Ayes, 22. Noes, none. Excused, 3 (Espero, Ihara, Menor).

Stand. Com. Rep. No. 1016 (Gov. Msg. No. 376):

Senator Hanabusa moved that Stand. Com. Rep. No. 1016 be received and placed on file, seconded by Senator Hee and carried.

Senator Hanabusa then moved that the Senate advise and consent to the nomination of RANDAL K.O. LEE to the office of Judge, Twelfth Division, Circuit Court of the First Circuit, for a term of ten years, in accordance with the provisions of Article VI, Section 3, of the Hawaii State Constitution, seconded by Senator Hee.

Senator Hanabusa rose in support of the nominee and said:

“Mr. President, I rise in support of Gov. Msg. No. 376, submitting for consideration and confirmation to the Circuit Court of the First Circuit, 12<sup>th</sup> Division, State of Hawaii, gubernatorial nominee Randal K.O. Lee for a term of 10 years.

“Mr. President, Mr. Lee is someone that should be well known to all of us. I must say that after going through his confirmation process, I can understand why. But I’d like to share with you, Mr. President and my colleagues, a different part of him and what you do not see on the television screen.

“First of all, just by way of background, Mr. Lee received his Bachelor of Arts degree from the University of Hawaii in

political science and Juris Doctorate from Southwestern University School of Law. He was licensed to practice law in Hawaii since 1981 and he has served in California both as a public defender as well as a prosecuting attorney. He spent 20 years here, 25 actually, in public service, most of it in Honolulu. We all know him for his great work in handling complex white collar and public corruption cases. Of recent note, of course, are the campaign spending related ones.

“Let me tell you about the people who came forward to testify on his behalf. As expected, you had Mr. Bob Watada and Major Hanagami, who along with Mr. Lee created what I call the three-legged stool that made the campaign spending corruption cases work. They all shared one thing in common and that was their commitment to the public and the commitment to the public good. That was very impressive in and of itself.

“However, there was someone who came forward . . . and by the way, Mr. President, you’ve got to understand that this Chair asked people to please rest on their written testimony because we had two judges to get through, but nobody paid attention, especially these particular ones that I want to talk to. One was an Edward Harada, a public defender for 20 years. He’s never come before this Legislature but came before us to testify. And I think he said the most compelling thing. He said there is nothing as wonderful as our judicial system when it works. And he said when it works you have a good prosecutor, a good defense attorney, a good jury, and a good judge. He said at the end of that process, no matter which side you’re on, you go to your opponent before the jury comes in, before anything else happens when it’s over, and you shake his hand or her hand and you say a job well done. And he said that whenever he has faced Mr. Lee, that is what he has done.

“Mr. Lee was very interesting in that he had the testimony from all people, including those civil type lawyers who came forward to defend on campaign spending. The public defenders all came forward and the defense bar. One who I’ve known for a very long time is Sam King Jr. Sam, if anybody – it must be the name Sam – doesn’t take my heed when I say, you want to rest on your testimony? No, Sam had to come forward and what he wanted to tell me was that what made Mr. Lee so unique was that he actually listened and if you could come forward with the evidence, he would actually change his mind if you were persuasive and he believed that it warranted it. He said he felt that Mr. Lee was the best that the Prosecutor’s Office had – the absolute best. And he also said that the one thing with him is you know he has power because they decide whether to go forward or not. But the one thing you will never say about Randal Lee is the fact that he abused that power.

“If you know Sam King Jr. like I’ve known Sam King Jr., that is a major testament. The fact that he even came up here to testify is something given that it is Sam King Jr. For those of you who don’t know, he’s also a criminal defense lawyer. I don’t know if he’s ever been on the prosecution side.

“For myself, Mr. President, what I’d like to share is that when Mr. Lee came to my office he brought a really beaten up file. And I thought, gee, that file looks real old. And he started to talk about himself and I think he must have sensed that I kept looking at this beaten up file. And he said he brought this file because there’s one case, an unpublished memo opinion from the Supreme Court, where they basically reversed a trial court judge because he had not given discovery early enough. He said he thought it had been given but it wasn’t given and this was the case. And he said, ‘any questions you have, I’m standing here ready to answer them.’ So I told him that I just have one question, which is where did you get your file? Did you have to send for it? Did you have to ask for it? Where was

your file? And he said, 'probably what you really want to hear. I keep this file with me at all times to remind me so I will never forget.' That, to me, is a very, very major statement.

"When I asked him the question we all want to know, which is, why do you want to be a judge and why do you want to do this? And he said he's always wanted to be a judge. And then he said something else. He said, 'But I know it's going to be really hard.' And I said why is that? He said, 'Because I have a son, Ryan, and a daughter, Rayna, and I can never make them happy with any decision that I have. When I seem to side with Ryan, Rayna thinks I'm favoring him and when I make a decision that seems to favor Rayna, Ryan is unhappy. It's a tough job.' And I said, well, anybody who goes forward, one, remembering what mistake he may have thought he committed; and secondly, knowing how difficult it is to make that hard decision but is willing to take it on, I believe, Mr. President, would make an excellent judge.

"I would like to close by saying the Hawaii State Bar Association ranked him highly qualified and I concur. And I believe that this Senate plus the Judiciary Committee should be proud about one thing – and that is that we have made that Hawaii State Bar Association be very honest in their rankings. And I think Mr. Lee's is highly deserved.

"With that, Mr. President, I ask that you, along with my colleagues join me in voting to consent to the nomination of Randal K.O. Lee. Thank you very much."

Senator Hee rose to speak in favor of the nominee and stated:

"Mr. President, I rise to speak in favor of the nominee.

"Mr. President and members, I want to congratulate the next judge of the circuit court with a few comments and observations that I have had the privilege of making first as Judiciary Chairman in 1987 and 1988 and then as a Vice Chair to Senator Hanabusa this year.

"It's not unusual, members, when nominees come before the Committee, to have a multitude of defense lawyers and a multitude of plaintiff lawyers to testify in support of a nominee. So much so that over time, I've always expected that lawyers had a presumption that the nominee would be confirmed and therefore it may be in their interest as a lawyer who would appear before the next judge to come and applaud the effort of the nominee as a lawyer. So in that regard, it was not unusual that people like Sam King, who I have seen before, appear and other plaintiff lawyers who if they did not appear in person sent their messages to members of the Committee that they were in full support.

"The other issue that is not unusual is that negative unsigned letters are very common with nominees. For example, of the second nominee that we heard that same day, I received three unsigned negative letters. With one of the nominees that we recently confirmed, I received many unsigned negative allegations of improper behavior as a lawyer. With this particular nominee, who has been in the public eye and has been in very high profile cases and has been, as the prosecutor has said, maybe has ruffled feathers and his confirmation may be controversial, with this particular nominee I received not one – not one negative, unsigned, anonymous, please keep this to yourself allegation about the nominee. That speaks loudly for this nominee.

"I want to congratulate him because I, too, saw the folder but it was not, I guess, presented in the same way as the previous speaker. He put it right on my desk and said 'I want you to know that this is something that I regret as a lawyer having

participated in it. It is an unpublished opinion. I was not disciplined by ODC, but I was wrong. I should have disclosed to the other party this information. I made a mistake. It has never happened before; it will not happen again.' I applaud him for free disclosure. I applaud him because we didn't have to go seek it out; we didn't have to search it out.

"Lastly, what was unusual about this particular confirmation was that never in my experience as the Judiciary Chairman or as the Vice Chair this year has any public defender come forward in support of a nominee. And to that I believe speaks very clearly about the fairness of this nominee from his adversaries upon whom he meets who defend people who cannot afford lawyers. I think it's a tremendously high compliment to anyone who could be nominated to have the public defender come forward – and not one public defender but many public defenders come forward – and talk about the fairness of this particular nominee.

"It is really a privilege for me today, members, to vote in favor of this nominee. Thank you."

Senator Slom rose to speak in support of the nomination as follows:

"Mr. President, on behalf of your Minority, we want to offer our very strong support and qualified support for Gov. Msg. No. 376 for judge-to-be Randal Lee.

"You've heard about the character traits that he exhibited during his confirmation process and the fact that he does believe in full disclosure. The issue of his being a familiar face on the six o'clock and ten o'clock news is something that he neither sought nor shied away from in terms of the responsibility that brought him that notoriety. He has always been open. He has been complete in his details. He has been the consummate attorney in terms of unparalleled experience and the highest integrity.

"We are very fortunate to have this man and to have his family allow us to have his services as a judge. I guess the only question, Mr. President, is why he hasn't been a judge sooner? But he had important work to do and it's going to be a very difficult task to fill his shoes in the Office of the Prosecutor because it's not just a question of him ruffling feathers or making people uncomfortable. It's an issue of bringing back trust to government – trust that the people had had tarnished before and the idea that there are people in public office that truly take their public service seriously and will dedicate whatever it takes to get the job done.

"Randal Lee is one of those individuals and we're proud to support his confirmation for judge. Thank you, Mr. President."

Senator Kanno rose to support the nominee and said:

"Mr. President, I rise in support of the nominee.

"He is bright, dedicated, hardworking and has committed his life to public service. I am proud to say that he's also a constituent of mine.

"He attributes his success as a lawyer to the sacrifices of his parents and the values instilled in him by his parents. He says his parents have always encouraged him to work hard, have integrity, be honest, and have respect for others. The nominee has also strived to instill the same values in his children.

"I am confident that he will do an excellent job as a judge. I urge my colleagues to support the nominee. Thank you."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 22. Noes, none. Excused, 3 (Espero, Ihara, Menor).

No. 1303, H.D. 2	Committee on Commerce, Consumer Protection and Housing, then to the Committee on Ways and Means
No. 1393, H.D. 2	Committee on Judiciary and Hawaiian Affairs, then to the Committee on Ways and Means
No. 1413, H.D. 1	Committee on Judiciary and Hawaiian Affairs
No. 1731, H.D. 2	Jointly to the Committee on Commerce, Consumer Protection and Housing, the Committee on Judiciary and Hawaiian Affairs and the Committee on Water, Land, and Agriculture, then to the Committee on Ways and Means

Senator Kim rose on a point of personal privilege as follows:

"Mr. President, I rise on a point of personal privilege.

"Mr. President, last night at the Kalihi/Palama neighborhood board meeting, of which I was not in attendance because we were at another function, my staff person took some copious notes, and I'd like to raise this because some erroneous statements were made at the neighborhood board meeting by a staff member of the good Senator from Waikiki. At that meeting, this staff person stood up and said that the Senator wished to convey this: If Legislators ask for a raise, do not believe them. Legislators are not underpaid. They work only three months – March, April, May. If you divide their salary by that amount of days, they make \$1,000 an hour. Senate Chambers are basically ceremonial. In Sessions, decisions are done in Committee and that the Senator from Waikiki has the record for the most 'no' votes – 106 votes. The reason for that is that there is a contest for who can spend your tax dollars the fastest. And then she goes on to talk about the Chair of the

Education Committee, the Chair of the WAM Committee, and the Chair of the Labor Committee, and I'm not going to go into those.

"Mr. President, the point of this matter is that if this staff person would like to represent that her Senator only works March, April and May, then she should do so, but certainly not the rest of us. Clearly, Mr. President, I work all year long, and from the months of December to June, I can honestly say I work overtime. And I'm sure many members on this Floor do the same. If the Senator from Waikiki makes \$1,000 an hour, then by all means we should look into this.

"Also, if in fact the Senate Chambers are basically ceremonial, Mr. President, I ask what is this 12 to 12 vote that we recently took? Was that ceremonial? And if it is ceremonial, then perhaps the Senator shouldn't stand up and vote 106 times 'no,' because after all, it's just ceremonial. And perhaps the Senator shouldn't stand up and speak 60 times. And yes, we can all stand up and speak as many times as we want on this Floor, but if every one of us stood up and spoke 60 times, if we even spoke for just one minute, 24 of us, then we'd be here for 24 hours, Mr. President, and that doesn't even include you speaking.

"So I would ask in the future that staff – STAFF – would be educated and advise us to what's going on and when they speak at these meetings that they speak on their behalf and their Senator's behalf and not on the behalf of the rest of us.

"Thank you."

Senator Hanabusa rose at this time and said:

"Mr. President, since we're somewhat correcting the record, I feel compelled to stand and say that the good Senator from Kahuku to my right misspoke about my birthday, though I do appreciate his good wishes yesterday. Being the somewhat suspicious person that I am, I figured out, Mr. President, that there was a purpose, and sure enough there was. Monday was the good Senator from Kahuku's birthday and none of us recognized it. So I would like to say that it was probably his way of telegraphing to us that we do not forget his birthday or he's going to stand up and say that everybody else's birthday is around the same time. (Laughter.)

"Mr. President, on all of our behalves I'd like to wish the good Senator a belated happy birthday and to ask him to stop saying happy birthday to everybody because we've now recognized his day. Thank you very much Mr. President."

#### ADJOURNMENT

At 12:03 o'clock p.m., on motion by Senator Hee, seconded by Senator Hogue and carried, the Senate adjourned until 11:30 o'clock a.m., Friday, March 18, 2005.

## ADJOURNMENT

At 12:13 o'clock p.m., on motion by Senator Hee, seconded by Senator Hogue and carried, the Senate adjourned until 11:30 o'clock a.m., Monday, March 21, 2005.

## THIRTY-FOURTH DAY

Monday, March 21, 2005

The Senate of the Twenty-Third Legislature of the State of Hawaii, Regular Session of 2005, convened at 11:41 o'clock a.m. with the President in the Chair.

The Divine Blessing was invoked by the Honorable Fred Hemmings, Hawaii State Senate, after which the Roll was called showing all Senators present with the exception of Senator Sakamoto who was excused.

The President announced that he had read and approved the Journal of the Thirty-Third Day.

At 11:53 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:00 o'clock noon.

## ORDER OF THE DAY

## ADVISE AND CONSENT

Stand. Com. Rep. No. 1041 (Gov. Msg. No. 377):

Senator Hanabusa moved that Stand. Com. Rep. No. 1041 be received and placed on file, seconded by Senator Hee and carried.

Senator Hanabusa then moved that the Senate advise and consent to the nomination of KATHLEEN N.A. WATANABE to the office of Judge, Circuit Court of the Fifth Circuit, for a term of ten years, in accordance with the provisions of Article VI, Section 3, of the Hawaii State Constitution, seconded by Senator Hee.

Senator Hanabusa rose to speak in support of the nominee and said:

"Mr. President, I stand in support of Gov. Msg. No. 377, Kathleen Watanabe, for a term of ten years in the Circuit Court of the Fifth Circuit.

"Mr. President, members, Kathleen Watanabe is not a stranger to any of us. Let me give you some of her background. She has a Bachelor's of Art degree from the University of Puget Sound and her Juris Doctorate from the William S. Richardson School of Law. She's been licensed to practice law in Hawaii since 1982. In that time she served as the deputy county attorney and the county attorney for the Kauai County. Subsequent to that she went into private practice and she also served for four years as a per diem judge in the fifth circuit. During that time she basically presided over traffic, criminal, civil, juvenile and family court cases, then Kathleen Watanabe and her husband made a decision and that is when their two daughters, Puanani and Lehua, made the decision to attend Kamehameha Schools. Kathleen and her husband basically moved to the island of Oahu to be near their two daughters. At that time, she became a deputy attorney general.

"When I first met her was when she was in charge of the individual claims unit within the Attorney General's Office. Many of us know her now as the director of DHRD for Governor Lingle.

"Kathleen Watanabe was rated qualified by the Hawaii State Bar Association and I'd like to add that to her credit she said she was very pleased to receive the qualified rating. And the

reason why is because Kathleen admitted up front that she did not have trial experience, albeit civil or criminal. However, she explained that because of her four years as a per diem judge, she believed that she had the necessary experience, albeit not as a trial attorney, to preside over the various types of cases.

"One of the things that Kathleen said is that she has always tried in her legal career to get to the point of developing that trial experience. But what has somewhat stood in her way, which is really a compliment in and of itself, is that she's always been tapped for supervisory type positions even if she specifically asked not to be a supervisor because she wants that in-the-trenches kind of experience.

"Kauai court, Mr. President, is a very different kind of animal. It has the whole gamut. It has one circuit court judge, basically, and we all know him. It's of course Spike who runs that court with an iron hand. Even the members of the judiciary basically defer to Spike and he does what he wants to do. Kathleen is going to be a nice addition to that because she'll be the balancing factor.

"What I would like to say about her is that she made a very interesting comment. And it's these kinds of comments that leave an impression, especially to your Chair. She said the one thing that she appreciates more than anything else is her husband and her two daughters because they will keep her very well grounded. And on Kauai that's probably very necessary – to keep her well grounded and solid because of the total gamut of cases that she'd have to deal with.

"She shared one story that I thought was one of the nicest things that I'd ever heard. She said that she has wanted to be a judge for such a long time, so much so that her daughter Lehua, when she was a lot younger, wrote a letter to Santa Claus and told Santa Claus, 'I don't want anything, Santa, but please, please give my mommy a judgeship because that's what she really wants.' So, along the lines of the editorial that appeared in the New York Sun in 1897, of course the quote there was 'Yes, Virginia, there is a Santa Claus,' we'd like to all say, 'Yes, Lehua, there is a Santa Claus.'

"Mr. President, members, there were some questions as to why Kathleen Watanabe's nomination is on the Floor today. It is because she specifically requested that those two girls be in attendance here with her because it's clearly something that they have stood by their mother and wanted to see this happen. So, Mr. President, I ask you and my colleagues to join me in voting for the confirmation of Kathleen Watanabe.

"Thank you very much."

Senator Slom rose in support and stated:

"Mr. President, on behalf of your Senate Minority, we would like to add our support for Kathleen Watanabe.

"She'll make an excellent judge. While she may be lacking in trial experience, she certainly is not lacking in life experience. She's had the ability to respond to the call for her leadership ability and her skills and her background, and she has exercised them ably.

"We know her for her preparation, for her fine and positive demeanor, and now we learn about her priorities. She certainly has her priorities right with her family, her daughters and her husband. We're very happy – I don't know whether it was Santa Claus or not and some people always look to this

Legislative Body as being Santa Claus to give them their every wish – but I'm very happy that we are in fact able to provide the judgeship because she is going to provide the important leadership and the positive decisions that we all need in Hawaii.

"So, we wish her and her family well and we're very happy to add our support. Thank you Mr. President."

Senator Hooser rose to support the nominee and said:

"Mr. President, I rise in support of Gov. Msg. No. 377.

"Mr. President, colleagues, some of the earlier comments I won't reiterate. In looking at the nominee's background, I have to say that I chose to look prior to the receipt of the law degree. And what I saw there reiterates and supports the reason that I believe Kathleen Watanabe will make a great judge.

"Prior to going to law school she was a social worker with the Department of Health providing recreational therapy to mentally retarded adult populations on Kauai. She was also a guidance counselor providing guidance and counseling to at-risk Hawaiian youth and provided home tutoring to pregnant and alienated high school students.

"Mr. President and colleagues, as the Senator representing district 7, comprising all of Kauai and Niihau, it gives me great pleasure to speak in support of the appointment of Kathleen Watanabe to the Circuit Court of the Fifth Circuit. After all, Ms. Watanabe is a Kauai girl. She's a graduate of Kapaa High School and she has done her school and her island proud. The Garden Isle Newspaper wrote, 'Serving on the bench of the Fifth Circuit Court would make Kathleen Watanabe an excellent role model for students attending public high school on Kauai. She has made it in the big city off island, and is now poised to take on one of the most prominent and important civic roles on Kauai.'

"Kathleen Watanabe knows Kauai and its people. In 1992 she was recognized by the American Bar Association for outstanding legal performance in response to hurricane Iniki. Kathleen Watanabe has practiced law for over 20 years and served as District Court Fifth Circuit per diem judge on Kauai for four of those years.

"Former Attorney General Margery Bronster states, 'Ms. Watanabe has expansive legal knowledge and experience. She has the temperament, objectivity, and compassion necessary to be a judge. The community will be well served by the judicial appointment of Ms. Watanabe.' Temperament and character are the words I hear over and over again; both are attributes for any judge and certainly the attributes of Kathleen Watanabe.

"Another former Attorney General Earl Anzai states, 'I have no doubt that Ms. Watanabe has the legal background to serve as a Circuit Court Judge. Moreover, her people skills will make her the people's judge of Kauai.'

"My friends in the legal profession and those who I know as former judges tell me that temperament is everything. Former Governor Cayetano says, 'I believe Ms. Watanabe is a person of high integrity and possesses a judicial temperament which is so important in assuring those who appear in court that they will be treated fairly and with respect under the law.'

"The people who know Ms. Watanabe best are the people from Kauai, Kauai people, people such as retired Kauai Judge Gerald Matsunaga who says, 'I supported her earlier appointment based on her intelligence, her competence, humble and polite demeanor, and her unquestionable character.' Other Kauai residents, a mutual friend, Bobby Kubota, who runs and

owns Pono Market says, 'Her early family life was not always easy. But through it all, Kathleen stayed on course. She was always a leader while showing compassion to her fellow classmates. Knowing where Kathleen came from, I'm proud of what she has accomplished. I truly believe she is the right candidate for a judgeship.'

"Former State Representative Al Lardizabal states, 'What Kathleen Watanabe possesses is judicial temperament, character and qualities befitting a judge in the Fifth Circuit Court. Another very telling letter states, 'Throughout much of her childhood years she endured a great deal of personal adversity. She was raised in a single parent home with multiple siblings and limited resources. Despite the many inherent challenges that she faced, she persevered never to lose sight of her goals and her aspirations,' Henry Hashimoto, a community member.

"In conclusion, Mr. President and colleagues, I will quote the words as if they were my own from former Mayor and present Councilwoman Joanne Yukimura who says simply, 'We on Kauai are very proud of Ms. Watanabe and her accomplishments. I know that Mrs. Watanabe will serve the state well as the fifth circuit court judge.'

"Mr. President and colleagues, please join me in consenting and confirming Ms. Kathleen Watanabe as circuit court judge in the fifth circuit.

"Thank you, Mr. President."

Senator Kanno rose to speak in support as follows:

"Mr. President, I rise in support of the nominee.

"Mr. President, I've had the opportunity to work with the nominee for the past two years in her capacity as Director of the State Department of Human Resources Development. She has done an excellent job. She's bright, articulate, and brings with her a special ability to work on difficult issues by treating all parties with respect and bringing a commitment to find a common ground.

"I have an example of her commitment and dedication to her work. She has worked out with the Chief Justice an arrangement to allow her to continue in her position as DHRD director until the end of Session. I very much want to thank her for her staying through the end of Session to finish the important work at hand.

"I very much appreciate having had the opportunity to work with her. I know that she'll do an excellent job as a circuit court judge. I urge my colleagues to support the nominee. Thank you."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Sakamoto).

At this time, Senator Hanabusa introduced Judge Watanabe to the members of the Senate. (Judge Watanabe, who was seated in the gallery with members of her family, rose to be recognized.)

At 12:15 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:21 o'clock p.m.

**RE-REFERRAL OF HOUSE BILL**

The Chair re-referred the following House bill that was received:

House Bill                      Referred to:

No. 1017, H.D. 3      Committee on Energy, Environment, and International Affairs, then jointly to the Committee on Commerce, Consumer Protection and Housing and the Committee on Ways and Means

Senator Baker, Chair of the Committee on Health, requested a waiver of the notice requirement pursuant to Senate Rule 21 for H.B. No. 395.

Senator Baker noted:

“Mr. President, this bill conforms the law to a recent Hawaii Supreme Court decision by amending the Patients’ Bill of Rights external review procedure under which patients may appeal a managed care plan’s final internal decision denying coverage of a health intervention.

“Your Senate Committee on Health heard a Senate companion of this bill and crossed it over to the House. We understand that measure is dead and we would like to use this as a means to address this issue.”

The Chair then granted the waiver.

Senator Kokubun, Chair of the Committee on Water, Land, and Agriculture, requested a waiver of the notice requirement pursuant to Senate Rule 21 for H.B. Nos. 128 and 852.

Senator Kokubun noted:

“Mr. President, H.B. No. 128, H.D. 2, requires DLNR to negotiate beach services concessions with qualified Hawaiian beachboys under specified criteria.

“H.B. No. 852, H.D. 2, exempts proceedings of the Public Utilities Commission from automatic permit approval provisions.”

The Chair then granted the waiver.

**ADJOURNMENT**

At 12:24 o’clock p.m., on motion by Senator Hee, seconded by Senator Hogue and carried, the Senate adjourned until 11:30 o’clock a.m., Tuesday, March 22, 2005.

Respectfully submitted,

Clerk of the Senate

Approved:

President of the Senate

#### RE-REFERRAL OF HOUSE BILLS

The Chair re-referred the following House bills that were received:

House Bill Referred to:

No. 155, H.D. 1 Jointly to the Committee on Tourism and the Committee on Commerce, Consumer Protection and Housing

No. 1305, H.D. 1 Committee on Labor, then jointly to the Committee on Judiciary and Hawaiian Affairs and the Committee on Ways and Means

At 11:55 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:57 o'clock a.m.

Senator Taniguchi rose on a point of personal privilege as follows:

"Mr. President, I rise on a point of personal privilege.

"I'd just note that on page 2 of the Order of the Day on Gov. Msg. No. 431 that the letter is dated for tomorrow. I just wanted to thank the Governor for giving us a heads up. Usually we have to wait a long time for these kinds of things and I just wanted to note that we appreciate her providing us early notification of this.

"Thank you."

Senator Hemmings rose on point of personal privilege and said:

"Mr. President, I rise on a point of personal privilege.

"I would really like to also thank the Governor for looking to the future rather than living in the past."

Senator Hee rose on a point of personal privilege and stated:

"Mr. President, I rise on a point of personal privilege.

"Taking off of the comment from the previous speaker, I look forward to a prospective nominee coming down for the vacancy on the board of regents.

"Thank you, Mr. President."

Senator Menor, Chair of the Committee on Commerce, Consumer Protection and Housing, requested a waiver of the

notice requirement pursuant to Senate Rule 21 for H.B. No. 784.

Senator Menor noted:

“Mr. President, this bill requires cable franchise fees paid in connection with the provision of cable service in the County of Maui to be distributed in thirds to Maui Community College and the DOE, the County of Maui, and Maui’s PEG access entity.

“The reason for this request was because it was recently brought to my attention that the Senate companion may be stalled on the House side and therefore we need to keep alive another vehicle for discussion purposes. Accordingly, I’m requesting this waiver.”

The Chair then granted the waiver.

**ADJOURNMENT**

At 11:59 o’clock a.m., on motion by Senator Hee, seconded by Senator Hogue and carried, the Senate adjourned until 11:30 o’clock a.m., Wednesday, March 23, 2005.

Respectfully submitted,

Clerk of the Senate

Approved:

President of the Senate

**ORDER OF THE DAY**

**ADOPTION OF RESOLUTIONS**

**MATTERS DEFERRED FROM  
TUESDAY, MARCH 22, 2005**

Stand. Com. Rep. No. 1046 (S.C.R. No. 48):

On motion by Senator Hee, seconded by Senator Hogue and carried, the report of the Committee was adopted and S.C.R. No. 48, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE OAHU METROPOLITAN PLANNING ORGANIZATION TO STUDY THE FEASIBILITY OF AN ALTERNATE ROUTE OF INGRESS TO AND EGRESS FROM MILILANI MAUKA," was adopted.

Stand. Com. Rep. No. 1052 (S.R. No. 25):

On motion by Senator Hee, seconded by Senator Hogue and carried, the report of the Committee was adopted and S.R. No. 25, entitled: "SENATE RESOLUTION COMMEMORATING THE CENTENNIAL OF MAUI COUNTY," was adopted.

Senator Hee, Chair of the Committee on Higher Education, requested a waiver of the notice requirement pursuant to Senate Rule 21 for H.B. No. 1280.

Senator Hee noted:

"Mr. President, this bill provides for the development and implementation of flood control strategies for the two most severely flood impacted watersheds in the state by the Center for Conservation and Research Training of the University of Hawaii.

"Mr. President, H.B. No. 1280, H.D. 1, was jointly heard by your Committees on Water, Land, and Agriculture and Higher Education yesterday afternoon. At the time the matter was heard, both WLA and HRE did not have a quorum. At that time, WLA had deferred their decision making to March 23<sup>rd</sup> at 1:30 p.m. It is the intent of both Chairs to advance the measure for the purpose of keeping discussion alive.

"Mr. President, there is no Senate companion, making this waiver all the more important."

The Chair then granted the waiver.

**ADJOURNMENT**

At 12:05 o'clock p.m., on motion by Senator Hee, seconded by Senator Hogue and carried, the Senate adjourned until 11:30 o'clock a.m., Thursday, March 24, 2005.

Respectfully submitted,

Clerk of the Senate

Approved:

President of the Senate

Senator Ihara rose to speak on the measure as follows:

"Mr. President, I'd like to speak on H.B. No. 1713, S.D. 1, on page 21. It's Stand. Com. Rep. No. 1272.

"Mr. President, I rise to state my strong reservations regarding H.B. No. 1713, S.D. 1. As you know, this Session both the House and Senate overwhelmingly supported establishing a voluntary public program to finance election campaigns for legislative races. Mr. President and colleagues, yesterday your Judiciary Committee amended the House bill to exclude legislative races and to keep in the governor's race and prosecutor's race.

"I voted no in Committee because I wanted to offer an alternative S.D. 1 that would have included legislative races and exclude the governor's race. This effort failed.

"There were three reasons given for excluding legislative races. The first one was that it would be very difficult for the state to find the funding to fully implement the program for all state level races. However, in testimony on the bill, it was shown that the governor's and lieutenant governor's races would cost three times more than House races which is the minimal race that the proponents support. I believe that switching legislative races for the governor's and lieutenant governor's race in this bill would save the state substantial funds.

"The second reason given was that the Committee wanted to focus on races that have contract-awarding authority or the executive branch. Mr. President, all past clean elections bills have focused on legislative races in the past four years and in fact it was actually only the House races that have been included in the past several years and last year the bill was in Conference Committee with House races only. Why legislative and actually House races were included in the past is because it was to reduce the influence of large special interest donations on policy making in the Legislature, and in the past it was the House races only and this year it included Senate races as well. That was also to remove conflict of interest of Legislators who have to vote on bills for whom these Legislators, and we are among these Legislators, who have a financial relationship with proponents or opponents of a bill which poses some conflict of interest concerns from the public.

"If proponents of this concern – the concern that we should focus on contract-awarding authorities, there is a free way to do that, and that would be to pass a bill we passed last year, Mr. President, which would ban campaign donations from government contractors so we won't have to spend \$15 million to accomplish it. We can accomplish it by just simply banning those donations and that concern would substantially go away and it would really cost nothing to the state treasury.

"The final reason given to exclude legislative races was because the House had requested that we do that. To this I say let the House make their exclusion of legislative races in public over the conference table and I urge the subsequent Senate Committee to take out the governor's race and put in the legislative races or I would also support simply putting back the legislative races.

"Thank you."

**REFERRAL OF HOUSE CONCURRENT RESOLUTION**

**MATTER DEFERRED FROM WEDNESDAY, MARCH 23, 2005**

The President made the following committee assignment of a House concurrent resolution that was received on Wednesday, March 23, 2005:

House Concurrent Resolution Referred to:

No. 62 Committee on Energy, Environment, and International Affairs

**RE-REFERRAL OF HOUSE BILLS**

The Chair re-referred the following House bills that were received:

House Bill Referred to:

No. 416, H.D. 2, S.D. 1 Committee on Business and Economic Development, then jointly to the Committee on Water, Land, and Agriculture and the Committee on Ways and Means

No. 1051, H.D. 2, S.D. 1 Committee on Health, then jointly to the Committee on Commerce, Consumer Protection and Housing and the Committee on Ways and Means

No. 1214, H.D. 2, S.D. 1 Jointly to the Committee on Labor and the Committee on Transportation and Government Operations, then to the Committee on Judiciary and Hawaiian Affairs

No. 1747, H.D. 1 Committee on Judiciary and Hawaiian Affairs

**RE-REFERRAL OF SENATE CONCURRENT RESOLUTION**

The Chair re-referred the following Senate concurrent resolution that was offered:

Senate Concurrent Resolution Referred to:

No. 200 Jointly to the Committee on Higher Education, the Committee on Health and the Committee on Media, Arts, Science and Technology, then to the Committee on Judiciary and Hawaiian Affairs

**RE-REFERRAL OF SENATE RESOLUTION**

The Chair re-referred the following Senate resolution that was offered:

Senate Resolution Referred to:

No. 108 Jointly to the Committee on Higher Education, the Committee on Health and the Committee on Media, Arts, Science and Technology, then to the Committee on Judiciary and Hawaiian Affairs

Senator Hee rose on a point of personal privilege as follows:

“Mr. President, I stand on a point of personal privilege.

“I want to speak to the previous speaker’s comments on the clean elections bill as the Vice Chair of Judiciary, Mr. President. I want to be clear at least why I voted for the bill and that is that if there’s a clean election that needs to be held, it is really with the governor’s race, in my view. So far, at least what we know about what has been written in the press and from Mr. Watada is that the problems with clean elections have been circling around the former Mayor of the City and County of Honolulu. The former Mayor of the County of Maui has been implicated. A former Governor of the State of Hawaii and a former Lt. Governor, and even the present Governor has been mentioned in various aspects of illegal campaign donations.

“So, regardless of what was said by the previous speaker, to which I don’t have any material disagreements, I want to be clear that at least one member of the Judiciary Committee saw this issue as an issue that if any race needed to be cleaned up, it was a race that involves the Governor’s Office.

“Thank you, Mr. President.”

Senator Hemmings also rose on a point of personal privilege and said:

“Mr. President, I wish to rise on a point of personal privilege.

“I think there are enough problems in election process to go around all branches of government. To single out the executive branch of government, especially with the implications of the previous speaker, does not do justice to the record. The previous speaker was not in this Body last year when I attempted to read into the record the number of indicted and convicted members of the Legislature that have had problems with this very process regarding clean government.

“So I do believe that the speaker that was concerned about this process and clean elections was on very solid ground and I’d like the record to reflect it.

“Thank you, Mr. President.”

Senator Hee rose in rebuttal and said:

“Mr. President, I stand in rebuttal.

“If the previous speaker had listened carefully, I did not disagree with Senator Ihara’s comments. I rather offered my own reasons for voting. So it was not in disagreement to Senator Ihara.

“And regardless of whether I was here or wasn’t here, the media has accurately commented on numerous times that if one were to look at where clean elections should be, it is really with the governor’s race. That’s the sum and substance of my comments. I meant no disagreement to Senator Ihara but rather to comment on why the Vice Chair of the Committee on Judiciary feels very strongly that the governor’s race is where clean elections need to be held.

“Thank you.”

**ADJOURNMENT**

At 12:10 o’clock p.m., on motion by Senator Hee, seconded by Senator Hogue and carried, the Senate adjourned until 11:30 o’clock a.m., Monday, March 28, 2005.

Respectfully submitted,

Clerk of the Senate

Approved:

President of the Senate

## THIRTY-EIGHTH DAY

**Monday, March 28, 2005**

## ORDER OF THE DAY

### THIRD READING

H.B. No. 515, S.D. 1:

On motion by Senator Inouye, seconded by Senator Ige and carried, H.B. No. 515, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO GOVERNMENT RECORDS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Espero, Hanabusa).

H.B. No. 79:

Senator Inouye moved that H.B. No. 79, having been read throughout, pass Third Reading, seconded by Senator Ige.

Senator Hogue rose on a point of inquiry:

"Mr. President, point of inquiry and I guess I will direct this to the Transportation Chair, if I could, about this particular bill.

"My inquiry has to do with whether or not any veterans groups testified here. It appears that they're allowing the

transfer of special numbered plates, including veterans' license plates, to someone who may not be a veteran. If that would be the case, I would oppose this particular bill.

"As I understand it, when it came up at Committee, and I'm not on this Committee, it was just kind of like a streamlined bill. Could the Chair of Transportation please elucidate the reasons for this particular bill as a streamline bill and basically an anti-veteran organization bill."

At 12:09 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:12 o'clock p.m.

Senator Inouye responded as follows:

"Mr. President, with regards to H.B. No. 79, there was a companion in the Senate as well. There was no testimony in both of our joint efforts by both Committees with IGA. Yes, as far as I'm concerned, the question raised by the Senator to my right is a valid one as well. There was no testimony from the veterans association. Now, knowing that there are no changes to the measure, perhaps I would tend to agree, if my colleague, the Chair of IGA, would, to defer this for one day and perhaps look at the situation and then advise you, Mr. President, so you can move this measure accordingly."

By unanimous consent, action on H.B. No. 79, entitled: "A BILL FOR AN ACT RELATING TO SPECIAL NUMBER PLATES," was deferred until Wednesday, March 30, 2005.

H.B. No. 78, H.D. 1:

On motion by Senator Ige, seconded by Senator Inouye and carried, H.B. No. 78, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO NUMBER PLATES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Espero, Hanabusa).

H.B. No. 291, H.D. 1:

On motion by Senator English, seconded by Senator Kokubun and carried, H.B. No. 291, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO ADVISORY COMMITTEE ON PESTICIDES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Espero, Hanabusa).

H.B. No. 98, H.D. 2, S.D. 1:

On motion by Senator Kokubun, seconded by Senator Hooser and carried, H.B. No. 98, H.D. 2, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO KAHULUI HARBOR," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Espero, Hanabusa).

H.B. No. 169, H.D. 1, S.D. 1:

On motion by Senator Kokubun, seconded by Senator English and carried, H.B. No. 169, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO AGRICULTURAL INSPECTIONS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Espero, Hanabusa).

H.B. No. 125, H.D. 2, S.D. 1:

On motion by Senator Kokubun, seconded by Senator Hooser and carried, H.B. No. 125, H.D. 2, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO OCEAN RESOURCES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Espero, Hanabusa).

**ADJOURNMENT**

At 12:14 o'clock p.m., on motion by Senator Hee, seconded by Senator Hogue and carried, the Senate adjourned until 11:30 o'clock a.m., Wednesday, March 30, 2005.

Respectfully submitted,

Clerk of the Senate

Approved:

President of the Senate

Senator Hanabusa rose to speak in support of the nominee as follows:

“Mr. President, I stand in support of Jud. Com. No. 1, submitting for consideration and confirmation to the District Court of the First Circuit, judicial nominee Edwin C. Nacino.

“Mr. President, I’d like to begin by first saying I didn’t know Mr. Nacino before this process, but I want you and my colleagues to know that he has left an impression with me of someone that we do want to serve as a district court judge.

“Mr. Nacino was born in Kauai, moved to Oahu and actually grew up in Mayor Wright Housing. He did his middle school work at Central Intermediate and graduated from McKinley High School. Mr. Nacino went on to become a police officer with HPD for about eight to nine years and during that time Mr. Nacino achieved his Bachelor of Arts degree from the University of Hawaii while being a fulltime police officer. Then, in about 1986, 1987 he started law school at the William S. Richardson School of Law. Since then graduating in 1990, he has been a prosecuting attorney, a judge’s law clerk, and most recently a partner in the law firm of Roeca Louie and Hiraoka.

“I’d like to say that one of the things that struck me the most about Mr. Nacino is that he’s a very real person. The Hawaii State Bar Association rated him qualified and one of the people who spoke on his behalf described him as he’s not your classic Ivy Leaguer. Mr. President, we don’t want an Ivy Leaguer in this position.

“I think what I’d like to share with everyone is his own words when he said in response to the question of – what is it that you believe gives you that experience to be a good judge? He says, ‘My exposure to the unfortunate experiences of discrimination and prejudice, experiences that immigrants endure when English is not their first language, or when one lives in housing have provided me with the compassion and understanding for the underprivileged. The situation crisis intervention and training that I have gained as a police officer provided me the very unique view of people at both their worst and their best.’

“Mr. President, the thing about Mr. Nacino, if you sat through our hearings, is that he is such a real person. If you recall everyone who has come before us who wants to be a district court judge, the common theme that we must all look for is the fact that the district court judge is really where most people experience justice. Most people will have their first and last opportunity at the district court. The district court is the one that makes what we may consider to be not such major cases but the cases that affect the individual – there are traffic, there are trespass, there are landlord/tenant problems. The bulk of the people who have an experience with the judiciary will do it on the district court level.

“Mr. President, Mr. Nacino gives you the sense that he will be very fair, very compassionate, and very understanding. He may not be that Ivy Leaguer, but I will tell you – he is the face of the judiciary that we all want when we go there. I believe the fact that he grew up in housing and experienced everything and worked his way through school and went from police officer to defense lawyer is a great statement on his part.

“Mr. President, I’d also like to say that the fact that he is smart enough to send his daughter to St. Andrews Priory, his only child, is another indication of what a great mind this man really has. Unfortunately, Shelby isn’t here with us today, but I did want to mention the fact that he is also and proudly states that he is a participating member in the Priory PTA.

“Mr. President, I ask you and the rest of my colleagues to join me in consenting to the confirmation of Edwin C. Nacino to the district court.

“Thank you very much.”

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

At this time, Senator Hanabusa introduced Judge Nacino and his family to the members of the Senate.

At 12:17 o’clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:21 o’clock p.m.

#### ADOPTION OF RESOLUTION

#### MATTER DEFERRED FROM WEDNESDAY, MARCH 30, 2005

Stand. Com. Rep. No. 1308 (S.C.R. No. 18):

On motion by Senator Hee, seconded by Senator Trimble and carried, the joint report of the Committees was adopted and S.C.R. No. 18, entitled: “SENATE CONCURRENT RESOLUTION REQUESTING A REVIEW OF THE NATIONAL CONFERENCE OF INSURANCE LEGISLATORS PROPERTY/CASUALTY INSURANCE MODERNIZATION ACT,” was adopted.

Senator Slom rose on a point of personal privilege as follows:

“Mr. President, I rise on a point of personal privilege.

“Competition – two days ago a new shipping company made its debut in Hawaii and brought with it competition to two existing carriers. And immediately the two existing carriers found ways of lowering their rates to the consumers of Hawaii. Yesterday, the newest life and health casualty insurance company Summerlin Insurance announced it was going to be filing for a 20 percent rate reduction in premiums July 1<sup>st</sup>, and immediately the existing carriers began discussions about how they might reduce or change their rates as well.

“Colleagues, we debate a lot of bills and we’re always trying to help our consumers and help our taxpayers, but too often what we try to do is to regulate rates or put further restrictions or prohibitions on business. We have urged for a long period of time to extend and expand competition, because with competition comes not only better goods and services but also lower prices.

“So now that we have one-third of our Session remaining and we’re preparing to go into Conference, we should keep this in mind – if we truly want to help increase the standard of living of the people of Hawaii and also to help give us better services and goods, the way to go really is to find ways of removing impediments and increasing new businesses to come to Hawaii or for those here to expand so as to provide that competition and lower prices.

“Thank you, Mr. President.”

### THIRD READING

H.B. No. 624, S.D. 1:

On motion by Senator Taniguchi, seconded by Senator Tsutsui and carried, H.B. No. 624, S.D. 1, entitled: "A BILL FOR AN ACT MAKING AN EMERGENCY APPROPRIATION FOR COLLECTIVE BARGAINING COST ITEMS FOR PUBLIC EMPLOYEES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

H.B. No. 119, H.D. 1:

On motion by Senator Hanabusa, seconded by Senator Hee and carried, H.B. No. 119, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO ELECTIONS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

H.B. No. 313:

On motion by Senator Hanabusa, seconded by Senator Hee and carried, H.B. No. 313, entitled: "A BILL FOR AN ACT RELATING TO 911 EMERGENCY SERVICE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

H.B. No. 320, H.D. 1, S.D. 1:

Senator Hanabusa moved that H.B. No. 320, H.D. 1, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hee.

Senator Slom rose in opposition to the measure and said:

"Mr. President, I rise in opposition to this bill.

"The bill, I believe, is overly broad and it has several problems with it, some of which I'd like to discuss at the moment. I don't have any problem with expanding the disclosure requirements for elected officials or for those agencies where salaries are earned and so forth. The problem I have with this bill is that it goes into boards and commissions to people that are not paid, also to their families' – to spouse's and to children's – financial statements. There were comments by the ethics commission that in fact they did not seek this and that this in fact may be a problem on many other areas and not the least of which may be privacy and other constitutional issues.

"When we pass or expand legislation like this, normally we do so because there is a compelling public interest. There was nothing mentioned in the bill or in the committee report that would indicate in fact that there is a compelling public interest or in fact that there's any public interest whatsoever to have this additional information.

"So again, my concern is with those people that are appointed to boards and commissions that are not paid and that it requires information about their spouses and about their children. I think, Mr. President, we have seen that it's difficult enough to get people to volunteer to be on boards or commissions. I think that this in fact would be further evidence that it would be very hard and discourage those people to do community service.

"So, for these reasons, I'm going to vote 'no' on the bill. Thank you."

Senator Hanabusa rose to speak in favor of the measure as follows:

“Mr. President, I rise to speak in favor of this measure.

“Mr. President, the boards and commission provision of this bill that requires the disclosure, and it’s a public disclosure, are for those state board and commission members who have the authority to render declaratory rulings or hold contested case hearings in accordance with Chapter 91. Mr. President, I believe that the public does want to know and should know about any types of financial interest that these board members may have because they are in fact acting in a quasi-judicial manner.

“Thank you, Mr. President.”

The motion was put by the Chair and carried, H.B. No. 320, H.D. 1, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO FINANCIAL DISCLOSURE STATEMENTS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Hemmings, Hogue, Sлом).

H.B. No. 494:

On motion by Senator Hanabusa, seconded by Senator Hee and carried, H.B. No. 494, entitled: “A BILL FOR AN ACT RELATING TO TRAFFIC INFRACTIONS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

At 12:10 o’clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:14 o’clock p.m.

#### **RECONSIDERATION OF ACTION TAKEN EARLIER ON THE CALENDAR**

H.B. No. 494:

Senator Hanabusa moved that the Senate reconsider its action taken earlier on the calendar in passing H.B. No. 494 on Third Reading, seconded by Senator Hee.

At 12:14 o’clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:14 o’clock p.m.

Senator Hanabusa noted:

“Mr. President, H.B. No. 494 moved out of the Judiciary Committee unamended and we received notice that the judiciary has requested some changes to the measure. There is a Senate version that’s making its way through the House, so we would like to move to reconsider the vote so that we can then move to recommit this measure and work on the Senate version that’s moving through the House at this time.

“Thank you, Mr. President.”

The motion was put by the Chair and carried.

On motion by Senator Hanabusa, seconded by Senator Hee and carried, H.B. No. 494, entitled: “A BILL FOR AN ACT

RELATING TO TRAFFIC INFRACTIONS,” was recommitted to the Committee on Judiciary and Hawaiian Affairs.

**ORDER OF THE DAY****ADVISE AND CONSENT**

Stand. Com. Rep. No. 1335 (Gov. Msg. No. 395):

Senator Baker moved that Stand. Com. Rep. No. 1335 be received and placed on file, seconded by Senator Chun Oakland and carried.

Senator Baker then moved that the Senate advise and consent to the nomination of RUSSELL T. STODD MD to the Board of Directors of the Hawaii Health Systems Corporation, term to expire June 30, 2009, seconded by Senator Chun Oakland.

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

At 12:05 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:29 o'clock p.m.

**THIRD READING**

H.B. No. 161, H.D. 1, S.D. 1:

On motion by Senator Menor, seconded by Senator Baker and carried, H.B. No. 161, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO SECURITIES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

H.B. No. 214, H.D. 1, S.D. 1:

Senator Menor moved that H.B. No. 214, H.D. 1, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Slom rose in opposition to the measure and said:

"Mr. President and colleagues, I rise in opposition to this bill.

"Normally I would be supportive of this or any bill that would reduce the bureaucracy and time involved particularly in lowering rates for the consumers, but I've got to admit I'm really baffled by this bill. This bill affects lowered rates and expedites lowered rates to go into effect immediately if they have to do with casualty, and property, and liability. But the biggest area of concern for consumers and for businesses happens to be healthcare rates, and yet strangely this bill specifically exempts them or does not give them the same expediency in terms of lowering rates.

"Last week I rose and I spoke against competition in the shipping area and also in the insurance area, pointing out that Summerlin Life and Health Insurance has given notice that they will file for a 20 percent-plus rate reduction. Now I find it really strange that we are talking so much about the high cost of health, healthcare, premiums of insurance and yet here we have a specific proposal to lower rates and that is not included in this bill. So any information that I can be given as to why that is not the case, I would certainly appreciate, but it stands out like a sore thumb.

"The other thing is that if we're going in this direction maybe we don't need an Insurance Commissioner at all, but that would

be wishful thinking. So at this point, regretfully, I will stand in opposition to the bill.

"Thank you."

The motion was put by the Chair and carried, H.B. No. 214, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO INSURANCE RATE REGULATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Slom, Trimble).

H.B. No. 553, H.D. 1, S.D. 1:

On motion by Senator Hanabusa, seconded by Senator Hee and carried, H.B. No. 553, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE UNIFORM INFORMATION PRACTICES ACT (MODIFIED)," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

H.B. No. 833, H.D. 1, S.D. 1:

On motion by Senator Hanabusa, seconded by Senator Hee and carried, H.B. No. 833, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PROPERTY RIGHTS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

H.B. No. 1712, H.D. 1, S.D. 1:

On motion by Senator Hanabusa, seconded by Senator Hee and carried, H.B. No. 1712, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO ELECTIONS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

H.B. No. 1715, H.D. 1, S.D. 1:

Senator Hanabusa moved that H.B. No. 1715, H.D. 1, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hee.

Senator Hemmings rose to speak against the measure as follows:

"Mr. President, I rise to speak against this bill and in favor of civil rights.

"I'm speaking in favor of civil rights because it's a two-way street, Mr. President and colleagues, and I do believe that property owners have some rights too. This is a step down an interesting road that has been addressed before by this Legislature.

"For the record, I will note that the committee report says that there was a petition signed by 600 individuals. The people that submitted the petition have on record approximately 1,500 concerned citizens that are opposed to this.

"There are many other problems with this bill, one of which is it seems that discrimination is all right if you're a member of a very narrowly focused church group, but discrimination by anybody else would seem to be problematic. To me that

recognizes some duplicity within the concept that this bill is trying to implement. And of course the way the bill is written, especially when it comes to sexual orientation, there are many interpretations of that, not necessarily couples that seem to be the same gender indulging in sex. Sexual orientation could mean any number of other things, some of which could be fairly deviate, which would leave the renter of the property, upon finding out things like this, little or no recourse or little or no recourse in making a decision on who can or cannot rent their property.

“So, I’m hoping this Legislature sees the wisdom in not ultimately condoning this bill. If an exemption can be given to a narrowly focused church group, why can’t that same privilege be given to everybody else that has properties?”

“So, there seems to be, as I said earlier, rather a dichotomy or duplicitous nature to this particular piece of legislation and I urge my colleagues to consider a ‘no’ vote in the future. Even though I think via your caucus your minds are already made up, I’m hoping you’ll give it further thought as it proceeds through the process.

“Thank you, Mr. President. I will be voting ‘no.’”

Senator Sakamoto requested his vote be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, H.B. No. 1715, H.D. 1, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO CIVIL RIGHTS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 5 (Hemmings, Hogue, Slom, Trimble, Whalen).

H.B. No. 1413, H.D. 1, S.D. 1:

On motion by Senator Hanabusa, seconded by Senator Hee and carried, H.B. No. 1413, H.D. 1, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO HAWAIIAN HOMES COMMISSION ACT, 1920, AS AMENDED,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

At 12:36 o’clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:37 o’clock p.m.

H.B. No. 1450, H.D. 2, S.D. 1:

Senator Hanabusa moved that H.B. No. 1450, H.D. 2, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hee.

Senator Hemmings rose to speak against the bill and said:

“Mr. President, I rise to speak against H.B. No. 1450, H.D. 2, S.D. 1.

“Mr. President, I hope this is one of these bills that’s going to get scuttled in Conference Committee. Also, it seems extremely problematic. It actually puts into statute a definition clause that really should be looked at further because it defines expression identity or that expression includes a person’s actual or perceived gender. When we start defining sexual identity as perceived rather than actual, we’re headed down a very interesting road for all of us as a society.

“How does this affect companies that want to employ people where they wear uniforms, and what uniforms are they going to wear. I’d sure hate to be standing in the bathroom and have someone walk up to me that is a woman, but because she’s dressed in men’s clothing would feel that it’s her perceived gender identification or that she would be able to go into the men’s bathroom. This leads to many problems in the workplace and many identity problems, and I suggest that we give it further consideration before we let it pass Final Reading.

“I’m voting ‘no’ and will be urging my colleagues to do what is often done, which is to kill this bill in Conference Committee. Thank you, Mr. President.”

Senators Sakamoto and Kim requested their vote be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, H.B. No. 1450, H.D. 2, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO CIVIL RIGHTS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 5 (Hemmings, Hogue, Slom, Trimble, Whalen).

