitution.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Public Safety that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 353, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 353, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Woodson).

SCRep. 1244 Public Safety on S.B. No. 1612

The purpose of this measure is to:

- (1) Require the Department of Corrections and Rehabilitation to establish a five-year Fitness to Proceed Pilot Program to help reduce overcrowding at the Hawaii State Hospital and ensure the safety of the hospital's staff and personnel; and
- (2) Appropriate funds for this purpose.

Your Committee received testimony in support of this measure from the Hawaii Substance Abuse Coalition. Your Committee received testimony in opposition to this measure from the Office of the Public Defender and Hawai'i Psychological Association. Your Committee received comments on this measure from the Department of Corrections and Rehabilitation; Department of Health; and Hawaii Disability Rights Center.

Your Committee finds that jail-based competency restoration programs potentially offer an effective alternative to traditional inpatient psychiatric hospitals. Your Committee further finds that this approach, which aligns with modern correctional system principles, is worth further consideration.

Your Committee has amended this measure by:

- (1) Limiting the Fitness to Proceed Pilot Program to the county of the State that has a population of more than two hundred thousand but less than five hundred thousand;
- (2) Modifying the nature of the collaborative partnership between the Department of Corrections and Rehabilitation and Department of Health;
- (3) Changing its effective date to July 1, 3000, to encourage further discussion; and
- (4) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

Your Committee requests that the Department of Health provide information and statistics about the number of patients transferred to the Hawaii State Hospital who might otherwise qualify for the Pilot Program.

As affirmed by the record of votes of the members of your Committee on Public Safety that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1612, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1612, S.D. 2, H.D. 1, and be referred to your Committee on Health.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Souza). Noes, 2 (Iwamoto, Shimizu). Excused, 1 (Woodson).

SCRep. 1245 Energy & Environmental Protection/Human Services & Homelessness on S.B. No. 191

The purpose of this measure is to:

- (1) Establish and appropriate funds for the Hawaii Home Energy Assistance Program to assist eligible households in paying for their energy bills; and
- (2) Require the Public Utilities Commission Public Benefits Fee Administrator to provide certain information and assistance to recipients of the Program.

Your Committees received testimony in support of this measure from the Department of Commerce and Consumer Affairs; Department of Human Services; Public Utilities Commission; Hawaiian Electric; Catholic Charities Hawai'i; Life of the Land; Hawai'i Energy; Hawai'i Workers Center; Hawaii Climate Change and Health Working Group; Coalition Earth; Ohana Unity Party; and four individuals. Your Committees received comments on this measure from Tax Foundation of Hawaii.

Your Committees find that Hawaii's high electricity rates create a financial burden for many residents, particularly low-income households. Existing energy assistance programs serve only a small fraction of eligible families due to limited funding and outdated federal allocation formulas. This measure expands financial support options to cover rising energy costs.

Your Committees have amended this measure by:

- (1) Changing the appropriation to an unspecified amount;
- (2) Changing the number of positions established to unspecified numbers;
- (3) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committees respectfully request your Committee on Finance, should it deliberate on this measure, to consider:

- (1) An appropriation amount of \$5,000,000; and
- (2) One full-time equivalent (1.0 FTE) position and two full-time equivalent (2.0 FTE) temporary positions.

As affirmed by the records of votes of the members of your Committees on Energy & Environmental Protection and Human Services & Homelessness that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 191, S.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 191, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chairs on behalf of the Committees.

Energy & Environmental Protection: Ayes, 4. Noes, none. Excused, 2 (Quinlan, Ward).

Human Services & Homelessness: Ayes, 7. Noes, none. Excused, 2 (Alcos, Garcia).

SCRep. 1246 Energy & Environmental Protection on S.B. No. 137

The purpose of this measure is to:

- (1) Require the Public Utilities Commission to consider whether approving a proposed merger or acquisition of an electric utility company would or would not further the State's renewable energy goals;
- (2) Prohibit the acquiring entity of an electric utility company from terminating or attempting to renegotiate any existing and valid power purchase agreements and require the acquiring entity to assume and be bound by existing collective bargaining agreements and retain all covered employees; and
- (3) Establish a process to ensure that when an application for the proposed acquisition, merger, or consolidation of an electric utility company is filed by an acquiring entity that is an investor-owned utility, alternative bona fide applications from entities that operate under a non-investor-owned utilities ownership model are concurrently considered.

Your Committee received testimony in support of this measure from the International Brotherhood of Electrical Workers Local Union 1260; Ulupono Initiative; and AES Hawai'i. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs; Public Utilities Commission; Life of the Land; and Hawaiian Electric.

Your Committee finds that the State should ensure that the acquisition, merger, or consolidation of an electric utility company does not adversely impact the State's progress toward its renewable energy goals and that proper processes are in place to ensure that bids from non-investor-owned utilities are also considered.

Your Committee has amended this measure by:

- (1) Amending the process for the acquisition, merger, or consolidation of electric utility companies by requiring the electric utility to demonstrate that it solicited bids from potential acquiring entities that operate under non-investor-owned utilities ownership models and submit acceptable bids from such entities concurrently with an application by an acquiring entity that is an investor-owned utility;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 137, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 137, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Quinlan, Ward).

SCRep. 1247 Energy & Environmental Protection on S.B. No. 639

The purpose of this measure is to:

- (1) Clarify the level of environmental restoration that owners and operators of underground storage tanks or tank systems must satisfy in the event of a confirmed release of jet fuel; and
- (2) Establish a rebuttable presumption that any detection of these contaminants in the vicinity of an underground storage tank or a tank system after a confirmed release is a result of the confirmed release.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Honolulu Board of Water Supply; Ka Lāhui Hawai‘i; Sierra Club of Hawai‘i; Environmental Caucus of the Democratic Party of Hawai‘i; 350Hawaii.org; Hawai‘i Reef and Ocean Coalition; Free Access Coalition; and numerous individuals. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that the contamination of groundwater and drinking water by jet fuel from underground storage tanks poses an unacceptable threat to public health and natural ecosystems. This measure ensures that any release of jet fuel is fully remediated with the goal of complete removal, safeguarding Hawaii's water resources for future generations.

Your Committee has amended this measure by:

- (1) Clarifying that the cleanup and removal of jet fuel shall be to levels below the detection limits of the best and most sensitive technology and methods available, with the goal of complete remediation;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 639, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 639, S.D. 1, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Ward).

SCRep. 1248 Energy & Environmental Protection on S.B. No. 1395

The purpose of this measure is to:

- (1) Allocate the interest earned on balances within the Emergency and Budget Reserve Fund to the general fund in years in which the Emergency and Budget Reserve Fund's balance exceeds the fund balance objective set for the Emergency and Budget Reserve Fund established in Administrative Directive number 22-01; and
- (2) Require the Governor, for any fiscal year that follows a fiscal year in which Emergency and Budget Reserve Fund interest is deposited into the general fund, to include in the budget or supplemental budget submitted to the Legislature a request that an amount of general funds equal to the amount of interest deposited be expended to advance projects that address climate change impacts.

Your Committee received testimony in support of this measure from the Office of the Governor; Department of Land and Natural Resources; Hawai‘i State Energy Office; Hawai‘i Climate Advisory Team; The Nature Conservancy; Hawai‘i Executive Collaborative Climate Hawai‘i partners; Care for ‘Āina Now Coalition; Hawai‘i Food+ Policy; Catholic Charities Hawai‘i; Hawai‘i Reef and Ocean Coalition; Climate Protectors Hawai‘i; Hawai‘i Land Trust; Coalition Earth; Vibrant Hawai‘i; Wildfire Safety Advocates of Waikoloa; and four individuals. Your Committee received testimony in opposition to this measure from the Libertarian Party of Hawaii and two individuals. Your Committee received comments on this measure from the Office of the Governor Recovery and Resiliency Unit; Hawaii Emergency Management Agency; Office of Planning and Sustainable Development; Climate Change Mitigation and Adaptation Commission; Hawaii Green Infrastructure Authority; and Tax Foundation of Hawaii.

Your Committee finds that the State is experiencing a climate emergency, which threatens the future of the State's economy, sustainability, environment, security, culture, and way of life. Comprehensive action is needed for successful mitigation of and adaptation to climate change. This measure establishes dedicated state funding to address the impacts of climate change on the State and mitigate further impacts.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1395, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1395, S.D. 2, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Ward).

SCRep. 1249 Energy & Environmental Protection on S.B. No. 946

The purpose of this measure is to clarify that the prohibition against discharging wastewater or raw sewage into state waters after December 31, 2026, applies to treatment plants.

Your Committee received testimony in support of this measure from the Department of Health and Office of the Mayor of the County of Maui. Your Committee received comments on this measure from the Hawai‘i Reef and Ocean Coalition.

Your Committee finds that prohibiting practices that discharge wastewater and raw sewage is necessary to protect Hawaii's waters. Your Committee further finds that existing law prohibits the discharge of any treated or raw sewage into state waters, with certain exemptions. This measure is intended to clarify what discharge is subject to the law and what is exempt.

Your Committee has amended this measure by:

- (1) Removing the exemption for treatment plants that produce clean energy;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 946, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 946, S.D. 2, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Ward).

SCRep. 1250 Energy & Environmental Protection on S.B. No. 984

The purpose of this measure is to:

- (1) Ensure that landowners in possession of ten thousand or more acres are liable for damages arising from runoff originating on the land and entering into state waters or onto state lands; and
- (2) Require the Department of Health to prioritize the enforcement of water pollution control regulations in known rural areas.

Your Committee received testimony in support of this measure from the Environmental Caucus of the Democratic Party of Hawai'i; Hawai'i Food+ Policy; and five individuals. Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources; Hawaii Cattlemen's Council, Inc.; Brue Baukol Capital Partners; Hawai'i Farm Bureau; Ulupalakua Ranch; Haleakala Ranch; Chamber of Commerce Hawaii; and six individuals. Your Committee received comments on this measure from the Department of Health; Hawai'i Reef and Ocean Coalition; and one individual.

Your Committee finds that increased extreme rainfall events have led to severe runoff pollution that damages Hawaii's coastal ecosystems and marine life. Large landowners engaging in activities that destabilize soil contribute significantly to runoff, increasing the risk of polluted runoff entering state waters. This measure establishes civil liability for large landowners whose runoff causes environmental harm.

Your Committee has amended this measure by:

- (1) Changing the statutory placement of the language in this measure from the water pollution chapter to the nonpoint source pollution management and control chapter;
- (2) Clarifying that the liability applies to landowners of ten thousand or more acres that are within the State and for fines under nonpoint source pollution management and control penalties and damages;
- (3) Removing provisions that held these landowners liable for runoff entering onto state lands;
- (4) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 984, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 984, S.D. 2, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Ward).

SCRep. 1251 Energy & Environmental Protection on S.B. No. 1220

The purpose of this measure is to require:

- (1) Gas utility companies to file a proposed initial renewable gas tariff or tariffs with the Public Utilities Commission by August 31, 2025; and
- (2) The Public Utilities Commission to establish an initial or revised renewable gas tariff or tariffs no later than nine months after the filing of a completed application for a proposed renewable gas tariff if the Public Utilities Commission finds the tariff to meet certain conditions and standards.

Your Committee received testimony in support of this measure from the Makakilo/Kapolei/Honokai Hale Neighborhood Board No. 34; Ulupono Initiative; Hawai'i Gas; Coalition for Renewable Natural Gas; Kapolei Chamber of Commerce; Land Use Research Foundation of Hawaii; and Hawai'i Bioeconomy Trade Organization. Your Committee received testimony in opposition to this measure from Life of the Land. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and Public Utilities Commission.

Your Committee finds that utilizing renewable energy resources that have the potential to contribute to renewable gas production will help the State achieve its environmental and climate resilience goals. Your Committee further finds that by establishing an accelerated timeline for the Public Utilities Commission to review and approve any proposed renewable gas tariff, this measure would expedite the availability of renewable gas service in the State, in furtherance of greater renewable energy deployment and the State's decarbonization goals.

Your Committee has amended this measure by:

- (1) Authorizing the Consumer Advocate to object to the sufficiency of any application for a proposed renewable gas tariff and requiring the Public Utilities Commission to hear and determine any objection in determining the completeness of an application and thereby the date of commencement of the nine-month period;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1220, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1220, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Perruso). Noes, none. Excused, 1 (Ward).

SCRep. 1252 Energy & Environmental Protection on S.B. No. 1396

The purpose of this measure is to:

- (1) Beginning January 1, 2026, amend the Transient Accommodation Tax to an unspecified amount; and

- (2) Require the Governor to request in the budget or supplemental budget submitted to the Legislature that an amount of general funds equal to an unspecified percentage of the transient accommodations tax revenue be expended to advance specific projects that address climate change and support tourism marketing and destination management.

Your Committee received testimony in support of this measure from the Office of the Governor; Department of Land and Natural Resources; Hawai'i Tourism Authority; Hawai'i State Energy Office; Hawaii Emergency Management Agency; Hawai'i Climate Advisory Team; The Nature Conservancy; Care for 'Āina Now Coalition; Resources Legacy Fund; Hawaii Ocean Legislative Task Force; National Tropical Botanical Garden; Kua'āina Ulu 'Auamo; Kingdom Pathways; Hawai'i Reef and Ocean Coalition; Climate Protectors Hawai'i; Vibrant Hawai'i; Coalition Earth; Council for Native Hawaiian Advancement; Hawai'i Land Trust; Kauai Climate Action Coalition; Hawaii Appleseed Center for Law & Economic Justice; Wildfire Safety Advocates of Waikoloa; Hawai'i Lodging & Tourism Association; and numerous individuals.

Your Committee received testimony in opposition to this measure from the Activities and Attractions Association of Hawaii; Atlantis Adventures LLC; Kohala Coast Resort Association; True Blue Inc.; Maui Hotel & Lodging Association; Sailing Maui Inc.; Hula Girl Sailing Charters; Grassroot Institute of Hawaii; Maui Chamber of Commerce; Hawaii Hotel Alliance; American Hotel & Lodging Association; and seven individuals.

Your Committee received comments on this measure from the Office of the Governor Recovery and Resiliency Unit; Department of Business, Economic Development, and Tourism; Department of Taxation; Hawai'i Climate Change Mitigation and Adaptation Commission; Hawaii Green Infrastructure Authority; Sustainable Coastlines Hawai'i; and Tax Foundation of Hawaii.

Your Committee finds that climate change will have a detrimental impact on the State's environment, culture, and economy. Your Committee further finds that the State must invest in efforts to reduce climate change impacts now to limit current and future consequences of climate change. This measure establishes a dedicated source of state funding through transient accommodations tax revenue to fund resiliency projects that address climate change.

Your Committee further finds that H.B. No. 504, H.D. 1 (Regular Session of 2025), a substantially similar measure, was previously passed by your Committee.

Accordingly, your Committee has amended this measure by:

- (1) Deleting its contents and inserting the contents of H.B. No. 504, H.D. 1, a measure that:
 - (A) Amends the transient accommodations tax rate beginning January 1, 2027;
 - (B) Beginning January 1, 2027, requires a \$20 transient accommodations tax to be levied per night for each furnishing of transient accommodations in exchange for points, miles, or other amounts through a membership, loyalty, or rewards program; and
 - (C) Appropriates funds for the protection, management, and restoration of the State's natural resources;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion;
- (3) Amending the preamble to express the nexus between economic development and environmental stewardship; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1396, S.D. 3, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1396, S.D. 3, H.D. 1, and be referred to your Committees on Tourism and Water & Land.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Ward).

SCRep. 1253 Energy & Environmental Protection on S.B. No. 438

The purpose of this measure is to:

- (1) Prohibit waste and disposal facilities on land in an agricultural district with class A or B soils;
- (2) Prohibit the construction, modification, or expansion of any waste or disposal facility for solid waste or hazardous waste on land that is near or above a significant aquifer;
- (3) Prohibit the utilization of fly ash, bottom ash, or a combination of fly ash and bottom ash from a municipal waste combustor, including any ash residue that remains after removal of metals for recycling into new metal products, for the purposes of road building, construction, or as alternative daily cover material on a landfill and require these materials from a municipal waste combustor to be disposed of in a double-lined and duly licensed municipal solid waste or hazardous waste landfill; and
- (4) Clarify that the existing buffer zone between waste or disposal facilities and residential, school, or hospital property lines applies to municipal solid waste landfill units or components, construction and demolition landfill units, and their components.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Honolulu Board of Water Supply; Makakilo/Kapolei/Honokai Hale Neighborhood Board No. 34; Sierra Club of Hawai'i; Energy Justice Network; Hawai'i Reef and Ocean Coalition; Environmental Caucus of the Democratic Party of Hawai'i; Hawai'i Farm Bureau; Hui Malama Pono Hawai'i; Free Access Coalition; and numerous individuals. Your Committee received testimony in opposition to this measure from the Department of Transportation; Department of Environmental Services of the City and County of Honolulu; Department of Environmental Management of the County of Hawai'i; Prince Kūhiō Hawaiian Civic Club; and three individuals. Your Committee received comments on this measure from the Department of Health; Department of Land and Natural Resources; Department of Public Works of the County of Kaua'i; Association of Hawaiian Civic Clubs; and Reworld.

Your Committee finds that the State's freshwater aquifers are crucial in providing drinking water to residents. Your Committee further finds that agricultural land of the State should be protected from pollution and contamination. This measure prohibits certain waste facilities on the most productive lands in the agricultural district and the construction, modification, or expansion of any waste or disposal facility on land near or above a significant aquifer.

Your Committee has amended this measure by:

- (1) Clarifying that no landfill unit, rather than a waste or disposal facility, shall be located on land within the agricultural district with class A or B soils and that landfill units, rather than waste or disposal facilities, are not permissible uses within the agricultural district;
- (2) Removing the prohibition on fly ash and bottom ash;
- (3) Clarifying that the application of the existing buffer zone between waste or disposal facilities and certain property lines to municipal solid waste landfill units or components, construction and demolition landfill units, and their components begins on July 1, 2025;

- (4) Prohibit the construction, modification, or expansion of a landfill unit inland of the underground injection control line in a county with a population greater than five hundred thousand, with certain exemptions;
- (5) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 438, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 438, S.D. 2, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Ward).

SCRep. 1254 Health on S.B. No. 1040

The purpose of this measure is to require the Office of Wellness and Resilience to develop, implement, and administer a Medical Debt Acquisition and Forgiveness Program to acquire and forgive medical debt owned by certain households in the State and appropriate funds for this purpose.

Your Committee received testimony in support of this measure from the Office of Wellness and Resilience; State Health Planning and Development Agency; Healthcare Association of Hawaii; The Queen's Health Systems; Democratic Party of Hawai'i; Holomua Collaborative; Hawai'i Community Foundation; Title Guaranty of Hawai'i; Hawai'i Gas; Mana Up; Tori Richard, Ltd.; Leukemia & Lymphoma Society; American Cancer Society Cancer Action Network; Hawai'i Health & Harm Reduction Center; Democratic Party of Hawai'i Education Caucus; Hawai'i Public Health Institute; and one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that approximately four out of ten Americans and one out of ten Hawaii residents have some form of medical debt, which can take a serious toll on individuals' and families' mental and physical well-being. The medical debt crisis is further exacerbated by commercial debt buyers who purchase outstanding and dormant medical debts for pennies on the dollar and then take aggressive action to collect from individuals and families who find themselves unable to pay. Your Committee further finds that other states and cities in the United States have partnered with a nonprofit organization that has successfully purchased billions of dollars in medical debt and then abolished the debt owed by patients. However, your Committee agrees with the concerns raised in testimony by the Department of Budget and Finance regarding the uncertain fiscal requirements of such a program and believes that a study to determine the costs and feasibility of a medical debt acquisition and forgiveness program before proceeding to establish the program in statute is warranted.

Accordingly, your Committee has amended this measure by:

- (1) Deleting the substantive contents of this measure and inserting language requiring the Office of Wellness and Resilience to conduct a study on the feasibility of establishing a medical debt acquisition and forgiveness program for certain households in the State and submit a report to the Legislature before the Regular Session of 2026; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1040, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1040, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Alcos).

SCRep. 1255 Health on S.B. No. 1429

The purpose of this measure is to make various amendments to the medical cannabis laws for the purposes of strengthening consumer protection and patient access by:

- (1) Authorizing the Department of Health to impose penalties and take enforcement actions for violations of the medical cannabis laws;
- (2) Allowing primary caregivers to care for up to five qualifying patients;
- (3) Repealing the prohibition on primary caregivers cultivating medical cannabis for qualifying patients;
- (4) Extending the authorized period for which the Department of Health's interim rules are effective until July 1, 2027; and
- (5) Extending the exemption from civil service laws for certain Department of Health personnel until June 30, 2027.

Your Committee received testimony in support of this measure from the Department of Health and Akamai Cannabis Consulting. Your Committee received testimony in opposition to this measure from Noa Botanicals and one individual. Your Committee received comments on this measure from the Department of the Attorney General; Hawai'i Cannabis Industry Association; Cure Oahu; Aloha Green Apothecary; and Drug Policy Forum of Hawaii.

Your Committee finds that according to the rapid survey of Hawaii medical cannabis patients and providers conducted by the Department of Health in 2022, fifty-five percent of patients indicated that they obtained their cannabis exclusively from a licensed medical cannabis dispensary. This means forty-five percent of cannabis patients obtain their medical cannabis from other sources, including cultivation. Your Committee further finds that Act 309, Session Laws of Hawaii 2022, prohibited primary caregivers from cultivating cannabis for qualifying patients after December 31, 2024. Your Committee believes that qualifying patients should have multiple options for obtaining medical cannabis, including having a primary caregiver grow an adequate supply of cannabis for medical use on their behalf.

However, your Committee also recognizes the concerns raised in testimony before your Committee by the Department of the Attorney General and Department of Health that allowing a primary caregiver to care for and cultivate cannabis for up to five patients would risk commercializing the caregiver role, which could potentially harm both patients as well as the integrity of the medical cannabis program.

Accordingly, your Committee has amended this measure by:

- (1) Making administrative penalties, cease and desist orders, and orders for corrective action final twenty calendar days after the date of the written notice, unless a contested case hearing is requested;
- (2) Reverting to existing statutory language authorizing a primary caregiver to provide care to only one qualifying patient and removing language that allowed each location used to cultivate cannabis to be used for cultivation for no more than five qualifying patients;

- (3) Extending the sunset for the exemption from civil service requirements for personnel hired by, or contracts entered into by, the Department of Health to July 1, 2029; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1429, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1429, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, 1 (Garcia). Excused, 1 (Alcos).

SCRep. 1256 Labor on S.B. No. 307

The purpose of this measure is to establish the right of a person to record law enforcement activities and a private right of action for any violation of the right to record law enforcement activities.

Your Committee received testimony in support of this measure from the Office of the Public Defender; League of Women Voters of Hawaii; ACLU Hawai'i; and Public First Law Center.

Your Committee finds that the First Amendment of the United States Constitution protects freedom of speech and expression and courts have determined that this includes the right to record police officers in public spaces so long as it does not interfere with the officer's duties and is done lawfully. Your Committee further finds that it is important to protect the right to record law enforcement activities, prevent infringements upon this right, and provide a remedy when this right is violated. Your Committee believes that this measure strikes an appropriate balance between an individual's right to record law enforcement activities and bring an action for any violation of this right with law enforcement's ability to carry out its duties.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 307, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 307, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 1257 Labor on S.B. No. 935

The purpose of this measure is to:

- (1) Establish the retirement allowance for a member who first earned credited service as a judge after June 30, 2025, to 1.75 percent of their average final compensation for each year of credited service as a judge;
- (2) Include sheriffs and deputy sheriffs to the enhanced retirement benefits category;
- (3) Reduce the minimum years of credited service required for Tier 2 members for vesting benefits from ten years to five years; and
- (4) Increase employer contributions to offset the liability produced by the changes to the vesting benefits schedule.

Your Committee received testimony in support of this measure from the Office of the Governor; Department of Labor and Industrial Relations; and Hawai'i State Teachers Association. Your Committee received testimony in opposition to this measure from the Hawai'i State Trial Judges Association; West Hawaii Bar Association; Hawaii State Bar Association; State of Hawaii Organization of Police Officers; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; International Longshore and Warehouse Union Local 142; American Judicature Society; and one individual. Your Committee received comments on this measure from the Judiciary; Department of Law Enforcement; Department of Budget and Finance; Employees' Retirement System Board of Trustees; Hawaii Employer-Union Health Benefits Trust Fund; and United Public Workers, AFSCME Local 646, AFL-CIO.

Your Committee finds that the State is challenged with recruiting qualified candidates and retaining current employees because benefits packages are not as alluring as they used to be and not as competitive as the lucrative compensation and benefits packages offered in the private sector. Your Committee also finds that state agencies experience high turnover rates in the first decade of employee service, exemplifying the challenge to retain employees. This measure seeks to reduce the number of years that Tier 2 members must have to be eligible for vesting benefits from ten years to five years which would improve employee retention and recruitment, without burdening the State's accrued liability by also increasing employer contributions.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Judiciary & Hawaiian Affairs, should it deliberate on this measure, to consider the implications of reducing the multipliers for credited service on certain classes of employees, as provided by the Employees' Retirement System's testimony and whether increasing employee contributions to 21.85 percent for sheriffs and deputy sheriffs, to conform to the requirements of employee contributions for enhanced retirement benefits, would have a negative impact on recruitment efforts, as provided by the Department of Budget and Finance's testimony.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 935, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 935, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 5; Ayes with Reservations (Kapela, Kong). Noes, 1 (Reyes Oda). Excused, none.

SCRep. 1258 Agriculture & Food Systems on S.B. No. 1100

The purpose of this measure is to:

- (1) Rename the Department of Agriculture as the "Department of Agriculture and Biosecurity";

- (2) Rename the Board of Agriculture as the "Board of Agriculture and Biosecurity";
- (3) Establish a Deputy Chairperson for Biosecurity;
- (4) Require the Chairperson of the Board of Agriculture and Biosecurity to establish an emergency response team to respond to biosecurity events;
- (5) Authorize the Department of Agriculture and Biosecurity to establish transitional facilities where imported articles first received may be stored while being inspected;
- (6) Require the Department of Commerce and Consumer Affairs to license and train biosecurity inspectors;
- (7) Require inspection, labeling, and any necessary disinfection or quarantine of various items transported interisland;
- (8) Increase penalties for illegally importing or transporting plants, animals, and microorganisms;
- (9) Require the Department of Agriculture and Biosecurity to establish government-industry agreements with businesses to prevent, detect, and respond to unwanted organisms in Hawaii and an invasive species dashboard to provide public, real-time data on treatment areas;
- (10) Authorize pest management plans to address, contain, or eradicate pests;
- (11) Transfer the Hawaii Invasive Species Council from the Department of Land and Natural Resources to the Department of Agriculture and Biosecurity;
- (12) Authorize the Department of Agriculture and Biosecurity to adopt rules to establish and enforce the Plant Care Component Program; and
- (13) Appropriate funds for biosecurity efforts and programs, including certain positions.

Your Committee received testimony in support of this measure from the Department of Agriculture; University of Hawai'i System; Hawai'i Farm Bureau; Hawaii Cattlemen's Council; Maui Chamber of Commerce; Hawai'i Reef and Ocean Coalition; Hawai'i Forest Industry Association; Green Party of Hawai'i; and four individuals. Your Committee received testimony in opposition to this measure from the Free Access Coalition; Hawai'i Harbors Users Group; Mālama Maunaloa; Conservation Council for Hawai'i; Native Ecosystem Services; and numerous individuals.

Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs; Department of Land and Natural Resources; Pest Control Board; Hawai'i Invasive Species Council; Coordinating Group on Alien Pest Species; Big Island Invasive Species Committee; Sierra Club of Hawai'i; Retail Merchants of Hawaii; Slow Food in Hawaii; Sugarland Farms, Inc.; The Nature Conservancy, Hawai'i and Palmyra; Kaua'i Invasive Species Committee; Maui Invasive Species Committee; O'ahu Invasive Species Committee; Hawaii Ant Lab; and numerous individuals.

Your Committee finds that invasive species continue to pose a major threat to Hawaii's agriculture, environment, and economy. Strengthening biosecurity efforts with enhanced emergency response measures and proactive management is essential to minimizing these impacts. This measure equips the State with stronger biosecurity tools, ensuring a more effective response to invasive species and protecting Hawaii's natural resources and long-term food security.

Your Committee has amended this measure by:

- (1) Deleting language that would have transferred the Hawaii Invasive Species Council from the Department of Land and Natural Resources to the Department of Agriculture and Biosecurity;
- (2) Changing the number of authorized positions related to biosecurity that were established in Act 231, Session Laws of Hawaii 2024, to an unspecified number;
- (3) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider including forty-four full-time equivalent (44.0 FTE) positions related to biosecurity that were established in Act 231, Session Laws of Hawaii 2024.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1100, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1100, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Ward).

SCRep. 1259 Economic Development & Technology on S.B. No. 148

The purpose of this measure is to:

- (1) Rename the Boxing Commission of Hawaii to the Combat Sports Commission of Hawaii and expand the Commission's jurisdiction to include combat sports contests; and
- (2) Repeal the chapter regulating mixed martial arts contests.

Your Committee received testimony in support of this measure from Department of Commerce and Consumer Affairs and four individuals.

Your Committee finds that there is a need for the State to regulate a broader range of combat sports events to ensure the safety and well-being of participants. This measure addresses this need by renaming and expanding the jurisdiction of the Boxing Commission to include combat sports contests. While many of the provisions from chapter 440E, Hawaii Revised Statutes, relating to mixed martial arts contests, are included in this measure to apply to combat sports contests, certain provisions involving amateur sports contests and safety measures have been omitted. Your Committee finds that these provisions should be incorporated into this measure with required compliance by combat sports events but discretionary compliance by small combat sports events, which may not be as well equipped to accommodate more stringent requirements. Your Committee's intent is to ensure the safe conduct of combat sports events without curtailing or impeding the operation of smaller events.

Accordingly, your Committee has amended this measure by:

- (1) Including amateur combat sports contests among the kinds of combat sports regulated by the Commission;
- (2) Adding a definition for "small combat sports contests" and providing certain exemptions for these contests;
- (3) Changing the requirement that each combat sports contestant be examined by at least one licensed health care provider from one to three hours before the combat sports contest;
- (4) Requiring all contestants to furnish a medical report and previous fight records to the Commission;

- (5) Allowing amateur combat sports contests to be placed under the supervision of any recognized national amateur combat sports association;
- (6) Requiring promoters, except promoters of small combat sports events, to provide written confirmation that an ambulance with paramedics and appropriate security has been obtained and will be present at the venue;
- (7) Requiring every promoter to have at least two licensed physicians or, for small combat sports events two licensed health care providers who need not be physicians, in attendance at every combat sports contest and requiring a pre-contest medical examination report to be filed with the Commission within forty-eight hours after the contest;
- (8) Clarifying that this measure is intended to take effect on April 1, 2026;
- (9) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (10) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 148, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 148, S.D. 2, H.D. 1, and be referred to your Committees on Consumer Protection & Commerce and Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Holt).

SCRep. 1260 Water & Land/Public Safety on S.B. No. 1296

The purpose of this measure is to exempt the reconstruction of any lawfully constructed structure that was damaged or destroyed in a disaster caused by wildfire, hurricane, flooding, tsunami, or earthquake proclaimed by the Governor to constitute a state of emergency from the requirements of a special management area minor permit or a special management area use permit, under certain conditions.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources; Office of Planning and Sustainable Development; Office of the Mayor of the County of Maui; Maui Chamber of Commerce; Maui Hotel and Lodging Association; Lahaina Restoration Foundation; The Art Source Inc.; Pacific Rim Land, Inc.; Grassroot Institute of Hawaii; Lahaina Town Action Committee; Front Street Recovery Organization; Atlantis Submarines – Maui; Trilogy Excursions; Hakuna Matata Hostel; Lāhainā Strong; and numerous individuals. Your Committees received testimony in opposition to this measure from one individual. Your Committees received comments on this measure from six individuals.

Your Committees find that special controls on development are necessary in coastal areas to preserve valuable resources and ensure adequate access to public beaches, recreation areas, and natural reserves. Your Committees further find that in the wake of major disasters such as the 2023 Maui wildfires, which destroyed much of Lahaina, these measures can needlessly delay the rebuilding and reconstruction of previously existing lawfully constructed structures.

Your Committees have amended this measure by:

- (1) Removing the specification that the disaster that damaged or destroyed the original structure was caused by wildfire, hurricane, flooding, tsunami, or earthquake;
- (2) Specifying that "development" also does not include reconstruction of a structure that was damaged or destroyed by a disaster declared pursuant to federal law;
- (3) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Water & Land and Public Safety that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 1296, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 1296, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chairs on behalf of the Committees.

Water & Land: Ayes, 9. Noes, none. Excused, 1 (Woodson).

Public Safety: Ayes, 9. Noes, none. Excused, 1 (Woodson).

SCRep. 1261 Water & Land on S.B. No. 1456

The purpose of this measure is to amend the definition of "beach restoration" to expand the types of activities the State recognizes as restorative and beneficial to beach lands in response to increasing threats of sea level rise and beach loss.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Office of Climate Change Sustainability and Resiliency of the City and County of Honolulu; and numerous individuals.

Prior to the hearing on this measure, your Committee posted and made available for public review a proposed H.D. 1, which added two appropriations for a sand restoration and dune replenishment pilot project to be undertaken seaward of certain parcels on the island of Maui.

Your Committee received testimony in support of the proposed H.D. 1 from the University of Hawai'i Sea Grant College Program; Coastal Research Collaborative; Association of Apartment Owners of Hololani; Waikiki Beach Special Improvement District Association; Valley Isle Resort; Land Use Research Foundation of Hawaii; Maui Luxury Realty LLC; and numerous individuals. Your Committee received testimony in opposition to the proposed H.D. 1 from one individual. Your Committee received comments on the proposed H.D. 1 from the Department of Land and Natural Resources; Maui Nui Resiliency Hui; Lāhainā Strong; and one individual.

Your Committee finds that according to the State Climate Change Mitigation and Adaptation Commission's 2022 report, Hawaii is projected to likely experience between 3.9 and 5.9 feet of sea level rise by the year 2100. Your Committee further finds that the State has an affirmative duty to preserve beaches as a public trust resource for the people of Hawaii. However, the existing definition of "beach restoration" is limited to the placement of sand on a beach from an outside source. Your Committee believes that broadening the definition of "beach restoration" to include other restorative activities, such as dune restoration and the removal of derelict structures, will enable the State to support a full suite of nature-based activities proven to enhance the public trust, promote resilience, and encourage community engagement.

Your Committee further finds that much of the Kahana Bay shoreline, which has been identified as an appropriate location for a sand restoration and dune replenishment pilot project in the proposed H.D. 1, has been severely depleted and many of the shoreline parcels are relying on emergency sandbag walls to protect the condominiums built on these parcels. Your Committee believes that these beaches would benefit from a beach nourishment program, which would restore lost coastline and protect existing residential structures from the threat of further coastal erosion.

Your Committee has amended this measure by adopting the proposed H.D. 1 and further amending the measure by:

- (1) Amending its preamble;
- (2) Clarifying that one appropriation in this measure is for a Kahana Bay beach restoration pilot project and:
 - (A) Amending the tax map keys identifying the area in which the Kahana Bay beach restoration pilot project will occur;
 - (B) Prohibiting the Kahana Bay beach restoration pilot project to include the creation of any t-groins;
 - (C) Requiring the Department of Land and Natural Resources to consult with the Army Corps of Engineers regarding a path forward for the Kahana Bay beach restoration project; and
 - (D) Specifying that any funds appropriated will be paid for by twenty-five percent from state general revenues, twenty-five percent from the County of Maui, and fifty percent from residents living or owning property in or between the identified tax map keys;
- (3) Prohibiting the sand restoration and dune replenishment pilot project seaward of Hanakao Park to include the construction of any t-groins and specifying that any funds appropriated will be paid for by twenty-five percent from state general revenues, twenty-five percent from the County of Maui, and fifty percent from residents living or owning property in the area surrounding Hanakao Park;
- (4) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1456, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1456, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Woodson).

SCRep. 1262 Water & Land on S.B. No. 1170

The purpose of this measure is to authorize the director of a county planning department to issue a special management area use permit to an applicant that is redeveloping permanent affordable multi-family rental housing that has been substantially destroyed as the result of certain types of disasters that have been proclaimed by the Governor to constitute a state of emergency, under certain conditions.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation; Maui Chamber of Commerce; KCOM Corp.; Pacific Commercial Realty Corp.; Hale Mahaolu; Lāhainā Strong; and one individual.

Your Committee finds that the approval of a special management area use permit is a lengthy process that can take up to a year to complete. Your Committee further finds that, in the wake of major disasters such as the 2023 Maui wildfires that destroyed much of Lahaina, there is often a pressing need to quickly rebuild affordable housing to allow displaced residents to return to the area. Granting the director of a county planning department the discretion to issue special management area use permits in these cases will greatly reduce delays in the reconstruction and redevelopment of affordable housing and aid in disaster recovery.

Your Committee has amended this measure by:

- (1) Requiring county planning departments to prioritize approving permits for the redevelopment of permanent affordable multi-family rental housing;
- (2) Clarifying that for experimental and demonstration housing projects that have been substantially destroyed:
 - (A) Any initiating project ordinance passed by the county remains in effect; and
 - (B) The director of a county planning department may amend or modify the final plans and specifications of an experimental and demonstration housing project to incorporate best industry practices and standards, with certain restrictions;
- (3) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1170, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1170, S.D. 2, H.D. 1, and be referred to your Committee on Housing.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Woodson).

SCRep. 1263 Water & Land on S.B. No. 657

The purpose of this measure is to appropriate funds to establish and operate the Center for Climate Resilient Development within the School of Ocean and Earth Science and Technology at the University of Hawai'i at Mānoa.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Department of Health; School of Ocean and Earth Science and Technology at the University of Hawai'i at Mānoa; Office of Climate Change, Sustainability and Resiliency of the City and County of Honolulu; Makakilo/Kapolei/Honokai Hale Neighborhood Board No. 34; Ulupono Initiative; Hawaii Climate Change and Health Working Group; Climate Protectors Hawai'i; Coalition Earth; Hawai'i Farmers Union; and five individuals.

Your Committee finds that there is a lack of climate resilient development capacity in the State. Your Committee further finds that the School of Ocean and Earth Science and Technology (SOEST) at the University of Hawai'i at Mānoa has a proven expertise in climate modeling, and many state laws and policies, such as mandatory disclosures in real estate transactions of residential real property lying within a sea level rise exposure area, depend on the data collected and modeled by SOEST. However, funding for SOEST is largely through federal grants, which can be subject to the influence of changing national priorities. Your Committee believes that investing directly in scientific resources by establishing a Center for Climate Resilient Development will ensure important climate science data is preserved and that SOEST's important research activities will continue.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$3,000,000.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 657, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 657, S.D. 1, H.D. 1, and be referred to your Committee on Higher Education.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Shimizu). Noes, none. Excused, 1 (Woodson).

SCRep. 1264 Water & Land on S.B. No. 1099

The purpose of this measure is to authorize the Land Use Commission to designate lands as Important Agricultural Lands if a county fails to identify and recommend Important Agricultural Lands by December 31, 2027.

Your Committee received testimony in support of this measure from the Land Use Commission and one individual. Your Committee received comments on this measure from the Department of Agriculture and Hawai'i Farm Bureau.

Your Committee finds that there is a need to support and maintain a strategic agricultural land resource base that can support diverse agricultural activities and opportunities in the State. One means of supporting agriculture in the State is through the designation of Important Agricultural Lands. To facilitate and expedite the designation of Important Agricultural Lands, this measure creates a deadline by which counties may identify and recommend certain lands for designation as Important Agricultural Lands and, in any county that fails to do so, allows the Land Use Commission to designate certain lands as Important Agricultural Lands and adopt maps for those designated lands.

Your Committee has amended this measure by:

- (1) Clarifying that the Land Use Commission may designate county or state lands as Important Agricultural Lands in counties that fail to identify and recommend Important Agricultural Lands by December 31, 2027;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1099, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1099, H.D. 1, and be referred to your Committee on Agriculture & Food Systems.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Iwamoto, Shimizu). Noes, none. Excused, 1 (Woodson).

SCRep. 1265 Water & Land on S.B. No. 1221

The purpose of this measure is to:

- (1) Prohibit counties from permitting or allowing retention and detention ponds to be constructed, except under certain conditions;
- (2) Creating safety requirements for retention and detention ponds in the State and a program for monitoring and inspecting retention and detention ponds for compliance with the safety requirements; and
- (3) Requiring the Department of Land and Natural Resources to conduct a survey of existing retention and detention ponds statewide.

Your Committee received testimony in support of this measure from the Waikiki Neighborhood Board; Keiki Injury Prevention Coalition; Hawai'i Lodging & Tourism Association; and numerous individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources; Hawai'i Community Development Authority; and Hunt Development Group, LLC.

Your Committee finds that drowning is the number one cause of death for children between the ages of one and fifteen in the State. Your Committee further finds that retention and detention ponds, while essential for stormwater management, pose serious risks to public health and safety due to their potential for sudden water level changes and deep standing water. Improperly maintained and unregulated retention and detention ponds are particularly dangerous for young children, who are unaware of the risks these ponds pose. Your Committee believes that regulating the construction and permitting of retention and detention ponds, including the establishment of minimum safety standards, will help save the lives of our keiki and is necessary to ensure the health and safety of all residents and visitors.

Your Committee notes that during decision making, your Committee inadvertently announced that it intended to replace the contents of this measure with the contents of H.B. No. 1232 (Regular Session of 2025), which is the companion to this measure but did not receive a hearing in the House. However, your Committee intended to replace the contents of this measure with the contents of H.B. No. 1233, H.D. 2 (Regular Session of 2025), a substantially similar measure that was previously passed by your Committee.

Accordingly, your Committee has amended this measure by:

- (1) Deleting its contents and inserting the contents of H.B. No. 1233, H.D. 2, a measure that:
 - (A) Requires the counties to adopt ordinances to regulate retention and detention ponds, including establishing a permitting process for the construction of new ponds and safety standards for ponds;
 - (B) Requires the counties to conduct a survey of existing retention and detention ponds statewide and submit a report to the Legislature; and
 - (C) Appropriates funds as a grant-in-aid to the counties for these purposes;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1221, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1221, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Iwamoto). Noes, none. Excused, 1 (Woodson).

SCRep. 1266 Water & Land on S.B. No. 739

The purpose of this measure is to:

- (1) Allow the Governor to negotiate land exchanges consistent with and in furtherance of the State's agricultural housing needs and purposes; and
- (2) Require the Governor to submit a report to the Legislature of the negotiated land exchanges for final approval.

Your Committee received testimony in support of this measure from the Agribusiness Development Corporation; Hawai'i Farm Bureau; Hawai'i Food+Policy; Land Use Research Foundation of Hawaii; and one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources and Office of Hawaiian Affairs.

Your Committee finds that the State's agricultural production is insufficient to meet the State's food consumption needs. Your Committee further finds that privately held lands that were formerly used for pineapple and sugar cane are currently lying fallow and may be prime candidates for land exchanges for urban public lands that are suitable for affordable housing, workforce housing, or other types of housing inventory to assist the State in addressing its pressing housing and agricultural needs.

Your Committee has amended this measure by:

- (1) Subjecting any land exchanges negotiated by the Governor to approval from the Board of Land and Natural Resources;
- (2) Clarifying that lands undergoing the development entitlement process and on which substantial state funds have been expended shall not be considered priority lands for a land exchange;
- (3) Requiring private lands obtained in a land exchange to assume the ceded or public land trust character of the state lands for which they were exchanged;
- (4) Requiring a restrictive covenant or reversionary interest in favor of the State that requires the land to be used for the development of affordable housing, workforce housing, or other housing inventory to be attached to the deed of any state land transferred to a private party as part of a land exchange;
- (5) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 739, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 739, S.D. 2, H.D. 1, and be referred to your Committee on Agriculture & Food Systems.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, 1 (Iwamoto). Excused, 1 (Woodson).

SCRep. 1267 Energy & Environmental Protection/Economic Development & Technology on S.B. No. 1269

The purpose of this measure is to appropriate funds for the exploration and identification of geothermal resources and commercial viability for utility-scale geothermal production.

Your Committees received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Ulupono Initiative; Life of the Land; Hawaiian Electric; Coalition Earth; Waikā Consulting, LLC; Innovations Development Group; and seven individuals. Your Committees received testimony in opposition to this measure from Hulu Mamo Hawaiian Civic Club and numerous individuals. Your Committees received comments on this measure from Sustainable Energy Hawai'i and three individuals.

Your Committees find that geothermal energy presents a stable and viable alternative to biofuels, with significant potential for more utility-scale development on Hawaii island. Additional funding is necessary to support ongoing geothermal exploration, commercial viability assessments, and community outreach to ensure strategic and effective geothermal resource development. This measure advances geothermal energy exploration and facilitates large-scale geothermal power station development.

Your Committees have amended this measure by:

- (1) Specifying that funds shall not be used for drilling purposes, including exploratory, test, or production wells, or within a fifteen-mile radius of an existing geothermal power plant that is currently providing electricity to the grid;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committees respectfully request your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$6,000,000.

As affirmed by the records of votes of the members of your Committees on Energy & Environmental Protection and Economic Development & Technology that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 1269, S.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 1269, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chairs on behalf of the Committees.

Energy & Environmental Protection: Ayes, 4. Noes, none. Excused, 2 (Quinlan, Ward).

Economic Development & Technology: Ayes, 6; Ayes with Reservations (Hussey). Noes, none. Excused, 1 (Holt).

SCRep. 1268 Energy & Environmental Protection on S.B. No. 897

The purpose of this measure is to:

- (1) Establish the Wildfire Liability Trust Fund;
- (2) Authorize securitization for electric utilities;
- (3) Clarify the authority of the Hawaii Electricity Reliability Administrator over the collection and recovery of costs under the Hawaii Electricity Reliability Surcharge; and
- (4) Require the Public Utilities Commission to establish standards that require each electric utility company to remove from the rate base a commensurate amount of costs related to fossil fuel resources when adding new or converted firm renewable energy sources.

Your Committee received testimony in support of this measure from Ulupono Initiative; AES Hawai'i; Plus Power; Sustainable Energy Hawai'i; Kapolei Chamber of Commerce; International Brotherhood of Electrical Workers Local 1260; Par Hawaii; Land Use Research Foundation of Hawaii; Hawaiian

Electric; Clearway Energy Group; Chamber of Commerce of Hawaii; and Hawai'i Island Chamber of Commerce. Your Committee received testimony in opposition to this measure from the Hawai'i Regional Council of Carpenters and Hawaii Association for Justice. Your Committee received comments on this measure from the Office of the Governor; Department of Commerce and Consumer Affairs; Department of the Attorney General; Public Utilities Commission; Hawaii Insurers Council; Life of the Land; Kaua'i Island Utility Cooperative; Hawaiian Telcom; Hawai'i Farm Bureau; and Charter Communications.

Your Committee finds that the risk of wildfires has increased due to climate change and that there is a need to ensure that proper financing mechanisms are in place to mitigate the economic impact of wildfires on public utilities and ratepayers. Your Committee recognizes the financial burden being placed on ratepayers as drafted in the S.D. 3 version of this measure.

Accordingly, your Committee has amended this measure by:

- (1) Removing the Wildfire Liability Trust Fund and establishing a limit on aggregate liability for economic damages from catastrophic wildfires;
- (2) Amending the authorization of securitization, limiting it to the costs of implementation of wildfire mitigation plans and other investments in infrastructure improvements, modernization, and replacements needed to reduce risk and increase reliability and resiliency;
- (3) Deleting language related to the Hawaii Electricity Reliability Administrator and renewable portfolio standards;
- (4) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 897, S.D. 3, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 897, S.D. 3, H.D. 1, and be referred to your Committees on Consumer Protection & Commerce and Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Quinlan, Ward).

SCRep. 1269 Housing/Transportation on S.B. No. 1669

The purpose of this measure is to:

- (1) Establish the Transit-Oriented Community Improvement Partnership and Community Improvement Revolving Fund for purposes of developing and implementing transit-oriented community development; and
- (2) Appropriates funds for the establishment and operation of the Transit-Oriented Community Improvement Partnership and establishment of various positions.

Your Committees received testimony in support of this measure from the Hawai'i Climate Change Mitigation & Adaptation Commission; Oahu Metropolitan Planning Organization; The American Institute of Architects, Hawaii State Council, Legislative Advocacy Committee; Hawai'i Bicycling League; Church of the Crossroads; Trees for Honolulu's Future; Hawai'i Appleseed Center for Law & Economic Justice; Stanford Carr Development, LLC; and four individuals. Your Committees received comments on this measure from the Department of the Attorney General; Department of Budget and Finance; Hawaii State Energy Office; and Office of Planning & Sustainable Development.

Your Committees find that Hawaii's high cost of living, driven largely by the rising expenses of housing and transportation, continues to strain families and communities across the State. Housing projects are becoming prohibitively expensive due to added costs associated with parking and amenities. This measure will encourage transit-oriented development, thereby reducing transportation expenses and lowering overall living costs of residents.

Your Committees have amended this measure by:

- (1) Requiring twenty percent of parking stalls developed under this measure to be electric vehicle-ready and defining "electric vehicle-ready";
- (2) Amending the membership of the Board of Directors of the Transit-Oriented Community Improvement Partnership to include an individual with history and expertise in urban planning and building design or architecture as a licensed architect;
- (3) Clarifying that the Speaker of the House of Representatives is to appoint two individuals with history and expertise in community-based economic development;
- (4) Changing the Community Improvement Revolving Fund to the Community Improvement Special Fund, to be established with the State treasury, and making associated conforming amendments;
- (5) Establishing standards for grants awarded under this measure;
- (6) Requiring the Transit-Oriented Community Improvement Partnership to coordinate with all relevant State permitting and regulatory agencies and programs;
- (7) Clarifying that one full-time equivalent (1.0 FTE) position is for a planner or licensed architect; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committees respectfully request your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$150,000 to fund the establishment and operation of the Transit-Oriented Community Improvement Partnership and \$400,000 for the establishment of four full-time equivalent (4.0 FTE) positions.

As affirmed by the records of votes of the members of your Committees on Housing and Transportation that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 1669, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 1669, S.D. 2, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chairs on behalf of the Committees.

Housing: Ayes, 6. Noes, none. Excused, 3 (Cochran, La Chica, Pierick).

Transportation: Ayes, 6. Noes, none. Excused, 3 (Cochran, La Chica, Pierick).

SCRep. 1270 Housing/Transportation on S.B. No. 662

The purpose of this measure is to:

- (1) Require the Hawaii Housing Finance and Development Corporation and City and County of Honolulu to enter into an agreement to complete the transfer of the roads within the Villages of Kapolei to the City and County of Honolulu by January 1, 2026; and

(2) Authorize county police officers to enforce the Statewide Traffic Code on all public streets, roadways, and highways within the State.

Your Committees received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation; Office of the Mayor of the City and County of Honolulu; Free Access Coalition; and numerous individuals.

Your Committees find that the transfer of roads within the Villages of Kapolei to the City and County of Honolulu has been delayed for years due to the City and County of Honolulu establishing certain requirements to accept the dedication of the roads. While this delay has left many residents of the Villages of Kapolei uncertain regarding who is responsible for maintenance, repairs, and overall infrastructure management, your Committees believe that legislation requiring this transfer may be unnecessary. Rather, your Committees request for the Hawaii Housing Finance and Development Corporation and City and County of Honolulu to work together to come to a solution.

Accordingly, your Committees have amended this measure by:

- (1) Deleting language that would have required the Hawaii Housing Finance and Development Corporation and City and County of Honolulu to enter into an agreement to complete the transfer of the roads within the Villages of Kapolei to the City and County of Honolulu; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Housing and Transportation that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 662, S.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 662, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chairs on behalf of the Committees.

Housing: Ayes, 6. Noes, none. Excused, 3 (Cochran, La Chica, Pierick).

Transportation: Ayes, 6. Noes, none. Excused, 3 (Cochran, La Chica, Pierick).

SCRep. 1271 Housing on S.B. No. 414

The purpose of this measure is to:

- (1) Require the Hawaii Housing Finance and Development Corporation to institute proceedings to condemn certain lands in Lahaina to build a new access road from Keawe Street to the Kilohana and Kalaiola sites developed in the Villages of Leialii; and
- (2) Appropriate funds out of the Major Disaster Fund for the appraisals and other preparations necessary to institute the condemnation proceedings.

Your Committee received testimony in support of this measure from the Department of Human Services; Hawaii Housing Finance and Development Corporation; and Maui Chamber of Commerce.

Your Committee finds that improved infrastructure is essential to supporting the long-term redevelopment of Lahaina following the 2023 Maui wildfires. Establishing a new access road from Keawe Street to the new rental housing projects at the Kilohana and Kalaiola sites will ensure safe and efficient transportation for future residents and facilitate the development of permanent housing. This measure enables the Hawaii Housing Finance and Development Corporation to acquire the necessary land and proceed with road construction, enhancing connectivity and community resilience in West Maui.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to encourage further discussion.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$250,000 to initiate the condemnation proceedings required to fulfill the intent of this measure.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 414, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 414, S.D. 2, H.D. 1, and be referred to your Committee on Public Safety.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Cochran).

SCRep. 1272 Housing on S.B. No. 332

The purpose of this measure is to:

- (1) Prohibit sellers of foreclosed homes in a nonjudicial foreclosure from bundling properties at a public sale for sale to a single buyer and require each foreclosed home to be sold separately; and
- (2) Allow tenants, families, city and state government, affordable housing nonprofits, and community land trusts forty-five days to match or beat the best public sale bid to buy the property.

Your Committee received testimony in support of this measure from Lāhāina Strong; Lahaina Community Land Trust; Northwest Community Land Trust Coalition; and three individuals.

Your Committee finds that the foreclosure moratorium for borrowers with Federal Housing Administration-insured mortgages on Maui expired on January 1, 2025. This measure ensures that foreclosed properties must have individual property auctions and cannot be bundled together, which allows residents to have a greater chance to submit competitive offers.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 332, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 332, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Cochran).

SCRep. 1273 Housing on S.B. No. 66

The purpose of this measure is to require counties to grant building permits for single-family and multi-family projects within sixty days if the completed application is stamped and certified by a licensed engineer and architect that all plans and specifications are compliant with applicable building codes.

Your Committee received testimony in support of this measure from the Hawai'i Association of REALTORS; Hawaii Regional Council of Carpenters; NAIOP Hawaii; Maui Chamber of Commerce; Grassroot Institute of Hawaii; Hawai'i YIMBY; Building Industry Association of Hawaii; Hawaii Food Industry Association; and two individuals.

Your Committee received testimony in opposition to this measure from the Department of Planning and Permitting of the City and County of Honolulu; Lāhāina Strong; Hawaii's Thousand Friends; Pele Lani Farm LLC; and one individual.

Your Committee received comments on this measure from the Department of Land and Natural Resources; Office of Hawaiian Affairs; County of Hawai'i Department of Public Works; and American Institute of Architects, Hawaii State Council, Legislative Advocacy Committee.

Your Committee finds that Hawaii's prolonged building permit approval process significantly hinders housing development and contributes to high costs and delays. Establishing a streamlined permit process that shifts code compliance responsibility to licensed design professionals will reduce bureaucratic obstacles while maintaining safety and regulatory standards. This measure will help expedite the construction of much needed housing and address the State's ongoing housing shortage.

Your Committee has amended this measure by:

- (1) Specifying that a permit, rather than only a building permit, for certain single-family or multi-family projects shall be issued within sixty days of the filing of a complete application that contains plans and specifications in compliance with all relevant codes and standards of the respective county and removing the requirement that the application be stamped by an engineer and architect;
- (2) Clarifying that the completed application must include a statement from the relevant permitting agency regarding the presence of adequate infrastructure capacity to service the project site;
- (3) Requiring the counties to ensure that a project is in compliance with historic preservation requirements;
- (4) Clarifying that noncompliance with state or county regulations, rather than a county's discretionary approvals, may delay the county's issuance of a building permit;
- (5) Broadening the sixty day automatic approval timeline to include approval by the applicable permitting agency, not just the county;
- (6) Authorizing the counties to establish rules; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 66, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 66, S.D. 2, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Cochran).

SCRep. 1274 Housing on S.B. No. 1002

The purpose of this measure is to:

- (1) Require the Department of Land and Natural Resources, through the State Historic Preservation Division, to contract with third-party consultants under certain conditions for its review of proposed state projects involving affordable housing and also for projects affecting historic properties;
- (2) Require the Department of Land and Natural Resources to publish proposed rules regarding third-party consultants on its website and later present proposed final rules to the Board of Land and Natural Resources; and
- (3) Appropriate funds to the State Historic Preservation Division for the recruitment and retention of qualified third-party consultants to expedite review of proposed state affordable housing projects and affordable housing projects affecting historic properties.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation; Hawai'i Association of REALTORS; NAIOP Hawaii; and Grassroot Institute of Hawaii. Your Committee received comments on this measure from the Department of Land and Natural Resources; Office of Hawaiian Affairs; Maui Chamber of Commerce; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that the historic preservation review process is in need of streamlining to improve the timeliness of its reviews and decisions. By allowing the State Historic Preservation Division to contract with third-party consultants, this measure aims to expedite project reviews while maintaining the State's commitment to historic and cultural preservation.

Your Committee has amended this measure by:

- (1) Clarifying that the Department of Land and Natural Resources shall retain a third-party consultant when a project proponent submits an application requesting a third-party consultant;
- (2) Specifying that, as part of the Department of Land and Natural Resource's initial evaluation of a proposed project, the Department must determine whether a qualified third-party consultant is available to conduct the review of a project;
- (3) Excluding projects utilizing federal funds from the option to request a third-party consultant;
- (4) Clarifying that the Department of Land and Natural Resources shall retain a third-party consultant for historic property reviews within sixty days of receiving a completed application for a state project;
- (5) Prohibiting the retention of a third-party consultant to review a project that the third-party consultant or their employer has previously been involved with in any capacity;
- (6) Authorizing the Department of Land and Natural Resources to terminate a third-party consultant contract under certain circumstances;
- (7) Requiring project proponents to pay for the full cost, rather than the reasonable fee requirements, of the third-party review;
- (8) Inserting a sunset date of July 1, 2032; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$100,000.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1002, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1002, S.D. 2, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Cochran).

SCRep. 1275 Housing on S.B. No. 1263

The purpose of this measure is to:

- (1) Create a process for expediting the review of majority residential mixed-use transit-oriented development or residential transit-oriented development on certain parcels within county-designated transit-oriented development zones that have a low risk of affecting historically significant resources;
- (2) Further empower lead agencies, including county agencies, to make determinations on the potential effects of a project;
- (3) Create a ninety-day or thirty-day limit, as applicable, for the Department of Land and Natural Resources to concur or not concur with project effect determinations; and
- (4) Ensure that projects with written concurrence are exempt from further review unless there is a change to the project.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Hawai'i Association of REALTORS; Oahu Metropolitan Planning Organization; Holomua Initiative; Grassroot Institute of Hawaii; Hawai'i YIMBY; and NAIOP Hawaii. Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation; Office of Hawaiian Affairs; and Hawaii Community Development Authority.

Your Committee finds that there is an urgent need for more housing development throughout the State, especially in transit-oriented areas. Your Committee acknowledges that preserving Hawaii's cultural heritage in historic properties and burial sites is essential to the State's identity and history. Efforts to streamline the historic property review processes for residential transit-oriented development in areas with low risk to historically significant resources are therefore needed to empower agencies to ensure cultural preservation and enable timely housing construction.

Your Committee further finds that the companion to this measure, H.B. No. 738, H.D. 2 (Regular Session of 2025), a substantially similar measure, was previously passed by your Committee.

Your Committee has amended this measure by:

- (1) Deleting its contents and inserting the contents of H.B. No. 738, H.D. 2, a measure that:
 - (A) Creates a process for expediting the review of majority-residential mixed-use transit-oriented development or residential transit-oriented development on certain parcels within county-designated transit-oriented development zones that have a low risk of affecting historically significant resources;
 - (B) Authorizes lead agencies, including county governments, to make determinations on the potential effects of a project;
 - (C) Creates a ninety-day limit, or thirty-calendar-day limit if no historic properties are affected, for the Department of Land and Natural Resources to concur or not concur with project effect determinations;
 - (D) Exempts projects with written concurrence from further review unless there is a change to the project or additional historic properties, aviation artifacts, or burial sites are identified within the project area;
 - (E) Establishes notice and reporting requirements if there is a change to the project or additional historic properties, aviation artifacts, or burial sites are identified within the project area after the initial written concurrence; and
 - (F) Contains an effective date of July 1, 3000;
- (2) Amending the definition of "majority-residential mixed-use transit-oriented development";
- (3) Deleting language that would have required agencies to provide the entirety of the project scope, project area, construction phases, and timelines for programmatic agreements;
- (4) Requiring counties and the Hawaii Community Development Authority to identify and provide to the Department of Land and Natural Resources certain rights-of-ways, in addition to parcels, where majority-residential mixed-use transit-oriented development, residential transit-oriented development, or infrastructure is specifically consistent with a comprehensive general plan and making conforming amendments;
- (5) Requiring the assessment about whether the development on a parcel or right-of-way affects historic property, aviation artifacts, or a burial site to include on consultation with the Office of Hawaiian Affairs and the relevant Island Burial Councils; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1263, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1263, S.D. 2, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Cochran).

SCRep. 1276 Housing on S.B. No. 26

The purpose of this measure is to establish the Affordable Housing Land Inventory Task Force (Task Force) to update the Affordable Rental Housing Report and Ten-Year Plan maps, tier tables, and inventories of state lands suitable and available for affordable housing development.

Your Committee received testimony in support of this measure from the Hawaii Public Housing Authority; Hawaii Housing Finance and Development Corporation; Land Use Commission; and Office of Housing and Community Development of the County of Hawai'i. Your Committee received comments on this measure from the Office of Planning & Sustainable Development and Hawai'i Community Development Authority.

Your Committee finds that Hawaii is facing a severe shortage of affordable housing, exacerbated by rising demand and limited land availability for new development. With the growing population and increasing housing costs, there is an urgent need to identify and utilize existing state-owned lands for affordable housing projects. This measure is intended to help assess suitable lands that would be viable development locations, which will be a useful tool for the development of new affordable housing inventory throughout the State.

Your Committee has amended this measure by:

- (1) Placing the Task Force in the Office of Planning and Sustainable Development rather than the Hawaii Community Development Authority and making associated conforming amendments;
- (2) Removing certain members from the Task Force;
- (3) Amending the responsibilities of the Task Force;
- (4) Specifying that the study to assess the viability of housing development in certain areas is subject to legislative appropriation;
- (5) Extending the due date for the report to the Legislature to be twenty days before the convening of the Regular Session of 2027;
- (6) Changing the dissolution date of the Task Force to January 1, 2027; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$500,000 to fund staff positions and contractual services necessary for the work of the Task Force.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 26, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 26, S.D. 2, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, 1 (Pierick). Excused, 1 (Cochran).

SCRep. 1277 Human Services & Homelessness on S.B. No. 1028

The purpose of this measure is to allow community service in place of the assessment of any fines, fees, or court costs against a person who was adjudicated for a traffic-related offense committed while the person was a minor under the age of eighteen, or against the minor's parent or guardian.

Your Committee received testimony in support of this measure from the Office of the Public Defender; Hawai'i Juvenile Justice State Advisory Council; American Civil Liberties Union of Hawai'i; Debt Free Justice Hawai'i; Community Alliance on Prisons; Opportunity for Youth Action Hawai'i; 'Ekolu Mea Nui; Nā 'Ōpio Waiwai; and three individuals. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that charging fines and fees to youth in the justice system is an ineffective and harmful practice that disproportionately impacts Native Hawaiian and Pacific Islander minors. Studies show that these financial penalties place undue burdens on families, forcing difficult choices between paying court costs and meeting basic living needs. This measure allows courts to impose community service instead of financial penalties against certain violators for traffic-related offenses, ensuring accountability without creating long-term financial hardship for youth and their families.

Your Committee also finds that H.B. 129, H.D. 2 (Regular Session of 2025), a substantively similar measure, was previously passed by your Committee. Your Committee believes that H.B. 129, H.D. 2 is preferable, as it modifies the penalty sections of various areas of the Hawaii Revised Statutes, in addition to the traffic-related offenses sections amended by this measure.

Accordingly, your Committee has amended this measure by deleting its contents and inserting the contents of H.B. 129, H.D. 2, a measure that:

- (1) Prohibits the assessment of any fees, fines, or court costs against a person who is adjudicated for an offense committed while the person was a minor under the age of eighteen, or against the person's parent or guardian, and discharges all related debt obligations assessed before the effective date of the measure;
- (2) Limits court-ordered community service for a minor to no more than seventy-two hours;
- (3) Repeals certain penalties imposed on parents, guardians, or other persons associated with unaccompanied children in streets and unmarried minors in dance halls; and
- (4) Includes an effective date of July 1, 3000.

As affirmed by the record of votes of the members of your Committee on Human Services & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1028, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1028, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, 2 (Alcos, Garcia). Excused, none.

SCRep. 1278 Higher Education on S.B. No. 865

The purpose of this measure is to establish and appropriate funds for a permanent educational support associate position within the University of Hawaii College of Tropical Agriculture and Human Resilience's Kona Cooperative Extension and Applied Research Program.

Your Committee received testimony in support of this measure from the College of Tropical Agriculture and Human Resilience at the University of Hawai'i at Manoa; Island Harvest Inc.; Bea's Knees Farm, LLC; HC Farms LLC; Hawaii Coffee Association; Hawaii Coffee Growers Association; Maui Coffee Association; Kau Coffee Growers Cooperative; Hala Tree LLC; Ahualoa Family Farms; Heavenly Hawaiian Farms; Rusty's Hawaiian; Hawai'i Farm Bureau; Hawaiian Goodness LLC; Kauai Coffee Company LLC; Mahilani Partners LLC; Hawai'i Tropical Fruit Growers; South Kona Estate; Food+ Policy; and numerous individuals.

Your Committee finds that the Kona Cooperative Extension, which houses the Kona Research Station, provides crucial support for local coffee farmers statewide, who currently face dire threats to their crops from the recently discovered coffee berry borer and from coffee leaf rust. Your Committee believes that additional assistance through the establishment of an additional position is needed to help the Kona Cooperative Extension in supporting the coffee industry throughout the State.

Your Committee notes that the College of Tropical Agriculture and Human Resilience at the University of Hawai'i at Manoa stated in its testimony that it would be advantageous to have an extension agent position rather than an administrative, professional, and technical staff position.

Your Committee has accordingly amended this measure by:

- (1) Deleting the preamble;

- (2) Clarifying that the appropriation is for the establishment of one full-time equivalent permanent extension agent position, rather than an educational support associate position;
- (3) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 865, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 865, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Amato, Olds, Sayama).

SCRep. 1279 Higher Education on S.B. No. 119

The purpose of this measure is to appropriate funds for the establishment of a Bachelor of Science in Nursing degree program at the University of Hawaii Maui College.

Your Committee received testimony in support of this measure from the University of Hawai'i System; Office of Hawaiian Affairs; Hawai'i State Center for Nursing; Hawai'i Nurses Association – OPEIU Local 50; Healthcare Association of Hawaii; Hawai'i Public Health Association; Hawai'i – American Nurses Association; AlohaCare; and five individuals.

Your Committee finds that the State is experiencing a growing nursing workforce shortage. Your Committee further finds that Maui County is the largest county in Hawaii without a college or university Bachelor of Science in Nursing degree program. Your Committee believes that appropriating funds to establish a Bachelor of Science in Nursing Program at the University of Hawaii Maui College will increase the supply of nursing graduates, reduce the nursing workforce shortage, and allow Maui nursing students to remain on Maui during their entire course of study.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 119, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 119, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Olds, Sayama).

SCRep. 1280 Higher Education on S.B. No. 1487

The purpose of this measure is to authorize the Board of Regents of the University of Hawaii to issue revenue bonds and appropriate funds out of the revenue bond proceeds to finance qualifying priority capital improvement projects of the University of Hawaii.

Your Committee received testimony in support of this measure from the University of Hawai'i System.

Your Committee finds that authorizing the University of Hawaii to issue revenue bonds will help address the University's capital facility needs, including the construction of new projects and the renovation, modernization, and major repair of existing facilities, including for faculty and student housing, additional classrooms, laboratories, offices, research facilities, utility facilities, libraries, student support facilities, athletic facilities, and other infrastructure requirements.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1487, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1487, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Muraoka). Noes, none. Excused, 2 (Olds, Sayama).

SCRep. 1281 Education on S.B. No. 1388

The purpose of this measure is to add two ex officio voting members that represent the Department of Education and Board of Education to the School Facilities Authority Board.

Your Committee received testimony in support of this measure from the Board of Education and Department of Education. Your Committee received comments on this measure from the School Facilities Authority.

Your Committee finds that while the School Facilities Authority is responsible for overseeing the development and construction of public school facilities throughout the State, the Department of Education plays an important role in ensuring that these projects align with the needs of students, educators, and school operations. Additionally, the Board of Education provides policy oversight for the Department of Education. This measure improves coordination in the planning and development of school facilities by adding two members, one from the Department of Education and one from the Board of Education, to the School Facilities Authority Board.

Your Committee has amended this measure by:

- (1) Clarifying that the two ex officio members being added to the School Facilities Authority Board shall be nonvoting members;
- (2) Changing the effective date to July 1, 3000; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1388, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1388, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Muraoka).

SCRep. 1282 Agriculture & Food Systems on S.B. No. 1547

The purpose of this measure is to authorize the issuance of special purpose revenue bonds to assist Aloun Kauai Farming LLC, in the planning, design, construction, and maintenance of an integrated dairy industry.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau; The Maritime Group; Ulupono Initiative; and Aloun Farms. Your Committee received testimony in opposition to this measure from the Surfrider Foundation, Kauai Chapter; Hawai'i Reef and Ocean Coalition; Animal Rights Hawai'i; and four individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that Hawaii's dairy industry has dwindled over time, forcing the State to depend heavily on imported milk and dairy products. This dependence increases vulnerability to market price shifts and disruptions in the supply chain, posing risks to food security and economic resilience. This measure seeks to counter these issues by authorizing the issuance of special purpose revenue bonds to support Aloun Kauai Farming LLC, in establishing a sustainable dairy sector and expanding local dairy production.

Your Committee has amended this measure by:

- (1) Clarifying the purpose of the special purpose revenue bonds authorized to be issued to Aloun Kauai Farming LLC;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1547, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1547, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Quinlan, Ward).

SCRep. 1283 Public Safety on S.B. No. 1377

The purpose of this measure is to establish the Veterans Cemeteries Board within the Office of Veterans Services of the Department of Defense to provide veterans cemeteries in the State with guidance, education, technical assistance, and other support to ensure compliance with standards set by the National Cemetery Administration of the United States Department of Veterans Affairs.

Your Committee received testimony in support of this measure from the Office of Veterans Services and two individuals.

Your Committee finds that the final resting places of eligible veterans, active-duty servicemembers, and their eligible family members should reflect Hawaii's appreciation and gratitude for their service and sacrifice to the State and nation. Your Committee further finds that a Veterans Cemeteries Board would provide oversight and support to the counties in maintaining veterans cemeteries to meet federal standards.

As affirmed by the record of votes of the members of your Committee on Public Safety that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1377, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 2 (Ichiyama, Woodson).

SCRep. 1284 Public Safety on S.B. No. 1382

The purpose of this measure is to specify that intentionally or knowingly causing bodily injury to a National Guard member who is engaged in the performance of duty is a class C felony.

Your Committee received testimony in support of this measure from the Hawai'i National Guard; Honolulu Police Department; and two individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that National Guard members serve and protect their communities in times of crisis, such as natural disasters and other emergencies. Your Committee further finds that this measure establishes an essential legal safeguard to protect National Guard members as they carry out their duties.

As affirmed by the record of votes of the members of your Committee on Public Safety that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1382 and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Iwamoto). Noes, none. Excused, 2 (Ichiyama, Woodson).

SCRep. 1285 Higher Education on S.B. No. 1502

The purpose of this measure is to appropriate funds to the University of Hawaii to hire faculty at the College of Social Sciences at the University of Hawaii at Manoa and the Business Administration Program at the University of Hawaii-West Oahu's campus for workforce development in the State's defense sector.

Your Committee received testimony in support of this measure from the University of Hawai'i System; Hawaii Military Affairs Council; Chamber of Commerce Hawaii; Hawai'i Island Chamber of Commerce; and two individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the State offers a unique opportunity for job growth and economic development, especially in the defense sector, through its important geographic location. During fiscal year 2022, the State received almost \$9,000,000,000 in defense spending. Additionally, from fiscal years 2018 to 2022, defense-related jobs increased by about ten thousand. Many of these jobs are in the areas of information technology, cybersecurity, intelligence, and data science, providing good-paying jobs for the State's local economy. Your Committee further finds that providing funds to the College of Social Sciences at the University of Hawaii at Manoa and the Business Administration Program at the University of Hawaii-West Oahu campus to hire additional faculty positions will help the State meet the growing demand for jobs in the defense sector.

Your Committee has amended this measure by:

- (1) Changing the number of positions to be funded to an unspecified number;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider appropriating funds for the following:

- (1) The establishment of:
 - (A) Two full-time equivalent (2.0 FTE) assistant professors in international economics, trade, and security;
 - (B) One full-time equivalent (1.0 FTE) professor of practice in intelligence studies;
 - (C) One full-time equivalent (1.0 FTE) educational specialist; and
 - (D) One half-time equivalent (0.5 FTE) graduate research assistant,
 in the College of Social Sciences at the University of Hawaii at Manoa for workforce development in the defense sector of the State's economy; and
- (2) The establishment of:
 - (A) One half-time equivalent (0.5 FTE) faculty for the Director of the Cybersecurity Coordination Center; and
 - (B) One half-time equivalent (0.5 FTE) faculty for the Director of the Cybersecurity Research Laboratory,
 for the business administration program at the University of Hawaii-West Oahu campus for workforce development in the defense sector of the State's economy.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1502, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1502, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (La Chica, Olds, Woodson).

SCRep. 1286 Public Safety on S.B. No. 88

The purpose of this measure is to authorize the payment of allowances for TRICARE, TRICARE Dental Program, and vision coverage to all officers, warrant officers, and enlisted personnel of the Hawaii National Guard ordered to active duty for more than thirty days.

Your Committee received testimony in support of this measure from the Hawai'i National Guard and three individuals.

Your Committee finds that some Hawaii National Guard servicemembers lose healthcare coverage from their civilian employers when they are required to take an indefinite leave of absence for active-duty military service. Your Committee further finds that the medical, dental, and vision coverage authorized by this measure will ensure that servicemembers and their families' access to health care is maintained when the servicemembers are called to serve on state active duty for more than thirty days.

As affirmed by the record of votes of the members of your Committee on Public Safety that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 88 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 2 (Ichiyama, Woodson).

SCRep. 1287 Human Services & Homelessness/Public Safety on S.B. No. 951

The purpose of this measure is to require:

- (1) Mandatory reports of child abuse or neglect to include the military status of the child's parent or guardian, if known; and
- (2) The Department of Human Services to inform the appropriate authority of the United States military when, upon receiving a report of child abuse or neglect, there is sufficient information to determine that the report involves a military family.

Your Committees received testimony in support of this measure from the United States Department of Defense; Military and Community Relations Office of the Department of Business, Economic Development, and Tourism; Hawaii Military Affairs Council; and seven individuals. Your Committees received comments on this measure from the Department of Human Services.

Your Committees find that while the United States Department of Defense mandates its personnel to report suspected cases of child abuse or neglect to military officials, local authorities, and local child welfare services offices, the Department of Human Services' Child Welfare Services Branch is not legally required to reciprocate this reporting when incidents involve military families. Given that many service members and their families live off-base and frequently relocate, instances of abuse or neglect may go unreported to military authorities, limiting access to crucial support services. This measure establishes a statutory requirement for the Department of Human Services to notify the United States Department of Defense of allegations involving military families, thereby ensuring that military children receive the necessary intervention, prevention, and rehabilitative services.

Your Committees have amended this measure by:

- (1) Changing the effective date of section 2 of this measure to July 1, 2025, rather than June 30, 2025, to avoid potential technical issues made to certain statutory language as a result of Act 147, Session Laws of Hawaii 2024; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committees note that the Department of Human Services supports an effective date of January 1, 2026, for this measure.

As affirmed by the records of votes of the members of your Committees on Human Services & Homelessness and Public Safety that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 951, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 951, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chairs on behalf of the Committees.

Human Services & Homelessness: Ayes, 6. Noes, none. Excused, 3 (Takayama, Alcos, Garcia).

Public Safety: Ayes, 6. Noes, none. Excused, 4 (Hashem, Ichiyama, Lamosao, Woodson).

SCRep. 1288 Energy & Environmental Protection on S.B. No. 1341

The purpose of this measure is to:

- (1) Add the promotion of critical infrastructure protection and emergency management, response, and recovery to the relevant purposes of the Energy Data Collection Program; and
- (2) Authorize the Hawaii Emergency Management Agency and Office of Homeland Security to examine the energy information statements submitted pursuant to the Energy Industry Information Reporting Act.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Law Enforcement; and Hawaii State Energy Office.

Your Committee finds that the State must safeguard its critical infrastructure and ensure that in times of crisis, all relevant departments are equipped with the information needed to anticipate risks, coordinate emergency response efforts, and ensure continuity of essential services. This measure adds the promotion of critical infrastructure protection and emergency response and recovery to the purposes of the Energy Data Collection Program and authorizes the Hawaii Emergency Management Agency and Office of Homeland Security to examine energy information statements, thereby strengthening the State's ability to safeguard its energy infrastructure and the resilience and responsiveness of the State's energy supply.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1341 and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Ward).

SCRep. 1289 Economic Development & Technology on S.B. No. 1343

The purpose of this measure is to amend the minimum quorum and voting requirements for the Small Business Regulatory Review Board to conduct its business and validate its actions.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; and Small Business Regulatory Review Board.

Your Committee finds that existing law entitles the Small Business Regulatory Review Board to eleven members, thereby requiring six members to constitute a quorum to do business. By lowering the number of members required to achieve quorum by one, this measure maintains the integrity of the Board while allowing it to function with less interruption in the event of vacancies, all to the benefit of Hawaii's small businesses.

Your Committee has amended this measure by:

- (1) Clarifying that quorum will consist of Board members who are appointed and confirmed, rather than members that are currently serving; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1343, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1343, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Holt).

SCRep. 1290 Economic Development & Technology on S.B. No. 1589

The purpose of this measure is to:

- (1) Require all gifts or grants from a private source collected by the Stadium Authority to be used only for infrastructure related to the stadium and costs associated with the development of the stadium;
- (2) Require any condition imposed by the Legislature on an appropriation to the Stadium Development Special Fund to be met before expenditure;
- (3) Require any unexpended and unencumbered funds in the Stadium Development Special Fund to immediately lapse to the general fund if the project is terminated; and
- (4) Appropriate funds out of the Stadium Development Special Fund with certain conditions.

Your Committee received testimony in support of this measure from the Hawaii Regional Council of Carpenters. Your Committee received comments on this measure from the Stadium Authority.

Your Committee finds that the State should ensure proper fiscal management and oversight of the Stadium Development Special Fund. This measure requires any unexpended and unencumbered funds in the Stadium Development Special Fund to immediately lapse to the General Fund and appropriates funds out of the Stadium Development Special Fund with certain conditions.

Your Committee has amended this measure by:

- (1) Removing the requirement that any condition imposed by the Legislature on an appropriation to the Stadium Development Special Fund be met before expenditure;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1589, S.D. 3, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1589, S.D. 3, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Holt).

SCRep. 1291 Judiciary & Hawaiian Affairs on S.B. No. 121

The purpose of this measure is to propose an amendment to article VI, section 3, of the Hawaii State Constitution to allow the Senate sixty days during certain times of the year in which to consider and act on the appointments of justices and judges.

Your Committee received comments on this measure from the Judiciary.

Your Committee finds that by extending the Senate's review period for judicial appointments from thirty to sixty days for appointments made between April 1 and December 31, it will reduce the number of special sessions required for confirmations, thereby improving efficiency and reducing costs.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 121 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, 2 (Garcia, Shimizu). Excused, 1 (Cochran).

SCRep. 1292 Judiciary & Hawaiian Affairs on S.B. No. 264

The purpose of this measure is to establish the amount of compensation for private-sector examiners who evaluate a criminal defendant's penal responsibility or fitness to proceed in a legal case.

Your Committee received testimony in support of this measure from the Judiciary; Department of Health; Hawai'i Psychological Association; and one individual.

Your Committee finds that the fee paid to private-sector examiners, who evaluate a criminal defendant's penal responsibility or fitness to proceed, has not been increased since approximately 2008 when it was raised from \$500 (with additional fees outlined for out-of-court work and testimony) to \$1,000 with no allocation of funds for out-of-court work or testimony. Due to the low rate of pay, several former certified examiners no longer accept appointments from the First Circuit Court.

Your Committee further finds that there are currently only six examiners willing to accept court appointments from the First Circuit. For the last six months, these six examiners have had over nine examinations per month. As a result, some examiners have asked the court to cap their monthly appointments or requested extensions so that they can complete their examinations and reports. This measure will attract more private-sector examiners - reducing delays that cause defendants to spend more time in custody and enabling the courts to meet its constitutional and statutory obligations.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$975,000.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 264, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1293 Judiciary & Hawaiian Affairs on S.B. No. 336

The purpose of this measure is to:

- (1) Declare that the State has a duty to defend professionally licensed or certified state employees from civil actions when the employee's actions were within the scope of employment and were not grossly negligent or wanton, as long as the employee is cooperating with the State's defense;
- (2) Clarify that professionally licensed or certified state employees may employ their own attorneys at their own expense;
- (3) Require the Attorney General to work with the professionally licensed or certified state employee to amicably transfer representation to the successor counsel chosen by the employee if the State declines to defend the employee from a civil action on certain grounds; and
- (4) Require the Attorney General to file a confidential motion to withdraw as counsel if the Attorney General and professionally licensed or certified state employee cannot amicably transfer representation to the successor counsel.

Your Committee received testimony in support of this measure from the Hawai'i State Teachers Association; Hawaii State AFL-CIO; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and Hawaii Association for Justice.

Your Committee finds that this measure would further strengthen the legal protections for governmental employees when exercising their professional judgment, which will enable the State to attract and retain qualified employees who may otherwise fear that they would be held personally and financially liable.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 336 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1294 Judiciary & Hawaiian Affairs on S.B. No. 428

The purpose of this measure is to increase the fees, including fees for travel expenses, paid to witnesses in civil and criminal trials.

Your Committee received testimony in support of this measure from the Office of the Public Defender; Department of Prosecuting Attorney of the City and County of Honolulu; and League of Women Voters of Hawaii. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that witness compensation has never been raised from \$4. Your Committee recognizes that witnesses are essential participants in civil and criminal cases and believes that an increase in compensation is justified and timely.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 428 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1295 Consumer Protection & Commerce on S.B. No. 253

The purpose of this measure is to:

- (1) Require condominium association budget summaries to include all required information without referring the reader to other portions of the budget or reserve study;
- (2) Provide that the defense of good faith compliance is unavailable to any condominium association whose board adopts a budget that omits the required detailed budget summary; and
- (3) Provide that a unit owner has standing to enforce a board's compliance with the statutory provisions relating to a condominium association's budget, if the board failed to substantially comply with those provisions.

Your Committee received testimony in support of this measure from Hawaii First Realty; Hawai'i Association of REALTORS; and five individuals. Your Committee received testimony in opposition to this measure from the Palehua Townhouse Association; Honolulu Tower AOA; Hawaii Council of Community Associations; AOA Lakeview Sands; and numerous individuals.

Your Committee finds that the Legislature has recently passed laws to increase transparency and accuracy with respect to condominium association replacement reserves and reserve studies. Your Committee further finds that additional effort is needed to ensure that condominium associations are complying with these new laws. Accordingly, this measure is intended to increase condominium association compliance with recent disclosure requirements associated with reserve studies and budget summaries.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 253, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 253, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 2 (Ichiyama, Lowen).

SCRep. 1296 Consumer Protection & Commerce on S.B. No. 1367

The purpose of this measure is to make clarifying amendments to the installment loans law, including:

- (1) Using defined terms consistently;
- (2) Requiring lenders to prorate fees on a daily basis;
- (3) Allowing lenders to charge a convenience fee for debit card payments;
- (4) Requiring paper receipts only for in-person or cash payments and removing the requirement that receipts not contain the consumer's name; and
- (5) Repealing the cool down period between loans.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that the existing installment loan law allows lenders writing loan contracts to fully capture the maximum monthly maintenance fees even if the lender provides service for only a portion of the month. This measure will require lenders to prorate the monthly fees daily.

Your Committee further finds that the existing installment loan law requires a three-day waiting period between loans. The original intent for the three-day waiting period was so that borrowers would not be in a continuous cycle of debt by repaying the loan and borrowing again on the same day. However, unlike payday loans, which the installment loan law replaced, installment loans are gradually paid down through a series of payments. The repeal of the waiting period will allow consumers on the neighbor islands, which only have access to one or two lenders, to have more access to financial services.

Your Committee notes that this measure, as received by your Committee, authorizes an installment lender to charge a \$5 convenience fee on debit card transactions. The Department of Commerce and Consumer Affairs, in following up on inquiries posed by your Committee at the public hearing, stated that the typical processing fee for a debit card transaction of \$100 would be approximately \$0.25.

Accordingly, your Committee has amended this measure by:

- (1) Correcting the daily factor when computing the \$25 monthly fee for a fraction of a month from 0.83 cents per day to 83 cents per day;
- (2) Lowering the allowable convenience fee for debit card transactions from \$5 to \$1;
- (3) Changing the effective date to July 1, 3000, to encourage further discussion;
- (4) Inserting a three-year sunset date of June 30, 2028; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1367, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1367, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 2 (Ichiyama, Lowen).

SCRep. 1297 Consumer Protection & Commerce on S.B. No. 102

The purpose of this measure is to prohibit third-party restaurant reservation services from listing, advertising, promoting, or selling restaurant reservations without the express consent of the restaurant, enforceable through a private cause of action for civil remedies.

Your Committee received testimony in support of this measure from the Hawaii Restaurant Association; Booking Holdings, Inc.; and OpenTable.

Your Committee finds that many restaurants partner with third-party restaurant reservation services to provide consumers with the convenience of planning dining experiences in advance. Your Committee further finds that reservation piracy – where third parties use predatory computer bots to make and sell

reservations to consumers at high costs – have occurred in other jurisdictions. This practice negatively impacts restaurants by increasing the likelihood of no-shows and negatively impacts consumers by increasing the costs of the dining experience without increasing the value. This measure prohibits the practice of rendering reservation services without the express consent of the restaurant to render such services.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 102, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 102, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 2 (Ichiyama, Lowen).

SCRep. 1298 Consumer Protection & Commerce on S.B. No. 1044

The purpose of this measure is to be a stop-gap measure that enables the provision of insurance for condominium associations that are unable to purchase adequate property insurance for their respective condominium buildings by:

- (1) Enabling the Hawaii Property Insurance Association and the Hawaii Hurricane Relief Fund to underwrite certain insurance risks that no standard insurer is currently willing to underwrite;
- (2) Establishing a Condominium Loan Program and the Condominium Loan Program Special Fund to fund essential repairs and deferred maintenance by condominium associations, and appropriating funds for this purpose;
- (3) Appropriating funds as a loan to the Hawaii Property Insurance Association; and
- (4) Requiring the Insurance Commissioner to conduct a study to monitor the existing market and identify the most effective methods of stabilizing the property insurance market in the State, and appropriating funds for this purpose.

Your Committee received testimony in support of this measure from the Hawaii Green Infrastructure Authority; Waikiki Neighborhood Board; AARP Hawai'i; Hawaii Insurers Council; Mortgage Bankers Association of Hawaii; Hawaii Financial Services Association; Hawaii Bankers Association; Hawai'i Association of REALTORS; and four individuals.

Your Committee received comments on this measure from the Department of the Attorney General; Department of Commerce and Consumer Affairs; Department of Budget and Finance; Board of Directors of the Hawaii Hurricane Relief Fund; State Farm Mutual Automobile Insurance Company; National Association of Mutual Insurance Companies; Hawaii Property Insurance Association; and one individual.

Your Committee finds that the availability of condominium building master insurance policy and unit owner insurance policy options within the condominium insurance marketplace was shrinking, even before the August 2023 Maui wildfire event. For condominium building master insurance policies, insurers have increased deductible amounts from what used to be between \$10,000 to \$25,000 per unit, per occurrence, to as much as \$250,000. Furthermore, insurance premiums for hurricane insurance policies have recently risen so high that three hundred seventy-five to three hundred ninety buildings have opted to renew their hurricane insurance policies with less than one hundred percent hurricane coverage. This measure expands the markets of last resort in the State to assist the stabilization of the property insurance market until risks can be depopulated back to the standard insurance market when market conditions improve and risks become more insurable because of building component replacement or maintenance, or mitigation equipment or protocols have been implemented for fire, wildfire, or hurricane events.

Your Committee further finds that the companion to this measure, H.B. No. 426, H.D. 1 (Regular Session of 2025), was previously passed by your Committee.

Your Committee has amended this measure by:

- (1) Deleting its contents and inserting the contents of H.B. No. 426, H.D. 1, a measure that:
 - (A) Authorizes the Hawaii Property Insurance Association and Hawaii Hurricane Relief Fund to underwrite certain insurance risks that no standard insurer is currently willing to underwrite;
 - (B) Appropriates general revenues as a loan to the Hawaii Property Insurance Association for administrative and startup costs, minimum solvency costs, and the purchase of reinsurance;
 - (C) Requires the Insurance Commissioner to conduct a study to identify the most effective methods of stabilizing the property insurance market in the State, and appropriating funds for this purpose; and
 - (D) Takes effect July 1, 3000;
- (2) Clarifying the assessments issued by the Hawaii Hurricane Relief Fund for which property and casualty insurers may recoup;
- (3) Authorizing the Hawaii Hurricane Relief Fund to loan funds to the Hawaii Property Insurance Association;
- (4) Authorizing the issuance of general obligation bonds and appropriating funds from the revenues derived from the general obligation bonds for purposes of loaning funds to the Hawaii Property Insurance Association by way of the Hurricane Reserve Trust Fund; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1044, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1044, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Iwamoto). Noes, none. Excused, 2 (Ichiyama, Lowen).

SCRep. 1299 Consumer Protection & Commerce on S.B. No. 1373

The purpose of this measure is to require, for certain professions, the Director of Commerce and Consumer Affairs and licensing boards to automatically revoke and refuse to renew, restore, or reinstate the professional licenses, registrations, or certifications of registered sex offenders.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs; Board of Psychology; Board of Physical Therapy; Board of Naturopathic Medicine; Board of Chiropractic; Board of Dentistry; Board of Massage Therapy; Board of Nursing; Board of Speech Pathology and Audiology; Board of Optometry; Board of Barbering and Cosmetology; Hawaii Medical Board; Board of Acupuncture; Hawaii State Commission on the Status of Women; Honolulu Police Department; RAINN; Hawaii Dental Association; and one individual.

Your Committee finds that under existing law, persons subject to administrative disciplinary actions are afforded a notice and an opportunity for a hearing. However, in instances where the person of interest has been convicted of a sexual offense, the delay in imposing a disciplinary action, including the revocation of a professional license, registration, or certification, places the public at serious risk. This measure promotes consumer protection by requiring the Director of Commerce and Consumer Affairs and certain licensing boards to automatically revoke and refuse to renew, restore, or reinstate the professional licenses, registrations, or certifications of registered sex offenders.

Your Committee further finds that the companion to this measure, H.B. 1054, H.D. 1 (Regular Session of 2025), was previously passed by your Committee.

Your Committee has amended this measure by:

- (1) Deleting its contents and inserting the contents of H.B. 1054, H.D. 1, a measure that:
 - (A) Requires the Director of Commerce and Consumer Affairs and certain licensing boards to automatically revoke and refuse to renew, restore, or reinstate a license, registration, or certification if the person either committed an offense that would be punishable as an offense described under the sex offender registration laws or is required to register as a sex offender;
 - (B) Provides a licensee, registrant, or certification holder with an opportunity for a hearing on the adverse action;
 - (C) Specifies that final orders of discipline are matters of public record;
 - (D) Prohibits the Director of Commerce and Consumer Affairs or licensing board, as appropriate, from restoring, renewing, or reinstating a license, registration, or certification in a case where the person has been required to register as a sex offender and the victim of the covered offense was a patient or client or a former patient or client; and
 - (E) Takes effect on July 1, 3000; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1373, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1373, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Iwamoto). Noes, none. Excused, 2 (Ichiyama, Lowen).

SCRep. 1300 Culture & Arts on S.B. No. 1581

The purpose of this measure is to:

- (1) Establish a Hawaii-Japan Peace Monument; and
- (2) Appropriate funds for the planning, design, and construction of the Hawaii-Japan Peace Monument.

Your Committee received testimony in support of this measure from the State Foundation on Culture and the Arts.

Your Committee finds that 2025 marks the eightieth anniversary of the end of World War II, a pivotal moment that had a lasting impact on Hawaii and Japan for the roles they had in the war. However, throughout the last eight decades, Hawaii and Japan have dedicated themselves to spreading peace throughout the Pacific and building a strong bond of friendship, demonstrating to future generations that peace between former enemies is achievable. The establishment of a Hawaii-Japan Peace Monument symbolizes the journey toward friendship and commemorates the efforts made by Hawaii and Japan to reach a peaceful and diplomatic relationship.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture & Arts that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1581, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1581, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Garrett).

SCRep. 1301 Culture & Arts on S.B. No. 441

The purpose of this measure is to:

- (1) Designate the Hawaii Symphony Orchestra as the "State of Hawaii Symphony Orchestra"; and
- (2) Exempt state funds received by the Hawaii Symphony Orchestra from the requirements of chapter 42F, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from ABC Stores; Hawaii State AFL-CIO; Kamuela Philharmonic Orchestra Society; Raffle Brain Institute; Democratic Party of Hawai'i; Hawai'i Symphony Orchestra; Hawaii Youth Symphony; IATSE Local 665; Ballet Hawaii; and numerous individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of the Attorney General; State Foundation on Culture and the Arts; and one individual.

Your Committee finds that the Hawaii Symphony Orchestra plays a vital public role for the State's residents and visitors through its musical contributions and performances, which provide cultural and artistic enrichment to the community. Through its diverse programming, educational outreach, and community engagement, the Hawaii State Orchestra fosters a deep appreciation for the arts and provides opportunities for people of all ages to experience the transformative power of music. Your Committee believes that the Hawaii State Orchestra fulfills an important public purpose and that the funding provided by this measure would enable the Orchestra to uphold its high standards of artistic excellence, expand its educational initiatives, and reach more members of the community.

Your Committee further believes that the Hawaii Symphony Orchestra served and continues to serve a public purpose and that granting authorization to the Hawaii Symphony Orchestra to receive appropriations of state funds, exempt from the requirements of chapter 42F, Hawaii Revised Statutes, complies with the public purpose requirement of Article VII, section 4, of the Hawaii State Constitution.

Your Committee has amended this measure by:

- (1) Inserting legislative findings in the preamble that the Hawaii Symphony Orchestra serves a public purpose and that granting authorization to the Hawaii Symphony Orchestra to receive appropriations of state funds, exempt from the requirements of chapter 42F, Hawaii Revised Statutes, complies with the public purpose requirement of Article VII, section 4, of the Hawaii State Constitution;
- (2) Inserting legislative findings in the preamble about the historic and public impact the Hawaii Symphony Orchestra has had in the State;
- (3) Adding, as a purpose of the appropriation for general operating costs, additional support to increase access on the neighbor islands to music and educational opportunities;
- (4) Inserting an appropriation of an unspecified amount to the State of Hawaii Endowment Fund;
- (5) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture & Arts that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 441, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 441, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Garrett).

SCRep. 1302 Transportation on S.B. No. 1473

The purpose of this measure is to amend the transfer of funds for central service expenses from the State Highway Fund, Airport Revenue Fund, and Harbor Special Fund by:

- (1) Limiting the deduction of all receipts and deposits into the funds to 2.5 percent or an unspecified dollar amount, whichever is less; and
- (2) By September 30, 2025, creating a process to deduct additional amounts based on the Consumer Price Index.

Your Committee received testimony in support of this measure from the Department of Transportation. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that a set percentage is deducted from the State Highway Fund, Airport Revenue Fund, and Harbor Special Fund, but there is no way to know in advance how much will be available to pay for central service expenses. This measure provides certainty by setting an amount that will be deducted from each fund while also addressing increases in the cost of government services due to inflation by allowing for additional deductions from each fund based on the Consumer Price Index.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider limiting the base deductions to \$5,000,000, as requested by the Department of Transportation.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1473, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1473, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Cochran).

SCRep. 1303 Transportation on S.B. No. 1008

The purpose of this measure is to:

- (1) Repeal the requirement that a public or private entity that provides a parking space for persons with disabilities comply with laws governing parking for disabled persons, including any penalties; and
- (2) Authorize each county to adopt ordinances to enforce the accessible parking space requirements for parking spaces reserved for persons with disabilities and electric vehicles.

Your Committee received testimony in support of this measure from one member of the Maui County Council; Climate Protectors Hawaii; Kauai Climate Action Coalition; and four individuals. Your Committee received testimony in opposition to this measure from the Retail Merchants of Hawaii.

Your Committee finds that the improper use and lack of enforcement of parking spaces reserved for persons with disabilities hinders access for individuals who rely on these spaces for mobility and independence. Similarly, the unauthorized use of electric vehicle charging spaces by non-electric vehicles disrupts transportation for electric vehicle users and undermines the State's efforts to promote sustainable transportation. This measure empowers counties to adopt ordinances enforcing accessibility and electric vehicle parking requirements, ensuring compliance with established standards and maintaining unimpeded access for program participants.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1008, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1008, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 1 (Cochran).

SCRep. 1304 Transportation on S.B. No. 312

The purpose of this measure is to prohibit a state or county-owned vehicle purchased on or after January 1, 2028, from using an audible reverse warning system that emits a warning sound other than one using broadband technology.

Your Committee received testimony in support of this measure from the Department of Transportation and one individual.

Your Committee finds that the excessive noise pollution caused by tonal reversing alarms on commercial and construction vehicles disrupts urban environments, while their limited effectiveness in preventing workplace accidents raises safety concerns. Studies have shown that broadband reversing alarms provide a more effective and targeted warning system, reducing workplace fatalities and environmental noise. This measure ensures safer worksites and quieter communities by requiring state and county-owned vehicles purchased after January 1, 2028, to be equipped with broadband reversing alarms.

Your Committee has amended this measure by:

- (1) Deleting the purpose section;
- (2) Authorizing the Director of Transportation to grant exemptions for a state or county agency that has demonstrated a good faith effort, to be determined by the Director, to implement a broadband warning system but cannot due to unavailability;
- (3) Requiring the Director of Transportation to maintain a continuously updated and publicly available record of all exemptions granted and to submit biannual reports to the Legislature;
- (4) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 312, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 312, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 1 (Cochran).

SCRep. 1305 Health on S.B. No. 1421

The purpose of this measure is to repeal the requirement that the Department of Health approve a health care provider's arrangements for the retention and preservation of patients' medical records prior to the provider ceasing operations and instead require retention and preservation to be consistent with federal and state regulations.

Your Committee received testimony in support of this measure from The Queen's Health Systems. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that pursuant to certain federal and state regulations, as well as any applicable internal policies and procedures, health care providers and health care systems must retain and preserve medical records for a certain number of years. Your Committee further finds that, in light of these regulations, requiring a health care provider to obtain approval from the Department of Health for the provider's arrangement for the retention and preservation of patient medical records when ceasing operations is redundant. Your Committee believes that removing this requirement will provide greater flexibility and efficiency when a health care provider intends to close their practice.

Your Committee has amended this measure by:

- (1) Requiring health care providers to notify patients, at the patient's last known address, of how patients can access or request copies of their medical records, rather than returning medical records to patients at their last known address;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1421, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1421, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, none.

SCRep. 1306 Health on S.B. No. 1443

The purpose of this measure is to:

- (1) Establish maximum payment rates for medical care for patients of the Hawaii State Hospital or in the custody of the Director of Health at another psychiatric facility;
- (2) Authorize the Department of Health to establish payment rates for long-term care services for certain types of patients; and
- (3) Exempt the Department of Health from the Hawaii Public Procurement Code for the procurement of medical care for certain types of patients.

Your Committee received testimony in support of this measure from the Department of Health and State Council on Mental Health.

Your Committee finds that although some aging patients at the Hawaii State Hospital (State Hospital) are psychiatrically stable, legally cleared for hospital discharge, and have long-term care needs that are more appropriate for community-based residential care than in-patient psychiatric hospitalization, no long-term care provider has agreed to take these patients at Medicaid rates. As a result, the State Hospital has become the default long-term care facility.

Your Committee further finds that when a patient at the State Hospital requires medical care outside of the State Hospital, hospital staff must perform all of the administrative work to obtain a procurement exemption, negotiate payment rates, and enter into a contract with the health care provider. When providers submit bills to the State Hospital, hospital staff must manually review the billing and codes, resulting in significant delays in payments to providers. Your Committee believes that streamlining this process by allowing the Department of Health a limited exemption from the Hawaii Public Procurement Code and

establishing payment rates for certain types of medical care will ensure timely payments to health care providers and significantly reduce administrative burden on hospital staff.

Your Committee has amended this measure by:

- (1) Changing its effective date to upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1443, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1443, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1307 Health on S.B. No. 1447

The purpose of this measure is to require any cease and desist order issued by the Director of Health that is administratively appealed to remain in effect during the appeals process.

Your Committee received testimony in support of this measure from the Department of Health.

Your Committee finds that existing law authorizes the Director of Health to issue cease and desist orders to certain state-licensed facilities due to concerns regarding patient health and safety. Your Committee further finds that to ensure the personal safety of patients at these facilities, it is necessary to clarify that these cease and desist orders remain in place during the administrative appeal process, which may take weeks or months.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1447 and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1308 Health on S.B. No. 1448

The purpose of this measure is to make an emergency appropriation to the Department of Health to fund construction defect remediation of the Hale Ho‘ola Building at the Hawaii State Hospital, including the payment of legal fees and costs for special deputy attorneys general.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services; Department of Health; and State Council on Mental Health. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the Hale Ho‘ola Building at the Hawaii State Hospital has developed significant structural issues, including water leaks and mold growth, which compromise patient care and staff safety. Despite ongoing efforts to hold the contractor accountable, remediation is urgently needed to ensure a safe and functional facility. This measure provides emergency funding to address these defects and protect the well-being of hospital patients and employees.

Your Committee has amended this measure by:

- (1) Changing the expenditure ceiling language to an unspecified amount; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$10,660,000.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1448, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1448, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Alcos).

SCRep. 1309 Health on S.B. No. 1422

The purpose of this measure is to:

- (1) Increase the amount of fees collected for copies of certain records issued by the Department of Health that are deposited in the Vital Statistics Improvement Special Fund; and
- (2) Repeal the Birth Defects Special Fund.

Your Committee received testimony in support of this measure from the Department of Health.

Your Committee finds that Auditor's Report No. 21-03 found that the Birth Defects Special Fund did not meet the criteria of a special fund, in part because there was no clear link between the Hawaii Birth Defects Program and marriage license fees, and recommended its repeal. Your Committee further finds that the funds from the issuance of marriage licenses or certain other certificates issued by the Department of Health that were previously allocated to the Birth Defects Special Fund may be more appropriately allocated to the Vital Statistics Special Fund, which will support a complete overhaul of vital statistic business functions and reduce significant backlogs in fulfilling customer requests. Your Committee notes that the estimated revenue from these fees is projected to be \$625,000.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1422, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1422, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Amato). Noes, none. Excused, none.

SCRep. 1310 Health on S.B. No. 1433

The purpose of this measure is to improve the safety, effectiveness, and cost savings of the State's Sterile Needle and Syringe Exchange Program by amending the program based on recommendations from the Centers for Disease Control and Prevention and the White House Office of National Drug Control Policy's model legislation.

Your Committee received testimony in support of this measure from the Department of Health; Hawaii Substance Abuse Coalition; Hep Free Hawaii; O'ahu Youth Action Board; Hawai'i Health & Harm Reduction Center; Maui AIDS Foundation; R Street Institute; and five individuals. Your Committee received testimony in opposition to this measure from the Hawaii Patriot Republicans and numerous individuals.

Your Committee finds that, in recognition of the dangers to public health posed by the sharing of injection equipment by injectable drug users, the Legislature passed Act 152, Sessions Laws of Hawaii 1992, which established the first state-funded Sterile Needle and Syringe Exchange Program in the United States. Your Committee further finds that a 2020 report by the Centers for Disease Control and Prevention (CDC) concluded that syringe programs that restrict syringe distribution to a one-to-one exchange are less effective than needs-based distribution systems. The CDC found that, compared to one-to-one exchanges, needs-based syringe distributions result in less syringe sharing and reuse, lower risks of infection, and are not associated with increased unsafe syringe disposal. Your Committee believes that updating the State's strict one-to-one sterile needle and syringe limit to a needs-based distribution system will better serve the public health and improve the effectiveness of the State's Sterile Needle and Syringe Exchange Program.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1433, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1433, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Olds). Noes, 2 (Alcos, Garcia). Excused, none.

SCRep. 1311 Health on S.B. No. 1449

The purpose of this measure is to require any utilization review entity in the State to submit data relating to prior authorization of health care services to the State Health Planning and Development Agency.

Your Committee received testimony in support of this measure from the Hawaii Medical Association; Hawaii Society of Clinical Oncology; Association for Clinical Oncology; and four individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Hawaii Association of Health Plans and Hawaii Medical Service Association.

Your Committee finds that prior authorization was initially created in the 1980s to identify and deny payment to doctors, hospitals, and health care providers that was deemed not medically necessary or appropriate. Your Committee further finds that since then, the practice of prior authorization has been more frequently used to deny medical claims, regardless of the medical necessity or appropriateness of the prescribed medical treatment. As a result, physicians and other health care providers must expend an increasing amount of time and money to go through the process of appealing denials to ensure patients receive the necessary medical treatment they were prescribed. Your Committee additionally finds that the basis for denial of prior authorization requests varies from insurer to insurer, further increasing costs for health care providers and delaying the timely provision of appropriate health care. Your Committee believes that requiring utilization review entities to provide data to the State on prior authorization use will increase transparency of the prior authorization process across health insurers and ensure the State's health care providers are able to deliver health care services to their patients in a safe and timely manner.

Your Committee has amended this measure by:

- (1) Inserting language establishing a Health Care Appropriateness and Necessity Working Group to make recommendations to improve and expedite the prior authorization process;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1449, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1449, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Garcia). Noes, none. Excused, 1 (Alcos).

SCRep. 1312 Health on S.B. No. 1042

The purpose of this measure is to establish and appropriate funds for the Mental Health Emerging Therapies Special Fund.

Your Committee received testimony in support of this measure from the Office of Wellness and Resilience; Beyond Mental Health; Aloha Integrative Mental Health; MindWave Medicine; Clarity Project; Veteran Mental Health Leadership Coalition; Reason for Hope; Veterans Exploring Treatment Solutions; Hawai'i Health & Harm Reduction Center; and numerous individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Department of the Attorney General.

Your Committee finds that there are a significant number of individuals, including a disproportionate number of veterans, who suffer from treatment-resistant depression and post-traumatic stress disorder. Your Committee further finds that the United States Food and Drug Administration has granted breakthrough therapy designation to emerging treatments, including psilocybin therapy and MDMA-assisted therapy, for treatment of various mental health and behavioral health disorders including addiction, treatment-resistant depression, eating disorders, and post-traumatic stress disorder.

Your Committee believes that there is significant value in exploring the use of these emerging therapies, which have demonstrated promising results when administered in clinical settings. However, your Committee believes that establishing a pilot program, rather than the special fund proposed by this measure, may be a more appropriate mechanism to allow the State to assess the feasibility, effectiveness, and accessibility of these emerging therapies.

Accordingly, your Committee has amended this measure by:

- (1) Deleting the substantive contents of this measure and inserting language requiring the Office of Wellness and Resilience to conduct a two-year Mental Health Emerging Therapies Pilot Program to support clinical research and the development of emerging therapies for the treatment of mental health and behavioral health disorders and report to the Legislature;
- (2) Inserting an unspecified appropriation amount for the Mental Health Emerging Therapies Pilot Program;
- (3) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$1,000,000.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1042, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1042, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1313 Health on S.B. No. 1431

The purpose of this measure is to:

- (1) Establish and appropriate funds for a Hepatitis Prevention Program within the Department of Health to address morbidity and mortality due to hepatitis B and C;
- (2) Require the Department of Health to develop and implement an educational program to inform the public on how to identify and prevent hepatitis and aid in its early diagnosis;
- (3) Require the Department of Health to develop a comprehensive statewide hepatitis prevention plan; and
- (4) Repeal outdated provisions related to hepatitis.

Your Committee received testimony in support of this measure from the Department of Health; Hawaii Substance Abuse Coalition; Hep Free Hawaii; Hawai'i Health & Harm Reduction Center; AlohaCare; and nine individuals. Your Committee received testimony in opposition to this measure from the Libertarian Party of Hawaii.

Your Committee finds that hepatitis infections, and particularly hepatitis B and C viral infections, are associated with earlier deaths and higher death rates in the State. Your Committee further finds that existing strategies such as universal hepatitis screening and immunization; culturally-based care coordination; and safe and effective treatments, such as the hepatitis C cure, can be used to eliminate viral hepatitis in Hawaii. Your Committee believes that providing funding and establishing positions to address all types of viral hepatitis, as proposed by this measure, will allow the State to scale up its existing work for the prevention and treatment of hepatitis in Hawaii. Your Committee notes that funding the Department of Health's efforts now is important as the current threats to federal public health funding endanger the Department's existing hepatitis elimination efforts.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$827,844.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1431, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1431, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1314 Health on S.B. No. 1434

The purpose of this measure is to establish a Universal Immunization Funding Program in the State.

Your Committee received testimony in support of this measure from the Department of Health; Hawai'i Academy of Family Physicians; Healthcare Association of Hawaii; AlohaCare; Hawaii Medical Association; Hawaii Medical Service Association; American Academy of Pediatrics Hawaii Chapter; Hawai'i Public Health Institute; and numerous individuals. Your Committee received testimony in opposition to this measure from the Hawaii Patriot Republicans; Libertarian Party of Hawaii; Biotechnology Innovation Organization; Hawai'i Christian Coalition; and numerous individuals. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that "Universal Purchase" programs are programs that enable states to leverage bulk purchasing and federal immunization programs to establish a streamlined procurement, oversight, and distribution system for all recommended vaccines for children and adults. Your Committee further finds that the purchase of immunizations is done by the State and private health care providers or health systems. This practice requires private health care providers to take on considerable costs, as they must pay for their immunizations up front in addition to costs incurred for securing and storing the immunizations. Your Committee believes that establishing a Universal Immunization Funding Program in Hawaii will reduce the financial and administrative burden borne by private health care providers and systems and lower incidences of immunization-preventable diseases by increasing access to immunizations.

Your Committee has amended this measure by:

- (1) Placing the new statutory language establishing the Universal Immunization Funding Program in Chapter 325, Hawaii Revised Statutes, relating to infectious and communicable diseases, rather than Chapter 321, Hawaii Revised Statutes, relating to health;
- (2) Amending the definitions of "assessed entity", "estimated adult immunization cost", and "estimated child immunization cost";
- (3) Deleting the definition of "health insurer";
- (4) Inserting definitions for "program" and "vaccines for children program";
- (5) Expanding the purpose of the Universal Immunization Funding Program to include the provision of immunizations to all individuals in the State, rather than just individuals who are ineligible to receive immunizations at no cost through other programs;

- (6) Amending the permissible sources of funding for the Universal Immunization Purchase Special Fund;
- (7) Amending the methodology used by the Director of Health to determine immunization assessment rates;
- (8) Requiring the Department of Health to audit assessed entities and providers in accordance with the reporting and compliance standards of the Universal Immunization Funding Program;
- (9) Clarifying the methodology used by the Department of Health for selecting and purchasing immunizations;
- (10) Exempting the Universal Immunization Purchase Special Fund from the transfer of special funds for central service expenses;
- (11) Clarifying that the appropriation out of the Universal Immunization Purchase Special Fund includes the purchase of immunizations as well as administrative costs for the Universal Immunization Purchase Program;
- (12) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (13) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$934,000 into the Universal Immunization Purchase Special Fund.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1434, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1434, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Olds). Noes, 2 (Alcos, Garcia). Excused, none.

SCRep. 1315 Health on S.B. No. 1441

The purpose of this measure is to:

- (1) Repeal the requirement to transfer the Oahu Regional Health Care System from the Hawaii Health Systems Corporation to the Department of Health;
- (2) Repeal amendments to the Hawaii Revised Statutes made by Act 212, Session Laws of Hawaii 2021, that relate to the transfer of the Oahu Regional Health Care System from the Hawaii Health Systems Corporation to the Department of Health; and
- (3) Require the Oahu Regional Health Care System and the Department of Health enter into an agreement regarding the Oahu Regional Health Care System under certain terms and report to the Legislature.

Your Committee received testimony in support of this measure from the Department of Health; Hawaii Health Systems Corporation Corporate Board of Directors; and Oahu Region of the Hawaii Health Systems Corporation. Your Committee received comments on this measure from the University of Hawai'i System.

Your Committee finds that Act 212, Session Laws of Hawaii 2021 (Act 212), required the Hawaii Health Systems Corporation to transfer the Oahu Regional Health Care System (Oahu Region) to the Department of Health, in part to provide the Department of Health with additional infrastructure and resources to address the gap in the behavioral health care system between acute psychiatric care facilities and low acuity residential treatment. Your Committee further finds that the working group convened pursuant to Act 212 has determined that completing the transition of the Oahu Region to the Department of Health would come at an exceptionally high cost and would not result in additional services for the community. Your Committee believes that requiring the Department of Health and Oahu Region to enter into a formal agreement regarding care of low acuity patients in the Department of Health's custody, as proposed by this measure, is a more cost-effective option that would still ensure Leahi Hospital and Maluhia are appropriately utilized.

Your Committee has amended this measure by:

- (1) Specifying that the Oahu Region and Department of Health shall enter into a formal memorandum of agreement for the care of certain psychiatrically stable patients transferred or discharged from the Hawaii State Hospital to an appropriate Oahu Region facility and specifying the conditions of the agreement;
- (2) Requiring the Oahu Region, rather than the Oahu Region and the Department of Health, to report to the Legislature and clarifying the contents of the report;
- (3) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1441, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1441, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1316 Transportation on S.B. No. 1095

The purpose of this measure is to increase the decal size restrictions for special number plates.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the Department of Transportation.

Your Committee finds that while special number plates with full-plate designs have been used to raise funds for various causes, they create administrative burdens and procurement challenges for county agencies. Expanding the allowable decal size will offer organizations greater visibility and fundraising opportunities while minimizing costs and logistical complications for the counties.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1095, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1095, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Cochran, La Chica, Pierick).

SCRep. 1317 Transportation on S.B. No. 344

The purpose of this measure is to require the use of a helmet by anyone under the age of sixteen while riding a skateboard.

Your Committee received testimony in support of this measure from the Department of Transportation; AAA Hawai'i; Keiki Injury Prevention Caucus; and two individuals. Your Committee received testimony in opposition to this measure from two individuals.

Your Committee finds that skateboarding, while a popular recreational activity, poses significant safety risks to the head and face. Given the serious consequences of head trauma, particularly for young people, your Committee finds that the implementation of helmet requirements for skateboarders under the age of sixteen will help mitigate the risk of serious injury.

Your Committee has amended this measure by:

- (1) Increasing the minimum age of persons prohibited from operating a skateboard without a helmet from sixteen years of age to eighteen years of age;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 344, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 344, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Cochran, La Chica, Pierick).

SCRep. 1318 Transportation on S.B. No. 30

The purpose of this measure is to require all moped drivers to wear a safety helmet.

Your Committee received testimony in support of this measure from the Department of Transportation. Your Committee received testimony in opposition to this measure from the Moped Doctors; Hawaiian Style Rentals & Sales; and seven individuals.

Your Committee finds that despite advancements in vehicle safety, operators and passengers of mopeds remain particularly vulnerable to severe injuries and fatalities due to their lack of protective barriers. Existing laws do not adequately address this heightened risk, leading to preventable deaths and life-altering head injuries. Your Committee further finds that studies consistently demonstrate the effectiveness of helmets in reducing fatalities and preventing head injuries. However, your Committee acknowledges that imposing a blanket requirement for all moped drivers to wear a helmet may be too stringent due to the varying levels of risk and context in which individuals drive mopeds.

Accordingly, your Committee has amended this measure by:

- (1) Specifying that no person under the age of sixteen shall drive a moped in the State and no person under the age of twenty-one shall drive a moped without a helmet; and
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 30, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 30, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Cochran, La Chica, Pierick).

SCRep. 1319 Transportation on S.B. No. 1216

The purpose of this measure is to:

- (1) Condition the issuance of a certificate of inspection upon a vehicle not being equipped with a noisy muffler or exhaust system;
- (2) Require rules regarding safety check inspections to ensure that a motorcycle, moped, or motor vehicle is not equipped with a noisy muffler or exhaust system;
- (3) Suspend, revoke, or refuse renewal of a permit for an official inspection station upon a third or subsequent willful violation of any rule within a certain period of time regarding inspecting a noisy muffler or exhaust system;
- (4) Amend the maximum fine for certain violations of noisy muffler laws; and
- (5) Include repairing or installing a noisy muffler or exhaust system as a prohibited practice for motor vehicle repair laws.

Your Committee received testimony in support of this measure from the Department of Transportation; Waikiki Neighborhood Board; and five individuals. Your Committee received testimony in opposition to this measure from the Moped Doctors; Motorcycle Industry Council; and four individuals.

Your Committee finds that excessive vehicle noise caused by modified mufflers and exhaust systems continues to disrupt communities and pose public safety concerns. Strengthening inspection requirements and enforcement measures will ensure compliance with existing noise regulations and improve quality of life for residents. This measure enhances vehicle inspection protocols, increases penalties for violations, and holds repair shops accountable for installing non-compliant exhaust systems.

Your Committee has amended this measure by:

- (1) Increasing all fines relating to motor vehicle muffler violations by \$50;

- (2) Exempting motorcycles and mopeds that do not exceed United States Environmental Protection Agency regulations under title 40, Code of Federal Regulations section 205.152;
- (3) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1216, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1216, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Cochran, La Chica, Pierick).

SCRep. 1320 Transportation on S.B. No. 1102

The purpose of this measure is to specify the terms and appointment processes for the Chief of the Aircraft Rescue Fire Fighting Unit of the Airports Division of the Department of Transportation.

Your Committee received testimony in support of this measure from the Department of Transportation and one individual.

Your Committee finds that the existing Chief of the Aircraft Rescue Fire Fighting Unit is a civil service position and that conversion of this position to an appointed position would require a reclassification with the Department of Human Resources Development and consent of the exclusive representative. This measure would enhance accountability and leadership stability by allowing the Director of Transportation to appoint the Chief.

Your Committee has amended this measure by:

- (1) Authorizing, instead of requiring, the Director of Transportation to appoint the Chief from a list of five qualified candidates, rather than three, subject to the advice and consent of the Senate, and requiring the Director to give strong consideration and prioritize those candidates;
- (2) Specifying that no Chief shall be appointed to more than two consecutive terms;
- (3) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1102, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1102, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Cochran, La Chica, Pierick).

SCRep. 1321 Transportation on S.B. No. 1522

The purpose of this measure is to clarify that a transferor shall not be liable for any violation resulting from the operation of a transferred vehicle if the transferor complies with certain provisions relating to the transfer.

Your Committee received testimony in support of this measure from the Department of Customer Services of the City and County of Honolulu; National Kidney Foundation of Hawaii; Pacific Auto Action; and one individual.

Your Committee finds that when a vehicle is transferred, the transfer is not considered complete until the county receives a certificate of ownership documenting the transfer. This creates an issue when the buyer of a vehicle fails to submit the required documentation and the vehicle remains legally registered to the previous owner. As a result, the previous owner may be liable for things like parking tickets or certain infractions even though they are no longer in possession of the vehicle.

Your Committee further finds that H.B. No. 532, H.D. 1 (Regular Session of 2025), a substantially similar measure, was previously passed by your Committee.

Your Committee has amended this measure by:

- (1) Deleting its contents and inserting the contents of H.B. No. 532, H.D. 1, a substantially similar measure that:
 - (A) Clarifies that proof that a transferor has filed required notice forms serves as a complete defense to any action brought against the transferor for an act or omission, civil or criminal, arising out of the use, operation, or abandonment of the vehicle by another person;
 - (B) Requires, by July 1, 2026, the courts to create new forms permitting transferors to respond to actions arising out of the use, operation, or abandonment of transferred vehicles; and
 - (C) Contains an effective date of July 1, 3000, to encourage further discussion; and
- (2) Changing the date when the courts are required to create new forms for transferors to respond to actions to December 31, 2025.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1522, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1522, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Cochran, La Chica, Pierick).

SCRep. 1322 Labor on S.B. No. 1567

The purpose of this measure is to:

- (1) Require the Department of Human Resources Development to conduct a comprehensive review of the classification and compensation systems for state executive agencies;
- (2) Allow the Department of Human Resources Development to contract a third-party to assist with the completion of the review; and
- (3) Appropriate funds to support the completion of the review.

Your Committee received testimony in support of this measure from the Department of Human Resources Development and Holomua Collaborative.

Your Committee finds that the number of vacant positions in the State was twenty-three percent in 2023, and, by 2029, thirty percent of state employees will be eligible for retirement, further increasing the vacancy rate unless the hiring rate outpaces quitting and retirement rates. Your Committee also finds that the class specifications of state positions, which establish minimum requirements, duties, responsibilities, pay grades, and levels of authority are outdated and contribute to the difficulty of filling vacancies. Your Committee further finds that high vacancy rates exacerbate certain agencies from dispensing critical public services, such as SNAP, MedQuest, and unemployment benefits. This measure seeks to reassess the qualifications and compensation packages for certain positions to improve overall retention and recruitment of qualified candidates.

Your Committee has amended this measure by:

- (1) Limiting the scope of this review to civil service positions under the Department of Human Resources Development's jurisdiction;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$1,750,000.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1567, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1567, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, none.

SCRep. 1323 Labor on S.B. No. 1503

The purpose of this measure is to:

- (1) Require the Department of Labor and Industrial Relations to facilitate and enrich the local workforce to meet the growing demand for defense-related roles by developing and implementing:
 - (A) Skills training programs;
 - (B) Public-private partnerships;
 - (C) Funding opportunities;
 - (D) Recruitment strategies; and
 - (E) Performance evaluations of the programs established by this measure; and
- (2) Appropriate funds.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations; Department of Business, Economic Development and Tourism; Hawaii Military Affairs Council; Kapolei Chamber of Commerce; and Chamber of Commerce Hawaii.

Your Committee finds that the defense sector is the second largest economic driver in the State after tourism. By implementing comprehensive training programs, fostering public-private partnerships, creating funding opportunities, and developing recruitment strategies, the State can capitalize on its strategic geographic location and strengthen its position as a hub for defense-related industries. This measure not only addresses the immediate needs of the defense sector but also promotes sustainable economic growth by investing in the skills and capabilities of Hawaii's workforce, ensuring a strong and diversified economy for the future.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$1,000,000.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1503, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1503, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, none.

SCRep. 1324 Labor on S.B. No. 716

The purpose of this measure is to:

- (1) Repeal the statutory definitions of "registered for work" or "registration for work";
- (2) Authorize the Department of Labor and Industrial Relations to allow individuals to report to a location other than an employment office, in accordance with its own rules;
- (3) Expand eligibility requirements for unemployment benefits;
- (4) Require electronic notifications of determinations or redeterminations of unemployment claims, unless the claimant elects to be notified by mail;
- (5) Remove language that limits an individual's ability to change a previously elected withholding status only once during a benefit year; and
- (6) Repeal the statutory requirement to post work availability online.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations.

Your Committee finds that the State's unemployment system as it relates to certain requirements is inefficient and limiting for individuals who are already facing difficult circumstances. Your Committee also finds that modernizing the system can greatly improve the communication between the Department of Labor and Industrial Relations and unemployed individuals who are using the system for unemployment benefits. This measure supports unemployed

individuals by expanding the qualifications to receive certain unemployment benefits and improves the overall communication between the Department of Labor and Industrial Relations and individuals by including electronic methods of notification.

Your Committee has amended this measure by:

- (1) Amending the definition of "registered for work" or "registration for work" rather than repealing it and restoring references to the definition;
- (2) Repealing the joint experience rating provision, which allows employers to combine accounts to be constituted as a single employer's account as it relates to contribution rates;
- (3) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 716, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 716, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, none.

SCRep. 1325 Labor on S.B. No. 583

The purpose of this measure is to:

- (1) Permit any public or private entity to lease the naming rights of any state-owned facility; and
- (2) Require any revenues derived from advertising or marketing in or on any state-owned facility to be deposited into the appropriate special fund of the state agency that owns the facility, or into the general fund if no special fund applies.

Your Committee received testimony in support of this measure from the Stadium Authority. Your Committee received testimony in opposition to this measure from the Outdoor Circle. Your Committee received comments on this measure from the Department of Budget and Finance; Hawaii State Department of Education; Hawai'i Tourism Authority; and Hawaii State Public Library System.

Your Committee finds that the maintenance and operation of certain government facilities can come at a hefty price for tax payers and the State. Permitting public or private entities to lease naming rights for state facilities and using funds derived from the advertising or marketing related to the naming rights provides an additional funding source to operate and maintain these facilities.

Your Committee has amended this measure by:

- (1) Limiting provisions that would have allowed the leasing of naming rights to any state-owned facility to the Stadium Facility, or portion thereof, and the Convention Center Facility, or portion thereof;
- (2) Specifying that the revenues generated pursuant to this measure are to be deposited into the Stadium Development Special Fund or the Convention Center Enterprise Special Fund, as appropriate;
- (3) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 583, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 583, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, 1 (Reyes Oda). Excused, none.

SCRep. 1326 Labor on S.B. No. 1454

The purpose of this measure is to:

- (1) Require the Department of Labor and Industrial Relations to issue an order of wage payment violation when it finds that a violation has occurred without remedy;
- (2) Clarify the definition of "wage" to mean compensation for labor or services rendered by an employee, without regard of how the amount is calculated; and
- (3) Establish penalties for employers that commit wage payment violations.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations.

Your Committee finds that under the existing Wage and Hour Law there is no provision for the Department of Labor and Industrial Relations to issue an order of wage payment violation when it finds, as a result of its own investigation, that an employer has violated the Wage and Hour Law. This measure seeks to remedy this by authorizing the Department of Labor and Industrial Relations to issue orders of wage payment violations, establishing penalties, enforcement, and an appeals process, and clarifying that "wage" means compensation for labor rendered by an employee, regardless of how it was calculated, to ensure that all workers that earn any amount of compensation are protected.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1454, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1454, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, none.

SCRep. 1327 Judiciary & Hawaiian Affairs on S.B. No. 222

The purpose of this measure is to:

- (1) Appropriate funds for the Illegal Fireworks Task Force; and
- (2) Extend the sunset date of the Illegal Fireworks Task Force from June 30, 2025, to June 30, 2030, and require additional reports to the Legislature.

Your Committee received testimony in support of this measure from the Department of Law Enforcement; Honolulu Police Department; Pearl City Neighborhood Board No. 21; Hawaiian Humane Society; O'ahu County Committee of O'ahu County Democrats; and eight individuals. Your Committee received testimony in opposition to this measure from the Libertarian Party of Hawaii and four individuals.

Your Committee finds that the Illegal Fireworks Task Force, comprised of state and federal agencies, has successfully intercepted and seized thousands of pounds of illegal fireworks. Therefore, your Committee believes that this important work should continue and be supported by the Legislature.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$1,265,000.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 222, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 222, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Cochran, Garcia).

SCRep. 1328 Judiciary & Hawaiian Affairs on S.B. No. 227

The purpose of this measure is to establish the Illegal Fireworks Enforcement Division within the Department of Law Enforcement.

Your Committee received testimony in support of this measure from the Department of Law Enforcement; Hawaiian Humane Society; O'ahu County Committee of O'ahu County Democrats; and nine individuals. Your Committee received testimony in opposition to this measure from the Libertarian Party of Hawaii and five individuals.

Your Committee finds that the continued illegal use and distribution of fireworks poses significant safety, environmental, and enforcement challenges across the State. Despite prior legislative efforts, unauthorized fireworks remain prevalent, necessitating a dedicated enforcement approach. This measure establishes an Illegal Fireworks Enforcement Division within the Department of Law Enforcement to enhance regulatory oversight, improve interagency coordination, and strengthen enforcement efforts, ensuring greater public safety and compliance with state laws.

Your Committee has amended this measure by:

- (1) Clarifying that the Illegal Fireworks Enforcement Division has charge, direction, and control of all matters relating to the enforcement of illegal fireworks by the Department of Law Enforcement and that the Department and counties, or both, are authorized to enforce and administer the provisions of the Fireworks Control Law; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of:

- (1) \$4,647,155 to carry out the purposes of this measure, including the operation of the Illegal Fireworks Enforcement Division and reimbursement of funds to law enforcement agencies for division-related law enforcement operations; and
- (2) \$1,916,210 for the establishment of six permanent positions within the Illegal Fireworks Enforcement Division.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 227, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 227, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Cochran, Garcia).

SCRep. 1329 Judiciary & Hawaiian Affairs on S.B. No. 311

The purpose of this measure is to propose an amendment to the Hawaii State Constitution to expressly provide that the freedom of speech protected under the Hawaii State Constitution does not include the expenditure of money to influence elections.

Your Committee received testimony in support of this measure from Pride at Work - Hawai'i; League of Women Voters of Hawaii; Community Alliance on Prisons; and numerous individuals. Your Committee received testimony in opposition to this measure from Hawaii Patriot Republicans and numerous individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that the influence of corporate and special interest money in elections has grown substantially following the United States Supreme Court's decisions in *Citizens United v. Federal Election Commission* and *Buckley v. Valeo*. These rulings equated political expenditures with free speech, allowing corporations, political action committees, and other entities to spend unlimited amounts to influence elections and policy decisions. This measure seeks to propose a state constitutional amendment clarifying that the expenditure of money to influence elections is not protected speech under the Hawaii State Constitution. While the proposed amendment would not have immediate legal effect under current federal precedent, it expresses the State's opposition to these rulings and preserves the possibility of future enforcement should federal law change.

Your Committee has amended this measure by:

- (1) Amending the ballot question to remove language specifying the circumstances for when the amendment to the Hawaii State Constitution would take effect;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 311, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 311, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, 2 (Garcia, Shimizu). Excused, 1 (Cochran).

SCRep. 1330 Judiciary & Hawaiian Affairs on S.B. No. 345

The purpose of this measure is to:

- (1) Increase the cap on the amount of expenditures a candidate can make in the Partial Public Financing Program;
- (2) Raise the cap on the maximum amount of matching funds available to candidates in the Partial Public Financing Program;
- (3) Increase the matching fund ratio from \$1 for each \$1 of qualifying contributions raised by a candidate to \$2 for each \$1 of qualifying contributions raised in excess of the minimum qualifying contributions that a candidate must raise to participate in the Partial Public Financing Program; and
- (4) Appropriate funds for the Hawaii Partial Public Financing Program.

Your Committee received testimony in support of this measure from the Campaign Spending Commission; Democratic Party of Hawai'i; Green Party of Hawai'i; League of Women Voters of Hawaii; Hawai'i Alliance for Progressive Action; Our Hawai'i; Chamber of Sustainable Commerce; Common Cause Hawaii; Pride at Work – Hawai'i; and numerous individuals. Your Committee received testimony in opposition to this measure from Hawaii Patriot Republicans; Aloha Freedom Coalition; and numerous individuals.

Your Committee finds that adjustments are necessary to bolster the Hawaii Partial Public Financing Program and reduce candidates' dependence on special interest groups or large donors. Your Committee further finds that the adjustments made in H.B. No. 370, H.D. 2 (Regular Session of 2025), are more suitable for achieving this objective at this time.

Your Committee has amended this measure by deleting its contents and inserting the contents of H.B. No. 370, H.D. 2, a measure that:

- (1) Increases the amount of funds available to candidates who qualify to participate in the Partial Public Financing Program, including candidates for the Board of Trustees of the Office of Hawaiian Affairs, who run statewide;
- (2) Encourages participation in the Partial Public Financing Program by providing for the adjustment of the amount of minimum qualifying contributions required for certain offices;
- (3) Increases matching fund payments for excess qualifying contributions; and
- (4) Appropriates funds from the general revenues of the State to increase the amount of funds available in the Partial Public Financing Program and to permit the Campaign Spending Commission to hire more staff to address the anticipated increase in participation in the Program.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 345, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 345, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 9; Ayes with Reservations (Shimizu). Noes, 1 (Garcia). Excused, 1 (Cochran).

SCRep. 1331 Judiciary & Hawaiian Affairs on S.B. No. 361

The purpose of this measure is to permanently establish and appropriate funds for the Community Outreach Court as a division of the District Court of the First Circuit.

Your Committee received testimony in support of this measure from the Judiciary; Department of Human Services; Department of Law Enforcement; State Council on Mental Health; Office of the Public Defender; Waikiki Neighborhood Board; Opportunity for Youth Action Hawai'i Kawaioloa; Institute for Human Services, Inc.; Hawaii Substance Abuse Coalition; and two individuals.

Your Committee finds that since its inception, the Community Court Outreach Project has held several court sessions across Oahu. Through these sessions, the Community Court Outreach Project has addressed more than ten thousand cases, recalled more than nine hundred bench warrants, lifted more than seven thousand driver license stoppers, and assisted more than six hundred participants with social services or referrals. This measure would further support the Community Court Outreach Project and provide much needed resources and funding to assist the Court's clients and operations.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 361, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 361, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 10; Ayes with Reservations (Shimizu). Noes, none. Excused, 1 (Cochran).

SCRep. 1332 Judiciary & Hawaiian Affairs on S.B. No. 903

The purpose of this measure is to:

- (1) Establish a Claims Review Working Group within the Office of Hawaiian Affairs to determine the processes for calculating future claims and negotiating a subsequent settlement against the State;
- (2) Repeal the Public Land Trust Working Group established pursuant to Act 226, Session Laws of Hawaii 2022, to determine the pro rata share of income and proceeds from the public land trust due annually to the Office of Hawaiian Affairs; and
- (3) Appropriate funds for the operating expenses of the Office of Hawaiian Affairs.

Your Committee received testimony in opposition to this measure from the Office of Hawaiian Affairs.

Your Committee finds that H.B. No. 1358, H.D. 3 (Regular Session of 2025), was previously passed by the House.

Your Committee has amended this measure by:

- (1) Deleting its contents and inserting the contents of H.B. No. 1358, H.D. 3, a measure that appropriates funds to the Office of Hawaiian Affairs for the hiring of necessary staff and the purchase of equipment and professional services on behalf of the Public Land Trust Working Group; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 903, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 903, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Cochran, Garcia).

SCRep. 1333 Judiciary & Hawaiian Affairs on S.B. No. 1032

The purpose of this measure is to:

- (1) Prohibit foreign entities and foreign-influenced business entities from making contributions, expenditures, electioneering communications, or donations for election purposes;
- (2) Allow every business entity that contributes or expends funds in a state election to certify that the entity is not and will not be a foreign corporation or foreign-influenced business entity if the entity intends to make contributions or expenditures within an election cycle;
- (3) Specify that if the conditions that determine whether a business entity qualifies as a foreign-influenced business entity are held unconstitutional by a final judgment, including all appeals, the Campaign Spending Commission is required to establish revised conditions that are constitutional; and
- (4) Require noncandidate committees making only independent expenditures to obtain a statement of certification from each top contributor required to be listed in an advertisement avowing that none of the funds contributed were derived from a foreign corporation or foreign-influenced business entity.

Your Committee received testimony in support of this measure from the Campaign Spending Commission; Free Speech For People; International Longshore & Warehouse Union Hawaii; League of Women Voters of Hawaii; Green Party of Hawai'i; UNITE HERE Local 5; Hawai'i Alliance for Progressive Action; Chamber of Sustainable Commerce; and numerous individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee has amended this measure by:

- (1) Specifying that a contribution made by a foreign national, foreign corporation, or foreign-influenced business entity shall escheat to the Hawaii Election Campaign Fund;
- (2) Amending the requirements for the statement of certification from each top contributor required to be listed in an advertisement;
- (3) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1032, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1032, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, 1 (Shimizu). Excused, 1 (Cochran).

SCRep. 1334 Judiciary & Hawaiian Affairs on S.B. No. 1316

The purpose of this measure is to:

- (1) Require the Judiciary to contract with a collection agency or licensed attorney to collect delinquent court-ordered fees, fines, sanctions, and court costs;
- (2) Repeal the authority of the Judiciary to contract with a collection agency or licensed attorney to collect delinquent restitution;
- (3) Expressly allow courts to specify a period of time or installments for payment of fees and restitution; and
- (4) Require district courts to hold payment compliance hearings once per year or as soon as practicable, until all fees, fines, and restitution are fully paid, and requires a defendant to appear and show cause if the defendant fails to pay in full within a time specified by the court or fails to pay three consecutive installments.

Your Committee received testimony in support of this measure from the Crime Victim Compensation Commission and one individual. Your Committee received testimony in opposition to this measure from the Office of the Public Defender. Your Committee received comments on this measure from the Judiciary and Department of the Attorney General.

Your Committee finds that the Hawaii Supreme Court interpreted section 706-644, Hawaii Revised Statutes, to mean that courts can only hold compliance hearings for restitution payments if the defendant is on probation or defaults on payments. If the defendant is not on probation, the court cannot hold compliance hearings unless the defendant defaults, making it harder for victims to ensure they are compensated. This measure would provide victims with a clearer court procedure to enforce restitution orders and prevent them from having to pursue restitution through civil lawsuits.

Your Committee has amended this measure by:

- (1) Specifying that when restitution is not ordered by a court, the fines or fees are referred to a collection agency and no proof of compliance hearing is required; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1316, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1316, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1335 Judiciary & Hawaiian Affairs on S.B. No. 1469

The purpose of this measure is to suspend the statute of limitations on certain collection activities during the period an assessment is pending on appeal before the Taxation Board of Review or Tax Appeal Court.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that this measure ensures that the State has the opportunity to collect taxes once the appeal process is concluded, regardless of the duration of the appeal. Without this suspension, taxpayers could potentially delay or avoid tax payments by prolonging the appeal process, which could harm the State's revenue system and disrupt the fairness of tax enforcement. This measure helps maintain the integrity of tax collections while protecting the taxpayer's right to a fair review process.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1469, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1469, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Cochran, Garcia).

SCRep. 1336 Judiciary & Hawaiian Affairs on S.B. No. 1408

The purpose of this measure is to clarify that Act 130, Session Laws of Hawaii 2024 (Act 130), which amended the Hawaiian Homes Commission Act to increase the loan limit for direct loans provided by the Department of Hawaiian Home Lands, takes effect on either the date of the Secretary of the Interior's notification letter that Act 130 does not require congressional approval, or on the date that the United States Congress approval becomes law.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands.

Your Committee finds that Act 130 increases the loan limit for direct loans provided by the Department of Hawaiian Home Lands to seventy-five percent of the maximum single residence loan amount allowed in Hawaii by the United States Department of Housing and Urban Development's Federal Housing Administration, rather than the fifty percent as outlined in the Hawaiian Homes Commission Act, 1920. However, Act 130 contained an error with respect to recognizing the appropriate approval procedure for its enactment. This measure corrects Act 130 to accurately reflect the necessary approval process for the enactment of laws that amend the Hawaiian Homes Commission Act, 1920.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1408, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Cochran, Garcia).

SCRep. 1337 Judiciary & Hawaiian Affairs on S.B. No. 1202

The purpose of this measure is to allow campaign funds to be used for a candidate's child care and vital household dependent care costs under certain conditions.

Your Committee received testimony in support of this measure from the Campaign Spending Commission; Honolulu County Committee on the Status of Women; Hawai'i Family Caregiver Coalition; AAUW of Hawaii; Hawai'i State Democratic Women's Caucus; Common Cause Hawaii; and three individuals.

Your Committee finds that the Federal Election Commission and thirty-nine states have already authorized the use of campaign funds for child care expenses. This measure would allow Hawaii to improve access to democracy by enabling parents and caregivers to campaign for public office.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1202 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, 2 (Garcia, Shimizu). Excused, 1 (Cochran).

SCRep. 1338 Education on S.B. No. 1300

The purpose of this measure is to:

- (1) Require the Department of Education to adopt administrative rules to provide a lower rate or free meals to students based on their economic need; and
- (2) Appropriate funds for meal subsidies for students whose families are classified as asset-limited, income-constrained, employed households.

Your Committee received testimony in support of this measure from the Hawai'i State Lesbian, Gay, Bisexual, Transgender, Queer Plus Commission; Office of the Mayor of Maui County; one member of the Kaua'i County Council; Department of Research and Development of the County of Hawai'i; Hawai'i State Teachers Association; Hawaii Appleseed Center for Law & Economic Justice; Catholic Charities Hawai'i; Pride at Work – Hawai'i; Hawai'i Youth Services Network; Hawaii Food Industry Association; Hawai'i Public Health Institute; Healthy Eating, Active Living Coalition; Green Party of Hawai'i; Democratic Party of Hawai'i Education Caucus; Kauai Women's Caucus; Hawai'i Food+ Policy; Church State Council; Pele Lani Farm LLC, Kulia I Ka nu'u Outreach Services; Parents and Children Together; Hawai'i Foodbank; Project Vision Hawai'i; Hawai'i Health & Harm Reduction Center; Hawai'i Hunger Action Network; Hawai'i Farmers Union; Oahu Youth Action Board; AlohaCare; Hawai'i Children's Action Network Speaks!; Hawai'i Alliance for Progressive Action; and numerous individuals. Your Committee received testimony in support of the intent of this measure from the Department of Education. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that providing access to healthy meals for students is essential for the overall well-being of Hawaii's people. Your Committee further finds that the Department of Education currently provides free and reduced-price lunches for qualified students using federal reimbursements. However, some families are not able to qualify for the federal reimbursement despite having an economic need. This measure will provide the Department of Education with the necessary funding and support to subsidize school meals for these students.

Your Committee has amended this measure by:

- (1) Deleting language which would have required the Department of Education to adopt administrative rules to provide a lower rate or free meals to students based on their economic needs;
- (2) Beginning with the 2025-2026 school year, requiring the Department of Education to provide free school meals to students who currently qualify for reduced-price lunch;

- (3) Beginning with the 2026-2027 school year, requiring the Department of Education to provide free school meals to students whose family income is no more than three hundred percent of the federal poverty level;
- (4) Authorizing the Governor to modify the strict provisions of providing free school meals as required by this measure and report to the Legislature on any modifications;
- (5) Appropriating funds to the Department of Education to subsidize meal costs for students eligible for reduced price-meals and whose family income is no more than three hundred percent of the federal poverty level, rather than for students whose families are classified as asset limited, income constrained, employed households;
- (6) Changing the effective date to July 1, 3000; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider appropriating \$565,000 for fiscal year 2025-2026 for meal subsidies for students eligible for reduced-price meals.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1300, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1300, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Muraoka).

SCRep. 1339 Human Services & Homelessness on S.B. No. 298

The purpose of this measure is to appropriate funds to the Department of Human Services to increase funding for Medicaid in-home services.

Your Committee received testimony in support of this measure from the State Council on Developmental Disabilities; Executive Office on Aging; Disability and Communication Access Board; AARP Hawai'i; Hawaii Self-Advocacy Advisory Council; and one individual. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that the majority of Hawaii's kupuna prefer to age in place, remaining in their own homes rather than transitioning to institutional care. Additionally, in-home services, such as assistance with daily living activities, are essential in supporting kupuna and individuals with disabilities to maintain their independence while reducing the financial burden associated with nursing facilities. However, a 2022 actuarial study revealed that Medicaid reimbursement rates for in-home care services are not keeping pace with labor market demands, leading to workforce shortages and wage pressures in the home care industry. This measure seeks to address these challenges by appropriating funds to increase Medicaid reimbursement rates for in-home services, ensuring that care providers receive adequate compensation and that more kupuna can access the support needed to safely age in their homes.

Your Committee has amended this measure by:

- (1) Clarifying certain findings in the preamble related to reimbursement rates for Medicaid in-home services;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Human Services & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 298, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 298, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, none.

SCRep. 1340 Human Services & Homelessness on S.B. No. 1610

The purpose of this measure is to:

- (1) Establish the Ohana Zones Program within the Statewide Office on Homelessness and Housing Solutions;
- (2) Authorize the Hawaii Housing Finance and Development Corporation to exempt ohana zones projects from general excise taxes; and
- (3) Appropriate funds for the Ohana Zones Program's transient temporary housing and the development and management of kauhales or semi-permanent housing to transition persons out of homelessness.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation and County of Hawai'i Office of Housing and Community Development. Your Committee received comments on this measure from the Statewide Office on Homelessness and Housing Solutions; Department of Land and Natural Resources; Department of Taxation; Department of Human Services; and Tax Foundation of Hawaii.

Your Committee finds that homelessness remains a critical issue in Hawaii, requiring innovative solutions to provide stable, transitional housing and essential services. This measure establishes the Ohana Zones Program within the Statewide Office on Homelessness and Housing Solutions and aims to create designated areas where homeless individuals and families can access temporary shelter, medical and social services, and pathways to permanent housing. By integrating shelter, health care, and supportive services, this measure enhances the State's capacity to break the cycle of homelessness and provide sustainable pathways to housing stability.

Your Committee has amended this measure by:

- (1) Clarifying that Ohana Zone sites that have the ability to hook up to public utilities shall be preferred for the Ohana Zones Program, under certain conditions;
- (2) Removing the sunset date;
- (3) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Human Services & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1610, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1610, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, none.

SCRep. 1341 Human Services & Homelessness on S.B. No. 1496

The purpose of this measure is to make it an unlawful discriminatory practice for a place of public accommodation to deny a person with a disability full and equal enjoyment of, or information related to, their goods, services, facilities, privileges, advantages, or accommodations using information and community technology intended for use by the general public.

Your Committee received testimony in support of this measure from the State Council on Developmental Disabilities; State Health Planning and Development Agency; Disability and Communication Access Board; Hawai'i Civil Rights Commission; Hawaii Disability Rights Center; Hawaii Self-Advocacy Advisory Council; National Federation of the Blind of Hawaii; and seven individuals. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that the digital era has transformed how businesses and service providers interact with customers, with websites and mobile applications now serving as primary platforms for reservations, orders, sales, and access to essential information. Your Committee further finds that equitable access to these digital platforms is critical to ensuring that all individuals, including those with disabilities, can fully benefit from the goods, services, and amenities offered by places of public accommodation. While state and federal laws prohibit discrimination in public accommodations based on disability, clearer guidelines are needed to support businesses in implementing accessible electronic services. This measure seeks to address these challenges by explicitly prohibiting places of public accommodation from restricting access to goods, services, and information through digital platforms, ensuring that persons with disabilities receive full and equal access in the modern information landscape.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Human Services & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1496, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1496, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, none.

SCRep. 1342 Human Services & Homelessness on S.B. No. 1419

The purpose of this measure is to:

- (1) Update the name of the Neighbor Islands Blind and Visually Impaired Service Pilot Program by replacing the term "visually impaired" with the term "low vision"; and
- (2) Clarify the Pilot Program's implementation timeframes.

Your Committee received testimony in support of this measure from the Department of Human Services; Disability and Communication Access Board; and one individual.

Your Committee finds that individuals who are blind or have low vision, particularly those residing on the neighbor islands, continue to face challenges in accessing necessary services. To address these disparities, Act 253, Session Laws of Hawaii 2023, established the Neighbor Islands Blind and Visually Impaired Service Pilot Program within the Department of Human Services. This measure updates the Pilot Program's name to incorporate the more inclusive term "low vision" and clarifies the timeline for the Pilot Program's implementation. By advancing these changes, this Act strengthens the State's commitment to expanding services that promote independence and improve the quality of life for blind and low vision individuals in Hawaii.

Your Committee has amended this measure by:

- (1) Replacing references to "visually impaired" with the term "low vision" in the preamble of Act 253, Session Laws of Hawaii 2023; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Human Services & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1419, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1419, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, none.

SCRep. 1343 Economic Development & Technology on S.B. No. 1278

The purpose of this measure is to:

- (1) Exempt Restaurant Revitalization Fund grants received by eligible businesses pursuant to the American Rescue Plan Act of 2021 from the state general excise tax; and
- (2) Require any state general excise taxes paid by eligible businesses for Restaurant Revitalization Fund grants to be refunded to the taxpayer.

Your Committee received testimony in support of this measure from the Hawai'i Restaurant Association; Maui Brewing Company Restaurants; Maui Brewing Restaurant Group; Maui Chamber of Commerce; Luana Hospitality Group; Giovanni Pastrami Restaurant Group; MJ Food Group Inc.; Shorefyre/Skybox; Grassroot Institute of Hawaii; Chamber of Commerce Hawaii; La Tour Cafe; Maui Brewing Co.; Popeyes Louisiana Kitchen; Hilo Bay Cafe; 604 Hospitality Group LLC; Roy's Hawaii (Roy's Restaurant, Goen, Eating House 1849, Humble Market Kitchen); Highway Inn; Cheeseburger Restaurants; Makai Grinds LLC; L&L Hawaiian Barbecue; and numerous individuals. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that the COVID-19 pandemic heavily impacted the restaurant industry through mandated closures, seating limitations, and increased operational costs. Your Committee recognizes that restaurants have not fully recovered from the financial impact of the COVID-19 pandemic and that there is a need to alleviate the tax burden placed on restaurants that received certain federal grants, loans, and loan advances.

Your Committee has amended this measure by:

- (1) Requiring the Department of Taxation to notify all taxpayers eligible for refunds of any state general excise tax paid for Restaurant Revitalization Fund grants of their eligibility and require taxpayers to file refund claims no later than six months following notification;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1278, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1278, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Holt).

SCRep. 1344 Economic Development & Technology on S.B. No. 989

The purpose of this measure is to:

- (1) Appropriate funds to the Hawaii Technology Development Corporation to assist small businesses with technology enablement; and
- (2) Require the Hawaii Technology Development Corporation to submit a report to the Legislature on the status of assisting technology enablement for small businesses related to the tourism sector.

Your Committee received testimony in support of this measure from the Hawaii Technology Development Corporation; Hawaii Food Industry Association; Maui Chamber of Commerce; Hawai'i Farm Bureau; Nalu Scientific, LLC; Chamber of Commerce Hawaii; SSFM International; KO'OLAU Distillery; Ai.Fish; Ten Tomorrow; Blue Startups, LLC; Referentia Systems; and one individual.

Your Committee finds that the Hawaii Technology Development Corporation is well-positioned to provide small businesses with access to modern digital tools and technology, helping businesses reduce costs and remain competitive. Your Committee recognizes that small businesses in the State also need support navigating certain permitting processes, which can be cumbersome and can subject businesses to lengthy waiting periods.

Accordingly, your Committee has amended this measure by:

- (1) Requiring the Hawaii Technology Development Corporation to also use the appropriated funds to develop project management software to simplify the facilitated application process for small businesses;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$600,000.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 989, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 989, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Holt).

SCRep. 1345 Economic Development & Technology on S.B. No. 1578

The purpose of this measure is to:

- (1) Establish the official designation of the East-West Center as the Center for Cultural and Technical Interchange between East and West, Inc., and exempt state fund appropriations to the East-West Center from chapter 42F, Hawaii Revised Statutes;
- (2) Rename the Hawaii Sister-State Committee to the Hawaii Sister-State and International Partnerships Commission and amends its functions and membership;
- (3) Require the Office of International Affairs to provide support to the Hawaii Sister-State and International Partnerships Commission;
- (4) Expand the Department of Business, Economic Development, and Tourism's authority to establish out-of-state offices to include out-of-state facilities to support sister-state or province partnerships and other partnerships that promote and enrich the people, cultures, environments, and economies of the State and its international partners, generate revenue for the State, and buy property; and
- (5) Appropriate funds.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Office of Hawaiian Affairs; and East-West Center. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that Hawaii's international relationships have been instrumental in fostering economic growth, cultural exchange, and educational opportunities. This measure strengthens the State's commitment to global partnerships and empowers the East-West Center and state agencies to play a greater role in maintaining and leveraging these relationships for the long-term prosperity of Hawaii's residents.

Your Committee has amended this measure by:

- (1) Providing more context in the preamble regarding the East-West Center's history and public benefit that warrants its public financing going forward;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1578, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1578, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Holt).

SCRep. 1346 Housing on S.B. No. 602

The purpose of this measure is to provide conditions under which all parcels under the jurisdiction of the Hawaii Public Housing Authority and authority offices and facilities may be closed to the public so that trespassing violations may be prosecuted as criminal trespass in the second degree.

Your Committee received testimony in support of this measure from the Hawaii Public Housing Authority.

Your Committee finds that incidents arise on Hawaii Public Housing Authority property due to the presence of uninvited individuals. This measure clarifies the conditions under which Hawaii Public Housing Authority properties may be closed to the public to protect the well-being of its tenants and staff and provide a safer living environment for public housing tenants and the surrounding community.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 602 and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Cochran, Pierick).

SCRep. 1347 Housing on S.B. No. 1229

The purpose of this measure is to:

- (1) Extend the Dwelling Unit Revolving Fund Equity Pilot Program to June 30, 2030; and
- (2) Require Hawaii Housing Finance and Development Corporation to give a preference to for-sale housing development projects that are developed under governmental assistance programs approved by the Corporation.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation; one member of the Maui County Council; Hawai'i Community Foundation; Maui Chamber of Commerce; Hawai'i State Teachers Association; Stanford Carr Development, LLC; Castle & Cooke Homes Hawaii, Inc.; and one individual.

Your Committee finds that the Dwelling Unit Revolving Fund plays a critical role in financing housing development and addressing Hawaii's severe housing shortage. The expansion of the Dwelling Unit Revolving Fund Equity Pilot Program ensures greater access to for-sale housing for local residents, particularly those in high-demand professions. This measure will support long-term housing stability while maintaining the Revolving Fund's sustainability.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1229, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1229, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Cochran, Pierick).

SCRep. 1348 Housing on S.B. No. 572

The purpose of this measure is to:

- (1) Add loan funds administered by Nonprofit Community Development Financial Institutions (CDFIs) for certain for-sale affordable housing projects to the list of loan priorities for the Affordable Homeownership Revolving Fund; and
- (2) Expand the use of Affordable Homeownership Revolving Fund monies to allow financing as matching funds for CDFIs to mobilize other funding sources.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation; Hawaii Habitat for Humanity Association; and Council for Native Hawaiian Advancement.

Your Committee finds that CDFIs use public funds to attract private capital with the goal of increasing affordable housing and economic development in the community. This measure helps more CDFIs access additional capital from federal, private, and philanthropic sources, which will amplify the impact of the Affordable Homeownership Revolving Fund and ensure broader financial support for projects serving low- and moderate-income families, in alignment with the State's commitment to increasing affordable housing availability.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 572, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 572, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Cochran, Pierick).

SCRep. 1349 Housing on S.B. No. 771

The purpose of this measure is to remove the restrictions on who may serve as the Chairperson of the Hawaii Housing Finance and Development Corporation Board of Directors.

Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee finds that the governance structure of the Hawaii Housing Finance and Development Corporation should provide flexibility in leadership selection to ensure effective oversight and decision-making. This measure allows the Board of Directors of the Corporation to choose the most qualified member to lead, regardless of their designation.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 771, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 771, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Cochran, Pierick).

SCRep. 1350 Housing on S.B. No. 40

The purpose of this measure is to authorize the Hawaii Housing Finance and Development Corporation to utilize revenue bonds when securing a line of credit or other instrument of indebtedness for the Bond Volume Cap Recycling Program.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee finds that a line of credit is needed for private activity bond recycling to provide liquidity and ensure that funds are readily available to pay off existing bonds as they mature or are redeemed. The line of credit acts as a financial bridge, maintaining continuity in funding and avoiding disruptions in the financing structure, which is critical for compliance with federal law for qualified bonds. This measure will allow the Hawaii Housing Finance and Development Corporation to retire old bonds while waiting for new bonds to be issued or for cash flows from the underlying projects to become available.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 40, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 40, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Cochran, Pierick).

SCRep. 1351 Housing on S.B. No. 71

The purpose of this measure is to:

- (1) Rename the Rental Housing Revolving Fund to the State Housing Revolving Fund;
- (2) Clarify the prioritization of, and eligibility and preference criteria for, projects that may be funded by, State Housing Revolving Fund monies; and
- (3) Require the Hawaii Housing Finance and Development Corporation to establish an application process for fund allocation.

Your Committee received testimony in support of this measure from the Hawaii Public Housing Authority; Church of the Crossroads; and three individuals. Your Committee received testimony in opposition to this measure from Catholic Charities Hawai'i; Hawaii Appleseed Center for Law & Economic Justice; NAIOP Hawaii; and one individual. Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation; Hawai'i YIMBY; and Holomua Collaborative.

Your Committee finds that, as currently drafted, this measure would significantly reduce critical funding sources for the Rental Housing Revolving Fund, threatening the viability of deeply affordable housing projects that serve households making thirty percent of the area median income, many of whom are on the verge of homelessness. These cuts would severely limit the State's ability to provide stable housing for its most vulnerable residents, increasing the risk of displacement and homelessness. Your Committee believes that ensuring continued investment in affordable housing is essential to keeping residents in secure environments that foster stability and economic mobility.

Your Committee further finds that this measure would disproportionately benefit high-income households—those earning between one hundred twenty percent and one hundred forty percent of the area median income—while failing to address the pressing housing needs of those earning between thirty percent and one hundred twenty percent of the area median income. The current structure of this measure would not only neglect those most in need but would also deepen disparities in housing availability, exacerbating the challenges faced by low- and moderate-income families.

Your Committee has reaffirmed its position regarding the Rental Housing Revolving Fund through H.B. No. 432, H.D. 1, a measure previously passed by the House that:

- (1) Establishes the Mixed-Income Subaccount within the Rental Housing Revolving Fund that targets workforce rental housing projects for persons and families with incomes at or below one hundred forty percent of the area median income;
- (2) Authorizes the Director of Finance to transfer funds from the Rental Housing Revolving Fund into the Mixed-Income Subaccount;
- (3) Appropriates funds into and out of the Mixed-Income Subaccount; and
- (4) Takes effect on July 1, 3000.

Your Committee believes that H.B. 432, H.D. 1, offers a more effective solution to address the State's ongoing housing crisis and best leverage the financing potential of the Rental Housing Revolving Fund by supporting individuals and families who earn too much to qualify for traditional forms of assistance, but not enough to purchase a house at market value, such as essential workers such as teachers, first responders, and those in blue-collar professions.

Accordingly, your Committee has amended this measure by:

- (1) Deleting its contents and inserting the contents of H.B. No. 432, H.D. 1; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$75,000,000 for each year of the fiscal biennium.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 71, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 71, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Cochran, Pierick).

SCRep. 1352 Housing on S.B. No. 826

The purpose of this measure is to exclude state departments and agencies from eligibility for the Low-Income Housing Tax Credit.

Your Committee received testimony in opposition to this measure from the Department of Hawaiian Home Lands. Your Committee received comments on this measure from the Department of Taxation; Hawaii Housing Finance and Development Corporation; Hawaii Public Housing Authority; and Tax Foundation of Hawaii.

Your Committee finds that under this measure as currently drafted, the Low-Income Housing Tax Credit (LIHTC) would be unavailable for projects where the development, planning, or construction is done by any state department or agency, including the Hawaii Housing Finance and Development Corporation. However, your Committee notes that it is unclear as to whether the exclusion in this measure applies to projects where state agencies act as co-developers with private entities and whether this would apply to projects where state funds are utilized in conjunction with LIHTC, such as the use of the Rental Housing Revolving Fund. Your Committee believes that maintaining the State's ability to utilize the LIHTC is necessary to address the lack of affordable housing in the State.

Accordingly, your Committee has amended this measure by:

- (1) Reverting to the contents of this measure as it was introduced, which specifies that the School Facilities Authority is not eligible as a housing developer for purposes of the LIHTC; and
- (2) Changing the effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 826, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 826, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Cochran, Pierick).

SCRep. 1353 Housing on S.B. No. 801

The purpose of this measure is to require managing agents of residential condominium properties with more than one hundred units located in a county with a population greater than five hundred thousand, to possess a community association manager credential form from a recognized nationwide community association management industry trade group.

Your Committee received testimony in support of this measure from the Hawai'i Association of REALTORS; Hawaii First Realty; and six individuals. Your Committee received testimony in opposition to this measure from the Real Estate Commission; Hawaiiana Management Company, Ltd.; and one individual. Your Committee received comments on this measure from the Community Associations Institute, Hawaii Chapter, Legislative Action Committee.

Your Committee finds that the existing qualifications for managing agents of residential properties, particularly in larger condominium buildings, are insufficient to protect associations of apartment owners from the risks associated with inadequate property management expertise. This measure requires that managing agents of residential properties with more than one hundred units in certain counties be certified community association managers, ensuring that these individuals possess the necessary qualifications and experience to effectively manage complex properties and protect the interests of unit owners.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 801, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 801, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Cochran).

SCRep. 1354 Housing on S.B. No. 31

The purpose of this measure is to authorize a person who discovers a recorded discriminatory restrictive covenant on real property to take certain actions, without liability, to invalidate the covenant.

Your Committee received testimony in support of this measure from Hawai'i Civil Rights Commission and one individual. Your Committee received comments on this measure from the Uniform Law Commission.

Your Committee finds that discriminatory restrictive covenants, which limit housing opportunities based on race, sex, sexual orientation, and other protected characteristics, perpetuate inequality and hinder fair access to housing. This measure seeks to rectify past injustices by invalidating these covenants, providing a clear process for their identification, and ensuring that real property records reflect the values of justice and equal protection under the law.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 31, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 31, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Cochran).

SCRep. 1355 Housing on S.B. No. 942

The purpose of this measure is to prohibit a landlord from rejecting a rental application solely due to an applicant's inability to provide a recent paycheck under certain circumstances.

Your Committee received testimony in support of this measure from AARP Hawai'i and two individuals. Your Committee received comments on this measure from the Hawaii Association of REALTORS.

Your Committee finds that retirees, the self-employed, and those with alternative income sources such as pensions, savings, or investments may have difficulty providing a paystub to prove sufficient income to pay rent. This measure ensures landlords can still assess a tenant's financial capability by allowing

verification of unearned income or liquid assets, striking a balance between protecting tenants from unnecessary discrimination and safeguarding landlords' ability to evaluate financial stability.

Your Committee has amended this measure by:

- (1) Specifying that a landlord may require evidence dated within ninety days, rather than thirty days, of the date of the application of rent; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests that your Committee on Consumer Protection & Commerce, should it deliberate on this matter, engage with stakeholders to assess whether a ninety-day requirement provides a sufficient and equitable timeframe for the landlord and applicant, ensuring that the interests of both parties are fairly represented.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 942, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 942, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Cochran).

SCRep. 1356 Housing on S.B. No. 576

The purpose of this measure is to:

- (1) Exempt expenditures from the Public Housing Special Fund from appropriation and allotment by the Legislature, subject to certain requirements;
- (2) Amend the required contents of legislative reports to be submitted by the Hawaii Public Housing Authority and Hawaii Housing Finance and Development Corporation; and
- (3) Amend the scope of monies to be deposited into and the purposes of the Public Housing Special Fund.

Your Committee received testimony in support of this measure from the Hawaii Public Housing Authority. Your Committee received comments on this measure from the Department of Budget and Finance and Department of the Attorney General.

Your Committee finds that the Hawaii Public Housing Authority is one of only two statewide housing authorities in the nation that directly administers public housing units in addition to other federal and state housing programs. Your Committee acknowledges the Hawaii Public Housing Authority's mission to create opportunities that promote economic empowerment, build inclusive and thriving communities, and break the cycle of concentrated poverty and understands the need for financial flexibility to ensure that the Authority meets this mission. However, your Committee notes the concerns raised by the Department of the Attorney General, that the exemption of Public Housing Special Fund expenditures from legislative appropriation proposed by this measure conflicts with Article VII, section 5, of the Hawaii State Constitution, which prohibits public monies from being expended except pursuant to appropriations made by law.

Accordingly, your Committee has amended this measure by:

- (1) Deleting language that would have exempted expenditures from the Public Housing Special Fund from appropriation and allotment by the Legislature; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 576, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 576, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Cochran).

SCRep. 1357 Housing on S.B. No. 944

The purpose of this measure is to:

- (1) Until July 1, 2030, authorize a partner or member in a partnership or limited liability company that has been allocated a Low-Income Housing Tax Credit to further allocate the credit or transfer, sell, or assign up to one hundred percent of the Tax Credit, under certain conditions; and
- (2) Extend the sunset date of Act 129, Session Laws of Hawaii 2016, which established a different rate for the Low-Income Housing Tax Credit, until December 31, 2032.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation; American Council of Life Insurers; Maui Chamber of Commerce; Chamber of Commerce Hawaii; NAIOP Hawaii; and Sugar Creek Capital. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that the expansion of the Low-Income Housing Tax Credit program is vital to addressing the ongoing shortage of affordable housing in the State. Your Committee believes that expanding the pool of investors for state tax credits will enhance the ability of affordable housing developers to raise equity efficiently, thereby leading to faster project funding, less reliance on other financing sources, and enhanced affordability for residents.

Your Committee further finds that H.B. 949, H.D. 1 (Regular Session of 2025), a substantially similar measure that was previously passed by your Committee, is a measure that:

- (1) Clarifies that a partner or member that is a partnership or limited liability company that has been allocated a Low-Income Housing Tax Credit may either further allocate the credit or transfer, sell, or assign all or a portion of the credit to any taxpayer;
- (2) Extends the sunset date of Act 129, Session Laws of Hawaii 2016, relating to the Low-Income Housing Tax Credit, until December 31, 2032; and
- (3) Takes effect July 1, 3000.

