THE
FIFTEENTH LEGISLATURE
STATE OF HAWAII
REGULAR SESSION OF 1989
JOURNAL OF THE SENATE

FIRST DAY

Wednesday, January 18, 1989

In accordance with the provisions of Section 10 of Article III of the Constitution of the State of Hawaii, the Senate of the Fifteenth Legislature of the State of Hawaii, Regular Session of 1989, was called to order at 10:00 o'clock a.m., by the Honorable Richard S.H. Wong, Temporary Chairman of the Senate.

At this time, the members of the Senate, guests and audience rose to sing the National Anthem and "Hawaii Pono" led by Al Harrington, Clayton and Alan Naluai, and Cathy Foy.

The Divine Blessing was then invoked by the Reverend Kim On Chong, retired chaplain, Mid-Pacific Institute, Honolulu, who was escorted to the dais by Senators Aki, Chang and Holt.

Nominations now being in order for a temporary clerk, Senator Yamasaki nominated T. David Woo Jr., seconded by Senator McMurdo.

Senator Solomon moved that the nominations be closed, seconded by Senator Nakasato and carried, and the Chair declared T. David Woo Jr. as Temporary Clerk of the Senate.

Senator Hagino then moved that a Committee of three be appointed by the Chair as a Committee on Credentials to examine the certificates of election of the newly elected members of the Senate and to submit a report of its findings to the Senate, seconded by Senator George and carried.

The Temporary Chairman thereupon appointed Senators Hagino, Aki and George to serve on such committee.

At 10:10 o'clock a.m., the Chair declared a recess, subject to the call of the Chair. At this time, the members of the Senate and their guests were entertained by Al Harrington with Clay and Alan Naluai.

The Senate reconvened at 10:25 o'clock a.m.

The Committee was thereupon discharged with thanks.

The Chair, at this time, appointed Senators Crozier, Levin, McCartney and Koki to escort Associate Justice Edward H. Nakamura of the Hawaii State Supreme Court to the dais to administer the oath of office to the newly elected members of the Senate.

The Senators escorted Justice Nakamura to the dais and were thereupon discharged with thanks.

Justice Nakamura then administered the oath of office to the newly elected members of the Senate who were standing at their respective desks.

At this time, the Roll was called showing all Senators present.

Nomination of officers of the Senate being next in order, Senator Cobb placed in nomination the name of Senator Richard S.H. Wong as President of the Senate, seconded by Senator A. Kobayashi.

Senator Ikeda then moved that the nominations be closed, seconded by Senator B. Kobayashi. The motion to close the nominations was put by the Chair and carried unanimously, and the Temporary Clerk was directed to cast a unanimous ballot for Senator Wong as President of the Senate.

The ballot having been so cast, Senator Wong was declared unanimously elected as President of the Senate of the Fifteenth Legislature of the State of Hawaii, Regular Session of 1989.

At this time, the President introduced John Michael Kainoa Fernandes Salling, infant son of Senator Lehua Fernandes Salling.

The President then addressed the members of the Senate and guests as follows:

"Governor Waihee, Lieutenant Governor Cayetano, Justice Nakamura, former Governor Ariyoshi and Mrs. Ariyoshi, distinguished guests, members of the Senate, ladies and gentlemen - Aloha and greetings to all of you.

"My fellow Senators, I would like to acknowledge with gratitude your support and confidence in me by electing me as your President. You do me great honor and I pledge my fullest effort to merit your trust. Mahalo.

"Before proceeding with my remarks, I would like to just pause briefly to recognize our new colleagues in the Senate. Would you please rise as I call your name ... Senator Mike Crozier ... Senator Stan Koki ... Senator Andy Levin ... a young member of the Senate, Senator

Mike McCartney. I know this is a very special day for you, your families and your friends.

"Gentlemen, welcome to the Senate. I look forward to working with you.

"As President of the Senate, I am given this opportunity to make a few comments about the issues and challenges facing Hawaii.

"In recent years, I have given particular attention to the subject of the emerging Pacific region. Great changes are taking place throughout the region -- economic, cultural, political, and social. The key question is what role is Hawaii going to play with respect to all these changes and developments.

"That question, I submit, is what I call Hawaii's Pacific parallax. By that, I refer to the difference between the actual reality that we see with our outer eye and the vision for Hawaii's future in the Pacific community that we see with our inner eye. The challenge of the Pacific parallax is to bring together what we see with our outer and inner eyes -- to, in effect, make our vision into our reality. This will not be easy. We cannot just dream or hope, we have to work to achieve the future we want.

"One important characteristic that I think we have here in Hawaii is that we are the only state in the Nation which is bounded on all sides by far horizons. This, I hope, will challenge us to look outwards, to seek the great opportunities out there on the horizon ... the Pacific horizon ... out there waiting for us.

"I see humanity's hope for peace on the horizon. Hawaii -- with its multi-cultural heritage can take a leading role promoting world peace and developing alternative means for conflict resolution. The Peace Institute is a promising start which needs nurturing from us.

"Let's focus the Pacific parallax and make this vision a reality.

"I see opportunities for Hawaii's human resources throughout the Pacific region. We have people with skills, knowledge, and expertise which can be utilized all over the Pacific. We need to develop and strengthen the opportunities for our people.

"Let's focus the Pacific parallax and make this vision a reality.

"In my mind's eye I see the potential of telecommunications on our horizon. Telecommunications can be seen as a highway for transporting voice, data and video information around the world. Hawaii can utilize its mid-Pacific position and its role as a cross-cultural bridge to take advantage of the opportunities in this rapidly expanding field. We already have the technological infrastructure, we now need to build on it.

"Let's focus the Pacific parallax and make this vision a reality.

"In Hawaii's future, I foresee major potential in ocean resources. Surrounded by water, Hawaii is America's one true ocean state. The wise development of our ocean resources -- fisheries, ocean energy, mineral development, aquaculture -- will put Hawaii in the forefront of exploring the earth's final frontier.

"Let's focus the Pacific parallax and make this vision a reality.

"There are many other visions out there on our Pacific horizon, visions of Hawaii as a major Pacific regional business center, a world-class athletic center, a center for space exploration which will push our horizons out even farther.

"Senators, we must look carefully at our reality with our outer eye. We must deal with facts, we must make hard decisions.

"But, in doing so we must be guided by our inner eye, by our visions of what might be, of where we want to go, of what we want to be.

"Let's focus the Pacific parallax and make these visions of our inner eye the reality that we will behold with our outer eye.

"The task before us is a formidable one. To achieve our goals, to reach our destiny in the Pacific, there is much for us to do. I pray we will be up to the challenge.

"Let's turn our attention away from the horizon and take a look at a few issues a little closer to home.

"The challenge is there for us to improve our educational system. Many proposals for educational reform have been put forth. The Governor is advancing a number of educational initiatives. The recently released Berman Report has stimulated widespread public attention. Clearly, education merits our serious consideration. I call for a strong commitment to improving education in Hawaii, fixing up the physical facilities, enhancing our libraries, acquiring more teaching tools such as laboratory equipment, computers and other items. We need especially to concentrate our total efforts towards strengthening the curriculum. We need to develop a well-educated citizenry -- people with skills, people who are well-rounded in their knowledge of the world around them, people who can think and reason effectively, people who are prepared not only to make a living but to make a life.

"Housing remains a vexing problem in our state. I would like to see positive action in the state's housing efforts. Particularly, I would like to see affordable housing -- in the \$100,000 range -- made available for our moderate income people.

"Also, in an advanced and supposedly enlightened society such as ours, the plight of the homeless is a deeply disturbing one to me. I call on stronger state action to help these people.

"The health and physical well-being of our people is an area of profound interest to me. I am especially concerned about the poor, the young, the elderly. Governor Waihee, I applaud your recent proposals for expanded health care for our people. I look forward to seeing your proposals in greater detail.

"With state revenues coming in at better than anticipated levels, I believe the time is appropriate for a review of our tax system -- with tax reform a definite option. Also, we should seriously consider a substantial tax rebate back to the people.

"As time goes on, the transportation and traffic problems here on Oahu become progressively more burdensome on our people. While we are not yet approaching gridlock, the situation is serious. We must try to address the problems confronting us and consider all possible alternatives, including mass transit.

"There are many other issues and challenges facing us. We will be taking these up during this legislative session.

Time does not permit me to comment on all of them at this time but they will emerge in the days and weeks ahead.

"I must tell you that two recent events have especially inspired me to do my utmost this session. Earlier this month I was privileged to participate in the kick-off ceremony for the Bicentennial of Chinese Immigration to Hawaii. When I think back on how my own forebears struggled to build a future, a future to which I am heir, I am inspired to continue their work for the sake of my own children and grandchildren. I know that all of us -- whatever our cultural and ethnic backgrounds -- can look back on our own respective pasts and be similarly inspired.

"I was also deeply moved the other day while participating in the honoring of Dr. Martin Luther King Jr. I must acknowledge that Dr. King is one of my heroes. His great dream of justice, equality and peace has been my dream. I hope that in some small way -- whether working on voter registration in the South back in the 1960s or working right here in the Legislature -- I am helping to bring Dr. King's dream a little closer to reality.

"Members of the Senate, the challenge awaits you. The people of Hawaii expect your best efforts. Let us begin our work with resolve and dedication. I look forward to a productive 1989 legislative session.

"Mahalo and Aloha."

Senator George, Minority Leader, then responded as follows:

"Mr. President, colleagues, distinguished guests and friends:

"This morning it is again my privilege to remind my colleagues that there IS a loyal opposition, and to articulate what we feel to be the legislative responsibilities of the minority.

"We have put together a yardstick against which legislative actions should be measured. Generally, we think legislative decisions should stand up to the same criterion any prudent person uses in making personal choices; the test of common sense.

"That basic premise shouldn't be too hard to get agreement on. While it's frequently in short supply when lawmakers gather, common sense, like apple pie, Mother Teresa and Sesame Street, is hard to put down.

"So here are the notches on the common sense yardstick against which the minority will measure each collective decision:

"First: Does it address a real problem? The folk wisdom in this first test is, 'If it ain't broke, don't fix it.'

"Next, should we afford it? No, I haven't forgotten the half a billion bucks, or better, that offers itself as such a splendid temptation. But let me remind you of the grasshopper and the ant. We're in the summer of our economic splendor; the wherewithal is bountiful and all prospects are pleasant. As I remember the fable, however, the grasshopper who squandered the summer bounty didn't make it through the winter. We all know why the prudent ant weathered the hard times. Common sense reminds us not to be grasshoppers, spending our substance lavishly on the foolish premise that the economic sun is always going to shine on us.

"If you don't find Aesop persuasive, how about a lesson from ancient history? Remember how Joseph got to be prime minister of Egypt? He foretold the lean years that would follow a period of prosperity, saved a bundle during each of the fat years and when hard times came Egypt got through them nicely.

"There seems to be no doubt that Hawaii is luxuriating in the fat years; basking in our economic summer. Half a billion glittering reasons make this hard to contradict. But common sense suggests that this wealth should be examined with a weather eye on the future.

"Several for instances. There are long-range benefits in using a sizable chunk of the surplus to reduce the heavy annual cost of servicing our state debt. We ought to make appropriate return to our citizens. They were overtaxed to provide this bounty; it seems only fair to let the public decide directly how best to spend it -- or save it. We ought to be very careful that we measure the long-term support commitment of any project proposed for launching through the present surplus.

"What's before us now is a banquet, but we know - we all know - overconsumption isn't good for the body politic. We should keep striving for a lean and effective state government -- one that operates on a low cholesterol, no fat diet. That, Mr. President, is common sense.

"A third criterion on our yardstick: Is the action truly our responsibility? Is the action contemplated one that ought to be taken by the legislative branch of state government, or is it more properly administrative or judicial? Does it belong to our level of government, or could it be taken more appropriately at the federal or local level?

"Even more importantly, is it an action which really ought to be taken by individuals or groups in the private sector?

"So much for our yardstick. You can count on us to use it -- and to hope we'll all measure up.

"The minority's common sense legislative agenda, Mr. President, speaks directly to what's on the public's mind right now. We urge tax reform. Not the shell game of rearranging who gets taxed, but real tax cuts that will produce only the revenue a well-managed state needs to carry out its responsibilities. We particularly urge removal of the general excise tax on food, and on medical services. We think it's indecent to tax people for getting sick.

"We can do without those tax revenues, and we can still afford to give tax credits to citizens who need to pay for elder care, or for affordable, quality child care.

"As always, we will enthusiastically support the counties in their renewed efforts for home rule. We can't expect them to provide adequate services given the state's present meager level of revenue sharing. Both tourists and local folk depend on the counties for police and fire protection, the pleasures of beaches and parks, adequate roads, clean water, disposal of rubbish and sewage.

"We strongly applaud the current resurrection of the Republican proposal to decentralize the management of our school system. Let's not forget how many people locally have given a poor report card to public education in Hawaii. We can do better - lots better - and the cure isn't throwing more money at the schools. We all know about other school districts that spend less per capita on students and yet achieve outstanding ratings.

"I'll conclude, Mr. President, by remembering John Ballantine Gough, who said a lot of wise things, among them this most appropriate opening day observation:

'What is a minority? The chosen heroes of this earth have been in a minority. There is not a social, political or religious privilege that you enjoy today that was not bought for you by the blood and tears and patient suffering of the minority. It is the minority that have stood in the van of every moral conflict, and achieved all that is noble in the history of the world.'

"Mr. President, we're up to this century old challenge.

"Thank you."

- No. 144 Committee on Agriculture, then to the Committee on Ways and Means

At 9:44 o'clock a.m., on motion by Senator Blair, seconded by Senator Reed and carried, the Senate stood in recess subject to the call of the Chair to meet in Joint Session with the House of Representatives, in accordance with H.C.R. No. 1, to receive the Governor's State of the State address.

JOINT SESSION

The Joint Session of the Senate and the House of Representatives was called to order at 10:03 o'clock a.m., by the Honorable Daniel Kihano, Speaker of the House of Representatives.

At this time, the Speaker welcomed and introduced the following distinguished guests to the members of the Fifteenth Legislature:

The First Lady of the State of Hawaii, Mrs. Lynne Waihee, accompanied by her daughter, Jennifer. Pikake and ilima leis were presented to Mrs. Waihee and Jennifer by Senate President Wong and Speaker Kihano.

The Lieutenant Governor of the State of Hawaii, the Honorable Benjamin J. Cayetano.

Former governors of the State of Hawaii: the Honorable George R. Ariyoshi and the Honorable William F. Quinn.

Former governor of the State of Montana, the Honorable Ted Schwinden.

First Lady of the House of Representatives, Mrs. Jo Ann Kihano.

Commander of the 14th Coast Guard District, Rear Admiral William P. Kovalesky, representing the military in Hawaii.

The Honorable Soon-Yong Hong, Consul General of Korea, and representing the Consular Corps in Hawaii.

The Speaker then appointed Senators James Aki, Gerald Hagino and Mary George, and Representatives Emilio Alcon, Tom Okamura and Michael Liu to escort the Honorable John Waihee, Governor of the State of Hawaii, to the rostrum.

Senators A. Kobayashi and Mary George, on behalf of the Senate, presented maile and ilima leis to the Governor; Representative Bertha Kawakami, on behalf of

the House of Representatives, presented the Governor with a maile/ilima lei.

The Speaker then presented the Honorable John Waihee to the members of the Fifteenth Legislature.

The Governor addressed the Joint Session as follows:

"President Wong, Speaker Kihano, members of the Fifteenth State Legislature, honored guests, ladies and gentlemen ... Aloha.

"Today, as President Wong so aptly stated on opening day, we stand at the edge of the Pacific Horizon looking outwards at new opportunities.

"For the past two sessions, I have had the privilege of appearing before you and calling upon you for action to meet the challenge of our new horizons. Each time you rose to the occasion and surpassed all expectation, making believers out of cynics.

"As a result, we are on the move, a people hitting our stride in the home stretch of the 20th century.

"Hawaii's economy has never been better. Today we enjoy the sixth highest economic growth rate in America; our small businesses have the country's third largest earnings growth rate; and our unemployment rate is the fourth lowest in the country and the lowest it has been in 18 years.

"In 1985 Hawaii had a budget surplus of about \$129 million -- a relatively modest amount when compared to many other states with considerably larger surpluses such as California (\$1.265 billion), Wisconsin (\$342 million), Minnesota (\$583 million) and Alabama (\$292 million). Today we have the second largest surplus in the country and those states have little or none at all.

"In partnership with the hard working men and women of this state, we have begun to turn things around and lay a solid foundation for our future.

"Yet, because we live here and are part of this community, we know that there is still more to be done. Our people dream of an even better future, and they rise to that challenge every day.

"It's tough. There's a lot of sacrifice. Yet, Hawaii's people work hard for their dreams because those dreams are very real. They're for families and communities; they're for today and tomorrow; they're achievable; and, in this great place to be, they are worth it.

"Our task in the days ahead is clear: We are here to help fulfill our people's dreams and make their lives better.

"Ironically, because you have done so much in the last two sessions, their expectations are high. I believe that through timely and well-considered investment in our people, in our children, in our quality of life, in our future -- we can be the catalyst for economic and social change that nurtures the ideal of a Pacific community entering the 21st century.

"The heart of Hawaii's vitality is her people, bonded together by mutual interdependence and shared aspiration.

"Strengthen one and we strengthen all.

"We begin with the core of our society, the family.

"Robust families are healthy families, and we have for more than a decade assured the health care of most of our workers and their families. However, some 30,000 people are left out -- thousands of them children.

"I propose that Hawaii lead the nation and extend primary care to all its citizens. This supplemental system of health insurance will operate through the existing private carriers and contain an emphasis on wellness and the prevention of disease.

"We also urgently need to direct attention to a segment of our population that has lost its way, the mentally ill whose affliction can have a dismaying effect on families.

"We are building a state-of-the-art acute care hospital for the mentally ill as part of our effort. We now ask you to support with additional resources a revitalized community-based system. Our goal is to reintegrate the mentally ill into society as functioning, productive citizens.

"Our health is jeopardized by nursing shortages which will reach a deficit of over 1,300 nurses by 1991 without special attention. I propose a \$6.5 million action program to graduate approximately 300 additional registered nurses. And \$8 million in capital improvements (CIP) to improve the facilities at the School of Nursing.

"Every family in Hawaii dreams of its own home. Some feared it was only a dream. But we said dreams are what you build upon.

"You gave us a \$120 million housing superfund and funds to purchase lands in Kapolei. With your continued support, we will see affordable homes in a beautiful new community in West Oahu and new projects on the neighbor islands.

"In 1988, answering our specific call for affordable housing goals, developers committed themselves to 14,700 affordable units on Oahu and the Big Island.

"For those families in Hawaii who are not able to buy, we propose an increase in the State Rental Assistance Program and state funds for the construction of new low-income rental units.

"Our native Hawaiian families share the universal dream for housing. We know that when Hawaiian Home lands have infrastructure, Hawaiians will build homes on them. This year we are more than doubling our CIP requests to turn empty lots into homesteads.

"Our children are the future, and above all else, Hawaii's families believe in and desire the best for their children.

"In our changing society, working parents share a common concern for the care of their children during the hours when they are at work.

"To offset the concern of these parents for their children's supervision outside of school hours, I propose a demonstration project for after school care in our parks and schools. Counties, let's work on this together.

"Furthermore, we all know that early education enhances a child's potential for success in school. I propose the goal of early childhood education for all of Hawaii's children by the year 2000. We will begin this coming September by implementing preschools for four-year olds from Maili to Makaha in cooperation with Kamehameha Schools.

"We will also support expansion of a program with proven success, the Hawaiian language immersion program that provides a bridge between day care, early-childhood education and kindergarten.

"In addition, I have asked Lieutenant Governor Cayetano to head a special child care/early-childhood education 'cabinet' to further work with the appropriate public agencies and members of the public on these important issues.

"In Hawaii, public education is seen as the great equalizer. Without it, the aspirations of our children for tomorrow will be less than our own for today. With it, all of our children have the opportunity to carve out their own destiny.

"Over the past year our people have recommitted themselves to excellence in public education. For example, the Hawaii Business Roundtable, thanks to people like Dudley Pratt and David Heenan, has given us the Berman/Weiler Report as a catalyst for change.

"Such studies, the Board of Education and the superintendent of schools tell us in a professional fashion what we already know in our hearts. That the earlier we teach our kids, the better ... that the more involved the parent, the more involved the child ... that communities which give their best to their schools get back the best product ... that schools empowered to act on their own outperform schools which are slaves to the system ... that good teachers are always learning ... and that schools that look sharp inspire involvement and learning.

"Our vision is to enter the 21st century with a public education system that is second to none.

"By 1999, we want public schools that are: (1) managed by a system of accountability based on local control; (2) renewed places of learning satisfying each student's potential, staffed by well trained and involved professionals; (3) housed in facilities that are conducive to learning and foster pride; and (4) institutions that parents choose to have their children attend.

"If we are going to achieve our goal, we must change our mindset. We can no longer approach education in fits and starts, merely in the confines of two-year budget cycles and certainly not with government doing it alone. We must firmly commit ourselves to our vision, set our course and steadfastly hold to it. Everyone ... private and public ... starting now ... with a decade of determination ahead. Ten years to the top.

"Nowhere is the need for a change of mindset so poignant than in the way we govern our schools.

"Hawaii has one of the most highly centralized school systems in the country. For many years the system fostered equity and served us well. However, in recent years, we have become increasingly aware of the inherent weaknesses of our system.

"With the renewed public interest in education, now is an opportune time to review the governance structure of our school system. Many proposals have been advanced, ranging from an appointed school board -- to modifying the present system -- to establishing a network of elected local school boards.

"I propose that you take this opportunity to review the various options and consider an appropriate constitutional amendment.

"In the meantime, we should not and cannot wait. Therefore, I propose that we immediately institute a

school/community-based management program that puts our schools in charge of their own affairs.

"The school/community-based management system we envision would be one where local school communities -- parents, teachers, administrators and other interested parties -- would have full charge of almost all budgeting, setting of educational programs and school priorities, and increased involvement in staffing.

"The public will and should expect these schools to be accountable. The deal is that the state and the Department of Education will set the standards, and schools will have the freedom and authority to achieve them.

"We will start with 30 schools which are desirous and ready to move into school/community-based management by next year. They will be models for others and each year additional schools will be incorporated so that by the year 2000 all schools in Hawaii will be locally managed.

"I recently visited Hilo Union Elementary School on the Big Island. This is a school, that if you judged solely by the demographics of its students, would tempt you to believe that it is a school at risk. Yet, what I saw instead was an example of what a school committed to learning looks like.

"The school has a special reading program which we visited. You can imagine the commotion that we caused when a group of us entered the teaching area. Yet, neither the tutors nor their students even looked up. You could feel the learning intensity in that room; is it any wonder that reading scores at Hilo Union now exceed state and national averages.

"I am sure that most of you know of many other similar examples.

"What we are committed to is that by the turn of this century all of our schools will be such renewed places of learning.

"Our renewed schools will be institutions where core learning is emphasized and where the essential skills for competitiveness in the 21st century, such as second language proficiency and applied technology skills, are required subjects.

"In many instances our schools are burdened with too many course requirements to implement a complete renewal program. However, as they shift to school/community-based management, they will have the flexibility to institute after school education programs and/or a K to 10 core learning system to facilitate the transformation.

"The key to the renewal of our schools is the involvement and dedication of our educational staff. We need to support the continuous professional development of our educators as well as provide opportunities for them to plan programs and curriculum.

"Such training and planning will require additional work time from our educators at the beginning and ending of the school year.

"Also, if we are to meet the demand for teachers in our renewed schools, we must invest in the improvement and expansion of the University of Hawaii College of Education.

"Some of our schools will need more help than others if they are to achieve their full potential. Such schools are generally those where there are a large number of students

at risk and chronically underachieving. For these schools, we propose a special program which directs a partnership of resources to help them renew themselves and attain school/community control.

"A school system that is second to none requires facilities that gleam with the pride of public education.

"The DOE estimates that it will cost over \$800 million for all the facilities that we will need over the next 10 years.

"Thus, I propose for the next seven years, the earmarking of \$90 million per year from general fund revenues for a total of \$630 million to be channeled into a facilities special fund. This sum and the interest it earns should provide the financing we need.

"It would cost us about \$1.6 billion to provide the same amount of capital by selling bonds. Using cash financing, we can save close to \$1 billion and give growing communities like Mililani and West Hawaii the schools that they deserve.

"Monies alone, however, will not give us the kind of school facilities we desire. All of us -- parents, students, educators and the community-at-large need to take pride in the care and maintenance of our schools. Accordingly, I propose the establishment of a school inspection program.

"Now to the issue of choice. First, we begin by saying that to some extent we already have it. We just call it district exception.

"Over 11,000 students use it. It's time to make it available on an open and equitable basis.

"I would ask that the Board of Education continue its review of this issue and develop further methods of expanding parental choice.

"Second, there are communities with good schools which, from time to time, face the possibility of closure because of declining enrollment. Allowing parents to choose the schools their children will attend would take advantage of these under-utilized facilities.

"Over the past two years we began several exciting new initiatives at the University of Hawaii in ocean and earth sciences, Pacific/Asian studies, astronomy, and other special areas. These initiatives are moving well and deserve our continued support.

"New initiatives alone, however, will not be sufficient to build the premier University of the Pacific that we desire. We need to insure that our foundation is firm. Thus, I propose that we make this the year of the undergraduate, with funding for undergraduate curriculum and services.

"Let's back the undergraduate track with substantial expansion of student services, including academic, career, financial aid and personal counseling as well as additional dorm facilities.

We will also seek additional support for our community colleges, including full funding for the new Kapiolani Community College campus.

"The University of Hawaii at Hilo often seems to be forgotten when new initiatives are proposed. Yet, it is a fine institution, with its own strengths, including the fact that about 17 percent of its student body has Hawaiian ancestry. Therefore, we propose that a Hawaiian language center be established at Hilo. Such a center

would, among other things, help us develop the course materials for the teaching of Hawaiian language in our public schools.

"We are determined that every student in the University system shall reap the rewards of a quality education from the very first day of campus life through graduate studies.

We're working hard to create new economic opportunity for our graduating students.

"One key is the capital needed to spawn new industries. In 1987 you passed legislation to raise the ceiling on our Hawaii Capital Loan Program. Our first \$1 million recipient, Seafloor Surveys International, is truly a success story. Their sonar system which maps the ocean floors is near completion. The company fills a special Hawaiian high tech niche. And best of all, Seafloor tells us the loan made it possible for them to stay here and do business rather than move to the Mainland. We are producing home grown high tech and ask for your continued help to carry on.

"We must also provide economic infrastructure. Agricultural parks are essential to the diversification of our oldest industry. This session I request the appropriation of some \$7 million to establish a livestock agricultural park on an initial 600 acres.

"To create jobs, we must also create new industries. I'm happy to tell you that our countdown to a commercial space industry is on schedule. We are well on our way to creating a needed industry, and I ask you for \$1.7 million for our Office of Space Industry to continue the countdown.

"Our economic future depends on sound infrastructure.

"Now is the time, not merely to get even, but to get ahead. In the good times, we prepare for the possibility of bad times. We invest in the future.

"Transportation is our economic lifeline, and we are embarked on the most ambitious construction program in the history of our state.

"Many of our airport facilities were built before jets were the common mode of travel. Support funding as you have in the last two years and we will have modern-day terminals at all major state airports and extended runways on all neighbor islands within the next four years.

"Traffic congestion is people's number one everyday problem, and we're attacking it.

-- With H-3.

-- With newly constructed high occupancy vehicle lanes.

-- With the planned construction of the Kalaniana'ole Highway widening project.

-- And for the first time in the history of the neighbor islands, county/state long-range transportation plans.

"Across the state we're on our way with the road widening and bypass construction necessary to ease traffic.

"The ocean is our industrial highway. And in the last two years we've strengthened and extended the piers in Honolulu, Kahului and Nawiliwili. We propose funds for construction of new pier and storage areas at Barbers Point, a second pier at Nawiliwili, and the acquisition of

the Kapalama Military Reservation, for which I ask your immediate attention.

"In addition, I request the appropriation of some \$37 million for Honolulu waterfront projects which can proceed immediately and which will lend a new grace and excitement to the expanse of the waterfront.

"All of us give our best to the community we call Hawaii. Because our land and our people make our lives full.

"It is in this spirit that I propose these actions:

"First, let us remember that whoever and wherever you are in Hawaii, you have the biggest, the most wonderful front yard in the world. It is called the Pacific Ocean.

"I propose that we appropriate \$100 million to be merged with other federal monies and establish an environmental special fund to keep that front yard clean.

"Our people have spoken. They demand a better level of wastewater treatment. We certainly heard them in Kailua and what's good for Kailua is good for Kalihi...and Waianae, Hilo and the whole state.

"It will take a county-state partnership to do the job right. We will use the fund to provide direct grants and low interest loans to the counties to help them build wastewater and sewage treatment facilities.

"Using this interest-earning special fund strategically, for matching and leveraging purposes, we will be able to clean up our waters.

"Second, we've all known the natural joy of walking on soft moss and gazing up at the green canopy of a Hawaiian rain forest.

"But will our children and theirs likewise be able to experience our living link to the ancient past?

Scientists fear that within 20 years, at least half the native Hawaiian plant and animal communities that we now know today may be lost forever. I share that fear.

"Today I propose a new and permanent commitment of \$4 million a year from our hotel room tax revenues to preserve and manage our natural area reserves and sustain our unique native flora and fauna.

"In my meetings with Hawaii's major private landowners, I stress not only the need to improve our economy but also to enhance our environment. Today I'm very pleased to announce that Castle & Cooke has, at my request, agreed to grant a conservation easement to The Nature Conservancy to establish a new 462-acre dryland forest preserve in the Kanepu'u area on Lanai.

"This dryland forest preserve will protect at least 48 species of native Hawaiian plants, including the endangered Lanai sandalwood and gardenia. Imagine, eight of the world's 19 wild specimens of this gardenia are found in Kanepu'u.

"Lastly, we need to preserve our unique and irreplaceable natural areas and beaches for future generations to enjoy. To help do this, we will be submitting for your consideration new land banking legislation and a request for a \$40 million appropriation over the course of the biennium.

"Hawaii has prospered since I first appeared before you.

"During times such as these, our Constitution requires that we pay a rebate to our taxpayers and they are certainly entitled to one.

"The exact amount of the rebate is left to your discretion. Let me caution, however, against the temptation to establish an exact amount until you have had the opportunity to weigh all the competing demands of our people.

"We also need to heed the wise advice of our Senate Minority Leader to use 'common sense' remembering that there may be a harder tomorrow.

"Furthermore, if our tax system is generating more than we need to do the public's work, we should fix the system.

"It is upon that principle that I propose the second tax reduction in three years.

"I urge your consideration of a tax reduction package including:

- A new credit for excise taxes paid on medical services, up to \$200 per return and double that for senior citizens. By this action we can reduce taxes and ultimately the cost of medical care.
- Higher standard deductions and lower income taxes for all taxpayers.
- Additional increases in the dependent care credit -- adult or child care. By this action we reduce taxes and increase the independence of the family unit.
- Raising the eligibility level for the renter's credit, which will give relief to people moving up the income ladder.

"A family of four earning an adjusted gross income of \$26,000 a year, renting a home and itemizing deductions would have paid \$1,102 in state taxes before your tax reduction of 1987, \$772 after year action of '87, and only \$480 if you enact this proposal.

"A beginning-to-end reduction of 56 percent in three years.

"That's how I spell relief.

"For some time now, our county governments have come before you requesting an increase in their grants-in-aid appropriation citing as justification the increasing cost of paying for infrastructure such as roads in their jurisdictions. They note, quite correctly, that they are limited only to taxing real property and that the grants-in-aid amounts have not increased in many years.

"Without debating the merits of the various arguments, suffice it to say that I believe the unit of government that is going to spend the citizens' money, ought to raise it.

"However, I also believe that these discussions have gone on long enough and the matter should be resolved. Therefore, I propose that we eliminate the county grants-in-aid of \$20 million, and instead, transfer to the counties the state's liquor and tobacco taxes along with the complete authority to regulate the use and sale of these items.

"Since the revenues from these taxes are approximately \$60 million per year, our counties would net about \$40 million increase in the exchange which would be used to fund infrastructure or, even perhaps lower property taxes.

"One last word about taxes. There will be no (read my lips) tax proposal submitted for your consideration to raise taxes for highways from our administration. Instead, we will submit innovative legislation to handle that problem in the days ahead.

"We have proposed to you a number of investments for our people. We believe them to be wise investments in our future. These were investments that were often put aside during our lean times with the promise that someday we would do them. Well, now is the time.

"As Speaker Kihano pointed out on Wednesday, 'We are all dependent on one another.' This morning I've proposed action to make the lives of our citizens better. Now as we begin the 15th Legislature, I'd like to speak to the people of this state on behalf of the elected officials who serve you.

"We ask you:

"What does make your life worthwhile? What is it, specifically for you, that makes your day fulfilling? We can tell you one thing for sure. What makes your life worthwhile is you.

"We ask you to take what's important to you -- your family, your work, your church or club or school and by all means your government -- and give it that something extra. Make a personal investment for what you believe in.

"Whether it's helping coach your daughter's soccer team or something as simple as taking your shopping cart back; supporting the symphony or learning to strum the ukulele; let us reach into ourselves for the something special which brings quality to our lives.

"Because when you make your life better, you make our community better and our state greater.

"Strengthen one and we strengthen all. For community, you see, is a collective enterprise.

"These things make us whole, make us one. One magnificent land and one unconquerable people.

"Mahalo."

Senate President Wong then rose to remark:

"Governor, before proceeding, I was asked by Mrs. Kihano to make a slight correction to the Speaker's announcement. She is not the speaker of the house, she is the governor of the house.

"Thank you very much, Governor Waihee. We certainly appreciate hearing from you on your assessments of the issues facing Hawaii and your ideas on addressing these issues.

"As the legislative session progresses, we look forward to receiving specific proposals from your administration on the points that you have raised today. I am confident that the Legislature will give them full and serious consideration.

"Speaking for myself, Governor, I am pleased that you have emphasized health care for all of our people, improvements to our educational system, both lower and higher, and a redirection of our Pacific region focus. These issues are certainly of concern to me and I am gratified that you share these concerns.

"I am also intrigued by your idea for tax reform as well as suggestion about giving the counties the liquor and tobacco taxes as a source of revenue, discontinuing the grants-in-aid. This certainly has a great deal to be said for it and I look forward in the course of the session to discuss its ramifications further.

"I would like, at this time, to thank all of the distinguished guests for being here today.

"If there be no further business, I declare the Joint Session of the Fifteenth Legislature, 1989 Regular Session, adjourned."

At 10:50 o'clock a.m., the President declared the Joint Session adjourned.

Senator Solomon rose on a point of personal privilege and stated:

"Mr. President, I am pleased to bring to the attention of the Senate the prominent position of the University of Hawaii, particularly the College of Tropical Agriculture and Human Resources, as recipients of international development contracts and grants.

"The University of Hawaii at Manoa ranked eighth in the nation by currently implementing international development contracts and grants with an aggregate value of well over \$45 million. The College of Tropical Agriculture and Human Resources accounts for over half of this figure with a total volume of business of well over \$23 million. We can deduce from these numbers that tropical agriculture is the main reason that Hawaii could claim to have its international university.

"I also bring to the attention of the Senators -- thank you for your generous support -- that Hawaii's agriculture agri-business benefits from this research, development and training conducted under these international contracts and

grants. For example, the state now has available technology to predict the quantity and the performance of crops in the numerous agricultural climates available to our islands.

"Also, Mr. President, Hawaii's capability to use biological means of providing nitrogen nutrient to crops and pasture plants as a substitute for chemical fertilizer comes from an international project which will be located on Maui.

"In addition, perhaps Hawaii's most effective linkage with its neighbors in the island nations of the South Pacific is through international agricultural programs.

"Mr. President, I am very pleased to announce to this Senate that we have received communication from our Congressional Delegation who are very much interested in giving a federal appropriation to accommodate our university's College of Tropical Agriculture and Human Resources for their new endeavor to establish a Center for Tropical and Subtropical Agriculture within the college to serve local, national and international needs. Thank you."

No. 503 and Commerce	Committee on Consumer Protection	Senator Reed then rose on a point of personal privilege and stated:	
No. 504 and Commerce	Committee on Consumer Protection	"It is not surprising that Lt. Governor Ben Cayetano is one of the Hawaii politicians guilty of accepting illegal campaign donations from foreign nationals. What is surprising is Cayetano's cavalier attitude about returning at least \$9,000 he received in violation of federal law.	
No. 505 and Commerce	Committee on Consumer Protection	"Cayetano would have us believe it's too much trouble to determine how much money he has to return. He complained in this morning's Advertiser and I quote: 'It's very difficult for us to go back and ask everybody who was an alien national, who was a permanent resident.'	
No. 506 and Commerce	Committee on Consumer Protection	"The lieutenant governor is an attorney. He should have known the donations that he took were illegal. He's also Hawaii's chief elections officer. To say that it is too difficult to return campaign funds now known to be illegally gotten displays an unacceptable level of arrogance and disdain for the law.	
No. 507 and Commerce	Committee on Consumer Protection	"Cayetano should set the proper example by immediately doing whatever is necessary to correct the wrong. Thank you."	
No. 508 Programs	Committee on Housing and Hawaiian Programs	Senator Blair also rose on a point of personal privilege and remarked:	
No. 509	Committee on Health	"Mr. President, I would simply like to request of my colleague that the race for the second congressional district be postponed, at least until the incumbent is no longer in that position."	
No. 510 and Commerce	Committee on Consumer Protection	Senator Chang in response stated:	
No. 511 and Commerce	Committee on Consumer Protection	"Mr. President, a brief response to previous comments.	
No. 512 and Commerce	Committee on Consumer Protection	"I think it's very premature to conclude that what the Federal Elections Commission has asserted to be illegal to be actually illegal. I think that the commission's declaration thus far has been very presumptuous. I think that it would be more prudent for everyone to take a very good, close look at the actual language of the law before we make any kind of statement about its application to local candidates and to local officeholders. Thank you."	
No. 513 Resources	Committee on Energy and Natural Resources	Senator Tungpalan also in response said:	
No. 514 and Commerce	Committee on Consumer Protection	"Mr. President, I also want to let the body know that today we did hear from Lt. Governor Cayetano and he mentioned that the federal election campaign laws really apply to federal offices sought by individuals. So, in his mind he feels that those laws do not really apply to local or state offices."	
No. 515	Committee on Government Operations, then to the Committee on Ways and Means	Senator Cobb also added his comments and said:	
No. 516	Committee on Education	"Mr. President, I think it would be appropriate and a fine suggestion by Senator Chang to wait until such time as we have written guidelines and findings of fact from the Campaign Spending Commission. As I understand it, there is a very serious question that has been raised as to a resident alien versus a person with a 'green' card and

"Furthermore, while there's one body of opinion and holds that the congressional act does apply to local elections, there's always been a position of the FEC that they had no jurisdiction in so far as state campaigns were concerned and I think that question needs to be resolved as well. Thank you."

