THE
EIGHTH LEGISLATURE
STATE OF HAWAII
REGULAR SESSION OF 1975
JOURNAL OF THE SENATE

FIRST DAY

Wednesday, January 15, 1975

In accordance with the provisions of Section 11 of Article III of the Constitution of the State of Hawaii, the Senate of the Eighth Legislature of the State of Hawaii, Regular Session of 1975, was called to order at 10:00 o'clock a.m., Wednesday, January 15, 1975, by the Honorable John T. Ushijima, President Pro Tempore of the Senate.

The Divine Blessing was invoked by Reverend William Kaina of the United Church of Christ.

Nominations now being in order for a Temporary Clerk, Senator Ching moved that Seichi Hirai be appointed as Temporary Clerk of the Senate.

On motion by Senator Taira, seconded by Senator F. Wong and carried, nominations were closed and Seichi Hirai was appointed as Temporary Clerk of the Senate.

Senator R. Wong moved that a Committee of three Senators be appointed by the President Pro Tempore as a Committee on Credentials to examine the certificates of election of the members of the Senate and submit a report of its findings to the Senate, seconded by Senator Yim and carried.

The President Pro Tempore thereupon appointed Senators Kawasaki, King and Yee to serve on such Committee.

At 10:08 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 10:17 o'clock a.m.

SPECIAL COMMITTEE REPORT

Senator Kawasaki, for the Committee on Credentials, presented a report (Spec. Com. Rep. No. 1) which was read by the Temporary Clerk

as follows:

"The Honorable John T. Ushijima
President of the Senate
The Eighth State Legislature
State Capitol
Honolulu, Hawaii 96813

Sir:

Your Committee on Credentials begs leave to report that it has examined the Certificates of Election of the Senate of the Eighth Legislature of the State of Hawaii, Regular Session of 1975, and finds that the following persons have been legally elected and are fully qualified to sit as members of the Senate.

The Elected Senators whose respective terms of office will expire in 1978 are:

First Senatorial District

Stanley I. Hara
Richard Henderson
John T. Ushijima

Second Senatorial District

Henry T. Takitani
Mamoru Yamasaki

Third Senatorial District

D. G. Anderson
Mary George
John J. Hulten

Fourth Senatorial District

Donald D. H. Ching
Joseph T. Kuroda
Francis A. Wong
Patsy K. Young

Fifth Senatorial District

Duke T. Kawasaki
Robert S. Taira
Richard S. H. Wong
T. C. Yim

Sixth Senatorial District

Anson Chong
Jean S. King
John Leopold
Wadsworth Yee

Seventh Senatorial District

Donald S. Nishimura
Dennis O'Connor
Frederick W. Rohlfing
Patricia Saiki

Eighth Senatorial District

George H. Toyofuku

Respectfully submitted,

Duke T. Kawasaki
Jean S. King
Wadsworth Yee"

Senator Kawasaki moved that Special Committee Report No. 1 be adopted, seconded by Senator King and carried.

The Committee was thereupon discharged with thanks.

Senator Chong then moved that a Committee of three Senators be appointed to escort the Chief Justice of the Supreme Court of the State of Hawaii, to administer the oath of office to the members of the Senate, seconded by Senator King and carried.

The President Pro Tempore appointed Senators Ching, Taira and Anderson as members of such Committee.

The Committee escorted Chief Justice William S. Richardson to the dais and was thereupon discharged with thanks.

Chief Justice Richardson then administered the oath of office to the members of the Senate standing at their respective desks.

At this time, the Roll was called showing all Senators present.

Senator Nishimura moved that the Rules of the Seventh Legislature be the Temporary Rules of the Eighth Legislature, seconded by Senator O'Connor and carried.

At 10:22 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 10:30 o'clock a.m., with Senator Ching at the Chair.

Nominations for the officers of the Senate being next in order, Senator Hara placed in nomination the name of Senator John T. Ushijima as President of the Senate with the following remarks:

"Mr. Chairman, I rise to claim the honor of placing in nomination for the President of the Senate, the name of my distinguished colleague from the First Senatorial District, the Orchid Island of Hawaii.

John Ushijima has served in this body since the Aloha State became a State. He is the only one of us here I believe who can claim such seniority and he has during this period served remarkably.

Since 1967, the Fourth Legislature, John Ushijima has led this body's Committee on Judiciary. Those were great, exciting and progressive years. Those were the years that that Committee refined, perfected such legislation as the No-Fault Auto Insurance, our Hawaii Penal Code, the Landlord Tenant Code, campaign spending and ethics legislation.

During the time he has served Hawaii in the Senate, he has demonstrated wisdom, charity for his fellow man and unmistakably capabilities as a leader among his peers.

Exactly four years ago, we elected him to be Vice-President of the Senate, a key leadership position. Now I submit to my fellow Senators that we turn to the experience and ability of John Ushijima once again, this time as President of this body.

It gives me great pleasure, Mr. Chairman, to nominate John T. Ushijima to be President of this Body for the Eighth and Ninth Legislatures of Hawaii.

Thank you."

Senator Young, in seconding the motion, made the following statement:

"Mr. Chairman, I rise to second the nomination of John Ushijima as President of the State Legislature.

As the previous speaker stated, from the beginning of statehood, Senator Ushijima has given himself to the service of our State. His record is clear. He has been the architect of some of the most progressive legislation enacted in the 50th State of our Union.

My fellow colleagues, Hawaii faces a difficult period of great uncertainty, but I am confident that if we unite behind great leadership our Senate will be bold, imaginative, responsive and responsible in doing justly for the people of our State. Leadership in these difficult times is not just hollow words. It is a need which can be filled by persons with vision and inspiration. We have such a person in the leadership of Senator John Ushijima."

Senator Anderson also rose to second the motion with the following remarks:

"I rise to second the nomination of Senator John Ushijima as President of this Senate.

John, as we know him in this Chamber, has been a man in the role of Chairman of the Committee on Judiciary. He has been a friend and a colleague of many of us. I am pleased to second the nomination this morning, because I, as a Minority Member, have found that John is not a partisan person. I really can't recall in the last eight years of any bill, motion, suggestion or idea being accepted or rejected because it was a partisan argument.

His door has always been open. He has been a person you could sit with and discuss a complicated and complex issue and rap with and understand it fully. He is always open for suggestions and constructive criticism.

It gives me great pleasure to second the nomination."

Senator Yamasaki moved that the nominations be closed, seconded by Senator Kuroda. The motion to close the nominations was put by the Chair and carried unanimously, and the Temporary Clerk was directed to cast a unanimous ballot for Senator Ushijima as President of the Senate.

The ballot having been so cast, Senator Ushijima was declared unanimously elected as President of the Senate of the Eighth and Ninth Legislatures of the State of Hawaii, Regular Session of 1975.

The Chair thereupon appointed Senators Young, Hara, R. Wong, Henderson, Anderson and Saiki as a Committee to escort the President to the dais.

At 10:35 o'clock a.m., the Senate stood in recess subject to the call

of the Chair.

The Senate reconvened at 11:03 o'clock a.m.

The Committee escorted the President to the Chair and thereupon was discharged with thanks.

The President then addressed the members of the Senate and guests as follows:

"Governor and Mrs. Ariyoshi, Lt. Governor Doi, Chief Justice Richardson, members of the Senate, honored guests, ladies and gentlemen.

Hawaii has undergone many changes and has progressed in many ways since the early fifties. Those were the formative years which saw the beginning of a new Hawaii. For many of us gathered here this morning, Hawaii today is the culmination of hopes and dreams we shared during those formative years. For those of us who returned from war, the Hawaii of today is our legacy to our children, who are now assuming leadership roles in government and business.

This morning, I speak not only to my fellow senators, but also to the many friends and honored guests who join us here and in their homes. To all of you who have contributed to the growth of our state, take pride in your accomplishments. Be assured that what we enjoy today did not come easily but is the result of all of your efforts.

To those of you who are about to assume your roles of responsibility, we look to your contributions. Your value lies in your understanding of today's problems. Your solutions will be based on this understanding and the realization that you are the Hawaii of today.

There is one gentleman who is not present today, but who is I believe, singly responsible for the coming of age of our State. I speak of our former Governor, John A. Burns, who persevered in times when he alone had the courage of his convictions to press forward for the establishing of the new Hawaii. He envisioned the Hawaii which we all enjoy today, and accomplished this in his own way, quietly and with no personal recognition, letting his accomplishments speak for themselves.

I know that if he were present today, he would be uncomfortable with these words, because he did

not seek the limelight or recognition. I will say very simply, Mahalo Governor, from all of us, and our best wishes to you and Mrs. Burns.

Forty-four days ago, we were privileged to be a part of an historic event when the electorate placed in the highest office in the State a man who comes closest to bridging the span between the early fifties and today. George Ariyoshi is representative of the Hawaii that had its beginnings in the early fifties. His struggles and successes are, for the most part, similar to those which confronted our State. As our State succeeded, George Ariyoshi also achieved his goal as Governor of our State.

As we move ahead in our respective roles in government, we share with him, his goals and our objectives to make this state an even better place to work and live. The fulfillment that we will achieve will be passed on to the citizens of this state with the assurance that the Hawaii they have come to know, will be preserved.

Our state has come of age and we have helped in the molding of the Hawaii that is here and now. We have seen the response to the challenges placed before us in the mid-fifties in what many have called the most significant twenty years in the history of Hawaii. We have seen Statehood come to these islands and the benefits that accrue from full participation on a national level. We have seen growth that has been characterized as dynamic; we have also seen the problems and ills that accrue from a rate of growth that perhaps was too fast and too soon. This then is what we face today as we enter a period that demands both pause and retrospect.

I look to the melding of effort between branches of government, levels of government, and finally, the public at large to accomplish what I feel will be necessary to meet the challenges of the next twenty years. We take our places today as players on a stage that has seen tremendous change, both good and bad. We are now the establishment. We are now entrusted with the basic responsibility of insuring that all people throughout the State will have and continue to have the same opportunities to grow as we did during our period of challenge.

The climate in which we are about to launch our efforts is less than

desirable from the standpoint of economic stability. New phrases such as Stagflation are being coined to describe the condition of depressed fiscal and economic conditions. Unemployment in staggering numbers are on the rise. Density for this city of Honolulu threatens to approach levels that are characteristic of major metropolitan cities on the mainland.

This is the inheritance that we have today and which we will revitalize with the help of all of you gathered here. All of you are familiar with the problems that we face; some of you are familiar with the solutions that will be required to solve these problems. All of us must work together to shape the future destiny of our island state.

I would like to share with you some of the basic tenets that we feel will accomplish our goals for a better Hawaii. The philosophy behind the effort required and the approach we will employ to achieve our objectives are based on the unifying theme of an effective, efficient, responsive and responsible government. In addition, a new emphasis will be established to flow concurrently with that theme. This will be the goal of reasserting our role as legislator first and foremost.

An assessment of past legislative sessions has seen the erosion of legislative control in the total concept of government. The separation of powers and the establishment of the proper role that each branch of government will play is paramount. Our position as architect of legislation and the overseer of the implementation process via the Executive branch, will be reestablished. We have abdicated to the executive branch many of the inherent powers that were rightfully within the province of the legislature. We will restore the proper areas of authority to the legislature, the executive branch and the judicial branch.

A second area of review and control will be in the area of what functions will be performed by the State and what functions are to be performed by the counties. In retrospect, we have found that there is the potential for duplication and fiscal mismanagement if clearly defined lines of authority are not established to the complete understanding of all concerned. We will be working closely with the county administrations to insure that maximum value is realized for the programs that have been entrusted

to county control. We appreciate and value their role as the implementing level of government and will provide them with those powers of responsibility that are rightfully theirs.

A concerted effort will be made to restore public confidence in government. Criticism due to the abuses noted throughout the country, and on an international basis as well, have created an atmosphere of cynicism that is best described as unhealthy.

Finally, we look to those involved in the governmental process to seek out innovative methods of resolving problems. We are provided with many new faces, both in the Legislature and in the Administration. These new faces come to us with a background that is more current and with the times. Their ability to respond and resolve our State's problems will include solutions based on postures developed within this time frame. The time honored methods that have not been resounding in their success will fade away as today's solutions are brought forward by today's people.

To those new and young people in the Legislature and the Administration, the leadership looks with anticipation to their infusion of vitality and vigor. Your contributions will be your energy and drive, tempered with our maturity. This combination will give this Legislature and Administration a new and dynamic impetus that is long overdue.

Our theme of effectiveness, efficiency, responsibility, and responsiveness, will provide the means by which this legislature will fulfill its obligations to the public. We believe in these terms since they impart a meaning to the kind of government we must strive for. We will establish once again the separation of powers, but will interact cohesively with the executive and judicial branches to insure compliance. A closer exercise of our overview responsibility will provide us with the check and balance we seek to be responsive to the public at large. The needs and wants of the electorate will be met within the framework of practicality.

We face an era that is less than appealing in terms of progress and growth; the public has expressed their concerns. Rest assured that we will respond.

I have outlined briefly some of the positions that we as legislators

will be adopting this session. For many of you who feel that the uncertainty of the times should call for a more conservative posture, I can only say that we will accomplish what is necessary. We will and must provide for the people. I am not convinced that we as legislators have exhausted every means of providing complete service to the people. Government by the nature of its makeup, is an imperfect animal.

It is made up of people attempting their best to provide services to the public. The weaknesses and strengths are often squandered to the disadvantage of both government and the public.

We must continue to strive for perfection, refining our tools, and honing sharply the skills and resources we have. I look to you present today to meet the challenge of an uncertain future. I am convinced that government, in the total sense of the word, can help our people and the industries that provide for all of us, the means to enjoy the life we have all worked for.

I would be remiss in my newly appointed role as your President if I did not acknowledge our Minority members. Your role as the 'loyal opposition' carries forward the time-honored tradition of the two party system. Your contributions as our internal check and balance is recognized as the best example of the American way. I want to assure each of you that your contributions will not go unrecognized.

In closing, I would like to leave you with these thoughts: The Hawaii of today is still one of the rare happenings of our time. We have come from an agrarian economy to one that promotes our inherent beauty of land and people. It is worth working for to preserve and enhance. Join me as we move ahead. Thank you."

Senator Yee then responded as follows:

"Mr. President, I would like to take this opportunity respond to your speech. I would like to offer you on behalf of the seven Republican Senators, our hand of cooperation during the next four years. We have always worked well with you when you were Senate Judiciary Chairman and you were more than fair to the Republican and minority problems.

I see you as a leader today and

hope that this theme of cooperation will spread to your other counterparts who are chairmen of various standing committees. We offer to them our cooperation for a greater and a better session coming up.

I also agree with you on your theme of cooperation and responsibility. You can be assured that this side of the aisle will continue our theme of cooperation. We will stick to issues. We will not dwell on personalities. This has been the history of our past and it will never change.

We have great problems facing us nationally, statewide, combining recession, inflation, high unemployment and economic instability of the Hawaii economy today. This side of the aisle pledge to you and the other members of the Senate, our help in resolving the problems during the next four years.

Thank you, Mr. President."

The President announced that nominations were in order for the office of Vice-President of the Senate.

Senator R. Wong then placed in nomination the name of Senator Duke T. Kawasaki as Vice-President of the Senate with the following remarks:

"Mr. President, it is with pride and pleasure that I nominate for the office of Vice-President of the Senate, in support of the great leadership which I know you will provide, a Senator who has brought credit to this Honorable Body in his eight years of distinguished service to the Senate and to the people of our State; a man with the courage of his convictions, who says what he means and means what he says; a person who has said 'performance is what counts in the Legislature' and then has exemplified this by his own exceptional performance; a legislator of independence, vision and conscience, who will continue to lead us in just causes.

Mr. President, I nominate my esteemed colleague from the Fifth Senatorial District, the Honorable Duke T. Kawasaki."

Senator Yim rose to second the motion with the following remarks:

"Mr. President, it is a distinct honor to second the nomination of my good friend and colleague, Senator Duke Kawasaki for the office of Vice-President of the Hawaii State

Senate. I call on the members of this Honorable Body to elect this honorable man to its second highest office.

Senator Duke Kawasaki exemplifies the Senate's ideals of independence, service in the public interest and responsiveness to the policy issues confronting Hawaii. For this is where Senator Kawasaki stands, and in electing him as its Vice-President will be a clear indication of where our entire Honorable Body stands.

Thank you, Mr. President."

Senator Hulten moved that the nominations be closed, seconded by Senator Takitani. The motion to close the nominations was put by the Chair and carried unanimously, and the Clerk was directed to cast a unanimous ballot for Senator Kawasaki as Vice-President of the Senate.

The ballot having been so cast, Senator Kawasaki was declared unanimously elected as Vice-President of the Senate of the Eighth and Ninth Legislatures of the State of Hawaii, Regular Session of 1975.

The President then appointed Senators Yim, F. Wong, King, Yee and George to escort the Vice-President to the dais.

At 11:22 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:27 o'clock a.m.

The Committee escorted the Vice-President to the dais and thereupon was discharged with thanks.

Senator Kawasaki, in accepting the Vice-Presidency, stated as follows:

"Governor and Mrs. Ariyoshi, Chief Justice Richardson, Mr. President, Members of the Senate, Distinguished Guests. It is with a feeling of appreciation and humility that I accept the signal honor of serving as Vice-President of this Body, the Senate of the State of Hawaii. Thank you, my Senate colleagues for your vote of confidence and your invitation to serve in this capacity.

To our Senate President and my fellow Senators, I pledge every resource of mind and energy that I may possess, in this Senate Body's effort to maintain dignity, harmonious teamwork and a productive effort to bring a better, more meaningful

life to all of the people of this great State.

In ordinary times, the usual after-election session openings, it would suffice, I think, for the incoming Vice-President to deliver a very short and simple acceptance speech. Unfortunately, these are not ordinary times and this will not be an ordinary post election session dealing with simple, very prosaic legislative matters.

Indeed, this will be a crucial session, dealing with big problems confronting the State of Hawaii in this and subsequent years.

In this era of national economic, ethical and spiritual bewilderment at home and abroad and urgent problems here in this State of Hawaii, I would appear less than diligent, rather cavalier and derelict, if I were not to join the Senate President, in articulating to all of you the urgent necessity for this Senate to take on the tasks before us, with vigor, with intelligence and above all with courage.

All of this beauty, this pageantry, the atmosphere with garlands of flowers and fine music, this very delightful festive opening day ceremonies, will have gone for naught, and could be likened to the 'bread and circuses' analogy in the declining years of ancient Rome. This is when the citizens were kept entertained and deliberately uninformed while the urgent problems festered and eventually brought the Romans to dissipation and total ruin. This is what's going to happen to Hawaii if we in this body, and our counterparts across the Rotunda, will not deal intelligently and courageously with Hawaii's problems, and dealing intelligently and courageously with the problems facing Hawaii in the Legislature, may not be very fashionable with a vocal minority segment of our population.

Allow me to focus attention on what I consider to be the most urgent problem facing the people of Hawaii. This is for our State government to maintain a semblance of fiscal solvency, not by adding to the burden of our citizens by raising taxes indiscriminately, but by the exercise of prudence such as honestly trying to promote efficiency and economy in government. Most importantly, by repudiating and rejecting the convenient political expediency of appeasing unreasoning lobby group leaders in their very

unreasonable demands of the Legislature here.

Most of us know in our hearts when the money demands of us are unreasonable, unrealistic and absurd, we have got to have the courage to reject such absurd demands made of us whether this be an election year or a year after the elections. There are great nations falling apart today in fiscal matters simply because their legislative bodies did not have the resolve to deal with their fiscal problems responsibly. This is what is happening to great nations of Italy and Great Britain today. This may well happen to Hawaii if we do not act with courage.

Never has there been a greater need for Hawaii legislators to act courageously, in protecting the greater interest of the hundreds of thousands of silent voices never represented in these halls by lobbyists.

Failing this, I believe this great State, because of the narrow-visioned efforts of a few irresponsible lobby leaders, in concert with fearful, intimidated officeholders, will be plagued for years by the ill-effects of financial insolvency and great hardships imposed on our citizens who do not benefit at all by the efforts of self-seeking pressure groups.

I pray that this Body, the Senate of the State of Hawaii, will act wisely and responsibly by the exercise of intellectual integrity, intellectual honesty and political courage unprecedented in the annals of Hawaiian legislative history. Only then, can we say honestly to the people who have elected us, who put us here, 'we have served you all well and courageously in Hawaii's time of need.'

Again, thank you for your vote of confidence. Aloha!"

SENATE RESOLUTIONS

The following resolutions (S.R. Nos. 1 to 3) were read by the Temporary Clerk and were disposed of as follows:

A resolution (S.R. No. 1) providing for the election of officers of the Senate of the Eighth Legislature of the State of Hawaii, Regular Session of 1975 was jointly offered by Senators Ching and Yee.

On motion by Senator Ching, seconded by Senator Toyofuku and carried, S.R. No. 1 was adopted.

The President thereupon administered the oath of office to Seichi Hirai as Clerk, George M. Amimoto as Assistant Clerk and Harvey Kimura as Sergeant at Arms.

A resolution (S.R. No. 2) advising the Honorable George R. Ariyoshi, Governor of the State of Hawaii, and the House of Representatives that the Senate of the Eighth Legislature of the State of Hawaii, Regular Session of 1975, is organized and ready to transact business was jointly offered by Senators Taira and Anderson.

On motion by Senator Taira, seconded by Senator Toyofuku and carried, S.R. No. 2 was adopted.

The President thereupon appointed Senators Ching, Taira, Kawasaki, Yee and Anderson as a Committee to wait upon the Governor and the House of Representatives and inform them that the Senate was organized and ready to transact business.

At 11:36 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:47 o'clock a.m., and the Committee reported orally that the Governor and the House of Representatives have been informed that the Senate has organized and is ready to transact business. The Committee was thereupon discharged with thanks.

A resolution (S.R. No. 3) requesting the Lieutenant Governor to furnish the Senate with seventy-five copies

of the Session Laws of Hawaii was jointly offered by Senators Taira and Anderson.

On motion by Senator Taira, seconded by Senator Ching and carried, S.R. No. 3 was adopted.

HOUSE COMMUNICATION

A communication from the House (Hse. Com. No. 1) transmitting House Concurrent Resolution No. 1 which was adopted by the House on January 15, 1975, was read by the Clerk and placed on file.

On motion by Senator Taira, seconded by Senator Ching and carried, H.C.R. No. 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE GOVERNOR TO ADDRESS THE LEGISLATURE ASSEMBLED IN JOINT SESSION", was adopted.

At this time, the President said that the opening day ceremony has been most impressive and memorable because the Senate had the pleasure of having Hawaii's top entertainers perform for them. He then thanked Don Ho, the Surfers, Melveen Leed, Sterling Mossman, Zulu, Hui O Hana and others for their wonderful and most enjoyable performance.

ADJOURNMENT

At 11:50 o'clock a.m., on motion by Senator Taira, seconded by Senator Anderson and carried, the Senate adjourned until 11:30 o'clock a.m., Thursday, January 16, 1975.

STANDING COMMITTEE REPORT

Senator Yamasaki, for the Committee on Legislative Management, presented a report (Stand. Com. Rep. No. 1) informing the Senate that Senate Resolution Nos. 1 to 5 and Special Committee Report No. 1 have been printed and are ready for distribution.

On motion by Senator Yamasaki, seconded by Senator Henderson and carried, the report of the Committee was adopted.

At 10:52 o'clock a.m., the Senate stood in recess subject to the call of the Chair to meet in Joint Session with the House of Representatives in accordance with House Concurrent Resolution No. 1.

JOINT SESSION

The Joint Session was called to

order at 11:14 o'clock a.m., by the Honorable James H. Wakatsuki, Speaker of the House of Representatives in accordance with House Concurrent Resolution 1, to receive the Governor's message.

At this time, the Speaker appointed the Committee from the Senate, composed of Senators Kawasaki, Ching, Taira, Anderson and Yee, and the Committee from the House, composed of Representatives Garcia, Ushijima, Kimura, Poepoe and Soares, to escort Governor George R. Ariyoshi, to the dais.

Representative Stanley presented Governor Ariyoshi with a lei on behalf of the Senate and the House of Representatives.

The Speaker then presented the Governor of the State of Hawaii, the Honorable George R. Ariyoshi.

Governor Ariyoshi then addressed the Joint Session as follows:

"Mr. Speaker, Mr. President, Mr. Chief Justice, Honorable Members of the Eighth State Legislature, distinguished guests, ladies and gentlemen:

A year ago, it was my solemn duty to address this forum in an acting capacity and under circumstances I did not seek. Today, I approach this forum in a different frame of mind.

For me, this is a high privilege and distinct honor. I welcome this opportunity to share with you some thoughts on matters of mutual concern and to present you with some insight as to the posture of this new Administration.

I would be less than candid in not confessing to a measure of trepidation as we begin to establish a new relationship between our respective branches of government. I am well aware that my distinguished predecessor has set only the highest standards for his successors to follow.

Yet, I can only be inspired by his example. Words are inadequate to express to him once again our deepest gratitude for the many years of noble service he has given to the people of this State.

Perhaps the greatest achievement of Governor Burns' years of leadership lies in the full democratization of our Island society. Certainly, this is reflected in your own respective successes as duly elected members of the House and of the Senate.

At the outset, let me extend my personal congratulations to each of you--members who have served in the past as well as those of you who are in your first term of office.

My congratulations and best wishes also to your new Speaker, Representative Wakatsuki, and to your new President, Senator Ushijima. I am confident that your leadership--both of the majority and the minority--will continue to stimulate only the highest standard of performance in exercising your legislative responsibilities.

The remarks of Speaker Wakatsuki and of President Ushijima when you convened here last week were indeed timely and appropriate. Having served in your chambers for 16 years before assuming executive duties, I am especially appreciative of the Legislature's responsibility in setting the basic policies of this State.

Indeed, I would be the first to support appropriate measures to redress any imbalances of authority that may exist between our respective branches of government. I share with you a very firm belief in the constitutionally prescribed roles of the law-making and the executive components of our State.

As we begin our work together, I want to assure you that this Administration is willing and determined to cooperate with you in a spirit of close harmony and understanding.

Our collective task today is to develop a program of action that will enable the people of our State to look to the future with hope and with confidence.

We sought this responsibility through a tested democratic process. We now accept our obligations in the full realization that critical times may be ahead and that the job before us will demand the best efforts of each of us.

Whatever our individual views of the future and of the initiatives required by the times, I am confident that we are all bound together by a genuine unity of purpose. Such differences as may exist among us are, by and large, differences only in method, or pace or direction, but not in our basic purposes. For we are, all of us, of single mind in our determination to move our State forward and to continue the orderly progress of our society.

Let us remember, too, that while we respect the inevitability of change, we must never fail to bear in mind and to appreciate the good work of all who have gone before us and who have brought us to our present stage of development.

Over the past three decades and particularly during the years of the previous Administration, many important and far-reaching changes have been made in our society, in our economy and in all those institutions that impinge upon our lives.

We know that these changes have generally given our children and ourselves better health, greater educational opportunities, wider mobility, improved social communication and intercourse, and a broader range of opportunities and employment and choices of lifestyle to suit our individual needs.

In general, we have welcomed these changes. I do not believe that there are many among us who, upon careful reflection, would honestly want to return completely to the old days.

On the other hand, rapid growth and changes have created other problems of accommodation and adjustment. We are justifiably concerned that irreparable damage not be done to our environment; that the manifestations of social maladjustments be properly attended; that we provide adequate relief to those among us who remain ill-fed, ill-housed and ill-equipped to cope with a more complex society.

To be sure, the problems we face are not all of our own making, nor all within our immediate capabilities to resolve. We, too, are subject to national and worldwide pressures that will affect the course of our future, and we are prepared to make our share of necessary sacrifices.

At the same time, we have the responsibility of taking the initiative in moving forward to our own chosen destiny.

Among our first and most urgent tasks is that of building up and strengthening our employment inventory. We should seek this through orderly and well-planned expansion of our present industries and the development of new ones consistent with our State goals and compatible with our desired style of Island living.

From experience, we know the

undesirable consequences of an over-heated economy. Thus, we seek balanced and selected growth. By this means we hope to achieve a lower rate of population increase than we have experienced in the past. At the same time, the policies we adopt should encourage a more even distribution of our people among our several islands.

To provide for more efficient private and public facilities and services, as well as to conserve energy and our precious limited agricultural land and open space, we should, wherever possible, accommodate any growth in our population in compact urban centers.

In seeking greater diversification of our economic base, I suggest that agriculture deserves special attention in terms of State policy and programs. We know there are new and rising pressures on the world's essential but limited resources--principally in energy and food. These pressures have been manifested in worldwide shortages. One of our basic and traditional industries has been the beneficiary of such a worldwide shortage, but we cannot expect such conditions to prevail without future adverse effects for all of us.

In the fact of what is happening, it is vital that we become as self-sufficient as we possibly can.

We should remember, too, that accelerated agricultural development will require more than just more farmers producing more crops, livestock or export products. It will need all of the supporting services necessary for efficient and prudent use of our limited land. It means water development and transportation systems, research and development programs, manufacturing and processing technology, product promotion, communications capabilities and management and marketing institutions.

With your continued support, this Administration is committed to encouragement and development of those enterprises and activities that will restore a greater measure of self-sufficiency throughout our State.

In our efforts to provide new jobs for our people, we cannot overlook the visitor industry, which today is our major source of export revenues.

It is important that we strengthen the underpinnings of this industry

and, at the same time, moderate its growth to a level consistent with our overall objectives for Hawaii's development. Accordingly, this Administration will seek a closer working relationship with all components of our visitor industry, with labor organizations and with local government to insure the maintenance of quality facilities and services for the satisfaction and enjoyment of our visiting guests.

We are committed, too, to the further development of those programs designed to make better use of our marine resources. Only in recent years have we begun to fully recognize the abundant resources in the marine environment that surrounds us. In most cases, the valuable assets in that ocean remain untapped. Recent events, however, clearly demonstrate the potential that lies in marine research and development--not only to Hawaii, but to the nation and to the world.

The offshore fisheries, the mineral deposits, precious coral, mariculture, energy and transportation systems available through the judicious use of our sea are but a few of the benefits to be reaped through continued and more intensive studies of the ocean's potential.

As we proceed to provide those conditions conducive to selective growth, we must be ever mindful of the need for prudence. We do want growth and expansion. But we want it properly paced; we want it properly placed; and we want it properly planned.

We share your concerns for the protection, the preservation and the enhancement of our physical environment. We, too, are committed to the prevention of environmental degradation, the preservation of historic sites, our choice agricultural lands, and coastal and conservation areas. We share your interest in studies being developed to determine the carrying capacity of our environment. This is important because this will permit the wise management and conservation of our resources and guide us in our future developments.

You have already indicated that our Land Use Law may be subject to review. I would suggest that any amendments to this law be carefully considered in terms of the jurisdictional responsibilities.

I believe one can take issue with any specific decision of the Land Use Commission in the recent five-

year boundary review. However, in balance I believe that the commissioners should be commended for the judicious restraint exercised by them in their recent actions.

Nevertheless, a review of the Land Use Law is timely and necessary. We have under consideration a proposal to redefine the role of the commission and the means for the establishment of State goals and policies which must be used as criterias for their decisions.

Our special environment is equally important for yet another reason: we enjoy abundant and year-round recreational opportunities because of the special characteristics of our Islands. And while I hesitate in raising this subject, I cannot ignore it because it is a matter of legitimate interest on your part. I speak, of course, of the new stadium at Halawa and the status of this project. Without prejudicing pending litigation by other parties involved in the development of the stadium, I can report to you that the Comptroller is doing everything in his power to have this job completed as soon as possible. He has met with the contractor and the architect, and he will continue to monitor the project closely so that the State's interests are protected.

In the meantime, pursuant to an earlier legislative mandate, the State has begun negotiations to acquire the old Honolulu Stadium site. I have instructed the appropriate agency to determine the cost of continuing the operations there for the use of those organizations requiring a place to play, pending the completion of Halawa stadium. Barring major costs, we will do what we can to accommodate traditional users of the Stadium.

Let me turn, for a moment, to a subject that has been the source of our most attentive concerns for many years. We can all be proud that public education, in the past, has received the vigorous support of the Governor, the Legislature, the Board of Education and especially the people of this State. With the broad base of support it has enjoyed, education in Hawaii has been both innovative and creative. Hawaii has kept pace with, and in some instances led, the rest of the nation in the development of our educational programs.

While we acknowledge past accomplishments, we must continue to

refine elements within the system to better meet the needs of our young people. To be sure, the financial austerity imposed in recent years has prevented us from doing everything we would have wanted to do. Most restrictions have been lifted, however, and we are prepared to initiate new priorities, particularly in the expansion of curriculum in 'non-core' programs such as art and music education and in vocational skills. Renewed efforts are also proposed to improve our special education and foundation programs.

Additional problems in education have merited our recent attention. Campus unrest and disturbances, although not new, have become the focus of some public attention in our public school system. It is regrettable that special action has become necessary to improve student security. Rather than risk injury to innocent children, we have provided the support necessary to bring the problem under control.

In the past, we have also been troubled by enrollment fluctuation in our lower education programs--both as to totals and as to geographic dispersion. You are well aware of the impact on our classrooms: we have empty schoolrooms in some areas and overcrowding in others. We have asked appropriate administrators to identify alternatives to present practices so that such imbalances of facilities can be prevented in the future.

The University of Hawaii was particularly handicapped in its programs during the period of fiscal constraints. The effects of reduced allotments at the University have been abundantly publicized and need no repeating at this time.

I am pleased to report, however, that, with your support of our budget proposals, the University will be back 'on track' during the forthcoming biennium.

There is one phase of the University's development plans that merits review by all of us--by the Legislature, the Board of Regents and by the Executive. I refer to the earlier commitment for another four-year campus on Oahu. I fully appreciate the concerns of you legislators whose constituencies are directly affected by the fate of this proposal. Therefore, based on past legislative policies, funds have been included in the executive budget for further implementation of the West Oahu College. Nevertheless,

it is my hope that you will carefully review this project. Enrollment projections, the Land Use Commission's recent actions in its boundary review, and recent and developing educational concepts are important considerations that prompt me to suggest this at this time.

The standards in our public health care services are also deserving of closer attention by all of us. Nationally, medical care costs are rising at rates exceeding the general inflationary trend. The same is true in Hawaii. New methods that will enable us to mitigate the rising costs of health care are being considered. We intend to promote the concepts of comprehensive and preventive care in group settings as a means of keeping costs down.

This Administration's proposals also include provision for improving conditions and programs at the Waimano Training School and Hospital, at the State Hospital and the other long-term and acute care facilities throughout the State of Hawaii.

Housing remains a difficult problem for many. Under the provisions of Act 105, the State has managed to construct more than 2,600 units, while another 2,600 units are presently under construction. An additional 4,500 units have been committed in the next few years.

I have also taken the necessary steps to clarify the authority of the State to issue general obligation bonds for the purpose of converting leasehold properties into fee ownership. I am also aware that the law providing for such acquisition is being given new consideration by your committees. And I welcome this, and I look forward to working closely with you in our endeavors to make the law more effective.

While we can cite statistics to show that the State's housing program is achieving some degree of success, I am not fully convinced that the most needy families are being accommodated by this program. Accordingly, the Hawaii Housing Authority has been advised that a greater degree of selectivity is necessary in identifying the 'target group' to be assisted. Also, our efforts in the Department of Hawaiian Home Lands will be further intensified.

Furthermore, I believe greater attention should be given to other means for providing housing and related amenities where the need

is the greatest. For some years now, the State has encouraged a comprehensive redevelopment of Kakaako, within the area beginning at the waterfront down to the Ala Moana Center. The three major landowners at some time in the past have indicated a willingness to work together so that the most meaningful use can be made of this valuable property.

I suggest that this may be an opportune time to consider special legislation for what might be considered as a 'Kakaako Redevelopment Authority' under whose umbrella this district could be rebuilt in a manner compatible with the rest of the city. There is great potential here to redesign the face of Honolulu and, at the same time, provide more housing near our job centers.

It is the nature of our Hawaiian society that we look with special fondness upon our citizens who are in their twilight years. This is only proper, inasmuch as the things that we enjoy today are largely a result of their earlier endeavors.

Much has been done recently to assure the elderly in our community of days filled with joy and purpose: we have established senior citizen programs, housing and activity center. But just as surely, more remains to be done.

We have recently had presented to us a Master Plan for the Elderly, a study commissioned by your predecessor body. The recommendations contained in this report deserve our serious consideration. Additionally, Hawaii will host the 1976 Bicentennial Governor's International Conference on Aging. A basic purpose of this meeting is to seek ways to promote the re-entry of the elderly in our society into the mainstream of community life.

I turn now to one of the most pressing problems that reflect the character of a society--our corrections program.

Our serious attention has been and will be focused on long-standing problems in the criminal justice system. They are difficult, but not insurmountable ones.

Foremost, there must be creative improvement and innovative planning and development of additional community-located rehabilitation programs.

We need alternatives to incarceration when incarceration is not necessary

to insure an offender's successful adjustment to the community. On the other hand, we also need secure and humane alternatives for the offenders who cannot or will not respond to such rehabilitation efforts in the interest and protection of public safety.

We are taking another important step toward in-facility improvement as we plan the first three phases of construction, following guidelines of the Corrections Master Plan.

To pave the way for the Juvenile Justice Master Plan, we shall ask for changes in the juvenile laws to concentrate on preventive programs.

Community alternatives to incarceration will also be sought for the juvenile offender, and while we must all be involved in solutions, we must more actively be concerned with their prevention.

We must care as much about our young people before they get in trouble as after.

For the short term, we have organized a task force under the supervision of Lieutenant Governor Doi to study the immediate situation at the Hawaii State Prison and to propose such administrative changes as will permit that institution to operate effectively in the interim.

A fundamental aspect of our economy is the complex question of energy. While this problem has national and international dimensions over which we have little control, our almost total dependency on petroleum products demands that we take our own initiatives for our own future security.

A report will soon be presented to you by the State Committee on Alternate Energy Sources for Hawaii. This study will describe those resources and techniques that are best suited for continued research and development in Hawaii. It recommends support for a proposed Hawaii Natural Energy Institute at the University of Hawaii and a Natural Energy Institute on the Kona coast of the Big Island.

If we mean to become more self-sufficient in all respects, this report merits your serious consideration. Whether the search for new energy sources is successful or not, we should never be faulted for failing to try to develop viable alternatives to safeguard our State's future.

By now you are familiar with the broad outlines of the budget proposals submitted for the next biennium. In the weeks ahead, members of the cabinet will present you with detailed information on the implementation of these proposals. There is also the possibility that a supplemental appropriation will be requested.

Additionally, during the year ahead we will prepare proposals based on the recommendations contained in the report compiled by the Commission on Operations, Revenues and Expenditures. This report is worthy of the most serious consideration by all of us, and I want to take this opportunity to publicly commend the members of the commission and staff for so ably discharging their assigned responsibilities.

While we proposed no broad-scale revenue measures at this time, there is one element in our financial structure that requires immediate attention. As you know, our special fund for the construction and maintenance of highways will run a deficit this year. Several alternatives are being considered to bring the fund back into balance. We are presently contemplating a proposal for a 3.5-cent increase in the fuel tax so that the Highway Special Fund may remain solvent. This proposal may, however, need revision depending on the ramifications of the National Administration's recently enunciated policies on petroleum. While we are examining this, State and County functional responsibilities and the funding system in the transportation areas are also under review.

While there is much more that I would like to present to you in this forum, I will not belabor you further at this time. I know that we will have ample opportunity to get into more detailed discussions as the session progresses and as we develop a closer working relationship.

The cabinet members of this Administration have been instructed to deal directly, candidly and cooperatively with you of the Legislature, your committees and with the public at large. They have promised to do so; I intend to do likewise.

I have charged my cabinet officers with the responsibility for developing and managing their programs, and I have given them the authority to do so. On January 1st of this year many fiscal and personnel controls previously exercised by myself and the Department of Budget

and Finance were delegated to the department directors. Appropriate procedures for monitoring and reporting on program performance are now being established so that my office will be able to maintain administrative coordination and provide leadership and direction. Our department directors can now be held directly accountable for their performance, and as the State's chief executive, I will so hold them. I will also hold them accountable for providing efficient and courteous services to the public at all times.

I have asked my cabinet officers to face squarely the problems of our times, to identify all possible solutions to these problems, to select those solutions which promise the greatest success, and to move boldly in their implementation. I expect no less from them.

There is a need for greater access by the community-at-large to our decision-making processes. I believe that our decisions must adequately reflect our people's needs and concerns. Therefore, we must devise new methods of obtaining this indispensable input.

For example, to foster needed substantive communication, I am very seriously considering convening a statewide conference on public education. Such a conference will allow the affected parties--students, parents, teachers, administrators, and unions to articulate and discuss problems from their particular viewpoints. More funds and more positions are not necessarily the solutions to the multi-faceted problems confronting our school system--perhaps a forum is needed to obtain a clearer perspective of the educational programs.

I have chosen my immediate associates in this Administration with great care. Together we can provide the leadership and direction for our great State of Hawaii and our people, to lay the foundation for the creation of a future which will be preferred by our children and our children's children. But we cannot do it alone. We need your help, we need your wisdom, your cooperation in the task that lies ahead. We need the advice, assistance and the understanding of all those who call Hawaii their home, for it is for them that we all strive. Without them, there is no purpose. We are embarked upon a mutual undertaking. We have a mutual obligation. Let us work together in a spirit of mutual trust and confidence.

Aloha and mahalo."

Senate President Ushijima then rose and stated:

"We appreciate your message this morning. The problems have been focused. We sense an offer of cooperation and we assure you that insofar as the Legislative Branch is concerned, we also offer you our cooperation to move Hawaii forward."

President Ushijima then introduced the First Lady of Hawaii, Mrs. George R. Ariyoshi, and Representative Kiyabu presented her with a lei on behalf of the Senate and the House of Representatives.

At 11:50 o'clock a.m., the Speaker called a recess, subject to the call of the Chair.

The Joint Session of the House of Representatives and Senate reconvened at 11:56 o'clock a.m.

At this time, Representative Sakima introduced the Governor of Okinawa, Governor Chobyō Yara, and Mrs. Yara. They were presented with leis by Representatives Naito and Machida. Also introduced were those who accompanied the Governor; Secretary, Mr. Joei Gima; Public Relations Director, Mr. Shinji Nakamura; and Chairman of the Oceanographic Exposition to be held in Okinawa, Mr. Kazuo Itosu. They were presented with leis by Representatives Ikeda, Kamalii and Santos.

At 12:01 o'clock p.m., the Speaker declared the Joint Session adjourned.

The Senate reconvened at 12:11 o'clock p.m.

ADJOURNMENT

At 12:12 o'clock p.m., on motion by Senator Taira, seconded by Senator Anderson and carried, the Senate adjourned until 11:30 o'clock a.m., Tuesday, January 21, 1975.

FIFTH DAY

Tuesday, January 21, 1975

The Senate of the Eighth Legislature of the State of Hawaii, Regular Session of 1975, convened at 11:30 o'clock a.m., with the President in the Chair.

The Divine Blessing was invoked by Bishop Lee Fields of the Church of Jesus-Christ of Latter Day Saints, Kaneohe Ward, after which the Roll was called showing all Senators present.

The President announced that he had read and approved the Journal of the Fourth Day.

SENATE RESOLUTIONS

The following resolutions (S.R. Nos. 6 to 9) were read by the Clerk and were disposed of as follows:

SIXTH DAY

Wednesday, January 22, 1975

The Senate of the Eighth Legislature of the State of Hawaii, Regular Session of 1975, convened at 11:30 o'clock a.m., with the President in the Chair.

The Divine Blessing was invoked by the Reverend Hidemi Tsutsui of the Ewa Community Church, after which the Roll was called showing all Senators present.

The President announced that he had read and approved the Journal of the Fifth Day.

HOUSE COMMUNICATION

A communication from the House (Hse. Com. No. 2), transmitting House Concurrent Resolution No. 2 which was adopted by the House on January 21, 1975, was read by the Clerk and placed on file.

On motion by Senator Taira, seconded by Senator Anderson and carried, H.C.R. No. 2, entitled: "HOUSE CONCURRENT RESOLUTION WELCOMING AND EXTENDING ALOHA AND BEST WISHES TO THE HONORABLE CHOBYO YARA, GOVERNOR OF OKINAWA ON THE OCCASION OF THE 75th ANNIVERSARY OF THE FIRST OKINAWAN IMMIGRATION TO HAWAII", was adopted.

MATTERS DEFERRED
FROM JANUARY 21, 1975

Senate Resolution No. 7:

Senator Nishimura moved that Senate Resolution No. 7 be adopted, seconded by Senator O'Connor.

At 11:35 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

At 11:45 o'clock a.m., the Senate reconvened.

At this time Senator Nishimura spoke in favor of the adoption of S.R. No. 7 as follows:

"Mr. President, I rise to speak in favor of the adoption of the Rules. We have given great thought to the proposed Rules of the Senate of the Eighth and Ninth Legislature. Recommendations from members of both the majority and minority parties were considered and discussed at length in caucuses of each party and meetings of members of both

parties. Our objective was to prepare a set of rules which would promote the efficient and expeditious conduct of business in the Senate and yet permit meaningful participation by all the members of the Senate and the public using the previously existing rules of the Senate as a guide. The Senate, I might add, while operating under such rules has gained the reputation of being an efficient and cooperative Body.

However, we attempted to include those rules more appropriate and, accordingly, made amendments in the following areas. We provided for open committee hearings with reasonable notice. It is hoped that this would serve the purpose of allowing the public to see their Senators in action and affording them the opportunity to listen to the relative merits of a particular bill. The requirement that the notice of the committee be publicly posted at least forty-eight hours prior to the meeting unless waived is a meaningful way to encourage the public to participate in the legislative process.

On the other hand, we found that to go to the extreme of requiring caucus meetings to be opened to the press merely for the sake of having open meetings was not warranted when we weighed it against the benefits of having a closed caucus. The purpose of a caucus, an extra legal body, is to permit the members to discuss the merits of issues before them and to organize the members of a party; and it was our feeling that a closed caucus on those matters would facilitate a more intimate give-and-take discussion between the members.

The proposed Rules and vote on the Senate floor provide machinery by which the public can be kept apprised of the manner in which their Senators are performing in the Legislature. We later inserted language in the proposed Rules to encourage joint Senate and House committee hearings between committees in matters of mutual interest in the hope of fostering cooperation among the various committees in the Senate and the House. Although not contained in the Rules because we thought that such a matter was not of a nature that should be covered by the Rules, we have committed ourselves to work with the House toward the establishment of a public information office in an effort to keep the public

advised of the workings of the Legislature.

We have also considered in depth the proposal that would require subsequent referral to committees to obtain the prior written consent of any previous referral committee before any changes to a bill are formalized and transmitted to the Clerk of the Senate for floor action. We believe that such a requirement would be too cumbersome and time consuming and may prevent the passage of meaningful legislation. The present Rules provide that written notice of change be given to the first referral committee. We believe that such notice is sufficient and does not usurp the prior committee's authority, and any differences between the prior and subsequent committees as to changes of bills can be resolved on the floor of the Senate. As indicated above, we have sought to obtain a set of rules which would promote the efficient conduct of business of the Senate and feel that the proposed Rules before you will do that. We, therefore, recommend adoption in the form before you."

At this time Senator Leopold offered the following amendment to S.R. No. 7:

"The Proposed Rule 16 is hereby amended to read as follows:

'RULE 16.
STANDING COMMITTEES:
GENERAL RESPONSIBILITY

It shall be the duty of each standing committee to conduct systematic review of those portions of the State budget, program and financial plans, and variance reports dealing with, and to consider all laws, bills, resolutions, petitions, reports and other matters relating to, those programs over which the committee has responsibility.

It shall examine such portions of the executive budget, the General Appropriations Bill and the Supplemental Appropriations Bill relating to the programs over which it has responsibility, and it shall recommend the programs and the levels of program expenditure to be included in the General Appropriations Bill or Supplemental Appropriations Bill. The level of expenditure, in the aggregate, for any program area shall be consistent with the expenditure allocation established for that program area by the Standing Committee on Ways and Means, which shall make the final recommendation to the Senate.

On other bills referred to it by the President, the committee shall determine objectives, make program recommendations and, where appropriate, make expenditure recommendations. On bills that have been referred by the President to more than one committee, subsequent referral committees shall make no change of any kind unless prior written [notice of such change shall have been given to the first referral committee] consent of such change has been given by a majority of any prior referral committees prior to the transmittal of the amended bill and committee report to the Clerk of the Senate for floor action. For those bills which require appropriations, the committee shall make expenditure recommendations consistent with the expenditure allocations established for the bills by the Standing Committee on Ways and Means, which shall make the final recommendation to the Senate.

It shall also be the duty of each standing committee to review the implementation of those programs over which the committee has responsibility. In its review, it shall determine the extent to which program objectives are being accomplished and legislative policies executed, recommend the study of program issues and the conduct of program analysis. It shall recommend amendments to appropriation acts and such policies as may be appropriate to improve the planning, programming, budgeting, implementation and evaluation of programs to the Standing Committee on Ways and Means, which shall make the final recommendation to the Senate.' "

Senator Leopold moved that the amendment be adopted, seconded by Senator Anderson.

At this time Senator Leopold spoke in favor of the amendment as follows:

"The purpose of the amendment is to give each Senator a more responsible and constructive role to play in the legislative process by allowing each committee to control the results of its research, hearings and deliberations on legislation referred to it. To allow a subsequent committee to make changes merely by giving written notice to the prior committee does usurp its authority. It was to prevent the concentration of power and responsibility in only two committees that prompted reform minded House Democrats and Republicans in the Seventh Legislature to amend the

Rules of the House to provide for prior concurrence. As practiced in the House of Representatives prior concurrence was neither time consuming nor cumbersome. It was a much needed reform and it worked.

I recall listening to the debate on the House floor and agreeing to the logic of the argument offered in support of prior concurrence by one of its strongest and vociferous supporters--a legislator for whom I have much admiration and respect. The legislator said and I quote, 'We now have a crazy-quilt structure in which committees are committees in name only. With prior concurrence new and broad committees would give each, not just a few of the thirty-five Democrats, both accountability and responsibility for drafting laws. The argument offered by Representative Richard Wong was sound. I trust that Senator Richard Wong still thinks so.'

The motion to adopt the amendment was put by the Chair, and Roll Call vote having been requested the motion failed to carry on the following showing of Ayes and Noes. Ayes, 7. Noes, 18 (Ching, Chong, Hara, Hulten, Kawasaki, King, Kuroda, Nishimura, O'Connor, Taira, Takitani, Toyofuku, F. Wong, R. Wong, Yamasaki, Yim, Young, Ushijima).

At this time Senator George offered the following amendment to S.R. No. 7:

"The Proposed Rule 69 is hereby amended to read as follows:

'RULE 69.
VOTING: METHODS

There shall be [five] four methods of ascertaining the decision of the Senate upon any matter. (1) First, by voice or raising of hands; Second, by rising; [Third, by ballot;] [Fourth,] Third, by call of the roll of the members and a record of the Clerk of the vote of each; and [Fifth,] Fourth, by unanimous consent.

(2) Whenever the Senate is ready to vote on any question, the President shall rise, and after stating the question, shall request all those in favor of the affirmative of the question to vote "Aye." The President shall then call upon all voting in the negative of the question to vote "No." The President shall then announce the result to the Senate.

(3) If any member shall doubt

the result, as announced, the President shall again state the question and call upon the members to vote by rising in their places, and they shall remain standing until counted, and the result shall be again announced.

[(4) The method of voting by ballot shall be as customary. The President shall appoint one or more tellers, or direct the Messengers to collect the ballots, which shall be counted by the Clerk, and the results announced by the President. The Senate may, unless otherwise prescribed by these rules, on motion, vote upon any question by ballot.]

[(5)] (4) Whenever one-fifth of the members present shall request, the Clerk shall call the roll of the members of the Senate. Each member, when called, shall vote in a clear loud voice, "Aye," if voting in the affirmative, or "No" if voting in the negative. The Clerk shall record each vote and such record shall become a part of the Journal of the Senate. The President shall announce the results as above set forth.

[(6)] (5) With the unanimous consent of the Senate, the President may direct the Clerk to record an "Aye" vote for each member of the Senate. If there is no objection, the Clerk shall so record the vote. If there is objection, the President shall ask for the names of the members voting "No" and order the Clerk to record no votes for them.'

Senator George moved that the amendment be adopted, seconded by Senator Anderson.

Senator George then rose and stated as follows:

"The amendment that I have offered would delete the provisions for voting by secret ballot. In this connection, Mr. President, would the Chairman of the Judiciary Committee yield to a question?"

Senator Nishimura yielded in the affirmative.

Senator George then continued as follows:

"Mr. President, I was hoping that the Chairman of the Judiciary Committee would be able to explain to me what paragraph 4 which provides for a secret ballot means when it says, 'The method of voting by ballot shall be as customary.' And it goes on to say, 'The Senate may,

unless otherwise prescribed by these Rules, on motion, vote upon any question by ballot.' Mr. President, I haven't been able to find anyone who can explain to me precisely how this would work; and I wonder if the Chairman of the Judiciary Committee would be good enough to do so."

Senator Nishimura then replied as follows:

"Yes. I would like to ask you a question. Which paragraph of Rule 69 are you referring to?"

Senator George answered as follows:

"I am referring to Rule 69, paragraph 4 which is the one that I have proposed for deletion in my amendment."

At 11:54 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

At 11:56 o'clock a.m., the Senate reconvened.

Senator Nishimura then rose and stated as follows:

"Mr. President, after conferring with my attorneys, I have come to an answer. The answer is that the Rule as written means what it says. The method of voting by ballot shall be as customary. And I am sure that you as an experienced legislator know that when a ballot vote is taken, it is passed around and people vote. And they are collected. And this rule goes further to say how the President shall conduct himself when a vote by ballot is taken."

At this time Senator George rose and spoke as follows:

"Thank you, Mr. President. I appreciate the clarification, but the Body from which I have graduated did not provide for a secret ballot or if it did so, they were never used in my term there. So I am not as familiar as my colleague would suggest. My feeling is that a rule which is so vague and which is so permissive and so subject to latitude and to interpretation and to discretion, is really not appropriate to the Rules of this Body. And as long as it stays in force, it seems to me that there is an opportunity at least for abuse—one that I devoutly hope would never be used. My fundamental disagreement, however, with the secret ballot is that it is totally inconsistent with the concept

of open government to which most of us are publicly committed. I can, myself, conceive of no circumstances under which I would be unwilling to stand up and be counted, and I would hope that my colleagues would join me in adopting this amendment to the proposed Rules. Thank you, Mr. President."

Senator Rohlfs then rose and commented as follows:

"Mr. President, one footnote to my colleague's remarks in respect to her comments to her experience in the City Council across the street where this rule was not applicable or at least not used. Having been in the Legislature for approximately sixteen years, neither in the House nor in the Senate have I ever participated in the matter relating to a secret ballot. So her ignorance, quote unquote, of what customary is applies to some of us who have been here a lot longer."

Senator Nishimura then rose and spoke against the amendment as follows:

"The proposed Rules provide for voting in five different ways. Voting by ballot is just one way. Although balloting has not been used as a method of voting in the past, we believe that it is important that this method be retained as an alternative to be used in certain situations. For example, in matters affecting our Senator personally, such as censure, the ballot might be used. Or when nomination is taken up in closed sessions, the ballot might be used. Since the State Constitution and Senate Rules provide that one-fifth of the members of the Senate may require a roll call vote, voting by ballot would in essence be confined to closed sessions of the Senate or Senate committee. Accordingly, Mr. President, we feel that we should retain this particular provision for application in exceptional circumstances in executive and closed sessions where the public would not know anyway what was discussed and how the members voted."

At this time Senator Anderson rose and commented as follows:

"Mr. President, more for a clarification if I may, we have on many occasions since I have been here by the vote of, I think, the two-thirds majority set aside the Rules. In the past, any time the Body decides to put these rules aside whenever it conflicts

with the situation at hand, even after they are adopted today in the cases described by my colleagues, they have done so."

