THE
FOURTEENTH LEGISLATURE
STATE OF HAWAII
REGULAR SESSION OF 1988
JOURNAL OF THE SENATE

FIRST DAY

Wednesday, January 20, 1988

In accordance with the provisions of Section 10 of Article III of the Constitution of the State of Hawaii, the Senate of the Fourteenth Legislature of the State of Hawaii, Regular Session of 1988, was called to order at 10:00 o'clock a.m., with the Honorable Richard S.H. Wong, President of the Senate.

At this time, the members of the Senate, guests, and the audience rose to sing the National Anthem and "Hawaii Pono" led by Messrs. Clayton and Alan Naluai.

The President then appointed Senators Cobb, Holt and Ikeda to escort Kahu David Twigg of Kaumakapili Church, Honolulu, to the dais for the invocation.

The Committee of Senators escorted Kahu Twigg to the dais and was discharged with thanks.

The Divine Blessing was then invoked by Kahu David Twigg.

MESSAGES FROM THE GOVERNOR

The following messages from the Governor (Gov. Msg. Nos. 1 and 2) were read by the Clerk and were disposed of as follows:

Gov. Msg. No. 1, informing the Senate that he appointed Eloise Y. Tungpalan to the Senate, effective December 17, 1987, to fill the vacancy created by the resignation of Joseph Kuroda from the State Senate, 22nd Senatorial District, and pursuant to Section 17-3(1), HRS, Ms. Tungpalan's term will expire on General Election Day of 1988, was referred to the Committee on Credentials.

Gov. Msg. No. 2, informing the Senate that he appointed Robert N. Herkes to the Senate, effective December 15, 1987, to fill the vacancy created by the resignation of Richard Henderson from the State Senate, 1st Senatorial District, and pursuant to Section 17-3, HRS, Mr. Herkes' term will expire on General Election Day of 1988, was referred to the Committee on Credentials.

Senator Hagino then moved that a Committee of three be appointed by the Chair as a Committee on Credentials to examine the Letters of Appointment of the Honorable Eloise Y. Tungpalan and the Honorable Robert N. Herkes and to submit a report of its findings to the Senate, seconded by Senator George.

The motion was put by the Chair and carried, and Senators Young, Hee and A. Kobayashi were thereupon appointed by the Chair to serve on the Committee on Credentials.

At 10:13 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 10:15 o'clock a.m.

SPECIAL COMMITTEE REPORT

Senator Young, for the Committee on Credentials, presented a report (Spec. Com. Rep. No. 1) which was read by the Clerk as follows:

"The Honorable Richard S.H. Wong
President of the Senate
The Fourteenth State Legislature
State Capitol
Honolulu, Hawaii 96813

Dear President Wong:

Your Committee on Credentials begs leave to report that it has examined the Letters of Appointment of the Honorable Eloise Y. Tungpalan and the Honorable Robert N. Herkes and finds that they are qualified to fill the respective vacancies in the Senate created by the resignations of Senators Joseph Kuroda and Richard Henderson for the Fourteenth Legislature of the State of Hawaii, Regular Session of 1988.

Respectfully submitted,

Patsy K. Young
Clayton H.W. Hee
Ann Kobayashi"

Senator Young then moved that Special Committee Report No. 1 be adopted, seconded by Senator Hee and carried.

The Committee was thereupon discharged with thanks.

The Chair, at this time, appointed Senators McMurdo, Yamasaki and Reed to escort Chief Justice Herman Lum of the Hawaii Supreme Court to the dais to administer the oath of office to the newly appointed members of the Senate.

The Senators escorted Chief Justice Lum to the dais and were thereupon discharged with thanks.

Chief Justice Lum then administered the oath of office to the newly appointed members of the Senate, the Honorable Eloise Y. Tungpalan and the Honorable Robert N. Herkes.

The Roll was then called showing all Senators present.

The Chair, at this time, introduced to the members of the Senate and guests his grandchildren, Joseph and Barrett Moiho and Amber Wong.

The President then delivered his Opening Day remarks, as follows:

"Governor Waihee, Lt. Governor Cayetano, former Governor and Mrs. Ariyoshi, Chief Justice Lum, distinguished guests, members of the Senate, ladies and gentlemen -- good morning and Aloha to you all.

"I would like to begin by expressing special greetings to the two newest members of this Honorable Body -- Senator Eloise Yamashita Tungpalan and Senator Robert Herkes. Welcome, Senators. I look forward to working with you in the days and weeks ahead.

"Seven-hundred twenty-three days ago, a young astronaut from the coffee fields of Kona taught us the meaning of courage when he rode on the wings of his dream in search of a new frontier.

"Like Ellison Onizuka, our children radiate a courageous, restless spirit of discovery. They possess bold and lofty dreams. They dream of becoming doctors, business leaders, and movie stars.

"They dream of Hawaii without heart disease, AIDS and cancer.

"They dream of world peace, universal sharing and travel into the far reaches of outer space.

"They dream of owning their own homes and raising their families -- all right here in Hawaii.

"I have learned a lot by listening to the 'heartbeats' of our future generation. They may be young and innocent, but their sincere voices clearly spell out the kind of Hawaii they want -- for today and tomorrow. They are counting on us to assure their future -- by guiding the direction that Hawaii is taking now.

"If we care for their future, we will create ladders of opportunity so all our people can climb up to better quality jobs and lives.

"If we care, we will heal the wounded learners of today and nurture the gifted, the talented and the unmotivated.

"If we care, we will provide shelter for all of our people.

"I will not try to present a comprehensive list of issues at this time for your consideration. Instead, I would like to share with you a few general themes that seem relevant today -- themes that I hope we will bear in mind during the course of the 1988 legislative session.

"First is economic growth.

"We are facing a sea of dynamic changes and we must adapt our economic base and diversify our whole economy if we are to create quality jobs and preserve the quality of life here in Hawaii Nei.

"Let's think big and proceed with the convention center and the spaceport, as well as a world-class waterfront in Honolulu.

"Let's dream big and see if we should create an international 'think tank' institute. Let's promote Hawaii as a people resource -- in terms of expertise, knowledge and skills -- for the whole Pacific and Asian region. Let's maximize Hawaii's role as a crossroads between East and West. Let's help small business to grow and encourage entrepreneurship -- these are the backbone of our economy.

"Let's move ahead in the areas where Hawaii has an advantage -- in ocean resources, in selected areas such as

tropical agriculture, astronomy, aquaculture and alternate energy.

"My second general theme for your consideration is education.

"We need to not only create a strong environment for business and new job opportunities but we must help prepare our children to be full participants in the kind of socio-economic environment we hope to create. We are committed to helping our future workers get quality jobs here, develop their businesses here and raise their families here. Our children are our greatest resource -- let us invest in their future.

"Education, however, is not only to prepare our young people for making a living -- it is to prepare them for life.

"An educated citizenry is the very foundation of our democratic system of government. I want a solid education for our children. I want them to have the knowledge and the critical thinking skills that will serve them well in their future years. Educational reform and improvement, strengthening the school program and curriculum should be high on our list of priorities.

"Senators, we have 30 gymnasiums in our schools but no imaginariums. To allow the imaginative and creative minds of our youth to grow and prosper, I would like to see every school designate a place called the imaginarium where creative works can be regularly displayed.

"The third theme I'd like to mention concerns housing.

"A measure of Hawaii's greatness as a society is how well we provide for one of the people's basic and elemental needs -- shelter.

"Join me in developing affordable housing that will be within reach of more of Hawaii's hardworking families.

"Join me in increasing the inventory of available rental units to relieve the critical shortage we face.

"Join me in meeting the housing needs of our elderly and our homeless.

"I believe the legislature is ready to move forward on housing. Hopefully, the administration is prepared also. Governor, we look to you for leadership. Join with us so we can all proceed together.

"Senators, we have a full agenda before us as we begin the work of the 1988 session. In addition to the general themes I've just mentioned, we will have to deal with a number of specific issues -- the 'right to know' versus the 'right to privacy' insofar as government records are concerned. Addressing the problems of crime, dealing with the issue of tort reform. Statewide transportation concerns, including mass transit, will require our attention. Last year, we created two state departments -- Corrections and Human Services -- and a new Office of State Planning. Now, we need to assess how well this reorganization is doing.

"I'd like to say that we are at a major crossroad in the history of Hawaii. Do we continue 'life as usual' or boldly pursue the dreams of greater opportunities?

"Senators, join me in creating a Hawaii that cares for its children ... join me in building a Hawaii that integrates our people's minds and hearts to make things better for all of us.

"On April 12, 1981, Ellison Onizuka sent a picture of the Columbia Space Shuttle to his mother with the following:

'To Mom,

With lots of love and thanks for believing in my dream -- I couldn't have gotten this far without your help! Come fly with me.

Love, Ellison'

"It's time we believe in the dreams of our 'keiki o ka aina' and tell them to hang on to their dreams.

"It's time to roll up our sleeves and tackle the challenge before us.

"It's time we act to make it possible for our children to realize their dreams.

"The words of Whitney Houston singing 'The Greatest Love of All' should inspire us into action:

'I believe the children are our future. Teach them well and let them lead the way. Show them all the beauty they possess inside. Give them a sense of pride . . . to make it easier. Let the children's laughter . . . remind us how we used to be . . .'

"Mahalo and Aloha."

Senator George, Minority Leader, then responded as follows:

"Mr. President, distinguished guests, colleagues:

"It's useful in a political context to weave appropriate quotations into one's remarks -- provided, of course, due credit is given to the original quotee. It was in Chinese literature that I found the quotation with which I'd like to keynote these brief remarks; the author is that well-known aphorist Anon.

"To quote, then, 'On a rising tide, all boats are lifted.'

"Applied to our Senate, it expresses my belief that each of us helps to shape the fame of all of us, whether or not we might hope to confine the glory of our separate victories to burnish our own crowns. The corollary of the adage might be: 'If you're on the Titanic, it doesn't matter whether you're captain, crew or passenger.' What I'm getting at is that, for good or ill, we are apt to be praised or tarred collectively - and that it would be a really splendid idea for us to join together in tackling the business for which we were sent here. We might even do this without special emphasis on individual and partisan differences.

"In other words, we're all in this together.

"I think we're all, majority and minority alike, pretty well agreed on the nature and magnitude of the problems facing the state. Matter of fact, the catalog of problems and the priorities placed on their solution have stayed pretty standard for a number of years. Housing. Education. Business climate. Transportation. Environment. Reliever airport. Agriculture. Jobs. Drugs.

"Because this is my first crack at an opening day speech, I went back and read a decade's worth, and truly, the problems seem to be the same up and down the line, and all that differed was the rhetoric used by the speechmakers to describe them.

"This seems to me to be a pretty broad signal that our record of problem-solving isn't all that terrific.

"So Republican and Democrat lawmakers find themselves in fair agreement about our problems, and sometimes we even agree on how they ought to be solved. This has sometimes led to a curious sort of arrangement - such as the one in which the GOP tax on medical expenses was hana'ied by the Democrats and was enacted as part of the majority package. But turnabout has always been fair play, and we should remind ourselves of the GOP adoption of that old Democrat favorite, home rule.

"Then there's H-3 -- a project which might well have flopped long ago if it hadn't been for the kind of bipartisan cooperation we have shown ourselves to be capable of.

"I invoke these historical grace notes only as a reminder that we can agree, and often do; that cooperating instead of competing might enhance us all, and would certainly lighten the chores we were sent here to accomplish.

"It's only a dozen years until the turn of the century; a reminder that we do face a new challenge -- the chance to be citizens of the world; participants rather than spectators in the development and expansion of the Pacific Era. Once again, we'll meet this new challenge best if we use all our talents and all our strengths.

"Because my former colleague from the Big Island let the last session close without letting us know that he was leaving us, we never had a chance to bid him a formal farewell. I would like to take just a moment now to remedy that omission. I'm honored to have Richard Henderson sitting with me today as a member of the minority family. If he will rise and shine we can all give him the round of applause his long years of solid service merit. (Former Senator Henderson rose to be recognized and was presented a lei by Senator A. Kobayashi.)

"We'll all miss Scotchy. But Bob Herkes, sitting as a member of the Senate for the first time today, brings plenty of talent and determination to fill the Henderson shoes, and we welcome him warmly.

"It shouldn't come as any surprise that the minority will again place a high priority on tort reform, the erasure or amendment of the inequitable plant closure act, resistance to putting money in a state insurance fund, bringing into balance a tax system that has resulted in a hefty surplus, transfer of appropriate parks and highways to the counties, with necessary funding, and a firm decision on a convention center.

"I'll finish as I began -- 'on a rising tide, all boats are lifted.' Remember, we're all in this together. Let's roll up our sleeves and get to work."

At 10:38 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:53 o'clock a.m.

The following introductions were then made to the members of the Senate and guests:

Senator Holt introduced former Senator Joseph Kuroda.

Senator Cobb introduced former Senator Buddy Soares.

Senator Chang introduced former Senator Billy Fernandes.

In closing, all rose and joined hands to sing "Hawaii Aloha."

MISCELLANEOUS COMMUNICATION

Misc. Com. No. 1, from the Department of Water, County of Kauai, submitting "Proposed State CIP Projects, Request for State Aid 1988 Session," and "Resolution No. 2," pursuant to Sec. 248-4, HRS, as amended, was placed on file.

Senator Holt then rose on a point of personal privilege, and stated:

"Madam Vice President, your Committee on Tourism has had some difficulty during the interim in getting information from the Department of Business and Economic Development (DBED).

"I think we are all aware of the trouble we had with Expo and the \$2 million oversight on the construction of their pavilion.

"In a related matter involving tourism, the House chairman requested from the DBED copies of the contract on the convention center. This letter from Representative Cachola was dated November 30, and the response is that the consultants with DBED of the convention center studies are Belt Collins and Associates, Wilson Okamoto and Associates, and R. M. Towill Corp. A copy of the contract will be sent to you as requested, upon its availability. That was dated November 30, 1987.

"Subsequent to that, the Senate -- myself -- sent a letter in early January and got a letter back from the director, dated January 11: 'In response to your inquiry regarding

the consultants to DBED on the convention center studies, a copy of the contract will be sent to you as requested, upon its availability. The contract is in the process of being finalized.' But my understanding is that the consultants are working or have been working for several months.

"As a result of not getting information we asked for, we sent another letter, not asking for the contracts, understanding that they're still in the process of finalizing, but asking for information. On January 14, I sent another letter to the director and I'll read it to you:

'According to your testimony presented to this committee, last legislative session, funds were requested to undertake studies to assist with the convention center site selection process. Your letter to me dated January 11, indicates funds have been allocated to DBED for these studies.

'Please provide this committee with the following information:

(1) total funds committed for the studies, (2) scope of services for each site to be studied, including market orientation, social impact, marketability, and evaluation criteria, (3) completion date of studies on site selection criteria.'

"I got a letter back from the director saying, 'I received your letter requesting the information on the convention center. As related by our deputy, we are in the process of gathering information. We will not be able to respond by your deadlines. We'll be sending the information as soon as we are able to.'

"I met with the House Chairman on Tourism this morning because he was having the same trouble getting information, and we have decided that we will be having a joint hearing next Thursday at 1:30, conference room 5, or another room if possible, to have a briefing on the convention center studies. I'm just making an announcement of the hearing now -- next Thursday. Thank you."

Senator Cobb also rose on a point of personal privilege, and said:

"Madam Vice President, last session we had a number of very important studies that were commissioned by the Legislature, in most cases by resolution, and in all cases that I can recall, a deadline of 20 days prior to the convening of the 1988 Legislative Session.

"I note, in passing, that some of the major issues that were addressed by such studies, such as tort reform, were late in getting back to this Legislature. In fact, we only received the tort reform study on Monday of this week, which is a lot less than 20 days prior to the session.

"It seems to be only fair that if we are going to be asked to address such major issues on a timely basis, we also receive the reports back on a timely basis.

"One in particular which is very upsetting to this senator is the study that was contained within the provisions of Senate Bill 808-87, concerning a mandated study, not requested but mandated in a bill with a \$100,000 appropriation, for a comprehensive report back on the idea whether or not to sell insurance at the gas pump.

"That bill was not a request. It was a direct order of the Legislature. The resolution is a request -- sometimes

with molasses on top of it. A bill is an order. And we passed a bill mandating this.

"To this date, Madam Vice President, that report has not been received by this Legislature, far beyond the 20-day deadline that was mandated in the bill. I, therefore, say for the record, I'm tired of excuses, tired of the runaround. I either want the report or I want a new auditor. Thank you."

The Chair then made the following announcement:

"Members of the Senate, all carryover bills from last year are hereby referred back to the committees they were in at the conclusion of the 1987 session. A list of all carryover bills will be distributed by the Clerk to each Senator's office this afternoon."

Senator Cobb inquired: "Madam Vice President, does that include matters in conference committee?"

At 12:17 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:18 o'clock p.m.

The Chair then responded: "Senator Cobb, for your information, conferees have not been discharged. Those bills are still in conference."

ADJOURNMENT

At 12:19 o'clock p.m., on motion by Senator Blair, seconded by Senator A. Kobayashi and carried, the Senate adjourned until 11:30 o'clock a.m., Friday, January 22, 1988.

ORDER OF THE DAY

THIRD READING

Senate Bill No. 603, S.D. 1:

By unanimous consent, action on S.B. No. 603, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO DRUG PARAPHERNALIA," was deferred until Tuesday, January 26, 1988.

REFERRAL OF SENATE BILLS

The President made the following committee assignments of bills introduced on Friday, January 22, 1988:

Senate Bills Referred to:

No. 2094	Committee on Transportation
No. 2095	Committee on Consumer Protection and Commerce, then to the Committee on Judiciary
No. 2096	Committee on Transportation
No. 2097	Committee on Consumer Protection and Commerce, then to the Committee on Judiciary
No. 2098	Committee on Consumer Protection and Commerce
No. 2099	Committee on Consumer Protection and Commerce
No. 2100	Jointly to the Committee on Government Operations and the Committee on Judiciary, then to the Committee on Ways and Means
No. 2101	Committee on Consumer Protection and Commerce
No. 2102	Committee on Government Operations
No. 2103	Committee on Education
No. 2104	Committee on Consumer Protection and Commerce

Senator Cobb rose on a point of personal privilege and stated:

"Very briefly, Mr. President, I would like to rise on a point of personal privilege.

"First, to commend your chairman of the Tourism Committee, Senator Milton Holt, for the yeoman's good

job that he has done on the efforts to date in trying to select the convention center.

"However, at a Neighborhood Board meeting the other night I was reminded of the fact that the advocates of the convention center seem to have anywhere from four to half a dozen sites they want to put on the table. But, they want us to make the decision rather than prioritize it themselves before coming up with any kind of either private financing or joint venture or other means of support to effectuate that kind of decision, which, in effect, means, Mr. President, they seem to be very generous with our blood.

"I would like to call on the tourism industry to (1) get its act together, and (2) come in with a unified site, if they feel that it should be either in or near Waikiki, or in or near Kakaako, so that we have a clear direction from the industry as to where their preferred site is, rather than giving us a shish kebab to choose from. That kind of assistance, Mr. President, I think would be helpful in our deliberations. Thank you."

At 9:50 o'clock a.m., on motion by Senator Blair, seconded by Senator A. Kobayashi and carried, the Senate stood in recess subject to the call of the Chair to meet in Joint Session with the House of Representatives, in accordance with House Concurrent Resolution No. 1, to receive the Governor's State-of-the-State address.

JOINT SESSION

The Joint Session of the Senate and the House of Representatives was called to order at 10:10 o'clock a.m., by the Honorable Daniel Kihano, Speaker of the House of Representatives.

At this time, the Speaker welcomed and introduced the following distinguished guests to the members of the Fourteenth Legislature:

The First Lady of the State of Hawaii, Mrs. Lynne Waihee. She was accompanied by her two children, John and Jennifer.

The Lieutenant Governor of the State of Hawaii, the Honorable Benjamin Cayetano, and former governor of the State of Hawaii, the Honorable George Ariyoshi and Mrs. Jean Ariyoshi.

Commander of the Fourteenth Coast Guard District, Rear Admiral William P. Kovalesky.

The Honorable Frank F. Fasi, Mayor of the City and County of Honolulu; the Honorable Jay Hans Strasser, Dean of the Consular Corps in Hawaii; the Honorable Richard C. Smith, Consul General of the Australian Consulate; and the Honorable Tomas Gomez III, Consul General of the Philippines.

First Lady of the House of Representatives, Mrs. Daniel J. Kihano.

The Chair then appointed Senators Young, Hagino and George, and Representatives Alcon, Okamura and Liu to escort the Honorable John D. Waihee, Governor of the State of Hawaii, to the rostrum.

Senator Young presented Governor Waihee with a maile/ilima lei on behalf of the Senate and the House of Representatives.

The Speaker then presented to the members of the Fourteenth Legislature and guests, the Honorable John D. Waihee, stating:

"Members of the House and Senate, ladies and gentlemen, I present to you the Governor of the State of Hawaii, John David Waihee."

The Governor addressed the Joint Session as follows:

"Thank you.

"President Wong, Speaker Kihano, members of the Fourteenth State Legislature, honored guests, ladies and gentlemen, Aloha.

"Last year when I stood before you, I had little doubt that we, together, were embarking on a difficult journey through a world of change.

"I was barely two months on the job, the executive branch had a new cabinet; the House new leadership; and like myself, many of you, Democrats and Republicans alike, in the Senate and the House, with relatively short political careers, had assumed new responsibilities. Indeed, through no fault of their own, the mantles of elder statesmen had descended on Dickie Wong in the legislative branch and Al Simone in the executive.

"Furthermore, it was absolutely clear that we were in the midst of a new Pacific era preparing to enter the twenty-first century. Our challenge: To seize new opportunities, lead Hawaii to the forefront of Pacific/Asian affairs and turn the corner of this century with authority. Our vision: To move all of Hawaii's people forward to reach their Pacific destiny.

"I called upon you for action, and you responded. You took the programs and ideas of a new administration, heard them, aired them, reshaped them, improved them, supported them and added programs and ideas of your own. Together, we took significant steps to meet our challenge and fulfill our vision.

"Today, we find ourselves at the beginning of a new session and a new year. Do we have the will, commitment and vision to continue the work we have begun? Are we willing to reach for greatness again?

"Last Thursday, I, along with many of you, attended the Red Mass and heard Reverend Clarence Liu quote from the book *GRENDDEL* by John Gardner. The book tells the story of 'Beowulf' from the viewpoint of the dragon, Grendel. Grendel feels safe and observes of the ineffective peasants:

'There is no conviction in the old priests' songs; there is only showmanship. No one in the kingdom is convinced that the gods have life in them. The weak observe the rituals -- take their hats off, put them on again, raise their arms, moan, intone, impress their palms together -- but no one harbors unreasonable expectations.'

"My friends, it is reasonable for many in our community, based upon past experience, to assume that because of the strong divergence of opinion regarding the convention center we will be unable to select a site this session.

"It is reasonable, having heard it so many times before in Opening Day and State-of-the-State messages, for people to assume that there will be much ado about Hawaii's role in the Pacific or our need for affordable housing. But to expect few, if any, initiatives that rise to the occasion.

"It is reasonable to believe that there will be much activity and even resources spent on education, yet feel that, somehow, not enough is being done to insure accountability, address the quality of the end product or foster the involvement of all who have a stake in the outcome -- administrators, teachers, parents and students alike.

"It is reasonable, reviewing our recent political past, to expect that various initiatives proposed for passage will invariably conjure up such labels as 'pro-business' or 'pro-labor' rather than discussions about what is good for Hawaii and our quality of life.

"It is reasonable for so-called political pundits, using conventional knowledge, to suggest that since this is an election year, we will be content to rest on our laurels of the past session -- after all, a lot of good work was done -- and avoid the tough decisions needed to face the challenges ahead.

"It is unreasonable to take a stand on commitment, vision and dreams. So the critics, like Grendel, sit complacently by, awaiting the status quo. What the naysayers have not counted on is that you and I have unreasonable expectations.

"Last week, our Senate President called upon us to 'dream big,' especially for our children; our Speaker of the House challenged all of us to rise to new heights based on our mutual pride in Hawaii; our House Majority leader described Hawaii as the 'future state'; and our Minority leaders, in between light volleys over the bow, called for bi-partisan action.

"Likewise, my administration has publicly declared our intention to no longer accept the passive custodial role of pure administration. Instead, we have assumed a more aggressive role as investor, participant and catalyst in creating an economic and social environment which would best nurture the ideal of a Pacific community entering the twenty-first century.

"Quite a collective calling. A call for hands-on action. A willingness not merely to go for what we think we can get, but beyond.

"Now is the time to let the work begin.

"The future will place a new premium on our resourcefulness and ability to adapt to circumstances vastly different from those of the world we were born into. To meet new challenges we must build a society that will be competitive in the twenty-first century.

"Competitiveness starts in our schools.' Last session we made sizable investments in the physical plants and program of our public schools. Today I am asking you to immediately ratify a teachers' salary contract which will allow us to attract strong candidates into teaching and to retain teachers dedicated to their profession.

"This session let us enhance our educational agenda with classroom success in mind. But beyond program enhancements, we must commit ourselves -- educators, parents, children, business, labor, and those who believe President Wong, that children are the future -- to our public schools if we are to move forward toward building a school system that is second to none.

"Our goal for higher education is nothing less than the premiere university of the Pacific/Asian region. Our Pacific-ness is at the core of our competitiveness, and we will succeed in the world to the extent that we are able to

offer unique understandings of our human and physical environment.

"Let us build for excellence through the construction of a new Pacific Ocean Technology Center, support for research and instruction in marine and geological programs of the new school of ocean and earth science and technology and additional funding for the new school of Hawaiian Asian and Pacific studies.

"Competitiveness means bolstering our basic industries. Here we have major unfinished business -- our convention center.

"Last session we came close to picking the spot for the center, only to find that there was no perfect site.

"Let us therefore consider the nature of the industry and the center. Convention centers have characteristically been built to stimulate the further growth of a visitor industry.

"However, that is only part of our purpose: We must also recognize that we cannot continue to prosper simply by welcoming ever-growing numbers of visitors. The quality of our product is of equal, if not greater, importance.

"Our visitor industry in Waikiki must have facilities which offer the space and accommodations that will attract off-season and higher-paying guests if it is to remain competitive and flourish. We must preserve and enhance what we already have.

"In facing the tough decision of selecting a site, we should be reminded that the epicenter of visitor lodging in Waikiki is the Royal Hawaiian Shopping Plaza, surrounded by some 40,000 hotel rooms.

"I believe that a center should be as close as possible to that location in Waikiki. Although several properties fall within this guideline, Fort DeRussy should not be included among them. We need its open space, and it simply will not be available, if at all, for a long time.

"In addition to your deliberation on the known sites, I suggest that you consider a partnership with the private sector to develop an urban convention center on private property. Suitable lands are properties around and including the Magoon Estates and the International Market Place. There may be others as well.

"Competitiveness means new industries, new products and the use of new technologies. Our steadfast goal is to diversify.

"Our products can be knowledge, tangible goods or marketable skills, so long as they originate here. We have a wealth of opportunities, in space, in the oceans, in renewable energy, in high technology. But all the creative thought devoted to these disciplines will come to nothing unless we successfully convert our knowledge into trade and enterprise.

"To encourage that result, we are proposing the creation and funding of an office of technology transfer and economic development at the University of Hawaii specifically charged with the task of bringing invention out of the laboratory and into the marketplace.

"For the same reason we propose the allocation of nearly \$7 million to the establishment of an innovation center which will serve as an incubator for high technology businesses and \$5.7 million for comparable facilities on Maui.

"As information is a product, action is needed to develop Hawaii as the information hub of the Pacific, through the brokering, processing and creation of information. In 1989, we will have a U.S. Mainland/Hawaii/Japan fiber optic cable in operation. It is a new highway upon which we can move our goods. Let us open it for all.

"High among the sources of new technology are space industries.

"Last year your action made it possible for us to investigate the existing potential for Hawaii. The findings are in; the windows of opportunity are open; let us move forward.

"We can advance our knowledge of the universe around us, as we are already doing from the top of Mauna Kea. Through the Hawaii Institutes for Astronomy and Geophysics, we can provide quality jobs in engineering, computer sciences and skilled trades. We can participate, as did the ancient navigators who found this island home of ours, in the exploration of the unknown.

"With your continued support, we will accelerate our efforts with a strategic plan for commercial launch services. And so we propose an appropriation for basic research in astronomy and astro-physics, for environmental and marketing studies of a launch site, for conceptualization of a space theme park and education center, and for space expertise to lead the way.

"The waterfront is the face of Honolulu. Its features include our industry and vitality, our beauty and our grace, and our unique character as a people of land and sea. From Keehi Lagoon, where potential for recreation and maritime industry abounds; to the treasured people-beckoning charisma of Aloha Tower; to the old and new of Kakaako. It is a remarkable resource, with vast potential unrealized.

"To compete we must make real the dream launched by the waterfront reawakening program to present to the world a waterfront of Hawaiian character -- a place for people and new economic life; at the same time priority consideration must be given to the maritime requirements of a working harbor. Therefore, I urge:

- The purchase of Kapalama Military Reservation from the federal government to open new lands for maritime businesses.
- An appropriation of \$18.1 million to make Barbers Point Deep Draft Harbor a fully operational harbor, not only to take some of the load off the Honolulu waterfront, but to enhance economic development in Central and Leeward Oahu.
- An appropriation of \$1.7 million to clean up Keehi Lagoon, the most beautiful eyesore in our State, and funds for planning and environmental impact statements for the lagoon.
- An appropriation of \$2.5 million for a coordinated areawide plan and development program for the waterfront.

"As we move forward with our aspirations for the future, we must remember that we are here for people, and that government with no heart is no government at all. The measurement of our compassion is how we take care of the needs of people, and respond to the least fortunate among us.

"No human need is more basic than shelter. No family's dream more basic than a home of their own. Yet the average price of a single family home has risen over \$55,000 in the last eight years, rendering it, as has been for far too long, unaffordable for so many of our families.

"Scarcity of land contributes to the lack of affordable housing. We must make more lands available for construction of residences, and it is the policy of this administration to identify State lands suitable for development throughout the islands. We have prospects for the Big Island, Maui and Kauai, but on Oahu there is a notable shortage of public lands for this purpose.

"We were, therefore, pleased at the prospect of a second city on Oahu where people could live and work in a new urban center, rather than simply commuting to and from more urban expansion. Unfortunately, it just hasn't happened.

"To make land available for development on Oahu and assure the emergence of the second city at Ewa, I will be asking you to support the acquisition through purchase and lease either by negotiation or condemnation of some 4,000 acres on the Ewa Plain. This will form a ready land bank for timely home construction, as well as preserve the viability of agriculture in the area.

"In addition to land, we need capital to facilitate and expedite the construction of affordable homes, and I will be asking you for a \$120 million revolving fund to augment our existing resources.

"Land, capital and, finally, the participation of the private sector are essential ingredients of a successful affordable housing program. We need to make affordable housing good business, because only then will we have affordable homes. Not quotas, not conflicts -- just homes.

"A compassionate government protects the well-being of the community through health leadership. We are embarking upon a long-overdue department-wide reorganization which will make our State Department of Health more administratively effective, more accessible to the public, and more responsive to the pressing health and environmental needs of our community. Moreover, this restructuring prepares the department for leadership of what has become a \$2 billion industry in Hawaii -- health and health care.

"Three especially significant health initiatives we have proposed this year are: One, funds for an even more visible and effective AIDS education and prevention program; two, funds to initiate a special focus on the health needs of Hawaiians and to assist them in developing leadership in their own health promotion and disease prevention; and three, a new state laboratory to ensure that purity of our food and water supplies, provide state-of-the-art testing for AIDS, support new programs to monitor contaminants in our environment and provide health leadership to the private sector and our Pacific Island neighbors.

"A compassionate society keeps its obligations. The most obvious of which is our fiduciary duty to native Hawaiians. The issue of ceded land revenues must be resolved. We have begun discussions with the Office of Hawaiian Affairs on this matter, and while the process of arriving at a fair and just settlement will not be easy or always pleasant -- indeed it may even take longer than one session -- we are committed to settling this issue once and for all.

"A compassionate government does not abide the wreckage of human lives. In the catalog of things that

cause harm to families and individuals, there is no more insidious an evil than substance abuse, which breeds crime and destroys lives. In 1987, our vigorous state-operated drug eradication programs took almost one billion dollars of marijuana out of our lands. That's three and a half times as much marijuana as was eradicated the prior year. With your help, we have also launched an aggressive federal, state and county \$1.5 million program to eradicate drugs where they are grown, transported and sold.

"In addition, we must attack the problem from the people side to prevent and end abuse. Thus, we have proposed an additional appropriation of \$2.3 million for drug treatment, education and prevention.

"And, of course, a drug free Hawaii has no need for drug paraphernalia. It is time to pass such legislation.

"In the past we have usually measured our compassion for the less fortunate by the kinds and amount of 'safety net' assistance and services provided. In many cases this was enough to help an individual or family through a rough period. But too often our help, however well intended, reduced individuals and families to the captivity of dependency instead of liberating them from the cycle of poverty.

"My friends and fellow policy-makers, I do not believe that creating this kind of dependence is a compassionate act. True compassion recognizes the dignity of the human being.

"Ask the people of Molokai what they prefer: A job or more welfare?

"We did, by going into partnership with them and employers on Maui and subsidizing a ferry to take workers to jobs. Many cynics said it wouldn't work, but the people responded. Last September, Molokai's unemployment rate stood at 14.2%. By December it had declined 56% to 6.3%. Today, if you go to Molokai, you will find a new sense of hope.

"Our people deserve opportunity and dignity. The goal of a compassionate society is independence.

"To prevent dependency we need to do more than change or even add programs. We must change mindset. We need to view government assistance through the eyes of those who need help. Do we offer people a program from a catalog, or do we give them a path to productivity, self-esteem and a more independent tomorrow?

"Last year you took a great step forward with the voluntary work fare program for welfare recipients, which has been dubbed 'Project Success.' This year we must continue to make similar investments in our people.

"And yes, Mr. Speaker, the search for independence is nowhere so poignant as among our senior citizens, who all too often are prematurely forced to give up everything that home means to them to enter a nursing facility. It is one of the great challenges of our time to pioneer new methods of home care. We need funds for demonstration projects and for a searching investigation of the most suitable methods of financing long term care and the needed shift to community-based care.

"Hawaii families often require the support of both parents. The situation is even more acute with single-parent homes. In far too many cases, the result is usually a female-headed family, dependent on public assistance.

"To compliment the efforts begun by 'Project Success,' we are proposing a new training program aimed at getting unemployed fathers of dependent children into the workforce and earning wages from which they can pay child support.

"Furthermore, parents who need to work need day care that does work. To meet the growing need for child care for youngsters from infancy to age two, for which conventional child care programs are not available, we are proposing an expanded program of recruitment, training and licensing of family day care operators.

"And to create a government and private sector partnership for child care, we propose a pilot project to help employers develop new and more effective programs, using our tax laws to assist employees with child care needs.

"Hawaii has over 100,000 people who are functionally illiterate. Many of them cannot find work, and those who do have little hope of getting a better position or dealing with a layoff. All of them must face the shame of knowing they cannot help their children with school work, or read a manual at work.

"To boost the highly productive efforts of the Governor's Council for Literacy, we are proposing an appropriation to support private sector initiatives and a system of matching grants. Literacy for the individual means choice, self-fulfillment and self-esteem.

"Providing affordable shelter for our families, protecting the health of our people and giving those who enjoy less of life's opportunities the ability to be independent are the attributes of a caring, compassionate society.

"My friends, how we enter the 21st century is ours to decide. Will Hawaii have the means to compete in an international economy? Will we be the kind of compassionate society that embraces all of our people in the search for a Pacific destiny?

"Today, we have the opportunity to determine tomorrow. Our guiding force is the depth of our commitment to define the future, to take the contract between people and state and affirm it with our greatest expectations and vision.

"Commitment means finding new ways to solve old problems. Last year we brought about the most comprehensive reorganization of state government since statehood. Today, I announce the creation of a Committee on Excellence, headed by businessman Bobby Pfeiffer, to hear from government's customers and recommend to me how we can improve our service.

"Commitment means using all of government's resources to tackle the tough problems. That is why this year, with our encouragement and support, all county police chiefs, prosecutors and the State's chief law enforcement officer, our Attorney General, have for the first time come together as one with a crime-fighters legislative package. The common enemy is crime. The common commitment is to end it.

"Commitment means partnership -- private and public, county and state -- to get the best, the very best, out of ourselves. To turn our vision of affordable housing and waterfront renewal into reality, we need and invite the participation of the private sector which is responsible for most development in Hawaii, the county governments which have housing resources of their own, and especially

the county councils who are charged with the responsibility of zoning urban lands.

"Commitment means not being anchored to yesterday's paradigms or caught up in today's buzzwords. Commitment means focusing on tomorrow.

"I have heard it said that a person can only cross the same stream once. Because the stream changes. And so does the person.

"Now is our time to cross the stream of change as changing people, with the firm footing of our 'Pacificness,' our island kinship and heritage.

"Competitiveness, compassion, commitment, unreasonable expectations, but the issue is the future, the time is now, and we are the people to do it."

Senate President Richard Wong then rose and stated:

"Thank you very much, Governor Waihee. I am not sure what to say. I had a few things that I wanted to say but I think, in all tribute to you, that kind of presentation was one I haven't heard for quite a little while. I must say Governor, that your agenda and the legislative agenda for this next session appears to be almost the same. I do realize that in the process, we will be taking into serious consideration the suggestions you have made, and, of course, allow some opportunity for legislative input into the product. And I am confident that with everything working in synch that we should come up with a heck of a session.

"Governor, I do want to assure you that the Legislature is prepared to go to work. I think, members of the House and the Senate, it is time to roll up our sleeves and let the work begin.

"If there are no further discussions by members of this Joint Session, I declare this Joint Session adjourned."

At 10:55 o'clock a.m., the President declared the Joint Session adjourned.

Senator Hee rose on a point of personal privilege and stated:

"Mr. President, last week the Committee on Judiciary had a hearing on the proposed reorganization of the Judiciary by Arthur Young and Company. Throughout the hearing which began at 10:00 a.m. and concluded at 4:30 or 5:00, the Arthur Young (representatives) did their best in demonstrating the need to reorganize the Judiciary. In fact, during the hearing process, your committee in preparing for the hearing had asked the Judiciary through their Administrative Director of the Courts for certain kinds of information which would help us to see the bigger picture with respect to reorganizing the Judiciary. Specifically, what it would cost the taxpayers in terms of salaries to division heads and those hired on contract.

"Mr. President and members, I'm here to report to you that the Administrative Director has willfully and knowingly withheld from the Legislature what it cost the taxpayers for certain positions.

"Mr. President, in a letter dated January 22nd from the court staff attorney Abelina Shaw to me, she says and I quote:

"This is in response to your request for information on whether there is a legal basis for the Judiciary to withhold from the Legislature the names and specific salaries of Judiciary employees.

"The personnel rules of the Judiciary when duly promulgated under Chapter 91, have the force and effect of law. Section 22-20-6 of the personnel rules provides that all materials contained in an employee's personnel file shall be considered confidential."

"Mr. President and members, for your information, we did not ask for the reprimands, the suspensions or awards or honors that would be kept in a personnel file. We asked for what it cost the taxpayers to run the Judiciary. The answer was simple ... we will not tell you because we

promulgated rules which allows us to withhold such public taxpayers' expenditures from you.

"Mr. President and members, I am near completion of a letter to Chief Justice Lum and in the letter I remind the Chief Justice that ... 'As you know, the Constitution of this State provides, Section 8, Article VII, for legislative oversight of the budget by the Legislature. On that basis alone, there should be no question that we are entitled to the requested information. The constitutional basis for legislative review should also provide guidance in setting the framework for the statutory analysis performed by Miss Shaw. She, however, obviously did not proceed with guidance from the Constitution.'

"Mr. President and members, is it any wonder why the Judiciary is in a situation that they presently are with respect to the perception by the public?

"Mr. President, when the committee looked for information in the absence of the public data which this committee is entitled to, we looked in the BJ table set by the Legislature last year. We looked at a particular position, No. 24360, salary code SR-21-B and found that the legislative funding for that position was \$21,240. Mr. President and members, position 24360 is now being paid \$27,000 at a minimum and a maximum of \$43,000, twice as much as the Legislative intent.

"It would be fine, Mr. President and members, if, one, this were an aberration from the norm. It in fact is not. It is consistent with the apparent Judiciary administration's policy with respect to setting salaries. It is a violation of the legislative intent and more importantly the fact that they continue to withhold what it costs taxpayers to fund the Judiciary is indeed another slap in the face to the Judiciary and a slap in the face to the taxpayers of this state.

"Mr. President, inasmuch as this seems to be the most efficacious way of communicating to the Judiciary, I will be sending this letter to the Chief Justice and I would expect, not hope, expect that the Chief Justice is fully cognizant of the Constitution and is fully aware of what the taxpayers' expenditures are, and his responsibility as the chief jurist of this state to the legislative branch of government.

"Thank you, Mr. President."

ORDER OF THE DAY

THIRD READING

Senate Bill No. 603, S.D. 1:

Senator Hee moved that S.B. No. 603, S.D. 1, be recommitted to the Committee on Judiciary, seconded by Senator Menor.

Senator Hee then rose to speak on the recommitment as follows:

"Mr. President, Senate Bill 603, S.D. 1, Relating to Drug Paraphernalia, is the bill that I'm asking this body to consider to recommit and the reasons are very simple. We now know that the House will act upon Senate Bill 151 which was passed in 1987, which would outlaw the sale of drug paraphernalia. In essence, Senate Bill 151 would do very similar things as S.B. 603.

"Relying on the faith of the Senate President and the Speaker of the House, our caucus is confident that Senate Bill 151 will come back to the Senate with the language of the model act inserted. To that degree, Senate Bill 603 becomes a superfluous vehicle at this time.

"As chairman of the Senate Judiciary Committee, I want to assure all members on the committee and in this body that this Senate took the position of outlawing drug paraphernalia in 1987, not yesterday. We acted quickly; we acted swiftly. Senate Bill 603 which was decked on Friday, two days prior to the Governor's State-of-the-State address, was simply a means to provide our intent once again to the House that the Senate is committed to the ban on any sale of drug paraphernalia and has demonstrated that commitment in 1987, and we will demonstrate that commitment in 1988.

"Thank you, Mr. President."

Senator Holt also rose to speak in support of the recommitment and said:

"Mr. President, in support of the motion and as a member of the Judiciary Committee, I just would like to say that I'm doing it with the expectation that Senate Bill 151 will come over from the House immediately and not two weeks from today."

The motion was then put by the Chair and carried and S.B. No. 603, S.D. 1, entitled: "A BILL FOR AN ACT

RELATING TO DRUG PARAPHERNALIA," was recommitted to the Committee on Judiciary.

RE-REFERRAL OF HOUSE BILL

The President re-referred H.B. No. 842 to the Committee on Business Development and Pacific Relations, then to the Committee on Ways and Means.

Senator Holt rose on a point of personal privilege and said:

"Mr. President, the Senate Tourism Committee finally received the state administration's consultant contracts today, and for this body's information the three contracts total \$503,000. These contracts are not site selection studies, but rather are site assessment studies.

"The three preliminary agreements were entered into on December 1. We are assuming that the consultants have been working without a signed contract for about seven weeks, as these contracts were just notarized on or about January 20, 1988. Performance of services on all three contracts in each one of these contracts shall be completed -- I think it's an important point -- by June 30 of 1988.

"Last year, Mr. President, in this article by Jerry Burris on May 1: "The just completed session which began with high hopes and ended 63 days later on a note of high drama gave the administration a blueprint for its own initiative on the convention center," Waihee said. "We will select a site next session," the Governor vowed."

"I guess by the dates of the contracts when these services will be completed, this body will not be receiving any specific site recommendation from the Governor this session. The only hope, and a slim one at that, is for the House to come up with its alternative site recommendation then we can compare it to the Aja Wai.

"Mr. President, as I said, I'm flexible. The House Tourism chairman has publicly said that he will pick a site within two weeks. Now, since the Governor and the House seem to be having difficulty in selecting a site, maybe we should turn this over to the Mayor because he said he could do it cheaper and faster.

"Mr. President, in rising on this point, I just would like to say that we will be having a public hearing tomorrow morning at 9:30 a.m., of joint houses, an informational briefing on the convention center site assessment studies. The Director of the Department of Business and Economic Development will be there to testify and answer why the Governor started these contracts in December when he could have started it as early as May of 1987. Thank you."

ORDER OF THE DAY

FINAL READING

Conf. Com. Rep. No. 125 (H.B. No. 321, H.D. 1, S.D. 1, C.D. 1):

Senator Mizuguchi moved that Conf. Com. Rep. No. 125 be adopted and H.D. No. 321, H.D. 1, S.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Yamasaki.

Senator Mizuguchi spoke in support of the measure as follows:

"Mr. President, I would like to say a few words in support of this bill.

"Last session, we passed the largest educational budget ever and we did it because of our high commitment to education for good schools and for good students. But, we did not have the opportunity to do something big directly for teachers, the status of collective bargaining being what it was at that time. Now we have that opportunity.

"First and foremost, we need to retain our good teachers without whom we would not be able to develop good students. We also need to attract new and creative young people to what was once and still can be a highly regarded and sought after profession. Certainly, decent salaries are absolutely necessary if we are to retain good teachers and to attract new people to the classroom.

"In this particular bill, over a period of two years starting from last September 1987, the average base salary of teachers will increase by 20 percent. Among the various salary classes, the base increase percentages range from 18 percent to 32 percent. In dollar terms the increase base salaries range from about from \$4,200 to about \$6,700. On balance, this looks like a good settlement but it's not an extravagant settlement. And in our support for better schools, it is only a first step for this session.

"The Governor, in urging immediate action on this bill, has again reaffirmed his support for a school system second to none. And you, Mr. President, on opening day, placed education high on the agenda of this body.

"So the complete record on education for this session is yet to be written. I will be calling on you to help write that record and by the end of this session I hope it will be a record on which we can be proud.

"Senators, let's begin by supporting this bill. Thank you."

Senator Solomon, in support of the measure, rose to ask if the chairman of the Education Committee would yield to a question. The Chair having posed the question and Senator Mizuguchi having answered in the affirmative, Senator Solomon asked:

"Mr. President, would you ask the chairman, has HSTA or the Education Committee come up with a plan of action of how we can weed out those teachers that are not doing their job; and, in fact, are they up to par in

monitoring the teaching and delivering of educational services?

"As I have conducted my committee hearings, there is no doubt that the public is very much in support of paying those teachers who are doing an excellent job, but they (the public) would like to know and I would like to know if we do have some kind of plan of action to be sure that those teachers who are not performing up to par are sited so we can deal with that problem and see if we can come to some kind of agreement of how we're going to handle the situation. Thank you."

Senator Mizuguchi responded:

"Mr. President, I have no concrete proposal to weed out poor teachers but in this session we will be working with the Higher Education Committee because they are charged with the responsibility of preparing good teachers and, hopefully, with the collective minds of the union as well as members of this body to come up with a solution to that specific problem."