Senator Yamasaki then said:

"Mr. President, this morning we had testimony from the Lieutenant Governor's Office and it is the intent of the Ways and Means Committee to have a copy of the federal election laws in our possession so that we can take a look at the laws also. Thank you."

Senator Holt then added:

"Mr. President, it is my understanding that the Senate Judiciary Committee will also be looking at that report. I'll let Senator Menor make a statement."

Senator Menor then said:

"I did not think that our federal election laws would be such a 'hot' topic on the floor today. Senator Holt is right. The Judiciary Committee would like to devote at least a part of this session evaluating the relationship between the federal election laws and Hawaii's campaign spending laws. More importantly, the Committee would like to determine if there are any inconsistencies between federal and state laws. In this regard, the Committee will consider whether amendments to the state election laws are necessary to insure conformity with federal laws. Furthermore, I intend to look at this issue comprehensively to determine if there are conflicts between the state campaign spending law and other federal laws or regulations.

"The Committee will be carefully deliberating on the concerns raised today and I welcome the input of my fellow colleagues."

At 11:42 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:49 o'clock a.m.

Senator Solomon rose on a point of personal privilege and said:

"Mr. President, as a courtesy to Lieutenant Governor Cayetano, I would like to advise all of my colleagues that there was a letter that was distributed to every Senator's office and he has asked me to please ask you all to read the letter and take it under advisement. Thank you."

The Chair then responded: "We did receive the letter in our offices this morning."

At 11:51 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:54 o'clock a.m.

Senator Holt also rose on a point of personal privilege and said:

"Mr. President, this morning your Committee on Tourism, Recreation and Planning held a joint hearing with the House Tourism Committee on HVB's '88-'89 contract.

"In our discussions, I was surprised to learn that HVB has decided to officially endorse certain private enterprises as part of its advertising campaign. I find this to be extremely disturbing, Mr. President, because this practice will create an unfair business advantage at the state's expense.

"What I'm talking about is they have produced a publication which is the official travel guide of the Hawaii Visitors Bureau with GTE Travel Enterprises. Currently,

there are at least two other local publications being put out privately.

"More specifically, Mr. President, the state provides approximately 93 percent of HVB's funding. Because of this fact, it will appear that HVB should be obligated in some fashion to observe our state ethics law. It is my intent, therefore, to seek the advice and counsel of the State Ethics Commission on this matter. It is also my intent, Mr. President, to withhold any decisions regarding HVB's budget request until this matter is settled. Thank you."

ADJOURNMENT

At 11:56 o'clock a.m., on motion by Senator Blair, seconded by Senator Reed and carried, the Senate adjourned until 11:30 o'clock a.m., Friday, February 3, 1989.

At this time, Senator Solomon rose to speak on a point of personal privilege and remarked:

"Thank you, Mr. President.

"I find it distressing but interesting that I who served as chairman of the Senate Higher Education Committee (this is my second term) that I've never received a proposal from the University of Hawaii administration, under President Simone's guidance, to support a form of legislation or appropriation for the most fundamental unit in our society, the family.

"Today's families live in a very different world from the one that existed when you and I were growing up, Mr. President. Families are being affected by an increase in the number of working poor, an increasing number of dependent elderly, high rates of child abuse and neglect, lack of child care especially for families where husband and wife work, health care costs which are rising faster than the inflation rate, illegal drug use, and an increasing percentage of children born and raised by unmarried women, a large number of latchkey children, and an increasing number of suicides among our youth.

"All of these trends affect a family and are symptoms that many of our families today are in trouble and need support. We all strongly believe in the family and further believe that many of the problems listed can be prevented if children and adults are nurtured in strong families.

"Therefore, Mr. President, the (Senate) Women's Caucus will take the 'bull by the horns' and introduce a resolution during this session of the Legislature to develop a center on the family at the University of Hawaii. The center will pull together scholars from a variety of fields - education, law, medicine, nursing, social work, psychology and others - to examine the family, its problems, strengths, and meaning as a force in society. It will examine policy issues relating to the family and offer guidance to state agencies and the Legislature as we develop regulations and legislation which affect the family unit.

"Too often our rules and laws have had, in some instances, a detrimental effect rather than a positive one on the family unit. A major force in the center on the family will be the Department of Human Resources and its extension services. The unit has as its mission the study and development of the family. The center must reach out to families in the community and the extension service will serve that function.

"Just as I believe that we cannot ignore basic education for students, I believe we cannot ignore the most fundamental unit in our society and we, myself, Mr. President, and the Women's Caucus, and I'm hoping for all your support, here today on the floor, will be working to strengthen and support the families in Hawaii.

"Thank you."

Senator Blair responded:

"Mr. President, on behalf of the male members of the Senate, I would like to assure the Senator that just as the women are prepared to take the 'bull by the horns' so are the men prepared to take the 'cow by the udder.'"

Senator Solomon then added:

"Mr. President, in response to the previous speaker, I have to chuckle because as you well know I do come from a ranch and you need the bull and the cow to make anything happen. So, in that respect, Mr. President, I take the remarks of the previous speaker as a pat on the back for a good show by the Women's Caucus. Thank you."

The Chair then made by the following observations:

"Members of the Senate, first, I am informed that our research office and the LRB are in the closing stages of their bill drafting work. I assume that all requests for bill drafting to these offices have already been submitted. However, if there are any other requests that have to be submitted, please do so right away - by 1:00 p.m. today - so that the offices will have time to finish their work. The Chair would like to thank all of the members for their cooperation in this matter.

"Second, my understanding is that House Bill 299, H.D. 1, the legislative expenses bill, is scheduled to pass third reading in the House next Monday, February 6th. When the bill is transmitted to the Senate it is my intent to refer it to the Committee on Ways and Means."

At 11:52 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:55 o'clock a.m.

Senator Solomon, chairman of the Committee on Higher Education, then requested a waiver of the 48-hour Notice of a Public Hearing for the subjects listed on the agenda of the Senate Higher Education Committee's hearing notice for Tuesday, February 7, 1989, and the President granted the waiver.

Senator Matsuura rose on a point of personal privilege and said:

"'Kumbh Mela.' What I said to you in Hindustani is that I am very happy today because in India they are celebrating the 'Kumbh Mela.' There will be 14 million people gathered on one location.

"If you read the paper today, you will see an article about it. This place is known to be the most powerful place on the earth on this auspicious day. When 14 million people are gathered in one location you can just imagine the humanity. I was there, at this very spot, 24 years ago when there were only seven and a half million

people. You can just imagine seeing 14 million people today.

"I just wanted to let you know that they are having this celebration in India today. Thank you."

No. 1513 Jointly to the Committee on Education and the Committee on Transportation

No. 2039 Committee on Education, then to the Committee on Ways and Means

MISCELLANEOUS COMMUNICATION

Misc. Com. No. 2, from the Honorable Hannibal Tavares, Mayor, County of Maui, transmitting a letter dated February 13, 1989, regarding revenue sharing with counties, was read by the Clerk and was placed on file.

At this time, Senator Holt, chairman of the Committee on Tourism, Recreation and Planning, requested a waiver

of the 48-hour Notice of a Public Hearing for the subjects listed on the agenda of the Senate Tourism, Recreation and Planning Committee's hearing notice for Thursday, February 16, 1989, and the President granted the waiver.

Senator Blair then rose to speak on a point of personal privilege as follows:

"Mr. President, the Legislature is not judged solely on the basis of the quantity or quality of the legislation produced. In a democracy, process is equally or more important. Our democratic system has high standards for openness, accountability, and public participation. Our first obligation is not to our leadership, it is not to each other, it is not to the bills we introduced. Our first obligation is to an open, accountable, and publicly accessible process to democracy. It is too bad we don't have an auditor to give us the same scrutiny that the Legislative Auditor gives to the administration. It would probably be the most critical report ever issued.

"The oversight function was once assumed by Common Cause but they have apparently disbanded. It was once a function of journalism but the media has become part of the entertainment industry and apparently finds that the breakdown of the democratic process is not entertaining enough for its readers, listeners and viewers. It was once the function of the minority party, when we had a minority party. Let me get more specific.

"We have as a Senate, and I don't excuse myself from complicity, engaged in a course of conduct that has systematically foreclosed the possibility of input from the general public. Even the administration's lobbyists, department heads and full-time professional lobbyists have been effectively excluded from meaningful input on many bills. Specifically, we have seen the wholesale waiver of even the minimal 48-hour hearing notice requirement. We have seen numerous hearings held on bills which, as of the hearing, were not available to the public despite the heroic efforts of the Printshop employees. There are, of course, explanations; but explanations are not excuses.

"I don't know how we will be judged on our product at the session's end - time will tell - but the Fifteenth Legislature is on the verge of being a failure and a disgrace to the principles of our constitutional heritage and that failure and disgrace will be completed by the first lateral deadline unless we take drastic steps immediately. Therefore, Mr. President, I propose that you meet with the Speaker of the House and arrange for the Legislature to recess pursuant to Article III, Section 10, for a period of time sufficient to allow all chairmen to hold new hearings with at least 48 hours notice after the bills are available.

"Mr. President, if we need a compelling argument for the initiative, referendum and recall, the Fifteenth Legislature is that compelling argument. Sadly, it is also an explanation in part for the declining participation of our citizens in the process. It's not too late to reverse that and I hope we will do so.

"Thank you."

Senator McMurdo also rose on a point of personal and remarked:

"Mr. President, I would like to continue on this subject. I have been a strong supporter of open government. I have been involved with the sunshine coalition and I have also worked for initiative, referendum and recall. So this particular legislative session has been extremely embarrassing -- to try to make the decision, 'Do I have a hearing and waive the 48 hours and get the bill through on the 17th or do I not ask for the waiver and let the bill

die?' It's a pretty bad situation in which we have found ourselves. I wish there were some way that we could work something out so that we are not doing this anymore.

"Thank you very much."

The Chair responded:

"Members of the Senate, the Chair will take the suggestions to leadership for consideration."

ADJOURNMENT

ORDER OF THE DAY

RE-REFERRAL OF SENATE BILL

The President re-referred the following Senate bill that was introduced:

Senate Bill	Referred to:
No. 1565	Committee on Judiciary, then to the Committee on Ways and Means

At this time, Senator Crozier, chairman of the Committee on Housing and Hawaiian Programs, requested a waiver of the 48-hour Notice of a Public Hearing on Senate Bill Nos. 1772 and 1932, and the President granted the waiver.

Senator Holt, chairman of the Committee on Tourism, Recreation and Planning, requested a waiver of the 48-hour Notice of a Public Hearing for the subjects listed on the agenda of the Senate Tourism, Recreation and Planning Committee's hearing notice for Thursday, February 16, 1989, and the President granted the waiver.

At this time, Senator Solomon rose to speak on a point of personal privilege as follows:

"Mr. President, your Senate Committee (on Agriculture) had a joint hearing this morning with the House Agriculture Committee on House Bill 958 and Senate Bill 882, relating to farm loans to the Hilo Coast Processing Company in order for it to maintain and improve its ability to produce and manufacture sugar, sugarcane byproducts and generate electric power.

"As you well know, Mr. President, the sugar industry is critical to the health of the Big Island economy. It is more crucial in some areas such as Hilo and the Hamakua Coast where the industry is the most critical factor in the social and economic survival of the communities and associated businesses.

"As is the case for all agricultural industries, the sugar industry consists of four major activities that are totally interdependent and must be fully coordinated for the industry to prosper. These activities are: production, processing, marketing and consumption. Each of these activities and the linkages between them must be strong for the total system to succeed.

"As you well know, Mr. President, last year in the Senate we took a very strong position on the issue of collateral. And at this time, Mr. President, I would like to ask if the chairman on Agriculture would yield to a question?"

The President posed the question to the chairman and Senator Ikeda having answered in the affirmative, Senator Solomon asked:

"Mr. President, I would like to ask the chairman on Agriculture, has the issue of collateral been addressed to your satisfaction?"

Senator Ikeda responded as follows:

"Mr. President, I would like to inform you and this honorable body that your committee has made a decision to move the bill out of the Committee on Agriculture and on to your Committee on Ways and Means.

"As you know, sufficient collateral was one of our major concerns. Based on the testimony given at this morning's hearing by the representative from HELCO, it is evident that the power plant and the land under it can be considered sound collateral. However, we have amended the bill to broaden its scope.

"Rather than just say the power plant and the land under it or any other collateral source, the bill now reads 'the power plant land under it and/or any other collateral sources,' so that the Department of Agriculture will be able to assess all of the available assets and move accordingly."

Senator Solomon continued:

"Thank you, Mr. President.

"Speaking in support of the amendment, I think, Mr. President, that we have come a long way in terms of this honorable body having an opportunity to be able to scrutinize and to look at the meaning and what these loans are all about.

"The sad part about the whole negotiation or the way that the hearing progressed is that we were unable, Mr. President, to get a commitment on the part of the HCPC as to whether or not they will be continuing in the sugar business. I think, Mr. President, that this is an issue that we still have time to negotiate with Hilo Coast Processing so that we can get a clear picture as to their future in terms of maintaining and staying on the Hamakua Coast in terms of the sugar industry.

"Thank you."

The Chair responded:

"My understanding is that the referral is from the Committee on Agriculture to Ways and Means."

Senator Holt then said:

"Mr. President, to continue on just on a related matter, since we're talking about sugar and the future of sugar being important to all of us, your Committee on Tourism, Recreation and Planning and the Committee on Agriculture will be holding a hearing tomorrow on a bill which will establish a sugar industry crisis management program in the Office of State Planning. Thank you."

Senator Hagino also rose to speak on a point of personal privilege and remarked:

"Mr. President, before I state my point, I would like to say that I am speaking as an individual and not as Majority Leader.

"Mr. President, I was greatly disturbed and saddened by the comments made on the floor yesterday just before we adjourned. My first reaction was not to react publicly but the integrity of the Fifteenth Legislature was questioned and that cannot go unanswered.

"The speakers were not happy with the legislative timetable that played a part in the avalanche of bills that were introduced two Fridays ago, which caused the jam in the printing of the bills, which in turn aggravated the public who were not able to get copies of the bills.

"Mr. President, the legislative timetable was agreed upon in caucus. I specifically remember bringing to the members' attention the early bill cutoff date. One Senator made the point that the cutoff date should not be on a Friday but should be on a Monday. Other than that, no other Senator raised any objection to the timetable.

"One of yesterday's speakers was particularly upset with the amount of waivers that were being granted. I agree on that point. I remember about a week ago, leaning to my right, and making a comment that the waivers were starting just a little bit early. But let's look at the reason for requesting these waivers. In some instances, hearing notices were already sent out but similar bills were referred to that committee the following day. Rather than make the public come to two different hearings in the same committee, a waiver was asked for. Some bills were short form bills which do not have the content in them in the first place. I have yet to hear anyone testifying for or against short form bills. Other waivers were asked two days prior to the hearing, but it would not be a 48-hour notice. It would have been a 46 or 45 hours notice.

"I agree, Mr. President, we may need a rule change that even with a waiver a notice should be published to inform the public what bills are going to be heard. And still others were made because of last minute requests from colleagues or the general public themselves.

"Mr. President, it was insinuated that we were deliberately trying to shut out the public. I assure you that that was not the case, and I say that for every chairman that asked for a waiver. The Ways and Means chairman asked for waivers, and in all the years that I have known him he has bent over backwards to accommodate the public. He has opened up the budget conferences to the public like it never was before, even to the point of making worksheets, budget worksheets available to them.

"If we had a unicameral legislature then I would share the concerns expressed yesterday. However, waiving the 48-hour notice does not automatically shut off the public. Most of these bills have double referrals and will be heard in another committee. If the bill passes the Senate it will have additional exposure to the public in the House.

"What about the bill that was waived and held in committee? Very simply, that bill is held over to the next session. It does not die.

"I looked at the bills that were waived and none of them had the urgency that it be passed this session.

"Mr. President, yesterday's speaker said that in our rush to get bills out we should not judge the session by the quantity or quality of bills that we pass or be beholden to leadership. The leadership of the Senate has never pressured a chairman to get a bill out of committee. If

that person was so bothered by the amount of requests for waivers, why was there no objection to the granting of waivers or a call for a recess to discuss this matter?

"I am disappointed that yesterday's speaker chose the route he did to make his point known. I find it ironic that we were being blamed for not following procedures in shutting out the public when that same person has chosen to shut his colleagues out by going public without giving us the benefit of trying to work it out among ourselves.

"Thank you, Mr. President."

Senator Blair then rose to state:

"Mr. President, a request was made to you, on behalf of myself and some of my colleagues, to delay the first lateral. The response was that the timetable is an agreement with the House which cannot be changed. That is a fair enough comment, but I don't think I should be faulted for going public after receiving that response.

"I think most people don't understand the basic circumstances that led to the problem. This year we're having our bill cutoff date two days later than it was last year, and the time between the introduction deadline and the first lateral is shorter than it was last year.

"The other fact that we have to appreciate is that, as compared with the Fourteenth State Legislature, the amount of time available for both primary committee chairman and the Ways and Means Committee has been constricted by eight days. That's really what caused the problem.

"In response to whether or not I spoke up when we were unilaterally handed, with no previous communication, a copy of the timetable and told to react instantaneously; the previous speaker is quite correct that I did not react to it. But once we see that the timetable that we've selected is creating problems, we should be able to respond to those problems and make amendments. We shouldn't say, simply because we have previously agreed with the House, that, notwithstanding that as a result of the timetable the public is being shut out of the process, there is nothing to be done.

"I indicated that I didn't think that anyone was deliberately trying to foreclose public input. It was deliberate only in the sense that everyone knew what was happening and refused to do anything about it. I don't think we should be limited by our initial reaction to the timetable that was handed to us by the Majority Leader at the caucus. Nothing should prevent us from reconsidering the timetable, especially when we see that problems are being created.

"I think, Mr. President, that there is still time. Although it may be too late for the primary matter committee chairman, it isn't too late for the Ways and Means Committee. We can still go back to the House and amend the first crossover deadline. If we don't go back to what it was in 1987, at least, we can offer to make some progress in that direction. My fear is that a lot of people who scrambled to get bills to the Ways and Means Committee are going to find out that the bills that they worked so hard on are not going to have adequate time at Ways and Means Committee anymore than they had time in the primary committee.

"I hope that there's still time available to take remedial action. Notwithstanding that yesterday's recommendation has apparently not met with favor, I offer as an alternative that the Senate and the House look at the first crossover deadline and make some adjustment. Thank you."

Senator Cobb added his comments and remarked:

"Several points, Mr. President. First of all, I was perhaps the one Senator that did raise objection to the timetable in terms of wanting a weekend both for cutoff and, certainly, for the first and second crossover. My prediction is, absent that weekend, a lot of bills are going to die simply because of the bottleneck, even if the staff is getting them down early. My own staff is certainly working very hard in that regard.

"Secondly, though I think if a structural or procedural problem arises, it is appropriate to discuss it first with the leadership and then with the caucus before coming here. If a matter cannot be resolved just like the matter of referral, then obviously the floor of the Senate is the proper form.

"Thank you, Mr. President."

The Chair then responded:

"Begging the members' indulgence, I'd just like to make a few comments at this time. One of the important things is that it is truly unfortunate that we were not able to get the bills out to the general public on a timely basis. But I want to make it very clear for those in the audience and those here on the floor that the Senate will not tolerate any cutting off of public participation. I do want to make it clear that there are opportunities for the public still to be heard.

"As a request from the Chair to all standing committee chairmen, in the next day or so if requests come in from the public wanting to have certain bills heard, the committee chairman should consider waiving those bills on to allow time for the bills to be heard in the next committee.

"I know it's very difficult for subject matter committees to get everything on deck and ready for movement on time. But, faced with the situation as it existed a week ago, it was totally impossible to mechanically print all the bills quickly and that's one cause of the problem. There will be several opportunities for input, should some of you chairmen decide to move measures by waiver on to the last committee.

"There will be opportunity for input in the final committee; there will be opportunity for input after the crossover in the House; there will be input when the House sends its bills over to the Senate. So we are trying to avoid some of the cramping of time to get committee reports out.

"But in general, I think the staff did a heck of a job in moving all of the measures. And in particular, I'd like to commend the printshop for running on the last nine days, 20 hours a day, to try to get the bills prepared and available to the general public. As all of you know, there are no charges for any bills that the general public seeks from our printshop. And the request list for bills has grown enormously over the past three years and this goes for the lobbyists themselves too. They know better than anybody else that we try to get it to them as fast as we possibly can, at no cost to them, and no cost to the general public. I want that to be known because maybe it's not known that we have boxes for lobbyists and the general public in our printshop numbering over two or three hundred ... to make sure that everyone in the public has an opportunity to receive bills that are introduced in the Legislature. I think we've made an earnest attempt.

"I want to repeat, there is no effort on the part of the Senate to disallow public input on bills. And again, I ask

all chairmen, in the next two days or so, if there are requests from the public that they feel that they were not given sufficient time for input on a bill, I would ask all chairmen to waive the bill on to the final committee so as to have that opportunity for input. For those bills with single referral, time is still available for the public to have input. It's the moving of bills on the first lateral that may cause a problem. If there is a problem with the general public, I'm sure that respective chairman will do the right thing."

Senator Blair then remarked:

"Thank you, Mr. President. I would like to reiterate two points.

"Some people would like to execute the messenger because they don't like the message. But the matter was brought up with leadership and I was advised, in no uncertain terms, that the deadline was final.

"Secondly, I think some are missing the point. The point is that there is a structural problem. That structural problem is the first crossover has been moved up by eight days and it's compressed the first half of the legislative session. If we don't address that, we're doomed to repeat our errors and that would be the greatest sin of all. I hope that the Majority Leader will call a caucus and discuss amendments to the first crossover deadline. I'll go into my concerns in greater detail. But if the position of the President of the Senate and the Speaker of the House is that the timetable is cast in stone, then that is proof that following a different procedure would have been equally pointless. Thank you."

The Chair responded:

"The decision has been cast in stone. I have spoken with the Speaker this morning. There's no change to the schedule. The schedule will proceed, as printed."

ADJOURNMENT

At 12:14 o'clock p.m., on motion by Senator Blair, seconded by Senator Reed and carried, the Senate adjourned until 11:30 o'clock a.m., Thursday, February 16, 1989.

ORDER OF THE DAY

RE-REFERRAL OF SENATE BILLS

The President re-referred the following Senate bills that were introduced:

Senate Bill	Referred to:
No. 367	Committee on Consumer Protection and Commerce, then to the Committee on Judiciary
No. 455	Committee on Ways and Means
No. 1914	Committee on Agriculture
No. 1966	Committee on Ways and Means

At 11:42 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:44 o'clock a.m.

At 11:45 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:14 o'clock p.m.

At this time, Senator Crozier rose to introduce to the members of the Senate Ms. Mel Worthington, president of the West Oahu College Women's Caucus and member of his staff.

Senator Crozier then rose to speak on a point of personal privilege and remarked:

"Mr. President, I rise to share with you and my fellow colleagues the status of Senate Bill 1264 relating to proposing constitutional amendments to Article XII, Sections 4, 5, and 6, and adding a new section to Article XII of the State Constitution, to change the definition of the Public Trust and add a definition of Native Hawaiian.

"Senate Bill 1264 was introduced by you at the request of the Office of Hawaiian Affairs.

"Quite a fire storm has arisen over S.B. 1264 and especially to the new proposed section which would give a new definition to the term 'Native Hawaiian.' At present, Native Hawaiian means anyone who has half or more Hawaiian blood and all others with less than half Hawaiian blood are considered 'Hawaiian.' This is for the purpose of spending the monies derived from the state by the admission act of Section 5F or more commonly known as the ceded lands monies.

"The new definition would make any Hawaiian a Native Hawaiian and who could share in the proceeds of the 5F post-rata share.

"Mr. President, I was fortunate to be a member of the 1978 Constitutional Convention along with Senators Lehua Fernandes Salling, Gerry Hagino and Tony Chang. In fact, Mr. President, Senators Fernandes Salling, Hagino and myself, sat on the Hawaiian Affairs Committee from which the Office of Hawaiian Affairs emanated.

"I knew then, and I have not changed my view, that the con-con was creating an institution by which the Hawaiian people could choose, through an election process, their leaders and spokesman to resolve the myriad of issues and concerns that have plagued the Hawaiian people. One of the concerns was the bringing together all Hawaiians, both native and others, to work for the common good of all.

"Mr. President, ten years ago, as an Hawaiian Affairs Committee member, I strongly recommended that there should not be two classes of Hawaiians because it would be divisive. The structuring of programs would be almost impossible; the implementing of those programs would be cumbersome, and at times non-productive, because too much effort would be wasted trying not to spend Section 5F monies on less than 50% Hawaiians. All of those points have proven to be true.

"Mr. President, I do not fault the 1978 con-con for not heeding my comments because the whole concept of having an elected body to act as the clearing house for the Hawaiian people is avant-garde in itself.

"So, the con-con wanted to take a more judicious approach and not challenge the term 'Native Hawaiian,' thus creating two classes of Hawaiians. And they probably took the right approach. I did warn them that someday there will be a big fight over this condition.

"Mr. President, my colleagues, my crystal ball nor my magic tea leaves forewarned me that the very fight I foretold would happen at my table, but that is what has come about.

"I still stand by my conviction that there should be only one class of people serviced by the Office of Hawaiian Affairs. Ask any half-Hawaiian or even a full-blooded Hawaiian grandmother, who should health, educational or cultural programs be spent on, her, or her grandchildren who may not qualify as a native Hawaiian? Her reply will be something like, 'I am a *kupuna*, I represent yesterday and, today, please direct your efforts, your monies and programs to my *moopunas* (my grandchildren) because they need the assistance to survive today and to prepare for tomorrow.'

"Mr. President, the trustees of the Office of Hawaiian Affairs have reflected on the negative reaction that has been received so far, and have taken the position that of which compassionate and understanding leaders take. They sat down and addressed the arguments and complaints that were lodged against them and this initiative.

"They have reached the conclusion that perhaps not enough public hearings were held, the use of ceded lands monies to fund the poll created a furor, and the logistical difficulties that the late balloting caused, have created enough confusion and ambiguity that the only prudent thing to do is to ask that S.B. 1264 be held in committee for this session. The chair and the committee applaud the trustees and will abide by their wishes. We will hold the bill.

"Mr. President, this issue of blood quantum is still here. It must be resolved so that the Office of Hawaiian Affairs can truly begin to have the positive effect which so many of us believe in our hearts it can accomplish. The trustees of the Office of Hawaiian Affairs want to allay any misunderstanding and misgiving and are willing to have an educational program to make Hawaiians and Native Hawaiians aware of all aspects of the 'blood quantum' issue. They are committed to having public forums and finally to have a balloting process free of the many shortcomings it previously had.

"Mr. President, the Committee on Housing and Hawaiian Affairs will support such an endeavor by recommending in the Office of Hawaiian Affairs budget, the sum of \$60,000 of general fund monies for this initiative.

"Mr. President, the Office of Hawaiian Affairs has had a very rough and tumultuous beginning and after ten years, it is still in its early stages of evolution.

"I believe in the Office of Hawaiian Affairs, and as a part-Hawaiian, a Senator, and the chairman of the Housing and Hawaiian Programs Committee, I publicly state that I recognize the trustees of the Office of Hawaiian Affairs as the duly elected leaders of the Hawaiian people and I will extend to them all privileges and courtesies merited to an institution which is charged with the grave responsibilities it must shoulder."

Senator Blair, on behalf of the Senate, then rose to extend Happy Birthday wishes to Kevin Kuroda, clerk of the Senate Ways and Means Committee.

At 12:24 o'clock p.m., on motion by Senator Blair, seconded by Senator Reed and carried, the Senate stood in recess until 9:30 o'clock p.m.

By unanimous consent, action on S.B. No. 1110, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PROSTITUTION," was deferred until Wednesday, March 1, 1989.

Senator Solomon rose on a point of personal privilege and said:

"Mr. President, there was an editorial that appeared in the Advertiser this Sunday in reference to a bill that I had passed out of your Higher Education Committee pertaining to establishing a Hawaii State University which would have given autonomy to UH-Hilo and West Oahu College. In the editorial it says, '... Still, the Senate Higher Education Committee has passed out a bill to separate UH-Hilo and make it a state university with its own board of regents. Not surprisingly, the bill's author

and chairman of the committee is a senator from the Big Island, Malama Solomon. A House bill has not gone even that far."

"Mr. President, I'd like to say that I'm very proud to be the author of that piece of legislation and I would like to remind the editorial staff of the Advertiser that that is the purpose of a legislator ... to be creative and be able to provide a new direction for the State of Hawaii.

"Another thing, Mr. President, I'd like to bring to your attention is that in your committee's review of the Higher Education budget it has come to our attention that the undergraduate budget at Manoa has eroded away tremendously. Many courses, Mr. President, have not been funded adequately and it's quite obvious that the Manoa campus is moving more towards graduate, post-graduate and research.

"Therefore, Mr. President, I would like to inform my colleagues that the reason I did pass the bill out of committee was to be able to keep the legislation alive so that we have more time to discuss and to look at other alternatives so that we can improve the educational experience for the undergraduates. And may I remind the Advertiser editorial staff that the governor himself has set the momentum; that this is the year of the undergraduate.

"Thank you very much."

Senator Holt then rose to comment on the previous speaker's remarks and said:

"I would like to follow up on the point made earlier that not only does the editorial staff comment on laws before they are passed, they also conduct polls, like the one they are going to do on the convention center tonight, after the act is signed into law. Thank you."

ORDER OF THE DAY

RE-REFERRAL OF SENATE BILL

The President re-referred the following Senate bill:

Senate Bill	Referred to:
No. 1610	Committee on Culture, Arts and Historic Preservation

RE-REFERRAL OF
HOUSE CONCURRENT RESOLUTION

The President re-referred the following House concurrent resolution which was received:

House
Concurrent
Resolution Referred to:

No. 6 Jointly to the Committee on Consumer Protection and Commerce and to the Committee on Human Services

Senator Yamasaki, chairman of the Committee on Ways and Means, then requested a waiver of the 48-hour Notice of a Public Hearing for the subjects listed on the agenda of the Senate Ways and Means Committee's hearing notice for Friday, March 3, 1989, and the President granted the waiver.

Senator Holt then rose to speak on a point of personal privilege and stated:

"Mr. President, I am in receipt of a letter from the director of taxation, dated March 2nd, which states: 'Pursuant to your request, I am furnishing transient accommodations tax revenue collections for the months of January 1988 and January 1989 by county and state totals. In reviewing these figures it should be kept in mind that January of 1988 was a down month for tourism as it was feeling the effects of the 1987 stock market decline.'

"I wanted to make sure that ... and it shows in here transmittal receipts of this January of \$7.2 million versus last January of \$4.0 million. I want to make sure that people keep that in mind when you see big press releases by HVB on how great tourism is doing -- this January versus last January -- because in their release Carter protruded the January boost to combine industry and HVB marketing efforts. We have to keep that in perspective ... the stock market decline that the director of taxation has reminded us to do when we look at HVB's budget for this year. Thank you."

The Chair then made the following observation:

"Members of the Senate, as you know, tomorrow is the deadline to deck bills for third reading. I have checked with LRB and the Majority Research Office and they seem to be on top of everything and feel confident that they will be able to handle the business, unless there is a deluge of last minute committee report requests. There should be ample time to get everything out tomorrow.

"I would like to request all chairmen to please expedite the signing of pending committee reports. Also, Senators are requested to remain in the building today and tomorrow for signing of those reports."

At 12:20 o'clock p.m., on motion by Senator Blair, seconded by Senator Reed and carried, the Senate adjourned until 11:30 o'clock a.m., Friday, March 3, 1989.

RE-REFERRAL OF SENATE BILL

The President re-referred the following Senate bill:

Senate Bill	Referred to:
No. 1001	Committee on Ways and Means

MISCELLANEOUS COMMUNICATION

Misc. Com. No. 4, letter from A.A. Smyser, Steering Committee Chairman, Governor's Congress on Hawaii's International Role (December 6-7, 1988), transmitting the final report of the Congress, was read by the Clerk and was placed on file.

Senator B. Kobayashi then rose on a point of personal privilege and remarked:

"Mr. President, the newspaper, yesterday, carried a story about the death of Dr. Allan F. Saunders, professor emeritus of political science at the University of Hawaii.

"Dr. Saunders had been an active teacher and professor for many of us, including myself, and had been involved in a large number of activities. His contributions to the community were immense and I think should be noted before this body. Among other things, he had participated in the 1950 Constitutional Convention which drew up the Constitution which we now use. This was a convention that was held long before our admission to statehood and the Constitution was used as a document to show Hawaii's preparedness to take the giant step into statehood.

"Among other things, of course, he had been active in a number of community and political activities. When he first came here in the '40's he was a visible supporter of the Democratic Party at a time when the Democratic Party had very few publicly avowed haole supporters. At a time when cars had curtains in them and access to certain controversial speakers was sometime limited and criticized, Dr. Saunders, among other things, went around to places like Waipahu with the late 'Major' Okada in the dead of night with curtains drawn in the car to speak to plantation workers about the Democratic Party.

"For myself and a great many other people he will be missed. The newspaper cites the comment of Senator Dan Inouye who says, 'He probably influenced more public servants in Hawaii than any other educator.' I think that is probably so.

"Thank you, Mr. President."

The Chair then responded:

"Members of the Senate, the Chair would like to request that when we adjourn today, we do so in a moment of silence for Dr. Saunders."

Senator George added her remarks as follows:

"Mr. President, further to the remarks made previously, I believe everyone here has signed a certificate which will be presented to his wife Marion on the occasion of the service which will be held and perhaps some to you would like to go. It's going to be in the Art Auditorium on the University of Hawaii campus at 4:30 on Sunday afternoon. I have the privilege of making this announcement to you because I have been asked to be a participant in that service. And it's with enormous sense of unworthiness and pride that I accepted this assignment because there are many who knew him better.

"I think it's particularly interesting that that staunch Democrat is going to be praised by an equally staunch Republican on the occasion of the service. Anyway, a wonderful man and not the least of his recognition is due to the fact that he is the father of the League of Women Voters in the State of Hawaii, and that's a good announcement to make on what I think is Girl's Day. Thank you."

At 11:55 o'clock a.m., on motion by Senator Blair, Seconded by Senator Reed and carried, the Senate stood in recess until 8:00 o'clock p.m., this evening.

NIGHT SESSION

The Senate reconvened at 11:00 o'clock p.m.

Senator McMurdo rose to speak in favor of the measure and stated:

"Mr. President, I rise to speak in favor of this bill. On Friday there were two separate notes in The Honolulu Star Bulletin. One, in Washington, William Reiley, the administrator of the Environmental Protection Agency, called on the White House to adopt a policy calling for the complete phase-out of ozone-depleting chemicals by the end of the century. Last Friday, President Bush, according to CBS news, adopted the policy.

"This policy would double the pace at which production and consumption of CFC's (chlorofluorocarbons) would be restricted.

"In an equally strong move, twelve European countries have agreed to eliminate all production and use of any chemicals that harm the earth's ozone shield.

"The environmental ministers from the twelve countries also agreed to cut production of the chemicals by 85 percent as soon as possible. And as of this morning's Advertiser, six more have signed the international accord.

"Last week, a NASA study revealed a frighteningly high concentration of the chemicals in the Arctic. If they

don't dissipate before the Arctic summer, there is potential for serious damage to the ozone layer in that area.

"It is time for serious action.

"Senate Bill 1344, S.D. 1, was based on the very latest scientific research and environmental policies. It is consistent with recent recommendations of the Environmental Defense Fund and the Friends of the Earth.

"Very importantly, it is also consistent with the industry recommendations.

"The Mobile Air Conditioning Society (MACS) has called for many of the prohibitions in this bill.

"The American Refrigeration Institute (ARI) has approved a purity standard for recycled refrigerant from air conditioners and freezer units.

"The Motor Vehicle Manufacturers Association (MVMA) and the Society of Automotive Engineers (SAE) are developing a proposed standard for automotive air conditioners.

"It is an accepted fact that almost 50 percent of the CFC's released into the atmosphere come from air-conditioning and freezer units.

"S.B. 1344, S.D. 1, contains the following:

1. It prohibits the retail sales of refrigerants containing CFC's.
2. It prohibits the intentional release of CFC's into the air from any source.
3. It prohibits the servicing of mobile air conditioners without using a vampire. (Now, vampires suck the CFC's into the machine and then when they refrigerator or the air conditioner is repaired the vampire can be used to put the CFC's back, and so none of it gets into the air.)
4. It also adopts rules and procedures for the disposal of any devices or units utilizing CFC's that include mandatory recovery and recycling of CFC's.
5. It requires the use of vampires for servicing refrigerators, freezers and any other chilling, cooling, and air-conditioning units.
6. It establishes rules and regulations for small-appliance repair shops that are not covered by above changes.

"Time is late. We need regulations of the automobile-servicing industry and the refrigerator-freezer industry at the state level where the licensing boards have control.

"Let Hawaii be a leader in this fight to save the ozone layer. Pass S.B. 1344, S.D. 1, and send a message to the other 49 states, as well as to the EPA and to the Bush administration.

"I urge your 'yes' vote on this bill. Thank you."

Senator Chang also supported the measure and remarked:

"Mr. President, with your permission and with the permission of my colleague, may the Journal reflect her remarks as my own."

The Chair so ordered.

Senator McCartney spoke in support of the measure as follows:

"Mr. President, I rise to speak in favor of this bill and would like to make some very brief remarks on the bill.

"As you know, as we started out this year, education was very high on the agenda and the expectations within the community have remained high. This bill reflects giving flexibility and autonomy to our local schools. I think it's a very good bill and I ask all my colleagues to support the bill.

"What the bill does is to allow us to keep the equity within our centralized school system; yet, balance it with giving our local school communities, our parents, our teachers, our administrators flexibility and autonomy to make decisions that best fit their individual needs.

"Therefore, Mr. President, I think the Senate should be commended for passing this bill out and the chairman, Senator (B.) Kobayashi, should be commended for his work on the bill. Thank you very much."

Senator Mizuguchi rose to speak against the measure and said:

"Mr. President, I reluctantly rise to speak against this bill. I know that the Judiciary chairman has worked very hard in bringing about reform and equal access to our election process. However, as far as this bill is concerned, the problem I have with it is that it allows a voter to register and vote in the same election day.

"While the intent of this specific piece of legislation that deals with voting and registering on the same day is noble, I can foresee some real problems because of the nature of the rush and the excitement and the workload of precinct workers and poll workers on election day.

