

FIFTY-SECOND DAY

Wednesday, April 16, 1997

The Senate of the Nineteenth Legislature of the State of Hawaii, Regular Session of 1997, convened at 11:39 o'clock a.m. with the President in the Chair.

The Divine Blessing was invoked by Rabbi Avi Magid, Temple Emanu-El, after which the Roll was called showing all Senators present.

The President announced that he had read and approved the Journal of the Fifty-First Day.

The following introductions were made to the members of the Senate:

Senator Taniguchi introduced John de Mello, Kent Untermann, John Lee, John Kreag, Randy Havre, Peter and Jane McClaran, Derek Kurisu, William Honjiyo and Signe Godfrey, all of whom were 1997 Small Business Administration Award Winners.

Senator Tam introduced three gentlemen from the Honolulu Police Department who represent the Drug Abuse Resistance Education (D.A.R.E.) program in Hawaii: Officer John McEntire, President of Hawaii D.A.R.E. Officers Association; Deputy Chief William Clark; and Asst. Chief Michael Carvalho.

Senator Kawamoto, on behalf of himself and Senator D. Ige, introduced Cheryl Inouye and congratulated her on becoming the 1997 Hawaii State Spelling Bee Champion. Accompanying Cheryl was her mother, Susan Inouye.

Senator Kawamoto then introduced Admiral Archie Clemins of the United States Navy and congratulated him on becoming the 28th Commander in Chief of the United States Pacific Fleet. Accompanying Admiral Clemins was his wife, Marilyn.

At this time, President Mizuguchi invited Admiral Clemins to address the members of the Senate and the audience and appointed Senators Kawamoto and Sakamoto to escort him to the rostrum.

Admiral Clemins addressed the members of the Senate and their guests as follows:

"Thank you. Mr. President, distinguished Senators, members of the gallery, it's certainly an honor for me to be here. I've had the great fortune of spending 20 of my last 22 years in the Pacific -- all the way from Japan to California. As you all know, we're about -- if not already there -- to invoke on the Pacific Century and you will play a great deal to do with that and the economic success that we all have will depend a lot on what happens in the Pacific throughout the next 20 years. With that, we in the military hopefully will do our part to maintain the stability in this region so economics can thrive. And we try to do that very well.

"The people we have in the military today are the finest there is throughout all of society. We also like to be very good citizens and we like to share with you and to work to solve the mutual issues that we have to deal with. So, speaking on behalf of sailors and marines, men and women, officer and enlisted, of the United States Naval Service, I'm very happy to be here. We're happy to be in Hawaii and we're happy to work with you to deal with the issues in this very important area of the world.

"Thank you very much."

At 12:03 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:12 o'clock p.m.

ORDER OF THE DAY

RE-REFERRAL OF HOUSE CONCURRENT RESOLUTIONS

The Chair re-referred the following House concurrent resolutions that were received:

House Concurrent Resolution	Referred to:
No. 49	Committee on Commerce, Consumer Protection, and Information Technology
No. 165	Committee on Commerce, Consumer Protection, and Information Technology

MISCELLANEOUS COMMUNICATION

Misc. Com. No. 4, from Celia C.U. Suzuki, Administrative Assistant to the Governor, dated April 8, 1997, transmitting a letter correcting the terms of expiration for the nominations to the Kaneohe Bay Regional Council (Gov. Msg. Nos. 153 and 269), was read by the Clerk and was placed on file. In accordance with Act 317, Section 7, SLH 1993, the terms of the

nominations listed under Gov. Msg. Nos. 153 and 269 shall expire on July 1, 1998.

Senator Baker rose on a point of personal privilege as follows:

"Mr. President, I rise on a point of personal privilege.

"Mr. President, some weeks ago this body unanimously adopted a resolution calling upon the governor of our state to withdraw a nomination before your Committee on Commerce, Consumer Protection, and Information Technology because the nomination was impaired. Recently, Mr. President, you and I received a communication relative to that and I would like permission to read it into the Journal.

'Dear Senators Mizuguchi and Baker:

I will not be able to nominate a successor for Greg Pai prior to the end of this legislative session.

I've received many nominations and applications from labor unions, business and private citizens. I welcome nominations from the senators as well.