H.B. No. 1453, H.D. 1, S.D. 1:

On motion by Senator Hanabusa, seconded by Senator Hee and carried, H.B. No. 1453, H.D. 1, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO ANIMALS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

The Chair re-referred the following Senate concurrent resolution that was offered:

Senate	
Concurrent	
Resolution	Referred to:

No. 99 Jointly to the Committee on Commerce, Consumer Protection and Housing and the Committee on Labor, then to the Committee on Ways and Means

**RECONSIDERATION OF ACTIONS TAKEN**

S.B. No. 789 (H.D. 1):

Senator Baker moved that the Senate reconsider its action taken on April 4, 2005, in disagreeing to the amendments proposed by the House to S.B. No. 789, seconded by Senator Chun Oakland and carried.

Senator Baker moved that the Senate agree to the amendments proposed by the House to S.B. No. 789, seconded by Senator Chun Oakland.

Senator Baker noted:

“Mr. President, for the members’ edification, this is an emergency appropriation for home- and community-based services and basically all that the House did was make technical non-substantive form amendments, and so that’s why we want to move to agree.”

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 789, and S.B. No. 789, H.D. 1, entitled: “A BILL FOR AN ACT MAKING AN EMERGENCY APPROPRIATION FOR HOME AND COMMUNITY BASED SERVICES,” was placed on the calendar for Final Reading on Wednesday, April 6, 2005.

Senator Chun Oakland moved that the Senate agree to the amendments proposed by the House to S.B. No. 675, seconded by Senator Hanabusa.

Senator Chun Oakland noted:

“Mr. President, this bill provides the authority for the child support enforcement agency to provide services to non-custodial parents, allows disclosure of information in administrative proceedings and the issuance of income withholding orders. It requires the non-custodial parent to keep CSEA informed of medical insurance coverage and enables CSEA to notify employers of the requirement to provide medical insurance coverage by regular mail or transmission by electronic means. The House made technical non-substantive changes to this. We have gotten an SMA legal check and also consulted with the Attorney General’s Office.”

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 675, and S.B. No. 675, H.D. 1, entitled: “A BILL FOR AN ACT RELATING TO CHILD SUPPORT ENFORCEMENT,” was placed on the calendar for Final Reading on Wednesday, April 6, 2005.

## FORTY-FIFTH DAY

Thursday, April 7, 2005

The Senate of the Twenty-Third Legislature of the State of Hawaii, Regular Session of 2005, convened at 11:44 o'clock a.m. with the President in the Chair.

The Divine Blessing was invoked by Pastor Cal Chinen, Moanalua Gardens Missionary Church, after which the Roll was called showing all Senators present with the exception Senator Sakamoto who was excused.

The President announced that he had read and approved the Journal of the Forty-Fourth Day.

At this time, Senator Hooser, on behalf of Senator Sakamoto and himself, introduced and welcomed Admiral William J. Fallon who assumed duties as U.S. Navy Commander, U.S. Pacific Command, on February 26, 2005. Accompanying Admiral Fallon was his wife Mary.

At this time, the President invited Admiral Fallon to the podium to address the members of the Senate.

Admiral Fallon addressed the members of the Senate as follows:

"Thank you very much. It's a great honor to be here. Mary and I are absolutely thrilled to be in Hawaii. We actually arrived about a month ago, and since that arrival we've been the kind recipients of a very, very warm and gracious welcome such as this, this morning. It's a real pleasure to be here and also to be in the company of such distinguished guests in the gallery and here in the front and maybe it's not too old for a gray-haired guy in the presence of the senior surfer here to take a lesson and learn a new sport. I look forward to that. (Laughter.)

"It's also a pleasant surprise to be in the Senate Chambers and not be at the end of a hot poker being grilled on various issues, and I'm very happy to be here.

"Pacific Command, which I'm very honored to head, is a very large entity and I have the honor of representing our military people from all the services, their families, active and reserve, folks in the community here in Hawaii. These people are, as you well know, situated in each of the islands here in the state. Our people are deeply rooted in the community and are a very vibrant part of it and they're delighted to be here.

"The Pacific Command is your representative in the Asian Pacific Rim. We have relations with countries that extend all the way to the coast of Africa. As we are here today, we have hundreds of people that are forwarding work with these many, many nations to try and enhance peace and stability in our region.

"It's a great honor to be here today. Thanks for the warm welcome. We look forward to seeing you as we get deeper into the community. Thank you again."

At 12:21 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:32 o'clock p.m.

## THIRD READING

Stand. Com. Rep. No. 1357 (H.B. No. 712, H.D. 2, S.D. 2):

On motion by Senator Hanabusa, seconded by Senator Hee and carried, Stand. Com. Rep. No. 1357 was adopted and H.B. No. 712, H.D. 2, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO VIOLATIONS OF CHAPTER 6E," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, none. Excused, 3 (Inouye, Kim, Sakamoto).

Stand. Com. Rep. No. 1358 (H.B. No. 895, H.D. 2, S.D. 2):

Senator Hanabusa moved that Stand. Com. Rep. No. 1358 be adopted and H.B. No. 895, H.D. 2, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hee.

Senator Whalen rose in opposition to the measure and said:

"Mr. President, I rise in opposition.

"I would do a 'w/r' but I think it's a waste of time on the Floor. It's either yes or no in the Journal, so I'm going to vote 'no.'

"My concern is on the section of the bill that talks about light crossing the boundary lines towards the ocean. As far as I know, we all live on islands here and no matter which direction you point, you'll be pointing towards the ocean. And what we're doing, if you want to get technical, is we're saying you can't hang up Christmas lights because in urban areas where the lots are smaller of course the light from the Christmas lights are going to cross the property line towards the Pacific Ocean any direction you go. If we can get rid of that section, because it doesn't make sense, the bill would go much further to actually accomplish the purpose without the overkill part.

"Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1358 was adopted and H.B. No. 895, H.D. 2, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO COASTAL LIGHT POLLUTION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 3 (Hogue, Slom, Whalen). Excused, 3 (Inouye, Kim, Sakamoto).

Senator Menor, Chair of the Committee on Commerce, Consumer Protection and Housing, requested a waiver of the notice requirement pursuant to Senate Rule 21 for H.B. No. 1017.

Senator Menor noted:

“Mr. President, H.B. No. 1017, H.D. 3, S.D. 1, allows for installation of solar energy devices on any privately owned single-family residential dwelling or townhouse with limited restrictions.

“The reason for the waiver request is as follows – initially, your CPH Committee was not intending on hearing this measure because of the fact that the parties and testifiers with differing viewpoints on this measure appeared to be far apart. However, I have received indication that the parties that are interested in this bill wish to continue a dialogue with respect to possible amendments that might be made to this measure in the future. So, in that regard, by hearing this bill, keeping it alive, and moving it into Conference, we would allow the dialogue to continue and possible improvements to be made to this bill in the future.”

The Chair then granted the waiver.

At 12:40 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:41 o'clock p.m.

### THIRD READING

H.B. No. 584, H.D. 1, S.D. 1:

Senator Menor moved that H.B. No. 584, H.D. 1, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Trimble rose in opposition to the measure and said:

"Mr. President, I rise in opposition to this measure.

"Colleagues, charitable gift annuities as an estate tool should be used very sparingly. I have consistently opposed measures that would make it easier to be used. Its potential for misuse in Hawaii is particularly great because we have a lot of our elderly residents that sit on appreciated assets, which are their homes. I encourage you to think seriously on this measure before voting.

"Thank you."

The motion was put by the Chair and carried, H.B. No. 584, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CHARITABLE GIFT ANNUITIES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 1 (Trimble). Excused, 2 (Inouye, Sakamoto).

H.B. No. 868, H.D. 2, S.D. 1:

On motion by Senator Menor, seconded by Senator Baker and carried, H.B. No. 868, H.D. 2, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CEMETERIES," having been

read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Inouye, Sakamoto).

Stand. Com. Rep. No. 1391 (H.B. No. 1154, H.D. 1, S.D. 2):

On motion by Senator Menor, seconded by Senator Baker and carried, Stand. Com. Rep. No. 1391 was adopted and H.B. No. 1154, H.D. 1, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO AGRICULTURE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Inouye, Sakamoto).

Senator Taniguchi, Chair of the Committee on Ways and Means, requested a waiver of the notice requirement pursuant to Senate Rule 21 for the following bills and resolution:

H.B. No. 99;  
H.B. No. 1763;  
H.B. No. 1784; and  
S.C.R. No. 134.

Senator Taniguchi noted:

"Mr. President, H.B. No. 99, H.D. 1, S.D. 1, reduces the fee for notice filing of SEC Form D for private placement of securities by issuers.

"H.B. No. 1784, H.D. 2, S.D. 1, establishes the Office of International Affairs.

"H.B. No. 1763, H.D. 3, S.D. 1, establishes a committee to conduct a comprehensive review of the Hawaii Penal Code."

The Chair then granted the waiver.

Senator Ihara rose and said:

"Mr. President, I believe, if I'm not mistaken, the WAM Chair was going to give the reasons for the request. If that's so, could he proceed with that?"

Senator Taniguchi then noted:

"Just for your information, since the waiver has already been granted, for H.B. No. 99 we'd like to use that as a vehicle for the Business Action Center because we received some concerns from the AG's Office right around the time we found out the bills were not proceeding. So we want to use that as a vehicle for that.

"H.B. No. 1784, the Office of International Affairs, we thought the Senate bill had crossed first, but we were corrected and actually the House bill had crossed first and we need to act on it.

"H.B. No. 1763, with regard to the Hawaii Penal Code, I guess the Judiciary Committees would like to proceed with this comprehensive review.

"In regards to S.C.R. No. 134, we were just made aware that we need to act on this expeditiously."

Senator Hanabusa, Chair of the Committee on Judiciary and Hawaiian Affairs, requested that the referrals of S.C.R. Nos. 111 and 197 to the Committee on Judiciary and Hawaiian Affairs be waived.

Senator Hanabusa noted:

"Mr. President, S.C.R. No. 111, S.D. 1, requests the emergency contraceptive interagency work group to develop a mechanism to effectively disseminate information on the available over-the-counter emergency contraception in the state.

"S.C.R. No. 197, S.D. 1, requests the Department of Health to convene a medical marijuana working group to make recommendations to improve Hawaii's medical marijuana program.

"Mr. President, both measures have passed out of the Health Committee."

The Chair then granted the waiver.

By unanimous consent, the following concurrent resolutions were placed on the calendar for Adoption on Tuesday, April 12, 2005:

Stand. Com. Rep. No. 1514 (H.B. No. 1015, H.D. 2, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 1514 be adopted and H.B. No. 1015, H.D. 2, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Trimble then offered the following amendment (Floor Amendment No. 4) to H.B. No. 1015, H.D. 2, S.D. 1:

SECTION 1. HB 1015 H.D.2 S.D.2 is amended by adding the following to be designated as sections 1-19:

"SECTION 1. The legislature finds that recycling is an important element of an integrated solid waste management system, which can protect and preserve environmental resources and reduce economic costs to residents and businesses within the state.

The legislature finds that the state deposit beverage container program (state deposit program) under part VIII of chapter 342G, Hawaii Revised Statutes, was enacted before the city and county of Honolulu decided to fully implement a comprehensive residential recycling program.

The legislature further finds that the city and county of Honolulu's comprehensive residential recycling program, when fully implemented, will accept a substantial majority of empty beverage containers currently recycled under the state deposit program. Given that seventy-two per cent of Hawaii's residents live on the island of Oahu and will benefit from the city and county of Honolulu's comprehensive residential recycling program once it is fully implemented, the legislature finds that the need for the state deposit program will be substantially reduced.

Because the legislature finds that the state deposit program has caused Hawaii's residents extreme difficulty in recycling their empty beverage containers and will be unduly burdensome and unnecessarily duplicative once the city and county of Honolulu fully implements its comprehensive residential recycling program, Part I of this Act will:

- (1) Amend the state deposit program to eliminate the deposit and related requirements; provided that the city and county of Honolulu has fully implemented its comprehensive residential recycling program by December 31, 2005; and
- (2) Support county recycling programs by requiring the state to provide revenues from the deposit beverage container fee to counties that have implemented comprehensive residential recycling programs.

**PART I**

SECTION 2. Section 342G-101, Hawaii Revised Statutes, is amended as follows:

1. By adding a new definition to be appropriately inserted and to read:

"Comprehensive residential recycling program" means a county-wide recycling program in which residential recyclable material is collected from a majority of the county's residents and:

- (1) Received by an approved in-state company for an approved end use recycling;
- (2) Received by a department-permitted recycling facility;
- or
- (3) Transported out-of-state."

2. By amending the definitions of "consumer" and "dealer" to read:

"Consumer" means a person who buys a beverage in a deposit beverage container for use or consumption [and pays the deposit].

"Dealer" means a person who engages in the sale of beverages in deposit beverage containers to a consumer [for off-premises consumption in the State]."

3. By repealing the definitions of "on-premises consumption", "recycling facility", "redeemer", "redemption center", "redemption rate", "refillable beverage container", and "reverse vending machine".

"On-premises consumption" means to consume deposit beverages by a consumer immediately and within the area under control of the establishment, including bars, restaurants, passenger ships, and airplanes.

"Recycling facility" means all contiguous land and structures and other appurtenances, and improvements on the land used for the collection, separation, recovery, and sale [or] reuse of secondary resources that would otherwise be disposed of as municipal solid waste, and is an integral part of a manufacturing

process aimed at producing a marketable product made of postconsumer material.

"Redeemer" means a person, other than a dealer or distributor, who demands the refund value in exchange for the empty deposit beverage container.

"Redemption center" means an operation which accepts from consumers and provides the refund value for empty deposit beverage containers intended to be recycled and ensures that the empty deposit beverage containers are properly recycled.

"Redemption rate" means the percentage of deposit beverage containers redeemed over a reporting period. The percentage is calculated by dividing the number of deposit beverage containers redeemed by the number of deposit beverage containers sold and then multiplying that number by one hundred.

"Refillable beverage container" means any deposit beverage container which ordinarily would be returned to the manufacturer to be refilled and resold.

"Reverse vending machine" means a mechanical device, which accepts one or more types of empty deposit beverage containers and issues a redeemable credit slip with a value not less than the container's refund value. The refund value payments shall be aggregated and then paid if more than one container is redeemed in a single transaction."

SECTION 3. Section 342G-102, Hawaii Revised Statutes, is amended to read as follows:

"§342G-102 Deposit beverage container fee. (a) Beginning on October 1, 2002, every deposit beverage distributor shall pay to the department a deposit beverage container fee on each polyethylene terephthalate, high density polyethylene, or metal deposit beverage container manufactured in or imported into the [State.] state. The fee shall be imposed only once on the same deposit beverage container. The fee shall be 0.5 [cents] cent per deposit beverage container.

(b) Beginning on October 1, 2004, every deposit beverage distributor shall pay to the department a deposit beverage container fee on each deposit beverage container manufactured in or imported into the [State.] state. The deposit beverage container fee shall not apply to deposit beverage containers exported for sale outside of the [State.] state. The fee shall be imposed only once on the same deposit beverage container. The fee shall be 1 cent per deposit beverage container.

(c) No county shall impose or collect any assessment or fee on deposit beverage containers for the same or similar purpose that is the subject of this chapter.

~~(d) Beginning January 1, 2005, and every August 1 thereafter, the department shall notify deposit beverage distributors in writing of the amount of the deposit beverage container fee. The effective date of changes to the fee amount shall be September 1. The fee shall be based on the redemption rate calculated annually based on the redemption rate information submitted to the department for the previous period of July 1 through June 30. The fee amount shall be as follows:~~

- ~~(1) If the redemption rate is seventy per cent or less: 1 cent per container; and~~
- ~~(2) If the redemption rate is greater than seventy per cent: 1.5 cents per container."~~

SECTION 4. Section 342G-104, Hawaii Revised Statutes, is amended to read as follows:

"§342G-104 Deposit into deposit beverage container [deposit] special fund; use of funds. (a) There is established in the state treasury the deposit beverage container [deposit] special fund, into which shall be deposited:

- (1) All revenues generated from the deposit beverage container fee as described under sections 342G-102 and 342G-105;
- (2) All revenues generated from the deposit beverage container deposit as described under sections 342G-105 and 342G-110; and
- (3) (2) All accrued interest from the fund.

(b) Moneys in the deposit beverage container [deposit] special fund shall be used to reimburse [refund values and pay handling fees to redemption centers. The department may also use the money to:] the department for administering this part and to provide moneys to any county that has certified in writing to the department that it has implemented a comprehensive residential recycling program. The department shall distribute the moneys to the qualifying counties monthly on a per capita basis. A county that receives a portion of the deposit beverage container special fund shall use the money to:

- (1) Fund administrative, audit, and compliance activities associated with [collection and payment of the deposits and handling fees of the deposit beverage container] the comprehensive residential recycling program;
- (2) Conduct recycling education and demonstration projects;
- (3) Promote recyclable market development activities;
- (4) Support the handling and transportation of [the deposit beverage containers] recyclable material to end-markets;
- (5) Hire personnel to oversee the implementation and administration of the [deposit beverage container] comprehensive residential recycling program, including permitting and enforcement activities; [and]
- (6) Fund associated office expenses[-]; and
- (7) Advance any other purpose deemed necessary by the county to support its comprehensive residential recycling program."

~~[(c) Any funds that accumulate in the deposit beverage container deposit special fund shall be retained in the fund unless determined by the auditor to be in excess, after adjustments to the deposit beverage fee, pursuant to the management and financial audits conducted in accordance with section 342G-107.]"~~

SECTION 5. Section 342G-105, Hawaii Revised Statutes, is amended to read as follows:

"[F]§342G-105[F] Deposit beverage container inventory report and payment. (a) Beginning October 1, 2002, payment of the deposit beverage container fee [and deposits as described in section 342G-110] shall be made monthly based on inventory reports of the deposit beverage distributors. All deposit beverage distributors shall submit to the department documentation in sufficient detail that identifies:

- (1) The number of beverages in deposit beverage containers[-, by container size and type,] manufactured in or imported [to] into the [State;] state; and
- (2) The number of these deposit beverage containers[-, by container size and type,] exported [and intended] for [consumption out] sale outside of the [State] state during the reporting period.

(b) The amount due from deposit beverage distributors shall be the net number of deposit beverage containers imported into or manufactured [into] in the [State] state (the total number of containers imported or manufactured less the total number of containers exported for [consumption] sale outside of the [State] state) multiplied by the [sum of the prevailing] deposit beverage container fee [and the refund value of 5 cents]. Payment shall be made by check or money order payable to the "Department of Health, State of Hawaii". All inventory reports and payments shall be made no later than the fifteenth day of the month following the end of the payment period of the previous month."

SECTION 6. Section 342G-107, Hawaii Revised Statutes, is amended to read as follows:

"[F]§342G-107[F] Management and financial audit. The auditor shall conduct a management and financial audit of the program for fiscal years 2004-2005 and 2005-2006, and for each fiscal year thereafter ending in an even-numbered year. The auditor shall submit the audit report, including [the amount of unredeemed refund value and] recommendations, to the legislature and the department no later than twenty days prior to

the convening of [the] next applicable regular session. The costs incurred by the auditor for the audit shall be reimbursed by the deposit beverage container program special fund. The auditor may contract the audit services of a third party to conduct the audit.”

SECTION 7. Section 342G-111, Hawaii Revised Statutes, is amended to read as follows:

**“§342G-111 Sales of beverages in deposit beverage containers; distributor report; fee [and deposit payment].**

(a) By January 1, 2005, every deposit beverage distributor who pays a deposit beverage container fee to the department shall charge the dealer or consumer a deposit [equal to the refund value] beverage container fee for each deposit beverage container sold in Hawaii. [The deposit charge may appear as a separate line item on the invoice.

(b) Each dealer shall charge the consumer the deposit beverage container deposit at the point of sale of the beverage, excluding sales for on-premises consumption. The deposit charge may appear as a separate line item on the invoice.

(c) Each deposit beverage distributor shall generate and submit to the department a monthly report on:

- (1) The number of deposit beverage containers [—by container size and type;] manufactured in or imported into the [State;] state; and
- (2) The number of deposit beverage containers [—by container size and type;] exported [and intended for consumption out] for sale outside of the [State] state during the reporting period.

All information contained in the reports, including confidential commercial and financial information, shall be treated as confidential and protected to the extent allowed by state law.

(d) Payment of the deposit beverage container fee [and deposits as described in section 342G-110] shall be made monthly based on reports of the deposit beverage distributors under subsection (c).

(e) Beginning January 1, 2005, a deposit beverage distributor who annually imports or manufactures one hundred thousand or fewer deposit beverage containers may submit reports and payments required under subsections (b) and (c) [and (d)] on a semi-annual basis; provided that the semi-annual report and payment period shall end on June 30 and December 31 of each year.

(f) The amount due from a deposit beverage distributor shall be the net number of deposit beverage containers sold multiplied by the [sum of the prevailing] deposit beverage container fee [and the deposit value of 5 cents]. Payment shall be made by check or money order payable to the “Department of Health, State of Hawaii”. All reports and payments shall be made no later than the fifteenth day of the month following the end of the previous payment period.

(g) The department may allow dealers to charge customers the refund value beginning November 1, 2004; provided that the deposit beverage containers are clearly marked with the refund value and the deposit beverage distributor has paid the refund value on each container to the department. The dealer shall inform customers that the deposits paid prior to January 1, 2005, shall not be redeemable until January 1, 2005.”

SECTION 8. Section 342G-121, Hawaii Revised Statutes, is amended to read as follows:

**“[§342G-121] Audit authority.** The records of the deposit beverage distributor [—dealer, redemption center, and recycling facility] shall be made available, upon request, for inspection by the department, a duly authorized agent of the department, or the auditor. Any proprietary information obtained by them shall be kept confidential and shall not be disclosed to any other person, except:

- (1) As may be reasonably required in an administrative or judicial proceeding to enforce any provision of this chapter or any rule adopted pursuant to this chapter; or
- (2) Under an order issued by a court or administrative agency hearing officer.”

SECTION 9. Section 342G-110, Hawaii Revised Statutes, is repealed.

**“[§342G-110] Payment and application of deposits.** (a) By January 1, 2005, every deposit beverage container sold in this State shall have a refund value of 5 cents. Each container shall have the refund value clearly indicated on it as provided in section 342G-112.

(b) The refund value is the amount of the deposit required. Once a refund value has been applied to a deposit beverage container, the deposit on that container may not be changed and shall be paid to the State.

(c) The deposit on each filled deposit beverage container shall be paid by the deposit beverage distributor, who manufactures or imports beverages in deposit beverage containers. Payment and reporting of the deposits shall be in accordance with section 342G-105. The deposits shall be deposited into the deposit beverage container deposit special fund as described in section 342G-104.

(d) Deposit beverage distributors who are required under subsection (c) to pay a deposit shall also pay a deposit beverage container fee and register with the State.”

SECTION 10. Section 342G-112, Hawaii Revised Statutes, is repealed.

**“[§342G-112] Deposit beverage container requirements.**

(a) Except as provided in subsection (b), every deposit beverage container sold in the State shall clearly indicate the refund value of the container and the word “Hawaii” or the letters “HI”. The names or letters representing the names of other states with comparable deposit legislation may also be included in the indication of refund value. The refund value on every deposit beverage container shall be clearly, prominently, and indelibly marked by painting, printing, scratch embossing, raised letter embossing, or securely affixed stickers and shall be affixed on the top or side of the container in letters at least one-eighth inch in size.

(b) Subsection (a) does not apply to any type of refillable glass deposit beverage container which has a brand name permanently marked on it and which has the equivalent of a refund value of at least 5 cents which is paid upon receipt of the container by a dealer or deposit beverage distributor.

(c) All deposit beverage containers that do not indicate the Hawaii refund value by January 1, 2005, and are intended for sale shall be sold with stickers as specified in subsection (d).

(d) Stickers that indicate the Hawaii refund value may be purchased from the department from November 1, 2004, to December 31, 2004. Surplus stickers may be redeemed at the department by March 1, 2005. The cost of a sticker shall be equal to the Hawaii refund value.”

SECTION 11. Section 342G-113, Hawaii Revised Statutes, is repealed.

**“[§342G-113] Redemption of empty deposit beverage containers.** (a) Except as provided in subsection (b), a dealer shall:

- (1) Operate a redemption center by July 1, 2005, and shall accept all types of empty deposit beverage containers with a Hawaii refund value;
- (2) Pay to the redeemer the full refund value for all deposit beverage containers that bear a valid Hawaii refund value; and
- (3) Ensure each deposit beverage container collected is recycled, and forward documentation necessary to support claims for payment as stated in section 342G-119 or rules adopted under this part.

(b) Subsection (a) shall not apply to any dealer:

- (1) Who is located in a high density population area as defined by the director in rules, and within two miles of a certified redemption center that is operated independently of a dealer;
- (2) Who is located in a rural area as defined by rule;
- (3) Who subcontracts with a certified redemption center to be operated on the dealer’s premises;

- (4) Whose sales of deposit beverage containers are only via vending machines;
- (5) Whose place of business is less than five thousand square feet of interior space;
- (6) Who can demonstrate physical or financial hardship, or both, based on specific criteria established by rule; or
- (7) Who meets other criteria established by the director.

Notwithstanding paragraphs (1) and (2), the director may allow the placement of redemption centers at greater than prescribed distances to accommodate geographical features while ensuring adequate consumer convenience.

(c) Regardless of the square footage of a dealer's place of business, dealers who are not redemption centers shall post a clear and conspicuous sign at the primary public entrance of the dealer's place of business that specifies the name, address, and hours of operation of the closest redemption center locations.

(d) If there is no redemption center within the two-mile radius of a dealer due to the criteria described in subsection (b), then the respective county and the State shall determine the need for a redemption center in that area. If a redemption center is deemed necessary, then the State, with assistance from the county, shall establish the redemption center with funding from the deposit beverage container deposit special fund.

(e) Businesses that sell deposit beverages for on-premises consumption, such as hotels, bars, and restaurants, shall collect used deposit beverage containers from the consumer, and use a certified redemption center for the collection of containers, or become a certified redemption center."

SECTION 12. Section 342G-114, Hawaii Revised Statutes, is repealed.

~~["§342G-114 Redemption centers. (a) Prior to operation, redemption centers shall be certified by the department.~~

~~(b) Applications for certification as a redemption center shall be filed with the department of health on forms prescribed by the department.~~

~~(c) The State, at any time, may review the certification of a redemption center. After written notice to the person responsible for the establishment and operation of the redemption center and to the dealers served by the redemption center, the State, after it has afforded the redemption center operator a hearing in accordance with chapter 91, may withdraw the certification of the center if it finds that there has not been compliance with applicable laws, rules, permit conditions, or certification requirements:~~

- ~~(d) Redemption centers shall:~~
  - ~~(1) Accept all types of empty deposit beverage containers for which a deposit has been paid;~~
  - ~~(2) Verify that all containers to be redeemed bear a valid Hawaii refund value;~~
  - ~~(3) Pay to the redeemer the full refund value in either cash or a redeemable voucher for all deposit beverage containers, except as provided in section 342G-116;~~
  - ~~(4) Ensure each deposit beverage container collected is recycled through a contractual agreement with an out-of-state recycler or an in-state recycling facility permitted by the department; provided that this paragraph shall not apply if the redemption center is operated by a recycler permitted by the department; and~~
  - ~~(5) Forward the documentation necessary to support claims for payment as stated in section 342G-119.~~

~~(e) Redemption centers' redemption areas shall be maintained in full compliance with applicable laws and with the orders and rules of the department, including permitting requirements, if deemed necessary, under chapter 342H."~~

SECTION 13. Section 342G-115, Hawaii Revised Statutes, is repealed.

~~["§342G-115 Reverse vending machine requirements. Reverse vending machines may be used by redemption centers to satisfy the requirements of section 342G-113. Reverse vending machines shall accept any type of empty deposit beverage container and pay out the full refund value in either~~

~~cash or a redeemable voucher for those containers that bear a valid Hawaii refund value. If the reverse vending machine is unable to read the barcode to calculate the refund value, then the department may specify a delayed date in which the reverse vending machines may be used. The reverse vending machine shall be routinely serviced to ensure proper operation and continuous acceptance of empty deposit beverage containers and payment of the refund value."~~

SECTION 14. Section 342G-116, Hawaii Revised Statutes, is repealed.

~~["§342G-116 Refusal of refund value payment for a deposit beverage container. Redemption centers shall refuse to pay the refund value on any broken, corroded, dismembered, flattened deposit beverage container, or any deposit beverage container which:~~

- ~~(1) Contains a free flowing liquid;~~
- ~~(2) Does not properly indicate a refund value; or~~
- ~~(3) Contains a significant amount of foreign material."~~

SECTION 15. Section 342G-117, Hawaii Revised Statutes, is repealed.

~~["§342G-117 Handling fees and refund values for certified redemption centers. (a) The department shall pay to each certified redemption center a handling fee of not less than the prevailing deposit beverage container fee for each deposit beverage container redeemed by a consumer that is:~~

- ~~(1) Transported out of state;~~
- ~~(2) Received by an approved in-state company for an approved end use for recycling; or~~
- ~~(3) Received by a department-permitted recycling facility.~~

~~(b) The department shall evaluate the handling fee at least once per year. If the department changes the amount of the handling fee, the department shall publish notice of the change within thirty days of its determination.~~

~~(c) The handling fee shall be paid in addition to the refund value of each empty deposit beverage container. Payments for handling fees shall be based on redemption center reports submitted to the department; provided that there is no discrepancy in the reports. The department may choose to pay the handling fee and refund value on the basis of the total weight of the containers received by material type and the average weight of each container type.~~

~~(d) A handling fee and refund value may only be paid once for each container redeemed by a consumer and claimed by a redemption center in accordance with section 342G-119."~~

SECTION 16. Section 342G-119, Hawaii Revised Statutes, is repealed.

~~["§342G-119 Redemption center reporting. The department shall pay certified redemption centers handling fees and refund values as described in section 342G-117, based on collection reports submitted by the redemption centers. All redemption centers shall submit to the department the following information on forms prescribed by the department, which information shall include at a minimum:~~

- ~~(1) The number or weight of deposit beverage containers of each material type accepted at the redemption center for the reporting period;~~
- ~~(2) The amount of refunds paid out by material type;~~
- ~~(3) The number or weight of deposit beverage containers of each material type transported out of state or to a permitted recycling facility; and~~
- ~~(4) Copies of out of state transport and weight receipts or acceptance receipts from permitted recycling facilities. If the redemption center and the recycling facility are the same entity, copies of out of state transport and weight receipts, or documentation of end use accepted by the department, shall also be included.~~

~~The requests for payment shall be no more frequent than two times per month."~~

SECTION 17. Section 342G-120, Hawaii Revised Statutes, is repealed.

~~["§342G-120] Recycling facility reporting. Recycling facilities, in addition to any requirements under chapter 342H, shall prepare or maintain the documents involving empty beverage containers, as required by the department."~~

~~SECTION 18. Section 342G-122, Hawaii Revised Statutes, is repealed.~~

~~["§342G-122] Advisory committee. The department shall convene an advisory committee to assist it in developing any rules needed to implement this chapter. The department shall select members of the committee so as to obtain input on the state level as well as assess the impact on each individual county, consumers, recyclers, and the beverage industry. Members of the committee shall be appointed by the director and shall serve at the director's pleasure. A simple majority of the committee members shall constitute a quorum for the purposes of recommending rules and providing input to the director."~~

## PART II

SECTION 19. The legislature finds that recycling of beverage containers is an important element of integrated solid waste management system within the state. However, the current deposit beverage container law in its current form, could be revised to work out some problem areas. Part II of this Act will make necessary changes to the current law to ensure maximum recycling in a more user-friendly way."

SECTION 2. HB 1015 H.D.2 S.D.2 is amended by renumbering the remaining sections, sections 20-26.

SECTION 3. HB 1015 H.D.2 S.D.2 is amended by adding a new section, to be designated section 27, with the following language:

"SECTION 27. Part II of this Act shall take effect only if Part I of this Act in not complied with, and shall be effective upon its approval."

Senator Trimble moved that Floor Amendment No. 4 be adopted, seconded by Senator Hogue.

Senator Trimble rose in support of the amendment and said:

"Mr. President, colleagues, the bill title has to do with beverage containers. The larger issue is recycling. I think that we all want the same thing. I have had a lot of feedback from my constituents and they fall into two different categories. One is that I live in a condominium, and in this condominium we have had a recycling program for many years. The other is that there are a lot of small businesses in my district and eating establishments and they also have been in the business of recycling for many years.

"So, instead of trying to recycle the past and decide whether the beverage container law is a Rube Goldberg machine or not, which may be of academic interest, what I've done – and hopefully it is bipartisan – I took a bill that Representative Ken Hiraki introduced in the House this year and amended it to H.B. No. 1015. And what it does is it allows that if the county has a successful curbside recycling program, which has been proven to be the most effective way of encouraging recycling, if that goes into effect by December 31 of this year, then the existing beverage container law will be suspended.

"I urge that you favorably consider this issue, and I ask for a Roll Call vote."

Senator English rose to speak against the floor amendment and stated:

"Mr. President, I rise in opposition to the floor amendment.

"Members, this floor amendment is exactly what the previous speaker said – it's a repeal of the entire bottle bill law should the city and county of Oahu not implement a curbside recycling system.

"There seems to be this continual desire by many people to link the idea of a curbside recycling system with recycling bottles, when in fact you could have both existing, which would help reduce our waste stream considerably.

"The other part of this that's rather strange is that it says a statewide program goes down if one county does something. So, it sets a bad precedent down the line for us because I could set up many other bills to say that if something doesn't happen in Maui County, then something else goes out in the whole state, or if something doesn't happen on Kaua'i, then the program is dead in the whole state.

"It's bad precedent. It does not accomplish what we did before, which was to put in place a recycling system, and so I would ask the members to vote this measure down.

"Thank you."

The motion to adopt Floor Amendment No. 4 was put by the Chair and, Roll Call vote having been requested, failed to carry on the following Ayes and Noes:

Ayes, 5. Noes, 20 (Baker, Bunda, Chun Oakland, English, Espero, Fukunaga, Hanabusa, Hee, Hooser, Ige, Ihara, Inouye, Kanno, Kim, Kokubun, Menor, Nishihara, Sakamoto, Taniguchi, Tsutsui).

The motion to adopt Stand. Com. Rep. No. 1514 and pass H.B. No. 1015, H.D. 2, S.D. 1, on Third Reading was then put by the Chair and carried, Stand. Com. Rep. No. 1514 was adopted and H.B. No. 1015, H.D. 2, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE DEPOSIT BEVERAGE CONTAINER PROGRAM," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Slom).

At 10:58 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:00 o'clock a.m.

Stand. Com. Rep. No. 1582 (H.B. No. 1303, H.D. 2, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 1582 be adopted and H.B. No. 1303, H.D. 2, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Hogue then offered the following amendment (Floor Amendment No. 5) to H.B. No. 1303, H.D. 2, S.D. 2:

SECTION 1. HB 1303 HD2 SD2, section 1 is unamended.

SECTION 2. HB 1303 HD2 SD2, sections 2-25 are deleted and replaced with the following language:

SECTION 2. Chapter 201G, Hawaii Revised Statutes, is amended by adding to part II a new subpart to be appropriately designated and to read as follows:

" . **REVOLVING FUNDS EXEMPT FROM LAPSE AND TRANSFER**  
§201G- **Revolving funds exempt from lapse and transfer.** Notwithstanding any other provision of law, no moneys from the revolving funds administered by the

corporation under subparts B, G, and H or sections 201G-45, 201G-142, and 201G-153 shall be lapsed or transferred to the general fund, except as determined by the corporation to be necessary to further the purposes of the revolving fund.”

SECTION 3. Chapter 201G, Hawaii Revised Statutes, is amended by adding to part III a new subpart to be appropriately designated and to read as follows:

**“ . REVOLVING FUNDS EXEMPT FROM LAPSE AND TRANSFER**

**§201G- Revolving funds exempt from lapse and transfer.** Notwithstanding any other provision of law, no moneys from the revolving funds administered by the corporation under subparts A, C, O, and Q or sections 201G-170, 201G-170.5, 201G-223, 201G-411, and 201G-432 shall be lapsed or transferred to the general fund, except as determined by the corporation to be necessary to further the purposes of the revolving fund.”

SECTION 4. Chapter 237, Hawaii Revised Statutes, is amended by adding two new sections to be appropriately designated and to read as follows:

**“§237- Affordable housing development exemption.** (a) There shall be an exemption from the taxes imposed by this chapter for the development of affordable housing. The housing and community development corporation of Hawaii may certify for exemption any qualified person involved with the planning, design, financing, or construction of affordable housing units developed by a private developer; provided that in the case of projects involving the development of market-price as well as affordable housing units, the exemption under this section shall apply exclusively to the units developed as affordable housing units as defined in subsection (e).

(b) All claims for exemption shall be filed with and certified by the housing and community development corporation of Hawaii and forwarded to the department of taxation. The housing and community development corporation of Hawaii shall not be considered a governmental contracting party when it approves any claim for exemption for the purposes of section 104-2.

(c) The exemption shall apply to all amounts received by any certified person for the planning, design, financing, or construction in the State of affordable housing units as described in subsection (a), and on which actual construction has started between July 1, 2005, and June 30, 2007, and which is completed by June 30, 2009, as verified by the housing and community development corporation of Hawaii; provided that the exemption shall not be applied until verification by the housing and community development corporation of Hawaii has been completed; and provided further that if the developer is delayed or hindered from completing the project by reason of floods, earthquakes, or other acts of nature, strikes, lockouts, inability to procure materials, failure of power, riots, insurrection, war, civil or criminal proceedings, injunctions, writs, appeals, stays, or other reason of a like nature, which is not the fault of or capable of being prevented by the developer, then the December 31, 2007 completion deadline may be extended for a period equivalent to the period of the delay. In the event of a delay, the developer shall be required to submit verification of the date of commencement as well as the date of cessation of any of the delaying events, to the housing and community development corporation of Hawaii for verification.

(d) The exemption shall apply only to projects containing the first two thousand five hundred affordable housing units which are certified and completed by December 31, 2007. The amount of the exemption shall not exceed \$ \_\_\_\_\_ per affordable housing unit.

(e) For the purposes of this section:

“Actual construction” means construction of residential improvements, as well as grubbing, grading, or leveling of the land, construction of roads, installation of utilities, or otherwise preparing undeveloped land for the construction of improvements. “Actual construction” does not mean and shall

exclude project planning, design, or obtaining necessary permits for construction.

“Affordable housing units” means housing units which are sold or rented at rates affordable to households earning up to one hundred forty per cent of the area median income as determined by the United States Department of Housing and Urban Development, and which meet the following unit size specifications:

- (1) Not less than 400 square feet for a studio unit;
- (2) Not less than 600 square feet for a one-bedroom unit; and
- (3) Not less than 800 square feet for a two-bedroom unit.

(f) The provisions of this section shall apply to property subject to chapter 238.

**§237- Taxes paid on the rental of residential rental dwellings other than transient accommodations; disposition.**

(a) Twenty-five per cent of all taxes paid under this chapter for the rental of residential rental dwellings other than transient accommodations shall be deposited into the rental housing trust fund under section 201G-432.

(b) The department shall adopt rules in accordance to chapter 91 and create forms necessary to effectuate this section.

For the purposes of this section, “residential rental dwellings other than transient accommodations” means the furnishing of a room, apartment, suite, house, or similar dwelling that is customarily occupied by a tenant for more than one hundred eighty consecutive days for each letting by a homeowner, hotel, apartment hotel, motel, condominium property regime or apartment as defined in chapter 514A, cooperative apartment, or rooming house that provides living quarters, or sleeping accommodations, or other place in which lodgings are regularly furnished to tenants for consideration.”

SECTION 5. Section 201G-3, Hawaii Revised Statutes, is amended by amending subsection (a) to read as follows:

“(a) There is created a board consisting of nine members, of whom six shall be public members appointed by the governor as provided in section 26-34. Public members shall be appointed from each of the counties of Honolulu, Hawaii, Maui, and Kauai. ~~[One public member shall be the chairperson of the rental housing trust fund advisory commission.] One member shall be a person appointed from a list of nominees submitted by the continuum of care systems of each county. Each county continuum of care system shall submit three nominees. For purposes of this section, “continuum of care system” shall have the same meaning that it does in title 24 Code of Federal Regulations section 586.5. At least one public member shall be a person who is directly assisted by the corporation under the federal low-rent public housing or federal section 8 tenant-based housing assistance payments program while serving on the board. The public members of the board shall serve four-year staggered terms; provided that the initial appointments shall be as follows: two members to be appointed for four years; two members to be appointed for three years; and one member to be appointed for two years. [The chairperson of the rental housing trust fund advisory commission shall serve a concurrent term on the board.]~~ The director of business, economic development, and tourism and the director of human services, or their designated representatives, and a representative of the governor’s office, shall be ex officio voting members. The corporation shall be headed by the board.”

SECTION 6. Section 201G-44, Hawaii Revised Statutes, is amended to read as follows:

**“§201G-44 Administration of state low income housing projects and programs.** (a) The corporation may construct, develop, and administer property or housing for the purpose of state ~~[low income] low-income~~ housing projects and programs.

(b) The corporation shall complete all repairs and renovations to vacant low-income housing units in the State necessary to ensure that the units are sanitary, habitable, and available for rent by December 31, 2008. Twenty-five per cent of all vacant units shall be repaired and ready for occupancy by

December 31, 2006; fifty per cent shall be completed by December 31, 2007; and the balance shall be completed by December 31, 2008.

(c) The corporation shall apply for federal funds through capital fund program grants administered by the United States Department of Housing and Urban Development and may issue bonds in accordance with part III to complete the repairs to the vacant low income housing units as required by subsection (b).

(d) The corporation shall construct new low-income housing units in the State to be available for rent by December 31, 2008. Twenty-five per cent of the units shall be completed and ready for occupancy by December 31, 2006; fifty per cent by December 31, 2007; and the balance shall be completed by December 31, 2008.

(e) The corporation may issue bonds in accordance with part III to complete construction of low-income housing units as required by subsection (c).

~~(f)~~ (f) The corporation shall adopt necessary rules in accordance with chapter 91 including the establishment and collection of reasonable fees for administering the projects or programs and to carry out any state program under ~~[H]subsection[H]~~ (a)."

SECTION 7. Section 201G-118, Hawaii Revised Statutes, is amended by amending subsection (a) to read as follows:

"(a) The corporation may develop, on behalf of the State or with an eligible developer, or may assist under a government assistance program in the development of, housing projects which shall be exempt from all statutes, ordinances, charter provisions, and rules of any governmental agency relating to planning, zoning, construction standards for subdivisions, development and improvement of land, and the construction of units thereon; provided that:

- (1) The corporation finds the project is consistent with the purpose and intent of this chapter, and meets minimum requirements of health and safety;
- (2) The development of the proposed project does not contravene any safety standards, tariffs, or rates and fees approved by the public utilities commission for public utilities or the various boards of water supply authorized under chapter 54; and
- (3) The legislative body of the county in which the project is to be situated shall have approved the project.
  - (A) The legislative body shall approve or disapprove the project by resolution within forty-five days after the corporation has submitted the preliminary plans and specifications for the project to the legislative body. If on the forty-sixth day a project is not disapproved, it shall be deemed approved by the legislative body;
  - (B) No action shall be prosecuted or maintained against any county, its officials, or employees on account of actions taken by them in reviewing, approving, or disapproving the plans and specifications; and
  - (C) The final plans and specifications for the project shall be deemed approved by the legislative body if the final plans and specifications do not substantially deviate from the preliminary plans and specifications. The final plans and specifications for the project shall constitute the zoning, building, construction, and subdivision standards for that project. If the project comprises a land area of fifty acres or less, the final plans and specifications for the project shall constitute the land use classification for the project. For purposes of sections 501-85 and 502-17, the executive director of the corporation, or the responsible county official may certify maps and plans of lands connected with the project as having complied with applicable laws and ordinances relating to consolidation and

subdivision of lands, and the maps and plans shall be accepted for registration or recordation by the land court and registrar; and

- (4) ~~The land use commission shall approve or disapprove a boundary change within forty-five days after the corporation has submitted a petition to the commission as provided in section 205-4. If on the forty-sixth day the petition is not disapproved, it shall be deemed approved by the commission.~~"

SECTION 8. Section 201G-121, Hawaii Revised Statutes, is amended by amending subsection (a) to read as follows:

"(a) In any county, the corporation may develop or may enter into agreements for housing projects with an eligible developer if in the corporation's reasonable judgment a project ~~[is primarily designed for lower income housing.]~~ provides per cent of lower income housing units. The agreement may provide for the housing to be placed under the control of the corporation, or to be sold by the corporation, or to be sold to the corporation as soon as the units are completed and shall contain terms, conditions, and covenants as the corporation, by rules, deems appropriate. Every agreement shall provide for the developer to furnish a performance bond[-] in favor of the corporation, assuring the timely and complete performance of the housing project. Sureties on the bond must be satisfactory to the corporation."

SECTION 9. Section 201G-411, Hawaii Revised Statutes, is amended to read as follows:

**"§201G-411 Dwelling unit revolving fund.** There is created a dwelling unit revolving fund. The funds appropriated for the purpose of the dwelling unit revolving fund and all moneys received or collected by the corporation for the purpose of the revolving fund shall be deposited in the revolving fund. The proceeds in the revolving fund shall be used to reimburse the general fund to pay the interest on general obligation bonds issued for the purposes of the revolving fund, for the necessary expenses in administering subpart F, part II, and for carrying out the purposes of subpart F, part II, including but not limited to the expansion of community facilities constructed in conjunction with housing projects, permanent financing, and supplementing building costs, federal guarantees required for operational losses, and all things required by any federal agency in the construction and receipt of federal funds for housing projects."

SECTION 10. Section 201G-432, Hawaii Revised Statutes, is amended to read as follows:

**"§201G-432 Rental housing trust fund.** (a) There is hereby established a rental housing trust fund to be placed within the corporation.

(b) An amount from the fund, to be set by the corporation and authorized by the legislature, may be used for administrative expenses incurred by the corporation in administering the fund; however, fund moneys may not be used to finance day-to-day administrative expenses of projects allotted fund moneys.

(c) The following may be deposited into the fund: appropriations made by the legislature, revenues from the rental of residential rental dwellings other than transient accommodations as provided in section 237-, private contributions, repayment of loans, interest, other returns, and moneys from other sources.

(d) The fund shall be used to provide loans or grants for the development, pre-development, construction, acquisition, preservation, and substantial rehabilitation of rental housing units. Permitted uses of the fund may include but are not limited to planning, design, land acquisition, costs of options, agreements of sale, downpayments, equity financing, capacity building of nonprofit housing developers, or other housing development services or activities as provided in rules adopted by the corporation pursuant to chapter 91. The rules may provide for a means of recapturing loans or grants made from the fund if a rental housing project financed under the fund is

refinanced or sold at a later date. The rules may also provide that moneys from the fund shall be leveraged with other financial resources to the extent possible.

~~(e) Moneys in the fund shall be used for the purpose of providing in whole or in part loans or grants for housing projects wherein:~~

- ~~(1) At least fifty per cent of the available units are for persons and families with incomes at or below sixty per cent of the median family income;~~
- ~~(2) At least ten per cent of the available units are for persons and families with incomes at or below thirty per cent of the median income; and~~
- ~~(3) The remaining units are for persons and families with incomes at or below one hundred per cent of the median family income; provided that the corporation may establish rules to ensure full occupancy of fund projects.~~

~~(f) Commencing with fiscal year 1999-2000, at the close of each biennium, at least one-third of the funds allocated to construction projects for the period shall have been committed to projects that guarantee affordable units to persons or families with incomes at or below thirty per cent of the median income pursuant to [subsection] (e)(2). Commencing with the regular session of 2000, the corporation shall submit an annual report to the legislature documenting existing projects in compliance with this subsection no later than twenty days prior to the convening of each regular session.~~

~~(g) (c)~~ For the purposes of this subpart, the applicable median family income shall be the median family income for the county or standard metropolitan statistical area in which the project is located as determined by the United States Department of Housing and Urban Development, as adjusted from time to time.

~~(h) providing (f) In providing loans and grants under this section; provided that,~~ the corporation ~~shall~~ may establish loan-to-value ratios to protect the fund from inordinate risk ~~[and that under no circumstances shall the rules permit the loan-to-value ratio to exceed ninety-five per cent]; [and] provided [further] that the underwriting guidelines shall include a debt-coverage ratio of not less than [1.05 to 1.0] 1.0 to 1.0."~~

SECTION 11. Section 201G-434, Hawaii Revised Statutes, is amended to read as follows:

~~"[§201G-434] Duties of the [advisory commission.] corporation.~~ (a) In addition to any other duties granted by this subpart, the ~~[advisory commission shall advise and assist the board of the corporation.] corporation shall~~ evaluate the fund program each year, and report its evaluation with suggested changes to the legislature not fewer than twenty days before the convening of each regular session starting with the regular session of 1998.

(b) In addition to any other powers and duties granted under subsection (a), the ~~[commission] corporation shall~~:

- ~~(1) Define define~~ the guidelines, procedures, conditions, and details of loans and grants under this section~~];~~, including~~;~~ but not limited to the establishment of loan-to-value and debt-coverage ratios~~]; and~~
- ~~(2) Have the authority to obtain the services of technical and support staff from other government agencies to carry out the purposes of this chapter]."~~

SECTION 12. Section 201G-435, Hawaii Revised Statutes, is amended to read as follows:

~~"[§201G-435] Eligible applicants for funds.~~ Eligible applicants for funds shall include nonprofit and for-profit ~~[developers, including] corporations, limited liability corporations or partnerships, partnerships, and~~ government agencies, who are qualified in accordance with rules adopted by the corporation pursuant to chapter 91."

SECTION 13. Section 201G-436, Hawaii Revised Statutes, is amended to read as follows:

~~"[§201G-436] Eligible projects.~~ (a) Activities eligible for assistance from the fund shall include but not be limited to:

- (1) New construction, rehabilitation, or preservation of ~~[low-income] rental housing units for persons and families with incomes at or below one hundred forty per cent of the median family income~~ that meet the criteria for eligibility described in subsection (c);
- (2) The leveraging of moneys with the use of fund assets;
- (3) Pre-development activity grants or loans to nonprofit organizations; and
- (4) Acquisition of rental housing units for the purpose of preservation as [low-income or very low-income housing.] rental housing units for persons and families with incomes at or below one hundred forty per cent of the median family income.

~~(b) [Preference shall be given to projects producing] An eligible project shall produce~~ units in at least one of the following categories:

- (1) Multifamily units;
- (2) Attached single-family units;
- (3) Apartments;
- (4) Townhouses;
- (5) Housing units above commercial or industrial space;
- (6) Single room occupancy units;
- (7) Accessory apartment units;
- (8) Employee housing; ~~[and]~~
- (9) Mixed finance public housing developments; and
- ~~(9)~~ (10) Other types of units meeting the criteria for eligibility set forth in subsection (c).

(c) The corporation shall establish an application process for fund allocation that gives preference to projects meeting the criteria set forth below ~~[that are listed in descending order of priority]:~~

- (1) Serve the original target group;
- (2) Provide at least per cent of the total number of units for persons and families with incomes at or below thirty per cent of the median family income;
- ~~(2)~~ (3) Provide the maximum number of units [for the least amount of subsidy;] for persons and families with incomes at or below per cent of the median family income;
- ~~(3)~~ (4) Are committed to serving the target population over a longer period of time;
- ~~(4)~~ (5) Increase the integration of income levels of the immediate community area;
- ~~(5)~~ (6) Meet the geographic needs of the target population, such as proximity to employment centers and services; and
- ~~(6)~~ (7) Have favorable past performance ~~[with fund moneys;] in developing, owning, managing, or maintaining affordable rental housing.~~

The corporation may include other criteria in the above process as it deems necessary to carry out the purposes of this part.

If the corporation, after applying the process described in this subsection, finds a nonprofit project equally ranked with a for-profit or government project the corporation shall give preference to the nonprofit project in allotting fund moneys."