"On this particular bill, I have to side with our precinct workers and our civic-minded citizens who register early. Many kinds of unwieldy problems will occur on election day due to this provision. With that reservation, I will be voting against this bill. Thank you."

Senator Menor spoke in support of the measure and said:

"I'd like to speak in favor of this bill and, in response to the previous Senator's remarks, I'd just like to clarify and point out that I also share the concerns that he has raised about certain aspects of this bill that I think need to be improved.

"For example, there is a need to amend the provision relating to the tie-breaking provision. There are some concerns that I have with respect to the provision on the filling of vacancies. And, in particular, with respect to the provision calling for election day registration, I have concerns about the administrative burdens that might result in the Lieutenant Governor's office if that provision were to pass in this present form as contained in the bill and, also, about the possibility of fraud that could result from election day registration.

"However, I am committed to try to resolve these concerns by way of amendments as this bill moves out of the Senate and into the House. In that regard, I'd like to assure everyone here who share the same sentiments and concerns expressed by Senator Mizuguchi, that I shall do the very best I can to work with the House to address these concerns to make the necessary amendments to make this bill workable. But I think that the issues contained in this, and in particular the need to encourage and facilitate voter participation which this bill tries to address, are concerns that are important enough to warrant the Senate passing this bill out to the House for further consideration.

"And if this bill cannot be amended to address the concerns that have been expressed today on the Senate floor, then I will be the first one to take the position that this bill should not be enacted into law. Thank you."

Senator Tungpalan then spoke against the bill and said:

"Mr. President, I'm voting 'no' on this measure because, unfortunately, in this day and age we have negative campaigning. A candidate subject to this negative campaigning the day before election really wouldn't have a chance to rebut any of those remarks. So, in that respect, I will be voting 'no.'"

Senator Yamasaki, in support of the bill, said:

"Mr. President, I would like to note that the Association of Clerks and Election Officers of the State of Hawaii, which includes all of the county clerks, provided testimony before the Judiciary Committee in support of the bill."

Senator Holt spoke in support of the measure and said:

"Mr. President, just a point that I want to make. I'm going to vote in support of this bill with reservations only because I feel that there are other boards and commissions, such as the University Board of Regents which do not have the authority to set the salary of the president of the university. And I wish we would address that issue as well, if not in this session, in the coming session. Thank you."

Senator Cobb also spoke to support the measure and remarked:

"Mr. President, I'm going to be voting for this matter with similar reservations, but, in addition to the remarks of the previous speaker, I think we need to be consistent in allowing commissions to set salaries but in line with the recent salary commission's recommendations for a range of salaries.

"I think a similar range should be established for each of the commissions so that the members who determine the salary can choose from among that range based on the experience and expertise of the particular director. Without such guidelines or ranges, there's really no criteria or standard or other means to ascertain what the salary should be and I think it would help a lot if we are looking at the Executive Salary Commission recommendations to structure such a range in the future for all of our commissions as well. Thank you."

Senator Menor also supported the measure and stated:

"Mr. President, very briefly, to speak in favor of this bill.

"Basically, this bill would be consistent with the trend that the Legislature has established over the years which is to confer authority upon boards and commissions to establish the salary levels for their executive directors. It should be noted that the salaries of the executive directors of most state boards and commissions are not set by the Legislature. These boards and commissions include the Aloha Tower Development Corporation, the High Technology Development Corporation, the Criminal Injuries Compensation Commission, the Land Use Commission, and other boards and commissions which are like those boards and commissions that I've mentioned which set the salary levels for their executive directors.

"And to the extent that the functions of the Ethics Commission are very comparable to the functions of these boards and commissions to which I've just referred, it seems to me that it would be only fair that the salary level of the executive director of the Ethics Commission also be set by the commission and not by the State Legislature.

"For those who would have concerns about the Legislature surrendering oversight over the establishment of the executive director's salary for the Ethics Commission, I'd just like to point out that the Legislature can still provide its input and oversight in the Legislature's review of the executive budget.

"Finally, I'd like to point out that from the time that the Ethics Commission was established in 1967 to 1982 the Ethics Commission did have the authority to set the salary level for the executive director. So in that regard this bill will be conforming the process for setting the salary level for the executive director of the Ethics Commission, confirming that process to previous practice. Thank you."

THIRD READING

MATTERS DEFERRED FROM EARLIER ON THE CALENDAR

S.B. No. 1920:

Ayes, 22. Noes, none. Excused, 3 (B. Kobayashi, Levin, Matsuura).

S.B. No. 1140:

Senator Blair moved that S.B. No. 1140, having been read throughout, pass Third Reading, seconded by Senator Reed.

Senator George spoke on the measure as follows:

"Mr. President, this was put at the end of the calendar at my request. I wanted to ask a couple of questions of the chair on Culture and the Arts. She graciously answered everything that I had to say and shared I think a little bit of my concern, and is going to, I believe, take care of the problems I expressed when it comes to dealing with the House. Thank you."

The motion was put by the Chair and carried, and S.B. No. 1140, entitled: "A BILL FOR AN ACT RELATING TO ART IN STATE BUILDINGS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (B. Kobayashi).

S.B. No. 269, S.D. 1:

Senator Blair moved that S.B. No. 269, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Fernandes Salling.

Senator Koki spoke against the measure and said:

"Mr. President, the gross excise tax is a tax that the state has allowed retailers to add on to the pricing in the past, so the idea is not deceptive. If we want to prevent the retailer from charging more than the 4.167 percent, which is the actual cost of the tax, that will be another story altogether.

"We could pass a law that would say will be a deceptive trade practice to represent it to be more than 4.167 percent. The transition cost to the retailers will be high. You know they need to re-do their computers, their cash registers, and also to re-train their people.

"Also, if they need to list the tax as an additional cost such as cost of goods, then most retailers would put a markup on it like all other direct costs. Hence, a higher price to the consumer.

"Another factor to consider is price point barrier. Let's take, for example, an item that's priced at 98 cents. You always wonder why it's 98 cents, \$9.98 or \$99. There are psychological barriers that the retailers are confronted with. Consequently, if an item costs 98 cents, and he would have to sell it for \$1.02, including the tax, what he needs to do then, what he will do either, is to leave it at 98 cents and thereby absorbing the cost, or he will just go up to \$1.05 because he's broken the price point barrier of a dollar.

"So businesses are going to be having a very difficult time in absorbing the 4 percent because many businesses make in their total profits, net profits, anywhere from 2 percent to 10 percent with the majority of them floating between 4 and 6 percent profit, net profit, so you cannot logically expect a business, a retailer, to absorb the cost of the gross excise tax.

"Consequently, I'd like to suggest that to make it equitable so that the consumer just pays the cost of the tax that we change it to 4.167 percent. Anything higher than that is deceptive practice. Thank you."

Senator Tungpalan rose to speak in support of the measure and remarked:

"Mr. President, thank you for allowing me the opportunity to rise to speak in favor of this measure.

"I think the point we want to get across to many of the retailers -- and I graciously accept your explanation as a retailer, Senator -- is that when we go to the grocery store we want to be sure that we're paying at the most 4.16.

"However, at a recent trip to one of the major grocers, I was charged not 4.16, but 4.5 percent. You know, it gets to be a little disturbing to go to the cash register thinking that you're going to pay the 4 percent and maybe 4.16 percent. But to think that now people can go even further, and that this is not within the realm of deception or illegality, but is simply 'permissive' as a letter from the Attorney General stated to the Tax Department. I think it behooves the Senators here to take action affirmatively to at least let the retailers know that what we are being charged should be specifically for the product and perhaps the cost that they have to pay for the tax. I think anything beyond that is not only deceptive but, in my heart, illegal. Thank you."

Senator Cobb also supported the measure and said:

"Mr. President, I rise to speak in favor of this measure.

"During the course of testimony, it became abundantly clear that there is a subterfuge taking place in the retail marketplace. As the Senator from the 22nd District just pointed out, in many cases more than the required minimum amount of the tax is being charged. In fact, in some cases cited before our committee, the stimated amount of the tax charged is up to 10 percent.

"The point in fact what this bill will do is to make sure the final end price shall reflect the tax collected. And because we hear so much about let the marketplace decide in terms of competition, then whether it goes over a dollar or under a dollar is not the point. The end price to the consumer is the point, and to allow the consumer to decide. And as far as this chairman is concerned, anything collected in excess of 4.167 percent is deceptive, if it's collected in the name of a tax. And the evidence of that during the course of the hearing became very clear. And that's why your committee was moved to pass this measure out.

"I urge the members to support it. Thank you."

Senator Ikeda also supported the measure and said:

"Mr. President, this bill came about simply because of the fact that people are trusting when they go to the store. They expect to pay a 4 percent tax. They are used to paying the tax, and they don't very often check to see whether or not it is actually 4 percent.

"Like my colleague from across the aisle, I happen to have checked on a few things. And with the advent of computerized cash registers, it is very common for the amount of the tax to exceed 4.16, and it very often does. To my surprise, this is not illegal, at least not as long as this bill doesn't pass.

"I think the consumer has a right to know exactly what they are paying for. And if an add-on to the price is made then it should be done so openly and it should not be done under the guise of a tax.

"Unfortunately, Mr. President, we have a general excise tax, not a sales tax, and because of that we cannot limit the tax to 4.16. But we can say, in effect, that charging beyond 4.16 percent is a deceptive practice, and that is exactly what this bill does.

"In this way, Mr. President, the consumer is assured that the bottom line price that he pays, whether it be a dollar, \$1.04, \$2.00, \$2.10, includes no more than the 4 percent tax that the law mandates. And the consumer won't have to worry about paying more than what is justly due the government. Thank you."

"Mr. President, I'd like to make some very brief comments in opposition to this bill.

"I share the concern of many in our community that state government is becoming increasingly top heavy with an ever-expanding bureaucracy. Senate Bill 1321 would appropriate money for the very laudable purpose of coordinating programs for control of violent behavior. Strangely, however, this bill will put that function of controlling violent behavior in the Office of State Planning.

"If there is money available, it would be better spent assisting already existing Alternatives of Violence programs, state-wide, rather than expanding the state bureaucracy. Thank you."

Senator A. Kobayashi spoke in support of the measure and remarked:

"Mr. President, I'm speaking in favor of this bill.

"The responsibility of coordinating the efforts of the different domestic violence groups is put into the Office of State Planning because they will be planning for an office that will eventually house all these different programs. We couldn't just set up an office right away, and rather than going willy-nilly into any kind of plan the Office of State Planning will be coordinating all the efforts and setting up a regular office to house not only the POS groups, but the different agency groups. Thank you."

Senator Holt also supported the measure and said:

"Mr. President, being the chairman of the committee that jointly referred the bill out, basically, to support the previous Senator's statement that the idea is not to set up more layers of bureaucracy but to get the mechanism together that will provide the vehicle that the previous Senator spoke to to address this very important community issue. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 681 was adopted and S.B. No. 1321, entitled: "A BILL FOR AN ACT RELATING TO VIOLENT BEHAVIOR," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

"Mr. President, I've discussed my concerns with the chairman of Energy and Natural Resources and he has

agreed to amend the bill to insure the integrity of the public hearing process as part of the procedure. Thank you."

Senator Chang supported the measure and said:

"Mr. President, I too will be voting for the measure because I believe as does the proponent of the bill in the potential end-use of this energy resource. However, in the process of debating and deliberating on this measure, I would hope that another look be taken at subsection (c) on page 2 of the bill which relates to the 'waiver by the State of the mineral rights royalty payments normally made by the developer' to the state as a means of compensation for unreimbursed interconnection costs not recovered by avoided cost payments. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 685 was adopted and S.B. No. 430, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO GEOTHERMAL ENERGY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Holt supported the measure and said:

"Mr. President, speaking in support of this bill, very briefly.

"Mr. President, the purpose of this bill is to clarify the existing law regarding the requirements for a special management area permit for development projects which affect our shoreline areas. It is my understanding that the current law is ambiguous in terms of its definition of the word 'development.'

"As you are aware, Mr. President, this problem can and does lend itself to various interpretations which have no bearing on the intent and purpose of our coastal zone management laws.

"For the record, Mr. President, I believe it is the responsibility of the Legislature to clarify the law, rather than our courts. The bill before us will accomplish this by clearly making a distinction between the type of development as intended under our CZM laws and ocean recreation activities which are regulated under our boating laws.

"More specifically, this bill will make it clear that Chapter 205 of the CZM does not apply to ocean recreation activities.

"I'm voting in favor of this bill for this reason and urge my colleagues to do so. Thank you."

The motion was put by the Chair and carried, and S.B. No. 1771, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO SPECIAL MANAGEMENT AREAS AND THE DEPARTMENT OF TRANSPORTATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

MISCELLANEOUS COMMUNICATION

Misc. Com. No. 5, letter from Senator Steve Cobb, 12th Senatorial District, dated March 13, 1989, regarding a public apology to the members of the Senate, Fifteenth Legislature of the State of Hawaii, was read by the Clerk.

On motion by Senator Blair, seconded by Senator Reed and carried, Misc. Com. No. 5 was accepted and placed on file.

Senator Blair then rose on a point of personal privilege and stated:

"Mr. President, I just wanted to say that -- maybe I'm speaking only for myself, but I sense that I may be speaking for others -- that this is a matter which is properly being handled in the courts and that there's no reason for anyone here to change their relationship with an esteemed colleague as a result of what has happened."

Senator Crozier also rose on a point of personal privilege and said:

"Mr. President, I'd just like to make a short comment in support of Senator Cobb.

"Mr. President, not many of us have been asked to go to war and not many of us have been in a wartime situation to show our valor. Many of us watched TV programs and read the press. We can only imagine what strife and struggle an individual has to go through while he's in war; and more so, when he has to put his life on the line. Senator Cobb did that. He showed his courage.

"I would like to show my support of Senator Cobb. I can only imagine what the gentleman has gone through over this past weekend. I pass on my support to you, Senator Cobb. Aloha."

The Chair then made the following remarks:

"Members of the Senate, I would like to explain for the record the significance of the action just taken by the Senate.

"The incident involving Senator Cobb's arrest last Thursday evening is a matter of concern to the Senate. Statutorily, the violation he committed was a relatively minor one, ranking below a petty misdemeanor. Thus, consequently, it is the ruling of the Chair that it does not warrant the application of Rule 69 of the Senate Rules governing punishment of its members.

"However, while the violation is technically a minor one in the eyes of the law, the Senate does recognize its significance in terms of the standards of conduct the people (of this state) expect from their elected public officials.

"Senator Cobb in submitting his letter of apology, and the Senate in accepting it, demonstrates that all of us realize that there has been misbehavior on his part, and that his misbehavior is not condoned by the Senate.

"The Senate in accepting Senator Cobb's letter of apology has, I believe, been moved by his feelings of remorse and by his willingness to take responsibility for his actions. The Senate is prepared to accept Senator Cobb back into its ranks in the spirit of understanding and forgiveness.

"If I may, I would like to speak now, not in my capacity as Senate president, but on a personal basis.

"I have been deeply saddened by Senator Cobb's difficulties. He has been a good personal friend as well as a valued colleague. I sincerely hope that he can put this unfortunate incident behind him, straighten out his life and move forward. My prayers are with you, Steve."

Senator Matsuura, chairman of the Committee Energy and Natural Resources, requested a waiver of the 48-hour Notice of a Public Hearing on S.B. Nos. 1611 and 1675, and the President granted the waiver.

The Divine Blessing was invoked by the Reverend Terrance A. M. Watanabe, Rector of the Cathedral of Our Lady of Peace, after which the Roll was called showing all Senators present with the exception of Senator Cobb who was excused.

The President announced that he had read and approved the Journal of the Thirty-Fifth Day.

The following introductions were made to the members of the Senate:

Senator McMurdo introduced Father Claude DuTeil, husband, grandfather and tireless advocate of homeless men, women and children. Senator McMurdo read from the Senate certificate of appreciation citing Father DuTeil's dedication in the service of others ... "who, 40 years ago, began his ministry for servicing the community by counseling those who are desperately in need ... caring for and counseling alcoholic men and women ... recognizing the need for a drop-in center, which has become the Institute for Human Services, which provides temporary shelter and food to anyone and everyone "

The honoree, who was seated on the floor of the Senate, rose to be recognized, and was presented the Senate certificate of appreciation and a lei.

Father DuTeil was accompanied by his wife Roberta, son Robert, daughter Susan Langford, and son-in-law James Langford, the Reverend Donald Hart, Episcopal Bishop of Hawaii, and Mr. James "Bud" Morgan, head of the Institute of Human Services (IHS). All rose to be recognized.

He was in a motorcycle accident six months ago, going a hundred twenty-five miles an hour, and as a result had a leg amputated just below the knee. I have found in the last two months this person has been an inspiration to me ... He is leaving today to be fitted for a prosthetic, an artificial leg, with the goal of returning to Hawaii as soon as he learns how to run the 2 miles in 15 minutes so he can enter the Army Reserves, and to attend the University of Hawaii. I'm very proud to introduce Chad Houston who also happens to be my son."

At this time, the President requested the Clerk to read the following letter:

"March 17, 1989

The Honorable Richard S.H. Wong
President of the Senate
State Capitol, Rm. 003
Honolulu, Hawaii 96813

Dear Mr. President:

Following my district court plea of no contest this past Monday, I made a promise to seek counseling. I am now getting that counseling. I realize that I have a problem - a serious one - and that I need professional help.

Recent new accounts concerning my alleged past activities have, I am sure, caused great consternation to my fellow colleagues in the Senate. I will not at this time comment on such hearsay allegations in the media.

However, I believe my continued presence in the Senate at this time would cause disruption to the body during a critical phase of the legislative session. I do not wish to be a disruptive influence at a time when the Senate must concentrate on the many important issues facing it. The uninterrupted functioning of the legislative process is of the utmost importance to me.

Because I wish to continue a program of professional help, and because I do not want to be a negative influence in the Senate, I hereby request to be temporarily excused from my legislative duties.

Very truly yours,

/s/Steve Cobb
STEVE COBB"

The President then made the following remarks in response to the foregoing letter:

"Members of the Senate, before filing the letter, the Chair would like to make an announcement that in light of the letter I have just received from Senator Cobb, the Chair hereby relieves him from his legislative duties. The Chair is still researching the whole matter involving Senator Cobb and a final determination is yet to be made.

"I feel extremely sorry for Senator Cobb. He is clearly suffering from a very serious illness. He feels he needs professional help. I'm hopeful that in the course of time and with the good graces of God that he be brought back to full health.

"In the absence of Senator Cobb, I've asked Senator Russell Blair, vice chair of the Committee on Consumer Protection and Commerce to carry on the work of the committee."

Senator Reed, Minority floor leader, then responded as follows:

"Mr. President, I rise to speak on this issue on behalf of the Senate Republicans. We also feel sorrow for Steve Cobb, but as elected officials we are expected to maintain a higher standard of behavior than demanded of the general public. It is unfortunate but inescapably clear that Senator Cobb's behavior has fallen unacceptably below that standard. If the State Senate is to retain any measure of public respect, the time for investigation or tolerance has passed. Senator Cobb should resign."

Senator Blair then rose and stated:

"Mr. President, I would like to begin my response by thanking the Minority for their very measured response when earlier action was taken on the previous letter from Senator Cobb. I think we all appreciated the bipartisan nature of the action that was taken on that occasion.

"The Star-Bulletin published an editorial suggesting that our previous actions were precipitous and that we should have proceeded, perhaps, slower and more deliberately. In retrospect some may argue that there was merit in their editorial. I would like to urge my colleagues that we not repeat that error and that we take the time that the heavy weight of this issue commands and that we not again act too quickly. Thank you."

Senator Solomon also rose and stated:

"Mr. President, I rise to speak in support of the previous speaker's remarks. Thank you."

There being no objections from the members of the Senate, the Chair ordered the Clerk to file the letter from Senator Cobb.

At this time, Senator Menor, chairman for the Committee on Judiciary, requested a waiver of the 48-hour Notice of a Public Hearing on H.B. No. 189, H.D. 2, and the President granted the waiver.

ADJOURNMENT

At 1:17 o'clock p.m., on motion by Senator Blair, seconded by Senator Reed and carried, the Senate adjourned until 11:30 o'clock a.m., Monday, March 20, 1989.

"What makes this family so unique is that the relationship between Dr. and Mrs. Heilveil and their adopted/foster children was formed out of loss, childhood adversity and a struggle to survive. The Heilveil family maintains an open communication system with each other which permeates their sense of kinship. Their philosophy of love yourself and others, reach your highest individual potential, and give back to life in full measure is an inspiration to all of us."

All I wanted to do was to commend a member of the fourth estate for an excellent article in yesterday's paper. In the Sunday Advertiser/Star Bulletin, Jerry Burris has a very, very fine, thoughtful and well-written column on the dilemma confronting those of us in the Senate with regard to Senator Cobb. House Bill Referred to:

No. 742, H.D. 1 Committee on Consumer Protection and Commerce

At 11:50 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:23 o'clock p.m.

Senator Mizuguchi, on behalf of Senator Wong and himself, introduced the 1989 Basketball State Champions, the Radford High School Rams who won with a 19 and 0 record. Seated on the Senate floor were: Troy McCoy, the OIA player of the year and MVP; and teammates,

Lamont Davis, Marcus Smith, T.J. McMillian, Michael Cooper, and Calvin Parham; coach Jimmy Alegre, and principal, Mr. Harry Ono.

The honorees rose to be recognized and were presented with leis by Senators Fernandes Salling, George, Ikeda, A. Kobayashi, Solomon and Tungpalan.

Seated in the gallery were other members and boosters of the team who rose to be recognized.

Senator Chang, on behalf of Senator Wong and himself, introduced four visitors from Thailand: Mr. Prapan Cholwerawong, District Officer of Klaeng District, Rayong Province; Mr. Prayoon Meetongkam, District Officer of Muang District, Chiang Mai Province; Mr. Borworn Ratanaprsidhi, District Officer of Band Sai District, Ayuthaya Province; and Mr. Viriya Leartvanangkul, District Officer of Pak Phli District, Nakhon Nayok Province. They are accompanied by their escort officer, Mr. Jakkrit Srivali.

Senator Chang noted that the gentlemen "have taken some time from their busy schedule to view a part of the legislative process and some of the social life that the legislators participate in as part of their ceremonial duties in the State of Hawaii. These four district officers are local government officials and as such are responsible for the administration of the districts in which they serve. As a group they represent diverse regions of Thailand with their emphasis on community development as their link."

Senator Reed then introduced the chief liquor inspector, Randy Yoshida.

At 12:29 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:31 o'clock p.m.

Senator Crozier rose on a point of personal privilege and said:

"Mr. President, yesterday the Senator from the Waikiki area complimented Mr. Jerry Burris of the Advertiser for writing a well thought-out column. I don't know how much she complimented the Advertiser, but since he works for them, they also share in the accolades.

"You know, when you deal with life you get high points and you get low points. But overall, in the end it averages out. For journalism, yesterday was a high point -- not too high, but it was a little high. But we have got to get back to the average, you know ... not we, the Advertiser has to get back to the average, and if they are high the only way to get back to the average is to go low. Today they found their point back to the average by dropping to a lower standard of journalism. My good colleague from Kalihi is always raising the newspaper and saying, 'See what they said; see what they said.' I've learned from him. I'm doing the same thing. See what they wrote. They said, here in the headlines ... 'End good faith negotiations rule, Crozier proposes' In other words, Mike Crozier is going to try and deny lessees the right to negotiate when there's a 'first-right-of-refusal' issue. They're saying there's a law right now, right now in the books, that anytime there's a right-to-first-refusal, there should be negotiations.

"Mr. President, there is no law right now. There is a proposal from the House to put that into the language. There is no law. When you have a piece of lumber lying on the ground, it does not mean that lumber is a building. It may eventually evolve into being part of a building, but it's not a building. Just like that proposal

coming from the House. It may become part of the law, but at this point it is not.

"So why am I grumbling? My point is, this session we've been going round and round over leasehold issues, back and forth, name-calling, what have you. The lessees, sometimes they like me; most times, they're upset with me. The lessors, most times they like me; once in a while they don't like me. It's because of the issues, the merits and demerits of the issues. And I can understand and appreciate that. Their own editorial staff . . . I'm not sure how it works, but when the reporter here sends an article over to the staff down at the newspaper, and then the staff cuts a line here, cuts a line there, and puts in a completely different statement that causes grief for me, Crozier (they use my name), that takes away from the Senate; they make us look embarrassing. It even impacts on the reporter. The poor reporter is walking with his head bowed today and it's not his fault. The editors down there, they don't care. They don't care that this man's credibility has been damaged. They should. He now has made me look like I'm a bad person. And Mr. President, I know you're the first to agree that I'm not a bad person. (You want to agree or not?) (Laughter).

"Anyway, what I am grumbling about is I'm taking a lot of unnecessary heat for the shortcomings of the Advertiser. When I say Advertiser in general it's because I don't know the very individual that made these changes. I'm sure, tomorrow, they're going to put a little column somewhere buried way back in some page where it says 'Corrections' -- Crozier did not say this; he meant this. And that's the end of that. But the perception is out there. I would like for them to apologize to Mr. Stu Glauberman, their writer, who has now been impacted by their sloppy journalism. I feel hurt by that. His credibility is hurt by that. They should step forward and say, 'Hey, we made a mistake' and correct it.

"Thank you, Mr. President."

ADJOURNMENT

At 12:41 o'clock p.m., on motion by Senator Blair, seconded by Senator Reed and carried, the Senate adjourned until 11:30 o'clock a.m., Wednesday, March 22, 1989.

THIRTY-NINTH DAY

Wednesday, March 22, 1989

The Senate of the Fifteenth Legislature of the State of Hawaii, Regular Session of 1989, convened at 12:10 o'clock p.m. with the Vice President in the Chair.

The Divine Blessing was invoked by President Donald L. Hallstrom, Church of Jesus Christ of Latter-Day Saints, after which the Roll was called showing all Senators present with the exception of Senators Cobb and Mizuguchi who were excused.

The President announced that he had read and approved the Journal of the Thirty-Eighth Day.

The following introductions were then made to the members of the Senate:

Senator Hagino introduced his guests as follows:

"Mr. President and fellow Senators, very frequently problems that arise in our society become so deeply entrenched that they appear insurmountable. It becomes easy to resign ourselves to living with such problems and maintain an apathetic stance. Such is the growing problem of drugs in our nation and our state. However, out of deep concern and a strong social conscience, an extraordinary weapon against the war on drugs in Hawaii evolved in Waialua, Oahu. A student organization called the Waialua Drugbusters Club has uniquely blended resources in the school and business community and has set a precedence of establishing a school and community-based anti-drug program which has been recognized as a role model throughout the state, using counseling skills gained through contact with such groups as the Coalition for a Drug Free Hawaii and the Hawaii Criminal Justice Commission. These students reach out to fellow classmates via positive peer pressure, and example, encouraging a drug free lifestyle.

"With advice and guidance from the North Shore Business Association, school counsellors, and parent-teacher associations, the members of this organization continue to inspire the recruitment of others. Their primary objective is to ultimately effect a positive influence on the community as a whole to abstain from the use of all mood-altering chemicals.

"The Waialua High and Intermediate School Drugbusters are to be commended all year round but especially during drug free week, April 2 - 8, this year. They are certainly youngsters we can be proud of and I am particularly happy that they reside in the 7th Senatorial District.

"Mr. President and fellow Senators, on behalf of Senator Menor and myself, may I present the Waialua High and Intermediate School Drugbusters Club who are represented on the Senate floor today by their president Darlene Menor, Ms. Josie Abuan and Mr. Ron Valenciana, advisors, and Mr. Ray Minami, principal."

The honorees stood to be recognized.

Senator Hagino also introduced members of the Waialua High and Intermediate School Drugbusters Club who were seated in the gallery, together with students and advisors representing drugbusters clubs of the following schools:

Pearl City High School with Mrs. Joanne Ing;

Ilima Intermediate School with Mr. Yamauchi;

Roosevelt High School with Mr. Pang;

Castle High School students; and

the Coalition for a Drug Free Hawaii represented by Ms. Celeste Oshiro and Ms. Sandra Lacar, and the Maui County Youth Services represented by Mr. Charlie Silva.

Senator Matsuura then said, "Mr. President, as a graduate of this very famous Waialua High School, I want the comments of the previous speaker noted as my own."

Senator Menor added: "Mr. President, I want to inform this body that Darlene is a relative of mine. We are very proud of her work as well as the work of the students and supporters involved in the drugbusters program."

Senator Crozier then introduced Mr. George Freitas and said, "This gentleman has dedicated a lot of his energy to also fighting drugs and spent many, many hours working with the Lions Club."

At 12:19 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

RE-REFERRAL OF HOUSE BILLS

The Chair re-referred the following House bills that were received:

House Bill Referred to:

No. 35, H.D. 2 Committee on Ways and Means

No. 1133 Committee on Judiciary

No. 1838, H.D. 2 Committee on Transportation

Senator Crozier then rose on a point of personal and stated:

"Mr. President, I rise on a point of personal privilege.

"Mr. President, I feel like that cartoon character in 'Lil Abner that always walked around with a cloud over his head. Yesterday, I made an impassioned plea to the Advertiser to conduct themselves in a manner that they pride themselves in doing - treating their news articles as fair and as accurate as they possibly can. I believe that they could do that. I seriously believe it. I couched my words in such a way so that I did not offend them, to give them the latitude to resolve the problem.

"Mr. President, they put in a retraction to their article dealing with 'right-of-first-refusal' in this morning's paper. If you take a look at the size of the retraction or as they call, 'Getting It Straight,'-- what is this, about two-inch by four-inch column, saying they made a mistake on page 4. Now, I thought that was a heck of a gesture for them to come out and admit they made a mistake. But what they were really doing was just winking at me. 'Say, pal, we take care of you. Here, here's the bone we're going to throw you. There it is.' But they laughingly said remember the old adage, 'A picture is worth a thousand words.' We've got something like at the most 60 words here. See the size (displays newspaper page).

"The same paper, the same page actually ... I had to cut out this page. Look, it's in the same paper. One side says Mike Crozier did not say these things. But in the same paper -- when I say paper, I mean same page, you know -- they have a cartoon. Compare the size of the cartoon with the size of the retraction. And if they say a picture is worth a thousand words, in comparison, this must be a million words in the amount of impact it has out in the public.

"This one continues, continues, and let me change the word from inaccuracy to lie. They know full well they're printing a lie and they continue to do that.

"Mr. President, I stand here and I cry out for justice. I cry out to have my name cleared by the paper that admits they're doing something wrong. But no, they continue to push the agenda. All I can feel ... I feel remorse ... I feel lonely ... I feel abandoned ... I feel I want to do something, and I'm doing something ... I'm striking out against the mighty Advertiser newspaper. I'm telling them they're wrong. I'm telling them they should conduct themselves accordingly.

"But you know what I feel like, Mr. President. At the beginning of World War II when Haile Selassie of Ethiopia took arms against the great British Empire and declared war -- the Advertiser's attitude to me is the same attitude the great Winston Churchill had when he responded to the reporters when they asked him, 'What do you think about Ethiopia?' ... tiny Ethiopia, guys running around with only barefeet and no shoes who were going to fight against tanks and planes with spears and arrows. You know what his response was. (I have to paraphrase this.) It was, Ethiopia's declaration of war or Mike Crozier's asking for justice 'is like a gnat's fart in a hurricane.'

"Mr. President, nobody is going to hear me. Thank you."

The Chair responded:

"Senator Crozier, the Chair sympathizes with your point. We'd like to reassure you that all of us Senators love you dearly."

Senator Blair also responded to the previous speaker's remarks as follows:

"Mr. President, I would like to add a few remarks.

"I too feel it was a very grievous breach of generally accepted standards of fair play, on the part of the Advertiser, to print a small retraction and, in the very same paper, print a cartoon which perpetrates the error. Speaking on behalf of most of us members of the Senate, we concur with the remarks previously made by Senator Crozier and ask that the Advertiser, in particular, and the media generally be sensitive to their responsibility as well as to their power and privilege."

ADJOURNMENT

At 12:34 o'clock p.m., on motion by Senator Blair, seconded by Senator Reed and carried, the Senate adjourned until 11:30 o'clock a.m., Thursday, March 23, 1989.

FORTIETH DAY

Thursday, March 23, 1989

The Senate of the Fifteenth Legislature of the State of Hawaii, Regular Session of 1989, convened at 11:39 o'clock a.m. with the Vice President in the Chair.

The Divine Blessing was invoked by Father John J. Cusack of the 15th Air Base Wing, Hickam Air Force Base, after which the Roll was called showing all Senators present with the exception of Senators Chang and Cobb who were excused.

The President announced that he had read and approved the Journal of the Thirty-Ninth Day.

The following introductions were made to the members of the Senate:

Senator McCartney, on behalf of Senator Hagino and himself, introduced Ms. Mae Tanaka Kim, former colleague of his and presently Uniserve Director for the NEA in Oregon who was seated in the gallery.

Senator Crozier, on behalf of Senators Aki, Mizuguchi, Wong and himself, introduced Mr. Raymond Naoki Torii, "a man who dedicated 40 years of his life to the education of the youth of this state. During his tenure, he served on the islands of Hawaii, Maui and Oahu. His last assignment was at Waianae High School where he remained until his retirement in 1971.

"His accomplishments may be described as follows: They gave him a building, named a football field after him, and he developed an educational institution at Waianae High School within the framework of the department's guidelines and policies. He used his ingenuity to create an institution which was directed towards raising the academic skills and the self-esteem of the students. To accomplish his ends, he worked with the people of the community. He was respected by students, teachers, the support staff, and the people of the community. His relationship with the leaders of the community organizations was exemplary.

"In short, Raymond Torii was the prototype of the school administrator that is so vital to the success of the community-based school management concept."

Mr. Torii, accompanied by his wife Lily and daughter Mrs. Mary Torii Chung, rose to be recognized and was presented the Senate certificate of recognition and leis by Senators B. Kobayashi, Solomon and Yamasaki.

Senator Aki noted that Mr. Torii started his retirement just as he started his legislative career and that he has been very instrumental in many of our improvements in the Waianae community.

The Senate reconvened at 11:48 o'clock a.m.

ORDER OF THE DAY

ADVISE AND CONSENT

Stand. Com. Rep. No. 956 (Gov. Msg. No. 140):

Senator Menor moved that Stand. Com. Rep. No. 956 be received and placed on file, seconded by Senator Levin and carried.

Senator Menor then moved that the Senate advise and consent to the nomination of Steven H. Levinson as Eighth Judge, Circuit Court of the First Court, for a term of ten years, in accordance with the provisions of Article VI, Section 3, of the Hawaii State Constitution, and in accordance with Gov. Msg. No. 140, seconded by Senator Levin:

Senator Menor rose to speak in favor of Gov. Msg. 140:

"Mr. President, your Committee on Judiciary recommends that the Senate consent to the appointment of Mr. Steven Levinson to a 10-year term as Eighth Judge of the First Circuit Court. Mr. Levinson has been a member of the Hawaii Bar since 1972 and his practice is in the areas of criminal defense, personal injury law and business litigation. He is presently a partner of the law firm of Damon Key Bocken Leong and Kupchak.

"At the confirmation hearing held by the Judiciary Committee last week, the Attorney General, the president of the Hawaii Bar Association and a number of prominent attorneys testified in favor of Mr. Levinson's confirmation. The committee was impressed by the fact that attorneys who have been Mr. Levinson's adversaries in court took the time to support him at the hearing. Mr. Levinson discussed his qualifications and philosophy with the committee at length, and demonstrated an excellent understanding of legal principles, the role of the law, but, most importantly, that the judge must temper the law with compassion and sensitivity to the people who appear in his courtroom. The committee conducted its own inquiries into Mr. Levinson's background and found nothing that would prevent him from being an able circuit court judge.

"I believe that Mr. Levinson's nomination speaks well of the work of the Judicial Selection Commission and would recommend his confirmation without any qualification.

"I would also like to share with this body the fact that last week, several days before our confirmation hearing, Mr. Levinson made a personal visit to my office to discuss his judicial appointment and, at that time, was a bit late in showing up for his appointment. Being the individual that he is, he humbly apologized. But, most importantly, he also made a commitment to me that the attorneys who are also members of this body, if they were ever to be late to his courtroom for the first time that he would especially exercise a great degree of compassion and sensitivity before imposing any sanction against anyone of us.

"So, on behalf of the attorneys who are also members of this distinguished body, I strongly recommend confirmation of the nomination of Mr. Levinson to the judgeship of the First Circuit Court. Thank you."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Cobb, Chang)

Senator Menor, at this time, introduced the distinguished Judge of the First Circuit, Mr. Steven H. Levinson along with his wife Lynn and his daughter Jennifer. His son Josh was unable to attend.

Senator Yamasaki, chairman of the Committee on Ways and Means, then requested a waiver of the 48-hour Notice of a Public Hearing for the subjects listed on the agenda of the Senate Ways and Means Committee's hearing notice for Friday, March 24, 1989, and the President granted the waiver.

Senator Crozier rose on a point of personal privilege and said:

"Mr. President, I think this may be the final chapter in the saga of the 'right-to-first-refusal.'

"A few days ago, the Advertiser wrote an article that was inaccurate and I made the comment, after Senator McMurdo mentioned that it was the high point in the Advertiser's day, and I talked about highs and lows, in the long run it becomes average. Her remarks was the high day, and the next two following days for the Advertiser were low days. So, somehow in the course of history they have to be seen in the average. Today, they chose to do something to put them back on the highest standards possible, and that is, to understand that they made a mistake and to apologize to me and to the public for their inaccurate statements.

"I would like to read from the editorial in this morning's newspaper:

'... Advertiser Editor Gerry Keir said yesterday "there's no question we goofed, first in a story, and then in the editorial cartoon based on the erroneous assumption that the story was correct.

Editorially, we don't necessarily agree with Senator Crozier on the issue, but that's no excuse for getting our facts wrong. We owe him an apology, and our readers a clearer explanation of what's at stake."

"So, Mr. President, I appreciate the remarks and I accept their apology.

"I would just like to also refer back to a comment that was made yesterday about the hurricane and the gnat and how if the gnat expresses itself in a hurricane chances are that it will never be heard. I've come to realize that if the gnat is sitting on an earlobe and if it does express itself it will be heard by the owner of the ear.

"Thank you very much, Mr. President; thank you very much Gerry Keir and the Advertiser."

ADJOURNMENT

At 11:58 o'clock a.m., on motion by Senator Blair, seconded by Senator Reed and carried, the Senate adjourned until 11:30 o'clock a.m., Tuesday, March 28, 1989.

FORTY-FIRST DAY

Tuesday, March 28, 1989

The Senate of the Fifteenth Legislature of the State of Hawaii, Regular Session of 1989, convened at 11:38 o'clock a.m. with the Vice President in the Chair.