Greg Pai will resign on the last day of the session. I am advised by the Attorney General that his participation in PUC decisions up to that date is legal and proper.

I will be leaving for Japan on April 15th and return on April 19th. Please direct your inquiries to Charles Toguchi during my absence.

Aloha,

/s/ Benjamin J. Cayetano
BENJAMIN J. CAYETANO'

"Mr. President, unfortunately, this leaves us in a position of not having a clear, formal withdrawal as the unanimously adopted resolution requested. I do understand that you have taken the initiative to remind the governor of the procedure the Senate needs to follow so that we do not have to have an unnecessary decision making and rejection of the nominee before us. Mr. President, I appreciate your initiative and await further communications from the governor.

"Thank you."

Senator Anderson also rose on a point of personal privilege and said:

"Mr. President, I rise on a point of personal privilege.

"Mr. President, over the last weekend there's been some headlines that really concerned me. We'll start from Sunday which says, 'Large vessels banned from Kaneohe Bay.' Then on Tuesday it says, 'Boat owner sues over ban,' and this morning, Mr. President, 'Tour boat limited attack.'

"Mr. President, the reason that these things concern me is because the daily newspapers have told us in the last week how our state economy hangs on the balance between regulations and the marketplace. Taxes and regulations will ultimately be the demise of the future of our state. I wish to explain, Mr. President.

"The Minority Floor Leader has been telling you recently about the small businesses that have gone bankrupt greatly because of government interferences and unnecessary burdens. Here are some of the headlines: 'Business Foreclosures Up, Jobs Decline in Hawaii' or 'Hawaii, a New Tax Hell,' and finally 'Welfare Cases in Isles Grow by 20 percent.'

"Mr. President, if we don't do something now, unemployment and welfare will continue to rise because more

and more businesses are going to be out of business. We are doing very little to help keep what we have afloat. And we are also failing to further promote new enterprises. These businesses are, and will be, an essential part of this state's livelihood. Yet, we continue to choke and stifle the growth of business by way of taxes and regulations.

"Mr. President, I wish to cite an example of this disregard for business from the recent actions of just one department -- DLNR and their Ocean Recreation Division. In 1992, Mr. President, when I was in the House, we started the Kaneohe Bay Task Force. No rules and regs were issued at that time by DLNR to further clarify this law. In the absence of such rules, permits were issued to various boats owners for mooring in Kaneohe Bay. DLNR issued permits and required fees and taxes were paid by these boating companies. DLNR issued permits which established that these companies would be allowed to conduct their businesses in the Bay. These businesses understood that these permits licensed their business, and subsequently invested their money and energy in a venture they believed was legally sound.

"Then early this year, Mr. President, in response to some complaints, the attorney general issued an opinion which said that these permits had been issued illegally and were not valid. Following this opinion, the boat owners were told by Mr. Parson of DLNR's Ocean Recreation Division that they would be allowed a transition period before the opinion would be enforced. However, on April 9, Mr. President, Mr. Parsons apparently changed his mind and wrote to the head of DLNR, Mr. Mike Wilson, that the attorney general's opinion had not been properly interpreted. Now, under the correct interpretation, no transition period would be allowed and the affected boats would have to immediately leave the Kaneohe Bay.

"Mr. President, my understanding of the purpose of the two bills that we have, S.B. No. 741 and H.B. No. 967, H.D. 2, was to make the changes that Mr. Parson and the department had failed to do. However, the bills died, and so a new interpretation of the attorney general opinion was put forth. Once again our bumbling bureaucrats bumped business in its okole.

"And what bothers me, Mr. President, is I got involved in this after being appointed by the governor. We found out that the Department of Land and Natural Resources was going to auction off permits on recreational facilities so that they could go ahead and make money for the department. This is where the problem started to come. And it's not just Kaneohe Bay that's being affected. There are 30 other businesses. It just so happens that this is the first, and the permits on the other businesses are going to rise 600 percent. So we're going to be in more trouble than we realize.

