THE  
NINETEENTH LEGISLATURE  
STATE OF HAWAII  
REGULAR SESSION OF 1997  
JOURNAL OF THE SENATE

FIRST DAY

**Wednesday, January 15, 1997**

In accordance with the provisions of Section 10 of Article III of the Constitution of the State of Hawaii, the Senate of the Nineteenth Legislature of the State of Hawaii, Regular Session of 1997, was called to order at 10:03 o'clock a.m., by the Honorable Malama Solomon, Temporary Chairman of the Senate.

At this time, the members of the Senate and guests rose to sing the National Anthem and "Hawaii Pono" led by Ms. Nalani Choy, Ms. Lehua Kalima and Ms. Angela Morales of "Na Leo Pilimehana."

The Divine Blessing was then invoked by the Reverend Chris Eng of the Waipahu United Church of Christ, who was escorted to the rostrum by Senators Kawamoto, Sakamoto and Aki.

Nominations now being in order for a temporary clerk, Senator Fernandes Salling nominated Paul T. Kawaguchi, seconded by Senator Iwase.

Senator Chumbley moved that the nominations be closed, seconded by Senator Bunda and carried.

The Chair declared Paul T. Kawaguchi as Temporary Clerk of the Senate.

Senator Baker then moved that a committee of three Senators be appointed by the Chair as a Committee on Credentials to examine the certificates of election of the newly elected members of the Senate and to submit a report of its findings to the Senate, seconded by Senator Taniguchi and carried.

The Chair thereupon appointed Senators Matsunaga, Chumbley and Anderson to serve on such committee.

Senator Baker moved that Special Committee Report No. 1 be adopted, seconded by Senator Taniguchi and carried.

The Committee on Credentials was thereupon discharged with thanks.

The Chair, at this time, appointed Senators D. Ige, Tam and Fernandes Salling to escort Chief Justice Ronald T.Y. Moon of the Hawaii State Supreme Court to the rostrum to administer the oath of office to the newly elected members of the Senate.

The Senators escorted Chief Justice Moon to the rostrum and were thereupon discharged with thanks.

Chief Justice Moon administered the oath of office to the newly elected members of the Senate who were standing at their respective desks.

The Roll was then called by the Temporary Clerk showing all Senators present.

Nominations for officers of the Senate being next in order, Senator Ihara placed in nomination the name of Senator Norman Mizuguchi for President of the Senate, seconded by Senator McCartney.

Senator Fukunaga moved that the nominations be closed, seconded by Senator Chun Oakland. The motion to close the nominations was put by the Chair and carried unanimously.

By acclamation of the Senate, Senator Norman Mizuguchi was declared unanimously elected President of the Senate and the Temporary Clerk was directed to cast a unanimous ballot for Senator Mizuguchi as President of the Senate of the Nineteenth Legislature of the State of Hawaii, Regular Session of 1997.

The Chair then appointed Senators Baker, Ihara, Fernandes Salling and Anderson to escort the President to the rostrum and the President addressed the members of the Senate and guests as follows:

"I want to take this opportunity to thank my Senate partners for your vote of confidence and for the privilege of allowing me to serve as your Senate President during the Nineteenth State Legislature.

"Governor Cayetano, Lieutenant Governor Hirono, Chief Justice Moon, U.S. Senator and Mrs. Akaka, Congressman Abercrombie, Congresswoman Mink, Mayor Harris, Mayor Kusaka, Governor and Mrs. Ariyoshi, The Honorable Toshihiro Hiyama and members of the Hiroshima Prefectural Assembly, other honored guests from here and abroad, youth members of the YMCA Youth Legislature, members of the Senate, people of Hawaii:

"Warmest aloha and welcome to your house, the Senate Chambers.

"In recent years, Hawaii has ridden the roller coaster of economic fortune and frustration. We approach this session with the possibility of a faint recovery, but the financial outlook is no more certain than it was a year ago. With a continuing budget crisis and major issues to be resolved, we are at a crossroads.

"Yet, Hawaii has been at crucial crossroads before, and it has always responded. It did so in 1950, when the first State Constitution was written, proving Hawaii's political maturity and spirit. It did so again in 1959 when the Legislature, through laws swiftly drafted and passed in response to statehood, transformed a weak and dependent territorial government into a strong and sovereign state. At the current crossroads, we must again look to ourselves and proceed boldly to make the tough and right decisions for Hawaii's future.

"We have gained strength in the good times, overcome adversity in the bad, profiting from both. The lesson we have learned is that there is strength in cooperation. Working together, we can overcome all obstacles, yet sustain Hawaii as a very special place, our island home, where impossible dreams are possible.

"Consider a pair of examples: Dave Shoji of the nationally acclaimed Rainbow Wahine volleyball team; and Alana Dung, the darling of our island heart. The collaboration between Dave and the Rainbow Wahine began 22 seasons ago. Beginning with the talent available in the islands, he patiently developed the women's volleyball program. As he persevered, he created winning teams by recruiting talent from the mainland and elsewhere, melding the best of Hawaii and the rest of the world. After producing four national champions and dozens of All-Americans, Dave Shoji has once again achieved national greatness with his 1996 Rainbow Wahine team winning its way to the Final Four, finishing second in the country, breaking all national attendance records, and inspiring the entire state -- truly Hawaii's team.

"Alana is the youthful embodiment of all that is good about the people of Hawaii. Nowhere else could a small cry for help prompt so spontaneous and genuine a response from society.

"Taken together, Dave and Alana exemplify an island ethic that guides us surely onward. It is in this spirit that this Senate was organized and will conduct its work this session.

"Elections provide a periodic yardstick by which to measure our performance. Last year the judgment of the voters was clear. They were impatient with lengthy deliberations. They wanted action.

"As a result, we reorganized the Senate to improve its performance and open doors anew to frustrated constituents. The new co-chair system, along with other reforms, will spread the workload, increase accessibility, and share power. I fully expect it to yield a better outcome.

"The first test of the Senate's resolve will be the success with which we address prominent unfinished business from prior years.

"First, automobile insurance -- a costly, contentious pocketbook issue, it has been before the Legislature in one form or another for years. Two years ago, the Legislature passed a reform bill, but it was vetoed by the Governor. Last session the House and Senate produced conflicting solutions and were not able to reach an agreement. This year we will begin with the lessons learned the last two years and exert the political will to reach an agreement. Actuaries have informed us that a goal of a 25 to 30 percent rate reduction is attainable. Any solution must be fair to consumers. As a key part of that solution, we must crack down on irresponsible, uninsured drivers.

"Second, legislative retirement benefits. Known notoriously as the 'high three,' the system rewards tenured lawmakers who are able to parlay their political skills into appointment to high-paying government jobs and generous retirement benefits. It has caused voter cynicism and demand for change. This session we will reform the system.

"Third, same-sex marriage. This issue generated a divisive debate that monopolized the Legislature's time and attention and detracted from other issues. While we do not have a clear answer that can satisfy both sides of the issue, we are better prepared to address it during this session. In any event, we will not allow this one issue to paralyze another legislative session.

"Fourth, crime. This old issue demands new, even perennial attention. In all the polls during the last election, crime was the number one concern among Hawaii's citizens. According to the Honolulu Police Department, burglars and thieves struck one in every 14 residences in 1995, taking \$73.2 million in

property. They break into homes, schools, banks, theatres, restaurants, and all types of retail stores. The problem is that there are no consequences for property crime because of lack of prison bed space. Offenders who begin their careers in crime as juveniles know this, and as a result our criminals are younger. As they mature into adulthood, they are more callous and violent.

"We must take back the responsibility for our young people. The property crime rate in Hawaii, including the graffiti problem, has been skewed by juveniles who do not continue their education and have no jobs. We have juveniles on drugs and peddling drugs. We must be tough on juveniles who commit such crimes so that they understand that there will be consequences, even adult consequences, for their acts.

"Crime against tourists also must be addressed or our vital visitor industry will suffer. Prostitution in Waikiki, assaults in hotels, purse snatchings, golf course holdups, and the like must be eliminated.

"In the entire area of crime, we will give special attention and work with the executive branch and the counties to find some solutions.

"The second test of the Senate's resolve will be the decisions we make to control and prepare for Hawaii's future.

"With an economy that remains stubbornly unresponsive and an equally sluggish revenue growth, we must accept the idea that government has grown as large as it currently needs to.

"I firmly believe government's role is to provide essential services, such as education, public health, social services, and public safety. I also believe that the public deserves to have these services provided efficiently and without disruption. This requires high morale among public employees, a system which treats them fairly and procedures which facilitate labor and management agreements. However, protracted events have brought the University of Hawaii faculty and the public school teachers to the brink of striking and have forced them to work without new contracts for over 18 months. This should not be. We intend to find a better way to bring about fair and more timely settlements for our educators and others in the public sector.

"In our efforts to downsize government and stimulate the economy, there may be opportunities to sell such large public enterprises as the airport system and the convention center. To find out, we will ask the Legislative Reference Bureau to study whether such new arrangements would be possible, financially favorable to the state, and in the public interest. This would be part of our continuing review of which tasks are better suited to government and which should be left to the private sector.

"Business in Hawaii has changed substantially since statehood -- from a plantation economy controlled by big corporations to a service economy where 95 percent of the businesses are small businesses.

"We will review government regulations and reduce tax burdens on small business. Toward this objective, I propose we end the pyramiding of the general excise tax on leases. I believe that ending pyramiding on leases, on an incremental basis, will place more money in the hands of sublessees. That money will be spent for improvements and employee salaries, offsetting the loss in state revenues.

"We must also determine how we can assist businesses to do business. This session, we must also, most critically, address the problem of economic stagnation and identify all opportunities to energize our economy.

"The third test of the Senate's resolve will be how we address the special circumstances of today's descendants of Hawaii's original people. Plainly, they have waited long

enough for recognition in their own land. As we approach the year 2000, we must remember our continuing obligation and let the native Hawaiians determine their own future. We should defer the constitutional convention approved by the voters until the native Hawaiian community can work its way through the various aspects of sovereignty. We must be mindful that the 1996 election results for the convention is under court scrutiny -- we really cannot act until we receive court advice. Let us all step back and give the process a chance to work.

"As we draw closer to the dawn of the 21st century, it will be our task to insist that we have found a better way, that we are proof of the proposition that mankind can live in harmony and prosper, not at the expense of one group or another, but to the benefit of all. Armed with a new spirit of responsibility and collaboration, and the commitment and determination to produce results, I am confident that the Senate is ready to tackle the people's business. The best is yet to come for Hawaii.

"Thank you very much."

The President, at this time, introduced to the members of the Senate and their guests Dave Shoji, Head Coach of the Rainbow Wahine Volleyball Team; Adelia and Stephen Dung and Norah and Tai Yau Chung, parents and grandparents of Alana Dung; and the Honorable Toshihiro Hiyama, chairman of the Hiroshima Prefectural Assembly.

Senator Anderson, Minority Leader of the Senate, then responded as follows:

"Governor Cayetano, Lieutenant Governor Hirono, distinguished guests, colleagues, people of Hawaii, my friends -- Aloha!

"Mr. President, it is a proud day for me to be here today to be able, hopefully, to help in guiding us into the year 2000.

"We must all keep our promises to the taxpayers with regards to the priorities that we set forth in our campaigns, such as automobile insurance reform, high three, and same-sex marriages. I know that we are honor bound to try to get these measures passed at the beginning of the session.

"However, what has to be the most pressing crisis on our agenda, Mr. President, is the economy! The administration says it wants to 'jump start' the economy with the infusion of \$1 billion of borrowed 'state' money -- as if 'state' money was minted here in this capitol. But the debt from that borrowed money imposes a great burden on the future of our children and grandchildren.

"Yes, we need to build some new schools, parks, and spend money on repair and maintenance. But, Mr. President, what happens to construction and our economy when those jobs run out? What will happen to all of the projects that you and I and the legislature have already approved and those funds that have not been released by the governor? And those projects that are planned and half-designed or which are ready for construction which will provide jobs now -- What will happen to those projects? Will the administration's new, over-zealous plans interfere with the present and future bond ratings? What will be the debt service be to our state's future for such an enormous loan? Quite simply I ask, Mr. President, what will the repercussions to our future economy be should the administration's plan be implemented and then fail?

"But enough of the negative. Let's look at the positive side, Mr. President. This just may be the most historic legislative session of our time. I say this because it is not the time to blame each other for the problems that we are facing or to fight on partisan goals. Mr. President, we are all facing a war for economic survival. And this war is going to require that all of us put our differences aside, public and private, big business and small business, labor and management, and yes, even county and state governments.

"We will, Mr. President, be putting in bills that I hope will stimulate our economy by utilizing presently owned state lands. Therefore, we neither have to condemn nor do we have to purchase new lands for these new projects.

"For example:

- (1) Where the state has long leases and those terms may have a balance of, say, twenty years left on that lease, the state should entertain an offer to purchase that land so that the owner would be able to construct new buildings or expand their businesses in other ways that they see fit and banks would have an easier way to work their loans.
- (2) Where there are new leases to be made on state lands, the state could offer long-term leases with zero rent for five years and this would provide a company the opportunity to develop said lands, say for the Windward side we could look at an industrial park. This action would result in more construction and providing jobs for a particular company. The state would benefit from gross income tax, not only from that business, but also from the employees, plus property tax for the counties.
- (3) We could also consider a seven-year property rent and general excise tax exemption for new businesses: (a) The first step needed is to clearly define new business; (b) The state would allow for the first year a zero percent exemption; the second year, maybe 15 percent; the third year, 30 percent; the fourth year 45 percent, and so on.
- (4) Maybe we could even consider infrastructure grants. This would be another way to help business. But the loan program, if there is not one already in place, would have to be worked out with DBEDT, banks, etc.

"We must, Mr. President, also change our thinking on rules and regulations. They have the force of law. While attempts were made last year to rid us of this burden, it has been said by the administration that there is no need for any reform in this area because it is very easy for the taxpayers and businesses to repeal any of the state's rules and regulations that they might need. That's not true, Mr. President. If our books on rules and regs were laid side by side, they would probably go from here to China! Whenever you, I, or our colleagues want to pass a piece of legislation that we believe is good for the community, or a business, we discover a rule or a regulation that gets in the way. These rules are not of our making, yet we are the ones that are elected by the people, not the bureaucrats who stand in our way. I am not saying that we do not need rules and regulations, Mr. President, but what I am saying is they should not have the force of law!

"There are many other things that have to be addressed during this legislative session, Mr. President -- workers compensation, welfare reform, tourism, crime, sports promotion and construction, and education, to name just a few. But I, as the Minority Leader, with the support of Senator Slom, have laid out but a few things that can and should be done to start to move this state forward.

"I also believe, Mr. President, that we must be held accountable and responsible for keeping the counties afloat. We need the state and the counties to work together to move forward -- not just to have the state take all of the T.A.T. tax, for instance, and leave the counties with less revenue than they now have. It's a constant battle between the counties and the state. We take everything and say we're solvent. They then say they are going to have to raise taxes because we have left them insufficient avenues for funding. That battle needs to stop today.

"If the Council of Revenues feels that we should cut a percentage of the general excise tax, and we are planning on taking away another portion of the T.A.T. or all of it, then that percentage of the G.E.T. should go to the counties whereby they would have another base of income rather than just property tax. But they too, Mr. President, should do more with their land and streamline building codes so that they don't hold up permits and construction. After all, we are all the beneficiaries of a home rule.

"Mr. President, I could go on and on as I'm sure most of my colleagues here today could do also. Our constituents, I think, want to again trust the people that they elect. They entrust us with promoting a decent job market by supporting business. They expect us to spend their money wisely. They want the best education for their children. And they want and demand that we pass bills to keep criminals behind bars who cause harm to our communities.

"The people have been disappointed in us year after year! The time is now, to put their priorities first. That change can only come about if we all work together, Mr. President, even though some may laugh that we only have two Minority Caucus members. But believe me, we are ready and willing to work. We will speak out loud and clear on legislation that is good. And believe me, we'll speak out even louder on bills that are not good for our community.

"Mr. President, let us prove that Hawaii is a special place and we will do our living best to keep it that way.

"My family, Mr. President, and I wish you and all here today a very happy and prosperous new year. Mahalo."

At 10:52 o'clock a.m., the Senate stood in recess subject to the call of the Chair. At this time, the members of the Senate and their guests were entertained by Frank Hewitt and BB Shawn.

The Senate reconvened at 12:30 o'clock p.m.

The President thanked Ms. Wilson and the gentlemen of the "Society of Seven" for their performances during the recess.

At this time, the President introduced Violet Nakamura, a long-time friend of Senator Richard Matsuura and the Matsuura family, and invited her to sing a special song, "God Bless America," dedicated to Senator Richard Matsuura from his family and colleagues.

Senator Solomon then rose on a point of information as follows:

"Thank you, Mr. President. Just on a point of information, Mr. President, I think this song was very appropriate because this is the song that you yourself sang over the radio stations on your reelection campaign for the Senate. And it was so funny ... I'm driving along and I hear this voice singing and I said 'Is that Dick Matsuura?' (Laughter.)

"Mr. President, on a very serious note, on behalf of all the Senators, I would like to extend our heartfelt support to the 'ohana' of Senator Matsuura and wish them all the best of love and aloha and luck in their endeavors, and to reassure them that they will be in our thoughts and in our prayers. Thank you, Mr. President. Aloha."

**RE-REFERRAL OF A SENATE BILL**

The Chair re-referred the following Senate bill that was introduced:

- |             |                                   |
|-------------|-----------------------------------|
| Senate Bill | Referred to:                      |
| No. 151     | Committee on Economic Development |

At 9:41 o'clock a.m., on motion by Senator Ihara, seconded by Senator Slom and carried, the Senate stood in recess subject to the call of the Chair to meet in Joint Session with the House of Representatives, in accordance with House Concurrent Resolution No. 1, to receive the Governor's state of the state address.

**JOINT SESSION**

The Joint Session of the Senate and the House of Representatives of the Nineteenth Legislature of the State of

Hawaii, Regular Session of 1997, was called to order at 10:08 o'clock a.m. by the Honorable Joseph Souki, Speaker of the House of Representatives.

At this time, the Speaker welcomed and introduced the following distinguished guests to the members of the Nineteenth Legislature:

The Honorable Mazie Hirono, Lieutenant Governor of Hawaii. She was presented a lei by Representative Nestor Garcia;

The Honorable Ronald T.Y. Moon, Chief Justice, Hawaii State Supreme Court. He was presented a lei by Senator Malama Solomon;

Ms. Samantha Cayetano, daughter of Governor Cayetano;

The Honorable Jeremy Harris, Mayor of the City and County of Honolulu, and Mrs. Harris;

The Honorable Stephen Yamashiro, Mayor of the County of Hawaii;

The Honorable Patrick Kawano, Council Chair, Maui County;

The Honorable James "Kimo" Apana, Council Vice Chair, Maui County;

The Honorable John DeSoto, Council Chair, City and County of Honolulu;

Representatives from the U.S. Armed Forces; and

Members of the Consular Corps.

The Speaker then appointed Senators Andrew Levin, Les Ihara, Jr., Mike McCartney and Whitney Anderson, on behalf of the Senate, and Representatives Paul Oshiro, Tom Okamura, Marcus Oshiro and Gene Ward, on behalf of the House of Representatives, to escort the Honorable Benjamin J. Cayetano, Governor of the State of Hawaii, to the rostrum.

Senator Rosalyn H. Baker and Representative Bertha Kawakami presented Governor Cayetano with maile and ilima leis.

The Speaker then presented to the members of the Nineteenth Legislature and guests the Honorable Benjamin J. Cayetano, Governor of the State of Hawaii.

The Governor addressed the Joint Session as follows:

"Thank you very much, Joe. I want to invite you and Norman to join me in the Hawaiian diet. Let me tell you that it works and I urge all of you to look into it. It is really a great program. It tells you a lot about the Hawaiian culture, as well. Senator Kawamoto -- if he is still visible, he's been losing so much weight that he might not be here -- is on it and we truly, truly enjoy it.

"Mr. President, Mr. Speaker, Lieutenant Governor Hirono, Chief Justice Moon, members of the State Legislature, Mayor Harris, Mayor Yamashiro, distinguished guests and friends from our military, members of the Consular Corps, my fellow Hawaiians:

"Aloha!

"It is truly a privilege to once again speak on the state of the state. You know, this is my third state of the state and I think that at this time I'd like to go back two years and see where we were at that time. Then, my administration was brand new. The state was in its worst fiscal crisis ever. The budget submitted to you was not mine and we struggled to find

answers to the huge fiscal problems before us. State spending had skyrocketed.

"Between 1987 and 1995, general fund expenditures for the executive branch grew from \$1.6 billion to \$3 billion. A whopping 88.9 percent or an annual increase of 8.3 percent! Every state department had grown by leaps and bounds except one, the Office of the Lieutenant Governor.

"Dozens of unnecessary boards and commissions were established to oversee virtually every state agency and to deal, it seems, with nearly every state problem. A federal court consent decree loomed over our prisons because of overcrowded conditions. Our State Hospital entered its 22nd year of non-accreditation because it could not meet national mental health standards.

"Our state bureaucracy was a maze of red tape. Our cumbersome state regulatory rules frustrated and slowed private sector economic development adding more to Hawaii's reputation as a poor place to do business. And our workers' compensation and no-fault auto insurance premiums were among the highest in the nation. Well, we rolled up our sleeves and we went to work. We made the hard decisions and we have made good progress.

"First, we put our fiscal house in order. Under our financial plan, there is no need for layoffs or furloughs. Moreover, our plan provides enough funding for modest tax relief for our people and modest pay increases for our state workers.

"The 12-year federal consent decree will be lifted this summer after the improvements to the women's prison at Olomana are completed. Recently, the State Hospital regained national accreditation after 22 years of not being accredited.

"We eliminated more than 20 boards and commissions, 15 nonessential programs and streamlined 60 programs to improve efficiency. We cut red tape. Two years ago, it took five years to build a school. We've cut that time by at least one-third and we will do even better this year.

"We hired outside engineers from the private sector to cut our backlog of clean water permits. We adopted new rules which will speed up the process. We reduced the size of state government by 3,000 positions.

"Over the past two years, I'm proud to say, we have kept the growth of our state government below the rate of inflation and the rate of our state's population growth.

"And with your help, and with the help of the Lieutenant Governor and the Insurance Commissioner, we reduced Hawaii's workers' compensation premiums by 27 percent -- a \$100 million savings for Hawaii's businesses.

"Let me now speak about some of the issues we must deal with over the short term.

"Hawaii's auto insurance carriers enjoyed record profits over the past years. It is now time to give Hawaii's consumers a break. We will submit a no-fault automobile insurance bill which will reduce premiums by 25-30 percent. Based on my informal discussions with your leadership, I believe and I feel confident we will reach common ground on this issue.

"In my first year as governor, I vowed to resolve the long-standing issues that have plagued the Department of Hawaiian Home Lands. I strongly supported the passage of the \$600 million settlement simply because it was the right thing to do.

"This year my budget not only funds the annual \$30 million payment, it doubles the amount paid, giving the department \$60 million each year over the next two years. This prepayment will save the state money and will give the department more resources for housing.

"But, you know, building more homes is only part of the solution. Thousands of Native Hawaiians remain on the waiting list -- but only a small number can qualify to buy homes.

"To address this problem, the department is introducing new and innovative means of financing such as a new rent-to-own policy for homesteaders who would not otherwise qualify.

"So far, 349 homes have been fully completed, with about 1,100 homestead lots in various stages of construction. Another 1,100 are currently under design. It is my hope that by the end of my first term, we will complete or begin construction on 3,000 homestead lots.

"This session we face another challenge. We must resolve the state's differences with the Office of Hawaiian Affairs over the ceded lands. And it is important that we resolve this matter in a way that is fair to all of the citizens of this state. It is a difficult task, but I believe working together in good faith we can do it. Therefore, I will ask OHA to join me as I convene a task force of community leaders to work out a settlement of our differences.

"Making Hawaii a safe place to work, a safe place to live and to visit is a high priority of my administration. As your governor, I intend to use all of the crime-fighting tools under my control to reduce crime and its impact in Hawaii.

"First, we need more prison expansion in all of our counties. With your help, we will build 1,000 new prison beds over the biennium. In addition, we will lease prison beds from the federal government when it completes building its new prison at Elliott Street.

"The state has the responsibility and the organization to lead the fight against crime. I take this responsibility very, very seriously. Last year, Attorney General Bronster chaired the Law Enforcement Coalition which includes every police chief and prosecutor of this state. The coalition produced a crime package which I strongly support and which I urge you to support. The new legislation will accomplish the following:

- Mandate a jail term for repeat criminals convicted of 3 misdemeanors within a 5-year period;
- Provide public access to information about sex offenders;
- Make the 8 percent of the youth population who commit more than 50 percent of the crimes accountable for their actions by lowering the age at which the courts may treat them as adults;
- Impose a 'truth-in-sentencing' which requires defendants to serve 85 percent of their terms.

"You know, there is no greater threat to our society than illegal drug use. And we must do more to win the fight against drugs. For that reason I am proposing legislation that will do the following:

- That will strengthen our drug laws;
- That will expand by 200 beds our drug treatment programs, like our successful KASHBOX program at Waiawa.

"These efforts to reform our laws and build prison beds must be coupled, however, with community programs in order to truly make a difference. In New York City, and in other cities throughout the country, crime reduction has resulted from effective use of more police officers on the streets and strong community partnerships to fight crime.

"In this regard, I have asked my top national guardsman, General Richardson, to develop security watch programs in neighborhoods which do not have one. This program, manned by volunteer national guardsmen, we call the Na Koa Watch.

"Finally, let us always remember the victims. Too often, the victims of crime are ignored. We spend a lot of money protecting the rights of offenders, we must also use our resources to help the victims of their crimes by continuing to fund the Victim Witness Assistance Program, for which I ask your support.

"Our people are blessed to live in a state with the best natural resources on earth. Hawaii's environment is the God-given treasure that provides us with an unsurpassed quality of life. Hawaii is an ocean state with the fourth longest shoreline and the largest coral reef system in the United States.

"And yet, we spend less on protecting our marine resources than desert states such as Arizona. This neglect threatens our fish species like the ehu and the onaga and it endangers the life of our coral reefs. As an ocean state, we must protect these resources. And we will.

"To achieve this, I propose to double the state aquatic budget by \$4 million over the biennium and I propose to substantially increase the number of conservation enforcement officers at the Department of Land and Natural Resources. The added manpower will expand our law enforcement capability and provide more aquatic scientists to protect our marine resources.

"Over the past two years, we have paid much attention to sustaining Hawaii's unique and special resources. For example, with volunteer help, our parks on Kauai and on the Big Island were transformed from neglected eyesores to true island wonders. This year, we hope to add Ka Iwi to our string of wilderness pearls.

"Last year, congress made some significant changes in the nation's welfare laws. States now have much more responsibility for designing and funding their own welfare programs.

"The new welfare law provides a five-year lifetime limit on all cash assistance. This means that all able-bodied welfare recipients are now required to find work or become actively involved in preparing themselves for work. Hawaii's new welfare program ends the old idea of 'entitlement' -- those days are gone -- and it stresses individual and family responsibility.

"Our new program will reduce benefits, that is true, but it will also encourage people to work by permitting them to keep more of their income and assets. The program encourages individual responsibility, and you know we are already seeing positive results.

"Family and individual responsibility is an important theme in my administration. However, to help people go to work, we must create jobs.

"The private sector must now step up to the plate and work with us to provide job opportunities. The Department of Human Services has begun a new Public-Private Employment Partnership that provides incentives for business to hire welfare recipients.

"In addition, I have asked all of my department heads and state offices to assist in providing training for welfare recipients. This program, which we call WORK PLUS, calls for state workers to help train welfare recipients on the job. We will have welfare recipients working in our different departments. Helping welfare recipients is not in the job descriptions of our state workers -- but it should be in their hearts, because getting people off welfare is everyone's business and is to everyone's benefit.

"Finally, our state has a strong tradition for caring for its people. And even though the federal government is withdrawing funding for legal immigrants, this governor will not do that in Hawaii. It is not right. It is wrong. And I ask for your support.

"Nothing is more important than the education we give our children. A quality education system goes far beyond preparing our children to earn a living. Our entire society is uplifted when everyone is better educated.

"I stated many times that education is my highest priority, and working with you I believe I have demonstrated my commitment in the shaping of our budget over the past two years. While every other state department was suffering budget cuts ranging from 10 to 22 percent, the DOE's budget was cut only 3 percent in 1995, and only in the administration area. Not one cent was cut from the instruction budget. By mid-1996, the DOE was the only state department to be restored to full funding.

"That is my commitment to public education. And that commitment continues. My proposed \$1 billion CIP budget will double the yearly \$90 million appropriation that goes for the construction of DOE's projects. This means \$360 million will be spent over the biennium to build new schools, classrooms, libraries and cafeterias. To ease overcrowding in our schools, we will build 377 new classrooms.

"And you know, a few months ago, we received an unexpected bonus for our public schools. We reached an agreement with GTE Hawaiian Tel to add 7,000 new telephones in our public school systems at very little cost due to the declining telephone rates in the commercial area. This will address the serious shortage of telephones for teachers in our public schools. Although new classrooms and telephones can help, the disappointing test scores indicate that significant fundamental changes must be made before real gains can be made in our schools.

"Therefore, I propose two fundamental changes. First, I agree with you, Mr. Speaker, that it is time to return to an appointed Board of Education. I have the utmost respect for the elected members of the Board of Education. But unlike the elected school boards on the mainland -- our Board of Education does not have the power to raise revenue to finance our schools. A school board without the power to raise revenues is limited in its ability to govern. We need to return to an appointed school board. This change will clear the lines of accountability and hold the governor fully accountable for public education.

"The second change that I would like to propose is that we must extend Hawaii's school year. Hawaii has a 180-day school year -- the shortest in the country.

"By comparison, Japan's school year is 240 days, of which 210 are committed to basic instruction. The disadvantages to Hawaii's school children are obvious; and the disappointing test scores and critical reports show it.

"We have proposed an extended school year in our collective bargaining negotiations. And I say to the teachers, accept our proposal and we will work with the Legislature to find the money to pay for it so that our schools will have an extended school year and day.

"A few years ago, the Legislature passed a law which permitted teachers to take early retirement without penalty. More than 900 teachers retired taking with them invaluable classroom experience.

"The early retirement law was a mistake. It is doubtful whether it produced any savings, but it is clear to me that too many of our most experienced teachers left the classroom

prematurely. Our children need experienced teachers back in their classrooms.

"Therefore, I will send to you a bill which will permit them to return to the classrooms without penalty.

"I propose that we permit this for a limited period of time -- perhaps four years -- in order for the DOE and the University of Hawaii to develop a plan to train more local teachers to make up for the shortage, and I ask for your support.

"With respect to the University of Hawaii, I am pleased that we recently reached an agreement with the faculty on a four-year contract. The agreement was timely. And it was fair. Both sides worked hard to avoid a strike that would have adversely affected our students. It is a major step forward for the students, the faculty, the University and the State of Hawaii.

"We will help the University of Hawaii. I am committed to the University of Hawaii, and we are proposing that 22 percent of the CIP initiative, a \$1 billion CIP budget, be applied to long-standing construction needs of the University. First, we will build a new marine science building for the University of Hawaii at Hilo. Then we will build a telecommunications and media center at Maui Community College. We will build the third phase of Hamilton Library at the University of Hawaii at Manoa, and we will design and construct the new educational centers in West Hawaii and on Molokai to spread the University services to the people of those regions. And finally, this year we will begin the planning for the new campus, the West Oahu University campus in Kapolei.

"All across the country, public funding for state universities have declined. And as a result, state universities have embarked in major fundraising campaigns. The University of Hawaii has successfully raised about \$25 million each year since 1994. The University is now considering mounting a major five-year campaign in 1997. As governor, I wholeheartedly support this effort and I urge the public and Legislature and the UH alumni to join me.

"Therefore, I propose that the state match the earnings from the additional endowment funds raised in this campaign. This means that the state will contribute to the University's operating budget for every newly endowed chair, scholarship, or program. I ask for your support on this issue.

"Our biggest challenge is to stimulate the economy and provide more jobs.

"Two strategies are available to the government that can increase the number of jobs in the near term. First, we can increase expenditures for capital improvement projects, such as our \$1 billion CIP projects. And second, we can increase expenditures for tourism promotion and marketing.

"I have submitted, as I have said earlier, a \$1 billion CIP budget for the next two fiscal years.

"Many of the projects represent investments in the future prosperity and strength of our community.

"We will work with the City and County of Honolulu to revitalize Waikiki. We will open the Convention Center within budget on time. We will dredge and improve the Ala Wai Canal.

"In Kakaako, we will provide the infrastructure for the development of a major shopping center that will involve private investment of \$200 million and create 1,700 jobs.

"We are planning in Kakaako a Children's Center with a Children's Museum and Theater at its core. Our plan is to include a world-class aquarium in Kakaako.

"But despite all of the benefits of an expanded construction program, there have been criticisms that we cannot afford it. On the contrary, I believe we cannot afford not to do it.

"The construction sector has lost nearly 10,000 jobs since the early 1990s. We need to put those construction workers back to work so they can stimulate the economy so they can pay taxes and they can earn a living wage for their families and themselves.

"Hawaii's tourist industry is the engine that drives our economy. The industry provides approximately 178,000 jobs. Last year, tourists spent \$11 billion, generating approximately 25 percent of our tax revenues. To help boost our tourist industry, I will be sending you an emergency message for an additional \$10 million to be given to HVB for marketing and promotion. This will be over and above the normal appropriation that we give them.

"While tourism remains our primary industry, we should continue to encourage economic diversification.

"We should recognize our strengths. We have a superior quality of life that is very attractive to business. A good example is Square, USA, a large computer graphics and animation firm. Square, USA is planning to set up a design center here in Hawaii employing 200 professionals to take advantage of that quality of life. About 100 of those professional jobs will be open to Hawaii.

"To ensure that Hawaii residents get jobs, they have donated equipment and have offered to cooperate with the university to develop relevant classes. We need to encourage businesses like Square, USA to come to Hawaii.

"Finally, we are moving forward on our Enterprise Zone program after years of inactivity. This program promotes expansion of current businesses and location of new business in distressed areas by offering tax relief for as long as seven years. The counties and the state have designated ten Enterprise Zones, including the recent designation of Molokai and three more on Oahu. To date, approximately 25 new businesses have enrolled in the program with more applications being received every week.

"We have been active in our Asia-Pacific initiatives.

"During the past year, I and members of my cabinet led several trade and investment missions to Asia. Upon invitation of the respective governments, we went to Japan, China, Okinawa, Korea, Taiwan, and the Philippines.

"As a result, Hawaii has received 26 investment petitions from foreign investors, representing \$35 million in new investment and about 180 new jobs. We have also been asked to undertake projects in Asia that will provide employment for our architects, engineers, and professional consultants.

"Last year, I spoke of Hawaii as the Health Care Center of the Pacific. Together with the private sector, we are promoting Hawaii's expertise and facilities to gain visibility in Asia and throughout the country. Several of our hospitals have formed partnerships with globally-known health centers. Last year, The Joslin Diabetics Center of Boston and the Ningen Dock Diagnostic Program of Japan joined Straub Hospital; and this year, Hamamatsu Photonics Inc. has joined Queen's Medical Center. We have been talking to M.D. Anderson, The University of Texas Cancer Center, a leading cancer center in the world, and I can tell you that they are interested in coming to Hawaii and have already exchanged letters of intent with four hospitals and I look forward to their presence in Hawaii over the next few years.

"Our strategy to make Hawaii a world-class center for state-of-the-art medical and health services is beginning to take shape and I ask for your support.

"The opening up of former sugar lands has created new opportunities in diversified agriculture. We have seen a dramatic increase in the production of vegetables and fruits formerly imported from the mainland.

"Today, 95 percent of our sweet potatoes and watermelons, 85 percent of our bell peppers, 70 percent of our tomatoes and 60 percent of our cucumbers are home grown. Ten years ago, no one would have thought that was possible, but our small farmers are doing it and we must help them.

"To help our farmers export their products to the mainland and foreign countries, the State and the County of Hawaii, Mayor Yamashiro and I, will work together to help the private sector build an irradiation facility in Hilo. This will help our farmers export their produce and fruits and flowers to the mainland and other places. I ask for your support of this venture.

"Forestry is also becoming a new growth industry in Hawaii. Hamakua Timber, connected to Prudential Timber, has already begun planting on former sugarcane land in Hamakua. We are finalizing negotiations to lease state lands in Hamakua to OGI Paper Company, one of the largest paper companies in the world. I am confident that OGI will be here very, very shortly.

"These are some of the economic development initiatives that we have taken, and I ask that you support them.

"Now let me turn to the issue of tax relief. I'll come to you and propose major changes in my tax policy to deal with the issues of economic development and tax relief.

"One of the major concerns we face is that when the convention center is opened later this year, we will not have enough first-class hotel rooms in Waikiki. To encourage economic development, I propose a two-year window in which hotel operators are encouraged to renovate their properties by being able to claim as an income tax credit the entire amount of the general excise tax paid for such renovations.

"The excise tax credit will also encourage renovation of hotels in established areas on the neighbor islands.

"We need to do more to stimulate tourism. We need to expand our business frontiers beyond our state. I propose we eliminate the excise tax on export services to allow our architects, engineers, and professional consultants to compete effectively for employment outside the State of Hawaii.

"To stimulate affordable home construction in the next two years, I propose tax credits to first-time home buyers buying affordable homes.

"These Hula Mae eligibles would receive a 2 percent income tax credit applied up to \$200,000 of the purchase of a home resulting in a maximum credit of \$4,000. We call this the 2x2 program. The 2x2 program should increase the demand for affordable homes and create additional home construction activity. I ask for your support for these home buyers.

"There is no doubt that the current economic situation has hurt some islands and some communities more than others. Certainly, we know that it has hurt Kauai and Molokai more than it has hurt Oahu, Maui and the Big Island. Therefore, I am proposing an 18-month moratorium from the collection of excise taxes for businesses on both islands for every business that requests this. I ask that you support this measure.

"Taxes for individuals should also be reduced when we are able. It is especially needed to assist those at the lower end of the economic spectrum; for those with extraordinary expenses; and to encourage post-high school education.

"I propose eliminating the current \$27 food tax credit per person and in its place reduce state income taxes by 25 - 100 percent for those with incomes less than \$22,000. This would provide tax relief to at least 250,000 taxpayers, tax relief which is overdue and is needed, and I ask for your support on this measure.

"Because of my own personal experience with my father, I have long been concerned over the extraordinary expenses endured by those caring for their loved ones.

"Therefore, I am proposing a tax deduction of up to \$50,000 for amounts paid for qualified long-term care services and premiums. I ask that you support this measure.

"In this era of rising post-high school tuition costs and the ever more pressing need for more education, I am proposing a \$5,000 tax deduction for all post-high school tuition costs. I ask that you support this, as well.

"There are some who may wonder where we will get the money to fund the proposals I have made today. Let me state that we have accounted for every proposal -- dollar for dollar -- in our financial plan which will be submitted to you. We have already briefed your Ways and Means and your Finance chairs and I believe that the proposals we have made are affordable, and that there is something this year for everyone -- for our taxpayers, for our state workers and for our people.

"As I sat in this House last week and listened to the leaders of both parties, the Speaker, the Majority Leader, the Minority Leader; heard their arguments, their little digs at each other, I thought about the first time I sat here 22 years ago when I served as a member of this body. Today, however, I am thinking of the future. I see a common thread that connects the leaders of both our parties -- Democrats and Republicans, Liberals and Conservatives. We have one thing in common -- we all love Hawaii. We want a future for Hawaii with productive, well-educated people with high quality jobs in a diverse dynamic economy. We want a smart economy, where Hawaii has the latest technology and the value added is knowledge.

"We want a Hawaii where our children will have the opportunity to enjoy a fulfilling life. We want a Hawaii with compassion for the less fortunate. We want a future where our unique environment is still alive and beautiful ... a future where we are all safe and secure ... a Hawaii where people continue to care deeply about each other ... a Hawaii where the Aloha Spirit is alive and well.

"Over the last two years, we -- you and I -- have worked together to lay the foundation for that future. Now, together we must build on that foundation. I ask you to join me.

"Thank you very much and Aloha."

Senate President Norman Mizuguchi then rose and stated:

"Thank you, Governor Cayetano, for sharing your thoughts and aspirations for Hawaii with us today. We accept the challenges with a firm determination to make the tough and right decisions.

"In these troubled economic times, let us approach our state's problems in a spirit of cooperation and collaboration. Our success depends on how swiftly we act, how boldly and creatively we venture, and how far we reach out to each other to build consensus.

"Starting today, we will be receiving your administration's proposals. The Legislature shares some of the many goals that you have set forth in your speech.

"For our part, we pledge to give them our full attention and consideration.

"Again, Governor, mahalo for your thoughtful state-of-the-state address.

"If there be no further business by the members of the Senate and the House of Representatives, I now declare this Joint Session adjourned."

At 10:52 o'clock a.m., President Mizuguchi declared the Joint Session adjourned.

## ORDER OF THE DAY

## REFERRAL OF SENATE BILLS

The President made the following committee assignments of bills introduced on Wednesday, January 15, 1997, Thursday, January 16, 1997 and Friday, January 17, 1997:

Hawaii, Regular Session of 1997, was called to order at 10:04 o'clock a.m. by the Honorable Norman Mizuguchi, President of the Senate.

At this time, Senate President Mizuguchi welcomed and introduced the following distinguished guests to the members of the Nineteenth Legislature:

The Honorable Benjamin J. Cayetano, Governor of the State of Hawaii. He was presented leis by Senator Suzanne Chun Oakland and Representative Terry Yoshinaga;

The Honorable Mazie Hirono, Lieutenant Governor of the State of Hawaii. She was presented leis by Senator Norman Sakamoto and Representative Paul Oshiro;

Mrs. Stella Moon, wife of Chief Justice Moon. She was presented leis by Senator Robert Bunda and Representative Tom Okamura; and

The Honorable William Richardson, former Chief Justice of the Hawaii Supreme Court.

The President then appointed Senators Avery Chumbley, Matt Matsunaga and Sam Slom, on behalf of the Senate, and Representatives Terrance Tom, Brian Yamane and Cynthia Thielen, on behalf of the House of Representatives, to escort the Honorable Ronald T.Y. Moon, Chief Justice of the Hawaii Supreme Court, to the rostrum.

Senator Rosalyn H. Baker and Representative Bertha Kawakami presented Chief Justice Moon with floral leis on behalf of the Senate and the House of Representatives, respectively.

Senate President Mizuguchi then presented the Honorable Ronald T.Y. Moon, Chief Justice of the Hawaii Supreme Court, to the members of the Nineteenth Legislature.

The Chief Justice addressed the Joint Session as follows:

"Thank you very much. I just had a fleeting thought after that resounding round of applause -- I thought what would really make you happy would be for me to say 'thank you' and then sit down, and perhaps I would get another resounding round of applause. But I am very concerned about the people who paid to get in here and so I won't do that. (Laughter.)

"Governor Cayetano, Lt. Governor Hirono, Mr. President, Mr. Speaker, distinguished members of the Nineteenth Legislature, former Chief Justice Richardson, Hawaii State Bar Association President, Alan Van Etten, my fellow judges, other public servants, and special guests:

"It is a great honor and privilege to be the first chief justice invited to deliver the state of the judiciary address to a Joint Session of the Hawaii State Legislature. I thank the leadership and members of the Nineteenth Legislature for this opportunity and hope that this is the birth of a long-lasting tradition. I truly believe that this is a historic event as important in its symbolism as it is in its substance and that it marks the beginning of a new dialogue and cooperative spirit among our three branches of government as we pursue our shared goal of providing for the common good of the people of Hawaii.

"The state of the judiciary is sound, but it is fragile because it has no political constituency and is dependent upon the executive's and legislature's willingness to maintain the judiciary as a strong, independent third branch of government. Thus, I take this opportunity to comment on the importance of preserving an independent judiciary, to apprise you of the current state of affairs within our third branch of government, and to share with you some of our plans for the future. I promise not to bombard you with statistics, and, because I realize that each of you have much work to do, I will be brief, which I'm sure everyone understands is a relative term --

At 9:44 o'clock a.m., on motion by Senator McCartney, seconded by Senator Slom and carried, the Senate stood in recess subject to the call of the Chair to meet in Joint Session with the House of Representatives, in accordance with Senate Concurrent Resolution No. 1, to receive the Chief Justice's state of the judiciary address.

**JOINT SESSION**

The Joint Session of the Senate and the House of Representatives of the Nineteenth Legislature of the State of

especially when it comes from a person in the legal profession. (Laughter.)

"Standing before you today reminds me of speaking at a business conference several years ago. After my presentation, one of the organizers asked me whether it bothered me to see some of the attendees looking at their watches. I said, 'No, not until they started shaking them!' (Laughter.)

"Since most of us here today are associated with one of the three separate, independent, and equal branches of government -- please feel free to shake your watches at any time. (More laughter.)

"As you know, tri-partite government in Hawaii is a relatively recent development as compared to the federal system and many of the other states. Under the rule of absolute monarchy, all executive, legislative, and judicial powers -- as we understand them today -- were vested in the Monarch, along with his advisory council of alii. However, soon after the arrival of Western missionaries to the Islands in the 1820's, the concept of tri-partite government began to replace the existing monarchy as evidenced by the Constitution of 1852, which laid the foundation for our present structure.

"Since statehood and the adoption of our 1959 Constitution, legislative actions have reaffirmed the concepts of the separation of powers and judicial independence. For example: (1) in 1974, legislation afforded the judiciary full authority to develop its own budget, free from executive control, and to receive and disburse its own monies; (2) in 1977, the Legislature conferred upon the judiciary the ability to fully develop and administer its own system of personnel administration; and (3) in 1979, judicial independence was further solidified by legislation that created the Commission on Judicial Conduct and that bestowed upon the Supreme Court full authority over judicial discipline.

"Although the phrase 'separate, independent, and equal branches of government' may suggest to some that there are no limits as to what each branch can do, such perception is, of course, inaccurate. The system of checks and balances, built into our system of government, has, at its core, the purpose and intent of protecting our citizens against one branch becoming too powerful and of guarding against the potential for excesses and abuses of power. Therefore, as each branch asserts its constitutional independence, discord and tension may arise as a natural consequence.

"For example, the courts are sometimes characterized as legislating from the bench, that is, making or remaking the law. When deciding cases, judges often apply common law, statutory law, or constitutional law to new facts and circumstances. In so doing, we do not intend to usurp the legislative function. However, under our system of checks and balances, if we stray into legislative prerogative, the legislature has the ability to cure the trespass. As you know, in our legal system, statutes trump common law, and constitutions trump statutes. We are ever mindful that the Legislature -- the peoples' representatives -- hold the highest trumps. That is, the peoples' representatives have the authority, within constitutional limits, to write or rewrite statutes and to propose amendments to our State Constitution.

"Thus, although none of the branches are absolutely independent due to the system of checks and balances, each branch must maintain its independence in order to carry out its constitutional duties.

"Judicial independence, as it relates to judges, means that our decisions must be based solely on the legal merits of a case -- not on popular opinion polls or surveys, or the views of special interest groups. In the words of United States Supreme Court Chief Justice Rehnquist, judicial independence is 'one of the crown jewels of our system of government today . . . and is essential to [the Judiciary's] proper functioning and must be

retained,' which brings me to a subject that has, in recent years, been discussed at the Legislature and which I understand may once again surface this session, that is, the subject of the election of judges.

"Throughout my 31 years in the legal profession, I have observed that whenever a court's ruling is not in accord with the views of some of our citizens, they will cry out for reforms, such as the election of judges. As you know, the federal system, long ago, shunned the elective system in order to protect and maintain judicial independence. And, presently, several elective-judge states are either considering, or are in the process of adopting, a non-elective process similar to that which currently exists in our state. I submit that, if we are interested in strengthening our government process, any move toward electing judges would be a step backwards.