The Divine Blessing was invoked by the Reverend John Moody of the Inter-Faith Ministry of Honolulu, after which the Roll was called showing all Senators present with the exception of Senators Cobb and McMurdo who were excused.

The President announced that he had read and approved the Journal of the Fortieth Day.

The following introductions were then made to the members of the Senate:

Senator Crozier introduced Ms. Denise Liu and Ms. C.J. Leong, staff members of the House Finance Committee.

Senator Tungpalan, on behalf of Senators Crozier, Menor and herself, introduced Mr. Andy Yamada, recreation director of the Waipahu Recreation Center, together with senior citizens: Mrs. Mary and Mr. Tony Moreno, Mrs. Mae Okada, Mrs. Doris Kurashima, Mrs. Florence Jang, Mrs. Lillian Fisher, Mrs. Betsy and Mr. Yutaka Watanabe and Mr. Salud Vidal.

Senator Chang introduced a group of 20 senate members of the 40th Youth Legislature of the YMCA of Honolulu who were seated in the gallery.

Senator Chang said, "For the last five days, the YMCA of Honolulu has conducted the 40th YMCA Youth Legislature. The youth legislature has accomplished in approximately 20 chamber hours what the state Legislature is expected to do in 60 days.

"With us on the chamber floor today are the leaders and officers of the Youth Legislature. Those leaders and officers have served with distinction and have maintained the decorum in the legislative process, hearing all of the bills proposed. The following leaders and officers are to be congratulated by us this morning: Youth Governor Kepano Kekuewa (senior, Konawaena High School); Senate President Robert Seto (senior, Kalani High School); Senate Attorney Nathan Hering (senior, Kamehameha Schools); Senate Clerk Kendall Matsuyoshi (junior, Maryknoll High School); Senate Chaplain Zack Smith (junior, Punahou School); and Senate Sergeant-at-Arms Val Espania (junior, Punahou School)."

All of the members of the 40th Youth Legislature rose to be recognized.

Senator Ikeda then made the following introduction:

"Mr. President, it is a distinct pleasure this morning to introduce to this honorable body a very special person. We have with us Dean David Bess of the University of Hawaii School of Business.

"Dean Bess has been instrumental in establishing 45 different international business courses emphasizing Asia and the Pacific in the College of Business Administration at the University of Hawaii at Manoa. He was responsible for getting various exchange study programs abroad, established in such countries as Japan, China and other places in Asia. He was honored by his colleagues in San Diego with the distinction of being named International Dean of the Year by the fellows of

the Academy of International Business, an organization of about 45 senior scholars world-wide in the field of international business.

"Mr. President, fellow Senators, it gives me great pleasure to present to this honorable body, Dean David Bess."

The honoree, seated on the floor of the Senate, rose to be recognized and was presented the congratulatory Senate certificate and lei.

Dean Bess was accompanied by his family: Lindy, his wife; Tammy and Cindy, his daughters; Dr. and Mrs. Henry Bess, his parents; and Mr. and Mrs. Dick Lyday, parents of Lindy Bess. All rose to be recognized and were presented leis by various Senators.

Senator Ikeda also introduced Ms. Karen Kaizuka from San Luis Obispo, California, and Ms. Carol Nakamura of Honolulu, University High School classmates of Dean Bess and Senator Ikeda, and members of the Dean's staff who were seated in the gallery.

Senator Chang then added: "Mr. President, I was aware of the Dean's recognition by his peers and had intended to introduce and congratulate him on the floor of the Senate because it was through his kind discretion that I was permitted to participate and complete my program at the College of Business Administration at the University of Hawaii. However, in recognition of his long affiliation with Senator Ikeda I demurred to her initiative; she has kindly permitted me to participate in recognizing Dean Bess today. Thank you, Dean Bess."

Senator Levin then made the following introduction:

"Mr. President, this honorable body on occasion has the opportunity to recognize outstanding achievements by our fellow citizens. We've honored beauty queens and financiers, low-profile community volunteers and high-profile celebrities. Once in a great while, we get to honor people who have done something so outstanding, who have touched us so deeply, that the only term that properly fits them is 'hero.'

"Today, I have the great pleasure to not only introduce one great American hero, but five and one in particular is not only a great American hero, but has strong family ties to Kona in the First District on the Big Island.

"It is a combination of circumstance, training, experience, and courage that makes a hero. One such combination occurred on February 24th of this year. The fuselage of United Flight 811 ruptured. The crippled plane was 20 minutes out of Honolulu, 22,000 feet above the Pacific Ocean, two of its engines were out, and one wing was damaged, nine passengers were already lost, and 346 more were apparently about to die.

"In the cockpit were Captain David Cronin, First Officer Al Slader, and Second Officer Mark Thomas; in the cabin were sixteen flight attendants. What went through their minds, how they faced their confrontation with tragedy, I do not know. But the world knows the dramatic results. According to one passenger, who called to pay homage to Captain Cronin on the Larry King Show, the landing back in Honolulu was so smooth that the passengers did not even know they were on the ground and 346 lives were saved.

"For carrying out your duty in the face of such a dire emergency, when you held the lives of so many people in

your hands, and you saved those lives against great odds, we honor you as true heroes. We hope that we might be half as brave, when we face our own little crises."

Captain David Cronin, First Officer Al Slader and Second Officer Mark Thomas rose to be recognized and were presented the Senate certificate of recognition and leis.

Senator Levin continued: "Sixteen flight attendants were also on United Flight 811, and all were based in Honolulu. They deserve as much recognition as the cockpit crew itself, and we are delighted that two of those attendants could join us today.

"On behalf of Senator Ikeda, please let me introduce Ms. Mae Sapolu. On behalf of Senator Holt, I would like to recognize Ms. Tina Blundy."

The young ladies also rose to be recognized and were presented with leis.

At 11:54 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:02 o'clock p.m.

At this time, Senator Holt rose on a point of personal privilege as follows:

"Mr. President, I am in receipt of a correspondence from a journalist through a travel agent in Germany who is pretty aware of what the state is doing in promoting Hawaii over there and this letter speaks of a brochure that was produced by HVB, some 30,000 copies of it, with state dollars, obviously.

"This letter is dated February 24th and this person indicates (the brochures) had not been distributed. The brochure was produced last year and the calendar of events which promotes Hawaii starts in September of 1988 and here we are in February and the brochure was still just sitting in a warehouse in Germany. Apparently, the information had gotten to a journalist in Germany that the brochure was still sitting in a warehouse. This travel agent got to our people in HVB and told them about the brochure still sitting there and the HVB marketing director said he talked to our DBED people and they said it was just doing well and how well they were using it. What happened was that the journalist wrote this article, I asked for it, and I want to share it with you. It is written in German and I cannot translate it so I sent it up to the University of Hawaii at Manoa and Dr. Niklaus Schweizer, professor of German, did the translation for me.

"The title of the article was, basically, Hawaii's best hidden secret and the article is titled, 'He Kukini' is Stewing in the Warehouse.' It reads:

'The travel agencies would lick their fingers, for the brochure of the Hawaii Visitors' Bureau written in the German language contains fabulous information which would be splendid in order to advise people by computer. Using the format of a newspaper, the Hawaiians, having recognized the importance of the German market for their archipelago, immediately in the wake of the ITB have produced a publication in German. Twelve colorful pages of the dimensions of a newspaper offer information on the individual islands, history, suggestions concerning clothing and souvenirs, and a comprehensive calendar of events taking place from April until September. The edition of 31,000 copies is stewing in the warehouse of the USTTA agency, however, and nobody has heard anything about it. Too bad.'

"I just wanted to share that information with you as our Ways and Means Committee proceeds with budget negotiations."

At 11:51 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:19 o'clock p.m.

Senator Matsuura rose on a point of personal privilege and said:

"Mr. President, I rise to speak on a point of personal privilege.

"There was an article in this morning's Honolulu Advertiser, 'Senate puts HawTel service plan for deaf on hold.' What I want to explain is that, I am not criticizing the article in terms of its accuracy, I think the article clearly explains what the chairman did. But, I think what the article failed to explain is why the chairman did that, and this is why I want to take the time to explain.

"First, let me explain what this hearing-impaired service is about. What it does is, when a hearing-impaired person makes a phone call, or calls in to the telephone company where there will be an operator, that hearing impaired person would type a message on an equipment which will be then read on a monitor at the telephone company. The telephone company then takes

the message, calls the person and whatever the voice transmission shows, she will type the message on the monitor again and relay it back to the hearing-impaired. This is how they get to communicate.

"Up to this point or since 1981, the tax payers have been paying for this service. It is provided gratis for the hearing-impaired people. There is a proviso we passed, whereby HawTel is to have the sole responsibility of initiating this hearing-impaired service. What this does is that when the provider such as GTE takes over the service, the subscribers, not the tax payer, will now have to pay for this service. It will be charged as a surcharge, and the subscriber will pay for this service.

"Now, I want to explain what we have done. The Senate version gives the (public utilities) commission an opportunity to investigate other providers. If GTE is coming up with a rate that is too high, with this provision there would be some control. The Senate version reads: 'The commission may investigate the availability of experienced providers of relay services for the deaf and hearing-impaired.' And that is not 'shall,' it is a 'may'; it is something in which the commission may do. If this proviso was not inserted, and if GTE comes up with a very high figure, the users must accept GTE's amount, whatever the amount maybe.

"The second thing about this Senate version is that we have inserted that the commission (the Public Utilities Commission) 'shall establish the special needs advisory committee to advise the commission of special communication needs for the deaf and hearing-impaired and to make recommendations concerning program improvement, including the distribution of telecommunication devices for the deaf.'

"The reason why we have this provision is that this advisory concept has worked. It has worked in other states very effectively; this is why we want to put it in. The service being provided to the hearing-impaired in Hawaii today is totally inadequate. So, whenever a new provider comes in, we want to make sure that the service is going to be equal to what is being provided the hearing-impaired in the other states; in other words, unlimited calls and unlimited time on the telephone.

"Now, the third thing that we put into the Senate version is that we want to line in and indicate the surcharge. The bill reads 'Such surcharge shall be separately identified on the customer's bill as "special needs communications funds." The hearing-impaired are not the only ones that are going to need this kind of service. There will be others coming forth later. We want to put a line item on your bill, the telephone bill, so that at least every subscriber will know how much this thing is costing him, and there will be some accountability.

"Lastly, because I want the hearing-impaired population to know that we want the best service for them, and because the subscribers are going to pay for this, we have to make sure the cost is realistic and should be at the lowest cost possible.

"We also provide within the Senate version enough funds to at least be the first state in the Union to provide interstate and international calls proviso into this service.

I wanted to clarify this article to say that the Senate in no way wants to limit the kind of service that is going to be offered the hearing-impaired. In fact, we want to go one step further in being the first to let the hearing-impaired communicate with people in other states and to make international calls. We want them to have unlimited number of phone calls. On the other hand, I

think that we have to also be responsible so that the cost element will not go out of control. This Senate version provides that control, that monitoring, so that this will be a fair service provided to the hearing-impaired and at least the public won't complain.

"Thank you Mr. President.

Senator Yamasaki, chairman of the Committee on Ways and Means, then requested a waiver of the 48-hour Notice of a Decision-Making Hearing for the subjects listed on the agenda of the Senate Ways and Means Committee's hearing notice for Friday, March 31, 1989, and the President granted the waiver.

At 12:22 o'clock p.m., on motion by Senator Blair, seconded by Senator George and carried, the Senate stood in recess until 8:00 o'clock p.m., this evening.

By unanimous consent, action on Stand. Com. Rep. No. 1312 and H.B. No. 1717, entitled: "A BILL FOR AN ACT RELATING TO THE JUDICIARY," was deferred until Monday, April 10, 1989.

H.B. No. 205, H.D. 1, S.D. 1:

Senator Yamasaki moved that H.B. No. 205, H.D. 1, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator A. Kobayashi.

Senator B. Kobayashi rose to speak in support of the measure and said:

"Mr. President, I rise to speak in favor of the bill.

"I'd like to point out that the education budget (S.D. 1) is \$28.1 million better-funded in education than the comparable House budget. And it is not just a matter of

having more dollars in the Senate budget that distinguishes it from the House budget. It's partly a matter of how that money will be spent.

"Built into the budget are means by which local level decisions can be made on spending priorities. That is, there are a number of large-dollar items in which monies will be allocated to the specific schools and the schools themselves will decide whether the money will be spent for one purpose or another. Let me give you a few examples. The Senate budget includes \$2.4 million for textbooks and instructional materials. This is an item not in the Governor's budget and not in the House budget. The monies will be allocated to the schools and the individual schools will be able to decide whether they buy science textbooks or English textbooks or social studies textbooks, or any other instructional material. That will be a school-based decision.

"Further, there is approximately \$6.3 million for core learning. Core learning will provide additional teachers on the secondary level and will have the effect of decreasing class size. For this item, the schools will be able to decide whether they want additional off-ratio teachers in any particular area and assign the teachers accordingly; to math, if that's their decision, or English, if that is their decision.

"Additionally, there is a very large increase for the school priority fund. Currently, school priority fund is pegged at \$17 per student. The Senate proposal virtually triples that to \$50 per student. The school priority fund, as you know, allows the individual schools to take a lump sum of money -- in this case \$50 per student -- for any school priority which is of course decided on by that school. Should a school decide to buy a microcomputer, that is their decision. Further, they can decide to buy textbooks or art supplies or sports equipment for their athletic teams or whatever. That becomes their decision.

"In addition, the Senate budget includes \$1.5 million per year for a total of \$3 million for the biennium for discretionary support personnel. There is no designation in the budget as to whether these monies are to be spent for library assistants, curriculum coordinators, counselors, school clerks, or whatever, although all of these above positions were requested by one or another individual. Rather in this case, these monies will be distributed to the district level and the district level will then prioritize the various school needs in the district, and then redistribute money down to the school level.

"So, as you can see, the money hopefully will be spent sensibly by people who know best what will produce the best results. Money will hopefully go further and bring better educational results in the classroom and at the student level where, of course, it really counts.

"In addition to these items being spent at the local level, I should note that these items are very basic, non-controversial, and I think generally agreed to be of educational merit. These items are not fanciful, theoretical, exotic items which may or may not have any proven results in the classroom or with students. So, hopefully, we will have with this built-in flexibility greater results for our dollar with decisions made at the school level.

"Please note that these fundings are separate and apart from the school-based management program. They will certainly fit into the spirit of school-based management and for those 30-odd schools that are fortunate enough to become designated school-based management schools, these monies will have additional flexibilities which will enable these schools to best assert themselves in developing their own school-level priorities.

"I should note that the budget also includes a number of items which will have a major effect on a very large problem area. And, that is, our so-called special needs schools. Special needs schools are sometimes called 'at risk' schools, schools which for a variety of reasons are not doing as well as they should. These schools have a very difficult time improving because under our current system they are treated just as any other school and not given any additional resources.

"There is in the budget \$4.2 million, the amount the Governor requested for special needs schools. These funds will be distributed to approximately ten schools during the first year on a half-year basis and then during the second year of the biennium on a full-year basis. These monies will provide individual schools with the mechanism to, shall we say, pick themselves up by their bootstrap to leave the current problems that they have behind and reach new plateaus of excellence. In support of special needs schools, there are funds for after-school instruction, which are intended largely for 'at risk' students.

"Another item which was added late in the Ways and Means process was \$3.2 million for microcomputers. Microcomputers, as you know, won't solve all of our problems, but many of our schools have been using their discretionary school priority funds for this purpose, and also conducting school fund-raising campaigns which go to augment their meager supply of microcomputers. So the \$3.2 million for microcomputers I think will be a welcome addition to the school budget.

"In all, I think we have the basis for not only improved learning but, hopefully, improved learning which motivate or empower the local schools to take hold of their own destinies, assert themselves, become more energetic, have an opportunity to display their own initiatives on their problems as they see it. So, I'd like to thank the Ways and Means chairman and members of Ways and Means for their support of the budget, and I urge support for this bill."

Senator Solomon also supported the measure and remarked:

"Mr. President, I too speak in support of the budget bill.

"Mr. President, I would just like to make a few remarks on the Higher Education budget. As you here well know, my fellow colleagues, my committee, has been interested in looking at the autonomy issues for the University of Hawaii at Hilo.

"A bill was passed out of your Committee on Higher Education recommending autonomy, to create a separate entity which would be a Hawaii State University and this would involve the Hilo campus. As you well know, the bill was held in the Ways and Means Committee.

"A second attempt to bring the issue to the floor for our consideration is a bill that had recommended a master plan funding for the new West Oahu College. We had requested that it would also include consideration to create a separate president for the University of Hawaii at Hilo; thereby, be able to give the University of Hawaii at Hilo some autonomy in terms of fiscal control and programming. That, Mr. President, was held in the Ways and Means Committee.

"However, Mr. President, I think that we have made tremendous progress in that we included an item in the budget that would not only allow for the West Oahu campus planning dollars, but also encourage the Board of Regents to come up with a master plan on the governance

relationships among the community college system, the University of Hawaii at Manoa, the University of Hawaii at Hilo, and the new West Oahu Campus.

"Mr. President, I cannot state this with any more determination than I have in the past that it is in my opinion as your committee chairman in Higher Education that Manoa is definitely moving away from undergraduate education. We can see it in the budget appropriations and I cannot encourage the Board of Regents more to take this into serious consideration and come up with a recommendations so we here at the Legislature can deal with this problem. We definitely have an obligation to take care of the needs of the undergraduates to provide them with an intensive four-year academic program.

"In conjunction with this, your committee will be holding a joint committee hearing with the House and we will be briefed by Dr. Ernest Boyer who was hired by the Board of Regents to report back on a Senate Resolution that was passed pertaining to the possibility of giving autonomy to the community colleges.

"Again, Mr. President, I must admit that I am not completely satisfied. However, I'm happy that at least we do have a budget appropriation and we can perhaps encourage the Board of Regents through resolution, to seriously look at the governance question regarding the University of Hawaii in Hilo."

Senator McCartney also spoke in support of the measure and said:

"Mr. President, this being my first vote ever on the budget, I'd like to rise and speak in favor of the budget, and I'd like to echo the words of our Senate Education chairman that it is very good budget.

"You know, for years the education community has struggled and struggled to get funding to put programs into place. Because of constraints in funding we weren't able to do some of the things that we should have done, and this budget reflects the commitment to education; a commitment to our children; a commitment to our future.

"I'm very proud to have participated in this budget in the Ways and Means Committee and I'd like to commend our chairman of the Ways and Means Committee for taking a bold position on education and not being afraid to spend the money on educational reform because it does take money to reform an educational system and there are a lot programs that are needed there. I commend the chairman and the committee. Thank you for allowing me to participate in the process."

Senator Yamasaki, chairman of the Committee Ways and Means, then said:

"Mr. President, I rise to speak in favor of House Bill 205, Relating to the State Budget.

"Mr. President, the State of Hawaii is experiencing an unprecedented growth with a huge surplus at this moment. The general outlook, according to the Council on Revenues, appears to be looking good, and economists also have painted a similar positive picture.

"However, our real concern should be whether this growth can be sustained over the six-year planning period of our state budget, including reduction of federal funds, and, therefore, it will be prudent for us to bear in mind that when we approve expenditures the health and welfare of this state, including our children, must be given additional support to improve the quality of life of our residents. With this in mind, expenditures in the budget

takes into consideration the broader social and economic needs of our residents.

"This budget provides for adequate funds to improve our programs in education, both lower and higher education, which has been given top priority. Health care for infants and toddlers - to give them a healthy start by an increase in programs administered by the Department of Health and also programs for the elderly and our needy.

"In lieu of the transfer of sin taxes to the counties, funds have not been provided to the counties to meet their needs through grants-in-aid programs.

"Overall, Mr. President, the budget provides for the bottom line of our efforts to improve the quality of life of the people of this state and the beginning of a new future for our children. I ask, Mr. President, that a unanimous vote be cast by this body.

"Mr. President, at this time, I would like to note a correction that is necessary to be inserted in the Journal because there are some pages that have been duplicated and some pages that have been omitted.

"First, pages 87 to 96 duplicates pages 77 to 86, and should be deleted. Also, page 100 ends with Section 66, and page 101 begins with Section 85, the missing pages have been identified and I have a copy of the additional pages that should be inserted which covers Section 67 to Section 84. These pages will be provided to the Journal Clerk. These corrections will be transmitted to the House for consideration in conference.

"Last, but not least, I would like to thank the staff and also the subject matter committees for their cooperation in assisting in the development of the budget process. Thank you very much, Mr. President."

(END NOTE)

Senator Holt then added his remarks in support of the bill and said:

"Just very briefly, I know we've had a long day, to share with you my support for this budget.

"We probably will get a lot of phone calls in the next few days on some of the recommendations but basically the Senate is adamant to continue to fund the Hawaii Visitors Bureau directly for advertising, marketing and promotional activities and we have reflected that in our budget recommendations.

"However, you will find that there is a recommendation to have the Hawaii Visitors Bureau generate more

revenues for their own administration, and that is primarily because from the contracts and information that we have before us and in Ways and Means is that of an administration budget of about \$4 million, currently, they are only putting forth \$130,000 for administration, about 3 percent.

"So, with that I'd just like to express my support for the recommendations of Ways and Means as we head into conference."

ADJOURNMENT

At 2:16 o'clock p.m., on motion by Senator Blair, seconded by Senator Reed and carried, the Senate adjourned until 11:30 o'clock a.m., Tuesday, April 4, 1989.

FORTY-SIXTH DAY

Tuesday, April 4, 1989

The Senate of the Fifteenth Legislature of the State of Hawaii, Regular Session of 1989, convened at 11:38 o'clock a.m. with the President in the Chair.

The Divine Blessing was invoked by Lt. Dayne Nix from the Office of the Chaplain, Naval Submarine Base, after which the Roll was called showing all Senators present with the exception of Senators Aki and Cobb who were excused.

The President announced that he had read and approved the Journal of the Forty-Fifth Day.

The following introductions were made to the members of the Senate:

Senator Tungpalan introduced Dr. W. Donald Duckworth, administrator of Bishop Museum and said: "Dr. Duckworth has added prestige to the museum and has aided in expanding the program of the museum to involve the residents of Hawaii on 'Family Sundays.' It is with pleasure that we recognize him at this time when we are celebrating the 100th anniversary of the founding of the Bernice Pauahi Bishop Museum. Dr. Duckworth is accompanied by his wife, Sandra, Mr. Philip Ching, vice president of the museum board, Mr. Kenneth Brown, chairman of the board, and Mr. John Dominis Holt, member of the board and cousin to Senator Holt."

Senator Levin then added:

"Thanks to Senator Tungpalan for allowing me to participate in this presentation. Each of us was a former Culture and the Arts chair in the House and with that background I was particularly interested in assisting today. Senator Tungpalan has already indicated that Bishop Museum is celebrating its 100th anniversary and in that regard we would like to present a Senate certificate not only to Dr. Duckworth but to Bishop Museum congratulating it and thanking it for the services it has performed to the State of Hawaii over these many years."

The honoree and his group rose to be recognized and were presented the congratulatory Senate certificate and leis.

Senator Solomon introduced Pastor Mealii Kalama of Kawaihau Church and said: "Mr. President, this is kind of a personal introduction because, believe it or not, when I was eight years old my mother sent me to Kawaihau Church to learn how to quilt and Pastor Kalama was my 'kumu'. (That means teacher in Hawaiian). I don't think that I was really recognized at that young age for my quilting capability but I must admit that under Pastor Kalama's direction, she taught me the discipline as well as what it takes to put together a beautiful Hawaiian 'kapa.' Incidentally, it is the same discipline that I use when I create my pieces of legislation.

"Pastor Kalama was recognized in the Senate of the United States as the 1985 Master Traditional Artist by the National Heritage Fellowship of the National Endowment for the Arts. Pastor Kalama is a lay pastor and for fourteen years has been encouraging and empowering members and friends in to the faith of God. Pastor Kalama not only is noted for her quilting skills, but also has perpetuated the Hawaiian language by teaching Bible classes in Hawaiian, teaching individuals and groups the Hawaiian interpretation and translation, and offering the meditation in Hawaiian language at the church."

"Pastor Kalama's quilts will be on display at the Smithsonian Institute in Washington, D.C., in June, and the Japanese Government will also have them on display for seven months in Japan."

Pastor Kalama rose to be recognized and was presented the Senate certificate of recognition and a lei.

Senator Crozier then introduced a group of "Friends of the Bishop Museum" who were seated in the gallery.

Senator Matsuura introduced Rashida Harris from Hong Kong, Linda Heindman from Minnesota, and Yolanda Alanez from Texas, who are with the Naval Reserve Training Center in Pearl Harbor, accompanied by his aide Ms. McKenzie.

Senator Fernandes Salling then made the following introduction:

"Mr. President, it gives me great honor to introduce to this body Mr. Walter 'Freckles' Smith Jr., much better known as 'Freckles' on Kauai. He is presently the president of Smith's Motorboat Service operating on the Wailua River. 'Freckles' was recently selected as Hawaii's Small Business Person of the Year for 1988. He has continued to successfully diversify and expand Smith's Motorboat Service by drawing upon values taught him by his father Walter Sr. and his mother Emily who is also with us here today. They started the business over 42 years ago.

"Walter has staged numerous promotional activities throughout the world to the great mutual benefit of the State of Hawaii, the Island of Kauai and Smith's Motorboat Service ... I would like this body to recognize Walter 'Freckles' Smith Jr. He is accompanied by his wife Moki, his mother Emily Smith, Mr. Whitney Smith, and his son Walter Smith III."

The honoree and his family rose to be recognized and were presented the congratulatory Senate certificate and leis.

Senator Fernandes Salling also introduced the following:

"Mr. President, I'm pleased to introduce and recognize, on this Senate floor, Mr. Richard Maeda. Richard was just recognized for being Kauai's Small Business Person of the Year for 1988.

"Richard is the president of Kauai Builders Ltd., a general contracting business which specializes in masonry and concrete work on the Island of Kauai ... His impressive list of achievements include his serving as past director of the Kauai General Contractors Association and a former director of the Kauai Chamber of Commerce. Richard is currently director of the Construction Industry Legislative Organization (CILO). He also serves on the Kauai Liquor Commission. Mr. Maeda is accompanied by his wife Yukie, and his daughter Sandy."

The honoree and his family rose to be recognized and were presented the congratulatory Senate certificate and leis.

At 11:53 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:00 o'clock p.m.

The Divine Blessing was invoked by the Reverend Larry Kositsin, Seventh-Day Adventist Church, Kailua, after which the Roll was called showing all Senators present with the exception of Senators Chang and Cobb who were excused.

Senator Solomon noted that they are here on an invitation from the Korean Studies Center of the University of Hawaii and will also be visiting Harvard University, Columbia University and the University of Southern California.

The gentlemen and lady, who were seated on the floor of the Senate, rose to be recognized.

Senator Matsuura then introduced Mrs. Jean King, former lieutenant governor of Hawaii and former member of the state Senate and House of Representatives, who was seated in the gallery.

Senator Crozier, on behalf of the Big Island Senators, introduced Witte Akana and said, "He is a very close friend who is like a brother to me. Witte is the son of Mayor Bernard Akana."

Senator Menor introduced his student "shadow" Andrew Lee from Wheeler Intermediate School, son of Representative Sam Lee.

Senator B. Kobayashi then introduced Mr. Bruce Carlson, director of Waikiki Aquarium, and said:

"Mr. President, it gives me great pleasure to introduce an individual and an organization, the Waikiki Aquarium, which is celebrating its 85th anniversary. The aquarium first opened its doors in 1904 and has gained a world-wide reputation for its exhibits and for educational excellence and service to the community. It has provided an opportunity for millions of local residents and visitors to see the wonders of the undersea world in a natural setting.

"The Waikiki Aquarium has more than 250 species of marine life on display and is the focal point of information and learning for school children and adults alike. Currently, the Waikiki Aquarium ranks 8th amongst Hawaii's visitor attractions with over 350 thousand visitors annually and more than 35 thousand students each year participate in the aquarium's education programs.

"On Saturday, April 8th, the Waikiki Aquarium is celebrating its 85th anniversary with a special birthday party which features activities especially designed for young children ages 2 to 10. Adults are also invited to attend."

Mr. Carlson, present on the Senate floor, rose to be recognized and was presented the congratulatory Senate certificate and lei.

Senator Ikeda introduced Lei Mamo Howell as follows:

"Mr. President, it is my distinct pleasure to introduce, on behalf of the Women's Caucus, a woman who has achieved success in all aspects of her life. She is wife, mother, grandmother, as well as a successful entrepreneur. Lei Mamo Howell began her career as an entertainer and then as a model in Europe for top international couturiers like Dior and Estevez. She returned to Hawaii and continued modeling for local establishments, most notably Carol and Mary.

"Mamo began her manufacturing business by designing and marketing a baby blanket and for three years this was the sole product of her one-woman company. Wanting to expand her business Mamo decided to make larger blankets or kihei pili. Mamo's grandmother and mother were quilters so Mamo decided to incorporate the designs of Hawaiian quilt into textile art. The result was a distinctive look. Excited about finally creating something new and unique, Mamo set out to market her new blanket. Unfortunately, no one was very receptive to this new product. She had invested quite a bit of money into the print screens and out of desperation to get some kind of return in her investment Mamo made women's dresses. She started with just two styles and two prints. Again, the reception from store buyers was cool. Mamo persevered and continued to make sales calls to almost every store in Hawaii and finally a few stores did finally buy some of her things. Thus began her manufacturing and extensive designing career.

"Mr. President, as you know, on Aloha Friday you see many of her designs in beautiful colored muumuus on the floor of the chambers.

"The Department of Business and Economic Development annually recognizes Hawaii's garment industry. This year Mamo Howell's firm has been selected to receive the award for the company which has contributed the most to the local fashion market.

"Mr. President, fellow colleagues, it gives me great pleasure to introduce this extraordinary woman this morning, Lei Mamo Howell."

The honoree rose to be recognized and was presented the congratulatory Senate certificate and lei.

At 11:58 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:03 o'clock p.m.

"Mr. President, there is a very brief editorial in this morning's Advertiser that I'd like to share, both because it is so rare that I agree with the positions taken by those who earn a living writing for the editorial staff of the Advertiser, and, also, because it addresses an issue that I believe deserves some serious policy discussion by this body in the future, perhaps next year. So I'll just read this editorial.

"It's entitled 'Fund-raising season... It's no coincidence that many state legislators hold fund-raisers when the session is nearing its end and lobbyists and others are most eager to get their bills passed.

'Talk about a captive audience, these are captive donors. And the system again favors incumbents.

'The Legislature should pass a bill banning fund-raisers during its sessions. But don't bet on it.'

"Thank you."

Senator Matsuura rose on a point of personal privilege and said:

"Mr. President, the reason I'm standing today is that I wanted to mention, especially to the chairman of Ways and Means, that if you read in the paper today, Texas A&M did reproduce the same effect that the Utah University scientists did in cold fusion.

"Why am I mentioning this and what's relevant has to do with the purchase of Palmyra Island. Palmyra Island has approximately 15 to 20 billion dollars worth of manganese crust and manganese nodules in the island in the EEZ. One of the components in the manganese crust is a rare metal called palladium. I can assure you that if this cold fusion experiment has been really reconfirmed, palladium someday is going to be in very great demand. There are three places where the manganese crust are found. One is around the Big Island; another is around Johnston Island and the third deposit is around Palmyra. I just want you to know that Palmyra is for sale and the owners want to sell the Island to the State of Hawaii. Thank you very much."

Senator Blair then posed a question:

"Mr. President, on that point I'm wondering if the previous speaker would yield to a question?"

The Chair posed the question and Senator Matsuura having answered in the affirmative Senator Blair asked:

"Are you suggesting that we transfer geothermal funds to the purchase of Palmyra Islands?(Laughter)"

Senator Matsuura answered:

"Well, geothermal is imminent. I think it is going to take about 12 years to develop a full-sized commercial cold fusion plant. But I can assure you, if you get geothermal and you get that cold fusion plant in Hawaii we won't have the kind of problem they are having in Alaska today. If cold fusion really works, that will be the future of energy, and Palmyra will be one of the key elements. So I say we do both. Thank you."

Senator B. Kobayashi spoke in support of the resolution as follows:

"Mr. President, I'd like to call the members' attention to page 3 of S.C.R. 73, S.D. 1, 'Requesting the Legislative Auditor to Evaluate the Teacher Standards Board as Proposed in Senate Bill 896, Senate Draft 1.'

"The teacher standards board has been an item of concern and controversy, both in the Department of Education and the Hawaii State Teachers Association. It is a situation in which many of our teachers presently teaching in public schools today have certification in areas other than their current area of teaching. At the same time, our schools are such that a variety of courses need be taught. It is sometimes difficult to find in one person the capability of, shall we say, teaching a Spanish language course, teaching a social studies course, and maybe even teaching a health course. Certifications in a multiple of these areas, of course, are difficult to find in any one teacher. This difficulty has led to our current situation in which we oftentimes have uncertified teachers teaching courses ... so we have teachers teaching outside their certification area.

"This bill will attempt to start the process of a sunrise review for a licensure program through a study by the legislative auditor which we will receive sometime prior to the 1990 legislative session. It is the expectation that during the 1990 legislative session, equipped with the auditor's study we will then proceed on with the discussion of the bill, of the merits of a teacher standards board."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1377 was adopted and S.C.R. No. 73, S.D. 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE LEGISLATIVE AUDITOR TO EVALUATE THE TEACHER STANDARDS BOARD PROPOSED IN SENATE BILL NO. 896, SENATE DRAFT 1," was adopted.

Senator Mizuguchi then rose to speak in support of the resolution as follows:

"Mr. President, I rise to speak in favor of S.C.R. No. 107 and S.R. No. 104.

"The legislative auditor's management audit of the Department of Corrections and the latest critical report on the corrections system by consultants Jerry Enomoto and Patrick McManus again underscores the urgency for timely action to bring about immediate corrective action as well as longer-range improvements.

"The Senate Corrections Committee's conclusion is that the existing management of the corrections department cannot devote sufficient time or effort to develop and execute a comprehensive action plan to deal with the system's many problems. The director and his top aides are too bogged down by day-to-day operations and crisis to be able to move ahead quickly and effectively.

"Therefore, the Senate has taken the position that the corrections system needs top management help, and it needs it from someone with the authority and know-how to get things done as proposed in S.C.R. 107 and S.R. 104.

"In the Senate's version of the State budget, we are providing for \$200,000 over the next two years to support the work of a special master who would be appointed by the governor to oversee and expedite improvements to the corrections system. We will ask the House of Representatives to support these resolutions and this key appropriations provision.

"Once the special master is appointed and is given full authority by the governor to make changes, the corrections system will then be in a far better position to undergo improvements."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1384 was adopted and S.C.R. No. 107, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE GOVERNOR TO APPOINT A SPECIAL MASTER FOR THE CORRECTIONS SYSTEM," was adopted.

The Divine Blessing was invoked by Daiva Das, Iskcon Hawaii Inc., after which the Roll was called showing all Senators present with the exception of Senators Cobb, McMurdo and Nakasato who were excused.

The following introductions were then made to the members of the Senate:

Senator Solomon introduced Mr. and Mrs. Piset Buranasombati from Bangkok, Thailand, who were seated in the gallery. Senator Koki then introduced Miss Jancy Kuwasaki who was seated in the gallery and said, "Jancy has been extremely helpful to me in my freshman term here in the Senate. She has been able to direct my attention to important dates, bills and many other things related to my senatorial duties. I really don't know how I would have gotten along without her."

Senator George introduced a group of 5th grade students from Aikahi Elementary School and their teachers, Joyce Trask, Charmen Olkowski and Miss Celina.

Senator Reed then introduced Margaret Miyashiro, "a dear friend from Molokai who many of us see here fairly regularly testifying and lobbying on behalf of the Hawaiian community for health care and other issues important to the Hawaiian people."

Senator Fernandes Salling then made the following introduction:

"Mr. President, today, we have a young man sitting here on the floor that we would like to recognize and his name is Jade Charles.

"Jade is the son of Roberta and William Charles and is a 6th grader at Koloa School on Kauai. Jade was recently awarded first prize for his entry in the Mothers Against Drunk Driving (MADD) national poster-essay

contest. And, as you can see, he's brought a photograph of the poster with him here today.

"Out of a total of 45,000 entrants, nationwide, Jade's entry captured first place in the poster division for grades 4 through 6. On April 4, he and his mother travelled to New York City to attend a special awards presentation commemorating his achievement. Jade is a well-rounded student and he also recently qualified to compete in the state physical fitness competition and because of his creative writing skills he was selected to represent his school in the language arts symposium, both of which were held in Honolulu.

"I'd like the Senate to recognize and honor Jade Charles on winning first prize in this contest and to wish him continued success in his future endeavors."

Jade Charles rose to be recognized and was presented the congratulatory Senate certificate and lei.

At this time, Senator Solomon rose to speak on a point of personal privilege as follows:

"Mr. President, at the request of Senator Richard Wong, I am circulating for the Senators' consideration a testimony that was put together in support of the Native Hawaiian Health Act that is being considered in the United States Senate. I am asking the Senators to please sign in support.

"As you know, Mr. President, the Hawaiians have one of the lowest life expectancy rates in the nation. Major causes of illness and death stem from partially preventable conditions such as heart diseases, cancer, diabetes. Also, infant mortality rates are higher than the national average.

"The Native Hawaiian Health Care Improvement Act report to the 100th Congress, Second Session, documents the health status statistics of the native Hawaiians. I am asking the Hawaii State Senate to endorse the report findings.

"Mr. President, the native Hawaiians represent approximately 19 percent of Hawaii's total population. Their extraordinary cultural values and unique medicinal practices need to be incorporated in the health and social services system which will nurture the strength of their culture while improving their health status.

"The State of Hawaii has developed programs which address community problems which may be a part of the native Hawaiians health and social services needs. For example, Mr. President, presently we are including some of these health practices in our child and maternal health programs available to the general public through the Department of Health. However, as you well know, such programs have limited resources and are unable to devote themselves to the integration of the important cultural needs of the native Hawaiians in service delivery.

"The purpose of this testimony is to support federal appropriations that would help us with these delivery services. So I'm asking all my fellow colleagues if they will take that into consideration as the Sergeant-at-Arms circulates the document for signature."

At 12:04 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:06 o'clock p.m.

At this time, Senator Holt, chairman of the Committee on Tourism, Recreation and Planning, requested a waiver of the 48-hour Notice of a Public Hearing on Gov. Msg. No. 304, and the Chair granted the waiver.

The Chair then made the following observation:

"Members of the Senate, I would like to remind all of you that the deadline to deck concurrent resolutions is tomorrow. They have to be decked and adopted during tomorrow's session. We expect a long session tomorrow."