Senator Nishimura then rose and stated as follows:

"I would like to correct one statement made by the previous speaker. The Rules as proposed, and the Rules that we had last year and the year before that in the past six years, provide for amendment of the Rules by majority vote."

Senator O'Connor then commented as follows:

"Speaking to the same point, it is important to realize that by no vote can we at any time set aside the Constitution. And Section 13 of Article III very specifically states, 'The ayes and noes of the members on any question shall be of the desire of the one-fifth of the members present to be entered upon the journal.' Therefore, I am sure that our august colleagues across the isle can in any situation where a secret ballot or a ballot that is not necessarily secret by the Rules as requested, set it aside by a simple five votes."

The motion to adopt the amendment was put by the Chair, and Roll Call vote having been requested the motion failed to carry on the following showing of Ayes and Noes. Ayes, 7. Noes, 18 (Ching, Chong, Hara, Hulten, Kawasaki, King, Kuroda, Nishimura, O'Connor, Taira, Takitani, Toyofuku, F. Wong, R. Wong, Yamasaki, Yim, Young, Ushijima).

At this time, Senator Yee offered the following amendment to S.R. No. 7:

"The Proposed Rule 12 is hereby amended to read as follows:

'RULE 12.
COMMITTEES:
TYPES AND COMPOSITION

(1) Standing Committees: The membership of each Standing Committee and the respective Chairman and Vice-Chairman thereof shall be appointed by the President, subject to confirmation by the Senate. The minority party shall be represented on all standing committees on the basis of proportional representation. The nomination of the minority members to all standing committees shall be made by the minority. The Vice-President and the majority and minority

leaders, floor leaders and policy leaders shall be ex-officio non-voting members of all standing committees.

(2) Special Committees shall consist of not less than three members each, unless otherwise ordered by the Senate, and shall be appointed by the President from time to time as occasion requires, to serve until discharged or finally reporting the specific matter referred.

(3) Conference Committees shall consist of not less than three members each, unless otherwise ordered by the Senate, and shall be appointed by the President from time to time as occasion requires, to serve until discharged or finally reporting the matter referred.

(4) The Committee of the Whole Senate.' "

Senator Yee moved that the amendment be adopted, seconded by Senator Rohlfling.

Senator Yee then rose and stated as follows:

"Mr. President, the purpose of this amendment is merely to incorporate what we have done in practice during the previous eight years. This amendment makes the Vice-President of the Senate, the majority and minority leaders of the Senate, the majority and minority floor leaders of the Senate, and the majority and minority policy leaders of the Senate as ex-officio members on all standing committees. And the reason for this is that because of the responsibility we have in our leadership role, at times it necessitates us to appear and sit in the different committees although we are not members. In the past I know the chairman of the various standing committees have always acknowledged leadership, and have given them all the courtesies that there are. So there is really no difference but merely putting it into the Rules just to avoid anyone from unscrupulously or arbitrarily saying, 'I don't want you in my meeting.' It probably will never happen. But it is an innocuous amendment and I think I would like to see it passed."

Senator Nishimura then rose and commented as follows:

"As the prior speaker has mentioned, it has been the practice and custom in the past where committees have honored the requests of minority leaders and majority leaders to

participate in hearings. In certain cases this request has been denied, I believe, for reasonable and justifiable grounds. We feel that the responsibility for committee operation and the work to be brought out is the responsibility of the committee chairman, and would prefer that the committee chairman have the option of allowing or disallowing participation by any leader."

The motion to adopt the amendment was put by the Chair, and Roll Call vote having been requested the motion failed to carry on the following showing of Ayes and Noes. Ayes, 7. Noes, 18 (Ching, Chong, Hara, Hulten, Kawasaki, King, Kuroda, Nishimura, O'Connor, Taira, Takitani, Toyofuku, F. Wong, R. Wong, Yamasaki, Yim, Young, Ushijima).

At this time, Senator Rohlfiing offered the following amendment to S.R. No. 7:

"The Proposed Rule 34 is hereby amended to read as follows:

'RULE 34.
NOMINATIONS

(1) When nominations shall be made by the Governor to the Senate, they shall, unless otherwise ordered, be referred to appropriate standing committees; and the final question on every nomination shall be "Will the Senate advise and consent to this nomination?" which question shall not be put sooner than twenty-four hours from the time when the nomination is received, nor on the day in which it may be reported by a committee unless by unanimous consent. Hearings shall be held for all nominees prior to confirmation[.] and upon the request of any member of a committee calling a public hearing, a nominee shall appear before such public hearing to respond to questions of the committee, provided, however that such nominee shall be given reasonable notice and may be excused if ill or otherwise incapacitated.

(2) The fact of a nomination, or its rejection or confirmation, need not as of course be kept secret, but when the Senate or any committee thereof shall deem it necessary for good cause, all remarks, proceedings and votes thereon shall be kept secret.' "

Senator Rohlfiing moved that the amendment be adopted, seconded by Senator Anderson.

Senator Rohlfiing then rose and stated as follows:

"The particular Rule that this amendment refers to relates to the nominations by the Governor to various positions in the executive branch and to our roles as Senators in advising and consenting to those appointments. I am very pleased that the Majority has seen fit to include one of our initial proposals prior to this session; namely, that the hearings shall be held with all nominees prior to confirmation by the appropriate committee. However, this amendment deals with protection to certain members. Under the circumstances, the members of this Body are equal in their role as Senators and have responsibilities to their constituents particularly in the case of advise and consent. It gives some meaning to the requirement of a public hearing by providing that the nominees themselves may be required to be present at the option of a member of an appropriate committee hearing such a nomination.

Initially, as we proposed this amendment we had a flat statement that upon the request of any member of the committee calling a public hearing, a nominee shall appear before such public hearing to respond to questions of the committee. Following being advised that the Majority has declined to include this in their amendments, we added additional language. And we did so because it was pointed out to us that maybe under the circumstances the individual who was being nominated would not be able to attend because he was incapacitated or ill or out of the State or what might be a possible contingency. So, therefore, we have stated that he may be excused if otherwise incapacitated or ill and there be reasonable notice for the hearing on this matter. We feel that it is desirable to have the opportunity to question a potential nominee.

In some instances in the past that I am aware of where requests have been made of the Chairman to talk to the nominees, that request has been granted. However, this is not a frequent thing and there may be some situations where we want to be sure to have that opportunity. And this is the rationale behind this particular proposal."

At this time Senator Nishimura rose and commented as follows:

"Mr. President, here again we feel that the Chairman of the committee should have the discretion whether to require a nominee to be present in attending the hearing on his nomination. We feel that if a committee chairman does not require a nominee to attend the hearing on his nomination, then I am sure that the committee chairman will welcome and accept any criticism of his actions he deserves."

The motion to adopt the amendment was put by the Chair, and Roll Call vote having been requested the motion failed to carry on the following showing of Ayes and Noes. Ayes, 7. Noes, 18 (Ching, Chong, Hara, Hulten, Kawasaki, King, Kuroda, Nishimura, O'Connor, Taira, Takitani, Toyofuku, F. Wong, R. Wong, Yamasaki, Yim, Young, Ushijima).

Senator Rohlfling offered the following amendment to S.R. No. 7:

"The Proposed Rule 42 is hereby amended to read as follows:

'RULE 42.
BILLS: INTRODUCTION

Any bill may be introduced on the report of a committee or by any member.

All bills shall be introduced under the order of resolutions.

All bills introduced within the first 30 days of a regular session, upon the vote of one-third of the members of a committee to which such bill has been referred, shall be considered at a public hearing.

Bills which shall carry over from a regular session in an odd-numbered year to the next regular session shall retain the numbers assigned to them. The Clerk shall keep a record of the status of all bills in possession of the Senate at the end of the odd-numbered year session and shall publish the record of the status of all such bills prior to the convening of the next regular session.

Every bill introduced or reported out of any committee, which amends an existing section or subsection of the Hawaii Revised Statutes or Session Laws of Hawaii, shall set forth the section or subsection in full, and the matter to be deleted shall be enclosed in brackets and any new matter added to the section or subsection shall be underscored. However, a Supplemental Appropriations

Bill need not conform to this rule where the intent and effect of an amending bill can be clearly identified and understood without repeating the entire section or subsection; only the paragraphs, subparagraphs, clauses, or items to be amended need be set forth. The President may allow additional exceptions to this rule.

No floor amendment to a bill shall be voted upon unless a copy of such amendment shall have been presented to the Clerk who shall prepare and distribute copies of the amendment to each member of the Senate present.' "

Senator Rohlfling moved that the amendment be adopted, seconded by Senator Anderson.

At this time Senator Rohlfling rose and spoke as follows:

"Mr. President, this particular amendment again reflects the proposal which we made earlier and which was rejected in the final draft of the Rules that are before us this afternoon. The particular amendment deals with the question of public hearings on bills in this Body and before the committee. It refers to the fact that during the first thirty days any bills that arrive in the committees would on the motion or the vote of one-third of the members of that committee be necessarily heard at a public hearing. The current practice is totally up to the discretion of the Chairman of the particular committee. We have provided in this rule the attempt to have full disclosure of proposals, to hear measures on their merits, that there be protection versus a frivolous type of bill that I hope members of this Body would not introduce. But occasionally maybe somebody is under some pressure to introduce a bill which she or he does not care that much is heard.

On the other hand, we feel that certainly a third of the members of a committee to which a bill is referred should have a right to get information which may come about by reason of the proposal of a particular bill. We believe that this provision that we only require bills to be heard that are introduced in the first thirty days will give ample time in the balance in any session to hear those measures; and that later bills that come in, maybe up to the forty-fifth day, would not have this by right but would have it by virtue of prior

practice of the Chairman. We think that in the era of open government, in the era of fairness and in the era of the kind of cooperation and joint interest in solving the problems of this State without partisan differences where they are meaningless or petty, we should have some provision for the hearing of all bills on their merits. Rarely does the situation arise in this Body where a Chairman is petty or partisan to that extent, but under some circumstances this could occur. It seems, thus, reasonable that one-third of the members could provide some check against that type of situation so the other members of the committee and the Senate as a whole would have the input from the committee on the measures being proposed.

I would note that at this particular time the Minority in this Body, the Republican members, could not force a public hearing. It would require an additional member of the Majority to so request to invoke this Rule. In that sense it is not self-serving. It is intended to provide committee democracy in the hearing of bills before every committee."

Senator Nishimura then spoke against the amendment as follows:

"This again is a matter which should be left to the discretion of the Committee Chairman. The Chairman is charged with the responsibility of being aware of the bills that come before his committee, and he is in the best position to determine the order of business for his committee. Since the Chairman is charged with this responsibility, he should be given the authority commensurate with his responsibility. With all due respect to my colleague from the seventh district, this amendment seems to be an attempt to encroach on and officiously intermeddle in the duties and responsibilities of the committee chairman; and accordingly we recommend that the amendment be voted down."

The motion to adopt the amendment was put by the Chair, and Roll Call vote having been requested the motion failed to carry on the following showing of Ayes and Noes. Ayes, 7. Noes, 18 (Ching, Chong, Hara, Hulten, Kawasaki, King, Kuroda, Nishimura, O'Connor, Taira, Takitani, Toyofuku, F. Wong, R. Wong, Yamasaki, Yim, Young, Ushijima).

At this time Senator Anderson rose and spoke as follows:

"More of a point of clarification, during the last two amendments there seems to be an understanding that or a feeling being put forward that the committee chairman perse is all that mighty in decision making. It is my understanding that the bill is referred to a committee of which he is chairman. Page 20, for instance, says, 'each standing committee shall consider the bills referred to it as expeditiously as may be possible.'"

Senator Nishimura then commented as follows:

"Mr. President, I believe that I speak for all Democratic members present here. We are conscious and aware of democratic practices and I am sure the chairmen will act accordingly."

Senator Leopold offered the following amendment to S.R. No. 7:

"RULE 42.

BILLS: INTRODUCTION

Any bill may be introduced on the report of a committee or by any member.

All bills shall be introduced under the order of resolutions.

No bill shall be introduced which is identical or substantially similar to a bill which has been previously introduced. In the event of a dispute, the bill bearing the lower number shall take precedence.

Bills which shall carry over from a regular session in an odd-numbered year to the next regular session shall retain the numbers assigned to them. The Clerk shall keep a record of the status of all bills in possession of the Senate at the end of the odd-numbered year session and shall publish the record of the status of all such bills prior to the convening of the next regular session.

Every bill introduced or reported out of any committee, which amends an existing section or subsection of the Hawaii Revised Statutes or Session Laws of Hawaii, shall set forth the section or subsection in full, and the matter to be deleted shall be enclosed in brackets and any new matter added to the section or subsection shall be underscored. However, a Supplemental Appropriations Bill need not conform to this rule where the intent and effect of an amending bill can be clearly identified and understood without repeating

the entire section or subsection; only the paragraphs, subparagraphs, clauses, or items to be amended need be set forth. The President may allow additional exceptions to this rule.

No Floor amendment to a bill shall be voted upon unless a copy of such amendment shall have been presented to the Clerk who shall prepare and distribute copies of the amendment to each member of the Senate present.' "

Senator Leopold moved that the amendment be adopted, seconded by Senator Anderson.

At this time Senator Leopold rose and spoke in favor of the amendment as follows:

"Mr. President, the purpose of this amendment is to bar the introduction of bills which are identical or substantially similar to bills previously introduced and to require that in the event of a dispute, the bill bearing the lower number will take precedence.

Mr. President, you spoke the other day about the importance of the Legislature being a co-equal branch of government with the administrative branch. I believe it is equally important that the Minority be a co-equal partner with the Majority in the legislative process. Minority party rights in Hawaii's legislative history have notoriously been abused. This was as true in the territorial days when the Republicans were in control as it is today with the Democrats in power.

This is not to suggest that turnabout is fair play. On the contrary, turnabout in this case is not only unfair, but unwise, unwarranted, unnecessary, inefficient and wasteful. The taxpayers of our State today pay a large sum of money for the duplication of bills. It is well known that in the past if a Minority legislator introduced legislation which had merit, occasionally a Majority member would re-submit the bill either in the same or a subsequent session. The Minority bill sat around in the file of every legislator, lobbyist and state bureaucrat until it was thrown away. The Majority measure, of course, passed. Sometimes the same bill has been introduced five or six different times, thus adding additional cost to government inefficiency.

The Citizens Ad Hoc Committee on House Rules took note of this increased cost in its report filed with the House of Representatives

last November. The committee noted that over 5,200 bills were introduced in the Seventh State Legislature and recognized the considerable effect that this volume has upon the work required to process all these bills through the legislative machinery. The committee recommended that the volume of bills be reduced in order to reduce the accompanying cost in manpower and supplies.

Clearly, Mr. President, it is time to reduce the vast amounts of paper used for filing, printing, distributing, reading, and processing legislation, especially in view of the high cost of paper.

Progressive steps were taken in the House of Representatives during the Seventh State Legislature to establish an unwritten policy that bills and resolutions with a lower number would take precedence over identical legislation with a higher number. This unwritten agreement was adhered to, and nine House Republican bills were enacted last year. It would be discouraging to think that after making progress in this area, we would now regress to a former time of waste and inequity. It would be discouraging to think that the House Democrats who agreed to this progressive and fair-minded policy in the Seventh State Legislature would now not agree to it in the Eighth Legislature.

No Majority member should feel threatened by the enactment of a Minority bill. First in, first out is a fair rule that would reflect credit upon the members of this Body."

At this time the President spoke as follows:

"Since you referred to my speech the other day, I say co-equality by the executive and the legislative, yes; husband and wife, yes; when it comes to Minority and Majority, to a certain degree, yes. I think the people decided that. We are the Majority and we have our rules, too, to carry our program forth. That is why I say co-equality to a certain degree, yes, but not all the way."

Senator Leopold rose and commented as follows:

"I don't think that the voters who elected your Republican members wish to be disenfranchised in any way, and they are so when their bills which have merit are unable

to be passed."

The motion to adopt the amendment was put by the Chair, and Roll Call vote having been requested the motion failed to carry on the following showing of Ayes and Noes. Ayes, 7. Noes, 18 (Ching, Chong, Hara, Hulten, Kawasaki, King, Kuroda, Nishimura, O'Connor, Taira, Takitani, Toyofuku, F. Wong, R. Wong, Yamasaki, Yim, Young, Ushijima).

Senator Leopold offered the following amendment to S.R. No. 7 which would be a new rule:

"The Proposed Rules are hereby amended by adding a new rule to be appropriately numbered and to read as follows:

'CAUCUS

Every caucus shall be open to the press, provided that a caucus may be closed to the press when, by a two-thirds vote of the members of a caucus, it is determined that public disclosure of proceedings in a caucus could unfairly damage the reputation of an individual or when there is pending or threatened litigation concerning a bill.' "

Senator Leopold moved that the amendment be adopted, seconded by Senator Anderson.

At this time Senator Leopold rose and spoke as follows:

"I would like to speak on behalf of the amendment. The Majority is to be commended for including provisions in the Rules for opening standing and conference committee meetings to the public. These provisions, however, still do not go far enough. The purpose of this amendment is to open up the heart of the legislative process to public scrutiny. The amendment seeks to open caucus meetings to the press except when there is two-thirds vote and the caucus members agree to close the caucus when it is determined that public disclosure could unfairly damage the reputation of an individual, or when there is pending or threatened litigation regarding a bill. It is no secret that many of the actions taken on this Floor are the form of ratifications of decisions already made in the caucus room. Why should we leave the public at the window panes of this Legislature merely peering in at us at open meetings when we can make the public a full

partner in the legislative process by opening our caucus decision making to the press."

Senator O'Connor then rose and spoke as follows:

"Mr. President, I would like to speak against this amendment. Mr. President, the rules of each caucus are established by the individual caucus. The chairman of the caucus is elected by the caucus and the caucus proceeds throughout each session pursuant to its own rules. The caucus does not follow the rules of this Body nor does this Body establish the rules for the caucus. Now, if our learned colleagues from across the isle desire to have open caucuses--and I am sure they will all vote for this amendment--they can have open caucuses for the rest of the entire session. And I am sure they will. It is for the Majority caucus to decide from time to time its own rules as regards to open caucuses. I urge all to vote against this amendment. It should not be in the Rules."

Senator Ching then rose and asked a question of the Minority Leader as follows:

"Mr. President, I have a point of information of the Minority Leader. My question is, 'If this Rule is voted down by the Senate this morning, is it the intent for you to open your Minority caucus at all times?' "

Senator Yee replied as follows:

"We informed the press a few days ago when we had a press conference that our caucuses will always be open, and they are always welcome to attend."

The motion to adopt the amendment was put by the Chair, and Roll Call vote having been requested the motion failed to carry on the following showing of Ayes and Noes. Ayes, 7. Noes, 18 (Ching, Chong, Hara, Hulten, Kawasaki, King, Kuroda, Nishimura, O'Connor, Taira, Takitani, Toyofuku, F. Wong, R. Wong, Yamasaki, Yim, Young, Ushijima).

Senator Anderson offered the following amendment to S.R. No. 7 which would be a new rule:

"The Proposed Rules are hereby amended by adding a new rule to be appropriately numbered and to read as follows:

'LOBBYING

- (1) Definitions . When used in this Rule:
- (a) "Legislation" means bills, resolutions, amendments, nominations, and other matters or parts thereof pending or proposed in the Senate, and includes any other matter which may be the subject of action by the Senate.
 - (b) "Person" includes an individual, partnership, committee, association, corporation, and any other organization group of persons.
- (2) Registration of lobbyists, exception.
- (a) Any person who shall engage himself for pay or other consideration for purpose of attempting to influence the passage or defeat of any legislation by the Senate of the State of Hawaii shall, before doing anything in furtherance of such object, register with the Clerk of the Senate and shall give to the Clerk of the Senate in writing his name and address, the name and address of the person by whom he is employed, and in whose interest he appears or works, the duration of such employment, how much he is paid and is to receive for such services, how much he is to be paid for expenses, and what expenses are to be included. A person who accepts membership dues or contributions made, or a fee or salary paid, with the understanding that the person accepting the same intends to devote a portion of the funds contributed, or the time for which the salary is paid to lobbying activities shall be deemed to have "engaged himself" to conduct such activities.
 - (b) This section shall not apply to:
 - (1) Any person who appears before a committee of the Senate without pay or other compensation in support of or in opposition to legislation.
 - (2) Any person who is a federal, state, or county official or employee acting in his official capacity.
 - (3) Any newspaper or other regularly published periodical, radio or television station (including any individual who owns, publishes, or is employed by a newspaper or periodical or radio or television station) which in the ordinary course of business publishes news items, editorials, or other comments, or paid advertisements, which directly or indirectly urge the passage or defeat of legislation, if the newspaper, periodical, radio or television station, or individual, engages in no further or other activities in connection with the passage or defeat of legislation, other than to appear before a committee of the Senate in support of or in opposition to legislation.
- (3) Disclosure of receipts and expenditures; prohibition.
- (a) Within 90 days following the adjournment sine die of the Senate, every person required to register under this Rule shall file with the Clerk a statement in writing of all monies received and expended during the preceding session of the legislature for the purpose of attempting to influence a passage or defeat of any legislation.
 - (b) No person shall make or offer to any Senator or Senate employee any gift or contribution, under circumstances from which it can be reasonably inferred that the gift or contribution is intended to influence the Senator or Senate employee in the performance of his official duties or is intended as a reward for any official action on his part.
- (4) Public records . The registration or statements required by this Rule to be filed:
- (a) shall be deemed properly filed when delivered or mailed by registered or certified mail prior to the time required for filing to the Clerk; and
 - (b) shall be preserved for a period of three years from the date of filing and shall constitute part of the public records of his office and open to

reasonable public inspection.

- (5) Report and statements under oath. All registration, reports and statements required under this Rule shall be made under oath before an officer authorized by law to administer oaths.
- (6) Penalties. Any person who, upon investigation, opportunity for hearing and a vote of a majority of the Senate, is found to have violated any provision of this Rule or to have willfully filed any registration, report or statement required by this Rule containing any false statement or omission, or to have willfully omitted to comply with any requirement of this Rule, shall be deemed to be in disrespect of the Senate and shall be subject to punishment under Article III, Section 19 of the Constitution of the State of Hawaii and shall be prohibited for a period of three years from the date of violation from attempting to influence, directly or indirectly, the passage or defeat of any legislation by the Senate or from appearing before a committee of the Senate in support of or in opposition to any legislation.' "

Senator Anderson moved that the amendment be adopted, seconded by Senator Rohlfing.

At this time Senator Anderson rose and spoke in favor of the amendment as follows:

"Mr. President, I sit here this morning and I find the proceedings somewhat amusing how so many people can walk such a short distance from one hall to another and from a campaign trail to the actual session, win a four year term and get a committee chairmanship and lose all sight of reform.

We have in this amendment that we are offering this morning covered a new section of lobby registration. It is nothing new. It has been before this Body before. The actual amendment before you is the exact word-for-word copy of the Senate draft of the conference that we presented to the House last year. It is not an extreme bill. It is not just a name-on-a-piece-of-paper bill. There is no partisanship in it. It is simply a step in the right direction. Many of you voted for this last year, and I see no reasons for you to change your thoughts or your concepts since then.

Since we offered the amendment to you in a non-partisan manner last week, there have been arguments that we need legislation. We accept this. This is to be understood as a stop-gap measure--a measure that will work in the interim until this so-called lobby registration bill can pass both Houses. You come now saying, 'We promise you we'll pass it; take our word for it.' Well, it sounds like a replay as some of you made promises last year to common cause. I heard many of you promise then that the lobbyist registration bill would

in fact pass the Legislature. You went so far as to put your name in an aye column on a memorandum questionnaire--do you support or don't you support--but you led those people to believe that you would pass it, and we didn't. Well, I don't know whether we have control of actual passage. It may pass this Body, but we have no assurance in the interplay in the closing days that a lobbyist registration bill is in fact going to pass the Legislature. And I might add that we are only one state, or five out of fifty, that don't have some sort of registration.

Some of you have said in the meetings we had with your Chairman and Vice-Chairman, 'The Rules aren't the place for it. You can't do it.' If you refer to Page 19 of the State Constitution, Section 19, it does in fact allow us to control the people who associate with the Senate and also provides punishment for these people. The bill in its closing remarks ties in very closely with Section 19, and we are very much in our rights in registering lobbyists. With these promises of not this year but next year, this is the year we need it. Not next year, this year; this very year. We have new members in this Body who don't know who the lobbyists are. And we have dozens of new people across the hall who have no idea who the lobbyists are.

Now we have a 1.3 billion dollar budget--a budget that will set the tone for years ahead; a budget on a biennium basis that will lay the foundation and the construction of projects and policies for the next two years more directly. This year we are going to be considering it; next year we are just going to be reviewing it. The direction, the force, the implication of this is needed this year. This is where the lobbyists

are going to be moving for participation for input, not next year. That's a two-year document, so we need that participation now. We need to know who is pushing and tugging and pushing for their special interests. We have a rather sizable teachers' contract before us. We'll have professors of the University coming in, I hope, before this session is over with their package. That's when their spokesmen and their unions are going to be looking for their assistance and for their participation--not next year.

We've got all sorts of land use laws legislation in the House and Senate. There will be all sorts of people in that area alone being down here tugging and lobbying. We need to know who they are, how are they being financed. Are, in fact, some of our politicians being influenced by some sort of financial gain or being wined and dined. Senator Rohlfing and Senator Hulten have introduced far-reaching new concepts in housing and land utilization. We are going to have every major land-owner here this year. Every developer, every contractor and every guy who makes a living in this field will be here this year to make darn sure that that piece of legislation doesn't finally wipe them out, but does in fact keep his economy in his area moving.

We need to know who these people are this year, ladies and gentlemen. Who are these people who will be coming down here by the dozens very soon--new faces, new lobbyists. Next year will be no good possibly because the hearings will be started this year. This is when the foundation is going to be laid. Collective bargaining--we are talking about amending the collective bargaining bill. There will be all sorts of union representation down here saying yes or no to various parts of it. No fault insurance--the insurance industry will be back down here in great numbers. This is just to name a few of the types of bills and legislation that will affect many of us for years to come. Shouldn't we all know, both House and Senate, who these people are. You may argue that the Senate may register them and the House may not. Alright, but you know very well practically speaking that that list will find its way across to the House with no trouble. And the financial considerations that the House people benefit from our registration in itself is worth the whole effort.

When you really analyze the whole question, it is somewhat shameful that we, the so-called law makers of the State, have to wait or put onto the books a law to mandate us as to how we should conduct our own business. It is really somewhat shocking that we don't know right from wrong. We know they should be registered. We have said it and we have passed legislation, but we won't put it into the Rules. Well, I would like to commend some of the lobbyists in this town. You've got a letter, Mr. President, which fourteen of them signed. The second paragraph says, 'We wish to go on record as approving totally the registration of persons who fall under the definition.' The Republicans agree; the lobbyists agree. We are looking for seven Democrats to agree.

Now about a week ago we opened up here with lots of flowers and fanfare. And on that very day on that very spot that you're standing, the Vice-President of this Body said and I would like to quote, 'Allow me to focus attention on what I consider to be the most urgent problem facing the people of Hawaii. This is for our State government to maintain a semblance of fiscal solvency, not by adding to the burden of our citizens by raising taxes indiscriminately, but by the exercise of prudence such as honestly trying to promote efficiency and economy in government. Most importantly, by repudiating and rejecting the convenient political expediency of appeasing unreasoning lobby group leaders in their very unreasonable demands of the Legislature here.'

Most of us know in our hearts when the money demands of us are unreasonable, unrealistic and absurd, we have got to have the courage to reject such absurd demands made of us whether this be an election year or a year after the elections. There are great nations falling apart today in fiscal matters simply because their legislative bodies did not have the resolve to deal with their fiscal problems responsibly. This is what is happening to great nations of Italy and Great Britain today. This may well happen to Hawaii if we do not act with courage.

Never has there been a greater need for Hawaii legislators to act courageously, in protecting the greater interest of the hundreds of thousands of silent voices never represented in these halls by lobbyists.

Failing this, I believe this great State, because of the narrow-visioned efforts of a few irresponsible lobby leaders, in concert with fearful, intimidated officeholders, will be plagued for years by the ill-effects of financial insolvency and great hardships imposed on our citizens who do not benefit at all by the efforts of self-seeking pressure groups.

I pray that this Body, the Senate of the State of Hawaii, will act wisely and responsibly by the exercise of intellectual integrity, intellectual honesty and political courage unprecedented in the annals of Hawaiian legislative history. Only then, can we say honestly to the people who have elected us, who put us here, "we have served you all well and courageously in Hawaii's time of need."

I think the lobby amendment, ladies and gentlemen, fits into the Rules temporarily. It is a stop-gap, and I agree with Senator Kawasaki. I know he feels very strongly about this. I know we are in a partisan fight today, but it is really shameful that a non-partisan issue--one of such great importance, one that so many of you actually campaigned on and spoke on--will be voted down today because a Republican put it forward. It was given to you in good spirits; it was given to you quietly in a letter. It was not taken to the press immediately, and it was rejected. I ask that you reconsider. I ask that you look into the impact of it, and I ask that you support it."

Senator Nishimura then rose and spoke against the amendment as follows:

"According to the Chinese calendar, this is the year of the rabbit. However, according to the Hawaii State legislative calendar, it seems to be the year of the lobbyist rather than the rabbit. That is, registration and regulation of lobbyists seem to be one of the motherhood issues this year. Everyone is picking on the lobbyists and the lobbyists themselves, poor persecuted souls, are tripping over their colleagues in their haste and mad rush to avoid persecution.

The legislative advocates, a group that I read about in this morning's newspaper, apparently want to register as lobbyists even before this Legislature passes a law. Hopefully, this is done in all sincerity. It is also hoped that our good friends across the isle are equally sincere

in wanting to include requirements for the registration of lobbyists in their Rules of the Senate, and are not using this device to obtain publicity. It is an imaginative proposal but I think inappropriate for the following reasons:

First, the Minority amendment presumes that the Senate Rules will have the force and effect of law. They will not. The Rules are merely standards regulating the internal procedures and practices of the Senate and standards prescribing and proscribing member conduct. A law, on the other hand, is one what the Constitution prescribes and proscribes.

Second, what the statutes prescribe and proscribe; and

Third, what the Courts in their interpretation of the laws, constitutional or statutory, say what the law is and broadens the scope of the laws by interpreting legislative or constitutional intent.

The Minority justify the inclusion of a lobbyist registration rule in the Senate Rules by relying on the language of Article III, Section 19 of the State Constitution. Section 19 in the relevant part reads as follows:

'Each House may punish by fine or by imprisonment not exceeding thirty days any person not a member of either House who shall be guilty of disrespect of such House by any disorderly or contemptuous behavior in its presence, or that of any committee thereof, or he or who shall on account of the exercise of any legislative function threaten harm to the body or estate of any of the members of such House, or who shall assault, arrest or detain any witness or other person ordered to attend such House on his way going to or returning therefrom, or who shall rescue any person arrested by order of such House.'

The Minority argues that we can add a rule on lobbying because the language of Section 19 says we can punish a non-member because of disrespect. But Section 19 clearly says that we, the Senate, may punish a non-member who shall be guilty of any disorderly or contemptuous behavior in its presence or that of any committee thereof. To say that the Senate can regulate and punish lobbyists under Section 19 is giving Section 19 a tortured interpretation of dubious legal merit. Let

me say again, our Rules are primarily rules of procedure to govern the workings of the Senate and not rules of procedure to regulate non-members.

The second point, assume for a moment that what the Minority says is correct--that we can regulate lobbyists under our Rules because our Constitution says we can. Section 19 also states that the Senate may punish guilty non-members by fine or imprisonment not exceeding thirty days for the offense stated above. The proposed amendment adds another form of punishment--that is, prohibition of lobbying activities for a period of three years. Section 19 does not say we can do that. Section 19 says that we may punish by fine or by a maximum thirty days imprisonment. Here again the amendment, if adopted, may be subject to legal attack if enforcement is attempted.

The foregoing clearly indicates the reason why a lobbying registration rule should not be incorporated in the Senate Rules, and I should like to note at this point that the Senate Majority yesterday introduced Senate Bill 74 providing for the registration and regulation of lobbyists. I believe that Senate Bill 74 deals with the lobbyist issue in a far superior manner than the proposed Senate Rules. Accordingly, it is our recommendation that the amendment be defeated."

At this time Senator Anderson commented as follows:

"We seem to be finding ways and looking for ways why we shouldn't do something. That seems to be a common practice around here. If you look at the amendment, it ties in that anybody who is disrespectful of the Rules of the Senate is punishable. I would like to challenge you, but I won't, that if I were to remove that section we're quibbling or fighting about, the details or the inclusion of lobby registration, I don't think any lobbyist in his right mind would be disrespectful of the Rules of the Senate if so established. They seem to conform to the Rules properly, and committee chairmen and committee rules and rules of the committee and rules of the caucus. There is a certain amount of protocol and courtesy that one man has for another; and if we were to establish a registration of lobbyists, they would certainly adhere to it and abide by it; and I don't think we would have to send anybody to jail.

If we were to have taken the writing

of the amendment and started to change it, amend it, it would have been different from what you had voted on last year. We tried to present back to this Body the exact words, the exact copy, that we voted on and are recorded on. That bill passed here last year and the whole approach passed here last year with eight Republicans being joined by five Democrats. Some of you here today voted 'no' on lobby registration. You'd probably vote 'no' on Senate bill whatever the number is that you introduced it on. You cannot assure any of us here today that that bill is going to pass. You can't assure the public that you're going to pass that bill. And some effort, some demonstration of honesty and integrity to register these people to live up to a political commitment once and for all is needed.

We aren't looking for legal fights. We aren't looking for partisan fights. We're looking for reform. We're looking for change. We are looking to restore the confidence that the people think they have in us."

The President then replied with the following remarks:

"Whatever doubts or fears you might have, the Majority will make every effort to have a very good lobby bill passed."

Senator Kawasaki rose and spoke against the amendment as follows:

"I rise to speak against the inclusion of the lobbyist registration provisions in the Rules of the Senate, and I would like to speak against such a move as the principle proponent and the principle author of the Senate amendment that put some teeth into the lobbyist registration bill that came to this Body from the House.

I am quite flattered by the recitation on the part of the Minority Leader of excerpts from my speech, and I want to assure each and every member of this Body that I am entirely sincere in what I said. I meant every single word that I had uttered in my acceptance speech, and I fully intend to demonstrate this intent on my part.

I want to make some clarification here as it was articulated by the Minority. First of all, he seems to put the blame of the failure of the passage of the Senate version of the lobbyist' registration bill on our backs. This is not quite the truth of the matter. As a matter

of fact, I think every Senator here, if for no other reason but for the reason that it was an election year, wanted to see the Senate version pass. That version had some meaning so far as the registration of lobbyists is concerned. The failure of the passage of the Senate version I put squarely on the backs of the conferees and the members of the House of Representatives and they know it. You were a member of the Senate conferees, Senator from the third district, and you know that we did everything humanly possible to convince our counterpart conferees that the Senate version was the more meaningful version.

One of my concerns about accepting this as a Senate Rules provision, the registration of lobbyists, is that it might just give the House of Representatives an excuse not to pass the kind of version that we wanted passed. They would say, 'Alright, you Senators, you want a tough bill. That's your business, but we will not adopt such a version.' And I am inclined to think that a few, not very many but just a few lobbyists, would just be delighted at our inclusion of a lobbyist registration bill as a rule of either this Body or the Body across the hall primarily because they are able to pressure and convince some of those people that they want a watered-down version.

As it was articulated by the Chairman of the Judiciary Committee, I think he submitted some very cogent reasons why we would not like to include the lobbyist registration provision on Senate Rules. I would like to commend the Minority members for their efforts, of which I fully appreciated and realize that if it wasn't for your seven votes coming in the closing days of the Senate, we would not have had the Senate version passed. I fully appreciate that and I think you know that I do.

I would like, first of all, for this Body to very sincerely and honestly attempt passage of the lobbyist registration bill as we wanted it to be passed with the strong language, send it over to the other House and then put the onus on their backs to make sure that they would pass something meaningful. Failing this, even in the closing days of the session, we can then accept your proposition that because the House of Representatives refused to enact together with us a meaningful lobbyist registration bill, then we'd have to put it into the Rules of the Senate. Only then,

I say, should we resort to this alternative; and that is the situation that we are going to arrive at.

I assure you that I'll lead the move on this side of the House to accept your proposition of putting this as part of the Senate Rules. But let's first of all sincerely try to enact as law of the State of Hawaii a meaningful lobbyist registration bill. And I fully intend to keep the language as strong as we had it last year. You have my commitment at this point that we'll make our version of the lobbyist registration bill something that you all can live with.

Thank you."

At this time Senator O'Connor rose and spoke as follows:

"Mr. President, I would like to remind our learned colleagues that we are not yet a unicameral Body and that in order to have certain sanctions apply to people who violate rules or laws, we have to follow the Constitution. And, unfortunately, the Constitution is very plain in this situation. We cannot put into our Rules penalties which are not included in the Constitution. And unless the learned Minority Floor Leader has a Constitution different from the one I hold in my hand, Section 19 simply does not allow the penalty section which he would include in his amendment. There is no way that we can enlarge Section 19 nor can we change the words in it. And, therefore, despite the fact that we may desire to do so, we may desire some day to amend the Penal Code and put that in our Rules; but we can't do so because the Constitution doesn't let us. Nor does the Constitution allow us to adopt this amendment.

In short, we can register lobbyists but we cannot provide a sanction or a penalty if they don't. Therefore, Mr. President, if we do register them without a sanction, it's like a saber-toothed tiger without her saber teeth. The tiger would be unable to move because the lobbyist simply wouldn't have to register. Mr. President, this is properly done by statute. The statute has been introduced. As our learned Vice-President indicated, that statute, that bill is part of the Majority package and it should be enacted by this Body. This matter should not be put into the Rules of this Body."

Senator Rohlring responded as

follows:

"Mr. President, in some response to our distinguished colleague from the seventh senatorial district, I would note that the suggestion that is contained in this amendment was given to members of the Majority substantially prior to the opening of the Legislature, and certainly prior to today's festivities. And I think that if the quarrel is with the punishment provisions of this particular amendment, certainly the minority members here would be very happy to adjust and compromise our proposal to take into account these learned, legal constitutional arguments. We certainly would have had an open mind to that kind of suggestion.

I, for one, am voting on this proposed amendment and would like to cast my vote in favor because I want to know in the forthcoming weeks who's lobbying to defeat your proposed Senate Bill 74 dealing with the registration of lobbyists."

Senator Yim then rose and spoke against the amendment as follows:

"Mr. President, I rise to speak against the amendment. Mr. President, if this amendment passes, it will set a dangerous precedent of bypassing the constitutional and legislative procedure of holding public hearings and three readings of both Houses before a proposal becomes law. There is every indication that a lobby bill will pass, not by a gimmick via this kind of amendment, but by the normal legislative process. The Majority members of both Houses are on record to pass a lobby bill. If they don't, then the Minority have every right and they should take the issue at that time before the public.

Mr. President, I further take issue with the implications made by the distinguished Senator from the third district that a vote against the amendment is a vote against the lobby bill. Not so. Mr. President, the issue here is a simple matter and that is the matter of procedure.

At this time Senator Taira commented as follows:

"Mr. President, I don't want to take time to belabor the pros and cons as to whether this amendment should pass or not, but I happen to notice something which might be of interest to the members of the Minority.

Senate Bill 74, as our colleague from the seventh district mentioned, has been introduced. I also note that on the referral sheet Senate Bill 74 has been referred to two committees--Governmental Operations and Judiciary. Mr. President, I congratulate you on this referral because I note that referral to Legislative Management has been left out. And, therefore, to you members of the Minority, may I ask you to have faith and hope in seeing that this bill, which is a Majority bill, will certainly be passed with flying colors during this session."

Senator Anderson then remarked as follows:

"Yes, we are not going to belabor this any more, Mr. President. You have our promise that we will be patient. We will be watchful. We will not wait until the end of the session to call it to your attention. The clock is running on the twenty day call period once it is referred to committee. It may be back on this Floor if there is no movement or commitment to it.

And in closing I would like to say we got all the legal mumble jumble about denying lobbyists and penalizing lobbyists. A few moments ago you said that the Minority Leader, the Minority Policy Leader, the Minority Floor Leader and their counterparts across the hall could be at the chairman's discretion excluded from participating in his committee. Well, if the Chairman has that much authority to say, 'Senator Anderson, you cannot sit here before my committee and participate in hearings,' then I think you also have that authority not to recognize the lobbyist."

Senator Kawasaki then commented as follows:

"Mr. President, there was some allusion made as to whether every member of this Body was sincere in his efforts to pass a meaningful lobbyist registration bill. Speaking for myself, I want to ask the Minority to ask the people most affected--the lobbyists. I had the dubious distinction of possibly being the most non-lobbyist endorsed candidate in the last election."

The motion to adopt the amendment was put by the Chair, and Roll Call vote having been requested the motion failed to carry on the following showing of Ayes and Noes. Ayes, 7. Noes, 18 (Ching, Chong, Hara, Hulten, Kawasaki, King,

Kuroda, Nishimura, O'Connor, Taira, Takitani, Toyofuku, F. Wong, R. Wong, Yamasaki, Yim, Young, Ushijima).

At this time Senator R. Wong spoke in favor of the Rules as follows:

"Mr. President, I think it is very difficult when you have rules to govern operations for a period of four years presented before twenty-five individuals. Mr. President, I don't think all of us are personally satisfied with the Rules. However, I must point out some of the things alluded to earlier by my colleague from the sixth senatorial district and my colleague from the third senatorial district that the Rules encompass the operations of the Senate. I would like to call to the members' attention Rule 17. It may not seem as significant as the amendment that was just defeated, but it does give an indication, Mr. President, of your concern for openness in government.

Of my esteemed colleague from the sixth representative district in terms of prior concurrence, it was a simple change made in Rule 17 in that the Chairman of the Committee on Ways and Means shall invite the participation of the subject matter committee chairman in its final recommendation. This is stated in Rule. The only word that was changed in Rule 17 was the word from may to shall.

Additionally, Mr. President, as I examine the Senate Rules as one of my colleagues had mentioned, it yes indeed is a short trip across the hall. And I did notice that therein contained in the Senate Rules, Mr. President, the section dealing with referrals of bills does also indicate that prior concurrence is there and present. As an example, Mr. President, according to the Rules the subject matter committees will be given allocation to determine program priorities. It is then sent to your Committee on Ways and Means; and if any differences are found to be between the subject matter committee and the Committee on Ways and Means, this shall be discussed and a final recommendation made.

Pursuant to your instruction, Mr. President, my staff is in the process now of formulating a financial plan. Contained therein in that financial plan will be allocations made to the various subject matter committee chairmen. We have informed them privately that they are to set

the priorities in the limits allocated to them. This, Mr. President, is some degree of prior concurrence.

Mr. President, I would like to also address myself to Rule 20 which has been kind of sloughed over with a remark that the Majority should be commended. Mr. President, Rule 20 deals with the openness of meetings. I think, Mr. President, that this is the first time in the history of the Senate that a rule has been initiated for the operations of this Body, and it clearly indicates that from now on no decision making of any kind at the lowest level in the program areas will be done in secret. It will be public.

Additionally, Mr. President, the rules dealing with the conference committees of these respective Bodies are now in agreement with each other that no conference committee shall be other than public. Mr. President, I say personally to you that there is a commitment on our part--a commitment on our part to the citizens of this State that our decisions which affect their lives will no longer be done in smoke-filled rooms. They will be done in the open. And I invite and charge every member of this honorable Body that when that day comes, that when the conference committee meets to decide on any disagreement between this Body and the Body across the hall, that our day to show our stuff will become very apparent.

Mr. President, I therefore urge all my colleagues in this honorable Body to vote for the approval of the Senate Rules.

Thank you very much, Mr. President."

Senator Anderson then asked the Chairman of Ways and Means whether he would yield to a question for more clarification.

Senator R. Wong replied in the affirmative.

Senator Anderson then spoke as follows:

"In the openness that we have adopted with the conference committee concept, it is very commendable. You somewhat stopped there, and I don't think you meant to. I interpret your statements that the conference committees are now open to the public and to the press also to include the subcommittees that have normally and historically been appointed

to represent the Senate and the House to sometimes hammer out and iron out the most difficult financial questions that we resolve in the last days. Those, too, shall also be open. Shall they not?"

Senator R. Wong then replied as follows:

"Mr. President, as I mentioned, I have no objections and that was our intent."

There having been no further discussion, the motion was put by the Chair for the adoption of Senate Resolution No. 7, the permanent Rules of the Senate unamended; and S.R. No. 7 was adopted.

At this time, the President announced the appointments of Senator Donald D. H. Ching as Majority Leader, Senators Anson Chong, Stanley I. Hara, and George H. Senator Bonner was then escorted to the rostrum by Senator O'Connor where he was presented with a copy of the resolution just adopted; then Senator Bonner addressed the members of the Senate as follows:

"Mr. President, Honorable Senators, today would perhaps be in my opinion a very historical day. It would be the first time in history an Australian indigenous person would have been given the honor of addressing a United States Parliament. It is doubly an honor for me that I have the opportunity to address the Upper House of the Parliament in the State of Hawaii; and in so doing, Sir, bring greetings from the Australian people to the people of Hawaii.

I have had the opportunity of being with you for the opening of your Legislature, and it is an occasion that shall live long in my memory as well, I know, in the memory of my dear wife. I personally, on behalf of my wife and myself, want to thank the people of Hawaii for their tremendous hospitality that has been given to both of us. I shall return to Australia with many very, very precious memories, not only of your states and Hawaii's beautiful scenery and everything that you have to offer to your own people and the world at large, but again to the friendliness that has been shown to both my wife and myself.

As an indigenous of Australia, I say thank you, too, on behalf of my race for the welcome having been given to one of its native sons. So thank you again. May God's richest blessings be upon you here in this Chamber; may He guide your deliberations."

- Introduced by: Senators Young, F. Wong, King, Toyofuku, Chong, Hulten, Ching, Kuroda, Hara, Takitani, Saiki, Rohlfing, George, O'Connor, Yim and Taira.
- STANDING COMMITTEE REPORTS
- Senator Yamasaki, for the Committee on Legislative Management, presented a report (Stand. Com. Rep. No. 8), informing the Senate that Senate Concurrent Resolution Nos. 32 to 36, Senate Resolution Nos. 139 to 141, and Senate Bills Nos. 310 to 392 have been printed and are ready for distribution.
- On motion by Senator Yamasaki, seconded by Senator Henderson and carried, the report of the Committee was adopted.
- Senator R. Wong, for the Committee on Ways and Means, presented a report (Stand. Com. Rep. No. 9), recommending that House Bill No. 3, H.D. 1, pass Second Reading and be placed on the calendar for Third Reading.
- Senator Yamasaki moved that the report be adopted and that H.B. No. 3, H.D. 1, pass Second Reading and be placed on the calendar for Third Reading, seconded by Senator R. Wong.

At this time, Senator Anderson rose and spoke as follows:

"I'd like to state for the record that we have made a request some two days ago to the Chairman of Ways and Means that there is a companion bill that will be forthcoming in the next several days; and there is a policy or a direction, question or approach in that bill that affects this one most directly. We ask that we receive that determination by the Policy Committee of the Majority Party before we vote on this tomorrow. That request still stands."

Senator R. Wong commented as follows:

"Mr. President, I think the honorable colleague across the hall is referring to a bill that in my understanding is still in committee--the Finance Committee of the House. As far as the determination being made is concerned, we have explained the situation to the Minority. And as far as a direction, I think it's incumbent upon him to get together with the Leadership to determine what the status will be relative to this bill."

The Vice-President then asked Senator Anderson whether he was satisfied with the answer.

Senator Anderson replied as follows:

"Yes, if the Majority Leadership is ready to sit and meet. We had an open invitation to hear from them. While the bill across the hall is a separate vehicle, monies appropriated in this bill relate directly to it. We would like to see the companion bill, or at least get the Majority Party's policies or approach on the second bill, before we vote on this one. So, we'll stand waiting for the Majority Leader to call us some time today."

At this time, Senator Ching rose and commented as follows:

"I know of no request to meet with the Majority Leadership, and I am perfectly satisfied with the explanation as given by the Chairman of the Ways and Means Committee."

The motion was put by the Chair and carried, and the report of the Committee was adopted, and H.B. No. 3, H.D. 1, entitled: "A BILL FOR AN ACT MAKING APPROPRIATIONS TO PROVIDE FOR THE EXPENSES OF THE LEGISLATURE, THE LEGISLATIVE AUDITOR, THE LEGISLATIVE REFERENCE

BUREAU, AND THE OMBUDSMAN", passed Second Reading and was placed on the calendar for Third Reading on Thursday, January 30, 1975.

In accordance with Article III, Section 16, of the Constitution of the State of Hawaii, the 24-hour notice was given on H.B. No. 3, H.D. 1.

RE-REFERRAL OF
A SENATE BILL

The President made the following re-referral of a bill that had been introduced on Monday, January 27, 1975:

Senate Bill Referred to:

- No. 267 Committee on Ecology, Environment and Recreation, then to the Committee on Economic Development, then to the Committee on Ways and Means

THIRD READING

House Bill No. 3, H.D. 1:

Senator Yamasaki moved that H.B. No. 3, H.D. 1, having been read throughout, pass Third Reading, seconded by Senator R. Wong.

Senator Yamasaki then rose to speak in favor of the bill as follows:

"Mr. President, briefly, the purpose of this bill is to appropriate sufficient funds for defraying the expenses contemplated to be incurred by this Body and the House during this Regular Session of 1975 and during the interim, and also for the Office of the Legislative Auditor, the Ethics Commission, the Legislative Reference Bureau, the Office of the Revisor of Statutes and the Office of the Ombudsman for the fiscal year 1975-76.

The bill provides for \$1,321,558 for the expenses of the Senate and \$1,709,540 for the House which represents an increase over the 1974 appropriation to provide the respective bodies with means to strengthen staff needs in order to improve the fiscal, legal and technical research capabilities of the Legislature for the purpose of having data and information to make meaningful decisions.

This will enable the Legislature to take a more independent role in the development of programs and policies of the administration which is in line with the national trend towards strengthening the role of the legislative branch.

Requests of the Legislative Auditor, State Ethics Commission, Legislative Reference Bureau, the Revisor of Statutes and the Ombudsman have also been adequately provided.

Therefore, Mr. President, I urge every member of this Body to vote for the bill.

Thank you."

Senator R. Wong then stated as follows:

"Mr. President, I rise to speak in favor of this bill.

House Bill 3, House Draft 1, appropriates a total of \$4,967,247 for the expenses of the Legislature

and the legislative service agencies-- the Legislative Auditor, the Ombudsman, the State Ethics Commission, the Legislative Reference Bureau and the Revisor of Statutes.

Of that total, this bill appropriates \$1,321,558 for the Senate and \$1,709,540 for the House of Representatives. This represents an increase over the appropriations made in prior years. The increase can be attributed to three primary factors:

1. Additional funds have been provided for increased staffing to improve the fiscal, legal and technical research capabilities of the Legislature. This will enable the Legislature to take a more independent and active role in developing programs and policies and in monitoring the performance of the Executive's implementation of these programs and policies.

We, the members of this Honorable Body, Mr. President, have spoken much about the need for the Legislature to reassert its powers and to become more truly a co-equal branch of government. The increased staffing provided by this bill will further that objective.

2. Funds have been provided in this bill for the payment of overtime wages to session employees. This is a contingency appropriation in the event any overtime work covered by the Federal Fair Labor Standards Act is incurred.

3. Funds which had been previously appropriated for certain interim legislative studies have now been incorporated directly into the expenses of the Senate and House of Representatives.

With the Legislature now becoming

a more active body, the conduct of interim studies by legislative committees and staff should now be treated as part of the on-going operations of the Legislature rather than as separate or incidental operations.

For the information of the members of this Honorable Body, the Ways and Means Committee held a public hearing yesterday on this bill. No witnesses appeared to testify either for or against it.

House Bill 3, House Draft 1, provides sufficient funds for the efficient and effective operation of the Legislature and the legislative service agencies.

I call on the members of this Honorable Body to vote in favor of this bill.

Thank you, Mr. President."

The motion was put by the Chair, and H.B. No. 3, H.D. 1, entitled: "A BILL FOR AN ACT MAKING APPROPRIATIONS TO PROVIDE FOR THE EXPENSES OF THE LEGISLATURE, THE LEGISLATIVE AUDITOR, THE LEGISLATIVE REFERENCE BUREAU, AND THE OMBUDSMAN", having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 17. Noes, 7 (Anderson, George, Henderson, Leopold, Rohlfing, Saiki and Yee). Excused, 1, (F. Wong).

The President then made the following
committee assignment of a bill that
was introduced on Thursday, January
23, 1975:

Senate Bill Referred to:

No. 193 Committee on Transportation,
then to the Committee on Ways
and Means

At this time, Senator Chong intro-
duced to the members of the Senate,
Mr. Henry Guigni, the Executive
Assistant to U.S. Senator Daniel
K. Inouye and a new member of
his staff, Mr. Mark Borelis.

ADJOURNMENT

At 11:37 o'clock a.m., on motion
by Senator Taira, seconded by Senator
Anderson and carried, the Senate
adjourned until 11:30 o'clock a.m.,
Thursday, February 6, 1975.

SEVENTEENTH DAY

Thursday, February 6, 1975

The Senate of the Eighth Legislature of the State of Hawaii, Regular Session of 1975, convened at 11:30 o'clock a.m., with the President in the Chair.

The Divine Blessing was invoked by the Reverend Niles Kageyama of the Windward Missionary Church, after which the Roll was called showing all Senators present with the exception of Senator Nishimura, who was excused.

The President announced that he had read and approved the Journal of the Sixteenth Day.

At this time, the following introductions were made to the members of the Senate:

Senator Taira introduced thirty-three students from the Special Education Class at Kalakaua Intermediate School, accompanied by their teachers, Mr. Victor Nishihira, Mrs. Esther Ohta, Mr. Dai You Kim and Mr. Robert Yoshida.

Senator O'Connor then introduced twenty-six students from the American Field Service. These students come from various parts of the world such as, Venezuela, Italy, Turkey, Sweden and others.

Senator Chong introduced fifteen doctors from Indonesia who are in an exchange program and are presently studying at the School of Public Health at the University of Hawaii. Accompanying them was Mr. J. P. Chaine.

SENATE CONCURRENT RESOLUTION

A concurrent resolution (S.C.R. No. 48), entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE COLLEGE OF EDUCATION, UNIVERSITY OF HAWAII, MANOA, TO LIMIT THE SIZE OF ITS UNDERGRADUATE TEACHER EDUCATION PROGRAM UNTIL THE PROBLEM OF TEACHER OVERSUPPLY HAS BEEN RESOLVED", was jointly offered by Senators Hara, Takitani, Ushijima, Henderson, Young, Ching, Toyofuku, Hulten, George, Kawasaki, Rohlfing, R. Wong, Yamasaki, Yim, F. Wong, Taira and Chong and was read by the Clerk.

By unanimous consent, S.C.R. No. 48 was referred jointly to the Committee on Higher Education and

the Committee on Education.

SENATE RESOLUTIONS

The following resolutions (S.R. Nos. 184 to 186) were read by the Clerk and were disposed of as follows:

A resolution (S.R. No. 184), entitled: "SENATE RESOLUTION EXPRESSING APPRECIATION TO ALLEN TSUKASA MASUDA", was jointly offered by Senators Taira, Ushijima, King, Yim, Takitani, Yamasaki, Chong, Yee, Kuroda, Hulten, Toyofuku, R. Wong, Saiki, Rohlfing, O'Connor, F. Wong, Leopold, Ching, Anderson, Young, Kawasaki, Hara, Henderson and George.

Senator Taira moved that S.R. No. 184 be adopted, seconded by Senator Hara.

Senator Taira then rose and spoke as follows:

"Mr. President, I would like to say something about this young man, Mr. Allen Masuda.