"In our system of representative government, the premise that members of the legislative branch and the heads of the executive branch of government should be elected by the people they each represent, that is, their constituents makes good sense. They are, under our system of government, guided by popular opinion and are expected to carry out the will of the people. On the other hand, judges are prohibited from having constituents or from engaging in politics because our decisions, and I reiterate and I emphasize, must be based solely on the legal merits of a case. And therein lies the crucial distinction between judges and representatives of the legislative and executive branches.

"If judges were elected, they would necessarily be compelled to raise campaign funds. Consider: Where would these contributions come from? Judges in elective states obtain hundreds of thousands of dollars in campaign contributions mainly from lawyers -- who appear before them -- and special interest groups -- whose cases may be decided by them -- raising serious conflicts of interest and appearances of impropriety.

"I am not saying that disagreeing with a court's ruling is wrong or that we are above criticism. What causes great concern is the type of uninformed, emotionally-based criticisms that we've recently read in letters to the editor or heard about on radio talk shows that have resulted in such recommendations as prorating judges' salaries based on the length of the sentences they issue. As judges, we welcome and respect informed or 'principled' criticism, which is, in part, our American legal tradition. In the words of William Henry Hastie, one of the most distinguished legal figures of this century and the first Black judge appointed under Article III of the federal constitution:

'Principled criticism serves as an invaluable corrective of otherwise unrealized error. But such criticism is quite different from outcry against the courts from those who seek to make them partisan: whether pro-management or pro-labor, pro-prosecution or pro-defense, pro-government or pro-private citizen, pro-injured party or pro-insurer. Any attempt to make the courts partisan, or to cause the public to want partisan decisions, is, at best, a misconception of the judicial role and, at worst, an effort to prostitute the courts and subvert their assigned function: the rational adjudication of controversies in accordance with the law.'

"Speaking of public 'misconception of the judicial role,' I submit that underlying much of the criticism about judges and the courts is a misconception or misunderstanding -- by the public, the media, and even sometimes by legislators -- of our justice system. Such misunderstanding can undermine the effectiveness of the judiciary and can erode the community's trust and confidence in the courts.

"One popular misconception is that the judiciary is responsible for releasing into the community arrested persons who have a history of multiple arrests. The fact is that the courts play no role in the arresting or charging process. The

police, or prosecutors, may decide -- and rightly so -- to release an accused, pending further investigation or because of a lack of evidence.

"Public misconception of the judicial process is probably most apparent in the area of sentencing. The judge, of course, is the most visible figure when sentence is pronounced. A judge imposes a prison term or grants probation (that is, no prison term) in accordance with the applicable sentencing statutes. Once a term of imprisonment is imposed, however, the determination of how long a defendant actually stays in prison passes to others in the executive branch. The very serious problem of prison overcrowding has compelled the Department of Public Safety and the Paroling Authority -- not the courts -- to release defendants into the community before their sentences have been fully served. The fact that the Department and the Paroling Authority have no alternative is a mockery of legislative intent and of our judgments. As such, the judiciary fully supports the governor and those legislators who are calling for more prison space.

"Another public misconception is that, unless judges are in their courtrooms handling trials, they are not working. Admittedly, a judge's work is most visible when he or she is sitting on the bench. The fact is, however, that a large part of a judge's work is done outside the courtroom. Judges spend countless hours reviewing motions, legal memoranda, and other documents in preparation for trials, hearings, conferences, and so forth. Judges are also involved with various judiciary, community, and charitable boards, commissions, and committees, actively working for the improvement of our judicial process and to fulfill our obligation and responsibility to inform and educate the public about the operation of their judicial system.

"I have taken the time to speak on these matters of uninformed criticisms and misconceptions of the judiciary because I firmly believe that these and other misconceptions must be corrected if we are to keep and deserve the public's trust and confidence and to preserve judicial independence. The late United States Supreme Court Justice Thurgood Marshall once said, 'We must never forget that the only real source of power that we as judges can tap is the respect of the people.' Without public confidence in an independent judiciary, court orders and judgments would be rendered meaningless, legislative intent would be undermined, chaos would reign, and our system of government would surely deteriorate.

"In our continuing efforts to inform and educate, we are currently organizing a media/judiciary workshop to promote dialogue and cooperation in the exchange of information to facilitate the concerns of both sides pertaining to the reporting of judicial news and the obtaining of judicial information. Also, for the past two years, the judiciary has invited members of the Legislature to learn more about the judicial process through our Day-In-Court Program. Some of you have participated in the program and have remarked how valuable the experience was. The invitation remains open to all of you to spend a day with us at your convenience.

"Let me now take a few minutes and present to you an assessment of Hawaii's judiciary. I must say that after the past year, with its budgetary cuts and RIFs, I wondered when December 1996 rolled around whether the judiciary was entering 1997 or evacuating 1996.

"I share with you, four observations about Hawaii's judiciary. First, in spite of the economic straits and having to do more with less, Hawaii's judiciary is one of the best judicial systems in the nation.

"The excellence of Hawaii's judiciary is the result of the commitment and dedication of all of its employees to deliver the highest quality judicial service to the citizens of Hawaii. Hawaii has much to be proud of its judiciary. Among our

recent professional accomplishments are: (1) a Special Merit Citation from the American Judicature Society for our Domestic Violence Backlog Reduction efforts; (2) an award from the National Institute for Dispute Resolution presented to our Center for Alternative Dispute Resolution for its significant contributions to innovation in public dispute resolution; and (3) the City's 'Project of the Year Award,' honoring the District Court of the First Circuit for its Officer-On-Call Program.

"It is often said that the quality of justice is determined by the quality of judges. Since the inception of the Judicial Performance Program, judicial evaluations statewide indicate that our trial judges have been uniformly rated by attorneys who appear before them as possessing good judicial management skills, comportment, and legal ability, thus providing objective proof that Hawaii's judicial selection process works. The program is being expanded to include per diem judges, and, thereafter, will include all appellate court justices and judges.

"In addition to serving as an invaluable tool for individual self-improvement and planning for continuing judicial education, these evaluations are also available to the Judicial Selection Commission to assist in its review of applicants for appointment or retention. We judges welcome such accountability.

"Our justices and judges have been working tirelessly to address the many critical issues brought before them. In September 1996, the appellate courts instituted temporary, emergency procedures to deal with the large inventory of pending and aging appeals, which numbered 1,327 at the end of fiscal year 1996. Recognizing that the liberty, financial, and emotional interests of your constituents required a more timely disposition, we appellate judges were compelled to resort to issuing summary disposition orders in some cases, memorandum opinions in others, and full, published opinions in only the rarest cases. I wish to emphasize that, notwithstanding these emergency measures, all of the justices and judges have and continue to carefully review and fully consider each case.

"Since September, the number of cases disposed of by way of disposition orders and opinions has more than tripled. And, although we are pleased with these results, we appellate judges strongly believe that litigants are entitled to full, explanatory opinions. We therefore find ourselves with conflicting goals -- that is, timely dispositions via summary disposition orders and shorter memorandum opinions versus issuing full, explanatory opinions that take much more time to write.

"Consequently, it becomes increasingly obvious that neither goal will be adequately met under the current situation. In order to maintain a responsive and effective system of appellate review, the judiciary is seeking authorization for additional positions on our Intermediate Court of Appeals this legislative session.

"My second observation is that, although resources are scarce, the Hawaii Judiciary continues in its effort to provide the people of Hawaii with accessible forums for the fair and prompt resolution of disputes, without undue hardship, cost, or delay. The judiciary continues to research and develop alternative dispute resolution or ADR mechanisms, such as arbitration or mediation. Currently, we have in place eleven ADR programs at all court levels -- district, family, circuit, and appellate -- that enable parties to utilize various ADR mechanisms to resolve their cases outside the courtroom. One of our most recent developments in this area is the mediation program at the appellate level. Although some practitioners initially expressed reservations about the possible success of mediation at such a late stage in a case, 41 percent of the 102 appeals that have been processed through the program were completely settled. In another 7 percent of the cases, the parties either narrowed the issues on appeal or reached partial settlements. Such positive results are due in large part to the

skill of our mediators -- that is, retired justices, judges, and semi-retired, seasoned members of the Bar, serving entirely on a pro bono or free of charge basis.

"Our continuing efforts to expand alternative dispute resolution are not limited to the appellate courts. New trial court rules require attorneys to meet face-to-face -- early in the process -- to discuss whether ADR is appropriate, and the judge may now order the parties to participate in a specific ADR process.

"In our efforts to provide access to the courts by all of our citizens and to address public concerns about our judicial system, the judiciary wholeheartedly supported, through its co-sponsorship with the Hawaii State Bar Association this past fall, the Citizens' Conference on the Civil Justice System. Through this conference, the Judiciary and the Bar created an opportunity for Hawaii's citizens to suggest tangible ways to improve our civil justice system. Over a three-month period, more than 300 members of our community responded to the call for solutions and action. Their hard work culminated in a one-day Citizens' Conference where, through consensus, a number of recommendations were made. The judiciary is committed to making those recommendations that relate to it a reality.

"Of particular significance is the Citizens' Conference recommendation regarding a statewide court interpreter program. As a result of Hawaii's rich ethnic diversity, 22 1/2 percent of your constituents do not speak English at home. This figure -- the fourth highest in the nation -- has significant implications. If the judiciary is to be truly 'accessible' to all, we must be able to service the non-English speaking public. We have trained our judges on the effective use of court interpreters, and we have begun to recruit and register interpreter candidates. Our biennium budget request includes a full-time position to coordinate our efforts in this critical area, and we are respectfully seeking your support.

"In another effort to make Hawaii's courts more accessible, the Supreme Court adopted what is now commonly referred to as 'The No-Bounce Rule.' The rule essentially provides that the courts must accept all documents presented for filing, regardless of form. Although this means more work for the clerks and judges, the no-bounce policy has been well-received by the Bar, individuals who represent themselves, and other court users and represents our on-going commitment to promote substance over form.

"In the current difficult fiscal environment, the public and private sectors alike are turning to technology to help to do more with less. The judiciary is no exception. Accessibility to court information was recently enhanced through the development of the Judiciary Homepage, where you can now find information about caseloads, description of programs, and the latest judiciary news and where we hope you will eventually be able to find court rules, forms, and information on more substantive matters.

"The Video Conferencing Pilot Project, initially used to conduct arraignment and plea hearings for in-custody defendants at OCCC, was recently expanded, allowing public defenders and the adult probation officers to conduct client and intake interviews from their offices with defendants at OCCC. In 1996, the project was awarded additional monies from the Byrne Foundation to evaluate expanding the use of video conferencing even further. Your investment in this project has saved our citizens money and time.

"And, just a few weeks ago, the judiciary formed a public/private partnership for the creation of a document and information access and retrieval system for the First Circuit Court at no cost to the taxpayers. When completed, attorneys will be able to access and print a case document at their computers, twenty-four hours a day, seven days a week, and the

public will have free access to the imaged documents via computers placed in public locations.

"In addition, we recently turned our attention to utilizing electronic document filings and digital signatures in response to Act 203 of the 1996 Legislature.

"The judiciary's capital improvement projects are the most tangible signs of our dedication to making justice accessible. The proposed Family Court Center in Kapolei is a bricks-and-mortar example of our efforts to provide as many avenues as we can through which your constituents may protect their rights. I therefore remain staunch in my support of a Family Court Center in Kapolei.

"My third observation is that Hawaii's judiciary remains flexible in our approaches, consciously seeking out more culturally appropriate dispute resolution alternatives. We recognize that, as the cultural makeup of our society becomes more diverse and the types of conflicts become more varied, our Western form of dispute resolution may not always be the most appropriate. The judiciary has therefore joined the Department of Human Services -- for example -- to develop the Ohana Conferencing Project in Waianae, where professionals work with the extended family to design a service plan to protect a child. Similar programs in New Zealand and Canada have decreased the number of children under court supervision and increased the number of in-family placements for such children. Our family court judges also continue to refer appropriate cases to ho'oponopono where a 'haku,' known and trusted by the parties, assists them in working through their problems.

"In addition to these culturally appropriate alternatives, and in light of society's changing needs, we continue to look beyond our traditional role as adjudicators of disputes. We must do our part to provide assistance of differing types at all stages of an issue. This belief currently is manifested in tangible ways in Hawaii's judiciary. For example, the results of and reactions to the Teen Court and Hawaii Drug Court programs are encouraging. Many youths have appeared before their peers on the 'sentencing jury' of Teen Court and have come away from the experience with a better appreciation of the judicial process and a greater sense of accountability to their community and classmates. Drug Court has been a critical success in reducing recidivism among drug offenders; however, expanded funding for this resource is necessary and is part of our current biennium budget request.

"Our current legislative package also includes a proposal for a \$25.00 surcharge on all matrimonial and paternity actions in the family court. The monies collected are to be used for the education of separating parents. One such program, which is currently staffed entirely by volunteers and known as 'The Kids First Program,' educates separating parents about how to avoid custody litigation, how to help their children cope with the stress of the parents' separation, and how to structure post-separation relationships to avoid conflicts.

"It should not be prohibitively expensive to move our vision of Hawaii's justice system forward, and we look to you for support in fulfilling our commitment to the people of Hawaii. We have submitted a modest budget request, well below the two-year spending ceiling. Although we are the third branch of government, the fact that our budget consists of only 2.7 percent of the state's total budget may cause some to believe that the judiciary is more a twig than a branch.

"My fourth and final observation is that the continuing loss of experienced and seasoned judges will adversely affect the judiciary, and, ultimately, the public. Hawaii's judiciary is committed to administering justice independently, according to law, equally to all people, and with a high level of judicial excellence.

"Judicial excellence, however, can be maintained only if we can continue to attract and retain the best and brightest practitioners in our community. Since 1992, eight experienced, seasoned judges have left the bench; and another, Big Island Judge William Chillingworth, recently notified me that he, too, will be leaving shortly for the private sector. Almost all of these judges have left for higher paying positions. It is significant to note that the average age of these judges -- upon leaving -- is 48.4 years old, far below the mandatory retirement age of 70.

"I believe it is obvious that any further increase in the attrition rate of our judges will have an adverse effect on our justice system and thus on the public. The need to retain experienced judges is apparent. Lawyers who are appointed to judicial office soon realize that lawyering and judging are entirely different. Although knowledge of the law is certainly basic to both, the skills, techniques, and advocacy style of a successful lawyer do not necessarily make a good judge. Just as lawyers gain proficiency through their practice of law, handling numerous cases over many years, judges learn the art of judging through the many cases that they handle on a daily basis.

"When we lose judges after much time, effort, and monies have been spent to raise their level of expertise and productivity -- not because they are ready to retire, but because of a lack of a salary increase -- judicial excellence, as a whole, declines and service to the public is adversely affected.

"Although the honor of public service substitutes, in part, for the monetary rewards of private practice, it will become increasingly more difficult to attract and retain quality jurists without a fair increase in judicial salaries.

"The Judicial Salary Commission's recent report explains that our justices and judges have been without a pay raise for seven years -- the longest of any judiciary in the nation, and that, when you factor in our high cost of living, our rank nationally falls to 47th. The Commission also notes that, during the past seven years, Hawaii's professionally-categorized state government employees, such as high school teachers, unit-13 professional and scientific employees, and University of Hawaii administrative professional and technical employees have received salary increases averaging almost 3 percent annually. And, it appears that they will receive another raise this year. The Commission's report also notes that federal judges have received salary increases totalling approximately 38 percent over the last four years, and, presently, the lowest paid federal magistrate earns almost \$30,000 more than the Chief Justice of the State of Hawaii.

"Please understand that we certainly do not begrudge our fellow government employees their increase in compensation; they all are deserving as each performs meaningful and important public services in a state that has one of the highest costs of living. The same, I believe, should be said of our justices and judges, all of whom indeed recognize and are sensitive to the fact that the state's financial resources have been limited as reflected by our judges agreeing not to request increases the past two years; however, fairness alone indicates that a judicial pay raise this year is appropriate. We therefore request your support and favorable consideration of this critical issue.

"Governor Cayetano, Lieutenant Governor Hirono, Mr. President, Mr. Speaker, and members of the Nineteenth Legislature:

"As you consider and provide for the essential needs of the people, I request that you keep in mind the judicial service guaranteed to all in our Constitution -- that is, the right of every person to an independent forum for the civilized resolution of wrongs and injuries. Our cooperation must precede and extend beyond the appropriation process. To paraphrase former United States Supreme Court Chief Justice Charles Evans Hughes, in

his speech to Congress on its 150th Anniversary: We are all partners in the great enterprise of making democracy work.

"Again, to the leadership and the members of the Nineteenth Legislature: I thank you for the opportunity to deliver this state of the judiciary address. This is an honor for me personally and for all those who labor in the service of justice for Hawaii's people. On behalf of the justices, judges, and employees of Hawaii's judiciary, we look forward to working with you this session. Mahalo."

Speaker Souki then rose to state:

"Chief Justice Moon and honored guests: I want to thank you, Chief Justice, for delivering this very historic and inspiring address to the Joint Legislature. I am sure that members of this Joint Legislature will consider what you have stated with great thought, and may I add, especially the section where you stated that the Legislature holds the highest trump. (Laughter.) Thank you very much for reminding us of what we can do. (More laughter.)

"Also, I wish to remind you that the judiciary may be like a twig, but they are like a steel twig as far as government is concerned.

"I want to thank you all again for being here. Chief Justice Moon, thank you very much.

"I declare this Joint Session adjourned."

At 10:49 o'clock a.m., the Speaker declared the Joint Session adjourned.

#### ADJOURNMENT

At 4:30 o'clock p.m., the Senate adjourned until 11:30 o'clock a.m., Friday, January 24, 1997.

## SEVENTH DAY

Friday, January 24, 1997

The Senate of the Nineteenth Legislature of the State of Hawaii, Regular Session of 1997, convened at 11:36 o'clock a.m. with the President in the Chair.

The Divine Blessing was invoked by Mr. Leland F. Ching, Office of Worship, Roman Catholic Church, after which the Roll was called showing all Senators present with the exception of Senator Matsuura who was excused.

The President announced that he had read and approved the Journal of the Sixth Day.

## HOUSE COMMUNICATION

Hse. Com. No. 4, transmitting H.B. No. 117, which passed Third Reading in the House of Representatives on January 23, 1997, was read by the Clerk and was placed on file.

On motion by Senator McCartney, seconded by Senator Slom and carried, H.B. No. 117, entitled: "A BILL FOR AN ACT PROPOSING A CONSTITUTIONAL AMENDMENT RELATING TO MARRIAGE," passed First Reading by title and was referred to the Committee on Judiciary.

Senator Solomon rose on a point of information as follows:

"Mr. President, I rise on a point of information. Mr. President, I've noticed that many of the bills that have been circulated for our signature now have lines underneath all of the Senators' names. I want to know if we have a new policy in the Senate because I was under the impression, and it has always been past procedure here, that when you sign a bill, the Senator is just interested in affirming the fact that they would like to have a hearing on that bill; that they would like to know more about the issue.

"And I noticed that was the case with the 'high three' reform bill. The same procedure was followed for the insurance bill. In our effort for collaboration and working together, and with the co-chairmen organizational setup that we have, we need a clear understanding as to how people want to come up with a consensus in terms of our Senate position. What is the procedure, Mr. President?"

The Chair responded:

"It is your choice as to whether you want to sign on the line. I know other bills also have included more than one sponsor. So it is your choice whether you want to sign or not."

Senator Solomon continued:

"But if you do underline your name, Mr. President, are you still indicating then that you are in fact sponsoring that legislation?"

The Chair replied:

"You are sponsoring it, but the end result is that your support for the measure may change depending on the final version of the bill."

Senator Solomon then said:

"Thank you, Mr. President."

## STANDING COMMITTEE REPORT

Senators Chumbley and Matsunaga, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1) recommending that the Senate consent to the nomination of

COLETTE YODA GARIBALDI to the office of Judge, District Court of the First Circuit, for a term of six years, in accordance with the provisions of Article VI, Section 3, of the Hawaii State Constitution, and in accordance with Jud. Com. No. 1.

In accordance with Senate Rule 36(6), action on Stand. Com. Rep. No. 1 and Jud. Com. No. 1 was deferred until Tuesday, January 27, 1997.

## ORDER OF THE DAY

## REFERRAL OF SENATE BILL

The President made the following committee assignment of a bill introduced on Wednesday, January 22, 1997:

Senate Bill	Referred to:
No. 1483	Committee on Commerce, Consumer Protection, and Information Technology

Senator Solomon rose on a point of personal privilege and stated:

"Mr. President, I rise on a point of personal privilege.

"Mr. President, I rise to speak in support of the Hawaii Futures rally, which will be held this afternoon from 4:00 to 5:30 p.m., and I'm asking for this body's favorable consideration of H.B. No. 117 passed by that body on nearly an unanimous vote. If anything was clearly communicated by our constituents in the past election, it was their general dissatisfaction with legislative foolishness, specifically with petty squabbling between the House and the Senate and between committee chairmen within each body over minutiae and 'turf' considerations.

"It is highly unfortunate, Mr. President, that our Supreme Court in its majestic ignorance of the plain and virtually universal definition of the word 'marriage,' has forced on us their definition causing confusion and consternation here and making the people of Hawaii to be 'odd balls' to the rest of the nation.

"We have compounded the nonsense by wasting three years in fruitless debate on something which should have been easily disposed of.

"Now we have no choice but to ask the voters of Hawaii to do what should have been done by us.

"Mr. President, it is a basic principal of effective time management that one does immediately what one knows has to be done eventually.

"Any one of us who for whatever reason chooses to vote against our passage of H.B. No. 117 certainly is unable to read the message of the election results.

"I urge my colleagues to get this matter behind us immediately.

"Thank you, Mr. President."

Senator Anderson also rose on a point of personal privilege and said:

"Mr. President, I'd like to rise on a point of personal privilege, but on another subject.

"Mr. President, last evening on the media I noticed that the Department of Agriculture is going to pass a rule, and this morning's paper said the same thing. On opening day I spoke

against rules and regulations, primarily because you and I have to run because our constituents vote for us. They do not vote for people who were appointed or for bureaucrats. And to have a rule or regulation passed after this body sat and deliberated year after year on the quarantine subject ... both houses, 76 of us, never came to an agreement on how that should be handled, and yet they're going to hand out a rule that says, not 120 days, but 30 days, is what we're going to do for quarantine.

"I don't think this is fair and equitable. I don't think it had public hearings that are adequate. I personally am opposed to having another rule and reg in place by a group of people. I'm opposed to it and I am certainly going to see if I can do something with a bill that will stop something like this, Mr. President. I do not believe it to be fair and equitable, and I just wanted to state my opinion.

"Thank you very much, Mr. President."

Senator Solomon rose again on a point of personal privilege as follows:

"Mr. President, I again rise on a point of personal privilege.

"Mr. President, I did receive this memorandum from your office and this is referring to my colleague's decision to resign -- Senator Matsuura. Mr. President, I would just like to read it for the Journal. The Senator writes:

'Dear Governor Cayetano,

In continuation of our discussion of last evening, I accept your decision not to appoint David, my son, as my successor to the seat in the Senate. I must accept as one of your criteria the lack of experience of David, although I beg to disagree with your assessment. My prerequisite of experience is based on 16 years of my legislative efforts and that is that the highest level of experience is a person nurtured from birth to adulthood with love, security and a sense of values inspired by a firm belief and faith in God and in the power of prayer. I know for a fact that David possesses these qualities.'

"Mr. President, it has come to my mind that I didn't know the needed criteria to be appointed to a public office, and I'm just wondering, Mr. President, if this is a whole new situation and that perhaps the governor could provide this body with what he thinks defines experience for a person capable of taking Senator Matsuura's position.

"Mr. President, in my mind, as well as others sitting here in this room, your family is the key requirement when you run for any political office. It is no secret amongst us that we know how much family dedication and commitment it takes. And, in fact, the family knows the constituency the best.

"And for the life of me, Mr. President, I can't understand what kind of rationale that the governor has in mind. And I really would appreciate if I get any input from the Big Island as to what the governor may mean by the lack of experience or perhaps we could get a definition from the governor so that I can communicate that to Senator Matsuura's constituency.

"Thank you very much, Mr. President."

 Senate President

RE: Resignation of Senator Matsuura and  
Replacement of Co-Chairship and Committee

With a high degree of respect for Senator Richard Matsuura's desire that the Senate continue its faithful service to his constituency and to the State, and with his concurrence, I have regretfully replaced Senator Matsuura as a co-chair of the Health Committee, and as committee member of the Education and Judiciary Committees.

In his place, I have appointed Senator Mike McCartney as temporary Co-Chair of the Health Committee and member of the Education Committee, and Senator Les Ihara, Jr., as member of the Judiciary Committee, to serve immediately."

No. 5	Committee on Health and Environment, then to the Committee on Ways and Means
No. 6	Jointly to the Committee on Economic Development and the Committee on Transportation and Intergovernmental Affairs, then to the Committee on Ways and Means

## REFERRAL OF SENATE RESOLUTION

The President made the following committee assignment of a resolution that was offered on Tuesday, January 28, 1997:

Senate Resolution	Referred to:
No. 3	Committee on Health and Environment, then to the Committee on Ways and Means

Senator Baker rose on a point of personal privilege as follows:

"Mr. President, may I rise on a point of personal privilege?"

"Thank you, Mr. President. Within the past 24 hours we've learned of yet another senseless and tragic loss of life due to domestic violence because the system that was designed to protect women has failed, and failed miserably.

"Ms. Arlene Marzan obtained a TRO. She did what she was supposed to do to get help from the system. Actually, her abuser was convicted. She filed another TRO; there was

another conviction. She took respite in a shelter. She did all of the things that we advise victims of domestic violence to do. But nevertheless, she was gunned down by her abuser who happened to be her estranged spouse.

"Just yesterday, we also learned from a report filed by the attorney general that sex assault is increasing in our community.

"Mr. President and colleagues, domestic violence and other acts of violence to resolve disputes really have no place in our state, in any of our communities.

"I call upon our Judiciary chairs to expedite the hearings on measures that are before their committee which seek to improve the legal and systemic safeguards for women in this state.

"I would also ask the members of our Ways and Means Committee headed by our very able co-chairs not to let the departments or the Judiciary forget that they have an obligation to support the women's shelters throughout our state and to support the prevention and treatment programs that are so necessary to assist victims of domestic violence.

"Finally, I encourage all of us to do whatever we can to support the violence prevention curriculum initiative that the Legislature helped move forward last year by joint resolution. It's coming back before us for implementation. This is an effort to establish an integrated violence prevention curriculum in our schools in recognition that violence can be prevented; that it takes an unacceptable toll on our children and communities and that simply reacting to the outcomes of violence is far too costly for our pocketbooks and the quality of our life.

"By addressing violence prevention in our schools, K-12, in a comprehensive, coordinated and integrated way, we can begin to impact the cycle of violence that results in sexual assaults, domestic abuse, child abuse, gang and other community violence.

"Mr. President, we have a lot of pressing needs in our community, but I submit that breaking the cycle of violence must be among our top priorities.

"Thank you."

Senator Matsunaga also rose on point of personal privilege as follows:

"Mr. President, may I continue on a point of personal privilege?"

"I'd like to thank the Senator from Maui for raising the issue of domestic violence. It is of great concern to the co-chairs of the Judiciary Committee and we certainly agree with her 100 percent that it should be a priority item. I'd like to reassure her that we are going to move forward and hear many good measures on domestic violence. Amongst them, one will be to establish a domestic violence fatality review team, which will look at some of the causes for these tragic incidents and perhaps give us an insight on how we can prevent these breakdowns from occurring in the future.

"We also have a measure to look at preventing DAG and DANC pleas for domestic violence offenders. We are also looking at the expungement of records and whether that is appropriate in domestic violence situations. We are also looking at restraining orders and whether the words 'recent incidents' are applicable or if it should be deleted from the judge's discretion in issuing these restraining orders.

"So, I would like to again thank the Senator from Maui for raising these issues and reassure her and my colleagues that we are going to devote full attention to domestic violence this session. Thank you."

Senator Solomon also rose on a point of personal privilege and stated:

"Mr. President, I rise on a point of personal privilege and as a response to the previous speaker.

"I would like to ask the previous speaker what he meant when he referred to domestic violence as accidents? If he could clarify his position on that because I don't think that domestic violence can be in that category. I also don't think domestic violence can be in the category of 'crimes of passion.' I think that we've come a long way on this issue and these are the kinds of categories or stereotypes that we should refrain from placing domestic violence into.

"I would appreciate it if he would please explain what is meant by classifying domestic violence situations as accidents.

"Thank you."

Senator Matsunaga responded:

"Thank you very much for the question. My father used to say that I mumbled, and perhaps the prior speaker misheard me. I said domestic violence incidents, not accidents. I'll try to articulate a little better in the future.

"Thank you."

## ELEVENTH DAY

Friday, January 31, 1997

The Senate of the Nineteenth Legislature of the State of Hawaii, Regular Session of 1997, convened at 11:37 o'clock a.m. with the President in the Chair.

The Divine Blessing was invoked by the Reverend Vincent Mainelli, Holy Trinity Parish, after which the Roll was called showing all Senators present with the exception of Senators Aki, Matsuura and Tanaka who were excused.

The President announced that he had read and approved the Journal of the Tenth Day.

The following introductions were then made to the members of the Senate:

Senator Kawamoto introduced Dr. Terry Shintani, author of the Waianae Book of Hawaiian Health, and the Eat More, Weigh Less Diet. Dr. Shintani was accompanied by his wife, Stephanie.

Senator Taniguchi, on behalf of Senate President Mizuguchi, then introduced Mr. Paul Tagliabue, Commissioner of the National Football League; Mr. Joe Brown, Senior Vice President of Communications and Government Affairs; Mr. Joe Ellis, Executive Director of Club Administration and Stadium Management; and Mr. Edwin Hayashi, Aloha Stadium Manager.

The President then stated:

"We don't often have the privilege of having the Commissioner of the National Football League in our presence, so I'd like to ask the Senators for their indulgence as I ask Mr. Tagliabue to say a few words on behalf of the National Football League. I hope that all of you will influence him this morning so that we can have the Pro-Bowl yearly in the State of Hawaii.

"At this time, I ask that Senators Brian Taniguchi and Mike McCartney accompany the Commissioner of the National Football League to the rostrum."

The Senators escorted Mr. Tagliabue to the rostrum and the President presented him to the members of the Senate as follows:

"Members of the Senate, ladies and gentlemen, may I present to you the Commissioner of the National Football League, Mr. Paul Tagliabue."

Mr. Tagliabue addressed the members of the Senate as follows:

"Mr. Chairman and members of the Senate, students and friends:

"It occurred to me, as I was sitting here, that with the students here today, maybe we could talk about reading, 'riting' and 'rithmetic.' But we should add a fourth 'R' to the three 'R's that go into education -- that would be 'relationships' -- because the relationship between the NFL and the State of Hawaii and its people is what we're here this morning to celebrate, and it's a relationship of teamwork, above all. I think the students know, and their teachers know, that teamwork is as important as anything we do in life and it's what will make our reading, writing, and arithmetic successful.

"The team that has been put together here in Hawaii for the last 18 years, involving your representatives, both in the public sector and the private sector, with our representatives, has really produced an extraordinary series of successes in the Pro-Bowl games that have been played here since 1980. And for that

teamwork, we thank you very, very much. It has been extremely successful from our perspective and I hope it has been equally successful from your perspective.

"As was mentioned earlier, with your cooperation, with your support, with the support of your citizens, and your fans and our fans, the game has constantly grown in stature so that on Sunday, when it's televised nationally, we hope to have about 35-40 million people watching our game coming from Aloha Stadium and watching our great athletes perform in the Pro-Bowl.

"From a personal perspective, my visit here annually has become a highlight of the season. It is a time not only to enjoy the splendors of Hawaii and its culture, but to reflect on our season and to visit with our players who contribute so much to our league both on and off the field.

"I start the season each year in the birthplace of the National Football League, Canton, Ohio, which is where our Pro-Football Hall of Fame is located. As we go through the travails of the season, sometimes fighting amongst ourselves, sometimes just working very hard to present a successful season to our fans, the prospect of coming here and celebrating the Pro-Bowl, celebrating a successful Superbowl as we are doing this year, and enjoying your friendship, has turned out to be as much of a highlight as the start of the season in Canton.

"We look forward to upcoming discussions about a continuing relationship with Hawaii. I think the ingredients of the success of the Pro-Bowl are clear -- it's your hospitality; it's your geography, your culture, your facilities and, above all, the hard work and interest of your people -- and we hope that relationship can continue. We hope we can be good partners. We expect that the teamwork that's made this so successful will be a continuing ingredient, and we thank you for that. We thank you for your time today and, above all, we thank you for your interest and support.

"Mahalo."

At 11:49 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:57 o'clock a.m.

### SENATE CONCURRENT RESOLUTION

The following concurrent resolution (S.C.R. No. 7) was read by the Clerk and was referred to committees:

#### Senate Concurrent Resolution

No. 7 "SENATE CONCURRENT RESOLUTION REQUESTING THE AUDITOR TO CONDUCT A MANAGEMENT AUDIT OF THE MARRIOTT EDUCATION SERVICES AT THE UNIVERSITY OF HAWAII AT MANOA."

Offered by: Senator McCartney.

Referred to: Committee on Education, then to the Committee on Ways and Means

### ORDER OF THE DAY

#### THIRD READING

There being no objections, the Senate advanced the consideration of the following House bill listed on the Order of the Day:

H.B. No. 230, H.D. 1:

Senator Fernandes Salling moved that H.B. No. 230, H.D. 1, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator M. Ige rose in opposition to the measure and stated:

"Mr. President, I have some words in opposition to this measure that I'd like to have inserted into the Journal."

The Chair having so ordered, Senator M. Ige's remarks read as follows:

"Mr. President, I speak in opposition to H.B. No. 230, H.D. 1.

"I believe that we lead by example and an increase in the Legislature's budget for this session sets a poor example. At a time when the state is strapped for funds and the state administration has submitted a zero-growth budget, the Legislature should be similarly responsive and do no less -- and definitely, no more.

"Over the past few weeks, as co-chair of the Senate Committee on Government Operations and Housing, we have been reviewing various government programs and services. With the leadership role the committee holds, I have felt it necessary to consider the issue of growth very thoroughly. In so doing, I have become even more acutely aware of our immediate and pressing need to economize throughout government in every way possible. Our committee is constantly and consistently asking state departments to review their operations with a look to cutting costs while increasing efficiency.

"Mr. President, I mean no disrespect to you and my colleagues, but after much consideration and reflection, I believe an increase in the Legislature's budget at this time sends the wrong message. Based on the hearings and meetings that I have conducted so far, it would be inconsistent for me to vote for a 4 percent increase in the Legislature's budget. Therefore, I have no choice but to cast a 'no' vote on this measure."

The motion was put by the Chair and carried, H.B. No. 230, H.D. 1, entitled: "A BILL FOR AN ACT MAKING APPROPRIATIONS TO PROVIDE FOR THE EXPENSES OF THE LEGISLATURE, THE LEGISLATIVE AUDITOR, THE LEGISLATIVE REFERENCE BUREAU, AND THE OMBUDSMAN," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 1 (Ige, M.). Excused, 3 (Aki, Matsuura, Tanaka).

### MATTER DEFERRED FROM TUESDAY, JANUARY 28, 1997

#### ADVISE AND CONSENT

Stand. Com. Rep. No. 1 (Jud. Com. No. 1):

Senator Chumbley moved that Stand. Com. Rep. No. 1 be received and placed on file, seconded by Senator Matsunaga and carried.

Senator Chumbley then moved that the Senate consent to the nomination of COLETTE YODA GARIBALDI for Judge of the District Court of the First Circuit, for a term of six years, in accordance with the provisions of Article VI, Section 3, of the Hawaii State Constitution, seconded by Senator Matsunaga.

Senator Chumbley rose in support of the nominee and stated:

"Mr. President, I rise to speak in favor of the nominee.

"Mr. President, upon review of the background information submitted by the nominee, your Committee finds that Colette Yoda Garibaldi holds two bachelors degrees from the University of Southern California and a J.D. degree from Loyola Law School. Ms. Garibaldi first served as an attorney in a private law firm in 1981 and as a Deputy Prosecuting Attorney with the Department of the Prosecuting Attorney's Office, City and County of Honolulu, from 1982-1988. Ms. Garibaldi has since served as a per diem district court judge for the First Circuit since her first appointment in 1988. Ms. Garibaldi is also a volunteer member of the District Court Per Diem Judges' Training Committee and has been nominated as a mentor with the Judiciary Mentoring Program.

"Testimony was submitted to your Committee in support of the nominee which indicated that both in her experience as a Deputy Prosecuting Attorney and during her tenure as a Per Diem Judge, Ms. Garibaldi has consistently demonstrated a keen knowledge of the law. Testifiers further acknowledged her exemplary judicial temperament and integrity in her consideration of the cases presented before her as well as her excellent interpersonal skills in working with the public and the legal community.

"I urge my colleagues to consent to this nomination."

Senator Anderson also rose in support and said:

"Mr. President, that's what I had written down, so rather than go over it again, may I have the chairman's words put into the Journal as though they were my own. Thank you."

The Chair so ordered.

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 22. Noes, none. Excused, 3 (Aki, Matsuura, Tanaka).

At this time, Senator Chumbley introduced Judge Garibaldi to the members of the Senate. (Judge Garibaldi, who was seated in the gallery with her family, then rose to be recognized.)

No. 1866 Committee on Ways and Means

No. 1870 Committee on Government Operations and Housing, then to the Committee on Ways and Means

Senator Matsunaga rose on a point of personal privilege as follows:

"Mr. President, I rise on a point of personal privilege.

"Mr. President, today the resignation of one of our colleagues takes effect. I know I am not alone in my belief that this body will not be the same without Senator Matsuura's avuncular presence.

"When I first arrived in the Senate five years ago, Senator Matsuura took me under his wing to teach me how to become a good Senator. He told me he wanted to help me because of his respect for and friendship with my father, and because he wanted to help me fulfill some of my father's visions on world peace and renewable energy. What I learned over the past five years is that Senator Matsuura is a remarkable person. And I know 'remarkable' is the word that many of us have used to describe him in many different instances.

"An author of wonderful children's books, a farmer of plentiful soy beans, a dreamer of tremendous visions, and a

singer of modest abilities, Senator Matsuura is truly a Renaissance Man. I think if you looked up the word 'character' in the dictionary, you'd find a picture of him right next to that word.

"I believe that historians will remember Senator Matsuura for his many, many legislative achievements, including his work on state procurement, telecommunications, renewable energy, and the water code. What I think this body will miss the most are his brutal honesty and his unrelenting perseverance.

"I'm sure each of us has a Dick Matsuura story about his sometimes less than tactful statements. He is constantly telling me how much he dislikes lawyers, but that I'm O.K. In fact, in a political world, where diplomacy is the norm, Senator Matsuura is a bull in a china closet. He was often the conscience of this body, scolding us when he thought we did not put the people first.

"Senator Matsuura is also unrelenting when he sets his sights on a goal. Whether it is striving for the 'common sense law,' or investigating why he can't get a light on his phone to turn on, or seeking the perfect site for a peace institute where leaders from around the world can meet and grow mahi-mahi to feed the world, he never gives up. He will dream and he will work and he will dream and he will work until he achieves his goal.

"What I will miss most, though, is the warmth that he radiates. He loves food so much, he became a farmer. He loves movies so much, he even wrote a movie script and tried to get it produced. He loves his country so much, his favorite song is 'God Bless America.' And he loves his job as a Legislator so much, he devoted his life to it.

"Mr. President, I ask my colleagues today to join me in supporting Dick Matsuura, as he faces the toughest challenge he has ever faced, by praying for him and by never ever forgetting what he stands for.

"Thank you."

The Chair responded:

"Thank you, Senator, for those kind words."

Your Committee on Credentials begs leave to report that it has received Governor's Message No. 125 and has examined the credentials of the Honorable Wayne C. Metcalf and finds that he is fully qualified to fill the vacancy in the Senate, Second District, created by the resignation of Senator Richard M. Matsuura for the Nineteenth Legislature of the State of Hawaii, Regular Session of 1997.

Respectfully submitted,

/s/ Avery B. Chumbley  
/s/ Matt Matsunaga  
/s/ Whitney Anderson"

Senator Ihara moved that Special Committee Report No. 2 be adopted, seconded by Senator Slom and carried.

The Committee on Credentials was thereupon discharged.

The Chair, at this time, appointed Senators Ihara and McCartney to escort the Honorable Robert G. Klein of the Hawaii State Supreme Court to the rostrum to administer the oath of office to the newly appointed member of the Senate.

The Senators escorted Associate Justice Klein to the rostrum and were thereupon discharged with thanks.

The Chair then appointed Senators Levin, Solomon, Taniguchi and Slom to escort the Honorable Wayne C. Metcalf to the rostrum.

Associate Justice Klein administered the oath of office to the newly appointed member of the Senate, the Honorable Wayne C. Metcalf.

Senator McCartney then rose and stated:

"Mr. President, on behalf of your Majority members, I'd like to take this opportunity to welcome the newest member of the Senate, our colleague from Hilo. We recognize that he fills the seat of our friend and colleague and now he comes into the Senate as a full member of the body. He's committed to working hard with us as a partner and a colleague to do what's right for the people of Hawaii, and the Majority stands ready to work with him as a partner to do what is right for the people of Hawaii.

"Congratulations, Senator."

Senator Slom also rose and stated:

"Mr. President, on behalf of the Minority, we too would like to welcome the new Senator. We know that he does have very difficult shoes to fill, but we stand ready to offer our assistance and hope that this will be a most productive and energetic service. Thank you."

Senator Levin then added:

"Mr. President, on Friday the good Senator from Palolo with great eloquence helped us bring closure to the long and distinguished career of Senator Matsuura. Today, the Senate, having called itself the people oriented institution working for the public good, must continue and carry on with the people's work. And so, today we mark the renewal of a legislative career of another Big Islander, our new Senator from Hilo.

"With all the attention that has been given to reform of 'high three', here is an individual who has given up the prestigious position of Insurance Commissioner after just two years, to come back to the institution where he first trained under and learned the legislative process from legends such as John Ushijima.

"Senator, you are returning to a new Senate marked by innovation, collaboration, and determination to deal with the difficult issues of the day. You already had your baptism under fire in the Judiciary Committee this morning, and tomorrow I look forward to co-chairing the Health Committee with you.

"On behalf of our Big Island constituents and on behalf of the entire Senate, welcome back to the Legislature and we wish you well.

"Thank you."

Senator Anderson then stated:

"Mr. President, I would feel remiss if I didn't say a few words for our new Senator.

"I've had the privilege of working with him in the House. He was my House chairman in Judiciary for four years and I enjoyed serving with him, and I know I'll enjoy serving with him in the Senate. Welcome."

Senator Baker rose and said:

"Mr. President, I, too, would like to welcome Senator Metcalf. Just the other day in our committee hearing he sat across the table as Insurance Commissioner Metcalf. We didn't get the chance to grill him on some of the issues before us at that particular time, so it's going to be good to work with him

now as a colleague. I look forward to having that expertise available to our body.

"And I know I join with all my former House colleagues who served with then-Representative Metcalf in the old days to say we appreciated your spirit of enthusiasm, commitment to public service, integrity and honesty then, and we look forward to that same spirit of collegiality here in the Senate."

The Chair then added:

"If there is no further discussion, I, too, would like to welcome Senator Metcalf. As a former Big Island native, I know he has Hilo and the Big Island etched in his heart. Welcome, Senator."

At 11:45 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:50 o'clock a.m.

The Roll was then called showing all Senators present.

The President announced that he had read and approved the Journal of the Eleventh Day.

No. 1887 Jointly to the Committee on Water, Land, and Hawaiian Affairs and the Committee on Economic Development and the Committee on Transportation and Intergovernmental Affairs, then to the Committee on Ways and Means

Senator Metcalf rose at this time and stated:

"During the years that I served as a member of the Senate staff and later as a member of the House of Representatives, I developed a deep respect for the Legislature as the institution of government that best expresses the public will and to which our communities' aspirations for a better future are most nobly expressed. I accept with honor and humility Governor Cayetano's appointment of me to the Senate, though given the circumstances, it is an honor that comes at a moment that is barren of joy. Senator Matsuura's contributions to this body and to the people of Hawaii have been both real and significant, and my wife and I will continue to keep Senator Matsuura and his family in our hearts and prayers.

"Mr. President and members of the Senate, thank you for your warm welcome."

At this time, Senator Taniguchi introduced Shirley Metcalf, wife of Senator Wayne Metcalf, who was seated on the floor of the Senate.

Senator Anderson rose on a point of personal privilege as follows:

"Mr. President, I rise on a point of personal privilege.

"Mr. President, I didn't plan on standing this week, but it came to my attention in the Sunday Advertiser on page A-30, I believe it was, that out of the 4,000-some-odd bills that we put in, 225 were from the administration, and they saw fit to list 19 Senate bills, but not one of them, not one of them, my colleagues, even came close to economic concerns of this state. And it is something that I feel is absolutely wrong when we're in a turmoil, as we are right now, and we're not even looking at economic benefits for this state. And I think that the administration in its address to the state said that was going to be one of the high priorities.

"I would hope that we would get on to our business and make sure that we provide jobs for our people. We've put in bills to look at harbors; we have put in bills to look at land leasing on our state lands; we have tried very hard. We've even put in bills for unicameralism so that we can come down with a few less people and maybe save the state some money and get rid of some of us that are not paying attention to what's really needed in this state.

"I have people that are out of work as contractors. They are not getting any benefits from this state because there are no jobs. We're paying over \$2,000 each household, over and above what we should for shipping in needed products. Because we are an island state, those are concerns that we should be looking at, ladies and gentlemen -- not sitting down and saying this is what's going to happen with same sex; this is what's going to happen with 'high three'; this is what's going to happen with this. Those are bills that we promised. But we should be getting on with the working of this Senate to make sure that we look at the concerns of the people out there that do not have jobs and food on their table.

"Thank you very much, Mr. President. I'm sorry that I had to get a little upset this morning."

Senator Solomon also rose on a point of personal privilege and said:

"Mr. President, I also rise on a point of personal privilege.

"Mr. President, I rise to speak in regard to the letter published in the Star Bulletin, 1/30/97, entitled 'Legislators must focus on economic recovery,' signed by the present and past directors of the Department of Business, Economic Development, and Tourism (DBEDT). I find the letter puzzling.

"I, along with my colleagues in the Legislature, have been regularly disappointed by DBEDT's failure to support legislative economic development initiatives and in many cases actively oppose such initiatives. For example, last session the Senate introduced legislation to establish 'Renaissance Zones' in Hawaii, patterned after a program developed by Governor Engler in Michigan and described by an expert on enterprise zones at the Reason Foundation, a public policy research group in Los Angeles, as 'probably the most far ranging, far reaching enterprise legislation' yet acted on in any state. That bill was killed because our economic development agency (DBEDT), in the House, testified in opposition to it. It has been reintroduced again this year by Representative Herkes. I do not look forward to DBEDT's support.

"Last year also, we developed a program for a major stimulus to the economy of my district and the state, a whole new industry - Remote Sensing - with the potential to make Hawaii preeminent in the high-tech field. This initiative was killed by the administration after legislative passage because of DBEDT's lack of support and enthusiasm. Many of my colleagues have similar stories.

"DBEDT has demonstrated to us in the Legislature a 'Bunker mentality' and a similar 'us against them' posture toward the business and scientific communities. It is no wonder our state is ranked at the bottom of the nation in terms of a favorable climate towards business.