The motion was put by the Chair and carried, and Conf. Com. Rep. No. 125 was adopted and H.B. No. 321, H.D. 1, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT MAKING APPROPRIATIONS FOR COLLECTIVE BARGAINING COST ITEMS," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

MISCELLANEOUS COMMUNICATION

Misc. Com. No. 2 from the City and County of Honolulu, transmitting a letter dated January 15, 1988, regarding grant-in-aid to counties\transient accommodations tax, was read by the Clerk and was placed on file.

Senator A. Kobayashi then rose on a point of personal privilege and said:

"Madam Vice President, the women of this Senate feel the need to voice our disappointment at yet another incidence in which a qualified female applicant was not selected for an administrative position. And we're speaking truly from this point of view.

"At last night's Board of Education meeting, testimony was presented which clearly illustrates this point. To quote from one of the speakers: 'Predominantly female librarians are being told again that as females they must take the backseat; take the lower jobs. With this appointment, the state librarian and administrative officers are all male, from state librarian to deputy to administrative fiscal officer to personnel officer. The only females in his office are his secretary and her assistant. Can we expect such failure to follow the mandate of equal employment opportunity for all, regardless of sex, age or ethnic origin?'

"This statement is a verbal expression of our support and we will be formally stating our position in a letter to the state librarian, copies to the Board of Education, the Governor, the Office of Affirmative Action, and the Hawaii Library Association.

"Thank you, Madam Vice President."

Senator Hee also rose on a point of personal privilege and said:

"Madam Vice President, the first victim of the year is the Executive Director of the Campaign Spending Commission, Mr. Jack Gonsales. He had his car roof torn into and his Alpine stereo lifted at approximately 9:30 a.m., yesterday morning.

"The reason I bring this up is because once again in the attorney general's supplemental budget request there is absent from that request the Capitol basement security gate and in exchange for the absence, we have, instead, a letter dated October 22, 1987, from Warren Price to Russell Nagata, state comptroller, quote:

'As you are aware, the 1987 Legislature appropriated funds to design and construct a security gate for the Punchbowl exist/entrance of the State Capitol basement garage. These funds have been transferred to you to initiate action on this capitol improvement project and we are desirous of starting on the project immediately to help resolve the vandalism concerns of the Legislature.'

"In response to a letter dated November 24, Russell Nagata said to the attorney general in item No. 5, page 2, 'If the intent of the gate is to control vandalism in the basement parking, we feel that random checks by a roving security guard would be more effective than a gate.' In item No. 7, 'We feel that the proposed gate would detract from the aesthetics of the State Capitol.'

"I call that to the members' attention because it is apparent that there will not be a gate, at least from the administrative perspective. If the alternative was to put a closed circuit monitor like in bank buildings, that would be one thing; but the alternative is, based on the above, to recommend that the project not be implemented.

"Madam Vice President and members, on another matter, the Judiciary Committee is in receipt of a bill, 'Relating to Relief of Certain Persons' Claims against the State and Providing Appropriations Thereof.'

"This is the annual bill and I mean it, pun intended, that this is the bill, money bill, for the Legislature to allot for settlements against the state in lieu of going to court.

"Madam Vice President and members, this bill is in three segments. The first segment on settlements is already consummated between the state and the plaintiffs. The second portion is settlements proposed and not yet complete, and the third is settlements which are yet to be consummated and are still in process.

"As chairman of the Senate Judiciary Committee, I will recommend to the committee that this bill not be passed until all measures contained in the three segments are on the desk of the Clerk and that the Senate is able to look at the taxpayer cost relative to the number of cases some of which are very controversial.

"We will not heed the attorney general's recommendation which is to move the bill forward to the Ways and Means Committee and then, as they get settled, have the Ways and Means Committee appropriate the funds. The Judiciary Committee will not do that this year. We will wait for all information. We will wait for all stipulations in the settlements and if these settlements do not come at first crossover, the first lateral, this bill will not go to the Ways and Means Committee.

"The attorney general has been informed that he has until February 19 for the first lateral and, I believe, March 20 for the second. If necessary, we will wait for the House vehicle to come across to the Senate. Thank you."

At 12:05 o'clock p.m., on motion by Senator Blair, seconded by Senator A. Kobayashi and carried, the Senate adjourned until 11:30 o'clock a.m., Monday, February 1, 1988.

REFERRAL OF RESOLUTIONS

The President made the following referral of resolutions that were offered on Friday, January 29, 1988:

Senate Concurrent Resolution	Referred to:
No. 8	Committee on Corrections
Senate Resolution	Referred to:
No. 11	Committee on Corrections

At 11:41 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:44 o'clock a.m.

Senator Young rose on a point of personal privilege and stated:

"Mr. President, I wanted Senator Clayton Hee to be present to hear the speech that I am going to make this morning.

"Mr. President, I rise to speak today on a problem which has long concerned me which is the taking of agricultural land from our farmers for the purpose of building a recreational facility -- golf course -- to benefit a few."

At 11:45 o'clock a.m., upon request by Senator Hee, the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:46 o'clock a.m.

Senator Hee remarked:

"Mr. President, I apologize to the members for the interruption. I regret that I was not aware of the Senate rule on personal privilege and I stand corrected."

Senator Young then continued:

"Mr. President, in particular, I am speaking about a news article which appeared in this morning's Honolulu Advertiser about a local farmer, Mr. Royei Higa, who for 10 years has been a vegetable farmer in Lualualei. Mr. Higa and his wife have been ordered to leave their leased land by July 1 because the land has been sold to a developer who wants to build another golf course.

"I find it ironic that according to the 1986 State of Hawaii Data Book, there are 57 golf courses in our state, but only 2% of our residents and 2% of our visitors actually use these golf courses. On the Leeward Coast,

there are over 8 more golf courses being proposed. In an area where we have one of the highest rate of unemployment and homelessness, it is unconscionable to allow such developments to take place. We cannot continue to neglect the concerns of these people. The area is beginning to be one of the 'have and have not's.'

"Now, I ask you, Mr. President, what should be our higher priority? To meet the recreational needs of a few of our residents and visitors or should it be to help our people retain their homes, their means of making a living and, most importantly, their dignity as contributing members of our society?

"I have come out strongly in the past against HRS 205-2 which allows golf courses and golf driving ranges to be built on agriculturally zoned land. This was a law which, as you may recall, deeply divided the Senate in 1985. When I think of the tragic plight of Mr. Royei Higa, I cannot help but think how this piece of legislation is coming back to haunt us now. The principles behind HRS 205-2 were wrong three years ago when the law was introduced and they are still wrong today!

"The basic need for housing, for earning a living, for growth, food for our people, must always come before such luxuries as golf course and driving ranges. As Mr. Higa so aptly put it, and I quote: 'I no sell to development. This land agricultural Vegetables you can eat, golf balls cannot.'

"Clearly, Mr. President, there is an urgent need to reassess our priorities. Thank you."

Senator Hee also rose on a point of personal privilege and stated:

"Mr. President, I rise to speak on the same subject matter as the previous speaker because in 1985, as we can recall, this matter did divide the Senate. As I recall, the vote at the time was 14 in favor, 11 opposed. A simple change of two votes would have made what is occurring this morning in the Advertiser on page C-2 not possible.

"I did some background research, Mr. President, and looked into the Journal of the 57th Day (1985). With your indulgence and the members' patience, I'd like to recall some of the things which were said on that day.

"Superintendent Charles Toguchi who was then a member of the Senate said to you on the 57th Day: 'Mr. President, the State Land Commission objects to this proposal ... the State Land Use Commission believes that the basis for the commission's position is that golf courses and driving ranges are not agriculturally related purposes and would remove large acreage of land which may potentially be suited for agricultural uses.'

"He continued and said, 'The Department of Economic Development opposes the ... bill. ... Mr. President, the Hawaii Farm Bureau Federation also sent a letter to the chairman of the committee, the Economic Development Committee, opposing the measure.

"The City and County opposed the measure.

"At that time the chairman of the committee, on the 57th Day, in a response to a question said, '... This bill deals chiefly with lands that are classified as C, D and E, or marginal or unproductive agricultural lands.'

"Mr. President and members, the land in question, 50 acres of the Higa farm are classified C, D or E. This 50 acres that they have been growing for 10 years which

produce Manoa lettuce, mustard cabbage, pak choi and daikon.

"It was said, Mr. President, by Senator Young who was at that time the chairman on Housing, '... this bill proposes to permit golf courses and golf driving ranges in agricultural districts. I would rather see a proposal utilizing marginal agricultural lands for land banking and housing. ... Previously, I informed this body that certain studies indicate the state suffers from a 30,000 housing-unit shortage. The Hawaii Housing Authority estimates are in the vicinity of a 60,000-unit shortage on Oahu alone.'

"She said at that time, Mr. President, '... we need to reassess our priorities. The basic need for food and shelter must come before such luxuries as golf courses and driving ranges.'

"Senator Solomon, on that day, had said, Mr. President, 'For the body's information, I would like to quote a statement of the Land Use Commission. "The basis for the commission's position is that golf courses and driving ranges are not related to agriculture and would remove large acreages of (ag) land"

"In going through the Journal, Mr. President, I recall the bitter debate on the floor. I remember our present Lieutenant Governor, then Senator, Ben Cayetano saying '... what we're doing ...' is we would rather '... elevate golf courses, a game in which one spends hours hitting a little white ball, when we elevate that to the level of priority that we don't even give housing,'

"Our Majority Leader, on that day, Mr. President, said, '... Much of the Kunia lands are C and D lands. Contrary to what the chairman of the Economic Development Committee stated, these are not marginal lands. ... permitting golf courses and golf driving ranges on C and D lands would make it easier to obtain an urban classification'

"Then Senator Kawasaki who supported the bill stated, '... And I am for, along with this bill, expediting the process of allowing landowners of marginal lands to use it for golf courses, if they want to.' And then he said that he would hope that the tax exemption given golf courses would be removed. Which they have not been.

"In closing, Mr. President, then Judiciary chairman Senator Chang remarked that Section 1, Article XI of the Hawaii State Constitution states: 'For the benefit of present and future generations, the state and its political subdivisions shall conserve and protect Hawaii's natural beauty and all natural resources, including land, water, air, minerals and energy resources, and shall promote the development and utilization of these resources in a manner consistent with their conservation and in furtherance of the self-sufficiency of the state.'

"I had the opportunity to speak to John Weyland this morning, the director of the Department of Land Utilization (City and County of Honolulu). I asked Mr. Weyland the status of this eviction. He indicated that the Japanese owner has not yet applied for a permit to build the golf course. He indicated that since the law was changed, thirty-five and a half permits have been applied for at the Department of Land Utilization. The half, Mr. President, is because a builder wants to build a 27-hole golf course, not the normal 18, and that's the half.

"On that day in 1985, Mr. President, you advised me to stand and say that the State will rue the day that we pass this law. The day has come, Mr. President.

"I close now with Senator Young's comments on the 57th Day of the 1985 Session when she said, 'Land is a precious commodity; it is finite. We here are custodians of land. It is precious. Where are our priorities? What do we use our land for? We are custodians of the lands in Hawaii and I think we should use it for what is best for our people.'

"Thank you, Mr. President."

Senator McMurdo added:

"Mr. President, may I simply add that I would like the Journal reflect that I have the same feeling and the words of the previous two speakers on the matter of the golf course."

Senator Cobb also on a point of personal privilege said:

"Mr. President, I listened rather intently to the preceding discussion and I would like to suggest, those who are dissatisfied and I think there's grounds for dissatisfaction with the current eviction proceedings now going on and the application of the law, to put in legislation to repeal it because I, for one, would like to hear further discussion on this issue. Thank you."

Senator Solomon also on a point of personal privilege said:

"Mr. President, I too rise on a point of personal privilege but, Mr. President, this is not in regard to the previous speakers; this is on a different issue.

"This is in regard, Mr. President, to the briefing regarding the hospital case management audit which was presented to the joint committee of the House and Senate this past Friday.

"Although, Mr. President, I felt that Dr. Lewin appealed his case to the committee, I just would like to state for the record my feelings regarding the procedures of the HBM, Hawaii Business Management, collection of delinquent accounts, which, of course, affects many of the hospitals in my 3rd Senatorial District.

"My impression of the legislative audit, I felt, was a positive one. It cited numerous violations by the Health Department in terms of contract bidding. Mr. President, I really feel that that is the issue at hand.

"Dr. Lewin proceeded to give us the positive sides as far as his department is concerned in terms of the necessity to expedite delinquent accounts and to try to bring those delinquent accounts to some kind of resolve. I did not feel that is the purpose of the legislative audit. I feel that the issue at hand is that the Health Department is in violation of many of the statutes regarding the contractual procedures.

"Mr. President, I know the governor has indicated to us all that we are in a new beginning and I am very much in support of this new beginning. But I would like to remind the departments that we have a process that has been determined through many, many years of legislation, and I think that the departments should be more aware of what is in the existing statutes, as opposed to going on their own and creating their own statutes and coming out with their own rules and regulations.

"At this time, Mr. President, I feel that we should send a message to our governor to inform him that his department head should rectify these improprieties. Thank you."

The Chair responded:

"Senator Solomon, I'm sure and I'm willing to bet that five minutes after we leave this party the message will be sent. But, we will inform the governor."

Senator Cobb then rose to state:

"Rising on a point of parliamentary privilege, Mr. President. The Senator from the Big Island was addressing process and procedure, and I think the message should also be delivered that very few administration bills have come down and the bill cut-off is Wednesday, and there seems to be some internal mad scramble. Perhaps, the gremlins are winning that race, but I would like to request that the administration also get its bills down in a timely manner and in concert with the deadlines that we have and were published almost one month ago."

At 11:45 o'clock a.m., the Senate stood in recess
subject to the call of the Chair.

The Senate reconvened at 11:47 o'clock a.m.

Senator Matsuura then rose on a point of personal
privilege and said:

"Mr. President, this is in regard to the editorial
'Reconsider Penebacker' in this morning's Advertiser. I
would like to read a portion of this editorial because I
firmly agree with it. It says:

'Despite official statements to the contrary, the state
Ethics Commission says no opinion was asked for or
given before Board of Education member John
Penebacker was appointed deputy state librarian.

'That should be grounds enough for the BOE to
rescind the controversial appointment, if it wants to do
the right thing.'

"And it goes on and says:

'Problems with the new deputy state librarian's post
began when it was first advertised as requiring a library
science master's degree and five years' experience. If
the job had asked for knowledge of the libraries' problems
plus political and community relations experience, no one
would say Penebacker, a longtime government union worker,
was unqualified.

'But as things stand, this looks like another case in
which there is a hidden agenda and political muscle

counts for more than merit in filling a state job. That's
bad, especially in education.'

"It is time some of us who are in public office stand
behind these professional librarians and support their
concerns and their disappointment. I say this because
professional people, especially librarians need to be
heard. We don't want to dampen their enthusiasm, their
optimism or their dedication. I want it on record that I
stand behind them and I agree with the content of this
morning's editorial regarding the selection procedure.

"Thank you, Mr. President."

Senator Holt also rose on a point of personal privilege
and said:

"Mr. President, pardon my ignorance, but in the last
year we've been looking at a lot of tourism related
legislation and we've been studying the legislative intent
and history of passing a transient accommodations tax. I
have not found any reference to us using a 5 percent tax
to build a world-class zoo.

"And if anybody here can help me out, Senator
Yamasaki, and tell me where in any committee report or
any legislation you can find any reference to using the tax
dollars that we collect and the proceeds from the transient
accommodations tax to build a world-class zoo, I'd
appreciate it. Thank you."

Senator A. Kobayashi also rose on a point of personal
privilege and said:

"Mr. President, this is a follow-up to our remarks the
other day from the women of the Senate and we do have
our letter ready that will be going out to Mr.
Bartholomew Kane. We're sending it out today and I'd
like to read it:

'Dear Mr. Kane,

'The women of the Hawaii State Senate wish to
register their extreme disappointment with the recent
action by your office and the Board of Education that
not one qualified applicant could be found from the
pool of professionally educated and certified librarians
for the position of Deputy State Librarian. In a
profession which is predominantly female, we are very
concerned about the lack of women in any
administrative position in your office.

'Based on testimony submitted at the meeting of the
Board of Education of January 28, 1988, we have
learned that, with the exception of the secretary and her
assistant, all the administrative officers in the office of
the State Librarian are male.

'This situation has prompted us to question your
hiring procedure. In particular, we would like your
immediate response to the following:

'1. When filling vacancies for administrative
positions in the office of Library Services, is there a
selection committee which assist in this process?

'2. What policies and guidelines are used in the
final selection process?

'3. Please send job descriptions for all
administrative positions in your office.

'We would greatly appreciate your prompt attention
and action to this request. We look forward to hearing
from you in the very near future.'

"It will be signed by all the women of the Senate. Thank you."

Senator B. Kobayashi also rose on a point of personal privilege and stated:

"Mr. President, like a lot of us here I think, some of my friends are librarians, and recently I got an earful from one of them about the Penabacker appointment.

"Generally, I would agree with the prior speakers that the appointment should be reconsidered. I think at this point we are embarking on a delicate situation in which we are tempting to change a situation after the fact. Nonetheless, the library system has long suffered under a variety of difficulties including its leadership with regard to how it fits in to the Department of Education.

"I think the appointment has not helped the situation from the public perception even though it may help the situation from the point of view of relations with the Board of Education. Thank you."

Senator A. Kobayashi then responded to the previous speaker's comments and said:

"Mr. President, the women of the Senate are not asking for reconsideration. We just would like to know the hiring procedures and we'd like to insure that this does not happen again in the future."

Senator Matsuura then introduced Mr. Shigeru Kansako and his two "ronin" who are representatives of the sugar industry in Hawaii.

He has contributed \$10,000 to the 'Just Say No' program; \$5,000 each to the 'DARE' program administered by the Honolulu Police Department, the Association for the Retarded Citizens of Hawaii, the Hawaii Japanese Contract Immigrant Laborer Committee, the Star-Bulletin Good Neighbor Fund and the Advertiser Christmas Fund. He has also pledged funds to the 'Just Say No' program in Los Angeles.

"It is very impressive that Mr. Sugi has also established a 'Thank You, 20th Century, Sugi Ryotaro Fund' in Osaka City which pledges one million yen (\$8,000) annually to Hawaii charitable organizations, and the pledge is in perpetuity even after his death.

"It is a great privilege and honor to introduce Mr. Ryotaro Sugi to this honorable body. He is accompanied by his family: wife, Nobuko; son, Sumihiro; and daughters, Mayumi and Kikue."

The honoree rose to be recognized and was presented the Senate Certificate of recognition, a gift and lei from the Senate. His family also rose to be recognized and were presented with leis by various Senators.

Senator Matsuura also introduced Attorney Richard Fukuda who accompanied the family, together with Mr. Masanori Suzuki, manager, Mr. and Mrs. Tokunaga and a group of fans who were sitting in the gallery.

RE-REFERRAL OF SENATE BILL

The Chair re-referred S.B. No. 2096 jointly to the Committee on Military and Civil Defense and the Committee on Transportation, then to the Committee on Judiciary.

At 11:39 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:43 o'clock a.m.

Senator Young rose on a point of personal privilege and said:

"Mr. President, yesterday morning eight Senators formed a bipartisan coalition to stand together on issues of concern.

"Mr. President, you have often said that 13 is a magic number here in the Senate. A few days ago we missed an opportunity to show our strength. The eight women were very concerned about the procedural appointment of the deputy state librarian. Two other Senators stood up and concurred. We needed three more Senators to join us and we could have passed any legislation in that particular area.

"Mr. President, we are eight strong. We are looking for five more votes. It has always been said that a woman's place is in the house and today it certainly holds true that a woman's place is also in the Senate."

Senator Solomon also rose on a point of personal privilege and said:

"Mr. President, I am now in the process of sending a memo to President Albert Simone. The subject is on the supplemental budget request. The memo states:

'In the hearing held on February 2, 1988 by the Senate Committee on Higher Education on UH supplemental budget, I was left with the feeling that undergraduate instruction is not being given its proper and just attention. An equitable balance between undergraduate instruction and the other missions of the University was not projected. There seems to be an overemphasis on research and graduate instruction.

'As I have stated time after time, the backbone of the University is undergraduate instruction. More of Hawaii's people are involved in the undergraduate level than any other University program.

'It has come to my attention the existence of such intolerable conditions in the undergraduate instruction, such as the lack of chalk in classrooms, graduate teaching assistants giving too many lectures, lack of or difficulty in having audio-visual equipment in classrooms, lack of library space for studying and badly deteriorating classrooms.

'It seems to me that such inadequacies should be taken care of before we embark on what can be called "glamorous" or "high visibility" programs. I support these programs, however, I am concerned when such programs are favored in budget requests when intolerable conditions exist in undergraduate instructions.

'A case in point is the new School of Ocean and Earth Science and Technology. There is a request for additional positions and funds to augment faculty and funds already in line to form the school.

'This committee would like to know the total number of positions requested for this School in the biennial and supplemental budgets. This includes administrators, research and instructional faculty and support staff.

'Does this School have an undergraduate curriculum already developed which would lead to a baccalaureate? How many faculty will be involved in instruction? How much of their time will be involved in graduate instruction? In undergraduate instruction?

'Furthermore, does the University have concrete plans to enhance undergraduate instruction Universitywide as we have suggested last year? We

would like to see the plans if you (meaning the administration) do have them.

'Perhaps in your zeal to support the Governor's economic development plan for Hawaii, you have not put enough emphasis on the University's instructional responsibilities. The committee was disturbed by the University of Hawaii administration's request for faculty and funds for activities related to a spaceport when the Legislators and the Board of Regents have not yet made a decision on this matter.

'As Legislators we have the responsibility to make sure that public funds are put to best use.

'A response to this memo should be sent to this committee by February 10 in order that we may finalize considerations of this budget.'

"I will be distributing to each Senator's office for their consideration the following information on the new School. Mr. President, our state's contribution to the \$42 million building that is being proposed is \$20 million in building construction and \$1,659,000 in building design. Mr. President, the land value in which this building would be placed upon is valued at \$640,000. The infrastructure support cost that has already been put in place, paid for by the residents of this state, is over one plus million dollars. The annual operating cost of this building would be \$228,000. Instructional positions that have already been approved, Mr. President, cost \$517,870; research positions that are included in the 1988 legislative appropriation cost 683,000 plus dollars.

"Units moving into the new building include:

"The Hawaii Natural Energy Institute, Mr. President, that includes eight positions, costs the taxpayers of this state nearly a million dollars annually.

"The Hawaii Institute of Geophysics (HIG) now has 63.65 positions. We the taxpayers of this state are already pumping in \$3 million to HIG annually.

"The computing center, Mr. President, has 39.5 positions. We the taxpayers of this state pay \$3.4 million to this center annually.

"Mr. President, our total state contribution to this new School would be well over \$31 (plus) million. It disturbs me, Mr. President, when I have the research arm of the University of Hawaii testify to our Committee on Higher Education and say, 'Well, we're bringing in ten million of federal dollars.'

"Fellow Senators, we are at the crossroads in terms of the University of Hawaii. We should proceed cautiously and be reminded of our obligation that undergraduate education gets equal consideration because this is where the people of the State of Hawaii send their young people to be educated. Thank you very much."

Senator Holt then rose to speak on a point of personal privilege regarding the previous speaker's remarks and stated:

"Mr. President, I too was at the budget hearing of the University a couple of days ago. It was very apparent, as the previous speaker said, that the emphasis is moving away from undergraduate instruction towards research and not only from undergraduate instruction but also what is being provided for into the community colleges.

"I would just like to request the chairman of the Committee on Higher Education to seriously consider a

bill which I introduced that sets up a separate board for the community colleges."

ADJOURNMENT

At 11:57 o'clock a.m., on motion by Senator Blair, seconded by Senator A. Kobayashi and carried, the Senate adjourned until 11:30 o'clock a.m., Friday, February 5, 1988.

"Members of the Senate, I'd like to set the record straight concerning the quote I was credited with in last night's Star Bulletin, and I quote, 'Whether it's education, libraries, even the women's prisons ... women go to the end of the line.'

"Although I would love to take credit for that inspiring quote, I must 'go to the end of the line' and give credit to Senator Mary George for that statement. Thank you."

Senator George responded:

"Madam Vice President, I appreciate the Vice President's gracious attribution of that sentiment to me but I would like to set the record straight and indicate that I was speaking for all eight of us when I said it."

RE-REFERRAL OF SENATE BILL

The President re-referred S.B. No. 3425 jointly to the Committee on Housing, Hawaiian Programs and Natural

At this time, Senator Cobb, chairman of the Committee on Consumer Protection and Commerce, requested a waiver of the 48-hour Notice of a Public Hearing on S.B. No. 3065, and the President granted the waiver.

The Chair at this time requested Senator Hee to clarify his announcement regarding the Committee on Judiciary's hearing scheduled for Tuesday, February 9, on the nomination of Thomas Kaulukukui Jr. to the Circuit Court bench, First Circuit.

Senator Hee responded:

"Yes, Mr. President. By way of explanation to this body, the nominee and his legal counsel have ... since the developments on Thursday afternoon and Friday morning at 8:00 a.m. have been offered the opportunity and at one time accepted the opportunity to meet with me, originally on Friday evening at 7:30 p.m. Mr. Kaulukukui's legal counsel and the nominee elected not to appear.

"I expressed my concern to the legal counsel and asked if we could meet with him and the nominee on Saturday morning at 9:00 a.m. At 9:00 a.m. on Saturday, his legal counsel advised me that the nominee had elected not to appear. I advised his legal counsel to give me a call so that we might meet Saturday evening or Sunday. Saturday evening, his legal counsel advised me again that the nominee had decided not to meet.

"On Friday I called the Governor's office so that we could meet. It was not returned. I called the Governor's office on Saturday. The call was not returned. I met with you, Mr. President, on Friday morning. We discussed the matter of getting the Governor involved. Nothing has happened.

"I met with you at 8:00 a.m. on Saturday morning to express our concern to get the Governor involved. Nothing has happened. The Governor is aware of the seriousness of this nomination. He has been made aware through his attorney general, whom I met on Friday. He has also been made aware through you and he has been made aware through other members on the Senate floor.

"They have been given more than ample opportunity to respond. They expressed to me at 11:30 p.m. on Thursday that they would like to have the hearings on Monday, today. In the interest of the nominee, I thought it wiser to give them the opportunity to fully explain the seriousness of the late break in developments. They have elected not to do so.

"Therefore, in the interest of the Senate, in the interest of the integrity of this body and in the interest of the people of this state, I am hereby requesting that the nominee appear before the Judiciary Committee at 9:00 a.m., Tuesday, at which time we will proceed with the nomination regarding the matters which have come before this committee.

"In the interest of the Judiciary members, I am asking them to come to the Judiciary conference room at 1:00 p.m., sharp. It will be a closed caucus. There is to be

no media. Unlike other hearings, this matter will begin at 1:00 p.m.

"We are prepared, Mr. President, having worked from Thursday to this morning to fully brief the members with the facts as they appear. We are prepared, Mr. President, having given the late break in information on Friday morning, having seen it Friday evening and having thoroughly discussed it with more than six attorneys to finally come to some conclusions.

"In fairness to the nominee, this information has been guarded by me simply because we want to give the nominee every opportunity to be briefed and to respond.

"I would now like to ask the Judiciary Committee to be present in conference room No. 4. It is a closed caucus. Subject to your call, Mr. President, I am asking you to consider a caucus of the Majority at or around 3:00 p.m. in the Judiciary conference room. Thank you."

The Chair then remarked:

"The Chair would just like to remind the chairman of Judiciary that it is incumbent upon you to notify the nominee of a hearing for tomorrow at 9:00 a.m."

Senator Hee responded:

"Mr. President, a call has been put in. Whether he has received it is debatable at this point."

The Chair further remarked:

"I think it is very important that the nominee be positively notified that he is expected to attend and that's his option, once he has been contacted, whether or not he chooses to do so."

Senator Hee then said:

"Mr. President, I will hand-deliver a message to the nominee's office as well as the office of his legal counsel immediately following this session."

The Chair replied: "The Chair would appreciate that."

Senator Reed also rose on a point of personal privilege and said:

"Mr. President, I'm sure you are aware of the injuries and even deaths that have occurred as a result of irresponsible use of jet skis. I want to point out a couple of recent events of interest to this body.

"Yesterday, there was a rally in Kihei sponsored by the Pacific Whale Foundation to present evidence that the whales are no longer where they have customarily been year after year and those areas are now frequented by jet skis.

"You probably also read in the newspaper and saw TV accounts of an incident that happened a couple of weeks ago off Lahaina where jet skis were used to actually run right through a pod of whales, apparently attempting to run over the whales, and certainly achieved the effect of scaring them further out to sea.

"There's going to be a much larger rally in Lahaina next Sunday attended by fishermen, surfers and recreational users of the ocean in West Maui to protest jet skis. The basic message is that the people of Maui and Hawaii have had enough of jet skis which are basically loud, obnoxious and dangerous.

"One of the problems that has occurred in trying to stop this is that the attorney general has ruled that an outright ban on jet skis would be unconstitutional, or at least has offered that opinion. I submitted a letter to the attorney general about ten days ago asking for an opinion as to the constitutionality of limiting the speed of thrill craft, and wanted to bring to this body's attention the fact that on Friday I received a letter from the attorney general's office in support of the possibility of limiting the speed. I'll read a portion of that letter. The attorney general's office said:

'The speed of motor vehicles within state waters may be regulated as long as such restrictions are related to the health, safety and welfare of the public.'

"I think it's clear that when jet skis are used to repeatedly and permanently disrupt fishing areas, ride waves amidst surfers, endanger snorklers and swimmers, and harass whales, restricting their use is clearly related to the health, safety and welfare of the public.

"I want to make you aware of a bill that has been introduced, Senate Bill 2754, which would specifically limit to five miles per hour the speed that thrill craft can go within a mile of our shorelines. This would have the effect of banning jet skis because they can't operate effectively at such low speeds and would require those who are renting jet skis to go a mile offshore to rent to tourists or anybody else who want to use them.

"So there is a vehicle available to perhaps do something concrete about keeping jet skis out of Hawaiian waters. Thank you."

The Senate reconvened at 12:20 o'clock p.m.

ADVISE AND CONSENT

Stand. Com. Rep. No. 1519 (Gov. Msg. No. 3):

Senator Hee moved that Stand. Com. Rep. No. 1519 be received and placed on file, seconded by Senator Menor and carried.

Senator Hee then moved that the Senate consent to the nomination of Thomas K. Kaulukukui Jr., as 5th Judge of the Circuit Court of the First Circuit, for a term of ten years, seconded by Senator Menor.

Senator Hee rose to speak on the nomination as follows:

"Mr. President and members of the Senate, this past week has been one of the most difficult times in my entire political career. The events of the past week have re-emphasized to me what an awesome responsibility the Constitution charges the members of this Senate with in reviewing the Governor's appointments to the Judiciary. This is because the Constitution requires that we as Senators must pass judgment on the qualifications and

fitness of each person selected to serve in one of the most honored of public offices -- that of a judge.

"Our society has few institutions which must be more respected and above reproach than the Judiciary. This is because we entrust to the judges the greatest responsibility we can empower to any man or woman.

"To the judges we grant this authority and power to pass judgment on their fellow men and render decisions which may have lifelong consequences for that person. To judges we grant the responsibility to render decisions fairly and justly and without regard to popular opinion or the status of the individuals who stand in judgment before them.

"Because the Judiciary is an institution entrusted with a role, its members must be beyond reproach. They must be selected carefully for it is in their wisdom and good judgment that they will serve as the foundation to inspire public confidence in their authority.

"The Judiciary itself recognizes its heavy burden and has therefore adopted its own code of judicial conduct which dictates that judges must avoid even the appearance of impropriety in all of their activities.

"This is why the burden upon the members of this Senate is so awesome. Because we hold the public's trust that we will carefully review the qualifications and fitness of the individuals who are appointed to wield authority as judges.

"During the past week three significant events in the nominee's professional career came to light. The first, is his having been severely reprimanded by a federal district court judge for a violation of Rule 11. A reprimand which resulted in sanctions of more than \$11,000 being issued by the court. The second, was his law firm having been the subject of a contempt of court order issued by a federal bankruptcy judge for which sanctions were imposed. And the third event related to a case tried in Hilo in which sanctions were rendered by the presiding judge and in which the nominee's law firm was threatened with an ex parte order for contempt of court.

"Not one of the events had been affirmatively disclosed by the nominee in connection with the Senate's review of his qualifications and fitness as a judge. More importantly, it would appear that neither event was considered by the Judicial Selection Commission in its review process. The nominee says that he was never asked to disclose such information specifically in the judicial selection process and therefore did not think to do so to the Senate Judiciary Committee.

"The fact that none of the events was investigated or reviewed in connection with the judicial selection process is a matter of grave concern. Not because in this case these events would have afforded a basis in and of itself to disqualify the candidate for judicial appointment. Rather, because such significant events in a candidate's legal career are matters which should regularly be the subject of the Judicial Selection Commission's review procedures.

"The fact that the Judicial Selection Commission failed to investigate and consider such events in screening the candidates for judicial appointment is an unexpected and major deficiency in the selection process.

"Clearly, a Rule 11 sanction should be relevant consideration in evaluating the qualifications of any attorney who would seek to be a judge. Hawaii should seek to adopt the California principle which mandates that

all Rule 11 sanctions are automatically reported to the Disciplinary Council for review.

"Rule 11 is a rule designed to deter frivolous and meritless lawsuits and motions by attorneys. In other words, it is a rule designed to deter abuses of the legal process by allowing a court to sanction any attorney who has used the judicial process for an improper purpose.

"If an attorney has violated Rule 11 it raises questions regarding the discretion of the attorney in utilizing the legal system for proper ends. A serious violation such as Rule 11 is certainly a question worthy of consideration in evaluating any judicial candidate.

"However, if the Judicial Selection Commission fails to take Rule 11 sanctions, contempt of court citations, and disciplinary measures into account in its review process, its assessment of the candidates may be incomplete.

"The Constitution charges the Judicial Selection Commission with the responsibility of screening candidates. Because its responsibility is so great, its review must be thorough for public confidence in the selection process to remain intact. The Senate's previous role in consenting to judicial appointments has been severely restricted. This is why it is so important that the selection commission's work be complete.

"Under the 1978 Constitutional Amendment we have only 30 days after the Governor's appointment in which to reject, not confirm, a judicial nominee or the appointment is automatically confirmed. This severely handicaps the Senate's ability to do a thorough review of the candidate's qualifications. We must, therefore, rely heavily on the work of the Judicial Selection Commission.

"Had the Judicial Selection Commission done a more thorough investigation and review in the case of this nominee, the misunderstanding and doubts which arose over the qualifications of the nominee might have been avoided. However, that was not the case and we were compelled to conduct a public review of the nominee's professional background. It was not a comfortable role to be in questioning a man about his professional background and ethics in public. However, the commission's omission dictated this result.

"After having extensively reviewed the Rule 11 sanctions, the contempt of court citation, and the disciplinary measures issued against the nominee or his law firm, I am satisfied that none of the events indicates that the nominee is unfit to serve as a Judge on the Circuit Court.

"A significant question was raised regarding whether or not the nominee deliberately attempted to conceal the existence of the Rule 11 sanction, the contempt of court citation and the disciplinary sanctions rendered in Hilo. However, after having had the opportunity, as late as yesterday afternoon, to hear the nominee's explanation behind his failure to affirmatively disclose the sanctions against him, I am satisfied that there was no intent on his part to mislead this committee. Any omission on his part was an innocent one.

"I regret that the nominee was required to face such critical scrutiny. His difficulties before this committee, however, should prompt and compel the Judicial Selection Commission to immediately review its candidate screening procedures to ensure that similar gaps in their investigation do not occur in the future.

"Mr. President and members of the Senate, we are charged with a responsibility that mandates and demands

of us to be the custodians of this government's process. We as members are expected by the people to ask the tough questions. We have. Members of the Judiciary Committee, you are to be congratulated for a job well done. A new standard of judicial review by the Hawaii Senate has been established. Our work on this nominee is now complete.

"It is therefore with pleasure and great relief, Mr. President, that I am able to recommend to this body at this time that the Senate consent to the appointment of Thomas K. Kaulukukui Jr. to the Circuit Court Bench.

"Thank you, Mr. President."

Senator Cobb then rose to speak in favor of the nomination as follows:

"Mr. President, I note that in the multitude of testimony we had from other attorneys and judges that the testimony of every such individual who addressed the issue of disclosure indicated that under the current or then existing interpretation of the question that a disclosure of a Rule 11 violation or other court sanctions was not required, unless the matter was referred to the Disciplinary Council.

"So, in that sense, I think the chairman of the Judiciary Committee has pointed out very adequately the difference between the thinking of lawyers and the thinking of non-lawyers. And speaking as a non-lawyer, I appreciate that difference even more after this confirmation process. But every bit of that testimony indicated that a 'no' answer was the correct answer.

"I feel that we've all gone through a learning experience and that to solicit the information on things other than violations of professional ethics or professional rules, the question needs to be specifically asked about Rule 11 violations, contempt of court, or other sanctions.

"To require the Judicial Selection Commission to do that may require a change in the law, but the Judiciary Committee or any committee or any Senator has a perfect right to establish their own standards of questions, their own level of concern, upon any issue that becomes relevant before the body.

"I would have to point out, Mr. President, the Judicial Selection Commission was not referred any such complaint on this nominee, and it is very much a matter of judicial discretion on the part of the presiding judge as to whether or not such a complaint is forwarded. And I believe Federal Judge Martin Pence made that very clear when he pointed out that in the case of one attorney from California such a referral to a disciplinary council or commission had been made and, in his discretion, he chose not to make such a referral in this particular case.

"I think, Mr. President, it's very important to remember that a good attorney is an advocate who must take the risk of court sanctions at times to adequately and aggressively represent his or her client, and that a failure to do so can be construed as legal malpractice.

"I think, Mr. President, of our own situation when we served together in the House of Representatives that frequently there were times when we were called out of order by the Speaker, had sanctions imposed or other forms of penalties for aggressively doing our job.

"I recall of the case when former Speaker Jimmy Wakatsuki came before the committee for his confirmation hearing. Here was a man who had ruled me out of order on the average of one a week for trying to present an

issue or a case. So if I were to be asked that kind of question by a selection commission or by a committee interviewing me for a confirmation of an appointment, I would have to answer 'yes,' not once, not twice, but literally dozens of times because it was part of the role of advocacy. And to be an effective advocate sometimes it means taking that kind of risk.

"But I think the Judiciary Committee, as I've indicated, has a right to set its standards and to convey the standards to the Judicial Selection Commission either by letter or by law.

"I would also like to point out, Mr. President, that I'm proud to support Mr. Kaulukukui not only as a Son of Hawaii, not only as a Vietnam veteran, not only as a former director of the Vietnam Veterans Leadership Program, but an individual who literally worked his way through law school and survived on food stamps to do it. He is not a judge who has arrived at that position in a traditional manner of having gone to work for a government agency or a large law firm, or clerked in either house of the legislature and then been elevated by the Governor. He is very much a graduate of the 'School of Hard Knocks.'

"I said over a week ago that I would be willing to place my life in this man's hands. That feeling remains unchanged today. And I think any citizen would have to have the same level of confidence before any sitting judge for our level of public confidence in the Judiciary to be maintained.

"I strongly and gratefully urge this body to confirm Thomas Kaulukukui. Thank you."

Senator Blair also rose to speak in favor of the nomination as follows:

"Mr. President, I hadn't anticipated that I would be speaking in favor of the nomination, but I'm moved by the previous speaker to add a few words of my own.

"Though I am not a member of the Judiciary Committee, I did sit in on the hearings and I would like to commend the chairman for the thoroughness with which he deliberated on this matter. I think he reached the right conclusion.

"I would also like to speak as a member of the bar. The members of the bar I've talked to would be delighted to see Mr. Kaulukukui approved, because he is perceived to be a very fair individual and one who would listen fully to both sides of an argument. I think he will serve us very well as a judge.

"The only small reservation I have is that the Tom Kaulukukui that I knew walking back and forth to court always had a ready smile and I haven't seen that smile for about a week now. I'm happy to see it's back. Now I know it's the same guy. I told my colleague, Senator Fernandes Salling, that somehow I had to be sure that was the same guy. If need be, I have to get up and tell a joke. I'm happy that I don't have to tell a joke because the smile has arrived without it. But I did think of a joke so maybe I'll tell it anyway. (laughter)

"I think we should have a Rule 11 for the Senate as well. I think we should have a rule that says any legislator who signs a bill for introduction has to have a good faith basis for believing that it's in the best interest of the people of the State of Hawaii. My colleagues in the front row of the Democratic side have formed a commission, so if anyone has any complaints about anybody introducing bills that don't meet the new Rule 11

standard, please come see us and we'll censure the individuals. Thank you."

Senator Tungpalan also rose to speak in favor of the nomination as follows:

"Mr. President, as a member of the Judiciary Committee, I was pleased to have the opportunity to thoroughly review the Rule 11 sanction and the contempt of court citation of the nominee. Through this close scrutiny the sterling character of Mr. Kaulukukui became very evident. In the first, the nominee placed his client's interest before his own. In the second, he chose, as one witness stated, to throw his body on the grenade that was about to go off.

"Mr. President, Mr. Kaulukukui is the kind of man we need as a judge in Hawaii. He has clearly demonstrated throughout his career and most recently through this agonizing nomination process that he will serve Hawaii well in its best interest. Thank you."

Senator Solomon's remarks in support of the nomination are inserted as follows:

"Mr. President, I am speaking in support of the confirmation of Mr. Thomas Kaulukukui.

"The recent proceedings involving Mr. Kaulukukui was a very difficult and agonizing experience. The proceedings were difficult because of miscommunication between the nominee's interpretation of the questions asked by the committee and the committee's interpretation of the same questions. However, I felt at all times that Mr. Kaulukukui was being honest in his analysis of the questions posed by the committee. The questions posed by the committee emphasized Mr. Kaulukukui's responsibility and accountability to the people of the State of Hawaii.

"The proceedings were agonizing because of Mr. Kaulukukui's responsiveness to the chairman's inquiries. The proceedings were agonizing in terms of the Judicial Selection Committee process.

"However, Mr. President, I feel good about casting my vote in favor of the nominee. I feel that a lesson has been learned, and a message has been sent to others who are considering a judgeship in this great state. The message is that the Senate confirmation process cannot be taken lightly. Accountability is the key word in this process. I, as a committee member, will see to it that the process will be protected."

Senator Menor's remarks in support of the nomination are inserted as follows:

"Mr. President, I will vote to confirm Mr. Kaulukukui to the Circuit Court bench.

"As was obvious from the questions that I posed to Mr. Kaulukukui and my public statements about the nominee, I was a firm supporter of Mr. Kaulukukui's appointment at the start of the confirmation process. I also strongly advocated that Mr. Kaulukukui be afforded a full and fair hearing before we, as legislators, pass judgment on his confirmation. I believe that, in general, Mr. Kaulukukui was provided a fair hearing.

"However, I must admit that during the course of the confirmation hearings, I began harboring reservations about Mr. Kaulukukui's nomination. One of the main things that bothered me was the revelation during Tuesday's hearings that, in addition to the court sanctions imposed in the federal court case before Judge Pence and

the bankruptcy case before Judge Chinen, there was yet another state court case before Judge Kimura relating to the handling of the litigation by Mr. Kaulukukui's law firm. I had also spoken to several individuals within the legal community who had concerns about the nominee.

"After being informed about these string of cases and in light of the concerns expressed to me, I wanted to be absolutely certain in my own mind that the imposition of these sanctions did not indicate a pattern of unprofessional conduct reflecting negatively upon Mr. Kaulukukui's competence in terms of his integrity and legal ability and skills. These qualities are, of course, relevant factors to consider in reviewing the qualifications of a judicial applicant. In fact, these factors are incorporated into the guidelines of the Judicial Selection Commission in reviewing a judicial nominee.

"However, after reviewing pertinent legal documents in the case before Judge Kimura and speaking with members of the legal community, I am satisfied that nothing occurred in the Hilo case that does not oftentimes occur in a complicated, hotly contested litigation. Moreover, given the weight of the testimonies that were offered on Mr. Kaulukukui's behalf during the confirmation hearings, I believe that, on balance, Mr. Kaulukukui will make a competent judge and a welcome addition to the bench.

"Finally, I would like to state that I do not question Mr. Kaulukukui's integrity and sincerity in not disclosing the matters relating to the court sanctions in the questionnaires that had been sent to him. While I frankly would have disclosed these matters had I been in Mr. Kaulukukui's shoes because I believe that they are relevant in evaluating an individual's competence to serve as a judge, I think that there was a legitimate basis for Mr. Kaulukukui's interpretation that the questions were referring to serious, unethical and unprofessional conduct, or to matters referred to our state's Disciplinary Board. Therefore, I am not convinced that Mr. Kaulukukui's failure to disclose the court sanctions reveals any fundamental flaw in his character or judgment.

"In conclusion, I urge my colleagues to vote to confirm Mr. Kaulukukui's appointment to the Circuit Court bench. I believe that Mr. Kaulukukui will be a competent and fair-minded judge who will be a credit to the Judiciary. If Mr. Kaulukukui lacks anything it may be experience, particularly criminal law experience. However, I am optimistic that he will grow and mature in his position and will someday become a Circuit Court judge. Thank you."

Senator McMurdo's remarks on the nomination, with reservations, are inserted as follows:

"Mr. President, I put 'with reservations' when I signed the Judiciary Committee report on Mr. Kaulukukui in order to emphasize the seriousness of the concerns about which the Judiciary Committee deliberated at length.

"I believe that Mr. Kaulukukui received the questions and remarks of the Judiciary Committee in the constructive spirit in which they were offered. I am confident that the Judiciary Committee's concerns and support will assist him to be the outstanding judge we all anticipate that he will be."

The Chair then rose to comment on the nomination as follows:

"The Chair normally does not make comments on the process, but I do want to take this opportunity to thank the chairman of the Judiciary Committee and the

members for bringing the nomination to the floor for a vote.

"Secondly, I would like to take this opportunity to thank the Senators who were not privy to the discussions on the nominee for the manner in which they conducted themselves. By allowing the Committee on Judiciary to proceed without any interruptions from them or without them seeking attention by the media on this most delicate question, it really helped bring this matter to a successful conclusion.

"The Chair appreciates this and I want to tell all of you that I am proud to be one of the 25 members of the Senate."

The motion was then put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 20. Noes, none. Excused, 5 (Aki, Holt, Ikeda, Nakasato and Reed).

Senator Hee then introduced Mr. Thomas Kaulukukui Jr. and his family, who were sitting in the gallery, accompanied by Mr. Allen Ho.

Senator Matsuura introduced Mr. and Mrs. Tommy Kaulukukui Sr., who were also seated in the gallery.

Senator Solomon rose on a point of personal privilege and remarked:

"Mr. President, I am submitting for the Journal some remarks that I prepared regarding (University of Hawaii) President Simone's responses to the Higher Education Committee hearing that was conducted today on the report that was submitted for this body's consideration regarding the evaluation of the administrative flexibility legislation affecting the University of Hawaii and the study of electricity cost and consumption. Thank you."

(Senator Solomon's remarks for insertion follows.)