SECTION 14. Section 237-31, Hawaii Revised Statutes, is amended to read as follows:

~~"§237-31 Remittances.~~ All remittances of taxes imposed by this chapter shall be made by money, bank draft, check, cashier's check, money order, or certificate of deposit to the office of the department of taxation to which the return was transmitted. The department shall issue its receipts therefor to the taxpayer and shall pay the moneys into the state treasury as a state realization, to be kept and accounted for as provided by law; provided that:

- (1) The sum from all general excise tax revenues realized by the State that represents the difference between \$45,000,000 and the proceeds from the sale of any general obligation bonds authorized for that fiscal year for the purposes of the state educational facilities

improvement special fund shall be deposited in the state treasury in each fiscal year to the credit of the state educational facilities improvement special fund;

- (2) A sum, not to exceed \$5,000,000, from all general excise tax revenues realized by the State shall be deposited in the state treasury in each fiscal year to the credit of the compound interest bond reserve fund; ~~and~~
- (3) ~~The sum from all general excise tax revenues realized by the State that represents twenty-five per cent of all taxes paid under this chapter for the rental of residential rental dwellings other than transient accommodations shall be deposited into the rental housing trust fund under section 201G-432; and~~

(4) A sum, not to exceed the amount necessary to meet the obligations of the integrated tax information management systems performance-based contract may be retained and deposited in the state treasury to the credit of the integrated tax information management systems special fund. The sum retained by the director of taxation for deposit to the integrated tax information management systems special fund for each fiscal year shall be limited to amounts appropriated by the legislature. This paragraph shall be repealed on July 1, 2005."

SECTION 15. Section 247-7, Hawaii Revised Statutes, is amended to read as follows:

**"§247-7 Disposition of taxes.** All taxes collected under this chapter shall be paid into the state treasury to the credit of the general fund of the State, to be used and expended for the purposes for which the general fund was created and exists by law; provided that of the taxes collected each fiscal year, ~~[twenty-five]~~ fifty per cent shall be paid into the rental housing trust fund established by section 201G-432 and twenty-five per cent shall be paid into the natural area reserve fund established by section 195-9; and provided further that the funds paid into the natural area reserve fund shall be annually disbursed by the department of land and natural resources after joint consultation with the forest stewardship committee and the natural area reserves system commission in the following priority:

- (1) To natural area partnership and forest stewardship programs;
- (2) Projects undertaken in accordance with watershed management plans pursuant to section 171-58 or watershed management plans negotiated with private landowners; and
- (3) The youth conservation corps established under chapter 193."

SECTION 16. Section 201G-433, Hawaii Revised Statutes, is repealed.

~~["§201G-433 — Rental housing trust fund advisory commission. (a) There is established within the corporation the rental housing trust fund advisory commission consisting of seven members, five of whom shall be public members and appointed pursuant to section 26-34. The public members of the advisory commission shall serve four-year staggered terms; provided that the initial appointments shall be as follows: two members to be appointed for four years; two members to be appointed for three years; and one member to be appointed for two years. As part of this appointment process, an appropriate organization from each of the categories of organizations enumerated below shall submit a list of three public member nominees to the governor. The governor shall select and appoint one public member from each list.~~

~~The public members shall be representative of the following categories of organizations:~~

- (1) Real estate brokers and rental property managers;
- (2) Tenants and renters advocacy organizations;
- (3) Nonprofit housing developers and low-income service providers;
- (4) Mortgage lenders; and

~~(5) Architects and planners.~~

~~A county government official who shall be appointed for a two-year term on a rotating basis among counties and the governor's designated representative shall be ex-officio voting members of the advisory commission.~~

~~(b) The chairperson shall be a public member elected by the members of the advisory commission and shall serve not more than two one-year terms as chair.~~

~~(c) The vice chair shall be a public member elected by the members of the advisory commission.~~

~~(d) Four members shall constitute a quorum. Four affirmative votes shall be necessary for all actions by the advisory commission.~~

~~(e) The members shall receive no compensation for services, but shall be entitled to necessary expenses, including traveling expenses, incurred in the performance of their duties.~~

~~(f) The advisory commission shall advise and serve as the liaison between the board of the corporation and the general public."~~

SECTION 17. Section 201G-431, Hawaii Revised Statutes, is amended by repealing the definition of "advisory commission".

~~[""Advisory commission" means the rental housing trust fund advisory commission established by this subpart."]~~

PART II.

SECTION 18. The legislature finds that the demand for low income housing in Hawaii outweighs the supply. Currently, there is a waiting period from two to five years for low-income housing for both state and federal low-income housing projects. Despite the scarcity of low-income housing, there are a number of vacant state and federal low-income housing units that are currently uninhabitable. If repaired and renovated, these units would be available for applicants on the low-income housing waiting lists, reducing the State's affordable housing shortage.

The legislature further finds that funds for the modernization of federal housing projects are available to low-income housing agencies through capital fund program grants administered by the United States Department of Housing and Urban Development. Grant moneys are designated for improvements to federal low-income housing units, including redesigning, reconstructing, and reconfiguring public housing projects, reducing vacancy, and demolishing and replacing existing low-income housing units.

The purpose of this part is to authorize the issuance of general obligation bonds for the renovation, repair, and construction of low-income housing units, and to require the housing and community development corporation of Hawaii to repair and renovate vacant low-income housing units by December 31, 2008, and to apply for federal capital fund program grants.

SECTION 19. The director of finance is authorized to issue general obligation bonds in the sum of \$ , or so much thereof as may be necessary, and the same sum, or so much thereof as may be necessary, is appropriated for fiscal year 2005-2006 for the purpose of repairing and renovating vacant low-income housing units and constructing new low income housing units.

SECTION 20. The appropriation made for the capital improvement project authorized by this Act shall not lapse at the end of the fiscal biennium for which the appropriation is made; provided that all moneys from the appropriation unencumbered as of June 30, 2008, shall lapse as of that date.

SECTION 21. The sums appropriated shall be expended by the housing and community development corporation for the purposes of this Act.

PART III.

SECTION 22. The affordable housing task force established pursuant to Senate Concurrent Resolution (S.C.R.) No. 135, Senate Draft (S.D.) 1 (2004), developed numerous proposals to provide near-term solutions to Hawaii's affordable housing shortage problem. One of the task force's recommendations

submitted was to reorganize the housing and community development corporation of Hawaii into two separate entities, one agency to administer public housing functions, and the other to administer housing finance and development functions. The purpose of this part is to establish a process to effectuate that recommendation.

SECTION 23. The housing and community development corporation of Hawaii shall establish a committee of stakeholders to effectuate the recommendation of the affordable housing task force, as contained in its 2004 report to the legislature pursuant to S.C.R. No. 135, S.D. 1, to split the corporation into two separate entities: one agency to administer public housing functions, and the other to administer housing finance and development functions.

The stakeholders appointed to the committee shall represent:

- (1) The housing and development corporation of Hawaii;
- (2) Federal housing agencies;
- (3) State agencies;
- (4) County agencies;
- (5) Housing developers;
- (6) Financial institutions;
- (7) The real estate industry;
- (8) Affordable housing advocates; and
- (9) Any other entities or stakeholders the housing and development corporation of Hawaii deems appropriate.

SECTION 24. The committee established under section 23 shall:

- (1) Make recommendations on the organizational structure and functions of the two resulting agencies;
- (2) Develop proposed staffing, infrastructure, and budgetary needs for each resulting agency;
- (3) Develop an implementation timeline for its recommendations so that the two resultant agencies will be operational by January 1, 2007, if the committee's recommendations and any amendments made thereto are enacted into law by the twenty-third legislature in 2005;
- (4) Make recommendations on any other issue that the legislature may need to consider in adopting the committee's proposal; and
- (5) Submit proposed legislation and a report that includes its findings and recommendations to the legislature not later than twenty days prior to the convening of the 2006 regular session.

SECTION 25. The committee established under section 23 shall cease to exist upon the adjournment sine die of the 2006 regular session.

SECTION 26. There is appropriated out of the general revenues of the State of Hawaii the sum of \$ \_\_\_\_\_, or so much thereof as may be necessary for fiscal year 2005-2006, for the purposes of this Act.

SECTION 27. The sum appropriated shall be expended by the housing and community development corporation of Hawaii for the purposes of this Act.

#### PART IV.

SECTION 28. Statutory material to be repealed is bracketed and stricken. New statutory material is underscored.

SECTION 29. This Act shall take effect on July 1, 2050.

Senator Hogue moved that Floor Amendment No. 5 be adopted, seconded by Senator Trimble.

Senator Hogue rose in support of the floor amendment as follows:

"Mr. President, colleagues, I think it has been the desire of this Legislative Body and the Governor's Administration to move forward on an affordable housing policy that makes sense and, frankly, has some dollars to back it up. I think that has been the vision of this Body since we had the Affordable Housing Task Force. My colleagues, Senators Menor and

Hooser, in fact chaired that, and it was Senator Menor's Committee of which I am a member, the Commerce, Consumer Protection and Housing Committee, that passed an earlier draft of this measure back on March 23<sup>rd</sup>.

"It noted that more than \$200 million has been raided from these housing funds in the past 10 years. The intent of the Committee was to protect the following eight revolving funds from future raids so that the remaining \$122 million could be used for the purposes for which they were originally intended – which is to provide low income housing to Hawaii's obviously deserved population and, right now, underserved population.

"So, I here by offer a floor amendment to this measure to move this bill to amend the bill back to the original Senate version that we passed in the Committee on Consumer Protection and Housing. This would protect the housing, protect the state low-income housing revolving fund, the teacher housing revolving fund, the housing for elders revolving fund, the housing finance revolving fund, the Keokea revolving fund, the rental assistance revolving fund, the dwelling unit revolving fund, and the rental housing trust fund.

"Members, we have already passed this version. We passed it out of CPH. I ask you to consider moving it back to that particular reading of the bill.

"Thank you very much for your support. Thank you."

Senator Menor rose to speak against the floor amendment and said:

"Mr. President, I rise to offer some brief remarks in opposition to floor amendment no. 5.

"As Senate Housing Chair, I believe that the floor amendment is not only premature, but it ignores the process by which this matter can be considered. In the very near future, H.B. No. 1303, S.D. 2, along with other measures, will be considered in Conference Committee at deliberations. I believe that the kinds of issues and concerns that are raised in the floor amendment can be taken up at that time when we consider this measure in Conference.

"I think that the amendment contains provisions that may merit further attention, however, I don't think that the rate provision, to which the previous Senator had referred, is one of those provisions. I don't think the rate provision should be included in the Hawaii Revised Statutes. Your CPH Committee moved that proposal along to the Ways and Means Committee for further discussion. However, I am convinced that the Chair of Ways and Means, along with the other members of the Ways and Means Committee, are fully committed to assuring adequate funding for housing programs in the State of Hawaii.

So, accordingly, for all of these reasons, I would ask my colleagues to vote against this amendment. Thank you."

Senator Hogue rose and said:

"Mr. President, Roll Call please."

The motion to adopt Floor Amendment No. 5 was put by the Chair and, Roll Call vote having been requested, failed to carry on the following Ayes and Noes:

Ayes, 5. Noes, 20 (Baker, Bunda, Chun Oakland, English, Espero, Fukunaga, Hanabusa, Hee, Hooser, Ige, Ihara, Inouye, Kanno, Kim, Kokubun, Menor, Nishihara, Sakamoto, Taniguchi, Tsutsui).

Senator Ihara rose and said:

"Mr. President, could you note my reservations on this bill."

The Chair so ordered.

The motion to adopt Stand. Com. Rep. No. 1582 and pass H.B. No. 1303, H.D. 2, S.D. 2, on Third Reading was then put by the Chair and carried, Stand. Com. Rep. No. 1582 was adopted and H.B. No. 1303, H.D. 2, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO HOUSING," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Sлом).

Stand. Com. Rep. No. 1614 (H.B. No. 863, H.D. 2, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 1614 be adopted and H.B. No. 863, H.D. 2, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Hemmings then offered the following amendment (Floor Amendment No. 6) to H.B. No. 863, H.D. 2, S.D. 2:

SECTION 1. HB 863 H.D.2 S.D.2, section 1 is amended replacing the current language with the following:

"SECTION 1. The high prices paid for gasoline by the residents of this State have been an issue of concern by the legislature and the public for years. The attorney general brought suit against Hawaii's refineries and major gasoline wholesalers, seeking hundreds of millions of dollars in damages for allegedly overcharging local consumers over the years. After the commencement of the litigation, gas prices declined for a while, and then climbed again.

In 2002, the legislature first enacted a gas cap law. Initially intended to take effect on July 1, 2004, the law was amended that year to take effect on September 1, 2005. As that date approaches, gasoline prices may again decline, as they did at the time of the litigation. While the legislature still supports a gas cap if prices continue as they have been, the legislature also recognizes that the situation may continue to change.

In order to be more responsive to the state's economic climate, especially in the months when the legislature is not in session, the legislature finds it appropriate to allow the governor to initiate the start of the law if the economic condition of the state so warrants it. The intent of this Act is not to delegate the legislature's authority as the state's policy-making body to the governor, but to allow the governor to make that economic decision at the appropriate time, when the legislature will not have been in session for three months, based on the State's economic condition at that time.

Additionally, [F]the legislature finds that the establishment and allocation of adequate resources for a vigorous state watchdog system to monitor and oversee the petroleum industry and gasoline market is a prerequisite to fully implementing the regulation of gasoline pricing. The monitoring of fuel prices, volumes, and industry data on costs and profits, and the subsequent analysis and reporting of this information to enforcement agencies, such as the public utilities commission and the departments of the attorney general and taxation, are critical components in the ability of each agency to carry out the regulation of gasoline prices.

Most importantly, the legislature finds that current global energy supplies cannot keep pace with the increased global demands for energy. The growing economies of China and India place Hawaii in a very vulnerable position as we all compete for the same fossil fuel resources. Further, with many oil-producing countries facing political instability and sensitive diplomatic relations, Hawaii's deep dependency on imported

fossil fuels leaves it reliant on factors it cannot control that affect its energy security and economy.

The legislature also finds that a holistic approach is needed to ensure that improvements in one area of Hawaii's energy system do not cause deterioration in another. For instance, replacing residual oil with liquefied natural gas to produce electricity and incorporating ethanol blending are examples of policies that may cause financial difficulties for existing industry participants but may be beneficial to the State's economy overall.

An integrated energy strategy will give the legislature and other policymakers a broad range of policy options, including improved planning and enhanced data collection and monitoring to support the development of a long-term plan with realistic goals. An integrated energy strategy with long-range objectives may also lead to an improved investment climate. Such a plan will also greatly improve strategic partnerships. Additionally, developing an integrated energy strategy will allow the State to pursue meaningful investment strategies and technology options.

Under section 196-4, Hawaii Revised Statutes, the responsibility for long-range planning and coordination of the state's energy systems falls under the director of business, economic development, and tourism, in the director's role as the energy resources coordinator. One of the coordinator's responsibilities is to complete periodic strategic assessments of Hawaii's energy needs and recommend policies and programs to achieve the State's long-term energy objectives found in section 226-18, Hawaii Revised Statutes. The development of a single integrated state energy strategy is consistent with this responsibility.

Therefore, Part II [~~The purposes~~] of this Act: [~~are to:~~]

- (1) Establishes the petroleum industry monitoring, analysis, and reporting special fund, to be funded from the environmental response revolving fund;
- (2) Requires the department of business, economic development, and tourism to develop and maintain the petroleum industry monitoring, analysis, and reporting system, including an automated petroleum industry information reporting system;
- (3) Redelineates the types of information that the petroleum industry must submit to the department of business, economic development, and tourism; and
- (4) Makes appropriations out of the petroleum industry monitoring, analysis, and reporting special fund to be expended by the:
  - (A) Department of business, economic development, and tourism to establish the petroleum industry monitoring, analysis, and reporting program and to continue support for the Hawaii energy policy forum; and
  - (B) Public utilities commission to implement and operate the petroleum price control program established by chapter 486H, Hawaii Revised Statutes."

SECTION 2. HB 863 H.D.2 S.D. 2, section 2 is amended by inserting the following language:

"PART I.

SECTION 2. Section 486 H-13, Hawaii Revised Statutes, is amended by amending subsection (k) to read as follows:

"(k) The maximum pre-tax wholesale gasoline price imposed by this section shall take effect on September 1, 2005, notwithstanding the lack of adoption of rules pursuant to this section [-]; provided that notwithstanding any law to the contrary, this section shall not become effective until and unless the governor publishes a notice statewide in accordance with section 1-28.5 that the implementation of this section is beneficial to the economic well-being, health and safety of the people of the State. This section shall become effective five

days after the publication of the notice by the governor unless otherwise specified by the governor.”

SECTION 3. HB H.D.2 S.D.2, section 3 is amended by inserting the following language:

“SECTION 3. If section 486H-13, Hawaii Revised Statutes, does not take effect within one hundred eighty days of September 1, 2005, the governor shall submit a report to the legislature no later than twenty days prior to the convening of the next regular session explaining:

- (1) The reasons, along with all relevant facts and statistics, why the governor did not believe that the operation of section 486H-13 during the previous fiscal year would have been beneficial to the economic well-being, health and safety of the people of the State; and
- (2) All efforts the administration has undertaken during the prior fiscal year to:
  - (A) Increase competition in the gasoline wholesale market in the state;
  - (B) Reduce the pre-tax wholesale price of gasoline in the State; and
  - (C) Otherwise improve the market for gasoline in the State.”

SECTION 4. HB 863 H.D.2 S.D.2 is amended by appropriately renumbering the remaining sections, and labelling these sections as “Part II.”

Senator Hemmings moved that Floor Amendment No. 6 be adopted, seconded by Senator Hogue.

Senator Hemmings rose to support the floor amendment as follows:

“Mr. President and colleagues, this has been a volatile issue for well over four years now. We’re rapidly approaching a day when the State of Hawaii, unlike any other state in the nation, is going to step in with government and regulate the price of a consumer commodity – in this case, gasoline.

“I think the proponents of this bill think that it, of course, is something that’s going to serve the consumers well. Well, there seems to be a recognition across the board, with the volatility of the marketplace of oil across the world right now and the actual empirical evidence that this may not work if prices continue to rise on the mainland faster than they’re rising here in Hawaii – the indexed markets are currently more expensive than Hawaii – that this legislation and this attempt to regulate gas wholesale prices would be ineffective and therefore contrary to public interest.

“This amendment is very simple. It allows the Governor to withhold the gas cap from being implemented within 180 days of its scheduled implementation date of September 1<sup>st</sup>. The Governor must submit to the Legislature the reasons why it was done.

“The political side of this is quite interesting, Mr. President, but I think that there is recognition in the Majority Party that this amendment makes a lot of sense. For those of you in the Majority Party who did not have an opportunity to vote on it in Ways and Means, now is your chance to have your voice heard. It makes a lot of sense for the consumers. It makes a lot of sense for the honor and integrity of this Body to vote on this amendment and vote affirmative.

“There is another issue here too – the leading proponent of this gas cap legislation, the good Senator from Mililani, basically trumped this issue from coming to vote when it was offered as an amendment in Senate Ways and Means because of

a rule called ‘prior consent.’ From what I read in the newspaper, which most of the time is fairly reliable, prior consent did not allow us to take a vote because the author of the bill would not give prior consent to having the bill amended. The author of the bill stated in the same article that he believes in democracy. Well, democracy doesn’t work unless people have a right to vote, and if the vote is blocked by a Senate Rule, we’re not exercising democracy, we’re exercising the will of one Committee Chair.

“So, I think the logical way out of this bind that we’ve put ourselves in, with the prior consent rule, is when this bill, which it is, comes to the Floor, that we amend it here on the Floor. I don’t think this Body, as a whole, needs prior consent to amend a bill even though the rules state that a committee does.

“So, I think the Majority Party can have the best of both worlds with this particular amendment. They can get their will, which seems to be percolating, that we would put the skids on the gas cap being implemented and that we would not contravene your existing rule regarding prior consent since this bill would be voted as an amendment on the Floor of the Legislature by all 25 Legislators. This would be democracy and it would be the fair thing to do.

“I’m urging my colleagues to put aside their partisanship on this particular issue and vote in the affirmative and hope the vote turns out a little better than the prior two, as far as the partisanship goes.

“Thank you, Mr. President.”

Senator Menor rose to speak against the amendment as follows:

“Mr. President, I rise to speak against the proposed floor amendment.

“I urge my Senate colleagues to vote against the proposed amendment because the agenda of its sponsors is obvious, given the stated opposition of the Governor to our previous efforts to reduce the profits of the oil companies.

“By granting the Governor the authority to determine whether or not to implement the gas price cap law, the amendment would effectively kill the price cap. I believe that this would be a major blow to consumers who have been price-gouged by the oil companies for too long now.

“In voting on this amendment, I believe that we are faced with a clear choice. We can stand with those who support this amendment, and therefore the oil companies, who have tried everything that they could to derail the gas price cap from the start, knowing the law itself will cut into the windfall profits that they have enjoyed at the expense of Hawaii residents and businesses, or we can continue our efforts on behalf of Hawaii’s consumers and businesses and try to finalize a workable and effective price cap in the remaining weeks of this Session. I say that we defeat this amendment and stay the course that we set two years ago when we first passed this law.

“Now, some of the proponents of this floor amendment alleged that Legislators are starting to back peddle and have second thoughts because they say the price cap will not work in the current environment of rising oil and gasoline prices. Even if an aberration occurs that momentarily pushed gasoline prices in some part of the mainland higher than those in Hawaii, it is clear that this would be an anomaly.

“When looking at gasoline pricing data over many years, Hawaii consumers would have saved millions of dollars each

year had this law been in effect earlier. For example, a February 21<sup>st</sup> article in the Honolulu Advertiser reported that Honolulu drivers would have saved nearly \$11 million in 2004 alone if the price cap had been in effect. When you factor in the potential savings on the sale of mid-grade and premium gasoline – and you need to consider the fact that the Advertiser report was based on the sale of regular unleaded gasoline – and when you consider the even greater savings that will be realized on the neighbor islands, it is clear that the amount that would have been saved by Hawaii consumers on a statewide bases in 2004 would have been significantly higher than what the Advertiser reported.

“Mr. President, that’s just one year out of many that Hawaii’s consumers have suffered from the price gouging of the oil companies in this State. But, proponents of this amendment don’t want you to look at the evidence of price gouging over the years. They don’t want you to consider the studies that repeatedly show how an unregulated monopolistic gasoline distribution system makes successive profits off of Hawaii consumers. They don’t want you to think about the reports showing that 20 percent of Chevron’s US gasoline profits in a given year came from Hawaii, notwithstanding the fact that our market makes up only a small fraction of national gasoline consumption. No, they don’t want you to think about these things. They want you to consider an anomaly, even if it’s hypothetical, in which for a week or two the price cap would allow oil companies to charge higher prices than they are currently charging.

“So, I ask you, Mr. President, and my fellow Senate colleagues to please weigh the years of consumer abuse against a momentary period in which prices may be higher on our price cap. And I say may, Mr. President, because this is a cap, not a price targeting mechanism. So if the oil companies, out of the kindness of their heart, want to charge prices below the cap, they are free to do so.

“I would also like to point out that this amendment is not only bad policy, it is inappropriate and would be premature even if we were to assume that the amendment had some merit. Act 242, which the Legislature just passed last Session to refine our gas price cap law, charges the PUC with the responsibility to evaluate and to come up with recommendations to make any necessary adjustments to the cap before it is implemented.

“The PUC will be submitting its report containing its recommendation to the Legislature by the end of this week. Your CPH Committee will be conducting an informational briefing on the report and its recommendations next Tuesday, April 19. I believe that it would be irresponsible for us to consider, at this point in time, another course of action before hearing the evaluations and recommendations that we requested and paid for to guide us in our deliberations on this issue.

“This amendment, Mr. President, is just another attempt to let the oil companies off the hook. I can assure my colleagues that if the PUC recommends changes to the law, I would be open to considering these in Conference Committee.

“Finally, I’d like to emphasize that the proposed floor amendment contains no meaningful alternatives to addressing the problem of excessive gasoline prices that are plaguing Hawaii’s consumers in this State. Its proponents are once again saying we should return to doing nothing, maintain the status quo, give the oil monopoly free reign again. I sincerely hope the majority of my colleagues believe that this would not be acceptable.

“For all the reasons I discussed, I would sincerely appreciate the support of my colleagues in voting this floor amendment down. Thank you.”

Senator Trimble rose in support of the amendment and said:

“Mr. President, I rise in support of this measure.

“Three comments – the first comment is, if the issue is windfall profits, if the issue is price gouging, then why don’t we have a windfall profit tax as was proposed by this Senator two years ago. It appears that is not really the issue.

“The next point I want to make is that markets are not the same over time and that the price of gasoline or the price of crude on the East Coast of the United States is a separate market than we exist in.

“The third point that I’d like to make is that Hawaii is one of the few places in the United States that has excess refining capacity. The likelihood, if we defeat this measure and we do have a gas cap, is that part of our excess refining capacity will be used to supply markets on the West Coast of the United States. I don’t think that’s a desirable result if it winds up with gasoline shortages in Hawaii.

“So, I suggest, colleagues, if the issue is price gouging and windfall profits, that we do it with an excess profit tax. But until we do that, let us pass this amendment and let us end this foolishness of gas caps.

“Thank you.”

Senator Hemmings rose in rebuttal and said:

“Mr. President, I rise on a point of rebuttal.

“Thank you, I appreciate the good Senator from Mililani’s remarks on this issue and I’m quite pleased that we’re having an open and honest discussion on it. And I’m also pleased that he got to dust off his speeches from the last four years and once again utilize it.

“There’s a couple of points that I think are worthy of the Majority Party’s consideration. If there has been any change of course on this issue, it’s been on the good Senator from Mililani’s point of view. Good Senator, you’re the one that originally introduced a bill to cap prices at the retail level. After two years of protest on that, now we’re capping them at the wholesale level. There has been a tremendous change in course in the very foundation of this proposed legislation, unlike any other in the nation, as I said.

“The second point that I think needs rebuttal is that there was quoted some reports regarding gas, and of course the report commissioned by the State of Hawaii and implemented by the Cayetano Administration called the Stillwater Report’s conclusions were very, very explicit about it and they of course generally said that the gas cap is a foolhardy proposal for the people of Hawaii.

“If there are apparitions in the marketplace, the real apparition is here at the Legislature. We talked about helping the consumers. This doesn’t necessarily help the consumers because it is a wholesale gas cap that doesn’t necessarily dictate that it is going to be passed on by the retailers, so it has no direct effect on what the retailer will ultimately charge the consumer.

“The last point I wish to make is the one that is, I think, really important to this discussion. If there is any monopoly

that's exploiting the consumers of Hawaii, we're standing in the midst of it – it's called state government. We have the highest gas taxes in the nation. The state tax alone comes out to approximately 24 cents. The gas tax in its entirety is 58 cents at current prices, approaching 60 cents. If you sincerely want to help consumers, I would suggest you knock a nickel off tomorrow or by the end of this Legislative Session by cutting the gas tax, which is the highest in the nation. By cutting it just one cent, you'd knock off \$5 million in a year. By cutting it five cents per gallon, you would take \$25 million and put it back into the marketplace rather than having it go to state government.

"I might add, for the purposes of this discussion, that the state highway fund, which is funded by the gas taxes is raided every year – \$243 million have been taken out of that fund in the last 10 years. So obviously, this tax is excessive and it's not even being used for what it's intended for – to fix our highways. It's being used for whatever else it's being put to use for in the general fund.

"So, the very reasons illuminated by the good Senator from Mililani who's a proponent of the gas cap are the very reasons why you should vote for this amendment. This gas cap is foolhardy. It will not necessarily drive down the prices of gas. It doesn't address the foundation problems with the prices of everything in Hawaii. If there is a gouging going on, it's going on by state government through the tax and spend policies of this Legislature and the government.

"For all those reasons, I would like to suggest that it would be in the Majority Party's best interest to go along with the amendment offered in the Senate Ways and Means Committee and vote in favor of it.

"Thank you, Mr. President."

The motion to adopt Floor Amendment No. 6 was put by the Chair and, Roll Call vote having been requested, failed to carry on the following Ayes and Noes:

Ayes, 5. Noes, 20 (Baker, Bunda, Chun Oakland, English, Espero, Fukunaga, Hanabusa, Hee, Hooser, Ige, Ihara, Inouye, Kanno, Kokubun, Menor, Nishihara, Sakamoto, Taniguchi, Tsutsui, Whalen).

At 11:22 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:23 o'clock a.m.

Senator Slom rose to speak in opposition to the measure as follows:

"Mr. President, I rise in opposition to the bill.

"There was an attempt, through the amendment, to have some reasonableness about this bill, but that is not the objective, nor is lowering gas prices the objective. As the good Minority Leader had mentioned, we went from a bill that applied to retail dealers to the wholesale level, which means that we'll have no impact whatsoever on retailing other than an adverse and a negative impact.

"I think what we've done is just enhanced this Legislature's reputation for demonizing individual companies. This Legislature, like no other, has gone after and mentioned and had legislation specifically against an oil company, Chevron; against a healthcare organization, HMSA; against a cruise line, Norwegian Cruise Lines, and we should be ashamed of

ourselves because we're not talking about legislation for the people, we're talking about intimidation and vendetta.

"I'll be voting 'no.' Thank you."

The motion to adopt Stand. Com. Rep. No. 1614 and pass H.B. No. 863, H.D. 2, S.D. 2, on Third Reading was then put by the Chair and carried, Stand. Com. Rep. No. 1614 was adopted and H.B. No. 863, H.D. 2, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE PETROLEUM INDUSTRY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 4 (Hemmings, Hogue, Slom, Trimble). Excused, 1 (Espero).

### THIRD READING

#### MATTER DEFERRED FROM EARLIER ON THE CALENDAR

Stand. Com. Rep. No. 1617 (H.B. No. 1378, H.D. 1, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 1617 be adopted and H.B. No. 1378, H.D. 1, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Hanabusa rose to speak in favor of the measure as follows:

"Mr. President, I rise to speak in favor of H.B. No. 1378, H.D. 1, S.D. 2.

"Mr. President, this measure has been taken off the consent calendar and moved to the ordinary calendar based upon concerns raised by an article written by Lee Cataluna in this morning's Advertiser. I believe that this is an opportune moment to explain to yourself, Mr. President, and other members who may have questions about what this particular measure does.

"By way of brief history, Mr. President, this measure is a result of the S.R. No. 40 task force, which was the hard work of the good Senators from Makiki and Kalihi and they met with all the various stakeholders on this action.

"What this bill addresses is the issues regarding temporary restraining orders, protective orders, its res judicata and collateral estoppel effect, and really it was an attempt to address concerns raised primarily by, I believe, the fathers who felt that they were not getting a fair shake in the judiciary.

"Unfortunately, what has happened over the years is the judiciary and the TRO process has been used as a mechanism by which advantages are gained in custody hearings and in divorce proceedings. We have heard testimony in various related measures that what is happening is people rush to the court and claim abuse, and the way it stands now, it's just domestic abuse, and by doing that, they gain the advantage because the courts have been affording res judicata and collateral estoppel effect to those TRO hearings.

"Mr. President, TRO, members, ex parte means exactly that – it is temporary in nature, usually, but it's ex parte, meaning the person does not have the opportunity to say their side. Usually it's his side.

"What this bill does is attempts to strike that balance that is necessary. The main thing it does is it distinguishes between protective orders, which are resultant of a hearing from that which is a TRO proceeding ex parte. To get an ex parte TRO,

you must have evidence of physical abuse, and that is because no one – no one, Mr. President – wants to take away the fact that people who are physically abused, physically being threatened by the abuse, and the court is satisfied that that finding can be made, that that person should be protected.

“However, the criticism of that action was, what about other forms of abuse that occur? And that’s the issue of domestic abuse, Mr. President. And we’re saying domestic abuse protective orders are warranted, but that’s after everyone has the opportunity to be heard.

“Also in this measure, Mr. President, we address the res judicata, collateral estoppel effect of those kinds of protective orders. In the past, once you went in and you won your preliminary hearing, it sort of carried you for the rest of the hearing. What this says is it will not have the res judicata, collateral estoppel effect, but in fact what it will do is it will give you the opportunity to present a case to the court and everyone will have a de novo hearing.

“Mr. President, these are the main aspects of these bills. It also requires the court not to make extensive findings of facts and conclusions of law in the event that a protective order is given, but they must give a rationale so the person against whom the order is filed has the opportunity to understand the reasons why.

“Mr. President, I believe this bill is a good balance, and that is why your Judiciary Committee and the subsequent Committee of Ways and Means has amended it to say as it does, and it does level the playing field.

“Thank you, Mr. President, I ask yourself and other members to support us in the passage of this measure. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1617 was adopted and H.B. No. 1378, H.D. 1, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO THE JUDICIARY,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Espero).

### THIRD READING

H.B. No. 1222, H.D. 1:

Senator Kanno moved that H.B. No. 1222, H.D. 1, having been read throughout, pass Third Reading, seconded by Senator Ihara.

Senator Trimble rose to speak in opposition to the measure as follows:

“Mr. President, I rise in opposition to H.B. No. 1222.

“A simple phrase was added that I feel is excessively broad, and that has to do with changes that would affect promotional opportunity. Because of the broadness of this statement, I will be casting a ‘no’ vote.”

The motion was put by the Chair and carried, H.B. No. 1222, H.D. 1, entitled: “A BILL FOR AN ACT RELATING TO PUBLIC EMPLOYEES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Slom, Trimble). Excused, 1 (Espero).

Stand. Com. Rep. No. 1413 (H.B. No. 938, H.D. 1, S.D. 1):

Senator Hanabusa moved that Stand. Com. Rep. No. 1413 be adopted and H.B. No. 938, H.D. 1, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hee.

Senator Hogue rose with reservations and said:

“Mr. President, there is opposition here from the Department of Human Services, and I want to note my reservations based on their testimony. Thank you.”

The Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1413 was adopted and H.B. No. 938, H.D. 1, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO CHILD PROTECTIVE SERVICES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Trimble). Excused, 1 (Espero).

Stand. Com. Rep. No. 1414 (H.B. No. 1442, H.D. 2, S.D. 2):

Senator Hanabusa moved that Stand. Com. Rep. No. 1414 be adopted and H.B. No. 1442, H.D. 2, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hee.

Senator Whalen rose to speak against the measure as follows:

“Mr. President, I rise in opposition.

“I won’t repeat everything I’ve said before. I don’t want to be redundant. But I just want to remind everyone that we already have lateral public access along the shoreline and it’s called the beach. The state owns it. It’s public land. It’s already there. And for those places where you can’t cross the beach because of cliffs or whatnot, the bill exempts it, so there’s really no purpose for this.

“I spoke with a proponent of the bill – the lobbyist who submitted or gave this for submission – and this doesn’t even address the point that they are trying to tackle on Kauai, which is mauka, makai access, not lateral access.

“And really, this bill, since there’s already public access along the beach, it’s either, one, we’re doing this to try to get votes from very strong believing environmentalists, or a ‘no’ vote is going to be that we believe in the rights of property owners.

“We already have the access across their land. The beaches are already ours – the public owns it. This is just taking more property from an owner, and if the county wants to deal with this issue, they can without us authorizing them to.

“Thank you.”

Senator Hooser rose to speak in support of the measure and stated:

“Mr. President, I rise in support. I’ll keep my comments brief also.

“Regarding Kauai, the lateral beach access is a very important issue on Kauai and actually our Mayor has a proposal right now trying to do a similar thing that this bill would require.

“I do support the bill. I do wish it was stronger and replaced the ‘may’ with a ‘shall’ in terms of requiring the counties to

require developers, sub-dividers, and condominium property regime owners to connect lateral public access.

“In areas that are at cliff-sides, and the previous speaker is correct, we do have or the public has a right to the beach and to access along the coastline. In those areas where that is not possible, the law says now that in areas of cliffs or areas where the nature of the property is such where there is no reasonable safe transit for the public along the shoreline below the private property lines, the counties, by condemnation, shall establish along the makai boundaries of the property, public transit corridors of not less than six feet wide. So, existing law says that public lateral access must be established through condemnation.

“What this bill does is it provides the counties with a valuable tool requiring developers to provide that when they subdivide the property, and therefore avoiding the expensive condemnation process that the counties, if this law was enforced, would have to go through.

“So, for those reasons, I ask my colleagues to support the bill.”

Senator Kim requested her vote be cast “aye, with reservations,” and the Chair so ordered.

Senator Whalen rose and said:

“Mr. President, I just want to counter. I think there was some confusion as I thought about what the last speaker said. May I just respond very briefly?”

“There is a big difference between condemnation, where an owner is getting compensated for the land that the state is taking or the county. Furthermore, the law that he read out pointed out that the access is already along the shore. It’s just places where the shoreline prevents you from walking along it. Two totally different issues than a small family that has some property that – I believe we moved it down to just five lots – you’d have to take away land on your property where there might be beautiful beach frontage that we can walk along already. So, don’t be confused by the previous speaker’s mixing of these two issues.

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1414 was adopted and H.B. No. 1442, H.D. 2, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO LATERAL PUBLIC ACCESS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 4 (Inouye, Slom, Trimble, Whalen). Excused, 1 (Espero).

Stand. Com. Rep. No. 1418 (H.B. No. 1214, H.D. 2, S.D. 2):

Senator Hanabusa moved that Stand. Com. Rep. No. 1418 be adopted and H.B. No. 1214, H.D. 2, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hee.

Senator Slom rose in opposition and said:

“Mr. President, I rise in opposition to this bill.

“Among other things, what this bill does is create a potential conflict with this legislation and the federal Davis-Bacon Act in terms of wages. It also allows for the Legislature, basically, and the state to set wages in terms of private contracts. What it has done is extended the reach of the state law in labor matters to any entity, private or public, that receives any kind of tax credit,

subsidy, grant-in-aid or so forth. I don’t think that was the intent in the original indication.

“In addition to that, it does create a situation where it will be encouraging more lawsuits in the state for this particular purpose.

“Thank you.”

Senators Hanabusa, Kim, Sakamoto, Tsutsui, Ige, Fukunaga and Nishihara requested their votes be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1418 was adopted and H.B. No. 1214, H.D. 2, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO PREVAILING WAGES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 18. Noes, 6 (Chun Oakland, Hemmings, Hogue, Slom, Trimble, Whalen). Excused, 1 (Espero).

Stand. Com. Rep. No. 1419 (H.B. No. 1060, H.D. 2, S.D. 2):

Senator Hanabusa moved that Stand. Com. Rep. No. 1419 be adopted and H.B. No. 1060, H.D. 2, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Taniguchi.

Senator Slom rose to speak in opposition as follows:

“Mr. President, I rise in opposition to this bill also.

“There were concerns raised by the attorney general, which have not been addressed even in the amendment to this bill, and opposition from the Department of Human Services. What it really does is restrict decision-making from the Department of Human Services.

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1419 was adopted and H.B. No. 1060, H.D. 2, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO MEDICAID,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 4 (Hemmings, Hogue, Slom, Trimble). Excused, 2 (Espero, Hee).

Stand. Com. Rep. No. 1420 (H.B. No. 1305, H.D. 1):

On motion by Senator Hanabusa, seconded by Senator Taniguchi and carried, Stand. Com. Rep. No. 1420 was adopted and H.B. No. 1305, H.D. 1, entitled: “A BILL FOR AN ACT RELATING TO EQUAL PAY,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 2 (Slom, Trimble). Excused, 2 (Espero, Hee).

Stand. Com. Rep. No. 1440 (H.B. No. 106, H.D. 3, S.D. 2):

Senator Menor moved that Stand. Com. Rep. No. 1440 be adopted and H.B. No. 106, H.D. 3, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Hogue requested his vote be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1440 was adopted and H.B. No. 106, H.D. 3, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO HEALTH INSURANCE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Espero, Hee).

Stand. Com. Rep. No. 1443 (H.B. No. 416, H.D. 2, S.D. 2):

Senator Kokubun moved that Stand. Com. Rep. No. 1443 be adopted and H.B. No. 416, H.D. 2, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Taniguchi.

Senator Hemmings rose to speak in favor of the measure as follows:

"Mr. President, I rise to speak in favor of this bill.

"Mr. President, we often rise, especially being in your loyal opposition, to speak against legislation. I want to speak in favor of this legislation, but mostly for the purposes of underscoring a much larger problem.

"This legislation is needed on the Waianae Coast, but it puts a band-aid on a much larger problem that this Legislature should be addressing – and that is, what is the carrying capacity of tourism in the State of Hawaii?"

"It seems that the 7 million tourists a year, or thereabouts, are starting to hit the point of diminishing returns. We're actually making a little more money, but we're losing the Hawaii we love and treasure so much with tourists infiltrating those places of Hawaii which normally are meant for the enjoyment of the local people. In this particular instance, in Waianae it's actually having commercial activity interfere with akule fishermen and other people who literally make a living from the resources of this great state.

"So, I'm hoping when we're passing this legislation, we'll also get into place looking to the future and having some preemptive action to discover what is the carrying capacity of tourism. Should we be spending 60-million-plus dollars a year through the HTA to bring more tourist here when already we're asking specific legislation to keep them out of certain areas? It just doesn't add up.

"I'm hoping that in voting in favor of this bill, it will also develop a consciousness for the larger issue and address it appropriately in future legislation.

"Thank you, Mr. President."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1443 was adopted and H.B. No. 416, H.D. 2, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE WAIANAE COAST," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Espero).

Stand. Com. Rep. No. 1444 (H.B. No. 31, H.D. 2, S.D. 2):

Senator Hanabusa moved that Stand. Com. Rep. No. 1444 be adopted and H.B. No. 31, H.D. 2, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Taniguchi.

Senator Hogue rose in opposition to the measure and said:

"Mr. President, I rise in opposition to this particular measure.

"Mr. President, earlier we talked a little bit about how certain industries have been demonized – specifically, big oil, Norwegian Cruise Lines, etc., etc., HMSA, and obviously the prescription drug industry. The pharmaceutical industry is one of those that has been demonized and this is another attempt to basically go after the pharmaceutical industry.

"In this particular bill, ultimately it would interfere with competition, with interstate commerce, and is arguably unconstitutional. I think it would invite a lawsuit against the state on these and perhaps some other grounds as well.

"So, I'll be voting 'no.' Thank you."

Senator Baker rose to speak in favor of the measure as follows:

"Mr. President, I rise to speak in favor of this measure.

"Mr. President, one of the major drivers in the increasing cost of healthcare in our country is the cost of prescription drugs that continue to go up and up with no controls, no relief in sight. Despite our best efforts, we have many in our state that cannot afford these life-saving prescriptions.

"This measure, while not perfect, perhaps, and certainly not in its final form, attempts to address some transparency issues. It does ask the drug companies to disclose the cost of advertising and gifts which add to the cost of drugs. It also asks for pharmacy benefit management entities to be transparent in what rebates they're giving back so that we can get a handle on what exactly the state is paying for these drugs.

"I think that these measures, coupled with some of the other things that we have done in the past, will go a long way to providing openness to our consumers, to let them have real choice, and to give doctors and other healthcare professionals the information that they need when they're doing their prescribing, perhaps, to go more towards generic drugs.

"I believe that this measure has merit and would encourage my colleagues to help us move it into Conference so that we may perfect it. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1444 was adopted and H.B. No. 31, H.D. 2, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO PRESCRIPTION DRUGS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 5 (Hemmings, Hogue, Slom, Trimble, Whalen). Excused, 1 (Espero).

Stand. Com. Rep. No. 1448 (H.B. No. 862, H.D. 2, S.D. 2):

On motion by Senator Hanabusa, seconded by Senator Hee and carried, Stand. Com. Rep. No. 1448 was adopted and H.B. No. 862, H.D. 2, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO TRAFFIC OFFENSES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Slom, Whalen). Excused, 1 (Espero).

Stand. Com. Rep. No. 1449 (H.B. No. 919, H.D. 1, S.D. 2):

On motion by Senator Hanabusa, seconded by Senator Hee and carried, Stand. Com. Rep. No. 1449 was adopted and H.B.

No. 919, H.D. 1, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO USE OF INTOXICANTS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Espero).

H.B. No. 1747, H.D. 1, S.D. 1:

Senator Hanabusa moved that H.B. No. 1747, H.D. 1, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hee.

Senator Slom rose in opposition and said:

"Mr. President, I rise in opposition to this bill.

"This is one of several bills that ostensibly is about campaign reform, but what it really is, is about limitations. The real true campaign reform is transparency. We just heard about that for drugs. If it's good enough for drugs, it should be good for campaigns, but further restrictions on people's choices of who they support and what issues they support are not going to bring this reform.

"Thank you."

Senator Ihara rose in support of the measure with reservations and said:

"Mr. President, I rise in support of this bill . . . but with reservations.

"Mr. President, I have reservations about singling out the election of prosecuting attorneys – and no other races – for substantial increases in funding for only these races in the campaign election partial funding program. The Campaign Spending Commission has estimated that this provision would cost approximately \$1 million to increase the funding for the prosecuting attorney races. This is matching funds for the election campaigns.

"At this time, I am not satisfied that there is sufficient rationale for selecting this race for enhanced funding at a \$1 million price tag.

"Thank you."

Senators Ige and Trimble requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, H.B. No. 1747, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CAMPAIGNS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 18. Noes, 4 (Hemmings, Hogue, Slom, Whalen). Excused, 3 (Espero, Menor, Taniguchi).

H.B. No. 588, H.D. 1, S.D. 1:

Senator Hanabusa moved that H.B. No. 588, H.D. 1, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hee.

Senator Slom rose to speak in opposition to the measure as follows:

"Mr. President, I rise in opposition to this bill.

"We are talking about, again, transparency and yet we're making it harder for people to find out about convictions and past judicial experiences. This idea of expunging more and more records – we're going to see it when we come up on a bill for the judiciary as well – I think is a bad precedent and denies the public the right to know. Particularly in light of the things that we've had nationally in the last couple of weeks and even locally here, we need to know what the background is of the individuals living among us, particularly if they have been convicted and served time.

"Thank you."

The motion was put by the Chair and carried, H.B. No. 588, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO EXPUNGEMENTS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 4 (Hemmings, Hogue, Slom, Trimble). Excused, 2 (Espero, Nishihara).

Stand. Com. Rep. No. 1462 (H.B. No. 150, H.D. 2, S.D. 2):

Senator Hanabusa moved that Stand. Com. Rep. No. 1462 be adopted and H.B. No. 150, H.D. 2, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hee.

Senator Slom rose in opposition and said:

"Mr. President, I rise in opposition to this bill.

"This bill has had a troubled past. I think it has a troubled present. I don't think it will stand the muster of legal scrutiny. We're picking on all young people, particularly, rather than what we should be doing – and that is enforcing exciting laws and making tougher penalties, if we need them, against those that actually break the law, rather than taking all individual teenagers as a class.

"Thank you."

Senators English, Ige, Ihara, Taniguchi and Kim requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1462 was adopted and H.B. No. 150, H.D. 2, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO DRIVER LICENSING," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 2 (Slom, Whalen). Excused, 2 (Espero, Nishihara).

H.B. No. 957, H.D. 1, S.D. 1:

Senator Taniguchi moved that H.B. No. 957, H.D. 1, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Trimble rose to speak in opposition and said:

"Mr. President, I rise in opposition to H.B. No. 957.

"Colleagues, this is another tax credit. If we would be a little bit more sparing in our use of tax credits, then we could address the more fundamental problem of raising the standard deduction and personal exemption that would benefit all the people that are currently paying State of Hawaii income tax.

"Thank you."

The motion was put by the Chair and carried, H.B. No. 957, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 4 (Hemmings, Hogue, Slom, Trimble). Excused, 2 (Espero, Nishihara).

H.B. No. 1224, S.D. 1:

On motion by Senator Taniguchi, seconded by Senator Tsutsui and carried, H.B. No. 1224, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 2 (Hemmings, Slom). Excused, 2 (Espero, Nishihara).

H.B. No. 1235, H.D. 1, S.D. 1:

Senator Taniguchi moved that H.B. No. 1235, H.D. 1, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose to speak in opposition to the measure and stated:

"Mr. President, I rise in opposition to this bill.

"This bill and the following bill basically increase the perks to Legislators. I think that this is the wrong time and the wrong message that we should be sending to the public.

"Also, originally this bill was to use as a standard, federal mileage allowances and travel amounts and so forth. The bill has been amended, so basically the amounts are going to be determined by you, Mr. President, and the Speaker of the House. And while the money at present may not be a large factor, I think again it sends the wrong message.

"Thank you."

The motion was put by the Chair and carried, H.B. No. 1235, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO TRAVEL ALLOWANCES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Hogue, Slom). Excused, 1 (Espero).

H.B. No. 1236, S.D. 1:

Senator Taniguchi moved that H.B. No. 1236, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose in opposition to the measure and said:

"Mr. President, I rise in opposition to this bill.

"What this bill does is to raise or increase the office allowance that every Legislator has, from the current \$5,000 per year to \$7,500 per year. The rationale that's given is for better communication with one's constituents. But there really are no restrictions in terms of how the money is used and what kind of communication there is, and as we've seen in the past, individual Legislators have used this office allowance as a supplement to our annual salaries in ways that may be viewed as financially inappropriate.

"Thank you."

The motion was put by the Chair and carried, H.B. No. 1236, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE LEGISLATURE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Hogue, Slom). Excused, 1 (Espero).

H.B. No. 1461, S.D. 1:

On motion by Senator Taniguchi, seconded by Senator Tsutsui and carried, H.B. No. 1461, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO STATE FUNDS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Espero).

H.B. No. 1465, S.D. 1:

Senator Taniguchi moved that H.B. No. 1465, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose in opposition and said:

"Mr. President, I rise in opposition to this bill.

"My father was a heavy smoker until the time of his death. My mother was a heavy smoker until the time of her death. Cigarettes contributed to the death of both of them. However, the last time I checked, cigarette smoking is a legal activity in the State of Hawaii and the United States of America. And what we have done, through different forms of legislation nationally and locally, is to really extract money from those people that are engaged in a lawful activity, then we increase the money even more to say that we're going to curb bad behavior.

"If the purpose of this Legislature is to curb bad behavior, we'll have to go year-round because there are so many things that we could tax and regulate and prohibit that one person views as okay and the other person views as bad behavior.

"I have a real difficult time in saying that we're going to continue to raise the tax. It has nothing to do with health; it's all about money. I vote 'no.'

"Thank you."

Senator Baker rose to speak in support of the measure and said:

"Mr. President, I rise in support of this measure.

"With all due respect to my colleague from East Honolulu, the research shows quite the contrary. The research evidenced by the Centers for Disease Control and Protection, among other organizations – the American Heart Association, American Lung Association, American Cancer Association – shows that increasing the cost of tobacco products is the most effective deterrent to smoking that we have at hand. While it's true that in the short term we may actually reap additional tax revenues by raising the tax on cigarettes, that's not the goal of this legislation. The goal is to be a deterrent so that more and more young people do not take up this nasty, addictive, and lethal habit.

"It's been shown in other places that increasing the price of cigarettes by 10 percent could reduce the instances of smoking by our youth by as much as 7 percent. Every year that we deter somebody else from picking up a cancer stick, beginning to smoke, and taking up the habit, we have significantly deterred them from ever engaging in that very bad habit that costs us 1,100 lives a year and \$525 million in additional unnecessary healthcare costs.

"I urge my colleagues to vote in support of this measure."

The motion was put by the Chair and carried, H.B. No. 1465, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 18. Noes, 6 (Hemmings, Hogue, Ige, Slom, Trimble, Whalen). Excused, 1 (Espero).

H.B. No. 1672, S.D. 1:

Senator Taniguchi moved that H.B. No. 1672, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Trimble rose in opposition to the measure as follows:

"Mr. President, I rise in opposition to H.B. No. 1672.

"Colleagues, the power to control the purse strings has always been an executive prerogative, and I think it should remain that way. I will therefore be voting against this measure.

"Thank you."

Senator Taniguchi rose to speak in favor of the measure as follows:

"Mr. President, I just want to rise in favor of this bill.

"Mr. President, I just want to note that this bill requires the Director of Finance to conduct a public hearing on any proposed restriction or withholding of funds appropriated by the Legislature.

"Secondly, and probably more importantly, it also requires notice by the Governor to recipients of grants under Chapter 42F on the status of unreleased grants.

"Mr. President, as we went through from last year, what we found was that a lot of these grant recipients just wanted some certainty as to whether money was going to be provided to them or not. The record of the Governor has shown that she has withheld some of that money, certainly because of some of the fiscal issues that were faced by the State. But I think to a larger extent, what the thrust of this bill is trying to do is to provide some of that certainty to these recipients of these grants so they can plan ahead, and that's really what the thrust of this bill is about.

"Thank you."

Senator Slom rose in opposition and said:

"Mr. President, I rise in opposition to this bill as well.

"In the committee report, the committee report says 'it's not the intent of this bill to compromise or reduce the Governor's budgetary powers.' But as a matter of fact, that's exactly what this bill does. That's what it seeks to do. That's what it will do.

"We have had 40, 50-plus years of governors exercising their executive powers. The Legislature has been able to find out what's going on. The Legislature, of course, initiates and passes the budget and so it really is the Governor and her prerogative and her cabinet to look at these individual items and to be able to present her particular budget for our consideration. But we have the final word now. What this bill seeks to do is strip additional powers from the executive.

"Thank you."