"Mr. President, as an addendum to my point of personal privilege, I'd like to bring to my colleagues' attention that there was an article that also appeared that says 'Hawaii lags in technology jobs, study finds. The high-technology industry employs more than 4 million Americans in 1995, with California and Texas leading the way and Hawaii ranking 47th among the 50 states.' Mr. President, this is no surprise when we're dealing with these kinds of negatives instead of an administration that is willing to help the Legislature in our efforts toward economic recovery.

"Thank you, Mr. President."

At this time, the Chair announced the appointment of Senator Metcalf as co-chair of the Committee on Health and Environment, and as a member of the Committee on Judiciary and the Committee on Education.

At 12:04 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:05 o'clock p.m.

#### ADJOURNMENT

### ORDER OF THE DAY

Stand. Com. Rep. No. 3 (Jud. Com. No. 2):

Senator Matsunaga moved that Stand. Com. Rep. No. 3 be received and placed on file, seconded by Senator Chumbley and carried.

Senator Matsunaga then moved that the Senate advise and consent to the nomination of KENNETH E. ENRIGHT for Judge of the District Family Court of the First Circuit, for a term of six years, in accordance with the provisions of Article VI, Section 3, of the Hawaii State Constitution, seconded by Senator Chumbley.

Senator Matsunaga rose in support of the nominee and said:

"Mr. President, Kenneth E. Enright holds a Bachelor of Science degree from Boston College and a J.D. from St. John's University Law School. Mr. Enright presently serves as a Deputy Attorney General in the Family Law Division and has been with the Department of the Attorney General since 1980. Mr. Enright has participated in numerous committees regarding policy development in the area of child abuse and neglect. He has co-authored Chapter 587, the Child Protective Act, and he also received the Governor's Award for Distinguished State Service to the Department of the Attorney General in 1985.

"Testimony was submitted to your Committee in support of the nominee which indicated that throughout his experience in the Department of the Attorney General, Mr. Enright has consistently demonstrated commitment, compassion, and vision in regard to the needs of families. Testifiers further acknowledged his sensitivity, fairness, and wisdom which have prepared him to deal with the complexity of the problems that bring people into the family court.

"Mr. President, Mr. Enright also testified that he could be tough when necessary.

"I urge my colleagues to vote in favor of this nomination. Thank you."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Chun Oakland).

### RE-REFERRAL OF SENATE BILLS

The Chair re-referred the following Senate bills that were introduced:

Senate Bill	Referred to:
No. 132	Jointly to the Committee on Human Resources and the Committee on Health and Environment, then to the Committee on Ways and Means
No. 263	Jointly to the Committee on Human Resources and the Committee on Health and Environment, then to the Committee on Commerce, Consumer Protection, and Information Technology
No. 1262	Committee on Judiciary

Senator Bunda rose on a point of personal privilege as follows:

"Mr. President, I rise on a point of personal privilege.

"Mr. President, yesterday in the Judiciary Committee hearing on the issue of same-sex marriage, after hours of public testimony and just prior to decision-making, both chairs handed over to the committee members a draft proposal of a new bill for members to digest in just a matter of minutes. Mr. President, I objected to the way it was handled, and specifically, Mr. President, the chairs gutted H.B. No. 117 and replaced the text with S.B. No. 1800. House bill 118 was amended by adding an array of language taken from other bills and sources regarding rights and benefits of non-traditional marriage partners.

"Mr. President, I think you know what the problem is. The problem is that it was a shot-gun approach which I thought we had done away with. Are we not supposed to be working in the spirit of cooperation and collaboration, Mr. President? I really thought openness and public review was the order of the day.

"Mr. President, the chairs' response to my request for time to digest the contents of the proposal was that we had discussed all of the elements of the bill so there was no need for further review by members of the committee and by the public. And you'd only need to read this morning's newspaper to learn that at least some people feel that the whole procedure was a scam. I ask you, Mr. President, is this the spirit of cooperation? And I know that all of us are under tremendous pressure of deadlines and time constraints, but that is no, no excuse for sidetracking the issue. Members should have had the copy of the draft at least a day in advance to review its contents.

"The committee's majority decision, yesterday, was made well in advance of five hours of testimony presented to the committee. I ask you, Mr. President, does that raise the level of public confidence in government?

"In your memo dated December 4, 1996, to the members, it was included in the 1997 Senate Legislative Reform Package and specifically on Item F, it says: Proposed drafts of measures in which the entire contents of the bill would be replaced must be available to members of the committee and the public for review at the time the notice of hearing on the proposed draft is to be posted.

"Mr. President, are we still operating under the spirit of reform or have we dispensed with reform when it is convenient to do so? Mr. President, I ask for your ruling on this matter. Thank you."

The Chair replied:

"Thank you. The Chair will take that under advisement."

Senator Sakamoto then rose and said:

"Mr. President, I concur with Senator Bunda's remarks. I'm glad that we started this session in that spirit of collaboration and working together and I would hope that we can return to that. The public had a very short time, two minutes, to testify. Most of their testimony was based on being for or against a constitutional amendment -- not really specific to the proposed legislation. I think we clearly owe the public the ability to respond to measures that we propose to pass.

"Thank you."

Senator Bunda rose again and said:

"Mr. President, I just wanted to ask the Chair a question.

"You had said that you would take that under advisement. When could we expect some advice from you?"

The Chair responded:

"I will give you that answer as soon as I confer with the co-chairs of the committee."

Senator Bunda then said:

"Thank you, Mr. President.

Senator Anderson also rose on a point of personal privilege as follows:

"Mr. President, I rise on a point of personal privilege, and I'd like to say that I'd like to follow up and I think this is a non-partisan issue. It's an issue of the people.

"Yesterday, if you remember, I asked for a recess, and I went over and asked the chairman. In his statement he said that he was going to have decision-making, and I went over during the recess and said, 'Is that decision-making,' and he said, no, it was going to be recommendations. And then when we went back to the auditorium at 12:30 and listened to the balance of those 150-some-odd people, they then said we're going to have decision-making. And that's not fair and equitable; that's not keeping your word to your own colleague. And that's what the biggest disappointment is.

"Also, on our wall outside of the Judiciary Committee there is a statement there for everybody to read: Publicly, we will have hearings to receive testimony on measures that will be held Monday through Thursday mornings, 8:30 to 11:00 a.m. Public decision-making measures will be held each Friday morning from 9:30 upon completion of the following week's public hearing. That's in our own words! You break your own rules!

"And yesterday, when I walked out, Mr. President, by no means was I supposed to be excused. I told them I didn't care what they did; that I voted 'no' on every measure because all of those people that came were from neighboring islands; they were from here; some were even from the mainland. And I don't think that's fair that we sit down and within a half-hour we go back in and then we come up with 'we met over the weekend and this is what we came up with.' I think it's unfair and unjust to every person that was there.

"And I'd like to know if I can ask the chairman a question, Mr. President. Will he yield to a question? I know you have co-chairs, so I'll take Senator Chumbley."

The Chair posed the question and Senator Chumbley replied:

"Yes, Mr. President, I'll yield to a question."

Senator Anderson continued:

"I went to Senator Chumbley because he's the one I asked. Did I not ask you yesterday if there was going to be decision-making or not?"

Senator Chumbley responded:

"Mr. President, I'd like to read my comments that were in the Journal from yesterday."

Senator Anderson interjected:

"I am not asking for that, sir ...."

Senator Chumbley continued:

"Mr. President, your Committee on Judiciary is currently standing in recess with the intention of reconvening at 12:30 this afternoon for the purpose of hearing the rest of the testimony on the same-sex marriage issue. We've listened to over 100 testifiers and we have about 50 left.' Now this is the important part, Mr. President. 'We would ask the committee members to please attend because it is the intention of the chairs to be making recommendations for decision-making right after the public testimony was completed. Thank you.'

"And that is a record of the Journal, Mr. President."

Senator Anderson then said:

"Mr. President, when I went to his desk I said, 'Is that decision-making or just plain recommendations?' That's why I went over. If he had said it's going to be also to have decision-making, I would have damn well said, no way. I would not have gone back. I would have let everybody here know that we don't follow our rules! Those are not really recommendations -- they're what we are going to do. It's a decision. How can you take all of those bills? When we were in the committee hearings, Mr. President, we bundled them together. When somebody said I like this bill better than that, we may have asked a question on that particular bill. We didn't know which bills were going to be killed and which ones were going to be considered. And that's where it's not fair. Take anybody, one side or the other.

"Thank you very much, Mr. President."

At 11:55 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:56 o'clock a.m.

Senator Chumbley rose again on a point of personal privilege as follows:

"Mr. President, I rise on a point of personal privilege.

"Mr. President, it is unfortunate that some of my colleagues are dissatisfied with the content when they claim it to be the process. I want you to know that the hearing notice that is posted outside of the Judiciary room, in fact, deals with our normal hearings in room 229 which are a Monday through Friday block. On Tuesday, January 28, when this hearing notice was posted for the Monday, February 3, hearing which included all the measures on the same-sex issue, it said: 'If necessary, the hearing will reconvene at 12:30,' which we did, Mr. President. 'Decision-making to follow.'

"We provided the public, we provided the members, we provided everyone, with very clear, very honest information on what our intentions were. It was the intention of the chairs to make recommendations for decision-making right after the public testimony is completed. It's in the Journal, Mr. President. We followed the rules under which the Senate

adopted and we ran the hearing with the opportunity for the public to present testimony and for the members to ask questions. We were straight-forward in all of our intentions and all of our actions, Mr. President."

Senator Matsunaga also rose on a point of personal privilege as follows:

"Mr. President, I rise on a point of personal privilege.

"I concur that it is indeed unfortunate that some members feel that they did not have enough time to fully study and digest the many issues that were raised during yesterday's hearing. And yes, in an ideal, in a perfect world, each of us would have a greater opportunity to study these issues, to take the bills home overnight and to review them before making an informed decision. However, we are on a timetable. The public has made its voice known that they want action on this issue. They don't want more debate -- they want action. We made a commitment at the beginning of this session and we identified this issue as one that we would move forward quickly and promptly.

"Those that are complaining about what occurred yesterday have no basis for their complaint. We complied with every single rule that this Senate has adopted. We posted the notice; we notified members that decision-making will be held. For those that are complaining about what happened, the proper redress is to change the rules. If you don't like what happened, change the rules. But it is simply wrong, wrong, wrong to complain when you don't get what you want and when the rules were indeed followed.

"I will be more specific. On H.B. No. 117, which we passed out, we voted on the content of S.B. No. 1800. This was one of the measures we heard. Members should have had adequate opportunity to study this measure. The public provided testimony on it. Its content was no big surprise.

"House bill 118, which we revised, followed the guideposts set forth in H.B. No. 118 and S.B. No. 98, a measure that ten of our colleagues introduced, including three members of our Judiciary Committee, and we added to that. You should also consider the fact that, at yesterday's hearing, we also heard S.B. No. 795, which is a measure that this Senate passed out last session, and which provides for approximately 350 or so marital rights to domestic partners. House bill 118, as we received it, provided for four of those rights. Senate bill 98 also provided for an additional four of those rights.

"Our measure took an intermediary approach between S.B. No. 795 and the other two measures and provided for approximately 200 of the 350 or so rights that were identified by the Commission on Sexual Orientation and the Law.

"Mr. President, we have heard this issue for four or five years. We have had countless, countless hearings and hours and hours of testimony. It is time for action, Mr. President. Thank you."

Senator Solomon rose on a point of order and stated:

"Mr. President, point of order.

"Mr. President, I am getting confused here. I thought that we had one of the members of this body stand and ask for your opinion on a question. You stated to this body that you need time to check with the chairmen. You took it under advisement. Why are you continuing, Mr. President, on a point of personal privilege, to debate this issue?"

The Chair replied:

"The debate is over. That was the last speaker, I believe, to speak on this issue. Let us continue with the Order of the Day."

Senator Solomon stated:

"Yes, I would appreciate that, Mr. President. Unless you are prepared at this moment to give us your recommendation to the question that was posed by the previous speaker."

The President responded:

"I believe I addressed the Senator from Wahiawa, what my intentions were, and those intentions still stand."

Senator Solomon then said:

"Thank you very much, Mr. President."

Senator Anderson rose and said:

"Mr. President, I'd like to have a point of clarification from my learned colleague across the aisle."

The President interjected:

"Do you have a question for him?"

Senator Anderson replied:

"Yes, I do."

The President posed the question and Senator Matsunaga having answered in the affirmative, Senator Anderson queried:

"Thank you very much. Since I am not an attorney I'd like to know, with all of the changes that were on there, and since it is openness that we are talking about and we followed all of the rules, and I've been hanging around this place for some 17 years, you tell me how, with all of those changes, and we didn't get it until after it was finished -- it wasn't handed to any of my colleagues -- how we were supposed to understand if that bill was going to clarify anything for any one group. Was it going to be instrumental to and of benefit to Hawaii; was there any cost effect to Hawaii? There was nothing.

"And all we asked for or all I would have asked for is if we could have had some time to look at the recommendations before you made a decision so that we could have had that document, looked it over, and been given a couple of hours. That's what I'd like to know."

Senator Solomon then said:

"May we have a short recess, Mr. President, please."

At 12:03 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:04 o'clock p.m.

#### ADJOURNMENT

## Senate Concurrent Resolution

No. 18 "SENATE CONCURRENT RESOLUTION REQUESTING THE GOVERNOR AND THE MAYORS OF THE SEVERAL COUNTIES TO DESIGNATE FEBRUARY 9 TO 15, 1997 AS 'NATIONAL CHILD PASSENGER SAFETY AWARENESS WEEK.'"

Offered by: Senator Aki.

On motion by Senator Aki, seconded by Senator McCartney and carried, S.C.R. No. 18 was adopted.

The following resolution (S.R. No. 4) was read by the Clerk and was disposed of as follows:

## Senate Resolution

No. 4 "SENATE RESOLUTION REQUESTING THE GOVERNOR AND THE MAYORS OF THE SEVERAL COUNTIES TO DESIGNATE FEBRUARY 9 TO 15, 1997 AS 'NATIONAL CHILD PASSENGER SAFETY AWARENESS WEEK.'"

Offered by: Senator Aki.

On motion by Senator Aki, seconded by Senator McCartney and carried, S.R. No. 4 was adopted.

At this time, Senator Aki rose to speak on the resolutions as follows:

"Mr. President, I want to thank the members of the Senate for allowing Senate Resolution No. 4 to be adopted today.

"Mahalo and thank you on behalf of the many people who are involved in an innovative video entitled, 'Watch It! Don't Dodge It!', which emphasizes safety in crossing streets.

"This is a homegrown educational video complete with supplemental curriculum to enhance child safety awareness. National Child Passenger Safety Awareness Week is February 9 to 15 and this year's program 'Patterns for Life' extends beyond safety seat and seat belt issues to include safe habits for young pedestrians and bicyclists.

"Kanani Burgess of Maili, Wai'anae, a freshman at Sacred Hearts Academy, came up with this idea for the 10-minute video. Her sister Angela was injured in a pedestrian accident on Farrington Highway in 1992. She was struck by a van as she was trying to cross a bus stop where there was no traffic signal.

"Fortunately, Angela is well, but still has traumatic memories.

"Funding for the video was provided by the State Department of Health, Injury Prevention and Control Program, with technical assistance from the University graduate students: Mary Kelly, Helen Kwak and Eva Deocampo.

"This video empowered the children of Wai'anae to speak out on traffic safety issues. The success of this project lay in the premise of capturing the children's fears and concerns about traffic safety. The 'Wai'anae Pedestrian Safety Project' started as a backyard initiative and activated community involvement.

"Contributions from various local businesses and agencies were solicited. The generosity poured out to support the children in delivering their powerful traffic safety message. There were several extremely hot summer weekends where the children of Wai'anae came together to decide on a script, rehearse their lines and finally run the cameras. Odee's story was used to portray the seriousness of these lessons. Accidents involving the bus were of key concern to the children and the need to express what they face daily in their own language was of equal importance.

"Consequently, the film 'Watch It! Don't Dodge It' captures our keiki's making smart choices in traffic. They emphasize the need to 'wise up' in various traffic related situations. The children of Wai'anae have taken the lead in bringing about traffic safety awareness and education. Non-profit organizations such as Learning Disability Association of

Hawaii and Hawaii Families as Allies have agreed to sponsor traffic safety workshops in the prevention of disabilities. The children now challenge the state, city and other communities to follow their lead to make our streets safer.

"Mr. President, I would like to thank you for allowing the many people who were involved in this worthwhile project to be recognized for their accomplishments.

"Here today, and sitting in the gallery, are 75 individuals who supported the efforts. I would like to publicly recognize some of them: Halau O Mililani, Officer Choy, Officer Kawasaki, Disa Hauge, Maili Elementary School, Glen Kila and the Neighborhood Board of Wai'anae, USC NC PAC, Col. Lee, and parents of the Wai'anae community who eagerly supported this effort."

No. 17                      Jointly to the Committee on Human Resources and the Committee on Education

Senator Sakamoto rose on a point of personal privilege as follows:

"Mr. President, may I also rise on a point of personal privilege? Something has been bothering me and rather than discuss it tomorrow I'd just like to make a statement.

"We have been elected by the people to pass legislation for the benefit of our state and its people. Along with this considerable honor and public trust comes the duty to uphold the Constitution and serve the public welfare. Over the years, our predecessors have created laws and statutes that address the needs and wishes of the people. These have been incorporated into the Hawaii Revised Statutes.

"Our government has provided special facilities for the disabled, general assistance for those in need, tuition waivers for seniors and veterans, after-school care for students, and yes, special benefits for families and married couples. The favored status given marriage and families in the law is a reflection of the will of the people.

"Recently, some people have made claim to rights and benefits based on the fact that another group has been given these benefits. They claim to deserve these benefits and privileges simply because others have them. Where will it all end?

"Mr. President, the Hawaii Revised Statutes, laws made by this body over the years, have done what representative governments have always done -- our predecessors have given more rights and benefits to one group or individual persons based on some rationale -- either economic, moral, or for common civil order.

"Our state and our country have always valued the family and sought to protect and maintain traditional marriage, children and the family unit. The special rights and benefits granted to families, children and marriage are not civil rights. These are special rights that protect the foundation of our homes, our schools, our communities, our state and our nation.

"May we all be clear as to what values and institutions we hold dear and why we protect them. Hawaii's only hope is strong families ... Hawaii's only hope is strong families.

"Thank you, Mr. President."

## ORDER OF THE DAY

### THIRD READING

H.B. No. 117, S.D. 1:

Senator Chumbley moved that H.B. No. 117, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Matsunaga.

Senator Chumbley rose in support of the measure as follows:

"Mr. President, I rise to speak in favor of H.B. No. 117, S.D. 1.

"This bill proposes a constitutional amendment which would limit marriage to couples of the opposite sex.

"In what is a significant departure from the position of this Committee and of the Senate last year, we agree that it is appropriate and necessary that this issue be put to the voters of Hawaii in the form of a constitutional amendment. However, while we share the House's desire to definitively resolve this issue, we cannot recommend passage of the H.B. No. 117 as received because it is constitutionally suspect.

"The United States Supreme Court, in the 'Romer' case declared a Colorado state constitutional amendment unconstitutional under the United States Constitution because: (1) it was based upon 'animus' against a minority; and (2) it deprived the minority from access to government. We fear that this bill as received from the House similarly violates the constitution. Our proposal is therefore based in large part upon avoiding the flaws of the Colorado amendment. We believe that it does so.

"First, there is no hint of 'animus'. It can be fairly said that some of the proposals on this issue are aimed solely at abolishing rights won in court by a minority. We firmly believe that the motivation for this is simply to preserve traditional marriage. But if the net effect of our efforts is the surgical removal of rights from a very unpopular minority group, we fear that a court could conclude that the Legislature's motive was more a result of fear and hatred than any legitimate governmental interest.

"The proposal before the Senate cannot under any circumstances reasonably be found to be based on fear, hatred or bigotry. Rather than excise civil rights, it attempts to ensure them. And rather than limit interpretation because of fear, it expresses the positive power and aspirations of the tolerant people of our state.

"Second, this bill does not in any way deny access to democratic recourse. Some of the other proposals considered by your Committee would have prohibited the courts from ruling on constitutional issues. While we are certain that the measures were not intended to limit the rights of any of our citizens, we do not believe that such an approach should be embodied in our constitution.

"Our government is one of three co-equal branches. The duty of the legislative branch is to adopt laws, the executive branch administers the law, and the judicial branch interprets the law. This structure is adopted in our State Constitution in Article III, Section 1; Article V, Section 1; and Article VI, Section 1. This balance of power has served the people of our state and nation well. Through it the rights of all our citizens have repeatedly been defined and preserved. It is a fundamental element of our democracy that this delicate, if somewhat inefficient, balance will ultimately reflect the best of our people.

"Other proposals expressly seeks to shatter this symmetry. They would, by their terms, dictate judicial and administrative interpretations of the constitution while leaving the legislature free to do as it pleases. Some of our citizens would thus be effectively deprived of access to the courts on this issue.

"We believe that this result may be unconstitutional, and lawyers can reasonably disagree on this issue, Mr. President -- 'experts' can be found to argue for either side. But whether technically unconstitutional or not, we know that this result is wrong. It is simply wrong to deprive any of our citizens his or her day in court. This is especially so when the deprivation might be based upon his or her minority status -- or because we fear that our commitment to democracy may permit him or her

to prevail. The proposal before you today, colleagues, does not direct judicial or administrative outcomes. Rather it is a positive statement of the power and values of our people. Access to all the elements of our Government are left intact. No rights are sacrificed in order for us to do what we think is right.

"Our purpose in supporting this bill is to preserve Hawaii's commitment to traditional marriage without violating our constitution. We believe that the bill accomplishes the objective and I urge your support.

"I might add, colleagues, this is not going to be your final vote on this issue today. It is clear that this will go to Conference Committee and, yes, you will have another opportunity to vote on this issue again. I urge you, even if you don't agree fully with the bill, to vote 'aye with reservations' and express those reservations so that the people of this state know that this body, the Senate, is serious in resolving this issue.

"Thank you, Mr. President."

Senator Solomon then rose to speak against the bill and said:

"Mr. President, I rise to speak in opposition.

"First, Mr. President, I would like to commend the Judiciary Committee. I know that this is a very controversial issue and I would like to commend them for coming up with what they perceive as a compromise position. However, I beg to differ on the matter.

"Mr. President, I would change the title of this bill. It should read, 'Relating to the Destruction of Marriage in Hawaii.' This bill is misguided, hasty and ill-conceived. Clearly it has the potential to destroy the institution of marriage in Hawaii because, Mr. President, it is impossible prove a negative. Example -- that our marriage law does not deprive any person of civil rights on the basis of sex. All persons married in Hawaii are subject to the loss of their status as husband and wife at the whim of the Judiciary. If our courts were to decide that any statute, regulation or administrative action concerning marriage deprived any person of civil rights, based on sex, our marriage law would be rendered ineffective and all marriages in Hawaii now, formed or to be formed, will be contingent on being held invalid by judicial action. Obviously, Mr. President, such a condition would be intolerable to our citizens, married or not.

"Thank you."

Senator Slom also rose to speak against the measure and stated:

"Mr. President, I rise in opposition to this bill.

"I think that H.B. No. 117 perpetuates a fraud on the people of Hawaii, Mr. President. It purports to preserve traditional marriage but by design its language does exactly the opposite. The bill says that it will retain the state's ability to regulate marriage but 'only if the laws of the state insure that the application of this reservation does not deprive any person of civil rights on the basis of sex.' This proviso effectively negates the right to regulate and allows the Supreme Court and not the people to decide the basis of traditional marriage in Hawaii.

"And what are these civil rights? The bill is silent as to what rights and if all the benefits of marriage must be conferred. If the language of this bill is enacted, then the presumption is that all rights and all costs must be conferred.

"Our learned colleague from the Valley Isle said that there is no hint of 'animus' in this bill. I beg to differ. The 'animus' is to those who support traditional marriage. My learned

colleague said that the bill seeks to avoid flaws and yet by its very nature this bill has created additional flaws. My learned colleague talks about the balance of power between the three branches of government and yet, Mr. President, as our Chief Justice stood where you're standing just a week or so ago, he let all of us know that, actually, the trump card is held by those of us here in the Legislature.

"Mr. President, do you hear them? Do you hear the voices of our disenfranchised taxpayers and voters? They have said clearly and constantly that they want us to represent them and to listen to them. And they have asked simply for us to allow them the right to make the decision on this issue themselves since the impact affects all of them and all of Hawaii. A simple request -- let the people decide. Respect their desire to express their intent.

"This Legislature, which caused all the current problems because of its inability and unwillingness to act properly for years, now attempts to subvert rather than support the wishes of the people.

"This measure does not allow our citizens to voice their opinion as was the original intent. Instead, it seeks to further confuse and to guarantee continued litigation and success by those who would remove every final vestige of our most basic and fundamental of societal values. The issue is marriage between one man and one woman -- basic, simple imperative.

"The people of Hawaii have been most tolerant and most patient for many, many years. They were urged to trust their elected officials to do the right thing, but we didn't do the right thing. Instead, we have made Hawaii a social and sexual experimental laboratory, while stripping away the basic beliefs, the traditions, and the values of the people who have sent us here to honorably represent them.

"If we want to get this state out of the marriage business altogether and leave it to the individual religious groups, where it actually belongs, then fine, let's do so. Otherwise, let's listen to the will of the people and trust them, not the lawyers and the courts. Trust the people to know what is the right thing to do. After all, we do, in fact, trust the people to elect us, to pay the taxes, and to support the government and to obey the laws that we pass in this body.

"Mr. President, I hear the voices and they shout clearly that this bill is not what they want. They demand and are entitled to the right to decide this issue for themselves. Let's not fool or defraud them any longer. Let's defeat this bill and give the public an honest choice.

"Thank you, Mr. President."

Senator Iwase, rising in opposition to the measure, then stated:

"Mr. President, I rise to speak in opposition to the amendments made by the Senate Judiciary Committee.

"Mr. President, before delving into my reasons for opposing the Senate Draft, I do want to briefly address the comments made by the co-chair of the Judiciary Committee regarding the 'Romer' case. The 'Romer' case, Mr. President, is totally inapplicable to what is happening in Hawaii. It's like comparing the proverbial 'apples and oranges.' The 'Romer' case nuked the rights of individuals. That law denied gays and lesbians access to all levels of government, all levels of state government, every branch in the state government. You could not seek redress of grievance from the executive branch, from the legislative branch, or from the courts. Additionally, the Colorado Legislature's law denied access to all political subdivisions. That is not the case here.

"This law, this amendment proposed by the House, simply restores the status quo. It does not deny, it defines marriage --

merely defines marriage, merely clarifies the definition. It is not unusual. It is not something we pull out from the universe. It is something we do in rules in defining what we mean. We do it in ordinances. We do it in statutes, and we do it in our constitution. That is all the House bill did. It is not a 'Romer' case. 'Romer' does not apply, by facts or by law, to H.B. No. 117.

"Indeed, Mr. President, federal courts have upheld laws defining marriage as between man and woman; have held that such laws do not violate the United States Constitution. That fact must be made today for the record.

"With respect to the draft, Mr. President, I have the following reasons for opposing it. First, Mr. President, to paraphrase Yogi Berra, 'This is deja vu all over again.' Last year with the single chairmanship system in place, the Senate refused to give the voters a clear, clean constitutional amendment to vote on. For the voters, it was a take it or leave it proposition -- a lose-lose situation. This year, with a dual chairmanship in place, the Senate draft again refuses to give the voters a clear, clean constitutional amendment. It is again lose-lose. The Senate again turns its back to the people. The Senate again is intransigent; the Senate is again the obstacle.

"Secondly, despite all the lofty talk of hearing the voice of the people in the 1996 elections, the Senate draft speaks to the contrary. It says to the voters, 'We have eyes, but we do not see; we have ears, but we do not hear.' This past Tuesday, there was a lively debate here on the floor regarding procedures followed by the Judiciary Committee in passing House Bills 117 and 118. One of the chairs of the Judiciary Committee, in defending the Committee's vote is quoted in the newspaper as saying, 'If you don't like what happened, go change the Rules, but it is simply wrong, wrong, wrong to complain when you don't get what you want.' Mr. President, no branch of this government has the right to deny the people their ownership of their constitution.

"With respect to the Supreme Court ruling in Baehr vs. Lewin, the people of Hawaii have been consistent and persistent in their efforts to get a constitutional amendment, to change the rule. And it is wrong, wrong, wrong for this body to deny the people their right to vote on their constitution. It is wrong to deny the people of Hawaii the right to define what their constitution is, what it means. And it is wrong for this body to submit to the voters an amendment which leaves the people with this choice: If you are among the vast majority who support traditional marriage, vote 'yes' and you lose; vote 'no' and you lose.

"Finally, Mr. President, while it may seem ironic, I am compelled to raise the constitutional issues. I believe the Senate draft raises serious constitutional questions. First, the Baehr court ruled on Article I, Section 5 of the State Constitution. The Senate draft, however, leaves this article untouched and unamended, and instead amends Article IX of the Constitution, relating to public health. Whether such an indirect focus on the erroneous ruling in Baehr is sufficient to overrule Baehr is in question.

"Second and more importantly, Mr. President, under the Senate draft, the state's ability to reserve marriage to couples of the opposite sex is not effective upon ratification of the amendment by the voters. Instead, it is effective if, and only if, unspecified present and future laws of this state, quote (quoting from the Senate draft) 'insure that the application of this reservation does not deprive any person of civil rights on the basis of sex' end quote. In short, the effectiveness of this amendment is contingent upon some court in some yet to be initiated lawsuit, ruling on some yet to be specified laws, does not deprive some yet to be named individual of some yet to be defined civil rights.

"Mr. President, pursuant to Article XVII of the Hawaii Constitution, only one condition must be met in order for the

constitutional amendment to be effective -- the ratification of the amendment by the voters. Nothing more is required -- nothing more. We are not empowered to burden this simple constitutional ratification process by imposing additional conditions which must be met before the amendment is effective. Indeed, given the language of the Senate draft, one can legitimately question whether this amendment will ever have an effective date. And again, in this regard the voters lose

"Mr. President, the previous speaker alluded to the people -- the 1996 elections when the voters spoke. It was a message filled with anger and frustration -- anger at legislative logjams on key issues; frustration because of their belief that legislators do not listen and do not respond. The same-sex marriage issue was a flash point for this anger and frustration. Today we have before us a Senate draft which is no different in form and substance than what we had last year. To those who would argue that the Senate draft represents progress, I would respectfully submit to you that it would be true, only if progress is defined as one step forward and one step backwards. Mr. President, motion alone does not constitute progress.

"'Deja vu all over again.' Last year I spoke in vain in support of a clean constitutional amendment. This year I make the same plea because this draft does not constitute movement towards the House position of 1996 or 1997.

"'Deja vu all over again' -- Yogi Berra's words may well be the caption for the 1998 election.

"We have before us a Senate draft which is legally suspect, which is of questionable merit and which has the great potential to create yet another impasse. And I deeply regret, I deeply regret, despite all of the hopes and talk and speeches we made about hearing the voters, I deeply regret that we have not heard. I deeply regret that I am unable to support Senate Draft 1 and I urge my colleagues to vote 'no.'

"Thank you, Mr. President."

Senator Sakamoto rose and stated:

"Mr. President, honorable colleagues in the Senate, the Legislature has been wrestling with this same-sex marriage issue for the past four years, ...

The Chair interjected:

"Senator, are you speaking in opposition?"

Senator Sakamoto replied:

"I am speaking in opposition, Mr. President.

"I'm happy that some in this distinguished body have shifted their position to come to share the House of Representatives' view that it is time to put the same-sex marriage issue before the voters. The people of Hawaii deserve a clean solution. They deserve a clear choice.

"Mr. President, and honorable colleagues in the Senate, I have strong reservations about the language in the measure before us. As it now stands, it gives an unclear choice. It will not make it easy for the voters to decide the issue. It will make it harder for the people to discuss the issue of same-sex marriage in a clear and straightforward manner. I fear the lack of a clear choice will impair the democratic process.

"Mr. President, and honorable colleagues, many of us have expressed our strong support for traditional marriage and the family. We acknowledge that the family is the foundation of our society, that Hawaii's future lies in strong families and our best hope is in strong families. Let our legislation clearly reflect that commitment.

"Mr. President, and honorable colleagues, let us give the people of Hawaii a clear choice. Let us give the people of Hawaii a clear choice in the proposed constitutional amendment. I strongly believe the voters want and deserve a clear choice on this matter. Therefore, I will vote 'no' on this measure.

"Thank you, Mr. President."

Senator Bunda, also rising to speak against the bill, then said:

"Mr. President, I rise to speak in opposition on this matter.

"Mr. President, I want to make the record clear to this body that I strongly favor a constitutional amendment, but not this one -- not this one as written in H.B. No. 117, S.D. 1.

"I firmly believe that any constitutional amendment, if compromised like this proposal, will diminish or have no effect on the case that is before our courts. If this measure is passed and further compromised with the House in conference, I believe we should simply defer to the courts because that's the kind of effect the contents of this bill would have on this whole process -- zero, Mr. President. We may as well call a spade a spade and let same-sex marriage become law as legislated by the courts. It is that simple.

"Mr. President, at this point, who's got the trump card? The Legislature or the Judiciary. Of course, my preference would be to accept the House's language of a constitutional amendment because it is simple and clear that marriage is between a man and a woman. I have strong feelings that same gender marriage is not a civil right. It is to me a choice of sexual behavior that is contrary to the laws of nature. I'm just as tired as you are on this issue and yes, let us all face the fact facing that's suggested by the committee chairs of Judiciary.

"In spite of hundreds of pages of testimony, I have not heard enough said in the legal defense of traditional marriage. To date, Mr. President, this issue is totally one-sided. The Judiciary has asserted control of the issue. It has failed its citizens. Over the past six years, virtually all, virtually all legal reviews and arguments fail to defend traditional marriage. So, no wonder the only defense, really, has been on religious or scientific way.

"The state's argument against same-sex marriage is weak. There is no substantial defense on the historical and prevailing legal policy of all states allowing only heterosexual couples to marry. And everyone knew that we were going to lose, or the AG was going to lose. This whole court case was a 'shibai.' It was one-sided with no thorough legal defense from the Judiciary Committee throughout the United States defending traditional marriage. So the answer is to use the only tool left in the process, and that is sending a strong message to the courts through a constitutional amendment with no strings attached.

"Simple and clear is what the people want, Mr. President. The constitution is an expression of the people's will, not the will of the courts. The courts' duty is to interpret the law, not create it. The citizens of our state are the ultimate constitutional authority. The bottom line, Mr. President, is that we need to let the people decide.

"For these reasons, Mr. President, I will be voting, 'no.' This proposal is not a choice that is acceptable to me or the citizens of this state. A majority of the people of Hawaii want a constitutional amendment that is not compromised. We are not paying attention to the people who are electing us.

"Thank you, Mr. President."

Senator Baker rose to speak in support of the measure as follows:

"Mr. President, I rise in support of H.B. No. 117, S.D. 1.

"I'd like to commend the Judiciary co-chairs and the members of the committee for dealing with this very emotional issue in a manner which I think is both reasonable and responsible. On an issue where the rhetoric often tends to be vitriolic and emotions can get very inflamed, I think our committee, this year, has acted in a manner that moves the issue forward, gave all parties an opportunity to state their case and then came up with a solution that will resolve the matter in a manner that, in fact, gives us a win-win situation.

"Mr. President, under the guise of bowing to the people's will, we cannot trample on the rights and concerns of citizens who just happen to be different than the majority. Protecting a minority from tyranny by the majority is something that's been the hallmark of our country from its very inception and is certainly something that we all hope remains embodied in this the Aloha State.

"Mr. President, I think that this bill and the one that we will consider next, taken together, give us the best possible hope for resolving a very, very difficult and contentious issue. I'm proud to vote in support of this measure."

Senator Matsunaga rose in support of the measure and stated:

"Mr. President, I rise in support of this measure.

"Mr. President, the opposition to this bill today appears to focus on three questions which I would like to address.

1. Will the Senate draft finally and permanently preserve traditional marriage?

"Yes. Even lawyers, constitutional experts on the other side concede that empowering the state to regulate marriage in Article IX of our Constitution will have the effect of constitutionally affirming opposite sex marriage limitations.

"Further, our 'provided that' language, which has been so warmly received here today, that follows the restriction on marriage is absolutely necessary -- that language is absolutely necessary -- to satisfy the Supreme Court's concerns raised in the Baehr decision. And furthermore, what in the heck is wrong with making sure that people are not deprived of their civil rights on the basis of sex? The following language is taken directly from the Baehr decision:

'The applicant couples correctly contend that the Department of Health's refusal to allow them to marry on the basis that they are members of the same sex deprives them of access to a multiplicity of rights and benefits that are contingent upon that status.

'For present purposes, it is not disputed that the applicant couples would be entitled to all of these marital rights and benefits, but for the fact that they are denied access to the state-conferred legal status of marriage.'

2. Will it prevent further lawsuits?

"Probably not, but I challenge any lawmaker to develop a suit-proof law. Attorney creativity, as we attorneys know, knows no bounds and for every expert who says that his or her formulation will prevent further suits, there will be two who will invent a cause of action. This bill, as we received it from the House, certainly would not have prevented further lawsuits. I wish it were that simple. The only way to prevent any further suits would be to absolutely foreclose access to the courts. The original House version of this bill proposed to do just that -- limit the jurisdiction of the courts to interpret our constitution.

"To do so violates a very fundamental principle of our democracy, and that is -- the separation of powers. This is a fundamental principle in both our federal and state

constitutions, as well as a keystone to the success of our democratic society. Although some may believe it more politically convenient to attack this principle, we believe it is wrong and unconstitutional for us to strip our State Supreme Court of its jurisdiction to interpret the laws and the constitution.

"A brief review of some typical failed federal attempts to limit Supreme Court jurisdiction clearly indicates why the separation of powers should be jealously protected:

- (1) In 1958 there was an attempt to insulate from federal judicial review Senator Joe McCarthy's handling of the Un-American Activities Committee.
- (2) In 1964 there was an attempt to strip the Supreme Court of jurisdiction to review state reapportionment (one person one vote).
- (3) In 1968 there was an attempt to prohibit the courts from ruling on the constitutionality of voluntary confessions (Miranda decision).
- (4) In 1968 there was an attempt to strip the federal courts of jurisdiction regarding state obscenity prosecutions.

"All of these aforementioned attempts failed miserably. As these examples demonstrate, attempts at heavy-handed responses to unpopular judicial decisions are usually misguided and thus, we believe that we are better served by defending this fundamental structure of three co-equal branches of government.

3. Isn't the civil rights proviso in our Senate draft just another way to legalize same-sex marriage or domestic partnerships?

"No. The intention of the proviso is to ensure the extension of all reasonable and appropriate rights and benefits to couples other than those permitted to marry.

"House bill 118 demonstrates how this would work. In this companion measure, we have recognized the government's interest in preserving traditional marriage by excluding those rights and benefits relating to marriage, divorce, parentage, adoption, premarital agreements, mutual support, community property, dower and curtesy, and evidentiary privileges.

"And because the state has a legitimate and substantial interest in this exclusion, it will stand for as long as this Legislature so chooses.

"Thank you, Mr. President."

Senator McCartney added his support of the measure as follows:

"Mr. President, I rise to speak in favor of this measure.

"First of all, Mr. President, I would like to commend all the members for this debate today. I think it's a good day for the Senate that we can hold our strongly held beliefs, discuss them on the floor of the Senate, and take a vote before the people of Hawaii who elected us into office. I think it's a good day. I also think it's a positive day. Who would have thought during the election of 1996 that this year on day 15 of the legislative session the Senate would be passing a bill, a House bill, and go into conference on this bill on day 15. I think that's positive, Mr. President.

"Secondly, for this body, I think it's positive that last year there was not even a committee position on this bill. It was a group of us who were conferees that took a position on it and it failed in conference. But we now have a committee position and today we are taking a position as the Senate. I think that's positive and a step forward. So I would like to commend

everybody for working on this bill. This is not the last series of debates that will take place on this bill. We need to work with the House, to dialogue with them, and to come back with a conference draft that we can live with. I think that is very important.

"For me, Mr. President, on this bill, it's been a journey. I've learned many things on this bill. My original position on this bill was to simply support the constitutional amendment. In examining my position and searching my soul and hearing all the testimony and the discussions, it was the easiest thing for me to do -- to go along, to get along because that's what the will of my community wanted. But the more I heard the testimony, the more I listened to them, the more I knew that wasn't my position; that I could not support that for the reasons that they were saying the bill needed to be supported

"Mr. President, I believe that our constitution is a precious document. It's a document that has stood the history of time and has produced the greatest country in the history of the world, and that document means a lot. And the equal protection clause is the heart and soul of that document which gives everybody the ability to be treated equally and fairly even though you're a minority. And I think that it is very important for us to realize that the tyranny of the minority needs to be protected from the tyranny of the majority. And that's an important principle that we must remember.

"And secondly, I also believe that Hawaii is a special place. It's a place where all of us are minorities. All of us here, our ancestors and whoever we are, we are minorities. And I think Hawaii has a special gift where we tolerate differences. We respect others and we have a balance and we live in aloha spirit. I also believe, on a personal level, that I have a hard enough time living my life according to my code, my integrity and what's right, let alone judge others. And in my opinion, Mr. President, what we need to do in Hawaii is to live our lives with our own personal integrity and allow others to do the same as long as it doesn't hurt anybody. And I don't think that this hurts anybody.

"This bill has a balance. It attempts to address the need to preserve traditional marriage because the State of Hawaii is uncomfortable with it, but it also recognizes the delicate balance of protecting people's civil rights and equal rights. And today, Mr. President, I think it's so important to say that, you know, I support the courts' decision; I think that their interpretation of the constitution is right. And I also believe that what's at the fundamental issue of this bill is how you view others with differences, and if you believe that those differences affect you, then you have a hard time. And I think, Mr. President, what we have to do is go beyond that and say that this is the State of Hawaii where we tolerate our differences.

"So, Mr. President, I'm proud to support this measure even though it's unpopular, even though it's misunderstood, but I believe it's the right thing to do.

"Thank you."

Senator Anderson then rose in opposition and said:

"Mr. President, I'm opposed to this piece of legislation and I think that the Senator from Maui, Senator Baker, is right. It's an emotional issue for many. I'm going to try to make sure that it's not emotional for myself.

"I'd like to let our Senator from Kaneohe remember that the constitution was ratified by the people. It's a people's document. They have asked you this time not to vote for them. They have asked for the right to look at that constitution and vote for themselves again. It is not your responsibility to vote for them this time. You are here because they voted for you and they asked you to vote for them. Now they have asked for that vote back. That's all they've done. And I think that that's fair.

"But I think that what made me stand up today, Mr. President, more than anything, was that some of my staff people told me that if you vote against this, you won't be on the Conference Committee. I would be damned if I would rather not be on Conference Committee after listening to all the attorneys today.

"What they're saying, and I will take this from my chairman when he first stood up, he said he shot this down because 117 from the House was unconstitutional. Yet, it's all right, he said, if it's unconstitutional now and we're going into conference, we can fix that up. We're going to sit there and argue with attorneys on both sides what's constitutionally right, what's wrong, who's going to benefit and who's not. I don't want to sit on that Conference Committee. I don't want to sit there and try to tell them that I believe with just two days of research our attorneys found all kinds of flaws.

"No matter which side of the aisle I sit on, or which side I believe is right or wrong, I think that this document is an insult to both sides. I would rather defer it, sit down, look at it really responsibly, and come up with something that's constitutionally right for both sides. If that's what you want, then come up with something that's going to stand up. I'm not going to vote for anything that's unconstitutional and an attorney tells me, 'Well, we have differences of opinion. When we go to school, that's the way we learn; we can fight for this side or that side.' As a businessman I am told, in other words, it's all right if you lose a million dollars because sometimes I can fight for you and sometimes I can go against you. For that reason, Mr. President, I'm opposed to this type of legislation where everybody sits down and says, you can go ahead and vote for this and it's all right even if it's flawed. And I think that the people of Hawaii have had enough of that.

"Thank you very much, Mr. President."

Senator Iwase rose on a point of inquiry as follows:

"Mr. President, point of inquiry. I'd like to see if the chair of the Judiciary Committee, the Senator from Palolo, would yield to a few questions."

The Chair posed the question to Senator Matsunaga who answered in the affirmative. Senator Iwase then inquired:

"The House bill, Senate draft, references civil rights. Is it your position that the right to marry is a civil right?"

Senator Matsunaga replied: "No."

Senator Iwase continued:

"It is not a civil right? The right to marriage is not a civil right?"

Senator Matsunaga responded:

"Our constitutional scholars have told us and the Senator from Wahiawa also stated on the floor that marriage is not a civil right. The constitutional expert from the University of Hawaii believes that marriage, the actual license itself, is not a civil right and this constitutional amendment as set forth would have the effect, if ratified by the people, of preserving traditional marriage."

Senator Iwase continued his line of questioning as follows:

"If it is not a civil right, then why do we have the proviso clause, which states 'shall be effective only if the laws of this State ensure that the application of this reservation does not deprive any person of civil rights on the basis of sex.' What civil rights are you referring to?"

Senator Matsunaga replied:

"The civil rights that we're referring to are those which are set forth in H.B. No. 118, which we are going to debate shortly."

Senator Iwase then asked:

"If marriage, in your view, is not a civil right, why is there a need to include this proviso in H.B. No. 117 when, in fact, we're dealing with it in a second bill, H.B. No. 118?"

Senator Matsunaga answered:

"It's necessary because of the actual language I earlier quoted from the Baehr opinion. To put it as plainly as possible, H.B. No. 117, as we received it from the House, would only deal with half the issue. As we revised it, it is a holistic approach to deal with both issues raised in the Baehr decision. The first issue obviously is the refusal to grant a marriage license; that license itself. The second issue is the rights and benefits that flow because of that marriage license. Now, H.B. No. 117 does not address the full issue, and that's why we needed to amend it."

Senator Iwase then inquired:

"Senator, if it's not a civil right, the state is free to do anything it wants to do with respect to a marriage license, would it not? What rights would be violated?"

Senator Matsunaga replied:

"I'm sorry, I don't understand your question."

Senator Iwase continued:

"If you limit marriage to a man and a woman, and such a limitation does not violate a civil right because marriage is not a civil right, the state is free to do anything it wants to do in defining marriage, can it not?"

Senator Matsunaga responded:

"So why are you objecting to the language if it's civil rights?"

Senator Iwase interjected:

"Well, why is it included here? Why is it necessary, why is it there?"

Senator Matsunaga replied:

"Just as I earlier stated. Because, it's to protect other rights and benefits."

Senator Iwase continued:

"One other question, is it your position that it is a violation of the principle of separation of power for any body -- legislative, council -- to define the language it is using in its enactment?"

Senator Matsunaga answered:

"It is a violation of the separation of powers for the Legislature to try and tell the courts how to interpret the constitution."

Senator Iwase then asked:

"Can we define what we mean by the words we use. Are we prohibited from doing that?"

Senator Matsunaga responded:

"We are not prohibited from defining the words that we use. But we have a delicate balance between the three branches of government. The Legislature enacts the laws; the Judiciary interprets laws; and the Administration enforces it. And it is wrong for one branch to extend into the others."

Senator Iwase then said:

"Thank you, Mr. President. Just one comment, I am somewhat surprised to learn that it is now the position, I have thought all along that this whole controversy swirled around the belief, the belief that marriage was a civil right and therefore we had to go through all of these obstacles in order to clear certain hurdles which are brought up because of the issue of civil rights. I'm pleased that there is a concession, at least, that marriage is not a civil right. And I believe it now gives us greater freedom to enact a clean constitutional amendment without worrying about *Baehr vs Lewin*. I'm also pleased that we are free to define the words we used in the enactments that we pass."