At 12:08 o'clock p.m., on motion by Senator Blair, seconded by Senator Reed and carried, the Senate adjourned until 11:30 o'clock a.m., Friday, April 14, 1989.

Senator Blair then rose to speak on the resolution as follows:

"Mr. President, I would direct the members' attention to Standing Committee Report No. 1626 (S.C.R. No. 147) and also to Standing Committee Report No. 1509 (S.C.R. No. 137). Two committees have independently come up with the same idea. S.C.R. 147 proposes that we earmark the 4 percent excise tax on health services for institutional and non-institutional long-term care services. S.C.R. 137 recommends that the same monies be earmarked for an insurance program.

"My concern, Mr. President, is not with whether or not we need to provide funds for long-term care services. That's obviously an important consideration in the overall budget. My concern is that when we earmark tax revenues we abdicate our responsibility as a legislature to look at all of the different programs before us and to rank them in their priority on an annual or biennial basis.

"Earmarking revenues is no different than setting up a special fund. If we start doing that for every beneficial purpose, we put ourselves on a slippery slope. Every ostensibly appropriate or needy group could ask us to earmark a certain source of revenue for them. We would very soon find ourselves without the flexibility to react to emerging needs of the community, because everything would be locked in concrete and the legislative prerogative to reassess needs would be lost.

"I think we all ought to be very careful in even asking for this kind of information, because we're raising expectation within the community. We are saying that earmarking is something that the Legislature is seriously looking at and I don't want to see us starting to earmark our sources of revenue to particular programs. The Legislature becomes obsolete, everything happens automatically and the political process becomes frozen in time.

"I urge that we curb our desire to do this sort of thing. It's very bad policy. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1509 was adopted and S.C.R. 137 entitled: "SENATE CONCURRENT RESOLUTION REQUESTING A STUDY ON THE FEASIBILITY OF EARMARKING GENERAL EXCISE TAX REVENUES FOR LONG-TERM CARE," was adopted.

"Mr. President, I rise to speak in favor of S.C.R. No. 145 and S.R. No. 138, resolutions requesting the United States Congress to support the Global Poverty Reduction Act.

"Mr. President, I feel it is important that we send a strong message to Congress that they support this important piece of legislation which will help people in developing countries to eliminate hunger, poverty and illness. With all the riches we have in this country, it is a shame we do not do more to help our fellow human beings all over the world who are less fortunate.

"I introduced this resolution after attending a meeting for an organization called 'RESULTS'. I had just spent the day working hard in the Legislature and debating the issue of whether banks should be allowed to underwrite insurance. Then, I attended this meeting which previewed a film on poverty and starvation in Africa.

"The problems in Africa relating to starvation were primarily due to political selfishness. Apparently, the leaders in that part of the world are more concerned about politics than hunger, and it is unfortunate that the United States is standing and condoning this. So, the meeting really woke me up and made me realize that there are many important things going on in the world, and there is more to being an effective legislator than just worrying about whether banks should be allowed to underwrite insurance.

"I ask my colleagues to unanimously support this legislation so that we can send the message to Congress that the 15th Legislature of the State of Hawaii strongly supports the Global Poverty Reduction Act."

"Mr President, I'd like to speak in favor of S.R. No. 234 and S.C.R. No. 265 with reservations.

"Mr. President, these resolutions ask that the Fifteenth Legislature of the State of Hawaii express support for the City and County of Honolulu's mass transit system's planning program.

"Mr. President, the honorable mayor of the City and County of Honolulu has been working on the mass transit system for the longest time. In the last few years he has taken trips around the world ... his staff, taken them to Canada, to different parts of the Mainland, also even to France. After all that work, the mayor and his administration have not gotten anywhere.

"The community is in an uproar. Every time I go to any function, constituents or people in general ask me 'what's happening in mass transit?' And I constantly have to remind them that it's the mayor's program. The Legislature is waiting for the mayor to present something to us so that we can help him. I am one of the strongest supporters of mass transit. But, the mayor took the lead on this and for the last at least four years he's made no progress. Now, he's coming before us, asking us to support his program.

"Mr. President, I feel very uncomfortable about this because for the older members of the Legislature, I'm sure you folks can remember when the mayor used to say that he didn't want the stadium, no way was he going to build the stadium. Finally, Governor Burns took over and he built the stadium. And once the stadium was built the mayor jumped in and says, 'What the heck is the state doing the stadium for. That's our responsibility.'

"I feel uncomfortable that the good mayor is setting the Legislature up again. He's using the Legislature's train to get his derailed mass transit back on track and move it on down the line.

"Mr. President and members of the Senate, I ask you to be very careful on how the mayor deals with this issue."

FIFTY-FIFTH DAY

Monday, April 17, 1989

The Senate of the Fifteenth Legislature of the State of Hawaii, Regular Session of 1989, convened at 11:40 o'clock a.m. with the Vice President in the Chair.

The Divine Blessing was invoked by the Reverend Franklin Ishida, Prince of Peace Lutheran Church, after which the Roll was called showing all Senators present with the exception of Senators Cobb and Holt who were excused.

The President announced that he had read and approved the Journal of the Fifty-Fourth Day.

The following introductions were then made to the members of the Senate:

Senator George introduced Dr. Marvin J. Anderson as follows:

"This morning, I ask my colleagues to join me in celebrating Marvin J. Anderson Day at Hawaii Loa College. Today we note the achievements of the third president of this 23-year-old liberal arts college on the slopes of the Koolaus.

"We honor the third anniversary of Dr. Anderson's term as president and express our gratitude to a distinguished attorney and educator for his lifelong dedication to learning and for his special contributions to higher education in Hawaii.

"When the University of Hawaii needed an accredited law school, Dr. Anderson took a leave of absence from Hastings College of Law to provide expert guidance as its dean. Under his direction, the William S. Richardson School of Law built a new classroom and library complex and received full accreditation.

"When the University of Hawaii needed a new chancellor, Dr. Anderson was asked to serve. Major organizational changes were made under his guidance and the way was paved for a new administration. Having reached mandatory retirement age, Dr. Anderson proved that what was mandatory was NOT retirement. Yet another institution called him to serve; this time, the East-West Center, where he was special counsel to the president, Dr. Victor Hao Li.

"In 1986, Hawaii Loa College was faced with a financial crisis that threatened its very existence. Despite its outstanding academic quality, its committed faculty and staff and loyal student body, Hawaii Loa's funding was at dangerously low level and the college carried a large debt. Enter Dr. Anderson, who assumed the presidency. Under his leadership Hawaii Loa survived ... accreditation was restored and its major debts have been retired. Today, thanks to the outstanding leadership of Dr. Anderson and a dedicated Board of Trustees, the future of Hawaii Loa looks bright indeed.

"Now, Mr. President, I'd like to introduce our distinguished guests: President of Hawaii Loa College Dr. Marvin J. Anderson; Mrs. Eda Anderson, his wife; Mr. Laurence Vogel, chairman of the board, Hawaii Loa College; Dr. John Fleckles, dean of faculty, Hawaii Loa College; Dr. Adele Mitchell, director of nursing, Hawaii Loa College; Dr. Randall Furushima, dean of students, Hawaii Loa College; and Mr. Dana Marcos, president of Hawaii Loa Student Association."

Dr. Anderson rose to be recognized and was presented the congratulatory Senate certificate and lei; other distinguished guests, also present on the floor of the Senate, rose to be recognized and were presented leis.

Senator George then introduced students (15), faculty (8) and staff (21) who were seated in the gallery with the following trustees of Hawaii Loa College: Mr. Thomas Adams, Mr. Frank C. Atherton II, Mrs. Darline Bjerke, Dr. Frank Butterworth, Mrs. Claire Engle, Mr. Michael Haig, Mr. Robert Hughes, Dr. Teruo Ihara, Mr. Kent Keith, Dr. Seiji Naya, Reverend Taylor Potter, Mr. Myron B. Thompson, Mr. Mikiya Yajima and Mr. August Yee; and recognized Mrs. Claire Engle and Ms. Carol Kotzen, coordinators of the event.

Senator Koki added his remarks as follows:

"Mr. President, I would also like to add to Senator George's comments by mentioning how fortunate the Windward District, as residents, has been to be graced with a notable and accredited four-year liberal arts college. This establishment of 23 years has played a vital role in the development of several Windward residents by allowing them to further pursue their educational goals and benefit from its diverse academic program. Congratulations, Dr. Anderson, for your most outstanding leadership."

Senator McCartney also added his remarks as follows:

"Mr. President, as an alumnus of Hawaii Loa College I would like to offer my congratulations to the college and I would like to thank them for turning my life around. Some of you may have known me in high school; I wasn't doing too well in high school and Hawaii Loa was a place that really taught me how to study and start to work hard. I really appreciate all the hard work of many of the faculty who are sitting up there to get me on the right track in life. Thank you very much; I appreciate it."

Senator McMurdo also added her congratulations to Dr. Anderson and said, "I had two children and one in-law child who graduated from Hawaii Loa College so I have a very warm spot in my heart for Hawaii Loa."

Senator McMurdo then made the following introduction:

"Mr. President, as this time, I would like to honor some people who a year ago came to me at the Legislature to tell me about something they wanted to put in my district. They came with the idea of starting what they called the Hawaii Mental Health Clinic which would offer services to the gap group ... the people that we are concerned about ... because these people sometimes need someone to go to for guidance and they cannot afford the services although they have too much money for the state or the federal government to pay for it. I thought this sounded like a wonderful idea - this really amounts to pro-bono medicine - and we are honoring them this morning because they have now been open for one year.

"I will not read the whole certificate except to say that I think that they are performing an invaluable service. The center functions as an intake and referral service, matching low-income patients seeking mental health services with licensed mental health professionals who volunteer their time. They provide individual psychotherapy, group marital and family treatment.

"The Hawaii Mental Health Center Board of Directors is served by Thomas Merrill, Ph.D., Gary Farkas, Ph.D.,

Herridge Kappenberg, Ph.D., Craig Robinson, Ph.D., Terri Needels, Ph.D., William Tsushima, Ph.D., Jack Annon, Ph.D., Byron Eliashof, M.D., Ronaele Whittington, DWS, and Executive Director Linda Carlson.

"The Hawaii Mental Health Center Board of Directors is represented on the floor of the Senate by Dr. Tom Merrill, Dr. Craig Robinson, Dr. Jack Annon and Ms. Linda Carlson, executive director."

The honorees rose to be recognized and were presented the congratulatory Senate certificate and leis.

Seated in the gallery were two members of Dr. Annon's staff, Val Yoshikane and Connie Brinton, who also rose to be recognized.

Senator B. Kobayashi then introduced Dr. Setsu Furuno as follows:

"Today, we have with us on the floor Dr. Setsu Furuno, an educator and a clinical psychologist, sort of encompassing some of the aspects of the previous presentations.

"Dr. Setsu Furuno was born in Hawaii, educated in Hawaii, went to the University of Hawaii, earned a masters degree in health education from the Columbia University School of Public Health and a doctorate in clinical psychology from New York University.

"Upon returning home from the mainland Dr. Furuno entered the newly-developing field at that time of early intervention services and her leadership in projects such as the federally-funded infant enrichment program for handicapped infants soon placed Hawaii in the vanguard of innovation in this area.

"She has also done work assisting the early childhood Headstart Program, the Kamehameha Schools Early Education Center, the Parent and Child Center; she's authored many seminal works in early intervention and participated in many national and international conferences as well as served as a projects and grants evaluator for the federal government.

"Although she is now retired, Dr. Furuno is currently busy working in several aspects for the State of Hawaii. She is currently the chairman of the Hawaii Early Intervention Coordinating Council appointed by Governor John Waihee in July 1987. She does volunteer work for the Neighborhood Justice Center, the American Civil Liberties Union and is active with the State Planning Council for Developmental Disabilities.

"Hawaii is fortunate to have Dr. Furuno serve its needs for these many years. Her energies, experience, innovation and compassion has been an example to us all.

"Ladies and gentlemen, I would like to introduce our honoree Dr. Setsu Furuno."

Dr. Furuno rose to be recognized and was presented the congratulatory Senate certificate and lei.

Senator B. Kobayashi also introduced Ms. Jean Stewart, director of the State Early Intervention Coordinating Council, who accompanied Dr. Furuno, and recognized a group of friends, admirers and people involved in the developmentally disabled and the early intervention council who were seated in the gallery.

Senator Crozier, on behalf of Senators George, Koki and McCartney, introduced Mr. Al Minn who was seated in the gallery and said, "This is a man who has dedicated

his life to the youth of Hawaii and who is now the athletic director at Hawaii Loa College. He was the athletic director at Kailua High School when I met him in the age group program in swimming. I spent five years there and Al spent twenty-five years. If it wasn't for Al Minn many of our children would not have had the opportunity to try for the Olympics ... would not have been able to reach that level. Many of our children learned good discipline habits from swimming and a lot of that should be credited to Al Minn."

Senator Matsuura then rose to add his remarks:

"Mr. President, I'm not one to compliment people but when I heard the Senator from Kaneohe giving credit to Hawaii Loa College for influencing him and turning his life around I want the faculty of Hawaii Loa College to know that they have done an admirable service for the State of Hawaii because as a freshmen legislator I have never seen anybody as well equipped in terms of personality, intelligence and all that. I think you have indeed developed an individual that is going to make a major contribution to the State of Hawaii in the near future, so, thank you very much."

Senator B. Kobayashi also added his comments:

"Mr. President, I'd like to state that Mr. Albert Minn, formerly from Kaimuki High School, was my physical education teacher approximately 30 years ago."

At 11:59 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:04 o'clock p.m. with President Wong in the Chair.

FIFTY-SIXTH DAY

Tuesday, April 18, 1989

The Senate of the Fifteenth Legislature of the State of Hawaii, Regular Session of 1989, convened at 11:38 o'clock a.m. with the President in the Chair.

The Divine Blessing was invoked by Lt. Richard Yagesh from the Office of the Chaplain, Naval Station, Pearl Harbor, after which the Roll was called showing all Senators present with the exception of Senator Cobb who was excused.

The President announced that he had read and approved the Journal of the Fifty-Fifth Day.

The following introductions were made to the members of the Senate:

Senator Solomon introduced Mr. Adi W. Kohler as follows:

"It's a privilege for me, Mr. President, to introduce to this honorable body Adi W. Kohler, general manager of Mauna Kea Beach Hotel. Adi Kohler is the general manager of the Mauna Kea Beach Hotel on the Island of Hawaii, Kohala Coast, and is a 16-year veteran of Hawaii's visitor industry.

"Recently he has been honored as 'America's Resort Executive of the Year' by the prestigious American Hotel & Motel Association and is the first Hawaii hotelier ever to receive this distinguished award.

"Adi Kohler has served two consecutive terms on the board of Hawaii Visitors Bureau and the Advisory Committee of the University of Hawaii Travel Industry Management School. He also has helped to raise nearly \$1 million in charitable community contributions through his involvement in the annual Visitor Industry Charity Walk. He has supported the Hawaii Hotel Association's school involvement program by having Mauna Kea Beach Hotel adopt Kohala High School.

"Not only that, Mr. President, that if we refer to the Senate certificate that we will be presenting to Mr. Adi Kohler today, I feel that the 'whereas' clause that is closest to my heart is the last 'whereas' clause where it states that 'Adi Kohler, though not a native son, has adopted Hawaii as his home for his family and has devoted personal as well as professional time to helping his community benefit from the growth of the visitor industry throughout the sixteen years that he and his wife and family have lived in Waimea on the Big Island.'

"Mr. President, at this time I'd like to introduce Mr. Adi Kohler."

Mr. Kohler rose to be recognized and was presented the congratulatory Senate certificate and lei.

Senator Tungpalan then made the following introduction:

"Mr. President, on behalf of Senators Mizuguchi and Menor, it gives me great pleasure to present to this honorable body this year's Hawaii's Spelling Bee Champion Kaly Higa. Kaly is an 8th grader at Highlands Intermediate School and won the spelling bee at the end of the ninth round by successfully spelling words like dasyphyllous, macrurous which to me sounds like some kind of contagious disease. I'm told that macrurous means having a long tail.

"Kaly will represent Hawaii at the Scripps-Howard National Spelling Bee on May 31st through June 1st in Washington, D.C. We all recognize how far away Washington, D.C., is from Hawaii and we certainly would like Kaly to know that we in Hawaii support her and wish her the very best. So I would like to present Kaly with this special care bear, filled with love and Aloha, and you can hold it and hug it as you go up to spell those other difficult words.

"Congratulations, Kaly."

The honoree rose to be recognized and was presented the congratulatory Senate certificate, the gift and lei. Kaly Higa was accompanied by her mother Floreine Higa, school principal Mrs. Rhoda Hirokawa and teachers.

Senator Tungpalan also introduced Mrs. Vivian Kaneko as follows:

"Mr. President, it is also my privilege to introduce Mrs. Vivian Kaneko who was recently recognized as the Leeward District Teacher of the Year. Mrs. Kaneko has successfully coached three of the last four state spelling bee champions since the spelling bee was re-established in 1986. She's also coached my son who's one of the worst spellers in the state.

"That is certainly a tremendous accomplishment, Mrs. Kaneko, and we congratulate you and wish you continued success."

Mrs. Kaneko rose to be recognized and was presented the congratulatory Senate certificate and lei.

Senator Tungpalan continued:

"Mr. President, it is also my pleasure to introduce a good friend of mine, Mrs. Leona Yamatsuka, who's grown up with me since childhood. We went to Girl Scouts together and believe it or not, we still continue our friendship on the baseball field. Leona is the Palisades president of the Little League and she is also a successful spelling coach and has assisted Mrs. Kaneko in achieving two state champions. She's told me about the extraordinary commitment that a teacher has to have in the effort to support her students. She's provided that love and nurturing and we want to thank you Mrs. Yamatsuka for that."

Mrs. Yamatsuka also rose to be recognized, and was presented the congratulatory Senate certificate and lei.

Senator Holt then added:

"Mr. President, I'd just like to make a follow-up comment on the first introduction regarding Mr. Kohler. As most of us know, he is the one who through Mauna Kea Hotel has set the standard for the hotel industry. And we can be thankful for him for that and if the rest of the industry can follow his lead Hawaii will be in good shape for years to come."

Senator Crozier introduced Lyle Galdeira as follows:

"During the course of the session, I have introduced several very attractive news commentators to the members and I was accused of being a male chauvinist in only selecting beautiful people. Today, I would like to show that I am not a person that judges a person only by beauty. I would like to introduce someone who is a news commentator with Channel 9. He used to work out of Portland, Oregon, at KGW-TV station and he was known

as Lyle Author. Now that he has come back to Hawaii, he's come back to his regular name Lyle Galdeira."

The Chair then introduced a group of students from Lutheran High School who were seated in the gallery.

At 11:50 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:56 o'clock a.m.

FIFTY-SEVENTH DAY

Wednesday, April 19, 1989

The Senate of the Fifteenth Legislature of the State of Hawaii, Regular Session of 1989, convened at 11:42 o'clock a.m. with the Vice President in the Chair.

The Divine Blessing was invoked by Pastor Lucille B. Mays of A Peaceful Holiness Church, after which the Roll was called showing all Senators present with the exception of Senators Cobb and Yamasaki who were excused.

The President announced that he had read and approved the Journal of the Fifty-Sixth Day.

The following introductions were then made to the members of the Senate:

Senator Crozier on his introductions said, "Mr. President, I need to continue my attempt of the record for making the most introductions and I have two introductions to make today."

Senator Crozier, on behalf of Senator Bert Kobayashi, introduced Stephanie Goss and Dr. Duke Bainum, constituents of Senator Kobayashi, who were seated in the gallery.

Senator Crozier then introduced Mr. George Nakasato as follows:

"Mr. President, this gives me great pleasure because being an amateur historian I like to find out about people and the role they have played in the history of man and the history of Hawaii. This gentleman that I am going to introduce is a former president of the 442nd Veterans Club, you know, from the famous 442nd Regimental Combat Team that received more medals in World War II than any other unit.

"What is so important about the 442nd veterans is that in 1954 a political revolution took place in Hawaii with many of Mr. Nakasato's friends and combat-in-arms comrades and I think we all owe them thanks for letting Hawaii prosper the way it has. The whole 442nd veterans group played an integral part in that and I would like to salute the 442nd and Mr. George Nakasato."

Mr. Nakasato, a member of Senator Matsuura's staff, rose to be recognized.

Senator Tungpalan, on behalf of Senators Menor, Mizuguchi and herself, introduced the president of the Pearl City Community Association, Richard Yasukochi, who was also seated in the gallery.

Senator Nakasato introduced his student "shadows" from Moanalua Intermediate School Ryan Welch and Del Brown.

Senator Levin then made the following introduction:

"Mr. President, I would like to ask my Senate colleagues to join me in honoring a rather remarkable young lady who is a constituent of mine from Volcano. She was one of five Hawaii participants in the 1989 Ship for World Youth Program which was coordinated by the Pacific Rim Foundation.

"She was not only one of the participants but she came up with a remarkable and innovative idea which was most extraordinary. It was an idea to present a gift from the youth of Hawaii to the youth of Japan, a living memorial in the form of a unique orchid plant which was to be

presented to the participants from Japan and then to be passed on to the Emperor of Japan.

"There is no question that through this program and through this proposal, she has helped improve international relations. She has helped make a mark for Hawaii and for herself.

"I would like to ask my Senate colleagues to please recognize, and I ask her to stand, Ms. Nalani Huddy Markell."

The honoree rose to be recognized and was presented the congratulatory Senate certificate by Senator Levin and lei by Senator Solomon.

Senator Levin also introduced Mrs. Mona Markell, mother of the honoree, and Mrs. Ellie and Mr. Elmer Williamson, "hanai" grandparents, who accompanied Nalani.

ORDER OF THE DAY

ADVISE AND CONSENT

Stand. Com. Rep. No. 1686 (Gov. Msg. No. 234):

Senator Menor moved that Stand. Com. Rep. No. 1686 be received and placed on file, seconded by Senator Levin and carried.

Senator Menor then moved that the Senate consent to the nomination of Ronald Ibarra as Judge of the Circuit

Court of the Third Circuit, for a term of ten years, in accordance with the provisions of Article VI, Section 3, of the Hawaii State Constitution, seconded by Senator Levin.

Senator Menor then rose to speak in support of the nomination as follows:

"Mr. President, I speak in favor of Governor's Message No. 234, Stand. Com. Rep. No. 1686.

"Mr. President, your Committee on Judiciary recommends the Senate consent to the appointment of Ronald Ibarra to a ten-year term as Judge of the Third Circuit Court. Your Committee has examined Mr. Ibarra's credentials and finds him well-qualified for this important position.

"Mr. Ibarra has served as a corporation counsel with the County of Hawaii, as a senior deputy prosecuting attorney, and as an attorney in private practice. He also holds a Master of Laws degree from the Georgetown University Law Center. In addition to this impressive legal background, Mr. Ibarra would bring to the bench a wide range of other experiences with him and that he has also served as the managing director of the County of Hawaii and has dedicated considerable time and energy to community activities and public service.

"At the confirmation hearing held by the Committee last week, a number of Big Island attorneys took the time out from their busy schedules to come to Honolulu to testify on Mr. Ibarra's behalf. The Committee was particularly impressed by the fact that attorneys who had been Mr. Ibarra's adversaries in the courtroom took the time to support him at the hearing.

"We feel that, in the light of Mr. Ibarra's background, his experience will undoubtedly serve him and provide him with a good perspective with which to view many different types of people who will come before him in his courtroom. Most importantly, your Committee believes that Mr. Ibarra will temper his knowledge of the law with the compassion and sensitivity for the people who appear before him.

"Based on all of the considerations considered by the Senate Judiciary Committee, your Committee strongly recommends that Mr. Ibarra be confirmed as the Big Island's new circuit court judge."

Senator Reed also supported the nominee as follows:

"Mr. President, I would like to speak very briefly in concert with the Judiciary chairman in favor of this nomination.

"Mr. Ibarra possesses, as the Judiciary chairman said, wide experience in a variety of areas. To me, most important is the six or seven years that he spent as a deputy prosecuting attorney which will give him the rather uncommon ability as a judge to view criminal cases from the victim's perspective.

"I urge his unanimous confirmation."

Senator Levin also supported the nominee and said:

"Mr. President, I really have little to add to what Senator Menor has already said. Since Judge Ibarra will be serving West Hawaii, primarily, I would also like to add my words of appreciation to the governor for nominating Mr. Ibarra. I think he is an excellent choice and we are very much looking forward to him taking his seat on the bench."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 22. Noes, none. Excused, 3 (Cobb, Ikeda, Yamasaki)

Stand. Com. Rep. No. 1687 (Gov. Msg. Nos. 282, 283 and 284):

Senator McMurdo then moved that the Senate advise and consent to the nominations of the following:

Marian D. Rauch to the Advisory Council for Children and Youth, term to expire June 30, 1990;

Miriam K. Kahalekai to the Advisory Council for Children and Youth, term to expire June 30, 1991;

Ellen I. Kusano to the Advisory Council for Children and Youth, term to expire June 30, 1992;

Diana M. Buckley, Martin C. Eby, John A. James, Pualani Martin-Wilson, William Wayne Protheroe Jr. and Colette Mari Toma to the Advisory Council for Children and Youth, terms to expire June 30, 1993;

Laurence J. Capellas, Herbert S. Coleman, Shintaro R. Higa, Carol Kikkawa-Ward, and Pedro E. Racelis Jr. to the Policy Advisory Board for Elderly Affairs, terms to expire June 30, 1993; and

Thomas C. Blondin to the Criminal Injuries Compensation Commission, term to expire June 30, 1993,

seconded by Senator Blair.

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 22. Noes, none. Excused, 3 (Cobb, Ikeda, Yamasaki).

Stand. Com. Rep. No. 1688 (Gov. Msg. No. 261):

Senator Tungpalan moved that Stand. Com. Rep. No. 1688 be received and placed on file, seconded by Senator Hagino and carried.

Senator Tungpalan then moved that the Senate advise and consent to the nominations of Sherry P. Broder, Thomas K. Sing, Mary P. Steiner and Dennis K.C. Aloiau to the Board of Public Broadcasting, terms to expire June 30, 1993, seconded by Senator Hagino.

THIRD READING

MATTERS DEFERRED FROM MONDAY, APRIL 17, 1989

Stand. Com. Rep. No. 1214 (H.B. No. 919, H.D. 2):

By unanimous consent, action on Stand. Com. Rep. No. 1214 and H.B. No. 919, H.D. 2, entitled: "A BILL FOR AN ACT RELATING TO CRIMINAL INJURIES

COMPENSATION," was deferred until Friday, April 21, 1989.

Stand. Com. Rep. No. 1290 (H.B. No. 405):

By unanimous consent, action on Stand. Com. Rep. No. 1290 and H.B. No. 405, entitled: "A BILL FOR AN ACT RELATING TO ENFORCEMENT," was deferred until Friday, April 21, 1989.

At this time, Senator Tungpalan, chairman of the Committee on Culture, Arts and Historic Preservation, requested a waiver of the 48-hour Notice of a Public Hearing for the subjects listed on the agenda of the Senate Culture, Arts and Historic Preservation Committee's hearing notice for Thursday, April 20, 1989, and the Chair granted the waiver.

Senator Tungpalan, chairman of the Committee on Conference of the Senate Committee on Culture, Arts and Historic Preservation, also requested a waiver of the 48-hour Notice of a Public Hearing on the bills listed on the agenda of said Conference Committee's hearing notice for Thursday, April 20, 1989, and the Chair granted the waiver.

Senator Solomon, chairman of the Committee on Higher Education, requested a waiver of the 48-hour Notice of a Public Hearing for the subjects listed on the agenda of the Senate Higher Education Committee's hearing notice for Thursday, April 20, 1989, and the Chair granted the waiver.

Senator Matsuura, chairman of the Committee on Energy and Natural Resources, requested a waiver of the 48-hour Notice of a Public Hearing for the subjects listed on the agenda of the Senate Energy and Natural Resources Committee's hearing notice for Wednesday, April 19, 1989, and the Chair granted the waiver.

Senator Ikeda, chairman of the Committee on Agriculture, requested a waiver of the 48-hour Notice of a Public Hearing for the subjects listed on the agenda of the Senate Agriculture Committee's hearing notice for Thursday, April 20, 1989, and the Chair granted the waiver.

At this time, Senator Wong rose to speak on a point of personal privilege as follows:

"Mr. President, I notice in this morning's Advertiser on the front page statements attributed to our attorney general which, in essence, says that the stalled bill dealing with drunk driving could cost lives. And I want to point out to this body that in today's Star-Bulletin, again the attorney general has been quoted as saying that he is irked by the delay of the bill to lift licenses of drunk drivers.

"Mr. President, prior to the convening of this morning's session I had the opportunity to talk with the co-chairman of the conference committee dealing with this matter and she informed me that she thought there was progress being made toward the resolution of this particular impasse here in the Legislature.

"I want to remind the attorney general that he is the attorney general and that we here in the Legislature have a process. I want him to know very clearly that he should follow the process just like any other lobbyist who feels that he must come before the Legislature and lobby for a particular bill.

"In this instance, Mr. President, it disturbs me that the attorney general who may someday be asked for an opinion about this particular measure, should a question

arise, is directly involved with the lobbying of this particular bill.

"I want to make it very clear to the administration and the attorney general that we have a process here and that process has to be given an opportunity to prove itself."

Senator Blair then added:

"Mr. President, I had a similar reaction on seeing the article this morning. I think we all look to the attorney general to be a dispassionate adviser to the governor on all of the bills that come before him and there may be some conflict between the two roles that he has assumed. Perhaps he should reflect on that and act in accordance with the obligations that he has as attorney general."

ADJOURNMENT

At 12:11 o'clock p.m., on motion by Senator Blair, seconded by Senator Reed and carried, the Senate adjourned until 11:30 o'clock a.m., Thursday, April 20, 1989.

FIFTY-EIGHTH DAY

Thursday, April 20, 1989

The Senate of the Fifteenth Legislature of the State of Hawaii, Regular Session of 1989, convened at 11:42 o'clock a.m. with the Vice President in the Chair.

The Divine Blessing was invoked by the Reverend Julia McKenna-Ritchie of the Ministry for Divine Harmony, after which the Roll was called showing all Senators present with the exception of Senator Cobb who was excused.

The President announced that he had read and approved the Journal of the Fifty-Seventh Day.

The following introductions were made to the members of the Senate:

Senator George introduced a group of five adult-students from the Ala Hou Adult School in Waimanalo who were seated in the gallery.

Senator Levin introduced Ms. Jan Estioko, coordinator of the Hawaii Medical Association health check-up for legislators and staff in the Capitol auditorium this afternoon.

On behalf of the presiding officer, the following recipients of the Jefferson Award, who were seated on the floor of the Senate, were then introduced:

Senator Crozier introduced Mrs. Anita Korenga and said, "Mr. President, on your behalf and the people of the Waianae Coast, I have the pleasure of introducing Mr. Anita Korenaga. Mrs. Korenaga was chosen as a Jefferson awardee because of her commitment to the people of Waianae. She spent 30 years of her life as a guidance counselor in Waianae. Actually, Mr. President, she was the first resident of Waianae who, after educating herself in counseling, returned to Waianae and stayed in the Waianae community and gave back to the community what she had taken. I would also like to comment that the second person to commit in the same fashion was you, Mr. President.

"After her stead as a counselor in Waianae, Anita Korenaga stayed on at Waianae High School, no longer as a paid staff person but she volunteered as a counselor and not only did she volunteer to be a counselor but since her retirement she was able to procure \$862,000 for scholarships for the Waianae High School students. I think that is quite a commendable achievement. Besides that she's always found on the campus involved in the numerous programs that take place which includes selling tickets at athletics events, running the kitchen at the football camps and, also, substitute teaching. Mr. President, the list goes on and on.

"At this time, I would like Mrs. Anita Korenaga to please stand and be recognized."

Mrs. Korenaga rose to be recognized and was presented the congratulatory Senate certificate and lei.

Senator Nakasato then introduced Mr. Tsuneyoshi Miyashiro as follows:

"Mr. President, when I met Mr. Miyashiro, our honoree, early this morning I learned that he knows my dad's family and he was a classmate of my dad's younger brother.

"Mr. Miyashiro started his career on a plantation in Honokaa and since retirement he spends all of his free time with terminally ill patients at St. Francis Hospital. He draws strength from those he helps, he said.

"His volunteer duties, on occasion, keep him with a patient until midnight. And there have been times when Mr. Miyashiro has helped a patient's family with yard work, like mowing the lawn, because they are too busy.

"He has given up one volunteer service for another. Mr. Miyashiro loves to coach and play basketball and gave up coaching PAL basketball to help the terminally ill.

"At this time, Mr. President, I would like to introduce Mr. Tsuneyoshi Miyashiro. Mr. Miyashiro is accompanied by his wife Shigeko, Dr. Shigeaki Furitani and Mrs. Ruth Fukumi, who are seated in the gallery."

Mr. Miyashiro rose to be recognized and was presented the congratulatory Senate certificate and lei.

Senator Ann Kobayashi also introduced Mr. John Mayer as follows:

"Mr. President, John Mayer a 'haole' Samoan from Ohio who has expanded his work as a teacher of Samoan language and culture at the University of Hawaii to champion the causes of the Samoan community here.

"May I introduce John Mayer. Mr. Mayer is accompanied by his wife Tusitala who is seated in the gallery."

Mr. Mayer rose to be recognized and was presented the congratulatory Senate certificate and lei.

"Sharon Morton is also a Jefferson awardee. She is not able to be with us this morning. She is out of state.

"Ms. Morton is an emergency room nurse and for ten years has volunteered to staff the Hawaii office of the National Sudden Death Syndrome Foundation at Kapiolani Hospital."

Senator Yamasaki then introduced Mr. Antonio Ramil as follows:

"Mr. President, it is also my privilege and honor to introduce to this body an outstanding recipient of the Jefferson Award, Mr. Antonio Ramil.

"Mr. Ramil is an outstanding Maui attorney originally from the Philippines. He has volunteered for the March of Dimes, PTA, Hawaii Committee for the Humanities, Filipino groups, Catholic Charities, Maui Association for Retarded Children, the Mental Health Association and many more.

"Mr. Ramil persuaded the United Filipino Council to consider non-Filipino students when handing out scholarships because he believes 'we are part of the whole community.'

"Mr. Ramil has three daughters but has worked for years with the Boy Scouts of America.

"It is my privilege to introduce to this body Mr. Antonio Ramil."

She and her husband have adopted three of the children, one who has been brain damaged since birth.

"To childless parents who cannot find a baby to love, she says, 'There are lots of babies out there. They may not be perfect but they need homes.'

"They are escorted by Mr. Lawrence Ching, president-elect of the Chinese Chamber of Commerce, and Dr. Rosy Chang, vice chairman of the Governor's Commission for the Chinese Bicentennial."

The Narcissus queen and her court rose to be recognized, together with their escorts, and were presented leis.

"Mr. President, another event that we are marking in this Bicentennial of the Coming of the Chinese to Hawaii

"Mr. Lam is the owner of the Bali Restaurant and an example of the 'American Dream Come True.'

"Coming to America in 1979 from Vietnam, he spoke no English and did not have any business background. In 1984, he opened the Bali Restaurant which has grown into a successful bakery and wholesale business.

"Mr. Lam is an example of the energy, resourcefulness and talent the Chinese have contributed to Hawaii. We are proud to acknowledge him as a member of Hawaii's community.

Senator Solomon then rose to speak on a point of personal privilege as follows:

"Mr. President, as you well know, your Committee on Agriculture (and environment) is now meeting with the House on many of the issues and one issue of concern relates to recycling.

"As a conferee and in support of your chairman on Agriculture (and environment) I want to express our disappointment in dealing with the House on the recycling measure. Our disappointment is that we have met in good faith and with good intentions. It was brought to the conferees' attention that perhaps there is a possibility of merging the Senate position with the House position so that we can come up with a piece of legislation that would be a major step in helping to resolve our state's tremendous problem in dealing with garbage.

"I was just notified, Mr. President, that after your committee met in good conscience with the House committee, the House informed your Senate conferees that it would be impossible for us to get together on an agreement. This was after a commitment was made at the table that we in fact could be able to merge the two pieces of legislation and come up with a vehicle that could help solve the litter problem.

"Mr. President, I find it very difficult dealing with the House. If the House conferees and the chairman of their committee, Mr. President, do not have within themselves a sense of conscience that once they make a commitment on the part of the House they should come through with that commitment.

"I'd like to state, Mr. President, that your chairman and vice chairman of that particular subject matter committee are still hoping. We are hoping that the Department of Health and DBED would come up with the language, for some kind of a resolve so that this honorable body would be able to pass a bill that is meaningful and be of benefit to all the residents of the state, Mr. President, including the future generations of this state so that we can come up with a plan for recycling that will help us with our problem landfills and garbage disposals."

Senator Reed also rose to speak on a point of personal privilege and said:

"Mr. President, I would like to read briefly from the Hawaii Revised Statutes, Chapter 92.

"In a democracy, the people are vested with the ultimate decision-making power. Government agencies exist to aid the people in the formation and conduct of public policy. Opening up the government processes to public scrutiny and participation is the only viable and reasonable method of protecting the public's interest. Therefore, the legislature declares that it is the policy of this State that the formation and conduct of public policy - the discussions, deliberations, decisions, and action of governmental agencies - shall be conducted as openly as possible. To implement this policy the legislature declares that:

- (1) It is the intent of this part to protect the people's right to know;
- (2) The provisions requiring open meetings shall be liberally construed; and
- (3) The provisions providing for exceptions to the open meeting requirements shall be strictly construed against closed meetings.'

"Mr. President, this Legislature is clearly in violation of HRS, Chapter 92, commonly known as the Sunshine Law. Decision-making on legislation become a private affair. So common is the practice of making decisions behind closed doors that violation of the Sunshine Law has become the rule rather than the exception.

"The Sunshine Law is intended to protect our democracy by opening up the governmental processes to public scrutiny and participation. But the law has been

so totally violated by this Legislature that not only is the public excluded from decision-making -- even other duly elected representatives and senators are excluded.

"Conference committee hearings are delayed for hours while committee chairmen of the House and Senate meet in private to decide the fate of legislation. After waiting for hours, committee members are summoned to a public charade where committee chairmen act out prearranged decision-making.

"Mr. President, HRS, Section 92, states that any person who willfully violates any provisions of the Sunshine Law shall be guilty of a misdemeanor. The only loophole in this law is Section 92-10 wherein legislators in the 1975 Legislature made themselves an exception by asserting that Senate or House rules can take precedence over the Sunshine Law.