The motion was put by the Chair and carried, H.B. No. 1672, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE BUDGET," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 5 (Hemmings, Hogue, Slom, Trimble, Whalen). Excused, 1 (Espero).

H.B. No. 100, H.D. 1, S.D. 1:

Senator Taniguchi moved that H.B. No. 100, H.D. 1, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Taniguchi rose to speak in favor of the measure and said:

"Mr. President, I rise to speak in favor of this measure.

"Mr. President, H.B. No. 100 is the 2005 biennium budget for the executive branch of government. Before I give some short remarks about the bill itself, I would like to acknowledge a few people who were integral in putting this measure together.

"First, it would be my hardworking staff, some of whom have joined us in the gallery today. With your indulgence, Mr. President, I would like them to rise to be recognized. (Members of the Ways and Means staff who were seated in the gallery rose to be recognized.) I would like to thank you, Mr. President, the Senate Leadership, and members of the Ways and Means Committee for all your input, guidance, and leadership for this measure. And finally, I would like to acknowledge the support and encouragement of my wife, Jan, who always challenges me to do what is best for the people of this State.

"Mr. President, as usual, I would like to address this measure with very little fanfare. However, there are two very important areas that I would like to make a few points about – the first is on the Department of Education. In her 2004 State of the Public Education Address, our Superintendent of Education called for a reinvention of the educational system. Last year this Legislature answered the call of the Superintendent and passed Act 51, the Reinventing Education Act of 2004. Although the concepts of this Act are being embraced by the stakeholders of public education, which includes principles, teachers, parents and students, the DOE has faced some stumbling blocks along the way. Some are simply growing pains, but others are unnecessary impediments, one of those being the lack of financial support. In this regard, your Committee provided for estimated shortfalls in key education programs, including autism services, special education, student transportation, and school foodservice.

"In addition, pursuant to Act 51, your Committee also provided for additional funds for the repair and maintenance of school facilities and the converting of school principles from a 10-month salary schedule to a 12-month salary schedule.

“Finally, your Committee provided \$295 million in capital improvement program funds for additional school repairs and maintenance and other needed improvements to our schools. This budget also continues to recognize the need to further the work of the Joint House/Senate Task Force on Ice and Drug Abatement, which provided a comprehensive plan last Legislative Session established under Act 40 to address the ice epidemic.

“Accordingly, we have provided a total of \$13.7 million in general funds for substance abuse treatment services and prevention programs over the biennium for both adolescents and adults. This level of funding provided for substance abuse exceeds the administration’s biennium request, which only provided \$6.18 million in general funds.

“To sum up the big budget picture, however, I’ll use one of my most often used phrases – and that is that this measure is still a work in progress. On that note, Mr. President, I ask my colleagues to remain patient as we enter into the final weeks of this Session, and I ask all members to support this bill.

“Thank you.”

Senator Slom rose in support of the measure and said:

“Mr. President, I rise in support of the budget.

“I, too, would like to offer our accolades to the Ways and Means Chairman and to his staff. The budget process is always a long and arduous process, and they’ve done a good job. It’s a little higher than I’m comfortable with right now, but as the Chairman said, it is a work in progress. It’s going to be going to the Conference Committee and hopefully we will have a strong position there.

“I think it’s also incumbent upon us, however, to point out some of the improvements and some of the enhancements that were made by various individuals within the state executive branch. I would pick out, particularly, the head of the Department of Human Services who has been very diligent in the last couple of years in finding additional federal funds to help ease our budgetary woes and to use creative means in which to fund different programs, expanding programs, and so forth that benefit adults, children and the infirmed.

“So, we have a program here, a budget that we can support. We thank those people that have put in so much input, and we’re ready to go with a strong position into Conference.

“Thank you, Mr. President.”

The motion was put by the Chair and carried, H.B. No. 100, H.D. 1, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE STATE BUDGET,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Espero, Whalen).

Stand. Com. Rep. No. 1489 (H.B. No. 85, H.D. 2, S.D. 2):

On motion by Senator Kokubun, seconded by Senator Hooser and carried, Stand. Com. Rep. No. 1489 was adopted and H.B. No. 85, H.D. 2, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO HARBORS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Espero).

Stand. Com. Rep. No. 1500 (H.B. No. 841, S.D. 2):

On motion by Senator Taniguchi, seconded by Senator Tsutsui and carried, Stand. Com. Rep. No. 1500 was adopted and H.B. No. 841, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO EDUCATION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Espero).

At 12:01 o’clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:02 o’clock p.m.

Stand. Com. Rep. No. 1503 (H.B. No. 844, H.D. 1, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 1503 be adopted and H.B. No. 844, H.D. 1, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Trimble rose in opposition to the measure as follows:

“Mr. President, I rise in opposition to H.B. No. 844.

“Colleagues, I stopped counting when I got to the third tax credit. I did work for the executive branch for many years and there are very few government employees that I have met in those 20 to 30 years that, sometime in their career, didn’t spend their own money for something that they felt made the workplace function better. And the reason why I’m calling your attention to this is that in this particular bill, we’re singling out teachers as meritorious of receiving a \$250 tax credit. I don’t think it’s appropriate because I believe that most public employees, including members on this Floor, do spend their own personal funds to make their workplace a better place.

“The other two tax credits that I noticed before I stopped reading the bill had to do with tax credits for renters or landlords who rented and tax credits for builders who built. I do recognize that there may be shortages, but the best approach is the simple approach, and that approach is to offer a wage differential for those areas in our State where it’s hard to get teachers to serve.

“Thank you, Mr. President.”

Senator Sakamoto rose to speak in support of the measure as follows:

“Mr. President, I rise in support of the measure with just brief comments in regards to some of the points made by the previous speaker.

“Mr. President, I think in people’s workplaces, many people take a pencil and put it in their pocket and take it home. But I believe for teachers, they then have to equip sometimes 30 students or maybe up to 150 students, sometimes with little things like pencils so their work can be done. I believe teachers certainly need our help. The federal government already has a \$250 tax credit. I believe that’s one little thing that perhaps we could do to help our teachers do the job they do, and this bill contains many provisions.

“I hope, Mr. President and colleagues, at the end of the day we can do more to help teachers that have chosen that profession to stay in the profession, as well as to encourage our young people to want to become teachers, because it’s a profession that we know we can’t do without.”

Senator Slom rose to speak against the measure and said:

“Mr. President, I rise in opposition to the bill.

“First of all, let’s all agree we all support teachers. We have been supporting teachers in terms of increases in compensation and benefits and other things for a number of years and we’ll continue to do so. But this bill really has several flaws in it as the good Senator, the Chair of Education, mentioned. It’s a voluminous bill with a lot of different parts and several of those parts include the inclusion of creating yet more special funds, which for me is a poison pill for any bill no matter how well defined it is.

“In my reading of the bill, I have problems with it justifying it with Act 51. I find that there are problems with this bill that interfere with the weighted student formula. I also find that there are problems in this bill that adversely affect the principal’s right of autonomy and decision-making. There also is a question about the degree status, an associate degree versus a bachelor degree.

“So, there is a number of problems in this bill. I would hope that before we go into Conference for any bill, we would correct the problems, particularly when they have been discussed previously.

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1503 was adopted and H.B. No. 844, H.D. 1, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO EDUCATION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Slom, Trimble). Excused, 1 (Espero).

Stand. Com. Rep. No. 1505 (H.B. No. 1132, H.D. 1, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 1505 be adopted and H.B. No. 1132, H.D. 1, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose to speak in opposition as follows:

“Mr. President, I rise in opposition to this bill.

“This bill, again, has a number of defects within it – defects from my point of view at least – not the least of which is centralizing and giving the control for repairs and maintenance to the Department of Education, who have demonstrated over and over again that they are dysfunctional and not qualified or equipped to do this, but we’re going to turn that over to them. And then to make sure that they really create a lot of problems, we are going to establish the Department of Education’s authority to impose and collect impact fees from developers of residential developments. Well, we already have impact fees. So now we’re going to have the DOE collecting impact fees, and presumably we have the City and County of Honolulu and other state agencies as well, and then we wonder why the price of housing and developments continues to go up when we call upon the developers to pay for more and more of these infrastructure activities.

“Thank you.”

Senator Sakamoto rose in support of the measure as follows:

“Mr. President, some comments in response.

“On the part that dealt with impact fees, part of the developer community wants some certainty in what amount of fees to pay. They currently have a land component for schools. They have a varying degree of how much they may be assessed or they pay for the vertical or the buildings, and certainly the developer community wants certainty as well as they want schools to be built. This measure hopefully can achieve closer working together in accomplishing what the developers and the schools both need – quicker and better timing in accomplishing what we need to do.”

Senator Kim requested her vote be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1505 was adopted and H.B. No. 1132, H.D. 1, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO EDUCATION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 4 (Hemmings, Hogue, Slom, Trimble). Excused, 1 (Espero).

Stand. Com. Rep. No. 1506 (H.B. No. 1136, H.D. 3, S.D. 2):

On motion by Senator Taniguchi, seconded by Senator Tsutsui and carried, Stand. Com. Rep. No. 1506 was adopted and H.B. No. 1136, H.D. 3, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO EDUCATION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Espero).

Stand. Com. Rep. No. 1508 (H.B. No. 1300, H.D. 2, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 1508 be adopted and H.B. No. 1300, H.D. 2, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Hogue rose to speak in opposition to the measure and said:

“Mr. President, I rise in opposition to this particular measure, which would put together a task force for early childhood education.

“I think we all agree that we should move towards early childhood education, but after talking with some folks at the Department of Human Services and the administration, this bill is unnecessary. In fact, the administration has recently finalized portions of the early childhood education initiative, including increased funding for the preschool open doors program, financial incentives for parents who choose care with settings with educational components, financial incentives for sitters and care providers, the identifications of available state facilities appropriate for preschool centers, and workforce development support.

“The Governor’s initiative is supportive of formal centers as well as informal group and home care programs. It is these informal and home care programs that makes the Department of Human Service’s programs truly unique because benefits will extend beyond the traditional preschool setting.

“This bill, on the other hand, focuses on just the preschool formal center alone. Therefore, the administration’s measures go far beyond the scope of this particular bill, and I urge my colleagues to vote ‘no’ because the bill as written is unnecessary.

“Thank you.”

Senator Sakamoto rose in support of the measure as follows:

“Mr. President, I’d like to make some comments in response to some of the previous speaker’s comments.”

The President interjected:

“In favor?”

Senator Sakamoto replied:

“In support of the measure. Thank you, Mr. President.

“Mr. President, perhaps the administration feels that they have everything together and perhaps the Department of Human Services thinks they ought to be the czar of preschools. A week ago, there was a comment from a head-start person, now retired, who was very frustrated that some of the facilities in the pre-plus program sat on school campuses – in perhaps your community or some of our communities – unused in part because different rules apply to preschools that apply to kindergarten, first grade, etc.

“Not to downplay the role of the Department of Human Services for doing what they feel is best, but in the preschool community and in the early childcare community, there isn’t a Board of Regents like the university system. There’s no Board of Education like in the K-12 system. There are many voices with many different ideas. This bill didn’t just start up by myself or our colleagues. This measure was developed in conversations with many people in the early childhood community, and certainly it’s time to have a more comprehensive plan to deal with this very important age – 0 to the K-12 system.

“So Mr. President, we need all voices at the table, not just some voice from above.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1508 was adopted and H.B. No. 1300, H.D. 2, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO EARLY CHILDHOOD EDUCATION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 3 (Hogue, Slom, Trimble). Excused, 1 (Espero).

Stand. Com. Rep. No. 1511 (H.B. No. 1728, H.D. 1, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 1511 be adopted and H.B. No. 1728, H.D. 1, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose in opposition and said:

“Mr. President, I rise in opposition to this bill.

“We’ve talked about class size reduction for a long period of time, many years, and many educators and many other people really will tell you that in certain instances, it’s not the size of the classroom – it is the curriculum, it is the teacher, it is the facilities – it’s a number of different things that are important.

“What this bill says is that we’re going to put all of our eggs in one basket and we’re going to reduce the class size no matter what, which again I think is an infringement on the Act 51 powers. It certainly is an infringement on principals and teachers within an individual school.

“My understanding, also further, is that we have several thousand classroom teachers that in fact are not in the classroom right now, which would be a way of alleviating the problem that’s complained of. Also, in terms of infrastructure in certain instances, I’ve heard teachers and others say that if they are given this additional authority or mandated, which is what this bill does – it doesn’t allow for choice, it’s requiring – then, as a matter of fact, what they might do is add another teacher within an existing classroom. So, if you had 35 students with one teacher, you now put another teacher in there. But I don’t think that is the intent and the idea of better and improving education.

“So again, Mr. President, I would really like to see us talking about improvement in curriculum and the way things are actually done in the classroom. But secondarily, if we’re going to live with Act 51 and we’re going to talk about independence and autonomy, then we should allow the schools, the individual schools, the principals, and the teachers to make decisions about what’s right for their school.

“Thank you.”

Senator Hemmings rose to speak against the measure as follows:

“Mr. President, I rise to speak against H.B. No. 1728, H.D. 1, S.D. 2, relating to education.

“Mr. President and colleagues, this is an attempt to do something that always sounds good, and I think a lot of constituents would buy into it because they don’t know all the facts.

“Reducing class size – the question, and it’s rhetorical but it needs to be repeated, is how do we spend close to \$2 billion, over \$10,000 per child, in our public education system on the average and continue year in and year out to produce a product that is not something we can be proud of and continue to be struggling in many schools? And the answer, quite simply, is not lack of money, but, quite interestingly, just outright mismanagement.

“According to the statistics we’ve received from our research, there are approximately 13,000 members of the Hawaii State Teachers Association. The DOE says there are approximately or a little over 9,000 teachers actually in the classrooms. That leaves approximately 4,000 teachers unaccounted for. Where are they? They’re in the bureaucracy doing things other than teaching. We could easily repatriate those teachers to the marketplace of education and have all the teachers we need to reduce class size and not increase spending by one single cent.

“To show you how egregious this process of mismanagement is, our information is that there’s a qualified teacher conducting criminal background checks for the DOE. Is that really what we want to fund – paying for more teachers, giving them pay to further get educated in education then have them doing background checks? I don’t think so. I think the number of teachers in the public education system is adequate. They’re just being involved in the bureaucracy rather than in the classroom.

“The statistics for the number of public workers working in the Department of Education at the taxpayer’s expense, against those in the classroom, clearly illustrate my point. It is a management problem. It is a structure problem. And until we address those, I will not continue to just throw good money after bad in the process.

"I urge my colleagues to look at the reality and not vote on anything else but what is best for the system. Throwing more money at class size, as we do every year, is not going to solve the problem when a lot of the teachers are moving into the bureaucracy. I urge a 'no' vote on this legislation."

Senator Hooser rose in support of the measure and said:

"Mr. President, I rise in support on this bill.

"How anyone cannot support lowering the class sizes in our public schools is quite beyond me, Mr. President. Anyone who has looked at educational research knows that, clearly, small learning communities, small schools, small class sizes make a huge difference in the learning of children and in the progress through the school system. Small class size . . . we can do lots of things and we have done lots of things and supported lots of programs, but lowering class size is the single most tangible, and in my opinion, the most important thing that we can do.

"Many of our students come from families, Mr. President and colleagues, who don't have positive adult role models at home. They don't get the attention they need. Mom and Dad are working or maybe mom and dad are just not around. By lowering class sizes, we put these students into contact with positive role models on a basis that they can relate to. It's not one student with 30-35; it's one student with much lower than that.

"Mr. President, the research is clear – this is money well spent. After the last initiative we passed last Session, Act 51, going around my community, Mr. President, it was clear – parent after parent, teacher after teacher stopped me in supermarkets, in shopping centers, and on the road and thanked me for making a tangible difference in the life and the education of their child by reducing the class size. This initiative takes a very strong effort to continue that to the next step, and I urge my colleagues to support it.

"Thank you."

Senator Hemmings rose in rebuttal and said:

"Mr. President, in short rebuttal, please.

"With all due respect to the good Senator from Kauai, I agree wholeheartedly with him. The intent is to reduce class size. We're not debating on what we want to do. We're debating on how we should best do it. With having close to 4,000 good teachers in the process of serving the bureaucracy rather than serving the needs of the classroom, Mr. President, I believe it's appropriate that we not spend one cent on hiring more teachers. Put the teachers that are working right now in the DOE offices, other than classrooms, put them back into the field. We can accomplish reducing class size without increasing spending with an already expensive process.

"Thank you, Mr. President."

Senator Sakamoto rose in support of the measure and said:

"Mr. President, I rise in support of the measure.

"Mr. President, I guess the speaker from Hawaii Kai talks about Act 51 and how perhaps this is going contrary. I think Act 51 is sort of a big picture that we passed and is in the process of being implemented. At this moment in time, funds do not go to the schools yet, via the weighted student formula, via Act 51. But if we look at class sizes or support for the classroom, one would say, is that adequate? Are the teachers happy? Do we have enough support for the students?

"Perhaps the Senator from Waimanalo might feel the teachers are happy and there's adequate support for the students if somebody came off doing standards, somebody came off doing curriculum, somebody came off looking at the federal laws that confuse and baffle many of us, some people came off 'No Child Left Behind' gobbledygook, some people came off IDEA, some people came off the many, many things that assist the teachers in the classroom. Or do we say that each teacher in the classroom should develop their own standards, develop their own curriculum, develop their own assessment, grade their own assessment? They'll figure it all out sometime between when they go home from school at 5:00 p.m. to when they come back to school at 6:00 a.m.

"Certainly not every teacher is not in the classroom, and perhaps there are some that should be in the classroom that are doing other things. I think Act 51 is a process that the department needs to determine how to set those priorities. In regard to, do we have the adequate amount of teachers in the classroom? I believe, as the Senator from Kauai pointed out and as the teachers say, they need more help.

"This is a mechanism that perhaps we can give more help to. We need more quality teachers. We don't need to hear broken records singing the sad songs of yesterday. We want to sing happier songs for tomorrow, Mr. President."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1511 was adopted and H.B. No. 1728, H.D. 1, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 3 (Hemmings, Slom, Trimble). Excused, 1 (Espero).

Stand. Com. Rep. No. 1512 (H.B. No. 408, H.D. 2, S.D. 1):

On motion by Senator Taniguchi, seconded by Senator Tsutsui and carried, Stand. Com. Rep. No. 1512 was adopted and H.B. No. 408, H.D. 2, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE ENVIRONMENT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Espero).

Stand. Com. Rep. No. 1520 (H.B. No. 1304, H.D. 1, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 1520 be adopted and H.B. No. 1304, H.D. 1, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose to speak against the measure as follows:

"Mr. President, I rise in opposition to this bill.

"Oh, no, Mr. President, it's the \$5 increase on marriage licenses. Is it still with us? We can't do that. We want to encourage marriages.

"In addition to that, this healthcare task force it has established, by the way that it's described and who is going to be on it and everything else, it's not a task force. It is an advocacy force for universal healthcare or socialized medicine and now we're going to use taxpayer funds to support it.

"I oppose it. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1520 was adopted and H.B. No. 1304, H.D. 1, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 18. Noes, 5 (Hemmings, Hogue, Slom, Trimble, Whalen). Excused, 2 (Espero, Kokubun).

Stand. Com. Rep. No. 1523 (H.B. No. 505, H.D. 1, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 1523 be adopted and H.B. No. 505, H.D. 1, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose in opposition and said:

"Mr. President, I rise in opposition to the bill mainly because again I see this is legislative interference with an industry and a business. There certainly should be changes in terms of rates and all, but I'm tired of seeing the Legislature trying to set rates for every business private and public.

"Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1523 was adopted and H.B. No. 505, H.D. 1, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO ADULT RESIDENTIAL CARE HOMES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 2 (Slom, Trimble). Excused, 2 (Espero, Kokubun).

Stand. Com. Rep. No. 1524 (H.B. No. 1317, H.D. 1, S.D. 1):

On motion by Senator Taniguchi, seconded by Senator Tsutsui and carried, Stand. Com. Rep. No. 1524 was adopted and H.B. No. 1317, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO MEDICAID," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 4 (Hemmings, Hogue, Slom, Trimble). Excused, 2 (Espero, Kokubun).

Stand. Com. Rep. No. 1525 (H.B. No. 1320, H.D. 1, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 1525 be adopted and H.B. No. 1320, H.D. 1, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Trimble rose to speak in opposition to the measure as follows:

"Mr. President, I rise in opposition to H.B. No. 1320.

"This bill would require the counties to keep recording 911 calls for a period of one year. My position on this is, number one, it should be a county decision; and number two, there were no cost figures given in terms of the financial impact of the counties other than that of the City and County of Honolulu, which already maintains it for 12 months.

"Thank you, Mr. President."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1525 was adopted and H.B. No. 1320, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO

EMERGENCY 911," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 1 (Trimble). Excused, 3 (Espero, Kokubun, Menor).

Stand. Com. Rep. No. 1526 (H.B. No. 278, H.D. 1, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 1526 be adopted and H.B. No. 278, H.D. 1, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose in opposition to the measure as follows:

"Mr. President, I'm a strong supporter of victims having restitution, but I'm opposed to this bill because we talk about the perpetrators paying the fee and yet in testimony we've had from the judiciary, they actually get very little payment. So again, it's a situation where the public is lulled into the belief that we have this program; it's working well; it's providing a lot of money for the victims when in fact the judiciary keeps coming to the Legislature for more money for victims and for other purposes.

"Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1526 was adopted and H.B. No. 278, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO VICTIM RESTITUTION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 3 (Hemmings, Slom, Trimble). Excused, 3 (Espero, Kokubun, Menor).

Stand. Com. Rep. No. 1532 (H.B. No. 1393, H.D. 2, S.D. 1):

On motion by Senator Taniguchi, seconded by Senator Tsutsui and carried, Stand. Com. Rep. No. 1532 was adopted and H.B. No. 1393, H.D. 2, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE COMMISSION ON THE STATUS OF WOMEN," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 1 (Slom). Excused, 3 (Espero, Kokubun, Menor).

At 12:26 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 1:26 o'clock p.m.

Stand. Com. Rep. No. 1533 (H.B. No. 1713, H.D. 1, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 1533 be adopted and H.B. No. 1713, H.D. 1, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose in opposition to the measure and said:

"Mr. President, I rise to speak in opposition to this bill.

"This is another one of the public funding bills. Again, in terms of priorities that we have with our tax money, I don't think that the taxpayers want to support politicians whether it's a limited number of politicians or all politicians. Again, it's a limitation of freedom of choice, freedom of will, and it's not something that should be done by the taxpayers.

"Thank you."

Senators Taniguchi, Trimble, Ige, Nishihara and Tsutsui requested their votes be cast "aye, with reservations," and the Chair so ordered.

Senator Hooser rose to speak in support of the measure with reservations and said:

"Mr. President, I rise in support to speak briefly with reservations.

"I just want to clarify that my reservations, Mr. President, are because of the narrow focus that the legislation now is proposing that was amended in the most recent Committee. I was an ardent supporter in prior discussions and I still support the concept.

"I am hopeful that down the road we can work this into a condition that I'm able to support, but if it stays in this position, I will not be able to support it further, but I am voting with reservations today.

"Thank you."

Senator Espero rose and said:

"Mr. President, support with reservations."

The Chair so ordered.

Senator Ihara rose to speak in favor of the measure with reservations and said:

"Mr. President, I rise to speak in favor of this bill. Actually, I'm speaking in favor of this bill with reservations on this S.D. 2.

"On first crossover, the Senate voted to include legislative races in a program for voluntary comprehensive public funding of election campaigns. I support this concept, Mr. President – the concept of what's often called or referred to as the clean elections program – because I believe it is important to restore public trust by removing conflicts of interest for public policymaking, at least those involving campaign donors.

"Legislators, for example, pass judgement on legislation that affect the people of this State. In contrast, judges are required to recuse themselves from deciding on cases when they have a financial relationship with a party to a case before them. However, Legislators are currently required to take action, make decisions, and vote on legislation even when we have a financial relationship with one of the parties before us that may be involved in legislation before us.

"I believe the current system of privately funded election campaigns reduces public trust, because when a major campaign donor sits across the table at a legislative meeting, the public doesn't really know with certainty if the decisions are made without influence from campaign donors.

"This bill, Mr. President, changes the Senate's previous public policy position by removing legislative races from this program and adding prosecuting attorney races instead. Proponents have given three reasons for this position: (1) the concern for the cost of the clean elections program; (2) focus on executive branch contractors; and (3) interest by the House of Representatives in including only the governor and lieutenant governor's race as well as the prosecuting attorney's races.

"Legislative races were removed from the original bill to reduce the cost of the program based on the concern of funding. But why then include the most costly race – the governor and

lieutenant governor race which costs three times that of legislative races? This is more than the House and Senate races combined. The governor and lieutenant governor races were included because of interest in addressing executive branch contractors. But why do this through a program that will cost about \$15 million when there's a way to do this at a much reduced cost?

"The Senate has, in previous Sessions, passed a ban on campaign donations from government contractors. Such a ban would accomplish the objective, but at no cost rather than the \$15 million that it would cost to include the governor and lieutenant governor races in the clean elections program.

"Finally, I understand that House Leaders have disavowed any responsibility for the alleged desire to involve or include only the governor, lieutenant governor and prosecuting attorney's races in the clean elections program.

"Mr. President, I ask that the Conference Committees on this bill remove from the program the governor and lieutenant governor and prosecuting races and reinstate the legislative races. If the House Leadership wants only House races in the program to further reduce the cost of this program, this would be acceptable to me as a way to begin the program of removing conflicts of interest situations amongst policymakers.

"Thank you, Mr. President."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1533 was adopted and H.B. No. 1713, H.D. 1, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO CAMPAIGN SPENDING," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 5 (Hemmings, Hogue, Inouye, Kim, Slom).

Stand. Com. Rep. No. 1536 (H.B. No. 1745, H.D. 1, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 1536 be adopted and H.B. No. 1745, H.D. 1, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose to speak in opposition to the measure and said:

"Mr. President, I rise in opposition to this bill.

"This bill would have eight specific requirements that the judiciary has at present, in terms of reporting, eliminated or excused so that in fact we would get even less information from the judiciary.

"The rationale for this is that many of the reporting requirements are outdated and provide little or no new information. If that's the case, then Mr. President, what we should do is make sure that we have current requirements and that the reports are in such a manner that they give us information.

"I had talked in an earlier bill about the judiciary coming before the Legislature and not giving us information – for example, on victims compensation funds, payments that were made, and also on collectibles and now we don't want to require them to do that. That would be fine if they were truly independent and they didn't need us for money or need the taxpayers, but in fact they do come here. So, if they're going to request for money, then we should continue to request that we get information that helps us in our decisions and deliberations as to whether or not they're entitled to the money.

“So, what this does is make the judiciary less accountable, and I think it’s less responsible. Thank you.”

Senators Kim, Espero and Fukunaga requested their votes be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1536 was adopted and H.B. No. 1745, H.D. 1, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO REPORTS TO THE LEGISLATURE,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 4 (Hemmings, Hogue, Slom, Trimble).

Stand. Com. Rep. No. 1552 (H.B. No. 325, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 1552 be adopted and H.B. No. 325, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senators Kim and Sakamoto requested their votes be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1552 was adopted and H.B. No. 325, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO EMPLOYMENT PRACTICES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 6 (Hemmings, Hogue, Ige, Slom, Trimble, Whalen).

Stand. Com. Rep. No. 1553 (H.B. No. 1318, H.D. 1, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 1553 be adopted and H.B. No. 1318, H.D. 1, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Trimble rose to speak in opposition to the measure as follows:

“Mr. President, I rise in opposition to H.B. No. 1318.

“Colleagues, if you compare the State of Hawaii with other states in terms of the number of sick leave days one can accumulate, we lead the list with 21. When the testifiers came before us and asked that we grant five days of leave for bone marrow donation and 30 days leave for organ donation, this fact was not mentioned. They mentioned the fact that there are 20 states that currently provide such leave. The federal government does, but I wanted to call your attention to the fact that our sick leave accumulation policy is 60 percent more generous than that of the federal government in the average of the 50 states in the United States.

“So, if we want to add this as one more, at least we ought to be able to cite one case where one donation was not made because our sick leave policy was inadequate. Until this is done, I don’t think it is appropriate to pass this measure.

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1553 was adopted and H.B. No. 1318, H.D. 1, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO PUBLIC EMPLOYEES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Slom).

Stand. Com. Rep. No. 1569 (H.B. No. 1309, H.D. 2, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 1569 be adopted and H.B. No. 1309, H.D. 2, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator English.

Senator Slom rose to speak in opposition to the measure as follows:

“Mr. President, I rise in opposition to this bill.

“Well, how many times do I have to talk about this? It started off people were talking about this as being home rule – just simply giving the counties the right to institute a tax if they

wanted to. This bill has nothing to do with home rule because first of all it's not autonomy for the counties. Secondly, the bill is very specific that the City and County of Honolulu must – must – use its increase for rail transit or mass transit and to meet requirements of the ADA, whereas the neighbor counties if they pass resolutions they do have the right to use their money for other transportation options, including bikeways, roadways, streets, highways, transportation, transit, and other things. So it has nothing to do with home rule.

“Secondly, it really has nothing to do with transportation because the title of the bill is ‘related to taxation,’ not transportation, and it forces an increase. Certainly the Senate has changed its position. Originally it was supporting a full 1 percent increase. Now it's down to one-half percent, which is still a 12½ percent increase of the general excise gross income tax. But what it does is it forces the taxpayers to, if adopted, support a program of a train that's going nowhere. There's no plan. There are no roots. There's no schedule. There's no technology. There's nothing at all, but we're in a rush to pass a tax increase.

“There have been people on the outside that have said that a half percent is not enough anyway. They want the full percent. So when we go into Conference Committee, I doubt that we have very much leverage or bargaining power.

“In addition, there is a sunset clause in the bill which normally would be a good thing, but the proponents of rail transit have said that basically the federal government doesn't want any kind of sunset and/or any kind of limitation. What they want is pure and simple – a dedicated, permanent, lifelong tax increase. And that, Mr. President, is where we are right now. A tax increase for something that has been non-defined that we don't know anything about.

“This is not about solving transportation problems because yes we have massive transportation problems. We want to solve problems not only on the Leeward Coast on Oahu, but also the problems that the neighbor islands have because they have fewer options. But this is not the way to do it.

“And in addition to this, this is really a squirrely way at a tax increase then everybody can say, well, we didn't do it, they did it. We just provided the ability for them to raise the taxes. And there's not even a guarantee that the city council, when the rubber meets the road, will actually vote to increase taxes, but what we're doing is, instead of looking for real solutions or talking about options and alternatives, which have been discussed in this Body and in the community for years, we are only simply again talking about increasing taxes. And it would be bad enough if this were the only tax increase the Legislature is considering this year, but there are other taxes, other tax increases that we're considering as well.

“So, for these and other reasons, I urge my colleagues to vote ‘no.’ Thank you.”

Senator Taniguchi rose and said:

“Mr. President, I rise to speak in favor of this measure.

“Mr. President, since the previous speaker's comments were rather squirrely, I will have my comments inserted into the Journal.”

The Chair having so ordered, Senator Taniguchi's remarks read as follows:

“Mr. President, I rise to speak in favor of this measure.

“In an effort to support the building of a light rail system for the residents of Oahu and to help alleviate the traffic problems that are growing on the neighbor islands, I urge my colleagues to support H.B. No. 1309. H.B. No. 1309 provides the counties with an optional funding mechanism to help solve their traffic problems. For the City and County of Honolulu, the GET surcharge authorized in this measure will be one of the financial options it could use to build a rail system that will help move people around the island and provide a better quality of life for Oahu's residents.

“While many may support the idea of a light rail system, the Senate has concerns about the unknowns in the City's plan. Without knowing what the cost of the project will be, how the money will be managed, and the amount of a federal match, it is difficult for this Legislature to ask taxpayers to shoulder the burden of a full 1 percent increase in the general excise tax. Therefore, H.B. No. 1309 has been amended to address some of these issues by reducing the maximum surcharge allowed on the GET to ½ percent, clarifying the use of the revenue from this surcharge and linking it to the commitment of federal dollars. In addition, we have provided a tax credit to address the regressivity of the GET to help offset the cost of the surcharge for residents. A 10-year sunset clause is included in the bill to ensure that there is the opportunity to evaluate the progress and management of the surcharge revenue.

“As with many bills today, this bill is a work-in-progress that addresses one in a handful of funding options for a mass transit system.

“The measure should go on to Conference Committee to work out the details. Both the House and the Senate should continue to work together to provide the City and County of Honolulu with the tools it needs to alleviate the traffic problems on Oahu.

“Those on the other islands will benefit from this bill by having the opportunity to look at their own unique issues with traffic and have a funding provision in place to finance any solutions they seek to implement. What works on Oahu is certainly not what is needed on Maui or Kauai, while the Big Island has needs of its own. All the counties should be given the resources to deal with their traffic issues and ease the congestion that frustrates us all.

“I urge all Senators to support H.B. No. 1309.”

Senators Hanabusa and Ige requested their votes be cast “aye, with reservations,” and the Chair so ordered.

Senator Menor rose and said:

“Mr. President, I'll be voting with reservations.”

Senator Ihara rose in support of the measure with reservations and said:

“Mr. President, I rise in support of this measure with reservations.

“Mr. President, my concern on this bill has to do with what I believe is a lack of an adequate process for Honolulu County to reach the best consensus possible in favor of building and funding a fixed rail rapid transit system. I concede that my concerns may be addressed voluntarily by leaders of the City and County of Honolulu, but I am not optimistic and would prefer a more extensive public deliberation process required in this bill.

"Mr. President, there is the issue of getting consent of the governed for the tax increase and also on whether expectations are realistic that a rail system will significantly reduce traffic congestion. But I want to point out another issue that may underlie the project – and that is the reality that the rail system will be elevated virtually throughout its entire route. I believe that unless our community can accept this elevated, what I would call a 'physical symbol' that will transform our collective identity into a modern urban city, perhaps identifying closer than we would want to the mainland cities like LA and so forth, the project may not resonate as to what's truly needed on Oahu.

"For most of us, when we return home each night, we don't feel like we live in a city like LA or San Francisco or Chicago, but probably more like cities that are comparable in size like Dayton, Ohio; Fresno, California; Birmingham, Alabama; or Tucson, Arizona. Somehow, on Oahu we still feel like we're not urban dwellers, for most of us. Whether we live in Palolo, Manoa, Aiea, Pearl City, or Waipahu, for the most part, it still feels like we're living away from the big city and far enough to be comfortable in the suburbs. But by constructing a permanent, long, elevated rapid transit line aboveground from perhaps Waipahu to Waikiki, we will have to confront the idea that our beautiful island of Oahu will be changed forever.

"The natural environment of our islands is so much a part of our collective identity that we're in for a rude awakening. Mr. President, unless this change in our community self-identity is addressed, I believe there will be a nagging resistance to an elevated rail system of Oahu.

"In the end, I'd like Oahu residents to make a choice about whether we want a rail system to reduce congestion and whether it is worth paying more in taxes. But unless the underlying social identity issue is addressed, the tax increase and an inefficient transit system may be only superficial reasons that a significant part of our community may hold on to longer than we would want.

"Thank you, Mr. President."

Senator Espero rose in support of the measure as follows:

"Mr. President, I'd like to rise in support of this measure.

"It's been mentioned that this has nothing to do with transportation, it just has to do with taxation. This has everything to do with transportation, Mr. President. In 50 years or 100 years we're going to try to determine what type of transportation we're going to be using. A hundred years ago they were walking, using mules, horses, whatever the case may be. We're going to try to come up with a plan that our grandchildren, their grandchildren will be able to use. Will we build more roads? Will we have more vehicles? At OMPO they mentioned that in 25 years we might have an extra 250,000 people living on this island, and with those 250,000 they're going to be bringing more cars. We really can't afford to have more cars on the road and more roadways.

"The opponents of rail suggest that maybe we should just double-deck H-1, build some tolls, and that will take care of the problem, but it will not, Mr. President. This has been an issue that we've been trying to solve for the last 25 years plus. And to date, there is not a solution in sight. For those of us that live in West Oahu and Central Oahu, we see it getting worse year after year. And for those people that are lucky enough to live in urban Honolulu, it's good for them, but this island is always changing.

"There were comments on what do we want this place to look like? This island changed when the first airplane landed.

This island changed when the first hotel was erected. This island changed when H-1 was built. This island changed when there was determination that we are going to become part of the United States of America. And it's going to continually change, but we need to take this issue, move it forward, and continue discussing it.

"Yes, we don't have the plan from A to B, everything in place. That would be too perfect. But there are studies, people with experience that have been looking at this issue, and we need to come up with a plan that at the very least will stop the traffic from getting worse and provide a quick, efficient system for our residents that will not be susceptible to flat tires, to accidents, to bad weather, to debris on the roadway. We need an efficient system and then we need to educate our keiki that this is a system that may one day take you to East Honolulu, Mililani, or North Shore, if we're so brave and have the will to do it.

"Right now, by doing nothing and just saying, well, let's build a toll road . . . I remember, I think Mr. Slater, one of the major opponents of this rail suggested at a Committee meeting that we look at toll roads. All that's going to do is allow maybe the people who are working, people who are rich to use that. What about the low-income people? I did some equations, some calculations myself. If I were to use a toll road every day, it would cost me \$960 if it were \$4 roundtrip, and that's a conservative figure. They say this 1 percent tax will increase a family of four by \$900.

"So there's a lot of numbers and ways we can look at this but we need to move this forward, Mr. President, because it's not a 5-year, 10-year, 15-year plan. It is a 100-year plan. The New York City subway has been there for over 100 years, and if we want to be a great city like many of the other great cities in this world, we definitely have to look at our transportation infrastructure.

"Thank you, Mr. President."

Senator Hemmings rose to speak against the measure and said:

"Mr. President, I rise to speak against this legislation.

"Mr. President, I was born in Honolulu, Hawaii. The last thing in the world I want to be is a city like New York City.

"In regards to the fixed toll-way, yes, the people using it may pay \$900 per family per year, but that's better than everybody on this island paying the same price for something that most of us will never use.

"Number two is, the previous speaker invoked the class-envy issue that the wealthy people will be able to pay for it. Well, there's nothing that says the toll road cannot be used for mass transit busses to take larger numbers of people on the elevated toll-way. If we really want to help solve the problem and get people out of their cars in a system that's much more flexible, an elevated toll-way would allow busses to get on it to bring a large number of people to town. But the genius in it is that the people can stay on the bus and go to their specific locations without having to get off a train and then get on another government funded monopoly system like a bus, which we already have.

"I want to remind the previous speaker and the others that our wonderful bus system on Oahu that gets lauded so much here in Honolulu does cost the taxpayers another additional \$120 million-plus per year in subsidies, because the fare only accounts for about 27 percent of the cost. What we also learned

from this monopoly bus system is that the minute there's a strike, we're stuck without transportation.

"So, the flexibility of an elevated toll-way makes eminent sense for many reasons and it also most especially could be used for mass transit such as busses, moving people from the Leeward plane of Oahu into the city and then getting off of it and having the flexibility to take them right to their doorstep.

"So, for these reasons, I'm voting against this authorization for a fixed guideway mass transit system. Thank you, Mr. President."

Senator Hooser rose in support of the measure and stated:

"Mr. President, I rise in support of this measure.

"Mr. President, I think this is a well thought out, but not complete, measure that will take more work to make it just right. Nevertheless, I support the measure. I support its focus on mass transit. It's keyed to certain deadlines. It's keyed to the matching federal funds. It's keyed to the action of the City and County of Honolulu. The federal government is not going to approve matching funds, Mr. President, if there isn't a plan that convinces them that it's well thought out.

"I agree that design is certainly important. I believe that the character of our community is important, and I'm hopeful that the ultimate design will be what this community deserves.

"Mr. President, I think people in the Chambers here forget that highways cost money. Highways are probably the biggest government subsidized infrastructure we have in the state right now. Many of us pay for highways that we don't use. People that don't drive pay for highways. People that ride the bus pay for highways. People that are blind and can't drive pay for the highways. The federal government pays for them. People in Minnesota, I believe, pay for our highways.

"Cars are very expensive, Mr. President. The average family pays something like \$6,000 a year just to operate their cars, with insurance, depreciation, gas and what not. People in our community are slaves to their cars, and we need to break that chain. Unless we offer them an option, Mr. President and colleagues, we will continue to be building more roads, buying more cars, burning up more oil, polluting our air even more, finding more places to dump our tires, more places to dump our batteries. We will continue incurring tangential costs to dispose of batteries, and cars, and tires. We will continue to increase environmental problems with asphalt, and runoff, and pollution.

"There are many, many costs. There's a cost for doing nothing, a bigger cost, perhaps, than the \$900 a year that our highest spending residents will pay if this measure passes. For those reasons – and for many others – I support this measure.

"Thank you."

Senator Ige requested his vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1569 was adopted and H.B. No. 1309, H.D. 2, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 6 (Hemmings, Hogue, Slom, Trimble, Tsutsui, Whalen).

Stand. Com. Rep. No. 1571 (H.B. No. 1645, H.D. 1, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 1571 be adopted and H.B. No. 1645, H.D. 1, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose in opposition to the measure and said:

"Mr. President, I rise in opposition to this bill.

"This is a continuation of the bill, really, that we just heard, only it makes it even worse because now with this bill, we're going to shift everything from the highway fund, which the previous speaker was correct – highways cost money. We pay fuel taxes for the highways and then we find that the highway funds are being used for other purposes. And now here's a new purpose – to use the highway funds for a mass transit special fund.

"In addition to that, we are going to add yet another new tax – an ad valorem tax on motor vehicles based on the weight of the vehicle. That, in itself, is not unique because several states already use an ad valorem tax. What is unique is this will be on top of the weight taxes, state and county, that we already pay. So it's not a separate tax; it's not an alternative tax; it is yet another tax on top of this.

"It also allows the counties to raise their fuel taxes. We heard testimony earlier this morning that we already have the highest fuel taxes in the nation. If we really want to help people, if we want to lower the cost of gasoline, lower the cost of maintaining that car every year, we could lower our fuel tax. But no, what are we doing? We're now proposing that we raise the fuel taxes.

"So, all of this in a blind drive for, as I said before, a train that goes nowhere. And it's interesting that even the proponents of this admit and acknowledge that a large segment of this population has said consistently for 10, 15, 20, 30 years that they don't want this project even if it could be defined, but they certainly don't want a project that is not defined at all.

"As the Chairman of Ways and Means had said before, we should go by a blind leap of faith. I, myself, cannot make that leap and I don't want to make that leap for other people. Let them leap if they want or stay on the narrow of land. In any event, that's all we're doing is raising taxes here, so all the platitudes about transportation solutions, we're not looking at them. And by the way, there have been many more solutions offered by Mr. Slater, Mr. Prevedouros at the University of Hawaii, and others, other than just toll roads. We're seeing some of the things that are being done right now by the Department of Transportation and other ideas are coming out.

"We're not listening to the people. We're trying to force a rail transit down the throats of individuals when every study across the country shows that the ridership in rail transit, mass transit is steadily declining and the cost of operation, of maintenance are steadily increasing. And I have yet to have one of my colleagues in this Body or in this big square building say, 'yeah, I want the rail transit because I'm going to give up my car.' What I hear them say is, 'no' – they want other people to give up their cars so that there's more room on the freeway for them, because 'we're Legislators and we're important, and we have things to do, places to go, people to see.'

"So, until I'm really convinced and I see, number one, a plan, any plan; and number two, a majority of people that say yes we are willing to be taxed on our vehicles, more tax on our fuel, more tax on every purchase and every service we make – until I

see that, Mr. President, I will continue to strenuously oppose this misuse of tax money.

“Thank you.”

Senator Taniguchi rose in support of the measure and said:

“Mr. President, I rise to speak in favor of this measure.

“Mr. President, the intent of H.B. No. 1645, as received by the Ways and Means Committee, was to provide optional interim planning money to the City and County of Honolulu for a mass transit system. After discussion, however, your Committee on Ways and Means amended the bill to make these monies, roughly \$3.6 million, available to the city only if city and federal funds have been exhausted. I believe we had some news that the city had received roughly \$10 million in planning money, but we weren’t clear about that at the time we did this bill.

“Your Committee also amended the measure to provide two other funding options for the city and county to construct and operate a mass transit system. In particular, it makes provisions to allow the city to implement an ad valorem vehicle tax – a non-regressive tax that will have the least impact on those in the lower income brackets. It also clarifies that the county may raise its portion of the fuel tax for the purposes of funding, operating, and construction costs of a mass transit system.

“These provisions do not – I repeat, do not – force the county to raise the aforementioned taxes. It merely gives the City and County of Honolulu options in structuring their funding for the planning of the mass transit system.

“In tandem with the provisions found in H.B. No. 1309, which we just voted on, I believe the new provisions found in H.B. No. 1645 will provide your Conference Committee with several avenues to continue discussions on mass transit funding with the city.

“I urge my colleagues to support this measure. Thank you.”

Senator Espero rose to speak in support of the measure as follows:

“Mr. President, I’d like to rise in support of this measure.

“I’d like to say that if a rail system is ever built in our time, I will give up my car – not five days a week, Mr. President, but I definitely will not use it five days a week to come into work. There will be times when I will need a vehicle like most of us in here. I have ridden rail systems in other cities. They are very efficient, clean, fast, and I will be one to say that I will give up my vehicle.

“The irony of all this is that if we had built a transit system in 1992, we’d have a system in place today. Our political leaders were not able to make those important decisions and I believe that the residents of Oahu have suffered since then. If that decision had been made back then, we’d be able to take it from Kapolei to downtown today, possibly UH, and this discussion may be on putting a spur to East Honolulu or Mililani. But I don’t want to look back on my career and say, ‘gosh, I wish we really did it and we really tried hard.’

“This measure, this issue of transportation, Mr. President, is so important for our State and for Oahu. It only makes common sense that we move this measure out and continue the dialog and discussion.

“Thank you, Mr. President.”

Senator Trimble rose to speak in opposition to the measure and stated:

“Mr. President, I rise in opposition to this measure.

“I just want to note for the record that I, too, have rode mass transit systems on the mainland and in Europe, and I’ve already given up my automobile more than three days a week. So, you don’t have to have a rail transit system to give up your car.

“Thank you, Mr. President.”

Senator Hooser rose to support the measure and said:

“Mr. President, I rise in support of this measure.

“Mr. President, I spoke in support of the prior measure and I like this one even better. This measure is terrific, and I want to complement the Chair and all the people who put this one forward. This is so great. You know why? Because it ties directly to the people using their cars, the cost of public transportation, the cost of mass transit.

“If you’re not part of the problem – if you’re not driving your car or creating that traffic – you don’t have to pay. That’s the direct nexus to mass transit, public transportation.

“I think it’s forward thinking. It allows us to use highway funds for transit. I think that’s a great move. It just allows us to do it. It doesn’t make us do it in the counties. It gives the counties the right to this ad valorem tax. It provides tools for mass transit.

“And Mr. President, oftentimes in this room there are facts quoted and I think some of my colleagues tend to be stuck in research that is 20 years or older. The fact is, Mr. President, since 1995, national transit ridership has increased six out of seven years and overall national transit ridership has increased 21 percent. It’s not declining; it’s not flat; it’s growing nationally. In 1999 and 2000, the growth in trips in transit actually increased more than the growth in trips by automobile travel. Ridership increases have been even greater in cities that add light rail. It’s not stagnant; it’s not falling; it’s growing. Almost every city that developed light rail systems over the past 30 years are now expanding those systems. This year, new urban rails will open in Minneapolis, Las Vegas, Houston, San Juan and many other places. The truth is that people are increasing their use of mass transit and it’s not decreasing.

“This is a good bill and I urge my colleagues to support it. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1571 was adopted and H.B. No. 1645, H.D. 1, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO MASS TRANSIT,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 5 (Hemmings, Hogue, Slom, Trimble, Whalen).

Stand. Com. Rep. No. 1572 (H.B. No. 128, H.D. 2, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 1572 be adopted and H.B. No. 128, H.D. 2, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose to oppose the measure and said:

“Mr. President, I rise in opposition to this bill.

"This is very troubling for me because I certainly support local Hawaiian beach boy services. I think the services are unique. I'm a little troubled, though, with the history of this particular measure and what is behind it. The idea that, for example, the primary beneficiaries of this bill still owe money to the City and County of Honolulu for beach services there. I'm troubled because of recent investigations that have shown large amounts of cash money that have allegedly been transferred for various kinds of beach services and have not been reported and not been collected. I'm troubled also because this bill would remove the requirement for open bidding and discussion of leases for this activity.

"While it is true that all of us can enjoy as a unique cultural heritage what beach boys have done, I think that for those of us that reminisce in the past, the past traditions may not square with what the realities are of today. The financial aspects of this bill, the one-sided nature of this bill, the lack of transparency of this bill should be troubling to more of my colleagues than just myself, and just because we put good words that say that this will perpetuate a tradition does not in fact make it so.

"There has not been very much discussion about the bill. It has not undergone scrutiny. But as I say, the far most troubling aspect of it is that we are again going to shut off an activity that should be open to public investigation and public acknowledgement in terms of contracts and agreements that are made.

"So, reluctantly, I'm forced to vote against this bill. Thank you."

Senator Kokubun rose in support of the measure and stated:

"Mr. President, I rise in support of this measure.

"Mr. President, with respect to this particular bill, actually this was the subject of a very heated and very long public hearing before the Committee on Water, Land, and Agriculture. So, there was much input, and I think what the Committee has tried to do in this situation is to provide a level playing field for a number of different organizations to participate in providing these services to the public and to the residents of Hawaii.

"True, I think there is some background that needs to be looked at in more detail, but the idea was again to provide the opportunity for more than one concessionaire to be provided an opportunity to operate along this area that we have geographically defined from Kaimana Beach to the Ala Wai Boat Harbor.

"So, rather than say that this is specifically for one group and rather than say this is not going to be subject to public scrutiny, I think the exact opposite is true. This is going to be a situation where the public record will be open for the Department of Land and Natural Resources to share with anyone who wants to come in and examine their process for approving concessions.

"Thank you, Mr. President."

Senator Ihara rose to speak in support of the measure with reservations and said:

"Mr. President, I rise in support of this bill with reservations.

"Mr. President, my reservations on this bill is because it specifically allows beach boy concessions on beaches from Kapahulu going in the Koko Head direction toward Kaimana Beach. I believe inclusion of these areas in this bill is

inappropriate and ill advised for three reasons: (1) these beaches front the ecologically sensitive Waikiki Marine Life Conservation District; (2) Kaimana Beach is under a beach reclamation restriction on commercial activity; and (3) most of these areas are included in the Kapiolani Park Trust that prohibits commercial activity within trust lands.

"Thank you."

Senators Hanabusa, Kim, Trimble and Ige requested their votes be cast "aye, with reservations," and the Chair so ordered.

Senator Trimble rose to speak in opposition to the measure and said:

"Mr. President, I rise in opposition to H.B. No. 422.

"If the issue were a question of public health and safety, then the title of the bill would relate to discharge of waste and it would relate to those set of circumstances in which the most threat to public health and safety existed – and that is discharge on land, not saltwater – and it would apply to the public sector as well as the private sector. But this bill singles out a single segment, which is the cruise industry, and applies a unique set of standards only to them.

"For that reason, I'll be voting against this measure. Thank you, Mr. President."

Senator Slom rose to support the measure and stated:

“Mr. President, I rise in support of this bill, but I’m very troubled by this bill.

“I, like many of my colleagues, have continued to support the substitute teachers throughout this Legislative Session knowing full well that they got a bad deal. They were lied to by the Department of Education. The Department of Education broke a number of promises with them. And now they come to the Legislature to ask us to extend the statute of limitations from two years to six years and to provide them with salary increases. And because they brought their actions in a legal manner against the Department of Education, this bill also provides funds to the DOE to defend itself from the very lawsuits that it created by lying to the substitute teachers.

“I’m voting for this bill to give the substitute teachers what they deserve, but what I would like to see amended in this bill is that we take money away from the Department of Education, make them stand to jerk from the lawsuits that they created, and make sure that in the future if they break more promises and lie to their own employees as well as to the taxpayers and the public, they pay and not the taxpayers.

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1587 was adopted and H.B. No. 875, H.D. 2, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO GOVERNMENT,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 1588 (H.B. No. 1590, H.D. 2, S.D. 2):

On motion by Senator Taniguchi, seconded by Senator Tsutsui and carried, Stand. Com. Rep. No. 1588 was adopted and H.B. No. 1590, H.D. 2, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO THE HAWAII FILM AND DIGITAL MEDIA INDUSTRY,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Trimble).

Stand. Com. Rep. No. 1591 (H.B. No. 1308, H.D. 1, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 1591 be adopted and H.B. No. 1308, H.D. 1, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose to speak in opposition to the measure and said:

“Mr. President, I rise in opposition to this bill.

