THE  
 TWENTY-THIRD LEGISLATURE  
 STATE OF HAWAII  
 REGULAR SESSION OF 2005  
 JOURNAL OF THE SENATE

FIRST DAY

**Wednesday, January 19, 2005**

In accordance with the provisions of Section 10 of Article III of the Constitution of the State of Hawaii, the Senate of the Twenty-Third Legislature of the State of Hawaii, Regular Session of 2005, was called to order at 10:03 o'clock a.m., by the Honorable Lorraine R. Inouye, Temporary Chair of the Senate.

At this time, the members of the Senate and guests rose to sing the National Anthem and "Hawaii Pono'i" led by "Keahiwai."

The Lord's Prayer was then sung by Mr. Daniel Kalekini, Jr.

The Divine Blessing was invoked by Pastor Mike Lwin, New Hope Leeward.

Nominations now being in order for a temporary clerk, Senator Tsutsui nominated Paul T. Kawaguchi, seconded by Senator Espero.

Senator Menor moved that the nominations be closed, seconded by Senator Ige and carried.

The Chair declared Paul T. Kawaguchi as Temporary Clerk of the Senate.

Senator Menor then moved that a committee of three Senators be appointed by the Chair as a Committee on Credentials to examine the certificates of election of the newly elected members of the Senate and to submit a report of its findings to the Senate, second by Senator Ihara and carried.

The Chair thereupon appointed Senators Kim, Tsutsui and Hemmings to serve on such committee.

At 10:15 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 10:18 o'clock a.m.

Senator Fukunaga moved that Special Committee Report No.1 be adopted, seconded by Senator Chun Oakland and carried.

The Committee on Credentials was thereupon discharged with thanks.

The Chair then called upon Chief Justice Ronald T.Y. Moon of the Hawaii State Supreme Court to approach the rostrum to administer the oath of office to the newly elected members of the Senate.

Chief Justice Moon administered the oath of office to the newly elected members of the Senate who were standing at their respective desks.

The Roll was then called by the Temporary Clerk showing all Senators present.

Nominations for officers of the Senate being next in order, Senator Kim placed in nomination the name of Senator Robert Bunda for President of the Senate, seconded by Senator Sakamoto.

Senator Baker moved that the nominations be closed, seconded by Senator English.

The motion to close the nominations was then put by the Chair and carried and the Temporary Clerk was directed to cast a unanimous ballot for Senator Robert Bunda as President of the Senate.

The ballot having been so cast, Senator Robert Bunda was declared unanimously elected President of the Senate of the Twenty-Third Legislature of the State of Hawaii, Regular Session of 2005.

The Chair then appointed Senators Kim and Hemmings to escort the President to the rostrum and the President addressed the members of the Senate and guests as follows:

“Lieutenant Governor and Mrs. Aiona, Chief Justice Moon, Mayor Baptiste, Mayor Kim, Congressman Abercrombie, Congressman and Mrs. Case, Former Governor and Mrs. Ariyoshi, Former Governor and Mrs. Waihee, Mrs. Cayetano, Superintendent Hamamoto, General Renuart, Rear Admiral Alford, Colonel O’Neal, Colonel Killian, esteemed colleagues, honored guests, ladies and gentlemen:

“Aloha and welcome to the 2005 Regular Session of the Hawaii State Legislature.

“My friends, it’s been a while since we’ve convened in an atmosphere of optimism about our economy. As we open our Session, the national economy is strong and our local economy is enjoying steady growth fueled by tourism, construction, defense spending and agriculture. Each new quarterly report on tax revenues seems to validate confidence in our future.

“But while we here in the Legislature may have reason to feel optimistic, what is the mood of people working to make a living beyond these Chambers? Do our immediate concerns over a balanced budget line up in any way with the concerns of parents balancing their family checkbook? Perhaps, in this period of a relatively stable economic outlook, we Legislators

should look beyond the necessary but predictable legislative agenda. We will soon examine various proposals to deal with our traffic problems, our inadequate supply of affordable housing, environmental challenges and continued educational reform, to name a few.

“Perhaps we need to adopt a guiding principle that will unify us in our work this Session. A mantra, if you will. One that will help to put our work in perspective and make it more relevant to those who elected us. Rather than suggest it outright, let me illustrate it through the story of one individual living here in the islands. For the moment, let’s just call him ‘M.’

“‘M’ is a young local boy who married his high school sweetheart. They have a six-year-old son, with another child on the way. Both he and his wife have to work full-time just to make ends meet. But skyrocketing gas prices only made things worse – and then, last month, their landlord told them, he was raising their rent for the new year. Their food bill is also rising, in spite of trips to Costco and Wal-Mart. They rent an apartment in Leeward Oahu and have been putting away a little each month to buy a house. They thought that was within reach and started to look at homes in Central Oahu early last year. Then home prices went through the roof. With a second child on the way, ‘M’ and his wife were faced with a tough choice – do they continue to chase their dream of owning their own home, or begin the long task of saving for college tuition?

“And that’s where we have to leave them. It’s an unfinished story that will not attract much attention, nor grab headlines. It never does. It’s a story that’s not dramatic enough. It is not tragic and it is not heroic. In fact, you could almost say it’s downright mundane. But you know what? It’s a story we can all empathize with and one we all share, because the story of ‘M’ is the story of ‘M’ost of us.

“We are the great majority – the, quote/unquote, middle class. Even that classification doesn’t engender much excitement. But it’s a story whose time has come. Whether we are talking about the carpenter building a home in Mililani or the office worker in Lihue.

“All of us here in the Senate come from various backgrounds, and a few of us even belong to a different party, but we have one thing very important in common – we are solidly middle-class citizens. We have to pay bills and pay taxes, most of us have to save to put our children through college, and some of us are paying to support our aging parents. We are part of the mainstream of middle class citizens that advocate family values and value community service as a civic duty. Our personal story should be reflected in our decision-making as Legislators – for that is representative government at its best.

“We are a nation of immigrants, and Hawaii is one of its most successful models. Since the middle of the last century, government in Hawaii has a history and tradition of looking out for the little guy – the guy on the bottom rung. We have a responsibility and duty to continue to do that, and we will, invoking the best of our traditions in Hawaii – the Aloha Spirit.

“But something else has transpired here over the last several generations. As a society, we have by-and-large succeeded through the politics of inclusion. The children, grandchildren and great grandchildren of our immigrant forefathers are now a part of our middle class majority. In the process, they have changed the face of Hawaii. Unfortunately, we in government have been slow to respond to the needs of this changing population. A very broad cross section of our population has

for a very long time been feeling the pinch – the pinch of being left out of the picture.

“Does this sound familiar? You don’t qualify for government assistance, whether it’s for food, housing, higher education or tax relief. But, as a taxpayer, you shoulder the bulk of the cost of society, whether it’s paying for highways, schools or sewer lines. Two recent studies show that the majority of Hawaii’s working families is falling victim to an income gap where income levels are not keeping pace with the cost of living in the islands. Your grocery bill is 52 percent more expensive than the national average. Gasoline is 32 percent more expensive than on the mainland. And Hawaii’s housing prices are more than double the national average.

“How can government help you, even while we are taking care of those who still need to be brought into our circle of inclusion? For most of us, education was our ticket to upward mobility. In today’s fast changing, technology-driven world, education continues to be the key to success for our children.

“Last session, we carefully approved major educational reform – not change for change sake – but real reform towards more efficient and effective governance of our school system, including the repair and maintenance of our school facilities. Now, we must continue our efforts to put more power into the hands of those who have the best working knowledge of the system – the superintendent, who in turn is able to delegate more authority to principals who ultimately empower our teachers in the classroom. While our schools prepare our students for college, middle-class parents are bracing themselves for the cost of higher education. With tuition increases a certainty at the University of Hawaii next year, we must ensure access to scholarships and tuition waivers to help our local families.

“Government can also help those in the middle by making it easier for them to go to and from work. And while potholes need to be filled, it is not only potholes that are slowing down and tying up traffic. A solution to our transportation problems on all islands has eluded us for many, many years. Every attempt has fallen short, despite the best efforts of many people.

“Therefore, I am proposing the formation of a statewide transit authority to oversee the development, financing, construction, and operation of a mass transit system in each county. The shape that the system would take for each island might differ. But a statewide transit authority would provide the financial muscle, coordination, and intrastate cooperation that would bridge differences in philosophy and geography, to bring tangible solutions to our communities. With the participation of each county, the transit authority would provide the forum and bear the ultimate responsibility for finding transportation solutions for each island. Whether it’s rail or otherwise, there is one thing that we all know: Our traffic woes will not remain status quo, and neither can our response.

“Perhaps our greatest challenge is to provide adequate housing for our people, particularly our middle class families. Currently, only about 55 percent of our residents own their own homes. That ranks Hawaii as the third lowest state in the country when it comes to homeownership.

“During the interim, the Senate Task Force on Affordable Housing toured the state for a first-hand look at the issue and will be proposing initiatives this Session to help our first-time homebuyers. We need to provide not just hope for them, but definitive actions that will bring homeownership within their reach.

“But in the long run, the price of a home is a function of supply and demand. Here in Hawaii, with a scarcity of land, we are essentially talking about supply. That is why we need to look closer at how we make lands for home construction available, even as we provide safeguards to protect the natural beauty of these islands.

“In 1978, the people of Hawaii approved a constitutional amendment to preserve and protect agriculture. All lands were categorized or zoned, based on its most appropriate use. The Land Use Commission was established to oversee land use issues. But that was 27 years ago. Times and this State have changed, and so have the needs of our families.

“Is the Land Use Commission functioning in the best interest of our people today? Are the zoning categories doing what they were meant to do? Do some of its functions belong more appropriately with the counties? I think it’s time for a major and comprehensive review, to look for better ways to provide housing for our people while protecting the aina.

“Finally, and perhaps most importantly, I firmly believe we need to review the tax burden of our citizens in the middle.

“Also established by a constitutional amendment, the Tax Review Commission is mandated to periodically review our overall income tax structure. In its last report to the Legislature in 2002, the Commission once again recommended increases in both the standard deduction and personal exemptions. As the Commission critically stated, our State income tax brackets are so compressed that people on public assistance pay income taxes while the highest marginal rate for married taxpayers filing jointly begins when their taxable income reaches \$80,000.

“Today, the median income of a family of four in Hawaii, with both parents working, is around \$70,000 a year. If that same middle-class family earned a mere \$900 more a month, they would be taxed in the same bracket as a family with an annual income of \$900,000!

“So let me put it to you this way: Two experienced school teachers with a combined taxable income of \$80,000 would be taxed at the same rate as one of our top CEOs here in Hawaii. This, ladies and gentlemen, is simply not fair. Maybe it’s time for a tax cut for the middle class. Maybe it’s time to review the entire system.

“By adjusting the brackets upward, we would not only bring our tax laws more in line with economic realities in Hawaii but it could also provide long-term tax relief to our middle-income families. This brings me back to my point at the beginning of this speech – the mantra, if you will, that should guide us in our decision making. We need to grow and protect our middle class.

“If we don’t address all of these needs – the needs of the majority – we in Hawaii will become increasingly a society of haves and have-nots. Even now, we are seeing signs that we are fast becoming a playground for the world’s ultra rich. The multi-million dollar homes once limited to Oahu’s Kahala Avenue have been joined by equally expensive homes on Maui, Kauai, and the Big Island.

“At the other end of the spectrum, if we do nothing, many will slip out of the economic middle class and become part of the have-nots, placing an even greater burden on government. They are the ones who have fallen between the cracks and who do not qualify for a wide range of government and private assistance programs. They are the ones lost in the invisible middle ground of our society.

“We have an opportunity to remove existing impediments so that they can earn a decent living, make a home for their families, and provide quality education for their children . . . so that their children, too, can confidently pursue the American dream, and know that it is attainable – not only by heroic measures, but by measures achievable by all of us.

“Mahalo and Aloha.”

Senator Hemmings, Minority Leader of the Senate, then responded as follows:

“President Bunda, esteemed colleagues and distinguished guests, and most importantly the people of Hawaii – Aloha.

“We have reasons to be optimistic, Mr. President. You’re so correct. Record numbers of workers are employed, business is growing, and as a result, tax revenues are up. In these times of economic prosperity, besides counting our blessings, we must lay the foundation for enduring prosperity. The Old Testament tells us of a very wise Joseph, son of Sam Slom, I mean Jacob, (laughter) counseling the Pharaoh of Egypt during the seven years of plenty to prepare for the inevitable years of famine. So it must be. Wise leaders see beyond today. Let’s be wise. If we are to meet the challenges of continuing prosperity, we need to capitalize on everyone’s talents. The loyal opposition in this political process chooses to be proponents rather than opponents. On many significant issues, we all stand on common ground. Today and throughout this Session, let’s work to capitalize on that which we hold in common.

“Last Session, the executive branch of government emphasized conservation and fiscal responsibility. Yes, for many years we balanced the budget by juggling the books and raiding funds designated for specific uses. For the first time in many years, we can implement a state budget that lives within our means. The Governor has proposed a budget that does just that. Let’s work together to make it happen.

“It should be noted that the Council on Revenues has projected a huge increase of state revenues from the original estimate. Having heard that, many special interest groups are clamoring to spend the money. It has already been spent. In the six-year budget plan, the Office of Budget and Finance told us last year that we face well over \$200 million in new obligations, including a \$160 million in increased debt costs, \$70 million more to increase public employee fringe benefits and the list goes on. The point is any increase in tax revenues has already been spent. Let’s not lose sight of the goal of having government live within its means.

“Mr. President, I’d like to add parenthetically to my prepared remarks. What music it is to our ears here in our Caucus to hear you talk about a tax cut. We know by prior experience that tax cuts do grow an economy and result in increased revenues to governments, something Adam Smith said 200 years ago. Mr. President, if the Majority is serious about tax cuts, Republicans have bills ready to go. We want to help you. It is prudent for each of us as Legislators to recognize that we cannot fund everything. We must have the wisdom and integrity to set priorities and then have the courage to stand by them.

“Once again we stand on common ground. We agree that education reform is not a moot issue. Last year this Legislature ‘reinvented education.’ Although we may not agree with some of the methodology, we can agree on the goal and recognize that public education needed change. Last year’s reinventing education was the start, not the end, of reforming our public education system. After years of hearing that increasing spending was going to solve our education problems, it’s so important to recognize that simply increasing the budget will

not necessarily yield improvement. The education budget of nearly \$2 billion is proof that Hawaii’s taxpayers are most generous when it comes to funding education. Management, not money, is the key to improvement. The collapse of a ceiling at Kailua Elementary is grim evidence of years of neglect of repair and maintenance of our schools. Keeping our children safe, especially in schools, must be a priority. Once again, the ‘system’ of fixing schools is time consuming and expensive. Let’s make sure that repair and maintenance money ends up fixing schools, not sustaining a government program with a fancy name.

“Regardless of political labels, we can focus on solutions that work. That is why Senate Republicans will be asking this Legislature to authorize the creation of more charter schools. A recent audit and ongoing challenges of charter schools should not deter us. The evidence is overwhelming that, despite inconsistent funding and other trials and tribulations, charter schools have succeeded in: (1) improving student achievement especially with our Native Hawaiian children; (2) providing for flexibility to meet differing demands; and so importantly (3) involving parents. These schools represent the ultimate decentralization, the ultimate empowerment of principals, teachers and parents. Our quest is simple – increase the number of charter schools and streamline the system for creating them.

“Now lets talk about traffic. Traffic congestion steals our time, and tests our patience. For too long, many have been led to believe that a multi-billion dollar fixed railway on Oahu is the only solution. I will guarantee you that a solution will do absolutely nothing for the neighbor islands and more than likely would be an economic abyss. There are immediate solutions that can be ultimately very positive and impact gridlock favorably. These solutions would cost relatively little and could be implemented quickly.

“For instance, after years of debate, our state transit authority commonly called the Department of Transportation opened the Nimitz contraflow lane. Even prior critics are now lauding the change. The same was done on a trial basis for the Lunalilo H-1 ramp. The Department of Transportation cordoned off the Lunalilo onramp at rush hour eliminating crossover congestion. Ask anyone from East Honolulu and they will confirm the positive effect of these changes. Castle Junction on the Windward side is much more expeditious with the improvements there.

“Experience has shown that with bold leadership, immediate improvements can be made all over the State in each of our Senatorial districts. Traffic statewide, but especially on Oahu, can be expedited with common sense, small, inexpensive, but significant, changes. Let’s eliminate gridlock to make them happy.

“We have common ground on another important issue, Mr. President and colleagues. Last year this Legislature passed Senate Concurrent Resolution 135 that called upon the Governor to convene an affordable housing task force. We have a report and subsequently the Senate has instituted a bipartisan committee to further investigate the issue. Once again, we agree on the goal of making affordable housing a reality. More importantly, we can agree on some of the solutions reiterated by the task forces. This Legislature should reduce the long and tedious permitting process for housing projects. Mr. President, we agree the State Land Use Commission has been clearly identified as a costly regulatory barrier. We don’t need to study it. Let’s eliminate the State Land Use Commission and allow counties to control their destiny over land use.

“We can agree that public/private partnerships can work. Certainly the state has the land and those in the building and trades workforce have the talent to build low-cost housing for those who qualify. Let’s provide the incentive to create public/private partnerships necessary to get the job done. Senate Republicans recognize that there are a myriad of reasons for homelessness and we must remember them all when looking for solutions. Economic hardship, substance abuse and even mental health issues are all pieces of the problem. To help us reach the laudable goal of housing for everyone, for all our families, solutions must be equally as diverse.

“Senate Republicans will be introducing legislation to facilitate a Constitutional Convention in 2008. We recognize that judicial activism has often preempted legislative intent. Laws should come from the Legislature elected by the people, not from the benches of our judiciary. We have seen empirical evidence increasing ‘ballot initiatives’ that are needed to override judicial decisions or activism, as some would call it. Some people would say that a few of the codicils in our Constitution need to be eliminated altogether. Whatever your opinion may be, isn’t it time for a Constitutional Convention.”

At this time, Senator Hemmings paused to drink some water, then continued:

“It’s amazing that with some of the purist water in the world, we drink bottled water. (Laughter.)

“Mr. President, colleagues, all of us in this Chamber believe that Hawaii is a special place. We can find ways to work together to make sure Hawaii doesn’t lose its magic quality we call ‘aloha’. Senate Republicans represent the dreams, hopes and aspirations of many people in Hawaii. Once again, we will not abandon the principles that bind us together. Our belief is that the people should reign supreme over government. We will respect the rights of victims and society to supercede the alleged rights of criminals. We reaffirm that the chief regulator and beneficiary of a healthy economy should be all the people of Hawaii, OUR constituents.

“I close by emphasizing that there is much more that binds us together than tears us asunder. I know that the diversity of Hawaii’s people, Hawaii’s gifts of nature, and the undeniable spirit of individual freedom is indeed our strength and our future. Aloha.”

At 10:56 o’clock a.m., the Senate stood in recess subject to the call of the Chair. At this time, the members of the Senate and their guests were entertained by the “Makaha Sons.”

The Senate reconvened at 11:16 o’clock a.m.

The President then announced that nominations were in order for the office of Vice President of the Senate.

Senator Taniguchi placed in nomination the name of Senator Kim for Vice President of the Senate, seconded by Senator Kokubun.

Senator Hooser moved that the nominations be closed, seconded by Senator Nishihara.

The motion was then put by the Chair and carried and the Temporary Clerk was directed to cast a unanimous ballot for Senator Kim as Vice President of the Senate.

The ballot having been so cast, Senator Kim was declared unanimously elected as Vice President of the Senate of the Twenty-Third Legislature of the State of Hawaii, Regular Session of 2005.

Senator Bob Hogue and Representative Chris Halford presented Governor Lingle with leis.

The Speaker then presented to the members of the Twenty-Third Legislature and guests the Honorable Linda Lingle, Governor of the State of Hawaii.

The Governor addressed the Joint Session as follows:

"Mr. President, Mr. Speaker, Lt. Governor and Mrs. Aiona, members of the Legislature, cabinet members, Chief Justice Moon and the other Justices of the Supreme Court, Chair Apoliona, Governor and Mrs. Waihee, Governor Ariyoshi, distinguished guests, members of the consular corps, military leaders, and to the people of Hawai'i . . . good morning and aloha.

"It is so good to be home after a few very cold days in Washington, D.C. where I attended the inauguration of President George W. Bush.

"My trip to our nation's Capitol meant I had to miss the Legislature's opening day ceremonies but I read with great interest the speeches presented by both parties' leaders on that important day. I was encouraged by the new ideas, the willingness to discuss previously proposed solutions, and the call for collaboration.

"Similarly, I was encouraged earlier this month by the gracious invitation from the Senate President and House Speaker to meet with Democrat leaders to discuss the 2005 Legislative Session. Their willingness to sit and talk about procedural matters as well as some of the important issues facing our state added to my already hopeful and optimistic feeling about the future.

"Most people across the state are feeling optimistic as well. Consumer and business confidence levels are at all-time highs. People see good things ahead, and believe the future is bright.

"But before looking to the future, let's glance back at the road we've traveled these past two years because that is the source of much of the optimism we are all feeling about the future.

"Over the past two years we overcame state budget deficits in the hundreds of millions of dollars without laying off state workers or cutting important services. Fiscal prudence and the willingness to make tough budget decisions were fundamental to this achievement.

"At the same time, our economy has entered a period of growth and prosperity.

"There are many new opportunities available to us, including those created last year when Hawai'i became only the second American state granted a tourism and trade office in China.

"Our leadership role in the Asia-Pacific region is growing stronger as evidenced by the 1,000 people from more than 40 countries who participated in our 2nd Annual Homeland Security Summit.

"And some of the world's most respected companies – Sanyo, Intel and Ebay – have established captive insurance companies in our state.

"You can feel the energy and enthusiasm on the street, from the opening of the new medical school in Kaka'ako to the companies being created and flourishing at the Natural Energy Lab in Kona.

"We are feeling good about ourselves again. But it's more than just a feeling. You can see it in the numbers.

"Nearly 29,000 new jobs have been created in the last two years. That means more opportunities for our sons and daughters, and a chance for those who left to come home. We had the lowest unemployment rate in the nation for much of last year . . . including being lowest for five months in a row.

"Visitor expenditures reached an all-time high of \$10.3 billion. Congratulations to the visitor industry, which ended 2004 by attracting almost seven million guests to our shores, an increase of 8.3 percent over 2003.

"Investor confidence is also high, and the construction industry is booming. Private building permits authorized during 2004 are estimated to exceed \$2.7 billion, 15 percent higher than 2003, which was previously Hawai'i's best year ever.

"This long-awaited and welcome prosperity understandably bolsters our confidence. It creates optimism and it offers us many new and exciting opportunities. But it also brings challenges.

"We cannot let the sparkle of economic vitality blind us to the needs of thousands of our fellow citizens across the state. The growing prosperity I just described has not been fully enjoyed by all. And as the economy has heated up, so has the cost of living.

"There are too many families in our state struggling to survive and too many families just a paycheck away from moving in with relatives or living on the beach. It's hard to be optimistic when the price of rent, food and medical care is going up faster than your wages. And it is hard to be hopeful when you are focused on just getting by.

"Finding ways to ease the impact of the increased cost of living should be one of the first orders of business during this Legislative Session. Ignoring this problem is ignoring the obvious. And the obvious will not just go away. And neither will the families that need our help.

"I want to use some of the revenues generated by our recent prosperity to pay for a modest yet important \$63 million tax cut over the next two years for individuals and families with low to moderate incomes.

"These tax cuts include increasing take-home pay for lower income workers by raising the income tax standard deduction over the next three years to one-half of the federal standard deduction. Passage of this bill means 27,000 people will no longer have to file state tax returns, and 78,000 more will see their taxes reduced.

"This is the single most important thing the Legislature can do if they want to help those individuals and families who are living paycheck to paycheck.

"In addition, I am proposing a new food and medical tax credit that will benefit 515,000 people or 40 percent of the state's population. The credit can be claimed by individuals and families earning less than \$40,000 a year.

"I will also be increasing cash payments to low income families who are currently receiving public assistance.

"To reward work and encourage self-sufficiency, I will eliminate the current practice of reducing welfare benefits for parents who go to work to help support their families. This policy change will transfer as much as \$58 million during the next two years from our Temporary Assistance to Needy Families reserves directly to an estimated 10,000 working parents, increasing their cash income by an additional \$200 to \$240 per month.

"These three proposals to increase take-home pay for lower income workers should also be viewed as a way to prevent

further homelessness and to help some that are currently homeless regain their dignity.

“One of the most basic needs for any human being is a decent, safe, affordable place to live.

“Our robust real estate market and lack of adequate support services for the chronically homeless mean this basic need is not being met for too many of our fellow citizens. This is a very big problem that I really believe we can solve if we’re willing to be focused, collaborative and smart about the solutions. We certainly all agree it is one of the very biggest problems we face and one that we cannot ignore any longer.

“This is a problem that requires collaboration between the state and counties and between the government and the private sector. When I challenged the business community last summer to join us in our efforts to deal with the lack of affordable housing, they answered that call.

“We met throughout the fall with developers, financial experts, homeless providers and others to come up with a spectrum of solutions.

“I am proposing a comprehensive plan that will help us create more affordable housing, preserve existing affordable rentals, and provide additional services for the homeless while living within our means. The plan includes financial incentives for private developers, faster government approvals, an increased funding source for new affordable rentals, as well as new funding to repair existing public housing.

“This new law, which so many others have helped to develop, is called the Affordable Homes Act of 2005. The Act includes tax credits of up to \$4,000 for each of the 2,500 affordable units completed by December 31, 2007. We want to reward builders who complete affordable units that are ready for families to occupy.

“In addition, the Act streamlines the cumbersome government review process that has slowed the development of affordable housing and increased the costs of both for-sale and rental projects.

“The Act doubles the amount of the existing conveyance tax transferred to the Rental Housing Trust Fund without raising the tax. And it prohibits the future transfer of any money from any of the state’s housing funds.

“Since 1995, more than \$200 million has been transferred from eight state housing funds to the General Fund. Those transfers have contributed to the housing shortfall we face today.

“As you may have read, we have set an ambitious goal of adding 17,000 affordable units to our housing stock over the next six years. To meet that goal we will need to first admit that government cannot achieve this on its own. Then we will need to work together – Administration and Legislature; public and private sectors; federal, state and county governments.

“We cannot afford to fall short of meeting such a basic need as housing. And we can never, ever accept that this is a problem that will simply always be with us.

“I am glad to report to you that we are already making modest progress.

“The Department of Hawaiian Home Lands last month broke ground for the largest affordable housing project in its 80-year history at the Villages of Kapolei. Already we have identified

state lands that can be used for public-private partnerships to create affordable housing, and we are moving to develop those lands.

“There will be many affordable housing groundbreaking, both public and private, in the years to come, and I invite you to be there with me at all of them.

“Affordable housing will be remembered as the issue that brought us together and served as the catalyst for a renewed sense of community responsibility. I look forward to working with you on this important issue. It will be our chance to show government at its very best.

“I believe that government’s role in helping its citizens achieve a good quality of life is more expansive than just affordable housing and tax relief.

“To be able to live a good life, people must have the training and education for the kinds of jobs that pay enough to do more than just get by. People need to earn enough to be able to take a family vacation, save for their children’s education, and retire with dignity.

“When I stood before you last year, I called for dramatic reform of our public education system. The debate that followed was good for our schools and ultimately good for our entire state. But the debate didn’t place much focus on preparing children for success before they enter the formal education system.

“Study after study has shown that early childhood education is a key to success later in life. State, federal and private funding for childcare and pre-school programs in Hawai’i totals nearly \$100 million a year, and yet many working families forego quality childcare because they simply can’t afford it.

“In addition, the existing pre-school programs cannot keep up with the demand. This means that too many children are entering the school system without the basic skills they need to survive.

“To provide more support for these children, their families, and our existing pre-schools, I am launching the Early Childhood Education Initiative.

“This initiative will enable 3,000 more children, ages 3 and 4, to attend high-quality, fully accredited pre-schools. It is a multi-pronged approach that provides financial assistance for ‘gap group’ families, monetary incentives to pre-schools that adopt quality content standards, incentives for providers who attend training beyond existing licensing standards, and support for more adults to enter the early childhood education profession.

“Last year’s education debate also didn’t focus much on charter schools, an extremely important and exciting option for students and parents who feel the traditional public school system is not meeting their needs.

“I have visited charter schools all across the state. Each and every time I visit one of these schools, I come away feeling excited both by what I see and by what I envision they could be if they had sufficient resources. These schools present opportunities for their students, and they fill me with optimism about what public education can be.

“Charter schools deserve a lot more focus and attention this Session.

“A recent state audit urged the Legislature and the Board of Education to create a panel to improve the charter school law.

“After many hours of meetings and conversations between my staff, charter school officials, teachers and parents, we have crafted the Charter School Opportunity Act.

“This comprehensive improvement in the treatment of charter schools will first and foremost assure them a fair share of the state’s education funding. In addition, it lifts the cap on the number of charter schools, adds additional chartering authorities and sets strict oversight standards.

“It also creates a non-contiguous school district which charter schools on all islands can be part of. A recently released study mandated by the Legislature concluded that such a charter school district is a ‘potentially meaningful education reform strategy.’ Becoming their own district will enable charter schools to compete directly and receive federal funds that currently must pass through the Department of Education.

“Last August I had the opportunity to visit a model charter school in Manoa at the former Paradise Park. The students from that school, Halau Ku Mana, and their teacher, Keola Nakanishi, are with us today. Please welcome them. (Keola Nakanishi and the students rose to be recognized.)

“Charter schools have become an important option for many parents, and their children who were struggling in the traditional public school system, and they have been instrumental in meeting the needs of Native Hawaiian children as well as students with special needs.

“Let us work together to nourish these schools and to allow as many to flourish as there are parents, teachers and students with a vision to make them work.

“We are all well aware that the higher paying jobs of today and tomorrow more often than not will require training and education beyond the high school level. It is imperative that we begin providing adequate resources to the University of Hawai‘i – both the four-year campuses and the 10-campus community college system. This investment is our best hope for meeting the higher education needs of our residents and contributing more than lip service to the University’s role in diversifying the state’s economy.

“The University is poised to make steady and significant progress as a center of excellence in the coming years under the leadership of the Board of Regents and its new President, Dr. David McClain. President McClain has stepped forward to lead the University at one of the most challenging and exciting times in its history. I ask him to rise and be recognized for his commitment to the University and to the people of Hawai‘i. (President McClain rose to be recognized.)

“My proposed biennium budget earmarks \$20 million in new scholarship funds for the University to ensure that all who can meet the standards and want a higher education can get one. I have also budgeted an additional \$25 million for ongoing operations in order to meet what the University believes are its highest priorities. This \$45 million infusion of additional funding is the largest in University history.

“Also, I have set aside \$80 million to rebuild and replace deteriorated buildings to ensure that our campuses are safe and well maintained. I’ve included \$20 million to build the long-promised Hawaiian Language Building at UH-Hilo.

“Beyond this, I am proposing tax credits that promote partnerships between the University and business in order to

foster world-class research that creates commercial spin-offs and the opportunity for higher paying jobs.

“Besides this new state funding, there are existing resources we can tap to make certain our workers are able to meet the demands of the 21st Century, and reap maximum benefit from our expanding economy.

“In the wake of 9/11, the state received millions of dollars in federal funds to support employment-related programs. I am requesting that the Legislature authorize us to spend \$20 million of that money on The Workforce Development Act, which will improve access to job training for workers across the state so businesses have the workforce needed to take full advantage of the growing economy.

“In addition to providing training and educational opportunities for our residents, we must continue building a business environment in which they can succeed. We have done much to improve the business climate over the last two years, but we can do more.

“Our Department of Commerce and Consumer Affairs has cut fees and assessments that will total \$10 million by the end of this fiscal year, and I want to give them the flexibility to make more cuts in the years ahead. Also, our new Hawai‘i Business Express on-line business registration program is a big success and is being well used by businesses on all islands.

“But there are more fundamental business issues we need to address this year.

“First, I want to stem the outflow of successful start-up companies by increasing investment capital. I am asking you this year to implement the State Private Investment Fund that you passed in outline form last year. This novel investment approach will provide financing to take promising companies beyond the start-up stage.

“And, in response to the business community’s plea for reform of the Workers’ Compensation system, I am again introducing a balanced, common sense package of changes that will bring costs under control while ensuring that workers receive the benefits they need.

“The current system is costly and ineffective. In fact, Hawai‘i’s Workers’ Compensation System was highlighted as one of only eight to receive a failing grade in a recent national survey – a ranking that will surely stifle future economic growth and prosperity unless we take meaningful action this year.

“Additionally, I will propose \$196 million in tax savings for businesses, by lowering the unemployment insurance tax wage base. This action will provide more money for Hawai‘i’s businesses to increase employee wages, expand benefits and create additional jobs in the private sector.

“An issue you identified on Opening Day, traffic, has become a significant drain on the economy as well as on the quality of our personal and family lives. There is no single, easy answer to this daily frustration.

“Our Department of Transportation has taken steps to reduce and manage traffic through various projects, but it is not enough and we know it. The Department knows this is a problem that affects a majority of people in the state each day.

“It will carry out a combination of new programs, such as the Freeway Patrol Service that will begin by late summer, as well as major highway improvement and expansion projects on all islands.

"I am honored that we are joined today by the state's mayors, including Honolulu's new mayor, Mufi Hannemann. Our transportation director, Rod Haraga, has already met with the mayor and I look forward to working closely with him as we address traffic issues in Honolulu. Both Mayor Hannemann and I have been supporters of mass transit on O'ahu and his election offers us an opportunity to look at that issue again.

"The final point I will make on traffic is to inform you of my decision not to use money from the State Highway Fund in order to balance the general fund budget even though you authorized that transfer last year. In my travels around the state, the voices of our residents have been loud and clear. They want the existing roads fixed and they want solutions to our traffic problems.

"The Department of Transportation is working hard to keep Hawai'i on the move, but we need to use this highway money for repair, maintenance and construction of our roads and highways, and for no other purpose.

"In an island state such as ours, an integrated statewide transportation system is more than just highways. We are committed to investing \$40 million to be repaid over time by the proposed Superferry that will provide a new inter-island passenger, cargo and vehicle transportation alternative. I believe this project can reinvigorate economic activity between the islands that has been stifled by rising inter-island airfares. And it can bring families closer together because of its lower price to travel from one island to another.

"Being responsive to the public's needs means thinking ahead and preparing for challenges we know are coming.

"We face a growing problem as more of us reach the age when we may require long-term care. This is a problem we have talked about for a long time. Today, 127,000 of our residents are 70 years or older. By 2025, that number will be 209,000, a 64 percent increase. We ignore this fact at our peril. Time will not stop while we search for the perfect solution.

"I am proposing that we give incentives to individuals who take personal responsibility for their later years by purchasing insurance. I am suggesting a tax credit of up to \$1,000 per year for persons who purchase long-term care insurance, and I want to provide tax incentives for employers who purchase such insurance for their employees.

"Along with these incentives, we will encourage the purchase of insurance plans that pay for In-Home Care so our senior citizens can remain in their own homes instead of nursing home care being their only option.

"Another important step we need to take in order to protect our kupuna, as well as the community, is to get tougher on crime.

"The Law Enforcement Coalition of Hawai'i, under the able leadership of Attorney General Mark Bennett, has proposed measures to protect our kupuna, keiki and communities from sex offenders, drug dealers and career criminals. I pray the Legislature will take action this year to support our law enforcement personnel in their efforts to keep Hawai'i safe.

"I've talked this morning about a variety of subjects ranging from tax cuts and affordable housing to early childhood, charter school and university education to economic development, traffic, long term care and crime. But I don't want to end without mentioning our fellow citizens who are serving in the

regular military, reserve and National Guard, especially those serving in combat zones.

"Both the Administration and the Legislature will offer specific bills this Session to help the military and their families.

"Some of our military families are with us today. It is with a great deal of pride that I ask you to join me in expressing our gratitude for their daily sacrifices. Please stand and be recognized. (The military families rose to be recognized.)

"These tax relief and other measures to help military families are important gestures for us to make. They express our gratitude to those who risk their lives on our behalf. But I believe there is something far more significant we can do to honor the sacrifice they are making for us, our state and our nation.

"We can honor their service by minimizing the politics this Session and by keeping our focus on their families and families across our state.

"Not many expected that the first year or two with a new governor would go very smoothly, and the public has been patient with us. The people have given us a couple years to get to know each other and now they want results. They want creative thinking and bold actions. They want what they have paid for – elected officials who put the public first. They want leaders who compromise to achieve common goals.

"This is such an exciting time in our state's history. I don't know how you can look ahead and be anything but optimistic and hopeful. No one who's paying attention can fail to see the golden opportunities that lie before us. This is our time – yours and mine. Let's not squander these opportunities.

"We have the compassion to help those most in need, the will to meet the challenges of our times, and the intelligence to craft effective solutions to our problems. And after two years of conservative fiscal management and a strengthening economy, we now have the resources we need to fund a variety of solutions.

"When future generations look back at this time, I believe they will see it as a period in our history when we regained confidence in ourselves and our ability to meet any challenge.

"It will be seen as a time of renewal of all that is best about Hawai'i. It will be remembered as a time of renewed respect for our host culture and the fulfillment of obligations to Native Hawaiians.

"It will be seen as a time when environmental protection was approached with seriousness of purpose and sufficient resources.

"It will be recalled as the point in our history when we stopped trying to control business and instead unshackled businesses so they could compete and flourish in the global economy.

"It will be recollected as a time when the University of Hawai'i reached its full potential as an esteemed institution of higher learning with access for all who dreamed of education as the path to a better life.

"And it will be recognized as a time when leaders were wise enough to understand that we needed both to invest in the future while caring for those who needed our help in the present.

“So throughout the Session, let’s keep our soldiers, airmen, sailors, marines and coast guardsmen in the forefront of our minds. They are putting their lives on the line so that we can practice our democratic form of government. Let’s honor their sacrifice by giving this Session our maximum effort, and by always putting the needs of our residents ahead of any special interest.

“It has been said that ‘Destiny is not a matter of chance; it is a matter of choice.’

“Let’s make the right choices this Session – for our aina, for our people, for our future.

“God Bless the people of Hawai`i, and God bless the United States of America.”

Senate President Robert Bunda then rose and stated:

“Thank you, Governor Lingle, your proposals will certainly generate much discussion in the weeks ahead. All of us in this Chamber stand ready to work with you for the good of the people of Hawaii. Our job, like yours, is to serve the people. Let us begin the work of the 2005 Session and let’s keep in mind that communication is a two-way street and let’s avoid any kind of head-on collisions.

“I declare that this Joint Session is now adjourned.”

At 10:45 o’clock a.m., President Bunda declared the Joint Session adjourned.

On motion by Senator Hee, seconded by Senator Hogue and carried, the report of the Committee was adopted and S.B. No. 543, entitled: "A BILL FOR AN ACT MAKING APPROPRIATIONS TO PROVIDE FOR THE EXPENSES OF THE LEGISLATURE, THE AUDITOR, THE LEGISLATIVE REFERENCE BUREAU, AND THE OMBUDSMAN," passed Second Reading and was placed on the calendar for Third Reading on Thursday, January 27, 2005.

#### ORDER OF THE DAY

#### ADOPTION OF RESOLUTION

#### MATTER DEFERRED FROM MONDAY, JANUARY 24, 2005

S.R. No. 2:

By unanimous consent, action on S.R. No. 2, entitled: "SENATE RESOLUTION ADOPTING THE RULES OF THE SENATE OF THE TWENTY-THIRD LEGISLATURE," was deferred until Thursday, January 27, 2005.

At 9:52 o'clock a.m., on motion by Senator Hee, seconded by Senator Hogue and carried, the Senate stood in recess subject to the call of the Chair to meet in Joint Session with the House of Representatives, in accordance with Senate Concurrent Resolution No. 1, to receive the Chief Justice's State of the Judiciary Address.

#### JOINT SESSION

The Joint Session of the Senate and the House of Representatives of the Twenty-Third Legislature of the State of Hawaii, Regular Session of 2005, was called to order at 10:08 o'clock a.m. by the Honorable Robert Bunda, President of the Senate.

At this time, Senate President Bunda welcomed and introduced the following distinguished guests to the members of the Twenty-Third Legislature:

The Honorable James R. Aiona, Jr., Lieutenant Governor of the State of Hawaii. He was presented a lei by Senator Rosalyn H. Baker;

Mrs. Stella Moon, wife of Chief Justice Moon. She was presented a lei by Representative Ryan Yamane;

Mrs. Mary Han and Mr. Joseph Han, mother and stepfather of Chief Justice Moon. They were presented leis by Senator Suzanne Chun Oakland and Representative Lyla Berg; and

Ms. Julie Moon, daughter of Chief Justice Moon. She was presented a lei by Senator Brian Kanno;

Mr. Edward Kubo, Jr., U.S. Attorney;

The Honorable Mazie Hirono, Former Lieutenant Governor of Hawaii, and Mr. Leighton Oshima;

Chief Lawrence K. Mahuna, Hawaii County Police;

The Honorable Masaoshi Muto, Consul General of Japan; and

The Honorable Dong Yern Kim, Deputy Consul General.

The President then appointed Senators Colleen Hanabusa, Paul Whalen and Fred Hemmings, on behalf of the Senate, and Representatives Marcus Oshiro, Blake Oshiro and Galen Fox, on behalf of the House of Representatives, to escort the Honorable Ronald T.Y. Moon, Chief Justice of the Hawaii Supreme Court, to the rostrum.

Senator Carol Fukunaga and Representative Sylvia Luke presented Chief Justice Moon with maile and ilima leis.

Senate President Bunda then presented the Honorable Ronald T.Y. Moon, Chief Justice of the Hawaii Supreme Court, to the members of the Twenty-Third Legislature.

The Chief Justice addressed the Joint Session as follows:

"Thank you so much. The strange woman sitting on the end is my daughter, Julie. (Laughter.)

"This seems like high school graduation all over again, except I was not the valedictorian. (Laughter.)

"President Bunda; Speaker Say; Lieutenant Governor Aiona; distinguished members of the Twenty-third Legislature; fellow judges and Judiciary employees; distinguished members of the federal bench; members of local and federal law enforcement; former Washington State Chief Justice and Mrs. Richard Guy; members of the Royal Order of King Kamehameha the Fifth and the Wahine Hui O Kamehameha I; other special guests; family; and friends, especially those from the Republic of Korea who are all convinced that kim chee tastes better in warm weather than the very freezing weather they just left (laughter):

"It is again my privilege and honor to be here today to address the Joint Session of the Hawai'i State Legislature, and I extend my sincere appreciation for your kind invitation to speak about the state of the Judiciary. To the new Legislators, I extend a special aloha and thank you for joining us in service to the people of Hawai'i. We, in the Judiciary, look forward to working with you, as well as with the returning Legislators of the Twenty-third State Legislature. There is no doubt that we – all three branches of government – share in the quest for fairness, justice, and good government as we work both collaboratively and separately to serve the people of Hawai'i.

"The concept of separate, independent, and equal branches of government does not mean that there are no limits as to what each branch can do. The built-in system of checks and balances protects our citizens from one branch becoming too powerful and guards against the potential for excesses and abuses of power. However, as each branch asserts its constitutional independence, natural tensions can arise. We must, therefore, work together to maintain the delicate balance between our respective branches as we independently carry out our constitutional duties. With regard to the judiciary, its independence – as it relates to the decision-making process – is vital to the functioning of the courts and must be zealously protected.

"Independent judicial decision-making means that judges must base their decisions solely on the legal merits of the case – not on their own personal preferences or even the majority will. The majority's will is appropriate – even necessary – for legislators and other elected officials to consider when deciding public policy issues. However, it cannot and should not be considered by judges when deciding personal disputes. Judicial decisions are the result of a structured, analytical process based on traditional principles, such as *stare decisis*, a basic principle of judicial decision-making. *Stare decisis* – or 'to stand by that which is decided' – is the principle that prior decisions, unless found to be wrong, are to be followed by the courts. The

principle is based on the premise that certainty, predictability, and stability in the law are the major objectives of the legal system. In other words, by following the courts' prior decisions – whether based on common law, statutory law, or constitutional law – our citizenry can regulate their conduct with reasonable assurance that they are conforming to the requirements of the law. Thus, when deciding disputes, justices and judges must set aside their personal feelings and the popular views of the majority if the evidence and the applicable law dictate an outcome that is contrary to the judge's personal preferences or the majority's desired result.

