

FIFTY-EIGHTH DAY

Thursday, April 29, 1999

The Senate of the Twentieth Legislature of the State of Hawaii, Regular Session of 1999, convened at 7:44 o'clock p.m. with the President in the Chair.

The Divine Blessing was invoked by the Reverend Toshio Murakami, Honpa Hongwanji Mission of Hawaii, after which the Roll was called showing all Senators present with the exception of Senators Bunda, D. Ige and Iwase who were excused.

The President announced that he had read and approved the Journal of the Fifty-Seventh Day.

MESSAGES FROM THE GOVERNOR

The following messages from the Governor (Gov. Msg. Nos. 353 to 355) were read by the Clerk and were placed on file:

Gov. Msg. No. 353, dated April 27, 1999, transmitting his statement of objections to House Bill No. 1413 which he has returned to the House of Representatives without his approval and which reads as follows:

"EXECUTIVE CHAMBERS
HONOLULU

April 27, 1999

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1413

Honorable Members
Twentieth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 1413, entitled 'A Bill for an Act Relating to QUEST.'

The purpose of House Bill No. 1413 is to require the Department of Human Services (DHS) to use actuarially valid risk factor adjustments derived from actual QUEST member experience to modify payments to the various QUEST plans. This bill amends chapter 346, Hawaii Revised Statutes, to require DHS to do the following: (1) conduct an annual review of the risk factor adjustment methodology; (2) include in the risk factor adjustment methodology, after consultation with the contracted health plans, the health characteristics of the QUEST patients being served; and (3) identify those characteristics that are to be considered high risk.

Assuming the existing structure for the methodology remained the same, DHS has no objection in principle to modifying the risk factor adjustments based upon validated data. However, this bill presents severe financial and administrative problems. First, the data must be validated. The process of validating sufficient data upon which the risk factor adjustment methodology may be changed is expensive and time consuming. There is no funding for the contract monitoring and new data collection procedures to be implemented. As a practical matter, therefore, this process cannot be completed in the near future.

Second, a change in the methodology to add health characteristics requires DHS to create an entirely new risk factor adjustment methodology, one for which there is currently no good model. The use of health characteristics as risk adjustment factors is extremely difficult and complicated. There is no consensus among the six existing providers as to the appropriate health conditions to be included. Although at least one state does use health characteristics, that state's experience

with risk adjustment factors is extremely poor, and there is no nationally recognized model upon which DHS can base such a system of risk adjustment.

Third, even if DHS could make the necessary changes required by this bill, the changes would require DHS to cancel the existing contract awards, notice a new request for proposal, and proceed through the procurement process again. DHS has recently awarded three-year contracts to various health plans based upon a specific risk factor methodology that was included in the request for proposal, but the contracts have not been signed yet and will not be effective until July 1, 1999. If this bill becomes law in April 1999, DHS must change the proposed contract language in order to conform to the changes required by this bill. The change in the terms and conditions of the contract will then require that the existing contract awards be canceled, a new request for proposal be noticed, and the procurement process be repeated in order to adequately notice the public as to the changed conditions of the bid. DHS estimates that a rebid would result in a seven-month delay. Any delay in the procurement process will cause confusion and uncertainty among the QUEST recipients.

Furthermore, the rebids are likely to be higher than the current bids. The current bids are below DHS estimates and the savings were reported in my administration's budget message. My administration reported projected savings of \$8.9 million dollars in fiscal year 1999-2000 and an additional projected savings of \$8.9 million in fiscal year 2000-2001. If this bill becomes law, DHS believes that these moneys will no longer be savings and will be needed to implement the new law.

For the foregoing reasons, I am returning House Bill No. 1413 without my approval.

Respectfully,

/s/ Benjamin J. Cayetano
BENJAMIN J. CAYETANO
Governor of Hawaii"

Gov. Msg. No. 354, informing the Senate that on April 28, 1999, he signed into law House Bill No. 1013 as Act 55, entitled: "MAKING AN APPROPRIATION FOR THE HAWAII TOURISM AUTHORITY."

Gov. Msg. No. 355, dated April 29, 1999, transmitting his statement of objections to House Bill No. 1338 which he has returned to the House of Representatives without his approval and which reads as follows:

"EXECUTIVE CHAMBERS
HONOLULU

April 29, 1999

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1338

Honorable Members
Twentieth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 1338, entitled 'A Bill for an Act Relating to Public Contracts.'

The purpose of House Bill No. 1338 is to limit the amount of retainage to be withheld by a contractor from its subcontractor on a public works contract to a maximum of five percent of the subcontractor's contract price. This limitation would also apply to subcontractors on public works contracts who subcontract work to other subcontractors.

Historically, the laws affecting public works contracts have always avoided inserting the government into the relationship between the general contractor and its subcontractors. In doing so, the government deals directly only with the general contractor and not with the numerous subcontractors on a public works project. This results in a more efficient and cost-effective project. By mandating the amount of retainage a general contractor may withhold from its subcontractors, this bill interferes with their relationship. In addition, I believe that if this bill is enacted, general contractors may begin requiring subcontractors to post performance and payment bonds for participation in public works projects, which will lead to higher costs of public works projects. Furthermore, if such bonding requirements are imposed on subcontractors by the general contractors, smaller subcontractors will not be able to participate in public works projects, thereby eliminating competition among the subcontractors that would otherwise exist.

For the foregoing reasons, I am returning House Bill No. 1338 without my approval.

Respectfully,

/s/ Benjamin J. Cayetano
BENJAMIN J. CAYETANO
Governor of Hawaii"

Senator Taniguchi rose in support of the nominee and said:

"Mr. President, I rise to speak in favor of the nomination.