"February 12, 1988

"Yesterday, I held an informational hearing on the auditor's report on evaluation of the administrative flexibility legislation affecting the University of Hawaii and the study of electricity costs and consumption at the University of Hawaii. Both the Legislative Auditor's staff who wrote the report and President Simone and the pertinent University staff were present at the conference table to discuss the issues.

"I cannot help but express my extreme disappointment as to the President's responses.

"The Legislative Auditor reported a surplus of \$9.1 million from the general fund electricity appropriations for FY 1981-82 through FY 1986-87. This is an average of \$1.5 million for six years. The surplus as a percent of appropriations ranges from a low of 5.2 percent to a high of 23.5 percent or an average of 14.0 percent. I realize the purpose of good management is to produce a budget that does not end in a deficit. But such a surplus is unacceptable especially when funds are desperately needed for other statewide legislative priorities which were set on the back burner due to the lack of funds. This is \$9.1 million in cash -- not obligation bonds. For \$9.1 million we can build an elementary school in Kona where there is an extreme shortage of classrooms. For \$9.1 million we could have made improvements to roads and sewers in the Kona area because of massive resort developments. We can take care of many of the homeless.

"Where did the surplus go? With the financial flexibility given to the University it appears that these funds were expended wherever the UH administration wished. Why was it not returned to the state general fund?"

"As a legislator and chairman of the Senate Higher Education Committee, I must put this on record that the actions of the University are not condoned and that henceforth, all University requests will be very carefully scrutinized."

Senator Cobb then rose on a point of parliamentary privilege as follows:

"Mr. President, I know when we had the bill on drug paraphernalia it was an issue of serious concern to the Senators that the bill that crosses over first from whatever body is the one to be worked on even in the second year of the biennium.

"I've encountered a situation in more than one case where I've discovered bills, one in my committee and several in other committees, where the House bill had crossed over first. So I just want to request my colleagues to be on the lookout for that. If you do encounter a House bill that has crossed over first, that is the operative vehicle to work on.

"Thank you, Mr. President."

At 12:12 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:28 o'clock p.m.

Senator McMurdo rose on a point of personal privilege and said:

"Mr. President, this morning I gave testimony, not on behalf of the Senate but on behalf of my constituents, before the House Tourism Committee on the convention center and I would ask if I might submit those for incorporation in the Journal. Thank you."

(Senator McMurdo's remarks for insertion follows.)

"I speak in favor of H.B. 2973.

"The main logic for putting the convention center in the Kakaako peninsula is the vast economic advantage in developing our waterfront, and also the fact that the use of this area will not infringe upon any local residents. It could become an area that would benefit all of the people and not just our visitors. That way it would become a 'win-win' for everyone.

"This whole convention center movement is comparable to a giant juggernaut slowly moving forward to crush the dreams and hopes of thousands of residents and small businesspeople and destroying lifestyles they have chosen and followed for generations. Justifications for this

movement have been distorted and overly exaggerated to fill the apparent greed of one major hotel owner, and at the expense of thousands of our citizens in the communities of Waikiki, McCully, Moiliili, Kapahulu and Kaimuki.

"I feel certain that should a similar movement be underway which would so devastate the areas you represent, that you would fight to save your area and you would hope that your elected colleagues would use their wisdom to see beyond their own kuleanas.

"I ask you to take into account that all of the so-called organizations against the use of the Kakaako area are dominated by the one man to whom I earlier referred, and this includes the Hotel Association, Chamber of Commerce, Waikiki Improvement Association and, of course, his own lobbying organization, the Convention Park Council.

"Surely the Representative from Kakaako remembers when she represented the Moiliili area and the gallant fight they put up to save their residences and their businesses.

"And the Representative from Kaimuki cannot have forgotten so quickly the two recent town meetings where people in his district spoke out overwhelmingly against a convention center anywhere.

"Yesterday, when the merchants from the International Marketplace were having their quiet, polite demonstration here in the Capitol, I heard a lobbyist sneer from his position by the second floor railing, 'Who cares what they think? They aren't voters!'

"Is this really what the American dream is all about? Don't we care any more about all of our people? Or have we become elected representatives of only the rich and powerful? I hope that isn't the case, but sometimes I have to wonder.

"The Belt Collins Site Study is as follows:

I. RECOMMENDED SITE DEVELOPMENT PLAN

Overview

The development of a convention center on the Kaka'ako peninsula represents a unique opportunity for Honolulu, as well as the entire State of Hawaii. To date, deliberations over possible sites for a convention center have been largely focused upon the immediate impacts of the facility, the availability of a particular parcel of property, and the physical limitations of a potential site. While these are certainly worthy matters to be addressed and should not be ignored, their discussion has obscured a larger consideration. How does the convention center fit into Hawaii's plans for the future?

To be successful, in both functional and economic terms, a convention center must be a multi-purpose facility; not only in the sense of its usefulness for a variety of different gatherings, but also from the perspective of how it interacts with its surroundings and contributes to the community. We believe that a convention center can be much more than a grand meeting hall. It can become the cornerstone of our future. It can represent the foundation of a new industry, a new community, and a new direction for our economy.

The Kaka'ako peninsula convention center site plan expands on the many ideas and issues raised during the

recent Waterfront Redevelopment Plan Charette. The proposal represents a bold vision for the Honolulu waterfront, as well as the future of the entire State of Hawaii.

The site development plan looks beyond tourism as its major thrust, to a potentially new generation of economic activity. This plan looks to the future and accommodates the new roles that Hawaii could play in the new Pacific Age; as a place for regional and international businesses or governments to confer, a financial center to serve commerce and trade, a crossroads for cultural exchange, and a center for research and learning."

At 12:31 o'clock p.m., on motion by Senator Blair, seconded by Senator A. Kobayashi and carried, the Senate stood in recess until 9:00 o'clock p.m., this evening.

RE-REFERRAL OF SENATE BILLS

The President re-referred the following Senate bills:

Senate Bill	Referred to:
No. 2174	Committee on Ways and Means
No. 3018	Committee on Ways and Means

Senator Reed rose on a point of personal and remarked:

"Mr. President, the editorial writers of both Honolulu dailies have praised the statewide Ocean Recreation Management Plan produced by Aotani and Associates on behalf of the Department of Transportation. There is no doubt that a state plan to resolve ocean use conflict is absolutely necessary. And it's easy to look at something as voluminous as this and conclude that it must be professionally well-done. But it is not well-done.

"The problem with this report is one which afflicts both Honolulu editorial writers and Honolulu-based consultants

hired by the state. They don't live in the areas in their study and they don't take the time to talk to people who do.

"To illustrate, consider the Aotani proposals for West Maui, from Lahaina to the Kaanapali area. As far as I've been able to determine, the Aotani people did not speak to West Maui residents about the thrill craft problem. They spoke only to thrill craft operators and representatives of the hotel industry in Kaanapali.

"Naturally, and with the justification, the hotel representatives said the jet skis and other thrill craft should be banned in front of the hotels. Thrill craft operators in Kaanapali have become so brazen that they have sales people working off the beach and the thrill craft taking off from and landing on the beach right in front of the hotels.

"So the Aotani report recommends banning thrill crafts in the Kaanapali hotel area. That's good, but where do they recommend putting the thrill craft? They recommend putting them in an offshore corridor from Mala Wharf to Puamana.

"If you aren't familiar with that area you don't know that Mala Wharf is the one place, the last place, the local residents have access to the ocean without competing with the thousands of tourists who have virtually taken over West Maui.

"If you aren't familiar with the area, you don't know that the rest of the proposed thrill craft corridor fronts beachfront residences. Families who have lived for generations on beachfront property in Lahaina have recently had their lifestyles and lives disrupted by the onslaught of parasails, ultra-light airplanes, and the obnoxious jet skis.

"What these recommendations would do is formalize and legitimize that onslaught. The Aotani proposals, at least as they relate to Maui, are outrageously unacceptable.

"I urge all of my colleagues to look carefully at this plan with the thought in mind that the folks who wrote it most likely do not live in your district and probably did not speak with anyone who does.

"Thank you, Mr. President."

Senator Cobb also rose to speak on a point of personal privilege as follows:

"Mr. President, on television during this weekend I saw a Mr. Bruce Dinman on television saying that some of the condominium bills apparently were misleading some legislators, as he was quoted. He referred or alluded to one bill in particular on the right of privacy which is in effect Senate Bill 2099.

"Just to set the record straight, Mr. President, that bill provides that the constitutionally mandated right of privacy as adopted by the voters of Hawaii will also apply to condominium, co-op, and apartment residents.

"During the course of the committee hearing, I read from the bylaws and the house rules of one particular project where I happen to reside and I offered to compare with house rules and bylaws of other projects, many of which I've read. Those house rules and bylaws read like a text from the Nazi constitution because in effect they authorize any search at anytime, even on the suspicion that there may be the slightest violation of house rules.

"We call this a democracy. We call this America.

"It seems to me, Mr. President, condominium and co-operative residents and many other apartment dwellers seem to forfeit their right of privacy in the face of managing agents who feel free to come in anytime, day or night, with no warning, no permission to inspect for any cause whatsoever, even without violation of law.

"That bill, Mr. President, will put a stop to that practice. It will guarantee that condominium, co-op, and apartment residents have exactly the same rights to privacy as any other resident of Hawaii and that an individual, regardless of race, color or creed does not forfeit his or her constitutional rights merely because they moved into a condominium, co-operative apartment or other multiple-unit dwelling.

"Mr. Dinman further alluded to the fact that there would be no provision in the bill for an emergency such as a broken water main. Nothing could be further from the truth. The bill has been specifically amended to state that the right of entry to fix any damage is the same as it would be for a single family resident.

"In the future, Mr. President, I think some property managers would be well-advised to get their facts straight before they go calling rallies and making accusations.

"Thank you."

ORDER OF THE DAY

MATTER DEFERRED FROM

WEDNESDAY, MARCH 2, 1988

THIRD READING

Senate Bill No. 2570:

By unanimous consent, S.B. No. 2570, entitled: "A BILL FOR AN ACT RELATING TO CRUELTY TO ANIMALS," was recommitted to the Committee on Judiciary.

Senate Bill No. 2718:

Senator Hee moved that S.B. No. 2718, having been read throughout, pass Third Reading, seconded by Senator Holt.

Senator Menor rose to speak against the measure as follows:

"Mr. President, with all due respect and deference to the chairman of the Judiciary Committee, I rise to speak against Senate Bill 2718.

"Mr. President, I strongly urge my fellow colleagues to vote against this bill because I cannot find, either in the committee report or in testimony presented to the committee, any logic or justification to support the enactment and adoption of this bill.

"As I read it, this bill would, in effect, create distinctions between two classes or groups of 17-year-olds. Under this bill there would be, as I read it, one group or class of 17-year-olds that would be able to exercise the right to vote by virtue of turning 18 years old, as the committee report indicates, on or before December 31 of the year in which the election is held.

"On the other hand, for other 17-year-olds this right to vote would not be available.

"Frankly, as I read the committee report, and again referring to the committee hearings on this bill, I can find no rational basis or justification for making the sort of distinction that is being proposed. Moreover, if the proponents of this bill had wanted to extend the right to vote to 17-year-olds then they should have proposed extending that right to all 17-year-olds and should not have proposed a change in the age qualification for voting which would, in fact, be applied in a discriminatory fashion.

"Moreover, I do not believe that conferring the right to vote upon 17-year-olds makes sense if we do not also confer additional rights that are similarly exercised by adults.

"Finally, for those who would argue that this bill would not, in fact, enact an amendment to the Hawaii State Constitution and would, in fact, only be putting the question on the ballot for voter approval, I believe that it is incumbent upon this body to submit only those proposals for voter approval which we, as a body, can fully support and justify.

"So, to the extent that I can find no justification for this particular bill, I strongly urge my colleagues to vote against Senate Bill 2718. Thank you."

Senator Hee, in support of the measure, stated:

"Just briefly, Mr. President.

"This bill would allow for the process of democracy to extend to those who would turn 18 in the calendar year of the election.

"This bill would allow the people of this state to make that determination.

"This bill would allow for democracy by direct participation of all those who exercise their privilege to vote to make that decision.

"This bill was passed in 1987. After much discussion the Chair relented to have it recommitted for further discussion; we have had that discussion. Those who oppose the bill for whatever reason did not exercise that privilege during the public hearing on this bill. This bill went through a thorough process. The majority of members on the Judiciary Committee including the previous speaker signed in favor of the bill.

"This bill allows those who vote a privilege of exercising their opinion on election day, relative to the constitutional change.

"Thank you."

Senator Menor then responded:

"Mr. President, just for clarification I would like to respond to the previous comments of the chairman of the Judiciary Committee.

"I want to clarify the purpose of my signature on the committee report. I signed 'with reservations.' I signed the committee report not because I supported this particular bill but because I believed, in deference to the Judiciary chairman, that this matter should be given further discussion before the entire Senate body. Thank you very much."

Senator A. Kobayashi also spoke against the bill and said:

"Mr. President, the Minority will also be opposing this bill.

"Mr. President, there will be many logistical problems because the federal government is not changing their voting age to 17.

"When there is a presidential election there will be logistical problems. The 17-year-olds who are 18 the year of the election will be voting in local elections but not in the presidential election.

"Also, where does this end? Eventually, if you are going to get married the year you're 16, does that mean that you can get married? I mean, how far are we going to go? There's a drinking age ... there's a rape age.

"There are many areas where age is a factor and we're not relaxing it for the others, we just see no point in this bill. The Minority will oppose it. Thank you."

At 12:20 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:28 o'clock p.m.

Senator Hee then added:

"Mr. President, just one brief remark regarding the Minority Floor Leader's position.

"With all due respect to the Minority Floor Leader, at some point when this country puts logistics over democracy where people cannot make determinations between who is running for president of the United States and for the office of State Senate ... at the point where we place priorities of logistics over democracy, at that point, I think, perhaps, we should look at the whole system of government.

"Democracy is too important to lightly take the logistical argument as a means to not allow the public to participate in the fundamental pillars and the foundations of this government.

"Thank you."

Senator A. Kobayashi responded:

"Mr. President, in response to the former speaker, I think he misunderstands, the Republicans are the champions of democracy and that was not a main focal argument it was just one of the factors. We feel that if you're going to start relaxing the age requirement we are just wondering how far it would go. Thank you."

At 12:30 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:34 o'clock p.m.

The motion was then put by the Chair and carried, and Roll Call vote having been requested, S.B. No. 2718, entitled: "A BILL FOR AN ACT PROPOSING AN AMENDMENT TO ARTICLE II, SECTION 1, OF THE HAWAII CONSTITUTION, TO CHANGE THE AGE QUALIFICATION FOR VOTING," having been read throughout, passed Third Reading by less than two-thirds vote of all members to which the Senate is entitled, on the following showing of Ayes and Noes:

Ayes, 13. Noes, 9 (Blair, Cobb, Herkes, Ikeda, Kobayashi, A., Kobayashi, B., Menor, Nakasato, Reed). Excused, 3 (Chang, Fernandes Salling, George).

RE-REFERRAL OF SENATE BILL

The President re-referred S.B. No. 377 to the Committee on Ways and Means.

At this time, Senator Aki, chairman of the Committee on Housing, Hawaiian Programs and Natural Resources, requested a waiver of the 48-hour Notice of a Public Hearing on S.B. No. 3224 and S.B. No. 3225, and the President granted the waiver.

Senator Solomon then rose on a point of personal privilege and said:

"Mr. President, I rise on a point of personal privilege to clarify my position on the statement that appeared in the recent articles in the Advertiser. These statements were made in rebut to DPED's proposed use of a statue of Duke Kahanamoku as part of our Hawaii Water Sports exhibition in the World Expo '88 in Brisbane, Australia.

"My immediate reaction to this proposal was one of outrage. The life-like statue of Duke Kahanamoku surfing is to be used as a greeting to the theme of the exhibit, 'The Games Islanders Play.' Yes, Duke Kahanamoku more than anyone else was responsible for the popularizing of surfing on a national and international level. Moreover, Mr. President, surfing is an indigenous Polynesian water sport that was highly developed by the people of Hawaii.

"Archaeological evidence proves that the Na Po'e O Hawaii or the people of ancient Hawaii built heiaus dedicated to the art of surfing. Persons showing great skills in surfing were revered by not only the people but the alii and the gods. Hawaiian surfers worshipped the gods and goddesses as a means to improve their skills and agility. Duke Kahanamoku's accomplishments inspired scholars to pursue and identify these sites, to link the oral traditions to the site, so we today have an understanding of the cultural significance of the art of surfing.

"But to put a life-like statue of this revered Hawaiian in an exhibit for promotional purposes is sacrilegious. Afterwards, I thought what would people think if we used a life-like statue of President Eisenhower posed as a golfer for promotional purposes of the United States of America. It was in this light that I expressed my feelings which appeared to be misconstrued in a newspaper article. I would like to go on record as opposing the use of a statue of Duke Kahanamoku for promotional purposes in this exhibit if it is not within the Hawaiian cultural context and the spirit of aloha and does not show the reverence that we the people in this state feel for the late Duke Kahanamoku. His athletic ability in the art of surfing and swimming and his life accomplishments have inspired our young people to go on to achieve higher rewards in the Olympic games."

At this time, Senator J. Wong, chairman of the Committee on Judiciary, requested a waiver of the 48-hour Notice of a Public Hearing on S.B. No. 1581, and the President granted the waiver.

Senator Yamasaki, chairman of the Committee on Ways and Means, then requested a waiver of the 48-hour Notice of a Decision-Making Hearing for the subjects listed on the agenda of the Senate Ways and Means Committee's hearing notice for Thursday, March 3, 1988, and the President granted the waiver.

Senator Holt rose on a point of personal privilege as follows:

"Mr. President, on a point of personal privilege and an extension to the statements of the chairman of the Higher Education Committee regarding her statements that were displayed in the newspaper.

"I was at that hearing when those statements were made. I support the statements that were made earlier that it was in response to the exhibit that the Hawaii people are going to put on down in Australia are questions that we raised and the statements that came out, were basically, in response, a reaction. Why, when the Expo '88 theme for the whole expo is 'Leisure in the Age of Technology.'

"That the State of Hawaii is taking Duke Kahanamoku down to display in the Hawaii exhibit seems to be going backward and not forward. That was the reason why the statements by Senator Solomon were made in response to the theme that was developed by the Department of Business and Economic Development.

"Thank you."

Senator Hee also rose on a point of personal privilege and remarked:

"Mr. President, I had the privilege of receiving 4500 signatures in the hall at about 10:30 this morning regarding pornography, Senate Bill 2329, which, by the way, this house held a hearing on and not the other house.

"On the members' desks is a letter dated February 19, 1988 from state Attorney General Warren Price III. I would like every member to take sometime during the day to read this and if, after reading this, that the conclusion should be that, in deference to the attorney general, I would appreciate if the members would seek the attorney general for an opinion.

"I would like to enter the letter into the record for the purpose of Senate Bill 2329 and I will hand a typewritten copy to the Clerk for such purposes. But I would like to read certain statements from the Price letter: '... it is my opinion,' says Mr. Price, 'that your Committee should hold this bill because the Supreme Court of Hawaii ... has already ruled that the same statute unconstitutional It is my opinion,' said Mr. Price, 'that the Court found no compelling state interest in restricting the sale of materials ... and that passing an identical statute with the Legislature's finding of such interests would not cause the Court to change its position. ... Thus, passing an identical statute relating to these types of materials would be redundant.'

"Mr. President, as we have till the deadline of tomorrow night, this bill, which again was only heard by this house, appears to be headed for a highlighted first crossover.

"For these reasons, I would ask the members to review the attorney general's letter and if they have any questions, either consult the attorney general directly or I would be happy to respond to any questions. I would also note that this body will be considering the bill which would raise a misdemeanor to a felony 'C' for promoting pornography to a minor.

"For the record, this body should understand that that bill, standing committee report for Senate Bill 1563 was part of the law enforcement package of the attorney general, the four prosecutors, the chiefs of police of the four counties. This bill, Senate Bill 2329, which the attorney general has commented on was not part of the law enforcement package. It was introduced by a member of the Senate and supported by elements of the package group, certainly, not the attorney general, the highest law enforcement officer of the state.

"Thank you."

(Letter from Attorney General Warren Price III, to Senator Clayton Hee, dated February 19, 1988, follows.)

"The Honorable Clayton H. W. Hee
Senator, Ninth District
State Capitol, Room 227
Honolulu, Hawaii 96813

Dear Senator Hee:

In response to your questions raised during a public hearing on February 17, 1988 regarding S.B. No. 2329, it is my opinion that your Committee should hold this bill because the Supreme Court of Hawaii in State v. Kam has already ruled the same statute unconstitutional as it prohibits the selling of certain pornographic materials for people to view in the privacy of their own homes. The Court declined to comment on whether child pornography, 'snuff flicks', etc. should be afforded the same protection, and I believe this was indication from the Court that prosecutions could still be maintained under the existing statute for these types of materials. Thus, passing an identical statute relating to these types of materials would be redundant. It is my opinion that the Court found no compelling state interest in restricting the sale of materials other than these types, and that passing an identical

statute with the Legislature's finding of such interests would not cause the Court to change its position.

Should you have further questions regarding these matters, please do not hesitate to call.

Very truly yours,

/s/
Warren Price, III
Attorney General"

The letter is as follows:

"March 3, 1988

Dear Clayton;

I am writing you this letter because I am a concerned citizen; concerned about issues such as pornography as well as your reputation as Senator. I feel there was definitely a misunderstanding when I choose to turn over petitions to you without an appointment. Knowing it would take only a few minutes and knowing you would be notified of the press conference, I felt an appointment was unnecessary.

However, I did not expect anyone to accuse you of being arrogant. I truly realize you are a busy person and would like to apologize for that comment.

As you know the news media is famous for misquoting people. John Yoshimura of Channel 2 news stated, 'Harris says Hee is soft on porn.' I sat through your hearings on S.B. 2329 and listened intently to your comments. Because you are obviously concerned about pornography in our state, I would have no reason to make such a statement.

I represent a large group of people who want to work with our Senators and Representatives to make Hawaii a safe and beautiful place to call Home. Please carefully consider the harms that the widespread sale of pornography in Hawaii would have on each of its victims, young and old. If you could save but one of them I'm sure you would. So please pass S.B. 2329.

Again, I apologize for the misunderstanding. I look forward to working with you in the future.

Sincerely

/s/ Sharon R. Harris"

At 12:26 o'clock p.m., on motion by Senator Blair, seconded by Senator A. Kobayashi and carried, the Senate stood in recess until 9:00 o'clock p.m.

"Mr. President, just a few comments on this bill.

"The people that live in Puna have expressed their support for geothermal development. But they are concerned about this bill because they feel that it is going to leave them out of the decision-making process.

"Now, if they don't develop geothermal energy for that island, then HELCO is going to be forced into the development of diesel-powered generation to supply the needs of West Hawaii.

"The Governor's committee on geothermal that recommended this bill is meeting with the residents of the Puna community and the Puna Community Council tomorrow. It is my hope, Mr. President, that they will be able to iron out the concerns of that community so that we can proceed with this geothermal development but still have the community feel that they have an input.

"Thank you, Mr. President."

Senator Herkes rose to speak against the measure as follows:

"Mr. President, I rise in opposition to this bill. This bill does not get to the heart of the problem, and, that is, the collateral required by statute and rules and regs. The state currently requires that every dollar in state deposits be secured by a dollar ten in various liquid assets.

"The state currently has in excess of a billion dollars ... it's about a billion-three in deposits ... and this effectively ties up much of the local financial institutions' assets. The result is a lower return to the state treasury in interest income and a restriction on the capital pool for use within the state.

"Mr. President, there are two things to consider. We are a capital-poor state. The state government has an insatiable thirst for revenues. A new innovative approach to the securities requirement will free up capital for local investment and will result in a higher return on the state's deposits, a one percent increase in interest income returns over \$10 million annually to the state treasury without the impact of any tax increases.

"This bill would just move money out of the state when we should try to keep the money in the state. Thank you, Mr. President."

"Mr. President, this bill was developed by your Education Committee to provide recognition to our public school students and to enlarge and elevate their educational experiences.

"Under this bill, every public high school in the state will select each year a student who will receive a grant to study in a foreign country during the summer. Also, this bill provides for a grant to be awarded to one high school student in each school district for a full year of college studies abroad.

"In time, we hope that this program of summer scholars abroad and international college scholars will be as prestigious and sought after as Fulbright or Rhodes scholars.

"In the years ahead, as a steady stream of our young scholars benefit from learning in different parts of the world, we will be able to look back on the modest beginning of this program and take pride that we had the foresight to believe that there are no boundaries to education. And in the years ahead, let us hope that our young scholars will make their own unique contribution to international understanding and world peace."

Senate Bill No. 2329, S.D. 1:

Senator Hee moved that S.B. No. 2329, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Menor.

Senator Menor rose to speak in favor of the bill, as follows:

"I rise to speak in favor of this bill with reservations. I had hoped that I would be able to offer strong support for this bill in light of what it was intended to accomplish.

The bill was introduced in response to the State Supreme Court ruling in *State v. Kam*. In the *Kam* case, the Supreme Court held that the right to privacy accorded by Article I, Section 6, of the Hawaii State Constitution restricts, in the absence of compelling State interests, the ability of the government to prohibit the sale of sexually explicit adult material for viewing by purchasers in the privacy of their homes. Based on the *Kam* case, S.B. 2329 as originally drafted identified compelling state interests which justify governmental prohibitions on pornography.

"Unfortunately, the legislative intent of S.B. 2329, S.D. 1, as worded is ambiguous; it is unclear how far prohibitions on pornography should extend. The bill's committee report identifies compelling state interests for prohibitions on pornographic material which involve 'actual' depictions of sexual violence including murder, rape, and disfigurement, but not for simulated depictions of such conduct which are also patently repulsive and offensive to human sensibilities. The committee report also fails to mention pornographic materials which depict the degradation and humiliation of others, especially women, and which society clearly does not condone. It should be obvious, for example, that films which graphically depict men defecating on women do not further any redeeming social value or purpose. While the Legislature would have no problem finding compelling state interests to justify prohibitions on these kinds of materials, the committee report as written would appear to preclude restrictions on materials which could properly be categorized as 'hard core' pornography.

"On the other hand, the bill itself indicates that prohibitions could extend to a variety of pornographic materials or performances, both actual and simulated, which fall within the definitions of amended subsections (6)(a) or (6)(b) of H.R.S. Section 712-1210. However, to the extent that the committee report does not appear to reflect the provisions of the bill, I believe that it is necessary to clarify for the Senate Journal the legislative intent behind S.B. 2329, S.D. 1. As vice-chairman of the Senate Judiciary Committee which is recommending passage of this bill, I believe I am in a good position to offer this clarification. I also assisted in the drafting of amendments to this bill.

"First of all, it is the Legislature's intent in enacting S.B. 2329, S.D. 1, that governmental prohibitions should extend to all forms of graphic, hard core pornography -- whether actual or simulated -- involving the sexual exploitation of minors, sexually violent and explicit conduct, and the humiliation and degradation of individuals, especially women.

"Secondly, the Legislature finds that there are compelling state interests which justify the continued regulation of pornography. These compelling state interests include the following:

"1. The problems of sexual violence, sexual aggression short of actual violence, and sex discrimination are serious societal problems that have traditionally attracted a disproportionately small allocation of societal resources.

"2. Images are significant determinants of attitudes, and attitudes are significant determinants of human behavior. To the extent constitutionally permissible, we must acknowledge that dealing with the images around us is an important way of dealing with undesirable behavior as well.

"3. An enormous amount of the pornographic material available depicts the degradation, domination,

subordination, and humiliation of others, usually women. This degradation, even when nonviolent, depicts people, usually women, existing solely for the sexual satisfaction of others, usually men, or depicts people, usually women, in decidedly subordinate roles in their sexual relations with others or engaged in sexual practices that can only be considered humiliating.

"4. Increasingly, however, the most prevalent form of pornography depicts sexually explicit violence, both simulated and actual. Some of this material involves sado-masochistic themes with bondage, whips, and other devices of torture. Some of this material involves actual or simulated rape and sodomy with women as the usual victims. Pornographic material which features extreme violence, such as simulated or real disfigurement and murder, is also available.

"5. That pornography is harmful is apparent from the nearly unanimous agreement that exposing children to pornographic materials and to the messages conveyed by those materials is undesirable. However, even though the sale of pornographic materials has been totally banned, much pornographic material finds its way into the hands of children. If a total ban on the sale of pornography has not been sufficient to keep pornography out of the hands of children, a partial ban affecting only distribution of pornography to children clearly cannot be expected to be effective.

"6. The extent to which the harmful effects of pornography on children justifies the outlawing of all pornography may be debated by those desiring the availability of pornographic materials. Notwithstanding such arguments, the Legislature specifically finds that the harmful effect on children constitutes a compelling governmental interest justifying a ban on the sale of pornography to adults as well as to children.

"7. While individual choice is necessary in a free society, a society with no shared values, including moral values, is no society at all. Materials with no redeeming social value which depict the degradation, subordination, domination, humiliation, abuse, bondage, torture, rape, sodomy, and disfigurement of others in a sexually explicit manner can only lower our society's moral values. The Legislature finds that the preservation and strengthening of these moral values is a compelling governmental interest justifying the ban on the dissemination of pornography for monetary consideration.

"8. While the sanctity of the home, the right to privacy therein, and the parent-child relationship overrides the compelling governmental interests justifying a total ban on the possession of pornography, even including materials depicting bestiality, child pornography, and actual murders, the dissemination for monetary consideration of materials with no redeeming social value which depict the degradation, subordination, domination, humiliation, abuse, bondage, torture, rape, sodomy, and disfigurement of others is not entitled to the consideration given to the right of privacy within the home and given to the importance of the parent-child relationship. The Legislature adopts the ruling of the Supreme Court of the United States that 'the protected right to possess obscene material in the privacy of one's homes does not give rise to a correlative right to have someone sell or give it to others' (*United States v. 12 200-Ft. Reels of Super 8mm Film*, 413 U.S. 123, 128 (1973)), with the full understanding that that ruling was based upon the First Amendment to the Constitution of the United States and not upon the Hawaii Constitution.

"9. The Legislature finds, based upon documentation in the report of the Attorney General's Commission on Pornography, that organized crime directly operates and closely controls significant portions of the pornographic magazine industry, the peep show industry, and the pornographic film industry.

"10. The Legislature finds that pornography is a product of criminal activities such as prostitution (when the participants are paid to engage in sexual activity) and coercion (when the participants are forced to engage in such activity).

"11. The Legislature finds, based upon documentation in the Attorney General's Commission on Pornography, that substantial exposure to sexually violent materials bears a casual relationship to antisocial acts of sexual violence and, possibly, to unlawful acts of sexual violence.

"I hope that my remarks have served to clarify the purposes of S.B. 2329, S.D. 1, and will lead to effective and vigorous enforcement of our pornography laws by police officers and county prosecutors. While I would have preferred S.B. 2329, S.D. 1, to contain the original bill's provisions establishing increased monetary penalties for distributors of pornography, I believe that S.B. 2329, S.D. 1, if properly interpreted, is a step in the right direction. I am hopeful that the House will strengthen and refine this bill further as it considers and reviews this legislation.

"Thank you for considering this matter."

The motion was put by the Chair and carried, and S.B. No. 2329, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PORNOGRAPHY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 2253 (S.B. No. 3042, S.D. 1):

No. 3042, S.D. 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR A DEMONSTRATION SHRIMP PROJECT WITH THE SUGAR INDUSTRY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Senate Bill No. 2783, S.D. 1:

Senator Cobb moved that S.B. No. 2783, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Blair.

Senator Ikeda rose to speak against the measure as follows:

"Mr. President, this is a rather confusing measure. When we passed legislation to allow captives to be formed, we did so to relieve the liability insurance crunch. This bill will allow captives to now write life insurance since that's what credit life and disability coverage is.

"Generally, captives are restricted to providing insurance coverage to its parent company. But in this

case, by allowing them to get into the life business, they would actually become a life insurance company because the credit life and disability coverage would be sold to consumers.

"I don't see the need for this. I think it's going far astray of the intent of allowing captives to be formed. And in addition, I'm not sure that captive insurance companies have the adequate reserves necessary to cover this type of liability, especially because they were formed with the intent of covering property and casualty insurance, and not life.

"For these reasons, Mr. President, I will vote against this bill."

Senator Cobb then rose and said:

"Mr. President, the Department of Commerce and Consumer Affairs finds ... and I'm quoting from their testimony ... 'that the bill will help stimulate the newly authorized captive insurance industry in Hawaii without having a negative impact on the domestic insurance industry. Since the captive insurance company would be restricted to providing credit insurance to its parent, they would not be in competition with conventional insurance offering credit life and disability insurance.'

"I think since the department has no problems with the administration of this proposed idea, the Senate should not, either. Thank you."

Senator Ikeda then responded to the previous speaker's comments and said:

"Mr. President, a brief rebuttal. I'm not sure that the department understands what it is that they are supporting, and that's why I have a problem with it. It is totally different from liability coverage and it will not be a coverage that a parent may be providing to a subsidiary. It will be a coverage that will be offered to the consumer. Thank you."

The motion was put by the Chair and carried, and S.B. No. 2783, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CAPTIVE INSURANCE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 4 (George, Herkes, Ikeda, Kobayashi, A.).

At 3:35 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 3:37 o'clock p.m.

Senate Bill No. 3234, S.D. 2:

On motion by Senator Cobb, seconded by Senator Blair and carried, S.B. No. 3234, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO CORPORATIONS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Chang).

At this time, Senator B. Kobayashi introduced to the members of the Senate Mr. Richard Hoyt and his daughter Laura who were present on the floor of the Senate. Senator Kobayashi said, "Richard Hoyt is a very successful author, former newspaper reporter for the Star-Bulletin and the Advertiser, former graduate student at the University of Hawaii earning his Ph.D. in American Studies. He has come back to Hawaii for a short visit.... He's had the distinction of being on the coveted front page of the 'New York Times' book review section and featured in 'People' magazine this summer...."

Mr. Hoyt and his daughter rose to be recognized and were presented with leis.

At 11:48 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:52 o'clock a.m.

Senator Cobb then rose on a point of personal privilege and said:

"Madam Vice President, on February 23, 1988, Mr. Roland G. Van Allen, president of the Hawaii Council of Associations of Apartment Owners (HCAAO) sent a letter and poll to condominiums and other interested parties.

"Unfortunately the HCAAO poll on legislative desires was misleading. One, the poll described the original version of several bills that were subsequently amended in committee. The amendments were made with members of HCAAO present at the public decision-making sessions prior to the mailing of the letter and poll, even though in that letter and poll only the original versions of the bills were sent out, which I think is highly misleading, particularly when those members sat and watched the decisions being made.

"Second, the letter and poll fail to mention that several of the bills were introduced by request of other parties

indicating legislative neutrality and to be put on the table for discussion and consideration only.

"Third, based on these errors, the results of the poll can hardly be considered valid. The Legislature will be considering the amended version of each bill, not obsolete originals as presented by Mr. Van Allen. A more useful poll would ask opinions about the amended version of each bill.

"In a response bulletin he called the other condominium groups and said, 'Four Senate bills introduced by Senate Cobb was summarized by HCAAO in the same misleading fashion of making amendments made in hearings that made them more acceptable to both supporting and opposing sides.'

"Rather than read the entire letter which I'm sending to all members of the Legislature on this subject, as well as to other interested parties, Madam Vice President, I'd just like to point out something else because this letter is being signed by both Representative Joan Hayes and myself, and we state in concluding that both of us strongly support condominium leasehold legislation. What we find it ironic and hypocritical is some people in condominiums oppose 'government interference' by legislation, and yet demand mandatory leasehold conversion, rent controls that have been called Bolshevik by their opponents and outlawing the law's surrender clause. That is government interference to the 'max.'

"In short, government has been deeply involved in condominiums for years, to regulate and protect both property rights and to prevent abuses to the minority.

"Madam Vice President, copies of this will be sent to every legislator for your perusal, but I want to alert members of the Senate, personally, to this, kind of deceptive lobbying. Thank you."

Senator Holt also rose to speak on a point of personal privilege as follows:

"Madam Vice President, last Friday your Tourism Committee, in depth, went over the administration's convention center studies. It was a lengthy hearing; a lot of questions were asked.

"One of the major questions was the uniformity of the data entered into the model that was used by the administration. And as a result of the question, we requested a re-run of the fiscal impacts model based on the best case scenario for the three sites, two Waikiki sites and Ala Wai, not just the two Waikiki sites which was in the Governor's studies.

"We have received the response. We got it this morning. It is incomplete because we do not have the run on the other two sites. However, the information we received indicates that the internal rate of return numbers appear changed significantly. We will be analyzing the new data and waiting for the rest of the information to be forwarded to me which will be distributed to the members of the committee as soon as I get that information. Thank you."

Senator B. Kobayashi also on a point of personal privilege and remarked:

"Madam Vice President, to follow-up the previous speaker's remarks, we found out that the studies which cost the state approximately \$600,000 included a great number of errors. Included in the errors was the fact that the site studies were not fully supported by the financial analysis done by Panell Kerr Forster. Because of the rush

and, shall we say, the inconsistencies, we found one set of numbers in the Pannel Kerr Forster study and another set of numbers in the site studies. There were at least two errors each of \$20 million for the International Marketplace study as well as the Magoon Estate site, and this is of course on the cost side.

"On the revenue side, there were other errors. For instance, no revenues were allocated for the local shows at the Ala Wai Golf Course site, inspite of the fact that the site study included 2,000 parking stalls there at the Ala Wai site which were not included in the two Waikiki sites. The cost of the 2,000 parking stalls, incidentally, is approximately \$40 million.

"Further, in the International Marketplace site, specifically, there was a 100,000 square feet of shopping arcade space. Revenues or potential revenues from those spaces were not included in either the site assessment studies or the Panell Kerr Forster studies.

"So, both on the revenue side as well as the cost side, there were major errors. And as I said, these major errors amounted to at least two errors each of \$20 million. Thank you."

Senator Cobb then said:

"Madam Vice President, I rise on a point of personal privilege to simply make a request.

"I appreciate all the good work that's being done on analysis of various convention center sites but I find missing in that analysis so far any detailed consideration of the proposed, and I emphasize the word 'proposed,' Aloha Motors site.

"I think since both the Mayor and Councilman Leigh-Wai Doo are in support of this idea that it ought to be taken seriously and considered seriously.

"In addition, in terms of the community impact analysis for the International Marketplace, I do feel the question needs to be addressed as to what will happen to all of the businesses that are presently located there, if a convention center is to be located at that site.

"With those two caveats, I would merely request the committee, and it's only a request, to please consider not only the Aloha Motors site but the community impacts for both the Magoon and International Marketplace sites. Thank you."

Senator Holt responded:

"Madam Vice President, since my fellow Senator here has suggested that the Committee look at another site beside the two that the House has sent over and the one that we already selected last year, I'd like to invite the rest of the Senators to please let the Committee know if you have other sites you want us to consider this year. Thank you."

At 12:05 o'clock p.m., on motion by Senator Blair, seconded by Senator A. Kobayashi and carried, the Senate adjourned until 11:30 o'clock a.m., Thursday, March 10, 1988.

Senator McMurdo, chairman of the Committee on Human Services, then requested a waiver of the 48-hour Notice of a Public Hearing for the subjects listed on the agenda of the Senate Human Services Committee's hearing notice for Friday, March 11, 1988, and the Chair granted the waiver.

At 11:45 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

Senator Solomon, on behalf of the Senate, then rose to honor Mr. James Correa who was to be later presented the Senate certificate of recognition for his outstanding contributions to amateur sports and named the United

States Baseball Federation Volunteer Amateur Coach of the Year.

Senator Solomon then rose on a point of personal privilege and said:

"Madam Vice President, maybe this isn't the right thing to say during the current transition in the House organization but I cannot help myself, Madam Vice President, but to express my extreme disappointment with regards to our Senate 'right to sue' bill that is now still waiting in conference committee in the House.

"I've made an inquiry of the chairman of the Judiciary Committee as to the status of the bill and he has informed me that the bill is in conference. We are waiting to hear from the House as to whether or not they are willing to consider this piece of legislation.

"I do not have to inform you, Madam Vice President, nor this honorable body, as to the fact that the Hawaiian nation has been waiting since annexation and the overthrow of Queen Liliuokalani to address this problem -- as to whether or not Hawaiians have civil rights in this state. I think this is a serious issue. I would like to congratulate my fellow Senators for passing out the bill which was later passed by the House and the Senate and sent to Governor Ariyoshi who vetoed the bill.

"The bill has been reintroduced. I'm the introducer of that piece of legislation because there's little doubt in my mind that this is an issue of great importance and has to be resolved. I feel, Madam Vice President, that we owe it not only to the Hawaiian nation, but also to the people of this state to make a determination once and for all as to whether or not Hawaiians as beneficiaries of trusts, primarily DHHL, the Department of Hawaiian Home Lands, and the Office of Hawaiian Affairs, as to whether they have the prerogative to sue as a beneficiary.

"I feel that the Hawaiians are entitled to an answer, either it's 'yes' or 'no.' We as legislators have been waiting for six years for some kind of resolution.

"At this time, I would like to state for the record, after conferring with the Judiciary chairman, that we are willing and waiting for the members of the House to see their way clear so as to bring this matter to conference and we can discuss and come up with our decision. Thank you."

Senator Hee then rose to comment on the previous speaker's remarks and said:

"Madam Vice President, the conferees on the 'right to sue' bill are ready. We have been for a year. At such time that the House should accept and agree to go to the conference table, we are ready. That is in addition to the fact that we are ready as well to meet with the House on the drug paraphernalia bill. We have been for a month now. So to set the record straight with the members of the Senate, the Senate has been ready for both of these bills."

Senator J. Wong then introduced two "shadows," Ms. Willette Bush from First Interstate Bank and Ms. Joyce Yuen from Liberty Bank.

The Chair re-referred H.B. No. 3161 to the Committee on Judiciary.

Senator Holt rose on a point of personal privilege and said:

"Madam Vice President, in this past Saturday morning's newspaper, the Honolulu Advertiser of March 12, Jerry Burris wrote an article on the tourism marketing fronts and what's happening to the budget for DPED.

"As you know, the State House is unhappy with the administration not providing information on the supplemental budget, and that our Tourism Committee has had the same kind of problems getting information from the department. However, I'd like to comment on certain statements by the deputy director that the expanded funding, quote (what she said is), 'needed for new marketing initiatives aimed at Japanese tourists to tie in with next year's upcoming expo to expand Hawaii's representation in Asia to full computerization.'

"Madam Vice President, we do not have any details on that type of a request. I checked this morning with the

Hawaii Visitor's Bureau to find out if they had any information regarding an expansion of activities in Japan, in Asia, where they are the ones operating the offices, and they have not been asked by DBED to provide information that would justify additional funding for this supplemental year.

"I'm not sure where the deputy director got the information or whether this is just a cover-up, but your committee has not received information. We have asked for information and we will continue to ask for information on the details of that and we'll just hope that the chairman of Ways and Means Committee will support the subject matter committee's recommendations until we get that information. Thank you."

ORDER OF THE DAY

RE-REFERRAL OF A HOUSE BILL

The Chair re-referred House Bill No. 2003 jointly to the Committee on Business Development and Pacific Relations and the Committee on Judiciary.

At 11:45 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:46 o'clock a.m.

Senator Solomon then rose to speak on a point of personal privilege as follows:

"Madam Vice President and my fellow colleagues, as you know, in the Senate the Judiciary chairman and myself are concerned and have taken a strong position on the right-to-sue bill which is now with the House.

"Madam Vice President, I would like to explain the right-to-sue legislation to my colleagues and where we're at in terms of negotiation with the House.

"Madam Vice President, generally speaking, the right-to-sue bill provides standing to beneficiary organizations and individuals regarding their right-to-sue tenets; that they are direct beneficiaries of, e.g., as the Hawaiian Homes and ceded land trusts.

"The Senate has taken the position, which was passed out of the Judiciary Committee, to keep alive the clause of retroactivity to 1959. The provision will provide that no action may be brought against the state for back rentals owed to DHHL by state agencies until 1992. This, Madam Vice President, will give the state Legislature and agencies five years, Madam Vice President, five years to settle these issues on back rental before litigation will be allowed. If a resolution is achieved, there will be no need for litigation.

"Civil rights groups for Hawaiians across this state, Madam Vice President, have drafted and sponsored Senate Bills 3336 and 3366, House Bills 2409, 2410 which

provide for studies on the possibility of land exchanges to solve this problem of back rentals owed. This was agreed upon to mitigate any kind of fears that we in the State of Hawaii and this honorable body may have in reference to the standing of these organizations to sue the state for back rentals.

"Provision 3.i. provides that no one will ever be able to sue on behalf of OHA over OHA's share of ceded land revenues. This resolves the fears that we will join OHA, in other words, Madam Vice President, this should resolve our fears that the different Hawaiian organizations would join OHA against the state on ceded land issues.

"The different civil rights organizations across the state have agreed to delete the provisions of the Senate version to provide for a conciliation panel but have left in the requirement of exhausting all administrative remedies. The panel was put in there by the Senate, Madam Vice President, so that we could alleviate any of the fears that the big money cases would bankrupt the State of Hawaii. This is not the intent, Madam Vice President, of these civil rights organizations in the State of Hawaii. In other words, Madam Vice President, the Hawaiians have no intent of bankrupting the State of Hawaii. I just want to make that clear for the record.

"Lastly, civil rights organizations across this state have agreed to add a six-year statute of limitation. They feel and I feel, Madam Vice President, two years are not enough time to negotiate these issues or to have legislative resolutions worked out.

"I say this, Madam Vice President. I owe my political beginnings to the Office of Hawaiian Affairs. I believe that the people of this state want to see some resolve in terms of giving civil rights to the Hawaiian people.

"In my opinion and as a matter of interpretation, when Queen Liliuokalani abdicated her throne, and history has proven this out, she never ever, never ever, Madam Vice President, gave up the civil rights of the Hawaiian nation.

"At this time, I would like to make a request, Madam Vice President, to our Judiciary chairman if he would ask our Majority Leader to consider a brown bag luncheon with all of these civil rights organizations so we may ask the administration and the governor of this state if he would be willing to sit with these groups and try to resolve or at least discuss, Madam Vice President, the concerns that I feel are at the grass roots of this state.

"I now further add, Madam Vice President, 'Ua mau ke ea o ka aina i ka pono.' This is the motto of our state and I feel that this honorable body is obligated to see that we carry this off with the integrity that it rightfully deserves.

"If the chairman of the Judiciary Committee is willing to answer my request, Madam Vice President?"

The Chair posed the question to the chairman of the Judiciary Committee and Senator Hee responded as follows:

"Madam Vice President, in keeping with the Senate policy and certainly the policy of the Judiciary Committee, we are more than willing to meet at anytime and, perhaps, a brown bag lunch may be an appropriate way to do so. I am more than happy to accommodate the previous speaker's question.

"I would just like to add that from the committee's perspective this matter is a serious one which perhaps should not be exclusive of the governor's jurisdiction and

should perhaps be instead the jurisdiction of and a separation of the powers of government. This bill is not a new bill; it's a bill that has been long debated and has been passed by the Legislature only to be vetoed by then Governor Ariyoshi.