"Take, for example, cases heard in our family courts. I am very much aware – as some of you are – of recent public criticisms regarding judicial decision-making in the family court arena. These cases not only involve emotional parties, but emotionally-charged issues, such as child custody, visitation rights, and child abuse or neglect. In such cases, family court judges are required by law to consider the best interests of the child in making their decisions. When judges are called upon to render decisions in these highly emotional cases, many might believe that it would be easy, or even understandable, for a judge to surrender to his or her own personal feelings of sympathy and compassion. After all, many of our judges are – like many of you – parents; some are also grandparents; many have brothers and sisters; some are aunts, uncles, and cousins. But, our family court judges are ever mindful – as are all of our judges – that their duty is to set aside their own personal feelings and exercise their best independent judgment by ruling in accordance with the evidence and the law applicable in each case. Judicial decision-making is not an easy task. It requires courage, as well as a commitment and dedication to the administration of justice.

"However a judge's duties are not limited to the courtroom setting or the decision-making process. Judges are hard at work diligently managing their caseload and acting as mentors to their law clerks and young attorneys who appear before them. They are serving on boards, commissions, and committees that focus on issues regarding the administration of justice. They are also cultivating positive community relations and educating our citizenry about their justice system through their participation in seminars and conferences, speaking to various legal, civic, and student organizations, hosting student groups in their courtrooms, and the list goes on. Would all of you, therefore, kindly join me in thanking all of our justices and judges, including our per diem judges, as I ask those who could be here today to please stand and be recognized. (The justices and judges rose to be recognized.)

"I have no doubt that our judges would agree that we could not meet our constitutional duties without the help, assistance, and hard work of all of our Judiciary employees and volunteers. Therefore, on behalf of myself and all of the justices and judges, I extend our deepest gratitude to each and every one of our Judiciary employees and volunteers for their continuing commitment, dedication, and outstanding efforts in helping to promote the effective, efficient, and fair administration of justice.

"Unfortunately, despite all of our efforts, there are individuals in our community for which the failure in the administration of justice could reach constitutional proportions. The individuals I am referring to are the indigent criminal defendants, who are – by and large – competently represented by the Office of the Public Defender. As you know, the right to competent representation by counsel in a criminal prosecution is a fundamental constitutional right both under our state and federal constitutions. When the Public Defender's Office is unable to provide representation due to a conflict, the court

must appoint private counsel, who are paid at hourly rates authorized by statute.

"We are, however, finding it increasingly difficult to secure private attorneys who can afford to represent indigent defendants at the current statutory rate. It is clearly insufficient to cover even the most basic overhead expenses, let alone provide appointed-counsel fair compensation for their time. In this regard, Hawai'i is not alone. Kansas, Louisiana, Montana, New Hampshire, New York, and Oklahoma, for example, are also grappling with this issue. Most recently, the Massachusetts Supreme Court – in an opinion issued in July of last year – concluded that a shortage of defense lawyers caused by inadequate compensation violates the constitutional rights of indigent defendants. The court held that no individual can be detained for more than seven days without a lawyer and that cases must be dismissed if defendants have not had a lawyer for forty-five days. The high courts in Pennsylvania, Illinois, Indiana, Iowa, New Jersey, and Wisconsin have gone as far as construing the judiciary's inherent power to include mandating the appropriation of public funds to pay reasonable attorney's fees for court-appointed counsel.

"Last week, the Big Island's *Hawai'i Tribune Herald* reported that many lawyers are declining court-appointed cases because of the current fee schedule. In fact, it was reported that, in Hilo, only five attorneys are willing to accept indigent criminal defense cases, which is a reflection of what is occurring statewide. Although Hawai'i's criminal defense bar has been attempting to increase appointed-counsel legal fees since the 2000 Legislative Session, Hawai'i's statutory rates remain unchanged since 1987. The Judiciary has supported and continues to support strongly efforts to increase the statutory rate. I realize that criminal defense attorneys and those accused of crimes do not have much of a popular constituency, but we need to remember: first, that attorneys perform a vital and necessary role in the administration of justice; second, that persons accused of crimes face the awesome power of the State; and, third, any system of justice worthy of the name must assure that an individual's liberty is not taken away without putting the prosecution's evidence to the time-honored tests of examination, cross-examination, and proof beyond a reasonable doubt. I, therefore, implore you to examine and address this issue during this Legislative Session before it reaches the kind of constitutional crisis that has occurred and is occurring in other jurisdictions.

"Notwithstanding our increasing difficulties in securing counsel to represent indigent defendants, the state of the Judiciary remains sound. With the support of the legislative and executive branches, the Judiciary has been able to explore and implement some innovative projects and programs, some of which have been recognized, nationally, as 'visionary.' Judicial innovation projects have included the successful establishment of what are generally referred to as 'problem-solving courts,' such as our various drug court programs. And, because of your support and assistance, I am pleased to report that we have now implemented adult drug court programs statewide.

"Our newest program on Kaua'i recently celebrated the graduation of its first clients in November of last year. We know that drug courts work. For example, since it began in 1996, Oahu's Adult Drug Court Program has an overall recidivism rate of 5 percent. This is indeed significant when compared to the national drug court recidivism average of 16.4 percent. The recidivism rate for adult drug courts on Maui and the Big Island are also below the national average. Based on the success of the juvenile and family drug courts on O'ahu, these programs will soon be implemented on the neighbor islands.

“This past year, our O’ahu Family Drug Court Team received the Mediation Center of the Pacific’s ‘Natural Collaborative Leaders’ Award. The Mediation Center identified 11 criteria of a natural collaborative leader. One, in particular, epitomizes the family drug court team and the family court drug program – and, that is: a natural collaborative leader ‘conveys hope that problems can be solved.’

“Indeed, hope is the wonderful gift that the family drug court program – and all of our drug court programs – bestow upon the clients and families that come to drug court. If all of our drug graduates had not been diverted into treatment, there is a strong likelihood that their drug addiction would have kept them on a path leading to more serious crimes. Eventually, many would have ended up in our already overcrowded prison system at considerable cost to the State. Therefore, on behalf of all of our past and current drug court clients, their families, and Hawaii’s taxpayers, I thank you for making these programs possible.

“There is no doubt that your support of all of our current programs is critical to our ability to continue to serve the public. However, the continued vitality of our state requires that we address not only the concerns of the day, but that we also plan for the future. In that regard, the Hawai’i State Judiciary is at the doorstep of realizing the vision of former Chief Justice Herman Lum. In the late 1980s, he envisioned a ‘one-stop shop’ where our citizens would be able to obtain any type of service with regard to family court matters. It is our hope that Chief Justice Lum’s vision of a Family Court Center will come to fruition this Session. The Judiciary’s primary legislative initiative for this fiscal biennium is the Kapolei Court Complex, which will involve, among other things, relocating all of our O’ahu family court functions to Kapolei.

“As you may know, the Estate of James Campbell is providing 13.6 acres of free land to the Judiciary upon which we hope – with your approval – to build a new court complex. Located within the Kapolei civic center area, the complex will include two major physical structures: a multi-level court building that will house twenty courtrooms and court support functions, as well as a Juvenile Detention Facility that will accommodate and provide needed services for up to 72 juvenile detainees.

“The need for adequate space to meet the demands of our citizens for family court services cannot be overstated. Our family courtrooms are too small to adequately conduct hearings and do not provide adequate separation of parties in those often emotional settings. In addition, parties and witnesses must wait in an overcrowded area. Frequently, those who should be physically separated – for example, victims and criminal defendants, or emotionally-charged parties in divorce or custody proceedings – find themselves in very close quarters. Support service areas are crowded with far too little space for records storage. Crowded offices are also hampering efficient operations.

“Hawaii’s current juvenile detention facility – Hale Ho’omalua – located on Alder Street in Honolulu is a World War II vintage facility that has deteriorated and is operationally inadequate. The arrangement of housing units and the specific configuration of individual rooms makes supervision difficult. In sum, the spaces that are available are often insufficient and do not provide enough room for programs, offices, training, and medical services.

“In addition to relocating family court functions to Kapolei, the Judiciary plans to move the district court functions currently housed at the Wai’anae Court to the new Kapolei Court Complex. Our plan is to also to provide a full complement of circuit court functions and services, such as criminal and civil

jury trials. The new complex will undoubtedly increase the convenience for not only the residents of Kapolei, but also for those who live in the ‘Ewa, Leeward, Wai’anae, North Shore, and Central O’ahu districts. According to a November 2004 management study prepared for Campbell Estate by the OmniTrak Group, nearly half of the family court users surveyed live in Kapolei and the surrounding districts I just mentioned. Survey responses also indicated that approximately seventy percent of this group proceed to family court from their homes. We, therefore, believe that the new complex will have a positive domino effect as the relocation of family court to Kapolei should help relieve the overcrowded H-1 commute to downtown Honolulu and ease the overcrowded conditions at the First Circuit courthouse. In addition, consolidation of all of Oahu’s family court services in one location will save approximately half-a-million dollars in annual rent that is currently being paid to house family court functions at other locations. Kapolei and neighboring residents will have easier access to court services, such as obtaining traffic abstracts, paying traffic fines, resolving divorce matters, including custody and child support issues, filing for restraining orders, and dealing with juvenile matters. At the same time, court users at other courthouse locations may find shorter lines to access some of the same court services also being offered in Kapolei. However, if the Kapolei project is to move forward, the Judiciary must have a signed construction contract by December 31, 2006. If not, we will forfeit the option on the 13.6 acres of Campbell Estate land, and the State will have lost a once-in-a-lifetime opportunity to acquire this substantial portion of land at no cost to the taxpayers.

“The future of the Kapolei project is at a critical crossroad, and this Legislative Session is the last opportunity to fund this much-needed project. The Judiciary is, therefore, requesting a total of 95 million dollars for the design, construction, and purchase of necessary equipment for the Kapolei Court Complex.

“Because community participation and input has been critical to the development of Kapolei, Administrative Director Rick Keller and other key court administrators presented our construction plans to the Kapolei Neighborhood Board. I am pleased to report that, at its meeting on October 27, 2004, the Board unanimously approved a resolution to support the Judiciary’s plans to construct the new Kapolei Court Complex. The Judiciary indeed appreciates the support from those whom we hope will soon be our new neighbors.

“I thank the leadership of the Senate and House for their expressions of support. We sincerely hope that each of you – the individual members of the Senate and House – will join them in helping us improve our services to all of your constituency. I also extend my appreciation to the Governor for indicating her support of this critical project.

“I am, however, keenly aware that there are those who doubt the wisdom of selecting the Kapolei district for a new courthouse. The most common concern seems to be over the travel time from downtown Honolulu to Kapolei, which reminds me of a historical exhibit in the Supreme Court Building. The exhibit contains pictures of a new government building constructed in 1874 and named Ali’iolani Hale. It tells the story of King Kamehameha the Fifth’s decision to forego plans to build a new palace because substantial monies were being paid to rent private office space in the city. He, therefore, believed that a new government building was ‘of greater necessity.’ The new government building would house the legislature, the judiciary, and other government offices. Commentaries from newspapers of the day about the location of the newly planned government building sound quite familiar. One newspaper wrote:

‘. . . the site so improperly selected entails on the present and future generations a long and fatiguing journey over the dustiest roads in the city [that would be] a permanent and inevitable public nuisance. Had [the people] been consulted as to its site, we doubt if a solitary vote would have been cast in favor of that so improperly and injudiciously selected.’

“Of course, you realize that they were speaking about traveling on foot or by horse and buggy from the current China Town area to Ali‘iolani Hale, the current home of the Supreme Court. I submit that, with the advancements in video conferencing and other technology that will be available in the new court complex, the complaints of it being too far from downtown Honolulu will dissipate as they did in the 1800s regarding the site of the then-new government building. Moreover, we believe the long-term benefits to be realized from the new Kapolei Court Complex significantly outweigh any of the perceived disadvantages.

“I recognize that the construction of a new court complex with 20 courtrooms may appear extravagant. However, we take a lesson from our experience with Ka‘ahumanu Hale, the First Circuit courthouse on Punchbowl Street. It was, when first occupied in 1983, criticized as extravagant with its twenty-seven courtrooms. But, within ten years, Ka‘ahumanu Hale was too small, and we had to find additional courtroom space elsewhere. Currently, some judges are sharing courtrooms and four circuit court judges are located in the district court building on Alakea Street. The accommodation of circuit judges in the district court building has created a negative domino effect by taking needed space away from our district court operations. The courtrooms and support service areas planned for the Kapolei complex will provide greater flexibility and allow the Judiciary to move forward with its planned-redistribution of services in order to adequately attend to the needs of the people on O‘ahu in the years to come.

“Obviously, many details for the Kapolei complex have yet to be resolved. However, one thing is certain: Campbell Estate’s offer of prime real estate within the burgeoning civic center area of Kapolei and the compelling need for more family court resources represent a tremendous convergence of supplying needed services to meet escalating demands. A key component of this synergy is the continuing roll-out of the Judiciary’s Information Management System, or JIMS. The JIMS Project, which owes much to the support of previous legislatures, is at the core of our strategic technological vision and is transforming the way that the courts do business.

“For the newest members of the legislature who may not know, JIMS is a multi-year, multi-million dollar effort to produce a modern computer-based case management system that will facilitate communications, eliminate duplication, and provide sharing of court and case information statewide. The electronic filing and document imaging aspects of JIMS will provide document review capabilities from virtually any web-connected computer, which will be of particular importance to the Kapolei Court Complex. Of course, to the extent that confidential records are involved, such records would still be available only with the proper security authorizations. Document imaging will also enable the Judiciary to avoid the expense of storing paper documents. Ultimately, the benefits reaped through JIMS will translate in improved public safety and increased efficiency in court operations, as well as enhance our ability to provide better customer service to the public. The benefits of JIMS, coupled with all of the advantages of moving

to Kapolei, definitely constitute a positive step toward improving the administration of justice for our citizenry.

“Ladies and gentlemen – I began my remarks this morning by discussing the concept of separate, independent, and equal branches of government. We are, however, all partners in the quest for excellence in government. Although our roles and responsibilities are different, we are all here to serve the people of this great state. I take enormous pride in all of the employees and volunteers in the Hawai‘i State Judiciary, who work diligently day after day, protecting the fundamental rights of our citizenry and ensuring the fair administration of justice.

“On behalf of the entire Judiciary, we pledge our continuing commitment to applying the rule of law through impartial and independent decision-making and look forward to working collaboratively with all of you.

“Thank you again for the honor of addressing you today.”

Speaker Say then rose and stated:

“Chief Justice Moon, thank you very much for sharing with us your views the role of the Judiciary will play in helping us serve the people of the State of Hawaii. At 11:49 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:49 o'clock a.m.

At this time, Senator Hemmings rose and said:

"Mr. President, I rise for the purpose of a personal inquiry.

"Mr. President, in this process we, the Loyal Opposition, feel it's our responsibility to ask pertinent questions and we try to monitor the system very closely. We did notice that the Friday deadline came and went for the introduction of packages bills, and as I recall, I don't remember seeing anything specific from the Majority Party. We do want to note for the record, though, that we do note that today we're referring over 250 blank bills that are commonly referred to as short form bills, and the question is: Are we to assume that those 250-plus bills are the Majority Party package?"

The President responded:

"No, they are not the Majority Party package. It is for the purposes of the individual Committees."

Senator Hemmings inquired:

"So they're just rider bills to be later filled in?"

The President replied:

"Yes."

Senator Hemmings then said:

"Thank you, Mr. President."

At 11:47 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:47 o'clock a.m.

Senator Slom rose on a point of personal privilege as follows:

"Mr. President, I rise on a point of personal privilege.

"Mr. President, I know that my colleagues join me in the enthusiasm for the event that took place yesterday with the vote in Iraq and Iraqi-Americans around our country who had the opportunity to vote. This comes after a week of great sadness for the loss of our fighting men and women, particularly from Hawaii, but those losses and that sympathy I think are tempered by the result that occurred yesterday. Against all odds, against things that we take for granted in America and challenges and threats that we've never faced to vote, the people of Iraq got an opportunity to vote for the first time. And we saw, despite limited news coverage, we saw on the faces of these people how important it is to be able to vote, how important and prideful they were to have ink on their fingers to show they had voted,

how proud they were that more than 60 percent of their eligible people – despite death threats, despite killings, despite all the things that happened – went to vote, and how important they took their democracy and their actions and how quickly and swiftly they were, Mr. President, to thank our fighting men and women, our government, our President, and our people.

"For a while it looked at a time that people wondered and questioned why we were there and what we were doing. As the President had announced so clearly, the gift that the United States can give and provide throughout the world is the right of freedom and the hope of independence. And that was shown yesterday in the faces of young children and women and old men who took that right seriously.

"And so, to the Iraqi people, to our fighting men and women who know why they are in harms way, and to our President – I say that, as part of a grateful nation, we realize this was only the first step, but we realize also how important it is to have the right to vote. And in that connection, Mr. President and colleagues, I'm very pleased and proud to introduce one of my staff members who last week after a two-year period became a United States citizen. And she's so excited and she's so anxious to participate more. I'd like to have Anna Maria Preston please stand up and be recognized because this is what it's all about. (Ms. Preston rose to be recognized.)

"Thank you, Mr. President."

Senator Trimble rose on a point of personal privilege as follows:

"Mr. President, I rise on a point of personal privilege.

"Colleagues, you may remember that last year I rose and spoke in opposition of a constitutional amendment because I believed that my testimony mattered. I am consistent. I believe that when we hear bills in Committee it is important that we are there in person so we can hear what the testifiers have to say so I can hear the dialog between my colleagues and the testifiers and among ourselves.

"I had a problem yesterday, so I personally would like to apologize to the Chairman of the Human Services Committee because I could not attend her hearing. As for the Economic Development Committee, I could not attend his hearing because all three Committees that I chose to belong to had a hearing that went on at the same time.

"On the positive side, I would like to publicly recognize and personally thank the Chairman of the Higher Education Committee. I thank him for the way he conducted the hearing in showing respect to the people that testified and consideration of his colleagues by having decision-making at the end of each bill.

"Thank you, Mr. President, I hope we can work for having fewer conflicts in the hearings of bills."

## ADVISE AND CONSENT

Stand. Com. Rep. No. 7 (Gov. Msg. No. 78):

Senator Hanabusa moved that Stand. Com. Rep. No. 7 be received and placed on file, seconded by Senator Hee and carried.

Senator Hanabusa then moved that the Senate advise and consent to the nomination of ELIZABETH ANN STRANCE to the office of Judge, Circuit Court of the Third Circuit, for a term of ten years, in accordance with the provisions of Article VI, Section 3, of the Hawaii State Constitution, seconded by Senator Hee.

Senator Hanabusa rose in support of the nominee and said:

“Mr. President, I rise in support of Gov. Msg. No. 78.

“Mr. President, Gov. Msg. No. 78 submits to this Body for consideration and consent the gubernatorial nominee Elizabeth Ann Strance for a term of 10 years. This is of course to the Circuit Court of the Third Circuit of the State of Hawaii.

“Mr. President, Ms. Strance comes with very high recommendations. She actually came through the State Bar Association with flying colors, having found her ‘highly qualified.’ Mr. President, if I may just digress here a little, I’d like the Body to realize that in the three years that I have chaired Judiciary and Hawaiian Affairs, this is only the second time that a woman has been ‘highly qualified’ by the Hawaii Bar Association.

“Ms. Strance received her Bachelor of Science degree from Willamette University and she earned her Juris Doctorate degree from Northwestern School of Law which is part of the Lewis and Clark College in Portland, Oregon. She’s been licensed in the State of Hawaii since 1988 and she has been an associate in many of the firms in town, including the very large firm of Goodwill, Anderson, Quinn and Stifel. In addition to that, she now sits as a per diem judge in the Third Circuit in the Family Court and she is a partner in the firm of Strance and Nakoia. Her practice, Mr. President, has run the whole gamut. She’s done civil, traffic, divorce and so forth, and of course her experience as a per diem judge gives her all the other necessary experiences that she would have. She has the experience of representing both large and small clients.

“Mr. President, it is very rare that I would defer to someone else’s words in describing themselves, but she said it so well that I’d like to read this into the record. She said, ‘I have also worked for large and small law firms, represented large and small clients, and represented plaintiffs and defendants. This varied background has been particularly helpful as a per diem judge. In my experience, there were times when knowledge of the rules of court has been less valuable than the understanding of the context of the dispute or the understanding of the pressures on the participants. Although my background has not affected the substantive outcome of any legal matter, it has instilled in me a level of empathy. In addition, it has assisted me to resolve matters in a dispassionate manner and on occasion offer observations for resolution that parties involved in the heart of the dispute were unable to see.’ Mr. President, this is the basic sentiment that we had throughout our hearing from those who testified on her behalf. It really came down to her compassion, yet her legal skill and her ability, her real ability to see the true issues and to bring people together.

“There were people who came and they all said the same thing about Ms. Strance – she is respectful of defendants, their attorneys, and anyone that comes before her.

“She has an interesting statement here that also tells a lot about Ms. Strance. She said, ‘I am curious about the law. I want to fully understand the disputes before me. That natural curiosity has kept me motivated and engaged in my cases.’ Mr. President, there are some of us who believe, and this is not to sound sexist, this just explains it, law is an extremely jealous mistress – you can never turn your back on it. I think what Ms. Strance is saying here is exactly that. She is saying that you have to stay engaged, you have to stay just fascinated by the process, and that’s how I believe she ranks as one of the best lawyers that we do have and we’ve seen come before us.

“On another note, Mr. President, and this is because this just caught everyone’s attention and I would like to read this primarily because the person who is the subject of this is here with her mother. This was submitted by Collette Miura Matsunaga. She says, ‘I’m in the eighth grade, 13-years old at Konawaena Middle School in Kealahou, Hawaii. I have known Betsy Strance, I call her Auntie Betsy, ever since I was a little girl. She is a good lawyer. She is dedicated and honest. By the way her son Keawe acts, I can tell you she is disciplined but kind. Keawe is more well-behaved than my three-year old sister Janna. They live close to our house in Captain Cook.’ And then she said, ‘I don’t have school tomorrow. If my mom can get a reservation for me (not too expensive) she said I can testify at her hearing.’ The problem then was that we were told that Collette did not want to come because she didn’t want to be questioned by the good Senator from Kahaluu. (Laughter.) But we can all understand that and empathize with her.

“Mr. President, the other persons who should be recognized who came were people like Craig Kahui who submitted testimony and he is the bailiff of the Third Circuit Court. When people like bailiffs bring it upon themselves to come forward, because they watch us in all our glory and all our misery and everything else, and when they come out singing praises of this nominee, you know that this nominee is someone that we should be proud to confirm. As I stated earlier, she is ‘highly-qualified’ and there is no question in my mind that she will be an excellent judge for the Third Circuit.

“Mr. President, I ask you and my colleagues in joining me in confirming Elizabeth Ann Strance for the Third Circuit of the Circuit Court of the State of Hawaii. Thank you very much.”

Senator Inouye rose to speak in support of the nominee as follows:

“Mr. President, I speak in strong support of Gov. Msg. No. 68, Ms. Elizabeth Ann Strance, the judicial nominee to the Circuit Court of the Big Island based in Kona.

“As you all know by now, I have expressed by opinions loud and clear to the Governor, as well as in the Ways and Means hearings to the CJ about parity in the court system particularly on the Big Island. As you know, we lost the only two women judges several years ago which was very controversial and I’m really thankful that the Governor and the CJ have seen fit, but only because Ms. Strance has already proven herself, as our Chair of our Judiciary Committee has said.

“And so, I urge my colleagues as well to strongly support our nominee here, Ms. Elizabeth Strance. Thank you very much.”

Senator Hee rose in support of the nominee and stated:

“Mr. President, I stand in support of the nominee with a few remarks.

"I had the privilege 16 years ago to Chair the Judiciary Committee, and I realize how difficult a job it can be during the confirmation process. In fact, it's no secret that we, as the Senate, and the Committee in particular are going through a protracted discussion at the moment with Mr. Bissen.

"I want to say that the process is such a difficult one because when a person becomes a judge, society recognizes that person as distinctly different from all others. Besides the physical presence of having a black robe, sitting at an elevated level, and having attorneys refer to that person as 'your honor' and asking the questions even to approach the bench, clearly society has looked upon this person as one that we can rely on to dispense fairness and equity to all people. And when you look at the nominee's resume and listen to her testify, there's no question in my mind that she epitomizes fairness.

"When you look at her community service, what caught my eye was her volunteer work for Hospice Hawaii, her volunteer work for the AIDS Foundation, her volunteer work for the various community organizations, and these are the things that in my opinion round off this individual.

"You know, Betsy Strance is the kind of person that makes the Hawaii Bar Association look good, frankly. I think she is the kind of person that the bar association can look to and say this is the kind of person or this person is one that is highly recommended. That's to the bar's advantage. It's really not to Betsy Strance's advantage, because as we're finding out and as we'll go on further with other nominees to the bench, the qualification and the process of qualifying or putting a qualification on a person is dependent by this Body on institutions like the Hawaii Bar Association. There's no doubt in my mind that a complete overhaul is necessary. There's no doubt in my mind that new leadership is necessary. There is no doubt in my mind that whatever procedures, as secret as they may be, need to be revisited so that we as the Senate and all others can view and evaluate their recommendation in a more transparent and a more fair and open proceeding.

"Circling the wagons does nothing, Mr. President, by the bar to protect one of their own. What it does is call into question the integrity not only of the person that they circle their wagons around but the integrity of the process by which they have rendered a decision.

"Betsy Strance has come through this process. She makes the bar look good, and I am pleased and would encourage the members to adopt her as the next judge.

"On one final note, Mr. President, I want to state for the record, clarity – and that is, Collette Matsunaga asked me by e-mail, if she came, could she testify? And I said by e-mail, I am absolutely certain that if you asked the Chair, she will allow you to testify.

"Thank you, Mr. President."

Senator Whalen rose to speak in favor of the nominee and said:

"Mr. President, I rise in favor of the motion.

"I'm not as articulate as our good Chair of the Judiciary or the Vice Chair, but I think I have the rare honor of anyone here of actually being before Ms. Strance in a couple of minor matters. And I'm happy to say as a resident of Kona, one of my constituents, that the community in mass came out in support for her. I don't recall anything negative or even the slightest hint of any sort of doubt about her ability. In fact, it was overwhelmingly in support and everyone to the person praised

her in her ability to do a good job, to be prepared, to know what she's talking about, and when those issues arise that are unfamiliar, she does her homework and gets it done. And that's what we need in our judges – that desire and the commitment to find out about an issue, to learn what needs to be learned so that they can make a fair and just decision.

"I rise to encourage my colleagues, which I'm sure there will be a unanimous vote, not to vote for her because she is a woman or because she is the only one left or because she is from the Big Island, but because of her as a person that she has done such a wonderful job as a per diem judge and representing her clients that she is more than capable of doing this job. I would ask everyone again to cast your vote in favor of this nominee.

"One last point. I spoke with some of the people in the interview process. What impressed them about her was not just the fairness, but the balanced approach that there has to be consequences. And for a drug court judge, that is such an essential element for people to realize that the choices they make have consequences to them. I don't think I'm spilling any beans here or anything, but of her many qualifications, that was one that really showed out for those people who choose her, that she has that deep-rooted belief or commitment to the fact that when we make choices there are consequences and you have to live them out to learn and improve and to go forward from there. And for this position, that is extremely essential to the job. Again, I just want to say congratulations and look forward to many years of having you on the bench."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

At this time, Senator Hanabusa introduced Judge Strance to the members of the Senate. (Judge Strance, who was seated in the gallery with members of her family, rose to be recognized.)

At 12:07 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:13 o'clock p.m.

## REFERRAL OF HOUSE BILLS

### MATTERS DEFERRED FROM WEDNESDAY, FEBRUARY 9, 2005

The President made the following committee assignments of House bills received on Tuesday, February 8, 2005 and Wednesday, February 9, 2005:

House Bill	Referred to:
No. 161, H.D. 1	Committee on Commerce, Consumer Protection and Housing
No. 214, H.D. 1	Committee on Commerce, Consumer Protection and Housing
No. 515	Jointly to the Committee on Transportation and Government Operations, the Committee on Intergovernmental Affairs and the Committee on Media, Arts, Science and Technology
No. 644, H.D. 1	Committee on Commerce, Consumer Protection and Housing

Senator Trimble rose on a point of personal privilege and said:

“Mr. President, I rise on a point of personal privilege.

“Yesterday when I rose to apologize to some Committee Chairs, I inadvertently perhaps created a misimpression. I did not want to imply that the reason why I attended Higher Education was because it was more dynamic and exciting than the other two Committees. (Laughter.)

“Last year I talked about the strength of this Body being its diversity and that we took advantage of our diversity through collective collaboration and discussion. Today, unfortunately, I again have to report that yesterday while I did make two of my three committee hearings, there was not a sufficient number of members at the end of the hearing to have decision-making.

“The reason why I’m bringing this to our collective attention is that there were people that waited and waited and waited to either testify or to listen for some words in terms of what direction the Committee was going. Not only when scheduling problems do not allow us to collaborate, perhaps we are paying disrespect to the public that takes off from employment giving up of their time to come down and give us the benefit of their thoughts only to address one or two members of the Committee, they may be left with the impression that somehow their voice doesn’t matter. I hope this is not the impression we are intending to convey.

“Thank you, Mr. President.”

## ORDER OF THE DAY

### RE-REFERRAL OF SENATE BILL

The Chair re-referred the following Senate bill that was introduced:

Senate Bill                      Referred to:

No. 294, S.D. 1                  Committee on Labor, then to the Committee on Ways and Means

### ADVISE AND CONSENT

Stand. Com. Rep. No. 41 (Gov. Msg. No. 77):

Senator Hanabusa moved that Stand. Com. Rep. No. 41 be received and placed on file, seconded by Senator English and carried.

Senator Hanabusa then moved that the Senate advise and consent to the nomination of RICHARD THOMAS BISSEN, JR. to the office of Judge, Circuit Court of the Second Circuit, for a term of ten years, in accordance with the provisions of Article VI, Section 3, of the Hawaii State Constitution, seconded by Senator English.

Senator English rose in support of the nominee as follows:

"Mr. President, on behalf of the Committee on Judiciary and Hawaiian Affairs, I rise in support of the nomination of Richard Thomas Bissen, Jr., to the Second Circuit Court in Maui County.

"Since his graduation from the William S. Richardson School of Law, Mr. Bissen has served as interim Director of the Department of Public Safety, as First Deputy Attorney General for the State of Hawaii, as Prosecuting Attorney for the County of Maui, and as an attorney in private practice. This kind of experience is very important for a judicial candidate.

"Mr. Bissen has been active in community service, Mr. President. He is a member of the Royal Order of Kamehameha I, Kahekili Chapter, which is on Maui; the Maui Drug Court Policy Committee; the Domestic Violence Clearinghouse Maui Advisory Committee; and numerous other organizations dedicated to improving the quality of life in Maui County. The Maui County Bar Association honored him as its Lawyer of the Year in 2001.

"Mr. President, I rise in support of the candidate and ask other members to support him also. Thank you."

Senator Hanabusa rose in support of the nominee with reservations and stated:

"Mr. President, I rise in support of Gov. Msg. No. 77, but 'with reservations.'

"Mr. President, first, I beg your indulgence and the indulgence of my colleagues. I would like to begin by thanking the Committee on Judiciary and Hawaiian Affairs, in particular the good Senator from Maui, Lanai, and Molokai, who has assumed the usual chores of the Chair in making the introduction. Unfortunately, because the Chair has reservations on this candidate, I did not believe it was appropriate for me to assume that duty at this time.

"Mr. President, colleagues, as we have come before you before on nominations who have caused this Body to sit and ponder about what our obligations are, this is nothing new for us. We have, as you know, last year gone through the confirmation of or the ultimate rejection of Mr. Hong as a Circuit Court Judge as well. In this particular case, I would like to say at the outset that the Chair has very strong reservations. However, in deference to my Maui colleagues and the Maui Senators, as well as the people of Maui, I have decided that I will rise in support, albeit 'with reservations.' I ask you, Mr. President, as well as my colleagues, for some indulgence in explaining why I feel that my statements here must become part of the record.

"First of all, colleagues, what we have here is a situation where I believe we have had, unfortunately, a matter of words. And let me explain this. What we are dealing with is really one page of the application to the Judicial Selection Commission. On this one page, page 16, there are seven questions. Of the seven questions, really two are at issue. The words that are making it difficult for this Chair to support a candidate without any reservations are the words admonished, disciplined, criticized, and admonished in a written decision. Permit me to explain that further. As a practicing attorney, there are certain things that occur in one's life that one never forgets. One is any complaint to the Disciplinary Counsel, because it can mean your career and your years of education coming to a screeching halt if they find that you have violated our disciplinary rules. So whether or not the Disciplinary Counsel finds against you or basically says you're okay, you never forget that process. Secondly, you never forget when you are criticized by the court. I can tell you candidly, I won't forget when a judge scolded me

from the court, although he actually ruled in my favor, because I never again made that mistake – that mistake in which he said I failed to address a particular argument though the rest of my arguments carried it. I don't forget those things and neither do attorneys. This brings us now to Mr. Bissen and the reason why I'm having the difficulty.

"The first question on page 16 is: Have you ever been admonished or disciplined for (a) breach of code of professional responsibility; (b) professional misconduct; or (c) professional negligence? Mr. Bissen's response was, 'According to the ODC the answer is no. However, please read further.' He then actually gives us a case called *State v Abraham Aki*. We read that case, Mr. President. *State v Abraham Aki* involves the failure to file an answering brief basically on time. So Mr. Bissen, as the head of the Prosecutor's Office, along with some of these other colleagues were really the ones responsible for this particular action.

"However, what was not mentioned is the case of *State v Sanchez*, and to some it may seem like that's not a big deal. *State v Sanchez* is a case that was very similar to Aki in that it had a written decision by the Appellate Courts, and this particular case resulted with a reversal based upon prosecutorial misconduct. In addition to that, it had a complaint with the Office of Disciplinary Counsel, which like Aki resulted with a dismissal, but a caution, a caution. And as I stated earlier, Mr. President, you don't forget even a complaint. You just don't, because every time something like that comes forward, it means that it's at your core. Someone is challenging your integrity, your ethics.

"When I looked at this question – Have you ever been admonished or disciplined? – admonished seems to me, anything – caution, any kind of scolding short of a discipline. Mr. Bissen said in his confirmation hearing that now he looked up the word admonished in the dictionary and he realizes that it is caution, that caution falls within admonished, and that he still didn't believe that he was required to reveal *State v Sanchez* because the Disciplinary Counsel said he did not have to. Mr. President, I called the ODC. They would not admit or deny whether or not they even give this kind of advice orally, in writing or whatever, because their proceedings, unlike ours, are confidential.

"But it still begs the major issue, and the major issue here is – why Aki and why not Sanchez? When you compare the two cases, as an attorney I would remember that which was directed at me, not directed at my colleagues where I can be magnanimous and say I am the head and therefore I should be held responsible. Sanchez is directed at me. Why would I not put Sanchez in my application if I felt compelled enough to put Aki in that response?"

"The difference also is, Mr. President, in 2002 Mr. Bissen applied for a judgeship, and I would like to say that Mr. Bissen, when I requested all of his applications, had it sent over immediately. In 2002 this questionnaire ended at number four. Number five, six and seven was something new in the 2004 application for the present circuit courtship. Number five says, 'Has your behavior or conduct ever been criticized or have you been admonished in a written decision by any court?' Mr. Bissen's response is, 'not that I can recall.' Again, Mr. President, I have a difficulty with that.

"Sanchez, in terms of an ICA decision, a published opinion, has eight separate counts which were basically sustained, and cumulatively, cumulatively, the court unanimously found that those actions, they could not find – it's sort of a strange way of putting it – but they could not find beyond a reasonable doubt

that this defendant was given a fair trial. As a result, it was reversed.

“Now, to me that’s a major sanction. That’s a major sanction, a major criticism by any court to reverse, because reversals based on prosecutorial misconduct are very rare, and that’s something else that you do not forget.

“We had a very interesting situation in these confirmation hearings and that was a very active role of the Attorney General. I would say he was almost acting like the attorney for Mr. Bissen during these proceedings. Believe it or not, in his zealotness of defending Mr. Bissen, he actually came up with the case that put it all together for me. Knowing Mark Bennett, he must have stayed up and gone through West Law until he found a case that he could bring before us, and he did. It was called *McGuire v United States*. It’s a 1991 case. This is way before Sanchez or any of the other cases. It’s by the District Court of Appeals for the District of Columbia. What he was telling us then was the real issue in prosecutorial misconduct, and this is a quote, ‘It’s not whether the prosecutor engaged in some kind of misconduct but whether the trial judge should have intervened if and when the prosecutor went beyond the limits of permissible argument.’ Now, I’m sure and I believe that Mr. Bennett was proposing this to us as a rationalization as to why we should not hold Sanchez as anything definitive. But what he did not realize is that by showing us this case or showing me this case it made it very clear to me what we’re talking about.

“Mr. President and my colleagues, we are here to determine if someone should serve as a judge – not a prosecutor, not an advocate, but a judge – for 10 years in the Second Circuit. That’s what we are tasked with here today. When you read this – that prosecutorial misconduct according to this court is whether the trial judge should have intervened – then the question then becomes, what do we know about Mr. Bissen that addresses this?

“During the hearing, Mr. President, we asked questions about why wasn’t Sanchez there. And we had a variety of reasons why, and I’m sure my colleagues who may have asked that question had responses. One of them was that he had forgotten – it wasn’t part of his file, he had forgotten. The next question was, what about the holding in Sanchez? How do you feel about that? The court said, basically, reversal on prosecutorial misconduct, not something that occurs on a regular basis. And his response was that he disagreed. He disagreed with the court. And then I asked him specifically, but this is the case. This is the case that’s cited on issues of prosecutorial misconduct, and he said, ‘well, yes it is.’ I said, ‘well wouldn’t this be something that you would remember because it is something on you? It is a case decided on your conduct.’ And Mr. President, quite honestly, I did not have a response to that question that I felt was satisfactory.

“To the people of Maui, Mr. President, they see someone who’s been an active participant in their community. They see someone who’s been a great prosecutor for them, and that weighs into my decision as well. But I am looking at what we have to do, which is to decide – can that advocate put it aside. Can he then, as a trial judge, when he himself has pushed the envelope too far in Sanchez, can he then take on the role as someone who is supposed to ensure a defendant’s civil rights? And that’s what we have come down to. That’s the role of the judge. Irrespective of the public defender or the defense counsel or the prosecutor, the role of the judge is to ensure that justice is done, and it is not justice as one sees it, it is justice as the law is written.

“And then we come back to what I have had problems with – the respect for the law; the respect for the disciplinary proceeding; the respect for our codes of ethics. Let there be no mistake, Mr. President, the reason why prosecutors have a higher code of ethics is because they speak with authority. They are the State. Criminal cases are State v whoever. You are speaking for the State. That is a high obligation that you have to fulfill. It is not there to simply say, ‘lock them up or throw away the key,’ or anything like that. That’s not what it’s about. It’s justice – this concept called justice. That is why we hold prosecutors to a higher level when we are talking about them in terms of professional responsibility or when the courts look upon them in their conduct, because they speak for the State. It’s no different than us. When we have ethical problems or when we are under scrutiny, it is because we are looked upon as people who have special positions. Prosecutors are the same.

“Now we must switch back again. This is somebody who wants to be a judge for 10 years. And the question that each and every one of us must deal with is, can that person meet out justice when we have had less than satisfactory answers as to disciplinary cautions, or just the fact that it had occurred, or *State v Sanchez*, prosecutorial misconduct, not to mention the fact that there had been another case, *State v Schmidt*, though not reversed, one count sustained as to prosecutorial misconduct.

“I have said from the beginning that this is not an issue so much about prosecutorial misconduct. For me it has been an issue of disclosure, because remember, Sanchez came out in 2002, was not listed in 2004’s application, but in December of 2004, Sanchez is brought to the attention of Mr. Bissen and he forwards to the Judicial Section Committee Sanchez, saying that it was not actually Mr. Bissen but Mr. Edmonds who remembered from 2002 that there was this case, and in response to that, it’s forwarded. Mr. President, I will tell you it was never mentioned to me. And in my conversations with colleagues, it was never mentioned until we raised it.

“Now the Hawaii State Bar Association came before us and took the position that they were not aware of Sanchez as well. Whether that’s true or not, they kind of went wishy-washy on it and they said, well maybe it was mentioned. But let there be no mistake – it was never mentioned at that hearing the first time by name. And for lawyers, cases are everything. And it’s by name because then we can go in and we can read it for ourselves.

“Mr. President, the question that you may have and others may have is why then do I stand here, albeit ‘with reservations,’ saying we can move this candidate forward? And to that I must credit our colleagues from Maui who believe so strongly that Mr. Bissen will make a good judge and, in addition, their constituents who have come forward for them.

“I cannot, however, set aside the fact that I have grave concerns. Mr. President, your Judiciary Committee, like with Mr. Hong, I think they went beyond the call. We have these marathon-like sessions where we believe that everything there is to be asked will be asked and the candidate, the nominee is given full opportunity to respond, which I believe he did. And to Mr. Bissen’s credit, I believe that when we asked for things, we got it. My problem of course is the fact that in certain situations we asked for them versus it coming forward voluntarily.

“Even the bar association, Mr. President, I would like to say that since Mr. Hong and Ms. Pollack, the Maui judge, during the interim your Judiciary Chair worked with not only the bar association, but the judiciary on issues regarding confirmation and the appropriate roles of every entity in our process. And

it's still ongoing. I sit with the American Judicature Society now on trying to determine what are the respective roles and what should we do as a body in terms of recommendations that come forward and how well thought out these recommendations are. The bar association has come very far, but I will tell you, in this particular situation I personally had many reports about whether it was said, it wasn't said, or whatever.

"But we are at a point where we have to decide. We've got only one more day under the Constitution to decide on Mr. Bissen. And that is why I stand before you and the rest of this Body to say that I am recommending and asking that my colleagues vote for Mr. Bissen. But I'd also like to ask that they vote 'with reservations' because I think we do have an obligation to ensure that these questions and how it arrived are part of this record and that Mr. Bissen remember what the concerns were that we had throughout these proceedings.

"Thank you, Mr. President."

Senator Tsutsui rose in support of the nominee as follows:

"Mr. President, I rise in support of Gov. Msg. No. 77, the confirmation of Richard T. Bissen to the Circuit Court of the Second Circuit.

"Mr. President, before I begin I would like to request that the words of the good Senator from the 6<sup>th</sup> District, my colleague from Maui, be inserted into the Journal as if they were my own. (The Chair so ordered.)

"In addition, Mr. President, over the past few weeks we've heard from many Maui individuals who have come to testify in support of Mr. Bissen – a former Maui Mayor, we've heard from judges, prosecutors, public defenders, concerned citizens, people who knew Mr. Bissen on a professional level, and others who know him on a personal level – all of which have come and testified with many, many good things to say about Mr. Bissen.

"And as all of you know, Mr. Bissen has served as a prosecutor on Maui for many years and as a First Deputy Attorney General for the past two. Over those years, I believe that he has acquired the knowledge that is necessary to preside over a courtroom. There is no doubt that Mr. Bissen will serve the people of Maui and the State of Hawaii very well. There is no doubt in my mind that he will be fair and impartial and he will do what is right.

"Today, colleagues, I strongly urge your support for Gov. Msg. No. 77, the confirmation of Richard T. Bissen to the Circuit Court of the Second Circuit, State of Hawaii.

"Thank you, Mr. President."

