#### FINAL READING

S.B. No. 2020, S.D. 2, H.D. 3:

Senator Tungpalan moved that S.B. No. 2020, S.D. 2, H.D. 3, having been read throughout, pass Final reading, seconded by Senator Iwase.

Senator Levin rose to speak in support of the measure as follows:

"Thank you, Mr. President. I rise to speak in favor of the bill. I would like to note, for the record, that on line 18 of page 1, there is a phrase that reads, 'consisting of a contiguous area of not less than acres.' I think the legislative record should reflect that that clearly is meant to indicate not less than one acre, and that the development zone for the University of Hawaii, West Hawaii, should not be deemed defective and should be allowed to go forward. I would like to have that registered as legislative intent. Thank you."

Senator Iwase then made the following remarks:

"Mr. President, thanking the previous speaker, I'd like to offer, for the record, a comment with respect to the University of Hawaii, Kapolei. The Department of Land

and Natural Resources has approved the set-aside of 500 acres for the campus and that should be noted for the record. There is also a bill which involves a land exchange, which has moved through both houses, which makes reference to 500 acres for the U.H. Kapolei, and should be so read in this bill. Thank you."

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 2020, S.D. 2, and S.B. No. 2020, S.D. 2, H.D. 3, entitled: "A BILL FOR AN ACT RELATING TO LAND USE," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, none. Excused, 4 (Fernandes Salling, Ikeda, McCartney, Reed).

#### RE-REFERRAL OF HOUSE CONCURRENT RESOLUTION

The President re-referred the following House concurrent resolution that was received:

House Concurrent Resolution	Referred to:
No. 107	Committee on Housing

At this time, Senator A. Kobayashi, for the Committee on Executive Appointments, requested a waiver of the required hours of notice of a public hearing on Gov. Msg. Nos. 392 to 395, and the Chair granted the waiver.

Senator A. Kobayashi then rose on a point of personal privilege as follows:

"Mr. President, may I rise on a point of personal privilege?"

"Mr. President, I'm very disturbed and upset that these names from the governor have been coming down so late, especially on important boards like the PUC, the Board of Regents, the Land Board, the Land Use Commission, and the Convention Center Authority. We received close to 180 names and had to hold hearings on them in three days in order to meet deadlines. It really does not give us time to investigate a lot of the concerns that have come up at the hearings. It does not give the public an opportunity to respond. Many people have called in very upset that they were not able to participate in the public hearings process and I understand how they feel. I sympathize with them. I hope that in the future, names of these very important boards and commissions will come down in a timely manner. Thank you."

Senator Solomon also rose on a point of personal privilege and said:

"Thank you, Mr. President, I rise on a point of personal privilege.

"Mr. President, I am in support of the remarks of the previous speaker. I think that this is a very serious situation and I'm hoping that you will communicate our concerns to the governor. It is quite difficult at such a late time in the session for many of the members to attend the hearings, being that we are obligated to attend conferences and have other obligations that we have to take care of. It's very important that these names for confirmation come early so the committee can deliberate on them. Thank you."

Senator Matsuura rose on a point of personal privilege and stated:

"Mr. President, on a point of personal privilege.

"I don't want to give the impression that I am the watchdog of this body, but I think that we should do things by a procedure that is pretty much accepted by the voting public. I was not aware that this resolution was being brought to the floor for the final vote. Since this resolution did not have a hearing at all in the Senate body it concerns me because the public had no input and has no idea that this measure is now on the floor and we voted on it. The public had no opportunity, at least in the Senate, to make comments on these resolutions.

"I'm not objecting to the material in the resolution -- it's just the standard procedure. We cannot afford to let the public think that we are doing things that they are not aware of. I am told that these things have happened in the past. I cannot, Mr. President, remember any substantive resolution that has come to this Senate floor for a vote without first having a public hearing. Maybe it happened in the House, but not in this Senate body, as far as I've been here.

"On the other side of the coin, as you remember in my previous objection, we had one bill that had 80 people who testified against it and one person who had no knowledge of the issue supporting it and yet we passed it. So my comment at that time was why have a public hearing if you're going to have 80 people testifying against, and there is nobody really in favor, why are we passing such a bill in the Senate?

"So again, it is the negative public perception of this Senate body and we should really try to avoid these actions. With that, Mr. President, thank you."

Senator Iwase, rising on a point of personal privilege, then stated:

"Mr. President, I'd like to rise on a point of personal privilege and I'd like to thank the previous speaker for his comments.

"I think we are all aware that, given the closing days of the Legislature, we are under severe time constraints. There are procedures involved which we can follow to try and get resolutions to the floor. I believe they will be adhered to. This includes waiving resolutions to the floor.

"I would support, rather than just raising the issue, a point about reforming the present structure and perhaps the previous speaker can provide some solutions to that. I would not support more than 60 days of the legislative session but, perhaps, he might, and also finding the money for it. I would, however, support limiting resolutions that each Senator can introduce and perhaps limiting the number of resolutions which each Senator can have passed. I think we should continue to look at these reform objectives and perhaps come forward with a reasonable plan that takes into account our timetable.

"And finally, I probably would support the previous speaker being a watchdog. President Roosevelt appointed Joe Kennedy to head the Securities Exchange Commission because Joe Kennedy had played in the stock market and knew all the tricks. Therefore, President Roosevelt felt that no one could pull anything over Joe Kennedy. I would think that the previous speaker would be an excellent choice to be our watchdog.

"Thank you."

Senator B. Kobayashi also rose on a point of personal privilege, as follows:

"Mr. President, I rise on a point of personal privilege.

"I'd like to support the comments of the prior speaker. In this particular case, where we are not on the last day, there is actually time to have a public hearing, even with a -- how would you say -- hasty public hearing notice. I think that, if at all possible, a procedure should be adopted so that all resolutions come to the floor with a public hearing. For myself, for instance, in the Health Committee, on this latest round of resolutions, almost all of the resolutions from my committee are resolutions that we have heard before, usually in virtually the same, if not the exact same, language. So the contents of the material coming to the floor are the same, or almost the same, as those that previously had come to the floor and had passed the Senate and gone over to the House. But, nonetheless, when the House passed over their resolutions to the Senate, given that there was time, we did hold public hearings on all of these resolutions, be they virtually identical, and after public hearings, have brought them to the Senate floor.

"Thank you."

Senator Matsuura rose again on a point of personal privilege and said:

"I appreciate the Senator from Mililani offering me the position of watchdog. We don't need a watchdog if things are done properly and fairly. I have a resolution that I introduced in this body that is in the Legislative Management Committee. It is to continue the Senate Investigative Committee. If you will bring something like that down I will still speak against something like that because it does not go through the proper procedure. Now, I'm sure that there will be a lot of public support for that resolution so why don't we bring that resolution to the floor for a vote because the public would want to see how we would vote on that resolution. We could bring that resolution out for a vote. The Chairman of the Legislative Management Committee could do it, but I don't think that would be proper unless it had a public hearing. I would be one who champions to get that resolution on the floor for a vote, but I would object if that was done without a public hearing at the committee level. That's the point that I'm trying to make. Let's get some public input first before we vote on any issue. It is the proper procedure.

"I don't give a thinker's damn what the House does. On this Senate floor, we should follow a proper procedure so that there'll be no misunderstanding, as far as the public, in regards to our integrity.

"Thank you."

The Chair responded:

"Thank you, your points are well taken. We'll take all your comments under advisement."