"Mr. President, among the nominee's many achievements, Dr. Gregory Pai holds a Ph.D. in economics from the Massachusetts Institute of Technology and a Master's degree in architecture from Harvard University. He has worked as an economist with the Bureau of Economic Analysis in the U.S. Department of Commerce and has served for six years as vice-president and chief economist with First Hawaiian Bank.

"Dr. Pai has a distinguished history of public service. In 1989 he was appointed special assistant to the governor for economic affairs and was subsequently named director of the Office of State Planning. He is currently an interim commissioner on the PUC.

"In addition, Dr. Pai is active in community affairs, having served as president of the Korean Chamber of Commerce of Hawaii, the American Statistical Association - Hawaii Chapter, and First Night Honolulu. He has served on the boards of numerous organizations, including Hawaii Public Radio, the Honolulu Symphony Orchestra, the Health and Community Services Council of Hawaii, and the Girl Scout Council of the Pacific.

"Dr. Pai's expertise in economic analysis and planning has been invaluable to the PUC in its decision making since a significant number of utility filings involve complex economic issues. Further, his diverse experiences in the public and private sectors have given him a broad and balanced perspective on the issues facing the PUC.

"Dr. Pai's strong points include his extensive knowledge of the regulatory process, dedication, independence, leadership, and a commitment to public service.

"Dr. Pai's supporters include: the chair of the Public Utilities Commission (PUC); the administrative director of the PUC; the Hawaii Korean Chamber of Commerce; the Korean American Bar Association Hawaii; the Hawaii Han-in Sports Association; the Honolulu Korean Jaycees; the Korean American Women's Club; and the Korean American Coalition - Hawaii Chapter.

"The members of the Committee on Commerce and Consumer Protection, after full consideration of the background, character, experience and qualifications of the nominee, have found him to be qualified for the position to which he has been nominated and recommends that the Senate advise and consent to the nomination.

"Thank you."

Senator Kanno then rose in opposition to the nominee and said:

"Mr. President, I rise to speak against the nominee.

"Mr. President, there were a number of concerns that were brought up at the hearing on Mr. Pai's nomination. First, there was the concern of a lack of background in telecommunications -- a concern that the Public Utilities Commission is increasingly needing to address very technical issues and very complex ones having to do with the area of telecommunications and the concern that Mr. Pai does not have the background in that particular area.

"Secondly, there was testimony opposed to Mr. Pai coming from a resident of the Kapolei area. Previously, Mr. Pai served as chair of the Barbers Point Redevelopment Commission and during that time, when he first came on, there were many difficult issues that the community was dealing with, including locating a reliever airport at Barbers Point. Mr. Pai started his term promising many in the community that there would be more input and more time allowed for community discussions during the meetings. During his tenure at the Barbers Point Redevelopment Commission things changed, and the community was left very upset about the way that he conducted

the meetings and the lack of opportunity for the community to participate in the meetings. At times, the community asked to be able to provide comments on issues that were up for a vote before the commission and the suggestion was made to the community that their comments could only come at the end of the meeting, long after the vote. That was a major concern for the community.

"Lastly, the issue which is important to me is the issue of undergrounding of power lines. Mr. Pai indicated that he opposed measures mandating the undergrounding of power lines in residential areas or near schools and child care centers. Secondly, he indicated that in his thinking there is not a means for the Public Utilities Commission to underground a power line and to spread that cost throughout the rate base.

"As the Legislature and the community as a whole have struggled with the undergrounding of power lines, many of us have wanted the Public Utilities Commission to look at these areas. At this point, Mr. Pai has indicated that there isn't a mechanism that would allow for the undergrounding of power lines and the spreading of those costs to the rate base unless there are specific federal funds or other special funds, and that is very troubling. The Public Utilities Commission is responsible for determining whether a power line gets built above ground or underground, and there have been a number of instances where the community has wanted to be a part of the proceedings and have these concerns be a part of the discussion at the Public Utilities Commission. Mr. Pai's nomination unfortunately means that the community will not have a real opportunity to advocate for the undergrounding of power lines.

"As well as the issues about open proceedings, Mr. Pai indicated that the Public Utilities Commission is moving towards a process that will involve the public more. Some of what he said, though, is really about getting information out to the community. I think the community's real concern is being able to have input, real input, into the commission's dealings, have the commissioners listen to the community and have that input be a part of the decisions that come out. Currently, the position that Mr. Pai is taking is that there really will not be the undergrounding of power lines where the cost will have to be passed on to the rate payers, and that's a very unfortunate situation.

"I just hope that if Mr. Pai is confirmed this evening that he takes a little broader perspective and maybe an open mind to the issue, because it is an important issue for our community. To enter into a position as important as a member of the Public Utilities Commission and be closed to the idea of undergrounding of power lines when it's an important community issue, and to have a background where concerns have been raised about public input and concerns about his background in the area of telecommunications, I do hope that he and the other members of the commission will consider the community interest in this area.

"I urge my colleagues to vote 'no.' Thank you."

Senator Hanabusa then rose and said:

"Mr. President, I request that the comments of the Senator from Ewa be reflected in the Journal as if they were my own.

"Thank you."

The Chair so ordered.

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 19. Noes, 3 (Fukunaga, Hanabusa, Kanno). Excused, 3 (Bunda, D. Ige, Iwase).

At this time, Senator Taniguchi introduced Dr. Pai who was seated in the gallery.

At 7:57 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 8:01 o'clock p.m.