“Remember a little while ago I was telling you about all the tax increases that we’re voting on today, the increased burden that we’re placing on the taxpayers of our State, the lowered

standard of living that we are subjecting them to, well, this is another one of those bills.

“It has a feel good section. We’re going to buy lands. The state is going to go more into the real estate business and buy and protect various lands, some of which are unidentified. And how are we going to do it? We’re going to do it by increasing the conveyance tax, which is supposed to be a tax that meets the cost of recording your mortgage, your deed, your rental property or something else. We already have other forums and agencies that are using the conveyance tax – housing, low income, other people.

“It was supposed to be simply a fee that matched the cost of providing this recordation service, then it was to increase their computer use, now it’s for housing, then it’s for land purchases. My God, somehow I’m sure the proponents will get this for the rail tax increase as well. They can add conveyance tax to the fuel tax, to the ad valorem tax, and to the body tax.

So, I’m voting ‘no,’ Mr. President. Thank you.”

Senator Kokubun rose in support of the measure and said:

“Mr. President, I rise in support of the measure.

“Mr. President, I don’t think there’s another bill that’s more significant for us to consider this Session. This bill will establish a legacy lands program for the State of Hawaii. There’s no doubt in anyone’s mind that there are significant lands across the state that need to be protected and preserved for the future of Hawaii and for the enjoyment and the educational needs of the future generations for Hawaii.

“It’s very true, as the previous speaker, the Senator from Hawaii Kai, has pointed out that the vehicle, the means to finance this program, will come from an increase to the conveyance tax. However, I want to also keep in mind that this is a sliding scale applied to the conveyance tax and in fact it will be those homes that are costing as much as \$500,000 and over that will be paying the increase. The way the conveyance tax proposed is developed at this point in time, anything below the \$500,000 level will continue to just pay the existing rate.

“Mr. President, I think it’s very, very important to keep in mind that there’s a direct nexus between the payment of conveyance taxes to what we’re trying to do here in terms of preserving lands for future generations. There’s no doubt in my mind this is a very, very important bill and I would ask my colleagues to support it.

“Thank you.”

Senator Sakamoto rose to support the measure as follows:

“Mr. President, I rise in support of the measure.

“Mr. President, although we’ve been making new land on the Big Island bubbling into the ocean, there is no question that of the resources we have, land is a precious resource. As we transact business on this island, Mr. President, one can say we shouldn’t tax. There’s 20 percent of the people in this state, including perhaps the Senator from Hawaii Kai, who would say any tax is a bad tax no matter what the use. So, you need to set aside those people who speak against, vote against any tax for whatever reason, because in their mind, there is no good tax.

“But I agree with the Senator from the Big Island that this is a very important bill. How do we preserve precious parts of our aina unless we’re willing to balance the cost of doing so with measures such as this to raise the tax, to have a bar at a certain

point to say we need to do what some others don't want to do. But we need to do it if we expect our Hawaii to be a place that we, our children, our children's children, should we have children and they have children, we want them to say thank you for preserving our Hawaii, our aina."

Senator Trimble rose on a point of information and said:

"Mr. President, I have a point of information.

"I was just curious about what percent of the land . . ."

The President interjected:

"Are you directing your question to the Chair?"

Senator Trimble answered:

"The question is, how much land of that which exists in Hawaii is owned by the government?"

The President posed the question and Senator Kokubun answered:

"Mr. President, I'm not able to provide that figure at this point in time, but I'd be happy to do that if the good Senator from Waikiki requests that information."

Senator Trimble rose and said:

"Thank you."

Senator Slom rose in rebuttal and said:

"Mr. President, Mr. President, brief rebuttal.

"I'm cut to the quick that the good Senator from Moanalua/Salt Lake would say that I would never support a tax. Mr. President, there are some taxes that are necessary to operate the government for the lawful purposes of the government. However, we've gone so far beyond that, Mr. President. We now want a tax for everything and we want to tax everybody and everything – if it moves, we tax it; if it doesn't, we regulate it. You know, that's what we do.

"So yeah, there are some taxes that are legitimate. But whenever it comes to increasing a tax or adding a new tax, I want to know what it's for, and I want to know if we can afford it, and I want to know where it comes in the line of priority. Sure it would be nice to buy additional lands. One of the properties that is being talked about in legacy lands is the farmland in Hawaii Kai and we would love to see that preserved and kept an open space.

"But it is a legitimate question – how much land the government already owns and how much can we afford to buy, and to save, and to preserve. There are in fact private foundations, there are in fact private groups that operate within our own state. They use their own money. They buy and preserve land. They buy it and use it for specific purposes. That's fine.

"And to the extent that we had unlimited resources and we could do everything we want – take care of all the little keiki, and take care of all us older people, and take care of all the people in between, and provide every service there is without any priorities – then that's fine, then we could use this. But what I'm saying is, the idea of continuing to raise taxes on everybody and everything and then going out with a shopping list to buy this, preserve that, save that, we've got to have a priority because that's what the families that you're taxing have

to do. There are many things that they would like to do for themselves, for their family, for their keiki and they can't do it because we take the money away from them first and we say we know better.

"And by the way, for my good friend from the Big Island, let me just update you a little bit – the median price of a single family home in Hawaii is now over \$550,000; on Maui it's \$600,000. So, anything below that, I guess we're talking about slum housing. They wouldn't be affected by the tax increase.

"But let's get real – one of the drivers, the cost drivers of housing and land and everything else are the taxes and the impact fees and all of the things that we do in here in the comfort of this nice cushioned, air-conditioned room. We've got to look to the future, Mr. President, and we've got to look at where the money comes from.

"And just as I was talking about mass transit, I don't see too many of my colleagues that line up in the front of the room and reach in their own pockets. They're reaching in the pockets of other families and other people and it's got to stop.

"So, any of those tax increases, you bet I will fight every one of them. If it's a question of providing for services that government is supposed to provide for – federal, state or local – then that's one of the things that we have to bear. But we're adding far too much to that list and this is just one item. And that's why I voted 'no.'

"Thank you."

Senator Hooser rose to support the measure as follows:

"Mr. President, I rise in support of this bill.

"I'd like to start, Mr. President, by saying I would gladly reach into the pocket of these million dollar homeowners if I thought it would help a child or help preserve our environment, preserve open space, help older people, those in poverty. I would gladly, gladly do that because I think they owe more than everybody else. I think we each pay what we can, but I think those in the very higher income levels deserve to pay more, and I don't have a problem asking them to do so.

"A similar concept was approved overwhelmingly by the voters of Maui County and Kauai County in terms of dedicating public funds to purchase open space, park lands, public access and those types of things – overwhelmingly by charter amendment on Kauai County and Maui also.

"Even with the increase that we talked about in prior Sessions, Hawaii would still pay one of the lowest conveyance taxes in the nation. So, it's a relatively small amount of money for a very good purpose and I would be remiss if I did not add that this will also increase funds for the rental housing trust fund and other good purposes.

"So, for those reasons and others, I urge my colleagues to stand in support."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1591 was adopted and H.B. No. 1308, H.D. 1, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO LAND CONSERVATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 5 (Hemmings, Hogue, Slom, Trimble, Whalen).

Stand. Com. Rep. No. 1593 (H.B. No. 109, H.D. 1, S.D. 2):

On motion by Senator Hanabusa, seconded by Senator Taniguchi and carried, Stand. Com. Rep. No. 1593 was adopted and H.B. No. 109, H.D. 1, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO LAND USE COMMISSION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 1596 (H.B. No. 140, H.D. 1, S.D. 2):

On motion by Senator Taniguchi, seconded by Senator Tsutsui and carried, Stand. Com. Rep. No. 1596 was adopted and H.B. No. 140, H.D. 1, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO HUMAN SERVICES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 5 (Hemmings, Hogue, Slom, Trimble, Whalen).

Stand. Com. Rep. No. 1597 (H.B. No. 1146, H.D. 1, S.D. 2):

Senator Tsutsui moved that Stand. Com. Rep. No. 1597 be adopted and H.B. No. 1146, H.D. 1, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator English.

Senator Trimble rose in opposition to the measure and said:

"Mr. President, I rise in opposition to H.B. No. 1146.

"Colleagues, this is employee classification by fiat. If we do it here, essentially we're saying we really don't need the Department of Human Resources; we can do it ourselves. I think this is micro management of the worst sort and I will be voting against this measure.

"Thank you, Mr. President."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1597 was adopted and H.B. No. 1146, H.D. 1, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO CIVIL SERVICE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 4 (Hemmings, Hogue, Slom, Trimble). Excused, 2 (Menor, Taniguchi).

Stand. Com. Rep. No. 1599 (H.B. No. 429, H.D. 1, S.D. 1):

On motion by Senator Tsutsui, seconded by Senator English and carried, Stand. Com. Rep. No. 1599 was adopted and H.B. No. 429, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR EXPENSES OF THE 2005 NATIONAL ASSOCIATION OF COUNTIES ANNUAL CONFERENCE AND EXPOSITION IN HONOLULU," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 3 (Hemmings, Slom, Trimble). Excused, 2 (Menor, Taniguchi).

Stand. Com. Rep. No. 1604 (H.B. No. 332, H.D. 1, S.D. 2):

Senator Menor moved that Stand. Com. Rep. No. 1604 be adopted and H.B. No. 332, H.D. 1, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Hogue rose in opposition to the measure as follows:

"Mr. President, I rise in opposition.

"Mr. President, what this has to do with is labeling or signage of bread that has been previously frozen and I should note that there were I believe just two supportive testimonies. There were hundreds of oppositional testimony and yet for some reason the Committee decided to go forward and come up with what I call a 'kumbaya' bill, which is a compromise measure with a defective date for a problem that really doesn't exist.

"I think most of us agree that we take our bread and we go home. Some of us put it in a bread box, some of us put it in the freezer and then we use it. What this compromise measure is doing is it is saying that any previously frozen bread, once it hits the stores there will have to be signage out there in that particular store indicating that that bread has been previously frozen.

"It appears to add another layer of regulation, this time on the food industry, and in my mind it can lead to . . . we'll just have signs all over the place indicating how food products have been handled prior to their sale to the public.

"So, this bill is unnecessary because it was never shown – it was never shown – in the testimony that there's a problem. There's no problem with previously frozen bread. We all go home and we freeze our bread and then we eat it once it thaws out. There is not a problem. This is not like previously frozen meat that is thawed out and then it's re-thawed and then it's thawed out and there might be somebody with salmonella or something. There is no problem here.

"This bill is an obvious effort to protect the largest maker of baked goods here locally. That's exactly what's going on here. So this is unnecessary and I would hope that we would vote it down.

"Thank you."

Senator Slom rose in opposition as follows:

"Mr. President, I rise on opposition to this bill, too.

"Mr. President, give us our daily bread. (Laughter.) It's amazing, as the good Senator from Kaneohe said, here is another one of those bills to address a problem that does not exist unless it exists in some monopolist mind. But it's interesting that of the two organizations that testified against it, one was the teachers union. I wonder if that's because they're afraid of using frozen bread in the schools or if somehow that affects the pupil/teacher ratio or the learning curve or something else.

"How ridiculous this measure is and how ridiculous this makes us look! I mean, frozen bread. As the good Senator said, if we're talking about meat products or we're talking about seafood products or we're talking about something that really has a safety and consumer concern, we certainly can understand that. But this is bread, and it's not labeling. If it were just labeling, that would be one thing, but the reason that all of the other businesses testified against it is because it is an unwarranted cost and another added burden to doing business in this state.

"Thank you."

Senators Sakamoto and Tsutsui requested their votes be cast "aye, with reservations," and the Chair so ordered.

At 2:29 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 2:31 o'clock p.m.

Senator Baker rose in support of the measure and said:

"Mr. President, I rise in support of this measure and to provide some clarification for some of the members.

"When this measure was heard in the Health Committee, there was absolutely no opposition. By the time it moved to Consumer Protection, some of the distributors and wholesalers had grave concerns about labeling, saying that it was going to add to the cost. The measure went to a notice requirement, because most people simply don't know that most of the bread on the store shelves has been flash frozen and thawed, and it's really a matter of just informing the consumer that particular situation exists. The sign, as called for in this measure, is very small and would not be burdensome and had in fact been suggested as a way to handle this particular item from representatives of the food industry.

"So, we don't believe that the kind of opposition that our friends across the way noted, which was there before the bill was amended, still exists.

"Thank you, Mr. President."

Senator Trimble rose to oppose the measure and said:

"Mr. President, I rise in opposition to this measure.

"It's not a health issue. We have two federal agencies – the Food and Drug Administration and the US Department of Agriculture – that have a federal mandate to protect the quality and safety of our food products. Neither one of them see fit to regulate bread in this manner, and if the agency in charge of protecting our health and safety sees no problem with it, why should we.

"Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1604 was adopted and H.B. No. 332, H.D. 1, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO FROZEN FOOD PRODUCTS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 5 (Hemmings, Hogue, Slom, Trimble, Whalen).

Stand. Com. Rep. No. 1605 (H.B. No. 1017, H.D. 3, S.D. 2):

On motion by Senator Menor, seconded by Senator Taniguchi and carried, Stand. Com. Rep. No. 1605 was adopted and H.B. No. 1017, H.D. 3, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO SOLAR ENERGY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Slom).

Stand. Com. Rep. No. 1606 (H.B. No. 1051, H.D. 2, S.D. 2):

On motion by Senator Menor, seconded by Senator Taniguchi and carried, Stand. Com. Rep. No. 1606 was adopted and H.B. No. 1051, H.D. 2, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO PRESCRIPTION DRUGS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 4 (Hemmings, Hogue, Slom, Trimble).

Stand. Com. Rep. No. 1608 (H.B. No. 769, H.D. 3, S.D. 2):

On motion by Senator Taniguchi, seconded by Senator Tsutsui and carried, Stand. Com. Rep. No. 1608 was adopted and H.B. No. 769, H.D. 3, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO UNCLAIMED PROPERTY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 1609 (H.B. No. 390, H.D. 1, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 1609 be adopted and H.B. No. 390, H.D. 1, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose on a point of information and said:

"Mr. President, just a point of information, because I'm so confused by this bill since I'm not on the Committee.

"We had a \$2 surcharge, then we had a \$3 surcharge, then we were going to get rid of the \$2 surcharge, but I think we still have the \$3 surcharge. Can I find out what the surcharge is going to be and whether it has gone up or whether it stayed the same? Can I ask the Committee Chair?"

The President then said:

"Do you have a question to Senator Menor or Taniguchi?"

Senator Hee rose on a point of inquiry and said:

"Mr. President, point of inquiry – the Senator from Hawaii Kai cannot read English?"

Senator Slom rose to answer:

"Mr. President, I believe I can read English. I'm just confused by what the bill says, because when it was amended, it was going to appeal to those people that have their cars in for repair and were going to be exempt from the surcharge. But I read that the amendment that was made still keeps the \$3 surcharge when we had a \$2 surcharge.

"So, for the good Senator from Kahaluu and points west, I'm still trying to find out just exactly what the status of the bill is. I can read English, though. Thank you."

Senator Hee rose and said:

"Mr. President, might I offer to the previous speaker a plethora of teachers that he can see up in the gallery that would be more than happy to extend to him the courtesy of understanding English that he evidently can't read.

"Thank you."

Senator Slom responded:

"Mr. President, I just simply asked a question and I would appreciate an answer from either the Chair of Ways and Means or Commerce."

Senator Taniguchi replied:

"Mr. President, the Senator from Hawaii Kai is very confused. He is on the Ways and Means Committee, which voted on this bill, so when he said he's not on the Committee, I don't understand what he's saying.

"But with regard to the bill, all it does is it makes permanent the exemption for the repair of cars from the rental car charge. There is currently a \$3 charge that expires in 2007. That will remain the same."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1609 was adopted and H.B. No. 390, H.D. 1, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO RENTAL MOTOR VEHICLE SURCHARGE TAX," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Slom, Whalen).

Stand. Com. Rep. No. 1610 (H.B. No. 704, H.D. 1, S.D. 2):

On motion by Senator Taniguchi, seconded by Senator Tsutsui and carried, Stand. Com. Rep. No. 1610 was adopted and H.B. No. 704, H.D. 1, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO EMPLOYMENT SECURITY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 1612 (H.B. No. 998, H.D. 2, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 1612 be adopted and H.B. No. 998, H.D. 2, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Trimble rose in opposition and said:

"Mr. President, I rise in opposition to this measure.

"I also would like to take exception to the Committee Report from Ways and Means which noted that the hotel tax credit that passed in 2001 was tremendously effective. I think that belies the question. If that were true, there would not have been Dr. James Mak who came down here two years ago and was paraded around to extol their benefits. Well, actually, there's probably no one in this room who remembers exactly what Dr. Mak said, but his testimony was used to suggest that if we did not pass a hotel tax credit to increase it, no construction would occur in hotels and resort areas in Hawaii. I remember that because I was the only one in this room that stood up and voted against the silly measure, which was later vetoed by the Governor.

"And in fact, in the two years that came after that, there are five projects currently under construction in Waikiki. So, number one, the measure was not needed. Number two, the tax credit in and of itself did not and does not generate, necessarily, more construction activity.

"The reason that increased construction activity occurred in Hawaii is that in 2002 we elected a Governor who showed that she was going to be fiscally conservative and the private sector responded on their own by investing in our future.

"This measure was not needed in 2003. It certainly is not needed in 2005, and if we were to pass this measure, all that would happen is it would be like adding gasoline to the fire in terms of the inflationary pressure that it would put on wages and increasing the cost of construction going forward.

"Colleagues, I urge you to use common sense and oppose and vote against this measure. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1612 was adopted and H.B. No. 998, H.D. 2, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO HOTEL CONSTRUCTION AND REMODELING TAX CREDIT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 4 (Hemmings, Hogue, Slom, Trimble).

Stand. Com. Rep. No. 1613 (H.B. No. 97, H.D. 2, S.D. 2):

On motion by Senator Taniguchi, seconded by Senator Tsutsui and carried, Stand. Com. Rep. No. 1613 was adopted and H.B. No. 97, H.D. 2, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO LONG-TERM CARE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Trimble).

Stand. Com. Rep. No. 1615 (H.B. No. 931, H.D. 2, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 1615 be adopted and H.B. No. 931, H.D. 2, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senators Trimble and Hanabusa requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1615 was adopted and H.B. No. 931, H.D. 2, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO AFFORDABLE HOUSING," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 1616 (H.B. No. 997, H.D. 1, S.D. 2):

On motion by Senator Taniguchi, seconded by Senator Tsutsui and carried, Stand. Com. Rep. No. 1616 was adopted and H.B. No. 997, H.D. 1, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO TRANSIENT ACCOMMODATIONS TAX," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 4 (Hemmings, Slom, Trimble, Whalen).

Stand. Com. Rep. No. 1619 (H.B. No. 1608, H.D. 1, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 1619 be adopted and H.B. No. 1608, H.D. 1, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose in opposition to the measure and said:

"Mr. President, I rise in opposition to this bill.

"This is the perennial, it will never die, VEBA trust bill, which carves out a special section for one public employee union. It is also an attack on the EUTF, which of course has just been in operation for less than two years and which seems to be operating just fine. It is an example of cherry picking – trying to take only the best and healthiest individuals – and trying to get breaks in terms of premiums.

"Until and unless the legislative auditor reverses her position, which started the EUTF in the first place in saying that all public employee unions should be under one package, I will continue to oppose this measure.

"Thank you."

Senator Hanabusa rose in opposition to the measure and said:

"Mr. President, I rise in opposition to this measure.

"Mr. President, it comes as no surprise to you and my colleagues that I would be in opposition to this measure. I would like to say that I thought about it long and hard whether to voice my opposition publicly or to insert it into the record. I decided that this measure probably has the votes to proceed, and if it does proceed, then I would like the proponents to know what my opposition is because I think it goes to the integrity of this measure.

"First of all, Mr. President, as you know, in 1999 when Marion Higa wrote her report, that began the whole EUTF effort. At that time, there was major opposition to it and what has subsequently come about is various attempts to do versions of the VEBA Trust. There's no question that the teachers have had a form of the VEBA Trust from the very beginning, but there are various issues which still remain unresolved that were raised then.

"Let me first begin by making it very clear that the reason I was such a proponent of the EUTF was that the preservation of retiree benefits was my foremost concern. As a labor attorney and one who's negotiated many contracts, one of the saddest moments is when we have to go to the retirees, who sacrificed and built unions, and tell them that there is just no way that we can continue to cover their medical expenses. The State of Hawaii is no different, and that is why EUTF was created.

"One of the other issues that is silent in this bill is that in 2003 the Attorney General's Office, upon the request, actually, of the previous state health fund, began to look at the various individual union health funds. The VEBA Trust of the teachers at that time reported \$16 million in surplus. There is no mention in this measure as to what we're going to do about that. As you know, there still remains ongoing litigation as to the other health funds and where the monies have gone and what happened to them.

"As you may or may not know, Mr. President, the state law requires a return and that is why whenever there was a rebate, refund, premium holiday, or however you want to refer to it, by HMSA in the past, it resulted with the employers receiving 60 percent of that refund and the employees receiving 40 percent. The union trust funds, with the exception of SHOPO, did not do that. SHOPO was nice enough to refund its members but did not refund the City and County of Honolulu.

"So, there is out there this issue of \$16 million, and Mr. President, it may be more. That was my last report in 2003. How this plays into whether or not this pilot program will succeed, I think, is very critical, because \$16 million will help any program succeed if that is in there and it acts as the backdrop for it.

"Now, let's go to the basis of this bill itself and the concerns. First of all, Mr. President, the committee report states that this creates a 3-year pilot program for bargaining unit 5, which is of course the teachers. However, when you look at the bill itself, it refers to county contributions. There are no county contributions for the teachers. There are only state contributions. That's one issue, and that can be easily resolved.

But what is very troubling is the treatment of retirees. And as I stated earlier, retirees have always been a concern. They've gone back and forth in the generations of VEBA as to how you handle the retirees.

"This version of the bill on page 8 says that anyone who retires on or after July 1, 2005, shall be a member of the VEBA. Anyone who is retired prior to that time has the one-time option of remaining in the state health fund or transferring to VEBA. Now, where that becomes problematic is what all other collective bargaining agreements that deal in this area have had to deal with – and that is, who negotiates and what are their rights.

"It is well established in federal law, Mr. President, that retirees do not have representational benefits. If you look at this bill, what is lacking is the identification of a member to include retiree under Chapter 89. What that then of course means is that an existing union or employee organization has no obligation to negotiate for that retiree. What then does that mean? If you look at this bill, also on page 8, you will find that the reference to the amount of contribution to that retiree says it shall be no more than what is presently allowed in Chapter 87 and bargained for in the collective bargaining. Now, the question there becomes, Are you referring to what the retiree gets or are you referring to what a, quote, 'active' member gets? I read that to say it's referring to what an active member gets.

"If that is the case, because in the subsequent section on page 9 it says anyone who has retired already, will get no less than what they are presently entitled to receive under the EUTF. We come back again to the question, What are the rights of the retirees? And that is really not answered here because a collective bargaining representative, I contend, Mr. President, cannot bargain effectively for a retiree in a collective bargaining situation when they are not defined as an employee or member under Chapter 89. Chapter 89 has not been amended in this bill, and for that reason, there is no obligation to them. And that's what happens all the time.

"As you know, retirees are divided on this issue. All of a sudden, some of you may have received e-mails from them saying do not let the VEBA go; keep us in the EUTF. And there is another bunch that says exactly the opposite. And that is because it is a question – Who do they represent? Or alternatively, who will represent these retirees at the bargaining table? Or more importantly, who has that fiduciary obligation to represent them, and if they fail, what is the recourse? If you're not an employee and if you're not a member or covered under Chapter 89, you have no rights. You can't go to the Hawaii Labor Relations Board and allege a prohibitive practice. And I think that is what is a major omission in this bill.

"In addition to that, you have on page 10 of this bill the issue of if there's a termination. Mr. President, it's a wonderful situation that if at any time the VEBA fails, that anyone who opted to go into VEBA or has VEBA can come in with full benefits. It's not that we would be opposed to that, it's just that there is no downside. And whenever decisions such as this are made, there are downsides and someone has to suffer that consequence. In this situation, it's going to be the State of Hawaii.

"The other very troubling issue that we should all be asking ourselves is that retirees in our state system have been made promises. Yes, they may not be legally binding promises, but they have been made promises. Their promises have been that, one, they will be not paying premiums when they retire, and that's to make up for the 60/40 that they were told they were going to pay. The other thing is that we will try to maintain the level of their benefits. We may not be able to maintain all their,

quote, 'medical benefits' in terms of drug plans at exactly what it was when they joined the plan, but notwithstanding, we have made those kinds of promises.

"There's no mention of those promises in this bill because they can't be made. No labor organization is going to tie itself to that kind of promise without the ability to get refunded for that cost somewhere else. And the reason why VEBA is being touted is because they are saying that it will reduce the cost. The cost that they will reduce is the cost to the actives. Remember, when EUTF was created, it was created because of the inequities of porting. It was created to address all the rising costs and to share the risk among all people who are either employees or former employees of the state.

"So, when you look at a bill like this, Mr. President, we have to look at what is the true intent and who's going to suffer from the bill. And like I said earlier, when EUTF was done, it was to ensure that we could keep our promises to those employees who worked at minimal types of wages in the old days for the promise that the one benefit of being a state employee is that you would have healthcare like no one else does, which I believe we've managed to keep.

"So as we move on to this situation, and yes, they say, 'well, you know, you don't have to choose to move,' but come 2005, you will move. And the other question is, What about this \$15-\$16 million that's still outstanding? Whose money is that? And if that money, or if it's determined that that money returns to the state, how viable is this entity going to be at that point and what happens to those retirees?"

"Mr. President, based upon how I read this bill and my concern, and the issues that we were faced with when we created VEBA, I stand in opposition to this measure and I ask that you and my colleagues give serious consideration to opposing the bill.

"Thank you very much."

Senator Hee rose with reservations and said:

"Mr. President, having sat through the entire day and finally hearing an argument in opposition that is cogent and articulate, I will be voting 'with reservations.' Thank you."

The Chair so ordered.

Senator Nishihara requested his vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1619 was adopted and H.B. No. 1608, H.D. 1, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO VOLUNTARY EMPLOYEES' BENEFICIARY ASSOCIATION TRUSTS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 5 (Hanabusa, Kokubun, Slom, Trimble, Whalen).

Stand. Com. Rep. No. 1621 (H.B. No. 1784, H.D. 2, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 1621 be adopted and H.B. No. 1784, H.D. 2, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator English.

Senator Trimble rose in opposition and said:

"Mr. President, I rise in opposition to H.B. No. 1784.

"We're no longer in the 1960s. In the 1960s we used to have something called the Department of Planning and Economic Development. That agency or that department had what was known as the Hawaii International Services Agency. That was done away with. Then we had the Department of Economic Development. When we had the Department of Economic Development, first there was an International Affairs Office in the Office of the Governor and then there was an office created in the Department of Economic Development. We later did away with that agency.

"Now we're in the 21<sup>st</sup> century. We're living in a global society. We're no longer isolated. We're connected to the rest of the world by the internet and yet we want to go back and create something for whose purpose no longer exists.

"I suggest, colleagues, that this office was done away with not once, but twice previously for good reason. There is no reason to resurrect this dead horse.

"Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1621 was adopted and H.B. No. 1784, H.D. 2, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE OFFICE OF INTERNATIONAL AFFAIRS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 4 (Hemmings, Hogue, Slom, Trimble). Excused, 1 (Tsutsui).

Stand. Com. Rep. No. 1623 (H.B. No. 160, H.D. 2, S.D. 1):

On motion by Senator Taniguchi, seconded by Senator English and carried, Stand. Com. Rep. No. 1623 was adopted and H.B. No. 160, H.D. 2, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE COMPLIANCE RESOLUTION FUND," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Hogue, Slom). Excused, 1 (Tsutsui).

Stand. Com. Rep. No. 1624 (H.B. No. 1331, H.D. 1, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 1624 be adopted and H.B. No. 1331, H.D. 1, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator English.

Senator Slom requested his vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1624 was adopted and H.B. No. 1331, H.D. 1, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE ISSUANCE OF SPECIAL PURPOSE REVENUE BONDS FOR JACOBY DEVELOPMENT INC," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Tsutsui).

#### RECONSIDERATION OF ACTION TAKEN

S.B. No. 608 (H.D. 1):

Senator Inouye moved that the Senate reconsider its action taken on March 31, 2005, in disagreeing to the amendments proposed by the House to S.B. No. 608, seconded by Senator Menor and carried.

Senator Inouye moved that the Senate agree to the amendments proposed by the House to S.B. No. 608, seconded by Senator Menor.

Senator Inouye noted:

“Mr. President, the purpose of this measure is to require any physician, surgeon, hospital, or clinic that treats any person involved in a motor vehicle collision and sustaining serious injury or death to report pertinent information to the police. The House removed redundancy found in the Senate version, but there are no substantive differences between the two.

“Mr. President, the Chairs of CPH and Judiciary and Hawaiian Affairs, as Co-Chairs of the Conference Committee to such measure, also concur with my decision to agree.”

“Thank you, Mr. President.”

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 608, and S.B. No. 608, H.D. 1, entitled: “A BILL FOR AN ACT RELATING TO DUTY OF PHYSICIAN, SURGEON, HOSPITAL, CLINIC, ETC., TO REPORT WOUNDS,” was placed on the calendar for Final Reading on Thursday, April 14, 2005.

Senator Taniguchi, Chair of the Committee on Ways and Means, requested a waiver of the notice requirement pursuant to Senate Rule 21 for the following resolutions:

S.C.R. No. 37;  
S.C.R. No. 39;  
S.C.R. No. 40;  
S.C.R. No. 42;  
S.C.R. No. 106; and  
S.C.R. No. 147.

Senator Taniguchi noted:

“Mr. President, S.C.R. No. 37 makes a new public high school in Kihei.

“S.C.R. No. 39 requests the Auditor to assess required health insurance to offer coverage for marriage and family therapy.

“S.C.R. No. 106 is relating to the public procurement code.

“S.C.R. No. 40 relates to the carrying capacity study by HTA.

“S.C.R. No. 42 requests taxation to collect TAT or unregistered vacation rentals.

“S.C.R. No. 147 is the audit to DLNR’s Division of Conservation and resources enforcement.

“Mr. President, the reason for the waiver is because these are requests from members.”

The Chair then granted the waiver.

Senator Menor, Chair of the Committee on Commerce, Consumer Protection and Housing, requested a waiver of the notice requirement pursuant to Senate Rule 21 for H.C.R. Nos. 4 and 113.

Senator Menor noted:

“Mr. President, H.C.R. No. 4, H.D. 1, requests the Insurance Commissioner to investigate the advisability of entering into interstate compacts with other states concerning the certain perils affecting the cost of property and casualty insurance.

“H.C.R. No. 113 is requesting reports on the effectiveness of the Hawaii Insurance Bureau’s Fire Rating Program.

“Mr. President, the reason for the waiver request is because these resolutions raised issues and concerns which I believe merit further consideration in a public hearing. However, these resolutions were inadvertently not included in a hearing notice that had been filed previously within the applicable notice timeframe. As such, the waiver became necessary.”

The Chair then granted the waiver.

At this time, Senator Hanabusa, on behalf of the Senate, extended happy birthday wishes to Senator Slom.

Senator Hemmings rose on a point of personal privilege as follows:

“Mr. President, I rise on a point of personal privilege.

“A dark cloud has been cast upon the Senate and this Legislature. We’re oftentimes criticized for answering the call of special interest, but never in recent history that I know of have we ever had a smoking gun of evidence that would point to legislative power being leveraged to extort a favor from or an action from a private sector company.

“I’m referring to the attempts made by a Senator and some colleagues in the Majority Party to have Norwegian Cruise Lines compensate or reinstate an employee that was fired for cause, otherwise there would be investigations of levying a tax specifically against this cruise line. This has been in the media. Obviously, because it’s in the media, we don’t have access to all the information.

“In order to protect the integrity of the Senate and of the legislative process, Senate Minority has asked the Ethics Commission to investigate this entire issue and come back to us with an opinion as to its ethics and also whether or not it did constitute unwarranted use of political power.

“In order to protect the process, after all the good work that’s being done and all the healthy debate that’s gone on in the legislative process, we’re heading into a very important two weeks of the Session, and that’s where we’ll be going into Conference Committee. I think the prudent thing to do would be to ask the Chairman of the Labor Committee to step aside until we get some sort of decision from the Ethics Commission and that would include the current Chair not attending or participating in decision making by the Labor Committee.

“I can just imagine the signal we’re sending out to businesses, like the Norwegian Cruise Lines, that is, if you don’t do as the Legislature, the Majority Party, or an individual Legislator wishes, then you will have a price to pay legislatively. It is a terrible, terrible cloud that would be cast upon this process and all of us, and I think the prudent thing to do is to have it investigated and not allow the Chair of this particular Committee to continue under such circumstances.

“So, I’d ask the Majority Party to respond accordingly.”

Senators Hee and Sakamoto, for the Committee on Higher Education and the Committee on Education and Military Affairs, presented a joint report (Stand. Com. Rep. No. 1714) recommending that S.C.R. No. 172, as amended in S.D. 1, be adopted.

By unanimous consent, action on Stand. Com. Rep. No. 1714 and S.C.R. No. 172, S.D. 1, entitled: "SENATE CONCURRENT RESOLUTION URGING THE UNIVERSITY OF HAWAII TO HOLD HEARINGS AND REPORT ON THE UNIVERSITY AFFILIATED RESEARCH CENTER DESIGNATION BY THE NAVY, APPLIED RESEARCH LABORATORY PROPOSAL, CLASSIFIED RESEARCH POLICY AND THEIR RELATIONSHIP TO THE UNIVERSITY'S MISSION AND STRATEGIC PLAN," was deferred until Friday, April 15, 2005.

At 11:51 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:55 o'clock p.m.

**ORDER OF THE DAY**

**ADOPTION OF RESOLUTION**

**MATTER DEFERRED FROM  
TUESDAY, APRIL 12, 2005**

Stand. Com. Rep. No. 1625 (S.C.R. No. 134, S.D. 1):

Senator Hee moved that Stand. Com. Rep. No. 1625 and S.C.R. No. 134, S.D. 1, be adopted, seconded by Senator Hogue.

Senator Chun Oakland rose in support of the measure with reservations and stated:

“Mr. President, I stand in support of this resolution, but with reservations.

“My reservations are that the HCDA and DLNR had not notified the area Legislators and community groups of this proposal. And so in going forward, I hope that there will be opportunity for the community groups to have some input on this before we finally take action on this resolution.

“Thank you.”

Senator Ihara requested his vote be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, the report of the Committee was adopted and S.C.R. No. 134, S.D. 1, entitled: “SENATE CONCURRENT RESOLUTION AUTHORIZING THE LEASE OF SUBMERGED LANDS AT KEEHI SMALL BOAT HARBOR FOR REDEVELOPMENT, MANAGEMENT, AND OPERATION BY HONOLULU MARINE, INC., FOR A COMMERCIAL SHIP REPAIR FACILITY,” was adopted.”

**FINAL READING**

S.B. No. 608, H.D. 1:

On motion by Senator Inouye, seconded by Senator Menor and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 608, and S.B. No. 608, H.D. 1, entitled: “A BILL FOR AN ACT RELATING TO DUTY OF PHYSICIAN, SURGEON, HOSPITAL, CLINIC, ETC., TO REPORT WOUNDS,” having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Fukunaga, Ige).

**RE-REFERRAL OF  
GOVERNOR’S MESSAGES**

The Chair re-referred the following governor’s messages that were received:

Governor’s Message	Referred to:
No. 488	Committee on Higher Education
No. 489	Committee on Higher Education
No. 490	Committee on Higher Education
No. 491	Committee on Higher Education
No. 492	Committee on Higher Education
No. 493	Committee on Higher Education
No. 494	Committee on Higher Education

No. 495 Committee on Higher Education

No. 496 Committee on Higher Education

**RECONSIDERATION OF ACTION TAKEN**

S.B. No. 74, S.D. 1 (H.D. 1):

Senator Inouye moved that the Senate reconsider its action taken on April 7, 2005, in disagreeing to the amendments proposed by the House to S.B. No. 74, S.D. 1, seconded by Senator Menor and carried.

Senator Inouye moved that the Senate agree to the amendments proposed by the House to S.B. No. 74, S.D. 1, seconded by Senator Menor.

Senator Inouye noted:

“Mr. President, this measure permits drivers who are at least 18 years of age to receive a commercial driver’s license. It also prohibits the operation of tractor-trailers by persons under the age of 18.

“The House version adds a provision that allows drivers not less than 18 years of age to obtain their commercial driver’s license except in the transport of school students, hazardous materials, or in the driving of tractor trailers, which are the largest vehicles.

“The House version also takes out references to the definition of intrastate driver, which conflicted with federal laws and inadvertently excluded all other commercial drivers such as the intrastate driver.”

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 74, S.D. 1, and S.B. No. 74, S.D. 1, H.D. 1, entitled: “A BILL FOR AN ACT RELATING TO HIGHWAY SAFETY,” was placed on the calendar for Final Reading on Friday, April 15, 2005.

At 11:58 o’clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:59 o’clock a.m.

Senator Sakamoto, Chair of the Committee on Education and Military Affairs, requested a waiver of the notice requirement pursuant to Senate Rule 21 for H.C.R. No. 249.

Senator Sakamoto noted:

“Mr. President, H.C.R. No. 249, proposed S.D. 1, urges congress to support the Filipino Veterans Equity Act of 2005.”

The Chair then granted the waiver.

Senator Hanabusa, Chair of the Committee on Judiciary and Hawaiian Affairs, requested that the referrals of S.C.R. Nos. 140, 142, 178, 200 and S.R. No. 78 to the Committee on Judiciary and Hawaiian Affairs be waived.

Senator Hanabusa noted:

“Mr. President, S.C.R. No. 140 and S.R. No. 78 requests the Department of Health to develop, adopt and issue a guidance document on environmental justice policy applicable to all levels of the environmental review process.

“S.C.R. No. 142, S.D. 1, requests the Governor to establish a task force on sportsmanship in youth sports.

“S.C.R. No. 178, S.D. 1, opposes the transfer of the Waiahole Valley agricultural park and residential lots subdivision by the Housing and Development Corporation of Hawaii to the Department of Hawaiian Home Lands.

“S.C.R. No. 200, S.D. 1, requests a study and recommendations relating to the feasibility of stem cell research for Hawaii.”

“Mr. President, these SCR’s were all heard by their subject matter Committees and the Judiciary and Hawaiian Affairs Committee is waiving primarily due to time constraints.”

The Chair then granted the waiver.

By unanimous consent, the following resolutions were placed on the calendar for Adoption on Friday, April 15, 2005:

S.C.R. No. 140, entitled: “SENATE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF HEALTH TO DEVELOP, ADOPT, AND ISSUE A GUIDANCE DOCUMENT ON ENVIRONMENTAL JUSTICE POLICY APPLICABLE TO ALL LEVELS OF THE ENVIRONMENTAL REVIEW PROCESS”;

S.C.R. No. 142, S.D. 1, entitled: “SENATE CONCURRENT RESOLUTION REQUESTING THE GOVERNOR TO ESTABLISH A TASK FORCE ON SPORTSMANSHIP IN YOUTH SPORTS”;

S.C.R. No. 178, S.D. 1, entitled: “SENATE CONCURRENT RESOLUTION OPPOSING THE TRANSFER OF THE WAIHOLE VALLEY AGRICULTURAL PARK AND RESIDENTIAL LOTS SUBDIVISION BY THE HOUSING AND COMMUNITY DEVELOPMENT CORPORATION OF HAWAII TO THE DEPARTMENT OF HAWAIIAN HOME LANDS”;

S.C.R. No. 200, S.D. 1, entitled: “SENATE CONCURRENT RESOLUTION REQUESTING A STUDY AND RECOMMENDATIONS RELATING TO THE FEASIBILITY OF STEM CELL RESEARCH FOR HAWAII”; and

S.R. No. 78, entitled: “SENATE RESOLUTION REQUESTING THE DEPARTMENT OF HEALTH TO DEVELOP, ADOPT, AND ISSUE A GUIDANCE DOCUMENT ON ENVIRONMENTAL JUSTICE POLICY APPLICABLE TO ALL LEVELS OF THE ENVIRONMENTAL REVIEW PROCESS.”

Senator Hee, Chair of the Higher Education, requested a waiver of the notice requirement pursuant to Senate Rule 21 for the following governor’s messages:

- Gov. Msg. No. 488;
- Gov. Msg. No. 489;
- Gov. Msg. No. 490;
- Gov. Msg. No. 491;
- Gov. Msg. No. 492;
- Gov. Msg. No. 493;
- Gov. Msg. No. 494;
- Gov. Msg. No. 495; and
- Gov. Msg. No. 496,

and the Chair granted the waiver.

Senator Menor, Chair of the Committee on Commerce, Consumer Protection and Housing, requested a waiver of the notice requirement pursuant to Senate Rule 21 for H.C.R. No. 170.

Senator Menor noted:

“Mr. President, H.C.R. No. 170 requests the counties to apply tax increment financing to finance the development of infrastructure for affordable housing projects.

“I believe that this resolution should be heard because it raises an important affordable housing issue. It proposes the implementation of creative financing for affordable housing projects that had been recommended by the Governor’s affordable housing task force. However, your Committee only recently received this resolution and so therefore a waiver is necessary.”

The Chair then granted the waiver.

Senator Kim rose on a point of personal privilege as follows:

“Mr. President, I rise on a point of personal privilege.

“Mr. President, I want to publicly put an end to a malicious lie that’s being spread that somehow I am the one orchestrating the news stories about the Senator from Kapolei and that I’m doing this to teach the Senator a lesson for not joining me to oust you, Mr. President. The only way I know how to do this is to publicly state on this Floor that this is patently false. I’m certain that the Senator from Kapolei will attest to the fact that I’ve never asked him to join me to do any such thing.

“I urge you to go check through the newspaper reporters, the TV stations, and even our good Republicans across the way and ask them if I am orchestrating or behind any of these stories. Better yet, why don’t you ask Richard Borreca, who’s here, and also Derrick DePledge standing behind me if I have given them any documentation or put them up to any of these stories.

“And to those of you who are saying that I am a party to this by talking about it on the radio show, I suggest that you go on the radio every morning and field the calls from the listeners who ask me what Senate Leadership is doing about this, or spar with the good Senator from Kailua regarding the Republicans’ criticisms of the Senate Majority. Our good Senator from Waianae faced these calls this morning for 30 minutes. I face it every morning.

“So finally, Mr. President, I want to say to the individual – and you know who you are – who is spreading these malicious lies, that I say karma has a way of dealing with people like you. So, please – GET A LIFE!

“Thank you.”

Senator Hee moved that Stand. Com. Rep. No. 1665 and S.C.R. No. 76, S.D. 1, be adopted, seconded by Senator Hogue.

Senator Slom rose in opposition and said

"Mr. President, in the interest of brevity, I'll just speak in opposition to one of the resolutions, that's Stand. Com. Rep. No. 1665, S.C.R. No. 76, S.D. 1, about social security.

"The reason I speak against it is we are debating this nationally right now, reform of the social security system, and it's an extremely important topic. It affects all of us. But I find it very interesting that we talk about choice in the Legislature and really that's what this social security reform that's been proposed by the President is all about – choice, it's not forcing anybody to do anything.

"Secondly, we talk about young people, and the only people that would be involved in social security reform as proposed again by the President are young people. They are the ones, and I'm very jealous, they get a chance to opt out and take care of their own financial future. So, I find that in conflict.

"It's also interesting to note that the opposition to this resolution, which, by the way, talks about privatization and social security and that's erroneous because no one has proposed privatization of social security, only this one aspect of it. But the opposition comes from labor unions, which they force mandatory dues and mandatory membership on individual workers, so they don't allow choice. And the AARP, which is a lobby for older people . . . and the older people are not affected whatsoever, none of their benefits, none of their costs or anything else are going to be changed.

"So, I find this really ludicrous that we have so many of our colleagues that are voting in favor and in support of this

resolution, which really is misdirected if we believe in the youth, we believe in choice and we believe in financial stability.

“Thank you.”

Senator Hooser rose in support as follows:

“Mr. President, I would like to also respond to the remarks made earlier on Stand. Com. Rep. No. 1665, S.C.R. No. 76, regarding social security.

“I would like to clarify the resolution simply opposes the privatization of the social security and it’s important to note, Mr. President, that private accounts as proposed unless financed by benefit reductions or tax increases, severely threaten the financing of social security and exacerbates their problems rather than supports them.

“The President’s current proposal would allow workers to divert 4 percent of taxable earnings in their private accounts and would raise the governments total debt by \$1.4 trillion over the first 10 years, again severely threatening the system.

“I’d note that today’s newspaper or today’s stock market dove down 190 points. I think it’s at a level now lower than it’s been since March of 2003, and to suggest diverting social security into these types of investments, I think, is unwise and the resolution supports that.

“The trust fund now is currently secured by treasury bonds and the current benefits are secure, I think, until 2041 and therefore I ask my members to support this resolution. Thank you.”

Senator Slom rose in rebuttal as follows:

“Mr. President, I rise in rebuttal to the good Senator from Kauai.

“Stand. Com. Rep. No. 1665, S.C.R. No. 76, in fact says we’re urging our ‘congressional delegation to reject proposed changes to the social security system.’ The social security system has not been changed since its adoption in the 1930’s. The whole point here again is the scare tactics that are used by opponents.

“The good Senator from Kauai would of course not be affected by this in any way. Even young people would not be affected unless they voluntarily chose to opt for a small percentage of their own future. And the last time I checked, the social security is supposed to be a protection for one’s own individual future. And you would think that individuals would be encouraged to take charge for their individual future. If they don’t want to invest in the stock market or any other investment, that is their choice and no one is forcing them.

“So, for those people that say that it’s going to divert funds and it’s going to result in a tax increase, the President has been very specific about that. There is no tax increase, but it is a matter of choice and it is entirely, and completely, and totally, and 100 percent voluntary.

“So, the people who are supporting this are against voluntary choice. Thank you.”

Senator Menor rose to speak in favor of the measure as follows:

“Mr. President, I rise to speak in favor of this resolution.

“Mr. President, as the introducer of this resolution, I would like to offer some rebuttal comments and I strongly urge my colleagues to support this resolution because in effect it is asking Congress to oppose the President’s proposals with respect to social security, which I think will have the effect of undermining a program that is of critical importance to the lives and well being of our constituents.

“Under the President’s proposal, if you’re under 55, the social security benefits you were promised will be cut by 40 percent. In exchange for giving up 40 percent of the benefits you were promised, the ownership society or the President’s proposal has a great deal for you. You’ll get 1/3 of your current contribution to play in the stock and bond markets. While this may be a great source of revenue for the President’s allies in the financial industry, it’s a very uncertain deal for everyone else.

“Only 4 years ago, millions of people saw their retirement savings wiped out by the stock market crash. And the interesting thing, Mr. President, is that the current administration and the Republican Leadership in Congress say draconian measures are needed because there is a crisis in social security. They claim it will soon be broke. What they don’t say unless you force them to do so is that private accounts will do nothing to address the shortfall in social security funds that may occur in 36 years.

“Siphoning money out of social security payments for private accounts will actually reduce the funds going into social security and speed up the arrival of any financial problems in the program. This issue also raises questions anew as to whether this administration and Congress that have run up the largest budget deficits in our nation’s history can be fiscally responsible.

“If they cared about sound financial management, would they be proposing to increase the national debt by more than \$4 trillion to begin the privatization of social security? Don’t forget, when they talk about taking money away from social security payment to create private accounts, they are talking about taking \$4 trillion out of the social security fund during the next 20 years. The retirees now in the system and those about to enter the system have to be paid. So, that \$4-plus trillion has to be replaced by borrowing from the Government and increasing the national debt.

“Mr. President, if adding more than \$4 trillion to the national debt would fix social security, the Administration’s idea might have some merit. But it will do nothing to fix the so-called crisis in funding social security. Private accounts will not bring one penny more into the social security trust fund.

“When pushed, even the President admitted that private accounts will do nothing to address the social security funding problem that will begin to emerge in 36 years. We do need to ensure social security is solvent, but to say that the sky is falling and we must tear down a great program is more than a little premature. I would like to remind those who say that there is an eminent crisis in social security that 36 years or more down the road is not eminent.

“Now, the social security trustees’ best projection is for the current hefty surplus in social security to be spent by 2018. At that time, if nothing whatsoever has been done between now and then to increase the funding of social securities, beneficiaries won’t notice. But the agency will have to begin cashing in its treasury bonds to pay benefits. The amount of money now in treasury bonds will pay benefits to everybody at the level promised with cost of living adjustments until 2041. Mr. President, if we do nothing between now and 2041 to

increase funds for social security, everyone in the system will receive their full benefits for 36 more years.

"It should also be noted that whatever shortfalls that have been projected in 2041 represents a guesstimate by the Social Security Administration. However, David Langer, a highly respected independent actuary, has made a study of the social security trustees' past projections. His analysis in fact supports an alternative conclusion that there will be no need to cut any benefits or increase taxes until 2080. But either way you look at it, 2041 or 2080, it's not something that could be described as a crisis, certainly not as immediate as the very real crisis we face in other programs like Medicare.

"But given that privatization will choke off funds to social security while increasing the national debt by \$4 trillion and put future retirees' retirement funds in jeopardy, what should be done to address the eventual problem of funding benefits for future generations? I believe, and I'm optimistic, that cooler and more rational heads will prevail in Washington and a bipartisan agreement can and will eventually be reached that will either increase the social security tax slightly or extend the benefit age more. After all, people are living longer than they did 60 years ago when the program began, or even 20 years ago when it was revised.

"Mr. President and my fellow colleagues, your job right now is to bring reason to this discussion and reduce the hysteria we are hearing from the administration and others in Washington, D.C. That's why I'm urging you to pass this resolution to show your support for our country's most successful and important income protection program which provides economic security to workers, retirees, persons with disabilities, and the surviving spouses and children of deceased workers.

"I urge you to support this resolution because social security provides essential benefits to over 195,000 people in Hawaii, including 139,300 retired workers; 16,900 widows and widowers; 16,790 disabled workers, including those injured in Iraq; and 13,630 children. I urge you to support this resolution because social security has reduced the poverty rate of our kupuna from over 30 percent down to 10.2 percent in the last 40 years, and because without social security, 34 percent of elderly women in Hawaii would be poor.

"Finally, this resolution also deserves your support because six out of ten of today's beneficiaries derive more than half of their income from social security and in most low-income households of retirement age, social security represents 80 percent or more of their retirement income.

"Let us join to support this resolution because social security needs to be strengthened now for our children and grandchildren. But in considering solutions, let's be certain that the social security system is changed sensibly in order to honor the obligations to future generations and that the solution truly strengthens the system and does not destroy it.

"Thank you, Mr. President."

Senator Sakamoto rose in support and stated:

"Mr. President, I rise in support of S.C.R. No. 76.

"Mr. President, I don't have as lengthy comments as our Senator from Mililani. I'm just simple in reading this resolution and I don't read it the same way our Senator from Hawaii Kai has read it. I don't know if he's watching 'Fear Factor' or 'Real World' or 'Lost,' but when I read it, it says that the Hawaii State Legislature opposes the privatization of social security and urges Hawaii's Congressional Delegation to reject such

proposed changes to the social security system. So, as a simple reader of English, I think such proposed changes refer to privatization. So, the expanded comments related to all of the other stuff, I'm not clear and I'm not here to debate the merits of other changes, but that's what I read this reso to say and I'm in support of that.

"Thank you, Mr. President."

Stand. Com. Rep. No. 1714 (S.C.R. No. 172, S.D. 1):

Senator Hee moved that Stand. Com. Rep. No. 1714 and S.C.R. No. 172, S.D. 1, be adopted, seconded by Senator Hogue.

Senator Hemmings rose in opposition and said:

"Mr. President, this has to do with telling the University of Hawaii that they should not be doing defense research, and to save time I will not give a speech on this particular measure other than to say that defense research has been extremely vital to the economy of the island. On Kauai, Barking Sands, the same people who oppose that now know it's one of the biggest economic assets of the Kauai economy and an environmental buffer zone.

"Defense research also has created such things as Tang, therapeutic beds. On the technological side, defense research has resulted in GPS technology, which is a tremendous help in communications and traveling. And defense research even developed something called the internet.

"So, I don't think the State of Hawaii should be telling the University of Hawaii it should not be in defense research, and therefore I'll be voting 'no' against the resolution.

"Thank you, Mr. President."

Senator Hee rose to speak in support of the measure as follows:

"Mr. President, I rise to vote in support of SSCR 1714 and I do so only because of the erroneous comments made by the Minority Leader in his suggestion on what the resolution states.