"Most of the legislators who passed the bill in 1986 are still here today. The chairman on the other side, Representative Levin, was then a member of the House.

"This bill is a fair bill. It does not seek to bankrupt the state. It seeks to provide justice to those native Hawaiians, those native Americans who were wronged, through negligent acts of the state government to allow them to seek justice in the courts. This is a very serious issue. So serious that I do not believe that it should be left to the governor and the governor alone to 'negotiate the state' out of this issue.

"This issue belongs in the Legislature; we are the elected representatives of the people; it is appropriate for this body and the other body across the hall to get together. And unless the Senate members feel differently, I think it's appropriate that the right to sue be retroactive to 1959 when Hawaii became a state. It does not seek compensatory damages when the foreign governments first touched these shores. It does seek to make the state accountable when Hawaii became a member of the United States.

"We are more than happy to accommodate the previous speaker's request. The conferees have been named, and at such time that the House of Representatives and the governor should like to take up the invitation, we are ready. Thank you."

At 11:59 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:06 o'clock p.m.

At this time, Senator Tungpalan, on behalf of Senators Mizuguchi and Menor, and the entire women's caucus, introduced the Pearl City High School Chargers Girls' Swim Team to the members of the Senate:

Team Captain Nadine Takai;
Team Captain Vanessa Murakami;
Members, Gay Monma, Betsy Imamura, Desiree DeSoto, Saline Tupua; Larissa Murakami and Tanya Lifa;
Head Coach Ken Suenaga;
Asst. Coach Gilbert Monma;
Athletic Director Roy Ichinose; and
Boys' Swim Coach Jane Suenaga.

Senator Tungpalan said, "The team achieved an outstanding record during the past year with the varsity team winning the OIA Western Division Championship and subsequently winning the OIA Championship. The Junior Varsity Team also excelled in their second consecutive OIA Division Championship."

The honorees rose to be recognized and were presented the Senate certificate of recognition and leis by various Senators.

At 12:08 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:11 o'clock p.m.

ADJOURNMENT

At 12:13 o'clock p.m., on motion by Senator Blair, seconded by Senator A. Kobayashi and carried, the Senate adjourned until 11:30 o'clock a.m., Friday, March 18, 1988.

House Bill	Referred to:

No. 2080, H.D. 1	Committee on Judiciary

No. 3377, H.D. 1	Committee on Ways and Means

Senator J. Wong then introduced second grade students from Ka'a'awa Elementary School observing the legislative process who were accompanied by their teachers, Ms. Betty Stephenson, Ms. Adella Johnson, Ms. Lori Muraoka, Ms. Barbara Alatheia, Mr. Michael Gallant, Ms. Sandy Alley and Ms. Marilyn Nakasone, and parents, Ms. Penny Martin and Ms. Annette Ostrem.

Senator Hee then rose on a point of personal privilege and said:

"Madam Vice President, yesterday, there were two articles written by The Honolulu Advertiser and Honolulu Star-Bulletin and I want to emphatically underline that I don't make it a habit of arguing with people who buy ink by the barrel, so this should not be construed as an argument with those who wrote the articles. It is, however, an effort on my part to set the record straight relative to what is the flagship bill in the anti-crime legislative package proposed by Hawaii law enforcement agencies.

"The Advertiser had correctly indicated that there were some problems, however, the Judiciary Committee was likely to approve a version of the criminal forfeiture bill sought by the state law enforcement package. And, in fact, the bill which you have re-referred to the Judiciary Committee only is House Bill 2080, H.D. 1, which the chairman of Ways and Means Committee has graciously allowed the Judiciary Committee more time to work on.

"I'd like to set forth for the record and members of the Senate that the so-called flagship bill has some serious flaws and defects in it, particularly to the innocent parties who may be accused of certain offenses. For example, we should understand that if any of us were to leave to take a trip and have our house occupied by someone to take care of that house and the person who occupied that house was arrested for dealing in drugs, that house you left in the charge of someone else will be forfeited under this bill.

"A wife may have knowledge that her husband, perhaps, may be dealing in drugs but is too afraid to deal with her husband's anger. Well, if the husband was arrested, her house in which she owns a half interest would be forfeited.

"There is a case in which an ILWU retiree, who is on a pension and fixed income, has a grandson who was growing marijuana on this pensioner's property. That property was seized. Now, this old individual could not possibly, for fear of his life, apparently, correct his grandson.

"I could lend you my car and if you dealt with drugs, that car would be seized, and I had no knowledge upon lending you my car that you were going down to the corner to deal in dope. The bill is very broad in the language of 'facilitated and assisted.' For example, if the car were driven it is facilitating and assisting your crime.

"As important in the bill, the burden of proof is shifted to the accused. The burden of proof should remain with the government. After all, it's the government that's bringing the charges. Therefore, the committee needs to address this issue.

"The disposition of property, while a criminal trial is ongoing, is also a problem because the property can be forfeited while it is being in a court of law.

"This bill is seriously defective and I think that the prosecutor, in his statement to the afternoon paper, really struck the heart of the motivation behind the law enforcement agencies. And that is, and I quote the deputy prosecutor, Thomas Pico: 'The point ought to be clear. If the state is not allowed to forfeit real property, the federal government will. The purpose of this bill is so the state can benefit monetarily from these forfeitures.' There's no word of justice in here. It's 'so the state can benefit monetarily.'

"When this bill comes out of the Senate Judiciary Committee, and it will, any talk of a derailment, the implication to killing the bill, is not true. This bill will

come out. But this bill will come out so the burden of proof will remain with the government, so that people are presumed innocent in this state until proven otherwise by those who accuse the innocent, and that this bill will protect those properties which by virtue of circumstance, such as the Hawaiian Home Lands, where pockets of remote areas are probably being cultivated in marijuana, that those homesteaders will not have their properties forfeited, will not have to go to court and bear the burden of proof, will not have to undergo the expense of litigation without some kind of access to compensation from the government. That when these matters are corrected in the bill, and when the Judiciary Committee, with concurrence of the chairman of Ways and Means Committee, decides on a fair way of disposing the money and not create an incentive by the law enforcement agencies to accrue cash -- when these things are done, then the bill will come out in a fair and just manner. Thank you."

At 12:01 o'clock p.m., on motion by Senator Blair, seconded by Senator A. Kobayashi and carried, the Senate stood in recess until 6:00 o'clock p.m., this evening.

Senate
Concurrent
Resolution

Referred to:

No. 76 Committee on Consumer Protection and Commerce

No. 77 Committee on Human Services

No. 78 Jointly to the Committee on Business Development and Pacific Relations and the Committee on Government Operations

Senate

Resolution Referred to:

No. 85 Jointly to the Committee on Business Development and Pacific Relations and the Committee on Government Operations

No. 86 Committee on Consumer Protection and Commerce

Senator Hee rose to speak on a point of personal privilege as follows:

"Madam Vice President, it appears through the media that the dilemma of Mr. Francis Morgan and the questions raised regarding his dilemma seem to be matriculating towards the chairman of the Judiciary Committee. I'd like at this time to set my concerns on the floor for the record so there is no misunderstanding into what potentially could be a great misunderstanding with respect to my concerns on the bill.

"Let me state that the concerns that I have raised informally and formally have been centered around the ability of this individual to repay the taxpayers of this state. The taxpayers are being asked to cough up \$10 million. And as someone who is not a member of either committee, that is not privileged to the chairman's wisdom and would not so much as to accuse either chairman of overreacting or being over-broadly concerned or not concerned with the taxpayers' money.

"The concerns I've raised as a nonmember, and as a member who is elected by taxpayers whose concerns are of taxpayers, are that, does this man through his company or his holdings, either through a sole proprietorship of Hamakua or an undivided interest in Kualoa Ranch and Kualoa lessees, does this man have the ability and is this man willing to state in writing, not through hearsay through some committee proceeding, or as far as I know it is not recorded nor on the record, is this individual willing and able and will he commit to the taxpayers that they would be the first lien should the \$10 million which he is seeking should not hold up his company? And would this man be willing to give the Senate his books just as a bank would require this individual, prior to the Senate making any decision relative to the financial health and well-being of this individual vis-a-vis the ability to repay the taxpayers of this state?

"I want to make that perfectly clear. As far as I'm concerned the taxpayers deserve nothing less than a bank would require relative to the kinds of information this man would be required to give a bank. Particularly, when the amount is \$10 million and I make that very clear that that's my concern.

"Thank you."

At 12:10 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

Ayes, 23. Noes, none. Excused, 2 (Aki and Hee).

FINAL READING

Senate Bill No. 70:

On motion by Senator Cobb, seconded by Senator Blair and carried, S.B. No. 70, entitled: "A BILL FOR AN ACT RELATING TO HORIZONTAL PROPERTY REGIMES," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Aki and Hee).

Senate Bill No. 21, S.D. 1, H.D. 1 (Hse. Com. No. 412):

In accordance therewith, the President appointed Senators Cobb, chairman, Nakasato and Ikeda as managers on the part of the Senate at such conference.

RE-REFERRAL OF HOUSE BILL

The President re-referred H.B. No. 2355, H.D. 1, to the Committee on Ways and Means.

Senator Solomon then rose to speak on a point of personal privilege as follows:

"Mr. President, as you realize, the golf course legislation was one of the issues that was taken up by the Women's Caucus. At this time, I would like to make it

clear for the record, Mr. President, that in no way was it our intention to target the chairman.

"I was able to see the news last night and the Senate chairman of the Housing, Hawaiian Programs and Natural Resources Committee was on the news and it was unfortunate that during the rally they had for the Higas that constituents, I suppose from the Senator's district, were signing petitions for recall or impeachment. I would just like to make it clear for the record, Mr. President, that that was not the intention of the Women's Caucus. Our intention is to be able to negotiate this issue with the chairman and to come up with a reasonable position so that we can take care of the concerns of the farming community out there.

"Also, Mr. President, the concern of the Women's Caucus is to make sure and to express that the intention of that legislation was not to displace farmers that are already engaged in farming.

"I just would like to state that, Mr. President, for the record. Thank you."

At this time, Senator Chang, chairman of the Committee on Business Development and Pacific Relations, requested a waiver of the 48-hour Notice of a Public Hearing on S.C.R. No. 78, S.C.R. No. 18, S.R. No. 85 and S.R. No. 22, and the President granted the waiver.

Senator Holt then rose to speak on a point of personal privilege and said:

"Mr. President, I've just learned that the House has decided not to move SB 2458, S.D. 2.

"As most of you recall, this bill would have established a permanent mechanism to distribute a fair portion of the revenues from the transient accommodations tax to the various counties on an annual basis. The Senate in approving this measure did so in an attempt to be consistent with the intent and purpose of the original transient accommodations tax legislation.

"During the 1986 Session when the transient accommodations tax legislation was passed by the Legislature, it was my understanding as a member of the conference committee that a tax rate of two percent on hotel rentals was acceptable to the industry if the revenues were earmarked for the construction of a convention center. The final conference draft of the bill however provided for a rate of five percent. The reason for the increase was to provide funds not only for a convention center but for grants-in-aid to the counties for such items as infrastructure improvements, fire and police protection, and maintenance of parks.

"In testimony presented to the House on SB No. 2458, S.D. 2, by some of the Waikiki hotel industry organizations I was surprised and disturbed to learn that they were opposed to this bill merely because it did not include funding for a convention center. Perhaps they forgot, Mr. President, that the Senate during the 1987 Session took a position on a funding mechanism for a convention center and even selected a site.

"I would therefore like to state for the record, Mr. President, I think it is both unfair and unfortunate that the industry would choose to sacrifice urgent county needs which are a direct result of the growth of the industry for something like the convention center which will surely require additional resources on the part of the counties.

"Incidentally, Mr. President, I don't recall any of the counties coming forth to testify against any convention center bill during the last two sessions, most of which did not include any funds for county improvements except the Senate's Ala Wai bill.

"Thank you."

ADJOURNMENT

At 12:00 o'clock noon, on motion by Senator Blair, seconded by Senator A. Kobayashi and carried, the Senate adjourned until 11:30 o'clock a.m., Wednesday, March 23, 1988.

The Senate, at that time, presented her with a certificate in recognition of her outstanding accomplishments."

Miss Cao and her former teacher, Mrs. Paulette Moore, who accompanied her to the Senate, rose to be recognized. Hue was presented the congratulatory Senate certificate and she and Mrs. Moore were presented leis.

"On behalf of my family, especially my mother, I want to thank all of you for helping us when we first came here from Vietnam.

"I would also like to thank all of you for honoring me today. I don't think I deserve this honor. There are so many other people who deserve it much more than I do.

"As a U.S. citizen, I think this country is the greatest country in the world. It has always been the greatest and it will always be.

"I am very proud to live in this country and I am very happy to be able to be a U.S. citizen, a part of all of you. Thank you."

Senator Tungpalan, in support of the measure, remarked:

"Mr. President, while it looks like it's a House bill, it really is in our province because the introducer now sits in the Senate. I want to thank all the members of the Senate, especially Senator Yamasaki and his committee, for hearing this bill and allocating funds to make it possible for our veterans to have a place to be buried after 1988. As you know, Punchbowl will not be able to continue burials after 1988 because of lack of space and the passage of this bill will make it possible for our veterans to have a proper burial service in Hawaii. Thank you."

Senator McMurdo, also in support of the measure, remarked:

"Mr. President, I would just like to add some words thanking everybody for this bill because the veterans have been just really terrified about this. They are going to be very, very happy to know that their families will never have to go to the mainland for burials in the future, and that's good. Thank you."

Senator Cobb, also in support of the measure, remarked:

"Thank you, Mr. President. I would like to speak briefly for the bill.

"We were faced with the situation where veterans from Hawaii would have to go to Riverside, California, to be buried if no action were taken. This situation has been known by the legislators for about a year and a half now. I'm delighted and grateful for the expeditious action in getting this bill moving so that our Hawaii veterans who number over 110,000 at the present time will be able to be buried right here in Hawaii without having to face the prospect of having their families go all the way to Riverside, California, which is the nearest national veterans cemetery site for internment.

"I urge every member to vote 'aye' and I'd like to express my appreciation to the chairman of the respective committees and to the members of the Senate for their willingness to move this issue so quickly. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2442 was adopted and H.B. No. 225, H.D. 2, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO A VETERANS CEMETERY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

ORDER OF THE DAY

MATTER DEFERRED FROM
THURSDAY, MARCH 24, 1988

THIRD READING

Stand. Com. Rep. No. 2444 (H.B. No. 461, S.D. 1):

On motion by Senator Yamasaki, seconded by Senator Mizuguchi and carried, Stand. Com. Rep. No. 2444 was adopted and H.B. No. 461, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE ISSUANCE OF SPECIAL PURPOSE REVENUE BONDS TO ASSIST INDUSTRIAL ENTERPRISES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, None. Excused, 4 (Aki, Herkes, Matsuura, Nakasato).

At 11:47 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:50 o'clock a.m.

MATTER DEFERRED FROM
THURSDAY, MARCH 24, 1988

Senate Bill No. 3310, S.D. 1, H.D. 1 (Hse. Com. No. 423):

Senator Holt moved that the Senate agree to the amendments proposed by the House to S.B. No. 3310, S.D. 1, seconded by Senator McMurdo.

Senator Holt then spoke on the measure as follows:

"Mr. President, the House made some minor technical, non-substantive amendments to the bill."

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 3310, S.D. 1, and S.B. No. 3310, S.D. 1, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO HUNTING," was placed on the calendar for Final Reading on Tuesday, March 29, 1988.

Senator Hee, chairman of the Committee on Judiciary, then requested a waiver of the 48-hour Notice of a Public Hearing on H.B. No. 3338, and the President granted the waiver.

Senator Hee then rose to speak on a point of personal privilege as follows:

"Mr. President, in this morning's Advertiser, an article related to 'Money,' a group from Mililani opposes a Senate bill.

"I want to state for the record that, unfortunately, the Mililani Town Association is not apprised of the bill to the degree of what it would accomplish.

"Senate Bill 2522 which was passed by the Senate and is now scheduled for a hearing tomorrow in the House Judiciary Committee eliminates the duplicity presently existing in the Bureau of Conveyances and the Land Court system; namely, the issuance of an owner's duplicate certificate.

"Under the present law, owners may petition for a duplicate certificate and there seems to be some psychological comfort in knowing, by the owner, that he or she may have a duplicate certificate. As a result of this duplicity in government, the bureaucracy is now at an eighteen- to twenty-four-month backlog, that is to say, before the issuance of a duplicate certificate the time of two years may lapse.

"It is therefore conceivable that someone could purchase a piece of property and before the time period of two years that person could perish. And that has occurred, according to testimony.

"According to the article, the concern by the Mililani Town Association executive vice president was that the duplicate certificate is a better system. The fact is, Mr. President, that there is not a lender in this county - not a lender in this country - would abide by the issuance and evidence of a duplicate certificate as a means to say I own this property free and clear.

"The fact is that the federal government can attach a tax lien to the property; that the bankruptcy court could attach proceedings to the property; that any number of mechanic's liens can be attached to the property, all of which would be recorded in the Bureau of Conveyances and would never show up on the duplicate certificate simply because the duplicate certificate is in someone's safety deposit box. And with that duplicate certificate, which takes on the appearance of absence of any liens, which by law is permitted, that certificate could be used to mislead and in some case defraud the third party upon the sale of that property which has liens but would appear not to have any according to this duplicate certificate.

"The other issue is that by relieving this duplicity through Senate Bill 2522, the taxpayer is saved government red tape costs.

"Secondly, that the consumer has the confidence in knowing that this opportunity of misrepresentation would no longer exist.

"And, third, that it should be noted that lenders rely on the home owner's insurance policy and not the duplicate certificate as a means to authenticate the ownership of said property.

"Finally, the argument in the media was that someone could build a parking lot; someone could put an easement or someone could put a sidewalk through someone's home without knowing. That is patently over-simplistic and begs the questions with regard to understanding what exactly are the permitting procedures, the ordinance policy set forth by our local government, and simply begs the question relative to, is this argument a coherent one and I would simply conclude, Mr. President, that that argument does not deserve a response.

"Therefore, by this article I would like to set forth for the record that, with the House concurring, Senate Bill 2522 is a bill which has been studied by the Legislative Reference Bureau; was heard last year; is not some concerted 'sneak attack' on anyone; was duly held by public hearing notice and, unfortunately, is misunderstood.

"Parenthetically, let me add, one of the individuals who testified on this bill, Mr. David Pietsch, is the Title Guaranty & Escrow Corporation which has land courted and provided duplicate certificates for every home owner in Mililani.

"Thank you."

Senator Menor also rose to speak on a point of personal privilege and said:

"Mr. President, I'd like to also make a few brief comments and remarks on the bill that Senator Hee has just been discussing.

"Mr. President, I want to make these brief remarks because Mililani is a community that falls within my district.

"I would have to concur with Senator Hee to the extent media reports indicating that the bill that the Senate has passed and the House is now considering statements to the effect that the bill would eliminate the Land Court system, are not accurately describing what the bill would accomplish.

"Basically, what the bill would accomplish is the elimination of the requirement of the owner's duplicate certificate of title. Now, I think that since this is what the bill does we need to focus upon the protections that the owner's duplicate certificate of title provides to an individual property or home owner.

"I think that it is within this context that the House should perhaps take a closer look at the bill. I think that we need to insure that whatever important protections apply to the issuance of duplicate certificates of title are not eroded and eliminated by the particular bill that we passed out of the Senate.

"I contacted the Legislative Reference Bureau about this matter, as my colleagues know, the Legislative Reference Bureau conducted a comprehensive study on

both the Land Court system and the regular system of land recordation and the study concludes that there is still a need to retain both systems.

"Because it appears to have the expertise on this particular issue, I asked LRB for a memorandum detailing the specific protections that are afforded by retaining the owner's duplicate certificate of title. I'd like to very briefly read part of the response that I received in this memorandum.

"The memorandum indicates that: 'the principal protection appears to be that notice is provided to the parties who have substantial interest in the subject property. In the case of a voluntary transfer of property, notice (of the sale) for transfer is given to the owner when the owner's duplicate certificate of title must be presented to the registrar, cancelled and a new duplicate issued in the name of the transferee. In the case of a mortgagor, the duplicate certificate is retained by the mortgagor and presented upon transfer of the property. Trustees will also receive notice of any action which will convey title or otherwise affect interests in the registered land, because the owner's duplicate certificate of title which is in the trust must be presented to the registrar for notation of the action taken against the registered land.'

"I think that these protections need to be more carefully analyzed because the Legislative Reference Bureau also contained an Attorney General's Opinion which indicates that the office has encountered problems in the past of clouded title with respect to certain property where several deeds existed to that property.

"I have also been informed of situations where a property owner has attempted to transfer title to a given piece of property by recording a conveyancing document or deed under the regular system with the Bureau of Conveyances without notifying the mortgagor or lending institution that has the mortgage on the property.

"In light of these concerns, I think we need to narrow our discussion of the bill. I think we need to get away from these generalized statements that perhaps reflect an uninformed position regarding the bill and I am hoping that in the House a very informed and rational and analytical deliberation over the bill will take place, taking into account some of the considerations and concerns that I have raised. Thank you."

Senator Yamasaki, chairman of the Committee on Ways and Means, requested a waiver of the 48-hour Notice of a Decision-Making Hearing on the H.B. No. 2081, H.D. 1, H.B. No. 2483, H.D. 2, S.D. 1, and H.B. No. 3102, H.D. 1, S.D. 1, listed on the agenda of the Senate Ways and Means Committee's hearing notice for Tuesday, March 29, 1988, and the President granted the waiver.

At this time, Senator Cobb, rose on a point of personal privilege and said:

"Mr. President, it has come to my attention through couple of members of the media that some members of the House apparently think I'm pushing a pet bill because I have a cat. I would just like to set the record straight. The cat is already long since grandfathered in and would not be affected by this bill.

"What is more salient to the point is that the testimony of the Hawaiian Humane Society reveals that over 21,000 innocent animals are put to death each year on this island alone, simply because they exist and because they can't find homes. Passage of the bill would greatly reduce that tragedy.

"In addition, Mr. President, one of your very own constituents just sent me a letter this morning. That individual has had a lien attached to his property because he dares to keep two cats within his condominium. Those cats do not impact on the common elements or the neighbors and he's had a seven-year legal battle over this issue.

"This morning I was informed in writing of a lien being attached. I find this ironic 'in the land of the free and the home of the brave' that we could have our property attached simply because of the desire to keep privately within our own confines an animal.

"And I wanted to assure you and the members of the Senate as well as the members of the House that Steve Cobb's cat has nothing to do with this bill but what does have to do with this bill is a fact that over a thousand signatures have been gathered on a petition asking that it be passed and over 21,000 innocent animals each year are put to death for the simple reason that they lack a home and they exist and because of the support of the community is, I am convinced, quite overwhelmingly in favor of this very humane measure.

"Mahatma Gandhi said it best, Mr. President, 'The moral progress of a society is judged by the way we treat our animals.'

"And by that standard, we still have a ways to go to still achieve a more humane society. Thank you."

At this time, Senator Matsuura introduced to the members of the Senate, Mr. Suresh Chander, a visitor from India.

ORDER OF THE DAY

RE-REFERRAL OF A HOUSE BILL

The Chair re-referred H.B. No. 3190, H.D. 1, S.D. 1, to the Committee on Ways and Means.

Senator Solomon rose to speak on a point of personal privilege as follows:

"Madam Vice President, I rise on a point of personal privilege to express for your Senate conferees, Senator Holt, Senator Hee and myself, our concerns on the right-to-sue legislation, a conference item before this legislative session.

"As you know, Madam Vice President, the basis of the right to sue on the part of the Hawaiian beneficiaries are two land trusts -- the Hawaiian Homes Trust, with approximately 192,000 acres, established by Congress in 1920, and the Ceded Land Trust with nearly 1.2 million acres, established in the Admission Act of 1959.

"As you know, Madam Vice President, native Hawaiians and native Hawaiian organizations are unable to litigate issues relating to their land trust assets in our state courts. The U.S. Civil Rights Commission reported in the late 1970's that the State of Hawaii was in breach of trust regarding Hawaiian trust lands.

"Your Senate conferees support our native Hawaiian organizations, Madam Vice President, and every citizen throughout this state and our great nation, their right to sue as part of the civil and human rights as guaranteed by the United States and state constitution.

"There exists a need for recognition by the honorable bodies of this Legislature to correct past and present injustices and to protect Hawaiian civil rights. In recognition of the limitations of the present process and difficulties of resolving present impasses, the right to sue is one part of a broader, human political struggle.

"With these inadequate processes in mind, Madam Vice President, your conferees are considering the creation of a resolution with three goals in mind: 1) to ratify present injustices; 2) to provide a process for the realization of self-actualization of native Hawaiians; and 3) to broaden the political struggle to secure human civil liberties.

"The creation of this resolution, Madam Vice President, will further clarify the process by assigning responsibilities and resources to one unit answerable to the Hawaiian people.

"The present political situation fragments our powers. Our fate lies with the Judiciary, the Executive, the Legislature and OHA which perpetuate the preservation of traditional practices. But Madam Vice President, we must be bold and innovative. We must come up with a resolution that will merge these powers so that we can

gather data and make recommendations, subject to the Legislature's final approval, regarding reparations due to native Hawaiians for these historical injustices.

"For the record, Madam Vice President, I would like to read for the Journal from a 'Statement to the Senate from Civil Rights Groups for Hawaiians and the Right to Sue Bill.'

"The many individuals and Hawaiian associations who have worked for civil rights for Hawaiians and who have lobbied the right-to-sue legislation for the past five years believe that the time has come for Hawaii's native people to be afforded the opportunity to seek judicial guidance in resolving the historical problems relating to the Hawaiian Homes and Ceded Land Trusts, which were set aside for their benefit by federal and state laws. Native Hawaiians are the only remaining Americans who, because of their race, are denied access to the courts to protect their property entitlements. We consider this injustice to be a denial of our constitutional right for a trial in an impartial form.

"The Report of the Civil Rights Commission issued in 1980 and the Federal-State Task Force Report of 1983 documented the extensive problems relating to native trusts and recommended that the state Legislature enact legislation to provide native Hawaiians and their associations the right to go to court. The Legislature has failed to act for five years. During this period, we have seen increasing acts of civil disobedience, physical injuries to our people, the disruption of public and private business and, more importantly, a rise in the frustration level of the native people who comprise 20 percent of this state's population. In America, the proper place for the resolution of the legal controversies is in the courts. If no access is provided, the only alternative is civil disobedience and violence. We do not want any more arrests or injuries. We do not want any more "Makapu'u incidents."

"We want, Madam Vice President, as stated in this document, the right 'to avail ourselves of the court system.' A small price, Madam Vice President, and a small tribute to the thousands and thousands of men and women who have died in World War I, World War II, the Korean Conflict, and Vietnam, protecting the human rights and dignity of people. This is what, Madam Vice President, your conferees are interested in achieving.

"At this time, Madam Vice President, I would like to defer to the Judiciary chairman. Thank you."

Senator Hee then rose to speak on a point of personal privilege and said:

"Madam Vice President, rising on a point of personal privilege.

"In some ways the Senate has been patiently waiting for our colleagues on the other side of the aisle to make some decisions relative to reconciling this very serious issue, much like the Hawaiians have been waiting for their day in court.

"Madam Vice President and members, approximately two weeks ago the manager on the part of the House, Representative Andy Levin, the Judiciary chairman in the House, and two other members of the House met with Senators Solomon, Holt, and myself in an effort to informally discuss some of the positions which have remained hard and fast and have prevented a reconciliation of this matter. Through that meeting the

Senate conferees who were present there had indicated a willingness to compromise to some of the House positions, some of which I believe, personally, will extract a large pound of flesh out of this issue of justice of the Hawaiian people.

"For example, the Senate position has always been one which contains retroactivity back to 1959. That is so that the Legislature would recognize and acknowledge that there may indeed have been negligent or gross negligent or intentional acts which have hurt the Hawaiian people, and that through this recognition that perhaps these people who have been aggrieved for 200 years would have the opportunity to seek judicial remedy, at least to the time of statehood. That was the Senate position.

"Through informal discussions and in our efforts to reconcile this long-standing issue, we talked about the possibility of a prospective position; that is to say, from this day forward all negligence would be accountable through a judicial procedure, a radically different departure from the Senate position; however, with a caveat which would say, we would take into account the auditor's research to determine if indeed back from the period of '59 negligence could have occurred and at what cost.

"It was a Senate good faith effort by those present to say, 'let's talk about it,' and to say to the House that we are willing to look at your position which is radically different from the Senate's.

"The House has reneged on that informal agreement. The House now is looking for a way out, just as they did last year. The House would now like to put this pound of flesh on the desk of the governor. And it is because of the Senate's position that we are now looking for a fallback to the degree that the governor shall not be the only executive to reconcile a legislative problem.

"The Supreme Court indicated in the suit that this is a legislative concern. And the Senate position is this will be a legislative concern and not an executive concern.

"And so, Senator Solomon is quite right, from my opinion, that for the reconciliation of this long-standing issue of injustice to native Hawaiian people that this problem cannot be skirted from the House to the governor. That this problem will include the House, like it or not, as long as they serve in the Legislature and as long as they are elected, some of whom by Hawaiian people, let the Hawaiian people hold those people accountable in 1988.

"Thank you."

At 12:09 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:19 o'clock p.m.

Senator Holt also rose to speak on a point of personal privilege and stated:

"Madam Vice President, I rise on a point of personal privilege.

"Early this session, Madam Vice President, we had a caucus on a very controversial bill. I believe it was in Senator Hee's committee, the drug paraphernalia bill. During the caucus which was very emotional ... what we were very concerned about and our leadership basically told us that what we did in that caucus was going to set the tone for this session. Basically, what we decided to do was to call the other house to move the bill back that

we passed last year and not move the bill out of the Senate, in good faith.

"As we move ahead into the last three or four weeks of this session there will be a lot of very controversial legislation that have to be acted on and I think it's appropriate that we continue to deal in good faith in order to serve the public's interest.

"I was at that meeting with Senator Solomon and Senator Hee. In fact, I was sick; as you know I had the flu. In fact it came on the day that we had our convention center decision-making and everything else. Now, that's not why I got sick, but anyway, I wasn't feeling well but I did attend the meeting with the other conferees on the part of the House who were managing the right-to-sue legislation and I endured. I thought that we came out with a very good understanding on what was to come about, and in fact we even had a deadline in terms of when the House was supposed to come up with the draft. We had a deadline. We asked for one week, but they said they needed more time; we gave them two weeks. Today, as I understand from the chairman, was the deadline for the House to propose a draft for our consideration.

"I think we were dealing in good faith, Madam Vice President. As I understand it, the House does not have a draft for the Senate to consider. And as indicated earlier from the previous speakers, we were ready to compromise to try to come to some agreement, to get something acted this year, to address the situation that people up in the gallery are very concerned about.

"I think if that's the way the House is going to operate, we're going to have a very interesting next few weeks because there are other legislations that are going to come before us. If we cannot negotiate in good faith with the House, it's going to be very difficult for this body to sit down across the table and come to some kind of agreement and then, like what I went through last year, a few hours later they'll come back and change their mind. I don't want to go through that again.

"I think that the hard work and the efforts put forth by the conferees who are trying to address the problem and the House not wanting to get involved with not only this controversial issue, but any controversial issue ... it's easy to make no decision, Madam Vice President, but that's not what we're elected for. We're elected to make decisions and if we don't make decisions then who's going to make them. The people can't do it by themselves.

"Basically, I just wanted to follow-up on the comments made earlier because I don't think it's fair to the people who have been working hard out in the community, pushing for this legislation, to get nothing and for the House to just take the easy way out just to get out of the session.

"I think that credit should be given to the chairman of Judiciary for the hard work that he's done trying to compromise. It's not that easy to compromise on this particular issue but we did come up with a position and we were ready to work, but apparently the House is not willing to do so.

"I have another point, Madam Vice President. I just would like to request some information, Madam Vice President. Maybe, perhaps if you can forward this formal request to the person involved.

"I understand from earlier comments made from the chairman of Ways and Means that the Hamakua Sugar

bill is on the tracks. I received some phone calls. My family ... I was just reading an article on James Robertson and I didn't know that my great, great, great, great grandfather back in 1822 came over here and he was a shipbuilder; he was a PR man for a firm back there. That's got nothing to do with me. You know, we have family all over the place and I received some calls regarding some promises that were made when Francis Morgan took over the plantation from Theo. Davies, and that in the negotiations with the ILWU who decided not to ask for any pay raises or anything else, there was some discussion about taking care of the workers' housing needs because they lived in these camps; there was talk about consolidation. I was wondering if we could follow-up and ask if those promises have been kept.

"Also, my understanding is that he's got twenty-five to thirty thousand acres over there in Hamakua, and it doesn't seem inappropriate for him to set aside fifty or a hundred acres or whatever to take care of the workers who have loyally served him all these years. But I would like to find out whether that promise has been kept.

"In addition, as I understand it, there were other promises to provide land for Honokaa Hospital, and I was wondering whether that promise has been kept.

"I just would like to personally request that if you could get the information back to this body before we have decision-making on the sugar bill, I'd greatly appreciate it. Thank you."

At this time, Senator Cobb, chairman of the Committee on Consumer Protection and Commerce, requested a waiver of the 48-hour Notice of a Decision-Making Hearing on House Bill No. 3297, H.D. 1, S.D. 1, and the Chair granted the waiver.

At 12:30 o'clock p.m., on motion by Senator Blair, seconded by Senator A. Kobayashi and carried, the Senate stood in recess until 8:00 o'clock p.m.

RE-REFERRAL OF HOUSE BILL

The Chair re-referred H.B. No. 2783, H.D. 1, jointly to the Committee on Consumer Protection and Commerce and the Committee on Health.

Senator Solomon then rose on a point of personal privilege and said:

"Madam Vice President, as you know, yesterday this honorable body hosted a poi luncheon to discuss the right-to-sue legislation. What I have distributed for my colleagues' consideration are two sheets, Madam Vice President, which list negative personality and positive personality traits. These were distributed to every member of the United Nations before they went into discussion, Madam Vice President, of human suffrage issues.

"I feel very confident, Madam Vice President, that your conferees and fellow Senators that attended the poi luncheon had the positive personality traits. I myself, Madam Vice President, attended with a spirit of consideration and a spirit of diplomacy. I had a true sense and a spirit of addressing the issue with honesty, sensitivity, and the inner strength of positive spirituality to address this issue of human rights.

"I saw, Madam Vice President, and you all witnessed that the native Hawaiian community came with a spirit of enthusiasm, faith, forgiveness, generosity, and a sense of reliability that they have placed in the legislative process that we will address their concerns with dignity and integrity.

"Madam Vice President, the Attorney General also attended. We had this feeling of adaptability, a willingness to sit and listen to the truth of these issues. What was the House response? It was arrogant, critical, negative and with a sense of rage, resentment and suspicion. Madam Vice President, suspicion and temperamental with an overriding feeling of pettiness. I find this hard to understand in view of the Aloha Spirit law this honorable body voted for wherein we agreed in principle that we will negotiate our problems in the spirit of Aloha with willingness to share and understand.

"In line with the spirit of Aloha, your Higher Education Committee, Madam Vice President, is considering -- but I don't know if this state is ready for this -- to request this great state of ours to host an international peace conference. I would like to read the draft of this resolution:

'Whereas, armed conflicts are occurring in many areas of the world, involving struggles between nations and internal civil wars within nations; and

'Whereas, these conflicts and tensions and threats caused by them impose severe hardships on large populations; and

'Whereas, the effort to achieve peaceful and just settlement in these conflicts is a continuing and imperative priority, requiring the efforts of all; and

'Whereas, many international, regional, governmental and nongovernmental entities are working toward peaceful solutions to these conflicts, that these efforts should not deter additional approaches to solve these conflicts.'

(What we're saying here, Madam Vice President, is that the time has come to stop political rhetoric, to end discussing issues on human suffering and start doing something -- be action oriented, be committed.)

'Whereas, communication and understanding among people are essential ingredients for peace; and

'Whereas, a carefully organized conference on issues of peace and social justice will be a useful step in addressing these issues, particularly if such a meeting could include' (could include, Madam Vice President) 'specialists in peace studies, winners of Nobel Peace Prizes, leaders of world religions, experienced diplomats, academic leaders, and other persons who have been active in considering issues of peace and justice; and

'Whereas, Hawaii would be an excellent place for such a conference because of the prevailing aloha spirit and the racial and cultural diversity of its citizens; and

'Whereas, Hawaii is the home for the East-West Center which has excellent conference facilities and is dedicated to improve the understanding among peoples; and

'Whereas, the University of Hawaii Institute for Peace has been established to address issues of peace and just and already has a number of programs designed to address current conflicts; now, therefore,

'Be It Resolved by the Senate of the Fourteenth Legislature of the State of Hawaii that the University of Hawaii Institute for Peace be respectfully requested to initiate the organization for such a conference, working in close coordination with appropriate experts from the East-West Center; and

'Be It Further Resolved that the Governor of the State of Hawaii be respectfully requested to form a committee of local and regional academic, political, religious, and business leaders to work in conjunction with the Institute for Peace and the East-West Center to ascertain the feasibility of having such a conference in Hawaii, focusing in particular on the funding and logistics of such an effort;'

"I have a letter from Kahu Abraham Akaka, who as you know, Madam Vice President, with Governor Burns went to Congress to plead for Hawaii's ascension to statehood. I'd like to read to you all, Madam Vice President, and for the Journal, the Kahu's thoughts on this peace mission and resolution.

'Briefly, my thoughts are these:

'Mankind today faces the inescapable choice of living together in peace, or perishing together in warfare.

'Great efforts have been made in the past to give structure to the hope for peace on earth -- the League of Nations, the United Nations -- but the great choice continues to loom larger and larger -- "BEHOLD I SET BEFORE THEE DEATH AND LIFE ... CHOOSE LIFE SO THAT YOU MAY LIVE."' (This philosophy, Madam Vice President, permeates every religious, every philosophical document that has been recorded from the beginning of time.)

'Aloha or Love is the Source, Power and Structure of unity.' (This is what Hawaii has to offer to the world.)

'Aloha is the Source, Power and Structure of all forms of unity -- it unites heart with heart, hand with hand, mind with mind, culture with culture, race with race, nation with nation as one OHANA.' (This is within our Hawaii State Constitution. I didn't make that up, Madam Vice President.)

'In my Statehood Address at Kawaiahao Church on March 13, 1959' (I quote from Kahu Akaka's letter) 'which our delegate to Congress at that time, John A. Burns, included in the Congressional Record,' (and I have a copy that I will present to the Journal to be inserted) 'and which influenced Hawaii's legislators to choose "THE ALOHA STATE" as Hawaii's descriptive name, I said: "HAWAII HAS MORAL AND SPIRITUAL CONTRIBUTIONS TO MAKE TO OUR NATION AND WORLD ... WE CAN AFFIRM WHAT WE REALLY ARE AS THE ALOHA STATE BY FULL PARTICIPATION IN OUR NATION AND WORLD ... THE UNCONDITIONAL DESIRE"' (the unconditional desire, Madam Vice President) "'TO PROMOTE THE TRUE GOOD OF OTHER PEOPLE IN A FRIENDLY SPIRIT, OUT OF A SENSE OF KINSHIP ... LOVING EVEN WHEN THE LOVE IS NOT RETURNED ... SUCH IS THE LOVE OF GOD."'

'I was in the seventh grade, Madam Vice President, attending Hilo Intermediate School when this address was given on the steps of Kawaiahao. And I remember that, Madam Vice President, because everyone was in tears, hugging each other. Hawaii had truly come to its moment of truth.

'At this time, Madam Vice President, I would like to defer the floor to our Judiciary chairman, the manager for the Senate, but before I do so, I would like to mention that in the Advertiser it stated that our chairman was angry. I too would be angry, Madam Vice President, when you talk about human rights, when you talk about the guts of the Constitution of America, the guts of the Constitution of Hawaii, I would be angry if nothing is done.

'Madam Vice President, I would like to relate to the members of the Senate who were not present about Auntie Pele Honua from Kau who said to the House manager, 'Andy, tell Auntie who you covering up for. Are you covering up for him upstairs? If you are, Andy, tell us so we Hawaiian people know who's blocking our efforts.' The House manager answered -- and I was a witness sitting on his side -- 'I was willing to go to conference; I was willing to go with the House version.' So in defense of the Senate our manager immediately rebutted and said, 'Well, let's go, Andy. Let's go now; let's go this afternoon. Let's settle this issue once and for all. Let's show the people of Hawaii that we believe in the Constitution; that we believe in what we pass.' We ended

that luncheon, Madam Vice President, with the singing of Hawaii Pono. This is how it went.

"As the introducer of that legislation, Madam Vice President, I want to commend our Judiciary chairman. He did an excellent job. I want to commend conferee Senator Holt who also stated, 'Let's go to conference; let's resolve this issue; let's do it as we are dictated to do by the mandates of our constitutions, i.e., through the legislative process.' We have had no response. This is why, Madam Vice President, we are here today on this floor. Thank you."

(Senator Solomon's insertion of the Congressional Record, Proceedings and Debates of the 86th Congress, First Session, Hawaii Greets Statehood, Extension of Remarks of Hon. John A. Burns, Delegate from Hawaii, In the House of Representatives, Thursday, March 12, 1959, follows.)

"Mr. Burns of Hawaii. Mr. Speaker, press reports circulating the reactions of the people of Hawaii to the final passage of S. 50 by the House of Representatives indicated that the people of Hawaii quite naturally demonstrated their exuberance in many ways.

However, in justice, it should be told that a great many people of Hawaii reacted in an entirely different way. For, according to numerous reports received, the most immediately spontaneous reaction of the people of Hawaii was one of prayerful thanksgiving to the Almighty and of seeking His guidance in meeting new responsibility.

One of Hawaii's news reports contains the story of an unplanned service held at Kawaiahao Church. This church is the denomination of the missionaries who came to Hawaii in 1820. A crowd of more than 1,000 people, including the Honorable Neal Blaisdell, mayor of the city and county of Honolulu, gathered and paid respect to the Divine Providence within minutes of the news being received that the bill was passed by the House.

The next morning, thanksgiving services were held at this same church. The Reverend Dr. Abraham Akaka, pastor of Kawaiahao Church, gave the sermon, which is included here:

'Statehood Service, Kawaiahao Church, March 13, 1959

"One Nation under God, indivisible, with liberty and justice for all." These words have a fuller meaning for us all in Hawaii today. And we have gathered in this mother church of Hawaii, our Westminster Abbey of Hawaii, to give thanks to God, and to pray for His guidance and protection in the years ahead.

'Our newspapers have been full of much valuable historical data concerning Hawaii development and growth and aspirations. I will keep the copies of these stories as long as I live, and for my children and grandchildren after them. For they have called to our minds the long train of those whose prayers and hopes and sacrifices through the years were fulfilled yesterday. There remains the formal expression of our people for statehood, and the entrance of our islands into the Union as a full-fledged member.

'I would like to speak the message of self-affirmation this morning, that in the days ahead, we take courage to be ourselves, to be the Aloha State.

'On April 25, 1820, 139 years ago, the first Christian service of worship was conducted in Honolulu on this very ground. Like our Pilgrim Fathers who arrived at Plymouth, Mass., in 1620, so did the fathers of a new era in Hawaii kneel in prayer to give thanks to God who had seen them safely on their way after a long and trying voyage.

'Gathered around the Rev. Hiram Bingham on April 25, 1820, here at Kawaiahao were a few of our kupunas who had come out of curiosity. The text for the sermon of that day, though it was April and near Easter-time, was from the Christmas story. And there our people heard these words for the first time: "Mai Makau Oukou, No Ka Mea, Eia Hoi, Ke Hai Aku Nei Au Ia Oukou I Ka Mea Maikai, E Olioli Nui Ai E Lilo Ana No Na Kanaka A Pau. No Kai Mea, I Keia La I Hanau Ai, Ma Ke Kulanakauhale O Davida, He Ola No Oukou, Oia Ka Mesia Ka Haku. (Fear not, for behold, I bring you good tidings of great joy which shall be to all people. For unto you is born this day in the city of David a Savior which is Christ the Lord)."

'Although our grandfathers did not realize it then, the hopes and fears of all their years through the next century and more, were to be met in the meaning and power of those words, for from that beginning, a new Hawaii was born. For through those words, our missionaries and people following them under God became the greatest single influence in Hawaii's whole development -- politically, economically, educationally, socially, religiously -- so that Hawaii's real preparation for statehood can be said to have begun truly on that day 139 years ago on this spot.

'Yesterday when the first sound of firecrackers and sirens reached my ears, I was with the members of our Territorial senate in the middle of the opening prayer for the day's session. How strange, and yet how fitting it was that the news should burst forth while we were in prayer together. Things had moved so fast. Our mayor, a few minutes before, asked if the church could be kept open, because he and others wanted to walk across the street to the sanctuary here for prayer when the news came. By the time I got back from the senate, this sanctuary was well nigh filled by people who happened to be near when the sirens started ringing, people from our government buildings nearby. And as we sang the great hymns of Hawaii and of our Nation, and lifted up our voices in psalms and prayers, it seemed that the very walls of this church spoke of God's dealing with Hawaii in the past, the great events both spontaneous and planned that they had seen here. For the love and power of God has been a refuge and a guide for our people through the past century and more.

'There are some of us to whom statehood brings great hopes; and there are some to whom statehood brings silent fears. One might say that the hopes and fears of Hawaii are met in statehood today. There are fears that statehood will motivate economic greed toward Hawaii, that it will turn Hawaii into a great big (as someone has said) spiritual junkyard filled with smashed dreams, wornout illusions -- that it will make us a lonely, confused, insecure, empty, anxious, restless, disillusioned -- a wistful people.

'There is an old mele that reminds me of fears such as these, and the way God leads out of these

fears. "Kaku'i I ka uahi O Ka lua, Pa I Ka Lani, Haahaa Hawaii, Moku O Keawe I Hanau Ia, Po Puna, Po Hilo, Po I Ka Uahi O Kuu Aina, Ola Ia Kini, Ke A Mai La Ke Ahi" (There is a fire underground but the firepit gives forth only smoke, smoke that burst upward, touching the skies, and Hawaii is humbled beneath its darkness. It is night over Hawaii, night from the smoke of my land, but there is salvation for the people, for now the land is being lit by a great flame).

'We need to see statehood as the lifting of the clouds of smoke, and the opportunity to affirm positively the basic gospel of the fatherhood of God and the brotherhood of man. We need to see that Hawaii has potential moral and spiritual contributions to make to our Nation and world. The fears Hawaii may have are to be met by men and women who are living witnesses of what we really are in Hawaii, of the spirit of Aloha, men and women who can help unlock the doors to the future by the guidance and grace of God.

'Self-affirmation is the need of the hour. And we can affirm our being, what we really are, as the Aloha State by full participation in our Nation and world. For any collective anxiety, the answer is collective courage. And the ground of that courage is God.

'We do not understand the meaning of Aloha until we realize its foundation in the power of God at work in the world. Since the coming of our missionaries in 1820, the name for God to our people has been Aloha. One of the first sentences I learned from my mother in my childhood was this from Holy Scriptures: "Aloha ke Akua." In other words, Aloha is God. Aloha is the power of God seeking to unite what is separated in the world -- the power that unites heart with heart, soul with soul, life with life, culture with culture, race with race, nation with nation. It is the power that can reunite where quarrel has brought separation; it is the power that reunites a man with himself when he has become separated from the image of God within.