"Thank you, Mr. President."

Senator Matsunaga then rose and said:

"Mr. President, I rise in rebuttal. I just want to ask a question to the Senator from Mililani."

Senator Iwase having answered in the affirmative, Senator Matsunaga continued:

"Does this now change your position? Are you going to support the bill now?"

Senator Iwase replied:

"Which bill are you referring to?"

Senator Matsunaga responded:

"House Bill 117. Now that we made that concession that marriage is not a civil right, does that mean that you will make a concession that you will ..."

Senator Iwase interjected:

"There are several other objections that I pointed out and, unfortunately, we can discuss this further, but I don't wish to prolong the debate. Thank you very much."

Senator Matsunaga added:

"It didn't hurt to ask."

Senator Metcalf then rose and said:

"Mr. President, I have some brief remarks in support of the measure I would like to insert in the Journal."

The Chair having so ordered, Senator Metcalf's remarks read as follows:

"Mr. President, I speak in favor of this measure. Dag Hammarskjöld once observed that 'everyone in his own eyes has a good case, and there must be some element in his case that must be regarded as right.'

"It is in this spirit that I support this proposed constitutional amendment.

"It appears clear that in the discussion regarding the extension of marital rights to same-sex couples, that many in our community wish to directly participate in the debate on this matter and have their voices heard. At the same time it is of benefit to give thought to the humanitarian view of life espoused by Albert Schweitzer, a view guided by a respect for

the individual out of which can be deduced a demand for the greatest possible freedom for the individual to live life as he or she sees fit on the one hand and the demands for social justice in one form of equal rights and equal possibilities for all on the other.

"This proposed amendment together with H.B. No. 118, H.D. 1, S.D. 1, will allow for discussion and the expression of the public's voice with respect to the extension of marital rights while promoting social justice in the form of equal rights and possibilities for all lawful members of our community on the other."

At this time, Senator Anderson requested a Roll Call Vote be taken.

Senator Tam rose to support the measure and said:

"Mr. President, I vote in favor of this bill with reservations, and what I'm going to try to do is draw my rationale in a less emotional climate.

"This issue has been around for many years. It has been very, very emotional. I've seen whereby within my community, neighbors fighting each other and they don't talk to each other after a while, and we need to resolve this issue.

"Let me state this. I'm in favor of moving this bill forward because I respect the legislative process. In essence, we have 60 working days. This is only the first part of the legislative process, not even half way through. And I know that through communication we can work on, in terms of proper language, this legislation of an emotional issue.

"We have two issues before us. The first issue is the definition of marriage. When I was in para-legal school within the State of Hawaii, I learned that one of the things we had to do was define the terminology. And on this bill, H.B. No. 117, we don't even define what marriage is though we all speak about traditional marriage or anti-same-sex marriage. Let me make it very clear -- I am not for same-sex marriage. (So newspapers and news media, please print it correctly.) I don't think any of us are basically for same-sex marriage.

"Secondly, in terms of the issue of civil rights, we have a constitution that is very liberal here within the State of Hawaii. And it's more liberal, per se, than the Constitution of the United States, I guess because of our multi-culture heritage and whatever it may be in the State of Hawaii, and we have to make sure that we protect the rights of people. And maybe this is where the next bill comes along to help define, in terms of civil rights and so forth.

"My reservations are based on the following: The wording is not to my desire, as I said earlier, and it leaves an open door for attorneys to file actions in court. And if that's what we want then we pass any type of bill per se. Basically, attorneys can cause a lot of confusion and we need to find the proper language. I think that if we had the time to discuss this more we can find the proper language. And please pardon me for the members who are attorneys, I didn't mean to pick on you but I've seen it in terms of lot of interpretations can be left open, and we need to define definitions and so forth.

"Also, if I may state, the language is ambiguous. The English language, as I was told, and I speak Chinese as my second language, the English language is the most difficult language worldwide. It's a complicated language. You have many terms that mean the same thing or differently, and it's much easier, to be honest with you, if you would try to learn to speak Chinese than English.

"Also, I wish to emphasize that if this bill dies, that ends the discussion this year. Keep in mind that you will have a very emotional community out there. They will blame us whether

you're for or against same-sex marriage. So we need to keep the communication ongoing.

"Thank you."

Senator Solomon rose again in opposition and said:

"Mr. President, I did rise earlier and spoke in opposition, and I am still in opposition. However, in the discussions in this body, Mr. President, and I'm speaking as and on behalf of Native Hawaiians, I find it very distressing when people say that the spirit of aloha and aloha as impugning or insinuating that the Hawaiian's culture was a very tolerant culture, that we didn't have very strong beliefs in certain traditional values.

"The Hawaiian nation was a very strict nation. It had very strict laws. And I don't know of any marriage laws that existed in ancient Hawaii that allowed persons of the same gender to get married. It really distresses me when it is said that Hawaiian Culture is tolerant and I'm hoping that as my colleagues use Hawaiian terminology and phrases, that they do so with due respect to the culture from which that language came from.

"I agree with the previous speaker who stated that he has problems with the Chinese language; i.e., with the actual meaning of the words; a similar situation that often exists with the Hawaiian language. I want to make it clear that the Hawaiian nation was a very, very strong nation that had strong laws and traditional values and defined marriage as that between a man and a woman.

"Thank you, Mr. President."

Senator Levin rose to speak in support of the measure and said:

"Mr. President, I rise to speak in favor of this bill.

"Mr. President, I believe in the strong tradition in this country that marriage is a union of one man and one woman. But I also believe in other strong traditions in this country, including our tradition of respect for equal protection under the law.

"It was not this body, it was not this Legislature, that raised the issue of same-gender marriage. It was the court -- the traditional and appropriate and ultimate protector of human rights and constitutional rights -- that identified for us that equal protections were not being accorded to all our citizens when the Department of Health denied a marriage license to a same-sex couple. Even then, the state was given the opportunity to show some compelling state interest as to why the marriage license should be denied. The state attempted to do that and, as far as I know, it made its best effort to do that through the attorney general's office.

"The Circuit Court was not persuaded, and it should not be forgotten that one of the reasons we are discussing this issue today is that virtually no one thinks that the state can prove its case in the Supreme Court either.

"In other words, we've been forced to confront our prejudices and the discriminations that have been traditional in our society. I think that traditional discrimination is one tradition that is not worthy of being maintained.

"The Senate position to protect traditional marriage while assuring equal protection under the law, I believe, is the right position. Whether the language before us today constitutes the magic words that would meet those two goals, is what we are now debating. And I think that based on the discussion today, we can gather that we have not found the right formulation yet. But I commend the Judiciary Committee for its efforts and I will support this bill enthusiastically because I believe it is a

step toward meeting the twin goals that we are all trying to achieve.

"Thank you."

Senator Anderson rose again in opposition to the measure and said:

"Mr. President, a short rebuttal, if I may, on what our learned colleague said.

"I'm still in opposition and one of the things that bothers me is that I don't believe that the courts were right. Had I been fighting, I would not have been where the children are going to be brought up by an individual. No one says that a child is not going to be brought up better or worse if it's a male or female or two people.

"There's 300 bills and that's what I tried to tell my colleague across the aisle. The people want to vote because it's 300 bills that you and I are responsible for. If we change laws, it should be for everybody. When my learned colleague talks about same-sex marriage, I want to include everybody. If I am going to change 300 laws, which is my responsibility, I want to do it properly. I want to include everybody.

"Just because you have an attorney that you put a black robe on, doesn't make them the most intelligent people and now they understand everything. So I am supposed to say that because this judge made a determination, I have to believe in that? That's not fair. That's your opinion of looking at the way a person is as a judge. There are many good judges. I'm not disputing that he is looking at what he was given, but I didn't even think that we fought a good case, and I'm not an attorney!

"For that reason, I'd vote against this bill and would hope that all of my colleagues do. Thank you very much."

The motion was then put by the Chair and carried, H.B. No. 117, S.D. 1, entitled: "A BILL FOR AN ACT PROPOSING A CONSTITUTIONAL AMENDMENT RELATING TO MARRIAGE," having been read throughout, and Roll Call vote having been requested, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 15. Noes, 10 (Aki, Anderson, Bunda, Ige, M., Iwase, Kawamoto, Sakamoto, Slom, Solomon, Tanaka).

H.B. No. 118, H.D. 1, S.D. 1:

Senator Chumbley moved that H.B. No. 118, H.D. 1, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Matsunaga.

Senator Matsunaga rose in support of the measure and said:

"Mr. President, I rise in support of this measure.

"Apart from the constitution itself, I believe that America's commitment to fairness and equality is best captured in the words of Dr. Martin Luther King:

'I have a dream,' he said, 'that someday my children will be judged not by the color of their skin but rather by the content of their character.'

"And it is a daily challenge that we Legislators make real this dream -- to ensure that distinctions imposed by the law are based on genuine and substantial governmental interests and not based on fear, ignorance, or unreasoned prejudice.

"The issue addressed by H.B. No. 118 is not one which easily fits into this formula. On the one hand, we are compelled to preserve and protect one of our peoples' most cherished social institutions -- that of traditional marriage. And with this duty arises other substantial governmental interests -- these

include respect for the authority of the federal government and respect for the autonomy of our sister states.

"On the other hand, we must ensure that we do not punish people for exercising their most fundamental of all human, rather than governmental, rights -- their right to choose and support their life partner.

"Our governmental structure extends hundreds of benefits to married couples because we believe that our society and our state are benefitted by relationships based on mutual care and the pooling of resources. Our examination of this issue convinces us that there are basically three categories of marital benefits.

"First, there are those benefits and burdens which have evolved from the traditional understanding of marriage. These include those found in our laws relating to marriage, divorce and child custody, parentage and adoption.

"Second, there are those laws that acknowledge the practical benefits and burdens of shared lives. Marital partners are thus legally permitted to share in what each of us know to be the critical decisions of life: health care, inheritance, home ownership, hospitalization and care, insurance, retirement benefits, and the disposition and treatment of a loved one after he or she has passed away.

"Third and finally, we have taken pains to ensure that families are not punished for pooling resources. Our tax code thus extends special treatment to avoid as much as possible a marital penalty.

"The issue we vote upon today is simply this: Which of these benefits will we keep from some of our citizens because our society at large is not prepared to acknowledge their choice of partners?

"In framing an answer to this question, we looked to guidance from the House of Representatives in its version of this bill and to our colleagues through S.B. No. 98, a measure co-introduced by ten of our Senators. These bills appear to acknowledge that there is simply no rational basis for withholding certain benefits from non-traditional couples. The Committee's bill incorporates the substance and apparent intent of these measures.

"In essence, this bill incorporates the original House bill's 'Reciprocal Beneficiary' model and language, supplements it with the rights identified by our colleagues in S.B. No. 98, and further includes those benefits which necessarily follow from those already identified. These ultimately include virtually all of the rights and benefits identified in the second and third categories which I identified -- reciprocal beneficiaries are permitted to share in what each of us know will be the critical decisions of joined lives, and detrimental tax consequences of resource pooling are avoided.

"What is not included, what we have specifically excluded, are those rights and benefits associated with traditional marriage. Our laws relating to marriage, divorce, and children are not, I repeat, are not included in the bill before us, because they are based exclusively upon our traditional understanding of that social institution. We are in agreement that Hawaii's people are not prepared to redefine traditional marriage. And it is in defense of that interest that these rights are not included in this bill."

"Thank you, Mr. President."

Senator Iwase rose in opposition to the measure as follows:

"Mr. President, I rise to speak in opposition to H.B. No. 118, H.D. 1, S.D. 1.

"Mr. President, I think a couple of things have to be made clear on the floor for the record. This whole idea of packaging of bills was necessitated because of our efforts to address Baehr vs. Lewin, the decision of the court and, until today, a belief that marriage was a civil right. And so you have to create these bodies of law in order to address it.

"The committee report references the same-sex marriage issue and my colleague from Palolo mentioned a bill, S.B. No. 98, which was submitted by ten members of this body, myself included. We submitted that bill as a package in order to bring closure to the Baehr case, but it is important to remember what we did.

"There were three bills. The first part, the first bill is a clean constitutional amendment preserving the right of the state to define marriage as between a man and a woman. It doesn't prohibit the state from defining marriage otherwise, but it does allow the state to define marriages between a man and a woman.

"Second, was an economic benefits package. The purpose of that bill was to deal with the issues of what kinds of civil rights may be violated because of the allegation that marriage was a civil right. If that is not true, then perhaps that bill is no longer needed.

"The third part of the package was a bill on hate crimes to address crimes committed against persons and property because of hate based on race, gender, sexual orientation, national origin, religion and ancestry. That bill is not before us. The economic benefits bill is somewhat before us. The constitutional amendment we proposed is not before us.

"So what we have here now is an attempt to put things together. But, Mr. President, without trying to be facetious, it is the old saying that a camel is a horse designed by committee. I think what we have before us is a camel and I can't support it today because we do not have the total package and also because I am now under the assumption that we are proceeding under the belief, as a body, that marriage is not a civil rights. So long as that is true, benefits provided by the government to support that institution, and all the benefits that are conferred to support that institution, do not violate anyone's civil rights.

"Thank you, Mr. President."

Senator Slom also rose in opposition to the measure and said:

"Mr. President, I speak in opposition to this bill.

"This bill transforms last year's domestic partners into something called reciprocal beneficiaries. But the questions that are left unanswered and the problems and the concerns remain the same. A few basic questions point out the difficulties.

"First, in this bill there are no estimates of just how many of these reciprocal beneficiaries, or let's call them RBs, would be created in Hawaii by this legislation. We do know, though, that the number would be critical, particularly if we examined past state adventures like the QUEST program. And just who could be an RB? There don't seem to be any limiting factors and, as a matter of fact, the legislation talks about individuals who are legally prohibited from being married. That raises a whole new concern. What about fraud for those people who try to claim benefits? The bill is silent in this area.

"Don't make any mistake -- this bill is definitely about benefits and money, not commitment. It has major long-reaching economic and tax implications. What would be the total estimated economic impact to the state, both the public and the private sector? The bill is silent. No one has discussed this matter. And can the committee or the President explain why this bill received no public hearing in the Ways and Means Committee, even though the tax implications and the economic

and revenue implications are very important and yet totally masked?

"With the economy already in a downturn here in Hawaii, the only state in which this poor condition exists, why would the authors introduce legislation to impose even more mandates on business, especially small business who constitute 98 percent of the total businesses in this state? And, Mr. President, we know that there are alternatives already. There are voluntary alternatives and voluntary treatment of individuals for benefits as evidenced nationally by such well-known and large corporations as Apple Computers, Ben and Jerry, Disney, IBM and others who voluntarily feel that they can afford to extend these benefits and to measure them. If the concept is so good, it should work voluntarily without the force that is required in this present bill.

"There are constitutional questions that are raised in this bill. There are unanswered questions, for example, having to do with residency and the definition thereof.

"But, finally, putting the ambiguity in the question of benefits aside, our real concern should be the impact of this bill on the children. My knowledgeable colleague from Palolo said that the children were specifically excluded from this bill and that they did that by design. But, Mr. President, many legal scenarios can be constructed, economic and judicial, that affect the children even though there is no mention of them. Are we going to say that these RBs cannot have children or cannot have RB rights to the children? The bill is entirely silent and I find that very curious. If we are truly concerned about the future of our keiki and our families, we should be solving existing problems, not creating new ones with benefit-absorbing RBs.

"We need to lead in this body. I should be standing here discussing the merits of much needed economic incentives and reforms so desperately needed in this community to insure job creation and more take-home pay, and an improved business climate, which is now ranked number 50 of 50 states; and also to insure the framework to help family values that we say we believe in. Yet we are continuing to waste time, divert focus and fool the public rather than listening to them. Mr. President, they don't want RBs, they want more take-home pay.

"Thank you very much, Mr. President."

The motion was then put by the Chair and carried, H.B. No. 118, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO UNMARRIED COUPLES," having been read throughout, and Roll Call vote having been requested, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 15. Noes, 10 (Aki, Anderson, Bunda, Ige, M., Iwase, Kawamoto, Sakamoto, Slom, Solomon, Tanaka).

#### ADJOURNMENT

At 12:33 o'clock p.m., on motion by Senator Ihara, seconded by Senator Slom and carried, the Senate adjourned until 11:30 o'clock a.m., Friday, February 7, 1997.

## SIXTEENTH DAY

Friday, February 7, 1997

The Chair having so ordered, Senator Slom's remarks read as follows:

"Mr. President, I vote no and speak in opposition to this bill for second reading.

"Senate Bill No. 146 (SSCR 47) would impose the Transient Accommodations Tax on time share units the same as transient rentals. I will oppose any and all tax increases this Session since the tax burden is the proximate cause of Hawaii's economic distress and our hostile business climate. We need to cut taxes, not add to, or increase them. Additionally, I believe

there is a clear distinction between time shares, which represent ownership, and are the basis of a sale, and hotel or other transient rentals."

The motion was then put by the Chair and carried, the report of the majority of the Committee was adopted and S.B. The Chair having so ordered, Senator Slom's remarks read as follows:

"Mr. President, I vote no and speak in opposition to this bill for second reading.

"Mr. President, while I certainly want to see enforcement of laws relating to domestic abuse, and even expansion of law to protect victims of abuse, I believe that SSCR 48 (S.B. No. 325) goes too far in allowing any government employee of State Human Services to enter a person's residence or business where abuse is 'suspected,' without the need for a warrant. There is no crisis situation described here that would not permit a timely issuance of judicial warrant. And to allow any employee the right of access without liability invades not only privacy, but common sense."

"Mr. President, I vote no and speak in opposition to this bill for second reading.

"Mr. President, I vote no on SSCR 65 (S.B. No. 1951), which would repeal the sunseting of the General Excise Tax exemption offered to proponents of a Hawaii stock or commodity exchange many years ago. There have been no takers for an exchange because the business climate is so negative and tax burden so high. The answer is not to dangle a tax incentive to one, specific, non-existent business venture, but to lower taxes for all existing, job-creating, income producing businesses in this state. If this were done, all business would improve and possibly an exchange would begin in response to a better overall business climate and level playing field.

"Thank you, Mr. President."

Senator Anderson rose on a point of personal privilege as follows:

"Mr. President, I rise on a point of personal privilege, if I may.

"I'd like to read something that was in the paper, an editorial in the *Advertiser*, which more or less says that it was unfair of the state to look at taking some of the county dollars. I think what struck me more than anything else is that it says that 'Cayetano and state lawmakers must continue to focus on cutting costs instead of raising revenues to get out of the pickle they're in. Any sort of tax hike, no matter what level of government makes it, will hinder Hawaii's economic recovery.' And I quite agree, Mr. President.

"But let me explain that the governor recently has said that we have to look at welfare, legal immigrants and a credit. He's been giving out money like crazy. Yet, all of a sudden the Hawaiian community is paying for a lot of these things because they're cutting from Hawaiian programs.

"Mr. President, in different committees we have all kinds of bills that could help this economy and they're not going to hatch like an egg. They're going to have to have hearings, and then they will become, maybe, controversial. But if we don't make those kinds of decisions, the economy is going to be at a standstill. And I think that business, just to sit out there and say foul, is just as bad as we are. They are sending a fax here and there, and if you talk to anybody on the street, they can't come in because they're having a bad time. But you and I must realize that the economy is at a standstill. To just turn around and charge our businesses that are here, and say we're going to raise your taxes so that we can give to others, is not going to satisfy all of our people. We have to move the economy forward.

"So if I were you, ladies and gentlemen, if you sit as heads of a committee that has bills, regardless of how controversial, please hear them and make sure that our economy starts to move, because otherwise we are going to become a third-world state. Just saying that we're going to have tourism helping us is not true. There are all kinds of businesses that we could look at.

"So I would hope that you go along with the editorial and start to move the economy the way it should be and not just look at raising taxes and putting businesses out of business.

"Thank you, Mr. President."

Senator Anderson rose to speak against the measure as follows:

"Mr. President, I'm going to be voting 'no' on this particular bill. The reason being that this bill did not go to the Ways and Means Committee.

"Having been around here for a while, years ago when we changed the Kona International Airport to Keahole, I found out afterwards that every map, regardless of what, had to be changed from Kona Airport to Keahole Airport. Consequently, the state had some, private business had some, the travel industry had some -- the cost factor was something that we did not look at and consequently after all these years and still hanging around, I am opposed and I will be voting 'no.'

"Thank you very much."

The motion was then put by the Chair and carried, S.B. No. 107, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE KONA INTERNATIONAL AIRPORT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Fernandes Salling moved that S.B. No. 208, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Slom rose in opposition to the measure and stated:

"Mr. President, I certainly want to do what we can do to reduce the tax burden and also to provide incentives for Hawaii companies. While I think the intent of this bill is very positive, I think the actual impact and effect of the bill is going to be negative in that it will not provide any incentives for local businesses but will provide possible incentives for outside businesses. What we really need to do is reduce our overall tax costs here for all businesses doing business in the state. Therefore, I will be voting 'no' on this bill.

"Thank you, Mr. President."

Senator Anderson rose to stated:

"Mr. President, would you please have the Minority Floor Leader's remarks put in the Journal as though they were my own. I, too, will be voting 'no.'"

The motion was then put by the Chair and carried, S.B. No. 208, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

"Mr. Kunitake holds a bachelor's degree in Personnel and Industrial Relations from the University of Hawaii and has been employed by the Hawaii Government Employees Association for more than 26 years. Your Committee further finds that he is also a man of great compassion and understanding and has carried out his responsibilities with integrity, superior judgment, and conviction.

"It's a great pleasure to speak in support of Mr. Kunitake and I urge my colleagues to vote 'aye.'"

#### RE-REFERRAL OF HOUSE BILLS

The Chair re-referred the following House bills that were received:

House Bill                      Referred to:

No. 139, H.D. 2            Jointly to the Committee on Human Resources and the Committee on Ways and Means

No. 364, H.D. 1            Committee on Commerce, Consumer Protection, and Information Technology, then to the Committee on Ways and Means

Senator Solomon rose on a point of personal privilege as follows:

"Mr. President, I rise on a point of personal privilege.

"Mr. President and my fellow colleagues, you are all aware of the gathering of Native Hawaiians and their supporters on a 24-hour vigil from February 25 to 26 to protest against S.B. No. 8, which attempted to preserve and accommodate the rights of Native Hawaiians to continue to engage in traditional and customary practices on undeveloped land and at the same time provide private landowners with their rights of their property.

"The gathering was well organized, well-meaning and well attended.

"From noon of February 25 to noon of February 26, the Hawaiians danced, chanted, prayed and shared mana'o to express their feeling on this bill. It was an enlightening experience for me.

"Most participants were from hula halaus and actual practitioners of the cultural practices and not the so-called 'activists.'

"The leadership of the gathering felt that this bill was too broad; that consultation just with prominent organizations as the Office of Hawaiian Affairs and the Hawaiian Civic Clubs was inadequate; that there should have been more input from the practitioners themselves.

"Senator Iwase and I were invited to address the gathering before noon of February 26 when more than 1,000 people were gathered. Senator Anderson was also present and I wish to thank him for his presence and moral support.

"We explained to the crowd the purpose of the bill and the implementation process. It was sometimes difficult for us because of vocal interruptions, but I felt that we got the message through, especially to those who had no inkling about the details of the bill. I also think that we conveyed the thought to the Native Hawaiians that this body does care for them.

"The leadership of the hula halaus agreed to the intent of the bill, that is, the rights of Hawaiians to practice their culture be preserved and at the same time respect the right of private landowners on whose land the activities take place. However, they strongly objected to the part of the bill which spells out the requirements to obtain a certificate to engage in activities on private lands.

"In view of the strong, sincere expression of their beliefs on this matter, as well as some of the shortcomings of the bill, Senator Iwase and I recommended deferment of this bill.

"Senate Bill No. 8 went through the legislative process. It was heard by Water, Land and Hawaiian Affairs and in view of

pro and con testimonies, Senate Draft No. 1 was crafted and lateralled to Ways and Means. Meanwhile, this gathering by the people who are vitally affected by the provisions of this bill occurred. Taking into consideration all factors involved, the bill was deferred. This is a good example of the democratic legislative process. I remember, some time ago, we changed the course of a piece of legislation because of a large demonstration of over 5,000 people on the DUI bill.

"In the interim, we hope to find a legislative solution to this matter, that is to preserve the rights of the Native Hawaiians and of the private landowners. This way, it would be the people who make the decision, Mr. President, and not the courts.

"Thank you very much."

Senator Anderson also rose on a point of personal privilege and said:

"Mr. President, I rise on a point of personal privilege.

"I'd like to have the Senator's words put into the Journal as though they were my own. And I do so, not just because I am Hawaiian, but this is the only place that we can go. When you're a Native Hawaiian, this is home. This is the only place to practice your culture. Others can learn and go elsewhere. I can go back to Portugal, for instance, because I'm half-Portuguese, and learn all that I want to about that particular culture, or we can practice here to a minimum of what they may have back in Portugal.

"For that reason I would like to say that I agree with the Senator and I hope that the process will continue and it will be workable for all.

"Thank you very much."

#### ADJOURNMENT

At 11:51 o'clock a.m., on motion by Senator Ihara, seconded by Senator Slom and carried, the Senate adjourned until 11:30 o'clock a.m., Friday, February 28, 1997.

## TWENTY-FIFTH DAY

Friday, February 28, 1997

The Senate of the Nineteenth Legislature of the State of Hawaii, Regular Session of 1997, convened at 11:39 o'clock a.m. with the President in the Chair.

The Divine Blessing was invoked by the Reverend Clarence L. Fisher, Our Lady of Sorrows Parish, after which the Roll was called showing all Senators present.

The President announced that he had read and approved the Journal of the Twenty-Fourth Day.

The following introductions were made to the members of the Senate:

Senator Levin introduced the following individuals from the Council of State Governments: Kent Briggs, Director, CSG-West; Cheryl Duvachelle, Deputy Director, CSG-West; Daniel Sprague, Executive Director, CSG-National; and Senator Jeff Wells, Chair, CSG-National.

Senator Tam then introduced Clarence Lee, who was commissioned by the U.S. Postal Service to design Chinese New Year's stamps for the next 12 years of the Chinese lunar calendar. Mr. Lee was accompanied by his wife, Elsa.

At this time, Senate President Mizuguchi invited Senator Wells to address the members of the Senate and their guests and appointed Senators Taniguchi and Levin to escort him to the rostrum.

Senator Wells delivered his greetings from the Council of State Governments as follows:

"Thank you, Mr. President and members of the Senate. I am Jeff Wells and I do bring you greetings today from my own home state of Colorado and from the Council of State Governments, all 50 states, including yourself.

"We are looking forward, with great pleasure, to having the opportunity to host our Council of State Governments' Meeting in your fine city, right here at the Hilton Hawaiian Village in the first week of December. I need to tell you that at the various meetings that I've gone to across the country -- as chairman of the West and now being chairman of the National Council of State Governments Organization we have the opportunity to go on many different trips -- every place I have gone, the people have told me that they look forward to coming out here to Hawaii in December and to receive your hospitality.

"Your emissaries have preceded you. I have served on the West Trends board for several years with Senator Taniguchi and he is well-respected in that committee. Senator Levin has been a past chairman of the CSG West and therefore all of the western states have regularly seen him. There have been others of you who have been active in this organization and we appreciate your involvement and we look forward to the opportunity of coming here and sharing the various state issues with you.

"I say it that way because all states are different, but they're all essentially the same. I looked in the paper this morning and saw that you were deliberating on your no-fault insurance and we have almost a similar bill going through the State of Colorado right now. So we all face the same issues.

"Again, thank you for your hospitality and we look forward to joining you in December. Thank you."

At 11:52 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:00 o'clock noon.

Stand. Com. Rep. No. 618 (Gov. Msg. Nos. 151 and 156):

Senator Tanaka moved that Stand. Com. Rep. No. 618 be received and placed on file, seconded by Senator Taniguchi and carried.

Senator Tanaka then moved that the Senate advise and consent to the nominations of the following:

ALTON H. MIYAMOTO to the Board of Directors, High Technology Development Corporation, term to expire June 30, 1998 (Gov. Msg. No. 151); and

ROBERT K. U. KIHUNE to the Board of Directors, Natural Energy Laboratory of Hawaii Authority, term to expire June 30, 2000 (Gov. Msg. No. 156),

"Mr. President, Alton H. Miyamoto is a professional electrical engineer who is currently Manager, Planning and Regulatory Affairs, for Citizens Utilities Company, Kauai Electric Division.

"Mr. Robert K. U. Kihune is currently the Chief Executive Officer of Waimana Enterprises, Inc., and is on the Research Advisory Board of CEROS. He was the Executive Director of NELHA (1994-1995) and was awarded DBEDT's 'Manager of the Year' award in 1995.

"Your Committee on Economic Development grilled both of these gentlemen and we are satisfied that they adequately responded to the Committee's inquiries.

"I would urge all members to vote in favor."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Iwase).

Stand. Com. Rep. No. 619 (Gov. Msg. No. 112):

Senator Chumbley moved that Stand. Com. Rep. No. 619 be received and placed on file, seconded by Senator Matsunaga and carried.

Senator Chumbley then moved that the Senate consent to the nomination of ELWIN P. AHU for Judge of the Circuit Court of the First Circuit, 1st Division, for a term of ten years, in accordance with the provisions of Article VI, Section 3, of the Hawaii State Constitution, seconded by Senator Matsunaga.

Senator Matsunaga rose to speak in support of the nominee and stated:

"Mr. President, Elwin P. Ahu received his B.A. from Graceland College and his J.D. from the William S. Richardson School of Law. Prior to his present position as a District Court Judge, Judge Ahu worked in the Public Defender's office and in private practice. Judge Ahu was most recently Chairperson of the Committee to Review and Revise the Statutes, Rules and Forms Relating to District Court Civil Cases and Civil Procedures which were effective April 1, 1996.

"Further, Judge Ahu's community service includes mediation training at the Neighborhood Justice Center and educating the public about the legal system.

"Testimony was received by your Committee in support of the nominee which indicated that Judge Ahu is dedicated to legal excellence and has the legal skills and ability as well as the judicial temperament necessary to make contributions to the Circuit Court. Testifiers further acknowledged his compassion as well as his balanced and understanding approach in handling the cases before him.

"Finally, Mr. President, your Committee acknowledges and appreciates his selfless commitment to promoting a better understanding in the community about the judicial system.

"I urge my colleagues to consent to this nomination. Thank you."

Senator Solomon also rose in support of the nominee and said:

"Mr. President, I also rise in support of the nominee, and in support of the remarks by the previous speaker.

"I had an opportunity to visit with the nominee and I found him to be compassionate. I found him to be truly a person of what we like to say, 'keiki o ka aina'. I found him to be knowledgeable and understanding and he has come up with balanced resolutions on cultural values and racial issues that this Legislature has been confronted with. He seemed to be very, very responsive.

"And because of that, Mr. President, I'm urging all my colleagues to vote in the affirmative. Thank you."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Iwase).

At this time, Senator Matsunaga introduced Judge Ahu, who was seated in the gallery with his family. (Judge Ahu rose to be recognized.)

Stand. Com. Rep. No. 620 (Gov. Msg. No. 113):

Senator Chumbley moved that Stand. Com. Rep. No. 620 be received and placed on file, seconded by Senator Matsunaga and carried.

Senator Chumbley then moved that the Senate advise and consent to the nomination of KEITH M. KANESHIRO as the Director of Public Safety, term to expire December 7, 1998, seconded by Senator Matsunaga.

Senator Chumbley rose in support of the nominee as follows:

"Mr. President, I rise in support of this nominee.

"Upon review of the resume and other background information submitted by the nominee, your Committee finds that Keith M. Kaneshiro graduated from the University of Hawaii, majoring in political science, and received his J.D. degree from California Western School of Law. Mr. Kaneshiro worked as a Deputy Attorney General from 1984 to 1988, and most recently as the Prosecuting Attorney for the City and County of Honolulu from 1989 to 1996. Mr. Kaneshiro was selected for his present position as Director of Public Safety in December 1996. He is also Director of the National Alliance for Model State Drug Laws and served on President Clinton's Commission on Model State Drug Laws in 1993.

"Testimony was submitted to your Committee in support of the nominee which indicated that Mr. Kaneshiro is a dedicated and devoted public servant with the legal expertise, managerial experience, and vision necessary to positively administer the Department of Public Safety and to enhance public safety for the community.

"I urge all my colleagues to consent to this nomination. Thank you."

Senator Aki rose in opposition to the nomination and said:

"Mr. President, I rise to register my opposition to Gov. Msg. No. 113.

"I think this nomination is ill-advised. I do not believe that the nominee has the penal experience nor the qualifications in the penal system, nor does he have the independence that is necessary to lead the Department of Public Safety in these very difficult times.

"So, very briefly, with that I'd like to ask for a 'no' vote on this nomination."

Senator M. Ige also rose in opposition to the nomination as follows:

"Mr. President, based on the comments of my colleague here, can you please register a 'no' vote for myself."

Senator Tam rose and said:

"Mr. President, please register a vote of 'aye with reservations' on this."

Senator Solomon then rose and said:

"Mr. President, also, for myself, an 'aye with reservations.'"

Senator Tanaka added:

"Mr. President, I, too, vote 'aye with reservations.'

Senator Bunda rose and said:

"Mr. President, 'aye with reservations.'

Senator Sakamoto stated:

"Mr. President, similarly, 'aye with reservations.'

Senator Slom rose in opposition and said:

"Mr. President, I vote 'no.' I'm still waiting to hear some of the vision and the independence from the candidate."

Senator Anderson also rose to oppose the nomination and said:

"Mr. President, would you put me down as a 'no,' also. I agree with Senator Aki and because of some administration concerns, I will be voting 'no.'"

Senator McCartney rose to speak in support of the nominee and said:

"Mr. President, I rise to speak in support of the nominee.

"Mr. President, I've had the pleasure of working with the nominee throughout my career in the State Senate. And the one thing I know about Mr. Kaneshiro is that he has integrity and a commitment to public service, and Keith gets the job done. You can always get straight answers from him; he is dependable and is committed to doing a good job for the people of Hawaii.

"So for those reasons, Mr. President, I support this nomination. Thank you."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 20. Noes, 4 (Aki, Anderson, Ige, M., Slom). Excused, 1 (Iwase).

Senator Chumbley then introduced Mr. Kaneshiro, who was seated with several family members in the gallery. (Mr. Kaneshiro rose to be recognized.)

At 12:11 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:13 o'clock p.m.

Senator Anderson rose on a point of personal privilege and stated:

"Mr. President, I stand on a point of personal privilege.

"I think most of us have been receiving from the governor's office different types of announcements of what's happening in the state. One of them was that we received \$125,000 in contributions for the King Kamehameha celebration. Since we have taken that money out of the budget, I would hope that maybe we could do King Kamehameha's celebration a little backwards. We'll start from Magic Island; we end up at Kamehameha Statue; we then pay homage to our King, and we can go across the street to the palace.

"Kamehameha Day, which has been going on for so long, has been a tourist attraction. And yet we're saying that we're going to cut it out. It was a cultural practice for most of us

when we first started it. And now we're saying we're not going to fund it. And now we're also saying that the \$125,000 ... we should thank these people who are actually benefitting by the celebration that we started. That's one of my concerns.

"The next is the \$13 million contract to Barbers Point. I think this is great but I also wanted to put down where the majority of cargo moving through Barbers Point is liquid and dry products -- commodities such as coal, sand, cement, scrap metal and petroleum products. I want to remind you folks that we buy 650,000 tons of coal every year from Indonesia. And that comes in through Barbers Point on foreign vessels and it gets unloaded like many vessels that come into our harbors that gets unloaded. They're foreign vessels. We have not wanted to do anything to upgrade our harbors. We've done nothing this year for a study to continue. We haven't funded the harbors and looking at a port authority and everything else that we funded last year. This year we're going to cut even though the administration, the departments and everybody said we should go ahead and move this on.

"We have a company, after 150 years, that voted against the sugar act. And yet they own the ships that come into our harbors and keep our costs in a very, very high profile. We figure \$2,000 a year per household because we have to bring them in on an American bottom. We cannot buy the 650,000 tons of coal from Alaska because it's too costly for us to bring it in from Alaska, which is a lot closer.

"I read in the paper that we're going to have a problem with tourism traffic plunging. The U.S. slaps Japan's ships with a \$100,000 per visit levy. Developers sought for pumping station. We have more problems in this state that go on everyday -- things that we should be looking at.

"The HVB is asking for \$10 million. I didn't make the hearing last night, but I did give to one of the Senators all the different logos from different states. We no longer use the Kamehameha logo and some people said, 'Well, there's a cultural problem. Some of the Hawaiians don't like the idea of you exploiting our King.' Well, let me remind you, ladies and gentlemen, we have a state seal; we have Diamond Head; we have the Koolaus. We have many, many aspects in this state that are different than any others. And just to go ahead and try to sell Hawaii in different colors has caused us a problem.

"We all received a fax last night, or yesterday afternoon, that said, 'The tourist industry is having a little difficulty in marketing Hawaii because we have changed our name and we're no longer using a logo, so there's going to be an identification crisis.' Well, what the hell are we paying \$10 million for to market something that is now going to have a hard time? Are we going to be spending the \$10 million, or a good portion of it, to re-identify the islands that we've been so proud of all these years?

"I think, Mr. President, that everyone says, 'There he goes again, talking about the economy.' But I don't think that if we stand here and do not try over and over to remind you that the economy is down, you'll forget. The governor also sent one of these bulletins that said the teachers are behind him because he's going to spend the billion dollars. Well, that's great, but how much is that school going to cost? What is the construction industry really going to get? And whose priorities are they going to be using -- his or ours -- to build that school or cafeteria or whatever is needed? You're going to have to get employees, so it's not a revenue generating type of a business. We have to look at something that's going to be revenue generating. I believe in schools and I believe that the construction industry needs to move forward, but I believe we also have to look at the economy and what's happening.

"If we want to pass something that says we want horse-racing, everybody says you can't do it; it's gambling. We have two states that deny anything against gambling -- us and Utah. So the other 48 are wrong? To make it easier, we did research

and found out we could put a referendum on there, giving the people a chance to vote. That's their right. As far as the Republicans, it has always been our understanding that the people had the right to vote. But now are we saying you can vote against referendums? We don't want the people to have any voice.

"So, I would urge you, look at what we're passing. If there's anyway we can, even in conferences and if we have to piggy-back or whatever the hell we call it, let's move something that has some economic impact to help this state because we're in dire need of it. The business community is having one heck of a problem. Labor is having one heck of a problem. And we're not solving problems.

"When we receive a letter from a school that now says we want a cafeteria and children tell me that they want books, I say great, then let's look at possibly going back to having a book rental fee. We paid it before. I paid to go to school. Free? There's no such thing as a free lunch. Charge a fee and then put that in a special account so that our children will have books and they don't have xeroxed copies. Be innovative, ladies and gentlemen. Try!

"If you lose the next election or I lose the next election but we have done what we honestly believe is fair, then we've done our job.

"Thank you so much for listening to me, Mr. President."

Senator Solomon also rose on a point of personal privilege and stated:

"Mr. President, I also rise on a point of personal privilege, and in support of the previous speaker's remarks, especially those remarks that the speaker had made regarding the \$10 million emergency fund.

"I just would like to state this for the record that I had an opportunity yesterday to visit with the Department of Land and Natural Resources neighbor island board members. They expressed to me their great concern about our aquatic resources, the deplorable conditions that some of our state parks are in, the neglect especially in the public restroom facilities, and the condition of our public trails. The list was quite lengthy and quite in depth and of course, I had to agree with them.

"It comes to mind, Mr. President, that perhaps it would do justice to our communities and to our people that we should start looking at a balanced approach to our tourism industry. As you recall, Mr. President, a few years back (I think it was five or six years back) when the Senate took on a bold position when we posed these questions to DBEDT. When is enough, enough? Is it 10 million tourists? Is it 15 million tourists? As a matter of fact, we considered a survey asking that question to the residents. How would they feel when millions of tourists are now accessing our public beaches and overloading our facilities and we keep on giving more and more money to promote more and more visitors to come. There is no balance. We are not investing dollars that are needed to help improve the product.

"We have overused and exploited every inch of our public recreational areas. We have asked our residents to give up some of the best beaches in the State of Hawaii to accommodate the tourist industry. How much more are we going to bleed our people without giving them something in return? There's more to life, Mr. President, than just jobs. There's aesthetics. I remember, and I'm sure you remember and I'm sure most of my colleagues remember, when we used Waikiki as our own recreational playground when we were growing up. It was a big thrill for us when we came from the neighbor islands to Oahu to go to the zoo and swim at Waikiki. You don't see that happening today, Mr. President.

"And as you know, I just came back from extensive community hearings on the Big Island. At one of the meetings the Honorable Nelson Doi, former Judge and Lieutenant Governor, said, 'You know, Senator, it is a shame when the Democratic Party can't even provide toilet paper in our public restrooms.' And now we have the administration asking us for \$10 million to bring more tourists and we can't even provide a decent lua facility.

"What hurt me is that my parents and I were picnicking at the Old Kona Airport which has one of the few safe beaches in West Hawaii where our kamali'i, our children, can swim. In the next pavilion there were people throwing up and it appeared they had an all-night drunk. We had no security patrolling our beach areas. We had mothers putting their children back into cars to go away from this beach. Is this what we want? Have we deteriorated into these conditions?

"Our administration is so concerned about big plans when, in fact, we have neglected the na'au of our community. Our local people now do not even have a feeling that they're safe when they go to our public beaches and drop off their children. And why? Not enough funds, not enough dollars to maintain and control our beaches. Well, I think we in the Senate should take a bold stand. We should start focussing our energy to malama and protect the product because this is what nurtures all of us, whether kamaainas or tourists.

"And, Mr. President, I'm hoping that through the wisdom of our Ways and Means Committee that we will be able to send a very strong message upstairs that we are sick and tired of just promoting Hawaii for the tourist. How about promoting Hawaii for the kamaaina, for the residents?

"And with that, Mr. President, I want to thank you very much for providing me this opportunity."

Ayes, 25. Noes, none.

S.B. No. 656, S.D. 1:

Senator Baker moved that S.B. No. 656, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator D. Ige.

Senator Slom rose in opposition to the measure and said:

"Mr. President, I rise to speak against the bill. I'm troubled by this bill because the bill extends treatment by social workers. We've already extended a number of provisions in the prepaid health care act. I certainly know that we all want to take care of mental and substance abuse problems, but I think that the way this bill is going, it will increase the cost and will not guarantee that we will have treatment. So I speak against the bill.

"Thank you."

Senator Solomon rose to speak on the measure as follows:

"Mr. President, I would like to vote a W/R. And I, too, echo the words of the previous speaker. I'm very much concerned about this. I did bring this up in committee and it was very unfortunate that at that time they could not come up with any statement of impact and how much this would actually cost us.

"Thank you."

Senator Baker rose in support of the measure and stated:

"Mr. President, I rise in support of this measure.

"Mr. President, your Committee heard testimony from a variety of health care professionals and others about the need for this particular measure. It has been well demonstrated in practice that maximizing the flexibility with which mental health and substance abuse services can be provided to individual clients improves the effectiveness of the services, improves access to services, and lowers the cost of services.

This measure will increase patient accessibility to much needed mental health and substance abuse treatment, especially in rural and remote areas of our state.

"In 34 other states that have passed legislation similar to this, there has been no significant cost impact. As a matter of fact, there have been reductions in cost. The federal government, for a number of years, has recognized the services provided by clinical social workers and have included them as covered mental health providers for all programs under its jurisdiction. Where social workers are included as service providers, social worker fees were found to be about 73 percent of the average of those charged by other mental health professionals. At a time when we have a woefully inadequate number of mental health professionals and substance abuse counselors capable of helping us, particularly in dealing with the consent decree under Felix v. Waihee, I believe that this measure is very timely and I urge my colleagues to support it.

"Thank you."

Senator Solomon rose again on the measure and said:

"Mr. President, I'm again speaking with reservations on this bill. I would like to thank the previous speaker for her comments.

"Mr. President, just for the record, I'm not arguing about the merits of the bill. I am not against mental health care for substance abuse, etc., but the bottom line, Mr. President, is that we're one if not the only state that requires mandatory health care coverage and I'm very much concerned about the cost factor, the impact it will have on small business, and the economy as a whole. I'm hoping that in the deliberations of the bill that perhaps these fears could be alleviated.

"I'm hoping, Mr. President, that we perhaps can provide this kind of care at no cost and be assured that this would be so.

"Thank you, Mr. President."

Senator Anderson added his comments on the measure as follows:

"Mr. President, I had the same reservations. The Minority Floor Leader and myself discussed this. I looked at the different testimonies that were attached. And we did have concerns that there might be an increase in cost. I agree also with Senator Malama that we're not opposed to mental health or taking care of people. It's the idea that we have to look at what we're doing and I'm hoping that we can get more information as the time goes on."

"Thank you."

Senator Baker rose on a point of information and stated:

"Mr. President, one brief point of information. I believe that perhaps some of the speakers have confused this measure with another measure that was held in our Committee.

"This measure does not mandate additional benefits. It does not provide additional benefits under prepaid health plans. It merely allows that for the delivery of those services reimbursable by third-party payers, the persons delivering those services may, in fact, be licensed clinical social workers. It does not expand benefits; it does not mandate additional benefits.

"Thank you, Mr. President."

At 10:28 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 10:30 o'clock a.m.

The motion was then put by the Chair and carried, S.B. No. 656, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO MENTAL HEALTH AND ALCOHOL AND DRUG ABUSE TREATMENT INSURANCE BENEFITS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Slom).

S.B. No. 1621:

Senator Kawamoto moved that S.B. No. 1621, having been read throughout, pass Third Reading, seconded by Senator Sakamoto.

Senator Slom rose in opposition to the measure and said:

"Mr. President, I rise to speak against the bill.

"I think that part of the bill is very good. It gives flexibility to the State Department of Transportation to make changes within the high-occupancy vehicle lanes. However, there is a portion of the bill that was not very clear until we had the hearing and discussed it. And what it does is simply repeal Act 224 which gave the police the power to send citations, written citations, without stopping any vehicle. What this bill, now, will do is give the police unlimited power to do that, particularly in high-occupancy lanes. And I know it's a problem for many of us who take our small children and have them in our vehicles if the police cannot see them and they issue a citation without any kind of stop or looking in.

"Proponents have said, well, it's very easy because all we have to do is just go down to court and just tell them that we had a young person or someone else in the vehicle. It's not that easy, Mr. President, and it shifts the burden from the police and law enforcement agencies to the individual, the taxpayer and small business person. So I rise to speak against this bill.

"Thank you, Mr. President."

Senator Kawamoto rose in support of the measure and stated:

"Mr. President, I rise to speak for the bill.

"In the HOV lane, some of the sections of the communities are impossible to enforce by word of mouth and they need this flexibility for the DOT to enforce HOV lanes. Therefore, Mr. President, I urge my colleagues to vote 'aye' on this bill.

"Thank you."

Senator Anderson rose to speak against the measure as follows:

"Mr. President, I'll also be voting 'no.' The main reason is that it does throw the burden of proof on the individual. That person has to take off from work, and having been down to the court, the first thing they ask you, 'Do you plead guilty or not guilty.' And if you try to explain, they want guilty or not guilty. If you plead not guilty, they'll then turn around and give you another court date. That means you have to take another day off and lose more money because you have to take off from work. And it's a process that I think is not fair and just.

"If you want to take care of certain segments of the island, you might be able to work that out. But just to blanket everybody, I believe, is not fair and equitable, and I will be voting 'no' for those reasons."

Senator Fernandes Salling rose and said:

"Mr. President, would Senator Slom please answer a question with respect to his previous comments."

