ADVISE AND CONSENT

Ldr. Com. Rep. No. 2957 (Gov. Msg. No. 341):

Senator A. Kobayashi moved that Ldr. Com. Rep. No. 2957 be received and placed on file, seconded by Senator Hagino and carried.

Senator A. Kobayashi then moved that the Senate consent to the nomination of GAIL C. NAKATANI for 4th Judge of the Circuit Court of the First Circuit, for a term of ten years, in accordance with the provisions of Article VI, Section 3, of the Hawaii State Constitution, seconded by Senator Hagino.

Senator A. Kobayashi rose to speak in support of Gail Nakatani for Judge of the First Circuit Court and stated:

"Mr. President, I speak in favor of the confirmation.

"Literally, there were about a hundred testimonies in favor of Gail Nakatani. There were few negative concerns and we did look into it very carefully but found that there were no reasons to hold up the confirmation of Gail Nakatani. She did come through with flying colors.

"Ms. Nakatani has been a fighter all her life. She comes from very humble beginnings in Pepeekeo on the Island of Hawaii. Her father, Shigemitsu Nakatani was with the ILWU and we were saddened at the hearing we found that he wasn't able to see how well his daughter has done, but we know that he's looking down from above and we know that he's very proud of her accomplishments. Because of her fine, outstanding qualities as an attorney we know that she will make an excellent circuit court judge and I urge her confirmation. Thank you."

Senator Solomon also rose to speak in support of the nominee and said:

"Mr. President, I rise to speak in support of the nominee and to support the remarks of the previous speaker.

"It gives me great pleasure to ask my colleagues to vote in favor of this 'ohana' who comes from the Big Island and is truly a 'keiki o ka aina' story. Gail Nakatani has done very well and, of course, her family is very, very proud of the fact that she will be serving as a circuit court judge.

"Thank you."

Senator Matsuura also spoke in support of Ms. Nakatani as follows:

"Mr. President, I also speak in support of the nominee.

"Mr. President, very few people have stood in the ILWU soup line and Gail Nakatani is one of them. I

know she is proud to say that she stood in a soup line during the early years of the ILWU. Many people don't understand the upbringing of people that have grown up on sugar and pineapple plantations. She has the scars of working in the sugarcane fields and any person who loves spam as I do, and salami and the rice balls, and becoming a judge, she's got my vote. Thank you very much."

Senator Blair then rose to request a conflict of interest ruling from the Chair as follows:

"Mr. President, I request a conflict ruling in that the law firm in which my wife is a partner has represented Gail Nakatani in a civil matter?"

The President ruled that Senator Blair was not in conflict.

Senator Mizuguchi also rose to speak in support of the nominee and said:

"Mr. President, I rise to speak in support of the nominee, Gail Nakatani.

"I am from the sugar plantation town of Pepeekeo, Hawaii. There are a lot of important people that have come from that community but I'm really happy for Gail because our families are very close and we have all heard about her father's work in trying to make Hawaii a much more better place for everyone. He worked very hard with the union during those very, very difficult times in Hawaii but, today, Hawaii is a place where all people can have equal access and equal opportunity for advancement.

"I would like to congratulate Gail and tell her all of the people of Pepeekeo are very happy for her appointment to the circuit court. Thank you very much."

The Chair remarked:

"Gail, I think you dad is a very happy man."

At this time, Senator A. Kobayashi introduced Ms. Gail Nakatani who was seated in the gallery, accompanied by her mother and a group of friends.

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Senator A. Kobayashi rose to speak in support of Ms. Paula Nakayama for Judge of the First Circuit Court and said:

"Mr. President, I rise to speak in support of the confirmation.

"All of the testimony presented at the confirmation hearing of Paula Nakayama was positive. Ms. Nakayama will make an excellent circuit court judge because of her

outstanding qualities and her experiences with the law firm of Shim, Tam, Kirimitsu. We're all delighted that she was selected and we're even happier that she made it through the confirmation process with such ease.

"I recommend her for confirmation."

Senator Solomon also rose to speak in support of the nominee and said:

"Mr. President, I speak in support of the remarks of the previous speaker and also in support of the nominee.

"When I had an opportunity to visit with Paula, she impressed me as being a person who is people oriented. I was very impressed when she talked about community issues with confidence. I'm very happy that she was appointed to the circuit court and urge all my colleagues to vote in the affirmative. Thank you."

Senator Matsuura also supported the nominee and remarked:

"Mr. President, I too lend my support to this nominee.