'Thus when a people or a person lives in the spirit of Aloha, they live in the spirit of God. And among such a people whose lives so affirm their inner being, we see the working of the Scriptures: "All things work together for good to them who love God. From the Aloha of God came His Son that we might have life and that we might have it more abundantly."

'Aloha consists of a new attitude of heart, above negativism and legalism. It is the unconditional desire to promote the true good of other people in a friendly spirit, out of a sense of kinship. Aloha seeks to do good to a person, with no conditions attached. We do not do good only to those who do good to us. One of the sweetest things about the love and Aloha of God is that it welcomes the stranger and seeks his good. A person who has the spirit of Aloha loves even when the love is not returned. And such is the love of God.

'This is meaning of Aloha. I feel especially grateful that the discovery and development of our islands long ago was not couched in the context of an imperialistic and exploitive national power, but in the context of Aloha. There is a very deep correlation between the charter under which the missionaries came -- namely, "to preach the Gospel

of Jesus Christ, to cover these islands with productive green fields, and to lift the people to a high state of civilization" -- correlation between this fact, and the fact that Hawaii is not one of the trouble spots in the world today. Aloha does not exploit a people and keep them in ignorance and subservience. Rather it shares the sorrows and joys of people; it seeks to promote the true good of others.

"Today, one of the deepest needs of mankind is the need to feel a sense of kinship, one with another. Truly all mankind belongs together, for from the very beginning -- all mankind has been called into being, nourished, watched over by the love of God who is Aloha. The real Golden Rule is Aloha. This is the way of life we must affirm.

"Let us affirm ever what we really are -- for Aloha is the spirit of God at work in you and in me and in the world, uniting what is separated, overcoming darkness and death, bringing new light and life to all who sit in the darkness of fear and the shadow of death, guiding the feet of mankind into the way of peace.

"Thus may our becoming a State mean to our Nation and the world, and may it reaffirm that which was planted in us 139 years ago on this ground: "Fear not, for behold I bring you good tidings of great joy, which shall be to all people.""

Senator Hee also rose on a point of personal privilege and said:

"Madam Vice President, we have before us a Standing Committee Report 2354 on House Bill 3408, H.D. 2, previously referred to by the Senator from Hamakua Coast, entitled 'A Bill for an Act Relating to a Civil Rights Commission.' This bill will be voted upon by the members. I'd like to read the fourth paragraph which begins on page 2, and I quote:

"The powers and functions of the commission shall be to investigate and conciliate complaints of unlawful discriminatory practices under existing state laws, to commence civil action in circuit court, and to issue the right to sue to the complainant."

"When we vote on this bill and when we pass this bill, unless people would vote against the right to sue, for everyone in this country, we will have passed landmark legislation regarding civil rights for all people, including minorities.

"A letter was written to the government with a petition, 'To Your Gracious Majesty Kamehameha III and to All Your Chiefs and Counsel Assembled, to His Majesty Kamehameha III and the Premier Kehauluahi and All the Hawaiian Chiefs and Counsel Assembled on account of our anxiety we petition you, the Father of the Hawaiian Kingdom and the following is our petition:

'1. Concerning the independence of your kingdom.

'2. To dismiss the foreign officers whom you have appointed to be Hawaiian officers.

'3. We do not wish foreigners to take the oath of allegiance and become Hawaiian subjects.

'4. We do not wish you to sell anymore lands pertaining to your kingdom to foreigners.

'5. We do not wish taxes in a confused, obscure manner to be imposed in your kingdom.

'6. This is the cause of our wishing to dismiss these foreign officers.'

"Published, 1845 of August. The response came from the Kingdom and briefly on Point 4: 'We do not wish you to sell anymore lands pertaining to your kingdom to foreigners,' and this was the government's response:

"This is our opinion. It is by no means proper to sell land to aliens, nor is it proper to give them land for the land belongs to Kamehameha III. There is no chief over him. But we think it is proper to sell land to His Majesty's people that they may have a home. But if these persons wish to sell their land again, they cannot sell to aliens, for there is only one sovereign over those who hold lands, but if the people wish to sell to those who have taken the oath of allegiance, they can do so for Kamehameha III is King over them.' (Clever, no doubt written by someone very clever.)

"What is to be the result of so many foreigners taking the oath of allegiance? This is it in our opinion. This kingdom will pass into the hands, into their hands, and that too, very soon. If you, the chiefs, decide immediately to sell land to foreigners, we shall be immediately overcome. In years which have passed, we desired to pasture cattle that we might have some property, but the most of us were forbidden to pasture cattle; therefore we have no cattle, nor anything with which to purchase cattle. And now the chiefs are admitting foreigners into the country to possess the good lands of Hawaii and to deprive us of the same with the exception, perhaps, of our small cultivated patches."

"Regardless of whether we agree or disagree with the pre-read statements, it's there. It's on the record. It's government record. Whether we agree or disagree with the authors of what was read, they have a right. Those who are alive today, whose ancestors wrote this type of document, they have a right to question the government. We have a right to question the government. All of us have a right to sue except Hawaiian people. This was written by Hawaiian people. This is Hawaii. I don't think anybody asked Hawaii to become a state. We are being jived, we are being shucked by Andrew Levin, the manager on the part of the House, and if it was anybody else I would name that person because that's why we're here. And that's why the paper names me. Let's call a spade a spade. Let's stop shucking, let's stop jiving each other.

"The newspaper said that yesterday's lunch was confrontive. I can take a lot but don't call me a liar, especially if I'm not lying. When Andrew Levin said that he was ready to go to conference on the bill but the Senate didn't want to, that's a lie. It was simple; it was easy; the Senators were there. So what is a confrontation? As defined by Webster's New Collegiate Dictionary, 'to face, to cause to meet, to bring face to face.' These people, they're still waiting. The meeting hasn't occurred.

"You have before you, members, three instruments in writing. The author, I presume, is Representative Levin. It is House Bill 37, H.D. 1, S.D. 2, C.D. 1, in draft. I presume Andrew Levin wrote these documents. I know Andrew Levin gave them to Senator Solomon. I presume these instruments are a conference draft proposal which we agreed informally in Senator Solomon's office two weeks ago. We agreed. We agreed that Andrew Levin would write up the draft. This is a House bill. We

agreed. He wrote the draft. We agreed. But maybe Andrew Levin has a different definition for the word agree.

"We will transmit this letter to the Speaker of the House, the leader of the House, 'The Senate Conferees on House Bill 37, H.D. 1, 'Relating to the Right to Sue by Native Hawaiian and Hawaiian Individuals and Organizations,' have agreed to accept in principle the proposed conference draft presented to Senator Solomon by Representative Levin.' (If that's a lie, I stand corrected, but that's not a lie. That's the truth.)

"As the manager of the Senate conferees, we are requesting that the House conferees re-convene formal proceedings to reconcile this long standing concern.

"Get off the dime; fish or cut bait; let's go; but let's not dance. And let's not accuse the other body of things which are not true.

"The tone was set in the first caucus of the Majority on a different bill. It was said then and I say it again now with respect to biting horses. People remember what I said. It's time. Let Andrew Levin take the forum and grandstand to his heart's content, but let's put everybody on notice. Let the Hawaiian people, let the non-Hawaiian people know, everybody see; let's be accountable, and let's not dance and shuck and jive, for that's not why we're here.

"This issue is of justice. That's why we're here. This issue is of right to a free society, the same society which allows victims to sue. These are victims. Hawaiians are victims. Non-Hawaiians are victims. But the Hawaiian cannot sue. Last time I checked we weren't in Alaska. The next move is Andrew Levin's. The next move is on the House of Representatives. The last vote should be by the voters. Thank you."

Senator Holt also rose on a point of personal privilege and said:

"Madam Vice President, I attended that poi luncheon that the Senator from the Hamakua Coast hosted so graciously yesterday. During that luncheon which was attended by many representatives from Hawaiian organizations there was discussion about the bill that was mentioned by the Judiciary chairman; there was mention of the resolution that was being worked on by the various parties involved.

"I attended that luncheon with the idea that the Senate wanted to hear from the Hawaiian community their concerns about this issue and the Senate was taking the initiative to bring them in, like we do on all our other brown bag luncheons, on major issues before this body.

"Representative Levin was invited to that luncheon and he attended. During the course of the lunch, for those of you who were not able to make it because of your busy schedules, we delved into process, the process by which we deal with here regarding bills; the process which we have to go through on controversial issues which we as elected officials are voted into office to make hard decisions on and this particular issue as we all know has been around, nothing has been done and we tried to bring the issue to the surface to find out what exactly in the process is not working.

"During the discussion yesterday when Representative Levin mentioned the fact that he was willing to move out the conference draft of the House draft ... Madam Vice President, this is not the sixty-first day of session, this is only, according to our 'OD,' the forty-fourth day. There

are 16 more working days in the session, 15 more working days (sorry, Senator Cobb). We are not through with the session; there is a lot of time; a lot of major bills have to be negotiated between the House and the Senate. There is time to sit down on this particular issue.

"But what I resent, Madam Vice President, was some of the statements made yesterday to you who was idly sitting by listening in on this discussion and accusations were made by the House manager of this bill about your holding bills back when you were Housing chairman which has nothing to do with the issue before us. I resent that and I don't think it's fair to you or any one of us to try and misinform the community about the issue before us because we know the process; we work here; we're elected; we know how bills are passed. When those statements were made I interjected yesterday. I said, 'Let's go; let's get to work; bring the bill out; bring it to the floor; take a vote.' And he indicated, 'Well, we might not be able to get it out of committee.' I said, 'Circulate the committee report.'

"I think that the personality traits that Senator Solomon circulated earlier to this body is very appropriate. I think that all of us here try to enter into negotiations and as I indicated yesterday, even before the luncheon, about the bill that the Judiciary chairman had in caucus and what we were told in order to set the tone for the session that this was the way to handle it, to act in good faith. So we go in with positive personality traits and what do we get in return? Are people afraid to vote? Are they embarrassed? Are they afraid or fear?

"Madam Vice President, I have a problem with that because this is a very important issue. No decision is an easy way out not to make a decision, but that's not our job. I think that if what we observed yesterday is not true, then maybe I'm mistaken about what confrontation and anger and everything is. If it's not so on the part of the House, Madam Vice President, then I expect that we will receive a reply to Senator Hee's letter in the affirmative that the House is ready to reconvene the conference on the right-to-sue bill immediately before session ends.

"With that, I'd just like to close by saying again, Madam Vice President, I resent the fact that the manager in the House brought you into the discussion yesterday regarding how you handle bills when it's a totally different matter. Basically, what we're dealing with is a bill which is in conference and should be dealt with. Thank you."

Senator Cobb also rose on a point of personal privilege and said:

"Thank you, Madam Vice President. I would like to also rise on a point of personal privilege. I had not planned to do so, but after listening to the impassioned and eloquent discussion that has preceded this, I think it is necessary.

"I have referred recently, usually privately but now on television, to the fact that I think in several areas we live in today what is a feudal society. It is a society where the native people of this land do not have a right to sue. It is a society with those who live in some dwellings must be compelled to surrender those dwellings. It is a society where people lack a fundamental right of privacy. It is a society where their neighbors or their association may govern, alter their behavior or cause their eviction, even within the privacy of their own unit.

"I am sure that my colleagues could add even more eloquently other indices of feudalism that exist in this

society of ours. I am troubled because I have had opposition from some constituents about my vote in favor of the right to sue. I freely admit that. I have responded privately, one-on-one to them, with many of the traits that the Senator from Hamakua passed out, trying to explain on the basis of compassion, of understanding, of mercy, of consideration, why it is we should give that right. Why, whenever we see a vestige of feudalism, we should be willing to stand up and correct it and to do so as quickly and as dispassionately as possible.

"Another Senator has said, 'Let us take this question to a vote.' I would say the same thing. On this issue, on any other issue where we find a vestige of feudalism that exist in our society and it deserves to be addressed, I would plead with my colleagues with the same privilege, call a vote because we will not achieve perfection either in this or any other legislation in one session's time. But, Madam President, the time has come to begin. Thank you."

Stand. Com. Rep. No. 2526 (H.B. No. 2197, S.D. 1):

On motion by Senator Yamasaki, seconded by Senator Mizuguchi and carried, Stand. Com. Rep. No. 2526 was

adopted and H.B. No. 2197, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Stand. Com. Rep. No. 2527 (H.B. No. 2553, H.D. 1, S.D. 2):

Senator Yamasaki moved that Stand. Com. Rep. 2527 be adopted and H.B. No. 2553, H.D. 1, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Mizuguchi.

Senator Herkes rose to speak on the measure as follows:

"Mr. President, I will vote for this bill but I just want to point out something. Your committee also wishes to emphasize, reading from the committee report, emphatically point out that liability insurance premiums for OB-GYN practitioners have risen a whopping 66 percent since August 1, 1987, making it an immediate public need that this subject bill be approved.

"Mr. President, we have recently been enlightened by the chairman of Ways and Means Committee that perhaps insurance companies must shoulder some of this blame. Whatever it is, Mr. President, it seems to me that we should get to the root of the problem rather than just throwing money at the problem.

"Thank you, Mr. President."

At 2:55 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 3:02 o'clock p.m.

Senator A. Kobayashi then rose to speak in support of the measure and remarked:

"Mr. President, I'd like to say a few words, in support of the bill.

"Mr. President, the Women's Caucus had a similar bill, asking for an appropriation for the liability insurance premiums, and to help solve the root of the problem, we asked also for a study to be done in the rural areas so that we could find out what the problem is out there and how we could solve it. However, this bill was sent to the House and was never seen again. Had that bill passed, maybe we could have gotten to the root of the problem.

"Thank you."

Senator Solomon also spoke for the measure and said:

"Mr. President, in support of the previous speaker, I'd like to make an inquiry of the chairman of Health, if I may at this time."

The Chair posed the question to the chairman of the Committee on Health and the chairman having responded in the affirmative, Senator Solomon asked:

"Mr. President, we were informed by HMA that a resolution was to be submitted by them to the chairman that would address this problem. I would like to ask the Health Committee if this has been submitted by HMA."

Senator B. Kobayashi, chairman of the Committee on Health, responded:

"Mr. President, such a resolution has not yet been submitted."

Senator Hee then interjected:

"Mr. President, I believe the resolution that Senator Solomon speaks of will be forwarded to the Committee on Judiciary. However, that resolution has not been submitted to me, but Dr. Winn called me to do a study on OB-GYN's."

"But, as far as getting to the root of the problem, it's spelled 'i-n-s-u-r-a-n-c-e.' That's the root of the problem."

"Thank you, Mr. President."

Senator A. Kobayashi then added:

"Mr. President, the Women's Caucus will be introducing a resolution, asking for that."

The Chair remarked:

"That's what I thought you'd do. Thank you very much."

"Senator Hee, they will be introducing a resolution."

Senator Hee answered:

"Mr. President, when it reaches the desk, it will be heard."

The Chair remarked:

"That is up to the chairman of the respective committees."

Senator Hee thanked the Chair.

"Mr. President, I rise to speak against the bill.

"For two years we have been trying to get the Department of Transportation to justify these rules and regulations and they have been unable to do that. Now, this bill proposes to put the regulations and the fee-setting in the hands of the administration without any input from elected officials, be they county councils or the legislature. And I think that what we are going to end up with are more stringent regulations without cause and higher fees, and I just would urge people to vote against this.

"Thank you, Mr. President."

"Very briefly, Mr. President, at the bottom of page 2 and the top of page 3 on the bill is an item that should be called to the members' attention for conference and that is, beginning on line 20 of page 2 and going on to page 3, it specifies: 'In any case where child support is an

issue, and an order for child support is established or modified, and the obligor receives income on a periodic basis, the court shall concurrently enter an order' and continuing on.

"The explanation needs to be elaborated in conference committee to specify that it would have to be on the finding of either a court order or the request of another state based on the court order so as not to proceed on the supposition that such an income withholding could take place without a clear court order.

"Thank you."

At 3:16 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 3:19 o'clock p.m.

House Bill No. 3308, S.D. 1:

Senator Cobb moved that H.B. No. 3308, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Blair.

Senator A. Kobayashi rose to speak against the measure and said:

"Mr. President, I will be voting against this bill not because of the substance of the bill but because an issue was added to the bill that was never in bill form. I feel that if we are going to have a bill cutoff, we should not be able to add things to a conference committee bill and, therefore, I will be voting against this bill.

"Thank you."

Senator Cobb responded:

"Very briefly, Mr. President. I assume the material being alluded to is the findings on the bylaws that grew out of a discussion in terms of proxies with the blue ribbon panel, where they had pointed out that a normal practice of soliciting proxies is with the proxy solicitation being done on behalf of the board, and that if proxy solicitation were done by the president only that's an extremely archaic, seldom used practice, but it does entitle the board president to cast the proxies without consulting the other members or in any form exercising any type of democracy on the board.

"The other item relating to AIDS was heard in several other bills and was addressed to the concerns of numerous realtors who had felt very strongly that since AIDS is confidential and since there are non-disclosure provisions and non-discrimination provisions regarding AIDS that it should not be a material fact. And having checked with the realtors, that particular measure does have their support. I think it's been heard in several other bills as well.

"In addition, this material is not being added in conference. It's being put in on the Senate side for discussion in conference committee where we will have all ideas on the table.

"Thank you."

Senator A. Kobayashi then said:

"Mr. President, I believe it came out in a public hearing that the AIDS material was not included in the bill, that is my point. It was not in the bill form and is

being added to this bill and the public has no chance to testify on it. They don't even know it's here. So, that's why I'm voting against the bill."

Senator Herkes rose to speak against the measure and said:

"Mr. President, I rise to speak against this bill as it will circumvent the county zoning laws. And there's no description of what a pet is that you could conceivably have -- an elephant, a goat, a pig, chickens, dogs, or whatever in your room. I think that that's a mistake.

"Thank you, Mr. President."

Senator Cobb responded:

"Very briefly, Mr. President. A pet will track the federal definition since this provision is already in the federal law and applies to all federal housing where there is any type of subsidy received by any level of government. Thank you."

Senator McMurdo rose to speak against the measure as follows:

"Mr. President, I rise to speak in opposition to this bill.

"I recognize that there are certain good features of this bill, but I am still compelled to speak out against it.

"I would like to commend the Senate Tourism Committee chairman for his sensitivity toward the International Marketplace merchants. He is quite right in stating that our committee 'does not wish to have on its conscience elimination of the source of livelihood for the dependents of those small businesses.' For that reason, and also because the Marketplace was an abominable choice as a convention center, I applaud its removal from consideration.

"However, I think it's most unfortunate that the committee chose to retain the Magoon Estates as a possible site. It has the same objectionable features as the Marketplace.

"I also question the choice of Aloha Motors because it is located at the intersection of Kapiolani and Kalakaua, the busiest and most dangerous in our entire state.

"The Tourism Committee chairman should be praised for the proviso in the bill that would require at least 60 percent of the residential units developed in a 'convention center district' be affordable to and reserved for low and moderate income persons.

"However, I'm still opposed to the continued support of the Ala Wai Golf Course as a possible convention center site. This location is still in or near Waikiki and Moiliili and Kapahulu and, for that reason, I cannot condone it.

"I'm against the use of taxes from the general fund to build a facility which will not be used by Hawaii residents or taxpayers.

"Additionally, I strongly object to the superseding of any county land use zoning planning, development, construction law and rules for the construction of any building, including a convention center. And, certainly, I see no reason why such laws and rules should be superseded for one possible convention center site and not another.

"Also, it seems to me to be a dangerous precedent to include the following statement in the bill: '...the withdrawal of public lands required ... for the Hawaii convention center shall not be subject to legislative disapproval of this section.'

"I don't know about the rest of you, but as a legislator I want to retain the right of approval and or disapproval on anything to do with funding or establishment of a convention center.

"There are alternatives for the development of a center. There are locations which will neither adversely affect residents nor displace small businesses. There are sites which would be of benefit to all the peoples of Hawaii. Had this bill left the door open for consideration of these superior sites, it would have been far more acceptable.

"As this bill now stands, I must vote no on it.

"Thank you."

Senator Holt rose to speak in support of the measure and remarked:

"I speak in support of the bill, Mr. President.

"As you know, we have another vehicle that is still in conference, carried over from last year. That bill calls for the Senate's position on just the Ala Wai Golf Course and the House position was to do some studies.

"But after evaluating the administration's convention center studies, after evaluating a lot of the reports and information that have been provided to us in the past year, the Senate felt compelled to try and address the option of having a privately built convention center, and is willing to compromise with the version that we have prepared for adoption today.

"With due respect to the previous speaker's remarks and neither reports that the Senate, and myself particularly, is handcuffing developers and the House ... Mr. President, I am a graduate of the Mamoru Yamasaki school of bill drafting ... and the House has sent over a dinghy and we are sending back an aircraft carrier.

"Thank you."

Senator Cobb also rose to speak in support of the measure as follows:

"Speaking in favor with reservations, Mr. President. I cannot resist the analogy to the aircraft carrier since there was a previous bill that engendered some discussion on it.

"Nevertheless, I would like to express my reservation about the continuation of the position with respect to the Ala Wai golf center since the major thrust of this session of the convention center site seems to be towards the direction of a combination of private financing with some public financing. The continued thrust and positioning of the bill in favor of the Ala Wai Golf Course in effect puts us back at last year's position.

"But I do recognize the good work of the chairman and of the committee with respect to the International Marketplace, as well as being able to keep their options open for conference committee. I'm just hoping, when it comes back from conference, we do not have the Ala Wai in the same position that we had last year.

"Thank you."

Senator McMurdo then asked:

"Mr. President, would it be possible to consider a new site for the convention center like the Battleship Missouri?" (Laughter.)

Senator Holt responded:

"Mr. President, in response to the previous speaker's, before this last speaker, comments on the Ala Wai.

"We did a lot of work in the committee on the governor's administration studies and we did analyses of their economic trends that they did using data which they collected. As we indicated earlier when we met to pass the bill out of subject matter committee to Ways and Means, a rerun of the model put Ala Wai Golf Course at the top of the list, above the International Marketplace and above Magoon.

"And for that reason alone, rather than abandon the Ala Wai as a preferred site, we decided to keep it in the

bill, allow the private developers to go ahead and come up with a proposal. We're not sure if that's going to work, but we're willing to give it a chance and if we can be shown that a private developer can build a convention center at free or very little cost to the state, then we are willing to back off of our position on Ala Wai.

"Thank you."

Senator B. Kobayashi spoke on the measure as follows:

"Mr. President, I rise to speak in favor, with reservations.

"I believe that the Senate and the House have taken a good position in seeking to build a convention center privately financed. But as they say, there is no such thing as a free lunch. We may not pay with taxpayers' monies, but a convention center built with private funds will entail other costs. These include social costs and locational costs.

"Specifically, I might mention that one plan presented to us by a proponent of the Magoon site listed as a possibility, yet to be worked out, that the Magoon site will include a privately financed convention center with 7,400 parking stalls, with approximately 3,900 hotel and condominium rooms on an area of approximately ten acres. When you consider that the Sheraton Waikiki, which is the largest, single hotel building in Waikiki, that is a single structure hotel building, has approximately 1500 hotel rooms you can see that trying to put 7,400 parking stalls plus approximately 3,900 rooms, hotel and condos, on a single piece of property between two of the busiest streets in Waikiki will be a bit of a problem.

"Nonetheless, I think that we are still in the early stages of getting solid proposals in for a privately financed convention center. Should those proposals perhaps be less dense or intense in terms of the amount of infrastructure and buildings to be placed on the site, then I think these matters deserve additional consideration.

"As of now, I am concerned that we have accepted a good path, that of a privately financed and/or operated convention center. But as I said, there are other costs associated with it and we should look to what the specific proposals from the private developers might be before considering the final product.

"Thank you."

Senator Hee moved that Stand. Com. Rep. No. 2632 be adopted and H.B. No. 2688, H.D. 1, S.D. 2, pass Third Reading, seconded by Senator Menor.

Senator Menor rose to speak on the measure as follows:

"Mr. President, I rise to speak in favor of this bill, but with reservations.

"I will vote in favor of H.B. 2688, H.D. 1, because I am basically supportive of the intent behind the legislation which is to afford students meaningful participation in the formulation of policies and decisions by the Board of Education. However, I believe that H.B. 2688, H.D. 1, raises constitutional issues that the Legislature will have to address before enacting this bill into law.

"First of all, this bill proposes an amendment to our state constitution which, if adopted by the voters of Hawaii, might violate the one person/one vote requirement and the Equal Protection Clause of the federal constitution. Under this bill, the voters are going to be asked to ratify a state constitutional amendment

which would allow the Hawaii State Student Council to select a public high school student to serve as a non-voting member on the Board of Education. This method for selecting a member to the Board of Education, may present inherent constitutional problems because it would permit students to vote for their own representative while denying eligible adult voters the right to vote for this representative. Moreover, this system would permit a particular class of individuals or population group within the community to select one of its own members to the Board of Education while depriving other interested groups or organizations of the same opportunity. For example, one might ask why teachers or PTA members should not similarly be assigned membership on the Board of Education. Finally, the system outlined by this bill as drafted would create inequity among public school students themselves by restricting the right to help select a student member to the board to those students who serve as members of the Hawaii State Student Council.

"These potential constitutional problems were also outlined in a copy of a letter I received from Representative Rod Tam's office. This letter was written by Professor John Van Dyke, who teaches constitutional law at the University of Hawaii Law School. His letter responded to concerns raised by the Senate Judiciary Committee on the constitutional issues that I have been discussing. Professor Van Dyke indicated that the bill might violate the one person/one vote approach. Professor Van Dyke proposed solutions in his letter to resolve these constitutional concerns, but unfortunately none of these are adopted in this bill as drafted.

"The committee report for the previous bill which we have just passed, H.B. 2715, H.D. 1, S.D. 1, indicates that the attorney general's office also has concerns about the constitutionality of establishing a student member position on the Board of Education. To be sure, the bill that is now before us has been amended from the original version to specify that the student member shall not be a voting member of the Board of Education. However, I do not think that this provision would necessarily cure the constitutional defect because public high school students would still be afforded the right to select one of their members to the Board of Education, a right which would not be available to all adult eligible voters. In effect, the inequities present in the original H.B. 2688 would not be eliminated by this amended bill.

"There are, of course, other concerns that all of you may have which do not reflect the constitutional issues that I have been discussing. I do not believe that these concerns are insurmountable to the extent that they cannot be further addressed and resolved in the House-Senate conference committee on this bill. Finally, for those who would argue that this bill does not enact a constitutional amendment but merely refers the issue for voter approval, I would respond by saying that we as legislators have a responsibility to insure that measures that we recommend to the public are not constitutionally invalid. Accordingly, I am hopeful that this legislation will be given the full and careful attention that it deserves.

"Thank you."

"Mr. President, may I be able to insert in the Journal the letter from the Attorney General that stipulates some of the concerns associated with the House draft of this bill?"

The letter from the Attorney General follows:

"March 31, 1988

The Honorable Norman Mizuguchi
Chairman, Senate Committee on Education
The Fourteenth Legislature
State of Hawaii
State Capitol, Room 219
Honolulu, Hawaii 96813

Dear Senator Mizuguchi:

Re: Student Member on the Board of Education;
H.B. No. 2688, H.D. 1, and H.B. No. 2715, H.D. 1

We are responding to your letter dated March 14, 1988, requesting our legal advice regarding the constitutional validity of H.B. No. 2688, H.D. 1, and H.B. No. 2715, H.D. 1, which propose to amend the State Constitution and statutes to add a voting student member to the Board of Education.

Specifically, you requested our legal advice on the following questions:

1. Would the bills require an amendment to article II, section 1 of the State Constitution which sets the voting age at eighteen as the bills arguably allow persons younger than eighteen to vote in a local election?

2. Because the bills restrict voting for one member of the Board of Education to a certain class of persons, would the bills violate article I, section 5 of the State Constitution and the fourteenth amendment to the United States Constitution by denying equal protection of the laws?

We answer the first question in the affirmative. An express exception to the 'voting age' of eighteen years would avoid any legal question about the student's qualification to vote in a state election. Regarding the second question, there are two divergent lines of cases from the U.S. Supreme Court, one of which makes it questionable whether the bills satisfy the equal protection clause of the U.S. Constitution, and we believe there would be a fair to good chance of the bills being found unconstitutional.

We understand that House Bill No. 2715, H.D. 1, provides for election of the voting student member to the Board in the following manner:

1. Applications are taken from interested students in grades 9-11 at each public high school, but only those who will be juniors or seniors during the term of service are eligible.
2. The Hawaii State Student Council selects ten candidates from among these applicants.
3. The student member is then selected at an annual statewide caucus by elected student representatives from each of grades 9-11 at each public high school.

Our understanding is that only public school students in grades 9-11 will be permitted to participate in the process for selecting a student member of the Board of Education under H.B. No. 2715, H.D. 1, as drafted. Public school students in grade 12, all private school students, and adults cannot participate in the process.

Whether these restrictions violate the equal protection clause of the U.S. and Hawaii Constitutions is difficult to predict, but there is certainly a possibility that they might.

On the one hand, the U.S. Supreme Court has held that the right to vote is a fundamental right. Any state statute which restricts that right (except for those relating to age, citizenship, or residency) must demonstrate a compelling state interest and pass a strict scrutiny standard. Harper v. Virginia Board of

Elections, 383 U.S. 663 (1966). A New York statute that restricted voters in school district elections to only those residents who owned or leased taxable real property in the district or who had children enrolled in the local public schools was held to be invalid. Kramer v. Union School District, 395 U.S. 621 (1969).

On the other hand, the Court has also recognized that not all government offices require selection by election, that state elections are generally a matter for the state to determine, and that local government organizations require innovation and flexibility. Sailors v. Kent Board of Education, 387 U.S. 105 (1967).

This conflict puts these bills in a questionable status constitutionally, and although we believe that a court could uphold these measures as a legitimate effort to increase student participation in educational matters, it could just as easily, and perhaps more probably, find them constitutionally defective.

MATTERS DEFERRED FROM
EARLIER ON THE CALENDAR

THIRD READING

House Bill No. 2501, S.D. 1:

Senator Fernandes Salling moved that H.B. No. 2501, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Chang.

Senator Fernandes Salling rose to speak in support of the measure as follows:

"Mr. President, I rise to speak in favor of this bill.

"I understand the concerns of my colleagues and would like to assure them that we just got notice that the House

has agreed to put this bill into conference so that we can address the major concern which has to do with school busses. We plan on proposing that we do exempt very clearly school busses, so I believe that that should take care of most of the problems that the members had with this bill.

"Thank you."

Senator Chang, also on the measure, stated:

"Mr. President, I'd just like to express my reservation that such side exhaust systems could be feasibly required of existing busses as the bill would require. I do know that there is a compliance period of two years. Perhaps in conference or within the two years permitted that the people who are affected by this bill will make their concerns known.

"Thank you."

Senator Reed spoke against the measure and said:

"Mr. President, I rise to reluctantly speak against this piece of legislation.

"I introduced a very similar bill last year which would have required pollution control devices for all diesel engine busses. Unfortunately, they are not available on the market yet. This bill would not require installation of pollution control devices. It would simply require retrofitting devices at an estimated cost of \$25,000 per bus. Worse, the people who would do such things maintain that the retrofitting would have no impact on pollution control. So, with regrets, I vote against this one."

Senator Tungpalan also spoke on the measure and remarked:

"Mr. President, while I speak in favor of the bill, I do have one request to make of school bus owners and that is, while they are transporting our students and waiting for them, I do hope that they turn off their engines. The air that they pollute belongs to our children as well as the elderly who use our parks and places that they are touring. In consideration for their livelihood and the fact that they need to survive, we are exempting them, but I do hope that they also get the message to turn off their engines so that we can go on having the clean air that we deserve."

Senator Fernandes Salling responded:

"Mr. President, this is a problem in our state which has much more to do with the tour busses that all of you recognize and it's an attempt to short off the expensive catalytic converter method to try and deal with this exhaust problem by directing that they do direct the exhaust up, as opposed to providing for these catalytic converter methods."

"With respect to what Senator Reed mentioned about the cost, this is news to your committee chairman and we will definitely be looking at this when this matter is taken up in conference.

"Thank you."

The motion was put by the Chair and carried and H.B. No. 2501, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO AIR POLLUTION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 5 (George, Herkes, Ikeda, Kobayashi, A., Reed).

At 6:31 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 6:36 o'clock p.m.

Stand. Com. Rep. No. 2602 (H.B. No. 3416, H.D. 2, S.D. 1):

On motion by Senator Solomon, seconded by Senator Matsuura and carried, Stand. Com. Rep. No. 2602 was adopted and H.B. No. 3416, H.D. 2, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO FARM LOANS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

At this time, Senator Hee introduced Mr. Sam Caldwell to the members of the Senate and said, "He is one of the beneficiaries of the action just taken by the Senate ... people don't know it but he is the 'hanai' brother of Francis Morgan."

Senator Hee then rose to speak on a point of personal privilege and remarked:

"Mr. President, I rise on a point of personal privilege.

"Mr. President, we have just acted upon a bill regarding privacy, the functions of privacy, what is public record, what shall be determined not to be public record, and it is on that note that I would like to offer a few remarks regarding the Judiciary and their apparent lack of sensitivity regarding public records.

"In January 1987 the Judiciary branch of government sent out a request for proposals, what we know here as an RFP, for an organizational review of administrative support functions of the Judiciary. Ultimately, this bid price at \$32,500 was secured by Arthur Young & Company over the services of three others.

"Among the requests that were included in the Judiciary this year were two division chiefs, two secretaries, data processing systems analysts, an audit clerk, an accountant, and a purchasing specialist, of which in final action on your Judiciary budget the committee denied \$341,720 and approved \$70,000.

"Future requests would include: a second deputy, a planner, a court staff attorney and secretary - at \$139,728.

"During the course of a five-hour deliberation in a public hearing on January 22, 1988, your Committee on Judiciary had requested of the Judiciary, a preliminary draft of the Arthur Young report, revised drafts and any other working documents before the final report was issued. We requested notes from interview with Judiciary personnel, summaries of interviews, and the notes. If the notes were to identify specific personnel in the Judiciary branch of government we were not interested in the names per se. We were interested in all data or documents sent to Arthur Young. We were interested in the executed copy of the contract between Arthur Young and the Judiciary. We were interested in all correspondence between the Judiciary and Arthur Young. We have not received any of the initial preliminary drafts, the interviews and documentation. This information, in a letter dated March 11, was again requested and not received.

"In that letter dated March 11th I said and I quote: 'Arthur Young continues to refuse to release the above requested information until they obtain approval from their legal counsel. This is totally unreasonable since the Judiciary is 'the client' and therefore the information should be released to you (meaning Janice Wolf) upon request.'

"On March 18th I received a letter from Miss Wolf, the administrative director of the courts which said: 'For your information pursuant to your written memorandum received on March 14th for notes, documents and data concerning the study entitled 'An Organization Review of the Administrative Support Functions' the Judiciary executed the attached letter of release to Arthur Young & Company.'

"The attached letter said to Arthur Young & Company, in attention of Mr. Ed Andrews: 'The Judiciary, State of Hawaii, by Janice Wolf, Administrative Director of the Courts, hereby releases Arthur Young & Company from the provisions contained in Section 14, Confidentiality of the Contract, for an organizational review of administrative support functions of the Judiciary, State of Hawaii, dated 16 April 1987, except that Arthur Young & Company shall continue to hold in confidence notes and interviews which may identify individuals.'

"On March 24th I received a letter from Miss Janice Wolf again that said very briefly, 'Pursuant to a request transmitted herewith is a copy of correspondence from Arthur Young to Miss Janice Wolf dated March 21.'

"And this is what Arthur Young had said in request from the Judiciary Committee for documents paid with taxpayers' money regarding public information:

"While your letter does not request' (and this is Miss Wolf's letter that Arthur Young is referring to) 'copies of any documents, the implication is that you are requesting that documents be released to the Senate Judiciary Committee with the exception of all notes from interviews which may identify individuals specifically or indirectly. While I can certainly understand and appreciate your caution in this regard, I must point out that it is virtually impossible to ascertain which documents may permit indirect identification and thus Arthur Young cannot agree to accept responsibility for making a determination of which documents are required to be maintained. Arthur Young must also be concerned about shielding itself from potential allegations. Arthur Young would be willing to consider your request if the Judiciary would indemnify Arthur Young in a manner acceptable to Arthur Young's counsel.'

"In that section of the contract which has been referred to Section 14, it says, 'All such material prepared under this agreement will remain the property of the Judiciary.'

"Also, Mr. President, in a letter dated March 18th to my chief budget analyst Garrett Toguchi, Ms. Abelina Shaw, the court staff attorney said in a brief statement: 'This is to confirm in writing that we do not have any copies of the preliminary draft of the Arthur Young report.'

"Mr. President, the report which was spent by taxpayers' monies called for a half-million-dollar increase in the budget and in some ways similar to what we are requesting of the \$10 million farm loan, that being the working documents and the preparation of justification for a second deputy and many other positions that the Arthur Young & Company recommends, the Judiciary is refusing to disclose to the committee the working documentation

and is refusing to disclose to the committee the justification.

"Your Committee on Judiciary is inclined to reopen the public hearings, subject to our legal counsel and with your concurrence. We cannot allow public documents to be withheld from the legislative prerogative when making policy. This is not the first time that something like this has happened. It has happened with regard to the convention center. It has happened with regard to the contract to the Hilo Hospital, and unless the legislature takes swift and decisive action this kind of action will continue to occur with legislation we have acted upon this evening and with legislation which we will act upon during the closing days of this session.

"Thank you, Mr. President."

Senator Herkes also rose to speak on a point of personal privilege and remarked:

"Mr. President, last Friday, Good Friday, in Kona there was a young man and a young lady, brother and sister, Joe and Leinaala were their names, playing with their dog under the guidance of their mother on a public thoroughfare in a quiet residential neighborhood in Kona, when suddenly without provocation and without warning a neighbor's pit bull attacked this little dog, tore it apart and killed it in front of the eyes of these terrified children.

"Their mother was unable to stop that. The owner of the dog was in the house. His wife was unable to stop the incident. I thank the Good Lord that one of those two children were not killed, Mr. President.

"What frightens me, Mr. President, is that the house where this dog lives is two doors away from Kahakai Elementary School and it frightens me to think of what might happen if that dog gets loose and attacks one of the many children on their way to and from school.

"I know this incident well, being the children in question were my daughter-in-law's children. And they are still in a state of shock.

"Mr. President, I would urge that the county councils of this state do something to curb this growing menace, and hopefully in the next session of the legislature we will do something to control this menace.

"The pot growers have taken our forests away from us, and now these dogs, Mr. President, are even taking our neighborhood roads away from us, our streets. Mr. President, we must do something. Thank you."

ADJOURNMENT

At 6:50 o'clock p.m., on motion by Senator Blair, seconded by Senator A. Kobayashi and carried, the Senate adjourned until 11:00 o'clock a.m., Tuesday, April 5, 1988.

FORTY-SIXTH DAY

Tuesday, April 5, 1988

The Senate of the Fourteenth Legislature of the State of Hawaii, Regular Session of 1988, convened at 11:08 o'clock a.m. with the Vice President in the Chair.

The Divine Blessing was invoked by the Reverend Phil Mark, Hawaii Kai Congregational Church, after which the Roll was called showing all Senators present with the exception of Senators Blair, Holt, Ikeda, Reed and Tungpalan.

The Chair announced that she had read and approved the Journal of the Forty-Fifth Day.

The following introductions were made to the members of the Senate:

Senator A. Kobayashi, together with Senator Matsuura, introduced Actor Tom Selleck and associates of "Magnum P.I." as follows:

"Madam Vice President, it's my great pleasure and really a great honor to introduce the people from 'Magnum P.I.' They have contributed so much to the people of this state and so much to the economy ... we're really fortunate to have them here today to show our appreciation ... for all that they've done for the State of Hawaii ... but we know that Tom Selleck and his crew will still be around with us because they're really part of Hawaii. I'd like to introduce Tom Selleck who really needs no introduction."

Mr. Selleck rose to be recognized and was presented the Senate certificate of appreciation and lei.

Senator Matsuura then said, "On behalf of all the people of Hawaii, Tom, we want to express our deepest mahalo for all that you did for the State of Hawaii."

Senator Matsuura then introduced those associated with the production of "Magnum P.I." as follows: Ms. Chris Abbott, supervising producer and "according to Mark Schilz, the best script writer in the whole United States"; Mr. Charles Floyd Johnson, "the head coach, the co-executive producer, the guy that is overall in charge of the Magnum production here in Hawaii"; Mr. Rick Weaver, "producer from Los Angeles who puts the package together to the filming ..."; and Mr. Mark Schilz, "who has become a very good friend and the one that's been helping me with the studios ... and I'm very grateful for all the help that he has given me."

Ms. Abbott and the gentlemen rose to be recognized and were presented leis.

Senator Matsuura also introduced the film crew of "Magnum P.I." who were seated in the gallery.

Senator Cobb then expressed appreciation to Mr. Selleck on behalf of all veterans "... for the courageous and enlightened way in which he has portrayed the struggle of many not only who came back from Vietnam, but also the readjustment of veterans in general ... in fact it took a great deal of courage to put that on national television ... Mahalo Nui Loa. Thank you very, very much."

Senator Cobb then introduced student intern Ethan Kozaki, 7th grader from Wheeler Intermediate School.

At 11:18 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:22 o'clock a.m.

At this time, the Chair invited Mr. Selleck to address the members of the Senate.

Mr. Selleck's remarks are as follows:

"I'm not much of a speech maker but I did want to speak to everybody for just a minute.

"First of all, I'm honored to receive this recognition from the state Senate today. It's kind of icing on the cake, the cake being the opportunity I've had to work and live in Hawaii.

"In the past eight years 'Magnum' has directly spent a hundred million dollars in the State of Hawaii -- without any multiplier effect that a hundred million, pollution free, tourist industry promoting, revenue-producing dollars. Now I say this not for the purpose of self-congratulation but to remind you that these kinds of figures may very well become a thing of the past. After twenty years of 'Hawaii Five-O' and 'Magnum,' there is really no likely successor to provide the foundation and economic base for the film industry in Hawaii.

"The high cost of filming here and the losses in network television's share of the market have combined to make the film industry in our state less than competitive. I hope you will ask what, as legislators, you can do about this.

"First of all, in my opinion, the state should not go into the film business. There is, however, one thing that needs to be accomplished immediately. Hawaii must have a studio facility. Now that is not as difficult to accomplish as it may first appear because we already have one. The problem is we may lose it.

"Since no one asked me, here's my solution to the dilemma.

"First, restructure the prohibitively expensive lease for the Diamond Head studio facility so that it becomes attractive to new producers. The facility should not, I repeat, should not be looked on as a revenue producer, but rather a carrot to attract potentially far greater revenue.

"When the facility cost \$25,000 a month; when the facility requires \$103,000 a month in taxes; when the facility is required to pay a thousand dollars a month in facility permits, we are not sending the right signals.

"Second, use the money from your already established studio development fund to compensate the University of Hawaii for the revenue it would lose. I think that it can be as simple as that, and it is just the first step, but it's a beginning.

"Hawaii has been very good to me, and I would like to now help to put something back and I hope you've accepted these remarks in that spirit. Thank you for your time.

"Aloha!"

The Chair thanked Mr. Selleck.

MATTER DEFERRED FROM MONDAY, APRIL 4, 1988

FINAL READING

Senate Bill No. 3287, H.D. 1 (Hse. Com. No. 456):

Senator Aki moved that the Senate agree to the amendments proposed by the House to S.B. No. 3287, seconded by Senator Solomon.

Senator George rose to speak against the measure as follows:

"Madam Vice President, when I first heard about this measure I was reminded vividly of Shunichi Kimura's remarks in I believe the early 1970's when he was mayor of the County of Hawaii. He offered the thought that if we were to proceed along the lines of the trends that he then saw in government, there would soon be no necessity for county governments and he proposed that as a logical conclusion to that trend that we abolish county governments.

"Madam Vice President, I think we're taking another giant step in this direction. We have now four charters which purport to be home rule charters. The planning within the four counties of this state has been assigned to the counties and now we see, I suppose like salmon swimming upstream, we are seeing that it is being made more and more difficult for the counties to undertake to do the planning and to have the responsibility for that function.

"I'm going to vote against this bill. It's not that I'm against housing. Heaven knows I think it's one of the most important things we should be able to do, but I just think it's in the wrong hand.

"Thank you."

Senator Herkes also rose to speak against the measure as follows:

"Madam Vice President, I recognize that the counties are a creature of the state and the powers that the counties have are given by the state, and they can take those powers away. One of the most significant and important powers the county governments have is in land control and land use. The state already has a tremendous amount of influence on the counties' land use through the Land Board and state Land Use Commission.

"And more important, a tremendous impact on the ability to finance infrastructure. The state puts roads and harbors and airports and assists with sewage plants and things of that nature. They have a great influence already on the direction that county land use takes. If you keep adding to the state's control and keep taking it away from the counties, it really makes the counties' general plans useless. The counties' general plans are the most important documents that counties generate in that it dictates the guidance, control, everything that the counties do is controlled by the general plan. And if we keep picking land use powers away from them, then we make the general plans useless and we've just really render the county governments impotent.

"And I, like Senator George, feel that we need housing. I just feel that this bill is going in the wrong direction. And having served on county councils and now in the state government I can assure you, Madam Vice President, that people are much closer to county governments and have much greater influence on county governments than they do on state government. And I think we should keep land use for the people who have the most to say about it, and that's in the county governments. I will vote 'no.'

"Thank you, Mr. President."

Senator Solomon spoke in support of the measure and said:

"Madam Vice President, I speak in support of this piece of legislation.

"Madam Vice President, I would like to remind all of my colleagues and I'd like to read for the Journal the preamble of the Constitution of the State of Hawaii:

'We, the people of Hawaii, grateful for Divine Guidance, and mindful of our Hawaiian heritage and uniqueness as an island State, dedicate our efforts to fulfill the philosophy decreed by the Hawaii State motto, "Ua mau ke ea a ka aina i ka pono."

'We reserve the right to control our destiny, to nurture the integrity of our people and culture, and to preserve the quality of life that we desire.

'We reaffirm our belief in a government of the people, by the people and for the people, and with an understanding and compassionate heart toward all the peoples of the earth, do hereby ordain and establish this constitution for the State of Hawaii.'

"To continue, Madam Vice President:

'Creation; Powers of Political Subdivisions. The legislature shall create counties, and may create other political subdivisions within the State, and provide for the government thereof. Each political subdivision shall have and exercise such powers as shall be conferred under general laws.'

"Madam Vice President, we do not overstep our prerogative.

"I shall read on, within the same Constitution:

'Housing, Slum Clearance, Development and Rehabilitation. Section 5. The State shall have the power to provide for or assist in housing, slum clearance and the development or rehabilitation of substandard areas. The exercise of such power is deemed to be for a public use and purpose.'

This is why, Madam Vice President, I am voting for this bill.