"Let me just say that this resolution does not call for an end to UARC or classified research but asks and urges the university through its President to report back to the Legislature on the activities governing UARC and the funds used by UARC. It makes no argument about defense contracts and in fact suggests strongly that stakeholders who have made their complaints known be included in the discussion. Unlike the House, which asked to abandon the UARC facility, the Senate took a much more moderate and tempered approach in not casting any vote to include or to disband the research presently undergoing by this classified research.

"The Senate realizes that there are four other public institutions that are also engaged in UARC nationwide. The Senate recognizes that there is a financial implication as a result of this ongoing activity, and the Senate recognizes that scholarship has also been taking place as a result of the freedom to pursue scholastic endeavors by its faculty.

"Thank you, Mr. President."

Senator Hemmings rose in rebuttal and said:

"Mr. President, I'd like to stand on a point of rebuttal.

"The good Chairman of the Higher Education Committee is exactly right and he did an excellent job of recognizing that other universities are involved in this activity of defense research. But the resolution or the purpose of the resolution is still apropos, and that is to challenge by some in the university community the University of Hawaii's role in defense research. And though the good Senator from Kahaluu did do a good job of tempering it a bit, the essential purpose is still there and the underlying motivation of a handful of people within the university system is to thwart any defense research and this is the vehicle by which they were trying to attempt to do it. And though it has been tempered, it still is a viable resolution that this Body would do best not indulging itself in.

"So, I stand by my 'no' vote, Mr. President, and I urge my colleagues to take it under further consideration. Thank you."

Senator Sakamoto rose in support and stated:

"Mr. President, I rise in support of S.C.R. No. 172.

"The Chairman from Kahaluu, I think, did a very good job and the committee members, including the Senator from Alewa Heights/Liliha, the Senator from Kauai, and others said in lengthy testimony, and it's obvious to me, that the discussion needs to go on. I think our Senator from Kahaluu crafted a measure to say the University of Hawaii should hold hearings and report back and the discussion needs to go on, because any issue that's as contentious as that needs further discussion.

"Thank you, Mr. President."

The motion was put by the Chair and carried, the joint report of the Committees was adopted and S.C.R. No. 172, S.D. 1, entitled: "SENATE CONCURRENT RESOLUTION URGING THE UNIVERSITY OF HAWAII TO HOLD HEARINGS AND REPORT ON THE UNIVERSITY AFFILIATED RESEARCH CENTER DESIGNATION BY THE NAVY, APPLIED RESEARCH LABORATORY PROPOSAL, CLASSIFIED RESEARCH POLICY AND THEIR RELATIONSHIP TO THE UNIVERSITY'S MISSION AND STRATEGIC PLAN," was adopted with Senators Hemmings, Hogue, Slom, Trimble and Whalen voting "No."

#### ADOPTION OF RESOLUTIONS

S.C.R. No. 140:

On motion by Senator Hee, seconded by Senator Hogue and carried, S.C.R. No. 140, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF HEALTH TO DEVELOP, ADOPT, AND ISSUE A GUIDANCE DOCUMENT ON ENVIRONMENTAL JUSTICE POLICY APPLICABLE TO ALL LEVELS OF THE ENVIRONMENTAL REVIEW PROCESS," was adopted.

S.C.R. No. 142, S.D. 1:

On motion by Senator Hee, seconded by Senator Hogue and carried, S.C.R. No. 142, S.D. 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE GOVERNOR TO ESTABLISH A TASK FORCE ON SPORTSMANSHIP IN YOUTH SPORTS," was adopted.

S.C.R. No. 178, S.D. 1:

On motion by Senator Hee, seconded by Senator Hogue and carried, S.C.R. No. 178, S.D. 1, entitled: "SENATE CONCURRENT RESOLUTION OPPOSING THE TRANSFER OF THE WAIHOLE VALLEY AGRICULTURAL PARK AND RESIDENTIAL LOTS SUBDIVISION BY THE HOUSING AND COMMUNITY DEVELOPMENT CORPORATION OF HAWAII TO THE DEPARTMENT OF HAWAIIAN HOME LANDS," was adopted.

S.C.R. No. 200, S.D. 1:

On motion by Senator Hee, seconded by Senator Hogue and carried, S.C.R. No. 200, S.D. 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING A STUDY AND RECOMMENDATIONS RELATING TO THE FEASIBILITY OF STEM CELL RESEARCH FOR HAWAII," was adopted.

S.R. No. 78:

On motion by Senator Hee, seconded by Senator Hogue and carried, S.R. No. 78, entitled: "SENATE RESOLUTION REQUESTING THE DEPARTMENT OF HEALTH TO DEVELOP, ADOPT, AND ISSUE A GUIDANCE DOCUMENT ON ENVIRONMENTAL JUSTICE POLICY APPLICABLE TO ALL LEVELS OF THE ENVIRONMENTAL REVIEW PROCESS," was adopted.

At 12:17 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:18 o'clock p.m.

**FINAL READING**

S.B. No. 74, S.D. 1, H.D. 1:

Senator Menor moved that S.B. No. 74, S.D. 1, H.D. 1, having been read throughout, pass Final Reading, seconded by Senator Baker.

Senator Slom rose in opposition to the measure and said:

"Mr. President, I rise in opposition to this bill.

"Besides the fact that the Department of Transportation has submitted testimony in strong opposition to the bill, I think I spoke before about it. We passed a bill the other day about graduated licensing for young people with the idea that they were not capable of good judgement and that they had higher accidents and all that. And now we come to this bill which says that because the industry is having a hard time recruiting and finding commercial licensed drivers, they want to reduce the age from 21 to 18 for commercial drivers. It just doesn't make sense, so I'll be voting 'no.'

"Thank you."

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 74, S.D. 1, and S.B. No. 74, S.D. 1, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO HIGHWAY SAFETY," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 17. Noes, 2 (Slom, Trimble). Excused, 6 (English, Espero, Fukunaga, Inouye, Kanno, Nishihara).

**REFERRAL OF HOUSE CONCURRENT RESOLUTIONS**

Governor's Message	Referred to:
No. 573	Committee on Health
No. 580	Committee on Media, Arts, Science and Technology
No. 581	Committee on Media, Arts, Science and Technology
No. 640	Committee on Higher Education

**RECONSIDERATION OF ACTION TAKEN**

S.B. No. 1235 (H.D. 1):

Senator Baker moved that the Senate reconsider its action taken on April 12, 2005, in disagreeing to the amendments proposed by the House to S.B. No. 1235, seconded by Senator Chun Oakland and carried.

Senator Baker moved that the Senate agree to the amendments proposed by the House to S.B. No. 1235, seconded by Senator Chun Oakland.

Senator Baker noted:

"Mr. President, this bill would extend the PACE program, and what this measure did on the House side is insert the appropriate effective date and make some technical non-substantive amendments."

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 1235, and S.B. No. 1235, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO ELDERLY CARE," was placed on the calendar for Final Reading on Monday, April 18, 2005.

Senator Hee rose on a point of personal privilege and said:

"Mr. President, I rise on a point of personal privilege.

"Mr. President, it's no secret that the two interim regents that the Committee on Higher Education heard a little more than 10 days ago has resulted in some concerns, serious concerns, grave concerns in my own opinion with regard to the interim appointment from the Big Island as well as the interim appointment from the island of Kauai. Since that time, there have been others who have weighed in after-the-fact, and principally, the University of Hawaii Professional Assembly has weighed in going door-to-door with one of the interim appointees.

"Therefore, Mr. President, your Committee on Higher Education will hold another hearing on Gov. Msg. No. 289, submitting for consideration and confirmation to the Board of Regents, gubernatorial nominee Ramon S. De La Pena for a term to expire on 06/30/2008, and Gov. Msg. No. 290 for gubernatorial nominee John K. Kai for a term to expire on June 30, 2007.

"I want to make it clear that the basis of rehearing both of these is in an abundance of fairness. I also want to make it clear that while I personally will reserve judgement, I suspect that this opportunity given to these two individuals will afford them the time to study over the weekend and to ramp up the dialogue to the extent that the Chair of the Committee on Higher Education expects, unlike those who come fresh off of a governor's message. In the case of Mr. Kai, he has had ten months to prepare for confirmation and in the case of Dr. De La Pena, seven months.

"I want to make it clear that the Board of Regents is mandated by state constitution to manage the University of Hawaii through Article X, Section 6, which states the board shall have the exclusive jurisdiction over internal structure, management, and operation of the university. And the reason I want to make that clear is because among the questions to be asked, for those of you who hold long and dear relationships with the nominees, advise them that I shall ask them questions which establishes the mission and goals of the system; ask them questions relating to adopting the academic and facilities planning documents for the system and campuses; that I'll ask them questions about the appointing and evaluating of the president; that I'll ask them questions on establishing an administrative structure and what their record stands with regard to that; of approving all major contractual obligations and their role in that; reviewing all fiscal audits of the university operations and their response to that; approving the university budget, long-range financial plans, and budget requests on state funding and their familiarity to that.

"I want them to understand that the University of Hawaii is a \$1 billion institution that serves nearly 80,000 students statewide, consists of 10 major campuses and generates \$300 million in federal, state, and private research. I expect the two interim nominees to respond favorably and with some modicum of expertise with these issues that their activities are equivalent to 5 percent of the gross state product.

"Mr. President, I am convinced that we will give them yet another fair hearing because the last thing this board should do

is confirm an appointee because he happens to be a friend or happens to be a nice person. All of them are friends and all of them, I assume, are nice people.

"We expect answers, and this opportunity, by this notice, gives these interim appointees yet another chance to prove that they know what they're doing on the Board of Regents.

"Thank you."

Senator Hogue rose on a point of personal privilege and stated:

"Point of personal privilege, Mr. President.

"I want to thank the Chair of the Higher Education Committee for this opportunity to have another fair and balanced hearing. I think that is very important. The two gentlemen who went before the Higher Education Committee the last time have both expressed concerns about how nervous they were. They both have said that they didn't feel that they came across as well as they possibly could have.

"I am hopeful that those who are in attendance at this new hearing come with an open mind and come to listen to what these two gentlemen have to say. I am hopeful that the Higher Education Chair is correct that the dialog is ramped up. At the same time, I respectfully request that the tone of the hearings be entirely courteous and respectful indicative of the place that both of these gentlemen have been in our community and their willingness to come forward and volunteer at a very, very high position.

"So with that in mind, thank you again, Mr. Chair, and let's go forward and have a very fair and balanced hearing. Thank you."

Senator Hemmings rose on a point of personal privilege as follows:

"Mr. President, I rise on a point of personal privilege.

"I, too, would like to thank the Chairman of the Higher Education Committee. His utterances just show how well a two-party system works and that this Legislature has raised the bar considerably on the ability and the expertise and the ethics of people that the executive branch of government is nominating. I applaud the good Senator from Kahaluu for raising that bar.

"I would like to include that possibly we should make sure that the nominees to this important position, as announced so well by the good Senator from Kahaluu, also be businesspeople that do not have or will not have contracts with the University of Hawaii as some previous regents did in direct conflict of interest, and that also these people will afford the university to have good business practices and not appoint a president of the UH, which we just painfully had to terminate, who was not on the search teams investigation list. So, what I guess I'm saying is that these nominees will be people of great ethics and will not use their positions for personal gain nor will they use it for political purposes in appointing people such as the president because they are politically connected.

"Thank you, Mr. President."

Senator Hee then rose and said:

"Mr. President, I want to, by this means, invite any Senator who wishes to join us. I also failed to mention that the Higher Education Committee has already accepted public testimony.

We will not offer the opportunity for people to testify, but we will offer anyone to submit written testimony regarding the hearing.

“Secondly, I am requesting that Capitol TV avail their services and, if possible, televise the hearing on the islands that these two people represent.

“And finally, for the good Senator, our Minority Leader, I think he should also be invited because one of the interim board members voted in support of adopting a policy governing UARC and classified research on October of 2004.

“Thank you.”

The President questioned:

“Senator Hee, when will the hearing be?”

Senator Hee responded:

“Mr. President, your hearing by the Higher Education Committee will be on Monday, April 18<sup>th</sup>, at 10:00 a.m., in room 224 at the State Capitol. Thank you.”

Senator Kim rose on a point of personal privilege and said:

“Mr. President, I rise on a point of personal privilege.

“Mr. President, I want to also commend the Chairman of the Higher Education Committee. I commend him for having the second hearing. But I guess the question arises – Do we give second hearings every time somebody comes before us that is nervous and perhaps not prepared? Is that the practice of this Body? Certainly, I don’t think that has been afforded in the past, and certainly these individuals should perhaps receive more advice from the body or the person appointing them to come before us and be better prepared when they come before us, if in fact they do want to serve on these boards and commissions that have that kind of responsibilities.

“So I raise that as a point that we should ponder upon as we move forward in this process. Thank you.”

S.B. No. 1170, S.D. 2 (H.D. 1):

Senator Baker moved that the Senate reconsider its action taken on April 14, 2005, in disagreeing to the amendments proposed by the House to S.B. No. 1170, S.D. 2, seconded by Senator Fukunaga and carried.

Senator Baker moved that the Senate agree to the amendments proposed by the House to S.B. No. 1170, S.D. 2, seconded by Senator Fukunaga.

Senator Baker noted:

“Mr. President, this measure helps us combat the electronic crime of phishing and gives us some additional tools in this regard.”

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 1170, S.D. 2, and S.B. No. 1170, S.D. 2, H.D. 1, entitled: “A BILL FOR AN ACT RELATING TO ELECTRONIC COMMERCE,” was placed on the calendar for Final Reading on Thursday, April 21, 2005.

Senator Baker, Chair of the Committee on Health, requested a waiver of the notice requirement pursuant to Senate Rule 21 for the following resolutions:

- H.C.R. No. 10;
- H.C.R. No. 67;
- H.C.R. No. 99;
- H.C.R. No. 109; and
- H.C.R. No. 222.

Senator Baker noted:

“Mr. President, H.C.R. No. 10, H.D. 1, requests the continuation of a temporary interdepartmental emergency contraception information working group within the Department of Health to develop a mechanism to disseminate information on emergency contraception statewide. We heard the Senate concurrent companion.

“H.C.R. No. 67 requests a sunrise review of certified athletic trainers.

“H.C.R. No. 99 urges the designation of all of Hawaii’s airports as smoke-free areas from airplane cabin to airport curb. We heard a bill that was held in the House.

“H.C.R. No. 109 urges the Department of Health to assist in the reestablishment of the child and adolescent mental health unit known as the Molokini Unit at Maui Memorial Medical Center in order to promote a local system of care on the island of Maui based on the Hawaii child and adolescent system program principles and consistent with the mandates of the 1997 Felix Consent Decree. We heard a similar SCR.

“H.C.R. No. 222, H.D. 1, requests the Department of Health to review and strengthen its water quality standards and practices.

“Mr. President, as I indicated, some of these we’ve heard before and others are new, but due to the time constraints of needing to file them for final action and wanting to amend some of these, the waivers were necessary.”

The Chair then granted the waiver.

**RECONSIDERATION OF ACTIONS TAKEN**

S.B. No. 680, S.D. 1 (H.D. 1):

Senator English moved that the Senate reconsider its action taken on April 14, 2005, in disagreeing to the amendments proposed by the House to S.B. No. 680, S.D. 1, seconded by Senator Baker and carried.

Senator English moved that the Senate agree to the amendments proposed by the House to S.B. No. 680, S.D. 1, seconded by Senator Baker.

Senator English noted:

“Mr. President, this bill helps to streamline the bottle recycling process to allow for the Department of Health to adopt rules for the UPC codes to be given to the recyclers, which will help them to read the bottles as they go through.

“We agree to that.”

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 680, S.D. 1, and S.B. No. 680, S.D. 1, H.D. 1, entitled: “A BILL FOR AN ACT RELATING TO SOLID WASTE CONTROL,” was placed on the calendar for Final Reading on Thursday, April 21, 2005.

S.B. No. 768, S.D. 1 (H.D. 1):

Senator Baker moved that the Senate reconsider its action taken on April 7, 2005, in disagreeing to the amendments proposed by the House to S.B. No. 768, S.D. 1, seconded by Senator Hooser and carried.

Senator Baker moved that the Senate agree to the amendments proposed by the House to S.B. No. 768, S.D. 1, seconded by Senator Hooser.

Senator Baker noted:

“Mr. President, this measure updates our no-rules combat ban on events and actually enables this law to be more effectively enforced. This is an administration bill.”

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 768, S.D. 1, and S.B. No. 768, S.D. 1, H.D. 1, entitled: “A BILL FOR AN ACT RELATING TO CONTESTS INVOLVING NO RULES COMBAT, EXTREME OR ULTIMATE FIGHTING, AND OTHER SIMILAR COMPETITIONS,” was placed on the calendar for Final Reading on Thursday, April 21, 2005.

Senator Hee rose on a point of personal privilege and stated:

“Mr. President, I rise on a point of personal privilege.

“Mr. President and colleagues, there is a report on the internet and it has come to my attention that leading up to a fundraiser to pay off a campaign debt on my behalf, regents and proposed regents were solicited.

“Let me state right now that I was unaware of this, and this should not have happened. I take and accept full responsibility for the activities performed on behalf of my volunteers in their zeal to make the event a success. They have been admonished for this behavior and it will not happen again. Moreover, I’ve instructed my committee to return any donation which may have been made by any regent forthwith.

“Mr. President and colleagues, any inference that the sale or lack thereof of a \$25 donation in any way impacted this week’s decisions by the Higher Education Committee regarding pending Board of Regent nominees is without merit and an insult to those committee members and their staffs who have spent so much time and effort in giving not one but two hearings, which is an unprecedented action indeed allotted by my colleagues across the aisle and to the current nominees.

“Thank you, Mr. President.”

Senator Baker, Chair of the Committee on Health, requested a waiver of the notice requirement pursuant to Senate Rule 21 for H.C.R. No. 100.

Senator Baker noted:

“Mr. President, H.C.R. No. 100, H.D. 1, requests the University of Hawaii to establish and lead a task group to conduct a feasibility study, host public forums, and propose recommendations on stem cell research.

“We heard a similar SCR that has multiple referrals in the House and we wanted to hear it this afternoon.”

The Chair then granted the waiver.

Senator Fukunaga, Chair of the Committee on Media, Arts, Science and Technology, requested that the referral of H.C.R. No. 107 to the Committee on Media, Arts, Science and Technology and the Committee on Transportation and Government Operations be waived.

Senator Fukunaga noted:

“Mr. President, H.C.R. 107, requests a study on the feasibility of installing a wireless fidelity internet network system in the state capitol

“The purpose of this resolution is comparable to one that was previously heard by the two Committees in the Senate and we wanted to give it a chance to move on to the next Committee.”

The Chair then granted the waiver.

At 11:58 o’clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:00 o’clock noon.

## RE-REFERRAL OF A HOUSE CONCURRENT RESOLUTION

At this time, the President made the following announcement:

“Members, H.C.R. No. 107 is re-referred to the Committee on Ways and Means.”

By unanimous consent, H.C.R. No. 107, entitled: “HOUSE CONCURRENT RESOLUTION REQUESTING A STUDY ON THE FEASIBILITY OF INSTALLING A WIRELESS FIDELITY INTERNET NETWORK SYSTEM IN THE STATE CAPITOL,” was re-referred to the Committee on Ways and Means.

Senator Hee, Chair of the Committee on Higher Education, requested that the referral of H.C.R. No. 166 to the Committee on Higher Education and the Committee on Energy, Environment, and International Affairs be waived.

Senator Hee noted:

“Mr. President, H.C.R. No. 166, H.D. 1, requests the center for smart building and community design to develop energy efficient design and performance standards for new construction, renovation, and retrofitting of buildings throughout the University of Hawaii system.

“Mr. President, the reason for the waiver is in concurrence with the Chair of the Committee on Energy, Environment, and International Affairs. There was not sufficient time to conduct a hearing, so therefore a waiver is being requested.”

The Chair then granted the waiver.

By unanimous consent, the following concurrent resolution was placed on the calendar for Adoption on Thursday, April 21, 2005:

H.C.R. No. 166, H.D. 1, entitled: “HOUSE CONCURRENT RESOLUTION REQUESTING THE CENTER FOR SMART BUILDING AND COMMUNITY DESIGN TO DEVELOP ENERGY EFFICIENT DESIGN AND PERFORMANCE STANDARDS FOR NEW CONSTRUCTION, RENOVATION, AND RETROFITTING OF BUILDINGS THROUGHOUT THE UNIVERSITY OF HAWAII SYSTEM.”

Senator English, Chair of the Committee on Energy, Environment, and International Affairs, requested that the referral of H.C.R. No. 195 to the Committee on Energy, Environment, and International Affairs be waived.

Senator English noted:

“Mr. President, H.C.R. No. 195, H.D. 1, adopts the United Nations Declaration on the rights of indigenous people. The reason for the waiver, Mr. President, is that we simply ran out of time to hear the measure and it is important to the House.

“Thank you.”

The Chair then granted the waiver.

By unanimous consent, the following concurrent resolution was placed on the calendar for Adoption on Thursday, April 21, 2005:

H.C.R. No. 195, H.D. 1, entitled: "SENATE CONCURRENT RESOLUTION ADOPTING THE UNITED NATIONS DECLARATION ON THE RIGHTS OF INDIGENOUS PEOPLES."

Senator Hogue rose on a point of personal privilege as follows:

"Mr. President, I rise on a point of personal privilege.

"Colleagues, yesterday we had a very nice hearing on some governors messages in what we call and what is affectionately known as the MATS Committee: Media, Arts, Technology and Science. There were three members that were going forward on advise and consent. I bring this up because two of the three came forward and they frankly stated that they had fears, they were fearful. And we kind of joked about it and tried to allay those fears. Apparently they had watched a hearing on advise and consent the day before on television.

"And so it made me think about what we do here, about the fact that our sacred duty is that we have a very tough job and we have to ask some very tough questions. That's part of our job. But part of our job in asking those tough questions is not crossing the line of what, frankly, is just common human decency. At what point do we sometimes cross the line where we aren't asking tough questions but we are badgering? At what point are we crossing the line and we are bullying? At what point do we think we're just asking tough questions but the perception is that we are badgering or bullying?"

"I think we need to remember that when we conduct these kinds of hearings and when we ask these tough questions, how we look and how we are perceived reflects upon us all. And I would hope that we think about that as we go forward in this process and that we treat everyone with kindness and respect and full rights of courtesy, because sometimes in our zeal we go over the line.

"Thank you, Mr. President."

No. 680, S.D. 1, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO SOLID WASTE CONTROL," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, none. Excused, 4 (Chun Oakland, Menor, Taniguchi, Tsutsui).

S.B. No. 768, S.D. 1, H.D. 1:

Senator Baker moved that S.B. No. 768, S.D. 1, H.D. 1, having been read throughout, pass Final Reading, seconded by Senator Espero.

Senator Slom rose to speak in opposition and stated:

"Mr. President, I rise in opposition to this bill.

"When the original bill and law were discussed several years ago, I rose in opposition to that. I questioned the bill itself, how it was written, how it was to be interpreted, and I understand that what this latest version does is to completely repeal the law because it was found to be unworkable and unenforceable. In looking at the present draft, I find the same thing. It is

unworkable, unenforceable. It also has a fee attached to this current version.

"And as one of our staff people said, it's very interesting to talk about rules that we're proposing for 'no rules combat,' so I'll be voting 'no.'

"Thank you."

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 768, S.D. 1, and S.B. No. 768, S.D. 1, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CONTESTS INVOLVING NO RULES COMBAT, EXTREME OR ULTIMATE FIGHTING, AND OTHER SIMILAR COMPETITIONS," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 2 (Slom, Trimble). Excused, 3 (Menor, Taniguchi, Tsutsui).

S.B. No. 1170, S.D. 2, H.D. 1:

The Senate reconvened at 11:59 o'clock a.m.

By unanimous consent, Stand. Com. Rep. No. 1762 was received and placed on file.

Senator Chun Oakland then moved that the Senate advise and consent to the nomination of JOHN K. KAI to the Board of Regents of the University of Hawaii, term to expire June 30, 2007, seconded by Senator Trimble.

Senator Hogue rose to speak in support of the nominee and stated:

"Mr. President, I rise in support of the nominee, who is sitting upstairs watching the proceedings here and he's probably

wondering why there has been all this controversy and yet the vote was going to slide by there.

"First of all, the nominee is a very good man. He comes from a very good family. I know his family. They work hard in the State of Hawaii and John Kai is a tremendous businessman, community member and individual, and I think the University of Hawaii Board of Regents is proud to have him as an interim member.

"In fact, there was all positive testimony about John Kai, including some from current Board of Regent members. Here is one: 'John has been an outstanding member of the Board of Regents during the months he has served on an interim basis. He brings a high level of expertise in areas that are pertinent to the work of the regents and is always well prepared and active as a policymaker and steward. John's expertise in the areas of financial investment management has been extremely valuable to the board as we exercise our financial and fiduciary responsibilities.' That one was signed by Kitty Lagareta. There is another one here. This one is from Byron Bender: 'I'm writing you in support of the appointment of John Kai to the UH Board of Regents. In the months that he's already been serving, I've come to know him as someone who is dedicated to public service, who brings to this assignment expertise in the areas of finance. Although he might be expected to pay special attention to Big Island issues, he has shown that he understands that as a member of the Board of Regents, he has a duty to take a statewide perspective. He is bright,' and this is really kind of interesting, 'and relatively young and a fast learner. I believe that he has the potential for establishing a record of sustained, top quality service. I urge you to vote for this confirmation.'

"I'm not going to go through and read all of the testimony, but all of it is positive. All of the testimony was positive – all of the testimony was positive. It comes from former members of the Board of Regents. It comes from the University of Hawaii at Hilo people, including the Chancellor there. It comes from people who know him on the Big Island, individuals everywhere, people standing up for John Kai as an outstanding man.

"Now, I read some comment made and I actually saw it on television when this was on Olelo. There was a comment that John Kai might not rise to the level of some other potential members of the Board of Regents because he is a small businessman, because other people who have been nominated to the Board of Regents apparently are top corporate executives, and therefore John Kai, being a small businessman, apparently doesn't rise to the bar. Well, that should come as a startling surprise to members of the small business community.

"Do you realize that we probably have more small businesspeople in the state than any other category, and John Kai represents them and represents them extremely well. He has founded a business that is extremely successful. Do you realize how difficult that is? Small businesses fail every day because of a variety of reasons – mismanagement, over regulation, taxes, etc. – and yet, John Kai's management has led to having a very successful small business. Why shouldn't we have this kind of voice on the Board of Regents?

"Not every single person that comes forward on the Board of Regents is going to be as great a speaker as the other person, as great a writer as the other person, have the same items on their resume. John Kai, being a very successful small businessman, brings diversity to the board. I think his voice should be heard. More than anything else, John Kai is a very, very good man who's been put forward in a very difficult situation. I think he has come through like a gentleman, like a true gentleman. I'm

very proud to support John Kai and I urge my colleagues to do likewise.

"Thank you."

Senator Trimble rose in favor of the nominee as follows:

"Mr. President, I rise to speak in favor of the nominee.

"First I'd like to acknowledge the Chairman of the Higher Education Committee, and I want to acknowledge his staff.

"Several things, and I think they're really important things for our society, happened. One, Mr. President, I believe that the Chairman of the Higher Education Committee raised the expectation, raised the bars, raised what was expected to be on the Board of Regents. There was lively discussion at the committee hearings. I want to publicly acknowledge the Chairman of the Higher Education Committee for holding a second hearing, because quite frankly, after the first one, I had grave reservations. I also liked, at the second hearing, to be able to watch the interaction between John Kai and the Chairman, and while perhaps I reached a different conclusion, I want to share with you why my level of reservations diminished.

"First of all, what I want to see on the Board of Regents is not only diverse in terms of ethnicity and in terms of geographic location, but in terms of how the regent perceives or the potential regent perceives what he adds to the board. John Kai was very humble when he said that he thought he represented the 'average Joe.'

"The second thing that the confrontation brought out to me is that John Kai was willing and able to take confrontation, to stand up under duress, and to articulate his position. So I believe that John Kai will not only add diversity and independence to the Board of Regents, but will also be able to, when important issues are discussed and emotions rise to the surface, be able to articulate and hold fast to those beliefs that he holds dear.

"The final thing that I would like to say is that I think that John Kai will be an important advocate for the university system on the Big Island, and he recognizes the importance of both the community colleges as well as UH Hilo, but he will do this in terms of the broader perspective of the university, and I think that is also positive.

"So, colleagues, I urge you to vote in support of John Kai. Thank you."

Senator Sakamoto rose to speak in opposition to the nomination and said:

"Mr. President, I rise in opposition to the motion as well in response to our Senator from Kaneohe.

"Mr. President, if people believed everything they read, we'd be in 'la-la' land. The comments in regard to what perhaps attributed to me as regarding small business are taken clearly out of context. As you well know, I am a small businessperson and very supportive of small businesses and nowhere in the conversation with Mr. Kai was there a conversation about small businesspeople, small businesspersons, the good of small businesspeople. The context was that Mr. Kai said, not in these exact words but to the effect that, the primary reason he felt he would be an asset to the board was because of his financial investment background and his ability to shape a financial investment monitoring policy for the University of Hawaii.

"In the line of questions, it was in regards to what is his background and what kind of accounts does he have? And perhaps that's where the small business part came in. And yes, I did say, there is Mr. Migita from the Bank of Hawaii, and City Bank, and ISL, and it's now Central Pacific Bank; there's Mr. Landon who traveled across the country as an auditor with Ernst & Young and now he's the head of Bank of Hawaii. So in those regards, part of the questioning related to, for Mr. Kai, in light of those other two nominees who perhaps may be appointed, that his financial investment background as related to these two top bank professionals, if perhaps, what were his comments. If they were equal, he said he could work with them. I think my comment was in comparison to people who deal with not just millions, not just five million, not just a hundred million, but in the order of the magnitude of billions. In my mind their capability in financial matters, financial investment matters, looking at fund managers who are managers of hundreds of billions of dollars, I felt that in that comparison, they compared to Mr. Kai saying that was his number one strength, he could accomplish those functions. And I questioned whether he rose to the level they rose to, not in regard to being a small businessperson, but in regard to his professed expertise of being a financial investment manager for the University of Hawaii."

Senator Slom rose to speak in support of the nominee and stated:

"Mr. President, I rise in support of Gov. Msg. No. 290 for the confirmation of Mr. Kai.

"First of all, colleagues, we have an awesome responsibility when we exercise this power of advise and consent, and I know that we all take this extremely seriously. I think the hearing process is very important, and I, too, would like to thank the Chairman of Higher Education for having the second hearing, which I attended from gavel to gavel.

"I think that it is important that we examine the credentials of anyone that is before us for any board or commission or position. And I think we also should strive for the best and the brightest for any board or commission. Having said that, however, let me add a few other remarks. First and foremost, I am a graduate, a proud graduate of the University of Hawaii, Manoa. This is my school. This is my university, and so I'm very concerned. I give money to it. I try to give volunteer efforts to it, and I'm very concerned about who is involved both with the faculty and with the administration.

"My perspective is this – as was said previously in some of the remarks by the Minority Floor Leader, the community of which Mr. Kai resides was totally supportive of this individual, and they know him best. They know him better than we do and they know him better than any single or even dual hearing because he lives there; he works there; he makes contributions to the community there.

"Could there be someone better and brighter than Mr. Kai? Perhaps, but this is not a competition for a limited number of seats. If, for example, we were saying that there were only one or two positions available for the Board of Regents and we had three or four or five candidates, I would be the first to agree, let's rank them in order of priority, let's rank them on how at ease they were with the questioning of the Chairman and the sometimes obtuse issues that were brought up and all of that, and that's fair enough. But that is not the issue here. We're not talking about one or two seats. There are enough seats to go around.

"The issue that the Minority Floor Leader brought up about diversity and independence is extremely important. I don't

think we would want all high profile business or labor union leaders to make up a board of regents because that's not how our communities are made up; that's not how this Senate Body is made up.

"So basically, what we're looking for when we examine these candidates – we certainly want to see their demeanor, their temperament; we want to see how they answer questions; we want to look very carefully at their background. And there was nothing – there was nothing negative that was brought to this Committee or to this Senate Body, not even an anonymous e-mail, which we're used to here. Nothing came in the negative about this gentleman other than he should have known more about certain subjects that the Committee asked him about. And that may be true, but I found him to be honest and forthcoming. And even though the Chairman said on several occasions he doesn't mind what the position is even if the nominee disagrees with him, I don't know, some people might think he did mind, it did matter, because there were a number of areas of disagreement.

"For example, the one that has generated the most discussion, I guess, is the matter of whether or not the University of Hawaii's Hilo Campus should have degree programs, Ph.D. degree programs. I thought Mr. Kai was very direct and forthcoming. He supported it. The issue then was, if Manoa is a research campus, then all the Ph.D. programs should reside on Oahu and in Manoa. Why? Why should it? I think you can make arguments pro and con both ways, but if I were living on the Big Island and I wanted to pursue a Ph.D., the argument that Manoa is the research campus of our system and so we can't allow any Ph.D. programs here, that would resound with a dull thud with me. And I think it does with Mr. Kai's neighbors, friends, and associates.

"The other thing that is often overlooked is, if we're examining and having a hearing about someone who is about to get a large salary and a lot of perks and benefits, believe me, I'd be at the front of the line to ask really difficult questions as to whether or not this person really deserved that compensation, those fees, those benefits and all of that when the rest of the 'average Joes' in fact are struggling.

"In fact, last week we voted ourselves an additional office allowance increase. We voted ourselves additional travel allowances. We had the compensation commission give us all pay raises at the beginning of this year. Nobody got to discuss that. Our constituents didn't get to question us or to ask about that.

"The point here, though, is Mr. Kai is an unpaid volunteer. He's a volunteer. He heard the call that the University of Hawaii needs people on the Board of Regents to set policies and also to make sure that we never have a Dobbelle situation again. Because that's the responsibility of the regents – to make sure that no matter how glib a person is, no matter how his background and experience shines above all others, that first and foremost he be honest and that there be integrity and that we really do a due diligence to find out if there are any negative possibilities about that gentleman. But we're talking about an unpaid volunteer, and further we're talking about somebody who understands and committed to giving up time with his family, with his business, with his recreational pursuits, if he has any time to do that, in his own community to serve our university. That is what he wants to do.

"So, I believe that some of the criticism about him or he being compared to other people . . . and by the way, I went to the hearing this morning with the two aforementioned gentlemen – both bankers, both experts, both well trained – and I'm sure they're going to sail through here on their

confirmation, which is fine. They bring a part, also, to the Board of Regents that's necessary.

"And to my good friend, the Senator from Moanalua, let me offer this as a small business owner and a small business representative, an advocate also, I think that the perception was, in the line of questioning, that there was a diminishing of importance because this individual only deals with smaller businesses, smaller budgets and individuals, rather than large corporate clients and investment giants and union trust funds and all that. But let me tell you something, as it was said, small business, as the good Senator knows, makes up 95 percent of this State and there are more small businesses and more small individuals who need the kind of help that this nominee has given them, because otherwise they would have complained. They would have said, 'I got a raw deal. The guy doesn't know what he is talking about. He wasn't able to help me. He wasn't available. He didn't do things.' But no, they said the opposite – he has been helpful; he's been there; he's done that.

"And so, we would sit in judgement of a man like this and a community like that and from some elitist position say, 'He's just not bright enough. He's just not experienced enough. He's just not big enough. He just doesn't have the right clients. And he just doesn't know all the answers to all the questions that we possibly could think of to ask him.' I don't think that's right.

"I think that if there were reasons of lack of judgement, or lack of temperament, or moral turpitude, or anything in this gentleman's past . . . and by the way, that's why so many people don't volunteer. They don't volunteer for boards and commissions. They don't come forward because they see it as a grilling. They see it as a TV drama. They see it as having to answer every little question about themselves, their family, their business, and have a range of knowledge that I dare say many of us in this room do not possess.

"Is he willing and able to learn about these things? Yes. It is a crime to say we shouldn't allow him to be on the board and to learn then? If you're paying a person, I would say the answer is yes. But to learn on the job, to be willing to do more, to be willing to find out about more things, I think that's a positive.

"Is he independent? You bet he is. That's probably one of his faults – he's so independent, he's not well connected. He didn't have the lifelines to call upon that maybe some of the more well known nominees for different boards and commissions have. He's just a man, a father, a husband, a businessman who wanted to help our state university, and we're in a position to say he's not good enough. It's kind of like saying, 'Hey, we really like the contestants in the Ms. Kakaako contest, but have you seen the ones in Ms. Universe? Boy, are they something.'

"Let's stay focused on what we are doing. We're looking at this gentleman's character, his background, and his experience. And to me, he passed the test. To me, he's qualified. And besides, besides talking about a non-paid volunteer position, it's a two-year term. We're not putting him in for life. We're not putting him in for 10 years. We're not putting him in for . . . it's two years! Now, at the end of that time, if he has not done the things that he said that he will do, can do, and all of that, then by all means let's hold him responsible. But to deny him and deny the university community and to deny the people of the Big Island that support this gentleman, for us, I think, is wrong.

"And one final comment, Mr. President, I note that on the official committee report on page 5, I read the following: quote, 'Mr. Kai's subsequent comments as quoted in the media regarding the Committee's "loaded questions" and his

comments about establishing doctoral programs on Maui and Kauai showed a complete ignorance of board policy, fiscal responsibility, and practicality. Above all, his post-hearing behavior displayed inappropriate temperament for the position of a regent,' unquote. As I said, I was there from gavel to gavel. I saw Mr. Kai leave that hearing. He never said a word in that hearing. There was nothing to lead anybody to believe his temperament was wrong or improper or below the level of us in the Senate.

"In terms of comments that he made to the media, he answered questions and that's his belief, and that's his feeling. And now, when we were debating this whole year about free speech, we find out that free speech isn't free and that people are condemned because of their opinions and because of what they say. But did he say anything wrong about the Committee? It was his opinion that some of the questions were loaded, and I can tell you he didn't get the same kind of questions that the two nominees got this morning, which is beside the point. It should be beside the point. He didn't say anything or do anything inappropriate to show that he had a bad temperament. I think that idea is in the eyes of the beholder.

"So, I would urge my colleagues to think about all of these things, to review, to understand how important this advise and consent process is and what it's about and not to diminish the support for an individual that comes from his or her community.

"Thank you, Mr. President."

Senator Baker rose in opposition to the nomination and said:

"Mr. President, I rise in opposition to the motion.

"Mr. President, as I was listening to my colleague from East Honolulu, I was reminded of the phrase, 'damning by faint praise' because I think some of the testimonial that our colleague just provided does that for this nominee.

"This nominee has served on the Board of Regents in an interim capacity for 10 months. It should have been a sufficient learning curve. We expect new people coming in to need to be brought up to speed, but he's been on the job for 10 months.

"It's not just an unpaid volunteer status. That demeans the entire Board of Regents. No, they don't get a salary, but their authority, their policymaking, the tone that they set for the university, the guidance that they're going to give that enormous institution with its thousands of employees and millions and millions of dollars, their responsibility is enormous. We've entrusted the Board of Regents at the university with the shaping of much of our economy because the products that they turned out and their ability to attract faculty and grants really mean whether we're going to have a viable education industry in our State. So, the job of a regent is very, very important and we need to be looking for the best and the brightest, not somebody who's just merely 'okay.'

"When we questioned this nominee, yes, he was willing to learn; yes, he had some other fine attributes. But when we got down to the core issues of how he was going to be making decisions, what he had learned over the 10 months, we were told he had this financial experience and he had out-of-the-box thinking, but when we talked to him about how are you going help with making sure that there are resources at the university, it went back to the tried and true – we're going to raise tuition. There's nothing out-of-the-box about that. When we asked him, what's that going to mean for access for our kids here, for people who want to get an education or want to better themselves, he said, 'well, it's still a bargain.' That, to me, Mr.

President, was very telling in terms of what I thought were problems with this particular nominee.

"I don't doubt that he's a fine man, that he has wonderful attributes, that he's a good father, good husband, good provider, that he does things in the community, but when it came to his breadth of understanding the role of the regents and what they should be doing, it didn't seem to rise to the occasion.

"And so, it is with reluctance, because I think he is a nice man, that I will be voting 'no' on his confirmation."

Senator Chun Oakland rose to speak in support of the nominee and stated:

"Mr. President, I speak in support of this motion.

"Unlike the Senator from Hawaii Kai, I do not share the same sentiments about how our colleagues arrive at their decision, and I very much respect everyone for their decision today.

"I also wanted to thank the Chair of Higher Education. I think he was very fair in terms of allowing us another opportunity for both Board of Regent candidates to be able to speak again before the Committee.

"What I am supportive of with Mr. Kai is I feel that he would be a strong advocate for the community college system. With the individual discussions that I've had with him and the hearing process that I was able to participate in, that was my sense about him.

"I also feel it's very important that we have a perspective of people that are working, that are going back to school and trying to make themselves better, improve their skills, and their knowledge so that they can be very productive and be able to support their families.

"Hearing from Mr. Kai about how he went to school and then had to work and went to school again, I think that reminds us and could be a reminder on the Board of Regents of who we are serving.

"So, that is why I am supportive of Mr. Kai. I think when I met with him, even his investment expertise to me is important. I know we have to have our institution be accountable. I think the Board of Regents that we are considering for confirmation soon will also lend that very important expertise.

"But again, I would like to thank the Committee for the opportunity that was given to both candidates and urge support of this nominee. Thank you."

Senator Kanno rose in opposition to the nomination and said:

"Mr. President, I rise to speak in opposition.

"Mr. President, I have a philosophical disagreement with Mr. Kai's nomination. I believe that all members of the Board of Regents, with the exception of the student member, should have at least a Bachelor's degree from an accredited university.

"When former Governor George Ariyoshi opposed gambling in Hawaii, he raised the concern about what message we're sending to the young people in our State. Where we encouraged our keiki to study hard and to work hard to attain their goals, gambling sends the opposite message that you don't have to study hard or work hard to win at gambling.

"The Board of Regents governs our state's degree granting university. I ask what message is being sent by approving regents without a Bachelor's degree?"

"I urge my colleagues to vote 'no.' Thank you."

Senator Hemmings rose to speak in favor of the nominee and stated:

"Mr. President, I rise to speak in favor of the nominee John K. Kai for the Board of Regents of the University of Hawaii.

"Mr. President, I think I have to play my remarks like a Stradivarius in order to not polarize this issue politically. I will first remind all of us that our shining moments in this Legislature was when we voted our conscience and voted on the merits of the issue and not strictly along political or ideological lines.

"In my remarks I'll remind all of us that we had a wonderful debate several years ago on physician assisted suicide and never once did petty politics or labels on people's backs, Democrat or Republican, enter into the debate. We had similarly a debate on Hawaii Rx, where we did work together and came up with a wonderful piece of legislation that's going to benefit the people of Hawaii.

"Just this year, to our credit, not to our shame, we brought to the Floor a bill for prescriptive rights for physiologists, and it was debated on this Floor like healthy democracies do. And I can honestly look each one of my colleagues in the eye and say we all voted our conscience rather than our political labels, and that particular bill came out with a tie vote and failed.

"What do we know? We had a hearing process, and I don't believe there was any testimony against the nomination. I think people came down here from the Board of Regents, from different walks of life in our community and testified in favor of Mr. Kai. So, where is the resistance coming from? Is it coming from particular politicians who have an issue that they want to make or a point they want to make? I don't know, but it seems that the voting in Committee was a pretty close vote. As I recall, it was 3 to 2 not to advise and consent. So that tells me that the Majority Party has mixed feelings about this nominee. There is no testimony against him. So I want all of us to dig into our conscience and ask ourselves, where is the resistance and why? I think that in looking at that, we'll come to the conclusion that this has to do more with politics rather than good policy in advice and consenting on good people that put their names forward for public service.

"Mr. Kai is a good man. Mr. Kai has stepped forward to serve the people of the State of Hawaii with no compensation and brings to the Board of Regents a well-rounded opinion on how to run the university.

"A previous speaker mentioned that the Mr. Kai didn't have a college degree in a certain area. Well I would tell you, Mr. President, some of the greatest leaders in the history of our country have not had college degrees. In fact, I think one of our previous Governors didn't have a college degree. So I think it's not relevant to the debate here on the Floor today.

"What I do think is relevant is politics. I'm hoping, Mr. President and colleagues, that as we have done in the past and on several occasions with issues like physician assisted suicide, Hawaii Rx, psychologist's prescriptive rights, that each one of us can vote without political party considerations or without personal agendas and do what's best for the University of Hawaii and what's fair to a man who received unanimous support from every testifier at the committee hearing. I'm sure

if we do that, we will vote to advise and consent and approve Mr. John K. Kai for the Board of Regents, and I urge my colleagues to do so.

“Thank you, Mr. President.”

Senator Hee rose in opposition to the nominee and stated:

“Mr. President, before I begin, I want to thank the Committee on Higher Education for their hard work and their staff. I want to thank Senator Hogue for his nice remarks regarding the Committee, Senator Chun Oakland, and all others who have expressed some gratitude in having two committee meetings on these nominees.

“Mr. President and colleagues, John Kai is a good man. I don’t know if he’s a good father; I assume he is. I don’t know if he is a good husband; I assume he is. John Kai is a good man. He is a graduate of Honokaa High School. He’s a country boy like many of us here. He’s a local boy and he’s proud of it. His opening statement to the Committee at the first hearing was, ‘I’m a local boy.’ That means a lot to me, and I suspect it means a lot to others.

“John Kai was very honest in his disclosures. He disclosed he didn’t have a BA. He should be commended for that. He disclosed he was arrested as a college student or while in college. He disclosed that. He disclosed that as a money manager, he was fined by the FCC. That speaks to honesty. I want to ask of the members here, and Mr. Kai, who I understand is above us, that during the preceding there was a clear expectation of the Committee, and properly so, that any interim appointee should have a higher standard of sensitivity with regard to the university – a billion-dollar institution that services 80,000 students and is one of the biggest employers, that if it was a private company would be the fifth largest in the State, that is on each island with 10 campuses. This is our university for the local boys and the local girls and all others.

“It is because of that expectation and the language, upon which he has agreed to serve for the last 10 months, in our constitutional which states: ‘The board shall also have exclusive jurisdiction over the internal structure, the management, and the operation of the university,’ (article 10, section 6) that the Committee properly raised its level of expectations in responses.

“Let me clarify for the speaker from Hawaii Kai that the question with regard to the policy of the University of Hawaii at Manoa being a research institution is very different than whether or not Ph.D. programs should be on all islands. That, in itself, is an oxymoron. A research university by policy is a Cal Berkeley. It isn’t a San Luis Obispo. The administration of Manoa has grave concerns about two Ph.D. programs in Hilo. It has no concern whatsoever on the desire, but rather the policy. Myself, let me state for the record, I support the Ph.D. program in Hawaiian language at Hilo. It should be no secret to anyone on this Floor. But that question and that support is different from the policy that Manoa should be the research engine, because if that is so, Ph.D. programs would be housed at Manoa, and that Hilo and West Oahu College should be a state university and that the community colleges shall remain as community colleges in a three-tiered policy approach.

“The fact that Mr. Kai defended the Ph.D. program at Hilo warmed my heart because I agree with him in deference to the policy. The only difference is I am not a regent. Mr. Kai is the regent. So when asked to explain the policy, it gave him an opportunity to distinguish the difference between a research university and a state university, regardless whether we may agree or disagree.

“Mr. Kai said in both hearings that Hilo is fine. I disagree, but that doesn’t mean I’m right and he’s wrong – it means we disagree. Mr. Kai said that the CIP in clarification is fine, not the operational budget. I disagree, but that doesn’t make me right; it makes me different.

“This is a toilet at Hawaii Community College. (Senator Hee displays several pictures.) I don’t want to sit on this toilet. This is a toilet. This is a rotted roof at Hawaii Community College. These are rusted gutters at the community college. This is a downspout that does not connect to the gutters at the community college. These are foundation beams that don’t touch the ground at the community college. So, I disagree with the regent that Hawaii Community College is fine. That doesn’t make me right; that makes me different. But if these are examples of what is fine from the position of a regent, in deference to the regent, I disagree.

“Members, one of the most difficult jobs in the Senate is advice and consent. There have been over 200 nominees this year that we have advised and consented upon. I have voted for every one of them except one. Most of the time, those that don’t meet the standard of the Chair asks that the name be withdrawn, and most of the time it is. This morning in the Committee on Judiciary, two names were withdrawn at the request of the Chair. Unfortunately, one was withdrawn only after the Committee voted not to confirm. Subsequently, it was withdrawn.

“The chief of staff for the Governor called me on a matter subsequent to the Committee’s unfavorable rating on the nominee. They had chosen not to withdraw. I asked the chief of staff to the Governor to ask the nominee to withdraw. I respect the Governor and the nominee’s desire to put it to the Floor.

“Given all that has gone on, given the opportunities extended to both Dr. de la Pena and Mr. Kai, and given the patience and understanding of the members of the Committee on Higher Education, and indeed even you, Mr. President, it is with regret but, nonetheless, with full conviction that I will vote ‘no,’ and I ask that all of you consider the same.

“Thank you, Mr. President.”

Senator Trimble rose in rebuttal as follows:

“Mr. President, I rise in brief rebuttal.

“Colleagues, these are the committee reports that came out of the hearing. I was at the hearing and I do not believe that they accurately reflect what transpired. Fortunately, the proceedings were televised and perhaps if you can’t see a copy of it before you vote, at least review the differences between the committee report and what actually transpired, because the media has had ample opportunity to compare the two.

“Three things are worth mentioning. At one point in the dialogue between the Chair of Higher Education and John Kai, there was an assertion that during John Kai’s watch, he approved the sabbatical of certain people at the University of Hawaii. John Kai asked the Chair directly, ‘Are you talking about teachers or administrators?’ No direct answer to that question was given.

“Second, relating to whether the University of Hawaii, Manoa, is the research engine for the system does not preclude having a Ph.D. program in a particular area at UH Hilo. The assertion that it would be money foolish to do so fails to recognize how the world has changed in the last 30 years. No

one will assert that you should duplicate engineering or physical science programs at the neighbor island, but the cost structure for physical sciences and liberal arts are very different. And now that we have the Internet as a method of communicating all over the world and as a way of doing research, there is no longer the same necessity to have access to a major library.

“The third thing worth noting is that we want individuals who are able to think independently. I do not view John Kai’s disagreement with the board of regents’ policy as an inconsistency. I viewed it as an open expression of his beliefs that perhaps is a little bit ahead of his time.

“Thank you, Mr. President.”

The motion was put by the Chair and, Roll Call vote having been requested, failed to carry on the following showing of Ayes and Noes:

Ayes, 10. Noes, 15 (Baker, Bunda, English, Fukunaga, Hanabusa, Hee, Hooser, Ige, Kanno, Kim, Menor, Nishihara, Sakamoto, Taniguchi, Tsutsui).

At 12:54 o’clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:55 o’clock p.m.

#### **RE-REFERRAL OF GOVERNOR’S MESSAGES**

The Chair re-referred the following governor’s messages that were received:

Governor's Message Referred to:  
 No. 673 Committee on Energy, Environment, and International Affairs  
 No. 674 Committee on Energy, Environment, and International Affairs  
 No. 675 Committee on Energy, Environment, and International Affairs  
 No. 676 Committee on Energy, Environment, and International Affairs  
 No. 677 Committee on Energy, Environment, and International Affairs

"His professional expertise and community dedication has garnered Dr. de la Pena broad support for his appointment to this position:

The University of Hawaii Professional Assembly writes that Dr. de la Pena can add 'important elements to the diversity of the Board of Regents,' because he both brings 'an academic perspective as a result of his long tenure as a member of the UH faculty,' and also 'conducted his research in Agronomy on the Island of Kauai.'

Former Kauai Planning Director Dee Crowell praised Dr. de la Pena's abilities and service on the Kauai Planning Commission.

Dr. Arnulfo Diaz, president of the Wilcox Hospital Medical Staff, characterizes Dr. de la Pena as 'a man of accomplishments, admirable, honest, diligent, dependable, self-motivated and proficient.'

The Kauai Filipino Chamber of Commerce reports that Dr. de la Pena has 'served the community of Kauai with a passion of commitment.'

Kauai County Council member Mel Rapozo says that Dr. de la Pena 'is a figure of inspiration for many of us here on Kauai.'

"To all those voices, and the many others who have testified in favor of Dr. Ramon de la Pena to the University of Hawaii Board of Regents, I add my own wholehearted support."

Senator Kanno, Chair of the Committee on Labor, requested a waiver of the notice requirement pursuant to Senate Rule 21 for H.C.R. Nos. 265 and 270.

Senator Kanno noted:

"Mr. President, H.C.R. No. 265, H.D. 1, requests the Department of Human Resources Development to reinstate the social worker series in its classification and compensation plan.