"We cannot hope to attract investors with new capital to our state until we have a government climate and attitude which will help, not hinder, business. I wish to end this morning, Mr. President, with a quote in this morning's paper from Mr. Gabriel Siu, 'This anti-business atmosphere from the state has to stop.' Mr. President, it must stop or the proverbial obituary of the businesses list will continue to grow.

"I hope my colleagues and yourself, Mr. President, realize that we're in 'deep kim chee.' We have to look at what we're doing. We're in a hell of a shape. You're going to have welfare continue to grow because you're putting businesses out of business and you're making sure that the people are not having jobs, and you will not create any new jobs. Yes, we need tax relief and we need a lot of things, but we have to make sure that there is employment for our people -- not to kill businesses so that there's going to be more unemployment.

"Thank you very much, Mr. President."

Senator Taniguchi, for the Committee on Economic Development, requested a waiver of the 72-hour Notice of a Public Hearing on H.C.R. Nos. 66, 93, 166, 241, 251, 262, 278, 279 and 281, and the Chair granted the waiver.

Senator Solomon, for the Committee on Water, Land, and Hawaiian Affairs, requested a waiver of the 72-hour Notice of a Public Hearing, pursuant to Senate Rule 20, on H.C.R. Nos. 147, 186, 215, 258 and 259, and the Chair granted the waiver.

Senator Slom then rose on a point of personal privilege and stated:

"Mr. President, I rise on a point of personal privilege.

"I received a copy of a press release this morning, Mr. President, from the leadership explaining why the Human Resources Committee will not be holding a hearing on the worker's compensation bill this year. Actually the press release is erroneous. It says it's holding off adoption of a coordinated care bill this year as proposed by the House.

"Mr. President, colleagues, I find this action ill-advised, inconceivable, inexcusable and outrageous. For four years now, the people in the business community have sought to have a public hearing, an airing, on this very important issue. No one has claimed to have a panacea whether it be coordinated care or anything else. All they wanted was a hearing and yet again, Mr. President and colleagues, it seems that one individual is able to stop this process even though we are told, day after day, that everyone is committed to helping business, that everybody is working together in collaboration. Everybody has some nice sounding words, Mr. President, even in the press release, and yet what does the press release say that the Senate Committee wants to do -- study the issue some more; have more input; reach a consensus.

"And they have pointed to other issues, Mr. President, such as no-fault insurance, high-three, same-sex marriage, and it is true that these are all very contentious issues. We do not have any agreement or any consensus and yet people have been unafraid to have hearings, to let the public speak, to let individuals involved make their statements, and yet for some reason this committee on this issue, and this bill refuses to hold a public hearing, refuses to take the bill into conference. I think it is unconscionable.

"What has been proposed? What has been proposed is that we have alternative dispute resolutions. That may be fine for the majority party when they go out to Barbers Point, but I don't think the business public needs alternative dispute resolutions. What they need is action and resolution on an issue which has been festering not for the last four years, but for the last 15 to 20 years.

"Mr. President, on this press release it said, 'Please feel free to address any questions to us or the subject matter co-chairs.' Mr. President, will the co-chair of the Human Resources Committee yield to a question?"

The Chair posed the question and Senator Kanno having answered in the affirmative, Senator Slom continued:

"Mr. Co-Chair, will you in fact hold a hearing, allow this bill to be discussed so that reasonable people can come up with reasonable alternatives to the problems facing the business community?"

Senator Kanno responded:

"I have a statement I'd like to read.

"We are committed to lowering workers' compensation medical costs without diminishing the quality of care for injured workers. At the same time, we want to create a system

to lower the rate of job-related injuries, thus increasing job productivity.

"We firmly believe that before a coordinated care organization law can be enacted, we must address concerns about limiting access to physicians, financial solvency, utilization/treatment caps, and the quality of care.

"We will focus our attention on this very important matter during the interim. The Senate Committee on Human Resources will ask subject-matter experts for information and their input, and will solicit the active participation of all stakeholders involved in a coordinated care program for injured workers. To facilitate the process we are going to use the services of Elizabeth Kent, director of The Judiciary's Center for Alternative Dispute Resolution. The goal is to develop a greater consensus among employers, employees, and health-care providers so that we can move forward together on a coordinated care system that supports all parties. We are making a commitment to take action and bring resolution to this.