We recall a week or so ago, a young man by the name of Allen Tsukasa Masuda passed away at the age of 31. Allen was a young dedicated teacher, an outreach counselor of the Department of Education, who devoted so much effort and time to young people who were in trouble in his particular community and school.

As he often said, 'If I can just keep one kid off the street and away from a life of crime, I will have made my mark.' Allan passed away at the age of 31 as a victim of leukemia.

Mr. President, I take great delight in having this Body adopt this resolution.

Thank you."

The motion was put by the Chair and carried, and S.R. No. 184 was adopted.

A resolution (S.R. No. 185), entitled: "SENATE RESOLUTION REQUESTING FEDERAL ADMINISTRATIVE AND LEGISLATIVE ACTION TO INCLUDE HAWAIIANS AMONG TARGET GROUPS UNDER THE COMPREHENSIVE EMPLOYMENT AND TRAINING ACT", was jointly offered by Senators Young, Toyofuku, Yim, Chong, Takitani, Hara, Nishimura, R. Wong, Kuroda, Hulten, King, Yamasaki,

F. Wong, O'Connor and Leopold.

By unanimous consent, S.R. No. 185 was referred jointly to the Committee on Human Resources and the Committee on Housing and Hawaiian Homes.

A resolution (S.R. No. 186), entitled: "SENATE RESOLUTION HONORING MRS. FUMIKO IWAMASA UPON HER RETIREMENT FROM THE PUBLIC WELFARE DIVISION OF THE DEPARTMENT OF SOCIAL SERVICES FOR THE ISLAND OF HAWAII AFTER THIRTY-FIVE YEARS OF SERVICE", was jointly offered by Senators Hara, Ushijima, Henderson, Anderson, Young, Saiki, Kuroda, Ching, Toyofuku, Hulten, George, Takitani, Kawasaki, Leopold, Rohlfing, Yamasaki, Yim, R. Wong, F. Wong, Taira and Chong.

On motion by Senator Hara, seconded by Senator Henderson and carried, S.R. No. 186 was adopted.

STANDING COMMITTEE REPORTS

Senator Yamasaki, for the Committee on Legislative Management, presented a report (Stand. Com. Rep. No. 15), informing the Senate that Senate Concurrent Resolution No. 47, Senate Resolution Nos. 182 to 185, Senate Bill Nos. 549 to 611 and Standing Committee Report Nos. 16 to 18 have been printed and are ready for distribution.

On motion by Senator Yamasaki, seconded by Senator Henderson and carried, the report of the Committee was adopted.

Senator Toyofuku, for the Committee on Human Resources, presented a report (Stand. Com. Rep. No. 16), recommending that House Concurrent Resolution No. 20 be adopted.

On motion by Senator Toyofuku, seconded by Senator Young and carried, the report of the Committee was adopted and H.C.R. No. 20, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE CONGRESS OF THE UNITED STATES TO DIRECT THE UNITED STATES DEPARTMENT OF AGRICULTURE TO MAINTAIN FOOD STAMP PRICES AT THEIR PRESENT LEVEL", was adopted.

Senator F. Wong, for the Committee on Economic Development, presented a report (Stand. Com. Rep. No. 17), recommending that House Concurrent Resolution No. 29, H.D. 1, be adopted.

Senator F. Wong moved that the report of the Committee be adopted and that H.C.R. No. 29, H.D. 1 be adopted, seconded by Senator Hara.

Senator Anderson then rose to comment as follows:

"Mr. President, I rise to speak in favor of the resolution but also call to the President's attention that on the 23rd of January, recognizing the merits of the resolution and its contents, Senator Yee called a meeting with the industry and after several hours of discussing and rapping back and forth, Senator Yee introduced on the 24th of January, a concurrent resolution in this Body for consideration.

Several days later, a Senate Resolution was introduced on the same subject. Six days later, a House Member picks it up and we have before us now a House Concurrent Resolution.

I would hope that the President would talk to some of the committee chairmen in the spirit of fairness and cooperation.

On Opening Day, we agreed to support Majority legislation; we agreed to work around the clock, if necessary, to participate and better anything and use our expertise in bettering a piece of legislation, knowing full well that the majority of it is Democratic legislation. You expressed a fairness of considering all legislation regardless of who introduces it.

I would ask that we put away the somewhat petty politics because this is the second time in as many weeks that a Republican Senate Concurrent Resolution has been held up for various reasons and a House measure comes flying across the halls.

We ask that while we extend the offer to work, to participate and offer input, that you offer the same thing that when a Republican measure hits the floor or gets to committee, we would expect the same fair play, the same constructive input and an equal amount of consideration.

Thank you, Mr. President."

Senator F. Wong then responded as follows:

"Mr. President, I appreciate the comments of the distinguished colleague from the Windward District. I would not like this Body to, in any way, infer from the things that has been said, that petty politics was played in this particular matter.

I think the distinguished Senator

knows of the conversations that I have had with him. We have placed before the Economic Development committee, the hearing of both resolutions and it was at that time in which the House Concurrent Resolution came over.

I don't think that in this particular case, it was ever the intent of the Majority to by-pass the senatorial courtesy that was extended to Senator Yee in having the matter heard before the Economic Development Committee.

Thank you, Mr. President."

The motion was put by the Chair and carried, and the report of the Committee was adopted and H.C.R. No. 29, H.D. 1, entitled: "HOUSE CONCURRENT RESOLUTION RELATING TO THE CIVIL AERONAUTICS BOARD", was adopted.

Senator O'Connor, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 18), recommending that Senate Bill No. 97, as amended in S.D. 1, pass First Reading and be recommitted to the Committee on Judiciary.

On motion by Senator O'Connor, seconded by Senator Taira and carried, the report of the Committee was adopted and S.B. No. 97, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO RAPE PROSECUTIONS", passed First Reading and was recommitted to the Committee on Judiciary.

Senator Taira moved that S.R. No. 208 be adopted, seconded by Senator Anderson.

Senator Ching then rose on a point of inquiry and asked whether the adoption of this resolution by the Senate inferred that the Senate adopted the refinancing plan of the Hawaiians.

The President, as the introducer of the resolution, assured Senator Ching that he did not feel that was the intent of the resolution.

Senator Ching then noted that he would like the record to be clear in this respect--that by the adoption of Senate Resolution No. 208, we are not in effect asking people to put their money into the plan.

At 11:45 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:46 o'clock a.m.

The motion was put by the Chair and carried, and S.R. No. 208 was adopted.

The President then introduced to the members of the Senate Mr. Adrian Young, the defensive linebacker and also the Player Representative of the Hawaiians, and two other players, Mr. Lem Burnham, defensive end and Mr. Chuck Detwiler, defensive back. The President presented Mr. Young with a copy of the resolution just adopted and Mr. Young then addressed the members of the Senate as follows:

"Mr. President and members of the Senate. On behalf of the Hawaiians, I would like to present a few tokens of our gratitude for the opportunity to come here and present our proposals to you. We only hope in the near future, we will again be on the ball field instead of in the political field.

We hope that our presentation in the State of Hawaii and as we travel on the mainland, will give

due credit to this great State of Hawaii.

Thank you."

The President thanked the group and extended best wishes to the Hawaiians.

A resolution (S.R. No. 209), entitled: "SENATE RESOLUTION URGING PASSAGE BY THE CONGRESS OF THE UNITED STATES OF S.B. 589 RELATING TO SPECIAL AIR FARES FOR SENIOR CITIZENS, YOUTHS, THE HANDICAPPED AND FAMILIES TRAVELING TOGETHER", was jointly offered by Senators Yee, Saiki, Kuroda, George, Rohlfing and Kawasaki.

A SENATE RESOLUTION
- The President made the following re-referral of a resolution which was offered on Tuesday, February 18, 1975:
- Senate Resolution Referred to:
No. 232 Committee on Ecology, Environment and Recreation, then to the Committee on Economic Development
- RE-REFERRAL OF
A SENATE BILL
- The President made the following re-referral of a bill which was introduced on Tuesday, January 21, 1975:
- Senate Bill Referred to:
No. 145 Committee on Economic Development, then to the Committee on Housing and Hawaiian Homes, then to the Committee on Judiciary, then to the Committee on Ways and Means
- THIRD READING
- House Bill No. 171, H.D. 1:
- Senator R. Wong moved that H.B. No. 171, H.D. 1, having been read throughout, pass Third Reading, seconded by Senator Yamasaki.
- Senator R. Wong then spoke in favor of the bill as follows:
- "Mr. President, the purpose of House Bill No. 171, H.D. 1, is to increase the allowance for legislators from \$750 to \$1,500 a year.
- The \$750 allowance was first established six years ago in 1969 to cover the incidental expenses which we, as Legislators, incur in the performance of our official duties.
- An increase in the allowance is justified at this time, Mr. President, with inflation, costs have risen greatly since 1969. Those among us who have served in the Legislature for a while also know that we are being called upon to devote more and more of our time and attention to legislative matters during the interim period, thus increasing our incidental expenses even more.
- With the current reassertion of legislative powers, Mr. President, I can predict that this trend will continue and grow in the future.
- Mr. President, I am aware of two areas of concern which have been expressed about the Legislature passing a bill increasing legislative allowances.
- First is the concern about the legal questions involved. For the information of the members of this

Honorable Body, I have obtained an opinion from the Attorney General, No. 75-1, dated February 4, 1975, which finds that a bill such as this one we have before us is legally correct.

Second, and I think the most important, Mr. President, is the concern over whether public opinion would oppose a bill such as this in which the Legislature increases its own allowance. In order that the members of the public would have a full opportunity to express their views on this matter, the Ways and Means Committee scheduled three public hearings on February 5, in the morning, at noon, and from 6 to 9 in the evening, for the receipt of public input.

Mr. President, no one appeared to testify at the hearings, no one has ever contacted the committee office either in person, by mail or by phone to register an opinion. Consequently, Mr. President, my only conclusion is that there is no public opposition to any increase in the legislative allowance.

Therefore, Mr. President, I call on the members of this Honorable Body to vote in favor of this bill.

Thank you."

Senator George then rose to speak against the passage of the bill as follows:

"Mr. President, no matter how this proposal is dressed up, it's still the same thing. It is voting ourselves an increase in the amount of money we are going to get.

I'm not saying that it is not legal to do so, just that it comes at a juncture when serious economists are hard-pressed to say whether we have a recession or a depression or stagflation or any one of a number of other difficult things.

Our unemployment rate is the highest in decades. It seems questionable to me to ask at a time when we in the Legislature should be exerting leadership, to ask for a second helping so to speak, when most economists are suggesting belt-tightening should be in order.

I'm not impressed with the interpretation that increasing our remuneration is laudable, because it is a step toward a full-time Legislature. I think this is pious baloney.

You don't make an increase toward full-time compensation and pay it to public servants some of whom put in part-time and some, full-time.

Having full-time legislators would involve a whole lot more than extra money. It would mean no other occupation or employment, the elimination of conflicts of interests. It might also well involve a Legislature quite a lot smaller than our present membership of 76... maybe even a unicameral body.

If the voters who elected us want to be represented by full-time legislators, they ought to be given a chance to say so. Let's get the matter on the ballot and get full discussion on the constitutional question. To take the extra money now and defer or forget the clearly-related constitutional considerations is not possible for me.

Mr. President, like many of my colleagues, I stood on a good many campaign platforms last year and proclaimed my intention to work for a frugal and economical policy in the conduct of the State's business. As a matter of fact, I can't remember hearing anyone campaign for a Senate seat on the platform of more staff and more money.

I cannot, now in good conscience vote for the measure which is before us. I ask my colleagues to join me in voting against it. Thank you, Mr. President."

Senator Kuroda then rose to speak for the passage of the bill as follows:

"Mr. President, I think that there may come a time when we may have a full-time legislature adequately compensated. But the time is long in coming, and I think that some of us who have devoted full time and some of us who have been practicing frugal living, some of us who want to dedicate full time to this government service at hand, still need some additional support financially and, hopefully, this type of additional compensation will tide us over until such time that the entire Legislature really work toward full compensation, full legislature, and with the public supporting it.

Mr. President, I urge the members of this Honorable Body to vote for this measure. Thank you."

Senator Anderson, in opposition

thereto, spoke as follows:

"Mr. President, I rise to speak against the measure.

I would like to commend the Chairman of the Ways and Means Committee. I have no arguments with him. I do think that for the first time in my years in the Senate I have seen that a Chairman of a committee made an honest effort to conduct enough public hearings. He left the door open for the public to come in and I think every extra step was given by the Chairman to hear the community come in and testify for or against this measure.

I would like to somewhat clarify the reason that this bill in on the desk today. I happen to tune in to my favorite morning disc jockey and heard him say something about how it was time as he was waiting for the newcomers in this Body, in this Legislature, to somewhat throw the old rascals out and I guess he is including myself because I have been around for a while.

It is funny that we had for the first time in this election a lot of newcomers. The feeling of incumbency was bad during the election. Many of us were concerned that we may just get thrown out with the kitchen water. We campaigned excessively hard. The challengers came in in all sorts of statements and all sorts of promises but they came in in great numbers.

Well, it's somewhat odd that this bill is on our desk today because of the newcomers. The pay package that we had before us a couple of weeks ago was fatter by \$500,000, not because we proposed it but because the newcomers wanted full-time staff, more money, more, more, more. They've got staff across the hall tripping over themselves. They've got staff on staff that they don't know what they're doing. Because we want to keep the harmony, because we want to help the House, because it is a ticklish situation over there, we have to swallow hard and we have to play the game--and that is fine. But I think the public should be aware that the newcomers, the reformers, are aggravating the system somewhat.

They knew the ground rules when they ran for office. They knew the compensation was \$12,000; the expenses, \$750. They knew in fact it was a part-time Legislature, not a full-time one. Now by one method or

another trying to get a few extra dollars to tide them over is not the way to do it.

I have no quarrel with my colleague, Senator Kuroda. I commend you for your full-time efforts. I think you should be compensated more than a part-time legislator, if there is such a thing. I think a whole scale and a policy question ought to be resolved. The President of the Senate and the Speaker of the House spend many more hours than all of us and it's a thankless job in hours. The compensation they get is identical to you and I and that is unfair.

Let's overhaul it. Let's put it on to a form and a situation where the public can understand it, completely and fairly and then let's go. Put it to the people in a constitutional convention. Mr. Kuroda wants to work full-time and he can justify it, he ought to get 18, or 22, or 24 thousand dollars.

I can't argue with 'it's difficult to make a living' for some of you who don't have outside jobs. I would ask that somewhere down the road a committee be appointed by the President of the Senate and the Speaker of the House, either have the Governor put back his Commission on Salaries and Compensation for Legislators. Again, put it on the table, consider the fairness between the President's Office and the legislators and the committee chairmen and establish a policy that is fair and equitable for all Senators. But this is not the way to do it, gentlemen.

Thank you."

Senator Nishimura then asked if the Chairman of the Committee on Ways and Means would yield to a question to which Senator R. Wong replied in the affirmative.

Senator Nishimura then stated:

"Mr. President, as I read the bill, it says 'to give incidental expenses connected with legislative duties' and the debate so far seems to imply that this increase is for income or salary. Which is correct?"

Senator R. Wong in answer thereto stated as follows:

"Mr. President, I'm afraid my colleague from the Third Senatorial District is incorrect. The bill deals strictly with allowances for incidental

expenses connected with legislative duties."

Senator Anderson then stated as follows:

"Mr. President, we're cutting fine hairs with whether it is \$12,000 for income, \$750 for expenses. I have been around these halls as long as many of you, not as long as some of you. I don't spend \$1500 a year in incidental expenses. I buy as many lunches, tickets for various benefits as any of you. It is income. It may be in a different column for the sake of making it legal, but it is income.

It is tax deductible because it is in that column and it is paid to a legislator. We are already the highest paid part-time legislature in the entire country, the highest.

I don't care whether you call it expenses, salary, pin money, call it what you want. Andy Anderson and his twenty-four colleagues will be \$750 wealthier once this bill passes."

Senator O'Connor then said:

"Mr. President, a brief rebuttal

to the learned Senator who just spoke. If he is taking a tax deduction on the amount of money and he is not spending it, he shouldn't talk about it out in public because he will have the IRS swarming all over him.

I for one have taken the tax deduction at least on 750 if not more dollars each year and I have receipts, stubs and what not to prove it. If anyone does not have that there is a Federal prison waiting for him that has recently been visited by our Lieutenant Governor."

The motion was put by the Chair and carried, and H.B. No. 171, H.D. 1, entitled: "A BILL FOR AN ACT AMENDING CHAPTER 24, HAWAII REVISED STATUTES", having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 4 (Anderson, George, Leopold and Saiki).

ADJOURNMENT

At 11:59 o'clock a.m., on motion by Senator Taira, seconded by Senator Anderson and carried, the Senate adjourned until 11:30 o'clock a.m., Thursday, February 20, 1975.

MATTER DEFERRED FROM EARLIER ON THE CALENDAR

Senate Bill No. 1215, S.D. 1:

Senator O'Connor moved that S.B. No. 1215, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Ching.

Senator Anderson then asked if the Chairman of the Committee on Transportation would yield to

several questions, to which Senator O'Connor replied in the affirmative.

Senator Anderson then said:

"We would like to understand better the Federal dollars that would be affected by this program, the policies that these people would be charged with making and implementing as it reflects and has impact on the neighbor islands in regards to the airports, harbors and the waterways."

Senator O'Connor replied that there would be no impact at all on the neighbor islands.

Senator Anderson then asked: "How do we get around the point of a policy that affects this County, per se, but does get into the area of policy affecting this island, as it may reflect or aggravate or enhance the neighbor island airports and possibly their waterways?"

Senator O'Connor replied: "Mr. President, if the Minority Floor Leader would look at the bill on page 2, beginning at line 3, it states that those transportation facilities which are international or purely interstate are expressly excluded from the jurisdiction of this organization."

In answer thereto, Senator Anderson noted: "We saw that but when we get to the question of our adopting a comprehensive policy that involves all transportation, it seems to be in an area of being somewhat unclear as to how much authority you have to put to get a comprehensive plan if you really can't get involved in these areas that are related."

Senator O'Connor then remarked: "The bill clearly states in Section 2 on the first page, that it only has to do with short and long range plans for the City and County of Honolulu and for transportation that has to do with those two plans. The plans that are required here are for the City and County of Honolulu as opposed to being for the State entirely."

Senator Anderson then questioned further: "Mr. President, we would like to know if Senate Bill Nos. 1214 and 1215 are somewhat duplication. Is there a dual responsibility overlapping, possible areas of difficulty in two groups trying to establish policy 'over-umbrella-ing' this County as well as in the statewide policies."

Senator O'Connor answered as follows: "Mr. President, Senate

Bill No. 1214 has to do with the statewide transportation council and has to do with the statewide transportation planning. Our statewide transportation plan hasn't been updated since 1961 and your Committee felt it might be a good idea to do that periodically. Therefore, the statewide transportation council is established by Senate Bill No. 1214. The Metropolitan Planning Organization for Oahu is established by Senate Bill No. 1215."

Senator Anderson then queried: "What is the City Council's position in participation of this bill?"

Senator O'Connor replied: "The Federal government makes it mandatory to have a metropolitan planning organization for the urban area of Oahu. That planning organization must be established with the cooperation and concurrence of the metropolitan government as well as the State government. Therefore, any Act of this nature which has passed and is not agreed to by the City Council would be a worthless piece of legislation."

Senator Anderson then asked if there would be a conference on this matter, then would the City Council's participation be imperative in resolving it; and Senator O'Connor replied in the affirmative.

Senator Anderson then expressed his concern over the make-up of the organization being five members from the City Council, two members from the Senate and two members from the House of Representatives and noting the method which will involve the question of compensation or participation by the legislators who will serve.

Senator O'Connor replied: "Mr. President, all legislators are paid \$12,000 annually for full-time work and maybe that was another good reason for putting legislators on this committee together. This will turn into an extremely important organization as it will have the first say on all C.I.P. items for Oahu that will have Federal funding and unless they adopt their C.I.P. items and put them into a short range plan, the Legislature cannot put those C.I.P. items into the State C.I.P. unless there is utilization entirely of State funds."

Senator Anderson then added: "We have question as to whether or not the wisdom of a five-member City Council and a four-member

legislator group, is the right direction to go in, giving the City Council possibly the ultimate say in our airports, our harbors, areas that they are not related to thus far."

Senator O'Connor noted: "This was something that was debated at great length and the reason that this solution was adopted is that the Regional Administrator for Urban Metropolitan Planning Transportation Authority, Mr. Stewart Urman, has informed us that for a metropolitan planning organization to be recognized by UMPTA (which means whether or not we get any money for transit, even for the bus system for Honolulu) the metropolitan planning organization must be primarily constituted of local officials or local representatives from the metropolitan area. Therefore, to be certified by UMPTA, it would be mandatory that this organization have more people representing the City and County of Honolulu than from the State."

Senator Henderson then asked if Senator O'Connor would yield to some questions, to which Senator O'Connor replied in the affirmative.

Senator Henderson then asked: "What are the provisions of the Federal laws as enumerated in Section 1 of the bill?"

Senator O'Connor replied: "I don't have them available to quote from at this time. However, each of those laws and the regulations which have been developed from those laws, specifically say that there be a planning organization designated in each metropolitan urban area to handle short range and long range planning and they specify that the continuing comprehensive, cooperative planning is mandatory before the Federal funds for planning or construction will be allowed to the jurisdiction. The projects that we're talking about in this project are what is commonly referred to as 'half percent' funds--half percent of every project is designated early in the project for planning and those half percent funds are the funds which in this instance will go to this metropolitan planning organization. There is one deviation from that and that occurs in the Airport and Airway Development Act, where a portion of the funds are given to the airport administrator as opposed to this metropolitan planning organization."

Senator Henderson then asked if Section 112 of the Federal-Aid

Highway Act of 1973 is the section that provides the funds for the planning of Federal aid highways.

Senator O'Connor answered: "That section provides the original planning funds--not all planning funds, because they have other funds that come later when actual construction begins."

Senator Henderson then called attention to Senate Bill No. 1214, Section 8 and asked if the provisions stated therein meant that the Oahu planning council has complete control of the highway planning funds.

Senator O'Connor replied as follows: "That is correct and that is what Section 112 says. It mandates that such an organization be formed to receive these funds. The funds will not be distributed to any other place, and this organization is mandated to exist to receive the funds and to use them."

Senator Henderson then stated: "So you're having an Oahu-controlled council receive the planning funds for the State highway system?"

Senator O'Connor replied that it was only where it pertains to Oahu.

Senator Henderson then said: "I think that Section 8 says that they are to unconditionally receive and administer the transportation planning funds."

Senator O'Connor then replied: "If you read the entire provision together, it states that the metropolitan planning organization for the island of Oahu unconditionally receives and administers and obviously the funds that are with unconditional are those that would be given to it by the Federal government and those funds are only for Oahu."

Senator Henderson added: "But they're all funds out of Section 112."

Senator O'Connor then said: "Section 112, Mr. President, refers specifically to this kind of urban planning situation. It refers specifically to establishing this kind of an organization and it mandates that these funds be distributed to the organization. It has nothing to do with non-urban areas and you don't have an urban area anywhere else in the State. When Mr. Edward Muse, Chairman of the Intermodal Transportation Planning Committee for the San Francisco area was here, he informed us that

Oahu is the only area in this State which is required to have a metropolitan planning organization."

Senator Yee then asked if Senator O'Connor would yield to a question, and Senator O'Connor replied that he would.

Senator Yee asked whether or not any questions and considerations as to make-up of the Committee were made that they should all be legislators.

Senator O'Connor replied that there is no mandate in this area but that Mr. Ed Muse indicated that most municipal areas are using elected officials in this capacity and Mr. Muse added that by using elected officials, you get a better job done.

Senator Yee then rose to speak against the bill as follows:

"Mr. President, I just can't buy the concept of legislators and Council people serving in an administrative capacity. I feel that we have a primary obligation of developing a program for the entire State and in the area of transportation, airports, harbors and waterways, we have a centralized system as we have in education.

I can't help but feel that when the Federal people talk about a metropolitan area, they are talking about a system of government that is slightly different from ours because we are a lot more centralized and they are de-centralized. They have in New York, San Francisco and Los Angeles, a particular metropolitan area where the City or the State has no particular jurisdiction in that area. Here in Hawaii, we are inter-meshed between City and State organizations.

I can't help but see again legislators, councilmen with fifteen areas of responsibilities assigned to them to be working day and night to develop a very comprehensive short term and long term program. They won't have time for legislation. They will be too busy in this particular area.

Furthermore, it is again to me a duplication--a creation of another governmental body. We have the Department of Transportation, we have the City areas, we have airports, waterways--all these various departments and divisions operating in these areas and to place another body, a legislative body, purely for the purpose of funding the matter just doesn't ring with me as the proper way of doing it.

I can appreciate the concern of the Chairman of the Committee in the areas of funding because we don't like to lose any Federal funds that we possibly can, but certainly I don't think that violating our constitutional separation of powers between policy-making and Executive Department is good enough to overcome these objections that I have.

Also, I find a little bit onerous is that five members of the Council will be dominating this Board and yet the State is given the authority and the control of the harbors, waterways and overall planning. Now what is going to happen is that the Council will be dictating these policies rather than the State Administration.

These are a few objections that I have and I feel that I will have to vote against the bill."

Senator O'Connor then rose to speak in favor of the bill as follows:

"Mr. President, we are presently de-certified by the Federal government to receive planning and construction funds for new Federally-funded projects. We were de-certified as of February 28th. The reason is because various administrations in this State couldn't get together to establish a metropolitan planning organization and put together a short range transportation plan for Oahu. This bill seeks to take care of that.

I appreciate some of the concerns raised by the distinguished Minority Leader a minute ago; however, I will point out that harbors and airports are excluded from the jurisdiction of this metropolitan planning organization by the terms of the bill and the bill requires that the Department of Transportation of the State submit to this organization plans for the harbors or the airports so that they can be included in the overall planning. They will not have jurisdiction of those areas which are purely the State's problems.

I would urge all to vote for this bill so that we can get off the dime in this area of transportation planning."

Senator Rohlfing spoke for the passage of the bill as follows:

"Mr. President, I rise to speak in favor of this measure and in so doing do not necessarily quarrel with my colleague from the Sixth Senatorial District with respect

to possibly the methodology of setting up of the actual commission itself. However, I think that it is long overdue that we get a means and a process going to meet the transportation problems of the Island of Oahu.

For too long we have been stymied by the head-on combat that goes on between the State transportation people and the City transportation people or which has until very recently handicapped and tied up the solution to these problems. We have for about five or six sessions introduced various forms of what is being considered here today in an attempt to give the island of Oahu, which is just one jurisdiction, a county government over one island, a greater amount of control and home rule over the problems of transportation.

This bill recognizes the role of the State--State funding, the inter-relationship between the Oahu transportation planning process and its interface statewide and for that matter interstate to other States.

The law specifically does provide that the planning funds must be as Senator O'Connor has pointed out, sent down through a metropolitan agency. I think that it is desirable that this bill pass and that we get on with the show so that we don't continually have postponement; traffic jams; reluctance to commit ourselves to the kind of mass transportation facilities that are long overdue for the island of Oahu.

It is partially academic obviously because I don't think there is a member here, and certainly there isn't over in the City, who is able to fund the kind of projects we need without Federal dollars, and unless we comply, we are only fooling ourselves and we are being irresponsible in taking any other position.

Mr. President, I think it is urgent that we pass this bill and get the show on the road."

Senator King then rose to state that it is her wish that when this Council begins functioning, they will have the wisdom to delete the H-3 Highway from its plans.

Senator Kuroda then rose to speak for the measure as follows:

"Mr. President, I rise to speak in favor of this bill. I'll leave it to my learned colleagues to argue the intricacies of the bill. I would like to speak with regards to one

portion of the bill and that is the matter of legislators involving themselves in activities that the Administration handles.

It is about time that the legislators devote time rather than session period to these very activities that affect the flow of business in our State.

During the session I have observed legislators express their frustration over the quarreling agencies of the Administration. Let's not just talk, let's do something. This is not meddling; this is involvement.

Thank you."

Senator Anderson then spoke against the measure as follows:

"Mr. President, I have listened to discussions both pro and con and they have been very responsible. There is a problem and the Chairman of the Committee has attempted to resolve it.

I can't help but feel that everybody is somewhat critical of the administrations of the State and the County. They have evidently been in violation of getting together and solving our problems so now in rushes the legislators to serve the two administrations. I guess we could be establishing a precedent. Everytime they quarrel, we can go in and solve the problems. I think the Governor really hasn't been in office long enough to demonstrate leadership in this area. I think that he is willing to face up to his responsibility.

I have listened to the Mayor in Committee. I believe from what I have heard that he is willing to put bygones aside temporarily and to take the initiative to work cooperatively with the State to solve this or temporarily, as my leader says. But this is really where the responsibility lies--in the administrations.

That is their responsibility and they're charged with it, and if they have to be judged for their lack of leadership and lack of authority, then let the people judge them.

I question the full-time nature not because of the remuneration or the compensation, but by the participation of the legislators in an area where I imagine there could be conflict down the road.

I really think that the administrations should face up to this and should

try to solve it. But if we have to go this route and we're talking about home rule, then the true home rule is to give it to the various counties themselves... a county responsibility, the Council governing and responsible for their own problems. I think I could buy that without the legislative participation. Let them come before us for grant-in-aid or for participation in dollars, like they do any other time. Let the City take care of the City's problems.

Thank you."

The motion was put by the Chair and carried, and S.B. No. 1215, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO ESTABLISHMENT OF AN OAHU METROPOLITAN PLANNING ORGANIZATION AND POLICY COMMITTEE", having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Kawasaki).

Senate Bill No. 1214, S.D. 1:

Senator O'Connor moved that S.B. No. 1214, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Ching.

Senator Leopold then rose to speak for the bill as follows:

"The functions of the existing

Interdepartmental Transportation Control Commission, which this Body acted to abolish tonight by passing Senate Bill No. 864, has been plugged in to Section 9 of the bill before us, Senate Bill No. 1214, S.D. 1. It is no secret that the Interdepartmental Transportation Control Commission shirked its responsibility and failed to fulfill the Legislature's statutory mandate to provide the means to limit the number and size of automobiles and other transportation units in the State. The committee report to Senate Bill No. 864 states that the Legislature will seek other means to address this critical question, and Section 9 of the bill before us represents that means.

But does it? Does it represent an equal commitment to limit the number and size of automobiles in this state as that contained in the existing statute which this Body acted to repeal this evening? The last sentence in the existing statute states that the Legislature on the basis of the annual report submitted to it by the Control Commission shall submit to the Governor a bill to limit the number and size of transportation units of any kind on any island in the State for the next fiscal year.

This language has not been included in Section 9 in the bill before us, and its omission represents a lessening of the commitment presently contained in Chapter 279 to limit the size and number of automobiles in this State. The Interdepartmental Transportation Control Commission was a bamboo governmental agency; it had an attractive appearance on the outside, but it was hollow on the inside--a true, gutless wonder. Nothing in Section 9 of the bill before us offers any reason to believe that the envisioned Statewide Transportation Council will do any better, that it will act to curb the single, largest factor that is crowding and poisoning our environment--the automobile."

Senator O'Connor then commented as follows:

"Mr. President, I hate to take issue with the previous speaker but the Interdepartmental Transportation Control Commission created by this Body some three or four years ago simply provided it with a constitutional crutch to proceed from that point in attempting to limit the number of automobiles and other vehicles in the State. It did not do its job because it tried to do what the previous speaker insisted; namely, provide

a means instead of simply providing an answer.

The only thing this Body needs is an answer. How many vehicles can this State subsist with? And, that is exactly what we are asking of this new organization that we are creating. Hopefully, somebody will be able to give us that answer so we can proceed from there. Constitutionally, it's impossible to do so unless that answer is provided. Therefore, I would urge all to vote for this bill."

The motion was put by the Chair and carried, and S.B. No. 1214, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO ESTABLISHMENT OF A STATEWIDE TRANSPORTATION COUNCIL AND A STATEWIDE TRANSPORTATION PLANNING PROGRAM", having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Kawasaki).

Senate Bill No. 537:

On motion by Senator King, seconded by Senator Hulten and carried, S.B. No. 537, entitled: "A BILL FOR AN ACT RELATING TO STATE PARKS AND RECREATION AREAS", having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Kawasaki).

Senate Bill No. 1621:

On motion by Senator King, seconded by Senator Hulten and carried, S.B. No. 1621, entitled: "A BILL FOR AN ACT RELATING TO BISHOP MUSEUM", having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Kawasaki).

Senate Bill No. 1662:

On motion by Senator Toyofuku, seconded by Senator Young and carried, S.B. No. 1662, entitled: "A BILL FOR AN ACT RELATING TO STATE SAFETY INSPECTION OF ELEVATORS, ESCALATORS, ETC.", having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Kawasaki).

At 6:22 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

At 8:34 o'clock p.m., the Senate reconvened, and the Chair directed the Clerk to note the presence of Senator Kawasaki.

MATTERS DEFERRED FROM
EARLIER ON THE CALENDAR

Senate Bill No. 1651, S.D. 1:

On motion by Senator Nishimura, seconded by Senator O'Connor and carried, S.B. No. 1651, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE EXPUNGEMENT OF ARREST RECORDS", having been read throughout,

passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22; Noes, 3 (Hulten, Anderson and George).

Senate Bill No. 476:

Senator King moved that S.B. No. 476, having been read throughout, pass Third Reading, seconded by Senator Hulten.

At this time, Senator King offered the following amendment to S.B. No. 476:

"Senate Bill No. 476 is hereby amended to read as follows:

'SECTION 1. Findings and intent. The legislature, pursuant to its duty to protect the public's constitutional right to sightliness and good order, finds that the aesthetic rights and cultural interests of the people must be preserved and promoted. The legislature also finds that historic objects or remains are of value to all of the people of Hawaii and that the people must be able to appreciate and enjoy such objects or remains in public displays. The intent of this Act is to affirm that all historical objects or remains found within the State are public property.

SECTION 2. Chapter 6, Hawaii Revised Statutes, is amended by adding a new section to be appropriately designated and to read as follows:

"Sec. 6- Prehistoric or historic objects. When a private landowner or lessee in the State discovers remains or objects on his property which may be of historic significance, he shall report the location of such remains or objects, without disturbing the remains or objects, to the department of land and natural resources. The private landowner shall be compensated, in accordance with section 6-12.1, for any prehistoric or historic remains or object excavated or removed from his lands by the department of land and natural resources. Any person who disturbs remains or objects of prehistoric or historic significance or removes such remains or objects from its site with the intent to convert the object to his own use or the use of others shall be guilty of a misdemeanor."

SECTION 3. Section 6-12.1, Hawaii Revised Statutes, is amended to read as follows:

"Sec. 6-12.1 Excavation and removal of prehistoric and historic remains or objects on private lands. [Before any prehistoric or historic remains are excavated or removed from private lands by the department of land and natural resources, the department or its designated investigators shall first secure the written approval of the owner of such lands. Whenever the value of the private prehistoric or historic site is diminished by the excavation or removal of prehistoric or historic remains by the department of land and natural resources, the owner of the site shall be compensated for the loss, at a monetary sum mutually agreed upon by the department and the owner or at a monetary sum set by the court.] (a) Before any prehistoric or historic remains or objects are excavated or removed from private lands by the department of land and natural resources, the department or its designated representatives may, for the purpose of examining the remains or object, enter upon the land and make investigations. The entry shall not constitute a cause of action in favor of the owner of the land, except for damages resulting from wilful acts of negligence on the part of the department or its designated representatives.

(b) Removal of any prehistoric or historic remains or objects from private lands shall be made in the presence of the owner as witness. Whenever any prehistoric or historic remains or object is excavated or removed from private lands by the department of land and natural resources or its designated representatives the owner of such lands shall be compensated for the loss of such remains or object at a sum mutually agreed upon by the department and the owner, or if no agreement is reached, the amount of compensation shall be determined by trial in the circuit court having jurisdiction and measured by the fair market value of such remains, assessed as of the date of its removal by the department or its designated representatives, and established by the testimony of experts qualified in the appraisal of such remains or objects."

SECTION 4. Statutory material to be repealed is bracketed. New material is underscored. In printing this Act, the revisor of statutes need not include the brackets, the bracketed material, or the underscoring.

SECTION 5. This Act shall take effect upon its approval.' "

Senator King moved that the amendment be adopted, seconded by Senator Hulten.

Senator King then commented as follows:

"Mr. President, what the amendment does is to strike from the bill the originally proposed Section 6 which reads that all prehistoric or historic remains or objects wheresoever located within this State shall be the property of the State. We've taken that out so that the remaining bill now provides that any private landowner who discovers a historic object or remains on his property shall report it to the Department of Land and Natural Resources. The D.L.N.R. may go in and examine it; and if the D.L.N.R. decides to acquire it, then the owner shall be compensated."

Senator Yee asked whether the Committee Chairman would yield to several questions, to which Senator King replied in the affirmative.

Senator Yee then queried:

"One of the problems in the bill originally was that artifacts or matters of historical nature could be personally owned by the individual. Say, a family heirloom, for instance. Does it mean now that the State can still come in and condemn it and take it away from the family?"

Senator King replied in the negative.

Senator Yee then rose and questioned further:

"The next question is in regards to the Hawaiian families who have artifacts which have never been removed from their property, and which are still in the ground. Can someone from the State say that this is something of historical significance and again take it away from the family?"

Senator King replied as follows:

"The bill reads now that the owner of such remains would have to report it to the Department of Land and Natural Resources, and that the Department might then come in and examine it."

Senator Yee questioned further:

"Then by what you say, when a family has something of great significance to them, and yet it has historical significance, the family then is obligated to report this to the Department of Land and Natural Resources? And then the State has a right to come in and condemn it and take it away from this family?"

Senator King reiterated that the D.L.N.R. would be able to come in and examine the articles of historical significance; and if it is decided that the State should acquire it, then the family would be compensated. And if the family were not satisfied with the compensation, then the family would have access to the courts.

Senator Yee then rose to speak against the bill and the amendment as follows:

"Mr. President, I rise to speak against the bill and amendment. I speak against the amendment because there are times in our family history when there are certain things that we would like to keep within the family. There is no way that one can determine sentiment in this world; and I don't feel that the State should have the right to condemn something even with compensation."

Senator Yee further stated that he believed that it would be drastically wrong for the State to be able to take away from the family something which might be two or three hundred years old and then say, "this is just compensation."

Senator King rose and stated as follows:

"Mr. President, the bill provides that such be done in accordance with Section 6-12.1, which I would like to read if I may."

At 8:40 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

At 8:41 o'clock p.m., the Senate reconvened.

Senator King then stated:

"Mr. President, the basic intent of the bill is so that no private landowner can knowingly destroy such historic remains within the State. Right now, there is no requirement in the law that anyone report any such historic remains that may be found on his property. What the bill does do is provide that a person be required to report; and I think that it is essential to the future of this State that our historical remains and objects not be destroyed without the people of this State being notified.

If the State does decided to acquire an item, then the property owner is adequately compensated; or if the property owner feels that he or she is not being adequately compensated, he or she can go to court."

At this time, Senator Anderson rose to speak in favor of the bill:

"Mr. President, I find myself in complete agreement with my colleague from the Sixth Senatorial District. I rise to speak in favor of the bill.

I think the bill is one of importance. I share the concerns of the Senator on my right. I really don't believe the Department of Land and Natural Resources would come in and unfairly confiscate or take away someone's property or family belongings that were a memory of two or three hundred years. I think that too many of the artifacts and the old objects of Hawaii left the State.

I don't think that the Department of Land and Natural Resources has a fantastic budget to go around buying everything in sight. Therefore, I think there will be an awful lot of caution and conservatism. I think the cataloging would be a good effort, and I think the bill should pass."

The motion to adopt the amendment was put by the Chair and carried, and in accordance with Article III, Section 16, of the Constitution of the State of Hawaii, the 24-hour notice was given on S.B. No. 476, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO HISTORICAL OBJECTS".

RECONSIDERATION OF ACTION TAKEN

Senator R. Wong moved that the Senate reconsider its action on Stand. Com. Rep. No. 569 and S.B. No. 1645, seconded by Senator Yamasaki and carried.

At this time, Senator R. Wong offered the following amendment to S.B. No. 1645:

"Senate Bill No. 1645 is hereby amended to read as follows:

'SECTION 1. There are hereby appropriated or authorized, as the case may be, the sum of \$8,781,874 in general fund and \$197,863 in federal funds for the fiscal year 1975-1976 and the sum of \$20,120,241 in general fund and \$520,273 in federal funds for the fiscal year 1976-1977 to the Department of Budget and Finance, Budget Planning and Management Division, BUF 101, to fund all collective bargaining cost items in the contracts negotiated with the exclusive bargaining representatives of bargaining units 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 and 13 and salary increases and other adjustments for teachers and other employees excluded from said bargaining units 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 and 13.

SECTION 2. The funds appropriated or authorized by the Act shall be allotted by the Director of Finance to the Department of Education for the purposes of this Act. Increases for teachers and employees for whom salary increases are provided by this Act and whose compensation is paid, in whole or in part, from federal funds shall be paid from the respective federal funds.

SECTION 3. Any provisions of law to the contrary notwithstanding, the Governor is authorized to utilize the sums appropriated or authorized by this Act for salary increases for teachers and other employees excluded from collective bargaining under Chapter 89, Hawaii Revised Statutes, provided that said increases shall not exceed and shall not take effect earlier than increases for comparable members of bargaining unit 5.

SECTION 4. Funds appropriated or authorized under provisions of this Act that have not been expended or encumbered by June 30, 1976 for FY 1975-76 fund authorization, and have not been expended as or encumbered by June 30, 1977 for FY 1976-77 fund authorization, shall lapse as of the dates indicated.

SECTION 5. This Act shall take effect on July 1, 1975.' "

Senator R. Wong moved that the amendment be adopted, seconded by Senator Yamasaki.

Senator Kawasaki then rose to speak against the amendment as follows:

"Mr. President, my concern for the fiscal condition of our State prompts me, notwithstanding the fact that I have a lot of friends, a lot of campaign supporters, in these organizations affected by this bill, to speak against the amendment.

I cannot in good conscience in my concern for the future of this State, vote for this amendment as well as the amended version that comes up for vote tomorrow. Just to be consistent, I want to record a No vote."

At this time, Senator Anderson rose on a point of information of the Chairman of the Committee on Ways and Means and asked whether he would yield to a question, to which Senator R. Wong replied in the affirmative.

Senator Anderson then questioned:

"Reconsideration of this bill and the amendment, I understand, includes the units that have come through the collective bargaining process and have completed their negotiations and been accepted by the Governor thus far. Is that correct?"

Senator R. Wong replied in the affirmative.

Senator Anderson questioned further:

"Is there any chance at all, I would just like to have it stated for the record, that if we should get the University of Hawaii's budget negotiated contract when this bill is in conference that it can be included?"

Senator R. Wong replied: "That is correct, Senator."

The President then stated for the record that he did receive a message from the Governor concerning this matter.

At 8:44 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

At 8:49 o'clock p.m., the Senate reconvened.

The motion to adopt the amendment was put by the Chair, and Roll Call vote having been requested, the motion carried on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Kawasaki).

On motion by Senator R. Wong, seconded by Senator Yamasaki and carried, Stand. Com. Rep. No. 569 was received and placed on file and S.B. No. 1645, S.D. 1, entitled: "A BILL FOR AN ACT MAKING APPROPRIATIONS FOR SALARIES AND OTHER ADJUSTMENTS, INCLUDING COST ITEMS OF COLLECTIVE BARGAINING AGREEMENTS COVERING PUBLIC EMPLOYEES AND OFFICERS", passed Second Reading and was placed on the calendar for Third Reading on Thursday, March 13, 1975.

In accordance with Article III, Section 16, of the Constitution of the State of Hawaii, the 24-hour notice was given on S.B. No. 1645, S.D. 1.

RECONSIDERATION OF ACTION TAKEN

Senator Toyofuku moved that the Senate reconsider its action on Stand. Com. Rep. No. 567 and S.B. No. 115, S.D. 1, seconded by Senator Young and carried.

At this time, Senator Toyofuku offered the following amendment to S.B. No. 115, S.D. 1:

"Senate Bill No. 115, S.D. 1, is hereby amended to read as follows:

'SECTION 1. Section 89-6(c), Hawaii Revised Statutes, is hereby amended to read as follows:

"(b) For the purpose of negotiations, the public employer of an appropriate bargaining unit shall mean the governor or his designated representatives of not less than three together with not more than two members of the board of education in the case of units (5) and (6), the governor or his designated representatives of not less than three together with not more than two members of the board of regents of the university of Hawaii in the case of units (7) and (8), and the governor or his designated representatives together with the mayors of all the counties or their designated representatives in the case of the remaining units. The designated employer representatives for units 5, 6, 7, and 8 shall each have one vote and in the case of the remaining units, the governor shall be entitled to four votes and the mayor of each county shall each have one vote, which may be assigned to their designated representatives. Any decision to be reached by the applicable employer group shall

be on the basis of simple majority."

'SECTION 2. Section 89-10, Hawaii Revised Statutes is amended by amending subsection (c) to read as follows:

"(c) Because effective and orderly operations of government is essential to the public, it is declared to be in the public interest that in the course of collective bargaining, the public employer and [the] each exclusive representative shall [make every reasonable effort to conclude negotiations and] include provisions for [an effective date, a reopening date, and] an expiration date [at a time to] which will coincide [, as nearly as possible, with the period during which the appropriate legislative bodies may act on the operating budget of the employers.] with an expiration date of June 30, 1977 for all public sector collective bargaining agreements. Any subsequent expiration dates shall be on June 30th of odd numbered years, to be determined jointly by all exclusive representatives and public employers.

The parties may include provisions for a reopening date during the term of the collective bargaining agreement, provided that if such provisions allow for the reopening of an item relating to the total collective bargaining cost, the negotiations shall again be conducted jointly at the beginning of the even numbered fiscal year.

SECTION 3. Statutory material to be repealed is bracketed. New statutory material is underscored. In printing this Act, the revisor of statutes need not include the underscoring.

SECTION 4. This Act shall take effect upon its approval.' "

On motion by Senator Toyofuku, seconded by Senator Young and carried, the amendment to S.B. No. 115, S.D. 1, was adopted.

On motion by Senator R. Wong, seconded by Senator Young and carried, Stand. Com. Rep. No. 567 was received and placed on file and S.B. No. 115, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO COLLECTIVE BARGAINING", passed Second Reading and was placed on the calendar for Third Reading on Thursday, March 13, 1975.

In accordance with Article III, Section 16, of the Constitution of

the State of Hawaii, the 24-hour notice was given on S.B. No. 115, S.D. 2.

Senator Anderson then rose and commented on Standing Committee Report No. 620 as follows:

"Mr. President, I would like to comment on Standing Committee Report No. 620. Just for the record, we have been attempting to work in Committee and with the Chairman to come up with a package. As yet, as I stand here tonight, we haven't seen some of the dollar figures tied up with this package. And I don't want to go too far down the road and find that there's a feeling that we have broken away or broken faith.

We really want to understand the package. We want to support it if it is feasible and practical and economical. But as this bill gets ready to go into position, there are still some dollar figures missing; and I ask again publicly for the record to receive them."

Senator Rohlffing then rose and spoke as follows:

"Mr. President, with respect to Standing Committee Report No. 620 on Senate Bill No. 846, S.D. 1, I have an amendment to offer, and I want to make it clear that it is the amendment which is a very short one on blue attached to a white S.B. No. 846, S.D. 1. An earlier amendment which was typed out in great length on blue is not the amendment which I am offering at this time."

Senator Rohlffing then offered the following amendment to S.B. No. 846, S.D. 1:

"Senate Bill No. 846, S.D. 1, is amended to read as follows:

'SECTION 1. Section 89-9, Hawaii Revised Statutes, is amended by amending subsection (d) to read as follows:

"(d) Excluded from the subjects of negotiations are [matters of classification and reclassification,] retirement benefits and benefits under the Public Employees Health Fund, except if negotiated on an all-unit statewide basis. [the salary ranges and the number of incremental and longevity steps now provided by law, provided that the amount of wages to be paid in each range and step and the length of service necessary for the incremental and longevity steps shall be negotiable. The employer and the exclusive representative shall not agree to any proposal which would be inconsistent with merit principles or the principle of equal pay for equal work pursuant to sections 76-1, 76-2, 77-31 and 77-33[,] or which would interfere with] The employer may, in its discretion, agree on conditions of employment which may modify the rights of a public employer to (1) direct employees; (2) determine qualification, standards for work, the nature and contents of examinations, hire, promote, transfer, assign, and retain employees in positions and suspend, demote, discharge, or take other disciplinary action against employees for proper cause; (3) relieve an employee from duties because of lack of work or other legitimate reason; (4) maintain efficiency of government operations; (5) determine methods, means, and personnel by which the employer's operations are to be conducted; and take such actions as may be necessary to carry out the missions of the employer in cases of emergencies."

SECTION 2. Section 89-12, Hawaii Revised Statutes, is amended by amending subsection (a) to read as follows:

"(a) Participation in a strike shall be unlawful for any employee who (a) is not included in an appropriate bargaining unit for which an exclusive representative has been certified by the board, [or] (2) is included in an appropriate bargaining unit for which process for resolution of a dispute is by referral to final and binding arbitration[.] or (3) is a member of either unit 11 or 12 as provided in section 89-6(2); provided, however that upon reaching an impasse, upon the request of the employee organization representing employees in either of such units the public employer shall proceed

to binding arbitration in the manner provided in Section 89-11 (b) (3); and provided further that this limitation on the right to strike for units 11 and 12 shall not apply to a dispute over any subject which requires all-unit statewide negotiation as provided in Section 89-9 (d)."

SECTION 3. Statutory material to be repealed is bracketed. New material is underscored. In printing this Act, the revisor of statutes need not include the brackets, the bracketed material or the underscoring.

SECTION 4. This Act shall take effect on July 1, 1976.' "

Senator Rohlfig moved that the amendment be adopted, seconded by Senator Henderson.

At this time, Senator Rohlfig spoke in favor of the amendment as follows:

"I would like to explain the amendment to this Body. The amendment of this bill is an attempt to recognize the fact that we enacted several years ago the Collective Bargaining Act in name but not in substance. We excluded in the law a great number of things which are the subjects normally of bargaining, at least in the private sector where collective bargaining grew up.

We, in fact, enacted a statute which said, 'Here are the various plans and conditions of employment in the statute--sick leave, retirement benefits, funeral leave, whatever it might be.' The civil service system has grown over the years to be a set of voluminous rules, classifications, and almost a dictionary and encyclopedia on itself. And on top of this, we imposed a collective bargaining law and we said, 'Okay, we are going to have you people, you employees, represented by your organizations if you so choose to negotiate with the State.' And in spite of all those things--the protection and benefits--that we put down on the law, individuals came back to us. Individuals in the unions can come back to us. An individual government employee can come back to us and ask that those benefits be increased. In the meantime, the area that is being negotiated, and that which is left to be negotiated, is salary, dollars.

In that law, we also excluded any negotiation on matters affecting how the employees function. The entire range of management rights was set forth in the law, and we

built a wall. We said, 'Our negotiators are behind this wall. They don't have to talk about how these people work, where they go, whether they are promoted, whether they are assigned, whether they are transferred--whatever it may be.' So we built a Rube-Goldberg machine. I remember one once that was in Harry Lyons' cartoon depicting the Legislature. It showed all the bills going in on one end with cranks and meters and everything else, and out came a peanut from the other side. It got through all the whirly gates and gears and everything else.

So, I fear that what we have is another Rube-Goldberg machine. And we wonder why it isn't working, and why we are tinkering with a gear here and playing with longevity increments on one side and various other bills on the other that we are fooling with this time.

Mr. President, I think that it is time that we faced up to doing one of two things. First, we either go back to the old system where we had the Legislature determine all of these various benefits; where we have the Legislature determine the pay increases, the rates, the classifications, etc., mostly all of the things which are on the statute books still today. Or the other choice, I think we have, is to allow collective bargaining to work in the sense that the financial responsibility falls not only on an Administration and us to pay for it, but upon the representatives of the public employees to the extent that they can talk about all of the items which affect their employees. They have many diverse types of units. They have different interests. There are younger people in some areas than in others, and they all have different interests. The older ones are looking for the benefits at the end of the line. The younger ones may be looking for more money.

But this is something that you believe in in collective bargaining, without strapping someone to the table and holding his arms behind him and saying, 'You give him this, but you don't give him that.' We have had countless instances of what has happened in the management rights area--the teachers, in particular, and the real reason for the strike a year or so ago.

So, this particular amendment provides, removes the restrictions in a number of areas that we have presently provided as an exclusion under

the Collective Bargaining Act. It does provide that retirement benefits and health plans, the public employees health fund, be items which will remain in the statute except if they are negotiated on an all-unit basis. In other words, all thirteen collective bargaining units if they decided that they would negotiate and could come to an agreement to change those two items, could do so.

The philosophy there is similar to what I have stated except with one exception; and that is that these are benefits which are determined by the contributions that are run by trustees. They are calculated. They are managed with the concept that all employees would be involved to work for the State. And, this isn't necessarily true of increments. It isn't necessarily true of classifications because there are varying bargaining units all the way from policemen to professional, scientific employees and so forth, as you all know.

We have made somewhat of a trade-off in this amendment; and so in opening the bargaining, we have closed one area of great concern to the public. That is found in Section 2 where we have said that the members of our two major public protection agencies--the police and our firemen--would not be permitted to strike. However, we also said in this amendment that upon the request of either of those organizations having reached an impasse under the law, that they would proceed; and the public employer of the State would be required to go to binding arbitration on the issues that were undetermined at that time by the negotiation.

We have made one further exception. We have said, to be consistent with our position on health fund and retirement benefits which is in the first part of the amendment, that if those are items which are unresolved, the policemen and the firemen may also, like all the other employees, exercise their rights to withhold their services.

Mr. President, I think that it is time that we dealt with the subject of collective bargaining as adults. I have been told that this amendment will not pass; that the Administration may be afraid of it. And I say, that in my experience I have done some of this myself. It is when you can deal with all of the subjects at hand that you will get a rational and reasonable performance. You play games if you don't level and if you hide part of the gravy behind,

etc., in the sense to block it out of negotiation. Then, you are only kidding yourself.

We are quite aware of the strength of the unions in this State. I think that those unions, if given an opportunity to exercise responsibility on a broader basis, will be more responsible. I think that our Administration, if they can't hide behind the walls--phony walls--will have to be more responsible. And, I think that under those conditions, we will have a sensible system. If not, we are going to play machinery supervisor to this tinkering, fluttering, sputtering Rube-Goldberg machine. And who will suffer the most, Mr. President, but the taxpayer of this State."

Senator Toyofuku then rose and spoke against the amendment as follows:

"Mr. President, I rise to speak against the amendment. Classification would become negotiable under this proposed amendment; and there is no uncertainty as to its impact on the classification of positions and the salary ranges. The salary schedules would be affected; the total civil service system would be affected. And, there is much uncertainty as to the effect on the merit principles and the principle of equal pay for equal work.

The second proposal that this amendment permits is to allow management rights to become negotiable. And again, there is much uncertainty as to the impact in the determination of the qualifications, the standards of work, the examinations, the hiring, promotions, transferring, and so forth. Much of this has been discussed by your Committee on Human Resources. We haven't been able to come out with clear-cut, defined conclusions as such.

This amendment would also permit the Health Fund to be taken out of negotiations. It will take it out of the collective bargaining process unless it's negotiated on an all-unit statewide basis. We have tried this, Mr. President. Management and union have been able to sit down and see whether or not they could negotiate this particular item; but they have failed.

We also have a separate bill, Mr. President, on our agenda which does provide that the Health Fund be taken out of the collective bargaining process. This bill is on deck for

tomorrow. There is also a provision here which would provide a limitation on the right to strike to police and firemen. There is much uncertainty as to whether or not this should be confined merely to police and firemen, and the total question of the impact on the collective bargaining process is in jeopardy.