Senator Hee rose in opposition to the nomination and said:

"Mr. President and colleagues, I rise to vote 'no.'

"Let me state at the onset, I am not under any grand illusion that this nominee will not be confirmed by an overwhelming majority. That is not my point. It has never been my point. Unlike others, I have not taken any straw votes nor have I asked anyone to join me in voting 'no.' To do so would trivialize the seriousness of our job of consenting to a judicial nominee. To do so would place this nominee as an object as opposed to a person who has worked exceedingly hard to earn the confidence of the Governor and the opportunity to be evaluated by the Senate. To do so would place winning above all else. This nominee does not deserve that kind of invidious treatment.

"My friends, the Hawaii State Constitution demands us as Senators to consent to judicial nominees. It is our duty to do so. It is the single biggest difference between our colleagues in the House of Representatives and us.

"The late Charles L. Black, Jr., in a published article in the Yale Law Journal in 1970 spoke about the serious differences between the confirmation process between cabinet officers and judges. Using the federal system as the example, Black said that 'after arguing that a Senator should let the President have wide latitude in filling Executive Branch posts,' he said that, 'just the reverse, just exactly the reverse is true of the judiciary. The judges are not the President's people. God forbid. They are not to work with him or for him. They are to be as independent of him as they are of the Senate, neither more nor less.' As numerous legal scholars have shown, it is the judicial nominee that carries the burden of convincing the Senate that he should be confirmed, and doubts should be resolved in favor of protecting the public.

"Law professor Chemerinsky wrote, quote, 'Under the Constitution there is no reason why a President's nominees for Supreme Court are entitled to any presumption of confirmation. The Constitution simply says that the President shall appoint federal court judges with the advice and consent of the Senate. The Senate is fully entitled to begin with a presumption against the nominee and confirm only if persuaded that the individual is worthy of a lifelong seat on the Supreme Court.'

"Some say that this is the toughest job of being a Senator, and in some ways it can be. It should come as no surprise that many of us have been lobbied to vote one way or the other regarding this nominee. But really, friends, for many of us this confirmation is easy. Some of you will vote for this nominee because, like the Governor, who made the appointment, you are a Republican and that's easy. There are others who will vote for this nominee primarily because, like the nominee, you are from the island of Maui and that's easy too. And then there are some who will vote for this nominee because you have developed political friendships since your election or you see this as an opportunity to do just that. Even that's easy, although less transparent. Several of you may justify your vote for the nominee by the Hawaii Bar Association's, quote, 'qualified,' end quote, rating or the Judicial Selection Commission's recommendation, regardless that you haven't a clue how the mysticism of either shrouded rating system operates. But even that is easy because you can lay off your constitutional responsibility to some other organization's dereliction.

"We know it is true that both organizations discussed the nominee's first admonishment of prosecutorial misconduct, which resulted in a reversal of a lower court verdict in a case dated August 5, 1996. This case is known as *State v Sanchez*. But what is also true, and more important for our purposes, is that the nominee failed to disclose the Sanchez case in both his 2002 and 2004 judicial applications to both organizations in writing. And but for a single, solo practitioner, Maui lawyer who brought the case to the Chair of the Committee, no one would have known about it. To prove the point, and to my disappointment, only when asked did the nominee disclose to us the Sanchez case. The Senate would never have known about Sanchez because it was never volunteered to us ever.

"The sad fact of the matter is it is also true that both the Judicial Selection Commission and the Hawaii Bar Association to this very moment are evidently unaware of a second written admonishment of the nominee. Why is this, and how could this happen? Because as far as the Judiciary Committee can conclude, the nominee never disclosed the second admonishment to either organization verbally or in writing. And how do we know that? Question five on page 16 of the

nominee's 2004 application asks, quote, 'Has your behavior or conduct ever been criticized or have you been admonished in a written decision by any court?' end quote. The nominee's answer is, quote, 'Not that I can recall,' end quote.

"This second case is known as *State v Schmidt*, dated January 17, 1997. The Intermediate Court of Appeals in its written decision admonished and criticized the nominee for improper behavior in his statements involving a theft case. Again, had it not been for one single lawyer familiar with the case coming forward, the Senate would not have known about this second admonishment. When asked about the case five days ago on February 10<sup>th</sup> he said, quote, 'Senator, I do not recall.' The Sanchez opinion was written on August 5, 1996; the Schmidt opinion was written on January 17, 1997. Both opinions were written by Supreme Court Justice Simeon Acoba, who at the time was a judge of the Intermediate Court of Appeals, and both opinions were concurred by a unanimous vote of the other judges who preside on the ICA.

"The fact remains that the nominee should have disclosed both admonishments in both his applications in 2004 and 2002. What I find most troubling is that even after explaining to the Committee he should have disclosed Sanchez to us, the nominee could not recall Schmidt. That, for me, is problematic. Only after being informed about Schmidt did he agree that Schmidt should also have been disclosed to us as well. To this extent, I agree with the Chair of the Judiciary Committee because this speaks to the elements of character and integrity.

"Mr. President and colleagues, every lawyer and judge that I have spoken to has said to me that it is very difficult to understand how someone could forget a written court admonishment, sanction, or other violation. In fact, to a person, every lawyer and judge has said that it is precisely those criticisms that are most often remembered as opposed to victories and wins. Such criticisms are personal. They strike to the heart of one's professional conduct as improper and unacceptable. The nominee's apparent inability to remember these cases is baffling to me and suggest to me that either the nominee has difficulty recalling serious admonishments or there maybe have been a belief the Senate would never have found out.

"Prosecutorial misconduct is a serious offense. It oftentimes indicates a zeal to convict at any cost, rather than following longstanding rules of court governing a prosecutor's ethical conduct to ensure that a fair trial will occur for the accused. It is so serious that less than one-half of 1 percent of all cases brought to the courts by Attorney Generals, County Prosecutors, and Federal Prosecutors end up in situations where an Appellate Court opines that the prosecutor's behavior was so improper that the defendant was denied a fair trial. Cases like Sanchez are even rarer because in this case the Appellate Court actually reversed the decision of the lower court.

"Canon number one of the Code of Judicial Conduct says in part 'An independent and honorable judiciary is indispensable to justice in our society. A judge should participate in establishing, maintaining and enforcing and should himself observe high standards of conduct so that the integrity and independence of the judiciary may be preserved.' Some of you may argue that he is not yet a judge and therefore should not be held to that standard. The preamble of the Code of Professional Responsibility of the Hawaii Court Rules says in part, quote: 'Lawyers, as guardians of the law, play a vital role in the preservation of society. A consequent obligation of lawyers is to maintain the highest standards of ethical conduct. Not every situation which he may encounter can be foreseen, but fundamental ethical principles are always present to guide him,' end quote.

"Mr. President and colleagues, it was reported by both newspapers that the administrator of the State Water Commission resigned last week for refusing to support legislation she believes would kill the agency that environmentalists see as a guardian against over-development. Her name is Yvonne Izu. She is a lawyer and a former Deputy Attorney General. Ms. Izu said in part, quote, 'I did not feel it was fair to ask the Water Commission staff to prepare testimony that would dismantle the agency that they work for,' end quote. Regardless of whether you agree or not with Ms. Izu, we should all agree that she stood up for her principles. She relied on her belief in fairness to guide her in her decision. She stood up for the commission upon which she was hired to represent. She stood up for her employees against the State Department. She stood up for the people of Hawaii against legislation supported by the Governor. She held that accountability to her job and the people of Hawaii was more important to her than keeping her job. She did her job. She followed her ethical principles. She followed her heart, and she stands alone.

"Too often we make the mistake of placing a priority of trying to keep our job over doing our job. My friends, there are others here who can tell you that we merely occupy these seats. None of us will be here forever, not a single one of us, and these are the times when we are called upon to do our jobs. Ask Yvonne Izu.

"Some of you, like me, may have received veiled threats and unfair criticism because of an uncompromising belief held by some that we need a, quote, 'Hawaiian,' end quote, on the court, or that the nominee is really a popular, quote, 'Maui Boy,' end quote, or that what we don't need is another 'a'ama crab in the pakini holding a Hawaiian down because of, quote, 'one minor incident,' end quote. And who can blame this critic? After all, his conclusions are primarily based on a three-second sound byte that ran on the Channel 2 News. And he is not alone – a former Supreme Court Justice has weighed in on this matter. He is joined by former judges as well as lawyers, as well friends. Four labor leaders that I know of have weighed in on this discussion, but they certainly don't know what has been presented to the Senate. And there have been others who have also appealed to us to deny confirmation. Like the other side, they have shared their opinions on the fitness of this individual to stand in judgement over one's property and one's liberty. And like the other side, they certainly don't know what has been presented to the Senate in its totality.

"Difficulty is merely a part of this process. Difficulty isn't convenient. It isn't easy. It wasn't meant to be easy. It will never be easy – ask Yvonne Izu.

"Let me conclude by noting that in last Saturday's Honolulu Advertiser the nominee said in part he felt vindicated and that he answered the questions, quote, 'straight up,' end quote. Moreover, he said he didn't understand why reservations still remained.

"Here's why I voted 'with reservations' last Friday. Throughout the difficult process, I've tried to give the nominee the benefit of the doubt if nothing else. If nothing else, he has always availed himself to discuss his nomination, and I aloha that. Unlike others, this nominee never once said he wouldn't be available. In fact, we have each other's cell phone numbers, and I aloha that. In our initial office interview, which that lasted 90 minutes or so, he was exceedingly pleasant and open. Frankly, I enjoyed our conversation. One of the last questions I asked was, quote, 'Is there anything you think I should know that I haven't asked?' end quote. His answer was, quote, 'no, Senator,' end quote.

"After the first judicial hearing when the Sanchez case was discovered, I met with Justice Acoba who wrote the Sanchez opinion for approximately 45 minutes. He came to my office at the Capitol. I then met with Attorney General Bennett and Prosecutor Carlisle for approximately one hour, and following that meeting I met with the nominee again for an additional two hours. Each explained their views on the Sanchez case. No one, not one, brought up the Schmidt case. This much is certain – Justice Acoba knew about the Schmidt case because he was its author, and the nominee knew about the case because he was the prosecutor in the case. Schmidt was brought to me after I met with all of these people. Only then did doubt and questions of credibility arise. After all, as I stated earlier, I believe it's prudent to give someone the benefit of the doubt.

"That the nominee feels vindicated and he cannot understand why reservations still exist demonstrates to me an inability to fully appreciate the seriousness and gravity of the confirmation proceedings. I understand there are several of you who will cast your vote 'with reservations' as opposed to straight up. That suggests that you continue to have some doubt about the fitness of this nominee to sit in judgement over others accused of crimes including rape, assault, and murder.

"My friends, no person is entitled to a seat on the Circuit Court. This is not a reward. And if a nominee cannot clearly satisfy the Senate without any reservations whatsoever that he or she meets all the criteria for confirmation, the people of Hawaii should not be asked to bear the risk of entrusting this individual with the reins of judicial power.

"U.S. Senator Robert Byrd said in a debate over the elevation of Justice Rehnquist to Chief Justice, quote, 'The benefit of any doubt should be resolved in the favor of the people of the United States. If there is a cloud of doubt, this is the last chance. If there is a doubt, I say resolve it in the interest of our country and its future, and in the interest of the court,' end quote. Senator Byrd is right. This is the last chance. Once the nominee is confirmed, 10 years will pass before any evaluation by the people will occur. Because the cloud of doubt still remains on this nominee's courtroom indiscretions, the court's admonishments in two separate cases, and the nominee's inability to recall and voluntarily disclose the admonishments candidly to the State Senate of Hawaii, it is with great regret that I shall vote 'no.'

"Mr. President, this basket of flowers is from my Auntie. Her name is Johanna Bissen. She is the nominee's cousin, Lehua. The nominee and I are Hawaiian. I admire this nominee. He grew up the hard way and I admire that. He grew up pulling taro in Kahakuloa – I admire that. He went to school in California – I admire that. He came back and went to the Richardson School of Law – I aloha that. He worked for the interest of his people on Maui as its prosecutor – I aloha that. He is a winner. He doesn't quit, but that is not why we are here today. We are here because of the duty of evaluating a nominee in his totality.

"Let me be the first to congratulate Rick Bissen. Let me be the one, because I know how its going down and I'm okay with that because we're all called to do our duty.

"Mr. President and friends, if there is doubt, let doubt rest on the shoulders of those who elected you. Mahalo, Mr. President."

Senator Baker rose in support of the nominee as follows:

"Mr. President, I rise in strong support of Gov. Msg. No. 77, Richard T. Bissen, Jr., to the Circuit Court, Second District, my home island and my home County of Maui.

"I have no reservations about supporting this nominee, but I will not cast aspersions on any other who may look at the evidence as I have and reach different conclusions.

"One of the people who testified at Rick's confirmation hearing noted that a person ought not to be measured by an incident viewed in isolation but rather by the person's full life. I firmly believe that Rick's life as a whole, both personally and professionally, demonstrates his overwhelming fitness for judicial office. I've known Rick for many years. I served in county government with him for four years. Today I want to represent the people and the overwhelming support from his home county where he seeks to be a judge.

"In his letter to the Judiciary Chair he noted: 'I wish to be a Circuit Court judge because I feel I am ready to continue to serve my community in this new capacity. As a judge, not an advocate, I will be called upon to make decisions that will have tremendous impact on the lives of my fellow community members. I am fully aware of the awesome power and corresponding responsibility that comes with it. I do not take this charge lightly. I wish to be a Circuit Court judge particularly in the Second Circuit because it is where I grew up, where most of my family and friends live, and where I spent most of my legal career. Maui is my home. The judge should, as allowed by the law, be an impartial problem solver that assists citizens in finding resolutions without the need to litigate whenever possible.' I think that Mr. Bissen presented a very favorable judicial philosophy in that particular statement.

"To say that this nominee has been thoroughly scrutinized would certainly be an understatement, Mr. President. During two days of grueling questioning by the Committee on Judiciary and Hawaiian Affairs – grueling, but fair I believe – Rick never lost his cool, never lost his temper or his calm demeanor. Despite the nature of some of the questions, Rick approached each as a professional. He took none of the questioning personally and withstood the questions, I think, with honor and dignity. The Committee heard much testimony with regard to the significance of Rick's conduct in *State v Sanchez*, and of course we had that recounted this morning on the Floor. I don't think any prosecutor is ever happy to learn that a court has described conduct as prosecutorial misconduct, but maybe it's appropriate to note some words from a court decision that our Judiciary Chair cited earlier, *Maguire v United States*, to note that the words 'prosecutorial misconduct' perhaps are not as sinister as they sound. In that case, the court noted: 'We think that the word misconduct is overused and that some less sinister name should be given to the rhetorical excesses of attorneys who say what they should not say when engaged in forensic combat.'

"Now moving forward, the Judicial Selection Commission that named Rick to their list of qualified individuals knew every fact that the Committee knew because Rick had appeared before the commission twice. In 2002 he discussed the Sanchez case with the commission, and in 2004 he not only discussed it orally with the commission but also supplemented his application in writing. This commission, established by our Constitution to find qualified judicial candidates, concluded, I think quite clearly, that Rick had been honest and forthright in his discussions with them. The commission even took the extraordinary step of sending a letter to your Senate Committee on February 10, 2005, specifically stating that Rick had discussed Sanchez in both 2002 and 2004. If the commission had believed that Rick was in any way dishonest, it would never have placed his name on the list of qualified candidates.

"In one last word on that particular case, I'd like to quote from the testimony presented by retired Judge Walter Heen,

President of Na'A'ahuhiwa, the organization of Retired Native Hawaiian State Court Judges, who wrote to strongly urge Rick's confirmation. He noted that Rick's qualifications were undisputed and said, 'It should be eminently clear that Mr. Bissen's conduct during the Sanchez trial was not considered a serious matter by the disciplinary counsel.' With regard to Mr. Bissen's actual application to the Judicial Selection Commission, Judge Heen noted that because the disciplinary counsel did not sanction him, Mr. Bissen can be excused for not considering that he had been admonished. Judge Heen further wrote, 'If the disciplinary counsel had found Rick's conduct to be demanding of admonition, it would have used much harsher language than it did.'

"In addition, the bar also reaffirmed its support for Rick Bissen when it wrote to the Committee about his disclosure of the Sanchez case. The Maui County Bar Association also voted Rick 'highly qualified.' For the record, Mr. President, I'd like to have the statement of the Hawaii Bar Association regarding the nomination of Richard T. Bissen, Jr., dated February 10, 2005, included in the record. (The Chair so ordered.)

"The Honorable Marie Milks, who is both a retired judge and one of the most respected members of the Hawaii legal community, wrote to the Committee with her views as to the nature of Rick Bissen's conduct in Sanchez. Judge Milk's wrote, 'There is nothing in the appellate decision that causes me to conclude that Mr. Bissen conducted himself in an unethical manner or to suggest that he lacks the competence and integrity to serve as a judge.'

"I'd like to continue to cite a few of the examples among the scores of letters that were written in support of Rick Bissen. The Office of Hawaiian Affairs wrote that it supported Mr. Bissen's nomination and confirmation. The Administrative Director of the Courts, Mr. Thomas R. Keller, wrote in his personal capacity of his support for Mr. Bissen noting, 'Mr. Bissen inherited his family's values for hard work, public service, and courage.' Retired Judge Boyd P. Mossman, currently an OHA Trustee, who has observed Rick for many years on Maui, noted, 'I can attest to his good character, his integrity, his legal competence, his trustworthiness, and reliability, as well as his keen mind. Rick has been a fine example of a Native Hawaiian who has demonstrated leadership in the community and has been willing to fight for all that he believes in – that being justice for all, fairness for all, and service most of all.'

"A member of the Royal Order of Kamehameha I with the title of Alii Nui wrote on behalf of the Order supporting Rick's nomination with these words: 'No finer person could have been selected.' Former Attorney General Earl Anzai wrote, 'I know Mr. Bissen to be a man of conviction. He is both strong but fair.' Former Attorney General Anzai gave Rick his highest recommendation. My former boss, as well as Rick's boss, former Mayor James 'Kimo' Apana, wrote in support of Mr. Bissen and testified orally. Former Mayor Apana testified that when he took office after a series of Republican Mayors, he fully expected to name a new prosecuting attorney. Mr. Apana testified, however, that after doing his due diligence, he came to the easy conclusion that there was no finer person than Rick to serve as Prosecuting Attorney for the County of Maui, and thus, Mayor Apana kept Rick on for his entire term. Mr. Apana wrote, 'Rick is also an outstanding member of the community. He's a great friend, honest, compassionate, talented, and a person that you can count on.'

"But even more important for me than these words from former judges and former mayors are the words from Stacey Moniz, the Executive Director of Women Helping Women on Maui, an organization that I have great respect and admiration

for because this organization stands up for women who are victims of domestic violence, particularly, and also sex abuse. Stacey writes: 'I've known Mr. Bissen for many years and have appreciated his balanced sense of fairness and broad range of vision. He's a stellar leader in our community.' She went on to talk about Rick's work with children and his efforts to stop domestic violence and help them get grants and come up with win-win solutions for ways that the shelter could stay open. She noted that he was naturally open-minded and willing to find win-win solutions in many challenging situations.

"Every one of Hawaii's Prosecuting Attorneys and Police Chiefs wrote in support of Rick, and perhaps that's what is to be expected, but I think a letter from his successor Davelynn Tengan also is appropriate to note at this particular time. She says he's a well loved, well respected, well received individual who she believes will do great things for Maui as a judge and will personify the best qualities of a judge, irrespective of one's place of origin. Meyer Ueoka, longtime Democrat on Maui, longtime attorney – I guess he's the oldest practicing attorney on Maui – started by saying that he'd seen judges come and go, but he had known Rick for many years and he knows him to be fair, honest, intelligent, and a man with integrity beyond reproach who grew up in the community, comes from a good religious background, has all of the fine attributes of becoming an outstanding judge, and if confirmed would bring credit not only to his family and the state but to the judiciary as well.

"I got an e-mail from a gentleman that I don't know, Robert Alakai, in support of Rick Bissen. He says he's known Rick for many years as a member of our Hawaiian cultural group Na Koa O Hale Mua O Kualii, the men's house on Oahu, and Hale Mua O Maui. The purpose of Kane O Hale Mua is to build a strong sense of caring and values for family, culture, and the environment as we become practitioners of our culture. He said, 'Rick served as a leader. As we look to our ancestors for the knowledge to help us live in today's world, we want strong Hawaiian men for our generation and generations to come. We learn as we walk in the footsteps of our ancestors. The people of Maui will benefit from Rick's strong sense of value and purpose as he serves on the Circuit Court bench.'

"Just to conclude from the remarks that Mr. Ueoka shared with the Committee, it was this personal perspective about the nominee that he wanted to read, and that was that Rick had in fact come from such humble beginnings. Mr. Ueoka felt that because of this – his hard work and his effort – he would have empathy with all who would come before him and be able to be that fair and impartial judge that would be a role model for others striving to enter government service.

"I guess the question that was raised needs to be answered – can this zealous advocate transition from that role to judge? I believe that the folks that have shared with us his background, his passion, his commitment, his sense of fair play, believe that he can. I've seen him in action. I, too, believe that he can, and I think because of the kind of support and testimony that has come before us, there are others who share that belief.

"The testimonials that I read and alluded to are but a small sampling of the support that came forward in support of Rick Bissen to be Maui's newest judge. They were lawyers, former judges, regular folk, community leaders, Democrats and Republicans. The testimony I think of all of these individuals speaks to the values of the man – his integrity, his background, his competence to serve, his commitment to youth and families, helping others, his support for our society's most vulnerable, especially women who've been the victims of domestic violence, sexual harassment, or sexual assault.

"In fact, when I told Rick that I wanted to say a few words on the Floor on his behalf, I asked him, was there anything in his background that he wanted me to highlight in my remarks. Well, he mentioned that he was very proud of being a father. He and his wife just celebrated their wedding anniversary yesterday on Valentine's Day. And I said, 'No, something in your professional career or something else that you're proud of aside from your family.' And he mentioned two awards that made him proud because I think it speaks of the kind of concern and commitment that he has. One goes to his professional accomplishments where he was selected by the Maui County Bar Association as Lawyer of the Year in 2001, but the one that really stood out for him was to receive the Distinguished Citizen Award from the Men's March Against Violence in Oahu in 1999.

"It should also be remembered that Rick was one of the founders of Drug Court, and those programs owe much of its successful start to him. As was noted in a Maui News article, 'Much of what Rick's background has touched on are issues of youth and families that this new judge is expected to handle. The year after he was appointed head Prosecutor, Bissen began delivering parenting talks, aimed at strengthening families, to parent-teacher associations. He drew on his experiences as the father of three girls. As prosecutor, he also developed a series of crime prevention videos aimed at youth.' He's worked in our correctional facilities. He has that perspective that perhaps no other judge has, but I think it's the breadth and the experience that he brings to this position that really enables us to vote with confidence that he has the requisite background to be a judge.

"Mr. President, this nominee has been scrutinized to the nth degree and I think he's stood the test.

"I'd just like to conclude with these final words – throughout his career in professional, in personal, in community capacities, Richard T. Bissen, Jr., has demonstrated that he has all of the judicial qualifications and attributes that will make him a fine judge for the Second Circuit, Maui County. I strongly support his confirmation and ask my colleagues to join with those us from Maui to vote to consent to this nomination. Mahalo."

The Chair having so ordered, the Statement of the Hawaii State Bar Association dated February 10, 2005 reads as follows:

"Testimony of the  
HAWAII STATE BAR ASSOCIATION  
Relating to the nomination of

RICHARD T. BISSEN, JR.  
Judge, Circuit Court of the Second Circuit

To: Senate Committee on Judiciary and Hawaiian Affairs  
Honorable Colleen Hanabusa, Chair  
Honorable Clayton Hee, Vice-Chair,  
and members

Hearing: Thursday, February 10, 2005, 9:00 a.m.  
Conference Room 229  
State Capitol

At the request of Hawaii State Bar Association President Richard Turbin, a special meeting of the Board of Directors was convened on February 5, 2005 on the nomination of attorney Richard Bissen for the position of circuit court judge of the Second Judicial Circuit.

Following further interview of the candidate and discussion, the HSBA Board reaffirmed its finding that attorney Richard Bissen is qualified to be a circuit court judge of the Second Judicial

Circuit. The HSBA Board further concluded that Mr. Bissen provided the HSBA Board with sufficient disclosure of all relevant issues."

Senator Sakamoto rose in support of the nominee as follows:

"Mr. President, I rise in support of this nomination, but not because of party, not because of geography, not because of ethnicity, not because there is a lack of substance to the issues raised. No one likes to be wrong. No one likes to be criticized. Everyone likes to put their best foot forward, but we all need to balance our ego and our pride with humility.

"I think nominators, whether it's committees or individuals, need to ask the hard questions and ferret out issues so they need not be brought out in this Body. Nominators need to do their job. They need to do their job so these issues don't dangle here. There are very eloquent remarks on both sides of this issue, but it's not about what people have done; it's about what people are today.

"I hope nominees will be willing to disclose their faults and say 'I've learned from them.' The nominees don't feel they have to hide certain things to feel that they can't be viewed fairly and honestly by the nominator, by whatever committees they come before, because in this world, we all have faults and we learn from the mistakes we make. It's those who are not willing to say we've made mistakes and do not learn from them that are in an unreal world. Only God is perfect, and we are all frail and we all make mistakes. So I ask future nominees to be willing to disclose things, but still be humble yet confident, because there is a place for each person to do an excellent job in this world.

"I hope and pray that Mr. Bissen will be an excellent judge, and I pray that those who support him will help him be an excellent judge. I hope as he sits as judge, should he be confirmed, that he will be able to see things from everyone else's point of view. Just as here, should he be confirmed, it doesn't vindicate that there was no evidence or no reason for concern, because there is. But I hope as he sits as judge, he will truly look at other people's point of views within the context of the law and grow to become the best judge he can be.

"Thank you."

Senator Inouye rose to speak in support of the nominee and stated:

"Mr. President, I speak in support of Gov. Msg. No. 77.

"Mr. President and colleagues, I have given my favorable approval to Mr. Bissen personally, as well as to the Governor.

"However, Mr. President, I have been deeply concerned in the last hour of information we received here on the Floor, particularly for those of us not sitting on the Judiciary Committee. But I wish to make it known here and in the Journal that those concerns raised by members of the Committee is a concern of mine. And the concerns also include the appointee's responsibilities sitting as a Circuit Court Judge, not as a District Court Judge.

"The nominee will be hearing cases on rapes, heavy crimes, murders, and many other issues. He will be making decisions that will affect many lives on his island. He will be making decisions of the people, for the people of Maui. But I will give Mr. Bissen the benefit of the doubt that he will uphold the oath of the office to support and defend the Constitution of the United States and the Constitution of the State of Hawaii.

"I will support my colleagues from Maui who feel that Mr. Bissen will make a good judge for their community, for their people. I pray that Mr. Bissen will fulfill his full term of 10 years and not forget today's deliberations and that the Senate of the 23<sup>rd</sup> Session has given him the opportunity to erase all doubts of his capabilities to do a fine job.

"Thank you, Mr. President."

Senator Ihara rose in support of the nominee with reservations as follows:

"Mr. President, I rise in support of the nomination of Richard Bissen for Second Circuit Judge, 'with reservations.'

"Mr. President, I want to outline my reservations of this nomination. I do not believe any of my reservations, even when taken together, warrant a 'no' vote on my part. The nominee did not disclose the Sanchez case until seven weeks after filing his application for nomination, which is submitted to the Judicial Selection Commission, and he did so only because a member of that commission asked specifically about that case.

"At last week's hearing, the nominee said that he would not have disclosed the Sanchez case if it wasn't raised in that interview. The nominee indicated that he did not recall the Sanchez case when asked if a court has ever criticized or admonished him in writing because, and I'll paraphrase my understanding of what he said, because he did not initially consider that case as criticizing him, but it was more of a disagreement with the higher court that he respected.

"Mr. President, when considering these reservations in light of all the facts and testimony, I am satisfied that the nominee is qualified to serve as a Circuit Court Judge for 10 years, and I am satisfied that the nominee has the integrity and the judicial temperament to be a fair judge. I have noted my reservations and I will vote to confirm the nominee.

"Thank you."

Senator Hemmings rose to speak in favor of the nominee

"Mr. President, I rise to speak in favor of the nominee.

"Mr. President, I want the record to note that this Body once again is serving this State well by debating an issue not only with our hearts, but also with our minds. I respect those who dissent as much as I respect those who affirm, but there are some issues from our perspective that need to be reiterated.

"It was inferred by a previous speaker that some of us may be voting for our political considerations in the party we may or may not be a member of. It was inferred that some of us may be voting for the nominee because of the island we're on. I can assure you that I don't believe that at all. This Body on many occasions has gone against conventional wisdom on certain issues. On many occasions I was so proud of how we had voted on issues based on the merits of the issues rather than extraneous considerations.

"It was said, regarding this debate, that those who supported the nominee may have done so based on what they know or do not know. That's a fair statement. But in defense of this process and in recognition of the Chairman of the Judiciary Committee, all the issues that are being discussed on today's advise and consent discussion were known many days prior to today. Most people from the law enforcement agencies, the bar associations, the neighborhood organizations, the civic clubs, the leaders of the judiciary from both political parties where their roots may be, had an opportunity after hearing these issues

to come forward and change their testimony or come back to the Committee. So, after further consideration and after finding out what we felt we don't know, it's salient they could have changed. None of them did because they recognized that this is a good man that can do a good job.

"So it comes down to a very interesting aspect of the law that my not being a lawyer made me have a little different perspective on. It seems that the defendant, as a prosecutor, had a case reversed. As it says here in the committee report, on one of the grounds the reversal was that it was viewed with various instances of prosecutorial misconduct. Well, I would suggest to this Body that once someone is confirmed a judge, they do not automatically disavow their convictions of who they are. There are judges because the law is not absolute to the extent that it has to be judged. Therefore, the judge that reversed the decision's perceptions of what is allowed or what the tolerances of allowances are in the judicial process for the defendant may differ from one judge to another. That's why we have judges who have reputations as being very strict when it comes to administering justice and others who could be considered as very liberal.

"So the debate between the Appeals Court Judge and the judge that rendered the decisions in the process may differ because of their differing judicial temperament. Nevertheless, it says in the committee report that the Sanchez case did go over to the disciplinary counsel and the ODC concluded there was insufficient evidence to clearly support the findings of disciplinary violations by the nominee. So once again, after further consideration on these issues, there was not a problem.

"So what it gets down to, really, is considering what we as humans are doing here for the benefit of the people of Hawaii. I honestly believe that we have done our duty – that we have considered the evidence before us in making our decision to support this nominee, and we have looked at the pros and cons and are rendering a just and fair decision on behalf of the process. Quite frankly, I am very supportive of the nominee, as all his testifiers have been, but I am also very confident in the process that we've gone through here today and that this Senate will indeed give advice and consent in support of the nominee, Richard Bissen, to the State Court.

"Thank you, Mr. President."

Senator Hanabusa rose and said:

"Mr. President, Roll Call vote."

The Chair so ordered.

Senator Taniguchi rose to speak with reservations on the measure and said:

"Mr. President, I'd just like to note for the record my 'reservations,' but I'll be voting in support of this nominee."

The Chair so ordered.

Senators Chun Oakland, Espero, Kokubun and Bunda requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and, Roll Call vote having been requested, carried on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Hee).

At this time, Senator Hanabusa introduced Judge Bissen to the members of the Senate. (Judge Bissen, who was seated in the gallery with members of his family, rose to be recognized.)

At 1:19 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 1:25 o'clock p.m.

Senator Inouye, Chair of the Committee on Transportation and Government Operations, requested a waiver of the notice requirement pursuant to Senate Rule 21 for S.B. No. 1595.

Senator Inouye noted:

"Mr. President, this bill repeals the provisions for automatic permit approvals."

The Chair then granted the waiver.

Senator Kanno, Chair of the Committee on Labor, requested a waiver of the notice requirement pursuant to Senate Rule 21 for S.B. No. 294.

Senator Kanno noted:

"Mr. President, the bill makes adjustments to the minimum wage and also makes adjustments to the amount employers contribute for unemployment insurance."

The Chair then granted the waiver.

**ADJOURNMENT**

Respectfully submitted,

Clerk of the Senate

**ORDER OF THE DAY**

**RE-REFERRAL OF SENATE BILL**

The Chair re-referred the following Senate bill that was introduced:

Senate Bill	Referred to:
No. 527	Jointly to the Committee on Health and the Committee on Human Services, then to the Committee on Ways and Means

**THIRD READING**

S.B. No. 1150:

Senator Kokubun moved that S.B. No. 1150, having been read throughout, pass Third Reading, seconded by Senator Hooser.

Senator Baker rose in opposition to the measure and said:

"Mr. President, I rise in opposition to this measure.

"Mr. President, this bill only went to Water, Land, and Agriculture. It did not come to the Health Committee, and yet in testimony by the Department of Agriculture, they noted that there have been a number of outbreaks of food-borne illness traceable to raw milk.

"I don't think that the health impacts of this particular measure have been thoroughly explored and discussed, and I think there are definitely consumer damages that could result from the sale of raw milk for human consumption. Therefore, I rise to oppose this measure.

"Thank you."

Senator Kokubun rose in support of the measure and said:

"Mr. President, I rise in support of S.B. No. 1150.

"Mr. President, as the previous speaker indicated, yes there was opposition from the Department of Agriculture, but I think they could not really document the exact incidences of food poisoning or ill effects caused by the consumption of raw milk.

"I would also point out, Mr. President, that this measure was supported by many, many individuals here in Hawaii, and in fact other organizations as well. The fact of the matter is that over half, I think in 26 states in the country, raw milk and raw milk products are allowed to be sold.

"I would also like to point out, colleagues, that the Department of Agriculture is charged in this bill to develop rules and regulations to guide the sale of raw milk products. So I think at that point in time, through the Administrative Rule process, they will be able to provide the necessary safeguards with respect to the sale of raw milk and raw milk products.

"Thank you, Mr. President."

Senator Ihara rose and said:

"Mr. President, please note my 'reservations' for the reasons stated by the Health Chair."

The Chair so ordered.

Senators Chun Oakland, Kim and Ige requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 1150, entitled: "A BILL FOR AN ACT RELATING TO DAIRY PRODUCTS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Baker).

S.B. No. 1796, S.D. 1:

Senator Hanabusa moved that S.B. No. 1796, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hee.

Senator Slom rose in opposition to the measure and stated:

"Mr. President, I rise in opposition to this bill.

"While I support drug treatment programs and while we have passed numerous measures in this behalf in past years, one of the problems that we have which was brought out by the prosecuting attorney and law enforcement officials is the fact that if we keep expunging records, there is a difference between arrest and conviction records. While this bill with its S.D. 1 adds additional requirements for a drug-free individual, it talks about convictions but it doesn't talk about arrests. And in the communities that I'm involved with, people are concerned, because whenever someone is arrested, they find that there were prior arrests – 30, 50, 70, 100 prior arrests. They may not have resulted in convictions or they may still be going through the pipeline, but that has not occurred. And so, again I think that we are over balancing treatment versus punishment or at least standing up for the law.

"The other problem that I have with this bill is that it affords to defendants the same rights that were passed in our legislation prior to that time, but there is no starting time. So in other words, it could have been for convictions or incidences two years before the legislation was passed or five years or ten years or twenty years. There is no part of that.

"So I have a problem with the date. I have a problem with the position that's been taken by law enforcement that we're not supporting, and I have a problem with adding additional people that we're expunging the records. So I'll be voting 'no.'

"Thank you."

Senator Nishihara requested his vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 1796, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE DISPOSITION OF CONVICTED DEFENDANTS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 4 (Hemmings, Hogue, Slom, Trimble).

S.B. No. 1249:

On motion by Senator Sakamoto, seconded by Senator Hooser and carried, S.B. No. 1249, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 1253, S.D. 1:

On motion by Senator Sakamoto, seconded by Senator Hooser and carried, S.B. No. 1253, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Senator Baker, Chair of the Committee on Health, requested a waiver of the notice requirement pursuant to Senate Rule 21 for S.B. No. 527.

Senator Baker noted:

"Mr. President, the purpose of the proposed S.D. is to appropriate funds for statewide human service and health programs."

The Chair then granted the waiver.

Senator Chun Oakland, Chair of the Committee on Human Services, requested a waiver of the notice requirement pursuant to Senate Rule 21 for S.B. No. 803.

Senator Chun Oakland noted:

"Mr. President, this bill allows the Office of Youth Services to obtain criminal history and child abuse record information on employees and volunteers."

The Chair then granted the waiver.

Senator Menor, Chair of the Committee on Commerce, Consumer Protection and Housing, requested a waiver of the notice requirement pursuant to Senate Rule 21 for S.B. No. 1223.

Senator Menor noted:

"Mr. President, the bill relates to the imposition of a service charge for dishonored checks."

The Chair then granted the waiver.

Senator Ihara rose on a point of personal privilege as follows:

"Mr. President, I rise on a point of personal privilege.

"Mr. President, I just would like to point out Rule 21 and encourage my colleagues to follow the Rule. I understand that a lot of these waivers have or all of them have good reasons. I'm not doubting them. In our Rule it says that these notice requirements may be waived with approval of the President upon good cause shown, and I'm certain that there are good causes for each of these bills, and I would like to request that the future waivers give some indication of the reason for the request for waiver.

"Thank you."

## TWENTY-FIRST DAY

Friday, February 18, 2005

The Senate of the Twenty-Third Legislature of the State of Hawaii, Regular Session of 2005, convened at 2:06 o'clock p.m. with the President in the Chair.

The Divine Blessing was invoked by the Honorable Sam Slom, Hawaii State Senate, after which the Roll was called showing all Senators present with the exception of Senators Menor and Trimble who were excused.

The President announced that he had read and approved the Journal of the Twentieth Day.

Senator Sakamoto introduced Lt. Gen. John M. Brown, III, Commanding General of the United States Army, Pacific Command. Accompanying General Brown was Janice Nielsen, Director of Governmental and Legislative Affairs for the US Army, Pacific.

At this time, the President invited General Brown to the podium to address the members of the Senate.

Lt. Gen. John Brown addressed the members of the Senate as follows:

"Senator Bunda, Senator Sakamoto, distinguished members of the Hawaii State Senate, it's truly an honor to be here with you today. Let me also add that it's an honor to be here with Mildred and her great band of social workers. What a tremendous asset you are to the community, and I congratulate you also. The sparkle in your eye tells me there are many, many more years of your contributions to our community, and God Bless you for what you do. Thank you so very much.

"I am here as the proud representative of the young men and women who make up your Army in the Pacific. They are a great team. As I stand here today, 13,000 of those young men and women are serving in 22 nations around the world. Twelve thousand of those Pacific-based soldiers are serving in Iraq and Afghanistan and they are doing a mighty deed for our country.

"In recent weeks we've been very fortunate to bring home several thousands of those soldiers from Schofield Barracks who have served for over a year in Iraq and made a tremendous contribution to the recent successful elections in that country, and we are so very proud of them. Over the next 10 to 15 days, we'll bring another couple of thousand home from Iraq and that will be the movement of Hawaii-based soldiers out of Iraq for a few more months.

"Following that, we'll bring 10,000 soldiers back to Schofield Barracks out of Afghanistan where Major General Eric Olson and the rest of the 25<sup>th</sup> Infantry Division have done just a tremendous job in that country and played also a significant role last November when Afghanistan experienced its first democratic election in its history. The success of that election was greatly due to the contribution of young Americans who sacrificed and served in that nation.

"I don't want to forget that as we celebrate bringing home thousands of America's sons and daughters from Iraq and Afghanistan back to this region, that Hawaii's sons and daughters of the 29<sup>th</sup> Brigade are moving into combat as we speak. General Joe Chaves and the great soldiers of the 29<sup>th</sup> Brigade, Hawaii's own, are moving into Balad and Mosul and Baghdad as we speak and they will make us all very proud as they serve there.

"The Army in the Pacific is growing. That is recognition of the importance of the Asia/Pacific Region, and we will see over the upcoming few years a steady increase both in the capabilities, the size, and the importance of Army organizations as part of the great joint team under U.S. Pacific Command in this region, and all of us that wear this uniform are proud to be part of that.

"I've had the honor to wear our nation's uniform for 35 years, and it has been an absolute privilege every single one of those years. In the President's recent inauguration speech, he made the comment that an observer who listened to our liberty bell ring as it tolled out the sound of freedom across our country so many years ago, that observer made the comment that it rings like it means something. And the President went on to say it means something yet today.

"I assure you that in my 35 years of having the privilege to wear this uniform, we have never had finer young men and women serving our country in uniform in the Army, Navy, Air Force, and Marines, and I am so very proud to represent them. They deserve our support. They deserve our compliments, and I assure you they will represent us well wherever they serve in the future.

"Thank you for having me here today. Mahalo."

At 2:24 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 2:38 o'clock p.m.

H.B. No. 502, H.D. 1 (Hse. Com. No. 15):

"It was said several centuries ago that all that was necessary for evil to triumph, or words to the effect that all that's necessary for evil to triumph was for good men and good women to do nothing. We have an opportunity individually and as a Body to do something because I really feel that we have something that should be addressed publicly and expeditiously – and that is that an ill-advised group at the University of Hawaii has invited, under the guise of academic freedom and freedom of speech, a very evil person to address the people of Hawaii and using the resources of the State of Hawaii to do so, and that is the person of Ward Churchill.

By unanimous consent, action on H.B. No. 502, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO TRAFFIC OFFENSES REQUIRING IMPOSITION OF INCREASED PENALTIES FOR SUBSEQUENT OFFENSES," was deferred until Tuesday, February 22, 2005.

This man, under the guise of freedom, is an academic fraud who is currently being investigated for gaining his job through affirmative action claiming to be an Indian. He is under investigation for literary fraud, for plagiarism in his work. He's been renounced as a cultural fraud claiming to be a Keetoowah Indian and his own tribe has disavowed him and also the American Council of Indians has clearly renounced him and disavowed him as an Indian.

By unanimous consent, action on H.B. No. 582, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO MISSING CHILD CENTER-HAWAII," was deferred until Tuesday, February 22, 2005.

H.B. No. 1221 (Hse. Com. No. 17):

"He is being currently investigated by the university for threatening the life of a fellow professor for disagreeing with him. This jeopardizes the reputation and the wisdom of the University of Hawaii and those who bring him here. It also jeopardizes financial support, as many institutions in the United States are being threatened with withdrawal of support from people who support institutions of higher learning.

By unanimous consent, action on H.B. No. 1221, entitled: "A BILL FOR AN ACT RELATING TO STATUTORY REVISION: AMENDING, REENACTING, OR REPEALING VARIOUS PROVISIONS OF THE HAWAII REVISED STATUTES AND THE SESSION LAWS OF HAWAII FOR THE PURPOSE OF CORRECTING ERRORS AND REFERENCES, CLARIFYING LANGUAGE, AND DELETING OBSOLETE OR UNNECESSARY PROVISIONS," was deferred until Tuesday, February 22, 2005.

H.B. No. 477, H.D. 1 (Hse. Com. No. 18):

"I would suggest and hope that we collectively as a Senate or individually as individuals could stand tall for academic freedom, for freedom of speech, but not for the fraud and deceit and dishonor that this man represents.

#### MATTERS DEFERRED FROM THURSDAY, MARCH 3, 2005

S.B. No. 117:

On motion by Senator Menor, seconded by Senator Baker and carried, S.B. No. 117, entitled: "A BILL FOR AN ACT RELATING TO HOUSING," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, none. Excused, 3 (Hee, Ihara, Sakamoto).

S.B. No. 797, S.D. 1:

On motion by Senator Menor, seconded by Senator Baker and carried, S.B. No. 797, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE HOUSING AND COMMUNITY DEVELOPMENT CORPORATION OF HAWAII," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, none. Excused, 3 (Hee, Ihara, Sakamoto).

S.B. No. 760, S.D. 1:

Senator Menor moved that S.B. No. 760, S.D. 1, having been read throughout, passed Third Reading, seconded by Senator Baker.