"When I first found out that Paula was a plaintiffs' attorney, and all of you know my feelings toward plaintiffs' attorneys, I was especially tough in my interview with Paula. I can tell you that she passed with flying colors. I urge your support of this nominee. Thank you."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Fernandes Salling).

- Conf. Com. Rep. No. 77 (S.B. No. 2258, S.D. 1, H.D. 1, C.D. 1):
- By unanimous consent, Conf. Com. Rep. No. 77 and S.B. No. 2258, S.D. 1, H.D. 1, C.D. 1, were recommitted to the Committee on Conference.
- At this time, Senator McMurdo rose to speak on a point of personal privilege and stated:
- "Mr. President, I rise on a point of personal privilege. I feel very, very bad about getting up to make this speech and announcement today, but I feel compelled to do it.
- "Friday night, Mr. President, the House and the Senate met on Senate Bill 2882 to try to come to an understanding and an agreement on the convention center bill and on the task force. And we did so. You know my feelings on convention centers. I was pleased with this

bill because I thought that because we had opened it up to a statewide site selection that in that case I could feel free to vote for it, and also I was pleased about the task force. I won't get into all of those details now, but only to say that the important thing, as far as my voting for this bill, was that it was now a statewide selection plus the fact that anything that the authority did -- the Convention Center Authority -- would have to come back to the Legislature for approval.

"I left the room feeling pretty good about it, until I got up and saw the Honolulu Advertiser, Saturday morning. There is a statement in there by the chairman of the Convention Center Authority which, as far as I am concerned, blows the whole thing.

"The bill says the authority can look statewide for a site '... but chairman Donald Takaki said the focus remains in or near Waikiki, "close to where the hotel rooms are." Takaki said the authority has talked with First Development about linking up with their convention center project at the old Aloha Motors site. "It's the most logical site at this time, but it depends on whether we can structure something," Takaki said. He said the authority has talked to several other parties as well.'

"Saturday evening, he is a little softer in the Star-Bulletin. He says that this bill gives him more flexibility to choose a site. But again, he says the priority is to build something in Honolulu. A strong candidate is the City and County's project which is the Aloha Motors site.

"Now, these announcements about building in or near Waikiki were made immediately after the adjournment of the Conference Committee the other night. Furthermore, Donald Takaki came to a hearing in the Senate with a similar bill talking about statewide selection, and I heard him say, 'Well, we don't need to look around the state, we already know all the sites.'

"Now, Mr. President, I think this is the height of arrogance. I think it is the height of insolence, and although it pains me to do this I'm going to ask that Donald Takaki resign as the chair of the Convention Center Authority and let us put somebody in there who can be objective about this search.

"I hope that my colleagues will bear with me and maybe ask the same thing. Otherwise, I feel that, unfortunately, I will have to go down on the bill.

"Thank you very much."

Senator Matsuura also rose to speak on a point of personal privilege and said:

"Mr. President, I rise to speak on a point of personal privilege.

"This morning I'm going to speak on behalf of the good Senator from Maui, chairman of Ways and Means. I think we owe the public, the taxpayers an explanation because both of us may have been responsible for this extension which we are experiencing now. An explanation is in order to the public as to why we have held our ground in trying to accomplish what we had started to do.

"It all started with a missing telephone light, and it's amazing what a request for a simple light can turn out to become. Through our inquiries and hearings, Senator Yamasaki and I introduced a number of resolutions that addressed some of our concerns. It addressed such topics as the sole source Selex contract with GTE, Hawaii Inc., the non-bid contracts, ERS retirement funds, re-organization of the Division of Finance, and so on.

"Anticipating that some of these resolutions may never make it because all of these resolutions had to have the concurrence of both houses, the chairman of Ways and Means, as a backup position, included the language of these resolutions into the budget as provisos.

"Let me cite a few examples as to why we had taken such a hard stand in trying to implement some of our requests.

"As I have said previously, the state has spent over \$440,000 developing a statewide telecommunications system for the State of Hawaii. The University of Hawaii also did a study to determine whether to go with the PBX system or with the Selex system. The Judiciary did the same thing. All three studies indicated that they should go to the PBX system. But for some unknown reason, at the last minute, when all the bid proposals for the PBX system and also for the Selex system were to be advertised, the director of Budget and Finance decided to go non-bid on a Selex system. I have yet to find any document, no proposal whatsoever from GTE to the State of Hawaii for the Selex system.

"Now, without having a bid proposal, I don't know how they wrote the state contract up, but this is what happened.