Mr. President, your Committee on Human Resources has requested that an interim committee be assigned to work during the interim to look at the total problem of collective bargaining to see whether or not we can smooth out the processes of collective bargaining. And I believe, Mr. President, that I have spoken to you about it about a month ago, and that you have given me the green light to proceed with the interim work in this subject area. Before then, I would like to encourage your Committee to make its firm recommendation to the next session of the Legislature in 1976. I would like to encourage all members of this Senate to vote down the amendment."

The motion to adopt the amendment was put by the Chair, and Roll Call vote having been requested, the motion failed to carry on the following showing of Ayes and Noes:

Ayes, 7. Noes, 18, (Ching, Chong, Hara, Hulten, Kawasaki, King, Kuroda, Nishimura, Rohlfing, Taira, Takitani, Toyofuku, F. Wong, R. Wong, Yamasaki, Yim, Young and Ushijima).

MATTERS DEFERRED FROM EARLIER ON THE CALENDAR

Senate Bill No. 1458:

Senator R. Wong moved that S.B. No. 1458, having been read throughout, pass Third Reading, seconded by Senator Yamasaki.

Senator Anderson then rose and stated as follows:

"Mr. President, I have a point of information, and I don't really know who to direct it to.

We have been trying to locate the State Ferry System that this applies to. There are a lot of words on the statute books. They are all funded under revenue bonds. There have been no major hearings or any hearings on the ferry as to feasibility or as to whether or not we should continue pursuing this again. And we are a little bit interested where this ship is going all of a sudden."

Senator R. Wong then responded as follows:

"Mr. President, I would like to respond to the Minority Floor Leader.

Yes, in fact, Mr. President, we do have such a listing in the statutes at the present time. However, Mr. President, the purpose of this bill is to allow general obligation bonds to be sold, rather than just general revenue bonds. That's the only difference in this particular measure."

Senator Anderson then rose to speak against the bill as follows:

"If I may then, I rise to speak against this measure.

If my memory serves me right, this was a heated controversy some years back. I think we must have spent a half million dollars in studies, and I think I am being conservative. I believe that we went to the bond market three times in New York trying to sell revenue bonds to float this boat, and it never got off the ground.

Our interpretation of this is if this were to pass at any time--I guess the Governor saw fit to sell bonds to initiate the ferry--it could get off the ground. I may be wrong and if my learned colleague from the seventh wants to correct me, I stand corrected. However, I hesitate to send a carte blanche credit card upstairs; and if the Administration decides to move in the interim on a ferry system, I am obligated to it.

I wish someone would clarify this a little bit more in detail then somewhat of a blank check."

Senator R. Wong then responded as follows:

"Mr. President, again, it will not restrict just the sale of these bonds to just what is stated in the chapters as the Hawaii Ferry System. Any company can be eligible for the bonds, and they can so request."

Senator Yee rose and stated as follows:

"Mr. President, based upon the information received and varying a little on the past history of this particular measure, I have great trepidation of approving this particular bill because you could have private persons, private industry getting involved in a ferry system. And if they find that it becomes economically unfeasible, they may later come running to the State for assistance without any substantial fact except that perhaps they are losing money, they've made a bad investment. And now you, the great grand-daddy of Hawaii, bail me out. And I think this is great irresponsibility on our part.

I believe in neighbor island development. I believe in using as much surface and air transportation to ship goods, passengers and cars

between the islands. But I think we would be abandoning our fiscal responsibility to permit such a bill like this to pass.

I just can't understand how anyone of you would support a carte blanche, free, wide-open check to the Governor upstairs."

At 9:29 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

At 9:42 o'clock p.m., the Senate reconvened.

The motion was put by the Chair and carried, and S.B. No. 1458, entitled: "A BILL FOR AN ACT RELATING TO CHAPTER 268, HAWAII REVISED STATUTES", having been read throughout, passed Third Reading on the following of Ayes and Noes:

Ayes, 16. Noes, 8 (Anderson, George, Henderson, King, Leopold, Rohlfing, Saiki and Yee). Excused, 1 (Hulten).

Standing Committee Report No. 594 (S.B. No. 183, S.D. 1):

By unanimous consent, referral of S.B. No. 183, S.D. 1, to the Committee on Ways and Means was waived.

On motion by Senator Nishimura, seconded by Senator O'Connor and carried, Stand. Com. Rep. No. 594 was received and placed on file and S.B. No. 183, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO UPWARD BOUND PROGRAMS", passed Second Reading and was placed on the calendar for Third Reading on Thursday, March 13, 1975.

In accordance with Article III, Section 16, of the Constitution of the State of Hawaii, the 24-hour notice was given on S.B. No. 183, S.D. 1.

Standing Committee Report No. 608 (S.B. No. 22, S.D. 2):

On motion by Senator R. Wong, seconded by Senator Yamasaki and carried, Stand. Com. Rep. No. 608 and S.B. No. 22, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO RESIDENTIAL LEASEHOLDS", were recommitted to the Committee on Ways and Means.

Standing Committee Report No. 627 (S.B. No. 162, S.D. 2):

By unanimous consent, referral of S.B. No. 162, S.D. 2, to the Committee on Ways and Means was waived.

On motion by Senator Nishimura, seconded by Senator O'Connor and carried, Stand. Com. Rep. No. 627 was received and placed on file and S.B. No. 162, S.D. 2, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR A GRANT-IN-AID FOR THE HAWAII BOUND SCHOOL", was placed on the calendar for Third Reading on Thursday, March 13, 1975.

In accordance with Article III, Section 16, of the Constitution of

the State of Hawaii, the 24-hour notice was given on S.B. No. 162, S.D. 2.

At 9:48 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

At 9:54 o'clock p.m., the Senate reconvened.

Standing Committee Report No. 628 (S.B. No. 19, S.D. 2):

Senator Rohlfing offered the following amendment to S.B. No. 19, S.D. 2:

"Senate Bill No. 19, S.D. 2, is hereby amended to read as follows:

'SECTION 1. Findings and Purpose. Act 307 Session Laws of Hawaii, 1967, sought to provide the means by which lessees of residential property might convert their holdings to fee simple interests. The implementation of this Act, however, has been impeded for a number of reasons which can be conveniently categorized as constitutional, political, practical, and equitable. At the time the Act was written, there was, and still is, concern with the tax impact upon landowners whose property has appreciated fantastically from its original "basis" for tax purposes. There was real concern that lot sales on an individual option basis as contemplated by the original "Maryland Ground Rent Bill" would imply that these lands were being held by these owners for sale as dealers in real estate and hence gains would be taxed as ordinary income rates as contrasted with more equitable capital gains rates. One of the key factors leading to a determination as to whether a landowner is a dealer is the number of sales transactions he makes. This, then, was one of the fundamental reasons that the requirement of a bulk sale - 5 acre development tract - was written into Act 307. The special Joint Legislative Committee that traveled to Washington, D.C. to meet with Internal Revenue Service officials noted in its report (Special Committee Report No. 2) "The less sales (the landowner) makes the less likely he is to be treated as a dealer. Thus, one of the ways in which to avoid the treatment of the landowner as a dealer is to reduce the number of fee simple sales he must make". (Senate Journal 1967, Page 787). The report contains eight conclusions, the seventh of which reads in part: "Condemnation action (if this approach is taken) should be in bulk. It should not, however, be so drafted as to make the State a mere conduit or agent for the lessee in his purchase of the fee title. This is because condemnation procedure in and of itself does not mean that the landowners would be immune from treatment as dealers in real estate". (Senate Journal 1967, page 789).

The practical problems encountered by the citizens in defining the appropriate five acre development tracts and securing binding commitments from over 50% of the residents in such tracts have clearly inhibited the implementation of the Act. The Legislature, therefore, finds that in addition to other steps to make the law more effective, there is a need to improve the means by which lessees may organize themselves to meet the existing requirements of Act 307, and to otherwise ban together for mutual protection in matters pertaining to lease rent renegotiation and the like.

SECTION 2. Title 23, Hawaii Revised Statutes, is amended by adding a new chapter to be appropriately designated and to read as follows:

"CHAPTER
LESSEES' INCORPORATION ENABLING ACT

Sec. -1. Declaration of policy. Because of Hawaii's peculiar land situation in which a substantial number of residential properties are leased rather than owned in fee simple by the occupants, the legislature of this State recognizes and declares that it is of public interest to provide means to the lessees to ultimately acquire the residential properties in fee simple. The legislature also recognizes and declares that lessees who are financially unable or otherwise unwilling to purchase the fee simple interests in their leaseholds need a means of providing mutual assistance in negotiating and renegotiating leases. It is intended by this chapter to permit lessees to form nonprofit corporate associations so as to promote, foster and encourage the lessors to sell and lessees to purchase the fee interest in their residential leasehold lots whether under Act 307

Session Laws of Hawaii, 1967, or on a voluntary basis; to reduce speculation in the underlying fee simple interest in residential leases; to make any sale of such leasehold interests from the lessor to lessee and to enable lessees to negotiate and renegotiate terms and conditions of leases as efficiently as possible. All of the provisions of this chapter shall be administered with a view to carry out the above declaration of policy.

Sec. -2. Nonprofit association. Associations organized hereunder, shall be deemed "nonprofit", inasmuch as they are not organized to make profit for themselves or their members.

Sec. -3. Formation of associations. Five or more persons, who are all lessees in a particular single-family residential leasehold subdivision, may form a nonprofit cooperative association, with or without shares of stock under the provisions of this chapter.

Sec. -4. Name. The provisions of section 416-12 Hawaii Revised Statutes, shall apply to associations formed under this chapter and any association organized under this chapter may use the word "cooperative" as a part of its name, notwithstanding the provisions of section 421-5 Hawaii Revised Statutes.

Sec. -5. Powers. Each association may, upon the written authorization of ten per cent or more of the lessees in the particular leasehold subdivision;

(a) Enter into negotiations with the lessor or lessors for the purchase of all of the leasehold interest in the particular subdivision and to purchase such interest for the lessees;

(b) Enter into negotiations with the lessor or lessors on the terms and conditions contained in the leases;

(c) Enter into any financial arrangements with the lessor and any financial institution, including agencies of the State of Hawaii or the Federal Government;

(d) Act as the agent or representative of any member or members in the above mentioned activities;

(e) Buy, hold and exercise all privileges and indicia of ownership over such real or personal property as may be necessary or convenient for the above mentioned activities;

(f) Levy assessments in the manner and in the amount as may be provided in its by-laws;

(g) To sue and to be sued in its name;

(h) Do each and everything necessary, suitable or proper for the accomplishment of the purposes enumerated; or conducive to or expedient for the interest or benefit of the association; and contract accordingly; and in addition, exercise and possess all powers, rights and privileges necessary or incidental to the purposes for which the association is organized; and in addition, any other rights, powers and privileges granted by the laws of the State to ordinary corporations, except such as are inconsistent with the express provisions of this chapter.

Sec. -6. Corporation laws applicable. The general corporation laws of this State and all powers and rights thereunder, shall apply to the associations organized hereunder, except where such provisions are in conflict with or inconsistent with the express provisions of this chapter.

Sec. -7. Exemption from Corporate Securities Act. No association organized or existing under or by virtue of the terms and provisions of this chapter shall be subject in any manner to the provisions of chapter 485 Hawaii Revised Statutes, and any and all associations organized under and by virtue of the terms of this chapter may and shall issue their membership certificates or stock or other securities as provided herein without the necessity of registration under the chapter.

Sec. -8. Tax exemption. The association shall not be subject to any taxes based upon or measured by income which are now or may be hereafter levied by the State.

Sec. -9. Tax on sale. Any other law to the contrary notwithstanding, any gain realized by the lessor from the sale of the fee simple interest to the lessees of an association organized under this chapter or to the association organized under this chapter shall be construed as capital gain for the purpose of chapter 235 Hawaii Revised Statutes, as amended.

Sec. -10. Loans to the association or its members by the State Retirement System.

Any other law or laws to the contrary notwithstanding, the State Retirement System may make loans to the association or associations or to the members of such association for the purposes of this chapter.

Sec. -11. Exclusive agent of members. The association shall be the exclusive agent for its members in the negotiation for the purchase of the leasehold interest, the negotiation of the terms and conditions under their leases and any other matters authorized by its charter or by-laws and the lessor or lessors shall negotiate such matters with the association only.

Sec. -12. Voluntary dissolution. The provisions of section 416-121 Hawaii Revised Statutes, relating to the voluntary dissolution of corporations, shall apply to associations formed under this chapter except that the dissolution shall be approved at a meeting duly called and held for the purpose by not less than two-thirds of the voting power voting thereon."

SECTION 3. The Office of the Ombudsman shall render such legal assistance to groups of lessees in effectuating the purposes of this Act as it is able within current funding levels.

SECTION 4. Section 88-119, Hawaii Revised Statutes, is amended to read:

"Sec. 88-119 Investments. Investments may be made in:

(1) Real estate loans and mortgages. Obligations (as defined in section 431-286) of any of the following classes:

(A) Obligations secured by mortgages of non-profit corporations desiring to build multi-rental units (ten units or more) subject to control of the government for occupancy by families displaced as a result of government action.

(B) Obligations secured by mortgages insured by the federal housing administration.

(C) Obligations for the repayment of home loans made under the Servicemen's Readjustment Act of 1944 or under Title II of the National Housing Act.

(D) Other obligations secured by first mortgages on unencumbered improved real estate owned in fee simple, provided that the amount of the obligation shall not at the time investment is made therein exceed [75] seventy-five per cent of the value of the real estate mortgaged to secure it, except that if the obligation is for an amount of \$50,000 or less, the amount of the obligation shall not exceed [80] eighty per cent of the real estate mortgaged to secure it. Real estate shall not be deemed to be encumbered within the meaning of this subparagraph by reason of the existence of any of the restrictions, charges or claims described in section 431-293(a).

(E) Other obligations secured by first mortgages of leasehold interests in improved real estate, provided that (i) each such leasehold interest at such time shall have a current term extending at least two years beyond the stated maturity of the obligation it secures, and (ii) the amount of the obligation shall not at the time investment is made therein exceed [75] seventy-five per cent of the value of the respective leasehold interest and improvements, except that if the obligation is for an amount of \$50,000 or less, the amount of the obligation shall not exceed [80] eighty per cent of the value of the respective leasehold interest and improvements.

The board of trustees may retain such real estate (including leasehold interests therein) as it may acquire by foreclosure of mortgages or in enforcement of security, or as may be conveyed to it in satisfaction of debts previously contracted, provided that all such real estate (other than leasehold interests) shall be sold within five years after acquiring the same (subject to extensions by the governor for additional periods not exceeding five years each) and all such leasehold interests shall be sold within one year after acquiring the same (subject to extension by the governor for additional periods not exceeding one year each).

(F) Obligations for the repayment of home loans guaranteed by the department of Hawaiian home lands pursuant to section 208 of the Hawaiian Homes Commission Act, 1920.

(G) Obligations secured by second mortgages on improved real estate acquired under a development tract pursuant to chapter 516; provided that the mortgagor shall be allowed to renegotiate a new mortgage for up to forty years at the same interest rate of any existing mortgage to be canceled, or at an interest rate not to exceed per cent if a second mortgage is negotiated and there is no cancellation of any existing mortgage on the real estate.

(2) Government obligations, etc. Obligations of any of the following classes:

(A) Obligations issued or guaranteed as to principal and interest by the United States or by any state thereof, including general obligation bonds issued by the State pursuant to Section 516-45, or by the Dominion of Canada or by any province thereof, or by any municipal or political subdivision or school district of any of the foregoing, provided that principal of and interest on such obligations are payable in currency of the United States.

(B) Revenue bonds (whether or not permitted by any other provision hereof) of the State or any municipal or political subdivision thereof (including the board of water supply of the city and county of Honolulu), and street or improvement district bonds of any district or project in the State.

(C) Obligations issued or guaranteed by any federal home loan bank (including consolidated federal home loan bank obligations), the home owner's loan corporation, the federal national mortgage association, or the small business administration.

(3) Corporate obligations. Obligations of any corporation created or existing under the laws of the United States or of any state or district thereof, and qualified under any of the following:

(A) Fixed interest-bearing obligations, if the average annual net earnings of the obligor or guarantor available for its fixed charges for a period of five fiscal years next preceding the date of the investment have equalled at least one hundred [and] fifty per cent of its average annual fixed charges applicable to the period and if its net earnings for the last year of the period have equalled at least one hundred [and] fifty per cent of its fixed charges for such year.

(B) Fixed interest-bearing obligations secured by assignment of a lease or leases, or the rentals payable thereunder, of real or personal property (including, without limitation, charters of vessels) to a corporation created or existing under the laws of the United States or of any state or district thereof, provided that (i) the fixed rentals assigned shall be sufficient to repay the principal of and interest on the obligation within the unexpired term of the lease, exclusive of the term which may be provided by any option of renewal, and (ii) the net earnings of the corporation shall meet the requirements described in clause (A) above.

(C) Fixed interest-bearing obligations secured by rights or assignment of rights under a contract (including, without limitation, a contract for the sale of products, materials, supplies or other property, or for the furnishing of transportation or services) with a corporation created or existing under the laws of the United States or of any state or district thereof, provided that (i) the rights securing such obligations shall include the right to receive payments sufficient to repay the principal of and interest on the obligations within the unexpired term of the contract, and (ii) the net earnings of the corporation shall meet the requirements described in clause (A) above.

As used in this [subsection,] paragraph, the terms "fixed charges" and "net earnings available for fixed charges" shall have the meanings and application ascribed thereto in sections 431-286 and 431-287.

(4) Preferred and common stocks. Shares of preferred or common stock of any corporation created or existing under the laws of the United States or of any state or district thereof, provided that the book value of the total investment in such stocks shall at no time exceed forty per cent of the total book value of all investments of the system.

(5) Obligations eligible by law for purchase in the open market by federal reserve banks.

(6) Obligations issued or guaranteed by the International Bank for Reconstruction and Development, by the Inter-American Development Bank or by the Asian Development Bank.

(7) Obligations secured by collateral consisting of any of the securities or stock listed above and worth, at the time the investment is made, at least fifteen per cent more than the amount of the respective obligations.

(8) Other securities. Securities and stock in which in the informed opinion of the board of trustees it is prudent to invest funds of the system, whether or not the securities or stock are expressly authorized by or qualify under the foregoing paragraphs, and not withstanding any limitation of any of the foregoing subsections (including (4));

provided that the total book value of investments under this paragraph shall at no time exceed ten per cent of the total book value of all investments of the system."

SECTION 5. Section 516-44, Hawaii Revised Statutes, is amended to read:

"Sec. 516-44 Fee simple residential revolving fund. A fee simple residential revolving fund is hereby created. The funds appropriated for the purposes of this chapter and all moneys received or collected by the Hawaii housing authority under this chapter shall be deposited in the revolving fund. The proceeds in the funds shall first be used to pay the principal and interest on bonds or other indebtedness issued by the authority, or by the State, second to guarantee payment of investments made by the employees retirement system of the State under section 88-119 (1) (G), and then for necessary expenses of the authority in administering this part."

SECTION 6. Chapter 519, Hawaii Revised Statutes, is amended by adding a new section to be appropriately designated and to read:

"Sec. 519- Residential leases. (a) All leases for residential land, as defined by section 516-1(6), existing on the effective date of this Act or entered into thereafter, which provide for reopening of the contract for renegotiation of lease rent terms shall in the case of leases after the effective date of this Act provide the following, or in the case of leases existing on the effective date, shall be construed in conformity with the following:

(1) That such renegotiations shall not be scheduled more frequently than once every ten years, provided the first of such reopenings shall not be scheduled prior to the tenth year following the initial date of the lease; and

(2) That the maximum lease rent negotiable, at any time, shall not exceed the then current maximum rate of interest paid on insured passbook demand savings accounts in the State multiplied by the raw land value; provided that the amount of the annual increase or decrease may not exceed the immediately prior existing annual lease rent by more than five per cent for each year the prior lease rent was in effect.

(b) In the event the parties to a lease are unable to achieve an agreement under any reopening provision, the parties shall then arbitrate to resolution under chapter 658, supplemented by any covenants in the lease conforming to this section and to chapter 658.

(c) For the purposes of this section, raw land value^f means the current fair market value of the land, valued as if the fee title were unencumbered and the land were undeveloped, plus the unpaid balance owing to the lessor by lessees as reimbursement for the actual offsite and onsite improvement costs paid for by the lessor.

(d) In the case of any lease of residential land where the rental has been renegotiated since June 24, 1967, the rental as of the effective date of this Act shall not be greater than that prescribed under subsection (a) (2). Any rental greater than this figure is reduced in conformity with this subsection. The rent shall be renegotiated not sooner than ten years from the date of the last renegotiation, and in conformity with this section.

(e) Any covenant or provision of a lease in violation of this section, shall not be enforceable in any court in this State."

SECTION 7. New statutory material is underscored. In printing this Act, the revisor of statutes need not include the underscoring.

SECTION 8. This Act shall take effect upon its approval.' "

Senator Rohlfing moved for the adoption of the amendment, seconded by Senator Anderson.

Senator Rohlfing then rose to speak in favor of the amendment as follows:

"Mr. President, I know it is late, and I will not be long on the subject. I do want to make several points, however, with respect to the amendment which is offered.

The amendment basically deals with two of the primary areas that I believe are not covered by the legislation which is pending before this Body in any form.

The bill, or the amendment, would call for a bill which would include two major features of the problem with which we are dealing. The first is enabling provision to assist lessees to band together both to purchase under the existing Act

307, 1967, or to band together for other purposes for mutual protection relating to lease rent negotiation and the like. This would be a means by exempting them from a number of formalistic requirements of the corporation law by providing assistance on a legal basis from the Ombudsman to the extent that it doesn't cost more money for his office to facilitate the borrowing of money and the tax consequences upon the lessor in case of a sale.

This portion of this amendment would do a great deal to facilitate the concept which was bought in 1967 when the Land Reform Act was passed. As you all know, it has not been effective partly because we made the conditions so onerous and the restrictions so difficult to meet that the average homeowner in a leasehold situation was not able to comply with the requirements.

Secondly, this particular approach would assist in another area which has not yet been, I believe, adequately explored although we have one instance of a private sale of a group of lots. I think you are all familiar with the Bishop Museum track sold by the Bishop Estate to the lessees, but not without some very difficult problems which they had to overcome.

In that situation, the First Hawaiian Bank did set up a trust agreement, worked out an arrangement outside of the Land Reform Law to allow the lessees to purchase their fee title. Several of the people in the track ultimately did not buy. This left some residual lots; and as I understand it, the bank examiner looked at these to be forfeitures of not following through on the agreement. The bank was also being criticised for undertaking the project. So the bank has been wary of further arrangements along this line.

Based on some of the information which we were able to look into without necessarily a commitment from Washington a week ago, there are indications that a partial liquidation of some of the residential leaseholds would be looked upon favorably by the Internal Revenue Service. As everyone knows, it is the problem of the taxation--the problems of the tax effects on the sale of these lots--that has, in my judgment, caused a problem.

My personal opinion is that it had a great deal of bearing on the creation of the leasehold residential system itself, and that we would

not have it today were it not for the Internal Revenue Code. But, it is with us.

There are 27,000 residential leaseholds--97% of them on the Island of Oahu. And I think that if we could enable these groups better to purchase their land underlying fee simple interest through a vehicle of assisting them to come together and deal with the estates under the possibility of voluntary sale under partial liquidation under the Internal Revenue Code, we might just get around all of the 'hang-ups' that we have had with the law. I don't say it's necessarily going to happen. I say it is a possibility.

I think that there are several estates, I don't represent them, who would be willing to make those sales. In fact, we have had testimony by a trustee from one of the larger estates at a hearing for Senator Young's Committee on Housing and Hawaiian Homes to the effect that he would be very happy to sell the residential leasehold lots to the people if he had appropriate tax consideration. In that sense, he means capital gains.

So, this first portion deals with what's called the Lessees' Corporation Enabling Act in an attempt to deal both with the law to assist in the purchase under the law, and also as a potential under a partial liquidation approach on the Internal Revenue Law.

There are several housekeeping amendments in the amendment; namely, page 9 where we changed the figures from 75 to words. That was done by LRB in an attempt to clean up the law that exists. The substantive remaining items deal with the subject of finances.

If all of the bills that are presently alive in this Body pass, they still will not solve the ultimate problem of the lessee; namely, even if I could buy, can I afford the inflated price of this land? We tried to do something about that seven years ago. We apparently didn't succeed, so we have lost seven years. We are now talking about the combination process and funding it, etc.; and we are a little late for many people.

It doesn't mean that we cannot find the most practicable ways of assisting the lessee to make the purchase of this fee simple interest, Mr. President. This bill and this amendment would allow the retirement system of the State to pay the salaries,

and would permit the government employees to invest in probably one of the most secure investments that could exist; namely, fee simple title for residential lots.

It would also allow the retirement system, and note it says allow and doesn't say mandate, to accept mortgages on long term at a low interest rate. And this is ultimately going to be the problem regardless of what we do.

I feel, Mr. President, this amendment would fill out the positive purposes of the bill that has been reported out of the Judiciary Committee. It would fill in some of the gaps that I think presently exist because of the pressure of legislation and other concerns before this Body.

I would urge that if we want to do something and if we really mean what we say in terms of trying to do something about this problem, that we do all that we can at this stage, which would include negotiations with the members of the House of Representatives in conference to work out a workable leasehold reform package. If we don't do so, some people will say, 'Oh, we'll be back next year.' But there are going to be a lot of people who are not going to be in very good shape in one year--a lot of people are going to get hurt.

My personal judgment is to do all that we can at this time. For this reason, Mr. President, I urge the adoption of this amendment to S.B. No. 19, S.D. 2."

Senator Nishimura then rose and stated as follows:

"Mr. President, Senate Bill No. 19, S.D. 1, is the product of the hard work by the Chairperson of the Housing and Hawaiian Homes Committee and her staff. It was referred to the Judiciary Committee, and the bill before us this evening is substantially what that previous Committee had worked on.

The purpose of Senate Bill No. 19 is stated in the Standing Committee Report. It says, 'The purpose of this bill is to regulate the residential lease rent renegotiation process by imposing specific restrictions on the frequency of renegotiations of residential lease rent terms and on the amount of the residential lease rent that may be fixed on renegotiation, and by providing for arbitration as to rent if the parties fail to arrive

at mutually agreeable terms'.

Now, in the consideration of S.B. No. 19 by your Judiciary Committee, we were advised of my colleague's work product. We obtained and received a copy of his amendment. We referred it to staff, and they researched it and the conclusions reached were that with respect to my colleague's input, the most significant recommendations were found on page 6 particularly with items B, C and D.

Now, item B states, to 'enter into negotiations with the lessor or lessors on the terms and conditions contained in the leases;'. The staff research conclusion with respect to item B was that we feel the matter should be studied. To date, no one to our knowledge has looked into this matter.

Item C reads, 'Enter into any financial arrangements with the lessor and any financial institution, including agencies of the State of Hawaii or the Federal Government;'. With respect to item C the staff recommendation was that we believe that while this may help, it does not address the major problem that for tax reasons estates are only able to sell under condemnation.

Item D reads, 'Act as the agent or representative of any member or members in the above mentioned activities;'. With respect to item D, the staff recommendation was that Chapter 516 already provides for such loans by the Hawaii Housing Authority.

Mr. President, my colleague is not the only one concerned about the legal problems. Many others are equally, if not more so, concerned. And we hope to try to work out a solution that would be acceptable, that would pass the court's test, and be something that would be beneficial to the people of this State."

At this time, Senator Anderson rose to speak in favor of the amendment as follows:

"I rise to speak in favor of the amendment. This is not my particular strong point, but I can't believe that staff for just a couple of short days can solve all the problems and come up with answers for all the unanswered questions that have been plaguing us for years.

I would hope that everybody would have been receptive to take as many ideas as possible to put it into conference.

Don't tell me that this bill as it stands before us is going to solve the problem. No one has been able to cope with it for years, and all of a sudden we have a bill that's going to do it? No way^o

This is a problem that confronts all of us. Every Senator in the Third District, in the Seventh District and the Sixth District ought to support every amendment and every idea for input. We ought to put every conceivable idea in the pot for conference and then try to hammer out a package.

I don't think that anybody on any of our staff is so competent that they can judge, and when we get into an area that is acceptable and that we like, we say let's study it. We've studied it; we've talked about it. I would venture to say that in 90% of your campaign brochures you promised action in this way, in this area; but when we get into the halls and when we get into the partisan fights, and because it's another idea of another guy who isn't in, it's out.

And that is really unfair; not only to the people who are really trying to participate, but it's unfair to the thousands of people out there who lease houses and have this problem.

Arbitrarily to say no, deny that no input, no ideas, only ours, is very, very unfair. This bill is not going to solve the problem, and it's going to haunt us. And, gentlemen, it's going to be on your back."

Senator O'Connor then rose to speak against the amendment as follows:

"Mr. President, I rise to speak against the amendment.

I think that the major point missed by our learned Minority Floor Leader is the fact that there has been a tremendous amount of input in the composition of the bills that are before us. And I think that the measure which is proposed as an amendment tonight has received a tremendous amount of study from many of us. I will agree that there are many of us very interested in this point who are worried about the leasehold problems of Hawaii.

As the Chairman of the Judiciary Committee indicated, this matter was gone into in some great length by many people involved with that

Committee; and there has been input in the House Committee also which was received and put into these bills which we now consider.

To say that this matter is a partisan matter is really running into the ground one of the most important issues before this Body; and I take great issue with such a comment. All people have had an adequate amount of input. All have had their chance to say as much as they wanted to on this issue. And input from all is contained in the measure before us.

For that reason, I would urge that the amendment itself, which really reflects only one or two ideas, be voted down and we consider the major measure in this matter."

Speaking against the amendment, Senator F. Wong then said:

"Mr. President, I rise to speak against the amendment.

One of the major points that was made by the gentleman who introduced the amendment was that it would result in a capital gains tax only to the estates. Unfortunately, this capital gains tax, when you add the federal as well as the state, could amount to a 40% taking by the Federal and State Governments.

This, in the matter of hearings before the Housing Committee, has been categorically rejected as being an unacceptable solution by the lessors of this State. The matter of condemnation is of the utmost concern to them.

While I don't pretend to have all of the answers, I think that Senate Bill No. 1200, which passed this Body earlier tonight, provides in one of its sections regarding land exchange, the most viable solution to this very pressing problem. It, first of all, avoids the question of a public purpose. Secondly, it produces no tax liability for the estates as well as for the people making the exchange where the basis would be transferred.

I think perhaps this is the area that should be given the greatest study because it can be implemented very easily by the passage of Senate Bill No. 1200.

Thank you."

Senator Rohlfing then commented as follows:

"I find that I have not been that aware of the cloak-of-claim of input. I am not a member of the Judiciary Committee where this bill was considered. But I do know that the particular proposals were not discussed specifically; nor were the votes taken specifically.

My learned colleague from the Seventh District has stated in his rebuttal argument, counter-argument, that he referred items on page 5 to the staff to discuss and to give him a recommendation. One of the things he has concluded is that the only way that we're going to proceed is through condemnation.

Mr. President, earlier we filed a Minority Report with respect to Senate Bill No. 22 which has been printed and I presume received. I would like to read a paragraph from that report which was based on meetings in Washington with officials in the Treasury Department, the Internal Revenue Service, the White House and the Congressional Committee on Internal Revenue Taxation. I quote, 'The second meeting with Treasury officials was much the same.... However, Treasury officials also raised the potential applicability of a voluntary "partial liquidation" which would have favorable tax consequences. This concept was in turn discussed at the meeting with Internal Revenue Service officials' and some of the officials who were there in 1967 when several of the Members of this Body and the House--six of us--spent two days in Washington discussing the tax aspects of residential leasehold reform.

For those of you who weren't here at that time, you can read that report, a special committee report, of the 1967 Session in the Journal where you'll find why we have some of the problems that we have today with respect to land reform. We were trying to walk our way through the thicket of the federal tax laws.

The report then continues, 'It is entirely possible that a landowner who is desirous of selling its residential leaseholds to the lessees, could apply to the IRS for approval do so as a partial liquidation. This would require a bulk sale of an area of sufficient size and within a reasonable time frame from inception to conclusion. A test of this concept is therefore urged. While outside the framework of Chapter 516 HRS, the existence of our State law provides an essential basis for IRS consideration in my opinion.'

We went on to recommend, based upon these conversations with these people, that we provide certain incentives and additions to the situation so that we can effectively deal with this problem. To state that the staff says, 'we're going to study it a little further', in my judgment is avoiding the issue, failing to put the tools on the table to negotiate across the hall to get the necessary input in fact and not in form.

Until late this afternoon, it wasn't sure whether Senate Bill No. 1200 was really going to survive. It was a good bill leaving the House Committee; and I think that the House Committee should be commended for its efforts spent listening to testimony. I am not aware that the same kind of intensive treatment was given at the Judiciary Committee level; and yet the decision is being made to exclude these concepts at this time.

I am still going to reserve a chance when we get the House bill to say the same thing; and, if necessary, to propose the same amendment, maybe more. Best we deal with the subject matter before us now and try to do it right.

Thank you."

Senator Hulten then rose and stated as follows:

"Mr. President, I don't think that anybody has been closer to this issue than I. I have been working on it since 1961, and I am well aware of the problems which we are facing.

The bills that we are reporting out tonight constitute a package. Incidentally, it is not just the one bill, S.B. No. 19; but there are other bills that have been acted on this evening prior to this one.

I would submit that the amendment that has been offered is actually meaningless. It says that you can have a voluntary association of people who can get together and agree that they can arrange their own financing and try to buy the fee. They can already do that; you don't need a bill to enable them to do that.

And my colleague across the aisle has spoken about this Museum Park Tract which was financed in 1969 or 1970 through an organization which went through a bank and had a trustee corporation set up

to handle it for them. I can go and refer you to one before that. The Halawa Hills Association got together on their own and purchased the Halawa Hills.

So, there is nothing on the books to stop that. We don't need an amendment to any law to allow a group voluntarily to go and voluntarily negotiate providing the owner is willing to sell. In a sense, that's what this bill does; that's all it does.

As far as partial liquidation is concerned, that's a well-known fact. That can be done. All you need is the consent of the IRS or the Treasury Department to do it. You don't need legislation to tell you you can do it.

So, basically, all this amendment is telling you is that you can do things which you can already do. Our problem has been what can we do when we don't have willing negotiators? How can we make this effective?

The other thing is, and the real threat is, as was pointed out by the Senator from the Fourth District, that the main thing is when you are forced under threat of condemnation to dispose of your property, there is no tax burden. You have a year's time in which to reinvest. If you do it under any other basis, you are going to be subjected to a partial liquidation even under a long term capital gains, which is in many cases going to be quite a considerable tax. We were well aware of all these problems when we entered into the discussions that resulted in this legislation that we're passing here tonight.

The other element that we have is a provision for assignment of land, exchange of lands, where there again will be no tax consideration.

The amendments, as I see them as they have been proposed here, give us nothing that we don't already have. What we need is what we don't yet have; and that is what our bill proposes to do. On the basis that these amendments don't mean anything, I move we vote them down."

At this time, Senator Nishimura asked the Minority Floor Leader whether he would yield to a question, to which Senator Anderson replied in the negative.

Senator Nishimura then said:

"Mr. President, last night for the first time in six years, my integrity and my honesty were imputed and assailed on this Floor.

My colleague from the Seventh Senatorial District made some statements in a remark which implied or stated very specifically that I referred to my staff one page of the material he submitted to me. That is not correct. I submitted to them the many pages that he submitted to me, and they reviewed every page of what he submitted to me; and they concluded with what I previously referred to.

I have before me Standing Committee Report No. 213 on Senate Bill No. 19, a committee report prepared by the Committee on Housing and Hawaiian Homes; and I note that the Minority Floor Leader signed the committee report without any reservations. I wish to note to the members of this Body that Senate Bill No. 19, S.D. 1, is substantially the same as that found in Standing Committee Report No. 213."

Senator Anderson then replied as follows:

"Mr. President, yes, I signed the committee report. I judged the bill on merit. I didn't say, 'No, Senator Rohlfing has a better bill. I don't want Patsy Young's.' I signed a lot of bills on merit, and I am going to continue to sign them if I think the issue is right.

But I think everybody can participate. I didn't sign that report thinking that nobody else in the whole Legislature was going to have any input. I'll take ideas from anybody and everybody. That bill can grow and change as it moves from committee to committee, from House to House. That's the process. I judged it on merit, and I am going to judge them all on merit."

Rising on a point of personal privilege, Senator Anderson then stated for the record that he apologizes if the statements he made the night before were misunderstood. He further stated that he had no intention of questioning Senator Nishimura's personal integrity and honesty.

Also rising on a point of personal privilege, Senator Nishimura said:

"Mr. President, I rise on a point of personal privilege, too. May I for the record obtain the consent of the members of this Body to have placed in the record the two committee

reports that I referred to last night?"

Speaking for the members of the Senate, the President granted permission as per request of Senator Nishimura.

The motion to adopt the amendment was put by the Chair, and Roll Call vote having been requested, the motion failed to carry on the following showing of Ayes and Noes:

Ayes, 7. Noes, 18, (Ching, Chong, Hara, Hulten, Kawasaki, King, Kuroda, Nishimura, Rohlfing, Taira, Takitani, Toyofuku, F. Wong, R. Wong, Yamasaki, Yim, Young

and Ushijima).

In accordance with Article III, Section 16, of the Constitution of the State of Hawaii, the 24-hour notice was given on S.B. No. 19, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO RESIDENTIAL LEASEHOLDS".

ADJOURNMENT

At 10:28 o'clock p.m., on motion by Senator Taira, seconded by Senator Anderson and carried, the Senate adjourned until 11:00 o'clock a.m., Thursday, March 13, 1975.

FORTY-FIRST DAY

Thursday, March 13, 1975

The Senate of the Eighth Legislature of the State of Hawaii, Regular Session of 1975, convened at 11:00 o'clock a.m., with the President in the Chair.

The Divine Blessing was invoked by Reverend Alfred F. Rebuldela of Our Lady of the Mount Church, after which the Roll was called showing all Senators present.

The President announced that he had read and approved the Journal of the Fortieth Day.

At this time, the following introductions were made to the members of the Senate:

Senator Taira introduced 75 students from the Fourth Grade at Maemae Elementary School, with their teachers, Mrs. Karen Hamada and Mrs. Barbara Lee.

Senator Hulten then introduced 50 students from the Eighth Grade at Kailua Intermediate School, with their teacher, Mrs. Schultz and parents, Mrs. Hadwin and Mrs. Bishop.

MESSAGE FROM THE GOVERNOR

A message from the Governor (Gov. Msg. No. 79), transmitting the cost items for the collective bargaining agreement which has been negotiated with the Nonprofessional Hospital and Institutional Workers, Unit 10, and the cost items for units included in the Governor's Executive Budget which require ratification by the Eighth State Legislature, was read by the Clerk and was referred to the Committee on Ways and Means.

Senate Bill No. 535:

Senator R. Wong moved that S.B. No. 535, having been read throughout, pass Third Reading, seconded by Senator Yamasaki.

Senator King then rose to speak in favor of the bill as follows:

"Mr. President, although I rise to speak in favor of the measure, I would like to express a number of concerns I have. Actually, this morning, I will limit it to one concern and that is that I think we're making a mistake by not including along with the budget, a hotel room tax.

I think the Chairman of Ways and Means did an outstanding job, an incredible job as a matter of fact, in light of the time constraints, in gathering rock-solid data and urging the Committee to take the long view.

The Committee has chosen not to pass even a hotel room tax. Such a 10% hotel room tax would have brought in some \$30 million per annum to the State. Without that, we're not going to be able to fund a number of worthy programs.

In a period when hotel room taxes have risen 10% or more, the number of tourists has continued to rise as well. By raising the room prices and not having a tax, most of this money goes to the hotels. If the rise had been in taxes, it would have come to the State, and we would have been able to fund programs desperately in need of such funds.

Again, I want to commend the Chairman of the Committee on Ways and Means and his staff for the great job they did and their real attempt to take a genuinely fiscally responsible position in terms of programs.

Thank you."

The motion was put by the Chair and carried, and S.B. No. 535, entitled: "A BILL FOR AN ACT RELATING TO THE STATE BUDGET", having been read throughout, passed Third Reading by not less than two-thirds vote of the members to which the Senate is entitled, on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Ayes, 24. Noes, 1 (Anderson).

Standing Committee Report No.
607 (S.B. No. 42, S.D. 2):

Senator R. Wong moved that Stand. Com. Rep. No. 606 be adopted and that S.B. No. 42, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Yamasaki.

Senator Yamasaki then rose to speak for the bill as follows:

"Mr. President, I believe that the shorelines of this State should be adequately protected, as the shoreline with our white and black sand beaches is the most important natural asset that Hawaii has.

Although I support the concept of this bill, there are important areas in the bill on which I am very much concerned.

First, it appears to me that under the amended version of this bill, the jurisdiction for protection and management of the shoreline or coastal area, runs from the sea to the mountain without any limitation and it goes way beyond the California statutes. With a limited land area that we have here in Hawaii, this will create an undue hardship to property owners.

Secondly, on Page 4, Section 4, under policy guideline 4, the words 'alterations to existing land forms and vegetation', I conclude that this covers all of our sugar cane lands and crops and including pineapple lands adjacent to our coastal areas under the meaning of existing land forms and vegetation. This would certainly cover all of the islands of Hawaii, Maui, Oahu, Kauai, Lanai and Molokai, and our agricultural industries may be severely affected if the language in the bill is not altered.

Finally, if only developments not in excess of \$25,000 are to be

allowed or become permissible without a hearing by either the County Council or the county planning commission, I believe that this requirement is unreasonable. Land value and cost of material and labor for a new dwelling will easily exceed \$25,000 and therefore this ceiling is much too low.

Therefore, Mr. President, I ask that a careful review be made, possibly in conference so that we can all live with it.

For these reasons, Mr. President, I signed the Committee Report 'I do not concur' to focus the attention of this body to these concerns.

I am certain that language can be properly amended, and with these remarks, Mr. President, I urge an Aye vote by this body on this bill.

Thank you."

Senator Ching then rose to speak for the bill as follows:

"Mr. President, I rise to speak on behalf of the bill but I do share Senator Yamasaki's concerns as to the alterations to existing land forms and vegetation clause found on page 5.

I am sorry that this matter was not brought up during the discussions on the bill itself. I'm sure that it can be cleared up in conference.

The other point I'd like to speak about is when this bill left the Committee on Ecology, Environment and Recreation, there were monetary amounts added on to Section 2. I think that without these amounts--I realize that it is being sent over and will be a matter of conference as far as the Body across the way is concerned--It is my sincere wish that when it does come back that the substantial amount that was found in Section 2 will be put back into the bill, even exceeded by Senate Draft 1.

I support the bill on that basis and if it comes back without any money, my vote might be different."

Senator Hara then requested a ruling of the Chair as to a possible conflict as he represents a trustee of a certain holding organization for some property along the shoreline.

The Chair ruled that there was no conflict and Senator Hara was allowed to vote.

The motion was put by the Chair and carried, and Stand. Com. Rep. No. 607 was adopted and S.B. No. 42, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO ENVIRONMENTAL SHORELINE PROTECTION", having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Standing Committee Report No. 628 (S.B. No. 19, S.D. 2):

Senator Nishimura moved that Stand. Com. Rep. No. 628 be adopted and that S.B. No. 19, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator O'Connor.

Senator Rohlfing then rose to ask if the Chairman of the Committee on Judiciary would yield to a question, to which Senator Nishimura replied in the negative.

Senator Rohlfing then spoke for the bill and in doing so incorporated the three bills on the agenda; namely, S.B. No. 19, S.D. 2, S.B. No. 398, S.D. 1 and S.B. No. 1200, S.D. 2 as follows:

"Mr. President, in my judgment the 'package' before us is incomplete and inadequate.

Senate Bill No. 398 requires a lessor to compensate the lessee for his improvements upon termination of the lease. This was a provision in the 'Lessee's Bill of Rights' which I introduced over 10 years ago and which was cut in the final bargaining over Act 307. Fine, I'll buy it.

But this is an escape valve only and we have to recognize that it may only be upheld constitutionally as to leases executed after the bill becomes law. In other words, it may be of no help to today's 27,000 leasehold properties.

Senate Bill 19 and Senate Bill 1200 are more meaningful. Senate Bill 19 attempts to roll back lease rental on all renegotiations since mid 1967. This, of course, would be beneficial to lessees, but I personally seriously question whether it will be upheld in any court of law. In fact, it is very questionable whether any lease rental control by a formula as proposed in this Bill can be applied to existing leases.

Senate Bill No. 1200 does some good things by simplifying the 5 acre requirement for conversion and by permitting purchase of the reversionary interest. It also tinkers with the method for computing the compensation to be accorded a lessor on condemnation. This could be an exercise in futility because of a court of law will decide whether just compensation has been paid as required by the Fifth Amendment to the Constitution.

That's the extent of the 'package' -- Let's look at what it doesn't do.

Nowhere does it provide a means of assisting the homeowner in his ultimate problem... how to pay the bill. That is, after he has leaped the legal hurdles to even have the right to do so. You could have filled that hole very nicely by passing my amendment last night. And unlike the distinguished Majority Senator from the Third District, I think that was a very significant omission.

Nowhere in this Senate package, is there any money for the condemnation test case which got headlines last week, because Senate Bill No. 22 was assassinated in its crib last night.

Nowhere is there authorization or encouragement for State retirement system or other financial institutions of the State to buy the bonds authorized by Act 307, a fact which has held up the Act's implementation for seven years.

Nowhere in this Senate package is there any relief from the burden of real property taxes currently imposed on lessees. Under any scenario there are going to be people who will continue to lease.

Nor is there any assistance in forming a legal entity to simplify direct negotiations for purchase of the fee interest with a landowner who has an affirmative IRS ruling in his pocket for a partial liquidation and is willing to sell. Nor is there such an entity to make dealing with the HHA and the landowner more expeditious under Act 307.

Nowhere in the Senate package is there any attention to the anti-trust which might provide an alternative means of obtaining an 'involuntary' sale.

Legislative vehicles for all these gaps have been introduced into this Senate. My amendments last

night were a combination of three bills which would have filled the most important of these pukas. Bills, I might add, which the Third District Majority Senator saw fit to sign even though he then said they are now unnecessary and of no value.

Mr. President, if it were late in December, I'd say that this Christmas will be in the honor of Scrooge. The package under the tree is small, threadbare, and worn. That is the case, Mr. President, because a few in this body decided they knew it best. They didn't need the talents of all who are here or, for that matter, those outside these halls. I hope this narrow approach will change when we get down to considering the House Bills on this subject.

In these past 24 hours, I wondered whether the majority really got the message of Watergate. Maybe those who want to, will realize that it is to their credit if they are big enough to allow all to participate. As Ben Franklin once said: 'the praise you take, although it may be your due -- will be suspect if it comes from you.'

Thank you, Mr. President."

Senator Yee then said:

"Mr. President, I just want to relate very briefly that I will be voting for the bill, but with grave reservations and if it does not come back in its proper form in conference, I would vote against it.

My reservations deal with its constitutionality of these three bills and I don't think in any of these major areas that it will be upheld in a court of law."

The motion was put by the Chair and carried, and Stand. Com. Rep. No. 628 was adopted and S.B. No. 19, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO RESIDENTIAL LEASEHOLDS", having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Standing Committee Report No. 629 (S.B. No. 398, S.D. 1):

On motion by Senator Nishimura, seconded by Senator Yamasaki and carried, Stand. Com. Rep. No. 629 was adopted and S.B. No. 398,

S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO RESIDENTIAL LEASEHOLDS", having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Standing Committee Report No. 630 (S.B. No. 1200, S.D. 2):

On motion by Senator Nishimura, seconded by Senator Yamasaki and carried, Stand. Com. Rep. No. 630 was adopted and S.B. No. 1200, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO RESIDENTIAL LEASEHOLDS", having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Senate Bill No. 1732, S.D. 1:

Senator Takitani moved that S.B. No. 1732, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator O'Connor.

Senator Yee then rose to speak for the bill as follows:

"Mr. President, I rise to speak very briefly in favor of this bill so that the members of the house across the way will understand the reasons why the Senate is supporting this measure. Inasmuch as several House members have indicated that this bill will die in the House, I do hope that they will reconsider their actions.

I can't help but feel after listening to the testimony at the University of Hawaii and here at the Capitol and talking with the principals involved, that everyone generally agrees that this non-profit public corporation is in the best interest of the East-West Center. Even the students who had objected to this particular area have been pacified in that this bill now has a proviso that for the next three years, the residents of Hale Laulima and Hale Kawahine would not be removed. They appreciate the fact that they have a three-year tenancy and in the meantime, other facilities could be developed for students who would then enroll at the University of Hawaii. Even the President of the student body of the East-West Center testified in favor of this particular bill although they complained that they did not have as much input as they desire.

Nevertheless, I think the overall purpose and objectives of the bill is a good one and I do hope that the House across the way here will take it with this spirit.

Thank you."

The motion was put by the Chair and carried and S.B. No. 1732, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE ESTABLISHMENT OF AN EDUCATIONAL NON-PROFIT PUBLIC CORPORATION TO ADMINISTER AND OPERATE THE CENTER FOR CULTURAL AND TECHNICAL INTERCHANGE BETWEEN EAST AND WEST", having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (King and Yim).

At 8:00 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 8:05 o'clock p.m.

MATTERS DEFERRED FROM EARLIER ON THE CALENDAR

Senate Bill No. 1645, S.D. 1:

By unanimous consent, action on S.B. No. 1645, S.D. 1, was deferred to the end of the calendar.

Senate Bill No. 115, S.D. 2:

By unanimous consent, action on S.B. No. 115, S.D. 2, was deferred to the end of the calendar.

Standing Committee Report No. 573 (S.B. No. 33, S.D. 2):

On motion by Senator R. Wong, seconded by Senator Yamasaki and carried, Stand. Com. Rep. No. 573 was adopted and S.B. No. 33, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE EXEMPTION OF CERTAIN PROPERTY AND PROCEEDS FROM TAXATION", having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Standing Committee Report No. 574 (S.B. No. 649, S.D. 1):

Senator R. Wong moved that Stand. Com. Rep. No. 574 be adopted and that S.B. No. 649, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Yamasaki.

Senator King then rose and stated as follows:

"Mr. President, I rise to speak against the bill.

I think what is said to be the purpose of this bill is one no one can argue with, lowering the utility rates people pay. In today's economic scene particularly, this is a very compelling factor.

The bill proposes to do this by allowing the electric and gas utilities to float bonds through the State structure so that the interest rates will be lower. Because of this, utility rates will be lower and we certainly need that, but it seems to me that this bill does several other things which I would briefly like to cite.

However, before I do that perhaps I could just mention several facts which seem to me pertinent about the major utility which has spent a lot of time and effort backing this bill--the Hawaiian Electric Company. One fact for example is that last year, it paid out in dividends to its stockholders, \$16,933,631--\$1.59 per share. That's quite a chunk of dough.

If you plowed even half of that--eight and a half plus million--back into people's electric bills and reduced it by that much, that would seem to me to certainly help reduce utility rates.

Secondly, in terms of in-house economics, the President of Hawaiian Electric who does an excellent job for the company, receives (I don't know what his other benefits are), but he receives \$80,000 per year--certainly not out of line for a corporate executive. In fact, it is lower than many receive in a job of comparable responsibility. Anyway, \$80,000 is not too bad.

Attorney's fees in 1974 amounted to \$172,300. Directors for the company receive \$100 per meeting and in 1974, the total was \$55,350. This seems to me not a particularly valiant effort in terms of in-house economics to reduce utility rates; though, of course, it in no way compares to the amount paid in dividends to the stockholders.

Another thing this bill does, Mr. President, is make the interest from the bonds which are floated tax free both from Federal and State taxes. Here it seems to me once

again we're giving a break to people who need it the least. A lot of lower income and middle income people are really hurting but what we're saying here is 'okay, if you have enough money to buy these bonds, we're going to give you this additional tax break because the money you make off it, you don't have to pay any Federal or State taxes on.'

Two years ago, Mr. President, we passed a bill allowing the utility companies to float bonds through the State structure when the money was for anti-pollution capital improvements. This seems to me eminently fair for the government to say we want you to take this action and therefore I feel we should certainly make it as painless and as easy as possible for them to do that.

The bonds in this bill however, are for as provided in Section 2 (2) of the bill 'for any facilities' for the furnishing of electricity or gas. This seems to me a kind of green light at a time when what we should be doing is encouraging less dependence on electricity; granted that where we expend, we do have to provide.

Just one final point, although it is stated that these bonds will not affect the State bond ceiling, the Director of the Department of Budget and Finance testified (although the Department did say that it supports the bill, subject to reservations cited, and here is the reservation. The Director of the Department of Budget and Finance testified, 'It is our belief that the continued growth of such tax-free revenue bonds could hurt the municipal bond market and that a flooding of the market with tax-free revenue bonds could eventually lead to higher interest rates that the State must pay on its own general obligation bond issues.')

I would urge, Mr. President, a No vote on this bill.

Thank you."

At 8:10 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 8:12 o'clock p.m.

Senator Leopold then rose to speak in favor of the bill as follows:

"Mr. President, I rise to speak in favor of this bill.

Utility rates in Hawaii have skyrocketed in recent years, and this increased cost to the consumer reflects the high cost of oil and money to utility companies. Government has a responsibility to do all that it can to lower utility rates for the consuming public and Senate Bill No. 649, S.D. 1, is a constructive, responsible step in this direction.

I have had reservations about this bill because of possible competition between the State and utility companies for limited funds in the bond market. I have also been concerned that if Hawaiian Electric Company, for example, is allowed to use tax-exempt bonds, a subsequent reduction in its rates may not reflect the full amount of savings the company achieves.

How can the State be assured that the consumer will fully benefit by allowing Hawaiian Electric and other utility companies to use tax-exempt bonds when the State Public Utilities Commission has repeatedly failed to adequately protect the consumer interest in this state?

Mr. President, I am, nevertheless, persuaded by the basic soundness of the proposal before us and feel that every effort should be made to assist utility companies in reducing their costs which will benefit consumers.

I am also satisfied that Section 3 of Senate Bill No. 649, bars the issuance of revenue bonds until a judicial determination regarding constitutionality is made in a proceeding involving the issuance of these bonds or bonds authorized by Act 161, which allows Hawaiian Electric Company, among others, to utilize tax-exempt bonds for anti-pollution projects. The constitutionality of this Act has been challenged, and the case is now before the State Supreme Court.

Because of the safeguards contained in the bill and because of the potential benefit to the consumer by the use of tax-exempt bonds, I support passage of Senate Bill No. 649, S.D. 1.

Thank you."

Senator R. Wong then spoke for the bill as follows:

"Mr. President, I find it also very difficult as my colleagues from the Sixth Senatorial District, relative to anything that deals with utility companies.

However, Mr. President, I want to assure this Honorable Body that I am satisfied with the provisions of the bill which places certain safeguards relative to the application for revenue bonds that they first must be presented to the Director of Regulatory Agencies to certify that it meets the economic conditions of the companies, and second, that a determination by the Budget and Finance people to find out the economic assets or experience of the companies that desire this kind of approval, and after that it goes to the Governor to enter into agreement with this particular issuance of the bond and further, a determination must be made by the Attorney General and finally, Mr. President, the final approval is with the Governor of the State of Hawaii.

I am satisfied that if these conditions are met, Mr. President, we may have a very good bill which would mean a savings to the consumer of the State of Hawaii.

Thank you, Mr. President."

Senator Yee in support of the bill stated:

"Mr. President, I rise to speak in favor of the bill and supporting the Senators from the Sixth Senatorial and the Fifth Senatorial Districts.

I rise not to reiterate what they say but to correct some of the statements that the Senator from the Sixth Senatorial District made which I feel should be corrected for the record. She condemns Hawaiian Electric Company for making a profit of approximately \$16 million.