Senator Menor rose to speak in favor of the measure and said:

"Mr. President, I rise to speak in favor of S.B. No. 70, S.D. 1.

"Mr. President, I drafted the measure before you to impose a health insurance rate freeze on health insurers that maintain reserves in excess of 30 percent of their annual expenses. This freeze on rates would remain in effect until they have spent down their reserves to an amount that represents 30 percent of annual expenses.

"Mr. President, both the insurance commissioner and I agree that legislative action is needed to reduce the reserves of health insurers which exceed the 30 percent threshold to more reasonable levels. The insurance division has undertaken an actuarial analysis and concluded that a reserve level of 30 percent of expenses is, quote, 'sufficient to protect the insured against insolvency,' unquote.

"In his testimony, the insurance commissioner noted that the insurance division during its history has not seen net losses or claims anywhere near 30 percent of expenses. For example, an analysis of underwriting losses suffered by HMSA, Kaiser, HMAA and University Health Alliance from 1993-2003 showed that they averaged less than 3.6 percent of expenses and have never risen above 9.5 percent. According to testimony received by your Consumer Protection Committee and Health Committee, even 30 percent is far in excess of what is needed and much more than the maximum considered necessary in other states.

"In fact, according to a recent news report, the reserves of our state's largest health insurer, HMSA, have grown from \$516 million at the end of the third quarter of last year to \$541 million by the end of the fourth quarter. It should also be emphasized that our largest health insurer is only one of two health insurers in the state that is above the 30 percent reserve level. By contrast, Kaiser, by all accounts a well-managed company, has a total reserve level of about 15 percent of annual expenses during that same period.

"Now, while the insurance commissioner and I agree that this problem in the health insurance market needs to be addressed, we differ on the best solution. The approach proposed by the insurance commissioner and the administration was contained in the original version of this bill, which would have required a health insurer, like HMSA, that exceeds the 30 percent threshold level to give rebates to its subscribers in order to reduce its reserves to 30 percent of annual expenses.

"I believe that the approach that's taken in the Senate draft that's before you is a better approach than the administration proposal for several reasons. First of all, the insurance commissioner's proposal would require additional administrative expenses by the health insurer to implement the rebate program, as well as new costs to the state to be able to monitor that rebate program. Moreover, the administration's approach was unveiled at a time when it would have resulted only in giving each subscriber of health insurance an inconsequential rebate of about \$100 per subscriber.

"On the other hand, S.B. No. 760, S.D. 1, would deliver relief where it is badly needed – to businesses, especially small businesses that are being crushed by the drastic rise in health insurance premiums. The Senate draft would offer substantial and immediate relief to small businesses struggling to cope with rising health insurance costs.

“As you know, our largest health insurer recently announced it will be seeking a 4.9 percent rate increase for small businesses. The insurance division has estimated that if this rate increase request is approved, Hawaii’s small businesses would have to pay an additional \$20 million in health insurance costs. Because this bill would prevent all rate increases, including HMSA’s proposed 4.9 percent rate increase until it spends down its reserves, the passage of the Senate bill could save small businesses up to \$20 million in the near term, and in the long term these businesses could experience even greater savings.

“For example, HMSA’s reserves are more than \$68 million above the proposed 30 percent threshold. If this Senate bill is passed, the state’s largest health insurer would have to spend down this excess amount before it can submit a rate increase request to the insurance division. The enactment of this bill could therefore spare Hawaii’s businesses millions of additional dollars over a period of time.

“There’s also a question of fairness. At a time when it is sitting on \$541 million in reserves, I believe that it is unconscionable that our largest health insurer is requesting a \$20 million rate increase, an amount the insurer clearly doesn’t need to avoid insolvency or pay catastrophic claims. This unacceptable and ill-timed decision by the health insurer, in my mind, justifies this bill moving forward.

“In addition, the proposed rate fees would not only help Hawaii’s small businesses but would also help their employees by holding down their contributions. Equally important, the rate fees will contribute to our state’s economic wellbeing and a healthier business climate by allowing businesses to put their earnings to better use by purchasing goods and services, making capital investments, or hiring more employees.

“Now, despite the obvious benefits of this measure, the insurance commissioner has raised several objections, and I’d like to briefly respond to these if I might because I believe that they’re without merit. First of all, the insurance commissioner says that requiring HMSA to hold down its rates would create an unlevel playing field with respect to our largest health insurer and other players in the health insurance market. I disagree, and here’s why – after years of allowing our state’s largest health insurer to charge the subscribers high rates, our health insurance market has become even less competitive as our largest health insurer has grown to the point where it now controls about 70 percent of the market. Contrary to the insurance commissioner’s assertions, I contend that the enactment of the Senate draft will in fact contribute to a more level playing field by ensuring greater parity in the level of reserves that health insurers can retain. This would enable all players in the health insurance market to compete on a more equitable financial footing.

“In fact, others in the industry agree on that position. For example, I recently receive a letter from a representative of another health insurance provider which is one of the few companies that is providing any competition in this health insurance market. In the letter they indicated that without a huge advantage in reserves, the largest health insurer won’t be able to utilize their reserve to engage in predatory pricing to drive out any competition that threatens their profitability. This industry professional noted that HMSA has used these excessive reserves to bully competition out of the marketplace. I’ll read one paragraph from the letter. It says, ‘We applaud you and the Committee for this bold and akamai approach. S.B. No. 760, S.D. 1, not only gives small business the kind of relief that it needs, it also ensures a competitive and level playing field Hawaii’s healthcare industry.’ So in that regard I think

that this letter demonstrates that our bill would foster competition and not stifle it.

“The insurance commissioner has also stated his opposition to the bill by citing several cases in which rate freezes were challenged in court on the mainland. However, I would note that all of these cases cited referred to for-profit companies who were challenging the rate freezes or rate regulations on the basis that it amounted to a government taking of profits under the Fifth Amendment. Of course in this case, when we’re talking about our state’s largest health insurer, we’re talking about an entity that is a nonprofit mutual benefit society with a tax-exempt status, so these cases clearly don’t apply.

“Finally, I’d like to emphasize that I think that this bill is necessary because, in my mind, I don’t think that the insurance division has been doing its job in holding the line on rates. Although during the insurance commissioner’s tenure our largest health insurer has maintained reserves which the commissioner has described as, quote, ‘excessively large,’ he has approved several rate hikes. Frankly, this rate fee should have been implemented much sooner by the insurance division on its own volition without the Legislature having to force the issue.

“For all of these reasons, I urge my colleagues to vote in favor of S.B. No. 760, S.D. 1.”

Senator Slom rose to speak in opposition as follows:

“Mr. President, I rise in opposition to this bill.

“You know, for many years before I became a part of the Legislature, I came before the Legislature begging for relief for small businesses for premiums which we pay in an inordinately high amount, and the Legislature was prone to do nothing about that. The sponsor of this legislation and I have one thing in common that we absolutely agree on, and that is the need for competition. This bill will not bring about competition.

“By the way, I think the title is inaccurate, Mr. President. The correct title of this bill should be ‘Get HMSA and Stomp Them in the Ground,’ because it’s not about health insurance; it’s about getting HMSA.

“I don’t have any personal either investment or particular regard for some of the practices of HMSA, but it’s not their fault, because we created the prepaid healthcare act – the only act of its kind in the United States. We did it 31 years ago. We said that it was progressive legislation. Everybody was going to follow our lead. And in 31 years, not one state has followed our lead. What has happened is a dozen years ago we had about a dozen healthcare providers, and now we have basically four, maybe four-and-a half.

“We’ve stifled competition by allowing for this legislative mandate, which now enjoys a federal ERISA exemption rendering things that we do at the state level impotent with our own legislation – we can’t change it. Well, let me correct myself. We can change it by constantly adding benefits, constantly giving to those that receive the benefits, but not doing anything to change the 31-year-old financial relationship between the employer and the employee.

“Thirty-one years ago, we said that an employer . . . well, first of all when we said that we were going to pass this legislation, we said it was going to be an equal 50/50 percent partnership between employer and employee. And that’s what got the legislation passed. It sounded good, but it was never true. At best, it was a 65/35 percent relationship with business paying 65 percent of the premium costs. But nobody really

cared that much and didn't make that much of an issue about it 31 years ago because when we look at the premiums that we were paying, we were paying \$20, \$30, \$40, \$50 a month. Now we're paying several hundred dollars a month for a single individual, and most employers, and particularly small business employers, pay 100 percent of that amount.

"So what we've done categorically, year after year we've added benefits, we've added people that have been treated, and in so doing we've increased the cost of utilization. And that's the magic word in the medical insurance and provider industry – utilization. The more people utilize the services, the more the costs are going to go up and they're going to be borne by someone.

"We in small business have paid, as I've said, an inordinate amount of premium increases and we came before the Legislature to try to modify the prepaid healthcare act year, after year, after year, after year as we had 10, 15, 20, 25 percent increases. But the Legislature didn't do anything about it.

"Now what I see in this bill is an attempt just to go after one company, not to increase competition, because you can't do that by freezing rates. That's why all the other companies testified against this bill. That's why if we pass this bill we're not going to encourage or allow or provide initiatives for any other companies to come into this market. And that's exactly what we need. If you want to talk about a level playing field, you need to talk about people being able to come in here and do business and offer real competition. And in 31 years, I've talked to all of the major producers on the mainland and here, and they all say with the same voice, the reason they don't want to offer the insurance or the reason they can't compete, sure HMSA is the big dog on the block, sure HMSA has got big reserves, but the real problem is the tax structure and the prepaid healthcare act.

"The tax structure – we had a bill here floating around for a couple of years that would have exempted the 4 percent tax from for-profit medical providers. And in fact, one medical provider was waiting on the sidelines for a year-and-a-half – that's Summerlin Health and Life Insurance. They thought that the 4 percent was going to be eliminated because they thought in fact we wanted a level playing field. And this Same Legislature that talks about leveling the playing field killed that measure. That measure would have allowed competitors to HMSA and the others that are nonprofits and are not taxed now, but we didn't do that.

"Also, we are passing bills and we passed bills in the last couple of days in Ways and Means that will raise general excise taxes on small businesses. So I find it ironic when we have people that are supporting more legislative socialistic reforms, as they call them, to help small business on one hand, when on the other hand they're doing everything possible to raise the cost of doing business for small business.

"Do small businesses want and need lower rates? Absolutely. But by doing it this way, by getting the Legislature more and more involved in price-fixing, because that's what it is, and more and more involved in business activities and taking more and more of the responsibilities away from the insurance commissioner, we're not leveling the playing field and we're not doing anything to encourage other people to come. What we are really looking at is the symptom rather than the cause of our problems. And certainly there may be a slight rate reduction or a freeze for one year, but eventually somebody's got to pay the piper because of the way medical insurance is structured and the utilization process.

"We saw it in automobile insurance. We saw it in worker's compensation insurance, which is a much better example because the medical fee schedule there was forcibly reduced by the Legislature and there were premium reductions for a year or two and then after that the rates skyrocketed and we had providers that would not even provide worker's compensation insurance.

"What does business, what does small business need? They need a competitive and healthy business environment where you have people bidding for their health insurance needs. And we also need group coverage for sole proprietors and independent contractors, a growing number within our workforce community. This bill doesn't do anything for that. It doesn't require that we offer group insurance. Instead, it puts a temporary freeze and basically is aimed at one company. And just as before when we had the anti-Chevron bill, I think it's bad legislation when we pick out one company or one part of one industry and try to legislate because we don't like them, rather than facing up to the truth and working on the real causes of why our health insurance is high and why we have little competition.

"Thank you, Mr. President."

Senator Kim rose in support of the measure and stated:

"Mr. President, I rise to speak in support.

"Mr. President, this is an administration bill. Mr. President, this is the bill that the administration brought before us focusing on one company, focusing on the ceiling of the reserves that was already there. It's the administration that said that we should refund the money, yet at the same time they're contemplating giving them an increase in rates. So, we can sit here all day or stand here all day and talk about healthcare and talk about the prepaid healthcare, but basically we're talking about this bill that was brought down to us, and I commend the CPH Chair for how he amended this bill.

"Thank you."

Senator Baker rose to speak in support as follows:

"Mr. President, I have remarks in support of this measure I'd like inserted into the Journal."

The Chair having so ordered, Senator Baker's remarks read as follows:

"Mr. President, I rise in support of S.B. No. 760, S.D. 1.

"This is a very important measure that will provide relief to thousands of small businesses who pay the bulk of the health insurance premiums for their employees. Thanks to fortuitous investing and approved rate increases, our state's largest health plan provider has amassed reserves far in excess of prudent requirements. This measure will freeze rates and require the reserves to be used to reduce rates for plan members until reserves are brought into line with the 30 percent requirement. This measure caps reserves at 30 percent rather than 50 percent in current law.

"Mr. President and colleagues, this is a prudent approach to ensure that employers and individual plan owners do not have to pay increases for their health insurance at the same time the plan has more than sufficient reserves in its portfolio. I urge my colleagues to vote in favor of this measure."

Senator Hogue rose in opposition to the measure and stated:

"Mr. President, I rise in opposition.

"I also, like the Senator from Hawaii Kai, am against any kind of rate freezes, wage and price controls, gas caps, or caps that try to go after specific businesses. Because of that, I want to stay consistent with my voting pattern and I will be voting 'no.'

"Thank you."

Senator Trimble then offered the following amendment (Floor Amendment No. 1) to S.B. No. 440, S.D. 1:

SECTION 1. Senate Bill No. 440 S.D. 1, section 1 is unamended.

SECTION 2. Senate Bill No. 440 S.D. 1, section 2 is amended to read:

SECTION 3. Senate Bill No. 440 S.D. 1, sections 3 through 30 are unamended.

Senator Trimble moved that Floor Amendment No. 1 be adopted, seconded by Senator Hogue.

Senator Trimble rose to speak in favor of the amendment and stated:

"Colleagues, corruption is the cruelest tax. It warps the decision-making process. It demoralizes the public sector, and it reflects poorly upon us as a society.

"Last year, we passed a bill that would ban corporate and union contributions. Last year, every member in this Body voted for a bill that would ban both union and corporate contributions, except one, and I actually don't see that person present. What I ask you to do today is to consider the amendment that I propose that would reinsert, simply reinsert, the ban not only on corporations but also upon unions, which was taken out of an earlier draft of S.B. No. 440.

"I urge that you consider that corruption of money in the political process should not, and does not, distinguish between whether it comes from a corporation or a union. Therefore, I urge you to vote for this amendment, and Mr. President, I ask for a Roll Call vote."

Senator Hanabusa rose to speak in opposition to the amendment as follows:

"Mr. President, I rise to speak in opposition to Floor Amendment No. 1.

"First of all, Mr. President, I'd like a little leeway here, and to acknowledge the fact that the only change to S.B. No. 440 is this specific provision. I'd like to inform everyone that S.B. No. 440 is actually the bill that was proposed by Mr. Watada, and the changes that were made to this bill were, for the most part, in reaction to an Attorney General's opinion and Mr. Watada's responses.

"We have three primary pieces of testimony that we received: first, the Attorney General's; second, Mr. Watada; and third being one from HGEA. HGEA was in complete opposition to this measure.

"Mr. President, over the years we have attempted to get a campaign spending bill through this Body. The Senate has done it and it has basically died in the next Chamber, or we haven't been able to work it out in Conference and therefore it never reaches back to us.

"Mr. President, this amendment asks to reinsert in S.B. No. 440 a prohibition against labor organizations. Mr. President, this Chair, your Chair of Judiciary, has included it in the past. The reason the Judiciary Committee agreed to exclude labor organizations is a very practical one, and the practical aspect of it is that labor organizations really do represent its membership. It is a different situation from big corporations or banks. They are actually membership driven. They are the way a group speaks together, and that is the whole concept of labor organizations – it is the ability to act in concert.

"We believe that amendment will put forth this bill to the next Chamber and we can have further discussion on it throughout this process. For that reason, Mr. President, after your Chair and the Committee listened to what we had before us, I believe that this amendment is one that we should not put forth at this time, and recognizing that this is Third Reading in the Senate only, hopefully this bill will move forward and we will be able to go on from here.

"Mr. President, it's just the labor organizations. There was no opposition to the banks and corporations, which we've had in the past. This is the only area that we had any opposition, and with that in mind, I believe that this bill has a good chance of survival.

"Thank you, Mr. President."

Senator Hemmings rose to speak on the amendment as follows:

"Mr. President, I rise to speak in favor of the motion.

"This isn't just a labor union. This is simply unfair to allow one dominant special interest group to hold sway over the campaign spending initiative and allow their money to be put into the process to influence decision making while everybody else is banned from the corporate level. The logic put forth by the Senate Judiciary Chair regarding labor unions being members of this organization, and quote, unquote, 'corporations' are just some nebulous organizations out there without any foundation is simply specious, at best, and outright inaccurate would probably be a better description.

"Stockholders who take money out of their pockets and put it into corporations have a huge vested interest in the welfare of their companies. I would suggest that they have just as much, or maybe even more, since it's their money on the line, than

members of the labor union would have. Labor, corporation, it's about time we stopped dividing those entities and we start working together to try to make things good for everybody in Hawaii. And obviously, we'll be hearing those issues more today.

"But if the Majority Party is really interested in a level playing field that benefits the people that sent us here, they would pass this amendment to do just what the Senator who's proposing this amendment wants – eliminate money from corrupting the election process. So if you vote against this amendment, I think you're voting against fairness and a level playing field for the campaign process. I would urge my colleagues to think about it before casting your vote today.

"Thank you."

Senator Slom rose to speak in favor of the amendment and said:

"Mr. President, colleagues, I rise in very strong support of this amendment. I've never heard a weaker argument by the Senate Judiciary Chair on any bill, any measure, any incident.

"And the fact of the matter is, as was said by the proponent of this amendment, we have voted on this bill before. The Judiciary Chair acknowledged that we had, that we passed it, that it was the other house that didn't respond.

"The issue is campaign spending reform – genuine and meaningful reform. How can you have genuine and meaningful reform when you take one of the key elements – organized, compulsory labor unions – out of the mix? And what is the argument? Well, we don't think we can get it passed with them in it, and they're the only ones that complained.

"Well, that's a good point. I wonder where all the people are that always support campaign spending reform that want the fairness and the level playing field that the Minority Leader was speaking about. We didn't hear from them this year either. Is it just another recognition that the labor unions, in fact the labor union bosses, do control not only this Legislature, but the social, economic, and political machinations of this State, because that's the only reason that's given. It's not given that it won't work, that it couldn't work, that it shouldn't work, because morally, everyone in this room knows that it should be included. It's a question of fairness; it's a question of equity.

"And again, the issue really is campaign spending reform and how can we have campaign spending reform without this amendment, as we always had before. It is an abdication by the State Senate to forces outside this room, to the House, to the labor union bosses. And I say labor union bosses because let's not kid ourselves when we talk about membership and labor unions. We've seen in the past the labor unions have fought amongst each other, the members have filed grievances against their union heads, and members are the first ones to tell you they don't want their dues money, their benefit money, used for political purposes without their choices. And yet, that's what we're going to do. We're going to continue to subjugate the members.

"As far as the Attorney General, I don't know what kind of papers or conversations the Judiciary Chair is alluding to, but I can tell you this – that my reading of the law indicates that if we do pass this, it will not pass constitutional muster because we are separating classes of people and saying this applies to one class but we're giving a free ride to another class. What the bottom line is, Mr. President and colleagues, is it's not fair, it's not moral, and you know it.

"Please support this amendment. Thank you."

The motion to adopt Floor Amendment No. 1 was put by the Chair and, Roll Call vote having been requested, failed to carry on the following showing of Ayes and Noes:

Ayes, 5. Noes, 18 (Baker, Bunda, Chun Oakland, English, Espero, Fukunaga, Hanabusa, Hee, Hooser, Ige, Kanno, Kim, Kokubun, Menor, Nishihara, Sakamoto, Taniguchi, Tsutsui). Excused, 2 (Ihara, Inouye).

At 10:29 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 10:29 o'clock a.m.

Senator Kim requested her vote be cast "aye, with reservations," and the Chair so ordered.

Senator Trimble rose and said:

"Please note my reservations, Mr. President."

The Chair so ordered.

The motion to pass S.B. No. 440, S.D. 1, on Third Reading was then put by the Chair and carried, S.B. No. 440, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CAMPAIGN SPENDING," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 4 (Hemmings, Hogue, Slom, Whalen). Excused, 1 (Ihara).

At 10:31 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 10:33 o'clock a.m.

Stand. Com. Rep. No. 852 (S.B. No. 738, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 852 be adopted and S.B. No. 738, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Trimble then offered the following amendment (Floor Amendment No. 2) to S.B. No. 738, S.D. 1:

SECTION 1. Senate Bill No. 738 S.D. 1, section 1 is unamended.

SECTION 2. Senate Bill No. 738 S.D. 1, section 2 is amended to read:

"SECTION 2. Forty per cent of all unexpended and unencumbered moneys remaining in the general fund at the close of fiscal year 2004-2005 pursuant to section 40-65 and section 40-66 shall transfer to the credit of the Employees' Retirement System."

SECTION 3. Senate Bill No. 738 S.D. 1, section 2 is amended by amending line 12 on page 2 to read:

"SECTION 3. New statutory material is underscored."

SECTION 4. Senate Bill No. 738 S.D. 1, section 3 is amended by amending line 13 on page 2 to read:

"SECTION 4. This Act shall take effect upon its approval"

Senator Trimble moved that Floor Amendment No. 2 be adopted, seconded by Senator Hogue.

Senator Trimble rose to speak in favor of the amendment as follows:

“You know, colleagues, one of the unfortunate things in this Chamber is that very few of us has ever worked for state government. And that puts us at a disadvantage because we tend to make laws without an understanding of what motivates the civil service system, government bureaucracy, to either spend or not spend money.

“We have indeed created a system that rewards failure by increasing resources and personnel. At the same time, we have a negative reward structure for those that come in under budget or don’t fill positions because this Body, in its Ways and Means Committee, removes those positions and cuts budgets of those departments and those branches that operate more efficiently than anticipated.

“The second major problem in state government for the wasting of money has to do with the way the executive branch handles the end of the fiscal year. At the end, starting on July 1<sup>st</sup> every year, the Departments and Budget and Finance and DAGS are so engrossed in trying to figure out how much money was spent and how much money is left, that new purchase orders are not processed for a two- to six-week period. How government employees respond to this uncertainty is to spend money before the end of the previous fiscal year to stockpile those resources they think they’ll need to have.

“Given the way that people in government respond to uncertainty and respond to the reward structure, I think it’s important that we give them a positive incentive, an incentive that says if you don’t spend that last dollar or that last ten dollars, that something good will happen. The incentive I’m talking about is by saying that on June 30<sup>th</sup>, 40 percent of the unencumbered balance in the general fund will be made as a one-time transfer to the Employees’ Retirement System. We have discussed last year and the year before last, the problem with a significantly underfunded Employees’ Retirement System. What you don’t know, my colleagues, is that government employees not only worry about the day they’re going to retire, whether it’s tomorrow or ten years from now, but they also worry about whether there will be sufficient resources in the Employees’ Retirement System to take care of them in their golden years.

“So what this amendment does is it provides a positive incentive for those people in the civil service system that are actually making the purchasing decisions as to whether the money is to be spent or to be saved – what is more important – and taking a fraction of that and transferring it to the Employees’ Retirement System, which is significantly underfunded.

“I urge your support for this amendment. It will be popular with your colleagues who are government employees, and I request a Roll Call vote.”

Senator Kanno rose to speak in opposition to the amendment and stated:

“Mr. President, I rise to speak in opposition to the floor amendment.

“Mr. President, although the proposal is a very creative approach, the provisions in the floor amendment have not had a public hearing. Also, the floor amendment calls for 40 percent of all unexpended and unencumbered monies in the general

fund to be transferred to the Employees’ Retirement System. Each year, the carryover balance is critical in moving forward with a balanced budget.

“I urge my colleagues to vote ‘no.’ Thank you.”

The motion to adopt Floor Amendment No. 2 was put by the Chair and, Roll Call vote having been requested, failed to carry on the following showing of Ayes and Noes:

Ayes, 5. Noes, 19 (Baker, Bunda, Chun Oakland, English, Espero, Fukunaga, Hanabusa, Hee, Hooser, Ige, Inouye, Kanno, Kim, Kokubun, Menor, Nishihara, Sakamoto, Taniguchi, Tsutsui). Excused, 1 (Ihara).

At 10:40 o’clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 10:42 o’clock a.m.

The motion to adopt Stand. Com. Rep. No. 852 and pass S.B. No. 738, S.D. 1, on Third Reading was then put by the Chair and carried, Stand. Com. Rep. No. 852 was adopted and S.B. No. 738, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE EMPLOYEES’ RETIREMENT SYSTEM,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Ihara).

Stand. Com. Rep. No. 902 (S.B. No. 960):

Senator Taniguchi moved that Stand. Com. Rep. No. 902 be adopted and S.B. No. 960, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Hemmings then offered the following amendment (Floor Amendment No. 3) to S.B. No. 960:

**SECTION 1. Senate Bill No. 960, section 1 is amended as follows:**

“SECTION 1. The recent tsunami in southeast Asia claimed the lives of hundreds of thousands of people and caused widespread economic devastation estimated in the billions of dollars. This situation is made even more tragic with the realization that additional lives could have been spared and businesses and property protected if adequate tsunami preparedness measures, such as warning sirens, a mobile civil defense alert system or evacuation plans, were in place.

Hawaii is no stranger to the destruction and devastation that tsunamis can bring. Hawaii’s geographical location makes it especially vulnerable to tsunamis that can strike in a matter of hours due to an earthquake in Asia thousands of miles away or seismic activity beneath the ocean floor. Hawaii’s experience with tsunamis has led to the creation of a well-coordinated tsunami monitoring and forecast system among federal, state, and county governments. However, even with this comprehensive, state of the art monitoring system in place, Hawaii’s tsunami preparedness efforts have not kept pace. Antiquated siren systems, outdated evacuation maps in phone books, insufficient shelter space, limited public education projects, underutilization of available mobile text messaging technology, and lack of around-the-clock alert staff means that Hawaii residents may lose critical seconds in evacuation time or, worse, be unable to access shelter in the event a tsunami hits.

The purpose of this Act is to appropriate funds for tsunami preparedness efforts, including maintaining and installing new siren systems, updating evacuation maps in phone books, constructing additional shelter space and retrofitting existing

public buildings that could serve as emergency shelters, providing around-the-clock alert staff for the civil defense division, expanding public education campaigns emphasizing the need for tsunami preparedness and authorizing the department of defense to establish, as a two-year pilot program, an opt-in mobile civil defense alert system to residents and visitors on an opt-in basis without cost to the state of Hawaii."

**SECTION 2. Senate Bill No. 960, section 2 is unamended.**

**SECTION 3. Senate Bill No. 960, is amended by adding a new section, section 3, to read:**

"SECTION 3. The department of defense is authorized to establish, as a two-year pilot program, an opt-in mobile tsunami alert system, utilizing a participating mobile data communications company, or companies, with interoperable platform exchange capability allowing messaging across all mobile standards, protocols and the Internet. The system is to be offered to residents and visitors on an opt-in basis; without cost to the state of Hawaii and without cost to visitors and residents who choose not to participate."

**SECTION 4. Senate Bill No. 960, section 4 is amended to read:**

"SECTION [3]4. The sum appropriated shall be expended by the department of defense for the purposes of this Act."

**SECTION 5. Senate Bill No. 960, section 5 is amended to read:**

"SECTION [4] 5. This Act shall take effect on July 1, 2005."

Senator Hemmings moved that Floor Amendment No. 3 be adopted, seconded by Senator Hogue.

Senator Hemmings rose to speak on the amendment and said:

"Mr. President, I can see that the wagons are circled pretty tightly in the Majority Party, but nevertheless, I'd like to put this motion into play for the purposes of hopefully doing something in the House of Representatives or moving on this at some later date when it goes to Conference.

"This simple amendment would strengthen our civil defense system considerably and bring the technology into the 21<sup>st</sup> century by allowing mobile messaging systems to be plugged into the civil defense system. In other words, your cell phone could be used as an early warning device. For your information, there are currently 150 siren gaps in the tsunami warning system throughout the State of Hawaii, so there are many areas where people will not have sirens. And as we well know, approximately 87 percent of the people who carry cell phones have them with them at any given time. They don't have radios and if they're out of the range of the sirens, they will not get warnings. This would allow mobile messaging to be plugged into the phone. It would be an automatic dial system where a third provider would dial into your system and give you the warning directly from the Civil Defense.

"Number two, it has a tremendous technological advantage for the simple reason that if there's a huge quake on the east plank of the Big Island, for instance, that results in a tsunami, the geophysicists estimate there would be approximately 17 minutes for the people of Oahu to prepare for a tsunami. This would obviously give access to many people who would not hear the sirens, or if so, would not be inclined to take immediate action.

"This technology is being used by civil defense systems in Hong Kong, Israel, the Netherlands, and Sweden. After the terrible quake in the Indian Ocean, Australia and India are also creating similar systems. In America, Washington, D.C., Arlington County in Virginia, Fairfax County, and several other counties are conducting the test as this amendment proposes.

"I would urge my colleagues to give this serious consideration and vote in favor of it so we can send over to the House of Representatives an early warning system that would bring the whole system into the 21<sup>st</sup> century. Right now, we're using sirens and radios. That's what we were using 50 years ago and it has many gaps in it. This would bring us into the 21<sup>st</sup> century and allow the system to be utilized accordingly.

"I would urge my colleagues to vote in favor of this amendment, and we'll see what happens. I would also like to have a Roll Call vote. Thank you, Mr. President."

Senator Taniguchi rose to speak on the amendment as follows:

"Mr. President, I rise to speak against the amendment.

"Although I'm speaking against the amendment, I think the Senator from Waimanalo makes a good point. So I guess what we'll try to do is incorporate his discussion of this as we go through the process. But at this point, it's probably not necessary to do this, and I urge my colleagues to vote 'no.'"

Senator Trimble rose to speak in favor of the amendment and stated:

"Mr. President, I guess it is fitting that the Senator from Manoa talks about the process and that is why I rise – because if it is a Republican idea, the process doesn't work. In Democrat-controlled committees, it tends to be the Democrat bills that are introduced that get a hearing, that get discussed, that get voted on. That is why we have had to resort this morning to bring out good ideas and to hopefully seek open minds so that they can be discussed and they can be considered.

"I urge that you vote in favor of this bill. Thank you."

Senator Inouye rose to speak in opposition and said:

"Mr. President, I speak against this measure.

"On behalf of the Committee on Transportation and Government Operations, civil defense has come under our purview and we've had many discussions on bills that we will be voting on today and some that we have already approved on Consent Calendar. We've had many discussions with regards to civil defense operations and hopefully at that time it should have been brought up.

"And on a point of personal privilege, Mr. President, I'd like to add that I believe that this measure – that my colleague to my right, as kind as he is, but as kind as we all are – I have heard several measures of the Minority Party in my Committee and they're moving and so I think there's some on our table as well. We've had several informational briefings where I've allowed the Minority Party to sit on my table as well and offer to ask questions. So, to my colleague on my right, I think that we all make decisions to the best of our abilities as well.

"Thank you, Mr. President."

Senator Trimble rose to speak in rebuttal and said:

"Mr. President, the previous remarks that I made, if they were interpreted by the Senator to my left as referring to the good Senator from the Big Island, they were not directed at her.

"So, if my remarks were said and interpreted that way, I apologize to the Senator to my left."

Senator Taniguchi rose on a point of personal privilege and said:

"Does that means it was intended for me?" (Laughter.)

The Chair replied:

"I guess so."

Senator Taniguchi continued:

"Again, Mr. President, I believe we've tried in the Ways and Means Committee also to be very open to ideas. I think we've discussed a lot of things. In many instances, we've heard the bills of the administration. I remember that the Governor is a Republican and that we've heard administration bills. It's my understanding that in many cases, members of the Minority have voted against the Governor's bills.

"So, I really want to state that I believe that the good Senator from Waikiki might be a little misguided on this one.

"Thank you."

Senator Hee rose on a point of personal privilege and stated:

"Mr. President, one need only look at the two confirmations of Betsy Strance and Richard Bissen to know that the wagons are not always circled as tight as the Republicans would like the public to believe.

"Thank you."

The motion to adopt Floor Amendment No. 3 was put by the Chair and, Roll Call vote having been requested, failed to carry on the following showing of Ayes and Noes:

Ayes, 5. Noes, 19 (Baker, Bunda, Chun Oakland, English, Espero, Fukunaga, Hanabusa, Hee, Hooser, Ige, Inouye, Kanno, Kim, Kokubun, Menor, Nishihara, Sakamoto, Taniguchi, Tsutsui). Excused, 1 (Ihara).

The motion to adopt Stand. Com. Rep. No. 902 and pass S.B. No. 960 on Third Reading was then put by the Chair and carried, Stand. Com. Rep. No. 902 was adopted and S.B. No. 960, entitled: "A BILL FOR AN ACT RELATING TO CIVIL DEFENSE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Ihara).

At 10:50 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 10:52 o'clock a.m., with the Vice President in the Chair.

### THIRD READING

S.B. No. 438:

On motion by Senator Hanabusa, seconded by Senator Hee and carried, S.B. No. 438, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC FINANCIAL DISCLOSURE

STATEMENTS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, none. Excused, 3 (Ihara, Slom, Trimble).

S.B. No. 439:

Senator Hanabusa moved that S.B. No. 439, having been read throughout, pass Third Reading, seconded by Senator Hee.

Senator Trimble rose in support of the measure and said:

"Madam Vice President, may I rise to speak in favor of this bill? These remarks apply equally as well to the previous bill. I rise to speak in favor of the bill.

"It's a good bill. The only question I have to ask is, 'Why now?' Why is this Body suddenly interested in greater disclosure and expanding the public's knowledge in the general area of ethics. I think it's good. I think it's overdue, and I will be voting in favor of this measure."

The motion was put by the Chair and carried, S.B. No. 439, entitled: "A BILL FOR AN ACT RELATING TO ADMINISTRATIVE FINES UNDER THE STATE ETHICS CODE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Ihara).

S.B. No. 595, S.D. 1:

Senator Hanabusa moved that S.B. No. 595, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hee.

Senator Trimble rose to speak in support with reservations and stated:

"Madam Vice President, I speak with reservations. What I want to know is if the Office of Elections does not get around to . . ."

Senator Baker interjected:

"Is the Senator speaking for or against the measure?"

Senator Trimble replied:

"I'm speaking for the measure with reservations.

"The problem and dilemma I have on this bill is, what if the Office of Elections does not get around to deciding who is authorized to train and how the workers are going to be certified? And if they don't get around to doing it then we won't have the option of having poll watchers.

"I'm also concerned that the deadline for submission of names for poll watching has been reduced from 30 days to 10, so I'll be voting with reservations.

"Thank you."

Senator Hanabusa rose to speak on the measure as follows:

"Madam President, I'm responding. I assume that was a question directed at the Chair more than rhetorical. But in the interest that it was a question, let me respond to the statements made by the previous speaker.

"This bill was amended so that it is 30 days now, and the reason why it went to 30 days was it was a compromise with the Office of Elections. The training is to be done like any precinct worker, and that is the concern of the Office of Elections. The reason why the names have to come earlier rather than later is because of the fact that they are required to have sufficient time in order to train. That's where the 30-day compromise was reached. The original bill was 90 days, and it went to 30.

"Thank you very much."

The motion was put by the Chair and carried, S.B. No. 595, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO ELECTION DAY POLL WATCHERS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Ihara).

S.B. No. 600:

Senator Hanabusa moved that S.B. No. 600, having been read throughout, pass Third Reading, seconded by Senator Hee.

Senator Whalen rose in opposition to the measure and said:

"Madam President, I rise in opposition to the measure.

"Briefly, I'd just like to note that on one of the bills that we passed already, we're lowering the age of CDL, commercial driver's licenses, to age 18 that someone can get it at. They can drive around with explosives in the back of their semi truck and yet we're raising the age that they can own a gun to 21.

"In the committee report, it referred to wanting people experienced that know how to handle the guns. That's why we're raising the age. I have preteens in my district who know more about guns, probably, than most of the adults in this building. I don't think that the age itself is the criteria. If we were worried about knowledge and experience that's one issue, but to simply raise the age, I believe it's merely another effort to take guns away from people.

"Thank you."

Senator Hemmings rose to speak in opposition to the measure and stated:

"Madam Vice President, yesterday we had a memorial service. Parenthetically, it was one of the more emotional functions I've been to. We laid to rest a number of good Marines, some of whom were 19 or 20 years old who recognized that the Second Amendment of the United State's Constitution was a very well-thought-out document in the course of the history of this country.

"They went overseas, some of them 18, 19 years old, and put their lives on the line and paid the ultimate price for the right to bear firearms. The record should also note that if you read the Federalist Papers and other writings regarding the Second Amendment, it wasn't written specifically for hunters. It was written for people, citizens, to bear firearms in case they have to rise up against a tyranny.

"This amendment is just as precious to the Constitution as many others that we defend on this Floor. I would urge my colleagues to think about these things before they rush on to politically correct votes that sound so wonderful in the eyes or in the ears of some of the beholders. We have these laws, and we have a Constitution that was well thought out and has stood the test of time. And also think about those 18-, 19-, 20-year-

old young men and women who are bearing firearms to defend our right to be even talking about issues like this today.

"I urge my colleagues to vote 'no' against this legislation. It sounds politically correct, but it is not fair, and it is not in tune with the Constitution of the United States of America."

Senator Slom rose in opposition to the measure and said:

"Madam Vice President, I rise in opposition to the bill.

"Adding to what's been said already, in all of the testimony that was presented for this bill, there were no problems that were discussed, no crimes have occurred because 18-year-olds were allowed to transfer firearms. And that's what we're talking about. We're talking about transfers here.

"Certainly, this is a state's right to determine the age and the details of this kind of transfer; however, I would remind my colleagues that the vast majority of states do follow the federal law, which is age 18. So, with no legal issues, no problems, I don't see why we should introduce or support this bill, and I urge a 'no' vote.

"Thank you."

The motion was put by the Chair and carried, S.B. No. 600, entitled: "A BILL FOR AN ACT RELATING TO FIREARMS, AMMUNITION, AND DANGEROUS WEAPONS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 5 (Hemmings, Hogue, Slom, Trimble, Whalen). Excused, 1 (Ihara).

S.B. No. 436:

Senator Hanabusa moved that S.B. No. 436, having been read throughout, pass Third Reading, seconded by Senator Hee.

Senator Trimble rose to speak in support of the measure as follows:

"Madam Vice President, I rise to speak in favor of this bill.

"I favor increasing the number of people who have to disclose or prepare financial statements and submit them to the Ethics Commission. The only question that I would raise is one that I raised a few bills earlier – why now? Why the sudden interest now?

"Thank you, Madam Vice President."

The motion was put by the Chair and carried, S.B. No. 436, entitled: "A BILL FOR AN ACT RELATING TO FINANCIAL DISCLOSURE STATEMENTS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Ihara).

S.B. No. 437:

Senator Hanabusa moved that S.B. No. 437, having been read throughout, pass Third Reading, seconded by Senator Hee.

Senator Trimble rose to speak in support of the measure and stated:

"Madam Vice President, again I rise to speak in favor of this bill.

“And again I ask the question, ‘Why now?’ I support the idea of increasing the conflict of interest portion of the statement. I think it’s appropriate, but why now?”

“Thank you.”

Senator Tsutsui rose to speak in support of the measure and said:

“Madam President, I rise in support, and ask, ‘Why not now?’”

The motion was put by the Chair and carried, S.B. No. 437, entitled: “A BILL FOR AN ACT RELATING TO CONFLICTS OF INTERESTS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Ihara).

Stand. Com. Rep. No. 643 (S.B. No. 536):

Senator Hanabusa moved that Stand. Com. Rep. No. 643 be adopted and S.B. No. 536, having been read throughout, pass Third Reading, seconded by Senator Hee.

Senator Slom rose in opposition to the measure and said:

“Madam President, I rise in opposition to this bill.

“What this bill allows, of course, is the unions, the same unions we exempted from campaign spending, to come and picket on a private person’s residence. And that private person can be the head of a company, can be an employee of a company, could be a stockholder, could be an interested individual, could be a spouse. But what it allows is pickets to come to the personal residence and to either provide strike information or picketing information there.

“I think the courts have held that certainly a person has an absolute right to their private property in terms of picketing, and I think this goes against that. But again, common sense and clear morality would tell you that this is not the right place and not the right forum for labor disputes.

“Thank you.”

Senator Kanno rose to speak in support of the measure and said:

“Madam President, I rise in support of the measure.

“The enforcement of Chapter 379A is unconstitutional and preempted by the National Labor Relations Act. The U.S. Supreme Court has consistently held that state laws are powerless to restrict a labor union’s peaceful picketing activity because the legality of picketing is decided solely under federal law.

“In Hawaii, several incidents have occurred wherein the attempted enforcement of this Chapter resulted in the issuance of letters of admonishment by the legal counsel for the unions. These letters indicated that the enforcement of this law could result in the filing of a lawsuit against any officer, as well as the government, for false arrest and constitutional violations. Consequently, no enforcement of this law has resulted. If a law is unenforceable and in conflict with federal labor laws and policy, it should not remain in the statutes, as its continued existence places law enforcement officials at risk of lawsuits for

false arrest and acts to divest individuals of constitutionally protected rights.

“Madam President, the Labor Committee heard another measure that would have allowed unions to picket on private property at a mall, shopping center, resort, or hotel complex, provided that the picketing is limited to areas accessible to the general public. The bill was not passed because of testimony submitted about it being unconstitutional. Workers are not allowed to picket in these areas.

“Madam President, in this instance, in regards to S.B. No. 536, we should support the free speech rights of workers to picket on public property and in a peaceful manner.

“Thank you.”

Senators Sakamoto, Tsutsui, Baker, Nishihara and Fukunaga requested their votes be cast “aye, with reservation,” and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 643 was adopted and S.B. No. 536, entitled: “A BILL FOR AN ACT RELATING TO LABOR DISPUTES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 15. Noes, 9 (Chun Oakland, Hemmings, Hogue, Ige, Inouye, Kim, Slom, Trimble, Whalen). Excused, 1 (Ihara).

Stand. Com. Rep. No. 644 (S.B. No. 925, S.D. 1):

Senator Hanabusa moved that Stand. Com. Rep. No. 644 be adopted and S.B. No. 925, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hee.

Senator Slom rose to speak in opposition to the bill and said:

“Madam President, I rise in opposition to this bill.

“This will be one of a series of bills confronting us today which basically tries to interfere with the executive’s power of appointment and the executive’s duties. We’re going to see a number of bills today where this is being attempted, and while this Legislature, this Senate, may pass these bills, I think that they will fail the test of separation of powers. So I urge a ‘no’ vote.

“Thank you.”

Senator Kokubun rose to speak in support of the measure as follows:

“Madam Vice President, with respect to the previous speaker’s comments, this does not take away the Governor’s right to appoint. She is just being asked to select from a list of three names submitted by the Office of Hawaiian Affairs for one position on the Land Use Commission.

“As my colleagues all know, there are nine members on the Commission. There is one member from each of the counties, four at-large, and now there would be one selected from a list of three submitted by the Office of Hawaiian Affairs.

“Madam Vice President, I would also like to point out that in testimony delivered by the Land Use Commission Executive Officer, he indicated that there was a Supreme Court decision that concluded that the Land Use Commission has a statutory and constitutional obligation to preserve and protect customary and traditional rights of Native Hawaiians. Given the LUC’s constitutional and statutory obligation to carefully weigh all

impacts of any proposed project against the benefits of the project, the Land Use Commission believes that the decision-making capacity of the Commission can only be enhanced by ensuring that at least one of its members has been nominated by the agency established by the State Constitution as responsible for programs and activities related to Native Hawaiians.

“With that, I ask all my colleagues to support this measure. Thank you.”

Senator Whalen rose in opposition to the measure and said:

“Madam Vice President, I rise in opposition.