"Furthermore, I am voting for this bill because of my situation in the Third Senatorial District which is now experiencing the greatest boom with hotel resorts. Land speculation has gone out of sight.

"I have fought, Madam Vice President, fought the Hawaii County Council on issues providing affordable housing.

"With the Hyatt Regency coming on line we will have approximately 5,200 plus rooms. Times that by two and you will have almost as many people as my Third Senatorial District -- 15,000 people. These are local people, Madam Vice President, people who need affordable housing cannot afford the Kohala Ranchettes.

"This is what the Hawaii County has provided the people in my district, Madam Vice President, ranchettes that cost between half-a-million to a million-and-a-half dollars.

"Land speculation cost has gone out of sight, when most of my people, Madam Vice President, are on the poverty wage level. What has the county done to respond to that plea of the local people. I personally have attended countless public hearings, urging, urging for consideration. Yet, I see no response to the pleas.

"It is because of this, Madam Vice President, that we are here today, and that we are here looking at this piece of legislation that I am in full support of. Thank you."

Senator Aki also rose to speak in support of the measure and remarked:

"Madam Vice President, briefly, in support of this bill.

"The issue before us is not home rule, Madam Vice President, the issue is housing -- decent and affordable housing for the residents of our state.

"Those of us in government have worked all these years ... our governor, our Housing and Finance Development Corporation and all of us in the Legislature have worked years and years on this issue. I believe that we need to take this step to really get our housing program going. The passage of this bill will finally make it possible for us to go ahead and fulfill our commitment to the people of this state.

"I have other comments in support of this bill and would like to have them inserted into the Journal.

"Thank you."

Senator Aki's written remarks are as follows:

"Madam Vice President, for years, we have been concerned about the need to provide more affordable housing for Hawaii's residents ... and for years, we have attempted to tackle the problem. Though our efforts have been earnest, they have been sorely inadequate.

It is unfortunate indeed that the housing problem has gotten progressively worse with more and more of Hawaii's families in need of decent homes with affordable rents or affordable mortgages. I believe that we, the legislative governing body, must take bold steps to approach the problem in a systematic and comprehensive manner.

Today, I stand before you to ask for your support in the passage of S.B. 3287, H.D. 1 -- a landmark measure which will uphold our commitment to the provision of affordable housing. This measure is part of our legislative comprehensive approach to support the development of thousands of much needed homes across our islands. It will allow the Housing Finance and Development Corporation (HFDC), the state's housing development arm, with greater flexibility in developing much needed affordable housing. The intent is to allow the HFDC to establish standards for developing affordable housing projects and to fast-track the delivery of much needed homes without sacrificing the public's health and safety.

More importantly, this measure will ensure us that our substantial commitment of resources toward alleviating the housing shortage will not be obliterated should any or all of our state-planned and funded projects be disapproved by the county councils. I firmly believe that housing projects which are sponsored by the state should not be a 'tail wagging the dog' situation in which the counties have tail-end veto power over the state.

As you will note, the House has made several substantive amendments to S.B. 3287. They have made the bill's provisions effective for five years; they have provided assurances that the HFDC comply with the EIS and shoreline management laws; they have provided assurances that a public hearing on any proposed project be held so as to ensure opportunities for public and county input; they have made the public notice requirements more stringent for rules adopted pursuant to this measure; and they have retained the 'not less than sixty percent' housing requirement for lower income purchasers."

Senator Cobb also rose to speak in support of the measure and said:

"Madam Vice President, I rise to speak in favor of the measure.

"First of all, I note the changes to the bill since it was originally introduced includes a five-year drop-dead, which I think will give a very adequate review period to see how well it's worked or whether or not any problems have been caused.

"I have to rise and speak in strong agreement with the remarks of the Senator from the Third Senatorial District with respect to the lack of affordable housing that is presently available on the market today.

"I think that if there's any message that needs to be sent forth to our people, to our counties, to those who need housing is that we on the state level are dead serious about providing affordable housing. And when that housing is in the range of a hundred thousand to half-a-million, that is not affordable housing.

"We're willing to put money where our mouth is. We're willing to go through this trial period. We're willing to tell everyone concerned we're dead serious. I urge the members to support this measure.

"Thank you."

Senator R. Wong also supported the bill and remarked:

"Madam Vice President, I rise to speak in favor of this measure. Very briefly, I just want to say that it's not an issue of home rule. It's an issue of affordable housing.

"But in particular, Madam Vice President, I would like to take this opportunity to thank you for the many years of dedication toward achieving this particular goal that we are going to vote on today. This is a culmination of years of suffering, of talking to individuals when you were chairman of Housing, of trying to get this message across -- that housing is not only a Democratic Party platform but it is a people platform. To you Madam Chairman, I wish to take this opportunity to thank you very much.

"Thank you."

The Chair acknowledged with thanks.

Senator Menor then spoke against the measure as follows:

"Madam Vice President, I hate to dampen the consensus that appears to exist on the Democratic side of the Senate, but I rise to speak against Senate Bill 3287, House Draft 1.

"I want to preface my remarks by saying, since I am a member of the Democratic side of the Senate, that I don't want my remarks or criticisms to be taken as reflecting negatively upon our governor, because there's no question that I feel the same as all of you that we should not question the sincere commitment of our governor in trying to resolve the problem of affordable housing here in the State of Hawaii.

"In addition, I don't think that any legislator's commitment to affordable housing should be called into question simply because he or she votes against this bill. I think that if some of us vote against this bill it is because we would like to insure adequate procedural safeguards so that the implementation and development of affordable housing can be made more compatible with surrounding uses and concerns of existing communities.

"I vote against this bill, Madam Vice President, because I think that the bill is so broad that it creates the potential of giving an almost blank check to the Housing Finance and Development Corporation, or HFDC, in developing standards and criteria in evaluating and reviewing proposed housing developments and exempting important county review from that process.

"I am concerned that under this bill we could be eliminating county review of what could be major development projects which could result in significant and serious environmental, social, and quality-of-life impacts on surrounding communities.

"If you look at Section 6 on page 8 of the bill, the broadly worded language indicates that HFDC would be empowered to enter into private development agreements for the development and implementation of major development projects by private developers without county review.

"In fact, if you look at page 5, Section 6b indicates that any major development project could conceivably be approved without county review, provided that the development shall 'provide for economically integrated housing by stipulation and design; provided (further) that not less than sixty percent of the units shall be sold in price ranges established by the corporation under this chapter and chapter 91 as being within the purchasing power of lower income purchasers.'

"So basically what this particular provision does is to permit the HFDC to enter into development agreements with private developers for the construction of major development projects which meet the set-aside

requirements under this section and as established and approved by the HFDC. As long as the set-aside requirements of this bill are met by a private developer it is conceivable under the broad language of this bill that a major development could be approved without county review. And I think that all of us, perhaps, can think of other major developments in which private developers were required to set aside a certain percentage of their housing units for affordable housing. However, these development projects were still required to undergo both state and county review under existing regulatory procedures. If this bill were enacted into law, though, it is conceivable that these kinds of projects could now be exempt from the sort of state-county review process that insures adequate consideration of environmental and social impacts.

"I also believe that the elimination of county review should be a matter of serious concern because we have a two-tiered process of land use review, one which involves both the state and counties, which has been working effectively in addressing potential negative impacts of proposed developments.

"I would also like to point out that the elimination of county review under this bill should be of concern because of the broad language contained on page 10, beginning with line 5, which exempts HFDC-authorized development projects 'from all statutes, ordinances, charter provisions, and rules of any governmental agency relating to zoning and construction standards for subdivisions, development, and improvement of land and the construction, improvement, and sale of homes thereon'

"So, given this broad exemption, it seems to me that what we are essentially doing is conferring the authority to make major land use decisions on a non-elective body and I think this should raise concerns for elected officials such as ourselves.

"In addition, I don't believe that the Legislature has been informed of any problems under HRS Section 359-g, 'Relating to the Power of Hawaii Housing Authority,' concerning the Hawaii Housing Authority's ability to phase in affordable housing projects, especially in light of the requirements under Section 359-g that those projects have to be reviewed by the counties. And I don't think that there has been any indication that the requirement of legislative review by the counties has somehow stymied or created a cumbersome process such that the state cannot implement affordable projects through the Hawaii Housing Authority.

"Lastly, I have a serious concern about delegating broad authority over major land use decisions to a non-elective body because, in my own district, I went through an experience in which our city administration, through its Housing Department, tried to implement an ill-advised housing project, the Waiola Housing Project, while attempting to circumvent and not comply with existing land use procedures, all in the name of affordable housing.

"Had it not been for the requirement under Section 359-g that City Council review was required before the Waiola Housing Project could be approved, and had that ill-considered project been implemented without the sort of public input that's required under Section 359-g and the county review provision, I believe that surrounding communities would have experienced serious and substantial negative impacts.

"I think that as legislators we are all strongly supportive of affordable housing. However, in light of the concerns I've mentioned, I think that we need to adopt

legislation that would most effectively address these concerns. Accordingly, I would urge my colleagues to vote against this particular bill.

"Thank you."

Senator McMurdo also spoke to support the measure as follows:

"Madam Vice President, I rise to speak in favor of this bill.

"Although I am really opposed to exempting housing from county zoning and ordinances, I feel that right now the overriding factor is the fact that we have not just a really critical situation in lack of affordable housing, we have an emergency.

"Right now with the tremendous foreign investments that we have had in this state and, particularly, I would say, in the City and County of Honolulu, we are rapidly losing any affordable rentals for anybody. I would like to see this pushed as quickly as possible to get housing for our people.

"Thank you."

Senator Solomon then responded to previous remarks as follows:

"Madam Vice President, speaking in rebuttal to the Senator from Mililani.

"I think that if you look at page 5 of the piece of legislation, Madam Vice President, you'll see '(e) Upon authorization by the legislature, the corporation shall cause the State to issue general obligation bonds to finance: (1) Land acquisition; (2) The Development and improvement of land; (3) The construction of dwelling units; (4) The purchase, lease or rental of land and dwelling units by qualified residents under this Act; (5) Payment of any services contracts for under this Act, including profit or recompense paid to partners,' so on and so forth.

"Madam Vice President, we are not giving up our prerogative in terms of the legislative process. I'm sure, Madam Vice President, you would have to agree that without the state's financial participation we cannot even conceive of these projects such as affordable housing.

"If you were to look at the development of Kealakehe aha puua, just clearing the 'pahoe' and 'a'a' lava rocks costs three to five thousand dollars an acre, if you are lucky. You would need two DC-10 double rippers just to go in and rip up the 'aina' up.

"Madam Vice President, I just find it quite odd that all of a sudden we're all concerned about county prerogatives. If it weren't for the state and the resources of the state, there'll be no way, Madam Vice President, that we could ever consider affordable housing.

"This is why I'm in support of this piece of legislation because we, in fact, have not given up the legislative prerogative to participate. We can always, Madam Vice President, deny the authorization.

"And this is, Madam Vice President, what I would like to add for the record. Thank you."

Senator Menor responded as follows:

"Madam Vice President, in response to the rebuttal comments, I would like to point out that under the section

that I read, Section 6, I was not referring to a situation in which the HFDC would be involved in the financing of an affordable housing project. Section 6 also permits HFDC to enter into a development agreement with a private developer in which the developer itself finances, funds and implements an affordable housing project on behalf of the state.

"Under Section 6, a developer could accomplish this task by setting aside a percentage of the housing development for affordable housing and the developer would be free to sell the remaining units at whatever price that it wants to.

"In other words, Section 6 creates the potential for HFDC to enter into development agreements with a private developer for the construction of massive residential developments, provided that it meet applicable set-aside requirements. The problem is that these major developments would no longer be subject to county review.

"So, I think that what needs to be clarified is that the section that I read is mutually exclusive from and different from the provision that the previous Senator referred to and discussed with this body.

"Thank you."

Senator Solomon responded as follows:

"Madam Vice President, in response I would just like to remind the Senator from Mililani that the fact is that all of these housing projects impact upon the general infrastructure. Madam Vice President, the state is the primary mover behind the funding of these projects.

"I would like to remind the Senator from Mililani that in terms of infrastructure costs -- in terms of roads, public schools, etc., that the state has taken the lead to provide these kinds of services. But I can understand and I can be empathetic to what the previous speaker mentioned. But the fact still remains, Madam Vice President, that if the Legislature desires not to support these kinds of infrastructure accommodations I doubt that these projects would get very far.

"Thank you very much."

Senator Menor in response said:

"Very briefly, I want to clarify that the section that I read does not require HFDC to seek legislative approval before entering into a development agreement. In fact, I think all of us can think of many instances in which developments have been approved by state and county agencies prior to any legislative appropriation to insure that infrastructural improvements are in place before a development is allowed to proceed. Many of us have gone through problems in our communities where the infrastructure in terms of schools and roads has been negatively and seriously affected because we've had state and county agencies making decisions to approve developments before any legislative appropriation has been made.

"But the point that I'd like to re-emphasize is that this bill does not make a private development agreement by HFDC contingent upon legislative approval.

"Thank you."

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 3287, and S.B. No. 3287, H.D. 1, entitled:

"Mr. President, I would just like the record to note that I think the Senate version of the bill was far superior to the House draft. The House draft is an extremely watered down version. "Mr. President, the House draft of this bill makes it virtually impossible for an exclusive bargaining agent to be challenged successfully by another union.

"I think that the present laws are already rather complicated and make it very difficult for another union to challenge an exclusive bargaining agent and to tip the scales even further by requiring 50 percent of the employees in a bargaining unit to sign to petition for such a change will excuse this in favor of the present exclusive bargaining agent.

S.R. No. 120 to the Committee on Government Operations.

H.C.R. No. 87, H.D. 1, to the Committee on Business Development and Pacific Relations.

Senator Solomon rose to speak on a point of personal privilege as follows:

"Mr. President, I rise on a point of personal privilege. I have submitted, Mr. President, for my fellow colleagues' consideration, an article that was printed in Hawaii Business Magazine, April 1988. It's on development on the Big Island. The title of the article is 'Too much, too soon. The Big Island is erupting with development. The bad news is it's not prepared to handle it.'

"I just would like to quote for the Journal, Mr. President. This isn't a new issue; I have risen on many occasions to speak on this, being that most of the impact will be in my Third Senatorial District.

"If you look at the front page, Mr. President, you will see, quote: 'West Hawaii residents have already witnessed housing rental hikes of as much as 100 percent

over the past 12 months, The addition of the Hyatt's 2,000 jobs alone will mean a 20- to 30-percent jump in employment count for the area, and represents more than a 10-percent growth in population. But is West Hawaii prepared to handle such a rapid boost? "Waikiki or Hilo could easily absorb that many people, because they have an established economy and all of the other support systems needed to fill out a community," ... "But not in West Hawaii. We're talking about a county area that has no schools, no hospitals and one road. Up until now, the big deals here have been Waimea's first stoplight, a new bowling alley in Kona, and the Pizza Hut coming to town."

"This is a quote by County Deputy Mooers, who is the mayor's representative in West Hawaii: 'Whose fault is it?' According to Mooers, it is not neglect or indifference by county officials that has led to the Island's current plight. ... 'But when it comes to fingerpointing, some county planners believe ex-Governor George Ariyoshi's administration failed to recognize the needs of the Big Island. Stephen Yamashiro, chairman of the Hawaii County Council, says the county's revenue-generating means, like those derived from real property taxes, are extremely limited'

"Mr. President, I have to disagree with this. I served under George Ariyoshi's administration and I think that the ex-governor was very much aware of the situation in West Hawaii. We did our proportionate share, as far as the Legislature is concerned, and delivered those kinds of services as needed by the district. I have to chuckle about this, Mr. President, because I remember when I was a freshman in this Legislature, I co-sponsored a piece of legislation with senior Senator Mamoru Yamasaki that gave the counties a prerogative to levy a half-percent general excise tax. This bill never passed.

"Continuing with the article, it says that 'the number of housing units in the district has risen from 2,485 in 1970 to 9,150 in 1985, an increase of 268 percent and the population of the area has leaped from 4,832 to 19,700 in the same period -- a nearly 307 percent increase. Majority of these housing projects in terms of cost are out of reach of the majority of my constituents.

"The reason I bring this to my colleague's attention, Mr. President, is because we did have a very inspiring debate on the floor in reference to S.B. 3287, H.D. 1, which will help accelerate the affordable housing program throughout the State of Hawaii. I would like to reconfirm that I have expressed strong support for S.B. 3287, H.D. 1, for these very reasons.

"On the last page of the article, Mike Luce, owner of Luce Contracting Inc. and president of Kona-Kohala Chamber of Commerce, which, incidentally, Mr. President, has never endorsed my candidacy, said, 'Rather than slowing down growth, we need to accelerate infrastructure implementation. Our task is to keep the pressure on our state legislators and county representatives for infrastructure development.'

"The irony of it all, Mr. President, is when our Honorable Mayor Dante Carpenter tried to levy a fuel tax on the Big Island to help address these kinds of concerns, the Kona District voiced strong opposition against the concept.

"I think the time has come to inform those residents in West Hawaii that nothing is free.

"Mr. President, I introduced a ninety-four-million-dollar infrastructure bill that will facilitate infrastructure projects that are needed to support existing resort

development. We have resolutions S.R. 183, S.C.R. 178 pending, Mr. President; requesting the Office of State Planning to conduct a study on the use of impact fees. The impact fee is one means of mitigating the impacts of growth and the adverse financial burden placed on state and local governments. The use of impact fees will assure that new developments are assessed a proportionate share of the cost of additional service facilities and programs serving the development. I feel that this is not unreasonable and I feel that this is an issue this honorable body seriously has to consider.

"Thank you."

At 12:05 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:11 o'clock p.m.

"Mr. President, during Governor Waihee's goodwill mission to Fukuoka in November 1987, we learned that the Governor of Fukuoka may be accompanying officials and business figures who will be in Hawaii to promote products and commodities at the Shirokiya Fair. The delegation also intends to promote the business and industrial exposition that will occur in 1989, drawing participants and visitors from mainland Asia, Southeast Asia and all of Japan.

"Our delegation suggested that Governor Okuda's visit would be an opportune time for Hawaii and Fukuoka to reaffirm their sister-state relationship that we began in 1981. "Very briefly, Madam Vice President, speaking in support. This issue was of some contention with respect to whether or not dentists could remain exclusively the owners of a dental service corporation.

"Your Committee on Consumer Protection and Commerce went to the extraordinary length of seeking and receiving an attorney general's opinion which responded in the affirmative and which also noted that many other professions, including attorneys themselves, have restrictions that limit the ownership of such a corporation to members of that profession.

"Accordingly, your committee did insert in the committee report a strong agreement with the findings and recommendations of the dentists and in non-concurrence with the recommendations of the Legislative Auditor.

"In view of the legal research done by the attorney general's office, I feel that all of the questions on this issue have been addressed and I would ask for the members' support.

"Thank you."

The motion was put by the Chair and carried and H.B. No. 2358, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO DENTISTRY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

FINAL READING

ORDER OF THE DAY

MATTER DEFERRED FROM
TUESDAY, APRIL 12, 1988

Senate Bill No. 151, H.D. 1:

By unanimous consent, action on S.B. No. 151, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO DRUG PARAPHERNALIA," was deferred until Thursday, April 14, 1988.

Senator B. Kobayashi rose on a point of personal privilege and stated:

"Madam Vice President, we have before us on our desks Senate Bill 2405, Relating to Health Insurance. This matter has been agreed to by the House and is going to the governor. This is the so-called 'well baby insurance bill.'

"When we passed the bill out of the Senate, there were a very major series of amendments that changed important language relating to group, individual, accident, sickness insurance policies, medical service plan contracts, etc.

"The purpose of the amendments, among other things, was to try to differentiate between these variety of insurance policies as well as to assure that the bill would go to conference. The importance of going to conference, in my eyes at the time I suggested the amendment, was because we have currently in conference a number of related bills left over from last year, particularly the health insurance bills relating to chiropractors and the health insurance bills relating to substance abuse and mental health. And I thought it would be appropriate that these various bills be discussed together, as a package so to speak, and that a policy be determined as to which bills have merit and what the policy of the legislature might be with regard to mandatory health insurance.

"What the House did was something I've never seen before. Through its committee report it has redefined what is meant by health insurance policies, taking perhaps the most major term in the bill, not changed it in the bill itself, but changed it in effect by redefining it in the committee report to what was originally in the House language.

"I'm not sure whether this re-definition of a term this important can be done through a committee report, and I would like to ask our own Senate attorneys, to look at this matter and report back to us.

"Thank you."

Senator Cobb also rose on a point of personal privilege and remarked:

"Madam Vice President, I rise to speak in strong agreement with the chairman of the Health Committee.

"Referring to the yellow House report on Senate Bill 2405, the fourth full paragraph where 'Your Committees intend the term "all health insurance policies"' and so forth ... that and the items mentioned by the Health chairman would, in my view, render the bill defective and would necessitate the recommendation for a veto by the governor. I not only fully concur with his remarks, but I think it's a highly unusual step to redefine in a committee report what was the basic intention in the bill because the bill, not the committee report, becomes the law.

"I fully concur with the idea that the matter should have been discussed further in a joint Senate/House conference committee. I'm surprised that it wasn't.

"And in asking for a legal review, I join with the Health chairman in asking not only for that review but also a recommendation as to whether or not, based on that review, the matter of consideration by the governor for a veto should be recommended by this body.

"Thank you."

At 12:25 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:28 o'clock p.m.

RECONSIDERATION OF
ACTION TAKEN

House Bill No. 3164:

Senator Hee moved that the Senate reconsider its action taken on April 4, 1988 on Third Reading of H.B. No. 3164, seconded by Senator Menor.

Senator Hee then explained:

"Madam Vice President, this bill is a constitutional amendment and therefore requires ten days' notice to the governor before final reading. I have been informed that that did not occur and therefore the move to reconsider so that we can do it in accordance with the law."

The motion to reconsider the action was put by the Chair and carried.

By unanimous consent, action on H.B. No. 3164, entitled: "A BILL FOR AN ACT PROPOSING AN AMENDMENT TO ARTICLE IV, SECTIONS 4, 5 AND 6 OF THE CONSTITUTION OF THE STATE OF HAWAII TO REPEAL MINIMUM REPRESENTATION FOR BASIC ISLAND UNITS AND TO CHANGE THE BASIS USED FOR REAPPORTIONMENT," was deferred until Monday, April 25, 1988.

"This resolution addresses people sending a parcel of fruits from Hawaii to the United States, especially to California. So this resolution addresses this problem by asking Congress to authorize the postal system to inspect parcels that are suspected of having fruit flies in some of our fruits.

"Any parcel that is sent from Hawaii by first-class mail, the postal services cannot open any of these parcels. This is how our fruit fly is getting into California.

ORDER OF THE DAY

ADVICE AND CONSENT

Stand. Com. Rep. No. 2672 (Gov. Msg. Nos. 112, 209 and 214):

Marvin T. Miura, Ph.D., as the Director of Environmental Quality Control, term to expire December 3, 1990,

seconded by Senator Nakasato.

Senator Hagino then rose to speak in favor of the nominees as follows:

"Mr. President, I would like to speak in favor of the nominees, in particular, nominee Dr. Marvin T. Miura as the director of Environmental Quality Control.

"During our hearings on confirmation, we discovered that Dr. Miura was one of the initial people in the drafting of the environmental impact statements and policies so we know that he will bring experience, as well as new vigor, to the OEQC office. While he has shown that, in his publications and the new newspaper that he puts out, we also wanted to remind him that he not neglect the environmental impact process and that he take appropriate steps. We realize that it is not a perfect system and we hope that it can be improved with his newly found vigor. Thank you."

MATTER DEFERRED FROM
WEDNESDAY, APRIL 13, 1988

FINAL READING

Senate Bill No. 151, H.D. 1:

Senator Hee moved that S.B. No. 151, H.D. 1, having been read throughout, pass Final Reading, seconded by Senator Menor.

Senator Tungpalan then rose to speak in favor of the measure as follows:

"Mr. President, I'm thrilled to vote on this measure. I rise to speak in favor of it for two reasons. First, this will deliver a clear message to those engaged in these related activities that we want them to stop or suffer stiff penalties. Secondly, we will also be able to help our children to stay on the straight and narrow path if we have on the books definitive laws such as this legislation before us.

"Yesterday, we were pleasantly entertained by 30 students from Pearl City Elementary School. At lunch, I took the opportunity to ask them of their opinion on this bill. I wanted to know if they wanted stiffer penalties for drug use, including the use of marijuana, even a joint, or lighter penalties. Resoundingly and unanimously, they said they were in favor of strict penalties. This morning, I asked my son, who's about to enter 7th grade at the intermediate school in Pearl City, his opinion of this bill. He said, 'Mom, if you do anything for me, vote "yes" because we don't want people hassling us. We want people to know out there that we will not tolerate drugs. We will not say "yes" to drugs.'

"So in light of these statements, I'm voting 'yes' for the children of Hawaii."

Senator Hee also rose to speak in support of the measure and remarked:

"Mr. President, as the members of the Senate are well aware, this bill was moved out of the Senate in 1987. It has finally come back to us and through a rather long and arduous process it is finally before us for a vote. This bill will no longer send to the youth a mixed message, that being that while we have declared a war on drugs we have in many ways condoned the use of paraphernalia of which drugs are a part of.

"This bill will also allow the law enforcement community to act swiftly, decisively, in moving to now cease and secure machinery such as dryers and other kinds of processing equipment in the absence of drugs that may have been flushed away, and will allow the law enforcement community with the ability to prove beyond a reasonable doubt that the equipment would now be considered paraphernalia and would be a felony.

"While I recognize the concerns expressed by some legislators with regard to the penalty provisions, this bill is far too important to our community, far too important to this body and that body across the hall that I believe any inconsistency can be addressed in 1989.

"Finally, I would like to recognize the efforts of the previous Judiciary chairmen who have worked to forge a product somewhat resembling this one before us.

"I would urge that all members of the Senate, in light of the long process, seriously consider an affirmative vote in support of this measure which would once and for all ban drug paraphernalia in the State of Hawaii. Thank you."

Senator Cobb also rose to speak in favor of the measure as follows:

"Mr. President, I rise to speak in favor of this measure. In doing so, I note that it has a rather long history. This bill or bills like it have been before us for six years; that is somewhat longer than the normal gestation period for a major piece of legislation.

"I agree with the previous remarks of the Judiciary chairman and I'd like to point out that Hawaii at the present time is one of only twelve states in the entire nation that does not have a drug paraphernalia law. Thirty-eight states have adopted this or some other form of drug paraphernalia law, most in accordance with the model act.

"I'm aware of some of the concerns about possible over-prosecution, but I think the safeguards of our judicial system, the active participation of the American Civil Liberties Union, and the annual session review process that we have will prevent such from happening. Because if it does, we can always address any such concerns in a future legislative session.

"Recently, Mr. President, I watched the special TV series called 'The War on Drugs and Why We Are Losing It' by ABC. What they presented was a frightening but true case of the situation of drugs in America. If this measure is a step in the right direction, I think we should do everything we can to support not only its passage but its implementation. If drugs have no place in our society, neither should drug paraphernalia, and we should be willing to give our law enforcement officers the tools they need to enforce that law.

"Thank you, Mr. President."

Senator McMurdo also rose to speak in favor of the measure and said:

"Mr. President, I've long been an advocate of tough, tough laws against drugs. I've been a teacher. When I taught, we didn't have this problem in the public schools. We had smoking and that was about it. Today, the drug pushers have moved drugs down even into the lower grades and it's time that we begin sending a message in this state that we mean business; that we're going to stop this before we lose a whole generation of children and young adults. The drugs have gotten meaner and harder, such as what we have seen with 'crack' for instance, which I think is one of the worst things which have come along in many years.

"I noticed in the paper this morning that Congress, above the budget, agreed upon roughly by Congress and the White House, that the Senate passed hundreds of millions of dollars to help fight drugs and, across the board, for more money to the Coast Guard, more money for the Treasury Department, more money for all the FBI and all the different agencies which do fight drugs.

"I applaud the Senate and the House on finally reaching this stage. Thank you very much."

Senator Chang then rose to speak on the measure and remarked:

"Mr. President, I'd just like to state a few remarks recognizing, as the Judiciary chairman already noted, the long and arduous effort that has been put into the consideration of this proposal. This has been a matter long debated for several years now and it should be noted, in particular, that the Senate position on this matter had been passed and adopted by this body well before the consortium of law enforcement agencies in putting together the crime package this year. It's to the Senate Judiciary chairman's credit that he recognized the pendency of this problem and chose to adopt their position on this matter last year.

"Similarly, I'd like to commend the efforts of the attorney general of the State of Hawaii in putting together a very successful advocacy package where it had been lacking in previous years. Because of the efforts of these two gentlemen we have a product which, while troublesome in some of its elements, I'm sure will be useful in the fight against crime and further refined next year. Thank you."

The motion was put by the Chair and carried, and S.B. No. 151, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO DRUG PARAPHERNALIA," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

RE-REFERRAL OF RESOLUTIONS

The President made the following re-referral of resolutions:

Senate Concurrent Resolution	Referred to:
No. 242	Committee on Education
Senate Resolution	Referred to:
No. 236	Committee on Education

At 12:07 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:14 o'clock p.m.

Senator Herkes then rose to speak on a point of personal privilege and said:

"Mr. President, I am the bearer of exciting news of an event that will once again thrust Hawaii into the forefront of worldwide sporting news. The Hawaiian Islands 'Cockroach' Racing Association and the Hawaii Heart Association will present Roach Bowl II at the Neal Blaisdell Center Arena on June 26, 1988. It is unfortunate that the convention center will not be ready on time to handle the expected crowds.

"Mr. President, in this session we have named the 'nene' the State Bird and the yellow hibiscus the State Flower. I realize that the deadline has passed for substantive resolutions, but I beg of you and this honorable body to seriously consider naming a 'Bug For A Day' and by the power of your office, with the members consenting, declare June 26, 1988, as 'Cockroach Day.'

"In 1981, Aku, a Hawaiian roach, won the World Championship Cockroach Race in Tahlequah, Oklahoma, a historical feat that was heralded by the media worldwide. At that time, Mr. President, this honorable body formally applauded the accomplishment with an official proclamation reflecting the speed of our bugs and the proud feelings of our people.

"The first official Roach Bowl was held in 1982 at the Neal Blaisdell Center Arena with the hope of elevating the sport to an international Olympic class event. We had hoped to 'bug' the Summer Games in Korea. The Roach Bowl drew hundreds of entries (plus some not official entrants), including 'The Yellow Roach of Texas' from Vice President George Bush, 'Akakaroach' from the Reverend Abraham Akaka, and 'Magnum, R.I.' (roach investigator) from Tom Selleck. Also running were 'Franklin Delano Roachavelt' (a roach that will live in infamy), Hertz's 'Rent-A-Roach,' HPD's 'Cop-A-Roach,' 'Gypsy Roach Lee,' and from the then Governor George AriRoachi, 'Quiet 'n Effective.'

"Mr. President, it is rumored that at this year's event, the State Senate will be well represented by such entries as, representing the Senate President's office, 'The Wong Way Roach,' an entry from a consortium of owners calling for a 'pet roach in every condominium' and trained and ridden by Senator Steve 'Cobb-A-Roach,' and wearing the 'money green' silks of the Ways and Means Committee, Senator Yamasaki's 'Workers Comp-A-Roach.' This entry is going off at \$10,000,000 to \$1. Ten million from the Senate against one dollar from the House. This roach was picked by lottery and there will be off-track betting. 'But not to worry,' says Senator Yamasaki, 'it will not cost you anything.' Senator Aki has entered 'Jack-A-Roach Nicklaus,' who is reportedly the fastest golf course roach in Waianae. This roach has been on the run the last few weeks. Senator Hee has entered the 'Roach Clip-er,' Senator McMurdo reportedly tried to enter 20,000 roaches, all carrying placards saying that a Waikiki Convention Center would destroy their domestic tranquility. Thirty thousand more are ready to take their places as soon as Senator Holt sweeps them down the drain. On a sad note, it is reported that 'Home-Rule-A-Roach' will not be alive and kicking at race time. The Women's 'Caucus-A-Roach' is arguing over an entry; none will admit to having any.

"In all seriousness, Mr. President, I urge you and this honorable body to support the Hawaii Heart Association in this imaginative and worthwhile fund raiser."

At 12:21 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:22 o'clock p.m.

At this time, Senator Holt, chairman of the Committee on Tourism and Recreation, requested a waiver of the 48-hour Notice of a Public Hearing on S.C.R. No. 116 and S.R. No. 125, and the President granted the waiver.

RECONSIDERATION OF ACTION TAKEN

Senate Bill No. 21, S.D. 1, H.D. 1:

Senator Cobb moved that the Senate reconsider its
action taken on March 22, 1988 on S.B. No. 21, S.D. 1,
H.D. 1, seconded by Senator Blair and carried.

Senator Cobb then moved that the Senate agree to the
amendments proposed by the House to S.B. No. 21, S.D.
1, seconded by Senator Blair.

Senator Cobb explained:

"By way of discussion, Madam Vice President, the
House changes on this bill were done at the same time
that the Senate was acting to amend Senate Bill 3037. It
was sent over and most of those amendments address the
concerns that were in the Senate draft of Senate Bill 21
from last year, providing for registration of motor vehicle
mechanics and repair people.

"The department has agreed to work with those in the
industry to come up with recommendations during the
interim for further legislation next year, but to incorporate
the provisions of the Senate draft at this point and time,
after the previous passage of S.B. 3037, would be
redundant. Therefore, we find ourselves in agreement
with the House position that will be moving for final
passage."

The motion was put by the Chair and carried and S.B.
No. 21, S.D. 1, H.D. 1, entitled: "A BILL FOR AN
ACT RELATING TO REGULATION OF MOTOR
VEHICLE REPAIRS," was placed on the calendar for

Senator Cobb moved that the Senate reconsider its action taken on April 7, 1988 on S.B. No. 2003, H.D. 1, seconded by Senator Blair and carried,

Senator Cobb then moved that the Senate agree to the amendments proposed by the House to S.B. No. 2003, seconded by Senator Blair.

"Mr. President, the House had put in a two-year sunset provision for the repeal date to be December 1990. In another bill that we sent over where agreement was reached in conference, we provided for comprehensive regulation of the travel agency industry. As a result, the position of the House is now sufficient in that the regulation will be continued for two years and the Legislative Auditor will be conducting a sunset review analysis in the year following this. Therefore, the action in reconsidering the motion is now quite proper at this time."

ORDER OF THE DAY

FINAL READING

Senate Bill No. 1712, S.D. 3, H.D. 2:

On motion by Senator Yamasaki, seconded by Senator Mizuguchi and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 1712, S.D. 3, and S.B. No. 1712, S.D. 3, H.D. 2, entitled: "A BILL FOR AN ACT RELATING TO TRANSIENT ACCOMMODATIONS," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, none. Excused, 3 (Holt, McMurdo, Wong, R.).

At 12:10 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:11 o'clock p.m.

Senate Bill No. 3042, S.D. 1, H.D. 2:

By unanimous consent, action on S.B. No. 3042, S.D. 1, H.D. 2, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR A DEMONSTRATION SHRIMP PROJECT WITH THE SUGAR INDUSTRY," was deferred until final passage of the state budget.

Senator George then rose on a point of personal privilege and said:

"Madam Vice President, earlier this week there was a letter to the editor of the Star-Bulletin from which I'd like to quote briefly.

"The writer identified this week as National Library Week and suggested that 'to celebrate it in a meaningful way, all library users should take cookies, fudge or flowers to their local branch library or their favorite librarian.'"

"In lieu of cookies, fudge or flowers, the Women's Coalition would like to take note of National Library Week by bringing to an appropriate conclusion its inquiry into the matter of the appointment of the deputy librarian.

"As you will remember, the Coalition's concern about this appointment first surfaced when a number of women who are library professionals called in to question the appointee's qualifications for the position. They brought to our attention the appointee's lack of formal library credentials, including the master's degree called for in the initial notice of the vacant position.

"Among the more than fifty persons who applied after the post was advertised, there were a number of women who satisfied all of the criteria specified in the notice. The Women's Coalition was therefore disturbed to learn that the librarian, as a selection committee of one, had leapfrogged over the heads of these well-qualified women professionals to select as his deputy a man who did not meet the specified criteria for the position.

"The Coalition felt that this selection would be erosive of morale among the career professionals in the library system and that it would be particularly difficult for the women in the system to accept. We were concerned that these women would sense a ceiling beyond which they could not climb, no matter how superior their qualifications, their dedication to their profession, or their skill in performing their library functions.

"We hasten to point out that our concerns and the recommendation we now wish to make are not directed toward disturbing the position of the deputy, not displacing the effective and popular person who succeeded him on the Board of Education.

"The first shadow which we wish to see dispelled is the nature of the deputy's position. It seems clear that all state positions are covered by civil service, unless they are specifically exempted.

"We believe the deputy occupies a civil service position, as we have been unable to locate any action taken for its exemption. The libraries have not been set apart in a separate department but are a part of the Department of Education, so the librarian's deputy does not fall under the exemption from civil service given to the deputies of department heads. We have not identified any action taken by the Board of Education to place this position in one of the twenty exempt slots made available through HRS 76-16-(11). (Nor are we sure that any vacancies exist among these.)

"We have been unable to locate any provision in any budget document or worksheet identifying the deputy librarian's position as either appointive or exempt. This is in spite of the librarian's statement to the Board of Education on July 23, 1987, that 'while it is unclear in the budget document, the position appears to be an appointed, exempt position.'

"We submit that it is not too late to remedy the irregularities presented by this appointment. If it is indeed, as we have concluded, a civil service position and the selection was made as if it were an exempt position, then the Legislature has the option of redesignation which it can accomplish through the still incomplete budget process. The Board of Education has the option available to it of identifying the deputy as occupying one of the twenty exempt slots we referred to earlier. We perceive retention of the civil service designation for the position as the least desirable of available alternatives -- going back to square one and advertising, interviewing and

hiring all over again would neither improve morale nor strengthen library services.

"In concluding its attention to this unfortunate episode, the Women's Coalition would like to be reassured that job specifications will not again be revamped to permit the selection of male applicants over better qualified women. And we hope there will be no repetition in the library system or anywhere else in the family of the state of sending a signal that women are less effective, less qualified, or less worthy of advancement than are the men employed in the state's service."

The Chair then rose to remark on the previous speaker's comments and said:

"I would like to commend the women Senators for the diligent dedication and indepth research on this matter. Thank you very much, Senators."

Senator Solomon then rose to speak in support of Senator George's comments and said:

"Madam Vice President, I just would like to speak in support of the previous speaker, as part of the Women's Coalition. And if I may, Madam Vice President, I would like to deviate from that and speak on another subject matter that is of equal importance to the Women's Coalition.

"It concerns, Madam Vice President, a Senate Resolution requesting a study to be done on the problem of milk control in the State of Hawaii. The reason why, Madam Vice President, I bring this up to the attention of my fellow colleagues is because, as you know, we had a bill concerning milk that was co-sponsored by the Women's Coalition.

"The Women's Coalition met with the dairy industry as well as the Milk Commission to come up with a compromise solution. We agreed, Madam Vice President, on this resolution that would study the issue and come back with some recommendations.

"At this time, Madam Vice President, I would like to ask the Minority Floor Leader if she would yield to a question. Being that the Minority Floor Leader is part of the Women's Coalition, I would like to ask if she had contacted the Milk Commissioner to come in and discuss the matter with us so that we can put them on notice that the Women's Coalition for the next session is very much interested in pursuing this subject matter."

The Chair then asked the Minority Floor Leader if she would yield to the question and Senator A. Kobayashi, having answered in the affirmative, responded:

"A meeting has been set up with the Milk Commissioner for Thursday at 11:00 o'clock in the Vice President's office. They have not called to cancel the meeting so I assume that the meeting is set for Thursday morning at 11:00 o'clock. We will be pursuing this matter.

"And may I say that I feel we did a fine job on the deputy librarian's investigation and although the session will end on April 25, the Women's Coalition will continue to pursue matters that are of concern to us and we will be meeting occasionally and looking into different issues that we are concerned about -- child care, and will continue on the milk issue, family violence, etc., and be preparing legislation for the next session. Thank you."

RECONSIDERATION OF ACTIONS TAKEN

Senate Bill No. 2253, S.D. 1, H.D. 1:

Senator Cobb moved that the Senate reconsider its action taken on April 7, 1988 on S.B. No. 2253, S.D. 1, H.D. 1, seconded by Senator Blair and carried.

Senator Cobb then moved that the Senate agree to the amendments proposed by the House to S.B. No. 2253, S.D. 1, seconded by Senator Blair.

Senator Cobb then explained:

"Madam Vice President, we had received a proposed draft for consideration from the governor's office and we gave the parties of interest virtually five days to consider this. The consensus of opinion seems to favor quite strongly the House draft 1 because of the issue raised in the proposed conference draft would require both gallon and liter price posting. This would tend to raise an issue of confusion with consumers, whereas, if we have the price posting in gallons only and allow those gas pumps from the smaller dealers to continue to sell in liters without requiring recalibration there would be minimal expense to the dealer and a lessening of consumer confusion.

"Your conference committee members therefore feel that the issue of whether or not to have both gallons and liters should be taken up separately next year as a separate issue and, therefore, we're recommending reconsideration."

The motion was put by the Chair and carried and S.B. No. 2253, S.D. 1, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE SALE OF GASOLINE," was placed on the calendar for Final Reading on Friday, April 22, 1988.

Senate Bill No. 2649, S.D. 1, H.D. 1:

Senator Holt moved that the Senate reconsider its action taken on April 7, 1988 on S.B. No. 2649, S.D. 1, H.D. 1, seconded by Senator Blair and carried.

Senator Holt then moved that the Senate agree to the amendments proposed by the House to S.B. No. 2649, S.D. 1, seconded by Senator Blair.

Senator Holt explained:

"Madam Vice President, this bill relates to the mooring in marine conservation districts, more notably known as the Molokini Island bill.

"Basically, the House amended the version to allow DLNR exclusive jurisdiction to regulate mooring in conservation districts."

The motion was put by the Chair and carried and S.B. No. 2649, S.D. 1, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO MARINE LIFE CONSERVATION AREAS," was placed on the calendar for Final Reading on Friday, April 22, 1988.

Senate Bill No. 3222, S.D. 1, H.D. 1:

Senator McMurdo moved that the Senate reconsider its action taken on April 7, 1988 on S.B. No. 3222, S.D. 1, H.D. 1, seconded by Senator Blair and carried.

At 12:21 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:23 o'clock p.m.

Senate Bill No. 3155, S.D. 2, H.D. 2:

Senator Hagino moved that the Senate reconsider its action taken on April 7, 1988 on S.B. No. 3155, S.D. 2, H.D. 2, seconded by Senator Blair and carried.

Senator Hagino then moved that the Senate agree to the amendments proposed by the House to S.B. No. 3155, S.D. 2, seconded by Senator Blair.

Senator Hagino explained:

"Madam Vice President, originally this bill contained an appropriation of three million dollars for a Hilo wastewater treatment plant and when it went over to the House the information that they received was that the money was not needed because the construction was not going to start until 1990. They took the money out and sent it back to the Senate.

"Subsequently, we checked on it and we understand that even though construction is going to start in 1990, when they go out for bids in March of 1989 they are going to need the money committed. Rather than put the appropriation in this bill we are going to include it in the budget; therefore, the bill as it came from the House, the appropriation is not necessary so we are agreeing with the amendments."

The motion was put by the Chair and carried and S.B. No. 3155, S.D. 2, H.D. 2, entitled: "A BILL FOR AN ACT RELATING TO ENVIRONMENTAL QUALITY," was placed on the calendar for Final Reading on Friday, April 22, 1988.

Senate Bill No. 2349, S.D. 1, H.D. 2:

Senator Nakasato then explained:

"Madam Vice President, this is just to clear up the language in the pay equity bill of 1986, based on public employment."

The motion was put by the Chair and carried and S.B. No. 2349, S.D. 1, H.D. 2, entitled: "A BILL FOR AN ACT RELATING TO RELATING TO PUBLIC EMPLOYMENT," was placed on the calendar for Final Reading on Friday, April 22, 1988.

Senate Bill No. 3224, S.D. 1, H.D. 1:

Senator Aki moved that the Senate reconsider its action taken on April 7, 1988 on S.B. No. 3224, S.D. 1, H.D. 1, seconded by Senator Blair and carried.

Senator Aki then moved that the Senate agree to the amendments proposed by the House to S.B. No. 3224, S.D. 1, seconded by Senator Blair.

Senator Aki explained:

"Madam Vice President, the House made a grammatical change and a minor technical change to the definition of agriculture. They decided to insert 'forestry purpose' rather than the Senate version of 'forest purposes.'"

The motion was put by the Chair and carried and S.B. No. 3224, S.D. 1, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC LANDS," was placed on the calendar for Final Reading on Friday, April 22, 1988.

Senate Bill No. 2696, S.D. 1, H.D. 1:

Senator Aki then moved that the Senate agree to the amendments proposed by the House to S.B. No. 2696, S.D. 1, seconded by Senator Blair.

Senator Aki explained:

"Madam Vice President, the House amended the bill that a board of geographic names be established in the Office of State Planning rather than DLNR. The reason was that the state geographer is housed in the Office of State Planning and thus the Office of State Planning would be the more appropriate agency rather than DLNR."

The motion was put by the Chair and carried and S.B. No. 2696, S.D. 1, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE BOARD OF GEOGRAPHIC NAMES," was placed on the calendar for Final Reading on Friday, April 22, 1988.

Senator Hee then rose on a point of personal privilege and remarked:

"Madam Vice President and members, the conferees on the right to sue bill have been working long and hard, notwithstanding the fact the two previous nights our counterparts failed to show up to continue deliberating this important item for the State of Hawaii, particularly, those of native Hawaiian ancestry.

"We are on the threshold, Madam Vice President, of wrapping this bill up. We are on the threshold of allowing native Hawaiians the right to seek redress in a court of law. We are on the threshold, Madam Vice President and members, of restoring justice to native people of this state.

"Madam Vice President and members, this morning I met with the attorney general, with his three deputy attorneys general, with Representative Andy Levin and with our legal counsel. They have proposed yet another draft notwithstanding the fact that the previous draft they proposed we accepted, the governor supported, the attorney general supported, and they withdrew.

"They have proposed, as of 10:30 last night, yet another draft called Section 7 which refers specifically to retroactivity.

"We met this morning in the attorney general's office. We have proposed some amendments, again, to Section 7, the retroactive nature of this bill.

"I would like to set forth in the record a handwritten note dated April 21, 1988 to Representative Andrew Levin, the chairman on the part of the House conferees for the right to sue bill. It says, and I quote:

'Andy,

'Pursuant to our discussion this morning in the attorney general's office, the Senate accepts your offer that (1) relative to "Section 7" the retroactive section, the Senate will not propose "in the absence of an adoptive legislative plan by 1991" and, in exchange as indicated; (2) you will recommend to the House that (a) both "houses" will be changed to "either house"; and (b) "July 1, 1991" will be changed to "July 1, 1989"; and (3) I will recommend that the Senate accept the House "position" barring unforeseen technical problems that the Senate legal counsel with the House and attorney general counsel will deliberate today.

'I await your response.

'Aloha.'