Now let me say that in the American business scene, business people are in business for the purpose of making a reasonable profit for their stockholders, and the thousands and thousands of stockholders in Hawaiian Electric are not just people of esteemed categories or high income. Believe me, many investment companies that administer trust funds invest in Hawaiian Electric; labor pension programs, other employee pension programs will invest in Hawaiian Electric and many other utility companies. Profit sharing funds invest into Hawaiian Electric or other utility companies. The reason is because they know that a utility company is sound; it is well-operated and that it has a reasonable return on their investment.

If Hawaiian Electric or any other

utility company cannot have a reasonable return to their stockholders, they will not invest there. They cannot function and I think this is one of the heredities of America that is sound and this is what has brought America to where it is today.

Mention was also made about the tax-free bonds. Why should they buy tax-free bonds? The reason they buy tax-free bonds and the only time tax-free bonds are offered, are offered by municipalities, states or by the Federal government. The purpose is to encourage private capital to assist the various governmental agencies with their work and capital improvement projects, like harbors, airports, roads, hospitals, schools.

I think it is sound business to invest a portion of your investment portfolio in tax-free bonds so that with this income, you can also add to the income that you collect from the users of energy and thereby reduce the cost of operation and hopefully it is passed on to the consumer.

So let us not really condemn an organization unless we can really prove for the people and to others that they are 'ripping' the public. At this point, I don't think they are.

Thank you."

Senator King then stated: "Mr. President, just for the record, I wasn't condemning an organization; I was speaking against the bill."

The motion was put by the Chair and carried and Stand. Com. Rep. No. 574 was adopted and S.B. No. 649, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE ISSUANCE OF REVENUE BONDS TO PROVIDE FACILITIES FOR THE LOCAL FURNISHING OF ELECTRIC ENERGY OR GAS", having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (King).

Senate Bill No. 1638, S.D. 1:

Senator Kuroda moved that S.B. No. 1638, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CONTRACTORS", be recommitted to the Committee on Consumer Protection, and the President noting that there was no objection, so ordered.

At 8:20 o'clock p.m., the Senate recessed subject to the call of the

Chair.

The Senate reconvened at 8:23 o'clock p.m.

RECONSIDERATION OF
ACTION TAKEN

Senator Kuroda moved that the Senate reconsider its action on Senate Bill No. 1672, S.D. 1, seconded by Senator Hulten and carried.

On motion by Senator Kuroda, seconded by Senator R. Wong and carried, S.B. No. 1672, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE CONTRACTORS RECOVERY FUND", having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Nishimura).

MATTERS DEFERRED FROM
EARLIER ON THE CALENDAR

Standing Committee Report No. 585 (S.B. No. 582, S.D. 2):

Senator O'Connor moved that Stand. Com. Rep. No. 585 be adopted and that S.B. No. 582, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Taira.

Senator Chong then spoke for the passage of the bill as follows:

"Mr. President, I would like to speak for this bill. Senate Bill No. 582, more commonly referred to as the 'sunshine bill', has had a tremendous amount of public support.

The purpose of the Sunshine Bill is to prevent the over-use and misuse of Executive Sessions by public boards and bodies and open their meetings to the public.

I take this opportunity to alert both the Senate and all interested persons that S.B. No. 582, S.D. 1, has been flawed in my estimation by the addition of Section 92-5, Paragraph 6. We can't fault most of the exceptions to Executive Sessions. However, the final exception which reads 'and to consider other confidential matters' could throw the door open for abuse. By this language, almost anything could be considered as 'other confidential matters' and be an excuse for executive session. If this happens, the bill will have missed the mark.

I am voting for it as the best compromise

attainable at this time, and the Chairman of the Judiciary Committee should be applauded for his fine efforts in getting all of the conflicting viewpoints together; but I still wish to alert this body and suggest that we may want to bring in an amendment to this bill at a later time.

Thank you."

Senator O'Connor then stated:

"Mr. President, just to clear up a matter related to by the Senator from the Sixth District. That section that he referred to under exceptions states 'to consider confidential matters related to public safety or security' and it is there for a very specific purpose. It relates primarily to those types of meetings which might have to do with our correctional system and the security which is involved in handling dangerous and other types of criminals where they might lash back at the people involved in the meeting. It is a very specific section and it is specifically worded and doesn't refer to any old confidential meeting."

Senator King then stated: "I rise to speak in favor of the measure. Hooray!"

The motion was put by the Chair and carried, and Stand. Com. Rep. No. 585 was adopted and S.B. No. 582, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO OPEN MEETINGS OF PUBLIC BODIES", having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Nishimura).

Senate Bill No. 1050, S.D. 1:

Senator O'Connor moved that S.B. No. 1050, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Taira.

Senator O'Connor then spoke for the passage of the bill as follows:

"Mr. President, I am voting in favor of this bill but I might point out that there is one provision of the bill that I think deserves a second look someday and that is the fact that gasoline dealer prevailing in an action for the wrongful termination of his franchise or the unreasonable renewal of his franchise can recover triple damages.

I believe that this type of recovery

belongs only in the area of punitive recovery such as an anti-trust litigation and I for one would like to see someday that be reduced to the same kind of recovery that anyone suing for breach of contract or unreasonable renewal of contract can recover purely what his losses are as a result of that loss.

I will be voting for the bill because I feel that the idea in general is a good one."

The motion was put by the Chair and carried, and S.B. No. 1050, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PROVISIONS FOR FAIR COMPETITIVE PRACTICES IN THE TERMINATION OF GASOLINE DEALERS FRANCHISE AGREEMENTS", having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Nishimura).

Senate Bill No. 1051:

On motion by Senator O'Connor, seconded by Senator Taira and carried, S.B. No. 1051, entitled: "A BILL FOR AN ACT RELATING TO THE OPERATIONS OF SERVICE STATIONS", was recommitted to the Committee on Judiciary.

At 8:30 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 8:32 o'clock p.m.

Senate Bill No. 183, S.D. 1:

On motion by Senator O'Connor, seconded by Senator Taira and carried, S.B. No. 183, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO UPWARD BOUND PROGRAMS", having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Nishimura).

Senate Bill No. 1634:

On motion by Senator R. Wong, seconded by Senator Yamasaki and carried, S.B. No. 1634, entitled: "A BILL FOR AN ACT RELATING TO EXPENDITURE OF PUBLIC MONEY AND PUBLIC CONTRACTS", having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Nishimura).

Standing Committee Report No. 619 (S.B. No. 142):

On motion by Senator R. Wong, seconded by Senator Yamasaki and carried, Stand. Com. Rep. No. 619 was adopted and S.B. No. 142, entitled: "A BILL FOR AN ACT RELATING TO SICK LEAVE BENEFITS FOR PUBLIC OFFICERS AND EMPLOYEES AND MAKING AN APPROPRIATION THEREFOR", having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Nishimura).

Standing Committee Report No. 624 (S.B. No. 1637):

On motion by Senator O'Connor, seconded by Senator Taira and carried, Stand. Com. Rep. No. 624 was adopted and S.B. No. 1637, entitled: "A BILL FOR AN ACT RELATING TO CONTRACTORS", having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Nishimura).

Senate Bill No. 591, S.D. 2:

Senator O'Connor moved that S.B. No. 591, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Taira.

Senator Kuroda then rose to speak for the bill as follows:

"Mr. President, I rise to speak in support of this bill.

The present Hawaii No Fault Auto Insurance Act contains a section which assesses and levies upon each insurer and self-insurer, a fee of \$1 per year for driver training. The present law funnels all of this to the driver training program administered by the District Courts. Senate Bill No. 591, S.D. 2, amends the law so that part of the funds will be devoted to the driver education program at our high schools. This amendment will definitely provide more funds for a good program.

This move truly recognizes that proper driver education at the high school level is of great importance in our society.

I urge a Yes vote by all members.

Thank you."

The motion was put by the Chair and carried, and S.B. No. 591, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO FUNDS FOR DRIVER EDUCATION", having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Nishimura).

MATTERS DEFERRED FROM EARLIER ON THE CALENDAR

Senate Bill No. 1645, S.D. 1:

Senator R. Wong moved that S.B. No. 1645, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Yamasaki.

Senator Kawasaki then rose to speak against the bill as follows:

"Mr. President, I rise to speak against the passage of the bill and I want to assure my good colleagues and friends, Senators Richard Wong and Donald Ching that I am not exactly obsessed with a hero complex or a political suicide complex either; but I cannot in good conscience vote in favor of this bill when I realize the financial impact that is going to be the end result of this bill. In my lay fashion, I calculate that roughly this bill is going to involve \$53 million of taxpayers' funds and I am rather appalled that while we spend a lot of time debating the pros and cons on bills amounting to \$25,000 to \$100,000 around here that we in a rather cavalier fashion, almost carte blanche, approve this bill involving these amounts of money.

It seems to me once we vote Aye on this particular bill, we are saying in effect that we had ratified about nine contracts involving this kind of money and I am a little concerned where this kind of money is concerned that we did not take each contract, submit it to the subject matter committee for that committee's scrutiny so that they can decide whether the terms agreed upon by the negotiating parties were reasonable. Secondly, whether the taxpayers of this State could afford it.

By voting Aye for this tonight, we're going to impose upon the taxpayers of this State a burden of \$53 million and in my judgment is not quite justified.

Now, I'm not against pay raises for government workers, if you will. Possibly a third of my campaign supporters and voters are government workers and I have relatives and close friends who are government workers, but they are reasonable people. They have told me in my conferences with them 'enough is enough.'

I am not objecting to pay increases as provided in the annual automatic increases, the incremental increases, roughly about 5%. This to me is an increase in wages that we want to give them but at a time when our State is facing somewhat serious financial straits, and I predict that while we are in a recession at this moment that we are going to get into a very serious depression; that we are going to have more unemployment; that we are going to have the unemployment roles grow, there's going to be more need for welfare payments to people who cannot find jobs, and at a time when our nation faces an unprecedented \$87 billion deficit this year ... never in the history of this country have we faced this kind of deficit; at a time when our dollar is the weakest of any major nation's currency on the currency market; at a time when our dollar has suffered two devaluations, and, I predict there will be two more or three more possibly; at a time when responsible labor groups and the rest of the nation are taking wage cuts voluntarily; at a time when they are saying, cut our working hours; at a time when they are not taking already negotiated wage increases just to make sure that jobs will not be eliminated... like the City of New York where there was a need for reduction of firemen and policemen simply because the City did not have the funds to carry on the government at the present level, we in this State are generously allowing the automatic incremental increases to go on as usual but on top of that we are allowing some bargaining units an 8½% increase. This to me is just unthinkable at a time like this.

I estimate that the University of Hawaii contract is going to cost us a good amount of money too. Possibly about \$23 million. This is to me is something we better take real seriously.

By voting No on this bill, we are not rejecting completely and forever wage agreements. We're saying 'you people who have entered

into bargaining agreements, we in the Legislature feel that your particular contract is a little more than we can afford, or the people of the State can afford. How about going back, renegotiate, and come back with some figures that we can really afford.' That's all we're saying. By voting Yes on this precludes this alternative completely...whatsoever, and this is my great concern.

As I said in my Opening Day acceptance speech, this is a crucial time...this is a crucial session. We have got to act very responsibly, in a manner consonant with intellectual honesty because most of us know that this is not what we can afford in the State. Many of you have told me privately that, 'I think you are right.'

We have got to exercise courage, unprecedented, as I said, in the annals of political history here in this State, because, once this bill is voted on you leave the House of Representatives across the rotunda no alternative but to agree with us. In fact, even making it a more generous allowance. This is the way politics works around here, and as I said earlier, I have no particular hero complex but I cannot in good conscience, when I said to the people of this State in my Opening Day address that we've got to protect the wider public interest; the interest of the thousands of silent voices, never heard around here through their lobbyists.

We've got to worry about the guy who's not a government worker; we've got to worry about the man in the private sector who's concerned about the permanency of his job; we've got to worry about the man whose job has been eliminated; we've got to worry about the 25,000 people on the unemployment roles; we've got to worry about the independent businessman who has his hands full trying to meet taxes, to meet his payroll, to keep in competition in a very competitive market.

What we are going to do tonight in a single act, in a single vote, almost by unanimous consent, is going to have a GREAT financial impact on this State. I would wish that some of you would consider your vote very carefully on this. I would wish that most of you would vote No on this.

As I said, 'this does not preclude granting wage increases later on'... renegotiated wage increases. I think the 5% incremental increase is quite adequate at the moment. I am willing to consider other wage agreements that have calculated into their agreements the incremental increases also. What I see in this package is that we are saying okay to wage agreements that have incremental increases on top of an 8% - 8½% increase. This to me is more than the taxpayers of this State can afford.

Thank you."

Senator George then said that the previous speaker had expressed her reservations very well and that she was going to vote No on this measure.

The motion was put by the Chair and carried and S.B. No. 1645, S.D. 1, entitled: "A BILL FOR AN ACT MAKING APPROPRIATIONS FOR SALARIES AND OTHER ADJUSTMENTS, INCLUDING COST ITEMS OF COLLECTIVE BARGAINING AGREEMENTS COVERING PUBLIC EMPLOYEES AND OFFICERS", having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (George and Kawasaki). Excused, 1 (Nishimura).

Senate Bill No. 115, S.D. 2:

On motion by Senator Toyofuku, seconded by Senator Young and carried, S.B. No. 115, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO COLLECTIVE BARGAINING", having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Nishimura).

At 8:45 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 8:46 o'clock p.m.

ADJOURNMENT

At 8:47 o'clock p.m., on motion by Senator Taira, seconded by Senator Anderson and carried, the Senate adjourned until 11:30 o'clock a.m., Friday, March 14, 1975.

FORTY-SECOND DAY

Friday, March 14, 1975

The Senate of the Eighth Legislature of the State of Hawaii, Regular Session of 1975, convened at 11:30 o'clock a.m., with the President in the Chair.

The Divine Blessing was invoked by the Reverend Christian Tirre of the Hanapepe United Church of Christ, after which the Roll was called showing all Senators present.

The President announced that he had read and approved the Journal of the Forty-First Day.

At this time, the following introductions were made to the members of the Senate:

Senator Yee introduced 100 fourth, fifth and sixth grade students from Manoa Elementary School, together with Mr. Takemoto, principal; Mrs. Fo, vice-principal; and teachers Mrs. Watanabe, Mrs. Minette, Mr. Chang and Mr. Togikawa.

Senator Anderson then introduced Mr. and Mrs. C. P. Evans of Anchorage, Alaska. Mr. Evans is formerly of Hawaii and is presently an Assemblyman in Anchorage, Alaska.

Senator Kuroda introduced 110 fifth graders from Iroquois Point Elementary School, together with their teachers Mr. Biyarn Kaer, Mrs. Phyllis Ornellas, Mrs. Sharon Johnson, Miss Judy Hamamoto and Mr. Gary Freisen. Also introduced were parents Mrs. Lynne Kennedy, Mrs. Blanche Burcham, Mrs. Karen McElmurry, Mrs. Beverly Taylor and Mrs. Phyllis Gerfen.

At this time, Senator O'Connor introduced his mother, Mrs. Virginia O'Connor and her friend, Mrs. King.

Senator Hulten then introduced Mrs. Shirley Burton, who is visiting from California with her husband Mr. Robert Burton, President of the Community College System of San Francisco.

SENATE RESOLUTIONS

The following resolutions (S.R. Nos. 325 and 326) were read by the Clerk and were disposed of as follows:

A resolution (S.R. No. 325), entitled: "SENATE RESOLUTION WELCOMING EMMET JAMES KAY, SR., BACK TO HAWAII", was jointly offered by Senators Ushijima, Hara, Yamasaki, Kuroda, Ching, Hulten, Toyofuku, Taira, Chong, Takitani, Leopold, F. Wong, O'Connor, Nishimura, King, Young, Rohlfing, R. Wong, Yee, Saiki, George, Anderson, Henderson, Yim and Kawasaki.

On motion by Senator Taira, seconded by Senator Anderson and carried, S.R. No. 325 was adopted.

At this time, the President introduced the honoree of the resolution just

adopted and Mrs. Kay. They were presented with leis by Senators Saiki and Yamasaki.

A resolution (S.R. No. 326), entitled: "SENATE RESOLUTION HONORING THE PRESIDENT OF THE UNIVERSITY OF HAWAII, FUJIO MATSUDA", was jointly offered by Senators Takitani, Young, O'Connor, R. Wong, Toyofuku, F. Wong, Anderson, Ching, Taira, Chong, King, Yamasaki, Hulten, Kuroda, Kawasaki, Hara, Yim, Nishimura, Ushijima, Yee, Henderson, Leopold, George, Saiki and Rohlfing.

At this time, Senator Takitani escorted Dr. Matsuda to the rostrum where the President welcomed him and presented him with a certified copy of the resolution just adopted.

Dr. Matsuda then addressed the members of the Senate as follows:

"Mr. President, members of the State Senate, ladies and gentlemen:

It is with a great deal of appreciation and humility that I receive these messages of goodwill and exhortation. The President of the University occupies an extremely important position in the welfare of this State and especially of our future generations. I accept this task with a great deal of trepidation, and I hope that I will be able to meet its many very difficult demands.

I have in the past come to you for assistance and guidance in my previous incarnation as Director of Transportation. I have come to you with many problems which from time to time perhaps put us on opposite sides of an issue. I have always appreciated the way in which you dealt with these problems. We were able to deal with them on their merits, on the issues, on the principles involved; and after the dust settled, whether you were able to approve or disapprove the legislation that we proposed, we were able to remain friends and to address the next problem without any prejudices and perhaps with a bit more friendship and respect for each other.

And I certainly am very grateful for the kind of relationship that I have had with many of you, some of you from the other Chamber from many years ago and some from this Chamber.

I have gone through an apprenticeship in public service. I hope to continue learning as I assume my duties as the President of your University. I don't promise that I will not bring issues to you which will again cause you and me a great deal of difficulty, but then that is the nature of your job and mine. I seek your understanding. I seek your cooperation in the years to come.

I know how very busy you are, and for you to take the time out to honor me in this way is certainly appreciated by myself and by my wife Amy who has been with me through thick and thin, but always on my side.

Thank you very much."

At 12:27 o'clock p.m., the Senate reconvened.

MATTERS DEFERRED FROM EARLIER ON THE CALENDAR

Standing Committee Report No. 635 (S.C.R. No. 45):

By unanimous consent, action

on Stand. Com. Rep. No. 635 and S.C.R. No. 45, entitled: "SENATE CONCURRENT RESOLUTION ENDORSING HAWAIIAN AIRLINES' APPLICATION TO THE CIVIL AERONAUTICS BOARD FOR THE CERTIFICATED SCHEDULED AIRLINE ROUTE AUTHORITY BETWEEN VANCOUVER, BRITISH COLUMBIA, CANADA, AND HONOLULU, HAWAII", was deferred until Monday, March 17, 1975.

Standing Committee Report No. 636 (S.R. No. 187):

By unanimous consent, action on Stand. Com. Rep. No. 636 and S.R. No. 187, entitled: "SENATE RESOLUTION ENDORSING HAWAIIAN AIRLINES' APPLICATION TO THE CIVIL AERONAUTICS BOARD FOR THE CERTIFICATED SCHEDULED AIRLINE ROUTE AUTHORITY BETWEEN VANCOUVER, BRITISH COLUMBIA, CANADA, AND HONOLULU, HAWAII", was deferred until Monday, March 17, 1975.

At this time, Senator Yamasaki introduced 79 students from Lihikai School on Maui, together with their teachers Mrs. Sharon Yanagida, Mrs. Judie Iuchi, Mrs. Judith Matoi and Mr. Roy Nakasone. Also introduced were chaperones Mrs. Margaret Cabrinha, Mrs. Magdalene Fong, Mr. Noboru Nakao and Mr. David Pacheco.

Senator Yamasaki also introduced Mr. George Izaki of Maui.

Senator O'Connor then rose on a point of personal privilege and spoke as follows:

"Mr. President, I rise on a point of personal privilege.

Mr. President, this morning when I awoke I was surprised to hear on the radio that there had been a fist fight in this Chamber last night and that two Senators, whose names I didn't quite recognize, had been involved with each other. This story ran on several major radio stations this morning for several hours regarding two Senators fighting each other."

The President then commented and vouched for the fact that there was no fight here in the Senate Chambers.

Senator O'Connor then continued as follows:

"Mr. President, I didn't see one either. Therefore, I rise on a point of personal privilege to encourage the Press to be more explicit in their reporting to insure that they do report any fights which we have here in this Chambers. But when the fights occur somewhere else, I encourage them to be more explicit in detailing where those fights occurred.

I have also been encouraged by one of my colleagues to state that the Press was also inexplicit in setting down in their periodicals the time for a rather important meeting this past week having to do with the executive pay raises. As a result, a large group of people were 'mustered' to come to the Capitol at 1:00 o'clock on a certain day regarding that measure when the hearing in fact was at 9:00 o'clock.

This error, which was printed in one or more of our periodicals, caused great consternation for an entire morning and disrupted the early morning sleep of one of our distinguished Chairman of Committee.

Therefore, my point of personal privilege this morning, Mr. President, is to encourage the Press, both the written Press and oral Press, to be more explicit in the way they report your honorable Senate."

At this time, Senator Kawasaki commented as follows:

"Mr. President, I'm a little dubious about the reaction that the Press will have. Whenever we request that they report things accurately, they say that it is an infringement of their First Amendment rights. That's the argument they always use, and I just wanted to know whether Senator O'Connor was aware of this."

Senator O'Connor then stated:

"Mr. President, as one who thoroughly encourages the First Amendment rights of the Press, I still feel that they can be a little more accurate."

ADJOURNMENT

At 12:50 o'clock p.m., on motion by Senator Taira, seconded by Senator Anderson and carried, the Senate adjourned until 11:30 o'clock a.m., Monday, March 17, 1975.

ORDER OF THE DAY

MISCELLANEOUS COMMUNICATION

A communication from the Legislative Assembly of the State of North Dakota, (Misc. Com. No. 7), transmitting a concurrent resolution adopted by that Body calling for an amendment to the U.S. Constitution to require a balanced budget for each session of Congress except in time of war or national emergency, was read by the Clerk and was placed on file.

Senator King then rose on a point of personal privilege and spoke as follows:

"Mr. President, I rise on a point of personal privilege. We have just received the latest newsletter from the President of Hawaii Visitors Bureau and I note that the lead story has an item saying that they're going

to run these items stressing the theme in big letters 'Aloha Means Good-Buy.'

I feel a real sense of repugnance at the idea of our very special word 'aloha' being tied to dollars in this fashion.

They say that this advertisement will be a big 9-1/4" x 11-1/2" and will be running in various publications.

Although it's a very clever pun, and I like puns myself, it seems to me that they will do long-range permanent damage to the feeling people have about the word 'aloha' when they say 'Aloha Means Good-Buy.'

I'd like to take this public forum as an opportunity to urge them to reconsider running this type of ad.

Thank you."

ORDER OF THE DAY

RE-REFERRAL OF A HOUSE CONCURRENT RESOLUTION

The President made the following re-referral of a House Concurrent Resolution that was received on March 20, 1975:

H.C.R. Referred to:

No. 73, H.D. 1 Committee on Housing and Hawaiian Homes, then to the Committee on Ways and Means

RE-REFERRAL OF A SENATE CONCURRENT RESOLUTION

The President made the following re-referrals of a Senate Concurrent Resolution that was offered on March 12, 1975:

S.C.R. Referred to:

No. 98 Committee on Housing and Hawaiian Homes, then to the Committee on Ways and Means

RE-REFERRAL OF A SENATE RESOLUTION

The President made the following re-referral of a Senate Resolution that was offered on March 12, 1975:

S.R. Referred to:

No. 321 Committee on Housing and Hawaiian Homes, then to the Committee on Ways and Means

Senator Ching then rose on a point of personal privilege, both as an individual Senator and as Majority Leader, and stated as follows:

"Mr. President, I rise on a point of personal privilege.

On Monday morning, March 24th, there appeared in the Honolulu Advertiser a commentary written by one of the researchers in the Senate Minority Office.

I do not contest that individual's right to write letters to the newspaper, but considering that he appears to be the voice of the Minority in the Senate, I rise to rebut the content of the commentary to make it very clear that there are many of us who do not agree or subscribe to its allegations.

His complaint simply stated that the Democratic committee chairmen are not reporting Republican measures out of their committees, that certain content of Republican bills are being transposed into Democratic bills for passage, or that entire Republican bills are being reported out of Committee under the number of a bill introduced by a Majority member.

First, let me state clearly that the responsibility of the Majority in the Legislature is to act maturely and cohesively to produce the programs and legislation necessary to move the State forward. If this is done correctly and completely, then the Majority may take the credit for it. If it is done improperly, and if legislation does not move the programs of the State forward, then the Majority is criticized.

And, of course, that criticism comes from the 'loyal opposition', who now seem to desire to be part of the Majority.

We have never in this Body, either in committee or on the floor, limited Minority input or stifled Minority ideas; nor is it our intent ever to do so. The loyal opposition must serve its purpose.

However, we must retain the integrity and responsibility of our committee chairmen; and those committee chairmen are the best judges of the method

in which ideas, concepts, or bills should move to the floor for a vote. If a committee chairman believes that simply because a bill has been introduced by a certain Senator, whether that Senator be Minority or Majority, that it stands a chance to be defeated on the floor, then it is for that chairman and his committee to incorporate the general ideas of that legislation in some other vehicle which will pass if brought to the floor.

The newspaper article referred to alleged specific instances where chairmen of committees have either failed to move Republican measures or have incorporated certain Republican ideas in Democratic bills. I will not take the time to rebut each of those individual allegations.

However, in general, it is my observation that our committee chairmen have in each instance acted responsibly and have utilized Minority input to the benefit of the State, where that input would benefit the State; or have rejected it, where it would not.

The attempt by the Minority to say that we have somehow failed to provide openness in government or reform, in this instance, is fallacious. Open consideration of Minority ideas has been the keynote of this session, and the commentary in Monday's Advertiser is unwarranted and without basis."

Senator Rohlfing then rose and spoke as follows:

"I rise on a point of personal privilege, Mr. President. I do not have the article before me, and I do not contest all of the statements made by the distinguished Majority Leader from the point of view of his position as Majority Leader.

I think the fundamental point that he brought up, however, is one with which we concur regardless of our viewpoint as to particular aspects of any piece of literature in the paper. And that is that we are looking with maturity at the issues and the bills facing us in our committees. That maturity should come within the framework of what the people of the State of Hawaii expect of us as individuals regardless of what Party we belong to; because today the public is not concerned so much with what label you wear, but where you stand, what your responsibility is, and whether you are maturely looking at the merits

of the legislation and the concerns of the people.

By the polls, the party to which those of us on this side of the isle belong represents something like 18% of the people of this nation. The Democratic Party to which you belong across the aisle represents a lot more by percentage polling. But what is significant is that the change in memberships of political parties has gone from both parties to a category called Independent, which today is the dominant political affiliation of the people, certainly of Hawaii and in most of the United States.

When we are in this Body, because of our peculiar and multiple representation system, we represent the same people regardless of whether we wear the Democratic or Republican label. And so in representing those people, we should do so on the basis of cooperative effort. If not, then we should change the system and have one representative and get it down to a much more functional representation system.

The people of Hawaii have not wanted that. They did not want it in the Constitutional Convention. They wanted to continue the system whereby we can get over the partisanship and get on with mature consideration of the legislation before us.

What particularly concerns those of us on this side of the aisle, however, is that continuous repetition of statements seem to be popping up in the press that the members of the House of Representatives have been informed that no Republican bills will pass the Senate, and that there will be no resolutions, etc., coming out of the Senate; and that is why they should not pass Republican bills or even include Republican measures within legislative vehicles that have gone over to the other side.

If this is true, then I think we have defeated the very thing that the Majority Leader said, and that is that we were here to consider things on the basis of maturity. And if that is not true, then I hope his statement here that it's the Committee Chairman's responsibility to make that decision, to review the legislation, to review the proposals or input that the Minority has, or more particularly that each individual Senator has, because we don't always agree amongst ourselves.

And while we feel that the Majority Party certainly has a role of responsibility

to the people of this State, each member of this Body has that same responsibility; and he's going to have it for three and a half more years. If we can't get together and work constructively in the spirit of the cooperation that was enunciated on the first day of this session, then we are all going to have 'shame' on our faces.

Thank you, Mr. President."

At 11:56 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

At 12:28 o'clock p.m., the Senate reconvened.

No. 40, H.D. 2, S.D. 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR ACQUISITION OF LANDS FOR PUBLIC RIGHTS-OF-WAY AND PUBLIC TRANSIT CORRIDORS", passed Second Reading and was referred to the Committee on Ways and Means.

Senator King, for the Committee on Ecology, Environment and Recreation, presented a report (Stand. Com. Rep. No. 812), recommending that House Bill No. 381, H.D. 1, pass Second Reading and be referred to the Committee on Health.

By unanimous consent, referral of H.B. No. 381, H.D. 1, to the Committee on Health was waived.

On motion by Senator King, seconded by Senator Hulten and carried, Stand. Com. Rep. No. 812 was received and placed on file and H.B. No. 381, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO VARIANCES FROM POLLUTION CONTROL

REQUIREMENTS", passed Second Reading and was placed on the calendar for Third Reading on Wednesday, April 2, 1975.

In accordance with Article III, Section 16, of the Constitution of the State of Hawaii, the 24-hour notice was given on H.B. No. 381, H.D. 1.

Senator King, for the Committee on Ecology, Environment and Recreation, presented a report (Stand. Com. Rep. No. 813), recommending that House Bill No. 1117, H.D. 2, as amended in S.D. 1, pass Second Reading and be referred to the Committee on Ways and Means.

On motion by Senator King, seconded by Senator Hulten and carried, the report of the Committee was adopted and H.B. No. 1117, H.D. 2, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO 'THE SPIRIT OF LILIUOKALANI' ", passed Second Reading and was referred to the Committee on Ways and Means.

Senator King, for the Committee on Ecology, Environment and Recreation, presented a report (Stand. Com. Rep. No. 814), recommending that House Bill No. 1624, H.D. 1, as amended in S.D. 1, pass Second Reading and be referred to the Committee on Economic Development.

On motion by Senator King, seconded by Senator Hulten and carried, the report of the Committee was adopted and H.B. No. 1624, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO SHORELINE STRUCTURES", passed Second Reading and was referred to the Committee on Economic Development.

Senator King, for the Committee on Ecology, Environment and Recreation, presented a report (Stand. Com. Rep. No. 815), recommending that House Bill No. 1713, H.D. 1, pass Second Reading and be referred to the Committee on Ways and Means.

On motion by Senator King, seconded by Senator Hulten and carried, the report of the Committee was adopted and H.B. No. 1713, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO ART IN STATE BUILDINGS", passed Second Reading and was referred to the Committee on Ways and Means.

Senator King, for the Committee on Ecology, Environment and Recreation, presented a report (Stand. Com. Rep. No. 816), recommending that

House Bill No. 91, H.D. 2, as amended in S.D. 1, pass Second Reading and be referred to the Committee on Ways and Means.

On motion by Senator King, seconded by Senator Hulten and carried, the report of the Committee was adopted and H.B. No. 91, H.D. 2, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO HISTORIC PRESERVATION", passed Second Reading and was referred to the Committee on Ways and Means.

At 12:00 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

At 12:03 o'clock p.m., the Senate reconvened.

ORDER OF THE DAY

RE-REFERRAL OF A HOUSE BILL

The President made the following re-referral of a House Bill that had been received on Friday, March 14, 1975:

House Bill Referred to:

No. 1742, H.D. 1 Committee on
Ways and Means

MATTERS DEFERRED FROM MARCH 31, 1975

Senate Concurrent Resolution No. 45, H.D. 1:

Senator O'Connor moved that the Senate agree to the amendments proposed by the House to S.C.R. No. 45 and that S.C.R. No. 45, H.D. 1, be finally adopted, seconded by Senator Ching.

Senator O'Connor then explained that the amendment made to S.C.R. No. 45 involved a change indicating that the Civil Aeronautics Board should not injure Aloha Airlines in any way by such an award.

The motion was put by the Chair and carried and Roll Call vote having been requested, S.C.R. No. 45, H.D. 1, entitled: "SENATE CONCURRENT RESOLUTION ENDORSING HAWAIIAN AIRLINES' APPLICATION TO THE CIVIL AERONAUTICS BOARD FOR THE CERTIFICATED SCHEDULED AIRLINE ROUTE AUTHORITY BETWEEN VANCOUVER, BRITISH COLUMBIA, CANADA, AND HONOLULU, HAWAII", was finally adopted on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Kawasaki and R. Wong).

Senate Bill No. 165, H.D. 1:

By unanimous consent, consideration of S.B. No. 165, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO REGULATION OF MORTUARIES", was deferred until Wednesday, April 2, 1975.

Senate Bill No. 959, H.D. 1:

By unanimous consent, consideration of S.B. No. 959, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO TAKE-OVER BID DISCLOSURES", was deferred until Wednesday, April 2, 1975.

Senate Bill No. 960, S.D. 1, H.D. 1:

Senator Nishimura moved that the Senate agree to the amendments proposed by the House to S.B. No. 960, S.D. 1, and that S.B. No. 960, S.D. 1, H.D. 1, having been read throughout, pass Final Reading, seconded by Senator O'Connor.

Senator Nishimura then explained that the amendments relate to typographical errors found in the original Senate Bill.

The motion was put by the Chair and carried and S.B. No. 960, S.D. 1, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII INSURANCE LAW", having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Standing Committee Report No. 748 (S.R. No. 296):

By unanimous consent, consideration of Stand. Com. Rep. No. 748 and S.R. No. 296, entitled: "SENATE RESOLUTION COMMENDING THE HABILITAT AND URGING THE STATE OF HAWAII THROUGH ITS VARIOUS DEPARTMENTS AND AGENCIES TO ASSIST AND SUPPORT THE HABILITAT WHEREVER AND WHENEVER POSSIBLE", was deferred until Wednesday, April 2, 1975.

At 12:07 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

At 12:56 o'clock p.m., the Senate reconvened.

Standing Committee Report No. 708

(H.B. No. 1870, H.D. 1, S.D. 2):

Senator F. Wong moved that Stand. Com. Rep. No. 708 be adopted and that H.B. No. 1870, H.D. 1, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hara.

At this time, Senator F. Wong offered the following amendment to H.B. No. 1870, H.D. 1, S.D. 2:

"House Bill No. 1870, H.D. 1, S.D. 2, is amended in the following respects:

1. On Page 2, Line 5, change the word 'seven' to 'nine'.

2. On Page 2, Line 16, after the word 'duties.', add the following new sentence: 'Six affirmative votes shall be necessary for the commission to take any action.'

3. On Page 7, Line 17, after the word 'filed', delete the words 'as of March 1, 1975.', and insert the following: 'prior to July 1, 1975 or filed within thirty days after service of a certified copy of any findings of fact, conclusions of law, final decision and order made as part of the commission's 1974 periodic boundary review, whichever occurs later.'

4. On Page 12, Lines 7 through 12 are deleted and a new paragraph (e) is inserted as follows:

'(e) Together with other witnesses that the commission may desire to hear at the hearing, it shall allow a representative of a citizen or a community group to testify who indicates a desire to express the views of such citizen or community group concerning the proposed boundary change.'

5. On Page 17, delete the first paragraph (lines 1 through 4) in its entirety."

Senator F. Wong moved that the amendment be adopted, seconded by Senator Hara.

Senator F. Wong then explained the amendment as follows:

"I would like to take a brief time to explain the amendment.

The first amendment increases the Commission from seven to nine.

The second amendment requires six affirmative votes for the Commission to take any action. This maintains

the status quo as it exists in the law today.

Amendment number 3 is intended to clarify that this Body has absolutely no intention whatsoever to provide or interfere with any court suit now pending before the courts of this land.

The fourth amendment is one that has been raised because of some constitutional issues involved in an adversary proceeding where written testimony or the limitation of cross examination is hampered. In the present form it provides for the same type participation by the public as before; and there are no substantive changes in this particular amendment although it has been rewritten to conform to the constitutional issues that were raised yesterday.

The fifth amendment is a deletion of one paragraph on page 17. This particular provision is covered on page 13, sub-section (g); and I would like to call to the attention of the members that the blank space after the words and number Section 205- on line 7 refers specifically to Section 10 of this bill.

Mr. President, the Senate Draft 2 that has been before this Body is a good bill. Senate Draft 3 with these amendments makes it a better bill."

Senator King then rose and spoke as follows:

"Mr. President, I have a very difficult time to know whether I am rising to speak in favor of the amendment or against it because there are five different parts to it. It would have seemed to me that it would have been a lot fairer to have introduced them one at a time so that we could indicate how we felt about each one of them.

I think the expansion of the group in the first part of this from seven to nine is a good idea. I think raising of the affirmative votes from four to six is a good idea. And I totally agree with number 3 which takes care of one of our major concerns; and, therefore, the amendment that I was going to introduce on that portion, I will not.

However, I disagree with number 4 on the amendment that we are presently discussing because it does not carry out the intent of the decision made by the Economic Development Committee. The purpose

of (e) on page 12 was to allow anyone to participate in the proceedings of the Land Use Commission. When the bill was reported out of the Ecology, Environment and Recreation Committee, we wrote in a section allowing for this. This was deleted by the Economic Development Committee.

But at the time that it was deleted, the Chairman of the Economic Development Committee indicated that the language of the amended bill would include the provision of allowing anyone to participate in the proceedings of the Land Use Commission. However, the proposed amendment does not allow anyone to do so. It says, 'it shall allow a representative of a citizen or a community group to testify'. So under this section, only a representative of a citizen or a community group will be permitted to testify before the Land Use Commission.

I strongly believe that any citizen should be able to testify as an individual. Accordingly, I will have to speak against number 4 of this amendment; and I will be presenting an amendment of my own which will add the words 'a citizen' in addition to the representative of a citizen group.

Number 5 on this amendment we are considering deletes the first paragraph (lines 1 through 4) in its entirety. The section being deleted says that the Land Use Commission shall comply with the interim land use guidance policy. One of the merits of this bill is that it does set up such an interim policy and calls for a permanent one; and now we are deleting the section that says the Commission should abide by it leaving in the bill only the language that says they should do so insofar as practicable."

Senator Kawasaki then asked Senator King whether or not she would yield to a question for clarification, to which Senator King replied in the affirmative.

Senator Kawasaki then queried:

"Is it your intent at this point to amend the amendment that was proposed by Senator Francis Wong?" Senator King answered in the affirmative.

Senator Kawasaki then suggested that Senator King move to amend the amendments already presented. Senator Kawasaki said, "If it carries, fine. Then the entire amended bill goes up for a vote. If that fails, then we resort back to the original amendment as proposed by Senator

Francis Wong."

Senator King then rose and stated as follows:

"I would be happy to pursue that way, Mr. President, except that I was planning to stand by the amendments as I introduced them yesterday; and the language on the amendment page indicates that it's an amendment to the bill. If I were to amend the amendment at this time, then we would have to recess while I prepared new amendments that indicated on the page that they were amending the amendment rather than amending the bill.

Since I think the end result might well be the same, it might be better to stand with the amendments that I have though I would be happy to go along with that suggestion, Mr. President."

In the interest of saving time, the President suggested that Senator King retain her separate amendment.

Senator Anderson then rose and spoke against the amendment as follows:

"Mr. President, I guess I find myself in the same situation; but I rise to speak against amendment number 1 and number 2.

Number 2 is actually tied into number 1 where it changes the seven commissioners to nine. We're talking about four, one from each county, and five at large. If I know my politics, and I think I do, this not only gives the neighbor islands the veto over the land use decisions, it will in fact give the neighbor islands the final say because as I stand here, I am willing to bet you that final vote will be five appointed neighbor island commissioners and four from this county.

Over the years, I have seen many instances where neighbor island politicians, as well as commissioners on the various boards, were in positions to cast votes that determined our fate on this island when they themselves aren't responsive or they don't have to answer to the people of this particular island. I cannot agree that nine, with the five and four combination, is going to be advantageous to Oahu.

The neighbor islands have done a tremendous job in taking care of their own problems. I think and believe in home rule, and I think

the neighbor islands should have some say. However, I don't want to see the neighbor island commissioners in numbers dictate how windward Oahu is going to go and grow as the years proceed.

As I have said, I have seen the people who are not responsive to my constituency vote for or against a particular program because they pick up, get on an airplane and go home and they don't have to answer to my people. I think that puts the Oahu legislators and the Oahu problems at a terrible disadvantage."

Senator Kawasaki then commented as follows:

"Voting for the second amendment, Senator Anderson, requiring six affirmative votes to take action will prevent a majority of only five neighbor island commissioners to pass action. It will require another single vote from Oahu, six votes in total. This is the reason for that particular amendment."

Senator Anderson then stated:

"If I may, I think that I have the numbers properly, and I realize one out of the four would have to go along with it; and that isn't hard to get. That would be twenty-five percent of the Oahu commissioners. Five neighbor islanders and one Oahu commissioner would determine the fate of any one district, and I just don't think that's wise.

I got the numbers as you suggested, but I don't think it's fair to this island."

Senator Kawasaki then responded as follows:

"One brief second response, I think it behooves all of the Oahu island senators here to urge the Governor, the appointing authority, to be sure that the five at-large people he appoints will include at least two members representing the at-large membership from Oahu. That would be an assurance of sorts that outside islanders would not have the monopoly on votes."

At this time, Senator King rose and spoke as follows:

"Mr. President, I'd like to speak again against point number 4 on the proposed amendment.

Although I said a minute ago that because of the time element that

it might be better not to do this, I wonder if you would look at the amendment that I introduced yesterday on this same section. I feel that this aspect of it is of such importance that the matter of saving a little time one way or the other should not prevail because I feel it's very crucial.

The Administration's bill as it came down locked out a lot of people. The intent of the Ecology, Environment and Recreation Committee and the intent of the Economic Development Committee, as I understood it, was to let these people in. This proposed amendment doesn't do it. The one that I am suggesting does simply by saying 'citizens or representatives of citizens or community groups'; so if the language of the amendment that I introduced yesterday, the introduction to it, allows us to vote on this as an amendment to point 4 on this amendment, I would like to proceed accordingly that point 4 on Senator F. Wong's amendment be amended in accordance with the amendment that I submitted yesterday to amend this same section."

Senator King then offered the following amendment to the amendment:

The amendment to the amendment to H.B. No. 1870, H.D. 1, S.D. 2 (as offered by Senator F. Wong) is amended as follows:

"Delete Number 4 and insert the following:

'(e) At the hearing the commission shall accept written testimony or call as its witnesses citizens or representatives of citizen or community groups who indicate a desire to express their views concerning the proposed boundary change. The commission may limit cross examination of such witnesses by the parties to the proceedings except as is necessary for a full disclosure of the facts.'"

Senator King moved that the amendment to the amendment be adopted, seconded by Senator Chong.

Senator F. Wong then rose to speak against the proposed amendment to the amendment as follows:

"Mr. President, I rise to speak against the proposed amendment to the amendment.

There are two major defects in the amendment. First, it provides

for written testimony to be submitted at the public hearing. This has been shown to be unconstitutional under a quasi-judicial hearing because there is not the right to cross-examine.

Second, limiting the right of cross-examination in the last sentence also falls by the wayside as being unconstitutional in an adversary hearing.

I think that the amendment as originally offered by me provides for the adequate safeguards so that all points of view can be taken into consideration.

Thank you."

Senator King then rose and responded as follows:

"Mr. President, I have already spoken twice, but may I respond to the prior speaker's point about written testimony.

The Land Use Commission has its own rules and regulations. If written testimony is allowed to be submitted by someone who for a valid reason couldn't be present, the Land Use Commission's regulations could easily provide that interrogatories be subsequently taken because there is a time span after the actual hearing date before the commissioners meet to make their decisions. Therefore, I think the point about the unconstitutionality and the limitations of the quasi-judicial procedure would not apply.

The main intent of this is that it would allow any individual to participate; and if we don't adopt the amendment to the amendment and simply go along with the amendment, we are shutting that door in the faces of individual citizens who would like to take part."

The motion to adopt the amendment to the amendment was put by the Chair, and Roll Call vote having been requested, the motion failed to carry on the following showing of Ayes and Noes:

Ayes, 7. Noes, 18 (Ching, Hara, Hulten, Henderson, Kawasaki, Nishimura, O'Connor, Rohlifing, Saiki, Taira, Takitani, Toyofuku, F. Wong, R. Wong, Yamasaki, Yee, Young and Ushijima).

The motion to adopt the amendment to H.B. No. 1870, H.D. 1, S.D. 2, as proposed by Senator F. Wong, was put the Chair and carried.

At this time, Senator Rohlfling offered the following amendment to H.B. No. 1870, H.D. 1, S.D. 2:

"H.B. 1870, H.D. 1, S.D. 2, Page 10, is amended to read as follows:

'petition shall be served on the county planning commission and the county planning department and all persons with a property interest in the land recorded at the department of taxation. In addition, such notice shall be mailed to all persons who have made a timely written request for advance notice of boundary amendment proceedings, and shall be published at least once in a newspaper in the county in which the land sought to be redistricted is situated as well as once in a newspaper of general circulation in the State at least twenty days in advance of the hearing. The notice shall comply with the provisions of section 91-9, shall indicate the time and place that maps showing the proposed district boundary may be inspected, and further shall inform all interested persons of their rights under subsection (d) of this section.

(d) Any other provisions of law to the contrary notwithstanding, agencies and persons may intervene in the proceedings in accordance with this subsection.

(1) The petitioner, the department of planning and economic development, the Hawaii housing authority and the county planning department shall in every case appear as parties and make recommendations relative to the proposed boundary change.

(2) All departments and agencies of the State and of the county in which the land is situated shall be admitted as parties upon timely application for intervention.

(3) All persons who have some property interest in the "

Senator Rohlfling moved that the amendment be adopted, seconded by Senator Leopold.

Senator Rohlfling then rose and spoke in favor of the amendment as follows:

"Mr. President, I would like to explain the basis for the amendment and what it proposes to do.

The only change on page 10 as proposed by this amendment is the insertion of the words 'the Hawaii

housing authority' in the sub-paragraph number 1 under (d). This particular part of the bill permits or rather directs the petitioner, the department of planning and economic development and the county planning departments to appear as parties in the case and to make recommendations relative to proposed boundary changes.

Mr. President, I think that there is ample evidence in the course of history of the Land Use Commission both here and with similar such commissions in other states to identify that there are roughly three different issue publics -- people in the community who identify with one general group or another that are involved in the course of a land use hearing.

Although they aren't always all involved, everyone knows that there is a group that is sympathetic to the developers, call it the financial interest or, if you will, the establishment. In issue group two are the environmentalists, many of which are national organizations or supported by resources in the community broader than an individual or very small group. The third issue public in the local area is the community council or community associations which are concerned about the future of their localities. At one time or another, the locality may agree with the development side or the environmentalists.

The larger groups, of course, are the first two I mentioned. The third appears occasionally and then recedes and disappears into the background when the issues do not affect that locality.

This is all preliminary to saying that there is a fourth group. It is seldom, if ever, represented in the proceedings before the Land Use Commission and such similar-type agencies. This is the group that is looking for housing, low-cost housing if there is still such a thing in this day and age. I did not know who to identify, who would represent that group throughout this community because although there are regional housing councils and there have been private organizations that have had housing concerns at one time or another, these agencies today do not seem to have any consistent position or disability.

Consequently, in trying to bring about some input into the decisions of the Land Use Commission on these various issues from those who know, or supposed to know, the law about the problems of providing low-cost

housing, I was only able to come up with Hawaii Housing Authority as being most knowledgeable in this field at the present time. Although it is true that the Hawaii Housing Authority can submit its own application for intervention, my personal feeling is that they would hesitate to do so and that they would not get involved unless they were directed to do so, as would be the case under the amendment which I am proposing.

I think that it is time that we realize that the Land Use Commission makes some very, very important decisions that affect a large block of citizens of this state who are not adequately represented in those proceedings. I believe that this amendment is an attempt to provide at least a vehicle for those people to have their interests represented and have someone look out for the housing side of the equation.

Thank you, Mr. President."

Speaking against the amendment, Senator F. Wong then stated:

"Mr. President, I rise very briefly to speak against the amendment.

As Senator Rohlfling pointed out, the Hawaii Housing Authority upon application shall be admitted as a party pursuant to paragraph 2.

I think the statements made by the distinguished Senator from the Seventh Senatorial District are well taken. However, it would place an unreasonable burden upon the Hawaii Housing Authority to act on applications regarding down-zoning from conservation to agriculture or from agriculture to rural. In all those matters, the Hawaii Housing Authority would not have an interest. To require them to be a party, as is suggested by the amendment, is an unreasonable burden."

The motion to adopt the amendment was put by the Chair and, Roll Call vote having been requested, the motion failed to carry on the following showing of Ayes and Noes:

Ayes, 4. Noes, 21 (Anderson, Ching, Hara, Henderson, Hulten, Kawasaki, King, Kuroda, Nishimura, O'Connor, Saiki, Taira, Takitani, Toyofuku, F. Wong, R. Wong, Yamasaki, Yee, Yim, Young and Ushijima).

Senator Rohlfling then offered the following amendment to H.B. No. 1870, H.D. 1, S.D. 2:

"H.B. 1870, H.D. 1, S.D. 2, Page

16, is amended to read as follows:

'and districting of all lands and of the regulations at the end of each five years following the adoption thereof. The assistance of appropriate state and county departments shall be secured in making this review and public hearings shall be held in each county in accordance with the requirements set forth for the adoption in final form of district boundaries and regulations under this chapter.'

SECTION 10. Chapter 205, Hawaii Revised Statutes, is amended by adding thereto a new section to be appropriately designated and to read:

'Sec. 205- Adoption of interim statewide land use guidance policy. The legislature hereby adopts the following as interim statewide land use guidance policy set forth in this section. The Land Use Commission shall observe and comply with these interim statewide land use guidance policies during the period commencing from the effective date of this Act until the effective date of the permanent statewide land use guidance policy set forth in section 205-

INTERIM STATEWIDE
LAND USE
GUIDANCE POLICY

The interim policies are:

(1) Land use amendments shall be approved only as reasonably necessary to accommodate growth and development, provided there are no significant adverse effects upon agricultural, natural, environmental, recreational, scenic, historic, or other resources of the area.'"

Senator Rohlfling moved that the amendment be adopted, seconded by Senator George.

Senator Rohlfling then rose and spoke in favor of the amendment as follows:

"I believe this amendment is clear from any reading in what it does in that we have been discussing in committee and outside of committee the term 'insofar as practicable'.

The amendment offered by Senator F. Wong eliminated a paragraph which would have stated that the Land Use Commission would have to follow these various policies until the ultimate plans were adopted. In other words, the Land Use Commission

would have to follow the interim statewide land use guidance policy in every case.

That being eliminated, the critical paragraph which deals with whether or not the Land Use Commission is going to follow the interim policies established by this statute in this amendment begins with 'Section 205-... Adoption of interim statewide land use guidance policy.' The language, 'The Land Use Commission shall, insofar as practicable, observe and comply with these interim statewide land use guidance policies', modifies every provision thereafter within the state land use guidance policies. That policy in itself is not really determinative of every issue. If you read those policies, you will find that it is in many cases a laundry list of trying to balance the various interests that would be involved in any hearing before the Land Use Commission.

But to insert at the beginning and as controlling language over all of those policy decisions one through nine or so on the next page is to, in my judgment, open a hole that you could drive a tiger tank, the Viet Cong, and the whole North Vietnamese Army if you believe in trying to follow the guidance policies that we are establishing, because 'insofar as practicable' is probably the widest legal terminology that can be used.

It is my opinion that we are really going through an exercise in futility. We think that we are adopting policies and guiding this Land Use Commission; and even in the purposes section of the statutes, there is reference to the fact that there are these various proven facts in established policies for which the Land Use Commission can make its impartial decision. Well, if it is only 'insofar as practicable' that we follow these policies, then in fact it is whatever they want to decide on the basis of whatever they want to decide.

One obvious improvement in this proposed statute is that there must be findings of fact and conclusions of law. But as to what; as to what policies; as to what established proven policies and direction. Obviously, it is the interim statewide land use guidance policy. But that is only 'insofar as practicable'. So what do we do? We go around in a circle, and we are convincing ourselves we are doing something that is major in this legislation. I don't think so. I think we are

only fooling ourselves. And unless we correct that and take out the 'insofar as practicable', and we say in fact that the Land Use Commission shall observe and follow these policies until more formal policies are adopted on a longer range basis, then we are wasting our time."

At this time, Senator F. Wong rose and spoke against the amendment as follows:

"Mr. President, I rise to speak against the amendment.

Very briefly, your Committee on Economic Development, in trying to come up with some meaningful interim guideline policies, has looked at various studies prepared by the State including the recommendations that were made by the Temporary Commission on Environmental Protection. It looked at the selected growth policy submitted recently to us by the Governor. As you know, the Land Use Commission deals with a wide range of applications not only in urban lands on Oahu, but also lands regarding parcels on Molokai and elsewhere. These interim guidelines were decided by the Committee as being the most meaningful ones that can be drafted at this time.

I would like to respond to Senator Rohlfling's criticism that this provides a loophole whereby a Sherman tank or otherwise can be driven through. This is absolutely not true! Under the quasi-judicial proceedings that we now have, each decision of the Land Use Commission has to be supported by findings of fact and conclusions of law identifying where it has by a preponderance of evidence found in favor or against a petitioner. Again I repeat, it is by the preponderance of evidence any party who disagrees with the findings of fact and the weight of evidence has the right to judicial appeal.

I think to consider the Land Use Commission's actions in the past in voting for this amendment would be erroneous, because what is being created is a body that is accountable and responsible to the people of Hawaii."

Senator Rohlfling then stated:

"Mr. President, I just want to comment briefly.

I think that we have seen through the years that we have dealt with the procedural aspects of land use planning. We established the Land

Use Commission, but we never really gave it any direction. We said, 'Here, you guys; go decide this. It is too hard for us to decide. We see a problem over there.'

I was in the Legislature when we adopted that bill in 1961. At that time, the counties were really doing things that they shouldn't be doing; and there also was great pressure to develop the conservation lands, the agricultural lands and so forth. In a sense, the pressure was even greater then than it is now. And we operated through this entire period without the guidelines.

The Land Use Commission has not made definitive rulings or issued opinions, and obviously that part of the bill if it passes will add something. But it does not substitute for lack of policy direction. We are only deceiving ourselves because we've set up a body to make decisions, but we've never given it any policy guidance.

So what do they do? They go on an ad hoc basis -- each case by case. And up to the present time, they haven't even had any history of what they did and who did it. To say 'insofar as practicable' on top of all that, again I say, is self-defeating."

Senator Kawasaki then stated as follows:

"I just want to make one brief statement.

I will vote against this amendment, but I do want to enter into the record at this point that after listening to all this dialogue, that perhaps what is most important in our actions here is that we make sure in the confirmation of the Land Use commissioners' names that are sent down from the Governor's office, that we take great care in ascertaining that these people are well qualified and they will to the best of their ability judge their actions and act in the best public interest.

At this point, I want to criticize the Governor of the State of Hawaii for sending down these names at this late date. He hasn't done it as yet, but I received a letter from the Governor pointing out some names that he wishes to submit to us for the Board of Regents and for the Land Use Commission. I want to get the message to the Governor very clearly that for important positions such as the Land Use commissioners,

it is imperative that he send these names down to us fast enough so we can have meaningful hearings in which to consider their qualifications. If he does not get confirmation on some of these people, then he's got no one else to blame but himself."

The motion to adopt the amendment was put by the Chair, and Roll Call vote having been requested, the motion failed to carry on the following showing of Ayes and Noes:

Ayes, 7. Noes, 18 (Ching, Hara, Henderson, Hulten, Kawasaki, Kuroda, Nishimura, O'Connor, Taira, Takitani, Toyofuku, F. Wong, R. Wong, Yamasaki, Yee, Yim, Young and Ushijima).

Senator King then offered the following amendment to H.B. No. 1870, H.D. 1, S.D. 2:

"Amend SECTION 5 of the quoted Sec. 205-4 on Page 13, Line 8, to read as follows:

'(h) Any person who participated or attempted to participate in proceedings to amend land use district boundaries may obtain judicial review thereof in the manner set forth in section 91-14, Hawaii Revised Statutes.'"