"We did have a public informational briefing in the Senate Committee on Human Resources on the issue of coordinated care for workers' compensation. A number of concerns were raised that need to be addressed prior to passing a CCO bill.

"First, questions continue about sacrificing the quality and access of medical care in exchange for lowering costs. President Clinton cited this concern three weeks ago when he created the Advisory Commission on Consumer Protection and Quality in the Health Care Industry, to be co-chaired by the Secretary of Health and Human Services and the Secretary of Labor.

"The commission is charged with developing a consumer bill of rights so that patients get the information and care they need, when they need it. The Commission will also be investigating inappropriate financial incentives to limit care. Their first report is due at the end of the year and their final report in one year, March 1998.

"In Hawaii, questions continue about the quality of care furnished through the Quest managed care plans.

"At the informational briefing on coordinated care, there were concerns raised about limiting access to physicians, the utilization caps, the quality of care and financial solvency. During the interim, the Senate will examine these.

"Given the ever-changing nature of the health care industry, passing a CCO bill could make it obsolete before it's even implemented. Extensive work needs to be done with the stakeholders to share information, discuss upcoming changes in the industry and address unresolved concerns.

"Because of the recent financial trouble with PGMA, Insurance Commissioner Rey Grauly believes solvency concerns need to be addressed prior to passing a CCO bill to protect injured workers, employers, medical providers and the public. Labor Director Lorraine Akiba also agrees that a CCO bill this session would be premature.

"Parts of the 1995 and 1996 reforms of the workers' compensation law are being implemented this year. HEMIC (the Hawaii Employers' Mutual Insurance Company), which is designed to help employers in the assigned risk pool and is creating competition in the workers' compensation insurance industry, is expected to begin writing policies this summer. The workers' compensation benefits facilitator, an ombudsman, set up to assist injured workers find appropriate medical care and return quickly to work, is also being implemented this summer.

"The 1995 provision allowing unions to negotiate workers' compensation benefits is also being initiated this year. Some of

these collective bargaining agreements will include coordinated care organizations.

"I am deeply concerned about changes to the law that would increase costs to employers. The current CCO proposal would remove the cap on the medical fee schedule for workers' compensation. The 1995 Legislature set the cap at 110 percent of Medicare to address the largest cost-driver of the system. A key part of the recent 27 percent reduction to our workers' compensation premiums was the cap on the medical fee schedule. To remove the cap now, would increase costs and premiums.

"Thank you."

Senator Slom rose again and said:

"May I again ask the chair if he intends to hold a hearing. As you mentioned, there was an informational briefing held. There has been no hearing. There's a demand for a hearing, and while I appreciate the kind words of the co-chair and his deep concern about costs for businesses, if that concern is really deep then we will have a hearing, let people come to the table openly and in front of the public, discuss these issues and then reach a consensus as we do with every other issue in every other committee.

"Will you hold a hearing, sir?"

Senator Kanno responded:

"As I stated, we are going to be doing interim work to look at the number of issues raised and we will not be taking this issue to conference."

Senator Slom interjected:

"May I have a yes or no, sir. Will you hold a hearing?"

Senator Kanno replied:

"The answer is no."

Senator Slom then stated:

"You will not hold a hearing. Then, Mr. President, I have a real problem with all of this collaboration and all this commitment that we talk about. It was supposed to be more open. It was supposed to be a vehicle to allow the public to be able to discuss any and every issue, and I find it abominable that we allow this process to be thwarted.

"Thank you, Mr. President."

The Chair then made the following observation:

"We have a two-year session here at the Legislature, Mr. Minority Floor Leader, and I believe that the co-chair of Human Resources Committee has given all of us a commitment that this issue will be looked at during the interim."

Senator Slom responded:

"Mr. President, excuse me, but how many more businesses will not be here during that two-year period? How many businesses that are struggling now to meet their payroll? How many businesses that want to hire individuals including welfare recipients, but cannot do so because of this issue, will not be able to do that because of our failure to take action, Mr. President?"

"Thank you, sir."

Senator Sakamoto then rose on a point of personal privilege and said:

"Mr. President, I rise on a point of personal privilege.