"In a review of the rules, Mr. President, I find no rule allowing conference committee chairmen to make decisions on legislation in private. In fact, the only place I find the issue addressed is Rule 19 on page 13 of the Rules of the Senate -- where for the practice I'm criticizing this morning is expressly prohibited.

"Rule 19 reads:

'Meetings, including decision-making sessions, of Standing Committees shall be public provided that meetings in executive session may be allowed in such exceptional circumstances when committee discussion could unfairly damage the reputation of individuals or where there is a legal question concerning a bill.

As practicable, committees shall schedule their meetings at times and at places as are convenient for attendance by the general public, and in coordination with other committees of the House or Senate, shall endeavor to hold joint meetings and public hearings on matters of mutual interest.

The meetings of the Conference Committee shall be conducted as agreed upon by the members of the Conference Committee. Conference Committee meetings and decision-making sessions shall be public'

"Mr. President, if you or any other member of this body can point to any Senate rule which states that decision-making may be held behind closed doors with chairmen excluding both committee members and the general public, I would appreciate being directed to that Senate rule."

Senator Blair then responded:

"Mr. President, I support the previous speaker's call for more 'sunshine' in the legislative process. My remarks on February 14th should make my position very clear.

"I must, however, make two points in rebuttal to the previous speaker. First, the Legislature is exempt from Chapter 92 because of Article III, Section 12. I wish we would abide by Chapter 92; but the constitution prohibits one legislature from adopting rules, even by legislation, which bind a subsequent legislature. In 1977, I requested an attorney general's opinion on this point. I will have copies of the Attorney General's response delivered to each member's office.

"My second disagreement is with the previous speaker's general allegation of violations. He should not paint with such a broad brush. He should bring specific violations to the attention of the President, the leadership or even

the full Senate. Up to now, there has been no specific allegation. Until there is a specific allegation, it is not possible to determine the facts and take appropriate action.

"Let me assure the previous speaker that the Majority is prepared to investigate any specific allegations and take whatever remedial action may be warranted. The Senate Rules are mandatory on all of the members."

Senator Reed then responded:

"The Sunshine Law clearly states that there shall be no decision-making behind closed doors. Section 92-10 gives legislators what I consider an inappropriate 'loophole' by specifying that where there are Senate rules relating to decision-making. Those rules will take precedence over the Sunshine Law. But there is no Senate rule allowing the chairmen of conference committees to go behind closed doors to make decisions on legislation. What is happening here has made a farce of the Sunshine Law and public decision-making. The two chairmen get together behind closed doors and they make the decision. Then they come out together at 2:00 in the morning, assemble the other members and announce their decisions as if those decisions were arrived at right there in that public meeting without debate. It's common knowledge that this is what is happening and that this illegal practice has become the rule rather than the exception. So the Sunshine Law is being violated by this Legislature in the letter of the law as well as in its spirit."

"Unless there is a specific Senate rule allowing this kind of behavior, then HRS 92 is being blatantly violated by this body.

Senator Blair then answered:

"Mr. President, the previous speaker continues to refer to Chapter 92. I trust that, after reviewing the Attorney General's 1977 opinion and researching Article III, Section 12, he will appreciate my earlier points.

"I would also, reiterate my earlier request that specific allegations be made. The previous speaker alleges that violations are blatant and such an allegation should be readily supportable with specifics. As yet, I've heard none.

"In closing, Mr. President, let me assure the previous speaker that I will be pursuing the grievances I stated on February 14th. I will be proposing specific rules changes to make the legislature more open, accountable and democratic. I will work with the Minority in formulating and pursuing those changes. My disagreement with Senator Reed is perhaps most clearly seen in an analysis of a simple syllogism. I submit that the legislature has failed miserably to meet the community's reasonable expectations on openness and accessibility. That is the major premise, which I articulated on February 14th. My minor premise, articulated today, is that this failure of the process was accomplished without generating any specific allegations of violation of the Senate's Rules. My conclusion is that we need to make major changes to the Senate Rules.

"I believe that Senator Reed will agree with both my major premise and conclusion. I'm sure that our disagreement over the minor premise will not interfere with our undertaking a joint effort to reform the Senate's Rules. I hope that our colleagues, in both parties, will support that effort. Thank you."

Friday, April 21, 1989

The Senate of the Fifteenth Legislature of the State of Hawaii, Regular Session of 1989, convened at 11:40 o'clock a.m. with the Vice President in the Chair.

The Divine Blessing was invoked by Father Bob O'Donnell of St. Anthony Parish, Kailua, after which the Roll was called showing all Senators present with the exception of Senator Cobb who was excused.

The President announced that he had read and approved the Journal of the Fifty-Eighth Day.

The following introductions were made to the members of the Senate:

Senator Crozier introduced Margie Andrews as follows:

"Mr. President, the quest for the record continues.

"Mr. President, I've been quite fortunate to have a young lady monitor my Committee on Housing and Hawaiian Programs. She is a student at the University of Hawaii; she is a student taking classes in anthropology and political science. What makes it so unique is that my daughter graduates from college this year with a degree in anthropology, and there are no jobs available in anthropology. My new friend and my daughter will be competing for the non-existent job.

"She's going to write a paper on the people of Hawaii and her term paper will be based on the activities of the Legislature, focusing on our committee. I hope when she does have that term paper she let's us have a copy of it, and we can read it and I hope also that she gets an 'A' and be very critical when you make that paper, but also be sensitive and compassionate.

"Mr. President, I'd like to introduce Margie Andrews from the University of Hawaii."

Senator Tungpalan then made the following introduction:

"Each year for the past 12 years the YWCA has honored exceptional women with awards recognizing their outstanding achievements and contributions to our community and state. Individual awards have been given in the following categories: workplace, community service, trailblazer, communication and arts, professions and youth achievement.

"An organization award and an enrichment award are also given in recognition of an organization, group or individual's commitment to the advancement of women and to the enrichment of the community.

"It gives me great pleasure to introduce exceptional women and organizations who are this year's award winners. These awardees will be recognized at LeaderLuncheon XII, scheduled for next Wednesday, April 26th, at the Hilton Hawaiian Village Coral Ballroom.

"The awards were given as follows:

For outstanding achievement in the workplace, Ms. Penny Bradley, president and CEO of Bradley Properties. Since Penny is on the Mainland, representing Penny today is her daughter Tracy Bradley.

For outstanding achievement in community service, Ms. Amy Agbayani, who has served tirelessly as an advocate for Hawaii's women and minorities through her leadership and commitment.

For outstanding achievement as trailblazer, Ms. Marye Deming, administrator of the Maui Community Correctional Center and the first woman warden in the history of Hawaii.

For outstanding achievement in communication and arts, Hawaii's talented musician and beloved composer who has enriched our lives with her many compositions, Ms. Irmgard Farden Aluli.

For outstanding achievement in the professions, Ms. Ines Viernes Cayaban, who has dedicated her life to public service as a nurse, educator, friend and trailblazer to women of Filipino ancestry.

For outstanding youth achievement, Ms. Lisa Hashimoto, an exemplary student and class president at Mililani High. Lisa was unable to attend today but we wanted to congratulate her.

The 1989 recipient of the organization award given to an organization which has demonstrated genuine commitment to the advancement of women in the workplace is Hawaii Pacific College. Representing Hawaii Pacific College is associate vice president Dr. Hellen Chapin. Welcome and Congratulations.

And finally, but not least, the 1989 recipient of the enrichment award for their leadership and commitment to improving the lives of women, we welcome and congratulate the Hawaii Women Lawyers. Representing the Hawaii Women Lawyers is their president, Ms. Ellen Carson.

"Accompanying this exceptional group of women is a woman who's also exceptional in her own right; she is none other than Betty Tatum, chairman of the Steering Committee for LeaderLuncheon XII, and Sandra Lacar, president of the YWCA Board of Directors.

"We also acknowledge the help and untiring efforts of Christina Kemmer, Director of YWCA Fund Development, and some of the women who have made this year's luncheon a reality. We thank you for your hard work and commitment to acknowledging the important role of women in our community and their accomplishments."

All of the honorees rose to be recognized and were presented the congratulatory Senate certificate and leis.

RECONSIDERATION OF ACTIONS TAKEN

S.B. No. 1229, S.D. 1, H.D. 1:

Senator Blair moved that the Senate reconsider its action taken on April 6, 1989 on S.B. No. 1229, S.D. 1, H.D. 1, seconded by Senator Fernandes Salling.

Senator Blair then made the following remarks:

"With respect to S.B. No. 1229, there were certain provisions in the Senate bill which the House felt were not necessarily justified based on currently available information, so they substituted for that direction to the Motor Vehicle Industry Repair Board to perform a study,

make findings and propose remedies for the next legislative session. We decided to go along with that as being perhaps somewhat a longer process, but perhaps more complete in the findings that we will have before we take final action."

The motion to reconsider the action was put by the Chair and carried.

On motion by Senator Blair, seconded by Senator Fernandes Salling and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 1229, S.D. 1, and that S.B. No. 1229, S.D. 1, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO MOTOR VEHICLE REPAIRS," was placed on the calendar for Final Reading on Monday, April 24, 1989.

S.B. No. 156, S.D. 1, H.D. 1:

Senator Blair moved that the Senate reconsider its action taken on April 6, 1989 on S.B. No. 156, S.D. 1, H.D. 1, seconded by Senator Fernandes Salling.

Senator Blair then made the following remarks:

"With respect to S.B. No. 156, the Senate version had a provision which required the legislative Auditor to review the recommendations of the Real Estate Commission and respond by submitting a report prior to the 1990 session. It turns out that, with respect to most of the recommendations of that report, they have already responded, and with respect to those which they have not already responded, they have begun to undertake the studies which would lead to the reports but feel that the depth of the studies will require additional time beyond the start of the 1990 session. They asked that we go along with the House version. Inasmuch as they are already undertaking the studies or have accomplished the responses to the Legislative Auditor, we felt that that was appropriate."

The motion to reconsider the action was put by the Chair and carried.

On motion by Senator Blair, seconded by Senator Fernandes Salling and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 156, S.D. 1, and that S.B. No. 156, S.D. 1, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO REAL ESTATE," was placed on the calendar for Final Reading on Monday, April 24, 1989.

S.B. No. 300, S.D. 1, H.D. 1:

Senator Blair moved that the Senate reconsider its action taken on April 6, 1989 on S.B. No. 300, S.D. 1, H.D. 1, seconded by Senator Fernandes Salling.

Senator Blair then made the following remarks:

"With respect to S.B. No. 300, the disagreements were largely a matter of style in that the House felt that some of the information that was in the statutory language in the Senate version could be handled just as well by rules adopted by the Accountancy Board. And being loathe to add unnecessarily to the length of the Hawaii Revised Statutes I would like to agree with that position."

The motion to reconsider the action was put by the Chair and carried.

On motion by Senator Blair, seconded by Senator Fernandes Salling and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 300, S.D. 1, and that S.B. No. 300, S.D. 1, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC

ACCOUNTANCY," was placed on the calendar for Final Reading on Monday, April 24, 1989.

S.B. No. 655, S.D. 1, H.D. 2:

Senator Yamasaki moved that the Senate reconsider its action taken on April 6, 1989 on S.B. No. 655, S.D. 1, H.D. 2, seconded by Senator A. Kobayashi.

Senator Yamasaki then made the following remarks:

"On S.B. No. 655, 'Relating to Civil Service Law,' the bill provides additional deputies to the Department of Health. The Senate version added to more deputies while the House version adds three more. We are reconsidering our previous disagreement because we believe that the House position will improve the management of the Health Department with having four deputies."

The motion to reconsider the action was put by the Chair and carried.

On motion by Senator Yamasaki, seconded by Senator A. Kobayashi and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 655, S.D. 1, and that S.B. No. 655, S.D. 1, H.D. 2, entitled: "A BILL FOR AN ACT RELATING TO CIVIL SERVICE LAW," was placed on the calendar for Final Reading on Monday, April 24, 1989.

S.B. No. 733, S.D. 1, H.D. 1:

Senator Yamasaki moved that the Senate reconsider its action taken on April 6, 1989, S.B. No. 733, S.D. 1, H.D. 1, seconded by Senator A. Kobayashi.

Senator Yamasaki then made the following remarks:

"S.B. No. 733, 'Relating to the Judiciary,' clarifies the several positions in the Judiciary having exempt status. The House version of the bill provides that the administrative director of the courts and the deputy administrative director of the courts have private secretaries, making it comparable with the executive branch department heads. Therefore, we are agreeing with the bill.

The motion to reconsider the action was put by the Chair and carried.

On motion by Senator Yamasaki, seconded by Senator A. Kobayashi and carried the Senate agreed to the amendments proposed by the House to S.B. No. 733, S.D. 1, and S.B. No. 733, S.D. 1, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE JUDICIARY," and placed on the calendar for Final Reading on Monday, April 24, 1989.

S.B. No. 828, S.D. 1, H.D. 2:

Senator Yamasaki moved that the Senate reconsider its action taken on April 6, 1989, on S.B. No. 828, S.D. 1, H.D. 2, seconded by Senator A. Kobayashi.

Senator Yamasaki then made the following remarks:

"S.B. No. 828, 'Relating to Birth Defects,' establishes a birth defects monitoring program in the Department of Health. The difference between the House and the Senate versions of the bill is that the House deleted funding for this program. This is acceptable because the funding for the program has been included in the executive budget bill."

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House

to S.B. No. 828, S.D. 1, and S.B. No. 828, S.D. 1, H.D. 2, entitled: "A BILL FOR AN ACT RELATING TO BIRTH DEFECTS," was placed on the calendar for Final Reading on Monday, April 24, 1989.

S.B. No. 968, H.D. 1:

Senator Yamasaki moved that the Senate reconsider its action taken on April 6, 1989, on S.B. No. 968, H.D. 1, seconded by Senator A. Kobayashi.

Senator Yamasaki then made the following remarks:

"On S.B. No. 968, 'Relating to Public Assistance,' the bill required that the Department of Human Services include protective child care payment as a special needs item in the financial assistance standards for families receiving public assistance. The House changed all the 'day care' references in the Senate draft to 'child care,' and this is acceptable and it is consistent with the intent of the bill."

The motion to reconsider the action was put by the Chair and carried.

On motion by Senator Yamasaki, seconded by Senator A. Kobayashi and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 968, and that S.B. No. 968, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC ASSISTANCE," was placed on the calendar for Final Reading on April 24, 1989.

S.B. No. 1241, S.D. 1, H.D. 2:

Senator Yamasaki moved that the Senate reconsider its action taken on April 6, 1989, on S.B. No. 1241, S.D. 1, H.D. 2, seconded by Senator A. Kobayashi.

Senator Yamasaki then made the following remarks:

"On S.B. No. 1241, 'Relating to the General Excise Tax Exemptions for Housing,' the bill allows the Housing Finance and Development Corporation in the right to certify a general excise tax exemption for rehabilitated housing projects within certain conditions. The house version of the bill adopts recommendations of the Tax Department as to the conditions for certification of the exemption. And therefore, it is acceptable."

The motion to reconsider the action was put by the Chair and carried.

On motion by Senator Yamasaki, seconded by Senator A. Kobayashi and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 1241, S.D. 1, and that S.B. No. 1241, S.D. 1, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO GENERAL EXCISE TAX EXEMPTIONS FOR HOUSING," was placed on the calendar for Final Reading on Monday, April 24, 1989.

At 12:23 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

APPOINTMENT OF CONFEREES

H.B. No. 604, H.D. 2, S.D. 2:

In accordance with the disagreement of the House to the amendments proposed by the Senate to H.B. No. 604, H.D. 2, and the request for a conference on the subject matter thereof, the President appointed Senators

Yamasaki and McMurdo, co-chairmen, and Koki as managers on the part of the Senate at such conference.

Senator Ikeda rose on a point of personal privilege and said:

"Mr. President, yesterday your vice chair on your Committee on Agriculture and the Environment informed this body of the difficulties we were experiencing in dealing with the House on certain environmental measures. I regret to inform you that unfortunately nothing has changed. In fact, the situation has gotten worse.

"Since we convened yesterday, the House has reneged not only on an agreement to reconvene to discuss amendments to two Senate bills, they have also informed your chairperson that they do not intend to honor agreements that were reached yesterday after full and free discussion during an open hearing. Your chairperson wishes to inform you that your Senate conferees will continue with our work and are ready to meet and continue discussion on all bills still in conference, despite the less than honorable behavior on the part of some members of the House.

"I want to make it very clear, Mr. President, that if any of these bills fail to make the deadline tonight, it will not be because the Senate has not kept its word. Thank you."

At 12:49 o'clock p.m., on motion by Senator Blair, seconded by Senator George and carried, the Senate stood in recess until 8:00 o'clock p.m.

NIGHT SESSION

ADJOURNMENT

At 12:00 o'clock midnight, the Senate adjourned until 10:00 o'clock a.m., Monday, April 24, 1989.

SIXTIETH DAY

Monday, April 24, 1989

The Senate of the Fifteenth Legislature of the State of Hawaii, Regular Session of 1989, convened at 10:20 o'clock a.m. with the President in the Chair.

The Divine Blessing was invoked by the Reverend George Toda, Honolulu Christian Church, after which the Roll was called showing all Senators present with the exception of Senators Cobb and Fernandes Salling who were excused.

The President announced that he had read and approved the Journal of the Fifty-Ninth Day.

At 10:22 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 10:43 o'clock a.m.

The following introductions were then made to the members of the Senate:

Senator Mizuguchi introduced Senator Crozier and said:

"Mr. President, this being the 60th Day, it's really an important and historic day for the Senate because our Senator from Makakilo will be making his 60th introduction today and, by making this introduction, he will have broken former Representative Ike Sutton's record for the most introductions during the legislative session. Today, he will be introducing someone very important to us.

"At this time, I would like to introduce the Senator from Makakilo, Senator Mike Crozier, to make his introduction."

Senator Crozier introduced "Aunty" Mary Gregory as follows:

"Mr. President, on behalf of all the members of the Senate, I would like to introduce a very special lady who has participated in the legislative process longer than any one of us in this room, including you, Mr. President, and you've been around for the longest time. I take that back; Senator Yamasaki's been here longer. I apologize.

"This woman, Aunty Mary Gregory, started off working at the printshop, I think, when the building first opened in 1969, and she's been here ever since. And she has become as much a part of the institution as the institution itself. Anytime anybody works in the underground section of the building, they all know Aunty Mary. They are always discussing with her the many concerns of the Legislature from the real grassroots perspective.

"She has spent many years in the Democratic Party as well, working again as a grassroots volunteer, all the way back to helping Governor Burns become the governor, then Governor Ariyoshi and also Governor Waihee. Aunty Mary has contributed quite a bit to the community and to the people of Hawaii.

"I would like my fellow colleagues to join with me in honoring Aunty Mary for 30 years of meritorious service here at the Senate printshop. Aunty Mary, please stand to be recognized."

Aunty Mary rose to be recognized and was presented the congratulatory Senate certificate and lei.

Senator Crozier also introduced a group of her friends and family who were seated in the gallery.

Senator Matsuura also rose to extend his congratulations to Aunty Mary Gregory.

Senator Chang then said:

"Mr. President, I'd just like to add that it's a particularly poignant moment for many of the Senators here because we knew Aunty Mary as young squirts on the Senate staff. These included Senators Russell Blair, Ann Kobayashi, myself, Senator Mizuguchi, Senator Holt, at least, as young squirts running around trying to learn the ropes from veterans like Aunty Mary, and I want to say, on behalf of all of us, thank you very much."

Senator Tungpalan introduced Mrs. Dolly Ching and Ms. Diane Plotts who were seated in the gallery.

Senator McCartney, on behalf of Senator Ann Kobayashi and himself, then introduced his pastor, Pastor George Toda, who gave the invocation today, and his wife Pat Toda.

Senator Blair introduced the following and said:

"Mr. President, I almost spent the whole session without introducing anyone. So as not to create a new record which couldn't be beaten by Senator Crozier next year, and knowing full well that he intends to break it, I would like to make my introduction for this session.

"In the tradition of Frank and Jesse James we have two distinguished brothers in the gallery, Steven and Russel Nagata, if they will please rise to be recognized.

"Mr. President, it's a very important introduction because we may at some point in the near future be voting on legislation which will affect the salary of one of the two brothers. It's important to point out that they are both very distinguished members of the bar. One of them works for the State of Hawaii and is often down here lobbying. The other has recently been made a partner in a very prestigious law firm and is also down here lobbying on a regular basis. I'm wondering if at some point they could both disclose their pay stubs so we'll see if the employees of the state are being overpaid or underpaid. Thank you."

Senator Levin then introduced Miss Ella Distajo and said, "... she is one of Aunty Mary's relatives who was very instrumental in my getting elected and being here."

At 10:52 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 10:59 o'clock a.m.

Senator Solomon rose to speak in support of the nominees as follows:

"Mr President, I am speaking in support of Gov. Msg. No. 315.

"Mr. President, as you well know, your Committee on Higher Education did waive the 48-hour notice so that we could accommodate the public and have a public hearing for the two nominees that are before this body's consideration, Momi Cazimero and Diane Plotts.

"Mr. President, your chairman on Higher Education takes the State Constitution very, very seriously, especially the part that provides authority for the governor to nominate persons to serve on various state boards and commissions, and by and with the advice and consent of the Senate, appoint all officers. The final point, Mr. President, on every nomination shall be, by and with the advice and consent of the Senate."

"As well you know, Mr. President, the timetable may be such that input from the public often comes on the day or even up to minutes before the hearing that the nominee is considered. As a custodian of the public trust, we legislators must often delay decisions on the nominees until we have some feeling that the public has had adequate chance for input. Such delays are not to be construed as actions to humiliate, nor are they questioning the qualifications of the nominee. If there is no advice and consent, Mr. President, then the governor could make any appointment with no vehicle for input from the public.

"Needless to say, Mr. President, your chairman was quite disturbed at the editorial that appeared in the Advertiser last Saturday on 'University matters.' Under the subtitle 'Respect for regents,' it says, 'There's no better way to discourage good people from serving on government boards than to subject them to a capricious, unpleasant "advise and consent" process.' Mr. President, I beg to argue the point.

"In deliberating a decision, Mr. President, on the nominees, your Committee on Higher Education had to take the following into consideration:

'The Powers and Responsibilities of the Board of Regents, the State Constitution, Article X, Section 5: "The University of Hawaii is hereby established as the state university and constituted a body corporate. It shall have title to all the real and personal property nor or hereafter set aside or conveyed to it, which shall be held in public trust for its purposes, to be administered and disposed of as provided by law."

"Mr. President, Article X, Section 6 defines the powers of the Board of Regents as follows: '... The board shall have the power, as provided by law, to formulate policy, and to exercise control over the university through its

executive officer, the president of the university, who shall be appointed by the board;'

"It continues, Mr. President, in the Hawaii Revised Statutes, stipulated in Chapter 304 and extends through Chapter 310. Specifically the powers provided the Board are:

'To adopt, amend, and repeal bylaws governing the conduct of its business and the performance of the powers and duties granted to or imposed upon it by law.

'To acquire in any lawful manner any property, real, personal, or mixed, tangible or intangible, or any interest therein; to hold, maintain, use and operate the same; and to sell, lease, or otherwise dispose of the same at such time, in such manner, and to the extent deemed necessary or appropriate to carry out its purposes.'

'To enter into and perform such contracts, leases, cooperative agreements, or other transactions as may be necessary in the conduct of its business and on such terms as it may deem appropriate, with any agency or instrumentality of the United States, or with any state, territory, or possession, or with any political subdivision thereof, or with any person, firm, association, or corporation.'

"Mr. President, it continues to read:

'To determine the character of and the necessity for its obligations and expenditures, and the manner in which they shall be incurred, allowed, and paid, subject to provisions of law specifically applicable to the university.

'To execute, in accordance with its bylaws, all instruments necessary or appropriate in the exercise of any of its powers.'

'To take such actions as may be necessary or appropriate to carry out the powers conferred upon it by law.'

"The board also, Mr. President, is to appoint, terminate, support and monitor the president; clarify the institution's mission; and approve the institution's statement of mission.

"Insofar as planning is concerned, Mr. President, the board is not to draft the strategy, but to insist that the administration do so and in a manner that would properly serve the institution.

"In overseeing the Education Programs, the president must cope with demands of students, faculty, parents, and the local community but it is the board that must decide the institution's direction; what new programs will be added and what obsolete ones, if any, to be abandoned.

"It continues, Mr. President, to read, 'to Ensure Fiscal Solvency, it is the responsibility of the board to prudently manage all institutional finances.'

"It continues, 'to Ensure for Development and Maintenance of the Physical Plant, the board has overall responsibility for the physical condition of the institution.'

"It continues, 'to Interpret the Institution to the Community, the generating of trust in the institution by the public is a tough responsibility. The board should be actively working to interpret the campus to the community and defend the institution against outside pressure.'

"It reads on, Mr. President, under 'Tomorrow's Demands. To Ensure for Fair and Equitable Treatment, it is the board's responsibility, therefore, in light of its final decision-making power to insure that their delegated authority accords fair and equitable treatment to all members of the university community.'

"Mr. President, for a 'Bridge between Community and Campus the board must insure that their institutions serve the social purpose of the State of Hawaii.'

"It continues to read, Mr. President, under 'the Assessment of Institutional Performance,' the board even has the prerogative to come up with its own self evaluation.

"Mr. President, need I say more.

"The editorial continues and I read, 'Senators should make sure appointees are qualified, without obvious conflicts and with the interest of the institution they serve at heart. But the process can be abused when it even temporarily becomes a question of personality and style'

"Well, Mr. President, if you read the responsibilities that the board has, it is quite obvious that character and a regent's understanding to what Hawaii is all about is eminent and important.

"This is why, Mr. President, your Committee on Higher Education regarding the committee report on the governor's message just included one paragraph that says, 'Your Committee on Higher Education, after full consideration of the background, character, experience and qualifications of the nominees, has found the nominees to be qualified to the positions to which nominated and recommends that the Senate advise and consent to the nominations.'"

Senator Tungpalan also in support of the nominees said:

"Mr. President, I'd like to have the remarks of Senator Solomon entered into the Journal as though they were my own because I also feel that the Senate should have the right to advise and consent."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Takaki, terms to expire June 30, 1992; and Alika Thompson, term to expire June 30, 1991, seconded by Senator Reed.

Senator Holt spoke in support of the appointments to the Waikiki Convention Center Authority as follows:

"Mr. President, speaking in support of Governor's Messages 160 and 304, you'll notice that there are only six names there. I just want for the record to make clear that this is not a negative vote against the seventh member that was under consideration, but that in the passage of the bill later on today, H.B. 1549, we hope to address the concerns expressed by the Senate Tourism Committee and allow public employees to serve on the Waikiki Convention Center Authority."

Senator McMurdo also spoke on the appointments as follows:

"Mr. President, I rise to speak on the (Governor's) Message No. 160. As everyone here knows I don't have to remind them how I feel about the convention center at the International Market Place. But in all fairness to the people who have been nominated they are outstanding people, they are capable, and I charge them with the responsibility of being sure that they do the very best that they can for the residents of the Waikiki area. I will be voting in favor."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Cobb, Fernandes Salling).

"Mr. President, I rise to speak in favor of this bill.

"This is the much discussed school/community-based management bill that has been relatively little changed in its passage through the Legislature. The effective portion of this is to allow for waivers to be applied to state regulations and policies and also waivers to collective bargaining agreements. This starts the process by which decision-making can be moved more toward the school level and given less to the district and state level.

"It is the start of a very long road and one which we hope will see additional steps taken in future years.

"I would urge members of the Senate to vote in favor."

Senator McCartney also spoke in support of the measure and said:

"Mr. President, I would also like to speak in favor of this bill and commend the chairman for his hard work in

getting it all together, working out the differences with the House.

"This bill is the beginning of decentralization and decentralized decision-making at the school level and it will give our schools more flexibility and autonomy and allow individual schools to determine their needs.

"I would like to urge all our members to vote in favor of this bill because I think it's the beginning of a new era in education in Hawaii."

"Mr. President, I want to thank one particular Senator, the chairman of the Agriculture Committee, for her hard work in seeing that this bill came out on the floor and I appreciate the confidence that you all have shown on this bill prior to this.

"I'm urging a 'yes' vote, of course, and I think through the years you're going to realize that this may be one of the most important bills we've ever passed. Thank you very much."

"Mr. President, I rise to speak in favor of this bill.

"This is a tough bill, produced in part by a tough chairman. It will force the manufacturers of CFCs to consider how their product will be used and handled in the future. We will undoubtedly see further action on this bill in succeeding years because proponents and opponents, I'm sure, will be battling this measure as it approaches the 1991 effective date.

"This bill is not a bill for which we probably will experience its greatest impact. Its impact really will be felt by generations yet to come.

"I would hope that members will be able to vote 'yes' with a clear conscience with the knowledge that we will probably be taking up this matter in future years."

Senator Chang also in support of the bill said:

Senator Yamasaki moved that Conf. Com. Rep. No. 113 be adopted and S.B. No. 161, S.D. 1, H.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Blair.

Senator Blair supported the measure and said:

"Mr President, I believe this Legislature has acted responsibly and deliberatively by rejecting the transfer of the tobacco and liquor taxes, or even just the revenues from those taxes. With the passage of this bill, we have 'cleared the deck' for receipt of the report of the Tax Review Commission. We are now prepared to respond, in the 1990 session, to the legitimate needs of the counties as established by the data and analysis which will be provided by the constitutionally mandated tax review commission.

"During the interim, the counties will receive more state aid than they have ever received in the past. The budget provides, at page 159, for a direct appropriation for the counties in excess of the amounts that would have been received under the Governor's proposal of the transfer of the 'sin taxes'.

"I specifically wish to thank Senator Yamasaki for increasing the appropriation to the City and County of Honolulu by \$5,646,956 as suggested in my letter of April 11, 1989.

"A comprehensive assessment of the issue of state enhancement of county revenues must be priority in the next session. By the passage of this bill, we demonstrate that we are prepared to act as soon as the studies are completed."

Senator Blair rose to speak in support of the measure and said:

"Mr. President, S.B. No. 42 was introduced on behalf of Stephen Kahikinaokalamehana Enos. Mr. Enos was just a fetus when this bill was introduced, but he was the chief impetus for its introduction.

"In anticipation of his arrival, Stephen's mother, like most young mothers in Hawaii, began to plan the balancing of her roles as Stephen's mother and as a necessary contributor to the household's income. Her heightened awareness of the importance of affordable child care for working mothers precipitated a heightening of my own awareness. In response, I drafted and introduced S.B. No. 42 which increases the income tax credit for household and dependent care services necessary for gainful employment.

"This bill will materially assist single parent households and families with both parents employed. In Hawaii, economic necessity has put almost all of our young families into these categories.

"This bill increases the tax credit by increasing the percentage of the expenses which can be claimed. The current law allows between 10 and 15 percent of the expense. This bill increases those percentages to between 15 and 25 percent. Regrettably, the dollar limit, or cap, has not been raised. While the bill has been amended several times and, in the process, made less generous than when introduced, it is still a substantial improvement on the current law. I wish to thank everyone who helped, but especially Senator Yamasaki and Representative Arakaki.

"I would also like to serve notice of my intent to come back next year with a new bill to simplify and further expand this credit. In addition, I will be working with the Chamber of Commerce and the Office of Children and Youth to encourage businesses to support child care in or near the work place.

"As the employer of Stephen's mother, I was happy to be able to provide the informal child care that allowed me to retain my most valuable staff member. I look forward to the day when the Legislature and most other employers will provide appropriate, accessible child care at an affordable price.

"On behalf of Stephen Kahikinaokalamehana Enos and all the children of Hawaii, I commend S.B. No. 42 to my

colleagues and ask for your affirmative vote. Thank you."

Senator McCartney then requested of the Chair as follows:

"Mr. President, on behalf of Senator Holt and the State Senate, I would like to extend our congratulations to a member of Senator Holt's staff, Daynin Allosada, who won the Miss Philippine-America contest in Atlantic City this weekend.

"Daynin asked if we could read a message to the Senate for the Journal. May I do so, Mr. President?"

The Chair permitted Senator McCartney to read the message.

Senator McCartney read the message as follows:

"Your words and encouragement have given me the boost of confidence I needed to take with me to Atlantic City. I dedicate my title to you all and thank you again for your help and the wonderful reception before I left. As I continue this next year representing the Filipino people of America, I too will be representing the Fifteenth Legislature of the State of Hawaii and I am honored and proud to have been a part of it. Thank you again and I hope to see you all when I return. Aloha, Daynin Allosada."

Senator Reed then rose to speak on a point of personal privilege as follows:

"Mr. President, I rise on a point of personal privilege. Although the graying Senator who sits directly behind me has evidently been lobbying for an extended session for purposes of establishing a new introduction record, I'd like to briefly express some remarks in opposition.

"The failure to allow for genuine public involvement in the legislative process and the annual need for extending the session makes it incumbent on this body to consider reform measures including the following:

Year-round introduction of legislation with a limit on the number of bills each legislator can introduce;

Longer periods for review and discussion of proposed legislation; perhaps by extending the recess; and

A change in the dictatorial practice of giving virtually total control to committee chairmen.

"Last year there were promises to change the system of powerful chairmen. The system was not changed. In

fact, it has become worse. The placement of so much authority and decision-making responsibility in the hands of committee chairmen is a primary reason this Legislature regularly violates the Sunshine Law. This system of power chairmen is also the key reason this body has once again failed to finish its business on time.

"Any objective observer of this legislative session has to be dissatisfied with both the process and the product. I speak against the extension and for legislative reform."

Senator Blair responded as follows:

"Mr. President, I rise on a point of personal privilege to echo many of the sentiments of the previous speaker.

"I believe we should look seriously at year-round bill introduction, as well as a more liberal -- if you will pardon the use of the word -- use of recess periods to give us time to be more deliberative as there are many other procedural improvements which can be made. I assure Senator Reed that the commitment of the majority caucus continues and we will try to work with him during the interim so that we can improve matters. The Democratic majority is committed to an open and accountable process.

"I differ only on a technical point, Senator Reed's continuing assumption that there have been violations of the sunshine law. I thought his misunderstanding of the nonapplicability of Chapter 92 to legislative proceedings had been put to rest. I do not concur in that portion of the previous speaker's remarks."

Senator Crozier rose on a point of personal privilege as follows:

"Mr. President, when the Senator from the Island of Maui commented on the graying Senator, I assume he was talking about my jacket. Because, compared to other individuals in this process, I have a long way to go before I arrive in gray, Sir." (Laughter.)

At this time, Senator Chang introduced to the members of the Senate Miss Sunny Jones from Piedmont, California.

Senator Ikeda also rose to speak on a point of personal privilege as follows:

"Mr. President, I rise on a point of personal privilege.

"Mr. President, I hate to inform you or regret to inform you that there will be no more discussion nor corrections of technical flaws with S.B. 667 having to do with the natural area reserves.

"I have spoken to my House counterpart, Representative Mark Andrews, who is the chairman of the House committee managing this bill. He informs me that they recommitted the bill not because of the technical flaws, but because it didn't have a proper public hearing. That was done, Mr. President, despite the fact that late April 21st he sent me the following memo and I'd like to read it to you.

"After reviewing your proposed amendments to S.B. No. 667, S.D. 1, H.D. 2, we feel that the proposed draft is acceptable. Upon completion of a conference draft please deliver copies to my staff and we will circulate them for signatures.

"Regarding S.B. No. 1344, S.D. 1, H.D. 1, as discussed in conference on Thursday afternoon I am willing to accept the Senate's proposed amendments."

"I might add at this point, Mr. President, that the Senate did not have any amendments to offer at that point in time. The memo continues:

'Given the merits of the bill and closeness of positions between the House and the Senate, I believe the members of the conference committee, myself included, are more than willing to accept the proposed Senate amendments and any other clarifying amendments. Again, please have a conference draft prepared and delivered to my staff for House signature.

'If time is a problem my staff is available for any type of drafting or clerical assistance.'

"Mr. President, both bills were taken up at that Thursday afternoon and agreement was, the deferral was made on the part of the House at the request of the House to come up with amendments. The Senate then moved to draft its proposed amendments on both bills since no discussion took place on either one of the bills.

"Now, to find out after having this written agreement that the House has recommitted the bill because of the fact that it lacked a proper public hearing, it also puts a cloud on S.B. 1344 because that bill too lacked a proper public hearing.

"I am not suggesting, Mr. President, that the House recommit both bills. But, if the (House) chairman of the Committee on Planning, Energy and Environmental Protection, number one, is good for his word then both bills should be passed. If he isn't, and a public hearing or the lack of it is a problem, then both bills should have been recommitted by the House.

"Thank you, Mr. President."

At 1:24 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 1:29 o'clock p.m.

ADJOURNMENT

At 6:00 o'clock p.m., the Senate adjourned until 11:00 o'clock a.m., Tuesday, April 25, 1989.

SIXTY-FIRST DAY

Tuesday, April 25, 1989

The Senate of the Fifteenth Legislature of the State of Hawaii, Regular Session of 1989, convened at 11:18 o'clock a.m. with the President in the Chair.

The Divine Blessing was invoked by Father James Furman of St. Peter Episcopal Church, after which the Roll was called showing all Senators present with the exception of Senators Chang, Cobb, Fernandes Salling, Holt and Solomon who were excused.

The President announced that he had read and approved the Journal of the Sixtieth Day.

The following introductions were made to the members of the Senate:

Senator McCartney introduced Bob Kim as follows:

"I'd like to introduce a friend sitting in the audience who used to work with me when I worked here and we both worked for the dissidents. I'd like to introduce a good friend of mine, Mr. Bob Kim."

Senator Crozier introduced Andy Yamaguchi as follows:

"Mr. President, on behalf of all of my colleagues who cheered me on to try and attempt to break a record, I want to take this opportunity to introduce someone who helped me define what a record is. Yesterday I tied Ike Sutton's record. Today I broke his record, and possibly we broke it so that no one can ever break the record.

"Mr. President, what is so unique about this record is that it may never be broken, and there's only one other record, in sports anyway, that may never be broken and that record was set in 1938 by Johnny Vandemeer, and for you baseball buffs, you know he played for Cincinnati. What he had done, he had pitched two consecutive no-hitters. Now, that's quite a feat and for us to make an introduction every day, I don't know if that's a feat, but we did it.

"At this time, I'd like to introduce a man who helped me dig up this information. He works here at the Capitol, not as a lobbyist or as a staff person, but as a reporter. Anytime you folks want to know anything about anybody or anything, just check with this gentleman because he is a wealth of knowledge, especially in the sports background because he used to be the premier writer for the Honolulu Advertiser and after seeing his articles, the editor figured out his talents were either being wasted in the sports department or the sports department needed more talent there so they farmed him out to the legislative arm of the Advertiser.

"I'd like to introduce Mr. Andy Yamaguchi."