The Chair posed the question and Senator Slom having answered in the affirmative, Senator Fernandes Salling continued:

"I have been looking at the bill, Senator. Could you point out for us on what page you mention we deleted that section with regard to the police authorizing these citations and now they can do it blanket and not take into consideration how many people are in the car."

Senator Slom responded:

"Yes, thank you, Senator. If you will turn to page 3 of S.B. 1621, in Section 6 it says, 'This Act' referring to the previous section, Act 224, 'This Act shall take effect upon its approval [and shall be repealed on June 30, 1997].' That is now bracketed; it will not be repealed on June 30, 1997. I hope that's clear, Senator."

Senator Fernandes Salling then said:

"Mr. President, would the Chair of Transportation and Intergovernmental Relations, Senator Kawamoto, yield to a question?"

Senator Kawamoto having answered in the affirmative, Senator Fernandes Salling asked:

"Senator, with respect to what the previous Senator just answered, that by bracketing out 'and shall be repealed on June 30, 1997' in S.B. 1621, is it true then that the effect will be as he has stated?"

At 10:35 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 10:39 o'clock a.m.

Senator Kawamoto then rose and stated:

"As a matter of concern, we are encouraged to take that matter up in conference and we will do so. Thank you very much."

The motion was then put by the Chair and carried, S.B. No. 1621, entitled: "A BILL FOR AN ACT RELATING TO HIGH OCCUPANCY VEHICLE LANES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Anderson, Slom).

Stand. Com. Rep. No. 587 (S.B. No. 560, S.D. 2):

Senator Chun Oakland moved that Stand. Com. Rep. No. 587 be adopted and S.B. No. 560, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Kanno.

Senator Sakamoto rose and said:

"Mr. President, I rise to speak in opposition to this measure, and I will be rising on other measures as well. I have turned in to the Clerk my comments on some of the bills that I will be voting with reservations, if those could be included in the Journal. (The Chair so ordered.)

"Prior to speaking specifically on this particular bill, I want to make some general comments that will be a little more lengthy but will show why I'm against this bill and some other bills.

"This is not 1954. This is not a time of free-flowing economy. We do not have the same problems we did then. We don't have the same visions we had then. This is our ship, our ship of state, and it's not moving forward. Our ship sits overloaded on the reef, overloaded with taxes, regulations,

fears, crime, uncertainty. We can hope for a rising tide. Some have jumped ship and left. Others carry on business as usual. Today, I cannot let this body carry on business as usual or politics as usual. Let us carry on our business and vote for what makes sense in 1997 ... for what is right today -- lessen the load, no more taxes, no more restrictions -- restrictions on job creation, restrictions on our economy. We don't need more tonnage; we don't need more paperwork, more shackles, more dead weight. Rhetoric will not fill our sails. We need to plant an anchor in a good place and pull on that anchor chain hand over hand. Throw out the dead weight and let's go forward for what makes sense today.

"This particular bill, Mr. President, deals with discriminatory practices, and yes -- race, sex, sexual orientation, age, religion, ancestry, color -- these are very important, and these are civil rights. This bill seeks to add financial assistance or other public assistance to this list, Mr. President. And at this time, we're looking for more jobs, yes, jobs for welfare-patients, welfare recipients. But where will it end? Do we then say we can't ask for your address, we can't ask if you live in a rental project with government assistance. We can't ask that if you're on some kind of help. The federal government is asking us to help, asking businesses to help giving tax credits. We can't say without knowing if a person is on assistance, how can we even benefit by offering them a job with these tax credits that are available?

"We need to be pushing legislation that's productive, not counter-productive. So, I'll be voting 'no,' Mr. President, and I urge that we look at measures that make sense today.

"Thank you."

Senator Slom rose in opposition to the measure and said:

"Mr. President, I also rise to speak against the bill.

"I think the comments made by my distinguished colleague are very important. Also, I think that what we've seen in the recent years, as we have increased the number of kinds and classes of public discrimination, we've also increased the number of kinds and costs of litigation, and we all pay for that. So I think that this bill is going in the wrong direction.

"I will be voting 'no,' Mr. President. Thank you."

Senator Iwase also rose in opposition to the measure and said:

"Mr. President, I'm also going to be voting 'no' on this bill.

"I do believe that we must provide job training for welfare recipients, particularly in light of what's happening in Washington, D.C. -- the federal cutbacks and the impact on the State of Hawaii with the job requirements, 15,000 people, at least. And I think we should be looking at assisting businesses, and I believe there are other bills, either in the Senate or in the House, that go in that direction to assist businesses, to encourage businesses, to hire those who are presently on welfare, to assist them and us, the State of Hawaii, in getting them off the welfare roles and into jobs which, I believe, all of them want to be holding.

"However, I think this bill will add to the burden on business, and may be counter-productive, in light of the fact that it would just increase litigation and I don't think businesses need it at this point in time. So I'll be voting 'no.' Thank you, Mr. President."

Senator Solomon rose to speak against the measure as follows:

"Mr. President, I also will be voting 'no,' and I would like the remarks of the previous speaker included as though they were my own. Thank you."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 587 was adopted and S.B. No. 560, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO EMPLOYMENT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 14. Noes, 11 (Aki, Anderson, Bunda, Ige, D., Ige, M., Iwase, Kawamoto, Sakamoto, Slom, Solomon, Tanaka).

Stand. Com. Rep. No. 596 (S.B. No. 161, S.D. 1):

Senator Baker moved that Stand. Com. Rep. No. 596 be adopted and S.B. No. 161, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator D. Ige.

Senator Slom rose in opposition to the measure and said:

"Mr. President, I rise to speak against the bill.

"While I think we're all concerned about child care and the lack of child care in the state, we want to do everything possible to extend child care. I think that this bill, by exempting after-school, weekend, and summer recess programs conducted by the Department of Education, sends the wrong message. The reason that they want the exemption is because the burdens of regulation and certification are so onerous right now on private child care providers. It would seem to me, Mr. President, that the answer is to reform the laws right now and make it a more hospitable climate so that we encourage more existing private and governmental providers of child care.

"Therefore, I will be voting 'no' for this special exemption. Thank you, Mr. president."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 596 was adopted and S.B. No. 161, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CHILD CARE FACILITIES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Anderson, Slom).

Stand. Com. Rep. No. 600 (S.B. No. 680, S.D. 1):

On motion by Senator Baker, seconded by Senator D. Ige and carried, Stand. Com. Rep. No. 600 was adopted and S.B. No. 680, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CONDOMINIUMS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 1160, S.D. 1:

Senator Kawamoto moved that S.B. No. 1160, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Sakamoto.

Senator Slom rose in opposition to the measure and said:

"Mr. President, I rise to speak against the bill.

"Mr. President, I encourage technological development and also energy saving and I think electric vehicles have a great potential, particularly in our state. However, the electric vehicle industry already is being heavily subsidized by the taxpayers and to create additional exemptions, specifically in the area of payment of parking fees, relaxing the rules in high occupancy vehicle lanes, forgiving registration and other fees, I think, again, sends the wrong message. We want the technology but we also want the accountability. So, I will be voting 'no.'

"Thank you, Mr. President."

Senator Anderson then rose and said:

"Mr. President, I have some reservations and they were exactly what the former speaker said.

"I believe that it's very broad when you take a new business and you waive everything -- registration, licensing, parking fees; they can do whatever they want to. And that's rather broad. I think that a little more constriction, making it a little more concise in what they can and cannot do is a way to help business, but to just go and give them everything in the world is not really the way to go. So I will have some reservations on that."

The motion was then put by the Chair and carried, S.B. No. 1160, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO ELECTRIC VEHICLES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Slom).

S.B. No. 1616, S.D. 1:

Senator Kawamoto moved that S.B. No. 1616, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Sakamoto.

Senator Slom rose in opposition to the measure and said:

"Mr. President, I rise to speak against the bill.

"Mr. President, this is a very unusual bill. As we heard in committee and in testimony, inadvertently in 1980 a portion of the law was left out which provided for certain penalties for commercial users on airport property. Mr. President, in the 17 years since that inadvertent error, there have been no problems; there have been no mistakes; there have been no need for laws or anything else. I asked the Department of Transportation and they said that there wasn't a problem but there could be a problem in the future. And so after 17 years they'd like to put this back in the law.

"I would call the body's attention to the fact that there are ten chapters of rules governing commercial users at our airport system. And think that this is a prime example of having additional laws that really don't do anything, don't need anything, and increase our bureaucracy. So I'll be voting 'no.'

"Thank you, Mr. President."

Senator Anderson also rose in opposition to the measure as follows:

"I'll also be voting 'no' on this.

"And I think more than anything else, it's really the title, 'A Bill For An Act Relating To Penalties For Violations Of Administrative Rules.' We have 34 feet of rules, ladies and gentlemen. I have spoken against having rules that have the force of law. They have jammed up more of our bills than the man in the moon. We're not only having a problem with these cumbersome rules, it's also other states. Washington, D.C., is even having problems. They're trying to change that. I've been working with the National Conference of State Legislators and they've spoken out against having rules that have the force of law.

"What happens if we do something that they don't like. Do their rules supersede ours because all of a sudden we've given up those rights of ours? We already have them ignoring laws that we put in because they say they have a rule, or the AGs might come out and say, 'We believe that their rights are first; they supersede yours because they went out to public hearings. You're going to have to make another law that changes all of this.'

"So, those are the reasons that I'm opposed to this, not just because it affects a portion of the airport. The way that this bill or the title is, any administrative rule will fall in there. And believe me, I've been talking to some people recently, one of the departments, after we passed laws last year, this particular department made up new rules that have screwed up every law we made. So for those reasons, Mr. President, I will be going 'no.'"

The motion was then put by the Chair and carried, S.B. No. 1616, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PENALTIES FOR VIOLATIONS OF ADMINISTRATIVE RULES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Anderson, Fernandes Salling, Slom).

S.B. No. 1170, S.D. 1:

On motion by Senator Levin, seconded by Senator Metcalf and carried, S.B. No. 1170, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO MENTAL HEALTH," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 35, S.D. 1:

On motion by Senator Bunda, seconded by Senator M. Ige and carried, S.B. No. 35, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO LANDLORDS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Chumbley).

S.B. No. 654, S.D. 1:

Senator Bunda moved that S.B. No. 654, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator M. Ige.

Senator Sakamoto having requested his remarks be inserted into the Journal, it reads as follows:

"This bill would allow action against a payment bond 90 days after a subcontractor or vendor completes their portion of the work even if the work is not accepted or inspected or possibly not even paid for by the owner. This can place the general contractor, who is responsible for the payment bond, in an awkward and many times untenable situation. The bill as currently drafted does not balance the concerns of all parties."

The motion was then put by the Chair and carried, S.B. No. 654, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE PROCUREMENT CODE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 626 (S.B. No. 246, S.D. 1):

Senator Bunda moved that Stand. Com. Rep. No. 626 be adopted and S.B. No. 246, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator M. Ige.

Senator Slom rose in opposition to the measure and said:

"Mr. President, I rise to speak against the bill.

"While the body passed an act last year providing this 15 percent bid change or swing for the state, the counties want to

follow suit. I guess the idea, of course, is to help local businesses, to provide activity for businesses and to keep jobs. I don't think, however, Mr. President, that either the state bill or extending this provision to the counties will do that. What it will do is increase the cost of every taxpayer, every family in the state because it mandates that we will be paying probably higher prices than we are paying now.

"And I would remind everybody of two things. First of all, every small business person is a consumer, as well. So even if they were to benefit from one part of the contract, they would pay out of another pocket from the other part of the contract.

"Secondly, as the bill is drafted, it requires that businesses that have contracts of \$5 million or less have been in operation and paying full taxes for a period of four years, if the contract is in excess of \$5 million, it requires eight years. So it's not going to be helping those smaller, newer businesses, as well.

"I think we're best served again, Mr. President, if we look overall at some of the tax and business recommendations to improve the overall climate for all businesses. So I'll be voting 'no' on this bill.

"Thank you, Mr. President."

Senator Kawamoto rose to support the measure as follows:

"Mr. President, I'd like to speak for this bill.

"Again, if something's bad nobody wants to copy you. This was a bill that was passed last year. It's good; it helps the local contractors. It helps keep jobs here in Hawaii. It helps keep the money here in Hawaii. And I'd like to think of it as we may not have saved as much as we could -- 10 or 15 percent -- but I'd like you to know that 85 to 90 percent of the money stays in Hawaii and the jobs are here in Hawaii.

"Again, I'll vote local and I'll vote for people that live here and pay our taxes here.

"Thank you very much."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 626 was adopted and S.B. No. 246, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO COUNTY CONTRACTS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Slom).

S.B. No. 1257, S.D. 1:

By unanimous consent, S.B. No. 1257, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO AGRICULTURE," was recommitted to the Committee on Economic Development.

At this time, Senator Taniguchi remarked on the action taken on S.B. No. 1257, S.D. 1, as follows:

"Mr. President, we will be recommitting this bill. The reason is that it is my understanding that the companion bill will be coming over from the House, and this will give us a better opportunity to review certain issues that were raised subsequent to the passage of the bill from committee."

Stand. Com. Rep. No. 630 (S.B. No. 388, S.D. 2):

Senator Baker moved that Stand. Com. Rep. No. 630 be adopted and S.B. No. 388, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator D. Ige.

Senator Levin rose to speak on the measure as follows:

"Mr. President, I rise to speak in favor of this bill with reservations.

"Mr. President, the purpose of this bill is to eliminate diploma mills in the State of Hawaii and that is certainly a worthwhile goal. My problem is that the bill may pull in and destroy at least a couple of institutions which are not diploma mills and which should not be eliminated.

"I speak in particular, because of personal knowledge, of Greenwich University and the University of the Nations, both on the Big Island. These are not diploma mills, Mr. President; they are facilities with professors and local personnel who are performing a valid function.

"One issue that needs to be dealt with, on which we have received conflicting information, is whether or not these institutions can become accredited. I am told that the institutions do not believe they can. There is information that perhaps they can if they simply jump through the right hoops. It is my hope that we will be examining that issue as this bill moves through the legislative process toward Final Reading.

"Thank you."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 630 was adopted and S.B. No. 388, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO DEGREE GRANTING INSTITUTIONS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Metcalf).

Stand. Com. Rep. No. 631 (S.B. No. 681, S.D. 2):

Senator Baker moved that Stand. Com. Rep. No. 631 be adopted and S.B. No. 681, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator D. Ige.

Senator Kanno rose and said:

"Mr. President, I'd like to register my 'aye' vote with reservations."

Senator Anderson rose in opposition to the measure and stated:

"Mr. President, I'll be voting 'no' on this measure.

"While I believe in some planned communities, I believe that this bill might have some constitutional problems. It's my understanding, and I don't sit on that committee, but it says that 'the community associations existing as of the effective date of this chapter and all planned community associations created thereafter.' Now my understanding is we can't do something like that.

"Also, my concern is there's a lot of people who buy into a planned community and they may not want young children, animals, or whatever. That community is planned that way and all of a sudden we come out with something that says 'existing and in future' they'll have to follow certain rules. That would then mean that they could go back and change the rules on that planned community. And that's what I think bothers me and that's according to the provisions that I read, so I would be voting 'no.'"

Senator Slom rose in opposition to the measure and said:

"Mr. President, I echo the comments and cautions of the Minority Leader.

"I think that this bill was patterned after the horizontal property regime, setting up condominiums. But it should be remembered that first came that law, then came the condominiums. In this law we're doing it backwards and I

think it does raise a number of questions and involves contracts already made and accepted. So I will be voting 'no.'

"Thank you, Mr. President."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 631 was adopted and S.B. No. 681, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO PLANNED COMMUNITY ASSOCIATIONS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Anderson, Slom). Excused, 1 (Metcalf).

Stand. Com. Rep. No. 632 (S.B. No. 682, S.D. 2):

On motion by Senator Baker, seconded by Senator D. Ige and carried, Stand. Com. Rep. No. 632 was adopted and S.B. No. 682, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO CONDOMINIUMS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Metcalf).

Stand. Com. Rep. No. 637 (S.B. No. 1153, S.D. 2):

On motion by Senator Baker, seconded by Senator D. Ige and carried, Stand. Com. Rep. No. 637 was adopted and S.B. No. 1153, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO CONDOMINIUM PROPERTY REGIME," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Metcalf).

S.B. No. 260:

Senator Chun Oakland moved that S.B. No. 260, having been read throughout, pass Third Reading, seconded by Senator Kanno.

Senator Anderson rose to speak on the measure and said:

"Mr. President, I have some reservations on this particular bill.

"I think when we went into this, some of the concerns that we had is as a business person, if I had thought that I would like to see X employees raised up in the ranks, and I talked to them and sent them to school, at least we could share because they were going to get more benefits. We could share the expense. That's not in the bill.

"It doesn't also say that if the employer pays the whole 100 percent, that that particular employee would have to spend at least one year on the job after going to school and we've paid out those fees.

"So there are reasons that I believe would be a hindrance to a lot of employers that would like to do something. But when we put out a law like this, they don't want to send their people in to training. They would hold back.

"So for those reasons I would hope that the committees would look at it and those are my reservations, Mr. President."

Senator Sakamoto having requested that remarks be inserted into the Journal, his remarks read as follows:

"This bill prohibits employers from withholding training costs from employees. The department of labor testified that this would create an inconsistency with federal policy, that the terms need clarification and that this is unmanageable. We need to back off. We do not need to legislate everything."

The motion was then put by the Chair and carried, S.B. No. 260, entitled: "A BILL FOR AN ACT RELATING TO WAGES AND OTHER COMPENSATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Metcalf).

S.B. No. 12, S.D. 1:

Senator Chun Oakland moved that S.B. No. 12, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Kanno.

Senator Sakamoto rose in opposition of the measure as follows:

"Mr. President, I speak in opposition to this bill.

"This bill would mandate that unemployment compensation be paid after an offer of binding arbitration. Now, this is collective bargaining. This is not legislative. If our goal here at the legislature is to provide a mechanism that we can create jobs, pushing employers around, attempting to impose this burden of binding arbitration on top of collective bargaining, imposing this burden of paying unemployment compensation on top of currently existing mediation efforts that are currently in the process accepted procedure, this is really going too far.

"So I'll vote 'no' and I urge the Legislature to keep out of this arena. Thank you."

Senator Slom also rose in opposition to the measure and said:

"Mr. President, I'll be voting 'no' also on the measure.

"I think the whole purpose of arbitration is that it's an agreement between two parties. And what we're doing is once again having the Legislature get involved and in between these parties. The idea that we want to try to pursue is to have people reach agreements to create a better economy and to increase jobs. This bill will not do that. I will be voting 'no.'

"Thank you, Mr. President."

Senator Kawamoto rose in support of the measure as follows:

"Mr. President, I speak in support of this bill.

"Mr. President, this bill will create a level playing field between the employers and the employees. It encourages the employers and employees to take up our war cry of collaboration and arbitration. This bill will provide the collaboration and arbitration without budgetary constraints.

"Therefore, I ask my colleagues to vote 'aye' on this bill to create a level playing field. Thank you."

The motion was then put by the Chair and carried, S.B. No. 12, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO HAWAII EMPLOYMENT SECURITY LAW," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 4 (Anderson, Ige, D., Sakamoto, Slom).

S.B. No. 691, S.D. 1:

Senator Chun Oakland moved that S.B. No. 691, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Kanno.

Senator Slom rose in opposition to the measure and said:

"Mr. President, I rise to speak against this bill.

"The bill allows any person having an expressed interest in workers' compensation to request a statement of attorney fees and costs paid by the employer or insurance company. It also provides for a fine of up to \$10,000 for failure to comply. I don't see how this is either going to improve employment relations, workers' compensation, or lower the cost. Even if a person finds out or discovers what the fees are, there's nothing to do other than to fine somebody for not making the information available. In no way does it improve workers' compensation.

"I'll be voting against the bill, Mr. President. Thank you."

Senator Sakamoto having requested his remarks be inserted into the Journal, it reads as follows:

"Requiring a statement of attorney fees and costs upon written request by the party of interest would only serve to drive costs up. This will not save money for anyone. The injured worker will not benefit. The employer will not benefit. The Department of Labor says that this would be difficult to enforce and the intent is unclear."

The motion was then put by the Chair and carried, S.B. No. 691, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO WORKERS' COMPENSATION FEES AND COSTS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Anderson, Slom).

S.B. No. 1242, S.D. 1:

On motion by Senator Chun Oakland, seconded by Senator Kanno and carried, S.B. No. 1242, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO LABOR ORGANIZATIONS NEGOTIATING WORKERS' COMPENSATION BENEFITS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 26:

Senator Aki moved that S.B. No. 26, having been read throughout, pass Third Reading, seconded by Senator Tam.

Senator Kawamoto rose in support of the bill and said:

"Mr. President, I rise to speak in support of this bill.

"Mr. President, two years ago the Department of Education and the Board of Education adopted a student code of conduct. This bill ties the parents and the guardians to this code. Therefore, I urge my colleagues to vote 'aye' on this bill. Thank you."

The motion was then put by the Chair and carried, S.B. No. 26, entitled: "A BILL FOR AN ACT RELATING TO PARENT AND GUARDIAN RESPONSIBILITY FOR MINOR," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Chumbley, Ige, D.). Excused, 1 (Ige, M.).

Stand. Com. Rep. No. 652 (S.B. No. 263, S.D. 2):

Senator Baker moved that Stand. Com. Rep. No. 652 be adopted and S.B. No. 263, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator D. Ige.

Senator Slom rose in opposition to the measure and said:

"Mr. President, I rise to speak against the bill.

"We keep overloading our prepaid health care act with additional mandates, required additional benefits. These all generate costs. Since small businesses provide between 90 and 100 percent of the total cost of all employer programs, we're adding to the cost. And I think Senator Solomon had brought up earlier that we're one of the few states, we are the only state in the Union that has a prepaid health care act. So I will oppose this bill, Mr. President.

"Thank you."

Senator D. Ige rose to support the bill and said:

"Mr. President, just some brief remarks in support of the measure.

"Testimony by the primary largest health care providers in the state was that the measure, as drafted, would not incur any additional costs on behalf of the business community. The way it's drafted, it just requires that any prepaid health provider who offers prescription health services also offer a choice of three oral contraceptives, that they get to choose, to their members. So, we're pretty certain that this measure, as drafted, would not increase cost for the businesses in this community.

"In addition, we do have a sunrise evaluation of extending to more expansive contraceptive services as proposed in the original draft of this bill.

"Thank you."

Senator Sakamoto having requested that remarks be inserted into the Journal, his remarks read as follows:

"The mandating of coverage, in this case for oral contraceptives, can only increase costs. President Clinton has just started a push for abstinence. The bill states that a policy 'shall cease to exclude contraceptive services for the enrollee or any dependent of the enrollee.' I have concerns about dispensing of contraceptives to children and teenagers who are not married."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 652 was adopted and S.B. No. 263, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO CONTRACEPTIVE SERVICES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Slom).

S.B. No. 1939, S.D. 1:

Senator Baker moved that S.B. No. 1939, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator D. Ige.

Senator Slom rose in opposition to the measure and said:

"Mr. President, I rise to speak against this bill.

"While I think that all of us should be watching less television, unless of course it features legislators, we've heard a great deal that some of the members, unfortunately, Mr. President, because of their low salaries, cannot afford modern televisions with a complete band width. I think that we're already subsidizing access channels. We're already forcing that on the cable networks and now to tell the cable networks where they have to place the channels because it may be burdensome to look past your MTV to find some of the programs you want is not warranted.

"In addition to that, the cable operators did testify before the Commerce and Consumer Protection Committee that they have a policy and they will make it even clearer that any individual that does not have the technical capabilities will be furnished a

free converter box so that they can get the channels, whether they are on Channel 40 or 50 or 60.

"So I rise against this. I think it is unnecessary further government encouraging into private business.

"Thank you, Mr. President."

Senator Sakamoto added his remarks as follows:

"We should not be mandating businesses to comply with 1983 technology. We should ask that resources be applied for today and for tomorrow."

The motion was then put by the Chair and carried, S.B. No. 1939, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CABLE TELEVISION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Anderson, Iwase, Slom).

S.B. No. 1622, S.D. 1:

By unanimous consent, S.B. No. 1622, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE DISPOSAL OF IMPOUNDED VESSELS," was recommitted to the Committee on Transportation and Intergovernmental Affairs.

At this time, Senator Sakamoto remarked on the action taken on S.B. No. 1622, S.D. 1, as follows:

"Mr. President, for this particular bill the House vehicle has crossed to the Senate, and there are also concerns about how we can clarify or clear up some of the problems presented. So we wish to recommit this bill."

Stand. Com. Rep. No. 663 (S.B. No. 527, S.D. 2):

On motion by Senator Tanaka, seconded by Senator Fernandes Salling and carried, Stand. Com. Rep. No. 663 was adopted and S.B. No. 527, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO TOURISM," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Iwase). Excused, 1 (Metcalf).

S.B. No. 1599, S.D. 1:

Senator Tanaka moved that S.B. No. 1599, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Taniguchi.

Senator Slom rose in opposition to the measure and said:

"Mr. President, I rise to speak against this bill.

"I think while the intention of the bill is good and some people may have had a clear understanding, testimony brought out that one of the problems of the bill is that we have so many people that like to fish, try to fish, and actually use that fish either to sell it themselves, privately, or they use it in a bartering situation, particularly true in the neighbor islands. And what this bill would do if we adhere to the strict letter of the law, is to require that they become commercially licensed fishermen.

"So I think that the bill goes further than the sponsors intended and so I'll be voting 'no' against this bill. Thank you, Mr. President."

Senator Anderson then said:

"Mr. President, I just wanted to say that I do agree with the former speaker."

The Chair interjected:

"Are you voting against the bill?"

Senator Anderson replied:

"I will go with reservations on this and I would hope that we would clarify it. And my reservations, I would like down in the book and that's why I stand on these particular measures.

"Thank you very much, Mr. President."

Senator Sakamoto having requested his remarks be inserted into the Journal, it reads as follows:

"Requiring licensing and reports won't help catch more fish or put more food in anyone's mouth. We need less paperwork and less regulation."

The motion was then put by the Chair and carried, S.B. No. 1599, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO A COMMERCIAL MARINE DEALER LICENSE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 4 (Kawamoto, Slom, Solomon, Tanaka). Excused, 1 (Metcalf).

Stand. Com. Rep. No. 666 (S.B. No. 633, S.D. 2):

On motion by Senator Iwase, seconded by Senator Solomon and carried, Stand. Com. Rep. No. 666 was adopted and S.B. No. 633, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO BED AND BREAKFAST OPERATIONS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Metcalf).

Stand. Com. Rep. No. 668 (S.B. No. 1598, S.D. 1):

On motion by Senator Iwase, seconded by Senator Solomon and carried, Stand. Com. Rep. No. 668 was adopted and S.B. No. 1598, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO AQUATIC RESOURCES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Metcalf).

S.B. No. 1665, S.D. 1:

Senator Iwase moved that S.B. No. 1665, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Solomon.

Senator Kanno then rose and said:

"Mr. President, I'd like to register my 'aye' vote with reservations."

The motion was then put by the Chair and carried, S.B. No. 1665, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO COASTAL ZONE MANAGEMENT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Metcalf).

S.B. No. 490, S.D. 1:

Senator Levin moved that S.B. No. 490, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Metcalf.

Senator Anderson noted his conflict of interest as follows:

"Mr. President, I'd like to have it noted that there's a conflict of interest. I do sell herbicides."

The Chair ruled that Senator Anderson was not in conflict.

Senator Anderson continued:

"Then with your permission I will speak against this, primarily because I think that we should all be educated in what the chemical companies are doing. They are USDA approved. They're biodegradable. They've changed everything and our streets are beginning to look terrible, and some of our parks, because we're not doing what we're supposed to do. And all they have to do is read the label and find out from whatever company they're buying from exactly what this herbicide will do -- if there's any danger to our drinking water or any other thing, and they can act accordingly.

"But I think that we have not only this bill but others, and I made the same comments some years ago in the House that if we don't look and talk to the people that are in the industry, we will continuously pass bills, pass legislation that is a hindrance. It is a burden and it is ruining business and it does not help business.

"Thank you very much, Mr. President."

The motion was then put by the Chair and carried, S.B. No. 490, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE USE OF HERBICIDES IN PUBLIC PARKS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Anderson).

S.B. No. 1113, S.D. 1:

Senator Baker moved that S.B. No. 1113, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Chumbley.

Senator Levin rose to speak on the measure as follows:

"Mr. President, I'd like to flag some concerns I have on this bill, although I'll be voting 'aye.'

"I do legal work in this area. I have often been appointed to be a commissioner in judicial foreclosure sales. So I know that the procedure can be an expensive one. And I understand the desire to get into less expensive methods to deal with debts that are not paid. However, the reason that we have, traditionally in Hawaii, had only judicially supervised foreclosure sales, is protection for the consumer. And it's an important protection. It is a guarantee that there will be a gentleman in a black robe who will oversee the process and make sure that the consumer is not cheated, does not lose perhaps the biggest investment that he has made, and his family does not lose the family home.

"I would urge those who will be working on this bill as it works its way through the system to look into that concern. I know that it has already been of concern to the committee members, but it is an issue that is extremely important. The risk is very high and unless it is absolutely necessary that we come up with an alternate procedure, I would urge that we continue to limit ourselves in the State of Hawaii to something that we can be proud of; and that is that there are no non-judicial foreclosures in this jurisdiction.

"Thank you."

Senator Solomon also rose to speak on the measure and said:

"Mr. President, I too would like to note for the record that I will be voting w/r, and I'd like to support the remarks of the

previous speaker. As you know, Mr. President, any time we deal with these matters I always have concerns about how it impacts the rural communities. My concerns are the same as the previous speaker.

"Thank you, Mr. President."

The motion was then put by the Chair and carried, S.B. No. 1113, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO FORECLOSURES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

At 11:18 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:27 o'clock a.m.

S.B. No. 1247, S.D. 1:

By unanimous consent, S.B. No. 1247, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC BOARDS," was recommitted to the Committee on Commerce, Consumer Protection, and Information Technology.

At this time, Senator Baker remarked on the action taken on S.B. No. 1247, S.D. 1, as follows:

"Mr. President, your committee requests that this bill be recommitted. It seems that there were two similar measures referred to two different committees. While your CPI Committee attempted not to step on the jurisdiction of the other committee, we inadvertently did. Therefore, we ask that this bill be recommitted."

S.B. No. 1565, S.D. 1:

Senator Baker moved that S.B. No. 1565, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator D. Ige.

Senator Slom rose in opposition to the measure and said:

"Mr. President, I rise to speak against this bill

"I think that we're all concerned about health issues and we certainly want people to have an understanding of what their own health conditions are. We're making tremendous strides, technologically, right now and part of that has to do with DNA and genetic information. I'm afraid, however, that this bill gives too much leeway and too much information to certain providers and certain carriers, particularly large groups. I'm afraid that the information could be used improperly. There could be abuse. There could be a lack of confidentiality. And most importantly, Mr. President, I think there could be a lot of human agony caused by the use of this information.

"Really, this is a 'shibai' bill because it says that it's going to restrict the use of genetic information and what it really does is make it available in large doses to certain providers. So, I'm going to be voting against this bill, Mr. President.

"Thank you."

Senator Anderson also rose in opposition and said:

"Mr. President, I'll be voting 'no' also.

"From what we've been able to get when we went into our caucus and looked at this is that the bill allows life insurance companies, disability insurance companies, LTC companies to discriminate on the basis of genetic information. And that's what bothers me. If these people can utilize this, then it is discriminatory and I believe we've gone a little too far. So I will be voting 'no.'"

The motion was then put by the Chair and carried, S.B. No. 1565, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO GENETIC INFORMATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Anderson, Slom).

S.B. No. 1954, S.D. 1:

Senator Baker moved that S.B. No. 1954, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator D. Ige.

Senator Slom rose in opposition to the measure and said:

"Mr. President, I rise to speak in opposition to the bill.

"While I think, aesthetically, we would all like to see all of the utilities underground, there are some very real concerns -- one of which is that there is a tremendous cost factor involved here. Secondly, there is little or no scientific basis for the requirement and the mandating of all underground utilities. And thirdly, I think we're opening ourselves up for a great deal of additional litigation. So I'll be voting 'no.'

"Thank you, Mr. President."

Senator Matsunaga rose to speak on the measure and stated:

"Mr. President, I rise in support with reservations on this measure.

"I will be voting 'aye,' Mr. President, and while I certainly believe in the merits of underground utility lines, I just want to make sure that the PUC does not use this measure as an excuse to simply underground the utility lines -- the 138 KV lines -- that are planned for my community, directly through Palolo Valley.

"Thank you."

Senator Anderson rose to speak against the measure and said:

"Mr. President, I'll be voting 'no' on this particular measure.

"One of the reasons is that most of the new subdivisions and other areas that go up today, all lines are underground. What we're saying here is that you can get a group of people who are dissatisfied with what they've had and those people who have already paid for all assessments to their particular subdivision are now going to also have the burden because someone else wants their lines underground.

"For this reason, I'm voting 'no' and also because I'm getting older and in Waimanalo we don't have underground. We still have cesspools. I really don't want to be put into a position, at my age, to pay for all of these improvements.

"Thank you."

The motion was then put by the Chair and carried, S.B. No. 1954, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO UTILITY TRANSMISSION LINES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Anderson, Slom).

S.B. No. 259, S.D. 1:

Senator Chun Oakland moved that S.B. No. 259, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Kanno.

Senator Slom rose in opposition to the measure and said:

"Mr. President, I rise to speak against this bill.

"I think that the problem here is that the bill would allow HPERB to certify an exclusive bargaining agent based on the distribution and collection of signed union cards only. There's no provision in here for a secret ballot. I think that is one of the most important parts of our democracy, including labor relations. So, I think that this throws a chill into the whole area of this kind of representation, and I will be voting 'no.'

"Thank you, Mr. President."

Senator Sakamoto also rose to speak against the measure and said:

"I also speak in opposition, Mr. President.

"Yes, it takes away that choice of secret ballot. Why don't we campaign? Why don't we go around the neighborhood and I'll bring a couple of big guys and collect cards.

"We're not going in the right direction if you can have intimidation, coercion and collect cards. Secret balloting is something that really protects the rights for employees.

"I'll vote 'no' and I encourage my colleagues to vote against this backroom type of proposal."

Senator Solomon rose to speak on the measure and stated:

"Mr. President, I, too, will be voting with reservations. And Mr. President, if I may, I would like the chair to yield to some questions."

The Chair posed the question and Senator Kanno having answered in the affirmative, Senator Solomon continued with her question:

"I would like to know, being that I'm not part of the committee, if this does take away the secret balloting process."

Senator Kanno replied:

"Yes, it does. It provides for certification of signature cards from the Hawaii Labor Relations Board, and so, yes it does."

Senator Solomon further questioned:

"Mr. President, if I may continue. And how would that benefit the employee? The reason I ask that, Mr. President, is because I had a difficult situation on my Kohala Coast when the ILWU got into a confrontation with the Teamsters on one of my hotel properties. The confrontation pertained to this issue that we're discussing. I would like to know how this would protect the employees so they can choose a union of their choice. How does this help facilitate that process?"

Senator Kanno answered:

"A previous speaker had indicated concerns about intimidation and coercion and I am aware that through the election process, as well, there are concerns that there are tactics used involved prior to the election, including those of intimidation and coercion. What this bill provides for is that a majority of the affected employees could submit signed cards. Those would be submitted and verified by the Hawaii Labor Relations Board.

"Previously, a concern came up -- what happens if it is indeed the signature of an employee, but they later change their mind. I would think that there would be a process where that individual could contact the Labor Relations Board and indicate that even though an individual previously signed the card,

possibly circumstances may have changed and they would like to rescind their card from consideration for the majority.

"The election process is a very time consuming one. It can be one of intimidation and coercion, not just from organizations, but also from employers. So what we're looking for is a means towards streamlining the process where there is a demonstrated majority of members supporting the organization, that the organization be certified without the time process that's involved with an election."

Senator Solomon then said:

"I would like to thank the chairman for his remarks. Mr. President, however, I would still like to note my w/r and the rationale for that is because, just as the previous speaker mentioned, I have grave concerns about intimidation. I think that was a major factor in the situation that I had experienced in my district when the Teamsters and the ILWU did get into this confrontation. As a matter of fact, Mr. President, there were instances when the Teamsters brought in their own people and they tried to influence the vote. Once the people had voted, they were released from that hotel property and a lot of members who had opted to go with the ILWU were immediately terminated. And so, I'm hoping that whatever process that we approve through the legislative process that we will protect the rights of the employees.

"Thank you, Mr. President."

Senator Anderson rose to speak on the measure and said:

"Mr. President, I am in the committee and I did go with reservations and I still have those same reservations for the same reasons as all three of the former speakers, so I'll just point it out that I'm going to continue with that. Thank you."

Senator Levin rose and said:

"Mr. President, will you please note my reservations as well."

Senator Bunda added:

"Mr. President, would you please have the Clerk cast my vote as 'aye, with reservations.'"

Senator M. Ige also said:

"Mr. President, 'aye, with reservations,' also. Thank you."

The motion was then put by the Chair and carried, S.B. No. 259, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII EMPLOYMENT RELATIONS ACT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Ige, D., Sakamoto, Slom).

S.B. No. 730, S.D. 1:

On motion by Senator Chun Oakland, seconded by Senator Kanno and carried, S.B. No. 730, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO COLLECTIVE BARGAINING," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 734, S.D. 1:

Senator Chun Oakland moved that S.B. No. 734, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Kanno.

Senator Slom rose in opposition to the measure and said:

"Mr. President, I rise to speak against the bill.

"I think part of the problem of the bill is that it limits the definition of what a seaman is, and for purposes of excluding from wage and hour legislation. The bill defines a seaman so excluded as one 'Who is on a foreign, intercoastal, or coastwise voyage;' one 'Who performs work beyond three nautical miles offshore; or Whose wages provided for in a collective bargaining agreement are not less than the minimum wage ...' I think a number of concerns were raised during the committee hearing and a number of changes were made. However, I think there are still significant concerns relating to those people in the ocean recreational industry, particularly those that do go beyond 3 miles. They operate submarines; they operate charter vessels, and so forth. They do not want to have the possibility of their crew or employees being called seamen.

"The committee report attempts to address this but a strict reading of the law does not really support the committee report. So I'm going to be voting 'no' on this bill so there's no misunderstanding.

"Thank you, Mr. President."

Senator Anderson then rose and said:

"Mr. President, I had some reservations on this and I have been trying to get more information from some of the recreational people, and I've talked to some people with the barges. And I do have reservations and I'll continue to try to get more information.

"Thank you."

Senator Sakamoto having requested that remarks be inserted into the Journal, his remarks read as follows:

"This bill seeks to exclude seamen from the Wage and Hour Law exemption to target one company. This attempt to catch one company has put many other businesses and jobs in jeopardy."

The motion was then put by the Chair and carried, S.B. No. 734, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO WAGES AND HOURS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Slom). Excused, 1 (Metcalf).

S.B. No. 736, S.D. 1:

Senator Chun Oakland moved that S.B. No. 736, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Kanno.

Senator Slom rose to speak against the measure and said:

"Mr. President, I rise to speak against this bill.

"Mr. President, I think this measure is identical to S.B. No. 1057 in its original form, and the Judiciary Committee, after considering the effect and the merit of the original provisions in that bill, S.B. No. 1057, removed much of the language that the Human Resources Committee had left in the measure. I vote 'no' on this measure for the same reasons cited by the Judiciary Committee against the language in the bill and I think that the title, in fact, of this bill may be misleading.

"Thank you, Mr. President."

Senator Chumbley then rose and said:

"Mr. President, please order the Clerk to register my 'aye' vote with reservations on this measure for me. I am concerned about the pre-emption of the federal Arbitration Act and we

will be working with the co-chairs of HRE on this bill. Thank you."

Senator Matsunaga also rose and said:

"Mr. President, please register my 'aye' vote with reservations, also. I'm concerned about federal pre-emption, the possible unconstitutionality of the measure, and also about the fact that this bill goes away from the trend towards statewide arbitration.

"Thank you."

Senator Sakamoto then said:

"Mr. President, arbitration should be encouraged, not prohibited. And the Hawaii Supreme Court upheld the enforceability of mandatory arbitration agreements."

Senator Baker then interjected:

"Mr. President, would you ask the speaker for what purpose he rises."

Senator Sakamoto replied:

"I speak in opposition.

"The Hawaii Supreme Court upheld the enforceability of mandatory arbitration agreements, including those in employment applications in July 1996. And yes, as the previous speaker mentioned, the trend toward arbitration/mediation away from litigation makes sense. So, I'll vote 'no' and I'd like to encourage quick resolution of employee/employer disputes.

"Thank you."

The motion was then put by the Chair and carried, S.B. No. 736, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO ARBITRATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Sakamoto, Slom). Excused, 1 (Metcalf).

S.B. No. 1652, S.D. 1:

On motion by Senator Chun Oakland, seconded by Senator Fernandes Salling and carried, S.B. No. 1652, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE EMPLOYEES' RETIREMENT SYSTEM," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Metcalf).

S.B. No. 328, S.D. 1:

Senator Chumbley moved that S.B. No. 328, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Matsunaga.

Senator Slom rose in opposition to the measure and said:

"Mr. President, I rise to speak in opposition to this bill.

"I think that while we're all concerned about safety and we're concerned about growing violence and incidents of terrorism, I think we have to be very careful and a bill like this, I think, presents a problem for us. The measure will result in punishment, I think, far in excess of the crime committed.

"I think most of us saw the news just the other day over the weekend where a 14-year-old boy was injured -- fortunately, not seriously -- because he constructed an explosive device in the garage of his family's home. The parents, by all accounts,

had no indication or knowledge of what the 14-year-old was doing. If this bill becomes law, it will extend the broad police powers of confiscation and in such a case it would allow the police or other authorities to confiscate the home of this boy.

"We're also, I think, going from areas of extreme terrorism and dangerous devices down into devices that do cause harm and injury. But I think, again, as I said at the outset, I think that the punishment far exceeds the problems of the crime. So I'll be voting 'no,' Mr. President. Thank you."

Senator Matsunaga rose in support of the measure and stated:

"Mr. President, I rise in support of this measure.

"Mr. President, I just want to clarify that the current forfeiture law includes provisions to protect the public from excess forfeiture by allowing the court to limit the scope of the forfeiture. This bill does not amend that provision of the law. It simply extends the offenses for which property can be confiscated under the forfeiture law. Current law includes murder, kidnapping, gambling, and this bill extends it to explosive devices and other automatic firearms possession, which are already felonies under the law.

"Thank you."

Senator Slom then rose and said:

"Mr. President, would the co-chair yield to a question?"

Senator Matsunaga having answered in the affirmative, Senator Slom asked:

"With the definition that you just gave, would not an explosive device fall into the situation that I just described and which was widely reported in the news?"

Senator Matsunaga replied:

"Yes, an explosive device would fall within the definition. The intent is to go after the crystal methamphetamine labs, where it's a really big threat to the community."

Senator Slom continued to question:

"But the way the law is written, because that would be the situation, the parents' home, in fact, could be subject to confiscation?"

Senator Matsunaga answered:

"It's possible if that explosive device would fall within the definition of 134-8."

Senator Slom then said:

"Thank you, Mr. Chairman."

Senator Anderson rose in opposition and said:

"Mr. President, I'll be going no. I think the explanation from the chairman puts it where it goes a little further than we intended. Thank you."

The motion was then put by the Chair and carried, S.B. No. 328, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO FORFEITURES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Anderson, Slom). Excused, 1 (Metcalf).

Stand. Com. Rep. No. 701 (S.B. No. 1197, S.D. 1):

On motion by Senator Chumbley, seconded by Senator Matsunaga and carried, Stand. Com. Rep. No. 701 was adopted

and S.B. No. 1197, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO DRIVERS' LICENSES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Fernandes Salling). Excused, 1 (Metcalf).

Stand. Com. Rep. No. 702 (S.B. No. 364, S.D. 1):

On motion by Senator Chumbley, seconded by Senator Matsunaga and carried, Stand. Com. Rep. No. 702 was adopted and S.B. No. 364, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC LAND," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Kanno). Excused, 1 (Metcalf).

Stand. Com. Rep. No. 704 (S.B. No. 1546, S.D. 2):

On motion by Senator Chumbley, seconded by Senator Matsunaga and carried, Stand. Com. Rep. No. 704 was adopted and S.B. No. 1546, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO FRAUDULENT USE OF CREDIT CARDS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Metcalf).

S.B. No. 1750:

Senator Chumbley moved that S.B. No. 1750, having been read throughout, pass Third Reading, seconded by Senator Matsunaga.

Senator Anderson, rising in opposition to the measure, then said:

"Mr. President, I'll be going 'no' on this. First, I think it's political. Secondly, I believe that anyone that is opposed to any types of amendments that the people ask for, or when the governor, himself, when there is a referendum because the advisory type that we could be using, is saying weeks ahead of time that he would veto it and then turns around and wants an amendment to the constitution, I believe that's using the thing both ways.

"We have constitutional amendments that we've wanted, very clear, specific, the way the community wants, they don't want that. But anything as political as this, just moving people around and putting them in the governor's office, I don't think that's fair and equitable. So I'll be voting 'no.' Thank you."

Senator Solomon then said:

"Would one of the chairs of the Judiciary Committee yield to a question, Mr. President?"

Senator Chumbley answered:

"Yes, go ahead please."

Senator Solomon questioned:

"Does this bill have any kind of impact on the Senate's confirmation prerogatives in terms of the separation of powers issue?"

Senator Chumbley replied:

"No, we felt that it didn't have any impact on the confirmation process. Thank you."

Senator Solomon then said:

"Mr. President, if I may further ask the chairman. (Chair: Please proceed.) Excuse me, I don't know if I heard you correctly, but does it have any impact in terms of the separation of powers between the Legislature and the executive branch if these boards and commissions are placed in the Office of the Governor?"

Senator Chumbley responded:

"No, we feel it's no violation."

Senator Solomon continued to question:

"And why is that, may I ask?"

Senator Chumbley answered:

"This simply allows, for example, that the Office of Aging could be placed under the executive branch, and other such special projects that the governor may want to take on."

Senator Solomon then asked:

"And how expansive are these projects? I mean, was the committee given any kind of indication as to how expansive these projects may be, whether or not it would impinge upon the jurisdiction of the Legislature?"

Senator Chumbley answered:

"No, we don't feel that it would impinge upon the jurisdiction of the Legislature because the scope of the activities of some of these special projects that would be placed under the governor's office would have oversight purview by us in the legislative branch."

Senator Solomon then said:

"I see. With those remarks, Mr. President, may I ask for a short recess."

At 11:50 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:56 o'clock a.m.

Senator Solomon rose and said:

"Mr. President, thank you very much for the recess. I have been advised by the Chair that we the Legislature will be the gatekeeper. That is my main concern, Mr. President. And I would just like confirmation from the chairman. Thank you."

Senator Chumbley responded:

"Yes, Senator, that is the case. The Legislature will be the gatekeeper for these various commissions within the Office of the Governor."

The motion was then put by the Chair and carried, S.B. No. 1750, entitled: "A BILL FOR AN ACT PROPOSING AN AMENDMENT TO ARTICLE V, SECTION 6, OF THE HAWAII CONSTITUTION, TO ALLOW FOR THE PLACEMENT OF EXECUTIVE BRANCH BOARDS AND COMMISSIONS WITHIN THE OFFICE OF THE GOVERNOR," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Anderson, Slom). Excused, 1 (Aki).

S.B. No. 1860:

Senator Chumbley moved that, S.B. No. 1860, having been read throughout, pass Third Reading, seconded by Senator Matsunaga.

Senator Sakamoto having requested that his remarks be inserted into the Journal, it reads as follows:

"This bill would limit membership on a board or commission to two four year terms or eight years. There are some areas of specialization where there is a limited amount of qualified persons who are willing and able to serve. We should always want the best qualified individuals to serve."