"Members, this morning Representative Levin indicated that if the Senate would accept the House proposal and not ask for an additional section dealing with retroactivity, that Representative Levin would recommend to his House that the native Hawaiian right to sue bill be accepted.

"We are on the threshold, again, members, as I said two days ago, of passing a historic legislation. It is now up to Representative Levin to make good on his offer. The Senate is prepared to go to conference at any time. The House has not scheduled a conference and given the circumstances that the two previous conferences which they scheduled were cancelled, we will await their call.

"I would appreciate it if the Senate conferees would remain in the building and maintain a spirit of 'hoomanawanui,' to be patient with the House as Andrew Levin attempts yet another time to make good on the latest proposal.

"Thank you."

Senator Solomon also rose on a point of personal privilege and remarked:

"Madam Vice President, in support of the previous speaker, I would like to state for the record that on April 6 the manager of the House on the right to sue bill held a press conference. Within the press conference, Madam Vice President, he chastised Ms. Mililani Trask for her efforts and on behalf of her group their support of the right to sue bill.

"Madam Vice President, I feel that those remarks were uncalled for and I would like to state my personal support of Ms. Trask who is an attorney and has done her utmost to be fair, to be open and willing to negotiate with both House and Senate on every request that she has made on behalf of her organization.

"Thank you."

At this time, the Chair made the following observation:

"Members of the Senate, the Chair has been advised that the House will disagree to the Senate amendments to House Concurrent Resolution No. 386 and will request going into conference on the resolution. In anticipation of this happening, it is the intent of the Chair to appoint as conferees on the part of the Senate, Senators Holt, chairman, Aki, Fernandes Salling and Ikeda, as managers on the part of the Senate."

ADJOURNMENT

At 12:35 o'clock p.m., on motion by Senator Blair, seconded by Senator A. Kobayashi and carried, the Senate adjourned until 11:30 o'clock a.m., Friday, April 22, 1988.

Senator Menor then moved that the Senate advise and consent to the nomination of Georgina M. Yuen to the Hawaii Paroling Authority, term to expire June 30, 1992, seconded by Senator Hee.

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 22. Noes, none. Excused, 3 (Blair, George, Young).

Stand. Com. Rep. No. 2922 (Gov. Msg. No. 98):

Senator Menor moved that Stand. Com. Rep. No. 2922 be received and placed on file, seconded by Senator Hee and carried.

Senator Menor then moved that the Senate advise and consent to the nomination of Harold J. Falk Jr. as the Director of Corrections, term to expire December 3, 1990, seconded by Senator Hee.

Senator Menor then rose to speak in favor of the nomination as follows:

"Mr. President, I would briefly like to rise to speak in favor of Standing Committee Report No. 2922. As the chairman of the Senate Corrections Committee, I would like to recommend to this body the confirmation of Mr. Harold Falk as the director of the Department of Corrections.

"Mr. Falk will be assuming the office of director at a time when the Department of Corrections faces serious and difficult problems as it tries to achieve the potential that the Legislature envisioned for it and as the department tries to create and build a more positive future for Corrections here in the State of Hawaii. These problems include the continuing problem of prison overcrowding and the need for more inmate programs, poor employee morale, the need for new juvenile and women's correctional facilities, and the need to create more meaningful incentives to attract and retain qualified prison guards and correctional personnel.

"In addition to these problems, Mr. Falk is also going to have to devote more serious attention to long-standing management and correctional problems, administrative problems within the correctional system, many of which predates this administration.

"Your Senate Corrections Committee, during the course of this legislative session, has carefully reviewed these problems. I think you can see that Mr. Falk is really going to have his hands full as he assumes the office of director of the Department of Corrections. In fact, on several occasions I've indicated to Mr. Falk that it's really not too late if he wants to back out and reconsider his decision to take on the directorship, but he has assured me that he definitely wants to be the director of the Department of Corrections.

"So basically, as chairman of the Senate Corrections Committee, I am recommending the confirmation of Mr. Falk not only because he truly wants to be the director of the Department of Corrections, but also because of assurances that I have received and the committee has received from Mr. Falk and the Governor's office to the fact that the Department of Corrections will, in fact, make a sincere and good faith effort to resolve the concerns and problems that I have discussed today. I remain confident and I remain optimistic that through Mr. Falk's leadership the Department of Corrections will in fact achieve a better and brighter future here in the State of Hawaii.

"On that note, I strongly recommend Mr. Falk's confirmation to this body. Thank you."

Senator Reed also rose to speak in support of the nomination as follows:

"Mr. President, your Committee on Corrections has taken seriously the consideration of Mr. Harold Falk as Director of Corrections. We have frequently asked hard questions of Mr. Falk, and not always concluded in agreement. But throughout, he has shown that he possesses the strength of his convictions, yet is willing to listen and willing to change. I am confident that he is dedicated to improving Corrections. The only thing that causes me to question his qualifications is that it is difficult, as Senator Menor intimated, to understand why any sane person would volunteer for the job. But then, I guess you could say that of our job also.

"I am confident that Harold Falk is an honest man of integrity who will take seriously the challenge of improving the way we deal with those requiring incarceration in our society. I urge this body to unanimously support Harold Falk. Thank you."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

THIRD READING

House Bill No. 2527, H.D. 1:

On motion by Senator Cobb, seconded by Senator Aki and carried, H.B. No. 2527, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO MOTOR VEHICLES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, none. Excused, 3 (Blair, George, Young).

Senator McMurdo then rose on a point of personal privilege and said:

"Mr. President, last night, here at the State Capitol, I heard what I hoped was a rumor that the House position had narrowed to the International Market Place and that the Senate would be taking this under advisement. When I woke up this morning and read the morning paper, I read that the convention center choice is cut to two.

"Mr. Chairman, this is shocking news to me. It's heartbreaking news to me. And I'll tell you why. It isn't simply that the choice of the International Market Place means that all city and county zoning laws and variances will be overridden. It isn't that the International Market Place is about five acres and that it is far too small for a convention center. It isn't that the developer will be allowed to build hotels when we have a moratorium on hotel rooms in Waikiki. No, it's because as this State Legislature deliberates over the issue of this convention center, this indicates that we're close to making a disastrous decision -- a decision whereby lives, livelihood, families and values are compromised and summarily sacrificed. Any decision which displaces honest Americans who have fought their way out of a repressive society into a democratic system only to discover that their voices and their pleas are not important is an unconscionable decision and a deliberate compromise to the integrity of our democratic system. And I speak this morning of our new Americans who are American citizens, and who are voters who are the ones who came from Korea to this society to make a go in a new country.

"Have your say the American way,' that's what our state slogan for voter participation says and it makes no distinction between new citizens and all other citizens. Neither our state nor the U.S. Constitution makes this distinction. Your oath of office is not an oath of 'office' -- IF it's potentially profitable to displace hundreds of people; IF the people will have short memories. IF we do not take our obligations seriously, THEN we have scrapped a democratic society.

"Any convention center which impacts so severely is wrong in both its intent and its effect. This is not what America is all about. America is the land of opportunity, not of the opportunistic. A wrong decision is not the answer to the problem of a hard decision. Therefore, I plead with the Tourism chairman and my fellow Senators that they hold firm to the Senate position as they did in Senate draft of House Bill 3396.

"I would like to quote from page 2 of the committee report of that draft which says:

'... More importantly, your Committee is sensitive to the problems which may be caused by displacement of the small businesses from the Marketplace. Your Committee does not wish to have on its conscience the elimination of the source of livelihood for the dependents of those small businesses,'

"I would hope that all of the Senators and the people on the conference committee would take this to heart and not have it upon the Senate's conscience. Thank you very much."

Senator Holt also rose on a point of personal privilege and said:

"Mr. President, I rise on a point of personal privilege and I guess in response to the previous speaker.

"The Conference Committee did meet last night with the House. I've received the proposal from the House. It is under advisement. It is under analysis. No decision has been made.

"The committee still feels strongly about the elimination of the livelihood for those people working there and will continue to hold the Senate position. But I'm not sure whether the previous speaker meant we should move the convention center to Ala Wai or not. I think at this point and time we have a lot ... no, we don't have a lot of time left, we've got eleven-and-a-half hours left to work with the House to come up with a solution. We will be getting back into conference sometime later today and we are mindful of the situation at the International Market Place and will continue to work toward a solution on the convention center issue. Thank you."

Senator Hee also rose on a point of personal privilege and said:

"Mr. President, by way of informing the members on the floor, we have yet to reach a compromise on the native Hawaiian right-to-sue bill. I share the concerns of the House Tourism chairman. There is time. It's a matter of working out what I consider minor technical details.

"Briefly to articulate one of the details, we have agreed to the retroactive clause of the native Hawaiian right-to-sue bill. However, the House maintains the position that retroactivity should be the jurisdiction of individuals and not Hawaiian organizations. I think that in and of itself is a slap in the face to native Hawaiian people. That notwithstanding, the House manager Andrew Levin still has time to respond. The last communication was sent at 4:00 a.m. by me to him this morning. As I understand it, the manager on the part of the House, Representative Levin, myself, Senator Solomon and Mililani Trask will be appearing on 'Dialogue' this evening on the right-to-sue bill and I hope those people who have been concerned about that legislation take the opportunity to 'hand it to us on the platter' this evening on public television."

Senator McMurdo then rose to respond to Senator Holt's remarks and said:

"Mr. President, could I be allowed to answer to the Tourism chairman to make a point. I just want to make it perfectly clear that I've not changed my position on the Ala Wai, either, although I did hear a note of hope in the Senator's voice. I was speaking strictly at this point on the International Market Place. Thank you."

Senator Solomon also rose on a point of personal privilege and said:

"Mr. President, I had made some remarks on the floor yesterday regarding the reputation of Miss Mililani Trask, and at this time, Mr. President, I would like to enter it into the record the draft of Representative Andy Levin's April 6 press conference on the right-to-sue. The reason, Mr. President, I would like to make this point on the floor is because we in the Legislature have legislative immunity and I feel Representative Andy Levin's remarks were unfair.

"I would like to read for the record, Mr. President, the excerpts from House manager Andy Levin's remarks, excerpts, Mr. President, that I have been very careful not to take out of context. As stated, Mr. President:

'I have been made out to be the bad guy in the issue by the very people who claim that they want to see a Right to Sue bill become a reality. Mililani Trask has managed to distort many of the facts of the situation and has totally ignored others. Ms. Trask is a lawyer and should know the value of fair representation

when it comes down to who did what, when, to whom. If we take a closer look at the record,'

"At this time, Mr. President, I would like to clear for the record as to any unfair misrepresentation of Miss Trask's conduct as an attorney in the State of Hawaii. It is because Miss Trask knows, Mr. President, in my opinion, the fair value of representation. It is because Miss Trask knows when it comes down to the issues who did what, when, and to whom, that I am speaking on her behalf, so I can clear the record for her.

"If we continue to page 2 of this quite lengthy press conference release, the House manager, Andy Levin, says:

'But I am definitely willing to take even more lumps if we can get this matter settled to everyone's satisfaction The House, the conferees and I are all committed to a Right to Sue bill but not on Ms. Trask's terms. In fact, Hawaiians who want to see this issue settled once and for all can examine the record and may well conclude that Ms. Trask's efforts have hindered the process more than helped it and may ask her to please step down and let others handle negotiations. Even now, those who know the situation believe that she only speaks for a very small group of people. Do you think that confrontation and public hysteria will solve the problems?'

"May I remind, Mr. President, the manager on the part of the House that this is America, that we are protected by the Constitution in terms of freedom of speech and the right to peaceful protest. It further states, Mr. President:

'If Senator Hee is in agreement, and can be flexible, then I think we can finally get into the last phases of negotiation. The House will enter this conference with the highest expectations and the highest enthusiasm. If we do our work right, we can send an agreement to the Governor that he will be proud and happy to endorse.'

"Mr. President, at this time I would like to yield the floor to the Judiciary chairman because we, in fact, Mr. President, have done just that. Thank you."

Senator Hee then rose and said:

"Yes, Mr. President, I can be flexible. This is America. Mr. President, it's obvious we have the makings of a potentially award winning documentary on public TV tonight. And I would like to be the first to extend an invitation and an open arm to you to appear as our leader to sit in the middle of everything that happens to be. But, we are close. It's a matter of, I believe, the House manager as, as ... be that as it may, to be flexible.

"We have virtually compromised and still maintained our position of retroactivity. It's a question of, really, at this point whether the Hawaiian organizations should be treated differently than Hawaiian individuals. The Senate would maintain that the organizations should have every right to seek redress in the court of law where negligent acts have occurred to Hawaiian people, the people that they represent as organizations and associations. Thank you."

Senator Solomon then rose to conclude her remarks and said:

"Mr. President, I'd like to finish my remarks at this time if I may, my concluding remarks.

"It's in my opinion, Mr. President, that I believe Miss Trask has done an excellent job in her presentation of the

facts. Mr. President, it is through her efforts that she has made the State of Hawaii become aware that this is a matter of human justice and human rights. And, Mr. President, I hope that in tonight's dialogue presentation we are able to rise above these personal attacks and to look at the issue of right-to-sue in its proper perspective as being a settlement in terms of human rights and human justice. Thank you."

Senator Cobb then rose on a point of personal privilege and said:

"Mr. President, with respect to a convention center, although I'm certainly not a member of the Conference Committee or a member of the Tourism Committee, I am going to be exercising the prerogative of a single Senator in voting and I would like to share with my colleagues, very briefly, some of the criteria I am going to be looking for in the bill so there will be no surprises come Monday. By the way, Mr. President, Yogi Berra once said, 'It ain't over until it's over.' Another wise man said, 'The opera ain't over until the fat lady sings.' But we're beginning to hear some music. The hour is approaching.

"When we look at the convention center, I want to see not only an environmental impact statement, but I would like to see addressed a business impact survey, as well; a community impact survey, a traffic analysis as well as detailed bids in writing for any site from any owner or developer. And the broader the range of sites, the better.

"Finally, Mr. President, speaking as one Senator, I think the Legislature and not an authority should make the final selection. We're elected to make those kind of tough decisions and I think it rests with us. I will not prejudge any site or sites. I would only ask that as much as possible we maintain the Senate position, maintain the flexibility for the greatest number of sites, and at the same time try to adhere to a good economic as well as community impact analysis before we make a final choice.

"Thank you, Mr. President."

Senator Yamasaki moved that Conf. Com. Rep. No. 233 be adopted and H.B. No. 2081, H.D. 1, S.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Mizuguchi.

Senator Solomon rose to speak in support of the measure as follows:

"Mr. President, speaking in support of the budget bill.

"I notice that in the narrative, referring to the Higher Education budget, there was no mention of the 'action alliance.' I want to thank the Senate Ways and Means Committee for their hard work in convincing the House to embrace this proposal as an excellent compromise between the House and Senate.

"Mr. President, this merge was a very controversial issue between your Higher Education Committee and the U.H. administration. This proposal was to transfer the College of Tropical Agriculture to Hilo College.

"I rise to speak in support of the \$100,000 appropriation to bring about the 'action alliance' which, I hope in the future, Mr. President, will set a precedence for other programs at U.H. Manoa and U.H. Hilo.

"Thank you."

Senator Cobb also spoke in support the bill and said:

"Mr. President, I would just like to rise to speak in support of the measure and extend my sincere appreciation and thanks to the chairman of the Ways and Means Committee, the chairman of the Transportation Committee and the chairman of the Health Committee for their good work very late at night on some provisos.

"Thank you."

The Chair made the following announcement:

"Members of the Senate, at this time the Chair would like to call on Senator Young to make a late introduction of a faithful member of our Senate crew, the backbone of the Legislature, Mrs. Nora Ogawa."

Senator Young introduced Mrs. Nora Ogawa as follows:

"Mr. President, on behalf of the Senate, as you have just stated, we would like to recognize and honor Nora Ogawa who has been with the Senate Printshop for 27 years. I would like to present to this honorable body and visitors, Mrs. Nora Ogawa, our faithful and beloved worker. Accompanying her are her two daughters, Amy and Naomi, and her granddaughter, Didi.

"Mr. President, the Senate presents this certificate to Nora N. Ogawa who first began working in the printshop of the Hawaii Senate in 1961; has served as the Senate Printshop manager since 1964. The Senate hereby expresses its sincerest appreciation for her many years of faithful and invaluable service to the Senate and to the State of Hawaii. We wish her good health, long life and many more years of productive service. Aloha and best wishes to you, Nora."

Mrs. Ogawa (and her daughters) rose to be recognized and was greeted with standing applause by the members of the Senate and staff. She was presented the Senate certificate by Senator Young and Senator Yamasaki, on behalf of the Senators, presented a gift and lei.

Senator Cobb then added:

"Mr. President, I cannot overlook the fact that as you have been an advocate of the changing of the guard, we have witnessed a changing of the guard with respect to lobbying on dental issues, which may be one of the reasons why they were so successful this year, but Amy Ogawa has in effect done to replace Mark Tajima, although no one could completely fill Mark's shoes. So Amy, as one of the newest dental lobbyist, would you stand up and take another bow."

Senator Menor then said:

"Mr. President, I just wanted to state very briefly that Nora Ogawa was a very special person both to my late father Benjamin Menor and my mother. And I know that I say on behalf of both my late father and my mother that we are really going to miss her. She was working in the printshop at the time my father first got elected to the State Senate back in the 1960's.

"Again, we're really going to miss you and thank you for all your service to the State of Hawaii."

At 12:35 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:48 o'clock p.m.

"I would like to know the justification of recommitment of Conference Committee Report 234?"

The Chair answered:

At 12:54 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:58 o'clock p.m.

Senator Ikeda then rose to inquire:

"Mr. President, on a point of parliamentary inquiry.

"The bills that you have recommitted, I would like to know if the Legislature has extended itself. Are we into an extension?"

The Chair responded:

"No, Senator, it has not. We are still debating in Majority caucus the possibility of signing a petition for an extension."

Senator Ikeda further inquired:

"Then, if we are not into an extension and we do not extend, these bills then for all intents and purposes are dead for the session?"

Chair responded in the affirmative.

At 1:00 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 1:02 o'clock p.m.

Conf. Com. Rep. No. 278 (S.B. No. 2924, S.D. 1, H.D. 1, C.D. 1):

Senator Hee moved that the Senate reconsider its action taken earlier on Conf. Com. Rep. No. 278 and S.B. No. 2924, S.D. 1, H.D. 1, C.D. 1, seconded by Senator Menor and carried.

On motion by Senator Hee, seconded by Senator Menor and carried, Conf. Com. Rep. No. 278 and S.B. No. 2924, S.D. 1, H.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO NEGLIGENCE INJURY AND NEGLIGENCE HOMICIDE," were placed on the calendar for Final Reading on Wednesday, April 27, 1988.

At 5:29 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 5:30 o'clock p.m.

Senator Hee then rose on a point of inquiry as follows:

"Mr. President, I rise on a point of inquiry.

"Mr. President, I'd like to ask members of the Senate, who is the member on the floor who informed Doug Woo that the chairman of the Judiciary Committee was to blame for this extension? I'd like to ask all the members on the floor to identify themselves, that individual...."

At 5:31 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 5:33 o'clock p.m.

Senator Hee then continued:

"Mr. President, we started this year with a bang and there's no reason why I believe this year is not going to end with a bang, figuratively speaking.

"I will withdraw the question, Mr. President, inasmuch as there doesn't seem to be a response anyway. So I will withdraw the question."

Senator Hee continued:

Mr. President, I stand now on a point of personal privilege.

"Mr. President and members, it has been brought to my attention by the media, a member of the media Doug Woo of Channel 9, put everything on the record, an individual whom I trust, an individual who has never led me to believe or given me a reason not to trust him, that the chairman of the Judiciary Committee is the reason that we are here for an extension; that the bills are Judiciary bills.

"So I would like to elucidate and educate the members on the floor, the media, and anyone else who is remotely interested in why we're here and why we have relied on the governor to extend the Legislature.

"The first two bills on the Order of the Day are the jurisdiction of Ways and Means. On the Order of the Day on page 2, the first two bills are Ways and Means; the third bill is Judiciary; the fourth bill is Finance in the House and Judiciary in the House; the fifth bill is Ways and Means, the sixth and seventh bills are those of

Senator Aki; the eighth bill is Ways and Means; the fifth bill on page 3 is Tourism and Senator Aki; (and the only reason why I bring Senator Aki's name out is because I cannot remember what the name of his committee is housing, it's the Committee on Housing); the next bill is Judiciary; the next bill is a House bill; the next bill is a Judiciary House bill; a Business House bill; the next two are Judiciary; and the last one is a House Judiciary.

"On page 4, the first one is a House Judiciary; the next six are the Senate Judiciary; the last one is a House Judiciary; and the last five are Senate Judiciary.

"As far as I recollect, Mr. President, I'm neither the chairman of Ways and Means, nor am I the chairman of Housing, nor am I the chairman of Tourism, nor am I the chairman of Business and Economic Development, nor do I chair the House Finance Committee, nor do I chair the House Judiciary Committee.

"So let's put the spade right on the table. If there's any member who would prefer to go home because they don't want to take action on any Judiciary matter, that's fine with me. I would make the motion to recommit every single Senate Judiciary bill today, and if anybody wants to second that motion, be my guest. Because if nobody wants to buckle up and vote on the Hawaiian right-to-sue, fine. That's why we're here.

"You know, if nobody wants to vote to give the Waimanalo farmers, every revocable permittee in the State of Hawaii the opportunity for a 35-year-lease, so be it.

"And if nobody wants to vote on the convention center, so be it.

"So if whoever is blaming the Senate Judiciary chairman, I accept. I accept the fact that 15, not even 15, of the 30-plus bills are Senate Judiciary bills. I accept the fact that my staff put all those bills in the box and on the way to the Senate Clerk ran for their life because of the unfortunate incident on Friday night. I accept as the chairman. I accept the fact that I told my staff, right there (points to staff member), the little guy, to go hide in Finance with the rest of the members who were hiding in there for their safety. I accept.

"But if there is any Senator who would like to second the proper motion to recommit, based on that, let me be the one. I accept. I signed for that extension because that's the Legislature's job, not the governor's. And if people want to 'wala au,' people want to 'waha,' 'palanaia, kiloi ka'opala.'

"Anybody who wants to second my motion, be my guest. Okay?

"Thank you, Mr. President."

Senator Solomon also rose on a point of personal privilege and said:

"Mr. President, I rise on a point of personal privilege to comment on the riot of the Korean merchants this past Friday. Just a commentary.

"Mr. President, I ask you, where is the justice in allowing the Korean merchants to threaten the lives of our fellow colleagues here in the Legislature. 'Kill Romy Cachola!' 'Get Milton Holt!'

"The reason why I feel compelled to rise on this issue is because we have been considering in this honorable body issues of great importance to the Hawaiian people. We

issues of great importance to the Hawaiian people. We the Hawaiians have been negotiating for the right to sue bill for the past six years.

"Because the Hawaiian people could not use the court process to settle disputes with trusts that they are direct beneficiaries of, we have had to resort to demonstration and protest, Mr. President. Everytime we have staged a protest in this state, and I have been a part many, I have never experienced what had occurred on Friday.

"When we, the Hawaiian people, protested against the displacement of the farmers in Kalama Valley and Waihole-Waikane, they sent 50-plus Honolulu police officers to maintain, control, crowd control, and to stabilize those who were protesting.

"When we protested in Kona at Kukailimoku and Sand Island, they sent the dogs and their bulldozers, and they sent the National Guard dressed in riot control gear.

"Mr. President, we as your conferees on the Senate backed down on the Senate position on retroactivity. Unless the governor comes up with a plan by 1991, and the Legislature adopts the plan. This plan will address the issue of retroactivity. Only if the governor fails to come up with a plan, then retroactivity will trigger. This is the only way the Hawaiian people can address their concerns of wrong from the days of the overthrow of Queen Liliuokalani. Did we, the Hawaiians, come down here and threaten the of lives of the leadership? No, we did not.

"How many Hawaiians have died on the waiting list? How many families have been destroyed because they were disfranchised from the 'aina'?

"Mr. President, it has been during my short tenureship here in the Senate that we have had the courage to look at bills which have adverse possession, the escheat of 'kuleana' lands.

"Mr. President, we had no compromise in these pieces of legislation that would give the Hawaiians \$5 million to relocate. For the Hawaiian people, there was no consideration and no relocation.

"I want to thank the governor for having the courage to extend this session so that we as Hawaiians can settle our issues through the courts.

"This is a very sad commentary, Mr. President, and I cannot help myself but to speak on this issue. Thank you."

Senator Blair then moved that the Senate advise and consent to the nomination of Nani Gladys Brandt to the Hawaiian Homes Commission, term to expire June 30, 1992, seconded by Senator A. Kobayashi.

Senator Reed rose to speak against the nomination as follows:

"Mr. President, I rise to speak against the nomination of Nani Gladys Brandt. I'd like to read very briefly excerpts from some letters from Molokai homesteaders:

'As I have no way of knowing about them I do not question Nani Brandt's administrative abilities. It may be that she is quite competent in that regard. What I do question is her temperamental suitability for the job. I know from years of talking to them that the Molokai Hawaiian Homesteaders feel intensely alienated from the Hawaiian Homes Administration. They feel their interests are at best largely ignored and usually actively frustrated. There must be a reconciliation between those served and those serving them. A person chosen to be the link between these alienated parties must be a healer who can help bring about this reconciliation. The air of arrogant disdain that Nani Brandt habitually assumes when dealing with Hawaiians will intensify the animosity rather than bring reconciliation.'

"Another letter, briefly:

'I am native Hawaiian, a homesteader in the Kapaakea Homesteads on Molokai and president of the Kapaakea Homesteaders Association. Because I am not able to be present at this hearing, I send written opposition to Gladys Nani Brandt for the Molokai Hawaiian Homes Commissioner position. We want a commissioner we can trust and know will work for our Hawaiian people's interest first. Because of past observations and experiences with Nani, we feel that she is not the person we can entrust with such a position.'

"One more letter, this from Hui Alaloa Inc., signed by Sherman Napoleon, Sr. from Molokai. He writes in part, 'Although many objections have been raised by Molokai citizens against Mrs. Brandt's nomination, those objections have fallen on deaf ears.' He continues, 'If Nani Brandt is confirmed as our commissioner, she will remain as a visible symbol of the divisiveness and acrimony that scarred our island during the Kaiaka Rock debate. The Governor can do better for Molokai and for the Hawaiians, and we ask the Senate to give him that opportunity by rejecting Nani Brandt's nomination.'

"I also have petitions here signed by more than a hundred Molokai Hawaiian Homestead lessees opposing Mrs. Brandt's nomination. I've received several phone calls in opposition. I have not received any phone calls in favor although in justice to the nominee, I believe it's running about 50-50 and many people spoke in favor of the nominee at the hearing.

"I wish that Mrs. Brandt had come to talk to me. She didn't. This is not a personal rejection on my part. I feel obligated to vote 'no' because I represent Molokai and because I have a special Aloha for many of the people who are objecting to this nomination. Many of the homesteaders have expressed concerns to me that they find Mrs. Brandt inaccessible and unapproachable. They feel she will not represent their best interests.

"I would like Mrs. Brandt to know that I have not solicited any 'no' votes from other members of the Senate and I am not doing so now. I'm voting 'no' as a symbolic gesture. I do not want this nomination to slide by unanimously. With due respect, I want Mrs. Brandt to remember this 'no' vote, my 'no' vote, as a reminder to be accessible, to be approachable and try her very best to represent the interests of those Hawaiian homesteaders who are genuinely worried that she will do otherwise. Thank you."

Senator Hee also rose to speak against the nomination as follows:

"Mr. President, I rise to speak in opposition of the nominee at this time. Again, just as the previous speaker, I've not sought to defeat the nomination. It's an unfortunate situation that for the second time this nomination has come before this body. The unfortunate situation is that I believe Mrs. Brandt is, in her heart, a good person. I have had the opportunity to get to know her. Unfortunately, the views which she has espoused in the past have sought to divide the community and has been in some ways a catalyst to separate the 'haves' from the 'have nots.'

"I rise to speak against this nomination because of the number of 'kupuna' who have thought otherwise, whose views have been different; in particular, Judith Napoleon who was a long-time activist and passed away last year. And in some ways, I think if Judith Napoleon were to

send the message down, at least to me, the vote would be 'no.' And for those reasons, regrettably, I would have hoped the governor would have sent a more palatable individual to heal the deep scars that exist in the community. However, that's why he is the governor. I will vote 'no.' Thank you."

Senator Aki then rose to speak in support of the nomination as follows:

"Mr. President, I rise to speak in support of Nani Gladys Brandt's appointment to the Hawaiian Homes Commission.

"A year ago when this nomination was before the committee, your committee on Hawaiian Affairs, the testimony we received was strongly in opposition to her appointment. A group of concerned citizens flew over to testify at our hearing strongly opposing Nani Brandt. In the final days of the session, her name was withdrawn by the governor.

"At our recent hearing, held on April 21, 1988, your committee received numerous testimonies in favor and against this appointment. The community remains divided on this issue.

"However, the situation on Moloka'i is far different today than it was a year ago. Today, the people of Moloka'i are talking about jobs and economic opportunities. A year ago, the community was still debating the Kaiaka Rock Project. There are still some strong sentiments regarding this issue -- an issue which can only be resolved by time and sound, effective leadership, positive leadership which would work hand-in-hand with those in government like us and also serve as a bridge to bring community leaders into the process.

"To the credit of all those who flew in to testify, I must say that both pro and con did an excellent job.

"Those who spoke against Nani's appointment did so with honest conviction and a strong concern for Moloka'i.

"Those who spoke for Nani's appointment did so with that same courage and conviction. The community leaders of Moloka'i indicate a willingness to truly work for the betterment of their community. It is time that Moloka'i move on. Therefore, I urge both sides to begin working together for the betterment of their community. I especially urge Nani Gladys Brandt to reach out and meet the concern expressed by her opposition. I believe that while the task may be difficult, it can be accomplished. I strongly recommend that Nani work closely with the Hawaiian Homesteaders on Moloka'i.

"In closing, I am confident that Nani Gladys Brandt will meet the challenge that she faces as a commissioner, and I urge all members to vote in favor of her confirmation to the Hawaiian Homes Commission.

"Thank you, Mr. President."

Senator Aki rose to speak on the measure and remarked:

"Mr. President, this is a very happy occasion and I believe that some remarks are very appropriate. The farmers from Waimanalo have worked hard on this bill for many years, coming back year after year. Last year when we passed the bill, the governor decided to veto the bill because of constitutional problems.

"Mr. President, it's been my pleasure to work with the farmers from Waimanalo and I really wish that these farmers lived in Waianae because some farmers in Waianae feel that I am not working in their behalf. However, I want to point out that that is the furthest thing from the truth.

"Mr. President, I just want to thank all of the members of the Senate on behalf of the Waimanalo farmers for their strong support on this bill. Thank you."

Senator Hee then rose to speak in support of the measure as follows:

"Mr. President, this is indeed a happy occasion assuming, of course, that the veto message has been adhered to by the Legislature and the governor will see fit to sign this bill into law. As I indicated last year when we thought that it was going to pass, this is the work product of so many individuals farming in Waimanalo and their assistance from friends and family in Waimanalo as well as other parts of the state.

"This bill has been broadened from last year to include all revocable permittees, statewide. So what was once the burden shouldered by the farmers in Waimanalo had been increased this year to the burden of the entire state. This bill accomplishes what the Legislative Auditor had recommended many years ago to the Department of Land and Natural Resources. In the words of Libert Landgraf, it is a bill that is 27 years too late, with respect to the long and arduous process of those who had been revocable permittees struggling to survive without the comfort of long-term leases and without the leverage to secure conventional loans through our lending institutions.

"It is a happy occasion and I would like to thank the chairman, the previous speaker Senator Aki, because with respect to the farmers and those revocable permittees statewide, Senator Aki has demonstrated remarkable leadership and it is a credit to his commitment to farming."

The motion was put by the Chair and carried, and Conf. Com. Rep. No. 185 was adopted and H.B. No. 3137, H.D. 2, S.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC LANDS," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Senator Blair rose to speak on the measure and remarked:

"Mr. President, it's a happy occasion for Hawaii to join the large majority of the states in recognizing this holiday. But I think the record should also reflect that this holiday celebrates more than an individual. It celebrates the equal dignity of all human beings. From the docks of Hilo to the plantations of Kauai, Hawaii's citizens also took part in the struggle to achieve equal dignity.

"The struggle continues and the goal is reflected in this bill and others that we will be voting on today. Most notably, it is reflected in the bill to grant native Hawaiians the right to sue for the enforcement of the state's trustee obligations. I know it is a holiday we can all celebrate joyously. Thank you."

1, having been read throughout, pass Final Reading, seconded by Senator Hagino.

Senator Reed rose to speak against the measure as follows:

"Mr. President, I rise to speak against the Workers' Compensation Fund primarily because it's unnecessary. If lack of competition were indeed the problem, creation of another company would help, but that is not the case. There are enough companies already providing workers' comp insurance. What's interesting about this bill is that the rationale for pushing it and passing it through is that it would help the business community.

"I was at a Labor Committee hearing when a union representative said that that was why this bill was so important. It would help the business community. When I asked him if that was so, why does the small business community and the business community, in general, almost unanimously oppose the workers' comp fund, he replied that business people don't know what they're talking about. That's a classic response anytime a special interest tries to shove something down the throats of people who know very well why they don't want it. This bill is opposed by the very people that it purports to help. In reality, the workers' comp fund is a smoke screen perpetuated by the unions to derail any meaningful reform of our workers' compensation laws. I will vote against it."

Senator Yamasaki then rose to speak in favor of the measure and said:

"Mr. President, I rise to speak in favor of S.B. 2298, S.D. 1, H.D. 2, C.D. 1.

"This bill amends the name of the fund to read 'State Compensation Insurance Fund.' Several amendments have been made to avoid an interpretation that the state could somehow become a responsible party in the operation of the fund.

"It also provides that private independent insurance agents may sell workers' compensation insurance coverage for the fund.

"The bill provides for compliance under Chapter 431 as any other insuree to obtain a certificate of authority and it requires a status report to the Legislature.

"To implement the objectives of the insurance code, the appropriation of \$10 million shall be deemed a surplus for the purposes of statutory insurance accounting.

"With these amendments, the fund will be able to operate under ideal competitive conditions and serve to satisfy the Legislature's original intent without endangering the insurance industry and entangling the state in a lucrative private enterprise.

"Mr. President, for the past several weeks, the opposition has waged a strong media campaign against the bill. Some of the ads read, 'What could you do with \$10 million? Our Legislature is thinking of squandering \$10 million on a risky venture to put the state into the insurance business. State funds don't reduce workers' compensation rates. In fact, rates have been increasing in states with state funds.' And California, Minnesota, Arizona are the states identified. The ad further says, 'Why should Hawaii start a \$10 million state fund when it won't keep rates down?'

"Fact number 2 says, 'State funds can lose a lot of money,' and lists Ohio, Washington, Oregon, West

Virginia, Montana, North Dakota, and Wyoming as states with state funds in serious financial trouble.

"Fact number 3 says, 'The state has a terrible record in operating insurance funds.' Manoa Finance and other financial institutions were operated by businessmen who were employers, and their actions resulted in the fiasco. The director of the former Department of Consumer Affairs appealed to the Legislature for immediate help to save the financial institutions from going under completely and causing a collapse if investors withdrew their deposits.

"What the opposition failed to inform the public about California, Arizona and Minnesota is that although rates have gone up, the return of investment earnings to the employers reduced their net cost of the premiums.

"According to the California state fund annual reports, the dividends paid to policyholders were as follows:

1982 -	\$180,156,000
1983 -	205,390,000
1984 -	190,906,000
1985 -	229,298,000
1986 -	207,168,000

Over \$2 billion dollars have been returned to policyholders over the years.

"The California state fund supported an upward adjustment in benefits which increased costs, but they were proud of their performance in reducing the financial impact of such increases on California employers by offering them a superior workmen's compensation insurance product at a reasonable cost.

"The California state fund not only collect premiums, but also provide a network of full service district offices in Eureka, Redding, Santa Rosa, Sacramento, Oakland, San Francisco, Stockton, San Jose, Fresno, Bakersfield, Woodland Hills, Ventura, Los Angeles, Arcadia, Culver City, Cerritos, San Bernardino, Santa Ana and San Diego.

"In addition, it provides to employers, occupational health services, immediate claims adjustments, legal defense, vocational rehabilitation programs and catastrophic injury rehabilitation, industrial hygiene with a certified industrial hygienist on its staff and maintains an industrial hygiene laboratory accredited by the American Industrial Hygiene Association making it one of only a few insurers in the state to be recognized for maintaining excellent in-house analytical services. With more than 2,000 employees, the California state fund maintains a very high degree of dedication and professionalism.

"California will be celebrating its 75th anniversary, having sold its first policy on January 1, 1914.

"Other insurance carriers were, in effect, forced to be competitive and started paying dividends. An estimated 85 percent or more of all California workmen's compensation insurance premiums are developed under policies with dividend participation provisions which reduce the net cost of insurance to employers.

"The California state fund has set an example for prompt, fair and humane adjustment of claims to injured workers and their dependents. This is not true in Hawaii and I should know because I have had long experiences in handling workers' compensation industrial accident cases -- the burden of proof is placed many times on the injured workers.

"Before concluding, I'd just like to note that one of the largest policyholders in California is the California Farm Bureau Federation with over 19,000 farmers and ranchers. It has been the largest group insurance program for farmers in the nation for over 45 years with more than 174 associations representing tens of thousands of participating employers who are covered by the California state fund.

"Hawaii's state fund is expected to learn much from the California state fund. Hawaii has established a close relationship with its president and assistance will be requested to make it an effective and attractive insurance program. Hawaii's business people are being misled by their leaders who appear to be misinformed.

"Mr. President, the 1986 insurance commissioner's report on workers' compensation statistics on direct premium written, direct premium earned, direct losses paid and direct losses incurred, indicates that the insurance industry of Hawaii made a hefty profit of approximately \$79,000,000 from Hawaii's employers. Much of this profit should be available to the employers and this is why a state compensation insurance fund must be made operational with this bill.

"The subject of whether we need a state fund is already in the back of us when Act 296 became law in 1985, it established a workers' compensation state fund -- a law which was supported by the previous administration and of which the present governor was an active and whole-hearted supporter.

"Mr. President, there should be no recourse to turn back and I therefore urge this body to move Hawaii forward with a history making legislation and vote 'aye' on this bill. Thank you."

The motion was put by the Chair and carried, and Conf. Com. Rep. No. 226 was adopted and S.B. "Mr. President, just for the record, I would like to say that although the Senate had to back down on their strong position on retroactivity, that I have confidence in the compromise position in allowing the governor to come up

with a plan hoping that the Executive Office would be able to negotiate with those that are aggrieved to settle the issue of retroactivity for the Hawaiian people.

"Thank you."

Senator Hee also rose to support the measure and remarked:

"Mr. President, I urge the members to vote for the bill. And I would like to thank the members for their patience and understanding. I would also like to convey our gratitude to the House of Representatives in their effort yesterday to unanimously approve this long-awaited measure which would provide in some small way justice which the native Hawaiians believe and, certainly, can be argued had they negligently acted upon in the past, and, would serve as a beacon to send a clear message to the state government that in the future negligent acts by the state government will no longer be tolerated by the native Hawaiian people of this state.

"Thank you."

Conf. Com. Rep. No. 280 (H.B. No. 3396, H.D. 1, S.D. 1, C.D. 1):

Senator Holt moved that Conf. Com. Rep. No. 280 be adopted and H.B. No. 3396, H.D. 1, S.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Yamasaki.

Senator Holt rose to speak in support of the measure as follows:

"Mr. President, I rise to speak in support of this bill.

"Mr. President, as everyone knows the primary thrust of this bill is to designate the International Market Place as a site for a new convention center. It is not my intent however to dwell on the merits or demerits of a convention center at this particular time because everyone here understands the need for one.

"Instead, Mr. President, I would like to briefly state for the record my reasons for supporting this bill.

"For over a year now the Legislature has tried to arrive at a final and binding decision on a site for a convention center. The process was slow, it was charged with emotion and there are even some who say it was fraud.

"I remain convinced however that the process worked and that it afforded ample opportunity to everyone who chose to participate. I am very disturbed however for there are those who attempted to disrupt the process by outright intimidation, threats and violence when we made a decision to pick a site to which they were opposed.

"As a result, Mr. President, I strongly feel that we in the Legislature, in addition to supporting the decision of our conferees, are bound and obligated by our state constitution to send a clear message to these people and their supporters that we will not be influenced or intimidated by their threats of violence. This is not to say, Mr. President, that these people do not have legitimate concerns.

"I believe that their actions while unjustified are nevertheless a result of a misunderstanding that their means of livelihood would be immediately forfeited in order for the state to have a convention center.

"I am confident, Mr. President, that the provisions contained in the bill are both fair and sensitive to the people who will be temporarily displaced. It is my belief therefore that we will be able to use this bill and this Legislature as a proper means of addressing the concerns of the people. This is the American Way, Mr. President.

"And I will remind those who have taken advantage of these people's emotions for political or other purposes that their efforts are recognized by the Legislature as morally wrong, potentially dangerous and blatantly self-serving.

"In making this difficult decision, Mr. President, we in the Legislature have been accused of making back room decisions and secret deals with the developer. For the record, Mr. President, I would like to state in no uncertain terms that this is simply not true. I think that these derogatory accusations should be dismissed as nothing more than an insult to the integrity of the Legislature with absolutely no basis in fact.

"For the benefit of this body, Mr. President, I think it would be appropriate for me at this time to re-state the Senate's position on this bill.

"The basis for the selection of the International Market Place site was that the House could not in any way, shape or form accept the Ala Wai as a site. Faced with this, Senate conferees agreed to accept the International Market Place site in order to avoid another deadlock and ending this session again without a much needed convention center.

"In agreeing to a site however Senate conferees were adamant that certain provisions be included in the conference draft before it would be acceptable to the Senate. These provisions include:

- 1) a requirement that the developer submit a relocation plan as part of his development proposal and contribute a sum of five million dollars to assist in the relocation of displaced vendors;

In addition, Mr. President, Mr. Paul Trousdale has committed an additional five million dollars to help in the relocation of the tenants, thus, raising the relocation assistance fund total to \$10 million.

- 2) a requirement that the convention center authority establish a task force to assist with the implementation of the relocation plan;

- 3) prohibit groundbreaking for the convention center until July 1, 1989;

- 4) a requirement that the developer give to every displaced licensee or lessee a right of first refusal for any lease or licenses within the convention center district;

- 5) better representation on the convention center authority to include the governor, the Senate, the House, the mayor of the City and County of Honolulu, the City Council of the City and County of Honolulu, and the industry;

- 6) an absolute limitation of three years for acceptance of the development proposal;

- 7) requirement - the exemption from taxation shall apply only to the real property interest of the convention center authority; and

- 8) \$13 million be appropriated to renovate the Neal Blaisdell Center for local events.

"With the inclusion of these provisions, Mr. President, I feel that this bill is acceptable and urge my colleagues to vote in favor of this measure.

"Thank you."

Senator McMurdo spoke against the bill and remarked:

"Mr. President, I rise to speak against this bill.

"It is said, Mr. President, that 'laws are like sausages. It is better not to see them being made.' Therefore, it is with a mixture of sadness and pride that I stand before you in opposition to House Bill 3396, House draft 1, Senate draft 1, committee draft 1.

"I'm proud to be an American standing for the values that have made the United States of America the greatest country in the world. I am proud to be opposing those who have been duped into believing that secret agreements and secret documents are part of the American way

"I am proud to offer my opposition to those who deny the intent of zoning ordinances and the voices of thousands of citizens who believe that the International Market Place is the worst possible location for a convention center. And I am proud, exceedingly proud, to assure those who have come to this country believing in democracy and freedom, that there are still some of us who support their right to be free!

"However, Mr. President, it is with the greatest of sadness that I bring you a message from the people of this state: 'By your actions today, you will be judged!' You will be judged both at the polls and in the courts. For most certainly, there will be litigation generated from a decision supporting this bill. As my colleague, the Senator from Kailua has said that the golf course bill would come back to haunt you, so will this bill come back to haunt you.

"The sequence of events stemming from the determination of a convention center site in an unsuitable site, and by questionable actions, with motives that are suspect, will culminate in continuing litigation.

"I also with sadness bring you a message from your neighborhood boards. Many of you are products of the neighborhood boards. I would like to remind you that the 30 neighborhood boards have been in existence for approximately 10 years, and thousands and thousands of citizens of this city and county have gone through this neighborhood board system. They've learned a lot about zoning and variances and many of them spent six and seven years putting together the development plan and the general plan for the City and County of Honolulu. They were very, very proud of the eight development plans that were put together. With one stroke of the pen, all of this has gone down the tube.

"You have set a precedent with this bill which means that no zoning and variances in the City and County of Honolulu are safe. You have set a precedent that no zoning and variances are safe in any county in the state.

"You know, the saddest part to me is, I find that it's tragic that within the same time span that the U.S. Congress has passed the reparations bill compensating Japanese-Americans for their losses, their homes, their jobs, their businesses; this legislative body has passed bills allowing native Hawaiians to pursue the right to sue and making up the wrongs which have been done to the Hawaiians, and that we have chosen to honor Reverend Martin Luther King Jr. for his great contributions to civil rights. Yet, at the same time, we are poised to pass a law which will inflict a cruel punishment on another American minority, and by so doing, deprive them of the right to pursue their own destiny.

"Today, you have an obligation to the law, to the people whom you represent and to your conscience. The choice is yours, you are all free-thinking individuals. Each of you may vote for integrity, imagination, initiative, and an image of the future. You may cast your

vote in indignation that you are being put into a a very uncomfortable position. You may vote to uphold the law and the freedoms we have fought for.

"There are those of you who believe firmly that the 'Senate position' must be supported, regardless of what this position may be. I am sad to say I cannot join you in that. This is your choice and your conscience. Hawaii's highly tuted aloha may be nearing its final curtain.

"Therefore, with conviction and with love for my fellow man, I urge my fellow Senators to oppose this bill.

"Thank you very much."

At 3:28 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 3:39 o'clock p.m.

Senator Ikeda rose to speak in support of the measure, with reservations, as follows:

"Mr. President, I rise to speak in favor of this bill but with some very serious reservations.

"Mr. President, as a conferee on this measure, I think that the Senate did its best to come up with a good bill but I would be the first to admit that we may have fallen short in some areas.

"It has come to my attention no one was authorized to represent or negotiate on behalf of Queen's Hospital, the owner's of the property. And to me, this is of major importance because of the broad condemnation powers granted to the convention center authority by this bill.

"It is my hope that this problem can be resolved without the authority using condemnation proceedings. The owners of the land certainly have a right to decide whether they can accept the convention center on their property and eminent domain should not be used to coerce this approval.

"On another note, Mr. President, I think we debated long and hard on the issue of what will happen to the vendors and how they will be relocated. It was a prime consideration and in debating this issue. It was brought to our attention that when the master lease is renegotiated, in all probability, these people will be moved out because the land will be developed to a higher and better use in order to accommodate the increase in fees that would ultimately result.