"On a similar issue, Mr. President, I'm glad to hear a facilitator might happen, according to the Director of Labor, but it hasn't happened yet and this bill has passed.

"Let me just read (I'm sorry I haven't given everybody, all the members, what I'm going to read), Act 234 which this body passed, Mr. President.

'The director of labor and industrial relations and the insurance commissioner shall conduct a comprehensive feasibility study of coordinated health care delivery systems for consideration by the legislature as potential alternatives to the current system of providing medical care, services, and supplies and the medical care component of the workers' compensation system. The study shall include but not be limited to identification of various alternatives, applicable actuarial studies, medical benefits, and insurance premium cost comparisons, and any recommended legislation if applicable. The study, along with findings and recommendations, shall be submitted to the legislature no later than twenty days prior to the convening of the regular session of 1996.'

"The next paragraph:

'No later than July 1, 1996, the director of labor and industrial relations shall adopt rules, pursuant to chapter 91, for optional coordinated health care delivery systems under the workers' compensation system. The rules for optional coordinated health care delivery systems shall be submitted to the legislature no later than December 1, 1995. The legislature may disapprove the rules by concurrent resolution during the regular session of 1996.'

And so on and so forth.

"Mr. President, we defer enacting -- we have enacted ... we have enacted. We have a responsibility. There's executive, which the Department of Labor and the former commissioner were part of and the current commissioner, but we are legislative and we have enacted this legislation. And why wasn't it complied with? Did one person decide we don't need to comply with something?"

"I think we have a problem and I don't believe that it's the Department of Labor's problem or the Insurance Commissioner's problem. I believe we have a duty to carry out what we passed. We have a duty not to wait. Studies have been done -- numerous studies have been done. So this is not about waiting. This is not about studying. This is about doing, Mr. President, and I really don't want this to be a battle that cannot be solved quickly and I think it's a matter of not letting one person stand in the way of doing what we already said we're going to do. And this isn't about fee schedules. This is about providing what we said -- optional, coordinated care decisions, and if dollars are involved, let businesses decide if they want to get into a system. If a provider says 125 percent of fee schedule and the business says we don't want it, let that happen. But let there be tools for us to do what we need to do. Let there be processes that work, Mr. President.

"Businesses are asking for action, not studies. Thank you."

Senator McCartney also rose on a point of personal privilege as follows:

"Mr. President, I rise to speak on a point of personal privilege. Mr. President, I'd like to respond to some of the previous speaker's remarks on the issue of coordinated care.

"Mr. President, first of all, I'd like to set the record straight that this process is about doing. It may not be on the time line that some people want, but it is a process that we need to address critical questions like limiting access to doctors,

financial solvency, utilization caps, the quality of care, and workers' rights. All those different perspectives and positions have different views and perspectives that need to be looked at and examined as a total comprehensive package, and the process that we designed to move forward will allow us to do that, Mr. President.

"Mr. President, another troubling thing that I think we all need to look at, and that the Senator from Moanalua alluded to, is that we passed that law in 1995. And in 1995 we said there should be a study; the study was done. We also said that rules shall be adopted -- very similar to another bill like Kaneohe Bay -- rules should be adopted. The department failed to enact rules.

"I think the other thing that we need to do in the meantime is find out why the department hasn't enacted those rules for coordinated care. And it specifically said that if the Legislature does not agree with those rules, by concurrent resolution it can disapprove the rules, which meant that the Legislature specifically intended for those rules to be put into place and asked the department to do it.

"Secondly, when you talk to the Department of Labor, they are saying right now on the record that you can already do coordinated care and that is the opinion of the Director of Labor. I think the troubling thing that we need to wrestle with, is how much regulation should we put out there with business. Do we want more regulation or do we want less regulation? The department's view is less regulation is better. I think some of the concerns on the business side are saying that if we don't have regulations, we don't know where to go. What the department is saying is let the marketplace happen, and they're saying it's legal to do a coordinated care organization right now.

"These are the kinds of issues that I think need to be discussed, need to be talked about. And I think that's what the co-chairs are doing and I think, Mr. President, we can move forward to put together a good bill and enact it in time before this Legislature ends next session.

"Thank you."