Your Committee has amended this measure by deleting its contents and inserting the contents of H.B. No. 949, H.D. 1, with the exception of the conforming amendment that was made to Act 226, Session Laws of Hawaii 2021.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 944, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 944, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Cochran, Pierick).

SCRep. 1358 Housing on S.B. No. 378

The purpose of this measure is to establish a working group to identify existing mixed-use developments in the county of Maui that could be acquired by the Hawaii Housing Finance and Development Corporation for use as affordable housing and commercial rental leases.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation; one member of the Maui County Council; and Maui Chamber of Commerce.

Your Committee finds that repurposing existing commercial buildings into mixed-use developments presents a valuable opportunity to address Maui's housing crisis while supporting local businesses. Historically, mixed-use communities have contributed to economic vitality and social cohesion, and their redevelopment can provide much-needed affordable housing while maintaining commercial spaces.

Your Committee has amended this measure by:

- (1) Specifying that the working group chairperson shall be the Chairperson of the Hawaii Housing Finance and Development Corporation Board of Directors, or the Chairperson's designee, rather than a member of the Board of Directors;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 378, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 378, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Cochran, Pierick).

SCRep. 1359 Housing on S.B. No. 65

The purpose of this measure is to appropriate funds to the Hawaii Public Housing Authority for the rehabilitation, remodeling, renovation, and repair of public housing units.

Your Committee received testimony in support of this measure from the Department of Human Services; Hawaii Public Housing Authority; Makakilo/Kapolei/Honokai Hale Neighborhood Board No. 34; Catholic Charities Hawai'i; and Kunia Village Title Holding Corporation.

Your Committee finds that many Hawaii Public Housing Authority properties were constructed over fifty years ago and require extensive updates to remain safe and habitable. Your Committee further finds that the Authority currently faces a significant capital needs backlog of approximately \$720,000,000. As the Authority relies on federal funding, which is tied into unit occupancy, for approximately ninety percent of its operations, the rehabilitation of vacant units is critical to maximizing federal support.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to encourage further discussion.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$10,000,000.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 65, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 65, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Cochran, Pierick).

SCRep. 1360 Housing on S.B. No. 1413

The purpose of this measure is to provide the Hawaii Public Housing Authority with greater ability to dispose of abandoned or seized property in and around federal public housing projects.

Your Committee received testimony in support of this measure from the Hawaii Public Housing Authority.

Your Committee finds that Hawaii Public Housing Authority federal public housing projects do not have on-site storage facilities, which make it challenging to retain abandoned or seized property for extended periods. This measure establishes clear procedures for the management of abandoned or seized property in federal public housing projects similar to the procedures already in place for State public housing projects, which will create uniformity in the Authority's policies while improving operational efficiencies and reducing the average vacancy period of units.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1413, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1413, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Muraoka). Noes, none. Excused, 1 (Cochran).

SCRep. 1361 Housing on S.B. No. 38

The purpose of this measure is to prohibit a county legislative body from making modifications or imposing conditions to affordable housing development proposals that would increase the cost of the project.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation and Grassroot Institute of Hawaii. Your Committee received testimony in opposition to this measure from the Department of Planning and Permitting of the City and County of Honolulu; one member of the Maui County Council; Hawai'i State Association of Counties; Lāhainā Strong; HI Good Neighbor; LIMBY Hawai'i; Hawaii's Thousand Friends; and two individuals.

Your Committee finds that projects developed under Hawaii Housing Finance and Development Corporation programs must be primarily affordable and conditions of approval and exactions often add significant cost to developments that ultimately may make the projects infeasible. However, your Committee notes that prohibiting a county legislative body from imposing necessary modifications to a project that would increase the cost can negate the quality of their review and could jeopardize the entire project. Your Committee further notes that any condition that required a change to the plans and drawings could be argued to increase the cost of the project. However, your Committee believes that some guardrails are necessary to ensure that these housing projects remain affordable.

Accordingly, your Committee has amended this measure by:

- (1) Deleting language that would have prohibited a county legislative body from making any modification to a housing project that would increase the cost of the project;
- (2) Prohibiting a county legislative body from imposing conditions stricter than the Hawaii Housing Finance and Development Corporation, stricter area median income requirements, or a reduction in fee waivers that will increase the cost of the project; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 38, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 38, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Grandinetti). Noes, none. Excused, 2 (Cochran, Pierick).

SCRep. 1362 Agriculture & Food Systems on S.B. No. 1185

The purpose of this measure is to establish and appropriate funds for a working group within the Department of Agriculture to review and make recommendations on amending or repealing unnecessary or obsolete laws pertaining to agriculture.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau; Hawaii Cattlemen's Council; Hawai'i Agriculture Research Center; Land Use Research Foundation of Hawaii; Hawai'i Food+ Policy; East Oahu County Farm Bureau; Hawai'i Farmers Union; and six individuals. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that Hawaii's agricultural sector is hindered by outdated laws that do not reflect current farming practices or the State's evolving agricultural goals. Many of these regulations were created decades ago and may now be limiting progress, efficiency, and the expansion of local food production. By modernizing regulatory frameworks and removing unnecessary barriers, this measure promotes a more adaptable, productive, and sustainable agricultural economy for Hawaii.

Your Committee has amended this measure by:

- (1) Clarifying the responsibilities of the working group, including specifying an initial focus of its review of laws that directly impact agricultural viability and land use and authorizing the working group to recommend additional laws for future review in subsequent legislative sessions;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$100,000 for the working group.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1185, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1185, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Quinlan, Ward).

SCRep. 1363 Agriculture & Food Systems on S.B. No. 1304

The purpose of this measure is to appropriate funds to the Department of Agriculture to continue the statewide pesticide drift monitoring study.

Your Committee received testimony in support of this measure from the Department of Agriculture; University of Hawai'i System; Office of the Mayor of the County of Maui; Hawai'i Farm Bureau; Hawai'i Farmers Union; and three individuals. Your Committee received comments on this measure from the Office of Hawaiian Affairs and Hawai'i Alliance for Progressive Action.

Your Committee finds that further study is needed to assess the potential impact of pesticide drift near schools and ensure that Hawaii's children are not exposed to off-target pesticide applications. The Department of Agriculture has already initiated a statewide pesticide drift monitoring study, which plays a critical role in evaluating air concentrations of pesticides and their potential effects on public health and the environment. This measure provides funding to continue the study, strengthening the State's ability to assess risks, implement mitigation strategies, and promote responsible pesticide use.

Your Committee has amended this measure by:

- (1) Requiring the Department of Agriculture to contract with an independent consultant to conduct the study;
- (2) Extending the reporting deadline to the Legislature by three years;
- (3) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$323,484 for fiscal year 2025-2026 and \$311,903 for fiscal year 2026-2027 for the continued monitoring of pesticide drift in schools statewide.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1304, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1304, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Quinlan, Ward).

SCRep. 1364 Agriculture & Food Systems on S.B. No. 1022

The purpose of this measure is to allow:

- (1) Animal control officers, law enforcement officers, and firefighters to enter an unattended vehicle to protect the health, safety, or well-being of a pet animal that is endangered by being left or confined in an unattended vehicle; and
- (2) Private citizens to retrieve a pet animal that has been left in an unattended vehicle, under certain circumstances.

Your Committee received testimony in support of this measure from Animal Rights Hawai'i; AAA Hawaii; Animal Legal Defense Fund; and four individuals. Your Committee received testimony in opposition to this measure from the Honolulu Police Department.

Your Committee finds that each year, numerous pet animals suffer and perish due to being left unattended in parked vehicles under extreme temperature conditions. Many pet owners are unaware that even on mild days, vehicle interiors can rapidly reach dangerously high temperatures in Hawaii. Given the severe risk of heat stroke, dehydration, and fatality, immediate intervention is often necessary to prevent harm. This measure authorizes designated public officials and private citizens to rescue pet animals from unattended vehicles under specified conditions, ensuring the protection and welfare of animals in distress.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1022, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1022, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Quinlan, Ward).

SCRep. 1365 Agriculture & Food Systems on S.B. No. 140

The purpose of this measure is to prohibit the importation of firewood into the State from another state and the intrastate transportation or sale of firewood not harvested within the State unless the firewood is heat-treated or the importation, transportation, or sale is authorized by the Department of Agriculture.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Hawai'i Invasive Species Council; Office of the Mayor of the County of Maui; Coordinating Group on Alien Pest Species; Hawai'i Forest Industry Association; and two individuals. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that invasive pests and pathogens carried by imported firewood pose a serious threat to Hawaii's forests, agricultural industries, and natural resources. Many destructive pests and diseases have been spread through firewood movement in other states, yet Hawaii currently lacks regulations requiring treatment of imported or transported firewood. This measure helps prevent the introduction and spread of harmful pests by prohibiting the importation, transportation, or sale of firewood unless it has been heat-treated or specifically authorized by the Department of Agriculture.

Your Committee notes that the provisions in this measure should be placed in statute, rather than administrative rules, to timely establish treatment requirements for firewood and prevent undue burden on the Department of Agriculture in its administrative rule making process to address biosecurity issues in the State.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 140, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 140, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Quinlan, Ward).

SCRep. 1366 Agriculture & Food Systems on S.B. No. 301

The purpose of this measure is to establish an additional penalty for a dog owner whose dog destroys property while on land zoned for agricultural use.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau; Hawaii Cattlemen's Council; Ponoholo Ranch; and six individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from one individual.

Your Committee finds that the presence of uncontrolled dogs on agricultural lands poses a persistent threat to ranchers, livestock producers, and the broader agricultural industry. Incidents involving dogs attacking livestock, including cattle, sheep, and poultry, result in significant financial losses, operational disruptions, and undue distress to the affected animals. This measure strengthens statutory protections by imposing additional penalties on dog owners whose animals cause damage on agricultural lands, thereby enhancing deterrence, promoting responsible pet ownership, and ensuring the security and viability of agricultural operations.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 301, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 301, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Quinlan, Ward).

SCRep. 1367 Health on S.B. No. 1322

The purpose of this measure is to:

- (1) Clarify the procedures for emergency transportation, examination, and hospitalization for individuals who may be mentally ill or suffering from substance abuse and are imminently dangerous to self or others;
- (2) Require treatment providers to provide relevant treatment information to the Department of the Attorney General, upon the Department's request, for purposes of preparing a petition for assisted community treatment;
- (3) Expand notice requirements during emergency hospitalization to include an individual's health care surrogate and allow an individual to waive notice of the hearing to the individual's family members;
- (4) Remove the authority of the Family Court to appoint a legal guardian or conservator in a proceeding for involuntary hospitalization;
- (5) Remove the requirement that psychiatric facilities wait for responses from interested parties to a notice of intent to discharge a patient from involuntary hospitalization before discharging the patient;
- (6) Clarify the circumstances under which the subject of an order for assisted community treatment can be administered medication over the subject's objection;
- (7) Remove the requirement that an assisted community treatment provider assess whether the subject of an order for assisted community treatment who fails to comply with that order meets the criteria for involuntary hospitalization; and
- (8) Allow a single psychiatrist, rather than a panel of three, to provide administrative authorization for medical treatment over the objection of a patient who is in the custody of the Director of Health and in a psychiatric facility.

Your Committee received testimony in support of this measure from the Office of the Governor; Department of Law Enforcement; Department of the Attorney General; Department of Health; Hawaii Substance Abuse Coalition; National Alliance on Mental Illness – Hawaii; and one individual. Your Committee received comments on this measure from the Hawaii Health Systems Corporation Corporate Board of Directors; Hawaii Disability Rights Center; Hawai'i Pacific Health; and The Queen's Health Systems.

Your Committee finds that as the number of individuals suffering from mental illness or substance use disorders increases there is a pressing need to enhance, clarify, and update the State's mental health laws to ensure the State has access to a wide range of tools to assist these individuals. Your Committee further finds that legal mechanisms, such as emergency transport, examination, and hospitalization, enable the State and mental health providers to provide compassionate assistance to individuals suffering from mental illness or substance abuse when they need it the most. This measure lowers barriers to accessing health care and ensures consistent implementation of methods to engage with individuals who are experiencing a behavioral health or substance abuse crisis, which will support their stabilization and recovery.

Your Committee has amended this measure by:

- (1) Requiring a health care provider who is initiating the emergency transportation of an individual to first contact a mental health emergency worker and get confirmation that the individual is imminently dangerous to self or others prior to the individual being transported to an appropriate facility;
- (2) Requiring an individual admitted to a facility under emergency hospitalization to be released within forty-eight hours of admission, rather than seventy-two hours;
- (3) Establishing limitations on liability for state and county governments, private sector and nonprofit organizations, state and county employees, and certain health care professionals arising from emergency procedures and for assisted community treatment providers; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1322, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1322, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, none.

SCRep. 1368 Human Services & Homelessness on S.B. No. 960

The purpose of this measure is to appropriate funds to the Department of Human Services to improve Supplemental Nutrition Assistance Program rates, including establishing additional positions.

Your Committee received testimony in support of this measure from the Executive Office on Aging; Hawaii Substance Abuse Coalition; Indivisible Hawai'i Working Families Team; AAUW of Hawai'i; Hawaii Appleseed Center for Law & Economic Justice; Ka Ohana O Na Pua; Hawai'i Foodbank; Hawai'i Hunger Action Network; Hawaii Food Industry Association; North Hawaii Community Action Network; North Shore Nutrition; Get Fit Kaua'i; Hawai'i Food+ Policy; Hawai'i Children's Action Network Speaks!; Catholic Charities Hawai'i; Hawai'i Family Caregiver Coalition; AlohaCare; Hawai'i Public Health Institute; Malana Kaua'i; Hawai'i Alliance for Progressive Action; and numerous individuals. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that many low-income households in Hawaii continue to face significant challenges in accessing sufficient food due to the State's high cost of living and rising food prices. The Supplemental Nutrition Assistance Program plays a vital role in addressing food insecurity, contributing more than \$630,000,000 annually to the State's economy. However, participation in the Supplemental Nutrition Assistance Program remains hindered by administrative challenges, including staff shortages at the Department of Human Services, resulting in prolonged wait times and difficulties in completing eligibility interviews. This measure seeks to allocate funding to strengthen the Department of Human Services' staffing capacity and operational efficiency, ultimately increasing access to food assistance and ensuring that more eligible individuals can benefit from this essential program.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$1,100,000 for the Department of Human Services to establish an incentive payment for eligibility workers to encourage a higher rate of accurate determinations of eligibility and payments for the Supplemental Nutritional Assistance Program.

As affirmed by the record of votes of the members of your Committee on Human Services & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 960, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 960, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1369 Human Services & Homelessness on S.B. No. 961

The purpose of this measure is to require the Department of Human Services to:

- (1) Adjust the minimum certification periods for Supplemental Nutrition Assistance Program benefits households;
- (2) Participate in the federal Elderly Simplified Application Project; and
- (3) Submit reports to the Legislature.

Your Committee received testimony in support of this measure from the Executive Office on Aging; one member of the Hawai'i County Council; City and County of Honolulu Office of Climate Change, Sustainability and Resiliency; Hawaii Substance Abuse Coalition; AARP Hawai'i; Indivisible Hawai'i Working Families Team; AAUW of Hawai'i; Hawaii Appleseed Center for Law & Economic Justice; Pele Lani Farm LLC, Kulia I Ka Nu'u Outreach Services; Democratic Party of Hawai'i; Hawai'i Foodbank; Hawai'i Hunger Action Network; Hawaii Food Industry Association; Get Fit Kaua'i; Hawai'i Children's Action Network Speaks!; Catholic Charities Hawai'i; Hawai'i Family Caregiver Coalition; AlohaCare; Hawai'i Food+ Policy; Hawai'i Public Health Institute; American Heart Association; Hawai'i Alliance for Progressive Action; and numerous individuals. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that expanding access to nutritious food is essential to enhancing the health and well-being of local residents, particularly the State's keiki and kupuna. The Supplemental Nutrition Assistance Program (SNAP), which provides monthly financial assistance to eligible low-income households for purchasing food, plays a vital role in addressing food insecurity in Hawaii. This measure seeks to ensure more stable food access for kupuna and SNAP recipients by mandating the Department of Human Services to set a minimum twenty-four-month certification period for households with members aged sixty or older, participate in federal Elderly Simplified Application Project, and establish a twelve-month minimum certification period for all other eligible households.

Your Committee notes that because the Department of Human Services will be implementing its new eligibility system in the fall of 2026, an effective date of July 1, 2027, to implement this measure may be too early.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Human Services & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 961, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 961, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1370 Water & Land on S.B. No. 1462

The purpose of this measure is to reenact the Historic Preservation Income Tax Credit for substantial rehabilitation of a certified historic structure that was repealed on December 31, 2024.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Historic Hawai'i Foundation; Climate Protectors Hawaii; and Sugar Creek Capital. Your Committee received comments on this measure from the Department of Taxation.

Your Committee finds that the Historic Preservation Income Tax Credit provided property owners in the State economic support and incentive to continue to rehabilitate, adaptively reuse, and preserve historic buildings and residences. This measure provides the Department of Land and Natural Resources with a valuable tool and incentive to promote investment and economic development in the State by maintaining historic buildings.

Your Committee has amended this measure by:

- (1) Changing the manner in which the tax credit may be distributed and allocated to taxpayer entities;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1462, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1462, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Woodson).

SCRep. 1371 Water & Land on S.B. No. 841

The purpose of this measure is to require the Department of Land and Natural Resources to establish and conduct a Marine Life Conservation District Carrying Capacity program to assess the carrying capacity of the marine life conservation districts and propose long-term management options to protect the State's marine life conservation districts.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Mālama Pūpūkea-Waimea; Hawai'i Reef and Ocean Coalition; and four individuals. Your Committee received testimony in opposition to this measure from the Native Hawaiian Gathering Rights

Association; Ocean Tourism Coalition; and three individuals. Your Committee received comments on this measure from the Activities and Attractions Association of Hawaii; True Blue Inc., DBA Kauai Beach Boys DBA Da Life Outdoor Gear; and Sailing Maui Inc.

Your Committee finds that the State's marine life conservation districts serve an important role in conserving and replenishing the State's marine resources. Your Committee further finds that although non-consumptive uses of marine life conservation districts, such as swimming, snorkeling, and diving, have been historically allowed, it has become increasingly evident that these activities can have significant impacts on nearshore ecosystems. Your Committee believes that assessing the impacts of these activities and human-use thresholds, as proposed by this measure, will enable the State to develop appropriate restrictions to protect the State's valuable marine life resources while still allowing residents and visitors adequate access to these areas.

Your Committee has amended this measure by:

- (1) Requiring the Department of Land and Natural Resources to consult with existing permit-holding commercial operators, rather than community nonprofits, in conducting the Marine Life Conservation District Carrying Capacity Program;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount between \$300,000 to \$1,000,000.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 841, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 841, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Woodson).

SCRep. 1372 Water & Land on S.B. No. 849

The purpose of this measure is to:

- (1) Prohibit and impose penalties on the intentional taking, harming, or killing of 'io; and
- (2) Increase the penalties and fees for taking and killing indigenous species of aquatic life, wildlife, and land plants that are native to the State.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Hawai'i Reef and Ocean Coalition; and three individuals.

Your Committee finds that many of the State's native species face significant threats from overexploitation, habitat destruction, and climate change. Your Committee further finds that the 'io, or Hawaiian hawk, plays an important role in maintaining ecological balance by controlling populations of rodents and other invasive species that threaten native flora and fauna. Although the 'io was removed from the federal Endangered Species Act of 1973 on February 3, 2020, it still faces ongoing threats from habitat loss, illegal hunting, and environmental degradation. While 'io are currently listed as endangered birds under Hawaii Administrative Rules, your Committee believes that prohibiting the unauthorized taking and killing of Hawaii's indigenous species will deter the intentional taking of 'io in the event the Department of Land and Natural Resources delists 'io in the future.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 849, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 849, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Iwamoto). Noes, none. Excused, 1 (Woodson).

SCRep. 1373 Water & Land on S.B. No. 268

The purpose of this measure is to:

- (1) Reduce the number of members on an Island Burial Council from nine to seven; and
- (2) Remove the requirement that Island Burial Councils include members with development and large property owner interests.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Office of Hawaiian Affairs; Kahua O Kakou; Hui Humu'ula Kala'i'eha LLC; and numerous individuals. Your Committee received testimony in opposition to this measure from the Center for Hawaiian Sovereignty Studies; Huliauapa'a; Nohopapa Hawai'i LLC; Hui Iwi Kuamo'o; and nine individuals.

Your Committee finds that Island Burial Councils play a critical role in preserving iwi kupuna and upholding Native Hawaiian burial practices. Your Committee further finds that although regional representatives of Island Burial Councils must have an understanding of Native Hawaiian culture, history, and burial beliefs, there is no similar requirement for landowner and developer representatives. Your Committee believes that removing the requirement that Island Burial Councils include members with development and large property owner interests will ensure the councils fully align with Native Hawaiian values and customs and focus on the care and protection of iwi kupuna.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 268, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 268, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Iwamoto, Poepoe). Noes, 1 (Shimizu). Excused, 1 (Woodson).

SCRep. 1374 Water & Land on S.B. No. 411

The purpose of this measure is to:

- (1) Provide the Department of Land and Natural Resources' Division of Boating and Ocean Recreation and the Division of State Parks the flexibility to undertake certain necessary repairs and renovations for existing facilities at the State's small boat harbors and state parks without prior legislative or gubernatorial authorization;
- (2) Establish a notification protocol to ensure that the Legislature is informed of expenditures before they occur; and
- (3) Establish annual reporting requirements relating to those expenditures to the Legislature.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Activities and Attractions Association of Hawaii; Ocean Tourism Coalition; True Blue Inc., DBA Kauai Beach Boys DBA Da Life Outdoor Gear; Extended Horizons; Sailing Maui Inc.; Shangri-La Sailing Charters; Maui Pacific Divers; Atlantis Submarines; Hawaii Goes Fishing; and one individual. Your Committee received testimony in opposition to this measure from the Department of Budget and Finance.

Your Committee finds that although the Department of Land and Natural Resources has the authority to complete certain types of infrastructure work without capital improvement project (CIP) funding or approval, construction and certain types of larger repair work must follow the CIP process. Your Committee further finds that some of the needed repair work arises after the Legislature has adjourned sine die, resulting in costly delays. Your Committee believes that granting the Division of Boating and Ocean Recreation and Division of State Parks the flexibility to address certain necessary repairs outside of the CIP process will ensure the basic infrastructure maintenance and repair needs of the State's parks and small boat harbors are addressed in a timely fashion.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 411, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 411, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Belatti, Iwamoto). Noes, none. Excused, 1 (Woodson).

SCRep. 1375 Water & Land on S.B. No. 15

The purpose of this measure is to amend the definition of "historic property" under the State's Historic Preservation Program to include only properties that are over fifty years old and:

- (1) Meet the criteria for being entered into the Hawaii Register of Historic Places; or
- (2) Have important value to Native Hawaiians or other ethnic groups of the State because of associations with cultural practices formerly or currently carried out at the property, or associations with traditional beliefs, events, or oral accounts that are important to history, traditional practices, and cultural identity.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Historic Hawai'i Foundation; Ko'olau Foundation; Grassroot Institute of Hawaii; and two individuals. Your Committee received testimony in opposition to this measure from NAIOP Hawaii. Your Committee received comments on this measure from the Department of Planning and Permitting of the City and County of Honolulu.

Your Committee finds that the existing definition of "historic property" is overly broad and does not take into consideration whether a structure, object, or site maintains sufficient integrity and significance to be identified as a "historic property". Your Committee believes that narrowing the definition to require historic properties to be evaluated on their integrity and significance, rather than just their age, will align the State with the federal definition of "historic property" and streamline historic preservation reviews that require compliance with federal and state historic preservation policies.

Your Committee has amended this measure by:

- (1) Removing property that has important value to Native Hawaiians or other ethnic groups of the State from the definition of "historic property";
- (2) Excluding proposed projects on existing residential property and proposed projects in nominally sensitive areas from the State's Historic Preservation Program review under certain circumstances;
- (3) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 15, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 15, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Belatti, Iwamoto, Poepoe, Souza). Noes, none. Excused, 1 (Woodson).

SCRep. 1376 Transportation on S.B. No. 97

The purpose of this measure is to:

- (1) Increase the penalty for a third or subsequent offense of excessive speeding to a class C felony and a sentence of an indeterminate term of imprisonment of five years;
- (2) Authorize the court, as part of the person's sentencing for the third or subsequent offense, to order that the vehicle be subject to forfeiture; and
- (3) Require a repeat offender convicted of a class C felony for excessive speeding be subject to identification processing.

Your Committee received testimony in support of this measure from the Department of Transportation; Department of Law Enforcement; Hawai'i Police Department; Honolulu Police Department; Oahu Metropolitan Planning Organization; AAA Hawai'i; and one individual. Your Committee received testimony in opposition to this measure from the Office of the Public Defender. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that excessive speeding presents a significant threat to public safety, contributing to severe accidents, injuries, and fatalities on Hawaii's roads. Your Committee further finds that a 2011 study conducted by the AAA Foundation for Traffic Safety found that the average risk of death for a pedestrian reaches fifty percent at an impact speed of forty-two miles per hour, seventy-five percent at fifty miles per hour, and ninety percent at fifty-eight miles per hour. These alarming statistics do not even consider variables such as age which would likely result in higher fatality rates for the most vulnerable populations. By enhancing the penalty for repeat offenders to a felony offense and the possibility of forfeiture of the vehicle, this measure aims to deter dangerous driving behaviors and promote greater accountability among motorists.

Your Committee has amended this measure by:

- (1) Clarifying penalties for noncompliance with the maximum speed limit under an automated speed enforcement system and specifying that any summons or citations resulting from noncompliance shall not be recorded on a person's traffic abstract and used for insurance purposes;
- (2) Clarifying language relating to summons and citations issued under the Automated Speed Enforcement Systems Program;
- (3) Requiring a person who was convicted of certain traffic offenses or granted a deferred acceptance of a guilty or nolo contendere plea or a conditional discharge of the offense to be ordered by the court to report for identification processing;
- (4) Changing the effective date to July 1, 2025; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 97, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 97, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Grandinetti). Noes, 1 (Pierick). Excused, 1 (Cochran).

SCRep. 1377 Transportation on S.B. No. 934

The purpose of this measure is to appropriate funds to the Department of Budget and Finance to increase the Mass Transit Special Fund expenditure ceiling.

Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that financial constraints on the Mass Transit Special Fund have resulted in significant carry-over balances, limiting the timely disbursement of funds for critical transportation projects. In recent fiscal years, these unspent funds have accumulated, creating shortfalls that necessitate emergency appropriations to meet funding needs. This measure ensures that mass transit projects receive the necessary financial support without unnecessary delays.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to encourage further discussion.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$572,695,000.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 934, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 934, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Muraoka). Noes, none. Excused, 2 (Cochran, Pierick).

SCRep. 1378 Transportation on S.B. No. 1526

The purpose of this measure is to extend the lapse date for funds appropriated out of the Drug and Alcohol Toxicology Testing Laboratory Special Fund for the establishment and maintenance of a drug and alcohol toxicology testing laboratory.

Your Committee received testimony in support of this measure from the Department of Transportation; Department of Health; Department of Law Enforcement; Department of the Prosecuting Attorney of the County of Maui; Hawai'i Police Department; Honolulu Police Department; and Oahu Metropolitan Planning Organization.

Your Committee finds that impaired driving remains a serious threat to public safety, with a significant percentage of traffic fatalities involving alcohol or drugs. Currently, the State relies on out-of-state laboratories for toxicology testing, which can delay investigations and increase prosecution costs. Establishing an in-state drug and alcohol toxicology testing laboratory will enhance the efficiency and reliability of forensic testing, providing law enforcement and the Judiciary with timely and accurate results. This measure will extend the lapse date for funds previously appropriated and extend the timeline for the establishment of an in-state testing laboratory.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1526, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1526, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Cochran).

SCRep. 1379 Economic Development & Technology on S.B. No. 1043

The purpose of this measure is to exempt the gross proceeds or income received or derived from the sale of groceries and nonprescription drugs from the general excise tax.

Your Committee received testimony in support of this measure from one member of the Maui County Council; Hawaii Ironworkers Stabilization Fund; Activities and Attractions Association of Hawaii; Libertarian Party of Hawaii; Hawaii Food Industry Association; Hawai'i Foodbank; Grassroot Institute of Hawaii; Maui Chamber of Commerce; Hawai'i Food+ Policy; ABC Stores; Boteilho Hawaii Enterprises Inc.; and eight individuals. Your Committee received comments on this measure from the Department of Taxation; Hawaii Appleseed Center for Law & Economic Justice; and Tax Foundation of Hawaii.

Your Committee finds that general excise taxes on groceries and nonprescription drugs disproportionately impact low- and moderate-income families who are already burdened by Hawaii's high cost of living. While your Committee recognizes the potential benefit of exempting groceries and nonprescription drugs from the general excise tax, your Committee believes that the extent of these exemptions may be untimely, as they would deprive the State of a crucial source of revenue during a period of fiscal uncertainty.

Accordingly, your Committee has amended this measure by:

- (1) Removing the general excise tax exemption for groceries;
- (2) Reducing the general excise tax rate for nonprescription drugs by one half, rather than providing a full exemption;
- (3) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1043, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1043, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Holt).

SCRep. 1380 Economic Development & Technology on S.B. No. 1038

The purpose of this measure is to amend the security breach of personal information laws by:

- (1) Adding definitions for "identifier" and "specified data element";
- (2) Amending the definition of "personal information"; and
- (3) Including licensees subject to the Insurance Data Security Law among the businesses deemed compliant with security breach notice requirements.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from TechNet; Mortgage Bankers Association of Hawaii; Hawaii Financial Services Association; and Consumer Data Industry Association. Your Committee received comments on this measure from the Insurance Division and Office of Consumer Protection of the Department of Commerce and Consumer Affairs; Department of Human Services; and Hawaii Bankers Association.

Your Committee finds that House Concurrent Resolution No. 225, H.D. 1, S.D. 1, Regular Session of 2019, convened the Twenty-First Century Privacy Law Task Force to examine and make recommendations regarding existing privacy laws and rules. This measure adopts some of the recommendations of the Task Force and ensures that persons impacted by data breaches are notified when certain personal information is compromised.

Your Committee has amended this measure by:

- (1) Removing the definition of "identifier" and including its contents in the definition of "personal information";
- (2) Removing the exclusion of medical information that is protected by the Health Insurance Portability and Accountability Act of 1996 from the definition of "specified data element";
- (3) Removing the inclusion of licenses subject to the Insurance Data Security Law from the businesses deemed compliant with security breach notice requirements;
- (4) Clarifying that this measure is intended to take effect on April 1, 2026;
- (5) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Commerce and Consumer Protection, should it deliberate on this measure, to consider:

- (1) Adding the following to the definition of "personal information":
 - (A) Local location data;
 - (B) Online identifiers such as Internet Protocol (IP) addresses and cookies; and
 - (C) Factors relating to an individual's physical, genetic, mental, economic, or social identity; and
- (2) Amending the definition of "specified data element" to include the last five or more digits of an individual's social security number.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1038, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1038, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Holt).

SCRep. 1381 Consumer Protection & Commerce on S.B. No. 177

The purpose of this measure is to:

- (1) Authorize the Division of Animal Industry of the Department of Agriculture to adopt, amend, and repeal rules to develop an assessment and approval process to import and move aquatic livestock in the State; and
- (2) Require and appropriate funds for the Division of Animal Industry to develop that process through a biological aquatic risk-based framework.

Your Committee received testimony in support of this measure from the Department of Agriculture; Agribusiness Development Corporation; Office of the Mayor of the County of Maui; Department of Research and Development of the County of Hawai'i; Hawai'i Farm Bureau; Hawaii Aquaculture & Aquaponics Association; and one individual.

Your Committee finds that the State's aquaculture industry has a farm gate value of \$89,600,000 -- the second-highest contribution to the economy in diversified agriculture. Your Committee further finds that Hawaii is home to some of the most unique and biodiverse marine ecosystems in the world; however, these ecosystems are highly sensitive to external influences, including the introduction of non-native aquatic species. Disease can devastate aquaculture

industries and a risk-based framework and biocontainment standards are important protections for aquaculture operations and aquatic ecosystems. This measure therefore provides authority for the development of a comprehensive assessment and approval process to help prevent disease from entering aquaculture operations in the State and protect native aquatic species.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 177, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 2 (Tam, Pierick).

SCRep. 1382 Consumer Protection & Commerce/Judiciary & Hawaiian Affairs on S.B. No. 1117

The purpose of this measure is to:

- (1) Prohibit the operation of a moped or electric motorcycle on areas designated for bicycle use;
- (2) Amend the existing Electric Bicycle and Electric Moped Rebate Program by:
 - (A) Renaming the Program as the Electric Mobility Device Rebate Program;
 - (B) Expanding the types of devices eligible for a rebate, including adaptive electric bicycles and electric micro-mobility devices;
 - (C) Expanding the available rebates such that one rebate is available to all purchasers and an additional rebate is available to persons who meet certain eligibility criteria;
 - (D) Increasing the amount of the rebates; and
 - (E) Amending the administration of, and the funding for, the rebate program;
- (3) Clarify the registration requirements with respect to class 3 electric bicycles;
- (4) Establish a cap for the Electric Mobility Device Subaccount and requirements for transferring funds into the Subaccount;
- (5) Raise the age for which a helmet is required when operating electric foot scooters from sixteen to eighteen;
- (6) Repeal the age restriction on the operation of low-speed electric bicycles;
- (7) Establish an age restriction of fifteen years of age for the operation of a class 3 electric bicycle;
- (8) Establish regulations on the operation of electric bicycles;
- (9) Raise the age for which a helmet is required when operating bicycles from sixteen to eighteen;
- (10) Change all references to "motor scooters" with the term "motor-driven cycles";
- (11) Establish an age restriction of eighteen years of age for the operation of electric motorcycles and motor-driven cycles; and
- (12) Transfer and appropriate funds for the operation of the Electric Mobility Device Rebate Program.

Your Committees received testimony in support of this measure from the Department of Transportation; Department of Transportation Services and Office of Climate Change, Sustainability and Resiliency of the City and County of Honolulu; Ulupono Initiative; Keiki Injury Prevention Coalition; Kapiolani Medical Center for Women & Children; Oahu Metropolitan Planning Organization; Hawai'i Bicycling League; Hawai'i Appleseed Center for Law & Economic Justice; and one individual.

Your Committees find that the growing popularity of alternative modes of transportation, including electric bicycles, electric mopeds, and other electric mobility devices, allows residents to reduce their transportation expenses while reducing their carbon footprints. However, your Committees further find that the growing incidence of persons improperly operating such devices are increasingly frustrating to all users of sidewalks and roadways and are a growing threat to public health and safety. This measure, in an effort to promote safety for all users of the sidewalks and roadways in the State, makes various amendments to the State's transportation laws to regulate the use of such devices.

As affirmed by the records of votes of the members of your Committees on Consumer Protection & Commerce and Judiciary & Hawaiian Affairs that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 1117, S.D. 2, H.D. 1, and recommend that it be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.
Consumer Protection & Commerce: Ayes, 8. Noes, none. Excused, 2 (Tam, Pierick).
Judiciary & Hawaiian Affairs: Ayes, 9. Noes, 1 (Garcia). Excused, 1 (Cochran).

SCRep. 1383 Transportation on S.B. No. 106

The purpose of this measure is to:

- (1) Authorize pedestrians to act contrary to the Statewide Traffic Code when a reasonably careful pedestrian would determine that there is no immediate danger of a collision with a moving vehicle if the pedestrian is more than two hundred feet from a crosswalk; and
- (2) Require a driver of a vehicle to yield to a pedestrian when the pedestrian clearly indicates their intention to cross a roadway within a crosswalk.

Your Committee received testimony in support of this measure from the Office of the Public Defender; one member of the Kaua'i County Council; Hawai'i Appleseed Center for Law & Economic Justice; Grassroot Institute of Hawaii; Oahu Metropolitan Planning Organization; Hawai'i Public Health Institute; Hawai'i Workers Center; Health Eating + Active Living; and numerous individuals. Your Committee received testimony in opposition to this measure from the Honolulu Police Department; Keiki Injury Prevention Coalition; and six individuals. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that existing pedestrian laws often penalize individuals for making reasonable and safe decisions when crossing the street, particularly in areas with limited marked crosswalks. Studies show that enforcement of jaywalking laws disproportionately affects vulnerable communities and does not necessarily improve pedestrian safety. Instead, focusing on infrastructure improvements and ensuring drivers yield to pedestrians can create safer and more accessible streets for all.

However, your Committee believes that it is imperative to ensure the safety of all pedestrians in the State and that a pilot program would provide a better understanding of the impacts of allowing pedestrians to cross in areas with an unmarked crosswalk rather than allowing pedestrians to act in a way that is contrary to the Statewide Traffic Code.

Accordingly, your Committee has amended this measure by:

- (1) Amending the purpose section;
- (2) Making this measure a three-year Pedestrian Safety Pilot Program (Pilot Program) in each county with a population of two hundred fifty thousand or less by placing the language in session law rather than codifying it in the Hawaii Revised Statutes and clarifying the scope of the Pilot Program;
- (3) Authorizing each county to opt out of the Pilot Program, subject to the approval of the Director of Transportation;
- (4) Establishing fines and exceptions to the fines and depositing the fines collected into the State Highway Fund to support pedestrian safety infrastructure improvements;
- (5) Authorizing a pedestrian to contest a citation through an administrative hearing process;
- (6) Requiring the Department of Transportation and each county law enforcement agency to develop clear enforcement guidelines;
- (7) Specifying that burden of proof lies with the issuing officer;
- (8) Authorizing the Governor to:
 - (A) Revoke and abolish the Pilot Program statewide at any time if deemed necessary for public safety; and
 - (B) Overturn a county's approved opt-out request, in consultation with various individuals;
- (9) Authorizing a county with a population of over two hundred fifty thousand to participate in the Pilot Program, subject to certain conditions;
- (10) Requiring the Department of Transportation, in coordination with the State Highway Safety and Modernization Council, to collect and analyze data on the impacts of the Pilot Program and report to the Legislature before and after the Regular Sessions of 2026, 2027, and 2028;
- (11) Exempting certain roadways and areas from the Pilot Program;
- (12) Defining "immediate danger";
- (13) Inserting a sunset date of June 30, 2028;
- (14) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (15) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 106, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 106, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Muraoka). Noes, 1 (Miyake). Excused, 1 (Cochran).

SCRep. 1384 Transportation on S.B. No. 1638

The purpose of this measure is to:

- (1) Establish the Molokai Air Carrier Subsidy Program to provide subsidies to airlines operating out of Molokai Airport; and
- (2) Appropriate funds.

Your Committee received testimony in support of this measure from one member of the Maui County Council and Chamber of Commerce Hawaii. Your Committee received comments on this measure from the Department of Transportation.

Your Committee finds that residents of Molokai face significant challenges in accessing reliable and affordable air travel, which is essential for medical care, employment, and maintaining connections with other islands. With limited airline options, frequent flight cancellations, and high ticket prices, many residents experience financial hardship and delays in receiving critical services. Your Committee believes that supporting air carriers operating out of Molokai Airport will ensure more consistent and accessible transportation options for the Molokai community.

Your Committee has amended this measure by:

- (1) Amending the purpose section;
- (2) Changing the Molokai Air Carrier Subsidy Program to a three-year pilot program and placing the language in session law rather than codifying it in the Hawaii Revised Statutes;
- (3) Requiring an applicant to demonstrate measurable improvements in air service availability or affordability and requiring the Department of Transportation to establish guidelines to evaluate the extent of these improvements before awarding or renewing any subsidy;
- (4) Clarifying and expanding the reporting requirements on the Molokai Air Carrier Subsidy Pilot Program;
- (5) Requiring the Department of Transportation to conduct an annual audit of funds disbursed under the Molokai Air Carrier Subsidy Program and specifying that if an air carrier misuses funds, the carrier shall return the misused amount and is ineligible for further subsidies for a period of up to three years;
- (6) Inserting a sunset date of June 30, 2028;
- (7) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1638, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1638, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, 1 (Pierick). Excused, 1 (Cochran).

SCRep. 1385 Transportation on S.B. No. 1195

The purpose of this measure is to:

- (1) Prohibit any vehicle from parking within certain distances of crosswalks, with certain exceptions; and
- (2) Specify that signs or curb markings are not required to restrict parking within twenty feet of a crosswalk or intersection.

Your Committee received testimony in support of this measure from the Department of Transportation; Department of Health; Oahu Metropolitan Planning Organization; Hawai'i Bicycling League; Hawai'i Appleseed Center for Law & Economic Justice; and one individual.

Your Committee finds that pedestrian and cyclist safety is a growing concern in the State, with an increasing number of traffic-related fatalities involving vulnerable road users. Studies show that a significant percentage of pedestrians and bicycle accidents occur at intersections, where visibility is often obstructed by parked vehicles. This measure will ensure clear sightlines at crosswalks and intersections, a proven strategy to reduce collisions and enhance public safety.

Your Committee has amended this measure by:

- (1) Amending the preamble;
- (2) Establishing fines for violations of the street parking restrictions to be deposited into the Safe Routes to School Program Special Fund;
- (3) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1195, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1195, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Cochran).

SCRep. 1386 Labor on S.B. No. 747

The purpose of this measure is to:

- (1) Establish an Audit Office within the Board of Education to audit the operations and expenditures of the Department of Education;
- (2) Establish positions within the Audit Office and exempt those positions from civil service; and
- (3) Appropriate funds for the establishment and operation of the Audit Office and exempt positions.

Your Committee received comments on this measure from the Board of Education.

Your Committee finds that the establishment of an Audit Office within the Board of Education will ensure accountability, transparency, and efficiency in the operations, expenditures, and programs of the Department of Education.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 747, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, none.

SCRep. 1387 Labor on S.B. No. 1402

The purpose of this measure is to amend the requirements for the securing of mooring lines in state commercial harbors for certain vessels.

Your Committee received testimony in support of this measure from the Hawaii Longline Association and General Contractors Association of Hawaii. Your Committee received testimony in opposition to this measure from Holo Holo Charters, Inc.

Your Committee recognizes that certain vessels that are considered to be small do not need be additionally restrained by heavy-duty mooring lines, as small vessels are often light enough to be easily secured to docks or other structures using simpler methods.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1402, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, none.

SCRep. 1388 Labor on S.B. No. 447

The purpose of this measure is to establish a three-year Hiring Pilot Program within the Department of Health to streamline its hiring process by delegating certain human resources services from the Department of Human Resources Development to the Department of Health.

Your Committee received testimony in support of this measure from the Department of Health and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO. Your Committee received testimony in opposition to this measure from the Department of Human Resources Development.

Your Committee finds that addressing staffing shortages in the State's public health sector serves the public interest and is a key priority for the State. As of March 2025, the Department of Health reported a vacancy rate of twenty-nine percent, equaling 1,031 vacant positions. Your Committee further finds that a recent survey indicated that forty-three percent of the Department of Health's staff are expecting to seek employment elsewhere within the next twelve months, despite feeling a sense of purpose and meaning in their work and support from their colleagues and supervisors. Your Committee recognizes that the Department of Health has exhausted all the tools provided by the Department of Human Resources Development, including the Hire Hawaii Program, Holo Delegation, and Wikiwiki Hiring Program, which have had little effect on filling their large vacancy. Your Committee notes that the Department of Health's chief concern is the timeliness in which qualified candidates are referred to them, noting that it often takes two to four months for the Human Resource Office to pre-screen applicants and provide the Department of Health with a list of candidates to contact for an interview, by which time those applicants have found employment elsewhere. This Hiring Pilot Program established under this measure will streamline the hiring process in the Department of Health and further the Department of Health's mission to protect and promote the physical, behavioral, and environmental well-being of the State's residents.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 447, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 447, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, none.

SCRep. 1389 Labor on S.B. No. 1065

The purpose of this measure is to prohibit the State, including its departments, agencies, or political subdivisions, from requiring a bachelor's degree as a qualification for a state or county position, unless the knowledge and skills required to perform job duties can only be obtained through the culmination of coursework in a bachelor's degree program.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services; Grassroot Institute of Hawaii; and one individual. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Human Resources Development and Department of Budget and Finance.

Your Committee finds that while possessing a bachelor's degree in a relevant field is typically required for many state and county positions, as it demonstrates a foundational knowledge or skill that is necessary to be qualified for certain positions, it is not the only way in which that knowledge or skill can be learned or acquired. Your Committee also finds that some position descriptions allow other fields of study as acceptable substitutes. While these substitutes may be relevant to the subject matter, they may not be as directly applicable to the practical skills needed to perform job duties. Requiring a degree solely for the sake of having one does little to improve the State's ability to provide public service and risks excluding individuals who could otherwise be valuable contributors to the public sector. Your Committee believes that a history of successful employment, increased responsibilities, and relevant skills stands on its own merit, regardless of any degrees obtained. The prohibitions established under this measure will create a more diverse workforce, expand the applicant pool, and ultimately provide better opportunities for skilled applicants to be considered for a position they might not have qualified for otherwise.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1065, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1065, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 6; Ayes with Reservations (Reyes Oda). Noes, none. Excused, none.

SCRep. 1390 Labor on S.B. No. 442

The purpose of this measure is to:

- (1) Establish two additional categories of retirants who may be employed without re-enrollment in the Employees' Retirement System and without loss or interruption of retirement benefits and are identified as a labor shortage or difficult-to-fill positions by the appropriate department including:
 - (A) Investigator positions in the Department of the Attorney General or Department of Law Enforcement; and
 - (B) Management positions excluded from collective bargaining in any department; and
- (2) Require the Director of Human Resources of the appropriate state jurisdiction to include details on the employment of retirants in certain management positions or as investigators in their annual report to the Legislature.

Your Committee received testimony in support of this measure from the Department of the Attorney General and Department of Law Enforcement. Your Committee received testimony in opposition to this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO. Your Committee received comments on this measure from the Employees' Retirement System Board of Trustees.

Your Committee finds that allowing valuable and experienced retirants to be rehired is a sound method to address the high vacancy rate in the public sector, especially within the Department of Law Enforcement and Department of the Attorney General. However, your Committee notes the concerns raised by the Employees' Retirement System Board of Trustees, in that no clear and uniform criteria are established for the determination of "labor shortage" or "difficult-to-fill" positions, possibly resulting in inconsistent determinations and administration of employees under the same employer.

Accordingly, your Committee has amended this measure by:

- (1) Removing investigator positions in the Department of the Attorney General or Department of Law Enforcement and management positions excluded from collective bargaining in any department as additional categories of retirants who may be employed without re-enrollment in the Employees' Retirement System established under this measure;
- (2) Adding positions needed for succession planning as a type of position that can be identified by the appropriate jurisdiction to be filled by retirants without reenrollment into the Employees' Retirement System;
- (3) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 442, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 442, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 6; Ayes with Reservations (Reyes Oda). Noes, none. Excused, none.

SCRep. 1391 Labor on S.B. No. 340

The purpose of this measure is to authorize the Hawaii Labor Relations Board to enforce its own orders.

Your Committee received testimony in support of this measure from the Hawai'i Labor Relations Board. Your Committee received testimony in opposition to this measure from the Department of the Attorney General.

Your Committee finds it important to clarify that the Hawaii Labor Relations Board has the authority to enforce its own orders. Your Committee also finds that under existing law the Hawaii Labor Relations Board is authorized to conduct proceedings on complaints of prohibited or unfair practices and take action as it deems necessary and proper. Therefore, your Committee believes that it is appropriate to authorize the Hawaii Labor Relations Board to enforce such actions, as it relates to proceedings on complaints of prohibited practices by employers, employees, and employee organizations.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to encourage further discussion.

Your Committee respectfully requests your Committee on Judiciary & Hawaiian Affairs, should it deliberate on this measure, to consider the concerns raised by the Department of the Attorney General in regard to authorizing an administrative agency to enforce its own orders rather than seeking enforcement through established judicial procedures.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 340, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 340, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, none.

SCRep. 1392 Labor on S.B. No. 1571

The purpose of this measure is to:

- (1) Exclude all positions within the Hawaii Tourism Authority from civil service law;
- (2) Amend the definition of "convention center facility" or "convention center" to clarify that the facilities must reflect a "Hawaii" sense of place rather than a "Hawaiian" sense of place;
- (3) Designate the Board of Directors of the Hawaii Tourism Authority as an advisory board; and
- (4) Repeal the statutory limitation on when a former board member of the Hawaii Visitors and Convention Bureau can serve on the Hawaii Tourism Authority's Board of Directors.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism. Your Committee received testimony in opposition to this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and Council for Native Hawaiian Advancement. Your Committee received comments on this measure from the Hawai'i Tourism Authority.

Your Committee finds that many departments and agencies in the State are facing staffing shortages. Exempting all positions within the Hawaii Tourism Authority from civil service law provides a method for the Hawaii Tourism Authority to attract qualified individuals to apply to its positions.

Your Committee has amended this measure by:

- (1) Reverting the proposed amendment to the statutory definition of "convention center facility" or "convention center" back to existing law to reflect a "Hawaiian sense of place" rather than a "Hawaii sense of place";
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1571, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 1571, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, 1 (Reyes Oda). Excused, none.

SCRep. 1393 Energy & Environmental Protection on S.B. No. 329

The purpose of this measure is to:

- (1) Require at least fifty percent of treatment works effluent to be R-1 recycled water by January 1, 2045;
- (2) Extend the date after which treated or raw sewage is prohibited from being discharged into state waters from December 31, 2026, to December 31, 2030; and
- (3) Clarify that the prohibition on the discharge of treated or raw sewage shall not apply to sewage treatment plants that produce clean energy and have primary and secondary outfalls.

Your Committee received testimony in opposition to this measure from the Department of Environmental Management of the County of Hawai'i. Your Committee received comments on this measure from the Department of Land and Natural Resources; Department of Health; Department of Environmental Services of the City and County of Honolulu; and Hawai'i Reef and Ocean Coalition.

Your Committee finds that reusing recycled water for non-potable purposes helps conserve fresh water resources and promotes sustainable resource-management practices. This measure encourages the reuse of recycled water by setting a goal for a minimum amount of treatment works effluent to be recycled and suitable for use in recycled water systems.

Your Committee has amended this measure by:

- (1) Changing the percentage of treatment works effluent required to be recycled water to an unspecified percentage;
- (2) Removing the extension of the date after which the discharge of treated or raw sewage into state waters is prohibited;
- (3) Removing language narrowing the kind of sewage treatment plants that are exempt from the prohibition on the discharge of treated or raw sewage;

- (4) Adding a requirement that by January 1, 2027, the counties shall report to the Department of Health on the feasibility of recycling treatment works effluent that meets certain standards;
- (5) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 329, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 329, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Quinlan, Ward).

SCRep. 1394 Energy & Environmental Protection on S.B. No. 1120

The purpose of this measure is to:

- (1) Require the Department of Transportation to conduct a feasibility study on implementing a clean fuel standard for alternative fuels in the State; and
- (2) Require the Department of Transportation to adopt rules governing a clean fuel standard for alternative fuels in the State by January 1, 2028.

Your Committee received testimony in support of this measure from the Department of Transportation; Neste; Clean Fuel HI Coalition; Amazon; Oahu Metropolitan Planning Organization; Clean Energy; Island Energy Services, LLC; Low Carbon Fuels Coalition; Clean Fuels Alliance America; Twelve Benefit Corporation; Infinium Operations, LLC; Blue Planet Foundation; and one individual. Your Committee received testimony in opposition to this measure from the Energy Justice Network; Green Party Of Hawai'i; Environmental Caucus of the Democratic Party of Hawai'i; and two individuals. Your Committee received comments on this measure from Alaska Airlines; Hawaiian Airlines; Par Hawaii; and Coalition Earth.

Your Committee finds that the State's largest source of lifecycle greenhouse gas emissions is transportation and there is an urgent need to encourage more sustainable transportation fuel options. Your Committee recognizes that in order for the State to effectively transition away from traditional fuels, clean fuel standards for alternative fuels would provide the necessary lower-carbon-emitting targets and incentives for alternative fuels.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1120, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Quinlan, Ward).

SCRep. 1395 Energy & Environmental Protection on S.B. No. 1232

The purpose of this measure is to establish and appropriate funds to the University of Hawaii for a three-year New Wastewater Technology Testing Pilot Program.

Your Committee received testimony in support of this measure from the Department of Health; Department of Hawaiian Home Lands; University of Hawai'i Water Resources Research Center; Hawai'i Climate Change Mitigation and Adaptation Commission; Hawai'i Reef and Ocean Coalition; Environmental Caucus of the Democratic Party of Hawai'i; The Nature Conservancy, Hawai'i and Palmyra; and Hawai'i Association of REALTORS.

Your Committee finds that every cesspool in the State, except for cesspools granted exemptions by the Director of Health, must be upgraded or converted to a Director of Health-approved wastewater system or connected to a sewerage system by January 1, 2050. Your Committee recognizes that the costs associated with the upgrade, conversion, or connection of cesspools are significant and that there are new and emerging wastewater technologies and management solutions that may be more effective and less costly. This measure ensures that the affordability, feasibility, and efficiency of these new technologies are assessed as possible alternatives.

Your Committee requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$750,000.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1232, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Quinlan, Ward).

SCRep. 1396 Energy & Environmental Protection/Water & Land on S.B. No. 1318

The purpose of this measure is to amend section 200-14, Hawaii Revised Statutes, to repeal duplicative language regarding penalties for water pollution offenses and clarify that enforcement of criminal water pollution offenses remains under the jurisdiction of the Department of Health, rather than the Department of Land and Natural Resources.

Your Committees received testimony in support of this measure from the Department of the Attorney General; Department of Health; and Department of Land and Natural Resources.

Your Committees find that Act 215, Session Laws of Hawaii 2024 (Act 215), made clarifications to section 200-14, Hawaii Revised Statutes, regarding criminal and administrative penalties for offenses relating to ocean recreation. Your Committees recognize that by attempting to criminalize violations of Department of Land and Natural Resources' rules, Act 215 established penalties that conflict with existing penalties under section 342D-33, Hawaii Revised Statutes. This measure eliminates the conflicting language and clarifies that the stricter penalties of these water pollution offenses would apply.

As affirmed by the records of votes of the members of your Committees on Energy & Environmental Protection and Water & Land that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 1318 and recommend that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Energy & Environmental Protection: Ayes, 4. Noes, none. Excused, 2 (Quinlan, Ward).

Water & Land: Ayes, 9. Noes, none. Excused, 1 (Woodson).

SCRep. 1397 Energy & Environmental Protection/Water & Land on S.B. No. 1602

The purpose of this measure is to:

- (1) Establish the Keauhou Aquifer System Monitoring Pilot Program; and
- (2) Appropriate funds to the Department of Land and Natural Resources to install two monitoring wells in the Keauhou Aquifer System.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources; Hawaii Housing Finance and Development Corporation; Natural Energy Laboratory of Hawaii Authority; Kona Community Development Plan Action Committee; Kona-Kohala Chamber of Commerce; Chamber of Commerce of Hawaii; and two individuals.

Your Committees find that the Keauhou Aquifer System, a vital water source that sustains local communities, faces issues related to increased water demand and overuse. Your Committees further find that these issues necessitate further monitoring of the Keauhou Aquifer System and additional testing to ensure safe water quality.

Your Committees have amended this measure by:

- (1) Amending the Keauhou Aquifer System Monitoring Pilot Project by:
 - (A) Clarifying that the Commission on Water Resource Management may work with other agencies;
 - (B) Clarifying that the Commission will conduct water salinity tests and include water salinity analysis in reports to the Legislature;
 - (C) Adding additional responsibilities related to monitoring, public outreach, and planning; and
 - (D) Requiring the Department of Land and Natural Resources to determine whether to continue, expand, or end the Keauhou Aquifer System Monitoring Pilot Project based on its assessment of the Pilot Project;
- (2) Adding an appropriation of an unspecified sum for the Keauhou Aquifer System Monitoring Pilot Project;
- (3) Changing the appropriation for the installation of two monitoring wells to be for only fiscal year 2025-2026;
- (4) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committees respectfully request your Committee on Finance, should it deliberate on this measure, to consider the appropriation amounts of:

- (1) \$200,000 for the Keauhou Aquifer System Monitoring Pilot Project; and
- (2) \$4,000,000 for the installation of two monitoring wells in the Keauhou Aquifer System.

As affirmed by the records of votes of the members of your Committees on Energy & Environmental Protection and Water & Land that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 1602, S.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 1602, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Energy & Environmental Protection: Ayes, 4. Noes, none. Excused, 2 (Quinlan, Ward).

Water & Land: Ayes, 9. Noes, none. Excused, 1 (Woodson).

SCRep. 1398 Energy & Environmental Protection/Water & Land on S.B. No. 1074

The purpose of this measure is to allow:

- (1) A previously authorized or permitted activity or operation to continue operation for a period of one year while the appropriate agency determines whether the activity or operation is subject to or exempt from the environmental review process; and
- (2) A person with oversight of a previously authorized or permitted activity or operation to renew the appropriate permits while under the environmental review process.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources; Office of Planning and Sustainable Development; Teralani Sailing Adventures; NOKANET Consulting; Ocean Tourism Coalition; Activities and Attractions Association of Hawaii; Sailing Shipp's LTD. dba Gemini Charters; Maui Hotel and Lodging Association; The Westin Maui Resort & Spa; Maui Chamber of Commerce; Kaanapali Golf Courses; Absolute Charters dba Kainani Sails; Maui Classic Charters; Explore Kauai Scuba; Jack's Diving Locker; Absolute Charters, Inc.; Lahaina Divers; Blue Dolphin Charters, Ltd.; Maui Brewing Co; The Ritz-Carlton Maui, Kapalua; Meili Vodka; Outfitters Kauai Ltd; Island Scuba Inc.; Schooner Creek Boat Works; Critical Ocean Rescue Education Hawaii; Resting Beach Face LLC; Holokai Catamaran; Islands Beach Activities, Inc.; Fun Charters Inc.; Sheraton Maui Resort & Spa; RED Hospitality and Leisure Hawaii, LLC; Outrigger Hospitality Group; Maita'i Catamaran Corporation; Sailing Shipp's; Sailing Maui Inc.; Exclusive Limo Maui; Island Dream Productions; Sea Maui; Gone Surfing Hawaii; Ka'anapali Kai Charters; Three's Bar & Grill; Na Pali Experience; 3two3 Promotions; Anela Kai Catamarans, Inc.; Hi-Tech Surf Sports; Banyan Tree Divers Maui; Splashers Ocean Adventures DBA Kona Snorkel Trips; Extended Horizons; Captain Andy's Sailing; Maui Snorkeling; Kamoana Incorporated; Trilogy Excursions; Aloha Blue Charters; Aqua Adventures; Holo Holo Charters, Inc.; Irish on Maui; Tech Partners Hawaii; Outrigger Kā'anapali Beach Resort; and numerous individuals.

Your Committees received testimony in opposition to this measure from the Office of Hawaiian Affairs; 'Ilio'ulaokalani Coalition; Earthjustice; Clean The Pacific; Recycle Hawaii; Northwestern Hawaiian Islands Hui; Sierra Club of Hawaii; For the Fishes; Rights of Nature Hawaii; Hawaii's Reef and Ocean Coalition; Climate Protectors Hawaii; Friends of Hanauma Bay; League of Women Voters of Hawaii; Friends of Pebble Beach, South Kona, HI; Environmental Caucus of the Democratic Party of Hawaii; Kihei Community Association (KCA); Big Island Reef Keepers Hui; Earthjustice; Pō'ai Wai Ola; Nā Kia'i Kai; Native Hawaii Legal Corporation; Free Access Coalition; Surfrider Foundation, Hawaii Region; Kua'Āina Ulu 'Auamo; Kupuna for the Moopuna; Green Party of Hawaii; Kūmano I Ke Ala; Ko'olaupoko Hawaiian Civic Club; Legacy Reef Foundation; and numerous individuals.

Your Committees find that recent court decisions have broadened the kind of activities that are subject to environmental review, potentially forcing long-standing commercial activities to cease operation while the environmental review is conducted. While your Committees recognize that certain activities should be authorized to continue operations pending environmental review, this authorization should be more narrowly applied.

Accordingly, your Committees have amended this measure by:

- (1) Allowing only those activities or operations that are permitted or authorized under chapter 200, Hawaii Revised Statutes, and renewed within twelve months preceding the initiation of proceedings to determine whether the activities or operations are subject to environmental review to continue operation for one year pending the determination and any necessary environmental review and allowing persons with oversight of these activities or operations to renew permits;
- (2) Adding a sunset date of June 30, 2027;

- (3) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Energy & Environmental Protection and Water & Land that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 1074, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 1074, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chairs on behalf of the Committees.

Energy & Environmental Protection: Ayes, 4; Ayes with Reservations (Perruso). Noes, none. Excused, 2 (Quinlan, Ward).

Water & Land: Ayes, 7; Ayes with Reservations (Belatti, Shimizu, Souza). Noes, 2 (Iwamoto, Poepoe). Excused, 1 (Woodson).

SCRep. 1399 Water & Land on S.B. No. 1669

The purpose of this measure is to:

- (1) Establish the Transit-Oriented Community Improvement Partnership and Community Improvement Revolving Fund for purposes of developing and implementing transit-oriented community development; and
- (2) Appropriate funds for the establishment and operation of the Transit-Oriented Community Improvement Partnership and establishment of various positions.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands; Hawai'i State Energy Office; Hawai'i Climate Change Mitigation and Adaptation Commission; Trees for Honolulu's Future; Oahu Metropolitan Planning Organization; Hawai'i Bicycling League; Hawai'i Appleseed Center for Law & Economic Justice; Stanford Carr Development; American Institute of Architects Hawaii; and one individual. Your Committee received comments on this measure from the Department of the Attorney General; Department of Budget and Finance; and Office of Planning and Sustainable Development.

Your Committee finds that while significant effort has been made to plan for and prioritize affordable housing in transit-oriented development areas, this same effort has not been put into ensuring these communities have the necessary infrastructure, amenities, and public spaces necessary to create successful, livable communities. As a result, these structures are often put in as an afterthought once people move in and discover gaps in their quality of life. Your Committee believes that establishing a single agency whose primary mission is to prioritize, plan, and build community infrastructure and amenities will ensure the State's transit-oriented developments become livable and desirable communities for Hawaii's residents.

Your Committee has amended this measure by:

- (1) Clarifying that applications for grants should be made to the Transit-Oriented Community Improvement Partnership rather than the Department of Transportation;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1669, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 1669, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Belatti, Shimizu). Noes, none. Excused, 2 (Ichiyama, Woodson).

SCRep. 1400 Water & Land on S.B. No. 1083

The purpose of this measure is to:

- (1) Require the Department of Land and Natural Resources to include line-item funding for maintenance dredging at state small boat harbor facilities in its annual budget request for each fiscal biennium beginning with the 2027-2029 fiscal biennium; and
- (2) Appropriate funds for maintenance dredging at state small boat harbors, boat launch ramp facilities, and other state boating facilities and waterways.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Activities and Attractions Association of Hawaii; Sailing Maui Inc.; The Magic Merman Snorkel Charters; Ocean Tourism Coalition; Polynesian Adventure Tours, LLC; and six individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that maintenance dredging is critical to the upkeep of the State's small boat harbors, channels, ramps, and other port infrastructure. Your Committee further finds that the Department of Land and Natural Resources must obtain funding for dredging through the capital improvement project budget, which often delays the commencement of dredging projects, resulting in increased dredging costs and interfering with vessel navigation and the launching and retrieval of vessels at small boat harbors and other state boating facilities and waterways. Your Committee believes that requiring the Department of Land and Natural Resources to include funding for maintenance dredging as part of the Department's annual budget request will ensure the State's harbors and launch facilities are timely maintained to be safe and accessible.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$ 5,000,000.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1083, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1083, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Shimizu). Noes, none. Excused, 1 (Woodson).

SCRep. 1401 Water & Land on S.B. No. 321

The purpose of this measure is to require that fee simple absolute title of a privately-owned highway, road, alley, street, way, lane, bikeway, bridge, or trail held by a subdivider be deemed transferred to certain owners under certain circumstances.

Your Committee received testimony in support of this measure from three individuals.

Your Committee finds that many private roads that were created as part of a planned community development are owned by entities that have dissolved or are otherwise inactive. As a result, the community associations that maintain these roadways do not have actual title to the roads, which prevents the community associations from being able to secure financing or enter into contracts for road work and creates unnecessary barriers if the State or counties need to acquire an easement involving these roads. Your Committee believes that automatically transferring ownership of these roads after the subdivider has dissolved will ensure the State's roadways are appropriately maintained.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 321, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Shimizu). Noes, none. Excused, 1 (Woodson).

SCRep. 1402 Water & Land on S.B. No. 1146

The purpose of this measure is to appropriate funds to the University of Hawai'i to:

- (1) Develop an action plan and pre-engineering concept plan to help with debris management and water quality control issues in the Ala Wai watershed;
- (2) Establish two graduate assistant positions to assist with the action plan and pre-engineering concept plan; and
- (3) Provide partial summer overload support for faculty mentors providing oversight of the student project teams.

Your Committee received testimony in support of this measure from the University of Hawai'i System; Department of Land and Natural Resources; Waikiki Neighborhood Board; Waikiki Beach Special Improvement District Association; and three individuals.

Your Committee finds that the Ala Wai watershed is a critical component of Hawai'i's ecosystem and a natural resource that provides access and recreational opportunities for local residents and visitors. Your Committee further finds that floating debris in the Ala Wai canal have been a persistent problem that severely harms recreational users and aquatic habitats in the State's nearshore waters. The development of an action plan and pre-engineering concept to address debris accumulation and management and water quality in the Ala Wai canal is a vital step in protecting the State's natural resources.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$125,000.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1146, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Woodson).

SCRep. 1403 Water & Land on S.B. No. 1511

The purpose of this measure is to preserve the quiet recreational character of Hanalei Bay and protect the safety of residents and visitors who use the Bay for water activities by restricting the size of vessels permitted to enter Hanalei Bay.

Your Committee received testimony in support of this measure from the Office of the Mayor of the County of Kaua'i; Hanalei-Wainiha-Ha'ena Community Association; Hanalei Watershed Hui; and one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that in recent years, several large vessels have moored in Hanalei Bay, greatly disrupting the quiet enjoyment of the waters by other residents and visitors and posing a health and safety risk to those partaking in ocean activities in Hanalei Bay. Your Committee further finds that although Hanalei Bay has designated recreational mooring available on a seasonal basis, it cannot safely accommodate large vessels. Your Committee believes that clearly prohibiting these large vessels from entering the bay will protect the health and safety of all users of Hanalei Bay.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1511, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1511, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Woodson).

SCRep. 1404 Water & Land on S.B. No. 1002

The purpose of this measure is to:

- (1) Require the Department of Land and Natural Resources, through the State Historic Preservation Division, to contract its review of proposed state projects and projects affecting historic properties to third-party consultants if the proposed project involves a development intended to be affordable housing, under certain conditions;
- (2) Require the Department of Land and Natural Resources to publish proposed rules regarding the contracting of third-party consultants on its website and later present proposed final rules to the Board of Land and Natural Resources; and
- (3) Appropriate funds to the State Historic Preservation Division for the recruitment and retention of qualified third-party consultants to expedite review of proposed state affordable housing projects and affordable housing projects affecting historic properties.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands; Hawaii Housing Finance and Development Corporation; Grassroot Institute of Hawaii; NAIOP Hawaii; and one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that the State has a duty to preserve the historic and cultural property within Hawaii for the education, inspiration, pleasure, and enrichment of its citizens. Your Committee further finds that, with the State's on-going housing crisis, the State Historic Preservation Division consistently receives more requests for historic review of proposed projects than it can review in a timely manner. This measure is intended to accelerate the construction of affordable housing units and reduce expenses by authorizing the State Historic Preservation Division to contract out the historic review of certain housing projects.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$100,000.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1002, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 1002, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Iwamoto). Noes, none. Excused, 1 (Woodson).

SCRep. 1405 Water & Land on S.B. No. 946

The purpose of this measure is to clarify the exemptions to the prohibition on discharging any wastewater or raw sewage into state waters after December 31, 2026, by:

- (1) Repealing the exemption for treatment plants that produce clean energy; and
- (2) Applying the prohibition to all treatment plants.

Your Committee received testimony in support of this measure from the Department of Health; Office of the Mayor of the County of Maui; and Hawai'i Reef and Ocean Coalition.

Your Committee finds that this measure will enable critical projects, such as the Central Maui Wastewater Reclamation Facility, to move forward without costly delays and will support affordable housing and environmental protection efforts.

Your Committee has amended this measure by:

- (1) Restoring the statutory provisions prohibiting a person from discharging any wastewater or raw sewage into state waters after December 31, 2026; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 946, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as S.B. No. 946, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, 1 (Shimizu). Excused, 1 (Woodson).

SCRep. 1406 Agriculture & Food Systems on S.B. No. 659

The purpose of this measure is to:

- (1) Exempt purchases of fresh local agricultural products and local value-added, processed, agricultural, or food products of less than a certain dollar amount from the electronic procurement system, subject to certain requirements;
- (2) Require the Department of Education to establish guidelines for determining a county-level geographic preference for locally sourced products when procuring products; and
- (3) Exempt the Department of Education from the requirement that certain agricultural products be subject to the Hawaii Public Procurement Code.

Your Committee received testimony in support of this measure from the Department of Education; Department of Agriculture; City and County of Honolulu Office of Climate Change, Sustainability, and Resiliency; Local Food Coalition; Ulupono Initiative; Hawai'i Farm Bureau; Hawai'i Public Health Institute; and one individual. Your Committee received comments on this measure from the State Procurement Office.

Your Committee finds that increasing the procurement of locally sourced agricultural products for public schools is essential to strengthening Hawaii's farm to school efforts. While section 302A-405.6, Hawaii Revised Statutes, mandates that at least thirty percent of school meals be sourced locally by 2030, existing procurement processes favor large, out-of-state suppliers, limiting opportunities for Hawaii's farmers and ranchers. This measure streamlines the procurement process by adjusting small purchase thresholds, exempting certain purchases from the Hawaii Public Procurement Code, and requiring the establishment of guidelines for geographic preferences for local products, strengthening the State's commitment to long-term food sustainability and student nutrition.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 659, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Ward).

SCRep. 1407 Agriculture & Food Systems on S.B. No. 125

The purpose of this measure is to:

- (1) Expand the definition of "eligible business activity" for purposes of the State Enterprise Zone Program by including:
 - (A) The sale of tangible personal property manufactured and sold at retail in an enterprise zone for consumption or use by the purchaser and not for resale;
 - (B) The processing of value-added agricultural products, all or some of which were grown within an enterprise zone;
 - (C) The provision of professional services by health care professionals in health-care-related sectors; and

- (D) The use of advanced manufacturing to produce products and the development of cybersecurity technology;
- (2) Extend from seven years to nine years the eligibility period of the state business tax credit and general excise tax exemption for qualified businesses within enterprise zones; and
- (3) Extend from ten years to twelve years the eligibility period of the general excise tax exemption for qualified businesses within enterprise zones engaged in the manufacturing of tangible personal property or the producing or processing of agricultural products.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Agribusiness Development Corporation; Holomua Collaborative; Hawaii Military Affairs Council; Hawai'i Community Foundation; Mana Up; HPM Building Supply; Tori Richard; Title Guaranty of Hawai'i; Hawaii Food Industry Association; Hawai'i Forest Industry Association; Hawai'i Farm Bureau; Grassroot Institute of Hawaii; Chamber of Commerce Hawaii; Maui Chamber of Commerce; and three individuals. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that the State Enterprise Zone Program was established to stimulate economic growth by providing tax and regulatory incentives to businesses operating in designated areas. While traditionally benefiting industries such as agriculture, manufacturing, and distribution, the State Enterprise Zone Program's eligibility requirements have not kept pace with emerging industries or technologies or evolving business models, particularly for local manufacturers who sell directly to consumers rather than through wholesalers. By updating the State Enterprise Zone Program to reflect current economic realities, this measure strengthens local businesses, fosters job creation, and enhances economic opportunities for Hawaii's communities.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 125, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Ward).

SCRep. 1408 Agriculture & Food Systems on S.B. No. 739

The purpose of this measure is to:

- (1) Allow the Governor to negotiate land exchanges, subject to approval by the Board of Land and Natural Resources, to acquire lands that are suitable for long-term diversified agricultural production in exchange for land for private affordable, workforce, or other housing development; and
- (2) Require the Governor to submit a report to the Legislature prior to the Regular Session of 2026.

Your Committee received testimony in support of this measure from the Agribusiness Development Corporation; Hawaii Food+ Policy; Hawai'i Farm Bureau; and one individual. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources and Office of Hawaiian Affairs.

Your Committee finds that Hawaii's shift away from plantation agriculture has left vast tracts of former sugar and pineapple lands unused, while the State simultaneously faces a severe shortage of affordable and workforce housing. This measure establishes a framework for the State to negotiate land exchanges that align with agricultural sustainability and housing development needs, ensuring efficient land use for public benefit.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 739, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Ward).

SCRep. 1409 Agriculture & Food Systems on S.B. No. 1099

The purpose of this measure is to authorize the Land Use Commission to designate county or state lands as Important Agricultural Lands and adopt maps for the designated lands in counties that fail to identify and recommend Important Agricultural Lands by December 31, 2027.

Your Committee received comments on this measure from the Department of Agriculture; Land Use Commission; and Hawai'i Farm Bureau.

Your Committee finds that the designation of Important Agricultural Lands is essential for preserving agricultural viability and ensuring long-term food security in the State. While counties are responsible for identifying county lands and recommending those lands for designation as Important Agricultural Lands, delays in this process threaten the protection of prime agricultural lands from urbanization and other non-agricultural uses. This measure addresses this issue by authorizing the Land Use Commission to designate county or state lands as Important Agricultural Lands if a county fails to fulfill its obligations by December 31, 2027, ensuring that vital lands remain available for farming and food production.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1099, H.D. 1, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Ward).

SCRep. 1410 Agriculture & Food Systems on S.B. No. 1250

The purpose of this measure is to establish and appropriate funds for the Hawaii Farm to Families Program to fund food banks in the State to purchase, store, and transport locally grown or produced food to communities that are experiencing food insecurity.

Your Committee received testimony in support of this measure from the Department of Agriculture; Office of Hawaiian Affairs; Office of the Mayor of the County of Maui; Makakilo/Kapolei/Honokai Hale Neighborhood Board No. 34; Department of Research and Development of the County of Hawai'i; City and County of Honolulu Office of Climate Change, Sustainability, and Resiliency; Hawai'i Youth Food Council; Hawaii Crop Improvement Association; Green Party Hawai'i; Hawai'i Pacific Health; Hawaii Cattlemen's Council; Ohana Unity Party; Kauai Climate Action Coalition; Ulupono Initiative; Democratic Party of Hawai'i; Hawai'i Foodbank; Hawaii Appleseed Center for Law & Economic Justice; Hawaii Food Industry Association; Maui Food Bank; Hawai'i Health & Harm Reduction Center; Ho'okipa Kauai; The Salvation Army Ray & Joan Kroc Corps Community Center; Lokoea Farms; Hawai'i Alliance for Progressive Action; The Food Basket Inc.; Hawai'i Children's Action Network Speaks!; 350Hawaii.org; Kokua Kalihi Valley Comprehensive Family Services; Our Lady of Sorrows Church; Hawai'i Hunger Action Network; Maui County Farm Bureau; Hawai'i Farm Bureau; Hawai'i Food+ Policy; Hawaii Farmers Union; Maui Chamber of Commerce; Kaiser Permanente Hawai'i; and numerous individuals.

Your Committee finds that food insecurity is a pressing issue in Hawaii, with one in three households struggling to access consistent and nutritious food. This crisis disproportionately impacts vulnerable populations, particularly keiki and Native Hawaiian and Pacific Islander communities. This measure

establishes and funds the Hawaii Farm to Families Program, which will enable food banks to purchase, store, and distribute fresh, locally grown produce to food-insecure communities. By strengthening the connection between local agriculture and food assistance programs, this measure not only ensures that families receive nutritious food but also supports Hawaii's farmers.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$2,000,000.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1250, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1250, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Ward).

SCRep. 1411 Agriculture & Food Systems/Energy & Environmental Protection on S.B. No. 443

The purpose of this measure is to require lands within the agricultural district that have solar energy facilities to obtain certification from the Department of Agriculture that the lands are also used for farming operations.

Your Committees received testimony in support of this measure from the Agribusiness Development Corporation; Ulupono Initiative; 350Hawaii.org; Hawai'i Farm Bureau; and Hawai'i Food+ Policy. Your Committees received comments on this measure from the Department of Agriculture and Hawaii State Energy Office.

Your Committees find that while renewable energy development is important, prime farmland is increasingly being repurposed for solar energy projects, reducing the availability of land for farming and diminishing the State's efforts to achieve agricultural self-sufficiency. This measure mitigates this issue by requiring that any lands within the agricultural district with class B or C soils upon which are sited solar energy facilities obtain certification from the Department of Agriculture to confirm active and legitimate farming operations. By reinforcing agricultural use requirements, this measure safeguards vital farmland, ensures that agricultural lands remain productive in agriculture, and upholds the State's commitment to strengthening local food security.

Your Committees have amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style, including conforming amendments to section 205-2(d)(6)(B), Hawaii Revised Statutes.

As affirmed by the records of votes of the members of your Committees on Agriculture & Food Systems and Energy & Environmental Protection that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 443, S.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 443, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chairs on behalf of the Committees.

Agriculture & Food Systems: Ayes, 4. Noes, none. Excused, 2 (Quinlan, Ward).

Energy & Environmental Protection: Ayes, 4. Noes, none. Excused, 2 (Quinlan, Ward).

SCRep. 1412 Agriculture & Food Systems/Economic Development & Technology on S.B. No. 330

The purpose of this measure is to authorize the Hawaii Department of Agriculture to enforce quarantines issued by the United States Department of Agriculture.

Your Committees received testimony in support of this measure from the Coordinating Group on Alien Pest Species; Hawai'i Farm Bureau; and one individual. Your Committees received comments on this measure from the Department of Agriculture.

Your Committees find that protecting Hawaii's agricultural sector from invasive pests and diseases is essential to sustaining local food production and ensuring agricultural resilience. Existing state regulations restricting the importation of certain crops are outdated and do not adequately address the current threats posed by emerging pests and plant diseases. This measure strengthens the State's biosecurity by authorizing the Department of Agriculture to enforce federal pest and disease quarantines, closing a critical gap in agricultural protection and preventing the spread of harmful infestations. However, your Committees also find that certain amendments are necessary to remove provisions that the Department of Agriculture has testified are unnecessary or not aligned with certain standard requirements.

Accordingly, your Committees have amended this measure by:

- (1) Clarifying conditions that apply to interstate shipments for entry into the State;
- (2) Deleting certain definitions;
- (3) Adding a definition for "state";
- (4) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Agriculture & Food Systems and Economic Development & Technology that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 330, S.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 330, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chairs on behalf of the Committees.

Agriculture & Food Systems: Ayes, 4. Noes, none. Excused, 2 (Quinlan, Ward).

Economic Development & Technology: Ayes, 7. Noes, none. Excused, none.

SCRep. 1413 Higher Education on S.B. No. 1252

The purpose of this measure is to require and appropriate funds for the Board of Regents of the University of Hawaii to establish a specialized training program to educate health care providers on caring for patients having Alzheimer's disease and other forms of dementia.

Your Committee received testimony in support of this measure from the John A. Burns School of Medicine of the University of Hawai'i at Manoa; Alzheimer's Association – Hawaii; and three individuals.

Your Committee finds that many healthcare providers rarely receive specialized training on dementia. Standard training on dementia for healthcare providers is often minimal and consists only of basic information.

Your Committee further finds that the University of Hawaii at Manoa's John A. Burns School of Medicine, University of Hawaii's Center for Aging, and University of Hawaii's Thompson School of Social Work and Public Health have been providing courses and actively engaging in educating and training students in Alzheimer's disease and dementia. Your Committee believes that additional staff positions are necessary to provide greater coordination between the various University of Hawaii programs in delivering training in caring for patients with Alzheimer's disease and other forms of dementia.

Your Committee has accordingly amended this measure by:

- (1) Deleting language that would have required and appropriated funds for the Board of Regents of the University of Hawaii to establish a specialized training program to educate health care providers on caring for patients having Alzheimer's disease and other forms of dementia;
- (2) Inserting language to appropriate funds to the University of Hawaii to establish positions for the University of Hawaii at Manoa John A. Burns School of Medicine's Department of Geriatric Medicine to provide coordination between the University of Hawaii's programs that provide training on Alzheimer's disease and dementia;
- (3) Amending the preamble to reflect its amended purpose;
- (4) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$525,000 to establish two full-time equivalent positions for the University of Hawaii at Manoa John A. Burns School of Medicine's Department of Geriatric Medicine to provide coordination between the University of Hawaii's programs that provide training on Alzheimer's disease and dementia.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1252, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1252, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Sayama, Woodson).

SCRep. 1414 Higher Education on S.B. No. 657

The purpose of this measure is to appropriate funds to establish and operate the Center for Climate Resilient Development within the School of Ocean and Earth Science and Technology at the University of Hawaii at Manoa.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Office of Planning and Sustainable Development; University of Hawai'i School of Ocean and Earth Science and Technology; City and County of Honolulu Office of Climate Change; Ulupono Initiative; Surfrider Foundation Hawai'i Region; Climate Protectors Hawai'i; Coalition Earth; Hawai'i Climate Change and Health Working Group; and three individuals.

Your Committee finds that the State is vulnerable to climate change and lacks an office or agency that is responsible for developing community resiliency plans. Your Committee further finds that the School of Ocean and Earth Science and Technology (SOEST) at the University of Hawaii at Manoa has already been working with communities to identify multiple forms of flooding due to sea level rise, hurricane storm surge, heat projections, and leveraging campus-wide expertise in wildfire ignition modeling. Your Committee notes that the work conducted at SOEST has largely been funded by federal grants. Instability, gridlock, and uncertainty in funding from the federal government puts the important work of SOEST at risk of being lost. This measure appropriates funds for the establishment and operation of a Center for Climate Resilient Development within SOEST and will ensure that SOEST's critical research activities continue.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 657, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Muraoka). Noes, none. Excused, 2 (Sayama, Woodson).

SCRep. 1415 Health on S.B. No. 479

The purpose of this measure is to:

- (1) Amend the funding sources of the Hawaii ABLE Savings Program Trust Fund;
- (2) Repeal the Director of Finance's discretionary authority to use monies in the Hawaii ABLE Savings Program Trust Fund under certain circumstances;
- (3) Authorize the Director of Finance to expend monies in the Hawaii ABLE Savings Program Trust Fund to provide incentive payments to ABLE account owners; and
- (4) Appropriate funds for incentive payments and a full-time position to support the Hawaii ABLE Savings Program.

Your Committee received testimony in support of this measure from the Executive Office on Aging; Disability and Communication Access Board; State Council on Developmental Disabilities; Special Education Advisory Council; one member of the Kaua'i County Council; Hawaii Self-Advocacy Advisory Council; Hawaii Disability Rights Center; Easterseals Hawaii; and six individuals.

Your Committee finds that ABLE savings accounts provide individuals with disabilities the same types of flexible savings accounts that people without disabilities have, such as college savings accounts, health savings accounts, and individual retirement accounts, and give these individuals the ability to accrue savings to pay for a variety of expenses.

Your Committee further finds that approximately twenty-three thousand individuals with developmental disabilities and twenty thousand individuals with other disabilities in the State are eligible to open an ABLE savings account. However, these accounts are currently underutilized as individuals with disabilities and their families are either unaware that the ABLE Savings Program exists or believe that using the Program will endanger any benefits they currently receive. This measure is intended to promote financial independence for individuals with disabilities by incentivizing the use of ABLE savings accounts.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$75,000 for the Hawaii ABLE Savings Program and one full-time equivalent position to administer the Program.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 479, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1416 Health on S.B. No. 532

The purpose of this measure is to authorize public school employees and agents who have completed appropriate training to administer medication for students consistent with standards applicable to school health assistants.

Your Committee received testimony in support of this measure from the Department of Education; Department of Health; University of Hawai'i at Mānoa School of Nursing and Dental Hygiene; University of Hawai'i at Mānoa John A. Burns School of Medicine; Special Education Advisory Council; and one individual. Your Committee received testimony in opposition to this measure from the Hawaii Patriot Republicans and two individuals.

Your Committee finds that, due to increasing vacancies for school health assistants, many public schools experience challenges in meeting the needs of students who are prescribed medications or may benefit from receiving medications in emergency situations while on campus. Your Committee further finds that, as the administration of medication would not constitute a skilled nursing service, public school employees and agents in addition to school health assistants, can receive the training necessary to administer these medications. Your Committee believes that allowing the Department of Education to train staff as an additional resource to support students will ensure continuity of student health services while maintaining student safety.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 532, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Alcos). Noes, 1 (Garcia). Excused, none.

SCRep. 1417 Health on S.B. No. 1438

The purpose of this measure is to prohibit home health care agencies from providing services outside the scope of their facility license.

Your Committee received testimony in support of this measure from the Department of Health. Your Committee received testimony in opposition to this measure from the Libertarian Party of Hawaii and one individual.

Your Committee finds that some operators of home care agencies provide skilled nursing services to clients that are not rendered by a licensed nurse. Your Committee further finds that because the Board of Nursing may not have the authority to regulate unlicensed providers of nursing care employed by home care agencies, providing the Department of Health with enforcement authority will ensure appropriate services are provided and more effectively ensure patient safety.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1438, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, 2 (Alcos, Garcia). Excused, none.

SCRep. 1418 Health on S.B. No. 850

The purpose of this measure is to require, and appropriate funds for, the State Council on Developmental Disabilities to study health disparities experienced by individuals with intellectual or developmental disabilities in the State to develop data to inform the State's public health policies and practices.

Your Committee received testimony in support of this measure from the Office of Wellness and Resilience; University of Hawai'i System; Executive Office on Aging; Disability and Communication Access Board; State Council on Developmental Disabilities; Hawaii Self-Advocacy Advisory Council; Hawaii Disability Rights Center; Easterseals Hawaii; and four individuals.

Your Committee finds that adults with intellectual or developmental disabilities experience disproportionate health disparities in comparison to their peers without disabilities. Your Committee further finds that there is a critical lack of information on the health disparities and social determinants of health for individuals with intellectual or developmental disabilities in the State, leading to gaps in research, health care, and policies that unnecessarily create challenges for people with intellectual or developmental disabilities. Your Committee believes that there is a pressing need to develop an updated, accurate set of data on the health disparities of individuals with intellectual or developmental disabilities and their social determinants of health, including the development of baseline data and prevalence rates, to ensure individuals with intellectual or developmental disabilities in Hawaii are provided with appropriate resources, health care, and social services.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$550,000.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 850, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 850, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1419 Health on S.B. No. 1279

The purpose of this measure is to authorize pharmacists under contract with covered entities under the federal 340B Drug Pricing Program to supervise the filling or receipt of a prescription via telehealth under certain circumstances.

Your Committee received testimony in support of this measure from the Department of Corrections and Rehabilitation; Hawai'i Primary Care Association; American Cancer Society Cancer Action Network; Grassroot Institute of Hawaii; AlohaCare; Alzheimer's Association-Hawaii; AARP Hawai'i; and one

individual. Your Committee received testimony in opposition to this measure from the Board of Pharmacy; Rainbow Pharmacy Lanai; and Moloka'i Drugs, Inc.

Your Committee finds that under the federal 340B Drug Pricing Program (340B Program), certain health care organizations are able to receive discounts on prescription drugs. However, in order to receive these discounts, the health care organization must either operate a pharmacy at the location where the prescriptions are filled for distribution or contract with a participating third-party pharmacy to fill and distribute the medications. Your Committee further finds that some neighbor island health care organizations are too small to make employing a full-time pharmacists cost effective. As a result, if the retail pharmacies in those areas choose to not participate in the 340B Program, these health care organizations must contract with off-island pharmacies to fill prescriptions, resulting in delays in patient care. Your Committee believes that authorizing pharmacists to supervise the filling and receipt of prescriptions via telehealth, under certain circumstances, will improve health outcomes in the State's medically underserved areas and ensure patients receive their prescription medication in a timely fashion. Your Committee wishes to encourage community health centers to engage with area pharmacies utilizing the 340B Program to the fullest extent possible to offer in-person pharmacy services.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1279, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1279, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1420 Health on S.B. No. 299

The purpose of this measure is to appropriate funds to the Healthcare Education Loan Repayment Program to continue to provide loan repayment assistance to health care workers in Hawaii.

Your Committee received testimony in support of this measure from the Office of the Governor; Department of Health; State Health Planning and Development Agency; University of Hawai'i at Mānoa John A. Burns School of Medicine; one member of the Kaua'i County Council; Healthcare Association of Hawaii; Hawai'i Pacific Health; Hawaii Medical Association; Democratic Party of Hawai'i; Hawai'i – American Nurses Association; Hawaii Substance Abuse Coalition; Liberty Dialysis-Hawaii'i; Hawai'i Primary Care Association; The Queen's Health Systems; Hawai'i Nurses' Association – OPEIU Local 50; Hawaii Medical Service Association; Hawaii Association of Health Plans; Hawaii Dental Association; Kaiser Permanente Hawai'i; AlohaCare; and two individuals.

Your Committee finds that a persistent workforce shortage in Hawaii's health care industry has created difficulties for patients trying to access health care services, in part because of the combination of the State's high cost of living and the large amount of educational debt carried by many health care professionals. Your Committee further finds that the Legislature appropriated a total of \$30,000,000 over the 2024-2025 fiscal biennium to fund a Healthcare Education Loan Repayment Program (HELP), which assists health care professionals in Hawaii with repaying their health care education loans in exchange for a commitment to provide at least two years of health care service to patients in Hawaii.

In 2023, HELP awarded loan repayments to eight hundred ninety health care workers, including two hundred thirty-eight primary care providers and two hundred fifty behavioral health providers, and had approximately one thousand five hundred applicants waitlisted; these waitlisted applicants will be reviewed, and awards will continue to be provided to the extent that funding is available for 2024 applications. The program awarded grants to a wide range of health care providers, including case managers, certified nurse assistants, social workers, registered nurses, and physicians. Your Committee believes that continuing to fund this program will help the State address its health care workforce shortages, encourage health care professionals to remain in the State, and ensure Hawaii's residents receive timely access to health care services.

Your Committee has amended this measure by:

- (1) Requiring applicants for loan repayment assistance to commit to two years of full-time service in the State;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$30,000,000.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 299, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 299, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1421 Health on S.B. No. 1323

The purpose of this measure is to update the State's advance health care directive laws by adopting the Uniform Health-Care Decisions Act (2023) in modified form.

Your Committee received testimony in support of this measure from the Department of Health; Department of the Attorney General; and Commission to Promote Uniform Legislation. Your Committee received comments on this measure from the Hawaii Disability Rights Center and Healthcare Association of Hawaii.

Your Committee finds that the Uniform Law Commission approved and recommended the Uniform Health-Care Decisions Act (2023) for enactment in all states. Your Committee further finds that although the State's existing laws address advance directives broadly, the Uniform Health-Care Decisions Act (2023) provides a more comprehensive framework for a variety of advance directives, including advance mental health care directives. Your Committee believes that adopting the Uniform Health Care Decisions Act (2023) in modified form will simplify the process to execute an advance health care directive.

Your Committee has amended this measure by:

- (1) Clarifying the definition of "advanced practice registered nurse";

- (2) Deleting language that established a process for an individual who is the subject of a finding of lack of capacity to object to the finding and required the individual to be treated as having capacity unless certain conditions were met;
- (3) Requiring that a signed declaration from a person who is assuming the authority to act as a default include a statement that the declaration was provided under penalty of law;
- (4) Deleting language that removed the power of an agent or default surrogate to make health care decisions for an individual who is the subject of a finding of lack of capacity if the individual objected to the finding;
- (5) Deleting language that prohibited a default surrogate from making a health care decision under certain conditions;
- (6) Reducing the amount of damages that may be awarded against a health care professional or health care institution for a violation of duties to \$5,000, rather than \$50,000;
- (7) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1323, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1323, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1422 Health on S.B. No. 1452

The purpose of this measure is to update the State's Uniform Controlled Substance Act to make it consistent with amendments to the federal Controlled Substances Act.

Your Committee received testimony in support of this measure from the Department of Law Enforcement.

Your Committee finds that this measure fulfills the Department of Law Enforcement's statutory obligation to recommend to the Legislature any changes to state law that would correspond to changes in federal law regarding the scheduling of controlled substances.

Your Committee has amended this measure by:

- (1) Making additional conforming amendments to conform state law with the federal Controlled Substances Act;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1452, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1452, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1423 Health on S.B. No. 1411

The purpose of this measure is to amend third party liability provisions for Medicaid programs for payment as required under the federal Consolidated Appropriations Act, 2022.

Your Committee received testimony in support of this measure from the Department of Human Services.

Your Committee finds that updates to state law are necessary to conform to new third party liability requirements included in the federal Consolidated Appropriations Act, 2022. This measure requires certain third-party payers to be responsible for reimbursing Medicaid providers based on the standards of the Medicaid program and prohibits providers from denying payment based on other standards.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1411, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1411, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1424 Health on S.B. No. 1245

The purpose of this measure is to mandate reimbursement for services provided by pharmacists within their scope of practice by private and public health plans in the State.

Your Committee received testimony in support of this measure from the University of Hawai'i at Hilo; Board of Pharmacy; Hep Free Hawaii; Hawai'i Pacific Health; Hawai'i Primary Care Association; The Queen's Health Systems; National Community Pharmacists Association; Grassroot Institute of Hawaii; Walgreen Co.; Hawai'i Pharmacists Association; American Pharmacists Association; The Family Medicine Center; Times Pharmacy; Moloka'i Drugs, Inc.; and numerous individuals.

Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs; Office of the Auditor; Hawaii Medical Service Association; and Hawaii Association of Health Plans.

Your Committee finds that pharmacists are geographically dispersed throughout the State's communities and can bridge the gaps created by the State's physician shortage by educating patients on how and when to check blood sugar, ways to avoid and manage hypoglycemia, how to take their medications correctly to avoid adverse effects, and various medication utilization techniques. Your Committee further finds that the lack of access to pharmacist services

disproportionally affects patient populations in the most isolated areas of the State. Aligning the pharmacist reimbursement practices with the provision of their services, comparable to other health care providers, will allow pharmacies to remain open and enable local pharmacists to continue providing vital care to their patients.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1245, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1245, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1425 Health on S.B. No. 228

The purpose of this measure is to prohibit excited delirium from being:

- (1) Recognized as a valid medical diagnosis or cause of death in the State or stated on a certificate of death or any report as to the cause of death by a local health officer or agent of the Department of Health; and
- (2) Used by a law enforcement officer to describe an individual in an incident report.

Your Committee received testimony in support of this measure from the Office of the Public Defender; Hawaii Disability Rights Center; Community Alliance on Prisons; Hui Malama Pono Hawai'i; National Police Accountability Project; ACLU of Hawai'i; and numerous individuals. Your Committee received comments on this measure from the Judiciary and Department of Health.

Your Committee finds that "excited delirium" is a term with no medical basis that is used to justify the use of excessive force by some law enforcement officers against individuals experiencing a mental health crisis. Your Committee further finds that "excited delirium" has no consistent definition or diagnostic criteria and is not currently included in the DSM-5, the authoritative classification system for mental health disorders used by medical professionals in the United States. Your Committee believes that the interests of justice and public health and safety dictate that "excited delirium" should not be used for purposes of medical diagnoses or in the context of government or judicial actions.

Your Committee also finds that H.B. No. 36, H.D. 2 (Regular Session of 2025), a substantially similar measure, was previously passed by the House.

Your Committee has amended this measure by deleting its contents and inserting the contents of H.B. No. 36, H.D. 2, a measure that:

- (1) Prohibits excited delirium from being recognized as a valid medical diagnosis or cause of death in the State and places this prohibition in Chapter 327C, Hawaii Revised Statutes, relating to death;
- (2) Prohibits a medical examiner, coroner, or health care provider from stating on a certificate of death or in any report that the cause of death was excited delirium;
- (3) Prohibits law enforcement officers from using the term excited delirium to describe an individual in an incident report;
- (4) Establishes a new Hawaii Rule of Evidence that deems evidence that a person experienced or suffered excited delirium inadmissible in a civil action; and
- (5) Takes effect July 1, 3000.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 228, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 228, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Alcos, Garcia). Noes, none. Excused, none.

SCRep. 1426 Health/Human Services & Homelessness on S.B. No. 1442

The purpose of this measure is to clarify and update the responsibilities of the Child and Adolescent Mental Health Division of the Department of Health to reflect the State's current mental health systems of care for children and adolescents.

Your Committees received testimony in support of this measure from the Office of Wellness and Resilience; Department of Health Child & Adolescent Mental Health Division; State Council on Mental Health; Office of Hawaiian Affairs; Hawaii Substance Abuse Coalition; and one individual.

Your Committees find that the Child and Adolescent Mental Health Division (Division) of the Department of Health is the State's Medicaid provider of intensive mental health services for the State's youth and provides mental health services in coordination and collaboration with other state agencies. Your Committees further find that it has been fifty years since the State's laws on mental health services for children and youth were enacted and the existing laws do not accurately reflect the current role of the Division in addressing the mental health needs of children and adolescents in the State. This measure is intended to clarify the Division's role in delivering mental health services to the State's children and adolescents in a manner that is child- and family-centered, culturally sensitive, and evidence-based.

Your Committees have amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Health and Human Services & Homelessness that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 1442, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 1442, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chairs on behalf of the Committees.

Health: Ayes, 9. Noes, none. Excused, none.

Human Services & Homelessness: Ayes, 9. Noes, none. Excused, none.

SCRep. 1427 Public Safety on S.B. No. 414

The purpose of this measure is to:

- (1) Require the Hawaii Housing Finance and Development Corporation to institute proceedings to condemn certain lands in Lahaina to build a new access road from Keawe Street to the Kilohana and Kalaiala sites developed in the Villages of Leialii; and
- (2) Appropriate funds out of the Major Disaster Fund for appraisals and other preparations necessary to institute the condemnation proceedings.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands; Hawaii Housing Finance and Development Corporation; and Maui Chamber of Commerce. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that the emergency temporary housing for survivors of the 2023 Maui wildfires is constructed above existing residential subdivisions. Your Committee further finds that significant community concern exists about increased traffic and congestion in these areas. Your Committee also finds that this measure would enhance transportation efficiency and public safety.

Your Committee has amended this measure by:

- (1) Requiring the Department of Transportation, rather than the Hawaii Housing Finance and Development Corporation, to institute the condemnation proceedings; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Public Safety that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 414, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 414, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Woodson).

SCRep. 1428 Public Safety on S.B. No. 1381

The purpose of this measure is to:

- (1) Allow the head of the Hawaii Air National Guard to hold the rank authorized by the United States Department of the Air Force, which is currently major general;
- (2) Provide the Adjutant General with the flexibility to assign either the Chief of Staff or the Assistant Adjutant General to lead the Hawaii Air National Guard; and
- (3) Authorize the pay and allowances for the Chief of Staff of the Hawaii Air National Guard to be determined according to the pay tables of the regular Air Force of the United States.

Your Committee received testimony in support of this measure from the Department of Defense; Hawaii Air National Guard; and one individual.

Your Committee finds that this measure provides the Adjutant General with the flexibility to appoint either the Chief of Staff or the Assistant Adjutant General to head the Hawaii Air National Guard. Your Committee further finds that this measure will clarify the chain of command as well as administrative and operational taskings.

As affirmed by the record of votes of the members of your Committee on Public Safety that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1381, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Woodson).

SCRep. 1429 Public Safety on S.B. No. 422

The purpose of this measure is to authorize the Department of Education to establish a program to award a high school diploma to a qualified person who did not receive a high school diploma as a result of compulsory or voluntary induction into active service in the armed services of the United States or whose high school education was interrupted due to wartime practices during World War II, the Korean War, or the Vietnam War.

Your Committee received testimony in support of this measure from the Hawaii Military Affairs Council and Chamber of Commerce Hawaii.

Your Committee finds that compulsory or voluntary induction into active service in the armed services of the United States and the implementation of other wartime practices caused the interruption of many individuals' education. Your Committee further finds that the establishment of a program to award high school diplomas to these persons recognizes their service and sacrifice.

As affirmed by the record of votes of the members of your Committee on Public Safety that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 422, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Woodson).

SCRep. 1430 Public Safety on S.B. No. 371

The purpose of this measure is to establish the offense of criminal property damage to critical infrastructure facilities in the first and second degree.

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney of the County of Maui; Charter Communications; Hawaiian Electric; CTIA; and one individual. Your Committee received testimony in opposition to this measure from the Office of the Public Defender. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that modern life increasingly relies on the electrical grid to provide power for essential services, such as respiratory devices, temperature control, and emergency response, as well as other public and private systems, such as gas, water, and telecommunications networks. This heightened reliance makes the State very vulnerable to any criminal act that damages this infrastructure. Although existing laws may address particular actions or impose specific penalties, as a whole, they do not deal with a scenario in which a bad actor intentionally or knowingly damages critical infrastructure.

Your Committee has amended this measure by:

- (1) Removing "reckless" and "negligent" as mental states in the proposed offense of criminal property damage to critical infrastructure facilities in the first and second degree; and
- (2) Changing its effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Public Safety that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 371, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 371, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Iwamoto, Shimizu). Noes, none. Excused, none.

SCRep. 1431 Public Safety on S.B. No. 1379

The purpose of this measure is to:

- (1) Establish the Community Readiness Centers Program to be implemented and administered by the Hawaii Emergency Management Agency;
- (2) Establish the Community Readiness Centers Special Fund to fund the Community Readiness Centers Program;
- (3) Rename the Environmental Response, Energy, and Food Security Tax to the Environmental Response, Energy, Food Security, and Resilience Tax and directs a portion of the tax into the Community Readiness Centers Special Fund; and
- (4) Appropriate funds to acquire lands for Community Readiness Centers and for an emergency operations center.

Your Committee received testimony in support of this measure from the Hawai'i Emergency Management Agency; Catholic Charities Hawai'i; Climate Hawai'i; Hawai'i Food+ Policy; and four individuals. Your Committee received testimony in opposition to this measure from the Hawaii County Civil Defense Agency. Your Committee received comments on this measure from the Disability and Communication Access Board; Kaua'i Emergency Management Agency; and Tax Foundation of Hawaii.

Your Committee finds that as natural disasters become more frequent, it is vital to have centralized locations where communities across the State can access essential support, information, supplies, and health and medical services during and after emergencies. Your Committee further finds that this measure takes a proactive approach to preparing the people of Hawaii for natural disasters and other emergencies.

Your Committee has amended this measure by:

- (1) Requiring the Hawaii Emergency Management Agency to develop, rather than provide, a selection criteria matrix of standards necessary for constructing community readiness centers;
- (2) Adding the Hawaii Advisory Council on Emergency Management and county emergency management administrators as parties to be consulted by the Hawaii Emergency Management Agency in its development of a selection criteria matrix of standards necessary for constructing community readiness centers, including identifying geographic areas where community readiness center sites would be able to withstand natural disasters;
- (3) Changing its effective date to July 1, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to appropriate \$10,800,000 for the initial design of four community readiness center sites and \$1,200,000 for contract support, for a total appropriation of \$12,000,000.

As affirmed by the record of votes of the members of your Committee on Public Safety that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1379, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1379, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Iwamoto, Shimizu). Noes, none. Excused, none.

SCRep. 1432 Public Safety/Water & Land on S.B. No. 223

The purpose of this measure is to:

- (1) Require the Department of Land and Natural Resources to establish an independent program relating to the prevention, control, and extinguishment of wildland fires within forest reserves;
- (2) Authorize the Administrator of the Division of Forestry and Wildlife of the Department of Land and Natural Resources to establish and maintain facilities for the performance of fire protection, fire prevention, pest control, and forest and range protection and enhancement activities;
- (3) Require the State Fire Council to amend the State Fire Code to require certain owners and occupants of properties located in hazardous fire areas to maintain effective firebreaks and to practice other fire prevention activities; and
- (4) Require the Department of Land and Natural Resources to establish and implement a Community Fuels Reduction Project to reduce hazardous wildfire fuels on state lands, particularly those adjacent to communities.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources. Your Committees received comments on this measure from the Department of Education and Land Use Research Foundation of Hawaii.

Your Committees find that adopting strategies and practices to prevent and control wildfires, including establishing firebreaks and reducing hazardous wildfire fuels, will help limit the occurrence and rapid spread of wildfires. Your Committees further find that this measure takes a proactive approach to protect the State's communities from the devastation caused by wildfires.

Your Committees have amended this measure by:

- (1) Authorizing the Department of Land and Natural Resources to perform fuel reduction on lands not set aside to the Department;
- (2) Allowing, rather than requiring, the State Fire Council to amend the State Fire Code to require that every owner or other person having charge of or control over any building, structure, or other premises or any holder of an easement located in a hazardous fire area to maintain effective firebreaks and to practice other fire prevention activities; and
- (3) Changing its effective date to July 1, 3000, to encourage further discussion.

Your Committees respectfully request your Committee on Finance, should it deliberate on this measure, to consider appropriating \$10,000,000 for the Division of Forestry and Wildlife of the Department of Land and Natural Resources to undertake fire prevention, control, and reduction work statewide.

As affirmed by the records of votes of the members of your Committees on Public Safety and Water & Land that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 223, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 223, S.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Public Safety: Ayes, 9. Noes, none. Excused, 1 (Woodson).

Water & Land: Ayes, 9. Noes, none. Excused, 1 (Woodson).

SCRep. 1433 Legislative Management on S.B. No. 1545

The purpose of this measure is to repeal language in the State's Code of Ethics that exempts the legislative branch from prohibitions against nepotism in public employment.

Your Committee received testimony in support of this measure from the Hawai'i State Ethics Commission and four individuals.

Your Committee finds that under existing law, the hiring, supervision, and contractual engagements of relatives or household members are generally restricted for most state employees to prevent conflicts of interest and improper favoritism. However, these statutory provisions do not currently extend to legislative and judicial branch employees, thereby creating a regulatory inconsistency that could undermine public confidence in the integrity of legislative operations. This measure subjects legislative branch employees to the same ethical standards applicable to other state employees. Your Committee further finds that judicial branch employees should also be subject to prohibitions against nepotism. Amendments to this measure are therefore needed so that nepotism is prohibited within all three branches of state government.

Accordingly, your Committee has amended this measure by:

- (1) Repealing language that exempts the judicial branch from prohibitions against nepotism in public employment;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Legislative Management that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1545, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1545, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Matsumoto).

SCRep. 1434 Housing on S.B. No. 79

The purpose of this measure is to:

- (1) Require the Department of Land and Natural Resources to determine the effect of any proposed housing project that may affect a historical property, an aviation artifact, or a burial site within ninety days of a request for determination;
- (2) Establish historic review requirements based on the project area's known historic, cultural, and archaeological resources; and
- (3) Establish procedures and notification requirements if previously unidentified human remains or previously unidentified historic or cultural resources are discovered during archaeological monitoring or housing project construction.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Hawaii Housing Finance and Development Corporation; and NAIOP Hawaii. Your Committee received comments on this measure from one individual.

Your Committee finds that lengthy and backlogged historic preservation reviews prevent the timely development of affordable housing and drive up its costs. This measure would enable affordable housing units to be built at a faster pace and for a lower cost by creating a separate historic review process for certain proposed state affordable housing projects.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 79, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 79, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Cochran, Kitagawa, Pierick).

SCRep. 1435 Housing on S.B. No. 1170

The purpose of this measure is to:

- (1) Authorize the director of a county planning department to issue a special management area use permit to an applicant that is redeveloping permanent affordable multi-family rental housing that has been substantially destroyed as the result of certain types of disasters that have been proclaimed by the Governor to constitute a state of emergency, under certain conditions;
- (2) Require land use entitlements under Maui County Ordinance No. 2120 (1992), including waivers of state and county law, administrative rules, or ordinances relating to planning, zoning, and construction standards to remain applicable to future housing developments; and
- (3) Permit county planning departments to amend or modify final plans and specifications for redevelopment of experimental and demonstration housing projects that have been substantially destroyed, with certain restrictions.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation; Hale Mahaolu; Pacific Commercial Realty Corp.; KCOM Corp.; Green Party Hawai'i; Maui Chamber of Commerce; Lāhainā Strong; and numerous individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from one individual.

Your Committee finds that the Maui wildfires caused substantial destruction to a significant amount of affordable multi-family rental housing, leaving many residents displaced and in need of stable housing solutions. Rebuilding efforts are often delayed by regulatory and permitting processes, which can hinder the

timely restoration of essential housing for affected communities. This measure streamlines the redevelopment process by allowing county planning departments to issue special management area use permits for rebuilding affordable multi-family rental housing and ensuring that project approvals remain valid, facilitating efficient and resilient reconstruction efforts.

Your Committee has amended this measure by:

- (1) Codifying the provisions of this measure under the Special Management Areas part of the Coastal Zone Management law instead of in session law;
- (2) Removing flooding and tsunami from the types of disasters that would make a destroyed property eligible for redevelopment under this measure;
- (3) Requiring any other state or county agency authorized to issue a permit or approval, in addition to the department of planning of the respective county, to prioritize approving permits to redevelop permanent affordable multi-family rental housing after issuing a special management area use permit;
- (4) Clarifying that affordable multi-family rental housing projects within the special management area that are being redeveloped and are located on properties or districts on the Hawaii or National Historic Register, rather than special management area use permits, are exempt from environmental impact statement requirements;
- (5) Deleting language that would have made land use entitlements under Maui County Ordinance No. 2120 (1992) applicable to future housing developments;
- (6) Clarifying and expanding the conditions and procedures for experimental and demonstration housing projects destroyed by certain natural disasters;
- (7) Exempting certain parcels from the provisions of this measure; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1170, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as S.B. No. 1170, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Cochran, Kitagawa, Pierick).

SCRep. 1436 Human Services & Homelessness on S.B. No. 1520

The purpose of this measure is to:

- (1) Establish an exemption from mediation in paternity proceedings where there are allegations of domestic abuse;
- (2) Permit an alleged victim to have a supporting person of the alleged victim's choice in attendance at mediation, and, if the alleged victim exercises this option, permitting any other party to the mediation to also have a supporting person in attendance at mediation; and
- (3) Clarify the exemption from mediation in divorce proceedings as it relates to domestic abuse.

Your Committee received testimony in support of this measure from the Hawai'i State Commission on the Status of Women; Hawai'i State Coalition Against Domestic Violence; Commission to Promote Uniform Laws; Hawai'i Children's Action Network Speaks!; and two individuals. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that requiring mediation in paternity and custody disputes involving allegations of domestic abuse can place survivors in unsafe and distressing situations. Mediation may instead become a means for abusers to exert control, creating an environment that compromises the survivor's emotional and psychological well-being. This measure addresses these concerns by exempting individuals alleging domestic abuse from mandatory mediation in paternity cases and reinforcing similar protections in divorce proceedings. By ensuring that mediation is only conducted in circumstances that prioritize victim safety, this measure strengthens legal protections for survivors and prevents the legal process from being used as a tool for further abuse.

However, your Committee has heard the concerns raised in testimony by the Department of the Attorney General, that certain provisions in this measure differ from the existing Uniform Mediation Act under state law. Specifically, the Department of the Attorney General noted that the provisions enabling the alleged victim to bring a supportive person to mediation, but not other parties unless the alleged victim chooses to exercise this option first, could lead to confusion or an unfair result.

Your Committee also finds that the companion to this measure, H.B. No. 1283, H.D. 2 (Regular Session of 2025), was previously passed by the House.

Your Committee has amended this measure by:

- (1) Deleting its contents and inserting the contents of H.B. 1283, H.D. 2, a measure that:
 - (A) Establishes an exemption from mediation in paternity proceedings where there are allegations of domestic abuse; and
 - (B) Clarifies the exemption from mediation in divorce proceedings as it relates to domestic abuse;
- (2) Removing provisions enabling an alleged victim to bring a supportive person to mediation, but not other parties, unless the alleged victim chooses to exercise this option first, in divorce proceedings;
- (3) Changing the effective date to upon its approval; and
- (4) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Human Services & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1520, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1520, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Takenouchi).

SCRep. 1437 Education/Higher Education on S.B. No. 1585

The purpose of this measure is to:

- (1) Establish and implement evidence-based performance metrics for the Hawaii P-20 Partnerships for Education to allow better evidence-based assessments for its workforce and pathway development programs; and

- (2) Authorize the expenditure of Perkins V federal funds for the Hawaii P-20 Partnerships for Education Office to establish and implement evidence-based assessments of its workforce and pathway development programs.

Your Committees received testimony in support of this measure from the Department of Human Resources Development. Your Committees received comments on this measure from the Department of Education; Department of the Attorney General; Department of Budget and Finance; Department of Business, Economic Development, and Tourism; University of Hawai'i Community Colleges; and Hawai'i P-20 Partnerships for Education.

Your Committees find that state departments are experiencing difficulty in filling positions with qualified candidates because of a workforce shortage. Your Committees further find that the Hawaii P-20 Partnerships for Education can help to meet the vocational needs of the departments. Your Committees believe that evidence-based performance metrics must be established to measure the development of Hawaii P-20 Partnerships for Education programs and ensure that state funds are appropriately expended for the development of students in equipping them with the technical skills and academic knowledge that is needed for employment.

Your Committees have amended this measure by:

- (1) Changing the effective date to July 1, 3000; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style

As affirmed by the records of votes of the members of your Committees on Education and Higher Education that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 1585, S.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 1585, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Education: Ayes, 10. Noes, none. Excused, 1 (Evslin).

Higher Education: Ayes, 10. Noes, none. Excused, 1 (Evslin).

SCRep. 1438 Education on S.B. No. 440

The purpose of this measure is to establish and appropriate funds for a Future Career and Technical Education Teacher Scholarship Program, to be administered by the Department of Education, to facilitate the recruitment and retention of career and technical education teachers.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs and Chamber of Commerce Hawaii. Your Committee received testimony in support of the intent of this measure from the Department of Education and Department of Business, Economic Development, and Tourism.

Your Committee finds that the establishment of a Future Career and Technical Education Teacher Scholarship Program will increase recruitment for quality career and technical education teachers and enhance the education of students who will develop into highly skilled members of the State's workforce.

Your Committee has amended this measure by changing the effective date to July 1, 3000.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 440, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 440, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Evslin).

SCRep. 1439 Education on S.B. No. 894

The purpose of this measure is to appropriate funds to the Department of Education for statewide regional kitchen expansion to fulfill the Department's statutory mandate to provide farm to school meals that consist of at least thirty percent locally sourced products.

Your Committee received testimony in support of this measure from the Department of Education; Department of Agriculture; Department of Business, Economic Development, and Tourism; Agribusiness Development Corporation; University of Hawai'i at Mānoa College of Tropical Agriculture and Human Resilience; Hawai'i Farm Bureau; Hawai'i Food+ Policy; and two individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that school food programs serve an essential function in providing meals to students and improving the health of Hawaii's students through nutritious and fresh, locally grown foods. Your Committee further finds that schools are experiencing difficulties in providing meals to students, including outdated equipment and limited space to handle fresh food products effectively. This measure appropriates funds to the Department of Education for statewide regional kitchen expansion which will streamline food processing and utilize labor more effectively, thereby ensuring that students will receive quality school meals made with fresh and local ingredients.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 894, S.D. 3, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Evslin).

SCRep. 1440 Education on S.B. No. 1391

The purpose of this measure is to appropriate funds to the Department of Education for teacher-requested classroom supplies.

Your Committee received testimony in support of this measure from the Department of Education; Office of Hawaiian Affairs; Hawai'i State Teachers Association; Democratic Party of Hawai'i Education Caucus; and one individual.

Your Committee finds that nationwide, teachers spend an average of \$500 out of pocket on their classrooms each year. This measure appropriates funds to the Department of Education to provide teachers with their requested classroom supplies and alleviate the financial burden on teachers in acquiring their own supplies.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1391, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1391, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Evslin).

SCRep. 1441 Education on S.B. No. 819

The purpose of this measure is to require the Hawaii Teacher Standards Board to establish an international teacher license for certain visa holders and criteria for obtaining and renewing an international teacher license.

Your Committee received testimony in support of this measure from the Department of Education; Hawai'i Friends of Civil Rights; and numerous individuals. Your Committee received testimony in opposition to this measure from the Hawai'i Teacher Standards Board.

Your Committee finds that the BridgeUSA J-1 visa program, administered by the United States Department of State, offers foreign teachers an opportunity to teach in accredited schools in the United States that service students in grades kindergarten through twelve. The J-1 visa program has been of great success since its implementation, especially in bringing educators from the Philippines to Hawaii, with international teachers serving in fifty-five public schools statewide. However, the State's existing licensing rules hinder the full potential of prospective teachers for the J-1 visa program. This measure will recognize the qualifications and experience of international educators, while ensuring equitable compensation, and fully leverage the skills, knowledge, and experience of international educators.

Your Committee further finds that the companion to this measure, H.B. No. 439, H.D. 1 (Regular Session of 2025) was previously passed by this Committee.

Your Committee has amended this measure by deleting its contents and inserting the contents of H.B. 439, H.D. 1, a measure that:

- (1) Requires the Hawaii Teacher Standards Board to establish an international teacher license for certain visa holders and the requirements to obtain the international teacher license;
- (2) Requires the Hawaii Teacher Standards Board to submit a report to the Legislature prior to the 2026 Regular Session on how to support international teachers teaching in the State through the J-1 visa program; and
- (3) Takes effect on July 1, 3000.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 819, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 819, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Amato). Noes, none. Excused, 1 (Evslin).

SCRep. 1442 Economic Development & Technology on S.B. No. 328

The purpose of this measure is to establish an income tax credit for capital infrastructure costs incurred in the conversion of a dairy farm to a hog farm.

Your Committee received testimony in support of this measure from the Department of Agriculture; Department of Business, Economic Development, and Tourism; Hawai'i Farm Bureau; and Hawai'i Food+ Policy. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that revitalizing Hawaii's agricultural sector through strategic investments in farm infrastructure will strengthen the local economy, support food security, and promote sustainable farming practices. By providing financial incentives for dairy farm retrofits, this measure will encourage the modernization of facilities, enhance operational efficiency, and reduce financial barriers for agricultural businesses to transition to hog farming and increase local pork production.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 328, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1443 Economic Development & Technology on S.B. No. 890

The purpose of this measure is to require any products labeled, marketed, or sold as "poi" to contain a label stating whether the poi product is made wholly from kalo grown in the State or from kalo sourced outside the State.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Department of Agriculture; Hawai'i Farm Bureau; Hawai'i Food+ Policy; Ko'olaupoko Hawaiian Civic Club; Ko'olau Foundation; and two individuals.

Your Committee finds that poi is a culturally significant staple food in Hawaii, deeply rooted in Native Hawaiian traditions and identity. Consumers and local farmers benefit from clear and transparent labeling that distinguishes between poi made from kalo grown in Hawaii and poi made from kalo sourced from outside the State. By ensuring proper labeling, this measure will support Hawaii's agricultural industry, protect the authenticity of local poi, and provide consumers with accurate information about the origin of their food.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 890, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1444 Economic Development & Technology on S.B. No. 338

The purpose of this measure is to temporarily reinstate the technology infrastructure renovation tax credit and expand the definition of "technology-enabled infrastructure" to include data servers.

Your Committee received testimony in support of this measure from Charter Communications; Servpac; and Hawaiian Telecom. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that modernizing technology infrastructure, particularly data servers, is crucial to ensuring resilience against cyber threats and weather-related disruptions. Recent outages affecting state agencies and Hawaii businesses highlight the need for investment in reliable data storage and management systems. This measure encourages upgrades to technology infrastructure that will enhance data security and operational stability.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 338, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 338, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1445 Economic Development & Technology on S.B. No. 1186

The purpose of this measure is to:

- (1) Establish a Statewide Interagency Food Systems Coordination Team and an Interagency Food Systems Working Group within the Agribusiness Development Corporation; and
- (2) Appropriate funds for staff within the Department of Business, Economic Development, and Tourism.

Your Committee received testimony in support of this measure from the Department of Agriculture; Department of Business, Economic Development, and Tourism; Office of Planning and Sustainable Development; Agribusiness Development Corporation; Office of Economic Revitalization of the City and County of Honolulu; Department of Research and Development of the County of Hawai‘i; Office of Climate Change, Sustainability, and Resiliency of the City and County of Honolulu; Hawai‘i Foodbank; Ulupono Initiative; Hawai‘i Appleseed Center for Law & Economic Justice; Hawai‘i Alliance for Progressive Action; O‘ahu Resource Conservation & Development Council; Hawai‘i Food+ Policy; Hawaii Food Industry Association; Hawai‘i Farm Bureau; Hawai‘i Public Health Institute; Hawaii Cattlemen's Council; Hawaii Youth Food Council; and two individuals. Your Committee received comments on this measure from the Hawaii Emergency Management Agency.

Your Committee finds that a strong and resilient food system is essential to Hawaii's economic sustainability, disaster preparedness, and long-term self-sufficiency. Your Committee further finds that achieving a sustainable and resilient food system requires collaboration across state agencies, producers, retailers, non-governmental organizations, and community members. This measure helps facilitate a coordinated, interagency approach to addressing food system challenges.

Your Committee has amended this measure by:

- (1) Designating the members of the Interagency Food Systems Working Group;
- (2) Clarifying that the appropriation will be used for three temporary positions and operating costs for the Statewide Interagency Food Systems Coordination Team and Interagency Food Systems Working Group; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$380,000, allocated as follows:

- (1) \$120,000 for one full-time equivalent (1.0 FTE) temporary food systems specialist position;
- (2) \$100,000 for one full-time equivalent (1.0 FTE) temporary policy analyst position;
- (3) \$60,000 for one full-time equivalent (1.0 FTE) temporary administrative assistant position; and
- (4) \$100,000 for operating costs for the Statewide Interagency Food Systems Coordination Team and Interagency Food Systems Working Group.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1186, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 1186, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1446 Economic Development & Technology on S.B. No. 742

The purpose of this measure is to establish a Data Sharing and Governance Working Group within the Office of Enterprise Technology Services.

Your Committee received testimony in support of this measure from the Senior Advisor for Mental Health and the Justice System to the Governor; Office of Wellness and Resilience; Executive Office on Early Learning; Office of Hawaiian Affairs; Department of Labor and Industrial Relations; Department of Human Services; Department of Health; Office of Enterprise Technology Services; Hawai‘i State Commission on the Status of Women; Hawai‘i Data Collaborative; Workforce Development Council; HawaiiKidsCAN; and Hawai‘i Workforce Funders Collaborative. Your Committee received comments on this measure from the University of Hawai‘i System.

Your Committee finds that a lack of coordinated data sharing is limiting the State's ability to address its affordability crisis, workforce needs, and economic development goals. Strengthening data governance will enable better decision-making, increase efficiency, and help the State retain its residents by improving education and employment outcomes. Other states have successfully reformed their data systems to improve cross-agency collaboration, providing a model for Hawaii to follow.

Your Committee has amended this measure by:

- (1) Adding the Executive Director of the Hawaii State Commission on the Status of Women, or the Executive Director's designee, as a member of the Data Sharing and Governance Working Group;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 742, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 742, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1447 Judiciary & Hawaiian Affairs on S.B. No. 104

The purpose of this measure is to:

- (1) Restrict the use of restrictive housing in state-operated and state-contracted correctional facilities, with certain specified exceptions;
- (2) Require the Department of Corrections and Rehabilitation to develop written policies and implement procedures regarding restrictive housing by July 1, 2026;
- (3) Require the Hawaii Correctional System Oversight Commission to thoroughly review certain housing placements;
- (4) Require the Department of Corrections and Rehabilitation, by April 1, 2026, to develop written policies and implement procedures to review committed persons' placement in restrictive housing and initiate reviews and develop a plan regarding restrictive housing for committed persons; and
- (5) Require the Department of Corrections and Rehabilitation to submit a report to the Legislature and Hawaii Correctional System Oversight Commission no later than forty days prior to the convening of the Regular Session of 2027.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Hawaii Correctional System Oversight Commission; Office of the Public Defender; Hawaii Disability Rights Center; Community Alliance on Prisons; Easterseals Hawaii; ACLU Hawai'i; League of Women Voters of Hawaii; and four individuals. Your Committee received testimony in opposition to this measure from the Department of Corrections and Rehabilitation.

Your Committee finds that there are insufficient restrictions, policies, and procedures on the use of restrictive housing in the State. Your Committee believes that this measure addresses this need by limiting certain restrictive housing practices and requiring the Department of Corrections and Rehabilitation to develop policies and procedures for restrictive housing.

Your Committee has amended this measure by:

- (1) Clarifying that the prohibition on releasing a committed person held in solitary confinement directly into the community during the final one hundred eighty days shall not be interpreted to delay a committed person's scheduled release;
- (2) Clarifying that a committed person's placement in restrictive housing; rather than restrictive, disciplinary, or administrative segregation; shall not revert to another form of segregation after the initial sanction has been served; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 104, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 104, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Garcia). Noes, none. Excused, 1 (Cochran).

SCRep. 1448 Judiciary & Hawaiian Affairs on S.B. No. 662

The purpose of this measure is to authorize county police officers to enforce the Statewide Traffic Code on all public streets, roadways, and highways within the State.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that authorizing county police officers to enforce the Statewide Traffic Code on all public streets, roadways, and highways within Hawaii is crucial for ensuring consistent and effective traffic law enforcement across the State.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 662, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 662, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1449 Judiciary & Hawaiian Affairs on S.B. No. 763

The purpose of this measure is to:

- (1) Establish an Agricultural Enforcement Program within the Department of Law Enforcement;
- (2) Establish the Agricultural Enforcement Special Fund; and
- (3) Appropriate funds for and establish positions within the Agricultural Enforcement Program.

Your Committee received testimony in support of this measure from the Office of the Prosecuting Attorney of the County of Hawai'i; Hawai'i Farm Bureau; Hawai'i Food+ Policy; Hawaii Cattlemen's Council, Inc.; and one individual.

Your Committee finds that the establishment of the Agricultural Enforcement Program will increase protections for agricultural communities and builds upon the Department of Law Enforcement's collaboration with stakeholders in local agriculture to address agricultural crimes effectively. The proposed Agricultural Enforcement Program will be able to deploy specialized law enforcement positions across the State to prevent, investigate, and combat agricultural theft and related crimes, thereby preserving Hawaii's agricultural sector and ensuring the security of local food production infrastructure.

Your Committee has amended this measure by:

- (1) Defining "deputy director" to mean the Deputy Director of Law Enforcement in regard to the Agricultural Enforcement Program;

- (2) Clarifying that Agricultural Enforcement Special Fund expenditures relating to:
 - (A) Maintenance functions shall be authorized and deemed necessary by the Deputy Director of Law Enforcement, rather than the Department of Agriculture; and
 - (B) Funding for consultants or contractual hires related to certain matters shall be determined by the Deputy Director of Law Enforcement, rather than the Department of Agriculture; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 763, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 763, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1450 Judiciary & Hawaiian Affairs on S.B. No. 825

The purpose of this measure is to:

- (1) For a one-year pilot period beginning on February 5, 2026:
 - (A) Extend the required period for notice of termination for failure to pay rent from five business days to ten calendar days;
 - (B) Require landlords, or their agents, and tenants to engage in mediation and require landlords or their agents to delay filing an action for summary possession if a tenant schedules mediation;
 - (C) Require landlords, or their agents, and tenants to be responsible for their own attorneys' fees and costs in prelitigation mediation, unless the tenant defaults on a mediated agreement; and
 - (D) Require landlords or their agents to provide specific information in the ten-calendar-day notice to tenants; and
- (2) Appropriate funds for the Judiciary to contract for mediation services.

Your Committee received testimony in support of this measure from the Judiciary; Department of Human Services; Mediation Center of the Pacific; Ku'ikahi Mediation Center; Hawai'i Children's Action Network Speaks!; Mediation Centers of Hawaii; and five individuals. Your Committee received testimony in opposition to this measure from the Hawaii State Bar Association Collection Law Section and one individual. Your Committee received comments on this measure from the Hawai'i Association of REALTORS.

Your Committee finds that many people in the State continue to face challenges paying their rent due to the ever-increasing costs of housing. In an effort to reduce evictions and facilitate mediation, the Legislature enacted Act 57, Session Laws of Hawaii 2021 (Act 57), which modified notice requirements for residential summary possession proceedings, mandated pre-filing mediation, and made funding available for pre-filing mediation services and rent relief through subsidies. Your Committee believes that Act 57 was successful in avoiding evictions, thereby keeping people in homes and ensuring landlords received their rent payments. Despite its success, Act 57 ended on August 6, 2022. Your Committee believes the success of Act 57 merits the continuation of a similar eviction mediation program.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 825, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 825, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1451 Judiciary & Hawaiian Affairs on S.B. No. 1249

The purpose of this measure is to:

- (1) Establish an Agricultural Crime Prevention Program within the Department of Agriculture to provide grants, education, administrative enforcement, and other services for the benefit of the State's agricultural industry;
- (2) Clarify, create, and strengthen laws regarding crimes and violations related to agriculture or agricultural lands and hunting on private agricultural lands;
- (3) Establish clear distinctions between administrative and criminal penalties; and
- (4) Appropriate funds for certain positions.

Your Committee received testimony in support of this measure from the Department of Agriculture; Hawai'i Farm Bureau; Hawai'i Food+ Policy; Ohana Unity Party; and five individuals. Your Committee received testimony in opposition to this measure from the Office of the Public Defender. Your Committee received comments on this measure from the Department of the Attorney General; Department of Budget and Finance; and Hawaii Cattlemen's Council, Inc.

Your Committee finds that weak enforcement mechanisms and resource shortages related to agricultural crime have hindered effective crime prevention and prosecution, allowing repeat offenses to persist with limited legal consequences. To combat these issues, this measure creates an Agricultural Crime Prevention Program within the Department of Agriculture, offering financial support for security upgrades, expanding crime prevention education, and fostering stronger law enforcement partnerships.

Your Committee has amended this measure by:

- (1) Designating the measure as "Duke's Law" in memory of Cranston "Duke" Pia and amending the preamble;
- (2) Amending the sentencing requirements for a conviction of the offense of habitual agricultural crime;
- (3) Amending the definition of "brand" as it relates to livestock branding;
- (4) Establishing additional livestock inspectors and a veterinary medical officer in the Department of Agriculture, instead of a specialized unit of brand inspectors;
- (5) Amending the requirements for livestock inspection before slaughter;

- (6) Clarifying that brand registration fees shall be deposited into the Brand Inspection Special Fund;
- (7) Clarifying that the performance of the Department of Agriculture's duties is administrative;
- (8) Amending the penalties for violations of the chapter related to animals, brands, and fences;
- (9) Allowing a livestock ownership and movement certificate to be electronically transmitted to the Department of Agriculture when livestock is sold or transported, and deleting language that would have required a copy of the certificate to be presented upon request to a brand inspector, instead of a law enforcement officer;
- (10) Clarifying that the penalty for a violation of the law related to livestock ownership or movement only applies upon the sale of livestock, transport of livestock to slaughter, or transport of livestock interisland or interstate;
- (11) Increasing the penalty from a petty misdemeanor to a misdemeanor for causing an animal to commit trespass by opening a gateway, breaking a fence, or driving or leading the animal into another locality;
- (12) Deleting language that would have made it a misdemeanor for dog owners to neglect or refuse to take certain actions when their dog trespasses on private property and causes property damage;
- (13) Deleting language that would have amended the penalties for various wildlife offenses, including hunting on private property, and instead establishing penalties and requirements specifically for hunting on agricultural lands;
- (14) Amending the penalties for criminal trespass on agricultural land; and
- (15) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1249, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 1249, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1452 Judiciary & Hawaiian Affairs on S.B. No. 1009

The purpose of this measure is to:

- (1) Establish a state reserved parking space enforcement fine for the unauthorized use of parking spaces reserved for persons with disabilities or electric vehicles, to be deposited into the Safe Routes to School Program Special Fund; and
- (2) Increase the fines for any person who parks a non-electric vehicle in a space designated and marked for electric vehicles.

Your Committee received testimony in support of this measure from the Disability and Communication Access Board; Ulupono Initiative; Climate Protectors Hawai'i; Hawaii Electric Vehicle Association; Retail Merchants of Hawaii; Oahu Metropolitan Planning Organization; Hawaiian Electric; and two individuals. Your Committee received comments on this measure from the Department of Accounting and General Services; Department of Budget and Finance; and Hawaii Appleseed Center for Law & Economic Justice.

Your Committee finds that proper enforcement of parking spaces for persons with disabilities and electric vehicle charging is crucial to ensure access for legitimate users and support the adoption of electric vehicles for a sustainable future.

Your Committee has amended this measure by:

- (1) Changing the state reserved parking enforcement fine to \$25, rather than \$100;
- (2) Removing the increase of the fines for any person who parks a non-electric vehicle in a space designated and marked as reserved for electric vehicles or parks any vehicle in a parking space equipped with an electric vehicle charging system while not actively charging;
- (3) Specifying that a fine shall not be imposed on a person who parks a non-electric vehicle in a space designated and marked as reserved for electric vehicles if the charging system is inoperable or broken; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1009, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 1009, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1453 Judiciary & Hawaiian Affairs on S.B. No. 1324

The purpose of this measure is to:

- (1) Establish an adjudication system and procedures to process fireworks infractions;
- (2) Amend and establish various definitions and penalties for fireworks offenses, including establishing heightened penalties under certain circumstances;
- (3) Establish various criminal offenses and penalties related to fireworks or articles pyrotechnics; and
- (4) Appropriate funds.

Your Committee received testimony in support of this measure from the Department of Law Enforcement; Department of the Attorney General; Department of the Prosecuting Attorney of the County of Maui; Hawai'i Police Department; Honolulu Police Department; Animal Rights Hawai'i; Pearl City Neighborhood Board No. 21; Hawaiian Humane Society; O'ahu County Committee of O'ahu County Democrats; and eight individuals. Your Committee received testimony in opposition to this measure from the Office of the Public Defender; Libertarian Party of Hawaii; and five individuals. Your Committee received comments on this measure from Department of the Prosecuting Attorney of the City and County of Honolulu; Phantom Fireworks; and TNT Fireworks.

Your Committee finds that it has been difficult for state and county agencies to enforce or prosecute illegal fireworks cases in the State due to challenges with gathering evidence, meeting the high burden of proof necessary for convictions, and stringent definitions. This measure would largely address the concerns raised by prosecutors and provide greater clarity and efficiency for law enforcement, prosecutors, and the courts.

Your Committee further finds that H.B. No. 1483, H.D. 1 (Regular Session of 2025), a substantially similar measure, was previously passed by the House. Your Committee has amended this measure by:

- (1) Deleting its contents and inserting the contents of H.B. No. 1483, H.D. 1, a measure that:
 - (A) Establishes an adjudication system and procedures to process fireworks infractions;
 - (B) Amends multiple definitions and penalties for fireworks offense, including heightened penalties if another person suffers substantial bodily injury, serious bodily injury, or death as a result of the fireworks offense;
 - (C) Establishes various criminal offenses and penalties related to fireworks or articles pyrotechnics;
 - (D) Appropriates funds; and
 - (E) Contains an effective date of July 1, 3000, to encourage further discussion;
- (2) Specifying that the prohibition for any person to purchase, possess, set off, ignite, discharge, or otherwise cause to explode consumer fireworks shall not limit the ability of licensed retailers to store and transport consumer fireworks;
- (3) Changing the duration a person is prohibited from distributing consumer fireworks from five days to seven days before time periods allowed under law;
- (4) Deleting language that would have authorized a person to purchase a maximum of fifty permits for consumer fireworks, aerial devices, articles pyrotechnic, or display fireworks; and
- (5) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1324, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1324, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Shimizu). Noes, 1 (Garcia). Excused, 1 (Cochran).

SCRep. 1454 Judiciary & Hawaiian Affairs on S.B. No. 1667

The purpose of this measure is to:

- (1) Subject vehicles stopped on and blocking any marked crosswalk, with or without signs or curb markings, to a fine no greater than \$500;
- (2) Expand the penalties for reckless driving of a vehicle or riding of animals;
- (3) Require a person to surrender their license to a law enforcement officer if they continue to refuse to submit to a breath, blood, or urine test;
- (4) Increase the duration of the suspension of a license when a person is arrested for driving under the influence and refuses to submit to a breath or blood test;
- (5) Establish requirements for the State Highway Safety and Modernization Council;
- (6) Authorize the State Highway Safety and Modernization Council to select potential areas for the Department of Transportation to install additional photo red light imaging detector systems;
- (7) Require the Safe Routes to School Advisory Committee to identify ten of the most dangerous school zones and authorize the Department of Transportation or county agencies to install additional automated speed enforcement systems at those locations;
- (8) Require any expansion of the Photo Red Light Imaging Detector Systems Program or Automatic Speed Enforcement Systems Program to account of its impact on district courts;
- (9) Require design features and speeds for certain highways to be determined by the National Association of City Transportation Officials' standards or American Association of State Highway and Transportation Officials' standards; and
- (10) Appropriate funds.

Your Committee received testimony in support of this measure from the Hawaii Chapter of Mothers Against Drunk Driving; Oahu Metropolitan Planning Organization; and Hawaii Applesseed Center for Law & Economic Justice. Your Committee received testimony in opposition to this measure from the Office of the Public Defender and one individual. Your Committee received comments on this measure from the Judiciary.

Your Committee finds that improving road safety is essential to protecting pedestrians, drivers, and communities across the State. However, your Committee notes that the drastic increases in penalties set forth in this measure, as currently drafted, may result in disproportionate consequences for individuals who refuse to submit to certain tests. While your Committee acknowledges the importance of addressing reckless driving and refusing to submit to certain testing, it also recognizes the need to prevent an overwhelming burden on the judicial system to ensure a more efficient and effective legal process.

Accordingly, your Committee has amended this measure by:

- (1) Deleting language that would have:
 - (A) Expanded the penalties for reckless driving of a vehicle or riding of animals;
 - (B) Required a person to surrender their license to a law enforcement office if they continue to refuse to submit to a breath, blood, or urine test; and
 - (C) Increased the duration of the suspension of a license when a person is arrested for driving under the influence and refuses to submit to a breath or blood test;
- (2) Codifying the following provisions into the appropriate chapters of the Hawaii Revised Statutes, rather than placing them in session law:
 - (A) Language requiring design features and speeds for certain state highways to be determined by the National Association of City Transportation Officials' standards or American Association of State Highway and Transportation Officials' standards;
 - (B) Language establishing requirements for the State Highway Safety and Modernization Council, including authorizing the State Highway Safety and Modernization Council to select potential areas for the Department of Transportation to install additional photo red light imaging detector systems;
 - (C) Language requiring the Safe Routes to School Advisory Committee to identify ten of the most dangerous school zones and authorizing the Department of Transportation or county agencies to install additional automated speed enforcement systems at those locations; and

- (D) Language requiring any expansion of the Photo Red Light Imaging Detector Systems Program or Automatic Speed Enforcement Systems Program to account for the impact on district courts;
- (3) Changing the date when the Photo Red Light Imaging Detector Systems Program and Automated Speed Enforcement Systems Program are prohibited from issuing citations for locations selected under this measure from January 1, 2027, to July 1, 2027;
- (4) Extending the duration of the Photo Red Light Imaging Detector Systems Program or Automated Speed Enforcement Systems Program are required to provide for the courts to collaborate with the Department of Transportation when an expansion of either program identifies an impact on the district courts from six months to twelve months; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1667, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 1667, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Shimizu). Noes, 1 (Garcia). Excused, 1 (Cochran).

SCRep. 1455 Judiciary & Hawaiian Affairs on S.B. No. 224

The purpose of this measure is to require the Department of Corrections and Rehabilitation to:

- (1) In collaboration with various agencies and upon request of the inmates, assist inmates in obtaining their civil identification card, birth certificate, social security card, and other relevant identification necessary for successful reentry into society, as soon as practicable, but no later than one year before the inmate's parole or release date; and
- (2) Initiate the process of obtaining identification documents for inmates released to work furlough, extended furlough, or community placement programs, by providing the forms necessary for the inmate to obtain civil identification cards and other identification documents to the inmate as soon as practicable, but no later than ninety days before the inmate's release date.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Hawaii Correctional System Oversight Commission; Department of Corrections and Rehabilitation; Office of the Public Defender; Community Alliance on Prisons; Opportunity for Youth Action Hawai'i; and six individuals. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that the Department of Corrections and Rehabilitation has made progress in collaborating with agencies, including the counties and Social Security Administration, and facilitating access to identification documents. However, there are still significant gaps in informing individuals in custody about available assistance, prioritizing support for those within one year of release, adhering to prescribed timelines, and providing forms in the individual's primary language. This measure will improve the timeliness in which individuals in custody are informed of and receive departmental assistance in obtaining applicable identification documents.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 224, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 224, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1456 Judiciary & Hawaiian Affairs on S.B. No. 252

The purpose of this measure is to:

- (1) Clarify that the importation of any pest or material infested or infected with an insect or other animal, disease, or pest is prohibited;
- (2) Authorize the Department of Agriculture to administratively inspect, without good cause, any article imported or moved into the State from the continental United States or between the Hawaiian Islands;
- (3) Prohibit the sale, barter, or donation of material that is a pest or is infested with a pest;
- (4) Authorize the Department of Agriculture to compel the quarantine, treatment, or destruction of certain materials; and
- (5) Clarify penalties for various quarantine and import law violations, based in part on whether violations were knowingly committed.

Your Committee received testimony in support of this measure from the Department of Agriculture; Office of Hawaiian Affairs; Office of the Mayor of the County of Maui; Sierra Club of Hawai'i; Hawai'i Forest Industry Association; Big Island Invasive Species Committee; Coordinating Group on Alien Pest Species; Maui Chamber of Commerce; Windward Coalition; and seven individuals.

Your Committee finds that invasive species continue to pose a significant risk to Hawaii's economy, environment, and public health. This measure strengthens the State's biosecurity system by enhancing monitoring, tightening import regulations, and expanding early detection efforts to prevent the introduction of invasive species.

Your Committee has amended this measure by:

- (1) Authorizing the Department of Agriculture to provide access to certain items or materials for research or testing;
- (2) Clarifying the state of mind requirements for certain violations of prohibited animal or plant importation laws; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 252, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 252, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1457 Judiciary & Hawaiian Affairs on S.B. No. 307

The purpose of this measure is to establish the right of a person to record law enforcement activities and a private right of action for any violation of the right to record law enforcement activities.

Your Committee received testimony in support of this measure from the Office of the Public Defender; League of Women Voters of Hawaii; Public First Law Center; All Hawaii News; ACLU of Hawai'i; Big Island Press Club; Drug Policy Forum of Hawaii; Ohana Unity Party; and three individuals.

Your Committee finds that this measure codifies the constitutional right to record police activity, as recognized by the Hawaii Supreme Court in *State v. Russo*, 141 Haw. 181 (2017). This measure would also promote police accountability by creating a statutory right of action.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 307, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 307, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1458 Judiciary & Hawaiian Affairs on S.B. No. 353

The purpose of this measure is to:

- (1) Prohibit the Governor or a mayor from suspending agency response deadlines for certain public records or vital records or statistics during a state of emergency;
- (2) Add a definition of the term "severe warning";
- (3) Limit the authority of the Governor or a mayor to suspend laws during states of emergency; and
- (4) Allow the Legislature and county councils to terminate, by an affirmative two-thirds vote, a state of emergency, in whole or in part, issued by the Governor or a mayor, respectively.

Your Committee received testimony in support of this measure from the League of Women Voters of Hawaii; Society of Professional Journalists Hawaii Chapter; Grassroot Institute of Hawaii; Public First Law Center; Libertarian Party of Hawaii; and three individuals. Your Committee received testimony in opposition to this measure from the Department of Human Services and Department of Defense. Your Committee received comments on this measure from the Office of Information Practices and one individual.

Your Committee finds that prohibiting the suspension of requests for certain public records and vital statistics by the Governor or county mayors during a state of emergency will ensure transparency in government related activities during a period when the publication of information is critical.

Your Committee has amended this measure by:

- (1) Clarifying that the Governor or a mayor is prohibited from suspending agency response deadlines for all public records during a state of emergency;
- (2) Changing the defined term "severe warning" to "severe weather warning", as used in chapter 127A, Hawaii Revised Statutes, relating to emergency management;
- (3) Deleting language that would have amended when the governor assumes direct operational control over all or any part of the emergency management functions within an affected area;
- (4) Clarifying that a county council may terminate a state of emergency declared by a mayor by an affirmative vote of two-thirds of the members to which the council is entitled; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 353, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 353, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1459 Judiciary & Hawaiian Affairs on S.B. No. 816

The purpose of this measure is to establish the Due Process in Immigration Proceedings Program to provide legal representation to individuals in immigration-related proceedings in immigration court.

Your Committee received testimony in support of this measure from the Office of the Public Defender; Hawai'i State Lesbian, Gay, Bisexual, Transgender, Queer Plus Commission; one member of the Hawai'i County Council; Pride at Work - Hawai'i; Hawai'i Friends of Civil Rights; League of Women Voters of Hawaii; The Legal Clinic; Refugee & Immigration Law Clinic; Save Medicaid Hawaii; ACLU of Hawai'i; UNITE HERE Local 5; Hawaii State AFL-CIO; Hawai'i Coalition for Immigrant Rights; Catholic Charities Hawai'i; Af3irm Hawai'i; and numerous individuals. Your Committee received testimony in opposition to this measure from Hawaii Patriot Republicans; Hawaiian Islands Republican Women; and seven individuals. Your Committee received comments on this measure from the Judiciary and one individual.

Your Committee finds that many individuals in the State may be facing a complex and costly process of deportation or other immigration-related proceedings in the coming years. Often, these individuals do not have the resources, legal training, or language skills to properly respond in these proceedings. Your Committee further finds that the establishment of a Due Process in Immigration Proceedings program will provide immigrants who are residents of the State with the needed support to navigate the complex legal issues in immigration-related proceedings.

Your Committee has amended this measure by:

- (1) Clarifying that the purpose of the Due Process in Immigration Proceedings Program shall be to provide legal representation to individuals residing in the State who are facing immigration-related proceedings; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 816, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 816, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Shimizu). Noes, 1 (Garcia). Excused, 1 (Cochran).

SCRep. 1460 Judiciary & Hawaiian Affairs on S.B. No. 1221

The purpose of this measure is to:

- (1) Require the counties to adopt ordinances to regulate retention and detention ponds, including establishing a permitting process for the construction of new ponds and safety standards for ponds;
- (2) Require the counties to conduct a survey of existing retention and detention ponds statewide and submit a report to the Legislature; and
- (3) Appropriate funds as a grant-in-aid to the counties.

Your Committee received testimony in support of this measure from the Waikiki Neighborhood Board; Keiki Injury Prevention Coalition; Hawaii Water Safety Coalition; Council for Native Hawaiian Advancement; Hawai'i Lodging & Tourism Association; and numerous individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that retention and detention ponds, while essential for managing stormwater runoff, can become dangerous due to sudden water level fluctuations and deep standing water. Without proper maintenance or safety regulations, these ponds pose a significant hazard, especially to young children who may unknowingly enter unsafe areas. This measure implements stricter oversight on the design and permitting of these ponds, including the adoption of safety standards, to reduce drowning risks and better protect Hawaii's children and communities.

Your Committee has amended this measure by:

- (1) Clarifying that the grant-in-aid to the counties are additionally for the regulation of retention ponds and detention ponds located within their jurisdiction; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1221, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 1221, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1461 Judiciary & Hawaiian Affairs on S.B. No. 1657

The purpose of this measure is to authorize the Agribusiness Development Corporation to acquire by condemnation any real property or interest in real property, under certain conditions.

Your Committee received testimony in support of this measure from the Department of Agriculture; Agribusiness Development Corporation; and Hawai'i Farm Bureau.

Your Committee finds that increasing competition for land and water access has made it more challenging for farmers to sustain and expand agricultural operations, putting the future of local food production at risk. This measure enhances the Agribusiness Development Corporation's authority to acquire, protect, and manage agricultural lands, ensuring they remain designated for farming and support diversified agriculture. By strengthening land preservation efforts and securing vital resources, this measure helps promote long-term agricultural sustainability and food security in Hawaii.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1657, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 1657, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, 1 (Shimizu). Excused, 1 (Cochran).

SCRep. 1462 Judiciary & Hawaiian Affairs on S.B. No. 304

The purpose of this measure is to establish positions and appropriate funds for Adult Services Probation of the First Circuit Court.

Your Committee received testimony in support of this measure from the Judiciary.

Your Committee finds that the additional positions established in this measure will help the Adult Client Services Branch of the First Circuit Court better align with the recommended national best practice standards for community supervision with respect to optimal caseload distribution.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 304, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 304, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1463 Judiciary & Hawaiian Affairs on S.B. No. 1225

The purpose of this measure is to propose an amendment to article XVII, section 3 of the Hawaii State Constitution regarding the standard for ratification of a constitutional amendment proposed by the Legislature, to require that a majority of all the votes tallied upon the question be a "yes" vote, and not include blank, spoiled, and over votes in determining whether a majority was reached.

Your Committee received testimony in support of this measure from the Hawai'i State Lesbian, Gay, Bisexual, Transgender, Queer Plus Commission; Pride at Work - Hawai'i; Stonewall Caucus of the Democratic Party of Hawai'i; Common Cause Hawaii; and nine individuals. Your Committee received testimony in opposition to this measure from Hawaii Patriot Republicans and numerous individuals.

Your Committee finds that the amendments proposed by this measure will ensure that only definite "yes" or "no" votes are counted for constitutional amendment ballot questions, accurately reflecting voter intent and promoting a fair democratic process.

Your Committee has amended this measure by:

- (1) Amending the ballot question;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1225, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1225, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, 2 (Garcia, Shimizu). Excused, 1 (Cochran).

SCRep. 1464 Judiciary & Hawaiian Affairs on S.B. No. 935

The purpose of this measure is to:

- (1) Establish the retirement allowance for a member who first earned credited service as a judge after June 30, 2025, to 1.75 percent of their average final compensation for each year of credited service as a judge;
- (2) Include sheriffs and deputy sheriffs in the enhanced retirement benefits category;
- (3) Reduce the minimum number of years of credited service required for Tier 2 members to qualify for vested benefit status from ten years to five years; and
- (4) Increase employer contributions to offset the liability produced by the changes to the vesting benefits schedule.

Your Committee received testimony in support of this measure from the Office of the Governor; Department of Labor and Industrial Relations; Employees' Retirement System Board of Trustees; and Hawai'i State Teachers Association. Your Committee received testimony in opposition to this measure from the Judiciary; Kauai Bar Association; American Judicature Society; American Board of Trial Attorneys; West Hawaii Bar Association; Maui County Bar Association; State of Hawaii Organization of Police Officers; Hawai'i State Trial Judges Association; Hawaii State Bar Association; and numerous individuals. Your Committee received comments on this measure from the Department of Budget and Finance; Hawaii Employer-Union Health Benefits Trust Fund; United Public Workers, AFSCME Local 646, AFL-CIO; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that continued and widespread vacancies in state and county departments and agencies hamper their ability to provide various essential services to the public. Your Committee further finds that easing the requirements to be eligible for retirement benefits for certain government employees will improve retention and recruitment.

Your Committee further finds that this measure proposes to decrease retirement benefits for judges. Your Committee believes that this decrease in retirement benefits will deter qualified and experienced attorneys from considering judgeships.

Your Committee has accordingly amended this measure by deleting language that would have established the retirement allowance for a member who first earned credited service as a judge after June 30, 2025, to 1.75 percent of their average final compensation for each year of credited service as a judge.

Your Committee has further amended this measure by:

- (1) Clarifying language that would include sheriffs and deputy sheriffs to the enhanced retirement benefits category; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 935, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 935, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, 1 (Garcia). Excused, 1 (Cochran).

SCRep. 1465 Agriculture & Food Systems on S.B. No. 1582

The purpose of this measure is to recognize the coconut palm as an official, sustainable staple food source in the State.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Hawai'i Farm Bureau; Hawai'i Food+ Policy; Hawai'i Farmers Union; and one individual.

Your Committee finds that the coconut palm is a historically significant resource that has provided food, water, building materials, and household goods in Hawaii for centuries. Despite its many benefits, the coconut palm's edible products are underutilized and not fully integrated into local food systems, limiting its role in food security and agricultural production.

Your Committee further finds that the coconut palm is an iconic tree that reinforces the natural and cultural identity of Hawaii; it is a sacred and vital resource that sustains Hawaii's land, people, and culture. This measure formally acknowledges the coconut palm's value as a food source and culturally significant plant.

Your Committee has amended this measure by:

- (1) Inserting statutory language that recognizes the cultural significance of the coconut palm and including additional related findings in the preamble;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1582, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1582, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Ward).

SCRep. 1466 Transportation on S.B. No. 597

The purpose of this measure is to extend the written review decision deadline for the issuance of a notice of administrative revocation of a driver's license.

Your Committee received testimony in support of this measure from the Department of the Attorney General; Department of Law Enforcement; Department of Transportation; Hawai'i Police Department; Honolulu Police Department; Office of the Prosecuting Attorney of the County of Hawai'i; and Keiki Injury Prevention Coalition. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that hundreds of people in the State are injured every year in traffic incidents involving a driver who was under the influence of either drugs or alcohol. Your Committee further finds Hawaii is one of the few states that imposes a statutory deadline for the issuance of a decision regarding whether or not to administratively revoke the driver's license of an individual suspected of operating a vehicle under the influence of an intoxicant. Extending this statutory deadline, as proposed by this measure, will allow the Administrative Driver's License Revocation Office more time to consider the toxicology results of breath or blood samples provided by a defendant and will ensure any administrative revocation of a driver license is based on complete toxicology evidence.

Your Committee has amended this measure by:

- (1) Reducing the mailing deadline proposed in this measure for written review decisions after an administrative revocation notice in alcohol- and drug-related cases to fourteen and twenty-eight days, respectively;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 597, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 597, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Cochran, Kitagawa, La Chica).

SCRep. 1467 Transportation on S.B. No. 1285

The purpose of this measure is to:

- (1) Establish a new traffic infraction for those driving with a blood alcohol concentration between .05 grams and .079 grams;
- (2) Amend the administrative process at the Administrative Driver's License Revocation Office;
- (3) Establish a tiered administration revocation period of a driver's license for those arrested for operating a vehicle under the influence of an intoxicant; and
- (4) Require the Department of the Attorney General to report on cases for certain offenses related to impaired driving.

Your Committee received testimony in support of this measure from the Department of Transportation; one member of the Hawai'i County Council; Office of the Prosecuting Attorney of the County of Hawai'i; Oahu Metropolitan Planning Organization; Hawaii Substance Abuse Coalition; Mala Hanai Pua LLC; Hawaii Chapter of Mothers Against Drunk Driving; Hawai'i Alcohol Policy Alliance; Lokahi Treatment Centers; Maikai Cleaning Services LLC; and numerous individuals. Your Committee received testimony in opposition to this measure from the Office of the Public Defender. Your Committee received comments on this measure from the Judiciary; Department of the Attorney General; Department of the Prosecuting Attorney of the County of Maui; and AAA Hawai'i.

Your Committee finds that timely and effective revocation of driver's license for individuals arrested for operating a vehicle under the influence of an intoxicant is critical to ensuring public safety. Delays or ambiguities in the revocation process can hinder enforcement efforts and allow impaired drivers to remain on the road, increasing the risk of accidents. Your Committee believes that strengthening the procedures for administrative license revocation will improve accountability and ensure that penalties are applied consistently and effectively.

Your Committee has amended this measure by:

- (1) Deleting language that would have established a new traffic infraction for those driving with a blood alcohol concentration between .05 grams and .079 grams;
- (2) Clarifying that if a respondent has refused to be tested after being informed of their rights, then the applicable revocation periods shall be doubled;
- (3) Deleting language that would have required the Department of the Attorney General to report on cases for certain offenses related to impaired driving;
- (4) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1285, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1285, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Cochran, Kitagawa, La Chica).

SCRep. 1468 Labor on S.B. No. 327

The purpose of this measure is to:

- (1) Authorize the Department of Labor and Industrial Relations to administer an on-the-job training work experience program for eligible interns and appropriates funds for the establishment of this program;

- (2) Require the Department of Labor and Industrial Relations to collaborate with the Department of Human Resources Development to place interns within executive branch departments, agencies, and programs; and
- (3) Clarify that the State is the responsible employer for providing workers' compensation coverage for students or recent graduates participating in the internship program.

Your Committee received testimony in support of this measure from the Department of Education; Department of Labor and Industrial Relations; Department of Human Resources Development; University of Hawai'i System; Hawaii State Council on Developmental Disabilities; Hawai'i P-20 Partnerships for Education; Healthcare Association of Hawaii; Hawai'i Alliance of Nonprofit Organizations; Kohala Coast Resort Association; Purple Maia Foundation; Hawai'i Pacific Health; Chamber of Commerce Hawaii; Liberty Dialysis Hawai'i; Kapolei Chamber of Commerce; Hawaii Food Industry Association; Maui Chamber of Commerce; and Hawaiian Lifeguard Association. Your Committee received comments on this measure from the Department of the Attorney General and Department of Business, Economic Development, and Tourism.

Your Committee finds that expanding state-funded internships to include private-sector positions will benefit the State by promoting economic growth, fostering public-private collaborations, and supporting job creation. Your Committee also finds that state-funded private-sector internships create opportunities for students to gain practical work experience and prepare them for the workforce. Future employers will also benefit from this measure by having a larger pool of skilled applicants who can fill critical roles in Hawaii's labor market. Your Committee believes that this measure is a strategic investment in the State's economic future by supporting students and local businesses, developing a skilled workforce, and ensuring that Hawaii remains competitive in the global economy.

Your Committee further finds that H.B. No. 430, H.D.2 (Regular Session of 2025), a substantially similar measure, was previously passed by the House.

Your Committee has amended this measure by deleting its contents and inserting the contents of H.B. 430 H.D.2, a measure that:

- (1) Authorizes and appropriates funds for the Department of Labor and Industrial Relations to administer an on—the—job training work experience program that partners with private entities to increase opportunities for eligible high school and college and university students to participate in summer internship programs and allow internships with private sector employers through a cost-sharing strategy;
- (2) Requires certain reporting by the Department of Labor and Industrial Relations;
- (3) Clarifies that the State is the responsible employer for purposes of workers' compensation coverage for students or recent graduates participating as interns in the work experience program, with certain limitations; and
- (4) Contains an effective date of July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 327, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 327, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, none.

SCRep. 1469 Labor on S.B. No. 1536

The purpose of this measure is to repeal the exemption for the President and Chief Executive Officer of the Hawaii Tourism Authority from the Employees' Retirement System.

Your Committee received testimony in support of this measure from the Hawai'i Tourism Authority.

Your Committee finds that the President and Chief Executive Officer position within the Hawaii Tourism Authority has been vacant for over a year. Removing the exemption for an individual occupying this position to contribute into and benefit from the Employees' Retirement System serves as an incentive to expand the applicant pool of qualified candidates to expeditiously fill the vacancy for the President and Chief Executive Officer position within the Hawaii Tourism Authority.

Your Committee has amended this measure by:

- (1) Requiring retirants who return to service as President and Chief Executive Officer of the Hawaii Tourism Authority to re-enroll into the Employees' Retirement System; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1536, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 1536, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Kapela).

SCRep. 1470 Labor on S.B. No. 1651

The purpose of this measure is to:

- (1) Require board packets to be posted no later than 7:45 a.m. on the third business day before a public meeting; and
- (2) Require boards to provide notice to persons requesting notification of meetings at the time the board packet is made available for public inspection.

Your Committee received testimony in support of this measure from the Disability and Communication Access Board; League of Women Voters of Hawaii; Hawaii Chapter, Society of Professional Journalists; Public First Law Center; and two individuals.

Your Committee received testimony in opposition to this measure from the Hawai'i State LGBTQ+ Commission. Your Committee received comments on this measure from the Hawaii Public Housing Authority; Office of Information Practices; and Hawaii Employer-Union Health Benefits Trust Fund.

Your Committee finds that the required notice period for posting board packets before public meetings is not being implemented as the Legislature intended and some agencies interpret the existing law to mean that a board packet can be posted at any time during the second business day before the public meeting. Your Committee believes board packets are critical to informed public participation in open meetings. Without board packets, members of the public would only have the details from an agenda to base their testimony on in advance of a meeting. This measure is necessary to promote meaningful public information and ensure the public is well-informed on the details of the meetings in advance.

However, your Committee understands the concerns raised by the Hawai'i State LGBTQ+ Commission in regard to the timeliness in which certain boards can gather the information needed for their packets and concludes that requiring board packets to be posted two full business days before a meeting is preferable, as it provides adequate time for the boards to compile information for their packets and the public to have informed opinions ahead of public board meetings.

Accordingly, your Committee has amended this measure by:

- (1) Requiring board packets to be posted two full business days before a public meeting, rather than on 7:45 a.m on the third business day before a public meeting;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1651, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1651, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Kapela).

SCRep. 1471 Consumer Protection & Commerce on S.B. No. 1048

The purpose of this measure is to:

- (1) Clarify the standards and safeguards in online crowdfunding as enacted by Act 205, Session Laws of Hawaii 2024 (Act 205); and
- (2) Extend the effective date of Act 205 to June 30, 2026.

Your Committee received comments on this measure from the Department of the Attorney General and GoFundMe.

Your Committee finds that Act 205 was enacted in response to concerns over potentially fraudulent online fundraising platforms following the August 2023 Maui wildfires. Act 205 improved and expanded the Department of the Attorney General's enforcement of charitable fundraising activities, including regulation of charitable fundraising on online platforms. However, the provisions of Act 205 may also hamper the ability of charities to fundraise in the State. This measure seeks to strike a balance in order to target unscrupulous actors while providing charities with the necessary flexibility to raise funds for their charitable causes.

Your Committee has amended this measure by:

- (1) Consolidating all of the requirements applicable to platform charities under one section, which creates a separate registration, reporting, and fee requirements for platform charities to address the potential for duplication of these requirements;
- (2) Clarifying when certain definitions are applicable to charitable fundraising platforms and platform charities;
- (3) Consolidating all of the requirements applicable to charitable fundraising platforms under one section, which creates a separate registration, reporting, and fee requirements specific to charitable fundraising platforms to address the potential for duplication of these requirements;
- (4) Deleting language that allowed, for purposes of documenting contributions received over the Internet, the use of electronic mail addresses and internet protocol addresses;
- (5) Extending the effective date of Act 205 to July 1, 2026, and making such extension effective July 1, 2025;
- (6) Inserting a savings clause; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1048, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1048, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 2 (Tam, Pierick).

SCRep. 1472 Consumer Protection & Commerce on S.B. No. 1365

The purpose of this measure is to authorize the Department of Commerce and Consumer Affairs to conduct criminal history record checks for applicants for physician licensure or license renewal through the Interstate Medical Licensure Compact.

Your Committee received testimony in support of this measure from the Hawaii Medical Board; Healthcare Association of Hawaii; Hawaii Medical Association; Hawai'i Pacific Health; The Queen's Health Systems; Hawaii Medical Service Association; and Kaiser Permanente Hawai'i.

Your Committee finds that the Interstate Medical Licensure Compact is a pathway for expedited medical licensure that will expand access to care, streamline the licensing process for physicians, and facilitate multi-state practice and telemedicine. Through the enactment of Act 112, Session Laws of Hawaii 2023, Hawaii joined more than thirty states, the District of Columbia, and Guam in adopting the Interstate Medical Licensure Compact. Your Committee further finds that Hawaii Medical Board must be granted the explicit statutory authority to request criminal history record checks to effectuate its role in the Interstate Medical Licensure Compact. This measure authorizes the Hawaii Medical Board to perform criminal history record checks of applicants for physician licensure or license renewal through the Interstate Medical Licensure Compact.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1365, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 2 (Ilagan, Marten).

SCRep. 1473 Consumer Protection & Commerce on S.B. No. 1500

The purpose of this measure is to:

- (1) Authorize the Public Utilities Commission to appoint a receiver to take temporary action, should the Commission find it necessary, to assure continued adequate electric services from a failing investor-owned electric utility; and

- (2) Require a receiver to recognize and maintain any existing collective bargaining agreement at the time of and throughout receivership and prohibit the receiver from inducing or causing a reduction in force, or terminating a covered employee, other than for cause consistent with the collective bargaining agreement.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs and International Brotherhood of Electrical Workers Local 1260. Your Committee received comments on this measure from the Public Utilities Commission and Hawaiian Electric.

Your Committee finds that electric service is critical for daily life for every person in the State. The permanent loss of electricity, such as in the event of a complete company collapse, could endanger everything from public safety infrastructure to personal health equipment.

Your Committee further finds that utility receivership is a critical tool for protecting utility customers in only the most extreme circumstances, such as a complete company collapse. Under a receivership, an appointed person is authorized to take temporary action necessary to assure adequate utility services are continued. However, under existing law, the Public Utilities Commission is only authorized to appoint a receiver for a water or sewer utility, not an electric utility. This measure authorizes the Public Utilities Commission to appoint a receiver for electric utilities in the most extreme circumstances.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1500, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 2 (Ilagan, Marten).

SCRep. 1474 Consumer Protection & Commerce on S.B. No. 1281

The purpose of this measure is to extend the sunset date of Act 107, Session Laws of Hawaii 2023, which allows for the reimbursement of services provided through telehealth via an interactive telecommunications system.

Your Committee received testimony in support of this measure from the Department of Health; Department of Human Services; Office of Hawaiian Affairs; University of Hawai'i System; Disability and Communication Access Board; State Health Planning and Development Agency; State Council on Mental Health; Healthcare Association of Hawaii; Hawai'i Pacific Health; Hawaii Medical Association; Hawaii Substance Abuse Coalition; Hawai'i Primary Care Association; American Cancer Society Cancer Action Network; AlohaCare; Alzheimer's Association-Hawaii; AARP Hawai'i; Hawai'i Mental Health Hui; Hawaii Medical Service Association; and three individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and Hawaii Association of Health Plans.