"Given those options, we sought to look for help for the vendors rather than to allow them to be displaced without any help and I think that this bill addresses that. I believe that they have a great deal of support in this body and they have made a lot of friends. By addressing their concerns, with the inclusion of funds for relocation, I'd like to add that these funds should also be used for compensation for those who cannot take advantage of the first right of refusal.

"I also urge that negotiations continue so that most of the problems and concerns can be addressed and I am optimistic that if the talks do continue that most of the problems that they face can be mitigated.

"The passage of this bill is just the beginning and not the end for this proposal, I'm sure. More discussions will have to take place during the interim on a number of concerns and I urge that they do and that any unresolved

problems then be brought back to the Legislature next year for our deliberations.

"Thank you."

Senator Cobb spoke on the measure as follows:

"Mr. President, I rise to address this measure. I'm leaning against it although my mind could be persuaded by further discussion but I would like to outline some of the points and concerns that I have and I hope that they will be addressed. And they strictly center around planning, zoning and other ancillary considerations with no reference at all to any emotional concern. In fact I would be the very first to say that I do not agree with or countenance any type of threats or violence. I've been a victim of it myself in years past. And as other legislators know, when I am threatened I go the opposite way. So that has absolutely no bearing on my decision for the concerns or questions that I pose today.

"The decision on how to vote on this is a difficult one on the merits because I think there are a number of pluses or things that would help the bill that have been added. Let me cite a few.

"Number one, the conferees did add Senate confirmation for members of the authority.

"Number two, there is an automatic expiration of three years if there is no approval of the plan by the authority, three years after the authority members have been appointed.

"Number three, there is a full environmental impact statement required although that is not the same as addressing in a specific survey such items as a business, community or traffic impact survey. Nevertheless, most of those items should be addressed in the EIS.

"Number four, the relocation amount has been increased from five million dollars to what I understand is now a ten million bond for the relocation of businesses.

"Number five, I attended a briefing at 11:30 this morning in conference room 5 where not only the plans and schematics and drawings were shown but also a jitney plan was presented for transportation of conventioners from most sites in Waikiki.

"I've been made aware of at least four concerns of the vendors which, from the information I have received, have been largely, although I'm not sure, completely addressed. Those concerns are: 1) to have either a seat for a friend or someone who shares their concerns to serve on the authority; 2) to have one or more seats for persons who share their concerns sitting on the relocation task force; 3) a guaranteed time to stay at the present site; and 4) a shield of some sort so that there would less if none in terms of disruption during the construction phase.

"I would point out in agreement with what you've told me, Mr. President, that under the existing situation, vendors there now could be evicted on thirty days' notice with no reason or requirement given. In fact, when your Committee on Consumer Protection and Commerce had a hearing on the present business practices involved in this area, that fact came to the fold very, very clearly.

"In terms of the concerns I have about the bill and why I'm leaning against it, first, there is no copy of any written agreement by the developer and the owner and I think a legislative review of such an agreement is an essential part of the process.

"Second, the bill in question was late in being decked and the session is being extended at least partially for this matter.

"Third, I think the proposal now is somewhat unfair to the tourist industry and other sites that were traded away during the course of the conference committee negotiations.

"Fourth, I've been informed that Aloha Motors and Magoon Estates are willing to make as good or better counter-offers if given time. My concern is why we did not allow them to do so and I think by allowing them to do so the competition and the bidding would have been increased.

"Fifth, the right of first refusal is not very meaningful if the person who has that right or the business who has that right cannot afford new higher leases and obviously the lease cost will be higher in the convention center. I think what needs to be considered in this area, Mr. President, is that some sort of pooling arrangement should be allowed between businesses so that they could be afford such a new higher lease. I would point out also that the increase of the bond or the cash amount from five million to ten million dollars will increase the amount available to twenty thousand dollars for each business. I think a pooling arrangement with that kind of money should also be allowed to assist the business in relocating.

"Sixth, Mr. President, there is no free lunch. Unfortunately, while we are getting a 'free convention center' there are no cost estimates or traffic, business, or community impact surveys to be included for legislative review and approval prior to the time that this is enacted.

"Seventh, we have here an override of city zoning and the Waikiki Special Design District (WSDD). A few years ago, Mr. President, when we were dealing with the subject of time sharing, I became very, very familiar with the WSDD and how we had to legislate within its parameters. In fact, our Majority Floor Leader was at that time my House counterpart and as we were attempting to address the subject of time sharing legislation and restriction and controls and where it should be allowed and where it should not be allowed, we kept running into parameters and limitations of the WSDD. We could not override it then and I am very reluctant to override it at this time.

"Eight, there is no legislative review of the plans that are forthcoming from this authority. In short, there will be a three-year period where they will be able to come up with what they want and we will really not have an over-site authority except in terms of the power of advice and consent for the authority members.

"Nine, during the briefing this morning we were informed that there are only two hundred to three hundred parking spaces for the convention center. I will point out that in the horizontal property regimes, Mr. President, each apartment of a condominium unit is required to have a parking space unless it is for the purpose of commercial use. Then and only then is it exempted. Those who were presenting the briefing this morning acknowledged the fact that between 800 and 1200 spaces would be used for the condominiums under the requirements of the horizontal property regimes law. That means when you subtract the remaining VIP stalls, in a 2000-parking lot configuration, there will only be 200 to 300 parking stalls for the convention center. I do not consider that to be an adequate amount.

"Finally, Mr. President, reason number ten is that Queen's Hospital apparently has not given us its approval to this project as the land owner. I share the concern raised on that point by the Senator from the 11th district.

"As I indicated, I could be persuaded to go the other way if these concerns were addressed. If they're not, Mr. President, I will be reluctantly opposing this measure even though I have consistently supported a convention center in Waikiki with any location except Ft. DeRussy.

"I want to make sure, Mr. President, everyone understands the concerns that I have are based on planning, zoning, financial as well ingress and egress considerations and not on anything to do with any emotional considerations.

"Thank you, Mr. President."

Senator Blair supported the measure and said:

"Mr. President, I rise to speak in favor of the bill. I wish to commend and thank Senator Holt, Senator Yamasaki and Senator Ikeda for discharging their obligations to their colleagues and to their community in a way that demonstrated diligence, compassion and an appropriate regard for both the substance and the process."

Senator Hee also supported the bill and remarked:

"Mr. President, I rise to speak in favor of this bill.

"Mr. President, I speak in favor of this bill, primarily, for one reason - economics. Not because I'm an American, not because I'm Hawaiian but because of economics. I've never seen a piece of legislation like this.

"This legislation sends a signal to every developer -- Waihole-Waikane, Kalama Valley, Census Tract 57, Ota Camp, Niimalu-Nawiliwili, Kukailimoku Village, Maunawili. This bill sends a message to every developer that there shall be a bond placed. That this money ten million dollars ... I congratulate the chairman; he did a good job. He's done much for this state than simply the tourist industry. He has set up the local people ... the thirteen million dollars for Blaisdell ... and he has sent a message, a precedent, a legislative mandate to be weary of to every developer who starts evicting people, most of whom are local, maybe all of whom are part-Hawaiian; all of whom are poor; all of whom are disadvantaged; and all of whom are in the 'have nots' not the 'haves' the 'have nots.'

"This legislation now sets forth clear and convincing messages to developers. They are going to pay. And if that's what we're going to do, that's fine. This is what poor people have been waiting for.

"Sad to say, the way this legislation developed.

"I'm proud of the Hawaiian people, Mr. President. You're Hawaiian, I'm Hawaiian. I'm proud. I'm proud that they waited so long, patiently. They didn't come down here and surround brother Milton or the boys upstairs. I'm proud Hawaiians can do it; Japanese can do it. All the poor people can do it.

"I'm proud of the Japanese who waited so patiently for their reparations. Yes, I'm proud, Mr. President. You went to Selma, you marched with the Blacks. I think we understand these things. I'm voting for this bill, Mr. President. I want everybody to know I'm voting for this bill because this bill is for poor people. Regardless of the fact, apparently, the recipients of the ten million dollars

are not satisfied. I know a lot of people part-Hawaiians and otherwise would look at that money.

"Mr. President, I'm proud of this. I'm voting for this bill because I'm an American and I'm Hawaiian.

"Thank you."

Senator Solomon in support of the previous speaker remarked:

"Mr. President, speaking in support of the previous speaker.

"I do hope that this bill which I consider a very innovative way of looking at the problem when development moves into an area and has to displace residents and those that are on short term leases.

"Mr. President, this brings to mind ... I think it was last session or two session ago that we passed the landmark legislation helping the Hawaiians that were displaced in Milolii at Hoopuloa for the 1926 lava flow.

"Mr. President, the Hawaiians have waited 65 years for DLNR to come forth with long term leases that they were promised in 1926. I'm hoping, Mr. President, that once we look at this piece of legislation that we can use this vehicle to address the many other concerns throughout the State of Hawaii in reference to how we can come up with a plan to compensate people. How we can come up with a plan for relocation. How we can come with a plan, Mr. President, to give those of first refusal as far as when we have taken away their life-ways as well as their life-styles.

"With this, Mr. President, I'm speaking very much in support of this bill and I'm hoping my fellow colleagues will do likewise.

"Thank you."

Senator J. Wong, in support of the measure, requested the Chair to have his written remarks inserted into the Journal and the Chair having responded in the affirmative, Senator J. Wong's remarks are as follow:

"Mr. President, I rise to speak in favor of H.B. 3396, S.D. 1, H.D. 1, C.D. 1.

"However, in doing so, I would like to express a few reservations.

"My colleague, the chairman of Tourism and Recreation, today, has expressed quite eloquently the reasons for our choice on the designated site for the convention center in H.B. 3396, C.D. 1.

"Mr. President, my reservations are based on recent developments that are related to our decisions on the following projects: revitalization of the waterfront area, Keehi Lagoon, Kakaako, West Beach, \$61 million to buy land in Ewa, \$120 million for a housing revolving fund and other commitments made with future generations in mind.

"Mr. President, my reservations are couched in the context of strategic planning and most importantly the role that transportation plays in our planning process. The point to be made, Mr. President, is that this legislative body must view transportation as a key strategy in developing our economy for the future of Hawaii.

"The genesis of my reservations is that a decision on mass transportation, that is, a rapid transit system and its

alignment should have been made prior to the convention center site selection process.

"Since the early 70's the city administration has been 'studying' rapid transit systems as a means to mitigate our traffic problems within Honolulu, along with the various means of financing such a project including traditional government financing, a turn key operation, and franchising or the privatization of a rapid transit system. A lack of any positive movement toward a reasonable solution by the city administration regarding a mass transit system has pressured this body into making a decision that we may well regret for generations to come.

"In my humble opinion the issue here is not the convention center but transportation, since the only justifiable argument of a non-Waikiki site is moving people. We have a transit problem right now totally irrespective of a convention center. If we resolve our transportation problem, we will take an important step toward resolving problems such as moving conventioners and, most importantly, moving our own residents.

"In short, Mr. President, a decision on the alignment of a rapid transit system that would serve our residents and conventioners and enhance the controlled development of the Waikiki area, the waterfront-Kakaako area, the Keehi Lagoon-airport area, and eventually the Ewa-West Beach area is of the highest priority.

"In other cities convention centers are placed in areas in need of economic development not in areas with special design districts and serious overcrowding and traffic problems. It is designed and built with the residents use of the facility first and foremost in mind. We have a great opportunity to create a convention center for all people that could be located anywhere on an alignment of a transit line. We can compete with any city or state in the world for the convention business. The lack of foresight and business acumen of the city administration has precluded much of our options. Our decision today will probably place the State of Hawaii in direct competition with the City and County of Honolulu in building a convention center.

"Mr. President, I have discussed in great detail the concept behind SR 96 and SCR 94 with you and my fellow colleagues. Regretfully, an amended version of SR 96 was passed. I truly hope that by next session the city and state can make a decision relative to mass transportation once and for all. A mass transit system is vitally important as a strategy for developing an economy of the highest quality.

"Finally, Mr. President, I urge my fellow colleagues to vote for H.B. 3396, C.D. 1, despite my reservations, in hopes that we finally resolve the question on the concept of a convention center -- its location, its financing, and its operation; and hopefully, the ultimate mitigation of our traffic problems and the creation of an economic plan that takes our people into the next century.

"Thank you."

Senator George rose to address the members of the Senate as follows:

"Mr. President, as you may remember, we began this session with some high-flown literary references. So I suppose we should mark its conclusion with some appropriate quotation. My only problem, Mr. President, is that I can't think of anything that does justice to this rather unusual session.

"The closest I could come was Dickens: 'the best of times - the worst of times.' Each of us can sort out what was best and what was worst, and in the end the people who sent us here will make a decision about it.

"For the Minority, it was a pretty average year. We worked hard, we covered all the committees, we left our sometimes anonymous footprints throughout this session's legislative product.

"We were treated fairly, and for this our thanks to you, Mr. President, and to the Majority leadership. And our thanks to the very helpful staff -- taking care of twenty-five prima donnas can't be all that easy.

"This side of the aisle also welcomes the women's coalition -- another spunky minority and we can say we'll meet same time, next year.

"Until then, aloha."

At 11:35 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:36 o'clock p.m.

The President then addressed the members of the Senate as follows:

"Members of the Senate,

"With your indulgence, the Chair would like to say a few words at this time.

"This has been a most productive session. Over the last several weeks we've been confronted with many difficult issues. But now we can look back on a number of major accomplishments for which we can take pride and satisfaction.

"My fellow Senators, I commend you for a job well done. I believe this legislative session will prove to be a historic one.

"Many of you will be out campaigning for reelection in the months ahead. To you I extend my best wishes and my hope for success. You have all served diligently at your legislative duties and I believe your constituents will be well served by returning you back to office. It has been an honor and a pleasure to serve together with you.

"To all the hardworking Senate staff people, you're the ones who keep the legislative process moving. You do all the work while we Senators get all the recognition. Of course, we get our share of the blame too but we manage to get into trouble without staff help. In any case, on behalf of all the Senators, I extend a big mahalo to all of you.

"To all my fellow Senators, I wish you aloha. My wish is to see you all back here again next year ... hopefully from the vantage point of this podium."

ADJOURNMENT

Senator Blair moved that the Senate of the Fourteenth Legislature of the State of Hawaii, Regular Session of 1988, adjourn Sine Die, seconded by Senator A. Kobayashi and carried.

At 11:40 o'clock p.m., the President rapped his gavel and declared the Senate of the Fourteenth Legislature of the State of Hawaii, Regular Session of 1988, adjourned Sine Die.

Gov. Msg. No. 327 returning Senate Bill No. 3264, without his approval, together with his statement of objections relating to the measure which reads as follows:

**"EXECUTIVE CHAMBERS
HONOLULU, HAWAII**

May 13, 1988

**STATEMENT OF OBJECTIONS TO SENATE BILL NO.
3264**

Honorable Members
Fourteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 3264, entitled 'A Bill for an Act Relating to Capital Improvement Projects.'

The purpose of Senate Bill No. 3264 is to authorize certain capital improvement projects and to appropriate funds for those capital improvement projects.

The bill appears to violate section 9 of Article VII of the State Constitution. Section 9 of Article VII and section 37-93, Hawaii Revised Statutes, which implements section 9 of Article VII, provide that the Legislature may make appropriations from the general fund in excess of the general fund expenditure ceiling only by: (1) a two-thirds vote of the members to which each house of the Legislature is entitled; and after (2) setting forth the dollar amount and rate by which the appropriations exceed the general fund expenditure ceiling; and (3) setting forth the reasons for exceeding the expenditure ceiling.

Senate Bill No. 3264 was apparently not enacted in accordance with these requirements even though it makes appropriations for fiscal year 1987-88 which exceed that fiscal year's expenditure ceiling. This may have resulted from unintended references to fiscal year 1987-88 in section 2 of the bill.

According to section 2 of this bill, the appropriations in it are made from the general fund for fiscal year 1987-88. Section 6 of the bill provides that appropriations made for fiscal year 1988-89 shall lapse on June 30, 1990. However, no appropriation is made by the bill for that fiscal year. This technical ambiguity suggests that there may be an erroneous fiscal year reference in either section 2 or section 6. If the fiscal year references in section 2 should have been to 1988-89, the appropriations would not lapse until June 30, 1990, and the appropriations made in the bill would be well within the general fund expenditure ceiling for fiscal year 1988-89, inasmuch as the ceiling can accommodate the total amount appropriated by the bill. On the other hand, if the fiscal year reference in section 6 of the bill were incorrect and it could be corrected without further legislative action, the funds appropriated in section 2 for fiscal year 1987-88 would not lapse until June 30, 1990, but the general fund expenditure ceiling would still have been exceeded.

Because of the technical ambiguities, it is impossible to tell from the bill which of the two sections contain the error. Thus, I am unable to correct the measure pursuant to section 21 of the bill, and it appears that only the Legislature can address the bill's seeming constitutional defect.

I also note that section 11 of Article III of the Constitution of the State of Hawaii provides that any portion of any appropriation which is unencumbered at

the close of the fiscal period for which the appropriation is made shall lapse at the close of such fiscal period. Thus, unencumbered appropriations made for the fiscal year 1987-88 by this bill will lapse on June 30, 1988. As a practical matter, the appropriations made in this bill cannot be encumbered in any substantial amount by June 30, 1988.

For the foregoing reasons, I am returning Senate Bill No. 3264 without my approval.

Respectfully,

/s/ John Waihee
JOHN WAIHEE
Governor of Hawaii"

Gov. Msg. No. 328 transmitting his statement of objections to House Bill No. 2032 which he has returned to the House without his approval and which reads as follows:

**"EXECUTIVE CHAMBERS
HONOLULU, HAWAII**

May 16, 1988

**STATEMENT OF OBJECTIONS TO HOUSE BILL NO.
2032**

Honorable Members
Fourteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 2032, entitled 'A Bill for an Act Relating to Telecommunications and Information.'

The purpose of this bill is to create a vehicle through which the State of Hawaii could become a leader in the

field of telecommunications and information technology in the Pacific Basin and throughout the world, and to appropriate funds to accomplish these ends.

The appropriation found in section 14 of the bill does not specify the fiscal period for which the appropriation is being made as required by section 11 of Article VII of the Hawaii State Constitution, and therefore the appropriation from general revenues violates the constitutional requirement that a general fund appropriation be for a 'specified' period.

In addition, I have been advised that part of the appropriations made for fiscal year 1987-1988 by the bill exceeds the constitutionally imposed general fund expenditure ceiling. Section 9 of Article VII of the Hawaii State Constitution provides, in pertinent part, that '[n]o appropriations in excess of the general fund expenditure ceiling shall be authorized in any legislative session unless the legislature shall, by a two-thirds vote of the members to which each house of the legislature is entitled, set forth the dollar amount and the rate by which the ceiling will be exceeded and the reasons therefor.' Section 37-93 (b) of the Hawaii Revised Statutes, a statute implementing the constitutional provision above-described, requires that the information be included in each act containing an appropriation that exceeds the expenditure ceiling. Because the bill does not comply with any of these constitutional and statutory requirements, the entire appropriation appears to be constitutionally defective.

For the foregoing reasons, I am returning House Bill No. 2032 without my approval.

Respectfully,

/s/ John Waihee
JOHN WAIHEE
Governor of Hawaii"

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 3596, entitled 'A Bill for an Act Relating to Consumer Protection.'

The purposes of this bill are to place the Office of Consumer Protection directly under the administration of the Director of Commerce and Consumer Affairs and to resolve areas of conflict or confusion in the field of consumer protection in Hawaii.

A companion bill, Senate Bill No. 2780, was also passed by the Legislature during the Regular Session of 1988. Since I approved Senate Bill No. 2780 on May 10, 1988, as Act 60, there is no need to also approve this bill.

The purpose of Senate Bill No. 2322 is to amend Section 408-14.7, Hawaii Revised Statutes, to allow industrial loan companies to use recent real property tax assessments as a means of valuing residential properties.

follows:

**"EXECUTIVE CHAMBERS
HONOLULU, HAWAII**

June 2, 1988

**STATEMENT OF OBJECTIONS TO HOUSE BILL NO.
2535**

Honorable Members
Fourteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 2535, entitled 'A Bill for an Act Relating to Taxation.'

The purpose of this bill is to exempt from the general excise tax the commission income of travel agencies derived from the sale of airline tickets for the reason (according to the bill) that 49 U.S.C. § 1513(a) prohibits states from taxing the sale of air transportation.

This bill is premised upon two erroneous legal conclusions: (1) that 49 U.S.C. § 1513(a) prohibits taxing travel agencies' commissions and (2) that travel agencies are taxed on the income of airlines. The difficulty with the presence of these errors in the bill and the committee report is that they make it appear that passage of this bill is required by federal law, when it is clearly not. What impact this error will have on other laws, or the claims of other airline related industries, is difficult to say. There is certainly some risk in allowing this interpretation of federal law to become part of the law in Hawaii.

These legal conclusions are erroneous for the following reasons:

First, although 49 U.S.C. § 1513(a) prohibits states from taxing the sale of air transportation, it does not prohibit the states from taxing travel agencies' commissions from airline ticket sales. In pertinent part, 49 U.S.C. § 1513(a) provides that [n]o State . . . shall levy or collect a tax . . . directly or indirectly . . . on the sale of air transportation or on the gross receipts derived therefrom.' However, the general excise tax imposes a privilege tax upon service businesses generally, including travel agencies. Section 237-13(6), Hawaii Revised Statutes, provides that '[u]pon every person engaging or continuing within the State in any service business or calling not otherwise specifically taxed under this chapter, there is likewise hereby levied and shall be assessed a tax equal to four per cent of the gross income of any such business.' The general excise tax imposed on a travel agency is imposed upon the gross income of the travel agency business, not upon the sale of air transportation or the gross receipts derived therefrom by the airlines. Airlines, not travel agencies, are in the business of providing and selling air transportation.

Second, travel agencies are not in the business of providing and selling air transportation. They are in the business of acting as 'an intermediary between a person seeking to purchase travel services and any person seeking to sell travel services,' as defined in section 468K-1, Hawaii Revised Statutes. They generally receive a commission of ten percent of the ticket price for their ticket handling services. The general excise tax is imposed upon their gross income from ticket brokerage services, not from the sale of air transportation. Therefore, while 49 U.S.C. § 1513(a) prohibits state taxation of air transportation, it does not prohibit state taxation of travel agencies' brokerage services.

Furthermore, since federal law does not prohibit the taxation of travel agents, enacting an exemption for an occupation which is taxed upon commissions would create a bad precedent and invite other commission occupations to also request exemptions from the general excise tax.

For the foregoing reasons, I am returning House Bill No. 2535 without my approval.

Respectfully,

/s/ John Waihee

Honorable Members
Fourteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 2364, entitled 'A Bill for an Act Relating to Historic Sites.'

The purpose of this bill is to amend Chapter 6E, Hawaii Revised Statutes, by adding a new section designating Keolonahihi State Historical Park on the island of Hawaii as a historic site.

This bill would change the present name of Kamoa Point State Park to Keolonahihi State Historical Park. It is unnecessary to statutorily change the name of this park as this can be administratively accomplished. Further, this bill would set a precedent of designating State historical parks by statute which undermines the purpose for designating sites onto the Hawaii Register of Historic Places. Kamoa Point is already listed on both the Hawaii and National Registers of Historic Places.

For the foregoing reasons, I am returning House Bill No. 2364 without my approval.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 3222, entitled 'A Bill for an Act Relating to Child Care.'

The stated purposes of Senate Bill No. 3222 are to amend sections 346-151 and 346-152, Hawaii Revised Statutes, to increase the number of children who may be cared for in a private home from five to six, and also to clarify the exclusions from child care licensing. This bill is substantially identical to House Bill No. 3484, which also passed. Since I approved House Bill No. 3484 on May 27, 1988, as Act 125, it is unnecessary to also approve this bill.

Gov. Msg. No. 346 returning Senate Bill No. 3093 without his approval, together with his statement of objections relating to the measure which reads as follows:

**"EXECUTIVE CHAMBERS
HONOLULU, HAWAII**

JUNE 13, 1988

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 3093

Honorable Members
Fourteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 3093, entitled 'A Bill for an Act Relating to Remnants of Public Lands.'

The purpose of this bill is to place further conditions on the sale of public lands as remnants. The amendments to subsections (b) and (c) of section 171-52, Hawaii Revised Statutes, are ambiguous and raise legal questions of interpretation, such as what constitutes 'substantial public concern.' In addition, this bill is administratively burdensome to implement, the effect of which increases the cost of selling these remnants. Section 171-52, Hawaii Revised Statutes, is intended to effectuate a policy decision to encourage the disposition of remnants, but the amendments to be made by this bill will frustrate that policy decision.

For the foregoing reasons, I am returning Senate Bill No. 3093 without my approval.

Respectfully,

/s/ John Waihee
JOHN WAIHEE
Governor of Hawaii"

Gov. Msg. No. 348 returning Senate Bill No. 2860 without his approval, together with his statement of objections relating to the measure which reads as follows:

**"EXECUTIVE CHAMBERS
HONOLULU, HAWAII**

June 14, 1988

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 2860

Honorable Members
Fourteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 2860, entitled 'A Bill for an Act Relating to Environmental Impact Statements.'

The stated purpose of Senate Bill No. 2860 is to provide the State Environmental Council (Council) with the authority to issue declaratory rulings. In addition, this bill authorizes the Council to issue advisory opinions.

Section 91-8, Hawaii Revised Statutes, currently authorizes the Council to issue declaratory rulings. Under section 91-8, agencies are empowered to issue declaratory rulings 'as to the applicability of any statutory provision or any rule or order of the agency.' The Supreme Court of Hawaii has ruled that this language gives an administrative agency power to rule only upon questions 'which would be relevant to some action which the Board might take in the exercise of the powers granted by [statute].' Fasi v. Hawaii Public Employment Relations Board, 60 Haw. 436, 443, 591 P.2d 113, 117 (1979).

However, in Senate Conference Committee Report No. 229 and House Conference Committee Report No. 74-88 regarding this bill, the Conference Committee stated:

Recently, the Council's authority to issue declaratory rulings has been questioned. As a result the Council has refused to act on petitions for declaratory rulings submitted by interested persons. Your Committee finds that there is a need to include specific language in Chapter 343, Hawaii Revised Statutes (HRS), to affirm the Council's authority, especially since the Office of Environmental Quality Control is solely responsible for the oversight of that chapter.

This bill would clearly allow the council to issue, on petition or its own motion, a declaratory ruling or an advisory opinion as to the applicability of any statutory provision of chapter 343, HRS, or any rule or order adopted by the Council in matters pursuant to the Chapter.

In authorizing the Council to issue declaratory rulings regarding the applicability of any and all statutory provisions of chapter 343, or any and all relevant rules or orders, this bill appears to be attempting to authorize the Council to issue declaratory rulings regarding matters over which the Council is otherwise powerless to act.

Moreover, this bill appears to authorize the Council to issue declaratory rulings on its own motion. This conflicts with section 91-8, which requires that an agency may issue a declaratory ruling only upon a petition from an interested person. The conflict with section 91-8 could lead to a great deal of uncertainty and confusion in the environmental review processes of chapter 343.

For the foregoing reasons, I am returning Senate Bill No. 2860 without my approval.

Respectfully,

/s/ John Waihee
JOHN WAIHEE
Governor of Hawaii"

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 3107

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 3107, entitled 'A Bill for an Act Relating to the Farm Loan Program.'

The purpose of Senate Bill No. 3107 is to authorize the Department of Agriculture to amend the terms of a \$1,200,000 loan made to the United Cane Planters

Cooperative from funds appropriated to the Farm Loan Program by Act 183, Session Laws of Hawaii 1972. Specifically, this bill will amend that Act 183 to authorize the Department of Agriculture to reduce the interest rate charged on the remaining balance of the loan from five percent to one percent.

Although I agree with the underlying purpose of assisting our sugar growers, I do not believe that the method used by this bill to provide assistance is appropriate. Since the existing loan was made with a subsidized interest rate, permanently lowering the interest rate further to one percent on a long-term loan may set an unfortunate precedent. Other methods, such as short-term emergency loans at subsidized interest rates, are available to provide additional assistance.

For the foregoing reasons, I am returning Senate Bill No. 3107 without my approval.

"EXECUTIVE CHAMBERS
HONOLULU, HAWAII

JUNE 15, 1988

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 3009

Honorable Members
Fourteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 3009, entitled 'A Bill for an Act Relating to Junior Police Organizations.'

Amongst its several purposes, House Bill No. 3009 shifts the responsibility for supervision of junior police officer programs from school personnel to each county's police departments, and makes the police departments solely responsible for training and supervising junior police officers at traffic posts. Presently, the Department of Education is responsible for the organization and supervision of the program.

Section 5 of Article VIII of the Hawaii State Constitution specifies that the State must share in the cost of any increase in service level incurred by the counties which results from the mandated transfer of a function from the State to the counties. House Bill No. 3009 appears to violate Article VIII, section 5 of the Hawaii State Constitution because it does not appear to satisfy this requirement -- the sums appropriated to the counties by this bill are woefully insufficient to meet the State's obligation to share in the counties' increased costs.

The bill also presents serious policy-based concerns. Even if it could be assumed that Article VIII, section 5 does not require that an appropriation be made simultaneously with the function transfer, if the counties do not assume the transferred function because they believe Article VIII, section 5 has not been fully implemented, the safety of school children could be threatened by the void that may result.

Moreover, the costs incurred by the counties may very likely be greater than if the transferred functions remained with the State.

For the foregoing reasons, I am returning House Bill No. 3009 without my approval.

Gov. Msg. No. 353 returning Senate Bill No. 2448
without his approval, together with his statement of
objections relating to the measure which reads as follows:

"EXECUTIVE CHAMBERS
HONOLULU, HAWAII

June 15, 1988

STATEMENT OF OBJECTIONS TO SENATE BILL NO.
2448

Honorable Members
Fourteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution
of the State of Hawaii, I am returning herewith, without
my approval, Senate Bill No. 2448, entitled 'A Bill for
an Act Relating to Vehicles Left Unattended on Private
and Public Property.'

The purpose of Senate Bill No. 2448 is to authorize
public and private property owners to order the tow of
illegally parked vehicles on the owner's property, at the
expense of the vehicle owner after either 1) posting a
notice on the property indicating that parking of vehicles
without authorization is prohibited or 2) posting a notice
on the unattended vehicle for at least 48 hours. Both
notices must be conspicuous and include the location
where the towed vehicle will be held.

Notwithstanding the posting of the notice on the
vehicle, a constitutional problem does exist in that the bill
authorizes towing without providing for an opportunity for
a hearing either before or after the tow.

Unquestionably, the loss of the use or the enjoyment of a vehicle even if temporary deprives the owner of property which may constitutionally be taken from him only in accordance with due process, which means notice and the timely opportunity to be heard. This bill does not require notice to the owner of the likelihood of being towed away. Practically speaking, it does not give notice of where the vehicle will be stored after being towed as the notice will be towed away with the vehicle.

Thus, given the problems the bill creates, I believe it inadvisable to give the bill my approval.

For the foregoing reasons, I am returning Senate Bill No. 2448 without my approval.

Respectfully,

"EXECUTIVE CHAMBERS

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 3161

Honorable Members
Fourteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 3161, entitled 'A Bill for an Act Relating to Management of State Funds.'

The purpose of Senate Bill No. 3161 is to allow agencies of the State, Judiciary, and counties to enter into long-term energy performance contracts by amending the State's public contract laws and establishing revolving funds from and into which moneys for such contracts can be spent and deposited by public agencies.

This bill will result in a proliferation of revolving funds with no provision for administrative and legislative oversight to ensure that the public funds deposited in them are expended efficiently and effectively. Cost savings generated by initial investments of funds from the State's Treasury for these long-term energy performance contracts should benefit the State as a whole, and not individual agencies.

I believe we can achieve the same objective -- energy efficient operations -- under existing laws. Agencies are presently free to enter into contracts for energy audits and design services which may then serve as specifications for performance-based, energy-efficient equipment and services procurement.

For the foregoing reasons, I am returning Senate Bill No. 3161 without my approval.

Respectfully,

/s/ John Waihee

"EXECUTIVE CHAMBERS

STATEMENT OF OBJECTIONS TO SENATE BILL NO.

Honorable Members
Fourteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 3077, entitled 'A Bill for an Act Relating to Concessions on Public Property.'

The purpose of Senate Bill No. 3077 is to require that concessions for the operation of ground transportation services at state airports be opened up for bids. This bill is apparently in response to the concern that exempting state airport ground transportation service concessions from the statutory bidding requirements denies prospective concessionaires equal opportunity to obtain such concessions.

Although the purpose of this bill, which seeks to foster competition for ground transportation service concessions at state airports, is commendable, we believe the effect of this bill would be to unduly favor the larger providers of such ground transportation services to the detriment of the smaller providers, especially at the neighbor island airports.

As a result, it is my belief that the bill is overbroad in its application since the need for the bidding exemption still appears to exist at the neighbor island airports. Indeed, in the 1960 statutory forerunner of section 102-2(b)(1), Hawaii Revised Statutes, the bidding exemption for ground transportation service concessions applied only to airports other than Honolulu International Airport, i.e., the neighbor island airports.

Furthermore, with regard to the ground transportation service concessions at Honolulu International Airport, the Department of Transportation has already auctioned off several ground transportation service concessions and has plans to place the remaining concessions up for auction, thereby complying with the intent of this bill.

For the foregoing reasons, I am returning Senate Bill No. 3077 without my approval.

"EXECUTIVE CHAMBERS

STATEMENT OF OBJECTIONS TO SENATE BILL NO.
3233

Honorable Members
Fourteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 3233, entitled 'A Bill for an Act Relating to Enterprise Zones.'

The purpose of Senate Bill No. 3233 is to amend section 209E-2, Hawaii Revised Statutes, by adding new definitions of the terms 'average number of full-time employees,' 'full-time employees,' and 'establishment' to that section. The conference committee reports indicate that the new definitions are added to prevent businesses from circumventing the intent of chapter 209E, Hawaii Revised Statutes, by restructuring themselves only for the purpose of qualifying for enterprise zone tax benefits.

Section 2 of the bill also adds a new requirement which businesses already established in an enterprise zone immediately prior to designation of the zone must meet in order to qualify for zone tax benefits. For these businesses, the total hours worked by all full and part-time employees in the qualifying year shall be at least ten percent greater than the total number of hours worked by all full and part-time employees in the base calendar year. This provision creates an ambiguity with regard to businesses having establishments both within and outside the zone. It is unclear whether this new requirement applies to the entire business entity or only to employees at the establishments within the zone.

The bill arguably does not alter other ambiguous and discriminatory provisions already contained in chapter 209E. Those restrictions virtually preclude a large share of private sector investment in enterprise zones which might otherwise be available to stimulate business and industrial growth, increase employment, and result in neighborhood revitalization. For example, the statute, as amended, would continue to restrict, if not deny, investment in an enterprise zone by broadly-based companies in the State who could not meet the requirements of section 209E-9(a)(2) that fifty percent of

the entire business' gross receipts be attributable to the active conduct of trade or business within the enterprise zone.

Senate Bill No. 3233 thus creates ambiguities, perpetuates the inequities in the current statute, and will make necessary equitable revisions more difficult.

For the foregoing reasons, I am returning Senate Bill No. 3233 without my approval.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 2904, entitled 'A Bill for an Act Relating to the University of Hawaii Malpractice Fund.'

The purpose of this bill is to allow the University of Hawaii to use its University of Hawaii at Manoa malpractice special fund as a reserve for a self-insured program for its professional clinical programs.

I am returning this bill without my approval because I believe that it is premature for the University to establish a self-insured program without first demonstrating more precisely a need for such a program, that such a program will be economically beneficial to the State, and that the University is capable of operating such a program. There are too many uncertainties about this bill for me to approve it at this time and I believe that more thought is needed before we embark on such a high risk and perhaps costly endeavor.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 2783, entitled 'A Bill for an Act Relating to Insurance.'

The purpose of this bill is to require providers of sickness and health care insurance, including mutual benefit societies, to file their rates with the insurance commissioner together with supporting materials showing that the rates are not excessive, inadequate, or unfairly discriminatory.

I have two objections to this bill.

First, while the bill by its terms applies to sickness and health care insurers and to mutual benefit societies, the provisions of the bill do not specifically reference health maintenance organizations. Health care insurers, mutual benefit societies, and health maintenance organizations provide similar benefits and compete in the same markets. It is neither fair nor equitable that the rates and charges of some but not others of these similar enterprises be subject to regulatory review.

Second, I have been informed that the Insurance Division would require \$200,000 of funding to properly perform the additional responsibilities contemplated in the bill. The bill makes no appropriation for this purpose. The significant burdens the bill would impose on the Division's limited staff and resources persuade me that the bill should not become law without also providing for the necessary funding.

For the foregoing reasons, I am returning House Bill No. 2783 without my approval.

"EXECUTIVE CHAMBERS

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 3277

Honorable Members
Fourteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 3277, entitled 'A Bill for an Act Relating to Historic Preservation.'

This bill was originally intended to improve the preservation of historic sites within the State by: (1) requiring that the real property tax maps be amended to identify the State's historic sites; and (2) further requiring

that historic sites, which were removed from the Hawaii Register of Historic Places in 1980 because of procedural errors in owner notifications, be restored to the Hawaii Register of Historic Places.

The bill requires real property tax maps to identify historic sites by amending previous Section 246-9, Hawaii Revised Statutes, which dealt specifically with the preparation and maintenance of tax maps by the State Department of Taxation. Unfortunately, the entire tax map function was transferred exclusively to the counties pursuant to Section 246A-2(3), Hawaii Revised Statutes, as mandated by Section 3 of Article VIII of the Constitution of the State of Hawaii.

If the bill were to be interpreted to require the counties to change the tax maps to identify the historic sites, the bill would be in violation of Section 5 of Article VIII of the State Constitution, because no funds were appropriated to cover the counties' costs.

The legislature addressed the funding problem by including Section 4, which specifically provides for the severance of the tax map portion of the bill if the bill is construed to require that the respective counties, rather than the State, make the appropriate changes to the tax maps. Therefore, those provisions of the bill relating to required changes to the county real property tax maps are mere surplusage and totally ineffective in amending the tax maps.

Additionally, the bill's requirement that the Department of Land and Natural Resources begin the process of restoring previously removed historic sites back to the Hawaii Register of Historic Places, presents innumerable administrative problems for the Hawaii Historic Places Review Board. The Hawaii Historic Places Review Board presently has neither the staffing nor the resources to effectively undertake the required contested case hearings, review, and processing of owners' objections regarding the proposed redesignation of property onto the Hawaii Register of Historic Places.

For the foregoing reasons, I am returning Senate Bill No. 3277 without my approval.

Currently, funds to pay staff salaries and to purchase books and materials are included in the University's operating appropriations. **"EXECUTIVE CHAMBERS

June 16, 1988

**STATEMENT OF OBJECTIONS TO HOUSE BILL NO.
2197**

Honorable Members
Fourteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 2197, entitled 'A Bill for an Act Relating to Health.'

The purpose of House Bill No. 2197 is to relieve the counties of the responsibility to pay for the expenses of removal and quarantine, pursuant to section 325-8, Hawaii Revised Statutes, of persons infected or suspected of being infected with any infectious, communicable, or other disease dangerous to the public health.

Section 325-8, Hawaii Revised Statutes, provides that the removal and quarantine 'shall be at the expense of the person's self, the person's parents or guardian, if able to meet the expense, otherwise at the expense of the county in which the person is ill or infected.' The applicable county will be responsible for payment of the removal and quarantine expenses only if the infected person or that person's parents or guardians unable to pay those expenses. There is no indication that the counties have not been fulfilling or are not able to fulfill their contingent responsibilities under section 325-8.

Pursuant to Section 5 of Article VIII of the State Constitution, if any new program or increase in the level of service under an existing program is mandated to any of the counties by the Legislature, the Legislature must

provide that the State share in the cost. Because of this requirement, and because there is a multitude of issues concerning the relationship of state and county programs and services, the State is currently working closely with the counties to develop a comprehensive plan to evaluate which functions should be state functions, which should be county functions, and what the total cost to the state would be upon the transfer of various functions to the counties. One objective of this cooperative effort is to avoid piecemeal transfers of functions and, unfortunately, House Bill No. 2197 would be contrary to that objective. This issue should be reviewed in conjunction with other similar issues currently under study.

For the foregoing reasons, I am returning House Bill No. 2197 without my approval.

STATEMENT OF OBJECTIONS TO SENATE BILL NO.
2032

Honorable Members
Fourteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution
of the State of Hawaii, I am returning herewith, without
my approval, Senate Bill No. 2032, entitled 'A Bill for
an Act Relating to Government.'

The purpose of this bill is to repeal Part I of Chapter
29, Hawaii Revised Statutes, which establishes the office,
powers and duties of a federal programs coordinator.

Although the position of federal programs coordinator
is unfilled and the State's interests are being well
represented in Washington, D.C., by its consultant,
Counselors for Management, at the present time, I believe
it will become increasingly important that an individual
intimately familiar with Hawaii and the State's plans and
programs be available. I can only foresee an increase in
federal and state interaction. In my view, therefore, this
is not the time to abolish the office of the State's federal
programs coordinator.

For the foregoing reasons, I am returning Senate Bill
No. 2032 without my approval.

Respectfully,

/s/ John Waihee
JOHN WAIHEE
Governor of Hawaii"

"EXECUTIVE CHAMBERS

June 17, 1988

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 2267

Honorable Members
Fourteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 2267, entitled 'A Bill for an Act Relating to Collective Bargaining.'

The purpose of Senate Bill No. 2267 is to amend section 86-6(c), Hawaii Revised Statutes, to allow certain secretaries to top-level managerial and administrative personnel to be included in any collective bargaining unit.

Currently, any secretary whose job duties involve or are concerned with confidential matters affecting employee-employer relations is excluded from collective bargaining under section 86-6(c) as an 'individual concerned with confidential matters affecting employee-employer relations.' However, this bill will amend the exclusion of secretaries to top-level managerial and administrative personnel to limit the exclusion to those secretaries 'whose job duties involve or are concerned with confidential matters affecting employee-employer relations.' To avoid an interpretation that the amendment is totally superfluous and meaningless, the exclusion of an 'individual concerned with confidential matters affecting employee-employer relations' will have to be read to apply to individuals other than secretaries.

Unfortunately, if the latter exclusion is read to apply only to individuals other than secretaries, the bill will in effect exclude from collective bargaining only those secretaries concerned with confidential matters affecting employee-employer relations who are secretaries to top-level managerial and administrative personnel. I believe that any secretary concerned with confidential matters affecting employee-employer relations should be excluded from collective bargaining to avoid the conflict of interest, whether or not the secretary is a secretary to top-level managerial or administrative personnel.

For the foregoing reasons, I am returning Senate Bill No. 2267 without my approval.

"EXECUTIVE CHAMBERS
HONOLULU, HAWAII

June 17, 1988

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 83

Honorable Members
Fourteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 83, entitled 'A Bill for an Act Relating Relating to Public Officers and Employees.'

The purpose of Senate Bill No. 83 is to create additional opportunity for the advancement of teachers by changing the current teacher Class VII in section 297-31.1, Hawaii Revised Statutes, to Class VIII and establish a new Class VII for teachers, based upon five acceptable years of college education and sixty additional credits approved by the Department of Education and other requirements as may be established.

Presently, in order to advance from Class VI to Class VII, a teacher must obtain a Ph.D. degree. However, due to the expenses involved in obtaining a Ph.D. degree, it is unlikely that many of these Class VI teachers will be able to become Class VII teachers under the present classification plan. Therefore, by creating a new Class VII without the Ph.D. requirement, Class VI teachers will have additional opportunities for advancement.

Although I fully agree that all possible avenues to provide opportunities for advancement for teachers should continue to be explored, I believe that a full study, including the financial impact of this proposal upon the State, should first be conducted to enable the Department of Education to plan for the orderly implementation of the creation of the new class. The Department of Education estimates that about 2,000 Class VI teachers will be eligible for advancement to Class VII, if such a class is established. According to its projections, the new Class VII will require a minimum additional annual appropriation of \$2.4 million and cannot be effectuated before the required funds are appropriated.

In any event, this bill would not have taken effect until August 31, 1989. There is sufficient time to further study this proposal, address its financial impact during the Regular Session of 1989, and provide for orderly implementation by that same effective date. Consequently, this bill appears to be premature.

For the foregoing reasons, I am returning Senate Bill No. 83 without my approval.

Gov. Msg. No. 370 transmitting his statement of objections to House Bill No. 2028 which he has returned to the House without his approval and which reads as follows:

"EXECUTIVE CHAMBERS HONOLULU, HAWAII"

JUNE 17, 1988

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 2028

Honorable Members
Fourteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 2028, entitled 'A Bill for an Act Making an Appropriation for an Environmental Impact Statement for a Space Port in Hawaii.'

The stated purpose of House Bill No. 2028 is to appropriate \$125,001 to the Department of Business and Economic Development (D.B.E.D.) in fiscal year 1988-89 for preparation of an environmental impact statement (E.I.S.) and related studies on the possible establishment of a space launch facility in Hawaii. However, of the \$125,001, the bill provides that \$125,000 may be spent to contract with the University of Hawaii to establish air quality monitoring stations in Ka'u, South Kona, North

Kona, Kohala and Hilo. It appears that the amount appropriated for air quality monitoring stations is inadequate for that purpose alone and, if expended, would leave no money for other studies included within the apparent purposes of the act, let alone for the proposed environmental impact statement.

The sum of \$1,539,230 was appropriated by the Legislature in the Supplemental Appropriations Bill, House Bill No. 2081, to D.B.E.D. for development of a rocket launching site and space-related activities including a launch site environmental impact statement, master plan, permits, soil and impact studies; a pacific center for space technology; a feasibility study and conceptual plan for a theme park and education center; and an office of space industry.

House Bill No. 2028, in purporting to appropriate funds for an environmental impact statement creates confusion as to whether one or two E.I.S.'s are required as well as ambiguity as to the scope of the E.I.S. and other related studies. The bill therefore is ambiguous, vague, and confusing. It lacks clear legislative direction and purpose toward achieving the stated goal of assisting the State of Hawaii to compete effectively and expeditiously in the space launch industry.

The Supplemental Appropriations Bill, on the other hand, provides clear, unequivocal directions and adequate preliminary funding toward achieving the State's goals in the worldwide space-launch competition as well as providing for legislative oversight.

Since I intend to approve the amount contained in the Supplemental Appropriations Bill, which will accomplish the essential purposes of House Bill No. 2028, there is no need to approve House Bill No. 2028.

For the foregoing reasons, I am returning House Bill No. 2028 without my approval.

Respectfully,

3613

Honorable Members
Fourteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 3613, entitled 'A Bill for an Act Relating to Corporations.'

The purpose of this bill is to permit corporations to restrict removal of corporate directors for good cause only, in an attempt to restrict corporate takeovers.

Although this bill serves a legitimate purpose in creating an obstacle to corporate takeover efforts, this bill places an unreasonable restriction on the corporate democratic process of the majority vote. Unless the articles of incorporation provide otherwise, a simple majority of shareholders should be sufficient to remove corporate directors without the added burden of showing cause. The Legislature has provided other measures which appear to sufficiently check unwarranted takeover attempts.

For the foregoing reasons, I am returning House Bill No. 3613 without my approval.