Senator Anderson, again rising on a point of personal privilege, then stated:

"Mr. President, I rise on a point of personal privilege in response to some of the Majority Leader's comments.

"I may have been in this Senate a very short time but I've been in the Legislature for 17 years and we've been studying, for 17 years, the same problems over and over again for businesses and for everything that is needed in this state -- we have studied to death! When it came to the Kaneohe Bay Task Force (as I said, I was in the House in '92 when we set it up) the chairman for my Finance Committee happened to be Mr. Peter Nottage who was the head of the task force. And when we found out just last year or the year before that the department started selling permits for recreational boating in small harbors, which was very regulated, we regulated it because people were concerned about what was going on.

"The department has caused a hell of a lot of problems for us, and it's a domino effect. And Kaneohe Bay is just one of them. And you're right -- they did not write rules and regs, but they gave out permits, and they allowed businesses to grow. Now, if you're going to stop something, what you do is 'grandfather' everybody in. You don't go back and say, 'Hey, I made a mistake. You shouldn't have had a 200-ft. boat. You should have had a 100-ft. boat.' So consequently you lose your investment, and you tell the bankers you can't pay them and see how much you're liked as a businessman.

"I think, Mr. President, that we have studied things to death! Business community in the State of Hawaii has become a

minority -- like I am. There's only two of us left. Businesses are going down the tubes. There are far less today than there were 17 years ago and I'd like you to address that, if you would, Mr. Majority Leader."

The Chair interjected:

"Senator McCartney, one last rebuttal."

Senator McCartney responded to the previous speaker as follows:

"Mr. President, since the good Minority Leader brought up Kaneohe Bay, I'd like to comment on Kaneohe Bay.

"Yes, Kaneohe Bay has been studied and the master plan was put together by the commercial operators and everybody in the community, and we shook hands on that deal. We set caps at 150 and the very people that you allege are out of business today, violated that agreement. That agreement was put together by the community and those operators in a collaborative effort called the Kaneohe Bay Master Plan.

"Secondly, Mr. President, Kaneohe Bay is a treasured natural resource that belongs to the people of the State of Hawaii. And if you are going to use that resource to make money from and have permits sold off of, you don't own that property -- it belongs to the people! So when you use the bay, it belongs to the public and it's a privilege to be on the bay. Act 208 and all the bills that relate to Kaneohe Bay state that it's a privilege to operate a commercial activity out there.

"Also, the bill specifically says that if you are going to replace existing equipment, it has to be of like nature and of like quality. The individuals that you're talking about, Mr. President, came in and they expanded. Their boats were twice the size of what was out there. How many people are we going to allow in Kaneohe Bay before the local people are choked out? How many people are we going to allow to participate in commercial/recreational activities when people cannot take their families out to the sandbar anymore because there's a commercial operation out there?

"What the master plan says is there's a balance. There is a place for business; there is a place for business to operate in the bay, and there is a place to protect and preserve the bay and they can coexist. But when one side takes advantage of the other and does not follow the rules, the law, there's a problem, and that's where we are at in Kaneohe Bay.

"And mind you, the Kaneohe Bay bill was not heard either. This Senator requested a hearing on Kaneohe Bay and I would like a hearing on that bill. The bill was never heard! And there are other bills that aren't heard in this body too, and coordinated care is one bill. There are many things that we still need to work on in business and take care of business. Let the process work. Maybe it doesn't fit your needs the way you want to get it done, but I guarantee you that we will come up with something that I think everybody can be proud of and things can happen. It may not happen the way some people want it to happen, but that's the process. It's a give and take process. This body has 76 people from 76 different districts, personalities and backgrounds and we've got to decide what's good for the people of Hawaii, and compromise is what takes place. And that's what's going to happen on this bill and it's going to happen on Kaneohe Bay and other bills. That's what the legislative process was designed for.

"Mr. President, that's my response to my colleague from the windward side who is the Minority Leader. Thank you."

Senator Anderson then rose:

"Mr. President, ...

The Chair interjected:

"We will be moving on, Senator Anderson. You had an opportunity to speak. I gave the Majority Leader an opportunity to rebut. Let us move on to the order of business."

Senator Anderson responded:

"Then I'll write him a nasty letter. And thank you very much."