Your Committee finds that the use and expansion of telehealth services and technology in the State have been recognized as a way to increase access and reduce delays to health care, particularly in rural areas of the State. Due to the COVID-19 pandemic, telehealth became essential as the health care system and patients adjusted to the new realities, and as a result, the United States Centers for Medicare and Medicaid Services authorized, among other changes, reimbursement for audio-only telehealth services.

Your Committee further finds that the State, through the enactment of Act 107, Session Laws of Hawaii 2023, aligned state laws regarding reimbursements for telehealth services with the guidance provided by the Centers for Medicare and Medicaid Services. However, the existing uncertainties surrounding federal health care policies necessitates that any further amendments to the laws regarding reimbursements for telehealth services should be paused until policies are settled. This measure extends the sunset date of Act 107 to give the State the opportunity to adjust to any new federal policies that may be implemented or clarified.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1281, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 2 (Ilagan, Marten).

SCRep. 1475 Consumer Protection & Commerce on S.B. No. 191

The purpose of this measure is to:

- (1) Establish and appropriate funds for the Hawaii Home Energy Assistance Program to assist eligible households in paying for their energy bills; and
- (2) Require the Public Utilities Commission Public Benefits Fee Administrator to provide certain information and assistance to recipients of the Program.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs; Department of Human Services; Public Utilities Commission; City and County of Honolulu Office of Climate Change, Sustainability and Resiliency; Hawaiian Electric; Hawai'i Workers Center; Catholic Charities Hawai'i; Coalition Earth; Hawai'i Climate Change and Health Working Group; Hawai'i Energy; Ohana Unity Party; and four individuals. Your Committee received comments on this measure from Tax Foundation of Hawaii.

Your Committee finds that Hawaii households face significant energy burden. In 2024, over twenty percent of households in the State reported foregoing critical expenses such as food or medicine to pay their energy bill in full. The State ranked fifth in the nation for highest average household electricity burden. Furthermore, households living below the federal poverty level spent approximately twenty percent of their income on electricity costs, over nine times higher than the state average. Relatedly, disconnections rates have more than doubled from approximately five thousand nine hundred in 2018 to roughly twelve thousand eight hundred in 2023.

Your Committee further finds that the existing federal program for Low Income Home Energy Assistance Program (LIHEAP) remains woefully inadequate for the State's needs. Despite having the nation's highest household electricity costs, the State receives the lowest LIHEAP funding nationwide, as the funding formula heavily favors states with high heating needs. Only about six percent of federally income-eligible households have received LIHEAP heating assistance over the past four years. This measure addresses this gap in assistance by establishing a state program to assist eligible households in paying for their energy bills.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$5,000,000.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 191, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, 1 (Pierick). Excused, 2 (Ilagan, Marten).

SCRep. 1476 Consumer Protection & Commerce on S.B. No. 1220

The purpose of this measure is to require:

- (1) Gas utility companies to submit proposed renewable gas tariffs to the Public Utilities Commission by August 31, 2025; and
- (2) The Public Utilities Commission to establish an initial or revised renewable gas tariff or tariffs no later than nine months after the filing of a completed application for a proposed renewable gas tariff if the Public Utilities Commission finds that the tariff meets certain conditions and standards.

Your Committee received testimony in support of this measure from the Makakilo/Kapolei/Honokai Hale Neighborhood Board No. 34; Ulupono Initiative; Hawai'i Gas; Simonpietri Enterprises LLC; Hawai'i Restaurant Association; Coalition for Renewable Natural Gas; Kapolei Chamber of Commerce; and Land Use Research Foundation of Hawaii. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and Public Utilities Commission.

Your Committee finds that environmentally conscious customers are seeking the option to purchase renewable gas through a renewable gas tariff. However, the existing regulations require a general rate case to create a renewable gas tariff, a process costing \$2,000,000 to \$3,000,000 and taking an average of two years. This measure accelerates the process for timely approval.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1220, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, 2 (Iwamoto, Pierick). Excused, 2 (Ilgan, Marten).

SCRep. 1477 Consumer Protection & Commerce on S.B. No. 822

The purpose of this measure is to establish the Residential Landlord-Tenant Code Working Group to:

- (1) Conduct a comprehensive review of the Residential Landlord-Tenant Code to determine, among other things, whether amendments and updates are necessary; and
- (2) Submit a report of its findings and recommendations, including any proposed legislation, to the Legislature before the Regular Session of 2027.

Your Committee received testimony in support of this measure from the Judiciary; County of Hawai'i Office of Housing and Community Development; Hawaii Council of Community Associations; and Hawai'i Association of REALTORS.

Your Committee finds that the Residential Landlord-Tenant Code, codified as chapter 521, Hawaii Revised Statutes, provides a framework for the regulation of landlord-tenant relationships. Enacted in 1972, the Code has not undergone a thorough review since its inception, despite piecemeal updates over the years. The rental housing landscape in Hawaii has evolved significantly since that time and it is increasingly evident that the Code is in need of a comprehensive review to better address and reflect the needs of landlords and tenants in the present-day rental housing market. This measure therefore establishes a Working Group that explore solutions and propose necessary amendments to the Code.

Your Committee has amended this measure by:

- (1) Inserting a purpose section;
- (2) Clarifying that the Residential-Landlord Tenant Code Working Group (Working Group) is a three-year working group and placing the Working Group within the Department of the Attorney General, rather than the Judiciary;
- (3) Clarifying and expanding the responsibilities of the Working Group;
- (4) Amending the membership of the Working Group;
- (5) Deleting reimbursement language relating to the members of the Working Group;
- (6) Requiring the Working Group to submit an initial report to the Legislature prior to the Regular Session of 2026 and a final report no later than July 1, 2028;
- (7) Requiring the initial meeting of the Working Group to convene no later than July 1, 2025;
- (8) Changing the dissolution date of the Working Group to July 1, 2028;
- (9) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (10) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 822, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 822, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Iwamoto). Noes, none. Excused, 2 (Tam, Pierick).

SCRep. 1478 Consumer Protection & Commerce on S.B. No. 1100

The purpose of this measure is to:

- (1) Rename the Department of Agriculture as the "Department of Agriculture and Biosecurity" and the Board of Agriculture as the "Board of Agriculture and Biosecurity";
- (2) Establish a Deputy Chairperson for Biosecurity;
- (3) Require the Chairperson of the Board of Agriculture and Biosecurity to establish a Biosecurity Emergency Response Program that, among other things, can utilize biosecurity emergency response teams and volunteer emergency biosecurity disaster response personnel if a biosecurity emergency occurs;
- (4) Authorize the Department of Agriculture and Biosecurity to establish transitional facilities where imported articles first received may be stored while being inspected;
- (5) Require the Department of Commerce and Consumer Affairs to license and train biosecurity inspectors;
- (6) Require inspection, labeling, and any necessary disinfection or quarantine of various items transported interisland;

- (7) Increase penalties for illegally importing or transporting plants, animals, and microorganisms;
- (8) Require the Department of Agriculture and Biosecurity to establish government-industry agreements with businesses to prevent, detect, and respond to unwanted organisms in Hawaii and an invasive species dashboard to provide public, real-time data on treatment areas;
- (9) Authorize the submission of pest management plans that, if implemented, could address, contain, or eradicate pests;
- (10) Authorize the Department of Agriculture and Biosecurity to adopt rules to establish and enforce the Plant Care Component Program; and
- (11) Appropriate funds for biosecurity efforts and programs, including the establishment of certain positions.

Your Committee received testimony in support of this measure from the Department of Agriculture; Sugarland Farms, Inc.; Hawaii Cattlemen's Council, Inc.; Hawai'i Farm Bureau; Hawai'i Forest Industry Association; Maui Chamber of Commerce; and three individuals. Your Committee received testimony in opposition to this measure from the Hawai'i Harbors Users Group and two individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs; Department of Land and Natural Resources; Pest Control Board; Hawai'i Invasive Species Council; Sierra Club of Hawai'i; Matson Navigation Company, Inc.; The Nature Conservancy, Hawai'i and Palmyra; Retail Merchants of Hawaii; Coordinating Group on Alien Species; Hawai'i Ant Lab; Kaua'i Invasive Species Committee; O'ahu Invasive Species Committee; and numerous individuals.

Your Committee finds that invasive species pose a tremendous threat to the State's environment, agriculture, and economy. Each year, new pests threaten local food production, native ecosystems, and public health. A strong biosecurity program is therefore essential to prevent new invasive species from entering the State and manage those already here.

Your Committee further finds that Acts 197 and 231, Session Laws of Hawaii 2024, bolstered agriculture biosecurity in the State under the jurisdiction of the Department of Agriculture. Your Committee further finds that given the Department of Agriculture's growing role in protecting the State from invasive species, it is appropriate for the name of the Department to change to reflect its expanding priorities.

Your Committee also finds that H.B. 427, H.D. 2 (Regular Session of 2025), a substantially similar measure, was previously passed by the House.

Accordingly, your Committee has amended this measure by:

- (1) Deleting its contents and inserting the contents of H.B. 427, H.D. 2, a measure that:
 - (A) Renames the Department of Agriculture as the "Department of Agriculture and Biosecurity" (Department) and the Board of Agriculture as the "Board of Agriculture and Biosecurity" (Board);
 - (B) Establishes and appropriates funds for a Deputy Director of Biosecurity;
 - (C) Changes references to the plant and animal declaration form to the "biosecurity form";
 - (D) Authorizes and specifies conditions under which the Department may declare a biosecurity emergency, during which the Department and Governor may take certain actions to prevent the establishment or spread of pests and prohibited or restricted organisms;
 - (E) Broadens the objectives and general actions of the Biosecurity Program;
 - (F) Appropriates funds for positions for the Department; and
 - (G) Takes effect on July 1, 3000;
- (2) Amending the composition of the Board to add two more at-large members and specifying that two members of the Board must have experience in biosecurity;
- (3) Inserting language that conforms all Acts passed during the Regular Session of 2025 to include the amendments changing the names of the Department and Board and the composition of the Board;
- (4) Inserting language that ensures that deeds, leases, contracts, loans, agreements, permits, or other documents remain in full force and effect with respect to the name changes effectuated by this measure;
- (5) Inserting language that ensures the continuity of rules, policies, procedures, guidelines, and other material remain in full force and effect with respect to the name changes effectuated by this measure;
- (6) Authorizing the Chairperson of the Board to designate any area for quarantine if the area is known or reasonably suspected to be infested with a newly detected invasive species or pest, a new population of an invasive species or pest, an invasive species or pest that is being actively controlled in the State, or a prohibited or restricted organism, to prevent the movement of materials to or from the location;
- (7) Requiring the Department to establish, no later than December 1, 2025, an invasive species dashboard that provides real-time data and information for treatment areas and requiring the Department to update the dashboard regularly;
- (8) Authorizing the submission of pest management plans that, if implemented, could address, contain, or eradicate pests; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1100, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 1100, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Iwamoto). Noes, 1 (Pierick). Excused, 2 (Ilagan, Marten).

SCRep. 1479 Consumer Protection & Commerce on S.B. No. 332

The purpose of this measure is to:

- (1) Prohibit sellers of foreclosed homes in a nonjudicial foreclosure from bundling properties at a public sale and require each foreclosed home to be bid on separately; and
- (2) Specify that the sale of a foreclosed property is not final until the earliest of either fifteen days after the public sale, if an eligible bidder submits a subsequent bid or written notice of intent to submit a subsequent bid, or forty-five days after the public sale, if an eligible bidder submits a subsequent bid.

Your Committee received testimony in support of this measure from Lāhainā Strong.

Your Committee finds that the devastating Maui wildfires on August 8, 2023, was one of the worst natural disasters in the State's history. Your Committee further finds that as the foreclosure moratorium comes to an end, there are concerns Maui residents will face a wave of foreclosures that threatens their housing stability. To address these concerns, this measure prohibits the mass purchasing of foreclosed properties and allows certain entities to match or beat a public sale bid.

Your Committee notes that the language in this measure currently references the alternate power of sale foreclosure process, which is the nonjudicial foreclosure process available to condominium associations in part VI of chapter 667, Hawaii Revised Statutes (chapter 667). Part VI is a process for condominium associations that can be exercised when a unit owner has failed to pay an assessment; it does not apply to mortgaged properties and mortgagees that are subject to the power of sale foreclosure process in part II of chapter 667. Amendments are therefore necessary to reflect this measure's intent to focus only on mortgaged properties.

Accordingly, your Committee has amended this measure by:

- (1) Removing references to the alternate power of sale foreclosure process and clarifying that this measure applies only to power of sale foreclosures in part II of chapter 667; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 332, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as S.B. No. 332, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 2 (Ilagan, Marten).

SCRep. 1480 Consumer Protection & Commerce on S.B. No. 1035

The purpose of this measure is to:

- (1) Prohibit businesses from offering, displaying, or advertising live-event tickets or short-term lodging without clearly and conspicuously disclosing the maximum total price of all fees or charges, with some exceptions; and
- (2) Specify that a misrepresentation of any fee or charge in any offer, display, or advertisement for live-event tickets or short-term lodging is an unfair or deceptive act or practice.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs; PonoRez; Rick Bartalini Presents, LLC; American Hotel & Lodging Association; and Hawai'i Hotel Alliance. Your Committee received comments on this measure from the American Express Company.

Your Committee finds that price is material to a consumer's decision about whether to purchase a good or service. Consumers look for prices to comparison shop and weigh what a good or service might be worth. However, some businesses force consumers to go to multiple sites and click through multiple web pages before learning the true total price of a good or service. Consumer harm is particularly pronounced in the live-event ticketing and short-term lodging industries because the offered goods or services are often identical or nearly identical, with the most salient feature being the total price, which is shrouded from consumers. This measure is designed to address the harmful practices of bait-and-switch pricing and misleading fees and charges by mandating price transparency in these industries.

Your Committee has amended this measure by:

- (1) Explicitly stating that offering, displaying, or advertising any price of a covered good or service without clearly and conspicuously disclosing the total price, or misrepresenting any fee or charge, is an unfair and deceptive practice;
- (2) Requiring that when the final amount of payment is displayed in an offer, display, or advertisement, it shall be displayed more prominently than, or as prominently as, the total price;
- (3) Clarifying the clearly and conspicuously disclosure requirements;
- (4) Including a definition of "ancillary good or service" and amending the definition of "total price";
- (5) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1035, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1035, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 2 (Tam, Pierick).

SCRep. 1481 Consumer Protection & Commerce on S.B. No. 1142

The purpose of this measure is to:

- (1) Specify procedures regarding the disbursement of insurance proceeds for residential real estate that has been damaged or destroyed;
- (2) Require mortgage servicers to make certain disclosures to borrowers upon commencing the servicing of mortgages; and
- (3) Require mortgage servicers to retain all communications with borrowers for at least four years.

Your Committee received testimony in support of this measure from Lāhainā Strong; Council for Native Hawaiian Advancement; United Policyholders; Mortgage Bankers Association of Hawaii; and one individual. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that, in the event of a natural disaster that damages a home, the insurance proceeds will generally be made to the mortgage lender (or servicer) and the borrower. This is due to the contractual provision within a mortgage where lenders or servicers require that they are named in the homeowner's policy and that they are a party to any insurance proceeds related to the structure. Since the lender or servicer has a financial interest in the property, this arrangement ensures that necessary repairs are made.

Your Committee further finds that, depending on the circumstances, lenders and servicers may also put the money in an escrow account and pay for the repairs as work is completed. However, lenders and servicers are not required to pay interest on these accounts by law. This is the situation many residents find themselves in after the 2023 Maui wildfires. While local banks have been offering interest on the insurance proceeds pending the rebuilding process, consumers with out-of-state mortgage servicers have not been offered the same because existing law does not require insurance proceeds to be held in interest-bearing accounts. This measure will increase consumer protection in cases of damage or destruction by requiring all licensed mortgage servicers to contact the consumer and putting the insurance proceeds in interest-bearing accounts.

Your Committee has amended this measure by:

- (1) Clarifying that the procedures for when a borrower is more than thirty-one days delinquent in making payments on their mortgage apply when a borrower is thirty-one or more days delinquent;
- (2) Changing the required rate for an interest-bearing account from the national rate for money market accounts to the greater of either:
 - (A) A rate of two percent simple interest per annum; or
 - (B) For a depository mortgage servicer, the rate of the money market account for the depository mortgage servicer or, for a non-depository mortgage servicer, the rate of the money market account at the deposit institution with which the non-depository mortgage servicer conducts its banking business;
- (3) Deleting language that:
 - (A) Required mortgage servicers to make certain disclosures upon commencing the servicing of mortgages; and
 - (B) Required mortgage servicers to retain all communications for at least four years;
- (4) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1142, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1142, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 2 (Ichiyama, Lowen).

SCRep. 1482 Water & Land on S.B. No. 1393

The purpose of this measure is to require the School Facilities Authority to consult with the Department of Education or other impacted department or agency before any transfer or lease of land or property owned or occupied by the Department of Education or other impacted department or agency to the School Facilities Authority.

Your Committee received testimony in support of this measure from the Department of Education. Your Committee received comments on this measure from the School Facilities Authority.

Your Committee finds that the School Facilities Authority (Authority) is charged with the responsibility for all public schools' development, planning, and construction related to capital improvement projects that are assigned by the State. Your Committee further finds that requiring the Authority to consult with the Department of Education or other impacted departments or agencies prior to the transfer of lands to the Authority will ensure the State provides an optimal learning and teaching environment for all students and teachers while maintaining a streamlined land transfer process.

Your Committee has amended this measure by:

- (1) Repealing language requiring the Department of Education to transfer the title of lands held by the Department of Education to the Authority upon request of the Authority; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1393, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as S.B. No. 1393, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 2 (Ichiyama, Woodson).

SCRep. 1483 Water & Land on S.B. No. 746

The purpose of this measure is to establish and appropriate funds for a two-year Coconut Rhinoceros Beetle Eradication Pilot Program under the Department of Land and Natural Resources to provide community-based incentives to eradicate the coconut rhinoceros beetle in the State.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Department of Agriculture; Hawaii Invasive Species Council; Windward Coalition; Hawai'i Farm Bureau; Environmental Caucus of the Democratic Party of Hawai'i; and two individuals.

Your Committee finds that the coconut rhinoceros beetle poses a severe threat to Hawaii's native and agricultural landscapes. Since its initial detection in 2013, the beetle has rapidly expanded across Oahu and has been identified on Kauai, Maui, and Hawaii Island, causing widespread damage to tree canopies, diminishing natural habitats, and undermining reforestation and conservation efforts. To mitigate further spread and destruction, this measure establishes a two-year Coconut Rhinoceros Beetle Eradication Pilot Program within the Department of Land and Natural Resources, prioritizing coordinated eradication strategies and public participation to safeguard Hawaii's natural resources, native ecosystems, and agricultural sustainability.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 746, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Woodson).

SCRep. 1484 Water & Land on S.B. No. 26

The purpose of this measure is to:

- (1) Establish the Affordable Housing Land Inventory Task Force to conduct a study, in collaboration with public landowners and the counties, to assess the viability of affordable housing development in transit-oriented development zones, near transit hubs, bus stations, or urban growth areas on state or county lands; and
- (2) Appropriate funds for staff positions and contractual services incurred by the Affordable Housing Land Inventory Task Force.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation; Office of Planning and Sustainable Development; Hawaii Public Housing Authority; Hawai'i Community Development Authority; and one individual.

Your Committee finds that Hawaii's severe shortage of affordable housing requires a strategic approach to land use, particularly in areas with existing infrastructure and transit accessibility. State and county-owned lands present an opportunity for responsible development, but a thorough assessment is needed to determine feasibility and potential challenges. This measure establishes the Affordable Housing Land Inventory Task Force to evaluate public lands near transit hubs and urban growth areas, identifying constraints and opportunities for housing development. By facilitating data-driven planning and coordination among agencies, this initiative aims to expand affordable housing while promoting sustainable land management and efficient resource use.

Your Committee has amended this measure by:

- (1) Specifying that the representative from each county required to be on the Affordable Housing Land Inventory Task Force shall be the mayor of each county, or the mayor's designee;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion;
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 26, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 26, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Woodson).

SCRep. 1485 Water & Land on S.B. No. 1541

The purpose of this measure is to appropriate funds for the Waiahole Water System for bond debt service and tunnel repair.

Your Committee received testimony in support of this measure from the Agribusiness Development Corporation; Land Use Research Foundation of Hawaii; Hawaii Agriculture Research Center; Bayer U.S. LLC; Ulupono Initiative; Kunia Village Title Holding Corporation; Hawai'i Farm Bureau; Larry Jefts Farms, LLC; Hawaii Crop Improvement Association; and Mililani Agricultural Park, LLC.

Your Committee finds that the Waiahole Water System is essential for transporting water from the Koolau Mountains to central and leeward Oahu, supporting thousands of acres of agricultural land. However, aging infrastructure and high water rates place a significant financial burden on farmers, increasing production costs and food prices. This measure appropriates funds to the Agribusiness Development Corporation to retire bond debt and address infrastructure repairs, ensuring long-term water access and affordability for Hawaii's agricultural sector.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1541, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, 1 (Shimizu). Excused, 1 (Woodson).

SCRep. 1486 Water & Land on S.B. No. 1263

The purpose of this measure is to:

- (1) Create a process for expediting the review of majority-residential mixed-use transit-oriented development or residential transit-oriented development on certain parcels within county-designated transit-oriented development zones that have a low risk of affecting historically significant resources;
- (2) Authorize lead agencies, including county governments, to make determinations on the potential effects of a project;
- (3) Create a ninety-day limit, or thirty-calendar-day limit if no historic properties are affected, for the Department of Land and Natural Resources to concur or not concur with project effect determinations;
- (4) Exempt projects with written concurrence from further review unless there is a change to the project or additional historic properties, aviation artifacts, or burial sites are identified within the project area; and
- (5) Establish notice and reporting requirements if there is a change to the project or additional historic properties, aviation artifacts, or burial sites are identified within the project area after the initial written concurrence.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Hawaii Housing Finance and Development Corporation; Hawai'i Community Development Authority; Oahu Metropolitan Planning Organization; Hawai'i Association of REALTORS; Hawaii YIMBY; Hawai'i Community Development Authority; Holomua Collaborative; Grassroot Institute of Hawaii; and one individual. Your Committee received comments on this measure from the Office of Hawaiian Affairs.

Your Committee finds that Hawaii must balance the urgent need for housing development with the protection of historic and cultural resources. Transit-oriented development offers a practical solution to increasing housing supply near transportation hubs, but lengthy historic preservation reviews can cause unnecessary delays, even in areas with little to no risk of impacting significant cultural sites. This measure establishes a streamlined review process for residential transit-oriented development in previously assessed areas, ensuring timely project approvals while upholding protections for historic properties and burial sites.

Your Committee has amended this measure by:

- (1) Clarifying the definition of "majority-residential mixed-use transit-oriented development";
- (2) Requiring an applicant to ensure that its application submittal is complete and accurate and establishing procedures such as restarting the review period, if certain requirements are not met or more information or clarification is needed;
- (3) Defining "complete submittal";

- (4) Clarifying the requirements for a parcel and right-of-way submitted by the counties or Hawaii Community Development Authority that were rated in the lower two effect levels to be considered in compliance with certain review requirements; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1263, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as S.B. No. 1263, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 1 (Woodson).

SCRep. 1487 Water & Land on S.B. No. 438

The purpose of this measure is to:

- (1) Prohibit landfill units on land in an agricultural district with class A or B soils;
- (2) Prohibit the construction, modification, or expansion of any waste or disposal facility for solid waste or hazardous waste on land that is near or above a significant aquifer;
- (3) Clarify that beginning July 1, 2025, the existing buffer zone between waste or disposal facilities and residential, school, or hospital property lines applies to municipal solid waste landfill units or components, construction and demolition landfill units, and their components; and
- (4) Prohibit the construction, modification, or expansion of a landfill unit inland of the underground injection control line in a county with a population greater than five hundred thousand, with certain exemptions.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Honolulu Board of Water Supply; Sierra Club of Hawai'i; Hawai'i Farm Bureau; Environmental Caucus of Democratic Party of Hawai'i; Energy Justice Network; Kūpuna for the Mo'opuna; and numerous individuals. Your Committee received testimony in opposition to this measure from the Department of Health; Office of the Mayor of the County of Maui; and Department of Environmental Management of the County of Hawai'i. Your Committee received comments on this measure from the Department of Environmental Services at the City and County of Honolulu; Department of Public Works of the County of Kaua'i; Reworld; and two individuals.

Your Committee finds that safeguarding Oahu's freshwater aquifers is essential to ensuring a reliable and clean drinking water supply for residents. Given the risks posed by landfill sites to critical water resources, new waste disposal facilities must not be located near or above significant aquifers. Your Committee also finds that preserving prime agricultural lands is vital to maintaining local food production and preventing environmental harm. This measure strengthens land use protections by prohibiting the construction, expansion, or modification of landfill units on highly productive agricultural lands and in areas that could endanger the State's water supply, prioritizing sustainable resource management and long-term environmental resilience.

Your Committee has amended this measure by:

- (1) Narrowing the prohibition on landfill units on land in agricultural districts to only those lands having class A soils;
- (2) Specifying that the prohibition on the construction, modification, or expansion of a landfill unit applies within no pass zones, rather than inland of the underground injection control line;
- (3) Prohibiting the use of fly ash, bottom ash, or a combination of fly ash and bottom ash from a municipal waste combustor for certain purposes and imposing requirements on the disposal of these materials; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 438, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as S.B. No. 438, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 1 (Woodson).

SCRep. 1488 Water & Land on S.B. No. 66

The purpose of this measure is to:

- (1) Require permits to be issued by applicable permitting agencies within sixty days of a complete application being filed for certain single-family and multi-family housing projects if certain conditions are satisfied; and
- (2) Automatically deem a completed permit approved if the applicable permitting agency has not approved the permit within sixty days, except under certain circumstances.

Your Committee received testimony in support of this measure from the Maui Chamber of Commerce; Hawai'i Association of REALTORS; Hawaii Food Industry Association; Hawaii YIMBY; Grassroot Institute of Hawaii; RMA Sales; Pacific Resource Partnership; and one individual. Your Committee received testimony in opposition to this measure from the Department of Planning and Permitting of the City and County of Honolulu; Department of Public Works of the County of Hawai'i; and Lāhainā Strong. Your Committee received comments on this measure from the Department of Land and Natural Resources; Office of Hawaiian Affairs; and Hawaii Iron Workers Stabilization Fund.

Your Committee finds that Hawaii's ongoing housing shortage requires immediate action, as a key barrier to meeting the State's housing demand is the prolonged building permit approval process, which significantly delays development, increases costs, and discourages investment in new housing projects. Unlike other jurisdictions where compliance is verified during inspections, Hawaii's extensive pre-construction review process adds unnecessary bottlenecks, hindering efforts to expand residential infrastructure. To address this issue, this measure mandates the issuance of building permits within sixty days for certain single-family and multi-family projects that meet established criteria, ensuring a more efficient permitting process while maintaining compliance with zoning and infrastructure standards.

Your Committee has amended this measure by:

- (1) Clarifying that a complete application contains a full and complete plan and inserting a definition for "full and complete plans";
- (2) Allowing the sixty-day review period to be paused if the county deems the application is not complete or requires additional information from the applicant, or if the applicant is revising the applicant's submitted plans based on recommendations from the applicable planning agency;

- (3) Requiring that a permit be deemed approved if the applicant submits full and complete plans and agrees to all recommendations from the applicable planning agency;
- (4) Clarifying when an application shall not be deemed approved if no approval has been granted within sixty days after the application was filed;
- (5) Inserting a sunset date of June 30, 2030;
- (6) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 66, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as S.B. No. 66, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Iwamoto, Shimizu). Noes, none. Excused, 1 (Woodson).

SCRep. 1489 Tourism/Water & Land on S.B. No. 439

The purpose of this measure is to require the Board of Land and Natural Resources to adopt rules pursuant to chapter 91, Hawaii Revised Statutes, to impose user fees that solely apply to nonresidents visiting state parks and trails.

Your Committees received testimony in support of this measure from Care for 'Āina Now Coalition; Kua'āina Ulu 'Auamo; Coalition Earth; and three individuals. Your Committees received testimony in opposition to this measure from the Activities and Attractions Association of Hawaii. Your Committees received comments on this measure from the Department of Land and Natural Resources; Tax Foundation of Hawaii; and Maui Chamber of Commerce.

Your Committees find that Hawaii's natural environment is central to the State's identity and appeal, offering stunning landscapes and unique ecosystems enjoyed by millions of visitors. Your Committees further find that the fees expected to be generated by this measure would assist the Department of Land and Natural Resources in maintaining state parks and trails without imposing an undue burden on state residents.

Your Committees have amended this measure by:

- (1) Authorizing the Board of Land and Natural Resources to adopt seasonal pricing regarding user fees for state parks and trails;
- (2) Changing its effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Tourism and Water & Land that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 439, S.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 439, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Tourism: Ayes, 5. Noes, none. Excused, 2 (Holt, Matsumoto).

Water & Land: Ayes, 8. Noes, none. Excused, 2 (Morikawa, Woodson).

SCRep. 1490 Tourism/Water & Land on S.B. No. 1396

The purpose of this measure is to:

- (1) Amend the Transient Accommodations Tax rate beginning on January 1, 2027;
- (2) Beginning on January 1, 2027, require a \$20 Transient Accommodation Tax to be levied per night for each furnishing of a transient accommodation in exchange for points, miles, or other amounts provided through a membership, loyalty, or rewards program; and
- (3) Appropriate funds to the Department of Land and Natural Resources for the protection, management, and restoration of the State's natural resources.

Your Committees received testimony in support of this measure from the Office of the Governor; Department of Land and Natural Resources; Department of Business, Economic Development, and Tourism; Department of the Attorney General; Hawai'i State Energy Office; Hawai'i Community Development Authority; Hawai'i Emergency Management Agency; Hawaii Green Infrastructure Authority; Hawai'i Climate Advisory Team; Hawai'i Ocean Legislative Task Force; The Nature Conservancy - Hawai'i and Palmyra; Hawaii Appleseed Center for Law & Economic Justice; Kua'āina Ulu 'Auamo; Mālama Learning Center; Coalition Earth; Hawai'i Land Trust; Hawai'i Reef and Ocean Coalition; Climate Protectors Hawai'i; Kauai Climate Action Coalition; Council for Native Hawaiian Advancement; Care for 'Āina Now Coalition; Kupu; Resources Legacy Fund; and numerous individuals. Your Committees received testimony in opposition to this measure from the Hawaii Mid and Short Term Rental Alliance; Maui Hotel & Lodging Association; Sheraton Maui Resort & Spa; Westin Maui Resort & Spa; Honu Hawaii Home LLC; Kohala Coast Resort Association; O'ahu Short-Term Rental Alliance; South Maui Fish Company; Grassroot Institute of Hawaii; Maui Chamber of Commerce; and numerous individuals. Your Committees received comments on this measure from the Office of the Governor - Recovery and Resiliency Unit; Department of Taxation; Department of Hawaiian Home Lands; Hawai'i Tourism Authority; Hawai'i Climate Change Mitigation and Adaptation Commission; Marriott International; Hawai'i Hotel Alliance; American Hotel & Lodging Association; Tax Foundation of Hawaii; Expedia Group; and two individuals.

Your Committees find that a strong commitment to environmental stewardship enhances Hawaii's reputation as a world-class destination for sustainable tourism. Your Committees further find that the approach adopted by this measure helps Hawaii maintain its competitive edge in the global tourism market while ensuring the long-term viability of its natural resources.

Your Committees have amended this measure by:

- (1) Assessing the Transient Accommodations Tax on cruise ship cabins based on the total time the cruise ship is docked at any port in the State but leaving the rate unspecified;
- (2) Deleting the requirement for a \$20 Transient Accommodation Tax to be levied per night for each furnishing of transient accommodations in exchange for points, miles, or other amounts provided through a membership, loyalty, or rewards program;
- (3) Adding environmental stewardship, climate and hazard mitigation, and sustainable tourism as additional uses for the appropriation to the Department of Land and Natural Resources; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Tourism and Water & Land that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 1396, S.D. 3, H.D. 1, as amended herein, and recommend that it be referred to your Committee on Finance, in the form attached hereto as S.B. No. 1396, S.D. 3, H.D. 2.

Signed by the Chairs on behalf of the Committees.

Tourism: Ayes, 5. Noes, none. Excused, 2 (Holt, Matsumoto).

Water & Land: Ayes, 8; Ayes with Reservations (Shimizu). Noes, none. Excused, 2 (Morikawa, Woodson).

SCRep. 1491 Energy & Environmental Protection on S.B. No. 1298

The purpose of this measure is to:

- (1) Allow manufacturers to coordinate activities directly related to the recycling of covered electronic devices;
- (2) Expand the scope of covered electronic devices to include electronic device peripherals and certain legacy devices; and
- (3) Allow manufacturers to provide collection service locations and collection events in lieu of satisfying their existing statutory recycling obligations.

Your Committee received testimony in support of this measure from the Consumer Technology Association; Chamber of Commerce Hawaii; and Retail Merchants Hawaii. Your Committee received testimony in opposition to this measure from the Office of the Mayor of the County of Maui; Department of Environmental Management of the County of Hawai'i; Hawai'i Reef and Ocean Coalition; Climate Protectors Hawai'i; Mr. K's Recycle and Redemption Center; Waste Reduction Task Force of the Hawaii Environmental Change Agents; Kauai Climate Action Coalition; IT Reuse Hawai'i; and numerous individuals. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that ensuring sustainable recycling practices for electronic devices is essential to reducing waste and promoting the environmental health of the State. Your Committee seeks a balance between the need for manufacturers to meet their recycling obligations against the need to determine whether the weight basis of those recycling obligations should continue to be used or other options may be preferable.

Accordingly, your Committee has amended this measure by:

- (1) Removing language authorizing manufacturer coordination that duplicates existing authority under section 339D-23(d), Hawaii Revised Statutes, and amending that subsection to repeal the deadline for plan implementation and operation in order for that collaboration authority to apply;
- (2) Replacing all references to "covered electronic device" with "electronic device";
- (3) Clarifying that persons with a license to manufacture electronic devices for delivery exclusively to or at the order of the licensor are not excluded from the definition of "manufacturer";
- (4) Requiring manufacturers' recycling plans to describe communication efforts with the State and counties to facilitate consumer education efforts;
- (5) Updating and extending manufacturer recycling goals to 2027;
- (6) Removing authorization for manufacturers to provide collection service locations and collection events, including collectively through a coordinating body, in lieu of satisfying their statutory recycling obligations;
- (7) Requiring additional information to be included in manufacturers' reports containing information for calendar years 2025, 2026, and 2027;
- (8) Requiring collectors to report certain information regarding recyclers and refurbishers and allowing the Department of Health to require submission of bills of lading and recycler receiving reports;
- (9) Requiring the Department of Health to submit a report to the Legislature;
- (10) Deleting the preamble;
- (11) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (12) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1298, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1298, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Quinlan, Ward).

SCRep. 1492 Energy & Environmental Protection on S.B. No. 1501

The purpose of this measure is to:

- (1) Allow the State to enter into step-in agreements for payment obligations arising under certain power purchase agreements;
- (2) Establish the Power Purchasing Costs Trust Fund;
- (3) Establish that revenues from on-bill charges for power purchase agreements and accompanying reserves shall be held in trust by the State, and that independent power producers shall hold a beneficial interest in the revenue and reserve to the extent of the amounts owed under the covered power purchase agreements; and
- (4) Appoint, authorize, and empower an electric utility to serve as the billing, collection, payment, and managing agent of the Department of Budget and Finance in the service of performing step-in agreements.

Your Committee received testimony in support of this measure from the Public Utilities Commission; Ulupono Initiative; TerraForm Power; AES Hawai'i; Hawaiian Electric; Clearway Energy Group LLC; Climate Hawai'i Initiative of the Hawai'i Executive Collaborative; Longroad Energy; Plus Power; Ameresco; Blue Planet Foundation; General Contractors Association of Hawaii; and Nexamp. Your Committee received comments on this measure from the Department of the Attorney General; Department of Commerce and Consumer Affairs; and Department of Budget and Finance.

Your Committee finds that it is imperative to enable the development of affordable clean energy resources in the State. Your Committee further finds that an investor-owned electric utility's sub-investment-grade status has led independent power producers to raise concerns about the reliability of payment by the utility, risking the cancellation of renewable energy projects. This measure helps ensure payments to independent power producers through step-in agreements.

Your Committee has amended this measure by deleting its contents and inserting the contents of H.B. No. 974, H.D. 2, a substantively similar measure, and further amending it by:

- (1) Clarifying that "power purchase costs" include termination payments payable by an electric utility in connection with the termination of a power purchase agreement;
- (2) Allowing the Department of Budget and Finance to conduct due diligence investigations prior to entering into a step-in agreement;
- (3) Limiting remedies available against the Department of Budget and Finance for failure to comply with a step-in agreement or breach of an agency agreement to an order directing specific performance of the step-in agreement or agency agreement, respectively;
- (4) Clarifying that the obligee of a covered power purchase agreement shall only have a claim or lien on monies attributable to covered power purchased agreements and that the obligee shall remain entitled to all payments for power purchase costs owed under the covered power purchase agreement;
- (5) Prohibiting the Department of Budget and Finance from imposing certain conditions on a step-in agreement that adversely affect the Department's obligation to make payments for power purchase costs;
- (6) Clarifying that monies in the account established under the Power Purchasing Costs Trust Fund related to reserve fees will remain with the Department of Budget and Finance;
- (7) Removing language specifying procedures for the failure of the electric utility to timely file a submission for monthly rate adjustments;
- (8) Clarifying that the electric utility is required to transfer all revenues from the power purchase charges one day, instead of two days, after the utility receives notice of a default of a covered power purchase agreement;
- (9) Requiring the Department of Budget and Finance to establish two separate accounts within the Power Purchase Costs Trust Fund;
- (10) Clarifying that the Department of Budget and Finance is not under obligation to make payment to any obligee in excess of the monies in the Power Purchase Costs Trust Fund;
- (11) Clarifying that the Public Utilities Commission is required to create reserve fees, which are a utility-wide nonbypassable surcharge, by August 1, 2025;
- (12) Prohibiting the electric utility from accessing the reserve account except if authorized;
- (13) Changing its effective date to July 1, 3000, to encourage further discussion; and
- (14) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1501, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1501, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Ward).

SCRep. 1493 Energy & Environmental Protection on S.B. No. 1588

The purpose of this measure is to establish the Nuclear Energy Task Force within the Hawaii State Energy Office.

Your Committee received testimony in support of this measure from the Nuclear Energy Institute; Third Way; and seven individuals. Your Committee received testimony in opposition to this measure from Clean the Pacific; Recycle Hawaii; Energy Justice Network; 350Hawaii.org; Bitches Against Nukes; Environmental Caucus of the Democratic Party of Hawai'i; Greenpeace Hawaii; Ka Lahui Hawai'i; Kauai Women's Caucus; Maui Peace Action; Our Revolution Hawaii; Surfrider Foundation, Kauai Chapter; Veterans for Peace Chapter 113 Hawaii; Green Party of Hawai'i; Hawai'i Reef and Ocean Coalition; Malu 'Aina Center for Non-violent Education & Action; Life of the Land; Ka Ohana O Na Pua; Kupuna Council of Traditional Hawaiian Healers; Sierra Club of Hawai'i; and numerous individuals. Your Committee received comments on this measure from the Hawai'i State Energy Office.

Your Committee finds that nuclear energy is a reliable energy source capable of generating carbon-free electricity without emitting greenhouse gases. Your Committee finds that the State should evaluate the potential of utilizing nuclear power technologies in Hawaii.

Your Committee has amended this measure by:

- (1) Clarifying that the chairs of the Senate and House of Representatives standing committees with primary jurisdiction over environmental matters are required to serve on the Task Force;
- (2) Adding a representative from an environmental organization to be invited to the Task Force;
- (3) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes the testimony from the Hawaii State Energy Office regarding the challenges and current lack of cost, production, safety, and nuclear waste management information on nuclear energy technology, including small modular reactors, to determine feasibility of use in the State and recognizes that further consideration of the objectives of the Nuclear Energy Task Force is needed.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1588, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1588, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, 1 (Perruso). Excused, 2 (Quinlan, Ward).

SCRep. 1494 Economic Development & Technology on S.B. No. 558

The purpose of this measure is to:

- (1) Establish a Food and Product Innovation Network within the Agribusiness Development Corporation; and
- (2) Appropriate funds for food and product development or innovation facilities in the County of Maui and on the islands of Oahu and Hawaii.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development and Tourism; Department of Agriculture; Agribusiness Development Corporation; Ulupono Initiative; Local Food Coalition; Hawai'i Forest Industry Association; Hawaii Food Industry Association; Hawai'i Farm Bureau; Maui Chamber of Commerce; and four individuals.

Your Committee finds that expanding Hawaii's food and value-added product industries would help increase economic growth and diversification. Your Committee further finds that many emerging agribusinesses and entrepreneurs struggle with costs associated with research and product development, stifling the growth of new businesses. This measure provides these businesses with support for research and development, manufacturing, and commercialization, enabling businesses to scale up new products.

Your Committee has amended this measure by clarifying that:

- (1) Partner members of the Food and Product Innovation Network shall include certain future facilities on the islands of Kauai, Hawaii, Maui, and Molokai, rather than the Department of Education center in Kekaha; and
- (2) The appropriation will be for the development of Food and Product Innovation Network facilities, without specific allocations for various facilities.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$350,000 for the development of Food and Product Innovation Network facilities.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 558, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 558, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1495 Economic Development & Technology on S.B. No. 1641

The purpose of this measure is to:

- (1) Establish the State of Hawaii Film Commission and transfer the rights, powers, functions, and duties of the Hawaii Film Office to the Commission;
- (2) Establish the State of Hawaii Film Commission Board within the State of Hawaii Film Commission;
- (3) Establish the Film Industry Development Special Fund;
- (4) Rename the Hawaii Film and Creative Industries Development Special Fund as the Hawaii Creative Industries Development Special Fund and exclude media and film from the definition of creative industries;
- (5) Allow the Creative Industries Development Special Fund to be used for the support and development of public facilities and other initiatives to grow the State's creative industries; and
- (6) Appropriate funds.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Hawaii State AFL-CIO; Hawaii Teamsters Local 996; Pride at Work–Hawaii; Maui Chamber of Commerce; Kapolei Chamber of Commerce; and two individuals. Your Committee received comments on this measure from the Department of the Attorney General; Honolulu Film Office; and IATSE Local 665.

Your Committee finds that Hawaii's film industry presents a significant opportunity for economic growth, job creation, and global cultural recognition. Your Committee believes that establishing a film commission would help streamline industry activity, attract investment, and improve local production capacity.

Your Committee has amended this measure by:

- (1) Changing the name of the State of Hawaii Film Commission and State of Hawaii Film Commission Board to the Hawaii Film Authority and Hawaii Film Authority Board, respectively;
- (2) Amending the membership of the Hawaii Film Authority Board;
- (3) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1641, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1641, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1496 Economic Development & Technology/Tourism on S.B. No. 891

The purpose of this measure is to establish a Tourism and Gaming Working Group within the Department of Business, Economic Development, and Tourism.

Your Committees received testimony in support of this measure from the Iron Workers Stabilization Fund; Aloha Hālawā District Partners; Boyd Gaming; Stanford Carr Development; and five individuals. Your Committees received testimony in opposition to this measure from four individuals. Your Committees received comments on this measure from the Department of Business, Economic Development, and Tourism; Stadium Authority; Hawai'i Tourism Authority; Ali'i Pauahi Hawaiian Civic Club; and 'Aiea Community Association.

Your Committees find that legalizing gaming and gambling activities could spur economic activity and job creation while creating an additional source of revenue for the State. Your Committees further find that the New Aloha Stadium Entertainment District may offer a prime location for such activities. This measure ensures that the State examines the complex relationship between tourism and the potential introduction of legalized gaming and gambling.

Your Committees have amended this measure by:

- (1) Requiring the Working Group to examine strategies to mitigate gambling addiction and other health harms associated with gambling;
- (2) Requiring the Working Group to examine strategies to mitigate the financial harms associated with gambling;
- (3) Allowing the Co-chairpersons of the Working Group to appoint designees;
- (4) Changing the membership of the Working Group;

- (5) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Economic Development & Technology and Tourism that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 891, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 891, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Economic Development & Technology: Ayes, 6; Ayes with Reservations (Templo, Matsumoto). Noes, 1 (Hussey). Excused, none.

Tourism: Ayes, 6; Ayes with Reservations (Templo, Matsumoto). Noes, 1 (Hussey). Excused, none.

SCRep. 1497 Water & Land on S.B. No. 465

The purpose of this measure is to require and appropriate funds for the Department of Land and Natural Resources to conduct a study of the carrying capacity of Kikiaola Small Boat Harbor in the County of Kauai.

Your Committee received testimony in support of this measure from one member of the Kaua'i County Council and one individual. Your Committee received testimony in opposition to this measure from the Chamber of Sustainable Commerce; Explore Kauai Scuba; and six individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that Kikiaola Small Boat Harbor is a critical access point for Kauai's coastal communities, serving boaters, fishers, and tour operators. However, increasing activity at the harbor raises concerns about environmental degradation, overcrowding, safety risks, and infrastructure strain. A comprehensive carrying capacity study will provide essential data on the harbor's ability to sustain human activity without harming natural and cultural resources. This measure directs the Department of Land and Natural Resources to conduct the study, assess current management practices, and propose long-term strategies to balance sustainable use with environmental and community needs, ensuring that Kikiaola Small Boat Harbor remains a safe and viable resource for future generations.

Your Committee has amended this measure by:

- (1) Requiring the carrying capacity assessed by the study to include the area surrounding Kikiaola Small Boat Harbor and the capacity effects of any approved improvements to the Kikiaola Small Boat Harbor, including the construction of a second boat launch ramp; and
- (2) Changing the effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 465, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 465, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Iwamoto). Noes, none. Excused, 1 (Woodson).

SCRep. 1498 Consumer Protection & Commerce/Judiciary & Hawaiian Affairs on S.B. No. 148

The purpose of this measure is to replace the existing Mixed Martial Arts Program with a new regulatory framework by incorporating combat sports under the existing State Boxing Commission of Hawaii, and renaming the Commission as the Combat Sports Commission of Hawaii.

Your Committees received testimony in support of this measure from the Department of Commerce and Consumer Affairs; Big Dog Fight Club; and seven individuals. Your Committees received comments on this measure from the Department of the Attorney General.

Your Committees find that mixed martial arts allow for the use of striking and grappling techniques; standing and on-the-ground combat; and blend boxing, wrestling, Brazilian jiu-jitsu, Muay Thai, kickboxing, karate, judo, and other combat styles. Your Committees further find that a regulatory commission with experience in combat sports may further promote the State's ability to attract major combat sports events. This measure seeks to allow for the growth of mixed martial arts in the State through a regulatory commission.

Your Committees note that the Department of Commerce and Consumer Affairs would need time to prepare for the implementation of the new regulatory framework and the adjusted purview of the Commission. To accomplish this goal, it is intended that the final effective date of this measure should be July 1, 2026.

Your Committees have amended this measure by:

- (1) Amending the name of the Combat Sports Commission of Hawaii to the Boxing and Combat Sports Commission of Hawaii to accurately reflect that the Commission's purview encompasses the regulation of both boxing and combat sports;
- (2) Deleting language relating to small combat sports contests, thereby ensuring that this measure now requires:
 - (A) An ambulance with paramedics to be present at all combat sports contests; and
 - (B) Two physicians to be present at every combat sports contest;
- (3) Specifying that physicians, rather than licensed health care providers, must examine combat sports contestants one hour before the contestant enters the ring and make examinations of contestants who were knocked down or sustained a severe beating about the head;
- (4) Changing the effective date for all provisions except the appropriation to July 1, 3000, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Consumer Protection & Commerce and Judiciary & Hawaiian Affairs that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 148, S.D. 2, H.D. 1, as amended herein, and recommend that it be referred to your Committee on Finance, in the form attached hereto as S.B. No. 148, S.D. 2, H.D. 2.

Signed by the Chairs on behalf of the Committees.

Consumer Protection & Commerce: Ayes, 8; Ayes with Reservations (Ilgan, Iwamoto). Noes, none. Excused, 2 (Tam, Pierick).

Judiciary & Hawaiian Affairs: Ayes, 10; Ayes with Reservations (Shimizu). Noes, none. Excused, 1 (Cochran).

SCRep. 1499 Consumer Protection & Commerce on S.B. No. 21

The purpose of this measure is to:

- (1) Authorize the Public Utilities Commission to establish, no later than January 1, 2026, an automatic adjustment mechanism, including a Water Carrier Inflationary Cost Index automatic adjustment mechanism; and
- (2) Authorize the Public Utilities Commission to waive or exempt a water carrier from the Hawaii Water Carrier Act.

Your Committee received testimony in support of this measure from the Department of Transportation; Young Brothers, LLC; Chamber of Commerce Hawaii; Lānaʻi Oil Company, Inc.; Hono Heke Corporation, dba Expeditions Ferry; Hawaiʻi Harbors Users Group; and one individual. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs; Department of Agriculture; and Public Utilities Commission.

Your Committee finds that water carriers engage in the transportation of persons or property by water. These carriers play a crucial role in sustaining each island's economy and community by, among other things, moving essential goods between islands.

Your Committee further finds that water carriers are not immune from existing inflationary pressures. While cargo volumes for these carriers have stagnated, the costs of operation have increased, leading to an ongoing struggle to establish and maintain financial sustainability. This is further exacerbated by the regulatory lag to address increasing costs. This measure authorizes the Public Utilities Commission to develop a mechanism that will flexibly address the increasing costs of these much-needed carriers.

Your Committee has amended this measure by:

- (1) Changing the date for when the Public Utilities Commission is authorized to establish automatic adjustment mechanisms from January 1, 2026, to July 1, 2026;
- (2) Clarifying that the automatic rate adjustment created by the water carrier inflationary cost index automatic adjustment mechanism is tied to the annual percent change in a Product Price Index, as determined by the Public Utilities Commission, instead of the Gross Domestic Product Price Index;
- (3) Requiring the Public Utilities Commission to consider applicable inflation indexes when determining the Product Price index;
- (4) Clarifying that any request to establish an automatic adjustment mechanism can be submitted as part of a rate case application and deleting language that would have specified that the filing does not constitute a rate increase application or request for a general rate increase; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 21, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 21, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Iwamoto). Noes, none. Excused, 2 (Tam, Pierick).

SCRep. 1500 Consumer Protection & Commerce on S.B. No. 589

The purpose of this measure is to

- (1) Require the Public Utilities Commission to establish a goal of installing fifty thousand new installations of customer-sited distributed energy resources by December 31, 2030;
- (2) Require the Public Utilities Commission to use tariffs for grid services programs, microgrids, community-based renewable energy, and retail wheeling;
- (3) Require compensation for solar and energy storage exports to the electric grid and require the Public Utilities Commission to establish grid service compensation values;
- (4) Specify that persons who construct, maintain, or operate a new microgrid are not considered a public utility solely due to furnishing service through that new microgrid; and
- (5) Authorize retail wheeling of renewable energy and require the Public Utilities Commission to establish policies and procedures to implement retail wheeling and microgrid service tariffs.

Your Committee received testimony in support of this measure from LegaSea Energy; Blue Planet Foundation; Inter-Island Solar Supply; Alternate Energy Inc.; Sol-Ark; Hawaii Solar Energy Association; Holu Hou Energy; Energy Advisors; Sunrun Inc.; and numerous individuals. Your Committee received testimony in opposition to this measure from the International Brotherhood of Electrical Workers Local 1260 and Hawaiian Electric. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs; Public Utilities Commission; and Ulupono Initiative.

Your Committee finds that retail wheeling is the transmission of electric power from an electricity generator to consumers over transmission lines of a third-party electric utility. Your Committee further finds that retail wheeling may be a mechanism to encourage further renewable energy generation that would aid the State in achieving the State's renewable energy goals. However, the implementation of retail wheeling requires an examination of many complex and interrelated issues to ensure reliability and cost-effectiveness, such as interconnection, availability of transmission and distribution capacity, appropriate rates and rate design, and back-up power requirements.

Accordingly, your Committee has amended this measure by:

- (1) Restricting the authorization for retail wheeling under this measure to intragovernmental wheeling; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 589, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 589, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Iwamoto). Noes, 1 (Kong). Excused, 2 (Ilagan, Marten).

SCRep. 1501 Consumer Protection & Commerce on S.B. No. 1269

The purpose of this measure is to appropriate funds for the continued exploration and identification of geothermal resources and commercial viability for utility-scale geothermal production in counties with a population of less than three hundred thousand, with certain limitations.

Your Committee received testimony in support of this measure from Ulupono Initiative; Waika Consulting; Innovations Development Group; Coalition Earth; Hawaiian Electric; and eight individuals. Your Committee received testimony in opposition to this measure from the Hulu Mamo Hawaiian Civic Club; Energy Justice Network; Environmental Caucus of the Democratic Party of Hawaiʻi; Green Party Hawaiʻi; Mala Hanai Pua LLC; Malu ʻAina Center for Non-

violent Education & Action; La'akea Permaculture Farm; and numerous individuals. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism; Sustainable Energy Hawai'i; and one individual.

Your Committee finds that geothermal energy is heat that was generated during the planet's formation, stored in rocks and fluids, and brought as steam to the Earth's surface using deep wells. The steam drives turbines to generate electricity. Your Committee further finds that geothermal has been identified as a near-term and mid-term decarbonization opportunity for Hawaii. Geothermal energy thus has the potential to play an extremely significant role in meeting the State's energy objectives of reliability, affordability, and diversification. Because geothermal exploration and identification require significant investment of upfront capital, underlying research to confirm the viability of geothermal is needed.

Your Committee further finds that the Hawaii Technology Development Corporation received an appropriation of \$3,000,000 for the 2024-2025 Fiscal Year, and, through its partnership with the University of Hawaii, has already begun work on an integrated geothermal development roadmap with the concrete goal of facilitating the development of a utility-scale geothermal power plant. This measure provides further necessary funding for the Hawaii Technology Development Corporation to continue its work.

Your Committee has amended this measure by:

- (1) Amending the restriction on the usage of funds such that funds shall not be used for exploratory, test, or production wells within a fifteen-mile radius of an existing geothermal power plant that is currently providing electricity to the grid; and
- (2) Specifying that funds shall not be used on projects within an unspecified radius of residential areas.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$3,000,000.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1269, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 1269, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, 2 (Iwamoto, Pierick). Excused, 2 (Ilagan, Marten).

SCRep. 1502 Consumer Protection & Commerce on S.B. No. 1429

The purpose of this measure is to:

- (1) Authorize the Department of Health to impose penalties and take enforcement actions for violations of the medical cannabis laws;
- (2) Retroactively repeal the prohibition against primary caregivers cultivating medical cannabis for their qualifying patients;
- (3) Authorize primary caregivers to cultivate cannabis in an amount not to exceed an adequate supply for the qualifying patient;
- (4) Extend until July 1, 2027, the effective date of certain interim rules adopted by the Department of Health; and
- (5) Extend until June 30, 2029, the sunset date for the exemption from civil service of personnel hired by, or contracts entered into by, the Department of Health.

Your Committee received testimony in support of this measure from the Department of Health and one individual. Your Committee received testimony in opposition to this measure from the Oahu Cannabis Farm Alliance; Libertarian Party of Hawaii; and numerous individuals. Your Committee received comments on this measure from Akamai Cannabis Consulting and Cure Oahu.

Your Committee finds that medical cannabis primary caregivers are a vital resource for qualifying patients who require cannabis for medical use. Many qualifying patients are too ill to grow their own medical cannabis and having a primary caregiver who is capable of cultivating medical cannabis on behalf of the patient, as well as assisting the patient in purchasing medical cannabis from medical cannabis dispensaries can ensure that qualifying patients can continue to maintain access to medical cannabis. However, the authority for a primary caregiver to cultivate medical cannabis for a patient terminated on January 1, 2025. This measure, in part, repeals that prohibition to allow primary caregivers to cultivate medical cannabis for qualifying patients once again.

Your Committee has amended this measure by:

- (1) Changing the retroactive effective date for the prohibition against primary caregivers cultivating medical cannabis for their qualifying patients to January 1, 2025;
- (2) Changing the effective date for the extension of certain interim rules and the extension of the sunset date for civil service exemptions to June 28, 2025; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1429, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as S.B. No. 1429, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, 2 (Iwamoto, Pierick). Excused, 2 (Ilagan, Marten).

SCRep. 1503 Consumer Protection & Commerce/Judiciary & Hawaiian Affairs on S.B. No. 897

The purpose of this measure is to:

- (1) Authorize electric cooperatives to recover, if approved by the Public Utilities Commission, wildfire mitigation, repair, and restoration costs through an automatic rate adjustment clause or other tariff recovery mechanism;
- (2) Establish an aggregate limit for liability for economic damages from catastrophic wildfires; and
- (3) Authorize a public utility to securitize costs to implement the public utility's wildfire risk mitigation plan and other investments in infrastructure improvements, modernization, and replacement needed to reduce wildfire risks and increase reliability and resilience to natural disasters and other weather-related events.

Your Committees received testimony in support of this measure from the Chamber of Commerce Hawaii; Hawai'i Farm Bureau; Life of the Land; Par Hawaii; Plus Power; Clearway Energy Group; Uluono Initiative; Kaua'i Island Utility Cooperative; Mālama Learning Center; Sustainable Energy Hawai'i; International Brotherhood of Electrical Workers Local Union 1260; Hawaiian Electric; Hawai'i Island Chamber of Commerce; Kapolei Chamber of Commerce; and numerous individuals. Your Committees received testimony in opposition to this measure from the Hawai'i Regional Council of Carpenters and Hawaii

Association for Justice. Your Committees received comments on this measure from the Office of the Governor; Department of Commerce and Consumer Affairs; Department of the Attorney General; Public Utilities Commission; and Charter Communications.

Your Committees find that due to climate change, the risk to Hawaii from catastrophic wildfires and other natural disasters has increased. While various proposals have been made to address potential damages from a future catastrophic wildfire, including the establishment of a streamlined process to quickly offer settlement payments, your Committees believe that it would be more prudent to direct efforts toward mitigating wildfire risk.

Your Committees also find that while an electric utility must expend significant financial capital to make the necessary upgrades or maintenance to address wildfire risk, securitization could aid the electric utility in meeting its financial needs while spreading the costs over an extended period of time. Securitization allows for the issuance of debt secured by a nonbypassable charge to the customer's bill, which allows the electric utility to fully recover its costs at a lower interest rate for customers. This measure allows public utilities to securitize costs to implement the utility's wildfire risk mitigation plan and other investments in infrastructure improvements, modernization, and replacement needed to reduce wildfire risks and increase reliability and resilience to natural disasters and other weather-related events.

Your Committees have amended this measure by:

- (1) With respect to the limitation on aggregate liability:
 - (A) Narrowing the scope on the limitation on aggregate liability only to electric utilities, rather than public utilities;
 - (B) Clarifying that joint and several liability do not apply to any qualifying damages;
 - (C) Requiring the Director of Hawaii Emergency Management to determine whether a wildfire is a covered catastrophic wildfire; and
 - (D) Specifying that qualifying damages does not include claims for physical bodily harm or emotional harm;
- (2) With respect to the authorization to securitize costs:
 - (A) Narrowing the scope of the authorization only to electric utilities, rather than public utilities;
 - (B) Clarifying the definition of "consumer";
 - (C) Specifying that the electric utility must, in good faith, seek the maximum federal funding to offset the costs of infrastructure; and
 - (D) Clarifying that the maximum \$500,000,000 for a financing order applies to the corporate family and inserting a definition for "corporate family";
- (3) Exempting the authority to issue bonds for securitization from the other existing requirements applicable to public utility corporations on the issuance of securities;
- (4) Establishing a working group within the Department of Commerce and Consumer Affairs to examine the establishment and implementation of a wildfire recovery fund to provide efficient compensation for damage resulting from a future wildfire allegedly caused or exacerbated by an electric utility, with a report required to the Legislature before the Regular Session of 2026; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Consumer Protection & Commerce and Judiciary & Hawaiian Affairs that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 897, S.D. 3, H.D. 1, as amended herein, and recommend that it be referred to your Committee on Finance, in the form attached hereto as S.B. No. 897, S.D. 3, H.D. 2.

Signed by the Chairs on behalf of the Committees.

Consumer Protection & Commerce: Ayes, 8. Noes, none. Excused, 2 (Tam, Pierick).

Judiciary & Hawaiian Affairs: Ayes, 9; Ayes with Reservations (Shimizu). Noes, 1 (Garcia). Excused, 1 (Cochran).

SCRep. 1504 Consumer Protection & Commerce on S.B. No. 146

The purpose of this measure is to amend the conditions and procedures for resolving various condominium-related disputes.

Your Committee received testimony in support of this measure from the Hawaii Legislative Action Committee of the Community Associations Institute; Hawaii First Realty; and one individual. Your Committee received testimony in opposition to this measure from AOA Lakeview Sands; Nakamoto Realty, LLC; and numerous individuals. Your Committee received comments on this measure from the Real Estate Commission and one individual.

Your Committee finds that owners, tenants, and other persons who use condominium property are subject to the declarations and bylaws adopted by the condominium association and that those persons must strictly comply with the covenants, conditions, and restrictions set forth in the declaration, bylaws, and house rules. Your Committee further finds that the existing model of self-governance for condominium associations necessitates that condominium associations have mechanisms to enforce compliance. Furthermore, it is in the interests of unit owners and associations to resolve disputes in an efficient and equitable manner. This measure amends the conditions and procedures for resolving various condominium-related disputes.

Your Committee has amended this measure by:

- (1) Clarifying that all costs and expenses, including attorneys' fees, incurred in connection with certain activities are to be promptly paid on demand, but may still be disputed;
- (2) Deleting all language relating to early neutral evaluation;
- (3) Specifying that the form of mediation that is mandatory is evaluative mediation;
- (4) Inserting amounts for the maximum support provided by the Condominium Education Trust Fund for evaluative mediation and binding arbitration to be \$3,500 and \$6,000, respectively;
- (5) Amending the required qualifications for mediators and arbitrators by:
 - (A) Specifying that the required qualification for mediators is three years of mediation experience, rather than five years of experience as a licensed attorney and an unspecified number of years of professional experience related to condominiums; and
 - (B) Specifying, for arbitrators, that the required minimum years of experience related to condominiums be at least two years;
- (6) Clarifying that a mediator's oral or written statement of evaluation shall only be available if the parties fail to settle during evaluative mediation;
- (7) Repealing the authority for the Real Estate Commission to require disputes to be submitted to nonbinding alternative dispute resolution;
- (8) Clarifying that requests for evaluative mediation must occur before the initiation of an action concerning the assessment; and

(9) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 146, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 146, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Iwamoto). Noes, none. Excused, 2 (Tam, Pierick).

SCRep. 1505 Transportation on H.R. No. 29

The purpose of this measure is to request each county police department to increase enforcement against out-of-state vehicles operating on public roadways that have not been properly registered in the appropriate county.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that existing law requires out-of-state vehicles to either register with the appropriate county or obtain a permit that allows out-of-state registration and license plate to remain valid until they expire. Your Committee further finds that the State has a vested interest in ensuring that all vehicles operating on public roadways are properly registered and comply with state and county regulations, including vehicle registration.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 29 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Cochran, Kitagawa, La Chica).

SCRep. 1506 Transportation on H.C.R. No. 30

The purpose of this measure is to request each county police department to increase enforcement against out-of-state vehicles operating on public roadways that have not been properly registered in the appropriate county.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that existing law requires out-of-state vehicles to either register with the appropriate county or obtain a permit that allows out-of-state registration and license plate to remain valid until they expire. Your Committee further finds that the State has a vested interest in ensuring that all vehicles operating on public roadways are properly registered and comply with state and county regulations, including vehicle registration.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 30 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Cochran, Kitagawa, La Chica).

SCRep. 1507 Transportation on H.R. No. 197

The purpose of this measure is to urge the County of Maui and the United States Army Corps of Engineers to prioritize and expedite the planning, funding, and construction of a permanent replacement for the Kulanihakoī Bridge.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that the current temporary construction solution at the Kulanihakoī Bridge may not provide the necessary long-term reliability and safety required for the region's infrastructure needs and that a permanent replacement would enhance transportation safety, improve flood management, and support the economic vitality of South Maui.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 197 and recommends that it be referred to your Committee on Public Safety.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Cochran, Kitagawa, La Chica).

SCRep. 1508 Transportation on H.C.R. No. 205

The purpose of this measure is to urge the County of Maui and the United States Army Corps of Engineers to prioritize and expedite the planning, funding, and construction of a permanent replacement for the Kulanihakoī Bridge.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that the current temporary construction solution at the Kulanihakoī Bridge may not provide the necessary long-term reliability and safety required for the region's infrastructure needs and that a permanent replacement would enhance transportation safety, improve flood management, and support the economic vitality of South Maui.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 205 and recommends that it be referred to your Committee on Public Safety.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Cochran, Kitagawa, La Chica).

SCRep. 1509 Transportation on H.R. No. 193

The purpose of this measure is to request the Department of Transportation and Department of Transportation of the County of Maui to collaborate with the Kihei Community Association in the planning and implementation of the Kihei Mauka Road Project.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that the rapid growth of Kihei has led to significant transportation challenges, including congestion and frequent road closures, affecting residents' daily lives. This measure urges collaboration between agencies and stakeholders to provide an essential alternative route to improve traffic flow and community connectivity.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 193 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Cochran, Kitagawa, La Chica).

SCRep. 1510 Transportation on H.C.R. No. 201

The purpose of this measure is to request the Department of Transportation and Department of Transportation of the County of Maui to collaborate with the Kihei Community Association in the planning and implementation of the Kihei Mauka Road Project.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that the rapid growth of Kihei has led to significant transportation challenges, including congestion and frequent road closures, affecting residents' daily lives. This measure urges collaboration between agencies and stakeholders to provide an essential alternative route to improve traffic flow and community connectivity.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 201 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Cochran, Kitagawa, La Chica).

SCRep. 1511 Transportation on H.R. No. 37

The purpose of this measure is to request the Honolulu Authority for Rapid Transportation to extend the Skyline rail project to the Westside of O'ahu.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that the existing route of the Skyline rail project does not adequately serve the growing communities of Nānākuli, Ko 'Olina, Mā'ili, and the Westside of O'ahu. An extension of the project to the Westside of O'ahu will further alleviate traffic congestion and provide an alternative means of egress and ingress to these communities.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 37 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, 2 (Muraoka, Pierick). Excused, 3 (Cochran, Kitagawa, La Chica).

SCRep. 1512 Transportation on H.C.R. No. 44

The purpose of this measure is to request the Honolulu Authority for Rapid Transportation to extend the Skyline rail project to the Westside of O'ahu.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that the existing route of the Skyline rail project does not adequately serve the growing communities of Nānākuli, Ko 'Olina, Mā'ili, and the Westside of O'ahu. An extension of the project to the Westside of O'ahu will further alleviate traffic congestion and provide an alternative means of egress and ingress to these communities.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 44 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, 2 (Muraoka, Pierick). Excused, 3 (Cochran, Kitagawa, La Chica).

SCRep. 1513 Transportation on H.R. No. 195

The purpose of this measure is to urge the County of Maui to prioritize the development and planning of the northern terminus of the Kihei North-South Collector Road.

Your Committee did not receive any written testimony on this measure.

Your Committee finds that population projections indicate that the Kihei-Mākena area in Maui is anticipated to experience significant growth, further exacerbating traffic congestion and highlighting the urgent need for comprehensive infrastructure planning and the completion of the North-South Collector Road.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 195 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Cochran, Kitagawa, La Chica).

SCRep. 1514 Transportation on H.C.R. No. 203

The purpose of this measure is to urge the County of Maui to prioritize the development and planning of the northern terminus of the Kihei North-South Collector Road.

Your Committee did not receive any written testimony on this measure.

Your Committee finds that population projections indicate that the Kihei-Mākena area in Maui is anticipated to experience significant growth, further exacerbating traffic congestion and highlighting the urgent need for comprehensive infrastructure planning and the completion of the North-South Collector Road.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 203 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Cochran, Kitagawa, La Chica).

SCRep. 1515 Transportation on H.R. No. 119

The purpose of this measure is to request the Department of Transportation Services of the City and County of Honolulu to implement a Restricted Parking Zone Pilot Program in the Ko ‘Olina, Honokai Hale, Nānākuli, and Maili neighborhoods.

Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that restricted parking zones are an effective tool for managing on-street parking in residential areas experiencing high demand from non-residents due to nearby traffic generators. The success of the Kalihi Valley Restricted Parking Zone Pilot Program demonstrated significant improvements in parking availability and reduced congestion and unauthorized parking.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 119 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Cochran, Kitagawa, La Chica).

SCRep. 1516 Transportation on H.C.R. No. 123

The purpose of this measure is to request the Department of Transportation Services of the City and County of Honolulu to implement a Restricted Parking Zone Pilot Program in the Ko ‘Olina, Honokai Hale, Nānākuli, and Maili neighborhoods.

Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that restricted parking zones are an effective tool for managing on-street parking in residential areas experiencing high demand from non-residents due to nearby traffic generators. The success of the Kalihi Valley Restricted Parking Zone Pilot Program demonstrated significant improvements in parking availability and reduced congestion and unauthorized parking.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 123 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Cochran, Kitagawa, La Chica).

SCRep. 1517 Transportation on H.R. No. 64

The purpose of this measure is to request the Ko Olina Golf Club owners and management, in coordination with the Department of Transportation, to implement measures to prevent golf balls from reaching Farrington Highway.

Your Committee received testimony in support of this measure from the Department of Transportation and one individual.

Your Committee finds that increasing commuter traffic on Farrington Highway and the proximity of certain Ko Olina Golf Club holes pose a safety risk due to stray golf balls hitting vehicles and pedestrians. This measure seeks to mitigate potential accidents and injuries due to stray golf balls from Ko Olina Golf Club entering the Highway.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 64 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Cochran, Kitagawa, La Chica).

SCRep. 1518 Transportation on H.C.R. No. 71

The purpose of this measure is to request the Ko Olina Golf Club owners and management, in coordination with the Department of Transportation, to implement measures to prevent golf balls from reaching Farrington Highway.

Your Committee received testimony in support of this measure from the Department of Transportation and one individual.

Your Committee finds that increasing commuter traffic on Farrington Highway and the proximity of certain Ko Olina Golf Club holes pose a safety risk due to stray golf balls hitting vehicles and pedestrians. This measure seeks to mitigate potential accidents and injuries due to stray golf balls from Ko Olina Golf Club entering the Highway.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 71 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Cochran, Kitagawa, La Chica).

SCRep. 1519 Health on H.R. No. 87

The purpose of this measure is to request health insurers and managed care providers that provide health insurance in the State to provide insurance coverage for prosthetic and orthotic devices.

Your Committee received testimony in support of this measure from the Health Committee of the Democratic Party of Hawai‘i and two individuals.

Your Committee finds that more than eighteen thousand Hawaii residents live with limb loss, limb difference, and mobility impairments. Your Committee further finds that these individuals often rely on a single prosthetic or orthotic device, which is typically designed for limited mobility and does not accommodate activities such as running, cycling, or swimming, as health insurers routinely deny coverage for activity-specific prosthetics and orthotic devices. As a result, individuals with limb loss, limb difference, and mobility impairments must either pay out of pocket for these activity-specific devices or forgo these necessary tools entirely. This measure requests health insurers and managed care providers providing health insurance in the State to provide insurance coverage for these devices, which will allow individuals with disabilities to fully participate in their community and enjoy the same active lifestyle as their peers.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 87 and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1520 Health on H.C.R. No. 91

The purpose of this measure is to request health insurers and managed care providers that provide health insurance in the State to provide insurance coverage for prosthetic and orthotic devices.

Your Committee received testimony in support of this measure from the Health Committee of the Democratic Party of Hawai'i and two individuals.

Your Committee finds that more than eighteen thousand Hawaii residents live with limb loss, limb difference, and mobility impairments. Your Committee further finds that these individuals often rely on a single prosthetic or orthotic device, which is typically designed for limited mobility and does not accommodate activities such as running, cycling, or swimming, as health insurers routinely deny coverage for activity-specific prosthetics and orthotic devices. As a result, individuals with limb loss, limb difference, and mobility impairments must either pay out of pocket for these activity-specific devices or forgo these necessary tools entirely. This measure requests health insurers and managed care providers providing health insurance in the State to provide insurance coverage for these devices, which will allow individuals with disabilities to fully participate in their community and enjoy the same active lifestyle as their peers.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 91 and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1521 Housing on H.R. No. 11

The purpose of this measure is to urge the Hawaii Housing Finance and Development Corporation to continue working with the City and County of Honolulu to efficiently transfer the roads within the Villages of Kapolei to the City and County of Honolulu.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee finds that the transfer of roads within the Villages of Kapolei to the City and County of Honolulu have been delayed for years due to the City and County of Honolulu establishing certain requirements to accept the dedication of the roads. This delay has left many residents of the Villages of Kapolei uncertain regarding who is responsible for maintenance, repairs, and overall infrastructure management. This measure will resolve a decades-old problem for residents of the Villages of Kapolei by requiring the public roads to be transferred no later than January 1, 2026.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 11 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 4 (Cochran, Kila, Kitagawa, La Chica).

SCRep. 1522 Housing on H.C.R. No. 11

The purpose of this measure is to urge the Hawaii Housing Finance and Development Corporation to continue working with the City and County of Honolulu to efficiently transfer the roads within the Villages of Kapolei to the City and County of Honolulu.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee finds that the transfer of roads within the Villages of Kapolei to the City and County of Honolulu have been delayed for years due to the City and County of Honolulu establishing certain requirements to accept the dedication of the roads. This delay has left many residents of the Villages of Kapolei uncertain regarding who is responsible for maintenance, repairs, and overall infrastructure management. This measure will resolve a decades-old problem for residents of the Villages of Kapolei by requiring the public roads to be transferred no later than January 1, 2026.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 11 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 4 (Cochran, Kila, Kitagawa, La Chica).

SCRep. 1523 Housing on H.C.R. No. 78

The purpose of this measure is to declare the intent that for projects with housing units that qualify for housing credits under Act 31, Session Laws of Hawaii 2024, those projects are still eligible to receive housing credits after the repeal of that Act if the housing projects were approved by the Hawaii Housing Finance and Development Corporation before July 1, 2031, and requesting the Corporation and each county to include certain information when approving housing projects for housing credits.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation and NAIOP Hawaii.

Your Committee finds that the State is facing a persistent and severe housing crisis, with thousands of new housing units needed across all counties to meet demand. Rising mortgage rates and construction financing costs have further exacerbated affordability challenges, making it critical to support the development of affordable housing. To address this, Act 31, Session Laws of Hawaii 2024, was enacted to facilitate housing development through the issuance of housing credits, but uncertainty remains regarding the applicability of these credits after the Act's scheduled repeal in 2031. This measure will clarify the legislative intent to ensure that housing projects approved before July 1, 2031, remain eligible for housing credits, providing stability and certainty for developers working to alleviate the State's housing shortage.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 78 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 4 (Cochran, Kila, Kitagawa, La Chica).

SCRep. 1524 Housing on H.R. No. 147

The purpose of this measure is to establish a legislative working group for the continued oversight of the Department of Hawaiian Home Lands' execution of funds appropriated by Act 279, Session Laws of Hawaii 2022.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands and one individual.

Your Committee finds that Act 279, Session Laws of Hawaii 2022 (Act 279), represented a historic investment by the State of \$600,000,000 to address the backlog of native Hawaiian applicants waiting for homestead leases. In response, the House of Representatives established the Act 279 Working Group to oversee the implementation of these funds and ensure accountability in their use. Through public hearings and discussions, the Working Group identified the need for continued oversight to track progress and ensure that projects funded under Act 279 effectively support native Hawaiian families. This measure will ensure continued transparency, accountability, and ongoing legislative engagement in addressing the housing needs of native Hawaiians.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 147 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 4 (Cochran, Kila, Kitagawa, La Chica).

SCRep. 1525 Health on H.C.R. No. 35

The purpose of this measure is to request the Auditor to assess the social and financial effects of mandatory health insurance coverage for biomarker testing.

Your Committee received testimony in support of this measure from the State Health Planning and Development Agency; Alzheimer's Association-Hawaii; Oncology Nursing Society; Hawai'i Parkinson Association; Environmental Caucus of the Democratic Party of Hawai'i; Liberty Dialysis Hawai'i; American Cancer Society Cancer Action Network; a petition signed by over two hundred individuals; and nine individuals.

Your Committee finds that biomarker testing is an invaluable tool in the diagnosis, treatment, appropriate management, and ongoing monitoring of diseases or conditions. Your Committee further finds that although the Auditor previously assessed the social and financial effects of mandatory health insurance coverage for biomarker testing, as proposed by House Bill No. 2223, H.D. 1, Regular Session of 2024 (HB 2223), the proposed coverage was only for cases where biomarker testing was deemed medically necessary. Your Committee believes that, given the diverse and beneficial ways biomarker tests may be used in clinical practice, including disease screening tests and predictive tests, biomarker testing should not be limited solely to cases of medical necessity. This measure therefore requests the Auditor to conduct a statutorily required impact assessment report on the social and financial effects of the mandated health insurance coverage for biomarker testing as proposed by House Bill No. 553, Regular Session of 2025.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 35 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1526 Health on H.C.R. No. 36

The purpose of this measure is to request the Auditor to assess the social and financial effects of proposed mandatory health insurance coverage for colorectal cancer screenings.

Your Committee received testimony in support of this measure from the State Health Planning and Development Agency; American Cancer Society Cancer Action Network; Mālama I Ke Ola Health Center; Fight Colorectal Cancer; and seven individuals. Your Committee received comments on this measure from the Department of Health and Office of the Auditor.

Your Committee finds that although colorectal cancer is the third leading cause of cancer in Hawaii and the third leading cause of cancer deaths nationwide, not all residents of Hawaii have access to health insurance that provides no-cost colorectal cancer screening. Your Committee further finds that House Bill No. 556, H.D. 1, Regular Session of 2025 (HB556), proposes expanding existing health insurance mandates to cover colorectal cancer screenings, which would be considered a new mandated health insurance benefit.

Your Committee further finds that, pursuant to sections 23-51 and 23-52, Hawaii Revised Statutes, the social and financial impact of a proposed mandated health insurance benefit must be assessed by the Auditor before it can be enacted into law. This measure therefore requests the Auditor to conduct a statutorily required impact assessment report on the social and financial effects of the new mandated health insurance benefit proposed by HB556.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 36 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1527 Health on H.C.R. No. 171

The purpose of this measure is to request the Auditor to assess the social and financial effects of proposed mandatory health insurance coverage for continuous glucose monitors.

Your Committee received testimony in support of this measure from the State Health Planning and Development Agency; State Council on Developmental Disabilities; Environmental Caucus of the Democratic Party of Hawai'i; Hawaii Medical Association; Liberty Dialysis Hawai'i; Board of Trustees of the Hilo Benioff Medical Center Foundation; and two individuals.

Your Committee finds that although continuous glucose monitors provide real-time data and trends on blood glucose levels that surpass the limited information available through traditional blood glucose meters, these devices are not covered by all health insurers. Your Committee further finds that House Bill No. 820, Regular Session of 2025 (HB820), proposes requiring all health insurers in the State, including Medicaid managed care plans, to cover continuous glucose monitors, which would be considered a new mandated health insurance benefit.

Your Committee further finds that, pursuant to sections 23-51 and 23-52, Hawaii Revised Statutes, the social and financial impact of a proposed mandated health insurance benefit must be assessed by the Auditor before it can be enacted into law. This measure therefore requests the Auditor to conduct a statutorily required impact assessment report on the social and financial effects of the new mandated health insurance benefit proposed by HB820.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 171 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1528 Health on H.C.R. No. 185

The purpose of this measure is to request the Auditor to conduct a social and financial assessment of proposed mandatory health insurance coverage for Native Hawaiian healing and cultural practices offered through federally qualified health centers.

Your Committee received testimony in support of this measure from the Waimānalo Health Center; Hāna Health; Mālama I Ke Ola Health Center; Health Committee of the Democratic Party of Hawai‘i; Leeward Massage Therapy Center; and four individuals. Your Committee received comments on this measure from Papa Ola Lōkahi.

Your Committee finds that although multiple federally qualified health centers in the State offer Native Hawaiian healing practices in tandem with other western health care practices, only two health insurers voluntarily provide coverage for these services. Your Committee further finds that House Bill No. 641, Regular Session of 2025 (HB641), proposes requiring, among other things, all health insurers in the State to cover Native Hawaiian healing and cultural practices offered through federally qualified health centers, which would be considered a new mandated health insurance benefit.

Your Committee further finds that, pursuant to sections 23-51 and 23-52, Hawaii Revised Statutes, the social and financial impact of a proposed mandated health insurance benefit must be assessed by the Auditor before it can be enacted into law. This measure therefore requests the Auditor to conduct a statutorily required impact assessment report on the social and financial effects of the new mandated health insurance benefit proposed by HB641.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 185 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1529 Health on H.R. No. 27

The purpose of this measure is to request the Department of Health to reconvene the working group established pursuant to House Resolution No. 18, H.D. 1 (Regular Session of 2024) to continue efforts to address issues related to water and air contamination and remediation from the operation of the Puuloa Range Training Facility.

Your Committee received testimony in support of this measure from the Environmental Caucus of the Democratic Party of Hawai‘i; Hawai‘i Reef and Ocean Coalition; Free Access Coalition; Shimanchu Wai Protectors; Relocate Pu‘uloa Range Coalition; Malu ‘Aina Center for Non-violent Education & Action; Sierra Club of Hawai‘i and numerous individuals. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that the working group established by House Resolution No. 18, H.D. 1 (Regular Session of 2024) (HR18) to address concerns of lead contamination from the Puuloa Range Training Facility will cease on June 30, 2025. Your Committee further finds that the longstanding issues surrounding this facility remains; therefore, the activities of the working group should be continued.

Your Committee has amended this measure by:

- (1) Clarifying that the working group should consist of the members originally requested or invited to serve on the working group pursuant to HR18 and that the Director of Health, or the Director's designee, is requested to serve as an additional member of the working group, rather than as its chair;
- (2) Requesting the Representative of House District 40 and Councilmember for District 9 of the City and County of Honolulu to serve as co-chairs and co-conveners of the working group;
- (3) Amending the list of recipients of certified copies of this measure;
- (4) Amending its title in accordance with its amended purpose; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 27, as amended herein, and recommends that it be referred to your Committee on Energy & Environmental Protection in the form attached hereto as H.R. No. 27, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1530 Health on H.C.R. No. 28

The purpose of this measure is to request the Department of Health to reconvene the working group established pursuant to House Resolution No. 18, H.D. 1 (Regular Session of 2024) to continue efforts to address issues related to water and air contamination and remediation from the operation of the Puuloa Range Training Facility.

Your Committee received testimony in support of this measure from the Environmental Caucus of the Democratic Party of Hawai‘i; Hawai‘i Reef and Ocean Coalition; Free Access Coalition; Shimanchu Wai Protectors; Relocate Pu‘uloa Range Coalition; Malu ‘Aina Center for Non-violent Education & Action; Sierra Club of Hawai‘i and numerous individuals. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that the working group established by House Resolution No. 18, H.D. 1 (Regular Session of 2024) (HR18) to address concerns of lead contamination from the Puuloa Range Training Facility will cease on June 30, 2025. Your Committee further finds that the longstanding issues surrounding this facility remains; therefore, the activities of the working group should be continued.

Your Committee has amended this measure by:

- (1) Clarifying that the working group should consist of the members originally requested or invited to serve on the working group pursuant to HR18 and that the Director of Health, or the Director's designee, is requested to serve as an additional member of the working group, rather than as its chair;
- (2) Requesting the Representative of House District 40 and Councilmember for District 9 of the City and County of Honolulu to serve as co-chairs and co-conveners of the working group;
- (3) Amending the list of recipients of certified copies of this measure;
- (4) Amending its title in accordance with its amended purpose; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 28, as amended herein, and recommends that it be referred to your Committee on Energy & Environmental Protection in the form attached hereto as H.C.R. No. 28, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1531 Health on H.R. No. 169

The purpose of this measure is to urge the Department of Health to undertake preliminary education, outreach, and vaccination drive efforts at schools in Hawaii with vaccination rates under fifty percent, prioritizing schools with vaccination rates under thirty percent, beginning at the start of the 2025-2026 school year.

Your Committee received testimony in support of this measure from the Department of Health; State Council on Developmental Disabilities; State Health Planning and Development Agency; Hawaii Medical Association; Hawai'i Public Health Institute; Hawaii Academy of Family Physicians Legislative Committee; and three individuals. Your Committee received testimony in opposition to this measure from the Hawaii Patriot Republicans; Hawaiian Islands Republican Women; Free Citizens of Maunaloa; Pono Records; and numerous individuals.

Your Committee finds that high vaccination rates are critical to maintaining herd immunity, which protects immunocompromised or otherwise vulnerable individuals from potentially fatal infectious diseases such as measles and smallpox through. Your Committee further finds according to the Department of Health, in the 2022-2023 school year the kindergarten MMR (measles, mumps, and rubella) vaccine coverage rate was approximately eighty-six percent, well below the ninety-five percent coverage rate recommended by the Centers for Disease Control and Prevention, and that in some private schools, over sixty percent of children are unvaccinated. Your Committee believes that promoting vaccination education, as proposed by this measure, to educate parents and students on the important role vaccinations play in protecting the most vulnerable members of a community and to dispel myths about the dangers of vaccination, is necessary to promote the public health and ensure Hawaii's children do not suffer unnecessary harm from entirely preventable diseases.

Your Committee has amended this measure by:

- (1) Requesting the Department of Health to undertake preliminary education, outreach, and vaccination drive efforts at schools with vaccination rates under thirty percent, rather than at schools under fifty percent with prioritization given to schools under thirty percent;
- (2) Amending its title in accordance with its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 169, as amended herein, and recommends that it be referred to your Committee on Education in the form attached hereto as H.R. No. 169, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Olds). Noes, 2 (Alcos, Garcia). Excused, none.

SCRep. 1532 Health on H.C.R. No. 173

The purpose of this measure is to urge the Department of Health to undertake preliminary education, outreach, and vaccination drive efforts at schools in Hawaii with vaccination rates under fifty percent, prioritizing schools with vaccination rates under thirty percent, beginning at the start of the 2025-2026 school year.

Your Committee received testimony in support of this measure from the Department of Education; Department of Health; State Council on Developmental Disabilities; State Health Planning and Development Agency; Hawaii Medical Association; Hawai'i Public Health Institute; Hawaii Academy of Family Physicians Legislative Committee; and six individuals. Your Committee received testimony in opposition to this measure from the Hawaii Patriot Republicans; Cavalry Chapel Westside; Hawaiian Islands Republican Women; Free Citizens of Maunaloa; Pono Records; and numerous individuals.

Your Committee finds that high vaccination rates are critical to maintaining herd immunity, which protects immunocompromised or otherwise vulnerable individuals from potentially fatal infectious diseases such as measles and smallpox through. Your Committee further finds according to the Department of Health, in the 2022-2023 school year the kindergarten MMR (measles, mumps, and rubella) vaccine coverage rate was approximately eighty-six percent, well below the ninety-five percent coverage rate recommended by the Centers for Disease Control and Prevention, and that in some private schools, over sixty percent of children are unvaccinated. Your Committee believes that promoting vaccination education, as proposed by this measure, to educate parents and students on the important role vaccinations play in protecting the most vulnerable members of a community and to dispel myths about the dangers of vaccination, is necessary to promote the public health and ensure Hawaii's children do not suffer unnecessary harm from entirely preventable diseases.

Your Committee has amended this measure by:

- (1) Requesting the Department of Health to undertake preliminary education, outreach, and vaccination drive efforts at schools with vaccination rates under thirty percent, rather than at schools under fifty percent with prioritization given to schools under thirty percent;
- (2) Amending its title in accordance with its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 173, as amended herein, and recommends that it be referred to your Committee on Education in the form attached hereto as H.C.R. No. 173, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Olds). Noes, 2 (Alcos, Garcia). Excused, none.

SCRep. 1533 Consumer Protection & Commerce on H.R. No. 153

The purpose of this measure is to establish a working group dedicated to researching and improving the landlord-tenant code.

Your Committee received testimony in support of this measure from Hawaii Realtors and from one individual. Your Committee received testimony providing comments from the State Department of the Attorney General and from the Maui Tenants and Workers Association.

Your Committee finds that clarifying and improving landlord-tenant laws will support the vitality of rental housing in Hawaii, and that addressing other relevant landlord-tenant issues would provide an opportunity for collaboration among key stakeholders. Your Committee acknowledges commentary from the State Attorney General regarding concerns about convening the working group.

Your committee notes the Judiciary's support of S.B. No. 822, Regular Session of 2025, which this committee heard previously, and its willingness to convene the working group.

Your Committee has therefore amended this measure by:

- (1) Changing the convening entity from the Attorney General to the Judiciary;
- (2) Narrowing the scope of this Resolution by removing the request to identify the potential availability of housing stock not offered for rent;
- (3) Amending its title in accordance with its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 153, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.R. No. 153, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Pierick).

SCRep. 1534 Consumer Protection & Commerce on H.C.R. No. 158

The purpose of this measure is to establish a working group dedicated to researching and improving the landlord-tenant code.

Your Committee received testimony in support of this measure from Hawaii Realtors and from one individual. Your Committee received testimony providing comments from the State Department of the Attorney General and from the Maui Tenants and Workers Association.

Your Committee finds that clarifying and improving landlord-tenant laws will support the vitality of rental housing in Hawaii, and that addressing other relevant landlord-tenant issues would provide an opportunity for collaboration among key stakeholders. Your Committee acknowledges commentary from the State Attorney General regarding concerns about convening the working group.

Your committee notes the Judiciary's support of S.B. No. 822, Regular Session of 2025, which this committee heard previously, and its willingness to convene the working group.

Your Committee has therefore amended this measure by:

- (1) Changing the convening entity from the Attorney General to the Judiciary;
- (2) Narrowing the scope of this Concurrent Resolution by removing the request to identify the potential availability of housing stock not offered for rent;
- (3) Amending its title in accordance with its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 158, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.C.R. No. 158, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Pierick).

SCRep. 1535 Consumer Protection & Commerce on H.R. No. 23

The purpose of this measure is to develop a framework for the regulation of condominium association managers by requesting that the State Office of the Auditor:

- (1) conduct a follow-up sunrise review as proposed by S.B. No. 1454, Regular Session of 2005;
- (2) examine alternative regulatory frameworks for the regulation of condominium association managers;
- (3) submit a report of its findings and recommendations to the Legislature; and
- (4) receive a certified copy of this Resolution.

Your Committee received testimony in support of this measure from the State Office of the Auditor; Hawaii Realtors; Hawaii Real Estate Commission; and from five individuals.

Your Committee finds that section 26H-6, Hawaii Revised Statutes, of the Hawaii Regulatory Licensing Reform Act requires specific legislative bills, subjecting unregulated professions and vocations to licensing or other regulatory controls, to be referred to the Auditor for analysis.

Your Committee further finds that H.B. No. 1312, Regular Session of 2025, contains the scope of duties for condominium association managers.

Your Committee also notes that S.B. No. 1454, Regular Session of 2005, was introduced more than 20 years ago and refers to sections that were repealed in 2017.

Your Committee has therefore amended this measure by:

- (1) Requesting the Auditor to conduct a sunrise analysis on H.B. No. 1312, Regular Session of 2025, and replacing WHEREAS clauses on page 2 accordingly;
- (2) Amending its title in accordance with its amended purpose;
- (3) Removing the request to examine alternative regulatory frameworks; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 23, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 23, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Pierick).

SCRep. 1536 Consumer Protection & Commerce on H.C.R. No. 24

The purpose of this measure is to develop a framework for the regulation of condominium association managers by requesting that the State Office of the Auditor:

- (1) conduct a follow-up sunrise review as proposed by S.B. No. 1454, Regular Session of 2005;
- (2) examine alternative regulatory frameworks for the regulation of condominium association managers;
- (3) submit a report of its findings and recommendations to the Legislature; and
- (4) receive a certified copy of this Concurrent Resolution.

Your Committee received testimony in support of this measure from the State Office of the Auditor; Hawaii Realtors; Hawaii Real Estate Commission; and from five individuals.

Your Committee finds that section 26H-6, Hawaii Revised Statutes, of the Hawaii Regulatory Licensing Reform Act requires specific legislative bills, subjecting unregulated professions and vocations to licensing or other regulatory controls, to be referred to the Auditor for analysis.

Your Committee further finds that H.B. No. 1312, Regular Session of 2025, contains the scope of duties for condominium association managers.

Your Committee also notes that S.B. No. 1454, Regular Session of 2005, was introduced more than 20 years ago and refers to sections that were repealed in 2017.

Your Committee has therefore amended this measure by:

- (1) Requesting the Auditor to conduct a sunrise analysis on H.B. No. 1312, Regular Session of 2025, and replacing WHEREAS clauses on page 2 accordingly;
- (2) Amending its title in accordance with its amended purpose;
- (3) Removing the request to examine alternative regulatory frameworks; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 24, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 24, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Pierick).

SCRep. 1537 Education on H.R. No. 105

The purpose of this measure is to declare that the Legislature supports free and responsible scholastic journalism and actively supports and honors the First Amendment of the United States Constitution in student publications.

Your Committee received testimony in support of this measure from the Society of Professional Journalists Hawaii Professional Chapter; Student Press Law Center; Media Council Hawaii; and five individuals.

Your Committee finds that the Department of Education distributes to every student a Student Publication/Audio/Video Release Form (Release Form) as a means to protect students' rights to privacy under the Family Educational Rights and Privacy Act (FERPA) and the Protection of Pupil Rights Amendment. This Release Form must be returned with a parent's signature to authorize the Department of Education to use a student's name and likeness, photo, video, or audio in school-related publication print, analog media, and digital media. Your Committee further finds that the Hawaii Student Journalism Protection Act, enacted under Act 24, Session Laws of Hawaii 2022, and Board of Education Policy 101-9 allows student journalists at public schools to exercise freedom of speech and freedom of the press in school-sponsored media, and protects advisers from retaliation for refusing to infringe upon student press freedom.

Your Committee notes that FERPA only restricts the release of information by school officials; outside parties, including student journalists, who are neither employees nor agents of the school, are not covered by FERPA. Minors can give consent as long as they are cognitively able to understand what it means to talk to a journalist. Your Committee believes that applying FERPA to student media through the Release Form is unnecessarily placing prior constraint on student journalists.

Your Committee has amended this measure by:

- (1) Specifying that the Department of Education is requested to inform administrators that parent consent is not a legal requirement for publishing student names and photos in school-sponsored student-produced media, revise the current Release Form to remove any language that would lead a reasonable person to assume the Release Form applies to school-sponsored student-produced media, and update the Department's website related to student privacy to align with the revised Release Form no later than December 31, 2025; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 105, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.R. No. 105, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Garrett, Kapela, Sayama, Muraoka).

SCRep. 1538 Education on H.C.R. No. 109

The purpose of this measure is to declare that the Legislature supports free and responsible scholastic journalism and actively supports and honors the First Amendment of the United States Constitution in student publications.

Your Committee received testimony in support of this measure from the Society of Professional Journalists Hawaii Professional Chapter; Student Press Law Center; Media Council Hawaii; and four individuals. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that the Department of Education distributes to every student a Student Publication/Audio/Video Release Form (Release Form) as a means to protect students' rights to privacy under the Family Educational Rights and Privacy Act (FERPA) and the Protection of Pupil Rights Amendment. This Release Form must be returned with a parent's signature to authorize the Department of Education to use a student's name and likeness, photo, video, or audio in school-related publication print, analog media, and digital media. Your Committee further finds that the Hawaii Student Journalism Protection Act, enacted under Act 24, Session Laws of Hawaii 2022, and Board of Education Policy 101-9 allows student journalists at public schools to exercise freedom of speech and freedom of the press in school-sponsored media, and protects advisers from retaliation for refusing to infringe upon student press freedom.

Your Committee notes that FERPA only restricts the release of information by school officials; outside parties, including student journalists, who are neither employees nor agents of the school, are not covered by FERPA. Minors can give consent as long as they are cognitively able to understand what it means to talk to a journalist. Your Committee believes that applying FERPA to student media through the Release Form is unnecessarily placing prior constraint on student journalists.

Your Committee has amended this measure by:

- (1) Specifying that the Department of Education is requested to inform administrators that parent consent is not a legal requirement for publishing student names and photos in school-sponsored student-produced media, revise the current Release Form to remove any language that would lead a reasonable person to assume the Release Form applies to school-sponsored student-produced media, and update the Department's website related to student privacy to align with the revised Release Form no later than December 31, 2025; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 109, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.C.R. No. 109, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Garrett, Kapela, Sayama, Muraoka).

SCRep. 1539 Education on H.R. No. 179

The purpose of this measure is to request the Department of Education, in collaboration with the Department of Health and State Public Charter School Commission, to conduct a study on the practices of managing heat exposure in department schools and charter schools to protect students' health during outdoor activities.

Your Committee received testimony in support of this measure from the Department of Health; State Public Charter School Commission; and Hawaii Climate Change and Health Working Group.

Your Committee finds that rising air temperatures and the State's high average relative humidity pose a significant challenge to human thermoregulation, particularly for individuals exercising outdoors where high humidity reduces the effectiveness of the body's ability to cool itself through sweating. Your Committee further finds that the dangers of exertional heat illness are particularly high for children, who have reduced thermoregulation capabilities and slower heat acclimatization compared to adults. Your Committee believes that an in-depth study is necessary to determine the best practices for managing heat exposure and to develop a plan if the existing practices of managing heat exposure in department schools and charter schools are insufficient in ensuring student safety from heat exposure.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 179 and recommends that it be referred to your Committee on Health.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Garrett, Kapela, Sayama, Muraoka).

SCRep. 1540 Education on H.C.R. No. 186

The purpose of this measure is to request the Department of Education, in collaboration with the Department of Health and State Public Charter School Commission, to conduct a study on the practices of managing heat exposure in department schools and charter schools to protect students' health during outdoor activities.

Your Committee received testimony in support of this measure from the Department of Education; Department of Health; State Public Charter School Commission; and Hawaii Climate Change and Health Working Group.

Your Committee finds that rising air temperatures and the State's high average relative humidity pose a significant challenge to human thermoregulation, particularly for individuals exercising outdoors where high humidity reduces the effectiveness of the body's ability to cool itself through sweating. Your Committee further finds that the dangers of exertional heat illness are particularly high for children, who have reduced thermoregulation capabilities and slower heat acclimatization compared to adults. Your Committee believes that an in-depth study is necessary to determine the best practices for managing heat exposure and to develop a plan if the existing practices of managing heat exposure in department schools and charter schools are insufficient in ensuring student safety from heat exposure.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 186 and recommends that it be referred to your Committee on Health.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Garrett, Kapela, Sayama, Muraoka).

SCRep. 1541 Education on H.R. No. 139

The purpose of this measure is to urge the Department of Education, Department of Health, and other relevant stakeholders to collaborate and develop a strategic plan for Hawaii's pursuit of funding for and participation in the Centers for Disease Control and Prevention's public health surveillance for estimating autism prevalence.

Your Committee received testimony in support of this measure from the Hawai'i State Council on Developmental Disabilities; BAYADA; Hawai'i Early Intervention Coordinating Council; Early Childhood Action Strategy; Hawai'i Association for Behavior Analysis; and three individuals.

Your Committee finds that autism spectrum disorder is a neurodevelopmental condition that affects brain development and unfolds across an individual's lifespan, impacting social communication, behavior, and daily functioning. Your Committee further finds that the Center for Disease Control and Prevention's Autism and Developmental Disabilities Monitoring (ADDM) Network has been the primary source of autism prevalence data in the United States, but Hawaii has never been included in this national surveillance effort. The Center for Disease Control and Prevention is open to assisting in estimating autism prevalence across the State and training local teams in established public health surveillance protocols. Your Committee believes that Hawaii's participation in systematic autism monitoring is an opportunity to attract national attention and additional funding for training, recruitment, and retention to support children with autism and their families.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 139 and recommends that it be referred to your Committee on Health.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Garrett, Kapela, Sayama, Muraoka).

SCRep. 1542 Education on H.C.R. No. 145

The purpose of this measure is to urge the Department of Education, Department of Health, and other relevant stakeholders to collaborate and develop a strategic plan for Hawaii's pursuit of funding for and participation in the Centers for Disease Control and Prevention's public health surveillance for estimating autism prevalence.

Your Committee received testimony in support of this measure from the Department of Education; Hawai'i State Council on Developmental Disabilities; BAYADA; Hawai'i Early Intervention Coordinating Council; Early Childhood Action Strategy; Hawai'i Association for Behavior Analysis; and three individuals.

Your Committee finds that autism spectrum disorder is a neurodevelopmental condition that affects brain development and unfolds across an individual's lifespan, impacting social communication, behavior, and daily functioning. Your Committee believes that Hawaii's participation in systematic autism monitoring is an opportunity to attract national attention and additional funding for training, recruitment, and retention to support children with autism and their families.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 145 and recommends that it be referred to your Committee on Health.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Garrett, Kapela, Sayama, Muraoka).

SCRep. 1543 Education on H.R. No. 106

The purpose of this measure is to request that the Auditor conduct an audit of the Department of Education's capital improvement projects.

Your Committee received testimony in support of this measure from four individuals.

Your Committee finds that the Department of Education is responsible for the repair and maintenance of 4,425 buildings statewide. Your Committee further finds that the Department of Education received nearly \$1,000,000,000 in the 2021–2023 fiscal biennium for capital improvement project appropriations. As of January 2024, the Department of Education had over \$2,000,000,000 in unspent capital improvement program funds at school facilities. Your Committee believes that an audit of the Department of Education will help identify any shortcomings in the current distribution of funds and determine any necessary changes to increase the efficiency of the Department of Education's capital improvement repair and maintenance projects.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 106 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Garrett, Kapela, Sayama, Muraoka).

SCRep. 1544 Education on H.C.R. No. 110

The purpose of this measure is to request that the Auditor conduct an audit of the Department of Education's capital improvement projects.

Your Committee received testimony in support of this measure from four individuals. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that the Department of Education is responsible for the repair and maintenance of 4,425 buildings statewide. Your Committee further finds that the Department of Education received nearly \$1,000,000,000 in the 2021–2023 fiscal biennium for capital improvement project appropriations. Your Committee believes that an audit of the Department of Education will help identify any shortcomings in the current distribution of funds and determine any necessary changes to increase the efficiency of the Department of Education's capital improvement repair and maintenance projects.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 110 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Garrett, Kapela, Sayama, Muraoka).

SCRep. 1545 Culture & Arts on H.R. No. 90

The purpose of this measure is to request the Governor to issue a proclamation designating Hawaii as a Purple Heart State on August 7, 2025.

Your Committee received testimony in support of this measure from two individuals.

Your Committee finds that the Purple Heart is one of the most recognized, respected, and oldest military decorations awarded to members of the United States Armed Forces and only awarded to those service members who have been injured or killed in military service to the United States. Your Committee believes that given the State's deep military history, it is proper for the State to specifically honor the sacrifices of service members who have received the Purple Heart and demonstrate appreciation for its veterans.

As affirmed by the record of votes of the members of your Committee on Culture & Arts that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 90 and recommends that it be referred to your Committee on Public Safety.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Sayama, Reyes Oda).

SCRep. 1546 Culture & Arts on H.C.R. No. 94

The purpose of this measure is to request the Governor to issue a proclamation designating Hawaii as a Purple Heart State on August 7, 2025.

Your Committee received testimony in support of this measure from two individuals.

Your Committee finds that the Purple Heart is one of the most recognized, respected, and oldest military decorations awarded to members of the United States Armed Forces and only awarded to those service members who have been injured or killed in military service to the United States. Your Committee believes that given the State's deep military history, it is proper for the State to specifically honor the sacrifices of service members who have received the Purple Heart and demonstrate appreciation for its veterans.

As affirmed by the record of votes of the members of your Committee on Culture & Arts that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 94 and recommends that it be referred to your Committee on Public Safety.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Sayama, Reyes Oda).

SCRep. 1547 Culture & Arts on H.R. No. 156

The purpose of this measure is to urge all of the counties to establish new Sister City relationships with other Pacific Island municipalities.

Your Committee did not receive any written testimony on this measure.

Your Committee finds that the success of the 13th Festival of Pacific Arts and Culture (FestPAC), hosted for the first time by Hawaii in its fifty-two-year history in June 2024, demonstrates the value and importance of fostering relationships between Hawaii and its Pacific Island neighbors. Your Committee also finds that Sister City programs encourage exchanges in arts and culture, youth and education, business and trade, and community development. Your Committee believes that expanding Sister City relationships between Hawaii and additional Pacific Island communities would strengthen regional ties and further cultivate a shared appreciation of one another's people, history, and culture.

As affirmed by the record of votes of the members of your Committee on Culture & Arts that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 156 and recommends that it be referred to your Committee on Economic Development & Technology.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Reyes Oda).

SCRep. 1548 Culture & Arts on H.C.R. No. 161

The purpose of this measure is to urge all of the counties to establish new Sister City relationships with other Pacific Island municipalities.

Your Committee did not receive any written testimony on this measure.

Your Committee finds that the success of the 13th Festival of Pacific Arts and Culture (FestPAC), hosted for the first time by Hawaii in its fifty-two-year history in June 2024, demonstrates the value and importance of fostering relationships between Hawaii and its Pacific Island neighbors. Your Committee also finds that Sister City programs encourage exchanges in arts and culture, youth and education, business and trade, and community development. Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Reyes Oda).

SCRep. 1549 Culture & Arts on H.R. No. 123

The purpose of this measure is to urge the State to acquire the Hawaii Theatre to promote local culture and arts, preserve its historic and cultural significance, and facilitate its continued public use.

Your Committee received testimony in support of this measure from the Hawaii Theatre Center and five individuals.

Your Committee finds that the Hawaii Theatre, located in downtown Honolulu, is a historic landmark that has served as a cultural and performing arts center since opening in 1922. The Theatre has played a significant role in the State's cultural and artistic heritage by hosting performances, concerts, and community events that celebrate the State's diverse history and traditions. Your Committee further finds that the State has invested approximately \$30,000,000 in public grants and assistance for the renovation and preservation of the Hawaii Theater to further its efforts in promoting the historic preservation, economic revitalization, and cultural enrichment in Hawaii. Your Committee therefore believes that public ownership of the Hawaii Theatre by the State will ensure the Theatre's long-term preservation, enable necessary renovations and improvements, and expand access to arts and cultural programming for residents and visitors.

As affirmed by the record of votes of the members of your Committee on Culture & Arts that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 123 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Reyes Oda).

SCRep. 1550 Culture & Arts on H.C.R. No. 127

The purpose of this measure is to urge the State to acquire the Hawaii Theatre to promote local culture and arts, preserve its historic and cultural significance, and facilitate its continued public use.

Your Committee received testimony in support of this measure from the Hawaii Theatre Center and five individuals.

Your Committee finds that the Hawaii Theatre, located in downtown Honolulu, is a historic landmark that has served as a cultural and performing arts center since opening in 1922. The Theatre has played a significant role in the State's cultural and artistic heritage by hosting performances, concerts, and community events that celebrate the State's diverse history and traditions. Your Committee further finds that the State has invested approximately \$30,000,000 in public grants and assistance for the renovation and preservation of the Hawaii Theater to further its efforts in promoting the historic preservation, economic revitalization, and cultural enrichment in Hawaii. Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Reyes Oda).

SCRep. 1551 Culture & Arts on H.R. No. 135

The purpose of this measure is to request the establishment of a working group to study the feasibility of creating a Hawaii Cultural Trust to preserve and promote Hawaii's cultural resources.

Your Committee received testimony in support of this measure from the State Foundation on Culture and the Arts; Hawai'i State LGBTQ+ Commission; and Stonewall Caucus of the Democratic Party of Hawai'i. Your Committee received comments on this measure from the Hawai'i Tourism Authority.

Your Committee finds that sustained investment in cultural preservation, heritage, and the arts supports economic growth, education, tourism, and the overall well-being of the people of Hawaii. Your Committee also finds that various states have successful cultural trusts that could be used as models for sustainable funding of cultural organizations by leveraging donations and tax incentives to support arts and heritage programs. Your Committee believes that establishing a Hawaii Cultural Trust will enhance financial sustainability for cultural institutions and the arts and provide long-term support for the preservation and promotion of Hawaii's cultural resources.

Your Committee recognizes the cultural impact of Hawai'i's māhū, LGBTQIA+, QTPI+, and MVPFAFF+ communities on the State and therefore finds it appropriate to include these communities in this critical discussion, as it presents an opportunity for their contributions to the cultural, spiritual, and social fabric of Hawai'i to be preserved as well.

Accordingly, your Committee has amended this measure by:

- (1) Including a representative from the Hawai'i State LGBTQ+ Commission to participate in the working group; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture & Arts that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 135, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 135, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Reyes Oda).

SCRep. 1552 Culture & Arts on H.C.R. No. 141

The purpose of this measure is to request the establishment of a working group to study the feasibility of creating a Hawaii Cultural Trust to preserve and promote Hawaii's cultural resources.

Your Committee received testimony in support of this measure from the State Foundation on Culture and the Arts; Hawai'i State LGBTQ+ Commission; and Stonewall Caucus of the Democratic Party of Hawai'i. Your Committee received comments on this measure from the Hawai'i Tourism Authority.

Your Committee finds that sustained investment in cultural preservation, heritage, and the arts supports economic growth, education, tourism, and the overall well-being of the people of Hawaii. Your Committee also finds that various states have successful cultural trusts that could be used as models for sustainable funding of cultural organizations by leveraging donations and tax incentives to support arts and heritage programs. Your Committee believes that establishing a Hawaii Cultural Trust will enhance financial sustainability for cultural institutions and the arts and provide long-term support for the preservation and promotion of Hawaii's cultural resources.

Your Committee recognizes the cultural impact of Hawai'i's māhū, LGBTQIA+, QTPI+, and MVPFAFF+ communities on the State and therefore finds it appropriate to include these communities in this critical discussion, as it presents an opportunity for their contributions to the cultural, spiritual, and social fabric of Hawai'i to be preserved as well.

Accordingly, your Committee has amended this measure by:

- (1) Including a representative from the Hawai'i State LGBTQ+ Commission to participate in the working group; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture & Arts that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 141, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 141, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Reyes Oda).

SCRep. 1553 Agriculture & Food Systems on H.R. No. 192

The purpose of this measure is to urge the State Department of Agriculture and the County of Maui Department of Agriculture to:

- (1) Take further meaningful action to address the axis deer overpopulations by implementing policies to make United States Department of Agriculture-certified in-state inspectors, certified inspections, and certified processing facilities more accessible, capable, and affordable for local hunters to utilize and by implementing policies to increase the amount of certified United States Department of Agriculture in-state meat inspectors for game mammals; and

- (2) To convene a joint task force to oversee the County of Maui program that, in coordination with the United States Department of Agriculture certified processing facilities, would aim to investigate and develop plans to make affordable the processing of locally hunted axis deer meat and the distribution of this venison to the community; and
- (3) Request the joint task force to submit a report of the program's accomplishments and barriers with its findings and recommendations, including any proposed legislation, to the Legislature no later than November 30, 2025.

Your Committee received no testimony on this measure.

Your Committee finds that eating locally grown food and meats benefits the local economy and our citizens, and the people of the State deserve access to many local foods, including locally hunted meat. Your Committee further finds that the overpopulation of axis deer on Maui has led to the overgrazing of native plants that would otherwise aid in mitigating erosion, wildfires, and flooding. Your Committee recognizes that axis deer are a plentiful source of high-quality protein and that other states have successfully implemented programs that process and distribute locally hunted meat to their communities. An increase of in-state United States Department of Agriculture-certified meat inspectors would lower the cost of inspections for local hunters, provide a benefit to the agricultural industry in the State, and make locally hunted venison more available and safer for the community to consume. This measure urges the State Department of Agriculture and the County of Maui Department of Agriculture to take further action to address axis deer overpopulation by improving access to USDA-certified inspectors and processing facilities, convening a joint task force to develop an affordable venison processing and distribution program, and requiring the task force to report its findings and recommendations to the Legislature by November 30, 2025.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 192 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Lowen, Ward).

SCRep. 1554 Agriculture & Food Systems on H.C.R. No. 200

The purpose of this measure is to urge the State Department of Agriculture and the County of Maui Department of Agriculture to:

- (1) Take further meaningful action to address the axis deer overpopulations by implementing policies to make United States Department of Agriculture-certified in-state inspectors, certified inspections, and certified processing facilities more accessible, capable, and affordable for local hunters to utilize and by implementing policies to increase the amount of certified United States Department of Agriculture in-state meat inspectors for game mammals; and
- (2) To convene a joint task force to oversee the County of Maui program that, in coordination with the United States Department of Agriculture certified processing facilities, would aim to investigate and develop plans to make affordable the processing of locally hunted axis deer meat and the distribution of this venison to the community; and
- (3) Request the joint task force to submit a report of the program's accomplishments and barriers with its findings and recommendations, including any proposed legislation, to the Legislature no later than November 30, 2025.

Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that eating locally grown food and meats benefits the local economy and our citizens, and the people of the State deserve access to many local foods, including locally hunted meat. Your Committee further finds that the overpopulation of axis deer on Maui has led to the overgrazing of native plants that would otherwise aid in mitigating erosion, wildfires, and flooding. Your Committee recognizes that axis deer are a plentiful source of high-quality protein and that other states have successfully implemented programs that process and distribute locally hunted meat to their communities. An increase of in-state United States Department of Agriculture-certified meat inspectors would lower the cost of inspections for local hunters, provide a benefit to the agricultural industry in the State, and make locally hunted venison more available and safer for the community to consume. This measure urges the State Department of Agriculture and the County of Maui Department of Agriculture to take further action to address axis deer overpopulation by improving access to USDA-certified inspectors and processing facilities, convening a joint task force to develop an affordable venison processing and distribution program, and requiring the task force to report its findings and recommendations to the Legislature by November 30, 2025.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 200 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Lowen, Ward).

SCRep. 1555 Agriculture & Food Systems on H.R. No. 36

The purpose of this measure is to encourage each county to establish its own biosecurity plan prioritizing the needs of the county, to encourage collaboration between counties in developing its biosecurity plan, and to encourage sharing each county's findings and biosecurity plan and collaborate with the State, including the Department of Agriculture and Hawaii Invasive Species Council.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and the Coordinating Group on Alien Pest Species. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee has amended this measure by:

- (1) Expanding each county's biosecurity plan to include identifying proposals for legislative changes at the State and county levels; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee finds that the impacts of invasive species on the State lead to habitat degradation, extinction of native species, and rising costs in agriculture and livestock production, and that strengthening biosecurity is critical in preventing the introduction and spread of invasive species that threaten the local ecosystems, food security, and public health. Your Committee further finds that each county faces unique biosecurity challenges, thus localized approaches to strengthening biosecurity at the county level will enable proactive identification of risks, enhance early detection and rapid response efforts, and improve coordination with state and federal agencies, while also allowing each county to prioritize its biosecurity needs and develop community-based strategies for invasive species mitigation. This measure encourages each county to establish a localized approach for strengthening its biosecurity plan and to collaborate and share its biosecurity plan and findings with other counties and the State, including the Department of Agriculture and Hawaii Invasive Species Council.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 36, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 36, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Lowen, Ward).

SCRep. 1556 Agriculture & Food Systems on H.C.R. No. 42

The purpose of this measure is to encourage each county to establish its own biosecurity plan prioritizing the needs of the county, to encourage collaboration between counties in developing its biosecurity plan, and to encourage sharing each county's findings and biosecurity plan and collaborate with the State, including the Department of Agriculture and Hawaii Invasive Species Council.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and the Coordinating Group on Alien Pest Species. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee has amended this measure by:

- (1) Expanding each county's biosecurity plan to include identifying proposals for legislative changes at the State and county levels; and
Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee finds that the impacts of invasive species on the State lead to habitat degradation, extinction of native species, and rising costs in agriculture and livestock production, and that strengthening biosecurity is critical in preventing the introduction and spread of invasive species that threaten the local ecosystems, food security, and public health. Your Committee further finds that each county faces unique biosecurity challenges, thus localized approaches to strengthening biosecurity at the county level will enable proactive identification of risks, enhance early detection and rapid response efforts, and improve coordination with state and federal agencies, while also allowing each county to prioritize its biosecurity needs and develop community-based strategies for invasive species mitigation. As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 42, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 42, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Lowen, Ward).

SCRep. 1557 Agriculture & Food Systems on H.R. No. 26

The purpose of this measure is to request Hawaii's congressional delegation to petition the United States Department of Agriculture to address the lack of parity between Hawaii and other states and territories pertaining to the export of agricultural goods.

Your Committee received testimony in support of this measure from the Department of Agriculture.

Your Committee finds that Hawaii is the only state in the nation regulated similarly to the United States territories. Under title 7 Code of Federal Regulations part 318, the Secretary of Agriculture of the United States Department of Agriculture may prohibit or restrict the movement in interstate commerce of any plant or plant product from Hawaii and the territories, unless specifically allowed, to the continental United States to prevent the introduction of plant pests on the continent. Unfortunately, the allowable list is limited and Hawaii waits in the same queue as foreign countries seeking to export products into the United States, and shipments of fruits and vegetables require quarantine treatment, inspection, and authorization by the United States Department of Agriculture, severely limiting the State's exports.

Your Committee further finds that a petition must be submitted to the United States Department of Agriculture in order for the State to add more agricultural commodities to the allowable list. This measure requests that Hawaii's congressional delegation petition the United States Department of Agriculture to address the lack of parity between Hawaii and other states and territories pertaining to the export of agricultural goods.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 26 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Lowen, Ward).

SCRep. 1558 Agriculture & Food Systems on H.C.R. No. 27

The purpose of this measure is to request Hawaii's congressional delegation to petition the United States Department of Agriculture to address the lack of parity between Hawaii and other states and territories pertaining to the export of agricultural goods.

Your Committee received testimony in support of this measure from the Department of Agriculture.

Your Committee finds that Hawaii is the only state in the nation regulated similarly to the United States territories. Under title 7 Code of Federal Regulations part 318, the Secretary of Agriculture of the United States Department of Agriculture may prohibit or restrict the movement in interstate commerce of any plant or plant product from Hawaii and the territories, unless specifically allowed, to the continental United States to prevent the introduction of plant pests on the continent. Unfortunately, the allowable list is limited and Hawaii waits in the same queue as foreign countries seeking to export products into the United States, and shipments of fruits and vegetables require quarantine treatment, inspection, and authorization by the United States Department of Agriculture, severely limiting the State's exports.

Your Committee further finds that a petition must be submitted to the United States Department of Agriculture in order for the State to add more agricultural commodities to the allowable list. This measure requests that Hawaii's congressional delegation petition the United States Department of Agriculture to address the lack of parity between Hawaii and other states and territories pertaining to the export of agricultural goods.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 27 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Lowen, Ward).

SCRep. 1559 Culture & Arts on H.R. No. 158

The purpose of this measure is to urge the State Foundation on Culture and the Arts, in consultation with other agencies, to establish an annual festival in Hawaii that celebrates the culture and arts of the Pacific region.

Your Committee received testimony in support of this measure from the State Foundation on Culture and the Arts and one individual.

Your Committee finds that the 13th Festival of Pacific Arts and Culture (FestPAC), hosted by Hawaii for the first time in its fifty-two-year history in June 2024, attracted more than five hundred thousand visitors and over two thousand two hundred delegates from more than twenty-five island nations. Your Committee believes that events like FestPAC promote trans-Pacific cooperation and help preserve the strong cultural heritages of Micronesia, Melanesia, and Polynesia and providing annual dedicated opportunities to learn about and experience the varied cultures and traditions that make up the Pacific region will foster the bonds among these peoples and allow for further understanding, cooperation, and appreciation.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture & Arts that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 158, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 158, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Reyes Oda).

SCRep. 1560 Culture & Arts on H.C.R. No. 163

The purpose of this measure is to urge the State Foundation on Culture and the Arts, in consultation with other agencies, to establish an annual festival in Hawaii that celebrates the culture and arts of the Pacific region.

Your Committee received testimony in support of this measure from the State Foundation on Culture and the Arts and one individual.

Your Committee finds that the 13th Festival of Pacific Arts and Culture (FestPAC), hosted by Hawaii for the first time in its fifty-two-year history in June 2024, attracted more than five hundred thousand visitors and over two thousand two hundred delegates from more than twenty-five island nations. Your Committee believes that events like FestPAC promote trans-Pacific cooperation and help preserve the strong cultural heritages of Micronesia, Melanesia, and Polynesia and providing annual dedicated opportunities to learn about and experience the varied cultures and traditions that make up the Pacific region will foster the bonds among these peoples and allow for further understanding, cooperation, and appreciation.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture & Arts that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 163, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 163, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Reyes Oda).

SCRep. 1561 Housing on H.R. No. 60

The purpose of this measure is to request the State Building Code Council to adopt, amend, or update the State Building Code to authorize point access block construction for residential buildings up to six stories in the State.

Your Committee received testimony in support of this measure from the Grassroot Institute of Hawaii and Housing Hawai'i's Future. Your Committee received testimony in opposition to this measure from the American Institute of Architects, Hawaii State Council.

Your Committee finds that existing building code requirements effectively mandate a double-loaded corridor building, where two stairways access a corridor in the middle of the building with units on each side. This can result in the dwelling units in these buildings having daylight come from only one single exterior wall, with little to no cross ventilation. Your Committee further finds that buildings with point access blocks are compact single stair buildings with dwellings that are centered around a stairway and elevator core and have a single point of access. Dwelling units in buildings with point access blocks tend to be very flexible, with a higher proportion of units ranging from two- to four-bedrooms. Your Committee believes that the State would benefit from allowing the residential buildings to be constructed to allow for point access blocks, which could alleviate the State's severe lack of housing by reducing construction costs.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 60 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 4 (Cochran, Kila, Kitagawa, La Chica).

SCRep. 1562 Housing on H.C.R. No. 66

The purpose of this measure is to request the State Building Code Council to adopt, amend, or update the State Building Code to authorize point access block construction for residential buildings up to six stories in the State.

Your Committee received testimony in support of this measure from the Grassroot Institute of Hawaii and Housing Hawai'i's Future. Your Committee received testimony in opposition to this measure from the American Institute of Architects, Hawaii State Council.

Your Committee finds that existing building code requirements effectively mandate a double-loaded corridor building, where two stairways access a corridor in the middle of the building with units on each side. This can result in the dwelling units in these buildings having daylight come from only one single exterior wall, with little to no cross ventilation. Your Committee further finds that buildings with point access blocks are compact single stair buildings with dwellings that are centered around a stairway and elevator core and have a single point of access. Dwelling units in buildings with point access blocks tend to be very flexible, with a higher proportion of units ranging from two- to four-bedrooms. Your Committee believes that the State would benefit from allowing the residential buildings to be constructed to allow for point access blocks, which could alleviate the State's severe lack of housing by reducing construction costs.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 66 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 4 (Cochran, Kila, Kitagawa, La Chica).

SCRep. 1563 Housing on H.C.R. No. 67

The purpose of this measure is to request the Governor, State Building Code Council, building departments of each county, mayors of each county, and chairs of the Senate and House of Representatives standing committees on housing to develop a comprehensive strategy for adopting updated building codes.

Your Committee received testimony in support of this measure from the Grassroot Institute of Hawaii. Your Committee received testimony in opposition to this measure from American Institute of Architects of Architects, Hawaii State Council, Legislative Advocacy Committee.

Your Committee finds that clear, well-regulated building codes are essential for ensuring public safety, resilience against natural disasters, and the long-term stability of Hawaii's infrastructure. Recent changes to the application of building codes, including the suspension of the State Building Code Council and the adoption of unamended national standards, have created uncertainty for contractors and developers. The measure will address the lack of clarity in regulatory requirements risks delaying construction projects and compromising safety standards.

Your Committee has amended this measure by:

- (1) Changing its title to make technical amendments;
- (2) Urging the comprehensive strategy to include requests to reinstate and adequately fund the State Building Code Council so it can resume its mandate effectively;
- (3) Updating the list of recipients of certified copies of this measure; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 67, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 67, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 4 (Cochran, Kila, Kitagawa, La Chica).

SCRep. 1564 Agriculture & Food Systems on H.R. No. 126

The purpose of this measure is to urge the counties, State, and other relevant agencies to:

- (1) Provide increased and sustained funding to the Invasive Species Committees within the Pacific Cooperative Studies Unit of the University of Hawai'i at Mānoa; and
- (2) Provide sustained funding to the ISCs to strengthen their ability to combat the growing threat of invasive species and protect Hawaii's ecosystems and economy; and
- (3) Direct funding toward expanding invasive species control programs to target priority species, increasing research and monitoring efforts to detect new invasions early, enhancing public outreach and education to raise awareness about preventing the spread of invasive species, supporting interagency and community collaboration to improve response coordination and resource-sharing, and providing treatment options for residents and farmers impacted by these species, including grants for control efforts and the purchase of treatment supplies.

Your Committee received testimony in support of this measure from the University of Hawai'i System; Hawai'i Invasive Species Council; Department of Land and Natural Resources; Board of Water Supply; O'ahu Invasive Species Committee; Hawai'i Ant Lab; Kaua'i Invasive Species Committee; Coordinating Group on Alien Pest Control Species; and one individual.

Your Committee has amended this measure by:

- (1) Expanding the list of Invasive Species Committees (ISCs) to include Hawai'i Ant Lab; and
- (2) Amending the title in accordance with its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee finds that invasive species pose one of the greatest threats to Hawaii's native flora and fauna, as well as severely affect Hawaii's agricultural sector and Hawaii's tourism industry, resulting in millions of dollars lost in revenue and increased costs for property owners, businesses, and agencies tasked with managing and mitigating these threats.

Your Committee further finds that the Invasive Species Committees (ISCs) have played a critical role in managing and preventing the spread of invasive species throughout the State and serve as an important gap filler by tailoring their target pest lists to be area-specific, thereby maximizing the effectiveness of limited resources. Despite this, the ISCs rely on limited funding to prevent the spread of invasive species, which could result in millions of dollars in damages and lost revenue for the State and residents, as well as long-term ecological and economic damage, if left unchecked.

Your Committee further finds that investing in invasive species management will protect Hawaii's environment and economy and enhance the State's resilience to climate change. This measure urges the counties, State, and other relevant agencies to provide sustained funding to the Invasive Species Committees within the Pacific Cooperative Studies Unit of the University of Hawai'i at Mānoa and the ISCs to strengthen their ability to combat the growing threat of invasive species and protect Hawaii's ecosystems and economy, and to direct funding toward expanding invasive species control programs to target priority species.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 126, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 126, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Lowen, Ward).

SCRep. 1565 Agriculture & Food Systems on H.C.R. No. 130

The purpose of this measure is to urge the counties, State, and other relevant agencies to:

- (1) Provide increased and sustained funding to the Invasive Species Committees within the Pacific Cooperative Studies Unit of the University of Hawai'i at Mānoa; and
- (2) Provide sustained funding to the ISCs to strengthen their ability to combat the growing threat of invasive species and protect Hawaii's ecosystems and economy; and
- (3) Direct funding toward expanding invasive species control programs to target priority species, increasing research and monitoring efforts to detect new invasions early, enhancing public outreach and education to raise awareness about preventing the spread of invasive species, supporting interagency and community collaboration to improve response coordination and resource-sharing, and providing treatment options for residents and farmers impacted by these species, including grants for control efforts and the purchase of treatment supplies.

Your Committee received testimony in support of this measure from the University of Hawai'i System; Hawai'i Invasive Species Council; Department of Land and Natural Resources; Board of Water Supply; O'ahu Invasive Species Committee; Hawai'i Ant Lab; Kaua'i Invasive Species Committee; Coordinating Group on Alien Pest Control Species; and one individual. Your Committee received comments from the Department of Agriculture.

Your Committee has amended this measure by:

- (1) Expanding the list of Invasive Species Committees (ISCs) to include Hawai'i Ant Lab; and
- (2) Amending the title in accordance with its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee finds that invasive species pose one of the greatest threats to Hawaii's native flora and fauna, as well as severely affect Hawaii's agricultural sector and Hawaii's tourism industry, resulting in millions of dollars lost in revenue and increased costs for property owners, businesses, and agencies tasked with managing and mitigating these threats.

Your Committee further finds that the Invasive Species Committees (ISCs) have played a critical role in managing and preventing the spread of invasive species throughout the State and serve as an important gap filler by tailoring their target pest lists to be area-specific, thereby maximizing the effectiveness of limited resources. Despite this, the ISCs rely on limited funding to prevent the spread of invasive species, which could result in millions of dollars in damages and lost revenue for the State and residents, as well as long-term ecological and economic damage, if left unchecked.

Your Committee further finds that investing in invasive species management will protect Hawaii's environment and economy and enhance the State's resilience to climate change. As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 130, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 130, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Lowen, Ward).

SCRep. 1566 Higher Education on H.R. No. 121

The purpose of this measure is to request the University of Hawaii to to prioritize a capital improvement project to construct "Halau o Kawaihuelani".

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that the Kawaihuelani Center and its sister center, the Kamakakūokalani Center, offer a wide range of learning opportunities for the Hawaiian language and culture. As fluency of the Hawaiian language grows, more interest from students can lead to increased activity, including additional faculty, at the Kawaihuelani Center and Kamakakūokalani Center. However, the present locations of the the Kawaihuelani Center and Kamakakūokalani Center at the University of Hawaii at Manoa, which is nearly one-half mile from each other, and limited capacity of each Center to house staff and faculty hinders program collaboration and curricular innovation. Your Committee believes that the construction of the Halau o Kawaihuelani will be able to accommodate both programs and a multitude of services and facilities that will promote the Hawaiian language and culture.

Your Committee has amended this measure by making technical, nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 121, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 121, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Kapela, Sayama).

SCRep. 1567 Higher Education on H.C.R. No. 125

The purpose of this measure is to request the University of Hawaii to to prioritize a capital improvement project to construct "Halau o Kawaihuelani".

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that the Kawaihuelani Center and its sister center, the Kamakakūokalani Center, offer a wide range of learning opportunities for the Hawaiian language and culture. As fluency of the Hawaiian language grows, more interest from students can lead to increased activity, including additional faculty, at the Kawaihuelani Center and Kamakakūokalani Center. However, the present locations of the the Kawaihuelani Center and Kamakakūokalani Center at the University of Hawaii at Manoa, which is nearly one-half mile from each other, and limited capacity of each Center to house staff and faculty hinders program collaboration and curricular innovation. Your Committee believes that the construction of the Halau o Kawaihuelani will be able to accommodate both programs and a multitude of services and facilities that will promote the Hawaiian language and culture.

Your Committee has amended this measure by making technical, nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 125, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 125, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Kapela, Sayama).

SCRep. 1568 Higher Education on H.R. No. 30

The purpose of this measure to request the University of Hawaii to explore the feasibility of establishing an Alzheimer's Disease Research Center and identify the requirements for receiving federal funding from the National Institute on Aging for Alzheimer's disease research.

Your Committee received testimony in support of this measure from the Executive Office on Aging and Alzheimer's Association Hawaii Chapter. Your Committee received comments on this measure from the John A. Burns School of Medicine of the University of Hawai'i at Mānoa.

Your Committee finds that Alzheimer's disease is a significant public health issue affecting millions of Americans, including many residents of the State. Your Committee further finds that the National Institute on Aging-designated Alzheimer's Disease Research Centers are a national resource for research on the nature of Alzheimer's disease and related dementias and the development of more effective approaches to prevention, diagnosis, care, and therapy. Your Committee believes that exploring the feasibility of establishing of an Alzheimer's Disease Research Center in Hawaii is warranted, as the establishment of a Center would advance scientific research, improve diagnosis and treatment, and provide better care for those suffering from Alzheimer's disease.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 30 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Kapela, Sayama).

SCRep. 1569 Higher Education on H.C.R. No. 31

The purpose of this measure to request the University of Hawaii to explore the feasibility of establishing an Alzheimer's Disease Research Center and identify the requirements for receiving federal funding from the National Institute on Aging for Alzheimer's disease research.

Your Committee received testimony in support of this measure from the Executive Office on Aging and Alzheimer's Association Hawaii Chapter. Your Committee received comments on this measure from the John A. Burns School of Medicine of the University of Hawai'i at Mānoa.

Your Committee finds that Alzheimer's disease is a significant public health issue affecting millions of Americans, including many residents of the State. Your Committee further finds that the National Institute on Aging-designated Alzheimer's Disease Research Centers are a national resource for research on the nature of Alzheimer's disease and related dementias and the development of more effective approaches to prevention, diagnosis, care, and therapy. Your Committee believes that exploring the feasibility of establishing of an Alzheimer's Disease Research Center in Hawaii is warranted, as the establishment of a Center would advance scientific research, improve diagnosis and treatment, and provide better care for those suffering from Alzheimer's disease.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 31 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Kapela, Sayama).

SCRep. 1570 Higher Education on H.R. No. 92

The purpose of this measure is to encourage the University of Hawaii to evaluate and expand its current mental health services for students.

Your Committee received comments on this measure from the University of Hawai'i System.

Your Committee finds that the mental health and well-being of students is essential to academic success and the overall campus climate. Your Committee further finds that the University of Hawaii plays a critical role in promoting an environment where students can access comprehensive mental health support. Recent assessments and feedback indicate an increased need for mental health services for students. Your Committee believes that expanding the availability of mental health services offered by the University of Hawaii, including counseling, crisis intervention, and preventive care, will contribute to improved academic performance, enhanced student retention, and a more supportive educational environment.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 92 and recommends that it be referred to your Committee on Health.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Kapela, Sayama).

SCRep. 1571 Higher Education on H.C.R. No. 96

The purpose of this measure is to encourage the University of Hawaii to evaluate and expand its current mental health services for students.

Your Committee received comments on this measure from the University of Hawai'i System.

Your Committee finds that the mental health and well-being of students is essential to academic success and the overall campus climate. Your Committee further finds that the University of Hawaii plays a critical role in promoting an environment where students can access comprehensive mental health support. Recent assessments and feedback indicate an increased need for mental health services for students. Your Committee believes that expanding the availability of mental health services offered by the University of Hawaii, including counseling, crisis intervention, and preventive care, will contribute to improved academic performance, enhanced student retention, and a more supportive educational environment.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 96 and recommends that it be referred to your Committee on Health.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Kapela, Sayama).

SCRep. 1572 Higher Education on H.R. No. 93

The purpose of this measure is to urge the University of Hawaii to implement a homeless student stability and housing resource program to address the issue of housing instability.

Your Committee received comments on this measure from the University of Hawai'i System.

Your Committee finds that post-secondary students should be able to access resources that help them meet their basic needs, including stable housing, food, and healthcare services. Your Committee further finds that a poll conducted by The Hope Center for College, Community, and Justice for the University of Hawaii Basic Needs Committee in Fall 2020 found that forty-four percent of students experienced housing insecurity and fourteen percent experienced homelessness. Your Committee believes that the implementation of a homeless student stability and housing resource program for post-secondary students will create a more just and accessible system of higher education in the State.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 93 and recommends that it be referred to your Committee on Housing.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Kapela, Sayama).

SCRep. 1573 Higher Education on H.C.R. No. 97

The purpose of this measure is to urge the University of Hawaii to implement a homeless student stability and housing resource program to address the issue of housing instability.

Your Committee received comments on this measure from the University of Hawai'i System.

Your Committee finds that post-secondary students should be able to access resources that help them meet their basic needs, including stable housing, food, and healthcare services. Your Committee further finds that a poll conducted by The Hope Center for College, Community, and Justice for the University of Hawaii Basic Needs Committee in Fall 2020 found that forty-four percent of students experienced housing insecurity and fourteen percent experienced homelessness. Your Committee believes that the implementation of a homeless student stability and housing resource program for post-secondary students will create a more just and accessible system of higher education in the State.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Kapela, Sayama).

SCRep. 1574 Higher Education on H.R. No. 188

The purpose of this measure is to request the University of Hawaii System to establish a Veterinary Medicine Expansion Working Group to explore the feasibility of developing a Doctor of Veterinary Medicine program at Windward Community College.

Your Committee received testimony in support of this measure from the Hawaiian Humane Society; Animal Interfaith Alliance in Britain; Kaua'i Humane Society; and nine individuals. Your Committee received comments on this measure from the University of Hawai'i System.

Your Committee finds that the State faces a critical shortage of veterinarians, especially in rural areas and for large animal and agricultural veterinary services. The lack of a Doctor of Veterinary Medicine program forces aspiring veterinarians to seek education outside of Hawaii, which can increase financial burdens and reduce the likelihood that a newly licensed veterinarian will return to the State to practice.

Your Committee further finds that Windward Community College's Veterinary Technology program has a strong foundation in veterinary education. Your Committee believes that establishing a working group to explore the feasibility of expanding Windward Community College's existing Veterinary Technology program to include a Doctor of Veterinary Medicine pathway will help address the State's veterinary workforce shortages.

Your Committee has amended this measure by:

- (1) Including a representative of the University of Hawaii at Hilo's Veterinarian Education Program as a member of the Veterinary Medicine Expansion Working Group;
- (2) Directing a certified copy of this measure to the Chancellor of the University of Hawaii at Hilo; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 188, as amended herein, and recommends that it be referred to your Committee on Agriculture & Food Systems in the form attached hereto as H.R. No. 188, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Kapela, Sayama).

SCRep. 1575 Higher Education on H.C.R. No. 195

The purpose of this measure is to request the University of Hawaii System to establish a Veterinary Medicine Expansion Working Group to explore the feasibility of developing a Doctor of Veterinary Medicine program at Windward Community College.

Your Committee received testimony in support of this measure from the Hawaiian Humane Society; Animal Interfaith Alliance in Britain; Kaua'i Humane Society; and numerous individuals. Your Committee received comments on this measure from the University of Hawai'i System.

Your Committee finds that the State faces a critical shortage of veterinarians, especially in rural areas and for large animal and agricultural veterinary services. The lack of a Doctor of Veterinary Medicine program forces aspiring veterinarians to seek education outside of Hawaii, which can increase financial burdens and reduce the likelihood that a newly licensed veterinarian will return to the State to practice.

Your Committee further finds that Windward Community College's Veterinary Technology program has a strong foundation in veterinary education. Your Committee believes that establishing a working group to explore the feasibility of expanding Windward Community College's existing Veterinary Technology program to include a Doctor of Veterinary Medicine pathway will help address the State's veterinary workforce shortages.

Your Committee has amended this measure by:

- (1) Including a representative of the University of Hawaii at Hilo's Veterinarian Education Program as a member of the Veterinary Medicine Expansion Working Group;
- (2) Directing a certified copy of this measure to the Chancellor of the University of Hawaii at Hilo; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 195, as amended herein, and recommends that it be referred to your Committee on Agriculture & Food Systems in the form attached hereto as H.C.R. No. 195, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Kapela, Sayama).

SCRep. 1576 Higher Education on H.R. No. 189

The purpose of this measure is to request the University of Hawaii Community Colleges to develop a comprehensive list of Bachelor's degree programs that directly align with job opportunities and industry needs within their respective region of service.

Your Committee received comments on this measure from the University of Hawai'i System and University of Hawaii Professional Assembly.

Your Committee finds that the Hawaii's economic vitality depends on a skilled workforce that meets the needs of key regional industries. Your Committee further finds that each of the University of Hawaii Community Colleges play a vital role in providing accessible, regionally-relevant higher education that supports local economic development. Your Committee believes that the University of Hawaii Community Colleges can best support the economic needs within their respective region of service by developing a comprehensive list of Bachelor's degree programs that directly align with job opportunities and industry needs within their respective region of service.

Your Committee has amended this measure by:

- (1) Clarifying that the University of Hawaii Community Colleges, including the University of Hawaii Maui College, are requested to develop a comprehensive list of Bachelor's degree programs that directly align with job opportunities and industry needs within their respective region of service;
- (2) Directing a certified copy of this measure to the Chancellor of the University of Hawaii Maui College;
- (3) Amending its title in accordance with its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 189, as amended herein, and recommends that it be referred to your Committee on Labor in the form attached hereto as H.R. No. 189, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Kapela, Sayama).

SCRep. 1577 Higher Education on H.C.R. No. 196

The purpose of this measure is to request the University of Hawaii Community Colleges to develop a comprehensive list of Bachelor's degree programs that directly align with job opportunities and industry needs within their respective region of service.

Your Committee received comments on this measure from the University of Hawai'i System and University of Hawaii Professional Assembly.

Your Committee finds that the Hawaii's economic vitality depends on a skilled workforce that meets the needs of key regional industries. Your Committee further finds that each of the University of Hawaii Community Colleges play a vital role in providing accessible, regionally-relevant higher education that supports local economic development. Your Committee believes that the University of Hawaii Community Colleges can best support the economic needs within their respective region of service by developing a comprehensive list of Bachelor's degree programs that directly align with job opportunities and industry needs within their respective region of service.

Your Committee has amended this measure by:

- (1) Clarifying that the University of Hawaii Community Colleges, including the University of Hawaii Maui College, are requested to develop a comprehensive list of Bachelor's degree programs that directly align with job opportunities and industry needs within their respective region of service;
- (2) Directing a certified copy of this measure to the Chancellor of the University of Hawaii Maui College;
- (3) Amending its title in accordance with its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 196, as amended herein, and recommends that it be referred to your Committee on Labor in the form attached hereto as H.C.R. No. 196, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Kapela, Sayama).

SCRep. 1578 Higher Education on H.R. No. 120

The purpose of this measure is to encourage the Kawaihuelani Center for Hawaiian Language of the University of Hawaii at Manoa, through its I Hoa na Moolelo Project, to further provide learning resources and opportunities that promote Hawaiian language and culture.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that the Department of Education supports Hawaiian language fluency through Kula Kaiapuni Hawaiian language immersion schools across Hawaii. Your Committee further finds that Kaiapuni students and their families encounter limited access to activities, materials, and learning opportunities that they can engage in together to promote use of 'Olelo Hawaii in their homes.

Your Committee notes that the Kawaihuelani Center for Hawaiian Language of the University of Hawaii at Manoa strives to revitalize Hawaiian language and culture through quality Hawaiian education by creating and providing materials, curricula, and resources that promote the use of the Hawaiian language. As part of its outreach, the Kawaihuelani Center for Hawaiian Language created and implemented the I Hoa na Moolelo Project in 2021 to publish a quarterly children's magazine written in the Hawaiian language, for the enjoyment of Kaiapuni and charter school students in grades 2-6 on Oahu. Your Committee recognizes the success of the I Hoa na Moolelo Project and believes that the Project should be extended to provide all Kaiapuni students and families with Hawaiian language and literacy resources and create opportunities for 'Olelo Hawaii to flourish in homes and communities.

Your Committee has amended this measure by:

- (1) Clarifying that a certified copy of this measure is to be transmitted to the Director of the Kawaihuelani Center for Hawaiian Language of the University of Hawaii at Manoa; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 120, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.R. No. 120, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Kapela, Sayama).

SCRep. 1579 Higher Education on H.C.R. No. 124

The purpose of this measure is to encourage the Kawaihuelani Center for Hawaiian Language of the University of Hawaii at Manoa, through its I Hoa na Moolelo Project, to further provide learning resources and opportunities that promote Hawaiian language and culture.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that the Department of Education supports Hawaiian language fluency through Kula Kaiapuni Hawaiian language immersion schools across Hawaii. Your Committee further finds that Kaiapuni students and their families encounter limited access to activities, materials, and learning opportunities that they can engage in together to promote use of 'Olelo Hawaii in their homes.

Your Committee notes that the Kawaihuelani Center for Hawaiian Language of the University of Hawaii at Manoa strives to revitalize Hawaiian language and culture through quality Hawaiian education by creating and providing materials, curricula, and resources that promote the use of the Hawaiian language. As part of its outreach, the Kawaihuelani Center for Hawaiian Language created and implemented the I Hoa na Moolelo Project in 2021 to publish a quarterly children's magazine written in the Hawaiian language, for the enjoyment of Kaiapuni and charter school students in grades 2-6 on Oahu. Your Committee recognizes the success of the I Hoa na Moolelo Project and believes that the Project should be extended to provide all Kaiapuni students and families with Hawaiian language and literacy resources and create opportunities for 'Olelo Hawaii to flourish in homes and communities.

Your Committee has amended this measure by:

- (1) Clarifying that a certified copy of this measure is to be transmitted to the Director of the Kawaihuelani Center for Hawaiian Language of the University of Hawaii at Manoa; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 124, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.C.R. No. 124, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Kapela, Sayama).

SCRep. 1580 Energy & Environmental Protection on H.R. No. 63

The purpose of this measure is to request the Department of Transportation to facilitate and accelerate the adoption of sustainable aviation fuels to decarbonize Hawai'i's transportation sector and support the State's climate goals.

Your Committee received testimony in support of this measure from Par Hawaii; Pono Pacific; Hawai'i Renewable Fuels Coalition; Alaska Airlines; Hawaiian Airlines; Coalition Earth; Island Energy Services; Life of the Land; Japan Airlines; and four individuals. Your Committee received testimony in opposition to this measure from the Energy Justice Network; Environmental Caucus of the Democratic Party of Hawai'i; and one individual.

Your Committee finds that sustainable aviation fuels offer a viable, more environmentally-friendly alternative to traditional aviation fuels and can help the State meet its climate goals. This measure ensures collaboration among various state departments and private entities in efforts to accelerate the adoption of sustainable aviation fuels.

Your Committee has amended this measure by:

- (1) Clarifying the State's greenhouse gas emissions goals; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 63, as amended herein, and recommends that it be referred to your Committee on Transportation in the form attached hereto as H.R. No. 63, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Quinlan, Ward).

SCRep. 1581 Energy & Environmental Protection on H.C.R. No. 70

The purpose of this measure is to request the Department of Transportation to facilitate and accelerate the adoption of sustainable aviation fuels to decarbonize Hawai'i's transportation sector and support the State's climate goals.

Your Committee received testimony in support of this measure from Par Hawaii; Pono Pacific; Hawai'i Renewable Fuels Coalition; Alaska Airlines; Hawaiian Airlines; Coalition Earth; Island Energy Services; Life of the Land; Japan Airlines; and four individuals. Your Committee received testimony in opposition to this measure from the Energy Justice Network; Environmental Caucus of the Democratic Party of Hawai'i; and one individual.

Your Committee finds that sustainable aviation fuels offer a viable, more environmentally-friendly alternative to traditional aviation fuels and can help the State meet its climate goals. This measure ensures collaboration among various state departments and private entities in efforts to accelerate the adoption of sustainable aviation fuels.

Your Committee has amended this measure by:

- (1) Clarifying the State's greenhouse gas emissions goals; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 70, as amended herein, and recommends that it be referred to your Committee on Transportation in the form attached hereto as H.C.R. No. 70, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Quinlan, Ward).

SCRep. 1582 Tourism on H.R. No. 98

The purpose of this measure is to strongly urge the Real Estate Commission to allow for the administration of the real estate salesperson's examination in the Japanese language for purposes of issuing a full real estate salesperson's license, limited to the sale of timeshare products in Hawaii.

Your Committee received testimony in support of this measure from the American Resort Development Association - Hawaii and Hilton Grand Vacations. Your Committee received testimony in opposition to this measure from the Real Estate Commission and Hawaii First Realty.

As affirmed by the record of votes of the members of your Committee on Tourism that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 98 and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Hussey, Matsumoto).

SCRep. 1583 Tourism on H.C.R. No. 102

The purpose of this measure is to strongly urge the Real Estate Commission to allow for the administration of the real estate salesperson's examination in the Japanese language for purposes of issuing a full real estate salesperson's license, limited to the sale of timeshare products in Hawaii.

Your Committee received testimony in support of this measure from the American Resort Development Association - Hawaii and Hilton Grand Vacations. Your Committee received testimony in opposition to this measure from the Real Estate Commission and Hawaii First Realty.

As affirmed by the record of votes of the members of your Committee on Tourism that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 102 and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Hussey, Matsumoto).

SCRep. 1584 Tourism on H.R. No. 136

The purpose of this measure is to urge the Hawaii Tourism Authority and Department of Transportation to expand the Kāhea Airport Greetings Program to display keiki art in all neighbor island airports.

Your committee received comments on this measure from Hawaii Tourism Authority.

As affirmed by the record of votes of the members of your Committee on Tourism that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 136 and recommends that it be referred to your Committee on Transportation.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Matsumoto).

SCRep. 1585 Tourism on H.C.R. No. 142

The purpose of this measure is to urge the Hawaii Tourism Authority and Department of Transportation to expand the Kāhea Airport Greetings Program to display keiki art in all neighbor island airports.

Your committee received comments on this measure from Hawaii Tourism Authority.

As affirmed by the record of votes of the members of your Committee on Tourism that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 142 and recommends that it be referred to your Committee on Transportation.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Matsumoto).

SCRep. 1586 Tourism on H.R. No. 137

The purpose of this measure is to strongly urge the Hawaii Tourism Authority to require all transient accommodations to require guests to take the Pono Pledge upon check-in.

Your Committee received testimony in support of this measure from Fair Wind Cruises. Your Committee received comments on this measure from the Hawaii Tourism Authority.

Your Committee has amended this measure by:

- (1) Strongly urging the Hawaii Tourism Authority to encourage, rather than require, all transient accommodations to require guests to take the Pono Pledge upon check-in; and
- (2) Changing the title of the measure accordingly.

As affirmed by the record of votes of the members of your Committee on Tourism that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 137, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.R. No. 137, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Matsumoto).

SCRep. 1587 Tourism on H.C.R. No. 143

The purpose of this measure is to strongly urge the Hawaii Tourism Authority to require all transient accommodations to require guests to take the Pono Pledge upon check-in.

Your Committee received testimony in support of this measure from Fair Wind Cruises. Your Committee received comments on this measure from the Hawaii Tourism Authority.

Your Committee has amended this measure by:

- (1) Strongly urging the Hawaii Tourism Authority to encourage, rather than require, all transient accommodations to require guests to take the Pono Pledge upon check-in; and
- (2) Changing the title of the measure accordingly.

As affirmed by the record of votes of the members of your Committee on Tourism that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 143, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.C.R. No. 143, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Matsumoto).

SCRep. 1588 Public Safety on H.C.R. No. 23

The purpose of this measure is to request the Department of Corrections and Rehabilitation, in planning and designing the new Oahu Community Correctional Center in Halawa, to include circuit and district court facilities and establish a release procedure under which detainees or inmates, upon release, are transported to a site other than residential communities or public spaces.

The Department of Corrections and Rehabilitation provided testimony in support of the intent of the resolution. One individual provided testimony in support of this resolution.

The committee recommends changing the language from "facilities" to "facility", in the title and the body of the resolution, in order to address the comments received from the Department of Corrections and Rehabilitation.

As affirmed by the record of votes of the members of your Committee on Public Safety that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 23, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.C.R. No. 23, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 4 (Hashem, Lamosao, Morikawa, Woodson).

SCRep. 1589 Public Safety on H.C.R. No. 37

The purpose of this measure is to request the Hawaii Emergency Management Agency to collaborate with relevant agencies to develop initiatives and outreach programs to inform kupuna about emergency preparedness.

The Department of Human Concerns of the County of Maui, the Hawaii Council of Community Associations, the Hawaii Family Caregiver Coalition, AARP Hawaii, the Alzheimer's Association, Be Ready Manoa, and the Pearl City Neighborhood Board No. 21 provided testimony in support of this resolution. Four individuals provided testimony in support of this resolution. The Kaneohe/Kahaluu Community Emergency Response Team provided comments.

As affirmed by the record of votes of the members of your Committee on Public Safety that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 37 and recommends that it be referred to your Committee on Human Services & Homelessness.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 4 (Hashem, Lamosao, Morikawa, Woodson).

SCRep. 1590 Public Safety on H.C.R. No. 63

The purpose of this measure is to request the Department of Corrections and Rehabilitation to make available to correctional facility staff members throughout the state clinical counseling services that are separate and distinct from the existing mental health resources available to inmates.

Only one individual provided written testimony in support of this resolution.

As affirmed by the record of votes of the members of your Committee on Public Safety that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 63 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 4 (Hashem, Lamosao, Morikawa, Woodson).

SCRep. 1591 Public Safety on H.R. No. 199

The purpose of this measure is to urge the Department of Land and Natural Resources to establish a formal public process for the lease renewal negotiations, including public hearings, community consultations, and stakeholder engagement; to conduct a comprehensive economic analysis of all military-leased lands that assesses the lost economic opportunities from the unavailability of these lands, the comprehensive costs for cleanup of these lands, the costs of restoration and development of these lands to productive economic use, the lost income to the State had these lands been leased at fair market rents, instead of the \$1 leases, and the lost tax dollars to the State had these lands been utilized for productive purposes; and to submit a report detailing the findings of the economic analysis as well as its plans for future lease negotiations to the Legislature prior to the 2026 Regular Session.

Your Committee received testimony in support of this measure from the Environmental Caucus of the Democratic Party of Hawaii, the Chamber of Sustainable Commerce, Greenpeace Hawaii, Ho'opae Pono Peace Project, Ka Lahui Hawaii, the ACLU of Hawaii, The Queen's Court, Veterans for Peace, The Sierra Club, and twenty-five individuals. Your Committee received comments from the Department of Land and Natural Resources.

Your Committee finds that the military's history of violations and neglect of environmental and cultural aspects of the land it operates on, the Department's lack of oversight of its lessees, and the community's overwhelming support for this measure are compelling. As such, your Committee believes that a substantive economic analysis is necessary to improve transparency and oversight for both the department and the public regarding state land leases.

As affirmed by the record of votes of the members of your Committee on Public Safety that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 199 and recommends that it be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 4 (Hashem, Lamosao, Morikawa, Woodson).

SCRep. 1592 Public Safety on H.C.R. No. 207

The purpose of this measure is to urge the Department of Land and Natural Resources to establish a formal public process for the lease renewal negotiations, including public hearings, community consultations, and stakeholder engagement; to conduct a comprehensive economic analysis of all military-leased lands that assesses the lost economic opportunities from the unavailability of these lands, the comprehensive costs for cleanup of these lands, the costs of restoration and development of these lands to productive economic use, the lost income to the State had these lands been leased at fair market rents, instead of the \$1 leases, and the lost tax dollars to the State had these lands been utilized for productive purposes; and to submit a report detailing the findings of the economic analysis as well as its plans for future lease negotiations to the Legislature prior to the 2026 Regular Session.

Your Committee received testimony in support of this measure from the Environmental Caucus of the Democratic Party of Hawaii, the Chamber of Sustainable Commerce, Greenpeace Hawaii, Ho'opae Pono Peace Project, Ka Lahui Hawaii, the ACLU of Hawaii, The Queen's Court, Veterans for Peace, The Sierra Club, and twenty-five individuals. Your Committee received comments from the Department of Land and Natural Resources.

Your Committee finds that the military's history of violations and neglect of environmental and cultural aspects of the land it operates on, the Department's lack of oversight of its lessees, and the community's overwhelming support for this measure are compelling. As such, your Committee believes that a substantive economic analysis is necessary to improve transparency and oversight for both the department and the public regarding state land leases.

As affirmed by the record of votes of the members of your Committee on Public Safety that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 207 and recommends that it be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 4 (Hashem, Lamosao, Morikawa, Woodson).

SCRep. 1593 Public Safety on H.R. No. 163

The purpose of this measure is to request that the Hawaii state fire code clearly define states of wildfire suppression and related efforts.

Hawaiian Electric and five individuals provided testimony in support of this resolution.

Your Committee has amended this measure by clarifying that this resolution is requesting the Office of the State Fire Marshal and the State Fire Council to work together to clearly define stages of wildfire suppression and related efforts.

As affirmed by the record of votes of the members of your Committee on Public Safety that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 163, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.R. No. 163, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 4 (Hashem, Lamosao, Morikawa, Woodson).

SCRep. 1594 Public Safety on H.C.R. No. 168

The purpose of this measure is to request that the Hawaii state fire code clearly define states of wildfire suppression and related efforts.

Hawaiian Electric and five individuals provided testimony in support of this resolution.

Your Committee has amended this measure by clarifying that this resolution is requesting the Office of the State Fire Marshal and the State Fire Council to work together to clearly define stages of wildfire suppression and related efforts.

As affirmed by the record of votes of the members of your Committee on Public Safety that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 168, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.C.R. No. 168, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 4 (Hashem, Lamosao, Morikawa, Woodson).

SCRep. 1595 Public Safety on H.R. No. 57

The purpose of this measure is to honor, remind and keep visible America's prisoner of war and missing in action military personnel by requesting the Sheriff Division of the Department of Law Enforcement to fly the League's flag year-round at the State Capitol.

Your Committee received testimony in support of this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Public Safety that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 57 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 4 (Hashem, Lamosao, Morikawa, Woodson).

SCRep. 1596 Public Safety on H.C.R. No. 62

The purpose of this measure is to honor, remind and keep visible America's prisoner of war and missing in action military personnel by requesting the Sheriff Division of the Department of Law Enforcement to fly the League's flag year-round at the State Capitol.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that it is important for the legislature to honor prisoners of war, and, there are many different groups of citizens that the legislature must honor. Your Committee believes that to be fair and equitable, the legislature cannot choose one party to uphold above all others, through a year-round flag raising.

Accordingly, your Committee has amended this measure by replacing the request to fly the POW-MIA flag year-round with the request to fly the flag on the same six national holidays as dictated in U.S. Public Law 105-85.

As affirmed by the record of votes of the members of your Committee on Public Safety that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 62, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.C.R. No. 62, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 4 (Hashem, Lamosao, Morikawa, Woodson).

SCRep. 1597 Public Safety on H.R. No. 149

The purpose of this measure is to ensure taxpayer dollars are being used and managed responsibly by the Department of Corrections and Rehabilitation and the Department of Accounting and General Services with regards to the planning, design, financing, construction, and maintenance of a new jail to replace the Oahu Community Correctional Center.

Your Committee received testimony in support of this measure from the ACLU of Hawaii, Kauai Women's Caucus, and twenty-five individuals.

Your Committee finds that the Department of Corrections' plans for expansion and construction for the new Oahu Community Correctional Center have an estimated cost of \$1,000,000,000, making it the single largest public works project in state history. Your Committee also notes that this does not include the recurring costs of operation, and that the department has already expended \$25,000,000 on planning consultants alone, without providing a full accounting of how past funding relating to the proposed project has been spent.

Your Committee finds that increased transparency with regards to the proposed construction of a new Oahu Community Correctional Center is necessary to improve public trust, eliminate and prevent fraud, examine the realities of the return on taxpayers' investment, and ultimately ensure responsible use of public funds.

Your Committee has amended this measure by:

- (1) Replacing "forensic" with "management, performance, and financial" with regards to the descriptors of audit type, per the Office of the Auditor's comments.

As affirmed by the record of votes of the members of your Committee on Public Safety that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 149, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 149, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Belatti, Souza). Noes, none. Excused, 4 (Hashem, Lamosao, Morikawa, Woodson).

SCRep. 1598 Public Safety on H.C.R. No. 154

The purpose of this measure is to ensure taxpayer dollars are being used and managed responsibly by the Department of Corrections and Rehabilitation and the Department of Accounting and General Services with regards to the planning, design, financing, construction, and maintenance of a new jail to replace the Oahu Community Correctional Center.

Your Committee received testimony in support of this measure from the ACLU of Hawaii, Kauai Women's Caucus, and twenty-five individuals. Your Committee received comments from the Office of the Auditor.

Your Committee finds that the Department of Corrections' plans for expansion and construction for the new Oahu Community Correctional Center have an estimated cost of \$1,000,000,000, making it the single largest public works project in state history. Your Committee also notes that this does not include the recurring costs of operation, and that the department has already expended \$25,000,000 on planning consultants alone, without providing a full accounting of how past funding relating to the proposed project has been spent.

Your Committee finds that increased transparency with regards to the proposed construction of a new Oahu Community Correctional Center is necessary to improve public trust, eliminate and prevent fraud, examine the realities of the return on taxpayers' investment, and ultimately ensure responsible use of public funds.

Your Committee has amended this measure by:

- (1) Replacing "forensic" with "performance, management, and financial" with regards to the descriptors of audit type, per the Office of the Auditor's comments.

As affirmed by the record of votes of the members of your Committee on Public Safety that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 154, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 154, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Belatti, Souza). Noes, none. Excused, 4 (Hashem, Lamosao, Morikawa, Woodson).

SCRep. 1599 Energy & Environmental Protection on H.R. No. 182

The purpose of this measure is to declare a public health emergency relating to climate change and request statewide coordination to identify, plan for, and create cross-sector solutions to strengthen Hawaii's public health response to the climate crisis.

Your Committee received testimony in support of this measure from the Department of Health; Office of Planning and Sustainable Development; Hawai'i Public Health Institute; Climate Change and Health Working Group; Greenpeace Hawaii; Environmental Caucus of the Democratic Party of Hawai'i; Coalition Earth; 350Hawaii.org; and six individuals.

Your Committee finds that the climate crisis is one of the greatest threats to human health worldwide. Your Committee further finds that climate change has led to an increase in heat-related illnesses, respiratory health issues associated with the increase in wildfires, and other serious health and mental health related issues. This measure acknowledges the severity of the impact of the climate crisis on public health and initiates a collaborative statewide approach to support the public health response to climate change.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 182 and recommends that it be referred to your Committee on Health.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Quinlan, Ward).

SCRep. 1600 Energy & Environmental Protection on H.C.R. No. 188

The purpose of this measure is to declare a public health emergency relating to climate change and request statewide coordination to identify, plan for, and create cross-sector solutions to strengthen Hawaii's public health response to the climate crisis.

Your Committee received testimony in support of this measure from the Office of Planning and Sustainable Development; Hawai'i Public Health Institute; Climate Change and Health Working Group; Greenpeace Hawaii; Environmental Caucus of the Democratic Party of Hawai'i; Coalition Earth; 350Hawaii.org; and six individuals.

Your Committee finds that the climate crisis is one of the greatest threats to human health worldwide. As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 188 and recommends that it be referred to your Committee on Health.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Quinlan, Ward).

SCRep. 1601 Energy & Environmental Protection on H.R. No. 102

The purpose of this measure is to request the Hawaii State Energy Office to conduct a study evaluating the feasibility of establishing a green bonds program in Hawaii.

Your Committee received testimony in support of this measure from Coalition Earth and two individuals. Your Committee received comments on this measure from the Hawai'i State Energy Office.

Your Committee finds that addressing climate change and advancing renewable energy initiatives require innovative financing mechanisms to support sustainable infrastructure and conservation efforts. Green bonds offer a viable funding solution, as they are specifically designed to finance projects that promote clean energy, climate resilience, and environmental sustainability. This measure helps the State evaluate the feasibility of establishing a green bonds program in Hawaii.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 102 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Quinlan, Ward).

SCRep. 1602 Energy & Environmental Protection on H.C.R. No. 106

The purpose of this measure is to request the Hawaii State Energy Office to conduct a study evaluating the feasibility of establishing a green bonds program in Hawaii.

Your Committee received testimony in support of this measure from Coalition Earth and two individuals. Your Committee received comments on this measure from the Hawai'i State Energy Office.

Your Committee finds that addressing climate change and advancing renewable energy initiatives require innovative financing mechanisms to support sustainable infrastructure and conservation efforts. Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Quinlan, Ward).

SCRep. 1603 Human Services & Homelessness on H.R. No. 88

The purpose of this measure is to request the Governor's Coordinator on Homelessness and the City and County of Honolulu to establish a two-year Homelessness Sanctuary Pilot Program to provide a safe location on public land for homeless individuals and families to reside and access services.

Your Committee received testimony in support of this measure from seven individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Statewide Office on Homelessness and Housing Solutions.

Your Committee finds that homelessness remains a critical issue across the State, particularly on Oahu, where a large number of unsheltered individuals face challenges related to mental health and substance abuse. Many homeless individuals are frequently cited or arrested for violations such as trespassing or illegal camping, highlighting the urgent need for stable, safe locations where they can live with dignity while accessing essential services. This measure requests the Governor's Coordinator on Homelessness and the City and County of Honolulu to establish a two-year Homelessness Sanctuary Pilot Program to provide designated sanctuary locations with access to social services, mental health care, and substance abuse treatment for homeless individuals and families.

Your Committee has amended this measure by:

- (1) Changing its title to make technical amendments; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Human Services & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 88, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 88, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Takenouchi).

SCRep. 1604 Human Services & Homelessness on H.C.R. No. 92

The purpose of this measure is to request the Governor's Coordinator on Homelessness and the City and County of Honolulu to establish a two-year Homelessness Sanctuary Pilot Program to provide a safe location on public land for homeless individuals and families to reside and access services.

Your Committee received testimony in support of this measure from seven individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Statewide Office on Homelessness and Housing Solutions.

Your Committee finds that homelessness remains a critical issue across the State, particularly on Oahu, where a large number of unsheltered individuals face challenges related to mental health and substance abuse. As affirmed by the record of votes of the members of your Committee on Human Services & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 92, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 92, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 1 (Takenouchi).

SCRep. 1605 Human Services & Homelessness on H.R. No. 34

The purpose of this measure is to request:

- (1) The Health Data Advisory Council of the State Health Planning and Development Agency to confirm the number of uninsured children statewide and per county in 2025; and
- (2) The Med-QUEST Division of the Department of Human Services to estimate the state-related cost of increasing the coverage of children between the ages of six to eighteen from the current two years of continuous coverage following Medicaid eligibility to up to twelve years of continuous coverage by Med-QUEST.

Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that despite Hawaii's commitment to health care access, a significant number of children across the State remain uninsured. Expanding Med-QUEST coverage presents a cost-effective solution to reducing the number of uninsured children, ensuring continuous access to essential health care services. This measure addresses the issue by requesting the Health Data Advisory Council to confirm the number of uninsured children statewide and per county and directing the Department of Human Services' Med-QUEST Division to estimate costs and collaborate with the State Health Planning and Development Agency on policy changes to achieve universal health insurance coverage for children. By gathering accurate data and identifying feasible policy solutions, this measure supports the State's efforts to ensure that all children in Hawaii have access to comprehensive health care.

As affirmed by the record of votes of the members of your Committee on Human Services & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 34 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, 1 (Garcia). Excused, 1 (Takenouchi).

SCRep. 1606 Human Services & Homelessness on H.C.R. No. 39

The purpose of this measure is to request:

- (1) The Health Data Advisory Council of the State Health Planning and Development Agency to confirm the number of uninsured children statewide and per county in 2025; and
- (2) The Med-QUEST Division of the Department of Human Services to estimate the state-related cost of increasing the coverage of children between the ages of six to eighteen from the current two years of continuous coverage following Medicaid eligibility to up to twelve years of continuous coverage by Med-QUEST.

Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that despite Hawaii's commitment to health care access, a significant number of children across the State remain uninsured. Expanding Med-QUEST coverage presents a cost-effective solution to reducing the number of uninsured children, ensuring continuous access to essential health care services. This measure addresses the issue by requesting the Health Data Advisory Council to confirm the number of uninsured children statewide and per county and directing the Department of Human Services' Med-QUEST Division to estimate costs and collaborate with the State Health Planning and Development Agency on policy changes to achieve universal health insurance coverage for children. As affirmed by the record of votes of the members of your Committee on Human Services & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 39 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, 1 (Garcia). Excused, 1 (Takenouchi).

SCRep. 1607 Human Services & Homelessness on H.R. No. 180

The purpose of this measure is to urge the Governor to determine a course of action for the State, should the federal government cut funding for Medicaid.

Your Committee received testimony in support of this measure from the Executive Office on Aging; State Council on Developmental Disabilities; Hawai'i Primary Care Association; Waianae Coast Comprehensive Health Center; and one individual. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that Hawaii's Medicaid program, Med-QUEST, plays a vital role in providing health care coverage to a significant portion of the State's population, particularly low-income individuals, children, seniors, and individuals with disabilities. Proposed federal funding cuts to Medicaid would have severe consequences for the State, potentially leading to a loss of coverage for thousands of residents, increased financial strain on the State's budget, and reduced access to essential health services. This measure urges the Governor to determine a course of action to mitigate the impact of potential federal Medicaid cuts, ensuring that the State remains prepared to sustain critical health care services.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Human Services & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 180, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 180, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, 2 (Alcos, Garcia). Excused, 1 (Takenouchi).

SCRep. 1608 Human Services & Homelessness on H.C.R. No. 187

The purpose of this measure is to urge the Governor to determine a course of action for the State, should the federal government cut funding for Medicaid.

Your Committee received testimony in support of this measure from the Executive Office on Aging; State Council on Developmental Disabilities; Hawai'i Primary Care Association; and Waianae Coast Comprehensive Health Center. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that Hawaii's Medicaid program, Med-QUEST, plays a vital role in providing health care coverage to a significant portion of the State's population, particularly low-income individuals, children, seniors, and individuals with disabilities. Proposed federal funding cuts to Medicaid would have severe consequences for the State, potentially leading to a loss of coverage for thousands of residents, increased financial strain on the State's budget, and reduced access to essential health services. This measure urges the Governor to determine a course of action to mitigate the impact of potential federal Medicaid cuts, ensuring that the State remains prepared to sustain critical health care services.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Human Services & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 187, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 187, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, 2 (Alcos, Garcia). Excused, 1 (Takenouchi).

SCRep. 1609 Human Services & Homelessness on H.C.R. No. 180

The purpose of this measure is to request the Statewide Office on Homelessness and Housing Solutions, Department of Law Enforcement, homeless coordinators of each county, county law enforcement, and social services providers to work collaboratively and effectively to address homelessness in Hawaii.

Your Committee received testimony in support of this measure from three individuals. Your Committee received comments on this measure from the Statewide Office on Homelessness and Housing Solutions and one individual.

Your Committee finds that homelessness remains a critical issue in Hawaii that creates significant public health, safety, and environmental concerns. Homeless individuals with mental health or substance abuse issues often experience negative interactions with the public, and encampments near waterways, businesses, and public spaces contribute to pollution, safety risks, and urban blight. This measure seeks to address these challenges by requesting the Statewide Office on Homelessness and Housing Solutions, other governmental agencies, and social service providers to work collaboratively on effective homelessness solutions to enhance access for homeless individuals and families to supportive services, improve public safety, and advance initiatives to provide emergency, transitional, and permanent supportive housing.

Your Committee has amended this measure by:

- (1) Changing its title to make technical amendments; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Human Services & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 180, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.C.R. No. 180, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Takenouchi).

SCRep. 1610 Economic Development & Technology on H.C.R. No. 192

The purpose of this measure is to request the Department of Business, Economic Development, and Tourism to establish a Tourism and Gaming Working Group.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Aloha Hālawā District Partners; and Boyd Gaming. Your Committee received testimony in opposition to this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu; Nation of Hawai'i; and one individual. Your Committee received comments on this measure from the Hawai'i Tourism Authority.

Your Committee finds that gaming activities have the potential to spur economic growth and provide the State with a significant source of tax revenue. While your Committee recognizes the benefit of having a working group consider opportunities for economic growth related to tourism and gaming, your Committee finds that there is a more pressing need to identify economic development initiatives that can benefit Native Hawaiians, with gaming as one potential pathway for such economic development.

Accordingly, your Committee has amended this measure by:

- (1) Changing the name of the Working Group to the Native Hawaiian Economic Development Working Group;
- (2) Amending the membership of the Working Group;
- (3) Changing the requested tasks of the Working Group to identifying economic development opportunities that directly benefit Native Hawaiians and considering gaming as one pathway to spur economic opportunity for Native Hawaiians;
- (4) Removing the President and Chief Executive Officer of Boyd Gaming Corporation, Chief Executive Officer of DraftKings, Inc., and Chief Executive Officer of BetMGM from the list of recipients of certified copies of this measure;
- (5) Amending its title in accordance with its amended purpose; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 192, as amended herein, and recommends that it be referred to your Committee on Tourism in the form attached hereto as H.C.R. No. 192, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Templo, Matsumoto). Noes, none. Excused, 2 (Holt, Todd).

SCRep. 1611 Economic Development & Technology on H.R. No. 114

The purpose of this measure is to request the Department of Business, Economic Development, and Tourism to sponsor a Michelin Guide for restaurants across the State.

Your Committee received comments on this measure from the Hawai'i Tourism Authority.

Your Committee finds that Hawaii has a rich and diverse culinary industry that makes significant contributions to the State's economy. Your Committee further finds that the Michelin Guide does not currently send its inspectors to Hawaii, limiting the potential of local restaurants and depriving them of the economic benefits that come with the award of a Michelin star. This measure supports the introduction of a Michelin Guide for Hawaii.

Your Committee has amended this measure by:

- (1) Requesting the counties to assist in the financing of the Michelin Guide;
- (2) Adding the Mayors of each county to the list of recipients of certified copies of this measure; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 114, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 114, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Holt, Todd).

SCRep. 1612 Economic Development & Technology on H.C.R. No. 118

The purpose of this measure is to request the Department of Business, Economic Development, and Tourism to sponsor a Michelin Guide for restaurants across the State.

Your Committee received comments on this measure from the Hawai'i Tourism Authority.

Your Committee finds that Hawaii has a rich and diverse culinary industry that makes significant contributions to the State's economy. Your Committee further finds that the Michelin Guide does not currently send its inspectors to Hawaii, limiting the potential of local restaurants and depriving them of the economic benefits that come with the award of a Michelin star. This measure supports the introduction of a Michelin Guide for Hawaii.

Your Committee has amended this measure by:

- (1) Requesting the counties to assist in the financing of the Michelin Guide;
- (2) Adding the Mayors of each county to the list of recipients of certified copies of this measure; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 118, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 118, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Holt, Todd).

SCRep. 1613 Economic Development & Technology on H.R. No. 115

The purpose of this measure is to endorse Taiwan's international participation, support the signing of a United States-Taiwan bilateral trade agreement, and commemorate the relationships and exchanges between the State of Hawaii and Taiwan.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; and Taipei Economic and Cultural Office.

Your Committee finds that the United States and Taiwan are bonded by a shared commitment to democracy, freedom, and human rights and have bolstered their trade relations through the United States-Taiwan Initiative on 21st Century Trade. Your Committee further finds that Hawaii and Taiwan have a sister-state relationship and have engaged in various cultural and language exchanges. This measure reflects Hawaii's support for Taiwan's participation in international organizations and continued economic partnership with the United States and acknowledges the long-standing relationship between Hawaii and Taiwan.

Your Committee has amended this measure by:

- (1) Adding the President of the Republic of China to the list of recipients of certified copies of this measure; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 115, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.R. No. 115, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Holt, Todd).

SCRep. 1614 Economic Development & Technology on H.C.R. No. 119

The purpose of this measure is to endorse Taiwan's international participation, support the signing of a United States-Taiwan bilateral trade agreement, and commemorate the relationships and exchanges between the State of Hawaii and Taiwan.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; and Taipei Economic and Cultural Office.

Your Committee finds that the United States and Taiwan are bonded by a shared commitment to democracy, freedom, and human rights and have bolstered their trade relations through the United States-Taiwan Initiative on 21st Century Trade. Your Committee further finds that Hawaii and Taiwan have a sister-state relationship and have engaged in various cultural and language exchanges. This measure reflects Hawaii's support for Taiwan's participation in international organizations and continued economic partnership with the United States and acknowledges the long-standing relationship between Hawaii and Taiwan.

Your Committee has amended this measure by:

- (1) Adding the President of the Republic of China to the list of recipients of certified copies of this measure; and

- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 119, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.C.R. No. 119, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Holt, Todd).

SCRep. 1615 Economic Development & Technology/Culture & Arts on H.R. No. 134

The purpose of this measure is to urge the Hawaii Sister-State Committee to evaluate and develop recommendations for the initiation of a sister-state relationship between Hawaii and New Zealand to foster stronger ties in economic development, arts and cultural exchange, education, and environmental sustainability.

Your Committees received comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committees find that establishing a formal relationship between Hawaii and New Zealand could help foster ties in economic development, culture, education, and environmental sustainability. However, your Committees recognize that sister-state relationships are typically initiated with provinces and prefectures, not countries, and that initiating a different kind of relationship between Hawaii and New Zealand would be more appropriate.

Accordingly, your Committees have amended this measure by:

- (1) Urging the Department of Business, Economic Development, and Tourism to evaluate and develop recommendations for a memorandum of understanding between Hawaii and New Zealand instead of urging the Hawaii Sister-State Committee to evaluate a sister-state relationship;
- (2) Adding the Director of Business, Economic Development, and Tourism and removing the Chair of the Hawaii Sister-State Committee from the list of recipients of certified copies of this measure; and
- (3) Amending its title in accordance with its amended purpose.

As affirmed by the records of votes of the members of your Committees on Economic Development & Technology and Culture & Arts that are attached to this report, your Committees concur with the intent and purpose of H.R. No. 134, as amended herein, and recommend that it be referred to your Committee on Finance, in the form attached hereto as H.R. No. 134, H.D. 1.

Signed by the Chairs on behalf of the Committees.

Economic Development & Technology: Ayes, 4. Noes, none. Excused, 3 (Holt, Tam, Todd).

Culture & Arts: Ayes, 4. Noes, none. Excused, 2 (Kapela, Garrett).

SCRep. 1616 Economic Development & Technology/Culture & Arts on H.C.R. No. 140

The purpose of this measure is to urge the Hawaii Sister-State Committee to evaluate and develop recommendations for the initiation of a sister-state relationship between Hawaii and New Zealand to foster stronger ties in economic development, arts and cultural exchange, education, and environmental sustainability.

Your Committees received comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committees find that establishing a formal relationship between Hawaii and New Zealand could help foster ties in economic development, culture, education, and environmental sustainability. However, your Committees recognize that sister-state relationships are typically initiated with provinces and prefectures, not countries, and that initiating a different kind of relationship between Hawaii and New Zealand would be more appropriate.

Accordingly, your Committees have amended this measure by:

- (1) Urging the Department of Business, Economic Development, and Tourism to evaluate and develop recommendations for a memorandum of understanding between Hawaii and New Zealand instead of urging the Hawaii Sister-State Committee to evaluate a sister-state relationship;
- (2) Adding the Director of Business, Economic Development, and Tourism and removing the Chair of the Hawaii Sister-State Committee from the list of recipients of certified copies of this measure; and
- (3) Amending its title in accordance with its amended purpose.

As affirmed by the records of votes of the members of your Committees on Economic Development & Technology and Culture & Arts that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 140, as amended herein, and recommend that it be referred to your Committee on Finance, in the form attached hereto as H.C.R. No. 140, H.D. 1.

Signed by the Chairs on behalf of the Committees.

Economic Development & Technology: Ayes, 4. Noes, none. Excused, 3 (Holt, Tam, Todd).

Culture & Arts: Ayes, 4. Noes, none. Excused, 2 (Kapela, Garrett).

SCRep. 1617 Transportation/Public Safety on H.R. No. 117

The purpose of this measure is to request the United States Department of Defense, United States Army, United States Navy, and State Department of Transportation to work with appropriate state and county departments and agencies to expand, plan, and coordinate work related to using Kolekole Pass as an expanded emergency exit route.

Your Committees received testimony in support of this measure from the Military and Community Relations Office; Hawaii Military Affairs Council; and two individuals.

Your Committees find that Kolekole Pass has historically served as a vital transportation corridor through the Waianae mountain range and has the potential to provide a crucial emergency evacuation route for residents of the Leeward Coast. Your Committees further find that with Farrington Highway as the primary roadway for thousands of residents, limited access leaves communities vulnerable to gridlock during natural disasters and other emergencies. This measure will enhance public safety and disaster preparedness for West Oahu by encouraging collaboration between pertinent federal, state, and county agencies.

As affirmed by the records of votes of the members of your Committees on Transportation and Public Safety that are attached to this report, your Committees concur with the intent and purpose of H.R. No. 117 and recommend that it be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Transportation: Ayes, 5. Noes, none. Excused, 4 (Cochran, Evslin, La Chica, Pierick).

Public Safety: Ayes, 7. Noes, 1 (Souza). Excused, 2 (Lamosao, Woodson).

SCRep. 1618 Transportation/Public Safety on H.C.R. No. 121

The purpose of this measure is to request the United States Department of Defense, United States Army, United States Navy, and State Department of Transportation to work with appropriate state and county departments and agencies to expand, plan, and coordinate work related to using Kolekole Pass as an expanded emergency exit route.

Your Committees received testimony in support of this measure from the Military and Community Relations Office; Hawaii Military Affairs Council; and two individuals.

Your Committees find that Kolekole Pass has historically served as a vital transportation corridor through the Waianae mountain range and has the potential to provide a crucial emergency evacuation route for residents of the Leeward Coast. Your Committees further find that with Farrington Highway as the primary roadway for thousands of residents, limited access leaves communities vulnerable to gridlock during natural disasters and other emergencies. This measure will enhance public safety and disaster preparedness for West Oahu by encouraging collaboration between pertinent federal, state, and county agencies.

As affirmed by the records of votes of the members of your Committees on Transportation and Public Safety that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 121 and recommend that it be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Transportation: Ayes, 5. Noes, none. Excused, 4 (Cochran, Evslin, La Chica, Pierick).

Public Safety: Ayes, 7. Noes, 1 (Souza). Excused, 2 (Lamosao, Woodson).

SCRep. 1619 Labor on H.R. No. 111

The purpose of this measure is to request the Department of Labor and Industrial Relations to study the establishment of a Hawaii Workforce Excellence Award Program.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations.

Your Committee finds that creating a state award program for craftspersons would demonstrate the State's dedication to preserving its significant cultural history and promote future participation in potentially dwindling trades. Your Committee believes this measure would attract people to apprenticeships and technical training programs by elevating the importance and prestige of trades through a state award program that honors people for high standards of craftsmanship.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 111 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Garrett).

SCRep. 1620 Labor on H.C.R. No. 115

The purpose of this measure is to request the Department of Labor and Industrial Relations to study the establishment of a Hawaii Workforce Excellence Award Program.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations.

Your Committee finds that creating a state award program for craftspersons would demonstrate the State's dedication to preserving its significant cultural history and promote future participation in potentially dwindling trades. Your Committee believes this measure would attract people to apprenticeships and technical training programs by elevating the importance and prestige of trades through a state award program that honors people for high standards of craftsmanship.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 115 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Garrett).

SCRep. 1621 Agriculture & Food Systems on H.R. No. 69

The purpose of this measure is to request the Department of Transportation to plan, design, and implement traffic signage designating a:

- (1) Speed limit of thirty-five miles per hour; and
- (2) "No Passing" zone; and

The purpose of this measure is to request that the Department of Agriculture establish a list of prioritizing potential agricultural infrastructure improvement projects that would provide the most value to the State when considering:

- (1) The estimated increase in agricultural production if the recommendation infrastructure improvement project is implemented;
- (2) The estimated cost of the recommended infrastructure improvement project;
- (3) County plans;
- (4) County zoning and land use;
- (5) State land use; and
- (6) Any other factors that the Department of Agriculture finds relevant.

Your Committee received testimony in support of this measure from the Agribusiness Development Corporation, Hawai'i Farm Bureau, Hawai'i Agriculture Research Center, Bayer, Kunia Village Title Holding Corporation, and one individual.

Your Committee received comments from the Hawaii Department of Agriculture.

Your Committee has amended this measure by:

- (1) Amending the department doing the designation from the Hawaii Department of Agriculture to the Agribusiness Development Corporation; and

- (2) Amending its title in accordance with its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purpose of clarity and consistency.

Your Committee notes that designating Kunia, Leilehua Plateau, and Poamoho as the Central Oahu Agricultural Corridor would benefit diversified farming lands. Your Committee further finds that because Hawaii is heavily reliant on imported food, the implementation of upgraded infrastructure for agricultural lands will increase the productivity which is essential for meeting the state's 2030 goal of doubling local food production. This measure asks the Agribusiness Development Corporation to submit a report containing its list and regulated findings and recommendations, include proposed legislation, if any, to the Legislature no later than twenty days prior to the Regular Session.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 69, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 69, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Lowen, Ward).

SCRep. 1622 Agriculture & Food Systems on H.C.R. No. 77

The purpose of this measure is to request the Department of Transportation to plan, design, and implement traffic signage designating a:

- (1) Speed limit of thirty-five miles per hour; and
- (2) "No Passing" zone; and

The purpose of this measure is to request that the Department of Agriculture establish a list of prioritizing potential agricultural infrastructure improvement projects that would provide the most value to the State when considering:

- (1) The estimated increase in agricultural production if the recommendation infrastructure improvement project is implemented;
- (2) The estimated cost of the recommended infrastructure improvement project;
- (3) County plans;
- (4) County zoning and land use;
- (5) State land use; and
- (6) Any other factors that the Department of Agriculture finds relevant.

Your Committee received testimony in support of this measure from the Agribusiness Development Corporation, Hawai'i Farm Bureau, Hawai'i Agriculture Research Center, Bayer, Kunia Village Title Holding Corporation, and one individual.

Your Committee received comments from the Hawaii Department of Agriculture.

Your Committee has amended this measure by:

- (1) Amending the department responsible for designation from the Hawaii Department of Agriculture to the Agribusiness Development Corporation; and
- (2) Amending its title in accordance with its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purpose of clarity and consistency.

Your Committee notes that designating Kunia, Leilehua Plateau, and Poamoho as the Central Oahu Agricultural Corridor would benefit diversified farming lands. Your Committee further finds that because Hawaii is heavily reliant on imported food, the implementation of upgraded infrastructure for agricultural lands will increase the productivity which is essential for meeting the state's 2030 goal of doubling local food production. This measure asks the Agribusiness Development Corporation to submit a report containing its list and regulated findings and recommendations, include proposed legislation, if any, to the Legislature no later than twenty days prior to the Regular Session.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 77, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 77, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Lowen, Ward).

SCRep. 1623 Agriculture & Food Systems on H.R. No. 99

The purpose of this measure is to urge all counties to:

- (1) Adopt local zoning ordinances to require owners of agricultural-zoned lands to execute and record declarations that acknowledge state and county agricultural land use regulations and requirements and the penalties for noncompliance; and
- (2) Encourage all counties to promote the active use of agricultural lands by making information available on farm apprenticeship and mentoring programs to owners of agricultural lands.

Your Committee received comments on this measure from the Hawaii Department of Agriculture.

Your Committee finds that there is a prevalence of agricultural-zoned lands being used for other purposes that are not related to agricultural production. Your Committee finds that encouraging the State and counties to take actions to increase the number of agriculture-zoned land acres being used for agricultural purposes by the addition of mentorship programs, along with requiring owners of these lands to submit a declaration of compliance to acknowledge state and county land use requirements and penalties will effectively mitigate this issue.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 99 and recommends that it be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Lowen, Ward).

SCRep. 1624 Agriculture & Food Systems on H.C.R. No. 103

The purpose of this measure is to urge all counties to:

- (1) Adopt local zoning ordinances to require owners of agricultural-zoned lands to execute and record declarations that acknowledge state and county agricultural land use regulations and requirements and the penalties for noncompliance; and
- (2) Encourage all counties to promote the active use of agricultural lands by making information available on farm apprenticeship and mentoring programs to owners of agricultural lands.

Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that there is a prevalence of agricultural-zoned lands being used for other purposes that are not related to agricultural production. Your Committee finds that encouraging the State and counties to take actions to increase the number of agriculture-zoned land acres being used for agricultural purposes by the addition of mentorship programs, along with requiring owners of these lands to submit a declaration of compliance to acknowledge state and county land use requirements and penalties will effectively mitigate this issue.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 103 and recommends that it be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Lowen, Ward).

SCRep. 1625 Human Services & Homelessness on H.R. No. 170

The purpose of this measure is to request the Department of Human Services' Office of Youth Services and Juvenile Justice State Advisory Council to examine the availability and utilization of aina-based learning programs offered to youth in the juvenile legal system.

Your Committee received testimony in support of this measure from the Office of the Public Defender; Mālama Mākua; Nā 'Ōpio Waiwai, Youth Council of 'Ēkolu Mea Nui; Debt Free Justice Hawai'i; 'Ēkolu Mea Nui; and Opportunity for Youth Action Hawai'i.

Your Committee finds that youth involved in the juvenile justice system often face financial hardships due to court-imposed fees, fines, and restitution. While community service is frequently ordered in lieu of financial penalties, existing opportunities often lack meaningful cultural or rehabilitative components, limiting their impact on youth development and reducing their effectiveness in preventing recidivism. This measure requests the Department of Human Services' Office of Youth Services and Juvenile Justice State Advisory Council to examine the availability and utilization of aina-based learning programs as an alternative for youth in the juvenile legal system to promote cultural reconnection, foster rehabilitation, and strengthen youth ties to their land, families, and communities.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Human Services & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 170, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.R. No. 170, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Takenouchi).

SCRep. 1626 Human Services & Homelessness on H.C.R. No. 174

The purpose of this measure is to request the Department of Human Services' Office of Youth Services and Juvenile Justice State Advisory Council to examine the availability and utilization of aina-based learning programs offered to youth in the juvenile legal system.

Your Committee received testimony in support of this measure from the Office of the Public Defender; Mālama Mākua; Nā 'Ōpio Waiwai, Youth Council of 'Ēkolu Mea Nui; Debt Free Justice Hawai'i; 'Ēkolu Mea Nui; and Opportunity for Youth Action Hawai'i.

Your Committee finds that youth involved in the juvenile justice system often face financial hardships due to court-imposed fees, fines, and restitution. While community service is frequently ordered in lieu of financial penalties, existing opportunities often lack meaningful cultural or rehabilitative components, limiting their impact on youth development and reducing their effectiveness in preventing recidivism. This measure requests the Department of Human Services' Office of Youth Services and Juvenile Justice State Advisory Council to examine the availability and utilization of aina-based learning programs as an alternative for youth in the juvenile legal system to promote cultural reconnection, foster rehabilitation, and strengthen youth ties to their land, families, and communities.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Human Services & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 174, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.C.R. No. 174, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Takenouchi).

SCRep. 1627 Human Services & Homelessness on H.R. No. 103

The purpose of this measure is to request the Hawaii State Commission on the Status of Women to convene a working group to develop measures to strengthen protections under Title IX.

Your Committee received testimony in support of this measure from the Hawai'i State LGBTQ+ Commission; Hawai'i State Commission on the Status of Women; Imua Alliance; Every Voice Hawai'i; AAUW of Hawai'i; and one individual.

Your Committee finds that sex-based discrimination and harassment remain persistent issues in Hawaii's education system, with many incidents going unreported, creating hostile learning environments that negatively affect students' well-being and academic success. This measure seeks to address these challenges by requesting the Hawaii State Commission on the Status of Women to convene a working group to develop stronger state-level protections under Title IX and ensure equal access to educational opportunities for all students in Hawaii.

Your Committee has amended this measure by:

- (1) Adding a representative of the Hawai'i State LGBTQ+ Commission and a student representative to the working group;

- (2) Clarifying that the chairperson of the working group is requested to invite certain members of the working group; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Human Services & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 103, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 103, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, 2 (Alcos, Garcia). Excused, 1 (Takenouchi).

SCRep. 1628 Human Services & Homelessness on H.C.R. No. 107

The purpose of this measure is to request the Hawaii State Commission on the Status of Women to convene a working group to develop measures to strengthen protections under Title IX.

Your Committee received testimony in support of this measure from the Hawai'i State LGBTQ+ Commission; Hawai'i State Commission on the Status of Women; Imua Alliance; Every Voice Hawai'i; AAUW of Hawai'i; and one individual. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that sex-based discrimination and harassment remain persistent issues in Hawaii's education system, with many incidents going unreported, creating hostile learning environments that negatively affect students' well-being and academic success. This measure seeks to address these challenges by requesting the Hawaii State Commission on the Status of Women to convene a working group to develop stronger state-level protections under Title IX and ensure equal access to educational opportunities for all students in Hawaii.

Your Committee has amended this measure by:

- (1) Adding a representative of the Hawai'i State LGBTQ+ Commission and a student representative to the working group;
- (2) Clarifying that the chairperson of the working group is requested to invite certain members of the working group; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Human Services & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 107, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 107, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, 2 (Alcos, Garcia). Excused, 1 (Takenouchi).

SCRep. 1629 Higher Education on H.R. No. 66

The purpose of this measure is to urge the University of Hawaii President and Board of Regents to establish a Bachelor of Science in Nursing program at the University of Hawaii Maui College.

Your Committee received testimony in support of this measure from the University of Hawai'i System and Healthcare Association of Hawaii.

Your Committee finds that the demand for healthcare services in Maui County is increasing due to a growing and aging population. Your Committee further finds that the University of Hawaii Maui College currently offers a Practical Nurse Certificate of Achievement and an Associate in Science in Nursing degree, which prepare students for entry-level nursing positions. Students who complete the Associate in Science in Nursing Program have the opportunity to earn a Bachelor of Science in Nursing degree through the University of Hawaii at Manoa. However, your Committee believes that establishing a dedicated Bachelor of Science in Nursing program at the University of Hawaii Maui College will provide Maui residents with an uninterrupted pathway for more advanced nursing knowledge along with greater advancement opportunities.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 66 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Kapela, Sayama).

SCRep. 1630 Higher Education on H.C.R. No. 73

The purpose of this measure is to urge the University of Hawaii President and Board of Regents to establish a Bachelor of Science in Nursing program at the University of Hawaii Maui College.

Your Committee received testimony in support of this measure from the University of Hawai'i System and Healthcare Association of Hawaii.

Your Committee finds that the demand for healthcare services in Maui County is increasing due to a growing and aging population. Your Committee further finds that the University of Hawaii Maui College currently offers a Practical Nurse Certificate of Achievement and an Associate in Science in Nursing degree, which prepare students for entry-level nursing positions. As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 73 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Kapela, Sayama).

SCRep. 1631 Education/Higher Education on H.R. No. 67

The purpose of this measure is to request the Department of Education and University of Hawaii to assess the criteria required to establish an educational pipeline and curriculum to ensure that students acquire the necessary skills in advanced manufacturing and cybersecurity.

Your Committees received testimony in support of this measure from the University of Hawai'i System; Hawai'i Technology Development Corporation; Hawaii Military Affairs Council; and one individual.

Your Committees find that advanced manufacturing refers to the incorporation of various innovative technologies that can reduce shipping and import costs and enhance delivery times if implemented locally. Your Committees further find that cybersecurity is the art of protecting networks, devices, and data from unauthorized access or criminal use and the practice of ensuring confidentiality, integrity, and availability of information. Your Committees recognize the growing importance of advanced manufacturing and cybersecurity and believe that providing education in these fields will give students the skills needed to enter into growing modern industries.

As affirmed by the records of votes of the members of your Committees on Education and Higher Education that are attached to this report, your Committees concur with the intent and purpose of H.R. No. 67 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Education: Ayes, 9. Noes, none. Excused, 2 (Kapela, Muraoka).

Higher Education: Ayes, 9. Noes, none. Excused, 2 (Kapela, Muraoka).

SCRep. 1632 Education/Higher Education on H.C.R. No. 75

The purpose of this measure is to request the Department of Education and University of Hawaii to assess the criteria required to establish an educational pipeline and curriculum to ensure that students acquire the necessary skills in advanced manufacturing and cybersecurity.

Your Committees received testimony in support of this measure from the University of Hawai'i System; Hawai'i Technology Development Corporation; Hawaii Military Affairs Council; and one individual. Your Committees received comments on this measure from the Department of Education.

Signed by the Chairs on behalf of the Committees.

Education: Ayes, 9. Noes, none. Excused, 2 (Kapela, Muraoka).

Higher Education: Ayes, 9. Noes, none. Excused, 2 (Kapela, Muraoka).

SCRep. 1633 Education on H.R. No. 91

The purpose of this measure is to request the Department of Education to provide students with information pertaining to changes to gun safety and storage laws.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that the presence of unsecured or improperly stored firearms significantly increase the risk of unintentional injuries and death among children. To address the prevalence of unsecured or improperly stored firearms, numerous states, including Hawaii, have passed or are considering the passage of secure storage laws to prevent unauthorized firearm access by children. Your Committee believes that parents and members of households should be actively updated as to any changes to gun safety requirements, including secure storage laws, and finds that the Department of Education is best situated to inform students, parents, and educators on gun safety and storage laws, including any updates to those laws.

Your Committee has amended this measure by:

- (1) Clarifying that the Department of Education is requested to post publicly accessible information on its website pertaining to changes to gun safety and storage laws, rather than provide the information to students, to ensure that students, parents, and educators have up-to-date resources on secure firearm storage requirements; and
- (2) Amending its title in accordance with its amended purpose.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 91, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 91, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Garrett, Kapela, Sayama, Muraoka).

SCRep. 1634 Education on H.C.R. No. 95

The purpose of this measure is to request the Department of Education to provide students with information pertaining to changes to gun safety and storage laws.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that the presence of unsecured or improperly stored firearms significantly increase the risk of unintentional injuries and death among children. To address the prevalence of unsecured or improperly stored firearms, numerous states, including Hawaii, have passed or are considering the passage of secure storage laws to prevent unauthorized firearm access by children. Your Committee believes that parents and members of households should be actively updated as to any changes to gun safety requirements, including secure storage laws, and finds that the Department of Education is best situated to inform students, parents, and educators on gun safety and storage laws, including any updates to those laws.

Your Committee has amended this measure by:

- (2) Amending its title in accordance with its amended purpose.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 95, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 95, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 4 (Garrett, Kapela, Sayama, Muraoka).

SCRep. 1635 Education on H.R. No. 81

The purpose of this measure is to urge the Department of Education to establish an annual Climate Week in all public schools across the State to spread climate awareness, education, and participation in sustainability initiatives.

Your Committee received testimony in support of this measure from the Climate Change and Health Working Group; Coalition Earth; and six individuals.

Your Committee finds that Hawaii's youth are confronting a rapidly changing world due to the effects of climate change, which directly impacts the State through coastal erosion, rising sea levels, and more frequent and intense storms, and poses a serious risk to the Hawaii's native ecosystems and cultural practices. Your Committee further finds that the State's Climate Week does not include activities or initiatives at Department of Education schools, resulting in limited promotion of climate awareness among public school students. Your Committee believes that the establishment of annual Climate Week in all public schools in the State will increase student awareness, education, and participation in sustainability initiatives that combat climate change.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 81 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 4 (Garrett, Kapela, Sayama, Muraoka).

SCRep. 1636 Education on H.C.R. No. 87

The purpose of this measure is to urge the Department of Education to establish an annual Climate Week in all public schools across the State to spread climate awareness, education, and participation in sustainability initiatives.

Your Committee received testimony in support of this measure from the Climate Change and Health Working Group; Coalition Earth; and six individuals. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that Hawaii's youth are confronting a rapidly changing world due to the effects of climate change, which directly impacts the State through coastal erosion, rising sea levels, and more frequent and intense storms, and poses a serious risk to the Hawaii's native ecosystems and cultural practices. Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 4 (Garrett, Kapela, Sayama, Muraoka).

SCRep. 1637 Education on H.R. No. 107

The purpose of this measure is to urge the Department of Education to provide a detailed report to the Legislature on the true cost of producing school meals to ensure transparency and avoid unnecessary prices.

Your Committee received testimony in support of this measure from Hawai'i Children's Action Network Speaks!; Hawai'i Public Health Institute; Healthy Eating, Active Living; Hawai'i Hunger Action Network; Hawaii Appleseed Center for Law & Economic Justice; and six individuals.

Your Committee finds that the Department of Education cites the current cost of producing a student lunch at \$9.00. Your Committee further finds that the Department of Education has proposed an increase in school meal prices, which would lead to an increase in the price of student lunch from \$2.50 to \$4.75 for grades kindergarten through eight and from \$2.75 to \$5.00 for grades nine through twelve by the 2028-2029 school year. Your Committee believes that an increase in prices for school meals will negatively impact Hawaii's working families and students that receive free or reduced-price meals and finds it essential that proper reporting processes are in place to provide transparency as to the costs of producing school meals.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 107 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 4 (Garrett, Kapela, Sayama, Muraoka).

SCRep. 1638 Education on H.C.R. No. 111

The purpose of this measure is to urge the Department of Education to provide a detailed report to the Legislature on the true cost of producing school meals to ensure transparency and avoid unnecessary prices.

Your Committee received testimony in support of this measure from Hawai'i Children's Action Network Speaks!; Hawai'i Public Health Institute; Healthy Eating, Active Living; Hawai'i Hunger Action Network; Hawaii Appleseed Center for Law & Economic Justice; and six individuals. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that the Department of Education cites the current cost of producing a student lunch at \$9.00. Your Committee further finds that the Department of Education has proposed an increase in school meal prices, which would lead to an increase in the price of student lunch from \$2.50 to \$4.75 for grades kindergarten through eight and from \$2.75 to \$5.00 for grades nine through twelve by the 2028-2029 school year. Your Committee believes that an increase in prices for school meals will negatively impact Hawaii's working families and students that receive free or reduced-price meals and finds it essential that proper reporting processes are in place to provide transparency as to the costs of producing school meals.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 111 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 4 (Garrett, Kapela, Sayama, Muraoka).

SCRep. 1639 Human Services & Homelessness on H.R. No. 140

The purpose of this measure is to request the Department of Human Services to apply for and implement the Elderly Simplified Application Project in the State.

Your Committee received testimony in support of this measure from the State Council on Developmental Disabilities; Hawai'i Public Health Institute; Healthy Eating, Active Living Coalition; Hawai'i Hunger Action Network; Hawaii Appleseed Center for Law & Economic Justice; and two individuals. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that many low-income households in Hawaii struggle to afford food due to the State's high cost of living, making food assistance programs like the Supplemental Nutrition Assistance Program (SNAP) critical to ensuring nutritional security. Despite SNAP's role in supporting over one hundred thirty thousand residents and contributing significantly to the local economy, barriers to enrollment and participation persist, particularly for older adults. This measure addresses this issue by requesting the Department of Human Services to apply for and implement the Elderly Simplified Application Project, which streamlines the SNAP application process, waives certain requirements, and extends certification periods to improve accessibility for seniors.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Human Services & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 140, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 140, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Takenouchi).

SCRep. 1640 Human Services & Homelessness on H.C.R. No. 146

The purpose of this measure is to request the Department of Human Services to apply for and implement the Elderly Simplified Application Project in the State.

Your Committee received testimony in support of this measure from the State Council on Developmental Disabilities; Hawai'i Public Health Institute; Healthy Eating, Active Living Coalition; Hawai'i Hunger Action Network; Hawaii Appleseed Center for Law & Economic Justice; and two individuals. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that many low-income households in Hawaii struggle to afford food due to the State's high cost of living, making food assistance programs like the Supplemental Nutrition Assistance Program (SNAP) critical to ensuring nutritional security. Despite SNAP's role in supporting over one hundred thirty thousand residents and contributing significantly to the local economy, barriers to enrollment and participation persist, particularly for older adults. This measure addresses this issue by requesting the Department of Human Services to apply for and implement the Elderly Simplified Application Project, which streamlines the SNAP application process, waives certain requirements, and extends certification periods to improve accessibility for seniors.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Human Services & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 146, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 146, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Takenouchi).

SCRep. 1641 Human Services & Homelessness on H.R. No. 133

The purpose of this measure is to request the Office of Wellness and Resilience to develop a report to address the developmental needs of children born during the coronavirus disease 2019 pandemic.

Your Committee received testimony in support of this measure from the Office of Wellness and Resilience; State Council on Developmental Disabilities; Early Childhood Action Strategy; Hawai'i Community Foundation; Hawai'i Children's Action Network Speaks!; Parents And Children Together; and five individuals.

Your Committee finds that children born during the coronavirus disease 2019 pandemic have faced significant disruptions to their social, emotional, and cognitive development due to limited social interactions, increased screen time, and instability within households. Research indicates that many of these children are experiencing developmental delays, particularly in communication, fine motor skills, emotional regulation, and social engagement, which may lead to long-term academic and behavioral challenges. This measure requests the Office of Wellness and Resilience to develop a report that examines the developmental needs of children born between 2018 and 2025 and propose strategies for early intervention and support, ensuring that affected children receive the necessary resources to mitigate developmental setbacks and thrive in their educational and social environments.

Your Committee has amended this measure by:

- (1) Extending the submission deadline for the report by the Office of Wellness and Resilience to the Legislature by one year to December 31, 2026; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Human Services & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 133, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 133, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Takenouchi).

SCRep. 1642 Human Services & Homelessness on H.C.R. No. 139

The purpose of this measure is to request the Office of Wellness and Resilience to develop a report to address the developmental needs of children born during the coronavirus disease 2019 pandemic.

Your Committee received testimony in support of this measure from the Office of Wellness and Resilience; Department of Education; State Council on Developmental Disabilities; Early Childhood Action Strategy; Hawai'i Community Foundation; Hawai'i Children's Action Network Speaks!; Parents And Children Together; and five individuals.

Your Committee finds that children born during the coronavirus disease 2019 pandemic have faced significant disruptions to their social, emotional, and cognitive development due to limited social interactions, increased screen time, and instability within households. Research indicates that many of these

children are experiencing developmental delays, particularly in communication, fine motor skills, emotional regulation, and social engagement, which may lead to long-term academic and behavioral challenges. This measure requests the Office of Wellness and Resilience to develop a report that examines the developmental needs of children born between 2018 and 2025 and propose strategies for early intervention and support, ensuring that affected children receive the necessary resources to mitigate developmental setbacks and thrive in their educational and social environments.

Your Committee has amended this measure by:

- (1) Extending the submission deadline for the report by the Office of Wellness and Resilience to the Legislature by one year to December 31, 2026; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Human Services & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 139, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 139, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Takenouchi).

SCRep. 1643 Agriculture & Food Systems on H.R. No. 24

The purpose of this measure is to request that the Department of Agriculture includes on the State of Hawaii Plant and Animal Declaration Form a section for each individual required to complete the form to acknowledge and affirm that the individual:

- (1) Is aware of the existence of various federal, state, and county laws, rules and ordinances that protect public monuments and structures, including but not limited to Native Hawaiian cultural sites, burial grounds, and places of worship;
- (2) Is aware of ways to learn more about those laws, rules, and ordinances; and
- (3) That the individual will heed those laws, rules, and ordinances.

Your Committee received testimony comments for this measure from the Department of Land and Natural Resources and the Department of Agriculture.

Your Committee has amended this measure by:

- (1) Inserting language to include that once the Akamai Arrival Program is underway that the intent of this resolution be facilitated using the program; and
- (2) Inserting language acknowledging federal and state laws on protected, indigenous, endangered, and threatened wildlife; and
- (3) Making technical, nonsubstantive amendments for the purpose of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 24, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 24, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Lowen, Ward).

SCRep. 1644 Agriculture & Food Systems on H.C.R. No. 25

The purpose of this measure is to request that the Department of Agriculture includes on the State of Hawaii Plant and Animal Declaration Form a section for each individual required to complete the form to acknowledge and affirm that the individual:

- (1) Is aware of the existence of various federal, state, and county laws, rules and ordinances that protect public monuments and structures, including but not limited to Native Hawaiian cultural sites, burial grounds, and places of worship;
- (2) Is aware of ways to learn more about those laws, rules, and ordinances; and
- (3) That the individual will heed those laws, rules, and ordinances.

Your Committee received comments for this measure from the Department of Land and Natural Resources.

Your Committee has amended this measure by:

- (1) Inserting language to include that once the Akamai Arrival Program is underway that the intent of this resolution be facilitated using the program; and
- (2) Inserting language acknowledging federal and state laws on protected, indigenous, endangered, and threatened wildlife; and
- (3) Making technical, nonsubstantive amendments for the purpose of clarity and consistency.

Your Committee finds that the use of the State of Hawaii Plant and Animal Declaration Form has been an effective tool for assisting various state departments with data collection, research, statistics, and monitoring. Your Committee further notes that the utilization of the State of Hawaii Plant and Animal Declaration Form to inform visitors of the various federal and state laws to protect public monuments and structures. This measure will further educate visitors arriving to Hawaii of the various laws, rules, and ordinances.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 25, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 25, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Lowen, Ward).

SCRep. 1645 Agriculture & Food Systems on H.R. No. 61

The purpose of this measure is to request that the Mayor of the City and County of Honolulu:

- (1) Create a dedicated animal education and training complex within the Kalaeloa parklands; and
- (2) Include bathrooms, secure indoor meeting and exhibition rooms similar to the McCoy Pavilion at Ala Moana Beach Park, food preparation facilities, and secure storage areas that may be rented by animal clubs to store necessary equipment, such as equipment for dog agility, dog obedience, and fast CAT and cages required for benched cat, rabbit, and bird shows.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that the competition with sports groups in acquiring area for an animal-friendly park has become an increasingly pressing issue for the Oahu community. Your Committee further finds that the intent to use Kalaeloa parklands to build an animal-friendly park with animal education and training complexes is an important facility for the community. With the influx in the population size in Kapolei, and the presence of only one on-leash dog park, and no off-leash dog parks in District 3, this measure asks the Mayor of the City and County of Honolulu to take actions to address this issue for the District 3 community.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 61 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Lowen, Ward).

SCRep. 1646 Agriculture & Food Systems on H.C.R. No. 68

The purpose of this measure is to request that the Mayor of the City and County of Honolulu:

- (1) Create a dedicated animal education and training complex within the Kalaeloa parklands; and
- (2) Include bathrooms, secure indoor meeting and exhibition rooms similar to the McCoy Pavilion at Ala Moana Beach Park, food preparation facilities, and secure storage areas that may be rented by animal clubs to store necessary equipment, such as equipment for dog agility, dog obedience, and fast CAT and cages required for benched cat, rabbit, and bird shows.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that the competition with sports groups in acquiring area for an animal-friendly park has become an increasingly pressing issue for the Oahu community. Your Committee further finds that the intent to use Kalaeloa parklands to build an animal-friendly park with animal education and training complexes is an important facility for the community. With the influx in the population size in Kapolei, and the presence of only one on-leash dog park, and no off-leash dog parks in District 3, this measure asks the Mayor of the City and County of Honolulu to take actions to address this issue for the District 3 community.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 68 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Lowen, Ward).

SCRep. 1647 Economic Development & Technology on H.R. No. 151

The purpose of this measure is to request the Hawaii Technology Development Corporation to increase its focus on advanced manufacturing and cybersecurity to build a stronger, diversified economy, create high-wage job opportunities, and position Hawaii as a leader in innovation and national security in the Pacific.

Your Committee received testimony in support of this measure from the Hawai'i Technology Development Corporation and Hawaii Military Affairs Council. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that advanced manufacturing can benefit Hawaii's local businesses by enhancing efficiency, improving product quality, and reducing manufacturing costs. Your Committee further finds that it is imperative to ensure that local businesses are equipped with the knowledge and resources needed to protect against cybersecurity threats. This measure encourages the Hawaii Technology Development Corporation to increase its focus on initiatives related to advanced manufacturing and cybersecurity.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 151 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (Holt, Todd).

SCRep. 1648 Economic Development & Technology on H.C.R. No. 156

The purpose of this measure is to request the Hawaii Technology Development Corporation to increase its focus on advanced manufacturing and cybersecurity to build a stronger, diversified economy, create high-wage job opportunities, and position Hawaii as a leader in innovation and national security in the Pacific.

Your Committee received testimony in support of this measure from the Hawai'i Technology Development Corporation and Hawaii Military Affairs Council. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that advanced manufacturing can benefit Hawaii's local businesses by enhancing efficiency, improving product quality, and reducing manufacturing costs. Your Committee further finds that it is imperative to ensure that local businesses are equipped with the knowledge and resources needed to protect against cybersecurity threats. This measure encourages the Hawaii Technology Development Corporation to increase its focus on initiatives related to advanced manufacturing and cybersecurity.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 156 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (Holt, Todd).

SCRep. 1649 Economic Development & Technology on H.R. No. 32

The purpose of this measure is to request the Postmaster General of the United States Postal Service to relocate the Pearl City Post Office to the United States Navy property on the Pearl City Peninsula.

Your Committee received testimony in support of this measure from the Pearl City Neighborhood Board and three individuals.

Your Committee finds that there are safety and traffic congestion concerns regarding the Pearl City Post Office, located on the northeast corner of Kamehameha Highway and Acacia Road. Your Committee further finds that the Pearl City Post Office is at its maximum spatial capacity to accommodate the increased need for postal services in the area. This measure encourages the relocation of the Pearl City Post Office to a larger, less-congested area.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 32 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Holt, Todd).

SCRep. 1650 Economic Development & Technology on H.C.R. No. 33

The purpose of this measure is to request the Postmaster General of the United States Postal Service to relocate the Pearl City Post Office to the United States Navy property on the Pearl City Peninsula.

Your Committee received testimony in support of this measure from the Pearl City Neighborhood Board and three individuals.

Your Committee finds that there are safety and traffic congestion concerns regarding the Pearl City Post Office, located on the northeast corner of Kamehameha Highway and Acacia Road. Your Committee further finds that the Pearl City Post Office is at its maximum spatial capacity to accommodate the increased need for postal services in the area. This measure encourages the relocation of the Pearl City Post Office to a larger, less-congested area.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 33 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Holt, Todd).

SCRep. 1651 Economic Development & Technology on H.R. No. 152

The purpose of this measure is to establish the Task Force for SPEED (Simplifying Permitting for Enhanced Economic Development) to identify actions needed to expedite, facilitate, and coordinate state and intergovernmental permit processes.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Land Use Commission; Hawaii Housing Finance and Development Corporation; Public Utilities Commission; and Grassroot Institute of Hawaii.

Your Committee finds that the permitting process can be subject to lengthy waiting periods, leading to delays in housing, industrial, and commercial projects and slowing economic development. This measure helps bring together representatives from various agencies responsible for permitting to address challenges and actions needed to improve the permitting process.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 152 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Holt, Todd).

SCRep. 1652 Economic Development & Technology on H.C.R. No. 157

The purpose of this measure is to establish the Task Force for SPEED (Simplifying Permitting for Enhanced Economic Development) to identify actions needed to expedite, facilitate, and coordinate state and intergovernmental permit processes.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Land Use Commission; Hawaii Housing Finance and Development Corporation; Public Utilities Commission; and Grassroot Institute of Hawaii.

Your Committee finds that the permitting process can be subject to lengthy waiting periods, leading to delays in housing, industrial, and commercial projects and slowing economic development. This measure helps bring together representatives from various agencies responsible for permitting to address challenges and actions needed to improve the permitting process.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 157 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Holt, Todd).

SCRep. 1653 Labor on H.R. No. 94

The purpose of this measure is to request the Department of Human Resources Development to establish the Hawaii State Fellows Program.

Your Committee received testimony in support of this measure from the Department of Human Resources Development.

Your Committee finds that civil servants are vital to the efficacy of the state government, but the State is facing a growing recruitment and retention crisis in public employment. Fellowships and similar training programs offer a potential solution to fill this gap, offering young workers and state employers the opportunity of a trial run while investing in local workforce development. Your Committee believes that establishing the Hawaii State Fellows Program will address workforce shortages by providing opportunities for individuals to enter public service.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 94 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Reyes Oda). Noes, none. Excused, 1 (Garrett).

SCRep. 1654 Labor on H.C.R. No. 98

The purpose of this measure is to request the Department of Human Resources Development to establish the Hawaii State Fellows Program.

Your Committee received testimony in support of this measure from the Department of Human Resources Development.

Your Committee finds that civil servants are vital to the efficacy of the state government, but the State is facing a growing recruitment and retention crisis in public employment. Fellowships and similar training programs offer a potential solution to fill this gap, offering young workers and state employers the opportunity of a trial run while investing in local workforce development. Your Committee believes that establishing the Hawaii State Fellows Program will address workforce shortages by providing opportunities for individuals to enter public service.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 98 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Reyes Oda). Noes, none. Excused, 1 (Garrett).

SCRep. 1655 Judiciary & Hawaiian Affairs on S.B. No. 100

The purpose of this measure is to provide that leaders of nonprofit organizations shall not be fingerprinted when applying for a liquor license in counties with a population of less than five hundred thousand.

Your Committee received testimony in support of this measure from the Maui Arts & Cultural Center.

Your Committee finds that there are nonprofit organizations that serve alcohol at their venues that host and promote a variety of events, including cultural and artistic events. As such, those nonprofit organizations are required to be holders of liquor licenses.

However, your Committee further finds that under the existing rules of certain liquor commissions, the officers and board members of those nonprofit organizations are subject to fingerprinting requirements. This process has been considered demeaning and has discouraged candidates from serving as officers and board members of those nonprofit organizations. This measure eliminates the burdensome requirement for leaders of nonprofit organizations to undergo fingerprinting for liquor licenses.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 100, S.D. 2, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Cochran, Garcia).

SCRep. 1656 Judiciary & Hawaiian Affairs on S.B. No. 112

The purpose of this measure is to allow surviving immediate family members of deceased persons for whom law enforcement initiated an investigation to receive a copy of the closing report prepared by the investigating police department after a certain period of time elapses.

Your Committee received testimony in support of this measure from two individuals. Your Committee received testimony in opposition to this measure from the Hawai'i Police Department; Department of the Prosecuting Attorney for the City and County of Honolulu; and two individuals. Your Committee received comments on this measure from the Office of Information Practices.

Your Committee finds that when a family loses a loved one under circumstances requiring a law enforcement investigation, unanswered questions can linger for years, prolonging their grief and uncertainty. Access to the investigative closing report can provide critical information and, in some cases, a sense of closure. However, obtaining these reports is often an arduous process, with some families waiting years to receive them. This measure ensures that surviving immediate family members can obtain the closing report of a law enforcement investigation into their relative's death within a specified timeframe, providing greater transparency and support for grieving families.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 112, S.D. 2, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, 2 (Garcia, Shimizu). Excused, 2 (Cochran, Hashem).

SCRep. 1657 Judiciary & Hawaiian Affairs on S.B. No. 289

The purpose of this measure is to establish uniform provisions for the assessment of certain administrative penalties under the State Ethics Code and Lobbyist Law.

Your Committee received testimony in support of this measure from the Hawai'i State Ethics Commission and one individual.

Your Committee finds that the existing enforcement process for the Hawai'i State Ethics Commission entails the respondent to respond to a charge multiple times, which extends the process, sometimes lasting five to six months. For matters in which the facts and law are not in question, an expedited process may reduce the burden on respondents and minimize unnecessary waste of time and resources and that the timely resolution of ethics and lobbying cases before the Hawaii State Ethics Commission enhances public trust and transparency. This measure establishes an expedited enforcement process to address violations of the ethics and lobbying laws.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 289 and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1658 Judiciary & Hawaiian Affairs on S.B. No. 1319

The purpose of this measure is to require that the Attorney General's identification system include criminal cases initiated via citations that resulted in conviction, deferred acceptance of guilty or nolo contendere plea, or conditional discharge, and that a court order identification processing in such cases.

Your Committee received testimony in support of this measure from the Department of the Attorney General; Department of Law Enforcement; Honolulu Police Department; and Department of the Prosecuting Attorney of the City and County of Honolulu.

Your Committee finds that this measure would significantly enhance the comprehensiveness and effectiveness of the State's criminal identification databases, addressing an important gap in the current system. Under existing law, only criminal history record information in cases initiated by arrest or penal summons are required and authorized to be collected by the Hawaii Criminal Justice Data Center. This fails to account for any misdemeanor, petty misdemeanor, or criminal violation level cases initiated by citation.

Your Committee further finds that law enforcement agencies within the State's criminal justice system routinely use and rely upon information collected by the Hawaii Criminal Justice Data Center for complete and accurate criminal history record information. Under existing law, officers have discretion to issue citations in lieu of arrest for non-felony offenses where the officer is reasonably satisfied that the person meets various factors. However, to assist in making that determination, officers are relying on this incomplete criminal history record information. This measure provides the statutory means to ensure that the

criminal sentences for individuals issued citations are accurately processed and recorded for use by law enforcement agencies, thereby enhancing accuracy and reliability of criminal history record information.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1319, S.D. 1, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, 1 (Garcia). Excused, 1 (Cochran).

SCRep. 1659 Judiciary & Hawaiian Affairs on S.B. No. 1382

The purpose of this measure is to specify that intentionally or knowingly causing bodily injury to a National Guard member who is engaged in the performance of duty is a class C felony.

Your Committee received testimony in support of this measure from the Department of Defense; Hawai‘i National Guard; and Honolulu Police Department.

Your Committee finds that although National Guard members play a vital role in safeguarding communities during emergencies, including natural disasters and crises requiring urgent response, their duties also expose them to potential threats and harm. This measure strengthens legal protections for National Guard members, ensuring that they are shielded from assaults while carrying out their responsibilities.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1382 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Cochran, Hashem).

SCRep. 1660 Judiciary & Hawaiian Affairs on S.B. No. 1341

The purpose of this measure is to:

- (1) Add the promotion of critical infrastructure protection and emergency management, response, and recovery to the relevant purposes of the Energy Data Collection Program; and
- (2) Authorize the Hawaii Emergency Management Agency and Office of Homeland Security to examine the energy information statements submitted pursuant to the Energy Industry Information Reporting Act.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; and Hawaii State Energy Office.

Your Committee finds that improving the State's energy data collection and security is essential for informed policy-making and emergency preparedness. This measure strengthens data management by expanding authorized access to key government agencies involved in taxation, public health, emergency management, and homeland security.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1341 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Cochran, Hashem).

SCRep. 1661 Judiciary & Hawaiian Affairs on S.B. No. 1008

The purpose of this measure is to:

- (1) Repeal the requirement that a public or private entity that provides a parking space for persons with disabilities comply with laws governing parking for disabled persons, including any penalties; and
- (2) Authorize each county to adopt ordinances to enforce the accessible parking space requirements for parking spaces reserved for persons with disabilities and electric vehicles.

Your Committee received testimony in support of this measure from the Disability and Communication Access Board; one member of the Maui County Council; Oahu Metropolitan Planning Organization; and four individuals. Your Committee received testimony in opposition to this measure from the Retail Merchants of Hawaii and one individual.

Your Committee finds that the designated parking program for individuals with disabilities was created to provide accessible parking for those with mobility challenges. However, widespread misuse and inadequate enforcement have made it difficult for legitimate users to access these spaces. Your Committee also finds that the State has taken significant steps to promote electric vehicle adoption as part of its broader sustainability goals and charging spaces are critical for electric vehicle users to ensure they have the necessary power to reach their destinations. When non-electric vehicles occupy these spaces, it not only removes a key incentive for clean energy transportation but also creates obstacles for drivers who depend on charging availability. To address these issues, this measure grants counties the authority to establish and enforce regulations that protect access to accessible parking and electric vehicle charging stations, ensuring they serve their intended purposes without obstruction.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1008, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, 1 (Garcia). Excused, 2 (Cochran, Hashem).

SCRep. 1662 Transportation on H.R. No. 125

The purpose of this measure is to request the Department of Transportation, Department of Education, and Department of Transportation of the County of Maui to collaborate to propose viable solutions to improve pedestrian and traffic safety and relieve traffic congestion around Haiku Elementary School.

Your Committee received testimony in support of this measure from two individuals.

Your Committee finds that traffic congestion and safety concerns around Haiku Elementary School have become a growing issue, particularly during school drop-off and pick-up times. Your Committee further finds that parents, teachers, and community members have raised concerns about pedestrian safety, the

need for better traffic management, and infrastructure improvements to enhance safety and efficiency. This measure will improve traffic flow near Haiku Elementary School, ensuring the safety of students and other pedestrians.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 125, as amended herein, and recommends that it be referred to your Committee on Education in the form attached hereto as H.R. No. 125, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Cochran, Pierick).

SCRep. 1663 Transportation on H.C.R. No. 129

The purpose of this measure is to request the Department of Transportation, Department of Education, and Department of Transportation of the County of Maui to collaborate to propose viable solutions to improve pedestrian and traffic safety and relieve traffic congestion around Haiku Elementary School.

Your Committee received testimony in support of this measure from two individuals. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that traffic congestion and safety concerns around Haiku Elementary School have become a growing issue, particularly during school drop-off and pick-up times. Your Committee further finds that parents, teachers, and community members have raised concerns about pedestrian safety, the need for better traffic management, and infrastructure improvements to enhance safety and efficiency. This measure will improve traffic flow near Haiku Elementary School, ensuring the safety of students and other pedestrians.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 129, as amended herein, and recommends that it be referred to your Committee on Education in the form attached hereto as H.C.R. No. 129, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Cochran, Pierick).

SCRep. 1664 Transportation on H.R. No. 127

The purpose of this measure is to:

- (1) Urge the Federal Aviation Administration and State Department of Transportation to encourage and facilitate the expansion of alternative airline services that utilize short takeoff and landing-capable aircrafts; and
- (2) Request the Legislative Reference Bureau to conduct a study on the feasibility and implementation of a rural air service program.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Transportation.

Your Committee finds that rural communities in the State, including those in Molokai and Lanai, rely on air travel for essential services such as healthcare, education, and economic opportunities. Recent reductions in airline service and rising ticket costs have significantly limited access to reliable transportation, making it more difficult for residents to meet basic needs. This measure aims to improve connectivity for rural and remote communities across the State through alternative airline services to ensure residents have access to essential services.

Your Committee has amended this measure by:

- (1) Requesting the Department of Transportation, instead of the Legislative Reference Bureau, to conduct the study;
- (2) Amending its title in accordance with its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 127, as amended herein, and recommends that it be referred to your Committee on Legislative Management in the form attached hereto as H.R. No. 127, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Cochran, Pierick).

SCRep. 1665 Transportation on H.C.R. No. 131

The purpose of this measure is to:

- (1) Urge the Federal Aviation Administration and State Department of Transportation to encourage and facilitate the expansion of alternative airline services that utilize short takeoff and landing-capable aircrafts; and
- (2) Request the Legislative Reference Bureau to conduct a study on the feasibility and implementation of a rural air service program.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Transportation and Legislative Reference Bureau.

Your Committee finds that rural communities in the State, including those in Molokai and Lanai, rely on air travel for essential services such as healthcare, education, and economic opportunities. Recent reductions in airline service and rising ticket costs have significantly limited access to reliable transportation, making it more difficult for residents to meet basic needs. This measure aims to improve connectivity for rural and remote communities across the State through alternative airline services to ensure residents have access to essential services.

Your Committee has amended this measure by:

- (1) Requesting the Department of Transportation, instead of the Legislative Reference Bureau, to conduct the study;
- (2) Amending its title in accordance with its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 131, as amended herein, and recommends that it be referred to your Committee on Legislative Management in the form attached hereto as H.C.R. No. 131, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 2 (Cochran, Pierick).

SCRep. 1666 Transportation on H.R. No. 131

The purpose of this measure is to urge the Department of Transportation, Department of Education, and City and County of Honolulu to implement visibility enhancement measures on the Kuahelani Avenue crosswalk at Kipapa Elementary School.

Your Committee received testimony in support of this measure from Kipapa Elementary School; Kipapa Elementary School Community Council; and eight individuals.

Your Committee finds that pedestrian safety remains a critical concern, with thousands of pedestrians injured or killed in traffic accidents each year. The crosswalk on Kuahelani Avenue near Kipapa Elementary School presents significant hazards due to limited visibility from road curvature, parked vehicles, and high traffic volume. This measure aims to improve pedestrian safety at this high-risk location by implementing necessary safety measures, such as installing warning signs and speed bumps, to ensure the safety of students and other pedestrians who frequent this area.

Your Committee has amended this measure by:

- (1) Changing its title to make technical amendments; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 131, as amended herein, and recommends that it be referred to your Committee on Education in the form attached hereto as H.R. No. 131, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 1 (Cochran).

SCRep. 1667 Transportation on H.C.R. No. 137

The purpose of this measure is to urge the Department of Transportation, Department of Education, and City and County of Honolulu to implement visibility enhancement measures on the Kuahelani Avenue crosswalk at Kipapa Elementary School.

Your Committee received testimony in support of this measure from Kipapa Elementary School; Kipapa Elementary School Community Council; and eight individuals. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that pedestrian safety remains a critical concern, with thousands of pedestrians injured or killed in traffic accidents each year. The crosswalk on Kuahelani Avenue near Kipapa Elementary School presents significant hazards due to limited visibility from road curvature, parked vehicles, and high traffic volume. This measure aims to improve pedestrian safety at this high-risk location by implementing necessary safety measures, such as installing warning signs and speed bumps, to ensure the safety of students and other pedestrians who frequent this area.

Your Committee has amended this measure by:

- (1) Changing its title to make technical amendments; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 137, as amended herein, and recommends that it be referred to your Committee on Education in the form attached hereto as H.C.R. No. 137, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 1 (Cochran).

SCRep. 1668 Transportation on H.R. No. 43

The purpose of this measure is to urge the City and County of Honolulu to work with stakeholders to construct an emergency access road on the Waianae coast.

Your Committee received testimony in support of this measure from the Hawaii Military Affairs Council and nine individuals.

Your Committee finds that ensuring multiple emergency access routes is critical to public safety, particularly in communities with limited road infrastructure. The devastating impact of the 2023 Lahaina wildfire highlighted the dangers posed by inaccessible evacuation routes, reinforcing the need for improved emergency planning. This measure aims to ensure residents have a safe and reliable evacuation route in the event of a disaster.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 43, as amended herein, and recommends that it be referred to your Committee on Public Safety in the form attached hereto as H.R. No. 43, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 1 (Cochran).

SCRep. 1669 Transportation on H.C.R. No. 43

The purpose of this measure is to request the Department of Law Enforcement and Department of Transportation to study the possibility of a highway patrol and the installation of speed cameras along major freeways and highways in primary areas of speeding.

Your Committee received testimony in support of this measure from the Oahu Metropolitan Planning Organization; Life of the Land; and one individual. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Judiciary; Department of Law Enforcement; Department of Transportation; and one individual.

Your Committee finds that increasing traffic congestion and excessive speeding on the State's roadways pose significant risks to drivers, passengers, bicyclists, and pedestrians. Limited resources among local law enforcement agencies make it challenging to effectively enforce speed limits and address traffic safety concerns. This measure aims to enhance enforcement and reduce speed-related crashes by looking into the possibility of implementing speed cameras on major freeways and highways in the State.

Your Committee has amended this measure by:

- (1) Expanding the scope of the study to include the impact this measure would have on the district courts;
- (2) Amending its title in accordance with its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 43, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.C.R. No. 43, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 2 (Cochran, Pierick).

SCRep. 1670 Transportation on H.R. No. 38

The purpose of this measure is to urge the Public Utilities Commission to support the complete transfer of its regulatory authority over motor carriers and other means of transportation to the Department of Transportation.

Your Committee received testimony in support of this measure from the Department of Transportation; Public Utilities Commission; and one individual.

Your Committee finds that effective regulation and enforcement of motor carriers operating on public highways is essential for public safety, fair industry practices, and compliance with state laws. While the Public Utilities Commission currently oversees motor carrier regulation, enforcement responsibilities have been transferred to the Department of Transportation, which has a broader enforcement presence and expertise in transportation oversight. This measure will provide a more streamlined and efficient regulatory framework for motor carriers throughout the State by transferring regulatory authority to the Department of Transportation.

Your Committee has amended this measure by:

- (1) Clarifying that other means of transportation include water carriers; and
- (2) Amending its title in accordance with its amended purpose.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 38, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.R. No. 38, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 1 (Cochran).

SCRep. 1671 Transportation on H.C.R. No. 45

The purpose of this measure is to urge the Public Utilities Commission to support the complete transfer of its regulatory authority over motor carriers and other means of transportation to the Department of Transportation.

Your Committee received testimony in support of this measure from the Department of Transportation; Public Utilities Commission; and one individual.

Your Committee finds that effective regulation and enforcement of motor carriers operating on public highways is essential for public safety, fair industry practices, and compliance with state laws. While the Public Utilities Commission currently oversees motor carrier regulation, enforcement responsibilities have been transferred to the Department of Transportation, which has a broader enforcement presence and expertise in transportation oversight. This measure will provide a more streamlined and efficient regulatory framework for motor carriers throughout the State by transferring regulatory authority to the Department of Transportation.

Your Committee has amended this measure by:

- (1) Clarifying that other means of transportation include water carriers; and
- (2) Amending its title in accordance with its amended purpose.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 45, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.C.R. No. 45, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 1 (Cochran).

SCRep. 1672 Education on H.R. No. 100

The purpose of this measure is to urge the Department of Education to take immediate action to strengthen local farm-to-school initiatives.

Your Committee received testimony in support of this measure from the Department of Agriculture; University of Hawai'i at Mānoa College of Tropical Agriculture and Human Resilience; Climate Future Forum's Regenerative Food Systems Working Group; Hawaii Reef and Ocean Coalition and Climate Protectors Hawaii; and four individuals.

Your Committee finds that Act 175, Session Laws of Hawaii 2021 (Act 175), established a goal for at least thirty percent of school meal ingredients to be sourced locally by 2030. Your Committee further finds that significant barriers continue to hinder progress in meeting the local food procurement goal, including procurement regulations, distribution logistics, and inconsistent farmer-school partnerships. Your Committee believes that immediate action to strengthen local farm-to-school initiatives should be taken by the Department of Education to meet the requirements of Act 175 to ensure that Hawaii's students receive school meals made from fresh, locally grown products while encouraging economic growth and strengthening the agricultural sector of the State.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 100 and recommends that it be referred to your Committee on Agriculture & Food Systems.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 4 (Garrett, Kapela, Sayama, Muraoka).

SCRep. 1673 Education on H.C.R. No. 104

The purpose of this measure is to urge the Department of Education to take immediate action to strengthen local farm-to-school initiatives.

Your Committee received testimony in support of this measure from the Department of Agriculture; University of Hawai'i at Mānoa College of Tropical Agriculture and Human Resilience; Climate Future Forum's Regenerative Food Systems Working Group; Hawaii Reef and Ocean Coalition and Climate Protectors Hawaii; and five individuals. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that Act 175, Session Laws of Hawaii 2021 (Act 175), established a goal for at least thirty percent of school meal ingredients to be sourced locally by 2030. Your Committee further finds that significant barriers continue to hinder progress in meeting the local food procurement goal, including procurement regulations, distribution logistics, and inconsistent farmer-school partnerships. Your Committee believes that immediate action to strengthen local farm-to-school initiatives should be taken by the Department of Education to meet the requirements of Act 175 to ensure that Hawaii's students receive school meals made from fresh, locally grown products while encouraging economic growth and strengthening the agricultural sector of the State.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 104 and recommends that it be referred to your Committee on Agriculture & Food Systems.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 4 (Garrett, Kapela, Sayama, Muraoka).

SCRep. 1674 Energy & Environmental Protection on H.R. No. 54

The purpose of this measure is to request the Hawaii State Energy Office to convene a Geothermal Energy Working Group to evaluate the regulatory and policy landscape surrounding geothermal energy in Hawaii.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands; Public Utilities Commission; Coalition Earth; Life of the Land; Ulu pono Initiative; and seven individuals. Your Committee received testimony in opposition to this measure from the Energy Justice Network; Environmental Caucus of the Democratic Party of Hawai'i; and three individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and Hawaii State Energy Office.

Your Committee finds that geothermal energy has the potential to be a critical component of Hawaii's renewable energy portfolio. However, regulatory uncertainty, permitting challenges, and land use restrictions have hindered its development. This measure convenes stakeholders to collaboratively assess the challenges and opportunities for geothermal expansion in the State.

Your Committee has amended this measure by:

- (1) Adding the Director of Commerce and Consumer Affairs and chairs of the Senate and House of Representatives standing committees with primary subject matter purview over energy to the Working Group;
- (2) Changing the deadline for the report to the Legislature; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 54, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.R. No. 54, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Quinlan, Ward).

SCRep. 1675 Energy & Environmental Protection on H.C.R. No. 58

The purpose of this measure is to request the Hawaii State Energy Office to convene a Geothermal Energy Working Group to evaluate the regulatory and policy landscape surrounding geothermal energy in Hawaii.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands; Public Utilities Commission; Coalition Earth; Life of the Land; Ulu pono Initiative; and seven individuals. Your Committee received testimony in opposition to this measure from the Energy Justice Network; Environmental Caucus of the Democratic Party of Hawai'i; and three individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and Hawaii State Energy Office.

Your Committee finds that geothermal energy has the potential to be a critical component of Hawaii's renewable energy portfolio. However, regulatory uncertainty, permitting challenges, and land use restrictions have hindered its development. This measure convenes stakeholders to collaboratively assess the challenges and opportunities for geothermal expansion in the State.

Your Committee has amended this measure by:

- (1) Adding the Director of Commerce and Consumer Affairs and chairs of the Senate and House of Representatives standing committees with primary subject matter purview over energy to the Working Group;
- (2) Changing the deadline for the report to the Legislature; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 58, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.C.R. No. 58, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 2 (Quinlan, Ward).

SCRep. 1676 Public Safety on H.R. No. 62

The purpose of this measure is to request the Office of the State Fire Marshal to convene a Vegetation Management Working Group to study, evaluate, and make recommendations for regulations that define property owner obligations for vegetation management on public and private property to mitigate wildfire risk.

The Department of Commerce and Consumer Affairs, the Public Utilities Commission, the International Brotherhood of Electrical Workers Local 1260, Hawaiian Electric, Kamehameha Schools, and the Hawaii Forest Industry Association provided testimony in support of this resolution. Your committee received comments from the Department of Labor and Industrial Relations on this measure. One individual provided testimony in support.

Your Committee believes that wildfire risks can be mitigated with regulations recommended from the State Fire Marshal's Vegetation Management Working Group that define public and private property owner obligations, but finds that recommendations are also needed to define a line clearance tree trimmer and establish minimum safety standards, training, and qualifications for individuals performing line clearance tree trimming at or near electric utility facilities to prevent hazards. Your committee further finds that the Department of Labor and Industrial Relations is not the appropriate department to be administratively attached to the Office of State Fire Marshal's Vegetation Management Working Group because DLIR lacks the expertise and also because the Legislature is currently deliberating the Office of the State Fire Marshal's permanent, executive placement.

Your Committee has amended this measure by:

- (1) Amending its title in accordance with its amended purpose; and
- (2) Requesting the Office of State Marshal and the State Fire Council to undertake the recommendations that define a line clearance tree trimmer and establish minimum safety standards, training, and qualifications for individuals performing line clearance tree trimming at or near electric utility facilities.
- (3) Removing "DLIR", "Department of Labor and Industrial Relations", or "Director of Labor and Industrial Relations", and where applicable, adding the language, "whichever department the Office of the State Fire Marshal is administratively attached to".

Your committee further notes the next committee should consider Kamehameha School's oral testimony that pointed out vegetation management is the landowner's and easement holder's responsibility.

As affirmed by the record of votes of the members of your Committee on Public Safety that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 62, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 62, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 4 (Hashem, Lamosao, Morikawa, Woodson).

SCRep. 1677 Public Safety on H.C.R. No. 69

The purpose of this measure is to request the Office of the State Fire Marshal to convene a Vegetation Management Working Group to study, evaluate, and make recommendations for regulations that define property owner obligations for vegetation management on public and private property to mitigate wildfire risk.

The Department of Commerce and Consumer Affairs, the Public Utilities Commission, the International Brotherhood of Electrical Workers Local 1260, Hawaiian Electric, Kamehameha Schools, and the Hawaii Forest Industry Association provided testimony in support of this resolution. Your committee received comments from the Department of Labor and Industrial Relations on this measure. One individual provided testimony in support.

Your Committee believes that wildfire risks can be mitigated with regulations recommended from the State Fire Marshal's Vegetation Management Working Group that define public and private property owner obligations, but finds that recommendations are also needed to define a line clearance tree trimmer and establish minimum safety standards, training, and qualifications for individuals performing line clearance tree trimming at or near electric utility facilities to prevent hazards. Your committee further finds that the Department of Labor and Industrial Relations is not the appropriate department to be administratively attached to the Office of State Fire Marshal's Vegetation Management Working Group because DLIR lacks the expertise and also because the Legislature is currently deliberating the Office of the State Fire Marshal's permanent, executive placement.

Your Committee has amended this measure by:

- (1) Amending its title in accordance with its amended purpose; and
- (2) Requesting the Office of State Marshal and the State Fire Council to undertake the recommendations that define a line clearance tree trimmer and establish minimum safety standards, training, and qualifications for individuals performing line clearance tree trimming at or near electric utility facilities.
- (3) Removing "DLIR", "Department of Labor and Industrial Relations", or "Director of Labor and Industrial Relations", and where applicable, adding the language, "whichever department the Office of the State Fire Marshal is administratively attached to".

Your committee further notes the next committee should consider Kamehameha School's oral testimony that pointed out vegetation management is the landowner's and the easement holder's responsibility.

As affirmed by the record of votes of the members of your Committee on Public Safety that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 69, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 69, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 4 (Hashem, Lamosao, Morikawa, Woodson).

SCRep. 1678 Public Safety on H.R. No. 128

The purpose of this measure is to express the House of Representatives' strong support for the construction of a floating drydock at Pearl Harbor, citing the project's impact on national security and economic development.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism, the Military Affairs Council, Pacific Shipyards International, and two individuals.

Your Committee recognizes the public's call for greater transparency with the legislative process, specifically when Committee Chairs defer a bill or resolution. While the Vice Chair's initial recommendation was to not pass this resolution; instead of unilaterally deferring it without a vote, she recommended

a Hold, which requires a vote. Before voting, the Vice Chair stated that if her recommendation to hold failed, she would subsequently make the recommendation to pass the resolution.

Your Committee recognizes that in the past, there had been a negative connotation with the practice of recommending a Hold; however, a Hold is the only mechanism available to defer a bill with a vote. The Vice Chair's initial recommendation to Hold the resolution did not have sufficient votes.

As affirmed by the record of votes of the members of your Committee on Public Safety that is attached to this report, your Committee ultimately concurs with the intent and purpose of H.R. No. 128 and recommends that it be referred to your Committee on Water and Land.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 4 (Hashem, Lamosao, Morikawa, Woodson).

SCRep. 1679 Public Safety on H.C.R. No. 133

The purpose of this measure is to illustrate the legislature's strong support for the construction of a floating drydock at Pearl Harbor, citing the project's impact on national security and economic development.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism, the Military Affairs Council, Pacific Shipyards International, and two individuals.

As affirmed by the record of votes of the members of your Committee on Public Safety that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 133 and recommends that it be referred to your Committee on Water and Land.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 4 (Hashem, Lamosao, Morikawa, Woodson).

SCRep. 1680 Human Services & Homelessness on H.R. No. 95

The purpose of this measure is to request the State LGBTQ+ Commission and Commission on the Status of Women to collaborate and conduct a comprehensive review of the Hawaii Revised Statutes and recommend amendments to incorporate gender-neutral terminology.

Your Committee received testimony in support of this measure from the Hawai'i State LGBTQ+ Commission and Hawai'i State Commission on the Status of Women.

Your Committee finds that many existing statutes within state law contain binary, gendered language that does not fully reflect the diverse identities of the State's residents. This measure seeks to address this issue by requesting the Hawaii State LGBTQ+ Commission and Hawaii State Commission on the Status of Women to review state laws and recommend updates to incorporate gender-neutral language, ensuring that Hawaii's legal framework reflects the values of respect and aloha for all residents.

Your Committee has amended this measure by:

- (1) Changing its title to make technical amendments;
- (2) Extending the submission deadline for the report by the Hawaii State LGBTQ+ Commission and Hawaii State Commission on the Status of Women to the Legislature to December 31, 2026; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Human Services & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 95, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.R. No. 95, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, 2 (Alcos, Garcia). Excused, 1 (Takenouchi).

SCRep. 1681 Human Services & Homelessness on H.C.R. No. 99

The purpose of this measure is to request the State LGBTQ+ Commission and Commission on the Status of Women to collaborate and conduct a comprehensive review of the Hawaii Revised Statutes and recommend amendments to incorporate gender-neutral terminology.

Your Committee received testimony in support of this measure from the Hawai'i State LGBTQ+ Commission and Hawai'i State Commission on the Status of Women.

Your Committee finds that many existing statutes within state law contain binary, gendered language that does not fully reflect the diverse identities of the State's residents. This measure seeks to address this issue by requesting the Hawaii State LGBTQ+ Commission and Hawaii State Commission on the Status of Women to review state laws and recommend updates to incorporate gender-neutral language, ensuring that Hawaii's legal framework reflects the values of respect and aloha for all residents.

Your Committee has amended this measure by:

- (1) Changing its title to make technical amendments;
- (2) Extending the submission deadline for the report by the Hawaii State LGBTQ+ Commission and Hawaii State Commission on the Status of Women to the Legislature to December 31, 2026; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Human Services & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 99, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.C.R. No. 99, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, 2 (Alcos, Garcia). Excused, 1 (Takenouchi).

SCRep. 1682 Labor on H.R. No. 175

The purpose of this measure is to request the Senate Standing Committee on Labor and Technology and House of Representatives Standing Committee on Labor to convene a legislative working group to develop recommendations for establishing and implementing a paid family and medical leave program for the State.

Your Committee received testimony in support of this measure from the Hawaii State Commission on the Status of Women; Hawaii State LGBTQ+ Commission; Executive Office on Aging; Office of Wellness and Resilience; Hawaii County Council-District Two; Hawaii State Teachers Association; Catholic Charities Hawaii; Hawaii Nurses' Association; Democratic Party of Hawaii; AARP Hawaii; Indivisible Hawaii; Holomua Collaborative; Hawaii Public Health Institute; Democratic Party of Hawaii Education Caucus; Imua Alliance; Aloha United Way; Wainiha Country Market Inc; Hawaii Government Employees Association; Hawaii State AFL-CIO; United Public Workers; Pride at Work Hawaii; Hawaii Children's Action Network Speaks; and 33 individuals. Your Committee received comments on this measure from the Department of Human Resources Development; Department of Labor and Industrial Relations; Legislative Reference Bureau; University of Hawaii Professional Assembly; SHRM Hawaii; and the Chamber of Commerce Hawaii.

Your Committee finds that in the face of the current workforce shortage, a paid family and medical leave program would incentivize individuals to join the labor market and improve employee retention, filling gaps and saving employers long-term recruitment and training costs. Your Committee further finds that a state-administered paid family and medical leave program would benefit the State's workforce while reducing the financial burden for employers compared to a privately funded alternative. Your Committee believes this measure is an essential first step towards establishing a viable state-administered paid family and medical leave program, as the working group that would be established by this measure would recommend parameters for establishing and implementing such a program after reviewing any potential legal, logistical, and financial constraints.

Accordingly, your Committee has amended this measure by:

Including the directors of the central personnel agencies of the State, the City and County of Honolulu, the County of Hawaii, the County of Maui, the County of Kauai; the Judiciary; the Department of Education; the University of Hawaii; and the Hawaii Health Systems Corporation, or their designees as members of the working group.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 175, as amended herein, and recommends that it be referred to your Committee on Legislative Management in the form attached hereto as H.R. No. 175, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Garrett).

SCRep. 1683 Labor on H.C.R. No. 179

The purpose of this measure is to request the Senate Standing Committee on Labor and Technology and House of Representatives Standing Committee on Labor to convene a legislative working group to develop recommendations for establishing and implementing a paid family and medical leave program for the State.

Your Committee received testimony in support of this measure from the Hawaii State Commission on the Status of Women; Hawaii State LGBTQ+ Commission; Executive Office on Aging; Office of Wellness and Resilience; Hawaii County Council-District Two; Hawaii State Teachers Association; Catholic Charities Hawaii; Hawaii Nurses' Association; Democratic Party of Hawaii; AARP Hawaii; Indivisible Hawaii; Holomua Collaborative; Hawaii Public Health Institute; Democratic Party of Hawaii Education Caucus; Imua Alliance; Aloha United Way; Wainiha Country Market Inc; Hawaii Government Employees Association; Hawaii State AFL-CIO; United Public Workers; Pride at Work Hawaii; Hawaii Children's Action Network Speaks; and 33 individuals. Your Committee received comments on this measure from the Department of Human Resources Development; Department of Labor and Industrial Relations; Legislative Reference Bureau; University of Hawaii Professional Assembly; SHRM Hawaii; and the Chamber of Commerce Hawaii.

Your Committee finds that in the face of the current workforce shortage, a paid family and medical leave program would incentivize individuals to join the labor market and improve employee retention, filling gaps and saving employers long-term recruitment and training costs. Your Committee further finds that a state-administered paid family and medical leave program would benefit the State's workforce while reducing the financial burden for employers compared to a privately funded alternative. Your Committee believes this measure is an essential first step towards establishing a viable state-administered paid family and medical leave program, as the working group that would be established by this measure would recommend parameters for establishing and implementing such a program after reviewing any potential legal, logistical, and financial constraints.

Accordingly, your Committee has amended this measure by:

Including the directors of the central personnel agencies of the State, the City and County of Honolulu, the County of Hawaii, the County of Maui, the County of Kauai, the Judiciary, the Department of Education, the University of Hawaii, and the Hawaii Health Systems Corporation, or their designees as members of the working group.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 179, as amended herein, and recommends that it be referred to your Committee on Legislative Management in the form attached hereto as H.C.R. No. 179, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Garrett).

SCRep. 1684 Labor on H.R. No. 96

The purpose of this measure is to request the State of Hawaii to require that any individual or group that administers the mandatory harassment and discrimination training to employees demonstrate adequate competency in LGBTQ+ (Lesbian, Gay, Bisexual, Transgender, Queer, and more identities) identity and culturally specific gender identity relevant to Hawaii.

Your Committee received testimony in support of this measure from the Hawaii State LGBTQ+ Commission; Pride at Work Hawaii; and two individuals. Your Committee received comments on this measure from the Hawaii Civil Rights Commission.

Your Committee finds that existing training programs for state employees across various agencies would benefit from greater consistency in their understanding of LGBTQ+ identities and culturally specific gender identities, such as māhū, and could be enhanced by incorporating best practices for fostering effective and respectful dialogue with colleagues, managers, directors, constituents, clients, and customers from diverse communities, including the LGBTQ+ community. Your Committee believes this measure will improve training programs provided to Hawaii's workforce to better reflect the diversity and cultural contexts within the LGBTQ+ community.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 96 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Reyes Oda). Noes, none. Excused, 1 (Garrett).

SCRep. 1685 Labor on H.C.R. No. 100

The purpose of this measure is to request the State of Hawaii to require that any individual or group that administers the mandatory harassment and discrimination training to employees demonstrate adequate competency in LGBTQ+ (Lesbian, Gay, Bisexual, Transgender, Queer, and more identities) identity and culturally specific gender identity relevant to Hawaii.

Your Committee received testimony in support of this measure from the Hawaii State LGBTQ+ Commission; Pride at Work Hawaii; and two individuals. Your Committee received comments on this measure from the Hawaii Civil Rights Commission.

Your Committee finds that existing training programs for state employees across various agencies would benefit from greater consistency in their understanding of LGBTQ+ identities and culturally specific gender identities, such as māhū, and could be enhanced by incorporating best practices for fostering effective and respectful dialogue with colleagues, managers, directors, constituents, clients, and customers from diverse communities, including the LGBTQ+ community. Your Committee believes this measure will improve training programs provided to Hawaii's workforce to better reflect the diversity and cultural contexts within the LGBTQ+ community.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 100 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Reyes Oda). Noes, none. Excused, 1 (Garrett).

SCRep. 1686 Water & Land on H.R. No. 58

The purpose of this measure is to request the Office of Planning and Sustainable Development to convene a working group to evaluate the establishment and administrative placement of an office of resilience and recovery.

Your Committee received testimony in support of this measure from the Office of the Governor Recovery and Resiliency Unit; Climate Advisory Team; Office of Planning and Sustainable Development; Hawaii Green Infrastructure Authority; Hawai'i Climate Change Mitigation and Adaptation Commission; Honolulu Board of Water Supply; Environmental Caucus of the Democratic Party of Hawai'i; and one individual.

Your Committee finds that as natural disasters increase in frequency and intensity due to climate change, there is an urgent need to strengthen the State's resilience and preparedness for future disasters. Your Committee further finds that establishing a permanent office of resilience and recovery to provide ongoing support and leadership during and in the aftermath of a disaster will significantly improve the coordination and resilience of the State's response to future disasters.

Your Committee has amended this measure by:

- (1) Amending the composition of the working group; and
- (2) Amending the list of recipients of certified copies of this measure.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider incorporating into the budget an appropriation of \$36,000 to program ID BED144 for one temporary exempt Planning Analyst position for six months to support the activities of the working group.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 58, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 58, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, none.

SCRep. 1687 Water & Land on H.C.R. No. 64

The purpose of this measure is to request the Office of Planning and Sustainable Development to convene a working group to evaluate the establishment and administrative placement of an office of resilience and recovery.

Your Committee received testimony in support of this measure from the Office of the Governor Recovery and Resiliency Unit; Climate Advisory Team; Office of Planning and Sustainable Development; Hawaii Green Infrastructure Authority; Hawai'i Climate Change Mitigation and Adaptation Commission; Honolulu Board of Water Supply; Environmental Caucus of the Democratic Party of Hawai'i; and one individual.

Your Committee finds that as natural disasters increase in frequency and intensity due to climate change, there is an urgent need to strengthen the State's resilience and preparedness for future disasters. Your Committee further finds that establishing a permanent office of resilience and recovery to provide ongoing support and leadership during and in the aftermath of a disaster will significantly improve the coordination and resilience of the State's response to future disasters.

Your Committee has amended this measure by:

- (1) Amending the composition of the working group; and
- (2) Amending the list of recipients of certified copies of this measure.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider incorporating into the budget an appropriation of \$36,000 to program ID BED144 for one temporary exempt Planning Analyst position for six months to support the activities of the working group.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 64, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 64, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, none.

SCRep. 1688 Water & Land on H.R. No. 59

The purpose of this measure is to request the Land Use Commission to coordinate with county planning commissions and county councils to conduct concurrent reviews of general plan amendments, district boundary amendments, and zoning amendments when reclassifying land.

Your Committee received comments on this measure from the Office of Planning and Sustainable Development and Land Use Commission.

Your Committee finds that while the Land Use Commission is responsible for classifying all lands in the State, the counties are responsible for overseeing planning and zoning under their respective general plans and zoning ordinances. Your Committee further finds that because of this division of responsibilities, any significant changes in land use require a three-step process that involves the counties making a general plan amendment, the Land Use Commission making a state district boundary amendment, and the counties making a county zoning amendment, with each amendment processed separately and sequentially. Your Committee believes that encouraging the Land Use Commission and counties to coordinate and hold concurrent reviews for these amendments will significantly expedite the land use reclassification and rezoning process while still maintaining the integrity and thoroughness of each review.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 59 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Belatti). Noes, 1 (Iwamoto). Excused, none.

SCRep. 1689 Water & Land on H.C.R. No. 65

The purpose of this measure is to request the Land Use Commission to coordinate with county planning commissions and county councils to conduct concurrent reviews of general plan amendments, district boundary amendments, and zoning amendments when reclassifying land.

Your Committee received testimony in support of this measure from the Hawai'i Association of REALTORS. Your Committee received comments on this measure from the Office of Planning and Sustainable Development and Land Use Commission.

Your Committee finds that while the Land Use Commission is responsible for classifying all lands in the State, the counties are responsible for overseeing planning and zoning under their respective general plans and zoning ordinances. Your Committee further finds that because of this division of responsibilities, any significant changes in land use require a three-step process that involves the counties making a general plan amendment, the Land Use Commission making a state district boundary amendment, and the counties making a county zoning amendment, with each amendment processed separately and sequentially. Your Committee believes that encouraging the Land Use Commission and counties to coordinate and hold concurrent reviews for these amendments will significantly expedite the land use reclassification and rezoning process while still maintaining the integrity and thoroughness of each review.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 65 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Belatti). Noes, 1 (Iwamoto). Excused, none.

SCRep. 1690 Water & Land on H.R. No. 118

The purpose of this measure is to request the Department of Land and Natural Resources to establish a collaborative working group to survey, identify, and monitor culturally sensitive shorelines impacted by erosion.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Office of Hawaiian Affairs; Hawaii Reef and Ocean Coalition; Environmental Caucus of the Democratic Party of Hawai'i; and Hawaii Climate Change and Health Working Group.

Your Committee finds Native Hawaiian iwi kūpuna were historically interred along sandy shoreline areas, which are increasingly threatened by coastal erosion. Your Committee further finds that iwi kūpuna discovered through shoreline erosion are often located above the high-water mark, which makes it difficult to preserve them in place. Your Committee believes that as more of the State's coastline is threatened by coastal erosion, there is a need to develop procedures for the respectful and culturally appropriate treatment of these iwi kūpuna, including surveying, identifying, and monitoring culturally sensitive shorelines impacted by erosion.

Your Committee has amended this measure by:

- (1) Clarifying that the appropriate Island Burial Council is the designated entity responsible for the disposition of inadvertently discovered iwi kūpuna;
- (2) Amending the composition of the working group; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 118, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 118, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, 1 (Souza). Excused, none.

SCRep. 1691 Water & Land on H.C.R. No. 122

The purpose of this measure is to request the Department of Land and Natural Resources to establish a collaborative working group to survey, identify, and monitor culturally sensitive shorelines impacted by erosion.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Office of Hawaiian Affairs; Hawaii Reef and Ocean Coalition; Environmental Caucus of the Democratic Party of Hawai'i; and Hawaii Climate Change and Health Working Group.

Your Committee finds Native Hawaiian iwi kūpuna were historically interred along sandy shoreline areas, which are increasingly threatened by coastal erosion. Your Committee further finds that iwi kūpuna discovered through shoreline erosion are often located above the high-water mark, which makes it difficult to preserve them in place. Your Committee believes that as more of the State's coastline is threatened by coastal erosion, there is a need to develop procedures for the respectful and culturally appropriate treatment of these iwi kūpuna, including surveying, identifying, and monitoring culturally sensitive shorelines impacted by erosion.

Your Committee has amended this measure by:

- (1) Clarifying that the appropriate Island Burial Council is the designated entity responsible for the disposition of inadvertently discovered iwi kūpuna;
- (2) Amending the composition of the working group; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 122, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 122, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, 1 (Souza). Excused, none.

SCRep. 1692 Water & Land on H.R. No. 185

The purpose of this measure is to request the Department of Land and Natural Resources to convene a Kailua Bay Advisory Working Group.

Your Committee received testimony in support of this measure from the Office of the Mayor of the County of Hawai'i; Kailua Village Business Improvement District; Destination Kona Coast; Kai 'Opua Canoe Club; and two individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that the Kailua-Kona Wharf, commonly referred to as the Kailua Pier, provides significant economic, cultural, and historical benefits to West Hawai'i. Your Committee further finds that persistent vandalism and destruction of public facilities and infrastructure have led to rising maintenance costs, disruptions of public access, and the need for continuous repairs of Kailua Pier by state and county agencies. Your Committee believes that establishing an interjurisdictional approach to address the challenges at Kailua Pier will enhance communication between pier users and government officials, allowing for more effective coordinated oversight and management of Kailua Pier.

Your Committee has amended this measure by:

- (1) Clarifying that the representative of the Statewide Office on Homelessness and Housing Solutions requested to serve on the working group is the Governor's Coordinator on Homelessness, or the Coordinator's designee;
- (2) Requesting the working group to submit quarterly reports for two years, rather than three; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 185, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 185, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, none.

SCRep. 1693 Water & Land on H.C.R. No. 191

The purpose of this measure is to request the Department of Land and Natural Resources to convene a Kailua Bay Advisory Working Group.

Your Committee received testimony in support of this measure from the Office of the Mayor of the County of Hawai'i; one member of the Hawai'i County Council; Kailua Village Business Improvement District; Destination Kona Coast; Kai 'Opua Canoe Club; and three individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that the Kailua-Kona Wharf, commonly referred to as the Kailua Pier, provides significant economic, cultural, and historical benefits to West Hawai'i. Your Committee further finds that persistent vandalism and destruction of public facilities and infrastructure have led to rising maintenance costs, disruptions of public access, and the need for continuous repairs of Kailua Pier by state and county agencies. Your Committee believes that establishing an interjurisdictional approach to address the challenges at Kailua Pier will enhance communication between pier users and government officials, allowing for more effective coordinated oversight and management of Kailua Pier.

Your Committee has amended this measure by:

- (1) Clarifying that the representative of the Statewide Office on Homelessness and Housing Solutions requested to serve on the working group is the Governor's Coordinator on Homelessness, or the Coordinator's designee;
- (2) Requesting the working group to submit quarterly reports for two years, rather than three; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 191, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 191, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, none.

SCRep. 1694 Water & Land on H.R. No. 186

The purpose of this measure is to request the Office of Hawaiian Affairs to convene a working group to examine and consider the transfer of Native Hawaiian burial site management under chapter 6E, Hawaii Revised Statutes, from the State Historic Preservation Division to the Office of Hawaiian Affairs.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Ohana Unity Party; Pilina Center for Wellbeing; Ko'olaupua Hawaiian Civic Club; Pu'uho'ou o Wailupe; Nohopapa Hawai'i, LLC; Huliauapa'a; Environmental Caucus of the Democratic Party of Hawai'i; Kahua O Kakou, Hui (Corp) Humu'ula Kala'i'eha LLC; Hui Iwi Kuamo'o; and numerous individuals. Your Committee received testimony in opposition to this measure from Malama Kakanilua and six individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that the State has a statutory duty to provide leadership in the preservation, maintenance, and restoration of historic properties and burial artifacts. Currently, the responsibility for the management of Native Hawaiian burial sites falls under the purview of the appropriate Island Burial Council, which is overseen by the State Historic Preservation Division. However, your Committee finds that the State Historic Preservation Division's broader mission to protect and maintain all historic properties has led to conflicts of interest regarding burial sites and fundamental inadequacies in the laws affecting

burial sites. Your Committee believes that an appropriate first step to address these inadequacies is to consider whether oversight of Native Hawaiian burial sites should be moved out of the State Historic Preservation Division and into the Office of Hawaiian Affairs, whose mission of advancing the betterment of Native Hawaiians may provide a better fit for appropriately carrying out the State's burial law responsibilities.

Your Committee has amended this measure by:

- (1) Requesting the working group to also consider certain issues and recommend improvements to the process of protecting burial sites and to the effectiveness of the current burial sites program;
- (2) Amending the composition of the working group; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 186, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.R. No. 186, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, none.

SCRep. 1695 Water & Land on H.C.R. No. 193

The purpose of this measure is to request the Office of Hawaiian Affairs to convene a working group to examine and consider the transfer of Native Hawaiian burial site management under chapter 6E, Hawaii Revised Statutes, from the State Historic Preservation Division to the Office of Hawaiian Affairs.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Ohana Unity Party; Pilina Center for Wellbeing; Ko'olauloa Hawaiian Civic Club; Pu'uho'oua o Wailupe; Nohopapa Hawai'i, LLC; Huliauapa'a; Environmental Caucus of the Democratic Party of Hawai'i; Kahua O Kakou, Hui (Corp) Humu'ula Kala'i'eha LLC; Hui Iwi Kuamo'o; and numerous individuals. Your Committee received testimony in opposition to this measure from Malama Kakanilua and six individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources and one individual.

Your Committee finds that the State has a statutory duty to provide leadership in the preservation, maintenance, and restoration of historic properties and burial artifacts. Currently, the responsibility for the management of Native Hawaiian burial sites falls under the purview of the appropriate Island Burial Council, which is overseen by the State Historic Preservation Division. However, your Committee finds that the State Historic Preservation Division's broader mission to protect and maintain all historic properties has led to conflicts of interest regarding burial sites and fundamental inadequacies in the laws affecting burial sites. Your Committee believes that an appropriate first step to address these inadequacies is to consider whether oversight of Native Hawaiian burial sites should be moved out of the State Historic Preservation Division and into the Office of Hawaiian Affairs, whose mission of advancing the betterment of Native Hawaiians may provide a better fit for appropriately carrying out the State's burial law responsibilities.

Your Committee has amended this measure by:

- (1) Requesting the working group to also consider certain issues and recommend improvements to the process of protecting burial sites and to the effectiveness of the current burial sites program;
- (2) Amending the composition of the working group; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 193, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.C.R. No. 193, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, none.

SCRep. 1696 Water & Land on H.C.R. No. 184

The purpose of this measure is to authorize the Hawai'i Community Development Authority to conduct a study to consider residential, hotel, and other land uses for the Kaka'ako Makai area and to update the Kaka'ako Community Development District Makai Area Master Plan accordingly.

Your Committee received testimony in support of this measure from the Environmental Caucus of the Democratic Party of Hawai'i; Hawai'i Association of REALTORS; Imanaka Asato; and Hawaii Building & Construction Trades Council. Your Committee received testimony in opposition to this measure from the Friends of Kewalo; Hawaii's Thousand Friends; Kaka'ako Makai Community Planning Advisory Council; and four individuals. Your Committee received comments on this measure from the Hawai'i Community Development Authority and Airlines Committee of Hawaii.

Your Committee finds that the Hawai'i Community Development Authority intends to update the Kaka'ako Community Development District Makai Area Master Plan (Master Plan) in 2025. Your Committee further finds that when the Master Plan was updated in 2023, it did not contemplate residential, hotel, or other uses. Your Committee believes that considering residential, hotel, and other uses when updating the Master Plan is essential to address the State's ongoing affordable housing crisis.

Your Committee has amended this measure by:

- (1) Requesting the Hawai'i Community Development Authority to provide an interim report on the results of its study no later than twenty days prior to the convening of the Regular Session of 2026 and a final report no later than December 31, 2026;
- (2) Amending its title; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 184, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 184, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, none.

SCRep. 1697 Energy & Environmental Protection on H.R. No. 184

The purpose of this measure is to request the Department of Health to convene a Demolition Waste Reduction Working Group.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services; Re-use Hawai'i; Environmental Caucus of the Democratic Party of Hawai'i; Hawai'i Reef and Ocean Coalition; Climate Protectors Hawai'i; and Energy Justice Network. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that the State's landfills are nearing capacity and that there is significant community opposition to the expansion of existing facilities or the establishment of new facilities. Your Committee further finds that construction and demolition waste represents one of the largest contributors to solid waste in Hawaii. This measure helps bring together stakeholders and experts to develop solutions to reduce construction and demolition waste and increase deconstruction and reuse practices.

Your Committee has amended this measure by:

- (1) Changing the composition of the Working Group;
- (2) Adding the Chairperson of the Board of Education, Director of Transportation, and President of the University of Hawaii to the list of recipients of certified copies of this measure; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 184, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 184, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Quinlan, Ward).

SCRep. 1698 Energy & Environmental Protection on H.C.R. No. 190

The purpose of this measure is to request the Department of Health to convene a Demolition Waste Reduction Working Group.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services; Re-use Hawai'i; Environmental Caucus of the Democratic Party of Hawai'i; Hawai'i Reef and Ocean Coalition; Climate Protectors Hawai'i; and Energy Justice Network. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that the State's landfills are nearing capacity and that there is significant community opposition to the expansion of existing facilities or the establishment of new facilities. Your Committee further finds that construction and demolition waste represents one of the largest contributors to solid waste in Hawaii. This measure helps bring together stakeholders and experts to develop solutions to reduce construction and demolition waste and increase deconstruction and reuse practices.

Your Committee has amended this measure by:

- (1) Changing the composition of the Working Group;
- (2) Adding the Chairperson of the Board of Education, Director of Transportation, and President of the University of Hawaii to the list of recipients of certified copies of this measure; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 190, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 190, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Quinlan, Ward).

SCRep. 1699 Education on H.R. No. 80

The purpose of this measure is to request the Department of Education to establish an Aloha Civics Working Group to enhance civics education in Hawaii.

Your Committee received testimony in support of this measure from the Hawai'i State Lesbian, Gay, Bisexual, Transgender, Queer Plus Commission; Democratic Party of Hawai'i Education Caucus; and Common Cause Hawaii.

Your Committee finds that the "Aloha Spirit" is a unique cultural attribute of Hawaii, embodying the principles of kindness, unity, humility, patience, and a deep sense of love and respect for others. Your Committee further finds that integrating the Aloha Spirit into civics education can help equip students with the tools to engage in political and social discussions in a manner that promotes unity and mutual understanding.

Your Committee notes that the Department of Education convened the Civic Learning and Engagement Task Force, at the direction of the Board of Education, to provide recommendations to the Board on strengthening and elevating civic learning, and to objectively measure knowledge, skills, and participation. The Civic Learning and Engagement Task Force published its findings and recommendations on March 2024, and which the Department of Education is now using to inform strategic planning and implementation efforts within the Department that will strengthen and elevate civic learning. Your Committee believes it would be more prudent to evaluate the efforts made by the Department of Education to implement the Civic Learning and Engagement Task Force's recommendations.

Your Committee has accordingly amended this measure by:

- (1) Clarifying that the Department of Education is requested to prepare and submit a report to the Legislature on the implementation of aloha-based civic education initiatives in Hawaii's public schools, based on the recommendations made by the Department's Civic Learning and Engagement Task Force, rather than requesting the Department to establish an Aloha Civics Working Group;
- (2) Amending the list of recipients of certified copies of this measure;
- (3) Amending its title in accordance with its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 80, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 80, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 4 (Garrett, Kapela, Sayama, Muraoka).

SCRep. 1700 Education on H.C.R. No. 86

The purpose of this measure is to request the Department of Education to establish an Aloha Civics Working Group to enhance civics education in Hawaii.

Your Committee received testimony in support of this measure from the Hawai'i State Lesbian, Gay, Bisexual, Transgender, Queer Plus Commission; Democratic Party of Hawai'i Education Caucus; and Common Cause Hawaii. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that the "Aloha Spirit" is a unique cultural attribute of Hawaii, embodying the principles of kindness, unity, humility, patience, and a deep sense of love and respect for others. Your Committee further finds that integrating the Aloha Spirit into civics education can help equip students with the tools to engage in political and social discussions in a manner that promotes unity and mutual understanding.

Your Committee notes that the Department of Education convened the Civic Learning and Engagement Task Force, at the direction of the Board of Education, to provide recommendations to the Board on strengthening and elevating civic learning, and to objectively measure knowledge, skills, and participation. The Civic Learning and Engagement Task Force published its findings and recommendations on March 2024, and which the Department of Education is now using to inform strategic planning and implementation efforts within the Department that will strengthen and elevate civic learning. Your Committee believes it would be more prudent to evaluate the efforts made by the Department of Education to implement the Civic Learning and Engagement Task Force's recommendations.

Your Committee has accordingly amended this measure by:

- (1) Clarifying that the Department of Education is requested to prepare and submit a report to the Legislature on the implementation of aloha-based civic education initiatives in Hawaii's public schools, based on the recommendations made by the Department's Civic Learning and Engagement Task Force, rather than requesting the Department to establish an Aloha Civics Working Group;
- (2) Amending the list of recipients of certified copies of this measure;
- (3) Amending its title in accordance with its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 86, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 86, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 4 (Garrett, Kapela, Sayama, Muraoka).

SCRep. 1701 Water & Land on H.R. No. 35

The purpose of this measure is to urge the Department of Land and Natural Resources and other state agencies to work with committed community groups to co-steward community forests located on public lands for the betterment of the State's forests and communities.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Environmental Caucus of the Democratic Party of Hawai'i; Hawai'i Food+ Policy; Hawaii Climate Change and Health Working Group; Kua'āina Ulu 'Auamo; and two individuals.

Your Committee finds that trees and forests provide extensive environmental, cultural, and economic benefits. Your Committee further finds that active community collaboration and involvement play an important role in the effective management of the State's forests. Establishing a co-stewardship between the State and local communities for the management of community forests will greatly improve and benefit the State's communities and forests and aligns with the State's mission to responsibly manage and protect Hawaii's natural and cultural resources.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 35 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 1 (Woodson).

SCRep. 1702 Water & Land on H.C.R. No. 40

The purpose of this measure is to urge the Department of Land and Natural Resources and other state agencies to work with committed community groups to co-steward community forests located on public lands for the betterment of the State's forests and communities.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Environmental Caucus of the Democratic Party of Hawai'i; Hawai'i Food+ Policy; Hawaii Climate Change and Health Working Group; Kua'āina Ulu 'Auamo; and two individuals.

Your Committee finds that trees and forests provide extensive environmental, cultural, and economic benefits. Your Committee further finds that active community collaboration and involvement play an important role in the effective management of the State's forests. Establishing a co-stewardship between the State and local communities for the management of community forests will greatly improve and benefit the State's communities and forests and aligns with the State's mission to responsibly manage and protect Hawaii's natural and cultural resources.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 40 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 1 (Woodson).

SCRep. 1703 Economic Development & Technology on H.R. No. 201

The purpose of this measure is to request the State of Hawaii to consider import substitution as a key strategy for economic growth and diversification.

Your Committee received testimony in support of this measure from the Hawai'i Technology Development Authority. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism; and Department of Agriculture.

Your Committee finds that Hawaii's dependence on imported goods creates economic vulnerability and reliance on external markets. Your Committee further finds that import substitution strategies, as utilized by Japan, Korea, Taiwan, and other countries, serve as clear examples for how to decrease reliance

on external markets while improving domestic industries and production. This measure ensures that the State considers import substitution in its efforts to diversify the economy and spur economic growth.

Your Committee has amended this measure by:

- (1) Adding a definition for import substitution;
- (2) Urging the Hawaii Technology Development Corporation and other agencies to take steps to avoid and prevent new import dependencies, such as dependencies on fossil fuels like liquid natural gas, and leverage monopsony powers to substitute existing imports;
- (3) Adding the Chair of the Public Utilities Commission and Chief Energy Officer of the Hawai'i State Energy Office to the list of recipients of certified copies of this measure;
- (4) Changing its title to make technical amendments; and
- (5) Making other technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 201, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 201, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Holt, Todd).

SCRep. 1704 Economic Development & Technology on H.C.R. No. 209

The purpose of this measure is to request the State of Hawaii to consider import substitution as a key strategy for economic growth and diversification.

Your Committee received testimony in support of this measure from the Hawai'i Technology Development Authority. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism; and Department of Agriculture.

Your Committee finds that Hawaii's dependence on imported goods creates economic vulnerability and reliance on external markets. Your Committee further finds that import substitution strategies, as utilized by Japan, Korea, Taiwan, and other countries, serve as clear examples for how to decrease reliance on external markets while improving domestic industries and production. This measure ensures that the State considers import substitution in its efforts to diversify the economy and spur economic growth.

Your Committee has amended this measure by:

- (1) Adding a definition for import substitution;
- (2) Urging the Hawaii Technology Development Corporation and other agencies to take steps to avoid and prevent new import dependencies, such as dependencies on fossil fuels like liquid natural gas, and leverage monopsony powers to substitute existing imports;
- (3) Adding the Chair of the Public Utilities Commission and Chief Energy Officer of the Hawai'i State Energy Office to the list of recipients of certified copies of this measure;
- (4) Changing its title to make technical amendments; and
- (5) Making other technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 209, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 209, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Holt, Todd).

SCRep. 1705 Transportation on H.R. No. 48

The purpose of this measure is to urge the City and County of Honolulu to work with stakeholders to construct a sidewalk for pedestrian safety while traveling between Iroquois Point and Ewa Beach.

Your Committee received testimony in support of this measure from three individuals.

Your Committee finds that pedestrian safety between Iroquois Point and Ewa Beach is a critical concern due to inadequate infrastructure, including poor lighting, overgrown vegetation, and the absence of sidewalks. These conditions pose significant risks to pedestrians, particularly in an area where many community stakeholders desire to improve the safety and walkability of the neighborhood. This measure will enhance pedestrian safety and prevent potential accidents in these areas.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 48 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Cochran, Pierick).

SCRep. 1706 Transportation on H.C.R. No. 52

The purpose of this measure is to urge the City and County of Honolulu to work with stakeholders to construct a sidewalk for pedestrian safety while traveling between Iroquois Point and Ewa Beach.

Your Committee received testimony in support of this measure from three individuals.

Your Committee finds that pedestrian safety between Iroquois Point and Ewa Beach is a critical concern due to inadequate infrastructure, including poor lighting, overgrown vegetation, and the absence of sidewalks. These conditions pose significant risks to pedestrians, particularly in an area where many community stakeholders desire to improve the safety and walkability of the neighborhood. This measure will enhance pedestrian safety and prevent potential accidents in these areas.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 52 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 2 (Cochran, Pierick).

SCRep. 1707 Transportation on H.R. No. 53

The purpose of this measure is to urge the Department of Transportation services of the City and County of Honolulu to conduct a traffic mitigation and calming study to evaluate the effectiveness of certain traffic mitigation and calming devices in and around Paiwa Street in Waipahu, Oahu.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that Paiwa Street in Waipahu experiences high traffic volume and excessive speeding, creating safety risks for pedestrians, cyclists, and motorists. Traffic mitigation measures such as speed bumps, raised crosswalks, and improved signaling have proven effective in reducing accidents and improving road safety in other areas throughout the State. This measure will ensure the safety of residents by studying the effectiveness of implementing traffic mitigation and calming devices around Paiwa Street.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 53 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 2 (Cochran, Pierick).

SCRep. 1708 Transportation on H.C.R. No. 57

The purpose of this measure is to urge the Department of Transportation services of the City and County of Honolulu to conduct a traffic mitigation and calming study to evaluate the effectiveness of certain traffic mitigation and calming devices in and around Paiwa Street in Waipahu, Oahu.

Your Committee received testimony in support of this measure from three individuals.

Your Committee finds that Paiwa Street in Waipahu experiences high traffic volume and excessive speeding, creating safety risks for pedestrians, cyclists, and motorists. Traffic mitigation measures such as speed bumps, raised crosswalks, and improved signaling have proven effective in reducing accidents and improving road safety in other areas throughout the State. This measure will ensure the safety of residents by studying the effectiveness of implementing traffic mitigation and calming devices around Paiwa Street.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 57 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 2 (Cochran, Pierick).

SCRep. 1709 Transportation on H.R. No. 173

The purpose of this measure is to encourage the City and County of Honolulu to initiate a Summer Streets Pilot Program.

Your Committee received testimony in support of this measure from the Hawai'i Bicycling League and two individuals.

Your Committee finds that streets and public spaces can serve multiple purposes beyond vehicle transportation, creating opportunities for recreation, active mobility, and community engagement. Summer streets programs have been successfully implemented worldwide, promoting public participation, supporting local businesses, and advancing environmental sustainability by encouraging alternatives to car-centric transportation. This measure aims to enhance public spaces and promote community well-being through the establishment of a Summer Streets Pilot Program in the City and County of Honolulu.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 173 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 1 (Cochran).

SCRep. 1710 Transportation on H.C.R. No. 177

The purpose of this measure is to encourage the City and County of Honolulu to initiate a Summer Streets Pilot Program.

Your Committee received testimony in support of this measure from the Hawai'i Bicycling League and two individuals.

Your Committee finds that streets and public spaces can serve multiple purposes beyond vehicle transportation, creating opportunities for recreation, active mobility, and community engagement. Summer streets programs have been successfully implemented worldwide, promoting public participation, supporting local businesses, and advancing environmental sustainability by encouraging alternatives to car-centric transportation. This measure aims to enhance public spaces and promote community well-being through the establishment of a Summer Streets Pilot Program in the City and County of Honolulu.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 177 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 1 (Cochran).

SCRep. 1711 Transportation on H.R. No. 108

The purpose of this measure is to strongly urge the Honolulu City Council to adopt a "pedestrian first" policy via ordinance.

Your Committee received testimony in support of this measure from the Oahu Metropolitan Planning Organization; Hawai'i Bicycling League; and two individuals. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that walking is the most fundamental mode of transportation, and streets should be designed to prioritize pedestrian safety and accessibility. Data from the City and County of Honolulu shows that a small percentage of streets account for a disproportionate number of pedestrian fatalities and injuries, highlighting the urgent need for targeted improvements. This measure aims to ensure safer and more walkable communities through the adoption of a pedestrian first policy in the City and County of Honolulu.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 108 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 2 (Cochran, Pierick).

SCRep. 1712 Transportation on H.C.R. No. 112

The purpose of this measure is to strongly urge the Honolulu City Council to adopt a "pedestrian first" policy via ordinance.

Your Committee received testimony in support of this measure from the Oahu Metropolitan Planning Organization; Hawai'i Bicycling League; and two individuals. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that walking is the most fundamental mode of transportation, and streets should be designed to prioritize pedestrian safety and accessibility. Data from the City and County of Honolulu shows that a small percentage of streets account for a disproportionate number of pedestrian fatalities and injuries, highlighting the urgent need for targeted improvements. This measure aims to ensure safer and more walkable communities through the adoption of a pedestrian first policy in the City and County of Honolulu.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 112 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 2 (Cochran, Pierick).

SCRep. 1713 Transportation on H.R. No. 130

The purpose of this measure is to urge the City and County of Honolulu to implement regulations requiring pedestrians to wear reflective gear between the hours of dusk and dawn.

Your Committee received testimony in opposition to this measure from Get Fit Kauai; Hawai'i Bicycling League; and two individuals. Your Committee received comments on this measure from the Department of Health; Department of Transportation Services of the City and County of Honolulu; and Life of the Land.

Your Committee finds that the City and County of Honolulu has experienced a rise in motor vehicle collisions involving pedestrians, with a notable increase in incidents occurring during low-visibility hours between dusk and dawn. Research has shown that wearing reflective gear significantly enhances pedestrian visibility, giving drivers more time to react and prevent accidents. However, your Committee does not want to put the onus on pedestrians alone to ensure that drivers are paying attention.

Accordingly, your Committee has amended this measure by:

- (1) Urging the City and County of Honolulu to encourage, rather than require, pedestrians to wear reflective gear;
- (2) Amending its title in accordance with its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 130, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 130, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7; Ayes with Reservations (La Chica). Noes, 1 (Evslin). Excused, 1 (Cochran).

SCRep. 1714 Transportation on H.C.R. No. 136

The purpose of this measure is to urge the City and County of Honolulu to implement regulations requiring pedestrians to wear reflective gear between the hours of dusk and dawn.

Your Committee received testimony in opposition to this measure from Get Fit Kauai; Hawai'i Bicycling League; and two individuals. Your Committee received comments on this measure from the Department of Health; Department of Transportation Services of the City and County of Honolulu; and Life of the Land.

Your Committee finds that the City and County of Honolulu has experienced a rise in motor vehicle collisions involving pedestrians, with a notable increase in incidents occurring during low-visibility hours between dusk and dawn. Research has shown that wearing reflective gear significantly enhances pedestrian visibility, giving drivers more time to react and prevent accidents. However, your Committee does not want to put the onus on pedestrians alone to ensure that drivers are paying attention.

Accordingly, your Committee has amended this measure by:

- (1) Urging the City and County of Honolulu to encourage, rather than require, pedestrians to wear reflective gear;
- (2) Amending its title in accordance with its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 136, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 136, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7; Ayes with Reservations (La Chica). Noes, 1 (Evslin). Excused, 1 (Cochran).

SCRep. 1715 Consumer Protection & Commerce on S.B. No. 1291

The purpose of this measure is to establish an alternative pathway to licensure for certified public accountant license applicants by permitting applicants to demonstrate completion of:

- (1) No less than an additional thirty semester hours of study; or
- (2) An additional twelve months of professional experience in the practice of public accountancy only.

Your Committee received testimony in support of this measure from the Board of Public Accountancy; Hong Consulting, LLC; Hawaii Society of Certified Public Accountants; Chantal Mentzer Inc.; Hawaii Association of Public Accountants; and numerous individuals.

Your Committee finds that there is an increasing need for well-qualified certified public accountants in the State and nationwide as business and commerce continue to grow more complicated. However, there is a declining percentage of students in accounting courses that pursue certified public accountant licenses. This is in part due to the extensive educational requirements beyond a bachelor's degree for licensure, which require further time and money and can serve as a barrier for many potential candidates for licensure. This measure opens an alternative pathway for a certified public accountant license by authorizing the completion of qualifying professional experience in the practice of accountancy in lieu of post-baccalaureate coursework.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1291, S.D. 1, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Ichiyama).

SCRep. 1716 Water & Land on H.R. No. 124

The purpose of this measure is to reaffirm the State's obligation to uphold the constitutional rights of its people by recognizing the critical role of freshwater in maintaining healthy nearshore marine ecosystems.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Hawaii Reef and Ocean Coalition; Kūpeke Ahupua'a; Ka Pa'akai Consulting; Mālama Pūpūkea-Waimea; Environmental Caucus of the Democratic Party of Hawai'i; Kua'āina Ulu 'Auamo; and four individuals.

Your Committee finds that the State's nearshore ecosystems provide significant economic, environmental, and recreational benefits. Your Committee further finds that freshwater from streams and groundwater that discharges into the ocean play a vital role in the health of the State's nearshore marine ecosystems and are critical to the health and abundance of native limu, which provides key ecological functions and serves as the base on which fisheries and traditional and customary Native Hawaiian practices rely. This measure affirms the State's obligations to the people of Hawaii by recognizing the importance of freshwater to marine ecosystems to the State's nearshore marine ecosystems and encourages state and county departments and agencies to prioritize the protection and restoration of freshwater flows to nearshore marine ecosystems.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 124, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 124, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, none.

SCRep. 1717 Water & Land on H.C.R. No. 128

The purpose of this measure is to reaffirm the State's obligation to uphold the constitutional rights of its people by recognizing the critical role of freshwater in maintaining healthy nearshore marine ecosystems.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Hawaii Reef and Ocean Coalition; Kūpeke Ahupua'a; Ka Pa'akai Consulting; Mālama Pūpūkea-Waimea; Environmental Caucus of the Democratic Party of Hawai'i; Kua'āina Ulu 'Auamo; and four individuals.

Your Committee finds that the State's nearshore ecosystems provide significant economic, environmental, and recreational benefits. Your Committee further finds that freshwater from streams and groundwater that discharges into the ocean play a vital role in the health of the State's nearshore marine ecosystems and are critical to the health and abundance of native limu, which provides key ecological functions and serves as the base on which fisheries and traditional and customary Native Hawaiian practices rely. This measure affirms the State's obligations to the people of Hawaii by recognizing the importance of freshwater to marine ecosystems to the State's nearshore marine ecosystems and encourages state and county departments and agencies to prioritize the protection and restoration of freshwater flows to nearshore marine ecosystems.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 128, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 128, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, none.

SCRep. 1718 Water & Land on H.C.R. No. 197

The purpose of this measure is to request the Department of Land and Natural Resources to convene a working group to clarify the purpose of the Commission on Water Resource Management and determine whether the leadership and composition of the Commission should be amended.

Your Committee received testimony in support of this measure from the Hawaii Reef and Ocean Coalition. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that the Commission on Water Resource Management (Commission) plays a crucial role in overseeing and managing the State's water resources. Your Committee further finds that in 1994, the Review Commission on the State Water Code submitted recommendations that proposed changes to the Commission's legal and organizational framework and proposed a follow-up review to take place ten years after the adoption of its recommendations; however, the recommended follow-up review was not conducted. Given the urgent need to protect and properly steward the State's water resources, your Committee believes that a review of the Commission's purpose and its leadership structure and board composition is warranted to ensure effective and efficient water resource management.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 197 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, none.

SCRep. 1719 Energy & Environmental Protection on H.R. No. 181

The purpose of this measure is to request the Governor, state agencies, and other relevant stakeholders to accelerate Hawaii's clean energy transition and take immediate, decisive action to reduce and eliminate dependence on imported fossil fuels to improve energy security and protect consumers from rising energy costs.

Your Committee received testimony in support of this measure from the Hawai'i State Energy Office; Climate Protectors Hawai'i; Coalition Earth; and six individuals. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism; and Public Utilities Commission.

Your Committee finds that Hawaii has the highest electricity rates in the country, largely due to its reliance on imported fossil fuels. Your Committee further finds that the State's dependence on fossil fuels makes it susceptible to fuel price volatility, supply chain disruptions, and geopolitical instability. This measure encourages the State to expedite the adoption of clean energy and eliminate reliance on imported fossil fuels.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 181 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Quinlan, Ward).

SCRep. 1720 Judiciary & Hawaiian Affairs on S.B. No. 176

The purpose of this measure is to allow certain ballots to be included in the initial tabulation and increase the qualifying criteria for an automatic election recount to equal to or less than one hundred votes or one-half of one percent, rather than one-quarter of one percent of the total number of votes cast.

Your Committee received testimony in support of this measure from three individuals. Your Committee received testimony in opposition to this measure from Hawaii Patriot Republicans; Aloha Freedom Coalition; and numerous individuals. Your Committee received comments on this measure from the Office of Elections.

Your Committee finds that this measure clarifies which ballots are included in the initial tabulation for automatic election recounts, ensuring a more transparent and comprehensive recount process.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 176, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 176, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Shimizu). Noes, none. Excused, 4 (Cochran, Hashem, Kahaloa, Garcia).

SCRep. 1721 Judiciary & Hawaiian Affairs on S.B. No. 284

The purpose of this measure is to:

- (1) Require the Department of the Attorney General to provide a written memorandum recommending approval or disapproval of an order authorizing or approving the interception of a wire, oral, or electronic communication to the prosecuting attorney within twenty-four hours of the prosecuting attorney's request to the Department; and
- (2) Establish a process for emergency applications for emergency orders authorizing or approving the interception of wire, oral, or electronic communications.

Your Committee received testimony in support of this measure from the Department of the Attorney General and Department of the Prosecuting Attorney for the City and County of Honolulu.

Your Committee finds that this measure would expedite the application process for intercepting communications in emergencies, ensuring timely responses to prevent death or injury while maintaining legal oversight.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 284, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 284, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Cochran, Garcia).

SCRep. 1722 Judiciary & Hawaiian Affairs on S.B. No. 405

The purpose of this measure is to:

- (1) Allow neighborhood boards to discuss and receive information from third-party reports by any government official not included in a publicly noticed agenda; and
- (2) Require boards to make decisions on matters raised by third-party reports from any government official at a later meeting where the agenda gives notice of decision-making on the matter.

Your Committee received testimony in support of this measure from the Waikiki Neighborhood Board and one individual. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the Office of Information Practices.

Your Committee finds that this measure would give neighborhood boards greater flexibility to accept and discuss third-party reports from government officials without violating Sunshine Law requirements for prior public notice.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 405, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 405, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 3 (Cochran, Todd, Garcia).

SCRep. 1723 Judiciary & Hawaiian Affairs on S.B. No. 544

The purpose of this measure is to allow courts to depart from mandatory minimum and sentencing enhancements when sentencing minor defendants if the court believes the reduction is warranted given certain factors.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Office of the Public Defender; Human Rights for Kids; Rights4Girls; ACLU of Hawai'i; Opportunity for Youth Action Hawai'i Kawai'oa; and one individual.

Your Committee finds that children differ from adults in cognitive development, decision-making, and susceptibility to external influences, which must be considered when sentencing minors convicted of adult crimes. Research shows that many minors in the criminal justice system have experienced significant trauma, abuse, or adverse childhood experiences, impacting their behavior and rehabilitation potential. This measure would allow the courts to account for the unique psychological and developmental differences between children and adults when sentencing minors for adult crimes and to depart from mandatory minimums and sentencing enhancements if the reduction is warranted based on specific factors, recognizing the impact of childhood trauma and circumstances on juvenile offenders.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 544, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 544, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Cochran, Garcia).

SCRep. 1724 Judiciary & Hawaiian Affairs on S.B. No. 691

The purpose of this measure is to establish a minimum age of twelve before a child may be adjudicated for any alleged or attempted violation of law.

Your Committee received testimony in support of this measure from the Office of the Public Defender; Human Rights for Kids; National Youth Justice Network; and one individual. Your Committee received testimony in opposition to this measure from Department of the Prosecuting Attorney of the City and County of Honolulu. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds the United States remains the only country without a fully established minimum age for juvenile delinquency adjudication, placing young children at risk of involvement in the criminal justice system despite their limited cognitive development and understanding of legal proceedings. Research indicates that children under the age of twelve lack the intellectual maturity to form criminal intent, but still require appropriate services and interventions when engaging in harmful behavior. This measure would ensure that such young children are not subjected to legal proceedings.

Your Committee has amended this measure by:

- (1) Limiting the scope of the petition alleging violation of attempted violation of any federal, state, or local law or county ordinance so that the Family Court retains the ability to exercise jurisdiction over children with issues of school nonattendance or behavioral concerns; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 691, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 691, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Cochran, Garcia).

SCRep. 1725 Judiciary & Hawaiian Affairs on S.B. No. 869

The purpose of this measure is to:

- (1) Define "community outreach board" to mean a board established to serve in a community advisory capacity under a county commission or a county department;
- (2) Include community outreach boards in existing provisions of the Sunshine Law that relate to neighborhood boards; and
- (3) Authorize neighborhood board and community outreach board members to attend meetings or presentations related to official board business statewide.

Your Committee received testimony in support of this measure from the Kona Community Development Plan Action Committee; Ka'ū Community Development Plan Action Committee; South Kohala Community Development Plan Action Committee; and six individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Office of Information Practices.

Your Committee finds that boards created for community outreach, like the Hawaii County Community Development Plan Action Committees, act as intermediaries between residents and government leaders to address local concerns, share information, and collaborate on solutions. However, these boards are not specific to one neighborhood, making it unclear whether they qualify as "neighborhood boards" under the special provisions of Hawaii's Sunshine Law. Your Committee believes that ensuring open access to these community outreach boards is crucial for fostering thriving communities across the State.

Your Committee has amended this measure by:

- (1) Amending its purpose section;
- (2) Changing its effective date to upon approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 869, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 869, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 3 (Cochran, Todd, Garcia).

SCRep. 1726 Judiciary & Hawaiian Affairs on S.B. No. 1030

The purpose of this measure is to specify that the practice of election fraud intimidation includes carrying any unconcealed firearm or dangerous instrument at or within two hundred feet of a voter service center, place of deposit, or polling place.

Your Committee received testimony in support of this measure from Pride at Work - Hawai'i; League of Women Voters of Hawaii; Hawaii State AFL-CIO; and nine individuals. Your Committee received testimony in opposition to this measure from Hawaii Patriot Republicans and numerous individuals.

Your Committee finds that this measure safeguards the electoral process for all voters by enhancing protections against election fraud and voter intimidation, particularly by prohibiting the unconcealed carry of dangerous instruments near voting sites.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1030, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1030, S.D. 2, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Shimizu). Noes, 1 (Garcia). Excused, 1 (Cochran).

SCRep. 1727 Judiciary & Hawaiian Affairs on S.B. No. 1337

The purpose of this measure is to clarify requirements to establish quorum to do business and validate acts of the Stadium Authority.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; and Stadium Authority.

Your Committee finds that existing law regarding quorum requirements for the Stadium Authority is unclear and difficult to obtain due to vacancies and non-voting memberships. This measure clarifies quorum requirements so that the Authority may conduct official business in a timely and efficient manner.

Your Committee has amended this measure by:

- (1) Changing its effective date to upon approval; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1337, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1337, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, 1 (Garcia). Excused, 1 (Cochran).

SCRep. 1728 Judiciary & Hawaiian Affairs on S.B. No. 1467

The purpose of this measure is to clarify that a notice of appeal relating to an appeal of a county tax is not required to be served on the Director of Taxation.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that the ambiguity of existing law regarding tax appeals for small claims causes the Director of Taxation to be regularly served with notices of appeal for county taxes, even when the Director is not a party to the appeal. This measure would clarify the service requirements for county tax appeals, eliminating unnecessary involvement of the Department of Taxation and reducing costs for taxpayers and administrative processing.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1467, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1467, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Cochran, Garcia).

SCRep. 1729 Judiciary & Hawaiian Affairs on S.B. No. 292

The purpose of this measure is to establish safe harbor protections for survivors of sexual exploitation who seek medical or law enforcement assistance.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Department of the Prosecuting Attorney for the City and County of Honolulu; Tagnawa; Imua Alliance; Ohana Unity Party; and two individuals.

Your Committee finds that sex trafficking remains a serious issue in the State. However, criminalizing survivors only deepens their suffering, creating barriers to seeking help and perpetuating stigma. This measure establishes safe harbor protections to ensure that survivors can access medical care, law enforcement assistance, and support services without the threat of prosecution.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 292, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 292, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Cochran, Hashem).

SCRep. 1730 Judiciary & Hawaiian Affairs on S.B. No. 295

The purpose of this measure is to:

- (1) Increase the penalties imposed on individuals convicted for violations of temporary restraining orders and orders for protection;
- (2) Clarify that the court shall not sentence a defendant to pay a fine for violating a domestic abuse protective order if the court makes an on-the-record determination that the defendant is or will be unable to pay the fine;
- (3) Specify that a conviction for violation of a temporary restraining order issued under the same judicial case number as an order for protection shall be treated as a second or subsequent violation of an order for protection; and
- (4) Authorize the court to suspend certain jail sentences for violations of domestic abuse protective orders if the defendant meets certain conditions.

Your Committee received testimony in support of this measure from the Hawaii State Commission on the Status of Women; Office of the Prosecuting Attorney of the County of Hawai'i; Department of the Prosecuting Attorney for the City and County of Honolulu; Hawai'i State Coalition Against Domestic Violence; Domestic Violence Action Center; Hawai'i Children's Action Network Speaks!; Theresa's Pu'uwai Legacy; and numerous individuals. Your Committee received testimony in opposition to this measure from the Office of the Public Defender and one individual.

Your Committee finds that protective orders play a crucial role in shielding individuals from domestic abuse, yet repeated violations undermine their effectiveness and put victims in danger. To ensure these orders serve their intended purpose, stronger enforcement measures are necessary. This measure enhances accountability by imposing stricter penalties for violations, clarifying how repeat offenses are treated, and allowing courts to assess a defendant's financial capacity when imposing fines.

Your Committee has amended this measure by:

- (1) Clarifying that any conviction for violation of a temporary restraining order issued under the same judicial case number as an order for protection shall be treated as a prior violation of an order for protection; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 295, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 295, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Garcia). Noes, none. Excused, 2 (Cochran, Hashem).

SCRep. 1731 Judiciary & Hawaiian Affairs on S.B. No. 423

The purpose of this measure is to:

- (1) Add the Director of the Hawaii Head Start State Collaboration Office as an ex officio, nonvoting member of the Early Learning Board;
- (2) Require the Early Learning Board to invite the President of the Head Start Association of Hawaii, or the President's designee, to serve as an ex officio, nonvoting member of the Board; and
- (3) Require the Early Learning Board to invite a representative of local providers of early childhood education and development services to serve as an ex officio, nonvoting member if no voting member fulfills that role.

Your Committee received testimony in support of this measure from the Early Learning Board; Executive Office on Early Learning; and Hawai'i Children's Action Network Speaks!.

Your Committee finds that the federal Head Start Act mandates each state to establish a State Advisory Council on Early Childhood Education and Care, which in Hawaii is the Early Learning Board. To comply with federal requirements, the Early Learning Board must include representation from Head Start programs operating in Hawaii. This measure updates state law by adding the Head Start State Collaboration Office Director as an ex officio, nonvoting member of the Early Learning Board and inviting the President of the Head Start Association of Hawaii, or the President's designee, to serve on the Board in a nonvoting capacity.

Your Committee has amended this measure by:

- (1) Deleting language that would have required the Early Learning Board to invite a representative of local providers of early childhood education and development services to serve as an ex officio, nonvoting member if no voting member fulfills that role;
- (2) Requiring one voting member of the Early Learning Board to have experience as a local provider of early childhood education and development services; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 423, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 423, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1732 Judiciary & Hawaiian Affairs on S.B. No. 951

The purpose of this measure is to require:

- (1) Mandatory reports of child abuse or neglect to include the military status of the child's parent or guardian, if known; and
- (2) The Department of Human Services to inform the appropriate authority of the United States military when, upon receiving a report of child abuse or neglect, there is sufficient information to determine that the report involves a military family.

Your Committee received testimony in support of this measure from the United States Department of Defense, Ohana Unity Party, and two individuals. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that while the United States Department of Defense mandates its personnel to report suspected child abuse or neglect to military and local authorities, no equivalent requirement exists for the Department of Human Services' Child Welfare Services Branch to notify military officials when service members' families are involved. This measure seeks to close that communication gap by strengthening coordination between state agencies and military support systems, ensuring affected children receive timely assistance and protection.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 951, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 951, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Cochran, Hashem).

SCRep. 1733 Judiciary & Hawaiian Affairs on S.B. No. 1296

The purpose of this measure is to exempt reconstruction of any lawfully constructed structure that was damaged or destroyed in a disaster proclaimed by the Governor to constitute a state of emergency or a disaster declared pursuant to federal law from the requirements of a special management area minor permit or a special management area use permit under certain conditions.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Office of Planning and Sustainable Development; Office of the Mayor of the County of Maui; Maui Hotel & Lodging Association; ABC Stores; Ola Maui; Kohalā Brewery; Hawai'i Community Foundation; Lahaina Town Action Committee; Front Street Recovery Organization; Pacific Rim Land Inc.; Miyaki Family Partnership; Lāhainā Strong; Maui Chamber of Commerce; and numerous individuals. Your Committee received comments on this measure from Grassroot Institute of Hawaii and numerous individuals.

Your Committee finds that facilitating disaster recovery while upholding coastal resource protections is critical for Hawaii's long-term resilience and economic stability. The devastation caused by the 2023 Maui wildfires underscores the need for deliberate and efficient rebuilding efforts that balance community needs with environmental stewardship. By exempting the reconstruction of lawfully constructed structures destroyed in declared disasters from certain permitting requirements, this measure accelerates recovery while ensuring that redevelopment aligns with sustainable planning principles.

Your Committee has amended this measure by:

- (1) Deleting language that limited the exemption from the requirements for special management area permits for the rebuilding of structures damaged or destroyed in a disaster proclaimed to constitute a state of emergency by the Governor or declared a disaster pursuant to federal law to structures that were not situated on a shoreline parcel or a parcel impacted by waves, storm surges, high tide, or shoreline erosion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1296, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1296, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Poepoe, Belatti, Perruso, Shimizu). Noes, none. Excused, 2 (Cochran, Hashem).

SCRep. 1734 Judiciary & Hawaiian Affairs on S.B. No. 1388

The purpose of this measure is to add the Superintendent of Education and the Chairperson of the Board of Education, or their designees, to the School Facilities Authority Board, as ex officio, nonvoting members.

Your Committee received testimony in support of this measure from the Board of Education and Department of Education. Your Committee received comments on this measure from the School Facilities Authority.

Your Committee finds that while the School Facilities Authority is responsible for overseeing the development and construction of public school facilities throughout Hawaii, the Department of Education plays a crucial role in ensuring that these projects align with the needs of students, educators, and school operations. Additionally, the Board of Education provides policy oversight for the Department. This measure enhances coordination by adding two nonvoting members, one from the Department of Education and one from the Board of Education, to the School Facilities Authority Board, fostering stronger collaboration, accountability, and alignment between school facilities planning and the State's broader educational priorities.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1388, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1388, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Shimizu). Noes, 1 (Garcia). Excused, 1 (Cochran).

SCRep. 1735 Judiciary & Hawaiian Affairs on S.B. No. 1413

The purpose of this measure is to provide the Hawaii Public Housing Authority with greater ability to dispose of abandoned or seized property in and around federal public housing projects.

Your Committee received testimony in support of this measure from the Hawaii Public Housing Authority.

Your Committee finds that the efficient management of abandoned or seized property within federal public housing projects is essential for maintaining safe and habitable living environments. The accumulation of abandoned items can create safety hazards, reduce available space, and impose administrative burdens on housing authorities. By establishing clear procedures for notification, public auction, and disposal of such property, this measure ensures an orderly and transparent process while allowing for the recovery of costs associated with storage and disposal.

Your Committee has amended this measure by:

- (1) Clarifying the Hawaii Public Housing Authority's powers to sell, donate, or otherwise dispose of property abandoned or seized in or around any federal public housing project; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1413, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1413, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Cochran, Hashem).

SCRep. 1736 Judiciary & Hawaiian Affairs on S.B. No. 1051

The purpose of this measure is to designate the month of September as Hawaiian History Month.

Your Committee received testimony in support of this measure from the Queen Emma Hawaiian Civic Club; Hawai'i Pono'i Foundation; Papa Ola Lōkahi; Association of Hawaiian Civic Clubs; Ohana Unity Party; and three individuals. Your Committee received testimony in opposition to this measure from the Center for Hawaiian Sovereignty Studies.

Your Committee finds that the month of September holds deep cultural significance as a time to honor Queen Lili'uokalani's legacy through various community gatherings, including those organized by Kawaiaha'o Church, the Lili'uokalani Trust, and Kamehameha Schools. Establishing September as Hawaiian History Month would create a dedicated time for cultural recognition, educational initiatives, and community engagement centered on the State's unique heritage, ensuring greater awareness of Hawaii's history and the legacy of its last reigning monarch.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1051, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Cochran, Hashem).

SCRep. 1737 Public Safety on H.R. No. 90

The purpose of this measure is to honor service members who have been injured or killed in military service to the United States and received a Purple Heart, with a special state day designation.

Your Committee received testimony in support of this measure from two individuals.

As affirmed by the record of votes of the members of your Committee on Public Safety that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 90 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 1 (Woodson).

SCRep. 1738 Public Safety on H.C.R. No. 94

The purpose of this measure is to honor service members who have been injured or killed in military service to the United States and received a Purple Heart, with a special state day designation.

Your Committee received testimony in support of this measure from two individuals.

As affirmed by the record of votes of the members of your Committee on Public Safety that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 94 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 1 (Woodson).

SCRep. 1739 Public Safety on H.R. No. 197

The purpose of this measure is to catalyze follow-through on a desperately needed replacement of the Kulanihakoī Bridge, which was first constructed in 1911. The replacement process has been held up since 2018 when initial work on it was started.

Your Committee received testimony in support of this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Public Safety that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 197 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 1 (Woodson).

SCRep. 1740 Public Safety on H.C.R. No. 205

The purpose of this measure is to catalyze follow-through on a desperately needed replacement of the Kulanihakoī Bridge, which was first constructed in 1911. The replacement process has been held up since 2018 when initial work on it was started.

Your Committee received testimony in support of this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Public Safety that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 205 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 1 (Woodson).

SCRep. 1741 Consumer Protection & Commerce on S.B. No. 1369

The purpose of this measure is to change the filing dates of quarterly net solvency reports for mutual benefit societies, health maintenance organizations, and dental insurers so that the fourth quarter filing deadline falls on March 1 of the next year.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that, under existing law, fourth quarter net solvency reports for mutual benefit societies, health maintenance organizations, and dental insurers are due on February 14. However, the annual blank filings for these entities are due on March 1. By aligning the due dates for the fourth quarter net solvency reports with the due date for the annual blank filings, this measure reduces the compliance burden for these entities and allows them to complete their filings in a more efficient manner, and also helps streamline regulation for the Insurance Division of the Department of Commerce and Consumer Affairs.

Your Committee has amended this measure by:

- (1) Changing the effective date to October 1, 2025; and

(2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1369, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1369, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, none.

SCRep. 1742 Consumer Protection & Commerce on S.B. No. 752

The purpose of this measure is to increase, beginning January 1, 2026, the notice period for an insurer to notify a policyholder of a cancellation or nonrenewal of an insurance policy.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from the Hawaii Insurers Council. Your Committee received comments on this measure from the State Farm Mutual Automobile Insurance Company; American Property Casualty Insurance Association; and Liberty Mutual Insurance.

Your Committee finds that, under existing law, insurers are allowed to cancel a policy upon a ten-day notice. However, due to the precarious environment of property insurance in the State, this period of notice is inadequate to provide policyholders with sufficient time to obtain replacement insurance coverage. Extending the notice period for the cancellation of insurance policies will therefore promote transparency and enable consumers to make informed decision regarding property insurance.

Your Committee has amended this measure by:

- (1) Limiting the provisions of this measure to policies of insurance on property used for residential purposes, including multi-family residential purposes;
- (2) Changing the period of written notice for cancellations to twenty days, rather than thirty days;
- (3) Specifying that in the cancellation of a policy due to nonpayment of premium or material representation, the property insurer must give notice no fewer than ten days before the effective date of the cancellation;
- (4) Changing the period of written notice for the nonrenewal of a policy to thirty days, rather than sixty days;
- (5) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 752, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 752, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, 1 (Pierick). Excused, none.

SCRep. 1743 Consumer Protection & Commerce on S.B. No. 140

The purpose of this measure is to prohibit the importation of firewood into the State from another state and the intrastate transportation or sale of firewood not harvested within the State unless the firewood is heat-treated or the importation, transportation, or sale is authorized by the Department of Agriculture.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Coordinating Group on Alien Pest Species; Ohana Unity Party; and two individuals. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that Hawaii's unique geographic isolation results in one of the most biologically diverse regions on the planet. Hawaii's endemic plant and animal species are already under threat from invasive pests and diseases, which pose serious risks to the delicate balance of the State's ecosystems. Your Committee further finds that the movement of untreated firewood remains an unregulated, high-risk pathway for invasive forest pests. This measure addresses a gap in the State's attempts to bolster its biosecurity efforts by requiring firewood to be heat treated.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 140, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, none.

SCRep. 1744 Consumer Protection & Commerce on S.B. No. 1402

The purpose of this measure is to exempt government-owned or government-sponsored vessels, training vessels, and fishing vessels from the requirement that the securing of mooring lines be performed by labor subject to collective bargaining.

Your Committee received testimony in support of this measure from the General Contractors Association of Hawaii and Hawaii Longline Association. Your Committee received testimony in opposition to this measure from Capt Andy's Sailing Adventures.

Your Committee finds that Act 236, Session Laws of Hawaii 2024 (Act 236), requires the securing of mooring lines from vessels to commercial docks, wharves, piers, quays, and landings to be performed by labor subject to collective bargaining. The intent of Act 236 was to promote harbor safety by ensuring skilled workers handle harbor operations. However, your Committee further finds that it was not the intent of Act 236 to subject smaller vessels to its requirements. This measure exempts therefore various vessels from the requirements of Act 236.

Your Committee has amended this measure by:

- (1) Exempting tour boats from the requirement that the securing of mooring lines be performed by labor subject to collective bargaining; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1402, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1402, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Ichiyama).

SCRep. 1745 Consumer Protection & Commerce on S.B. No. 1449

The purpose of this measure is to:

- (1) Require any utilization review entity in the State to submit data relating to prior authorization of health care services to the State Health Planning and Development Agency; and
- (2) Establish the Health Care Appropriateness and Necessity Working Group within the State Health Planning and Development Agency to make recommendations to improve and expedite the prior authorization process.

Your Committee received testimony in support of this measure from the State Health Planning and Development Agency; Hawaii Radiological Society; Hawaii Medical Association; and five individuals. Your Committee received comments on this measure from the Hawaii Association of Health Plans; Hawaii Medical Service Association; and one individual.

Your Committee finds that prior authorization is a health plan cost control process that requires physicians, other health care professionals, and hospitals to obtain advance approval from a health plan before a specific service is provided to a patient to qualify for payment or coverage. Your Committee further finds that prior authorization imposes unnecessary delays in treatment. Health care providers struggle to overcome prior authorization barriers that impede the evaluation, diagnosis, and treatment of their patients and divert valuable time and resources from direct patient care. This leads to lower rates of patient adherence to treatment and harmful negative clinical outcomes.

Your Committee further finds that the disclosure and reporting of relevant payor utilization data for prior authorization is imperative to meaningfully analyze challenges and ensure patients are able to make informed health plan choices. This measure therefore provides transparency on the practice of prior utilization in the State and provides a mechanism to further improve the practice through data.

Your Committee has amended this measure by:

- (1) Including laboratory and diagnostic tests as part of the Health Care Appropriateness and Necessity Working Group's assessment of whether requiring prior authorization is appropriate;
- (2) Specifying that the first report due from the Working Group is before the Regular Session of 2026; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1449, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1449, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Ichiyama).

SCRep. 1746 Consumer Protection & Commerce on S.B. No. 1438

The purpose of this measure is to prohibit home health care agencies from providing services outside the scope of their facility license.

Your Committee received testimony in support of this measure from the Department of Health. Your Committee received testimony in opposition to this measure from the Libertarian Party of Hawaii and one individual.

Your Committee finds that home care agencies are entities that provide personal care services, homemaker services, and respite care to clients in their homes. These agencies provide essential services to individuals who require assistance with daily living activities, allowing individuals to remain in their homes while receiving necessary care. However, your Committee further finds that some home care agencies are providing nursing services, which require specialized training, that are rendered by individuals who are not licensed under state law to engage in the practice of nursing. To bolster the State's ability to protect patient safety, this measure clarifies the scope of the home care agency license and authorizes the Department of Health to take enforcement action against home care agencies that are providing services outside of the scope of their license.

Your Committee has amended this measure by:

- (1) Changing the effective date to upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1438, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1438, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, 1 (Pierick). Excused, 1 (Ichiyama).

SCRep. 1747 Consumer Protection & Commerce on S.B. No. 385

The purpose of this measure is to require condominium associations to provide copies of their governing documents to owners or their authorized agents, upon request, in print or electronic form at no cost.

Your Committee received testimony in support of this measure from the Palehua Townhouse Association; Hawai'i Association of REALTORS; Mortgage Bankers Association of Hawaii; and eight individuals. Your Committee received testimony in opposition to this measure from Hawaii First Realty and one individual. Your Committee received comments on this measure from the Honolulu Tower AOA and seven individuals.

Your Committee finds that the existing condominium law is based upon the principles of self-governance, owner enforcement, alternative dispute resolution, and limited government intervention. Your Committee further finds that the capacity of condominium owners to effectively govern themselves and enforce the covenants, conditions, and restrictions of their condominiums is dependent upon the owners' access to the governing documents. Existing law already authorizes access to governing documents at a reasonable fee. This measure further opens access to those essential documents by making access free.

Your Committee has amended this measure by:

- (1) Requiring electronic copies of the condominium association's governing documents, rather than both paper and electronic copies, to be provided at no cost upon request of the unit owner or the unit owner's authorized agent;
- (2) Clarifying that the access to governing documents includes when the documents are restated, as well as amended;
- (3) Inserting a definition of "governing documents" to mean the declaration; bylaws; covenants, conditions, and restrictions; and house rules;

- (4) Limiting the existing authority to charge a reasonable fee for copies of association documents to be only for duplication, postage, and stationery;
- (5) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 385, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 385, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, none.

SCRep. 1748 Judiciary & Hawaiian Affairs on S.B. No. 109

The purpose of this measure is to require that the Hawaiian version of a law be held binding if the law in question was either:

- (1) Originally drafted in Hawaiian and then translated into English and the law has not been later amended, codified, recodified, or reenacted in English; or
- (2) Originally drafted in English and subsequently amended, codified, recodified, or reenacted in Hawaiian.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and three individuals. Your Committee received testimony in opposition to this measure from the Center for Hawaiian Sovereignty Studies. Your Committee received comments on this measure from the Judiciary; Department of the Attorney General; and two individuals.

Your Committee finds that in 2007, the United Nations adopted the United Nations Declaration on the Rights of Indigenous Peoples and this measure would contribute to the growing international movement for the protection of the rights of the world's indigenous peoples.

Your Committee has amended this measure by:

- (1) Reverting to the S.D. 1 version of this measure, which required that the Hawaiian version of a law be held binding if the law in question was originally drafted in Hawaiian and meets certain criteria;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 109, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 109, S.D. 2, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1749 Judiciary & Hawaiian Affairs on S.B. No. 116

The purpose of this measure is to provide for civil remedies for any person who is injured by discriminatory reporting to a law enforcement officer.

Your Committee received testimony in support of this measure from the Department of Law Enforcement; Hawai'i State Lesbian, Gay, Bisexual, Transgender, Queer Plus Commission; Hawai'i Civil Rights Commission; Hawaii State Commission on the Status of Women; Democratic Party of Hawai'i; Pride at Work Hawai'i; Stonewall Caucus of the Democratic Party of Hawai'i; Lambda Law Hawai'i; and numerous individuals. Your Committee received testimony in opposition to this measure from Hawaii Patriot Republicans and numerous individuals.

The Committee finds that while public safety benefits from citizen reports of criminal activity, misuse of law enforcement to target individuals based on protected characteristics is a growing concern. This measure provides a civil remedy for those harmed by discriminatory reporting, ensuring accountability and deterrence.

Your Committee has amended this measure by:

- (1) Including gender expression among the classes protected from discriminatory reporting;
- (2) Codifying the requirement that the Department of Law Enforcement, in consultation with the Hawaii Civil Rights Commission, provide guidance to the public on the discriminatory reporting enacted by this measure;
- (3) Adding "place of birth" as a protected class to the purpose and intent provision of the Hawaii Civil Rights Commission laws; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 116, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 116, S.D. 2, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, 2 (Garcia, Shimizu). Excused, 1 (Cochran).

SCRep. 1750 Judiciary & Hawaiian Affairs on S.B. No. 401

The purpose of this measure is to include any firearm with the capacity to fire ammunition of fifty caliber or higher, excluding certain firearms, in the list of prohibited weapons.

Your Committee received testimony in support of this measure from the Department of Law Enforcement; Giffords; Everytown for Gun Safety; Moms Demand Action for Gun Sense in America, Hawai'i Chapter; Students Demand Action for Gun Sense in America, Hawai'i Chapter; Brady Campaign to Prevent Gun Violence; and numerous individuals. Your Committee received testimony in opposition to this measure from the Mid Pacific Pistol League; Aloha Freedom Coalition; Hawaii Patriot Republicans; Safari Club International, Hawaii Chapter; and numerous individuals. Your Committee received comments on this measure from the Honolulu Police Department and one individual.

Your Committee finds that this measure will strengthen Hawaii's firearms laws and enhance public safety in the State.

Your Committee has amended this measure by:

- (1) Beginning July 8, 2025, prohibiting:
 - (A) Persons from bringing or causing to be brought into the State assault rifles, assault shotguns, or .50 caliber firearms; and
 - (B) The sale or transfer of assault rifles, assault shotguns, or .50 caliber firearms in the State to anyone other than authorized individuals;
- (2) Amending the prohibition on certain weapons to add assault rifles and assault shotguns, in addition firearms with the capacity to fire ammunition of fifty caliber or higher;
- (3) Expanding the ban on high-capacity detachable magazines to include those magazines designed for or capable of use with any firearm;
- (4) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 401, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 401, S.D. 2, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, 1 (Shimizu). Excused, 2 (Cochran, Garcia).

SCRep. 1751 Judiciary & Hawaiian Affairs on S.B. No. 601

The purpose of this measure is to:

- (1) Require law enforcement to post notice that a warranted or warrantless search has been conducted on a property;
- (2) Require a law enforcement officer to secure any entrance used by an officer in the search;
- (3) Allow the breaking of any doors, gates, other bars to the entrance, closets, and other closed places during a search when reasonable and other means of entering the space are not reasonable; and
- (4) Require law enforcement agencies to develop a policy for securing the entrances to a house, store, or other building designated as a place to be searched after a search is completed.

Your Committee received testimony in support of this measure from the Office of the Public Defender; Honolulu Police Department; and one individual. Your Committee received testimony in opposition to this measure from the Hawaii Police Department; Aloha Freedom Coalition; Hawaii Patriot Republicans; Hawaiian Islands Republican Women; and numerous individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that this measure will ensure residents are properly informed when a search has been conducted by the police on their private residence.

Your Committee has amended this measure by:

- (1) Codifying the requirement that law enforcement agencies develop a policy for securing the entrances to a house, store, or other building designated as a place to be searched after a search is completed;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 601, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 601, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Cochran, Garcia).

SCRep. 1752 Judiciary & Hawaiian Affairs on S.B. No. 694

The purpose of this measure is to prohibit minors from being held in jails, lockups, or prisons for adults.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Office of the Public Defender; Human Rights for Kids; ACLU of Hawai'i; Opportunity for Youth Action Hawai'i; and one individual.

Your Committee finds that minors held in adult correctional facilities often lack appropriate rehabilitative services and face higher risks of harm, including abuse and suicide. This measure aims to promote the well-being and rehabilitation of minors by preventing minors from being held in adult jails or prisons.

Your Committee has amended this measure by:

- (1) Repealing the requirement that the official in charge of a facility for the detention of adult offenders or persons charged with crime shall inform the court immediately when a minor who is or appears to be under eighteen years of age is received at the facility;
- (2) Allowing minors to be temporarily held for processing or while in transit to court in an adult jail or lockup in a county that does not have a juvenile detention facility, under certain circumstances;
- (3) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 694, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 694, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, 1 (Garcia). Excused, 1 (Cochran).

SCRep. 1753 Judiciary & Hawaiian Affairs on S.B. No. 1231

The purpose of this measure is to adopt portions of the Uniform Parentage Act of 2017 to update existing law.

Your Committee received testimony in support of this measure from the Judiciary; Department of Health; Department of the Attorney General; Hawai'i State Lesbian, Gay, Bisexual, Transgender, Queer Plus Commission; Pride at Work - Hawai'i; Fertility Institute of Hawaii; Advanced Reproductive Medicine & Gynecology of Hawaii, Inc.; Commission to Promote Uniform Legislation; North Shore Ko'olau Diversity Collective; Uniform Law Commission; Stonewall Caucus of the Democratic Party of Hawai'i; Hawai'i Women Lawyers; Lambda Law Hawai'i, a Law Student Association at the William S. Richardson School of Law; U.S. Donor Conceived Council; and numerous individuals. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the Hawai'i State Commission on Fatherhood and three individuals.

Your Committee finds that the State's existing parentage laws do not fully reflect modern family structures, advances in reproductive technology, or evolving legal concepts of parenthood. Your Committee further finds that the Uniform Parentage Act of 2017 provides a comprehensive framework that ensures equal treatment for children of same-gender couples, recognizes functional parents as legal parents, and includes provisions for surrogacy and assisted reproductive technology. This measure adopts portions of the Uniform Parentage Act of 2017 to modernize the law, ensuring it aligns with contemporary family dynamics and provides clear legal protections for all parents and children in the State.

Your Committee has amended this measure by:

- (1) Clarifying the definition of "birthing hospital";
- (2) Allowing a presumed parent, rather than a functional parent, to sign an acknowledgment of parentage;
- (3) Clarifying which staff are not subject to liability for a negligent act or omission relative to the accuracy of the information provided regarding the voluntary acknowledgment of parentage or for filing the declaration with the appropriate state or local agencies;
- (4) Amending the confidentiality provisions related to certain parentage actions, proceedings, and records, including birth certificates;
- (5) Clarifying when a court must adjudicate parentage in the best interest of the child;
- (6) Clarifying when a court must deny the request for genetic testing;
- (7) Clarifying that the withdrawal of consent to assisted reproduction must be given to the fertility clinic facilitating the assisted reproduction;
- (8) Clarifying that the intended parent or parents may choose the child's name in situations where the child is born to a gestational surrogate or genetic surrogate; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1231, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1231, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Shimizu). Noes, 1 (Garcia). Excused, 2 (Cochran, Hashem).

SCRep. 1754 Judiciary & Hawaiian Affairs on S.B. No. 1095

The purpose of this measure is to increase the decal size restrictions for special number plates.

Your Committee received comments on this measure from the Department of Transportation.

Your Committee finds that although special number plates with full-plate designs have been used to raise revenue for certain causes, these special number plates create administrative burdens and challenges with the procurement process for the county agencies responsible for issuing new plates. Your Committee further finds that under existing law, private organizations can apply for and have license plate designs based on decals of a certain size that can be added to standard license plates. This alternative approach allows these organizations to raise revenue for their causes without increasing the administrative burden on the counties. Therefore, your Committee believes that enlarging the existing decal size restrictions will reduce the burden on organizations attempting to personalize special number plates for their causes.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1095, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1755 Judiciary & Hawaiian Affairs on S.B. No. 1447

The purpose of this measure is to require any cease and desist order issued by the Director of Health that is administratively appealed to remain in effect during the appeals process.

Your Committee received testimony in support of this measure from the Department of Health and one individual.

Your Committee finds that the Director of Health is authorized to issue orders to cease and desist to certain state-licensed facilities due to concerns over the health and safety of patients. This measure ensures that cease and desist orders remain in effect during the administrative appeals process, preventing facilities that have received such orders from continuing operations while the appeals process is underway.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1447 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Kahaloa).

SCRep. 1756 Judiciary & Hawaiian Affairs on S.B. No. 1520

The purpose of this measure is to:

- (1) Establish an exemption from mediation in paternity proceedings where there are allegations of domestic abuse; and
- (2) Clarify the exemption from mediation in divorce proceedings as it relates to domestic abuse.

Your Committee received testimony in support of this measure from the Hawai'i State Commission on the Status of Women; Hawai'i Children's Action Network Speaks!; Hawai'i State Coalition Against Domestic Violence; and three individuals.

Your Committee finds that in contested paternity and divorce proceedings where allegations of domestic abuse are present, the requirement for mediation can place victims in emotionally harmful and unsafe situations. Your Committee further finds that the current mediation process may force parties who have experienced domestic abuse to engage with their abuser in a setting that is not conducive to their safety or well-being. This measure seeks to address these concerns by exempting parties alleging domestic abuse from mandatory mediation, ensuring that any mediation is conducted under conditions that prioritize the safety of the victim.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1520, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Kahaloa).

SCRep. 1757 Judiciary & Hawaiian Affairs on S.B. No. 1582

The purpose of this measure is to recognize the coconut palm as a culturally significant plant and sustainable staple food source in the State.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Niu Now/Uluniu; Hawai'i Food+Policy; Ohana Unity Party; Hawai'i Farmers Union; Hawai'i Farm Bureau; and two individuals.

Your Committee finds that coconut palms are a significant and underutilized natural resource in Hawaii. Your Committee further finds that the coconut palm is an enduring symbol of Native Hawaiian culture. Therefore, this measure formally recognizes the coconut palm as a culturally significant plant and staple food source in the State.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1582, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1758 Judiciary & Hawaiian Affairs on S.B. No. 15

The purpose of this measure is to:

- (1) Amend the definition of "historic property" to require that the property is over fifty years old and meets the criteria for inclusion in the Hawai'i Register of Historic Places; and
- (2) Exclude proposed projects on existing residential property and proposed projects that are in nominally sensitive areas from the State's Historic Preservation Program review, under certain circumstances.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Grassroot Institute of Hawaii; NAIOP Hawaii; and Maui Chamber of Commerce. Your Committee received testimony in opposition to this measure from the O'ahu Historic Preservation Commission of the City and County of Honolulu; Ko'olau Foundation; Historic Hawai'i Foundation; and one individual.

Your Committee finds that under existing law, the definition of "historic property" determines how the State Historic Preservation Division evaluates historic and cultural resources and the impacts projects submitted to the Division have on historic and cultural resources. However, your Committee further finds that the existing definition merely bases this determination on age, and fails to take into consideration if a historic or cultural resource is of enough integrity and significance to be identified as "historic". This measure narrows the definition of "historic property" and allows historic preservation reviews to be completed in a more streamlined manner.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 15, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 15, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1759 Judiciary & Hawaiian Affairs on S.B. No. 849

The purpose of this measure is to:

- (1) Prohibit and impose penalties on the intentional taking, harming, or killing of 'io; and
- (2) Increase the penalties and fees for taking and killing indigenous species of aquatic life, wildlife, and land plants that are native to the State.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and one individual.

Your Committee finds that Hawaii is home to a rich diversity of indigenous species of aquatic life, wildlife, and land plants that are important in maintaining ecological balance and preserving the cultural heritage of the region. Your Committee further finds that the 'io, or Hawaiian hawk, serves as a symbol of strength and resilience in Hawaiian culture and plays a vital role in Hawaii's unique ecosystem as a native raptor. However, the 'io and other native wildlife face ongoing threats from habitat loss, illegal hunting, and environmental degradation. This measure seeks to strengthen penalties for the taking killing of Hawaii's indigenous species, including 'io, to deter harmful activity against aquatic life, wildlife, and land plants that are native to Hawaii.

Your Committee has amended this measure by:

- (1) Changing the effective date to upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 849, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 849, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Cochran, Todd).

SCRep. 1760 Judiciary & Hawaiian Affairs on S.B. No. 1170

The purpose of this measure is to:

- (1) Authorize the director of a county planning department to issue a special management area use permit to redevelop permanent affordable multi-family rental housing that has been destroyed as a result of certain natural disasters and require county planning departments or agencies to prioritize approving permits for these redevelopments, under certain circumstances;
- (2) Permanently exempt affordable multi-family rental housing projects within the special management area that are being redeveloped and are located on properties or districts on the state or national historic register from environmental impact statement requirements; and
- (3) Permit county planning departments or other applicable state or county department or agency to amend or modify final plans and specifications for redevelopment of existing experimental and demonstration housing projects, with certain restrictions.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation; Lāhainā Strong; Maui Chamber of Commerce; KCOM Corp.; Pacific Commercial Realty Corp.; and one individual. Your Committee received comments on this measure from the Office of Planning and Sustainable Development.

Your Committee finds that the State's affordable housing shortage is particularly acute and continued development of affordable housing projects is critical, especially following a disaster such as the 2023 Maui wildfires. There is an urgent need to quickly rebuild affordable housing after a disaster, including multi-family rental housing, to ensure displaced residents are able to return to their communities and rebuild their lives. Your Committee notes that presently, special management area use permits in Maui County can require over a year for processing. Your Committee further finds that the longer the development process takes, the higher the associated costs, which in turn drive up housing prices. This measure streamlines the redevelopment process for permanent affordable multi-family rental housing, which in turn will lower development expenses, make housing more affordable, and ensure more affordable rental housing is available sooner.

Your Committee has amended this measure by:

- (1) Placing language requiring county planning departments to prioritize the approval of permits to redevelop permanent affordable multi-family rental housing after issuing a special management area use permit in chapter 201H, Hawaii Revised Statutes, relating to the Hawaii Housing Finance and Development Corporation, rather than in chapter 205A, Hawaii Revised Statutes, relating to coastal zone management;
- (2) Placing language exempting affordable multi-family rental housing projects within a special management area that are being redeveloped and are located on properties or districts on the Hawaii or National Historic Register from environmental impact statement requirements in chapter 343, Hawaii Revised Statutes, relating to environmental impact statements, rather than in chapter 205A, Hawaii Revised Statutes, relating to coastal zone management;
- (3) Placing language establishing certain procedures and exemptions for the redevelopment of affordable multi-family rental housing that was originally developed as an experimental and demonstration housing project in chapter 46, Hawaii Revised Statutes, relating to county organization and administration, rather than chapter 205A, Hawaii Revised Statutes, relating to coastal zone management; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1170, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1170, S.D. 2, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1761 Judiciary & Hawaiian Affairs on S.B. No. 330

The purpose of this measure is to authorize the Department of Agriculture to enforce federal quarantines.

Your Committee received testimony in support of this measure from the Coordinating Group on Alien Pest Species; Hawai'i Farmers Union; Hawai'i Farm Bureau; and three individuals. Your Committee received comments on this measure from the Department of Agriculture and Department of the Attorney General.

Your Committee finds that the State's growing citrus industry is vulnerable to invasive pests and diseases, which pose a serious threat to agricultural productivity and biosecurity. Your Committee further finds that the State lacks a mechanism to enforce federal quarantines on shipments from invested areas, leaving Hawaii exposed to the introduction of harmful pests and diseases such as citrus greening. This measure addresses that gap by strengthening the State's ability to protect its agricultural resources.

Your Committee has amended this measure by:

- (1) Deleting unnecessary language authorizing the Department of Agriculture to establish a quarantine and also adopt rules against pests not covered by federal regulations or orders;
- (2) Clarifying the documentation required for regulated articles to avoid a conflict with federal regulations;
- (3) Inserting a separate definition for "federal quarantine"; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 330, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 330, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1762 Judiciary & Hawaiian Affairs on S.B. No. 1393

The purpose of this measure is to:

- (1) Require the School Facilities Authority to consult with the Department of Education or other impacted department or agency before any transfer or lease of land or property owned or occupied by the impacted department or agency to the School Facilities Authority; and
- (2) Repeal the requirement that the Department of Education transfer title to lands it holds upon request of the School Facilities Authority.

Your Committee received testimony in support of this measure from the Department of Education. Your Committee received comments on this measure from the School Facilities Authority.

