SENATE RESOLUTIONS

The following resolutions (S.R. Nos. 2 to 7) were read by the Clerk and were adopted or deferred:

Senate Resolution

No. 2 "SENATE RESOLUTION ADOPTING THE RULES OF THE SENATE OF THE TWENTY-FIRST LEGISLATURE."

Offered by: Senators Bunda, Hanabusa, English, Chun, Slom.

Senator English then moved that S.R. No. 2 be adopted, seconded by Senator Hemmings.

Senator Chumbley rose in support of the measure with reservations as follows:

"Mr. President, I rise in to speak in support of this resolution, however, with pensive reservations.

“Mr. President and members, I applaud you for the work that you have done on the Rules. However, I would say that we had such an opportunity to make significant changes in this institution to move forward and the Rules that you are proposing here today will take us just one small step. Mr. President, it was my hope that we would be able to make some more substantial changes to these Rules and it’s for those reasons that I do have those reservations.

“I think that the selection of some of the service agencies by members of this body as opposed to the office of the presiding officer is a step forward, however, it doesn’t go far enough. In addition, I believe that the issue surrounding the expenditure of the public funds for this institution is not transparent enough yet. I hope that as we move forward, the public will have an opportunity to look at how this institution spends its approximately five million dollars.

“My final comments, Mr. President, are on issues that were agreed upon in the Majority Caucus with regards to creating transparency, particularly around the development of an administrative and financial manual and, in addition, the Caucus Rules. Those are two steps that we must take, and those are two steps that I hope that we can take relatively fast in consultation with the Minority members.

“Finally, one thing that is absent from these proposed Rules and these discussions is the adoption of a comprehensive ethics policy. I believe it is incumbent upon all of us to agree to a policy that we can abide ourselves to, to raise the level of respectability among the community in this institution.

“It is for those reasons I’ll be voting ‘with reservations’ and I hope that my colleagues would agree that we all work together in adopting those additional components so that the governance of this institution can in fact become more transparent.

“Thank you.”

Senator Chun rose to support the measure and stated:

“Mr. President, I rise in support of the motion.

“Mr. President, I believe this is a very good step forward and, under your leadership, we have been able to open the process more. I don’t believe anybody would quarrel that this is the first time that these Senate Rules have been adopted and discussed in length by all members of the Majority Caucus, and I believe the Minority had a chance to look at that also. So this is a good step and I think, Mr. President, you should be applauded for your efforts in really opening up the process. Yes, there are things in there that other people want which we couldn’t get, but hey, this is the first time open and honest dialogue and discussion has taken place. This is the first time that people were included in the process of adopting these Rules and having good comments about it.

“Mr. President, I think this is a step in the right direction and you should be applauded for the efforts along with everybody else who participated in these discussions.

“Thank you, Mr. President.”

Senator Slom rose to support the measure and said:

“Mr. President, I rise also in support of the Rules, however, I would just like to make a couple of comments.

“These are Majority Rules that were adopted and while the Minority did get information – and I know there was an attempt to make it open – let me remind everybody that we always got

the information after everyone else and it did reduce the time for our input and full discussion.

“Generally speaking, I do like the direction of the Rules. However, I would point out that in Rule 11, Section 2, where the Majority party may establish the Majority Staff Office with a director and a chief attorney, the statement in Rule 11 is that the members of the Minority party may establish a Minority Staff Office consisting of an attorney. I think that we should also have equality in terms of staffing. Also, in the area of proportional representation on committees, I think we need to take a look at that, particularly in committees such as the Ways and Means Committee which, if I count the numbers correctly, we are entitled to another member of the Minority within that body.

“Further, I think that we have gone a long way to try to smooth out the process, but I see that there are some potential bumps along the road in the referral process. Speaking for the Minority, we, too, would like to have a very open process in terms of the internal budget so that the public – who pays all of our bills – has a clear understanding and knows exactly where all the money goes.

“Thank you again for the job well done, Mr. President.”

Senator Matsunaga rose in support with reservations and said:

“Mr. President, I rise in support of the Rules with reservations.

“Mr. President, in addition to the comments made by two of the previous three speakers, I would like also to specifically highlight Rule 83, which says that, ‘If any matter covered in Rule 35 or 36 shall be disclosed by any Senator, the Senator shall be liable to censure, or, by a two-thirds vote, to suspension or expulsion from the Senate.’ I believe that is probably a mistake, Mr. President, because Rule 36 deals with nominations and appointments, and I don’t think that is something that a Senator should be liable to censure, suspension, or expulsion for.

“Also, Mr. President, Rule 84 discusses ‘Questions to State Officers.’ Mr. President, these are Senate Rules; I don’t think we can ask that the cabinet officers be bound by these Rules. I think it should properly read ‘Questions to Senate Officers.’

“Except for those reservations and the comments made by the previous speakers, I will support these Rules.

“Thank you, Mr. President.”

The motion was then put by the Chair and carried, and S.R. No. 2, entitled: “SENATE RESOLUTION ADOPTING THE RULES OF THE SENATE OF THE TWENTY-FIRST LEGISLATURE,” was adopted.