“My opposition is different, that’s why I’m speaking. It is my belief that the Land Use Commission should be considering this regardless of their background. There should be no one appointed to this Commission who doesn’t fulfill that constitutional role.

“Just recently in my district, and the previous speaker would certainly be aware of this, the Burial Council made a decision regarding a site that has halted a very needed road in my district. When interviewed, a number of the members of the Burial Council said that their goal was simply to preserve the past. They didn’t take into account the benefit for the community or the public need for this road; simply, how are we going to protect the burial sites.

“My concern is that if we begin to head down this road of appointing people to this Commission with their one special interest in mind, we will begin to get skewed decisions that do not take into account the balancing factor that this Commission needs to do and instead simply focus in on what their one goal is.

“And if we are appointing anyone to any commission who has that type of mindset, I think we are making a mistake. This bill, I think, moves us much closer to not only allowing it, but mandating that we appoint people with a single purpose in mind.

“So for that reason, I oppose it.”

Senator Kokubun rose in rebuttal and said:

“Madam Vice President, may I rise in rebuttal, please?

“Again, this is a situation where members of the Land Use Commission are nominated by the Governor and confirmed by the Senate. So there are numerous opportunities for us to review and look at any of the potential candidates and be sure that their biases and/or perspectives are balanced, and I think that is again, the responsibility of this Body.

“So I do not think that just because one of the nominees is going to be nominated or selected from a list of three submitted by the Office of Hawaiian Affairs, that it indicates that there is going to be any problem with that respect.

“Thank you, Madam Vice President.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 644 was adopted and S.B. No. 925, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE LAND USE COMMISSION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 5 (Hemmings, Hogue, Slom, Trimble, Whalen). Excused, 1 (Ihara).

At 11:09 o’clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:10 o’clock a.m.

Stand. Com. Rep. No. 648 (S.B. No. 1884, S.D. 1):

Senator Hee moved that Stand. Com. Rep. No. 648 be adopted and S.B. No. 1884, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Chun Oakland.

Senator Whalen rose to speak in opposition to the bill and stated:

“Madam Vice President, I rise in opposition.

“The problem I have with this is two issues. One is home rule. I don’t think we should be getting into telling the counties what they can and can’t permit. I know we set guidelines for them in our statutes, but I think we are again imposing what we want on the counties when this is really their decision. We gave them that ability and we’re telling them how to use it.

“Secondly, although this might work in some areas, in my district, where there are large, vast areas of just lava fields, for those of you who might be listening, before somebody can get a permit for development, they would have to commit and also connect up all the public access to the beach. So whatever goes through their property, which in my district there are large developments, they would have to have, basically, a shoreline path that they’d have to create. There are areas that are almost impossible to connect that people are looking to develop, and they already are connected out on the public roadway. What this bill is trying to do is force a developer to create another road or path somehow which, of course, would have to be ADA compliant for people to get to walk along the beach, basically.

“I think we’re going too far in our zeal to tell the counties what to do and not taking into consideration this overall impact that it will have on people who are developers. I mean, developers are not evil, and we treat them as such. If properly regulated to make sure they fulfill their obligations, that’s a very important part of our economy.

“Thank you.”

Senator Hooser rose in support of the bill and said:

“Madam Chair, I rise in support.

“I’d like to urge my colleagues to support this bill. It’s a good bill. As someone from the neighbor island, I think it’s important to all of us, the preservation of coastal access, preservation of the public’s right to not just get to the beach, but to walk along the coastline. I’d like to point out that existing law already establishes the right of transit along the shoreline below the private property line, and it actually says, ‘in areas where cliffs or vegetation or the nature of the topography is such where there is no reasonable safe transit for the public, the counties, by condemnation, shall establish the makai boundaries of the property.’ So, this law already directs the counties to condemn the property. What we’re doing is giving the next mechanism by authorizing the counties or requiring the counties to have developers establish that.

“I’d like to point out this is a bipartisan effort also. The Mayor of the County of Kauai, who is a member of the Minority Party, has proposed to the Kauai County Council that developers of projects provide lateral public access along the shoreline, as well as mauka and makai. So I think it’s an idea

that's come and is long overdue, and I urge my colleagues to support it.

"Thank you."

Senator Hogue requested his vote be cast "aye, with reservation," and the Chair so ordered.

Senator Kokubun rose to speak in support of the measure and said:

"Madam Vice President, I just wanted to, for the record, state that I also stand in support of this measure, obviously, but I also wanted to say that there are a number of areas on the Big Island, particularly in West Hawaii, where shoreline access is very important. And I know that there are many community activists for public access, and I believe it was the Senator from West Hawaii who actually acted to create more public access with respect to NELHA and those lands leading up to the Pine Trees area. This is all in the Kohanaiki area.

"So, Madam Vice President, I wanted to just point out to my good friend from West Hawaii that I know he took a very active role in establishing that public access, and I thank him for that.

"Thank you, Madam Vice President."

Senator Whalen rose to speak in rebuttal and stated:

"Madam Vice President, brief rebuttal.

"You know, this isn't about public access because this bill doesn't say we have to create public access. What we're doing is telling someone they have to build a road, path, some sort of connection, through their property to connect up all of this – basically, a pathway along the beach. And as was already noted, it already is public land. If people can walk, they can walk.

"What we're doing is telling the developer they have to make a road or some sort of pathway, and with ADA it's got to have ramps and only a certain degree of angle to go up. It can't just be mowing through lava fields. They're going to have to do it according to all of this. It's a huge expense.

"This is not about public access, despite what you've already heard. This is not about preserving public access because public access is there or it's not. This simply says the developer has to connect them all up. If it's public access, there already is access. This simply is telling the developer they have to connect the public accesses.

"I know this is going to pass – but for anyone who is listening and actually engaged here, what you've actually heard is totally not what the bill is about. The bill is about forcing a developer to pave over, if you'd like, more of our natural areas so that people can have the pleasure of strolling along our shorelines. Whereas in many places it's natural, and people like it, well from now on, if this bill passes into law, there will be now cement paths or roads that go along the beach instead.

"Thank you."

Senator Inouye rose on a point of personal privilege and said:

"Madam Vice President, point of personal privilege, please, and I'd like to ask several questions to the introducer and perhaps the Chair of the Water Land Committee. In yesterday's discussion, this had hit me in some ways, and in just reading through the bill today, Madam Vice President, I have just a few questions.

"Number one is that in this bill there's no amendments to section (e) on the last page, on page 3 – 'this section shall apply to the plan of any subdivision or development which has not been approved by the respective counties prior to July 1, 1973.' So this bill is not prospective. And that's one question.

"Another concern I have is that I live in a subdivision and most, I would say 95 percent, are elderly and we take care and we certainly look after each other. They are retired nurses, retired teachers, very old single persons. And the concern I have is that we're on the ocean, and this bill is providing lateral public access along the shoreline, and that's a concern that I have. And this bill, is it only for developers, or existing residences throughout the shoreline, throughout the State? So, I think this would allow for certainly the counties to act and make sure they're lateral accesses, and it's a concern of mine.

"So otherwise, I will be voting with reservations, and perhaps move this bill along and maybe we could do some amendments as it crosses over, but just those questions, Madam Chair."

At 11:18 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:20 o'clock a.m.

Senator English rose to speak in favor of the bill as follows:

"Madam Vice President, I rise in support of the measure.

"Madam Vice President, I'd like to just read, for those of us who are engaged in this, to read this because the bill itself clarifies some of the statements made here. And, in pertinent part, on page one it says, 'Public access. (a) Each county shall adopt ordinances that shall require a subdivider or developer, as a condition precedent to final approval of a subdivision, in cases where public access is not already provided, to dedicate land for public access by right-of-way or easement for pedestrian travel from a public highway or public streets to the land below the high-water mark on any coastal shoreline, to connect existing accesses to the shoreline with lateral public access along the shoreline, and to dedicate land for public access by right-of-way from a public highway to areas in the mountains where there are existing facilities for hiking, hunting, fruit-picking, ti-leaf sliding, and other recreational purposes, and where there are existing mountain trails. For the purposes of this subsection, "lateral public access" means land for public access for pedestrian travel alongside a shoreline or coastline.'

"So it's quite clear that we're not talking about paving anything along the oceanfront as was alluded to earlier. We're not talking about anything like that. What we're saying is, connecting the existing accesses and creating new accesses for subdivisions after 1973.

"Thank you."

Senator Kokubun rose to speak in support of the measure and said:

"Madam Vice President, with respect to the questions raised by the good Senator from Hamakua, I did have a chance to speak with her during recess and I just wanted to point out to her, as the previous speaker has said, that this does apply to the fact that we referenced the date July 1, 1973, that's when the shoreline access law was adopted by the State of Hawaii. And also, this only refers to lands that will be subdivided into six or more lots or parcels, so this does not apply to individual landowners currently on existing lots of record.

“Thank you, Madam Vice President.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 648 was adopted and S.B. No. 1884, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO PUBLIC ACCESS TO SHORELINES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 17. Noes, 3 (Slom, Trimble, Whalen). Excused, 5 (Bunda, Hanabusa, Ihara, Nishihara, Taniguchi).

Stand. Com. Rep. No. 651 (S.B. No. 625, S.D. 1):

Senator Menor moved that Stand. Com. Rep. No. 651 be adopted and S.B. No. 625, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Hogue rose to speak on the bill with reservations and said:

“Madam Vice President, please note my reservations on this. There was some opposing testimony and I think this needs to be cleaned up along the way.

“Thank you.”

Senator Fukunaga rose in support of the measure and stated:

“Madam Vice President, I am rising to speak in support of S.B. No. 625, S.D. 1.

“The only difference that the MAT Committee made to the original bill was to add one word. It clarifies that records of access organizations should be included by the DCCA Director in access organizations’ contracts. I believe much of the testimony from the CPH Committee that subsequently heard this bill was from organizations referring to amendments made in a companion House measure.

“For these reasons, I would like to urge my colleagues to vote in support of S.B. No. 625, S.D. 1.”

Senators Hooser and Trimble requested their votes be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 651 was adopted and S.B. No. 625, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO CABLE TELEVISION ACCESS ORGANIZATIONS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, none. Excused, 3 (Bunda, Ihara, Taniguchi).

S.B. No. 768, S.D. 1:

Senator Menor moved that S.B. No. 768, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Trimble rose to speak in opposition to the measure and said:

“Madam Vice President, I rise in opposition to this measure.

“The committee report noted that in the previous 25 years there have been 13 deaths and six serious injuries related to this sport. It doesn’t seem that there is a compelling or widespread

need for this legislation at this moment, so I will be casting a ‘nay’ vote.

“Thank you.”

Senator Slom rose to oppose the measure and stated:

“Madam Vice President, I, too, rise in opposition to the bill.

“I was here when the original legislation was discussed and passed. I voted against it at that time, saying that there was no demonstrated need for it. Now we’re seeing that after five, six, seven years, that the rules and the law that was passed are unenforceable, but we don’t have any evidence or any inkling of any problems in Hawaii. What we do have is an indication that at one time, when this bill was originally discussed, we used to have a lot of these events sponsored here in Hawaii, and now, I think everybody would have to stretch their memory to remember the last time we had one of these events.

“So it would be best to let the current law exist or to repeal the law altogether. Thank you.”

Senator Baker rose to speak in favor of the bill as follows:

“Madam Vice President, as the author of the original bill outlawing extreme, no-rules combat in Hawaii and as a member of the Consumer Protection Committee, I rise in support of this measure.

“I would note for the record that this is an administration bill, and it came forward from Regulated Industries because there’s been a great influx of promoters of no-rules combat events who want to conduct these activities at the Neal Blaisdell Center and in other places. I would note from their testimony that at the present time, some form of unarmed combat is prohibited in 13 states and regulated in 24 others.

“Section 440D-1, Hawaii Revised Statutes, currently prohibits no-rules combat, extreme or ultimate fighting, or similar contests. However, without specific provisions enabling the Department to appropriately assess a match or an exhibition, enforcement of Chapter 440D has been a time-consuming and labor-intensive process so that the law can be enforced. We are trying to give them the tools that would enable them to do their job more expeditiously.

“The proposed legislation from the administration seeks to address these concerns and recognizes that with certain safeguards, some forms of ultimate fighting can occur in a manner that does not place contestants at unreasonably high risk of bodily injury or death. The safeguards that are set forth in this bill are as follows: (1) contestants are medically fit adults who are not disqualified from competing in another jurisdiction at the time of the match or exhibition; (2) a match is conducted pursuant to the promoter’s rules that protect the safety of contestants; (3) an experienced adult referee is in the ring directing and controlling the match; (4) a licensed physician supervises the match at ringside; and (5) the match is conducted in a manner that will promote the maximum safety of the contestants to the extent feasible, and that finally, promoters submit pre-match and post-match materials to the department for review.

“Madam Vice President, I believe that these are reasonable safeguards. This bill improves the law and makes it easier for DCCA to enforce. I urge all my colleagues to support this measure.”

Senator Hogue rose to speak in support of the measure and said:

“Madam Vice President, I rise in support.

“Colleagues, I’ve been a sportscaster for over half my life, and I have seen a lot of sports and sporting events. And these types of sporting events, and I almost hardly even call them sports, are some of the most violent, and frankly, vile events that you can possibly imagine.

“I can also tell you that there are some times, and I say, ‘some times,’ fly-by-night promoters who come in to promote these matches, and all they’re trying to do is make a buck and get out of town.

“So this measure goes a long way to regulate this particular quasi-sport, and I applaud the Chair for raising these issues. I support this administration bill, and I urge all my colleagues to do so as well.

“Thank you.”

The motion was put by the Chair and carried, S.B. No. 768, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO CONTESTS INVOLVING NO RULES COMBAT, EXTREME OR ULTIMATE FIGHTING, AND OTHER SIMILAR COMPETITIONS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 2 (Slom, Trimble). Excused, 4 (Bunda, Hee, Ihara, Sakamoto).

Stand. Com. Rep. No. 659 (S.B. No. 1285, S.D. 2):

Senator Menor moved that Stand. Com. Rep. No. 659 be adopted and S.B. No. 1285, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Trimble rose to speak on the measure with reservations and said:

“Madam Vice President, I rise with reservations.

“I’m concerned and curious about the portion or section that would say that the people on the commission cannot be sued in relation to their selection, convening, or certification. I’m uncertain as to why that language is appropriate.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 659 was adopted and S.B. No. 1285, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO TRADITIONAL HAWAIIAN HEALING PRACTICES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, none. Excused, 3 (Bunda, Hee, Ihara).

S.B. No. 842, S.D. 1:

Senator Taniguchi moved that S.B. No. 842, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Trimble rose to speak on the bill with reservations and stated:

“Madam Vice President, I rise with reservations on this issue.

“During the testimony at Ways and Means, there was not one case that was evidenced by the Department of Taxation to show

that, indeed, this loophole was being utilized. So I question the need.

“Thank you, Madam Vice President.”

The motion was put by the Chair and carried, S.B. No. 842, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO WITHHOLDING OF TAX ON THE DISPOSITION OF REAL PROPERTY BY NONRESIDENT PERSONS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Hee, Ihara).

S.B. No. 736, S.D. 1:

Senator Taniguchi moved that S.B. No. 736, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose to oppose the measure and said:

“Madam Vice President, I rise in opposition to the bill.

“During the testimony on the bill, the Budget and Finance Department was asked what the costs are of actually issuing these special purpose revenue bonds. And as we know, this is a bill that we passed several of the SPRBs over the years. They are for basically nonprofit, educational, health, and other interested projects, and the State has no liability. What the State does is help in issuing the bonds, and the organization that issues actually prepares and issues the bonds. They’re the ones that get the lower rates in terms of interest.

“So Budget and Finance is assessing a fee, but upon questioning, they didn’t know what the actual costs were. At the present time, they are allowed to recover the cost of actually issuing the bonds. And I think before we add additional fees, particularly fixed fees, we should know exactly what the costs are, whether they are low, whether they are high, and they should reflect what the cost is of actually issuing the instrument.

“So I’ll be voting ‘no.’ Thank you.”

Senator Espero requested his vote be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 736, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO SPECIAL PURPOSE REVENUE BONDS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 4 (Hemmings, Hogue, Slom, Trimble). Excused, 2 (Hee, Ihara).

S.B. No. 1140, S.D. 1:

Senator Menor moved that S.B. No. 1140, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Slom rose in opposition to the measure and stated:

“Madam Vice President, again, I’ll be voting ‘no’ on this bill because it establishes new fees, an administrative fee in this case of \$75. I don’t think it’s been justified.

“Thank you.”

The motion was put by the Chair and carried, S.B. No. 1140, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO FINANCIAL SERVICE LOAN COMPANIES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 2 (Slom, Trimble). Excused, 2 (Hee, Ihara).

Stand. Com. Rep. No. 674 (S.B. No. 761, S.D. 2):

Senator Menor moved that Stand. Com. Rep. No. 674 be adopted and S.B. No. 761, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Trimble rose to speak in opposition to the bill as follows:

"Madam Vice President, I rise in opposition to this measure.

"I couldn't find any reference to what this will do to healthcare costs, and until we have those numbers, I think it is inappropriate for our process of expanding every year without consideration of the cost of healthcare benefits, and then every year we see that Kaiser and HMSA raise their rates, but we don't know why.

"Anyway, I think we should have closure on this discussion. Thank you."

Senator Baker rose to speak in support of the bill and said:

"Madam President, I rise in support of this administration bill.

"Madam President, in 2003 we began the journey toward establishing mental health parity in our state. During that debate, we left out some of the mental illnesses to be included for reimbursement because there was concern about the cost. One of those was major depression. Following the 2003 Session, after the bill became law, HMSA's most popular plan provided, basically, full mental health parity, and that plan is the floor under our prepaid health act.

"So, the effect is that we have mental health parity, but on the chance that the plan should change, it's important for us to enact this legislation to ensure that all of our citizens who may have mental illness are treated equally.

"I would note that national trends in mental health care are toward expansion of mandated mental health treatment benefits through parity with other physical benefits. This trend is based on the assumption that it is discriminatory to restrict or offer less access to healthcare in the area of mental health relative to other areas of healthcare. Only a small percentage of the population use mental health treatment services in contrast to physical healthcare services, where 65 percent of the population will use the service in a given year. Only 4 percent of the population will ever use mental health service.

"Having a generous benefit design in a health plan does not imply high levels of use or costs for mental health treatment services. This has been demonstrated over and over again in the prior legislatively mandated studies we've done here in Hawaii.

"In addition, persons with a serious mental illness often do not have commercial insurance, and if qualified, may not have followed through to obtain a Medicaid plan. With our current definition in statute, many patients with debilitating depression, obsessive compulsive disorders, dissociative disorders, and delusional disorders simply don't qualify for these services that would be delivered at community mental health centers.

Without ready access to outpatient services, their disease progresses until inpatient care is necessary.

"This expensive level of care could be avoided in many cases with early intervention, and this is exactly what this bill is designed to do. It codifies current practice. It's good public policy. It's good healthcare policy, and I urge all my colleagues to join me in voting 'yes' on this measure."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 674 was adopted and S.B. No. 761, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO MENTAL HEALTH," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Slom, Trimble). Excused, 1 (Ihara).

S.B. No. 1870, S.D. 1:

Senator Taniguchi moved that S.B. No. 1870, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose in opposition and said:

"Madam Chair, I rise in opposition to this bill.

"As the testimony indicated, this is not the proper way to enforce a problem, if indeed a problem exists. We heard testimony from people, in particular, contractors, that they're upset because the numbers of owner-builders have been increasing. Well, per se, that doesn't show us anything that's illegal or immoral, or anything else. What it shows is that the high cost of housing is driving people to try to do things on their own. They still pay taxes – they pay all of the taxes in terms of materials that they buy, labor that they have to subcontract.

"What this bill seeks to do is to discourage the practice of owner-builders taking care of their own properties, which has been exempt from taxation on their own laborers for many years. It is a bill that will not address the alleged problems that were brought up in testimony. That would be the current enforcement of existing laws, not to further tax.

"Anytime we have a problem in Hawaii, we don't look at the laws that we have, we don't at the problem, we look at the symptoms. And so this is a bill that will add tax and not solve problems.

"Thank you."

Senator Sakamoto rose to speak in support of the bill and stated:

"Madam Vice President, I rise in support of the measure.

"I believe the Senator from Hawaii Kai is making certain assumptions as to the merits of the bill or as to who pays taxes and who doesn't. When the Tax Director observed the measure he made a comment that they wanted to provide a forum to determine that indeed the taxes have been paid. One reason for this measure is because I believe, and I think most of you would also believe, that there is some leakage in terms of the taxes that are supposed to be paid via work being done, not by the owner or his brother or his son or his mother or his grandmother, but by people who are being paid cash, not getting worker's comp insurance, not getting liability insurance, etc. I think this is a measure about doing things correctly.

"Our Tax Director was concerned about whether we are going to have people pay more than once for certain bona fide subcontractors or materials. The Tax Director was concerned about materials that are supposed to be taxed from the mainland that are drop-shipped.

"I think there are measures to capture tax leakage. I don't believe this is a measure to punish anybody as someone may have assumed. I think this is a measure to do what is right and fair, so I ask my colleagues to support the measure."

Senator Trimble rose to speak in opposition to the measure as follows:

"Madam Vice President, I rise in opposition to this measure.

"Two issues: one is that I don't feel that it is appropriate for the counties, the building department, to collect the GE tax for the State; number two, if they are placed in that position, going forward we will notice that there is less accuracy and fewer applications for building permits than would exist if they weren't the tax collecting authority.

"Thank you."

Senators Chun Oakland, Fukunaga, English and Hooser requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 1870, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO GENERAL EXCISE TAX," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 18. Noes, 6 (Hemmings, Hogue, Ige, Slom, Trimble, Whalen). Excused, 1 (Ihara).

S.B. No. 1745, S.D. 1:

Senator Taniguchi moved that S.B. No. 1745, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Trimble rose to oppose the bill and stated:

"Madam Vice President, I rise in opposition to the measure.

"I think it is bad public policy. Well actually, it is bad public policy, and it rains in more places than just Manoa, but we single out Manoa for issuing a tax credit. I speak also against the measure because it is a tax credit and not a low interest loan.

"Colleagues, I don't think that we should be encouraging homeowners to not have homeowner insurance. That's the reason for having homeowner insurance. And in other cases, we have not been the home insurer of last resort. I don't think we should begin by selecting Manoa.

"I urge you to vote 'no' on this measure. Thank you."

Senator Taniguchi rose in support of the bill and said:

"Madam Vice President, I have remarks in support of S.B. No. 1745, S.D. 1, that I'd like to have inserted into the Journal."

The Chair having so ordered, Senator Taniguchi's remarks read as follows:

"Mr. President, I rise to speak in favor of S.B. No. 1745, S.D. 1.

"The purpose of this measure is to provide a one-time non-refundable income tax credit to the victims of the Manoa flood of October, 2004.

"As we all know Mr. President, the heavy rain and flood of October 2004 had devastating consequences for the residents of Manoa Valley. Approximately 140 homes and several automobiles sustained damage caused by the torrential downpour that overflowed the banks of Manoa Stream. Fortunately, the flooding did not cause any serious injuries or deaths, but the property damage it left in its wake is still being felt by many Manoa families.

"This bill provides relief to the victims of the Manoa flood in the form of a one-time non-refundable income tax credit (not to exceed \$2,000 per taxpayer) and applies to non-reimbursable expenses incurred by the flood victims for repairs, insurance, rental and other costs related to the flood damage.

"I urge all my colleagues to support this measure.

"Thank you, Mr. President."

Senator Trimble rose to speak on the measure with reservations and said:

"Madam Vice President, I rise with reservations.

"I note that this bill changes the definition from two inches or some size to something that is visible from 50 feet. And if you could only see through my eyes, you would find that change rather curious. I can measure the size of a letter, but for me to see something at 50 feet, the letters would have to be fairly large.

"Thank you, Madam Vice President."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 691 was adopted and S.B. No. 80, entitled: "A BILL FOR AN ACT RELATING TO HIGHWAY SAFETY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

"Madam Vice President, I also rise with reservations.

"Intellectually, the function of this bill is to encourage competition in the marketplace by having a set-aside for small businesses. It is the desire to increase competition, and hopefully over time, with this increased competition, we will be able to have lower costs.

"I think it is appropriate in this bill that we, after so many years, mandate that a study be conducted to determine its results.

"Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 692 was adopted and S.B. No. 668, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO SMALL BUSINESS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Hanabusa moved that Stand. Com. Rep. No. 696 be adopted and S.B. No. 1256, having been read throughout, pass Third Reading, seconded by Senator Hee.

Senator Hogue rose to speak in opposition to the bill and stated:

"Madam Vice President, I rise to speak in opposition.

"I know we had a long discussion about this particular measure last year, and I believe the reason for the constitutional amendment is that last year's measure did not pass constitutional muster and so there is an effort to put it forward again.

"I stress, colleagues, I feel this is politically motivated. There is no way to stop politics in the Board of Regents process. I don't care if you take power away from the Governor and put it in the hands of a selected list, or whatever you call it, you're still going to have political pressure. And as was brought up before when there was this talk about a take away from the Governor, what you end up having is special interest putting forward just their special interest candidates.

"I am aware that there is a movement nationally to follow this particular lead, but in at least one of the states that has put forward this particular idea, they have the list but they do not require the Governor to pick from that list. So ultimately, the responsibility lies with the executive branch.

"I think we all saw this past year how difficult of a job the Board of Regents has. And we saw ultimately, the firing of our University President. It was not a pretty picture. We did not like how some of the efforts came forward, but ultimately, as was noted, I believe even by Madam President and also by the House Higher Education Chair; ultimately, the right decision was made.

"So I don't know whether or not this proposal would change that. I think it's just a take away from the Governor. I think we should stop and think about all of these powers that we are taking away from the Governor and look back at an accountability situation where the Governor is accountable for his or her appointees, and then we do our process as far as advise and consent.

"So, I urge all of my colleagues to vote 'no.' Thank you."

Senator Hee rose in support of the measure and said:

"Madam Vice President, I rise to speak in favor of the matter before us.

"This isn't a politically motivated bill as far as I'm concerned. It may be to others, but not to me. Let me read a list of names: David P. Carey, Steve Case, Mary Cooke, Wendy Crabbe, Judith Sheehan-Dawson, David Fairbanks, Mark Fukunaga, Warren Luke, Duncan MacNaughton, Randy Moore, Michael Pietch, James Scott, Duane Steele, Jeffrey Watanabe, Kathleen Sullivan-Wo. This isn't the University of Hawaii Board of Regents, Madam Vice President.

"Patricia Lee, John Kai, Trent Kakuda, Kitty Lagareta, Ramon de la Peña, Byron Bender, Andres Albano, Alvin Tanaka, James Haynes, Jane Tatibouet, Myron Yamasato – these are the University of Hawaii Board of Regents.

"Part of being a regent is being able to network far beyond the shores of these islands. We will, this Session, engage in the confirmation of two people, both interim trustees – John Kai, who lacks a college degree, and Ramon de la Peña, who is a retired taro farmer from Kauai. If anything needs to be done at the University of Hawaii besides raising tuition, it is ratcheting up the quality of regents. In fact, were it up to me, it would be expanding the regents, creating a board of advisors as well as a board of trustees. This University needs to get out of the old system and get on with the new, and get moving forward to move the University where it says it wants to go.

"Colleagues, this is the first step in the process of selecting the Board of Regents. More importantly, the question before us is to ask the people if they agree that the selection of the regents could be done in a better way by amending the Constitution.

"Thank you."

Senator Trimble rose in opposition to the bill and said:

"Madam Vice President, I rise in opposition to this measure.

"I think the issue here is accountability, and not only for the Board of Regents, but also for the University of Hawaii itself. I see no need to change the current system even though we went through a college president last year. I think our existing system serves our people well.

"Thank you, Madam President."

Senator Hooser rose to speak in support of the measure and stated:

"Madam Vice President, I rise in support of this measure.

"This is a good bill. This is good for the University. I think we should all just take a moment and try to focus on what is the best thing for the University and not what's the best thing for Republicans or the best thing for Democrats, but the best thing for the University.

"This State made a decision sometime back that autonomy was the best direction for the University of Hawaii to go. This is a step in that direction, a very strong step. This is good public policy. People may perceive it in different ways, but the bottom line is that this is good public policy.

"The Association of Governing Boards of Universities and Colleges – this is the organization that just about every university and college in the nation belongs to – they make it their task, their job, to advise university regents on policies and best practices. And I'll just read for a second, a quote from a letter that came from last year but it's on the same principle: 'As the national group for boards, trustees, and regents, the Association of Governing Boards of Universities and Colleges has advocated for this approach for nearly two decades and have worked successfully with states to see such committees enacted. We believe very strongly that Governors should have the authority and privilege of appointing public university trustees and regents, but we also believe that independent screening bodies to assist with this process to identify outstanding citizens is very important. Finally, we believe that such independent screening committees operate best when enacted and sustained with bipartisan support. Nonpartisan advisory or nominating committees who recruit, screen, and recommend board candidates is an important tool to ensure that the best candidates are considered for these important positions.'

"I'd like to add that there was testimony, powerful, compelling testimony, from a Mr. Boas, who's a member of the University Foundation, but speaking on his own behalf. Mr. Boas states, 'I believe that this proposed legislation reflects the autonomy of the University which was provided for in a previous constitutional amendment. Now that the University is independent from the State and has its own legal personnel, it is appropriate that governance of the University represent the various constituencies which have a direct interest and stake in the University. In my opinion, the candidate advisory council clearly represents the University stakeholders and interested parties.'

"This is a good bill. It's good for the University. It was also supported in principle – the concepts – by the various accrediting agencies, WASC and ACCJC. This de-politicizes the regents' selection and supports autonomy. I encourage my colleagues to give the power of the regent selection to the University community itself, and vote in support of this measure.

"Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 696 was adopted and S.B. Senator Trimble rose to speak in opposition to the bill as follows:

"Madam Vice President, I rise in opposition to this bill.

"As a practical matter, budgets are prepared one year, up to two years before the money is actually spent. It is not necessarily known in advance if there is a need to perhaps send someone to the mainland. I think that it would be irresponsible by this Body to say that no transfers could be made regardless of the circumstance without legislative approval through the budgetary process.

"Thank you, Madam Chair."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 699 was adopted and S.B. No. 45, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO YOUTH CORRECTIONAL FACILITIES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Hanabusa moved that Stand. Com. Rep. No. 703 be adopted and S.B. No. 1298, having been read throughout, pass Third Reading, seconded by Senator Hee.

Senator Slom rose in opposition to the bill and stated:

"Madam Vice President, I rise in opposition to this bill.

"We already, of course, have requirements for environmental impact statements. They work quite well. What this bill does, however, is to try to further expand the EIS, and it says that we have to provide information for any group that would be affected. And then the part that I find particularly troubling is it specifically cites racial issues. I think we've found, particularly with the University of Hawaii a couple of weeks ago where we brought in a racist and paid him with tax money, that we're going in the opposite direction. Instead of having racial harmony, we're now trying to find ways to point out racial disunity.

"So I think does a disservice and I'll vote 'no.' Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 703 was adopted and S.B. No. 1298, entitled: "A BILL FOR AN ACT RELATING TO ENVIRONMENTAL IMPACT STATEMENTS," having been read throughout,

At 11:57 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:00 o'clock noon.

Senator Hogue rose to speak in opposition to the measure and said:

"Madam Vice President, I rise in opposition.

"This is the much debated child passenger safety seat issue. I think that we can all agree that we want to have our children be safe, but this is going to put an undue burden on our already struggling families, and not to mention just how difficult it is from time to time for a single mom running around her kids to now all of a sudden have to worry about one of these big old safety seats.

"This is a measure, as it moves forward, we continually hear from people in our districts who will be placed in a very difficult situation. I think this is well intended, but it is up to us as parents to make our children safe and not have the State mandate a big piece of equipment that we're going to have to put in the car, and in some cases, when we have several children – I have four as a matter of fact; they're all grown now, but I can't imagine how difficult this would have been on me and my family back in the day.

"So I urge all my colleagues to vote 'no.' Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 706 was adopted and S.B. No. 427, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CHILD PASSENGER SAFETY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

The Senate reconvened at 12:59 o'clock p.m.

Stand. Com. Rep. No. 707 (S.B. No. 428, S.D. 2):

Senator Hanabusa moved that Stand. Com. Rep. No. 707 be adopted and S.B. No. 428, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hee.

Senator Taniguchi requested his vote be cast "aye, with reservations," and the Chair so ordered.

Senator Slom rose to speak in opposition to the measure as follows:

"Madam Vice President, I will be voting in opposition to this bill.

"We've, of course, had this bill before. We have problems with teenage drivers. We have problems with senior citizen drivers. We have problems with drivers. But to categorize all teenagers and to punish them is not fair and it is not right. We don't have evidence that the vast majority of teenagers abuse the privilege – and that's what it is, the privilege of getting a license.

"So, for those young people out there that do the right thing and listen to their parents and drive responsibly, I'll be voting 'no.' Thank you."

Senator Inouye rose to speak in support of the bill and said:

"Madam Vice President, I speak in support of S.B. No. 428, S.D. 2.

"This is an administration bill and this relates to driver licensing. It establishes a three-stage graduated driver licensing program for persons under the age of 18 and requires young drivers to be accompanied by a licensed parent or guardian when driving between 11:00 p.m. and 5:00 a.m. with limited exceptions.

"I believe this bill will help reduce fatal crashes and injuries. Young drivers are at much higher risk of crashing, mainly because they lack the driving skills that come with experience on the road. Driving at late night hours only increases this risk. Statistics clearly show that teenage drivers are disproportionately involved in crashes. In 2003, a USA Today study found that 3,500 teens died in teen-driven vehicles in the USA that year, a death toll that tops any disease or injury for teens. Sixteen-year-olds have ten times the crash risk as drivers ages 30 to 59, and three times the risk of older teens. Sixteen-year-olds also die at night at twice the rate as in the daytime.

"States with some form of graduated driver's licensing system have reported a significant reduction in fatalities. As an example, Wisconsin, which places restrictions on nighttime teen driving, has seen a 53 percent drop in crashes involving teen drivers, and North Carolina, which also has restrictions, has seen a 25 percent drop. New Jersey, which has long barred sixteen-year-olds from having unrestricted licenses, has had one of the lowest teen fatality rates in the USA. Here in Hawaii, we hear too often of crashes involving teenage drivers, especially at night. Forty states and the District of Columbia have three stages before gaining full licensure.

"Hawaii needs to adopt this measure to improve the safety of our roads and of our youth who use them. As Legislators, we owe it to the public to do our part. I urge my colleagues to vote in support of S.B. No. 428.

"Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 707 was adopted and S.B. No. 428, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO DRIVER LICENSING," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 2 (Slom, Whalen). Excused, 4 (Bunda, Ihara, Menor, Taniguchi).

Stand. Com. Rep. No. 708 (S.B. No. 706, S.D. 2):

Senator Hanabusa moved that Stand. Com. Rep. No. 708 be adopted and S.B. No. 706, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hee.

Senator Whalen rose in opposition to the measure and said:

“Madam Vice President, I’ll try to summarize. I think I’ve made my concerns known to the Chairman of Judiciary, but for those of you who aren’t sure exactly what they are – and before anyone hops up and says ‘this is an administration bill,’ I realize it is but as you know, our party tends to do its own thing, its members, so you don’t need to keep using that as an argument.

“These penalties are too skewed, too draconian. What we’re going to do is create a class of uninsurable, unlicensed drivers. Because when you get your license revoked, you have to post what is called an SR-22, which is an extra personal liability policy, and the State by law cannot issue a license to someone once their license is revoked until they have that. And it doesn’t matter, it goes on indefinitely.

“You were talking about young people who do not have the \$3,000 to \$6,000 to pay for an insurance policy, so once their license is revoked, it will remain revoked until they actually post that insurance. Hopefully, we’ll be able to address this, but as it stands now, I think we’d be causing the opposite effect; instead of stopping the drinking, what we do is create a greater problem by setting loose a class of people who are a menace to us, because if something does go wrong, someone else is going to have to pay. It’s not going to be them, it’s not going to be the insurance company.”

Senator Hogue rose to speak on the bill with reservations and stated:

“Madam Vice President, I also will be voting with reservations.

“I think the penalties are too severe and too long lasting. Hopefully, the intent of this bill can go forward and make the penalties fit the crime and not stay with these young people who have obviously made bad decisions early in life, and make it stay with them forever.

“So, hopefully this bill can be amended as it goes along through the process. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 708 was adopted and S.B. No. 706, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO INTOXICATING LIQUOR VIOLATIONS INVOLVING MINORS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 2 (Sлом, Whalen). Excused, 3 (Bunda, Ihara, Menor).

Stand. Com. Rep. No. 709 (S.B. No. 1588, S.D. 2):

Senator Hanabusa moved that Stand. Com. Rep. No. 709 be adopted and S.B. No. 1588, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hee.

Senator Sлом rose to speak in support of the measure as follows:

“Madam Vice President, I speak in strong support of this measure.

“The measure is a good measure. We’ve had an increasingly serious problem with agricultural theft on all islands over the last couple of years, and I hope that this bill will help solve that problem. However, let me note that agricultural theft on the island of Oahu has gone down considerably in the last several months in direct relationship to the farmer that was able to

protect his own land using firearms for a trespasser. And I think that has had much more of an impact.

“So, if we would have only heard the concealed carry bill, and we only exercise our Second Amendment rights, that will do much more to deter not only agricultural theft, but also all of the break-ins and personal harm that is being done by those that don’t read all of our laws and don’t obey them.

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 709 was adopted and S.B. No. 1588, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO AGRICULTURAL THEFT,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, none. Excused, 3 (Bunda, Ihara, Menor).

S.B. No. 1410, S.D. 1:

Senator Taniguchi moved that S.B. No. 1410, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Trimble rose to speak in opposition to the measure and stated:

“Madam Vice President, I rise in opposition to this measure.

“Colleagues, good tax policy involves simplifying the tax code, simplifying and eliminating from those that are required to file – members of the working class. I speak in opposition to this and other tax credits because if we can eliminate our practice or our propensity to have tax credits, we really can raise the standard deduction and personal exemptions to the same level as applied on federal income taxes.

“Thank you, Madam Vice President.”

Senator Hooser rose in support of the bill and said:

“Madam Vice President, I rise in support.

“S.B. No. 1410 provides a refundable state earned income tax credit. The purpose is to reward working families and give additional income to those who need it. I think the key phrase is that this is a targeted income tax credit. It rewards people who work. People who do not work receive no credit. This reward works. It’s a work incentive. For families entering the workforce, a State EITC acts as a wage supplement.

“Nationally, EITC’s are generally considered bipartisan-supported programs. The money goes directly to the working individual without creating a large bureaucracy. According to the Center for Budget and Policy Priorities, 17 different states led by Republicans, Democrats, and bipartisan leadership, have enacted state EITC laws. EITC laws increase workforce participation. Again, according to the Center on Budget and Policy Priorities, a number of researchers have found that the large expansions of the EITC since the mid 80’s have been a major factor behind the trend toward greater workforce participation. The bottom line is that states with EITC’s have an increase in employment, an increase in people working.

“For those reasons and others, I encourage the members to support this bill.”

The motion was put by the Chair and carried, S.B. No. 1410, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO

TAXATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 1 (Trimble). Excused, 3 (Bunda, Ihara, Menor).

Stand. Com. Rep. No. 715 (S.B. No. 1473, S.D. 1):

Senator Kokubun moved that Stand. Com. Rep. No. 715 be adopted and S.B. No. 1473, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hooser.

Senator Trimble rose to speak in opposition to the measure and said:

"Madam Vice President, I rise in opposition to this bill.

"Good public policy should be applied equally throughout our State. And I would like to note that some of the same concerns that relate to Waimano Ridge also relate to other areas in our State. I would like to note for the record that when the University of Hawaii did its environmental impact statement for the Kakaako campus, the study was entitled, 'Health and Wellness Center.' It did not disclose in the environmental impact statement their intention to build class III wet laboratory space.

"So the reason why I'm voting 'no' on this bill is that when we come up with public policy and law, we should apply it equally over the entire State. Thank you, Madam Vice President."

Senator Kokubun rose to speak in support of the measure and stated:

"Madam Vice President, I stand in support of this measure.

"I just want to point out that the reason this particular area is singled out in this measure is that there was a master plan that was developed with the community in the early 1990's, and the fact is that government has not complied with that master plan. Changes have been made, and the community has not been informed. And therefore, I think that's the reason for submitting and supporting this legislation.

"I urge my colleagues to support it. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 715 was adopted and S.B. No. 1473, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO WAIMANO RIDGE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 1 (Trimble). Excused, 2 (Bunda, Ihara).

S.B. No. 693, S.D. 1:

Senator Menor moved that S.B. No. 693, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Trimble rose in opposition to the bill and said:

"Madam Vice President, I rise in opposition to this measure.

"Colleagues, you'll remember that I voted 'no' last year on a similar measure, which we are seeking to amend today. My concern is that charitable gift annuities is a rather dangerous tool in the wrong hands, and it is a vehicle that we should be very careful with when we are expanding the ability of people

to offer it and get our oldest residents to buy into, quote, 'the benefits of the program.'

"Thank you, Madam Vice President."

The motion was put by the Chair and carried, S.B. No. 693, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CHARITABLE GIFT ANNUITIES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 1 (Trimble). Excused, 2 (Bunda, Ihara).

Stand. Com. Rep. No. 718 (S.B. No. 74, S.D. 1):

Senator Menor moved that Stand. Com. Rep. No. 718 be adopted and S.B. No. 74, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Slom rose to speak in support of the measure with reservations as follows:

"Madam Vice President, I rise with reservations on this bill.

"I'm going to tell you, I'm confused. One moment we're saying that we can't trust young drivers and we have to put penalties on them, the next moment we're lowering the driving age for commercial vehicle drivers because the commercial industry can't find enough drivers at 21. They need them at 18.

"So, I think we need to send the same message to everyone in our State, particularly those of younger age. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 718 was adopted and S.B. No. 74, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO HIGHWAY SAFETY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 1 (Trimble). Excused, 2 (Bunda, Ihara).

Stand. Com. Rep. No. 720 (S.B. No. 1624, S.D. 1):

Senator Menor moved that Stand. Com. Rep. No. 720 be adopted and S.B. No. 1624, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Slom rose in opposition to the measure and said:

"Madam Vice President, I'm voting 'no' on this bill.

"I'm voting 'no' because the bill would raise the cost to the State and also, again, we're sending mixed signals. We're usually telling people to look for generic drugs, but the thrust of this bill is to make sure that we do not use generic drugs, or at least the Department of Human Services. So it is going to be a costly measure.

"Thank you."

Senator Baker rose to speak in support of the bill as follows:

"Madam President, I rise in support of this measure.

"Although the Department of Human Services testified in opposition, they finally had to admit on the last page of their testimony that none of the classes of drugs specifically mentioned in this bill are included in the department's newly implemented Medicaid-preferred drug list program. It's bogus to say that this bill will raise the cost to the Medicaid program.

It means that our Medicaid PDL doesn't impact any of the drugs mentioned in this bill.

"So, the boogie man that DHS tried to raise in their testimony doesn't exist. And quite frankly, for persons with HIV/AIDS and with Hep C, there's only a few small number of drugs that can be used. They're not generic. They are expensive, but these people who have these particular diseases can function very well with the drugs if they're made available to them in a timely fashion. That's the purpose of this bill, to make sure that DHS does not put them on a pre-authorization category, does not tinker with the life-saving formulas that these individuals need.

"I have some additional remarks I'd like to include in the Journal. Thank you."

The Chair having so ordered, Senator Baker's additional remarks read as follows:

"It is important that physicians be exempted from having to obtain pre-authorization prior to dispensing medications to HIV/AIDS and hepatitis C patients on Medicaid. It is estimated 1.8 percent of Americans are actively infected with the hepatitis C virus and 4.9 percent have hepatitis B. For the 1,250,000 residents in Hawai'i this translates into 22,500 people with hepatitis C and 61,250 who have hepatitis B. Requiring pre-authorization of Medicaid recipients before dispensing medications for the treatment of HIV/AIDS, hepatitis C and the immunosuppressives needed for transplant patients is unduly arduous, difficult, and too time-consuming for practitioners with large numbers of these patients. Such patients require immediate treatment to avoid permanent injury or other undesirable consequence. There are many people who may eventually die from these diseases unless they are properly treated in a prompt and timely manner.