Your Committee finds that the existing process for transferring or leasing state lands to the School Facilities Authority lacks sufficient collaboration with the Department of Education, potentially leading to misalignment with the Department's operational goals and long-term planning. Without a formal consultation requirement, decisions regarding land management may disrupt the Department of Education's mission to provide effective student learning environments. This measure ensures such decisions align with the educational and operational goals of the Department of Education.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1393, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1393, S.D. 1, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1763 Judiciary & Hawaiian Affairs on S.B. No. 1373

The purpose of this measure is to:

- (1) Require the Director of Commerce and Consumer Affairs and certain licensing boards to automatically revoke and refuse to renew, restore, or reinstate a license, registration, or certification if the person either committed an offense that would be punishable as an offense described under the sex offender registration laws or is required to register as a sex offender;
- (2) Provide a licensee, registrant, or certification holder with an opportunity for a hearing on the adverse action;
- (3) Specify that final orders of discipline are matters of public record; and
- (4) Prohibit the Director of Commerce and Consumer Affairs or licensing board, as appropriate, from restoring, renewing, or reinstating a license, registration, or certification in a case where the person has been required to register as a sex offender and the victim of the covered offense was a patient or client or a former patient or client.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs; Board of Dentistry; Board of Massage Therapy; Board of Psychology; Board of Nursing; Board of Naturopathic Medicine; Board of Physical Therapy; Hawaii Medical Board; Board of Optometry; Board of Barbering and Cosmetology; Board of Chiropractic; Board of Speech Pathology and Audiology; Hawai'i State Commission on the Status of Women; Honolulu Police Department; RAINN; Ohana Unity Party; Kingdom of the Hawaiian Islands; and one individual. Your Committee received comments on this measure from the Board of Acupuncture.

Your Committee finds that Hawaii's laws do not facilitate the timely revocation of a license and denial of a renewal, restoration, or reinstatement of a license for certain professions when the licensee becomes or is found to be a registered sex offender. This measure authorizes the Department of Commerce and Consumer Affairs and its professional and vocational licensing boards, commissions, and programs to act more swiftly to safeguard clients and customers when a licensee is convicted of a crime that requires the licensee to register as a sex offender.

Your Committee has amended this measure by:

- (1) Specifying that the provisions of this measure also apply to permits issued by the Director of Commerce and Consumer Affairs or licensing board, as applicable, in the case of certain professions or vocations;
- (2) Specifying that the provisions of this measure apply to an application for the initial issuance of a license, registration, certification, or permit;
- (3) Clarifying one of the bases on which the Director or licensing board shall take action is when the person was convicted of an offense that would have been punishable as a sexual offense, rather than any offense, under the sex offender registration laws; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1373, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1373, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Kahaloa).

SCRep. 1764 Judiciary & Hawaiian Affairs on S.B. No. 102

The purpose of this measure is to prohibit third-party restaurant reservation services from listing, advertising, promoting, or selling restaurant reservations without the express consent of the restaurant, enforceable through a private cause of action for civil remedies.

Your Committee received testimony in support of this measure from the Hawai'i Restaurant Association; Booking Holdings, Inc.; and one individual. Your Committee received comments on this measure from American Express Company.

Your Committee finds that unauthorized third-party restaurant reservation services mislead consumers and create unnecessary burdens for restaurants. This measure addresses these issues by prohibiting third parties from listing or selling reservations without the restaurant's prior written consent and establishing a legal remedy for affected businesses.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 102, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 102, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Cochran, Hashem).

SCRep. 1765 Judiciary & Hawaiian Affairs on S.B. No. 1263

The purpose of this measure is to:

- (1) Authorize lead agencies, including county governments, to make determinations on the potential effects of a project;
- (2) Create a ninety-day limit, or thirty-calendar-day limit if no historic properties are affected, for the Department of Land and Natural Resources to concur or not concur with project effect determinations;
- (3) Exempt projects with written concurrence from further review unless there is a change to the project or additional historic properties, aviation artifacts, or burial sites are identified within the project area; and
- (4) Create a process for expediting the review of majority-residential mixed-use transit-oriented development or residential transit-oriented development on certain parcels and rights-of-way within county-designated transit-oriented development zones that have a low risk of affecting historically significant resources.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Hawaii Housing Finance and Development Corporation; Hawai'i Community Development Authority; Hawai'i Association of REALTORS; Oahu Metropolitan Planning Organization; Holomua Collaborative; Grassroot Institute of Hawaii; NAIOP Hawaii; and Hawai'i YIMBY. Your Committee received comments on this measure from the Office of Hawaiian Affairs.

Your Committee finds that the State's ongoing housing crisis is resulting in an outmigration of local residents to the mainland. Accordingly, the State must implement policies and programs that allow for housing to be built in a manner and on a scale that is affordable and attainable for local working families, particularly in transit-oriented development districts.

Your Committee further finds that the State Historic Preservation Division's lengthy review process has been a bottleneck in the development process for affordable housing, which delays construction and ultimately results in increased costs. This measure streamlines the review of majority-residential mixed-use transit-oriented development or residential transit-oriented development in certain areas, while also including safeguards that allow the State Historic Preservation Division to continue its crucial role in preserving and protecting the State's important historical and cultural property.

Your Committee has amended this measure by:

- (1) Clarifying that if the Department of Land and Natural Resources requires additional information or clarification regarding the physical, rather than project, scope of work, then the Department is required to notify the applicant and specify the information needed; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1263, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1263, S.D. 2, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1766 Judiciary & Hawaiian Affairs on S.B. No. 79

The purpose of this measure is to:

- (1) Require the Department of Land and Natural Resources to determine the effect of any proposed housing project that may affect a historical property, an aviation artifact, or a burial site within ninety days of a request for determination;
- (2) Establish historic review requirements based on the project area's known historic, cultural, and archaeological resources; and
- (3) Establish procedures and notification requirements if previously unidentified human remains or previously unidentified historic or cultural resources are discovered during archaeological monitoring or housing project construction.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Hawaii Housing Finance and Development Corporation; and NAIOP Hawaii. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Office of Hawaiian Affairs.

Your Committee finds that the historic preservation review process needs to be streamlined to help address Hawaii's housing crisis and support the State's efforts to provide affordable housing. This measure sets reasonable timelines and risk-based review criteria for historic preservation reviews, while also incorporating safeguards that will support the identification, documentation, and avoidance of iwi kupuna, as well as historic and cultural resources, during planning and construction of affordable housing projects. Your Committee further finds that the clear guidelines established by this measure will provide much-needed certainty for developers and agencies working to deliver housing for local families.

Your Committee has amended this measure by:

- (1) Establishing factors on which the Department of Land and Natural Resources shall base its determination for a proposed housing project;
- (2) Clarifying that any mitigation to reduce adverse effects on a significant historic property prior to commencement of a housing project shall be implemented pursuant to terms approved by the Department of Land and Natural Resources or the relevant island burial council pursuant to statutory provisions relating to prehistoric and historic burial sites;
- (3) Clarifying that the notification requirements to include documentation for; assessment of effects on; and proposed actions to avoid, minimize, or mitigate any adverse effects on archaeological resources; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 79, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 79, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Perruso, Shimizu). Noes, none. Excused, 1 (Cochran).

SCRep. 1767 Judiciary & Hawaiian Affairs on S.B. No. 31

The purpose of this measure is to authorize a person who discovers a recorded discriminatory restrictive covenant on real property to take certain actions, without liability, to invalidate the covenant.

Your Committee received testimony in support of this measure from the Hawai'i Civil Rights Commission. Your Committee received comments on this measure from the Uniform Law Commission.

Your Committee finds that discriminatory restrictive covenants, though unenforceable, remain in real estate records, reflecting historical injustices that conflict with Hawaii's commitment to equality. This measure provides a process for property owners to formally acknowledge and invalidate these covenants through recorded statements or notices, ensuring clarity in property records.

Your Committee has amended this measure by:

- (1) Amending the statement or notice, which calls attention to the discriminatory restrictive covenant, to include the other classes protected by this measure;
- (2) Including as a basis for determining whether a restrictive covenant is a discriminatory restrictive covenant that the restrictive covenant violates the Equal Protection Clause under article I, section 5, of the Hawaii State Constitution; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 31, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 31, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, 1 (Garcia). Excused, 2 (Cochran, Hashem).

SCRep. 1768 Judiciary & Hawaiian Affairs on S.B. No. 66

The purpose of this measure is to:

- (1) Require permits to be issued by the applicable permitting agency within sixty days for certain single-family and multi-family housing projects if certain conditions are satisfied;
- (2) Automatically deem approved a permit that is either not otherwise approved by the applicable permitting agency within sixty days or for which the applicant has agreed to all changes or recommendations to the plans and specifications made by the applicable permitting agency; and
- (3) Pause the sixty day permit review period under certain circumstances.

Your Committee received testimony in support of this measure from the Hawai'i Association of REALTORS; Hawaii Food Industry Association; RMA Sales; Grassroot Institute of Hawaii; NAIOP Hawaii; Hawai'i YIMBY; and Maui Chamber of Commerce. Your Committee received testimony in opposition to this measure from the Department of Planning and Permitting of the City and County of Honolulu; HI Good Neighbor; Lāhainā Strong; Hawaii's Thousand Friends; and one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources and Office of Hawaiian Affairs.

Your Committee finds that the State's lengthy permitting process results in delays that can significantly increase project costs, create uncertainty, and slow or disincentivize the construction of much needed housing. As time passes, interest rates rise, the costs of material and labor increase, and market factors change, which can render previously viable projects financially unfeasible. This measure therefore addresses delays in the permitting process that can help with the State's housing crisis.

Your Committee has amended this measure by:

- (1) Clarifying the situations in which a county shall not consider an application complete; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 66, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 66, S.D. 2, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, 3 (Belatti, Perruso, Shimizu). Excused, 1 (Cochran).

SCRep. 1769 Judiciary & Hawaiian Affairs on S.B. No. 97

The purpose of this measure is to:

- (1) Increase the penalty for a third or subsequent offense of excessive speeding to a class C felony and a sentence of an indeterminate term of imprisonment for five years;
- (2) Authorize the court, as part of the person's sentencing for the third or subsequent offense, to order that vehicle be subject to forfeiture;
- (3) Require a repeat offender convicted of a class C felony for excessive speeding be subject to identification processing;
- (4) Establish penalties for noncompliance with the maximum speed limit under an automated speed enforcement system and specify that any summons or citations resulting from noncompliance shall not be recorded on a person's traffic abstract and used for insurance purposes; and
- (5) Require a person convicted of certain traffic offenses or granted a deferred acceptance of a guilty or nolo contendere plea or conditional discharge of the offense who has not previously undergone identification processing be subject to identification processing.

Your Committee received testimony in support of this measure from the Department of Transportation; Honolulu Police Department; Hawai'i Police Department; Pearl City Neighborhood Board No. 21; and Oahu Metropolitan Planning Organization. Your Committee received testimony in opposition to this measure from the Office of the Public Defender and two individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that excessive speeding is a leading cause of severe traffic collisions, injuries, and fatalities in Hawaii. Speed-related crashes have accounted for a significant portion of roadway deaths in the State, with nearly half of all traffic fatalities over the past decade involving speeding. By enhancing penalties for repeat offenders, this measure aims to deter reckless driving behavior and improve safety on Hawaii's roads.

Your Committee has amended this measure by:

- (1) Changing the penalty from a class C felony to a misdemeanor and deleting language requiring the person to be sentenced to an indeterminate term of imprisonment of five years;
- (2) Amending the sentencing for a third or subsequent offense of excessive speeding;

- (3) Deleting language that would have required a repeat offender to be ordered by the court to report for identification processing;
- (4) Clarifying language relating to summons and citations issued under the Automated Speed Enforcement Systems Program;
- (5) Deleting language that would have required a person convicted of certain traffic offenses or granted a deferred acceptance of a guilty or nolo contendere plea or conditional discharge of the offense who has not previously undergone identification processing be subject to identification processing; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 97, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 97, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, 1 (Garcia). Excused, 1 (Cochran).

SCRep. 1770 Judiciary & Hawaiian Affairs on S.B. No. 344

The purpose of this measure is to require the use of a helmet by anyone under the age of eighteen while riding a skateboard.

Your Committee received testimony in support of this measure from the Department of Transportation; Department of the Prosecuting Attorney of the City and County of Honolulu; and one individual.

Your Committee finds that skateboard accidents on roadways and streets can result in serious injury to the skateboard user, including head trauma. Your Committee further finds that from 2009 to 2018, there were an estimated 100,201 emergency room visits nationwide related to trauma to the head and face while skateboarding. Your Committee also finds that according to the National Library of Medicine, wearing a helmet while skateboarding reduces the risk of head injuries by up to eighty-eight percent. This measure increases safety for the State's children and youth by requiring anyone under eighteen years old to wear a helmet.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 344, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 344, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, 1 (Garcia). Excused, 1 (Cochran).

SCRep. 1771 Judiciary & Hawaiian Affairs on S.B. No. 1216

The purpose of this measure is to:

- (1) Condition the issuance of a certificate of inspection upon a vehicle not being equipped with a noisy muffler or exhaust system;
- (2) Require rules regarding safety check inspections to ensure that a motorcycle, moped, or motor vehicle is not equipped with a noisy muffler or exhaust system;
- (3) Suspend, revoke, or refuse renewal of a permit for an official inspection station upon a third or subsequent willful violation of any rule within a certain period of time regarding inspecting a noisy muffler or exhaust system;
- (4) Increase all fines relating to motor vehicle muffler violations by \$50;
- (5) Exempt motorcycles and mopeds that do not exceed United States Environmental Protection Agency regulations under title 40, Code of Federal Regulations section 205.152; and
- (6) Include repairing or installing a noisy muffler or exhaust system as a prohibited practice for motor vehicle repair laws.

Your Committee received testimony in support of this measure from the Department of Transportation; Windward Coalition; Waikiki Neighborhood Board; and four individuals. Your Committee received testimony in opposition to this measure from three individuals.

Your Committee finds that excessive noise from mufflers and exhaust systems disturbs communities and negatively impacts the quality of life of many Hawaii residents. This measure helps deter the use of vehicles with noisy mufflers or exhaust systems by establishing certain inspection requirements to ensure vehicles are not equipped with these systems and increasing fines and penalties.

Your Committee has amended this measure by:

- (1) Clarifying that any violation not preceded within a three-year period for a violation shall be subject to a fine of no more than \$150;
- (2) Clarifying that a violation for a third or subsequent offense committed within three years, rather than within five years, of any other violation shall be subject to a fine of no more than \$950; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1216, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1216, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, 1 (Garcia). Excused, 1 (Cochran).

SCRep. 1772 Judiciary & Hawaiian Affairs on S.B. No. 1522

The purpose of this measure is to:

- (1) Clarify that proof that a transferor has filed required notice forms serves as a complete defense to any action brought against the transferor for an act or omission, civil or criminal, arising out of the use, operation, or abandonment of the vehicle by another person; and
- (2) Require the courts to create new forms permitting transferors to respond to actions arising out of the use, operation, or abandonment of transferred vehicles by December 31, 2025.

Your Committee received testimony in support of this measure from the City and County of Honolulu Department of Customer Services. Your Committee received comments on this measure from the Judiciary.

Your Committee finds that if a transferee of a vehicle fails to endorse and submit the vehicle's title to the appropriate county motor vehicle and licensing agency, the transferor may have persistent liability over the vehicle. This measure ensures that a transferor who has filed required notice forms will have a complete defense to any action arising from the use, operation, or abandonment of the vehicle by another person.

Your Committee has amended this measure by:

- (1) Specifying that the Judiciary, no later than July 1, 2026, shall determine whether it is necessary to either create a new court form, or modify the Judiciary's website to provide more information, relating to transferors responding to actions arising from the use, operation, or abandonment of transferred vehicles, and, if so, to create such forms or modify the website, rather than requiring the courts to create new forms;
- (2) Deleting the requirement that the Judiciary take additional measures to assist transferors as necessary to facilitate the appropriate dismissal of those actions; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1522, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1522, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1773 Judiciary & Hawaiian Affairs on S.B. No. 30

The purpose of this measure is to prohibit anyone under the age of:

- (1) Sixteen from operating a moped; and
- (2) Twenty-one from driving a moped without a helmet.

Your Committee received testimony in support of this measure from the Department of Transportation; Department of the Prosecuting Attorney of the City and County of Honolulu; Honolulu Police Department; Keiki Injury Prevention Coalition; and two individuals. Your Committee received testimony in opposition to this measure from Moped Doctors; Hawaiian Style Rentals and Sales; and four individuals.

Your Committee finds that in 2023, there were fifteen moped-related crashes in the State, of which eleven of those riders were not wearing helmets and amongst those eleven riders, seven sustained head and face injuries. Your Committee further finds that motorcycle helmets reduce head injury risk by sixty-nine percent and fatalities by thirty-seven percent. Your Committee believes that helmets are an effective preventative measure for protecting moped operators.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 30, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 30, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, 1 (Garcia). Excused, 1 (Cochran).

SCRep. 1774 Judiciary & Hawaiian Affairs on S.B. No. 597

The purpose of this measure is to extend the written review decision deadline for the issuance of a notice of administrative revocation of a license to operate a vehicle.

Your Committee received testimony in support of this measure from the Department of the Attorney General; Department of Law Enforcement; Department of Transportation; County of Hawai'i Office of the Prosecuting Attorney; Hawai'i Police Department; and Keiki Injury Prevention Coalition.

Your Committee finds that the Administrative Driver's License Revocation Office (ADLRO) is often unable consider toxicology results before issuing its initial written decision on whether or not to administratively revoke an individual's driver's license. Under existing statutory deadlines, the ADLRO must issue its written decision within eight days of the notice being issued in cases involving alcohol, or twenty-two days of the notice being issued in cases involving drugs. However, many forensic toxicology laboratories are unable to test for blood alcohol content or blood drug content within these deadlines, particularly if the incident occurs on the neighbor islands who must ship specimens to Honolulu for testing. This measure will allow the ADLRO the opportunity to fully consider all relevant evidence in a case by establishing a more reasonable timeframe for the ADLRO to receive and properly evaluate complete toxicology result.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 597, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 597, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Garcia). Noes, none. Excused, 1 (Cochran).

SCRep. 1775 Judiciary & Hawaiian Affairs on S.B. No. 1102

The purpose of this measure is to specify the appointment processes and terms for the Fire Chief of the Hawaii State Aircraft Rescue Fire Fighting Unit of the Airports Division of the Department of Transportation.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that the existing classification of the Fire Chief of the Hawaii State Aircraft Rescue Fire Fighting Unit as a civil service position limits the Department of Transportation's ability to ensure consistent leadership and accountability. Transitioning this role to an appointed position would require reclassification through the Department of Human Resources Development and agreement from the appropriate labor representative. This measure authorizes the Director of Transportation to appoint the Fire Chief, promoting strategic leadership, continuity in operations, and a clearly defined term to support long-term planning and enhanced oversight.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1102, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1102, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, 1 (Shimizu). Excused, 2 (Cochran, Garcia).

SCRep. 1776 Judiciary & Hawaiian Affairs on S.B. No. 1195

The purpose of this measure is to:

- (1) Prohibit street parking within twenty feet on each side of any crosswalk or intersection, regardless of the presence or absence of official signs or curb markings;
- (2) Require fines collected for street parking restrictions to be deposited into the Safe Routes to School Program Special Fund; and
- (3) Specify that signs or curb markings are not required to restrict parking within twenty feet of a crosswalk or intersection.

Your Committee received testimony in support of this measure from the Department of Transportation; Department of Health; Oahu Metropolitan Planning Organization; Hawai'i Appleseed Center for Law and Economic Justice; Ulupono; and one individual. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that a disproportionately high number of pedestrian injuries and deaths occur at crosswalks and intersections. Your Committee further finds that illegal parking near crosswalks and intersections creates dangerous conditions for pedestrians. This measure prohibits and establishes fines for parking within certain distances of crosswalks, ensuring safety for pedestrians.

Your Committee recognizes that traffic fines can exacerbate economic hardship. The intent of imposing a fine for a violation is not to contribute to financial burdens, but to serve as a penalty for a violation pursuant to this measure.

Accordingly, your Committee has amended this measure by:

- (1) Reducing the fine to \$50 for each violation; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1195, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1195, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Shimizu). Noes, none. Excused, 2 (Cochran, Garcia).

SCRep. 1777 Judiciary & Hawaiian Affairs on S.B. No. 1496

The purpose of this measure is to make it an unlawful discriminatory practice for a place of public accommodation to deny a person with a disability full and equal enjoyment of, or information related to, their goods, services, facilities, privileges, advantages, or accommodations using information and communication technology intended for use by the general public, subject to certain exceptions.

Your Committee received testimony in support of this measure from the State Health Planning and Development Agency; Disability and Communication Access Board; Hawai'i Civil Rights Commission; State Council on Developmental Disabilities; Hawaii Self-Advocacy Advisory Council; Hawaii Disability Rights Center; National Federation of the Blind of Hawaii; and ten individuals. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that advancements in technology have altered how businesses and service providers communicate with their customers and the public, including through the use of websites and applications on mobile devices. However, these advancements in technology may not accommodate persons with disabilities, denying them full and equal access. This measure addresses this challenge by ensuring that places of public accommodation provide equal access to digital information and service persons with disabilities.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1496, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1496, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Shimizu). Noes, none. Excused, 1 (Kahaloa).

SCRep. 1778 Consumer Protection & Commerce on S.B. No. 1411

The purpose of this measure is to amend third party liability provisions for Medicaid programs for payment as required under the federal Consolidated Appropriations Act, 2022.

Your Committee received testimony in support of this measure from the Department of Human Services and one individual.

Your Committee finds that section 202 of Division P of the Consolidated Appropriations Act, 2022, P.L. 117-103 (section 202), amends section 1902(a)(25)(I) of the Social Security Act to require states to have laws that bar responsible third-party payers (other than Medicare plans) from refusing payment for an item or service solely on the basis that such item or service did not receive prior authorization under the third-party payer's rules. Specifically, if the responsible third party requires prior authorization for an item or a service furnished to a Medicaid-eligible individual, the responsible third party must accept the authorization provided by the state that the item or service is covered under the state plan (or waiver of such plan) for the individual, as if such authorization was made by the third party for the item or service.

Your Committee further finds that measure amends state law to be in compliance with the requirements of section 202 and will allow the Department of Human Services to submit a federally required Medicaid State Plan Amendment attesting to such, which it cannot do without the amendments proposed in this measure.

Your Committee has amended this measure by:

- (1) Changing the effective date to upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1411, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1411, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 1 (Ichiyama).

SCRep. 1779 Judiciary & Hawaiian Affairs on S.B. No. 1442

The purpose of this measure is to clarify and update the responsibilities of the Child and Adolescent Mental Health Division of the Department of Health to reflect the State's current mental health systems of care that address mental health needs of children and adolescents in the State.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Hawaii State Council on Mental Health; Department of Health Child & Adolescent Mental Health Division; Hawaii Substance Abuse Coalition; and one individual.

Your Committee finds that modernizing the statutory language that governs the Child and Adolescent Mental Health Division will ensure that Hawaii's mental health care framework aligns with best practices and evolving community needs, thereby enhancing mental health care access and effectiveness for Hawaii's youth.

Your Committee has amended this measure by:

- (1) Making conforming amendments to section 321-174, Hawaii Revised Statutes, relating to coordination of services with the Department of Education;
- (2) Changing its effective date to upon approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1442, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1442, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Kahaloa).

SCRep. 1780 Judiciary & Hawaiian Affairs on S.B. No. 1323

The purpose of this measure is to update laws concerning advance health care directives and advance mental health care directives by adopting the Uniform Health-Care Decisions Act (2023) in modified form.

Your Committee received testimony in support of this measure from the Department of the Attorney General; Department of Health; and Commission to Promote Uniform Legislation. Your Committee received comments on this measure from the Hawaii Disability Rights Center.

Your Committee finds that existing law provides a legal framework for advance health-care directives. This measure updates and consolidates these laws by adopting a modified version of the Uniform Health-Care Decisions Act (2023).

Your Committee has amended this measure by:

- (1) Reinserting language that provided a procedure for addressing objections by the individual to a non-judicial finding that the individual lacks capacity;
- (2) Reinserting language that limited the authority of default surrogates; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1323, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1323, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Kahaloa).

SCRep. 1781 Judiciary & Hawaiian Affairs on S.B. No. 1421

The purpose of this measure is to repeal the requirement for the Department of Health to approve a health care provider's arrangement for the retention and preservation of patients' medical records prior to the health care ceasing operations and clarify the requirements for any such arrangements.

Your Committee received testimony in support of this measure from the Department of Health and Queen's Health Systems.

Your Committee finds that requiring the approval from the Department of Health for the disposition of patient medical records is no longer necessary, as modern electronic medical record systems have features that ensure security, redundancy, and protection for medical records. This measure removes the redundant approval requirement while ensuring that the State's medical record retention laws still comply with federal and state regulations.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1421, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1421, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Kahaloa).

SCRep. 1782 Judiciary & Hawaiian Affairs on S.B. No. 1433

The purpose of this measure is to improve the safety, effectiveness, and cost savings of the State's Sterile Needle and Syringe Exchange Program by amending the program based on recommendations from the Centers for Disease Control and Prevention and the White House Office of National Drug Control Policy's model legislation.

Your Committee received testimony in support of this measure from the Department of Health; Hep Free Hawaii; Hawai'i Health & Harm Reduction Center; Hawaii Substance Abuse Coalition; and numerous individuals. Your Committee received testimony in opposition to this measure from Hawaii Patriot Republicans. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that syringe exchange programs are a cost-effective means of preventing the spread of bloodborne infections like HIV and Hepatitis C, reducing drug use and drug overdoses, and protecting the public and first responders by providing safe syringe disposal. Your Committee further finds that, despite support from the Centers for Disease Control and Prevention recommending a needs-based approach to syringe distribution, Hawaii is one of only two states that continue to impose a strict one-to-one sterile needle and exchange limit, which can leave some syringe exchange program participants without enough syringes and needles to use new sterile equipment each time they inject. This measure seeks to improve public health by updating state law to align with recommendations from the Centers for Disease Control and Prevention to allow for needs-based syringe distribution for syringe exchange program participants.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1433, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1433, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, 2 (Garcia, Shimizu). Excused, 1 (Kahaloa).

SCRep. 1783 Judiciary & Hawaiian Affairs on S.B. No. 1452

The purpose of this measure is to update the State's Uniform Controlled Substance Act to make it consistent with amendments to the federal Controlled Substances Act.

Your Committee received testimony in support of this measure from the Department of Law Enforcement.

Your Committee finds that this measure is necessary to make permanent the temporary designation of new controlled substances by the Department of Law Enforcement. Your Committee further finds that the Department of Law Enforcement's temporary designation of the new controlled substances will be nullified if this Legislature does not make the designations permanent.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1452, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1452, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Kahaloa).

SCRep. 1784 Judiciary & Hawaiian Affairs on S.B. No. 228

The purpose of this measure is to:

- (1) Prohibit excited delirium from being recognized as a valid medical diagnosis or cause of death in the State;
- (2) Prohibit a medical examiner, coroner, or health care provider from:
 - (A) Documenting, testifying to, or otherwise using excited delirium as a recognized medical diagnosis or cause of death in any official capacity or communication; and
 - (B) Stating on a certificate of death or in any report that the cause of death was excited delirium;
- (3) Prohibit law enforcement officers from using the term "excited delirium" to describe an individual in an incident report; and
- (4) Establish a new Hawaii Rule of Evidence that deems evidence that a person experienced or suffered excited delirium to be inadmissible in a civil action.

Your Committee received testimony in support of this measure from the Department of Health; Office of the Public Defender; Hawaii Disability Rights Center; Drug Policy Forum of Hawai'i; Haddad & Sherwin LLP; Reimagining Public Safety in Hawai'i Coalition; Hui Malama Pono Hawai'i; National Police Accountability Project; ACLU of Hawai'i; Hawaii Health & Harm Reduction Center; and numerous individuals. Your Committee received comments on this measure from the Judiciary.

Your Committee finds that the term "excited delirium" is now disavowed by major medical organizations, including the American Medical Association, American Psychiatric Association, American Academy of Emergency Medicine, National Association of Medical Examiners, American College of Medical Toxicology, and American College of Emergency Physicians. Your Committee further finds that the concept of excited delirium has been used in various cases over the years to justify, excuse, or negate liability for police misconduct in cases involving the deaths of individuals in custody. This measure would strengthen accountability on the part of law enforcement.

Your Committee has amended this measure by:

- (1) Renaming the title of Chapter 327C, Hawaii Revised Statutes, to "Medical Diagnosis; Death";
- (2) Modifying the definition of "excited delirium" in Chapter 327C, Hawaii Revised Statutes; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 228, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 228, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Garcia). Noes, none. Excused, 1 (Kahaloa).

SCRep. 1785 Judiciary & Hawaiian Affairs on S.B. No. 1074

The purpose of this measure is to temporarily allow:

- (1) An activity or operation that is permitted or authorized under the ocean recreation and coastal area programs chapter of the Hawaii Revised Statutes, and renewed within twelve months preceding the initiation of proceedings to determine whether the activity or operation is subject to environmental review to continue operation for one year while the appropriate agency makes the determination and conducts any necessary environmental review; and
- (2) A person with oversight of the activity or operation to renew the appropriate permits while under the environmental review process.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Office of Planning and Sustainable Development; Teralani Sailing Adventures; Maui Brewing Co.; Holo Holo Charters; Activities and Attractions Association of Hawaii; The Ritz-Carlton Maui, Kapalua; Island Dream Productions; Maui Hotel and Lodging Association; Outrigger Hospitality Group; Sailing Maui Inc.; Sail Maui; Sea Sports Distributors, Inc.; Lahaina Divers Inc; Maui Classic Charters; Hula Girl Sailing Charters; Shangri-La Sailing Charters; Three's Bar & Grill; Explore Kauai Scuba; Stanford Yacht Tenders, Ltd.; RED Hospitality & Leisure Hawaii, LLC; Trilogy Excursions; Calypso Charters; Absolute Charters, Inc; The Westin Maui Resort & Spa Ka'anapali; 3two3 Promotions; Schooner Creek Boat Works; Ocean Tourism Coalition; Ka'anapali Beach Resort Association; Sailing Shipp; Sea Maui; Duke's Maui; Exclusive Limo Maui; Custom Metal Creations; Island Scuba Inc.; Fun Charters Inc.; Fair Wind Cruises; Captain Andy's Sailing Adventures; Ka'anapali Kai Charters; Kona Snorkel Trips; Outrigger Kā'anapali Beach Resort; Maui Chamber of Commerce; Maui Concierge Service; and numerous individuals.

Your Committee received testimony in opposition to this measure from the Office of Hawaiian Affairs; Hawaii Island Aha Moku; League of Women Voters of Hawaii; Friends of Hanauma Bay; Big Island Reef Keepers Hui; Kua'āina Ulu 'Auamo; Environmental Caucus of the Democratic Party of Hawai'i; Hawai'i Reef and Ocean Coalition; Climate Protectors Hawai'i; For the Fishes; Sierra Club of Hawai'i; Conservation Council for Hawai'i; Free Access Coalition; Napili Bay and Beach Foundation; Life of the Land; Sierra Club, Maui Group; Hawai'i Ocean Legislative Task Force; Kupuna for the Moopuna; Earthjustice; Nā Alaka'i o 'Ahahui o Hawai'i; Moana Ohana; Northwestern Hawaiian Islands Hui; Nā Kia'i Kai; Pō'ai Wai Ola; Kūmano I Ke Ala; Na Papai Waewae Ula Ula; Ko'olapoko Hawaiian Civic Club; Hawaii's Thousand Friends; Surfrider Foundation; and numerous individuals.

Your Committee received comments on this measure from Rodrigues Ohana.

Your Committee finds that the State's environmental review process is designed to assess new projects with potential environmental impacts. Your Committee further finds that recent court decisions have expanded the kinds of activities subject to environmental review, causing long-standing commercial operations to cease operation while the environmental review is pending. This measure ensures that certain activities or operations can continue for one year while undergoing environmental review.

Your Committee has amended this measure by:

- (1) Placing the new statutory language in the Session Laws of Hawaii, rather than codifying the language in Hawaii Revised Statutes;
- (2) Deleting the definition of "permitted or authorized"; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1074, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1074, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Garcia, Shimizu). Noes, 2 (Poepoe, Perruso). Excused, 1 (Cochran).

SCRep. 1786 Judiciary & Hawaiian Affairs on S.B. No. 946

The purpose of this measure is to:

- (1) Clarify that the prohibition against discharging wastewater or raw sewage into state waters after December 31, 2026, includes treatment plants; and
- (2) Repeal the exemption from the prohibition for treatment plants that utilize sewage to produce clean energy.

Your Committee received testimony in support of this measure from the Department of Health; Mayor of the County of Maui; one member of the Maui County Council; and two individuals.

Your Committee finds that in order to protect the waters of the State, it is vital to prohibit practices that discharge wastewater and raw sewage into state waters. This measure seeks to clarify that the existing prohibition on discharging any wastewater or raw sewage extends to treatment plants, which will ensure a greater level of environmental protection for state waters.

Your Committee has amended this measure by changing its effective date to upon approval.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 946, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 946, S.D. 2, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Garcia, Shimizu). Noes, none. Excused, 2 (Cochran, Todd).

SCRep. 1787 Agriculture & Food Systems on H.R. No. 100

The purpose of this measure is to urge the Department of Education to take immediate action to strengthen local farm-to-school initiatives and request the department to:

- (1) Streamline the procurement process to make it easier for small- and medium-scale farmers to sell to schools, including simplifying contracting requirements and increasing flexibility in sourcing policies;
- (2) Develop a statewide database of local farms that are eligible and interested in supplying food for school meals to facilitate farm-to-school connections;
- (3) Increase financial incentives for schools to purchase locally sourced food through grant programs, subsidies, or farm-to-school budget allocations;
- (4) Ensure culturally appropriate foods, such as kalo, 'uala, and ulu, are incorporated into school meal programs; and
- (5) Submit a report on its progress, including any proposed legislation, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2026.

Your Committee received testimony in support of this measure from Climate Protectors Hawaii, Kauai Climate Action Coalition, Hawai'i Farm Bureau, Climate Future Forum, Democratic Party of Hawai'i, Hawai'i Cattlemen's Council, and three individuals.

Your Committee finds that farm-to-school programs provide an opportunity to increase local food procurement and resilience, reduce Hawai'i's reliance on imported goods, and strengthen the State's agricultural economy. Additionally, prioritizing the procurement of locally grown Native Hawaiian crops aligns with Hawai'i's commitment to food sovereignty, climate resilience, and indigenous agricultural practices. Your Committee further finds that expanding local farm procurement in farm-to-school initiatives would support Hawai'i's small and medium-sized farms and provide stable, institutional markets for Hawai'i's farmers. This measure urges the Department of Education to take immediate action to strengthen local farm-to-school initiatives by streamlining the procurement process to make it easier for small and medium-scale farmers to sell to schools, developing a statewide database of interested and eligible farms, increasing financial incentives for schools to purchase locally sourced food, ensure culturally appropriate foods, and submitting a report on its progress and any proposed legislation prior to the Regular Session of 2026.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 100 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Quinlan).

SCRep. 1788 Agriculture & Food Systems on H.C.R. No. 104

The purpose of this measure is to urge the Department of Education to take immediate action to strengthen local farm-to-school initiatives and request the department to:

- (1) Streamline the procurement process to make it easier for small- and medium-scale farmers to sell to schools, including simplifying contracting requirements and increasing flexibility in sourcing policies;
- (2) Develop a statewide database of local farms that are eligible and interested in supplying food for school meals to facilitate farm-to-school connections;
- (3) Increase financial incentives for schools to purchase locally sourced food through grant programs, subsidies, or farm-to-school budget allocations;
- (4) Ensure culturally appropriate foods, such as kalo, 'uala, and ulu, are incorporated into school meal programs; and
- (5) Submit a report on its progress, including any proposed legislation, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2026.

Your Committee received testimony in support of this measure from the University of Hawai'i System, Department of Agriculture, Climate Protectors Hawaii, Kauai Climate Action Coalition, Hawai'i Farm Bureau, Democratic Party of Hawai'i, Hawai'i Youth Food Council, Hawai'i Cattlemen's Council, and three individuals. Your Committee received comments from the Department of Education.

Your Committee finds that farm-to-school programs provide an opportunity to increase local food procurement and resilience, reduce Hawai'i's reliance on imported goods, and strengthen the State's agricultural economy. Additionally, prioritizing the procurement of locally grown Native Hawaiian crops aligns with Hawai'i's commitment to food sovereignty, climate resilience, and indigenous agricultural practices. Your Committee further finds that expanding local farm procurement in farm-to-school initiatives would support Hawai'i's small and medium-sized farms and provide stable, institutional markets for Hawai'i's farmers. This measure urges the Department of Education to take immediate action to strengthen local farm-to-school initiatives by streamlining the procurement process to make it easier for small and medium-scale farmers to sell to schools, developing a statewide database of interested and eligible farms, increasing financial incentives for schools to purchase locally sourced food, ensure culturally appropriate foods, and submitting a report on its progress and any proposed legislation prior to the Regular Session of 2026.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 104 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Quinlan).

SCRep. 1789 Labor on H.R. No. 189

The purpose of this measure is to request the University of Hawaii Community Colleges, including the University of Hawaii Maui College, to develop a comprehensive list of Bachelor's degree programs that directly align with job opportunities and industry needs within their respective region of service.

Your Committee received comments on this measure from the University of Hawai'i System.

Your Committee finds that the State's economic vitality depends on a skilled workforce that meets the needs of key regional industries, including tourism and hospitality, agriculture, marine research, renewable energy, and health care. Your Committee also finds that each of the University of Hawaii Community Colleges plays a vital role in providing accessible, regionally-relevant higher education that supports local economic development. Aligning academic programs with current and emerging job opportunities in each region will benefit students, local employers, and the overall economic growth of the State.

Your Committee notes that focusing exclusively on Bachelor's degree programs may limit the flexibility to offer academic pathways that anticipate future workforce trends.

Accordingly, your Committee has amended this measure by including associate's degrees, certificates, and other existing pathways in the development of the comprehensive list pursuant to this measure.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 189, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 189, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Kapela, Reyes Oda).

SCRep. 1790 Labor on H.C.R. No. 196

The purpose of this measure is to request the University of Hawaii Community Colleges, including the University of Hawaii Maui College, to develop a comprehensive list of Bachelor's degree programs that directly align with job opportunities and industry needs within their respective region of service.

Your Committee received comments on this measure from the University of Hawai'i System.

Your Committee finds that the State's economic vitality depends on a skilled workforce that meets the needs of key regional industries, including tourism and hospitality, agriculture, marine research, renewable energy, and health care. Your Committee also finds that each of the University of Hawaii Community Colleges plays a vital role in providing accessible, regionally-relevant higher education that supports local economic development. Aligning academic programs with current and emerging job opportunities in each region will benefit students, local employers, and the overall economic growth of the State.

Your Committee notes that focusing exclusively on Bachelor's degree programs may limit the flexibility to offer academic pathways that anticipate future workforce trends.

Accordingly, your Committee has amended this measure by including associate's degrees, certificates, and other existing pathways in the development of the comprehensive list pursuant to this measure.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 196, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 196, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 2 (Kapela, Reyes Oda).

SCRep. 1791 Agriculture & Food Systems on H.R. No. 188

The purpose of this measure is to have the University of Hawaii System request to establish a Veterinary Medicine Expansion Working Group to explore the feasibility of developing a Doctor of Veterinary Medicine program at Windward Community College and ask that the Working Group include:

- (1) A representative of Windward Community College's Veterinary Technology program;
- (2) A representative of the University of Hawaii at Hilo's Veterinarian Education Program;
- (3) The Dean of the University of Hawaii College of Tropical Agriculture and Human Resilience, or the Dean's designee;
- (4) The Chair of the Board of Agriculture, or the Chair's designee;
- (5) Representatives from private veterinary practice, including large animal and small animal practitioners, invited by the President of the University of Hawaii;
- (6) One member of the House of Representatives, appointed by the Speaker of the House of Representatives;
- (7) One member of the Senate, appointed by the President of the Senate; and
- (8) Any other stakeholders, as deemed necessary by the Working Group; and

BE IT FURTHER RESOLVED the Working Group is requested to conduct a feasibility study addressing:

- (1) Potential partnerships with veterinary schools on the United States mainland to facilitate clinical rotations;
- (2) The alignment of the State's education and workforce pipelines to feed into the Doctor of Veterinary Medicine program;
- (3) The infrastructure and facilities needed to support a Doctor of Veterinary Medicine program;
- (4) The State's ability to meet accreditation requirements of the American Veterinary Medical Association;
- (5) The faculty and curriculum needed to support the Doctor of Veterinary Medicine program and to meet accreditation requirements; and
- (6) The availability of funding, including public-private partnerships and federal grants.

Your Committee received testimony in support from the Animal Interfaith Alliance in Britian, Hawaii Cattlemen's Council, and four individuals.

Your Committee amended this measure by:

- (1) Inserting language to amend the functions of the Working Group to include the assessment on demand for the DVM program and their potential integration within the UH system at the most optimal campus; and
- (2) Amending the measure to add a section stating that community colleges are not authorized to offer doctoral programs and must obtain accreditation from Western Association of Schools and Colleges Senior College and University Commission, or another regional accreditor; and
- (3) Adding language to include a UH System representative to the Working Group.

Your Committee finds that the need to increase educational facilities for veterinarians is crucial in accordance to the shortage of available veterinarians in Hawaii. Your Committee further finds that keeping local veterinarians in Hawaii correlates with where they attend school, which means increasing local schools that offer pathways for education in this field is essential to address this shortage. Your Committee further finds that the establishment of a Working Group governed by the University of Hawaii System be created to explore the feasibility of developing a Doctor of Veterinary Medicine program in other areas within the Hawaii education system.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 188, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 188, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Quinlan).

SCRep. 1792 Agriculture & Food Systems on H.C.R. No. 195

The purpose of this measure is to have the University of Hawaii System request to establish a Veterinary Medicine Expansion Working Group to explore the feasibility of developing a Doctor of Veterinary Medicine program at Windward Community College and ask that the Working Group include:

- (1) A representative of Windward Community College's Veterinary Technology program;
- (2) A representative of the University of Hawaii at Hilo's Veterinarian Education Program;
- (3) The Dean of the University of Hawaii College of Tropical Agriculture and Human Resilience, or the Dean's designee;
- (4) The Chair of the Board of Agriculture, or the Chair's designee;
- (5) Representatives from private veterinary practice, including large animal and small animal practitioners, invited by the President of the University of Hawaii;

- (6) One member of the House of Representatives, appointed by the Speaker of the House of Representatives;
- (7) One member of the Senate, appointed by the President of the Senate; and
- (8) Any other stakeholders, as deemed necessary by the Working Group; and

BE IT FURTHER RESOLVED the Working Group is requested to conduct a feasibility study addressing:

- (1) Potential partnerships with veterinary schools on the United States mainland to facilitate clinical rotations;
- (2) The alignment of the State's education and workforce pipelines to feed into the Doctor of Veterinary Medicine program;
- (3) The infrastructure and facilities needed to support a Doctor of Veterinary Medicine program;
- (4) The State's ability to meet accreditation requirements of the American Veterinary Medical Association;
- (5) The faculty and curriculum needed to support the Doctor of Veterinary Medicine program and to meet accreditation requirements; and
- (6) The availability of funding, including public-private partnerships and federal grants.

Your Committee received testimony in support from the University of Hawai'i System, Hawaiian Humane Society, Hawaii Cattlemen's Council, and seven individuals.

Your Committee amended this measure by:

- (1) Inserting language to amend the functions of the Working Group to include the assessment on demand for the DVM program and their potential integration within the UH system at the most optimal campus; and
- (2) Amending the measure to add a section stating that community colleges are not authorized to offer doctoral programs and must obtain accreditation from Western Association of Schools and Colleges Senior College and University Commission, or another regional accreditor; and
- (3) Adding language to include a UH System representative to the Working Group.

Your Committee finds that the need to increase educational facilities for veterinarians is crucial in accordance to the shortage of available veterinarians in Hawaii. Your Committee further finds that keeping local veterinarians in Hawaii correlates with where they attend school, which means increasing local schools that offer pathways for education in this field is essential to address this shortage. Your Committee further finds that the establishment of a Working Group governed by the University of Hawaii System be created to explore the feasibility of developing a Doctor of Veterinary Medicine program in other areas within the Hawaii education system.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 195, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 195, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Quinlan).

SCRep. 1793 Human Services & Homelessness on H.C.R. No. 37

The purpose of this measure is to request the Hawaii Emergency Management Agency to collaborate with relevant agencies to develop initiatives and outreach programs to inform kupuna about emergency preparedness.

Your Committee received testimony in support of this measure from the Policy Advisory Board for Elder Affairs; Hawai'i Family Caregiver Coalition; AARP Hawai'i; Be Ready Manoa; AlohaCare; and one individual.

Your Committee finds that Hawaii's exposure to frequent and severe natural hazards, including hurricanes, tsunamis, earthquakes, and volcanic activity, demands comprehensive preparedness strategies that account for the State's diverse population. Older adults, who comprise a growing portion of Hawaii's residents, are particularly at-risk during disasters due to mobility challenges, chronic medical conditions, and limited access to timely information. Strengthening the ability of older adults to respond effectively in emergencies can greatly enhance their safety and ease the strain on emergency services. Accordingly, this measure urges the Hawaii Emergency Management Agency to work with appropriate partners to design and implement public education efforts and outreach initiatives that ensure kupuna are better equipped to navigate emergency situations.

As affirmed by the record of votes of the members of your Committee on Human Services & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 37 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Takenouchi).

SCRep. 1794 Finance on H.C.R. No. 61

The purpose of this measure is to request a study examining how certain other jurisdictions produce fiscal notes.

Your Committee received testimony in support of this measure from the Grassroot Institute of Hawaii. Your Committee received comments on this measure from the Legislative Reference Bureau.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 61 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Reyes Oda, Ward).

SCRep. 1795 Finance on H.R. No. 55

The purpose of this measure is to request the Department of Accounting and General Services to study the feasibility of limiting the costs of project and construction management in each state construction project to ten percent of the total cost of the project.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 55 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Reyes Oda, Ward).

SCRep. 1796 Finance on H.C.R. No. 59

The purpose of this measure is to request the Department of Accounting and General Services to study the feasibility of limiting the costs of project and construction management in each state construction project to ten percent of the total cost of the project.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 59 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Reyes Oda, Ward).

SCRep. 1797 Finance on H.R. No. 56

The purpose of this measure is to request the office of Planning and Sustainable Development, in coordination with appropriate state and county departments or agencies, to develop methods to estimate costs associated with delays in certain public and private development projects.

Your Committee received comments on this measure from the Office of Planning and Sustainable Development.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 56 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Reyes Oda, Ward).

SCRep. 1798 Finance on H.C.R. No. 60

The purpose of this measure is to request the Office of Planning and Sustainable Development, in coordination with appropriate state and county departments or agencies, to develop methods to estimate costs associated with delays in certain public and private development projects.

Your Committee received comments on this measure from the Office of Planning and Sustainable Development.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 60 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Reyes Oda, Ward).

SCRep. 1799 Finance on H.R. No. 177

The purpose of this measure is to request that the Tax Review Commission consider certain goals for an equitable, efficient, and adequate tax policy structure in its deliberations.

Your Committee received testimony in support of this measure from The National Federation of Independent Businesses, Hawaii Chapter; Hawaii Government Employees Association; and Hawaii Food Industry Association.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 177 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Reyes Oda, Ward).

SCRep. 1800 Finance on H.C.R. No. 182

The purpose of this measure is to request that the Tax Review Commission consider certain goals for an equitable, efficient, and adequate tax policy structure in its deliberations.

Your Committee received testimony in support of this measure from The National Federation of Independent Businesses, Hawaii Chapter; Hawaii Government Employees Association; and Hawaii Food Industry Association.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 182 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Reyes Oda, Ward).

SCRep. 1801 Finance on H.R. No. 178

The purpose of this measure is to request the Department of Taxation and the Economic Research Organization at the University of Hawaii to collaborate and develop data driven analyses of the impacts of tax policies on economic development, migration patterns, and other factors affecting public policy.

Your Committee received testimony in support of this measure from the University of Hawaii Economic Research Organization; National Federation of Independent Businesses, Hawaii Chapter; Hawaii Government Employees Association; and Hawaii Food Industry Association. Your committee received comments on this measure from the Department of Taxation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 178 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Reyes Oda, Ward).

SCRep. 1802 Finance on H.C.R. No. 183

The purpose of this measure is to request the Department of Taxation and the Economic Research Organization at the University of Hawaii to collaborate and develop data driven analyses of the impacts of tax policies on economic development, migration patterns, and other factors affecting public policy.

Your Committee received testimony in support of this measure from the University of Hawaii Economic Research Organization; National Federation of Independent Businesses, Hawaii Chapter; Hawaii Government Employees Association; and Hawaii Food Industry Association. Your committee received comments on this measure from the Department of Taxation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 183 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Reyes Oda, Ward).

SCRep. 1803 Finance on H.R. No. 23

The purpose of this measure is to request the Auditor to conduct a sunrise analysis of condominium association managers.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 23, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Reyes Oda, Ward).

SCRep. 1804 Finance on H.C.R. No. 24

The purpose of this measure is to request the Auditor to conduct a sunrise analysis of condominium association managers.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 24, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Reyes Oda, Ward).

SCRep. 1805 Finance on H.R. No. 121

The purpose of this measure is to request the University of Hawaii to prioritize a capital improvement project to construct "Halau O Kawaihuelani."

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 121, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Reyes Oda, Ward).

SCRep. 1806 Finance on H.C.R. No. 125

The purpose of this measure is to request the University of Hawaii to prioritize a capital improvement project to construct "Halau O Kawaihuelani."

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 125, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Reyes Oda, Ward).

SCRep. 1807 Finance on H.R. No. 126

The purpose of this measure is to urge the State, counties, and other relevant agencies to provide increased and sustained funding to the Invasive Species Committees and Hawaii Ant Lab within the Pacific Cooperative Studies unit of the University of Hawaii at Manoa.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 126, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Reyes Oda, Ward).

SCRep. 1808 Finance on H.C.R. No. 130

The purpose of this measure is to urge the State, counties, and other relevant agencies to provide increased and sustained funding to the Invasive Species Committees and Hawaii Ant Lab within the Pacific Cooperative Studies unit of the University of Hawaii at Manoa.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 130, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Reyes Oda, Ward).

SCRep. 1809 Finance on H.R. No. 69

The purpose of this measure is to request the Agribusiness Development Corporation to designate Kunia, Leilehua Plateau, and Poamoho as the Central Oahu Agricultural Corridor and to establish a list prioritizing potential agricultural infrastructure improvement projects that would provide the most value to the state.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 69, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Reyes Oda, Ward).

SCRep. 1810 Finance on H.C.R. No. 77

The purpose of this measure is to request the Agribusiness Development Corporation to designate Kunia, Leilehua Plateau, and Poamoho as the Central Oahu Agricultural Corridor and to establish a list prioritizing potential agricultural infrastructure improvement projects that would provide the most value to the state.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 77, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Reyes Oda, Ward).

SCRep. 1811 Finance on H.R. No. 192

The purpose of this measure is to create a Maui axis deer control and venison initiative.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 192 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Reyes Oda, Ward).

SCRep. 1812 Finance on H.C.R. No. 200

The purpose of this measure is to create a Maui axis deer control and venison initiative.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 200 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Reyes Oda, Ward).

SCRep. 1813 Finance on H.R. No. 185

The purpose of this measure is to request the Department of Land and Natural Resources to convene a Kailua Bay Advisory Working Group.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 185, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Reyes Oda, Ward).

SCRep. 1814 Finance on H.C.R. No. 191

The purpose of this measure is to request the Department of Land and Natural Resources to convene a Kailua Bay Advisory Working Group.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 191, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Reyes Oda, Ward).

SCRep. 1815 Finance on H.R. No. 59

The purpose of this measure is to request the Land Use Commission to coordinate with County Planning Commissions and County Councils to conduct concurrent reviews of general plan amendments, district boundary amendments, and zoning amendments when reclassifying land.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 59 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Reyes Oda, Ward).

SCRep. 1816 Finance on H.C.R. No. 65

The purpose of this measure is to request the Land Use Commission to coordinate with County Planning Commissions and County Councils to conduct concurrent reviews of general plan amendments, district boundary amendments, and zoning amendments when reclassifying land.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 65 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Reyes Oda, Ward).

SCRep. 1817 Finance on H.R. No. 118

The purpose of this measure is to request the Department of Land and Natural Resources to establish a collaborative working group to survey, identify, and monitor culturally sensitive shorelines impacted by erosion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 118, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Reyes Oda, Ward).

SCRep. 1818 Finance on H.C.R. No. 122

The purpose of this measure is to request the Department of Land and Natural Resources to establish a collaborative working group to survey, identify, and monitor culturally sensitive shorelines impacted by erosion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 122, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Reyes Oda, Ward).

SCRep. 1819 Finance on H.R. No. 34

The purpose of this measure is to request the Health Data Advisory Council to confirm the number of uninsured children statewide and per county in 2025 and the Department of Human Services Med-QUEST Division to estimate costs and collaborate with the State Health Planning and Development Agency on policy changes needed to achieve the goal of universal health insurance coverage for children.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 34 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Reyes Oda, Ward).

SCRep. 1820 Finance on H.C.R. No. 39

The purpose of this measure is to request the Health Data Advisory Council to confirm the number of uninsured children statewide and per county in 2025 and the Department of Human Services Med-QUEST Division to estimate costs and collaborate with the State Health Planning and Development Agency on policy changes needed to achieve the goal of universal health insurance coverage for children.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 39 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Reyes Oda, Ward).

SCRep. 1821 Finance on H.R. No. 62

The purpose of this measure is to request the Office of the State Fire Marshal to convene a vegetation management working group to study, evaluate, and make recommendations for regulations that define property owner obligations for vegetation management on public and private property to mitigate wildfire risk, and make recommendations that define a line clearance tree trimmer and establish minimum safety standards, training, and qualifications for individuals performing life clearance tree trimming at or near electric utility facilities.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 62, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Reyes Oda, Ward).

SCRep. 1822 Finance on H.C.R. No. 69

The purpose of this measure is to request the Office of the State Fire Marshal to convene a vegetation management working group to study, evaluate, and make recommendations for regulations that define property owner obligations for vegetation management on public and private property to mitigate wildfire risk, and make recommendations that define a line clearance tree trimmer and establish minimum safety standards, training, and qualifications for individuals performing life clearance tree trimming at or near electric utility facilities.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 69, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Reyes Oda, Ward).

SCRep. 1823 Finance on H.R. No. 117

The purpose of this measure is to request the United States Department of Defense, United States Army, United States Navy, and State Department of Transportation to work with appropriate state and county departments and agencies to expand, plan, and coordinate work related to using Kolekole Pass as an expanded emergency exit route.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 117 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Reyes Oda, Ward).

SCRep. 1824 Finance on H.C.R. No. 121

The purpose of this measure is to request the United States Department of Defense, United States Army, United States Navy, and State Department of Transportation to work with appropriate state and county departments and agencies to expand, plan, and coordinate work related to using Kolekole pass as an expanded emergency exit route.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 121 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Reyes Oda, Ward).

SCRep. 1825 Finance on H.C.R. No. 35

The purpose of this measure is to request the Auditor to assess the social and financial effects of mandatory health insurance coverage for biomarker testing.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 35 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Reyes Oda, Ward).

SCRep. 1826 Finance on H.C.R. No. 171

The purpose of this measure is to request the Auditor to assess the social and financial effects of proposed mandatory health insurance coverage for continuous glucose monitors.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 171 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Reyes Oda, Ward).

SCRep. 1827 Finance on H.C.R. No. 78

The purpose of this measure is to declare the intent that projects with housing units that qualify for housing credits under Act 31, Session Laws of Hawaii 2024, are still eligible to receive housing credits after the repeal of that Act if the housing projects were approved by the Hawaii Housing Finance and Development Corporation before July 1, 2031, and requesting the Corporation and each county to include certain information when approving housing projects for housing credits.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 78 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Reyes Oda, Ward).

SCRep. 1828 Consumer Protection & Commerce on H.R. No. 98

The purpose of this measure is to implement without statutory changes a limited accommodation that could benefit timeshare sales and tourism in Hawaii.

Your Committee received testimony in support of this measure from the Hawaii Department of Business, Economic Development & Tourism; and in opposition to this measure from Hawaii Real Estate Commission.

Your Committee has amended this measure by:

- (1) Replacing the title of this Resolution to read "HOUSE RESOLUTION STRONGLY URGING THE REAL ESTATE COMMISSION TO ALLOW FOR THE ADMINISTRATION OF THE REAL ESTATE SALESPERSON'S EXAMINATION IN THE JAPANESE LANGUAGE FOR PURPOSES OF ISSUING A LIMITED REAL ESTATE SALESPERSON'S LICENSE, FOR THE SALE OF TIMESHARE PRODUCTS IN HAWAII, TO JAPANESE NATIONAL VISITORS FOR THE PURPOSE OF ENHANCING JAPAN'S INVOLVEMENT IN AND SUPPORT OF THE HAWAII TOURISM INDUSTRY.";
- (2) Amending clauses in accordance with the amended title; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 98, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 98, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, 2 (Iwamoto, Pierick). Excused, 2 (Ilgan, Tam).

SCRep. 1829 Consumer Protection & Commerce on H.C.R. No. 102

The purpose of this measure is to implement without statutory changes a limited accommodation that could benefit timeshare sales and tourism in Hawaii.

Your Committee received testimony in support of this measure from the Hawaii Department of Business, Economic Development & Tourism. Your Committee received testimony in opposition to this measure from Hawaii Real Estate Commission and Hawaii First Realty.

Your Committee has amended this measure by:

- (1) Replacing the title of this Concurrent Resolution to read "HOUSE CONCURRENT RESOLUTION STRONGLY URGING THE REAL ESTATE COMMISSION TO ALLOW FOR THE ADMINISTRATION OF THE REAL ESTATE SALESPERSON'S EXAMINATION IN THE JAPANESE LANGUAGE FOR PURPOSES OF ISSUING A LIMITED REAL ESTATE SALESPERSON'S LICENSE, FOR THE SALE OF TIMESHARE PRODUCTS IN HAWAII, TO JAPANESE NATIONAL VISITORS FOR THE PURPOSE OF ENHANCING JAPAN'S INVOLVEMENT IN AND SUPPORT OF THE HAWAII TOURISM INDUSTRY."
- (2) Amending clauses in accordance with the amended title; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 102, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 102, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, 2 (Iwamoto, Pierick). Excused, 2 (Ilgan, Tam).

SCRep. 1830 Consumer Protection & Commerce on H.R. No. 38

The purpose of this measure is to facilitate a comprehensive approach to motor carrier oversight that is in the best interest of the industry and of the public.

Your Committee received testimony in support of this measure from the Hawaii Public Utilities Commission, and in opposition to this measure from Hawaii Transportation Association.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 38, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Ilagan, Tam, Pierick).

SCRep. 1831 Consumer Protection & Commerce on H.C.R. No. 45

The purpose of this measure is to facilitate a comprehensive approach to motor carrier oversight that is in the best interest of the industry and of the public.

Your Committee received testimony in support of this measure from the Hawaii Public Utilities Commission, and comments from the Hawaii Department of Transportation.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 45, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Ilagan, Tam, Pierick).

SCRep. 1832 Consumer Protection & Commerce on H.R. No. 54

The purpose of this measure is to examine ways to address public opinion on expanding renewable energy and to meet the goal of a one hundred percent renewable energy portfolio standard by the year 2045 under section 269-92, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from Hawaii Department of Commerce and Consumer Affairs, Division of Consumer Advocacy; Hawaii Public Utilities Commission; Hawaii State Energy Office; Uluopono Initiative; Coalition Earth; Waika Consulting; Sustainable Energy Hawaii; and three individuals. Your Committee received testimony in opposition to this measure from Energy Justice Network; Students for Justice in Palestine at the University of Hawaii; and from one individual.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 54, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Iwamoto). Noes, none. Excused, 2 (Ilagan, Tam).

SCRep. 1833 Consumer Protection & Commerce on H.C.R. No. 58

The purpose of this measure is to examine ways to address public opinion on expanding renewable energy and to meet the goal of a one hundred percent renewable energy portfolio standard by the year 2045 under section 269-92, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from Hawaii Department of Commerce and Consumer Affairs, Division of Consumer Advocacy; Hawaii Public Utilities Commission; Department of Hawaiian Home Lands; Hawaii State Energy Office; Uluopono Initiative; Life of the Land; Coalition Earth; Waika Consulting; Sustainable Energy Hawaii; and from five individuals. Your Committee received testimony in opposition to this measure from Environmental Caucus of the Democratic Party of Hawaii; Students for Justice in Palestine at the University of Hawaii; and from one individual.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 58, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Iwamoto). Noes, none. Excused, 2 (Ilagan, Tam).

SCRep. 1834 Consumer Protection & Commerce on H.R. No. 87

The purpose of this measure is to reduce risks of injury and diminished quality of life as well as the prevalence of preventable secondary health conditions which disproportionately affect people with disabilities in Hawaii.

Your Committee received testimony in support of this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 87 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 2 (Ilagan, Tam).

SCRep. 1835 Consumer Protection & Commerce on H.C.R. No. 91

The purpose of this measure is to reduce risks of injury and diminished quality of life as well as the prevalence of preventable secondary health conditions which disproportionately affect people with disabilities in Hawaii.

Your Committee received testimony in support of this measure from the Health Committee of the Democratic Party of Hawaii and from one individual.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 91 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 2 (Ilagan, Tam).

SCRep. 1836 Transportation on H.R. No. 136

The purpose of this measure is to urge the Department of Transportation and Hawaii Tourism Authority to expand the Kahea Airport Greetings Program to display keiki art in all neighbor island airports.

Your Committee received comments on this measure from the Hawai'i Tourism Authority.

Your Committee finds that enhancing the visitor experience while preserving and promoting Native Hawaiian culture is a key priority for the State. The Kahea Airport Greetings Program contributes to this goal by providing Hawaiian entertainment, cultural enrichment, and opportunities for students to show their artwork at the Daniel K. Inouye International Airport. Your Committee believes that expanding this program to multiple airports throughout the State will provide equitable opportunities for students, strengthen cultural appreciation, and enhance the overall travel experience in Hawaii.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 136 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Cochran, Pierick).

SCRep. 1837 Transportation on H.C.R. No. 142

The purpose of this measure is to urge the Department of Transportation and Hawaii Tourism Authority to expand the Kahea Airport Greetings Program to display keiki art in all neighbor island airports.

Your Committee received comments on this measure from the Hawai'i Tourism Authority.

Your Committee finds that enhancing the visitor experience while preserving and promoting Native Hawaiian culture is a key priority for the State. The Kahea Airport Greetings Program contributes to this goal by providing Hawaiian entertainment, cultural enrichment, and opportunities for students to show their artwork at the Daniel K. Inouye International Airport. Your Committee believes that expanding this program to multiple airports throughout the State will provide equitable opportunities for students, strengthen cultural appreciation, and enhance the overall travel experience in Hawaii.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 142 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Cochran, Pierick).

SCRep. 1838 Transportation on H.R. No. 63

The purpose of this measure is to request the Department of Transportation to facilitate and accelerate the adoption of sustainable aviation fuels to decarbonize Hawaii's transportation sector and support the State's climate goals.

Your Committee received testimony in support of this measure from the Department of Transportation; Alaska Airlines; Hawaiian Airlines; Par Hawaii; Coalition Earth; Island Energy Services, LLC; Pono Pacific; and Hawai'i Renewable Fuels Coalition. Your Committee received testimony in opposition to this measure from the Environmental Caucus of the Democratic Party of Hawai'i and Energy Justice Network.

Your Committee finds that the transportation sector is the largest contributor to greenhouse gas emissions in the State, accounting for nearly half of the Hawaii's total emissions. Aviation, which plays a critical role in tourism, commerce, and interisland travel, is a significant source of these emissions, making it essential to find sustainable alternatives to conventional jet fuel. This measure aims to further the State's commitment to achieving net-zero transportation goals and ensure the long-term sustainability of the State's economy and environment.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 63, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, 1 (Muraoka). Excused, 2 (Cochran, Pierick).

SCRep. 1839 Transportation on H.C.R. No. 70

The purpose of this measure is to request the Department of Transportation to facilitate and accelerate the adoption of sustainable aviation fuels to decarbonize Hawaii's transportation sector and support the State's climate goals.

Your Committee received testimony in support of this measure from the Department of Transportation; Life of the Land; Alaska Airlines; Hawaiian Airlines; Par Hawaii; Island Energy Services, LLC; Hawai'i Renewable Fuels Coalition; Pono Pacific; and Coalition Earth. Your Committee received testimony in opposition to this measure from the Environmental Caucus of the Democratic Party of Hawai'i and Energy Justice Network.

Your Committee finds that the transportation sector is the largest contributor to greenhouse gas emissions in the State, accounting for nearly half of the Hawaii's total emissions. Aviation, which plays a critical role in tourism, commerce, and interisland travel, is a significant source of these emissions, making it essential to find sustainable alternatives to conventional jet fuel. This measure aims to further the State's commitment to achieving net-zero transportation goals and ensure the long-term sustainability of the State's economy and environment.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 70, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, 1 (Muraoka). Excused, 2 (Cochran, Pierick).

SCRep. 1840 Judiciary & Hawaiian Affairs on H.R. No. 29

The purpose of this measure is that each county police department is requested to increase enforcement against out-of-state vehicles operating on public roadways that have not been properly registered in the appropriate county.

Your Committee received testimony in support for this measure from the Department of Transportation.

Your Committee finds that enforcement against out-of-state vehicles operating without proper registration ensures compliance with safety and environmental standards. It promotes fairness, protects local revenue, and maintains road safety, while encouraging visitors to respect local regulations, ultimately benefiting public infrastructure, and equitably supporting residents and communities.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 29 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1841 Judiciary & Hawaiian Affairs on H.C.R. No. 30

The purpose of this measure is that each county police department is requested to increase enforcement against out-of-state vehicles operating on public roadways that have not been properly registered in the appropriate county.

Your Committee received testimony in support for this measure from the Department of Transportation.

Your Committee finds that enforcement against out-of-state vehicles operating without proper registration ensures compliance with safety and environmental standards. It promotes fairness, protects local revenue, and maintains road safety, while encouraging visitors to respect local regulations, ultimately benefiting public infrastructure, and equitably supporting residents and communities.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 30 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1842 Judiciary & Hawaiian Affairs on H.R. No. 115

The purpose of this measure is related to strengthening the relationship between Taiwan and the State of Hawaii, as well as promoting Taiwan's participation in international affairs. The resolution endorses Taiwan's involvement in global organizations, supports a trade agreement between the U.S. and Taiwan, and commemorates the longstanding partnership between Hawaii and Taiwan.

Your Committee received no testimony for this measure.

Your Committee finds that Taiwan's international participation is vital for global stability and economic growth. Supporting a U.S.-Taiwan bilateral trade agreement enhances trade relations, benefiting both nations. Additionally, this resolution commemorates the longstanding relationships and exchanges between Hawaii and Taiwan, strengthening cultural, economic, and diplomatic ties that benefit Hawaii's diverse communities and economy.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 115, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1843 Judiciary & Hawaiian Affairs on H.C.R. No. 119

The purpose of this measure is related to strengthening the relationship between Taiwan and the State of Hawaii, as well as promoting Taiwan's participation in international affairs. The resolution endorses Taiwan's involvement in global organizations, supports a trade agreement between the U.S. and Taiwan, and commemorates the longstanding partnership between Hawaii and Taiwan.

Your Committee received testimony in support for this measure from the Department of Business, Economic Development & Tourism.

Your Committee finds that Taiwan's international participation is vital for global stability and economic growth. Supporting a U.S.-Taiwan bilateral trade agreement enhances trade relations, benefiting both nations. Additionally, this resolution commemorates the longstanding relationships and exchanges between Hawaii and Taiwan, strengthening cultural, economic, and diplomatic ties that benefit Hawaii's diverse communities and economy.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 119, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1844 Judiciary & Hawaiian Affairs on H.R. No. 65

The purpose of this measure is that the ethics commission of each county are urged to adopt standards that are applicable to state elected officials and officers as adopted and enforced by the State Ethics Commission.

Your committee received testimony in support for this measure from two individuals.

Your Committee finds that adopting standards similar to those enforced by the State Ethics Commission will promote transparency, accountability, and ethical conduct at the county level. Ensuring consistent ethical guidelines across state and county levels strengthens public trust and fosters responsible governance by elected officials and officers.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 65 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1845 Judiciary & Hawaiian Affairs on H.C.R. No. 72

The purpose of this measure is that the ethics commission of each county are urged to adopt standards that are applicable to state elected officials and officers as adopted and enforced by the State Ethics Commission.

Your Committee received testimony in support for this measure from four individuals.

Your Committee finds that adopting standards similar to those enforced by the State Ethics Commission will promote transparency, accountability, and ethical conduct at the county level. Ensuring consistent ethical guidelines across state and county levels strengthens public trust and fosters responsible governance by elected officials and officers.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 72 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1846 Judiciary & Hawaiian Affairs on H.R. No. 105

The purpose of this measure is to support free and responsible scholastic journalism in Hawaii schools and ensuring that student journalists can exercise their First Amendment rights without unnecessary restrictions. The resolution addresses concerns about the use of student names and photos in school-sponsored media like yearbooks, newspapers, and other student publications.

Your Committee received testimony in support of this measure from The Student Press Law Center and from several individuals. Your Committee received testimony in opposition from one individual.

Your Committee finds that supporting free and responsible scholastic journalism is essential for fostering critical thinking, free expression, and civic engagement among students. Honoring the First Amendment ensures that student publications can operate without undue censorship, encouraging a culture of transparency and accountability.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 105, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Garcia, Shimizu). Noes, none. Excused, 1 (Cochran).

SCRep. 1847 Judiciary & Hawaiian Affairs on H.C.R. No. 109

The purpose of this measure is to support free and responsible scholastic journalism in Hawaii schools and ensuring that student journalists can exercise their First Amendment rights without unnecessary restrictions. The resolution addresses concerns about the use of student names and photos in school-sponsored media like yearbooks, newspapers, and other student publications.

Your Committee received testimony in support of this measure from the Department of Education; Society of Professional Journalists Hawaii Chapter; and from several individuals. Your Committee received testimony in opposition of this measure from Free Citizens of Maunaloa and from one individual.

Your Committee finds that supporting free and responsible scholastic journalism is essential for fostering critical thinking, free expression, and civic engagement among students. Honoring the First Amendment ensures that student publications can operate without undue censorship, encouraging a culture of transparency and accountability.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 109, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Garcia, Shimizu). Noes, none. Excused, 1 (Cochran).

SCRep. 1848 Judiciary & Hawaiian Affairs on H.R. No. 51

The purpose of this measure is to request the Judiciary to conduct a study on the effectiveness of existing laws related to domestic violence temporary restraining orders (TROs) and harassment by stalking. The purpose of this study is to assess how well these legal protections are preventing continued abuse and harassment, and to identify areas for improvement.

Your Committee received testimony in support for this measure from the Hawaii State Commission on the Status of Women; Hawaii State Coalition Against Domestic Violence; and from two individuals. Your Committee received testimony for this measure in opposition from the Judiciary. Your Committee received testimony with comments for this measure from the Department of the Prosecuting Attorney.

Your Committee finds that the effectiveness of domestic violence temporary restraining orders (TROs) and harassment by stalking laws is critical in protecting victims from continued abuse. While these legal measures are intended to provide immediate relief and prevent further harm, concerns remain regarding their enforcement, accessibility, and overall impact on victim safety.

By evaluating enforcement practices, survivor experiences, and case outcomes, this study can inform future legislative efforts to strengthen legal safeguards, improve law enforcement training, and ensure better access to justice for survivors of domestic violence and stalking.

Your Committee has amended this measure by:

- (1) Requesting the Judiciary convene a working group consisting of the following members or their designee:
 - a. Each county's law enforcement agency;
 - b. Each county's prosecuting attorney;
 - c. The Executive Director of the Hawai'i State Commission on the Status of Women;
 - d. The Executive Director of the Hawai'i State Coalition Against Domestic Violence;
 - e. A nonprofit organization serving victims of domestic violence and stalking; and
 - f. a victim of domestic violence and/or stalking from each county; and
- (2) Include Protective Orders in Addition to Temporary Restraining Orders (TROs); and
- (3) Extend the reporting date to 2026; and
- (4) Including Neighbor Islands and Victim Voices
- (5) Making technical nonsubstantive amendments to the proposed amendments for consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 51, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 51, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1849 Judiciary & Hawaiian Affairs on H.C.R. No. 55

The purpose of this measure is to request the Judiciary to conduct a study on the effectiveness of existing laws related to domestic violence temporary restraining orders (TROs) and harassment by stalking. The purpose of this study is to assess how well these legal protections are preventing continued abuse and harassment, and to identify areas for improvement.

Your Committee received testimony in support for this measure from the Hawaii State Commission on the Status of Women; Hawaii State Coalition Against Domestic Violence and from two individuals. Your Committee received testimony for this measure in opposition from the Judiciary. Your Committee received comments for this measure from the Department of the Prosecuting Attorney.

Your Committee finds that the effectiveness of domestic violence temporary restraining orders (TROs) and harassment by stalking laws is critical in protecting victims from continued abuse. While these legal measures are intended to provide immediate relief and prevent further harm, concerns remain regarding their enforcement, accessibility, and overall impact on victim safety.

Your Committee has amended this measure by:

(1) Requesting the Judiciary convene a working group consisting of the following members or their designee:

- a. Each county's law enforcement agency;
- b. Each county's prosecuting attorney;
- c. The Executive Director of the Hawai'i State Commission on the Status of Women;
- d. The Executive Director of the Hawai'i State Coalition Against Domestic Violence;
- e. A nonprofit organization serving victims of domestic violence and stalking; and
- f. a victim of domestic violence and/or stalking from each county; and

(2) Include Protective Orders in Addition to Temporary Restraining Orders (TROs); and

(3) Extend the reporting date to 2026; and

(1) Including Neighbor Islands and Victim Voices

(2) Making technical nonsubstantive amendments to the proposed amendments for consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 55, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 55, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1850 Judiciary & Hawaiian Affairs on H.R. No. 186

The purpose of this measure is to request the Office of Hawaiian Affairs (OHA) to convene a working group to examine the possibility of transferring the management of Native Hawaiian burial sites from the State Historic Preservation Division (SHPD) to OHA. The working group is tasked with making recommendations on how to enhance the effectiveness of the burial sites program, addressing issues in legislation, and potentially improving the process for protecting Native Hawaiian burial sites.

Your Committee received testimony in support of this measure from seven individuals. Your Committee received testimony in opposition of this measure from two individuals.

Your Committee finds that the protection of Native Hawaiian burial sites is a critical cultural and historical responsibility. Convening a working group to explore transferring management from SHPD to OHA will help assess how to enhance oversight, improve legislative frameworks, and strengthen burial site protections. This effort seeks to ensure that stewardship aligns with Native Hawaiian values and community priorities.

Your Committee has amended this measure by editing the community membership provision at page 5 line 31-35 by:

- (1) Striking out language that reads "that self-identify and represent unique Native Hawaiian Organizations"; and
- (2) Adding in language to read "including but not limited to recognized lineal and cultural descendants, who self-identify and submit their names for selection by a majority"; and
- (3) Striking out the language that reads "to be selected randomly by the working group from a list of submitted names".

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 186, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 186, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1851 Judiciary & Hawaiian Affairs on H.C.R. No. 193

The purpose of this measure is to request the Office of Hawaiian Affairs (OHA) to convene a working group to examine the possibility of transferring the management of Native Hawaiian burial sites from the State Historic Preservation Division (SHPD) to OHA. The working group is tasked with making recommendations on how to enhance the effectiveness of the burial sites program, addressing issues in legislation, and potentially improving the process for protecting Native Hawaiian burial sites.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Ko'olauloa Civic Club; the Health Committee of the Democratic Party of Hawai'i; and from twelve individuals. Your Committee received testimony in opposition of this measure from two individuals.

Your Committee finds that the protection of Native Hawaiian burial sites is a critical cultural and historical responsibility. Convening a working group to explore transferring management from SHPD to OHA will help assess how to enhance oversight, improve legislative frameworks, and strengthen burial site protections. This effort seeks to ensure that stewardship aligns with Native Hawaiian values and community priorities.

Your Committee has amended this measure by editing the community membership provision at page 5 line 31-35 by:

- (1) Striking out language that reads "that self-identify and represent unique Native Hawaiian Organizations"; and
- (2) Adding in language to read "including but not limited to recognized lineal and cultural descendants, who self-identify and submit their names for selection by a majority"; and
- (3) Striking out the language that reads "to be selected randomly by the working group from a list of submitted names".

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 193, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 193, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1852 Judiciary & Hawaiian Affairs on H.R. No. 147

The purpose of this measure is that a legislative working group consisting of 7 House Representatives be established for the continued oversight over the Department of Hawaiian Home Lands' execution of Act 279 funds. The Speaker of the House of Representatives may amend the membership of the working group as deemed necessary. The working group is requested to submit a progress report of its findings and recommendations to the House of Representatives no later than twenty days prior to the commencement of the Regular Session of 2026, and a final report of its findings and any recommendations no later than twenty days before the commencement of the Regular Session of 2027 and cease to exist on January 1, 2027.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands; Health Committee of the Democratic Party of Hawai'i and from one individual.

Your Committee finds that continued legislative oversight is essential to ensure the effective and transparent execution of Act 279 funds by the Department of Hawaiian Home Lands. Establishing a working group of House Representatives will provide accountability, monitor progress, and assess challenges. Requiring progress and final reports will help guide future legislative actions to support the department's mission and the needs of Native Hawaiian beneficiaries.

Your Committee has amended this measure by:

- (1) Removing Representative Gene Ward and replacing with Representative Diamond Garcia; and
- (2) Striking out the Eighteenth District and adding in the Forty-Second district.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 147, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 147, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1853 Judiciary & Hawaiian Affairs on H.C.R. No. 23

The purpose of this measure is to request the Department of Corrections and Rehabilitation (DCR) to consider certain factors in the planning and design of the new Oahu Community Correctional Center (OCCC) in Halawa. This measure seeks to improve efficiency, reduce transportation costs, and address public safety concerns in the planning and operation of the new Oahu Community Correctional Center.

Your Committee received testimony in support of this measure from the Judiciary; Department of Corrections and Rehabilitation; and Hawaii Correctional System Oversight Commission; and the Office of the Public Defender.

Your Committee finds that the relocation and modernization of the Oahu Community Correctional Center (OCCC) presents an opportunity to enhance public safety and streamline judicial processes. Including a circuit and district court facility within the new OCCC would improve efficiency by reducing inmate transport risks and costs. Additionally, establishing a structured release procedure to transport released individuals to designated locations, rather than residential communities or public spaces, will help mitigate concerns about community safety and homelessness.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 23, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1854 Judiciary & Hawaiian Affairs on H.C.R. No. 43

The purpose of this measure is that the Department of Law Enforcement and Department of Transportation are requested to study the possibility of a highway patrol and the installation of speed cameras along major freeways and highways in primary areas of speeding, including the impact this measure would have on the district courts.

Your Committee received testimony in support of this measure from Oahu Metropolitan Planning Organization. Your Committee received testimony in opposition of this measure from three individuals. Your Committee received comments on this measure from the Judiciary and the Department of Transportation.

Your Committee finds that speeding on major highways poses significant safety risks. This resolution requests a study on the feasibility of highway patrol and speed cameras in high-risk areas, aiming to improve road safety while evaluating the impact on district courts, ensuring effective enforcement and resource management.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 43, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, 1 (Garcia). Excused, 1 (Cochran).

SCRep. 1855 Judiciary & Hawaiian Affairs on H.C.R. No. 180

The purpose of this measure is to request various agencies and organizations in Hawaii to work collaboratively to address homelessness in the state. The resolution highlights the critical issue of homelessness in Hawaii, emphasizing the need for a coordinated and effective approach involving multiple stakeholders to improve the well-being of individuals experiencing homelessness and to address the associated public health, safety, and environmental concerns.

Your committee received testimony in support for this measure from the Health Committee of the Democratic Party of Hawai'i and from 3 individuals. Your Committee received comments for this measure from the Statewide Office on Homelessness and Housing Solutions.

Your Committee finds that homelessness remains a critical issue in Hawaii, requiring a coordinated, multi-agency approach to develop effective solutions. Collaboration among state agencies, nonprofit organizations, and community partners will enhance efforts to improve housing stability, public health, and safety. By fostering strategic partnerships and resource-sharing, this measure aims to create sustainable, long-term solutions that address the root causes of homelessness and support those in need.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 180, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1856 Judiciary & Hawaiian Affairs on H.C.R. No. 185

The purpose of this measure is to request the State Auditor to conduct a social and financial assessment of a proposed policy to mandate health insurance coverage for Native Hawaiian healing and cultural practices offered through Federally Qualified Health Centers (FQHCs). This assessment is in response to House Bill No. 641, which proposes expanding existing health insurance mandates to include such practices.

Your Committee received testimony in support of this measure from the Health Committee of the Democratic Party of Hawai'i. Your committee received comments for this measure from Papa Ola Lokahi.

Your Committee finds that Native Hawaiian healing and cultural practices play a vital role in holistic healthcare and community well-being. Assessing the social and financial impacts of mandatory insurance coverage for these services at federally qualified health centers will help determine feasibility, benefits, and potential cost savings. This study supports equitable healthcare access while recognizing the cultural and therapeutic value of traditional healing practices.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 185 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Perruso). Noes, 1 (Belatti). Excused, 1 (Cochran).

SCRep. 1857 Judiciary & Hawaiian Affairs on H.R. No. 170

The purpose of this measure is that the Department of Human Services Office of Youth Services and Juvenile Justice State Advisory Council are requested to examine the availability and utilization of aina-based learning programs offered to youth in the juvenile legal system and are requested to create and disseminate a list of organizations employing aina-based learning that the courts may use to assign community service to minors in the family court system.

Your Committee received testimony in support for this measure from the Office of the Public Defender; Debt Free Justice Hawai'i; Nā'Ōpio Waiwai; Ekolu Mea Nui; and Opportunity for Youth Action Hawai'i and ACLU of Hawaii. Your Committee received comments for this measure from the Department of Human Services Office of Youth Services.

Your Committee finds that 'āina-based learning programs provide culturally grounded, restorative opportunities for youth in the juvenile legal system. Examining their availability and utilization will help assess their impact on rehabilitation, recidivism reduction, and community reintegration. Supporting these programs aligns with efforts to offer alternative, place-based education that fosters personal growth, responsibility, and a deeper connection to the land and culture.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 170, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1858 Judiciary & Hawaiian Affairs on H.C.R. No. 174

The purpose of this measure is that the Department of Human Services Office of Youth Services and Juvenile Justice State Advisory Council are requested to examine the availability and utilization of aina-based learning programs offered to youth in the juvenile legal system and are requested to create and disseminate a list of organizations employing aina-based learning that the courts may use to assign community service to minors in the family court system.

Your Committee received testimony in support of this measure from the Health Committee of the Democratic Party; Opportunity for Youth Action Hawai'i; ACLU of Hawaii; Debt Free Hawaii Justice and from one individual. Your Committee received comments for this measure from the Department of Human Services, Office of Youth Services.

Your Committee finds that 'āina-based learning programs provide culturally grounded, restorative opportunities for youth in the juvenile legal system. Examining their availability and utilization will help assess their impact on rehabilitation, recidivism reduction, and community reintegration. Supporting these programs aligns with efforts to offer alternative, place-based education that fosters personal growth, responsibility, and a deeper connection to the land and culture.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 174, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1859 Judiciary & Hawaiian Affairs on H.R. No. 153

The purpose of this measure is to request the Judiciary to convene a working group that will focus on improving the landlord-tenant code in Hawaii with the goal of increasing the availability of rental housing and improving the interactions between landlords and tenants.

Your Committee received testimony in support of this measure from the Judiciary.

Your Committee finds that clarifying and strengthening landlord-tenant laws will help sustain Hawaii's rental housing market, while also fostering collaboration among key stakeholders to address related issues.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 153, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1860 Judiciary & Hawaiian Affairs on H.C.R. No. 158

The purpose of this measure is to request the Judiciary to convene a working group that will focus on improving the landlord-tenant code in Hawaii with the goal of increasing the availability of rental housing and improving the interactions between landlords and tenants.

Your Committee received testimony in support of this measure from the Judiciary and Hawaii Realtors.

Your Committee finds that clarifying and strengthening landlord-tenant laws will help sustain Hawaii's rental housing market, while also fostering collaboration among key stakeholders to address related issues.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 158, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1861 Judiciary & Hawaiian Affairs on H.R. No. 8

The purpose of this measure is to urge the United States Department of Justice to include Hawaii in the Missing or Murdered Indigenous Persons Regional Outreach Program.

Your Committee received testimony in support for this measure from the Health Committee of the Democratic Party of Hawai'i; Hawaii State Commission on the Status of Women; and from three individuals.

Your Committee finds that including Hawaii in the Missing or Murdered Indigenous Persons Regional Outreach Program will provide vital resources and support for addressing cases involving Indigenous people. This inclusion ensures better access to federal assistance, raises awareness, and enhances efforts to resolve missing persons and homicide cases in Hawaii.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 8 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Garcia). Noes, none. Excused, 1 (Cochran).

SCRep. 1862 Judiciary & Hawaiian Affairs on H.C.R. No. 8

The purpose of this measure is to urge the United States Department of Justice to include Hawaii in the Missing or Murdered Indigenous Persons Regional Outreach Program.

Your Committee received testimony in support for this measure from the Health Committee of the Democratic Party of Hawai'i; Hawaii State Commission on the Status of Women; and from three individuals.

Your Committee finds that including Hawaii in the Missing or Murdered Indigenous Persons Regional Outreach Program will provide vital resources and support for addressing cases involving Indigenous people. This inclusion ensures better access to federal assistance, raises awareness, and enhances efforts to resolve missing persons and homicide cases in Hawaii.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 8 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Garcia). Noes, none. Excused, 1 (Cochran).

SCRep. 1863 Judiciary & Hawaiian Affairs on H.R. No. 120

The purpose of this measure is that the Kawaihuelani Center for Hawaiian Language of the University of Hawaii at Manoa, through its I Hoa na Moolelo Project, is encouraged to provide Kaiapuni students and families with Hawaiian language and literacy resources and to create opportunities for 'Olelo Hawaii to flourish in homes and communities.

Your Committee received no testimony for this measure.

Your Committee finds that promoting the Hawaiian language and culture is essential for preserving Hawaii's heritage and identity. Encouraging the Kawaihuelani Center for Hawaiian Language to expand learning resources and opportunities strengthens cultural understanding and ensures the revitalization of the Hawaiian language.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 120, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1864 Judiciary & Hawaiian Affairs on H.C.R. No. 124

The purpose of this measure is that the Kawaihuelani Center for Hawaiian Language of the University of Hawaii at Manoa, through its I Hoa na Moolelo Project, is encouraged to provide Kaiapuni students and families with Hawaiian language and literacy resources and to create opportunities for 'Olelo Hawaii to flourish in homes and communities.

Your Committee received testimony in support for this measure from one individual.

Your Committee finds that promoting the Hawaiian language and culture is essential for preserving Hawaii's heritage and identity. Encouraging the Kawaihuelani Center for Hawaiian Language to expand learning resources and opportunities strengthens cultural understanding and ensures the revitalization of the Hawaiian language.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 124, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1865 Judiciary & Hawaiian Affairs on H.R. No. 96

The purpose of this measure is to ensure that mandatory harassment and discrimination training in Hawai'i is conducted by individuals or groups with demonstrated competency in LGBTQ+ identities and culturally specific gender identities. This will promote inclusivity, prevent discrimination, and create safer, more equitable workplaces for all employees.

Your Committee received testimony in support of this measure from the Hawaii Civil Rights Commission and two individuals. Your Committee received testimony in opposition from one individual.

Your Committee finds that effective harassment and discrimination training requires cultural and identity competency. Many LGBTQ+ individuals in Hawai'i face unique challenges related to gender identity and cultural context. Ensuring trainers demonstrate adequate knowledge of LGBTQ+ identities, including culturally specific aspects relevant to Hawai'i, will improve workplace safety, inclusivity, and compliance. This resolution supports equitable and meaningful training that reflects the diverse identities and lived experiences of Hawai'i's workforce.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 96 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Shimizu). Noes, 1 (Garcia). Excused, 1 (Cochran).

SCRep. 1866 Judiciary & Hawaiian Affairs on H.C.R. No. 100

The purpose of this measure is to ensure that mandatory harassment and discrimination training in Hawai'i is conducted by individuals or groups with demonstrated competency in LGBTQ+ identities and culturally specific gender identities. This will promote inclusivity, prevent discrimination, and create safer, more equitable workplaces for all employees.

Your Committee received testimony in support of this measure from Hawaii State LGBTQ+ Commission; Hawaii State Civil Rights Commission; Pride at Work Hawai'i; and from two individuals. Your Committee received testimony in opposition from one individual.

The Committee finds that effective harassment and discrimination training requires cultural and identity competency. Many LGBTQ+ individuals in Hawai'i face unique challenges related to gender identity and cultural context. Ensuring trainers demonstrate adequate knowledge of LGBTQ+ identities, including culturally specific aspects relevant to Hawai'i, will improve workplace safety, inclusivity, and compliance. This resolution supports equitable and meaningful training that reflects the diverse identities and lived experiences of Hawai'i's workforce.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 100 and recommends its adoption.

Ayes, 9; Ayes with Reservations (Shimizu). Noes, 1 (Garcia). Excused, 1 (Cochran).

SCRep. 1867 Education on H.R. No. 125

The purpose of this measure is to request the Department of Transportation, Department of Education, and Department of Transportation of the County of Maui to collaborate to propose viable solutions to improve pedestrian and traffic safety and relieve traffic congestion around Haiku Elementary School.

Your Committee received no written testimony on this measure.

Your Committee finds that traffic congestion around Haiku Elementary School is partly due to the school's location and the limited access via one single road, Pauwela Road. Your Committee further finds that there are multiple possible solutions to alleviate traffic congestion around Haiku Elementary School, including establishing an additional pick-up and drop-off location at Haiku Park Community Center and building additional sidewalks near the school. This measure requests state and county departments to collaborate to explore these and other solutions to ensure the safety of students of Haiku Elementary School and other pedestrians.

Your Committee has amended this measure by:

- (1) Clarifying that the Maui County Department of Public Works, rather than the Department of Transportation of the County of Maui, is requested to collaborate with the Department of Transportation and Department of Education to propose viable solutions to improve pedestrian and traffic safety and relieve traffic congestion around Haiku Elementary School;
- (2) Directing a certified copy of this measure to the Director of Maui County Department of Public Works, rather than the Director of Transportation of the County of Maui;
- (3) Amending its title in accordance with its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 125, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 125, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Woodson, Amato).

SCRep. 1868 Education on H.C.R. No. 129

The purpose of this measure is to request the Department of Transportation, Department of Education, and Department of Transportation of the County of Maui to collaborate to propose viable solutions to improve pedestrian and traffic safety and relieve traffic congestion around Haiku Elementary School.

Your Committee received comments on this measure from the Department of Education.

Your Committee finds that traffic congestion around Haiku Elementary School is partly due to the school's location and the limited access via one single road, Pauwela Road. Your Committee further finds that there are multiple possible solutions to alleviate traffic congestion around Haiku Elementary School, including establishing an additional pick-up and drop-off location at Haiku Park Community Center and building additional sidewalks near the school. This measure requests state and county departments to collaborate to explore these and other solutions to ensure the safety of students of Haiku Elementary School and other pedestrians.

Your Committee has amended this measure by:

- (1) Clarifying that the Maui County Department of Public Works, rather than the Department of Transportation of the County of Maui, is requested to collaborate with the Department of Transportation and Department of Education to propose viable solutions to improve pedestrian and traffic safety and relieve traffic congestion around Haiku Elementary School;
- (2) Directing a certified copy of this measure to the Director of Maui County Department of Public Works, rather than the Director of Transportation of the County of Maui;
- (3) Amending its title in accordance with its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 129, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 129, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Woodson, Amato).

SCRep. 1869 Education on H.R. No. 131

The purpose of this measure is to urge the Department of Transportation, Department of Education, and City and County of Honolulu to implement visibility enhancement measures on the Kuahelani Avenue crosswalk at Kipapa Elementary School.

Your Committee received testimony in support of this measure from numerous individuals.

Your Committee finds that Kipapa Elementary School features a particularly dangerous crosswalk in a high traffic area on Kuahelani Avenue. While the crosswalk features painted stripes and crossing guards, these measures are insufficient to protect against the dangers of the road. Your Committee notes that the Federal Highway Administration recommends implementing visibility enhancements, such as signage and lighting, in high traffic areas where standard crosswalks are insufficient. Your Committee believes that Kipapa Elementary School's Kuahelani crosswalk would significantly benefit from the visibility enhancement measures recommended by the Federal Highway Administration.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 131, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Woodson, Amato).

SCRep. 1870 Education on H.C.R. No. 137

The purpose of this measure is to urge the Department of Transportation, Department of Education, and City and County of Honolulu to implement visibility enhancement measures on the Kuahelani Avenue crosswalk at Kipapa Elementary School.

Your Committee received testimony in support of this measure from numerous individuals. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that Kipapa Elementary School features a particularly dangerous crosswalk in a high traffic area on Kuahelani Avenue. While the crosswalk features painted stripes and crossing guards, these measures are insufficient to protect against the dangers of the road. Your Committee notes that the Federal Highway Administration recommends implementing visibility enhancements, such as signage and lighting, in high traffic areas where standard crosswalks are insufficient. Your Committee believes that Kipapa Elementary School's Kuahelani crosswalk would significantly benefit from the visibility enhancement measures recommended by the Federal Highway Administration.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 137, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Woodson, Amato).

SCRep. 1871 Education on H.R. No. 169

The purpose of this measure is to urge the Department of Health to undertake preliminary education, outreach, and vaccination drive efforts at schools in Hawaii with vaccination rates under thirty percent, beginning at the start of the 2025-2026 school year.

Your Committee received testimony in support of this measure from the Hawai'i – American Nurses Association; Hawai'i Public Health Institute; and two individuals. Your Committee received testimony in opposition to this measure from the Hawaii Patriot Republicans; Hawai'i Christian Coalition; and numerous individuals.

Your Committee finds that increasing community access to vaccines is an essential part of any public health plan to increase vaccination rates. Your Committee further finds that data from the Department of Health shows a concerning drop in vaccination rates across the State's public, charter, and private schools, with some private schools having non-vaccination rates in excess of sixty percent. Your Committee believes that a vaccination education program that utilizes the State's unique cultural context would be beneficial to the public health of students of Hawaii.

Your Committee has amended this measure by:

- (1) Urging the Department of Health to partner with community health centers and local healthcare providers in providing preliminary education, outreach, and vaccination drive efforts at schools in Hawaii;
- (2) Inserting language describing the critical role that community health centers play in providing accessible, affordable, and culturally competent healthcare services, including vaccinations, to underserved communities and school-aged children;
- (3) Amending its title in accordance with its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 169, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 169, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Kila). Noes, 1 (Muraoka). Excused, 2 (Woodson, Amato).

SCRep. 1872 Education on H.C.R. No. 173

The purpose of this measure is to urge the Department of Health to undertake preliminary education, outreach, and vaccination drive efforts at schools in Hawaii with vaccination rates under thirty percent, beginning at the start of the 2025-2026 school year.

Your Committee received testimony in support of this measure from the Department of Education; Department of Health; Hawai'i – American Nurses Association; Health Committee of the Democratic Party of Hawai'i; Hawai'i Public Health Institute; and four individuals. Your Committee received testimony in opposition to this measure from the Free Citizens of Maunaloa; Hawaiian Islands Republican Women; Hawaii Patriot Republicans; Hawai'i Christian Coalition; and numerous individuals.

Your Committee finds that increasing community access to vaccines is an essential part of any public health plan to increase vaccination rates. Your Committee further finds that data from the Department of Health shows a concerning drop in vaccination rates across the State's public, charter, and private schools, with some private schools having non-vaccination rates in excess of sixty percent. Your Committee believes that a vaccination education program that utilizes the State's unique cultural context would be beneficial to the public health of students of Hawaii.

Your Committee has amended this measure by:

- (1) Urging the Department of Health to partner with community health centers and local healthcare providers in providing preliminary education, outreach, and vaccination drive efforts at schools in Hawaii;
- (2) Inserting language describing the critical role that community health centers play in providing accessible, affordable, and culturally competent healthcare services, including vaccinations, to underserved communities and school-aged children;
- (3) Amending its title in accordance with its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 173, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 173, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Kila). Noes, 1 (Muraoka). Excused, 2 (Woodson, Amato).

SCRep. 1873 Health on H.R. No. 92

The purpose of this measure is to encourage the University of Hawaii to evaluate and expand its current mental health services for students.

Your Committee received testimony in support of this measure from the Health Committee of the Democratic Party of Hawai'i and three individuals. Your Committee received comments on this measure from the University of Hawai'i System.

Your Committee finds that a student's mental health and well-being is critical for academic success. Your Committee further finds that although the University of Hawaii provides mental health services for students, recent assessments and student feedback indicate that there is an increased demand for these services. This measure encourages the University of Hawaii to expand its existing student mental health services to ensure all students within the University of Hawaii System have access to comprehensive mental health support.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 92 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1874 Health on H.C.R. No. 96

The purpose of this measure is to encourage the University of Hawaii to evaluate and expand its current mental health services for students.

Your Committee received testimony in support of this measure from the Health Committee of the Democratic Party of Hawai'i and three individuals. Your Committee received comments on this measure from the University of Hawai'i System.

Your Committee finds that a student's mental health and well-being is critical for academic success. Your Committee further finds that although the University of Hawaii provides mental health services for students, recent assessments and student feedback indicate that there is an increased demand for these services. As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 96 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1875 Health on H.R. No. 139

The purpose of this measure is to urge the Department of Education, Department of Health, and other relevant stakeholders to collaborate and develop a strategic plan to prepare for Hawaii's pursuit of funding for and participation in the Centers for Disease Control and Prevention's public health surveillance for estimating autism prevalence.

Your Committee received testimony in support of this measure from the State Council on Developmental Disabilities; Health Committee of the Democratic Party of Hawai'i; BAYDA; Early Childhood Action Strategy; Pakolea Support Services; Mau Loa Learning LLC; Full Life; Balanced ABA; and numerous individuals.

Your Committee finds that the Centers for Disease Control and Prevention estimates that autism affects one in thirty-six children in the United States, which is a significant increase from the 2000 autism prevalence estimate of one in one hundred forty-nine children. Your Committee further finds that the Centers for Disease Control and Prevention's Autism and Developmental Disabilities Monitoring Network is the primary source of autism prevalence data in the United States. However, despite research indicating that Asians, Native Hawaiians, and other Pacific Islanders have a higher prevalence of autism, Hawaii has not been included in the national surveillance effort. This measure seeks to address this oversight by urging the Department of Education, Department of Health, and other relevant stakeholders to prepare a strategic plan to enable the State to participate in public health surveillance for estimating autism prevalence.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 139 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1876 Health on H.C.R. No. 145

The purpose of this measure is to urge the Department of Education, Department of Health, and other relevant stakeholders to collaborate and develop a strategic plan to prepare for Hawaii's pursuit of funding for and participation in the Centers for Disease Control and Prevention's public health surveillance for estimating autism prevalence.

Your Committee received testimony in support of this measure from the Department of Education; State Council on Developmental Disabilities; Free Citizens of Maunaloa; Health Committee of the Democratic Party of Hawai'i; BAYDA; Early Childhood Action Strategy; Hawai'i Association for Behavior Analysis; Pakolea Support Services; Mau Loa Learning LLC; Full Life; Balanced ABA; and numerous individuals.

Your Committee finds that the Centers for Disease Control and Prevention estimates that autism affects one in thirty-six children in the United States, which is a significant increase from the 2000 autism prevalence estimate of one in one hundred forty-nine children. As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 145 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1877 Health on H.R. No. 179

The purpose of this measure is to request the Department of Education, in collaboration with the Department of Health and State Public Charter School Commission, to conduct a study on the practices of managing heat exposure in Department and charter schools to protect student's health during outdoor activities.

Your Committee received testimony in support of this measure from the Department of Health; Health Committee of the Democratic Party of Hawai'i; Climate Change and Health Working Group; and two individuals.

Your Committee finds that rising air temperatures and Hawaii's high average relative humidity pose a significant challenge to human thermoregulation, particularly for individuals exercising outdoors where high humidity reduces the efficacy of the body's ability to cool itself through sweating. Your Committee further finds that children and younger athletes are particularly vulnerable to exertional heat illness as they have reduced thermoregulation capabilities and slower heat acclimatization compared to adults and are often unable to control the timing and conditions of outdoor activities, such as recess and individual or team practices, and may have limited access to hydration during these activities. This measure seeks to improve student health by requesting the Department of Education, in collaboration with appropriate stakeholders, to conduct a study on heat exposure management practices in Department and charter schools.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 179 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1878 Health on H.C.R. No. 186

The purpose of this measure is to request the Department of Education, in collaboration with the Department of Health and State Public Charter School Commission, to conduct a study on the practices of managing heat exposure in Department and charter schools to protect student's health during outdoor activities.

Your Committee received testimony in support of this measure from the Department of Education; Department of Health; Health Committee of the Democratic Party of Hawai'i; and two individuals.

Your Committee finds that rising air temperatures and Hawaii's high average relative humidity pose a significant challenge to human thermoregulation, particularly for individuals exercising outdoors where high humidity reduces the efficacy of the body's ability to cool itself through sweating. Your Committee further finds that children and younger athletes are particularly vulnerable to exertional heat illness as they have reduced thermoregulation capabilities and slower heat acclimatization compared to adults and are often unable to control the timing and conditions of outdoor activities, such as recess and individual or team practices, and may have limited access to hydration during these activities. This measure seeks to improve student health by requesting the Department of Education, in collaboration with appropriate stakeholders, to conduct a study on heat exposure management practices in Department and charter schools.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 186 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1879 Health on H.R. No. 182

The purpose of this measure is to declare a public health emergency relating to climate change and requesting statewide coordination to identify, plan for, and create cross-sector solutions to strengthen Hawaii's public health response to climate crisis.

Your Committee received testimony in support of this measure from the Department of Health; Life of the Land; Health Committee of the Democratic Party of Hawai'i; Hawai'i Public Health Association; Coalition Earth; 350Hawaii.org; Hawai'i Public Health Institute; Hawaii Climate Change and Health Working Group; and numerous individuals.

Your Committee finds that the effects of climate change, such as increased heat, crop failures, food and water insecurity, extreme weather events, vector-borne and waterborne diseases, seriously impact public health and constitute a public health emergency. Your Committee further finds that addressing the

impacts of climate change on public health will require a multi-disciplinary approach and statewide coordination, commitment, and mobilization of resources between departments. This measure acknowledges the severity of the impacts climate change has on the health of Hawaii's people and calls on the various state departments to identify, plan for, and create cross-sector solutions to strengthen the State's public health response to the climate crisis.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 182, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 182, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, 2 (Alcos, Garcia). Excused, none.

SCRep. 1880 Health on H.C.R. No. 188

The purpose of this measure is to declare a public health emergency relating to climate change and requesting statewide coordination to identify, plan for, and create cross-sector solutions to strengthen Hawaii's public health response to climate crisis.

Your Committee received testimony in support of this measure from Life of the Land; Climate Protectors Hawaii; Health Committee of the Democratic Party of Hawai'i; Hawai'i Public Health Association; Coalition Earth; 350Hawaii.org; Hawai'i Public Health Institute; Hawaii Climate Change and Health Working Group; and numerous individuals.

Your Committee finds that the effects of climate change, such as increased heat, crop failures, food and water insecurity, extreme weather events, vector-borne and waterborne diseases, seriously impact public health and constitute a public health emergency. Your Committee further finds that addressing the impacts of climate change on public health will require a multi-disciplinary approach and statewide coordination, commitment, and mobilization of resources between departments. This measure acknowledges the severity of the impacts climate change has on the health of Hawaii's people and calls on the various state departments to identify, plan for, and create cross-sector solutions to strengthen the State's public health response to the climate crisis.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 188, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 188, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, 2 (Alcos, Garcia). Excused, none.

SCRep. 1881 Energy & Environmental Protection on H.R. No. 191

The purpose of this measure is to urge the Department of Land and Natural Resources Division of Forestry and Wildlife to prioritize the restoration and protection of additional wetlands and anchialine pools.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Kihei Community Association; Environmental Caucus of the Democratic Party of Hawai'i; and numerous individuals.

Your Committee finds that wetlands are a vital part of Hawaii's environment and ecosystem, serving as natural filters for stream, storm, and urban runoff and providing natural habitats for flora, fauna, and endangered species. Your Committee further finds that anchialine pools are aquatic ecosystems that are home to rare, endangered species and support coral reef and ocean health. This measure encourages the protection and environmental health of wetlands and anchialine pools in the State.

Your Committee has amended this measure by:

- (1) Clarifying that the Department of Land and Natural Resources, not its Division of Forestry and Wildlife, is urged to prioritize the restoration and protection of additional wetlands;
- (2) Clarifying that the Division of Aquatic Resources, rather than the Division of Agricultural Resources, of the Department of Land and Natural Resources is urged to apply protective policies afforded to wetlands to the State's anchialine pools;
- (3) Clarifying that the County of Maui is requested to ensure that the protection of wetlands, especially wetlands in Kihei, Maui, is prioritized over development concerns;
- (4) Amending the list of recipients of certified copies of this measure;
- (5) Amending its title in accordance with its amended purpose; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 191, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 191, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Quinlan).

SCRep. 1882 Energy & Environmental Protection on H.C.R. No. 199

The purpose of this measure is to urge the Department of Land and Natural Resources Division of Forestry and Wildlife to prioritize the restoration and protection of additional wetlands and anchialine pools.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Kihei Community Association; Environmental Caucus of the Democratic Party of Hawai'i; and numerous individuals.

Your Committee finds that wetlands are a vital part of Hawaii's environment and ecosystem, serving as natural filters for stream, storm, and urban runoff and providing natural habitats for flora, fauna, and endangered species. Your Committee further finds that anchialine pools are aquatic ecosystems that are home to rare, endangered species and support coral reef and ocean health. This measure encourages the protection and environmental health of wetlands and anchialine pools in the State.

Your Committee has amended this measure by:

- (1) Clarifying that the Department of Land and Natural Resources, not its Division of Forestry and Wildlife, is urged to prioritize the restoration and protection of additional wetlands;

- (2) Clarifying that the Division of Aquatic Resources, rather than the Division of Agricultural Resources, of the Department of Land and Natural Resources is urged to apply protective policies afforded to wetlands to the State's anchialine pools;
- (3) Clarifying that the County of Maui is requested to ensure that the protection of wetlands, especially wetlands in Kihei, Maui, is prioritized over development concerns;
- (4) Amending the list of recipients of certified copies of this measure;
- (5) Amending its title in accordance with its amended purpose; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 199, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 199, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Quinlan).

SCRep. 1883 Energy & Environmental Protection on H.R. No. 27

The purpose of this measure is to request the reconvening of the working group established pursuant to House Resolution No. 18, H.D. 1 (Regular Session of 2024) to continue the efforts to address issues related to water and air contamination and remediation arising from the operation of the Puuloa Range Training Facility.

Your Committee received testimony in support of this measure from the Department of Health; Sierra Club of Hawai'i; Green Party of Hawai'i; Environmental Caucus of the Democratic Party of Hawai'i; Conservation Council for Hawai'i; Small Business Alliance; CountryTalkStory; We Are One, Inc.; and numerous individuals.

Your Committee finds that soil sampling conducted near the Puuloa Range Training Facility, a shooting range used by the United States Marine Corps, identified high levels of lead contamination. Your Committee further finds that a working group that was convened to address the water and air contamination issues arising from the operation of the Puuloa Range Training Facility is set to cease operation on June 30, 2025. This measure ensures that the working group can continue its efforts to address the environmental issues related to the Puuloa Range Training Facility.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 27, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Quinlan).

SCRep. 1884 Energy & Environmental Protection on H.C.R. No. 28

The purpose of this measure is to request the reconvening of the working group established pursuant to House Resolution No. 18, H.D. 1 (Regular Session of 2024) to continue the efforts to address issues related to water and air contamination and remediation arising from the operation of the Puuloa Range Training Facility.

Your Committee received testimony in support of this measure from the Sierra Club of Hawai'i; Green Party of Hawai'i; Environmental Caucus of the Democratic Party of Hawai'i; Conservation Council for Hawai'i; Free Access Coalition; Small Business Alliance; CountryTalkStory; We Are One, Inc.; and numerous individuals.

Your Committee finds that soil sampling conducted near the Puuloa Range Training Facility, a shooting range used by the United States Marine Corps, identified high levels of lead contamination. Your Committee further finds that a working group that was convened to address the water and air contamination issues arising from the operation of the Puuloa Range Training Facility is set to cease operation on June 30, 2025. This measure ensures that the working group can continue its efforts to address the environmental issues related to the Puuloa Range Training Facility.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 28, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Quinlan).

SCRep. 1885 Public Safety on H.R. No. 148

The purpose of this measure is to request the Department of Corrections and Rehabilitation to incrementally and systematically reduce the number of inmates incarcerated in private, out-of-state correctional facilities.

Your committee received testimony from the Department of Corrections and Rehabilitation providing comments, and the ACLU Hawaii which strongly supports the resolution and provided comments.

Your committee finds that the State has relied on contracted private, for-profit, out-of-state correctional facilities to house a significant portion of the State's inmate population for more than two decades. Your committee also finds that housing inmates this far away from their families continues to cause adverse effects on their reentry and reintegration back into community.

As affirmed by the record of votes of the members of your Committee on Public Safety that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 148 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 1 (Woodson).

SCRep. 1886 Public Safety on H.C.R. No. 153

The purpose of this measure is to request the Department of Corrections and Rehabilitation to incrementally and systematically reduce the number of inmates incarcerated in private, out-of-state correctional facilities.

Your committee received testimony from the Department of Corrections and Rehabilitation providing comments, and the ACLU Hawaii which strongly supports the resolution and provided comments.

Your committee finds that the State has relied on contracted private, for-profit, out-of-state correctional facilities to house a significant portion of the State's inmate population for more than two decades. Your committee also finds that housing inmates this far away from their families continues to cause adverse effects on their reentry and reintegration back into community.

As affirmed by the record of votes of the members of your Committee on Public Safety that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 153 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 1 (Woodson).

SCRep. 1887 Public Safety on H.R. No. 159

The purpose of this measure is to ensure up-to-date information about hurricane refuges and shelters is available to the public electronically, on a government-run website, with the following minimum criteria: facility name, address, relevant site-specific instructions; category of hurricane the shelter or refuge area can sustain; capacity limit; pet-friendliness designation; and special needs accommodation designation.

Your Committee received testimony from the Department of Education providing comments, and testimony in support from the State Council on Developmental Disabilities, the Hawaii Climate Change Health Working Group, and three individuals.

Your Committee recognizes Hawaii's rising risk of experiencing extreme weather events, the importance of electronically accessible information so that the public can seek refuge at a moment's notice, and the current lack of a comprehensive list of hurricane refuges and shelters throughout the entire state. Your committee also finds that though an electronically accessible listing of all emergency refuges and shelters is critical, there needs to be a disclaimer explaining that not all locations will necessarily be opened during a particular emergency because the designating of emergency refuges and shelters are determined and announced at the time an emergency is declared.

Your committee also concurs with the appropriateness of changing the outdated term "special needs" to "access and functional needs" as recommended by the State Council on Developmental Disabilities.

Your committee has amended this measure by:

- (1) Requesting the counties include disclaimers to the electronically accessible list of refuges and shelters that makes it clear that not all locations will necessarily be opened because the designating of emergency refuges and shelters will be determined and announced at the time an emergency is declared; and
- (2) Replacing all "special needs" language with "access and functional needs".

As affirmed by the record of votes of the members of your Committee on Public Safety that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 159, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 159, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 1 (Woodson).

SCRep. 1888 Public Safety on H.C.R. No. 164

The purpose of this measure is to ensure up-to-date information about hurricane refuges and shelters is available to the public electronically, on a government-run website, with the following minimum criteria: facility name, address, relevant site-specific instructions; category of hurricane the shelter or refuge area can sustain; capacity limit; pet-friendliness designation; and special needs accommodation designation.

Your Committee received testimony from the Department of Education providing comments, and testimony in support from the State Council on Developmental Disabilities, the Hawaii Climate Change Health Working Group, and three individuals.

Your Committee recognizes Hawaii's rising risk of experiencing extreme weather events, the importance of electronically accessible information so that the public can seek refuge at a moment's notice, and the current lack of a comprehensive list of hurricane refuges and shelters throughout the entire state. Your committee also finds that though an electronically accessible listing of all emergency refuges and shelters is critical, there needs to be a disclaimer explaining that not all locations will necessarily be opened during a particular emergency because the designating of emergency refuges and shelters are determined and announced at the time an emergency is declared.

Your committee also concurs with the appropriateness of changing the outdated term "special needs" to "access and functional needs" as recommended by the State Council on Developmental Disabilities.

Your committee has amended this measure by:

- (1) Requesting the counties include disclaimers to their electronically accessible list of refuges and shelters that makes it clear that not all locations will necessarily be opened because the designating of emergency refuges and shelters will be determined and announced at the time such an emergency is declared; and
- (2) Replacing all "special needs" language with "access and functional needs".

As affirmed by the record of votes of the members of your Committee on Public Safety that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 164, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 164, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 1 (Woodson).

SCRep. 1889 Public Safety on H.R. No. 200

The purpose of this measure is to urge the United States Department of Defense to make recreational facilities on military installations in Hawaii accessible to all Hawaii residents.

Your committee received testimony from two individuals in support and one individual in opposition.

Your committee finds that the United States military maintains a significant presence in Hawaii including a wide range of high-quality recreational facilities, and that military installations in other states and jurisdictions have allowed varying degrees of public access to these recreational facilities. Your committee believes that expanding public access to these recreational facilities would foster stronger relationships between the military and local community, promoting goodwill.

As affirmed by the record of votes of the members of your Committee on Public Safety that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 200 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Belatti, Lamosao, Morikawa, Souza). Noes, 1 (Shimizu). Excused, 1 (Woodson).

SCRep. 1890 Public Safety on H.C.R. No. 208

The purpose of this measure is to urge the United States Department of Defense to make recreational facilities on military installations in Hawaii accessible to all Hawaii residents.

Your committee received testimony from two individuals in support and one individual in opposition.

Your committee finds that the United States military maintains a significant presence in Hawaii including a wide range of high-quality recreational facilities, and that military installations in other states and jurisdictions have allowed varying degrees of public access to these recreational facilities. Your committee believes that expanding public access to these recreational facilities would foster stronger relationships between the military and local community, promoting goodwill.

As affirmed by the record of votes of the members of your Committee on Public Safety that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 208 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Belatti, Lamosao, Morikawa, Souza). Noes, 1 (Shimizu). Excused, 1 (Woodson).

SCRep. 1891 Public Safety on H.C.R. No. 19

The purpose of this measure is to strengthen the public-military relationship in Hawaii by creating a taskforce comprised of the Governor, the President of the Senate, the Speaker of the House of Representatives, the Mayor of the City and County of Honolulu, and the Commander of the United States Indo-Pacific Command.

In the first hearing of this measure, your Committee received testimony in support from the Department of Business, Economic Development and Tourism, and three individuals; and received testimony in opposition from one individual. In the second and final hearing of this measure, your Committee received testimony in support from one individual.

Your Committee recognizes the public's call for greater transparency in the legislative process. Typically, when an individual Chair is personally opposed to a measure, they unilaterally defer it, without a vote. In this case, the Vice Chair (Acting Chair) was personally opposed to the measure, but wanted to ensure that committee members could record their support. Therefore, the Acting Chair recommended the measure be passed as is, despite voting against it as the individual Representative from Kakaako. Your Committee recognizes that the broad goals outlined in this measure fall short of identifying longstanding tensions and community concerns, and could be further refined to provide more guidance for the work of the task force.

As affirmed by the record of votes of the members of your Committee on Public Safety that is attached to this report, your Committee ultimately concurs with the intent and purpose of H.C.R. No. 19 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Souza). Noes, 1 (Iwamoto). Excused, 2 (Ichiyama, Poepoe).

SCRep. 1892 Energy & Environmental Protection on H.R. No. 143

The purpose of this measure is to request the Department of Land and Natural Resources to convene a working group to assess environmental and conservation initiatives needed to transition Volcano, Hawaii, into a biosphere area that promotes environmental sustainability and community well-being and complements the neighboring Hawaiian Islands Biosphere Reserve.

Your Committee received testimony in support of this measure from Alaula Kipuka Refuge; Hawai'i Forest Farms; the Environmental Caucus of the Democratic Party of Hawai'i; Sierra Club of Hawai'i, Hawai'i Island Group; Volcano Community Association; and numerous individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that Hawaii Volcanoes National Park was part of the United Nations Educational, Scientific and Cultural Organization (UNESCO) designated Hawaiian Islands Biosphere Reserve, meaning the area met certain standards related to conservation, sustainable development, and scientific research. Your Committee further finds that the high environmental standards met by Hawaii Volcanoes National Park starkly contrast with the greater Volcano, Hawaii area, which has been subject to invasive plant species, Rapid Ohia Death, forest degradation, and other environmental issues. This measure encourages a coordinated effort to develop initiatives needed to promote the environmental well-being of Volcano, Hawaii.

Your Committee has amended this measure by:

- (1) Clarifying that the Hawaiian Islands Biosphere Reserve was, but is not currently, designated as a United Nations Educational, Scientific and Cultural Organization (UNESCO) biosphere reserve;
- (2) Changing the membership of the working group; and
- (3) Amending the list of recipients of certified copies of this measure.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 143, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 143, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Quinlan).

SCRep. 1893 Energy & Environmental Protection on H.C.R. No. 149

The purpose of this measure is to request the Department of Land and Natural Resources to convene a working group to assess environmental and conservation initiatives needed to transition Volcano, Hawaii, into a biosphere area that promotes environmental sustainability and community well-being and complements the neighboring Hawaiian Islands Biosphere Reserve.

Your Committee received testimony in support of this measure from Alaula Kipuka Refuge; Hawai'i Forest Farms; the Environmental Caucus of the Democratic Party of Hawai'i; Sierra Club of Hawai'i, Hawai'i Island Group; Volcano Community Association; and numerous individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that Hawaii Volcanoes National Park was part of the United Nations Educational, Scientific and Cultural Organization (UNESCO) designated Hawaiian Islands Biosphere Reserve, meaning the area met certain standards related to conservation, sustainable development, and scientific research. Your Committee further finds that the high environmental standards met by Hawaii Volcanoes National Park starkly contrast with the greater Volcano, Hawaii area, which has been subject to invasive plant species, Rapid Ohia Death, forest degradation, and other environmental issues. This measure encourages a coordinated effort to develop initiatives needed to promote the environmental well-being of Volcano, Hawaii.

Your Committee has amended this measure by:

- (1) Clarifying that the Hawaiian Islands Biosphere Reserve was, but is not currently, designated as a United Nations Educational, Scientific and Cultural Organization (UNESCO) biosphere reserve;
- (2) Changing the membership of the working group; and
- (3) Amending the list of recipients of certified copies of this measure.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 149, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 149, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Quinlan).

SCRep. 1894 Tourism on H.C.R. No. 192

The purpose of this measure is to request the Department of Business, Economic Development, and Tourism to establish a Native Hawaiian Economic Development Working Group (Working Group).

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Department of Business, Economic Development, and Tourism; Nation of Hawaii; Ironworkers Stabilization Fund; and five individuals. Your Committee received testimony in opposition to this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu and three individuals. Your Committee received comments on this measure from one individual.

Your Committee has amended this measure by:

- (1) Adding one representative each from the Office of Hawaiian Affairs, Council for Native Hawaiian Advancement, and Native Hawaiian Chamber of Commerce as members of the Working Group; and
- (2) Instead of requesting the Working Group to consider gaming as one pathway to spur economic opportunity for Native Hawaiians, requesting the Working Group to study the definition of gaming and look at all options to spur economic opportunity.

As affirmed by the record of votes of the members of your Committee on Tourism that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 192, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 192, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Matsumoto). Noes, none. Excused, 1 (Ilagan).

SCRep. 1895 Finance on S.B. No. 693

The purpose of this measure is to appropriate funds for the continued implementation of the Food Hub Pilot Program, including the awarding of grants to qualifying food hubs.

Your Committee received testimony in support of this measure from the Department of Agriculture; Department of Research and Development, County of Hawai'i; Mālama Kaua'i; Hawai'i Pacific Health; Hawaii Primary Care Association; Ohana Unity Party; Hawai'i Farm Bureau; Hawai'i Reef and Ocean Coalition; Climate Protectors Hawai'i; Hawai'i Alliance for Progressive Action; Hawai'i Farmers Union; and numerous individuals.

Your Committee received comments on this measure from the Hawai'i Food Hub Hui; Hawai'i 'Ulu Cooperative; and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 693, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1896 Finance on S.B. No. 1249

The purpose of this measure is to:

- (1) Establish an Agricultural Crime Prevention Program within the Department of Agriculture to provide grants, education, administrative enforcement, and other services to benefit the State's agricultural industry;
- (2) Clarify, create, and strengthen laws regarding crimes and violations related to agriculture or agricultural lands and hunting on private agricultural lands;
- (3) Establish clear distinctions between administrative and criminal penalties; and
- (4) Appropriate funds to the Department of Agriculture to carry out this measure and hire necessary staff.

Your Committee received testimony in support of this measure from the Hawaii Cattlemen's Council, Inc.; Kapapala Ranch; Hawai'i Farm Bureau; Ponoholo Ranch; Hawai'i Food+ Policy; Ohana Unity Party; and numerous individuals. Your Committee received testimony in opposition to this measure from the Office of the Public Defender. Your Committee received comments on this measure from the Department of Budget and Finance; Department of Agriculture; and Department of the Attorney General.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1249, S.D. 1, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1897 Finance on S.B. No. 1304

The purpose of this measure is to appropriate funds to the Department of Agriculture for the continued monitoring of pesticide drift in schools statewide.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Office of the Mayor of the County of Maui; Hawai'i Farm Bureau; Hawai'i Farmers Union; Land Use Research Foundation of Hawaii; and one individual. Your Committee received comments on this measure from the Department of Agriculture; University of Hawai'i System; and Hawai'i Alliance for Progressive Action.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1304, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1898 Finance on S.B. No. 1547

The purpose of this measure is to authorize the issuance of special purpose revenue bonds to assist Aloun Kauai Farming LLC, in the planning, design, construction, and maintenance of an integrated dairy.

Your Committee received testimony in support of this measure from Ulupono Initiative; Hawai'i Farm Bureau; Aloun Farm, Inc.; and Ohana Unity Party. Your Committee received testimony in opposition to this measure from the Libertarian Party of Hawaii and seven individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1547, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1899 Finance on S.B. No. 441

The purpose of this measure is to designate the Hawaii Symphony Orchestra as the "State of Hawaii Symphony Orchestra"; exempt state funds received by the Orchestra from the requirements of chapter 42F, Hawaii Revised Statutes; and appropriate funds for general operating costs of the Orchestra and for deposit into the State of Hawaii Endowment Fund.

Your Committee received testimony in support of this measure from Pride at Work – Hawai'i; ABC Stores; Hawaii State AFL-CIO; Hawai'i Symphony Orchestra; Schluter, Kwiat & Kennedy LLLP; Servco Pacific, Inc.; IATSE Local 665; Democratic Party of Hawai'i; Hawai'i Youth Symphony; Mappy, Inc.; Artusi; Ballet Hawaii; and numerous individuals. Your Committee received comments on this measure from the State Foundation on Culture and the Arts and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 441, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Hussey, Alcos, Ward).

SCRep. 1900 Finance on S.B. No. 125

The purpose of this measure is to:

- (1) Make the following business activities eligible for State Enterprise Zone Program incentives: retail sales of tangible personal property manufactured and sold in the enterprise zone to the final consumer, the processing of value-added agricultural products grown within an enterprise zone, the provision of professional services by health care professionals in health-care-related sectors, the use of advanced manufacturing to produce products, and the development of cybersecurity technology;
- (2) Extend the eligibility period of the State Business Tax Credit and General Excise Tax exemption for qualified businesses; and
- (3) Extend the eligibility period of the General Excise Tax exemption for qualified businesses engaged in the manufacturing of tangible personal property or the producing or processing of agricultural products.

Your Committee received testimony in support of this measure from the Hawaii Military Affairs Council; Young Democrats of Hawai'i; Hawaii Food Industry Association; Holomua Collaborative; Mana Up; Hawai'i Community Foundation; Tori Richard, Ltd; Title Guaranty of Hawai'i; HPM Building Supply; Hawai'i Forest Industry Association; Hawai'i Farm Bureau; Chamber of Commerce Hawaii; Grassroot Institute of Hawaii; Hawai'i Farmers Union; Maui Chamber of Commerce; and two individuals. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism; Department of Taxation; Agribusiness Development Corporation; and Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 125, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1901 Finance on S.B. No. 742

The purpose of this measure is to establish and appropriate funds for a Data Sharing and Governance Working Group within the Office of Enterprise Technology Services.

Your Committee received testimony in support of this measure from the Office of the Governor; Office of Wellness and Resilience; Department of Labor and Industrial Relations; Department of Human Services; Office of Hawaiian Affairs; Executive Office on Early Learning; Hawaii State Commission on the Status of Women; Workforce Development Council; HawaiiKidsCAN; Hawai'i Workforce Funders Collaborative; and one individual. Your Committee received comments on this measure from the University of Hawai'i System and Office of Enterprise Technology Services.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 742, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1902 Finance on S.B. No. 440

The purpose of this measure is to establish and appropriate funds for the Future Career and Technical Education Teacher Scholarship Program to facilitate the recruitment and retention of career and technical education teachers in public schools.

Your Committee received testimony in support of this measure from the Chamber of Commerce Hawaii. Your Committee received comments on this measure from the Department of Education; Department of Business, Economic Development, and Tourism; and Office of Hawaiian Affairs.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 440, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Hussey, Alcos, Ward).

SCRep. 1903 Finance on S.B. No. 119

The purpose of this measure is to appropriate funds for the establishment of a Bachelor of Science in Nursing degree program at the University of Hawaii Maui College and for related costs, including costs for meeting the increased demand for prerequisite courses, additional personnel, supplies, equipment, simulation and laboratory upgrades, and instructional costs.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; State Health Planning and Development Agency; Hawai'i Nurses' Association - OPEIU Local 50, AFL-CIO; Healthcare Association of Hawaii; Hawaii Primary Care Association; Hawai'i - American Nurses Association; AlohaCare; and four individuals. Your Committee received comments on this measure from the University of Hawai'i System.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 119, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Hussey, Alcos, Ward).

SCRep. 1904 Finance on S.B. No. 1146

The purpose of this measure is to appropriate funds to the University of Hawaii to develop an action plan and pre-engineering concept plan to help with debris management and water quality control in the Ala Wai watershed, establish graduate assistant positions to assist with the action plan and pre-engineering concept plan, and provide partial summer overload support for faculty mentors.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Waikiki Neighborhood Board; Waikiki Beach Special Improvement District Association; Hawai'i Reef and Ocean Coalition; and two individuals. Your Committee received comments on this measure from the University of Hawai'i System.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1146, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Hussey, Alcos, Ward).

SCRep. 1905 Finance on S.B. No. 298

The purpose of this measure is to appropriate funds to increase funding for Medicaid in-home services.

Your Committee received testimony in support of this measure from the Executive Office on Aging; Disability and Communication Access Board; AARP Hawai'i; and AlohaCare. Your Committee received comments on this measure from the Department of Human Services and State Health Planning and Development Agency.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 298, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1906 Finance on S.B. No. 26

The purpose of this measure is to:

- (1) Establish the Affordable Housing Land Inventory Task Force to conduct a study, subject to legislative appropriation, to assess the viability of housing development in transit-oriented development zones or other areas on state or county lands;
- (2) Require the Task Force to submit a report to the Legislature; and
- (3) Appropriate funds for a staff position and contractual services incurred by the Task Force.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation; Hawai'i Community Development Authority; Hawaii Public Housing Authority; Office of the Mayor of the County of Hawai'i; and County of Hawai'i Office of Housing and Community Development. Your Committee received comments on this measure from the Land Use Research Foundation of Hawaii and Office of Planning and Sustainable Development.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 26, S.D. 2, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1907 Finance on S.B. No. 65

The purpose of this measure is to appropriate funds to the Hawaii Public Housing Authority for the rehabilitation, remodeling, renovation, and repair of public housing units.

Your Committee received testimony in support of this measure from the Hawaii Public Housing Authority; Makakilo/Kapolei/Honokai Hale Neighborhood Board No. 34; Catholic Charities Hawai'i; Kunia Village Title Holding Corporation; and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 65, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1908 Finance on S.B. No. 414

The purpose of this measure is to:

- (1) Require the Department of Transportation to institute proceedings to condemn portions of certain lands in Lahaina to build a new access road from Keawe Street to the Kilohana and Kalaiala sites developed in the Villages of Leialii; and
- (2) Appropriate funds out of the Major Disaster Fund for appraisals and other preparations necessary to institute the condemnation proceedings.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands and Maui Chamber of Commerce. Your Committee received comments on this measure from the Department of Human Services.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 414, S.D. 2, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1909 Finance on S.B. No. 572

The purpose of this measure is to:

- (1) Add loan funds administered by nonprofit community development financial institutions for certain for-sale affordable housing projects to the list of loan priorities for the Affordable Homeownership Revolving Fund; and
- (2) Expand the use of Affordable Homeownership Revolving Fund monies to allow financing as matching funds for nonprofit community development financial institutions to mobilize other funding sources.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 572, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1910 Finance on S.B. No. 826

The purpose of this measure is to specify that the School Facilities Authority is not eligible as a housing developer for the purposes of the Low-Income Housing Tax Credit.

Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 826, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1911 Finance on S.B. No. 944

The purpose of this measure is to:

- (1) Clarify that a partner or member that is a partnership or limited liability company that has been allocated a Low-Income Housing Tax Credit may either further allocate the credit or transfer, sell, or assign all or a portion of the credit to any taxpayer; and
- (2) Extend the sunset date of Act 129, Session Laws of Hawaii 2016, relating to the Low—Income Housing Tax Credit, until December 31, 2032.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation; Sugar Creek Capital; NAIOP Hawaii; Āhē Group LLC; American Council of Life Insurers; Stanford Carr Development, LLC; Maui Chamber of Commerce; and Chamber of Commerce of Hawaii. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 944, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1912 Finance on S.B. No. 1002

The purpose of this measure is to:

- (1) Require the Department of Land and Natural Resources, through the State Historic Preservation Division, to contract its review of proposed state projects and projects affecting historic properties to third-party consultants if the proposed project involves a development intended to be affordable housing, under certain conditions;
- (2) Require the Department of Land and Natural Resources to publish proposed rules regarding the contracting of third—party consultants on its website and later present proposed final rules to the Board of Land and Natural Resources; and
- (3) Appropriate funds to the State Historic Preservation Division for the recruitment and retention of qualified third—party consultants.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation; Young Democrats of Hawai'i; Hawai'i Association of REALTORS; Grassroot Institute of Hawaii; Maui Chamber of Commerce; and Housing Hawai'i's Future. Your Committee received testimony in opposition to this measure from the O'ahu Historic Preservation Commission of the City and County of Honolulu and Ko'olau Foundation. Your Committee received comments on this measure from the Department of Land and Natural Resources; Office of Hawaiian Affairs; NAIOP Hawaii; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1002, S.D. 2, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1913 Finance on S.B. No. 1229

The purpose of this measure is to:

- (1) Extend the Dwelling Unit Revolving Fund Equity Pilot Program to June 30, 2030; and
- (2) Require the Hawaii Housing Finance and Development Corporation to give a preference to for-sale housing development projects that are developed under governmental assistance programs approved by the Corporation.

Your Committee received testimony in support of this measure from one member of the Maui County Council; Department of Human Resources of the City and County of Honolulu; Hawai'i Community Foundation; Holomua Collaborative; Maui Chamber of Commerce; and Hawaii Appleseed Center for Law & Economic Justice. Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1229, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1914 Finance on S.B. No. 224

The purpose of this measure is to require the Department of Corrections and Rehabilitation to:

- (1) In collaboration with various agencies and upon request of the inmates, assist inmates in obtaining their civil identification card, birth certificate, social security card, and other relevant identification necessary for successful reentry into society, as soon as practicable, but no later than one year before the inmate's parole or release date; and
- (2) Initiate the process of obtaining identification documents for inmates released to work furlough, extended furlough, or community placement programs, by providing the forms necessary for the inmate to obtain civil identification cards and other identification documents to the inmate as soon as practicable, but no later than ninety days before the inmate's release date.

Your Committee received testimony in support of this measure from the Department of Corrections and Rehabilitation; Office of the Public Offender; Office of Hawaiian Affairs; Community Alliance on Prisons; Opportunity for Youth Action Hawai'i; Ohana Unity Party; and four individuals. Your Committee received comments on this measure from the Department of Human Services.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 224, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1915 Finance on S.B. No. 223

The purpose of this measure is to:

- (1) Require and appropriate funds for the Department of Land and Natural Resources to establish an independent program relating to the prevention, control, and extinguishment of wildland fires within forest reserves;
- (2) Authorize the Administrator of Forestry and Wildlife to establish and maintain facilities for the performance of fire protection, fire prevention, pest control, and forest and range protection and enhancement activities;
- (3) Allow the State Fire Council to amend the State Fire Code to require certain owners and occupants of properties and holders of easements located in hazardous fire areas to maintain effective firebreaks and to practice other fire prevention activities; and
- (4) Require and appropriate funds for the Department of Land and Natural Resources to establish and implement a Community Fuels Reduction Project to reduce hazardous wildfire fuels on state lands, particularly those adjacent to communities.

Your Committee received testimony in support of this measure from the Department of Education; Hawai'i Forest Industry Association; Ohana Unity Party; and one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources; Honolulu Fire Department; Life of the Land; and Land Use Research Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 223, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1916 Finance on S.B. No. 183

The purpose of this measure is to:

- (1) Allow impasses and disputes relating to the amounts of state and county contributions to the Hawaii Employer-Union Health Benefits Trust Fund to be resolved by arbitration; and
- (2) Repeal the prohibition against strikes by members of bargaining units on the issue of the amounts of state and county contributions to the Trust Fund.

Your Committee received testimony in support of this measure from the University of Hawaii Professional Assembly; United Public Workers, AFSCME Local 646, AFL-CIO; Hawaii State AFL-CIO; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO. Your Committee received testimony in opposition to this measure from the Department of Budget and Finance. Your Committee received comments on this measure from the Department of Human Resources Development.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 183, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1917 Finance on S.B. No. 583

The purpose of this measure is to:

- (1) Allow the naming rights of the Stadium Facility and Convention Center Facility to be leased to any public or private entity; and
- (2) Require any revenues derived from advertising or marketing in or on the Stadium or Convention Center to be deposited into the applicable special fund of the facility.

Your Committee received testimony in support of this measure from the Stadium Authority. Your Committee received testimony in opposition to this measure from The Outdoor Circle; Hawaii's Thousand Friends; and numerous individuals. Your Committee received comments on this measure from the Department of the Attorney General; Department of Budget and Finance; and Hawai'i Tourism Authority.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 583, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (Grandinetti, Alcos). Noes, 1 (Reyes Oda). Excused, 2 (Hussey, Ward).

SCRep. 1918 Finance on S.B. No. 1065

The purpose of this measure is to prohibit the State, including its departments, agencies, or political subdivisions, from requiring a bachelor's degree as a qualification for a state or county position, unless the knowledge and skills required to perform job duties can only be obtained through the culmination of coursework in a bachelor's degree program.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services; Hawai'i State Council on Developmental Disabilities; Grassroot Institute of Hawaii; and three individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Human Resources Development.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1065, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1919 Finance on S.B. No. 1491

The purpose of this measure is to:

- (1) Add the Department of Taxation and Department of Business, Economic Development, and Tourism to the list of state agencies required to share data and determine the data to be shared through the Statewide Longitudinal Data System; and
- (2) Require data provided by the Department of Taxation and Department of Business, Economic Development, and Tourism to be aggregated or anonymized.

Your Committee received testimony in support of this measure from the Department of Taxation; Department of Business, Economic Development, and Tourism; University of Hawai'i System; and Hawai'i P-20 Partnerships for Education. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1491, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1920 Finance on S.B. No. 1567

The purpose of this measure is to:

- (1) Require the Department of Human Resources Development to conduct a comprehensive review of the classification and compensation systems for state executive agencies;
- (2) Allow the Department of Human Resources Development to contract a third-party to assist with the completion of the review; and
- (3) Appropriate funds to support the completion of the review.

Your Committee received testimony in support of this measure from the Department of Human Resources Development and Holomua Collaborative.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1567, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1921 Finance on S.B. No. 465

The purpose of this measure is to require and appropriate funds for the Department of Land and Natural Resources to conduct a study of the carrying capacity of Kikiaola Small Boat Harbor and its surrounding area in the County of Kauai.

Your Committee received testimony in support of this measure from one member of the Kaua'i County Council. Your Committee received comments on this measure from the Department of Land and Natural Resources.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 465, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1922 Finance on S.B. No. 739

The purpose of this measure is to:

- (1) Allow the Governor, subject to approval by the Board of Land and Natural Resources, to negotiate the acquisition of private lands that are suitable for long-term diversified agricultural production in exchange for state lands to be acquired by private parties for development of affordable, workforce, or other housing development; and
- (2) Require the Governor to report to the Legislature the feasibility of certain land exchanges and certain related information and any appropriations, proposed legislation, or administrative action necessary to accomplish the goals of this measure.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau; Hawai'i Farmers Union; and one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources and Agribusiness Development Corporation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 739, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1923 Finance on S.B. No. 657

The purpose of this measure is to appropriate funds for the School of Ocean and Earth Science and Technology at the University of Hawaii at Manoa to establish and operate a center for climate resilient development.

Your Committee received testimony in support of this measure from the Department of Health; Department of Land and Natural Resources; Office of Climate Change, Sustainability and Resiliency of the City and County of Honolulu; Ulupono Initiative; Hawai'i Farmers Union; Climate Protectors Hawai'i; Coalition Earth; and three individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the University of Hawai'i School of Ocean and Earth Science and Technology; Office of Planning and Sustainable Development; and Hawai'i Climate Change Mitigation and Adaptation Commission.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 657, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Hussey, Alcos, Ward).

SCRep. 1924 Finance on S.B. No. 1202

The purpose of this measure is to allow campaign funds to be used for a candidate's child care costs or vital household dependent care costs under certain conditions.

Your Committee received testimony in support of this measure from the Campaign Spending Commission; Honolulu County Committee on the Status of Women; Hawai'i Family Caregiver Coalition; Hawai'i State Democratic Party Women's Caucus; AAUW of Hawai'i; and two individuals. Your Committee received comments on this measure from the Ohana Unity Party.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1202 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, 1 (Alcos). Excused, 2 (Holt, Ward).

SCRep. 1925 Finance on S.B. No. 21

The purpose of this measure is to authorize the Public Utilities Commission to establish, no later than July 1, 2026, a Water Carrier Inflationary Cost Index automatic adjustment mechanism and waive or exempt any water carrier from any requirement under the Hawaii Water Carrier Act.

Your Committee received testimony in support of this measure from the Department of Transportation; Hawaii Crop Improvement Association; Hawai'i Harbors Users Group; Young Brothers, LLC; Chamber of Commerce Hawaii; Hone Heke Corporation; and one individual. Your Committee received testimony in opposition to this measure from the Public Utilities Commission. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs; Department of Agriculture; Hawaii Cattlemen's Council, Inc.; and Hawai'i Farm Bureau.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 21, S.D. 2, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Hussey, Alcos, Ward).

SCRep. 1926 Finance on S.B. No. 934

The purpose of this measure is to appropriate funds to the Department of Budget and Finance to increase the Mass Transit Special Fund expenditure ceiling.

Your Committee received comments on this measure from the Department of Budget and Finance and Honolulu Authority for Rapid Transportation Board of Directors.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 934, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (Reyes Oda). Noes, none. Excused, 3 (Hussey, Alcos, Ward).

SCRep. 1927 Finance on S.B. No. 1120

The purpose of this measure is to:

- (1) Require the Department of Transportation to conduct a feasibility study on implementing a clean fuel standard for alternative fuels in the State; and
- (2) Require the Department of Transportation to adopt rules governing a clean fuel standard for alternative fuels in the State by January 1, 2028.

Your Committee received testimony in support of this measure from Clean Energy; Neste; NXTClean Fuels, Inc.; Low Carbon Fuels Coalition; EcoEngineers; Biotechnology Innovation Organization; Oberon Fuels; and two individuals. Your Committee received comments on this measure from the Department of Transportation; Twelve Benefit Corporation; Infinium Operations, LLC; Island Energy Services, LLC; Oahu Metropolitan Planning Organization; Amazon; Par Hawaii; Blue Planet Foundation; Alaska Airlines; Hawaiian Airlines; and Coalition Earth.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1120, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Hussey, Alcos, Ward).

SCRep. 1928 Finance on S.B. No. 1526

The purpose of this measure is to extend the lapse date for appropriations for the establishment and maintenance of a drug and alcohol toxicology testing laboratory.

Your Committee received testimony in support of this measure from the Department of Health; Department of Law Enforcement; Department of Transportation; County of Hawai'i, Office of the Prosecuting Attorney; Department of the Prosecuting Attorney; County of Maui; Hawai'i Police Department; Honolulu Police Department; and Oahu Metropolitan Planning Organization.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1526, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Hussey, Alcos, Ward).

SCRep. 1929 Finance on S.B. No. 447

The purpose of this measure is to establish a three-year Hiring Pilot Program within the Department of Health to streamline its hiring process by delegating certain human resources services from the Department of Human Resources Development to the Department of Health.

Your Committee received testimony in support of this measure from the State Health Planning and Development Agency; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and one individual. Your Committee received testimony in opposition to this measure from the Department of Human Resources Development.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 447, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1930 Finance on S.B. No. 1365

The purpose of this measure is to authorize the Department of Commerce and Consumer Affairs to conduct criminal history record checks for applicants for physician licensure or license renewal through the Interstate Medical Licensure Compact.

Your Committee received testimony in support of this measure from the State Health Planning and Development Agency; Hawaii Medical Board; Healthcare Association of Hawaii; Hawai'i Pacific Health; Hawaii Medical Service Association; The Queen's Health Systems; Kaiser Permanente Hawaii; and Hawaii Medical Association.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1365, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1931 Finance on S.B. No. 1422

The purpose of this measure is to:

- (1) Increase the amount of fees collected for copies of certain records issued by the Department of Health that are deposited in the Vital Statistics Improvement Special Fund; and
- (2) Repeal the Birth Defects Special Fund.

Your Committee received testimony in support of this measure from the Department of Health.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1422, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Alcos). Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1932 Finance on S.B. No. 1434

The purpose of this measure is to:

- (1) Establish a Universal Immunization Funding Program for all individuals in the State; and
- (2) Establish and appropriate funds into and out of the Universal Immunization Purchase Special Fund for the purchase of immunizations and administration of the Universal Immunization Funding Program.

Your Committee received testimony in support of this measure from the Department of Health; State Health Planning and Development Agency; Healthcare Association of Hawaii; Hawai'i Public Health Institute; Hawai'i – American Nurses Association; American Academy of Pediatrics, Hawai'i Chapter; Hawaii Medical Association; AlohaCare; and numerous individuals. Your Committee received testimony in opposition to this measure from the Libertarian Party of Hawaii; Hawaiian Islands Republican Women; Aloha Freedom Coalition; Hawai'i Christian Coalition; Hawaii Patriot Republicans; Free Citizens of Maunaloa; Hawaii General Jural Assembly; and numerous individuals. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1434, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, 2 (Alcos, Reyes Oda). Excused, 2 (Hussey, Ward).

SCRep. 1933 Finance on S.B. No. 1443

The purpose of this measure is to:

- (1) Establish maximum payment rates for medical care for patients of the Hawaii State Hospital or in the custody of the Director of Health at another psychiatric facility;
- (2) Authorize the Department of Health to establish payment rates for long-term care services for certain types of patients; and
- (3) Exempt the Department of Health's procurement of medical care for certain types of patients from laws regarding contracts to provide health and human services to residents.

Your Committee received testimony in support of this measure from the Department of Health and State Council on Mental Health.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1443, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1934 Finance on S.B. No. 897

The purpose of this measure is to:

- (1) Allow electric cooperatives to recover wildfire mitigation, repair, and restoration costs through an automatic rate adjustment clause or other tariff recovery mechanism;
- (2) Establish an aggregate limit for liability of an electric utility for economic damages arising from a covered catastrophic wildfire;
- (3) Authorize securitization of certain costs for electric utilities, including permitting an electric utility to apply to the Public Utilities Commission for one or more financing orders to issue bonds to recover infrastructure resilience costs; and
- (4) Establish a working group within the Department of Commerce and Consumer Affairs to examine the establishment and implementation of a wildfire recovery fund and report its findings and recommendations to the Legislature.

Your Committee received testimony in support of this measure from the International Union of Painters and Allied Trades, District Council 50; Life of the Land; Plus Power; Par Hawaii; Ulupono Initiative; Sustainable Energy Hawai'i; Ka'ala Farm; Mālama Learning Center; Chamber of Commerce Hawaii; AES Hawai'i; Hawaii Teamsters & Allied Workers Local 996; Kona-Kohala Chamber of Commerce; Hawai'i Island Economic Development Board; International Union of Elevator Constructors; Plumbers and Fitters Local 675; International Brotherhood of Electrical Workers Local Union 1260; Hawaii Building & Construction Trades Council; Clearway Energy Group; International Brotherhood of Electrical Workers Local Union 1186; International Association of Heat & Frost Insulators & Allied Workers Local 132; Iron Workers Stabilization Fund; United Union of Roofers, Waterproofers and Allied Workers, Local 221; Kapolei Chamber of Commerce; Hawai'i Island Chamber of Commerce; Japanese Chamber of Commerce & Industry of Hawaii; Laborer's International Union Local 368; Hawai'i Construction Alliance; International Union of Operating Engineers Local 3; Land Use Research Foundation of Hawaii; and numerous individuals.

Your Committee received comments on this measure from the Office of the Governor; Department of the Attorney General; Department of Commerce and Consumer Affairs; Public Utilities Commission; Hawaiian Electric; Charter Communications; and Kaua'i Island Utility Cooperative.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 897, S.D. 3, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Alcos, Reyes Oda). Noes, none. Excused, 2 (Holt, Ward).

SCRep. 1935 Finance on S.B. No. 1500

The purpose of this measure is to:

- (1) Authorize the Public Utilities Commission to appoint a receiver to take temporary action, should the Commission find it necessary, to assure continued adequate electric services from a failing investor-owned electric utility; and

- (2) Require a receiver to recognize and maintain any existing collective bargaining agreement at the time of and throughout receivership and prohibit the receiver from inducing or causing a reduction in force, or terminating a covered employee, other than for cause consistent with the collective bargaining agreement.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs and International Brotherhood of Electrical Workers Local Union 1260. Your Committee received comments on this measure from the Public Utilities Commission and Hawaiian Electric.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1500, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Holt, Ward).

SCRep. 1936 Finance on S.B. No. 1501

The purpose of this measure is to:

- (1) Require the Department of Budget and Finance to enter into step-in agreements with independent power producers for payment obligations arising under certain power purchase agreements;
- (2) Require the Department of Budget and Finance to establish the Power Purchase Costs Trust Fund;
- (3) Establish that monies collected from on-bill charges for power purchase agreements and money received from a surcharge supporting a reserve account that are deposited in the Power Purchase Costs Trust Fund shall be held in trust by the State, and that independent power producers shall hold a beneficial interest in the monies to the extent of the amounts owed under the covered power purchase agreements; and
- (4) Appoint, authorize, and empower an electric utility to serve as the billing, collection, and payment agent of the Department of Budget and Finance in the service of performing step-in agreements.

Your Committee received testimony in support of this measure from Longroad Energy; Plus Power; Ameresco; AES Hawai'i; the Climate Hawai'i Initiative of the Hawai'i Executive Collaborative; and one individual. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs; Department of Budget and Finance; Department of the Attorney General; Public Utilities Commission; Ulupono Initiative; General Contractors Association of Hawaii; Hawaiian Electric; Blue Planet Foundation; and Clearway Energy Group LLC.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1501, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Holt, Ward).

SCRep. 1937 Finance on S.B. No. 825

The purpose of this measure is to:

- (1) For a one-year pilot period beginning on February 5, 2026:
 - (A) Extend the required period for notice of termination for failure to pay rent from five business days to ten calendar days;
 - (B) Require landlords, or their agents, and tenants to engage in mediation and require landlords or their agents to delay filing an action for summary possession if a tenant schedules mediation;
 - (C) Require landlords, or their agents, and tenants to be responsible for their own attorneys' fees and costs in prelitigation mediation, unless the tenant defaults on a mediated agreement or fails to attend a scheduled mediation; and
 - (D) Require landlords or their agents to provide specific information in the ten-calendar-day notice to tenants;
- (2) Require the Judiciary to report to the Legislature no later than ninety days after the termination of the pilot program; and
- (3) Appropriate funds for the Judiciary to contract for mediation services.

Your Committee received testimony in support of this measure from the Judiciary; Department of Human Services; Ku'ikahi Mediation Center; The Mediation Center of the Pacific, Inc.; Hawaii Appleseed Center for Law & Economic Justice; and four individuals. Your Committee received comments on this measure from the Hawai'i Association of REALTORS.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 825, S.D. 2, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 12; Ayes with Reservations (Reyes Oda). Noes, 2 (Lee, Alcos). Excused, 2 (Holt, Ward).

SCRep. 1938 Judiciary & Hawaiian Affairs on S.B. No. 1508

The purpose of this measure is to amend or repeal various provisions of the Hawaii Revised Statutes or the Session Laws of Hawaii for the purposes of correcting errors and references, clarifying language, or deleting obsolete or unnecessary provisions.

Your Committee received testimony in support of this measure from the Legislative Reference Bureau.

Your Committee finds that this statutory revision measure is submitted by the Legislative Reference Bureau pursuant to Chapter 23G, Hawaii Revised Statutes. All of the statutory amendments proposed by this measure are intended to be technical in nature to correct errors or omissions or to repeal obsolete laws.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1508, S.D. 1, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 1939 Finance on S.B. No. 1466

The purpose of this measure is to:

- (1) Clarify that nonresidents who claim the refundable earned income tax credit are required to adjust the amount claimed using the ratio of their Hawaii adjusted gross income to federal adjusted gross income; and
- (2) Eliminate the unlimited carryforward on nonrefundable earned income tax credits for tax year 2022.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that Act 114, Session Laws of Hawaii 2022 (Act 114), established a refundable earned income tax credit beginning with tax year 2023 and imposes a deadline for carryforwards of the nonrefundable earned income tax credit. Specifically, Act 114 provides that claims for the nonrefundable earned income tax credit for tax years 2018 through 2021 cannot be carried forward after tax year 2024. However, the carryforward for tax year 2022 appears to have been inadvertently omitted. Accordingly, under existing law, a taxpayer who claimed the nonrefundable earned income tax credit for tax year 2022 may carry forward any unused credit indefinitely until exhausted. This measure seeks to close this potential loophole by imposing a deadline on unclaimed nonrefundable earned income tax credits for tax year 2022.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1466 and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Hussey, Alcos, Ward).

SCRep. 1940 Finance on S.B. No. 1470

The purpose of this measure is to:

- (1) Repeal the existing cap on the tax rate that may be considered in determining income tax withholding and the requirement that a standard deduction allowance be treated as if it were denominated as a withholding exemption; and

- (2) Allow the Director of Taxation to prescribe a standard deduction allowance in an amount more or less than one whole exemption.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that the existing cap on the tax rate that may be considered in determining income tax withholding does not allow taxpayers in tax brackets with rates higher than eight percent to withhold enough for their expected income tax liabilities. Your Committee also finds that with the anticipated changes to the standard deduction and income tax brackets pursuant to Act 46, Session Laws of Hawaii 2024, the existing requirement that a standard deduction allowance be treated as if it were denominated as a withholding exemption complicates the Department of Taxation's issuance of employees' withholding tables in the Employer's Tax Guide. This measure addresses both issues, allowing certain taxpayers to more accurately estimate their withholding to reflect expected income tax liabilities and de-linking the standard deduction allowance from the value of the withholding exemption to help employers better estimate their employees' withholding liabilities. This measure additionally allows for more precise estimates of employees' income tax liabilities by allowing a standard deduction allowance in fractional exemption amounts.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1470 and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Hussey, Alcos, Ward).

SCRep. 1941 Finance on S.B. No. 325

The purpose of this measure is to provide a tax credit to taxpayers and make deposits to the Emergency and Budget Reserve Fund and Other Post-Employment Benefits Trust Fund pursuant to article VII, section 6, of the Hawaii State Constitution.

Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that when the balance of the general fund at the close of each of two successive fiscal years exceeds five percent of the general fund revenues for each of those two fiscal years, article VII, section 6, of the Hawaii State Constitution requires the Legislature to dispose of excess general fund revenues through a tax credit or refund to taxpayers; a deposit into one or more funds as supplemental sources of funding in times of an emergency, economic downturn, or unforeseen reduction in revenue; or an appropriation of general funds for the pre-payment of debt service for general obligation bonds or pension or other post-employment benefit liabilities accrued for state employees. This measure is a vehicle for taking those constitutionally mandated actions.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 325, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 325, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Hussey, Alcos, Ward).

SCRep. 1942 Finance on S.B. No. 326

The purpose of this measure is to provide specific ways the Legislature may demonstrate the capacity of a revolving fund to be financially self-sustaining when it determines whether the fund should be established or continued.

Your Committee received testimony in support of this measure from the Department of Budget and Finance. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that existing law requires the Legislature, in establishing or reviewing a revolving fund to determine whether it should be continued, to ensure that the revolving fund serves a need; reflects a clear connection between benefits or programs funded and sources of revenue; provides an appropriate means of financing; and demonstrates the capacity to be financially self-sustaining. By adding specificity to the ways the Legislature may demonstrate the capacity of a revolving fund to be financially self-sustaining, this measure encourages fiscal prudence and responsibility.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 326, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 326, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Hussey, Alcos, Ward).

SCRep. 1943 Finance on S.B. No. 382

The purpose of this measure is to:

- (1) Prohibit a procurement officer from disclosing any competing offeror's proposal or evaluation score, except the summary of scores, during a debriefing requested by a non-selected offeror; and
- (2) Authorize the disclosure of a competing offeror's proposal or evaluation score after any protest is resolved and the contract is executed.

Your Committee received testimony in support of this measure from the Department of Transportation and State Procurement Office. Your Committee received testimony in opposition to this measure from the Department of Budget and Fiscal Services of the City and County of Honolulu. Your Committee received comments on this measure from the General Contractors Association of Hawaii.

Your Committee finds that the purpose of a debriefing is to explain a purchasing agency's overall ranking of all proposals and provide a summary of the rationale for any awards. Public disclosure of competing proposals that contain confidential information prior to final contract execution could foreseeably give an unfair competitive advantage to other offerors. Your Committee further finds that this measure provides clear guidance to purchasing agencies regarding what cannot be disclosed at a debriefing, in order to maintain integrity, confidentiality, and fairness during the procurement process.

Your Committee has amended this measure by changing its effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 382, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 382, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Alcos).

SCRep. 1944 Finance on S.B. No. 383

The purpose of this measure is to:

- (1) Increase the minimum amount for purchases constituting small purchase procurements not subject to an electronic system from \$25,000 to \$50,000; and
- (2) Require the State Procurement Office to submit a report to the Legislature on the efficacy of the increased minimum small purchase procurement amounts.

Your Committee received testimony in support of this measure from the Department of Transportation and Office of the Mayor of the City and County of Honolulu. Your Committee received testimony in opposition to this measure from the State Procurement Office.

Your Committee finds that escalating costs of goods over the years, particularly during the COVID-19 pandemic, have created numerous difficulties regarding small purchase procurement. Your Committee believes that increasing the minimum threshold for small purchases provides better flexibility for procurement management and ensures that goods and services can be obtained quickly and efficiently.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 383, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 383, S.D. 2, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Hussey, Alcos, Ward).

SCRep. 1945 Finance on S.B. No. 933

The purpose of this measure is to provide one-time nonrecurring grants to organizations that provide critical services in the public interest and for the public's health, safety, and general welfare, in accordance with chapter 42F, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Hawai'i State Energy Office; Hawai'i Youth Services Network; Women Organizing for Change in Agriculture and Natural Resource Management; Responsive Caregivers of Hawaii; Aloha United Way; Full Life; Haleakalā Conservancy; Neighborhood Place of Puna; Volunteer Legal Services Hawai'i; Catholic Charities Hawai'i; Child & Family Service; Legal Aid Society of Hawai'i; Hawai'i True Cost Coalition; The Legal Clinic; Hawai'i Public Health Institute; Friends of Amy B. H. Greenwell Ethnobotanical Garden; Easterseals Hawaii; Hawai'i Community Foundation; Hawai'i Meals on Wheels; Parents and Children Together; and eight individuals. Your Committee received comments on this measure from the Judiciary; Spirit Horse Ranch, Inc.; Hawai'i State Rural Health Association; What Makes You Feel Beautiful; Hawai'i Foodbank; Hawaii County Economic Opportunity Council; African American Diversity Cultural Center Hawaii; Goodwill Hawaii; Hawai'i State Coalition Against Domestic Violence; Donkey Mill Art Center; Hawai'i Council for the Humanities; Hawai'i Alliance of Nonprofit Organizations, including a sign-on letter from numerous community-based organizations; Hawai'i Farmers Union; Hawaiian Humane Society; The Institute for Human Services, Inc.; Kumukahi Health + Wellness; Ka'ala Farm Inc.; and five individuals.

Your Committee finds that the federal funding freeze imposed by the United States Office of Management and Budget may have detrimental effects on Hawaii's nonprofit sector, which provides critical services in health and human services. Without assistance from the federal government, Hawaii's federally qualified health centers as well as programs that provide child care, social services, subsidized housing, and homeless services will see a significant drop in funding. Therefore, your Committee finds that the funds appropriated through this measure are necessary to ensure that crucial public services are maintained for the benefit of the State's residents.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 933, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 933, S.D. 2, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Hussey, Alcos, Ward).

SCRep. 1946 Finance on S.B. No. 1464

The purpose of this measure is to conform Hawaii income and estate and generation-skipping transfer tax laws to the Internal Revenue Code of 1986, as amended as of December 31, 2024.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that this conformity measure ensures the state income tax and state estate and generation-skipping transfer tax laws conform to the federal Internal Revenue Code as it exists on December 31 of the preceding calendar year. This measure updates state tax laws with changes made to the federal Internal Revenue Code during the past year that are appropriate for Hawaii law.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1464, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1464, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Hussey, Alcos, Ward).

SCRep. 1947 Finance on S.B. No. 1465

The purpose of this measure is to require, for taxable years beginning after December 31, 2024, any qualified member claiming a credit for pass-through entity taxation to add to the member's taxable income the member's share of taxes paid by an electing pass-through entity.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that taxpayers claiming the pass-through entity tax credit receive a double benefit in the form of the credit and a reduction of taxable income because the entity is permitted to deduct the pass-through entity taxes paid on the member's behalf. This measure requires any qualified member claiming a pass-through entity credit to add the taxes back to the qualified member's taxable income to eliminate the double benefit.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 3000, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1465, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1465, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Hussey, Alcos, Ward).

SCRep. 1948 Finance on S.B. No. 1300

The purpose of this measure is to:

- (1) Beginning with the 2025-2026 school year, expand free school meal coverage to students who currently qualify for reduced-price lunch;
- (2) Beginning with the 2026-2027 school year, expand free school meal coverage to students whose family income is no more than three hundred percent of the federal poverty level; and
- (3) Appropriate funds to the Department of Education to subsidize meal costs pursuant to this measure.

Your Committee received testimony in support of this measure from one member of the Kaua'i County Council; City and County of Honolulu Office of Climate Change, Sustainability and Resiliency; City and County of Honolulu Office of Economic Revitalization; Catholic Charities Hawai'i; Indivisible Hawai'i; AAUW of Hawai'i; Ka Ohana O Na Pua; Kaua'i Climate Action Coalition; Hawai'i Youth Services Network; Hawai'i State Teachers Association; Hui Aloha Aina o Honolulu; Democratic Party of Hawai'i; International Longshore & Warehouse Union International; International Longshore & Warehouse Union Local 142; UNITE HERE! Local 5; Aloha United Way; ALICE Initiative; Hawaii Food Industry Association; Hawai'i Foodbank; Maui Food Bank; American Heart Association; Hawai'i Food+ Policy; North Shore Nutrition; and numerous individuals.

Your Committee received comments on this measure from the Office of the Governor; Department of Education; one member of the Hawai'i County Council; Department of Research and Development of the County of Hawai'i; AlohaCare; Green Party of Hawai'i; Democratic Party of Hawai'i Education Caucus; Hawai'i 'Ulu Cooperative; Kaua'i Democratic Party; Hawai'i Public Health Institute; Hawaii Appleseed Center for Law & Economic Justice; Hawai'i Hunger Action Network; Hawai'i Pacific Advisory Group; Hawai'i Children's Action Network Speaks!; Hawai'i Farmers Union; Save Medicaid Hawaii; and numerous individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1300, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Alcos).

SCRep. 1949 Finance on S.B. No. 1009

The purpose of this measure is to:

- (1) Establish a state reserved parking space enforcement fine for the unauthorized use of parking spaces reserved for persons with disabilities or electric vehicles;
- (2) Specify that a fine shall not be imposed on a person who parks in a parking space reserved for electric vehicles if the electric vehicle charging system is inoperable or broken; and
- (3) Require monies collected from state reserved parking space enforcement fines to be deposited into the Safe Routes to School Program Special Fund.

Your Committee received testimony in support of this measure from Ulupono Initiative; Hawaii Electric Vehicle Association; Climate Protectors Hawai'i; and Oahu Metropolitan Planning Organization. Your Committee received comments on this measure from the Department of Budget and Finance; Department of Accounting and General Services; Disability and Communication Access Board; Hawaiian Electric; and Hawai'i Appleseed Center for Law & Economic Justice.

Your Committee notes the concerns regarding the amount of the additional state reserved parking space enforcement fine for violations of use of a parking space reserved for persons with disabilities and defers to your Committee on Judiciary & Hawaiian Affairs in determining an appropriate fine amount.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1009, S.D. 2, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Alcos).

SCRep. 1950 Finance on S.B. No. 1638

The purpose of this measure is to:

- (1) Establish within the Department of Transportation a three-year Molokai Air Carrier Subsidy Pilot Program to provide subsidies to air carriers operating out of Molokai Airport; and
- (2) Appropriate funds for the administration of the Pilot Program.

Your Committee received testimony in support of this measure from one member of the Maui County Council; Chamber of Commerce Hawaii; Huli Au Ola Maui County Area Health Education Center; Molokai Homestead Farmers Alliance; Kamaka Air LLC; Moloka'i Drugs, Inc.; and four individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1638, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Alcos).

SCRep. 1951 Finance on S.B. No. 71

The purpose of this measure is to:

- (1) Clarify the prioritization of, and eligibility and preference criteria for, projects that may be funded by the Rental Housing Revolving Fund;
- (2) Establish the Mixed-Income Subaccount within the Rental Housing Revolving Fund to make loans for the development of workforce rental housing projects or units intended for persons and families with incomes at or below one hundred forty percent of the area median income; and
- (3) Appropriate funds into and out of the Mixed-Income Subaccount of the Rental Housing Revolving Fund.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation; Hawaii Public Housing Authority; Catholic Charities Hawai'i; Hawai'i Community Foundation; Holomua Collaborative; Title Guaranty of Hawai'i; HPM Building Supply; Hawai'i Gas; Mana Up; Tori Richard, Ltd.; Hawai'i YIMBY; and Maui Chamber of Commerce. Your Committee received comments on this measure from the Department of Budget and Finance and NAIOP Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 71, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Alcos).

SCRep. 1952 Finance on S.B. No. 1536

The purpose of this measure is to:

- (1) Repeal the exemption for the President and Chief Executive Officer of the Hawaii Tourism Authority from the State's Employees' Retirement System; and
- (2) Require a retirant returning to service as the President and Chief Executive Officer of the Hawaii Tourism Authority to reenroll into the Employees' Retirement System.

Your Committee received comments on this measure from the Hawai'i Tourism Authority.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1536, S.D. 2, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Holt, Ward).

SCRep. 1953 Finance on S.B. No. 439

The purpose of this measure is to require the Board of Land and Natural Resources to adopt rules to impose seasonal user fees that apply solely to nonresidents visiting state parks and trails.

Your Committee received testimony in support of this measure from the Hawai'i Reef and Ocean Coalition; Kohala Coast Resort Association; Care for 'Āina Now Coalition; Resources Legacy Fund; Coalition Earth; and one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources; Tax Foundation of Hawaii; and Maui Chamber of Commerce.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 439, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Alcos).

SCRep. 1954 Finance on S.B. No. 1142

The purpose of this measure is to specify procedures regarding the disbursement of insurance proceeds by a mortgage servicer to a borrower for residential real estate that has been damaged or destroyed.

Your Committee received testimony in support of this measure from United Policyholders; 'Ahahui o Hawai'i; and nine individuals. Your Committee received testimony in opposition to this measure from the Mortgage Bankers Association of Hawaii and Hawaii Financial Services Association. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs; Lāhainā Strong; Native Hawaiian Legal Corporation; and Hawaii Credit Union League.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1142, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Alcos).