Senator King moved that the amendment be adopted, seconded by Senator Chong.

Senator King then explained the amendment as follows:

"This amendment is a very simple one attempting again to open the door to people. This deals with page 17 of the bill.

In respect to who may participate in judicial review, the bill now says that 'parties to proceedings to amend the land use district boundaries may obtain judicial review'. My amendment would say that 'any person who participated or attempted to participate in proceedings' may obtain judicial review. I feel this is very important, Mr. President.

The parties to proceedings are very limited since the bill already provides that if someone is already presenting the point of view, the Land Use Commission can say to another person very much interested in presenting his point of view, 'Sorry, someone else is presenting that point of view, so we are not going to let you in.' Therefore, that door would be shut.

Then we go on to say that only those that the Land Use Commission

let in may obtain judicial review. These parties that we allow in under the existing bill are not even the people that we allow in in a limited fashion in the Section (e) amendment discussed earlier. So what my amendment would say is not everybody but anybody who participated or attempted to participate might obtain judicial review.

I would urge an Aye vote on the amendment, Mr. President."

Speaking against the amendment, Senator F. Wong then rose and stated as follows:

"Mr. President, I rise again to speak against the amendment.

The provisions of Section 4 which calls for the free intervention of parties provides a far greater participation by the public than now enjoyed under our land use bill. To require that any party be permitted to appeal the decisions of the Land Use Commission would add chaos to the proceedings. And for that reason, Mr. President, I urge that the amendment be defeated."

The motion to adopt the amendment was put by the Chair and failed to carry.

Senator King then offered the following amendment to H.B. No. 1870, H.D. 1, S.D. 2:

"Amend SECTION 10 of the quoted Chapter 205, page 16a, line 19, to read as follows:

'(8) Agricultural lands shall not be reclassified as urban lands.'

(8), page 16a, then becomes (9)."

Senator King moved that the amendment be adopted, seconded by Senator Chong.

Senator King then rose and spoke in favor of the amendment as follows:

"This amendment deals with page 16a, and it amends Section 10. This is under the interim land use policies simply saying that agricultural lands will not be reclassified as urban lands. This provision would apply during the one and a half years remaining between the time the bill is adopted and the time that the permanent land use policy takes place.

I feel it is very important, Mr. President, to protect our agricultural lands during this period because

that is where the tremendous pressure is to develop lands. The State right now is beginning to reverse gears in terms of its ideas about growth, and growth meaning progress. We have a new state philosophy of slowed growth which is enunciated by the Administration. Because of that, because we have just had a five-year boundary review, and because only a year and a half remain in this interim period, I feel it is very crucial that during this small space of time we don't pull any more lands out of agriculture.

The Department of Planning and Economic Development's own study, central Oahu planning study, says, for example, that the number of housing units planned for lands already in the urban land use district is sufficient to accommodate housing needs for Oahu based on an eighteen-year projection of population growth. Right now, I am just talking about a year and a half.

The open space study that this Body commissioned says that when we enacted the land use law in 1961, we asked them to put sufficient land in urban for ten years. But the study found that when the permanent urban districts were created in 1964, sufficient reserve land for three times the projected ten-year population was set aside. Presently, I am only talking about a year and a half, Mr. President.

Just the other day in testimony before the Senate Housing Committee on House Bill 1900 which attempts to take lands out of agriculture, Blackie Yanagawa said, 'There's enough Oahu lands zoned urban to provide gap group housing without condemning agricultural land.' There are a number of ways, he said, to really lower the cost of housing without depending upon agricultural land.

Therefore, it is just for this year and a half, so let's not take any more agricultural land out of agriculture so that when we come up with the permanent policy, we won't say, 'Oh, yes, we wished we'd saved that, but it's gone.' "

Senator F. Wong then rose to speak against the amendment as follows:

"Mr. President, I rise to speak against the amendment.

As I have said earlier, in order for agricultural lands to be urbanized, it will require that there not only

be a reasonable need but there be the preponderance of evidence to support that application. Furthermore, Mr. President, this is a statewide policy. There are now pending before the Commission petitions involving the Island of Kauai that would be adversely affected by this amendment. Furthermore, there would be considerations of land on other islands outside of Oahu that would also be adversely affected by this amendment.

For those reasons, I urge this Body to vote against this amendment."

The motion to adopt the amendment was put by the Chair and failed to carry.

The motion was put by the Chair and carried, and Stand. Com. Rep. No. 708 was received and placed on file, and in accordance with Article III, Section 16, of the Constitution of the State of Hawaii, the 24-hour notice was given on H.B. No. 1870, H.D. 1, S.D. 3, entitled: "A BILL FOR AN ACT RELATING TO THE LAND USE COMMISSION".

At 1:26 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

At 1:27 o'clock p.m., the Senate reconvened.

Senator King then rose to speak against the bill as follows:

"Mr. President, I rise to speak against the motion.

This is a bill that is going to raise our gasoline tax by 3½ cents. What we are being asked to do is to bail out a department that has proceeded with poor planning in the planning of our highways.

We are being put into a box; and because at the present time the payment on debt service on the highway funds is close to fifty percent of that fund, and by the end of six years we'll be approaching close to seventy percent, we are asked to come in and help out by this 3½ cent increase in our gasoline tax.

If mine were the sole vote that would decide this matter, I would have to think very carefully about it because if we didn't do this, they would have a problem in terms of paying off this debt service that has risen so high at the present time. But what we have done is to once again do it in a very regressive fashion.

We haven't yet provided adequate mass transit; so, therefore, people have to use their cars. To impose this 3½ cent increase in our gasoline tax will once again hit the hardest those with the lowest income. We could have done it another way. Of course, we could even use the State general fund money to pay this. This unfortunately would

take away the reimbursable quality of these general obligation bonds, and they would be counted against the State's debt ceiling.

What we could have done, however, and as I had suggested earlier, would have been to impose a ten percent tax on occupied hotel rooms. This would have raised \$30 million plus a year, and the rationale for this could have been that the tourists use the roads as well so that a percentage of that ten percent could have been applied to this.

Because we have been put into a box, because we're asked to bail out planning mistakes while we plunged ahead with highway construction, and because this is once again regressive, I speak against it, Mr. President.

Thank you."

Senator R. Wong then rose and spoke in favor of the bill as follows:

"Mr. President, I rise to speak in favor of this bill. It will increase the tax on liquid fuel for highway use by 3½ cents per gallon. It's important, Mr. President, that the increase will become effective on May 1, 1975 and remain in effect until June 30, 1976.

The additional revenues from this bill will provide enough funds to preclude the incurring of an operating deficit in the highway special fund. Also, Mr. President, passage of this will keep to a nominal level -- about \$12 million -- the amount of bonds authorized for highway projects which will be counted toward the State's debt ceiling next year. This liability against the debt ceiling will be for one year only.

This bill is by no means an adequate or permanent solution to the problem of financing our highway special fund. We are faced with a leveling-off of fuel consumption and a rapid increase in many fixed costs in the highway programs, particularly the debt service costs for highway projects. New sources of revenue need to be investigated, and we must be critical in our review of future projects.

The Department of Transportation has reported that it will undertake a comprehensive analysis of revenues and expenditures related to surface transportation and will submit its analysis and recommendations to the 1976 Legislature. This information

should provide a solid base for the Legislature to seek a more permanent solution to the highway special fund problem during the next session.

Mr. President, I urge the members of the Senate to vote in favor of this bill.

Thank you."

The motion was put by the Chair and carried and Stand. Com. Rep. No. 884 was adopted and H.B. No. 857, H.D. 2, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE FUEL TAX LAW AND AMENDING SECTION 243-4, HAWAII REVISED STATUTES", having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Rohlfing then rose and spoke as follows:

"Mr. President, looking over this bill, I think that we've gone a lot farther than anyone would have anticipated some time earlier when we took a serious look at a strong but equitable law regulating lobbyists. If this bill comes out the way it is in its present form, I think the members of this community as well as those in the Legislature will rue the day that we have put so many restrictions on the public and how they can express their opinions before legislative bodies and before the government."

The motion was put by the Chair and carried and H.B. No. 127, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE REGISTRATION OF LOBBYISTS", having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

No. 55, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII LEASE RENT RENEGOTIATION RELIEF ACT", having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Henderson and Yee). Excused, 1 (Kawasaki).

House Bill No. 1597, H.D. 1, S.D. 1:

Senator Nishimura, moved that H.B. No. 1597, H.D. 1, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator O'Connor.

At this time, Senator Ching asked for a ruling of the Chair as to a possible conflict of interest as he is associated with a bank which may have an interest in this bill.

The Chair ruled that there was no conflict, and Senator Ching was allowed to vote.

Senator Ching asked the Chairman of the Judiciary Committee whether or not he would yield to some questions, to which Senator Nishimura replied in the negative.

Senator Ching then spoke as follows:

"Mr. President, then I guess this will have to be a self-serving statement.

Mr. President, I note that House Bill No. 1597, S.D. 1, is entitled:

'A BILL FOR AN ACT RELATING TO BANKING'. I would like to point out to the members of this Body and for the record, and this is contained in Standing Committee Report No. 893 which was passed out by the Committee on Judiciary with all twelve members signing without any reservations, that the amendment put on by the Senate to the House Draft is found on page 2 thereof.

It is a relatively simple amendment which in effect changes the duty of the bank to make readily available to depositors at each of its branch offices the rules and regulations dealing with the use of the passbook. This simple procedure was changed so that the depositors would have to be given these instructions, rules, that have to do with savings accounts at the time of the application for a savings passbook. My understanding, having served on the Committee, is that this was the only amendment that was tacked on to this bill.

Again, looking at my copy of the bill, I notice that there are only two pertinent sections of the bill. In Section 1, there is an amendment to Section 403-123, Hawaii Revised Statutes; and Section 2 involves Section 403-124, Hawaii Revised Statutes. Chapter 403, to which these two sections belong, is commonly known as The Hawaii Bank Act.

That is the way the bill goes over. Sections 3 and 4 of the bill are merely for the Revisor of Statutes and the effective date of the bill.

I do want to place these remarks in the record, Mr. President, because I understand that there will be some changes that are contemplated by the august Body across the way. So I thought that the record should be protected as this bill left this Body today.

Thank you very much."

Senator Rohlfling then stated as follows:

"Mr. President, in looking at this bill, I find that it is a very minor

amendment and that the amendment is really of no consequence to anyone.

On the original version, it was very clear that a depositor had the right to look at the rules and regulations of the particular banking institution. I wonder, then, what real value this amendment is going to have. I think we are really dealing with a frivolous amendment in this situation.

As Senator Ching has indicated, there may be some other motivations involved here; and I, for one, will vote No on this bill."

The motion was put by the Chair and carried and H.B. No. 1597, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO BANKING", having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Rohlfling).
Excused, 1 (Kawasaki).

At this time, Senator Hara, Chairman of the Committee on Education, requested a waiver of the 48-hour notice of a Public Hearing on Governor's Message Nos. 114 to 122 and 218 to 221; and the President granted the waiver.

Senator Anderson then rose on a point of personal privilege and requested that the Chair grant fewer waivers to the Rules due to the busy schedules during the last days of the session. Senator Anderson remarked that it becomes difficult to schedule and plan with many waivers and exceptions to the rule.

The President replied that he will be very careful in issuing these waivers and assured Senator Anderson that due consideration will be given concerning scheduling in the next week.

ADJOURNMENT

At 1:51 o'clock p.m., on motion by Senator Taira, seconded by Senator Anderson and carried, the Senate adjourned until 11:30 o'clock a.m., Monday, April 7, 1975.

SENATE CONCURRENT RESOLUTION

A concurrent resolution (S.C.R. No. 144), entitled: "SENATE CONCURRENT RESOLUTION EXTENDING THE CONDOLENCE OF THE LEGISLATURE ON BEHALF OF THE PEOPLE OF THE STATE OF HAWAII TO THE FAMILY OF JOHN ANTHONY BURNS", was jointly offered by Senators Ushijima, Anderson, Ching, Chong, George, Hara, Henderson, Hulten, Kawasaki, King, Kuroda, Leopold, Nishimura, O'Connor, Rohlfig, Saiki, Taira, Takitani, Toyofuku, F. Wong, R. Wong, Yamasaki, Yee, Yim, Young and was read by the Clerk.

Senator Taira moved that S.C.R. No. 144 be adopted, seconded by Senator Yee.

Senator Ching then rose to speak for the resolution as follows:

"Mr. President, fellow members of the Senate, Ladies and Gentlemen:

It was a year ago, almost to the day, when Governor Burns visited us in the closing days of the 1974 session to deliver his farewell address.

Many of us here today can recall the deep emotions that the occasion stirred up in our hearts. All of us present felt a profound Aloha for him.

We knew how difficult and painful it must have been to make his final public appearance, as he struggled to recover from the illness that had hospitalized him earlier.

It was, however, totally characteristic of him to stand up to any adversity to carry out what he felt to be his duty and his obligation as Chief Executive.

It was also typical of him that in his final address to us he chose not to dwell on past glories but on future challenges, inspiring us to rise to new tasks.

Characteristically, too, Jack Burns, spoke not of himself but of others in giving credit for all those changes

that took place during his administration.

To the end, he maintained that quiet and unassuming style of leadership that was his trademark.

After his remarks to us, I remember noting that his departure from office would present a whole new ball game for us and that things would never be the same without him on the fifth floor.

Now that Jack Burns is no longer with us in this life, the loss of his leadership is impressed even more indelibly upon us all.

For those of us who were inspired by him to join in the struggle for social, economic and political freedom more than 20 years ago, our loss is even more profound.

Governor Burns meant so much to us in so many ways. We learned so much from him, not only politically but also in terms of human relations. His deep compassion for the people of this State, particularly those whose opportunities for self advancement were on a lesser scale, underscored all that he sought to do as Governor of this State.

Jack Burns has frequently been described as a father figure for many of us. That he was, and more. And he was more than a figure to many of us. He was, in fact, a father to us, and we were privileged to feel a part of his family.

He held a vision of Hawaii that only the great could dream of, and his judgment proved more often right than wrong. If some of us were slow in seeing things as he saw them, from a broader perspective, we learned soon enough how farsighted he was.

To say that Jack Burns will be deeply missed is an understatement.

We are comforted, however, in the knowledge that he will be long remembered for all that he has done for Hawaii and for the people of this State. By any measure, they are monumental achievements.

For me, as I know it is for so many others throughout this State, Jack Burns will remain a source of continuing inspiration.

The finest tribute we can pay him is to live by the principles by which he was guided during a lifetime of public service, and to strive, as he reminded us so often, to keep reaching

for the impossible dream.

To Mrs. Burns and her family, in behalf of my colleagues of the Senate majority, I extend our heartfelt condolences in their time of bereavement.

It is a grief shared by all of us and by our constituents from throughout this State.

We have had a giant of a man among us. Let us remember him in our hearts for all time.

Jack, we're going to miss you!"

Senator Yee, then rose to speak for the resolution as follows:

"Mr. President, I, too, would like to express a few words of sympathy to a great man.

I speak not only for myself but also for my colleagues on this side of the aisle.

I remember back many years ago when he was first elected as Governor. Republicans as well as the business community were quite concerned about his being extremely pro-labor and would be anti-business. But during his twelve years of reign, he has proven himself to be a master and a statesman in bringing together the differences between business and labor, and as a result, we have had a very healthy community. We could not find fault with this philosophy of his.

More so, during my eight years in the Senate and during his second and third term as Governor, again he has proven himself to be an extremely fair-minded person. In talking with the late Senator 'Doc' Hill and Senator 'Heb' Porteus, we always found his doors open so that Republican minority input could be received; and believe me, he did take them into heart and many of the things that we stand for today were because of these meetings that we had with him. He never shut the door on us and he always gave us an opportunity to express our position.

Personally, I find it a very sad thing because, I speak as a Republican and I certainly know how the Democrats feel, for I too was a recipient of his quiet support in many of my tough campaigns and I respected this man for that kind of support he had given me.

We on this side of the aisle also extend our condolences to his family

and we hope that they will fare well in his passing.

Thank you."

Senator F. Wong, in speaking for the resolution, stated as follows:

"Mr. President, I also would like to pay tribute to a great man.

Today, and for many days in the future, many, many things will be said about John A. Burns. It is fitting that this should be so. Few deserve commendation more than does this great man, great statesman, and great friend. There are many who can be leaders, many who can be politicians, but there are few who can truly inspire and motivate men into action. John Burns was one of these few.

When I think of John Burns, I remember a day, some twenty years ago, when I, as a young undergraduate in college, breezed into the office of Hawaii's Delegate to Congress.

It was my good fortune to happen upon a moment when our Delegate could speak with me. I walked into the inner office. There, I met John Burns for the first time, and there, for the first time, I began to hear a voice, softly compelling, that was filled with dreams for a greater Hawaii, dreams for a greater tomorrow. We spoke about the two party system, an important issue to me at the time. Yet, what impressed me then, and throughout the many years that have followed, was that John Burns always had the time and patience to talk about the dreams he shared with Hawaii's people, and the will and strength to make those dreams come true.

In retrospect, I believe that it was that meeting which inspired me into public service. It was John Burns who gently showed me that I had much more to learn, much more to experience, and much more to do. And, that day, it was John Burns' voice which motivated me to act. He made me a Burns' Democrat, and I'm perhaps the youngest one here today, for which I am truly proud.

A few years later, I heard his eloquent voice again. This time, it was on the floor of the U.S. House of Representatives. John Burns was speaking in favor of the Hawaii Statehood Bill, and as his impassioned voice filled the chamber, I was once again inspired by this man.

The years did not change this part of John Burns. In the closing days of last year's legislative session,

he spoke to us, officially, for the last time. Though weakened by illness, his voice was still gentle, still compelling, and still inspiring.

As he has always inspired me, he continually infused many of us with the strength and wisdom to face the difficult years of World War II, the transitional years of statehood, and the expanding years of Hawaii in the sixties and seventies. He has inspired us as a State, as a people, and as individuals. I wonder how many of us would be here today were it not for his unwavering belief in what we are doing. He has done much for us; and for what he was, we are thankful.

And so, John Burns, in closing I say to you as you have often said to many of us, 'May the Almighty God be with you and yours.'

Thank you."

The President then stated as follows:

"Someone has said, 'To live in the hearts of those we leave behind is not to die.'

I don't think enough can be said of the deep sorrow each and everyone of us feels in the loss of former Governor John A. Burns.

On behalf of the Senate, I extend our heartfelt sympathy to Mrs. Burns and her family.

I'm sure there is not a legislator here, who in some way or another, has not felt the guiding hand and counsel of Jack Burns.

John A. Burns had a vision of Hawaii and he pursued this dream for the whole of his career.

In his First Inaugural address, he said '...I am pledged to place a broader foundation under our economy by developing programs for placing our lands into their fullest and best use for all the peoples of our state...'

He equalized the human condition; he made himself and those around

him accessible and available to all those who sought his counsel.

Rich or poor, he literally made the open society which is Hawaii today.

The legacy which Governor Burns leaves us will continue to broaden us as we seek to strengthen the programs we enact in our sessions and the leadership role that we play in this great State of Hawaii.

During these days of mourning, we lay to rest a great American, and certainly a true son of Hawaii."

The motion to adopt the resolution was put by the Chair and carried by a rising vote.

The motion to appoint Herman S. Doi as Ombudsman of the State of Hawaii was then put to the members of the House of Representatives by the Speaker and was carried on the following showing of Ayes and Noes:

Ayes, 51. Noes, none.

The President of the Senate then assumed the rostrum and put the question to the members of the Senate which was carried on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

The ballots having been so cast, Herman S. Doi was declared unanimously elected as Ombudsman of the State of Hawaii.

The President then appointed Representatives Garcia, Ushijima and Poepoe and Senators Kawasaki, Ching and Yee to escort Herman S. Doi to the rostrum where he was presented with a lei by Representative Stanley.

Mr. Doi then delivered the following acceptance speech:

"Mr. President, Mr. Speaker, Members of the Senate and House of Representatives and fellow citizens:

Thank you for your vote of confidence in reappointing me to a second term as Ombudsman for the State of Hawaii.

I accept my reappointment with a humble heart, for I know that my reappointment would not have been possible without the dedicated and outstanding service performed by my first assistant, Mr. George Holt and by the other present and past staff members of the Office.

I also realize that the Office would not exist as a viable supplementary resource for members of the public for the review of the administrative action without the active and positive support and cooperation of the past and present legislators, governors, mayors, State and county administrators, the public media and the people of the State. To all these individuals, my sincere and grateful thanks.

However, I also wish to express my special gratitude to the late Governor John A. Burns for his active support of our Office during his term of office, which were the critical and formative years for the Office. To the family of the late Governor, I extend my deep and heartfelt condolences.

In accepting my reappointment to a second term, my staff members and I resolve and pledge to you, that we shall do our best to rationally resolve the administrative problems of individual members of our society with the State and county administrators.

Thank you for entrusting me once again with this important and challenging task.

Thank you."

Senator Ching then stated:

"Mr. President, I appreciate this opportunity to speak on behalf of the Majority as far as the Senate is concerned, but I think it more fitting and proper that we recognize the one person who has done more to get this Office going. I speak about the 'father' of the Ombudsman bill, the Vice President of the Senate, Senator Duke T. Kawasaki. I would like to yield to Senator Kawasaki."

Senator Kawasaki then remarked:

"Thank you, Senator Ching. When Senator Ching told me he was going to yield to me to make the remarks, I thought it was appropriate that the Majority Leader of the Senate do it, but I accept his suggestion very well.

On behalf of the entire Legislature, I would like to congratulate you, Mr. Ombudsman, on your reappointment.

Six years ago, it was my pleasure to have offered the nominating speech. The vote at that time was unanimous as it is this morning, and the unanimity of our votes attest to our confidence and our appreciation of the wonderful job you've done.

You served with integrity, with competence, and it reflects the judgement of this Legislature that created that position.

I know that you will continue to do this job in a fashion that reflects credit not only upon yourself and your staff, but also the Legislature.

Good luck to you and we assure you of our support. Thank you."

Representative Ushijima then stated as follows:

"Mr. President, I rise to speak in honor of the reappointment of Herman S. Doi to his second term as Ombudsman of the State of Hawaii.

Six years ago, when the Legislature appointed Herman Doi as Ombudsman, it was predicted that he would reflect credit upon himself, the members of the Legislature, and particularly to the Office to which he was appointed.

As Hawaii's first Ombudsman and as the first State Ombudsman in the history of our nation, that prediction has come true, for during his first term of office, Mr. Doi built and nurtured the Office of the Ombudsman into a responsive, effective and respectable governmental agency which we, the people of Hawaii, can be proud of.

Before his appointment to office, he spent many years in government service as a legislative staff member, Deputy Attorney General and researcher and Director of the Legislative Reference Bureau. He is highly knowledgeable in government affairs and possesses an intuitive feeling for the needs of the State and its people. He is a relentless seeker of truth and fairness, an impartial critic of government and a dedicated public servant.

Mr. Doi, a political scientist, attorney and scholar, is eminently qualified for this government office, and our reappointment today reaffirms our confidence and trust in him to continue in carrying out the duties of this important office with the same diligence and success in bringing government closer to the people.

On this note, Mr. President, I offer to Herman S. Doi, the congratulations and best wishes of all of the members of the House of Representatives for his reappointment this afternoon."

The President then added:

"There isn't much more that can be said about the appointment of Herman S. Doi as Ombudsman. He has brought honor and prestige to the Office and I know that he will continue to do so."

Representative Ushijima then introduced to the members of the Eighth Legislature, Mrs. Herman S. Doi, their daughter, Cheryl and Mr. Doi's mother, Mrs. Takao Doi.

By unanimous consent, action on Stand. Com. Rep. No. 1217 and Gov. Msg. Nos. 212, 213 and 214 was deferred until Friday, April 11, 1975.

ORDER OF THE DAY

MATTERS DEFERRED FROM APRIL 9, 1975

Senate Resolution No. 428:

On motion by Senator Taira, seconded by Senator Yee and carried, S.R. No. 428, entitled: "SENATE RESOLUTION CONGRATULATING KEO NAKAMA ON HIS SELECTION TO THE SWIMMING HALL OF FAME", was adopted.

At this time, Senator Taira introduced to the members of the Senate Mr. Keo Nakama and his Manager, Mr. Tommy Lee.

Senator Young presented Mr. Nakama with a lei and escorted him to the rostrum where he was presented with a certified copy of the resolution by the President. He then addressed the members of the Senate as follows:

"Mr. President and members of the Senate. With two more gruelling and hectic legislative working days remaining, you took time to adopt this resolution and for this I am very deeply honored. More so, I am very grateful for the many kindnesses and respect extended to me as a neophyte lobbyist.

I had my origin on the island of Maui where a trip to Honolulu meant so much sacrifice. I can say that this aquatic sport did me much good. I had the opportunity to travel extensively and acquire a higher education, but more so, I had the opportunity to meet and socialize with people such as you.

I think I have been a very lucky fellow and on behalf of my family, I want to thank you so very much. Mahalo!"

Senator Leopold then rose to speak against the passage of the bill as follows:

"Mr. President, I rise to speak against this bill.

The House deleted certain substantive sections of this bill. They deleted the section which called for a primary election on the last Saturday in September. The Clerks of the various counties appeared before your Committees and testified strongly in favor of this section.

The House also deleted a section regarding alphabetical listing for School Board candidates which would have restored uniformity in ballot position.

The House also deleted a section dealing with the reapportionment of our Board of Education.

I thought that these substantive sections should have been included in the bill and for that reason I am voting against it."

A communication from the House (Hse. Com. No. 495), returning Senate Concurrent Resolution No. 109, which was adopted by the House of Representatives on April 10, 1975, in an amended form, was placed on file.

On motion by Senator Hulten, seconded by Senator Anderson and carried, the Senate agreed to the amendments proposed by the House to S.C.R. No. 109, and S.C.R. No. 109, H.D. 1, entitled: "SENATE CONCURRENT RESOLUTION COMMENDING THE PEOPLE OF WAIHAOLE-WAIKANE FOR THEIR EFFORTS IN BEHALF OF A UNIQUELY HAWAIIAN LIFESTYLE", was finally adopted.

A communication from the House (Hse. Com. No. 496), returning Senate Concurrent Resolution No. 135, which was adopted by the House of Representatives on April 10, 1975, in an amended form, was placed on file.

Senator O'Connor moved that the Senate agree to the amendments proposed by the House to S.C.R. No. 135, and that S.C.R. No. 135, H.D. 1, be finally adopted, seconded by Senator Ching.

At 7:58 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 8:02 o'clock p.m.

Senator Rohlfling asked if the Chairman of the Committee on Transportation would yield to a question, to which Senator O'Connor replied in the affirmative.

Senator Rohlfling then queried:

"Senator, with regard to this particular resolution, Senate

Concurrent Resolution No. 135, can you enlighten us as to the rule of the mass transit system insofar as the mileage and what the prospects, the prognosis, are for the ultimate continuation of the project from the Pearl City end to the Hawaii Kai end."

Senator O'Connor replied:

"Mr. President, the changes made by the House to Senate Concurrent Resolution No. 135 takes the feasible length of initial fixed guideway system at 14 miles from the Stadium at Halawa to Kahala Mall. This is the same length of initial segment which our resolution called for when it went over to the House.

This does not preclude the final construction of a 23-mile system from Hawaii Kai to Pearl City and I checked this afternoon with Mr. George Villegas who is running the mass transit system and he indicated that this was satisfactory for initial application for the system and would not preclude the eventual lengthening of the system."

Senator Rohlfling then said:

"Thank you, Senator. Mr. President, I rise to speak in favor of the resolution.

We have been concerned and we tried earlier in the session to point out our very real concern that this system that is being proposed should be a total system and it should be realized that the people who now reside and will reside as the area grows in Southeast Oahu, particularly in the Hawaii Kai area, are looking toward this system for at least partial relief of a very bad transportation situation.

Senator O'Connor is well aware of this, as are the other Senators from our District and so in endorsing this resolution at this late hour, there is no time to quibble on the ifs, ands or buts and in order to get this show on the road, we are going to go along with this. But I wish to make it very clear and I think the Senator's response underlines the point, that we are looking toward this system as the solution in increments to Hawaii Kai.

Thank you, Mr. President."

Senator Yee then stated as follows:

"Mr. President, I hate to disagree

with my colleague from the Seventh Senatorial District, but I am concerned and I have always been concerned, about the fixed guideway system for the island of Oahu. The last figures that I had seen just for 8 miles of fixed rail system between the airport and the University of Hawaii would be in the neighborhood of around \$800,000 and if we eventually talk about a 23-mile guideway system, we're talking about anywhere from one and a half to two billion dollars of cost that the citizens of Hawaii have to bear.

I can't help but feel that if we had a much more efficient bus system, we would be able to save all of this money and not tax our taxpayers to death. As I have said in the past, this will be a financial nightmare on the State of Hawaii and the taxpayers of Hawaii. Therefore, I will vote no on this measure."

The motion was put by the Chair and carried, and Roll Call vote having been requested, S.C.R. No. 135, H.D. 1, entitled: "SENATE CONCURRENT RESOLUTION RELATING TO THE IMPLEMENTATION OF A RAPID TRANSIT SYSTEM FOR OAHU", was finally adopted on the following showing of Ayes and Noes:

CONFERENCE COMMITTEE REPORTS

Senator Nishimura, for the Committee on Conference on the disagreeing vote of the House of Representatives to the amendments proposed by the Senate to House Bill No. 327, H.D. 1, presented a report (Conf. Com. Rep. No. 31), recommending that H.B. No. 327, H.D. 1, S.D. 1, as amended in C.D. 1, pass Final Reading.

In accordance with Article III, Section 16, of the Constitution of the State of Hawaii, the 24-hour notice was given on H.B. No. 327, H.D. 1, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CAMPAIGN CONTRIBUTIONS AND EXPENDITURES".

Senator Nishimura, for the Committee on Conference on the disagreeing vote of the House of Representatives to the amendments proposed by the Senate to House Bill No. 612, H.D. 1, presented a report (Conf. Com. Rep. No. 32), recommending that H.B. No. 612, H.D. 1, S.D. 1, as amended in C.D. 1, pass Final Reading.

In accordance with Article III, Section 16, of the Constitution

of the State of Hawaii, the 24-hour notice was given on H.B. No. 612, H.D. 1, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE CRIMINAL INJURIES COMPENSATION LAW".

Senator Chong, for the Committee on Conference on the disagreeing vote of the House of Representatives to the amendments proposed by the Senate to House Bill No. 999, H.D. 1, presented a report (Conf. Com. Rep. No. 33), recommending that H.B. No. 999, H.D. 1, S.D. 2, as amended in C.D. 1, pass Final Reading.

In accordance with Article III, Section 16, of the Constitution of the State of Hawaii, the 24-hour notice was given on H.B. No. 999, H.D. 1, S.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTH PLANNING".

Senator Nishimura, for the Committee on Conference on the disagreeing vote of the House of Representatives to the amendments proposed by the Senate to House Bill No. 126, H.D. 1, presented a report (Conf. Com. Rep. No. 34), recommending that H.B. No. 126, H.D. 1, S.D. 1, as amended in C.D. 1, pass Final Reading.

In accordance with Article III, Section 16, of the Constitution of the State of Hawaii, the 24-hour notice was given on H.B. No. 126, H.D. 1, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC AGENCY MEETINGS AND RECORDS".

Senator R. Wong, for the majority of the Committee on Conference on the disagreeing vote of the House of Representatives to the amendments proposed by the Senate to House Bill No. 1779, H.D. 2, presented a report (Conf. Com. Rep. No. 35), recommending that H.B. No. 1779, H.D. 2, S.D. 1, as amended in C.D. 1, pass Final Reading.

In accordance with Article III, Section 16, of the Constitution of the State of Hawaii, the 24-hour notice was given on H.B. No. 1779, H.D. 2, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PENSION AND RETIREMENT BENEFITS".

At this time, Senator Ching, on a point of information, asked if the Chairman of the Conference Committee would yield to some questions on Conference Committee

Report No. 35, to which Senator R. Wong replied in the affirmative.

Senator Ching then asked: "Mr. President, my question is that I don't recognize the bill, H.B. No. 1779, H.D. 2, S.D. 1, C.D. 1. Would the Chairman of the Conferees explain the amendments that were made to this bill?"

Senator R. Wong then stated: "Yes, Mr. President, I will. This bill was taken into conference and a discussion revolved around the retirement system law raising the interest from 4-1/2 to 4-3/4%. The House originally asked for a 5% increase.

Pursuant to the discussion, Mr. President, a proposal was made that the bill should be amended that some consideration be given relative to retirement pay for public officers as well as legislators. At that point, Mr. President, the conferees on the part of the House requested and made a proposal to the conferees of the Senate. What this bill does, Mr. President..."

At 9:20 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 9:21 o'clock p.m., and the Chair recognized Senator R. Wong, who had the floor at the time of the recess.

Senator R. Wong continued: "Mr. President, a discussion relative to this bill in its final form does one thing. What it really does, it sets up the formula by which legislators' retirement allowances are determined.

It was the feeling of the Conference Committee, Mr. President, that the present formula be changed by a ratio of 2.5. On that basis, Mr. President, the Conference Committee Report was circulated and we are in agreement and I have prepared that report in the form of Conference Committee Report No. 35."

Senator Ching then asked: "Mr. Chairman, was this idea that was embodied in the Conference Committee draft, the amendment placed by the conferees, was this found in any bill introduced in the House or the Senate and was there a hearing held on this concept?"

Senator R. Wong said: "The answer is Yes, Mr. President."

Senator Ching then inquired what the bill number was.

Senator R. Wong answered: "It was not a bill, Mr. President. The subject matter and the title of the bill is a broad type of bill and can include anything under the broad title.

One of the suggestions made, Mr. President, was to take a look at public employees as well as legislators. As a result of that conference, Mr. President, the bill has been included to include legislative retirement. That is how it came out of conference.

There was a public...but not participation, but it was open to the public."

Senator Ching continued: "Mr. President, I don't think my question was quite answered. The concept that is embodied in the Conference Committee amendment, was that concept found in any bill or proposal that was before the legislature in the form of a bill or a resolution?"

Senator R. Wong answered: "No, not that I...there are several retirement bills before the legislature."

Senator Ching said: "Thank you very much."

Senator Nishimura then stated: "Mr. President, in connection with this bill, I would like to comment that the Senate Rules do not make such procedure as was taken by the Conference Committee illegal, improper or irregular. It is backed up by precedence in prior sessions of the legislature."

Senator Nishimura, for the Committee on Conference on the disagreeing vote of the House of Representatives to the amendments proposed by the Senate to House Bill No. 127, H.D. 1, presented a report (Conf. Com. Rep. No. 36), recommending that H.B. No. 127, H.D. 1, S.D. 1, as amended in C.D. 1, pass Final Reading.

In accordance with Article III, Section 16, of the Constitution of the State of Hawaii, the 24-hour notice was given on H.B. No. 127, H.D. 1, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO REGISTRATION OF LOBBYISTS".

MATTERS DEFERRED FROM EARLIER ON THE CALENDAR

Standing Committee Report No. 1236 (H.B. No. 1498, H.D. 1):

On motion by Senator Nishimura, seconded by Senator O'Connor and carried, Stand. Com. Rep. No. 1236 was adopted and H.B. No. 1498, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO ESTABLISHMENT OF BRANCH BANKS", passed Second Reading and was referred to the Committee on Ways and Means.

Standing Committee Report No. 844 (Gov. Msg. No. 61):

Senator O'Connor moved that Stand. Com. Rep. No. 844 be received and placed on file, seconded by Senator Ching and carried.

Senator O'Connor then moved that the Senate advise and consent to the nomination of E. Alvey Wright as Director, Department of Transportation, seconded by Senator Ching.

Senator Rohlfing then rose to speak against the appointment as follows:

"Mr. President, I rise to explain very briefly why I will vote no on the confirmation of E. Alvey Wright as Director of Transportation.

I'm sure some of you will remember last year when I spoke of my reservations but I did vote in favor of his confirmation at that time to fill out the one-year balance of the term of office.

As I made clear then, I now reiterate that I am not speaking against the man's character in any way. He's a nice guy. However, I am firmly convinced that Admiral Wright is not sufficiently committed to the kind of public transportation that we desperately need, nor is he willing to make consistent, courageous and objective decisions that will meet the critical long range transportation needs of this island in particular and of this State.

His answers to my questions at the public hearing of the Committee on Transportation on his nomination, documentary evidence on past and even current positions, make it irrevocably clear to me that Admiral Wright does not support the express public transit system which I believe we should have started building 15 years ago.

The people of Hawaii Kai, for example, desperately need short and long term relief from miserably congested traffic conditions. Yet Admiral Wright has seen fit to disregard in essence four very expensive and objective studies on the matter; studies, Mr. President, that have all called for a high speed public transit system to serve the entire 23-mile segment from Hawaii Kai to Pearl City. All of these studies clearly indicate that an 8.4 mile guideway from the airport to the University is insufficient and probably will not qualify for federal support. Yet in the hearing, Admiral Wright took the position in answer to direct questioning, that the 8.4 miles would be adequate and would suffice until 1995. I find that incredible.

One can put together with considerable ease an incredible compilation of inconsistent public statements by Admiral Wright on a wide range of transportation issues. Continually certain underlying themes keep reappearing. In addition to foot dragging on express transit, they include buoyant and unceasing enthusiasm for H-3 (and any other highway related project) flip-flopping on his Harbor Division's many problems, and defense of political machinations at the airport.

Mr. President, the man confirmed as Department of Transportation Director will run the biggest business of this State for four more years in charge of spending \$541 million over the biennium. That's a lot of kala in any league.

On the basis of his record on the State transportation issues, particularly the ones that affect the island of Oahu, on the basis of his answers to direct questions on long range transportation policy matters involving millions of taxpayers' dollars, and a way of life for our people, there is no way in which I can fulfill the trust that the voters of my District have placed in me over the past 16 years unless I vote No on this confirmation.

Thank you, Mr. President."

Senator O'Connor then rose to speak for the confirmation as follows:

"Mr. President, I rise to speak in favor of the confirmation. Mr. President, our Department of Transportation needs as its head, not only an able administrator, but an engineer. I am confident that Mr. Wright is each. He is a competent, qualified, capable engineer and as my illustrious colleague from the Seventh Senatorial District indicated, he has run successfully and for many years the largest business on this island which is the Pearl Harbor Naval Shipyard. He remained as its head and did a heck of a job before coming into State government. And he continues to be an able, excellent administrator in the Department of Transportation.

Admiral Wright has taken much criticism publicly on many issues, H-3 not being the smallest of them. But what my learned colleagues fail to realize is that he is carrying out the desires of this Body and this Legislature in taking the heated abuse which he does regularly in public hearings on the issues which we have voted him to take that abuse on. Sometimes, it's easy to forget that some of our public servants carry out the aims and ambitions of this Body and I would suggest that Admiral Wright has taken an awful lot of abuse because of some of the matters that this Body and our sister Body across the rotunda have passed and require him to carry out.

Many of the so-called 'flip-flops' that Admiral Wright has been accused of I witnessed, and I will say, Mr. President, that we have had a good amount of inaccurate reporting on the so-called 'flip-flops'. I for one have not seen a flip-flop in Admiral

Wright during this particular session of the Legislature.

He has strong personal convictions on many points but in many instances he subverts those strong personal convictions to do as this Body legislates and as the Executive Branch of the government--his boss, the Governor--directs him to do.

I would urge all of my colleagues to vote Aye on the confirmation of this able administrator and engineer.

Thank you."

Roll Call having been ordered, the motion to advise and consent to the nomination of E. Alvey Wright as Director, Department of Transportation, term to expire December 4, 1978, was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 20. Noes, 5 (Chong, King, Leopold, Rohlfing and Yim).

Standing Committee Report No. 943 (Gov. Msg. Nos. 58, 68 and 72):

Senator F. Wong moved that Stand. Com. Rep. No. 943 be received and placed on file, seconded by Senator Hara and carried.

Senator F. Wong then moved that the Senate advise and consent to the nominations of Hideto Kono as Director, Department of Planning and Economic Development; John Farias, Jr. as Chairman, Board of Agriculture; and Christopher Cobb as Chairman, Board of Land and Natural Resources, seconded by Senator Hara.

Roll Call having been ordered, the motion to advise and consent to the nomination of Hideto Kono as Director, Department of Planning and Economic Development, term to expire December 4, 1978, was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Roll Call having been ordered, the motion to advise and consent to the nomination of John Farias, Jr. as Chairman, Board of Agriculture, term to expire December 31, 1978, was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

The motion on the advise and consent to the nomination of Christopher Cobb as Chairman, Board of Land Resources, was put by the Chair and Senator Yim rose to speak against the nomination as follows:

"Mr. President, I rise to speak against the confirmation of Mr. Christopher Cobb as Director of the Department of Land and Natural Resources.

Mr. President, please allow me to preface my remarks by saying that at this time, there is no clear evidence of a conflict of interest for his appointment. However, my concern remains and therefore, I believe it is in the best interest of the people of this State to bring public attention to Mr. Cobb's appointment and to the far-reaching decisions he will make over the course of his term as Department Head.

In this matter I am particularly concerned with a contract that is now being negotiated between the Kaluakoi Corporation and the Board of Land and Natural Resources. The contract I refer to would rent use of the facilities of the Molokai Irrigation Water System to Kaluakoi Corporation. The contract is final except for the necessary consenting signature by the Director of the Department of Land and Natural Resources--which position we are now taking action on tonight.

In drafting the contract agreement, the Kaluakoi Corporation was represented by the same law firm that Mr. Cobb was affiliated with and for that reason I wish to call public attention as per the agreement in the contract that awaits Mr. Cobb's signature.

There are some defects in the agreement that I do not feel are in the best interest to the people and particularly to the Hawaiian Homesteaders on Molokai and I will take a few minutes this evening to briefly touch on them.

I am primarily concerned by the dangerously high salinity level of the water which Kaluakoi Corporation will be injecting into the irrigation system. This water will be 'flushed clean' in the system's reservoir which is filled with clean State water from wells located on State land on East Molokai. The mixed water will then be pumped through the pipelines

to West Molokai where the Corporation will remove the water.

I have strong reservations as to this use of State-owned low-salinity water. I understand this 'purification' benefit to the Corporation was included when drafting the contract rental agreement. However, I question if this sufficiently compensates the State for allowing the Corporation to cleanse its high-salinity water with low-salinity State water.

I have other reservations in regards to the rental price of the agreement which is a set figure for twenty years and based on 1970-base figures.

For twenty years the Kaluakoi Corporation will enjoy 1970-based rates while the other users of the irrigation system, the farmers and Hawaiian Homesteaders, will pay on-going rates necessary to maintain a self-supporting operation.

I also have reservations regarding the flow-rate clause of the agreement which guarantees Kaluakoi Corporation a maximum withdrawal of two million gallons per day but does not include a guarantee to the effect that Kaluakoi must inject an equal amount of water per day. I am concerned that without this stipulation it will be possible for Kaluakoi Corporation to withdraw water that it has not placed into the system prior to its removal.

Another concern in regards to the contract is the fact there is no wording in the contract regarding the rights of the original users of the Molokai Irrigation System, namely the Hawaiian Homesteaders of Molokai. However, the contract only addresses itself to the water needs of the 'public.' I fear that eventually the needs of the Hawaiian Homesteaders will be usurped in favor of the new population center in Western Molokai serviced by the Kaluakoi Corporation.

My final concern in regards to the contract is the fact that there is no penalty clause should the Corporation fail to observe any of the agreements of the contract including monitoring the input-outflow and the maximum salinity content of the corporation's water.

Mr. President, my concerns extend beyond reservations to this specific issue surrounding Mr. Cobb's appointment. It is my intent, by bringing public

attention to this nomination that Mr. Cobb be put on notice. For although there is no clear evidence of conflict of interest, the mere fact that he has been employed over the years by many large developers concerns me. As Director he will be making recommendations and policy decisions regarding large tracts of State lands...lands that are at present leased to contractors and developers in the State. I am fearful that he may unconsciously favor these large leaseholders and developers.

I wish to make it extremely clear that I raise my oppositions to Mr. Cobb's appointment at this time to make certain he appreciates the conditions under which he assumes his new position. I would hope that Mr. Cobb become sensitive towards his role as Director of the Department of Land and Natural Resources and make every effort to lean backwards to protect the public interest at all times and not to further or unjustly assist the personal interest of a select few such as the Kaluakoi Corporation.

Finally, Mr. President, this is just one appointment of many that I will be observing as the Senate moves on the advise and consent of the Governor's appointments and I hope Mr. Cobb will do honor to his new role and represent the public interest of all the people of Hawaii throughout his term.

Thank you."

Senator Kawasaki rose on a point of inquiry and asked if the Chairman of the Committee on Economic Development would yield to a question, to which Senator F. Wong replied that he would.

Senator Kawasaki then asked: "Mr. Chairman, were the concerns expressed by the Senator from the Fifth Senatorial District ever a matter of discussion or inquiry on the part of your Committee?"

Senator F. Wong replied that it had been a subject matter of their discussions on two occasions.

Senator Kawasaki then further queried if the Chairman and members of his Committee were completely satisfied that the results of the inquiry did not in any way indicate at least at this point any direct conflict that is recognizable.

Senator F. Wong then stated:

"It is the conclusion of the members of the Committee that we agree with Senator Yim that there is no evidence or appearance of a conflict of interest on this particular nomination."

Senator Kawasaki went on: "In the event that there appears to be a conflict in subsequent months, let's say, is it the intent of your Committee perhaps to consult with the Governor to perhaps withdraw that appointment?"

Senator F. Wong answered: "Senator Kawasaki, I don't think that we have the authority to ask the Governor to withdraw the matter that we have before us for confirmation since it will be out of the jurisdiction of the Senate. However, there is no question in my mind that as an individual Senator, if some of the concerns raised by Senator Yim are indeed true, that this would be the subject matter of discussion and consideration by the State Ethics Commission."

Senator O'Connor then asked if the Chairman of the Committee on Economic Development would yield to a question, to which Senator F. Wong replied in the affirmative.

Senator O'Connor then said: "I was informed yesterday by a representative from the Department of Land and Natural Resources that Mr. Cobb is requiring Kaluakoi Corporation to redrill wells in order to get saline-free water for this project and is also re-negotiating the terms of the rates which were referred to earlier by my learned colleague. I wondered if the Chairman knows of this and whether or not it is correct."

Senator F. Wong replied: "Mr. President, I do not know specifically that the Chairman is asking that wells be redrilled. I am aware in public testimony that the contract that was referred to by Senator Yim is the subject matter of re-negotiation."

Mr. President, I wish to speak in favor of the nomination and perhaps try to clear up some of the questions that have been asked.

Mr. President, I, like Senator Yim, also share many of the concerns, except that I think that what has been given to us in public testimony clearly indicates that the best interest of the people is being served. Specifically I call your attention to the following:

Mr. Cobb took office in January of 1975. He appeared before the Ways and Means Committee shortly thereafter and was asked about this matter. At that time he indicated to the Committee on Economic Development that relying upon staff recommendations, he felt that the contract that was being proposed was a good one. Subsequent to that meeting, upon his own investigation, he discovered that some of the matters that Senator Yim was concerned about also troubled him and it is his public position at this time that although the Board of Land and Natural Resources in 1973 gave to the Director of the Department of Land and Natural Resources, the authority to execute the contract that he now has before him which has already been executed by the Corporation be accepted, it is his recommendation that the Board rescind that authority and authorize him to enter into negotiations with the Corporation to satisfy many of the concerns raised by Senator Yim.

The reason I bring this up, Mr. President, is because I think the kind of administrator that we would like to watch out for the public lands and the public interest of our State is one that is readily available to not only discuss these matters with legislators and the public, but who is willing to admit that from time to time that staff recommendations not always be accepted; that he look beyond the staff recommendations and make up his own mind.

In this particular case he has made up his own mind and has recommended that because of the concerns raised by others as well as by his own staff members, that the contract not be executed but be the subject matter of re-negotiation.

I'm satisfied that he is a man that can make decisions on his own and will serve the best interest of Hawaii.

Thank you."

Senator Rohlfing then rose and stated that he was voting for the nominee as he believes there was forthrightness in Mr. Cobb's responses during the discussions held before the Committee on Ways and Means regarding the contract.

Roll Call having been ordered, the motion to advise and consent to the nomination of Christopher

Cobb as Chairman, Board of Land and Natural Resources, term to expire December 31, 1978, was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 21. Noes, 4 (Chong, King, Leopold and Yim).

Standing Committee Report No. 1134 (Gov. Msg. No. 296):

Senator Takitani moved that Stand. Com. Rep. No. 1134 be received and placed on file, seconded by Senator O'Connor and carried.

Senator Takitani then moved that the Senate advise and consent to the nomination of Ambrose J. Rosehill to the Board of Regents, University of Hawaii, seconded by Senator O'Connor.

Roll Call having been ordered,

the motion to advise and consent to the nomination of Ambrose J. Rosehill to the Board of Regents, University of Hawaii, term to expire December 31, 1978, was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

At 9:50 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 10:00 o'clock p.m.

ADJOURNMENT

At 10:01 o'clock p.m., on motion by Senator Taira, seconded by Senator Anderson and carried, the Senate adjourned until 11:30 o'clock a.m., Friday, April 11, 1975.

SIXTIETH DAY

Senator King then rose and spoke against the motion:

"Mr. President, I rise to speak against the motion.

I have gradually, reluctantly concluded that it is preferable not to pass the land use bill this year rather than the bill now being considered.

The bill was presented to us as reform or as a way of improving the workings of the Land Use Commission, and that certainly is a desirable end.

But instead of desirable reform, this bill will shut out much public participation while providing the Commission legal loopholes through which undesirable developments could be undertaken.

On participation, the bill originally and in its present form would remake public zoning of land into something less than a public function. Repeatedly, the Administration and the bill's supporters have guarded against amendments to fully include the public. In this bill, a group or individuals from the public could be excluded as a party in the quasi-judicial proceeding if the Commission deems their participation 'repetitive,' 'inefficient', or 'unmanageable'.

Very often viewpoints on zoning, or other public issues, are in many respects repetitive; but each individual has his own slant and his own grounding in facts. Likewise, participation is frequently inefficient by nature, as indeed is the democratic process. Such hearings last year as the Waiahole-

Waikane hearings could easily have been termed on the spot as 'unmanageable', but in retrospect these hearings were merely a symptom of growth pains toward a desirable end.

The direction of such exclusions is to present barriers to all except the government and the owners or persons with a property right, including the developers holding developing rights. This will reinforce the already undue influence of the large landholders and the developers.

By contrast, those of us who oppose the bill maintain that the public should be free to participate fully because that is what we should be trying to do--to shape land use to the good of all the people for urban development, agriculture and open space.

The second main problem is the guidelines for rezoning. They invite the commissioners to ignore them. To give another example of non-guidelines, the fourth on the list reads as follows:

'Urban districts shall be contiguous to an existing urban district or shall constitute all or a part of a self-contained urban center.'

If you will read this guideline several times as I have had to do, you will begin to see that any development in Hawaii would either be next to an urban district or all 'or a part of' one. More specifically, for example, the sugar land above Ewa could conceivably be subdivided under this regulation if the developer professed to the Commission his intention to one day add the rest of a planned community.

These are but some examples. The reasonable approach, it seems to me, would be to halt urbanization of agricultural lands in the short period remaining before the permanent guidelines.

The reason is that according to the conservative definitions of the Administration's own central Oahu study, we had enough urban lands to meet Hawaii's housing needs for the next eighteen years; and that was before the 1974 urban rezonings resulting from the five-year boundary review. Why rezone more now in this temporary period?

There are other problems even under the latest draft. For example,

there is no clear prohibition against the owner of agricultural land escaping the agricultural dedication penalties if the land is rezoned urban on petition of the developer.

Another example is that the gaping hole against developing conservation lands under Regulation 4 has not been closed. Under the current setup, hotels and houses can be built on conservation lands, golf courses on filled-in lakes, athletic fields and many other things.

Although at first glance the original theory that was offered to us behind this bill looks good, the more one reads it, the more flaws are found.

I would urge, Mr. President, a No vote on this bill."

Senator F. Wong then spoke in favor of the conference draft as follows:

"Mr. President, I rise to speak in favor of the conference draft.

A great deal has been said during the past sixty days about this particular bill, and I do not want to belabor the point.

Very briefly, Mr. President, I think that in trying to manage this bill to find what is in the best interest of the public, the public participation was a very important question. There is no question in my mind and the minds of the members of the conference committee that we have provided the mechanism for wide public participation. The quasi-judicial process is one that is necessary and good because it provides for accountability and responsibility on all land use decisions. Having to account to the people of Hawaii as to how we use our lands is, I think, perhaps one of the most important points.

The limitations that Senator King mentioned are perhaps interpreted wrongly. In that particular bill, the section that provides for public participation is intended to be one that is permissive so that the Commission can invite public participation at all levels; and it can permit a citizen to testify. It is not intended to be a limitation to that right.

There is no question, Mr. President, the judicial process that we have laid out will be oftentimes very

tedious. It will result in very long hearings. Many times it will result in having people standing and waiting for many hours to testify. We feel, however, that this is a small price to pay for participatory democracy; and I think that this bill achieves that end.

As far as the guidelines go, I don't know how we can be clearer without being inequitable. One of the criticisms that was voiced in this Chamber the last time that this bill came for consideration, was a phrase 'insofar as practicable' in the guidelines. The conference draft omits reference to that section. It, however, inserts that the Land Use Commission shall not make amendments except where there is an inequity or an injustice that will result. I don't know how we can make it clearer as to what the intents of the Legislature and what the laws of Hawaii should be on this important issue.

The judicial process that we have laid out indicates that lands can only be rezoned where there is a clear preponderance of evidence. To attack a particular guideline without reading all of the guidelines is unfair and unjust to this bill. Furthermore, the first section, the first guideline, says that zoning will take place only where the Commission finds that it is reasonably necessary to accomplish many of the State's objectives.

Lastly, Mr. President, the question raised by Senator King regarding conservation lands regarding a moratorium was considered throughout the last sixty days. We feel that a moratorium is not good planning. A moratorium does not solve any problems, and certainly a moratorium is unjust.

Thank you."

At this time, Senator O'Connor spoke as follows:

"Mr. President, I am going to vote in favor of this, but I would like to point out to the worthy members of this Chamber two things about this legislation.

First, in a Land Use Commission where we have had voluntary people serving who have outside jobs, we are gradually creating a system where I am sure next year or the year after that, we are going to be faced with having a full-time Land Use Commission paying them

the same salaries as Circuit Court judges, because that is about where we're going with this law.

Secondly, as I understand it in a compromise with certain environmental groups, this bill contains a provision which allows litigation to be filed up to and including July 1st of this year in reference to one of the most recent boundary reviews. As I understand it, this is provided primarily because some lawyer didn't do his homework--certain litigation was not filed within the proper statute of limitations period. I put the group on notice; the next time I err with the statute of limitations, I am going to come up here and ask for a special interest bill to bail me out."

The motion was put by the Chair and carried, and Conf. Com. Rep. No. 15 was adopted and H.B. No. 1870, H.D. 1, S.D. 3, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE LAND USE COMMISSION", having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 6 (Anderson, Chong, George, King, Leopold and R. Wong).

Conference Committee Report No. 16 (H.B. No. 430, H.D. 1, S.D. 1, C.D. 1):

On motion by Senator Nishimura, seconded by Senator Toyofuku and carried, Conf. Com. Rep. No. 16 was adopted and H.B. No. 430, H.D. 1, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC ASSISTANCE", having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

No. 104, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE HAWAII CONGRESSIONAL DELEGATION INITIATE ACTION TO DETERMINE THE STATUS OF RELEASE OF FEDERAL LANDS ON OAHU TO THE STATE OF HAWAII", was adopted.

Senator F. Wong, for the Committee on Economic Development, presented a report (Stand. Com. Rep. No. 1276), recommending that Senate Resolution No. 435 be adopted.