The motion was then put by the Chair and carried, S.B. No. 1860, entitled: "A BILL FOR AN ACT RELATING TO BOARDS AND COMMISSIONS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Iwase, Solomon). Excused, 1 (Aki).

Stand. Com. Rep. No. 711 (S.B. No. 1057, S.D. 2):

By unanimous consent, Stand. Com. Rep. No. 711 and S.B. No. 1057, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO EMPLOYMENT PRACTICES," was recommitted to the Committee on Judiciary.

At this time, Senator Chumbley remarked on the action taken on S.B. No. 1057, S.D. 2, as follows:

"Mr. President, your Committee on Judiciary recommends that this bill be recommitted. Members, we have already discussed and debated S.B. No. 736, which is almost identical to this measure."

Stand. Com. Rep. No. 716 (S.B. No. 1466, S.D. 1):

Senator Chumbley moved that Stand. Com. Rep. No. 716 be adopted and S.B. No. 1466, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Matsunaga.

Senator Slom rose in opposition to the measure and said:

"Mr. President, I rise to speak against the bill.

"A number of years ago, the Legislature agreed and the people supported the idea of any excess tax revenues to be returned to the taxpayers from which they came. I know it seems a little difficult right now, because of our present political situation and economic crisis, talking about excess funds, but, Mr. President, we're all trying to work to create a better environment and better economy and, therefore, this bill which would remove and repeal the return of taxpayer funds to the taxpayers is ill-advised. If we truly are in the belief that we can make Hawaii a better place to work, then we must keep this provision here. So I am asking my colleagues to vote 'no.'

"Thank you, Mr. President."

Senator Solomon rose and said:

"Mr. President, I will be voting for the measure. However, I would like to pose a question to either chair of the Committee on Judiciary."

The President then said:

"This issue was discussed in caucus but I will allow you to ask a question."

Senator Solomon continued:

"I just wanted to ask a very simple question, Mr. President. The budget stabilization rainy day fund, is that the same fund that was recommended by the Tax Review Commission in their report?"

Senator Chumbley replied:

"Yes, Mr. President, that budget stabilization fund is under another measure -- S.B. No. 941, S.D. 1, SSCR 722."

Senator Solomon then stated:

"Well, Mr. President, for the record, in the report of the 1995-1997 Tax Review Commission it does mention and recommend to the Legislature to consider establishing a stabilization fund. And also for the record, Mr. President, I would like to remind you that you have always been a very strong supporter of the rainy day fund and I remember when you yourself came up with the recommendation to help us deal with our human services program.

"So with that, Mr. President, I'm urging my colleagues to vote in the affirmative. Thank you."

Senator Anderson rose to speak against the bill and said:

"For the same reasons as Senator Slom, I will be voting 'no.' I was excused on the committee report and I didn't really get the chance to express myself because I normally vote with reservations or if I'm in another committee I can't make both, so it's either that I don't blanket something or if I'm excused I'll look at it after. So I do have the same concerns. Thank you."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 716 was adopted and S.B. No. 1466, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC FUNDS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Anderson, Slom). Excused, 1 (Aki).

S.B. No. 1098, S.D. 1:

Senator Chumbley moved that S.B. No. 1098, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Matsunaga.

Senator Kanno then said:

"Mr. President, I'd like to request my 'aye' vote to be with reservations."

The motion was then put by the Chair and carried, S.B. No. 1098, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO VOLUNTEER SERVICE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Aki).

S.B. No. 1125, S.D. 1:

By unanimous consent, action on S.B. No. 1125, S.D. 1, was deferred to the end of the calendar.

Stand. Com. Rep. No. 722 (S.B. No. 941, S.D. 1):

Senator Chumbley moved that Stand. Com. Rep. No. 722 be adopted and S.B. No. 941, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Matsunaga.

Senator Slom rose to speak against the measure and said:

"Mr. President, I rise to speak in opposition to this bill.

"Mr. President, just a few moments ago we took away any refund or return of taxpayer funds. Now we're supporting the idea of a slush, excuse me, a rainy day fund to put even more taxes, take more take-home pay away from our overburdened taxpayers here. It's interesting that we're very, very selective in

what we try to pick from the Tax Review Commission report. So I urge my colleagues to vote 'no' on this bill.

"Thank you, Mr. President."

Senator Anderson spoke against the measure as follows:

"Mr. President, I'll be voting 'no' for several reasons.

"First, exactly what the former speaker said. Actually, we should have had this some years back when we had a lot of money. In fact, when we brought it up on the floor and asked for it, everybody said you're out of your mind. We spent it as fast as we could make it. Now we want to have a stabilization fund. So I vote against it for that reason. I don't think it's something that we need it at this time. I vote against it because it is against the constitution or to put another constitutional amendment when we're not looking at the people, and it's the same thing. I look at it because it's the wrong time to do anything, except to try to move our state forward.

"Thank you very much."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 722 was adopted and S.B. No. 941, S.D. 1, entitled: "A BILL FOR AN ACT PROPOSING AMENDMENTS TO ARTICLE VII OF THE CONSTITUTION OF THE STATE OF HAWAII, TO ESTABLISH A BUDGET STABILIZATION FUND," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Anderson, Slom).

Stand. Com. Rep. No. 744 (S.B. No. 1597, S.D. 1):

On motion by Senator Chumbley, seconded by Senator Matsunaga and carried, Stand. Com. Rep. No. 744 was adopted and S.B. No. 1597, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO AQUATIC RESOURCES PENALTIES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 747 (S.B. No. 209):

Senator Chumbley moved that Stand. Com. Rep. No. 747 be adopted and S.B. No. 209, having been read throughout, pass Third Reading, seconded by Senator Matsunaga.

Senator Slom rose in opposition to the measure and said:

"Mr. President, I rise to speak in opposition to the bill.

"Current law provides for the Tax Review Commission to be appointed every five years. We've had some good reports from the Tax Review Commission. Unfortunately, the reports, like so many of our studies, have not been implemented. To push this back, to make it ten years, I think, separates our fact from the point that we are over-taxed and we should look at these reports. But more importantly than looking at them, we should implement them and have full disclosure. So I'll be voting against this measure, Mr. President. Thank you."

Senator M. Ige also rose in opposition to the measure and said:

"Mr. President, I, too, rise to speak against this measure.

"Mr. President, S.B. No. 209 amends the constitution to have the Tax Review Commission meet every ten years, instead of five. As you know, recommendations were recently made by the 1995-97 Tax Review Commission. In that report, the commission members wrote and I quote: 'The Commission members hope that the work reflected in this report will provide

direction for the development of long term tax policy plan which will allow all of the taxpayers of Hawaii to be treated equally and fairly while encouraging economic growth.'

"In its recommendations and analysis section, let me share what I believe to be the most important words of this entire report, and I quote: 'The tax burden on Hawaii residents is high. The Commission believes that only if government spending is reduced, can Hawaii effectively reduce its taxes so as to provide real equity for Hawaii's taxpayers.'

"Mr. President, is their recommendation of reducing government spending so challenging that we need to hear it every ten years instead of five? Is their recommendation so frightening that we need to sweep it under the rug, hoping in ten years the economic times will be so good that we may be able to forget their warning? I guess, Mr. President, it's like looking into the mirror. Do we not like what we see? Are we concerned that of the \$3.1 billion operating budget, employees' salaries, health benefits, retirement benefits, workers' compensation, and unemployment insurance for state employees are now slightly more than 55 percent. Or put it another way, that one-half of the budget pie goes to fund employee costs.

"With revenues down and health care costs up and rising, when will employee costs take up the whole pie -- in five years, in seven years? Mr. President, just as an aside, for this biennium the Department of Education is requesting 903 positions; the Department of Public Safety, 281; the Department of Land and Natural Resources, 65 -- 1,186 positions for just three departments.

"Mr. President, let us have the courage to take the Tax Review Commission's recommendations to heart. Let us reduce government spending now, and let us look forward to their message again in five years, hoping that this time this message will be filled with optimism and enthusiasm for the future.

"Mr. President, I ask you and my colleagues to accept this message in the same spirit that it was given to us by the commission, and I quote: 'with a shared concern for the future of our state.'

"Thank you."

Senator Fukunaga rose in support of the measure as follows:

"Mr. President, I rise to speak in support of this measure.

"Your Committee on Ways and Means did, in fact, hold a number of hearings and discussions with the Tax Review Commission and noted that during the time the current Tax Review Commission conducted its deliberations, it had a very small operating budget. So it based many of its recommendations on work that had been put forth by the Tax Review Commission convened during the 1990-1991 time period.

"Your Committee on Ways and Means has adopted a number of the recommendations of the Tax Review Commission in the form of various tax measures that will be coming up later on the agenda. While we have not been able to implement these measures in quite as bold and sweeping a form as the Tax Review Commission recommended, your committee has undertaken its first steps toward implementing some of the Tax Review Commission's recommendations. In light of the times in which we find ourselves, we believe that we have acted prudently and we urge all members to vote in support. Thank you."

Senator Anderson rose to speak against the bill and stated:

"I'll be voting 'no,' Mr. President.

"I'm not sure of the former speaker. I think Senator M. Ige pointed out the cost factors. I think he pointed out direction. I think he pointed out all kinds of problems by extending the tax review from five years to ten years. It has nothing to do with what we're not doing or can't do or can't afford to do or shortsightedness. It's that we're going to even extend this further when we need a report sooner. For that reason I will be voting 'no,' Mr. President. Thank you very much."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 747 was adopted and S.B. No. 209, entitled: "A BILL FOR AN ACT PROPOSING AN AMENDMENT TO ARTICLE VII, SECTION 3, OF THE CONSTITUTION, TO PROVIDE FOR THE APPOINTMENT OF A TAX REVIEW COMMISSION EVERY TEN YEARS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 14. Noes, 11 (Aki, Anderson, Bunda, Ige, M., Iwase, Kawamoto, Sakamoto, Slom, Solomon, Tam, Tanaka).

Stand. Com. Rep. No. 749 (S.B. No. 1239, S.D. 1):

Senator Chumbley moved that Stand. Com. Rep. No. 749 be adopted and S.B. No. 1239, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Matsunaga.

Senator Slom rose in to speak against the measure and said:

"Mr. President, I rise to speak against this bill.

"Well, Mr. President, you know, we've talked about civil rights, extending civil rights for years and years, and the pleas of small business people that have been set upon by the Civil Rights Commission have gone unheeded. And now, Mr. President, I have this bill in front of me that would exempt labor organizations from the jurisdiction of the Civil Rights Commission? Excuse me, Mr. President, but I think that if it's good enough for small businesses and other employers and we're concerned about people in the state, it should be good enough for labor organizations also. I do not think that an exemption is warranted and I speak against this bill.

"Thank you, Mr. President."

Senator Sakamoto added his remarks as follows:

"This bill exempts actions of labor organizations from being regulated by the civil rights commission. If that is the case the employers or management side of the equation should be exempt from being regulated by the civil rights commission for any actions related to union matters as well."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 749 was adopted and S.B. No. 1239, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE CIVIL RIGHTS COMMISSION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Slom).

Stand. Com. Rep. No. 750 (S.B. No. 5, S.D. 2):

Senator Chumbley moved that Stand. Com. Rep. No. 750 be adopted and S.B. No. 5, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Matsunaga.

Senator Kanno then rose and said:

"Mr. President, I'd like to register my 'aye' vote with reservations."

Senator Matsunaga requested a ruling from the Chair as follows:

"Mr. President, I'd like to request a conflict ruling. My law firm represents a landowner upon which there is a motorsports facility."

The Chair ruled that Senator Matsunaga was not in conflict.

Senator Chun Oakland also requested a ruling from the Chair and said:

"Mr. President, I may have a conflict of interest. My father-in-law is involved in motorsports."

The Chair ruled that Senator Chun Oakland was not in conflict.

Senator Anderson rose in support of the measure and said:

"Mr. President, I rise to speak in favor of this particular bill.

"Let me explain. The title of the bill, Mr. President, it says, 'A Bill for an Act Relating to Motorsports Insurance.' We've had lots of problems in ocean sports and waiver is one of the things that regardless of how you spell it out, we seem to be in trouble. If this particular bill had only a sports insurance, then I would hope that we would amend it and put all the others under it because it really bothers me that canoeing and boating and others are not in this particular bill. And I believe that if there was a way, I would be for it. I am in favor of the bill and I know we can't amend it for the others, but at least we can think about the others.

"Thank you very much, Mr. President."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 750 was adopted and S.B. No. 5, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO MOTORSPORTS INSURANCE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 751 (S.B. No. 631, S.D. 1):

Senator Chumbley moved that Stand. Com. Rep. No. 751 be adopted and S.B. No. 631, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Matsunaga.

Senator Tam rose in opposition to the measure as follows:

"Mr. President. I rise to speak against S.B. No. 631, S.D. 1, A Bill Relating To Fireworks.

"This bill allows the counties to enact laws and adopt rules that provide for more stringent regulation of fireworks than those provided under state law.

"I oppose this bill on behalf of the various ethnic groups living in the State of Hawaii, especially on behalf of the Chinese community, for the following reasons:

1. The bill gives no specific language to exempt the use of fireworks for cultural and religious purposes and celebrations, except for the Chinese New Year, under the current law. In fact, the current restriction of specific time to burn fireworks interferes with the intent of Chinese New Year. The appropriate time to burn fireworks for Chinese New Year is before the first meal of the day, which is breakfast, not 9 p.m. Chinese New Year's Eve to 1:00 a.m. Chinese New Year's Day. In other words, the current law is out of practice. Thus the reason why the Chinese in Hawaii burn fireworks Chinese New Year's Day morning and not strictly according to the current law. It is the responsibility of the legislature to set a statewide standard of regulation in

the use of fireworks for cultural and religious purposes and celebrations and not to leave it to the discretion of the individual counties.

2. Any legislation on the further stringent restrictions of fireworks should be delayed until we study the cultural and religious uses of fireworks throughout the whole State of Hawaii. I will introduce a resolution to study the cultural and religious practices in the use of fireworks in the State of Hawaii by the ethnic communities, especially by the Chinese community.
3. At the monthly meeting of the United Chinese Society's trustees meeting last night, the trustees expressed opposition, overwhelmingly. For the record, the United Chinese Society is a statewide non-profit umbrella organization for over 100 individual Chinese societies throughout the State of Hawaii.

"In closing, I wish to thank the co-chairmen of the Judiciary Committee for their sincere attempt to address the use of fireworks for cultural purposes and celebrations in the committee report. Unfortunately, HRS Sections 132D-7 and 132D-10 do not adequately address cultural and religious practices and purposes and celebrations in the use of fireworks. For example, within the Chinese community, we also recognize 'Temple Worship Day,' which is not mentioned in the statutes at this time."

"Thank you."

Senator Chumbley rose in support of the measure and said:

"Mr. President, I rise in support of this measure.

"I applaud the remarks of the previous speaker and want to assure my colleagues that it is not the intention of this committee to in any way restrict cultural and other religious activities from having access to fireworks. As the previous speaker had mentioned, Sections 132D-7 and 132D-10 do allow for the application of a permit for the setting off of fireworks outside of this proposed law. We have heard the concerns of our fellow colleague and will be sure that in the discussion as this bill goes forward, that we create some language to protect cultural use of fireworks.

"However, your committee is concerned that in the last holiday season, the State of Hawaii became a dumping ground for fireworks and constituents across the state, not only in my district but I think in everyone's district, complained excessively about the huge volume of fireworks that were brought in and the disregard and lack of enforcement by police on those individuals who abused and violated the existing law. So, we are attempting to allow counties to have an opportunity to deal with this issue as they see fit. This is a good home rule issue, and we believe the counties should have some say over this issue.

"Thank you, Mr. President."

Senator Solomon rose to speak against the measure and said:

"I will be voting 'no,' Mr. President, and I would like to extend my appreciation for the remarks made by the Senator who does represent a large Chinese constituency.

"However, Mr. President, the reason for my voting 'no,' is I believe this is a county kuliaana. I want to applaud the Judiciary Committee to allow the counties to enact ordinances, but I really believe the state should be out of this business. We shouldn't even be dealing with this issue. The counties should make those decisions and whatever they see fit, however they see fit, in terms of regulations, the sales, when you can use the fireworks. To me that this is a home rule issue and it should belong to the counties.

"Thank you, Mr. President."

Senator Anderson rose in opposition to the measure and stated:

"Mr. President, I'll be voting 'no' on this particular measure.

"But more importantly, the Senator did say that we've turned out to be a dumping ground for fireworks, and that's very true. That's because the year before a lot of the big establishments didn't bring in enough fireworks and this year they were bringing them in by container loads, and that was the Wal-Marts, the Daieis, the Longs and the rest of them. When we were in the hearings, they wanted to raise fees and do other things and I was worried about the small business person that follows the letter of the law and if they're going to raise the fees, where the heck are they going to be?"

"But most importantly, the police department and others were concerned about fireworks that were going to be sent out interisland by planes. That really bothered them. And that's why they were opposed to this particular bill. They thought that the bills the way they are right now or the law the way it was provided a lot more safety. For that reason I will be voting 'no,' Mr. President."

Senator Bunda then rose and said:

"Mr. President, could I register an 'aye' vote with reservations."

Senator M. Ige also rose and said:

"I vote 'aye' with reservations."

Senator Sakamoto added his remarks as follows:

"Limitations to fireworks need to allow for culture practices. These need to be allowed irrespective of the specific times and locations spelled out in the bill."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 751 was adopted and S.B. No. 631, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO FIREWORKS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 18. Noes, 7 (Aki, Anderson, Iwase, Slom, Solomon, Tam, Tanaka).

Stand. Com. Rep. No. 753 (S.B. No. 870, S.D. 2):

Senator Chumbley moved that Stand. Com. Rep. No. 753 be adopted and S.B. No. 870, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Matsunaga.

Senator Levin rose to speak on the measure as follows:

"Mr. President, I wanted to express my concerns with this bill, although I will be voting 'aye.'

"It is with mixed emotions that I speak on this bill. It is a difficult issue. As chair of the Health Committee, I certainly understand the risks involved in riding in the back of pickup trucks. But we also need to recognize that there are communities in this state, and I represent at least a couple of them, in which pickup trucks are the only transportation available and there are families that need to travel to various places -- whether it be the grocery store, the doctor or the beach. There are teens that require transportation. There are various reasons why pickup trucks are used as transportation for multiple people and multiple people ride in the backs of those pickup trucks.

"I don't know how to deal with that. I think that we need to recognize that there are not alternatives, and therefore I think

we have to be very cautious in terms of how we impose restrictions. At one time I know there was consideration of having a county option, and I think that might be appropriate.

"I also recognize that the committees have worked hard on this and have come up with other provisions with respect to speed limits, so that sitting in the back of pickup trucks would be allowed on some roads. And that is helpful, but it is not going to take care of many other problems in much of my district. And that is why I am concerned. Thank you."

Senator Anderson also rose to speak on the measure and stated:

"Mr. President, I'll be for the bill but I have some reservations, a reservation I should say.

"I want to thank both chairmen. They worked very, very hard and diligently on this with everybody from the community. However, the young lady that passed on was from my district. I happen to know that the speed limit posted -- 25 miles an hour -- had nothing to do with that particular thing. To say 45 miles an hour in the bill, I don't think that's what's going to do it. We're either going to take care of the businesses as we have, take care of everybody else, but to say that it's okay in areas 45 miles or more, that kind of bothers me. I think if we're going to restrict anything, we should leave the mileage out.

"Thank you very much."

Senator Solomon rose in opposition to the measure as follows:

"Mr. President, I will be voting 'no' on this bill and I would like to reiterate the remarks of my colleague from the Big Island. I, too, represent a huge constituency whose primary vehicle is a pickup.

"I want to thank the committee for its deliberations on this very difficult matter, but I feel very strongly that this is best dealt with at the county level. I feel that we could do what we did when we had the controversy on the extension of the runways for the airports where we made it a county option to make the determinations. And my thinking is that in this way it provides the constituencies in the various counties to come up with creative solutions on how to best solve this problem.

"I get very *kanalua* when we are now forcing, with legislation such as this, Mr. President, that if it does pass we're going to be forcing people to violate the law because in my district that's their only option. Most of the roads on the Big Island, especially those roads that one must traverse to get to the city centers such as Hilo or to get to Kona, have speed limits of greater than 45 miles.

"So with that, Mr. President, I would like to urge my colleagues to consider our special circumstances on the neighbor islands and to ask them to reconsider their position and to vote 'no.' Thank you."

Senator Baker spoke in favor of the measure and said:

"Mr. President, I rise to speak in support of this measure with some very serious reservations.

"Mr. President, I first would like to thank the committee chairs for attempting to limit this measure so that it wouldn't impact rural areas like much of my district. But, like the two Senators from the Big Island who spoke previously, I share some of their concerns. I certainly have lots of constituents for whom the only mode of transportation is a pickup truck. They have no other alternative because there is no public transportation in most of my district.

"To suggest that they must now either find another means of transportation, get another vehicle, borrow another vehicle, or just simply stop transporting their family members to work or recreation, I think, is simply asking too much.

"I acknowledge that safety is a concern, but where does the driver's or parents' responsibility come in? Isn't there some individual responsibility for one's actions in operating a motor vehicle? We cannot legislate every interaction in society and, perhaps, this is one.

"So as this measure goes forward, I would just ask those who will be considering the language in the House vehicle and subsequently conference, to consider that there are simply some situations that we have to ask families to be very careful about how they use motor vehicles, but not to make it impossible to use the only means of transportation they may have. Please be mindful that in much of our rural areas there are no alternatives.

"Thank you."

Senator Iwase rose to speak on the measure and stated:

"Mr. President, I, too, rise to speak in support of the bill with reservations.

"I commend the chairs of the Judiciary Committee. I know this is a very difficult problem. When I was on the City Council 11 years ago, this issue was around. I also am very familiar with the arguments of those who live in rural communities. One of the privileges of representing the First Council District is that you represent a microcosm of Oahu -- the suburban communities and, of course, the rural communities of the North Shore.

"The concerns raised by those who are from the neighbor islands have a lot of validity. On the other hand, there is the issue of safety. One of my then colleagues on the City Council had a family member killed when a pickup truck overturned on the H-1 freeway near Waialae. And I know that she went through a lot of difficult times.

"So, I hope we continue to address this issue. I, again, commend the chairs of the Judiciary Committee. It is a continuing effort. It's another step and I hope that there will be further discussions so that we can bring some fair resolution to this question.

"Thank you, Mr. President."

Senator Slom added his remarks as follows:

"Mr. President, I rise to add my strong reservations to the bill also.

"I think that while we're talking about health and safety matters and trying to balance those with economic matters, again, if we would do more to lower the taxes and to improve take-home pay for people, we'd allow them to have more choices and more opportunities here.

"In addition to that, one size, one speed limit, does not fit all, and I think the Senator from the Big Island is correct that we should be moving in the direction towards home rule and more county options.

"Thank you, Mr. President."

Senator Chumbley rose to support the measure as follows.

"Mr. President, I rise in support of this measure.

"Mr. President, of all the issues that I've dealt with in the Judiciary Committee so far, this is one, I think, that I really had to dig deep into my own personal heart about. I, too, represent a rural district. I have more of a rural area than almost every

colleague here, and this will have a definite impact on my constituents. However, when you sit in a hearing and you hear story, after story, after story, about irresponsible parents who take no action to protect their children, I think it's incumbent upon us to do something to protect the lives of those young children.

"Now, I've heard the concerns of my colleagues about the 45 mile an hour speed limit. I've heard the concerns about many of our constituents only having one vehicle. There was a doctor who testified from the Big Island who made reference to the situation that on a sunny day you see a lot of individuals riding in the back of pickup trucks on that island. On a rainy day you see no one riding in the back of those pickup trucks. So either they stay home during the rainy days or else they have an alternative means of transportation. We have one of the highest per capita of cars per family in the nation, so I don't buy into the excuse that it is their only means of transportation. Yes, it will have an impact on some individuals, but that's not a solid enough excuse not to explore this.

"I am committing to my colleagues that we will continue to search for the balance and search for the fairness as we move forward on this issue. It is a very, very difficult one, but it is an important issue, and one that I believe the Legislature needs to take some action on. Thank you."

Senator Kawamoto also rose to support the measure and said:

"Mr. President, I rise in support of this bill.

"We've heard the many concerns that were expressed from the neighbor islands -- people who live in the country, people who have only one car. I bring along an experience of 20 years in the military, in the flying gang, where we did not compromise on safety. You cannot be half pregnant as far as safety is concerned.

"We will look at these questions, these concerns and will address them in conference, but again, ladies and gentlemen and colleagues, we need to look at the item of safety. Thank you very much."

Senator Fernandes Salling rose to speak on the measure and said:

"Mr. President, I rise to speak in favor of this bill with reservations for those expressed by my colleagues from the Big Island and Molokai and Maui.

"I would just like to pose some questions for further consideration when this bill moves forward to the House, to the chairs handling this measure, and that is: How do we address the situation of workers, laborers, that are still being transported by trucks -- open-bed trucks -- to and from their areas of work. And we see this not only on the neighbor islands with respect to sugar cane laborers, but also contractors. This is a cheap way to transport them ... and also the counties. Thank you."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 753 was adopted and S.B. No. 870, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO PICKUP TRUCKS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Bunda, Solomon, Tanaka).

S.B. No. 1746, S.D. 1:

Senator Chumbley moved that S.B. No. 1746, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Matsunaga.

Senator Kawamoto rose in opposition to the measure as follows:

"Mr. President, I rise to speak against the bill.

"Mr. President, I'd like to commend the committee for looking at the youthful offenders and dropping the youth age from 16 to 14. The concern I have with this bill is that it allows the discretion of the courts to waive these youth offenders to the adult court. Many of us in the different communities have experienced where the court did not waive this youthful offender and that person either got out of juvenile detention and killed again, and again created a situation that was uncomfortable for everyone.

"I discussed this with the Judiciary co-chairs and one of them indicated that it would be a cruelty for children to automatically waive to adult court. I offer you what cruelty means as far as going to the graveyard everyday and wondering when, or how, or why this child or this juvenile will not live to the fullest. I extend to you the people that go to hospitals to look over or guard over a comatose patient for the rest of their lives. These are cruelties to the victims and their families. Again, I ask the Judiciary chairs to look again when they go to conference, if they do go to conference, look at this situation.

"I also would like to add that the Students for Youth Challenge Program also recommended that these youthful offenders, if they are charged as adults, be housed in the Juvenile Detention Center, and at age 18 be transferred over to the adult correctional facilities. Thank you very much."

Senator Matsunaga rose to support the bill as follows:

"Mr. President, I rise in support of this measure.

"First, let me thank the Senator from Waipahu for all of his input and valuable information that he's provided to our committee. It's been very, very helpful to us in coming up with what we believe is a very balanced approach to deal with a very, very serious problem in our community and that is juvenile crime.

"A couple of things I'd like to mention to my colleagues are:

1. We do want to make sure it is a balanced approach and we do want to make sure that judges do have the discretion to determine whether or not the youth would benefit from other types of services, such as drug treatment.
2. I know it's very sensational when you read about high profile cases, but please keep in mind that of the 13,000 arrests in 1995 of juveniles, there were only 19 of them for murder or manslaughter; 12 for rape. By and large, the juvenile crime problem deals mainly with property crimes. They're responsible for over 50 percent of our burglaries, of our auto thefts, and of our arson, so that's where our big focus should be.

"I would like to assure the Senator from Waipahu that we will keep his concerns in mind in going to conference. Thank you."

The motion was then put by the Chair and carried, S.B. No. 1746, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO YOUTHFUL OFFENDERS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Bunda, Kawamoto).

S.B. No. 1279, S.D. 1:

On motion by Senator Chumbley, seconded by Senator Matsunaga and carried, S.B. No. 1279, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO SEXUAL ASSAULT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 773 (S.B. No. 853, S.D. 2):

Senator Chumbley moved that Stand. Com. Rep. No. 773 be adopted and S.B. No. 853, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Matsunaga.

Senator Anderson spoke in opposition to the measure and said:

"Mr. President, I'll be voting 'no' on this particular measure.

"One of the things, it's getting very, very close to a zero tolerance. It goes from a .02, which if you happen to have a child or a young person that might be 19, 20, 21 who has a glass of wine at dinner, goes out, gets in an accident that could nor would not possibly be his fault or her fault, they could still be charged because they have been drinking. I don't think that that's exactly what we want to do. I think it's the wrong way to go.

"I have always voted against drunk driving, anything to do with people who are not mindful of the law. I certainly agree that we should not drink and drive, but when you start getting down this way, I think it's in the wrong way to handle the law and I certainly shall be voting 'no.' Thank you."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 773 was adopted and S.B. No. 853, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO TRAFFIC VIOLATIONS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Anderson).

Stand. Com. Rep. No. 780 (S.B. No. 1264, S.D. 1):

Senator Fernandes Salling moved that Stand. Com. Rep. No. 780 be adopted and S.B. No. 1264, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Slom rose to speak against the measure as follows:

"Mr. President, I rise to speak against the bill.

"While I certainly am in favor of stricter punishment for youthful offenders and we just debated a bill where we allow discretion for the courts, there is no discretion in this bill, Mr. President. It requires finger printing for any individual 12 years of age or older who attempts to commit any act which may constitute a violation of any federal, state or local law.

"Mr. President, I think that the law is much too broad in its application when we say any law or attempt to commit, and we continue to pass more and more laws everyday making criminals of far too many people. So I vote against this, Mr. President.

"Thank you."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 780 was adopted and S.B. No. 1264, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE AUTOMATED FINGERPRINT IDENTIFICATION SYSTEM," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Slom, Solomon).

Stand. Com. Rep. No. 781 (S.B. No. 1706, S.D. 1):

On motion by Senator Fernandes Salling, seconded by Senator Fukunaga and carried, Stand. Com. Rep. No. 781 was

adopted and S.B. No. 1706, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CRIMINAL INJURIES COMPENSATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 783 (S.B. No. 1269, S.D. 2):

Senator Fernandes Salling moved that Stand. Com. Rep. No. 783 be adopted and S.B. No. 1269, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Anderson rose to speak on the measure and said:

"Mr. President, I have some reservations on this particular bill. I will be voting with reservations which I guess is 'aye' with reservations. I can't vote w/r with 'no,' so I vote w/r with reservations.

"The bill states that we helped approximately 150 children. It also states that approximately \$195,000 were from charitable contributions, cash, in-kind services. And now what we're going to do is make this a permanent program. We're going to put it in the Department of the Attorney General and yet they will need additional personnel. And this is on page 3, line 10, item (c), plus other items which could be introduced. That's why I have reservations. Will this money really be going to benefit the children in the program, or is it going to be spent on personnel that are going to come up with all kinds of things that they believe is going to be necessary to help these missing children and the clearing house and all the other things that we might need on different programs.

"So I have those kinds of reservations for the clearing house -- wanting to know where the money is going. Is it going to be beneficial? And maybe someone, as we go along, will give us that information.

"Thank you very, very much."

Senator Slom also rose to speak on the measure as follows:

"Mr. President, I, too, rise to say that I will support the measure with reservations.

"As the Minority Leader has pointed out, here we are trying to have yet another governmental program -- a program that we have no dollar amount for, no estimate of cost. We have no qualifications for what we are going to do here, and yet we're talking about, already, more staff, more costs. I think that we've got to be careful because any time that we're talking about the children, we use the children as an excuse to raise our taxes and raise our governmental costs. So I register my strong reservations, Mr. President. Thank you."

Senator Chumbley supported the measure as follows:

"Mr. President, I rise in support of this measure.

"For those individuals who spoke earlier who had questions about what are the extent of costs of this measure, the cost as proposed to the Judiciary Committee was about \$86,000 per fiscal year. That's less than \$600 per child for the 150 children that had been found as a result of the efforts of the Missing Children's Clearinghouse.

"This is one of the best public/private partnerships that we have in this state and I would just recommend that we continue to support it through the appropriation of funds to help cover some of the administrative costs. Thank you."

Senator Anderson rose again and said:

"Just a comment to the former speaker, if I may.

"I didn't make any indication that I wanted to know the exact cost. I said that what had come down here is that they need additional personnel. They can also come up with other items that they may deem necessary. Now you don't have a dollar figure on anything that they may deem necessary.

"We've voted for more things in the State Legislature that have been free, voluntary, and all of a sudden we take it over and it goes wild. So I'm just worried that once these people are appointed into or hired into that particular department, what kinds of things they're going to deem necessary to make this a better program, and will it indeed become a better program or a more costly program.

"Thank you very much, Mr. President."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 783 was adopted and S.B. No. 1269, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII STATE CLEARINGHOUSE FOR MISSING CHILDREN," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 784 (S.B. No. 715, S.D. 1):

Senator Fernandes Salling moved that Stand. Com. Rep. No. 784 be adopted and S.B. No. 715, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Anderson rose in opposition to the measure and said:

"I hate to stand up so much, Mr. President. I don't want to get anybody to think that I'm not interested in the bill.

"I'll be voting 'no' on this particular measure and I believe that maybe that it could be that we have delays in people paying their fines and not being able to take care of it because they can't afford it. We've taken our fines up to, I believe parking right now is \$15 if you pay it right away; \$25 if you don't.

"If you go to a lot of the parking lots to make it easier -- easier on the employees, on the government, on counting -- you no longer have 10, 5, and 25 cent deposits; strictly quarters. And if you don't have a quarter and you have an appointment or you are in a doctor's office, or whatever, you get a parking ticket. And that citation ... all of a sudden now we're saying if you cannot afford to pay that right away, we're going to charge you an additional fee because you can't pay your fine right away. To everybody else, what you're doing is just disregarding it. What you're really doing is trying to find more money to put into the coffers because we're broke.

"That's the God's truth that we should be putting down -- we need more funds. Consequently, we're looking at raising fines and getting more dollars from the constituency because we haven't handled our money properly.

"Thank you, Mr. President; I will be going 'no.'"

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 784 was adopted and S.B. No. 715, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO TRAFFIC INFRACTIONS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Anderson).

Stand. Com. Rep. No. 785 (S.B. No. 842, S.D. 2):

On motion by Senator Fernandes Salling, seconded by Senator Fukunaga and carried, Stand. Com. Rep. No. 785 was adopted and S.B. No. 842, S.D. 2, entitled: "A BILL FOR AN

ACT RELATING TO CORRECTIONS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 722, S.D. 1:

Senator Fernandes Salling moved that S.B. No. 722, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Slom rose to speak against the measure and said:

"Mr. President, I rise to speak against the bill.

"Mr. President, I'm always for income tax cuts but we don't do that here. We do it piecemeal and have credits here, there and everywhere. This bill, first of all, the tax credit amount is blank, so we don't know how much we're talking about. Secondly, we've had testimony in opposition by the Tax Foundation on this measure. Thirdly, I'm more concerned because it just pinpoints one particular industry or one particular method and that is burglar alarms.

"Mr. President, I have a very strong and fierce watch-cat at home and he is a deterrent to burglars, so I think that maybe we should expand the bill so that people who have dogs, cats, pigs and other devices would get credits, as well. So I'll be voting 'no,' Mr. President. Thank you."

Senator Anderson also rose to speak against the measure as follows:

"Mr. President, I, too, will be voting 'no.' I raised my hand earlier because I thought you were just going to take the vote so I wasn't going to make any comments.

"I read the bill over and I've had a burglar alarm in the past and it didn't work. I've gone to my neighbor's home where you walk into the garage, lights go on. I guess because most people walk into the garage, everybody ignores it. Sirens go off, they say there goes that bloody thing; it's not working properly again.

"I really don't know who benefits because you might sell this to a new community association; thereby it will be in their cost when they buy their homes. Or, an individual could buy it and they get a tax credit. But what is that system going to cost them? And who really benefits -- the taxpayer who's going to buy this, and there's no real dollar sign on how much he or she is going to save? Or the people selling the system? Because when I bought my system years and years ago, it was a pyramiding effect -- you bought this; you give Senator Tanaka's name; if he buys it, you get yours a little more of a discount; and it goes that way. So I'm not sure how this particular system works, but I am against it.

"Thank you very much."

The motion was then put by the Chair and carried, S.B. No. 722, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO INCOME TAX," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 3 (Anderson, Iwase, Slom). Excused, 1 (Kanno).

Stand. Com. Rep. No. 787 (S.B. No. 1314, S.D. 2):

On motion by Senator Fernandes Salling, seconded by Senator Fukunaga and carried, Stand. Com. Rep. No. 787 was adopted and S.B. No. 1314, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE CORRECTIONAL HEALTH CARE ADMINISTRATOR," having been read throughout,

passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 1144, S.D. 1:

Senator Chun Oakland moved that S.B. No. 1144, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Kanno.

Senator Sakamoto rose in opposition to the bill and said:

"Mr. President, I rise to speak in opposition.

"This bill would change the law to allow unions to have jurisdiction over employees with less than 20 hours and more than 4 hours of work per week. This is without merit. The Department of Education, in their testimony, said they have 43,000 casual employees ranging from A+ workers to classroom cleaners, to part-time helpers, educational assistants. How will the students and the taxpayers benefit by unionizing all of these part-time workers?

"We need to legislate what makes sense for our taxpayers. I will vote 'no.' Twenty hours is common practice nationwide, and that should remain unchanged. Thank you."

Senator Slom rose to speak against the measure and said:

"Mr. President, I will be voting 'no,' also.

"In addition to the comments of my colleague, I think, obviously, the bill is an attempt to increase the sagging membership of non-governmental labor unions. I think if we all work together and improve the business climate here then there will be more jobs and there could be more unionized positions for everybody, working full-time, and that's what we should be doing -- trying to get people to work full-time. Thank you, Mr. President."

Senator Solomon rose and said:

"Mr. President, I'll be voting with reservations, and I'd like to pose a question to the Majority Leaders, Mr. President, if I may."

The Chair posed the question to Senator McCartney and Senator McCartney having answered in the affirmative, Senator Solomon then asked:

"On a point of information, being that this bill has a tremendous cost implication, especially with the large number of employees and part-time employees on our educational payroll, as reported by the remarks of the previous speaker, why wasn't this bill also referred to the Ways and Means Committee?"

Senator McCartney responded:

"I cannot answer that question. I'll do some research and I can get back to you on what the process of the referral was on that bill."

Senator Solomon continued:

"Okay, thank you. I would appreciate an answer, Mr. President, and thank you very much, Majority Leader.

"In response to the answer that I have received from the question posed, Mr. President, maybe the chairmen of the labor committee could answer the question. Do they have any idea ...

The President interjected:

"As far as the referral is concerned, I am responsible for referring that bill. It was just an oversight that the bill was not referred to the Ways and Means Committee."

Senator Solomon then said:

"Okay, thank you, Mr. President, but I would like to know if in any of the testimonies the cost factor and the impact of it to the taxpayers were presented?"

Senator Kanno responded:

"Part of the concern about the cost impact is addressed in the S.D. 1 and that the implementation of the bill has been pushed back to July 1, 1998 and it directs the administration to provide a report on the implementation 20 days prior to the next session. So we will have time to act on those kinds of ramifications during the 1998 session."

Senator Solomon rose again and said:

"Thank you, Mr. President, for allowing me the opportunity to pose the questions.

"Am I to interpret from the response of the chairman that when the figure comes in, we would have the opportunity at that time to say 'no' or 'yes'? I'm under the impression that in collective bargaining matters the Legislature does not have that kind of input. It's either we go up or down. I mean how does the committee envision this problem. And do you in fact have any hard numbers as to what would be the costs that the taxpayers would be responsible for if we do make this commitment?"

Senator Kanno replied:

"No, we do not have the cost, and yes, we would have the ability next session to go up or down on the recommendations of the report."

Senator Solomon then said:

"Thank you. With that, Mr. President, I still will be voting with reservations. Thank you."

At 12:55 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 1:00 o'clock p.m.

Senator Anderson rose to speak on the measure and said:

"Mr. President, as I explained, we had some real concerns and I'm going to go with reservations. My concerns are that we don't know the numbers. We don't know the cost. We're going to vote for this, then I understand there's going to be a study. I want to sit on this committee. That's my reasons for going with reservations. Normally I say the hell with it; go 'no' anyway.

"But on this particular bill, as a business person that would be like me saying, if you have 7 people, I'll hire them not knowing anything about them; how much I'm going to have to pay them. That's a lousy way to go, and that's what we're doing. We're going to vote for this and then the study will come out and the study will say, this is going to impact us with 4,000 people and then we're going to say no, not really, 4,000. Now we're going to have to pay them. They're a part of collective bargaining. And I think that's what's so frustrating. We're voting for this first and then we're going to, maybe next year, vote for the study. Instead of voting for a study and then look at it and say, yeh, the study says it's going to be so many people, the cost is going to be so much. Then it would give us a better way to look at it.

"And I say this, Mr. President, because I'm hoping that the chairmen are listening loud and clear, and that they'll consider this person for their committee. Thank you very much."

Senator Chumbley then rose and said:

"Mr. President, please mark my 'aye' vote with reservations. I'm concerned about the fiscal implications. Thank you."

Senator M. Ige then added:

"Mr. President, same with me. Thank you."

Senator Bunda also added:

"Same with me."

Senator Fukunaga rose and said:

"Mr. President, I'd like to have the record reflect that I share the concerns expressed earlier and it appears that the solution that we are contemplating is greater than the scope of the problem. Thank you."

Senator Fernandes Salling then added:

"Mr. President, I'd like my vote to be registered as 'aye with reservations,' and I ask that if this bill should come back to the Senate that it does be referred to Ways and Means also."

Senator Baker rose and said:

"Mr. President, since I voted with reservations in committee, I'll be consistent and ask that my 'aye' vote be with reservations."

Senator Iwase then added:

"Aye with reservations."

Senator Tanaka also rose and said:

"Aye with reservations."

The motion was then put by the Chair and carried, S.B. No. 1144, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO APPROPRIATE BARGAINING UNIT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Ige, D., Sakamoto, Slom).

S.B. No. 1285, S.D. 1:

Senator Baker moved that S.B. No. 1285, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Fernandes Salling.

Senator Slom rose to speak on the measure and said:

"Mr. President, I just want to express my reservations about the bill.

"There was an awful lot of work that was put into this bill and I think we are all in agreement in what we want to try to do -- increase competition, provide for better notice, try to save the state money in terms of reducing superfluous legal notices and so forth, and also to leave the door open for electronic and other new technology. At the same time, I think we should be cognizant of the fact that there are problems that several organizations have pointed out in terms of getting notice. There are also problems in terms of certain areas of the state where one particular form of notification does not reach everyone else.

"So I think the bill needs a little bit more work, but it's a good start and I will support it with reservations. Thank you, Mr. President."

The motion was then put by the Chair and carried, S.B. No. 1285, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLICATION OF NOTICES BY GOVERNMENT AGENCIES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

At 1:04 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 1:43 o'clock p.m.

S.B. No. 1812, S.D. 1:

Senator Baker moved that S.B. No. 1812, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator D. Ige.

Senator D. Ige rose to speak in support of the measure and said:

"Mr. President, I rise to speak in support of this measure.

"On behalf of my co-chair and partner, Senator Baker, we would just like to, before I begin my remarks, just acknowledge a lot of people who had a hand in making this bill possible. First and foremost, I would like to thank all the committee members and adopted committee members who sat through the many hearings and offered many, many constructive suggestions on how we could improve this measure before us today. I can honestly say that there is a provision in this bill that was requested by each and every member of the committee in terms of offering an amendment that made the bill better than what it was when it started.

"The co-chairs would also like to thank the Senate Majority Office for their outstanding support on this measure. I lost track of the number of drafts and re-drafts we had on various provisions of this bill, and they were more than willing, always, to consider amendments and changes that we had requested.

"And last but not least, we would both like to thank our staff for their support on this measure. We went through a lot of paper in all of our proceedings and we definitely wouldn't have been able to make it without them.

"I would like to begin my remarks and talk a little bit about the process that we engaged in, in coming up with this bill before us. We truly believe that we needed to do three things in trying to fashion a comprehensive measure that addresses the cost of auto insurance in this state.

"First, we believed that we needed to get information. We believe that in order for us to make improvements, we needed to understand what the current law stated and what the current nature of auto insurance in the State of Hawaii was. Second, really, was to review alternatives and look at developing goals and a comprehensive framework under which we would undertake the no-fault reform in this state. And the third process really was to take the best ideas and to craft a comprehensive measure that provided a solution for all of our constituents.

"The informational briefings we began with were on a series of items. We started with an overview by the Insurance Commissioner. We also had a collaborative round-table discussion by many of the proponents and opponents to talk about the issues and different perspectives that we ought to take into consideration. We had a session on case studies to focus in on the consumer and what the impact of various proposals would be on them. We also had a review of the peer review

process and cost containment. Medical cost is a big part of our auto insurance law and we wanted to make sure that we understood what options were available to us.

"It's through these informational briefings that we identified and focussed in on the cost drivers of Hawaii's auto insurance system. And I just want to mention a couple of them. First and foremost, I think Hawaii has the most generous mandated benefits of all states in the country. We have mandatory coverages for items that are really duplicative and many consumers may or may not need them.

"We also are generous from the standpoint of allowing all kinds of providers to offer services to consumers who are injured in an auto accident. For example, we do allow for chiropractic care, acupuncture care, and faith healers to provide services to consumers who are hurt in auto accidents. We also would say that in spite of the recent changes made to our auto insurance laws, we still have only minimum cost containment programs on the medical portion of the existing auto insurance policies.

"The second really big cost driver that became evident in our hearings is the cost of litigation. Clearly, claims are much higher in cost when attorneys are involved. A 1993 study said that the average claim involving an attorney was \$34,000. Current estimates are raised to \$45,000. There is increasing litigation in the system. When no-fault was first passed in 1977, approximately 3 percent of the cases required attorneys to be involved. In 1992, the last year where a comprehensive study was done, litigation and attorneys were involved in 36 percent of the cases. In testimony presented to the committee, the peak was estimated as high as 45 percent of the cases in auto where attorneys and litigation may have been involved.

"And clearly, one of the cost drivers of our current system is the medical threshold where the dollar limit is clearly a target for plaintiff's attorneys and health care providers encouraging cost run-ups in unnecessary procedures. A 1995 Rand Corporation study concluded that as much as 57 percent of payments for medical benefits in Hawaii may be for unneeded or fraudulent services. So, clearly, as part of our fact-finding and informational purposes, we learned a lot about auto insurance in this state.

"After all of these informational briefings, we did focus and develop goals that we believed the committee should pursue in structuring an auto insurance reform proposal. First and foremost, there should be absolutely no cost transfer and shift from the auto insurance payer to businesses in this community. Our economy is not doing very well. It's really clear to us that any kind of cost shift from consumers to businesses is unacceptable.

"The second goal was that we really need to address the cost drivers in the system in order for us to get immediate rate reductions, as well as to provide a stable environment so that our consumers can enjoy benefits of reduced auto insurance premiums for a long period of time.

"And third and foremost, we must provide mandatory reductions significant for our consumers that can be defended by actuaries so that we don't run into the situation in 1992 where we mandated roll-backs that did not occur.

"Mr. President, in our review we've had hearings on all of the alternatives provided and presented to this body on different methods to reduce our insurance costs in this state. We had hearings on pure no-fault bills, on choice bills, on pay-at-the-pump, on verbal threshold, on tort based systems, as well as restructuring the current no-fault system, and the committee, working through all of those proposals, took the best and brightest ideas to fashion the proposal before us that really addresses the cost drivers in the system and achieves our goals.

"I'm very proud today to be able to stand in support of this measure. I would like to say that it is just a starting point for our discussions as we go through and the Legislature works toward getting a bill passed to really save money on behalf of the consumers.