SCRep. 1955 Finance on S.B. No. 1367

The purpose of this measure is to make clarifying amendments to the installment loans law, including:

- (1) Using defined terms consistently;
- (2) Requiring lenders to prorate fees on a daily basis;
- (3) Allowing lenders to charge a \$1 convenience fee for debit card payments;
- (4) Requiring paper receipts only for cash or in-person payments and removing the requirement that receipts contain the consumer's name; and
- (5) Repealing the three-day cool down period between installment loans.

Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1367, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Holt, Ward).

SCRep. 1956 Finance on S.B. No. 989

The purpose of this measure is to:

- (1) Appropriate funds to assist small businesses with technology enablement and the development of project management software to simplify the facilitated application process for small businesses; and
- (2) Require the Hawaii Technology Development Corporation to submit a report to the Legislature on the status of assisting technology enablement for small businesses related to the tourism sector.

Your Committee received testimony in support of this measure from the Hawai'i Technology Development Corporation; Hawai'i Farm Bureau; Chamber of Commerce Hawaii; Hawaii Food Industry Association; Maui Chamber of Commerce; Kona-Kohala Chamber of Commerce; and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 989, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Alcos).

SCRep. 1957 Finance on S.B. No. 1578

The purpose of this measure is to:

- (1) Officially designate the East-West Center as the Center for Cultural and Technical Interchange between East and West, Inc., and exempt state fund appropriations to the East-West Center from chapter 42F, Hawaii Revised Statutes;
- (2) Rename the Hawaii Sister-State Committee as the Hawaii Sister-State and International Partnerships Commission and amend its functions and membership;
- (3) Require the Office of International Affairs to provide support to the Hawaii Sister-State and International Partnerships Commission;
- (4) Expand the Department of Business, Economic Development, and Tourism's authority to establish out-of-state offices to include out-of-state facilities to support sister-state or province relationships and other partnerships, generate revenue for the State, and buy property; and
- (5) Appropriate funds to the Office of International Affairs to develop an updated strategy for the State's international engagement and to the East-West Center to help develop and maintain the State's international relationships, programs, and partnerships.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; East-West Center; and East-West Center Employees Association, AFSCME Local 928, AFL-CIO. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1578, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Alcos).

SCRep. 1958 Finance on S.B. No. 299

The purpose of this measure is to appropriate funds for the Healthcare Education Loan Repayment Program to continue to provide loan repayment assistance to qualified applicants, under certain conditions.

Your Committee received testimony in support of this measure from the Department of Health; Office of Hawaiian Affairs; University of Hawai'i System; Hawai'i State Center for Nursing; State Council on Mental Health; Healthcare Association of Hawaii; Hawai'i Pacific Health; AlohaCare; Hawaii Substance Abuse Coalition; Hawaii Primary Care Association; Liberty Dialysis Hawai'i; Democratic Party of Hawai'i; The Queen's Health Systems; Hawaii Association of Health Plans; Hawaii Dental Service; Kaiser Permanente Hawai'i; Hawaii Medical Service Association; and Hawai'i-American Nurses Association. Your Committee received comments on this measure from the Office of the Governor.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 299, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Alcos).

SCRep. 1959 Finance on S.B. No. 850

The purpose of this measure is to require, and appropriate funds for, the State Council on Developmental Disabilities to:

- (1) Study the social determinants of health that affect health disparities experienced by individuals with intellectual or developmental disabilities in the State and can be addressed with policy, legislative, or stakeholder action; and
- (2) Report to the Legislature recommendations and proposals on how state agencies can reduce these health disparities.

Your Committee received testimony in support of this measure from the Office of Wellness and Resilience; University of Hawai'i System; Executive Office on Aging; State Council on Developmental Disabilities; Disability and Communication Access Board; and Full Life.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 850, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Alcos).

SCRep. 1960 Finance on S.B. No. 717

The purpose of this measure is to:

- (1) Repeal the statutory prohibition against certain civil service exempt employees from grieving a suspension or discharge; and
- (2) Allow any employee who is a member of an appropriate bargaining unit to grieve a suspension or discharge.

Your Committee received testimony in support of this measure from the Hawaii State AFL-CIO; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and United Public Workers, AFSCME Local 646, AFL-CIO. Your Committee received testimony in opposition to this measure from the Department of Human Resources Development. Your Committee received comments on this measure from the Department of Human Resources of the City and County of Honolulu.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 717, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Alcos).

SCRep. 1961 Finance on S.B. No. 828

The purpose of this measure is to expand workers' compensation medical benefits coverage to include firefighters who develop certain cancers or diseases in the discharge of their firefighting duties.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations; Hawai'i State Fire Council; Disability and Communication Access Board; Honolulu Fire Department; Hawaii Fire Fighters Association, Local 1463, IAFF, AFL-CIO; and three individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 828, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Alcos).

SCRep. 1962 Finance on S.B. No. 855

The purpose of this measure is to:

- (1) Clarify the definition of "covered employer" under the Hawaii Retirement Savings Act;
- (2) Require each covered employer to automatically enroll its covered employees into the Hawaii Retirement Savings Program, unless a covered employee opts out;
- (3) Repeal the limit on the total fees and expenses that can be spent for the Program each year; and
- (4) Appropriate funds for the development and operation of the Hawaii Retirement Savings Program.

Your Committee received testimony in support of this measure from the Executive Office on Aging; Policy Advisory Board for Elder Affairs; Hawai'i Primary Care Association; Hawai'i Community Lending; Hawai'i Island Chamber of Commerce; Alliance of Residential Care Administrators; and numerous

individuals. Your Committee received testimony in opposition to this measure from the Retail Merchants of Hawaii and Maui Chamber of Commerce. Your Committee received comments on this measure from the Hawai'i Retirement Savings Board; AARP Hawai'i; and Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 855, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Alcos).

SCRep. 1963 Finance on S.B. No. 177

The purpose of this measure is to:

- (1) Authorize the Division of Animal Industry of the Department of Agriculture to adopt, amend, and repeal rules to develop an assessment and approval process to import and move aquatic livestock in the State; and
- (2) Require and appropriate funds for the Division of Animal Industry to develop that process through a biological aquatic risk-based framework.

Your Committee received testimony in support of this measure from the Department of Agriculture; Department of Research and Development of the County of Hawai'i; Hawai'i Farm Bureau; and two individuals. Your Committee received comments on this measure from the Hawaii Aquaculture and Aquaponics Association.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 177, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Alcos).

SCRep. 1964 Finance on S.B. No. 894

The purpose of this measure is to fulfill the Department of Education's statutory mandate to provide farm to school meals that consist of at least thirty percent locally sourced products by appropriating funds to the Department of Education for statewide regional kitchen expansion.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Agribusiness Development Corporation; University of Hawai'i at Mānoa College of Tropical Agriculture and Human Resilience; Hawai'i State Youth Commission; Hawai'i Farm Bureau; Hawaii Cattleman's Council, Inc.; Hawai'i Foodbank; and four individuals. Your Committee received comments on this measure from the Department of Education and Hawai'i Farmers Union.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 894, S.D. 3, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Alcos).

SCRep. 1965 Finance on S.B. No. 121

The purpose of this measure is to propose an amendment to article VI, section 3, of the Hawaii State Constitution to allow the Senate sixty days during certain times of the year in which to consider and act on the appointments of justices and judges.

Your Committee received comments on this measure from the Judiciary.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 121 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Alcos, Reyes Oda). Noes, none. Excused, 2 (Holt, Ward).

SCRep. 1966 Finance on S.B. No. 1252

The purpose of this measure is to appropriate funds to the University of Hawaii to establish positions for the University of Hawaii at Manoa John A. Burns School of Medicine's Department of Geriatric Medicine to provide coordination between the University of Hawaii's programs that provide training on Alzheimer's disease and dementia.

Your Committee received testimony in support of this measure from the Executive Office on Aging and Hawai'i Primary Care Association. Your Committee received comments on this measure from the University of Hawai'i at Mānoa John A. Burns School of Medicine and Alzheimer's Association-Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1252, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Alcos).

SCRep. 1967 Finance on S.B. No. 1502

The purpose of this measure is to appropriate funds for the College of Social Sciences at the University of Hawaii at Manoa and the Business Administration Program at the University of Hawaii West Oahu to establish positions and fund operating expenses for workforce development programs that support the defense sector of the State's economy.

Your Committee received testimony in support of this measure from the Hawaii Military Affairs Council; Chamber of Commerce Hawaii; Kapolei Chamber of Commerce; and one individual. Your Committee received testimony in opposition to this measure from the Malu 'Aina Center for Non-violent Education & Action; Kauai Women's Caucus; Academic Labor United; Greenpeace Hawaii; and five individuals. Your Committee received comments on this measure from the University of Hawai'i at Mānoa; University of Hawaii-West O'ahu; and University of Hawaii Professional Assembly.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1502, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Alcos).

SCRep. 1968 Finance on S.B. No. 1220

The purpose of this measure is to require:

- (1) Gas utility companies to submit proposed renewable gas tariffs to the Public Utilities Commission by August 31, 2025; and
- (2) The Public Utilities Commission to establish an initial or revised renewable gas tariff or tariffs no later than nine months after the filing of a completed application for a proposed renewable gas tariff if the Commission finds that the tariff meets certain conditions and standards.

Your Committee received testimony in support of this measure from the Makakilo/Kapolei/Honokai Hale Neighborhood Board No. 34; Ulupono Initiative; Climate Future Forum; Hawai'i Gas; Hawaii Resource Strategy Group, LLC; Kapolei Chamber of Commerce; Land Use Research Foundation of Hawaii; Hawai'i Restaurant Association; Coalition for Renewable Natural Gas; Hawaii Bioeconomy Trade Organization; and Chamber of Commerce Hawaii. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and Public Utilities Commission.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1220, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Alcos).

SCRep. 1969 Finance on S.B. No. 1269

The purpose of this measure is to appropriate funds for the continued exploration and identification of geothermal resources and commercial viability for utility-scale geothermal production in counties with a population of less than three hundred thousand, with certain limitations.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands; Life of the Land; Hawaiian Electric; Lepo 'Ula South Ka'ū Rural Enterprise & Innovation Hive; Coalition Earth; and seven individuals. Your Committee received testimony in opposition to this measure from the Environmental Caucus of the Democratic Party; Energy Justice Network; Students for Justice in Palestine at the University of Hawaii; Pele Defense Fund; and three individuals. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism; Waikā Consulting, LLC; Sustainable Energy Hawai'i; Ulupono Initiative; and two individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1269, S.D. 1, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Reyes Oda). Noes, none. Excused, 1 (Alcos).

SCRep. 1970 Finance on S.B. No. 1602

The purpose of this measure is to:

- (1) Require the Department of Land and Natural Resources to establish the Keauhou Aquifer System Monitoring Pilot Program to collect data, monitor groundwater levels, conduct tests, conduct community outreach, and develop a plan for responsible management of groundwater resources in the Keauhou Aquifer System;
- (2) Require the periodic reporting of certain information collected for the Pilot Project to the Legislature; and
- (3) Appropriate funds for the Pilot Project and installation of two monitoring wells in the Keauhou Aquifer System.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation; Natural Energy Laboratory of Hawaii Authority; Department of Water Supply of the County of Hawaii; Kona Community Development Plan Action Committee; Chamber of Commerce Hawaii; Hawai'i Island Chamber of Commerce; Kona-Kohala Chamber of Commerce; and two individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources and Department of Hawaiian Home Lands.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1602, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Alcos).

SCRep. 1971 Consumer Protection & Commerce on S.B. No. 1279

The purpose of this measure is to authorize pharmacists under contract with covered entities under the federal 340B Drug Pricing Program to supervise the filling or receipt of a prescription via telehealth under certain circumstances.

Your Committee received testimony in support of this measure from the Department of Corrections and Rehabilitation; AARP Hawai'i; American Cancer Society Cancer Action Network; Hawaii Primary Care Association; Alzheimer's Association - Hawaii; Grassroot Institute of Hawaii; Hawai'i Psychological Association; and one individual. Your Committee received testimony in opposition to this measure from the Board of Pharmacy; Pūlama Lāna'i; Moloka'i Drugs, Inc.; and three individuals.

Your Committee finds that existing law requires a registered pharmacist to be physically present at the site where a prescription is filled or received for distribution to a consumer. Due to a combination of factors, including geographic isolation, the lack of health care professionals, and relatively small populations of rural communities, certain health care organizations are unable to have a registered pharmacist be constantly present at the site.

Your Committee further finds that, under the federal 340B Drug Pricing Program, certain health care organizations receive discounts on prescription drugs and are required to pass those savings off to consumers. However, for small organizations, it is not cost-effective to employ a registered pharmacist on a full-time basis, which endangers the timely provision of medications to the organization's patients. This measure will provide relief from the physical presence requirement to allow rural health care organizations to properly serve their patients.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1279, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Iwamoto, Kong, Marten, Tam). Noes, none. Excused, 1 (Pierick).

SCRep. 1972 Finance on S.B. No. 1048

The purpose of this measure is to amend Act 205, Session Laws of Hawaii 2024, by:

- (1) Clarifying definitions for platform charities and charitable fundraising platforms;
- (2) Creating separate registration, reporting, and fee requirements that are specific to platform charities and charitable fundraising platforms;
- (3) Updating provisions on prohibited acts, enforcement powers, and remedies; and
- (4) Extending its effective date to July 1, 2026.

Your Committee received testimony in support of this measure from the Department of the Attorney General; GoFundMe; and Hawai'i Community Foundation.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1048, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1048, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Holt, Ward).

SCRep. 1973 Finance on S.B. No. 1585

The purpose of this measure is to:

- (1) Require the Hawaii P-20 Partnerships for Education to establish and implement evidence-based performance metrics relating to the outcomes of its workforce and pathway development programs; and
- (2) Authorize the expenditure of Perkins V federal funds for the Hawaii P-20 Partnerships for Education Office to establish and implement evidence-based assessments of its workforce and pathway development programs.

Your Committee received comments on this measure from the Department of Education; Department of the Attorney General; Department of Human Resources Development; Department of Budget and Finance; Department of Business, Economic Development, and Tourism; University of Hawai'i Community Colleges; and Hawai'i P-20 Partnerships for Education.

Your Committee has amended this measure by:

- (1) Deleting the provision that lapses unexpended Perkins V federal funds to the general fund at the end of the fiscal year; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1585, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1585, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 13. Noes, none. Excused, 3 (Hussey, Alcos, Ward).

SCRep. 1974 Finance on S.B. No. 747

The purpose of this measure is to:

- (1) Establish an Audit Office within the Board of Education to audit the operations and expenditures of the Department of Education;
- (2) Establish positions within the Audit Office and exempt those positions from civil service; and
- (3) Appropriate funds for the establishment and operation of the Audit Office and establishment of positions.

Your Committee received comments on this measure from the Board of Education.

Your Committee has amended this measure by:

- (1) Changing the number of positions to be established to an unspecified number; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 747, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 747, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Alcos).

SCRep. 1975 Finance on S.B. No. 1318

The purpose of this measure is to repeal duplicative and potentially confusing language regarding penalties for water pollution offenses and clarify that enforcement of criminal water pollution offenses remains under the jurisdiction of the Department of Health, rather than the Department of Land and Natural Resources.

Your Committee received testimony in support of this measure from the Department of the Attorney General; Department of Land and Natural Resources; and one individual.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and

(2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1318, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1318, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Holt, Ward).

SCRep. 1976 Finance on S.B. No. 865

The purpose of this measure is to appropriate funds to establish a permanent extension agent position within the University of Hawaii at Manoa College of Tropical Agriculture and Human Resilience's Kona Cooperative Extension to support the coffee and orchard crops extension and applied research program and the Kona Research Station in the County of Hawaii.

Your Committee received testimony in support of this measure from Mahilani Partners LLC, dba Hilo Coffee Co.; Hawaii Tropical Fruit Growers; Ka'ū Coffee Growers Cooperative; Greenwell Farms Inc.; Hawai'i Farm Bureau; Rusty's Hawaiian; Hawaii Coffee Growers Association; Kealia Ranch LLC; Hawaii Coffee Association; Kauai Coffee Company LLC; Nutrien Ag Solutions; Honolulu Coffee Farms; Hawai'i Farmers Union; Waimea Coffee Farm LLC; Synergistic Hawai'i Agriculture Council; Kona Coffee Council; and numerous individuals. Your Committee received comments on this measure from the Department of Agriculture and University of Hawai'i System.

Your Committee has amended this measure by changing the number of positions established to an unspecified number.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 865, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 865, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1977 Finance on S.B. No. 576

The purpose of this measure is to:

- (1) Amend the required contents of legislative reports to be submitted by the Hawaii Public Housing Authority and Hawaii Housing Finance and Development Corporation; and
- (2) Amend the source of monies to be deposited into the Public Housing Special Fund and the allowable uses of monies expended from the Special Fund.

Your Committee received testimony in support of this measure from the Hawaii Public Housing Authority.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 576, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 576, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1978 Finance on S.B. No. 662

The purpose of this measure is to authorize county police officers to enforce the Statewide Traffic Code on all public streets, roadways, and highways within the State.

Your Committee did not receive any written testimony on this measure.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 662, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 662, S.D. 1, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1979 Finance on S.B. No. 1669

The purpose of this measure is to:

- (1) Establish the Transit-Oriented Community Improvement Partnership to plan, coordinate, and administer programs to develop community improvements and amenities that meet transit infrastructure needs, meet workforce housing needs, and promote affordable, healthy, equitable, and secure communities; and
- (2) Appropriate funds for the establishment and operation of the Transit-Oriented Community Improvement Partnership and establishment of various positions.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands; Oahu Metropolitan Planning Organization; Hawai'i Bicycling League; Hawai'i Appleseed Center for Law and Economic Justice; and three individuals. Your Committee received comments on this measure from the Department of Budget and Finance; Office of Planning and Sustainable Development; and Hawaii State Energy Office.

Your Committee has amended this measure by changing the number of positions to unspecified numbers.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1669, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1669, S.D. 2, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Alcos).

SCRep. 1980 Finance on S.B. No. 952

The purpose of this measure is to:

- (1) Require and appropriate funds for the Department of Human Services to design, implement, and administer a five-year Child Welfare System Diversion and Intervention Pilot Program to provide services for families and children involved, at risk of involvement, or at risk of reinvolvement with Child Welfare Services; and
- (2) Require the Department of Human Services to collaborate with the Office of Wellness and Resilience when designing the Pilot Program and submitting a joint report to the Legislature.

Your Committee received testimony in support of this measure from the Office of Wellness and Resilience; Hawaii Youth Services Network; Hawai'i Children's Action Network Speaks!; Neighborhood Place of Puna; Hawaii Substance Abuse Coalition; Catholic Charities Hawai'i; Hawai'i State Coalition Against Domestic Violence; Opportunity for Youth Action Hawai'i; National Center for Youth Law; Mālama 'Ohana Working Group; and five individuals. Your Committee received comments on this measure from the Department of Health; Department of Human Services; and Hawaii Coalition for Child Protective Reform.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 952, S.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 952, S.D. 2, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1981 Finance on S.B. No. 960

The purpose of this measure is to appropriate funds to the Department of Human Services to improve access to the Supplemental Nutrition Assistance Program, including establishing additional positions.

Your Committee received testimony in support of this measure from the Executive Office on Aging; Department of Research & Development of the County of Hawai'i; Edmar Castillo Photography; Hawai'i Family Caregiver Coalition; Hawai'i Appleseed Center for Law & Economic Justice; Indivisible Hawai'i Working Families Team; AAUW of Hawai'i; Hawai'i Foodbank; Hawaii Substance Abuse Coalition; Catholic Charities Hawai'i; Hawai'i Hunger Action Network; Hawai'i Primary Care Association; Hawai'i Children's Action Network Speaks!; Kauai Women's Caucus; Hawaii Food Industry Association; Hawaii Food+ Policy; Hawai'i Farmers Union; AlohaCare; Hawai'i Alliance for Progressive Action; and numerous individuals. Your Committee received comments on this measure from the Department of Human Services and Hawai'i Public Health Institute.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 960, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 960, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1982 Finance on S.B. No. 1419

The purpose of this measure is to:

- (1) Update the name of the Neighbor Islands Blind and Visually Impaired Service Pilot Program by replacing the term "visually impaired" with the term "low vision"; and
- (2) Clarify the Pilot Program's implementation timeframes.

Your Committee received testimony in support of this measure from the Disability and Communication Access Board; National Federation of the Blind of Hawaii; and one individual. Your Committee received comments on this measure from the Department of Human Services and State Council on Developmental Disabilities.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1419, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1419, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1983 Finance on S.B. No. 88

The purpose of this measure is to authorize the payment of allowances for TRICARE, TRICARE Dental Program, and vision coverage to all officers, warrant officers, and enlisted personnel of the Hawaii National Guard ordered to active duty for more than thirty days.

Your Committee received testimony in support of this measure from the Department of Defense; Hawai'i National Guard; Ohana Unity Party; and one individual.

Your Committee has amended this measure by changing its effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 88, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 88, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1984 Finance on S.B. No. 353

The purpose of this measure is to:

- (1) Prohibit the Governor or a mayor from suspending requests for records or vital records and statistics during a state of emergency;
- (2) Add a definition for "severe weather warning";
- (3) Clarify the authority of the Governor and mayors during a state of emergency or a local state of emergency; and
- (4) Allow the Legislature and county councils to terminate, by an affirmative two-thirds vote, a state of emergency or local state of emergency, in whole or in part, issued by the Governor or a mayor, respectively.

Your Committee received testimony in support of this measure from the League of Women Voters of Hawaii; Grassroot Institute of Hawaii; Public First Law Center; and one individual. Your Committee received testimony in opposition to this measure from the Department of Human Services and Hawai'i Emergency Management Agency. Your Committee received comments on this measure from the Office of Information Practices.

Your Committee has amended this measure by specifying that the Legislature or county councils may terminate an applicable state of emergency after thirty days, in whole or in part, issued by the Governor or Mayor, respectively.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 353, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 353, S.D. 2, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Alcos).

SCRep. 1985 Finance on S.B. No. 1377

The purpose of this measure is to establish the Veterans Cemeteries Board within the Office of Veterans' Services of the Department of Defense to provide veterans cemeteries in the State with guidance, education, technical assistance, and other support to ensure compliance with standards set by the National Cemetery Administration of the United States Department of Veterans Affairs.

Your Committee received testimony in support of this measure from the Office of Veterans' Services and one individual.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1377, S.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1377, S.D. 2, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Alcos).

SCRep. 1986 Finance on S.B. No. 222

The purpose of this measure is to:

- (1) Extend the sunset date of the Illegal Fireworks Task Force from June 30, 2025, to June 30, 2030, and require the Task Force to submit additional reports to the Legislature; and
- (2) Appropriate funds to support the work of the Illegal Fireworks Task Force.

Your Committee received testimony in support of this measure from the Honolulu Police Department; Ohana Unity Party; and three individuals.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 222, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 222, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Holt, Ward).

SCRep. 1987 Finance on S.B. No. 264

The purpose of this measure is to establish the amount of compensation for private sector examiners who evaluate a criminal defendant's penal responsibility or fitness to proceed in a legal case and appropriate funds to the Judiciary for these payments.

Your Committee received testimony in support of this measure from the Judiciary; one member of the Kaua'i County Council; Hawai'i Psychological Association; and Hawaii Disability Rights Center. Your Committee received comments on this measure from the Department of Health and Office of the Public Defender.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 264, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 264, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1988 Finance on S.B. No. 304

The purpose of this measure is to establish positions and appropriate funds for the Adult Client Services Branch of the First Circuit Court to move toward the recommended national best practice standards for community supervision.

Your Committee received comments on this measure from the Judiciary.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 304, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 304, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1989 Finance on S.B. No. 428

The purpose of this measure is to:

- (1) Increase the fees paid to witnesses in civil and criminal trials;
- (2) Change the fees paid for travel expenses from 20 cents a mile to the mileage allowance prescribed by the Administrator of General Services; and
- (3) Authorize reimbursement to witnesses in civil trials for actual expenses of travel by common carrier.

Your Committee received testimony in support of this measure from the Office of the Public Defender. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee has amended this measure by:

- (1) Changing the fees paid to witnesses for their attendance in civil and criminal trials to unspecified amounts;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 428, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 428, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1990 Finance on S.B. No. 1316

The purpose of this measure is to:

- (1) Require the Judiciary to contract with a collection agency or licensed attorney to collect delinquent court-ordered fees, fines, sanctions, and court costs;
- (2) Repeal the authority of the Judiciary to contract with a collection agency or licensed attorney to collect delinquent restitution;
- (3) Expressly allow courts to specify a period of time or installments for payment of fees and restitution;
- (4) Require district courts to hold payment compliance hearings once per year or as soon as practicable, until all fees, fines, and restitution are fully paid, and require a defendant to appear and show cause if the defendant fails to pay in full within a time specified by the court or fails to pay three consecutive installments; and
- (5) Specify that when restitution is not ordered by a court, the fines or fees are to be referred to a collection agency and no proof of compliance hearing is required.

Your Committee received testimony in support of this measure from the Crime Victim Compensation Commission and one individual. Your Committee received testimony in opposition to this measure from the Office of the Public Defender. Your Committee received comments on this measure from the Judiciary and Department of the Attorney General.

Your Committee has amended this measure by changing its effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1316, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1316, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1991 Finance on S.B. No. 1469

The purpose of this measure is to suspend the statute of limitations on certain collection activities during the period an assessment is pending on appeal before the Taxation Board of Review or Tax Appeal Court.

Your Committee received testimony in support of this measure from the Department of Taxation.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1469, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1469, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Alcos). Noes, none. Excused, 2 (Holt, Ward).

SCRep. 1992 Finance on S.B. No. 1359

The purpose of this measure is to:

- (1) Beginning January 1, 2026, increase the employer base composite monthly contribution to the Hawaii Employer-Union Health Benefits Trust Fund by 5.2 percent of the 2025 employer base composite monthly contribution; and

- (2) Beginning January 1, 2027, require that the employer base composite monthly contribution be calculated based on the change in Medicare Part B premiums from 2025 to 2026 and at a two-year lag thereafter.

Your Committee received testimony in support of this measure from the Hawaii Employer-Union Health Benefits Trust Fund Board of Trustees and O'ahu District Hawaii State Teacher Association-Retired.

Your Committee has amended this measure by changing its effective date to upon approval.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1359, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1359, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1993 Finance on S.B. No. 1360

The purpose of this measure is to amend the Employees' Retirement System's requirements for beginning dates and automatic disbursements to reflect the most recent requirements of the Internal Revenue Code of 1986, as amended, to return the accumulated contributions of former non-vested class A or B members.

Your Committee received testimony in support of this measure from the Board of Trustees of the Employees' Retirement System.

Your Committee has amended this measure by changing its effective date to upon approval.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1360, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1360, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1994 Finance on S.B. No. 1361

The purpose of this measure is to:

- (1) Extend the deadline for payment to the Employees' Retirement System for departments or agencies of the State or counties that fail to comply with reporting requirements by one year after the review period; and
- (2) Change the timeframe for which the Employees' Retirement System must report regarding any department or agency's failure to submit required information to the Employees' Retirement System from the current fiscal year to the previous fiscal year.

Your Committee received testimony in support of this measure from the Board of Trustees of the Employees' Retirement System.

Your Committee has amended this measure by:

- (1) Changing its effective date to upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1361, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1361, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1995 Finance on S.B. No. 935

The purpose of this measure is to:

- (1) Include sheriffs and deputy sheriffs in the enhanced retirement benefits category;
- (2) Reduce the minimum number of years of credited service that qualified Tier 2 Employees' Retirement System members must have to be eligible for vested benefit status for service retirement allowance purposes from ten years to five years; and
- (3) Increase employer contributions to offset the resulting liability.

Your Committee received testimony in support of this measure from the Office of the Governor; Hawai'i State Teachers Association; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO. Your Committee received comments on this measure from the Department of Labor and Industrial Relations; Department of Budget and Finance; Hawaii Employer-Union Health Benefits Trust Fund Board of Trustees; Board of Trustees of the Employees' Retirement System; and United Public Workers, AFSCME Local 646, AFL-CIO.

Your Committee has amended this measure by:

- (1) Changing the retirement allowance for a member who first earned credited service as a judge after June 30, 2031, to 1.75 percent of their average final compensation for each year of credited service as a judge; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 935, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 935, S.D. 2, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Alcos). Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1996 Finance on S.B. No. 1641

The purpose of this measure is to:

- (1) Establish the Hawaii Film Authority to promote and develop the film industry and transfer the rights, powers, functions, and duties of the Hawaii Film Office to the Authority;

- (2) Establish the Hawaii Film Authority Board within the Hawaii Film Authority;
- (3) Create separate funding sources for the promotion and support of the film industry and creative industries by renaming the Hawaii Film and Creative Industries Development Special Fund as the Hawaii Creative Industries Development Special Fund and creating a new Film Industry and Development Special Fund; and
- (4) Appropriate funds for the establishment and operation of the Hawaii Film Authority.

Your Committee received testimony in support of this measure from Pride at Work – Hawai‘i; Hawaii State AFL-CIO; and one individual. Your Committee received testimony in opposition to this measure from the Department of the Attorney General and two individuals. Your Committee received comments on this measure from the Department of Budget and Finance; Department of Business, Economic Development, and Tourism; IATSE Local 665; Maui Chamber of Commerce; Kapolei Chamber of Commerce; Ohana Unity Party; and six individuals.

Your Committee has amended this measure by:

- (1) Changing the number of full-time equivalent positions established to unspecified numbers; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1641, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1641, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1997 Finance on S.B. No. 1589

The purpose of this measure is to:

- (1) Require all gifts or grants from a private source deposited into the Stadium Development Special Fund to be used only for infrastructure related to the Stadium and costs associated with the development of the Stadium;
- (2) Require any unexpended and unencumbered funds in the Stadium Development Special Fund to immediately lapse to the general fund if the project is terminated; and
- (3) Appropriate funds out of the Stadium Development Special Fund with certain conditions.

Your Committee received testimony in support of this measure from the Āliamanu-Salt Lake-Foster Village-Airport Neighborhood Board No. 18; Stanford Carr Development, LLC; and Operative Plasterers' and Cement Masons' International Association Local 630, AFL-CIO. Your Committee received comments on this measure from the Stadium Authority.

Your Committee has amended this measure by changing the appropriation out of the Stadium Development Special Fund for fiscal year 2025-2026, to increase the expenditure ceiling of the Special Fund, to an unspecified amount.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1589, S.D. 3, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1589, S.D. 3, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Alcos).

SCRep. 1998 Finance on S.B. No. 763

The purpose of this measure is to establish the Agricultural Enforcement Program within the Department of Law Enforcement, to be funded by a newly established Agricultural Enforcement Special Fund, and appropriate funds for the establishment of positions and other operating costs of the Agricultural Enforcement Program.

Your Committee received testimony in support of this measure from the Department of Agriculture; Agribusiness Development Corporation; County of Hawai‘i, Office of the Prosecuting Attorney; Hawaii Cattlemen's Council, Inc.; Kapapala Ranch; Hawai‘i Farm Bureau; Ponohele Ranch; Hawai‘i Food+ Policy; Hilo County Farm Bureau; SC Ranch Company, Inc.; Ohana Unity Party; and numerous individuals. Your Committee received comments on this measure from the Department of Budget and Finance; Department of Law Enforcement; and Hawai‘i Farmers Union.

Your Committee has amended this measure by:

- (1) Changing the number of positions to be established within the Agricultural Enforcement Program to unspecified numbers; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 763, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 763, S.D. 2, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 1999 Finance on S.B. No. 328

The purpose of this measure is to establish a dairy farm retrofit income tax credit for capital infrastructure costs incurred in the conversion of a dairy farm to a hog farm.

Your Committee received testimony in support of this measure from the Agribusiness Development Corporation; Hawai‘i Farm Bureau; Hawai‘i Food+ Policy; and one individual. Your Committee received comments on this measure from the Department of Taxation and Department of Business, Economic Development, and Tourism.

Your Committee has amended this measure by blanking the maximum amount of dairy farm retrofit income tax credits that a taxpayer may claim.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 328, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 328, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Alcos).

SCRep. 2000 Finance on S.B. No. 1186

The purpose of this measure is to establish and appropriate funds for a Statewide Interagency Food Systems Coordination Team and an Interagency Food Systems Working Group within the Agribusiness Development Corporation.

Your Committee received testimony in support of this measure from the Agribusiness Development Corporation; Office of Planning and Sustainable Development; Department of Research and Development of the County of Hawai'i; City and County of Honolulu Office of Climate Change, Sustainability and Resiliency; Ulupono Initiative; Hawai'i Reef and Ocean Coalition; Hawai'i Farm Bureau; Hawaii Cattlemen's Council, Inc.; Hawai'i Alliance for Progressive Action; O'ahu Resource Conservation & Development Council; Hawaii Food Industry Association; Hawai'i Food Bank; Hawai'i Food+ Policy; Hawai'i Farmers Union; Hawaii Appleseed Center for Law & Economic Justice; and two individuals. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism; and Hawai'i Emergency Management Agency.

Your Committee has amended this measure by changing the number of authorized positions to unspecified numbers.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1186, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1186, S.D. 2, H.D. 3.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 1 (Alcos).

SCRep. 2001 Finance on S.B. No. 1441

The purpose of this measure is to:

- (1) Repeal the requirement to transfer the Oahu Regional Health Care System from the Hawaii Health Systems Corporation to the Department of Health;
- (2) Repeal certain changes to the Hawaii Revised Statutes that were made by Act 212, Session Laws of Hawaii 2021, that relate to the transfer of the Oahu Regional Health Care System from the Hawaii Health Systems Corporation to the Department of Health;
- (3) Require the Oahu Regional Health Care System and Department of Health to enter into a formal memorandum of agreement regarding the Oahu Regional Health Care System under certain terms; and
- (4) Require the Oahu Regional Health Care System to submit a report to the Legislature.

Your Committee received testimony in support of this measure from the Hawaii Health Systems Corporation Corporate Board of Directors and Oahu Regional Health Care System. Your Committee received comments on this measure from the Department of Health and University of Hawai'i System.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2025; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1441, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1441, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 2002 Finance on S.B. No. 479

The purpose of this measure is to:

- (1) Amend the funding sources of the Hawaii ABLE Savings Program Trust Fund;
- (2) Repeal the Director of Finance's discretionary authority to use monies in the Hawaii ABLE Savings Program Trust Fund under certain circumstances;
- (3) Authorize the Director of Finance to expend monies in the Hawaii ABLE Savings Program Trust Fund to provide incentive payments to ABLE account owners; and
- (4) Appropriate funds for incentive payments and a full-time position to support the Hawaii ABLE Savings Program.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; State Council on Developmental Disabilities; Hawaii Self-Advocacy Advisory Council; one member of the Kaua'i County Council; Easterseals Hawaii; Work Now Hawaii; Hawaii Disability Rights Center; Arc of Maui County; and numerous individuals.

Your Committee has amended this measure by:

- (1) Changing the number of full-time equivalent positions created by this measure to an unspecified number;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 479, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 479, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 2003 Finance on S.B. No. 1281

The purpose of this measure is to extend the sunset date of Act 107, Session Laws of Hawaii 2023, which allows for the reimbursement of services provided through telehealth via an interactive telecommunications system.

Your Committee received testimony in support of this measure from the Department of Health; Office of Hawaiian Affairs; University of Hawai'i System; State Council on Mental Health; Hawaii Substance Abuse Coalition; AARP Hawaii; Healthcare Association of Hawaii; Hawai'i Pacific Health; Hawai'i Primary Care Association; Hawaii Association of Health Plans; Hawaii Medical Service Association; Hawai'i Mental Health Coalition; Alzheimer's Association-Hawaii; Hawaii Medical Association; American Cancer Society Cancer Action Network; and one individual. Your Committee received comments on this measure from the Department of Human Services; State Health Planning and Development Agency; AlohaCare; and Waianae Coast Comprehensive Health Center.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1281, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1281, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 2004 Finance on S.B. No. 1431

The purpose of this measure is to:

- (1) Establish and appropriate funds for a Hepatitis Prevention Program within the Department of Health to address morbidity and mortality due to hepatitis B and C;
- (2) Require the Department of Health to develop and implement an educational program to inform the public on how to identify and prevent hepatitis and aid in its early diagnosis;
- (3) Require the Department of Health to develop a comprehensive statewide hepatitis prevention plan; and
- (4) Repeal outdated provisions related to hepatitis.

Your Committee received testimony in support of this measure from the Hawaii Substance Abuse Coalition; Hep Free Hawaii; Hawai'i Health & Harm Reduction Center; AlohaCare; and numerous individuals. Your Committee received comments on this measure from the Department of Health.

Your Committee has amended this measure by changing the number of positions to be established for the Hepatitis Prevention Program to unspecified numbers.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1431, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1431, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 2005 Finance on S.B. No. 1448

The purpose of this measure is to make an emergency appropriation to the Department of Health to fund construction defect remediation of the Hale Ho'ola Building at the Hawaii State Hospital, including the payment of legal fees and costs for special deputy attorneys general.

Your Committee received testimony in support of this measure from the State Council on Mental Health and Ko'olau Foundation. Your Committee received comments on this measure from the Department of Accounting and General Services and Department of Health.

Your Committee has amended this measure by:

- (1) Inserting an appropriation amount of \$10,660,000 in general revenues for fiscal year 2024-2025;
- (2) Inserting the appropriate amount and percentage of the appropriation in excess of the general fund expenditure ceiling for fiscal year 2024-2025 and amending the amount by which the ceiling has already been exceeded; and
- (3) Changing the effective date to upon its approval.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1448, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1448, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Alcos). Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 2006 Consumer Protection & Commerce on S.B. No. 890

The purpose of this measure is to require products that are labeled, marketed, or sold as "poi" to contain a label stating whether the product was made wholly from kalo grown in the State or from kalo grown outside the State.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Hawai'i Farm Bureau; Hawai'i Farmers Union; Ko'olau Foundation; and Ko'olaupoko Hawaiian Civic Club.

Your Committee finds that geographic indications are signs or labels used on products that have a specific geographic origin and possess qualities or reputations that are due to that origin. For consumers, geographic indications inform consumers about a product's geographic origin and a quality or characteristic of the product linked to its place of origin.

Your Committee further finds that poi has a deep cultural and agricultural significance in Hawaii and is a traditional Hawaiian dietary staple. Through transparent geographic labeling, this measure ensures that consumers are clearly informed on the geographic origin of the kalo used in the production of the poi products they purchase, while also protecting local farmers and the integrity of the State's indigenous food systems.

Your Committee has amended this measure by:

- (1) Deleting labeling requirements for products labeled, marketed, or sold as "poi" and contains kalo wholly grown in the State;
- (2) Defining "kalo"; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 890, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 890, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 1 (Pierick).

SCRep. 2007 Consumer Protection & Commerce on S.B. No. 1298

The purpose of this measure is to amend the laws relating to electronic device recycling by:

- (1) Expanding the scope of covered electronic devices to include electronic device peripherals and certain legacy devices;
- (2) Requiring manufacturers' recycling plans to describe communication efforts with the State and counties to facilitate consumer education efforts;
- (3) Repealing the deadline for recycling plan implementation;
- (4) Amending the recycling goal for calendar year 2025, and specifying new recycling goals for calendar year 2026 and calendar years 2027 and thereafter;
- (5) Requiring additional information to be included in manufacturers' reports containing information for calendar years 2025, 2026, and 2027;
- (6) Requiring collectors to report certain information regarding recyclers and refurbishers and allowing the Department of Health to require submission of bills of lading and recycler receiving reports; and
- (7) Requiring the Department of Health to submit a report to the Legislature on electronic device recycling prior to the Regular Session of 2028.

Your Committee received testimony in support of this measure from the Department of Environmental Management of the County of Hawai'i; Hawai'i Reef and Ocean Coalition; Climate Protectors Hawai'i; Chamber of Commerce Hawaii; Consumer Technology Association; IT Reuse Hawai'i; and one individual. Your Committee received testimony in opposition to this measure from Mr. K's Recycle and Redemption Center and one individual. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that electronic waste may contain hazardous materials and, consequently, should be recycled appropriately. To encourage electronic recycling, Act 151, Session Laws of Hawaii 2022, established annual goals for electronic device manufacturers to collect and recycle electronic devices by weight. This mandate motivated manufacturers to increase their recycling efforts with seventy-four percent successfully meeting the goal for 2023 and seventeen percent exceeding the goal.

Your Committee further finds that electronic device manufacturers are concerned that the existing goal for calendar year 2025 may be unattainable due to electronic devices becoming lighter over time. To address this concern, this measure delays the calendar year 2025 goal to calendar year 2027 and establishes intermediate goals for calendar years 2025 and 2026.

Your Committee has amended this measure by:

- (1) Amending existing law that provides the Department of Health with discretion, rather than making it mandatory, to determine additional penalties and impose certain fines;
- (2) Deleting the requirement that the reports for calendar years 2025, 2026, and 2027, include the average age of electronic devices collected by each collector for one month of the year; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1298, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1298, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 1 (Pierick).

SCRep. 2008 Consumer Protection & Commerce on S.B. No. 1245

The purpose of this measure is to mandate reimbursement for services provided by participating registered pharmacists within their scope of practice by private and public health plans in the State.

Your Committee received testimony in support of this measure from the University of Hawai'i at Hilo; Board of Pharmacy; Hawai'i Pacific Health; Hawai'i Primary Care Association; Grassroot Institute of Hawaii; Walgreen Co.; National Community Pharmacists Association; The Family Medicine Center; Moloka'i Drugs, Inc.; Hawai'i Pharmacists Association; East Hawaii Independent Physicians Association dba Big Island Docs; Times Pharmacy; The Keto Prescription Clinic; Lihue Pharmacy; KTA Pharmacy; Hawai'i Island Community Health Center; and numerous individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and Hawaii Medical Service Association.

Your Committee finds that the practice of pharmacy has evolved alongside significant changes in health care delivery. Patient demand on the health care system is expected to increase significantly and outpace current provider supply over the next few years. As a result, pharmacists now play a vital role in health care and are increasingly providing patient care services beyond the traditional prescription dispensing function.

Your Committee further finds that in Hawaii, pharmacies are geographically dispersed throughout the community with extended hours of operation, making access to health care provided through pharmacies convenient for patients in each locality. Patients have established relationships of trust with and recognize pharmacists as health care professionals. This measure recognizes the importance of registered pharmacists within the State's health care system and ensures the proper compensation for their services.

Your Committee has amended this measure by:

- (1) Specifying that the provisions of this measure applicable to health insurers, mutual benefit societies, and health maintenance organizations apply to policies, contracts, plans, or agreements delivered or issued for delivery on or after January 1, 2026, rather than July 1, 2026;

- (2) Deleting language that required policies, contracts, plans, or agreements by health insurers, mutual benefit societies, and health maintenance organizations to recognize pharmacists as participating providers;
- (3) Specifying that coverage for benefits for health care services provided by a registered pharmacist shall not be denied if certain conditions are met;
- (4) Clarifying that the participation of a registered pharmacist in a policy, contract, plan, or agreement that includes coverage for prescription drug benefits does not satisfy the requirements that health insurers, mutual benefit societies, and health maintenance organizations include contracted registered pharmacists in their networks of participating providers;
- (5) Prohibiting insurers, mutual benefit societies, and health maintenance organizations from denying the ability for a registered pharmacist to contract with those entities if standard credentialing requirements are met, except for vertically integrated networks;
- (6) Specifying that insurers, mutual benefit societies, and health maintenance organizations that delegate credentialing agreements to health care facilities shall accept credentialing of registered pharmacists employed or contracted by those facilities; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1245, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1245, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Pierick).

SCRep. 2009 Consumer Protection & Commerce on S.B. No. 443

The purpose of this measure is to require lands within the agricultural district that have solar energy facilities to obtain certification from the Department of Agriculture that the lands are also used for farming operations.

Your Committee received testimony in support of this measure from the Land Use Commission; Agribusiness Development Corporation; Ulupono Initiative; Hawai'i Farm Bureau; 350Hawaii.org; Hawai'i Food+ Policy; Hawai'i Farmers Union; and Hawaii Cattlemen's Council, Inc. Your Committee received comments on this measure from the Department of Agriculture and Hawaii State Energy Office.

Your Committee finds that existing law allows for the establishment of solar energy facilities placed within land with soil classified as overall productivity rating class B or C as long as the facilities do not occupy more than ten percent of the parcel, or twenty acres, whichever is less. Your Committee further finds that once agricultural land is diverted from agricultural use to other development, those lands face significant barriers in returning to food production. Consequently, it has been projected that fifty percent of class B lands and twenty percent of class C lands will be lost to solar development. This measure provides an additional safeguard before valuable agricultural land is diverted by requiring the Department of Agriculture to certify the land's concurrent use for farming operations.

Your Committee has amended this measure by:

- (1) Specifying that lands within the agricultural district that produce wind-generated energy for public, private, and commercial use; have wind machines and wind farms; or have wind energy facilities are also required to obtain certification that the lands are also used for farming operations; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 443, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 443, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Pierick).

SCRep. 2010 Finance on S.B. No. 1044

The purpose of this measure is to help stabilize the property insurance market in the State by:

- (1) Expanding the powers of the Hawaii Property Insurance Association and reactivating the Hawaii Hurricane Relief Fund and authorizing these entities to underwrite certain insurance risks that no standard insurer is currently willing to underwrite;
- (2) Appropriating funds as a loan to the Hawaii Property Insurance Association for administrative and startup costs, minimum solvency costs, and the purchase of reinsurance;
- (3) Authorizing the Director of Finance to issue general obligation bonds for deposit into the Hurricane Reserve Trust Fund to facilitate the initial issuance of policies to condominium associations; and
- (4) Requiring the Insurance Commissioner to conduct a study to identify or develop a long-term solution to stabilize the property insurance market in the State and appropriating funds for this purpose.

Your Committee received testimony in support of this measure from the Hawai'i Green Infrastructure Authority; Waikiki Neighborhood Board; AARP Hawaii; Hawai'i Association of REALTORS; Mortgage Bankers Association of Hawaii; Hawaii Bankers Association; The Hawaii Association of Mortgage Brokers & Professionals; and four individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs; Hawaii Insurers Council; Hawaii Financial Services Association; National Association of Mutual Insurance Companies; State Farm Insurance; Hawaii Property Insurance Association; and one individual.

Your Committee has amended this measure by:

- (1) Authorizing the Hawaii Hurricane Relief Fund to contract with entities specializing in providing insurance administration, in addition to licensed property and casualty insurers in the State, to act as a servicing facility;
- (2) Authorizing the issuance of \$50,000,000 in reimbursable general obligation bonds, rather than general obligation bonds;
- (3) Specifying that the existing Hurricane Reserve Trust Fund balance of funds shall be expended before reimbursable general obligation bond proceeds are deposited into the Hurricane Reserve Trust Fund; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1044, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1044, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Holt, Ward).

SCRep. 2011 Finance on S.B. No. 1042

The purpose of this measure is to establish and appropriate funds for a two-year Mental Health Emerging Therapies Pilot Program within the Office of Wellness and Resilience to support clinical research and the development of emerging therapies for the treatment of mental and behavioral health disorders.

Your Committee received testimony in support of this measure from Aloha Integrative Mental Health; Clarity Project; Veterans Exploring Treatment Solutions; Reason for Hope; Veteran Mental Health Leadership Coalition; Beyond Mental Health; and numerous individuals. Your Committee received comments on this measure from the Office of Wellness and Resilience.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1042, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, none.

SCRep. 2012 Finance on S.B. No. 1221

The purpose of this measure is to:

- (1) Require the counties to adopt ordinances for the regulation of retention and detention ponds, conduct a survey of existing retention and detention ponds, and submit a report to the Legislature; and
- (2) Appropriate funds as a grant-in-aid to the counties to conduct the survey and regulate retention and detention ponds.

Your Committee received testimony in support of this measure from the Waikiki Neighborhood Board; Hawaiian Lifeguard Association; Council for Native Hawaiian Advancement; Keiki Injury Prevention Coalition; Hawai'i Lodging & Tourism Association; Hawaii Water Safety Coalition; and numerous individuals.

Your Committee has amended this measure by:

- (1) Removing the requirement that county ordinances include retention pond and detention pond safety requirements regarding:
 - (A) The use of pesticides and fertilizers on surrounding ground cover;
 - (B) The installation of landscape buffers;
 - (C) The incorporation of emergency spillways; and
 - (D) The inspection and registry requirements;
- (2) Exempting retention ponds and detention ponds built on golf courses, hotels, resort properties, or other secured areas from these regulations if the property managers provide proof of sufficient security measures for their ponds;
- (3) Removing the appropriation to the counties; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1221, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1221, S.D. 2, H.D. 3.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, none.

SCRep. 2013 Finance on S.B. No. 1381

The purpose of this measure is to:

- (1) Allow the Commander of the Hawaii Air National Guard to hold the rank authorized by the United States Air Force, which is currently Major General;
- (2) Authorize the Adjutant General to assign either the Chief of Staff or the Assistant Adjutant General to head the Hawaii Air National Guard; and
- (3) Authorize the pay and allowances for the Chief of Staff of the Hawaii Air National Guard to be determined according to the pay table of the United States Air Force.

Your Committee received testimony in support of this measure from the Department of Defense; Hawaii Air National Guard; and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1381, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, none.

SCRep. 2014 Finance on S.B. No. 104

The purpose of this measure is to:

- (1) Restrict the use of restrictive housing in state-operated and state-contracted correctional facilities, with certain exceptions;
- (2) Require the Department of Corrections and Rehabilitation to develop policies and implement procedures regarding restrictive housing by July 1, 2026, and by April 1, 2026, develop policies and implement procedures to review committed persons placed in restrictive housing and develop a plan to step down current and prospective restrictive housing commitments;
- (3) Require the Hawaii Correctional System Oversight Commission to review certain housing placements; and

- (4) Require status reports on the Department of Corrections and Rehabilitation's progress toward full compliance of this measure.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Hawaii Correctional System Oversight Commission; Hawaii Disability Rights Center; Easterseals Hawaii; Hawai'i Friends of Restorative Justice; Community Alliance on Prisons; American Civil Liberties Union of Hawai'i; and three individuals. Your Committee received testimony in opposition to this measure from the Department of Corrections and Rehabilitation.

Your Committee has amended this measure by:

- (1) Restricting the use of restrictive housing in correctional facilities by July 1, 2026;
- (2) Deleting restrictions on the use of restrictive housing that do not comport with certain standards or best practices;
- (3) Amending various durations, deadlines, and frequency relating to the placement of committed persons in restrictive housing during a facility-wide lockdown, in emergency confinement, or in medical isolation;
- (4) Amending the prohibition on the placement of certain committed persons in restrictive housing except under certain conditions and deleting all references to members of a vulnerable population;
- (5) Amending the requirements of mandatory periodic training of staff who interact with committed persons held in restrictive housing;
- (6) Amending the scope of the Hawaii Correctional System Oversight Commission's review of restrictive housing placements and requiring annual, rather than quarterly, reports;
- (7) Requiring a Restrictive Housing Legislative Working Group to be convened by August 1, 2025, to make recommendations by September 1, 2027, for restrictive housing for committed persons who are members of vulnerable populations, rather than requiring the Department of Corrections and Rehabilitation to develop policies and procedures regarding restrictive housing by July 1, 2026;
- (8) Authorizing the Department of Corrections and Rehabilitation to implement the recommendations of the Restrictive Housing Legislative Working Group by December 1, 2027;
- (9) Requiring interim and final reports to the Legislature and Hawaii Correctional System Oversight Commission; and
- (10) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 104, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 104, S.D. 2, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 2015 Finance on S.B. No. 732

The purpose of this measure is to:

- (1) Establish the Island Film and Media Production Investment Fund and Board of Trustees to make strategic investments that support film and media production, and deposit general revenues into the Investment Fund;
- (2) Amend the Motion Picture, Digital Media, and Film Production Income Tax Credit by:
 - (A) Changing the certification requirement for qualified production costs that exceed \$1,000,000 from certification via tax opinion to a written, sworn statement accompanied by an independent third-party certificate issued by a Certified Public Accountant;
 - (B) Changing the annual aggregate cap on allowable credits;
 - (C) Including broadcast and streaming platform productions as qualified productions;
 - (D) Providing an additional five percent credit to qualified productions with a workforce of at least eighty percent local hires; and
 - (E) Requiring productions to provide evidence of contacting all local labor unions servicing Hawaii's film industry before the production start date in order to qualify for the credit;
- (3) Exempt gross proceeds arising from entertainment payroll companies from the General Excise Tax;
- (4) Apply the General Excise Tax rate for manufacturers to productions; and
- (5) Exempt from the General Excise Tax amounts received by a motion picture project employer from a client equal to amounts that are disbursed by the employer for employee wages, salaries, payroll taxes, insurance premiums, and employment benefits and payments to loan-out companies.

Your Committee received testimony in support of this measure from the University of Hawai'i System; Maui Film Office; Hawaii Teamsters Local 996; SAG-AFTRA Hawaii Local; 'Ohina Labs; Fandom of MagnumPI; Aloha Maui Entertainment LLC; Sergs Mexican Kitchen; Hinaaukele Distribution and Catering; My Therapist Thinks Productions, LLC; DGA; Hawaii State AFL-CIO; Palm Tree Livestock LLC; Aloha Harvest; Kapolei Chamber of Commerce; Sight & Sound Productions LLC; C&C Security Inc.; KT Protection Services; Complete Tent Rentals LLC; S&S Pumping LLC; On Location Services; and numerous individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance; Department of Business, Economic Development, and Tourism; Department of Taxation; Honolulu Film Office; Motion Picture Association; IATSE Local 665; Island Film Group; Tax Foundation of Hawaii; and numerous individuals.

Your Committee has amended this measure by:

- (1) Removing the provisions that established and appropriated funds into the Island Film and Media Production Investment Fund;
- (2) Requiring that counties waive permitting fees for certain film activity conducted on county lands until January 1, 2033;
- (3) Specifying that the annual aggregate cap on allowable credits shall be annually reduced by one-sixth of the existing cap beginning on January 1, 2028;
- (4) Repealing the income tax exemption for persons engaged in the business of motion picture and television film production for taxable years after December 31, 2032;
- (5) Repealing the reenactment on January 1, 2033, of the Motion Picture, Digital Media, and Film Production Income Tax Credit pursuant to Act 88, Session Laws of Hawaii 2006, as amended;
- (6) On January 1, 2033, repealing:

- (A) The Motion Picture, Digital Media, and Film Production Income Tax Credit;
 - (B) The General Excise Tax exemption for entertainment payroll companies;
 - (C) The application of the General Excise Tax rate for manufacturers to productions; and
 - (D) The exemption from the General Excise Tax amounts received by a motion picture project employer from a client equal to amounts that are disbursed by the employer for employee wages, salaries, payroll taxes, insurance premiums, and employment benefits and payments to loan-out companies; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 732, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 732, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, none.

SCRep. 2016 Finance on S.B. No. 336

The purpose of this measure is to:

- (1) Declare that the State has a duty to defend any professionally licensed or certified state employee from civil actions when the employee's actions were within the employee's scope of employment and were not grossly negligent or wanton, as long as the employee is cooperating with the State's defense;
- (2) Clarify that professionally licensed or certified state employees may employ their own attorneys at their own expense;
- (3) Require the Attorney General to work with the professionally licensed or certified state employee to amicably transfer representation to the successor counsel chosen by the employee if the State declines to defend the employee from a civil action on certain grounds; and
- (4) Require the Attorney General to file a confidential motion to withdraw as counsel if the Attorney General and professionally licensed or certified state employee cannot amicably transfer representation to the successor counsel.

Your Committee received testimony in support of this measure from the Hawaii Association for Justice; Hawaii State AFL-CIO; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and Hawai'i State Teachers Association.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 336, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 336, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Holt, Ward).

SCRep. 2017 Finance on S.B. No. 227

The purpose of this measure is to:

- (1) Establish a temporary Illegal Fireworks Enforcement Division within the Department of Law Enforcement; and
- (2) Appropriate funds to the Department for the operation of the Division, to reimburse law enforcement agencies for Division-related law enforcement operations, and to establish positions within the Division.

Your Committee received testimony in support of this measure from three individuals.

Your Committee has amended this measure by:

- (1) Changing the number of full-time equivalent positions to unspecified numbers; and
- (2) Changing its effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 227, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 227, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Alcos). Noes, none. Excused, 2 (Holt, Ward).

SCRep. 2018 Finance on S.B. No. 903

The purpose of this measure is to appropriate funds to the Office of Hawaiian Affairs for the hiring of necessary staff and purchase of equipment and professional services on behalf of the Public Land Trust Working Group.

Your Committee received testimony in support of this measure from two individuals.

Prior to the hearing on this measure, your Committee posted and made available for public review a proposed H.D. 2, which:

- (1) Deletes the appropriation to the Office of Hawaiian Affairs;
- (2) Amends the membership and responsibilities of the Working Group, with the responsibilities to include accounting for all ceded lands and income and proceeds from the public land trust and determining the Office of Hawaiian Affairs' annual pro rata share of income and proceeds from the public land trust;
- (3) Requires the Working Group to submit reports to the Legislature;
- (4) By October 1, 2027, requires the State, Office of Hawaiian Affairs, and other applicable parties to begin preliminary negotiations regarding the final draft settlement of the Office of Hawaiian Affairs' pro rata share of income and proceeds from the public land trust;

- (5) Appropriates \$500,000 for fiscal years 2025-2026 and 2026-2027 to the Legislative Reference Bureau to retain independent third-party professionals for the purposes of Act 226, Session Laws of Hawaii 2022, subject to matching funds from the Office of Hawaiian Affairs; and
- (6) Makes the measure effective upon its approval, with the appropriation effective on July 1, 2025.

Your Committee received testimony in opposition to the proposed H.D. 2 from the Office of Hawaiian Affairs. Your Committee received comments on the proposed H.D. 2 from the Legislative Reference Bureau.

Your Committee notes that some of the parties expressed interest that the Public Land Trust Working Group determine:

- (1) The process of calculating the total amount owed to clear all future claims of Office of Hawaiian Affairs against the State; and
- (2) A process by which the Office of Hawaiian Affairs may negotiate a master settlement with the State.

Your Committee has amended this measure by adopting the proposed H.D. 2 and further amending the measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 903, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 903, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (Grandinetti, Hussey, Alcos, Reyes Oda). Noes, none. Excused, none.

SCRep. 2019 Finance on S.B. No. 1117

The purpose of this measure is to:

- (1) Prohibit a person from operating a moped or electric motorcycle in certain areas designated for bicycles;
- (2) Rename the Electric Bicycle and Electric Moped Rebate Program as the Electric Mobility Device Rebate Program and amend the program by expanding eligibility requirements and maximum rebate amounts, shortening the time within which to claim a rebate, and offering an additional assistance rebate for certain students in financial need;
- (3) Exempt certain class 3 electric bicycles from registration requirements;
- (4) Establish a cap for the Electric Mobility Device Subaccount, which is used to fund the Electric Mobility Rebate Program, and requirements for transferring funds into the Subaccount;
- (5) Amend age requirements for required helmet use while operating a bicycle or electric foot scooter, operation of a class 3 electric bicycle, and operation of an electric motorcycle or motor-driven cycle;
- (6) Prohibit certain acts during electric bicycle operation and allow use of electric bicycles on public sidewalks under certain conditions; and
- (7) Appropriate funds for the Electric Mobility Rebate Program.

Your Committee received testimony in support of this measure from the Office of Climate Change, Sustainability and Resiliency of the City and County of Honolulu; Keiki Injury Prevention Coalition; and Kapi'olani Medical Center for Women & Children. Your Committee received comments on this measure from the Department of Transportation; Oahu Metropolitan Planning Organization; Hawai'i Appleseed Center for Law & Economic Justice; Ulupono Initiative; and PeopleForBikes.

Your Committee has amended this measure by:

- (1) Changing the cap on the total amount of rebates that the Department of Transportation may issue within a fiscal year to an unspecified amount;
- (2) Changing the Electric Mobility Device Subaccount balance cap to an unspecified amount;
- (3) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1117, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1117, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 3 (Hussey, Alcos, Ward).

SCRep. 2020 Finance on S.B. No. 1667

The purpose of this measure is to:

- (1) Require the design features and speeds, when planning and managing state highways in certain areas, to be appropriately determined by standards adopted by the National Association of City Transportation Officials or American Association of State Highway and Transportation Officials;
- (2) Establish responsibilities and requirements for the State Highway Safety and Modernization Council;
- (3) Authorize the State Highway Safety and Modernization Council to select potential areas for the Department of Transportation to install up to ten additional photo red light imaging detector systems;
- (4) Prohibit any vehicle from blocking marked crosswalks and establish a fine for violations;
- (5) Authorize the Department of Transportation to implement additional automated speed enforcement systems in school zones identified as most dangerous by the Safe Routes to School Advisory Committee;
- (6) Require the Department of Transportation to collaborate with the district courts before any expansion of the photo red light imaging detector and automated speed enforcement systems programs; and
- (7) Appropriate funds to the Department of Transportation and Judiciary.

Your Committee received testimony in support of this measure from the Oahu Metropolitan Planning Organization; Hawai'i Appleseed Center for Law and Economic Justice; and Hawai'i Bicycling League. Your Committee received comments on this measure from the Judiciary and Department of the Attorney General.

Your Committee has amended this measure by:

- (1) Removing the provision that authorized the Department of Transportation to transfer appropriated funds to county agencies to effectuate the purposes of this measure; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1667, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1667, S.D. 2, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Alcos).

SCRep. 2021 Finance on S.B. No. 1571

The purpose of this measure is to:

- (1) Exempt all positions filled by the Hawaii Tourism Authority within the Department of Business, Economic Development, and Tourism from the state civil service law;
- (2) Designate the Board of Directors of the Hawaii Tourism Authority as an advisory board; and
- (3) Amend the eligibility requirements to serve on the Hawaii Tourism Authority board of directors by repealing the two-year waiting period for former Hawaii Visitors and Convention Bureau board members.

Your Committee received testimony in opposition to this measure from the Hawaii Government Employees Association, AFSCME Local 152, ALF-CIO; and one individual. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism; and Hawai'i Tourism Authority.

Your Committee has amended this measure by making the President and Chief Executive Officer of the Hawaii Tourism Authority a position appointed by the Governor, with the advice and consent of the Senate.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1571, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1571, S.D. 2, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Hussey, Ward).

SCRep. 2022 Finance on S.B. No. 589

The purpose of this measure is to:

- (1) Require the Public Utilities Commission to establish a goal of installing fifty thousand new installations of customer-sited distributed energy resources by December 31, 2030;
- (2) Require the Public Utilities Commission to use tariffs for grid services programs, microgrids, and community-based renewable energy;
- (3) Require sufficient compensation for solar and energy storage exports to the electric grid and require the Public Utilities Commission to establish grid service compensation values;
- (4) Specify that persons who construct, maintain, or operate a new microgrid are not considered a public utility solely due to furnishing service to consumers through that new microgrid; and
- (5) Authorize intragovernmental wheeling of renewable energy and require the Public Utilities Commission to establish policies and procedures to implement intragovernmental wheeling and microgrid service tariffs.

Your Committee received testimony in support of this measure from the Hawaii Energy Connection; LegaSea Energy; Hawaii Solar Energy Association; Solaray Corporation; Coalition Earth; Alternate Energy Hawaii; and eight individuals. Your Committee received testimony in opposition to this measure from the International Brotherhood of Electrical Workers Local Union 1260 and Hawaiian Electric. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs; Public Utilities Commission; Life of the Land; Ulupono Initiative; Blue Planet Foundation; and Holu Hou Energy.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 589, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 589, S.D. 1, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Grandinetti, Hussey). Noes, 2 (Alcos, Reyes Oda). Excused, 2 (Holt, Ward).

SCRep. 2023 Finance on S.B. No. 1396

The purpose of this measure is to:

- (1) Amend the Transient Accommodations Tax rate beginning on January 1, 2027;
- (2) Assess the Transient Accommodations Tax on cruise ship cabins, prorated by the percentage of total time the cruise ship is docked at any port in the State; and
- (3) Appropriate funds to the Department of Land and Natural Resources for the protection, management, and restoration of the State's natural resources; environmental stewardship; climate and hazard mitigation; and sustainable tourism.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Hawai'i Climate Advisory Team; Coalition Earth; Hawaii Reef and Ocean Coalition; Climate Protectors Hawai'i; Kupu; Council for Native Hawaiian Advancement; Hawai'i Alliance of Nonprofit Organizations; Hawaii Ocean Legislative Task Force; Hawaii Food+ Policy; Hawai'i Appleseed Center for Law & Economic Justice; Resources Legacy Fund; Hawai'i Workforce Funders Collaborative; The Nature Conservancy Hawai'i and Palmyra; Vibrant Hawai'i; Coral Reef Alliance; Wildfire Safety Advocates of Waikoloa; and numerous individuals.

Your Committee received testimony in opposition to this measure from the Activities and Attractions Association of Hawaii; Hawaii Mid- and Short-Term Rental Alliance; O'ahu Short-Term Rental Alliance; Kona Kai LLC; Serendipity Associates; Maui Hotel & Lodging Association; Norwegian Cruise Line Holding Ltd; Grassroot Institute of Hawaii; Maui Chamber of Commerce; Honu Hawaii Home, LLC; Maui Vacation Rental Association; ARDA Hawaii; Kohala Coast Resort Association; Ala Wai House LLC; and numerous individuals.

Your Committee received comments on this measure from the Office of the Governor; Recovery and Resiliency Unit; Department of Hawaiian Home Lands; Department of Taxation; Hawai'i Tourism Authority; Department of Business, Economic Development, and Tourism; Hawaii Green Infrastructure Authority; Hawai'i Climate Change Mitigation and Adaptation Commission; Hawai'i State Energy Office; Hawai'i Emergency Management Agency; Kauai Climate Action Coalition; Kua'āina Ulu 'Auamo; Mālama Learning Center; Cruise Lines International Association; Care for 'Āina Now Coalition; Sustainable Coastlines Hawai'i; Hawai'i Green Growth Local2030 Hub; 'Āina Aloha Economic Futures; Hawai'i Wildfire Management Organization; Tax Foundation of Hawaii; Hawai'i Lodging & Tourism Association; and six individuals.

Your Committee has amended this measure by:

- (1) Adjusting the allowable uses of the Special Land and Development Fund;
- (2) Removing the requirement that Transient Accommodations Tax allocations to the Special Land and Development Fund be expended in accordance with the Hawaii Tourism Authority Strategic Plan; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1396, S.D. 3, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1396, S.D. 3, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Reyes Oda). Noes, 1 (Alcos). Excused, none.

SCRep. 2024 Judiciary & Hawaiian Affairs on S.B. No. 1343

The purpose of this measure is to amend the minimum quorum and voting requirements for the Small Business Regulatory Review Board to conduct its business and validate its actions.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; and Small Business Regulatory Review Board.

Your Committee finds that the quorum requirements for the Small Business Regulatory Review Board, which consists of eleven members, should be amended to ensure the Board has the ability to function without interruption at monthly meetings. This measure decreases the number of members required for quorum from six to five, providing the Small Business Regulatory Review Board with greater flexibility to conduct board meetings.

Your Committee has amended this measure by clarifying that members appointed, but not yet confirmed, to serve on the Small Business Regulatory Review Board qualify as members for the purposes of quorum requirements.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1343, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1343, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 2025 Judiciary & Hawaiian Affairs on S.B. No. 1454

The purpose of this measure is to:

- (1) Require the Department of Labor and Industrial Relations to issue an order of wage payment violation when it finds that a violation has occurred without remedy;
- (2) Clarify the definition of "wage" to mean compensation for labor or services rendered by an employee, without regard of how the amount is calculated; and
- (3) Establish penalties for employers that commit wage payment violations.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations and Hawaii Workers Center.

Your Committee finds that the Department of Labor and Industrial Relations has the authority to issue orders of wage payment violations under the Payment of Wages and Other Compensation Law, but lacks similar authority under the Wage and Hour Law, which encompasses a larger group of low-wage earners. This measure ensures that all workers that earn any amount of compensation are equally protected by authorizing the Department of Labor and Industrial Relations to issue orders of wage payment violations, establishing penalties, enforcement, and an appeals process, and clarifying that "wage" means compensation for labor rendered by an employee, regardless of how it was calculated under the Wage and Hour Law.

Your Committee has amended this measure by:

- (1) Clarifying that all civil penalties collected under this measure are to be deposited into the Labor Law Enforcement Special Fund; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1454, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1454, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 2026 Judiciary & Hawaiian Affairs on S.B. No. 1651

The purpose of this measure is to require:

- (1) Board packets to be posted two full business days before a public meeting; and
- (2) Boards to provide notice to persons who have requested notification of meetings when the board packets are made available for public inspection.

Your Committee received testimony in support of this measure from the Hawai'i State Lesbian, Gay, Bisexual, Transgender, Queer Plus Commission; Disability and Communication Access Board; Public First Law Center; Society of Professional Journalists, Hawaii Chapter; and one individual. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Office of Information Practices.

Your Committee finds that in 2024, state law was amended to require board packets to be posted no later than two business days before a public meeting to give the public ample time to review the materials. However, some agencies have interpreted this amendment to mean that a board packet can be posted at any time during the second business day before the public meeting. This measure aims to clarify the deadline for posting board packets, ensuring adequate time for boards to prepare their materials and for the public to review them before the meeting.

Your Committee has amended this measure by:

- (1) Clarifying that board packets must be posted no later than two full business days before the meeting; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that the intent of this measure is for board packets to be posted no later than six hours before the close of business on the second business day before the meeting.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1651, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1651, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 2027 Judiciary & Hawaiian Affairs on S.B. No. 1099

The purpose of this measure is to authorize the Land Use Commission to designate any county or state lands as Important Agricultural Lands, and adopt maps for the designated lands, in counties that fail to identify and recommend important agricultural lands by December 31, 2027.

Your Committee received comments on this measure from the Department of Agriculture; Land Use Commission; and Hawai'i Farm Bureau.

Your Committee finds that the designation of Important Agricultural Lands helps ensure the conservation, protection, and long-term agricultural viability of certain lands. Your Committee further finds that this designation process relies on the counties' identification and recommendation of lands. This measure ensures that the Land Use Commission can designate county and state lands as Important Agricultural Lands if the counties fail to identify and recommend such lands.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1099, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, 1 (Shimizu). Excused, 1 (Cochran).

SCRep. 2028 Judiciary & Hawaiian Affairs on S.B. No. 1511

The purpose of this measure is to:

- (1) Prohibit vessels longer than seventy-five feet from entering Hanalei Bay; and
- (2) Exempt vessels operated by a federal, state, or county agency from this prohibition.

Your Committee received testimony in support of this measure from the Mayor of the County of Kaua'i; Hanalei-Wainiha-Hā'ena Community Association; and Hanalei Watershed Hui. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that there has been an increase in the number of large vessels mooring in Hanalei Bay, posing a risk to the health and safety of individuals and families participating in ocean activities in the area. This measure promotes boating and ocean safety and preserves the rural character of Hanalei Town by prohibiting large vessels from entering Hanalei Bay.

Your Committee has amended this measure by changing its effective date to upon approval.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1511, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1511, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 2029 Judiciary & Hawaiian Affairs on S.B. No. 321

The purpose of this measure is to require that fee simple absolute title of a privately owned highway, road, alley, street, way, lane, bikeway, bridge, or trail be deemed transferred to adjacent property owners or community associations if certain conditions are met.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Hawaii Land Title Association; Mortgage Bankers Association of Hawaii; and Hawaii Financial Services Association.

Your Committee finds that in the absence of clear ownership, privately owned streets, roads, and other infrastructure in subdivisions may lead to legal disputes or ambiguity over responsibility when the subdivider has dissolved or ceased to exist. Such circumstances, coupled with the lack of formal dedication to the State or county, may result in prolonged uncertainty regarding the ownership and maintenance obligations of these facilities.

Your Committee further finds that concerns were raised regarding this measure and the lack of procedures to determine real property ownership over private streets, which could lead to unintended consequences. One way to ensure certainty over ownership of private streets would be to require a court to provide an order to transfer title of these private streets. A court process would provide appropriate notice, define the parties and property in question, determine any maintenance obligations, settle any disputes over ownership, and provide a transfer of title that can then be recorded with the Bureau of Conveyances or Land Court.

Accordingly, your Committee has amended this measure by:

- (1) Deleting its substantive contents and inserting language that establishes a process for transferring fee simple absolute title of orphan streets to adjacent property owners under certain conditions, such as when the subdivider has dissolved, has ceased to exist, or is deceased, and includes legal procedures for filing the action for transfer; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 321, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 321, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 2030 Judiciary & Hawaiian Affairs on S.B. No. 822

The purpose of this measure is to:

- (1) Establish a three-year Residential Landlord-Tenant Code Working Group to research and improve the Residential-Landlord Tenant Code; and
- (2) Require an initial report to the Legislature prior to the Regular Session of 2026 and a final report no later than July 1, 2028.

Your Committee received testimony in support of this measure from the Judiciary; Office of Housing and Community Development of the County of Hawai'i; Hawai'i Association of REALTORS; and Hawaii Workers Center. Your Committee received testimony in opposition to this measure from the Department of the Attorney General.

Your Committee finds that rental housing is a critical component of Hawaii's housing market, with a significant portion of residents relying on rental properties for stability. However, the complexity of landlord-tenant laws and legal proceedings creates challenges for landlords and tenants, often leading to disputes, uncertainty, and an increased burden on the judicial system. This measure will facilitate collaboration among key stakeholders to identify issues, develop solutions, and enhance the rental housing market, ultimately increasing housing availability and stability for Hawaii residents.

Your Committee has amended this measure by:

- (1) Placing the Residential Landlord-Tenant Code Working Group (Working Group) within the Judiciary, rather than the Department of the Attorney General, and updating the membership of the Working Group;
- (2) Amending the scope of the Working Group;
- (3) Deleting the savings clause; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 822, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 822, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Garcia). Noes, none. Excused, 1 (Cochran).

SCRep. 2031 Judiciary & Hawaiian Affairs on S.B. No. 1028

The purpose of this measure is to:

- (1) Prohibit the assessment of any fees, fines, or court costs against a person who was adjudicated for an offense committed while the person was a minor under the age of eighteen, or against the person's parent or guardian;
- (2) Limit court-ordered community service for a minor to no more than seventy-two hours; and
- (3) Repeal certain penalties imposed on parents, guardians, or other persons associated with unaccompanied children in streets and unmarried minors in dance halls.

Your Committee received testimony in support of this measure from the Office of the Public Defender; Office of Hawaiian Affairs; Juvenile Justice State Advisory Council; National Center for Youth Law; Mālama Mākua; Community Alliance on Prisons; Debt Free Justice Hawai'i; American Civil Liberties Union of Hawai'i; 'Ekolu Mea Nui; Nā 'Ōpio Waiwai; The Youth Council of 'Ekolu Mea Nui; Opportunity for Youth Action Hawai'i; and two individuals. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that imposing fees, fines, and court costs on minors involved in the juvenile justice system is an ineffective and harmful practice, placing an undue financial burden on the minor or their family. Rather than serving as a meaningful form of accountability, these penalties often deepen economic struggles and fail to achieve rehabilitation or deterrence. Your Committee also notes that many states have recognized these challenges and have taken steps to eliminate or reform juvenile justice-related fees and fines. This measure aligns Hawaii with these national efforts by prohibiting the assessment of such costs against minors and their families, thereby promoting a more equitable and evidence-based approach to juvenile justice.

Your Committee has amended this measure by:

- (1) Clarifying the prohibitions on the assessment of costs:
 - (A) Against a minor who commits an offense of operating a vehicle under the influence of an intoxicant, habitually operating a vehicle under the influence of an intoxicant, or operating a vehicle after consuming a measurable amount of alcohol; and
 - (B) Incurred by the family courts for the detention, placement, care, or support and treatment of minors; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1028, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1028, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, 2 (Garcia, Shimizu). Excused, 2 (Cochran, Hashem).

SCRep. 2032 Judiciary & Hawaiian Affairs on S.B. No. 1322

The purpose of this measure is to:

- (1) Clarify emergency transportation, examination, and hospitalization procedures for individuals who may be mentally ill or suffering from substance abuse and are imminently dangerous to self or others;
- (2) Establish limitations on liability for state and county governments, private sector and nonprofit organizations, state and county employees, and certain health care professionals from emergency procedures;
- (3) Require treatment providers to provide relevant treatment information to the Department of the Attorney General, upon the Department's request, for purposes of preparing a petition for assisted community treatment;
- (4) Amend the procedures for involuntary hospitalizations and assisted community treatment petitions;
- (5) Clarify the circumstances under which a subject of an order for assisted community treatment can be administered medication over the subject's objection;
- (6) Establish limitations on liability for assisted community treatment providers; and
- (7) Allow a single psychiatrist, rather than a panel of three, to provide administrative authorization for medical treatment over the objection of a patient who is in the custody of the Director of Health and in a psychiatric facility.

Your Committee received testimony in support of this measure from the Department of the Attorney General; Department of Health; Department of Law Enforcement; Hawaii Health Systems Corporation; Hawaii Substance Abuse Coalition; The Institute for Human Services, Inc.; and one individual. Your Committee received testimony in opposition to this measure from Hawaii Disability Rights Center and ACLU Hawai'i. Your Committee received comments on this measure from The Queen's Health Systems; Hawai'i Pacific Health; and Adventist Health Castle.

Your Committee finds that the number of individuals in need of mental health assistance is growing and that there is a need to update the State's mental health laws to reduce complexity and improve the legal mechanisms available to assist these individuals. This measure updates and clarifies certain mental health laws in order to enhance the State's ability to assist and provide treatment for individuals in need of mental health support.

Your Committee has amended this measure by:

- (1) Requiring the Department of Health to submit annual reports to the Legislature on emergency transportations and assisted community treatment petitions and orders, based on information provided by service providers;
- (2) Clarifying that a law enforcement officer may temporarily detain an individual at law enforcement facilities if the individual is in need of an emergency examination and the officer is unable to reach a mental health emergency worker;
- (3) Amending the procedures for emergency transportations initiated by health care providers;
- (4) Extending the duration of emergency hospitalizations from forty-eight hours to seventy-two hours;
- (5) Deleting language that would have established limitations on liability for state and county governments, private sector and nonprofit organizations, state and county employees, and certain health care professionals from emergency procedures;
- (6) Clarifying the procedures for when an individual fails to comply with an order for assisted community treatment;
- (7) Deleting language that would have established limitations on liability for assisted community treatment providers;
- (8) Deleting language that would have allowed a single psychiatrist, rather than a panel of three, to provide administrative authorization for medical treatment over the objection of a patient who is in the custody of the Director of Health and in a psychiatric facility; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1322, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1322, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Shimizu). Noes, none. Excused, 1 (Kahaloa).

SCRep. 2033 Judiciary & Hawaiian Affairs on S.B. No. 1429

The purpose of this measure is to:

- (1) Authorize the Department of Health to impose penalties and take enforcement actions for violations of the medical cannabis laws;
- (2) Retroactively repeal the prohibition against primary caregivers cultivating medical cannabis for their qualifying patients and authorize primary caregivers to cultivate cannabis in an amount not to exceed an adequate supply for the qualifying patient;
- (3) Extend until July 1, 2027, the effective date of certain interim rules adopted by the Department of Health related to the medical cannabis dispensary system; and
- (4) Extend until June 30, 2029, the sunset date for the exemption from civil service of personnel hired by, or contracts entered into by, the Department of Health for purposes of the medical cannabis dispensary system.

Your Committee received testimony in support of this measure from the Department of Health. Your Committee received testimony in opposition to this measure from the Libertarian Party of Hawaii; Oahu Cannabis Farms Alliance; and numerous individuals. Your Committee received comments on this measure from the Drug Policy Forum of Hawaii; Akamai Cannabis Consulting; and Hawai'i Cannabis Industry Association.

Your Committee finds that qualifying patients in Hawaii should have safe and legal access to medical cannabis through multiple authorized sources, including licensed dispensaries and caregivers. Your Committee further finds that the inclusion of enforcement authority in this measure is essential for effective regulation, maintaining compliance, protecting public health, and addressing emerging challenges in the evolving medical cannabis industry.

Your Committee has amended this measure by:

- (1) Changing the effective date to upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1429, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1429, S.D. 2, H.D. 3.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, 1 (Garcia). Excused, 1 (Kahaloa).

SCRep. 2034 Judiciary & Hawaiian Affairs on S.B. No. 281

The purpose of this measure is to establish the offense of torture as a class A felony in the State.

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu; Honolulu Police Department; Hawaii County Police Department; Family Prosecution Division of the Office of the Prosecuting Attorney of the City and County of Honolulu; Domestic Violence and Child Abuse Felony Division of the Office of the Prosecuting Attorney of the City and County of Honolulu; Honolulu Fire Department; Office of the Prosecuting Attorney of the County of Hawai'i; Hawai'i State Chapter of Children's Justice Centers; and five individuals. Your Committee received testimony in opposition to this measure from the Office of the Public Defender.

Your Committee finds that under existing law, the State only punishes torture as an aggravating circumstance for murder. Even application of that sentence has been substantially weakened because the prosecution must prove that the torture inflicted was "unnecessary". Your Committee also finds that in 2024, there were several cases involving the torture of children; however, existing laws provided no framework to charge and penalize the perpetrators appropriately. Your Committee believes that it is essential to distinguish between abuse and torture, as they differ in severity, and the penalties should reflect that distinction. The prohibitions established under this measure accurately reflect the severity of torture and ensure that offenders are held accountable for the magnitude of their crimes.

Your Committee has amended this measure by:

- (1) Including a definition for "restricts"; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 281, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 281, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 2035 Judiciary & Hawaiian Affairs on S.B. No. 253

The purpose of this measure is to:

- (1) Require condominium association budget summaries to include all required information without referring the reader to other portions of the budget or reserve study;
- (2) Provide that the defense of good faith compliance is unavailable to any condominium association whose board adopts a budget that omits the required detailed budget summary; and
- (3) Provide that a unit owner has standing to enforce a board's compliance with the statutory provisions relating to a condominium association's budget, if the board failed to substantially comply with those provisions.

Your Committee received testimony in support of this measure from the Hawai'i Association of REALTORS; Community Associations Institute; Hawaii First Realty; and five individuals. Your Committee received testimony in opposition to this measure from Honolulu Tower AOA; Palehua Townhouse Association; Law Offices of Mark K. McKellar, LLC; and numerous individuals.

Your Committee finds that while previous efforts by the Legislature have improved transparency regarding condominium association fiscal matters, further steps are necessary to ensure full compliance with the disclosure of budget summaries and reserve studies. Your Committee believes there is a need for explicit clarification regarding the unavailability of the good faith defense for associations whose boards fail to include a detailed budget summary and for ensuring that unit owners have standing to enforce compliance. This measure strengthens transparency and promotes greater accountability.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 253, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, 1 (Garcia). Excused, 1 (Cochran).

SCRep. 2036 Judiciary & Hawaiian Affairs on S.B. No. 1035

The purpose of this measure is to make it an unfair or deceptive act or practice for businesses to:

- (1) Offer, display, or advertise the price of live-ticket events or short-term lodging without clearly and conspicuously disclosing the total price; and
- (2) Misrepresent any fees or charges in any offer, display, or advertisement for the sale of live-event tickets or short-term lodging.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs and Hawaii Hotel Alliance and American Hotel & Lodging Association. Your Committee received comments on this measure from the Hawaii Financial Services Association.

Your Committee finds that the ability for a consumer to identify the true price of a good or service is a necessity for a properly functioning economy. Your Committee further finds that consumers have expressed frustration with the use of hidden resort fees and other mandatory charges by hotels and misleading

ticket prices for live events. This measure seeks to deter certain deceptive business practices relating to live-ticket sales and short-term lodging by mandating certain price and fee disclosures.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1035, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1035, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 2037 Judiciary & Hawaiian Affairs on S.B. No. 332

The purpose of this measure is to:

- (1) Prohibit sellers of mortgaged properties in a power of sale foreclosure from bundling properties at a public sale and require each mortgaged property to be bid on separately; and
- (2) Specify that the sale of a foreclosed property is not final until the earlier of either fifteen days after the public sale, if an eligible bidder submits a subsequent bid or written notice of intent to submit a subsequent bid, or forty-five days after the public sale, if an eligible bidder submits a subsequent bid.

Your Committee received testimony in support of this measure from ‘Ahahui O Hawai‘i; Lāhainā Strong; Native Hawaiian Legal Corporation; Lahaina Community Land Trust; and eight individuals.

Your Committee finds that natural disasters and economic crises often lead to foreclosures, resulting in the loss of owner-occupied homes to investors, which can cause vacancies and property neglect. Your Committee believes it is crucial to ensure foreclosed homes remain accessible to tenants, families, and community organizations, as proposed by this measure, thereby protecting housing opportunities for local residents and community organizations and preventing the further erosion of affordable housing stock.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 332, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 332, S.D. 1, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 2038 Judiciary & Hawaiian Affairs on S.B. No. 602

The purpose of this measure is to provide conditions under which all parcels under the jurisdiction of the Hawaii Public Housing Authority and authority offices and facilities shall be closed to the public so that trespassing violations may be prosecuted as criminal trespass in the second degree.

Your Committee received testimony in support of this measure from the Hawaii Public Housing Authority. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that public housing residents frequently experience vandalism, property damage, excessive noise, and unsanitary conditions in parking areas and vacant land parcels under the jurisdiction of the Hawaii Public Housing Authority. Many of these issues are caused by individuals who do not reside in the public housing facilities, leading to safety concerns and decreased quality of life for residents. This measure will help reduce trespassing and nuisances, ultimately creating a safer and more livable environment for public housing residents, by clearly designating certain areas as closed to the public, implementing proper signage, and empowering law enforcement to address violations.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 602 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Cochran).

SCRep. 2039 Judiciary & Hawaiian Affairs on S.B. No. 771

The purpose of this measure is to remove the restrictions on who may serve as the Chairperson of the Hawaii Housing Finance and Development Board of Directors.

Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee believes that the Hawaii Housing Finance and Development Corporation Board of Directors should be given flexibility in determining its leadership to allow for the most qualified member of the Board to lead as Chairperson, regardless of a member's designation.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 771, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, 2 (Garcia, Shimizu). Excused, 1 (Cochran).

SCRep. 2040 Judiciary & Hawaiian Affairs on S.B. No. 38

The purpose of this measure is to prohibit a county legislative body from imposing stricter conditions than the Hawaii Housing Finance and Development Corporation, stricter area median income requirements, or a reduction in fee waivers to housing development proposals that would increase the cost of the project.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation; Grassroot Institute of Hawaii; Maui Chamber of Commerce; and Housing Hawai‘i’s Future. Your Committee received testimony in opposition to this measure from the Department of Planning and Permitting of the City and County of Honolulu; one member of the Honolulu City Council; Hawai‘i State Association of Counties; and Lāhainā Strong. Your Committee received comments on this measure from one individual.

Your Committee finds that Hawaii is facing a severe housing crisis, with a shortage of affordable housing that disproportionately affects working families and low-income residents. The development of housing projects is often delayed or made more costly due to inconsistent zoning, planning, and regulatory requirements imposed by different levels of government. This measure will facilitate the timely construction of affordable housing and streamline approval processes, thereby making homes more accessible and reducing costs for Hawaii residents.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 38, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 38, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Belatti). Noes, 3 (Poepoe, Perruso, Garcia). Excused, 1 (Cochran).

SCRep. 2041 Judiciary & Hawaiian Affairs on S.B. No. 146

The purpose of this measure is to amend the conditions and procedures of alternative dispute resolution methods for condominium-related disputes, including the use of evaluative mediation or binding arbitration.

Your Committee received testimony in support of this measure from the Community Associations Institute and Hawaii First Realty. Your Committee received testimony in opposition to this measure from the Law Offices of Mark K. McKellar, LLLC; Hawaii Council of Community Associations; and numerous individuals. Your Committee received comments on this measure from the Hawai'i Real Estate Commission and one individual.

Your Committee finds that condominium-related disputes, including issues related to delinquent assessments, enforcement of declarations and bylaws, and violations of house rules, often lead to prolonged litigation, increased costs, and a burden on the court system. This measure seeks to reduce the financial burden on condominium associations and unit owners, expedite dispute resolution, and ensure that Hawaii's condominium community benefits from more accessible and cost-effective legal processes.

Your Committee has amended this measure by:

- (1) Requiring each party to a binding arbitration to pay a fee of \$150 to the arbitrator, except under certain circumstances;
- (2) Clarifying that an arbitrator must have at least five years of experience as a licensed attorney;
- (3) Clarifying the circumstances under which a mediation agreement is voidable if certain disclosures are not made; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 146, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 146, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Belatti). Noes, 2 (Garcia, Shimizu). Excused, 1 (Cochran).

SCRep. 2042 Judiciary & Hawaiian Affairs on S.B. No. 106

The purpose of this measure is to:

- (1) Establish a three-year Pedestrian Safety Pilot Program in each county with a population of two hundred fifty thousand or less, under certain conditions, that authorizes pedestrians to cross outside of a marked crosswalk;
- (2) Authorize the Governor to revoke or abolish the Pedestrian Safety Pilot Program and overturn a county's request to opt-out of the Pilot Program;
- (3) Authorize a county with a population of over two hundred fifty thousand to participate in the Pedestrian Safety Pilot Program, subject to certain conditions;
- (4) Require the Department of Transportation to provide biannual reports to the Legislature on the impact of the Pedestrian Safety Pilot Program; and
- (5) Require a driver of a vehicle to yield to a pedestrian when the pedestrian clearly indicates their intent to cross a roadway within a crosswalk.

Your Committee received testimony in support of this measure from the Hawai'i Appleseed Center for Law and Economic Justice; Get Fit Kaua'i; Hawai'i Public Health Institute; Grassroot Institute of Hawaii; Oahu Metropolitan Planning Organization; ACLU Hawai'i; and five individuals. Your Committee received testimony in opposition to this measure from the Department of Transportation; Mayor of the County of Kaua'i; Honolulu Police Department; Maui Police Department; Department of Public Works of the County of Hawai'i; Department of Public Works of the County of Kaua'i; Keiki Injury Prevention Coalition; and two individuals. Your Committee received comments on this measure from the Department of Health and one individual.

Your Committee finds that pedestrian mobility is an essential part of a sustainable and accessible transportation system. Your Committee also finds that from 2018 to 2023 there were 30,168 jaywalking citations given in Hawaii, with an average of 5,028 jaywalking citations per year, not including sealed cases or records for minors. Authorizing pedestrians to cross the street in a safe manner without fear of incurring a fine will promote equity in a transportation network that has historically favored the unimpeded movement of vehicles. This measure will reduce the inconveniences associated with walking which encourages residents to reduce their vehicle use. Your Committee also believes that counties with smaller populations may be better suited to test pedestrian-friendly policies without jeopardizing the safety of pedestrians.

Your Committee has amended this measure by:

- (1) Deleting language that would have established fines for pedestrians if they engaged in behavior that created an immediate danger of collision with a moving vehicle; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 106, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 106, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, 2 (Garcia, Shimizu). Excused, 1 (Cochran).

SCRep. 2043 Judiciary & Hawaiian Affairs on S.B. No. 438

The purpose of this measure is to:

- (1) Prohibit landfill units on land in an agricultural district having soil classified by the Land Study Bureau's detailed land classification as overall (master) productivity rating class A;
- (2) Prohibit the construction, modification, or expansion of any waste or disposal facility for solid waste or hazardous waste on land that is near or above a significant aquifer;
- (3) Beginning July 1, 2025, narrow the existing prohibition on the construction, modification, or expansion of waste or disposal facilities within a one-half mile buffer zone of residential, school, or hospital property lines to apply specifically to landfill units or components of landfill units;
- (4) Beginning July 1, 2025, prohibit the construction, modification, or expansion of a landfill unit, or any component of a landfill unit, within a no pass zone in a county with a population greater than five hundred thousand, with certain exemptions; and
- (5) Prohibit the use of fly ash, bottom ash, or combination of fly ash and bottom ash from a municipal waste combustor for certain purposes and impose requirements for the disposal of these materials.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Honolulu Board of Water Supply; Sierra Club of Hawai'i; Hawai'i Reef and Ocean Coalition; Climate Protectors Hawai'i; Makakilo/Kapolei/Honokai Hale Neighborhood Board No. 34; Green Party of Hawai'i; Dole Food Company Hawaii; Zero Waste Kauai; Environmental Caucus of the Democratic Party of Hawai'i; Energy Justice Network; Country Talk Story; We Are One, Inc.; Hawai'i Farmers Union; Shimanchu Wai Protectors; and numerous individuals. Your Committee received testimony in opposition to this measure from the Department of Health; Mayor of the County of Maui; Department of Environmental Management of the County of Hawai'i; Department of Environmental Services of the City and County of Honolulu; and three individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources; Mayor of the County of Kaua'i; Department of Public Works of the County of Kaua'i; Prince Kūhiō Hawaiian Civic Club; Hawai'i Farm Bureau; Reworld; and Association of Hawaiian Civic Clubs.

Your Committee finds that the State must take preemptive action to ensure that agricultural lands and freshwater sources are protected from contamination by landfill units.

Your Committee has amended this measure by:

- (1) Deleting language that would have prohibited the construction, modification, or expansion of any waste or disposal facility for solid waste or hazardous waste on land that is near or above a significant aquifer;
- (2) Prohibiting the construction, modification, or expansion of a landfill unit, or any component of a landfill unit, inland of an underground injection control line, instead of within a no pass zone, in a county with a population greater than five hundred thousand;
- (3) Deleting language that would have prohibited the use of fly ash, bottom ash, or combination of fly ash and bottom ash from a municipal waste combustor for certain purposes and imposed requirements for the disposal of these materials; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 438, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 438, S.D. 2, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Garcia, Shimizu). Noes, none. Excused, 1 (Cochran).

SCRep. 2044 Consumer Protection & Commerce on S.B. No. 532

The purpose of this measure is to authorize public school employees or agents who have completed appropriate training to administer medications to students consistent with standards applicable to school health assistants.

Your Committee received testimony in support of this measure from the Department of Health; Department of Education; University of Hawai'i at Mānoa School of Nursing and Dental Hygiene; John A. Burns School of Medicine at the University of Hawai'i at Mānoa; and Hawai'i – American Nurses Association.

Your Committee finds that access to certain medications during school may be necessary for the attendance of students with a health condition. School health assistants play a vital student support role by administering needed medications to students. Under existing law, only school health assistants are authorized to administer routine medications. The reliance on a single person naturally creates challenges to consistent and efficient service delivery. The school health assistants cannot be in multiple locations at once, such as field trips, emergencies, or while assisting other students. This measure expands the pool of authorized persons able to administer medications to include properly trained volunteers, which will help maintain continuity of health services while upholding established safety and training standards.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 532, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 532, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Pierick).

SCRep. 2045 Higher Education on S.C.R. No. 138

The purpose of this measure is to request the Auditor to perform a management and performance audit of the Office of the Vice President for Academic Strategy of the University of Hawaii.

Your Committee received comments on this measure from the Board of Regents of the University of Hawai'i and University of Hawai'i System.

Your Committee finds that the University of Hawaii's Office of the Vice President for Academic Strategy is responsible for overseeing system-wide policies, programs, and initiatives that shape the institution's academic quality, career pathways, workforce pipelines, and performance metrics. Your Committee further finds that, to ensure alignment between the University of Hawaii's plan to develop career pathways and the State's industry needs, a management and performance audit of the Office of the Vice President for Academic Strategy of the University of Hawaii is needed to provide valuable insights to the efficiency, effectiveness, and impact of programs and initiatives under the Office's scope.

Your Committee has amended this measure by:

- (1) Clarifying that the Auditor is requested to submit the audit of the Office of the Vice President for Academic Strategy of the University of Hawaii, rather than a report, to the Legislature; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 138, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 138, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Amato, Evslin, Woodson, Souza).

SCRep. 2046 Higher Education on S.C.R. No. 142

The purpose of this measure is to request the Office of the Auditor to conduct a performance audit of the University of Hawaii at Manoa Athletics Department.

Your Committee received comments on this measure from the University of Hawai'i System.

Your Committee finds that the University of Hawaii at Manoa Athletics Department (Athletics Department) is responsible for the operations of various student sports teams, the teams' training and performance, travel as necessary, and for providing educational and mental health support for their athletes. To support these efforts, the Athletics Department receives funding from private donors, the University of Hawaii, legislative appropriations, and various sport-specific distributions.

Your Committee further finds that an evaluation of the Athletics Department's use of its funds is necessary for the improvement and efficiency of the Athletics Department as a whole. Additionally, your Committee believes that the performance audit, as requested by this measure, will be beneficial for the incoming Athletics Director, giving the Director a better understanding on the current use and management of Athletics Department funds and how to improve in those areas.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 142, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 142, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Amato, Evslin, Woodson, Souza).

SCRep. 2047 Higher Education on S.C.R. No. 192

The purpose of this measure is to request the University of Hawaii System to establish a Veterinary Medicine Expansion Working Group to explore the feasibility of developing a Doctor of Veterinary Medicine program at Windward Community College.

Your Committee received testimony in support of this measure from the Hawaiian Humane Society. Your Committee received comments on this measure from University of Hawai'i System.

Your Committee finds that the State is experiencing a critical shortage of veterinarians, especially in rural areas and for large animal and agricultural veterinary services. The lack of a Doctor of Veterinary Medicine program drives aspiring veterinarians to seek education outside of the State, which can increase financial burdens and reduce the likelihood that a newly licensed veterinarian will return to the State to practice. Your Committee believes that establishing a working group to explore the feasibility of developing a Doctor of Veterinary Medicine pathway will help address Hawaii's veterinary workforce shortages.

Your Committee has amended this measure by:

- (1) Broadening the scope of the Veterinary Medicine Expansion Working Group's directive to the entire University of Hawaii System, rather than to only Windward Community College;
- (2) Requesting the following to serve as members of the Working Group:
 - (A) The President of the University of Hawaii, or the President's designee, who is further requested to serve as the chairperson of the Working Group; and
 - (B) The Chancellor of University of Hawaii at Hilo, or the Chancellor's designee;
- (3) Directing a certified copy of this measure to the Chancellor of the University of Hawaii at Hilo;
- (4) Deleting certain findings relating to the expansion of Windward Community College's existing Veterinary Technology program to include a Doctor of Veterinary Medicine pathway;
- (5) Amending its title in accordance with its amended purpose; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 192, as amended herein, and recommends that it be referred to your Committee on Agriculture & Food Systems in the form attached hereto as S.C.R. No. 192, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Amato, Evslin, Woodson, Souza).

SCRep. 2048 Higher Education on S.C.R. No. 193

The purpose of this measure is to request the University of Hawaii Community Colleges to develop a comprehensive list of bachelor's degree programs and other innovative workforce development pathways that directly align with job opportunities and industry needs within their respective region of service.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the University of Hawai'i System.

Your Committee finds that Hawaii's economic vitality depends on a skilled workforce that meets the needs of key regional industries. Your Committee further finds that each of the University of Hawaii Community Colleges play a vital role in providing accessible, regionally-relevant higher education that supports local economic development. Your Committee believes that the University of Hawaii Community Colleges can best support the economic needs within their respective region of service by developing a comprehensive list of Bachelor's degree programs and other innovative workforce development pathways that directly align with job opportunities and industry needs within their respective region of service.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 193, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Labor in the form attached hereto as S.C.R. No. 193, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Amato, Evslin, Woodson, Souza).

SCRep. 2049 Higher Education on S.C.R. No. 203

The purpose of this measure is to request the University of Hawaii to explore the feasibility of establishing an Alzheimer's Disease Research Center and identify the requirements for receiving federal funding from the National Institute on Aging for Alzheimer's disease research.

Your Committee received testimony in support of this measure from the John A. Burns School of Medicine of the University of Hawai'i at Mānoa; State Health Planning and Development Agency; and Alzheimer's Association.

Your Committee finds that Alzheimer's disease is a significant public health issue affecting millions of Americans, including many residents of the State. Your Committee further finds that National Institute on Aging-designated Alzheimer's Disease Research Centers are a national resource for research on the nature of Alzheimer's disease and related dementias and the development of more effective approaches to prevention, diagnosis, care, and therapy. Your Committee believes that exploring the feasibility of establishing of an Alzheimer's Disease Research Center in the State is warranted, as the establishment of a Center would advance scientific research, improve diagnosis and treatment, and provide better care for those suffering from Alzheimer's disease.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 203 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Amato, Evslin, Woodson, Souza).

SCRep. 2050 Energy & Environmental Protection on S.C.R. No. 198

The purpose of this measure is to encourage Hawaii insurers and the Hawaii Property Insurance Association to reduce insurance costs on local residents by pursuing subrogation claims against polluters who knowingly engaged in misleading and deceptive practices regarding the connection between their products and climate change.

Your Committee received testimony in support of this measure from the Center for Climate Integrity; Environmental Caucus of the Democratic Party of Hawai'i; 350Hawaii.org; and two individuals. Your Committee received testimony in opposition to this measure from two individuals.

Your Committee finds that the increase in climate-related disasters has contributed to the destabilization of the State's insurance industry, leading to rising premiums and increasing non-renewal rates as a result of payouts for climate-related damages. Your Committee further finds that certain polluters in the fossil fuel industry have been aware of their contribution to the climate crisis yet have engaged in misleading practices that skew the connection between their products and climate change. This measure encourages insurers to pursue claims against polluters who engage in such practices and thereby lower insurance costs for residents.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 198, S.D. 1, and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Quinlan).

SCRep. 2051 Energy & Environmental Protection on S.C.R. No. 111

The purpose of this measure is to acknowledge that climate change poses a dire threat to public health, declare a public health emergency in the State, and request entities statewide to actively examine how the climate considerations within their departments impact human health and coordinate with other departments to identify, plan for, and create cross-sector solutions to strengthen Hawaii's public health response to the climate crisis.

Your Committee received testimony in support of this measure from the Hawai'i Public Health Institute; Hawaii Climate Change and Health Working Group; 350Hawaii.org; Environmental Caucus of the Democratic Party of Hawai'i; Coalition Earth; and eight individuals. Your Committee received testimony in opposition to this measure from Wahine o Kohala and numerous individuals.

Your Committee finds that climate change adversely impacts human health through increased heat, vector-borne diseases, crop failure, food and water insecurity, and air pollution. Your Committee further finds that the State's response to the climate crisis must involve efforts to address impacts on public health. This measure helps acknowledge the threat that climate change poses to public health and encourages a statewide, coordinated effort to develop a public health response to climate change.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 111 and recommends that it be referred to your Committee on Health.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Quinlan).

SCRep. 2052 Energy & Environmental Protection on S.C.R. No. 110

The purpose of this measure is to request the Hawaii State Energy Office to conduct a study evaluating the feasibility of establishing a green bonds program in the State.

Your Committee received testimony in support of this measure from Coalition Earth and one individual. Your Committee received comments on this measure from the Hawaii State Energy Office.

Your Committee finds that there is a need for additional public resources and funding for efforts to address climate change in the State. Your Committee further finds that other states have begun to explore the use of green bonds as a mechanism for financing projects related to renewable energy, energy efficiency, clean transportation, and other climate-related initiatives. This measure encourages the evaluation of a green bonds program in the State.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 110, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Quinlan).

SCRep. 2053 Energy & Environmental Protection on S.C.R. No. 103

The purpose of this measure is to request the Governor to convene a temporary working group to investigate the existence and environmental dangers of per- and polyfluoroalkyl substances and other related chemicals.

Your Committee received testimony in support of this measure from the Honolulu Board of Water Supply; Environmental Caucus of the Democratic Party of Hawai'i; Hawai'i Reef and Ocean Coalition; Coalition Earth; and two individuals.

Your Committee finds that per- and polyfluoroalkyl substances (PFAS) are man-made chemicals that persist in the environment after being introduced and pose serious health risks. Your Committee further finds that mitigating the impacts of PFAS requires testing bodies of water, waterways, fish, and other wildlife to identify possible contamination. This measure encourages a coordinated, inter-agency effort to investigate the existence of PFAS and related substances in the State.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 103, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Quinlan).

SCRep. 2054 Transportation on S.C.R. No. 37

The purpose of this measure is to request the Department of Transportation and Department of Transportation of the County of Maui to collaborate with the Kihei Community Association in the planning and implementation of the Kihei Mauka Road project.

Your Committee received testimony in support of this measure from the Department of Transportation; Kihei Community Association; and two individuals.

Your Committee finds that the Kihei Community Association has long served as a vital voice for South Maui residents, advocating for infrastructure improvements to address traffic congestion and flooding. As Kihei continues to grow, these issues increasingly threaten residents' quality of life and public safety. This measure urges collaboration between state and county departments and the Kihei community to prioritize the Kihei Mauka Road project — an essential link in the North-South Collector Road that would improve traffic flow, increase emergency access, and support sustainable development in the region.

Your Committee has amended this measure by:

- (1) Changing all references of the Department of Transportation of the County of Maui to the Department of Public Works of the County of Maui;
- (2) Changing its title to make technical amendments; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 37, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 37, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Cochran, La Chica).

SCRep. 2055 Transportation on S.C.R. No. 184

The purpose of this measure is to request each county police department to increase enforcement against out-of-state vehicles operating on public roadways that have not been properly registered in the appropriate county.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that existing law requires out-of-state vehicles to either register with the appropriate county or obtain a permit that allows out-of-state registration and license plate to remain valid until they expire. Your Committee further finds that the State has a vested interest in ensuring that all vehicles operating on public roadways are properly registered and comply with state and county regulations, including vehicle registration.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 184 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Cochran, La Chica).

SCRep. 2056 Transportation on S.C.R. No. 181

The purpose of this measure is to urge the Department of Transportation to establish a working group on lowering the legal limit of blood alcohol concentration to 0.05 grams of alcohol per one hundred milliliters of blood with the intent of prioritizing safety and saving lives on Hawaii's roads.

Your Committee received testimony in support of this measure from the Office of the Governor; Department of Transportation; Hawaii Substance Abuse Coalition; Hawai'i Alcohol Policy Alliance; and Mothers Against Drunk Driving Hawaii. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that alcohol-impaired driving continues to be a major public safety issue, contributing to thousands of fatalities annually across the United States, including a significant portion of traffic deaths in Hawaii. Studies show that drivers with a blood alcohol concentration between 0.05 and 0.08 percent face greatly increased risk of fatal crashes. This measure supports data-driven recommendations that prioritize saving lives and improving roadway safety for all residents and visitors in the State by looking at reducing the legal limit of blood alcohol concentration to 0.05.

Your Committee has amended this measure by:

- (1) Requesting the Director of Transportation to serve as the Chairperson of the working group;
- (2) Adding the chairs of the Senate and House of Representatives committees with primary jurisdiction over transportation to the working group; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 181, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as S.C.R. No. 181, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Cochran, La Chica).

SCRep. 2057 Transportation on S.C.R. No. 23

The purpose of this measure is to request the Department of Transportation and Department of Law Enforcement to study the possibility of a highway patrol and speed cameras along major freeways and highways in primary areas of speeding.

Your Committee received testimony in support of this measure from the Department of Transportation and Oahu Metropolitan Planning Organization. Your Committee received testimony in opposition to this measure from five individuals.

Your Committee finds that the impact of increased traffic congestion and excessive speeding on the State's roadways pose significant risks to drivers, passengers, bicyclists, and pedestrians. Limited resources among local law enforcement agencies make it challenging to effectively enforce speed limits and address traffic safety concerns. This measure aims to enhance enforcement and reduce speed-related crashes by looking into the possibility of implementing speed cameras on major freeways and highways in the State.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 23 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Cochran, La Chica).

SCRep. 2058 Higher Education on S.C.R. No. 50

The purpose of this measure is to urge the University of Hawaii President and Board of Regents to establish a Bachelor of Science in Nursing program at the University of Hawaii Maui College.

Your Committee received testimony in support of this measure from the University of Hawai'i System; State Health Planning and Development Agency; and Healthcare Association of Hawaii.

Your Committee finds that there is an increasing need for healthcare services in Maui County because of the County's growing and aging population. Your Committee further finds that the University of Hawaii Maui College currently offers a Practical Nurse Certificate of Achievement and an Associate in Science in Nursing degree to prepare students for entry-level nursing positions. Students who complete the Associate in Science in Nursing Program have the opportunity to earn a Bachelor of Science in Nursing degree through the University of Hawaii at Manoa. However, your Committee believes that establishing a dedicated Bachelor of Science in Nursing program at the University of Hawaii Maui College will give Maui residents the opportunity for an uninterrupted pathway for more advanced nursing knowledge along with greater advancement opportunities.

Your Committee has amended this measure by:

- (1) Changing its title to make a technical, nonsubstantive amendment; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 50, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 50, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Amato, Evslin, Woodson, Souza).

SCRep. 2059 Human Services & Homelessness on S.C.R. No. 73

The purpose of this measure is to request the Office of Wellness and Resilience to develop a report to address the developmental needs of children born during the coronavirus disease 2019 pandemic.

Your Committee received testimony in support of this measure from the Office of Wellness and Resilience; Department of Education; Hawai'i Community Foundation; and one individual.

Your Committee finds that children born during the coronavirus disease 2019 pandemic have experienced considerable interruptions to their early development due to prolonged isolation, inconsistent caregiving environments, and increased reliance on digital media. These conditions have contributed to notable delays in social skills, emotional regulation, language development, and motor coordination, which can have lasting effects on learning and behavior. This measure requests the Office of Wellness and Resilience to assess the developmental needs of children born from 2018 to 2025 and recommend early intervention strategies. By identifying necessary supports, this measure ensures that these children can overcome early setbacks and thrive socially and academically.

As affirmed by the record of votes of the members of your Committee on Human Services & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 73, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Alcos, Garcia). Noes, none. Excused, none.

SCRep. 2060 Transportation on S.C.R. No. 153

The purpose of this measure is to request the County of Maui to fulfill its agreement with the State and resolve longstanding jurisdictional ambiguities by completing the transfer of the Hui Roads, including Hui Road F, from the Judiciary.

Your Committee received testimony in support of this measure from the Judiciary and one individual.

Your Committee finds that prolonged jurisdictional uncertainty over the ownership and maintenance of certain roads, including Hui Road F in West Maui, has led to neglect, unsafe conditions, and confusion among residents. Despite an agreement between the State and County of Maui to transfer jurisdiction of the Hui Roads from the Judiciary to the County, the transfer remains incomplete, delaying much-needed repairs and maintenance. This measure aims to improve public safety, infrastructure reliability, and quality of life for West Maui residents.

Your Committee has amended this measure by:

- (1) Changing the Director of Transportation of the County of Maui to the Director of Public Works of the County of Maui as a recipient of a certified copy of this measure; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 153, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 153, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Cochran, La Chica).

SCRep. 2061 Transportation on S.C.R. No. 38

The purpose of this measure is to urge the County of Maui to prioritize the development and planning of the northern terminus of the Kihei North-South Collector Road.

Your Committee received testimony in support of this measure from the Kihei Community Association and two individuals.

Your Committee finds that South Maui continues to experience worsening traffic congestion due to a lack of sufficient north-south transportation routes, particularly in the Kihei region. Despite decades-old plans and federal funding allocations, critical segments of the North-South Collector Road, especially its northern terminus, remain incomplete, leaving the region vulnerable to traffic delays, natural hazards, and compromised emergency access. This measure aims to improve mobility and safety, and ensure infrastructure keeps pace with population growth.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 38, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Cochran, La Chica).

SCRep. 2062 Transportation on S.C.R. No. 180

The purpose of this measure is to request the Department of Transportation to share information on the safety and performance of commercial tour operators to help residents and visitors make informed decisions.

Your Committee received testimony in support of this measure from the Blue Hawaiian and one individual. Your Committee received testimony in opposition to this measure from the Department of Transportation and Vertical Aviation International. Your Committee received comments on this measure from Jack Harter Helicopters.

Your Committee finds that the State has experienced a troubling number of helicopter tour crashes and safety incidents over the past two decades, resulting in dozens of fatalities and serious injuries. Inconsistent safety practices among commercial air tour operators, including varying levels of pilot training, equipment standards, and maintenance practices, pose ongoing risks to passengers, pilots, and the public. This measure promotes greater transparency and accountability in the helicopter tour industry, thereby reducing avoidable risks and enhancing public confidence in air transportation across the islands.

Your Committee has amended this measure by:

- (1) Clarifying the type of information the Department of Transportation is being requested to share to help residents and visitors;
- (2) Amending its title in accordance with its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 180, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 180, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Cochran, La Chica).

SCRep. 2063 Transportation on S.C.R. No. 182

The purpose of this measure is to encourage the City and County of Honolulu to initiate a Summer Streets Pilot Program.

Your Committee received testimony in support of this measure from the Department of Health; Oahu Metropolitan Planning Organization; Hawai'i Bicycling League; Hawai'i Public Health Institute; and one individual.

Your Committee finds that streets and public spaces can serve multiple purposes beyond vehicle transportation, creating opportunities for recreation, active mobility, and community engagement. Summer streets programs have been successfully implemented worldwide, promoting public participation, supporting local businesses, and advancing environmental sustainability by encouraging alternatives to car-centric transportation. This measure aims to enhance public spaces and promote community well-being through the establishment of a Summer Streets Pilot Program in the City and County of Honolulu.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 182 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, 1 (Pierick). Excused, 2 (Cochran, La Chica).

SCRep. 2064 Transportation on S.C.R. No. 200

The purpose of this measure is to request the Oahu Metropolitan Planning Organization to continue transportation management training programs that focus on educating key decision makers responsible for transportation policy, planning, funding, and implementation.

Your Committee received testimony in support of this measure from the Oahu Metropolitan Planning Organization and one individual.

Your Committee finds that Hawaii faces high transportation costs per capita and disproportionately high rates of transportation-related fatalities and injuries. These challenges are compounded by fragmented governance across multiple agencies, making cohesive, effective implementation difficult. This measure supports continued training programs by the Oahu Metropolitan Planning Organization to provide decision makers with peer-to-peer learning and access to best practices from successful jurisdictions, enabling the State to reduce transportation costs, improve safety outcomes, and build a more efficient and equitable multimodal transportation system.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 200, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Cochran, La Chica).

SCRep. 2065 Transportation on S.C.R. No. 231

The purpose of this measure is to request the Department of Transportation to install and utilize electronic scanning equipment at each state airport and harbor to scan for illegal fireworks.

Your Committee received testimony in support of this measure from the Department of Transportation and one individual.

Your Committee finds that the illegal importation and use of fireworks pose serious risks to public safety, property, and the environment in Hawaii, contributing to fires, injuries, and disturbances. Current enforcement methods have proven inadequate in preventing the entry of these dangerous items, and enhanced screening at state airports and harbors is essential to intercept illegal fireworks. Your Committee believes that the installation of modern electronic scanning equipment at these locations will strengthen enforcement efforts, prevent the distribution of illegal fireworks, and ensure safer communities across the State.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 231, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Cochran, La Chica).

SCRep. 2066 Agriculture & Food Systems on S.C.R. No. 90

The purpose of this measure is to request the Agribusiness Development Corporation to assume responsibility for the routine maintenance and repair of the Kohala Ditch, including developing and implementing a comprehensive plan for the routine maintenance of the Kohala Ditch and submitting a report to the Legislature prior to each Regular Session.

Your Committee received testimony in support of this measure from Agribusiness Development Corporation and Hawai'i Farm Bureau. Your Committee received comments from the Department of Agriculture.

Your Committee finds that the Kohala Ditch, a twenty-six mile long irrigation ditch, has become a vital source of water for farmers and ranchers in North Kohala, but a 2021 rockslide damaged the ditch and stopped the flow of water. Consequentially, most farmers have been compelled to pay for more expensive county water, increasing operating costs and scaling back production.

Your Committee further finds that there has been \$10 million allocated to the Department of Agriculture for the design and repair construction of the Kohala Ditch System which has not been released to the Kohala Ditch Co-Op, Incorporated, the intended grantee. However, the State must provide routine maintenance and repair for Kohala Ditch to resolve the current damage and avoid future water supply disruptions. Your Committee finds that the Agribusiness Development Corporation has statutory mandates to coordinate and administer programs to assist agricultural enterprises. Therefore, the repair and routine maintenance of the Kohala Ditch will further the Agribusiness Development Corporation in fulfilling its statutory mandates. This measure requests that the Agribusiness Development Corporation assume responsibility for the routine maintenance and repair of the Kohala Ditch and submit a report to the Legislature prior to each Regular Session.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 90 and recommends that it be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Quinlan).

SCRep. 2067 Agriculture & Food Systems on S.C.R. No. 139

The purpose of this measure is to:

- (1) Request that the Department of Agriculture designate Kunia, Leilehua Plateau, and Poamoho as the Central Oahu Agricultural Corridor;
- (2) Request the Department of Transportation to plan, design, and implement traffic signage;
- (3) Request the Department of Agriculture to establish a prioritization list of potential agricultural infrastructure improvement projects that would provide the most value to the State; and
- (4) Request the Department of Agriculture to submit a report to the Legislature prior to the Regular Session of 2026.

Your Committee has received testimony in support of this measure from the Agribusiness Development Corporation, Larry Jeffs Farms LLC, Hawai'i Farm Bureau, and Kunia Village Title Holding Corporation. Your Committee has received comments from the Department of Agriculture.

Your Committee has amended this measure by:

- (1) Amending the department responsible for designation from the Hawaii Department of Agriculture to the Agribusiness Development Corporation; and
- (2) Amending its title in accordance with its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purpose of clarity and consistency.

Your Committee finds that the farmlands of Kunia and Wahiawa were once major areas of pineapple production in the State. Since the downsizing of Hawaii's pineapple industry, both the State and private landowners have diversified farming on former pineapple plantation lands. Your Committee further finds that significantly increasing diversified farming in Hawaii will require new infrastructure to match the needs of the farmer. Therefore, the State and counties should consider agriculture in long-term planning, and the development of new infrastructure should consider and prioritize efficiency and safety.

This measure requests that the Agribusiness Development Corporation designate Kunia, Leilehua Plateau, and Poamoho as the Central Oahu Agricultural Corridor and identify potential agricultural infrastructure improvement projects that would provide the most value to the State.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 139, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 139, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Quinlan).

SCRep. 2068 Labor on S.C.R. No. 63

The purpose of this measure is to request the Department of Labor and Industrial Relations to study the establishment of a Hawaii Workforce Excellence Award Program.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations.

Your Committee finds that there is often a societal emphasis on college degrees and white-collar careers, overshadowing the value of skilled trades. Your Committee further finds that a Hawaii-based program like the Meilleur Ouvrier de France, a historic competition to recognize and revitalize traditional craftsmanship in France, would elevate the importance and prestige of trades, promote career paths that do not require a traditional four-year degree, and highlight the wide range of opportunities within the skilled labor market. Your Committee believes that the Program would shift public perception of vocational and skilled trades by presenting them as prestigious and valuable career paths and encourage young people to pursue these fields.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 63 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Garrett).

SCRep. 2069 Labor on S.C.R. No. 145

The purpose of this measure is to request the Department of Labor and Industrial Relations to convene a working group to develop recommendations for establishing and implementing a paid Family and Medical Leave Program in the State.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations; Hawai'i State Lesbian, Gay, Bisexual, Transgender, Queer Plus Commission; Office of Wellness and Resilience; Hawai'i State Commission on the Status of Women; Executive Office on Aging; one member of the Hawai'i County Council; Honolulu County Committee on the Status of Women; AARP Hawai'i; Hawai'i Family Caregiver Coalition; Hawai'i State Teachers Association; Parents and Children Together; Hawaii State AFL-CIO; Hawai'i Children's Action Network Speaks!; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Catholic Charities Hawai'i; Pride at Work-Hawai'i; Aloha United Way; Imua Alliance; Democratic Party of Hawai'i Education Caucus; American Heart Association; Health Committee of the Democratic Party of Hawai'i; AAUW Hawaii; AlohaCare; Americans for Democratic Action; Wainiha Country Market; Healthy Eating Active Living Coalition; University of Hawaii Professional Assembly; Holomua Collaborative; Democratic Party of Hawai'i; Chamber of Commerce Hawaii; and numerous individuals. Your Committee received comments on this measure from the Department of Human Resources Development; Maui Chamber of Commerce; and ACLU of Hawai'i.

Your Committee finds that the United States is the only remaining industrialized nation without mandated access to paid family and medical leave benefits for the private sector employees under federal law. Your Committee further finds that Hawaii's working families are not adequately supported during times of caregiving and illness. While the federal Family and Medical Leave Act allows twelve weeks of unpaid leave to employees who have worked at a business that employs fifty or more employees, the majority of Hawaii's workforce cannot afford to take unpaid leave to care for a new child or attend to the needs of a family member with a serious health condition. The working group established under this measure seeks to support all employees in the State by finding methods to successfully institute a state-wide Family Paid Leave Program.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 145, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 1 (Garrett).

SCRep. 2070 Education on S.C.R. No. 117

The purpose of this measure is to urge the Department of Education to collaborate with the Department of Transportation, Safe Routes to School Advisory Committee, and the County of Hawaii to conduct an inventory of bus stops on Hawaii island utilized by children to travel to school and develop strategies to improve safety at each location.

Your Committee received testimony in support of this measure from the Department of Transportation; Mayor of the County of Hawai'i; one member of the Hawai'i County Council; and one individual. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that many students on Hawaii island face unique transportation challenges that other islands of the State do not face, including long travel distances, limited access to school bus services, and reliance on the County of Hawaii's Hele-On public transportation system through special arrangements with the Department of Education. These challenges are compounded by bus route limitations, road infrastructure deficiencies, and the absence of safe, dedicated school bus stops in certain rural and underserved areas. Your Committee further finds that a comprehensive review of existing bus stops on Hawaii island used by school-aged children is necessary to identify deficiencies and develop recommendations for improvements.

Your Committee has amended this measure by:

- (1) Urging the Safe Routes to School Advisory Committee rather than the Department of Education to conduct an inventory of bus stops on Hawaii island utilized by children to travel to school and develop strategies to improve safety at each location;
- (2) Requesting the County of Hawaii to use funding for its Safe Routes to School program to support the efforts of the Safe Routes to School Advisory Committee in conducting the inventory of bus stops on Hawaii island and developing strategies to improve safety at each location;
- (3) Requesting the Safe Routes to School Advisory Committee, rather than the Department of Education, to submit a report of its findings and recommendations to the Legislature;
- (4) Amending its title in accordance with its amended purpose; and

(5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 117, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Transportation in the form attached hereto as S.C.R. No. 117, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Souza).

SCRep. 2071 Health on S.C.R. No. 8

The purpose of this measure is to request the Auditor to assess the social and financial effects of proposed mandated health insurance coverage for a percentage of costs of intravenous ketamine therapy to treat depression.

Your Committee received testimony in support of this measure from two individuals.

Your Committee finds that the use of ketamine has been shown to be a valid option for the treatment of treatment-resistant depression and that intravenous ketamine therapy is a safer form of treatment with a lower risk of addiction when compared to nasal spray treatment. However, this therapy is often not covered by insurance, making it cost prohibitive for many patients who would greatly benefit from intravenous ketamine therapy. Your Committee further finds that Senate Bill No. 967, Regular Session of 2025 (SB967), proposes requiring all health insurers in the State to cover an unspecified percentage of the cost of intravenous ketamine therapy to treat depression, which would be considered a new mandated health insurance benefit.

Your Committee further finds that, pursuant to sections 23-51 and 23-52, Hawaii Revised Statutes, the social and financial impact of a proposed mandated health insurance benefit must be assessed by the Auditor before it can be enacted into law. This measure therefore requests the Auditor to conduct a statutorily required impact assessment report on the social and financial effects of the new mandated health insurance benefit proposed by SB967.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 8, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Takenouchi, Garcia).

SCRep. 2072 Health on S.C.R. No. 16

The purpose of this measure is to request the Department of Health to convene a task force to identify and develop minimum professional standards for community health worker training programs.

Your Committee received testimony in support of this measure from the Department of Health; Ka'u Rural Health Community Association Inc.; National Association of Community Health Workers; Hawai'i Community Health Worker Association; Hawai'i Public Health Institute; Papa Ola Lokahi; AlohaCare; and seven individuals. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that community health workers are trusted members of local communities who provide assistance in navigating complex systems of care and serve as a link between individuals in their home communities and clinical and community-based services. However, there are no uniform professional standards in the State for community health workers. Developing quality assurance and minimum standards for community health workers will ensure the public health and safety of individuals receiving assistance from community health workers and allow community health workers to advance their educational and professional infrastructure.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 16, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Takenouchi, Garcia).

SCRep. 2073 Health on S.C.R. No. 69

The purpose of this measure is to request the Administrator of the State Health Planning and Development Agency to convene a Pharmacy Benefit Manager Working Group to determine the best policies to reform pharmacy benefit manager practices in the State to ensure transparency and fairness for consumers and in the pharmaceutical sector, lower drug costs for patient consumers, and increase access to health care.

Your Committee received testimony in support of this measure from the State Health Planning and Development Agency; University of Hawai'i at Hilo; Hawai'i Pharmacists Association; Hawaii Medical Association; Walgreen Co.; Work Injury Medical Association of Hawaii; and six individuals. Your Committee received comments on this measure from the Department of Human Services and PCMA.

Your Committee finds that rising prescription drug costs are a major concern to Hawaii residents. Your Committee further finds that establishing a working group to identify the best options for lowering consumer drug costs and increasing health care access will enable lawmakers to enact policies that ensure fairness and transparency and ensure the State's residents are able to access needed medications, while also minimizing any unintended consequences to pharmacies and other health care providers.

Your Committee has amended this measure by:

- (1) Deleting certain findings relating to pharmacy benefit managers;
- (2) Narrowing the scope of the working group to solely determining the best policies to lower drug costs for patient consumers and increasing access to health care, and removing the request to determine the best policies to reform pharmacy benefit manager practices;
- (3) Amending the composition of the working group;
- (4) Amending the priority areas the working group is requested to evaluate;
- (5) Requesting the working group to refrain from seeking or requesting certain protected information;
- (6) Amending its title in accordance with its amended purpose; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 69, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as S.C.R. No. 69, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 2 (Takenouchi, Garcia).

SCRep. 2074 Health on S.C.R. No. 86

The purpose of this measure is to request the Department of Health to convene an Aeromedical Services Working Group.

Your Committee received testimony in support of this measure from the Department of Health; Air Methods; Hawaii Medical Association; The Daniel R. Sayre Memorial Foundation; and one individual.

Your Committee finds that most rural communities must rely on the State's aeromedical system for access to advanced levels of trauma care, including accessing medical specialists and subspecialists in an emergency medical situation, which puts residents in these communities at greater risk of poor health outcomes for serious medical conditions such as heart attacks, strokes, or traumatic bodily injuries. Your Committee further finds that because the State's current aeromedical system is served by a single statewide aeromedical services provider, there are few viable and cost-effective alternatives in the event of a grounding for maintenance or crew availability issues. Identifying and developing recommendations to address the current barriers that are preventing the expansion of the State's aeromedical services system is the first step in ensuring all persons in the State have access to timely medical care in an emergency situation.

Your Committee has amended this measure by:

- (1) Amending the composition of the working group; and
- (2) Amending the recipients of certified copies of this measure.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 86, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 86, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 2 (Takenouchi, Garcia).

SCRep. 2075 Health on S.C.R. No. 70

The purpose of this measure is to request the Director of Commerce and Consumer Affairs to establish and convene a Pharmacy Reimbursement Working Group to explore and propose legislation mandating health insurance coverage reimbursement for pharmacy services for the 2026 Legislative Session.

Your Committee received testimony in support of this measure from the Hawai'i Primary Care Association and Walgreen Co.

Your Committee finds that pharmacists are geographically dispersed throughout the State's communities and can bridge the gaps created by the State's physician shortage by educating patients on how and when to check blood sugar, ways to avoid and manage hypoglycemia, how to take their medications correctly to avoid adverse effects, and various medication utilization techniques. Your Committee further finds that, given the critical role pharmacists play in ensuring access to health care to the State's residents, pharmacists should be appropriately reimbursed for the clinical services they provide within their scope of practice. This measure recognizes the importance of pharmacists to Hawaii's health care system and establishes a working group that will, among other things, propose legislation mandating reimbursement for pharmacy services, which represents the next step in ensuring the State's pharmacists can maximize their clinical services and practice within their full scope of licensure.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 70, S.D. 1, and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 2 (Takenouchi, Garcia).

SCRep. 2076 Health on S.C.R. No. 118

The purpose of this measure is to request the Department of Health to convene a working group to assess the feasibility of allowing business owners in the State to utilize filtered water collected by water catchment systems for business activities.

Your Committee received testimony in support of this measure from Department of Agriculture; Honolulu Board of Water Supply; Department of Water Supply for the County of Hawai'i; and Chamber of Commerce Hawaii. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that there is a growing need to address the fragility of the State's underground aquifers, which take decades to naturally replenish and are susceptible to chemical spills and leaks, droughts, and commercial overuse. Your Committee further finds that although many of Hawaii's residents use rainwater catchment for their primary domestic water sources, existing law limits the use of captured water for personal uses only and prohibits its use in business activities. This measure would examine the feasibility of allowing business owners to use filtered water collected by catchment systems for business activities, which could allow the State to supplement its existing water infrastructure and reduce the strain on the State's aquifers.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 118, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 2 (Takenouchi, Garcia).

SCRep. 2077 Health on S.C.R. No. 120

The purpose of this measure is to request the Auditor to assess the social and financial effects of proposed mandatory health insurance coverage for continuous glucose monitors.

Your Committee received testimony in support of this measure from the Hilo Benioff Medical Center Foundation and Hawaii Medical Association.

Your Committee finds that although continuous glucose monitors provide real-time data and trends on blood glucose levels that surpass the limited information available through traditional blood glucose meters, these devices are not covered by all health insurers. Your Committee further finds that House Bill No. 820, Regular Session of 2025 (HB820), proposes requiring all health insurers in the State, including Medicaid managed care plans, to cover continuous glucose monitors, which would be considered a new mandated health insurance benefit.

Your Committee further finds that, pursuant to sections 23-51 and 23-52, Hawaii Revised Statutes, the social and financial impact of a proposed mandated health insurance benefit must be assessed by the Auditor before it can be enacted into law. This measure therefore requests the Auditor to conduct statutorily required impact assessment report on the social and financial effects of the new mandated health insurance benefit proposed by HB820.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 120, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Takenouchi, Garcia).

SCRep. 2078 Health on S.C.R. No. 194

The purpose of this measure is to request the Department of Health to encourage reductions in the use of disposable surgical equipment and adoption of sustainable practices in the provision of health care services following examples set by California and Japan.

Your Committee received testimony in support of this measure from the Hawaii Reef and Ocean Coalition. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that hospitals and health care facilities generate significant medical waste that often consists of single-use surgical instruments and supplies, which contributes to landfill overflow and environmental pollution. Your Committee further finds that California and Japan have implemented programs that reduce medical waste through the use of reprocessed and sterilized surgical instruments. This measure encourages the adoption of similar programs and techniques in the State.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 194, S.D. 1, and recommends that it be referred to your Committee on Energy & Environmental Protection.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Takenouchi, Garcia).

SCRep. 2079 Economic Development & Technology on S.C.R. No. 51

The purpose of this measure is to request the Office of Planning and Sustainable Development to convene a working group to evaluate the establishment and administrative placement of an Office of Resilience and Recovery.

Your Committee received testimony in support of this measure from the Recovery and Resiliency Unit of the Office of the Governor and Office of Planning and Sustainable Development.

Your Committee finds that the Hawai'i Climate Advisory Team was established in the aftermath of the Maui wildfires to propose policies that improve the State's ability to respond to disasters. Your Committee further finds that the Advisory Team recommended that a permanent Hawaii Resilience Office be established to provide leadership and coordination to improve the State's preparedness for disasters. Your Committee recognizes that the Advisory Team did not make a recommendation regarding the administrative placement of the Hawaii Resilience Office and believes that this measure will help determine the appropriate placement.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 51 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Holt, Matsumoto).

SCRep. 2080 Energy & Environmental Protection on S.C.R. No. 136

The purpose of this measure is to request the Hawaii State Energy Office to convene a Geothermal Energy Working Group to evaluate the regulatory and policy landscape surrounding geothermal energy in Hawaii.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Commerce and Consumer Affairs; Department of Hawaiian Home Lands; Hawaii State Energy Office; Public Utilities Commission; Ulupono Initiative; Coalition Earth; Sustainable Energy Hawai'i; and three individuals. Your Committee received testimony in opposition to this measure from the Environmental Caucus of the Democratic Party of Hawai'i. Your Committee received comments on this measure from Go Green Alternative Energy Solutions, LLC; and Gateway for Acceleration in Nuclear (GAIN) Initiative.

Your Committee finds that it is imperative for the State to identify alternatives to fossil fuels in order to reduce energy costs and shift to cleaner energy sources. While your Committee recognizes the importance of evaluating geothermal energy development, your Committee believes that there is also a need to evaluate other energy sources that have not been fully considered by the State in order to identify viable energy sources, rule out non-viable sources, and focus efforts accordingly.

Accordingly, your Committee has amended this measure by:

- (1) Requesting the Hawaii State Energy Office to convene a Nuclear Energy Working Group, rather than a Geothermal Energy Working Group, to study the feasibility of using advanced nuclear power technologies in the State;
- (2) Changing the composition of the working group;
- (3) Changing the working group's focus to studying the feasibility of using advanced nuclear power technologies, evaluating risks and barriers to developing and using advanced nuclear power technologies, and identifying nuclear energy goals;
- (4) Amending the list of recipients of certified copies of this measure; and
- (5) Amending its title and findings in accordance with its amended purpose.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 136, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as S.C.R. No. 136, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4; Ayes with Reservations (Perruso). Noes, none. Excused, 1 (Quinlan).

SCRep. 2081 Consumer Protection & Commerce on S.C.R. No. 123

The purpose of this measure is to request a working group to study ways to improve rental housing and landlord-tenant issues.

Your Committee received testimony in support of this measure from the Hawaii State Judiciary and from Hawaii Realtors. Your Committee received comments from the Hawaii Department of Commerce and Consumer Affairs, Office of Consumer Protection.

Your Committee has amended this measure by:

- (1) Amending the responsibility of the working group to address the following:
 - (a) Conduct a comprehensive review of the Residential Landlord-Tenant Code to determine if any amendments or updates are necessary;
 - (b) Review existing mechanisms available to landlords and tenants for the enforcement of rights under the Residential Landlord-Tenant Code; and
 - (c) Consider the feasibility of statutory processes through which injunctive relief might be obtained;
- (2) Amend the title to reflect the changes in the working group's responsibilities;
- (3) Technical, non-substantive changes for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 123, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as S.C.R. No. 123, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Iwamoto). Noes, none. Excused, 4 (Ilagan, Ichiyama, Lowen, Pierick).

SCRep. 2082 Water & Land on S.C.R. No. 3

The purpose of this measure is to authorize the issuance of a perpetual, non-exclusive easement to the City and County of Honolulu covering a portion of state submerged lands at Maunaloa, Honolulu, Oahu, for the stormwater management outfall and drainage system, and for use, repair, and maintenance of the improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Hui Nalu Canoe Club; and one individual.

Your Committee finds that, pursuant to section 171-53(c), Hawaii Revised Statutes, the Board of Land and Natural Resources may lease submerged lands with prior approval of the Governor and the prior authorization of the Legislature by concurrent resolution. Your Committee further finds that on February 9, 2018, under agenda item K-3, the Board of Land and Natural Resources approved the grant of a perpetual, non-exclusive easement for the permanent replacement of the stormwater management outfall and drainage system identified in this measure, at gratis consideration, to the City and County of Honolulu. Your Committee concludes that the easement is necessary for the maintenance and repair of the existing stormwater management outfall drainage system, and for use, repair, and maintenance of the improvements constructed thereon.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 3, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Ichiyama, Poepoe, Woodson).

SCRep. 2083 Water & Land on S.C.R. No. 4

The purpose of this measure is to authorize the issuance of a twenty-five-year term, non-exclusive easement covering a portion of state submerged lands at Kikiaola, Kekaha, Kauai, for a shoreline protection structure, and for use, repair, and maintenance of the improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and one individual.

Your Committee finds that, pursuant to section 171-53(c), Hawaii Revised Statutes, the Board of Land and Natural Resources may lease submerged lands with prior approval of the Governor and the prior authorization of the Legislature by concurrent resolution. Your Committee further finds that on September 22, 2023, under agenda item D-3, the Board of Land and Natural Resources granted a twenty-five-year term, non-exclusive easement for the shoreline protection structure identified in this measure, subject to certain conditions. Your Committee concludes that the easement is necessary for the maintenance and repair of the shoreline protection structure, and for use, repair, and maintenance of the improvements constructed thereon.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 4 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Belatti, Iwamoto, Souza). Noes, none. Excused, 3 (Ichiyama, Poepoe, Woodson).

SCRep. 2084 Water & Land on S.C.R. No. 5

The purpose of this measure is to authorize the issuance of a twenty-five-year term, non-exclusive easement covering a portion of state submerged lands at Waikiki, Honolulu, Oahu, for concrete stairs, and for use, repair, and maintenance of the improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and HTH DH Ventures, LLC.

Your Committee finds that, pursuant to section 171-53(c), Hawaii Revised Statutes, the Board of Land and Natural Resources may lease submerged lands with prior approval of the Governor and the prior authorization of the Legislature by concurrent resolution. Your Committee further finds that on October 13, 2023, under agenda item D-14, the Board of Land and Natural Resources granted a twenty-five-year term, non-exclusive easement to resolve the encroachments of the concrete steps identified in this measure, subject to certain conditions. Your Committee concludes that the easement is necessary for the construction of replacement concrete steps, and for use, repair, and maintenance of the improvements constructed thereon.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 5, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Belatti, Iwamoto, Souza). Noes, none. Excused, 3 (Ichiyama, Poepoe, Woodson).

SCRep. 2085 Water & Land on S.C.R. No. 6

The purpose of this measure is to authorize the issuance of a twenty-five-year term, non-exclusive easement covering a portion of state submerged lands at Ewa Beach, Ewa, Oahu, for a seawall, and for use, repair, and maintenance of the improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that, pursuant to section 171-53(c), Hawaii Revised Statutes, the Board of Land and Natural Resources may lease submerged lands with prior approval of the Governor and the prior authorization of the Legislature by concurrent resolution. Your Committee further finds that on May 24, 2024, under agenda item D-7, the Board of Land and Natural Resources granted a twenty-five-year term, non-exclusive easement to resolve the encroachments of the seawall identified in this measure, subject to certain conditions. Your Committee concludes that the easement is necessary for the maintenance and repair of the seawall, and for use, repair, and maintenance of the improvements constructed thereon.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 6 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Belatti, Souza). Noes, 1 (Iwamoto). Excused, 3 (Ichiyama, Poepoe, Woodson).

SCRep. 2086 Water & Land on S.C.R. No. 7

The purpose of this measure is to authorize the issuance of a twenty-five-year term, non-exclusive easement covering a portion of state submerged lands at Laie, Koolauloa, Oahu, for a rock revetment that includes stairs, and for use, repair, and maintenance of the improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that, pursuant to section 171-53(c), Hawaii Revised Statutes, the Board of Land and Natural Resources may lease submerged lands with prior approval of the Governor and the prior authorization of the Legislature by concurrent resolution. Your Committee further finds that on March 8, 2024, under agenda item D-2, the Board of Land and Natural Resources granted a twenty-five-year term, non-exclusive easement to resolve the encroachments of the rock revetment and stairs identified in this measure, subject to certain conditions. Your Committee concludes that the easement is necessary for the maintenance and repair of the rock revetment and stairs, and for use, repair, and maintenance of the improvements constructed thereon.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 7 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Belatti, Souza). Noes, 1 (Iwamoto). Excused, 3 (Ichiyama, Poepoe, Woodson).

SCRep. 2087 Water & Land on S.C.R. No. 54

The purpose of this measure is to request the Department of Land and Natural Resources to convene and provide administrative assistance to a Desalination Planning Task Force to determine whether the use of desalination for large-scale water consumption in the State is feasible.

Your Committee received testimony in support of this measure from the Honolulu Board of Water Supply and CARES Community Advocacy Research Education Services. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that freshwater scarcity is an increasingly growing concern for the State as much of the State's freshwater supply comes from underground aquifers, which take decades to naturally replenish and are susceptible to chemical spills and leaks, droughts, and commercial overuse. Your Committee further finds that although desalination is a promising solution to freshwater scarcity, the process may be too cost-prohibitive and energy-intensive to be feasible. This measure would address the State's need for additional freshwater sources by determining the feasibility of using desalination for large-scale water consumption in the State.

Your Committee has amended this measure by:

- (1) Requesting the Task Force to submit a final report no later than twenty days prior to the Regular Session of 2027, rather than twenty days prior to the Regular Session of 2026;
- (2) Dissolving the Task Force on June 30, 2027, rather than June 30, 2026; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 54, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 54, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Ichiyama, Poepoe, Woodson).

SCRep. 2088 Water & Land on S.C.R. No. 119

The purpose of this measure is to request the Department of Land and Natural Resources to convene a Kailua Bay Advisory Working Group.

Your Committee received testimony in support of this measure from the Office of the Mayor of the County of Hawai'i; one member of the Hawai'i County Council; Kailua Village Business Improvement District; Kona-Kohala Chamber of Commerce; and two individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources and Hawai'i Tourism Authority.

Your Committee finds that the Kailua-Kona Wharf, commonly referred to as the Kailua Pier, provides significant economic, cultural, and historical benefits to West Hawai'i. Your Committee further finds that persistent vandalism and destruction of public facilities and infrastructure have led to rising maintenance costs, disruptions of public access, and the need for continuous repairs of Kailua Pier by state and county agencies. The interjurisdictional approach to address the challenges at Kailua Pier proposed by this measure would enhance communication between pier users and government officials, allowing for more effective, coordinated oversight and management of Kailua Pier.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 119, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Ichiyama, Poepoe, Woodson).

SCRep. 2089 Agriculture & Food Systems on S.C.R. No. 34

The purpose of this measure is to request Hawaii's congressional delegation to petition the United States Department of Agriculture to address the lack of parity between Hawaii and other states and territories pertaining to the export of agricultural goods.

Your Committee received testimony in support of this measure from the Department of Agriculture, Hawai'i Farm Bureau, and one individual.

Your Committee finds that under title 7 Code of Federal Regulations part 318, the Secretary of Agriculture of the United States Department of Agriculture may prohibit or restrict the movement in interstate commerce of any plant or plant product from Hawaii and the territories, unless specifically allowed, to the continental United States to prevent the introduction of plant pests on the continent. Your Committee further finds that the allowable list is limited and shipments of fruits and vegetables require quarantine treatment, inspection, and authorization by the United States Department of Agriculture, severely limiting the State's exports.

Your Committee further finds that for the State to add more agricultural commodities to the allowable list, a petition must be submitted to the United States Department of Agriculture requesting a pest risk analysis to be conducted. However, there is a long-standing problem that petitions from the State are processed with petitions from foreign countries, which are often deemed a higher priority and expedited. This measure requests that Hawaii's congressional delegation petition the United States Department of Agriculture to address the lack of parity between Hawaii and other states and territories pertaining to the export of agricultural goods.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 34, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Quinlan).

SCRep. 2090 Agriculture & Food Systems on S.C.R. No. 41

The purpose of this measure is to encourage each county to establish its own biosecurity plan that prioritizes the needs of the county and identifies proposals for legislative changes, to encourage collaboration between counties in developing its biosecurity plan, and to encourage each county to share its findings and biosecurity plan in collaboration with the State, including the Department of Agriculture and Hawaii Invasive Species Council.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawaii Invasive Species Council, Coordinating Group on Alien Pest Species, and the Climate Change & Health Working Group. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that biosecurity is a critical strategy in preventing the introduction and spread of invasive species, which lead to habitat degradation, extinction of native species, and rising costs in agriculture and livestock production. Your Committee further finds that each county faces unique biosecurity challenges, necessitating localized approaches to biosecurity planning and response to enable proactive identification of risks, enhance early detection and rapid response efforts, and improve coordination with state and federal agencies. Additionally, establishing county-level biosecurity plans will allow each county to prioritize its biosecurity needs and develop community-based strategies for invasive species mitigation. This measure encourages each county to establish a localized approach for strengthening its biosecurity plan and to collaborate and share its biosecurity plan and findings with other counties and the State, including the Department of Agriculture and Hawaii Invasive Species Council.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 41, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Quinlan).

SCRep. 2091 Agriculture & Food Systems on S.C.R. No. 56

The purpose of this measure is to urge the United States government to:

- (1) Establish a national biodiversity strategy to ensure the conservation and restoration of the nation's biodiversity, secure ecosystem services for future generations, advance the United Nations Sustainable Development Goals, set ambitious biodiversity conservation targets, promote equity and justice in conservation efforts, coordinate federal agency actions, and foster collaboration among governments, Indigenous communities, non-governmental organizations, and international partners;
- (2) Increase public awareness of biodiversity issues and develop the national biodiversity strategy through robust public input, engaging federal and state agencies, Indigenous communities, communities of color, low-income communities, private landowners, and other stakeholders to strengthen biodiversity restoration efforts; and
- (3) Include specific actions in the national biosecurity strategy.

Your Committee has received testimony in support of this measure from the Department of Land and Natural Resources, Purple Mai'a Foundation, and two individuals.

Your Committee finds that the United States is facing an unprecedented biodiversity crisis, threatening approximately one million species with extinction. Furthermore, Hawai'i, home to a significant number of endemic species and habitats with great ecological, cultural, historical, and scientific value, has over five hundred fifty endangered species but receives only three percent of federal conservation funding.

Your Committee further finds that the loss of biodiversity poses a direct threat to the security, health, and well-being of Hawai'i's residents, particularly Native Hawaiians, by diminishing critical ecosystem services and increasing vulnerability to natural disasters. Addressing the biodiversity crisis requires coordinated action at the global, national, regional, and local levels. This measure urges the United States government to establish a national biosecurity strategy and increase public awareness of biodiversity issues.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 56 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Quinlan).

SCRep. 2092 Agriculture & Food Systems on S.C.R. No. 88

The purpose of this measure is to:

- (1) Request the Department of Agriculture to establish and administer a Microbial Algae Soil Products Pilot Program that introduces microbial algae on agricultural lands in the State to address agricultural soil health while improving nutrient cycling, reducing fertilizer dependency, and enhancing overall soil health;
- (2) Request farmers to be eligible for participation in the Microbial Algae Soil Products Pilot Program;
- (3) Establish additional criteria for eligibility to participate in the Microbial Algae Soil Products Pilot Program;
- (4) Request the Department of Agriculture to collaborate with the College of Tropical Agriculture and Human Resiliency, laboratories at the University of Hawaii engaged in the study of soil sciences, and any other departments, laboratories, or units at the University of Hawaii relevant to the Microbial Algae Soil Products Pilot Program; and
- (5) Request the Department of Agriculture to submit a report on its findings and recommendations prior to the Regular Sessions of 2026 and 2027.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments from the Department of Agriculture and the University of Hawai'i System.

Your Committee finds that soil health is a critical element of sustainable crop production, but soil degradation by excessive uses of chemical fertilizers results in the depletion of essential microbiological nutrients. Your Committee further finds that to prevent soil degradation, algae-based fertilizers have been proven to protect soil while replenishing key nutrients. Additionally, emerging research has demonstrated that specific types of microalgae and seaweeds offer promising solutions to improve soil health, which is a sustainable and cost-effective solution for the State's agricultural industry. This measure requests that the Department of Agriculture establish and administer a Microbial Algae Soil Products Pilot Program in collaboration with the College of Tropical Agriculture and Human Resiliency of the University of Hawaii and other relevant laboratories, departments or units at the University of Hawaii.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 88 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Quinlan).

SCRep. 2093 Agriculture & Food Systems on S.C.R. No. 94

The purpose of this measure is to:

- (1) Urge the Hawaii Department of Agriculture and the Department of Agriculture of the County of Maui to take further meaningful action to address the axis deer overpopulation by implementing policies to make in-state inspectors certified by the United States Department of Agriculture, certified inspections, and certified processing more accessible, capable, and affordable for local hunters to utilize to sell or gift venison, and implementing policies to increase the amount of in-state certified United States Department of Agriculture meat inspectors for game mammals;
- (2) Urge the Hawaii Department of Agriculture and the Department of Agriculture of the County of Maui to convene a joint task force to oversee a County of Maui program that, in coordination with the United States Department of Agriculture certified processing facilities, would aim to investigate and develop plans to make affordable the processing of locally-hunted axis deer meat and the distribution of this venison to the community; and
- (3) Request the joint task force to submit a report of the program's accomplishments and barriers to the accomplishment of the program with its findings and recommendations, including any proposed legislation, to the Legislature no later than November 30, 2025.

Your Committee has received testimony in support of this measure from Hawaii Cattlemen's Council, Hawaii Farm Bureau, and five individuals. Your Committee has received comments from the Department of Agriculture.

Your Committee finds that the overpopulation of axis deer on Maui has led to the overgrazing of native plants that would otherwise aid in mitigating erosion, wildfires, and flooding. However, axis deer are a plentiful source of high-quality protein that could benefit the local economy and the citizens of the State. Your Committee further finds that an increase of in-state United States Department of Agriculture-certified meat inspectors would lower the cost of inspections for local hunters, provide a benefit to the agricultural industry in the State, and make locally hunted venison more available and safer for the community to consume. This measure urges the State Department of Agriculture and the County of Maui Department of Agriculture to take further action to address axis deer overpopulation by implementing policies, convening a joint task force to develop an affordable venison processing and distribution program, and requiring the task force to submit a report to the Legislature by November 30, 2025.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 94, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Quinlan).

SCRep. 2094 Agriculture & Food Systems on S.C.R. No. 141

The purpose of this measure urges the Department of Agriculture to collaborate with the Agribusiness Development Corporation regarding grant funding opportunities with the United States Department of Agriculture to provide more support for local agricultural organizations or entities and encourage the development of a sustainable agricultural industry in the State.

Your Committee received testimony in support of this measure from the Agribusiness Development Corporation, Department of Agriculture, and Hawai'i Farm Bureau.

Your Committee finds that the Aloha+ Challenge goal of increasing local food production may require more available land for agricultural projects, and more available labor to support the production and distribution of products. Your Committee further finds that the United States Department of Agriculture provides grant opportunities to improve the development and performance of agricultural organizations and to provide funding and aid to local farmers and ranchers to promote their continued growth and performance. This measure urges the Department of Agriculture and the Agribusiness Development Corporation to collaborate for grant funding opportunities with the United States Department of Agriculture.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 141, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Quinlan).

SCRep. 2095 Agriculture & Food Systems on S.C.R. No. 164

The purpose of this measure is to request the Department of Agriculture to adopt rules authorizing rodeos on land zones for agricultural use.

Your Committee has received testimony in support of this measure from Hawaii Cattlemen's Council, Hawai'i Farm Bureau, and nine individuals. Your Committee has received comments from the Department of Agriculture and Town & Country Rocker G Livestock.

Your Committee finds that the State possesses a rich ranching history and paniolo culture that would be honored by authorizing rodeos on lands zoned for agricultural use. This measure requests the Department of Agriculture to adopt rules authorizing rodeos on lands zoned for agricultural use.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 164, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Quinlan).

SCRep. 2096 Education on S.C.R. No. 53

The purpose of this measure is to request the Legislative Reference Bureau to cooperate with the Hawaii State Public Library System to identify rural and underserved communities with a need for better telecommunication access for residents, including those with developmental disabilities, to participate in the state legislative process.

Your Committee received testimony in support of this measure from the State Council on Developmental Disabilities. Your Committee received comments on this measure from the Hawai'i State Public Library System and Legislative Reference Bureau.

Your Committee finds that providing access for residents to participate in the state legislative process is a basic right of citizenship in Hawaii and should continue to be a priority. Your Committee further finds that access to the state legislative process is often limited for those living in remote areas or lacking reliable internet connectivity.

Your Committee notes that the Hawaii State Public Library System has long provided free public access to broadband Internet and computer equipment and is therefore well-prepared to serve as a conduit for facilitating remote legislative participation. Your Committee believes that the Hawaii State Public Library System has the infrastructure and resources to support public access to the Internet and videoconferencing, making it uniquely positioned to assist individuals in participating in the legislative process.

Your Committee has amended this measure by:

- (1) Requesting the Comptroller, rather than the Legislative Reference Bureau, to cooperate with the Hawaii State Public Library System to identify rural and underserved communities with a need for better telecommunication access for residents, including those with developmental disabilities, to participate in the state legislative process;
- (2) Requesting the Comptroller to also cooperate with the Office of Planning and Sustainable Development and the Hawaii Broadband and Digital Equity Office in identifying rural and underserved communities with a need for better telecommunication access for residents;
- (3) Deleting language that would have requested the Public Access Room to collaborate with the Hawaii State Public Library System to establish an outreach program to notify the public regarding the availability of library infrastructure to support remote public participation in the state legislative process;
- (4) Requesting the Comptroller to submit a report of its findings and recommendations, including any proposed legislation, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2026;
- (5) Directing certified copies of this measure to the Director of the Office of Planning and Sustainable Development and Strategic Broadband Coordinator of the Hawaii Broadband and Digital Equity Office;
- (6) Amending its title in accordance with its amended purpose; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 53, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 53, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Souza).

SCRep. 2097 Education on S.C.R. No. 134

The purpose of this measure is to urge the Department of Education to provide a detailed report to the Legislature on the true cost of producing school meals to ensure transparency and avoid unnecessary price increases.

Your Committee received testimony in support of this measure from the Hawai'i Public Health Institute; Hawaii Appleseed Center for Law & Economic Justice; Hawai'i Children's Action Network Speaks!; Hawai'i Hunger Action Network; and two individuals. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that the Department of Education cites the current cost of producing a student lunch at \$9.00. Your Committee further finds that the Department of Education is proposing to increase school meal prices, which would lead to an increase in the price of student lunch from \$2.50 to \$4.75 for grades kindergarten through eight and from \$2.75 to \$5.00 for grades nine through twelve by the 2028-2029 school year. Your Committee believes that an increase in the prices for school meals will negatively impact the State's working families and students who receive free or reduced-price meals and finds it essential that proper reporting processes are in place to provide transparency as to the costs of producing school meals.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 134 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Souza).

SCRep. 2098 Energy & Environmental Protection on S.C.R. No. 115

The purpose of this measure is to affirm the importance of marine ecosystem restoration to achieve the State's decarbonization goals.

Your Committee received testimony in support of this measure from Coalition Earth; Environmental Caucus of the Democratic Party of Hawai‘i; and one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that marine ecosystem restoration can help mitigate some of the impacts of climate change by increasing biodiversity and preserving carbon sinks and other natural resources that help remove carbon dioxide from the atmosphere. Your Committee further finds that maintaining transparent methods for quantifying greenhouse gas emissions is crucial to ensuring the consistency and accuracy of greenhouse gas emissions data. This measure affirms the value that marine ecosystems have in helping the State achieve decarbonization and acknowledges the need to continue efforts to improve carbon accounting methodologies to ensure accurate greenhouse gas emissions data.

Your Committee has amended this measure by:

- (1) Specifying the significance of fresh and brackish water wetlands in capturing and storing carbon; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 115, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 115, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Quinlan).

SCRep. 2099 Energy & Environmental Protection on S.C.R. No. 132

The purpose of this measure is to encourage the adoption of recommendations from the United Nations Global Plastics Treaty and Rapa Nui Summit Declaration to address climate justice and sustainable development.

Your Committee received testimony in support of this measure from Greenpeace Hawaii; 350Hawaii.org; Environmental Caucus of the Democratic Party of Hawai‘i; and two individuals.

Your Committee finds that the United Nations Global Plastics Treaty is an agreement to end plastic pollution that creates a common standard for plastic consumption and establishes benchmarks for reduced plastic use. Your Committee further finds that the Rapa Nui Pacific Leaders Summit addressed issues related to plastic pollution in the Pacific Ocean and developed recommendations related to plastic reduction and ocean conservation through the Rapa Nui Summit Declaration. This measure encourages the State to incorporate the recommendations of these agreements in its climate justice and sustainable development efforts.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 132, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Quinlan).

SCRep. 2100 Energy & Environmental Protection on S.C.R. No. 183

The purpose of this measure is to endorse and reaffirm support for the progress achieved by the Aloha+ Challenge through its integrated approach and six ambitious targets to be reached by 2030.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Hawaii Climate Change and Health Working Group; Hawai‘i Green Growth UN Local2030 Hub; and three individuals.

Your Committee finds that the Aloha+ Challenge is a statewide initiative that commits Hawaii to achieving six sustainability goals by 2030. Your Committee further finds that these goals align with the United Nations 2030 Agenda for Sustainable Development and have promoted transparency and accountability in the State's efforts to improve the environment. This measure provides recognition of the value the Aloha+ Challenge has provided the State in encouraging sustainable and environmentally friendly practices.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 183 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Quinlan).

SCRep. 2101 Energy & Environmental Protection on S.C.R. No. 93

The purpose of this measure is to urge the Governor, Mayors of each county, and the State to work toward a just climate future by integrating indigenous knowledge into policy and decision-making processes related to climate adaptation, climate mitigation, and climate resiliency.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Hawaii Climate Change and Health Working Group; 350Hawaii.org; Environmental Caucus of the Democratic Party of Hawai‘i; Association of Hawaiian Civic Clubs; Coalition Earth; and numerous individuals.

Your Committee finds that the impacts of climate change and federal-level actions that seek to reverse environmental progress pose a serious threat to the well-being of residents now and for generations to come. Your Committee further finds that Native Hawaiians have developed and refined methods for collective survival and ecological practices that should be considered in the State's response to the climate crisis. This measure encourages the integration of indigenous knowledge in the State's climate-related policies and efforts to mitigate climate change.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 93, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Quinlan).

SCRep. 2102 Water & Land on S.C.R. No. 76

The purpose of this measure is to urge the Office of Planning and Sustainable Development to consult with the Kahana Bay Steering Committee, County of Maui, Department of Land and Natural Resources, and Army Corps of Engineers regarding a path forward for the proposed Kahana Bay Erosion Mitigation Project.

Your Committee received testimony in support of this measure from the Association of Apartment Owners of Hololani; Association of Apartment Owners of Sands of Kahana; West Maui Taxpayers Association Inc; and numerous individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that in an effort to address coastal erosion in Kahana Bay, owners of units in nine condominium projects, through their owners' associations, and one residential parcel on Kahana Bay created and provided funding for the Kahana Bay Steering Committee (Steering Committee) to develop and implement the Kahana Bay Erosion Mitigation Project. Your Committee further finds that although a preliminary Environmental Impact Statement was prepared by a firm retained by the Steering Committee, progress on the Kahana Bay Erosion Mitigation Project has stalled due to a lack of agreement on who would take ownership of proposed rock groins that would be necessary to hold replenished sand in place. This measure seeks to address the ongoing issue of coastal erosion in Kahana Bay by encouraging the relevant stakeholders to collaborate and develop an appropriate path forward.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 76, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Iwamoto). Noes, none. Excused, 3 (Ichiyama, Poepoe, Woodson).

SCRep. 2103 Public Safety on H.R. No. 43

The purpose of this measure is to urge the City and County of Honolulu to work with stakeholders to construct an emergency access road on the Wai'anae coast.

The Military Affairs Council, the Hawaii Climate Change Health Working Group, and twelve individuals provided testimony in support of this resolution.

Your committee finds that maintaining emergency access roads that provide more than one way in and out of a developed area is essential to public safety. Considering that Farrington Highway serves currently as the only adequate way in and out of Wai'anae, this committee finds that the City and County of Honolulu needs to work with the Department of Transportation and the military to develop an emergency access road along the Wai'anae Coast to benefit the communities of Wai'anae, Makaha, Mā'ili, and Nanakuli.

As affirmed by the record of votes of the members of your Committee on Public Safety that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 43, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, 2 (Iwamoto, Souza). Excused, 2 (Ichiyama, Poepoe).

SCRep. 2104 Labor on S.C.R. No. 163

The purpose of this measure is to request the counties to adopt flexible setback requirements or establish variance procedures for state buildings and facilities to enhance land use efficiency and public service delivery.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services and Grassroots Institute of Hawaii.

Your Committee finds that setback requirements mandate minimum distances between structures and property lines and are established to ensure safety, privacy, and aesthetic standards in urban planning. However, strict adherence to uniform setback requirements can limit the State's ability to develop or renovate public buildings and facilities in a manner that maximizes land use efficiency. Your Committee further finds that other jurisdictions have implemented flexible setback policies or granted variances to accommodate the unique needs of public buildings, thereby promoting greater density and more efficient use of public resources. Your Committee believes that flexibility can lead to improved public service delivery by allowing state facilities to be more appropriately sized and located.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 163, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Garrett).

SCRep. 2105 Labor on S.C.R. No. 143

The purpose of this measure is to urge all boards and commissions to conduct annual performance reviews of their executive directors or persons holding equivalent positions exempt from civil service law.

Your Committee did not receive any written testimony on this measure.

Your Committee finds that boards and commissions are established to address specific problems or challenges within the community, encourage citizen participation in the process, and act as state liaisons for the community by recommending systems or programs aimed at providing support and solutions for unique challenges faced by the respective communities. Your Committee believes that conducting annual performance reviews of individuals occupying executive director or similar civil service exempt positions under boards and commissions ensures accountability and encourages these individuals to perform their job duties with great diligence and more regard for their communities.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 143, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Garrett).

SCRep. 2106 Labor on S.C.R. No. 55

The purpose of this measure is to request the Department of Human Resources Development to conduct a comprehensive review of the Department of Labor and Industrial Relations' Boiler and Elevator Inspection Branch to increase personnel recruitment and retention.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations; Waltz Engineering, Inc.; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Hawaiian Electric; Otis Elevator Company; National Elevator Industry, Inc.; International Union of Elevator Constructors, Local 126; and two individuals. Your Committee received comments on this measure from the Department of Human Resources Development.

Your Committee finds that the Department of Labor and Industrial Relations has oversight and conducts inspections of pressure retaining items, such as boilers, pressure vessels, pressure systems, amusement rides, elevators, and kindred equipment, to ensure their safe operation. The inspections conducted by the Department's Boiler and Elevator Inspection Branch are an essential service to ensure public safety. Your Committee further finds that the Branch is severely understaffed, resulting in a backlog of safety inspections of elevators and other equipment. Your Committee believes that a comparative analysis of the operations and staffing of the Department's Boiler and Elevator Inspection Branch and similar regulatory branches in other states may offer valuable insights for resolving the staffing shortage and improving the efficacy of the Branch.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 55 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Garrett).

SCRep. 2107 Labor on S.C.R. No. 67

The purpose of this measure is to request the Department of Human Resources Development and the state agencies comprising the State's public mental health care system to cooperate more closely to determine the necessary actions to expedite the hiring and filling of critical vacancies, including solutions to address the obstacles and challenges unique to the mental health care workforce.

Your Committee received testimony in support of this measure from the Department of Human Resources Development; State Council on Mental Health; and one individual.

Your Committee finds that the quality of the State's public mental health care system has diminished, in part due to hiring practices and policies that make it challenging for state agencies to hire and retain the skilled professionals essential to providing effective mental health care services, affecting a range of critical roles, ultimately undermining the system's ability to meet the needs of the community. Your Committee further finds that departments and agencies that constitute the Continuum of Care in the State are in desperate need of support as high vacancy rates prevent these agencies from meeting the increasing demand for mental health care services. Therefore, your Committee believes that the Department of Human Resources Development and the state agencies comprising the State's public mental health care system should cooperate more closely to determine the necessary actions to expedite the hiring and filling of critical vacancies, including solutions to address the obstacles and challenges unique to the mental health care workforce.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 67, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Garrett).

SCRep. 2108 Labor on S.C.R. No. 135

The purpose of this measure is to urge all state departments to partner with the Office of Wellness and Resilience for secure and appropriate data sharing agreements.

Your Committee received testimony in support of this measure from the Office of Wellness and Resilience.

Your Committee finds that the Office of Wellness and Resilience launched a social determinants of health electronic dashboard that identifies a baseline of needs and concerns that impede high quality-of-life outcomes called the "Quality of Life and Well-Being Dashboard". Your Committee further finds that this dashboard represents the largest survey of health and well-being in the State to date and enables the Office of Wellness and Resilience to examine community needs through a data-driven lens, leading to the development of effective, evidence-based, and trauma-informed strategies. Your Committee also finds that many state datasets remain siloed within individual departments using different data collection methodologies, making it difficult for the Office of Wellness and Resilience to navigate and perform cross-departmental analyses. Therefore, your Committee finds it appropriate to urge all state departments to partner with the Office of Wellness and Resilience for the purpose of secure and appropriate data sharing agreements that protect the privacy and confidentiality of residents to encourage further study of the needs and challenges of the community and the development of effective aid programs and strategies to address those needs and challenges.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 135, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Garrett).

SCRep. 2109 Economic Development & Technology on S.C.R. No. 196

The purpose of this measure is to support and encourage a broader relationship between the State and the Kingdom of Norway.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that Hawaii and Norway share environmental priorities and are at the forefront of renewable energy development. Your Committee further finds that the State could benefit from Norway's expertise in areas such as sustainable urban planning, green energy infrastructure, and criminal justice. This measure seeks to enhance the State's relationship with Norway.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 196, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Holt, Matsumoto).

SCRep. 2110 Economic Development & Technology on S.C.R. No. 195

The purpose of this measure is to support and encourage a broader relationship between the State and the Kingdom of Sweden.

Your Committee received testimony in support of this measure from the Honorary Consulate of Sweden.

Your Committee finds that Hawaii and Sweden share common challenges as geographically distinct regions with unique environmental, economic, and social concerns and have common priorities related to renewable energy, environmental protection, and climate action. Your Committee further finds that Hawaii and Sweden would benefit from enhanced diplomatic ties, economic partnerships, and knowledge exchange in areas related to energy, the environment, education, and public health. This measure encourages a more robust relationship between Hawaii and Sweden.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 195 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Holt, Matsumoto).

SCRep. 2111 Economic Development & Technology on S.C.R. No. 30

The purpose of this measure is to request the Commander of Joint Base Pearl Harbor-Hickam to allow the Department of Parks and Recreation of the City and County of Honolulu to temporarily use the restricted vacant land on the Pearl City Peninsula for youth ball programs.