"Your committee heard testimony from individuals who with prescribed treatment are in complete remission and living productive lives once again. The National Association of Hepatitis Task Forces testified that this measure is necessary for the reform of healthcare for these chronic diseases. Other states across our nation have taken similar action and experienced success. Many years ago there was little hope for living with these illnesses, but now there are treatments and procedures available to allow persons who become infected to lead normal and productive lives. It is imperative that these medications be delivered and administered in a timely manner to prevent further medical costs.

"For these reasons I urge passage of S.B. No. 1624, S.D. 1. Mahalo."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 720 was adopted and S.B. No. 1624, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC ASSISTANCE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Slom rose to speak on the bill with reservations and said:

"Madam Vice President, I'm voting with reservations on this bill.

"While the thrust of the bill is that there are a lot of illegal activities that go on at some pawnbrokers, what this does is force all pawnbrokers to adopt generally uniform software and computer procedures, most of which, particularly for the older mom and pop-type pawnbrokers, would be an added expense, and since they have not been involved in any illegal activities, it's again putting requirements and costs on everyone rather than enforcing the law against a few.

"Thank you."

Senator Baker rose to speak on the bill with reservations and said:

"Madam President, I rise with reservations on this measure.

"My concern is that although it's laudable that we would want to get stolen property back to the lawful owners, this bill seems to sweep in secondhand stores, thrift shops, swap meets, and others. It also was noted by the people that testified before your CPH Committee that many of the pawnbrokers are elderly.

"So, I just have concerns about the implementation and hope that as this measure moves forward, some of these matters will be taken into consideration.

"Thank you."

Senators Inouye, Trimble, English, Hooser and Tsutsui requested their votes be cast "aye, with reservations," and the Chair so ordered.

"Madam Vice President, I rise in opposition to this bill.

"This bill basically interferes with an employer's right to determine sick leave policies and also mixes sick leave with other employment practices. Sick leave is not a mandated benefit in the private sector, and so again, it is involved in

contractual arrangements. In terms of collective bargaining, it's not an issue.

"Thank you."

Senator Trimble rose to speak in opposition to the measure as follows:

"Madam Vice President, I rise in opposition to this measure.

"I believe that if we pass this measure, the long term impact will be a reduced number of sick days that private employers offer to their employees, and I think that is an undesirable consequence for the vast majority of the workers in Hawaii.

"Thank you, Madam Vice President."

Senator Espero requested his vote be cast "aye, with reservations," and the Chair so ordered.

Senator Trimble rose to speak on the bill with reservations and said:

"Madam Vice President, I rise with reservations.

"Colleagues, I think that the process of accreditation and the process that Human Services goes through in reviewing day care centers is a different process. The second thing I'd like to note is that not all private schools are accredited or wish to be accredited by the one or two firms that do these accreditations in Hawaii. So, I don't think the best interests of all private schools in Hawaii will be advanced by passing out this measure.

"Thank you, Madam Vice President."

Senator Trimble rose to speak in opposition to the bill and stated:

"Madam Vice President, I rise in opposition to this measure.

"As noted earlier, I think appropriate tax policy should begin with getting as many of the working folks at the lower end of the spectrum off our tax rolls. While other measures may be appropriate, I think we should first start with raising the standard deduction and personal exemptions to the same levels used by the IRS.

"Thank you."

The motion was put by the Chair and carried, S.B. No. 1740, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO ADJUSTING THE INCOME TAX BRACKETS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Menor moved that S.B. No. 60, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Hogue rose to speak in opposition to the bill and said:

"Madam Vice President, I rise in opposition to this measure.

"Colleagues, when this bill was first introduced, we just had a roomful of people at the CPH hearings, all from this particular industry, all talking about what this bill would do to their industry, and their feeling is that it would be catastrophic. So I'm urging you to vote 'no,' to think about these small businesses that have been run this way and do a great service to all of us in times of need.

"The discussion has to do with pre-need funeral sales, and under the current law which was enacted back in 1967, purchasers are able to pay for their preplanned funeral services in small payments over a period of years, and I think we can all agree that this does us a great service. The first 30 percent of these payments collected by the funeral authority is retained to cover their expenses. The balance of the payments is placed into trust and the funeral authority is permitted to remove the entrusted payments at the time they service the purchaser or other person designated by the purchaser.

"So, I think what has happened here is that there has been a problem in a couple of instances, and so this bill has been introduced and essentially is an overkill. So, I certainly hope that we would respect those that are in the industry who do a lot of great work for us in our time of need and respect the way they've gone about doing their business, and would vote down this bill as it is currently written.

"Thank you."

Senator Hogue rose to speak on a point of personal privilege and stated:

“Madam Vice President, just a point of personal privilege. I think we’re all kind of tired, so we’ve broken down our voting procedures and hands are just kind of raised willy-nilly. We don’t know if people are voting ‘with reservations’ or ‘no,’ so I’m just asking people to stand up if you have reservations and raise your hand if you have a ‘no’ vote so that we know exactly what’s going on. Is that okay?”

“Thank you.”

The Chair having so ordered, Senator Baker's remarks read as follows:

"Mr. President, I stand in support of S.B. No. 1468, S.D. 1.

"This very important measure will amend HRS §328K-2 to expand the prohibition of smoking already included in the statute to all areas in healthcare facilities and all areas 'from curb to cabin' at state airports. Some of my constituents, who as vendors deliver products regularly to Kahului airport, have complained about having to pass through clouds of cigarette smoke to conduct their business. Users of Honolulu Airport inter-island terminal, like me, who must go from Aloha's gates to the main part of the terminal, pass through clouds of smoke every time we depart from or arrive in Honolulu. Although many smokers try to be courteous when smoking around others, second-hand smoke is proven to have dangerous effects on nonsmokers' health, too. In fact, at your Health Committee's hearing for S.B. No. 1468, numerous testifiers presented evidence of the dangers of second-hand smoke, including the American Heart Association, the American Cancer Society, and a number of physicians and nurses. Inhaling second-hand smoke can be as injurious to one's health as smoking.

"As Legislators, promoting the health of our citizens is paramount, and that means helping to protect nonsmokers from the unwanted exposure and dangers of second-hand smoke. This bill is not intolerant of smokers. On the contrary, smokers may still enjoy the freedom of smoking in areas where less of the public will be negatively affected by second-hand smoke.

"Mr. President, your Committee believes that S.B. No. 1468 is good public policy, and I urge all my colleagues to support its adoption. Mahalo."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 754 was adopted and S.B. No. 1468, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO SMOKING," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

"Madam Vice President, I rise in opposition to the measure.

"I feel that it is inappropriate for this Body to confer civil service status on the members of the Business Action Center. Please note for the record that I think the Business Action Center does a great job, and that I'm supportive of the job, but I just don't feel it's appropriate in this instance or any other instance to convey civil service status by fiat.

"Thank you."

Senator Slom rose to speak in opposition to the bill as follows:

"Madam Vice President, I vote 'no' on this bill.

"The reason is that it requires the DBEDT Chair to form a China-Hawaii task force, and so forth. DBEDT is already doing that, and I always look askance at bills that require or mandate people to do things that are in their regular scope of business.

"Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 758 was adopted and S.B. No. 1374, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO ECONOMIC DEVELOPMENT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

"Madam Vice President, please note my reservations on this particular measure.

"Thank you."

Senator Trimble rose to speak in opposition to the bill as follows:

“Madam Vice President, last year on the same bill – and I realize it’s an administration bill or at least it was last year – it was sold to us last year and again this year as a consumer protection bill when in fact, no consumers or people that send money back home to their relatives testified in favor of this measure saying they would need protection.

“I was in the Committee that heard the testimony last year. I feel it’s probably the same this year, and those that supported it, in some instances, were those who would benefit because they would get more business and they would be able to charge higher fees than the people who are transmitting money back home now currently pay.

“So, because it is an anti-consumer measure, I will be voting against it. Thank you, Madam Chair.”

Senator Slom rose in opposition to the bill and said:

“Madam Vice President, I’ll be voting against it because it establishes a \$100 registration fee plus a \$100 annual fee as well.

“Thank you.”

Senator Menor rose to speak in favor of the bill and said:

“Madam Vice President, I rise to briefly speak in favor of this measure.

“I just wanted to offer some clarifying remarks which emphasizes the fact that the strongest supporters of this measure were representatives of the law enforcement community, including the Attorney General’s Office – this is in fact their measure. The reason why they felt this measure was necessary is because they feel that substantial sums of drug monies are being laundered through money transmitting organizations or businesses. So, in order for law enforcement to be able to get a better handle on the extent of the problem, they feel that regulation would allow law enforcement to obtain the kind of information that’s needed to be able to crack down on money laundering by drug offenders in this State.

“So, there’s a law enforcement issue and justification for this bill, and accordingly, I ask my colleagues to move this bill forward. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 765 was adopted and S.B. No. 747, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO MONEY TRANSMITTERS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

“Madam Vice President, I rise in opposition to this bill.

"This bill would add public service tax to private sewer companies. I'm only aware of one existing private sewer company on Oahu, that's the one in East Oahu in Hawaii Kai.

"Thank you."

Senator Trimble rose to speak in opposition to the measure and said:

"Madam Vice President, I also rise in opposition.

"I think it is the activity that we should look at that should be taxed, and not whether it's a private firm. If we wish to tax government enterprises that do a similar service, then, for the sake of consistency, I could vote for the measure. But since we are singling out only as it applies to the private sector, I'll be voting against it.

"Thank you."

Senator Trimble rose to speak in opposition to the bill and said:

"Madam Vice President, I'm rising in opposition to this measure.

"Last year, this Body took a monumental step forward when it talked about how funds are going to be allocated at the school level and letting the principal decide in conjunction with communication with the teachers and the parents. I don't find that this measure is doing that. I still find that we're back to our old habits of trying to tell the schools exactly what they should be doing. I think it's the wrong approach, and I'll be voting 'no' for that reason.

"Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 781 was adopted and S.B. No. 874, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Trimble). Excused, 1 (Ihara).

Stand. Com. Rep. No. 782 (S.B. No. 1221, S.D. 2):

On motion by Senator Taniguchi, seconded by Senator Tsutsui and carried, Stand. Com. Rep. No. 782 was adopted and S.B. No. 1221, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO STUDENTS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Slom rose to speak in opposition to the measure and stated:

"Madam Vice President, I rise in opposition to this bill.

"Originally, this bill was to provide for additional textbooks, but now the function is going to be to bolster civic responsibility. I don't know how the Legislature, let alone the DOE, is going to bolster civic responsibility, and not only do I not know, no one else does because it's not spelled out here.

"Thank you."

Senator Hemmings rose to speak in opposition to the measure and said:

"Madam Vice President, I rise to speak against this legislation.

"The appropriation, once again this year, of several million dollars – in this case, \$2.5 million – to buy textbooks implies that there is not enough money to buy textbooks, and for the edification of this Body, I'd like to remind them that we spend over \$2 billion on our public education system directly through appropriating money to the DOE. That doesn't include the additional monies that are spent on other programs such as human services for eligible children. Certainly, out of the \$2 billion or \$10,000 per child on the average that we do spend, we should have adequate money to pay for schoolbooks out of existing resources.

"Therefore, I believe this is just another effort to throw more money at the public education system without accounting for the money they already should have been spending on having adequate books and resources in the classroom where the teachers and students are. So, I don't want to feed this hungry alligator, and I'll be voting 'no.'

"Thank you."

Senator Trimble rose to speak in opposition to the bill and said:

"Madam Vice President, I rise in opposition to this measure.

"Last year, we decided that schools needed science books. This year we decide that they need civics books. Again, the point is, the decision making about how to allocate the resources needs to be done at the individual school level. And for that reason, I'm voting against the measure.

"Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 785 was adopted and S.B. No. 1258, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Taniguchi moved that Stand. Com. Rep. No. 789 be adopted and S.B. No. 1533, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Hogue rose to speak in opposition to the bill as follows:

“Madam Vice President, I rise to speak in opposition to this particular measure.

“This will make the Board of Education effectively into a mini-Legislature with the largest Board of Education that I could find in the entire United States. We went through and we reviewed many of the other states. Most boards of education are in the single digits as far members are concerned. There are some states – New Jersey has 13 board members, there are a few in Texas – that are up to 15, but we suddenly would put together a 17 person Board of Education. The only way to manage it would be to have all these committees and committee chairs, and I just can’t see it working.

“For that reason, I’m going to be voting ‘no’ and urge my colleagues to do so as well. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 789 was adopted and S.B. No. 1533, entitled: “A BILL FOR AN ACT PROPOSING A CONSTITUTIONAL AMENDMENT TO ARTICLE X, SECTION 2, OF THE HAWAII CONSTITUTION TO THE COMPOSITION OF THE BOARD OF EDUCATION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Taniguchi moved that Stand. Com. Rep. No. 794 be adopted and S.B. No. 1814, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose to speak in opposition to the bill and said:

“Madam Vice President, I rise in opposition to this bill.

“First of all, the impact fees that we have already are bad enough because they add to the cost of housing that we’re complaining about. Secondly, what this bill would specifically do, it says it will establish a fair share amount of impact fees and it doesn’t say what the parameters or standards are.

“But more egregiously, what it does is create a taxing power for the Department of Education because it transfers those impact fees directly to the Department of Education. It gives

them additional funding, no accountability, and takes this responsibility away from the counties.

“Thank you.”

Senator Inouye requested her vote be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 794 was adopted and S.B. No. 1814, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO IMPACT FEES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Taniguchi moved that Stand. Com. Rep. No. 797 be adopted and S.B. No. 1709, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Trimble rose to speak in opposition to the measure and stated:

“Madam Vice President, I rise in opposition to this measure.

“I rise in opposition to the measure, colleagues, because if this measure passes, it will be the fourth time we’ve created such an agency during my tenure in state government. The first one I remember is the Hawaii International Services Agency and two others after that. We need to have consistency of purpose.

“The second reason for questioning why to do it now is that during the last 30 years, we’ve become an increasingly global society. So the justification that you could have made for this 40 years ago, I don’t believe currently exists today. So I’ll be voting in opposition.

“Thank you, Madam Vice President.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 797 was adopted and S.B. No. 1709, entitled: “A BILL FOR AN ACT RELATING TO THE OFFICE OF INTERNATIONAL AFFAIRS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Slom rose to speak on the measure with reservations and said.

“Madam Vice President, please put down my reservations to this bill.

“I know that the Attorney General says that he needs this bill to, quote, ‘show proof of diligently enforcing the tobacco law,’ but I don’t know of the problems that they have right now that they can enforce.

“More importantly, they put a fee in here, and the fee is very interesting because it’s \$39. I don’t know how they got \$39 – if they wanted to show that it was a sale, it was under \$40. I’m not sure. They haven’t justified why it’s \$39, and I believe that’s an annual fee as well.

“Thank you.”

Senator Baker rose to speak in support of the measure and said:

“Madam President, I have some remarks in support of this administration bill which definitely will go a long way to help us curb access to tobacco products by minors.”

The Chair having so ordered, Senator Baker’s remarks read as follows:

“Mr. President, I rise in support of S.B. No. 682, S.D. 2, which is an administration bill.

“This is an important measure that will provide strict provisions regarding the sale of tobacco and thus help reduce the use of tobacco among Hawaii’s youth. Youth access to tobacco products is a significant factor in determining if a minor will ever smoke, experiment with tobacco, or become an occasional or regular tobacco user. Youth generally acquire tobacco one of three ways: purchase the product from retail outlets; get it from parents with or without parents’ knowledge; or get it from peers. A retail business is the most common way a minor acquires tobacco products. Studies from the Centers for Disease Control and Prevention have shown that 90 percent of current smokers began smoking before the age of 18. The longer it is possible to delay experimentation and use of tobacco, the more likely it is an individual will not become a regular user.

“Hawaii’s youth continue to take up smoking at an alarming rate, with almost 15 percent of Hawaii’s public high school students reporting that they are current smokers. The use of tobacco costs our society dearly – it is responsible for over 1,100 deaths per year in Hawaii alone and costs the state over \$525 million in health care and other associated costs per year.

“Meanwhile, cigarette companies are constantly targeting America’s youth in their attempt to sell their deadly product to a younger market. Our best defense against these statistics is to provide enforcement agencies with a means of monitoring and limiting the sale of tobacco products. This bill offers provisions to do just that. S.B. No. 682, S.D. 2, sets strict standards for retailers who want to sell tobacco products and provides hefty penalties for those who do not comply with the law.

“Requiring permits for the retail sale of tobacco products is not a new concept. Hawaii is only one of 10 states that does not require a permit to sell tobacco products at the retail level. This bill will greatly assist to curb the sale of counterfeit stamped products and counterfeit cigarettes that has resulted in the loss of millions of tax revenue due the state of Hawaii. More importantly, the effective monitoring and enforcement advanced by this measure will have the added benefit of helping curb the sales of cigarettes to minors.

“Mr. President and colleagues, please join with our Department of Health, the Attorney General, Department of Taxation, the American Lung Association, the American Cancer Society, the Coalition for a Tobacco Free Hawaii, the Senate Health Committee and others in strong support of this important bill.

“Mahalo.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 804 was adopted and S.B. No. 682, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO TOBACCO,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Ihara).

Stand. Com. Rep. No. 807 (S.B. No. 802, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 807 be adopted and S.B. No. 802, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose and said:

“Madam Vice President, my inclination is to vote against this bill because it has created a special fund, but I had heard that the special fund had been taken out in the S.D. 2. I don’t see proof of that – if someone can correct me or update me. Otherwise I’m voting ‘no’ because it is a special fund.

“Thank you.”

Senator Baker rose to speak in support of the bill as follows:

“Madam President, I rise in support of S.B. No. 802, S.D. 2, which is an administration measure.

“For many of Hawaii’s residents, especially our senior citizens, prescription drugs are a vital part of everyday life. Unfortunately, the cost of these live-saving medications continues to rise.

“Despite our best efforts through Hawaii Rx Plus and other cost containment strategies, some of Hawaii’s most vulnerable seniors are at risk. Due to the recent enactment of the Medicare Modernization Act at the federal level, Hawaii seniors who used to get free medications will now have to pay part of the cost of getting their prescriptions filled. These so-called dual eligibles – eligible for both Medicare and Medicaid – now will only be able to receive Medicare benefits.

“That’s where the proposed state pharmacy assistance program contained in this measure comes in. This program, funded through rebates from drug manufacturers, will provide the co-payments for these vulnerable seniors so they can continue to receive the medications they once received with no charge.

“This administration sponsored bill is a win-win for our seniors. Passage of S.B. No. 802 will enable our low-income elderly population to continue to get the prescription drugs that they need without having to worry about whether they can afford get their prescriptions filled because of the co-payment required by Medicare.

“I urge my colleagues, even my colleague from Hawaii Kai, to support this important measure. Mahalo.”

Senator Slom rose again and said:

“Madam Vice President, I had asked the question, ‘whether or not this bill contains a special fund,’ and it was a wonderful discussion that the good Senator, my colleague from Maui, gave us, but I’m asking the question, ‘does this bill or does this not contain a special fund?’ If it does not, I’ll be very happy to support it.

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 807 was adopted and S.B. No. 802, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO A STATE PHARMACY ASSISTANCE PROGRAM," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Ihara).

At 1:56 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 1:57 o'clock p.m.

Stand. Com. Rep. No. 811 (S.B. No. 1469, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 811 be adopted and S.B. No. 1469, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Hogue rose to speak in opposition to the bill and said:

"Madam Vice President, on behalf of the good Senator from Waimanalo, who was recently married and would hate to continue to pay these increases in fees, I will be voting 'no' and I urge all others to do so as well.

"Thank you."

Senator Baker rose to speak in support of the measure and stated:

"Madam President, I rise in support of S.B. No. 1469, S.D. 1.

"My Oahu colleagues may not know that marriage license agents on the neighbor islands are mostly independent small business entrepreneurs. It was at their request that this measure was introduced.

"Hawaii has a thriving wedding business and it depends largely on the important services that these independent agents provide to our visitors as well as our residents. Yet, with this thriving visitor segment, it has been seven years since the independent agents who issue marriage licenses have had their compensation adjusted. In those seven years, their costs have gone up to the point that the current compensation rate of \$9 is not sufficient to even cover their costs of issuing the licenses.

"Let me provide some historical perspective: in 1992 the marriage license fee was \$16 and the agent compensation was \$8. In 1993, the fee went to \$25, agent compensation stayed at \$8. When the fee was raised to \$50 in 1998, the independent agent's compensation was finally increased, but by a mere \$1. In 2002, the marriage license fee went up again to \$60 but their compensation remained at \$9. So the last time compensation for independent agents was changed was in 1998. It has remained at \$9 for seven years since then. The \$5 surcharge per marriage license provided by this bill is a modest and long overdue increase in compensation to a small group of dedicated individuals who help support Hawaii as a wedding destination.

"I urge my colleagues to join me in voting yes on this measure."

Senator Trimble rose to speak in opposition to the measure as follows:

"Madam Vice President, I rise in opposition to the measure.

"We seem to be discussing two slightly different issues. The issues of the people on the right say, 'this is an increase in cost, and when you increase the cost, less people will take advantage of the service.' I think it is in the interest of our society not to engage in social engineering, whether it be the tax on cigarettes or the tax on getting married.

"If we wish to have another bill that reapportions the amount between the parties, you probably would get a lot more support from this side of the room.

"Thank you, Madam Vice President."

Senator Hemmings rose to speak in favor of the measure and stated:

"Madam Vice President, I'm on this side of the room, and I'd like to stand up and speak in favor of this legislation.

"First of all, I'd like to second the illumination on this bill that the good Senator from Maui brought forth. It is a system that is serviced by the private sector in many areas, and this would serve to benefit those individuals who are providing this public service and make them more competitive in the marketplace.

"There are two other salient points that I hope to make that are pertinent. I can guarantee you that paying the slight increase is a heck of a lot cheaper than terminating a marriage. (Laughter.) And I can also tell you firsthand that I made an investment in this certificate in November of the year 2004, and it's the best investment or one of the best investments I've ever made. So I'll gladly support this.

"Thank you."

The Chair commented:

"Senator Hemmings, you speak from experience." (Laughter.)

The motion was put by the Chair and carried, Stand. Com. Rep. No. 811 was adopted and S.B. No. 1469, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO MARRIAGE LICENSES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Trimble rose to speak in opposition to the measure and said:

"Madam Vice President, I get up in opposition because we have in this bill a presumptive eligibility clause and no discussion in terms of what the cost is. So I'll be voting 'no' on this measure.

"Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 814 was adopted and S.B. No. 1420, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO PSYCHOTROPIC MEDICATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Trimble rose to speak on the measure with reservations and stated:

“Madam Vice President, I’m rising with reservations.

“My reservations are simple. I do not know how much it is going to cost the University of Hawaii or the University of Hawaii and the State of Hawaii to continue to start spending money for this purpose.

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 820 was adopted and S.B. No. 1747, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO THE LYON ARBORETUM,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Slom rose in opposition to the measure and said:

“Madam Vice President, I rise in opposition to this bill.

“What this bill seeks to do is to increase welfare payments and the cost of government. It seeks specifically to eliminate the 1993 year as the base, and to replace it with the current year, although ‘current’ is under discussion because we’re not decided on whether it’s 2004 or 2005. It’s a ‘pick the best year that you can.’

“Also, it has a defective date, so there is a lot of misinformation or lack of information. And I think the point is that we should have the standards and have the actual costs before we vote to change the base period, which is still used by the federal government.

“Thank you.”

Senator Hogue requested his vote be cast “aye, with reservations,” and the Chair so ordered.

Senator Trimble rose to speak in opposition to the measure and said:

“Madam Vice President, I rise in opposition to the measure on slightly different grounds.

“We have what could be considered a fixed pool of money, and if you raise the amount, it’s a ratchet, so if we do it this year, it cannot go down in the future. And so I tend to vote against ratchets, this being one of them today.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 822 was adopted and S.B. No. 475, S.D. 2, entitled:

“A BILL FOR AN ACT RELATING TO PUBLIC ASSISTANCE,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Taniguchi moved that Stand. Com. Rep. No. 823 be adopted and S.B. No. 486, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose to speak in opposition to the bill as follows:

“Madam Vice President, I stand to vote against this bill.

“The bill is to provide additional non-school instruction or programs for our youth. The only problem is, although the measure is to establish safe, structured, learning environments and programs for children and youth, they’re not spelled out. So we don’t know what we are getting for an expenditure of over \$2 million.

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 823 was adopted and S.B. No. 486, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO CHILDREN AND YOUTH,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Trimble). Excused, 1 (Ihara).

Stand. Com. Rep. No. 825 (S.B. No. 1103, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 825 be adopted and S.B. No. 1103, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose to speak in opposition to the measure and said:

“Madam Vice President, I rise in opposition to this bill.

“The reason for this – I support the program as discussed, but again, it’s a raid on the emergency rainy day fund. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 825 was adopted and S.B. No. 1103, S.D. 2, entitled: “A BILL FOR AN ACT MAKING AN APPROPRIATION TO HALE MAHAOLU FOR PERSONAL CARE PROGRAM,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 4 (Hemmings, Hogue, Slom, Trimble). Excused, 1 (Ihara).

Stand. Com. Rep. No. 826 (S.B. No. 1750, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 826 be adopted and S.B. No. 1750, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Hemmings rose to speak against the measure as follows:

“Madam Vice President, I rise to speak against this legislation.

“Unfortunately, this bill seems to be more politically motivated than sound fiscal management. It seems that the executive branch of government and Lillian Koller or specifically the Director of the Human Services Department has found and utilized millions of new federal dollars that prior administrations failed to even recognize over their then purview of the budget. This has been a tremendous asset to the State of Hawaii for budgetary purposes because we are spending federal dollars rather than dollars out of the state coffers. In light of this, the executive branch of government in managing this new resource has done an excellent job of putting the money into human service programs eligible under federal guidelines.

“I know there will be others who will step up and say that they’re being audited, and be our guest, please do audit. Prior indications from the federal agencies involved in this say that Lillian Koller and the Department of Human Services have done an excellent job of managing these resources.

“There may be critics who stand up and say that they’re spending public money for television ads to educate young people to not indulge in drugs. This particular practice has been cleared by the federal regulators and is clearly within the purview of the use of this money, and secondly, it is something this very Legislature did last year, I believe, in Act 41, the alleged ‘ice’ omnibus bill.

“Third of all, this Legislature wants to have management oversight of the executive branch of government which we could say is within our purview of responsibility. But we are not a fulltime Legislature, and since we have a 60-day Session that convenes on the 3<sup>rd</sup> Wednesday in January and oftentimes finishes in early May, there are many times when the executive branch of government is going to have to move expeditiously to use these federal funds for the benefit of the needy and for social service programs, and therefore, legislative oversight would be a hindrance to that process.

“I would suggest to our colleagues on the other side of the aisle that we, for a change, drop our partisan weapons and consider just doing what is prudent, fiscally responsible, and expeditious to serve the truly needy in our society.

“If there is one shred of evidence that this money is not being used wisely and for the benefit of the truly needy in our society, this bill may have merit. If there is one shred of evidence that this bill is not helping the people that we allegedly first and foremost pledge ourselves to help, the less fortunate in our society, then I’d say I should be going along with you, but there is no evidence that is true.

“And to further analyze the situation, what we are really doing is chastising an agency and chastising a director who has done a marvelous thing – and that is to find federal money. In the past, millions of dollars have not been utilized to help the very needy of our people. This bill is not needed. It is counterproductive. And if carried to its farthest extent, this bill could serve as a deterrent to the executive branch of government helping the truly needy in our society.

“I’d urge my colleagues to take serious consideration of the move against this bill or recommit it for further consideration.

“Thank you, Madam Vice President.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 826 was adopted and S.B. No. 1750, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO LEGISLATIVE OVERSIGHT OF TEMPORARY ASSISTANCE FOR NEEDY FAMILIES PROGRAMS AND FUNDING EXPENDITURES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 5 (Hemmings, Hogue, Slom, Trimble, Whalen). Excused, 1 (Ihara).

Stand. Com. Rep. No. 827 (S.B. No. 1772, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 827 be adopted and S.B. No. 1772, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose to speak in opposition to this measure and stated:

“Madam Vice President, I rise in opposition to this bill.

“At first glance, it looks like an innocuous bill just to require that those employers who are paying medical assistance for their employees be tallied and reported on a list from the department if they have more than 25 employees. However, reading into the bill further and particularly, into the committee report, it’s very interesting. It says, ‘Your Committee finds that this measure is necessary to substantiate unsettling rumors circulating among the community that certain employers in the State are undermining of the State’s Prepaid Health Care Act.’

“Well, first of all, I didn’t know we passed legislation to validate rumors. First of all, you have to find out if the rumor is true, and I would suggest that the vast majority of employers are doing exactly what they have to after the costly and unfair Prepaid Health Care Act. Secondly, the report uses the term, ‘reportedly pay their employees wages that are just low enough to enable the employees to qualify for State programs.’ Then it goes on further to say, ‘these employers surreptitiously shift . . .’ I couldn’t see a worse committee report if I tried.

“If we’re going to deal with rumors or we’re going to deal with labor union charges, because they’re the ones that supported this bill, then so be it, then say so unabashedly. But this is not good legislation, it’s not fair legislation, it’s not needed legislation. And, if we’re really concerned about employers who do not live up to the precepts of prepaid healthcare because they hire casual, part-time, emergency, short-term employees, then we have to look at our state government because they are the worst offenders in the state.

“Thank you.”

Senator Fukunaga rose to speak in support of the bill as follows:

“Madam Vice President, I rise to speak in support of this measure.

“I’d like to read from page 1, lines 10-17 of Senate Draft 1 of this bill:

‘For example, in Georgia, more than ten thousand children of Wal-Mart employees were enrolled in Georgia’s public health insurance program for children, PeachCare, according

to a 2002 state government study. The number of Wal-Mart employees' children enrolled in the program far exceeded the number of children of any other employer. Wal-Mart's failure to cover these children cost federal and state taxpayers an estimated \$6,600,000. In Washington, Wal-Mart had four hundred fifty-three children, the highest in Washington, enrolled in Medicaid in 2002.

'The purpose of this Act is to enable the State to determine which employers are shifting responsibility for providing health care coverage for their workers to taxpayers.'

"I would like to direct the previous speaker to read the bill itself and urge my colleagues to vote in support of this measure. Thank you."

Senator Slom rose in rebuttal and stated:

"Madam Vice President, just a brief rebuttal.

"I owe an apology to the previous speaker. I did not know that this was an anti-Wal-Mart bill. I'm sorry, and I did not know that this was about Georgia and other states in the union. I naively thought that it was about Hawaii and the rumors and the reported problems here that have not been documented.

"So I will vote 'double no' on this bill. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 827 was adopted and S.B. No. 1772, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO EMPLOYERS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Slom rose to speak in opposition to the measure and said:

"Madam Vice President, I'm voting 'no' on this bill because again, it's a prohibition against the Governor and cabinet level officials and the executive branch to exercise their executive authority.

"Thank you."

Senator Trimble rose to speak in opposition to the bill as follows:

"Madam Vice President, I'm also voting against this measure, and I'm voting against it because it has not been shown to be a problem. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 831 was adopted and S.B. No. 1272, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE UTILIZATION OF FEDERAL FUNDS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

"Madam Vice President, I'm voting against this bill.

"The word is fraud and the potential for fraud. There is only one state in the union that utilizes this mail-in procedure and that's the State of Oregon, and they have a lot of legal challenges and problems about special interest groups that have mass mailed in ballots. There is very little in the way of checking or accounting, and I think this is a bad way for us to go.

"Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 834 was adopted and S.B. No. 433, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO ELECTIONS BY MAIL," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Trimble rose to speak in opposition to the bill and said:

"Madam Vice President, I rise in opposition to this measure.

"I have two concerns. The first concern is that once we start by having certified interpreters for some languages and not others, that we call into question the court cases that have the others. The second reason is that we do not have a cost estimate or timetable to fully implement this process once we start down the road, and I just thought of a third reason to oppose it. There are many instances when the first language of a person, who may be trilingual, is not one where there is a certified interpreter. And I have a reservation or fear that there will be a tendency to use a certified interpreter in a language that is not the first language as opposed to a non-certified interpreter in the first language.

"So, I think this measure has more questions to be answered, and perhaps some unexpected consequences. Thank you."

Senator Slom requested this vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 835 was adopted and S.B. No. 617, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO COURT INTERPRETER SERVICES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Taniguchi moved that Stand. Com. Rep. No. 836 be adopted and S.B. No. 618, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose to speak in opposition to the measure and said:

“Madam Vice President, I rise in opposition to this bill.

“The problem here, as we saw in testimony, is that the Judiciary does not really have any incentive to collect its bills, and we’re making it easier for them just to write off bills rather than go to either private agencies or others when they know they can just come to the Legislature and get more money. They should have a prudently fiscal policy and more aggressive approach to trying to collect bills.

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 836 was adopted and S.B. No. 618, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO UNCOLLECTIBLE ACCOUNTS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Trimble rose to speak in opposition to the measure and stated:

“Madam Vice President, I rise in opposition to this measure.

“Again, we’re doing it piecemeal. It’s time that we have a comprehensive review of what is appropriate and what is not appropriate instead of taking this up selectively – one at a time or two at a time every year. The second problem is that our government employees spend a lot of time worrying about retirement. Perhaps we would spend less time in this Chamber discussing this issue and they would spend less time thinking about the issue if we moved from a legislative benefit program to a legislative contribution program. So, please think about that, colleagues, in moving forward.

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 839 was adopted and S.B. No. 825, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE EMPLOYEES’ RETIREMENT SYSTEM,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

“Madam Vice President, the same remarks that I just spoke about on the above bill are appropriate on this one. But I’m fascinated to notice that the description and title, even though it applies to the same thing, is very different.

“Thank you.”

Senator Slom rose to speak in opposition to the measure as follows:

“Mr. President, I rise in opposition to this measure.

“This measure would impose an increased \$10 fee on defendants for the Criminal Victim Compensation Fund. And while I believe, certainly, that victims should be compensated, and I would love to see the defendants pay for it, we have a history where defendants, in fact, say that they can’t pay for it, they don’t pay for it, and this gets back to the bill that I just voted against a few minutes ago, why the Judiciary has so many uncollected fees.

“So, adding an additional fee is not going to guarantee revenue or make sure that the victims get compensation they deserve. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 844 was adopted and S.B. No. 1328, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE CRIME VICTIM COMPENSATION FEE,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Slom rose in opposition to the measure and said:

“Mr. President, I rise against this bill.

“This is the annual forced compulsory meal break bill, which bears no resemblance to what happens in the real world. We had employers come forward and testify about what happens in real life – H-Power drivers, for example, and other people that are involved in construction projects. Let’s make sure that we understand that employers are not to deny people breaks or meal breaks. It’s just that the government should not be imposing its rule in telling them when they have to do it and in what time frame, when that does not match the business or industry.

“Thank you.”

Senator Espero rose to speak in support of the bill and said:

“Mr. President, I’d like to rise in support of this measure.

“This bill provides a simple benefit to the working men and women of our state. If you start work at 7:00, by noon, you could have lunch. If you start work at 1:00, by 6:00, you could have dinner. If you start work at 7:00, by midnight, you could have a midnight meal.

“Sounds very simple, very reasonable. Recently, we took a lunch break after two hours of sitting down and talking, and I heard no objections. I think, at the very least, we could pass this bill.

“Thank you, Mr. President.”

Senator Kim requested her vote be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 848 was adopted and S.B. No. 55, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO MEAL BREAKS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Slom rose to speak in opposition to the measure and said:

“Mr. President, again, I rise in opposition to this bill.

“This is a bill that forces the legislative will upon employers and changes the relationship between family leave and sick leave, and again, I remind my colleagues that sick leave is not a mandated benefit, and the real victim of legislation like this would be additional flexible sick leave for employees.

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 851 was adopted and S.B. No. 533, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO FAMILY LEAVE,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Slom rose to speak in opposition to the bill as follows:

“Mr. President, I rise in opposition to this bill.

“Again, this is an annual bill trying to make sure that everybody gets paid prevailing wages whether they’re on the job or not, whether they’re trained or not, whether they’re apprentices or not. It will increase the cost of construction of projects. It is an undue interference into private contractual arrangements and it will increase the cost of the things we have, including housing.

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 856 was adopted and S.B. No. 933, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO PREVAILING WAGES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

“Mr. President, I rise in opposition to this bill.

“This bill will restrict a number of exempt employees and again is in interference with the executive branch and those other branches that in fact have a need for employees who are not too qualified for civil service positions.

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 866 was adopted and S.B. No. 1192, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO EXEMPT EMPLOYEES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

“Colleagues, our government employees get 21 days of sick leave, 21 days of vacation that they can accumulate. You can accumulate up to 90 days worth of vacation. You can accumulate 21 days of sick leave forever. I had, I think, 22 months of sick leave credited to my retirement when I retired.

“The issue is not about whether bone marrow donation or kidney donation is worthwhile. It absolutely is. Yesterday at Hawaii Blood Bank, I gave my 93<sup>rd</sup> pint, but I don’t believe that mandating seven days for bone marrow or 30 days for kidney transplant is going to affect, in the mind’s of a single state employee, whether he’s going to do this or not. So I will be voting in opposition.

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 869 was adopted and S.B. No. 1352, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO PUBLIC EMPLOYEES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

“Mr. President, I stand in opposition to this measure.

“This measure would grant special privileges to DOE civil service employees even though they are not required to undergo the same rules, regulations, policies, and procedures as DHRD. In order for that to occur, the Legislature would have to mandate that DOE have the same kinds of procedures and that would be in opposition to Act 51 and their autonomy that they gained last year.

“Thank you.”

“Thank you.”

“I have a great deal of respect and admiration for social workers, however, when this bill was considered, I heard the description that social workers have been created by this Legislature as, quote, ‘a unique and special class individuals,’ unquote. I don’t think that they’re any more unique and special than the other public employees or private employees that we deal with, and I think they should be dealt with equitably and this bill does not do that, so I cast a ‘no’ vote.

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 879 was adopted and S.B. No. 1773, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO SOCIAL WORKERS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

“Colleagues, this is yet another tax credit. We can’t raise the standard deduction of personal exemptions for our working folk because we give tax credits to the more fortunate.

“I will be casting a ‘nay’ vote.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 881 was adopted and S.B. No. 541, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO DIGITAL MEDIA,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

“I would suggest that this laudable effort to celebrate the life and times and the conquest of the Hawaiian Islands by King Kamehameha be funded through the organization that has the resources to do so and should be doing so, and that’s the Office of Hawaiian Affairs.

“Mr. President, I believe the record will show that they have somewhere in the reserves of \$300 million. It’s something that they could afford to do and something they should do to preserve the culture and the integrity of Kamehameha’s reign as king of the islands.”

Senator Slom rose to speak against the measure as follows:

“Mr. President, I, too, speak against this bill because of the funding.

“In this case, this appropriation creates a special fund.”

Senator Trimble rose to speak in opposition to the measure and stated:

“Mr. President, I rise in opposition to the measure on yet another grounds.

“We have a process already for parades and celebrations to get state funding. It is inappropriate for the Legislature to do them one by one. I remember that two years ago we had a different one-time appropriation for I believe it was the Martin Luther King Day Parade. So I’ll be voting in opposition.

“Thank you.”

Senator Fukunaga rose to speak in support of the measure as follows:

“Mr. President, I rise to speak in support of this measure.

“To respond to some of the concerns raised by the prior speakers, I note that this bill is based upon a trust fund being established in conjunction with the Hawaii Community Foundation and the King Kamehameha Commission. The King Kamehameha Commission was previously funded through state funds through 1996 when it lost all of its state funding; since then, it has had to rely entirely on donations and grants for support.

“This trust fund will build upon an existing children’s trust fund model which has been successfully implemented by the Hawaii Community Foundation over the past 11 years. It is intended to provide ongoing support for a holiday that King Kamehameha V decreed by proclamation in 1871 that each June 11<sup>th</sup> be celebrated as King Kamehameha Day.

“For these reasons, I urge my colleagues to vote in support of this measure. Thank you.”

Senator Slom rose and inquired as follows:

“Mr. President, if I may, I’d like to ask the previous speaker if this so-called trust fund would be free from any potential raiding by the Legislature. Is there anything to guarantee that the fund cannot be raided?”

“Thank you.”

Senator Chun Oakland rose to respond as follows:

“Mr. President, may I respond to that?”

“When we established the Hawaii Children’s Trust Fund by the Legislature in 1993, we actually put in only one dollar of state funds. As a result, we now have about \$10 million of private funding not raided.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 882 was adopted and S.B. No. 575, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE KING KAMEHAMEHA CELEBRATION COMMISSION FUND,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

No. 819, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII HISTORIC PRESERVATION SPECIAL FUND," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Trimble). Excused, 1 (Ihara).

Stand. Com. Rep. No. 886 (S.B. No. 1171, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 886 be adopted and S.B. No. 1171, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Fukunaga rose in support of the measure and said:

"Mr. President, I have some remarks in support of this measure that I'd like to have inserted into the Journal."

The Chair having so ordered, Senator Fukunaga's remarks read as follows:

"Mr. President, I rise to speak in support of S.B. No. 1171, S.D. 2, Relating to Electronic Commerce.

"The bill requires Department of Taxation, together with designees selected by the Senate President and Speaker of the House of Representatives, to:

- Identify issues that must be resolved to implement a streamlined sales and use tax that is based on the national Streamlined Sales Tax Project's model Agreement and Act, including issues of conformance with the State's existing general excise tax law and other laws as may be required;
- Draft policy recommendations to resolve these issues for the Legislature to consider; and
- Conduct informational briefings for the Legislature on its recommendations and submit proposed legislation to the 2006 Legislature.

"The bill also deletes the Advisory Council established in 2003 through the Hawaii Simplified Sales and Use Tax Administration Act. To date, the Governor has yet to appoint any members to that Council, which in effect prevents the Department of Taxation from performing its duties under Chapter 255D, Hawaii Revised Statutes.

"The National Conference of State Legislatures (NCSL) estimated that in 2003, Hawaii lost approximately \$112,000,000 to \$117,000,000 in state and local revenues due to the State's inability to capture tax revenues from electronic commerce transactions. By 2008, NCSL projects that Hawaii will lose between \$157,000,000 and \$245,500,000 if nothing is done by that time – making it one of the top ten states in terms of tax revenues lost in electronic commerce transactions.

"During the 2003 Session, Senator Steve Rauschenberger (Illinois) met with legislators in a series of briefings on the Streamlined Sales & Use Tax Interstate Agreement, and his expertise was invaluable in passage of Act 173, SLH 2003, mentioned previously, Senator Rauschenberger has agreed to an additional round of meetings with Hawaii legislators and critical stakeholders March 23<sup>rd</sup> and 24<sup>th</sup>, when he will provide us with further information on states efforts at compliance.

"At present, Department of Taxation opposes S.B. No. 1171, S.D. 2, and particularly objects to the deletion of the Advisory Council. However, given the fiscal implications upon the State's revenues picture of the Department's failure to act, I believe that the Legislature must take the lead in advancing multistate discussions – and seek to persuade the department to join in the effort.

"To address questions that have arisen on the subject of Streamlined Sales Tax compliance, I am also inserting the following discussion of commonly-asked questions and answers into my remarks for the Senate Journal. I ask my colleagues' support of our legislative efforts to pursue compliance of the Streamlined Sales & Use Tax embodied in Senate Bill No. 1171, S.D. 2."