"The next thing we did was to look into the contract itself. Was the contract favorable to the State of Hawaii or was it favorable to GTE? Was it a fair contract? It appears that the state bought a Toyota for the price of a Mercedes. The purchase of the telephone instrument was a good example. I showed you two identical piece of instruments and the cost difference was \$100.00. The only reason for the \$100.00 difference was that it went out on bid. How do you account for that extra \$100.00 when the instrument itself cost \$67.

"Your telephone that sits on your desk cost the State of Hawaii 750 bucks. I'm sure we could have gotten, on a volume purchase, a much better price had it been bid out.

"One of our jobs is to be responsible and to make sure that the taxpayers don't pay for any of these excesses. We looked at the contract and some of the prices that had been quoted by different vendors and we came up with our own study. Our study shows that the state could have saved 20% to 25% of the cost by going with the PBX system. The good thing about going with the PBX system is that the state would have owned the system in five years, contrary to what we have with the Selex system. It will always be owned by GTE. That's one example.

"The second example I want to cite is the toll charges. The toll charges for inter-island calls for the State of Hawaii for the month of February was \$50,448.25. Now, this is over and above the WATTS and flex line cost which we paid \$20,247.81.

"Some of you may remember three years ago, the state auditor made a study of the inter-island cost. The auditors have found in that investigation that GTE was getting about \$72 million in revenues for the inter-island calls. The operation cost was \$20 million. So, theoretically, there would be a net profit of about \$52 million. This study was done three years ago. I'm sure that the profit margin has increased considerably since that time.

"One may ask, what does that have to do with our Selex system. It has a major bearing in that in our contract, the Selex contract, it is specified that the state inter-island calls will be connected to the state-owned

microwave system as soon as possible. The state has its own microwave system. GTE has their own microwave system. Our microwave system is not fully utilized. The contract calls for the state inter-island calls be connected to our microwave system. This would have reduced one monthly bill by at least \$50,000 a month.

"The contract was signed on January 2, 1990. Our microwave system was operational in 1989. Why isn't it connected even today? Why? Well, if you're going to get \$50,000 extra a month, you wouldn't want to connect up either. The citizens of the State of Hawaii suffer because they are paying for the bill.

"Example three, this has to do with the video terminals. The ICSD staff had negotiated the price to buy these NTI video terminals. The price was negotiated but then all of a sudden the director of Budget and Finance says, 'You don't buy directly from the manufacturer but buy through GTE.' The cost is an extra \$70.' Now, \$70.00 per unit may not sound very much but the state has bought 750 units and the state was going to buy an additional \$2 million worth. Fortunately, that order is on hold right now because of the inquiries we have made. The sad part is that the purchase of these video terminals were made through Hawaii Inc.

"I don't remember putting any money into Hawaii Inc. to buy all of these video tex terminals. These funds were coming out of another budget line item through the Budget and Finance ICSD.

"I could go on and on and cite more examples but this is not the time or the place for that. All I wanted to do was to share with you and explain to the public as to why this extension of two days was necessary. I am hoping that we will end up having the appropriation to study and to evaluate the appropriateness of the selection process, decisions, contract negotiations and execution and project implementation of the sole source Selex contract. We are also asking, since GTE has never been audited for almost eight years, I think the PUC should open up a docket to look into their cost of operation. It could be that the ratepayers may have a reduction in their phone bill.

"The chairman of Ways and Means has also pursued to improve the procurement system. There are no state rules and regulations regarding procurement. Therefore, I can assure you that there have been no laws broken by anyone, no regulations or rules broken because there are none. This is one of the reasons the chairman of Ways and Means is quite adamant that we at least have some legislation to close these loopholes of sole source and the amendments that follow. I was literally shocked when I first found out about the number of sole source contracts and the amendments that followed these sole source contracts. This is one of the reasons why the good Senator from Maui, the chairman of Ways and Means has been quite adamant that we at least fix this flaw before the session ends.

"People have said many negative things about us but I can assure the public that Senator Yamasaki and I want nothing from this. The only thing we are looking for is that the taxpayers will gain in the sense that whatever the state purchases and whatever services that the state buys, that it be done in a very fair way and at the right price and service.

"We had to read about three feet of documents, staying up till 3 o'clock in the morning trying to gather information from our hearings, etc. It has been a monumental task. I want to go home myself. We're all tired and I know all of you have done a marvelous job of passing your bills in your areas of responsibility of which I am very grateful. However, this extension was

necessary because of our concerns that have not been addressed to our satisfaction.