Your Committee received testimony in support of this measure from the Pearl City Neighborhood Board No. 21.

Your Committee finds that the City and County of Honolulu does not have a sufficient number of ball fields to accommodate the demand of youth ball programs. Your Committee further finds that Joint Base Pearl Harbor-Hickam has about twelve acres of vacant land, some of which could be suitable for youth ball fields. This measure encourages the use of this land for youth ball programs.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 30 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Holt, Matsumoto).

SCRep. 2112 Economic Development & Technology on S.C.R. No. 40

The purpose of this measure is to request the Hawaii Technology Development Corporation to increase its focus on advanced manufacturing and cybersecurity to allow manufacturers to expand production, lower costs, and create new products.

Your Committee received testimony in support of this measure from the Hawaii Military Affairs Council. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that advanced manufacturing, which refers to the incorporation of various innovative technologies in the manufacturing process, can help Hawaii businesses increase efficiency, improve product quality, and reduce manufacturing costs. Your Committee further finds that given the large military presence in the State, there is an opportunity to collaborate with the United States Department of Defense and other federal agencies on cybersecurity initiatives that help protect local businesses. This measure encourages increased support for local businesses in the areas of advanced manufacturing and cybersecurity.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 40 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Holt, Matsumoto).

SCRep. 2113 Economic Development & Technology on S.C.R. No. 178

The purpose of this measure is to urge the East-West Center to expand international engagement around the world and serve as a bridge to help the State share its unique expertise with tropical agriculture, food security, public health, education, clean energy, and sustainable development, where it might be most helpful to other communities around the world.

Your Committee received testimony in support of this measure from the East-West Center.

Your Committee finds that Hawaii has unique expertise in the areas of tropical agriculture, food security, public health, education, clean energy, and sustainable development. Your Committee further finds that the East-West Center has a history of fostering cooperation and development among nations in the Asia-Pacific region and is uniquely positioned to serve as a bridge between Hawaii and countries around the world. This measure encourages the sharing of Hawaii's unique expertise in certain areas with communities around the world.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 178, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Holt, Matsumoto).

SCRep. 2114 Economic Development & Technology on S.C.R. No. 65

The purpose of this measure is to urge the Stadium Authority to finalize a contract for the construction of the new Aloha Stadium and to continue its efforts in earnest to create the New Aloha Stadium Entertainment District.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services and Aloha Hālawā District Partners. Your Committee received comments on this measure from the Stadium Authority.

Your Committee finds that the development of a new stadium facility is crucial for supporting athletic events, concerts, festivals, and other events that will help spur economic growth. Your Committee further finds that the New Aloha Stadium Entertainment District (NASED) Project, overseen by the Stadium Authority, involves the demolition of the existing Aloha Stadium, design and construction of a new facility, and mixed-use development of surrounding areas within the district. This measure encourages the timely development and construction of the new stadium facility and continued progress of the NASED Project.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 65 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Holt, Matsumoto).

SCRep. 2115 Economic Development & Technology on S.C.R. No. 24

The purpose of this measure is to strongly urge the United States Department of Defense to maintain all references to the 100th Infantry Battalion and 442nd Regimental Combat Team on its websites to allow the public and future generations to understand the historical importance of these military units.

Your Committee received testimony in support of this measure from the Hawaii Military Affairs Council; Nisei Veterans Legacy; 100th Infantry Battalion Veterans; Hawaii J20+; Hawaii Coalition for Civil Rights; and three individuals.

Your Committee finds that the 100th Infantry Battalion and 442nd Regimental Combat Team were Japanese-American units renowned for their service during the Second World War. Your Committee further finds that the Pentagon removed information pertaining to these units from the United States Army's official website as a part of the federal purge of content identified as being related to diversity, equity, and inclusion. This measure seeks to protect the legacies of these units and ensure that the public has access to information related to them.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 24, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Holt, Matsumoto).

SCRep. 2116 Culture & Arts on S.C.R. No. 112

The purpose of this measure is to request the City and County of Honolulu to light up City Hall with purple lights on August 7 of each year in honor of National Purple Heart Day.

Your Committee received testimony in support of this measure from two individuals.

Your Committee finds that the Purple Heart is one of the most recognized, respected, and oldest military decorations that is awarded to service members of the United States Armed Forces who have been injured or killed in military service to the United States. Your Committee further finds that meritorious acts of extraordinary fidelity service are the foundation of many modern freedoms enjoyed by the people of the United States. Your Committee believes that it is appropriate for the State to specifically honor the sacrifices of service members who have received the Purple Heart.

Your Committee has amended this measure by:

- (1) Specifying that the request is for August 7, 2025, rather than each year; and
- (2) Changing its title to reflect the specific year.

As affirmed by the record of votes of the members of your Committee on Culture & Arts that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 112, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 112, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, none.

SCRep. 2117 Culture & Arts on S.C.R. No. 131

The purpose of this measure is to urge the State to acquire the Hawaii Theatre to promote local culture and arts, preserve its historic and cultural significance, and facilitate its continued public use.

Your Committee did not receive any written testimony on this measure.

Your Committee finds that the Hawaii Theatre, located in downtown Honolulu, is a historic landmark that has served as a cultural and performing arts center since opening in 1922. The Theatre has played a significant role in the State's cultural and artistic heritage by hosting performances, concerts, and community events that celebrate the State's diverse history and traditions. Your Committee therefore believes that public ownership of the Hawaii Theatre by the State will ensure the Theatre's long-term preservation, enable necessary renovations and improvements, and expand access to arts and cultural programming for residents and visitors.

As affirmed by the record of votes of the members of your Committee on Culture & Arts that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 131 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, none.

SCRep. 2118 Culture & Arts on S.C.R. No. 169

The purpose of this measure is to:

- (1) Request the State Archives to expand public outreach, share Hawaii's history that may prove relevant today, create opportunities for public discussion and civic engagement, and evaluate funding opportunities to support its mission; and
- (2) Request the Department of Accounting and General Services to conduct a study on the potential for revenue generation opportunities of a new State Archives facility being developed and long-term source of funding for the operations and programs of the State Archives.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services.

Your Committee finds that the State Archives maintains a vast array of historically significant and irreplaceable records of Hawaii's history, including world-leading innovations and social equality initiatives. Your Committee further finds that the State Archives outgrew its original facility in 1953 and has now exceeded its storage capacity for a second time, resulting in a vault of documentary history inaccessible to researchers and curious learners. Your Committee believes there exists a strong and clear need to provide easy access to Hawaii's history to encourage civic engagement and support the hard work of the state archivists.

As affirmed by the record of votes of the members of your Committee on Culture & Arts that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 169, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, none.

SCRep. 2119 Culture & Arts on S.C.R. No. 12

The purpose of this measure is to:

- (1) Recognize International Dark Sky Week on April 21 through April 28, 2025; and

- (2) Establish a task force convened by the Board of Land and Natural Resources to study light pollution and dark skies to ensure the preservation of dark skies throughout the State.

Your Committee received testimony in support of this measure from the Maunakea Observatories. Your Committee received comments on this measure from the Department of Land and Natural Resources and University of Hawai'i System.

Your Committee finds that eighty percent of the world's population, including many Hawaii residents, live under a dome of light pollution, or excessive artificial lighting at night that disrupts natural darkness. Your Committee further finds that artificial light pollution can negatively affect wildlife, including seabirds and turtles, and disrupt astronomy, stargazing, and cultural traditions. Your Committee believes that recognizing International Dark Sky Week in the State will raise awareness for the conservation of dark skies to protect wildlife, preserve cultural heritage, and improve astronomical research and appreciation for dark skies.

Your Committee has amended this measure by:

- (1) Requesting the University of Hawaii, rather than the Board of Land and Natural Resources, to convene and chair the Task Force; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture & Arts that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 12, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 12, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Lee).

SCRep. 2120 Culture & Arts on S.C.R. No. 197

The purpose of this measure is to recognize:

- (1) June 21, 2025, as Indigenous People's Day;
- (2) July 1, 2025, as Canada Day; and
- (3) September 30, 2025, as Truth and Reconciliation Day,

in acknowledgement of the enduring friendship between the people of Canada and Hawaii, the independent sovereignty and self-determination of the people of Canada, and a commitment to never again allow the sovereign right of a people to self-determination to be taken against their will.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism. Your Committee received testimony in opposition to this measure from four individuals.

Your Committee finds that Canada and Hawaii share long histories fraught with challenges and injustice related to colonization and exploitation of indigenous communities whose land and sovereignty were taken against their will. Your Committee recognizes that while the past cannot be changed, Canada and Hawaii still share a commitment to advance the rights, preserve the culture, empower new generations, and work toward justice for indigenous and native peoples. Your Committee believes that this measure reaffirms the enduring friendship between the people of Canada and Hawaii by acknowledging three Canadian holidays.

Your Committee has amended this measure by:

- (1) Inserting language to highlight the enduring friendship between Canada and Hawaii and the commonalities they share;
- (2) Requesting the Governor to raise the Canadian flag in a ceremony of recognition; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture & Arts that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 197, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 197, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, none.

SCRep. 2121 Agriculture & Food Systems on S.C.R. No. 192

The purpose of this measure is to request the University of Hawaii System to establish a Veterinary Medicine Expansion Working Group to explore the feasibility of developing a Doctor of Veterinary Medicine program and submit a report to Legislature prior to the Regular Session of 2026.

Your Committee has received testimony in support of this measure from the Hawaiian Humane Society, Hawai'i Cattlemen's Council, and two individuals. Your Committee has received comments from the University of Hawai'i System. Your Committee has received testimony in opposition of this measure from one individual.

Your Committee finds that the State faces a critical shortage of veterinarians, especially in rural areas and for large animal and agricultural veterinary services. Moreover, the State's lack of a Doctor of Veterinary Medicine program forces aspiring veterinarians to seek education on the United States mainland or internationally, which can increase financial burdens and reduce the likelihood that a newly licensed veterinarian will return to Hawaii to practice.

Your Committee further finds that establishing a Doctor Veterinary Medicine program in Hawaii could include collaborations between the University of Hawaii System, private veterinary practices, and nationally accredited bodies to ensure academic excellence and program sustainability. This measure requests the University of Hawaii System to establish a Veterinary Medicine Expansion Working Group to conduct a feasibility study to explore the feasibility of developing a Doctor of Veterinary Medicine program and report to the Legislature prior to the Regular Session of 2026.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 192, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Quinlan).

SCRep. 2122 Judiciary & Hawaiian Affairs on S.C.R. No. 184

The purpose of this measure is that each county police department is requested to increase enforcement against out-of-state vehicles operating on public roadways that have not been properly registered in the appropriate county.

Your Committee received testimony with comments for this measure from two individuals.

Your Committee finds that vehicles that avoid Hawaii registration fees shift the cost of road maintenance to law-abiding residents. Unregistered vehicles might not meet Hawaii's inspection or insurance standards. Your Committee believes that this measure will accomplish the goals of encouraging stronger enforcement of vehicle registration laws.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 184 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Cochran, Hashem, Garcia).

SCRep. 2123 Judiciary & Hawaiian Affairs on S.C.R. No. 204

The purpose of this measure is that the Department of Law Enforcement is requested to provide information related to the disposal, detonation, and destruction of explosives, fireworks, and similar hazardous materials in the State. The Department of Law enforcement is also requested to provide a detailed description of the procedures and methods used for the safe disposal, detonation, and destruction of explosives, fireworks, and similar hazardous materials, an explanation of the permitting process for conducting the disposal, detonation, and destruction of hazardous materials, and a summary of the safety protocols, environmental safeguards, and best practices employed by the Department of Law Enforcement to ensure that the disposal, detonation, and destruction of hazardous materials do not cause harm to the environment, Department of Law Enforcement staff conducting the operation, and individuals and communities in the vicinity of the hazardous materials as they are being transported and destroyed.

Your Committee received testimony in support for this measure from two individuals.

Your Committee finds that additional information related to the disposal, detonation, and destruction of explosives, fireworks, and similar hazardous materials will provide transparency and accountability related to safety, environmental, and public health concerns. This measure requests the Department of Law Enforcement to provide comprehensive information on current practices, locations, and protocols to ensure public awareness, improve safety standards, and support informed decision-making.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 204 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Cochran, Hashem, Garcia).

SCRep. 2124 Judiciary & Hawaiian Affairs on S.C.R. No. 128

The purpose of this measure is to request the Attorney General of Hawaii to take several actions related to state lands currently leased to the United States government or federal agencies. This measure asks the Attorney General to produce a list of leased lands, and examine legal impediments.

Your Committee received testimony in support for this measure from the Environmental Caucus of the Democratic Party of Hawai'i and from two individuals. Your Committee received testimony in opposition from the Attorney General.

Your Committee finds that lands under the jurisdiction of the State of Hawai'i and currently leased to the United States government or federal agencies represent significant public trust resources. The long-term use of these lands by Federal entities raises important questions regarding compliance with State laws, transparency of lease terms, and potential environmental and cultural impacts resulting from federal activities. Your Committee further finds that there is a lack of accessible and comprehensive information about the scope, duration, and conditions of these leases, which impedes informed decision-making and public accountability.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 128, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Shimizu). Noes, none. Excused, 3 (Cochran, Hashem, Garcia).

SCRep. 2125 Human Services & Homelessness on S.C.R. No. 22

The purpose of this measure is to request the Hawaii Emergency Management Agency to collaborate with relevant agencies to develop initiatives and outreach programs to inform kupuna about emergency preparedness.

Your Committee received testimony in support of this measure from the Hawai'i Family Caregiver Coalition; AARP Hawai'i; Be Ready Manoa; Kaneohe/Kahaluu Community Emergency Response Team; and one individual.

Your Committee finds that Hawaii's unique vulnerability to natural disasters requires thorough preparedness strategies that reflect the needs of its diverse population. Kupuna, who represent an increasingly large segment of Hawaii residents, face heightened risks during emergencies due to factors such as reduced mobility, chronic health conditions, and barriers to accessing timely alerts and information. Enhancing the emergency readiness of older adults not only protects their health and safety but also alleviates pressure on emergency responders. Therefore, this measure requests the Hawaii Emergency Management Agency to collaborate with relevant stakeholders in developing outreach and public education campaigns that empower seniors to better manage disaster scenarios.

As affirmed by the record of votes of the members of your Committee on Human Services & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 22 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Takayama).

SCRep. 2126 Consumer Protection & Commerce on S.C.R. No. 57

The purpose of this measure is to support the establishment of a National Reinsurance Program.

Your Committee received testimony in support of this measure from the Environmental Caucus of The Democratic Party of Hawaii and from two individuals.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 57, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Ichiyama, Kong, Tam).

SCRep. 2127 Consumer Protection & Commerce on S.C.R. No. 198

The purpose of this measure is to support reduced insurance costs through subrogation claims.

Your Committee received testimony in support of this measure from the Center for Climate Integrity, Environmental Caucus of The Democratic Party of Hawaii, Hawaii Reef and Ocean Coalition and Climate Protectors Hawaii, 350Hawaii, Kauai Climate Action Coalition, and from 34 individuals.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 198, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Pierick). Noes, none. Excused, 3 (Ichiyama, Kong, Tam).

SCRep. 2128 Housing on S.C.R. No. 60

The purpose of this measure is to urge the Hawaii Housing Finance and Development Corporation to develop a plan to produce sufficient housing to meet the State's demand.

Your Committee received testimony in support of this measure from Community Advocacy Research Education Services and one individual. Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee finds that Hawaii's severe housing shortage is driving residents away and making it increasingly difficult for local families across a broad range of incomes to remain in the State. Despite rising demand, housing production has lagged, especially for ownership units and rentals for moderate- and higher-income households, while existing efforts have focused too narrowly on a limited income segment. This measure aims to help retain the State's workforce, stabilize housing costs, and ensure that Hawaii remains livable for its residents.

Your Committee has amended this measure by:

- (1) Deleting language relating to the Hawaii Housing Finance and Development Corporation overbuilding certain rental units;
- (2) Updating figures related to the 2019 Hawaii Housing Planning Study's housing demand projections;
- (3) Inserting language relating to the establishment of an Affordable Housing Land Inventory Task Force through Senate Bill No. 26, S.D. 2, H.D. 2, (Regular Session of 2025);
- (4) Clarifying information that the Corporation is requested to include in the plan; and
- (5) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 60, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 60, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, 1 (Pierick). Excused, 3 (Cochran, Kitagawa, La Chica).

SCRep. 2129 Finance on S.C.R. No. 138

The purpose of this measure is to request the Auditor to conduct a management and performance audit of the Office of the Vice President for Academic Strategy of the University of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 138, S.D. 1, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Kitagawa).

SCRep. 2130 Finance on S.C.R. No. 16

The purpose of this measure is to request the Department of Health to convene a task force to identify and develop minimum professional standards for community health worker training programs.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 16, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Kitagawa).

SCRep. 2131 Finance on S.C.R. No. 118

The purpose of this measure is to request the Department of Health to convene a working group to assess the feasibility of allowing business owners in the State to utilize filtered water collected by water catchment systems for business activities.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 118, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Kitagawa).

SCRep. 2132 Finance on S.C.R. No. 37

The purpose of this measure is to request the Department of Transportation and Department of Public Works of the County of Maui to collaborate with the Kihei Community Association in the planning and implementation of the Kihei Mauka Road project.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 37, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Kitagawa).

SCRep. 2133 Finance on S.C.R. No. 54

The purpose of this measure is to request the Department of Land and Natural Resources to convene and provide administrative assistance to a Desalination Planning Task Force to determine whether the use of desalination for large-scale water consumption in the State is feasible.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 54, S.D. 1, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Kitagawa).

SCRep. 2134 Finance on S.C.R. No. 4

The purpose of this measure is to authorize the issuance of a twenty-five-year term, non-exclusive easement covering a portion of state submerged lands at Kikiaola, Kekaha, Kauai, for a shoreline protection structure, and for use, repair, and maintenance of the improvements constructed thereon.

Your Committee has amended this measure by:

- (1) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 4, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 4, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Kitagawa).

SCRep. 2135 Finance on S.C.R. No. 5

The purpose of this measure is to authorize the issuance of a twenty-five-year term, non-exclusive easement covering a portion of state submerged lands at Waikiki, Honolulu, Oahu, for concrete stairs, and for use, repair, and maintenance of the improvements constructed thereon.

Your Committee has amended this measure by:

- (1) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 5, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 5, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Kitagawa).

SCRep. 2136 Finance on S.C.R. No. 3

The purpose of this measure is to authorize the issuance of a perpetual, non-exclusive easement to the city and county of Honolulu covering a portion of State submerged lands at Maunaloa, Honolulu, Oahu, for the stormwater management outfall and drainage system, and for use, repair, and maintenance of the improvements constructed thereon.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 3, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Kitagawa).

SCRep. 2137 Finance on S.C.R. No. 7

The purpose of this measure is to authorize the issuance of a twenty-five year term, non-exclusive easement covering a portion of State submerged lands at Laie, Koolauloa, Oahu, for a rock revetment that includes stairs, and for use, repair and maintenance of the improvements constructed thereon.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 7 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Kitagawa).

SCRep. 2138 Finance on S.C.R. No. 6

The purpose of this measure is to authorize the issuance of a twenty-five-year term, non-exclusive easement covering a portion of State submerged lands at Ewa Beach, Ewa, Oahu, for a seawall, and for use, repair, and maintenance of the improvements constructed thereon.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 6 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 1 (Kitagawa).

SCRep. 2139 Consumer Protection & Commerce on S.C.R. No. 136

The purpose of this measure is to request that a working group convene to study the feasibility of advanced nuclear power in Hawaii as a source of renewable energy.

Your Committee received testimony in support of this measure from the Hawaii Public Utilities Commission, Sustainable Energy Hawaii, Go Green Alternative Energy Solutions, LLC., Nuclear Energy Institute, and from one individual.

Your Committee received testimony in opposition to this measure from the Environmental Caucus of The Democratic Party of Hawaii, Maui Peace Action, Malu 'Aina Center for Non-violent Education & Action, 350Hawaii, Energy Justice Network, Greenpeace Hawaii, Hawaii Chapter of Americans for Democratic Action, Kauai Women's Caucus, Kulia I Ka Nu'u Outreach and Aloha Lokahi Association, and from 42 individuals.

Your Committee received comments on this measure from the Hawaii State Energy Office and from one individual.

Your Committee has amended this measure as follows:

- (1) At line 27 on Page 3 a request that an interim report of the working group's findings and recommendations, including any proposed legislation, be submitted to the Legislature no later than twenty days prior to the convening of the Regular Session of 2026.
- (2) Technical, nonsubstantive changes for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 136, S.D. 1, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 136, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, 1 (Iwamoto). Excused, 3 (Ichiyama, Kong, Tam).

SCRep. 2140 Transportation on S.C.R. No. 32

The purpose of this measure is to request the Department of Corrections and Rehabilitation to collaborate with the Department of Transportation to use inmate work furlough programs for state roadway and highway maintenance.

Your Committee received testimony in support of this measure from the Department of Transportation; Department of Corrections and Rehabilitation; and one individual.

Your Committee finds that providing the Department of Transportation with additional workforce through the Department of Corrections and Rehabilitation's inmate workforce furlough programs is a reliable and available means to improving the State's roadways and highways while providing inmates access to beneficial work that would assist their reentry into society upon release from incarceration.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 32 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 4 (Cochran, Kitagawa, La Chica, Muraoka).

SCRep. 2141 Transportation on S.C.R. No. 117

The purpose of this measure is to urge the Safe Routes to School Advisory Committee to collaborate with the Department of Education, Department of Transportation, and the County of Hawaii to conduct an inventory of bus stops on Hawaii island utilized by children to travel to school and develop strategies to improve safety at each location.

Your Committee received testimony in support of this measure from the Department of Transportation; Department of Education; and one individual.

Your Committee finds that unlike other islands in the State, many students on Hawaii island face unique transportation challenges, including long travel distances, limited access to school bus services, and reliance on the County of Hawaii's Hele-On public transportation system through special arrangements with the Department of Education.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 117, S.D. 1, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 4 (Cochran, Kitagawa, La Chica, Muraoka).

SCRep. 2142 Energy & Environmental Protection on S.C.R. No. 194

The purpose of this measure is to request the Department of Health to encourage reductions in the use of disposable surgical equipment and adoption of sustainable practices in the provision of health care services following examples set by California and Japan.

Your Committee received testimony in support of this measure from the Hawai'i Reef and Ocean Coalition.

Your Committee finds that health care facilities in the State generate significant waste through single-use surgical instruments and supplies, contributing to the overflow of landfills and pollution. Your Committee further finds that certain surgical instruments could be reprocessed and sterilized or recycled, reducing waste and supporting the State's environmental and sustainability goals. This measure encourages sustainable practices for the use and disposal of surgical equipment, modeled after practices adopted by California and Japan.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 194, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Quinlan).

SCRep. 2143 Public Safety on S.C.R. No. 20

The purpose of this measure is to request the Department of Corrections and Rehabilitation to comprehensively reevaluate its policies regarding in-person contact visitation at correctional facilities throughout the state to best support incarcerated persons in staying connected with loved ones who can help them on their journey of rehabilitation.

The Department of Corrections and Rehabilitation supports the intent of the resolution and provided testimony. The Hawai'i 'Ohana Support Network, Blueprint for Change, and Keiki O Ka' Aina Family Learning Center submitted testimony in strong support. Twelve individuals provided testimony in support.

Your committee finds that maintaining strong familial and community connections is a vital component of rehabilitation and successful reentry for incarcerated persons. Your committee also finds that the Department of Corrections and Rehabilitation has agreed to the request, per the Department's testimony, to review and reevaluate its policies regarding in-person, contact visitations statewide.

As affirmed by the record of votes of the members of your Committee on Public Safety that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 20 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 4 (Hashem, Ichiyama, Lamosao, Souza).

SCRep. 2144 Economic Development & Technology on S.C.R. No. 58

The purpose of this measure is to urge the counties of the State to install a minimum set of accessible recreational playground equipment in each playground located in a county park and to establish comprehensive maintenance plans that ensure the long-term safety, cleanliness, and functionality of each playground.

Your Committee received testimony in support of this measure from the Disability and Communication Access Board; State Council on Developmental Disabilities; Hawaii Self-Advocacy Advisory Council; Hawaii Disability Rights Center; and three individuals.

Your Committee finds that the State is committed to enhancing the inclusion of youth with physical, developmental, and intellectual disabilities in social activities and community involvement. Your Committee further finds that playgrounds throughout the State should have accessible equipment to ensure that all youth, regardless of any disability, have the opportunity to participate in recreational and social activities. This measure urges the counties to ensure that playground equipment at county parks is inclusive of children with disabilities and are maintained over the long term.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 58, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Matsumoto).

SCRep. 2145 Economic Development & Technology on S.C.R. No. 31

The purpose of this measure is to endorse Taiwan's international participation, support the signing of a United States-Taiwan bilateral trade agreement, and commemorate the relationships and exchanges between the State of Hawaii and Taiwan.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Agriculture; Taipei Economic and Cultural Office in Honolulu; and one individual.

Your Committee finds that the United States and Taiwan have a strong relationship rooted in a shared commitment to democracy, freedom, human rights, and free market economics. Your Committee further finds that Hawaii and Taiwan have enjoyed a sister-state relationship since 1993 and engaged in a number of economic and cultural partnerships and exchanges during that time. This measure encourages Taiwan's increased participation in international organizations, supports continued economic collaboration between the United States and Taiwan, and recognizes the long-standing relationship between Hawaii and Taiwan.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 31, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Matsumoto).

SCRep. 2146 Economic Development & Technology on S.C.R. No. 121

The purpose of this measure is to request the Department of Business, Economic Development, and Tourism to convene a Tourism and Gaming Working Group.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Aloha Hālawā District Partners; Iron Workers Stabilization Fund; Boyd Gaming; and one individual. Your Committee received testimony in opposition to this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu; HI Good Neighbor; Project Nehemiah Hawaii; Hawai'i Friends of Civil Rights; Nation of Hawaii; and numerous individuals. Your Committee received comments on this measure from the 'Aiea Community Association; Ali'i Pauahi Hawaiian Civic Club; and two individuals.

Your Committee finds that legalizing gaming activities could help the State generate a new source of tax revenue and spur economic growth. Your Committee further finds that the process for legalizing and regulating gaming activities should be informed by a comprehensive policy framework and be subject to stakeholder participation. This measure encourages a coordinated effort to evaluate legislation related to gaming and examine how gaming activities could help support the State's tourism and economic development efforts.

Your Committee has amended this measure by:

- (1) Requesting the working group to research gaming experiences and programs of legalized gambling in other states;
- (2) Clarifying that the working group is requested to consider gaming legislation that has been considered by other states in addition to the Hawaii State Legislature;
- (3) Requesting the working group to examine the potential for gaming activities onboard vessels operated within the exclusive economic zone;
- (4) Clarifying that the comprehensive tourism gaming policy framework should address certain costs associated with gaming;
- (5) Changing the composition of the working group;
- (6) Amending the list of recipients of certified copies of this measure; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes the concerns raised in the Department of the Prosecuting Attorney of the City and County of Honolulu's testimony regarding the potential dangers of online gambling platforms.

As affirmed by the record of votes of the members of your Committee on Economic Development & Technology that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 121, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 121, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Templo). Noes, none. Excused, 1 (Matsumoto).

Conf. Com. Rep. 1 on S.B. No. 1296

The purpose of this measure is to facilitate recovery efforts on Maui and other disaster-affected areas by exempting the reconstruction of any lawfully constructed structure destroyed in a disaster proclaimed by the Governor to constitute a state of emergency or a disaster declared pursuant to federal law from the requirements of a special management area minor permit or a special management area use permit under certain conditions.

Your Committee on Conference finds that it is critical to facilitate disaster recovery while preserving natural resources in coastal zones that are essential to the State's long-term resilience and economic stability. Your Committee on Conference further finds that regulatory agencies are often overwhelmed following a natural disaster. This measure will ease the regulatory burden on these agencies and expedite recovery by exempting the reconstruction of lawfully constructed structures damaged or destroyed in declared disasters from certain permitting requirements.

Your Committee on Conference has amended this measure by:

- (1) Inserting language requiring that the reconstruction of a lawfully constructed structure damaged or destroyed in a natural disaster shall not be situated on a shoreline parcel or a parcel that is impacted by waves, storm surges, high tide, or shoreline;
- (2) Specifying that the reconstruction shall commence within six years;
- (3) Making it effective upon its approval; and
- (4) Inserting a sunset date of July 1, 2028.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1296, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1296, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashem, Belatti, Tarnas and Souza.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Inouye, Rhoads, Elefante, McKelvey and DeCorte.

Managers on the part of the Senate.

Ayes, 5. Noes, none. Excused, none.

Conf. Com. Rep. 2 on S.B. No. 1318

The purpose of this measure is to repeal duplicative and potentially confusing penalties for water pollution offenses in section 200-14, Hawaii Revised Statutes, and thereby clarify that enforcement of criminal water pollution offenses remains under the jurisdiction of the Department of Health, rather than the Department of Land and Natural Resources.

Your Committee on Conference finds that existing law provides for potentially conflicting penalties for water pollution offenses. Under some circumstances, the wording of water pollution offenses administered by both the Department of Land and Natural Resources and Department of Health may overlap, potentially limiting criminal sentencing for these offenses to the lower penalties imposed pursuant to section 200-14(c), Hawaii Revised Statutes. This measure eliminates duplicative and confusing water pollution offenses from the Department of Land and Natural Resources' criminal enforcement jurisdiction and clarifies the Department of Health's jurisdiction to enforce these offenses with much more stringent criminal penalties.

Your Committee on Conference has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1318, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1318, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Hashem, Takenouchi, Perruso and Shimizu.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Inouye, Hashimoto, Rhoads, Chang, Elefante and DeCorte.

Managers on the part of the Senate.

Ayes, 6. Noes, none. Excused, none.

Conf. Com. Rep. 3 on H.B. No. 1051

The purpose of this measure is to:

- (1) Establish energy-efficiency portfolio standards to achieve 6,000 gigawatt hours of electricity use reductions statewide by 2045;
- (2) Require the Public Utilities Commission to establish additional interim goals and standards for electricity use reduction to be achieved by 2035 and 2040; and
- (3) Authorize the Public Utilities Commission to adjust the 2030 and 2045 standards and interim standards.

Your Committee on Conference has amended this measure by:

- (1) Changing its effective date to upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1051, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1051, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Matayoshi, Kapela, Perruso and Pierick.
Managers on the part of the House.
Ayes, 4. Noes, none. Excused, 1 (Pierick).

Senators Wakai, Keohokalole and Fevella.
Managers on the part of the Senate.
Ayes, 2. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 4 on S.B. No. 15

The purpose of this measure is to:

- (1) Amend the definition of "historic property" to require that the property is over fifty years old and meets the criteria for inclusion in the Hawaii Register of Historic Places; and
- (2) Exclude proposed projects on existing residential property and proposed projects on existing residential property and proposed projects that are in nominally sensitive areas from the State's Historic Preservation Program review, under certain circumstances.

Your Committee on Conference finds that the existing definition of "historic property" is overly broad, requiring the State Historic Preservation Division to evaluate historic and cultural resources and the effects that proposed projects may have on these resources solely based on the age of the historic or cultural resource. The existing definition does not consider whether a historic or cultural resource maintains sufficient integrity and significance to be identified as a historic or cultural resource. This measure narrows the definition of "historic property" to streamline the historic preservation review process.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 15, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 15, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashem, Tarnas, Lamosao and Shimizu.
Managers on the part of the House.
Ayes, 3. Noes, none. Excused, 1 (Lamosao).

Senators Inouye, Gabbard, McKelvey and DeCorte.
Managers on the part of the Senate.
Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 5 on S.B. No. 1377

The purpose of this measure is to establish the Veterans Cemeteries Board within the Office of Veterans' Services of the Department of Defense to provide veterans cemeteries in the State with guidance, education, technical assistance, and other support to ensure compliance with standards set by the National Cemetery Administration of the United States Department of Veterans Affairs.

Your Committee on Conference finds that it is necessary to establish a Veterans Cemeteries Board in the State to support the counties in maintaining veterans cemeteries to the proper standards and to appropriately commemorate veterans' service and sacrifices.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1377, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1377, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Belatti, Lamosao, Iwamoto, Morikawa and Shimizu.
Managers on the part of the House.
Ayes, 5. Noes, none. Excused, none.

Senators Elefante, Hashimoto, Wakai and Fevella.
Managers on the part of the Senate.
Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 6 on S.B. No. 1413

The purpose of this measure is to:

- (1) Authorize the Hawaii Public Housing Authority (HPHA) to sell, donate or otherwise dispose of property abandoned or seized in federal public housing projects;
- (2) Require the HPHA to notify the known owner of the abandoned or seized property; and
- (3) Establish procedures for persons entitled to the abandoned or seized property.

Your Committee on Conference finds that federal public housing projects managed by the HPHA do not have the on-site storage facilities needed to store abandoned or seized property. This has resulted in administrative burdens for HPHA staff, creating situations where the responsibility for the disposition of the property is unclear and delaying the ability to quickly offer otherwise available units to new residents, further adding to the State's housing shortage. This measure establishes clear procedures for the handling of abandoned or seized property similar to the procedures already in place for other public housing projects to promote transparency, clarify the rights of property owners, improve operational efficiencies, and shorten the average unit vacancy period.

Your Committee on Conference has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1413, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1413, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Evslin, Poeppoe, La Chica, Miyake and Muraoka.

Managers on the part of the House.

Ayes, 4. Noes, 1 (Muraoka). Excused, none.

Senators Chang, Rhoads, Hashimoto and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 7 on H.B. No. 1098

The purpose of this measure is to:

- (1) Specify that intentionally or knowingly causing bodily injury to a protective services worker who is engaged in the performance of the worker's duties is a class C felony; and
- (2) Clarify that a protective services worker is a public servant for the purposes of the offense of terroristic threatening in the first degree.

Your Committee on Conference has amended this measure by changing its effective date to upon approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1098, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1098, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Marten, Tarnas, Amato, Olds and Alcos.

Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 9 on H.B. No. 874

The purpose of this measure is to provide some protection of a child performer's earnings by:

- (1) Establishing for a minor in theatrical employment with a gross income of at least \$5,000 on a project or \$20,000 in a calendar year the requirement for:
 - (A) A parent or legal guardian of the minor to establish a trust account for the minor with an independent third-party trustee; and
 - (B) The employer of the minor to deposit a portion of the minor's earnings into the trust account until the minor becomes an adult; and
- (2) Making misappropriation or fraudulent use of funds within the trust account a breach of fiduciary duty subject to penalties.

Your Committee on Conference has amended this measure by:

- (1) Changing its effective date to upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 874, H.D. 3, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 874, H.D. 3, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Keohokalole).

Conf. Com. Rep. 10 on S.B. No. 1452

The purpose of this measure is to update chapter 329, Hawaii Revised Statutes, to make it consistent with amendments in the Federal Controlled Substances Act as required under section 329-11, Hawaii Revised Statutes.

Your Committee on Conference finds that it is critical to public safety, effective law enforcement, and proper compliance with state law that the State's controlled substances schedules are consistent with the current federal regulations. Your Committee on Conference further finds that this measure will help prevent confusion among law enforcement agencies, healthcare providers, and the public regarding the status of different controlled substances.

Your Committee on Conference has amended this measure by changing its effective date to July 1, 2025.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1452, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1452, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Takayama, Poepoe and Alcos.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Elefante, Gabbard, Fukunaga and DeCorte.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (DeCorte).

Conf. Com. Rep. 11 on S.B. No. 176

The purpose of this measure is to:

- (1) Allow for ballots designated by the county clerks for inclusion to be included in the initial tabulation for purposes of initial recounts;
- (2) Prohibit ballots that the county clerks initially determine are deficient or need additional time to be corrected or verified from being included in the initial tabulation; and
- (3) Increase the minimum threshold required to trigger an automatic recount.

Your Committee on Conference finds that under existing law, the required vote difference to cause an automatic recount by the State or county is the lower of two benchmarks, which are either less than one hundred votes between the top two candidates or less than one-quarter of one percent of the total number of votes cast in that race. Your Committee on Conference further finds that most states that require automatic recounts use the standard margin of vote difference that is double that required by existing law: one-half of one percent of the total number of votes in that race. This measure will align the State's minimum requirements to trigger an automatic recount with the minimum threshold set by the majority of other states that require automatic recounts.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 176, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 176, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Poepoe and Shimizu.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Rhoads, Chang and Gabbard.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Chang).

Conf. Com. Rep. 12 on S.B. No. 88

The purpose of this measure is to authorize the payment of allowances for TRICARE, TRICARE Dental Program, and vision coverage to all officers, warrant officers, and enlisted personnel of the Hawaii National Guard ordered to active duty for more than thirty days.

Your Committee on Conference finds that some Hawaii National Guard service members ordered to active duty are required to take an indefinite leave of absence from their civilian jobs and consequently lose healthcare coverage provided by their civilian employers. Your Committee on Conference further finds that authorizing the payment of certain healthcare coverage for Hawaii National Guard Members is an appropriate way to support service members and their families and to ensure continuous Hawaii National Guard response force capacity in the State.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 88, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 88, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Belatti, Lamosao, Iwamoto, Morikawa and Souza.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Elefante, Kanuha, Fukunaga, Wakai and DeCorte.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, 1 (Fukunaga).

Conf. Com. Rep. 13 on S.B. No. 222

The purpose of this measure is to:

- (1) Extend the sunset date of the Illegal Fireworks Task Force from June 30, 2025, to June 30, 2030;
- (2) Require additional reports to the Legislature; and
- (3) Appropriate funds for the Illegal Fireworks Task Force.

Your Committee on Conference finds that it is necessary to provide additional time to the Illegal Fireworks Task Force established pursuant to Act 67, Session Laws of Hawaii 2023, to continue the effective work of the Task Force and enhance public safety. Your Committee on Conference further finds that the extended timeline of the Task Force necessitates additional reporting to the Legislature.

Your Committee on Conference has amended this measure by:

- (1) Removing language appropriating funds;
- (2) Making it effective upon its approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 222, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 222, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Kitagawa and Shimizu.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Elefante, Kanuha, Wakai, Fukunaga and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 14 on S.B. No. 601

The purpose of this measure is to:

- (1) Require law enforcement to post notice that a warranted or warrantless search has been conducted on a property;
- (2) Require a law enforcement officer to secure any entrance used by an officer in the search;
- (3) Require law enforcement agencies to develop a policy for securing the entrances to a house, store, or other building designated as a place to be searched after a search is completed; and
- (4) Allow the breaking of any doors, gates, other bars to the entrance, closets, and other closed places during a search when reasonable and other means of entering the space are not reasonable.

Your Committee on Conference finds that both the United States Constitution and the Hawaii State Constitution afford individuals the right to be free from unreasonable searches and seizures. Your Committee on Conference further finds that public safety and the reasonableness standard for searches conducted by law enforcement in the State are upheld by requiring officers executing searches to follow certain appropriate procedures regarding the posting of notices, securing of entrances, and breaking of property to access private spaces.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 601, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 601, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Perruso and Garcia.

Managers on the part of the House.

Ayes, 2. Noes, none. Excused, 1 (Garcia).

Managers on the part of the Senate.

Ayes, 5. Noes, none. Excused, none.

Conf. Com. Rep. 15 on S.B. No. 1030

The purpose of this measure is to specify that the practice of election fraud intimidation includes carrying any unconcealed dangerous instrument, which includes firearms, at or within two hundred feet of a voter service center, place of deposit, or polling place.

Your Committee on Conference finds that due to increased occurrences of gun violence, it is necessary as a matter of public safety to clarify the existing state law on elections fraud and voter intimidation by expressly prohibiting the carrying of any firearm or weapon at or near voting centers and other locations where election ballots are submitted in the State.

Your Committee on Conference has amended this measure by:

- (1) Adding language clarifying that the practice of intimidation includes, among other actions, the unconcealed carry of a firearm; and
- (2) Making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1030, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1030, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Poepoe and Garcia.

Managers on the part of the House.

Ayes, 2. Noes, 1 (Garcia). Excused, none.

Senators Elefante, Rhoads and Wakai.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 16 on S.B. No. 326

The purpose of this measure is to ensure that state revolving funds meet the self-sustainability requirement.

Specifically, this measure requires the Legislature, when establishing or reviewing a revolving fund, to ensure that the revolving fund demonstrates the capacity to be financially self-sustainable by either:

- (1) Annual projections that show that the revolving fund will be sustainable without appropriations from the general fund; or
- (2) A schedule of projected collections of outstanding payments to the revolving fund.

Your Committee on Conference finds that section 37-52.4, Hawaii Revised Statutes, sets forth the requirements for state revolving funds, one of which is self-sustainability. Your Committee on Conference further finds that specifying the methods by which a fund demonstrates a capacity for self-sustainability will facilitate compliance with the statutory requirements for a revolving fund and will promote fiscal responsibility.

Your Committee on Conference has amended this measure by changing its effective date to upon the measure's approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 326, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 326, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamashita, Takenouchi and Alcos.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Hashimoto, Kim and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 17 on S.B. No. 1464

The purpose of this measure is to conform the state income tax law and estate and generation-skipping transfer tax law to the Internal Revenue Code of 1986, as amended as of December 31, 2024.

Your Committee on Conference finds that this annual conformity measure ensures that the state income tax and state estate and generation-skipping transfer tax laws conform to the federal Internal Revenue Code as it existed on December 31, 2024. The purpose of conformity is to update these state tax laws with the changes made to the federal Internal Revenue Code during the past year and to adopt those changes that are appropriate for Hawaii law.

Your Committee on Conference has amended this measure by changing the effective date to upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1464, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1464, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamashita, Takenouchi and Reyes Oda.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Moriwaki, Wakai and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 18 on H.B. No. 692

The purpose of this measure is to:

- (1) Expand the Preschool Open Doors Program's eligibility criteria; and
- (2) Repeal the requirement that Preschool Open Doors Program providers be accredited.

Your Committee on Conference has amended this measure by changing the effective date to January 1, 2026.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 692, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 692, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Marten, Morikawa, Olds and Alcos.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators San Buenaventura, Moriwaki and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 19 on H.B. No. 1099

The purpose of this measure is to make an emergency appropriation for fiscal year 2024-2025 to the Department of Human Services to support the necessary modifications to the ongoing development of a new eligibility system that will assist in reducing the State's Supplemental Nutrition Assistance Program payment error rate penalty.

Your Committee on Conference has amended this measure by:

- (1) Amending the amount and percentage of exceedance of the appropriation over the general fund expenditure ceiling for fiscal year 2024-2025; and
- (2) Changing its effective date to upon approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1099, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1099, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Marten, Morikawa, Amato, Olds and Alcos.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Amato).

Senators San Buenaventura, Kanuha and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 20 on S.B. No. 31

The purpose of this measure is to authorize a person who discovers a recorded discriminatory restrictive covenant to take certain actions, without liability, to invalidate the covenant.

Your Committee on Conference finds that discriminatory restrictive covenants violate the rights and protections of certain protected classes and may hinder equitable access to housing. While unenforceable, discriminatory restrictive covenants remain in real estate records, embodying a history of discriminatory practices that do not align with the State's commitment to equality. This measure establishes a process for property owners to identify and invalidate these unlawful restrictions without liability, promoting fair housing practices.

Your Committee on Conference has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 31, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 31, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Evslin, Poepoe, Grandinetti and Muraoka.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Chang, Keohokalole, Rhoads and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 21 on H.B. No. 984

The purpose of this measure is to:

- (1) Update the Agricultural Loan Program by lowering and fixing interest rates, increasing and standardizing loan limits, and reducing the required number of credit denials;
- (2) Establish a program for a secured line of credit and create a new loan initiative to encourage larger scale agriculture for import replacement and crops grown for farm-to-state programs;
- (3) Include food hubs as an eligible entity for Class E loans; and
- (4) Appropriate funds into and out of the Agricultural Loan Revolving Fund to meet the anticipated increase in loan demand and to accommodate the increased loan limits.

Your Committee on Conference has amended this measure by:

- (1) Inserting loan limits for Class A, B, C, E, F, G, and K loans;
- (2) Inserting a line of credit limit for Class J loans;
- (3) Deleting language that would have appropriated funds into and out of the Agricultural Loan Revolving Fund to meet the anticipated increase in loan demand and to accommodate the increased loan limits;
- (4) Changing the effective date to July 1, 2025; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 984, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 984, H.D. 2, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Kahaloa, Kusch, Perruso, Quinlan and Matsumoto.

Managers on the part of the House.
Ayes, 4. Noes, none. Excused, 1 (Quinlan).

Senators Gabbard, Aquino, Richards and Awa.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 22 on S.B. No. 79

The purpose of this measure is to:

- (1) Require the Department of Land and Natural Resources to determine the effect of any proposed state or county housing projects that may affect a historical property, an aviation artifact, or a burial site within ninety days of a request for determination;
- (2) Establish historic review requirements based on the project area's known historic, cultural, and archaeological resources; and
- (3) Establish procedures and notification requirements if previously unidentified human remains or previously unidentified historic property are discovered.

Your Committee on Conference finds that there is a shortage of affordable housing in the State. Your Committee on Conference further finds that the State Historic Preservation Division has a lengthy backlog of historic preservation reviews, delaying the development of affordable housing. This measure streamlines the historic preservation review process to expedite the development of affordable housing projects.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 79, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 79, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Evslin, Hashem, Tamas, Miyake and Muraoka.

Managers on the part of the House.
Ayes, 4. Noes, none. Excused, 1 (Muraoka).

Senators Inouye, Chang, Richards, Gabbard, Elefante and DeCorte.
Managers on the part of the Senate.
Ayes, 6. Noes, none. Excused, none.

Conf. Com. Rep. 23 on S.B. No. 292

The purpose of this measure is to establish safe harbor protections for survivors of sexual exploitation who seek medical or law enforcement assistance.

Your Committee on Conference finds that often, victims of sexual exploitation may be afraid to seek assistance or cooperate with law enforcement due to the trauma they have experienced or the fear of being prosecuted for offenses they may have committed. This measure establishes safe harbor protections for survivors to allow victims of sexual trauma to access professional help without the fear of facing prosecution from law enforcement.

Your Committee on Conference has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 292, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 292, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Marten, Poepoe, Amato, Kapela and Garcia.

Managers on the part of the House.
Ayes, 5. Noes, none. Excused, none.

Senators Rhoads, San Buenaventura and Awa.
Managers on the part of the Senate.
Ayes, 2. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 24 on S.B. No. 385

The purpose of this measure is to:

- (1) Require condominium associations to provide electronic copies of their governing documents, as amended or restated, to unit owners or their authorized agents, upon request, at no cost; and
- (2) Repeal the authority of condominium associations to charge a fee for administrative costs associated with the handling of a request for association documents.

Your Committee on Conference finds that existing laws regulating condominiums are based upon principles of self-governance, owner enforcement, alternative dispute resolution, and limited government intervention. Your Committee on Conference further finds that condominium unit owners' access to condominium associations' governing documents is essential for condominium unit owners to effectively govern themselves and enforce the covenants, conditions, and restrictions of their associations. Existing law, however, authorizes condominium associations to charge a fee to provide a copy of governing documents to unit owners, which can create barriers for owners. Providing copies electronically is a reasonable solution to promote transparency and accessibility.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 385, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 385, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Matayoshi, Chun, Iwamoto and Pierick.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (Iwamoto).

Senators Keohokalole, McKelvey and Awa.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 25 on S.B. No. 1602

The purpose of this measure is to:

- (1) Establish the Keauhou Aquifer System Monitoring Pilot Project;
- (2) Require the Department of Land and Natural Resources to determine whether to continue, expand, or end the Pilot Project;
- (3) Appropriate funds to the Department of Land and Natural Resources for the Pilot Project; and
- (4) Require reports to the Legislature.

Your Committee on Conference finds that increased water demand and potential resource overuse threaten the Keauhou aquifer system, a vital water source that sustains local communities, ecosystems, and cultural practices. This measure will establish the Keauhou Aquifer System Monitoring Pilot Project to protect and regulate groundwater use within the Keauhou aquifer system.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$200,000 for the Keauhou Aquifer System Monitoring Pilot Project;
- (2) Deleting language that would have appropriated funds for the installation of two monitoring wells in the Keauhou aquifer system;
- (3) Changing its effective date to July 1, 2025; and
- (4) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1602, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1602, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Hashem, Takenouchi, Kapela and Souza.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Inouye, Kanuha, Chang, Elefante and DeCorte.

Managers on the part of the Senate.

Ayes, 5. Noes, none. Excused, none.

Conf. Com. Rep. 26 on S.B. No. 1170

The purpose of this measure is to:

- (1) Authorize the director of a county planning department to issue a special management area use permit to redevelop permanent affordable multi-family rental housing that has been substantially destroyed as a result of certain natural disasters, with certain exceptions;
- (2) Authorize county planning departments and any other applicable state or county department or agency to amend or modify final plans and specifications for redevelopment of an existing experimental and demonstration housing project, with certain restrictions;
- (3) Require county planning departments and any other applicable state or county department or agency to prioritize approving permits for the redevelopment of permanent affordable multi-family rental housing in special management areas, under certain circumstances; and
- (4) Exempt permanently affordable multi-family rental housing projects within a special management area that are being redeveloped and are located on properties or districts on the state or national historic register from environmental impact statement requirements.

Your Committee on Conference finds that following the 2023 Maui wildfires, the rapid redevelopment of affordable multi-family rental housing destroyed by natural disasters is necessary to ensure that displaced residents can return to their communities and rebuild their lives. Your Committee on Conference further finds that special management area use permits may require more than one year to process, delaying redevelopment and driving up housing costs. This measure will expedite the redevelopment of permanent affordable housing by streamlining the process for certain permits.

Your Committee on Conference has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1170, S.D. 2, H.D. 3, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1170, S.D. 2, H.D. 3, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashem, Evslin, Tarnas and Shimizu.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (Tarnas).

Senators Chang, Inouye, Rhoads, Hashimoto, Kanuha and Fevella.

Managers on the part of the Senate.

Ayes, 5. Noes, none. Excused, 1 (Rhoads).

Conf. Com. Rep. 27 on S.B. No. 281

The purpose of this measure is to establish the offense of torture as a class A felony in the State.

Your Committee on Conference finds that existing law does not clearly define torture, even though it should be explicitly prohibited. Your Committee on Conference believes that it is essential to distinguish between abuse and torture because they differ in severity, and the penalties should reflect that distinction. This measure will establish charges that accurately reflect the severity of these acts and ensure that offenders are held accountable for the magnitude of their crimes.

Your Committee on Conference has amended this measure by:

- (1) Establishing a defense to the offense of torture where the conduct consists of depriving the minor or vulnerable person of necessary food, water, or clothing if the deprivation was caused solely by poverty, destitution, or lack of financial means; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 281, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 281, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Marten, Tarnas, Olds and Garcia.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Rhoads, Gabbard and Awa.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 28 on S.B. No. 332

The purpose of this measure is to:

- (1) Prohibit sellers of mortgaged properties in a power of sale foreclosure from bundling properties at a public sale and require each mortgaged property to be auctioned separately; and
- (2) Specify that the sale of a foreclosed property is not final until the earliest of either fifteen days after the public sale, unless an eligible bidder submits a subsequent bid or written notice of intent to submit a subsequent bid, or forty-five days after the public sale.

Your Committee on Conference finds that natural disasters and other economic crises can often lead to foreclosures, resulting in the loss of owner-occupied homes to investors, which can cause prolonged vacancies, property neglect, and the erosion of local communities. Your Committee on Conference further finds that it is crucial to ensure foreclosed homes remain accessible to tenants, families, and community organizations, thereby protecting housing opportunities for local residents and preventing the further shortage of affordable housing stock in the State. This measure seeks to prevent the displacement of local families, preserve owner-occupied housing, and ensure that local homes remain in service to local residents.

Your Committee on Conference has amended this measure by:

- (1) Changing its effective date to July 1, 2025; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 332, S.D. 1, H.D. 3, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 332, S.D. 1, H.D. 3, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Evslin, Chun, Poepoe, Grandinetti and Muraoka.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Fukunaga, Chang, McKelvey, Richards and Awa.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 29 on S.B. No. 1373

The purpose of this measure is to:

- (1) Require the Director of Commerce and Consumer Affairs and certain licensing boards to automatically revoke and deny the issuance, renewal, restoration, or reinstatement of a professional license, registration, certification, or permit to a person who is a registered sex offender;
- (2) Establish conditions for the disciplinary action; and
- (3) Ensure consumer protection by requiring any final order of discipline taken to be public record.

Your Committee on Conference finds that existing law does not facilitate the timely revocation or denial of a renewal, restoration, or reinstatement of a license for certain professions when the licensee is convicted of an offense requiring registration as a sex offender. Given the nature of these licensed professions, many of which involve close physical contact with members of the public, any delayed action in revoking a license to prevent further practice by a registered sex offender places consumers at unnecessary risk. This measure enables the flexibility needed to take a more expeditious approach against registered sex offenders who are in certain professions that involve close physical contact with consumers and require a professional license to operate.

Your Committee on Conference has amended this measure by:

- (1) Reverting back to the S.D. 2 version of this measure, which authorizes, rather than requires, the Director of Commerce and Consumer Affairs and certain licensing boards to automatically revoke and refuse to renew, restore, or reinstate the professional licenses of registered sex offenders;
- (2) Changing its effective date to July 1, 2025; and

(3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1373, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1373, S.D. 2, H.D. 2, C.D. 1.

Ayes, 3. Noes, none. Excused, none.

Senators Fukunaga, San Buenaventura and Awa.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 30 on H.B. No. 1291

The purpose of this measure is to expand the offense of false labeling of Hawaii-grown coffee to include roasted coffee.

Your Committee on Conference has amended this measure by:

(1) Inserting language that imposes a mandatory minimum fine of \$7,500 for each separate offense of false labeling of Hawaii-grown coffee;

(2) Changing the effective date to July 1, 2025; and

(3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1291, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1291, H.D. 2, S.D. 1, C.D. 1.

Conf. Com. Rep. 33 on H.B. No. 320

The purpose of this measure is to:

(1) Allow qualified adults, including adults with a disability, mentally ill adults, and adults sixty-five years of age or older, to enter into supported decision-making agreements with one or more members of a supportive community; and

- (2) Specify the terms of a supported decision-making agreement, including access to personal information, agreement requirements, and circumstances for termination.

Your Committee on Conference has amended this measure by:

- (1) Changing its effective date to upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 320, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 320, H.D. 2, S.D. 1, C.D. 1.

Conf. Com. Rep. 35 on H.B. No. 359

The purpose of this measure is to update the State's covered offender registration laws to:

- (1) Include offenders who commit the offense of:
 - (A) Sexual assault in the fourth degree by exposing the offender's genitals to another person under circumstances in which the offender's conduct is likely to alarm the other person or put the other person in fear of bodily injury;
 - (B) Sexual assault in the fourth degree against a minor who is at least sixteen years old while the offender is acting in a professional capacity;
 - (C) Incest;
 - (D) Sexual assault of an animal; or
 - (E) Use a computer in the commission of a separate crime, wherein the separate crime is a covered offense subject to covered offender registration laws;
- (2) Require public disclosure for covered offenses that are committed against minors, regardless of whether the conviction was for a first-time misdemeanor offense;
- (3) Require a person who is required to report every year under the covered offender registration requirements to report during the thirty-day period following the offender's birthday, rather than date of birth; and
- (4) Specify how certain covered offenses are to be tiered for purposes of seeking termination of registration requirements.

Your Committee on Conference has amended this measure by:

- (1) Excluding certain criminal conduct under the definition of "sexual offense" if the perpetrator is under the age of twenty-five at the time of the offense;
- (2) Changing its effective date to upon approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 359, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 359, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Marten, Poepoe, Olds, Templo and Alcos.

Ayes, 4. Noes, none. Excused, 1 (Alcos).

Senators San Buenaventura, Rhoads and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 36 on S.B. No. 140

The purpose of this measure is to:

- (1) Prohibit the importation of firewood into the State from another state and the intrastate transportation or sale of firewood unless the firewood is heat-treated and labeled or the importation, transportation, or sale is authorized by the Department of Agriculture; and
- (2) Require persons who import firewood into the State to maintain, and make available on request, records of imports for at least two years.

Your Committee on Conference finds that invasive species and pathogens harbored in or on imported firewood pose a serious threat to Hawaii's agricultural economy and fragile ecosystems. Your Committee on Conference notes that the State currently lacks regulations requiring the treatment of imported firewood. This measure will help prevent the introduction and spread of invasive species by requiring imported firewood to be properly treated and labeled before it enters the State.

Your Committee on Conference has amended this measure by:

- (1) Applying the heat-treatment requirements only to imported firewood, rather than firewood imported into the State from another state or transported or sold within the State;
- (2) Clarifying that importation of firewood into the State shall be prohibited unless the firewood is certified as heat-treated and labeled accordingly or the importation is authorized and permitted by the Department of Agriculture before importation;
- (3) Clarifying imported firewood labeling requirements;
- (4) Amending section 1 to reflect its amended purpose;
- (5) Making it effective upon its approval; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 140, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 140, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Kahaloa, Matayoshi, Kusch and Pierick.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (Pierick).

Senators Gabbard, Keohokalole, Richards and Awa.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 37 on S.B. No. 330

The purpose of this measure is to authorize the Department of Agriculture to enforce federal quarantines.

Your Committee on Conference finds that the State's growing citrus industry is progressively threatened by invasive pests and pathogens. Your Committee on Conference recognizes that preventing the introduction of invasive species is more cost-effective than attempting to control them after they have been established. Your Committee on Conference further finds that the Department of Agriculture does not have the legal authority to enforce federal quarantines on shipments that originated from infested areas and that existing state regulations restricting the importation of certain citrus species are not sufficient to address current threats to local citrus crops. Thus, by authorizing the Department of Agriculture to enforce federal pest and disease quarantines, this measure helps to close a critical gap in the biosecurity of the State and protect local food production and supply.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 330, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 330, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Kahaloa, Ilagan, Poepoe, Todd and Matsumoto.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Gabbard, Rhoads, Richards and Awa.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 38 on S.B. No. 1263

The purpose of this measure is to:

- (1) Amend the procedures and required information for the Department of Land and Natural Resources historic preservation review of proposed state projects, privately owned historic property, and other proposed projects that require entitlement for use; and
- (2) Establish procedures for the review of transit-oriented development identified by the counties and Hawaii Community Development Authority, or Hawaii Housing Finance and Development Corporation.

Your Committee on Conference finds that the State's chronic housing shortage necessitates the expeditious development of housing projects to address existing demand, particularly in transit-oriented areas to promote access to transportation. Your Committee on Conference further finds that it is critically important to preserve the State's unique history, character, and identity and to mitigate disturbances to historic places, iwi kupuna, and archaeological artifacts. Therefore, this measure streamlines existing historic and cultural preservation procedures while also including safeguards to enable and empower agencies to expedite housing development.

Your Committee on Conference has amended this measure by:

- (1) Moving the definition of "complete submittal" from section 6E-8, Hawaii Revised Statutes, to section 6E-2, Hawaii Revised Statutes, to make it applicable to the entire chapter of 6E, Hawaii Revised Statutes;
- (2) Clarifying that the Hawaii Community Development Authority and the counties shall submit, rather than provide, to the Department of Land and Natural Resources specific parcels and rights-of-way;
- (3) Changing its effective date to July 1, 2025; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1263, S.D. 2, H.D. 3, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1263, S.D. 2, H.D. 3, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Evslin, Lamosao, Tarnas and Muraoka.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (Lamosao).

Senators Chang, Rhoads and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 39 on S.B. No. 119

The purpose of this measure is to appropriate funds to establish a Bachelor of Science in Nursing degree program at the University of Hawaii Maui College.

Your Committee on Conference finds that the State is experiencing a severe nursing workforce shortage which has resulted in poorer patient outcomes, particularly in rural areas of the State. This measure appropriates funds to establish a Bachelor of Science in Nursing degree program at the University of Hawaii Maui College which will create a more efficient pathway for nursing students, reduce the nursing workforce shortage, and allow Maui nursing students to remain on Maui during their entire course of study.

Your Committee on Conference has amended this measure by:

- (1) Consolidating sections 2, 3, and 4 and inserting appropriation amounts of \$250,000 for fiscal year 2025-2026 and \$350,000 for fiscal year 2026-2027 to:
 - (A) Establish a Bachelor of Science in Nursing degree program at the University of Hawaii Maui College;
 - (B) Fund additional personnel associated with the establishment of the program; and
 - (C) Purchase related supplies and equipment;
- (2) Deleting language that would have appropriated funds to meet the increased demand for prerequisite courses by students newly enrolled in the program;
- (3) Deleting language that would have appropriated funds for simulation and laboratory upgrades associated with the establishment of the program;
- (4) Deleting language what would have appropriated funds for instructional costs associated with providing a third year of nursing courses following the establishment of the program;
- (5) Changing the effective date to July 1, 2025; and
- (6) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 119, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 119, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Garrett, Holt, Amato, Miyake and Souza.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Kim, Hashimoto and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 40 on H.B. No. 3

The purpose of this measure is to extend:

- (1) The deadline for the University of Hawaii Sea Grant College Program to submit the North Shore Beach Management Plan to the Governor and Legislature to December 1, 2026; and
- (2) The appropriation lapse date for the University of Hawaii Sea Grant College Program to develop the North Shore Beach Management Plan to June 30, 2026.

Your Committee on Conference has amended this measure by:

- (1) Changing the effective date to June 30, 2025; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 3, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 3, H.D. 2, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Garrett, Hashem, Lamosao and Shimizu.
Managers on the part of the House.
Ayes, 4. Noes, none. Excused, none.

Senators Kim, Hashimoto and Fevella.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 41 on H.B. No. 420

The purpose of this measure is to amend the procedures and limitations for resolving disputes regarding construction defects. Specifically, this measure:

- (1) With respect to the statute of limitation and repose for actions for damages based on construction defects:
 - (A) Clarifies that the statute applies to actions based in contract, tort, statute, or otherwise;
 - (B) Repeals the two-year limitation on actions;
 - (C) Specifies that the statute shall not be construed to extend any shorter period of limitation in any other limitations statute; and
 - (D) Clarifies when improvements are deemed substantially complete; and
- (2) With respect to the procedures under the Contractor Repair Act:
 - (A) Clarifies the required contents of a notice of claim of a construction defect served on a contractor and specifies that certain evidence may need to be provided with the notice of claim;
 - (B) Clarifies a claimant's obligations when a contractor proposes to inspect the premises of the alleged construction defect;
 - (C) Specifies the timeframe for when inspections and testing must be completed;
 - (D) Clarifies the procedures for accepting an offer to repair;
 - (E) Specifies mediation requirements; and
 - (F) Clarifies the exception to the statute of limitations under the Contractor Repair Act.

Your Committee on Conference has amended this measure by:

- (1) Changing the effective date to upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 420, H.D. 3, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 420, H.D. 3, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Evslin, Matayoshi, Tarnas, Miyake and Pierick.
Managers on the part of the House.
Ayes, 5. Noes, none. Excused, none.

Senators Keohokalole, Rhoads, Fukunaga, Richards and Awa.
Managers on the part of the Senate.
Ayes, 4. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 42 on H.B. No. 529

The purpose of this measure is to authorize the Hawaii Housing Finance and Development Corporation to secure revenue bonds as a line of credit or other instrument of indebtedness for the Bond Volume Cap Recycling Program.

Your Committee on Conference has amended this measure by:

- (1) Clarifying that the Hawaii Housing Finance and Development Corporation may utilize revenue bonds when obtaining a line of credit or other instrument of indebtedness;
- (2) Inserting a bond cap amount of \$300,000,000 for fiscal biennium 2025-2027; and
- (3) Changing the effective date to upon approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 529, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 529, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Evslin, Miyake and Pierick.
Managers on the part of the House.
Ayes, 2. Noes, none. Excused, 1 (Pierick).

Senators Chang, Hashimoto, Kanuha and Fevella.
Managers on the part of the Senate.
Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 43 on H.B. No. 70

The purpose of this measure is to:

- (1) Specify that condominium association budget summaries must contain all required information without referring the reader to other portions of the budget; and

- (2) Clarify a condominium unit owner's capacity to enforce compliance with the budget summary and replacement reserves requirements and provide that the condominium association has the burden to prove substantial compliance with those requirements.

Your Committee on Conference has amended this measure by:

- (1) Deleting language providing that the condominium association has the burden to prove substantial compliance with budget summary and replacement reserves requirements;
- (2) Changing the effective date to upon approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 70, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 70, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Matayoshi, Todd, Iwamoto and Pierick.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Keohokalole, Rhoads, Fukunaga, McKelvey and Awa.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 44 on H.B. No. 544

The purpose of this measure is to establish a regulatory framework for pet insurance based on the National Association of Insurance Commissioners' Pet Insurance Model Act.

Your Committee on Conference has amended this measure by:

- (1) Changing the effective date to January 1, 2026; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 544, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 544, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Matayoshi, Chun and Pierick.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Keohokalole, Rhoads, Fukunaga, Richards and Awa.

Managers on the part of the Senate.

Conf. Com. Rep. 45 on H.B. No. 300

PART I. OVERVIEW

As introduced, the administration's budget for operating and capital improvement costs totaled:

Operating

	<u>FY 2025-2026</u>	<u>FY 2026-2027</u>
GENERAL FUNDS	10,471,559,898	10,541,723,984
ALL MEANS OF FINANCE	20,546,640,464	20,459,458,677

Capital Improvements

	<u>FY 2025-2026</u>	<u>FY 2026-2027</u>
GENERAL FUNDS	0	0
GENERAL OBLIGATION BONDS	1,327,344,000	601,195,000
ALL MEANS OF FINANCE	3,433,004,000	2,470,581,000

The Governor, on February 18, 2025, March 21, 2025, and March 28, 2025, notified the Legislature of requested adjustments to the executive budget. The administration's revised budget for operating and capital improvement costs totaled:

Operating

	<u>FY 2025-2026</u>	<u>FY 2026-2027</u>
GENERAL FUNDS	10,541,517,110	10,575,312,707
ALL MEANS OF FINANCE	20,639,057,579	20,505,987,636

Capital Improvements

	<u>FY 2025-2026</u>	<u>FY 2026-2027</u>
GENERAL FUNDS	0	0
GENERAL OBLIGATION BONDS	1,373,444,000	627,640,000
ALL MEANS OF FINANCE	3,486,804,000	2,478,281,000

The Governor's biennium budget, as stated in the Governor's State of the State address on January 21, 2025, focused on:

- (1) Easing the cost-of-living burden;

- (2) Affordable housing;
- (3) Homelessness;
- (4) Maui recovery;
- (5) Healthcare;
- (6) Public safety; and
- (7) Climate and the environment.

PART II. GENERAL FUND REVENUES AND ECONOMY

The Council on Revenues, in its January 2025 meeting, increased the projected revenue growth for fiscal year 2025 from 3.5% to 6.4% while at the same time decreasing the projection for fiscal year 2026 from 2.2% to -1.5%.

In its March 2025 meeting, the Council decreased the forecast for fiscal year 2025 from 6.4% to 5.0% while also lowering its forecast for fiscal year 2026 from -1.5% to -2.25%.

The Council commented that the fiscal year 2025 decrease in its March 2025 meeting was in part due to "higher than expected individual and corporate tax refunds that were not accounted for in the January 2025 forecast", while the decrease for fiscal year 2026 in the same meeting was due to "the heightened economic uncertainty caused by policy changes at the Federal level."

The table below reflects the most recent estimate of general fund tax revenues for fiscal years 2025 through 2031 as reported by the Council on Revenues in its March 2025 general fund forecast.

General Fund Tax Revenues		
Fiscal Year	Amount (in Thousands of Dollars)	Growth from previous year
2025	\$10,046,729	5.0%
2026	\$9,820,678	-2.25%
2027	\$10,105,506	2.9%
2028	\$10,358,144	2.5%
2029	\$10,627,456	2.6%
2030	\$10,829,378	1.9%
2031	\$11,165,089	3.1%

PART III. COMMITTEE'S PRIORITIES

Your Committee on Conference has amended this measure to include:

- (1) Approved executive requests for trade-offs, transfers, changes to means of financing, conversions of positions from temporary to permanent, ceiling increases or decreases, and reductions; and
- (2) Additional funding for critical government services.

Specifically, this budget measure, as amended, appropriates:

Operating

	<u>FY 2025-2026</u>	<u>FY 2026-2027</u>
GENERAL FUNDS	10,593,637,391	10,637,871,235
ALL MEANS OF FINANCE	19,940,654,149	19,763,497,669

Capital Improvements

	<u>FY 2025-2026</u>	<u>FY 2026-2027</u>
GENERAL FUNDS	0	0
GENERAL OBLIGATION BONDS	1,428,063,000	423,022,000
ALL MEANS OF FINANCE	3,379,551,000	2,331,259,000

The measure includes the following major departmental adjustments of the executive budget operating costs for fiscal biennium 2025-2027:

Department of Accounting & General Services:

- Adds \$3,200,000 for Kamehameha III temporary school;
- Adds \$7,350,000 and 1 position for streaming of all State and Local Boards and Commission meetings;
- Adds \$5,530,000 for Microsoft 365 G5 licenses;
- Adds \$10,000,000 for Hawaii Information Portal CherryRoad Enterprise;
- Adds \$3,200,000 for Cybersecurity Risk Mitigation;
- Adds \$2,000,000 for Independent Verification and Validation;
- Adds \$3,773,000 and 4 positions for Data/AI Office and AI Risk Management Tools and Geospatial License Renewal;
- Adds \$2,255,500 and 2 positions for establishing the Cemetery Management Office to manage State-owned cemeteries;
- Adds \$2,495,000 and 2 positions for Electronic Filing System Upgrade;
- Adds \$4,103,275 for Voting System Contract, Digital Voter Information Guide and Electronic Registration Information Center;
- Adds \$10,000,000 to expand 911 services to new and emerging technologies;
- Adds \$3,306,644 and 6 positions to provide system support for Enterprise Financial System Project;
- Adds \$1,601,280 and 10 positions to establish the Business Transformation Office; and

- Adds \$150,000 for business plan for revenue generation development.

Department of Agriculture:

- Adds \$26,649,462 and 44 positions for Biosecurity;
- Adds \$556,000 for Vehicle Replacement; and
- Adds \$2,000,000 to supplement the revolving fund for Irrigation Systems.

Department of the Attorney General:

- Adds \$590,952 and 4 positions for the Sex Offender Registry Program;
- Adds \$4,000,000 for Litigation Expenses;
- Adds \$885,938 and 3 positions for the Charities Division;
- Adds \$458,298 and 2 positions for the Medicaid Fraud Control Unit;
- Adds \$468,308 and 2 positions for the Hawaii Correctional System Oversight Commission; and
- Adds \$6,200,000 for Child Support Enforcement Services.

Department of Budget & Finance:

- Adds \$547,920 and 3 positions for Financial Administration;
- Adds \$465,084 and 5 positions for the Office of Federal Awards Management;
- Adds \$1,576,100 and 1 position for the Employees' Retirement System;
- Adds \$431,157 and 1 position for the Hawaii Employer-Union Health Benefits Trust Fund; and
- Adds \$3,307,382 to increase salaries for the Office of the Deputy Public Defender.

Department of Business, Economic Development & Tourism:

- Adds \$2,900,000 for the Healthcare Workforce Development Program;
- Adds \$1,730,000 for the Made in Hawaii Workforce Development Program;
- Adds \$1,977,020 for the Hawaii Convention Center R&M Projects;
- Adds \$1,300,000 for the Military and Community Relations Office;
- Adds \$2,000,000 for the Manufacturing Assistance Program;
- Adds \$2,000,000 for the Hawaii Small Business Innovation Research Program Phase II & III;
- Adds \$2,000,000 for the Accelerator Grant Program;
- Adds \$334,200 for computer software;
- Adds \$169,080 and 1 position for Agribusiness Development and Research; and
- Adds \$4,116,236 for contracting the College of Tropical Agriculture and Human Resilience to support local commodity growth.

Department of Commerce & Consumer Affairs:

- Adds \$12,000,000 for the King Kalakaua Building; and
- Adds \$50,000 for the Interstate Medical Licensure Compact.

Department of Defense:

- Adds \$858,000 for Computer Hardware Refresh;
- Adds \$230,000 for upgrades to the Distributed Antenna System; and
- Adds \$4,466,126 for the Youth Challenge Academy.

Department of Education:

- Adds \$150,000,000 for deferred maintenance;
- Adds \$4,002,384 and 13 positions for the Kaiapuni Program;
- Adds \$11,781,786 for Athletics, including increases for travel, increases in coaching salaries, increases in athletic training supplies, flag football, equity, and adding an athletic trainer at Kūlanihākoʻi High School;
- Adds \$2,200,000 for English Learner Standards;
- Adds \$41,980,000 for Summer Programs;
- Adds \$7,550,000 for Workforce Readiness;
- Adds \$999,600 in both years for Advanced Placement Exams;
- Adds \$20,000,000 for Skilled Nursing services;
- Adds \$3,400,000 for Mental Health & Social-Emotional Wellbeing;
- Adds \$3,579,360 and 20 mental health interventionist positions;
- Adds \$927,248 and 6 positions for mathematics and financial literacy curriculum initiatives and for instructional support for classroom teachers;
- Adds \$30,000,000 for electricity costs;
- Adds \$6,500,000 for increases in various contract costs;

- Adds \$3,000,000 for soil contamination mitigation efforts;
- Adds \$13,000,000 for increased nighttime security at schools and school security enhancements;
- Adds \$8,000,000 for the Ho‘ākea program; and
- Adds \$1,395,472 and 4 positions for the McKinley Community School for Adults.

Department of Education – Libraries:

- Adds \$2,400,000 for Security Services contracts;
- Adds \$868,000 for temporary library locations for Wahiawa, Pearl City & Makawao libraries;
- Adds \$1,000,000 for increases for repair and maintenance costs; and
- Adds \$750,000 for an automated material handling system.

- Adds \$3,500,000 for Outreach and Civil Legal Services;
- Adds \$7,500,000 for the Rapid Re-Housing Program;
- Adds \$2,787,506 for increased security guard costs at BESSD (Benefit, Employment and Support Services Division) offices statewide;
- Adds \$7,000,000 for the Comprehensive Child Welfare Information System;
- Adds \$6,000,000 for the Child Protective Services shortage differential to support recruitment and retention;
- Adds \$70,000,000 for the Nursing Facility Sustainability Special Fund;
- Adds \$450,000,000 for the Hospital Sustainability Special Fund;
- Adds \$13,000,000 for ABA (Applied Behavioral Analysis) to increase provider payment rates;

- Adds \$28,120,000 for In-Home HCBS (Home and Community Based Services);
- Adds \$1,500,000 for the Child Wellness Incentive Pilot Program;
- Adds \$58,910,362 to sustain increased reimbursement rates for most medical professional services;
- Adds \$230,000 for Youth Violence Prevention;
- Adds \$2,000,000 for Youth Mental Health Support;
- Adds \$1,000,000 for Sex Trafficking Victims Support;
- Adds \$500,000 for increased security measures for the Social Services Division;
- Adds \$4,000,000 for the development and implementation of a new BES (Benefits, Eligibility Solution) System;
- Adds \$4,000,000 for the implementation and modernization of IT operations;
- Adds \$1,210,000 for Family Resource Centers; and
- Adds \$12,911,369 for the Disaster Case Management Project to continue Maui Wildfire recovery efforts.

Department of Labor & Industrial Relations:

- Adds \$8,342,260 for the Workforce Investment Opportunity (WIOA) grant;
- Adds \$5,958,695 for the Disability Compensation Division Modernization Project;
- Adds \$5,579,714 for the modernization of case tracking systems;
- Adds \$1,165,000 to implement the Hawaii Retirement Savings Program;
- Adds \$1,000,000 for the Farm to Foodbank Program; and
- Adds \$750,000 for the Family Leave Study.

Department of Land & Natural Resources:

- Adds \$14,820,456 and 22 positions for the Fire Protection Program;
- Adds \$800,000 for Hydrologic Studies;
- Adds \$5,000,000 for the Dam and Appurtenances Program;
- Adds 7 positions for the Mauna Kea Stewardship and Oversight Authority; and
- Adds \$6,970,075 and 21 positions for DOCARE Academy Expansion.

Department of Law Enforcement:

- Adds \$1,300,495 and 6 positions for the Wahiawa District Court and Civic Center;
- Adds \$5,234,951 and 8 positions for the Fireworks Enforcement Section;
- Adds \$2,420,000 for the Illegal Fireworks Task Force;
- Adds \$825,000 for the Gun Buyback Project;
- Adds \$1,110,276 and 5 positions for accreditation;
- Adds \$514,000 for the Silver Alert Program;
- Adds \$10,000,000 for the Department of Education Safer Watch Program;
- Adds \$340,000 and 2 positions for the Address Confidentiality Program; and
- Adds \$3,000,000 for the IT Software Project.

Department of Corrections and Rehabilitation:

- Adds \$8,200,000 to provide Reentry Services to Help Connect Offenders with Community-Based Resources, Including Replacement Vital Documents, Mental Health and Substance Abuse Treatment, and Transitional Housing; and
- Adds \$224,000 for Mental Health Technician Certification Program – Level 1 Trauma Informed Training.

Department of Taxation:

- Adds \$1,681,550 for Monitoring and Maintenance of the Gen Tax System;
- Adds \$794,556 for a New Online Tax Filing Platform; and
- Adds \$200,000 for the Tax Review Commission.

Department of Transportation:

- Adds \$10,905,600 for Aircraft Rescue Firefighting Operations;
- Adds \$34,999,180 for Electric Vehicle Leasing and Maintenance Supplies for Airports;
- Adds \$10,708,706 for Energy Service Company Debt Service;
- Adds \$47,625,002 for Security Contract for Airports;
- Adds \$1,000,000 for Special Maintenance Irrigation Improvement at Daniel K. Inouye International Airport;
- Adds \$2,461,300 for Automated External Defibrillator and Publicly Accessible Defibrillator Units for Airports;
- Adds \$22,260,000 for the Consolidated Rent-A-Car program;
- Adds \$392,000,969 for Revenue Bonds for Airports;

- Adds \$136,325,000 for Special Maintenance for Airports;
- Adds \$49,033,512 for Rental Car Customer Facility Charge Revenue Bonds;
- Adds \$2,020,354 for Customs and Border Protection IT Equipment for Airports;
- Adds \$550,000 for the Airports Branding Agency Contract;
- Adds \$330,000 and 1 position for Airports Landscape Architect;
- Adds \$2,152,000 for Harbors Facility Security Plan;
- Adds \$10,400,000 for Harbors Debt Service payment and Transportation Infrastructure Finance and Innovation Act Loan;
- Adds \$50,000,000 for Harbors Joint Service Inter-Government Service Agreement;
- Adds \$19,017,069 for Harbors buyout of leasing of high-mast lights and fixtures with Banc of America Leasing & Capital LLC;
- Adds \$60,617,000 for Harbors General Obligation Bond and Revenue Bond Debt Service;
- Adds \$65,000,000 for Harbors Special Maintenance Projects;
- Adds \$154,794,979 for Highways General Obligation Reimbursable Bond and Revenue Bonds;
- Adds \$95,000,000 for the Highways Special Maintenance Program;
- Adds \$15,000,000 for Highways Statewide Fire Mitigation;
- Adds \$5,000,000 for Highways Property Storage and Debris Removal Services from Homeless Encampments;
- Adds \$13,459,298 for Highways Safe Routes to School Program;
- Adds \$1,941,713 for Bond Rebate Payment for Highway Revenue Bonds;
- Adds \$2,000,000 for Greenhouse Gas Reduction;
- Adds \$330,000 and 1 position for Highways Landscape Architect;
- Adds \$600,000 for Oahu Metropolitan Planning Organization training programs; and
- Adds \$350,000 for the Molokai Air Subsidy Program.

University of Hawaii:

- Adds \$7,040,000 and 4 positions for UH Mānoa Athletics;
- Adds \$1,000,000 for UH Hilo Athletics;
- Adds \$660,000 for the Practical Nursing Bridge program at UHMC;
- Adds \$711,270 and 7 positions for UH Financial Aid Services;
- Adds \$960,000 and 2 positions for UHERO and UH Collaboration;

- Adds \$1,263,000 and 3 positions for the Pamantasan Council;
- Adds \$250,000 and 1 position for the UH Maui Water Quality Lab; and
- Adds \$2,000,000 for AI-based career pathways programs.

Your Committee on Conference has amended this measure by:

- (1) Changing the effective date to July 1, 2025; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 300, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 300, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamashita, Grandinetti, Holt, Hussey, Keohokapu-Lee Loy, Kitagawa, Kusch, Lamosao, Lee, M., Miyake, Morikawa, Takenouchi, Templo, Alcos and Reyes Oda.

Managers on the part of the House.

Ayes, 15. Noes, none. Excused, none.

Senators Dela Cruz, Moriwaki, Aquino, DeCoite, Elefante, Hashimoto, Inouye, Kanuha, Kidani, Mercado Kim, Lee, C., Wakai and Fevella.

Managers on the part of the Senate.

Ayes, 13. Noes, none. Excused, none.

Conf. Com. Rep. 46 on S.B. No. 405

The purpose of this measure is to:

- (1) Allow neighborhood boards to discuss and receive information from third-party reports by any government official not included in a publicly noticed agenda; and
- (2) Require boards to make decisions on matters raised by third-party reports from any government official at a later meeting where the agenda gives notice of decision-making on the matter.

Your Committee on Conference finds that valuable information utilized in neighborhood board meetings often comes from third-party reports from government officials. Your Committee on Conference further finds, however, that the existing Sunshine Law requiring these reports to be included in the neighborhood boards' publicly-noticed agenda hinders its ability to hear and discuss the issues raised by the report in a timely manner. Therefore, this measure

protects the public interest by allowing neighborhood boards to hear and discuss third-party reports from government officials not included in a publicly-noticed agenda, while preserving the integrity of Sunshine Law by requiring any decisions on matters raised to be held at later meetings with proper notice of decision-making.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 405, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 405, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Perruso and Shimizu.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators McKelvey, Rhoads and Awa.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 47 on S.B. No. 1651

The purpose of this measure is to:

- (1) Require board packets to be posted at least two full business days before a public meeting; and
- (2) Require boards to provide notice to persons who have requested notification of meetings at the time the board packet is made available for public inspection.

Your Committee on Conference finds that existing law requires board packets to be posted at least two business days before a public meeting to give the public ample time to review the contents. Your Committee on Conference finds, however, that some agencies are not adhering to the legislative intent of the required notice period for posting board packets before public meetings, by posting the board packets late in the evening, effectively reducing the time for public review. Therefore, this measure clarifies the deadline for posting board packets to ensure there is adequate time for the public to review the board packets before public meetings.

Your Committee on Conference has amended this measure by:

- (1) Requiring board packets to be made available for public inspection no later than three full business days, rather than two full business days, before a public meeting;
- (2) Amending section 1 to reflect its amended purpose;
- (3) Making it effective upon its approval; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1651, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1651, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Sayama, Perruso and Reyes Oda.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators McKelvey, Rhoads and Awa.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 48 on S.B. No. 752

The purpose of this measure is to increase the notice period for a property insurer to notify a policyholder of a cancellation, including cancellation due to nonpayment, of a policy of insurance on property used for residential purposes.

Your Committee on Conference finds that, under existing law, insurance providers are allowed to cancel an insurance policy upon giving the policyholder a ten-day notice of the cancellation. However, given the current precarious environment of the property insurance market in the State, a ten-day notice period is inadequate to provide policyholders with sufficient time to find replacement insurance coverage. This measure extends the required notice period for cancellation and nonrenewal of insurance policies to promote greater clarity and fairness in insurer-policyholder relationships in the State.

Your Committee on Conference has amended this measure by:

- (1) Removing language that would have required evidence of certified, electronic, or e-certified mailing of the written notice for the cancellation or nonrenewal of a policy to be deemed valid;
- (2) Amending section 1 to reflect its amended purpose;
- (3) Changing its effective date to January 1, 2026; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 752, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 752, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Matayoshi, Chun and Pierick.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.
Senators Fukunaga, McKelvey and Awa.
Managers on the part of the Senate.
Ayes, 2. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 49 on H.B. No. 799

The purpose of this measure is to clarify that, in counties with populations of less than five hundred thousand, a physician may practice at an organized ambulatory health care facility even if the physician does not have hospital privileges at a licensed hospital in the same geographical location as the ambulatory health care facility.

Your Committee on Conference has amended this measure by:

- (1) Requiring the Department of Health to evaluate the benefits and impacts of this measure on local health care systems, surgical access, and financial stability and report to the Legislature prior to the Regular Session of 2027;
- (2) Changing its effective date to July 1, 2025; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 799, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 799, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Takayama, Matayoshi, Chun and Garcia.
Managers on the part of the House.
Ayes, 4. Noes, none. Excused, none.
Senators San Buenaventura, Keohokalole, Hashimoto and Fevella.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 50 on H.B. No. 511

The purpose of this measure is to:

- (1) Provide that a survey of the land to be set aside shall not be a condition precedent to the setting aside of public lands to any department or agency of the State; and
- (2) Establish survey requirements for the transfer of public lands.

Your Committee on Conference has amended this measure by:

- (1) Reverting to the H.D. 1 version; and
- (2) Further amending this measure by changing its effective date to upon approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 511, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 511, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Managers on the part of the House.
Ayes, 5. Noes, none. Excused, none.
Senators Inouye, Gabbard, McKelvey and Fevella.
Managers on the part of the Senate.
Ayes, 3; Ayes with Reservations (McKelvey). Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 51 on H.B. No. 732

The purpose of this measure is to increase the valuation of development that determines the necessity of a special management area minor permit or special management area use permit to \$750,000, to be adjusted every five years for inflation.

Your Committee on Conference has amended this measure by:

- (1) Clarifying that the \$750,000 valuation threshold for special management area minor permits applies only if the development is not situated on a shoreline parcel or parcel that is impacted by waves, storm surges, high tide, or shoreline erosion and that if the development is situated on such a parcel, the existing statutory valuation of \$500,000 applies;
- (2) Changing its effective date to upon approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 732, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 732, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashem, Tarnas, Lamosao and Souza.
Managers on the part of the House.
Ayes, 4. Noes, none. Excused, none.
Senators Inouye, Chang, Rhoads, Elefante and Hashimoto.

Managers on the part of the Senate.
Ayes, 4. Noes, none. Excused, 1 (Rhoads).

Conf. Com. Rep. 52 on H.B. No. 1137

The purpose of this measure is to amend the definition of "beach restoration" to expand the types of activities the State recognizes as restorative and beneficial to beach lands in response to increasing threats of sea level rise and beach loss.

Your Committee on Conference has amended this measure by:

- (1) Clarifying that emergency erosion protection structures constructed pursuant to permits issued by the Department of Land and Natural Resources that continue to provide the protection for which they were permitted should not be deemed abandoned remnant materials;
- (2) Changing the effective date to July 1, 2025; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1137, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1137, H.D. 2, S.D. 1, C.D. 1.

Managers on the part of the House.
Ayes, 4. Noes, none. Excused, none.

Senators Inouye, Moriwaki and DeCorte.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 53 on H.B. No. 1348

The purpose of this measure is to establish a public lottery system for the leasing of cabins on public lands for recreation-residence use.

Your Committee on Conference has amended this measure by:

- (1) Removing the requirement that property be subject to public lottery at least once before a lessee in good standing may directly negotiate with the Board of Land and Natural Resources to renew the lease for an additional term;
- (2) Requiring annual rents for a renewed lease to be adjusted to reflect changes to the implicit price deflator for gross domestic product as published by the Bureau of Economic Analysis, applied on a five-year rolling average, rather than requiring any lease renewed to be based on the fair market value of the leased land;
- (3) Changing its effective date to July 1, 2025; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1348, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1348, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Managers on the part of the House.
Ayes, 5. Noes, none. Excused, none.

Senators Inouye, Rhoads, Elefante and DeCorte.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, 1 (Elefante).

Conf. Com. Rep. 54 on H.B. No. 103

The purpose of this measure is to prohibit life without parole sentences for emerging adult defendants who were over eighteen years of age but under twenty-one years of age at the time of the offense.

Your Committee on Conference has amended this measure by:

- (1) Prohibiting life without parole sentences for persons who were under the age of twenty-one at the time of the offense, instead of emerging adult defendants;
- (2) Amending existing statutory language to change the age for which individuals are eligible for life without parole sentences or extended terms of imprisonment from eighteen years of age or older to twenty-one years of age or older; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 103, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 103, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Poepoe and Shimizu.
Managers on the part of the House.
Ayes, 2. Noes, 1 (Shimizu). Excused, none.

Conf. Com. Rep. 57 on H.B. No. 648

The purpose of this measure is to establish a two-year pilot program in the Probate Court and Family Court of the First Circuit to fund certain guardianship- and conservatorship-related court resources in situations where the respondent does not have sufficient funds to pay for one or more of the resources and the court has deemed the resource or resources beneficial.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$50,000 for each fiscal year of the 2025-2027 Fiscal Biennium for the provision of resources in the First Circuit Probate Court;
- (2) Inserting an appropriation amount of \$50,000 for each fiscal year of the 2025-2027 Fiscal Biennium for the provision of resources in the First Circuit Family Court; and
- (3) Changing the effective date to July 1, 2025.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 648, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 648, H.D. 1, S.D. 1, C.D. 1.

Representatives Tarnas, Kitagawa, Belatti, Marten and Shimizu.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Rhoads, Elefante and Awa.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 58 on H.B. No. 727

The purpose of this measure is to

- (1) Make the Women's Court Pilot Program in the First Circuit permanent;
- (2) Establish and appropriate funds for a three-year Women's Court Pilot Program in the Kona division of the Third Circuit; and
- (3) Require the Judiciary to submit a report to the Legislature regarding the need for and the associated costs of a pilot program for Women's Court in the Second and Fifth Circuits and Hilo division of the Third Circuit.

Your Committee on Conference has amended this measure by:

- (1) Codifying the Women's Court Program in the First Circuit within the Hawaii Revised Statutes, rather than the Session Laws of Hawaii;

- (2) Requiring the Judiciary to be responsible for providing mental health services under the Women's Court Pilot Program in the Kona division of the Third Circuit;
- (3) Changing the duration of the Women's Court Pilot Program in the Kona division of the Third Circuit from three years to two years;
- (4) Appropriating \$514,900 for fiscal year 2025-2026 and \$557,000 for fiscal year 2026-2027 for mental health, substance abuse treatment, and other services and equipment, and the establishment of one full-time equivalent temporary Kona drug court probation supervisor position for the Women's Court Pilot Program in the Kona division of the Third Circuit;
- (5) Deleting language that would have required the Judiciary to submit a report to the Legislature regarding the need for and the associated costs of a pilot program for Women's Court in the Second and Fifth Circuits and Hilo division of the Third Circuit;
- (6) Changing the effective date to July 1, 2025;
- (7) Changing the sunset date for the Women's Court Pilot Program in the Kona division of the Third Circuit to June 30, 2027; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 727, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 727, H.D. 1, S.D. 2, C.D. 1.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 61 on H.B. No. 277

The purpose of this measure is to, beginning July 1, 2027, establish a vehicular pursuit policy for law enforcement agencies.

Your Committee on Conference has amended this measure by:

- (1) Changing the implementation date of the vehicular pursuit policy, including all related requirements, to January 1, 2027;
- (2) Specifying qualified offenses that authorize law enforcement officers to engage in a vehicular pursuit;
- (3) Requiring the Department of the Attorney General to adopt rules regarding the collection and reporting of certain information and Law Enforcement Standards Board to develop a model vehicular pursuit policy by July 1, 2026;

- (4) Requiring each law enforcement agency to adopt a written policy regarding vehicular pursuit and make publicly available certain information related to vehicular pursuit by January 1, 2027;
- (5) Specifying circumstances when limited portions of a law enforcement agency's vehicular pursuit policy may be redacted;
- (6) Deleting the deadlines for the following:
 - (A) The development of minimum requirements for introductory and in-service training for law enforcement officers by the Law Enforcement Standards Board;
 - (B) When each law enforcement agency, as part of its pursuit policies, are required to make clear to their employees that any violation of the vehicular pursuit policies will result in discipline; and
 - (C) When the Attorney General is authorized to investigate, and if warranted, bring a civil action against any law enforcement agency;
- (7) Changing the effective date to upon approval; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 277, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 277, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Kila, Tarnas, Grandinetti and Muraoka.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Lee, C., Elefante and Rhoads.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 62 on H.B. No. 1259

The purpose of this measure is to:

- (1) Specify that an engineering study is not required to be considered when reducing the maximum speed limit within ten miles per hour of an existing speed limit for that road; and
- (2) Require the Department of Transportation to use National Association of City Transportation Officials guidance when setting a maximum speed limit for sections of highways with residential or commercial areas or schools immediately on a highway.

Your Committee on Conference has amended this measure by:

- (1) Clarifying that for sections of highways with residential or commercial areas or schools immediately adjacent to the roadway, the Department of Transportation or a county, are required to consider guidance provided by the National Association of City Transportation Officials to the extent practicable;
- (2) Specifying that the requirement to consider guidance provided by the National Association of City Transportation Officials shall not be construed to supersede any applicable standards or requirements;
- (3) Changing its effective date to upon approval; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1259, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1259, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Kila, Poepoe and Pierick.

Managers on the part of the House.

Ayes, 2. Noes, none. Excused, 1 (Pierick).

Senators Lee, C., Gabbard, Inouye and DeCorte.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 63 on S.B. No. 951

The purpose of this measure is to:

- (1) Require mandatory reports of child abuse or neglect to include the military status of the child's parent or guardian, if known; and
- (2) Require the Department of Human Services to inform the appropriate authority of the United States military when, upon receiving a report of child abuse or neglect, there is sufficient information to determine that the report involves a family where one of the parents, guardians, or alleged perpetrators is a member of an identifiable branch of the United States military.

Your Committee on Conference finds that the United States Department of Defense's (DoD) Family Advocacy Program (FAP) is a congressionally mandated program designated to address child abuse and neglect, among other issues affecting children and youth in military families. Your Committee on Conference further finds that federal law also requires all DoD personnel to report any suspected cases of child abuse or neglect to military officials and FAP personnel, and to local authorities and child welfare services offices. However, there is no corresponding requirement for state and local welfare services offices to inform military officials of allegations of child abuse or neglect. With many active-duty military families living in communities located outside of military installations, combined with their frequent relocations, incidences of child abuse or neglect may remain unknown to the military. Therefore, this measure codifies a reciprocal state reporting requirement to notify military officials of allegations of child abuse and neglect to the State to facilitate better coordination of available state child welfare services and military preventative and rehabilitative services to ensure that military children and families receive the necessary support and services.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 951, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 951, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Marten, Belatti, Poepoe, Iwamoto and Souza.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Iwamoto).

Senators San Buenaventura, Elefante, Gabbard and DeCorte.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 64 on S.B. No. 850

The purpose of this measure is to require the State Council on Developmental Disabilities to collect data and submit to the Legislature a report focused on the health disparities experienced by individuals with intellectual or developmental disabilities in the State prior to the convening of the Regular Session of 2027.

Your Committee on Conference finds that adults with intellectual or developmental disabilities experience disproportionate health disparities compared to those without disabilities. Your Committee on Conference further finds that it is imperative for the State to gather fundamental baseline data for service evaluation, policy development, and research to serve the current and future needs of individuals with intellectual or developmental disabilities, including culturally appropriate health care, reduced barriers to health care access, reduced health disparities, and increased employment opportunities.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$550,000 for the fiscal biennium for the State Council on Developmental Disabilities to collect comprehensive data and compile and submit a report to the Legislature;
- (2) Changing its effective date to July 1, 2025; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 850, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 850, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Takayama, Keohokapu-Lee Loy and Alcos.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators San Buenaventura, Kanuha, Hashimoto and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 65 on S.B. No. 532

The purpose of this measure is to:

- (1) Authorize school staff and agents trained by a health care professional to volunteer to administer medication to students at Department of Education public schools under certain conditions; and
- (2) Clarify who may prescribe medication to be administered to students in schools.

Your Committee on Conference finds that existing law permits only school health assistants to assist students with medication administration at Department of Education schools. However, labor shortages within the health care industry can limit the availability of school health assistants, creating potential delays for students who require timely access to medication. Authorizing additional trained staff to administer medication to students under certain conditions will alleviate the strain on existing health care professionals while maintaining the health and well-being of students.

Your Committee on Conference has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 532, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 532, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Keohokapu-Lee Loy, Chun, Olds and Souza.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Kidani, Hashimoto and Keohokalole.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 66 on S.B. No. 102

The purpose of this measure is to:

- (1) Prohibit third-party restaurant reservation services from advertising, listing, promoting, or selling restaurant reservation services without first obtaining a written agreement from the applicable restaurant authorizing the action; and
- (2) Establish a private cause of action for civil remedies.

Your Committee on Conference finds that many third-party restaurant reservation services partner with restaurants to provide consumers with the convenience of planning their dining experiences in advance. Your Committee on Conference further finds that, although these services can be beneficial for both consumers and restaurants, there has been a growing number of third parties using predatory methods to advertise and sell restaurant reservations to consumers at high costs or without the restaurant's knowledge. This practice has negatively impacted restaurants by increasing the likelihood of no-shows which can increase costs for consumers. This measure prohibits third parties from rendering reservation services without first obtaining the express written consent from the restaurant to render such services.

Your Committee on Conference has amended this measure by:

- (1) Clarifying that no third-party restaurant reservation service shall advertise, list, promote, facilitate, enable, or sell reservations for a restaurant without the express written consent from the restaurant;
- (2) Deleting language that would have prohibited the written consent agreements from including indemnification provisions;
- (3) Removing the non-impairment clause;
- (4) Amending section 1 to reflect its amended purpose;
- (5) Making it effective upon its approval; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 102, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 102, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Matayoshi, Todd and Pierick.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Keohokalole, Rhoads, Fukunaga, McKelvey and Awa.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 67 on S.B. No. 1281

The purpose of this measure is to extend the sunset date of Act 107, Session Laws of Hawaii 2023, which allows for the reimbursement of services provided through telehealth via an interactive telecommunications system, until December 31, 2027.

Your Committee on Conference finds that the use and expansion of telehealth services and technology in the State have been recognized as ways to increase timely access to health care, particularly in rural areas of the State. Your Committee on Conference further finds that Act 107, Session Laws of Hawaii 2023 (Act 107), temporarily allows for the reimbursement of services provided through an interactive telecommunication system and two-way, real-time audio-only communications for telehealth purposes, supporting numerous telehealth initiatives in the State that are successfully improving access to care in various settings. Your Committee on Conference additionally finds that Act 107 is slated to be repealed on December 31, 2025. This measure extends the sunset date of Act 107 by two years to ensure a continuum of care for residents in rural communities and to allow the State the opportunity to adjust to any new federal policies that may be implemented before permanently codifying Act 107.

Your Committee on Conference has amended this measure by changing its effective date to July 1, 2025.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1281, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1281, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Takayama, Matayoshi, Keohokapu-Lee Loy, Olds and Alcos.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Aquino, Keohokalole, Hashimoto and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Hashimoto).

Conf. Com. Rep. 68 on S.B. No. 1431

The purpose of this measure is to:

- (1) Establish a Hepatitis Prevention Program within the Department of Health;
- (2) Require the Department of Health to develop and implement an educational program to inform the public on how to identify and prevent hepatitis and aid in its early diagnosis;
- (3) Require the Department of Health to develop a comprehensive statewide hepatitis prevention plan;
- (4) Repeal outdated provisions related to hepatitis; and
- (5) Appropriate funds and establish positions for the Hepatitis Prevention Program.

Your Committee on Conference finds that the Department of Health reports that hepatitis B and C viral infections are associated with earlier deaths and higher death rates in the State. Your Committee on Conference further finds that the lack of public health resources dedicated to viral hepatitis has contributed to higher death rates in the State, especially for vulnerable communities such as Asian and Pacific Islander residents. Your Committee on Conference notes that to address the burden of viral hepatitis in the State, the Department of Health has successfully leveraged community and state partnerships to convene the

"Hep Free 2030: The Hawai'i Hepatitis Elimination Strategy 2020-2030", the statewide strategy to eliminate viral hepatitis that can serve as a model for the Department of Health's Hepatitis Prevention Program. This measure provides a modest investment to make a significant impact on a preventable, treatable health issue in the State.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$545,000 for the fiscal biennium for the establishment and implementation of the Hepatitis Prevention Program, including the establishment within the Department of Health of:
 - (A) One full-time equivalent (1.0 FTE) Program Specialist V position;
 - (B) One full-time equivalent (1.0 FTE) Epidemiological Specialist position; and
 - (C) One full-time equivalent (1.0 FTE) Office Assistant III position; and
- (2) Changing its effective date to July 1, 2025; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1431, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1431, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Takayama, Keohokapu-Lee Loy and Garcia.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators San Buenaventura, Inouye, Hashimoto and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 69 on S.B. No. 1433

The purpose of this measure is to:

- (1) Amend the distribution system of sterile needles and syringes under the Sterile Needle and Syringe Exchange Program from a one-to-one exchange system to a needs-based distribution system;
- (2) Authorize non-injection drug user participation in the Program; and
- (3) Modify liability for program participants, staff, and law enforcement officers.

Your Committee on Conference finds that syringe exchange programs prevent human immunodeficiency virus, hepatitis C, and other bloodborne infections; are cost effective; reduce drug use and drug overdoses; protect the public and first responders by providing safe syringe disposal; and do not cause or increase illegal drug use or other crimes. Your Committee on Conference further finds that while the State's Sterile Needle and Syringe Exchange Program has been a highly effective public health intervention, research has found that needs-based syringe distribution is more effective than a one-to-one exchange model, which restricts syringe access by limiting the number of sterile syringes and needles an individual can receive to the number of used syringes and needles they have to return. This measure provides critical improvements to the Sterile Needle and Syringe Exchange Program to increase its effectiveness and impact.

Your Committee on Conference has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1433, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1433, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Takayama, Poepoe and Garcia.

Managers on the part of the House.

Ayes, 2. Noes, 1 (Garcia). Excused, none.

Senators San Buenaventura, Rhoads, Hashimoto and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 70 on S.B. No. 1454

The purpose of this measure is to:

- (1) Require the Department of Labor and Industrial Relations to issue an order of wage payment violation to employers found to be in violation of the State's Wage and Hour Law;
- (2) Establish penalties, enforcement, and appeal procedures; and
- (3) Amend the definition of "wage" to clarify that it means compensation for labor or services rendered by an employee, regardless of how it is calculated.

Your Committee on Conference finds that existing law allows the Department of Labor and Industrial Relations to issue orders of wage payment violations and assess penalties under the Payment of Wages and Other Compensation Law, such as violations relating to payment of wages, wage theft, and other compensation, but not for violations of the Wage and Hour Law, such as minimum wage or overtime requirements, leading to enforcement issues. Therefore, this measure establishes processes for the Department of Labor and Industrial Relations to issue orders of wage payment violations under the State's Wage and Hour Law, to ensure equal protections for a larger group of low-wage earners.

Your Committee on Conference has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1454, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1454, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Sayama, Perruso and Reyes Oda.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Aquino, Rhoads and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 71 on S.B. No. 694

The purpose of this measure is to prohibit minors from being held in jails, lockups, or prisons for adults, except temporarily under certain circumstances.

Your Committee on Conference finds that youth are more likely to experience abuse, commit suicide, and be exposed to prolonged periods of isolation if they enter an adult jail, lockup, or prison. Additionally, youth are five times more likely to be victimized in an adult facility than a juvenile facility. This measure will protect minors from the severe harms they face when placed in adult jails and prisons.

Your Committee on Conference has amended this measure by:

- (1) Restoring existing statutory language that requires the official in charge of a facility for the detention of adult offenders or persons charged with crime to inform the court immediately when a minor who is or appears to be under eighteen years of age is received at the facility;
- (2) Making it effective upon its approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 694, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 694, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Belatti and Garcia.

Managers on the part of the House.

Ayes, 2. Noes, 1 (Garcia). Excused, none.

Senators Rhoads, Gabbard and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 72 on S.B. No. 1343

The purpose of this measure is to amend the quorum requirements to do business and validate acts of the Small Business Regulatory Review Board.

Your Committee on Conference finds that that the existing strict quorum requirements for the Small Business Regulatory Review Board, that do not account for vacant seats renders it difficult for the Board to achieve quorum, hindering its ability to conduct business. Therefore, this measure provides the Small Business Regulatory Review Board with greater flexibility to conduct board meetings by decreasing the number of members required for quorum.

Your Committee on Conference has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1343, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1343, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Ilagan, Poepoe and Matsumoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators DeCoite, Fukunaga, Chang and Awa.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 73 on S.B. No. 423

The purpose of this measure is to:

- (1) Require one voting member of the Early Learning Board to have experience as a local provider of early childhood education and development services;
- (2) Add the Director of the Hawaii Head Start State Collaboration Office as an ex officio, nonvoting member to the Early Learning Board; and
- (3) Require the Early Learning Board to invite the President of the Head Start Association of Hawaii, or their designee, to serve as an ex officio, nonvoting member of the Board.

Your Committee on Conference finds that the Early Learning Board provides critical perspective in shaping early childhood education policy in the State. However, as the Early Learning Board serves as Hawaii's State Advisory Council on Early Childhood Education and Care for the federal Head Start Act, the

board must include representation from a Head Start program operating in the State to remain compliant with existing federal requirements. Accordingly, this measure updates the composition of the Early Learning Board to conform with requirements of the federal Head Start Act while ensuring a high level of expertise among the appointed members.

Your Committee on Conference has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 423, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 423, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Perruso and Souza.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Kidani, Kanuha, Kim and DeCorte.

Managers on the part of the Senate.

Conf. Com. Rep. 74 on H.B. No. 806

The purpose of this measure is to reduce the use of illegal fireworks by appropriating funds to the Department of Law Enforcement for:

- (1) Conducting sting operations on Oahu to enforce fireworks ordinances or laws;
- (2) Establishing an explosives and firearms laboratory on Oahu;
- (3) Establishing a new explosive enforcement section, including staffing, within the Department's Criminal Investigation Division; and
- (4) Establishing a fireworks program to provide educational campaigns to promote public safety and awareness through advertising and promotional videos.

Your Committee on Conference has amended this measure by:

- (1) Inserting the following appropriation amounts:
 - (A) \$500,000 for sting operations on Oahu for fiscal year 2025-2026 and the same sum for fiscal year 2026-2027; and
 - (B) \$2,000,000 to establish an explosives and firearms laboratory on Oahu for fiscal year 2025-2026 only;
- (2) Deleting the unspecified appropriations and positions for the Explosive Enforcement Section and fireworks educational campaigns;
- (3) Changing the effective date to July 1, 2025; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 806, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 806, H.D. 1, S.D. 2, C.D. 1.

Ayes, 4. Noes, none. Excused, 1 (Rhoads).

Conf. Com. Rep. 75 on H.B. No. 1031

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2025-2027 for collective bargaining cost items for the members of Bargaining Unit (5), along with their excluded counterparts.

Your Committee on Conference has amended this measure by:

- (1) Appropriating \$7,779,584 for fiscal year 2025-2026 and \$18,100,306 for fiscal year 2026-2027, for collective bargaining cost items for members of Bargaining Unit (5) and their excluded counterparts;
- (2) Deleting unnecessary language relating to the expenditure ceiling;
- (3) Changing the effective date to July 1, 2025; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1031, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1031, H.D. 1, S.D. 1, C.D. 1.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 76 on H.B. No. 162

The purpose of this measure is to expand the pool of interest arbitrators to resolve labor disputes by:

- (1) Authorizing the Hawaii Labor Relations Board to request the Federal Mediation and Conciliation Service to furnish a list of five qualified and experienced interest arbitrators if the parties fail to select the neutral third member of the arbitration panel; and
- (2) Clarifying that the list of five interest arbitrators may contain arbitrators from the American Arbitration Association and the Federal Mediation and Conciliation Service.

Your Committee on Conference has amended this measure by changing the effective date to upon approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 162, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 162, H.D. 2, S.D. 1, C.D. 1.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 77 on S.B. No. 38

The purpose of this measure is to prohibit the legislative body of a county from imposing stricter conditions than the Hawaii Housing Finance and Development Corporation, stricter area median income requirements, or a reduction in fee waivers to housing development proposals that would increase the cost of the project.

Your Committee on Conference finds that certain exemptions for proposed housing developments under section 201H-38, Hawaii Revised Statutes, ensure that housing units developed by the Hawaii Housing Finance and Development Corporation (HHFDC) remain primarily affordable. While the legislative body of a county serves an important role in reviewing the proposed development of certain housing units within their respective communities, the addition of stricter conditions imposed by a county's legislative body to the proposed housing development may inadvertently increase construction costs and delay completion of a project. Therefore, this measure will help to ensure the financial feasibility of housing development projects that assist the State in alleviating its housing shortage.

Your Committee on Conference has amended this measure by:

- (1) Inserting language requiring HHFDC to provide counties with an opportunity to comment on certain housing projects;
- (2) Making it effective upon its approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 38, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 38, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Evslin, Tarnas, La Chica, Miyake and Muraoka.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Muraoka).

Senators Chang, Rhoads, Kanuha and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 78 on S.B. No. 66

The purpose of this measure is to:

- (1) Require permits to be issued by applicable permitting agencies within sixty days of a complete application being filed for single-family and multi-family housing projects if certain conditions are satisfied;
- (2) Automatically deem approved a permit that is either not otherwise approved by the applicable permitting agency within sixty days or for which the applicant has agreed to all corrections, changes, or recommendations to the plans and specifications made by the applicable permitting agency;
- (3) Pause the sixty-day permit review period under certain circumstances; and
- (4) Sunset June 30, 2030.

Your Committee on Conference finds that the State is experiencing a chronic housing shortage that is far outpaced by demand. Presently, county permitting agencies statewide are experiencing significant delays with the approval process, which can increase development costs and postpone the timeline for construction. By establishing an optional expedited permit approval process for single-family and multi-family homes, the State can expeditiously develop housing units that address the ongoing housing shortage while ensuring housing units remain affordable. Therefore, this measure streamlines the permitting process for certain residential housing developments while providing additional housing units for Hawaii's working individuals and families.

Your Committee on Conference has amended this measure by:

- (1) Clarifying that permit applications for single-family and multi-family housing projects in each county shall be eligible for an expedited permit approval, rather than requiring permits to be issued within a certain period;
- (2) Inserting language that:

- (A) Authorizes an applicant or an applicant's agent to submit an optional request to the county for an expedited permit if sixty business days have lapsed after the application was considered complete by the relevant agency and the application has not received full approval by the county;
- (B) Requires the optional request to include:
 - (i) A full and complete set of plans;
 - (ii) Statements or evidence from the relevant permitting agencies that adequate infrastructure capacity is available;
 - (iii) Information regarding policies of insurance from all licensed professionals on record specifying certain coverage requirements naming the State and county as insureds, and indemnifying both;
 - (iv) A statement that sixty business days have lapsed without approval since the application would have been considered complete by the relevant agency; and
 - (v) The required county contractor's statement;
- (C) Establishes the requirements for an application to be considered complete;
- (D) Limits eligible projects to those not higher than thirty feet and projects that are not situated on a shoreline parcel or a parcel that is impacted by waves, storm waves, high tide, or other shoreline erosion and requires projects to be in compliance with chapter 205A, Hawaii Revised Statutes;
- (E) Requires all plans and specifications submitted to a county to have been stamped by a duly licensed structural, civil, electrical, or mechanical engineer and licensed professional, certifying compliance with the applicable building codes for the respective counties;
- (F) Requires any other administrative criteria that the county deems necessary;
- (G) If the county determines that the application is not complete, requires each county to notify the applicant and specify the information needed to meet requirements to complete submittal;
- (H) Clarifies that, for owner-builder exemptions, the owner shall execute a waiver of all claims against the State and county and execute a statement that indemnifies the State, its officers, agents, and employees and the county, its officers, and agents;
- (I) Provides that, for certain building permits that apply for and meet the criteria for an expedited permit, the county shall execute an agreement with the licensed professional on record as assuming approval and oversight responsibility for the permit application, and shall consider the application approved upon approval of the agreement;
- (J) Requires the licensed professional on record or county to ensure that the project construction is in compliance with the approved plans under the expedited permit, under certain conditions; and
- (K) Requires the licensed professional to certify in writing to the county that a certificate of occupancy is warranted upon completion of construction;
- (3) Clarifying that each county may adopt administrative rules pursuant to chapter 91, Hawaii Revised Statutes, to define the sixty-day period, and charge any necessary fees to effectuate the expedited permit approval process;
- (4) Clarifying that the issuance of a certificate of occupancy shall not be construed to limit or repeal any powers of any county to enforce violations of any law, ordinance, or rule;
- (5) Amending section 1 to reflect its amended purpose;
- (6) Changing its effective date to July 1, 2026;
- (7) Inserting a sunset date of June 30, 2031; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 66, S.D. 2, H.D. 3, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 66, S.D. 2, H.D. 3, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Evslin, Lamosao, Tarnas, Miyake and Pierick.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Chang, Gabbard and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 79 on H.B. No. 1162

The purpose of this measure is to:

- (1) Require a person to successfully complete a basic motorcycle rider course approved by the Department of Transportation and the City and County of Honolulu as a condition for obtaining a motorcycle instruction permit; and
- (2) Clarify that a person shall not operate a motor vehicle in connection with the driving training course without a valid temporary instruction permit unless it is a motorcycle that is being used for training purposes on an enclosed state certified training range.

Your Committee on Conference has amended this measure by:

- (1) Deleting the need for course approval by the City and County of Honolulu;
- (2) Changing the effective date to upon approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1162, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1162, H.D. 2, S.D. 2, C.D. 1.

Conf. Com. Rep. 80 on H.B. No. 1422

The purpose of this measure is to exempt community-based organizations engaged in community-based economic development providing transportation services from the Motor Carrier Law under certain circumstances.

Your Committee on Conference has amended this measure by:

- (1) Removing the sunset date; and
- (2) Making it effective upon approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1422, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1422, H.D. 2, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 2 (Quinlan, Pierick).

Senators Lee, C., Keohokalole, Kanuha and DeCorte.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Kanuha).

Conf. Com. Rep. 81 on H.B. No. 226

The purpose of this measure is to:

- (1) Prohibit a person from installing, mounting, adhering, affixing, or using any sun screening device in conjunction with the glazing material of a motor vehicle with mirrored, metallic, red, yellow, amber, or blue tint;
- (2) Require all drivers and passengers of motor vehicles with applied tint to fully roll down their windows when stopped by a law enforcement officer at a traffic stop;
- (3) Exempt side windows to the rear of the driver and rear windows on sedans from sun screening device requirements; and
- (4) Increase the minimum and maximum fines for violating sun screening device requirements.

Your Committee on Conference has amended this measure by:

- (1) Replacing metallic finishes with high reflective finishes that produce a red, yellow, amber, or blue appearance;
- (2) Including certain exceptions to the requirement that all drivers and passengers of motor vehicles with applied tint to fully roll down their windows when stopped by a law enforcement officer;
- (3) Clarifying the light transmittance levels on sun screening devices used in conjunction with glazing material for front side windows and wing windows;
- (4) Exempting rear windshields on certain vehicles from sun screening device requirements;
- (5) Making the absence of the certificate certifying that a sunscreen device complies with the law in a vehicle, prima facie evidence that an installer is noncompliant with the law;
- (6) Requiring the Department of Transportation to notify all licensed motor vehicle inspection stations of the changes to sun screening device requirements by this measure within 90 days after the enactment of this measure;
- (7) Inserting a savings clause;
- (8) Making it effective upon approval; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 226, H.D. 3, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 226, H.D. 3, S.D. 1, C.D. 1.

Conf. Com. Rep. 82 on H.B. No. 228

The purpose of this measure is to prohibit the use of license plate flipping devices and obscuring a vehicle's license plate through the use of a cover or shield.

Your Committee on Conference has amended this measure by:

- (1) Specifying that the prohibition on the use of license plate flipping devices applies to any motor vehicle operated on any public roadways in the State;
- (2) Specifying that each prohibited act under this measure constitutes a separate and distinct violation;
- (3) Clarifying the prohibition on obstructing a license plate, including the definition of "cover" or "shield";
- (4) Inserting a savings clause;
- (5) Changing the effective date to upon approval; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 228, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 228, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Kila, Tarnas, Grandinetti and Muraoka.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Lee, C., Chang, Fukunaga and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Chang).

Conf. Com. Rep. 83 on S.B. No. 1245

The purpose of this measure is to, beginning January 1, 2026:

- (1) Prohibit the denial of coverage and mandate reimbursement for services provided by registered pharmacists practicing within their scope of practice by private health plans in the State;
- (2) Clarify that participation in a policy, contract, plan, or agreement with coverage for prescription drug benefits does not satisfy the requirement that contacted registered pharmacists be included in a network of participating providers;
- (3) Prohibit the denial of a registered pharmacist's ability to contract if standard credentialing requirements are met, with an exemption;
- (4) Specify that if policies, contracts, plans, or agreements delegate credentialing to health care facilities, then the credentialing of registered pharmacists contracted or employed by those facilities shall be accepted; and
- (5) Mandate reimbursement for services provided by registered pharmacists practicing within their scope of practice by public health plans upon approval of the Hawaii Medicaid State Plan by the Centers for Medicare and Medicaid Services.

Your Committee on Conference finds that pharmacists are among the most trusted and accessible health care professionals, with about ninety percent of Americans living within five miles of a pharmacy, and pharmacists can provide high quality services, particularly related to the safe and effective use of medications. Your Committee on Conference further finds that these pharmacist services are routinely provided in select in-patient, out-patient, and community or retail settings in the State, but because pharmacists are unable to be directly reimbursed by health plans for many of these services, building budget models that can sustainably pay for and expand these needed services are a challenge. This measure improves reimbursement for services rendered by registered pharmacists under certain conditions to safely provide certain health care services cost-effectively and meet the health care needs of the State's residents.

Your Committee on Conference has amended this measure by:

- (1) Reverting to the language of the H.D. 1 version of this measure to:
 - (A) Specify that the provisions of this measure applicable to health insurers, mutual benefit societies, and health maintenance organizations apply to policies, contracts, plans, or agreements delivered or issued for delivery on or after July 1, 2026, rather than January 1, 2026; and
 - (B) Require policies, contracts, plans, or agreements by health insurers, mutual benefit societies, and health maintenance organizations to recognize pharmacists as participating providers;
- (2) Deleting language that would have prohibited the denial of coverage for benefits for health care services provided by a registered pharmacist if certain conditions are met;
- (3) Deleting language that would have provided that the participation of a registered pharmacist in a policy, contract, plan, or agreement that includes coverage for prescription drug benefits does not satisfy the requirements that health insurers, mutual benefit societies, and health maintenance organizations include contracted registered pharmacists in their networks of participating providers;
- (4) Deleting language that would have prohibited insurers, mutual benefit societies, and health maintenance organizations from denying the ability for a registered pharmacist to contract with those entities if standard credentialing requirements are met, except for vertically integrated networks;
- (5) Deleting language that would have specified that insurers, mutual benefit societies, and health maintenance organizations that delegate credentialing agreements to health care facilities shall accept credentialing of registered pharmacists employed or contracted by those facilities; and
- (6) Amending section 1 to reflect its amended purposes;
- (7) Making it effective upon its approval; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1245, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1245, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Takayama, Matayoshi and Garcia.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators San Buenaventura, Keohokalole, Hashimoto and Fevella.

Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 84 on S.B. No. 104

The purpose of this measure is to:

- (1) By July 1, 2026, restrict the use of restrictive housing in state-operated and state-contracted correctional facilities, with certain specified exceptions;
- (2) Establish a Restrictive Housing Legislative Working Group to develop and recommend more comprehensive laws, policies, and procedures regarding restrictive housing for members of vulnerable populations by September 1, 2027;
- (3) Require the Hawaii Correctional System Oversight Commission to review restrictive housing placements on an annual basis;
- (4) Authorize the Department of Corrections and Rehabilitation, by December 1, 2027, to implement policies and procedures recommended by the Restrictive Housing Legislative Working Group related to committed persons; and
- (5) Require interim and final reports to the Legislature and Hawaii Correctional System Oversight Commission.

Your Committee on Conference finds that the overuse of restrictive housing, commonly known as solitary confinement, is a harmful practice within the prison system that is often excessively punitive in nature and contrary to the goal of rehabilitation. Your Committee on Conference further finds that limiting the application of restrictive housing to certain circumstances, coupled with establishing a working group to make recommendations regarding restrictive housing for vulnerable populations, is a critical step towards harm reduction and improving the overall outcomes of incarceration.

Your Committee on Conference has amended this measure by:

- (1) Changing the date by which the Restrictive Housing Legislative Working Group shall make its recommendations to the Legislature and dissolve from September 1, 2027, to January 8, 2027;
- (2) Changing its effective date to July 1, 2025; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 104, S.D. 2, H.D. 3, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 104, S.D. 2, H.D. 3, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Belatti, Tarnas, Lamosao, Hashem, Iwamoto and Souza.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, 1 (Iwamoto).

Senators Elefante, Rhoads, Moriwaki, Fukunaga and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 2 (Fukunaga, Fevella).

Conf. Com. Rep. 85 on S.B. No. 401

The purpose of this measure is to:

- (1) Establish prohibitions on assault rifles, assault shotguns, and .50 caliber firearms; and
- (2) Expand the ban on high-capacity detachable magazines.

Your Committee on Conference finds that due to increased gun violence in the State, additional restrictions on certain types of firearms and ammunition are necessary to promote public safety.

Your Committee on Conference has amended this measure by:

- (1) Changing the effective date of the prohibitions on assault rifles, assault shotguns, and .50 caliber firearms from July 8, 2025, to January 1, 2026;
- (2) Clarifying that if the legally registered owner of an assault rifle or assault shotgun transfers the weapon without remuneration, including by bequest or intestate succession, to the registered owner's spouse, reciprocal beneficiary, or lineal descendant, then the transferee may apply, within ninety days of receiving possession of the assault rifle or assault shotgun, to obtain a permit to acquire the weapon pursuant to section 134-2 and register the weapon in the transferee's name, unless the transferee is disqualified from the ownership, possession, or control of a firearm;
- (3) Changing its effective date to January 1, 2026; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 401, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 401, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Todd and Garcia.

Managers on the part of the House.

Ayes, 2. Noes, 1 (Garcia). Excused, none.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 86 on S.B. No. 1298

The purpose of this measure is to:

- (1) Amend the Electronic Device Recycling and Recovery Act by:

- (A) Expanding the types of electronic devices to include electronic device peripherals and certain legacy devices;
 - (B) Excluding manufacturers of only electronic device peripherals and no other electronic devices;
 - (C) Allowing, rather than require, the Department of Health to determine additional penalties and impose certain fines;
 - (D) Requiring manufacturers' recycling plans to describe communication efforts with the State and counties to facilitate consumer education efforts;
 - (E) Clarifying that a manufacturer or group of manufacturers shall implement its recycling plan upon approval from the Department of Health;
 - (F) Repealing the requirement that recycling plans be implemented and fully operational by January 1, 2023, for manufacturer collaboration authority to apply;
 - (G) Establishing additional manufacturer recycling goals beginning January 1, 2026, and January 1, 2027;
 - (H) Requiring additional information to be included in manufacturers' reports for calendar years 2025, 2026, and 2027;
 - (I) Requiring collectors to report certain information regarding recyclers and refurbishers; and
 - (J) Allowing the Department of Health to require collectors to submit bills of lading and recycler receiving reports for shipments to recyclers; and
- (2) Require the Department of Health to submit a report to the Legislature prior to the Regular Session of 2028.

Your Committee on Conference recognizes that recent updates to state electronic waste laws have not led to an increase in recycling access and convenience to the general public. This measure updates and expands Hawaii's Electronic Device Recycling and Recovery Act to better address the current needs and concerns of the State's electronic waste recycling program to further promote responsible environmental practices and mitigate the impact of electronic waste on the public health and the delicate environment of the State.

Your Committee on Conference has amended this measure by:

- (1) Restoring existing statutory language that requires the Department of Health to impose a penalty on manufacturers that fail to meet its recycling goals;
- (2) Changing its effective date to July 1, 2025; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1298, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1298, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Matayoshi, Quinlan and Pierick.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Gabbard, Hashimoto, Keohokalole, DeCoite, Richards and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, 2 (Hashimoto, Fevella).

Conf. Com. Rep. 87 on S.B. No. 1322

The purpose of this measure is to:

- (1) Require the Department of Health to submit annual reports to the Legislature on emergency transportations and assisted community treatment petitions and orders, based on information provided by service providers;
- (2) Clarify the procedures for emergency transportation, examination, and hospitalization for individuals who may be mentally ill or suffering from substance abuse who are imminently dangerous to self or others;
- (3) Require treatment providers to provide relevant information to the Attorney General for purposes of preparing an assisted community treatment petition;
- (4) Amend the procedures for involuntary hospitalizations and assisted community treatment petitions; and
- (5) Clarify the circumstances under which a subject of an assisted community treatment order can be administered medication over objection.

Your Committee on Conference finds that given the increasing number of individuals in the State impacted by mental health challenges, establishing a clear and effective mental health care system has become an urgent priority. Your Committee on Conference further finds that a systematic review and refinement of the intricate mental health laws outlined in chapter 334, Hawaii Revised Statutes, is necessary to provide clarification and clear guidance of the procedures related to emergency transport, emergency examination, and emergency hospitalization and mechanisms to engage individuals in treatment over their objection, including assisted community treatment. This measure provides a comprehensive update to the State's mental health care laws to clarify and streamline existing procedures and strengthen the legal framework for supporting individuals suffering from mental illness or substance abuse.

Your Committee on Conference has amended this measure by:

- (1) Clarifying the Department of Health's annual reporting requirements on emergency transportations and assisted community treatment petitions and orders;
- (2) Deleting language that would have authorized a law enforcement officer to temporarily detain an individual specifically at law enforcement facilities, upon initiating emergency transportations under certain circumstances;
- (3) Inserting language to clarify that for an emergency transportation initiated by a health care provider, the examining health care provider is authorized to:
 - (A) Direct a law enforcement officer to detain and transport the individual by ambulance or other suitable means to a psychiatric facility or other facility designated by the director for an emergency examination; and
 - (B) Administer treatment, within the examining health care provider's scope of practice, as necessary for the individual's safe transportation;
- (4) Clarifying that those performing the emergency transport, rather than the health care provider, shall coordinate the transport of the individual with the mental health emergency worker;

- (5) Clarifying the procedures for an emergency examination pursuant to an emergency transportation initiated by a law enforcement officer, court order, or health provider under chapter 334, Hawaii Revised Statutes, including:
 - (A) Authorizing a physician assistant and psychologist to conduct an initial examination and screening, to determine whether the criteria for involuntary hospitalization persists; and
 - (B) Requiring, rather than authorizing, further examination by a qualified psychiatric examiner if after the initial examination, screening, and treatment, the examining health care provider determines that the involuntary hospitalization criteria persists;
- (6) Inserting language to authorize a single psychiatrist, rather than a panel of three, to provide administrative authorization for medical treatment over the objection of a patient who is in the custody of the Director of Health and in a psychiatric facility;
- (7) Amending section 1 to reflect its amended purpose;
- (8) Making it effective upon its approval; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1322, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1322, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Takayama, Poepoe and Garcia.

Managers on the part of the House.

Ayes, 3; Ayes with Reservations (Poepoe). Noes, none. Excused, none.

Senators San Buenaventura, Elefante, Rhoads and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 88 on S.B. No. 1323

The purpose of this measure is to adopt the Uniform Health Care Decisions Act (2023), as modified, to replace existing chapters related to advance health care directives and advance mental health care directives.

Your Committee on Conference finds that in 1999, the Legislature passed the Uniform Health-Care Decisions Act (1993), which was enacted and codified as chapter 327E, Hawaii Revised Statutes, and in 2004, passed law governing advance mental health care directives, which was enacted and codified as chapter 327G, Hawaii Revised Statutes. Your Committee on Conference further finds that an updated Uniform Health-Care Decisions Act was promulgated by the Uniform Law Commission in 2023, reflecting a multiyear collaborative and non-partisan process to modernize and expand on the Uniform Health-Care Decisions Act approved by the Uniform Law Commission in 1993. This measure updates and consolidates the State's current laws by adopting a modified version of the Uniform Health-Care Decisions Act (2023), as promulgated by the Uniform Law Commission, which reflects a better understanding of capacity and reduces barriers to creating advance directives relating to general health care and mental health.

Your Committee on Conference has amended this measure by:

- (1) Inserting language to clarify that an individual may revoke the appointment of an agent, the designation of a default surrogate, or a health care instruction unless, among other reasons, the individual is found to lack the capacity to do so, and if the individual objects to the finding, the finding is confirmed;
- (2) Inserting language to clarify that the power of an agent or a default surrogate shall:
 - (A) Cease if the individual is later found to have capacity to make a health care decision or the individual objects to the finding of lack of capacity; and
 - (B) Resume if the power ceased because the individual objected to the finding of lack of capacity and the finding of lack of capacity is confirmed or a court finds that the individual lacks capacity to make a health care decision;
- (3) Inserting language to require the health care professional who makes or is informed of a finding that an individual lacks capacity to make a health care decision to communicate that the individual may object to the finding of lack of capacity;
- (4) Making it effective upon its approval; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1323, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1323, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Takayama, Poepoe and Garcia.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators San Buenaventura, Rhoads, Hashimoto and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 89 on S.B. No. 1429

The purpose of this measure is to:

- (1) Authorize the Department of Health to impose penalties and take enforcement actions for violations of the medical cannabis laws;
- (2) Effective January 1, 2025, retroactively repeal the prohibition against primary caregivers cultivating medical cannabis for their qualifying patients, and authorize primary caregivers to cultivate cannabis in an amount not to exceed an adequate supply for the qualifying patient; and

- (3) Effective June 28, 2025, extend for two years the sunset on the interim rules adopted by the Department of Health and extend for four years the sunset date for the exemption from civil service of personnel hired by, or contracts entered into by, the Department of Health related to the medical cannabis dispensary system.

Your Committee on Conference finds that access to medical cannabis for medical cannabis patients includes the ability to cultivate cannabis in a lawful, safe, and patient-focused approach by the patients themselves or their designated primary caregivers. Your Committee on Conference further finds that some qualifying patients are unable to cultivate medical cannabis on their own due to debilitating medical conditions, mobility impairments that make tending to plants difficult or impossible, or restrictions on cultivation at their place of residence. This measure protects patients' rights, ensuring long-term access to a safe and legal supply of medical cannabis.

Your Committee on Conference has amended this measure by:

- (1) Reverting to language from the S.D. 1 version of this measure to increase the number of qualifying patients a primary caregiver is authorized to care for and a location used to cultivate cannabis is used to cultivate cannabis for from one to five qualifying patients, retroactive to January 1, 2025;
- (2) Repealing existing obsolete statutory language that authorizes a primary caregiver who is the parent, guardian, or person having legal custody of more than one minor qualifying patient to be responsible for the care of more than one minor qualifying patient at any given time, retroactive to January 1, 2025;
- (3) Making the extension of the sunset on interim rules adopted by the Department of Health and sunset on the exemption from civil service of personnel hired by the Department of Health effective upon its approval; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1429, S.D. 2, H.D. 3, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1429, S.D. 2, H.D. 3, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Takayama, Matayoshi, Tarnas and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators San Buenaventura, Keohokalole, Gabbard and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 90 on H.B. No. 410

The purpose of this measure is to appropriate funds for the operating budget for fiscal biennium 2025-2027 for the Office of Hawaiian Affairs.

Your Committee on Conference has amended this measure by:

- (1) Inserting appropriate operating amounts for fiscal biennium 2025-2027;
- (2) Changing the effective date to July 1, 2025; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

Specifically, this budget measure, as amended, appropriates operating totals of:

	<u>FY 2025-2026</u>	<u>FY 2026-2027</u>
GENERAL FUNDS	3,000,000	3,000,000
ALL MEANS OF FINANCE	6,000,000	6,000,000

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 410, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 410, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Yamashita, Poepoe, Takenouchi and Garcia.

Managers on the part of the House.

Ayes, 5; Ayes with Reservations (Garcia). Noes, none. Excused, none.

Senators Richards, Moriwaki, Keohokalole and DeCorte.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 91 on S.B. No. 1051

The purpose of this measure is to designate September as Hawaiian History Month.

Your Committee on Conference finds that designating September, which is the birth month of Queen Liliuokalani, as Hawaiian History month in the State is an appropriate way to honor and recognize Queen Liliuokalani and the vital cultural contributions of the Native Hawaiian people.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1051, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1051, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Kapela, Poepoe and Reyes Oda.

Managers on the part of the House.

Ayes, 2. Noes, none. Excused, 1 (Reyes Oda).

Senators Lee, C., DeCorte and Kanuha.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 92 on S.B. No. 1095

The purpose of this measure is to reduce the burden on organizations attempting to amend special number plate statutes and the counties attempting to implement special number plate requirements by expanding the existing decal size restrictions.

Your Committee on Conference finds that private organizations have attempted to amend existing law to enable special number plates with full-plate designs to raise revenue for their causes. However, the county agencies responsible for issuing license plates bear significant burden contracting to produce new license plates each time a new license plate law is adopted. Your Committee on Conference further finds that existing law allows private organizations to apply for and have license plate designs based on decals added to standard license plates limited to a certain size, which can raise revenue for their causes, without having to change the law or further burdening the counties. This measure increases the existing decal size restrictions to reduce the burden on organizations attempting to amend special number plate law and the counties attempting to implement special number plate requirements.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1095, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1095, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Kila, Poepoe, Grandinetti and Muraoka.
Managers on the part of the House.
Ayes, 3. Noes, none. Excused, 1 (Muraoka).

Senators Lee, C., Elefante, Inouye and DeCorte.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, 1 (Inouye).

Conf. Com. Rep. 93 on S.B. No. 1102

The purpose of this measure is to specify the appointment processes and terms for the Fire Chief of the Hawaii State Aircraft Rescue Fire Fighting Unit of the Airports Division of the Department of Transportation.

Your Committee on Conference finds that existing state law does not articulate the term duration and term limits for the appointed Chief of the State Aircraft Rescue Fire Fighting Unit. Your Committee on Conference further finds that it is necessary to correct the vagueness in the statute pertaining to this critically important position by clarifying the appointment processes and terms of service.

Your Committee on Conference has amended this measure by:

- (1) Requiring, rather than authorizing, the Director of Transportation to appoint the Fire Chief of the Hawaii State Aircraft Rescue Fire Fighting Unit from a list of qualified candidates submitted for consideration by the State Fire Council, subject to the advice and consent of the Senate;
- (2) Changing the number of qualified candidates submitted on the list from five to three;
- (3) Deleting language that would have required the Director of Transportation to give strong consideration to and prioritize those candidates;
- (4) Making it effective upon its approval; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1102, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1102, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Kila, Tarnas and Muraoka.
Managers on the part of the House.
Ayes, 3. Noes, none. Excused, none.

Senators Lee, C., Elefante, Chang and DeCorte.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, 1 (Chang).

Conf. Com. Rep. 94 on S.B. No. 1195

The purpose of this measure is to:

- (1) Prohibit street parking within twenty feet on each side of any crosswalk or intersection, regardless of the presence or absence of official signs or curb markings;
- (2) Require fines collected for street parking restrictions to be deposited into the Safe Routes to School Program Special Fund; and
- (3) Specify that signs or curb markings shall not be required to restrict parking within twenty feet of a crosswalk or intersection.

Your Committee on Conference finds that pedestrian injuries and deaths often occur at crosswalks and intersections. Your Committee on Conference further finds that parking in crosswalks and intersections impacts pedestrian visibility and potentially exacerbates the high number of accidents at these specific areas. Therefore, this measure prohibits parking within certain distances of crosswalks and enhances enforcement measures to ensure safety for pedestrians.

Your Committee on Conference has amended this measure by:

- (1) Changing its effective date to January 1, 2026; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1195, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1195, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Kila, Poepoe, Grandinetti and Muraoka.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Lee, C., Rhoads and Kanuha.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Kanuha).

Conf. Com. Rep. 95 on S.B. No. 1216

The purpose of this measure is to:

- (1) Condition the issuance of a certificate of inspection upon a vehicle or moped not being equipped with a noisy muffler or exhaust system;
- (2) Require rules regarding safety check inspections to ensure that a vehicle or moped is not equipped with a noisy muffler or exhaust system;
- (3) Suspend, revoke, or refuse renewal of a permit for an official inspection station for repeatedly violating any rule regarding inspecting a noisy muffler or exhaust system within a certain period;
- (4) Clarify the types of mufflers that are prohibited, except for certain motorcycles and mopeds;
- (5) Increase the maximum fine for motor vehicle owners that violate noisy muffler laws; and
- (6) Include repairing or installing a noisy muffler or exhaust system as a prohibited practice for motor vehicle repair laws.

Your Committee on Conference finds that excessive noise pollution, particularly from loud mufflers on motor vehicles, impacts many communities throughout the State. Your Committee on Conference further finds that strengthening inspection requirements and enforcement measures will enhance public health, safety, and quality of life for all residents in the State.

Your Committee on Conference has amended this measure by:

- (1) Deleting language that would have exempted motorcycles and mopeds from motor vehicle muffler modification regulations if the motorcycle or moped did not exceed United States Environmental Protection Agency regulations;
- (2) Making it effective upon its approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1216, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1216, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Kila, Tarnas, Grandinetti and Muraoka.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (Muraoka).

Senators Lee, C., Rhoads and Moriwaki.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Moriwaki).

Conf. Com. Rep. 96 on S.B. No. 1522

The purpose of this measure is to:

- (1) Clarify that proof that a transferor has filed required notice forms with the County Director of Finance serves as a complete defense to any action brought against the transferor for an act or omission, civil or criminal, arising from the use, operation, or abandonment of the vehicle by another person; and
- (2) Require by July 1, 2026, the Judiciary to determine whether new forms or modification of the Judiciary's website is necessary to assist vehicle transferors and, if so, to create the forms or modify the website.

Your Committee on Conference finds that when a vehicle transfer is made in the State, the transfer is not considered complete until the county receives a certificate of ownership documenting the transfer. When the buyer of a vehicle fails to submit the required documentation, the vehicle remains legally registered to the previous owner, rendering the previous owner liable for certain penalties or infractions though they are no longer in possession of the vehicle. This measure protects transferors from any liability that may result from the operation of a transferred vehicle.

Your Committee on Conference has amended this measure by:

- (1) Inserting legislative findings;
- (2) Making it effective upon its approval; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1522, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1522, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Kila, Tarnas and Muraoka.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Lee, C., Rhoads and DeCorte.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 97 on S.B. No. 30

The purpose of this measure is to:

- (1) Prohibit persons under the age of sixteen from driving a moped; and
- (2) Prohibit persons under the age of twenty-one from driving a moped without a helmet.

Your Committee on Conference finds that the inherent risk of driving a moped, which is a two-wheeled vehicle without a seatbelt or surrounding structure protecting drivers in the event of a crash, necessitates certain restrictions on operating this form of transportation in the State. Your Committee on Conference further finds that limiting the operation of mopeds to drivers aged sixteen and older and requiring the use of a helmet while driving a moped are necessary and appropriate steps to promote public safety.

Your Committee on Conference has amended this measure by:

- (1) Requiring all persons, regardless of age, to wear a safety helmet securely fastened with a chin strap when driving a moped;
- (2) Making it effective upon its approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 30, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 30, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Kila, Tarnas, Grandinetti and Muraoka.
Managers on the part of the House.
Ayes, 4. Noes, none. Excused, none.

Senators Lee, C., Rhoads, Chang and Fevella.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, 1 (Chang).

Conf. Com. Rep. 98 on S.B. No. 97

The purpose of this measure is to:

- (1) Increase the penalty for a third or subsequent offense within five years of excessive speeding to a misdemeanor with a mandatory minimum jail sentence of thirty days;
- (2) Clarify penalties for noncompliance with the maximum speed limit under an automated speed enforcement system; and
- (3) Specify that any summons or citations resulting from noncompliance shall not be recorded on a person's traffic abstract and used for insurance purposes.

Your Committee on Conference finds that speed-related traffic fatalities and accidents are a chronic problem in the State. Your Committee on Conference further finds that strengthening the laws relating to compliance with maximum speed limits is necessary to promote public safety and protect drivers and passengers.

Your Committee on Conference has amended this measure by:

- (1) Clarifying that the applicable state or county speed limit refers to the maximum speed limit instead of the minimum speed limit;
- (2) Deleting language that would have required any person who violates the excessive speeding laws within five years of two prior convictions for the same offense to report, within seven days of sentencing, to the appropriate police department, sheriff's office, or other governmental agency for fingerprinting; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 97, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 97, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Kila, Tarnas, Kitagawa and Muraoka.
Managers on the part of the House.
Ayes, 4. Noes, none. Excused, none.

Senators Lee, C., Chang and Elefante.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 99 on S.B. No. 321

The purpose of this measure is to establish a process for transferring fee simple absolute title of orphan streets to adjacent property owners under certain conditions, such as when the subdivider has dissolved, has ceased to exist, or is deceased, and include legal procedures for filing the action for transfer.

Your Committee on Conference finds that it is necessary to clarify the transfer of the fee simple ownership process for certain privately owned roadways or trails in the State in situations where the previous owner no longer exists and the State or a county has not been named grantee via a deed conveyance. Your Committee on Conference further finds that establishing a clear transfer process of these paths to an adjacent owner under certain circumstances will help to avoid legal disputes pertaining to liability, maintenance, and access.

Your Committee on Conference has amended this measure by:

- (1) Reverting to the language of the S.D. 1 version of this measure to provide that fee simple absolute title of a privately owned highway, road, alley, street, way, lane, bikeway, bridge, or trail is deemed transferred to a community association consisting of contiguous or adjacent property owners if certain conditions are met;
- (2) Specifying that the transfer requirements apply to any county with a population of less than 250,000;
- (3) Specifying the required notice that the community association to which the property is being transferred to is required to give of a potential transfer of property;
- (4) Specifying that a transfer of a fee simple title requires a year to have lapsed without the filing of a competing challenge or claim since the community association has given the required notice for the transfer;
- (5) Changing its effective date to July 1, 2027;
- (6) Inserting a sunset date of July 1, 2032; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 321, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 321, S.D. 1, H.D. 2, C.D. 1.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Lee, C., Inouye, Keohokalole, Rhoads and DeCorte.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, 1 (Keohokalole).

Conf. Com. Rep. 100 on S.B. No. 344

The purpose of this measure is to require all skateboard users under the age of eighteen to wear a helmet while operating a skateboard on public property.

Your Committee on Conference finds that skateboard accidents can result in serious injury to the skateboard rider, of which head injuries are especially dangerous. Your Committee on Conference further finds that helmet usage prevents injuries and reduces hospitalization and morbidity. Therefore, this measure enhances public safety by implementing helmet requirements to protect skateboard riders.

Your Committee on Conference has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 344, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 344, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Kila, Poepoe, Grandinetti, Takenouchi and Muraoka.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 2 (Takenouchi, Muraoka).

Senators Lee, C., Rhoads, Elefante and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 101 on S.B. No. 597

The purpose of this measure is to extend the deadline in which the Administrative Driver's License Revocation Office is required to issue a written review decision of a notice of administrative revocation of a person's license to operate a vehicle.

Your Committee on Conference finds that the State's existing deadlines for the Administrative Driver's License Revocation Office to issue its initial decision regarding whether to revoke the driver's license of an individual suspected of operating a vehicle under the influence of an intoxicant are unreasonable. The current deadlines align with neither national best practices nor the technological realities of toxicology laboratories for testing specimens for drugs and alcohol. Your Committee on Conference therefore concludes that by extending the deadlines, this measure will enable the Administrative Driver's License Revocation Office to issue decisions that are based on physical evidence, resulting in more reliable, just outcomes.

Your Committee on Conference has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 597, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 597, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Kila, Tarnas and Muraoka.

Managers on the part of the House.

Ayes, 2. Noes, none. Excused, 1 (Muraoka).

Senators Lee, C., Rhoads, Moriwaki and DeCorte.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Moriwaki).

Conf. Com. Rep. 102 on S.B. No. 1008

The purpose of this measure is to:

- (1) Authorize the counties to adopt ordinances to enforce the accessible parking space requirements for parking spaces reserved for persons with disabilities and electric vehicles; and
- (2) Repeal the requirement for any public or private entity that provides parking spaces reserved for persons with disabilities to comply with laws relating to parking for disabled persons.

Your Committee on Conference finds that there is insufficient enforcement for the improper use of electric vehicle parking and parking for persons with disabilities. Therefore, this measure will expand enforcement mechanisms available to the counties to demonstrate the State's commitment to sustainable and accessible transportation.

Your Committee on Conference has amended this measure by:

- (1) Deleting language that would have repealed the requirement for any public or private entity that provides parking spaces reserved for persons with disabilities to comply with laws relating to parking for disabled persons, including penalties for noncompliance;
- (2) Amending section 1 to reflect its amended purpose;
- (3) Making it effective upon its approval; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1008, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1008, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Kila, Tarnas and Muraoka.

Managers on the part of the House.

Ayes, 2. Noes, none. Excused, 1 (Muraoka).

Senators Lee, C., Wakai, Rhoads and DeCorte.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 103 on S.B. No. 1365

The purpose of this measure is to:

- (1) Authorize the Hawaii Medical Board, as a State of Principal License, to investigate and request criminal history records of qualified physicians seeking licensure through the Interstate Medical Licensure Compact; and
- (2) Appropriate funds.

Your Committee on Conference finds that the Interstate Medical Licensure Compact (Compact), enacted by Act 112, Session Laws of Hawaii 2023, was intended to streamline the licensing process for physicians seeking to practice in multiple states, including Hawaii. Due to Hawaii's ongoing physician shortage, the Compact, among other things, makes it possible to extend the reach of physicians, improve access to medical specialists, and leverage the use of medical technologies, such as telemedicine.

To fully participate in the Compact, however, authorization to conduct criminal history record checks is necessary as part of the licensing process. These background checks are a standard component of physician licensing nationwide and serve as a safeguard to protect patients and uphold the integrity of the medical system. Without this authority, the Hawaii Medical Board risks being able to issue licenses under the Compact, limiting the benefits intended by joining the Compact. Accordingly, this measure will allow the Hawaii Medical Board, under the Department of Commerce and Consumer Affairs, to conduct criminal background checks as part of its applicant screening process under the Compact to ensure that licenses are only issued to qualified, safe, and competent physicians, thereby ensuring that the benefits of entering the Compact can be fully implemented and realized in the State.

Your Committee on Conference has amended this measure by:

- (1) Removing the appropriation from the Compliance Resolution Fund;
- (2) Changing its effective date to July 1, 2025; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1365, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1365, H.D. 1, C.D. 1.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 104 on S.B. No. 1536

The purpose of this measure is to:

- (1) Repeal the exemption of the President and Chief Executive Officer of the Hawaii Tourism Authority from the State's Employees' Retirement System; and
- (2) Require a retirant returning to service as the President and Chief Executive Officer of the Hawaii Tourism Authority to re-enroll into the Employees' Retirement System.

Your Committee on Conference finds that existing law exempts the position of President and Chief Executive Officer of the Hawaii Tourism Authority from enrolling in the Employees' Retirement System. Your Committee on Conference further finds that exempting public employment positions from the Employees' Retirement System can lead to inequity within the public service and the underfunding of the System. By removing the exemption for the position of President and Chief Executive Officer of the Hawaii Tourism Authority, this measure ensures that state employees, regardless of position, contribute to, and benefit from, the Employees' Retirement System.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1536, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1536, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tam, Sayama, Templo and Matsumoto.

Managers on the part of the House.

Conf. Com. Rep. 105 on H.B. No. 1055

The purpose of this measure is to make an emergency appropriation out of the Public Utilities Commission Special Fund for the Public Utilities Commission to contract consultant services for utility dockets.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$700,000 for fiscal year 2024-2025 and clarifying that the appropriation is for the Public Utilities Commission to contract consultant services for utility dockets to assist with the efforts to strengthen the resilience and reliability of electric utility services in the State, including helping review wildfire mitigation plans of regulated public utilities;
- (2) Changing the effective date to upon approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1055, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1055, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Matayoshi, Takenouchi and Pierick.

Managers on the part of the House.

Ayes, 2. Noes, 1 (Pierick). Excused, none.

Senators Fukunaga, Wakai, Aquino, Richards and Awa.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 106 on H.B. No. 396

The purpose of this measure is to increase the rate of compensation and maximum allowable amounts per case for court-appointed counsel in criminal proceedings.

Your Committee on Conference has amended this measure by:+

- (1) Inserting an appropriation amount of \$2,890,000 for each fiscal year of the 2025-2027 Fiscal Biennium; and
- (2) Changing the effective date to July 1, 2025.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 396, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 396, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Kitagawa, Belatti and Garcia.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Rhoads, Moriwaki and Awa.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 107 on H.B. No. 1091

The purpose of this measure is to require a county to accept, within sixty days after receipt of a completed application for maintenance request, license or dedication of sewer transmission lines and related sewerage facilities servicing Hawaiian Home Lands that are brought into compliance by the Department of Hawaiian Home Lands.

Your Committee on Conference has amended this measure by:

- (1) Changing the effective date to upon approval; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1091, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1091, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Kitagawa, Holt, Poepoe and Shimizu.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Holt).

Senators Richards, DeCoite, Chang, Keohokalole and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 108 on H.B. No. 316

The purpose of this measure is to appropriate funds for the Green Jobs Youth Corps Program.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$2,000,000 for the Green Jobs Youth Corps Program; and
- (2) Changing its effective date to July 1, 2025.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 316, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 316, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashem, Lamosao and Shimizu.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Inouye, Moriwaki, Chang and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 109 on H.B. No. 506

The purpose of this measure is to appropriate funds for equipment, personnel, and other costs of the Oahu Branch of the Division of Conservation and Resources Enforcement of the Department of Land and Natural Resources.

Your Committee on Conference has amended this measure by:

- (1) Reverting to the H.D. 1 version; and
- (2) Further amending this measure by:
 - (A) Inserting an appropriation amount of \$4,974,040 and allocation amounts for the specified equipment; and
 - (B) Changing its effective date to July 1, 2025.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 506, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 506, H.D. 1, S.D. 2, C.D. 1.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Inouye, Moriwaki and DeCorte.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 110 on S.B. No. 693

The purpose of this measure is to appropriate funds for the continued implementation of the Food Hub Pilot Program, including the awarding of grants to qualifying food hubs.

Your Committee on Conference finds that food hubs can play an important role in the State's efforts to improve food security and self-sufficiency. This measure supports efforts to encourage the production of more locally grown food, strengthen local supply chains, promote environmental stability, and grow the agricultural economy by providing additional financial assistance to the temporary Food Hub Pilot Program established pursuant to Act 313, Session Laws of Hawaii 2022.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$1,500,000 in general funds for the fiscal biennium; and
- (2) Changing its effective date to July 1, 2025.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 693, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 693, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Kahaloa, Kusch and Matsumoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Gabbard, Kanuha, Richards and Awa.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 111 on S.B. No. 960

The purpose of this measure is to appropriate funds to the Department of Human Services to enhance access to, and participation in, the Supplemental Nutrition Assistance Program, including establishing additional positions.

Your Committee on Conference finds that the Supplemental Nutrition Assistance Program (SNAP) supports over one hundred thirty thousand individuals in the State, helping economically vulnerable households meet their basic nutritional needs without sacrificing their financial security. Your Committee on Conference further finds that the Department of Human Services lacks staffing needed to support the eligibility certification process through document processing, application registration, and other administrative functions integral to operations. This measure provides additional resources to strengthen the SNAP program in the State.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$1,100,000 for each year of the fiscal biennium to strengthen access to the Supplemental Nutrition Assistance Program;
- (2) Changing the effective date to July 1, 2025; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 960, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 960, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Marten, Morikawa, Olds and Alcos.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators San Buenaventura, Wakai and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 112 on S.B. No. 1186

The purpose of this measure is to establish and appropriate funds for a Statewide Interagency Food Systems Coordination Team and an Interagency Food Systems Working Group within the Agribusiness Development Corporation.

Your Committee on Conference finds that an efficient and effective sustainable food system is crucial for the long-term resiliency of the State. Your Committee on Conference notes that, because of the complex and interconnected nature of food systems, a coordinated approach that involves state agencies, producers, retailers, non-governmental organizations, and community members is necessary to successfully implement interagency food systems plans and actions to achieve the food systems goals of the State. This measure seeks to help reduce Hawaii's dependence on food imports and ensure food security in the State.

Your Committee on Conference has amended this measure by:

- (1) Requiring that the composition of the Interagency Food Systems Working Group consist of members with relevant experience, rather than specifically five members with relevant experience;
- (2) Deleting language that would have appropriated funds for the establishment of certain positions for the Statewide Interagency Food Systems Coordination Team and Interagency Food Systems Working Group;
- (3) Inserting an appropriation amount of \$100,000 for fiscal year 2025-2026 for operating costs for the Statewide Interagency Food Systems Coordination Team and Interagency Food Systems Working Group;
- (4) Deleting language that would have appropriated funds for fiscal year 2026-2027 for operating costs for the Statewide Interagency Food Systems Coordination Team and Interagency Food Systems Working Group;
- (5) Changing its effective date to July 1, 2025; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1186, S.D. 2, H.D. 3, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1186, S.D. 2, H.D. 3, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Kahaloa, Ilagan, Kusch and Matsumoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (Matsumoto).

Senators Gabbard, DeCoite, Rhoads and Awa.

Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 113 on S.B. No. 447

The purpose of this measure is to establish a Hiring Pilot Program within the Department of Health for recruitments initiated before July 1, 2028, to include an amended hiring procedure for delegated position classifications, certain flexibilities regarding minimum qualifications for positions having a salary range at or below SR-10, the ability to directly hire certain individuals into a civil service position if certain conditions are met, and the authority to make certain temporary appointments at the merited civil service pay scale without step limitation.

Your Committee on Conference finds that the Department of Health's current vacancy rate is at 29.8 percent, totaling one thousand forty-six open positions, revealing a severe staffing shortage that impedes the State's ability to quickly assess public health issues, develop effective public health policy, and instill confidence in residents regarding the State's ability to protect their health and well-being. Your Committee on Conference further finds that granting the Director of Health express authority over certain human resources matters would allow the Department of Health to retain staff and address public health issues more expeditiously. This measure increases the efficiency of the Department of Health's hiring process by requiring the delegation of certain human resources services from the Department of Human Resources Development to the Department of Health until June 30, 2028.

Your Committee on Conference has amended this measure by:

- (1) Changing the effective date to July 1, 2025; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 447, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 447, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Takayama, Sayama, Keohokapu-Lee Loy, Olds and Alcos.
Managers on the part of the House.
Ayes, 4. Noes, none. Excused, 1 (Alcos).

Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 114 on S.B. No. 1422

The purpose of this measure is to:

- (1) Repeal the requirement that a portion of the fees collected for certified copies of birth, marriage, divorce, or death certificates issued by the Department of Health be deposited to the credit of the general fund;
- (2) Repeal the Birth Defects Special Fund; and
- (3) Require a portion of the fees collected for issuance of marriage licenses to be deposited into the Vital Statistics Improvement Special Fund.

Your Committee on Conference finds that in the Office of the Auditor's Report No. 21-03, *Review of Special Funds, Revolving Funds, Trust Funds, and Trust Accounts of the Department of Health*, 2021, the Auditor found that the Birth Defects Special Fund did not meet the criteria of a special fund, in part because there was no clear link between the birth defects program and marriage license fees, and therefore recommended its repeal. Your Committee on Conference further finds that there is a need to overhaul the Department's vital statistics business functions, especially as there has been lengthy backlogs in customer requests due to a decades-old, unreliable computer system that drives a sub-optimal manual workflow, as well as overall increases in customer orders. Accordingly, this measure redirects the deposits of marriage license fees from the Birth Defects Special Fund into the Vital Statistics Special Fund to provide a more reliable stream of resources to offset costs for the daily operations of the vital statistics systems and to rectify the Auditor's concerns regarding the Birth Defects Special Fund.

Your Committee on Conference has amended this measure by:

- (1) Deleting language that would have appropriated funds out of the Vital Statistics Improvement Special Fund for the operations of the Vital Statistics Program, including the operations of the Office of Health Status Monitoring of the Department of Health;
- (2) Changing the effective date to July 1, 2025; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1422, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1422, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Takayama, Keohokapu-Lee Loy and Garcia.
Managers on the part of the House.
Ayes, 3. Noes, none. Excused, none.

Senators San Buenaventura, Inouye, Hashimoto and Fevella.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 115 on S.B. No. 1300

The purpose of this measure is to:

- (1) Beginning with the 2025-2026 school year, expand free school meal coverage to students who currently qualify for reduced-price lunch;
- (2) Beginning with the 2026-2027 school year, expand free school meal coverage to students whose family income is no more than three hundred per cent of the federal poverty level; and

(3) Appropriate funds.

Your Committee on Conference finds that healthy, nutritious school breakfasts and lunches allow students at Department of Education schools to remain focused in school. In fact, for some students, meals served during the school day may be the only meals those students eat each day. While the Department of Education offers free and reduced price meals to certain eligible students, students whose families are asset limited, income restrained, employed (ALICE) face additional hardships as they are ineligible for this benefit, but still struggle to afford basic necessities. Expanding food security to more students will alleviate financial burdens for certain working families, thereby ensuring students receive a complete meal each school day. As educating Hawaii's youth is of paramount importance to the future and economic success of the State, providing greater access to school meals will allow more students to concentrate on their academic growth and future life goals.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$565,000 in general revenues for the fiscal biennium for meal subsidies for students eligible for reduced-price meals;
- (2) Inserting an appropriation amount of \$2,800,000 in general revenues for fiscal year 2026-2027 for meal subsidies for students whose family income is not more than three hundred percent of the federal poverty level;
- (3) Changing its effective date to July 1, 2025; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1300, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1300, S.D. 1, H.D. 1, C.D. 1.

Conf. Com. Rep. 116 on S.B. No. 1304

The purpose of this measure is to appropriate funds out of the Pesticide Use Revolving Fund to the Department of Agriculture to continue the Statewide pesticide drift monitoring study.

Your Committee on Conference finds that additional funding is necessary for the Department of Agriculture to continue its study on pesticide drift from applications occurring near schools. This measure supports the timely collection of accurate data to determine whether and how Hawaii's children are impacted by off-target pesticide drift.

Your Committee on Conference has amended this measure by:

- (1) Deleting language that would have required the Department of Agriculture to contract with an independent consultant to conduct the study;
- (2) Inserting the following appropriation amounts for the Department of Agriculture to continue the statewide pesticide drift monitoring study:
 - (A) \$323,484 for fiscal year 2025-2026; and
 - (B) \$311,903 for fiscal year 2026-2027;
- (3) Changing its effective date to July 1, 2025; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1304, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1304, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Kahaloa, Kusch, Perruso, Quinlan and Matsumoto.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Gabbard, DeCoite, Rhoads and Awa.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 117 on S.B. No. 1502

The purpose of this measure is to appropriate funds to the University of Hawaii for the establishment of faculty positions, student programs, and other expenses at the College of Social Sciences at the University of Hawaii at Manoa and the Business Administration Program at the University of Hawaii West Oahu for workforce development to support the defense sector of the State's economy.

Your Committee on Conference finds that the defense industry is a critical economic driver for the State that provides lucrative jobs for the State's local economy. Your Committee on Conference further finds that there is a growing demand for jobs in defense-related fields and to meet this demand, the State should leverage the expertise offered at the University of Hawaii. This measure invests in the College of Social Sciences at the University of Hawaii at Manoa and the Business Administration Program at the University of Hawaii West Oahu to develop a skilled local workforce in the defense sector of the State's economy.

Your Committee on Conference has amended this measure by:

- (1) Deleting language that would have appropriated funds to establish positions in the College of Social Science at the University of Hawaii at Manoa for workforce development in the defense sector;

- (2) Deleting language that would have appropriated funds for student housing, travel costs, material supplies, and operation of the Academy for Hawaii Intelligence Studies Summer Program at the College of Social Sciences at the University of Hawaii at Manoa to develop a pipeline of talented students for workforce development in the defense sector;
- (3) Inserting an appropriation amount of \$195,000 for each year of the fiscal biennium for the establishment of the following positions:
 - (A) One half-time equivalent (0.5 FTE) faculty for the Director of the Cybersecurity Coordination Center; and
 - (B) One full-time equivalent (1.0 FTE) faculty for the Director of the Cybersecurity Research Laboratory,
 for the Business Administration Program at the University of Hawaii West Oahu for workforce development in the defense sector; and
- (4) Inserting an appropriation amount of \$270,000 for student internship programs, certification, software, and other related expenses for the Business Administration Program at the University of Hawaii West Oahu for workforce development in the defense sector of the State's economy; provided that federal funding is lost;
- (5) Amending section 1 to reflect its amended purpose;
- (6) Changing its effective date to July 1, 2025; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1502, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1502, S.D. 1, H.D. 1, C.D. 1.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 118 on S.B. No. 583

The purpose of this measure is to:

- (1) Allow the naming rights of the Stadium and Convention Center to be leased to any public or private entity; and
- (2) Require any revenues derived from advertising or marketing in or on the Stadium or Convention Center to be deposited into the appropriate special fund of the facility.

Your Committee on Conference finds that the cost to maintain and operate the Convention Center and new Aloha Stadium will place a significant financial burden on taxpayers and the State. This measure will allow public or private entities to lease naming rights for these facilities to provide additional funding sources to operate and maintain these facilities and alleviate the burden on taxpayers and the State.

Your Committee on Conference has amended this measure by:

- (1) Inserting language that authorizes the display of the name of any entity that leased the naming rights to a stadium operated by the Stadium Authority on the exterior of the stadium;
- (2) Changing its effective date to July 1, 2025; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 583, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 583, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Sayama, Lee, M. and Reyes Oda.

Managers on the part of the House.

Ayes, 2. Noes, none. Excused, 1 (Reyes Oda).

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 119 on S.B. No. 65

The purpose of this measure is to appropriate funds to the Hawaii Public Housing Authority for the rehabilitation, remodeling, renovation, and repair of housing units.

Your Committee on Conference finds that the Hawaii Public Housing Authority (HPHA) has a mission to provide safe, secure housing to the State's most vulnerable populations, including low-income individuals and families, seniors, and individuals with disabilities. While HPHA supports many residents statewide, existing properties require extensive capital improvements to ensure safety and sanitation requirements are met. As HPHA relies on federal funding for most of its operations, which is commensurate with unit occupancy, rehabilitation of vacant units is of paramount importance to maintaining a stable source of funding. Therefore, this measure ensures continuity of HPHA operations and the provision of reliable housing for the residents it serves.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$10,000,000 in general funds for the fiscal biennium for the Hawaii Public Housing Authority to rehabilitate, remodel, renovate, and repair housing units; and
- (2) Changing its effective date to July 1, 2025.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 65, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 65, S.D. 2, H.D. 1, C.D. 1.

Conf. Com. Rep. 120 on S.B. No. 264

The purpose of this measure is to:

- (1) Establish the amount of compensation for private-sector examiners who evaluate a criminal defendant's fitness to proceed or penal responsibility in a legal case; and
- (2) Appropriate funds.

Your Committee on Conference finds that the existing fee structure for the compensation for court-appointed forensic examiners providing services to the Judiciary has made it challenging to recruit and retain professionals with the necessary expertise. This measure will ensure that the State is able to maintain a pool of qualified and available examiners capable and willing to provide essential services for documenting and reporting their findings to the court.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$975,000 for the Judiciary to compensate private-sector examiners who evaluate a criminal defendant's fitness to proceed or penal responsibility in a legal case; and
- (2) Changing its effective date to July 1, 2025.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 264, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 264, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Kitagawa, Belatti and Shimizu.

Managers on the part of the House.

Conf. Com. Rep. 121 on S.B. No. 304

The purpose of this measure is to enable the Adult Client Services Branch to move toward the recommended national best practice standards for community supervision by establishing positions and appropriating funds for the Adult Client Services Branch of the First Circuit.

Your Committee on Conference finds that in 2024, the American Probation and Parole Association published national standards for community supervision. However, due to probation officers in the First Circuit supervising diverse caseloads which are comprised of multiple types of cases that include intensive risk to administrative risk cases, these standards are unattainable with existing staffing at the Adult Client Services Branch. This measure will enable the Adult Client Services Branch to move toward the recommended national best practice standards for community supervision.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$739,440 for the fiscal biennium to establish permanent positions in the Adult Client Services Branch of the First Circuit, including:
 - (A) \$73,836 each for eight full-time equivalent (8.0 FTE) probation officer positions;
 - (B) \$50,880 for one full-time equivalent (1.0 FTE) social worker position; and
 - (C) \$48,936 each for two full-time equivalent (2.0 FTE) clerk positions;
- (2) Inserting an appropriation amount of \$140,000 for the fiscal biennium for operating expenses for the Adult Client Services Branch of the First Circuit;
- (3) Changing its effective date to July 1, 2025; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 304, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 304, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Kitagawa, Belatti and Shimizu.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Rhoads, Inouye and Awa.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 122 on S.B. No. 428

The purpose of this measure is to:

- (1) Amend the fees paid to witnesses in civil and criminal trials;
- (2) Change the fees paid for travel expenses from 20 cents a mile to the mileage allowance prescribed by the Administrator of General Services; and
- (3) Authorize reimbursement to witnesses in civil trials for use of common carriers.

Your Committee on Conference finds that witnesses are crucial for the justice system to properly function. This measure acknowledges the critical role witnesses play in the administration of justice and will help to offset the time away from work and family that witnesses spend participating in judicial proceedings.