"H.C.R. No. 270, H.D. 1, requests a report on civil service exempt positions in each employing state jurisdiction."

The Chair then granted the waiver.

**RE-REFERRAL OF HOUSE CONCURRENT RESOLUTION**

The Chair re-referred the following House concurrent resolution that was received:

House Concurrent Resolution Referred to:  
 No. 40, H.D. 1 Jointly to the Committee on Health and the Committee on Human Services

Senator Hooser rose at this time and stated:

"Mr. President, I was moving a little slow on the vote on Gov. Msg. No. 289 and it went by faster than I had hoped. I wonder if I could have a belated approval to insert comments into the Journal in support?"

The Chair having so ordered, Senator Hooser's remarks read as follows:

"Mr. President, I wish to speak on Gov. Msg. No. 289, nominating Ramon S. de la Pena, Ph.D. to the University of Hawaii Board of Regents. As the Senator who represents District 7, Kauai and Niihau, it is a great pleasure for me to speak in support of this nomination.

"Dr. de la Pena was born in the Philippines. He received his Bachelor of Science degree from the University of the Philippines, and his Master's and Ph.D. from the University of Hawaii at Manoa.

"Dr. de la Pena has spent his entire professional career—more than 40 years—in public service, both as a faculty member at UH-Manoa and researcher in Agronomy on Kauai, and as a former Director of Economic Development for the County of Kauai. As an agronomist, Dr. de la Pena has devoted himself to improving farmers' productivity, particularly in taro production. In a letter of endorsement, Kauai's Office of Hawaiian Affairs Trustee, Donald Cataluna, described Dr. de la Pena as 'the foremost expert in taro culture.'

"Dr. de la Pena is also one of Kauai's foremost citizens, dedicated to community service. He currently serves on the Wilcox Memorial Hospital Board of Directors, the Kauai County Charter Review Commission, the Kauai Filipino Chamber of Commerce Board of Directors, and the Lihue Airport Gateway Project.

S.B. No. 1256 (H.D. 1):

Senator Hee moved that the Senate reconsider its action taken on April 14, 2005, in disagreeing to the amendments proposed by the House to S.B. No. 1256, seconded by Senator Hanabusa and carried.

Senator Hee moved that the Senate agree to the amendments proposed by the House to S.B. No. 1256, seconded by Senator Hanabusa.

Senator Hee noted:

“Mr. President, in discussion with the House, we agreed that substantively the language of the House met the motivation by the Senate on the bill. So, that’s the reason we are agreeing to the House version.

“Thank you, Mr. President.”

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 1256, and S.B. No. 1256, H.D. 1, entitled: “A BILL FOR AN ACT PROPOSING A CONSTITUTIONAL AMENDMENT TO ARTICLE X, SECTION 6, OF THE HAWAII CONSTITUTION TO MODIFY THE APPOINTMENT PROCESS FOR THE BOARD OF REGENTS,” was placed on the calendar for Final Reading on Monday, April 25, 2005.

At 12:05 o’clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:05 o’clock p.m.

Senator Taniguchi, Chair of the Committee on Ways and Means, requested that the referrals of H.C.R. Nos. 146 and 213 to the Committee on Ways and Means be waived.

Senator Taniguchi noted:

“Mr. President, H.C.R. No. 146, H.D. 1, is requesting a study on bioprospecting.

“H.C.R. No. 213, requests a systemwide financial audit of the University of Hawai’i system.

“We are requesting this waiver because of time considerations.”

The Chair then granted the waiver.

By unanimous consent, the following concurrent resolutions were placed on the calendar for Adoption on Monday, April 25, 2005:

H.C.R. No. 146, H.D. 1, entitled: “HOUSE CONCURRENT RESOLUTION REQUESTING A STUDY ON BIOPROSPECTING”; and

H.C.R. No. 213, entitled: “HOUSE CONCURRENT RESOLUTION REQUESTING A SYSTEMWIDE

FINANCIAL AUDIT OF THE UNIVERSITY OF HAWAII SYSTEM.”

Senator Hanabusa, Chair of the Committee on Judiciary and Hawaiian Affairs, requested that the referral of H.C.R. No. 100 to the Committee on Judiciary and Hawaiian Affairs be waived.

Senator Hanabusa noted:

“Mr. President, H.C.R. 100, H.D. 1, S.D. 1, is requesting a study and recommendations relating to the feasibility of stem cell research for Hawaii. The reason for the waiver is time considerations.”

The Chair then granted the waiver.

By unanimous consent, the following concurrent resolution was placed on the calendar for Adoption on Monday, April 25, 2005:

H.C.R. No. 100, H.D. 1, S.D. 1, entitled: “HOUSE CONCURRENT RESOLUTION REQUESTING A STUDY AND RECOMMENDATIONS RELATING TO THE FEASIBILITY OF STEM CELL RESEARCH FOR HAWAII.”

Senator Hemmings rose on a point of personal privilege as follows:

“Mr. President, I rise on a point of personal privilege.

“Mr. President, I want the record to reflect that I’m speaking on behalf of your Loyal Opposition, the Senate Minority, but before I speak on their behalf, I want to add a personal comment.

“Last year, I voted, along with a few of my colleagues, against ethics training. In the course of that speech, I reiterated that all the training in the world would not necessarily result in ethics and it was an insult to be trained in something like ethics. It’s certainly something that we should have within our own character for the privilege of being elected to this Body.

“We had our ethics training, Mr. President, and since then we’ve had two of the most egregious, in our opinion, episodes of incredibly unethical behavior. One we’ve spoken of already – and that’s a Committee Chairman extorting or attempting to extort a private company with the threat of legislative retaliation if they did not do what the Chairman of the Committee wanted them to do. Now we have the Chairman of the Higher Education Committee having one of his operatives put on the desk of a person having a hearing for advise and consent to the Board of Regents, fundraising tickets.

“Even the Honolulu Star-Bulletin recognized the impropriety of this, and the Senator involved admitted it was wrong and accepts full responsibility for the coercion. But, Mr. President, as the editorial says, unless there is recompense for this, it is all for naught. Your Senate Minority is asking for the resignation of that Chairman from the Higher Education Committee until such time that these issues can be resolved. We think the public deserves better.

“We also want to let the Majority Party know that this reflects on the integrity of the entire Senate. Oftentimes, people don’t make the distinction that the Majority Party or the Minority Party did this or that, it’s that the Legislature did it or the Senators did it.

“For our own protection in the future, Mr. Chairman, I would suggest, since you have jurisdiction of these affairs, that you

look at the Senate Rules and we start doing what one of your colleagues called for us to do quite awhile back – and that is to stop having fundraising events during the Legislative Session. We all tell our constituents how busy we are in the final week or two of the legislative process and yet there's enough time to have a fundraising event. If nothing else, there's the appearance of coercion to buy the tickets.

"There is another practice, and that is having people on loan to work in certain Legislator's offices. How, in good consciousness, can you avoid a conflict or the appearance of conflict if you are the Chairman of the Higher Education Committee and have on loan from the University of Hawaii a very liberal, political activist in the department, the very one that puts the fundraising tickets in front of someone being heard for advise and consent to the Senate.

"Senate President Bunda, I realize you have a caucus full of strong-willed individual people that you have to deal with, but we're talking about more than just the interest of the Majority Party – we're talking about the integrity of the Senate. And to this entire process, in light of the fact that nothing has been done by the Majority Party in our prior request regarding the Chairman of the Labor Committee and then this pops up, we'd like to plead with the Majority Party to address these issues. The people of Hawaii deserve better.

"Thank you, Mr. President."

Senator Hanabusa rose on a point of personal privilege as follows:

"Mr. President, I rise on a point of personal privilege, which is a very unusual event for me, as you know.

"Mr. President, it is unfortunate, I believe, that your Loyal Minority, as they call themselves, has decided to politicize this and to do what they have done. There are complaints, I guess, that have been filed or threatened to be filed and that has to work its way through the process. But, Mr. President, I do not recall any Democrats, since this has become a partisan issue, any Democrats standing up when the Governor was found to have violated ethics when she ran CARE out of her office because she used state facilities and I also believe did not create the appropriate PAC filings because of the fact that it was there to effect the ballot issue. We had the apologies. We had everyone saying, whatever. But Mr. President, none of us stood up and said, that person should resign from office because they abused that office, but that was the determination by the Ethics Commission.

"What we are talking about here is not something that is determined. We were talking about mere allegations, which may or may not be sustained, Mr. President, but I believe your position has been we'll wait to see what that process determines. And at that point in time, you, Mr. President, and your leadership will decide what would be the next appropriate step to take.

"Mr. President, to stand up now without something determined or a finding actually made I think is completely inappropriate, and that is why I am taking this very unusual step of standing up on a point of personal privilege because even with the Governor, though be it they found her in violation and she of course immediately said she would correct it, we were able to accept that. So, I find it difficult that your Loyal Minority across the way finds that that is also not a process that can be afforded to their colleagues as well. I would assume that is something that if we are able to afford others . . . or maybe there's just a plain dual standard and maybe that's what should

be conceded here, but there is no finding as of yet on those points.

"So, I believe that at best it's premature or possibly it's just absolute and the ultimate form of grandstanding because you have a political issue before you right now. But when we have sat here, waited for the explanation, and waited for the determination, and in essence accepted the appropriate apology at the end, Mr. President, I think that the statement from the prior speaker is inappropriate, but he has an absolute right to do so as I have an absolute right to retort what he has said.

"Thank you, Mr. President."

Senator Hemmings rose again on a point of personal privilege and said:

"Mr. President, point of personal privilege and rebuttal:

"I'm very pleased that the illustrious Senator from Waianae saw fit to attempt to defend the ethics problems in the Majority Party Caucus. I'd like to remind the good Senator, it's not me that's grandstanding this issue, it's the Honolulu Star-Bulletin, among others, plus a great number of constituents from around this State, probably including your district, who are fed up with this whole issue.

"I didn't ask anybody to resign from office. I think that's up to the voters of each district to determine who shall serve them and whether or not they're ethical or not. I asked the person to resign from Chairmanship of a Committee that controls the destiny of the University of Hawaii, and in the instance of the other Chairman, the one who controls the destiny of businesses and the labor that works in those businesses for the outright conflict of interest.

"I'd like to suggest to the good Senator from Waianae that the only thing that's been stonewalled and grandstanded around here is the Majority Party's ability to come to grips with these issues.

"We, in good consciousness, have written a letter requesting a copy of the letter that was sent on the NCL issue and have not received a reply. We did not evoke Rule 72 in hoping the Majority Party would recognize our concerns. The good Senator should recognize that when there are accusations and evidence of improprieties, even in the police department and law enforcement agencies, people who have been challenged step aside until it's been rectified. Besides the Majority Party making no attempt that we have seen to rectify these situations that appear to be highly unethical, the people of Hawaii sit by wondering why. Our job is not to be complacent with this type of duty, and I want to thank the good Senator from Waianae for standing up and underscoring our concern. If you want to call it grandstanding, be my guest.

"I was incensed last year when someone on this Floor stood up and said we need ethics training because of the Governor. In fact if you recall, I did attempt to read a very partisan list of people who have been indicted and gone to jail for illegal behavior or have been censured for unethical behavior, but I got gavelled down. So why don't we exercise free speech and why don't we go head to head on this issue – be my guest! I'm ready to get on the grandstand!"

Senator Hanabusa rose again on a point of personal privilege and said:

"Mr. President, I stand on a point of personal privilege also in rebuttal.

“Mr. President, your Loyal Minority has missed a critical point, and maybe it brings to light something that we should consider. If I recall, part of the CARE program has someone who has now been appointed to head the Office of Information Practices. Maybe the loyal Minority should ensure, before they cast their stones, that that person had nothing to do with any of the CARE situation.

“Mr. President, all I’m pointing out is that there is an adjudication on that specific fact. I’m not saying that the Governor should step down. I believe that she is elected like everyone else is elected here and let the constituents decide the final outcome of that fate.

“However, I’m interested to learn if the Loyal Minority had asked for an investigation as a result of that and ensured that proper sanctions were taken for those who had made whatever decision was required to be made to actually facilitate that out of the fifth floor administrative offices.

“Mr. President, whatever we criticize others for is something that I would assume, since they feel so strongly about, that they should be the first to lead the charge for.

“Thank you, Mr. President.”

Senator Slom rose on a point of personal privilege and said:

“Mr. President, I rise on a point of personal privilege, as rare as that is and as reluctant as I am. (Laughter.)

“I think we should keep this all in proper perspective. First of all, we are members of the Senate and we’re talking about issues that have occurred in the Senate. We can debate the issue involving the Governor and the CARE program, which was debated actually last year. We can talk about that. We can talk about things that have happened in the House. We can talk about things that happen publicly, but I think it’s a lot easier and a lot more responsible to talk about issues here in the Senate because we are 25 of us representing this Body.

“I do concur with the good Senator from Waianae that in the case where there is a process going on that that process should work its way through. The only problem for the public and for us is that oftentimes these processes take a considerable amount of time and the Legislative Session is pau by then and also the Conference Committee process and everything else. So, I think it’s a legitimate concern and a legitimate issue to be brought up and to be discussed and as the Minority Leader said, we’re talking about freedom of speech and freedom of ideas.

“What a boring place this would be if there were 25 members of the Majority Party. There would be no discussion, no debates, no issues, everything would be 25 to 0 and we wouldn’t even have to come here. But, thank goodness you have at least five of us now to bring this discussion to the Floor, and look at some of the discussions that have been brought to the Floor before when we’ve honestly talked about them. And one of the things was ethics. We discussed it last year – how important it is – and we on this side don’t disagree that ethics is important. What we were saying was that to have legislation, to have the public believe that practices would stop because somebody spent an hour-and-a-half or two hours with the Executive Director of the Ethics Commission was absurd, really, and that people that engage in unethical practices, whatever they are determined to be, are going to do so and have done so and will continue to do so regardless of any specific training.

“So, what we should be doing is looking at things in the bigger picture. And the Minority Leader brought up the issue

which is very dear to my heart and that is the idea of not having fundraising activities during the Legislative Session. I say it’s dear to my heart because more than 15 years ago the organization that I represent on the outside, Small Business Hawaii, had called publicly for all Legislators to not do this because it was bad practice. How can we, as Legislators, as Senators, be debating issues that affect businesses and labor and academic institutions and nonprofits and at the same time send them booklets of tickets to get their money to come to our fundraisers. Why don’t we do it after the Session so that they can say, ‘boy, you guys and gals really did a good job and I want to show my support by buying fundraising tickets.’ I was laughed at 15 years ago because people said, ‘well, that’s not the way it’s done.’ And particularly people from the neighbor islands, they need that captive audience that exists during the Legislative Session, and I think the operative word is captive.

“I don’t think it’s right that we solicit people while we are dealing with their issues. In my younger days, I called it extortion and a grave conflict of interest, but now that I’m older and the senior member of this Body, I would say it’s just bad judgement. And think we should all do that. It should not be a Republican or Democrat issue, and I know that there is bipartisan support to do this, but instead of talking about it, we should do it. We should make sure that the public has a restoration of their faith that when we’re down here debating issues, we are honestly debating the issues – not personalities, not political parties – and that we try to solve these problems. And to me, that’s what the bigger issue is. I always disliked getting involved in personalities because it doesn’t solve the problems and it doesn’t do anything for the public who pay for us and are paying more and more, it seems, every year.

“So, Mr. President and colleagues, let’s let the process go through, but at the same time, let’s make sure that these issues are not swept under the carpet and that we deal with them and that we deal with causes of problems rather than just symptoms.

“Thank you.”

Senator Hee rose on a point of personal privilege and stated:

“Mr. President, I rise on a point of personal privilege.

“I would like to make a few remarks on the discussion so far, Mr. President, with your permission. A lot of things have been said, so I hope this Body will engage in some patience in some words contrary to what has been said by the Minority members thus far.

“In no particular order, let me say that when this issue came up a couple days ago on this Floor, I said very clearly that while I had no knowledge of the distribution, I accept full responsibility. Since that time, I’ve had the opportunity to look at exactly what transpired and who engaged in what activity. I didn’t want to get into it publicly, but this might be a good opportunity.

“As far as we can determine at this point, \$50 was contributed to my fundraiser, and I’ve asked that it be returned forthwith. I made that clear a couple of days ago, and I do so publicly again. I spoke to Bob Watada and gave him a copy of my Floor speech in the event that an issue may arise. He took it and he told me that was the right thing to do, and he wanted to give it back to me, but I said ‘no, why don’t you keep it; you may need it.’

“I called Dan Mollway of the Ethics Commission that afternoon and I said to him that he may be getting calls. And in fact he said to me that Mrs. Kai had called and she was upset because an envelope was mailed to her house. Mr. Mollway

said to me that he told her that that was not a breach of the law, that we receive a lot of things in the mail that we don't necessarily appreciate receiving, and that that is not a violation of the statutes governing ethics, from his point of view. And in fact he said he indeed receives fundraiser tickets at his house and he does what he does with them.

"Because I was first elected two decades ago, I said to Mr. Mollway, 'You know, Dan, whenever I thought a potential problem would arise, I've always consulted you,' and he said, 'Yes, that's correct.' And I continue to do so because unlike others who may feel differently, I freely admit that I'm very appreciative of the counsel of the Executive Director of the Ethics Commission, and I freely admit that I seek the counsel of the Campaign Spending Director. I freely admit that. I will do so many times more in the future – freely.

"But I take exception to the statement made by the previous speaker, and I quote, 'Those who engage in unethical behavior will continue to do so.' I don't believe that's a true statement. I don't believe that Governor Lingle will repeat the mistake that she made, and I don't believe that my campaign volunteers will repeat the mistake that they made. I don't think there was anything nefarious involved. I think that a mistake was made and I accept the responsibility of the error.

"You know, friends, Amy Agbayani is an honorable person, and those who would cast dispersions on her, cast them upon themselves. She is the Director of Student Equity, Excellence and Diversity programs at the university. She is the former President of the Filipino Community Center. She is the former Chair of the Judicial Selection Commission and former Chair of the Hawaii Civil Rights Commission. Her M.A. and Ph.D. in political science was earned from the University of Hawaii at Manoa. She has attended summer institutes at the University of Michigan, at Cornell University, and at Harvard University. She is the recipient of the Alan Saunders American Civil Liberties Union Award. She was named by the YWCA as one of the outstanding women. She is a UH Distinguished Alumnus. She is a recipient of the Hawaii East-West Center Alumni Award and the National Association for Student Personnel Administrators Award.

"She serves as a Director of the Hawaii Women's Political Caucus, the Hawaii Community Foundation, the University of the Philippines Hawaii Alumni Chapter, the Interagency Council for Immigrant Services, the Hawaii Aloha United Way, and Leadership, Education for Asian Pacifics. She's an honorable person. She administers the University of Hawaii Women's Center, the Office of Multicultural Student Affairs for underrepresented ethnic groups, the Kua'ana Student Services for Native Hawaiian students, the College of Opportunities Program for disadvantage students, the KOKUA Program for students with disabilities. She is a Presidential and Regent's Merits Scholarships and Senior Visitors Program Administrator.

"Two days ago, she offered her resignation. Two days ago, I accepted it. I didn't come here to grandstand the offer of resignation from an honorable woman. She feels terrible about the error in judgement.

"Mr. President and members, is there anyone who would stand and say that she cannot make a positive contribution as an unpaid, halftime staff person for the Chairman of the Committee on Higher Education? I asked her to join me because of her vast knowledge of representing underrepresented students of which with very few exceptions on this Floor each of us has the koko . . . each of us has the koko. I did so only after asking the permission of University of Hawaii President David McClain, and only after receiving his permission. I did so only after understanding that the Governor herself had a

fulltime – paid by the university – salaried assistant. He is Law Professor Randy Roth. I did so only after understanding that for three years, senior University of Hawaii Vice President Eugene Imai was a special assistant to the Speaker of the House. Amy Agbayani was a halftime employee charged with the duty of helping me construct a budget which represented, to a greater degree, ethnic studies, women studies, labor studies, American studies, and underrepresented students. That was her mission.

"She feels absolutely terrible about her error in judgement. And for \$50, I feel badly for her. But you know, Mr. President, if there is, as the Minority Leader likes to pontificate, a quid pro quo, then let's truly understand the East-West horizon on a quid pro quo.

"Catherine Lagareta, Board of Regent member, University of Hawaii, in calendar year 2002 contributed \$5,500 to the campaign of then candidate Linda Lingle. East-West Board of Director member Roland Lagareta contributed the maximum \$6,000 prior to the election of Governor Linda Lingle. John Kai, interim regent, has contributed \$1,500 to Governor Linda Lingle; Ramon de la Pena, interim regent, contributed \$200; Andres Albano, regent, University of Hawaii, in October of 2002 contributed \$200; regent James J.C. Haynes II contributed \$1,250, and then \$4,750, and then \$1,000, and then finally on June 15<sup>th</sup> of this year another \$1,000. His son, James J.C. Haynes III, on April 11, 2002, contributed \$6,000. Mr. President, I assume that these contributions are lawful. This much we know – these are the contributions; they are regents today. Aventis Pharmaceuticals contributed \$6,000 on October 28<sup>th</sup>, '02; Chevron, USA, contributed \$799.67 on October 11<sup>th</sup> and then Chevron/Texaco Corporation in California contributed in three separate checks \$6,500; Tesoro from July 18, 2001 to March 16, 2004, thus far has contributed \$13,100. Is there a suggestion here that policy may affect these contributions? That's for us to decide.

"Ramon de la Pena sent me a check for \$50 – that check will be returned. I have accepted responsibility. Dr. Agbayani is no longer a member of this staff. We are the poorer for that. We are the losers for that. She is the one who asked to resign. I feel very badly for that and I chose not to make it a public issue.

"Mr. President, I serve at your pleasure. If I don't have your confidence, Mr. President, or the members here, you have my permission – you may have the Committee; you may have my leadership position. I have done my job with the idea that we would do it the best that we could, and I hope to some degree that the members here will at least understand that, if not agree. But I serve at your pleasure, Mr. President, and I serve at the pleasure of all of you here. There is no anchor that I am seated to this bench. You may have it – but not in response to the Bulletin and the honorable Richard Borreca, but because those are the rules that govern this Body.

"And let me end with this – there is a suggestion here that there is some nefarious plot to extort some money. I have, in a statement faxed to the Ethics Commission Executive Director two afternoons ago, said that no state office equipment was used, no personnel was used, none at this Capitol building as far as I am aware. Whatever was mailed was on my campaign committee expenditures to non-state office destinations. That's the law. I have offered my hard drive and I offer it to anyone here who wishes to have the hard drives of my computer – I offer that to you. And I have offered to the Ethics Commission Director that my statement faxed to him shall stand as an affidavit. That's nothing magical, but the idea that it's some isolation to either myself or others on this Floor is in fact grandstanding. When you accept someone's resignation and not tell others, I believe that's proper.

“So, Mr. President and members here, I offer you whatever you wish from my office.

“Thank you, Mr. President.”

**APPOINTMENT OF CONFEREES**

H.B. No. 1462 (S.D. 1):

The Senate reconvened at 12:07 o'clock p.m.

#### FINAL READING

S.B. No. 1256, H.D. 1:

Senator Hee moved that S.B. No. 1256, H.D. 1, having been read throughout, pass Final Reading, seconded by Senator Hanabusa.

Senator Hooser rose in support of the measure and stated:

"Mr. President, I rise in support of this bill.

"Mr. President, this bill is a good bill. I think if we focus on what is good public policy and in our hearts we close our eyes and think about not whether it's Minority or Majority members being affected but look at the policy of the university, the policy of this bill, I think all of us will recognize that this bill is good for the University of Hawaii.

"This bill represents best practices as promoted by the Association of Governing Boards in Universities and Colleges. I read from a letter written last year that says it's 'a national group for Boards of Trustees and Regents. The Association of Governing Boards in Universities and Colleges has advocated for this approach for nearly two decades and have worked successfully with states to see such committees enacted.'

"Another letter also presented from the Common Wealth of Virginia, Office of the Governor, says, 'As result of this process, we believe we have improved the quality and diversity

of our board appointments.’ This is a similar situation that was put into place by Governor Mark Warner in 2002.

“This is a good piece of legislation, Mr. President, members. It’s good for the university. It perpetuates and supports the vision of autonomy that was put into place by the voters just a few years ago. It will ensure that we have the widest range possible of regent applications. Nothing will ever take politics completely out of the process, Mr. President, but this will assure that there is minimal influence by politics. It’s supported by members of the University of Hawaii Foundation, supported by professors, by students in the past, and it is a good bill. It will make for a better university, and I urge my colleagues to support this bill.

“Thank you.”

Senator Trimble rose in opposition to the measure and said:

“Mr. President, I rise to speak in opposition.

“It is kind of difficult to stand up and talk about something that has been categorized at least 11 times in less than 3 minutes as a good bill, but nevertheless, I will be voting against this bill for two reasons. Number one, when you consider why we pass law, you don’t do it because of one instance, and you don’t amend the Constitution because of one instance. The instance I’m referring to was not the firing of Evan Dobbelle, because, you know, the firing of Evan Dobbelle was a bipartisan action by the Board of Regents and I believe it made the University of Hawaii a stronger institution because of the controversy and the attention that was played on it. The instance I’m referring to was the manner in which he was hired to begin with. I believe when the Senate exercises its Constitutional responsibility of confirming regent nominees, if we do our job properly we will not find ourselves in the situation that occurred several years ago.

“The second reason for voting against it is that I believe that differences of opinion and articulating differences of opinion – i.e., politics is important whether it be in this Body or the University of Hawaii – provides a vehicle for articulating the need for change.

“If you look at the composition of the nominating committee, it is my belief that what you will get are regents that are not advocates of change, and you will get a system where there is no direct accountability to the people when there is a need for change.

“So, I’m voting against this bill, number one, because it is not necessary to enact law to deal with one instance; and two, the mechanism that is suggested, I don’t think will result in nominees on a Board of Regents that is accountable to the people when there is a need for change.

“Thank you, Mr. President.”

Senator Hogue also rose to speak against the measure as follows:

“Mr. President, I rise to speak against this particular measure.

“I appreciate the good intentions of the Senator from Kauai. I understand that this bill is well intended, however, I don’t believe that you can de-politicize the process. If in fact the bottom line was to de-politicize the process, there would not be the Senate companion that runs alongside this particular bill that appoints an 11 member council that is so political. When you take a look at it, for example, these will be those who have been

put on this selection council – one member shall be appointed by the President of the Senate; one by the Speaker of the House; one by the Governor; one by the University of Hawaii’s All Campus Council of Faculty Senate Chairpersons; one member shall be appointed by the University of Hawaii System Student Caucus; one member shall be appointed by the University of Hawaii’s Native Hawaiian Council; one by the University of Hawaii Professional Assembly; one by the HGEA; one by the Hawaii State Bar Association; one member by the University of Hawaii Foundation; and one by the University of Hawaii Alumni Association.

“Well, the first nine that I read off there are obviously extremely political – extremely. So, now we could make a case that we could have an appointment from the University of Hawaii Foundation that was perhaps not political and we could have one that was appointed by the University of Hawaii Alumni Association that was not political. So, two of the eleven would not be political. We could make that argument. Maybe they could be political, too. So, in our effort to de-politicize the process, we have actually over-politicized the process.

“If what we wanted to do was to take away the power of the Governor to appoint whom that Governor of a particular political party wanted to appoint, because of trying to oversee the university’s, say, finances or policies, etc., there would be a possibility that the way this particular council is set up is that people there could all get together and they could make sure that anyone that they put before the Governor, they could make sure that that person, all of them that were put before her, had the opposite point of view.

“The way this particular Constitutional Amendment comes forward and is different from the State of Virginia, I understand, the Governor has to appoint a Board of Regent nominee from that list. In the State of Virginia, I believe, they may appoint from that particular list.

“So, I don’t think there is any way that you can de-politicize the process. In fact we are over-politicizing the process, and for those reasons, I’ll be voting ‘no.’

“Thank you.”

Senator Hee rose and said:

“Mr. President, just one point of clarification.

“The previous speaker spoke about . . .”

The President interjected:

“Are you rising in support, Senator Hee?”

Senator Hee continued:

“I beg your pardon, Mr. President. I rise to support this measure before us.

“As a point of information, the previous speaker spoke about S.B. No. 1257. We are on S.B. No. 1256. S.B. No. 1256 merely puts the question before the people of the State of Hawaii. It does not presume the answer. It’s not a power grab. It’s a question before the people, the voters of the State of Hawaii.

“If the question is turned away by the voters, S.B. No. 1257 is moot. If the voters sustain the proposition that there should be a different process by which regents are selected and then appointed by the Governor, then S.B. No. 1257 becomes an

issue for discussion. And as a point of fact, S.B. No. 1257 is intended to go before a Conference Committee to address some of the very issues raised by the previous speaker.

“The suggestion that S.B. No. 1257 is in concrete is not so. The fact is the measure before this Body is S.B. No. 1256, which asks the people for their advice.

“Thank you, Mr. President.”

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 1256, and S.B. No. 1256, H.D. 1, entitled: “A BILL FOR AN ACT PROPOSING A CONSTITUTIONAL AMENDMENT TO ARTICLE X, SECTION 6, OF THE HAWAII CONSTITUTION TO MODIFY THE APPOINTMENT PROCESS FOR THE BOARD OF REGENTS,” having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 4 (Hemmings, Hogue, Slom, Trimble).

**ADOPTION OF RESOLUTIONS****MATTERS DEFERRED FROM  
FRIDAY, APRIL 22, 2005**

Stand. Com. Rep. No. 1780 (H.C.R. No. 88, S.D. 1):

On motion by Senator Hee, seconded by Senator Hogue and carried, the report of the Committee was adopted and H.C.R. No. 88, S.D. 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF LAND AND NATURAL RESOURCES CONSIDER IMPOSING RESTRICTIONS ON PUBLIC ACCESS TO THE AHIHI-KINAU NATURAL AREA RESERVE," was adopted.

Stand. Com. Rep. No. 1781 (H.C.R. No. 267, H.D. 1):

On motion by Senator Hee, seconded by Senator Hogue and carried, the report of the Committee was adopted and H.C.R. No. 267, H.D. 1, entitled: "HOUSE CONCURRENT RESOLUTION AUTHORIZING THE HOUSE COMMITTEE ON WATER, LAND, AND OCEAN RESOURCES AND THE SENATE COMMITTEE ON WATER, LAND, AND AGRICULTURE, TOGETHER WITH THE DEPARTMENT OF LAND AND NATURAL RESOURCES, TO CONDUCT COMMUNITY MEETINGS THROUGHOUT THE STATE TO SEEK PUBLIC PARTICIPATION TOWARDS ENSURING THE VIABILITY OF HAWAII'S MARINE RESOURCES NOW AND FOR FUTURE GENERATIONS," was adopted.

Stand. Com. Rep. No. 1782 (H.C.R. No. 10, H.D. 1, S.D. 1):

Senator Hee moved that Stand. Com. Rep. No. 1782 and H.C.R. No. 10, H.D. 1, S.D. 1, be adopted, seconded by Senator Hogue.

Senator Whalen rose to speak in opposition to the measure as follows:

"Mr. President, briefly, when we had the initial bill that was going to start pushing the emergency contraceptive pill, I voted 'no' for that because the testimony from the doctors and the medical research showed clearly that although it can prevent conception, it also can basically create a miscarriage, because if the pill is taken after the egg has been fertilized, what happens is that the woman's body rejects it and the egg is unable to implant on the wall of the uterus. So, this emergency contraceptive pill becomes an emergency abortion pill, and I think we continue to play games with the names and promoting something I can't support.

"Thank you."

Senator Baker rose to speak in support of the measure and said:

"Mr. President, I rise to speak in support of Stand. Com. Rep. No. 1782, H.C.R. No. 10.

"This measure is identical to a measure that the Senate has already adopted. We took the HCR and instead of creating a new task force, asked that the existing task force that is already working on the issue to address this matter. The task force was created by legislation passed last year and signed into law to make sure the appropriate information gets out to pharmacists who have the ability to prescribe emergency contraceptives and to the physicians, as well as to women who may be in need of emergency contraceptives.

"So, I would just like to note for the record that an identical measure has already been approved by the Senate. Thank you."

The motion was put by the Chair and carried, the report of the Committee was adopted and H.C.R. No. 10, H.D. 1, S.D. 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE EMERGENCY CONTRACEPTION INTERAGENCY WORK GROUP TO DEVELOP A MECHANISM TO EFFECTIVELY DISSEMINATE INFORMATION ON THE AVAILABILITY OF OVER-THE-COUNTER EMERGENCY CONTRACEPTION IN THE STATE," was adopted with Senators Slom and Whalen voting "No."

Stand. Com. Rep. No. 1783 (H.C.R. No. 67, S.D. 1):

On motion by Senator Hee, seconded by Senator Hogue and carried, the report of the Committee was adopted and H.C.R. No. 67, S.D. 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING A SUNRISE REVIEW OF ATHLETIC HEALTH CARE TRAINERS," was adopted.

Stand. Com. Rep. No. 1785 (H.C.R. No. 109, S.D. 1):

On motion by Senator Hee, seconded by Senator Hogue and carried, the report of the Committee was adopted and H.C.R. No. 109, S.D. 1, entitled: "HOUSE CONCURRENT RESOLUTION URGING HAWAII HEALTH SYSTEMS CORPORATION TO ESTABLISH URGENT CHILD AND ADOLESCENT PSYCHIATRIC SERVICES AT MAUI MEMORIAL MEDICAL CENTER IN THE FORM OF CRISIS STABILIZATION SERVICES," was adopted.

Stand. Com. Rep. No. 1786 (H.C.R. No. 222, H.D. 1, S.D. 1):

On motion by Senator Hee, seconded by Senator Hogue and carried, the report of the Committee was adopted and H.C.R. No. 222, H.D. 1, S.D. 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF HEALTH TO ACTIVELY WORK WITH THE RESIDENTS IN UPCOUNTRY MAUI TO ADDRESS THEIR CONCERNS AND TO REVIEW THE DEPARTMENT'S WATER QUALITY STANDARDS AND PRACTICES IN LIGHT OF CONTINUING CONCERNS REGARDING DETERIORATING WATER QUALITY IN UPCOUNTRY MAUI," was adopted.

Stand. Com. Rep. No. 1787 (H.C.R. No. 229, H.D. 1, S.D. 1):

On motion by Senator Hee, seconded by Senator Hogue and carried, the report of the Committee was adopted and H.C.R. No. 229, H.D. 1, S.D. 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE LEGISLATIVE REFERENCE BUREAU TO COORDINATE STUDIES, WITH THE ASSISTANCE OF THE DEPARTMENT OF HEALTH, TO EVALUATE THE IMPACT OF THE PHYSICIAN 'ON-CALL' CRISIS ON THE QUEEN'S MEDICAL CENTER TRAUMA CENTER TO PROVIDE EMERGENCY MEDICAL SERVICES IN THE STATE OF HAWAII, AND TO RECOMMEND ANY APPROPRIATE GOVERNMENT AND PRIVATE SECTOR RESPONSES TO THE ON-CALL CRISIS TO ENSURE CONTINUED ACCESS TO TRAUMA LEVEL CARE," was adopted with Senator Slom voting "No."

Stand. Com. Rep. No. 1805 (H.C.R. No. 5, H.D. 1, S.D. 1):

On motion by Senator Hee, seconded by Senator Hogue and carried, H.C.R. No. 100, H.D. 1, S.D. 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING A STUDY AND RECOMMENDATIONS RELATING TO THE FEASIBILITY OF STEM CELL RESEARCH FOR HAWAII," was adopted with Senator Slom voting "No."

H.C.R. No. 146, H.D. 1:

On motion by Senator Hee, seconded by Senator Hogue and carried, H.C.R. No. 146, H.D. 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING A STUDY ON BIOPROSPECTING," was adopted.

H.C.R. No. 213:

On motion by Senator Hee, seconded by Senator Hogue and carried, H.C.R. No. 213, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING A SYSTEMWIDE FINANCIAL AUDIT OF THE UNIVERSITY OF HAWAII SYSTEM," was adopted.

**RECONSIDERATION OF ACTION TAKEN**

S.B. No. 527, S.D. 2 (H.D. 1):

Senator Baker moved that the Senate reconsider its action taken on April 7, 2005, in disagreeing to the amendments proposed by the House to S.B. No. 527, S.D. 2, seconded by Senator Chun Oakland and carried.

In accordance with the Conference Committee Procedures agreed upon by the Senate and the House of Representatives, the managers on the part of the Senate recommended that the Senate agree to the amendments proposed by the House to S.B. No. 527, S.D. 2, on the following showing of Ayes and Noes:

Ayes, 4 (Baker, Chun Oakland, Taniguchi, Inouye). Noes, none. Excused, 2 (Fukunaga, Whalen).

Senator Baker moved that the Senate agree to the amendments proposed by the House to S.B. No. 527, S.D. 2, seconded by Senator Chun Oakland.

Senator Baker noted:

"Mr. President, this is a measure that provides the county executive office on aging, as well as county agencies, the ability to procure using Chapter 103F. This is consistent with the Senate amendments. However, the House bill was more technically correct and that is why we adopted their version."

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 527, S.D. 2, and S.B. No. 527, S.D. 2, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PURCHASES OF HEALTH AND HUMAN SERVICES," was placed on the calendar for Final Reading on Tuesday, April 26, 2005.

## FIFTY-EIGHTH DAY

Friday, April 29, 2005

The Senate of the Twenty-Third Legislature of the State of Hawaii, Regular Session of 2005, convened at 6:39 o'clock p.m. with the President in the Chair.

The Divine Blessing was invoked by Pastor Richard "Rick" Ribuca, Jesus Christ of Nazareth Gospel Church, after which the Roll was called showing all Senators present with the exception of Senator Whalen who was excused.

The President announced that he had read and approved the Journal of the Fifty-Seventh Day.

## MESSAGES FROM THE GOVERNOR

The following messages from the Governor (Gov. Msg. Nos. 851 to 854) were read by the Clerk and were placed on file:

Gov. Msg. No. 851, informing the Senate that on April 28, 2005, she permitted the following measure to become law without her signature, pursuant to Section 16 of Article III of the State Constitution, which reads as follows:

House Bill No. 1305 as Act 35, entitled: "RELATING TO EQUAL PAY."

"Dear Mr. President and Members of the Senate:

I am allowing the following measure to become law on April 28, 2005, without my signature, pursuant to Section 16 of Article III of the State Constitution.

HB 1305, HD1 A BILL FOR AN ACT RELATING TO EQUAL PAY. (ACT 35)

As my Administration has pointed out, this bill is unnecessary. It simply reiterates policies in current federal laws including the Federal Equal Pay Act of 1963, Title VII of the Civil Rights Act of 1964, the Equal Employment Opportunity Act of 1972, the Pregnancy Discrimination Act of 1978, and the Civil Rights Act of 1991.

Furthermore, Hawaii law currently addresses waged-based discrimination under our Wage and Hour statutes and the Hawaii Discriminatory Practice Law. The Hawaii Civil Rights Commission is already responsible for handling cases brought under these statutes.

This bill establishes a task force on this topic, but fails to appropriate funds or staff for the task force. Additionally the scope of the task force's responsibilities is ambiguous and subject to various interpretations.

On balance, the bill does no good, but does no real harm. It is only a symbolic gesture by the Legislature. As such I will allow this measure to go into law without my signature.

Sincerely,

/s/ Linda Lingle  
LINDA LINGLE"

Gov. Msg. No. 852, informing the Senate that on April 29, 2005, she signed into law Senate Bill No. 1864 as Act 36, entitled: "MAKING AN EMERGENCY APPROPRIATION OUT OF THE JUDICIARY COMPUTER SYSTEM SPECIAL FUND."

Gov. Msg. No. 853, informing the Senate that on April 29, 2005, she signed into law Senate Bill No. 1713 as Act 37, entitled: "RELATING TO KALAUPAPA."

Gov. Msg. No. 854, informing the Senate that on April 29, 2005, she signed into law Senate Bill No. 1140 as Act 38, entitled: "RELATING TO FINANCIAL SERVICE LOAN COMPANIES."

Senator Hogue rose at this time and stated:

"Mr. President, I understand we're going to be moving on to Stand. Com. Rep. No. 1888, Gov. Msg. 826. I have just been handed the committee report, which I understand is incorrect. It is incorrect and I want the record to reflect that the voting was taken incorrectly."

At 6:57 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 7:10 o'clock p.m.

Senator Hee rose at this time and said:

"Evidently, colleagues, the vote sheet was incorrect. On the motion not to advise and consent on student nominee Dylan Nonaka, the Vice Chair, in taking the vote, incorrectly registered a 'with reservation' for Senator Trimble and the vote should have been 'no.' To the extent that the Vice Chair made

an error, I apologize for the inadvertent error and would like to correct the record to reflect that Senator Gordon Trimble on the motion not to advise and consent voted 'no.'"

The Chair so ordered.

Senator Hogue then rose and said:

"Mr. President, thank you very much for noting that the committee report was incorrect and that we have corrected that particular error. I'm going to ask, colleagues, if you don't mind, for a very brief recess and I'll tell you the reason why – the nominee whose confirmation we're going to debate in the next few minutes is on his way here. He has flown in from the Big Island and I believe that in deference to him, he deserves to hear those who are going to vote for him and those who are going to vote against him.

"I understand that he is literally just a few minutes away from the State Capitol, and I am asking either that this gets moved to the end of the calendar or that we recess for just a few minutes. Literally, I understand it will be just a few minutes for him to arrive.

"Thank you."

At 7:12 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 7:13 o'clock p.m.

Stand. Com. Rep. No. 1888 (Gov. Msg. No. 826):

By unanimous consent, action on Stand. Com. Rep. No. 1888 and Gov. Msg. No. 826 was deferred to the end of the calendar.

Senator Kokubun moved that S.C.R. No. 178, S.D. 1, H.D. 1, be Finally Adopted, seconded by Senator Menor.

Senator Hee rose in support of the measure as follows:

"Mr. President, I stand in support of this resolution.

"Colleagues, this is the perfect example why HCDCH needs to be reviewed with regard to its procedures. This is the perfect example why HCDCH, without notice to the Waiahole-Waikane Community Association, engaged with the Department of Hawaiian Home Lands to make an effort to change the culture and resident and complexion of Waiahole Valley.

"Anybody who has been here since the 70s should know that of the valleys on Oahu, Waiahole Valley is an area that has undergone tremendous upheaval in 1973 and its members remain vigilant to the stewardship of the valley. To the extent that the Department of Hawaiian Home Lands and HCDCH never once conferred with the WWCA or its residents should never again occur so that they turn to the Legislature for relief. But for the leadership of the Water, Land, and Agriculture Chair and the Community of Waiahole Valley Association, this would have been rammed down the throats of the residents of Waiahole Valley.

"Thank you."

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.C.R. No. 178, S.D. 1, and S.C.R. #### RECONSIDERATION OF ACTIONS TAKEN

S.C.R. No. 68, S.D. 1 (H.D. 1):

Senator Hee moved that the Senate reconsider its action taken on April 26, 2005, in disagreeing to the amendments proposed by the House to S.C.R. No. 68, S.D. 1, seconded by Senator Inouye and carried.

Senator Hee moved that the Senate agree to the amendments proposed by the House to S.C.R. No. 68, S.D. 1, seconded by Senator Inouye.

Senator Hee noted:

"Mr. President, in our discussions with the House, we came to an agreement with the issues which address Mauna Kea Science Reserve, and both Chairs agree that the House version meets the efforts that each house was after.

"Thank you."

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.C.R. No. 68, S.D. 1, and S.C.R. No. 68, S.D. 1, H.D. 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE AUDITOR TO CONDUCT A FOLLOW-UP AUDIT OF AND ADDRESS VARIOUS MATTERS RELATING TO THE ADEQUACY OF THE MAINTENANCE, OPERATION, AND MANAGEMENT OF THE MAUNA KEA SCIENCE RESERVE," was placed on the calendar for Final Adoption on Tuesday, May 3, 2005.

At 7:21 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 7:22 o'clock p.m.

S.C.R. No. 134, S.D. 1 (H.D. 1):

The President discharged the managers who were appointed on the part of the Senate at the conference to be held for consideration of amendments proposed by the House to S.C.R. No. 134, S.D. 1.

Senator Kokubun moved that the Senate reconsider its action taken on April 26, 2005, in disagreeing to the amendments proposed by the House to S.C.R. No. 134, S.D. 1, seconded by Senator Taniguchi and carried.

Senator Kokubun moved that the Senate agree to the amendments proposed by the House to S.C.R. No. 134, S.D. 1, seconded by Senator Taniguchi.

Senator Kokubun noted:

"Mr. President, I know there was some concern about having communities potentially affected by this to be informed about what was going on. With this, I believe that commitment has been made, also, that there will be an ongoing process with respect to how this is handled. This is simply an enabling resolution."

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.C.R. No. 134, S.D. 1, and S.C.R. No. 134, S.D. 1, H.D. 1, entitled: "SENATE CONCURRENT RESOLUTION AUTHORIZING THE LEASE OF SUBMERGED LANDS AT KEEHI SMALL BOAT HARBOR FOR REDEVELOPMENT, MANAGEMENT, AND OPERATION BY HONOLULU MARINE, INC., FOR A COMMERCIAL SHIP REPAIR FACILITY," was placed on the calendar for Final Adoption on Tuesday, May 3, 2005.

S.C.R. No. 140 (H.D. 1):

Senator English moved that the Senate reconsider its action taken on April 26, 2005, in disagreeing to the amendments proposed by the House to S.C.R. No. 140, seconded by Senator Hanabusa and carried.

Senator English moved that the Senate agree to the amendments proposed by the House to S.C.R. No. 140, seconded by Senator Hanabusa.

Senator English noted:

"Mr. President, we simply ran out of time to debate this issue, so we agree to the House amendments."

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.C.R. No. 140 and S.C.R. No. 140, H.D. 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE ENVIRONMENTAL COUNCIL, WITH THE ASSISTANCE OF THE OFFICE OF ENVIRONMENTAL QUALITY CONTROL AND THE UNIVERSITY OF HAWAII ENVIRONMENTAL CENTER, TO DEVELOP AND PROMULGATE A GUIDANCE DOCUMENT ON INCLUDING PRINCIPLES OF ENVIRONMENTAL JUSTICE IN ALL PHASES OF ENVIRONMENTAL REVIEW UNDERTAKEN PURSUANT TO CHAPTER 343, HAWAII REVISED STATUTES," was placed on the calendar for Final Adoption on Tuesday, May 3, 2005.

S.C.R. No. 191 (H.D. 1):

The President discharged the managers who were appointed on the part of the Senate at the conference to be held for consideration of amendments proposed by the House to S.C.R. No. 191.

Senator Sakamoto moved that the Senate reconsider its action taken on April 26, 2005, in disagreeing to the amendments proposed by the House to S.C.R. No. 191, seconded by Senator Hooser and carried.

Senator Sakamoto moved that the Senate agree to the amendments proposed by the House to S.C.R. No. 191, seconded by Senator Hooser.

Senator Sakamoto noted:

“Mr. President, this resolution requests the Department of Education to include performance based incentives when contracting with educational service providers for school restructuring under the No Child Left Behind Act. Many of you have read in this morning’s paper that several contractors were hired. So, we believe that this will encourage the department that the contractors indeed do perform as expected or hopefully better than expected, Mr. President.”

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.C.R. No. 191 and S.C.R. No. 191, H.D. 1, entitled: “SENATE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF EDUCATION TO INCLUDE PERFORMANCE-BASED INCENTIVES WHEN CONTRACTING WITH EDUCATION SERVICE PROVIDERS FOR SCHOOL RESTRUCTURING UNDER THE NO CHILD LEFT BEHIND ACT,” was placed on the calendar for Final Adoption on Tuesday, May 3, 2005.

S.C.R. No. 200, S.D. 1 (H.D. 1):

Senator Hee moved that the Senate reconsider its action taken on April 26, 2005, in disagreeing to the amendments proposed by the House to S.C.R. No. 200, S.D. 1, seconded by Senator Baker and carried.

Senator Hee moved that the Senate agree to the amendments proposed by the House to S.C.R. No. 200, S.D. 1, seconded by Senator Baker.

Senator Hee noted:

“Mr. President, the House put the University of Hawaii back into the S.C.R. No. 200, S.D. 1, H.D. 1. In conferring with the Senator in charge . . . Mr. President, a short recess, please.”

At 7:26 o’clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 7:27 o’clock p.m.

Senator Hee continued:

“Mr. President, in all due respect to the Senator from the 11<sup>th</sup> District who is the Chair of Media and Arts, in discussion with her, she agreed that the University of Hawaii on S.C.R. No. 200, S.D. 1, was perfectly capable of carrying out the instructions of the resolution.”

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.C.R. No. 200, S.D. 1, and S.C.R. No. 200, S.D. 1, H.D. 1, entitled: “SENATE CONCURRENT RESOLUTION REQUESTING A STUDY AND RECOMMENDATIONS RELATING TO THE FEASIBILITY OF STEM CELL RESEARCH FOR HAWAII,” was placed on the calendar for Final Adoption on Tuesday, May 3, 2005.

## ADVISE AND CONSENT

### MATTER DEFERRED FROM EARLIER ON THE CALENDAR

Stand. Com. Rep. No. 1888 (Gov. Msg. No. 826):

By unanimous consent, Stand. Com. Rep. No. 1888 was received and placed on file.

Senator Hemmings then moved that the Senate advise and consent to the nomination of DYLAN W.J. NONAKA to the Board of Regents of the University of Hawaii, term to expire June 30, 2007, seconded by Senator Hogue.

Senator Trimble rose in support of the nominee as follows:

“Mr. President, I rise in support of the nomination for the Board of Regents, Dylan Nonaka.

“Mr. President, colleagues, I want to describe to you what I got out of the confirmation hearing. The first point I’d like to note is that during a previous confirmation hearing, the answers to the questions weren’t particularly liked, so when the Committee made their vote, they made their vote apparently solely on the answers to the questions and not the many letters in support of that nominee.

“In this particular case, the members of the Committee, as far as I could tell, verbally expressed satisfaction with the answers that were given by Dylan Nonaka, and yet in the committee report they cited the fact that there were many e-mails and faxes in opposition.

“If you went to the hearing itself, which was held in the auditorium, which is probably a pretty awesome place to have a confirmation hearing, there were about 10 people that testified – 8 in support, 2 opposed. If you look at the documentation that was sent in opposition, there were 109 Xeroxed copies from students that oppose tuition increases and they were all faxed from the same number in Hilo, I presume, which was 974-7791. During the hearing I commented that I found it strange that all would be faxed from the same number, and I said it might be interesting to find out where that fax number belongs. To date, I have not received confirmation from where it was sent.

“I also noted that many of the e-mails appeared identical, so there weren’t different expressions of opinion but the same opinion expressed over and over again. I’ve made a habit in previous times of trying to respond to e-mail, and on more than one occasion when I got a mass mailing, I got e-mails back saying they had not sent me that e-mail. So, I find it curious that the Committee in its report relied overwhelmingly not on the responses from Dylan Nonaka to the questions, but on mimeographed sheets of paper and identical e-mails.

“I find the vote of the Committee curious. I do not know what prompted it. Is it because of his last name? I don’t know. Is it because he is a student at the University of Hawaii at Hilo and that my colleagues do not think that one of the students from the University of Hawaii at Hilo could be a fitting board member, a fitting trustee for a world-class university? Perhaps. Is it because he was a Marine that served our country in harms way? That is also likely.

“I do not find it curious that, number one, so much testimony was presented against him, and in today’s newspaper there was a large picture and an article describing a protest at the University at Manoa dealing with the proposal for an affiliated research facility at the University of Hawaii. It is more likely that the two have something in common.

“Perhaps, colleagues, the other thing that was a factor was that perhaps many of you received the same e-mail that I did. It is from somebody that is called Caren, C-A-R-E-N, and it read in part, ‘I’m writing to express extreme opposition to the appointment of Dylan Nonaka. If you support this appointment, we will mobilize against all of your seats in the next election. This is not an angry threat but an expression of how serious we are about stopping this. We have allies on all the islands that can target all of the seats that you hold.’ Now, I did not get from this why Caren opposed the nomination. Perhaps Caren is a candidate for a course in anger management, but I do not know why, colleagues, you voted the way you do. And until I know that, I will continue to suspect that this might have played a part in your vote.

“When I think about the answers to the questions, I think that Dylan Nonaka would make an outstanding regent. And from my sense, what you want as a student representative is somebody that’s able to fill in the generation gap, the generation divide between the typical age of the older regents and the student. I do not expect that the student regent would parrot all the views that were held by the student body. If that were the case, we would have an election of a student regent. We do not have that. The other alternative is that we would poll all the students at the various campuses and then tell the board that. And in that case, this Body would not have to confirm a student regent.