No. 3 “SENATE RESOLUTION REQUESTING THE DEVELOPMENT OF A PLAN THAT ENCOURAGES PARENTS TO BECOME MORE ACTIVELY INVOLVED IN THEIR CHILDREN’S EDUCATION.”

Offered by: Senators Chun Oakland, Kanno, Ihara, Matsunaga, Kawamoto.

No. 4 “SENATE RESOLUTION REQUESTING THE DEVELOPMENT OF A PLAN TO IMPROVE ORAL HEALTH FOR CHILDREN IN THE STATE.”

Offered by: Senators Chun Oakland, Kanno, Fukunaga, Matsuura, Ihara, Ige, Buen, Matsunaga.

No. 5 "SENATE RESOLUTION REQUESTING CONTINUED DISCUSSION FOR A COMPREHENSIVE REVIEW OF CURRENT CHILD PROTECTION LAWS."

Offered by: Senators Chun Oakland, Chumbley, Kanno, Fukunaga, Matsuura, Ihara, Ige.

No. 6 "SENATE RESOLUTION REQUESTING THE DEPARTMENT OF EDUCATION TO CREATE AN ELEMENTARY SCHOOL-LEVEL PHYSICAL EDUCATION PROGRAM."

Offered by: Senators Chun Oakland, Chumbley, Kanno, Fukunaga, Matsuura, Ihara.

No. 7 "SENATE RESOLUTION URGING THE IDENTIFICATION OF INAPPROPRIATE AND PORNOGRAPHIC MATERIAL ON THE INTERNET."

Offered by: Senators Chun Oakland, Matsuura, Kawamoto, Buen.

RE-REFERRAL OF SENATE BILL

The Chair re-referred the following Senate bill that was introduced:

Senate Bill Referred to:

No. 186 Jointly to the Committee on Tourism and Intergovernmental Affairs and the Committee on Economic Development and Technology, then to the Committee on Judiciary

Senator Slom rose on a point of personal privilege as follows:

“Mr. President, I rise on a point of personal privilege.

“You know, I’m having a difficulty with the Governor of our State. It’s something new; it’s just happened. The other day during the State of the State Address . . . I guess I’m having trouble with the Governor and many of his communications directors. The other day, the Governor made remarks here to us in the House Chamber and said that the full text and additional information would be available in a booklet. And then the information was that the booklet had been distributed to all Legislators – more than 200 copies. This is the booklet. (Senator Slom held up the booklet for everyone to see.) I don’t know how many of my colleagues received a copy of this booklet, but people that I checked with had not, including my office, and we asked why. There was the scurrying around between different communications people within the department and we finally got this copy, I guess late yesterday afternoon, which is very interesting. I understand it was printed in-house. My problem is that these statements are made about the release and distribution of information and it doesn’t always jive with what’s happening. That brings us to the case of the Bahamas.

“We learn now that the Governor . . . who at first we were told by the communications director that the Governor was going to the Bahamas to look at the fish tank, and he was going by himself, and he was going economy class too – which conjured up for me the idea of the Governor with a backpack and kind of a bento box, going on the plane. But we were told more than twice that there was no one accompanying the Governor. And now we learn yesterday that in fact the Governor was accompanied. And he was accompanied by the former Superintendent of Education, the former political Chief of Staff of the Governor, the current lobbyist for a gambling organization in the Bahamas, and that in fact they spent a great deal of time talking about gambling and a proposal for Ko’olina.

“Mr. President, I understand you’re going to be introducing legislation in this body and there will be legislation introduced in the House about the gambling issue itself, and I have no

quarrel with that. My quarrel is the kind of information – misinformation and disinformation – that we’re getting from the Executive Branch. If somebody is going to go on a trip, and people are going to accompany them, and the taxpayers are paying for it, then I think everybody has a right to know exactly who’s going with them, who we’re paying for, and what the purpose is.

“I remember, Mr. President, a meeting several years ago during 1998 in San Francisco where the Governor ostensibly was going to talk to the bond rating services, and the outcome of that meeting from a San Francisco hotel was the development of the anti Linda Lingle bill, which was introduced upon the Governor’s return. So as I say, the issue of gambling or the issue of revenue or anything else I think is important and should stand on its own merits and be the subject of public discussion and full disclosure.

“I want to send a message to the Governor and the Governor’s Office that when they send down information about something that happens, we want to make sure that in fact that actually happens and that we get the truth, the truth of the matter.

“I also found it interesting, Mr. President, that the Governor came out two days ago and said that he would veto any bill that would be likely to pass eliminating or reducing the burden on all of our citizens on the general excise tax for food, for medical services, and for rents. Now he’s talking about a possible large source of income from gambling but did not say anything about the trade off of reducing that burden on our residents. So one could only conclude that we would still have the burden; we would still have the social cost of gambling and new sources of revenue.

“I just wanted to set the record straight, Mr. President. Thank you for the opportunity.”