"Mr. President, I rise to speak against this bill. I note that we have adopted Conference Committee Report Nos. 31 and 91, with respect to other health initiatives, and I feel we should be giving priority to these local programs. Until those matters are fully funded to meet the needs of our own citizens, we ought not to expand the scope of our activities."

By unanimous consent, action on Conf. Com. Rep. No. 29 and H.B. No. 1902, H.D. 1, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO COASTAL ZONE MANAGEMENT," was deferred until Wednesday, April 26, 1989.

Conf. Com. Rep. No. 63 (S.B. No. 1344, S.D. 1, H.D. 1, C.D. 1):

Senator Blair moved that Conf. Com. Rep. No. 63 be adopted and S.B. No. 1344, S.D. 1, H.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Reed.

Senator Ikeda rose to speak in favor of this bill.

"Mr. President, yesterday we voted on this bill and then reconsidered the action taken when the chairman of the House committee managing the bill cast a cloud of

doubt on the legitimacy of both this bill and S.B. No. 667, because both bills lacked proper public hearing, according to him.

"As I indicated yesterday, both S.B. Nos. 667 and 1344 were treated in the same way in that final amendments to both bills were not discussed over the table. At the last conference meeting held on these measures no agreement could have been reached on S.B. No. 1344 since I, as the chair of the Senate committee, had not even decided what those proposed amendments would be. Although I did propose some language changes to the bill at our initial conference meeting, those changes were rejected by the House conferees at that time. I might add that the draft before you contains those previously rejected amendments.

"I guess Mr. Andrews, or Representative Andrews can afford to sign blank checks since agreements apparently mean nothing to him since he cavalierly breaks them as fast as he makes them. Except for the fact that the public will now be denied a public hearing prior to the conversion of land into natural area reserves and that that process will also lack legislative oversight, S.B. No. 667 contains nothing that we can't live without. The issue can be taken up again next year. And certainly the same can be said of S.B. No. 1344, except for the fact that by doing so, we lose the chance to be the first state in the nation to adopt this concept into law.

"One might argue that this should not be the overriding reason for passing this bill, and he would be correct. However, many people including this chairperson and my staff have worked hard on this legislation. While it is by no means perfect, it does represent a fair position and one which is certain to be modified in the future. It also makes a statement and that is that we care about what is happening to our environment and that we are willing to do something about it.

"I disagree with Representative Andrew's statement in this morning's newspaper that this bill is not significant. The bill and the committee reports are correct and in good order so the only compelling reason to suggest recommitting this bill is the question of whether or not another public hearing was required.

"Representative Andrews was asked to go through this formality and refused. As the Senate chairperson I contend that another public hearing was not required. The recess of the conference committee was called on Thursday afternoon, at the request of the House chairman, and it was also left subject to the call of that chair.

"We then received the memorandum of agreement which I read to this body yesterday, Mr. President, late Friday evening and followed its instructions to the letter. If Representative Andrews felt that another hearing was required he certainly did not request one nor did he convene one.

"I guess what I'm getting at, Mr. President, is that if a cloud exists it does so only because of the capricious acts of one individual who lacks integrity and whose ego is totally out of whack. I don't happen to feel that that is reason enough to deny the people of this state landmark legislation. Nor do I feel that such behavior should be given credence by recommitting this bill. It is my contention that no matter how legitimate the process, a person who does not keep his word will still find an excuse to not honor his commitment.

"Mr. President, we were elected to do a job for the people of this state. You and I and the rest of our colleagues have tried to do so to the best of our ability. I don't think that we should let the acts of one individual

who is apparently forgotten why he was elected to stop us from doing that job. Therefore, Mr. President, I ask you and my colleagues to support the passage of this bill. Thank you."

Senator McMurdo then responded:

"Mr. President, I would like to say that I am profoundly grateful to the Senator who has chaired the Agriculture Committee for giving this bill the boost so that it can pass so that we can show that Hawaii is really concerned about the future."

The motion was put to the Chair and carried, and Conf. Com. Rep. No. 63 was adopted and S.B. No. 1344, S.D. 1, H.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO OZONE DEPLETION AND GLOBAL WARMING," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, none. Excused, 5 (Chang, Cobb, Fernandes Salling, Holt, Solomon).

Conf. Com. Rep. No. 149 (H.B. No. 1879, S.D. 2, C.D. 1):

On motion by Senator Blair, seconded by Senator Reed and carried, Conf. Com. Rep. No. 149 was adopted and H.B. No. 1879, S.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE ENTERPRISE ZONES," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 17. Noes, 2 (Koki, McCartney). Excused, 6 (Chang, Cobb, Fernandes Salling, Holt, Solomon, Wong, R.).

MATTER DEFERRED FROM
MONDAY, APRIL 24, 1989

S.C.R. No. 38, S.D. 1, H.D. 1:

By unanimous consent, action on S.C.R. No. 38, S.D. 1, H.D. 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF TRANSPORTATION TO EXPLORE THE FEASIBILITY OF ESTABLISHING A DIRECT-ACCESS HIGHWAY TO THE H-1 FREEWAY FROM WAIKIKI," was deferred until Wednesday, April 26, 1989.

Senator Ikeda rose on a point of personal privilege:

"Mr. President, I'd like to rise on a point of personal privilege.

"Mr. President, I think my remarks in speaking in favor of S.B. No. 1344 clearly states my feelings on the way negotiations were handled on the part of the House. At this time, I would like to request that the Senate leadership file a formal letter of protest with the House leadership protesting the bad faith negotiations on the part of their House chairperson. Thank you."

ADJOURNMENT

At 11:41 o'clock a.m., on motion by Senator Blair, seconded by Senator Reed and carried, the Senate adjourned until 4:00 o'clock p.m., Wednesday, April 26, 1989.

SIXTY-SECOND DAY

Wednesday, April 26, 1989

The Senate of the Fifteenth Legislature of the State of Hawaii, Regular Session of 1989, convened at 4:12 o'clock p.m. with the President in the Chair.

The Divine Blessing was invoked by the Reverend Phyllis Roe, Samaritan Counseling Center of Hawaii, after which the Roll was called showing all Senators present with the exception of Senator Cobb who was excused.

The President announced that he had read and approved the Journal of the Sixty-First Day.

The following introductions were then made to the members of the Senate:

Senator Crozier made the following introduction:

"Mr. President, thank you for giving me this opportunity to solidify the record that my two cohorts to the left of me have forced upon me. And under their guidance, they recommended a few individuals, but before I get to them ... you know how records are set ... some of us do it quite openly and we strive for it and as you know there's lot of focus on us. But there are other people that set records and many of us don't know these things are happening. I'd just like to take the opportunity to flag out some of the records that took place this session that many of you don't know about, and I think it's important that these individuals be recognized for their accomplishments.

"For the most bills introduced by any Senator this year, and it's been confirmed by Common Cause, that honor goes to none other than the Senator from the Puna area, Senator Andy Levin.

"Mr. President, for the most introductions on one day in handing out certificates, that award goes to Senator Tony Chang. He gave out nine certificates, all on one day. That's also an achievement. He also has another award. He also set the record for putting on the most weight in this session.

"The award for most cumulative introductions ... I did one every day but this one individual did so many ... that award goes to the Senator from the Pearl City area, Senator Eloise Tungpalan.

"Finally, the award that I wish I could have achieved goes to Senator Dennis Nakasato for losing the most weight this session. His net loss was 18 pounds. I think it's quite an accomplishment.

"Mr. President, now to the introduction. Thank you for your patience, Sir, and members.

"A few years ago when we had a pay bill before us, I was a member of the House. When the vote was about ready to be taken and in an unofficial tally it came out 25-25 the pay bill died. Ever since then I've been constantly hounded by all directors and deputy directors to make sure where I was going to be on certain days. Today, at least eight of them came by my office to check to make sure that I was here.

"So, at this time, I'd like to recognize all the directors and deputies sitting in the gallery watching for the vote that will take place later on this afternoon. Please, all stand to be recognized."

The directors and deputy directors rose to be recognized.

Senator Hagino then made the following introduction:

"Mr. President, at this time I'd like to introduce one of the members of our 'ohana' who will be leaving us at the end of this session. It's none other than our majority attorney Bert Tomasu.

"I wanted to do something special so we had a certificate drawn up and whenever you draw up a certificate you'd like to say nice things about this person, so we asked all his friends and acquaintances and the response was unanimous. There was always silence after we asked them about anything nice to say about Bert. So in desperation I asked my staff to make sure that Bert ... is that his full name; isn't it Wilbert or Bertram, so we could write it a little big on the certificate so at least it wouldn't be so blank on it. No, they said, his name is Bert.

"Seriously, Mr. President, as this session draws to a close, I mean as we conclude another round of bill passage, we'll also be seeing the end of nine years of dedicated service of an individual who has had much to do with bills we have legislated. On behalf of this body, I would like to acknowledge Senate Majority Attorney Bert Tomasu.

"Tracing the chronology of his background, we find that he is a graduate of McKinley High School and the University of Hawaii. Of this I have some doubts, Mr. President. We wanted to do research on his record. We thought maybe he might have graduated with honors or something like that but they have no records that he even entered these institutions. (Laughter.)

"Upon graduation, he served in the United States Army and left that service as a first lieutenant. He then received his law degree from George Washington University in the mid-1970's. He worked as a staff attorney for (former) State Representative Dennis Yamada for two years, then returned to his private practice. He was appointed director of the Medical Claims Conciliation Panel with the then Department of Regulatory Agencies.

"Following that he returned to his private practice until 1980 when he was hired as Senate majority attorney. Having served in that capacity to the present, he has made his presence very evident, especially when deadlines rose around. When everyone scurries around in a frenzy, he remains cool, calm and collected, getting the job done.

"However, when he is not here at the Capitol, another aspect of his personality reveals itself. He is transformed into a tough, competitive, dead-serious, 9 to 11 handicapper who spends all his spare moments on the golf course. So if you need to get in touch with him after he leaves us, you won't have very far to look. He'll either be on the course in Hawaii Kai or at his new assignment with the Hawaii Labor Relations Board.

"Mr. President, fellow Senators and friends, please join me in expressing our sincere appreciation and best wishes to Bert Tomasu."

Mr. Bert Tomasu rose to be recognized and was presented the Senate certificate of recognition and leis.

Senator Mizuguchi then made the following introduction:

"Mr. President, on behalf of your Senators on 'murderers' row,' Senator Ikeda, Senator McCartney, Senator Matsuura and myself, we would like to honor our colleague, Senator Mike Crozier. As his manager and managing his famous record of most consecutive introductions this session, I thought that it would be appropriate to present him with a certificate, and I'd like to read the certificate at this time.

"The Senate of Hawaii congratulates Senator Mike Crozier. We, the members of the State Senate of the Fifteenth Legislature of the State of Hawaii, hereby recognize our esteemed colleague Senator Mike Crozier for his outstanding achievement in breaking the legislative record for the most number of consecutive days of floor introductions. This record was previously held by former Representative Richard Ike Sutton. We must, however, claim a share of the credit for Senator Crozier's record because we had to extend the legislative session for the sole purpose of accommodating him in his quest for the record. (So we know whom to blame, Mr. President, for this extension.)

"In the acknowledgement of Senator Crozier's record breaking accomplishment, which will assure him of a lasting place in the history, traditions and legends of the Hawaii State Legislature, we hereby proclaim him as a true and worthy successor to Ike Sutton, a goal to which many can aspire but very few can attain.

"Senator Crozier has always called me a natural, but today he's acclaimed a legend in Hawaii politics. Baseball has its Babe Ruth who hit 60 homeruns. Roger Maris came along and because of an extended season, he hit 61 homeruns. So we both know Babe Ruth and we both know Roger Maris. But in the Hawaii State Senate and the Hawaii Legislature, we have the one and only legend, Mike Crozier.

"I'd like during the recess for Senator Ann Kobayashi to present a lei but the lei rightfully belongs to Senator Matsuura, so after the presentation, Mr. President, can the lei go back to Senator Matsuura. (Laughter.) And during the first pass of signatures we could only get four signatures on this certificate. We will leave this certificate at the Clerk's desk so please, Senators, please sign this certificate to honor Senator Crozier.

"At this time I'd like to present to members of the Senate and the audience our legendary Senator, Senator Mike Crozier."

Senator Matsuura interjected:

"Mr. President, in regard to the lei, I want the Senator from Makakilo to keep that because I want to become famous. I want to be remembered that my flower lei, my garland, is the record holder, so I don't want the lei back."

Senator Crozier then responded:

"Mr. President, thank you very much to my colleagues and all members. For those that have not yet signed the certificate please sign. I promise that never, never, never again will I attempt something like this. Thank you very much."

At 4:27 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 4:31 o'clock p.m.

The Chair then interjected:

"Members of the Senate, if there be no objections, at this time we would like to take out of the order of the day, in the sequence printed, House Bill No. 205, H.D. 1, S.D. 1, C.D. 2, with Conf Com. Rep. No. 174, and move for the final reading of the State Budget."

There being no objections, the Senate took the following action on H.B. No. 205, H.D. 1, S.D. 1, C.D. 2, and Conf. Com. Rep. No. 174.

Senator Yamasaki, at this time, made the following introduction:

"Mr. President, before the vote on the budget is taken, may I introduce to this body the staff of the Ways and Means Committee who are seated in the gallery to observe the votes to be cast on the budget; also, Kevin Kuroda and Beth Fujimoto who are seated on the floor."

FINAL READING

Conf. Com. Rep. No. 174 (H.B. No. 205, H.D. 1, S.D. 1, C.D. 2):

Senator Yamasaki moved that Conf. Com. Rep. No. 174 be adopted and H.B. No. 205, H.D. 1, S.D. 1, C.D. 2, having been read throughout, pass Final Reading, seconded by Senator A. Kobayashi.

Senator Solomon rose to speak in support of the measure as follows:

"Mr. President, speaking in favor of the legislation, I just would like to inform you, Mr. President, that as far as your chairman on Higher Education is concerned I think that we have a budget that is befitting the 'year of the undergraduate.' Thank you."

Senator B. Kobayashi also in support of the bill said:

"Mr. President, I'd like to speak in favor.

"Education was greatly improved by this 1989 Legislature, but these improvements did not transform the public school systems into the education system 'second to none,' as stated by our governor. The difference between improvement and transformation, I believe, is significant.

"Allow me as an analogy to go back to my days at Liholiho Elementary School in Kaimuki where crown flower plants grew on campus covered with caterpillars. Students would take caterpillars and crown flower leaves and put them into a glass jar and then watch the transformation or metamorphosis of caterpillars into butterflies.

"When the governor speaks of an educational system 'second to none,' I believe he is speaking of butterflies. And when I speak of quality education, I am speaking of butterflies. We have amongst our public schools some butterflies, some truly fine schools. Not all of our schools are butterflies. So the goal as I see it is to transform all of our public schools on all of our counties into quality schools, to transform them into butterflies.

"This year we began this change -- this metamorphosis, this transformation -- into butterflies. Of course, transformation does not take one year. Education is not a passing concern. The concern for quality education will be before this body this year, next year, and in future years. This year we made a good start, but next year education will be back.

"This year we passed, among other things, a bill calling for \$90 million per year for school construction funds. This, I am told, is the biggest, single financial commitment ever made to improve education in Hawaii with a seven-year total commitment of \$630 million. These monies along with carry-over balances and interest accumulated over these seven years will allow the schools to plan and implement a 10-year program for school construction, and in the meanwhile save taxpayers almost \$1 billion in interest payments. So, in making this financial commitment which was the biggest ever in Hawaii history, we have also possibly saved the taxpayers the biggest single chunk of money in Hawaii taxpayer history.

"In this budget before us, we have some losses and some gains. But as you know, winning and losing is part of the legislative process. The governor's budget included a very substantial add-on. The budget then went to the House where monies were cut out of the budget. The Senate then took the budget and increased the governor's budget totals and then we went into conference. The Conference Committee came up with a budget in which during the first year the governor's request was exceeded

by approximately \$3.2 million, but decreased the governor's request by approximately \$1.9 million for the second year of the biennium. So, we will have some matters before us next year.

"May I repeat, quality education is not a one-year project. Education is an issue that we will face next year and in succeeding years. I would like to ask my colleagues here for your support for education in this budget and in budgets to follow, and also for the support of the community, faculty and staff in schools, labor unions and businesses for a commitment to quality education for the oncoming years, for as long as necessary to turn public schools into butterflies.

"Our school superintendent Charlie Toguchi, our former colleague in the Senate, has said there is much yet to be done and that this year is only the beginning of school reform. School-based management is one facet of that reform. School-based management alone is not reform. School based-management is one aspect which added to other aspects in future years will make for reform, will make for transformation. We have other groups such as the Chamber of Commerce Education Committee which has a slogan 'Ten years to the top' and this committee is committed to further pursuing the priority of quality education.

"In this morning's Honolulu Advertiser we saw an article in which education continues to be a concern for the Hawaii Business Roundtable. And, yesterday, I spoke to a retired teacher who told me that no matter what we did for education this year, education still needs our support and I believe she speaks for teachers in general.

"In closing, let me say that we have accomplished much but let us not rest on our accomplishments, remembering that we have taken only the first steps toward improvement of our public schools. Thank you very much."

Senator McCartney in support of the bill said:

"Mr. President, I rise to speak in favor of the budget.

"First of all, I'd like to commend our Education chairman for doing an excellent job, for taking us down that tough road and setting us on the right path. And I'd like to commend you for taking us on that path, Mr. President, and also the chairman of the Ways and Means Committee for putting some vision and foresight into the budget. And yes, it is only a beginning, and yes, a lot more commitment is needed.

"I feel this budget is a good budget and there are a lot of progressive, new innovative ideas in there that really deserve a lot of credit and a lot of merit. So it is a beginning, it has a lot of foresight, but I guess we do need to have a lot more commitment in years to come in order to make our educational system the best it possibly can be.

"Thank you very much for letting me be a part of this."

Senator Holt added his support and said:

"Mr. President, just a brief comment in support of the budget. I'd like to thank the chairman and members of the Ways and Means Committee for their hard work, especially the staff of Ways and Means. Every year I present them with some difficult recommendations which they have to take and go over the table with the House, and once again they stood their ground and came back with the Senate position. Thank you."

Senator Tungpalan also supported the measure and remarked:

"Mr. President, I rise to speak in favor of the budget because of its fairness and for the equitable distribution of funds throughout all the districts and the communities who we are here to serve. I especially want to thank the chairman for being able to meet the needs of our people, inspite of the pressure that was brought to bear on him because of the fact that we had so much surplus money. Sometimes it takes a statesman like Senator Yamasaki to do the job, and I'm really glad the budget was in his hands and hands of his staff.

"I shall always remember this, Senator, and this has been a very memorable session for me. Thank you."

Senator Crozier also added his remarks in support of the bill as follows:

"Mr. President, just a brief comment, speaking in favor of the budget. I'd just like to say from the Committee on Housing and Hawaiian Programs we appreciate the work of the Ways and Means Committee and the House side.

"The homeless were not forgotten nor were the low-income people in terms of housing. Affordable housing was made more available.

"And I'd also like to bring to your attention, Mr. President, that in the area of Hawaiian Home lands, the Legislature under the governor's package appropriated \$50 million in general obligation bonds and authorized \$50 million in general obligation and revenue bonds for infrastructure. May it be noted, Mr. President, that these monies are more monies spent in the next three years than the combined total of the past 15 years. It's quite an accomplishment."

Senator McMurdo also supported the measure and said:

"Mr. President, I feel that I would like to thank Senator Yamasaki, members of the committee and the staff for their forbearance and their patience in the way they went out of their way to keep me informed when I was ill, and I really appreciate it. It's a good budget."

The motion was put by the Chair and carried, and Conf. Com. Rep. No. 174 was adopted and H.B. No. 205, H.D. 1, S.D. 1, C.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE STATE BUDGET," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Reed). Excused, 1 (Cobb).

Senator Crozier spoke in support of the measure as follows:

"Mr. President, I rise to speak in favor of H.B. 646, H.D. 2, S.D. 2, C.D. 1, which is the biennial budget for the Office of Hawaiian Affairs. Mr. President, as a member of this venerable body, your chair of the Housing and Hawaiian Programs Committee, and as a part-Hawaiian, I am extremely proud of the OHA package that we present to you and my colleagues today for consideration.

"I would like to first thank my committee members, the Committee on Ways and Means and their chair Senator Yamasaki. I would also like to thank our counterparts in the House of Representatives, Representative David Ige and Representative Joe Souki, for their cooperation and support.

"Much of the work was made easier with the full cooperation and assistance of Mr. Richard Paglinawan, administrator of the Office of Hawaiian Affairs, and his able staff.

"Mr. President, the old adage 'a rising tide lifts all boats' can be used to describe the impact of the OHA budget will have on the lives of all Hawaiians and indirectly benefit the general public.

"Structurally, the delivery of service to the Hawaiian community will be enhanced by the authorization of two clerks for Kona and Kauai who will assist the presently over-taxed field representative on those islands.

"The administrative offices have also been strengthened by the inclusion of a quality assessment position to assist the administrator in evaluating the different programs.

"Also included is a program budget analyst to improve planning organizing and justifying budget requests.

"The Office of Hawaiian Affairs is in dire need of another accounts clerk to help catch up in the accounting work needed to be done. This position has also been approved by the Legislature. Another position which was requested by OHA was for a planner IV to review environmental planning documents. This position is badly needed because the cultural specialist who is supposed to do field work has been compelled to remain in the office reviewing the endless streams of environmental impact statements that OHA must evaluate.

"I firmly believe that the organization of OHA has been strengthened so it can effectively service the Hawaiian people.

"The Legislature agreed with the trustees of the Office of Hawaiian Affairs that certain new initiatives should be started to continue the rising tide.

"Another issue which I will continue to give my full support is to resolve the Native Hawaiian/Hawaiian blood quantum controversy that divides the Hawaiian community and cripples OHA's ability to effectively service both the Hawaiians and the Native Hawaiians.

"The Legislature has appropriated \$158,520 of General Funds (no Special Funds will be used) to allow the Office of Hawaiian Affairs to go out into the Hawaiian community and explain their reasons why the single definition should be accepted by the Hawaiian people. Then there will be a vote in order to determine whether their message was accepted by the people. I sincerely hope the people will give the trustees and their staff an opportunity to deliver their message.

"One program which will have far reaching effects will be the funding of \$103,000 for the 'Papa Ola Lokahi' a program to develop a comprehensive health care master plan for the purpose of efficiently appropriating \$19 million of federal funds through the Native Hawaiian Health Care Act.

"Another initiative is to appropriate \$50,000 to the Governor's Task Force for Hawaiian Services which will be chaired by the chair of the Office of Hawaiian Affairs. This task force will be made up of the major Hawaiian organizations and from the Governor's Office and the Legislature. The purpose of the task force is for the development of a master plan to coordinate the provision of services by public and private entities to Native Hawaiians and Hawaii population.

"Mr. President, beside the benefits derived from the Legislature for OHA the Hawaiian people were very fortunate to have the Legislature accept Governor Waihee's Hawaiian Home Lands package which includes \$56,977,263 in funding for the Department of Hawaiian Home Lands programs. The department received

\$6,334,263 in General Funds for operating costs for its 98 permanent positions.

"This is the first time that the Legislature has provided funding for 100% of the department's operating costs for its permanent positions realizing the mandate of the 1978 ConCon of which I was a member. Another \$50,643,000 in general and revenue bond funding was provided for the department's capital improvement projects. This will provide much needed infrastructure improvements to many of the unimproved lots awarded by the department during its acceleration program.

"This will provide more funding for infrastructure development for the department over the next three years than it has expended over the last fifteen years combined.

"Mr. President, the Hawaiian community can feel comfortable that their concerns were voiced through the Office of Hawaiian Affairs to the Legislature. And with the spirit of 'Malama Pono' the Legislature responded and did what was right."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 117 was adopted and H.B. No. 646, H.D. 2, S.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE OFFICE OF HAWAIIAN AFFAIRS," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Senator Mizuguchi rose to speak in support of the measure and said:

"Mr. President, I speak in favor of the conference draft of H.B. No. 920 which establishes a new Department of Public Safety.

"In my view and the view of many others, this is one of the major bills to be enacted this session.

"Its basic purpose is to provide a more effective organizational framework for the administration of correctional programs as well as those law enforcement functions conducted by the State.

"One of the major advantages of this new organization is to provide expanded and improved career opportunities for those who work in the corrections and law enforcement fields.

"Another advantage is better coordination of the various functions and consequently, the basis for more efficient operations.

"The establishment of the new department is to be carefully planned and implemented. We have adopted the approach of having all details for the new department to be developed by the Governor's management team. In this way, problems of transition will be resolved and minimized and the foundation for the new department will be more firmly established.

"This crucial legislation was possible only through the combined efforts of your Committees on Corrections, Judiciary and Ways and Means and our colleagues in the House. I want to thank every one of you who worked on this landmark measure, and I now ask all of you to support this bill in its final form.

"Thank you."

Senator Reed spoke against the measure as follows:

"Mr. President, I rise to speak against this bill.

"I have always liked the idea that good people serve in politics even though the pay isn't all that good. But this raise for the governor and all his cabinet members makes it clear that times and attitudes have changed.

"Presently, the governor makes \$80,000 a year. This 18 percent pay raise will bring him up to \$94,780 by 1990. Ninety-five thousand dollars is a lot of money compared to the average salary in Hawaii of \$19,000. In boosting the governor's salary by 18 percent, this bill will

simultaneously increase all of the governor's cabinet members' pay by approximately 25 percent, up to as much as \$85,302 by 1990. And of course, all of this pay boosting has a ripple effect throughout an already fat state government.

"I think the governor's present salary of \$80,000 -- especially with the free rent, food, cars and all the other perks and fringe benefits -- is plenty.

"Moreover, I don't think that we taxpayers should have to compete with the private sector in what we pay those who ask us to let them serve us in government. We should pay enough so that our elected officials don't have to take a second job. But we shouldn't pay too much, either. It seems reasonable to expect public servants to be committed to high thinking and simple living, rather than the reverse.

"With a reminder that the average salary in Hawaii is \$19,000, I urge a 'no' vote on this pay raise for the governor and his cabinet members."

Senator Blair spoke in support of the measure as follows:

"Mr. President, I rise to speak in favor of this measure.

"Frankly, I would refuse on principle to vote for anyone for governor who wasn't worth a whole lot more than this bill provides for.

"Earlier this week I introduced a couple of brothers who were sitting in the gallery and I'd like to remind the members of what I said then. I went to school with both of them. They're both fine, intelligent, hard-working individuals -- one of whom works for the state and one of whom works for the private sector. I see them as comparable individuals in many respects but I suspect that there's a tremendous difference in the paychecks that those two individuals receive.

"I think it's important for us to realize that the responsibilities of the people we're talking about here are at least as great as the responsibilities of anyone in private industry in the State of Hawaii. They are individuals who have, at tremendous sacrifice, agreed to serve the people; but each of these individuals, at some point, has to consider the sacrifices that they are forcing upon their families.

"I'm sure that most of them, if they were just individuals who had no other responsibilities than to themselves, would be willing to make the sacrifices that Senator Reed would like to have them make. But we can't look at these people as individuals, we have to look at them as heads of families with responsibilities beyond public service.

"And so there are limits to the extent to which we can ask them to forego the salaries that they would be receiving in the private sector.

"It wasn't too long ago that we saw in the Star-Bulletin the listing of some of the salaries paid in private enterprise. We have individuals receiving salaries in the several-hundred-thousand to a million-dollar range for responsibilities which are less than the responsibilities on individuals whom we today hear criticized for receiving five-figure incomes.

"We must be realistic, if we wish to attract the caliber of individuals necessary to do the job. We cannot be parsimonious and we cannot pander to perceptions of the public's desires in this matter. I think that there's a lot

of people out there who will appreciate our taking a principal stand in, if not being generous, at least being fair to the people who have the responsibility of running the state government property.

"If there is anybody that Senator Reed feels is not earning their salary, and even the salaries that are proposed here, he's free to speak to that. But as far as I'm concerned, most of these individuals have sacrificed in order to serve the public. It's a slap in their face if we tell them that we don't think they're worthy of these salaries. Frankly, most of them, even with these increases, are still not paid commensurate with their responsibilities. I hope that we will always provide salaries that attract hard-working individuals. To do otherwise is to be penny-wise and pound foolish."

Senator Chang also supported the measure as follows:

"Mr. President, I rise to speak in favor of this bill.

"As most of you know, I have the distressing habit of working late into the evening and early morning. This particularly bad habit, however, gives me the chance to personally witness the long, dedicated hours that many of the public servants in the governor's cabinet put in, all of whom I see sitting in the gallery this evening.

"Of course, there are some of their colleagues who do not put in the same hours but I think the governor knows who those individuals are and upon his re-election will think long and hard about reappointing those individuals. That is the way that the system operates.

"For those many members of the cabinet who put in the kinds of hours that I have witnessed, I think that this pay raise in fair, adequate, and long overdue. I only hope that we can come back next year and provide the same kind of living wage for those attorneys that we expect to provide legal services to Hawaii's indigent people."

Senator Holt added his support of the measure and said:

"Mr. President, I rise to speak in support of the bill because I feel that the governor, the lieutenant governor and most of his cabinet members work hard and they deserve the increase. However, as you know, Mr. President, there's always room for improvement. And I'd just like to request the governor to carefully evaluate the performance of his appointees before automatically granting the increases provided for in the bill."

Senator Matsuura then remarked:

"Mr. President, I also speak in favor of the bill.

"I used to be the agricultural coordinator for the State of Hawaii and I can tell you the kind of work that is involved in testifying in all of the hearings and preparing all the testimonies. I feel sorry for those directors that have to be confronted with all the questions that we ask of them and putting them in line in terms of answering correctly and getting the accurate information.

"They work long hours because I also call a lot of the directors in the early morning. It takes a lot of dedication, for those that serve. Looking at the attorney general, for instance, I think a person like that with his qualifications I would, if the bill here calls for doubling his salary, I'll vote for it."

MATTERS DEFERRED FROM EARLIER ON THE CALENDAR

Conf. Com. Rep. No. 81 (S.B. No. 1787, S.D. 2, H.D. 2, C.D. 1):

Senator Yamasaki moved that Conf. Com. Rep. No. 81 be adopted and S.B. No. 1787, S.D. 2, H.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Tungpalan.

Senator Tungpalan rose to speak in favor of the measure and said:

"Mr. President, I rise to speak in favor of this bill.

"The unique cultural values of the multi-ethnic peoples of Hawaii are affected by decisions made by all of us in state government. Of particular sensitivity to each group is the impact and response of government on those cultural values related to the treatment and protection of burials. This bill establishes a process to ensure the proper treatment and protection of native Hawaiian burial sites of major significance.

"This bill will augment current procedures that relate to the proper care and protection of burial sites and human skeletal remains found in the state. This bill would provide further protection for those sites of major historical or cultural significance such as Honokahua on Maui and Mokapu on Oahu in order to avoid future disputes arising from the discovery of human skeletal remains.

"This bill moves into uncharted area, and may be a landmark. But it is a necessary bill, and timely. I strongly support this bill, and urge you all to also support it. We will be making a positive statement about the

value of our historical and cultural traditions. Thank you."

Senator Solomon also spoke in support of the measure as follows:

"Mr. President, I also rise in favor of this bill.

"Mr. President, at the request of the Governor, I had gone earlier in the year to visit the burial site on Maui and, Mr. President, talking as an anthropologist, I was amazed at the immensity of the archaeological finds. But, Mr. President, I was simply taken aback by the Hawaiian groups that were gathered there, and they were in the midst of a 'hou weu we' or a lamenting ceremony. Mr. President, the Hawaiian groups were together so they could protest the further development or the further excavation of the site. We didn't even know what would happen to the future of the 'na iwi o Hawaii' or the 'bones of Hawaii.'

"Mr. President, I would like to say that your conferees worked very diligently on this bill. We had many concerns that we were able to work out, using the expertise of the Attorney General's office and many other experts. Mr. President, I am hoping that the House will see its way clear to pass this bill so that we can start to address this problem that has been in Hawaii for years.

"Thank you."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 81 was adopted and S.B. No. 1787, S.D. 2, H.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO BURIALS," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Cobb).

Conf. Com. Rep. No. 176 (S.B. No. 832, H.D. 1, C.D. 1):

On motion by Senator Blair, seconded by Senator Reed and carried, S.R. No. 254 was adopted.

S.R. No. 255, entitled: "SENATE RESOLUTION RECOGNIZING WITH GRATITUDE EACH OF THE MINISTERS OF RELIGION WHO OPENED A DAY OF THE SENATE, FIFTEENTH LEGISLATURE OF THE STATE OF HAWAII, REGULAR SESSION OF 1989, WITH AN INSPIRATIONAL INVOCATION," was offered by Senators Hagino and George.

On motion by Senator Blair, seconded by Senator Reed and carried, S.R. No. 255 was adopted.

Senator George then addressed the members of the Senate as follows:

"Mr. President, just a few words on behalf of your Minority members, if I may.

"All of us start the legislative session with high hopes and resolute determination to pass landmark laws and achieve a fair budget that will reflect both the desires and the needs of the citizens of our state. Because each of us begins with different hopes, different philosophies and different constituencies, it's inevitable that compromises and defeats will leave many of our original expectations stacked by the wayside.

"This session ends with no more than the usual number of these casualties -- and I venture we'll carry most of them as baggage forward to the next session. The Republicans, Mr. President, promise not to leave unemployment insurance reform, workers comp reform, and DUI license revocation by the wayside.

"Your Minority members worked hard, we stretched ourselves pretty thin to cover all the committees, and we left our footprints -- sometimes anonymously -- throughout this session's legislative product.

"We note that once again Republican offspring have been 'hanai-ed' by the Majority. This session we note belated recognition of the value of decentralization of school management, and a shift toward generosity in

funds for the counties. Noting that removal of the tax on food and medical services has long been central to Republican philosophy, we were pleased to support tax credits for medical care. In the budget's generous roster of support for child care programs, we commend the considerable reliance placed on private-sector projects.

"If you should need our support and assistance during the interim, Mr. President, we offer our cooperation. We would be especially eager to take part in any discussion of how the legislature can avoid the pandemonium of the closing hours of final decking. There is surely a more sensible solution than institutionalizing the extensions which have become more the rule than the exception. This year we didn't even need the Marketplace riots to disrupt what ought to be an orderly process. Just let us know how we can help.

"Thank you, Mr. President."

The Senate President then made the following closing remarks:

"Members of the Senate, today marks the close of the 1989 Regular Session of the Hawaii State Legislature.

"Looking back over the last three months, I think we can justifiably feel a sense of satisfaction and accomplishment. I would like to thank you all, my fellow Senators, for all the hard work and long hours that you've devoted to your legislative duties.

"In my opinion, some of our major accomplishments this year include:

- A well-balanced budgetary and fiscal package which includes funding for needed public services as well as tax reform and relief for our people.
- A significant move forward towards educational reform and improvement. Our children are our future and we are making a major commitment to our future.
- The creation of a new Department of Public Safety which will bring together diverse related programs leading to greater administrative efficiency.
- Landmark legislation to address the global concern about ozone depletion. Hopefully, Hawaii's example will lead the way for the nation and, indeed, for the world in addressing this most critical problem.

"The work of the Fifteenth State Legislature is not yet completed. We will have a full agenda awaiting us when we return next year to finish the job.

"The hour is late. It is not my intent to prolong this session by reciting a litany of legislation passed. I would like to close by again thanking you all - the Senators and also the staff people who worked so hard to keep the process moving. And, particularly at this time, I would like to acknowledge Senator James Aki for taking the Chair in my absence on a number of session days.

"Aloha and God bless you all. It's been my privilege serving with you."

The President then appointed Senators Aki, Hagino, Blair, A. Kobayashi and George as a Committee to inform the Governor and House of Representatives that the Senate is ready to adjourn sine die.

At 6:19 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 6:31 o'clock p.m. with the Vice President in the Chair.

Senator Blair, for the special Committee reported to the President that it has informed the Governor and the House of Representatives that the Senate is ready to adjourn sine die.

The President then discharged the Committee.

ADJOURNMENT

Senator Blair moved that the Senate of the Fifteenth Legislature of the State of Hawaii, Regular Session of 1989, adjourn Sine Die, seconded by Senator Reed and carried.

At 6:32 o'clock p.m., the President rapped his gavel and declared the Senate of the Fifteenth Legislature of the State of Hawaii, Regular Session of 1989, adjourned Sine Die.

"EXECUTIVE CHAMBERS

**STATEMENT OF OBJECTIONS TO HOUSE BILL NO.
1861**

Honorable Members
Fifteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 1861, entitled 'A Bill for an Act Relating to Housing.'

The intended purpose of this bill is to amend Section 201E-62, Hawaii Revised Statutes, to impose federal income limits (established by the Tax Reform Act of 1986), only and not state income limits for determining eligibility for Hula Mae loans. The bill also will delete the asset requirements for eligible borrowers.

I have been advised that the reference to a section of the Internal Revenue Code of 1954, as amended, contained in this bill will result in uncertainty as to the purpose of this bill. It is my understanding that Senate Bill No. 1360, which also passed, will more clearly accomplish the purpose of this bill. Since I intend to approve Senate Bill No. 1360, there is no necessity to also approve this bill.

For the foregoing reasons, I am returning House Bill No. 1861 without my approval.

Respectfully,

/s/ John Waihee

Governor of Hawaii"

WHEREAS, House Bill No. 1861, entitled 'A Bill for an Act Relating to Housing,' passed by the Legislature, was presented to the Governor within the aforementioned period; and

Gov. Msg. No. 345, transmitting his statement of objections to House Bill No. 1215 which he has returned to the House without his approval and which reads as follows:

"EXECUTIVE CHAMBERS
HONOLULU

April 26, 1989

**STATEMENT OF OBJECTIONS TO HOUSE BILL NO.
1215**

Honorable Members
Fifteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 1215, entitled 'A Bill for an Act Relating to Sentencing.'

The purpose of House Bill No. 1215 is to ensure that all job placements which are necessary to comply with court-ordered community service are coordinated through the Judiciary's Community Service Sentencing Program. The bill also is intended to make clear that individuals who have been assigned to a particular community service assignment do not thereby become employees of the work site.

While the bill ensures proper screening of an offender occurs before a particular community service assignment is made, it may be deemed to have altered the relationship between the State and the person sentenced to community service. Case law in some jurisdictions suggests that a person sentenced to community service may be an employee of the government for workers' compensation purposes, especially where the government agency exercises supervisory control over the person.