**Q. What is the Streamlined Sales Tax Project (SSTP) – is this a new tax?**

**A. No. It provides a more efficient way of collecting Hawaii's existing tax.**

Briefly, SSTP is an effort created by state governments – with input from local governments and the private sector – to simplify and modernize the collection and administration of the sales and use taxes. SSTP's proposals include tax law simplification, more efficient administrative procedures, and implementing emerging technologies to substantially reduce the burden of tax collection.

Proposals are focused on improving sales and use tax administration systems for both local businesses and remote sellers of all types of commerce – including fast-growing Internet sales.

What the Agreement does is to facilitate collection of pre-existing sales (or in the case of the State of Hawaii, general excise and use) taxes in an efficient manner by making it easier for businesses that are responsible for assessing and collecting a sales, general excise, or use tax to do so via electronic means. Doing so will assist in the equitable dispersal of general excise and use tax liability within the State so that persons who do not shop online do not end up paying an inordinate share of such taxes.

**Q. Why should Hawaii be involved?**

**A. In 2003, it is estimated that Hawaii lost approximately \$112,000,000 to \$117,000,000 in state and local revenues due to the State's inability to capture tax revenues from electronic commerce transactions.**

The National Conference of State Legislatures (NCSL) estimates that by 2008, Hawaii could lose between \$157,000,000 and \$245,500,000 if the State does not participate in the SSTP. Hawaii stands to be one of the top ten states in terms of tax revenues lost in electronic commerce transactions.

**Q. Since Hawaii doesn't have a sales tax, will Hawaii have to adopt a whole new tax framework?**

**A. Not necessarily. Hawaii's general excise and use taxes are statewide taxes – and because the counties do not currently assess additional regional sales taxes – adoption of modifications to its excise and use tax laws should be fairly simple.**

**Q. What about the proposal to give the counties taxing authority for transportation projects?**

**A. Participating in the Streamlined Sales Tax Agreement will not affect county taxing proposals pending this year.**

As long as the applicable tax rate of a county has been reported to the entity or agency responsible for making sure Hawaii's tax rates are being imposed under any sale that is subject to the Streamlined Sales Tax, then any county taxing authority would be unimpaired and unaffected by the Streamlined Sales Tax Agreement.

**Q. When will the Streamlined Sales Tax be fully implemented so that Hawaii will be able to start receiving revenue from it?**

**A. The national Streamlined Sales and Use Tax Agreement will take effect in October 2005 for those states that have approved conforming legislation. Since Hawaii is not one of these states, conforming legislation would have to be approved by the 2005 or 2006 legislatures to take advantage of the Agreement.**

**Q. How will Hawaii's share of sales tax revenues be calculated?**

**A. Calculating the appropriate tax revenue will be based on the buyer's destination – therefore, if the buyer has a Hawaii zip code, the buyer pays Hawaii's existing 4% use tax and the seller is responsible for transmitting that tax to the State of Hawaii.**

The identity of a purchaser remains confidential and secure regardless of whether the tax operating system is administered by the State or contracted out to a private contractor.

**Q. Is there a downside for Hawaii-based businesses?**

**A. No. In fact, it will help Hawaii businesses offering the same products as businesses located outside of the State be more competitive with out-of-state businesses. This is because businesses domiciled in participating states will have to assess and collect the Hawaii use tax on purchases made by Hawaii residents and delivered to Hawaii.**

**Q. Will Hawaii lose any authority to administer state taxes if it participates in the SSTP?**

**A. No. Although there will be national standards – such as standard definitions for taxable items – Hawaii will still choose whether or not to tax those items at all. Each state retains its sovereignty over its own tax systems.**

The motion was put by the Chair and carried, Stand. Com. Rep. No. 886 was adopted and S.B. No. 1171, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO ELECTRONIC COMMERCE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 4 (Hemmings, Slom, Trimble, Whalen). Excused, 1 (Ihara).

Stand. Com. Rep. No. 889 (S.B. No. 1695, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 889 be adopted and S.B. No. 1695, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Trimble rose to speak in opposition to the measure as follows:

"Mr. President, I rise in opposition to the measure.

"This is a tax credit that will remain on the books for quite a while and will be potentially liable for future generations to pay. I agree that we do need sources of funds for investment in start-up companies and high technology companies, however, the simple approach is the best approach. We passed out another measure this morning on a vote that kind of told the employees retirement system that it's okay, they can take money up to a certain percent and invest in venture capital funds. Even in Hawaii they can invest in venture capital.

"So I'm voting against the measure not because I oppose investment in start-ups, but I think the appropriate mechanism is first to look at the employee retirement system instead of creating a series of tax credits that will be on the books many years in the future for somebody else to potentially pay.

"Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 889 was adopted and S.B. No. 1695, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO CAPITAL INVESTMENTS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Hemmings, Trimble). Excused, 1 (Ihara).

Stand. Com. Rep. No. 891 (S.B. No. 1702, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 891 be adopted and S.B. No. 1702, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Trimble rose to speak in opposition as follows:

"Mr. President, I rise in opposition to this measure.

"I speak against the measure because I'm a firm believer in keeping it simple and keeping it as transparent as possible and keeping things in the public sector as close as possible to the public sector. So I am opposed to the creation . . . and can we note for the record that the High Technology Development Corporation is a nonprofit corporation already. So, I have a problem with creating the new attached high technology nonprofit corporation.

"So I'll be voting in opposition to this measure."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 891 was adopted and S.B. No. 1702, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO HIGH TECHNOLOGY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Trimble). Excused, 1 (Ihara).

Stand. Com. Rep. No. 892 (S.B. No. 1721, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 892 be adopted and S.B. No. 1721, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose to oppose the measure and said:

"Mr. President, I speak in opposition to this bill.

"I don't know why we need a state run, state operated, state designed cultural public market. We have cultural meeting places and gathering places all over the island that have already been developed. We certainly have people's markets and agricultural markets. To set aside 10 acres in Kakaako at this time is premature because we may have higher and better use for that land.

"Thank you."

Senator Trimble rose to speak in opposition to the measure as follows:

"Mr. President, I rise in opposition to the measure.

"I want to note or follow-up on what the good Senator from Hawaii Kai said – 10 acres on something that was built for all the smells and tastes and sounds of Hawaii. I note by comparison that the Polynesian Cultural Center, that does not attempt to do as large a job, has 42 acres or four times the size.

"When we look at tourism, I would hate to see that we had one group that marketed themselves as representing all of Hawaii. I think it would adversely affect other tourist destinations on this island and our other islands if we went forward with the public development of this project.

"Thank you."

Senator Kim rose to speak in support of the measure as follows:

"Mr. President, I rise to speak in support of this measure.

"Mr. President, this would create a cultural market in the Kakaako area. It does not take up all 10 acres. It is not going to be state-operated and state-run. What this measure will do is advise or recommend to the HCDA that the RFP would include that whatever commercial development goes in that area to include some sort of cultural market because we are culturally diverse here in Hawaii. It's about time that we showcase us as a melting pot and we showcase all of our rich cultures and the different nationalities and cultures that make up Hawaii and make up the melting pot of this world.

"We have tried for years to put some kind of development, private development over at Kakaako, and to this date, we have not been successful in doing that. And so this goes ahead and recommends to the developers that are proposing to put a development there that part of the development should highlight our culture. It will also be a place that local people can go to buy different kinds of foods and whatever the different nationalities have to offer. We could showcase all of the talent of the people here in Hawaii and our tourists would have someplace to go for activity. It would create businesses. It would create places for us to have entertainment in the evening time. It would be like a Pike's Market in Seattle or some world class area throughout the world. It's about time that we start to direct how we would like our activity on our waterfront to occur and not just sit here and be at the mercy of the developers.

"I urge my colleagues to vote in favor. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 892 was adopted and S.B. No. 1721, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO A STATE CULTURAL PUBLIC MARKET," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Slom, Trimble). Excused, 1 (Ihara).

Stand. Com. Rep. No. 893 (S.B. No. 1792, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 893 be adopted and S.B. No. 1792, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose to speak in opposition to the measure and stated:

"Mr. President, I rise in opposition to this bill.

"First of all, I think we have a very difficult time providing international incubators because the countries around the world already do such a good job in that already. The only problem is they're still not taking Hawaii seriously as a business location.

"This should be our first and foremost venture and it's not by creating incubators, because an incubator is an artificial situation where you put a business there, you give them subsidized rent, subsidized employment, exempt them from many of the laws that we have, and then send them out into the real world.

"Also, this bill provides for unspecified amounts of fees. Thank you."

Senator Trimble rose to speak in support of the measure as follows:

"Mr. President, I rise in support of this bill.

"My interpretation of what I read is that it would allow High Tech Development Corporation to charge for services they provide. And in many cases when a company is looking at Hawaii from abroad, they tend to trust the public sector more for the initial step. So this would enable High Tech Development Corporation to charge what it costs them for providing services.

"What I would hope would happen over the long run is that it would mean more business for people in the private sector after the initial level of service was provided.

"Thank you for the opportunity to speak in favor of this bill."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 893 was adopted and S.B. No. 1792, S.D. 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR INTERNATIONAL BUSINESS AND TECHNOLOGY INCUBATOR PROGRAM," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Slom). Excused, 1 (Ihara).

Stand. Com. Rep. No. 894 (S.B. No. 1186, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 894 be adopted and S.B. No. 1186, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Trimble rose to speak in opposition to the measure as follows:

"Mr. President, I rise in opposition to the measure.

"When the hotel tax credits were originally talked about, we were in a period of higher unemployment. It had been following 9/11, SARS, and it was advertised, promoted as a

way to increase employment, particularly in the construction trades. If you want to note today, our unemployment rate is among the lowest, construction is booming. If anything, to pass this measure at this time could be considered by many to be inflationary. Therefore, I will be voting against this measure.

“Thank you.”

Senators Hooser and Ige requested their votes be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 894 was adopted and S.B. No. 1186, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO HOTEL CONSTRUCTION AND REMODELING TAX CREDIT,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Taniguchi moved that Stand. Com. Rep. No. 896 be adopted and S.B. No. 1730, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose to speak against the measure as follows:

“Mr. President, I vote against this measure because what this measure seeks to do is to go against what’s happening in the real world economy and marketplace, and that is the conversion of hotel rooms to transient accommodations or to timeshare. So it seeks to punish timeshare, which of course is a private sale in the first place, and should not be subject to the transient accommodations tax.”

Senator Trimble rose to speak in opposition to the measure and stated:

“Mr. President, I also am rising in opposition to the measure.

“I think, colleagues, that we ought to remember that it’s easy for us to mandate something. It is easy for us to tax something. But when we do that, the private sector responds, and the private sector has been responding to the TAT even though it took them some years in the form of cruises and timeshares. I think that it’s appropriate before we get unhappy that businesses are responding rationally to an increase in tax, that we step back and we study the impact and projected further impact of our current TAT tax.

“Thank you, Mr. President.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 896 was adopted and S.B. No. 1730, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO TRANSIENT ACCOMMODATIONS TAX,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Taniguchi moved that Stand. Com. Rep. No. 897 be adopted and S.B. No. 1863, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Trimble rose to oppose the measure and said:

“Mr. President, the same remarks are appropriate for this bill as the last, so I will be voting in opposition.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 897 was adopted and S.B. No. 1863, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO TRANSIENT ACCOMMODATIONS TAX,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Trimble). Excused, 1 (Ihara).

Stand. Com. Rep. No. 899 (S.B. No. 609):

Senator Taniguchi moved that Stand. Com. Rep. No. 899 be adopted and S.B. No. 609, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose to speak in opposition and said:

“Mr. President, I’m casting a ‘no’ vote because it’s the doubling of motor vehicle registration fees.

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 899 was adopted and S.B. No. 609, entitled: “A BILL FOR AN ACT RELATING TO HIGHWAY SAFETY,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

“Thank you.”

Stand. Com. Rep. No. 909 (S.B. No. 1591, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 909 be adopted and S.B. No. 1591, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Trimble rose to speak in opposition to the measure as follows:

“Mr. President, I rise, I guess, in opposition.

“It has to do more with we’re appropriating money to match funds for roads that were created under somewhat unusual circumstance or unsettled circumstance now. I think what I’d

like to see is if we want to do these repairs, that we be provided a list to review or the legislative auditor reviews a list and determines what roads potentially are out there in limbo and prioritize those so that this Body knows where the money is actually going to be spent and who it's going to benefit.

"Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 909 was adopted and S.B. No. 1591, S.D. 2, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR THE 'ROADS IN LIMBO' PROGRAM IN HAWAII COUNTY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

No. 1732, S.D. 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR A LOCAL FLOOD WARNING SYSTEM FOR LAKE WILSON," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Stand. Com. Rep. No. 911 (S.B. No. 1752, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 911 be adopted and S.B. No. 1752, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose to speak in opposition as follows:

"Mr. President, I rise in opposition to this bill.

"Last year when this bill came up, one of our colleague's major complaint was that she had difficulty in getting an additional parking pass and that was the reason to transfer the operation of this Capitol building to the Legislative Committee. Now, however, thank God that problem has been solved. We can all sleep at night now and so we don't need to transfer this to the Legislative Committee.

"Can you imagine how slow the elevators could really be if the Legislature ran them. Thank you."

Senator Taniguchi rose to speak in support of the measure and said:

"Mr. President, I have comments in support of this measure I'd like inserted in the Journal."

The Chair having so ordered, Senator Taniguchi's remarks read as follows:

"Mr. President, I rise to speak in support of S.B. 1752, S.D. 2.

"Mr. President, I introduced this bill because the State Capitol is primarily used by the Legislature. We occupy five levels of the six in the Capitol. Currently, the Department of Accounting and General Services (DAGS) controls the management and maintenance of the Capitol. I am not sure whether our best interests are considered when it comes to our offices, including our parking, even though we have communicated many times to DAGS what are our needs.

"Transferring control will assure that we, as the main occupants, will decide how best to allocate resources and determine where these resources should go first, especially when we are facing further damage and repairs to our building.

"Finally, this bill would ensure that the Legislature would have a mechanism to provide direct input into the management and maintenance of its facilities and offices, that is now sometimes overlooked by DAGS.

"For the above reasons, I ask my colleagues to support this measure. Thank you Mr. President."

Senator Trimble requested his vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 911 was adopted and S.B. No. 1752, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE STATE CAPITOL," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Taniguchi moved that Stand. Com. Rep. No. 914 be adopted and S.B. No. 834, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose to speak in support of the measure with reservations and said:

"Mr. President, I rise in support with reservations.

"My reservations I've had every year and that is that in Hawaii a person is worth less than on the mainland because the federal code provides for a \$2,000 per person exemption and here in Hawaii the person is worth \$1,040. We were told by the Tax Department and others that we have other considerations within our tax program, but I would suggest that people that are filling out their 1040s really want conformity and they want conformity in the benefits that they receive and one of the major benefits should be equality of personal exemptions. It's not in this bill.

"I support all the others. I wish we would get in step with the federal IRS. Thank you."

Senator Trimble rose to speak with reservations on the measure as follows:

"Mr. President, I also will be voting for this measure with reservations because it's my understanding the personal exemption on the federal level is \$3,000 and not \$2,000, but I could stand corrected.

"Thank you, Mr. President."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 914 was adopted and S.B. No. 834, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO CONFORMITY OF THE HAWAII INCOME TAX LAW TO THE INTERNAL REVENUE CODE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Slom rose to speak against the measure and said:

"Mr. President, I am forced to vote against this bill.

"I believe in the equality of everyone, including sharks, and I think the sharks on the Windward side and the East Honolulu side are just as valuable as the ones on the Leeward Coast. I'm afraid that if we start monitoring the sharks on the Leeward side that they're going to wind up in the landfill and that would create more problems.

"Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 920 was adopted and S.B. No. 1267, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO SHARK MONITORING," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Slom). Excused, 1 (Ihara).

Stand. Com. Rep. No. 925 (S.B. No. 1592, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 925 be adopted and S.B. No. 1592, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Trimble rose to speak with reservations on the measure as follows:

"Mr. President, I rise with reservations.

"As a society, as individuals, we tend to optimize at the margin. It's a continuous process. I remember 40 years ago, no, 50 years ago going through Disneyland and going through Tomorrow Land and my memory of the whole thing was that nothing that was displayed there actually came to pass. My problem with this is that it's going to create a mindset that will not be flexible. So I do have reservations."

Senator Kokubun rose and said:

"Mr. President, may I have comments inserted in the Journal. Thank you."

The Chair having so ordered, Senator Kokubun's remarks read as follows:

"Mr. President, as all of you are aware, in the 2004 Session a bill was passed by the Legislature to re-institute and to review the Hawaii state plan, the state functional plans. The Governor vetoed that measure. In her veto message, essentially what she said was that the administration did not consider planning a priority and in fact she had left the position of director of the Office of Planning vacant since she had taken office.

"Mr. President, for that reason, during this Session we re-looked at the bill and feeling again that there is a great necessity for us to look forward and that for the Legislature to set goals through a planning measure for the State of Hawaii was a very, very good idea and something that we needed to carry through.

"For that reason also, and remembering the Governor's veto message from the previous Session, we made this a legislative measure. We asked that the state auditor provide the staff that would help develop that plan so that it wouldn't really put burdens on the administration. But again, it's the essence of the measure that we thought needed to move forward."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 925 was adopted and S.B. No. 1592, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO STATE PLANNING," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Taniguchi moved that Stand. Com. Rep. No. 927 be adopted and S.B. No. 1877, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Trimble rose to speak in opposition to the measure and stated:

"Mr. President, I speak in opposition to this measure.

"To continue the remarks I was saying earlier, if we look at the functions that are currently in the Office of State Planning, it includes the land use division, it includes GIS, and it includes coastal zone management. It is not clear in my own mind whether these functions should be more closely associated with DBEDT than they should be with the Department of Land and Natural Resources. I think that a call such as this should be made by the executive branch where the actual work of the department is being carried out. So I'll be voting in opposition to this measure.

"Thank you."

Senator Kokubun rose to speak in support of the measure as follows:

“Mr. President, I stand in support of this measure.

“Just for the record, Mr. President, I wanted to point out that, at this point, by Hawaii Revised Statute, the Office of Planning is administratively connected to the Department of Business, Economic Development and Tourism, and if the administration wishes to change that relationship, then they should come and seek an amendment to the statute.

“Thank you, Mr. President.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 927 was adopted and S.B. No. 1877, entitled: “A BILL FOR AN ACT RELATING TO THE OFFICE OF PLANNING,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Slom rose to speak in opposition as follows:

“Mr. President, I rise in opposition to this bill.

“What this bill seeks to do is to utilize a portion of the conveyance tax for the purpose of preserving land. I’m all for preserving land. The idea of legacy land and private contributions to hold that land is great. What I’m opposed to is the ever-increasing use of the conveyance tax to do everything other than the simple cost and recovery of expenditures for conveying real property titles or leases.

“If we take the section out of this bill, 25 percent for conveyance tax, we are guaranteeing that the tax will go up yet again. And again, this adds to the cost of housing and rentals.

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 931 was adopted and S.B. No. 1897, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO LAND CONSERVATION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 5 (Hemmings, Hogue, Slom, Trimble, Whalen). Excused, 1 (Ihara).

Stand. Com. Rep. No. 933 (S.B. No. 140, S.D. 2):

Senator Menor moved that Stand. Com. Rep. No. 933 be adopted and S.B. No. 140, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Baker rose to speak in support of the measure as follows:

“Mr. President, I have remarks in support of this measure I’d like inserted into the Journal.”

The Chair having so ordered, Senator Baker’s remarks read as follows:

“Mr. President, I rise in support of S.B. No. 140, S.D. 2 which will prohibit health insurers, mutual benefit societies and HMOs from including ‘broad discretionary authority’ clauses in any contract signed after December 31, 2005. This is a significant consumer protection matter.

“These clauses shift certain liability to employers, give insurers broad powers to define medical coverage and allow the insurers to not renew policies for any reason. Last August after numerous complaints the Insurance Commissioner by memorandum halted this unfair and deceptive practice that had become routine within the industry. While the health plan providers seem to have complied, the memorandum by the Insurance Commissioner could be challenged. Setting forth the prohibition in statute is the better way to ensure that HMO’s mutual benefit societies and health insurers will not have unfettered discretion to set the type and scope of medical coverage provided or to deny benefits or cancel coverage. Although the Insurance Commissioner did not request this legislation, he has wholeheartedly support this legislation. I would note that these clauses are outlawed by statute in Maine and Minnesota and administratively prohibited in California, Illinois, Indiana, Montana, Nevada, New Jersey, Oregon, Texas and Utah. The prohibition of these clauses is part of the National Association of Insurance Commissioners model legislation and that legislation served as the basis for this bill.

“Mr. President, I have a copy of a lengthy memorandum prepared by the Insurance Commissioner addressing the legal basis for this legislation as well as refuting some of the arguments proffered by Kaiser and HMSA. I would like to have that document inserted into the Journal.

“Mr. President and colleagues, I ask your support to adopt S.B. No. 140, S.D. 2. Mahalo.”

The insert of the memorandum prepared by the Insurance Commissioner is identified as “ATTACHMENT A” to the Journal of this day.

Senator Hogue requested his vote be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 933 was adopted and S.B. No. 140, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO HEALTH INSURANCE,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Trimble). Excused, 1 (Ihara).

Stand. Com. Rep. No. 934 (S.B. No. 568, S.D. 1):

Senator Menor moved that Stand. Com. Rep. No. 934 be adopted and S.B. No. 568, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Inouye rose to speak with reservations on the measure as follows:

"Mr. President, I speak on this measure with reservations.

"I have spoken with the Chair of CPH and I have grave reservations even with the amendments that the Committee Chair did say was indicated because of the opposition. However, I think there are still some grave concerns with regards to licensure, so I would like to add some of my comments and send it to the Clerk."

The Chair having so ordered, Senator Inouye's comments read as follows:

"Mr. President, I am voting with reservations on S.B. No. 568 due to concerns voiced by the Hawaii Dental Association, which believes that the bill will discriminate against all non-specialist dentists who are general practitioners. Although the bill is aimed at trying to facilitate access to specialized dental treatment, it will in the end actually decrease access to care in under-served areas.

"Also, I am concerned that this bill will allow a 'back-door' method for people who have failed the Hawaii examination, but who could then gain licensure in another state with different standards."

Senator Hogue rose to speak with reservations and said:

"Mr. President, I also speak with reservations.

"A lot of people in the dental community are very concerned. I know I was stopped by my own dentist when I had my mouth wide open and I was very concerned I was going to get a bad shot if I gave him the wrong answer. So, I have strong reservations and am hopeful that the concerns can be cleaned up along the way.

"Thank you."

Senator Slom rose and said:

"Reservations, please. I'm scared." (Laughter.)

The Chair so ordered.

Senator Baker rose to speak in support of the measure and said:

"Mr. President, I rise in support of this measure.

"I know that there are some members of the dental community who see this as the precursor to licensure by credentials, and I assure them that it is, but it's not any measure from the Legislature. It's from the fact that the Board of Dental Examiners has moved to accept a national exam, regional exams in the interim because it's been noted that Hawaii dentists cannot access Pearl Harbor in order to take a state exam.

"This is a measure whose time has come. This one deals specifically with specialists. The problem in this state is we don't have a special category for dental specialists like orthodontists who don't do general dentistry but are only licensed in a particular area.

"Your Committee heard compelling testimony from individuals who have family in this state, who live in this state and desperately want to be able to work in this state in their chosen profession but cannot because of our rules.

"This measure is fashioned after the community service license that this Legislature passed and was signed into law last year. I acknowledge that some of those in the dental community still have some concerns with this, but I would just say to them that change is painful and I hope that as we continue to work on this measure they will come to understand that they have nothing to fear from measures like this.

"Thank you, Mr. President."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 934 was adopted and S.B. No. 568, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO DENTISTS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Ihara).

Stand. Com. Rep. No. 935 (S.B. No. 1003, S.D. 2):

Senator Menor moved that Stand. Com. Rep. No. 935 be adopted and S.B. No. 1003, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Slom rose to speak in opposition to the measure and stated:

"Mr. President, I rise in opposition to this bill.

"I don't know why we're discussing this bill. We just passed a law last year. It hasn't even gone into full effect and we're talking about changing the cap on the net meter energy provisions. I noticed from the committee report that everybody in the Committee voted with reservations.

"So, it looks like this is a bill whose time has not come. The defective date is 2050. I think the bill is defective all the way through and we should vote 'no.'

"Thank you."

Senator Espero rose to oppose the measure and said:

"Mr. President, I'd like to stand opposed to this bill as well.

"Due to the testimony of DCCA and HECO, I'd like to ask my colleagues to consider that.

"Thank you."

Senators Ige, Trimble, Baker and Hogue requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 935 was adopted and S.B. No. 1003, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO NET ENERGY METERING," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Espero, Slom). Excused, 1 (Ihara).

Stand. Com. Rep. No. 936 (S.B. No. 1100, S.D. 2):

Senator Menor moved that Stand. Com. Rep. No. 936 be adopted and S.B. No. 1100, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senators Hanabusa, Taniguchi, English, Trimble and Ige requested their votes be cast "aye, with reservations," and the Chair so ordered.

Senator Slom rose to speak in opposition to the measure as follows:

"Mr. President, I rise in opposition to the bill.

"While I certainly understand the effort to control terrorism and the effort to control ice use, I think we get a little ridiculous at times when we're going after people that are using products like Sudafed – put them behind locked gates, have registries, follow people, give them limitations on how much they can buy. I think it's a bad policy and I can't support it."

Senator Baker rose to speak in support of the measure and said:

"Mr. President, I have remarks in support of this measure but would just note that this measure came from the community. It's in response to a community that's very concerned about the spread of this drug, and so I'd like my remarks to be inserted into the Journal."

The Chair having so ordered, Senator Baker's remarks read as follows:

"Mr. President, I rise in support of S.B. No. 1100, S.D. 2, a measure that will help foil the clandestine manufacture of crystal methamphetamine or 'ice' in our State.

"Pseudoephedrine, a key ingredient in many over the counter cold medications, is also a key ingredient in making 'ice.' This measure attempts to strike a balance between what our narcotics enforcement administration wants and concerns expressed by lobbyists for some of our retailers. The bill would require that products like Sudafed, in their tablet or granulated capsule form, be dispensed only from a pharmacy, behind a counter or other space inaccessible to the general public or from a locked display case. This would be similar to what many retailers already do for cigarettes, products like nicorette or expensive liquors. A display box of the product may be on the shelves, but with a sign noting that to purchase the product a customer must go to the customer service desk, for example, to purchase it. Retailers report that products like Sudafed literally walk out the door and some have already taken measures to make this product less accessible.

"The bill also provides that no more than 9 grams or three packages of the product may be sold within 30 days without a valid prescription. However, liquids, liquid capsules or gel caps are exempt from the provisions of this bill as pseudoephedrine products in these forms are not easily convertible into 'ice.'

"Industry lobbyists have handed out sheets of products noting many items that would be placed behind the counter rather than on floor shelves. What they fail to point out is that very few retailers, if any, carry all those products, especially small retailers that typically carry one brand line in various forms. Larger stores might carry two or three, plus a generic or store brand. Only the table or granulated filled capsule would be affected, not the other formulations. Thus, the small retailers will not be overly inconvenienced and neither will the public.

But potential 'ice' manufacturers will be. Cold sufferers will still be able to pop in to a 7-11 and get a product to relieve their symptoms when they need it.

"Mr. President, the impetus for this measure came from a community meeting I held in Kihei shortly after this Legislative Session opened. The Kihei community has recognized the problem of drug abuse in South Maui, especially 'ice' use, and are working with their community prosecutor to take steps to take back their community. They believe this measure will help. So do I. The provisions of S.B. No. 1100, S.D. 2 are prudent ways to reduce the availability of ice's main ingredient. Limiting the purchase of these cold medicines to 9 grams per purchaser and requiring the purchaser to show identification and sign a logbook with the purchaser's name, the date, and the type and amount of product are prudent ways to reduce the availability of ice's main ingredient. Similar measures have proven to be of great success in other states and a number of states are contemplating similar measures this year.

"Like most measures at this stage of the legislative process, this is not a perfect bill, but I believe it provides a mechanism to help us wage a successful war on 'ice' – a battle the Senate began in earnest last Session. These minimal inconveniences placed on consumers and retailers cannot overshadow the good that will come to our communities with the decreased manufacture and use of ice.

"I urge my colleagues to join me in supporting this bill. Mahalo."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 936 was adopted and S.B. No. 1100, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO PSEUDOEPHEDRINE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Menor moved that Stand. Com. Rep. No. 937 be adopted and S.B. No. 1228, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Slom rose to speak in opposition as follows:

"Mr. President, I rise in opposition to this bill.

"This bill further broadens and expands the coverage under the prepaid healthcare act and the costs and expenditures to small businesses particularly."

Senator Baker rose in support of the measure and stated:

"Mr. President, I rise in support of this measure.

"Contrary to the previous speaker, this does not expand any coverage. It merely expands providers.

"Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 937 was adopted and S.B. No. 1228, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO MARRIAGE AND FAMILY THERAPISTS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Hogue rose to oppose the measure and said:

“Mr. President, I rise in opposition.

“Mr. President, this is once again one of those bills where we’re asked to referee a turf battle between the psychologists and the psychiatrists. I’ve always been hopeful as I’ve talked with Committee Chairs as well that somehow these groups could settle their differences amongst themselves. I am heartened by the fact that I received an e-mail from the psychiatrist association indicating ways that they feel that the measures that are covered in this particular bill can be handled by other means other than giving prescriptive authority to some psychologists, which they consider to be unfair and potentially dangerous.

“So I will pass along this e-mail to the Chair and I am hopeful that this measure can ultimately be defeated as it has been every time it’s been introduced since 1984.

“Thank you.”

Senator Inouye rose to speak against the measure as follows:

“Mr. President, I speak against this measure.

“I believe that psychologists should not be authorized to prescribe psychotropic medications for the treatment of medical illnesses. Since the bill passed out of Committee, I have been deluged as well with letters, e-mails, phone calls, personal visits – all in opposition to this bill. I am convinced that it is not in the interest of those in need of medical attention and that this bill could compromise their safety.

“Psychologists have not received the medical training necessary to prescribe medications. Training outlined in the bill is also inadequate. I recognized that there is a problem of limited access to medical care in rural areas of Hawaii, however, I believe there are other viable solutions.

“Thank you, Mr. President.”

Senator Baker rose to speak in support of the measure and stated:

“Mr. President, I have remarks in support of this measure I’d like to have inserted into the Journal.”

The Chair having so ordered, Senator Baker’s remarks read as follows:

“Mr. President, I rise to speak in support of S.B. No. 1239, S.D. 1.

“Hawaii still derives over 90 percent of its energy from fossil fuels, the vast majority from petroleum. As gasoline prices continue to rise at the pumps, we are once again faced with questions about our State’s energy security. Our economy depends on the imported fuel that runs everything, including the vehicles that take us to and from our jobs, to the computers that sit on our desks, and the aircraft that bring in our visitors each day.

“The Legislature has always recognized this fact, and as a result Hawaii has been a leader in promoting a broad range of alternative energy sources. With S.B. No. 1239, S.D. 1, we

have an opportunity to promote another alternative energy source for Hawaii’s diesel vehicles.

“We are fortunate to have biodiesel pioneers here in Hawaii. Through the efforts and diligence of research entrepreneurs like Kihei resident Bob King of Pacific Biodiesel Inc., biodiesel is the most readily available biofuel in Hawaii. It can be made from soybean or vegetable oils, or animal fats, which means it may be made from used cooking oils and grease. While the use of biodiesel will reduce our dependence on diesel made from petroleum, it will also improve our environment. This additional benefit of using biodiesel means that waste cooking oils and grease, that would otherwise end up in our landfills, may be recovered and converted to usable automobile fuel – biodiesel. We can reduce the strain on our landfills by eliminating the need to dispose of grease and grease traps in our landfills. And who wouldn’t prefer the aroma of an environment-friendly exhaust that smelled of french fries rather than the noxious fumes of petroleum-based diesel?

“We need to examine continually all avenues to reducing our dependence on petroleum. Biodiesel gives us an option for addressing the energy requirements for an important sector of our transportation infrastructure while allowing us to reduce our oil dependence. I urge my colleagues to join me to support this important measure.

“Mahalo.”

Senators Taniguchi, Ige, Chun Oakland and Hooser requested their votes be cast “aye, with reservations,” and the Chair so ordered.

Senator Slom rose to speak in opposition to the measure and stated:

“Mr. President, I rise in opposition to this bill.

“This bill has not one but two special funds in it. Thank you.”

Senator Trimble rose to speak in opposition as follows:

“Mr. President, I rise for a different reason.

“It’s a tax credit and it’s a \$250 tax credit. It’s only given to public school teachers and they will get the tax credit back just in time to plug into the election process.

“Thank you, Mr. President.”

Senator Sakamoto rose in support of the measure and said:

“Mr. President, I rise in support of the measure.

“Mr. President, I had remarks for the Journal but I feel I need to expound a little.

“Members, I think one of the major things, one of the most important problems facing our public education today is the recruitment and retention of teachers. Some of you have heard it before, but I’d like to let you hear it again and some of what’s in this bill.

“The Department of Education hires approximately 1,500 new teachers annually and our teacher training programs here in Hawaii produce only about 600. That presents a shortfall of roughly 900 teachers per year that need to be recruited primarily on the mainland or elsewhere – 60 percent of the new hires. Unfortunately, sticker shock of our islands in terms of cost of living, or the scarcity of affordable housing, or difficulties with Hawaii’s unique culture, or frustration with the department bureaucracy causes many of those hired to leave shortly after they’re hired. In fact, only one of five teachers recruited from the mainland is still teaching here three years later. By contrast, 80 percent of our kama’aina teachers are still on the job after their third year.

“Although these facts and figures highlight the seriousness of the shortage, there’s also grounds of optimism. There are many positive developments that people should know about. One of them is that the University of Hawaii has teacher training on every neighbor island except Niihau and Kahoolawe. There are many other initiatives that show great promise, including the teacher cadet program which mentors high school students. This has been successful in other areas of the mainland and it started here. There’s an emerging associate of arts and teaching degree at Leeward Community College for the first two-year students. West Oahu is developing a baccalaureate in early childhood education. Clearly, we must work together.

“This bill has many different parts, part of it starting again with the potential teachers in high school, teacher training in colleges and universities, supporting teachers in the initial phases of their teaching career, professional development for the in-service teachers, master teachers. This bill has a part two dealing with a teacher cadet, part three dealing with the associative of arts and teaching, part four dealing with various measures including loan forgiveness programs, asking the university to look at their entering freshmen because currently they take about 5½ years for someone who wants to become a teacher, but they’re not enrolled into teaching as freshmen. In some other schools, you can become a teacher in four years, and I think our university needs to look at how to improve that.

"Part five of the bill deals with improving a teacher induction program, creating a new teacher orientation handbook that really would help the new teachers.

"Part six looks at the licensure of employees, expanding the means of how people can become licensed, increasing the pool of highly qualified teachers, in part, licensure by experience, not necessarily just by degree. The bill includes a provision for reciprocity of a number of states, includes national board certification. We look at the PRAXIS exam and how this is used. To help the teacher standards board it converts temporary positions to permanent positions before they were tasked to keep the standards high. The bill looks at professional development, emerging trends that are cutting edge, encouraging our teachers to really be able to be better teachers.

"Yes, it includes tax incentives to help them with their out-of-pocket costs, help looking at housing, master teacher program, etc.

"The bottom line is, while this bill is not a panacea and we hope that it can survive our process where there's enough dollars to fund many of the good things, I do feel that there are substantive and systematic things in this measure that can really help and be a rallying point so we can more comprehensively address our teacher recruitment, teacher shortage program. This is an ongoing effort.

"Members, as you report back to your communities and look at this bill, I think unless we can help our teachers, this generation of students that soars to struggle through Felix, now struggling through 'No Child Left Behind' will be struggling through teachers left behind unless we can do more to help them. So we ask you to support all measures we can to support our teachers.

"Thank you very much."

Senator Hogue rose to speak in support of the measure and stated:

"Mr. President, I rise in support.

"I want to publicly acknowledge the Education Chair, who I thought did a very good job of molding together a number of ideas from different committee members. The junior Senator from Waipahu, for example, had some good ideas. The Vice Chair from the Garden Isle had some good ideas. The good Senator from Liliha has some great ideas. The good Senator from Maui had some good ideas. And how about this, there were even a few bipartisan ideas from the big fellow from the Windward side.

"So, thank you very much for advancing many of these ideas, and I'm hopeful that as this measure moves forward it does a great deal in the areas of recruitment and retention because teachers and the children that they teach are our greatest resource.

"Thank you very much, Mr. President."

Senator Trimble rose to speak in opposition to the measure and stated:

"Mr. President, I rise in opposition to the measure.

"I rise in opposition to the measure because I really think this is a measure about waste and how we regard the processing of that waste. What is appropriate is that we look at those who process, the public as well as the private sector, and have a uniform set of standards. In this case, we're only looking at one segment. If we're truly concerned about health and safety, we should be truly concerned about what happens on the island of Oahu and we should be even more concerned when these bills occur on land than when they occur in salt water.

"For this reason, while I support strict standards, I think it should be applied to everyone, the public sector as well as the private.

"Thank you, Mr. President."

Senator Taniguchi moved that Stand. Com. Rep. No. 970 be adopted and S.B. No. 1689, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose to oppose the measure and said:

"Mr. President, I rise in opposition to this bill.

"We've watched this bill develop in various phases over the last seven years, and particularly in the last couple of years we've had people come before various neighborhood boards to explain the bill. This is the public financing bill. The problem is that it depends on what day, what time, what night, what location it is because you get a different explanation. There's been information. There's been misinformation.

"One thing is clear, however, and that is that the campaign spending executive director opposes this bill. Also, his figures, in terms of what I would cost the taxpayers of this state are substantially higher than the paid advocates for this bill.

"In addition to that, the issue has always been posed as this being a clean election bill, therefore, if you don't have public funding, somehow it's not clean. They're not clean elections. Also, that if you have public funding, you will get better candidates, you will get more contestants, you will have more people running for office and a better balance of people in the Legislature. None of that can be substantiated by this particular legislation, which has to do with one thing and one thing only – and that is to shift the burden of financing to the taxpayers of this state.

"Mr. President, I have talked to many people in the last several weeks and months about this bill, and with very few exceptions, there are very few individuals that I've talked to that want to take on the responsibility, the care, feeding, and adoption of politicians. They're already busy with their rent payments, their mortgage payments, their food payments, their car payment, everything else. They don't want to subsidize politicians who want to run for office.

"The argument is made that it's because of money that we have bad laws, bad politicians, and corruption in government. I would suggest to you that it's the lack of transparency. I would suggest to you that it is bills like the one we passed earlier today, which exempts certain special interest groups from having to undergo the same rigors that other people, notably businesses, have to undergo.

"So, this bill is really a bill that makes a lot of promises but cannot deliver, because the only thing that it can deliver are higher costs for the taxpayers of this state. It is pointed out that there are two states in the Union that have worked with this very well and they've had great success with it. However, the

vast majority of states have not, and one of the states that tried this wound up changing their law because they had lawsuits trying to get the taxpayers to pay more and greater funds.

"I'm very concerned about the people that are advocating this and where their money comes from to make the advocacy. We've asked, and they don't seem to have clear information about the mainland foundations and the grants that they are accepting.

"For these and other reasons, I think that the public, particularly, is already concerned about the politicians. This bill will not give us better politicians. It will give us the same politicians, only at public expense. So I urge a 'no' vote on this bill.

"Thank you."

Senator Tsutsui requested his vote be cast "aye, with reservations," and the Chair so ordered.

Senator Hooser rose in support of the measure and said:

"Mr. President, I rise in support of S.B. No. 1689, S.D. 2.

"Mr. President, this is not a new idea. It's not an unproven concept. The benefits are clear and many and have been proven in Arizona and in Maine. This is not a groundbreaking thing. It broke the ground in Maine, and it broke the ground in Arizona. Overwhelmingly, the people in both of those states like the changes that were made. It's very clear that those changes have resulted in more candidates, additional candidates, a broader representation of people running and getting elected to public office.

"I would suggest, Mr. President and colleagues, that the system we have now is out of control. I mentioned this in Ways and Means. We've had discussions on the earlier bill, the campaign finance reform bill, and the complexity of that bill is incredible. When you add that to the central legislation and the loopholes that are there, we have tax jumping out of nowhere, political action committees. We have rules about who can give us money, who can't give us money, what we can spend money on, what we can't spend money on. People get in trouble because they're not aware of the law, they're not familiar with the law, both donors as well as users. It's just a rip-roaring mess.

"This provides an alternative. It doesn't mandate an alternative, but it does provide a good alternative. We each get checks in the mail when we raise money, and sometimes we're not always sure who those checks are from. We get donations of \$200, \$300, \$500 from some corporation. It could be Al Capone for all we know. To do the investigation to check it out is just a real mess and this option offers us a viable alternative that can help restore the faith and confidence in the election process by the citizens in our state.

"In addition, the system we have now is an incredible burden for new candidates coming in as well as existing candidates. If a new candidate wants to run, it's impossible or very impractical for most people to run. To raise \$100,000 for a Senate race, or millions of dollars for the governor's race, or \$30,000-\$40,000 for a House race, to the man and woman on the street, it's impractical; it's impossible. There are many good people in our community, many qualified people in our community, as qualified as any of us that are here today, that would like to serve, but they're unable to serve because they don't have the connections to business, they don't have the connections to labor to raise the kind of money it takes to run a viable campaign. I'll acknowledge there are exceptions to the

rules. There are people here that manage to run successful campaigns for smaller amounts of money.

"I would also suggest that this burden is ongoing. Many of us, myself included, are running campaign fundraisers on an annual basis. I suspect there are numerous candidates, both winners and losers, who are still trying to pay for their last campaign that they ran. It's a roadblock to far too many people. It limits candidates. It limits good people, qualified people.

"This bill is good for the process. It's good for democracy. It puts people first and money second. The perception of cynicism of crooked politicians has been discussed before and I have great respect for my colleagues here in the room, and I know that's not the case. But we also have to face the reality of we have to face that cynicism out in the community. This proposal will help us get past that.

"Taxpayers already pay. They pay in many, many ways. The people that donate money to our campaigns could be donating money to little league. They could be donating money to the opera. The people pay. Again, it's been stated earlier in Arizona and in Maine that people have overwhelmingly in polls done after this has been in effect have said they liked the process. Even local polls of those people who have an opinion, and I'm surprised at the number of people that don't have an opinion, but of the people that have an opinion, they say that public funding is a good thing and public funding is something that people want.

"I encourage my colleague to vote in support. Thank you."

Senator Trimble rose to speak with reservations and said:

"Mr. President, I rise with reservations and I would like to mention a few of them.

"Yes, the public has a low opinion of this Body and the one across the way. I don't think it's because of the way that we got here. I think it is the way that we organized and the way we have a clear and open deliberation on the bills and the way we conduct our public hearings, and the way we treat the people that come and half of the confusion that exists because this year we decide to listen to 1,904 bills. I don't think it is us as individuals. I think it is the way that we're organized.

"We had two measures today. One is revamping the old law. The other one is this. If we go forward with this, I think what we'll see over time is a proliferation of one-issue candidates.

"The other thing is this discussion is valuable because the people really aren't satisfied with the current system, and we really haven't described what the true costs of corruption is. It's my sense that it is several orders of magnitude greater than what it would cost to have public funding.

"I don't think that this is the best answer. I also don't think that we should change everything at one time. If we wanted to look at it in reference to one house, make it so that it would sunset, then it would be a fair test of the system.

"So, for those reasons, I'm voting with reservations now. I want to see what comes back from the other side of the House later on in the Session.

"Thank you, Mr. President."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 970 was adopted and S.B. No. 1689, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO CAMPAIGN

Senator Taniguchi moved that Stand. Com. Rep. No. 973 be adopted and S.B. No. 1190, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Trimble rose to speak in opposition as follows:

"I gather by the bill and the way it's moving from state income taxes to wages of our police department, I don't feel that giving them a tax credit equal to their wages is the appropriate way to handle this. I think this is appropriately a city and county issue, not a state issue. When we're looking at funding all of the different kinds of tax credits – \$2,000 for the residents of Manoa; \$250 for teachers – I don't think tax credits or exemption from income tax is my way to go. So I'll be voting in opposition."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 973 was adopted and S.B. No. 1190, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

"Mr. President, my question here is how did we come up with the number of 10 years and why are we doing it now? So, I'll be voting in opposition.