"There are some in the community who have raised the issue of whether and what is foremost in the committee's mind and I just wanted to reassure all of you. Quoted in the January 1997 issue of *Consumer Reports*, probably the leading and foremost independent consumer advocate agency in the state ... I guess in the country ... they had a special on auto insurance reform and I just wanted to confirm that it's not only us who think that this approach is probably most appropriate. *Consumer Reports*, in their analysis of auto, basically stated what government can do in order to bring lower auto insurance costs to consumers. And this is a quote: 'Pass sensible no-fault insurance legislation in the 37 states that still don't have it and improve it in many of the states that do. Under no-fault, accident victims are compensated by their own insurance company for injuries they suffer in an auto accident instead of having to resort to expensive lawsuits to assess responsibility. Consumer Union believes that no-fault is the most equitable and efficient way to compensate accident victims, but not the way it is currently implemented in many jurisdictions. Fairness and good value for auto insurance protection is the right combination for everyone.'

"Mr. President, I would just like to urge all of our colleagues to vote in support of this measure. Thank you."

Senator Baker also rose in support of the measure and said:

"Mr. President, I, too, rise to speak in support of this measure.

"Mr. President and colleagues, the measure that is before us is the culmination, as my co-chair said, of a great deal of work and effort by your Committee on Commerce, Consumer Protection and Information Technology.

"I, too, want to thank the members of the committee and other Senators who have offered your co-chairs advice, suggestions and criticism. Some of our colleagues' concerns we have been able to address in this Senate draft, and I can guarantee we are still working on others. We've tried to be open and collaborative, keeping ever in mind the charge given to our committee to bring forth a bill that is fair, responsible and reduces premiums for all consumers. Mr. President, I believe that S.B. No. 1812, S.D. 1, sets us on that path.

"Your committee believes that the entire no-fault system must be reformed and overhauled to produce a workable, inexpensive, and fair system of motor vehicle insurance. We have taken an approach to fix the system by modifying or repealing its most critical defects. This is not just another tinkering with the system. Your committee has undertaken full scale changes which we believe will yield a significant reduction in premiums, control litigation, and provide adequate medical coverage without a cost shift to businesses and employers.

"Additionally, your committee has addressed concerns regarding fraud and has added some very strong provisions. We have also taken up the challenge with regard to unfair and deceptive practices by attorneys and providers. Insurance companies are already covered.

"The bill before us mandates a reduction in auto insurance premiums of between 20 to 35 percent. While this reduction is, in fact, targeted to basic auto coverage, we believe that all consumers, even those taking additional and optional coverages, will see a 10 to 20 percent reduction. So there will be cost savings for all consumers.

"Furthermore, the bill repeals the medical rehabilitative threshold. This has been shown to be one of the major cost drivers in the system because it oftentimes encourages unnecessary multiple treatments in an effort to reach the threshold.

"Additionally, Mr. President, this bill provides consumers with the flexibility to choose a plan that best suits their individual needs. For example, at the urging of AARP and others, wage loss and death benefits are optional coverages. More importantly, the bill does not shift the cost to employers or to pre-paid health care plans.

"For further cost savings, the bill allows for a managed care option. As written, the bill addresses the need for cost containment in the medical area, the most expensive portion of auto insurance, because it provides medical benefits in line with the most popularly used pre-paid health plans but does include some chiropractic care in line with the utilization schedules found in workers compensation. By bringing benefits in line with those offered in prepaid health, we can take advantage of the cost containment features of those plans including their own peer review process. While the measure relies upon a strong verbal threshold to discourage suits in tort, lawsuits are allowed for serious and permanent injuries, disfigurement or loss of an important bodily function or uncompensated economic loss, while providing for adequate return to attorneys who carry these cases forward. Our goal is to make the injured party as whole as possible in a timely and appropriate manner.

"I acknowledge that some of our colleagues have reservations about this draft -- I appreciate the concerns that they have expressed and I know they share our committee's goal to reform auto insurance and to reduce cost to consumers. I do not anticipate that our discussion here today will be the final discussion on this measure, nor would we want it to be. In fact, Mr. President, your committee will be hearing H.B. No. 100, H.D. 1, tomorrow at 9:00 a.m. in conference room 16 and I want to assure you, Mr. President, and all of our colleagues in this body that your committee remains dedicated to its open and flexible approach and to concluding this session with an auto insurance reform measure that has an actuarially supportable, significant mandatory premium reduction, is consumer-centered and responsible, and provides stability in this area.

"Thank you very much, Mr. President."

Senator Kawamoto rose to speak on the measure as follows:"

"Mr. President, I'd like to rise and cast a vote of 'aye' with reservations. I'd like to commend the two chairs of CPI and their committee for their efforts in bringing out this good bill.

"Taking a page from the Army, 'Be all you can be.' I believe that this bill is not all it can be. There are some concerns about the verbal threshold and the bottom line for my district is premium reduction. Last year we looked at a 45 percent rate reduction. I understand the strategy of putting on a good front for our sister house across the way to show a good front for this bill, but I offer another suggestion or another strategy, and that is, if we cannot compromise with the House, I offer, take the House bill, take our bill, and take a protection bill and offer a choice bill. Thank you very much."

Senator Metcalf then rose and said:

"Mr. President, would you please record my 'aye' vote with reservations."

Senator Taniguchi added:

"Same for me, Mr. President."

Senator Bunda rose and said:

"Mr. President, 'aye' with reservations."

Senator Chumbley also said:

"'Aye' with reservations, Mr. President."

Senator Matsunaga rose to speak on the measure and said:

"Mr. President, I'd like to record my 'aye' vote with reservations, and if you could add the quote of the Senator from Waipahu, 'Be all you can be'; if you could put that in the Journal as if they were my own words." (Laughter.)

Senator Kanno added:

"'Aye' with reservations."

Senator Levin rose to speak on the measure and said:

"Mr. President, I also rise to indicate reservations, although I will be voting 'aye.'

"I do have numerous problems with, and grave reservations about, this bill. I do want to start by saying that I couldn't have asked for more in terms of the hard work and effort by the consumer protection committee. It is tackling an impossible issue and the chairs have been objective; they have been fair; they have been open; they have been accessible. And as a result, some of us have been nags because they have been so accessible. But it is very much appreciated.

"Still, I cannot wholeheartedly support the bill, simply because there are hundreds and perhaps thousands of people in my district and throughout the state who cannot afford to pay rent, to put food on the table, and to pay for their auto insurance. And I know that this bill promises to reduce rates, but I am afraid that it will not reduce those rates enough to change that situation I just described. I also know that driving is a privilege and not a right; but I also know that driving is a necessity and not a luxury.

"Moreover, all of us know that there is somewhere between 20 or 30 or an even higher percentage of people on the roads, in spite of the fact that we have a mandatory insurance law, who are not covered by insurance. And that means that for any of us who want to protect ourselves and our families, we need to purchase uninsured motorist coverage in case a person has no insurance at all. We also have to buy under-insured motorist coverage in case the other driver has a minimum amount of insurance, if we are going to protect ourselves and our families. What I would urge is that we recognize that. And since we're going to have to buy those kinds of coverages anyway, even after whatever reform we put in place (since no state that I know of has managed to truly get all drivers insured even though virtually every state has mandatory insurance coverage), let's recognize that fact -- let's go out and buy the coverage that we each need, and not make criminals of those who cannot afford the coverage but who must drive in order to get to work or the doctor or the grocery store.

"My constituents don't want no-fault. I don't think that a verbal threshold is going to solve the problem. It may even make matters worse. It may actually increase litigation because under a verbal threshold, until we have established what exactly that means case by case, there is going to be virtually an unlimited amount of litigation. Verbal threshold may work in Michigan under certain standards imposed by its courts, but we don't know whether those standards are going to apply in Hawaii. In fact we know they won't. We know that our own courts will apply their own standards. And until numerous cases go through the court system and are decided by the appeals courts, we're not going to know what verbal threshold means. And in the meantime, insurance companies are going to be keeping the money and our constituents who are hurt are going to be waiting for decisions and not getting compensated.

"Again, I thank the committee. I know this is only the first cross. I am hoping that the final package will yield the level of relief that is so much needed. But I think that level can only be achieved by choice. What we have done is to give insurers a monopoly, a guaranteed market, and perhaps if we took away that guarantee, perhaps insurers would no longer be as arrogant as they are now. Perhaps rates could come down a bit just based on the fact that they won't be guaranteed that market. Choice would recognize the reality that not all people will have insurance. Choice would also get us out from the situation we have now, one that our constituents hate, and that is the fact that welfare recipients have free insurance that would not have to be provided anymore. We would eliminate the situation where people are brought into court as criminals and must face the consequences because they simply cannot afford coverage.

"I hope that as this bill works its way through the Legislature some of these problems can be addressed. Thank you."

Senator Anderson supported the measure as follows:

"Mr. President, I didn't think I'd be doing this but I'd like to speak in favor of the bill. Primarily, I'd like to congratulate the two chairmen.

"Having five cars on the street, I most certainly have been listening to and watching what's happening in the House. I don't believe in pure tort or giving the attorneys more chance to go into litigation. I think that the two chairmen have discussed the problems that we've had. They're making the attempts to do this. And I think the constituency is looking to have our rates brought down. It says here that mandatory 25 to 35 percent and for that reason I'll be going 'aye' on this particular bill.

"I, like everybody else, have reservations but with five cars I want some kind of relief, business-wise and personally. I can't afford and I don't believe that the rest of you can afford to have our state have the type of auto insurance that we have at this particular time. Thank you very much, Mr. President."

Senator Fernandes Salling then said:

"I'd like my vote to be registered as 'aye' with reservations."

Senator M. Ige rose to speak on the measure and said:

"Mr. President, an 'aye' vote with reservations, as well. However, could I ask that the vice president's remarks be inserted in the Journal as though they were my own. Thank you."

Senator Chun Oakland then added:

"'Aye' with reservations."

The motion was then put by the Chair and carried, S.B. No. 1812, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO MOTOR VEHICLE INSURANCE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 798 (S.B. No. 1862, S.D. 2):

On motion by Senator Baker, seconded by Senator D. Ige and carried, Stand. Com. Rep. No. 798 was adopted and S.B. No. 1862, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO ELECTRICITY RATES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 799 (S.B. No. 1472, S.D. 2):

Senator Fernandes Salling moved that Stand. Com. Rep. No. 799 be adopted and S.B. No. 1472, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Slom rose to speak against the measure and said:

"Mr. President, I rise to speak against the bill.

"Mr. President, this bill would take additional monies from the transient accommodations tax -- another 5 percent -- for the growing debt of the convention center. The convention center is not open and already it's dragging us down. The figures for its original principal and interest payments have not been met. They continue to be exceeded. We continue to find new ways of looting the public treasury to pay for this event. And while we're doing this, we're harming the counties and making them continually come to the state to beg for their own subsistence even though the funds that are generated from the TAT come from the counties themselves. So I will be voting against this measure, Mr. President. Thank you."

Senator Anderson also rose to speak against the measure as follows:

"Mr. President, I'll be going 'no,' also, for the same reasons as the former speaker.

"But also if I remember correctly, there was a consideration to sell the convention center. It's costing us a lot of money. Everything that's been projected out has said it's going to be in the hole and then we're going to take this portfolio, I guess, and tell private enterprise this is how we're going to be losing money and would you like to buy it. And also at this particular time we find out that we can't sell it if the courts are right. So I would rather leave the money where it's at. I think it's a bad time to do this and I'll be voting 'no.'"

Senator Tanaka then said:

"I will be voting 'aye' with reservations."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 799 was adopted and S.B. No. 1472, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO GOVERNMENT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Anderson, Slom).

Stand. Com. Rep. No. 800 (S.B. No. 146, S.D. 2):

Senator Fernandes Salling moved that Stand. Com. Rep. No. 800 be adopted and S.B. No. 146, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Slom rose to speak against the measure and said:

"Mr. President, I rise to speak against this bill.

"I speak against this bill for two reasons. Primarily, first of all, it represents yet another tax increase singling out an industry. But secondly, and most importantly, I think that we have a constitutional problem with this bill. There's a very clear distinction between transient accommodations, rental units and what we're talking about here when we're talking about time share, which is an ownership and a sale. So for these and other reasons, I vote against the measure, Mr. President. Thank you."

Senator Iwase requested a ruling from the Chair as follows:

"Mr. President, I'd like to declare a ruling on a conflict. The law firm of which I am of counsel to, represents some who are involved in the time share industry."

The President ruled that Senator Iwase was not in conflict.

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 800 was adopted and S.B. No. 146, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO A TRANSIENT OCCUPANCY TAX," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Slom).

S.B. No. 927, S.D. 1:

Senator Fernandes Salling moved that S.B. No. 927, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Slom rose to oppose the measure as follows:

"Mr. President, I rise to speak against this bill.

"Again, Mr. President, we're asking for tax increases. We're not using it for revenue. We're trying to use it to change social policy as long as this activity is still legal, then we have to have a justification for where the revenues go, rather than just to try to punish these individuals. I vote 'no,' Mr. President."

Senator Anderson also rose in opposition and said:

"Mr. President, I'll also be voting 'no.'

"I also heard that the director from the Department of Health said that this particular measure is a health concern, yet we're suing tobacco companies. And I did tell them in committee, if we're so intent on trying to take care of the problem, then we should be suing Congress because Congress subsidizes all of the tobacco firms. So why not get to the root of the evil and tell Congress you're the one who subsidized it and then you turn around and you ask people to stop smoking and you tax it like crazy. We're playing both sides of the fence. I think it's a very wrong way to go. I don't smoke. I used to but I don't ... for the last 30 years, I guess. So I do speak in opposition to this. Thank you very much."

The motion was then put by the Chair and carried, S.B. No. 927, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 4 (Anderson, Slom, Solomon, Tanaka).

S.B. No. 1699, S.D. 1:

Senator Fernandes Salling moved that S.B. No. 1699, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Slom rose to speak against the measure and said:

"Mr. President, I rise to speak against this measure.

"Again we're instituting a tax increase on class 5 liquor licenses. We have several problems here. First of all, the tax increase fails to establish any correlation between higher tax and the problems that it cites in the justification of the bill. Further, I think we may have a problem here because we seem to be singling out one type of ethnic activity for this tax. So I vote 'no,' Mr. President."

Senator Anderson spoke on the measure as follows:

"Mr. President, in the committee I did state my reservations and they were for the same reasons and concerns of the former speaker, so I wish to have my reservations marked. Thank you."

The motion was then put by the Chair and carried, S.B. No. 1699, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO LIQUOR LICENSE TAXATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Slom, Solomon).

S.B. No. 936:

Senator Fernandes Salling moved that S.B. No. 936, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Slom rose in opposition to the measure as follows:

"Mr. President, I rise to speak against this bill also.

"It's an attempt to tax imported services. The Tax Department has already said and testified that there's no way to enforce this law. Again, instead of trying to find new ways of taxing, we should find new ways of cutting our taxes and improving our business climate to create new local business and expanded investment. Thank you, Mr. President."

The motion was then put by the Chair and carried, S.B. No. 936, entitled: "A BILL FOR AN ACT RELATING TO USE TAX ON IMPORTED SERVICES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Slom).

S.B. No. 932, S.D. 1:

On motion by Senator Fernandes Salling, seconded by Senator Fukunaga and carried, S.B. No. 932, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE WHOLESALE SERVICES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 498, S.D. 1:

Senator Fernandes Salling moved that S.B. No. 498, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Slom rose to speak against the measure and said:

"Mr. President, I wholeheartedly support reduction in taxes. The only problem is that we are providing for a tax decrease here for new businesses only and we are ignoring the 30,000 existing businesses in our state that have continued to struggle under the yoke of oppressive taxes, mandated benefits and unfair regulations. If we really and truly want to increase jobs, income and make this a better state, then we'll reduce the taxes for all businesses and give preference to those businesses who have been here, who have created the jobs and who have paid the taxes all along.

"Thank you, Mr. President."

Senator Iwase also rose to speak against the measure and said:

"Mr. President, I rise to speak in opposition to the bill -- perhaps not with the intensity of the previous speaker, however, I do share his concerns.

"I think the committee report says that the purpose of this bill is to diversify our economy and to provide economic stimulus, but I think the problem with the bill, as the previous speaker points out, is in the definition -- newly created business merely means a business that has not done business in this state for the five years preceding the exemption. So it's not the newness of the activity. It's not a call to attract a new and different type of business activity into the state. It's merely that you're new.

"A law firm, God forbid, with a million dollars comes in with people who are just licensed, probably could qualify for this exemption. And that's certainly not going to diversify our economy. A new auto car company could come into this state, that does not diversify our economy, could get a tax break. In the meantime, they're competing against, to their advantage, local businesses which have struggled, have struggled, continue to struggle, have hired our local people and who are not eligible for this tax break. The problem here is not that there is a tax break. I don't think there is a problem for me with that. It's that we have to be more circumspect. I think we should focus on what kinds of activity we want to invest, rather than have this kind of broad approach that I think, in fact I don't think, it will -- it will hurt our local businesses. Thank you."

Senator Solomon rose in opposition and said:

"Mr. President, I, too, will be voting 'no,' and Mr. President, I would like the Journal to reflect that I do agree with the remarks of the previous speakers as to the impact on local businesses. And I think it would be more of a negative than a positive. Thank you."

Senator Anderson added his remarks in opposition as follows:

"Mr. President, I, too, will be voting against the measure for the same reasons, but I'd like to point out that the new businesses that they're talking about and the substantial investments go from 1 million on the first year, 2 1/2 million, 5 million, 10 million. We're leaving our people out altogether. I'm not sure exactly what types of businesses they're trying to bring in, but when they say substantial, they're talking about substantial. Thank you very much."

The motion was then put by the Chair and carried, S.B. No. 498, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO GENERAL EXCISE TAXES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 14. Noes, 11 (Aki, Anderson, Bunda, Ige, M., Iwase, Kawamoto, Sakamoto, Slom, Solomon, Tam, Tanaka).

Stand. Com. Rep. No. 812 (S.B. No. 1951):

Senator Fernandes Salling moved that Stand. Com. Rep. No. 812 be adopted and S.B. No. 1951, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Slom rose to speak against the measure and said:

"Mr. President, I rise to speak against this measure.

"We would all like to see, I think, a stock exchange or commodities exchange here. We've been told since 1988 that we have all kinds of people that are interested in starting an exchange and all we have to do is give them the tax exemption. We've dangled the tax exemption out there since 1988. We've had no takers. They talk about having serious people right now. There is no serious consideration until we improve our business climate. If we do that, we'll have all kinds of people interested in both staying here and coming in. I think we're putting the cart before the horse. I vote 'no' on this measure. Thank you, Mr. President."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 812 was adopted and S.B. No. 1951, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Slom).

S.B. No. 1919, S.D. 1:

Senator Fernandes Salling moved that S.B. No. 1919, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator M. Ige rose to speak against the measure and said:

"Mr. President, I rise to speak against this measure.

"Mr. President, S.B. No. 1919 in its original draft related to public access and I supported the bill wholeheartedly. I believe that when the group called Common Cause came before the Ways and Means Committee, they said that we had one of the best public access programs across the country. And I think I need to acknowledge your leadership to provide this kind of access. And in S.B. No. 1919, what you did want to do was look at expanding that service to the neighbor islands which, again, is very noble and admirable, however, Mr. President, in Senate draft 1, we've allowed to include a Part V, which concerns me, which basically installs a new legislative computer information system. And when I was across the hall in the House, we spent millions of dollars on this system, and the bill doesn't get into the cost of this new system. It may cost a half a million ... it may cost a million ... no one really knows.

"Mr. President, I believe at this time of economic difficulty that we should be leading by example. I feel we should do our best to make use of what we have and lead by example. And at this time, Mr. President, I just cannot support this measure. Thank you."

Senator Anderson rose to speak against the bill and said:

"Mr. President, I'll be voting 'no' on this measure.

"Mr. President, the bill digest, the way I look at it, established a legislative broadcasting program but it doesn't have any specified amount of money. It appropriates an unspecified amount of money for the purpose of providing the neighboring island community access stations equipment broadcasting state legislative program. It requires an analyst to conduct a two-year comprehensive review of fiscal management practices. It appropriates an unspecified amount during 1997-1998 for replacing what we have.

"I think what bothers me most, Mr. President, in reading the report, is a lot of the legislators that are in favor are not passing out bills that's helping the economy. If we're going to help our people, as far as consumers, get better information, then pass some of the bills that will go ahead and help get some money into the coffers. Everything that we look at, we're spending, but we're not making any headway on revenue producing types of businesses. We're sitting on them. And as I told you earlier, there are departments that are putting people out of business. How the heck are we going to get revenues when they're going out of business.

"I'd like to support something that gives better communication to our people, but we don't even know how much it's going to cost, and we're not passing anything that's going to help pay for it. That's why I'm against it, Mr. President. Thank you."

Senator Iwase rose to speak against the measure and said:

"Mr. President, I'm rising to speak in opposition to the bill.

"Mr. President, as noted by the Senator from Kaneohe, the bill, when it first came out, was really one related to public access -- a simple bill, it was a 2-page bill on public access and funding for a legislative broadcast program. What caused me some concern, and still causes me some concern, is Part IV of the bill, legislative management, where in the Senate draft, we are inserting a blank dollar amount for the purpose of replacing the existing legislative information system. And I believe, correct me if I'm wrong, but in my questions during the committee hearing, while there was no cost estimate, I think one figure that was tossed out was \$1.5 million.

"Mr. President, I have no objections to improving our computer systems because, perhaps, it's not operating at optimum efficiency. I would note that the money is coming out of the general funds, general revenues, and we're taking general fund monies to improve our efficiency when, perhaps, the money should be spent elsewhere. I think there are computers in our schools that need this \$1.5 million more than we do. And for that reason, I cannot support the bill at this time. Thank you."

Senator Slom added his remarks against the measure and said:

"Mr. President, I rise to speak against the bill also.

"If I'm not mistaken, we just got a brand new computer, brand new computer printer, top of the line equipment the other day. In addition, I'm concerned, as other colleagues have mentioned, about the blank dollar amounts. But in the committee report it says here that the committee has found that 'public expectations of the State Legislature have changed. In particular, citizens have come to expect elected officials to increase community involvement in their deliberative processes.' Mr. President, I think what the public wants us to do is to listen to them. I think what the public wants us to do is cut their taxes, reduce the government and allow them to vote on things like constitutional amendments.

"I'll be voting 'no.' Thank you, Mr. President."

Senator Fukunaga rose to support the measure as follows:

"Mr. President, I rise to speak in support of this measure, just a quick response to my colleagues across the aisle.

"I note that we have recently voted upon S.B. No. 147, S.D. 1, which alleviates the pyramiding of the general excise tax on lease transactions. Along with a number of other measures, it does precisely what our Republican colleagues have asked us to do -- which is to help stimulate the economy.

"Turning now to S.B. No. 1919, one of the things that your Legislative Access Committee has done, Mr. President, has been to pursue jointly with the House the development of an RFP which is designed to improve the Senate's and House's computer system. As of October 1996, your Legislative Access Committee reported to both the Senate President and to the Speaker. The major objective of the RFP was procurement of a reliable, open and flexible information system meeting the internal needs as well as public responsibilities of the Hawaii State Legislature.

"The public's access to legislative information will be improved through the use of the joint legislative internet system, which must be integrated into the new legislative information system. Therefore, the current RFP procurement, which meets all state procurement requirements, is one that is designed to allow for expanded public participation and access to information. The system we now have in place is one that is no longer serving many of the needs for which it was originally designed, and in order to provide improved public access, we must take this next step to upgrade it. The procurement process is proceeding as planned.

"For those reasons, Mr. President, I'd like to urge all members to vote in support. Thank you."

Senator Anderson rose again and said:

"Mr. President, I make a point to my colleague on one of my statements. I didn't say we have not passed anything to help a little bit.

"I read the paper this morning about Dole Cannery having empty spaces. Giving them a break on a 4 percent pyramiding tax will not help them one damn bit. They're already out of business. I'm talking about helping revenue generating businesses, not to give somebody a break that we're already so overtaxed and overburdened. That's easy to say, well, we're giving you a little bit; we're not going to take your full dollar; we're only going to take 90 cents.

"We have to make sure that we improve the business climate enough so that we can provide good new businesses, provide good jobs, good paying jobs. That's what I'm saying -- not the small benefits that we feed out here and there and we think we're doing one hell of a good job.

"I'm not being disrespectful either -- I'm being concerned, because when I hear that a department can charge from \$500 to \$5,000 for a business, that scare's the hell out of me. That's a 1,000 percent increase. That's what we have to be looking at; not the little bit of petty things that we are doing. Thank you, Mr. President."

The motion was then put by the Chair and carried, S.B. No. 1919, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE LEGISLATURE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 14. Noes, 11 (Aki, Anderson, Bunda, Ige, M., Iwase, Kawamoto, Sakamoto, Slom, Solomon, Tam, Tanaka).

S.B. No. 404:

On motion by Senator Fernandes Salling, seconded by Senator Fukunaga and carried, S.B. No. 404, entitled: "A BILL FOR AN ACT RELATING TO STATE FINANCIAL ADMINISTRATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 799, S.D. 1:

On motion by Senator Fernandes Salling, seconded by Senator Fukunaga and carried, S.B. No. 799, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE COUNCIL ON REVENUES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 657, S.D. 1:

Senator Fernandes Salling moved that S.B. No. 657, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Slom rose to speak against the measure and said:

"Mr. President, I rise to speak against this bill.

"Well, let's see, we've got co-chairs in the Senate and that's good fun. This bill would set up a joint operating committee to run the state capitol -- a committee that has the responsibility for maintaining the slowest operating elevators in the state and possibly the free world, to operate talapia ponds with no talapia, to take care of public access when we still have problems

behind closed doors. I think that DAGS should continue to run and operate the state capitol until such time as we can sell it along with the convention center and the Aloha Stadium, Mr. President. I'll be voting 'no.' Thank you."

Senator Iwase rose to speak against the measure and said:

"Mr. President, I rise to speak in opposition to the bill. I don't mean to keep following the Senator from Hawaii Kai and so my opposition is without the colorful language and the intensity, again.

"My concern is that we've just increased, perhaps, the legislative budget with the previous bill that I voted against, and we're going to be doing it again. I assume the joint committee, although the bill does not, I believe, specify what the funding of each expending agency would be, I assume it's the legislature because management of the capitol would be under us. But it raises concern about our ability to manage this capitol. We will have the authority to hire more people. I think that would overlap with the kind of work DAGS employees do now. We're going to be adding, again, to the cost of government and to the size of government. And I don't think we should do this, at least at this time, with the economy the state it's in and the money needs elsewhere. So, thank you, Mr. President."

Senator Anderson also rose in opposition and said:

"Mr. President, I, too, will be going 'no,' primarily because of the former statements.

"When we look at transfer of all control, care, custody, maintenance of the state buildings, it's a big job. It's a costly one, and I'm not sure if we really want to take on that deal for our legislative budget that we have here for the Senate. I will be voting 'no.' I would hope that DAGS would do a better job in some of the things that they've done because when we got back to this building, one of the first things that I said was we should have gotten new elevators and somebody said you would have if you paid for it. So I don't know what we spent the \$63 million on.

"So, I do have lots of concerns on where the money went and some of the things that are not here. But I don't believe that we taking it over would give it any better control than what we have now. Thank you very much."

The motion was then put by the Chair and carried, S.B. No. 657, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE CAPITOL," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 14. Noes, 11 (Aki, Anderson, Bunda, Ige, M., Iwase, Kawamoto, Sakamoto, Slom, Solomon, Tam, Tanaka).

Stand. Com. Rep. No. 824 (S.B. No. 375):

Senator Fernandes Salling moved that Stand. Com. Rep. No. 824 be adopted and S.B. No. 375, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Slom rose to oppose the measure as follows:

"Mr. President, I stand in opposition to S.B. No. 375.

"It seeks to raise costs, again, by increasing the disposal surcharge from 25 cents per ton to 35 cents per ton. The interesting thing about this, though, is the justification for raising the surcharge is that, quote: 'the previous surcharge has brought in less than expected revenue generation.' So, they can't bring in the revenue with the existing surcharge and the answer is to raise the surcharge. It doesn't compute, Mr. President. I vote 'no.' Thank you."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 824 was adopted and S.B. No. 375, entitled: "A BILL FOR AN ACT RELATING TO SOLID WASTE MANAGEMENT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 1 (Slom). Excused, 3 (Ige, M., Sakamoto, Taniguchi).

Stand. Com. Rep. No. 825 (S.B. No. 1082, S.D. 1):

Senator Fernandes Salling moved that Stand. Com. Rep. No. 825 be adopted and S.B. No. 1082, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Slom rose to speak against the measure and said:

"Mr. President, I rise to speak against S.B. No. 1082.

"This bill would enable the Department of Health to divert funds paid by the petroleum industry into the Environmental Response Revolving Fund for other purposes. I think that the bill may violate Article III, Section 14, of the State Constitution in that the title does not give adequate notice of the subject matter of the bill. For these and other reasons I oppose the measure. Thank you."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 825 was adopted and S.B. No. 1082, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE ENVIRONMENT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 1 (Slom). Excused, 3 (Ige, M., Sakamoto, Taniguchi).

Stand. Com. Rep. No. 827 (S.B. No. 1089, S.D. 2):

On motion by Senator Fernandes Salling, seconded by Senator Fukunaga and carried, Stand. Com. Rep. No. 827 was adopted and S.B. No. 1089, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO ENDANGERED SPECIES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, none. Excused, 3 (Ige, M., Sakamoto, Taniguchi).

At 2:35 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 2:39 o'clock p.m.

Stand. Com. Rep. No. 828 (S.B. No. 1088, S.D. 1):

On motion by Senator Fernandes Salling, seconded by Senator Fukunaga and carried, Stand. Com. Rep. No. 828 was adopted and S.B. No. 1088, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO ENDANGERED SPECIES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Metcalf).

Stand. Com. Rep. No. 829 (S.B. No. 1605, S.D. 1):

Senator Fernandes Salling moved that Stand. Com. Rep. No. 829 be adopted and S.B. No. 1605, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Slom rose in opposition to the measure as follows:

"Mr. President, I rise to speak against this bill.

"The bill would create a long-term supplemental funding source from the fuel tax for the trail and access program through revenues generated from fuel tax. It's my understanding, in what we've heard in hearings in the last couple of days, that we're going to be subject to a much higher fuel tax. We already have the highest fuel tax in the nation. So I don't see, first of all, the efficacy of removing money from the fuel tax to go into the trail program if we're just going to raise the fuel taxes.

"Secondarily, I also witnessed the transference from the highway fund into the general fund so that we could pay for the HSTA negotiations. And I'm just wondering if we have yet another special fund as this bill would create and how long it will be until these funds are transferred into the general fund for some other purpose.

"So, as much as I like to hike and go on the trails, I vote 'no' on this bill, Mr. President. Thank you."

Senator Anderson opposed the measure as follows:

"Mr. President, I'm sorry I got confused the last time. Two bills got stuck together. This one here is the bill I want to vote 'no' on, primarily because when we were in the House, we had recreational boating that also paid for the fuel tax and they also wanted to take a portion of that because they felt that they were entitled to it. They pay for fuel.

"We have this particular group and the young man who came to see me I happened to like very much. He's a paddler. However, if we are going to have to take care of the statewide trails, I think that we should do that not with the fuel tax because you've got some bikers riding it and they believe that's a good way to get some dollars, you should put that in DLNR's budget and they should pay for it, then you don't have to worry about taking care of those trails.

"I don't think they should take it from the fuel tax. I believe that they should put it into their budget, take care of the trails the way that they have it, and I will be going 'no.' Thank you."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 829 was adopted and S.B. No. 1605, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATEWIDE TRAIL AND ACCESS PROGRAM," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Anderson, Slom).

Stand. Com. Rep. No. 831 (S.B. No. 447, S.D. 1):

Senator Fernandes Salling moved that Stand. Com. Rep. No. 831 be adopted and S.B. No. 447, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Anderson rose on conflict ruling as follows:

"Mr. President, same reason as I said earlier on the parks and herbicide, and also the same conflict."

The Chair ruled that Senator Anderson was not in conflict.

Senator Anderson then said:

"Thank you very much. I will be voting 'no.'"

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 831 was adopted and S.B. No. 447, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO ROADSIDE HERBICIDE USE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Anderson, Chumbley).

Stand. Com. Rep. No. 832 (S.B. No. 1579, S.D. 1):

Senator Fernandes Salling moved that Stand. Com. Rep. No. 832 be adopted and S.B. No. 1579, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Slom rose to speak against the measure and said:

"Mr. President, I rise to speak against S.B. No. 1579.

"Certainly, who can be against safe drinking water? Not I, but this is not the issue. The issue here is more money, more government, more regulations. What this does is create a drinking water fund, defined as a drinking water treatment revolving loan fund. And I am also troubled that we go beyond federal regulations and have even more bureaucracy in our water supply. So I'm voting 'no.' Mr. President. Thank you."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 832 was adopted and S.B. No. 1579, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO DRINKING WATER," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Slom).

Stand. Com. Rep. No. 835 (S.B. No. 257, S.D. 2):

Senator Fernandes Salling moved that Stand. Com. Rep. No. 835 be adopted and S.B. No. 257, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Anderson rose in opposition as follows:

"I'll be voting 'no' on this, Mr. President.

"I did raise concerns in the committees in what this will be doing to the Employees' Retirement System. I'm opposed to it. I don't believe that we should fool around with trying to adjust it to take care of the state's funding. So I will be going 'no.' Thank you."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 835 was adopted and S.B. No. 257, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO EMPLOYEES' RETIREMENT SYSTEM," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Anderson, Slom).

Stand. Com. Rep. No. 836 (S.B. No. 1802, S.D. 2):

Senator Fernandes Salling moved that Stand. Com. Rep. No. 836 be adopted and S.B. No. 1802, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Slom rose to oppose the measure as follows:

"Mr. President, I rise in opposition to S.B. No. 1802.

"We're talking about unspecified stepped salary increases. We don't have the estimated cost nor the salaries themselves for a number of legislative and other governmental employees. I oppose the bill."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 836 was adopted and S.B. No. 1802, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO COMPENSATION OF PUBLIC OFFICERS AND EMPLOYEES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Slom).

Stand. Com. Rep. No. 837 (S.B. No. 727, S.D. 2):

Senator Fernandes Salling moved that Stand. Com. Rep. No. 837 be adopted and S.B. No. 727, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Slom rose to speak against the measure and said:

"Mr. President, again we are increasing costs here at the public's expense. We're talking about extending health insurance coverage for student dependents from the age of 19, where it currently is, up to the age of 24 for public employees. The estimated cost is in excess of \$200,000. I think this is excessive. We don't need it. I oppose it."

Senator Anderson also rose and said:

"Mr. President, I discussed some reservations so I'm going to stick with reservations.

"The bill does not say if the unmarried independent might be mentally ill because he or she could be on drugs or addicted to other things and for that reason the cost factor might go up. They may not really qualify for the program. I'm just not sure who's going to be in the program. So, I'm going with reservations just in case anybody needs my vote or wants to deliberate with me, I can sit on the committee and talk about it. Thank you."

Senator Sakamoto having requested that remarks be inserted into the Journal, his remarks read as follows:

"The expansion of health benefits to more people is good for those who will now be eligible, but the costs need to be born by the taxpayers or other programs or wages need to be cut."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 837 was adopted and S.B. No. 727, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE PUBLIC EMPLOYEES HEALTH FUND," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Slom).

Stand. Com. Rep. No. 838 (S.B. No. 728, S.D. 1):

Senator Fernandes Salling moved that Stand. Com. Rep. No. 838 be adopted and S.B. No. 728, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Sakamoto inserted his remarks as follows:

"The Public Employees' Health Fund needs to work with other state agencies and not recreate another investment program for the time being."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 838 was adopted and S.B. No. 728, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE PUBLIC EMPLOYEES HEALTH FUND," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Ige, M.).

Stand. Com. Rep. No. 839 (S.B. No. 262, S.D. 1):

Senator Fernandes Salling moved that Stand. Com. Rep. No. 839 be adopted and S.B. No. 262, S.D. 1, having been read

throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Anderson rose and said:

"Yes, I had some concerns on this, Mr. President, and I really don't want to vest anybody back into the system after they left, with their services, but I will try to get more information. I did talk to the department and they're going to get back to me, so I do have reservations. Thank you."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 839 was adopted and S.B. No. 262, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE PUBLIC EMPLOYEES HEALTH FUND," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Slom).

Stand. Com. Rep. No. 842 (S.B. No. 30):

Senator Fernandes Salling moved that Stand. Com. Rep. No. 842 be adopted and S.B. No. 30, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Sakamoto rose to speak against the measure and said:

"I wish to speak in opposition.

"Compensation for serving as a witness ... each person must do their duty as a citizen to serve as a witness, particularly with our current crime problems. A person needs to do their part and testify willingly. Society needs to depend on the citizenship of its people. Having to pay people to show up as a witness in a criminal trial does not send the right message. I'll vote 'no.' People need to be willing to be part of the solution. Thank you."

Senator Slom rose to speak against the measure and said:

"Mr. President, I echo the remarks of my colleague and, in addition to that, the state is already paying for the judicial system. The state is already paying for the salaries. I note that federal employees must not take additional funds when they serve on jury or serve as a witness. I think the policy should be consistent and I oppose the bill. Thank you."

Senator M. Ige rose and said:

"Mr. President, 'aye' with reservations, please."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 842 was adopted and S.B. No. 30, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC EMPLOYEES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Fernandes Salling moved that Stand. Com. Rep. No. 844 be adopted and S.B. No. 1421, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Slom rose to oppose the measure as follows:

"Mr. President, I speak in opposition to S.B. No. 1421, the so-called payroll lag.

"The only thing that doesn't lag is that we continue to spend money and don't implement things that we've done before. We

are trying to have a band-aid approach to a real problem. We're looking at the symptom, rather than the cause.

"We have to get our financial house in order. The problems that we have right now are due to fiscal mismanagement. It's not a lack of funds or resources, and it won't be solved by having a payroll lag. I oppose the bill."

Senator Anderson also rose and opposed the measure as follows:

"Mr. President, I want to also vote 'no.' I want to be consistent. I think we passed this last year and I voted 'no' last year. I believe that we're not taking care of the problem so I will continue to vote 'no.' Thank you."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 844 was adopted and S.B. No. 1421, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO PAYROLL PERIODS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Anderson, Slom).

Senator Slom rose to speak against the measure and said:

"Mr. President, I rise to speak in opposition to the bill.

"On 845, what we're doing is transferring \$12 million, \$6 million per year for the biennium, from the housing revolving fund and it's not earmarked that it will be used for housing. I think that anytime we're going to take monies or have revenues and particularly if they're specified for a specific purpose, we should use it for that purpose. Otherwise, we shouldn't take it from the people in the first place. I oppose the bill."

Senator Anderson rose to speak on the measure and said:

"Would you please put me down with reservations for the reasons stated, plus a few others as far as transferring monies. And when we talked to the Tax Commission, they said that the problem was the administration keeps shifting dollars all over. And that's why they have a hard time giving us the true picture of what's happening in our state. Thank you."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 845 was adopted and S.B. No. 1474, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO STATE FINANCES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Slom).

Stand. Com. Rep. No. 846 (S.B. No. 1701, S.D. 1):

Senator M. Ige rose in support of the measure as follows:

"Mr. President, I rise to speak in favor of this measure.

"Mr. President, this bill consolidates and streamlines the state's various housing functions. It essentially brings the Housing Finance and Development Corporation, the Hawaii Housing Authority, and the Rental Housing Trust Fund under one umbrella under the name of the Housing and Community Development Corporation of Hawaii.

"Through the deliberations on this consolidation proposal, we have tried to keep in mind government efficiency and following the spirit and intent of our mission, which is to provide housing.

"To date, this bill eliminates approximately 44 positions and I am hopeful that with the cooperation of the committee we will be able to trim an additional 12 positions by the end of this legislative session.

"This measure eliminates the State Housing Loan Program, the City Housing Loan Program, the Home Buyers Club, provisions for the development of employee housing, Taxable Mortgage Securities Program, Loan Participation Program, State Mortgage Guarantee Program, and the Downpayment Reserve Program. All of these programs are with no question desirable, but not absolutely essential to provide housing.

"Mr. President, this bill asks our employees to do more with less, but more importantly, it tries to focus our attention on our main mission -- which is to provide housing. Thank you."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 847 was adopted and S.B. No. 1632, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO HOUSING," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

At 2:54 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

Stand. Com. Rep. No. 849 (S.B. No. 538, S.D. 3):

Senator Fernandes Salling moved that Stand. Com. Rep. No. 849 be adopted and S.B. No. 538, S.D. 3, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Tam rose in support of the measure and said:

"Mr. President, I rise to speak in favor of S.B. No. 538, S.D. 3 -- A Bill Relating To Public Libraries.

"This bill is a public service oriented bill and a response for the public desire to be directly involved in the selection of purchasing books for the State of Hawaii's public libraries through our public service librarians. Specifically, the bill states, 'Decisions regarding the selection of books and other resources on behalf of the state library system that require the expenditure of public moneys shall be performed internally by the public service librarians of the state library system. The state librarian may contract with external sources for the purchase of books and other resources selected by the public service librarians. The state librarian shall be responsible for books or other resources acquired on behalf of the state library system.'

"This bill is the result of the public desire to terminate the current library book contract between the State of Hawaii's library system and Baker & Taylor, the book company which selects and purchases library books. Your Senate Committee of Education conducted two public hearings, respectively, on February 13 and 14 of this year and heard the loud outcry for direct involvement in the selection of their public reading

materials paid by public funds. If I may call your attention to this, this is the result in terms of all the testimony which was gathered respectfully by your Education Committee and the Government Operations and Housing Committee. Therefore, the Education Committee made the above recommendation based on the legislative role stated in the State of Hawaii's Constitution to redirect any public funds from contracts involving the selection of books, as the case may be in the Baker & Taylor book contract to Hawaii's public service librarians. The State of Hawaii's general practice in contractual agreements is that the existence and continuation of state contracts is dependent on the availability of funds.

"I wish to thank my colleagues for their positive involvement in S.B. No. 538, especially the Senate's Government Operations and Housing Committee. This bill truly emphasizes the State Senate's desire of using the communication linkage between the public service librarians and general public needs."

Senator Slom also rose in support of the measure as follows:

"Mr. President, I just want to rise in support of the measure also, and thank my colleagues for all the diligent work they put into this bill.

"I think it is unfortunate, though, that outsourcing itself has gotten a bad name because of the bill and actually because of the ineptness of certain members of the Board of Education and those that were responsible for drawing up a horrible contract. I think what we have to learn from this is that people have to learn how to read and be responsible and be accountable and listen to the professionals in the field -- like the librarians who came forward very courageously and in a spirit of trying to help the community and help this Legislature.

"But in the future, Mr. President, I would hope that we will have more people that have a business background that know how to read a contract and know how to commit the state and our taxpayer funds for things before they go ahead and do it. Thank you very much, Mr. President."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 849 was adopted and S.B. No. 538, S.D. 3, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC LIBRARIES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 851 (S.B. No. 68, S.D. 1):

Senator Fernandes Salling moved that Stand. Com. Rep. No. 851 be adopted and S.B. No. 68, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Anderson spoke on the measure as follows:

"Mr. President, I have some reservations on this particular bill, primarily because when we had this in committee, the head of the Tax Department gave us some, what we call, soft figures on revenues that would be lost if we gave the school children, not to pay for their fundraising, any taxes. My comments at that time were, why should we not go ahead and allow them to have a fundraiser without paying any taxes on their fundraising efforts? I think that we have lots of people who are on the sides of the roads, roadside vendors if you would, who pay no taxes, pay nothing, and we're not worried about them or trying to enforce that law. You have lots of private schools, because of the tuition being so high, that anything that their children do to go ahead and go on fundraisers are also taxed.

"I would like to see all of the schools not being taxed for any fundraising efforts that they have. The cost for sending your child to public schools or private schools at times can be a little higher than you'd like to pay. So, having the benefit of a tax

benefit, I think, is fair and equitable. And if we're going to enforce anything, then I think we should charge all of those vendors who are illegal, or anybody who sells anything illegally. Thank you very much, Mr. President."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 851 was adopted and S.B. No. 68, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE GENERAL EXCISE TAX," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 852 (S.B. No. 1359, S.D. 1):

On motion by Senator Fernandes Salling, seconded by Senator Fukunaga and carried, Stand. Com. Rep. No. 852 was adopted and S.B. No. 1359, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 857 (S.B. No. 1678, S.D. 2):

Senator Fernandes Salling moved that Stand. Com. Rep. No. 857 be adopted and S.B. No. 1678, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Tam spoke in favor of the measure and said:

"Mr. President, I rise to speak in favor of S.B. No. 1678. I believe that this measure will enhance the educational program for our children, and I urge all of my colleagues to vote in favor of this bill.

"Mr. President, your Committee on Education recognizes that for our children to effectively compete in tomorrow's workplace, we must provide them with a thorough grounding in the use and application of today's developing technology. We have seen, on an almost daily basis, an explosion of information available to our children through resources such as the Internet. We no longer can say that we are landlocked because it serves a limiting factor in education, and truly there are great treasures to be discovered by our young minds.

"We must not, however, lose our focus of vision in the dazzling light of technology's promise. We must equip our children with the mental ability that this information explosion requires; we must also make sure that we provide them with a foundation so that they are not cast adrift in a sea of thoughts and ideas. Context, reasoning, and the ability to capably question the world around us are that foundation from which our children can aspire to greatness.

"Technology, as most educators agree, is a wonderful tool for learning, but as with any tool, we need to make sure that it can be properly wielded. Through the development of standards for the implementation and use of technology, your committee seeks the effective integration of technology into the educational program. This measure seeks to do this in the following ways:

"First, this measure requires the development of concrete definitions of technology. By creating a precise index of the equipment to be employed by our schools, we can more effectively plan for its use.

"After these definitions are clear, the Department of Education must develop a master plan for the acquisition, implementation, maintenance, and upgrade of technology. Through the development of a sound implementation plan with concrete benchmarks and timelines, we can avoid many of the

very costly mistakes that have been made in the past with large scale technology projects. We will have a thoroughly integrated educational system, but we will do so in an efficient and responsible manner.

"As we integrate the physical components of technology with our educational infrastructure, we must also integrate the philosophical components of technology with the educational program. To do this, this measure requires the department to develop a second master plan that includes: guidelines for use of technology in instruction; the development of goals for technology for all grade levels; and policies and procedures for the use of technology in the classroom so to protect our children from any hazards this new technology might hold.

"Mr. President, the course set by this measure is bold but responsible. Through the creation of master plans which systematically integrate technology in the classroom, we can create an environment where our children can be equipped with the necessary tools for technological mastery. Your committee is confident that the department will be rigorous in its preparation of an implementation plan for education, and it is my hope that we are equally rigorous in finding the resources to make that plan a reality. Thank you."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 857 was adopted and S.B. No. 1678, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 858 (S.B. No. 1742, S.D. 2):

Senator Fernandes Salling moved that Stand. Com. Rep. No. 858 be adopted and S.B. No. 1742, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Tam supported the measure as follows:

"Mr. President, I rise to speak in favor of S.B. No. 1742.

"This measure would take a significant step in expanding upon the ideals of School/Community-Based Management, and would provide our schools with an effective tool for managing their resources.

"Mr. President, the debate over how much money goes to our schools rages on. As legislators, we have all heard from our districts about how funds have been shifted, reduced, or eliminated for seemingly arbitrary reasons. And, it appears that every year we try to correct this situation with the passage of some new law or study.

"The good news today is that this bill does not create another task force, commission, or independent audit to examine and restructure school finances. What this bill does is to create a process by which we can improve both the funding and uses of funding for our schools.