The existing version of section 706-605, Hawaii Revised Statutes, states that such a person 'shall not be deemed an employee for any purpose,' which would prevent him from being deemed an employee of the State or of the particular community service work site for workers' compensation purposes. The bill under consideration states that a person sentenced to community service 'shall not be deemed to be an employee of the assigned work site for any purpose.' Arguably this amendment limits the exclusion from employee status only to the assigned work site. If the exclusion applies only to the assigned work site, under the case law of other jurisdictions, a sentenced individual could contend that for the purposes of workers' compensation coverage, he is an employee of the governmental agency.

Also the bill seems to suggest that only a governmental agency can supervise a person engaged in community

service. This could conceivably result in the State's being held liable for not actively supervising a person working for a charitable organization or other community service group.

The amendments will create additional ambiguity that could result in costly litigation.

For the foregoing reasons, I am returning House Bill No. 1215 without my approval.

Respectfully,

/s/ John Waihee

State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 1995, entitled 'A Bill for an Act Relating to Motor Vehicles.'

The purpose of Senate Bill No. 1995 is to amend Section 291-21.5, Hawaii Revised Statutes, to increase the allowable variance for minimum luminous transmittance for sunscreening devices for vehicles.

However, Senate Bill No. 1995 is duplicative of House Bill No. 1222 which was also passed by the Legislature during the Regular Session of 1989, as Act 54, it is unnecessary to also approve bill.

For the foregoing reason, I am returning Senate Bill No. 1995 without my approval.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 1830, entitled 'A Bill for an Act Relating to Criminal Injuries Compensation.'

The stated purpose of Senate Bill No. 1830 is to permit the Criminal Injuries Compensation Commission, for good cause, to entertain claims for compensation filed after the eighteen-month limitations period specified by current law, when the victim is a minor or is mentally incapacitated.

However, House Bill No. 979, which was also passed during the Regular Session of 1989, will amend the same statute to generally allow claims beyond the eighteen-month limitations period to be considered by the commission upon a showing of good cause, regardless of whether the victim is a minor or mentally incapacitated. Since I intend to approve House Bill No. 979, which will accomplish the purpose of this bill, there is no necessity to also approve this bill.

For the foregoing reason, I am returning Senate Bill No. 1830 without my approval.

"EXECUTIVE CHAMBERS
HONOLULU

June 9, 1989

STATEMENT OF OBJECTIONS TO HOUSE BILL NO.
1197

Honorable Members
Fifteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 1197, entitled 'A Bill for an Act Relating to the Director of Health.'

The main purpose of this bill is to amend Section 26-13, Hawaii Revised Statutes, to add a requirement that the Director of Health must possess at least five years of experience in health care delivery, public health administration, or some other health-related field.

When the Hawaii Board of Health was created in 1851, there were no statutory qualifications for the position of the president of the Board of Health. In 1951, by Act 292, the Legislature imposed the following health related requirements on the position:

The president shall be a person who (1) has been or is eligible to be certified by the American Board of Preventive Medicine and Public Health, Incorporated, or (2) is (a) licensed to practice as a doctor of medicine or osteopathy in the territory and has successfully completed at least one year of graduate study leading to a degree in public health, and (b) has had, during the ten years next preceding his consideration for appointment, at least six years of practical experience in public health work, including supervision or administration of such work, in communities of not less than 50,000 population, or in the United States Public Health Service as a commissioned medical officer.

These same requirements were made applicable to the Director of Health of the State of Hawaii, the successor officer to the president of the Board of Health. However, in 1974, by Act 252, the Legislature repealed the qualifications originally enacted in 1951 on the ground that they were too restrictive and eliminated a large group of people who would otherwise have been qualified to carry out the duties of a position which is mostly administrative.

In 1987, the Legislature passed Senate Bill No. 349, which sought to add certain health-related qualifications to the position of Director of Health. In my statement of objections to that bill, I pointed out that the powers and duties of the Director of Health do not require the Director to personally treat patients and diagnose illnesses and that many mainland states such as California, Maryland, Nebraska, South Dakota, Kansas, Delaware, Idaho, and Alaska do not have statutory qualifications for their top health officers. I believed that the proposed requirements were too restrictive and would unduly limit the pool of qualified applicants for the position. House

Bill No. 1197 is similar to Senate Bill No. 349 of 1987 and raises the same concerns.

For the foregoing reasons, I am returning House Bill No. 1197 without my approval.

Respectfully,

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 1133, entitled 'A Bill for an Act Relating to Rental Agencies.'

The purpose of House Bill No. 1133 is to increase the severity of criminal penalties which may be imposed on individuals who fail to return rental property or rental vehicles within a specified period of time by incorporating these types of crimes into the penal code definition of theft.

While it is recognized that there is a problem with renters failing to return rental property in a timely

fashion, a penalty could result under this bill which would be disproportionate to the offense. For example, if property is eventually returned to its owner, albeit late, the offense, by virtue of the bill, would have to be charged as a felony if the value of the property meets or exceeds the dollar amount needed for felony theft.

On the other hand, if rental property is never returned at all, that crime can be handled by existing statutes on unauthorized control of a propelled vehicle or theft.

For the foregoing reasons, I am returning House Bill No. 1133 without my approval.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 636, entitled 'A Bill for an Act Making Appropriations for Collective Bargaining Cost Items.'

The purpose of Senate Bill No. 636 is to appropriate funds for cost items for pay adjustments for employees in the bargaining unit 4 white-collar supervisory employees' collective bargaining agreement. The cost items are for fiscal bienniums 1989-1991 and 1991-1993.

However, the collective bargaining agreement for bargaining unit 4 covers only fiscal biennium 1989-1991. Therefore, the appropriations for fiscal biennium 1991-1993 are unnecessary to fund the agreed upon cost items for bargaining unit 4.

For the foregoing reasons, I am returning Senate Bill No. 636 with the appropriations totaling \$650,954 for fiscal year 1991-1992 and the appropriations totaling \$482,848 for fiscal year 1992-1993 stricken from section 2 of the bill.

"EXECUTIVE CHAMBERS

June 13, 1989

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1476

Honorable Members
Fifteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 1476, entitled 'A Bill for an Act Relating to Tort Actions.'

The purpose of House Bill No. 1476 is to amend chapter 663, Hawaii Revised Statutes, by adding a new section which provides that a person shall not be liable in tort to a parent merely by reason of giving shelter or support to the parent's runaway minor child.

Persons relying on the bill may be lulled into a false sense of security. The bill only provides immunity from tort liability resulting from merely giving shelter or support to a runaway child, but it is difficult to understand how tort liability will result from the mere giving of shelter or support. At the same time, the bill does not abrogate liability for intentional or negligent harm to the child. Persons who render support or shelter

in reliance on this bill may nonetheless find themselves embroiled in suits based on the reasonableness or level of care provided.

Moreover, the immunity provided by the bill is not available to persons who have induced the minor not to return to the parent. Although the bill imposes no requirement for notifying the parent of the runaway child's whereabouts, serious concern is raised as to whether a person who shelters or supports a runaway child without notifying the parent may be said to have induced the child not to return to the parents. Furthermore, since the bill does not affect the liability of a person who acts in negligent disregard of the child's reasonable best interest, a further concern is whether such a person may have acted in negligent disregard of the child's reasonable best interests in not notifying the parent.

For the foregoing reasons, I am returning House Bill No. 1476 without my approval.

Gov. Msg. No. 373, transmitting his statement of objections to Senate Bill No. 449 which he has returned to the Senate without his approval and which reads as follows:

"EXECUTIVE CHAMBERS
HONOLULU

June 13, 1989

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 449

Honorable Members
Fifteenth Legislature

State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 449, entitled 'A Bill for an Act Relating to Energy.'

The purpose of Senate Bill No. 449 is to increase the principal amount of special purpose revenue bonds authorized to be issued to assist Mauna Kea Power Company in the construction and operation of a hydroelectric power plant on the Honolii Stream in Hawaii County from \$15,000,000 to \$10,000,000. While I do not disagree with the purpose of this bill, it appears, as hereinafter discussed, that this bill does not meet certain constitutional requirements.

An authorization to issue bonds has been considered to include an implied appropriation. Consequently, this bill contains an implied appropriation of \$5,000,000.

Section 9 of Article VII of the Constitution of the State of Hawaii provided that: 'no appropriation bill, except bills recommended by the governor for immediate passage, or to cover the expenses of the legislature, shall be passed on final reading until the bill authorizing operating expenditures for the ensuing fiscal biennium, to be known as the general appropriations bill, shall have been transmitted to the governor.' The general appropriations bill, House Bill No. 205, was transmitted to me on April 26, 1989. Senate Bill No. 449 passed on final reading on April 3, 1989. Since Senate Bill No. 449 does not meet either of the exceptions for passage before the general appropriations bill, it appears that this bill does not comply with the order of passage requirement of Section 9 of Article VII of the Constitution of the State of Hawaii and cannot validly become law.

For the foregoing reason, I am returning Senate Bill No. 449 without my approval.

State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 538, entitled 'A Bill for an Act Relating to Agricultural Loans.'

The purpose of Senate Bill No. 538 is to amend section 155-8, Hawaii Revised Statutes, to change the interest rate of class 'F' loans to six percent a year.

However, House Bill No. 958, which was also passed by the Legislature during the Regular Session of 1989, will also amend the same section 155-8 to change the interest rate on class 'F' loans to six percent a year. Because I intend to approve House Bill No. 958, there is no need to also approve Senate Bill No. 538.

For the foregoing reason, I am returning Senate Bill No. 538 without my approval.

Respectfully,

/s/ John Waihee
JOHN WAIHEE
Governor of Hawaii"

WHEREAS, Senate Bill No. 538, entitled 'A Bill for an Act Relating to Agricultural Loans,' passed by the Legislature, was presented to the Governor within the aforementioned period; and

WHEREAS, Senate Bill No. 538, is unacceptable to the Governor of the State of Hawaii;

NOW, THEREFORE, I, JOHN WAIHEE, Governor of Hawaii, do hereby issue this proclamation, pursuant to the provisions of Section 16 of Article III of the Constitution of the State of Hawaii, giving notice of my plan to return Senate Bill No. 538 with my objections thereon to the Legislature as provided by said Section 16 of Article III of the Constitution.

Gov. Msg. No. 375, transmitting his statement of objections to Senate Bill No. 846 which he has returned to the Senate without his approval and which reads as follows:

"EXECUTIVE CHAMBERS

June 13, 1989

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 846

Honorable Members
Fifteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 846, entitled 'A Bill for an Act Relating to the Rights of Students to Freedom of Expression.'

The purpose of Senate Bill No. 846 is to affirm that the rights of students under the constitutions of the United States and Hawaii to express themselves freely in the public school are not to be abridged. Although the bill literally seems to serve only as a reminder that public school students have constitutionally protected rights, the accompanying committee reports suggest that these rights are to be broader than the rights which the United States Supreme Court has construed the federal constitution to require in Hazelwood School District v. Kuhlmeier, 484 U.S. 260 (1988). There, the United States Supreme Court concluded that high school students' right to free expression was not so unfettered as to preclude school officials from controlling the content of student publications in order to ensure an environment conducive to learning.

While I have no trouble agreeing that students have constitutionally protected rights of free expression, I am not certain that the bill is precise enough to determine whether its provisions should be implemented with or without deference to the United States Supreme Court's decision in Hazelwood. Under these circumstances, because I am confident that existing Department of Education policies sufficiently protect students' right of expression, I believe school officials should be given the benefit of the Hazelwood decision.

For the foregoing reason, I am returning Senate Bill No. 846 without my approval.

Respectfully,

/s/ John Waihee
JOHN WAIHEE
Governor of Hawaii"

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 172

Honorable Members
Fifteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 172, entitled 'A Bill for an Act Relating to Beverage Container Holding Devices.'

The purpose of this bill is to protect the environment by prohibiting the retail sale of beverage containers connected by any material which will not decompose by photodegradation, chemical degradation, or biodegradation within one hundred twenty days of disposal.

A similar bill, Senate Bill No. 148, was also passed by the Legislature during the Regular Session of 1989. Senate Bill No. 148 deals with plastic connecting devices which connect beverage containers, motor oil containers, or other receptacles or consumer goods. I believe that approval of both bills will lead to ambiguities and inconsistencies which could make administration difficult. Since the broader bill would appear more fully and completely to carry out the Legislature's purpose to protect the environment, I intend to approve Senate Bill No. 148.

For the foregoing reasons, I am returning House Bill No. 172 without my approval.

Honorable Members
Fifteenth Legislature

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 518, entitled 'A Bill for an Act Relating to Exceptional or Valuable Trees.'

The purpose of House Bill No. 518 is to amend Section 58-3, Hawaii Revised Statutes, relating to exceptional trees, to expand the definition of 'exceptional trees' to include a tree or stand or grove of trees 'which represents an important community resource.'

Section 58-3, Hawaii Revised Statutes, presently defines 'exceptional trees' to mean 'a tree or stand or grove of trees with historic or cultural value, or which by reasons of its age, rarity, location, size, esthetic quality, or endemic status has been designated by the county arborist advisory committee as worthy of preservation.' The addition of the new wording will make the definition 'inherently vague and broad,' as was pointed out by one of the legislative committees. Consequently, the new wording could be cause for considerable controversy and a considerable increase in the workload of the county arborist advisory committees. Moreover, the expanded definition of 'exceptional trees' could be interpreted to include nearly every tree in existence and no longer be limited to truly exceptional trees.

For the foregoing reasons, I am returning House Bill No. 518 without my approval.

Respectfully,

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 1276, entitled 'A Bill for an Act Relating to Ohana Zoning.'

This bill amends section 46-4(c), Hawaii Revised Statutes, by requiring applicants for ohana dwelling permits to conduct a thorough search for covenants or deed restrictions prohibiting a second dwelling on the lot and to sign a notarized statement that the search had been made and no recorded covenant or deed restriction exists.

Senate Bill No. 1128, which was also passed by the Legislature during the Regular Session of 1989, will amend the same section 46-4(c) to delete the detailed requirements for ohana zoning and to merely authorize the counties to adopt reasonable standards to allow ohana zoning. Since I intend to approve Senate Bill No. 1128, which will give the counties the discretion to decide whether or not ohana zoning will be permitted, it is not necessary to also approve this bill.

STATEMENT OF OBJECTIONS TO HOUSE BILL NO.

Honorable Members
Fifteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 9, entitled 'A Bill for an Act Relating to Economic Development.'

The purpose of this bill is to establish the Hawaii Strategic Development Corporation to encourage economic development and diversification in Hawaii through innovative actions in partnership with private enterprises. The corporation will be established as an instrumentality and an agency of the State that will have the authority to coinvest public funds in private organizations and to use public funds to reduce the risks of private investments. The corporation will have the flexibility to provide a variety of types of financial assistance, including the guarantee of loans, letters of credit, revenue bonds, and other instruments of indebtedness.

I strongly support the encouragement of economic development and diversification in Hawaii through innovative actions in partnership with private enterprises, including the provision of venture capital. Unfortunately, I have been informed that this bill is defective and can not be implemented.

In its final form, language was inadvertently deleted between pages 12 and 13 of House Bill No. 9. Because of

this omission, sections 6, 7, and 8 of the new chapter to be added to the Hawaii Revised Statutes are missing entirely and sections 5 and 9 are incomplete. Since it is impossible to ascertain whether the remainder of this bill could stand alone and be effectuated in accordance with the legislative intent in the absence of these provisions, the existing portions of this bill cannot properly be severed from the missing or incomplete text.

In addition, one of the missing sections in the new chapter apparently would have established a revolving fund to be known as the 'Hawaii strategic development revolving fund.' Section 5 of this bill will appropriate \$6,000,000 for fiscal year 1989-1990 'to be paid into the Hawaii strategic development revolving fund.' Because there is no such revolving fund, the appropriation could not be expended by the corporation to provide the investments and financial assistance that the corporation is intended to provide.

Furthermore, under Section 13(8) of Article VII of the State Constitution, the option given to the Hawaii Strategic Development Corporation to guarantee instruments of indebtedness is a contingent liability that impacts the State's debt limit when such guarantees are issued. Such a contingent liability that impacts the State's debt limit must be considered in the findings required by Section 13 of Article VII of the Constitution, which states:

Effective July 1, 1980, the legislature shall include a declaration of findings in every general law authorizing the issuance of general obligation bonds that the total amount of principal and interest, estimated for such bonds and for all bonds authorized and unissued and calculated for all bonds issued and outstanding, will not cause the debt limit to be exceeded at the time of issuance.

Senate Bill No. 408, entitled 'A Bill for an Act Relating to State Bonds,' contains a declaration of findings as required by Section 13 of Article VII. However, the declaration of findings in Senate Bill No. 408 did not include consideration of the contingent liability that could be created by the guarantees made by the Hawaii Strategic Development Corporation to be established by House Bill No. 9, which guarantees will become 'bonds,' as defined by Section 12(1) of Article VII of the State Constitution, that are authorized but unissued if House Bill No. 9 were to become law. Consequently, enactment of House Bill No. 9 will invalidate the declaration of findings in Senate Bill No. 408 and will place into question the validity of all of the general obligation bonds authorized.

For the foregoing reasons, I am returning House Bill No. 9 without my approval.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 1464, entitled 'A Bill for an Act Relating to the Legislative Auditor.'

The purpose of Senate Bill No. 1464 is to compel the agencies which are the subject of audits or studies conducted by the Legislative Auditor to respond to any recommendations which the Auditor may make. The response is required to describe the actions taken to implement each recommendation or, if a recommendation is not implemented, the reasons for not implementing the recommendation.

This measure's committee reports indicate that it is prompted by concern that state agencies are not sufficiently motivated to respond to the recommendations which result from the Auditor's review, audit, examination or reports of their programs, operations, and fiscal transactions. From my perspective, the Auditor's reports and recommendations are inherently capable of eliciting responses from the agencies which have been the subject of the Auditor's scrutiny. Recommendations have been implemented without further ceremony; others have been studied and adjusted before implementation; and still others have been noted but not implemented. After all, they are recommendations only.

This process seems to have served well thus far. There seems little to be gained from formalizing a process which already exists. When the Legislature has disagreed with an agency's response to the Auditor's recommendations, it has pursued the matter further.

For the foregoing reasons, I am returning Senate Bill No. 1464 without my approval.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 90, entitled 'A Bill for an Act Relating to Reclamation of Lands.'

The purpose of Senate Bill No. 90 is to repeal Chapter 173, Hawaii Revised Statutes, which provides for the issuance of revenue bonds for the purpose of reclaiming submerged lands and providing access thereto. The repeal of Chapter 173 was proposed because the chapter had not been utilized and because it appeared to be a duplication of Sections 171-53 and 171-60, Hawaii Revised Statutes.

In the past, the State has not utilized Chapter 173 because the private sector has been willing to fund reclamation projects under Section 171-53 or 171-60. However, the reclamation of submerged lands through private reclamation projects under Section 171-53 or 171-60 does not preclude the State from undertaking in

the future the reclamation and development of other submerged lands through the issuance of revenue bonds under Chapter 173. Therefore, I believe that Chapter 173 still presents a viable avenue for the State to reclaim and develop its own submerged lands as foreseen by the Legislature thirty-two years ago.

For the foregoing reasons, I am returning Senate Bill No. 90 without my approval.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 676, entitled 'A Bill for an Act Relating to In-Service Training.'

The purpose of Senate Bill No. 676 is (1) to clarify that the Director of Personnel Services, State of Hawaii, may use the services of institutions, organizations, or individuals to provide in-service training for civil service

employees and (2) to establish a new advisory committee on training.

Section 1 of the bill amends Section 81-1, Hawaii Revised Statutes, by changing 'government employees' to read 'state civil service employees.' As a result, it is unclear whether the Director of Personnel Services now must provide training solely for civil service employees and not for civil service exempt employees in the Executive Branch. Arguably, these services may still be provided, based on the general powers of the Director.

Nevertheless, Senate Bill No. 676 is still ambiguous and could be interpreted to mean that the Director is no longer authorized to provide in-service training to civil service exempt employees. Such an interpretation would be greatly detrimental to ongoing and planned in-service training programs intended to include civil service exempt employees. The possibility of such a detrimental interpretation should not be risked.

For the foregoing reasons, I am returning Senate Bill No. 676 without my approval.

STATEMENT OF OBJECTIONS TO SENATE BILL NO.
816

Honorable Members
Fifteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 816, entitled 'A Bill for an Act Relating to Use Tax Overpayment.'

The stated purpose of this bill is to remove the three-year limitation period for taxpayers claiming refunds of use taxes paid to the State, where the use tax liability was upon, and paid by, another taxpayer.

This bill contains numerous defects in both form and substance.

1. Title. The primary statutory amendment is the insertion of an exception to the three-year limitation period specified in section 237-40(d), Hawaii Revised Statutes. That section is in Chapter 237, titled 'General Excise Tax Law,' and is not in Chapter 238, titled 'Use Tax Law,' of the Hawaii Revised Statutes, although section 237-40 is referred to in Chapter 238. The effect of this bill is to amend both the general excise tax law and the use tax law to remove the three-year limitation period for claiming refunds. The removal of the limitation period with respect to general excise taxes is clearly not expressed in the title 'Relating to Use Tax Overpayment,' and appears to be in violation of section 14 of Article III of the State Constitution, which requires that '[e]ach law shall embrace but one subject, which shall be expressed in its title.'

2. Open Limitation Period. The open limitation period provided for in this bill will subject the State to an unknown number of claims.

3. Payment of Interest. This bill is silent regarding the question of whether interest must be paid on claimed amounts, and thus by operation of law interest would be recoverable. This could also subject the State to millions of dollars of unknown claims.

For the foregoing reasons, I am returning Senate Bill No. 816 without my approval.

The purpose of this bill is to allow spouses of institutionalized medicaid recipients to retain at least \$60,000 in assets and \$1,5000 in income without jeopardizing their spouse's medicaid eligibility.

This bill is unnecessary because medicaid eligibility standards are established by the State through administrative rules. The State is bound to follow the federal law in establishing medicaid eligibility and the federal law changes frequently. By retaining the eligibility standards in the administrative rules process, the State maintains the necessary flexibility for conforming its standards to federal changes. The rules can be amended much easier and quicker than statutes can be amended.

STATEMENT OF OBJECTIONS TO HOUSE BILL NO.

Honorable Members
Fifteenth Legislature

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 475, entitled 'A Bill for an Act Relating to Disaster Relief.'

House Bill No. 475 amends section 209-29, Hawaii Revised Statutes, on eligibility for disaster relief loans, by adding a new subsection providing that lead contamination of water catchment system constitutes a state disaster, and providing that owners or lessees of buildings with water catchment systems certified by the Department of Health as containing lead are entitled to a personal loan of up to \$5,000 for a replacement system.

House Bill No. 475 also amends Section 209-30, Hawaii Revised Statutes, by increasing the amount available under the State's disaster relief program for personal loans from \$5,000 to \$15,000 and for commercial loans from \$25,000 to \$50,000.

In its original form, House Bill No. 475 only included the provision increasing the personal and commercial loan amounts under the State's disaster relief program. This was certainly needed, as the current amounts had been set in 1961 and unchanged since that time. It is clear that additional state loans should be made available to any citizen or business, who have the misfortune of being victims of a disaster, and the increase in those amounts to \$25,000 for personal loans and \$50,000 for commercial loans seemed reasonable.

However, the Senate amendments to House Bill No. 475 added a provision regarding water catchment system. This provision attempted to pre-determine lead contamination in water catchment systems as a state disaster. In doing so, however, the amendment failed to provide any lead contamination levels, and further failed to even indicate whether the catchment system was used for human consumption. Thus, under the amendment any discernible amount of lead in a water catchment system would entitle the owner to a disaster loan, and this

could include any discernible level in a system used for irrigation or livestock.

This was never the intent of the State's disaster relief program. Unfortunately, this amendment makes the entire bill unacceptable, even the much-needed loan increases provided for in the original bill.

For the foregoing reasons, I am returning House Bill No. 475 without my approval.

Honorable Members
Fifteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 160, entitled 'A Bill for an Act Relating to Environmental Assessments.'

The purpose of House Bill No. 160 are to amend Section 343-2, Hawaii Revised Statutes, by including proposed agency plans in the definition of actions that may require an environmental assessment and to amend

Section 343-5, Hawaii Revised Statutes, to require an environmental assessment for any proposed use within any special management area.

The inclusion of proposed agency plans in the definition of actions that may require an environmental assessment substantially increases the number of environmental assessments to be done by the agencies. These assessments will increase the administrative costs of the agencies and will place an additional burden on and delay in the preparation of agency plans that have minimal or no environmental effect.

This bill would also impose the requirement for an environmental assessment under Chapter 343, Hawaii Revised Statutes, for any proposed use within a special management area. Presently the counties are authorized, pursuant to Chapter 205A, Hawaii Revised Statutes, to establish procedures for reviewing special management area use permit applications. This bill imposes upon the counties the requirement for an environmental assessment as part of the review procedure. Preparation of the environmental assessment will delay review of special management area use permit applications and will include assessments which are not relevant to special management areas. The counties have expressed to me their desire to retain their discretion in this area, and I agree with them.

The purpose of House Bill No. 112 is to require an owner's permission before a duplicate key is made or possessed, or before an inscription saying 'do not duplicate' is removed from the key.

While the intent behind the bill is a good one, that is, restricting the availability of duplicate keys so that they cannot be used to commit burglaries, a number of questions would arise should the bill become law. The bill does not specify what would be needed to prove that someone is a legitimate owner of the lock that the key operates. The bill does not also specify who the owner is in certain instances, for example, a car purchased by means of a loan. Is the owner the registered owner, legal owner, or both? "EXECUTIVE CHAMBERS

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 1430

Honorable Members
Fifteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 1430, entitled 'A Bill for an Act Relating to Fishing with Drift Gill Nets.'

The purpose of Senate Bill No. 1430 is to ban the use of drift gill nets within the 200 mile exclusive economic zone (EEZ) surrounding Hawaii. This bill will impose a \$50,000 fine for the possession and \$250,000 fine for the use of drift gill nets in the 200 mile EEZ surrounding Hawaii. Any ship on which a violation occurs will be barred from using State harbor facilities or from fishing within 200 miles of the Hawaiian Islands for five years.

Although, as pointed out in one of the legislative committee reports, this bill attempts to carry out a policy of the State to assert the interests of this State as a partner with federal agencies in the sound management of the ocean resources within the United States exclusive economic zone, the actual wording of the bill appears to be in conflict with federal law. The Magnuson Fishery Conservation and Management Act (16 U.S.C. §§ 1801-1882), commonly referred to as the 'Magnuson Act,' specifically prohibits a State from regulating any fishing vessel outside its boundaries, 'unless the vessel is registered under the law of that State' (16 U.S.C. § 1856(a)(3)).

However, the State's jurisdiction over vessels registered under Hawaii law must still be consistent with the federal law and regulation. Under the federal regulations implementing the Magnuson Act, fishing with drift gill nets is already prohibited (50 C.F.R. § 685.21), but there is an important exception -- 'where authorized by an experimental fishing permit issued under' the federal regulations. No similar exception is provided for in this bill. Literally, this bill prohibits the use of possession of drift gill nets without limitation to vessels registered under Hawaii law and without exception for federal experiments.

Furthermore, the five-year penalty barring any ship from using Hawaii harbor facilities or fishing in waters 200 miles from Hawaii's shores may also impermissibly burden interstate commerce and thus violate the Commerce Clause.

For the foregoing reasons, I am returning Senate Bill No. 1430 without my approval.

State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 212, entitled 'A Bill for an Act Relating to Fishing Regulations.'

The purpose of House Bill No. 212 is to strengthen the prohibition against the fishing or taking of opelu with fish or animal bait except with hook and line within certain waters off the coast of South Kona, island of Hawaii, by making the presence of any fish or animal bait in any fishing boat with lift net aboard within those waters a per se violation of law.

Although the purpose of this bill has merit, the wording of this bill will create undo hardship on those persons who do not fish within those waters but who must pass through those waters to reach unrestricted areas in which fishing with fish or animal bait and lift nets is permitted. I believe that this result was not intended by the Legislature.

For the foregoing reasons, I am returning House Bill No. 212 without my approval.

STATEMENT OF OBJECTIONS TO HOUSE BILL NO.
604

Honorable Members
Fifteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 604, entitled 'A Bill for an Act Relating to Health Care.'

The purpose of this bill is to appropriate \$3,000,000 of state funds to provide \$2,800,000 to the Department of Human Services to subsidize medicaid institutional providers beyond the federally allowed medicaid reimbursement limits and to provide \$200,000 to the Office of Legislative Auditor for a fiscal audit of the medicaid institutional providers to determine the differences between the actual costs and rates of payment for certain items.

However, that part of the appropriation intended to be used to subsidize medicaid institutional providers beyond the federally allowed medicaid reimbursement limits is a grant of subsidy subject to the requirements of Chapter 42, Hawaii Revised Statutes. It is my understanding that the \$2,800,000 grant or subsidy was not made in accordance with the requirements of Chapter 42.

Furthermore, even if this bill did meet the requirements of Chapter 42, providing additional reimbursement to the medicaid institutional providers could potentially

jeopardize federal contributions to the State's medicaid reimbursement system.

For the foregoing reasons, I am returning House Bill No. 604 without my approval.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 1156, entitled 'A Bill for an Act Relating to a Capitol Tour and Information Service Program.'

The purposes of House Bill No. 1156 are to establish a pilot State Capitol tours and information services program to be administered by the Governor's Office of Information, to establish an interim committee to determine the scope and effectiveness of the program, and to appropriate funds to establish and maintain the program.

While a Capitol tours and information services program has merit, the establishment of the pilot program and an interim committee to evaluate the program at this time is inappropriate. The State Capitol will be closed to the public for renovations and asbestos removal between July 1990 and December 1992. Therefore, no tours of the State Capitol can be given during fiscal year 1990, the second year of the proposed pilot project. Expanding funds to establish a two-year program which can function for only one year does not serve the public interest.

The Office of Information will be able to plan for the establishment of a Capitol tours and information services program. The planning for the establishment of such a future program does not require the enactment of this bill.

For the foregoing reasons, I am returning House Bill No. 1156 without my approval.

**"EXECUTIVE CHAMBERS

**STATEMENT OF OBJECTIONS TO HOUSE BILL NO.
434**

Honorable Members
Fifteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 434, entitled 'A Bill for an Act Relating to Coral.'

The purpose of House Bill No. 434 is to ban the sale of any stony coral of the taxonomic order Madreporaria, after July 1, 1990.

Section 188-68, Hawaii Revised Statutes, presently prohibits the taking of live stony coral of the taxonomic order Madreporaria, except with a permit issued by the Department of Land and Natural Resources. This bill will absolutely prohibit the sale after July 1, 1990, of any stony coral of that taxonomic order 'for any reason.'

The major problem with this bill is that by prohibiting the 'sale' or 'offer' to sell the designated coral type, it essentially eliminates the possibility of importing such coral from other nations or states. It appears that the intent of this bill was to prevent the depletion of this type of coral from the Hawaiian Islands, but the effect of the bill is to prevent the use of such coral in Hawaii, two entirely different things.

In addition to this major defect in House Bill No. 434, it is my understanding the prohibition in this bill will result in considerable hardship to certain farmers who use stony coral as a soil conditioner and to businesses that have stockpiles of stony coral imported from foreign countries for the manufacture and sale of coral jewelry. Furthermore, the State Department of Transportation sells or arranges for the sale of coral removed during the construction and maintenance of harbors and there presently is a large stockpile of coral removed during the construction of the Barbers Point Harbor that is being periodically sold for various uses.

While the apparent intent of House Bill No. 434 is clearly a good one, the actual effect of its operation would create considerable economic harm.

For the foregoing reasons, I am returning House Bill No. 434 without my approval.

"EXECUTIVE CHAMBERS HONOLULU

June 16, 1989

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1685

Honorable Members
Fifteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 1685, entitled 'A Bill for an Act Relating to Environmental Impact Statements.'

The purposes of this bill are to provide a means for an aggrieved person to petition an agency for reconsideration of a determination by the agency that an environmental impact statement (EIS) is or is not required and to deem the Office of Environmental Quality Control to be an aggrieved party for the purpose of bringing judicial action regarding acceptance of an EIS.

This bill amends Section 343-5, Hawaii Revised Statutes, to create a process whereby 'any person aggrieved by the determination' may appeal agency determinations regarding whether an EIS is or is not required. The process provides that aggrieved persons may submit, in conjunction with their petition for reconsideration, evidence to the agency for its consideration.

While this bill seems to be well-intended, it is defective in several respects. First, it is unclear whether the 'reconsideration' allowed under the bill is only on the record of the prior proceedings, or completely 'de novo.' If the latter, this bill will have the probable impact of effectively doubling the entire process. Further, if this is a 'de novo' reconsideration, there would be an incentive for persons to withhold information from the original consideration, and submit it only if the decision is adverse to their position.

Second, the bill is silent with respect to notice to the interested parties upon a petition for reconsideration by an aggrieved party. Further, there appears to be no process by which these interested parties can rebut the 'supporting evidence' to be introduced by the aggrieved party.

Third, there are monumental practical as well as legal problems involved in making the Office of Environmental Quality Control an 'aggrieved' party for bringing judicial actions on petitions.

In addition to these specific problems with the bill, the basic concept of permitting any person to trigger a mandatory reconsideration on an EIS determination could have far-reaching ramifications for the entire economy of this State that must be considered. I agree that all possible methods to improve the EIS process must be

explored, but it must be done on a system-wide basis, not in a piecemeal fashion, so that both the rights of all parties and the impact on the State as a whole can be reviewed.

For the foregoing reasons, I am returning House Bill No. 1685 without my approval.

Respectfully,

Gov. Msg. No. 397 transmitting his statement of objections to Senate Bill No. 1297 which he has returned to the Senate without his approval and which reads as follows:

"EXECUTIVE CHAMBERS
HONOLULU

June 16, 1989

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 1297

Honorable Members
Fifteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 1297, entitled 'A Bill for an Act Relating to Tourism.'

The purposes of Senate Bill No. 1297 are to establish the Office of Tourism within the Department of Business and Economic Development for administrative purposes and to establish a seven-member Hawaii Tourism Commission within the Department of Business and Economic Development.

The objective of this bill is to give tourism a stronger position and a higher profile in state government. I agree that tourism historically has not been given the priority it clearly deserves from state government, and that this must be changed. The types of changes envisioned by this bill appear to be in the right direction. However, these changes are quite dramatic and will have both short-term and long-term impacts on the tourism industry and on our State as a whole. Because of this, the conference committee on this bill apparently intended this bill to take effect on July 1, 1990. Unfortunately, however, the final version of this bill would implement these massive changes on July 1, 1989. This clearly, is not feasible in light of the magnitude of the changes involved.

However, I have already begun to move in the direction intended by this bill, although in different ways.

In April 1989, I approved a departmental reorganization of the Department of Business and Economic Development which will provide a clearer definition of purpose, focus, and integration with other economic development programs. The staff of the Tourism Branch has been increased from three to twelve persons and will have a clearer mission to focus on such programs as cultural tourism, tourism impact, and the convention center. In addition, the office has been physically relocated to more prestigious and dignified surroundings which give it a heightened profile in the industry.

As a result of these recent developments, the Tourism Branch is now structured to account for the uniqueness of each of its special services or programs, and has increased its capability to function as the central agency for tourism by focusing on strategic planning and marketing, increased management of the Hawaii Visitors Bureau and other contractors, monitoring tourism impacts, developing cultural tourism, and thus providing a comprehensive approach to tourism planning and development.

These types of improvements are only a beginning. Because of my continued concern, I believe more can, and should, be done to transpose the Department of Business and Economic Development into a department equally committed to tourism and other business development. In this regard, it is my intention to work with the Legislature, the tourism industry, and members of the public to review all current tourism programs and to continue to elevate the role of tourism in state government.

For the foregoing reason, I am returning Senate Bill No. 1297 without my approval.

Respectfully,

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 828, entitled 'A Bill for an Act Relating to Birth Defects.'

The purpose of this bill is to add a new part to chapter 321, Hawaii Revised Statutes, to establish within the Department of Health a statewide Hawaii birth defects monitoring program.

Presently, Hawaii Revised Statutes Sections 321-31 and 338-2 in conjunction provide the needed statutory authority for the Department of Health to administer a birth defects monitoring program and to collect statistical data on birth defects. The Family Health Services Division of the Department of Health has in fact undertaken a birth defects monitoring project by utilizing the general enabling statute, Section 321-31 of the Hawaii Revised Statutes. Accordingly, at this point in time, a need for specific statutory provisions on birth defects monitoring has not been demonstrated.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 99, entitled 'A Bill for an Act Relating to Health.'

The purposes of this bill are to establish within the Department of Health a Hawaii health registry to be administered in conjunction with the Hawaii tumor registry and other health registries, to collect data on morbidity and mortality in Hawaii, with special emphasis on environmentally related health risks, and to repeal Section 322-5, Hawaii Revised Statutes, which authorizes the Department of Health to enlist the help of prisoners in the removal of nuisances and causes of sickness.

Existing programs administered by the Epidemiology Branch and Research and Statistics Office of the Department of Health fulfill essentially the same function as that proposed by the bill for the establishment of a Hawaii health registry. Section 338-2 of the Hawaii Revised Statutes already provides the needed authority for the Department of Health to establish a Hawaii health registry. To this extent, the passage of Senate Bill No. 99 is not necessary.

"EXECUTIVE CHAMBERS
HONOLULU

June 16, 1989

STATEMENT OF OBJECTIONS TO SENATE BILL NO.
269

Honorable Members
Fifteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 269, entitled 'A Bill for an Act Relating to Deceptive Trade Practices.'

The purpose of Senate Bill No. 269 is to add to the list of deceptive trade practices in Section 481A-3, Hawaii Revised Statutes, the representation that the amount of tax due pursuant to Chapter 237 or Chapter 237D, Hawaii Revised Statutes, is in excess of the amount of tax payable by the person.

Chapter 237 is the General Excise Tax Law, which imposes a tax on the privilege of doing business. The tax is imposed on the gross income or gross receipts of the business, with the most commonly known rate being the four percent tax imposed on the gross income of businesses engaged in retail sales and services.

Chapter 237D is the Transient Accommodations Tax Law, commonly referred to as the hotel room tax. This tax is imposed on the gross receipts received from furnishing transient accommodations, such as the hotel room rental charge. The tax is levied at the rate of five percent of the gross rental proceeds derived from furnishing transient accommodations.

I support the intent of this bill, to prevent a person from deceptively inflating prices or charges.

However, I believe that this bill will cause confusion over the amount of tax that the State imposes and on who the tax is imposed. The general excise tax and the transient accommodations tax are imposed on the gross receipts of the businesses, not on the customers of those businesses. The general excise tax on retail sales and services is four percent and the transient accommodations tax is five percent. I believe that this bill may cause the average consumer to believe that the State has imposed these taxes directly on them.

For the foregoing reasons, I am returning Senate Bill No. 269 without my approval.