Senator F. Wong then moved that the report of the Committee be adopted and that S.R. No. 435 be adopted, seconded by Senator Hara.

Senator Anderson then rose and commented as follows:

"Mr. President, I will support the resolution.

However, I would like to call attention to the first 'be it resolved'

clause. It appears that we are trying to legislate by resolution. Although I realize that it has no force and effect by law, I would hate to establish a pattern. I believe it is somewhat improper, although I realize that it is the Governor's discretion whether he shall or shall not.

However, I would like it entered into the Journal that it is not our intention to legislate by resolution."

The President then indicated that there was a Senate Concurrent Resolution on the same subject matter which passed the Senate some time earlier today.

The motion was put by the Chair and carried, and Stand. Com. Rep. No. 1276 was adopted; and Roll Call vote having been requested, S.R. No. 435, entitled: "SENATE RESOLUTION RELATING TO THE OFFICE OF TOURISM", was adopted on the following showing of Ayes and Noes:

At 7:52 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

At 7:59 o'clock p.m., the Senate reconvened.

ORDER OF THE DAY

FINAL READING

Conference Committee Report No. 17 (H.B. No. 1742, H.D. 1, S.D. 1, C.D. 1):

By unanimous consent, action on Conf. Com. Rep. No. 17 and

H.B. No. 1742, H.D. 1, S.D. 1, C.D. 1, was deferred to the end of the calendar.

Conference Committee Report No. 18 (S.B. No. 535, H.D. 1, C.D. 1):

Senator R. Wong moved that Conf. Com. Rep. No. 18 be adopted and that S.B. No. 535, H.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Yamasaki.

Senator R. Wong then rose and spoke in favor of the bill as follows:

"Mr. President, I rise to speak in favor of this bill.

This is the budget bill for the 1975-77 biennium. It is the product of long deliberations on the part of your conferees and our counterparts from the House.

The bill now before us represents the input of the concerns and interest of all the members of the Legislature. There was much give-and-take in the budget preparation process in both houses before we arrived at this final product. Some worthwhile programs were necessarily omitted from this bill because of the limitations in the availability of funds. However, I believe we have provided adequately for most of the major and high priority items.

This is a bill that all the members of the Legislature can live with because it reflects all of their interest.

I would like to take this opportunity to point out some of the significant highlights of the bill:

1. It provides \$12 million for a state-funded emergency employment program to help alleviate the high unemployment situation;
2. It provides funds for the expansion of school health services which will cover all the public elementary schools in the State by the end of the biennium;
3. It provides funds for the implementation of reforms in the public assistance program;
4. It provides funds for increased programs for the elderly; in this way, we are recognizing our debt to the generation that preceded us for their contribution

and hard work in building Hawaii;

5. It provides funds for alternative energy research programs to look for ways to make Hawaii more independent of external energy sources; and

6. It provides \$1.3 million to facilitate the implementation of the land-reform program.

These are but just a few of the many programs and budget items covered by this bill now before us. This bill will thus both meet the operating requirements of the State government and also the demands for programs and services for the people of Hawaii.

For the information of the members of this honorable Body, I would also like to point out that the total general fund appropriations provided for in this bill are: 1975-76, \$646.5 million, and 1976-77, \$669.9 million, or a total of \$1.316 billion over the biennium. According to the projected financial plan incorporated in this budget, the State should realize a net surplus of \$1.4 million at the end of the biennium. This is thus a balanced budget and financial plan.

Mr. President, we have met our financial needs within our available resources.

Therefore, Mr. President, I call on the members of this honorable Body to vote in favor of this budget.

Thank you, Mr. President."

At this time, Senator Anderson commented that "on page 92 and 142, Item No. 3 should not be under the City and County of Honolulu, but under the D.L.N.R. on page 91; and the Tax Map Key should read 5-6-01, parcel 6 through 10, and 33 acres and not 30 acres on both of those pages."

The motion was put by the Chair and carried, and Conf. Com. Rep. No. 18 was adopted and S.B. No. 535, H.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE BUDGET", having been read throughout, passed Final Reading by not less than two-thirds vote of all the members to which the Senate is entitled, on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conference Committee Report No. 19 (S.B. No. 516, S.D. 1, H.D. 1, C.D. 1):

On motion by Senator Nishimura, seconded by Senator O'Connor and carried, Conf. Com. Rep. No. 19 was adopted and S.B. No. 516, S.D. 1, H.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII PENAL CODE", having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conference Committee Report No. 20 (H.B. No. 850, H.D. 1, S.D. 2, C.D. 1):

On motion by Senator Nishimura, seconded by Senator Kuroda and carried, Conf. Com. Rep. No. 20 was adopted and H.B. No. 850, H.D. 1, S.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII MOTOR VEHICLE ACCIDENT REPARATIONS ACT", having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conference Committee Report No. 21 (H.B. No. 1852, H.D. 1, S.D. 1, C.D. 1):

Senator Nishimura moved that Conf. Com. Rep. No. 21 be adopted and that H.B. No. 1852, H.D. 1, S.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator O'Connor.

Senator Kawasaki then explained that he will be voting No on the particular bill as he has done in the past primarily because in studying the Police Department's testimony, he is in agreement with the Department's belief that the expungement of police records would be an impediment on the Police Department's efforts in conducting its work.

The motion was put by the Chair and carried, and Conf. Com. Rep. No. 21 was adopted and H.B. No. 1852, H.D. 1, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE EXPUNGEMENT OF ARREST RECORDS", having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Hulten,

Kawasaki and Kuroda).

Conference Committee Report
No. 22 (H.B. No. 1875, H.D.
1, S.D. 2, C.D. 1):

By unanimous consent, action on Conf. Com. Rep. No. 22 and H.B. No. 1875, H.D. 1, S.D. 2, C.D. 1, was deferred to the end of the calendar.

Conference Committee Report
No. 23 (S.B. No. 1645, S.D.
1, H.D. 1, C.D. 1):

By unanimous consent, action on Conf. Com. Rep. No. 23 and S.B. No. 1645, S.D. 1, H.D. 1, C.D. 1, was deferred to the end of the calendar.

Conference Committee Report
No. 24 (S.B. No. 1200, S.D.
2, H.D. 1, C.D. 1):

Senator Young moved that Conf. Com. Rep. No. 24 be adopted and that S.B. No. 1200, S.D. 2, H.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Toyofuku.

Senator Young then explained and spoke in favor of the bill as follows:

"Mr. President, I want to have the intent of your Conference Committee incorporated into the Senate Journal with respect to the amendment of Section 516-22 of the Hawaii Revised Statutes.

It is the intent of your Conference Committee that under Section 516-22, Hawaii Revised Statutes, that before the Hawaii Housing Authority designates all or a portion of a development tract for acquisition, the Hawaii Housing Authority must find both that a shortage of fee simple residential property exists in the county, and the acquisition will assist in alleviating the shortage; and that 25 or more lessees, or 50 per cent of the residential lease lots in the tract, whichever is lesser, have applied to purchase the leased fee interests.

It is the intent of the Conference Committee that the word, 'or', used in that section shall be conjunctive as well, and shall have the meaning of the word 'and' in the manner construed under Section 1-18, Hawaii Revised Statutes.

Mr. President, at this time I would like to speak in favor

of this measure.

Mr. President, Senate Bill No. 1200, C.D. 1, like the legislative session, has come a long way. It has travelled from various committees and has touched bases with all those who cared to share their thoughts and concerns.

As it journeyed from one committee to another, its wings were clipped many times; so as it again grew and took flight, it soared onward to become a stronger and better vehicle.

Mr. President, this is a good bill--not perfect--because it was created by men less than perfect.

It is a good bill because it goes to the heart of the housing problem in the State of Hawaii and the institution of residential land leases as it has developed over the years.

Eight years ago the Legislature sought redress for lessees in the Land Reform Act of 1967. But meanwhile, the leasehold problem has become a crisis; and thousands of lessees pray for relief.

Mr. President, this bill provides that relief by placing the law in the side of the residential leaseholder. The thousands of residential leaseholders in Hawaii need this bill. And it behooves us to see that it is enacted.

I urge all of you to vote Aye on this measure."

Senator Rohlfling then spoke for the passage of the bill as follows:

"Mr. President, since tonight is one of those nights that is going to probably involve some of us in some things that are not pleasant, I find it incumbent upon myself to stand on this particular issue and say that I find the results pleasant.

Twenty days ago, I spoke before this Body offering various amendments to then Senate Bill No. 1200, Senate Bill No. 19 and several others, trying to point out some of the areas that we thought had not been given sufficient attention. As the Chairman, my distinguished colleague from the Fourth Senatorial District, pointed out, leasehold issues have progressed through many committees of this Body and the other Body across the hall. A lot of work has been put

in by a lot of people.

I have to confess that I personally was disappointed that several of us, Senator F. Wong, Senator Hulten and myself, were not able to participate in the Conference Committee. Not everyone can participate in a conference committee, and I acknowledge that Senator Young had good reason for her position. I commend her and her conferees for retaining many of the key changes that were made in the Economic Development Committee and in other committees along the way. I think that significant progress has been made.

As I said several weeks ago, some of us began the fight in the fifties; maybe some began earlier. I think we have made progress in clarifying some of the problems. I don't think it's perfect, as the Senator has said; but I think we have done a great deal to build a better outlook for a 'fair shake' for the lessees.

I think we can build on this year's progress in case we haven't finally made it. I, for one, will be looking toward the Administration to see whether they are prepared now to implement with some very clear, outspoken, underlying, exclamated intention of the Legislature of the State of Hawaii to move, to try and bring some equity to lessees to give them a chance to purchase their fee simple property.

There are still some things to be done, but again I think that those who have participated in this effort are to be congratulated for the amount of effort and what it has finally brought to bear before us tonight.

Mr. President, I am very happy to take the position that we should support this measure and move ahead.

Thank you."

The motion was put by the Chair and carried and Conf. Com. Rep. No. 24 was adopted, and S.B. No. 1200, S.D. 2, H.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO RESIDENTIAL LEASEHOLDS", having been read throughout, passed Final Reading by not less than two-thirds vote of the members to which the Senate is entitled, on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conference Committee Report No. 25 (H.B. No. 55, H.D. 1, S.D. 1, C.D. 1):

On motion by Senator Young, seconded by Senator Toyofuku and carried, Conf. Com. Rep. No. 25 was adopted and H.B. No. 55, H.D. 1, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII LEASE RENT RENEGOTIATION RELIEF ACT", having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conference Committee Report No. 26 (S.B. No. 42, S.D. 2, H.D. 2, C.D. 1):

Senator R. Wong moved that Conf. Com. Rep. No. 26 be adopted and that S.B. No. 42, S.D. 2, H.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Yamasaki.

Senator King then rose to speak in favor of the bill as follows:

"Mr. President, I rise to speak in favor of the motion.

I would like to have signed the committee report 'with indignation' rather than 'with reservations'. Reservations are for substance; indignation has to do with means.

Personal indignation is not a matter I take up the time of this Body with, and particularly not on the last night. But indignation to raise some questions seems to me to be perhaps worth the while. Therefore, I express indignation for the way things happened. Though, perhaps 'happened' is not quite the word for something quite calculated.

This past Monday when the President named the conference committee, I learned through his announcement that the chairman of the secondary routine money-referral committee would be the conference chairman rather than the chairman of the subject matter committee. This was done in spite of the fact that the bill had not gone to any other subject matter committee and had been in the majority package as part of the environmental package; and the environmental committee, which I chair, held all the hearings. This was the first surprise.

The next surprise took place at the first meeting of the conference committee. We assembled and one of the Senate conferees, not the chairman, presented what he called the Senate position. I asked where that position had come from since up to that point no meeting of the Senate conferees had been called. The non-chairman replied that a number of people had expressed their concerns to him about the bill, and the Senate position was the result of those concerns. If that were the basis of the Senate position, then there have been a number of people who have expressed their concerns to me, people who have worked long and hard for the passage of a meaningful shoreline protection bill; and I have several Senate positions that I want to present.

We recessed. We then held the first caucus of the Senate conferees and came to easy agreement on some points; for example, performs should be spelled with an 'r' rather than without it as in 'peforms'.

On other points we had more difficulty. The one we had most difficulty was with Section 5 dealing with the effective date. After considerable discussion, we finally agreed on a compromise position; and an attorney who was present in caucus with us wrote it out in long hand on one of those yellow sheets and said that he would have it typed up. Basically, it was that the Act would take effect upon approval and that in each county developments could proceed under existing laws until the counties came up with rules and regulations. Under the proposed bill they had 120 days or four months. When it was ready, we went back into conference and then came surprise number three...."

The President then asked that Senator King speak on the merits or demerits of the bill.

Senator King continued:

"Mr. President, the reason I raise this is because methods seem to have become a very important thing in this session in terms of pay raises and in terms of retirement; but I'll do as you request.

In terms of the merits of the bill, shoreline protection is a long, long way from what we

started out with. I just want to take this moment to thank and, I guess, commiserate with the hundreds of people, the councils of presidents, the community associations and the individuals who worked hard for shoreline protection based on an abiding commitment to the kind of Hawaii we want.

Although the bill is a long way from what it started out with, we have accomplished some things through the hard work of a lot of dedicated people who began working last year for a meaningful shoreline protection bill. We have quite a bit more in this bill than what is presently on the books. We have a hundred yards. Compared to a thousand, that's not much. And the disappearance of a zero, which usually means nothing, here means quite a lot. But we do have a hundred yards, the length of a football field; and in many areas this will take us mauka of the shoreline road which is a crucial area in terms of the kind of Hawaii we want. And we've got the permit process and public hearings and the right to judicial review.

Therefore, Mr. President, acquiescing to your request and putting aside the indignation, but not yet able to still the sadness of what might have been on this final night of my first session as a Senator, I urge an Aye vote on the State shoreline protection bill."

Speaking for the passage of the bill, Senator R. Wong then stated:

"Mr. President, I rise to speak in favor of this measure.

Mr. President, the members of your Conference Committee have examined the merits of the original bill to determine whether or not the common good is being achieved. The deliberations that began on this bill had their start early in this Session. The positions promoted by the proponents of the original version could have imposed extreme hardships on the State's economy. The opposing forces who were concerned with their individual interests offered alternatives which would not have provided for the total well-being of the State.

Mr. President, in the pursuit of developing legislation that can assure total state control over this measure that will meet the

common good, the amendments as proposed will insure protection of our shoreline resources, tempered with the benefits of practicality.

Mr. President, it has been a tough conference. However, we are confident that these amendments will stand the test of time. The provisions for effective dates, the proviso for public input at scheduled hearings, the review at the local level to process rules and regulations are designed to implement what can truly be called the legislative process.

In conclusion, Mr. President, we are fortunate to have this opportunity to implement a practical application of shoreline management that can be the basis for the upcoming coastal zone management programs. We are to have completed by 1977 the Coastal Zone Management Plan, which will fully utilize the experience gained by the practices under this shoreline protection bill.

Mr. President, I urge the members of the Senate to vote overwhelmingly to pass this measure.

Thank you."

The motion was put by the Chair and carried, and Conf. Com. Rep. No. 26 was adopted and S.B. No. 42, S.D. 2, H.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO ENVIRONMENTAL SHORELINE PROTECTION", having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

No. 612, H.D. 1, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE CRIMINAL INJURIES COMPENSATION LAW", having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

At 8:24 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

At 8:38 o'clock p.m., the Senate reconvened.

Conference Committee Report No. 33 (H.B. No. 999, H.D. 1, S.D. 2, C.D. 1):

Senator Chong moved that Conf. Com. Rep. No. 33 be adopted and that H.B. No. 999, H.D. 1, S.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator R. Wong.

Senator Chong then rose and spoke in favor of the bill as follows:

"Mr. President, I rise to speak in favor of this conference draft.

The purpose of this bill is to amend State law to conform with the provisions of Public Law 93-641, the National Health Planning and Resources Development Act of 1974.

Public Law 93-641 is perhaps the most significant and far-reaching health legislation enacted by the 93rd Congress. It creates a planning and resources development mechanism to replace the former comprehensive health planning, regional medical programs, and Hill-Burton authorities. It was signed into law only on January 4, 1975 and authorizes the establishment of State health planning and development agencies and local health systems agencies. Essentially, new federal obligation authority for fiscal year 1975-1976 to carry out the Act totals over a billion dollars.

Now, Public Law 93-641 is very detailed, complex; and there are formal procedures for the establishment of these new health planning agencies throughout the United States.

The timetables for the State responses are also tight.

There is no precedent, I repeat, no precedent or model state enabling legislation available; and indeed Hawaii may well be the first State to pass such enabling legislation because the Hawaii Legislature convened on January 15th which was only two weeks after the President signed this major health legislation into law.

This bill provides the enabling legislation for the State of Hawaii

to take full advantage of the federal programs and appropriations for planning and regulatory functions under Public Law 93-641.

Now, because of the far-reaching implications of this law, this honorable Body earlier this evening adopted Senate Resolution No. 447. The resolution authorizes your Committee on Health to monitor the implementation of House Bill No. 999, H.D. 1, S.D. 2, C.D. 1.

Mr. President, for these reasons, I urge everyone to adopt the conference draft."

The motion was put by the Chair and carried, and Conf. Com. Rep. No. 33 was adopted and H.B. No. 999, H.D. 1, S.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTH PLANNING", having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conference Committee Report No. 34 (H.B. No. 126, H.D. 1, S.D. 1, C.D. 1):

On motion by Senator Nishimura, seconded by Senator Chong and carried, Conf. Com. Rep. No. 34 was adopted and H.B. No. 126, H.D. 1, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC AGENCY MEETINGS AND RECORDS", having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conference Committee Report No. 35 (H.B. No. 1779, H.D. 2, S.D. 1, C.D. 1):

Senator R. Wong moved that Conf. Com. Rep. No. 35 be adopted and that H.B. No. 1779, H.D. 2, S.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Yamasaki.

Senator R. Wong then spoke in favor of the passage of the bill as follows:

"Mr. President, I speak in favor of House Bill No. 1779, Conference Draft 1.

First of all, I would like to allay any apprehension which any member of this Body might have concerning the procedural aspects of this

bill.

This is a conference draft formally reported out by a duly appointed conference committee. It is a bill which by its title encompasses one subject. And it is a bill which has been received by the members 24 hours prior to final action. Therefore, I do not see any legal questions concerning the movement of this bill to final action.

As to the substance of the bill, I think the intent, Mr. President, is quite clear. It is to provide a much more realistic basis for determining the average compensation of a legislator for retirement compensation purposes.

In 1963, the Legislature established the formula under which the average final compensation of legislators would be computed at a multiple of four times the compensation of general session and six times the compensation of the budget sessions. This formula was based on the compensation of \$2,500 for a general session and \$1,500 for budget sessions, which had been established in the original Constitution way back in 1950.

In 1969, after the 1968 Constitutional Convention changed the legislative salaries to \$12,000, the statute was changed to specify that for services of a legislator after 1968, the actual salary would be used for compensation purposes. This means that even though as far back as 1963 compensation should be considered to be \$10,000 for the general session and \$9,000 for the budget session, today as in 1969 it can only be \$12,000.

This means, in effect, that although twelve years have passed since the multiple formula was established in 1963, there is only a difference of \$2,000 today when compared with the general session, and only \$3,000 when compared with the budget session. It appears reasonable to me, Mr. President, that because legislative salaries were increased by the 1968 Convention, there should also be considered a more equitable adjustment in calculating salaries for retirement purposes.

In essence, what might have been reasonable to the constitutional drafters way back in 1950 in setting legislative salaries at \$2,500 and \$1,500 certainly didn't look very realistic or reasonable to the 1963

legislature when it went into a multiple formula to calculate compensation for retirement. Likewise, what might have been reasonable to the 1968 convention in setting salaries at \$12,000 does not appear today to be reasonable for the purpose of calculating compensation for retirement.

So, in summary, Mr. President, let me say that there is ample precedent in establishing a multiple of average compensation for retirement purposes. And let me say also, Mr. President, that the multiple is reasonable and realistic.

That is why I support this bill, and I urge the members of the Senate to vote for the bill.

Thank you, Mr. President."

Senator Anderson then responded as follows:

"Mr. President, we respect your position, but strongly disagree. Please cast a No vote for all seven Republicans."

The motion was put by the Chair and carried, and Conf. Com. Rep. No. 35 was adopted and H.B. No. 1779, H.D. 2, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PENSION AND RETIREMENT BENEFITS", having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 14. Noes, 11 (Anderson, Ching, George, Henderson, Kawasaki, King, Leopold, Rohlfing, Saiki, F. Wong and Yee).

Conference Committee Report No. 36 (H.B. No. 127, H.D. 1, S.D. 1, C.D. 1):

Senator Nishimura moved that Conf. Com. Rep. No. 36 be adopted and that H.B. No. 127, H.D. 1, S.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator O'Connor.

Senator Kawasaki then rose and spoke in favor of the bill as follows:

"Mr. President, I signed the Judiciary Committee Report with reservations. In my judgment, the penalty, a petty misdemeanor, for a willful failure to register on the part of a legitimate lobbyist, and the penalty for willfully putting false information in the statements

is not strict enough to insure strict compliance with the lobbyist registration bill.

Earlier in the session, Mr. President, the Republican Minority with the best of intentions suggested that we incorporate what was at that time the Senate draft of the lobbyist registration bill as part of the Senate Rules. The Democrats, to the man, voted against this suggestion; and we promised the Republicans at that time that the Democratic Majority in the Legislature on both sides of the rotunda would do the utmost to insure passage of a meaningful lobbyist registration bill.

I would like to point out to the Republicans that we have kept faith with that promise. Now, with the enactment of the lobbyist registration bill, we happily relinquish what was referred to as the dubious distinction of being the only State in the Union not having a lobbyist registration bill. We may have been the very last state to enact this piece of legislation, but I say with pride that our lobbyist registration bill is just as good, if not better, than any lobbyist registration bill in the entire nation, perhaps with the exception of the California State lobbyist registration.

I think once this bill is enacted and signed by the Governor that the people who opposed this bill, the lobbyists, will find they can live with the bill. It is not unreasonable. We must commend those lobbyists who grouped themselves early in the Session and voluntarily advocated a reasonable lobbyist bill. They called themselves the Legislative Advocates. We commend them.

There were other lobby groups, unfortunately, who back of the scenes tried every means possible either to weaken the lobbyist registration bill or to be sure that it died in committee so that we'd have no legislation. It is much to the credit of all of the people in the Legislature that we did resist such efforts and that we did come out with a good lobbyist registration bill.

I urge unanimous vote on this bill."

Senator Anderson then commented as follows:

"Mr. President, on behalf of the Republicans, we would like to thank you for living up to your commitment. It is about time that we have a lobbyist registration bill in this town.

However, if we had it two months ago when we should have had it, even under the Rules, we might not have before us tonight some of the shoreline bills that Senator King was so upset about and the pay bill that you are going to speak against. We might have prevented some of the legislation on our desks tonight.

Better late than never, however, and we thank you."

The motion was put by the Chair and carried, and Conf. Com. Rep. No. 36 was adopted and H.B. No. 127, H.D. 1, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO REGISTRATION OF LOBBYISTS", having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Conference Committee Report No. 22 (H.B. No. 1875, H.D. 1, S.D. 2, C.D. 1):

Senator Nishimura moved that Conf. Com. Rep. No. 22 be adopted and that H.B. No. 1875, H.D. 1, S.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Young.

At this time, Senator Chong commented as follows:

"Mr. President, I would like to make a few comments against this bill.

Section 514-2 of this bill allows, in effect, the use of noncontiguous structures for condominiums. The Conference Committee Report mentions that the word noncontiguity has been deleted and instead the words 'close proximity' have been used.

I feel that the words 'close proximity' are too vague and would permit a person who advertises condominiums in the future to be able to build a parking lot ten miles away. The condominiums may not have certain other things which are part of it in its brochures; and when they market these on the mainland, we may have problems.

As you know, the Governor, in his wisdom, vetoed a similar bill last year. The Chairman of the Committee has recommitted House Bill No. 1755 which is a much worse bill. I feel that this Conference Committee version of that same bill, House Bill No. 1755, does not go far enough and should be defeated."

At 10:09 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

At 10:12 o'clock p.m., the Senate reconvened.

Senator Nishimura then explained the Conference Committee Report as follows:

"Mr. President, I would like to read into the record the area referred to earlier.

In the Conference Committee Report on page 2 we say, 'Definition 18 is expanded to include land which may or may not be contiguous and including more than one parcel of land. Your Committee, by the use of the phrase "same vicinity", intends that the parcels of land must be in close proximity to each other. This provision was added in order to allow property ownership of areas for parking, recreation, etc., and separate parcels of land which may be across the street or in the adjacent block. It also allows for increments being completed at different times.'

This was the intent of the Conference Committee."

The motion was put by the Chair and carried, and Conf. Com. Rep. No. 22 was adopted and H.B. No. 1875, H.D. 1, S.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO HORIZONTAL PROPERTY REGIMES", having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 5 (Chong, King, Leopold, Rohlfing and Yee).

Conference Committee Report No. 23 (S.B. No. 1645, S.D. 1, H.D. 1, C.D. 1):

By unanimous consent, action on Conf. Com. Rep. No. 23 and S.B. No. 1645, S.D. 1, H.D. 1, C.D. 1, was deferred to the end of the calendar.

Conference Committee Report No. 27 (S.B. No. 1281, S.D. 2, H.D. 2, C.D. 1):

On motion by Senator R. Wong, seconded by Senator Yamasaki and carried, Conf. Com. Rep. No. 27 was adopted and S.B. No. 1281, S.D. 2, H.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT MAKING APPROPRIATIONS TO THE JUDICIARY FOR THE FISCAL BIENNIUM JULY 1, 1975 TO JUNE 30, 1977 AND AUTHORIZING THE ISSUANCE OF BONDS", having been read throughout, passed Final Reading by not less than two-thirds vote of all the members to which the Senate is entitled, on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conference Committee Report No. 28 (H.B. No. 372, S.D. 1, C.D. 1):

On motion by Senator R. Wong, seconded by Senator Yamasaki and carried, Conf. Com. Rep. No. 28 was adopted and H.B. No. 372, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO EXPENDITURE OF PUBLIC MONEY AND PUBLIC CONTRACTS", having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

At 10:15 o'clock p.m., the Senate stood in recess subject to the

call of the Chair.

At 10:32 o'clock p.m., the Senate reconvened.

House Bill No. 826:

On motion by Senator King, seconded by Senator Hulten and carried, H.B. No. 826, entitled: "A BILL FOR AN ACT RELATING TO DIAMOND HEAD STATE MONUMENT", having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 6 (Hara, Kawasaki, R. Wong, Yamasaki, Young and Ushijima).

Conference Committee Report No. 23 (S.B. No. 1645, S.D. 1, H.D. 1, C.D. 1):

Senator R. Wong moved that Conf. Com. Rep. No. 23 be adopted and that S.B. No. 1645, S.D. 1, H.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Yamasaki.

Senator Kawasaki then rose and spoke against the bill as follows:

"Mr. President, I rise to offer my reasons for voting No on this bill.

Mr. President, I find it very difficult to bring myself to vote for this bill. I realize that this bill is of great importance to many people. Their compensation is affected by the voting on this bill, and I am not that unrealistic to think that my vote is going to make any difference at all. Perhaps the machavellian and practical thing to do is to vote for this because there are enough votes to pass it. But in good conscience, Mr. President, I am deeply worried about the financial impact of a bill that ratifies by a single stroke all of these contracts and one that is going to involve over \$72 million dollars in the next biennium.

Our economy is in dire straits in view of our State's financial condition and our unemployment situation and the fact that we are in a recession right now. Many people are out of jobs--some 25,000 people are able to work, but there aren't enough jobs in view of the fact that our national economy is in dire straits.

As I said in the previous discussion, we will have an unprecedented \$87 billion deficit nationally in

the next bienhium. Here in Hawaii, we are insulated, fortunately, up to this point because of tourism, particularly from the Asian countries, that has kept us going. But I predict that while we are presently in a recession, our economy is going to get worse. As a matter of fact, I sadly predict that we are going to get into a depression which means less revenues for this State to carry on the work of the government.

I would hate for this State to become like the city of New York, which is practically bankrupt. Very recently, a number of big banks in New York have come to a meeting of minds to perhaps lend, if you will, the city of New York literally millions of dollars to keep its government operations going. I think the passage of this bill, in the years to come, will some day put us into this predicament.

I don't object, Mr. President, to the annual incremental increases that are assured government workers. This was intended years ago to be the pay increase for government workers so that somehow, realistically, they can cope with the rising cost of living. I do not object to this. This, I figure, is something we can live with. But to automatically provide these incremental increases and then roughly to add about 8½ per cent on top of that is not what we can quite afford at this time.

As I said, I have difficulty in voting against this bill because many people of my personal acquaintance will be affected by it. My relatives, close campaign supporters and workers will be affected. However, in my understanding of the economic situation in these islands, I can't in good conscience vote for this bill.

I realize that this may mean the termination of my political career; but this is one of those times, Mr. President, that we've got to make a hard decision. I think that when I was voted into office by 27,000 people, I pledged to them that I would do my best on the basis of information available to me, and that I would vote my best and act in the best interest of the greater majority of the people of this State--the thousands of people who do not come around here and the thousands upon thousands of silent voices unrepresented

by lobby groups.

Therefore, I hope to keep my pledge to these people even if it means the termination of my political career at the end of my term.

I urge each member of the Senate to think very carefully about the financial impact of your vote on this particular bill. I urge its defeat."

At this time, Senator R. Wong spoke in favor of the bill as follows:

"Mr. President, I rise to speak in support of this bill.

I am sure that all members will agree that this is a measure of great importance, and a very difficult one indeed, Mr. President.

The reason for that importance, Mr. President, is that this bill is nothing less than an ambitious effort to systematize the pay scales of government employees at all levels of government and to bring them into some rational framework. The benefits of this step, I am sure, will be plain in future years.

Before discussing that in detail, however, I would like to dispose of a matter that has been the subject of some debate. That is the inclusion of statutory pay levels in a bill appropriating funds for collective bargaining agreements.

Mr. President, some have said that this is improper, or argued that the two subjects should be separated. I don't agree, and the reason is that the two are in fact inseparable. How is it possible to make a determination of the value of one group of government employees' services without reference to others?

It is not possible, Mr. President, and I am sure that my colleagues in this Chamber are well aware of it. The pricing of positions in the government service is not in truth a divisible thing.

Let me take this thought a step further, however. We are all aware, Mr. President, that one of the more difficult tasks which the Legislature undertakes, session after session, is discovering precisely what the full costs of new programs will be. The same is true of programs for which significant incremental increases in costs are proposed. We spend considerable time on

such matters, and it is right that we do so.

What we as responsible legislators want to know is not only what a program will cost in its first year, but also in its second and third years, and so on out to the planning horizon for the program. This is basic to the philosophy of government to which we espouse. By law and in practice we want to know what the full cost of a given operation in a system will be. To the extent that we are successful in answering such questions, we are better able to make informed fiscal decisions because we have a clearer idea of what the future demands on the State resources will be.

Mr. President, that is precisely the advantage of this bill. By incorporating the pay levels for key officials in all three branches of government in the collective bargaining appropriation bill, we are saying, 'Here is the basic pay structure of the government of Hawaii. You can look at it and see the cost implications, the full system costs that are involved.'

This is a good thing, and I commend it not only in the case of the bill which is before us, but as a basic approach which should govern the matters in the future. There is nothing concealed here, Mr. President. We are saying simply that it does cost money for the government to provide services, and that cost is fully reflected here. We aspire to a high quality of government service in this State, and I do not think we believe that talented government employees should go unrewarded.

Let me now return to my original point, Mr. President, for it is the systematic approach of this bill that lends itself to special consideration. Here we see a form and a structure being given to top-level positions throughout the government which will communicate itself to the entire pay structure.

What this bill devises is a twin ordering of the executive, judicial, and legislative positions in relation to a clear base point. That point is the salary of the Governor of the State of Hawaii. In descending order, then, the salaries for executive positions are pegged in relationship to the top government job. This is a significant thing in itself.

As I indicated earlier, however, this structuring of pay levels does not stop there, but also extends horizontally through the other branches of government, establishing clear relationships throughout the most important positions in the public service.

This brings order and reason to the pay system, and removes the disorderly prospect of lesser officials earning more than persons who are recognized as having tasks of greater responsibility. We can expect this order, this reason, similarly to be reflected in the lower level positions throughout the government service.

For that reason, it is doubly appropriate that the pay scales for the executive, judicial and legislative positions should be combined with the appropriations for collective bargaining. The two complement each other; they belong together.

Mr. President, I trust that all members will see the wisdom and the logic of this approach to the very critical matter of public employee pay; and I urge the members, Mr. President, to vote for this bill.

Thank you, Mr. President."

Senator Chong then rose and commented as follows:

"Mr. President, I rise to voice a protest against this bill although I will be voting for it. I believe it is the same protest that possibly all of my constituents would make if they were here today and had the opportunity to speak to us.

I, therefore, take the liberty of stating for them that two disparate--two very different sets of circumstances--have been combined in this bill; and I don't think this should have happened.

We must see to it that our teachers, our policemen, our firefighters and other public employees who have gone without substantial pay increases in a time of alarming inflation, have adequate adjustments in their salaries. I believe we would all agree that it is necessary to keep these salaries in line with the rising cost of living. Therefore, I must vote for this bill. To vote against it would be to defeat this aim.

However, I am in no way convinced that the Governor and the Lieutenant Governor and some cabinet members

are having any great struggle keeping pace with the cost of living; and I, therefore, on behalf of my constituents and Hawaii's taxpayers, protest this inclusion of a pay raise for higher echelon administrators. In their case, I would recommend a little belt tightening."

Speaking against the bill, Senator Rohlfs then stated:

"It is with considerable reluctance that I rise to speak against this bill.

Mr. President, the events of the past several nights, beginning with the further culmination of this pay bill and culminating with the appearance of the retirement bill, convince me that the Majority Party is suffering from sixty-day fatigue.

Mr. President, early in this session the Ways and Means Committee, of which I am proud to be a member, made a decision on a number of pay raise measures. We approved bills to implement the agreements reached at the collective bargaining table. All of the Republicans on this side of this hall support the collective bargaining contracts and agreements, and we voted earlier on Third Reading of those bills.

On March 10th, the Ways and Means Committee at a public meeting rejected the increases for the Governor, other executive officers and judges, a bill which I will call the 'Administration pay bill'. Our Ways and Means Chairman, my learned colleague Senator Richard Wong, was quoted in the STAR-BULLETIN of Tuesday, March 11th as follows: 'As far as the Senate is concerned, the issue relative to a pay raise for the judiciary and executive cabinet members is a closed one.'

Mr. President, lo and behold, it is not closed! The House was seduced by the Governor and, I guess, those fresh new cabinet faces, to perform an illicit marriage of the ailing Administration pay package to the legitimate and viable collective bargaining bill.

And wonders of wonders, on Wednesday night the Ways and Means Committee, over the opposition of Senators Anderson, Henderson, King and myself, went the House one better. We added the final frosting--20 percent increases

in the salaries of the Governor and Lieutenant Governor, all of whom are still working on probation.

Mr. President, I've never been identified as a 'Goldwater-Republican', but some recent remarks the Arizona Senator made concerning Congress are equally applicable possibly to this Legislature. He said: 'If this country can survive this Congress, it can survive anything. I am convinced that they have no concept of how money is used to make money. They have the attitude that you can spend and spend and elect and elect even though this country is close to national bankruptcy.'

Mr. President, the public employees and their unions have played by the rules. Whether they got too much or not, and here I differ with my colleague from across the aisle who spoke earlier, we in this Body gave the Administration the authority and the responsibility to conduct the negotiations on behalf of this State. Both have spent months and in several cases years at the table negotiating pay adjustments and other conditions of employment for government employees.

As the sole Republican to serve on the interim committee that wrote the collective bargaining bill, I firmly believe in the essence and the truth, the concept, of collective bargaining, not only in private employment but also in public employment. I believe in it to the extent that several weeks ago I proposed that we get rid of the 'Mickey Mouse' restrictions on management rights. I proposed that we open up the collective bargaining to classifications and all the other things that affect public employees. I also proposed an amendment on this floor, and I got smashed by the Majority.

I am fully aware of the feelings of the teachers and particularly the University professors who have had to wait through this process. The fault does not lie altogether with the law; there has been some disorganization there. But they have had to wait very long.

I, myself, have represented employees at the collective bargaining table. I have represented nurses who will be affected by this decision. I believe that the employees are entitled to their hard-won benefits at the collective bargaining table.

And again I say, we on this side voted for those benefits. We voted for the contracts, but there is a difference here tonight. Mr. President, the employees are being used; and we, here, are being used. If the Administration bill had the votes, it wouldn't have had to be tacked to the collective bargaining bill. But it didn't, so it became a parasite.

There are those of us here who have tried to remove the parasite before it got to this floor, but it apparently proved to be as strong as the bill itself. And I believe, unfortunately, that some of my good friends that I've had very good exchanges with and who lead the union and represent the government employees have said, 'Leave our bill alone!' We would not be faced with this dilemma if the parasite had been removed. There would be no need for speeches. You could all go home early, and we could have our party. But I think they, too, are being used.

Many will say, 'You Republicans, how can you vote the way you intend to vote with your remnant.' You know, we are an endangered species. I am well aware of the political consequences, and I think everybody here with me is too. But I also believe we have no choice if we are ever to have any credibility, Mr. President, with the House of Representatives, with this new Administration, with the public or with ourselves.

To those who are members of public unions I would say on the final night that if this bill should not pass, I would guarantee that we would have a last minute extension, but we would have a special session; and you would have a clean bill. I cannot buy the proposition that there will not be approval of those agreements.

'The public', Mr. President, is not represented here by organizations or lobbyists, in all due deference to such organizations as Common Cause, the League of Women Voters, the Chamber of Commerce, the State Federation of Labor, etc. They are not 'the public', although they have their rights to make input just as the Minority occasionally has the right to make input. The public really hasn't much of a formal organization. The public's only by-laws are the Constitution and the Bill of Rights.

For some 200 years, the public of America has operated on what is, unfortunately, today sometimes deemed as the 'goofy' notion that after it elects people to office, the majority of them will work for the benefit of all our citizenry.

The people of Hawaii know better than to believe that the Governor and the most recent appointees need a pay raise now. They didn't accept their new jobs on that condition or with any such guarantees. Across America, and I refer to the TIME magazine of recent note, governors and public officials have cut their cars, their houses, their salaries; but we in this State are going in a totally different direction.

I believe we have here an example of the increasingly popular, but incredibly dangerous, tendency to 'swipe' what we can get before the next guy gets it. Mr. President, I cannot and I do not believe my colleagues on this side of the aisle can join in either the raid on the public treasury or the subversion of the will of the people.

Thank you."

Senator Kawasaki then commented:

"Mr. President, I would like to comment on some points that I neglected to mention in my prior impromptu remarks.

I have opposed any pay raise for legislators. Earlier tonight I voted against liberalization of retirement benefits for most of us here; and I have been in opposition to raises for the Governor, the Lieutenant Governor, the cabinet positions and the judiciary.

I am being consistent in saying that although I do not believe that some people don't deserve a raise, we can't afford it at this time."

Senator King then rose and spoke as follows:

"Mr. President, this bill before us now is assured of passage and those who have legitimately through the collective bargaining process negotiated their needed and deserved pay increases will get them; and I support them. Therefore, it is with great reluctance that I rise to speak against the passage of this bill.

I support the pay raises for teachers, the substitute teachers, the university people who have waited so long, the firemen, the policemen and institutional workers. They need the pay raises, and they deserve them; and they've gone legitimately through the process that we've set up for them.

But, how about the Governor and the other raises. How in this period when so many are really 'hurting' can we say that they need them. Even for those who do feel that the executive and judicial pay raises are justifiable, how about the way this was done and the way these were slipped into a genuine collective bargaining pay bill.

The use of a trick or a threat, Mr. President, should not be the way a bill passes. A bill should pass or fall on its merits. The way government operates, the process, is important in the way people feel about their government. Trust is important; good faith is important. I can speak at considerable length, but I'll stop.

Much as I support all those who under the genuine collective bargaining process have negotiated their pay increases, I regretfully have concluded that I must vote against this bill."

The motion was put by the Chair and carried, and Conf. Com. Rep. No. 23 was adopted and S.B. No. 1645, S.D. 1, H.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT MAKING APPROPRIATIONS FOR SALARIES AND OTHER ADJUSTMENTS, INCLUDING COST ITEMS OF COLLECTIVE BARGAINING AGREEMENTS COVERING PUBLIC EMPLOYEES AND OFFICERS", having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 16. Noes, 9 (Anderson, George, Henderson, Kawasaki, King, Leopold, Rohlfling, Saiki and Yee).

SENATE RESOLUTION

A resolution (S.R. No. 455), entitled: "SENATE RESOLUTION INFORMING THE HOUSE AND GOVERNOR THAT THE SENATE IS READY TO ADJOURN SINE DIE", was jointly offered by Senators Ching, Taira and Anderson and was read by the Clerk.

On motion by Senator Ching, seconded by Senator Anderson and carried, S.R. No. 455 was adopted.

In accordance therewith, the President appointed Senators Ching, Taira and Anderson as a Committee to inform the Governor and the House of Representatives that the Senate stood ready to adjourn sine die.

At 11:07 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

At 11:22 o'clock p.m., the Senate reconvened.

The President then addressed

the members of the Senate as follows:

"Members of the Senate:

In a very short time, the Regular Session of 1975 of the Eighth Legislature will adjourn sine die. I consider this session to be a maiden voyage. I draw this analogy because in many ways we have collectively embarked on a voyage which for many of us has been a voyage into uncharted seas.

The experiences gained from the new relationships formed during this session have been, in many respects, similar to the shakedown cruise of a new vessel. The familiarization with the working operations, the differences in each individual member as he or she responds in his or her own way to the challenges of legislative work, has been enlightening and very rewarding.

I can say to each of you that, in my belief, the Senate of the Eighth Legislature has made an auspicious start. I know from the experiences gained by each of us, that we can look forward to smoother voyages in the sessions ahead.

As your President, I have been entrusted with the responsibility of maintaining a steady course towards the realization of our goals and objectives. I would like to provide you with an assessment of what has been accomplished, thanks to your collective efforts.

I stated to you on January 15, 1975, when we commenced this session, that we had specific objectives. They dwelt in the area of a central and unifying theme of effective, efficient, responsive and responsible government. For the most part, we have maintained the course. In some areas we have strayed. I am confident, however, that in future sessions we will get on course and become the legislative architects that we truly should be.

The primary mission of reasserting our role as legislator first and foremost is on its way. We have in this opening year of our four year voyage pursued the axiom of 'pause and reflect'. Many people have expressed their concern over the Legislature's inability to respond more dramatically to the wishes of the more vocal sectors of our community.

We have strived to respond to the concerns of the people. The final work product of this session

will reflect our response. The bills that have passed this body have been developed through the concerns and thoughts of all the members. Like every finished product, everyone is not completely satisfied; but this is the legislative process.

This session, the biennium budget session, has fulfilled its role to fiscally make available the funds necessary to operate our State government. Issues that have been placed before us by a concerned citizenry have also been given legislative consideration. These include legislation on such issues as shoreline protection, campaign spending, land use, lobbyist registration and open government. Public comment and interest on these issues have placed the responsibility squarely on our collective shoulders to meet these challenges.

The end results have been to provide for the common good instead of the segmented groups who have come to us as proponents of viewpoints that have limited benefits. In achieving these final states, the bills have passed through the entire process of review, consideration, and discussion; and the finished products are the result of the majority expressing their wishes.

We can stand behind these bills as finished products, reflecting the interests of the total community and not the divergent viewpoints.

The second area of reassertion lies in the determination of where certain functions currently being performed by State and County will ultimately rest. The reorganization of our State government, which has been unwieldy and unresponsive, needs to be looked into and completely reorganized. To meet these problems, we have provided for a commission to examine and develop viable means by which government functions can be reorganized into more manageable and efficient instruments of expression.

It is significant that during this session, the number of Senate/House conference committees has reached an impressive number. The significance is attributable to the legislative process which insures full examination by both houses of those bills that have not received the required approvals. The rate of survival and the quality of the legislation that survives is the direct result

of these conference committees. What has finally evolved will not meet the full approval of the segmented groups who have verbalized their positions; our concerns are that the final results are beneficial to all.

Our maiden voyage has achieved one accomplishment that is worthy of mention at this point. The newly established Administration has come to grips with the legislative branch, and a clear-cut rapport is evident. Closer scrutiny of its efforts through the system of checks and balances has gotten off to a good start. The Administration has accepted our new position; its willingness to meet and discuss common issues of concern is excellent, and we can look forward to a more harmonious relationship in future sessions. It will be to the mutual advantage of both branches of government to work together on legislation that can be considered sensitive and far-reaching in order that we may move forward to meet the challenges of this new era.

In conclusion, we have begun. Our voyage, from all indications, will be an eventful one. The victories and the defeats which we will experience henceforth can only improve each of us in the ways that will be lasting and permanent.

During the coming interim between sessions, work to maintain the background knowledge and the information necessary to render valid input will be required. This will be the case more so than in previous years. Your continued dedicated effort will be necessary so that we can be thoroughly prepared to meet the greater challenges that lie ahead.

Finally, on this closing night I wish to express my deep appreciation for the cooperation and understanding I received during my first session as your President. It has been a great experience, and I look forward to working with you during the coming years.

Thank you very much."

Senator Yee then rose and spoke as follows:

"Mr. President, I would like to take this opportunity to respond to your remarks.

I certainly don't envy you sitting at the podium. Half the time I look with trepidation because the make-up

of this Body is not as cohesive as it used to be in my past eight years of experience. We have some new faces here, and they are all outstanding and capable individuals with minds of their own. I know it has not made an easy session for many of us, and I think you handled yourself very well under these trying circumstances.

I would like to say on behalf of the Republican Minority members that we appreciate the courtesies that the chairmen of the various committees have given our members. I know the Minority members speak very highly of the ability and availability that you have given them for input. The Minority members' suggestions and advice were meaningful; and many of these ideas have been incorporated in the bills that we have passed.

But I do ask one more consideration from my friends on the other side of the aisle. During the next session, please consider and let's pass some Republican bills, resolutions or Senate concurrent resolutions. You know and we know that we have some good measures here. I am sure with this kind of a better spirit of cooperation that we are going to have three more years of a better working relationship together."

Senator Ching also rose to speak as follows:

"Mr. President, I would like to respond to your speech as well as the honorable Minority Leader's speech.

What happened tonight was not planned as the honorable Minority Leader is well aware. I think that the phrase 'minority input' is a phrase that many of us have used very lightly. I think it has been a tremendous thing in this session, and I think this is the way it should be.

Whatever bills we've passed during this past session, we, on this side of the aisle, have to rise or fall with them. When we go back to the people in 1978 or even before, I think that it is the duty and responsibility of the Democrats to say that this is our legislative program that was put together by all twenty-five Senators, minority or majority.

I am not making a pledge or a promise at this time. I am sure

we will take the Minority Leader's matter into consideration at our very next caucus. I am sure that it will be up for discussion, and I am sure that the decision will be a right one.

The year has been a difficult one, maybe because some of us are not as young and resilient as we used to be fifteen or sixteen years ago. But I think that we have made a good beginning for what I think will be a very profitable term of office for all twenty-five of us.

I, too, would like to thank all the members of this Body for their help in putting together a very productive legislative package, and to the presiding officer for a job well done and to each and every one of the members of my Majority.

Thank you."

Senator Taira also rose to speak:

"Mr. President, I would like to take just a moment or two to echo the remarks of the Majority Leader and our worthy Minority Leader across the aisle.

I just want to remind you, Mr. President, our colleagues, the majority and minority members that there are naturally a lot of 'kinks' this year being that this is the first year that we have been organized in this way. There are several things that have to be worked out. In looking back, I note that no one has had his own way; and I think that we have worked over our problems in a very effective way.

I look forward to continued cooperation from the Minority as well as continued cooperation from the members of the Majority. In this way, Mr. President, and under your continued leadership, I think this Body can look forward to many more years of successful legislative activities."

At this time, Senator Taira introduced to the members of the Senate and welcomed former Senator Kenneth Brown and Mrs. Brown.

Senator O'Connor then remarked as follows:

"Mr. President, since the new Senators were referred to earlier in some of the speeches, I think it only well that one of the new Senators speak very briefly regarding this session and our participation.

I think that the input from the new Senators, those who have served earlier in the House and in the City Council, has been excellent. The input has been varied, and the new Senators are individuals who speak their own minds and have minds from which to speak.

We new Senators are happy to join this Body. We new Senators have participated well in this Body; and as the next three years go on, we shall participate more fully and speak more fully our individualistic minds."

At this time, Senator Rohlfing then rose to speak:

"Mr. President, I have already delivered all the words that I planned to deliver; and I am only left with a couple of thoughts.

If I recall correctly, in your opening speech to this Body you said something about government being an imperfect animal. This is not very different from the people we represent.

In the last sixty days, I think we have really had an open session on a lot of new ideas; and there has been a lot of 'give and take' between individuals. More importantly, I believe that there has been a greater realization in the community of a kind of input that is required to make a legislative Body function effectively.

There are twenty-five of us, and we come from many different backgrounds. We have had a chance to get to know and work with each other; however, I hope that we bear in mind and remember our individual obligations to our constituents. I believe the public today cares about the product rather than whether or not it was a Majority or Minority idea

or suggestion. The Majority Leader and I discussed this earlier.

We have seven strong people on this side of the aisle, and I am very proud to have served with the six other Minority members. Likewise, I am very proud to have served with the Majority members, and particularly with those members in the committees who have taken suggestions and who have been open to new ideas. This spirit of openness encouraged both the Minority and Majority members to participate and make critical decisions in determining the future of our people.

Finally, I would like to say that I hope we continue to go forward to build a bigger and better Hawaii.

Mr. President, I congratulate you for the way in which you have handled this Body. Your fairness and equity are very much appreciated."

Senator Ching, for the Special Committee, reported orally that it has informed the Governor and the House of Representatives that the Senate is ready to adjourn sine die.

The President then discharged the Committee with thanks.

ADJOURNMENT

Senator Taira moved that the Senate of the Eighth Legislature of the State of Hawaii, Regular Session of 1975, adjourn Sine Die, seconded by Senator Anderson and carried.

At 11:40 o'clock p.m., the President rapped his gavel and declared the Senate of the Eighth Legislature of the State of Hawaii, Regular Session of 1975, adjourned Sine Die.

Gov. Msg. No. 371 transmitting his statement of objections to House Bill No. 1779 which he has returned to the House without his approval and which reads as follows:

"STATE OF HAWAII
EXECUTIVE CHAMBERS

April 18, 1975

STATEMENT OF OBJECTIONS
TO HOUSE BILL NO. 1779

Honorable Members
Eighth Legislature
State of Hawaii

Pursuant to section 17 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 1779, entitled 'A Bill for an Act Relating to Pension and Retirement Benefits.'

House Bill No. 1779 would change the formula for computing the retirement allowance for service as a member of the Legislature.

The subject matter and language of House Bill No. 1779 raises questions concerning its applicability--to whom and for what periods of legislative service it would apply--which have been of concern to certain members of the Legislature.

Further, the Governor's office has received a great number of calls and letters from members of the public expressing their concern and disapproval of House Bill No. 1779. Apparently, this concern has also been expressed to members of the Legislature since I am now in receipt of communications from certain legislators requesting that I veto House Bill No. 1779.

I concur in the concerns expressed by the general public and by the members of the Legislature. Accordingly, I am returning House Bill No. 1779 without my approval.

Respectfully,

"P R O C L A M A T I O N

WHEREAS, under section 17 of Article III of the Constitution of the State of Hawaii the Governor is required to give notice, by a proclamation, of his plan to return with his objections any bill presented to him less than ten days before adjournment sine die or presented to him after adjournment sine die of the legislature; and

WHEREAS, House Bill No. 1779, entitled 'A Bill for an Act Relating to Pension and Retirement Systems,' passed by the legislature, was presented to the Governor within the aforementioned period; and

WHEREAS, House Bill No. 1779 is unacceptable to the Governor of the State of Hawaii;

NOW, THEREFORE, I, GEORGE R. ARIYOSHI, Governor of the State of Hawaii, hereby issue this proclamation pursuant to the provisions of section 17 of Article III of the Constitution of the State of Hawaii, giving notice of my plan to return House Bill No. 1779 with my objections thereon to the legislature as provided by said section 17 of Article III of the Constitution.

May 14, 1975

STATEMENT OF OBJECTIONS
TO SENATE BILL NO. 537

Honorable Members
Eighth Legislature
State of Hawaii

Pursuant to section 17 of Article
III of the Constitution of the State
of Hawaii, I am returning herewith,
without my approval, Senate Bill
No. 537, entitled 'A Bill for an
Act Relating to State Parks and Recrea-
tion Areas.'

Senate Bill No. 537 would simplify
the procedure for administering
of oaths on complaints filed with
a public prosecutor by a State park
enforcement officer.

However, the legislature has
also passed House Bill No. 610 which
is identical to Senate Bill No. 537.
Since I have already signed House
Bill No. 610 into law, Senate Bill

No. 537 is not necessary and approval
thereof would serve no useful
purpose.

For the foregoing reasons,
I am returning Senate Bill No.
537 without my approval.

Respectfully,

Pursuant to Section 17 of Article III of the Constitution of the State of Hawaii, I am returning herewith without my approval, House Bill No. 929, entitled 'A Bill for an Act Relating to Criminal Trespass.'

House Bill No. 929 expands the offense of Criminal Trespass in the First Degree by providing that a person also commits the offense of Criminal Trespass in the First Degree if he knowingly enters or remains unlawfully in or upon premises which are enclosed in a manner designed to exclude intruders or are fenced and has a firearm in his possession at the time of such intrusion.

However, the legislature has also passed Senate Bill No. 977 which is substantially the same as House Bill No. 929. Since I have already signed Senate Bill No. 977 into law, House Bill No. 929 is not necessary and approval thereof would serve no useful purpose.

Gov. Msg. No. 391 returning Senate Bill No. 535 without his approval, together with his statement of objections relating to the measure which reads as follows:

"STATE OF HAWAII
EXECUTIVE CHAMBERS

June 2, 1975

STATEMENT OF OBJECTIONS
TO SENATE BILL NO. 535

Honorable Members
Eighth Legislature
State of Hawaii

Pursuant to Section 17 of Article III of the Constitution of the State of Hawaii, I am returning herewith Senate Bill No. 535, entitled 'A Bill for an Act Relating to the State Budget.'

The purposes of this bill are to appropriate funds for operating expenditures of the various departments and agencies in the Executive Branch for the 1975-1977 fiscal biennium, for other government programs, and for capital investment projects.

Although the purpose and intent have merit, I find that certain items in Senate Bill No. 535 are in violation of the requirement of Article III, Section 15 of the Constitution of the State of Hawaii that '[e]ach law shall embrace but one subject which shall be expressed in its title.'

The bill is, as indicated by Section 1, a general appropriations bill.

Provisions in a general appropriations act that are incidental to and necessary regulations of the expenditure of money appropriated may be included without violating the single subject requirement. However, provisions in such an act which conflict with general law, attempt to repeal or amend general law, or which establish permanent policy constitute a separate subject and would be in violation of the single subject requirement.