"So, in conclusion, the only thing I can give as good news to you is at least all of you have a light on your telephones. The House still does not have a light on their telephones.

"We apologize to you folks and to the public. I know all of you want to go home and I want to thank all of you for your understanding.

"Thank you very much, Mr. President."

Senator Koki also rose to speak on a point of personal privilege and said:

"Mr. President, I would like to speak in support of the previous speaker's remarks. As far as I am concerned, I am willing to stay here a lot longer, more than a couple of days, to get to the bottom of these things.

"You know, when you talk about homeless cabins going out at such ridiculous costs with non-bid arrangements, I think we should look at the emphasis. If the businesses that are out there are going to take the money if we are willing to give it, I think the emphasis on our audit and investigation should look at the state as the culprit.

"When you start reading about how the director of Budget and Finance has his hands everywhere -- he's also on the board of trustees of the Employee Retirement System -- we have well connected people that are making millions of dollars. I want to encourage the Senators that are responsible for taking the time and saying, listen, we got to put money in there for an audit, it will be money well spent. I just wish the emphasis would be looking at where the state has gone wrong.

"Thank you."

Senator McCartney also rose to speak on a point of personal privilege and said:

"Mr. President, I speak in support of the chairman of the Science and Technology Committee and as a member of his committee I would like to commend him for his efforts. I am proud to be a member of his committee and I think that he has made some in-roads in looking at correcting some behaviors and practices that need to be looked at. I commend you for that. Thank you for taking that stand."

Senator Cobb also rose to speak on a point of personal privilege and said:

"Mr. President, rising to speak in support of the chairman of the Science and Technology Committee, I recall a few years ago we had legislation that required bids on virtually any dollar amount -- \$3,000 then \$4,000, \$5,000. I just wondered about the exceptions in other areas that were not covered by this bill or by that previous legislation.

"What's happened this session stands as a good case in point that there ought to be bids for all state contracts for any dollar amount over a threshold figure, whether it's \$10,000 or \$5,000 and that should apply without exception. But when you create exceptions, you create loopholes. You create situations such as we have now. So if it does mean staying extra time, I can only hope the House will begin to see the light but I support the chairman of the Science Committee in his endeavor to get this kind of audit done because I think the groundwork has been laid for a bid law without exception for any threshold dollar amount, \$10,000 or more."

Senator Ikeda also rose on a point of personal privilege and said:

"Mr. President, I rise on a point of personal privilege.

"Mr. President, I too rise in support of the chairman of the Committee on Science and Technology. Frankly, I think that if he is being blamed for extending the session, it's a bum rap.

"I think that we have a duty here to not only handle what is presented to us as responsibilities as chairmen and members of committees but we also have a duty to follow our convictions. I believe that this is what the chairman is doing.

"Money for this kind of investigation is necessary and it should not be put in a position of being weighed against human services funding. I think that was very unfair. I think that if there is a cancer in the system, then certainly we should cut it out before it spreads. I commend the Senator for his courage and his efforts and I support him all the way. I think that it is high time that we get to the bottom of this whole situation. Get the facts and let the public know exactly what is occurring and, if it is wrong, then we should fix it.

"On the other matter regarding extending the session, I also want to thank the two chairmen because it has given this committee chair more time to work on what has turned out to be a very complex legal drafting job. And without the extra time, I'm afraid that we would not be able to do as credible a job on reforming the no-fault insurance law. We have used the time wisely and it is my hope that by this evening we will have a final product for you.

"Thank you."

At 12:13 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:14 o'clock p.m.

At 12:15 o'clock p.m., on motion by Senator Hagino, seconded by Senator Reed and carried, the Senate stood in recess until 6:00 o'clock p.m.

"EXECUTIVE CHAMBERS
HONOLULU

April 27, 1992

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 3746

Honorable Members

Sixteenth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 3746, entitled 'A Bill for an Act Relating to Highway Safety.'

The purpose of House Bill No. 3746 is to provide statutory guidelines for the issuance of driver's licenses to people with epilepsy. However, the Department of Transportation already has a Medical Advisory Board (MAB) which has guidelines to address driver privileges for persons with epilepsy. This bill would by-pass the MAB and its guidelines, setting a precedent for other exceptions to an established process for handling medical conditions.

For the foregoing reason, I am returning House Bill No. 3746 without my approval.

Respectfully,

/s/ John Waihee
JOHN WAIHEE
Governor of Hawaii."