"Thank you."

Senator Kanno rose to speak in support of the measure and stated:

"Mr. President, I rise to speak in support of the measure.

"Ten years is based on a couple of items. One is we look at the Hawaii Labor Appeals Board. Their term is currently 10 years. If you look at circuit court judges, their term is also 10 years.

"So the measure attempts to take advantage of the expertise of the members of the board and provides some transitional continuity as we move forward.

“Thank you. I urge my colleagues to vote ‘aye.’”

Senator Trimble rose to speak with reservations and said:

“Mr. President, this is a tax credit, but I rise with reservations.

“I noticed an energy tax credit, and intellectually I support decreasing our dependence on fossil fuel, but my problem is, in this bill it gives a percentage of the cost as a tax credit. I think it’s more appropriate to have the tax credit tied to a certain standard in terms of what it could do to relieve how efficient the thing that is installed is.

“So, I’m willing to change my vote from a w/r to a ‘yes’ or a ‘no’ later on if we can come up with a better way instead of just saying we’re giving you a third of the cost and having some kind of standard that would apply at the same time.”

“Mr. President, I support everything about the bill except the creation of this special fund, so I have to vote ‘no.’ Thank you.”

Senator Trimble rose to speak in opposition to the measure as follows:

“Mr. President, that’s not my problem. My problem is that the tax or the fee is applied or taken out of things that would include traffic fines. I don’t think there’s any nexus between traffic fines and what we’re seeking to do.

“Thank you, Mr. President.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 979 was adopted and S.B. “The number one issue for small businesses in the State of Hawaii is workers comp reform. We had good bills introduced last year and this year. They have gone nowhere. The Legislature continues to ignore what the problem is not to deal

with workers comp fraud and to put additional burdens on employers.

“Mr. President, I rise to speak in favor of this measure.

“This is about charter schools, colleagues, and I wanted to say how much our Caucus supports charter schools and I know many of you also support charter schools.

“Charter schools have gone a long, long way to develop curriculum to help young people who in many cases are in dire need or need just an alternative system, and they’ve done a fantastic job. We have a couple of charter schools in my district, and I know when I visit them I’m just amazed at the results that they personify.

“I would hope that as this measure goes forward and it is discussed in future years, however, that we think about going one step further – that is removing the cap that we currently have on charter schools, that we look for ways to help with facilities, that we help the charter schools use these alternative methods of education, and really help the youngsters who are already being enhanced. There are already just a great number of young people who are going through the charter school system, and they are doing so on all of the islands in all of our districts.

“So, as you think about this one, say it’s just the beginning. It’s just the beginning of a great movement. Charter schools are doing great work, not only here locally, but nationwide. Let’s work to expand it.

“Thank you, Mr. President.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 995 was adopted and S.B. No. 1643, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO EDUCATION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, none. Excused, 3 (Hee, Ihara, Menor).

Stand. Com. Rep. No. 996 (S.B. No. 1620, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 996 be adopted and S.B. No. 1620, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose to speak in opposition to the measure as follows:

“Mr. President, I rise in opposition to this bill.

“This is the granddaddy of the raid bills for 2005. There are no less than 56 separate appropriations. Of course we don’t know how much they are because they’re all blank. We do know that again we are subverting the purposes of the emergency budget and reserve rainy day fund, which as of March 4<sup>th</sup> of this year stood at a balance of \$47,392,534.14.

“We saw that one occurrence at the University of Hawaii, which truly was a rainy day event, has now exceeded in cost over \$100 million. If we keep raiding this fund, we’ll make a mockery and a joke out of having an emergency fund because we don’t have it. We’re tapping it for all kinds of purposes that should be appropriated separately.

“Thank you.”

Senator Hooser rose to speak in support of the measure and stated:

“Mr. President, I rise in support of S.B. No. 1620, S.D. 2.

“There’ve been several bills that we’ve talked about that have passed where they had funding from the rainy day fund. Several members have expressed opposition to those bills because of the source of the funds. I stand here today to say that the needs of these funds are so important it shouldn’t matter which pocket the money comes out of. We should look at the need of the people, the need of the programs, the needs of the services, and not quibble over which pocket of money it comes out of. In the end, it all comes out of the state budget. In the end, the state budget is balanced.

“There was some discussion about what exactly this money is used for. It’s used for youth. We have a thousand homeless street youth on our streets today. Children account for nearly one-half of our poverty population. Every two hours, every two hours a child is reported as being abused and neglected. That’s what this money goes to. It goes to help those kinds of folks. It goes to help seniors. Seven-and-a-half percent of our seniors or elderly are living in poverty or below poverty. Six-hundred-sixty-four victims on Oahu sought services at the sex abuse treatment center, and it’s estimated that 64 percent of rape survivors don’t even go to the police. Twenty-eight percent of those who sought counseling services were less than 10 years old. That’s where this money goes to. Why should we worry about which pot it comes out of? Let’s balance the budget and fund the programs.

“Currently estimated, there are 20,000 homeless people in Hawaii and that doesn’t include the hidden homeless. Two-thirds or 80 percent of the homeless are not in shelters. Forty percent of the population is estimated to be two paychecks away from homelessness. Honolulu has 10,000 people on a waitlist for section 8 vouchers. Kauai’s waitlist has been closed for more than a year. Twenty-five percent of the homeless have jobs. Thirty-seven percent of homeless are Hawaiian or part Hawaiian. The arrest rate for homeless people committing violent felonies is about half of those good people living in the homes.

“I would suggest that these funds are needed. These are important programs. Most of these people live in desperate and

dangerous circumstances. They need our help and support, and they need it now. They don’t need us to quibble over which pocket of money the money is going to come from.

“Some may advocate to wait – wait for someone else to take care of these folks, wait for business to step up to the plate, wait for our churches to expand their rows even further. But I say it’s up to us. It’s up to us to do it now, and I urge my colleagues to vote ‘yes’ on this very important piece of legislation.

“Thank you.”

Senator Hemmings rose to speak against the measure and said:

“Mr. President, I rise to speak against this legislation.

“Mr. President, it’s rather paradoxical that I stand and speak against this bill for the very reasons the previous speaker spoke in favor of it. We do have different pockets, and the rainy day fund is a fund that’s set aside for a rainy day. If it was all one big budget, then we should get rid of the rainy day fund and appropriate accordingly. But how sad it is, and I might add how hypocritical it is to say how important these programs are to the truly needy in our society and we fund them out of a bill that’s raiding money from a rainy day fund – not a reliable source and not the way that we would think we’d put the highest priority on our neediest to be the first thing we’d fund out of the existing budget.

“We’re going to have a budget come from the House of Representatives that’s going to spend many billions of dollars a year of our taxpayer’s money over the next several years. If this is so important, why isn’t it in that budget? Why isn’t it an expenditure out of the general fund that goes on year-in and year-out? Why are the most needy in our society held hostage as an excuse to raid the rainy day fund that could disappear with one big catastrophic incident, incidentally like a hurricane on Kauai? It just doesn’t make sense and it’s not fair to the human service programs that are funded by this bill to make them a stepchild of the legislative process every year.

“I might agree with the previous speaker that ultimately it all comes out of the same pocket, but that’s not the way this system works. The very reason we have a rainy day fund is for rainy days – unforeseen circumstances beyond our control that we need to be prudent and save money for.

“I would suggest to the previous speaker and the Majority Party that not one of these qualifies as an unforeseen circumstance beyond our control. This is help to the truly needy in our society, and to put them in the rainy day fund is an insult to all of them. We should stop playing games with them and put this in the fund out of the general fund every year and let them know from year to year that they’re part of programs that the human services and the Department of Health are going to fund regularly through the general fund process.

“I would urge you all to vote ‘no’ and when we get the budget to put all these programs in the state budget where they belong. To think that the needy in our society are being used politically for a raid on a special fund is unconscionable, and quite frankly, I’d be ashamed to vote for it.

“Thank you, Mr. President.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 996 was adopted and S.B. No. 1620, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO STATE FUNDS,”

having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 18. Noes, 5 (Hemmings, Hogue, Slom, Trimble, Whalen). Excused, 2 (Ihara, Kanno).

Stand. Com. Rep. No. 997 (S.B. No. 1729, S.D. 2):

On motion by Senator Taniguchi, seconded by Senator Tsutsui and carried, Stand. Com. Rep. No. 997 was adopted and S.B. No. 1729, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO TOURISM," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 1 (Trimble). Excused, 2 (Ihara, Kanno).

Stand. Com. Rep. No. 999 (S.B. No. 1236, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 999 be adopted and S.B. No. 1236, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose to speak in opposition to the measure and stated:

"Mr. President, I rise in opposition to this bill.

"We've heard a lot of talk today about it's not about money, it's about the people. It's not true. It wasn't true in the bills where that argument was made, and it's certainly not true here because here it's all about the money.

"We used to have the public health argument that smoking is bad – primary smoke, secondary smoke, smoke for keiki, smoke for this, smoke for that. Then we had the tobacco settlement, which depends on people that continue to smoke so that we can continue to get money so we can pay for various things – some related to health and a lot of others not related to health. But in the meantime, one thing has remained constant – we continue to raise taxes, and we raise taxes. Rather than saying, if we truly were concerned about people and not money, truly concerned about health and not revenues, we would say that smoking is so bad we're going to ban it, just like we're trying to ban Sudafed and all the other things that we've tried to ban today. But nope, we don't do that. We want to keep these folks alive. We want to make sure that they're cash cows for the state and keep milking them of taxes.

"I'm sorry, but I can't be a part of it, and I vote 'no.'"

Senator Baker rose to speak in support of the measure as follows:

"Mr. President, I rise in support of S.B. No. 1236, S.D. 2.

"This is not a revenue bill. It's a deterrent bill, and it's a very important measure which is designed to reduce smoking in Hawaii, especially for Hawaii's youth, by increasing the tax on cigarettes. Research indicates that increasing the cost of tobacco products is the most effective deterrent to smoking. In fact, the price of tobacco has a direct effect on tobacco use by young people. It's been shown that increasing the price of cigarettes by 10 percent could reduce the incidents of smoking by youth by as much as 7 percent. This measure will increase the cigarette tax by 40 cents a pack for three consecutive years and help us keep more young people from ever becoming addicted to tobacco products.

"Over 82 percent of Hawaii's population are nonsmokers, so the increase in the cigarette tax is not going to negatively affect

the vast majority of taxpayers living in Hawaii. In addition, decreased tobacco use will decrease healthcare costs for all of Hawaii's taxpayers. It's estimated that tobacco use alone adds over \$525 million to the cost of healthcare in our state, not to mention the 1,100 lives lost every year in Hawaii due to smoking.

"This bill specifies that the overwhelming majority of the revenue from this tax increase will go towards programs to promote healthy lifestyle choices and to prevent tobacco use. Twenty-five percent of the increase goes to the 'Healthy Hawaii' initiatives; 50 percent in the tobacco trust fund to help with smoking succession, deterrent and preventive measures; and only 25 percent gets deposited into the general fund.

"This measure is a critical piece of legislation sponsored by the Senate Health Committee to help improve your state's overall health by helping prevent young people from starting smoking and encouraging others to quit.

"I urge my colleagues to join me in supporting this healthy measure."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 999 was adopted and S.B. No. 1236, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO CIGARETTE TAX," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 5 (Hogue, Ige, Slom, Trimble, Whalen). Excused, 1 (Ihara).

Stand. Com. Rep. No. 1001 (S.B. No. 579, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 1001 be adopted and S.B. No. 579, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senators Nishihara, Taniguchi and Hee requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1001 was adopted and S.B. No. 579, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO VOLUNTARY EMPLOYEES' BENEFICIARY ASSOCIATION TRUSTS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 4 (Hanabusa, Kokubun, Slom, Trimble). Excused, 1 (Ihara).

At 4:16 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 4:19 o'clock p.m.

S.B. No. 631, S.D. 1:

Senator Taniguchi moved that S.B. No. 631, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose to speak in opposition to the measure and stated:

"Mr. President, I rise in opposition to this bill.

"This is another one of those bills that would put additional restrictions and burdens on both the Governor and the Director of Budget and Finance."

Senator Taniguchi rose to speak in favor of the measure and said:

“Mr. President, I rise to speak in favor of this bill.

“Mr. President, the purpose of this measure is to require the Governor to explain in a more public manner, the reasons for restricting or delaying the expenditure of legislative appropriations. Specifically, this measure requires the Governor to hold public hearings to explain her reasons for restricting or delaying such expenditures.

“By way of background, the need for this measure came about last year when the Governor delayed the expenditure of certain appropriations we made through Act 40, or what we referred to as the ‘ice’ bill.

“We crafted Act 40 after a tremendous amount of input from the public, government officials, and especially our service providers of the community. When we passed those appropriations, the public’s expectation was that we as a state would address the problems associated with ice through much needed prevention, treatment and other intervention programs. However, even while those appropriations were authorized to begin on July 1, 2004, many of them were not immediately released. The public and the providers were kept completely in the dark as to the reasons why these funds were not being released – as well as if they would ever be released. It took months of begging by these providers to have portions of these appropriations released and in fact to this day, some funds are still being withheld.

“These restrictions initially caused many providers to delay or cancel services that were, and still are, crucial to addressing the problems of ice. The continual lack of communication also kept these providers from making adequate plans for the future. As one provider expressed to us during our recent hearing, it wasn’t so much that they needed to know if the Governor agreed or disagreed with their program, but they just wanted to know one way or the other if she planned to release the money as the Legislature had authorized – that way they could move forward with a degree of certainty.

“I think it is a shame that many opportunities were missed to address the ever-present problems of ice. And my personal feeling is that this Governor simply continued to object to many of these appropriations as she did when she vetoed H.B. No. 2004 last year. However, I also feel that a governor must put those objections aside once a veto is overridden. As they are clearly delineated in statute, the Governor’s powers to restrict expenditures are not without limit. While a governor should always have the power to keep our government financially solvent, they cannot effectuate their own policies by choosing to spend or not spend when those policies differ from those effectuated by the passage of law – veto override or not.

“Despite what many critics have called this proposal, it is not about taking away any of the Governor’s powers. This measure does not take away the Governor’s ability to restrict expenditures. She needs those powers to keep our expenditures in line with revenues.

“What this bill is about is communication. It is about requiring what should already be practiced even without law. This measure is simply about explaining to the public why funds appropriated through the legislative process – a process that includes and involves public input – are being curtailed. If we are to have a truly transparent budget process, I believe that asking the executive branch to explain restrictions in a public forum is a step in the right direction.

“I ask all of my colleagues to support this measure. Thank you.”

The motion was put by the Chair and carried, S.B. No. 631, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE BUDGET,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 5 (Hemmings, Hogue, Slom, Trimble, Whalen). Excused, 1 (Ihara).

S.B. No. 1749, S.D. 1:

Senator Taniguchi moved that S.B. No. 1749, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose to speak in opposition as follows:

“Mr. President, again I rise in opposition to this bill and the next two bills.

“What they do is an attempt by the Legislature to erode the executive’s power. We’re not talking about communication here. If we were talking about communication, communication is a free and voluntary process. We’re talking about legislation which attempts to change the direction of what the Governor, what the budget director can and have always done before. It’s an attempt by the Legislature to require and restrict what those executive powers are.

“I’m convinced that if all these bills pass and if they are challenged, they will be found to be in violation of the separation of powers.

“Thank you.”

Senator Taniguchi rose to speak in favor of the measure as follows:

“Mr. President, I rise to speak in favor of this measure.

“Mr. President, as was in S.B. No. 631, which we discussed earlier, this is another measure that addresses concerns we have with the Governor’s restriction practices.

“However, this measure, instead of requiring the Governor to hold public hearings on restrictions, allows the Joint Legislative Budget Committee to hold such hearings. For your information, the Joint Legislative Budget Committee is already in statute.

“For the same reasons I urged passage of S.B. No. 631, I do the same for this bill. Thank you.”

The motion was put by the Chair and carried, S.B. No. 1749, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE BUDGET,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 4 (Hemmings, Hogue, Slom, Trimble). Excused, 1 (Ihara).

S.B. No. 1748, S.D. 1:

Senator Taniguchi moved that S.B. No. 1748, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Taniguchi rose and said:

"I have some comments in favor that I want to insert in the Journal. Thank you."

The Chair having so ordered, Senator Taniguchi's remarks read as follows:

"Mr. President, I rise to speak in favor of this measure.

"Mr. President, this is the third bill of three your Committee on Ways and Means passed that address concerns we have with the Governor's restriction practices.

"This measure, unlike the previous two that we discussed, S.B. No. 631 and S.B. No. 1749, takes a slightly different tact.

"While the measure addresses the issue of the executive's power to restrict like the above mentioned bills, this one tightens up statute and specifies exactly how the Governor determines a revenue shortfall that triggers expenditure restrictions. As it is written now, the statute is vague as to how a revenue projection is determined. This measure proposes that the Governor use actual revenue collections, instead of projections to determine if a shortfall exists.

"This measure also requires the Governor to give adequate notice to grant recipients on whether or not they will receive funds appropriated to them. As I explained in an earlier floor speech on S.B. No. 631, many of our providers, especially those who we specifically asked to provide much needed ice prevention or treatment services to our public, are being kept in the dark as to the status of the release of their funds.

"This requirement will, at the least, force the Governor to openly communicate to these providers the status of their funding.

"I ask my colleagues to support this measure."

The motion was put by the Chair and carried, S.B. No. 1748, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO STATE FUNDS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 4 (Hemmings, Hogue, Slom, Trimble). Excused, 1 (Ihara).

S.B. No. 1673, S.D. 1:

On motion by Senator Taniguchi, seconded by Senator Tsutsui and carried, S.B. No. 1673, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE BUDGET," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 4 (Hemmings, Hogue, Slom, Trimble). Excused, 1 (Ihara).

Senator Sakamoto rose to speak on a point of personal privilege and said:

"Mr. President, just a short point of personal privilege.

"I guess in your rapid fire, I wanted to say something about the minimum wage bill. I think, Mr. President, we need to re-look at how we can support our employees in this state. Part-time workers earn a small amount, in part, because they only work up to 20 hours. So if a part-time worker made \$7.00 an hour and worked only 1,080 hours a year, that worker would make approximately \$7,500.

"The cost of health insurance, if you just say in round numbers, \$600 times 12 months, which is a low for a family plan, is \$7,200. I think we need to re-look at the bills that we're trying to support our workers with, look at how we're making harder for employers to hire workers full-time. As we do minimum wage bills, we should integrate our thinking with health insurance, unless, and I don't believe we're going to in the near future, we change the law.

"We need to look at perhaps there can be a minimum wage for workers less than 20 hours and there can be a different kind of wage for workers who get health insurance provided through the employer, and looking at workers who make tips probably in excess of \$40 an hour in some establishments. We need to look at individual circumstances as opposed to one size fits all. We need a better solution than trying to have somebody jump from this floor to the balcony in one leap. We need to look at ways that employers and workers can work on a stairway of benefits so we can get better access to a better future for all of our employees without punishing our employers."

Senator Hooser rose on a point of personal privilege and stated:

"Mr. President, I rise on a point of personal privilege.

"I also had intended to speak on that particular bill, and I'll just have real brief comments on the minimum wage bill that we were going through quite quickly.

"Just for the record, I want to remind the members that a living wage – that is the wage at the poverty line – is somewhere around \$11.00 or \$12.00 an hour. So the \$7.00 proposal that's on the table has still a long way to go to reach a living wage that people are entitled to.

"Thank you."

Senator Slom rose to speak on a point of personal privilege as follows:

"Mr. President, point of personal privilege.

"I didn't know we were going to have the debate on minimum wage now, but I want to add a couple of comments.

"First of all, the minimum wage is not a living wage. It was never intended to be. It is an entry level wage. By testimony from the Department of Labor and by CLEAR from up at the University of Hawaii, there's less than 3 percent of the people at any one time in this state that are earning minimum wage. And the reason for that is it's a moving wage – people enter, they start with that wage, they get proficient, they get trained at what they're doing, and then their salaries increase.

"As was testified year, after year, after year, including this year too, the bill that forcibly raises minimum wage doesn't raise profits, doesn't lower costs for healthcare, or for electricity, or for rent, or for anything else. So all we do is add to the cost of these costs every year. Those people that are not getting minimum wage, that are getting more than minimum wage, they stand in line and say, 'hey, how come the co-workers got an increase and we didn't?' And so it forces those wages up.

"In addition to that, the mandates that every employer in Hawaii pays, which adds between 37 and 55 percent to whatever their compensation rate is, these are mandated benefits, not additional benefits that they do voluntarily like sick pay and vacation, but mandated benefits. They go up as well because they're based on the total amount of payroll as well as the experience such as workers compensation.

"So we continue to not only raise the cost of doing business here, but also to have the fiction that it is the employers who are supposed to provide for a transitional or for a living wage. They provide the jobs. They provide the opportunities for income. It is up to workers and employees to provide the wherewithal to better themselves and earn additional money.

"We've heard testimony from even the fast-food restaurants, which probably are the biggest single source of minimum wages, that they create owners and managers and people that have done very well within this community.

"And so, instead of denigrating businesses, which we do, saying that they don't do enough and then we call on them to do more, we should really be concerned about why the State of Hawaii continually now ranks at the bottom of every major national list in terms of economic vitality, in terms of economic incentives, and why we are passed over in this state. It's because of legislation like this.

"Thank you, Mr. President."

Senator Trimble rose to speak on a point of personal privilege and said:

"Mr. President, I rise on a point of personal privilege.

"Hawaii is at the top of the list that taxes people that are earning a minimum wage. So I suggest that before we talk about raising the minimum wage, why don't we look at our standard deduction and personal exemption and raise that so that the people that are earning the minimum wage aren't faced with the situation of paying state income tax and itemizing state income tax because the standard deduction and personal exemption are too low.

"Thank you."

Re: **S.B. No. 140, SD1 – Relating to Health Insurance**

Dear Chair Menor:

This letter is to follow-up on amendments suggested by HMSA and Kaiser to S.B. No. 140 SD1 – Relating to Health Insurance. I have had my legal staff review the proposed amendments and have concluded that the amendments proposed by HMSA and Kaiser are neither needed nor helpful.

Kaiser takes the position that the term “discretionary authority clause” requires a definition. We note that the NAIC Model Act 42 does not define the term “discretionary clause” (copy attached for your review) and that the essence of the discretionary clause is, as stated in S.B. 140, SD1, a clause which grants “broad powers” to the insurer to interpret the insurance contract. (See, e.g., *Smith v. CMTA-IAM Pension Trust*, 654 F.2d 650 (9<sup>th</sup> Cir., 1981)). Therefore, contrary to Kaiser’s position, we do not view S.B. 140, SD1 as being overly broad or ambiguous. Although S.B. No. 140, SD1 was not drafted by or introduced at the request of the Insurance Division, we support the bill in its present form, without reservation.

Kaiser noted that no states have adopted the NAIC Model Act and while that is true, S.B. 140, SD1 also does not adopt the NAIC Model Act – that fact by itself proves nothing. Kaiser contends that states have not adopted the NAIC Model Act because nothing is “broken” and, consequently, that there is no need for a bill to prohibit discretionary clauses. Allow me to note that my December 8, 2004 Memorandum prohibiting use of discretionary clauses (copy attached) was issued (as stated in its first sentence) in response to consumer complaints.

The Honorable Ron Menor

Page 2 of 5

HMSA's customers believe very strongly that something needs fixing and, in this regard, it should be noted that although only two states (Maine and Minnesota) have adopted statutes prohibiting discretionary clauses, such clauses are also prohibited by Insurance Commissioner action in California, Illinois, Indiana, Montana, Nevada, New Jersey, Texas and Utah. It is fair to conclude that something is indeed broken and that there is a need for governmental action. As an aside, you should be aware that although I have only acted with regard to health insurance, other Commissioners have prohibited discretionary clauses in other types of insurance contracts. California prohibits use of discretionary clauses in disability insurance and Utah prohibits use in accident and health, life and annuity insurance. In addition, the NAIC is presently considering broadening its Model Act to include disability insurance. Therefore, contrary to the testimony presented at hearing, it would not be amiss for the legislature to include disability insurance in S.B. No. 140, SD1.

HMSA's amendments seem to be premised upon its objection to a prohibition that "potentially removes an insurer's ability to determine which benefits should be covered." In support of this position, Kaiser notes that insurers have a fiduciary duty to act reasonably in making such interpretations. Although I appreciate HMSA's and Kaiser's advocacy in this matter, in my view, the critical point is that discretionary authority granted to or retained by an insurer takes away what would otherwise be the insured's right to have a court review coverage decisions *de novo* – without bias in favor of the insurance company. In *Firestone Tire and Rubber Co. v. Bruch*, 489 U.S. 101 (1989) the U.S. Supreme Court held that:

**... the validity of a claim to benefits under an ERISA plan is likely to turn on the interpretation of terms in the plan at issue.** Consistent with established principles of trust law, we hold that a denial of benefits challenged under §1132(a)(1)(B) is to be reviewed under a *de novo* standard unless the benefit plan gives the administrator or fiduciary discretionary authority to determine eligibility for benefits or to construe the terms of the plan.

489 U.S. at 115. (emphasis added)

It is my position that a provision granting to a plan administrator discretionary authority so as to deprive the insured of a *de novo* review is an unfair or deceptive act or practice in the business of insurance in violation of Hawaii's unfair and deceptive trade practice statute. As stated in my December 8, 2004 Memorandum prohibiting use of discretionary clauses, discretionary clauses in insurance contracts constitutes not only an unfair trade practice but, in addition, breach an insurer's fiduciary duty by creating a conflict of interest. This issue is also the basis for the NAIC's Model Act; the rationale underlying NAIC Model Act 42 is to "assure that health insurance benefits are contractually guaranteed, and to avoid the conflict of interest that occurs when the health carrier has unfettered authority to decide what benefits are due."

The Honorable Ron Menor

Page 3 of 5

It is not the case as argued by HMSA that S.B. 140, SD1 “removes an insurer’s ability to determine which benefits should be covered.” What S.B. 140, SD1 removes is what the U.S. Supreme Court characterized as the insurance company’s “unfettered discretion” to make such determinations – unfettered discretion that takes away from the insured the right to *de novo* judicial review of the insurance company’s decisions. By imposing “terms congenial to its own interests” the insurer denies its members the level playing field that the law would otherwise require and imposes upon the insured the uphill battle of proving that the insurer acted arbitrarily, capriciously, or in abuse of its discretion – effectively shielding the insurer from judicial reversal of its denial of meritorious claims. (See, *Rush Prudential HMO, Inc. v. Moran*, 536 U.S. 355 (2002) quoted more fully below).

The critical point is that if discretionary clauses are prohibited a court will review the insurance company’s interpretation of the contract under a *de novo* standard but if discretionary clauses are allowed the court is required to approve the insurance company’s interpretation and decision regarding plan benefits unless the interpretation and decision are arbitrary or capricious or an abuse of discretion. (*Firestone Tire and Rubber Co. v. Bruch*, 489 U.S. 101 (1989); *Pokratz v. Jones Dairy Farm*, 771 F.2d 206 (7th Cir. 1985)).

In *Firestone Tire* the Supreme Court noted, as testified by Kaiser, that a health plan benefit decision “is generally a fiduciary act.” In my view, (and in the view of the NAIC) discretionary authority clauses sanction, and may even encourage, a breach of that fiduciary duty. If an insurer is allowed discretionary authority to interpret the plan as it wishes, its manifest interest in maximizing income and increasing its reserves conflict with the interests of its plan members in obtaining coverage for medical care. A fiduciary’s main duty is to act solely in the interests of beneficiaries. 60A Am. Jur. 2d *Pensions and Retirement Funds* § 437 citing *Lang v. Long-Term Disability Plan of Sponsor Applied Remote Technology, Inc.*, 125 F.3d 794 (9<sup>th</sup> Cir. 1997). By imposing the discretionary clause upon its insureds, the insurer/fiduciary takes away from its insured/beneficiaries the right to *de novo* judicial review and imposes upon its insured/ beneficiaries a heavy evidential burden – effectively shielding the insurer from reversal of the denial of meritorious claims. In so doing an insurer/fiduciary places its own interests above the interests of its insured/ beneficiaries in breach of its fiduciary duty.

Although testimony was presented that insurance companies must exercise such discretion “reasonably” and Kaiser proposes amendments purporting to codify this standard, the testimony and amendments are disingenuous. The law is abundantly clear that discretionary clauses require that discretionary determinations are entitled to deference, and “an appellant has a high burden to surmount that deference.” *Paul’s Elec. Service, Inc. v. Befitel*, 104 Hawai’i 412, 419, 91 P.3d 494, 501 (Hawai’i 2004). Although there is a requirement of “reasonableness”, a court will **deem** a discretionary decision to be reasonable if “a reasonable person *could* have reached a similar decision, given the evidence before him, not that a reasonable person *would* have reached that decision.” *Cash v. Wal-Mart Group Health Plan*, 107 F.3d 637, 641 (8<sup>th</sup> Cir. 1997) (quoting *Cox v. Mid-America Dairymen, Inc.*, 965 F.2d 569, 572 (8<sup>th</sup> Cir.1992) emphasis in original).

The Honorable Ron Menor

In *Pokratz*, a case involving ERISA plan benefits, the court stated:

Although it is an overstatement to say that a decision is not arbitrary or capricious whenever a court can review the reasons stated for the decision without a loud guffaw, it is not much of an overstatement. The arbitrary or capricious standard is the least demanding form of judicial review....

*Pokratz v. Jones Dairy Farm*, 771 F.2d at 209.

In my view a “loud guffaw” standard of review is a one-sided standard improperly imposed by an insurer/fiduciary to benefit the insurer/fiduciary to the detriment of its insured/ beneficiaries. S.B. 140, SD1 is clear (to the Insurance Division, at least) in its language and in its intent to preclude the application of the “arbitrary or capricious” standard of judicial review and require that the court’s review the insurance company’s interpretation of the contract under the *de novo* standard of review, i.e., without bias in favor of either party.

Finally, I will note that the assertions before your committee that S.B. 140, SD1 is preempted by ERISA or that such clauses have been approved by the Supreme Court and are not subject to state regulation are not only totally without legal support, they are directly contrary to the U.S. Supreme Court decision in *Rush Prudential HMO, Inc. v. Moran*. The NAIC Model Act, the state statutes and the Insurance Commissioner actions prohibiting the use of discretionary clauses are clearly laws regulating insurance within the traditional jurisdiction of the states and, as such, are not preempted by ERISA. This is obvious from even a cursory reading of *Rush Prudential HMO, Inc. v. Moran*. In that case the U.S. Supreme Court stated:

**Not only is there no ERISA provision directly providing a lenient standard for judicial review of benefit denials, but there is no requirement necessarily entailing such an effect even indirectly. . . Nothing in ERISA ... requires that these kinds of decisions be so “discretionary” in the first place;** whether they are is simply a matter of plan design or the drafting of an HMO contract. In this respect, then, **[Illinois’] § 4-10 prohibits designing an insurance contract so as to accord unfettered discretion to the insurer to interpret the contract's terms. As such, it does not implicate ERISA’s enforcement scheme at all,** and is no different from the types of substantive state regulation of insurance contracts we have in the past permitted to survive preemption, such as mandated-benefit statutes and statutes prohibiting the denial of claims solely on the ground of untimeliness.

Deferential review in the HMO context is not a settled given; § 4-10 operates before the stage of judicial review; the independent

reviewer's *de novo* examination of the benefit claim mirrors the general or default rule we have ourselves recognized; and **its effect is no greater than that of mandated-benefit regulation.**

**In deciding what to make of these facts and conclusions, it helps to go back to where we started and recall the ways States regulate insurance in looking out for the welfare of their citizens.** ... While the statute ... undeniably eliminates whatever may have remained of a plan sponsor's option to minimize scrutiny of benefit denials, **this effect of eliminating an insurer's autonomy to guarantee terms congenial to its own interests is the stuff of garden variety insurance regulation** through the imposition of standard policy terms.

536 U.S. 355, 385-387 (Citations and footnote omitted, emphasis added).

And, as stated by the Court in *Metropolitan Life Ins. Co. v. Massachusetts*, 471 U.S. 724 (1985):

As we have indicated, **state laws regulating the substantive terms of insurance contracts were commonplace well before the mid-70's, when Congress considered ERISA.** The case law concerning the meaning of the phrase "business of insurance" in the McCarran-Ferguson Act, 15 U.S.C. § 1011 *et seq.*, also 2391 strongly supports the conclusion that **regulation regarding the substantive terms of insurance contracts falls squarely within the saving clause as laws "which regulate insurance."**

MEMORANDUM 2004-13H

TO: HMSA, Mutual Benefit Societies, Health Maintenance Organizations, and Insurers Offering Health Insurance

FROM: J. P. Schmidt  
Insurance Commissioner

RE: Discretionary Clauses in HMSA's Agreement for Group Health Plan and Guide to Benefits

HMSA has sent renewal contracts to employers ("Agreement for Group Health Plan") and the Insurance Commissioner has received a number of complaints regarding various provisions questioned by employers as to legality. Of particular concern is clause 15 of the Agreement for Group Health Plan entitled "HMSA Discretionary Authority" that provides:

The Group hereby designates HMSA to be a fiduciary under the Plan solely for the purposes of (a) determining all questions of eligibility of Plan members; (b) determining the amount and type of benefits payable to any Plan members in accord with the Plan; and (c) interpreting the Plan provisions including those necessary to determine benefits. HMSA shall have complete and full discretionary authority in connection with these determinations and interpretations, and its decisions on these matters shall bind the Plan.

This grant of discretionary authority is mirrored in HMSA's Guide to Benefits as follows:

#### **Interpreting this Guide**

**Agreement** The Agreement between us and you is made up of all of the following:

- This *Guide to Benefits*.
- Any riders and/or amendments.
- The application form submitted to us.

- The agreement between us and your employer or group sponsor.

#### **Our Rights to Interpret this Document**

We will interpret the provisions of the Agreement and will determine all questions that arise under it. We have the administrative discretion:

- to determine whether you meet our written eligibility requirements;
- to determine the amount and type of benefits payable to you or your dependents in accord with the terms of this Agreement; and
- to interpret the provisions of this Agreement as is necessary to determine benefits, including determinations of medical necessity.

Our interpretations and determinations are final, binding, and conclusive to the extent permitted by law. If you disagree with our interpretation or determination, you may appeal.

Discretionary clauses similar to the clauses used by HMSA that give insurance plan administrators what the U.S. Supreme Court has called “unfettered discretion” to interpret plan benefits (*Rush Prudential HMO, Inc. v. Moran*, 536 U.S. 355 (2002)) are prohibited by statute in Maine and Minnesota and by Insurance Commissioners in California, Illinois, Indiana, Montana, Nevada, New Jersey, Oregon, Texas and Utah.

In 2002, the National Association of Insurance Commissioners adopted Model Act 42 titled “Prohibition on the Use of Discretionary Clauses Model Act” which recommends that each member state initiate legislation prohibiting discretionary clauses in health insurance contracts in order to “assure that health insurance benefits are contractually guaranteed, and to avoid the conflict of interest that occurs when the health carrier has unfettered authority to decide what benefits are due.”

On July 29, 2002, the Utah Insurance Commissioner issued a bulletin stating:

Discretionary clauses purport to give an insurer full and final discretion in interpreting benefits in an insurance contract. In the department's view, under Utah Code Annotated (U.C.A.) §31A-21-201(3), those clauses and provisions in accident and health, life, and annuity insurance contracts are inequitable, misleading, deceptive, obscure, unfair, not in the public interest, and otherwise contrary to law, and they encourage misrepresentation and violate a statute.

Hawaii Revised Statutes §431:13-102 prohibits unfair methods of competition or unfair or deceptive acts or practices in the business of insurance.

A “discretionary clause” granting to a plan administrator discretionary authority so as to deprive the insured of a *de novo* appeal is an unfair or deceptive act or practice in the business of insurance and may not be used in health insurance contracts or plans in Hawaii.

This decision is based upon the rationale underlying NAIC Model Act 42 – to “assure that health insurance benefits are contractually guaranteed, and to avoid the conflict of interest that occurs when the health carrier has unfettered authority to decide what benefits are due.” It is also based upon the position taken by the Utah Insurance Commissioner that such clauses are “inequitable, misleading, deceptive, obscure, unfair, not in the public interest, and otherwise contrary to law, and they encourage misrepresentation and violate a statute.”

In reaching this decision it is noted that insurance companies’ rights to contract are subject to regulation because insurance companies are held to a broader legal responsibility than are parties to purely private contracts and the public interest in assuring integrity of insurers’ relations with their insureds and in averting even the potential for conflict of interest situations must take precedence over the parties’ private contractual arrangements (See, e.g., *Pennsylvania General Insurance Co. v. Austin Powder Co.*, 68 N.Y.2d 465, 502 N.E.2d 982, 510 N.Y.S.2d 67 (1986)). In Hawai’i “... insurers have the same rights as individuals to limit their liability... and to impose whatever conditions they please on their obligations, provided they are not in contravention of statutory inhibitions or public policy.” *First Ins. Co. of Hawai’i, Inc. v. State*, 66 Hawai’i 413, 423, 665 P.2d 648, 655 (Hawai’i, 1983) (quoting 6B Appleman, *Insurance Law and Practice* § 4255, at 40 (1979)). The covenant of good faith and fair dealing that exists in every insurance contract requires that neither party will do anything to injure the right of the other to receive the benefits of the agreement, and an insurer is obligated to give the interests of the insured at least as much consideration as it gives to its own interests. *Larraburu Bros., Inc. v. Royal Indem. Co.*, 604 F.2d 1208 (9<sup>th</sup> Cir. 1979).

HMSA, as a nonprofit mutual benefit society, should be held to at least as high a standard as a for-profit insurance company. Beyond that, however, it must be noted that HMSA is not merely a for-profit insurance company required to treat its insureds’ interests on an equal basis with its own interests. HMSA has fiduciary responsibility as a mutual benefit society and has explicitly and implicitly assumed fiduciary responsibility as an administrator of a health plan. As a fiduciary its main duty is to act solely in the interests of beneficiaries. 60A Am. Jur. 2d *Pensions and Retirement Funds* § 437 citing *Lang v. Long-Term Disability Plan of Sponsor Applied Remote Technology, Inc.*, 125 F.3d 794 (9<sup>th</sup> Cir. 1997).

Discretionary authority clauses in health plans sanction, and may even encourage, a breach of fiduciary duty. If HMSA is allowed discretionary authority to interpret the Plan as it wishes, HMSA’s manifest interest in maximizing its income and increasing its reserves conflicts with the interests of its members in obtaining coverage for medical care.

The critical point is that discretionary authority granted to or retained by an insurer takes away what would otherwise be the insured’s right to have a court review coverage decisions without bias in favor of the insurance company. In *Firestone Tire and Rubber Co. v. Bruch*, 489 U.S. 101 (1989) the U.S. Supreme Court noted that “the validity of a claim to benefits under an ERISA plan is likely to turn on the interpretation of terms in the plan at issue. Consistent with

established principles of trust law, we hold that a denial of benefits challenged under §1132(a)(1)(B) is to be reviewed under a *de novo* standard unless the benefit plan gives the administrator or fiduciary discretionary authority to determine eligibility for benefits or to construe the terms of the plan.” (489 U.S. at 115).

The legal impact of HMSA’s discretionary clause is to require that a court approve HMSA’s interpretation unless it can be held to be arbitrary and capricious. The arbitrary and capricious standard holds that a plan administrator’s decision shall not be overturned, absent special circumstances such as fraud or bad faith, if “it is possible to offer a reasoned explanation, based on the evidence, for a particular outcome.” *Exbom v. Central States, Southeast and Southwest Areas Health and Welfare Fund*, 900 F.2d 1138, 1142 (7<sup>th</sup> Cir. 1990) citing *Pokratz v. Jones Dairy Farm*, 771 F.2d 206, 209 (7<sup>th</sup> Cir. 1985). In *Pokratz*, a case involving ERISA plan benefits, the court stated:

The “arbitrary or capricious” standard calls for less searching inquiry than the “substantial evidence” standard that applies to Social Security disability cases. Although it is an overstatement to say that a decision is not arbitrary or capricious whenever a court can review the reasons stated for the decision without a loud guffaw, it is not much of an overstatement. The arbitrary or capricious standard is the least demanding form of judicial review....

*Pokratz v. Jones Dairy Farm*, 771 F.2d at 209.

By imposing the discretionary clause upon its members, HMSA takes away the members’ right to *de novo* judicial review and imposes upon its members a heavy evidential burden – effectively shielding HMSA from reversal of the denial of meritorious claims. In so doing HMSA places its own interests above the interests of its members in breach of its fiduciary duty.

This decision is not affected by whether a plan is an ERISA plan. The U.S. Supreme Court in *Rush Prudential HMO, Inc. v. Moran*, 536 U.S. 355 (2002) stated:

Not only is there no ERISA provision directly providing a lenient standard for judicial review of benefit denials, but there is no requirement necessarily entailing such an effect even indirectly. . . . Nothing in ERISA, however, requires that these kinds of decisions be so “discretionary” in the first place; whether they are is simply a matter of plan design or the drafting of an HMO contract. In this respect, then, [Illinois’] § 4-10 prohibits designing an insurance contract so as to accord unfettered discretion to the insurer to interpret the contract’s terms. As such, it does not implicate ERISA’s enforcement scheme at all, and is no different from the types of substantive state regulation of insurance contracts we have in the past permitted to survive preemption, such

as mandated-benefit statutes and statutes prohibiting the denial of claims solely on the ground of untimeliness.

*Rush Prudential HMO, Inc. v. Moran*, 536 U.S. at 385-86 (citations and footnote omitted).

Additionally, it is noteworthy that for ERISA plans the Federal Regulations (29 CFR § 2560.503-1) require, among other things, an internal review procedure that does “not afford deference to the initial adverse benefit determination” – i.e., a *de novo* review. Although the regulation relates only to internal review procedures, there is no reason that the standard for internal review should differ from the standard for judicial review.

In summary, contractual provisions giving HMSA, or any health insurer, discretionary authority to interpret the plan so as to deprive the insured of a *de novo* appeal constitute unfair or deceptive acts or practices in the business of insurance in violation of HRS §431:13-102 for the following reasons:

1. Such contractual provisions are a violation of the insurer’s obligation to act in good faith and deal fairly because a conflict of interest occurs when an insurer has discretionary authority to interpret the insurance contract in regards to what benefits it will pay.
2. Such contractual provisions are a breach of an insurer’s fiduciary duty to act solely in the interests of its insureds who are plan participants and beneficiaries.
3. Such contractual provisions may mislead the members to believe that they have no recourse to contest an insurer’s plan interpretations when, in fact, the insurer’s authority regarding determinations of coverage are not complete, full, final, binding, or conclusive. For ERISA plans *de novo* internal review is required and plan beneficiaries have the right to appeal to court. And, for plans not covered by ERISA, insureds have the additional right to external review pursuant to the Hawai’i’s Patients’ Bill of Rights and Responsibilities Act, HRS Chapter 432E. However, a member mislead to believe that HMSA has “complete”, “full”, “final, binding, and conclusive” discretionary authority to interpret the Plan may well forgo the right to appeal HMSA’s decisions to an impartial reviewer.

The following language is approved for use by health insurers:

The Group hereby designates [INSURER] to be a fiduciary under the Plan solely for the purposes of (a) determining all questions of eligibility of Plan members; (b) determining the amount and type of benefits payable to any Plan members in accord with the Plan; and (c) interpreting the Plan provisions including those necessary to determine benefits. [INSURER’S] determinations and interpretations, and its decisions on these matters are subject to *de novo* review by an impartial reviewer as provided in the Plan or as allowed by law.