Because of constitutional difficulties, I find the following items unacceptable:

	FY 1975-76	FY 1976-77	Total Biennium 1975-1977
(1) 'To provide funds for the Governor's Agricultural Coordinating Committee for improving the organization and coordination of agricultural programs. The administrative director to the Governor shall be the chairman of the Agricultural Coordinating Committee which shall be established by the Governor; provided that the Agricultural Coordinating Committee shall include the director of planning and economic development, the chairperson of the board of agriculture, the chairperson of the board of land and natural resources, the director of transportation, the chairperson of the Hawaiian Homes Commission, the dean of the college of Tropical Agriculture at the University of Hawaii, and two persons from the public; provided further that the Agricultural Coordinating Committee shall prepare and propose to the Governor, a state agricultural policy which upon approval of the Governor, shall serve as a guide for agricultural development in the State; coordinate and monitor all state agencies in duties and responsibilities relating to agricultural generally; review allocations for agricultural programs; conduct studies which may include contracting for such services; and recommend to the Governor programs which represent the most effective allocation of resources; provided further the chairman of the Agricultural Coordinating Committee may hire necessary staff without regard to state personnel laws. (GOV 102)' Part V, Section 89, at page 38.	147,000A	--	147,000A

The bill designates the members of the committee and prescribes its functions. However, Section 26-16, Hawaii Revised Statutes, presently establishes a department of agriculture and sets forth the functions of that department. This appropriation, if implemented, would have the effect of amending Section 26-16.

	FY 1975-76	FY 1976-77	Total Biennium 1975-1977
(2) 'To provide funds for the establishment	100,000A	--	100,000A

of an office of tourism within the department of planning and economic development for administrative purposes only; provided the governor shall appoint a director of tourism in accordance with section 26-34, Hawaii Revised Statutes; provided further that the director of tourism shall be responsible for coordinating and providing direction for tourist related activities and resources in both the public and private sectors, and developing a ten-year preliminary controlled growth plan for tourism which shall be submitted to the 1976 Legislature; provided further the director of tourism may hire necessary personnel without regard to state personnel laws or may contract for services (PED 113)' Part V, Section 89, at page 39.

The responsibility for the planning and development of the tourist industry is placed in the Director of Planning and Economic Development by Section 201-27, Hawaii Revised Statutes. The purpose and the conditions attached to this appropriation would conflict with general law.

	FY 1975-76	FY 1976-77	Total Biennium 1975-1977
(3) 'To provide funds for the transfer of the Hilo Day Activity Center for the Adult Retarded to the department of health. The department of health shall assume responsibility for all matters pertaining to the planning, construction and improvement of the center and shall operate and manage the center and perform all acts necessary or convenient to such management and control; provided that the employees of the center shall be transferred to the department of health and shall thereafter be state employees and enjoy all the rights, privileges and benefits of employees of the state; provided further that the director of personnel services shall determine the applicability of chapters 76 and 77, Hawaii Revised Statutes, to the transferred employees and shall assign the positions of such employees to the appropriate class in the position classification plan and receive such appropriate compensation; provided further that the real and personal property of the center used in the functions transferred shall be transferred to the department of health without reimbursement (HTH 594)' Part V, Section 89, at page 45.	109,678A	--	109,678A

This appropriation, if implemented, would have the effect of amending Part III, Chapter 333, Hawaii Revised Statutes, pertaining to the Waimano Training School and Hospital, as it would establish an additional State facility for the mentally retarded.

Further, the provision attached to the acquisition that all employees of the Center shall upon its acquisition become State employees is in conflict with Section 76-54, Hawaii Revised Statutes, which provides that employees of an activity acquired by State with at least one year of service as of the date of acquisition may be given permanent status as a regular employee and that employees with at least six months of employment with the activity as of the date of acquisition may be given an initial probationary appointment.

In addition, the bill presents the question whether there is a taking of property without just compensation, as it provides that the real and personal property used in the functions of the Center shall be transferred to the Health Department without reimbursement.

	FY 1975-76	FY 1976-77	Total Biennium 1975-1977
(4) 'To provide funds for the establishment of an Executive Office on Aging within the office of the governor (GOV 102); provided that the governor shall appoint a director of the Executive Office on Aging without regard to chapters 76 and 77; provided further that the director of the Executive Office on Aging shall serve as the principal official in state government solely responsible for the performance, development and control of programs, policies, and activities on behalf of the elderly and oversee, supervise and direct the performance of such activities as planning, evaluation, and coordination of elderly programs and develop a statewide service delivery network; provided further, that the Commission on Aging shall serve in an advisory capacity to the director until otherwise provided by law; provided further that the present staff of the Commission on Aging subject to state civil service laws shall serve as the staff for the director of the Executive Office on Aging (GOV 102).' Part V, Section 89, at page 48.	278,808A	--	278,808A

The responsibility for State programs on aging is placed in the Commission on Aging established by Chapter 349, Hawaii Revised Statutes. The provisions of this appropriation would be in conflict with and would have the effect of amending general law.

	FY 1975-76	FY 1976-77	Total Biennium 1975-1977
(5) 'To provide funds for a full-time public utilities commission; provided that Section 269-2, Hawaii Revised Statutes, notwithstanding, there shall be a public utilities commission composed of three full-time commissioners who shall be appointed by the governor in accordance with Section 26-34, Hawaii Revised Statutes; provided further that the chairman of the commission shall be designated by the governor and shall be paid a salary at the rate of ninety-five per cent of the salary of the director of regulatory agencies; provided further each of the other commissioners shall be paid a salary at the rate of ninety-five per cent of the chairman's salary. (REG 103).' Part V, Section 89, at page 59.	99,759A	--	99,759A

General law (Section 269-2, Hawaii Revised Statutes) provides for a public utilities commission of five members, none of whom may be a salaried officer or employee of the State. Thereunder, each commissioner receives a compensation of \$50 a day while engaged in the actual performance of duties plus reasonable traveling expenses.

The appropriation made by this bill, if implemented, would constitute an implied repeal of Section 269-2, Hawaii Revised Statutes.

I have no objection to the intent and purpose of the foregoing items which I have vetoed on constitutional grounds and I am hopeful that the intent of the items vetoed possibly can be implemented in some other way.

Respectfully,

/s/ George R. Ariyoshi

Governor of Hawaii"

Gov. Msg. No. 392 returning Senate Bill No. 1458 without his approval, together with his statement of objections relating to the measure which reads as follows:

"STATE OF HAWAII
EXECUTIVE CHAMBERS

June 2, 1975

STATEMENT OF OBJECTIONS
TO SENATE BILL NO. 1458

Honorable Members
Eighth Legislature
State of Hawaii

Pursuant to Section 17 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 1458, entitled 'A Bill for an Act Relating to Chapter 268, Hawaii Revised Statutes.'

Senate Bill No. 1458 would amend Chapter 268, Hawaii Revised Statutes, to allow the Department of Transportation to issue general obligation bonds in addition to revenue bonds for the implementation of the Hawaii State Ferry System.

However, Article VI, Section 3 of the State Constitution provides in relevant part that 'bonds may be issued by the State when authorized by a two-thirds vote of the members to which each house of the legislature is entitled.' Although the vote in the House was 47 ayes and no noes, the vote in the Senate was 16 ayes and 8 noes, one vote shy of the necessary 2/3 vote. Accordingly, Senate Bill No. 1458 did not meet the requirements of Article VI, Section 3 of the State Constitution.

There are other concerns also regarding Senate Bill No. 1458. These include:

1. The bonds may be issued for any purpose. Since Chapter 268 of the Hawaii Revised Statutes does not require the operation to be self-sustaining, the bonds could be issued for operating expenses of the ferry system, including making up operating deficits. If this is done, the State's credit rating would probably be impaired or at least brought into question.
2. There is no tie-in with any other bonding law such as with Part 1 of Chapter 39, Hawaii Revised Statutes, which sets forth conditions under which general obligation bonds of the State are to be sold. These conditions include a maximum rate of interest, the requirement of public sale and the establishment of a minimum price.
3. Under present law, all general obligation bonds of the State are issued by the Director of Finance and it is not prudent fiscal policy to authorize more than one official of the State to issue general obligation bonds of the State.
4. The bill does not include a specific dollar amount of bonds. Thus, the authorization could be interpreted as being the entire remaining debt margin of the State.

For the foregoing reasons, I am returning Senate Bill No. 1458 without my approval.

Honorable Members

State of Hawaii

Pursuant to section 17 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 91, entitled 'A Bill for an Act Relating to Historic Preservation.'

House Bill No. 91 seeks to provide a comprehensive program relating to historic preservation which would promote the use and conservation of historic property for the citizens of the State. To effectuate its purpose, the bill seeks to clarify the roles and responsibilities of various state and county agencies. The bill also transfers the multi-cultural studies program from the Hawaii Foundation of History and the Humanities to the ethnic studies program of the University of Hawaii.

However, we believe that H.B. 91 fails to achieve its stated purpose of establishing a coordinated and comprehensive historic preservation program. The placement of similar functions within different agencies could lead to jurisdictional problems and thus foster confusion and duplication of effort.

A major concern is the establishment of a research program with a broad community mission in a small instructional program with provisional status lacking the physical facilities to accommodate the Multi-Cultural Center. This would do violence to the organizational concepts along which the University of Hawaii-Manoa Campus is structured. The impact on the Multi-Cultural Center itself could only be adverse at this time.

I am asking the various agencies affected by this legislation to evaluate these concerns. Specifically, I am asking the trustees of the Hawaii Foundation for History and the Humanities, the University administration, and the personnel of the University's several ethnic studies programs to consider, in a spirit of cooperative endeavor, how a mutual approach may be achieved in the field of multi-cultural studies. I would anticipate that working together they may be able to recommend an Administration measure for the 1976 session to achieve the purposes of this bill and best serve the people of this state.

For the foregoing reasons, I am returning House Bill No. 91 without my approval.

Respectfully,

/s/ George R. Ariyoshi

Gov. Msg. No. 394 transmitting his statement of objections to House Bill No. 482 which he has returned to the House without his approval and which reads as follows:

"STATE OF HAWAII EXECUTIVE CHAMBERS

June 2, 1975

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 482

Honorable Members
Eighth Legislature
State of Hawaii

Pursuant to section 17 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 482, entitled 'A Bill for an Act Relating to the Use Tax Law.'

The primary purpose of this bill is to grant relief to those airlines engaged in the transportation of interisland passengers and freight by exempting them from the assessment of the use tax imposed by HRS Chapter 238, the Hawaii Use Tax Law.

In 1974, the Legislature granted an exemption from the use tax to oceangoing vehicles used to transport passengers and goods between the islands. The exemption was granted to provide a tax incentive for the development of an alternate transportation system between our islands by utilizing ferryboats and hydrofoil boats. This bill seeks to place the airlines on a parity with the oceangoing transportation industry. However, the reasons which prompted the granting of the exemption to oceangoing vehicles are not present in the case of the airlines today. First, the airlines are now an established industry and a tax incentive for the development thereof is inapplicable. Secondly, the airlines enjoy an exemption under existing law inasmuch as the importation of aircraft for leasing or renting purposes are expressly exempted from the use tax. This exemption was specifically enacted to provide the airlines with some financial assistance during their earlier years when they were encountering financial difficulties. Thirdly, the airlines also enjoy relief from the public service company tax as a result of legislative enactment in 1970 which reduced the public service company tax from 4% to 3% where an airline has instituted a reduced fare schedule for students. Further, the airlines will continue to enjoy the lower 3% public service company tax while the oceangoing transportation industry will be subject to a higher 4% rate.

The Department of Taxation and the Department of Budget and Finance report that there will be an immediate loss of revenue if the measure becomes law and that further revenue losses may result because this measure will open the door for other industries also to seek exemption from the imposition of the use tax. In view thereof it appears that under present conditions the bill will not serve the best interests of the people of this State.

For the foregoing reasons, I am returning House Bill No. 482 without my approval.

Respectfully,

/s/ George R. Ariyoshi

GEORGE R. ARIYOSHI
Governor of Hawaii"

RULES OF THE SENATE
of the
EIGHTH AND NINTH LEGISLATURES OF THE STATE OF HAWAII

The following Rules shall be the Rules of the Eighth and Ninth Legislatures of the State of Hawaii.

PART I. ORGANIZATION, OFFICERS AND EMPLOYEES

Rule 1. Organization

When the Senate convenes, the President or the Vice-President, in the absence of the President, shall call the Senate to order and appoint a Committee of Three whose duty it shall be to immediately examine the credentials of the members-elect of the Senate. If from the Committee report, it shall appear that a majority of the credentials are in order, the Senate shall proceed to organize and shall appoint a Committee of three to wait upon a justice of the Supreme Court or a Circuit Court Judge to administer the oath of office required by the Constitution. Such proceedings need not be on the day of convening in the Senate. In the absence of the President or Vice-President the Senate may elect a temporary Presiding Officer by a majority vote of the members of the Senate.

Rule 2. Officers and Employees

(1) The officers of the Senate shall consist of a: President, Vice-President, Clerk, Assistant Clerk and Sergeant-at-Arms, each of whom shall be elected by a majority vote of the members of the Senate.

(2) The President and Vice-President shall hold their respective offices in accordance with Title 3, Hawaii Revised Statutes. Other officers and employees shall hold their respective offices and positions at the pleasure of the Senate, but a majority vote of the members of the Senate shall be required to terminate the office held by any officer of the Senate.

(3) The Senate may, by a majority vote, authorize positions from time to time as may be deemed necessary.

Rule 3. The President

It shall be the duty of the President:

- (1) To open the meetings of the Senate by taking the Chair and calling upon the Chaplain to perform his duties.
- (2) When a quorum is present, to call for the reading of the Journal of the preceding day.
- (3) To maintain order in the Senate Chamber and to require proper decorum on the part of the members.
- (4) To announce the business before the Senate in the order prescribed by the Rules.
- (5) To receive and submit all matters properly brought before the Senate by the members, to call for votes upon the same and announce the results.
- (6) To receive all communications and present them to the Senate.
- (7) To appoint all committees unless otherwise determined by the Senate.
- (8) To authenticate by his signature all acts and doings of the Senate which require authentication.
- (9) To make known rules of order when so requested and, subject to an appeal to the Senate, to decide all questions of order.
- (10) To issue his warrant, when so directed by the Senate, to carry into effect its

orders in the arrest of offenders, the summoning of witnesses, or other orders of the Senate.

(11) To decide and announce the result of any vote taken.

(12) To do and perform such other duties as are required by law or by these rules or such as may properly pertain to such office.

(13) To clear the Senate Chamber of all persons, except its members and designated persons if there is a disturbance or disorderly conduct, or on motion duly adopted.

(14) To control and have direction of the rooms, desks, passages, stairways, corridors, balconies, in and about the building set apart for the use of the Senate and all public property of the Senate. He shall see that all officers of the Senate perform their respective duties, and may assign places to visitors and reporters. He may admit stenographers or other reporters, wishing to take down the debates, and assign them such places to effect their object as shall not interfere with the convenience of the Senate.

(15) To establish final dates for action on legislation, including, though not limited to the final date for introducing bills, the final date for third reading of Senate bills, the final date for third reading of House bills, the final date for approving conference committee agreements and drafts of bills, the final date for final reading of the General Appropriations Bill, and the final date for final reading of the Supplemental Appropriations Bill. The President may coordinate with the Speaker of the House to establish these final dates. When the Senate adopts a resolution directing the President to do so, the President shall seek agreement with the House to extend the 24-hour layover period for bills on third and final reading to 48 hours.

Rule 4. The Vice-President

The Vice-President shall exercise all the duties and powers of the President in his absence.

Rule 5. President Pro Tempore

(1) In case the President and Vice-President shall be absent at the hour to which the Senate had adjourned, the eldest member present shall preside until a President pro tempore be chosen.

(2) The President pro tempore shall be invested with all of the powers and shall perform all the duties of the President. Whenever the President pro tempore is required to sign a bill or other instrument, the Clerk shall attach to such bill or other instrument a certificate stating that such President pro tempore was duly elected and is authorized to so sign.

Rule 6. The Clerk

(1) The Clerk shall have charge of all records of the Senate and shall be responsible for the same. At no time shall he permit original documents to be withdrawn from his keeping unless ordered by the Senate.

(2) He shall make a concise and complete memorandum of all petitions, motions, resolutions, amendments and other matters brought before the Senate. Such memoranda shall state the nature of the matter and the name of the introducer, and the date and day of the session on which the Senate considered the matter. The memoranda, together with other matters ordered to be placed therein, shall constitute the Journal, a copy of which shall be placed on the desk of each member on the following session day. The Journal of each day shall be read the following day, immediately after the Chaplain retires. When such Journal is approved by vote of the Senate, it shall be entered by the Clerk in a book entitled "Journal of the Senate. Session of . ." (Giving the Year).

(3) Unless otherwise directed by the Senate, he shall read all bills, resolutions and other matters (if so required) to the Senate.

(4) He shall forward at once all letters, messages, communications and other matters to the proper parties.

(5) He shall immediately deliver to the Chairman of the appropriate committee all petitions, resolutions, bills or other matters duly referred to such committee.

(6) He shall see that all bills and resolutions are properly engrossed and are correct

and true as finally acted upon by the Senate.

(7) He shall draw such drafts on the state general fund for expenses of the session as shall be authorized by the Senate and approved by the Committee on Legislative Management.

(8) He shall pay all bills and accounts as shall be approved by the Committee on Legislative Management, or ordered by the Senate, and no others.

(9) He shall be responsible for the acquisition and distribution of all of the property of the Senate.

(10) He shall note all questions of order with the decision thereon and collect the same and append them to the Senate Journal at the close of the session.

(11) He shall do and perform all other clerical duties and functions pertaining to the Office of Clerk and as the Senate shall from time to time direct. He shall post the order of business in writing in a conspicuous place each day.

Rule 7. Assistant Clerk

The Assistant Clerk shall assist the Clerk in the performance of his duties and attend to such other duties as may be required when so directed by the President.

Rule 8. Chaplain

A Chaplain shall attend each day's sitting of the Senate and open the same with prayers.

Rule 9. Sergeant-at-Arms

It shall be the duty of the Sergeant-at-Arms to attend the Senate on every day of meeting; to maintain order among those present as spectators; to give notice to the Presiding Officer of the attendance of any person with communications or otherwise; to supervise the distribution of incidentals which require distribution among the members; to supervise, subject to the control of the President, the Senate Messengers; to attend upon committees if so requested; to serve all orders to process directed by the President or Senate; to make all required arrests of members or other persons, and to retain the same in custody; to have the charge and responsibility for the postal requirements of the Senate; and generally to execute all of the requirements of the President of the Senate.

Rule 10. Responsibility of Officers and Employees

The employees shall perform such duties as may be assigned by the President or prescribed by the Senate.

All officers and employees of the Senate shall be directly answerable to the President, and shall obey and perform all of his orders and directions, subject to revision by the Senate. If required by the President, any officer or employee shall give a bond for the faithful performance of his duties.

An oath of office shall be administered to each officer.

Rule 11. Pay of Members, Officers and Employees

(1) Until otherwise provided by law, each member of the Senate, upon being elected or appointed to office, shall receive as compensation for his services \$12,000 a year, payable in equal monthly amounts, during the term for which he was elected or appointed.

(2) The officers, except the President and Vice-President, and the employees shall receive compensation as the Senate shall fix by resolution.

PART II. COMMITTEES

Rule 12. Committees: Types and Composition

(1) Standing Committees: The membership of each Standing Committee and the respective Chairman and Vice-Chairman thereof shall be appointed by the President, subject to action by the Senate. The minority party shall be represented on all standing committees on the basis of proportional representation. The nomination of the minority members to all standing committees shall be made by the minority.

(2) Special Committees shall consist of not less than three members each, unless otherwise ordered by the Senate, and shall be appointed by the President from time to time as occasion requires, to serve until discharged or finally reporting the specific matter referred.

- (17) Committee on Legislative Management, whose scope shall be those programs relating to the establishment and operations of legislative support agencies, such as the Office of the Legislative Auditor, the Ombudsman, the Legislative Reference Bureau, the Economic Research Center of the University of Hawaii, and the Revisor of Statutes.

Rule 16. Standing Committees: General Responsibility

It shall be the duty of each standing committee to conduct systematic review of those portions of the State budget, program and financial plans, and variance reports dealing with, and to consider all laws, bills, resolutions, petitions, reports and other matters relating to, those programs over which the committee has responsibility.

It shall examine such portions of the executive budget, the General Appropriations Bill and the Supplemental Appropriations Bill relating to the programs over which it has responsibility, and it shall recommend the programs and the levels of program expenditure to be included in the General Appropriations Bill or Supplemental Appropriations Bill. The level of expenditure, in the aggregate, for any program area shall be consistent with the expenditure allocation established for that program area by the Standing Committee on Ways and Means, which shall make the final recommendation to the Senate.

On other bills referred to it by the President, the committee shall determine objectives, make program recommendations and, where appropriate, make expenditure recommendations. On bills that have been referred by the President to more than one committee, subsequent referral committees shall make no change of any kind unless prior written notice of such change shall have been given to the first referral committee prior to the transmittal of the amended bill and committee report to the Clerk of the Senate for floor action. For those bills which require appropriations, the committee shall make expenditure recommendations consistent with the expenditure allocations established for the bills by the Standing Committee on Ways and Means, which shall make the final recommendation to the Senate.

It shall also be the duty of each standing committee to review the implementation of those programs over which the committee has responsibility. In its review, it shall determine the extent to which program objectives are being accomplished and legislative policies executed, recommend the study of program issues and the conduct of program analysis. It shall recommend amendments to appropriation acts and such policies as may be appropriate to improve the planning, programming, budgeting, implementation and evaluation of programs to the Standing Committee on Ways and Means, which shall make the final recommendation to the Senate.

Rule 17. Committee on Ways and Means: Special Responsibility

It shall be the duty of the Committee on Ways and Means, in considering the General Appropriations Bill or the Supplemental Appropriations Bill, to determine for each fiscal year of the biennium the appropriate level of total expenditures and the level of expenditures for program areas. The committee shall inform each standing committee of the allocations made to each program area over which the standing committee is responsible for budget and program review. The Committee on Ways and Means shall receive the program expenditure recommendations of the standing committee and shall review the recommendations to determine that, in the aggregate, the expenditure recommendations are consistent with the allocations made to the program area. In determining the allocation to be made to a program area and in reviewing the recommendations of the standing committee, the Committee on Ways and

Means shall invite the participation of the chairman of the standing committee responsible for the program area. After review of the recommendations of the standing committees, the Committee on Ways and Means shall be responsible for preparing the General Appropriations Bill or the Supplemental Appropriations Bill in a form appropriate for consideration by the Senate.

It shall be the duty of the Committee on Ways and Means to inform the Committee on Intergovernmental Relations of the amount and type of financial resources available for the General Improvements Bill, which shall include capital improvement appropriations other than those included in the General Appropriations Bill or Supplemental Appropriations Bill. It shall review the recommendations of the Committee on Intergovernmental Relations to determine that the recommendations are consistent with the resources available, and it shall prepare the General Improvements Bill in a form appropriate for consideration by the Senate.

In all other bills requiring appropriations, it shall be the duty of the Committee on Ways and Means to inform the standing committee responsible for the program area to which the appropriation relates of the amount and type of financial resources available, and it shall review the expenditure recommendation of the standing committee to determine that the recommendation is consistent with the resources available. In determining the amount and type of resources available for a bill requiring an appropriation and in reviewing the expenditure recommendation of the standing committee, the Committee on Ways and Means shall invite the participation of the chairman of the standing committee responsible for the program area to which the appropriation relates.

Rule 18. Committee on Intergovernmental Relations: Special Responsibility

It shall be the duty of the Committee on Intergovernmental Relations to consider and recommend to the Committee on Ways and Means the General Improvements Bill, which shall include capital improvement appropriations other than those included in the General Appropriations Bill or Supplemental Appropriations Bill.

Rule 19. Committee on Legislative Management: Special Responsibility

It shall be the duty of the Committee on Legislative Management to oversee the administrative operations of the Senate, including the supervision of accounting and printing services.

The committee shall make recommendations on the expenses to be included in the appropriation bills providing for the expenses of the legislature, and it shall control the expenses of the Senate in accordance with the appropriation acts providing for such expenses. It shall audit and settle all accounts which may be charged to the expenses of the Senate, and it shall audit the accounts of the members. No bills shall be incurred without the order of the committee, and it shall not be lawful for any bill to be paid until the same shall have been audited by the committee. It shall from time to time direct the Clerk to draw drafts on the treasury for the payment of expenses of the Senate. The committee shall report weekly to the Senate on the status of Senate funds.

It shall also be the duty of the committee to review, as may be appropriate, the organization and process of the Senate and to make recommendations to promote greater efficiency and effectiveness.

Rule 20. Meetings of Committees

Meetings, including decision-making sessions, of Standing Committees shall be public provided that meetings in executive session may be allowed in such exceptional circumstances when committee discussion could unfairly damage the reputation of individuals or where there is a legal question concerning a bill. Notice of such meetings and decision-making sessions shall be publicly posted at least 48 hours prior to such meetings provided that the notice may be waived with the approval of the President upon good cause shown.

No committee shall sit during the time when the Senate is actually in session without first securing the approval of the President, except Conference Committees which may sit at any time.

As practicable, committees shall schedule their meetings at times and at places as are convenient for attendance by the general public, and shall in coordination with other committees of the House or Senate, endeavor to hold joint meetings and public hearings on matters of mutual interest

The meetings of the conference committee shall be conducted as agreed upon by the members of the conference committee. It shall be the position of the Senate that conference committee meetings and decision-making sessions shall be public. Public notice of conference committee meetings shall be given to the extent practicable.

Rule 21. Committee Reports

(1) The Standing Committees shall report from time to time upon all matters referred to them.

(2) Special Committees shall report upon matters referred to them within the time permitted in the appointment of the special committee unless further time is given by vote of the Senate.

(3) A Conference Committee shall not report upon the matter referred unless a majority of the members appointed by the President have concurred in the report.

Rule 22. Committees: Factfinding and Content of Reports

(1) Whenever any matter shall be referred to a committee it shall be the duty of the committee to make diligent inquiry into all of the facts and circumstances connected with the matter. If necessary, witnesses shall be summoned or subpoenaed and examined under oath; documents and records shall be searched or subpoenaed, and everything shall be done to bring all facts pertaining to said matter before the Senate. The President may exercise such powers authorized under Chapter 21 of the Hawaii Revised Statutes, relating to the issuance of subpoenas, and the President, committee chairmen and other duly delegated members of the Senate may exercise such powers authorized under Chapter 21 aforesaid, relating to the administering of oaths, and the compelling of witnesses who have been subpoenaed to testify. All committee meetings held on matters referred to it by the Senate shall be open to the public unless otherwise ordered by the Senate or otherwise provided by these Rules.

(2) The report of the Committee shall state findings of fact and conclusions based thereon, together with a distinct recommendation as to the disposal of that matter.

(3) A report upon a bill shall state clearly the amendments, if any, proposed. If a substitute bill, for one or more referred to the Committee shall be reported, such substitute bill shall agree with the subject of the bill or bills returned to the Senate.

(4) Whenever a Committee fails to agree, the majority shall report and it shall be the report of the Committee. The minority may report or simply write upon the report of the majority the words "I (or we) do not concur," signing the same. The final vote of each member of a Committee upon any matter referred to it shall be recorded in the records of the Committee.

Rule 23. Committee of the Whole

(1) The Senate may from time to time resolve itself into a Committee of the Whole. Whenever any matter shall be referred to such Committee upon the adoption of a motion to that effect, the President shall call some member to take the Chair (unless the Senate shall nominate a chairman), which being done, the Senate shall then be in Committee.

(2) The Clerk of the Senate shall act as Clerk of the Committee of the Whole without extra compensation, and shall make a careful record of the proceedings, which shall be filed as one of the records of the Senate.

(3) The Committee may, on motion, rise and ask leave to sit at any future time.

(4) When a bill shall be referred to the Committee of the Whole, the bill shall be first read throughout by the Clerk, and then again read and debated by sections, leaving the preamble to be the last but all amendments, noting the page and line, shall be duly entered by the Clerk on a separate paper, as the same shall be agreed to by the Committee, and so reported. When a bill is ordered into Committee of the Whole, such order may dispense with the reading of the whole bill before considering it section by section.

(5) In Committee of the Whole, the rules of procedure in the Senate shall be observed except that any member may speak more than once on the same subject, but no person shall speak a second or further time until others desiring to speak shall have had an opportunity, nor shall the motion for the previous question be allowed. A time limit for debate may be fixed by vote.

PART III. SESSIONS; ATTENDANCE; NOMINATIONS

Rule 24. Meetings

(1) The Senate shall meet for the transaction of public business every day, except Saturdays, Sundays, legal holidays, and such other days as the Senate shall by motion or resolution duly adopted and entered in the Journal, designate.

(2) The regular hour of meetings of the Senate is established at ten o'clock a.m., but the hour of meeting, recess, and adjournment for any day may be such as the Senate shall, by motion, decide from time to time.

Rule 25. Attendance

No member shall absent himself from the sessions of the Senate unless he has leave, or unless he is sick and unable to attend.

Rule 26. Extension of Session

Two-thirds of the members to which the Senate is entitled, two-thirds of the House of Representatives concurring, may petition the President of the Senate and the Speaker of the House to extend any session of the Legislature. The petition shall read:

"To the President of the Senate and the Speaker of the House of Representatives

Your petitioners, members of the Senate and of the House of Representatives of the _____ Legislature of the State of Hawaii, respectfully request an extension of _____ days of the _____ session of _____ of the _____ Legislature of the State of Hawaii."

The petition shall be in writing, above the signatures of the members.

When the President of the Senate receives such a petition, and it is properly signed by two-thirds of the members to which each house is entitled, the President and the Speaker of the House of Representatives shall jointly issue a proclamation extending the session for the number of days sought in the petition.

Rule 27. Recessed Session

Any session of the Legislature may be recessed by concurrent resolution adopted by a majority of the members to which each house is entitled.

Rule 28. Special Sessions

Two-thirds of the members to which the Senate is entitled, two-thirds of the House of Representatives concurring, may petition the President of the Senate and the Speaker of the House to call a special session of the Legislature. The petition shall read:

"To the President of the Senate and the Speaker of the House of Representatives

Your petitioners, members of the Senate and of the House of Representatives of the _____ Legislature of the State of Hawaii, respectfully request that a special session of the _____ Legislature of the State of Hawaii be convened at _____."

The petition shall be in writing, above the signatures of the members.

When the President of the Senate receives such a petition, and it is properly signed by two-thirds of the members to which each house is entitled, the President of the Senate and the Speaker of the House of Representatives shall jointly issue a proclamation convening the Legislature in special session at the time and place sought in the petition.

Rule 29. Adjournments

Meetings may be adjourned at any time. Unless otherwise specified in the motion, every adjournment shall be considered as being to the established hour of meeting on the following business day; but no adjournment shall be for more than three days, or sine die, without the consent of the House of Representatives.

Rule 30. Motion to Adjourn

A motion to adjourn is always in order, and shall be decided without debate. One motion to adjourn shall not follow another without intervening business.

A motion to adjourn without naming any time shall always be held as an adjournment to the regular hour of meeting of the next business day.

Rule 31. Quorum

For the transaction of business, a majority of the number of members to which the Senate is entitled shall constitute a quorum, of which quorum a majority vote shall suffice, but the final passage of a bill shall require the vote of the majority of the members of the Senate. A smaller number than a quorum may adjourn from day to day and compel the attendance of absent members. For the purpose of compelling the attendance of absent members, a majority of the members present may, by resolution, direct the Sergeant-at-Arms to place the members who are absent under arrest and to return them to the Senate. Any warrant pursuant to such a resolution shall be issued in the name of the Senate and shall be signed by the member then presiding. For the purpose of ascertaining whether there is a quorum present, the President shall count the members present.

Rule 32. Executive Session

(1) If the Senate considers it necessary to act confidentially upon any communication from the Governor or upon any nomination or other matter, it may go into executive session.

(2) When any member desires to make known any matter to the Senate which he deems should be confidential and private, he shall communicate his desire to the President who shall decide whether the Senate shall go into executive session. The Senate may decide whether the matter communicated shall be kept secret.

Rule 33. Clearing of the Senate

(1) When acting upon confidential business in executive session, the Senate Chambers shall be cleared of all persons except the members of the Senate and such other persons as the presiding officer with the consent of the Senate shall deem necessary.

(2) The members, officers and employees shall keep the secrets of the Senate and any other person whose presence is permitted in executive session shall be sworn to secrecy.

(3) All confidential communications made to the Senate, and remarks, votes and proceedings thereon, shall be kept strictly secret by the members, officers and employees, as well as by such other persons as have been detained or permitted to attend upon the consideration of such matters, until the Senate, by resolution, takes off such seal of secrecy, or unless such matter be later considered in open session.

Rule 34. Nominations

(1) When nominations shall be made by the Governor to the Senate, they shall, unless otherwise ordered, be referred to appropriate standing committees; and the final question on every nomination shall be "Will the Senate advise and consent to this nomination?" which question shall not be put sooner than twenty-four hours from the time when the nomination is received, nor on the day in which it may be reported by a committee, unless by unanimous consent. Public hearings shall be held for all nominees prior to confirmation.

(2) The fact of a nomination, or its rejection or confirmation, need not as of course be kept secret, but when the Senate or any committee thereof shall deem it necessary for good cause, all remarks, proceedings, and votes thereon shall be kept secret.

Rule 35. Meeting at Place Other than Capitol

Whenever, for any reason, the Governor shall convene the Senate at any place other than the Capitol, it shall attend together with all of its officers at the time and place ordered.

PART IV. ORDER OF BUSINESS**Rule 36. Order of Business: General**

After prayer, roll call and the reading of the Journal, the President shall call for

business in the following order:

- (1) Messages from the Governor .
- (2) Reports and Communications from state officers .
- (3) Communications, bills, resolutions and other matters from the House of Representatives .
- (4) Concurrent and Senate Resolutions and introduction of Bills.
- (5) Reports of Conference and Joint Committees .
- (6) Reports of Committee on Legislative Management .
- (7) Reports of other Standing Committees .
- (8) Unfinished business, upon which the Senate was engaged at the time of its last adjournment .
- (9) The Order of the Day .
- (10) Petitions, Memorials and Miscellaneous Communications .
- (11) Any miscellaneous business on the President's table .

Rule 37. Order of Business: Special

The Senate may, by previous motion, direct that any matter named shall be made a special order of business and that such special order shall take precedence of all business after the fourth order, or that it shall take any other position lower down on the calendar .

Rule 38. Order of Business: Committee Reports and Gubernatorial Messages

Reports from Conference or Joint Committees, and from the Committee on Legislative Management, shall be in order at all times after the second order of business, and, upon motion, messages from the Governor or from the House of Representatives may be received at any time. Without unanimous consent such messages or reports shall not however be in order for discussion when received, but shall be placed on the calendar as unfinished business .

Rule 39. Order of Business: Order of the Day

After the first seven orders of business (set forth in Rule 36), it shall be in order, pending consideration thereof, to move that the Senate proceed to dispose of the unfinished business or to the Order of the Day. If such motion be decided in the affirmative, such consideration shall immediately be taken up .

Rule 40. Order of Business: Unfinished Business

The unfinished business in which the Senate was engaged at the time of the last adjournment shall have the preference in the Order of the Day. Until the former is disposed of, no motion for any other business shall be received without special leave of the Senate .

Rule 41. Order of Business: Questions on Priority

All questions relating to the priority of business to be acted upon shall be decided without debate .

PART V. BILLS; RESOLUTIONS

Rule 42. Bills: Introduction

Any bill may be introduced on the report of a committee or by any member .

All bills shall be introduced under the order of resolutions .

Bills which shall carry over from a regular session in an odd-numbered year to the next regular session shall retain the numbers assigned to them. The Clerk shall keep a record of the status of all bills in possession of the Senate at the end of the odd-numbered year session and shall publish the record of the status of all such bills prior to the convening of the next regular session.

Every bill introduced or reported out of any committee, which amends an existing section or subsection of the Hawaii Revised Statutes or Session Laws of Hawaii, shall set forth the section or subsection in full, and the matter to be deleted shall be enclosed in brackets and any new matter added to the section or subsection shall be underscored. However, a Supplemental Appropriations Bill need not conform to this rule where the intent and effect of an amending bill can be clearly identified and understood without repeating the entire section or subsection; only the paragraphs, subparagraphs, clauses, or items to be amended need be set forth. The President may allow additional exceptions to this rule.

No floor amendment to a bill shall be voted upon unless a copy of such amendment shall have been presented to the Clerk who shall prepare and distribute copies of the amendment to each member of the Senate present.

Rule 43. Bills: Referral to Committee

(1) All bills shall, upon introduction, be numbered by the Clerk in numerical sequence, shall bear an identification as a Senate Bill, shall, unless they are short form bills, pass First Reading and shall be referred to the Committee on Legislative Management.

(2) Upon receiving the report of the Committee on Legislative Management that the same has been printed, each such Bill shall be referred by the President to one or more appropriate Standing Committees for consideration.

(3) Each Standing Committee shall consider the bills referred to it as expeditiously as may be possible.

(4) Bills introduced in Short Form.

(a) If a majority of the Committee to which a short form bill has been referred determines that such bill should receive the further consideration of the same Committee or another Committee in the same or in an amended form, it shall report that fact to the Senate, together with its recommendation that either: (1) the bill pass First Reading by title and be referred again to the same or another Committee for further consideration, or (2) the bill in an amended form pass First Reading by title, be printed and be referred again to the same or another Committee for further consideration.

(b) The form of the Committee report, upon reporting such a bill to the Senate recommending its passage on First Reading without amendment and for referral again to a Committee for further consideration shall be substantially as follows:

Your Committee on _____, to which was referred S.B. _____ entitled _____ begs leave to report that your Committee has considered said Bill and recommends that it pass First Reading by title and be referred to the Committee on _____ for further consideration.

(c) The form of the Committee report, upon reporting such a bill to the Senate recommending passage on First Reading in an amended form and for referral again to a Committee for further consideration shall be substantially as follows:

Your Committee on _____, to which was referred S.B. _____ entitled _____ begs leave to report that your Committee has considered said Bill and recommends that it pass First Reading by title, in the amended form attached hereto, be printed and be referred to the Committee on _____ for further consideration.

Rule 44. Bills: Required Readings

No bill shall pass the Senate unless it shall have passed three readings in the Senate on separate days. The President shall give notice in each instance whether it be the first, second, or third reading.

Rule 45. Bills: First Reading

(1) The first reading of a bill shall be for information. If opposition be made to it, the question shall be: "Shall this bill be rejected?" which question may be debated. But no one shall speak more than once upon such question, except the introducer of the bill, who

may close the debate.

(2) If the question to reject be negative, the bill shall go to its second reading without question.

Rule 46. Bills: Second Reading

A bill upon its second reading, may be read by its title only. It shall then be subject to a motion to commit. If it is not referred to a Standing Committee, or to a Special Committee, but is ordered to be considered in Committee of the Whole, a day for such consideration shall be determined by the Chairman of such Committee. When the bill shall be reported from Committee it shall take its place in the order of business for future consideration.

Rule 47. Bills: Third Reading

(1) No bill shall pass third or final reading in the Senate unless printed copies of the bill in the form to be passed have been made available to the members of the Senate for at least 24 hours. Form to be passed means the form in which a bill is to be (a) passed on third reading in the Senate, (b) concurred to by the Senate after amendments have been made by the House, or (c) passed by the Senate after a Conference Committee has agreed upon it. The 24-hour period for a bill shall commence with the placement of a printed copy of the bill in the form to be passed upon the desk of each member to which the Senate is entitled upon the convening of or during each day's session.

(2) A Bill on its third or final reading may be read by its title only, and the President shall then ask the Senate: "Shall this bill pass its third reading?" or "Shall this bill pass its final reading?" as the case may be. Upon the final passage of any bill, the Ayes and Noes shall be called. Such passage shall require the affirmative vote of a majority of all the members of the Senate and the Ayes and Noes shall be entered on the Journal.

Rule 48. Bills: Property of Senate

All bills introduced in the Senate shall be deemed the property of the Senate and under its control unless they shall become law, subject however to the right of the House of Representatives to amend or to refuse to agree with the same.

Any bill pending at the final adjournment of a regular session in an odd-numbered year shall carry over with the same status to the next regular session; provided that if such bill shall have passed third reading in the Senate in an odd-numbered session, it shall pass at least one reading in the Senate in the next regular session upon its return to the Senate from the House.

Rule 49. Bills: Recall from Committee

Twenty days after a bill has been referred to a Committee, the same may be recalled from such Committee by the affirmative vote of one-third of the members of the Senate.

Rule 50. Matters Tabled

When a bill or resolution or other matter has been laid upon the table, it shall not thereafter be taken therefrom and be considered or restored to a place upon the calendar of the Senate without the consent of a majority.

Rule 51. Bills: Amendments

All amendments proposed to any bill shall be in writing, unless otherwise ordered by the Senate, and shall be sent to the Clerk's desk to be filed with the bill.

Rule 52. Bills: Certification

When a bill is passed it shall be certified by the Clerk who shall note the day of its passage at the foot thereof.

Rule 53. Bills: Received from House of Representatives

Whenever a bill which has finally passed the House of Representatives shall be certified to the Senate for its action, such bill shall be read three times before final passage, in accordance with the provision of the rules for the passage of bills introduced in the Senate.

Rule 54. Bills: Transmittal to House of Representatives

When a bill originating in the Senate shall have passed its third reading, or when a bill originating in the House which has been received from the House shall have been amended, or when a carry-over bill from an odd-numbered session originating in the House passes its third reading in the Senate in an even-year session, such bill or such amended bill shall immediately be certified by the President and Clerk and sent to the House of Representatives for its consideration.

Rule 55. Bills: Correction of Errors

When a bill has passed both the Senate and the House of Representatives and an error in it is discovered prior to its having received the approval of the Governor, the same may be returned by Concurrent Resolution to the house last considering the same for proper correction.

Rule 56. Bills: Order of Consideration

(1) Bills which pass the First Reading shall be arranged in the order of their introduction, and a list shall be made in accordance therewith to be called the Second Reading File and when the time arrives for consideration, they may be considered in the order on the file.

(2) Bills which pass the Second Reading shall be arranged in the order of their passage, irrespective of the date of reference to Committee, or of the Committee report, and shall be in order for consideration on Third Reading as arranged. A list shall be made in such order to be called the Third Reading File. Whenever the Third Reading of any bill is set for any particular date, such bill shall be omitted from the Third Reading File.

(3) Resolutions or other matters on which consideration is not had and completed on the date of introduction into the Senate if not ordered for consideration at a stated date, shall be placed upon the general file in the order of consideration with bills.

Rule 57. Bills: Special Order of Consideration

All bills and other matters set for consideration on particular dates, shall be arranged in the order of the several votes making such assignments. A list shall be made of such special orders, and when the time for consideration arrives, such bills and other matters shall be considered in the order of assignment. If an adjournment shall be had before all of such special orders are disposed of, the remainder shall go over and come under the head of unfinished business on the following day, unless otherwise ordered.

Rule 58. Bills: Pre-Filing

The Clerk shall accept bills to be pre-filed within ten days before the commencement of the regular session in the even-numbered year.

PART VI. RESOLUTIONS; MOTIONS

Rule 59. Resolutions and Motions: Form

All resolutions shall be written in ink or typewritten upon letter cap paper, dated and signed by the introducer, otherwise they shall not be considered. Motions and amendments, except as below provided, may be verbal but shall be reduced to writing if requested by the President, and shall be read from the desk if so desired.

Rule 60. Motions: Second Required

No motion shall be received and considered by the Senate until same shall be seconded.

Rule 61. Motions: Disposition

After a motion is stated or read by the President, it shall be deemed to be in the possession of the Senate, and shall be disposed of by vote of the Senate; however, it may be withdrawn by the movant at any time before an amendment has been adopted or before the decision on the motion if not amended.

Rule 62. Motions Applicable to Pending Matters

Whenever any bill or resolution or other matter shall be under discussion, the only motions

relative thereto shall be:

- (1) To lay upon the table.
- (2) To postpone to a certain time.
- (3) To postpone indefinitely.
- (4) To commit, and
- (5) To amend,

which motions shall have precedence in the order named.

- (1) The first two motions shall be decided without debate and shall be put as soon as made.

(2) When any of said motions shall be decided in the negative, they shall not be revived the same day relative to the main question under discussion. If all are negative as aforesaid, the only remaining question shall be as to the adoption of the bill, resolution or other main question.

Rule 63. Matters Postponed Indefinitely

When a question is postponed indefinitely, the same shall not be acted upon again during the session in which it was introduced.

Rule 64. Motion for Previous Question

The object of the motion for the previous question is to cut off debate. It shall always be in order. It shall require a two-thirds vote to carry it.

Whenever the motion shall be carried, the author of the resolution or introducer of the bill under discussion shall be permitted to close the debate, after which the main question, subject to Rule 61, shall be put. The author or introducer may delegate to another such right to close.

Rule 65. Motion for Reconsideration

(1) When a motion has been once made and carried in the affirmative or negative, it shall not be in order for any member who voted in the minority to move for a reconsideration thereof; but any member who voted with the majority may move to reconsider it on the same or the succeeding day of session, and such motion shall take precedence of all other questions, except a motion to adjourn.

(2) When a motion for reconsideration has been decided by vote, that vote shall not be reconsidered.

(3) When a bill or resolution or other matter upon which a vote has been taken shall have gone out of the possession of the Senate, and shall have been transmitted to the House of Representatives, a motion to reconsider shall be deemed to include a request to the House to return the same. If not complied with by the House, then the vote on the motion to reconsider shall be set aside. If such motion shall pass, the Clerk shall promptly communicate to the House the request for return of the matter to be reconsidered.

PART VII. PETITIONS AND COMMUNICATIONS

Rule 66. Petitions, Memorials, and Miscellaneous Communications

(1) Any person may petition the Senate. Petitions and other memorials shall be in writing, signed by the Petitioners.

(2) All petitions, memorials, and other papers addressed to the Senate or to the President and members shall be presented to the Senate by the Clerk.

(3) A brief statement of the contents of such petitions, memorials, or other papers shall be made orally by the Clerk.

(4) Every such petition, memorial, or other paper shall be ordered filed or referred to a committee, as of course, by the President, unless such action is objected to by a member at the time such petition, memorial, or other paper is presented.

(5) No such petition, memorial, or other paper shall be debated on the day it is presented,

except with the consent of the Senate.

PART VIII. ORDER; DEBATE; VOTING

Rule 67. Questions of Order

(1) A question of order may be raised at any state of the proceedings, except during the calling of the roll when the Ayes and Noes are called for. Unless submitted to the Senate, such questions shall be decided without debate by the presiding officer, subject to an appeal to the Senate. Laying such appeal on the table shall be held as sustaining the ruling of the presiding officer.

(2) Any question of order may be submitted to the Senate for its decision.

Rule 68. Debate: General Limitation

No member shall speak more than twice, unless he be the movant of the matter pending, in which case he shall not be permitted to speak in reply until every member choosing to speak shall have spoken.

Rule 69. Voting: Methods

There shall be five methods of ascertaining the decision of the Senate upon any matter.

(1) First, by voice or raising of hands; Second, by rising; Third, by ballot; Fourth, by call of the roll of the members and a record of the Clerk of the vote of each; and Fifth, by unanimous consent.

(2) Whenever the Senate is ready to vote on any question, the President shall rise, and after stating the question, shall request all those in favor of the affirmative of the question to vote "Aye." The President shall then call upon all voting in the negative of the question to vote "No." The President shall then announce the result to the Senate.

(3) If any member shall doubt the result, as announced, the President shall again state the question and call upon the members to vote by rising in their places, and they shall remain standing until counted, and the result shall be again announced.

(4) The method of voting by ballot shall be as customary. The President shall appoint one or more tellers, or direct the Messengers to collect the ballots, which shall be counted by the Clerk, and the results announced by the President. The Senate may, unless otherwise prescribed by these rules, on motion, vote upon any question by ballot.

(5) Whenever one-fifth of the members present shall request, the Clerk shall call the roll of the members of the Senate. Each member, when called, shall vote in a clear loud voice, "Aye," if voting in the affirmative, or "No" if voting in the negative. The Clerk shall record each vote and such record shall become a part of the Journal of the Senate. The President shall announce the results as above set forth.

(6) With the unanimous consent of the Senate, the President may direct the Clerk to record an "Aye" vote for each member of the Senate. If there is no objection, the Clerk shall so record the vote. If there is objection, the President shall ask for the names of the members voting "No" and order the Clerk to record no votes for them.

Rule 70. Voting: Rights of Members

(1) No member shall, on any account, refrain from voting unless excused by the President. A member may vote "Kanalua" the first time his name is called by the Clerk on any vote, but if he votes "Kanalua" on the next call of his name, his vote shall be recorded as "Aye."

(2) The President may excuse a member who has a monetary interest in the question, or whose right to a seat in the Senate will be affected by the question, or whose official conduct is involved in the question. If a member thinks he or she may have such a personal interest in the question, the member shall rise and disclose the interest to the President. The President then shall rule whether the member has a conflict of interest. If so, the member shall be excused from voting.

(3) Whenever the Ayes and Noes are called, no one, without unanimous consent, shall be permitted to explain his vote.

(4) After the announcement by the President of the result, no one shall be allowed to vote or to change his vote.

PART IX. DECORUM; DISCLOSURES; PUNISHMENT

Rule 71. Punishment of Members

The Senate may punish a member for misconduct, disorderly behavior or neglect of duty by censure, or upon a two-thirds vote of all the members of the Senate, by suspension or expulsion of such member.

The President may appoint a special committee to investigate, hear and report upon the conduct of any member charged by the Senate for misconduct, disorderly behavior or neglect of duty. Any member so charged by the Senate shall be informed in writing of the specific charge or charges made against him and have opportunity to present evidence and be heard in his own defense. Following its investigation and hearing the special committee shall file its report with the President setting forth its findings and recommendations.

In the event the committee recommends censure, suspension, or expulsion, the President shall present the report of the committee to the Senate for its consideration and decision. The Senate may by a majority vote censure a member or, upon a two-thirds vote of all the members of the Senate, suspend or expel a member.

Rule 72. Decorum: Transgression of Rules

If any member transgresses the rules of the Senate, the President, or any member, may call him to order, and, when so called to order, shall immediately sit down. The President shall then decide the question of order without debate, subject to an appeal to the Senate.

The President may call for the sense of the Senate on any question of order.

Rule 73. Decorum: Address

When any member is about to speak, he shall rise from his seat and address himself to "Mr. President." While speaking, he shall confine himself to the question under debate, shall refer to his fellow Senators by title only (e.g., "Senator from the _____ District"; "The Chairman of the Committee on _____"; "The Majority Leader,") and not by name, and shall avoid personalities.

Rule 74. Decorum: Person Called to Order While Speaking

Whenever any person shall be called to order while speaking, he shall be deemed to be in possession of the floor when the question of order is decided and may proceed with the matter under discussion.

Rule 75. Decorum: Presence in Senate

No person shall sit at the desk of the President or Clerk, except by permission of the President, nor shall any person, other than a member, officer, or permitted employee or person, sit in the main Senate floor area during any of the sessions of the Senate.

Rule 76. Decorum: Conduct in Session

When the President is putting any question or addressing the Senate, no one shall walk out of the room or across the floor. When a member is speaking, no one shall entertain a private discourse, nor shall anyone pass between the member speaking and the Chair.

Rule 77. Decorum: Disorderly Conduct in Session

If, during any session of the Senate, any member shall conduct himself in a disorderly manner the President shall order such member to keep his seat and preserve the peace. If such member shall then persist in his disorderly conduct, the President shall order the Sergeant-at-Arms to remove him from the Senate and he shall not be permitted to take his seat during the remainder of that day's session, except upon satisfactory pledge given by him to the Senate for future good behavior.

For the punishment of any person not a member, the provisions of Section 19, Article III, of the Constitution shall govern.

Rule 78. Decorum: Recording of Debate Called to Order

If any Senator is called to order for words spoken in debate, upon his demand or on that of any other Senator, the words objected to shall be taken down in writing and noted by the Clerk, and, if required, shall be read for the information of the Senate.

Rule 79. Decorum: Smoking

No member or other officer shall smoke within the Senate Chamber during any of the meetings of the Senate unless authorized by the President.

Rule 80. Decorum: Solicitation Prohibited

An officer or employee of the Senate shall not solicit subscriptions, for any purpose, from any officer or employee thereof, nor from any Senator. Nor shall any person be permitted to solicit or receive subscriptions of contributions for any purpose on the floor or in the lobby of the Senate or in any Senate office.

Rule 81. Disclosures

Each member shall file with the Ethics Commission of the State of Hawaii a disclosure of his or her private financial interests, as prescribed by law. Each member shall file with the Ethics Commission any change in his or her financial interests, and each member shall file with the President a copy of all disclosures made to the Ethics Commission.

If a legislative matter which affects a member's interests arises before the member has made a disclosure to the Ethics Commission and the President, the member shall orally disclose his or her interest to the Senate before voting. The member then shall immediately make the written disclosure required by law and the Rules of the Senate.

Any member who has filed a disclosure as required by this Rule need not make a further oral disclosure on the Senate floor of any interest so filed.

All disclosures filed with the President shall be available for examination by the public.

Rule 82. Violating Confidence

If any matter covered in Rule 33 or 34 shall be disclosed by any Senator, he shall be liable to censure, or, by a two-thirds vote, to suspension or expulsion from the Senate. If an officer or other person authorized to hear such matter shall disclose the same, such officer shall be dismissed and such other person shall be liable to punishment for contempt comparable to the punishment provided for by Section 19, Article III, of the Constitution and in the manner as therein prescribed.

PART X. QUESTIONS TO STATE OFFICERS

Rule 83. Questions to State Officers

Any member of the Senate may ask any question of any State officer relating to his respective department by reducing such questions to writing, over his signature, and reading the same before the Senate, and furnishing the officer with a copy of such written question. Any officer questioned shall reply to such question upon the following day, unless the Senate shall grant him a definite extension of time for replying.

PART XI. AMENDMENT, SUSPENSION AND INTERPRETATION OF RULES

Rule 84. Amendments

(1) No rule of the Senate shall be amended or rescinded nor shall any new rule be adopted, without one day's notice of such change. Any such action shall require a majority vote of the members of the Senate.

(2) Any rule may be suspended for a particular purpose with the unanimous consent of the Senate.

Rule 85. Parliamentary Procedure

The Rules of Parliamentary Procedure as laid down by Cushing, and as interpreted and practiced in the Senate of the United States, where not inconsistent with these Rules shall govern the Senate.

APPENDIXCONSTITUTIONAL PROVISIONS RELATIVE TO
PROCEDURES IN THE EVENT OF VETO

ARTICLE III

Sec. 17. Every bill which shall have passed the Legislature shall be certified by the presiding officers and clerks of both houses and shall thereupon be presented to the Governor. If he approves it, he shall sign it and it shall become law. If the Governor does not approve such bill, he may return it, with his objections to the Legislature. He may veto any specific item or items in any bill which appropriates money for specific purposes by striking out or reducing the same; but he shall veto other bills, if at all, only as a whole.

The Governor shall have ten days to consider bills presented to him ten or more days before the adjournment of the Legislature sine die, and if any such bill is neither signed nor returned by the Governor within that time, it shall become law in like manner as if he had signed it.

The Governor shall have forty-five days, after the adjournment of the Legislature sine die, to consider bills presented to him less than ten days before such adjournment, or presented after adjournment, and any such bill shall become law on the forty-fifth day unless the Governor by proclamation shall have given ten days' notice to the Legislature that he plans to return such bill with his objections on that day. The Legislature may convene at or before noon on the forty-fifth day in special session, without call, for the sole purpose of acting upon any such bill returned by the Governor. In case the Legislature shall fail to so convene, such bill shall not become law. Any such bill may be amended to meet the Governor's objections and, if so amended and passed, only one reading being required in each house for such passage, it shall be presented again to the Governor, but shall become law only if he shall sign it within ten days after presentation.

In computing the number of days designated in this section, the following days shall be excluded: Saturdays, Sundays, holidays, and any days in which the Legislature is in recess prior to its adjournment as provided in Section 11.

Sec. 18. Upon the receipt of a veto message from the Governor, each house shall enter the same at large upon its Journal and proceed to reconsider the vetoed bill, or the item or items vetoed, and again vote upon such bill, or such item or items, by ayes and noes, which shall be entered upon its Journal. If after such reconsideration such bill, or such item or items, shall be approved by a two-thirds vote of all members to which each house is entitled, the same shall become law.