"Sometimes in our sincere efforts to educate our children, we often forget that we, too, need to be continually learning. More often than not it is a lack of education that leads to misunderstanding. Senate Bill 1742 will help us adults become more akamai in managing our schools.

"By requiring the Department of Education to provide thorough reports and training from the state and district offices on budget matters; principals, teachers, parents, and other members of the school community will become more knowledgeable in the management of school resources. Better information will mean better decisions at the school level.

"While this measure will require work on behalf of the department administration, I feel that it will ultimately work to their benefit. When schools have a better understanding of a budget policy, they may be more apt to accept sometimes unpleasant budget realities and work with, rather than against the department.

"Mr. President, knowledge is empowering. If we are true to the spirit of SCBM, then there can be no hesitation in allowing our schools to have all of the information they need to use their resources wisely. Senate Bill 1742 puts a lot of power back where it belongs -- at the school level. This bill truly endorses the empowerment of individual schools through their budget. This is a bottom-up approach rather than a top-down approach in budgeting. Thank you."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 858 was adopted and S.B. No. 1742, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 861 (S.B. No. 1551, S.D. 1):

Senator Fernandes Salling moved that Stand. Com. Rep. No. 861 be adopted and S.B. No. 1551, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Kawamoto rose in support of the bill and said:

"Mr. President, I rise to speak in favor of this bill.

"Mr. President, as the Senator from God's country who has over half of the state's adult residential care homes, these care homes do have a vital part in our community and in our state. They have not received any increase in compensation since 1989. This is a well-deserved increase in their compensation.

"I urge all my colleagues to vote 'aye' on this bill. Thank you."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 861 was adopted and S.B. No. 1551, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO ADULT RESIDENTIAL CARE HOMES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Fernandes Salling moved that Stand. Com. Rep. No. 862 be adopted and S.B. No. 1879, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Kawamoto rose to speak in favor of the measure as follows:

"Mr. President, I rise to speak in favor of this bill.

"Mr. President, again the same Senator from the same country. (Laughter.) Again, they serve a vital part in our community. And in these times when we have very limited intermediate care facilities, we need, again, these care homes to house limited numbers of nursing home level care patients. Therefore, I ask my colleagues to vote 'aye' on this bill also. Thank you."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 862 was adopted and S.B. No. 1879, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO ADULT

RESIDENTIAL CARE HOMES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

No. 412, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO LONG-TERM CARE FINANCING," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Fernandes Salling moved that Stand. Com. Rep. No. 865 be adopted and S.B. No. 1351, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Slom rose to speak against the measure and said:

"Mr. President, I speak in opposition to the bill.

"The bill, of course, would exempt Hawaii from federal requirements that deny cash assistance and food stamps for anyone with a felony conviction that has an element of possession, use or distribution of a controlled substance. If we don't go along with these measures then we continue to send mixed messages in terms of drug programs and substance abuse. So I vote 'no.' Thank you, Mr. President."

Senator Chun Oakland rose in support of the measure as follows:

"I would like to speak in favor of this measure.

"This particular bill would allow, especially women with children, women who have been convicted of drug use, possession or distribution to continue to get assistance while they are getting rehabilitated. And I think that investment is what the state policy should be. Thank you."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 865 was adopted and S.B. No. 1351, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO FEDERAL BENEFITS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Slom). Excused, 1 (Metcalf).

Stand. Com. Rep. No. 866 (S.B. No. 1572, S.D. 2):

Senator Fernandes Salling moved that Stand. Com. Rep. No. 866 be adopted and S.B. No. 1572, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Slom rose to oppose the measure as follows:

"Mr. President, I speak in opposition to this bill.

"The bill allows the department to increase fees for up to 10 percent per year, exempting the department from certain requirements for public input on those fees, and does not relate the fees to the actual cost of providing the services or materials."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 866 was adopted and S.B. No. 1572, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO FEES COLLECTED BY THE DEPARTMENT OF HEALTH," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Slom). Excused, 1 (Metcalf).

On motion by Senator Fernandes Salling, seconded by Senator Fukunaga and carried, Stand. Com. Rep. No. 870 was adopted and S.B. No. 1266, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO CHILD SUPPORT ENFORCEMENT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Metcalf).

Stand. Com. Rep. No. 872 (S.B. No. 717, S.D. 2):

Senator Fernandes Salling moved that Stand. Com. Rep. No. 872 be adopted and S.B. No. 717, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Anderson rose and said:

"Mr. President, I have some concerns on this bill so I'm going w/r.

"My understanding is that we already have this type of programs going on and now we say we're going to establish a \$25 surcharge. I don't understand why, if we're having programs, we have to say that we have a bill to establish a \$25 surcharge for persons who are divorcing or separating and using the surcharge and other monies to fund a parent educational special fund for separating parents and their children. I would have thought that if we had that, we didn't need this additional money for that. Thank you very much."

Senator Slom rose to oppose the measure as follows:

"Mr. President, I speak in opposition to the bill.

"While I think the intent is a very positive one, unfortunately, the specific educational curricula is not defined in the bill, the education providers are not defined in the bill, and the purpose of the fund is not defined in the bill. I think we should do better work if we're going to pass the bill and require such a fund. I speak in opposition. Thank you."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 872 was adopted and S.B. No. 717, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO PARENT EDUCATION FOR SEPARATING PARTIES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Slom). Excused, 1 (Metcalf).

Stand. Com. Rep. No. 874 (S.B. No. 1418, S.D. 2):

Senator Fernandes Salling moved that Stand. Com. Rep. No. 874 be adopted and S.B. No. 1418, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Anderson spoke on the measure as follows:

"Mr. President, I'm opposed to the way we say that we're doing so well with the funding because it's been ... I think we have \$125,000 or such that's been donated, and it's by those people who are in a particular business that are benefiting by the Kamehameha Day Parade. We have only decided to fund the commissioner herself, I believe, and a little bit of staff. When we were funding the whole bit, most of that money went towards floats. Very little of it, really, when you gave it to the pa'u section, they were able to, maybe, donate a bag of feed for the horse or do the shoeing. That money was not what you would call a lot of money. The people who rode in the pa'u sections, it cost them money. And I'd like to have some of the queens that were at the head of those pa'u sections come in and tell you where the dollars went for their particular pa'u section, or the floats -- the cost of the floats, over and above whatever they received.

"But since we're so concerned about Kamehameha Day and the funding of it, I have suggested that we take it backwards -- we start from Magic Island; we end at Kamehameha Statue; we then pay homage to our King; go across the street to Iolani Palace; get rid of the horses and get them trailed back, and the floats; then we go and pay homage to our Queen Liliuokalani Statue.

"If, in fact, we're not able to pay because it has become such a tourist attraction ... very little money for what is a cultural practice to us. It started out to be a cultural practice -- it is no longer. It's strictly a tourist attraction, and I don't think that we should go all the way from Downtown Honolulu down to Kapiolani Park and expect only those people in that business to provide the dollars. The state collects a hell of a lot of money in tax revenue because of the people that come here from all over for Kamehameha Day.

"For those reasons, I have those reservations and I will speak up when we're in committee to try to see if we can get some kind of funding. Thank you so very much, Mr. President."

Senator Fernandes Salling, rising in support of the measure, then said:

"Mr. President, I rise to speak in favor of the bill.

"And for the very reasons pointed out by the good Senator from Waimanalo, I would just like to say that we had those concerns also and that is why the committee recommended that we go back to what we originally were doing -- which is to provide the funding so that we can see King Kamehameha Day once again reenacted as it has always been, and bring in those kinds of revenues and be part of the rich culture of the State of Hawaii."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 874 was adopted and S.B. No. 1418, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO KING KAMEHAMEHA CELEBRATION COMMISSION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Metcalf).

Stand. Com. Rep. No. 875 (S.B. No. 426, S.D. 1):

Senator Fernandes Salling moved that Stand. Com. Rep. No. 875 be adopted and S.B. No. 426, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Slom rose to speak against the measure and said:

"Mr. President, I rise to speak against the bill.

"It's not that I'm against culture, Mr. President, I do appreciate culture. The original bill was to set up, at taxpayer expense, a hula cultural center. The draft changed that and now we have a culture and arts revolving fund. I think the problem with this is, again, that we are spending the people's money and telling them what they should have, as far as culture. In addition to that, all too often some of these committees seem to be choosing some of the same people over and over again, and we don't have maximum citizen participation as to how their money should go for cultural or other activities. So I'm going to be voting 'no.' Thank you, Mr. President."

Senator Anderson spoke on the measure as follows:

"If I may, a very short reservation on this particular bill.

"It says culture and the arts, but, if I remember correctly, when I served on that committee, we did very little on culture -- it was mostly on arts. When we were running into difficulty on money, I suggested to the person who was the head of it at that particular time, maybe we should sell some of our art that we had purchased and paid such large amounts of money for. And they said, don't be ridiculous; we'd never be able to get those funds back, they're not worth that. And that's what bothers me. Why, then, are we funding art that we cannot, in any way, put a dollar sign that says we made a good investment, or this person is a good student and we want to help project them into making themselves a better artist or sculptor or whatever. When we can have the directors themselves tell us, we're buying this because ... And they have not done so, at most times, with local artists. I want to put that very clearly also.

"So those are the kinds of concerns I've had on the department that they call Culture and the Arts. Thank you, Mr. President."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 875 was adopted and S.B. No. 426, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CULTURE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Slom). Excused, 1 (Metcalf).

Stand. Com. Rep. No. 878 (S.B. No. 1628, S.D. 2):

Senator Fernandes Salling moved that Stand. Com. Rep. No. 878 be adopted and S.B. No. 1628, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Kanno rose and said:

"Mr. President, I'd like to register my 'aye' vote with reservations."

Senator Anderson added:

"Aye with reservations."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 878 was adopted and S.B. No. 1628, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO REHIRING RETIRED TEACHERS IN THE DEPARTMENT OF EDUCATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 3 (Chumbley, Ige, D., Matsunaga). Excused, 1 (Metcalf).

Stand. Com. Rep. No. 882 (S.B. No. 1548, S.D. 1):

Senator Fernandes Salling moved that Stand. Com. Rep. No. 882 be adopted and S.B. No. 1548, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Slom rose to speak against the measure and said:

"Mr. President, I rise to vote 'no' just to make a point about this bill.

"I'm getting older every year and every year we have an emergency that requires an appropriation. This year it's for a total of about \$55 million. The medicaid program, the state-run health program, has been in constant trouble, but we can't call it an emergency if it happens every year. Again, what it shows is that we're not meeting our obligations and we're trying to promise too much and don't have the revenues to pay for it. So I think that at some point, hopefully now, Mr. President, we should get to the point where we say that we can't promise everything to everybody because we don't have the resources that we take out of other people's pockets to pay for it. So I'm registering this as a protest 'no' vote, Mr. President."

Senator Kawamoto then said:

"Mr. President, I rise for a clarification. I sit on the Board of the Waianae Comprehensive Center, a clear conflict of interest."

The Chair ruled that Senator Kawamoto was not in conflict.

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 882 was adopted and S.B. No. 1548, S.D. 1, entitled: "A BILL FOR AN ACT MAKING AN EMERGENCY APPROPRIATION FOR THE STATE MEDICAL ASSISTANCE PROGRAM," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Slom). Excused, 1 (Metcalf).

Stand. Com. Rep. No. 884 (S.B. No. 719, S.D. 2):

Senator Fernandes Salling moved that Stand. Com. Rep. No. 884 be adopted and S.B. No. 719, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Slom rose to speak against the measure and said:

"Mr. President, I rise to speak against the measure. I heard the Chief Justice speak and I have a great deal of sympathy for all those lawyers, but times are tough for everybody and so, I don't think that we can justify a salary increase at this time. Thank you."

Senator Anderson spoke on the measure as follows:

"Mr. President, I am going with reservations. I did so in the committee. I asked if there was any study done as to the portion of this committee report that says 'necessary to attract and retain the finest judges'. When I asked if there was a study done on the amounts of dollars that the judges were losing, they started to give me a figure from the very large firms in town and I was talking about if I became a judge and I'm a private attorney, how many dollars am I losing? Am I a fine judge that they feel should be justified this kind of salary increase? They didn't do those kinds of studies. Consequently, I'm a little worried.

"I don't believe in any type of person today getting across the board raises for everyone. You have good judges and bad judges; you have good teachers and bad teachers; you have good employees and bad employees of any particular business that you're in. You just don't blanket anybody anymore. For those reasons, I am going to have some reservations to sit down and talk to some of the people that might be able to give me a more comprehensive report as to a study that could be done. Thank you very much, Mr. President."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 884 was adopted and S.B. No. 719, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO SALARIES IN THE JUDICIARY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Slom). Excused, 1 (Metcalf).

Stand. Com. Rep. No. 885 (S.B. No. 831, S.D. 2):

Senator Fernandes Salling moved that Stand. Com. Rep. No. 885 be adopted and S.B. No. 831, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Bunda rose to speak on the measure as follows:

"Mr. President, I rise with reservations on the measure.

"Mr. President, first, I'd like to commend both chairs for bringing forth some of the changes to our campaign spending laws. This subject, over the years, has caused a real great deal of public skepticism, if you will.

"Mr. President, the most significant area of concern in the bill and troublesome for the commission, especially since our recent elections, are loans to candidates which may or may not be repaid. And the bill valiantly tries to remove any underhandedness and tries to close an obvious loophole. This amendment, Mr. President, really is not going to solve the whole problem. I believe it creates more inequity. If you really want to bring skepticism to a close, I think we ought to take money out of campaigning -- period. But, of course, Mr. President, that's fairly impossible.

"My concern is that if a person decides to run for an elected office and borrows, say for instance, \$50,000 from a family member, the way the bill is worded, it is unclear if the candidate must repay the full amount by the end of the election period. And the question is, Does the \$50,000 become an outright contribution or not? This bill, I believe, prevents the candidate from fundraising to replace the money to the family member. The way I view it, Mr. President, the playing field becomes more unequal than ever. More so, it unfairly benefits the incumbent. Therefore, Mr. President, the real issue here is that the more regulations we impose, the less open and democratic the whole process becomes. And the irony of all campaign spending reform is that it's really counterintuitive.

"Mr. President, for your information, and for everybody's information, since reforms of the 70's and the 80's, the amount of money flowing in the campaigns has increased faster than ever before. And it puzzles me because money has become more important in politics, not less, when advocates want more regulation. The more caps, the more limits and other restrictions put on campaigns, the more you need experts to really figure them out. And it really created or it's created an industry of campaign professionals and really that's why you need more money.

"I say our laws can be tightened to prevent blatant abuses, but really -- let's not tie the hands of candidates who run against million dollar campaign war chests. I say pretty much -- don't scare away challengers by favoring incumbents -- and this bill probably will do that. I hope, however, as the bill moves in conference, that we amend and clarify this problem. Thank you, Mr. President."

Senator Kawamoto then said:

"Mr. President, could you cast a vote of 'aye with reservations,' also. Thank you."

Senator Iwase added:

"With reservations, thank you."

Senator Anderson rose to speak against the measure and said:

"Mr. President, I'm going to be voting 'no' on this particular bill. I'd like the comments of Senator Bunda put into the Journal as though they were my own.

"And just to give you a little idea -- one mailing as a Senator, if you will remember, will cost you \$5,000. If you're running for congress, it's roughly \$50,000. How are you going to communicate with your constituents if you don't have a bank roll that's going to be outstanding? The average person that would have to run and communicate with his constituents doesn't need these kinds of reforms to tie their hands. I think we all want to see reform, but the more restrictions we put on ourselves, the harder it gets to have someone run to do a good job. All we're going to end up with are the very rich and the professionals. We're not going to be having the people that would like to run, that would do a good job, afford to run. And these are the kinds of problems that I think these kinds of bills that we pass bring.

"When you say Common Cause and Ethics Commission, and these people are interested, everybody shys away. We can't go against them. But let me tell you -- that's not the public. The public wants to find out how you feel -- what you're going to do to benefit them. And if we're going to put these kinds of restrictions on, there's no communication ... there's no dialogue. So, I'm going to be voting 'no,' Mr. President. Thank you very much."

Senator Solomon rose and said:

"Mr. President, please note a w/r. Thank you."

Senator Matsunaga rose in support of the measure as follows:

"Mr. President, I rise in support of this measure.

"First, let me thank the good Senator from Wahiawa and the North Shore for his very kind words and for his helpful input as a member of the committee in helping craft this monumental piece of legislation.

"This bill is indeed aimed at closing a loophole. So long as you have unlimited loans, you do not effectively have a limit on the amount somebody can contribute to a campaign. And that's the intent of that aspect of this measure. I do want to assure my colleagues, and especially the Senator from Wahiawa and the North Shore, that we'll be happy to try and make this bill a little bit clearer in conference because we know this bill is going to conference committee. The intent is not to limit, in any way, the amount that someone can contribute to their own campaign. In fact, as the Supreme Court has ruled in Buckley v. Valeo, we cannot constitutionally do that. So, I do want to assure my colleagues that we will work on this in conference and clarify that language. Thank you."

Senator Anderson then said:

"Not to prolong this, but may I ask my colleague a question?"

The President posed the question and Senator Matsunaga having answered in the affirmative, Senator Anderson asked:

"Did you not say that this particular piece of legislation will take care of a loophole in the law?"

Senator Matsunaga replied:

"Yes, I did."

Senator Anderson then stated:

"That's the problem. Everything we do, Mr. President, is to take care of loopholes. We confine ourselves to the point that we won't be able to move. I understand what he's saying. And there's a lot of people out there that are saying that these loopholes have got to be fixed. We're going to fix every loophole and we're not going to be able to move. That was my point. Thank you very much, Mr. President."

Senator Sakamoto added his remarks as follows:

"The campaign spending commission seems to be creating a bureaucracy. It is not clear how the public will benefit from the changes proposed."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 885 was adopted and S.B. No. 831, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO CAMPAIGN SPENDING," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Anderson). Excused, 1 (Metcalf).

Stand. Com. Rep. No. 887 (S.B. No. 1372, S.D. 2):

Senator Fernandes Salling moved that Stand. Com. Rep. No. 887 be adopted and S.B. No. 1372, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Sakamoto having requested that remarks be inserted into the Journal, his remarks read as follows:

"Raising the limits to \$50,000 for exemption from formal bidding can lead to favoritism and abuse. The procedures for awarding of the 'small purchases' should be open for scrutiny by interested parties."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 887 was adopted and S.B. No. 1372, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO PROCUREMENT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Anderson). Excused, 1 (Metcalf).

Stand. Com. Rep. No. 888 (S.B. No. 1806, S.D. 2):

Senator Fernandes Salling moved that Stand. Com. Rep. No. 888 be adopted and S.B. No. 1806, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Slom rose to speak against the measure and said:

"Thank you, Mr. President. I rise to speak against the bill.

"Mr. President, I'm a sports fan. In fact, I'd rather be at a sporting event right now than where we are, but the problem is, here again, the state has gotten involved in so many different activities and here we're asked to continue state subsidy for the development promotion of the Pro Bowl, the Hawaiian Open, golf tournaments, the Marathon, the Trans Koolau Race, Major League Baseball, Winter League Baseball, processing camp for Olympics, and so forth. And the question is, Where will it end? The answer is, it doesn't end; it continues. We have more and more groups coming to us each and every year.

"I'm one of those old fashioned sports fans -- I reach into my own pocket; I pay the price of admission; I support it. We had testimony saying that if we don't continue to support it, we're going to lose these sports activities to other areas. Mr. President, we have lost other activities to other areas, primarily again because of our tax and business climate. Everybody's worried that we're going to lose the Pro Bowl and more golf tournaments to places like Orlando. I would point out to you

that the reason we lose things to places like Orlando is because of their tax and their business climate. We can't keep on doing this.

"In addition, we have asked these sports promoters, When will you be self sufficient? And the answer always is -- we can't say; we can't tell. I think we should all support sports. I think it's a wonderful opportunity for the state, but it should be self sufficient. So, I will oppose the bill. Thank you."

Senator Anderson spoke on the measure as follows:

"Mr. President. I'd like to speak with reservations.

"I'm for sports, but I don't see anything as an island state that we are promoting. I don't see canoeing; I don't see surfing. I don't see boating, swimming -- none of these things. And when you talk to the different people in the sport, they say, well, we have golf, we have football, we have this. That's great, but we're an island state. And if you would check the record, our people and our businesses are bringing in people from all over the United States and all over the world for different events that we put on. The Na Wahine O Ke Kai race, the men's race, surfing -- if we were to build an Olympic type swimming pool again like we had with the Natatorium, we could go back into swimming.

"There's lots of things that we could do and create because we are an island state. But, when I talk to these people, they said, 'no, we've got to go with what's there.' Well, that's not creative and imaginative and that's not saying Hawaii is unique and different. And for that reason, I'm going to go with reservations and still continue to talk to these people to see if we can go ahead and move along with something that we can do locally. Thank you."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 888 was adopted and S.B. No. 1806, S.D. 2, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR SPORTS TOURISM DEVELOPMENT, PROMOTION, AND MARKETING," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Slom). Excused, 1 (Metcalfe).

Stand. Com. Rep. No. 889 (S.B. No. 1005, S.D. 1):

Senator Fernandes Salling moved that Stand. Com. Rep. No. 889 be adopted and S.B. No. 1005, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Slom rose to oppose the measure as follows:

"Mr. President, I speak in opposition to the bill.

"Again, this is a specific bill for sports support for the Winter League baseball. Mr. President, I have my season tickets to the Sharks games. We have T-shirts. We have hats. We have everything else. The bill talks about the growing success. And yet, if there were growing success, they wouldn't have to come before the Legislature and ask for state taxpayer funds. I cannot support this, being the good sports fan that I am. Thank you, Mr. President."

Senator Anderson then said:

"I have the same concerns as I had on the other bill. With reservations."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 889 was adopted and S.B. No. 1005, S.D. 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR SPORTS PROMOTION," having

been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Slom rose to speak against the measure and said:

"Thank you, Mr. President. I'm going to vote 'no' on this bill.

"It increases the advanced disposal fee charged to glass container importers from 1 1/2 cents to 2 1/2 cents per glass container beginning on July 1 of this year. Thank you, Mr. President."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 897 was adopted and S.B. No. 1773, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO RECYCLING," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

No. 961, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO INFORMATION TECHNOLOGY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Metcalfe).

Stand. Com. Rep. No. 902 (S.B. No. 852, S.D. 1):

Senator Fernandes Salling moved that Stand. Com. Rep. No. 902 be adopted and S.B. No. 852, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Slom rose to oppose the measure as follows:

"Thank you, Mr. President. I rise to speak against the bill.

"It is creating yet another special fund -- the Timeshare State Citation Special Fund -- with new fees and new costs, again targeting one particular business entity. I oppose it."

Senator Iwase rose for a conflict ruling as follows:

"Yes, Mr. President. Same request for a ruling on a conflict based on the previous rationale."

The Chair Ruled that Senator Iwase was not in conflict.

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 902 was adopted and S.B. No. 852, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO TIME SHARING PLANS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Slom). Excused, 1 (Metcalf).

Stand. Com. Rep. No. 907 (S.B. No. 1470, S.D. 2):

Senator Fernandes Salling moved that Stand. Com. Rep. No. 907 be adopted and S.B. No. 1470, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Slom rose to speak against the measure and said:

"Mr. President, I rise in opposition to the bill.

"The bill talks about changing the dollar amount for the current \$2 per day vehicle surcharge. It doesn't say what it's going to be. It doesn't say what it's going to be used for. In committee this year, we learned that after all these years that this, in fact, was not a highway tax. That it was not meant to maintain, beautify, construct, or, in any way, enhance highways. It was always a tourist tax even though it was called something else and it has been transferred from highways to the general fund. So I will oppose this tax."

Senator Anderson also rose to speak against the measure and said:

"Thank you, Mr. President. For the reasons that the Minority Floor Leader said, I, too, will be voting 'no.' Also, I believe that we're not facing up to the fact that we have to reduce government, not go ahead and take money and push it around. And if, in fact, we had overcharged somebody \$2 all of these years and it came up to some \$20 million, if that money wasn't used for the reasons that it should have been, it should have been refunded to that particular industry or they should have been given some kind of tax break -- not turn around and say we're now going to put it into the general fund because it's not needed there. However, there's money needed over there, so what we're going to do is take the 4 percent gross income for the highway that used to be there and we're going to take it back. So all we're doing is shuffling dollars back and forth. Thank you very much, Mr. President."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 907 was adopted and S.B. No. 1470, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO RENTAL MOTOR VEHICLE AND TOUR VEHICLE SURCHARGE TAX," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 3 (Aki, Anderson, Slom). Excused, 1 (Metcalf).

Stand. Com. Rep. No. 910 (S.B. No. 1023, S.D. 2):

Senator Fernandes Salling moved that Stand. Com. Rep. No. 910 be adopted and S.B. No. 1023, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Sakamoto rose to speak against the bill and said:

"Mr. President, I rise to speak in opposition.

"Dislocated workers for the closing, partial closing, relocation of a company or plant changed from 45 days to 60 days. Mr. President, if this were a business, it's within the 60 days now for this particular operation and if this were an operation, we would then be guaranteeing 60 days of pay, even if your staff is unneeded, as we go through this process. The Department of Labor testified that this change is unnecessary and would unduly burden employers without significantly increasing the benefit for workers. They stated that the 45 days is ample time for workers with regard to reemployment services. When companies are down, closing, moving -- this is not the time to pile on. Don't continue to bite the hand that feeds you. I'll vote 'no'. Enough is enough. Thank you, Mr. President."

Senator Anderson also rose in opposition and said:

"Mr. President, I'll also be voting 'no' on this measure, primarily because, as you well know, in business I've lost some accounts. A few years ago, I lost quite a bit of money. I had to let twenty-something people go. It's not easy to have to go up and tell people you no longer have a job. A young man that I was talking to yesterday had to make a phone call because if things go the way they're going right here, he's going to let 26 people go.

"So, if you don't have the money when you're in business ... You know, when you talk about saying, well, Sears Roebuck or a sugar plantation, but when you're saying business, if you're broke, you're broke. What do you want to do? Give 60 days so I sell my house to pay off and run another 60 days? If you're going to write a bill, it's got to be something that is meaningful, practical, and you know who you're gearing it to. You don't want to make sure that you put 60 days and it seems to blanket everybody. For those reasons, I'll be going 'no.'"

Senator Slom rose to oppose the measure as follows:

"Mr. President, I'll be voting 'no' also.

"The thrust of this bill, including the existing legislation, is dislocated workers. We have dislocated our economy. We have dislocated our employers. We have dislocated incentives and investment in this community. And it's high time, it's past time that we start looking at what the causes of our problems are. And it's not to force more notice on employers that are having difficulties and come down to this legislature year after year and tell us what they want to do. It's time to start listening to them and doing what must be done. Thank you, Mr. President."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 910 was adopted and S.B. No. 1023, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO DISLOCATED WORKERS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 3 (Anderson, Sakamoto, Slom). Excused, 1 (Metcalf).

Stand. Com. Rep. No. 914 (S.B. No. 1918, S.D. 1):

Senator Fernandes Salling moved that Stand. Com. Rep. No. 914 be adopted and S.B. No. 1918, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Iwase spoke against the measure as follows:

"Mr. President, I'm rising to speak in opposition to the bill.

"Mr. President, the purpose of this bill is to create a state subsidy to pay for private individuals who want to participate in hearings before the Public Utilities Commission. For example, the bill says it would pay for their attorneys. Mr. President, I thought that with all the talk at the beginning of the session about lacking resources, that we were going to attempt to do better with what we have rather than try to further spread ourselves out and do worse with what we attempt to do.

"This bill, I believe, is unnecessary. First of all, we have a consumer advocate. Under the statute, the purpose of the consumer advocate is to 'represent the interest of all consumers, including small businesses of utility services.' The state already provides, Mr. President, in short, representation for the tax paying public. If private parties want to intervene in PUC proceedings, they should pay for it.

"Second, it's unwarranted. We have limited revenues. We should not be ballooning up the cost of government. We should not be expanding services to where we shouldn't be. We should attempt to shrink down and do best with what we have.

"Third, it's unfair. This is limited only to indigent parties. Mr. President, when I was a deputy attorney general we advised the PUC. It is a very costly proceeding. It's utilities, motor vehicle and telephone ratemaking. It's complex, it's time consuming, and if we are going to provide representation for anyone, then it should be across the board. We should not be limited to a certain group of people. Middle class people cannot afford to participate in PUC proceedings -- believe me, it is too expensive. Why are they going to be excluded when they're going to be bearing the tax burden on this?

"This is wrong; this is unfair; this is unwarranted; this is unnecessary, and I hope we oppose this. Thank you."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 914 was adopted and S.B. No. 1918, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE PUBLIC UTILITIES COMMISSION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 13. Noes, 11 (Aki, Anderson, Bunda, Ige, M., Iwase, Kawamoto, Sakamoto, Slom, Solomon, Tam, Tanaka). Excused, 1 (Metcalfe).

At 3:51 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 3:54 o'clock p.m.

"Mr. President, your committee requests that this bill be recommitted. House bill 371 has already passed over and we have agreed to use that as the vehicle."

Stand. Com. Rep. No. 846 (S.B. No. 1701, S.D. 1):

Clerk of the Senate"

Senator Slom rose on a point of personal privilege as follows:

"Mr. President, I rise on a point of personal privilege.

"My concern today is with the decision that was made over the past weekend in the Supreme Court case of Konno v. County of Hawaii. I think it has broad implications to this body and to this state.

"Mr. President, I know that in spite of some of the flawed bills this body passed on Tuesday, it is still the intent of the Legislature to find ways to bolster business and economic growth and jobs in our state. Further, I think we all realize that there are many areas of our economy where the government has provided services or functions that compete with, or could be better performed by the private sector.

"In the past, Mr. President, particularly with regard to Baehr v. Lewin, I have questioned the hallowed cranial chambers of the almighty state justices. And again, the judicious be-robed ones have misinterpreted the law as it was intended to have been adjudicated.

"While the Hawaii Revised Statutes Section 76-77(10) expressly states that to avoid the application of civil service laws to public employee positions, those positions must be 'specifically exempted' by another state statute. I believe, Mr. President, that this Legislature has made its intent clear for a number of years, and in other statutes, that the state and counties should have their options open -- even with regards to privatization and other competitive bidding. The idea is to make the delivery of services more competitive and also more cost-efficient. The County of Hawaii, in trying to hire non-civil service employees, seems to have relied upon our legislative intent.

"Is this ruling the death knell for privatization and competitive economic choices in Hawaii? Well, this is where we come in, because if we can exhibit the leadership and the good judgement, then the answer should be NO. We can change the law this session and facilitate public-private partnerships between the state and the private sector. Non-civil service workers need, and deserve jobs too -- even if Gary Rodrigues doesn't represent them. In areas where public services could be delivered by the private sector in a more cost-effective way, state and county administrations should have the freedom -- and the fiscal obligation to the taxpayers -- to make those choices.

"Until we start to pass laws that help and not compete with business in Hawaii, we can expect more Hawaii court victories for those who fear honest competition, merit, choice, and openness in the workplace. Unfortunately, Mr. President, there aren't too many of us in the Legislature who act on the belief that more jobs and more take home pay -- for everyone -- should be Hawaii's first priority. Perhaps more elected officials and leaders should take positive action, and perhaps more would, if they were not subject to some of the political strong-arm tactics or the favors of a few special interests. After all, whether you are a single mom, small business person, a family, a civil service employee, a fast-food worker or even a professional, you know that the state's economy is in trouble, and you know that something must change. When the economy suffers, all of us suffer. It is our responsibility, Mr. President, and the reason the voters sent us here is to facilitate that change.

"Everyone seems to know this except for those leaders who influence public policy through intimidation and fear, and who 'demand' certain things, including the fact that records of convicted criminals be kept secret, and those who believe that laws should be written only to benefit their short-term, self-centered goals. These are the people who harm our economy and all of our citizens, Mr. President. Let's show them that we are not afraid. Let's amend our civil service laws if we must, redirect our thinking, and send a message that the Legislature will not be bullied and that we can act. It's up to us, Mr. President.

"Thank you for this opportunity."

Senator Anderson rose on a point of personal privilege and said:

"Mr. President, I rise on a point of personal privilege.

"Mr. President, last evening I was watching television and saw that our governor got on and more or less said that a lot of the problems that are happening in our state are really hard for his administration to be responsible for. The falling yen, tourism from the Mainland dropping and, of course, he has really no control over our shipping.

"Well, in actuality, Mr. President, there are a lot of things that we can take care of. And that kind of disturbed me, but this morning or last evening in the *Star-Bulletin*, I also read 'Exaggerating Hawaii's economic problems.' And they've more or less went along with the governor and said an informed person on Hawaii's economy is not in great shape, but we should be well aware that we're not really bad off. For instance, it says Hawaii's unemployment has only risen by 500. It went to 34,400. And that's not too bad because we're a little below the average on the Mainland. So we're in a little better shape than a lot of the other state, so we shouldn't worry about that.

"Also, 'The state continues to lose jobs -- 2,800 in January' and people are definitely going out of business. But that's not too bad, we shouldn't worry about that. Personal bankruptcies -- yes, we're going like crazy in bankruptcies. But I think overall, they're saying the economy should be overlooked and as long as you have a job, we're not to worry.

"Then I read this morning's paper, Mr. President. We're spending ... let's see how many billions ... I think it was some \$12 billion, plus we have another one-point-something billion that we're going to use for construction. And you and I were here not too long ago when Aileen Anderson was in charge of the budget and she was the billion dollar baby. Today we are at \$13 billion and we're not doing too bad. We're going to increase government a little more, I think, because when I looked at the state budget plan this morning, some of the highlights, priority-wise: education, higher education, health, human services, public safety, environmental protection, transportation, and guess what, economic development and others. Economic development is just a little above other things that we could do. That's planning, Mr. President.

"We have also a letter here, or another piece, that says what we're going to do to make sure that everybody is taken care of. We're going to have a payroll lag that will save us ... this is to make sure that we have assets. The payroll lag will give us \$51.5 million. Reducing the highway funds will give us \$24 million. Repeal of the 1 percent insurance premium tax credit for local companies, that will save us 10.4 million, and hiking the tax on each cigarette from 3 cents to 3.5 cents is another 4 million. That's how we're going to get some of the revenues.

We have some other things that we're going to take away tax credits for to help.

"It also says that Representative Garcia doesn't know how the House Republicans can be opposed to the way the budget is going and then they want more prison space. Well, I think they were talking about privatization. Now, we're going to privatize the marina, and DLNR can do that without going through the Legislature. I checked the law and that can be done. But they don't say which marinas they're taking. Is it ones that are going to be already profitable to the state or are they going to give them the gravy and will they go ahead and take care of others, or is that our responsibility? And can we privatize all of the things that we want?

"I think, Mr. President, that one of the reasons that I came to work today, and I wasn't feeling good and I wasn't going to, is because of my concern. We do have ways to make our state better. We do have to look at the changes that's happening all over the world and get ready for that. I don't care if the problems are in Japan or in Washington or wherever. Whenever we try to say go ahead and look at the future and work towards those goals, we don't do it. We put them off. We don't even know how many slips we're going to build ten years from now. What size those slips are going to be for the harbors. We don't have anything on record that we can say this is a long range plan. Everything we're doing is for the immediate. When the governor says he's building a building, it's a school building. I keep saying I'm for schools; I'm for construction having that building. But you're going to hire the teachers, and you're going to hire the cafeteria people. It's not revenue generating. And to read that we should not worry about it, and that the economy is fine, is not true!

"When I was running for another office, Mr. President, I asked because of the people selling out in Waikiki, T-shirts, couldn't they pay the same as the newspapers pay for their stands. Then I found out they don't pay for the stands. We pay for the sidewalks. That comes from private funds, but that's there to pay for their stands. They don't pay for the space that they're using on the sidewalks. Go down Alakea Street when you're going to Yong Sing or something for a fundraiser, and look at all of the different types of freebies that are out there, and how many square feet that they are taking. They would charge you and me for that, but these others don't have to pay. Any improvements, we pay for.

"So those are the reasons I came in today, Mr. President. Those are some of my frustrations, and I thank you for your time and I thank my colleagues. I didn't run over your lunch hour. Thank you."

Each candidate brings a wealth of education, experience and skill to these respective positions. Your

The Chair re-referred the following Senate concurrent resolution that was offered:

Senate Concurrent Resolution Referred to:

No. 25 Committee on Health and Environment, then to the Committee on Education

Senator Anderson rose on a point of personal privilege and said:

"Mr. President, I rise on a point of personal privilege.

"Mr. President, I see in this morning's paper that a permit was okayed for a recycling plant in Waimanalo. We've been working on this for quite a while. We've been meeting with the Department of Health and others. And in this morning's paper it says that 'The state Department of Health is ready to re-issue an operating permit to Unisyn Biowaste Technology, a move that has many Waimanalo residents livid.' It also says that a Mr. John Harder of the Health Department's Solid Waste Management told about 20 residents at a Monday night Waimanalo Neighborhood Board meeting that the permit was going to be granted even though they were opposed to it, and it would be within a month. Then it goes on to say that the state will evaluate that plan after a year to determine if it should be there or not.

"A 'Waimanalo farmer, Jim Andrews accused the Department of Health of ignoring the wishes of the community.'

"Mr. President, we've been working on this for quite a while. There's many, many people in Waimanalo that have been opposed to this. I've got all kinds of documentation. We checked with the laws that are on the books now. There is a bill to allow this to stay there, but composting is already allowable on ag lands.

"Also, I see that the governor or the Department of Land and Natural Resources is going to disallow a Mr. Fuller who has a place called Puamalia. They won't give him any type of commercial activities on his property and it is ag. But they're going to do something like this that's not permissible. It is opposed -- everybody's been opposed to it; it is a commercial enterprise; and it's wrong.

"That's just some of the things this morning, Mr. President, that has me a little frustrated, and you know I normally don't stand on this floor.

"I also read an editorial. And the editorial this morning in the Advertiser says, OHA money; Audit affects negotiations. And if I may just briefly read this: 'A recent audit that praises the investment strategy of the Office of Hawaiian Affairs may turn out to be a mixed blessing. OHA is doing a relatively good job of managing its portfolio, now valued at more than \$245 million .... That's big money.' This goes on to say, '...'

perhaps, to help persuade some lawmakers that OHA no longer needs a steady 20 percent.'

"Let me remind you, Mr. President, that the Advertiser a few years ago sold for \$250 million. And we passed a concurrent resolution in the House, when I was there -- it was my resolution -- asking if, in fact, both newspapers are still after 20 years subject to the Failing Newspaper Act. I thought it was the people's right to know and that also becomes where the newspapers would become competitive. But they fought that. Now it's all right for OHA -- \$245 million is a hell of a lot of money, and so is \$250 million for a failing newspaper.

"Also, Mr. President, while I'm up, I went to a meeting last night. There was a group of people there. It would be easy to sit down and say it's Republicans versus Democrats. And I had all the documentation that I needed as far as the CIPs and what we're looking at and what's wrong with government. But I have a hard time doing that. So I talked about leadership. And one of the things that bothers me about leadership is there is none here. If we have a governor who is looking at our state going down the tubes and he has departments putting small businesses out of business, that's a tragedy. When he can say that a stand alone casino on the Big Island that is tied to a referendum so that the people have a chance to vote, he will veto that -- then that's wrong. He is no longer a legislator that is representing a small district. He represents this state. We represent small districts, but as State Legislators we also look at everything. But for him to say he's going to veto this without even looking at how many jobs it will provide, is it going to be that we can get revenue, to just come out and say I'm going to veto that if it comes across so that the bill dies, is wrong. That's not leadership. Any referendum that we have, I think, is fair for our people.

"For these reasons, I'm standing today, Mr. President. I'm a little frustrated. I know you don't notice that but at times I do get that way. But that's because we do need to move our state to find out that we're lacking another \$250 million and Ways and Means is going to cut and so is the Finance Committee in the House, and the people that we're going to have to make sure try to get some services.

"In WAM one day I turned around and said, if in fact schools are not going to get the money, then maybe we should look at having the children pay a book rental fee. And the head of the Democratic Party said, 'You don't understand, Senator. Our children need books.' Well, I went to school and paid a book rental fee, and I had books. I didn't have xeroxed copies. And that's what's happening now. The DOE and others are utilizing the money elsewhere. Even though we put it in for books, they're not getting it. So maybe with leadership we might need to have all of us look at the possibility of those young people going to a public school, paying a fee for a book rental fee that doesn't have to be outrageously high, and those children that cannot afford to pay -- those are the ones we take care of, not everybody in the whole world. That's the strategy we've been using for years. We have to take care of everybody.

"I also, with my colleague over here, put in a bill for unicameralism. It wasn't Sam Lee's unicameral that he put in the House every year using Vermont. We used Hawaii as a base. We would dump 25 of us. That would be 25 legislators going and all their staff. That's a cut. That's saving some type of government. That's what we have to look at -- How are we going to provide the money needed to run this state?

"I thank you very much for listening, Mr. President. Thank you, colleagues."

Senator Solomon rose on a point of personal privilege as follows:

"Mr. President, I rise on a point of personal privilege.

"Mr. President, I'm rising in response to an article that was in both newspapers yesterday, the *Star-Bulletin* and *Advertiser* -- 'Cayetano mulls Senate snag on Pai appointment to PUC.' Just for the record, Mr. President, I was informed by your leadership that you will be putting some kind of resolution together to address this situation.

"As you know, Mr. President, you've served with me for many, many years and you know my track record. I normally don't get involved unless I see my name, and being that my name was mentioned several times throughout this article, I feel compelled to stand and speak on the issue.

"Our constitution prohibits certain interim appointments. It is not relevant to inquire why a particular appointment failed to receive the consent of the Senate. Once a particular person has been named by the governor for appointment, the only remaining determination pursuant to Article V, Section 6, is whether the Senate did, in fact, consent and if it did not, the constitution prohibits the governor from appointing that person on an interim basis. In not only that, the governor is likewise without power to interfere with the confirmation process after he nominates a person for appointment. Had the governor power to withdraw or cancel an appointment once made, it would render the separation of powers provision, set out in Article V, Section 6, of the State Constitution, meaningless.

"I refer this body to the minutes of the 1982 legislative session. Those of us who were here may well remember the ringing words of Senate President Richard Wong in regard to facts identical to those before us today. The governor in 1981 appointed certain individuals, then he withdrew their appointments, and after the Senate adjourned appointed them on an interim basis.

"I'm quoting, Mr. President, primarily from the 1982 legislative session and some of my colleagues here serving with me today were then there, and I'm sure that these will bring back and jog your memory. And I'm quoting directly from Senate President Wong who spoke at the time from the Senate floor.

"President Wong stated and I quote: 'the authority of the governor to make interim appointments is conditioned by two explicit restraints in the Constitution: First, he can make interim appointments only when the Senate is not in session and a vacancy occurs; and second, he cannot make an interim appointment of a person who has previously been nominated but who has failed to receive the consent of the Senate. These are the two major points to keep in mind.'

"Furthermore, President Wong noted the governor is without power to grant interim appointments to nominees whose appointments he had withdrawn. He stated the governor, and I quote: 'took an "end run" around the Constitution and the Senate's power of confirmation.'

"He reviewed the history of the 1968 constitutional convention where I quote, 'a formidable assault was attempted to strip the Senate of its confirmation powers.' One of the strongest voices resisting the assault was that of then Senator George Ariyoshi who as governor in 1981 took that end run around the constitution and made those interim appointments.

"President Wong concludes his remarks and I quote: 'So what we have before us, members of the Senate, is an issue that runs much deeper than merely passing judgment on the

individual nominees. It is an issue that runs to the heart of the American system of government, after which our own state government is patterned. It runs to the heart of our system of separation of powers and checks-and-balances, of which the Senate -- through its confirmation powers -- is such an important part.'

"Approve these nominees, and we are saying, in effect, we are only a rubber stamp, that the Senate's powers of advise and consent are meaningless and that the Senate's constitutional power of confirmation may be circumvented by the Governor at will.'

"As the minutes show, President Wong was strongly supported by then Senator Abercrombie (now congressman) and Senator Cayetano (now governor) in his defense of the constitutional separation of powers between the legislative and executive branches.

"Mr. President, this is deja vu all over again. The more things change, the more they stay the same. Yesterday, the governor is quoted saying, 'It was never my intent to usurp the Senate's role in advise and consent of gubernatorial appointees by making Pai an interim member of the board.' Well, Mr. President, he sure wasn't singing that song in 1982.

"Thank you."

Senator Anderson rose on a point of personal privilege and said:

"Mr. President, I rise on a point of personal privilege.

"I just wanted to note that in this morning's paper (I forgot to bring it down, I guess I'm getting forgetful) there was a piece that there was going to be an additional charge for wharfage at the piers. Evidently the two larger companies are not going to pass on the wharfage fees, but they are going to pass on any fees for the cargo. Now, some time ago they said that doesn't amount to very much -- maybe 9 cents per item, per case. Well, some cases have 36 items, some have 24. In my particular case, when I bring in chemicals, that could be anywhere from a couple of dollars per item a case. A case, when I bring them in, is anywhere from six to four at what would be an additional \$1 or \$2 per item.

"I did want to state that there is some concern that when you pass on these costs, the consumer is going to have to pick them up and even though they don't sound like too much -- 9 cents for a can of peas and carrots, we'll say -- but if there's 24 to 36 cans in that particular case, it does amount to quite a bit of money per case that's being added on. So I just wanted to make that point.

"Thank you very much for listening."

Senator Anderson rose on a point of personal privilege as follows:

"Mr. President, I rise on a point of personal privilege.

"Mr. President, yesterday at one of our hearings in Judiciary, we found out that ... we were looking at 'truth in sentencing,' and all of a sudden Mr. Kaneshiro was there with how much we needed prison space. Now, I just wanted to remind everyone that about last year or the year before, I wrote some letters and checked with some people because we had the women's prison in the windward side being expanded. Maybe there would be a possibility of moving these people to Waiawa. We were told no, Waiawa was going to be an educational type thing and we could not use it. Then all of a sudden it was being used for prisons.

"Yesterday, in the 'truth in sentencing' bill Mr. Kaneshiro told us not to look at it as trying to get any federal money; that there would only be \$500,000, roughly. And I asked, isn't it

true that either last year or the year before, when he was prosecuting attorney, 'truth in sentencing' in fact, was going to bring in a million, probably two million, for prison space, and we should look at that. His answer was, yes it was the truth in sentencing bill!

"Mr. Parsons was there from the county and said that the mayor was really wanting to be helpful; he wanted 'truth in sentencing' and he would help. Well, it just so happens that Pacific Business News came across my desk a few days ago, and there was warehouse space -- 19,000 all the way up to 43,000 square feet. And I said, maybe the mayor would like to let that be used for prison space because it was 25 cents a square foot. I wouldn't move my business because they were only going to give us a year or two, but maybe we could look at it for temporary prison space. And lo and behold, they said that's what they've been looking at. And then I saw it on television last night.

"Now, I don't know if any of the rest of you feel cheated, but here when we're trying to look at ways to provide prison space for this state and to help make sure that we move forward in that area because we're looking at stronger laws in crime ... and then when you throw something out ... and just a few days ago it was in the newspaper and in the want ads for the businesses, they say, oh yes we've been considering that; we've been working on that. Then it comes on the news and you see it on television where they're looking at putting these prisoners up in that area but they're not too sure if it's too close to a rural area or a school, which we happen to have on the windward side with the women's prison which is right in the residential area and right near schools.

"So I was just kind of befuddled and not sure exactly what people want out of government or out of you and me as legislators. If in fact we're trying to find ways and means to provide the necessary tools that these people need, and when you bring it up they say, oh yeh, we've been working on that. If they have, then share it, so we do not have to run around trying to figure out ways and means to take care of a serious situation in this state.

"Thank you very much, Mr. President."