Your Committee on Conference has amended this measure by:

- (1) Changing the fees paid to witnesses for their attendance in civil trials from an unspecified amount to:
 - (A) \$30 for each day's attendance in court; and
 - (B) \$36 for each day's attendance in court for each witness coming from any island other than that upon which the court is holding session;
- (2) Changing the fees paid to witnesses for their attendance in criminal trials from an unspecified amount to \$40 for each day's attendance in court;
- (3) Amending section 1 to reflect its amended purpose; and
- (4) Changing its effective date to July 1, 2025.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 428, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 428, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Kitagawa and Shimizu.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Rhoads, Kanuha and Awa.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 123 on S.B. No. 1469

The purpose of this measure is to suspend the statute of limitations on collections of income tax, general excise tax, transient accommodations tax; use tax; fuel tax; conveyance tax; and rental motor vehicle, tour vehicle, and car-sharing vehicle surcharge tax during the period an assessment is pending on appeal before the Taxation Board of Review or Tax Appeal Court.

Your Committee on Conference finds that due to a backlog of cases pending in the Taxation Board of Review and Tax Appeal Court, the fifteen-year statute of limitations on certain collection activities has expired or will soon expire for some assessments currently pending on appeal. Because taxpayers currently are not required to pay an assessed tax to file a tax appeal with the Taxation Board of Review or Tax Appeal Court, and because collection activities are stayed during the pendency of those appeals, decisions and court judgments filed after the statute of limitations expires risk being uncollectible. This measure will extend the collection window during the time an appeal is pending to prevent taxpayers from "running out the clock" on collections by appealing their debts.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1469, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1469, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Kitagawa and Shimizu.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Rhoads, Kanuha and Awa.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 124 on S.B. No. 572

The purpose of this measure is to:

- (1) Add loan funds administered by certified Nonprofit Community Development Financial Institutions (CDFIs) for certain for-sale affordable housing projects to the list of loan priorities for the Affordable Homeownership Revolving Fund; and
- (2) Expand the use of moneys in the revolving fund to allow financing as matching funds for CDFIs to mobilize other funding sources.

Your Committee on Conference finds that financing for housing development in the State remains access to a significant barrier to increasing the supply of affordable housing. CDFIs use public funds to attract private capital with the goal of increasing affordable housing and economic development in the community. This measure will enable CDFIs to access additional capital, thereby increasing the resources available for affordable for-sale housing projects.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 572, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 572, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Evslin, Miyake and Muraoka.
Managers on the part of the House.
Ayes, 3. Noes, none. Excused, none.

Senators Chang, Hashimoto, Kanuha and Fevella.
Managers on the part of the Senate.
Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 125 on S.B. No. 576

The purpose of this measure is to:

- (1) Amend the required contents of legislative reports to be submitted by the Hawaii Public Housing Authority and Hawaii Housing Finance and Development Corporation; and
- (2) Amend the scope of moneys to be deposited into, and the allowable uses of moneys expended from, the Public Housing Special Fund.

Your Committee on Conference finds that the Hawaii Public Housing Authority (HPHA) and Hawaii Housing Finance and Development Corporation (HHFDC) have similar missions to provide the State's residents with safe, secure housing. Presently, HPHA and HHFDC are required to submit annual reports to the Legislature. However, existing reporting requirements do not fully capture the scope of activities undertaken by HHFDC and HPHA. This measure will therefore expand the required contents of the reports submitted to the Legislature to promote transparency and accountability.

Your Committee on Conference further finds that the Public Housing Special Fund was established to support long-term and special projects by HPHA. The special fund, however, does not have regular revenue streams like other funds administered by HHFDC. This measure will allow repayments into the Public Housing Special Fund from completed projects, thereby making available additional funds for critical development and redevelopment activities to lower costs, support sustainability of the fund, and increase housing supply in the State.

Your Committee on Conference has amended this measure by changing its effective date to July 1, 2025.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 576, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 576, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Evslin, Miyake and Muraoka.
Managers on the part of the House.
Ayes, 3. Noes, none. Excused, none.

Senators Chang, Hashimoto, Kanuha and Fevella.
Managers on the part of the Senate.
Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 126 on S.B. No. 1221

The purpose of this measure is to require each county to:

- (1) Adopt ordinances regulating certain retention ponds and detention ponds; and
- (2) Conduct a survey of existing retention and detention ponds and submit a report to the Legislature prior to the Regular Session of 2026.

Your Committee on Conference finds that retention and detention ponds, while essential for stormwater management, pose serious risks to public health and safety due to their potential for sudden water level changes and deep standing water. Your Committee on Conference notes that the State has no existing laws governing the maintenance of detention and retention ponds. This measure seeks to prevent tragedies like the untimely death of Charlotte "Sharkey" Schaefer, a five-year-old girl who drowned in a detention pond while trying to save the life of her friend, by requiring the counties to adopt regulations on the construction and permitting of retention and detention ponds, including the establishment of minimum safety standards.

Your Committee on Conference has amended this measure by:

- (1) Designating the statutory language that requires each county to adopt ordinances regulating certain retention ponds and detention ponds as "Sharkey's Law";
- (2) Specifying that each county shall adopt ordinances regulating certain retention ponds and detention ponds beginning January 1, 2027;
- (3) Making it effective upon its approval; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1221, S.D. 2, H.D. 3, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1221, S.D. 2, H.D. 3, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashem, Tarnas, Lamosao and Shimizu.
Managers on the part of the House.
Ayes, 3. Noes, none. Excused, 1 (Tarnas).

Senators Wakai, Hashimoto, Kanuha and Fevella.
Managers on the part of the Senate.
Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 127 on S.B. No. 933

The purpose of this measure is to facilitate funding for services provided by the nonprofit sector.

Specifically, the measure:

- (1) Appropriates moneys to award grants for fiscal year 2025-2026; and

- (2) Subjects recipient organizations to certain requirements, including legislative reporting requirements.

Your Committee on Conference recognizes the potentially dire impact that the federal funding freeze imposed by the United States Office of Management and Budget may have on numerous nonprofit organizations in the State that provide critical assistance in health and human services. Your Committee believes that state policymakers must take the initiative to avert such an impact by providing sufficient state funding to make up for any federal funding shortfalls.

Your Committee on Conference has amended this measure by restructuring its contents and:

- (1) Appropriating \$50,000,000 to the Office of Community Services of the Department of Labor and Industrial Relations for the award of grants in accordance with substantially all the requirements of Chapter 42F, Hawaii Revised Statutes, for fiscal year 2025-2026;
- (2) Establishing an evaluation and selection committee to oversee the awarding of grants;
- (3) Authorizing the Office of Community Services to contract the services of Aloha United Way, Inc., to assist with the administration and distribution of grant awards;
- (4) Appropriating \$140,000 to the Office of Community Services to carry out its responsibilities under this measure; and
- (5) Changing the effective date to July 1, 2025.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 933, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 933, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamashita, Holt and Alcos.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Hashimoto, Aquino and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Aquino).

Conf. Com. Rep. 128 on H.B. No. 774

The purpose of this measure is to:

- (1) Establish a Food and Product Innovation Network within the Agribusiness Development Corporation to enable businesses to scale up new products from research and development to manufacturing and commercialization; and
- (2) Appropriate funds to implement the Food and Product Innovation Network, including for staff and other operating expenses.

Your Committee on Conference has amended this measure by:

- (1) Specifying that the Food and Product Innovation Network (Network) shall operate under a centralized coordination structure administered by the Agribusiness Development Corporation;
- (2) Expanding Hawaii-related branding to include "Hawaii made";
- (3) Clarifying provisions related to the inclusion of future facilities and additional facilities on Oahu, as partner members of the Network;
- (4) Expanding the requirements of the Network to include establishing pathways for greater opportunities, facilitating various partnerships, and engaging with national and international partners;
- (5) Inserting an appropriation amount of \$385,289 for the Department of Health for the Network, including \$172,884 for two full-time equivalent (2.0 FTE) positions and \$212,405 for other operating expenses;
- (6) Changing the effective date to July 1, 2025; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 774, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 774, H.D. 2, S.D. 1, C.D. 1.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fukunaga).

Conf. Com. Rep. 129 on H.B. No. 650

The purpose of this measure is to appropriate funds for fiscal years 2025-2026 and 2026-2027 to the Department of Business, Economic Development, and Tourism to provide education and support to local businesses regarding the United States Food and Drug Administration's guidance on colored sea salt.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$300,000 and removing the appropriation for fiscal year 2026-2027;
- (2) Changing the effective date to July 1, 2025; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 650, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 650, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fukunaga).

Conf. Com. Rep. 130 on H.B. No. 1406

The purpose of this measure is to establish and appropriate funds for the Intergovernmental Task Force for Permit Simplification to identify actions taken, challenges encountered, and legislative measures necessary to facilitate, expedite, and coordinate state and intergovernmental development permit processes.

Your Committee on Conference has amended this measure by:

- (1) Changing the name of the Task Force to the Simplifying Permitting for Enhanced Economic Development (SPEED) Task Force;
- (2) Adding a representative from the State Building Code Council of the Department of Accounting and General Services to the Task Force;
- (3) Inserting an appropriation amount of \$100,000 for the staffing and administrative costs of the Task Force;
- (4) Changing the expending agency from the House of Representatives to the Office of Planning and Sustainable Development; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1406, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1406, H.D. 1, S.D. 2, C.D. 1.

Conf. Com. Rep. 131 on H.B. No. 341

The purpose of this measure is to authorize the issuance of special purpose revenue bonds to assist the Hawai'i Island Community Health Center purchase or lease of land on the island of Hawaii to develop primary care health care facilities.

Your Committee on Conference has amended this measure by:

- (1) Changing the special purpose revenue bond authorization from an unspecified amount to \$80,000,000;
- (2) Changing the effective date to July 1, 2025; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 341, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 341, H.D. 1, S.D. 2, C.D. 1.

Conf. Com. Rep. 132 on H.B. No. 990

The purpose of this measure is to satisfy several claims against the State, its officers, or its employees.

Your Committee on Conference has amended this measure by:

- (1) Appropriating:
 - (A) \$69,113.33 in general funds for a claim by Gilbert Collins;
 - (B) \$166,492.00 in general funds for a claim by National Commerce Bank Service;
 - (C) \$50,210.67 in general funds for a claim by Olinda Country Estates, Inc.;
 - (D) \$22,674.17 in general funds for a claim by Sofia Lerman Estate;
 - (E) \$100,000.00 in general funds for a settlement in the case of Donna Oplento v. State of Hawaii Department of Public Safety;
 - (F) \$100,000.00 in general funds for a settlement in the case of D.O. v. State of Hawaii, Department of Education;

- (G) \$140,000.00 in general funds for a settlement in the case of Leonard Ramboyon v. Esther Kanehailua;
- (H) \$50,000.00 in general funds for a settlement in the case of Jon R. Chung v. State of Hawaii;
- (I) \$298,000.00 in general funds for a settlement in the tort claim by Kamaka Air, LLC;
- (J) \$512,700.83 in general funds for a judgment in the case of John Roe No. 121 v. State of Hawaii;
- (K) \$115,000.00 in general funds for a settlement in the case of Anela Aplaca v. State of Hawaii;
- (L) \$125,000.00 in general funds for a settlement in the case of Stacy J. Bruhn v. State of Hawaii;
- (M) \$26,771.00 in general funds for a judgment in the case of Healoha Carmichael v. Board of Land and Natural Resources;
- (N) \$18,000.00 in general funds for a settlement in the case of Kona Mike's Surf Adventures, LLC v. Dawn N.S. Chang; and
- (O) \$70,000.00 out of the state highway fund for a settlement in the case of Susanna Sigal v. State of Hawaii;
- (2) Amending the amount and percentage of exceedance of the appropriations over the general fund expenditure ceiling for fiscal year 2024-2025;
- (3) Changing the effective date to upon approval; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 990, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 990, H.D. 2, S.D. 1, C.D. 1.

Conf. Com. Rep. 133 on H.B. No. 97

The purpose of this measure is to establish a new regulatory framework for the sale of travel insurance in the State, including licensing and registration requirements for limited lines travel insurance producers and travel retailers, respectively.

Your Committee on Conference has amended this measure by:

- (1) Changing its effective date to upon its approval; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 97, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 97, H.D. 2, S.D. 2, C.D. 1.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 134 on S.B. No. 383

The purpose of this measure is to:

- (1) Increase the minimum amount for purchases constituting small purchase procurements that are subject to an electronic system from \$25,000 to \$50,000; and
- (2) Require a report to the Legislature.

Your Committee on Conference finds that the costs of goods have increased significantly since the threshold for small purchase procurements that are subject to an electronic system was originally set. Due to inflation and higher costs, more small purchases than the Legislature originally intended are now required to adhere to the electronic procurement system. Your Committee on Conference further finds that the requirements of the electronic system may be arduous and overly time-consuming during disaster recovery efforts, which are increasingly common and often require expedient small purchase procurements. Therefore, this measure raises the minimum threshold for small purchase procurements that are subject to an electronic system to align with increased costs and facilitate more efficient disaster recovery efforts.

Your Committee on Conference has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 383, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 383, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Takenouchi, Morikawa and Reyes Oda.

Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, 1 (Hashimoto).

Conf. Com. Rep. 135 on S.B. No. 465

The purpose of this measure is to:

- (1) Require the Department of Land and Natural Resources to conduct a study of the carrying capacity of Kikiaola Small Boat Harbor and its surrounding area in the County of Kauai;
- (2) Require a report to the Legislature; and
- (3) Appropriate funds.

Your Committee on Conference finds that Kikiaola Small Boat Harbor is experiencing an increase in boating activities, reducing water quality in the harbor and the surrounding waters. This measure will ensure that Kikiaola Small Boat Harbor remains a safe and functional space for boaters, fishermen, and members of the community by requiring the Department of Land and Natural Resources to conduct a carrying capacity study of the harbor.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$250,000 for fiscal year 2025-2026 for the Department of Natural Resources to conduct a carrying capacity study of Kikiaola Small Boat Harbor; and
- (2) Changing its effective date to July 1, 2025.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 465, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 465, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashem, Morikawa, Lamosao and Souza.

Senators Inouye, Wakai and DeCorte.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 136 on S.B. No. 479

The purpose of this measure is to:

- (1) Repeal language that gives the Director of Finance discretion to use moneys in the Hawaii ABLE Savings Program Trust Fund if the Director elects to accept deposits from contributors instead of sending deposits directly to the ABLE Program Manager; and
- (2) Authorize the Director of Finance to expend moneys in the Hawaii ABLE Savings Program Trust Fund to provide incentive payments to ABLE account owners; and
- (3) Appropriate funds.

Your Committee on Conference finds that the Hawaii ABLE Savings Program was established to enable individuals with disabilities and their families to save funds in a tax-exempt savings program, allowing individuals with disabilities the same types of flexible savings accounts that people without disabilities have, such as college savings accounts, health savings accounts, and individual retirement accounts. Your Committee on Conference further finds that an ABLE savings account would enable individuals with a disability to save money to pay for necessary expenses, such as medical and dental care, education, community-based supports, employment training, assistive technology, housing, and transportation without the fear of losing crucial benefits, such as Medicaid, providing both financial security and peace of mind. This measure increases awareness and incentives to participate in the Hawaii ABLE Savings Program, ensuring that people with disabilities are fully informed about the opportunities available to them.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$75,000 out of the general revenues of the State of Hawaii for each year of the fiscal biennium to be deposited into the Hawaii ABLE Savings Program Trust Fund;
- (2) Inserting an appropriation amount of \$13,000 out of the Hawaii ABLE Savings Program Trust Fund for each year of the fiscal biennium to be expended by the Department of Budget and Finance to provide incentive payments to ABLE account owners;
- (3) Inserting an appropriation amount of \$62,000 out of the Hawaii ABLE Savings Program Trust Fund for each year of the fiscal biennium to be expended by the Department of Health to establish one full-time equivalent (1.0 FTE) permanent position within the State Council on Developmental Disabilities to provide statewide outreach, advocacy, and relationship management for the Hawaii ABLE Savings Program; and
- (4) Changing its effective date to July 1, 2025.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 479, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 479, S.D. 1, H.D. 1, C.D. 1.

Senators San Buenaventura, Aquino, Hashimoto and Fevella.
Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Hashimoto).

Conf. Com. Rep. 137 on H.B. No. 718

The purpose of this measure is to appropriate funds to the University of Hawaii John A. Burns School of Medicine for:

- (1) Faculty positions in the fields of cardiovascular biology, tropical medicine, and quantitative health biostatistics; and
- (2) An environmental health and safety officer staff position.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$763,000 to fund:
 - (A) Three full-time equivalent (3.0 FTE) faculty positions: one position each in the fields of cardiovascular biology, tropical medicine, and quantitative health biostatistics; and
 - (B) One full-time equivalent (1.0 FTE) environmental health and safety officer staff position; and
- (2) Changing the effective date to July 1, 2025.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 718, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 718, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Garrett, Holt, Miyake, Sayama and Souza.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 2 (Sayama, Souza).

Senators Kim, Kanuha and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 138 on H.B. No. 1169

The purpose of this measure is to:

- (1) Establish the University of Hawaii Conference Center Revolving Fund to facilitate the administration of the revolving fund for conference center programs among various campuses and operating units of the University of Hawaii System;
- (2) Repeal the Conference Center Revolving Fund for the University of Hawaii at Hilo and the Community College Conference Center Revolving Fund;
- (3) Lapse all appropriations and encumbrances of the Conference Center Revolving Fund for the University of Hawaii at Hilo and the Community College Conference Center Revolving Fund to the University of Hawaii Conference Center Revolving Fund; and
- (4) Appropriate funds out of the University of Hawaii Conference Center Revolving Fund.

Your Committee on Conference has amended this measure by:

- (1) Removing the appropriation; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1169, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1169, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Garrett, Holt, Amato and Muraoka.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Kim, Hashimoto and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 139 on H.B. No. 1170

The purpose of this measure is to require the University of Hawaii to grant the resident tuition fee for enrollment at any University of Hawaii campus to individuals who have graduated from a Hawaii high school and are enrolling in an undergraduate degree program, under certain conditions.

Your Committee on Conference has amended this measure by:

- (1) Clarifying that an adult or minor student who graduated from a high school in the State within two years, rather than four years, preceding the student's first day of officially scheduled instruction at a University of Hawaii campus shall qualify for the resident tuition fee;
- (2) Changing the effective date to July 1, 2025; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1170, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1170, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Garrett, Holt, Amato and Muraoka.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Kim, Hashimoto and Fevella.
Managers on the part of the Senate.
Ayes, 2. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 140 on H.B. No. 1171

The purpose of this measure is to authorize the Board of Regents to use funds from the University of Hawaii Tuition and Fees Special Fund for student aid in direct response to an emergency or disaster, as declared by the Governor.

Your Committee on Conference has amended this measure by:

- (1) Changing the annual expenditure cap from the University of Hawaii Tuition and Fees Special Fund for providing student aid in direct response to an emergency or disaster to \$3,000,000; and
- (2) Changing the effective date to July 1, 2025.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1171, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1171, H.D. 2, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Garrett, Holt, Amato and Muraoka.
Managers on the part of the House.
Ayes, 4. Noes, none. Excused, none.

Senators Kim, Hashimoto and Fevella.
Managers on the part of the Senate.
Ayes, 2. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 141 on H.B. No. 1300

The purpose of this measure is to appropriate funds to the University of Hawaii Cancer Center to conduct a multiethnic cohort study focusing on the social determinants of health, lifestyles, environmental exposures, and resilience factors of Native Hawaiians, Pacific Islanders, and Filipinos, including an analysis of the health effects and risks of individuals living in close proximity to landfills in Nanakuli, Oahu.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$500,000 to conduct the multiethnic cohort study;
- (2) Deleting language that would have required the appropriated funds to be matched by federal funds on a dollar-for-dollar basis before expenditure;
- (3) Requiring the University of Hawaii Cancer Center to seek other sources of funding to complete the multiethnic cohort study;
- (4) Changing the effective date to July 1, 2025; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1300, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1300, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Garrett, Keohokapu-Lee Loy and Alcos.
Managers on the part of the House.
Ayes, 3. Noes, none. Excused, none.

Senators Kim, Hashimoto and Fevella.
Managers on the part of the Senate.
Ayes, 2. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 142 on S.B. No. 336

The purpose of this measure is to:

- (1) Require the State to defend professionally licensed or certified state employees from civil actions or proceedings, under certain circumstances;
- (2) Clarify that the employee may employ their own attorney at the employee's own expense; and
- (3) Establish a process for the Attorney General to transfer or withdraw representation if the Attorney General declines to defend the employee.

Your Committee on Conference finds that professionally licensed or certified state employees require additional protections from liability to take effective, efficient action while exercising their professional judgement in their capacity as public employees. While existing law sets forth the personal liability requirements for these employees, it lacks clarity regarding the circumstances under which the State has a duty to defend them and the conditions and procedures under which the Attorney General may confidentially withdraw representation of the employee. Therefore, this measure establishes a transparent legal representation framework to support public service professionals.

Your Committee on Conference has amended this measure by:

- (1) Changing its effective date to July 1, 2025; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 336, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 336, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Kitagawa and Shimizu.
Managers on the part of the House.
Ayes, 3. Noes, none. Excused, none.

Senators Aquino, Rhoads, Kanuha and Fevella.
Managers on the part of the Senate.
Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 143 on S.B. No. 742

The purpose of this measure is to:

- (1) Establish a Data Sharing and Governance Working Group within the Office of Enterprise Technology Services;
- (2) Require a report to the Legislature; and
- (3) Appropriate funds.

Your Committee on Conference finds that siloing data in separate state agencies has created knowledge gaps that limit the State's ability to address the affordability crisis, workforce development, and other issues facing its residents. Increased data-sharing and collaboration between state departments and agencies would enable informed, evidence-based decision-making, facilitating superior policy outcomes. Therefore, this measure establishes a Data Sharing and Governance Working Group to develop recommendations to improve data-sharing within the state government.

Your Committee on Conference has amended this measure by:

- (1) Specifying that the Working Group shall review the adequacy of departmental data sharing and the data task force in addressing the State's data-sharing capabilities, rather than data-sharing needs;
- (2) Designating the Chief Information Officer, rather than the Chief Data Officer, to serve as the chairperson of the Working Group;
- (3) Requiring the Working Group to submit a report to the Legislature no later than twenty days prior to the convening of the Regular Session of 2027, rather than the Regular Session of 2026;
- (4) Mandating the Working Group to cease to exist on June 30, 2027, rather than June 30, 2026;
- (5) Deleting language that would have appropriated funds to the Office of Enterprise Technology Services for the Working Group;
- (6) Amending section 1 to reflect its amended purpose;
- (7) Changing its effective date to July 1, 2025; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 742, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 742, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Senators Aquino, Lee, C. and Fevella.
Managers on the part of the Senate.
Ayes, 2. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 144 on S.B. No. 855

The purpose of this measure is to:

- (1) Clarify the definition of "covered employer" under the Hawaii Retirement Savings Act;
- (2) Require covered employers to automatically enroll covered employees into the Hawaii Retirement Savings Program unless the employee opts out;
- (3) Repeal the limit on the total fees and expenses that can be spent for the Program each year; and
- (4) Appropriate funds to the Department of Labor and Industrial Relations for the development and operation of the Program.

Your Committee on Conference finds that the Hawaii Retirement Savings Program will offer a critical retirement planning option to many private-sector employees in the State. Your Committee on Conference further finds, however, that the Program's use of an opt-in enrollment model will hinder its ability to accumulate a critical mass of participants, risk its long-term viability, and limit the potential for the State to enter into cost-cutting interstate compact agreements. Therefore, this measure implements an automatic enrollment model to align the Program with best practices in the retirement savings industry and provide for the long-term financial security of private sector employees.

Your Committee on Conference has amended this measure by:

- (1) Deleting language that would have appropriated funds to the Department of Labor and Industrial Relations for the development and operation of the Hawaii Retirement Savings Program;
- (2) Amending section 1 to reflect its amended purpose; and
- (3) Changing its effective date to July 1, 2025.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 855, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 855, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Sayama, Lee, M. and Reyes Oda.

Managers on the part of the House.

 Managers on the part of the Senate.
 Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 145 on S.B. No. 1065

The purpose of this measure is to:

- (1) Prohibit the State or any of its departments, agencies, or political subdivisions from requiring a bachelor's degree as a condition of eligibility for hire to a position in state or county employment; and
- (2) Establish exemptions.

Your Committee on Conference finds that the State currently faces a severe public service staffing shortage. Your Committee on Conference further finds that many state positions utilize degree requirements to screen candidates, despite mounting evidence in support of the efficacy of skills-based hiring. For many public service positions, degree requirements exacerbate staffing shortages by excluding valuable potential candidates with applicable skills and experience. Therefore, this measure requires a shift to skills-based hiring, with certain exceptions, to modernize state hiring practices and diversify the workforce.

Your Committee on Conference has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1065, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1065, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Sayama, Lee, M. and Reyes Oda.
 Managers on the part of the House.
 Ayes, 3. Noes, none. Excused, none.

Senators Aquino, McKelvey, Lee, C. and Fevella.
 Managers on the part of the Senate.
 Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 146 on S.B. No. 1491

The purpose of this measure is to:

- (1) Add the Department of Taxation and Department of Business, Economic Development, and Tourism to the list of state agencies required to share data and determine the data to be shared through the Statewide Longitudinal Data System; and
- (2) Require data shared by the Department of Taxation or Department of Business, Economic Development, and Tourism to be aggregated or anonymized.

Your Committee on Conference finds that the Statewide Longitudinal Data System collects and analyzes data from state agencies to support policies for improved outcomes throughout the early education to workforce pipeline. Your Committee on Conference further finds, however, that the System suffers critical knowledge gaps relating to certain segments of the State's workforce, such as the self-employed. Therefore, this measure enhances the System by including data from the Department of Taxation and Department of Business, Economic Development, and Tourism to support better research and evaluation efforts.

Your Committee on Conference has amended this measure by:

- (1) Changing its effective date to July 1, 2025; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1491, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1491, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Sayama, Lee, M. and Reyes Oda.
 Managers on the part of the House.
 Ayes, 3. Noes, none. Excused, none.

Senators Aquino, Moriwaki and Fevella.
 Managers on the part of the Senate.
 Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 147 on S.B. No. 1567

The purpose of this measure is to:

- (1) Require the Department of Human Resources Development to complete a comprehensive review of the classification and compensation systems for civil service positions under the jurisdiction of the Department of Human Resources Development;
- (2) Allow the Department to contract with a third party, in accordance with the Hawaii Public Procurement Code, to assist with the timely completion of the review;
- (3) Require reports to the Legislature; and

(4) Appropriate funds.

Your Committee on Conference finds that many state agencies are experiencing staffing shortages which hinder the delivery of critical public services, such as the Supplemental Nutrition Assistance Program, Med-QUEST, and unemployment benefits. Your Committee on Conference further finds that high vacancy rates are exacerbated by outdated classification and compensation systems for state employee positions, which impede state hiring efforts. Therefore, this measure will reassess the qualifications and compensation packages for certain positions to improve retention and recruitment of qualified candidates to public service.

Your Committee on Conference has amended this measure by:

- (1) Specifying that the Department of Human Resources Development shall complete the comprehensive review of the classification and compensation systems for all civil service positions that are under its jurisdiction by October 31, 2026;
- (2) Requiring the Department of Human Resources Development to submit its preliminary report to the Legislature by February 28, 2026, rather than twenty days prior to the convening of the Regular Session of 2026;
- (3) Deleting language that would have appropriated funds to the Department of Human Resources Development to conduct and complete a comprehensive review of the classification and compensation systems for civil service positions under its jurisdiction;
- (4) Amending section 1 to reflect its amended purpose;
- (5) Changing its effective date to July 1, 2025; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1567, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1567, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 148 on S.B. No. 1367

The purpose of this measure is to:

- (1) Make clarifying amendments to the laws governing installment loans by:
 - (A) Replacing defined terms for consistency throughout the installment loan chapter;
 - (B) Requiring lenders to prorate maintenance fees on a daily basis;
 - (C) Allowing lenders to charge a \$1 convenience fee for debit card payments;
 - (D) Requiring paper receipts only for cash or in-person payments and removing the requirement that written receipts contain the consumer's name; and
 - (E) Repealing the three-day waiting period between installment loans; and
- (2) Sunset on June 30, 2028.

Your Committee on Conference finds that existing law has enabled installment lenders writing loan contracts to fully capture the maximum monthly maintenance fees even if the lender provides service for only a portion of the month. This measure requires lenders to prorate the monthly maintenance fees daily.

Your Committee on Conference further finds that existing law also requires lenders to wait three days after a consumer has fully repaid a previous installment loan before issuing a new one. Although the original intent of the three-day waiting period was to prevent borrowers from falling into a continuous cycle of debt by repaying the loan and borrowing again on the same day, unlike payday loans, installment loans are gradually paid down through a series of payments. Repealing the three-day waiting period will allow consumers on the neighbor islands, which only have access to one or two lenders, to have more access to financial services.

Your Committee on Conference has amended this measure by:

- (1) Changing its effective date to July 1, 2025;
- (2) Extending the sunset date to June 30, 2030; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1367, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1367, S.D. 1, H.D. 1, C.D. 1.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 149 on H.B. No. 1370

The purpose of this measure is to amend the definition of "draft beer" as used in liquor tax laws to mean beer in an individual container of five gallons or more.

Your Committee on Conference has amended this measure by:

- (1) Changing the effective date to January 1, 2026; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1370, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1370, H.D. 1, S.D. 1, C.D. 1.

Conf. Com. Rep. 150 on H.B. No. 505

The purpose of this measure is to establish:

- (1) A Red Hill Water Alliance Initiative (WAI) policy coordinator to coordinate WAI initiatives across state and county agencies and appropriate federal entities; and
- (2) The Red Hill Remediation Special Fund.

Your Committee on Conference has amended this measure by:

- (1) Amending the definition of "Red Hill Water Alliance Initiative" to include the Deputy for Water Resource Management among the individuals in the group;
- (2) Authorizing the Red Hill Remediation Special Fund to receive appropriations from any source, including the United States government, Legislature, and City and County of Honolulu; and
- (3) Changing its effective date to upon approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 505, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 505, H.D. 1, S.D. 2, C.D. 1.

Conf. Com. Rep. 151 on H.B. No. 1316

The purpose of this measure is to require, beginning on January 1, 2026:

- (1) The registration and numbering of rental vessels before they are rented or leased, or offered for rent or lease, to the public for transiting the navigable waters of a state park; and
- (2) The registration fees to be deposited into the State Parks Special Fund.

Your Committee on Conference has amended this measure by changing the effective date to upon approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1316, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1316, H.D. 2, S.D. 1, C.D. 1.

Conf. Com. Rep. 152 on H.B. No. 1220

The purpose of this measure is to appropriate funds to support the efforts of the Division of Aquatic Resources of the Department of Land and Natural Resources in the removal of the majano anemone from Kaneohe Bay.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$200,000 for the removal of majano anemone from Kaneohe Bay; and
- (2) Changing its effective date to July 1, 2025.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1220, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1220, H.D. 1, S.D. 1, C.D. 1.

Conf. Com. Rep. 153 on H.B. No. 133

The purpose of this measure is to appropriate funds to the Department of Education to support the establishment of surfing as an interscholastic sport.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$685,870; and
- (2) Changing the effective date to July 1, 2025.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 133, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 133, H.D. 2, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Kapela, La Chica, Grandinetti, Olds and Reyes Oda.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 154 on H.B. No. 1378

The purpose of this measure is to:

- (1) Authorize the State Foundation on Culture and the Arts (Foundation) to acquire and own property;
- (2) Establish the Performing Arts Grants Program and Performing Arts Grants Special Fund to support performing arts in the State;
- (3) Include the coordination, planning, promotion, marketing, and execution of performing arts events in the scope of the Foundation's responsibilities;
- (4) Amend the funding sources for the State Art Museum;
- (5) Amend the amounts required to be transferred by agencies into the Works of Art Special Fund and the allowable uses of the Special Fund; and
- (6) Appropriate funds for positions and cost items of the Foundation and to provide grants under the Performing Arts Grants Program.

Your Committee on Conference, after thoughtful deliberation and with the intent to promote clarity and financial stability and ensure that the Foundation can continue to support and enrich arts and cultural programs across Hawaii for generations to come, has amended this measure by:

- (1) Amending the preamble to reflect its amended purpose;
- (2) Deleting language that authorizes the Foundation to acquire and own property;
- (3) Amending the calculation of the one percent to be transferred to the Works of Art Special Fund and including an annual transfer amount to the Works of Art Special Fund, facilitated by an appropriation by the Legislature;
- (4) Deleting the appropriation for positions and cost items for the Foundation for fiscal year 2026-2027, adding cost items, and changing various numbers of positions and appropriation amounts;
- (5) Inserting an appropriation amount of \$300,000 to provide grants under the Performing Arts Grants Program;
- (6) Inserting an appropriation of \$1,000 out of general obligation bond funds for the annual transfer amount;
- (7) Changing the effective date to upon approval; provided that the appropriations take effect on July 1, 2025; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1378, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1378, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Kapela, Takenouchi, Ichiyama, Lee, M. and Reyes Oda.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Reyes Oda).

Senators Lee, C., Hashimoto and Kanuha.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 155 on H.B. No. 1179

The purpose of this measure is to:

- (1) Establish a statutory framework for the licensure of rural emergency hospitals at the state level by the Department of Health; and
- (2) Provide for the continuation of Medicaid policy protections for hospitals transitioning to a rural emergency hospital designation.

Your Committee on Conference has amended this measure by:

- (1) Deleting language relating to Medicaid payments to rural emergency hospitals, including payment for telehealth services and payments made out of state matching funds as part of the federal Medical Rural Hospital Flexibility Program;
- (2) Changing its effective date to upon approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1179, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1179, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Takayama, Chun, Keohokapu-Lee Loy, Miyake and Alcos.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators San Buenaventura, Keohokalole, DeCoite and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 156 on H.B. No. 1365

The purpose of this measure is to:

- (1) Appropriate funds to the Department of Agriculture for a Non-Potable Water Wells Pilot Program to prepare an environmental impact statement or environmental assessment to drill non-potable water wells on individual parcels at Panaewa Agricultural Park and Panaewa farm lots;
- (2) Require the Department of Agriculture to consult and coordinate with the Department of Hawaiian Home Lands on the location and distribution of water from non-potable water wells before and after the completion of the environmental impact statement or environmental assessment; and
- (3) Require any non-potable water well or improvement on individual parcels at Panaewa Agricultural Park and Panaewa farm lots that is completed according to the environmental impact statement or environmental assessment to revert to the State upon the lease expiration date.

Your Committee on Conference has amended this measure by:

- (1) Removing the requirement that the Department of Agriculture consult and coordinate with the Department of Hawaiian Home Lands on the location and distribution of water from non-potable water wells;
- (2) Clarifying that the non-potable water wells or improvements that shall revert to the State are those on individual parcels under the Department of Agriculture;
- (3) Inserting an appropriation amount of \$300,000 for the Non-Potable Water Wells Pilot Program;
- (4) Changing the effective date to July 1, 2025; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1365, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1365, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Kahaloa, Takenouchi, Todd and Alcos.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Gabbard, Inouye, Aquino, Rhoads, Richards and Awa.

Managers on the part of the Senate.

Ayes, 5. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 157 on H.B. No. 400

The purpose of this measure is to appropriate funds for the operating and capital improvement costs of the Judiciary for the fiscal biennium beginning on July 1, 2025, and ending on June 30, 2027.

As introduced, this budget measure appropriated:

Operating

	<u>FY 2025-2026</u>	<u>FY 2026-2027</u>
GENERAL FUNDS	203,319,009	203,391,600
ALL MEANS OF FINANCE	216,164,762	216,237,353

Capital Improvements

	<u>FY 2025-2026</u>	<u>FY 2026-2027</u>
GENERAL FUNDS	0	0
GENERAL OBLIGATION BONDS	9,900,000	0
ALL MEANS OF FINANCE	9,900,000	0

Your Committee on Conference has amended this measure by:

- (1) Inserting appropriate operating and capital improvement amounts for fiscal biennium 2025-2027;
- (2) Changing the effective date to July 1, 2025; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Specifically, this budget measure, as amended, appropriates operating totals of:

	<u>FY 2025-2026</u>	<u>FY 2026-2027</u>
GENERAL FUNDS	201,725,676	199,579,345
ALL MEANS OF FINANCE	214,571,429	212,425,098

Additionally, this budget measure, as amended, appropriates capital improvement totals of:

	<u>FY 2025-2026</u>	<u>FY 2026-2027</u>
GENERAL FUNDS	0	0
GENERAL OBLIGATION BONDS	12,900,000	0
ALL MEANS OF FINANCE	12,900,000	0

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 400, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 400, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Yamashita, Poepoe, Takenouchi and Garcia.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Rhoads, Moriwaki and Awa.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 158 on H.B. No. 134

The purpose of this measure is to:

- (1) Require the Chief Election Officer to provide a system for the electronic filing of nomination papers;
- (2) Prohibit the Chief Election Officer from charging an additional fee to filers for using the electronic system; and
- (3) Appropriate funds for the Chief Election Officer to provide a system for the electronic filing of nomination papers.

Your Committee on Conference has amended this measure by:

- (1) Clarifying that the system for the electronic filing of nomination papers shall be operated and maintained by the Office of Elections and made available to the county clerks;
- (2) Appropriating \$150,000 for the Chief Election Officer to provide a system for the electronic filing of nomination papers;
- (3) Changing the effective date to January 1, 2028; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 134, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 134, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Kitagawa and Matsumoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Rhoads, Kim and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 159 on H.B. No. 550

The purpose of this measure is to allow recordings made by law enforcement agencies who are using, controlling, or operating unmanned aerial vehicles to establish probable cause for arrests under the Fireworks Control Law if the unmanned aerial vehicle is recording directly above public property and the act leading to the arrest is committed on public property.

Your Committee on Conference has amended this measure by changing the effective date to upon approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 550, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 550, H.D. 2, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Kitagawa and Shimizu.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Elefante, Rhoads, Kim, Wakai and Fevella.

Managers on the part of the Senate.

Ayes, 5. Noes, none. Excused, none.

Conf. Com. Rep. 160 on S.B. No. 934

The purpose and intent of this measure is to increase the special fund expenditure ceiling for the mass transit special fund for the fiscal year beginning July 1, 2025, and ending June 30, 2026, for the developments detailed in the Honolulu Authority for Rapid Transportation 2022 Recovery Plan.

Your Committee on Conference finds that the current cap on the mass transit special fund has resulted in large carry-over balances. To address funding shortfalls and meet commitments in the Honolulu Authority for Rapid Transportation 2022 Recovery Plan, including critical infrastructure such as the Waiawa Pearl Highlands station, this measure raises the spending limit on the special fund for the 2025–2026 fiscal year.

Your Committee on Conference has amended this measure by:

- (1) Including additional information on priorities provided in the Honolulu Authority for Rapid Transportation 2022 Recovery Plan and pursuant to the Amended Full Funding Grant Agreement with the Federal Transit Administration;
- (2) Changing the appropriation amount to \$572,695,000;
- (3) Amending the conditions for disbursements from the mass transit special fund; and
- (4) Changing the effective date to July 1, 2025.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 934, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 934, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Kila, Yamashita, Chun, Grandinetti and Muraoka.

Managers on the part of the House.

Ayes, 4. Noes, 1 (Muraoka). Excused, none.

Senators Lee, C., Elefante and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 161 on S.B. No. 1048

The purpose of this measure is to amend Act 205, Session Laws of Hawaii 2024 (Act 205), by:

- (1) Establishing separate registration, reporting, and fee requirements specific to platform charities and charitable fundraising platforms;
- (2) Clarifying standards and safeguards in online crowdfunding; and
- (3) Extending its effective date to July 1, 2026.

Your Committee on Conference finds that Act 205 was enacted in response to concerns over potentially fraudulent online fundraising platforms following the 2023 Maui wildfires. Among other things, Act 205 improved and expanded the Department of the Attorney General's regulation and enforcement of charitable fundraising activities through online platforms. Although Act 205 sought to ensure proper and transparent fundraising activities in the State, it has also imposed additional administrative burdens on charities and platforms, potentially slowing down donations and reducing the availability of support for the State's residents in times of crises. This measure seeks to strike a balance between targeting unscrupulous actors while providing charities with the necessary flexibility to raise funds for their charitable causes.

Your Committee on Conference has amended this measure by:

- (1) Changing its effective date to July 1, 2026; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1048, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1048, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Matayoshi, Takenouchi, Iwamoto and Pierick.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Keohokalole, Rhoads and Awa.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 162 on S.B. No. 935

The purpose and intent of this measure is to revise certain provisions regarding state employee retirements.

More specifically, the measure:

- (1) Amends the retirement allowance for a member who first earns credited service as a judge after June 30, 2031, to 1.75 per cent of the member's average final compensation for each year of credited service as a judge;
- (2) Includes sheriffs and deputy sheriffs in the enhanced retirement benefits category;
- (3) Reduces from ten years to five years, the minimum number of years of credited service that qualified Class H, Tier 2 members of the Employees' Retirement System must have to be eligible for vested benefit status for service retirement allowance purposes; and
- (4) Increases employer contributions to offset the resulting fiscal liability.

Your Committee on Conference finds that easing the requirements for certain public employees to be eligible for retirement benefits could help to improve employee recruitment and retention. Your Committee believes that the impacts and benefits of these potential eligibility changes merit additional study.

Your Committee on Conference has amended this measure by:

- (1) Deleting language that would:
 - (A) Include sheriffs and deputy sheriffs in the enhanced retirement benefits category under section 88-74(f), Hawaii Revised Statutes; and
 - (B) Reduce from ten years to five years, the minimum number of years of credited service that Class H, Tier 2 members of the Employees' Retirement System must have to be eligible for vested benefit status for service retirement allowance purposes;
- (2) Requiring the Department of Human Resources Development to study the impacts and benefits of reducing from ten years to five years, the minimum number of years of credited service that qualified Class H, Tier 2 members of the Employees' Retirement System must have to be eligible for vested benefit status for service retirement allowance purposes;
- (3) Appropriating \$300,000 in general funds to the Department of Human Resources Development to conduct the study; and
- (4) Changing the effective date to July 1, 2025.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 935, S.D. 2, H.D. 3, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 935, S.D. 2, H.D. 3, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Sayama, Tarnas, Lee, M. and Reyes Oda.

Managers on the part of the House.

Ayes, 4; Ayes with Reservations (Reyes Oda). Noes, none. Excused, none.

Senators Aquino, Hashimoto, Rhoads and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Hashimoto).

Conf. Com. Rep. 163 on H.B. No. 159

The purpose of this measure is to clarify that the civil service exemption for personal service contracts for building, custodial, and grounds maintenance services with qualified community rehabilitation programs shall not cost more than a certain amount in the aggregate per private person or entity, regardless of the number of contracts or qualified community rehabilitation programs utilized for the personal service.

Your Committee on Conference has amended this measure by:

- (1) Specifying that the civil service exemption for personal service contracts pursuant to this measure shall not exceed \$3,000,000 in the aggregate; and
- (2) Changing the effective date to July 1, 2025.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 159, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 159, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Sayama, Lee, M. and Reyes Oda.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Aquino, Hashimoto and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, 1 (Fevella). Excused, none.

Conf. Com. Rep. 164 on H.B. No. 1424

The purpose of this measure is to require the Director of Finance to report to the Legislature after approving the transfer of funds that were originally appropriated to fund positions but are instead used to pay for operating expenses, and vice versa, for any state department or agency.

Your Committee on Conference has amended this measure by:

- (1) Clarifying the items to be included in the report to the Legislature;
- (2) Removing the requirement for the Legislature to consider certain criteria in making future appropriations to departments;
- (3) Changing the effective date to upon approval; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1424, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1424, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Sayama, Lee, M. and Reyes Oda.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators McKelvey, Kim, Hashimoto and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Hashimoto).

Conf. Com. Rep. 165 on H.B. No. 430

The purpose of this measure is to:

- (1) Authorize and appropriate funds for the Department of Labor and Industrial Relations to administer an on-the-job training work experience program for eligible interns that partners with private entities to increase opportunities for high school and college and university students to participate in summer internship programs through a cost-sharing strategy;
- (2) Establish a state-funded internship and workforce development program within the Department of Labor and Industrial Relations, in collaboration with the Department of Human Resources, to place interns in state executive branch departments, agencies or programs; and
- (3) Clarify that the State shall be the responsible employer for purposes of workers' compensation coverage for students or recent graduates in the on-the-job-training work experience program.

Your Committee on Conference has amended this measure by:

- (1) Deleting language requiring that the state-funded internship and workforce development program be funded through an annual appropriation by the Legislature;
- (2) Deleting language that required, as part of state-funded internship and workforce development program, that participants receive priority consideration for full-time employment in state government;
- (3) Inserting an appropriation in the amount of \$1,800,000 to the Department of Education to fund ninety full-time equivalent staff positions to support the internship programs pursuant to this measure and removing all other unspecified appropriations;
- (4) Changing the effective date to July 1, 2025; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 430, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 430, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Sayama, Lee, M. and Reyes Oda.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Aquino, Moriwaki and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 166 on H.B. No. 1052

The purpose of this measure is to provide clear authorization and guidance for the Public Utilities Commission to implement and manage, through the Universal Service Program, the provision of essential telecommunications services to time-sensitive information for individuals with print disabilities.

Your Committee on Conference has amended this measure by changing the effective date to upon approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1052, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1052, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Matayoshi, Takenouchi, Iwamoto and Pierick.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (Pierick).

Senators Fukunaga, Kanuha, Aquino and Awa.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 167 on H.B. No. 1027

The purpose of this measure is to provide appropriations for collective bargaining cost items for the members of bargaining unit (1) and their excluded counterparts, including the cost of salary adjustments negotiated between the State and the bargaining unit representative for fiscal biennium 2025-2027.

Your Committee on Conference has amended this measure by:

- (1) Including members of Bargaining Unit (10) and their excluded counterparts;
- (2) Inserting the appropriate figures for fiscal biennium 2025-2027 based upon the ratified collective bargaining agreement for Bargaining Units (1) and (10) as indicated in the Governor's Message No. 12 dated April 24, 2025;
- (3) Deleting unnecessary expenditure ceiling language;
- (4) Changing the effective date to July 1, 2025; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1027, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1027, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Conf. Com. Rep. 171 on H.B. No. 1032

The purpose of this measure is to provide appropriations for collective bargaining cost items for the members of Bargaining Unit (6) and their excluded counterparts, including the cost of salary adjustments negotiated between the State and the bargaining unit representative for fiscal biennium 2025-2027.

Your Committee on Conference has amended this measure by:

- (1) Inserting the appropriate figures for fiscal biennium 2025-2027 based upon the ratified collective bargaining agreement for Bargaining Unit (6) as indicated in the Governor's Message dated April 24, 2025;
- (2) Deleting unnecessary expenditure ceiling language;
- (3) Changing the effective date to July 1, 2025; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1032, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1032, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Sayama, Lee, M. and Reyes Oda.
Managers on the part of the House.
Ayes, 3. Noes, none. Excused, none.

Senators Aquino, Elefante and Fevella.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 172 on H.B. No. 1033

The purpose of this measure is to appropriate or authorize funds for collective bargaining cost items for the members of Bargaining Unit (7) and their excluded counterparts, including the cost of salary adjustments negotiated between the State and the bargaining unit representative for fiscal biennium 2025-2027.

Your Committee has amended this measure by:

- (1) Appropriating \$2,310,085 for fiscal year 2025-2026 and \$5,177,217 for fiscal year 2026-2027 for all collective bargaining cost items for health premium payments for Bargaining Unit (7);
- (2) Appropriating \$202,455 for fiscal year 2025-2026 and \$436,801 for fiscal year 2026-2027 for salary increases and other cost adjustments for the excluded counterparts of Bargaining Unit (7);
- (3) Deleting unnecessary language relating to the expenditure ceiling;
- (4) Changing the effective date to July 1, 2025; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1033, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1033, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Sayama, Lee, M. and Reyes Oda.
Managers on the part of the House.
Ayes, 3. Noes, none. Excused, none.

Senators Aquino, Elefante and Fevella.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 173 on H.B. No. 1034

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2025-2027 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (8) and their excluded counterparts.

Your Committee on Conference has amended this measure by:

- (1) Inserting the appropriate figures for fiscal biennium 2025-2027 based upon the ratified collective bargaining agreement for collective bargaining unit (8) as indicated in the Governor's Message dated April 24, 2025;
- (2) Deleting unnecessary expenditure ceiling language;
- (3) Changing the effective date to July 1, 2025; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1034, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1034, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Sayama, Lee, M. and Reyes Oda.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Aquino, Elefante and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 174 on H.B. No. 1035

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2025-2027 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (9) and their excluded counterparts.

Your Committee on Conference has amended this measure by:

- (1) Inserting the appropriate figures for fiscal biennium 2025-2027 based upon the ratified collective bargaining agreement for collective bargaining unit (9) as indicated in the Governor's Message dated April 24, 2025;
- (2) Deleting unnecessary expenditure ceiling language;
- (3) Changing the effective date to July 1, 2025; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1035, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1035, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Sayama, Lee, M. and Reyes Oda.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Aquino, Elefante and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 175 on H.B. No. 1038

The purpose of this measure is to provide appropriations for collective bargaining cost items for the members of bargaining unit (13) and their excluded counterparts, including the cost of salary adjustments negotiated between the State and the bargaining unit representative for fiscal biennium 2025-2027.

Your Committee on Conference has amended this measure by:

- (1) Inserting the appropriate figures for fiscal biennium 2025-2027 based upon the ratified collective bargaining agreement for collective bargaining unit (13) as indicated in the Governor's Message dated April 24, 2025;
- (2) Deleting unnecessary expenditure ceiling language;
- (3) Changing the effective date to July 1, 2025; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1038, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1038, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Sayama, Lee, M. and Reyes Oda.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Aquino, Elefante and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 176 on H.B. No. 496

The purpose of this measure is to:

- (1) Prohibit the use of certain words on the label of a consumer package that contains or includes tea or dried leaves from the plant *Pipturus albidus*, unless one hundred percent of the tea or dried leaves were grown in the State; and
- (2) Appropriate funds for a Measurement Standards Inspector position.

Your Committee on Conference has amended this measure by:

- (1) Prohibiting the use of misleading Hawaiian imagery, place names, or motifs as it relates to the labeling requirements;
- (2) Authorizing the Department of Agriculture to establish and administer a voluntary certification mark program;
- (3) Authorizing any person or the Department of Agriculture to sue for injunctive relief to compel compliance with the labeling requirements;
- (4) Defining "consumer package", "Hawaii-grown", and "nonconsumer package";
- (5) Inserting an appropriation amount of \$65,000 to the Department of Agriculture for one full-time equivalent (1.0 FTE) Measurement Standards Inspector V position;

- (6) Changing the effective date to July 1, 2025; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 496, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 496, H.D. 2, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Kahaloa, Matayoshi, Kusch and Matsumoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (Matayoshi).

Senators DeCoite, Gabbard, Kanuha, Richards and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 2 (Richards, Fevella).

Conf. Com. Rep. 177 on H.B. No. 534

The purpose of this measure is to prohibit the sale of processed food items with raw ahi products as an ingredient at Hawaii retail establishments without a label stating the country in which the ahi was landed.

Your Committee on Conference has amended this measure by:

- (1) Prohibiting the sale of raw processed ahi, rather than processed food items with raw ahi products as an ingredient, without a label stating the country in which the ahi was landed, and codifying the provisions under chapter 486, Hawaii Revised Statutes, rather than chapter 481B, Hawaii Revised Statutes;
- (2) Inserting a definition for "raw processed ahi";
- (3) Changing the effective date to July 1, 2026; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 534, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 534, H.D. 2, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Kahaloa, Matayoshi, Kusch, Miyake and Pierick.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators DeCoite, Richards, Kim and Awa.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 178 on H.B. No. 1064

The purpose of this measure is to:

- (1) Effectuate the recommendations of the "Phase 3" Forward-Looking Report by Fire Safety Research Institute regarding the August 2023 Maui wildfires;
- (2) Establish the Office of the State Fire Marshal within the Department of Law Enforcement for administrative purposes; and
- (3) Establish the State Fire Marshal Selection Commission.

Your Committee on Conference has amended this measure by:

- (1) Modifying the discretionary powers of the Office of the State Fire Marshal to include overseeing the development and maintenance of a comprehensive statewide wildfire hazard map that displays wildfire hazard zones;
- (2) Providing that if a State Fire Marshal has not already been appointed by the State Fire Council by June 30, 2025, as set forth in Act 209, Session Laws of Hawaii 2024 (Act 209), the State Fire Marshal shall be appointed by the Governor from a list of three names submitted by the State Fire Council;
- (3) Setting the salary of the State Fire Marshal and Deputy State Fire Marshal to be equal to the salary of the Director and Deputy Director of Human Resources Development respectively;
- (4) Authorizing, rather than requiring, the Office of the State Fire Marshal to develop and administer a Community Risk Reduction Program;
- (5) Deleting the Community Risk Reduction Special Fund;
- (6) Specifying that if a State Fire Marshal has already been appointed by the State Fire Council by June 30, 2025, as set forth in Act 209, the State Fire Marshal Selection Commission's authority to appoint the State Fire Marshal will begin upon the expiration of the incumbent State Fire Marshal's term;
- (7) Appropriating \$2,212,000 in each of fiscal year 2025-2026 and fiscal year 2026-2027 for one State Fire Marshal; one Deputy State Fire Marshal; one office assistant; two fire inspectors; three fire investigators; and the operations, costs, equipment, and expenses of the Office of the State Fire Marshal;
- (8) Changing its effective date to July 1, 2025; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1064, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1064, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Belatti, Tarnas, Lamosao, Ichiyama and Souza.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Elefante, Aquino, Lee, C., Rhoads, Wakai and DeCorte.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, 2 (Rhoads, DeCorte).

Conf. Com. Rep. 179 on H.B. No. 1296

The purpose of this measure is to establish timely notice and reporting requirements to the Legislature regarding the allotment, transfer, or expenditure of monies in the Major Disaster Fund.

Your Committee on Conference has amended this measure by:

- (1) Requiring the Governor and Administrator of the Hawaii Emergency Management Agency to submit, no later than October 1, 2025, to the Legislature a summary report containing certain information for the previous fiscal year;
- (2) Deleting language requiring a report from the Department of Budget and Finance; and
- (3) Changing its effective date to July 1, 2025, and repealing it on July 1, 2026.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1296, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1296, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Belatti, Lamosao, Iwamoto, Morikawa and Souza.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Iwamoto).

Senators Elefante, Hashimoto, Wakai and DeCorte.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 180 on H.B. No. 800

The purpose of this measure is to transfer ownership of certain properties between the State and the City and County of Honolulu.

More specifically, this measure:

- (1) Provides for the transfer of certain parcels in the Liliha Civic Center area and Iwilei Fire Station area from various state agencies to the City and County of Honolulu;
- (2) Provides for the transfer of the parcel of land upon which Alii Tower is sited from the City and County of Honolulu to the Department of Land and Natural Resources; and
- (3) Exempts the lands transferred to the Department of Land and Natural Resources under this Act from the definition of public lands for the purposes of Chapter 171, Hawaii Revised Statutes.

Your Committee on Conference finds that this measure will significantly contribute to addressing the State's urgent office space requirements by providing an opportunity to secure long-term office space for State agencies, consequently diminishing government dependence on privately-owned commercial office space. Your Committee on Conference further finds that exchanging the specified state properties for the fee simple interest in the parcel of land designated as Alii Tower will yield mutual benefits and substantial long-term advantages for both the State and the City and County of Honolulu.

Your Committee on Conference has amended this measure by:

- (1) Clarifying that the transfer of lands in parts I and II of the measure shall be effective December 31, 2025, or upon final approval by the City and County of Honolulu of the terms of the transfer of the Alii Tower parcel to the Department of Land and Natural Resources, whichever occurs later;
- (2) Requiring the Governor to notify the Legislature and the Revisor of Statutes upon the completed transfer of the fee simple interest in land pursuant to part II of the measure; and
- (3) Providing that if the City and County of Honolulu does not finalize approval of the terms of the transfer required under part II of the measure by December 31, 2026, the measure shall be repealed on January 1, 2027.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 800, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 800, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashem, Yamashita and Souza.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Inouye, Hashimoto, Elefante and DeCorte.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 181 on H.B. No. 250

The purpose of this measure is to:

- (1) Require utilization review entities to report certain prior authorization data to the State Health Planning and Development Agency; and
- (2) Establish the Health Care Appropriateness and Necessity Working Group to make recommendations to improve and expedite the prior authorization process.

Your Committee on Conference has amended this measure by:

- (1) Clarifying that the Working Group is required to submit a report to the Legislature twenty days prior to the convening of the Regular Session of 2026 and each Regular Session thereafter;
- (2) Changing the effective date to upon approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 250, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 250, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Takayama, Chun, Keohokapu-Lee Loy, Marten and Alcos.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators San Buenaventura, Keohokalole, Aquino and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 182 on H.B. No. 72

The purpose of this measure is to:

- (1) Beginning January 1, 2026, require that pharmacy technicians be registered with and obtain a certificate of registration issued by the Board of Pharmacy;
- (2) Impose a duty on pharmacists-in-charge to report violations by registered pharmacy technicians to the Board of Pharmacy; and
- (3) Specify that supervising registered pharmacists are responsible for the actions of registered pharmacy technicians and pharmacy interns.

Your Committee on Conference has amended this measure by:

- (1) Deleting the \$20 registration fee for pharmacy technicians;
- (2) Changing its effective date to upon approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 72, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 72, H.D. 2, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Takayama, Matayoshi, Keohokapu-Lee Loy, Amato and Alcos.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Matayoshi).

Senators San Buenaventura, Keohokalole and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 183 on H.B. No. 713

The purpose of this measure is to appropriate funds for the Department of Human Services to conduct a rate study for Medicaid home health services in Hawaii.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$250,000 for the Department of Human Services to conduct a rate study for Medicaid home health services in Hawaii;
- (2) Changing the effective date to July 1, 2025; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 713, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 713, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Marten, Morikawa, Amato, Olds and Garcia.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Aquino, Moriwaki, Hashimoto and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Hashimoto).

Conf. Com. Rep. 184 on H.B. No. 1477

The purpose of this measure is to increase the domiciliary care rates for certain providers and clarify that the needs allowance and the domiciliary care rates are included in the state supplemental payment ceiling amounts.

Your Committee on Conference has amended this measure by:

- (1) Changing the effective date to October 1, 2025; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1477, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1477, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Marten, Morikawa and Garcia.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Aquino, Moriwaki, Hashimoto and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Hashimoto).

Conf. Com. Rep. 185 on H.B. No. 280

The purpose of this measure is to permanently establish and appropriate funds for the Community Outreach Court as a division of the District Court of the First Circuit.

Your Committee on Conference has amended this measure by:

(1) Deleting language that would have:

(A) Appropriated funds for the operations of and permanent positions for the Community Outreach Court; and

(B) Authorized the Judiciary to enter into an intergovernmental agreement or memorandum of understanding with state and county agencies for purposes related to the Community Outreach Court;

(2) Inserting an appropriation of \$71,030 for each year of the fiscal biennium to the Department of Law Enforcement for one full-time equivalent (1.0 FTE) deputy sheriff position to support the Community Outreach Court;

(3) Inserting an appropriation of \$45,000 for each year of the fiscal biennium to the Office of the Public Defender for one full-time equivalent (1.0 FTE) paralegal position;

(4) Inserting an appropriation of \$90,000 for each year of the fiscal biennium to the Office of the Prosecuting Attorney of the City and County of Honolulu as a grant-in-aid for one full-time equivalent (1.0 FTE) paralegal position;

(5) Changing the effective date to July 1, 2025; and

(6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 280, H.D. 3, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 280, H.D. 3, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Marten, Tarnas, Morikawa, Olds and Garcia.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Rhoads, Moriwaki and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 186 on H.B. No. 943

The purpose of this measure is to expand existing crisis intervention programs by:

(1) Requiring and appropriating funds for the Department of Health to establish a Homeless Triage and Treatment Center Program within its Alcohol and Drug Abuse Division to serve homeless individuals and individuals at risk of homelessness with substance abuse issues or mental illness;

(2) Requiring the Crisis Intervention and Diversion Services Program (Program) to redirect certain homeless persons to the appropriate health care system and services;

(3) Authorizing the Program to include intensive mobile outreach services; and

(4) Requiring appropriations for the Program to be used only for services contracted directly between the Department of Health and the service provider.

Your Committee on Conference has amended this measure by:

(1) Inserting an appropriation amount of \$500,000 for the establishment of the Homeless Triage and Treatment Center Program;

(2) Changing the effective date to July 1, 2025; and

(3) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 943, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 943, H.D. 1, S.D. 1, C.D. 1.

Representatives Olds, Morikawa, Amato, Marten and Garcia.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators San Buenaventura, Moriwaki, Hashimoto and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 187 on H.B. No. 613

The purpose of this measure is to make the Safe Spaces for Youth Pilot Program permanent within the Office of Youth Services.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation for \$871,016 for fiscal year 2025-2026 and \$1,841,016 for fiscal year 2026-2027 for a permanent Safe Spaces for Youth Program within the Office of Youth Services;
- (2) Changing the effective date to July 1, 2025; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 613, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 613, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Marten, Morikawa, Olds and Alcos.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Hashimoto, Inouye and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 188 on H.B. No. 705

The purpose of this measure is to:

- (1) Establish a temporary Medi-Medi Project within the Hawaii State Health Insurance Assistance Program to assist the underserved population in the State who may qualify for various low-income subsidy programs to gain access to their benefits; and
- (2) Appropriate funds for the Hawaii State Health Insurance Assistance Program, including for staff and other operating expenses.

Your Committee on Conference has amended this measure by:

- (1) Establishing the Medi-Medi Project within the Executive Office on Aging, rather than within the Hawaii State Health Insurance Assistance Program;
- (2) Inserting an appropriation amount of \$121,016 to the Executive Office on Aging, including \$71,016 for the establishment of one full-time equivalent (1.0 FTE) position to implement and administer the Medi-Medi Project and \$50,000 for operating expenses, including education and outreach;
- (3) Requiring and appropriating \$300,000 for fiscal year 2025-2026 for the Executive Office on Aging to develop a one-year pilot project to make available the Medi-Medi Project to kupuna and families living in a disadvantaged community, specifically the Kalihi Valley catchment areas;
- (4) Changing the effective date to July 1, 2025; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 705, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 705, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Marten, Morikawa, Chun, Templo and Alcos.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Hashimoto, Moriwaki and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 189 on H.B. No. 431

The purpose of this measure is to appropriate funds for:

- (1) The continued implementation of the Kauhale Initiative and Ohana Zones Pilot Program; and
- (2) The development of supportive housing projects and the provision of supportive services for certain households in the supportive housing projects.

Your Committee on Conference has amended this measure by:

- (1) Establishing requirements for kauhale projects, including reporting requirements by the Statewide Office on Homelessness and Housing Solutions;
- (2) Requiring the Auditor to conduct a management and performance audit of the Kauhale Initiative and report to the Legislature;
- (3) Inserting appropriation amounts of \$18,575,000 for fiscal year 2025-2026 and \$24,325,000 for fiscal year 2026-2027 for the continued operation of the Kauhale Initiative;
- (4) Establishing the Ohana Zones Program as a permanent program within the Statewide Office on Homelessness and Housing Solutions;
- (5) Inserting appropriation amounts of \$2,525,000 for fiscal year 2025-2026 and \$5,855,000 for fiscal year 2026-2027 for the continued implementation of the Ohana Zones Pilot Program;
- (6) Deleting language that would have appropriated funds for supportive housing projects and supportive services for certain households in those projects;
- (7) Requiring the Statewide Office on Homelessness and Housing Solutions to submit a report every four months to the Legislature detailing the expenditure of funds appropriated toward the Kauhale and Ohana Zones initiatives and conduct a comprehensive needs assessment and submit a report on the assessment to the Legislature;
- (8) Changing references to the Governor's Coordinator on Homelessness to "Coordinator on Homelessness";

- (9) Specifying that the Coordinator on Homelessness shall report directly to the Director of Human Services;
- (10) Changing the effective date to July 1, 2025; and
- (11) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 431, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 431, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Marten, Evslin, Takenouchi, Olds and Pierick.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 2 (Evslin, Pierick).

Senators San Buenaventura, Chang, Aquino and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Chang).

Conf. Com. Rep. 190 on S.B. No. 223

The purpose of this measure is to:

- (1) Require the Department of Land and Natural Resources to establish an independent program relating to the prevention, control, and extinguishment of wildland fires within forest reserves;
- (2) Authorize the Administrator of Forestry and Wildlife to establish and maintain facilities for the performance of fire protection, fire prevention, pest control, and forest and range protection and enhancement activities;
- (3) Allow the State Fire Council to amend the State Fire Code to require certain owners and occupants of properties and holders of easements located in hazardous fire areas to maintain effective firebreaks and to practice other fire prevention activities;
- (4) Require the Department of Land and Natural Resources to establish and implement the Community Fuels Reduction Project and submit reports to the Legislature; and
- (5) Appropriate funds for the Community Fuels Reduction Project.

Your Committee on Conference finds that as the State's climate is predicted to become hotter and drier, it is essential to maintain effective firebreaks by removing and clearing flammable vegetation and combustible growth from areas near buildings, structures, and other premises. This measure adopts a proactive approach to fire prevention and mitigation to protect the State's communities from the devastation caused by wildfires.

Your Committee on Conference has amended this measure by:

- (1) Deleting language that would have appropriated funds to the Department of Land and Natural Resources to establish positions to support the prevention, control, and extinguishment of wildland fires within forest reserves;
- (2) Inserting an appropriation amount of \$1,000,000 for each year of the fiscal biennium for the Community Fuels Reduction Project to support wildfire prevention and hazardous fuel reduction measures on state lands;
- (3) Changing the effective date to July 1, 2025; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 223, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 223, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Belatti, Hashem, Lamosao and Shimizu.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Inouye, Elefante, Gabbard, Lee, C., McKelvey and DeCorte.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, 2 (Gabbard, McKelvey).

Conf. Com. Rep. 191 on S.B. No. 589

The purpose of this measure is to:

- (1) Establish a goal of installing fifty thousand new installations of customer-sited distributed energy resources by December 31, 2030;
- (2) Require the Public Utilities Commission to use tariffs for grid services programs, microgrids, and community-based renewable energy;
- (3) Require sufficient compensation for solar and energy storage exports to the electric grid;
- (4) Require the Public Utilities Commission to establish grid service compensation values;
- (5) Specify that persons who construct, maintain, or operate a new microgrid are not considered a public utility solely due to furnishing service to consumers through that new microgrid;
- (6) Authorize intragovernmental wheeling of renewable energy; and
- (7) Require the Public Utilities Commission to establish policies and procedures to implement intragovernmental wheeling and microgrid service tariffs.

Your Committee on Conference finds that the State's electric grid faces significant challenges, including aging fossil fuel dependent infrastructure, heightened risks from extreme climate-related weather events, and persistent utility management issues. Your Committee on Conference further finds that the State must invest in solutions, such as microgrids, community-based or shared renewable energy programs, and wheeling, to ensure grid stability and system resilience.

The programs and policies supported by this measure will help the State meet its renewable energy goals by increasing access to affordable energy, stabilizing grid costs, and driving economic growth and job creation.

Your Committee on Conference has amended this measure by:

- (1) Requiring the Public Utilities Commission to establish a goal for new customer-sited distributed energy resources, to be installed in the State by December 31, 2030, rather than specifying a goal of fifty thousand new installations of customer-sited distributed energy resources by December 31, 2030;
- (2) Requiring that the Public Utilities Commission establish, rather than use, tariffs to achieve the installation goal and for grid services programs, microgrids, and community-based renewable energy;
- (3) Specifying that the type of wheeling authorized and implemented by this measure is the wheeling of renewable energy, rather than intragovernmental wheeling and requiring the Public Utilities Commission to establish policies and procedures to implement wheeling and microgrid service tariffs no later than January 1, 2027; provided that any wheeling project eligible under the rule or order shall have a capacity of not less than one hundred kilowatts alternating current and not more than two megawatts alternating current;
- (4) Deleting the definitions for "intragovernmental wheeling" and "retail wheeling";
- (5) Defining "wheeling" as the transmission of renewable electric power from a storage or energy generation system through the utility meter for consumption by a separate utility account holder;
- (6) Amending section 1 to reflect its amended purpose;
- (7) Making it effective upon its approval; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 589, S.D. 1, H.D. 3, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 589, S.D. 1, H.D. 3, C.D. 1.

Ayes, 3. Noes, none. Excused, 2 (Matayoshi, Pierick).

Senators Wakai, Keohokalole, Lee, C. and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 192 on S.B. No. 662

The purpose of this measure is to authorize county police officers to enforce the Statewide Traffic Code on all public streets, roadways, or highways within the State.

Your Committee on Conference finds that the Statewide Traffic Code ensures proper conduct on the State's roadways, establishing accountability for motor vehicle operators and safeguards for all roadway users. However, inconsistent enforcement of the Statewide Traffic Code due to the varied jurisdiction of law enforcement has created confusion regarding the reporting of infractions and notification of roadway improvements. Therefore, clarifying enforcement of the Statewide Traffic Code will ensure safer public roadways and equitable application of existing law.

Your Committee on Conference has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 662, S.D. 1, H.D. 3, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 662, S.D. 1, H.D. 3, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Evslin, Kila, Todd, Miyake and Muraoka.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 2 (Kila, Muraoka).

Senators Chang, Elefante, Lee, C. and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Lee, C.).

Conf. Com. Rep. 193 on S.B. No. 739

The purpose of this measure is to:

- (1) Allow the Governor, subject to approval by the Board of Land and Natural Resources, to negotiate land exchanges consistent with and in furtherance of the State's agricultural and housing needs and purposes, in a manner that ideally addresses all needs and purposes; and
- (2) Require the Governor to submit a report to the Legislature of the negotiated land exchanges for final approval.

Your Committee on Conference finds that the State's current level of agricultural production is insufficient to meet the State's food consumption needs, leaving the State overly reliant on imported food which threatens the State's sustainable future and preparedness for future disasters, emergencies, and crises. Your Committee on Conference also finds that the lack of suitable, entitled lands for development of appropriate housing is a major factor in the housing crisis, and substantial obstacles and delays in entitling such lands discourage development, lower housing inventory, and raise housing prices. Your Committee on Conference also finds that land exchanges represent a viable method of addressing the agricultural and housing challenges that the State currently experiences. This measure allows the Governor to negotiate mutually beneficial exchanges of developable state lands for housing for privately owned agricultural lands for farming.

Your Committee on Conference has amended this measure by changing its effective date to July 1, 2025.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 739, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 739, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashem, Kahaloa, Lamosao, Morikawa and Souza.

Managers on the part of the House.

Senators Inouye, Gabbard, Aquino, McKelvey and DeCorte.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, 1 (McKelvey).

Conf. Com. Rep. 194 on S.B. No. 865

The purpose of this measure is to appropriate funds to establish a permanent extension agent position within the University of Hawaii College of Tropical Agriculture and Human Resilience's Kona Cooperative Extension.

Your Committee on Conference finds that the University of Hawaii at Manoa College of Tropical Agriculture and Human Resilience's (CTAHR) Kona Cooperative Extension has assisted and contributed to the success of the Kona coffee industry and other crops grown in the area. This measure will support the coffee industry throughout the State by establishing an additional Extension Agent position within CTAHR's Kona Cooperative Extension to provide much needed support to local farmers.

Your Committee on Conference notes that the Agribusiness Development Corporation possesses the expertise to support growers of coffee and other orchard crops with export potential, including macadamia nuts, cacao, and tea. Your Committee on Conference also notes that the Agribusiness Development Corporation, in conjunction with CTAHR, will be able to provide coffee growers with the necessary information to increase coffee production and improve the economic viability of growers.

Accordingly, your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$76,500 for both years of the fiscal biennium to be expended by the Agribusiness Development Corporation, rather than the University of Hawaii, to:
 - (A) Support the Coffee and Orchard Crops Extension and Applied Research Program;
 - (B) Support the Kona Research Station in the County of Hawaii; and
 - (C) Fund the establishment of one full-time equivalent (1.0 FTE) permanent Extension Agent position within the University of Hawaii College of Tropical Agriculture and Human Resilience's Kona Cooperative Extension;
- (2) Changing its effective date to July 1, 2025; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 865, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 865, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Garrett, Holt, Kapela, Lamosao and Souza.

Managers on the part of the House.

Conf. Com. Rep. 195 on S.B. No. 1146

The purpose of this measure is to appropriate funds to the University of Hawaii to:

- (1) Develop an action plan and pre-engineering concept plan to help with debris management and water quality control in the Ala Wai watershed; and
- (2) Establish two graduate assistant positions to assist with the action plan and pre-engineering concept plan.

Your Committee on Conference finds that the Ala Wai watershed is an important natural resource enjoyed by residents and an asset for the State's economy. However, intense rain and weather events further inland cause debris from streams and tributaries to wash into the canal. This measure leverages the expertise available at the University of Hawaii to develop near- and long-term debris management and water quality solutions in the Ala Wai watershed.

Your Committee on Conference has amended this measure by:

- (1) Inserting appropriation amounts of \$425,000 for fiscal year 2025-2026 and \$150,000 for fiscal year 2026-2027 for:
 - (A) The development of an action plan and pre-engineering concept plan to help with debris management and water quality control in the Ala Wai watershed;
 - (B) The University of Hawaii to establish two graduate positions to assist with the action plan and pre-engineering concept plan; and
 - (C) Partial summer overload support for faculty mentors providing oversight of the student project teams;
- (2) Inserting language specifying that the amounts appropriated shall also be expended for other current expenses;
- (3) Changing the effective date to July 1, 2025; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1146, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1146, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Garrett, Hashem, Holt, Olds and Souza.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 196 on S.B. No. 1220

The purpose of this measure is to:

- (1) Require gas utility companies to submit proposed renewable gas tariffs to the Public Utilities Commission by August 31, 2025; and
- (2) Require the Public Utilities Commission to establish a renewable gas tariff within nine months of receiving a completed application for a proposed renewable gas tariff.

Your Committee on Conference finds that the existing regulatory process in the State requires gas utility companies to file an application for proposed renewable gas tariffs with the Public Utilities Commission to review through the process of a general rate case. General rate cases typically take two years to complete and can cost between two and three million dollars. Without an accelerated regulatory process in place, gas utility companies will try to keep rates stable for as long as possible by delaying rate cases.

Your Committee on Conference further finds that this measure will facilitate the timely consideration of tariff approvals by requiring gas utility companies to file an application for a proposed initial renewable gas tariff by August 31, 2025, and requiring the Public Utilities Commission to make a decision on their applications within nine months if certain requirements are met. Streamlining the review process for renewable gas tariffs will enable customers to choose a cleaner energy option, support consumer demand for sustainable alternatives, and ensure just and reasonable rates. Your Committee on Conference therefore finds that this measure will help to ensure that renewable gas tariffs do not lead to increased costs for non-participating ratepayers and maintain equity throughout the process.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1220, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1220, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Matayoshi, Takenouchi, Perruso and Pierick.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Pierick).

Senators Keohokalole, Wakai, Kanuha, Richards and Awa.

Managers on the part of the Senate.

Conf. Com. Rep. 197 on S.B. No. 1252

The purpose of this measure is to appropriate funds to the University of Hawaii to establish positions for the University of Hawaii at Manoa John A. Burns School of Medicine's (JABSOM) Department of Geriatric Medicine to provide coordination between the University of Hawaii's programs that provide training on Alzheimer's disease and dementia.

Your Committee on Conference finds that the State has a rapidly increasing aging population. Of this population, approximately thirty-one thousand people aged sixty-five or older are living with Alzheimer's disease or another form of dementia. Your Committee on Conference further finds that many health care providers in the State do not receive specialized training on dementia. Your Committee on Conference also finds that JABSOM's Department of Geriatric Medicine, University of Hawaii's Center for Aging, and University of Hawaii's Thompson School of Social Work and Public Health have been providing courses and actively engaging in educating students in Alzheimer's disease and other forms of dementia to prepare them for caring for patients with these conditions. This measure establishes additional staff positions in JABSOM's Department of Geriatric Medicine to provide greater coordination between various University of Hawaii programs in delivering training to health care professionals.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$525,000, for the establishment of two full-time equivalent (2.0) positions within JABSOM's Department of Geriatric Medicine to:
 - (A) Coordinate and incorporate training on Alzheimer's disease and other forms of dementia for health care providers into existing University of Hawaii programs; and
 - (B) Review, update, and develop a dementia curriculum to be incorporated into existing University of Hawaii programs with the goal of establishing a local, informed dementia workforce;
- (2) Inserting language requiring JABSOM's Department of Geriatric Medicine to submit an annual report to the Legislature beginning December 15, 2025, through December 15, 2027, on the hiring of personnel and accomplishments realized pursuant to this measure;
- (3) Amending section 1 to reflect its amended purpose;
- (4) Changing its effective date to July 1, 2025; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1252, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1252, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Garrett, Holt, La Chica, Miyake and Souza.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 2 (La Chica, Miyake).

Senators Kim, Aquino and Fevella.

Managers on the part of the Senate.

Conf. Com. Rep. 198 on S.B. No. 1434

The purpose of this measure is to:

- (1) Establish the Universal Immunization Funding Program as a universal funding model for immunization purchases by the Department of Health, to increase statewide access to immunizations for all persons under age sixty-five; and
- (2) Establish the Universal Immunization Purchase Special Fund, into which fees collected from assessed entities and other sources of funding will be deposited, for purposes of bulk purchasing immunizations and administering the program.

Your Committee on Conference finds that "Universal Purchase" or "Universal Select" (collectively, UP) programs are programs that enable states to leverage bulk purchasing and federal immunization programs to establish a streamlined procurement, oversight, and distribution system for all recommended vaccines for children and adults. Your Committee on Conference further finds that providers currently take on considerable risk because of the need to pay for their private sector immunization supplies up front, as well as incurring other expenses such as secure and temperature-controlled storage. By centralizing public and private sector immunization procurement and leveraging bulk purchasing power through federal or state consortium contracts, this measure lowers private-sector costs and improves access to needed immunizations for all keiki, families, and communities statewide.

Your Committee on Conference has amended this measure by:

- (1) Deleting language that would have appropriated funds out of the general revenues of the state to be deposited into the Universal Immunization Purchase Special Fund;
- (2) Inserting an appropriation amount of \$934,000 out of the Universal Immunization Purchase Special Fund for fiscal year 2025-2026 to be expended by the Department of Health for the purchase of immunizations and the administration of the Universal Immunization Funding Program;
- (3) Changing the effective date to July 1, 2025; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1434, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1434, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Takayama, Keohokapu-Lee Loy and Alcos.

Managers on the part of the House.

Ayes, 2. Noes, 1 (Alcos). Excused, none.

Senators San Buenaventura, Inouye, Aquino and Fevella.

Conf. Com. Rep. 199 on H.B. No. 1026

The purpose of this measure is to make emergency appropriations for collective bargaining cost items for the members of Bargaining Units (1), (2), (3), (4), (8), (9), (10), (13), and (14) and their excluded counterparts, including the cost of salary adjustments negotiated between the State and the bargaining unit representative for fiscal year 2024-2025.

Your Committee on Conference has amended this measure by:

- (1) Inserting the appropriate figures for fiscal biennium 2023-2025 based upon the amounts for Collective Bargaining Units (1), (2), (3), (4), (8), (9), (10), (13), and (14) as indicated in the Governor's Message dated April 24, 2025;
- (2) Changing the effective date to upon approval; and
- (3) Making technical, nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1026, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1026, H.D. 1, S.D. 1, C.D. 1.

Conf. Com. Rep. 200 on S.B. No. 1396

The purpose of this measure is to:

- (1) Amend the Transient Accommodations Tax rate beginning on January 1, 2027;
- (2) Amend the allowable uses of the Special Land and Development Fund and the portion of Transient Accommodations Tax collections that are allocated to the Special Land and Development Fund;
- (3) Assess the Transient Accommodations Tax on cruise ship cabins based on the total time the cruise ship is docked at any port in the State; and
- (4) Appropriate funds to the Department of Land and Natural Resources for protection, management, and restoration of the State's natural resources as well as for environmental stewardship, climate and hazard mitigation, and sustainable tourism.

Your Committee on Conference finds that as an island chain, the State is particularly vulnerable to the effects of climate change. Your Committee on Conference further finds that climate change also threatens the State's resort and tourism areas, which are essential to the State's economy. Your Committee on Conference therefore concludes that the State must invest in mitigation and adaptation to address its climate emergency. Accordingly, this measure will ensure the long-term viability of the State's tourism industry and natural resources by increasing the Transient Accommodations Tax to fund climate change mitigation, adaptation, and resiliency initiatives.

Your Committee on Conference has amended this measure by:

- (1) Effective July 1, 2025, requiring the Governor to request in the executive budget or supplemental budget that an amount of general funds that approximates the additional Transient Accommodations Tax revenue generated by this measure be expended to advance certain climate change mitigation and tourism projects;
- (2) Inserting language to define "cruise fare" as the total amount paid by a transient for a cruise ship cabin on a cruise ship, inclusive of any mandatory fees imposed by a cruise ship operator, owner, or representative thereof on a transient for the use of shipboard services, facilities, meals, and onboard entertainment, but not including optional charges for shipboard services, meals, excursions, and onboard entertainment beyond the mandatory fee amount;
- (3) Deleting language that would have amended the definition of "lease", "let", or "rental" to include the leasing or renting of cruise ship cabins in cruise ships;
- (4) Deleting language that would have amended the definition of "transient accommodations" to include the furnishing of cruise ship cabins in cruise ships;
- (5) Inserting language that amends the definition of "gross rental" or "gross rental proceeds" to include the gross receipts derived from cruise fares;
- (6) Sunsetting the existing 9.25 percent tax rate levied on the gross rental or gross rental proceeds derived from furnishing transient accommodations on December 31, 2025, rather than December 31, 2026;
- (7) Inserting ten percent as the new tax rate levied on the gross rental or gross rental proceeds derived from furnishing transient accommodations beginning on January 1, 2026;
- (8) Inserting eleven percent as the tax rate assessed on the operator of a cruise ship on gross rental proceeds derived from cruise fares;
- (9) Clarifying that the operator of a cruise ship shall be assessed and pay a tax on all gross rental proceeds derived from cruise fares prorated by the percentage of days docked at any port in the State in comparison to the total number of days of the voyage, rather than a tax on all gross rental proceeds derived from the furnishing of a cruise ship cabin for the duration of the cruise lease, prorated by the percentage of total time docked at any port in the State;
- (10) Sunsetting the existing 9.25 percent tax rate levied on the occupant of a resort time share vacation unit on December 31, 2025, rather than December 31, 2026;
- (11) Inserting ten percent as the new tax rate levied on the occupant of a resort time share vacation unit beginning on January 1, 2026;
- (12) Inserting eleven percent as the new non-specified Transient Accommodations Tax rate for the period beginning on January 1, 2018, to December 31, 2030;
- (13) Specifying that 0.98 percent of the tax revenues levied, assessed, and collected pursuant to section 237D-2, Hawaii Revised Statutes, shall be deposited quarterly into the Mass Transit Special Fund;
- (14) Clarifying that the remaining tax revenues levied, assessed, and collected at the ten percent tax rate pursuant to subsections 237D-2 (a) and (c), Hawaii Revised Statutes, shall be deposited into the general fund;
- (15) Deleting language that would have appropriated funds to the Department of Land and Natural Resources for the preservation of natural resources, environmental stewardship, climate and hazard mitigation, and sustainable tourism;
- (16) Amending section 1 to reflect its amended purpose;
- (17) Changing its effective date to January 1, 2026; and
- (18) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1396, S.D. 3, H.D. 3, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1396, S.D. 3, H.D. 3, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tam, Hashem, Yamashita, Ichiyama and Matsumoto.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators DeCoite, Gabbard, Kim and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 201 on S.B. No. 1501

The purpose and intent of this measure is to require the Department of Budget and Finance to enter into step-in agreements to guarantee payments from electric utilities under certain power purchase agreements.

Your Committee on Conference finds that since the Maui wildfires, the credit rating of a certain investor-owned electric utility and its subsidiaries has fallen below investment grade. This low grade increases the risk that independent power producers will not be paid, which, in turn, increases the financing costs incurred by independent power producers to fund new projects. Your Committee on Conference further finds that the step-in agreements required by this measure will help to ensure that independent power producers will be paid if an electric utility defaults, thus lowering financing risk and costs, decreasing the price to develop new energy projects, and ultimately helping to reduce energy costs for Hawaii ratepayers.

Your Committee on Conference has amended this measure by:

- (1) Defining the terms "Hawaii electric system," "independent power producer," and "reserve account";
- (2) Specifying that "obligee" shall not include users, owners, or operators that claimed a tax credit for a project system under section 235-12.5, Hawaii Revised Statutes;
- (3) Requiring the Department of Budget and Finance to execute a step-in agreement within ninety days of notice of the filing of an application for approval of a power purchase agreement;
- (4) Authorizing the Department of Budget and Finance to rely on an invoice of an obligee for determining amounts owed to the obligee following a default by an electric utility;
- (5) Specifying that reserve fees may be included in the purchased power adjustment clause on customer bills;
- (6) Exempting from the Hawaii Public Procurement Code the Department of Budget and Finance's designation of the electric utility to collect the power purchase charges and reserve fees;
- (7) Making the measure effective upon approval; and
- (8) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1501, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1501, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Yamashita, Kusch, Perruso and Alcos.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Alcos).

Senators Hashimoto, Keohokalole and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 202 on S.B. No. 1500

The purpose of this measure is to:

- (1) Authorize the Public Utilities Commission to appoint a receiver to take temporary action necessary to assure continued adequate electric services from failing regulated investor-owned electric utilities; and
- (2) Require an appointed receiver to recognize and maintain the terms and conditions of any existing collective bargaining agreement and prohibit the receiver from inducing or causing a reduction in force or terminating a covered employee other than for a cause consistent with any collective bargaining agreement.

Your Committee on Conference finds that, when a regulated water or sewer utility is failing, or if there is an imminent threat of the utility failing, to provide adequate and reliable service to its customers, the Public Utilities Commission has the authority to appoint a receiver to take temporary action on behalf of the regulated water or sewer utility under existing law. Your Committee on Conference further finds that the same authority does not exist with respect to regulated investor-owned electric utilities. This measure extends the authority of the Public Utilities Commission to appoint a receiver for regulated investor-owned electric utilities.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1500, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1500, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Sayama, Matayoshi, Takenouchi and Reyes Oda.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 2 (Matayoshi, Reyes Oda).

Senators Keohokalole, Wakai, Richards and Awa.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 203 on S.B. No. 1009

The purpose of this measure is to:

- (1) Establish a state reserved parking space enforcement fine for the unauthorized use of parking spaces reserved for persons with disabilities or electric vehicles to be deposited into the Safe Routes to School Program Special Fund; and
- (2) Specify that a fine shall not be imposed on a person who parks in a space designated and marked as reserved for electric vehicles if the electric vehicle charging system is visibly inoperable or broken.

Your Committee on Conference finds that existing regulations, penalties, and enforcement have been insufficient to deter the widespread improper use of parking spaces reserved for persons with disabilities or electric vehicles. This abuse inhibits accessibility for persons with disabilities and disincentivizes the transition to more sustainable modes of transportation. Therefore, this measure establishes an additional fine to discourage the unauthorized use of parking spaces reserved for persons with disabilities or electric vehicles.

Your Committee on Conference has amended this measure by:

- (1) Specifying that the additional state reserved parking space enforcement fine for unauthorized use of a parking space reserved for persons with disabilities is \$100, rather than \$25;
- (2) Specifying that fifty percent of all fines collected from the state reserved parking space enforcement fine shall be deposited into the Safe Routes to School Program Special Fund, rather than one hundred percent, and fifty percent shall be deposited into the general fund;
- (3) Specifying that additional state reserved parking space enforcement fine for unauthorized use of a parking space reserved for electric vehicles is \$50, rather than \$25;
- (4) Amending section 1 to reflect its amended purpose; and
- (5) Making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1009, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1009, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 1 (Muraoka).

Senators Lee, C., Rhoads, Aquino and DeCorte.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 204 on S.B. No. 1526

The purpose of this measure is to extend the timeline for the establishment and maintenance of the drug and alcohol toxicology testing laboratory.

Your Committee on Conference finds that a toxicology testing laboratory is an essential resource that will assist the Department of Law Enforcement in its efforts to combat drug- and alcohol-related offenses. Your Committee on Conference further finds that the establishment of a toxicology laboratory will facilitate the efficient processing of evidence by reducing testing backlogs and providing crucial forensic support to law enforcement agencies across the State. This measure extends the funding timeline to ensure that there is adequate time to properly plan, build, and equip the toxicology laboratory.

Your Committee on Conference has amended this measure by changing its effective date to June 29, 2025.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1526, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1526, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Kila, Grandinetti, La Chica and Muraoka.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Lee, C., Moriwaki, Kanuha and DeCorte.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 205 on S.B. No. 1578

The purpose of this measure is to:

- (1) Establish the official designation of the East-West Center as the Center for Cultural and Technical Interchange Between East and West, Inc.;
- (2) Exempt state fund appropriations to the East-West Center from chapter 42F, Hawaii Revised Statutes;
- (3) Rename the Hawaii Sister-State Committee to the Hawaii Sister-State and International Partnerships Commission and amends its functions and membership;
- (4) Require the Office of International Affairs to provide support to the Hawaii Sister-State and International Partnerships Commission;
- (5) Expand the Department of Business, Economic Development, and Tourism's authority to:
 - (A) Establish out-of-state offices to include out-of-state facilities to support sister-state or province partnerships and other partnerships that promote and enrich the people, cultures, environments, and economies of the State and its international partners;
 - (B) Generate revenue for the State; and
 - (C) Buy property; and
- (6) Appropriate funds.

Your Committee on Conference finds that interstate partnerships are extremely valuable to the economic, sociopolitical, and cultural growth of the State. Your Committee on Conference further finds that updating the names, functions, and authority of a broad spectrum of entities relating to various forms of partnership involving the State is an appropriate way to promote further growth and embrace an increasingly transnational world.

Your Committee on Conference has amended this measure by:

- (1) Clarifying that to receive state funds, the Center for Cultural and Technical Interchange Between East and West, Inc. shall agree to not use the funds for entertainment or lobbying activities in the State;
- (2) Inserting an appropriation amount of \$200,000 for each year of the fiscal biennium for the Office of International Affairs to develop a strategy for international engagement and an analysis of potential investment and revenue generation abroad;
- (3) Inserting an appropriation amount of \$4,000,000 for each year of the fiscal biennium for the Center for Cultural and Technical Interchange Between East and West, Inc. to assist in the development and maintenance of the State's international relationships, programs, and partnerships; and
- (4) Changing its effective date to July 1, 2025.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1578, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1578, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Ilagan, Takenouchi and Matsumoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Lee, C., DeCoite and Hashimoto.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (DeCoite).

Conf. Com. Rep. 206 on S.B. No. 1044

The purpose of this measure is to:

- (1) Amend state laws governing the Hawaii Property Insurance Association and the Hawaii Hurricane Relief Fund to enable these entities to underwrite certain insurance risks in the State that no standard insurer is currently willing to underwrite;
- (2) Appropriate funds as a loan to the Hawaii Property Insurance Association; and
- (3) Require the Insurance Commissioner to conduct a study to monitor and identify the most effective methods of stabilizing the property insurance market in the State.

Your Committee on Conference finds that many homeowners in the State are paying significantly high property insurance premiums and are seeing more notices of non-renewals, while small businesses are also struggling with premium hikes on their insurance policies. Your Committee on Conference further finds that the State's rising disaster risks and increasingly volatile conditions of the property insurance market have caused property insurance premiums for residents and businesses to increase drastically over the years, while condominium properties have seen the availability of building master insurance policies and unit owner insurance policy options decrease. Accordingly, your Committee on Conference finds that legislative action is necessary to help stabilize the property insurance market and ensure that property owners can access affordable property insurance coverage in the State. This measure seeks to provide much-needed stability in the insurance market for homeowners, businesses, and condominium associations in the State until market conditions improve.

Your Committee on Conference has amended this measure by:

- (1) Inserting legislative findings;
- (2) Clarifying that certain assessments, and their recoupment, shall be subject to the approval of the Insurance Commissioner;
- (3) Inserting a temporary mortgage recording fee amount of not more than \$44 per document and specifying the time period during which the fee shall be collected, and the duration of the assessment collected by the Hawaii Property Insurance Association, shall not exceed thirty-six months;
- (4) Establishing a Condominium Loan Program and Condominium Loan Revolving Fund to be administered by the Hawaii Green Infrastructure Authority to provide financing to qualified condominium associations for maintenance or repair projects to address deferred maintenance to further help stabilize the standard insurance market;
- (5) Inserting language to establish a Condominium Loan Loss Reserves Program to incentivize community development financial institutions to provide loans at competitive rates and terms to condominium associations to allow them to perform necessary maintenance or make repairs;
- (6) Deleting language that would have made a general fund appropriation and instead inserting language to authorize the Director of Finance to issue \$20,000,000 in reimbursable general obligation bonds for fiscal year 2025-2026 for deposit into the Condominium Loan Revolving Fund, to be expended by the Hawaii Green Infrastructure Authority to administer the Condominium Loan Program;
- (7) Inserting an appropriation of \$5,000,000 for fiscal year 2025-2026 from the Hurricane Reserve Trust Fund to the Hawaii Green Infrastructure Authority for gap debt servicing repayments on the reimbursable general obligation bonds issued to the Hawaii Green Infrastructure Authority;
- (8) Deleting language that would have appropriated general funds that would have provided a loan to the Hawaii Property Insurance Association for administrative and start-up costs;
- (9) Authorizing the Director of Finance to issue \$30,000,000, rather than \$50,000,000, in reimbursable general obligation funds for deposit into the Hurricane Reserve Trust Fund, provided that the existing balance of the Fund is first committed, to provide working capital to finance permitted purposes, to be reimbursed by premiums collected on insurance policies issued by the Hawaii Hurricane Relief Fund and any other funds available to the Fund;
- (10) Changing its effective date to July 1, 2025, and abolishing the Condominium Loan Revolving Fund on June 30, 2047; and
- (11) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1044, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1044, S.D. 2, H.D. 2, C.D. 1.

Conf. Com. Rep. 207 on H.B. No. 1156

The purpose of this measure is to increase the total principal amount of special facility revenue bonds that may be issued by the Department of Transportation for harbor improvements.

Your Committee on Conference has amended this measure by:

- (1) Increasing the total principal amount to \$600,000,000; and
- (2) Changing the effective date to July 1, 2025.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1156, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1156, H.D. 1, S.D. 1, C.D. 1.

Conf. Com. Rep. 208 on H.B. No. 235

The purpose of this measure is to require the Safe Routes to Schools Advisory Committee to develop and prioritize no less than three safe routes to schools projects serving schools directly adjacent to Kamehameha Highway.

Your Committee on Conference has amended this measure by:

- (1) Requiring the Department of Transportation to expand the use of the photo red light imaging detector and automated speed enforcement systems to locations on the North Shore of Oahu;
- (2) Requiring the City and County of Honolulu to educate the public on the expansion of the photo red light imaging detector and automated speed enforcement systems;
- (3) Authorizing the Department of Transportation to seek input from the Judiciary and affected communities when selecting locations for the expansion;
- (4) Requiring the Department of Transportation to submit a report to the Legislature before the Regular Session of 2026 on the progress of this mandated expansion;
- (5) Authorizing, rather than requiring, the Safe Routes to School Advisory Committee to develop and prioritize a maximum, rather than a minimum, of three safe routes to school projects serving schools directly adjacent to Kamehameha Highway;
- (6) Changing the effective date to upon approval; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 235, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 235, H.D. 1, S.D. 1, C.D. 1.

Senators Lee, C., Elefante, Rhoads and DeCorte.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 209 on H.B. No. 860

The purpose of this measure is to:

- (1) Specify that the State or a county may repair or maintain any street of which the ownership or jurisdiction is in dispute;
- (2) Specify that the State or county that repaired or maintained such street may only be held liable for acts or omissions arising out of the repair or maintenance of that street;
- (3) Deem that repair or maintenance of a street shall not confer ownership or jurisdiction over such street; and
- (4) Sunset on July 1, 2030.

Your Committee on Conference has amended this measure by:

- (1) Authorizing agencies performing work to post notice, signage, or other public communication clarifying that the repair does not establish permanent jurisdiction or ownership;
- (2) Specifying that this measure only applies in a county with a population of more than two hundred thousand but less than five hundred thousand;
- (3) Changing the effective date to upon approval; and

(4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 860, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 860, H.D. 1, S.D. 2, C.D. 1.

Conf. Com. Rep. 210 on H.B. No. 1159

The purpose of this measure is to establish a Commercial Harbors Emergency Evacuation Working Group.

Your Committee on Conference has amended this measure by:

- (1) Clarifying the Department of Transportation's required administrative support to the Working Group;
- (2) Changing the effective date to upon approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1159, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1159, H.D. 2, S.D. 1, C.D. 1.

Conf. Com. Rep. 211 on H.B. No. 960

The purpose of this Act is to:

- (1) Increase the maximum value of capital advancement contracts that may be executed by the Department of Transportation without legislative approval;
- (2) Increase the minimum value of capital advancement contracts requirement for the Department of Transportation to obtain legislative approval through concurrent resolution;
- (3) Increase the total aggregate value of capital advancement contracts that the Department of Transportation may enter into in a fiscal year; and
- (4) Establish certain reporting requirements related to capital advancement contracts.

Your Committee on Conference has amended this measure by:

- (1) Increasing the maximum value of capital advancement contracts that may be executed by the Department of Transportation without legislative approval to \$5,000,000;
- (2) Increasing the minimum value of capital advancement contracts requirement for the Department of Transportation to obtain legislative approval through concurrent resolution to \$5,000,000;
- (3) Increasing the total aggregate value of capital advancement contracts that the Department of Transportation may enter into in a fiscal year to \$30,000,000;
- (4) Changing the effective date to July 1, 2025; and
- (5) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 960, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 960, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Garrett).

Senators Lee, C., Aquino, Kanuha and DeCorte.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 212 on H.B. No. 667

The purpose and intent of this measure is to require:

- (1) The Department of Transportation or the appropriate county department or agency to:
 - (A) Scan the deceased animal for a microchip;

- (B) Record the microchip as well as any other relevant information; and
- (C) Notify appropriate county animal services or animal service contractors about the deceased animal; and
- (2) A county agency assisting with the disposal of a deceased cat or dog found on a public roadway to collaborate with the Department of Transportation in utilizing the Department's microchip scanners.

Your Committee on Conference has amended this measure by:

- (1) Clarifying the requirements for the Department of Transportation and applicable county agencies in scanning any cat or dog carcass found on a state or county roadway;
- (2) Deleting language relating to the Department of Transportation or county agency disposing of a deceased cat or dog found on a public roadway and assisting each other in disposing of the cat or dog;
- (3) Authorizing the Department of Transportation and each county to coordinate with each other to share scanner resources;
- (4) Changing the effective date to upon approval; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 667, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 667, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Kila, Grandinetti, La Chica, Miyake and Pierick.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 2 (Miyake, Pierick).

Senators Lee, C., Elefante, Inouye and DeCorte.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 213 on H.B. No. 862

The purpose of this measure is to:

- (1) Authorize the use of motorcoaches, small buses, and vans for school bus services, provided that certain conditions are met, pursuant to the Governor's August 2024 emergency proclamation on school bus services;
- (2) Require the State to upgrade to zero-emission school buses by 2045; and
- (3) Require state agencies to prioritize zero-emission buses in the procurement policy for purchasing or leasing motor vehicles.

Your Committee on Conference has amended this measure by reverting to the H.D. 1 version, which only authorizes the use of motorcoaches, small buses, and vans for school bus services if certain conditions are met, and further amending the measure by:

- (1) Changing the effective date to upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 862, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 862, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Kila, Morikawa and Muraoka.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Lee, C., Kidani and Kanuha.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Kanuha).

Conf. Com. Rep. 214 on H.B. No. 1231

The purpose of this measure is to:

- (1) Prohibit the use of facial recognition software in the operation of any photo red light imaging detector system or automated speed enforcement system;
- (2) Authorize the State Highway Safety and Modernization Council to recommend dangerous intersections for installation of additional photo red light imaging detector systems;
- (3) Require the Safe Routes to School Advisory Committee to recommend dangerous school zones for installation of additional automated speed enforcement systems;
- (4) Increase vehicle weight taxes and allocates the increased revenues to the Safe Routes to School Program Special Fund;
- (5) Clarify the summons and citations processes for the automated speed enforcement systems program; and
- (6) Appropriate funds for the automated speed enforcement systems program.

Your Committee on Conference has amended this measure by:

- (1) Establishing a Safe Routes to School Program vehicle registration surcharge on certain motor vehicle registrations, to be imposed and collected no later than December 31, 2025, and deposited into the Safe Routes to School Program Special Fund;
- (2) Requiring the county Directors of Finance to notify the Department of Transportation of the county's intended start date for the Safe Routes to School Program vehicle registration surcharge;

- (3) Clarifying the prohibition on using facial recognition software in photo red light imaging detector systems and automated speed enforcement systems;
- (4) Deleting language that would have:
 - (A) Increased the vehicle weight taxes and allocated the increased revenues to the Safe Routes to School Program Special Fund;
 - (B) Authorized automated speed enforcement systems within two hundred feet of a school zone;
 - (C) Amended the maximum speed limit threshold for purposes of summons or citations under the Automated Speed Enforcement Systems program; and
 - (D) Required Safe Routes to School Advisory Committee to recommend locations to install additional automated speed enforcement systems;
- (5) Removing the appropriation;
- (6) Changing the effective date to upon approval; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1231, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1231, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Kila, Grandinetti and Pierick.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Lee, C., Kim, Rhoads, Elefante and DeCorte.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, 1 (DeCorte).

Conf. Com. Rep. 215 on H.B. No. 958

The purpose of this measure is to:

- (1) Prohibit individuals under fifteen years of age from operating a class 3 electric bicycle;
- (2) Increase the age requirement for helmet use from sixteen years of age to eighteen years of age;
- (3) Allow the use of electric bicycle on public sidewalks, subject to certain conditions;
- (4) Establish requirements for electric bicycle operations; and
- (5) Prohibit individuals under eighteen years of age from operating an electric motorcycle or motor-driven cycle.

Your Committee on Conference has amended this measure by reverting to the H.D. 2 version and further amending it by:

- (1) Clarifying safe riding behaviors when operating an electric bicycle and authorizing the Department of Transportation and each county to adopt rules to define additional unsafe or reckless behaviors;
- (2) Including bicycle facilities as places where the operation of a high-speed electric device is prohibited and specifying penalties for operating high-speed electric devices in certain locations;
- (3) Clarifying labeling and signage requirements, including penalties, for manufacturers, distributors, and sellers of electric bicycles;
- (4) Prohibiting the operation of a moped or electric motorcycle in certain locations;
- (5) Reducing the wheel size for bicycles for purposes of the county vehicular tax;
- (6) Prohibiting the operation of an electric bicycle in certain areas unless the electric bicycle is properly registered and authorizing the Department of Transportation to adopt rules regarding the electric bicycle registration requirements;
- (7) Making conforming amendments to regulate electric micro-mobility devices in a similar manner as electric foot scooters;
- (8) Amending the definition of "high-speed electric device";
- (9) Authorizing persons under the age of fourteen to operate a class 2 electric bicycle under the direct supervision of a parent, guardian, or person over the age of eighteen;
- (10) Clarifying where a bicycle equipped with a motor or class 3 electric bicycle is prohibited from riding on sidewalks;
- (11) Repealing language relating to driving mopeds on bicycle lanes and paths;
- (12) Clarifying that nothing in this measure shall be construed to prohibit the use of mobility devices as defined in the American with Disabilities Act;
- (13) Inserting a severability clause;
- (14) Changing the effective date to upon approval; provided that labeling and signage requirements shall take effect on December 31, 2025; and
- (15) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 958, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 958, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Kila, Tarnas, Grandinetti, Lamosao and Muraoka.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Lamosao).

Senators Lee, C., Keohokalole, Rhoads and DeCorte.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Keohokalole).

Conf. Com. Rep. 216 on S.B. No. 1571

The purpose of this measure is to:

- (1) Exempt all positions filled by the Hawaii Tourism Authority (Authority) within the Department of Business, Economic Development, and Tourism from the State's Civil Service Law;
- (2) Designate the Board of Directors of the Authority as an advisory board;
- (3) Make the President and Chief Executive Officer of the Authority a position appointed by the Governor, with the advice and consent of the Senate; and
- (4) Amend the eligibility requirements to serve on the Authority's Board of Directors by repealing the two-year waiting period for former Hawaii Visitors and Convention Bureau board members.

Your Committee on Conference finds that exempting all positions within the Authority from the State's Civil Service Law is necessary to support the State's commitment to the improving the visitor industry. This measure will provide the Authority with greater flexibility to recruit skilled professionals to carry out its mission.

Your Committee on Conference notes that this measure is an effort to improve and strengthen and rebuild public trust in the Authority by ensuring leadership accountability and proper oversight.

Your Committee on Conference has amended this measure by:

- (1) Inserting language that amends the definition of "convention center facility" for the purposes of chapter 201B, Hawaii Revised Statutes, to mean any combination of land, buildings, and improvements thereon acquired or developed by the State that reflects a Hawaii, rather than Hawaiian, sense of place;
- (2) Designating the Authority's Board of Directors as an advisory board, rather than a policy-making board;
- (3) Amending the composition of the Authority's Board of Directors by:
 - (A) Requiring the President of the Senate and the Speaker of the House of Representatives to each appoint one member, rather than requiring three members to be appointed by the Governor from a list of three names submitted for each appointment by the President of the Senate, and three members to be appointed by the Governor from a list of three names submitted for each appointment by the Speaker of the House of Representatives; provided that if fewer than three names are submitted for each appointment, the Governor may disregard the list;
 - (B) Repealing statutory language that prohibits more than three members to represent, be employed by, or be under contract to any sector of the industry represented on the Board;
 - (C) Repealing statutory language that requires one member to be the Director of Business, Economic Development, and Tourism, or the Director's designee;
 - (D) Inserting language that requires at least one member to represent a tourism-impacted entity;
 - (E) Clarifying that, upon the occurrence of a vacancy of a member appointed by the President of the Senate or the Speaker of the House of Representatives, the President of the Senate or the Speaker of the House of Representatives, as appropriate, shall appoint a member to fulfill those positions, rather than submitting nominees; and
- (4) Requiring the Authority's Board of Directors to submit a nominee to the Governor, who shall:
 - (A) Transmit a Governors' message with the name of the nominee to the Senate within ten days of receipt; and
 - (B) Appoint the nominee to serve as the President and Chief Executive Officer of the Authority, subject to the advice and consent of the Senate, rather than requiring the Governor, with the advice and consent of the Senate, to appoint one person to serve as President and Chief Executive Officer of the Authority;
- (5) Requiring the Authority's President and Chief Executive Officer to report to the Governor, notwithstanding any law to the contrary;
- (6) Requiring the Authority's Board of Directors to set, pursuant to written contract, the length of the President and Chief Executive Officer's term of service;
- (7) Making it effective upon its approval; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1571, S.D. 2, H.D. 3, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1571, S.D. 2, H.D. 3, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tam, Sayama, Templo and Matsumoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (Sayama).

Senators DeCoite, Aquino, Wakai, Kim and Fevella.

Managers on the part of the Senate.

Ayes, 5. Noes, none. Excused, none.

Conf. Com. Rep. 217 on S.B. No. 1249

The purpose of this measure is to:

- (1) Establish an Agricultural Crime Prevention Program within the Department of Agriculture to provide grants, education, administrative enforcement, and other services to benefit the State's agricultural industry;
- (2) Clarify create, and strengthen laws regarding crimes and violations related to agriculture or agricultural lands and hunting on private agricultural lands;

- (3) Establish clear distinctions between administrative and criminal penalties; and
- (4) Appropriate funds to the Department of Agriculture to carry out this measure and hire necessary staff.

Your Committee on Conference finds that agricultural crimes pose a significant and growing threat to the sustainability and growth of the State's agricultural industry. This measure seeks to address the complex and multifaceted nature of agricultural crimes and safeguard local food production for present and future generations by ensuring stronger legal protections for the agricultural producers of the State.

Your Committee on Conference has amended this measure by:

- (1) Deleting language that would have established an Agricultural Crime Prevention Program within the Department of Agriculture to provide grants, education, administrative enforcement, and other services to benefit the State's agricultural industry, and replacing it with language that establishes the Agricultural Enforcement Pilot Program on the islands of Oahu and Hawaii to be implemented at the discretion of the Director of Law Enforcement, and appropriates \$949,856 for each year of the fiscal biennium for:
 - (A) The establishment of the following positions within the Agricultural Enforcement Pilot Program:
 - (i) One full-time equivalent (1.0 FTE) assistant chief position;
 - (ii) Two full-time equivalent (2.0 FTE) state law enforcement investigator positions; provided that one position shall be assigned to the County of Hawaii and one position shall be assigned to the City and County of Honolulu; and
 - (iii) Six full-time equivalent (6.0 FTE) uniformed state law enforcement officer positions for patrol functions; provided that three positions shall be assigned to the County of Hawaii and three positions shall be assigned to the City and County of Honolulu; and
 - (B) Other operating expenditures of the Agricultural Enforcement Pilot Program;
- (2) Establishing sentencing requirements for a conviction of the offense of habitual agricultural crime;
- (3) Amending the definition of "brand" as it relates to certain animals;
- (4) Deleting language that would have established additional livestock inspectors and a veterinary medical officer within the Department of Agriculture;
- (5) Clarifying that a livestock harvesting establishment may seek assistance from the Department of Agriculture or a law enforcement officer, rather than a livestock inspector, if ownership determination via brand inspection is in question, or violation or theft is suspected;
- (6) Requiring the management of a livestock harvesting establishment to submit to the Department of Agriculture, on a weekly basis, livestock ownership and movement certificates that correlate with all livestock harvested;
- (7) Deleting language that would have established the Brand Inspection Special Fund;
- (8) Deleting language that would have specified that the Department of Agriculture's duties, under the laws on animals, brands, and fences, are administrative;
- (9) Requiring the fees for applications to register a brand or mark and fines imposed in connection with the offense of criminal trespass on agricultural land to be deposited into the Animal Industry Special Fund;
- (10) Clarifying that a person is guilty of a petty misdemeanor, rather than a misdemeanor, when the person maliciously and designedly opens a gateway, or breaks a fence, to allow an animal to commit a trespass;
- (11) Deleting language that would have amended existing law regarding fines for continued trespassing by animals;
- (12) Clarifying that dog owners who neglect or refuse to take certain actions when their dogs trespass on private property and cause property damage are guilty of a misdemeanor and shall pay the person injured for the damage and the costs of trial;
- (13) Deleting language that would have allowed persons convicted of a habitual agricultural crime to be sentenced to an indeterminate term of imprisonment;
- (14) Requiring persons discovering an altered, removed, obliterated, or prohibited brand to make a report of the altered, removed, obliterated, or prohibited brand to any law enforcement officer or the Department of Agriculture, rather than any livestock inspector;
- (15) Denying the opportunity for probation or a suspension of sentence for any person convicted of hunting or night hunting on private agricultural lands and clarifying sentencing requirements;
- (16) Deleting language that would have amended existing laws on hunting on private lands to require written authorization;
- (17) Deleting language that would have included the duties and prohibitions relating to hunting on agricultural lands in the instruction provided by the Department of Agriculture's Hunter Education Program;
- (18) Deleting language that would have required certain signage as an element of the offense of criminal trespass on agricultural land;
- (19) Deleting language that would have required sentences without the possibility of probation for those convicted of criminal property damage in the first degree, second degree, and third degree;
- (20) Increasing the minimum term of imprisonment for those for those convicted of criminal property damage in the second degree from ninety days to one hundred eighty days;
- (21) Increasing the minimum term of imprisonment for those for those convicted of criminal property damage in the third degree from thirty days to ninety days;
- (22) Deleting language that would have appropriated funds to the Department of Agriculture to carry out this measure and hire necessary staff;
- (23) Amending section 1 to reflect its amended purpose;
- (24) Changing the effective date to July 1, 2025; provided that the Agricultural Enforcement Pilot Program shall repeal on July 1, 2028; and
- (25) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1249, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1249, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Kahaloe, Tarnas, Kusch, Poepoe and Matsumoto.
Managers on the part of the House.
Ayes, 5. Noes, none. Excused, none.

Senators Gabbard, DeCoite, Rhoads, Richards and Awa.
Managers on the part of the Senate.
Ayes, 4. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 218 on S.B. No. 825

The purpose of this measure is to:

- (1) Establish a two-year pilot program beginning on February 5, 2026, that:
 - (A) Extends the period for a notice of termination of a rental agreement from five business days to ten calendar days;
 - (B) Requires landlords, or their agents, and tenants to engage in mediation and requires landlords or their agents to delay filing an action for summary possession if a tenant schedules mediation;
 - (C) Requires landlords or their agents to provide specific information in the ten-calendar-day notice to tenants; and
 - (D) Requires mediation to take place within thirty days from the date that a mediation center makes contact with both the landlord, or the landlord's agent, and tenant;
- (2) Require the Judiciary to submit a report to the Legislature; and
- (3) Appropriate funds for the Judiciary to contract for mediation services.

Your Committee on Conference finds that Act 57, Session Laws of Hawaii 2021 (Act 57), established a temporary Pre-Litigation Mediation Program to address the potential high volume of evictions as a result of the COVID-19 pandemic. Among other things, Act 57 modified the notice requirements for residential summary possession cases, mandated pre-filing mediation between landlords and tenants, and provided funds for mediation services and rent relief. Through the program, mediation assisted many low-income renters to avoid eviction and allowed negotiated move-outs that avoided further judicial proceedings and ensured that landlords would receive their payments. The program successfully mediated agreements for eighty-five percent of disputes, allowing tenants to remain in their homes and providing stability to their housing situation. Your Committee further finds that mediation has shown to be an effective tool in resolving eviction disputes amicably between landlords and tenants. This measure incorporates the most effective provisions of Act 57 to promote housing stability and prevent evictions.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$1,250,000 for each year of the fiscal biennium the Judiciary to contract for mediation services;
- (2) Changing its effective date to July 1, 2025; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

Your Committee on Conference further notes that while this is a temporary pilot program, this measure also requires the Judiciary to submit a report to the Legislature prior to its termination to make recommendations as to whether it should be made permanent. Your Committee on Conference requests that the report include the following:

- (1) Total number of mediations requested under this measure;
- (2) Total number of mediations that resulted in a payment plan between the landlord and tenant;
- (3) Total number of successful payment plans where both landlord and tenant met the terms of the agreement;
- (4) Total number of mediations that resulted in judgments for summary possession;
- (5) Total number of payment plans that resulted in judgments for summary possession;
- (6) Average number of days from initial request of mediation to date that mediation occurs;
- (7) Total cost of process to each individual landlord and tenant if mediation is scheduled;
- (8) Average cost of each mediation; and
- (9) Total cost of the pilot project to the State of Hawaii.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 825, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 825, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Matayoshi, Poepoe, Takenouchi, Chun and Pierick.

Senators Keohokalole, Hashimoto, Rhoads, Fukunaga and McKelvey.
Managers on the part of the Senate.
Ayes, 4. Noes, none. Excused, 1 (McKelvey).

Conf. Com. Rep. 219 on S.B. No. 897

The purpose and intent of this measure is to help mitigate the financial impacts of any future catastrophic wildfires in the State.

More specifically, the measure:

- (1) Authorizes electric cooperatives to recover wildfire mitigation, repair, and restoration costs through an automatic rate adjustment clause or through a recovery mechanism established by the Public Utilities Commission;

- (2) Establishes a method for determining the limit of the aggregate liability of electric utilities for qualifying economic damages arising from a covered catastrophic wildfire;
- (3) Authorizes electric utilities to securitize certain costs; and
- (4) Establishes a working group to consider the feasibility of, and report to the Legislature on, the establishment of a wildfire recovery fund.

Your Committee on Conference finds that, if a future catastrophic wildfire occurs in the State, the mechanisms established by this measure will help balance the solvency interests of the State's electric utilities with the need to protect utility ratepayers and compensate victims of catastrophic wildfires.

Your Committee on Conference has amended this measure by:

- (1) Requiring that the Public Utilities Commission adopt and periodically review rules, subject to approval of the Governor, to determine each electric utility's maximum payable amount for catastrophic wildfires, rather than establishing a statutory mechanism for determining the maximum payable amount;
- (2) Setting out factors for the Public Utilities Commission to consider when adopting rules to establish the maximum payable amount;
- (3) Specifying that the Hawaii Supreme Court shall have original jurisdiction over any challenge to the validity of rules addressing an electric utility's maximum payable amount;
- (4) Requiring that an electric utility seeking to assert a limitation on aggregate liability shall:
 - (A) Have a wildfire mitigation plan that has been approved by the Public Utilities Commission, and have received a determination by the Commission that the plan is being implemented pursuant to a timeline approved by the Commission; and
 - (B) Be in full compliance with any conditions and reporting requirements established by rule;
- (5) Requiring that the Public Utilities Commission study whether the framework established in the measure adequately balances electric utilities' solvency interests with the compensation owed to any catastrophic wildfire victims, and report its findings and recommendations to the Legislature;
- (6) Requiring that the Public Utilities Commission, rather than a working group within the Department of Commerce and Consumer Affairs, conduct a study on the establishment and implementation of a wildfire recovery fund, and report its findings and recommendations to the Legislature;
- (7) Requiring that the Public Utilities Commission submit annual reports to the Legislature on the Commission's securitization activities;
- (8) Establishing certain requirements that must be met before the Public Utilities Commission may issue a financing order to issue bonds to recover infrastructure resilience costs including that, after the effective date of this Act, the first \$500,000,000 in infrastructure resilience capital investments, in the aggregate, must be made under this Act;
- (9) Appropriating moneys; and
- (10) Making technical nonsubstantive edits for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 897, S.D. 3, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 897, S.D. 3, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Matayoshi, Tarnas, Takenouchi and Pierick.

Managers on the part of the House.

Ayes, 3. Noes, 1 (Pierick). Excused, 1 (Matayoshi).

Senators Hashimoto, Keohokalole, Kanuha, Rhoads and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, 1 (Keohokalole).

Conf. Com. Rep. 220 on H.B. No. 427

The purpose of this measure is to:

- (1) Rename the Department of Agriculture to the "Department of Agriculture and Biosecurity" (Department);
- (2) Rename the Board of Agriculture to the "Board of Agriculture and Biosecurity" (Board);
- (3) Establish a Deputy Chairperson for Biosecurity;
- (4) Require the Department to establish a Biosecurity Emergency Response Program;
- (5) Grant the Chairperson of the Board rapid response quarantine authority under certain circumstances;
- (6) Authorize the Department to establish transitional facilities and require the Department to establish standards and a licensing framework for those facilities;
- (7) Require the Department of Commerce and Consumer Affairs to license and train biosecurity inspectors to inspect imported plants and animals;
- (8) Rename the State of Hawaii plant and animal declaration form as the State of Hawaii biosecurity declaration form;
- (9) Require inspection of various items transported interisland;
- (10) Increase penalties for illegally transporting plants, animals, and microorganisms;
- (11) Require the Department to establish government-industry agreements to detect and respond to unwanted organisms in the State;
- (12) Require the Department to establish an invasive species dashboard by December 1, 2025;
- (13) Transfer the Hawaii Invasive Species Council from the Department of Land and Natural Resources to the Department;
- (14) Authorize pest management plans to address, contain, or eradicate pests;
- (15) Authorize the Department to adopt rules to establish and enforce the Plant Care Component Program;
- (16) Authorize the Department to assess administrative penalties for the enforcement of the Plant Care Component Program;

(17) Establish positions; and

(18) Appropriate funds.

Your Committee on Conference has amended this measure by:

- (1) Clarifying the qualifications for members of the Board of Agriculture and Biosecurity to include at least one member with a background in biosecurity;
- (2) Deleting language that would have required the Department of Agriculture and Biosecurity (Department) to establish a Biosecurity Emergency Response Program and would have granted the Chairperson of the Board rapid response quarantine authority;
- (3) Authorizing and specifying conditions under which the Department may declare a biosecurity emergency, during which the Department and Governor may take certain actions to prevent the establishment or spread of pests and prohibited or restricted organisms;
- (4) Broadening the objectives and general actions of the Biosecurity Program;
- (5) Clarifying provisions related to transitional facilities;
- (6) Inserting a definition for "import" as used in relation to transitional facilities;
- (7) Clarifying provisions related to transitional facility licenses, including inspections to ensure compliance;
- (8) Requiring the Department, rather than the Department of Commerce and Consumer Affairs, to certify and train biosecurity compliance auditors, rather than biosecurity inspectors, to inspect imported plants and animals;
- (9) Including cut-foliage under the articles subject to conditions of importation into and transport within the State;
- (10) Repealing language that made it a violation to fail to properly distribute or collect State of Hawaii plant and animal declaration forms;
- (11) Establishing certain notification requirements for bringing or causing to be brought for entry any restricted articles into the State;
- (12) Clarifying provisions related to inspectional requirements;
- (13) Authorizing, rather than requiring, the Department to enter into government-industry agreements for readiness and response to unwanted organisms in the State;
- (14) Clarifying provisions related to the response activities included in the readiness and response agreements;
- (15) Requiring the Department to establish a pest dashboard, rather than an invasive species dashboard;
- (16) Clarifying provisions related to biosecurity and pest management plans;
- (17) Inserting an appropriation amount of \$4,250,000 for fiscal year 2025-2026 to the Department of Land and Natural Resources and fiscal year 2026-2027 to the Department, both to be used for the operations of the Hawaii Invasive Species Council;
- (18) Inserting an appropriation amount of \$500,000 for the operations of the Hawaii Ant Lab;
- (19) Deleting language that would have appropriated funds for various personnel services and for construction at the Halawa Animal Quarantine Station and Halawa Animal Industry facility;
- (20) Inserting an appropriation for \$500,000 for fiscal year 2025-2026 and fiscal year 2026-2027 for the operations of the Coconut Rhinoceros Beetle Response under the University of Hawaii;
- (21) Changing the effective date of part II (related to the establishment of a Deputy Chairperson for Biosecurity) to January 1, 2027;
- (22) Changing the effective date of part VII (related to the transfer of the Hawaii Invasive Species Council from the Department of Land and Natural Resources to the Department) to January 1, 2030; and
- (23) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 427, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 427, H.D. 2, S.D. 2, C.D. 1.

Conf. Com. Rep. 221 on H.B. No. 1391

The purpose of this measure is to establish the Hawaii-Ireland Trade Commission within the Department of Business, Economic Development, and Tourism.

Your Committee on Conference has amended this measure by:

- (1) Inserting a general fund appropriation of \$75,000 for the Department of Business, Economic Development, and Tourism to fund out-of-state relations activities; and
- (2) Changing the effective date to July 1, 2025.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1391, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1391, H.D. 1, S.D. 1, C.D. 1.

Ayes, 2. Noes, none. Excused, 1 (Kim).

Conf. Com. Rep. 222 on H.B. No. 934

The purpose of this measure is to:

- (1) Rename the Hawaii Broadband and Digital Equity Office as the Broadband Office and transfer the Office from the Department of Business, Economic Development, and Tourism to the Office of Enterprise Technology Services in the Department of Accounting and General Services;
- (2) Repeal broadband duties assigned to the Director of Commerce and Consumer Affairs;
- (3) Repeal the Broadband Assistance Advisory Council;
- (4) Transfer the duty of collecting and posting certain broadband infrastructure notices to the Broadband Office;
- (5) Establish the Broadband Revolving Fund; and
- (6) Appropriate funds into and out of the Broadband Revolving Fund for the reimbursement of contracts executed by the Broadband Office and to establish Digital Navigator positions.

Your Committee on Conference has amended this measure by:

- (1) Establishing the Broadband Office within the Department of Accounting and General Services instead of specifically in the Office of Enterprise and Technology Services;
- (2) Clarifying that the Broadband Office shall advise the Comptroller, instead of the Chief Information Officer, on broadband deployment;
- (3) Clarifying that expenditures from the Broadband Revolving Fund shall be made by the Broadband Office advised by the Information Technology Steering Committee and subject to prior approval by the Comptroller;
- (4) Inserting an appropriation amount of \$800,000 out of the Broadband Revolving Fund to fund and establish six full-time equivalent Digital Navigator positions;
- (5) Changing the effective date to July 1, 2025; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 934, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 934, H.D. 1, S.D. 2, C.D. 1.

Senators DeCoite, Wakai, Kim and Awa.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, 1 (Kim).

Conf. Com. Rep. 223 on H.B. No. 242

The purpose of this measure is to:

- (1) Establish a working group within the Hawaii State Energy Office to examine how to maximize the recycling and reuse of electric vehicle batteries and recommend electric vehicle battery management practices; and
- (2) Require the working group to submit a report to the Legislature prior to the Regular Session of 2027.

Your Committee on Conference has amended this measure by:

- (1) Requiring the report to the Legislature to include any other factors deemed necessary and relevant; and
- (2) Changing the effective date to upon approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 242, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 242, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Perruso, Takenouchi, Marten and Alcos.
Managers on the part of the House.
Ayes, 4. Noes, none. Excused, none.

Senators Wakai, Gabbard, Lee, C. and Fevella.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, 1 (Gabbard).

Conf. Com. Rep. 224 on H.B. No. 735

The purpose of this measure is to allow an individual wastewater system to serve up to five bedrooms, regardless of the number of dwellings, dwelling units, or accessory units, whether attached or detached, with certain exclusions.

Your Committee on Conference has amended this measure by changing its effective date to upon approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 735, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 735, H.D. 2, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Hashem, Takenouchi, Evslin and Alcos.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Hashem).

Senators San Buenaventura, Gabbard, Hashimoto and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 225 on H.B. No. 750

The purpose of this measure is to:

- (1) Amend the authorized uses of the Deposit Beverage Container Deposit Special Fund to include evaluating and promoting recyclable market development activities;
- (2) Require the Department of Health to conduct a statewide needs assessment to determine what will be needed to reduce waste generation, increase reuse, improve recycling collection services, and expand local processing of materials through an extended producer responsibility program for packaging materials and paper products;
- (3) Establish an advisory council to review the draft needs assessment and propose recommendations throughout the assessment process;
- (4) Require the Department of Health to hold a public hearing on the draft needs assessment and complete and submit the needs assessment to the Legislature by December 31, 2028;
- (5) Allow manufacturers to coordinate activities directly related to the recycling of covered electronic devices;
- (6) Expand the scope of covered electronic devices to include electronic device peripherals and certain legacy devices;
- (7) Allow manufacturers to provide free collection service locations and collection events to satisfy their recycling obligations; and
- (8) Appropriate funds out of the Deposit Beverage Container Deposit Special Fund for the needs assessment.

Your Committee on Conference has amended this measure by:

- (1) Removing provisions related to amending the authorized uses of the Deposit Beverage Container Special Fund, allowing manufacturers to coordinate certain activities, expanding the scope of covered electronic devices, and allowing manufacturers to provide free collection service locations and collection events to satisfy their recycling obligations;
- (2) Clarifying that the Department of Health may contract for professional services to conduct the needs assessment;
- (3) Amending the composition of the advisory council;
- (4) Changing the deadline for the submission of the needs assessment from December 31, 2028, to December 31, 2027;
- (5) Changing the appropriation amount to \$1,500,000 for fiscal year 2025-2026, adding an appropriation of \$1,500,000 for fiscal year 2026-2027, and changing the means of financing from the Deposit Beverage Container Deposit Special Fund to general revenues;
- (6) Changing the effective date to July 1, 2025; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 750, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 750, H.D. 2, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Matayoshi, Takenouchi, Chun, Quinlan and Pierick.

Managers on the part of the House.

Ayes, 5. Noes, 1 (Pierick). Excused, none.

Senators Hashimoto, Gabbard, Wakai and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 226 on H.B. No. 879

The purpose of this measure is to:

- (1) Increase the maximum grant amount for the Cesspool Compliance Pilot Grant Project; and
- (2) Appropriate funds for the Cesspool Compliance Pilot Grant Project and to establish three full-time equivalent positions within the Department of Health.

Your Committee on Conference has amended this measure by:

- (1) Deleting all proposed amendments to the Cesspool Compliance Pilot Grant Project;
- (2) Removing the appropriation for the Cesspool Compliance Pilot Grant Project;
- (3) Changing the positions to be established by the appropriation to one full-time equivalent Engineer III position and inserting an appropriation amount of \$76,704;
- (4) Changing the effective date to July 1, 2025; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 879, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 879, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Hashem, Kitagawa, Perruso and Alcos.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Hashem).

Senators Hashimoto, Gabbard, Moriwaki and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 227 on H.B. No. 969

The purpose of this measure is to prohibit the construction, modification, or expansion of any waste or disposal facility on land that is above a significant aquifer as determined by the Department of Health.

Your Committee on Conference has amended this measure by:

- (1) Inserting a preamble related to protecting freshwater sources and agricultural lands from landfill contamination;
- (2) Inserting language to prohibit landfill units on land in an agricultural district with class A soils in a county with a population greater than five hundred thousand;
- (3) Deleting language that would have prohibited the construction, modification, or expansion of any waste or disposal facility on land that is above a significant aquifer;
- (4) Narrowing the existing prohibition on the construction, modification, or expansion of waste or disposal facilities within a one-half mile buffer zone of residential, school, or hospital property lines to apply specifically to landfill units or components of landfill units;
- (5) Prohibiting the construction, modification, or expansion of a landfill unit, or any component of a landfill unit, inland of an underground injection control line in a county with a population greater than five hundred thousand, with certain exemptions;
- (6) Adding definitions for "landfill unit" and "underground injection control line";
- (7) Changing the effective date to July 1, 2025; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 969, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 969, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Hashem, Poepoe, Takenouchi, Perruso, Quinlan and Garcia.

Managers on the part of the House.

Ayes, 6. Noes, 1 (Garcia). Excused, none.

Senators San Buenaventura, Inouye, Lee, C. and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Inouye).

Conf. Com. Rep. 228 on H.B. No. 1168

The purpose of this measure is to:

- (1) Authorize the Board of Regents of the University of Hawaii to issue revenue bonds to finance qualifying priority capital improvement projects of the University of Hawaii; and
- (2) Condition the appropriation of revenue bond proceeds on the provision of financial assistance for room and board costs to students who have a demonstrated financial need and qualify for the resident tuition fee.

Your Committee on Conference has amended this measure by:

- (1) Changing the revenue bond authorization and appropriation amount from an unspecified amount to \$30,750,000;
- (2) Clarifying the conditions of the appropriation of revenue bond proceeds to be for students residing in the University of Hawaii student housing services program with a demonstrated financial need, as determined by the University of Hawaii, who qualify for the resident tuition to assist the students with a housing allowance, stipend, or similar financial aid to help offset a portion of an increase in room and board costs that are due to increased debt service from said revenue bonds;
- (3) Specifying that any unexpended and unencumbered balance of the appropriation shall not lapse at the end of fiscal year 2026-2027 and shall lapse instead on June 30, 2030;
- (4) Changing the effective date to July 1, 2025; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1168, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1168, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Garrett, Kitagawa, Amato and Muraoka.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Kim, Kanuha and Fevella.
Managers on the part of the Senate.
Ayes, 2. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 229 on H.B. No. 736

The purpose of this measure is to establish and appropriate funds for a three-year New Wastewater System and Individual Wastewater System Technology Testing Pilot Program within the University of Hawaii Water Resources Research Center.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$745,325 for fiscal year 2025-2026 to implement the New Wastewater System and Individual Wastewater System Technology Testing Pilot Program within the University of Hawaii Water Resources Research Center;
- (2) Changing the effective date to July 1, 2025; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 736, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 736, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Garrett, Lowen, Takenouchi, Amato and Alcos.
Managers on the part of the House.
Ayes, 5. Noes, none. Excused, none.
Senators Kim, Gabbard, Lee, C. and Fevella.
Managers on the part of the Senate.
Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 230 on H.B. No. 442

The purpose of this measure is to appropriate funds for various nursing programs of the University of Hawaii System.

Your Committee on Conference has amended this measure by:

- (1) Appropriating \$215,552 for fiscal year 2025-2026 and fiscal year 2026-2027 for the University of Hawaii, West Oahu (UOH 700) for the pre-nursing pathway, including for the establishment of two full-time equivalent (2.0) positions, to be allocated as follows:
 - (A) \$107,776 for one full-time equivalent (1.0 FTE) program coordinator; and
 - (B) \$107,776 for one full-time equivalent (1.0 FTE) academic advisor coordinator;
- (2) Removing the appropriations for:
 - (A) The University of Hawaii, Manoa (UOH 100)-University of Hawaii, West Oahu nursing collaboration phase III;
 - (B) The University of Hawaii, Manoa (UOH 100) for the online registered nurse (RN) to bachelor of science (BS) program; and
 - (C) The University of Hawaii at Hilo (UOH210) to increase its school of nursing cohort size;
- (3) Changing the effective date to July 1, 2025; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 442, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 442, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Garrett, Holt, Miyake, Sayama and Souza.
Managers on the part of the House.
Ayes, 5. Noes, none. Excused, none.
Senators Kim, Hashimoto and Fevella.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 231 on H.B. No. 126

The purpose of this measure is to make the State's property forfeiture process more just by:

- (1) Increasing transparency and accountability surrounding property forfeiture;
- (2) Restricting civil asset forfeiture to cases involving the commission of a felony offense where the property owner has been convicted of an underlying felony offense;
- (3) Repealing the monetary cap on the distribution of forfeited property and the proceeds thereof to governmental units;
- (4) Requiring the Attorney General to adopt rules necessary to carry out the purposes of the Hawaii Omnibus Criminal Forfeiture Act;
- (5) Amending the deadline for the Attorney General to report to the Legislature on the use of the Hawaii Omnibus Criminal Forfeiture Act; and
- (6) Repealing language that requires the Hawaii Omnibus Criminal Forfeiture Act to be construed liberally.

Your Committee on Conference has amended this measure by:

- (1) Restricting civil asset forfeiture to cases where the owner has received a charge for the offense, instead of cases involving the commission of a felony offense where the property owner has been convicted of an underlying felony offense;

- (2) Requiring seized property to be returned to the legal owner if a charge is not filed within one year from the date of seizure;
- (3) Amending the authorized disposition of forfeited property and the proceeds thereof;
- (4) Changing the effective date to upon approval; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 126, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 126, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Kitagawa and Shimizu.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Rhoads, Kanuha and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 232 on H.B. No. 1045

The purpose of this measure is to make emergency appropriations to the Department of Accounting and General Services and the Judiciary for payroll and fringe benefit costs of certain Department of Law Enforcement personnel.

Your Committee on Conference has amended this measure by:

- (1) Appropriating \$2,480,509 for an interdepartmental transfer from the Department of Accounting and General Services to the Department of Law Enforcement for personnel costs, including payroll and fringe benefits;
- (2) Appropriating \$4,673,616 for an interdepartmental transfer from the Judiciary to the Department of Law Enforcement for personnel costs, including payroll and fringe benefits;
- (3) Changing the effective date to upon approval; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1045, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1045, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Kitagawa and Shimizu.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Elefante, Moriwaki, Fukunaga and DeCorte.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fukunaga).

Conf. Com. Rep. 233 on H.B. No. 1483

The purpose of this measure is to:

- (1) Establish various criminal offenses and penalties related to fireworks or articles pyrotechnic;
- (2) Amend and establish various definitions and penalties for fireworks offenses, including establishing heightened penalties under certain circumstances;
- (3) Incorporate fireworks infractions into the existing adjudication process for traffic and emergency period infractions; and
- (4) Appropriate funds.

Your Committee on Conference has amended this measure by:

- (1) Providing that the limitation on the number of permits a person may obtain does not apply to permits for aerial devices, articles pyrotechnic, or display fireworks;
- (2) Deleting the appropriation; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1483, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1483, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Kitagawa and Shimizu.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Elefante, Rhoads, Kim, Wakai and Fevella.

Managers on the part of the Senate.

Ayes, 5. Noes, none. Excused, none.

Conf. Com. Rep. 234 on H.B. No. 1409

The purpose of this Act is to:

- (1) Amend the funding priorities of the Rental Housing Revolving Fund to incentivize development in areas that satisfy transit-supportive density requirements;
- (2) Allocate a minimum percentage of the Rental Housing Revolving Fund for certain mixed-income rental housing projects;
- (3) Require the Transit-Oriented Development Infrastructure Improvement District Board to consider the infrastructure needs of transit-supportive density requirements; and
- (4) Require the strategic plan developed by the Hawaii Interagency Council for Transit-Oriented Development to delineate transit-oriented development areas for each county.

Your Committee on Conference has amended this measure by:

- (1) Deleting language that would have amended the funding priorities of the Rental Housing Revolving Fund;
- (2) Establishing a Mixed-Income Subaccount within the Rental Housing Revolving Fund to finance certain projects, including those located in transit-oriented developments, instead of allocating a minimum percentage of the Rental Housing Revolving Fund for certain mixed-income rental housing projects, and sunseting the Subaccount on June 30, 2030;
- (3) Changing the effective date to upon approval; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1409, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1409, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Evslin, Hashem, Miyake and Muraoka.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (Muraoka).

Senators Chang, Inouye, Kanuha and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 235 on H.B. No. 422

The purpose of this measure is to:

- (1) Repeal the construction cost component of school impact fees;
- (2) Exempt additional projects from school impact fees, including certain affordable, government, and Hawaiian home lands developments and single-room dwellings;
- (3) Increase the minimum number of units in a development to trigger land dedication provisions of the land component impact fee; and
- (4) Require the School Facilities Authority to adopt rules governing fee collection and report to the Legislature on the benefits and impacts of this measure.

Your Committee on Conference has amended this measure by:

- (1) Making conforming amendments to delete certain definitions no longer used;
- (2) Repealing the requirement for new residential units with less than fifty units to include a written agreement relating to a time specified for payment of a fee in lieu;
- (3) Expanding prohibited uses of fee in lieu land dedication funds;
- (4) Clarifying that any educational contribution agreement executed with the Department of Education or School Facilities Authority before the effective date of this measure shall remain in effect unless mutually terminated or renegotiated;
- (5) Clarifying that this measure applies to new residential developments permitted or approved on or before June 30, 2029;
- (6) Changing the effective date to upon approval; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 422, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 422, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Evslin, Miyake, Perruso and Muraoka.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Chang, Kim, Kidani, Hashimoto and Kanuha.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, 1 (Hashimoto).

Conf. Com. Rep. 236 on H.B. No. 1298

The purpose of this measure is to establish within the Hawaii Housing Finance and Development Corporation a Government Employee Housing Revolving Fund Program and a Government Employee Ninety-Nine Year Leasehold Rent-to-Own Program.

Your Committee on Conference has amended this measure by:

- (1) Deleting language establishing a Government Employee Housing Revolving Fund Program and a Government Employee Ninety-Nine Year Leasehold Rent-to-Own Program;

- (2) Establishing a Government Employee Housing Program that is to be financed by the Dwelling Unit Revolving Fund to facilitate the creation of affordable residential rental units;
- (3) Inserting an appropriation of \$200,000 for each year of the 2025-2027 fiscal biennium for the Hawaii Housing Finance and Development Corporation to conduct planning for the Government Employee Housing Program;
- (4) Inserting an appropriation of \$160,000 for each year of the 2025-2027 fiscal biennium for the establishment of one full-time equivalent position within the Hawaii Housing Finance and Development Corporation;
- (5) Changing the effective date to July 1, 2025; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1298, H.D. 3, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1298, H.D. 3, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Evslin, Sayama, Miyake, Kapela and Pierick.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Pierick).

Senators Chang, Aquino, Kanuha and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 237 on H.B. No. 830

The purpose of this measure is to:

- (1) Beginning July 1, 2027, allow the State Historic Preservation Division to contract its review of certain proposed projects to third-party consultants under certain circumstances;
- (2) Establish requirements for qualified third-party consultants providing review services;
- (3) Require the project proponent to pay for the reasonable fee requirements of the third-party consultant;
- (4) Allow the project proponent to contract or sponsor with any county, housing authority, non-profit organization, or person, to meet the third-party consultant fee requirement;
- (5) Require the Department of Land and Natural Resources to publish a draft of its proposed rules within one year of the effective date of this measure, and within one year thereafter, present its proposed final rules to the Board of Land and Natural Resources; and
- (6) Appropriate funds for the State Historic Preservation Division's recruitment and retention of qualified third-party consultants and full-time equivalent positions to oversee the third-party consultants.

Your Committee on Conference has amended this measure by:

- (1) Exempting projects that trigger Section 106 of the National Historic Preservation Act from this measure;
- (2) Authorizing third-party review on residential units and mixed-use developments, as long as a majority of the mixed-use development is residential for state projects and projects affecting historic properties;
- (3) Deleting language that would have allowed a third-party review for privately-owned historic property under certain circumstances;
- (4) Removing all appropriations;
- (5) Changing the sunset date to June 30, 2030, rather than June 30, 2029;
- (6) Changing the effective date to July 1, 2025, but making the authorization to contract a third-party consultant effective July 1, 2026; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 830, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 830, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Evslin, Hashem, Miyake and Muraoka.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (Muraoka).

Senators Inouye, Chang, Gabbard, Kanuha, McKelvey and DeCorte.

Managers on the part of the Senate.

Ayes, 5. Noes, none. Excused, 1 (McKelvey).

Conf. Com. Rep. 238 on H.B. No. 778

The purpose of this measure is to:

- (1) Require the Office of Planning and Sustainable Development to conduct an integrated land use study for the use of lands within agricultural districts and submit interim and final reports to the Legislature;
- (2) Appropriate funds for the establishment of a planner position and other expenses to conduct the study; and
- (3) Appropriate funds for personnel costs and other expenses of the study.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$400,000 for the establishment of one full-time equivalent planner position and other expenses to conduct the integrated land use study;
- (2) Deleting the appropriation for personnel costs and other expenses of the integrated land use study;
- (3) Changing the effective date to July 1, 2025; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 778, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 778, H.D. 2, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashem, Lamosao and Souza.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Inouye, Gabbard, DeCoite, Elefante and DeCorte.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 2 (Gabbard, Elefante).

Conf. Com. Rep. 239 on H.B. No. 1007

The purpose of this measure is to:

- (1) Authorize the Hawaii Community Development Authority to cooperate with or assist public and private sector entities to engage in projects that improve the State;
- (2) Recast the Transit-Oriented Development Infrastructure Improvement District as the Transit-Oriented Community Improvement Program and Board under the Hawaii Community Development Authority; and
- (3) Authorize the Hawaii Community Development Authority to issue an unspecified amount in revenue bonds, and appropriate an unspecified amount, to finance the development of infrastructure outside of the Hawaii Community Development Authority's community development districts.

Your Committee on Conference finds that this measure provides the Hawaii Community Development Authority with additional financing tools and flexibility to help the Authority provide community improvements, including projects in transit-oriented development areas. Your Committee on Conference further finds that this measure will improve the Authority's capability to deliver complete communities with lower housing and transportation costs, safer streets, public spaces, parks, and community amenities.

Your Committee on Conference has amended this measure by:

- (1) Amending the composition of the Hawaii Community Development Authority by adding, for the purposes of administering part X of Chapter 206E, Hawaii Revised Statutes, only:
 - (A) Two experts on transit-oriented development, to be appointed one each by the President of the Senate and Speaker of the House of Representatives;
 - (B) As ex officio, nonvoting members, the chairpersons of the respective Senate and House of Representatives standing committees having jurisdiction over transportation; and
 - (C) As ex officio, nonvoting members, the chairpersons of the respective Senate and House of Representatives standing committees having jurisdiction over housing;
- (2) Repealing the Transit-Oriented Development Infrastructure Improvement District Board and renaming the Transit-Oriented Community Improvement Program as the Transit-Oriented Development Infrastructure Improvement Program;
- (3) Transferring certain powers from Transit-Oriented Development Infrastructure Improvement District Boards to the Hawaii Community Development Authority;
- (4) Renaming the transit-oriented community improvement special fund as the transit-oriented development infrastructure improvement program special fund;
- (5) Authorizing the issuance of \$180,000,000 in revenue bonds, and appropriating the same sum for fiscal year 2025-2026 to carry out the purposes of Chapter 206E, Hawaii Revised Statutes;
- (6) Changing the effective date to July 1, 2025; and
- (7) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1007, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1007, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashem, Tarnas, Lamosao, Evslin and Shimizu.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Evslin).

Senators Lee, C., Aquino, Kanuha, DeCorte and Inouye.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, 1 (Kanuha).

Conf. Com. Rep. 240 on H.B. No. 1293

The purpose of this measure is to:

- (1) Temporarily, until June 30, 2028:

- (A) Exempt, from the requirement to conduct procurements through the State's electronic system, Department of Education purchases of local edible produce and packaged food products costing less \$250,000;
 - (B) Require at least three written quotes for Department of Education purchases of local edible produce and packaged food products within a certain cost range; and
 - (C) Require at least two written quotes for Department of Education purchases for certain schools in rural communities of local edible products and packaged food products that are between a certain cost range; and
- (2) Appropriate \$20,000,000 to the Department of Education for fiscal year 2025-2026 to address the Food Services Program shortfall, as requested in Governor's Message No. 9.

Your Committee on Conference has amended this measure by:

- (1) Clarifying that at least three written quotes is required for Department of Education purchases of local edible produce and packaged food products of less than \$250,000;
- (2) Deleting language that would require at least two written quotes for Department of Education purchases for certain schools in rural communities of local edible products and packaged food products that are between a certain cost range;
- (3) Removing the appropriation;
- (4) Changing the effective date to July 1, 2025; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1293, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1293, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives La Chica, Morikawa and Muraoka.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Kidani, Kim, Kanuha and DeCorte.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 241 on H.B. No. 961

The purpose of this measure is to:

- (1) Establish a two-year pilot program for certified librarians to provide rotating support services to schools in one school complex on Oahu and one school complex on a neighbor island, to be determined by the Department of Education; and
- (2) Appropriate funds for the positions.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$132,308 for the establishment of two full-time equivalent (2.0 FTE) twelve-month state office-level teacher positions under the Department of Education for the pilot program, to be allocated as follows:
 - (A) \$66,154 for one full-time equivalent (1.0 FTE) twelve-month state office-level teacher position, to be filled by a certified librarian, for a school complex on Oahu; and
 - (B) \$66,154 for one full-time equivalent (1.0 FTE) twelve-month state office-level teacher position, to be filled by a certified librarian, for a school complex on a neighbor island;
- (2) Changing the effective date to July 1, 2025; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 961, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 961, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives La Chica, Takenouchi and Souza.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Kidani, Kim, Kanuha and DeCorte.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (DeCorte).

Conf. Com. Rep. 242 on H.B. No. 1153

The purpose of this measure is to:

- (1) Authorize supplemental allotments and transfers of unrequired balances for capital improvement program projects and establish a protocol fund with a cap of \$7,000 for each state principal department;
- (2) Make emergency appropriations and commensurate reductions to pay for anticipated operating shortfalls in the fourth quarter due to the limited ability to transfer funds between programs;
- (3) Authorize the Governor to use program savings and available funds for the purpose of temporarily maintaining critical federally funded state programs and positions;

- (4) Authorize transfers to the general fund of excess balances of various non-general funds from various state departments and agencies; and
- (5) Appropriate funds to the Office of the Governor for expenses and staff.

Your Committee on Conference has amended this measure by:

- (1) Removing the transfers of excess balances of various non-general funds to the general fund from various state departments and agencies;
- (2) Deleting the appropriation to the Office of the Governor;
- (3) Transferring an amount in excess of the requirements of the State Educational Facilities Improvement Special Fund, repealed by Act 72, Session Laws of Hawaii 2020, to the general fund;
- (4) Changing the effective date to June 29, 2025; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1153, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1153, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Takenouchi, Morikawa and Reyes Oda.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators McKelvey, Lee, C. and Hashimoto.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 243 on H.B. No. 794

The purpose of this measure is to authorize the issuance of general obligation bonds and to make the constitutionally required findings that the bond issuance will not cause the state debt limit to be exceeded.

Your Committee on Conference finds that article VII, section 13, of the Constitution of the State of Hawaii requires the Legislature to include a declaration of findings in every general law authorizing the issuance of general obligation bonds, which shall declare that the issuance of state bonds authorized will not cause the debt limit to be exceeded at the time of issuance. Your Committee on Conference further finds that the proceeds generated from the general obligation bonds authorized to be issued under this measure will be used to finance the fulfillment of important state objectives.

Your Committee on Conference has amended this measure by:

- (1) Inserting the appropriate dollar amounts throughout the measure as provided by the Department of Budget and Finance;
- (2) Updating references to applicable dates and measure numbers that are cited in the measure;
- (3) Making it effective upon approval; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 794, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 794, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamashita, Kitagawa and Reyes Oda.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Moriwaki, Hashimoto and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 244 on H.B. No. 795

The purpose of this measure is to dispose of excess general fund revenues pursuant to Article VII, section 6 of the Hawaii State Constitution, by either:

- (1) Providing for an income tax credit of an unspecified amount to every qualifying resident individual taxpayer of the State;
- (2) Appropriating general revenues to make a deposit of an unspecified amount into the Emergency and Budget Reserve Fund established pursuant to section 328L-3, Hawaii Revised Statutes; or
- (3) Appropriating general revenues to make a deposit of an unspecified amount into the Other Post-Employment Benefits Trust Fund established pursuant to section 87A-42, Hawaii Revised Statutes.

Your Committee on Conference has amended this measure by:

- (1) Removing the provisions that provide for an income tax credit to every qualifying resident individual taxpayer of the State and deposit into the Other Post-Employment Benefits Trust Fund;
- (2) Inserting an appropriation amount of \$1,000,000 in general revenues to be deposited into the Emergency and Budget Reserve Fund;
- (3) Changing the effective date to July 1, 2025; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 795, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 795, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamashita, Takenouchi and Reyes Oda.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Hashimoto, Moriwaki and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 245 on H.B. No. 796

The purpose of this measure is to require that income tax credits existing on December 31, 2025, or established or renewed after December 31, 2025, include a five-year sunset or an annual one-third reduction, beginning with the sixth year of the credit.

Your Committee on Conference has amended this measure by:

- (1) Changing the effective date to upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 796, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 796, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamashita, Ilagan and Matsumoto.

Managers on the part of the House.

Ayes, 3; Ayes with Reservations (Matsumoto). Noes, none. Excused, none.

Senators Hashimoto, Moriwaki and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 246 on H.B. No. 1173

The purpose of this measure is to require the Department of Taxation to:

- (1) State the assessment date on certificates of tax lien; and
- (2) Issue certificates of discharge when the tax liability on which a lien is based has been satisfied or has become unenforceable by lapse of time.

Your Committee on Conference has amended this measure by changing the effective date to January 1, 2027.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1173, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1173, H.D. 1, S.D. 1, C.D. 1.

Senators Kim, Moriwaki and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 247 on H.B. No. 1369

The purpose of this measure is to amend and repeal certain credits, deductions, and exemptions under the income tax, general excise tax, and use tax laws.

Your Committee on Conference has amended this measure by:

- (1) Removing the proposed amendments to and repeal of all credits, deductions, and exemptions except for general excise and use tax exemptions related to sugarcane producers, the use of certain vessels, and securities exchange fees, dues, and amounts received;
- (2) Changing the effective date to July 1, 2025; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1369, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1369, H.D. 1, S.D. 1, C.D. 1.

Senators Hashimoto, Kim and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 248 on H.B. No. 1439

The purpose of this measure is to make an appropriation for the public employment cost items and cost adjustments for employees of the Senate, House of Representatives, and various legislative agencies who are excluded from collective bargaining.

Your Committee on Conference has amended this measure by:

- (1) Appropriating a total of \$1,143,594 for fiscal year 2025-2026 and \$2,030,952 for fiscal year 2026-2027 for the public employment cost items and cost adjustments for employees of the Senate, House of Representatives, and various legislative agencies who are excluded from collective bargaining; and
- (2) Changing the effective date to July 1, 2025.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1439, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1439, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamashita, Takenouchi and Alcos.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Hashimoto, Kanuha and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Kanuha).

Conf. Com. Rep. 249 on H.B. No. 1001

The purpose of this measure is to establish, and appropriate funds to, the Maui Wildfires Settlement Trust Fund to pay eligible claims pursuant to the Maui wildfires settlement agreements.

Your Committee on Conference has amended this measure by:

- (1) Appropriating \$400,000,000 for fiscal year 2025-2026 and \$407,500,000 for fiscal year 2026-2027 to be deposited into the Maui Wildfires Settlement Trust Fund to fund the State's contribution to the settlement of claims related to the 2023 Maui wildfires and for the payment of administrative expenses relating to the Maui wildfires settlement agreements;
- (2) Changing the effective date to July 1, 2025; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1001, H.D. 1, S.D. 3, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1001, H.D. 1, S.D. 3, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Yamashita, Poepoe, Takenouchi and Garcia.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Rhoads, Chang, Wakai and Awa.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 250 on H.B. No. 987

The purpose of this measure is to:

- (1) Establish the State Procurement Automation System Special Fund to receive transaction fees from the procurement automation system to pay for the system's administration, management, operation, maintenance, and upgrade; and
- (2) Add the Executive Director of the School Facilities Authority as the Chief Procurement Officer for the School Facilities Authority in the Hawaii Public Procurement Code.

Your Committee on Conference has amended this measure by changing the effective date to upon approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 987, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 987, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Morikawa and Muraoka.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators McKelvey, Kim, Moriwaki and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 251 on H.B. No. 329

The purpose of this measure is to:

- (1) Specify that the School Facilities Authority is responsible for projects related to:
 - (A) Certain facilities for prekindergarten, preschool, child care, and early learning programs;
 - (B) Workforce housing, under certain conditions;

- (C) Construction projects on other state or county property, as authorized by the Legislature; and
- (D) Any public school development, planning, or construction assigned by the Legislature, Governor, or Board of Education;
- (2) Authorize the School Facilities Authority to partner with public and private development agencies to develop prekindergarten facilities; and
- (3) Appropriate funds for the planning and construction of:
 - (A) A new middle school in Central Maui;
 - (B) A new elementary school in Lahaina; and
 - (C) A teacher housing project in Mililani.

Your Committee on Conference has amended this measure by:

- (1) Removing language that:
 - (A) Authorizes workforce housing for educators and other education works to be constructed on school property or other property;
 - (B) Clarifies that the School Facility Authority is responsible for construction projects on other state or county property, as authorized by the Legislature; and
 - (C) Clarifies that the School Facilities Authority is not responsible for the repair and maintenance of any Department of Education facilities;
- (2) Allowing the School Facilities Authority to use the Department of Education for certain recruitment and hiring responsibilities;
- (3) Clarifying that the School Facilities Authority may partner with public and private development agencies to develop prekindergarten, preschool, child care, and early learning program facilities;
- (4) Changing the appropriation for the planning and construction of a new middle school in Central Maui to \$2,000,000;
- (5) Inserting an appropriation of \$2,000,000 for the planning and construction of a workforce housing project in Mililani;
- (6) Removing the appropriation for the planning and construction of:
 - (A) A new elementary school in Lahaina; and
 - (B) A teacher housing project in Mililani;
- (7) Changing the effective date to July 1, 2025; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 329, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 329, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Poepoe, Miyake, La Chica and Souza.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Poepoe).

Senators Kidani, Lee, C., Chang and DeCorte.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 252 on H.B. No. 700

The purpose of this measure is to improve the detection and treatment of Alzheimer's disease and related dementias in Hawaii by:

- (1) Establishing, with certain exceptions, standardized cognitive assessments for qualified Medicare beneficiaries;
- (2) Establishing a two-year Dementia Data Pilot Program within the Executive Office on Aging to collect and analyze cognitive assessment data;
- (3) Requiring the Executive Office on Aging to report de-identified aggregated cognitive assessment data to the Legislature; and
- (4) Appropriating funds for data management and reporting requirements.

Your Committee on Conference has amended this measure by:

- (1) Clarifying that the the Executive Office on Aging is required to submit a report to the Legislature twenty days prior to the convening of the Regular Sessions of 2027 and 2028;
- (2) Deleting the requirement that the cognitive assessments use diagnostic tests approved by the United States Food and Drug Administration and covered by Medicare;
- (3) Deleting the appropriation;
- (4) Changing the effective date to July 1, 2025; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 700, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 700, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Takayama, Marten, Keohokapu-Lee Loy, Chun and Garcia.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators San Buenaventura, Moriwiki, Keohokalole and Fevella.

Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 253 on H.B. No. 1482

The purpose of this measure is to strengthen the regulatory and enforcement framework governing hemp-derived cannabinoids by:

- (1) Beginning January 1, 2026, requiring manufactured hemp product distributors and manufactured hemp product retailers to obtain certificates of registration from the Department of Health;
- (2) Establishing the offense of unlawful hemp retailing and distribution;
- (3) Specifying the authority to inspect businesses engaged in the distribution and sale of, and authority to seize or confiscate, products containing or derived from hemp;
- (4) Specifying that the offense of unlawful hemp retailing and distribution is subject to nuisance abatement proceedings;
- (5) Establishing that a violation of the hemp processor laws constitutes an unfair or deceptive act or practice and unfair method of competition subject to a civil penalty;
- (6) Authorizing the Hawaii Hemp Processing Special Fund to be used to establish the registry of manufactured hemp product distributors and manufactured hemp product retailers;
- (7) Authorizing the Office of Medical Cannabis Control and Regulation to administer the Hemp Processors Program;
- (8) Establishing that every building, premises, or place used for the purpose of violating the hemp processors law is a nuisance subject to abatement; and
- (9) Appropriating funds.

Your Committee on Conference has amended this measure by:

- (1) Specifying that certificates of registration are valid for five years, rather than one year;
- (2) Deleting the exemption from the registration requirements for persons holding a valid United States Department of Agriculture license to grow hemp;
- (3) Specifying that a person holding a hemp processor permit shall be issued a certificate of registration that is valid for a period coterminous with the permit and shall be exempt from the fees;
- (4) Prohibiting the sale of tinctures to persons under twenty-one years of age;
- (5) Lowering the allowable volume for a tincture from two ounces to one ounce;
- (6) Deleting the appropriations;
- (7) Changing the effective date to July 1, 2025; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1482, H.D. 1, S.D. 3, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1482, H.D. 1, S.D. 3, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Takayama, Matayoshi, Tarnas, Takenouchi and Pierick.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Pierick).

Senators San Buenaventura, Keohokalole, Gabbard, Kim, Hashimoto and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, 2 (Gabbard, Hashimoto).

Conf. Com. Rep. 254 on H.B. No. 712

The purpose of this measure is to preserve the integrity of the federal 340B Drug Pricing Program by:

- (1) Prohibiting drug manufacturers from denying, restricting, or prohibiting the acquisition, shipping, or delivery of a 340B drug to a pharmacy under contract with any 340B covered entity in the State;
- (2) Authorizing 340B covered entities and the Attorney General to bring a civil action for enforcement within four years of a violation;
- (3) Requiring each 340B covered entity to report certain information annually to the Department of Health; and
- (4) Requiring the Department of Health to prepare, submit to the Legislature, and publicly post annual reports and publicly post all reports submitted by 340B covered entities.

Your Committee on Conference has amended this measure by:

- (1) Authorizing manufacturers to request claims data for the manufacturer's 340B drugs dispensed through a contract pharmacy arrangement under certain circumstances;
- (2) Amending the reporting requirements for 340B covered entities by:
 - (A) Requiring 340B covered entities to report to the hospital trade association operating in the State, rather than the Department of Health;
 - (B) Limiting the reporting to activities related to the dispensing or filling of 340B drugs at contract pharmacies; and
 - (C) Deleting certain provisions relating to a 340B covered entity's costs and payments;
- (3) Requiring the hospital trade association operating in the State to prepare and publicly post an annual aggregate report, rather than the Department of Health;
- (4) Changing the effective date to July 1, 2025; and

(5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 712, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 712, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Takayama, Matayoshi, Poepoe, Takenouchi and Garcia.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Garcia).

Senators San Buenaventura, Keohokalole, Aquino, Chang and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, 1 (Chang).

Conf. Com. Rep. 255 on H.B. No. 302

The purpose of this measure is to make various amendments to the medical use of cannabis and medical cannabis dispensaries laws by:

- (1) Amending the definition of "debilitating medical condition";
- (2) Authorizing the sale of hemp products and accessories to the use of medical cannabis in a medical cannabis dispensary waiting room;
- (3) Authorizing the establishment of a provider-patient relationship via telehealth for purposes of issuing written certifications and limiting the maximum fee a provider may assess for issuing a written certification;
- (4) Clarifying the transportation requirements for certain types of dispensary-to-dispensary purchases of cannabis or manufactured cannabis products;
- (5) Beginning January 1, 2027:
 - (A) Establish criminal penalties for the unlicensed operation of a medical cannabis dispensary; and
 - (B) Prohibit the cultivation of cannabis without a license issued by the Department of Health; and
- (6) Authorize expenditures from the Medical Cannabis Registry and Regulation Special Fund to fund programs for the mitigation and abatement of nuisances related to medical cannabis dispensaries and appropriate funds to the Attorney General's Drug Nuisance Abatement Unit for these purposes.

Your Committee on Conference has amended this measure by:

- (1) Reverting to the existing statutory definition of "debilitating medical condition";
- (2) Authorizing the Department of Health to inspect a qualifying patient's medical records that are held by the physician, advanced practice registered nurse, or hospice provider who issued a written certification for the qualifying patient;
- (3) Amending the definitions of "qualifying patient" and "written certification" and adding a definition for "primary treating medical provider";
- (4) Clarifying the conditions of use for the medical use of cannabis;
- (5) Authorizing the sale of hemp products and accessories to the medical use of cannabis at retail dispensing locations, except in the waiting room;
- (6) Establishing criminal penalties for the unlicensed operation of a medical cannabis dispensary beginning July 1, 2025, rather than January 1, 2027;
- (7) Authorizing expenditures from the Medical Cannabis Registry and Regulation Special Fund to fund programs for the mitigation and abatement of nuisances related to illegal cannabis and hemp products as well as medical cannabis dispensaries;
- (8) Inserting an appropriation of \$750,000 from the Medical Cannabis Registry and Regulation Special Fund for the mitigation and abatement of nuisances related to illegal cannabis and hemp products and medical cannabis dispensaries, including the establishment of positions;
- (9) Prohibiting the cultivation of cannabis without a license issued by the Department of Health beginning January 1, 2028, rather than January 1, 2027, and deleting certain provisions relating to the maximum number of cannabis cultivator licenses and maximum plant canopy size;
- (10) Changing the effective date to July 1, 2025; and
- (11) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 302, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 302, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Takayama, Matayoshi, Tarnas, Keohokapu-Lee Loy, Chun and Alcos.

Managers on the part of the House.

Ayes, 6. Noes, none. Excused, none.

Senators San Buenaventura, Keohokalole, Gabbard, Moriwaki and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, 1 (Gabbard).

Conf. Com. Rep. 256 on H.B. No. 1462

The purpose of this measure is to expand the Crisis Intervention and Diversion Services Program to include at least two sites on the island of Oahu, including one site in an area with a disproportionate number of individuals with mental health conditions, substance use disorders, or homelessness, and appropriate funds for this purpose.

Your Committee on Conference has amended this measure by:

- (1) Requiring one crisis intervention and diversion services site on Oahu to be in an area with a disproportionate number of individuals with mental health disorders or co-occurring mental health and substance use disorders, or both, rather than an area with a disproportionate number of individuals with mental health conditions, substance use disorders, or homelessness;

- (2) Authorizing the use of intensive mobile treatment services as part of the Crisis Intervention and Diversion Services Program;
- (3) Deleting the appropriation;
- (4) Changing the effective date to July 1, 2025; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1462, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1462, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Takayama, Marten, Takenouchi, Kila and Garcia.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Garcia).

Senators San Buenaventura, Moriwaki, Hashimoto and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Hashimoto).

Conf. Com. Rep. 257 on H.B. No. 441

The purpose of this measure is to:

- (1) Beginning January 1, 2026, increase the cigarette tax from sixteen cents to eighteen cents;
- (2) Allocate the increase in the cigarette tax amount to be deposited into the Hawaii Cancer Research Special Fund; and
- (3) Require all cigarette tax revenues allocated to the Hawaii Cancer Research Special Fund to be used exclusively for debt service of capital expenditures and building maintenance until June 30, 2041.

Your Committee on Conference has amended this measure by:

- (1) Specifying that all cigarette tax revenues allocated to the Hawaii Cancer Research Special Fund be used exclusively for debt service of capital expenditures and building maintenance until June 30, 2030, rather than June 30, 2041;
- (2) Requiring that, beginning July 1, 2030, of each amount deposited into the Hawaii Cancer Research Special Fund, two cents per cigarette shall be used exclusively for debt service of capital expenditures and building maintenance;
- (3) Changing the effective date to December 31, 2025; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 441, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 441, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Takayama, Garrett, Keohokapu-Lee Loy and Alcos.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators San Buenaventura, Kim, Kanuha and Fevella.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 258 on H.B. No. 237

The purpose of this measure is to support parents and caregivers of children from birth to five years of age by appropriating funds to the Family Health Services Division of the Department of Health to establish and oversee peer-to-peer support programs.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$860,000 for the Family Health Services Division, to be allocated as follows:
 - (A) \$200,000 for one full-time equivalent Program Specialist V position and one full-time equivalent Program Specialist IV position;
 - (B) \$270,000 for purchase of service contracts with neighborhood or location peer-to-peer based groups; and
 - (C) \$390,000 for purchase of service contracts for addiction and child welfare peer support programs; and
- (2) Changing the effective date to July 1, 2025.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 237, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 237, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Takayama, Marten, Keohokapu-Lee Loy, Kitagawa and Alcos.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Kitagawa).

Senators San Buenaventura, Moriwaki and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 259 on H.B. No. 474

The purpose of this measure is to appropriate funds to the Department of Health for the Department's current Fall Prevention Campaign.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation of \$100,000 for the Department of Health's current Fall Prevention Campaign;
- (2) Changing the effective date to July 1, 2025; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 474, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 474, H.D. 2, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Takayama, Keohokapu-Lee Loy, Chun, Lee, M. and Alcos.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Alcos).

Senators San Buenaventura, Kanuha and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).