“What we want on the Board of Regents are people that are willing to articulate reasonable positions and act independently. I believe Dylan Nonaka will do that. So, I urge you, colleagues, consider carefully your vote and, Mr. President, when the vote comes, please have a Roll Call vote.

“Thank you.”

The Chair so ordered.

Senator Hemmings rose in support of the nominee and said:

“There’s some pretty adroit gamesmanship on this Floor, Mr. President.”

The President replied: “I agree.”

Senator Hemmings continued:

“Mr. President, I rise to speak in favor of the nominee.

“It seems that Senators this year unbelievably sunk into a quagmire of questionable ethics, misrepresentation, and petty politics. I want to focus in on one thing . . . it’s been quite an amount of time going over what has been done in the lynching of this fine young man by the Senate Higher Education Committee, but I want to focus in on one thing. As the previous speaker so clearly pointed out, it seems that the opposition is very well organized and, as the committee report says, over 200 individuals provided testimony in opposition, and we get it all the time. The truth is that we do get boilerplate responses to issues both pro and con that are organized by groups and sent in, but what separates this particular testimony is that some of it, maybe not all of it, but some of it, was gained under false circumstances.

“I, too, have letters from good young people and I’m going to take the time to read where they’re from and some of the things said because it completely invalidates the credibility of this committee report and the statement that 200 individuals provided testimony in opposition. This one is from the student newspaper assistant editor, ‘I’m a freshman here at the

university and the assistant editor of the student newspaper, and on the morning of Tuesday, April 26, 2005, I was deceitfully coaxed into signing a so-called letter in opposition to Mr. Nonaka. I was given false information that portrayed Mr. Nonaka in a negative light.’ So that’s one.

“Here is another one from the student activities council business manager. These are students that are involved in the University at Hilo and young people who are not only going to school but are actually involved in the campus. ‘Upon returning to our office at 5:00 p.m. on Wednesday, April 27<sup>th</sup>, I was made aware that my name was announced via local television broadcast as being one of 217 individuals who were opposed to Mr. Dylan Nonaka’s position as the student member of the Board of Regents. I was flabbergasted not only because my name was among the questionable legitimate opposition, but primarily because I would never in my right mind be one who opposes Dylan’s position on the Board of Regents.’ This isn’t a boilerplate letter, it goes on and on and on.

“This is from the Senator-Elect to the Hawaii Community College, a student, ‘It has come to my attention that the student may have improperly and dishonorably collected signatures on a petition regarding the appointment of Dylan Nonaka to the Board of Regents. I humbly request that the UHNSA body take all measures available to investigate the allegations of unfair, immoral, and dishonorable petition gathering.’

“Here’s one from a young lady who is a student, she is a senior, a Bachelor of Arts in chemistry candidate. Chemistry is a hard subject, and I don’t think she’s getting through college doing basket weaving. She gives her full support to Dylan and has reasons why.

“Here’s a series of others all in one, but let me read a couple, ‘Unfortunately, many students were not aware of what they were signing when presented with the petition form circulated by one of our students. The students were not aware of all the facts and were therefore totally unaware of what they were signing.’

“Here is a young Hawaiian student . . .”

The President interjected:

“Senator Hemmings, I hope you don’t have a hundred of those things. Could you please move on, please.”

Senator Hemmings then said:

“Mr. President, out of respect for you and some of the members of your Majority Party, I will, out of respect for time, but this young man’s good reputation has been besmirched by a lynching, and a dishonest one to boot. How dare the people who did this! And they’re going to stand up and hopefully hide behind someone’s skirt and tell us, well, it was a mistake and some petitions people will stand by. And you know what? I’m sure there are people who are going to stand by the petition, Mr. President, but the point is there are many who are not because they were duped and cajoled into signing something under false pretenses.

“This was a lynching, and quite frankly, I think the people that did it – and it’s not the Legislature that did it, it’s certain people in the Majority Party – should be ashamed of it.

“I received 45 just in the last hour, boilerplate letters, I’ll admit, but they’re all in support of this gentleman.

“What’s being done tonight, if it goes through like I think it will because the wagons have been circled, is just rotten

politics, Mr. President, and I won't be a part of it. This young man is a good young man that was lynched under false circumstances, and if the Majority Party has any integrity at all, they'll vote him in as a member of the Board of Regents rather than taking him down under false pretenses.

"Thank you, Mr. President."

Senator Slom rose to speak in support of the nominee and stated:

"Mr. President, I, too, rise in support of the nominee, Dylan Nonaka.

"I'm a little surprised, however, that we have the sounds of silence here – kind of like the termites that work behind the scenes and you don't see what's going on until the building falls down. I would think that those who oppose Mr. Nonaka would have the guts to stand up and tell us why, to explain why this young man is not qualified, as the Standing Committee Report says – does not have the necessary qualifications. Based on what, members? How could you possibly vote? How do you know what those lack of qualifications are?"

"Certainly Mr. Nonaka probably does have a lack of qualifications, let's see: he's a decorated combat veteran who served his country; he is presently employed in gainful employment, which means he pays taxes; he is a student; he was an elected and is an elected official; and in addition to that, he answered every question, every trick and turn that was presented to him the other day. How do I know? Because I was there, just as I was there at the hearings for the two gentlemen that were approved earlier tonight, and I was there for the gentleman that was not approved last week. I was there when the other gentleman from Hilo was not approved. Gee whiz, Mr. President, let me say a prayer now. Thank God I'm not from the Big Island and from Hilo because this is 0 for 3 – 0 for 3!

"Now, let's see if we can review because I'm confused about what the Senate standards are. The first nominee from the Big Island, let's see, he was turned down because he didn't have the right temperament and Lord knows my colleagues have the right temperament in this Body and particularly behind the scenes where they do a lot of their work. There were a few people that disagreed with him, and they had honest disagreements and that was fine. But overwhelmingly, he had the support of the community on the Big Island. He certainly had the qualifications – as an attorney, as a chief negotiator, and so forth – but that wasn't good enough either for this elitist Body.

"Okay, then we move on to the second gentleman from the Big Island a couple of weeks ago and we were told he didn't have the knowledge. One of our members said he didn't even have a bachelor's degree, he only had an associate's degree. Oh my God that's a horrible thing, let's see, particularly when you're supporting the community college system. As I recall, Mr. President, he didn't have one, not one negative comment, letter, e-mail, anonymous phone call, or anything against him, but that wasn't good enough.

"And so, now we move on to Mr. Nonaka – overwhelming opposition from the same fax number, overwhelming opposition by the people that, thank God, they represent themselves.

"This committee report talks a lot about 'the primary function of the student member of the Board of Regents is to represent the students.' And then it goes on to say, 'The students have one voice to represent their concerns on the Board of Regents.'

"All of us have been elected, Mr. President, to represent the people that vote for us and even those that vote against us. Can any person in this Body say that they represent all the people in their constituency, that they all have one single voice? I don't think so or otherwise we wouldn't have disagreements on different issues, different bills, and different individuals. On one hand, this Body loves diversity, but apparently not when it comes to the speech and the ideas of individuals if it differs from those in power in this Body.

"The nominee already said, when he gave a tremendous performance the other day . . . performance I say because this is high drama; this is all well orchestrated. This is not to have a debate or debate the issues or the individual, it's to get the nominee, to get the people of Hilo, to get the Governor, to get the Minority Party. That's what this is all about, because how else can you explain turning down a qualified individual like Dylan Nonaka, and obviously nobody is trying to explain it; they don't want to explain it. They just want to have the vote and go on, and then mark up another one – one, two, three victories – completely disregarding what the people of the area think, completely disregarding the fact that there are thousands upon thousands of students in the university system. And we heard from one group that have one point of view and apparently that is the prevailing point of view and that point of view is we are anti-military, apparently we're anti-private work, and certainly we are anti-diversification on views.

"Did Mr. Nonaka hide anything? Did he try to change anything? No, although he did explain quite carefully that his comments were taken out of context and were not reported accurately in the newspaper.

"I remember the good Senator from Waikiki asked the only two people that came and testified against him if they had met him. One said, no, he hadn't had a chance yet to meet him. The other one said he thought he had met him on a couple of occasions. The good Senator from Waikiki asked them, did they engage Mr. Nonaka on any other issue, any question other than the question of tuition? Again, one didn't know and the other one said he didn't have time yet. So, it came down to one issue, which was not accurately reported, and for which the nominee said he's just keeping his options open. Isn't that what we're suppose to do? When an issue comes up here, are we supposed to say right away, my mind is made up but we haven't had any public hearing or we don't need it and I don't need anymore information? Or are we supposed to say, let's have the hearing, let's have the thoughts of different voices.

"I can't believe that somebody would really, really believe this – that we want one voice, because who is going to choose that one voice. If we're talking about representation, representation means that you are here, that you answer the questions, that you take the jerk, that you vote for something, and you explain what your vote is all about. And nobody is explaining anything this evening, not at all.

"As a graduate of the University of Hawaii, as a sustaining, supporting, money-giving contributor to the University of Hawaii, I resent what has gone on.

"If we have disagreement with an individual's qualifications, that's one thing and we can point them out and we can discuss them, but why this fear of standing up and telling us what the real reason is or challenging the qualifications of this young man. We talk about witch-hunts. We talk about this and that. We talk about guilt by association, and yet there's nothing that has been put on the record here, not at all.

"I'm sorry I'm boring the Chairman of the Higher Education Committee. He keeps yawning. I'm really sorry about that. But I think that we all owe the public and this nominee an explanation for why you're about to diss him. When we ask people to come forward and volunteer, when we ask them to undergo the scrutiny of examination, it is to provide the public with information. And if certain things are found – either qualifications, or character, or integrity, or anything else – that's fair game. But no one has attacked Mr. Nonaka's integrity. No one has attacked Mr. Nonaka's character. No one has attacked the basic things that he has done. Why? Because you can't, they are a matter of record.

"And so, Mr. President, I find it very strange that we have the sounds of silence now. And maybe, just maybe we'll have some kind of explanation, because we owe it not only to Mr. Nonaka, not only to the University of Hawaii, not only to the Big Island and the people of Hilo, but to the public at large. They want to know what we do here besides raise our own salaries, raise our allowances, and give us more perks and exempt us from the laws that we pass. They want to know, Mr. President. They have a right to know.

"So, I call on those that do not support Mr. Nonaka to stand up and explain to us why he is not qualified. Thank you."

Senator Hogue rose at this time and said:

"Mr. President, in light of the fact that the integrity of the evidence has been called into question, I want to cite Rule 63. I move that we postpone this matter indefinitely."

At 7:54 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 8:09 o'clock p.m.

Senator Hogue rose and said:

"Mr. President, in the sports business we have a term that we use – 'after further review.' And after further review, I will withdraw my motion and I hope that we can continue this debate on this particular nominee.

"Thank you very much, Mr. President."

Senator Hemmings rose again and said:

"Mr. President, I would like to take a second time just to add one particular comment regarding this debate.

"I'm truly sorry that certain individuals who orchestrated this – what I consider political lynching in the Majority Party – don't have the integrity or the courage to defend this and their vote.

"Thank you, Mr. President."

Senator Hogue rose to inquire as follows:

"Mr. President, I really don't like a one-sided debate here. I'm trying to be nice about it and that's what I'm trying to do right now. Can I ask the Higher Education Chair a question? Would that be appropriate?"

The President posed the question, and Senator Hee answered:

"No, Mr. President."

Senator Chun Oakland rose in opposition to the nomination and said:

"Mr. President, may I submit my comments in opposition to this nomination into the record."

The Chair having so ordered, Senator Chun Oakland's remarks read as follows:

"I stand in opposition to this nomination for the following reasons: First, the Committee received overwhelming testimony from students of the university system in opposition to Dylan Nonaka's nomination to be the student representative on the Board of Regents. It is clear that there was an overwhelming outcry of no confidence in this nominee to represent them well. To have mobilized such a showing in a matter of a few days, impressed upon me how concerned the student body was about the nominee.

"The student caucuses of the 10 campuses of the University of Hawaii have been working for several years to look at the university's spending patterns and analyzed the programs that are offered to determine where costs could be cut and efficiencies gained. The student caucuses have worked diligently to understand the UH's tuition rate and have compared the tuition of peer institutions – those that offer similar programs and services – and have found that the University of Hawaii's tuition is above the average tuition of other peer institutions. Often, people state that the UH tuition is lower than that of other universities. That is true. But when comparing UH's tuition to its peer institutions, UH's tuition is higher.

"The students felt that the nominee's public statements regarding the issue of tuition increase demonstrated no understanding of the work that the students of the 10 campuses have done. The students are doing their homework to positively impact their university. They expect the same of their student representative on the Board of Regents."

Senator Hee rose to speak against the nominee and stated:

"Mr. President, I rise to speak against the confirmation of the nominee.

"Let me say, first of all, that I found the nominee to be a very nice man. We had an interview and I thought it was very nice. But, Mr. President and colleagues, it's very unusual for any nomination to receive testimony in opposition to any nominee. It's highly unusual to receive 10 comments in writing against the nominee. On judicial nominees this year, I can't think of a single one in writing.

"This particular nomination was very different, because as the previous speakers have indicated there were over 200 that actually took the time in various forms to affix their signature in opposition. And it was quite remarkable for me because it wasn't 10, it wasn't 20, it wasn't 30, it was in excess of 200. During the deliberations to prepare for the confirmation, one of the items I asked my clerk to retrieve was the actual floor speech held on the 60<sup>th</sup> Day of the Session on Conf. Com. Rep. No. 16, H.B. No. 1006, H.D. 1, S.D. 2, C.D. 1, and the speech was given by Representative Mark Takai who introduced the bill. And he said in part, quote:

"The purpose of this bill is to give a voice to students on the UH Board of Regents by adding a member to the board who is a student at the University of Hawaii.

"The main goal for the university community is to have a student on the board working across the table at the same level as the other board members, and most important, participating as equals.

'Some issues that affect students at the university and are heard by the University Board of Regents do not necessarily include student input. Presently, although the students may voice their concerns to the board, they cannot reinforce what they say with a vote.'

'I strongly feel that a voting student member on the Board of Regents would help to insure that students' concerns are heard and acted upon. By allowing a student member to vote as a bona fide board member, we would be ensuring that students have a direct voice and participation in the process that ultimately revolves around the students in the university system.'

'Such a student member would allow access to the wealth of information on the ramifications of the board decisions on students and would provide an essential element not presently available.'

'Mr. President and members, during the past 24 hours or so there has been many, many e-mails that have been sent by some members of the community who have been saying that their names were improperly used. That may be. I don't know, but it may be. This much I do know - I received today by e-mail the following: 'Dear Senators Hee and Inouye, my name is Ryan Deluccio and I am a Senator elect at Hawaii Community College. I am the person most responsible for the petition that was sent up via fax to your offices. I faxed them to your office. These petitions were entered in as testimony against Dylan Nonaka's confirmation as a student regent. We work hard, day and night, to organize resistance to his nomination and to educate others on the issue. We stand by our petition with absolute faith in its integrity and we would not have sent them otherwise.'

'Mr. President and members, many of those who submitted testimony in opposition were letters that reflected a lot of time and effort. I would like to read excerpts of two to share as an example of the effort. 'Aloha mai. As the student government President of the Associated Students of the University of Hawaii at Hawaii Community College, it is my responsibility to stimulate students to engage in purposeful co-curricular and extracurricular activities to promote and promulgate goodwill and above all to make positive contributions to the college and the community at large. I commend Dylan for his four years of service in the United States Marine Corps and his decision to pursue a higher education. As an undergraduate from the Big Island, it is an honor to be nominated as a student Board of Regent. However, most recently, Dylan has made it evident to the student community that he will take a stand as a student representative on an important issue such as the tuition increase without any consensus from the student body he serves. Dylan claims to have the desire to serve others and contribute to the greater good. However, his actions speak loudly in the opposite direction.'

'I will read one other. This is from Jennifer Yoshioka, the chair and treasurer of the ASMCC, which I believe is the Associated Students of Maui Community College Student Governance, Chair of the Board of Student Publications, 'Aloha, I am speaking on behalf of myself, as my fellow students of Maui Community College have not had the opportunity to either meet nor have ample time to receive any information about Mr. Dylan Nonaka. Upon meeting him at the last Board of Regents meeting at Windward Community College on April 21, Mr. Nonaka has shown me in more ways than one that he is not qualified for such an important position as a student representative. I believe Mr. Nonaka to be an inarticulate, incognizant, and a self-seeking individual. With the majority of the campuses within the University of Hawaii

system being against the tuition increase, he was the only individual for the tuition increase. If appointed student representative on the Board of Regents, I believe that he will not listen nor take heed the wants or needs of his fellow students on all ten University of Hawaii campuses. If he is appointed, I believe that he will not live up to the title of student representative, as he does not truly represent the students.'

'Mr. President and members, this issue, to me, has gotten out of control. Yesterday, many of you, like me, received a memo dated April 29<sup>th</sup> faxed from UHH Student Association in Hilo, 933-0445, and it says, 'We are writing to you in hopes to clarify a conflict of what may be a misunderstanding on both our parts and the party involved in corraling signatures in opposition of Mr. Dylan Nonaka. When approached by a fellow student, Kanekoa Crabbe and friends Justin Avery, and Randy Rambo, we were initially asked if we were in opposition to the recent proposal on a tuition hike. Upon agreeing to the opposition of the hike, we were asked to sign a petition that will then be sent to our State Legislators and the current Board of Regents showing student opposition to the proposal. Upon hearing from another student that both our names were called off from a petition this past Wednesday at a testimony for Mr. Dylan Nonaka, nomination to the Board of Regents, in opposition to the seat, we were confused and misunderstood by the reasons of why our names were mentioned. We were falsely informed. And because of what seemed to have been a harmless push to stop an increase in tuition, another student, his efforts, his colleagues, his teachers, and most importantly his family will heed the burden of something someone with no piko, na'au, and soul has guiltlessly comprised with the intent to misinform other students. We are ashamed and disappointed in this matter and are withdrawing our names from this false petition. We will also be taking lawful action to this matter. Please withdraw our names from the petition and help save us from the embarrassment we have caused our families in the process. Mahalo, Ray Santos, La'akea Trask Batty.'

'Mr. President and members, I have a letter from La'akea Trask Batty. Mr. President and members, he is seated there. That is La'akea Trask Batty. Aloha, Senator Hee and members of the Senate, my name is La'akea Trask Batty. I am writing to express my deep concern over fraudulent e-mails and a fax that you received today which misappropriates my name and opinion regarding Dylan Nonaka's nomination as student regent. They are complete frauds and I am concerned that the democratic process is being manipulated and abused. I did not write the e-mails or the fax. The signature on the fax, which came from UHH student association is not my signature. I did not consent to any of these false communications. I do not agree with the e-mails and the fax. I did send an e-mail on Wednesday, April 27, 2005 to Senator Hee. My position remains the same. The e-mail states, quote, 'My name is La'akea Trask Batty and I am a student at the University of Hawaii, Manoa. As a Native Hawaiian college student, I urge you not to support Dylan Nonaka for the position of student regent. His support for tuition increases is a view I, as well as many, many other students do not share. He is not an accurate and respectable voice for the students of the university and he is not someone I want representing me. As my e-mail states, I am currently a student at the University of Hawaii, Manoa. I have been at school and studying for final exams in Manoa all day. It is very troubling for me to learn that some people are misappropriating my name and opinion to the Senate and deceiving its members regarding Dylan Nonaka's nomination as the student regent. I hope you take the truth into account when voting on his nomination tonight.'

'Thank you, Mr. President.'

At 8:27 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 8:42 o'clock p.m.

Senator Trimble rose in rebuttal as follows:

"Mr. President, I rise in brief rebuttal.

"There are three points I wish to make. First, the Chairman of Higher Ed talked about the tuition issue. When I was at the hearing, it was my impression that Dylan Nonaka gave a very clear explanation about how he was misquoted and what he believed in terms of tuition increases. And if I remember more or less, the Chairman of Higher Ed had sympathy for Dylan, for apparently sometime in his past, he also has been misquoted.

"Point number two, I asked earlier about a phone number, and in the previous speech by the Chairman of Higher Ed, he read a letter from a student, I believe, at Hawaii Community College. So, if we check the fax number, the fax number 974-7791 should be from Hawaii Community College. I would like verification on that sooner or later.

"The third item is the 109 sheets of mimeographed paper that were all faxed. The Chairman of Higher Ed commented that it is unusual to have so many different people submitting testimony in opposition. The inference was that this was grassroots opposition. I suggest to you, colleagues, that this is not grassroots – this is Astroturf.

"Thank you, Mr. President."

Senator Slom then rose and said:

"Mr. President, I want to thank the Education Chair for his comments.

"A couple things though, I absolutely agree with him when he said this thing is out of control. It certainly is out of control. It's gone beyond the issue of a Board of Regent appointment. It's gone beyond the individual, who is a living, breathing person who appeared before the Committee, who answered all the questions, who is here again tonight.

"I, too, have a copy of the e-mail letter that the good Senator was reading from initially and he neglected to read one part and that part, and I'm quoting, it's the third to the last paragraph, quote, 'We would like to take this time to point out that no specific names are being challenged by Mr. Nonaka and his supporters, and Mr. Nonaka and his supporters have circulated a form letter today that vaguely eludes to the real issue while casting unsubstantiated doubt on our petition. They cannot produce a single instance of impropriety because there is none,' unquote. I recall just a very short hour and 15 minutes ago, the Minority Leader standing up and starting to read letters until he was cut off and not allowed to continue. So, that statement is not true.

"As to the gentleman that's up in the gallery, the student from the University of Hawaii at Manoa, I congratulate him. I thank him for coming, and since several of us in the past have been the victims of people using our names or even our signatures, I have no reason to quarrel with what he said and I think we should investigate as to who did these things allegedly and who did the kinds of petitions that fooled individual students and all of that. So, I think there's much more here below the surface.

"But I also want to get to a point that the good Senator, the head of the Higher Education Committee, mentioned because

he was reading the original statement, as he mentioned, the last speech of a previous Session by State Representative K. Mark Takai who I believe is also a member of the military. And he said that he gave reasons for why there should be an elected voting student member of the Board of Regents and for myself and those of us who have always enthusiastically supported this, we're not denying it now. We're saying absolutely. We should have a student who is representing the student body, who is a student and all of that.

"So, in all of the discussion, again I'm waiting to hear what are the reasons that impugn the qualifications, the background, the experience and the character of Mr. Nonaka. And I've heard nothing. All I hear is a lot of people that wrote these petitions or signed these petitions don't want a tuition increase. I remember when I was a student at the University of Hawaii, Manoa, I didn't want a tuition increase either and I signed petitions and I would do it again today, but that's a separate issue. No one has given us a solid reason for why this individual is not qualified, and then to make the statement that he is inarticulate, quote, unquote, 'inarticulate?' Dylan Nonaka? Did you hear him the other day? Did you see him? Did you hear him speak? Inarticulate? Come on! Come on, let's talk truth if we're going to tonight!

"And the other point about how Mr. Nonaka never sought the consensus of the student body and he doesn't listen to them, obviously he does or there'd be no support whatsoever. What these people and these e-mails and these faxes are saying is they don't listen to us, which is the whole point of the students that at this very moment are occupying the office of the President of the University of Hawaii. Even though he said he hadn't made up his mind on the issue that they are unhappy about, but would keep his options open and discuss it, but that was not good enough. Instead, we want to mug the people that don't agree with us in our speech. If we're going to do that then let's say that we really don't believe in free speech and we don't believe in diversity of expression and differences of opinions, because that's the only thing I can hear here tonight.

"If I'm wrong or if I've left something out, then please, please any member of the Committee that voted 'no,' any member of the Senate Majority Party that wants to vote 'no' please stand up and tell me where I'm wrong – why this young man does not fit the really high standards that we in the Senate have set for certain individuals.

"I support the nomination, and the appointment, and advisory and consent of Mr. Nonaka. Thank you."

Senator Hemmings rose on a point of personal privilege and said:

"I rise on a point of personal privilege, Mr. President.

"Mr. President and colleagues, in order to . . ."

Senator Baker interjected:

"Point of order, Mr. President."

Senator Hemmings continued:

"Mr. President, I'm submitting, from the Governor, a letter withdrawing the nomination of Dylan W.J. Nonaka, Gov. Msg. No. 826."

At 8:53 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 9:27 o'clock p.m.

Senator Hemmings rose and stated:

“Mr. President, I do want to acknowledge that when we were gaveled into the short recess I did have the Floor and I wish to continue to make my point so it’s clearly understood by the Majority Party. I’ve submitted to the Clerk of the Senate and to you, Mr. President, a letter withdrawing the name of the nomination of Dylan Nonaka.”

Senator Hanabusa rose on a point of order and said:

“Mr. President, I rise on a point of order.

“Mr. President, the point of order to which I rise is, is the point of personal privilege proper under the Senate Rules when we are in debate, especially by a speaker who has already spoken twice on the matter?”

The Chair answered: “No.”

Senator Tsutsui then rose and said:

“Mr. President, I move the previous question.”

Senator Hee stated:

“Mr. President, I second the motion.”

Senator Hogue interjected:

“Mr. President. Mr. President, there is no . . .”

The motion for the previous question was then put by the Chair and carried by not less than three-fifths vote of all the members to which the Senate is entitled.

Senator Hogue continued:

“Mr. President, this motion is illegal! This is illegal!”

President Bunda interjected:

“Senator Hogue, you are out of order.”

Senator Hogue stated:

“You know it is illegal. We are not party to this vote!”

The President then said:

“Mr. Sergeant-at-Arms, please escort Senator Hogue off the Floor.”

At this time, the remaining Senators of the Minority Party left the Senate Floor.

The President then stated:

“The motion has been carried, Roll Call vote has been requested. Mr. Clerk, call the Roll.”

Senator Baker rose and said:

“Mr. President, short recess.”

At 9:29 o’clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 9:29 o’clock p.m.

The motion was put by the Chair and, Roll Call vote having been requested, failed to carry on the following showing of Ayes and Noes:

Noes, 19 (Baker, Bunda, Chun Oakland, English, Espero, Fukunaga, Hanabusa, Hee, Hooser, Ige, Ihara, Inouye, Kanno, Kokubun, Menor, Nishihara, Sakamoto, Taniguchi, Tsutsui.) Excused, 6 (Hemmings, Hogue, Kim, Slom, Trimble, Whalen).

**RECONSIDERATION OF ACTION TAKEN EARLIER ON THE CALENDAR**

H.C.R. No. 66, S.D. 1:

Senator Hanabusa moved that the Senate reconsider its action taken earlier on the calendar in adopting H.C.R. No. 66, S.D. 1, seconded by Senator Hee and carried.

By unanimous consent, H.C.R. No. 66, S.D. 1, entitled: “HOUSE CONCURRENT RESOLUTION DECLARING OCTOBER 29, 2005, AS SAMUEL MANAIKALANI KAMAKAU DAY,” was recommitted to the Committee on Judiciary and Hawaiian Affairs.

Respectfully submitted,

Clerk of the Senate

Approved:

President of the Senate

## FIFTY-NINTH DAY

**Tuesday, May 3, 2005**

The Senate of the Twenty-Third Legislature of the State of Hawaii, Regular Session of 2005, convened at 10:16 o'clock a.m. with the President in the Chair.

The Divine Blessing was invoked by the Reverend Robert Bright, Metropolitan Community Church, after which the Roll was called showing all Senators present.

The President announced that he had read and approved the Journal of the Fifty-Eighth Day.

At this time, Senator Hanabusa rose on a point of personal privilege and said:

"Mr. President, the Senate of the State of Hawaii takes great pleasure in recognizing special individuals who exemplify such qualities as commitment, achievement, leadership, dedication, and hard work. These special individuals lead productive lives to improve the quality of life in our communities and our state.

"Mr. President, as you know, I had to read that because of whom I'm about to acknowledge in this introduction, because if I didn't read it, I probably couldn't say it with a straight face.

"The individual that we're trying to refer to with that flowery and complementary language is none other than Senator Brian Taniguchi. Mr. President, Senator Taniguchi has now served 25 years – 25 years in this Legislative Body between the House and the Senate. It was very interesting to learn a little bit about him because I kind of knew something about him, but I had forgotten this . . . forgotten things like he was actually a radical in his younger days; he assisted many communities in need – remember the infamous Ota Camp in Waipahu, Waimanu Village and the old Vineyard Street just off of Miller Street. He was in the midst of all of that.

"Then he went to law school about 1975. He was in the class right after me. After doing that, for some reason, Brian Taniguchi or then Brian Taniguchi got interested in politics. He and his wife Jan moved back to Manoa in about 1978. Brian Taniguchi is actually one of those who started his political career with the infamous, notorious neighborhood board system. Can you imagine that? The neighborhood board system – we've got them to thank for Brian Taniguchi.

"In 1980, Brian Taniguchi signed papers to run for the State House, and at that time he was representing McCully, Manoa, and the Moiliili district. In 1994, Brian Taniguchi ran for the Senate and he has been in the Senate ever since and he of course has been our Chair of the Ways and Means Committee for the past five years. He also served as Majority Leader in the House. When I first met Brian Taniguchi, he was Chair of Consumer Protection.

"Mr. President, Brian Taniguchi's staff is up there, and of course all of you saw them file in, and with them is his wife, Jan. Jan, will you please rise. (Mrs. Taniguchi, who was seated in the gallery, rose to be recognized.)

"Mr. President, I have come to know Jan, and I must admit that I now understand how Brian Taniguchi manages to stay sane and well grounded – it is Jan, and she constantly puts him in his place. Brian has strict instructions – if he takes even a sip of alcohol, he is not to drive. Jan will come and pick him up no matter where he is, but of course he has to pay later on for taking that sip of alcohol. But he follows instructions really

well when they come from Jan. From the rest of us, he just ignores us, but Jan can get him to do whatever she needs for him to do. I don't believe his two children are here, but he also has two wonderful children, who, thanks to Jan, managed to survive being political children for most of their lives, if not all of their lives. I think that Jan deserves all the credit, definitely not Brian, but Jan deserves all the credit, and they are absolutely wonderful children.

"Mr. President, I've been trying to think about what is it that we can say about Brian, because I have all these wonderful things to say about Jan, but I don't know what to say about Brian. I do want to say that I think he's worked so hard, Mr. President. When I looked at his earlier pictures, he's given the State most of his hair, so we should thank him for that. (Laughter.) He tries to get in shape once in a while. He does it by saying he's walking, but quite honestly, Mr. President, I'm not quite sure that has had any impact. He's taken back in poundage what he's lost in hair. I'm really trying desperately to think about what else we can say about him. He works very late in the evening. I don't know how much of that is because he's listening to this strange music. Who would have thought Brian Taniguchi is kind of a hard rocker of the 60's and 70's. He really likes the Doors and people like that – the Doors, yes, the Doors. You remember the Doors? That's Brian Taniguchi, Mr. President.

"Mr. President, I would like to thank you and the rest of the members of the Senate that on this very important day you've afforded me the opportunity to acknowledge Brian Taniguchi on his 25<sup>th</sup> anniversary in this Legislature. Everyone, you have this little thing in front of you and what I'd like for all of us to do is to follow the instructions – which is to lift, put to face, and face Brian. (Laughter.) Since he's still sitting up, it must be a young picture, otherwise it would have floored him.

"Mr. President, at the appropriate moment, we have signed a certificate, all of us, and we do have a lei. Of course to his wonderful Ways and Means staff, we'd all like to thank you for all of your hard work. Thank you very much."

Senator Taniguchi rose on a point of personal privilege as follows:

"Mr. President, I rise on a point of personal privilege.

"I would just like to thank the Senator from Waianae for those very kind remarks. I don't know if it's kind in quotations, but I just want to say that I enjoy working with all of you – members, staff, lobbyists, students.

"I guess one thing that comes to mind when you look back on 25 years – when I first decided to run, I think one of my campaign people told me that I was pretty dull. (Laughter.) I haven't improved on that, Mr. President. (More laughter.) And so I went to see a lady who is now serving in the Senate with me and she was, at that time, running a modeling agency. So I had this meeting and we met and she tried to give me pointers and she tried to jazz me up, but obviously, Mr. President, she failed. (Laughter.) It was Senator Kim. So when I think back on 25 years, that's one of the things I remember – that she gave up and she just said, don't come back. (Laughter.)

"I'd also like to acknowledge my wife and my staff and people who've been . . . I know there are people up there who have worked for me in the past – two or three of them I think, the rest of them said no way. I'd like to acknowledge my wife who's kind of kept me straight and . . . anyway, before I start

sobbing or anything, I would just like to thank everyone. Thank you, Mr. President.”

Senator Hemmings rose on a point of personal privilege and said:

“Mr. President, I rise on a point of personal privilege, too.

“Mr. President, I think it’s only appropriate that some comments are added to the record here from the other side of the political aisle, and I will tell you it’s been a pleasure for us to serve in the Ways and Means Committee under the leadership of Senator Taniguchi.

“Senator, we most appreciate two things about you – one is your wry, incisive, quick and provocative wit. It’s one of the real hidden attributes of yours that you have a way of making one or two words turn into very hilarious remarks, oftentimes in the heat of battle in the Senate Ways and Means Committee.

“On a serious note, we do appreciate your patients. I can honestly say that in my six years in the Senate and on the Ways and Means Committee you have always afforded us the opportunity to have open, free, unabated debate on the issues. You have never cut us off unilaterally and closed debate on issues, oftentimes exercising great restraint and patients, because I know you are quite thoroughly disgusted with what is being said. (Laughter.)

“But we do appreciate that and sincerely we wish you all the best and thank you for your service to the State for the last 25 years. Thank you, Mr. President.”

At 10:29 o’clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 10:37 o’clock a.m.

Senator Hogue rose on a point of order as follows:

“Mr. President, point of order, please. Mr. President, I have three questions for you, if you don’t mind.

“We had a healthy debate on Friday night regarding one of our Governor’s messages and I see here Gov. Msg. No. 855, informing the Senate that on April 29<sup>th</sup> the Governor has withdrawn Dylan Nonaka. That was April 29<sup>th</sup>. That was the day of the debate. So, when was the Senate in receipt of the Governor’s message? And if the Senate was in receipt of the Governor’s message prior to the vote, is the vote on the nominee valid?”

President Bunda responded:

“I believe so. Can we get back to you on the receipt or do you want to know that now?”

Senator Hogue replied:

“Mr. President, why don’t we just call a short recess. Thank you.”

At 10:38 o’clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 10:41 o’clock a.m.

Senator Hooser rose on a point of personal privilege as follows:

“Mr. President, I have a point of personal privilege.

“I was informed this morning by the Governor’s senior policy advisor that they were in possession of the letter signed by the Governor before the Session started last Friday afternoon on this nomination. So, it’s obvious that the Minority members were aware of the withdrawal before the debate and the Session started.

“Thank you.”

Senator Hogue responded as follows:

“Mr. President, I guess I’m responding to that.

“Actually, that’s not true. We became aware of it during the debate. So, the question is, when is the Senate in receipt of the Governor’s message? Now, it’s our understanding that the Governor’s message was received during the debate and the vote went forward. So the questions I would like rulings on is when is the Senate in receipt of a Governor’s message? What is the official ruling on that? And is this vote on this particular nominee valid?”

President Bunda answered:

“We will get back to you, Senator Hogue, on an official ruling by Wednesday or Thursday.”

Senator Hogue then said:

“Thank you very much, Mr. President. I appreciate that.”

Senator Hee rose on a point of inquiry and stated:

“Mr. President, point of inquiry.

“I just want to make it clear in a question to you. Was the Gov. Msg. No. 855 on the order of the day on Friday when we acted upon the nominee? Informing the Senate that the Governor has withdrawn Dylan W.J. Nonaka, was that message on the order of the day on Friday?”

President Bunda responded:

“No, it was not.”

Senator Hee then said:

“Thank you.”

**MESSAGES FROM THE GOVERNOR**

The following messages from the Governor (Gov. Msg. Nos. 855 to 857) were read by the Clerk and were placed on file:

**ORDER OF THE DAY****FINAL READING**

Conf. Com. Rep. No. 100 (H.B. No. 100, H.D. 1, S.D. 1, C.D. 1):

Senator Taniguchi moved that Conf. Com. Rep. No. 100 be adopted and H.B. No. 100, H.D. 1, S.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator English.

Senator Taniguchi rose to speak in favor of the measure and said:

“Mr. President, I rise to speak in favor of this measure.

“Mr. President, H.B. No. 100, C.D. 1, is the executive biennium budget bill. It contains the operating and capital improvement appropriations for the executive branch for the fiscal biennium 2005-2007.

“Before I make a few comments on the bill itself, I again would like to thank those who were instrumental in crafting this measure.

“First, I would like to thank the Conference Leaders of the House, Chairman Dwight Takamine and Vice-Chair Bertha Kawakami, who spent countless hours with me and my Vice Chair, Senator Tsutsui, agonizing over the hundreds of crucial decisions that needed to be made.

“I would also like to thank the staffs of both the House Finance Committee and our own Ways and Means Committee. Their research and analysis made our jobs a lot easier.

“I would also like to thank the members of the Ways and Means Committee for sitting through hours of hearings, briefings and conference meetings throughout this Session.

“Finally, I’d like to thank and acknowledge again the support of my wife.

“As I mentioned in my remarks on the Senate’s draft, the appropriations found in this bill provide more critically needed resources to our public schools, more to the university system, more to our public and private hospital network, and more to help battle our ice epidemic.

“With regard to capital improvements, we found a way to fund the new courthouse in Kapolei while also finding a way to ‘fix our schools,’ ultimately authorizing over \$280 million for Department of Education construction projects, including \$100 million for repairs and maintenance.

"This budget, in conjunction with our six-year general fund financial plan, demonstrates that this Legislature has prioritized the use of our precious resources and has saw fit to provide in those areas that are most important to our state's well being now and in the future.

"Mr. President, we have a balanced budget, and I ask that my colleagues support this measure. Thank you."

Senator Hemmings rose in support of the measure as follows:

"Mr. President, I, too, rise to speak in favor of H.B. No. 100, the state budget omnibus spending bill.

"Mr. President, I, too, rise to speak in favor for the simple reason that it is a necessity. The budget does, for the most part, address the most basic needs of the State of Hawaii and therefore is relevant and should be voted in the affirmative, but it is important to note some things that weren't done in the budget.

"The opening day this last Session had a rosy outlook for the state economy with you, Mr. President, and myself and others standing up and saying there are many things that could be done with the improved economic condition of the private sector that has resulted in more money in the way of tax collections being put into the state coffers.

"This budget does prioritize for the Majority Party state spending, because first and foremost, most of the money, if not all of it and then some, was assumed by collective bargaining pay raises for public employees. Public employees deserve a fair and balanced pay raise. No one doubts that. But it's not fair and balanced when many other programs were cut.

"Even yourself, Mr. President, and the Majority Party on opening day talked about helping the average working family. I think you called them in. They are not going to get a tax break. In fact, their taxes are going to go up extensively with subsequent legislation we'll be acting on today.

"We talked about, in the Minority Party, tax cuts for the working poor. The very people that the Majority Party says they represent – the poor, the sick, the hungry – they're not going to get any tax relief. In fact, their taxes are going to go up if we pass subsequent legislation. The authorization of a one-half percent excise tax for the county to implement if they so deem necessary will hurt the poor, the hungry, the sick, and the working families of Hawaii.

"We talked about finally getting human service programs that serve the suffering and the needy in our society out of the old bills and putting them into the operating budget so that those agencies and those private sector charitable institutions that serve the needy in our society could have reliable year-to-year operating funding. It's not going to happen. Human service programs are going to continue to be held hostage in a raid bill for funds that are drying up – the rainy day funds, excuse the play on words.

"We talked about better protecting our environment. Probably the greatest blessing we have in the State of Hawaii is our environment. I had the pleasure of serving under two hardworking, intelligent Chairmen of both the Environment and the Water, Land, and Agriculture Committees. Unfortunately, in Conference Committee what we had to do time and time again, and I won't read into the record the particulars, is say no to bills that would have helped our environment because we didn't have enough money.

"Yes, this budget does set priorities. It does keep in place the absolutely necessary rudiments of government operation, but it did prioritize spending. The great irony of all of this is that yes, public employees are going to get pay raises at the expense of tax cuts for the poor and the working families, at the expense of human service, and at the expense of the environment, but they themselves are not living outside our economy. They themselves, the labors of this state that are in state employment, have to pay the high bills that all the consumers of Hawaii pay for.

"I would suggest in the future that when we do put together a State Budget, that we do prioritize how we spend our money to benefit everyone in the State of Hawaii, not just one special interest group that seems to hold sway over this Legislature.

"Thank you, Mr. President."

Senator Hogue rose to speak in support of the measure with reservations as follows:

"Mr. President, I rise to speak in support of this measure with reservations.

"Essentially, colleagues, our budget is driven by an engine which we could control, and that engine is the binding arbitration process. Basically, this budget has been driven by the inevitable consequences of some in this Chamber passing binding arbitration for public worker unions just a few years ago. Even though we've got a booming economy, and I would agree that all of us would attest to that, we have the lowest unemployment rate in the nation and we have record tax revenues, we can't pass tax relief. Many of the people in this state are going without so that we can help a favored few, and that is wrong.

"Right now, our budget process is driven by the employees. We've become an employee centric government. No business can be run in a proper manner if it is employee centric. I would agree that we need to take care of our employees, we need to pay them fair wages, we need to treat them properly, and I think that we do. But we cannot have a budget that is driven by this particular process. So, until we repeal binding arbitration, we're going to run into this year in and year out.

"So, right now our schools don't have enough text books. Many of our schools cannot have their repair and maintenance backlog eliminated. Many projects will not go forward and it's all being driven by this one factor – binding arbitration.

"So, for those reasons, I will support the final numbers. I realize the Ways and Means people worked very hard, however, I will note my reservations until we repeal binding arbitration. Thank you."

Senator Tsutsui rose to speak in support of the measure and stated:

"Mr. President, I rise in support of this measure.

"Mr. President, before I begin, I'd like to commend the Chairman of the Ways and Means Committee for his wisdom and leadership in crafting this very fine measure. I would also like to thank the House Finance Chairman and Vice Chairman, as well as their staff, who worked with us in collaboration to build this measure. And last, but not least, I'd like to thank the members of the Ways and Means Committee and the Ways and Means staff for the many long hours which we put in providing for this very fine bill.

“Mr. President, H.B. No. 100 provides a balanced budget, which is very responsive to the many different needs and requirements of our many small communities throughout our state. It recognizes the importance of the pressing needs for education, the ice epidemic, and ensuring a sustainable future for our children. It continues to support educational system reforms enacted by this Legislature last year in Act 51. It continues efforts to stem the ice epidemic by providing the resources necessary established in Act 40. It also provides funding for homeless programs and the general assistance population. It ensures that valuable green space will be preserved and protected for future generations.

“Mr. President, this measure also supports the needs of our University of Hawaii system. It assists the counties by providing monies to maintain the road systems, and it honors the sacrifices being made by our men and women of the Hawaii National Guard.

“Mr. President, this measure does this, as well as a lot more. And for those reasons, I encourage all of my colleagues to support H.B. No. 100.

“Thank you, Mr. President.”

Senator Sakamoto rose in support of the measure and said:

“Mr. President, I rise in support of this measure and echo the comments for the Ways and Means and Finance Chairs and for all who participated in this document, which is basically all of us including both sides of the aisle.

“I think this document in itself underlies many, many measures that we passed and we’re going to hear about on this Floor today in many areas. Mr. President, rather than rise up on 40 measures – and some of our colleagues in here will rise up to elaborate on some of those – I’d like to take a few minutes to talk about hope and a future, as opposed to doom and gloom, and the hope and the future in many of these measures.

“In the housing arena, S.B. No. 179 is the housing omnibus bill. S.B. No. 117 will enable HDCH to update some of their past contracts so we can be more efficient. H.B. No. 931 helps to deal with sustainable affordable housing. H.B. No. 19 deals with the university system and student housing. Those measures together certainly will help us move forward in housing and there will be a legislative effort to continue that so we can continue that effort.

“In transportation, those who lament about a half percent tax, I lament about when it was a 90/10 federal match, the bride ran away from the bridal party and we lost out. When it was 80/20, the bridesmaids and the groomsmen had cold feet and ran away from the bridal party when it was 80/20 match. Now we’re not even sure if we get a 50/50 match, but all of us ask our communities, even if you live in Hawaii Kai or points east or points west, do we need transit solutions? We need solutions. We need to do the heavy lifting and take the criticism of others, but I’m glad we’re going to do something. Graduated driver’s license, H.B. No. 150, let’s make our roads safer.

“In the health arena, we have continued efforts in H.B. No. 1304 with a task force. And some people say, why do task forces? That’s because we need all parties to get together and not just some parties, not just the fifth floor party, but we need the stakeholders . . .”

Senator Hemmings interjected:

“Point of order, Mr. President.

“I believe we’re discussing the state budget and the present speaker is addressing numerous issues on the agenda that we’ll have an opportunity to speak to in the future.”

President Bunda then said:

“Senator Sakamoto, could you keep your comments to H.B. No. 100, please.”

Senator Sakamoto continued:

“My belief is that H.B. No. 100 undergirds each of these measures and I heard conversation about many of these measures just a few minutes ago. I don’t believe that we should necessarily ignore all of these other measures, because as everyone notes, this budget, H.B. No. 100, and all of these measures are tied together. Most of these have a Ways and Means referral. They could have been in the budget. They could be in a bill. But I’ll go quickly, but I’m not going to stop here.

“Whether it’s things related to equal pay, it relates to the budget. Things related to small business set asides relates to the budget. Things related to unemployment compensation or unemployment benefits, whether it deals with social security and pension, deals with the budget. Things with minimum wage deal with the budget. The Reed Act funds for workforce development deals with the budget and employment – all group things. Some things could have been better, but they’re all there.

“Drugs, yes, as mentioned by the previous speaker, this bill includes treatment money. Also, we passed here in this Body, DNA testing, sex offender, forfeiture of vehicles, Pseudoephedrine.

“Procurement – we need to continue to look at that. At least we’re dealing with some things where the state government maybe had a heavy hand with architects/engineers.

“Education – a whole flurry of issues. I’ll speak to that later.

“Sustainability – I think our Senator on the right will speak to things or several of them. Invasive species, plans for the future, legacy lands, cruise ships, rural lands, ag lands, and all of these, to me, do tie to the budget, do tie to a hope and a future.

“Energy/environment – renewable energy, net energy, alternative fuels . . . campaign spending.

“But I’ll get back to a point that the speaker across the way talked about – balanced and fair pay raises – seemingly saying. Another speaker talked about employee centric. I believe we need to be people centric, not profit centric. And I believe what has driven a lot of this conversation on why pay raises were what they were, not bargained by us on this Floor but bargained by somebody else on the fifth floor, was 9/11 – not September 11, but the 9/11 that’s coming forward at the UHPA pay raises. Any knowledgeable person would know if you said 9 percent, 11 percent out there in future raises for any unit, any other bargaining unit, is not blind to that. So that, in my opinion, has driven where we are today. And it’s not about arbitration in itself. It’s about who said what target, and how we’re going to get there.

“So Mr. President, thank you for allowing me to continue to speak. I urge us all to look at the big picture because we have hope and a future.”

Senator Slom rose to speak in opposition to the measure and stated:

“Mr. President, I rise in opposition to this budget.

“I was going to support the budget with reservations until I heard the last speaker who has convinced me that if we can’t even keep on track and keep talking about the one bill that we’re supposed to be talking about instead of all the other bills on the agenda, that there is something suspect about this budget.

“I also regard with great respect the wonderful and stoic words of the Judiciary Chair who has always told me before that ‘w/r’ stands for ‘wimpy Republican.’ So, I’m going to go full down ‘no’ on the bill.

“And to the good Senator from Moanalua, I’ve never been a bridesmaid and I’ve never run away from anything in my life, even illusory federal grants that were promised by a member of our congressional delegation that every time he has something to say here, he says something different, but let’s stick to the budget.

“As the Minority Leader said, it’s difficult when you’re put in a position when you’ve worked long hours, you’ve been to all the meetings, you’ve heard all the discussions and the testimony, you’ve read all the items – 1,104 pages of line items that we did night, after night, after night – to vote against the whole thing because some things are not good, some things are actually bad. But I think what it comes down to is this – how I have to look people in the eye, not only short term but long term. And I’m also a person who has hope in the future. It’s the present that’s a little difficult right now.

“This budget is driven solely by public employee costs. Whether they were arbitrated, whether they were negotiated, the point of fact is, as I’ve said before, that’s basically what we’re here for – just to give salary increases to other people. And in so doing, we have to tell other organizations and other individuals no, we don’t have the money to do that. The money is not in the budget.

“So, looking at the budget as a whole, first of all it’s called the executive budget but it doesn’t bear that much identity to the budget that was originally submitted by the executive. It is bigger. It is plumper. It is different in terms of where monies come from, where monies go. And as the Minority Leader had stated, a number of programs will not be funded by this budget or by any other auxiliary legislation because, as we told people during Conferences, we just don’t have the money. Well, we do have the money. The money has gone to the salary increases whether, again, negotiated or arbitrated.

“I happen to agree with the Minority Floor Leader that the arbitration process, if anything, is going to be doom and gloom. It’s going to spell our fiscal doom in the future if we don’t change it.

“I’ve spoken before about how most members of this Body in the Majority Party did a 180 degree turn on that issue when we changed from a Democrat Governor to a Republican Governor. The issue didn’t change, the individuals changed, with again the exception of the Judiciary Chair.

“When we look at this budget specifically, item by item, line by line, we find that programs that will suffer will be in the Attorney General’s Office, the Department of Public Safety, various health bills, various Department of Education bills. We note, also, that while there’s talk about a balanced budget, this really is not a balanced budget and we don’t have a six-year

plan for a balanced budget in the future that has not come from Finance or Ways and Means.

“We also have some bizarre points in this budget. Section 126 states that for the first time, proceeds from any sales or dispositions of public lands will reimburse the general fund for the Department of Education’s expenditures. What’s the nexus? What’s the relationship? To our knowledge, there has never been a proviso like that before.

“There are also several provisos that aim at eliminating executive positions in various executive departments. And there’s an interesting provision in the budget that now assesses a \$10,000 fine for departments for each business day that a report is late. I’ve been one that’s called on departments in the past to make sure that in fact they do get their reports in on time, but this is kind of unusual – a \$10,000 fine per day – where will the money come from? It will come out of the general fund and then these departments will come before us the next year asking for an emergency appropriation – emergency being the most popular word in the budget. We always have emergencies. They’ll ask for the money right back, so we’ll take it from the general fund and give it back to the general fund.

“I think the main problem is that this budget really started from a point of what we had to do for a certain class of people, as the Minority Floor Leader specified, and then we work from there telling other people ‘no.’

“And so, while I would like to support the budget and while I’ve supported it up to this point, I’m going to cast a ‘no’ vote because when people ask me the rest of this year, next year, and the following year, what did we really do for them, all I can say is we raised your taxes, we raised your cost of living, we didn’t give you any tax relief, and unless you’re in the chosen class, you got no benefit, you didn’t get any raises or anything else. It will be a much more rational position.

“Thank you, Mr. President.”

Senator Kanno rose to speak in support of the measure as follows:

“Mr. President, I rise to speak in support.

“Mr. President, I want to start off by commending the efforts of the Ways and Means Chair and staff on doing a credible job on the budget. I’d like to address the comments on binding arbitration.

“The Governor has spoken out against the binding arbitration award, claiming that the arbitrator made many mistakes in formulating the award, including inappropriately considering the wages paid to employees outside of the state. She has also intimated that the award is indicative of a trend of binding arbitration that results in totally depleting state revenue increases in order to pay for collective bargaining salary increases.

“The Governor’s criticism of the arbitrator’s deliberations is misplaced. The Hawaii Revised Statutes specifically provides that a factor proper for the arbitrator’s consideration is the comparison of wages, hours, and conditions of employment of the employees involved in arbitration . . .”

Senator Whalen interjected:

“Excuse me. Point of order, Mr. President.

"I hate to beat this dead dog, but I believe the issue is the budget and the comments made by some of the Minority members were that the budget was driven by a binding arbitration. There wasn't a huge discussion about what the Governor said.

"In this particular speech that's being delivered, it's quoting from the Governor and debating the Governor, who, as far as I know, is not a State Senator. So, if he could stick to the budget, I would leave that . . ."

The Chair interjected:

"Senator Kanno will get to the point. Senator Kanno, will you please proceed."

Senator Kanno continued:

"The wages, hours and conditions of employment of other persons performing similar services in other state and county . . ."

Senator Whalen rose again on a point of order and stated:

"Mr. President, point of order.

"Was that a ruling that he is in order?"

President Bunda replied:

"He is in order, and I will allow him to continue and formulate his speech and he will get around to the point of the budget."

Senator Whalen then said:

"Thank you, Mr. President."

Senator Kanno continued as follows:

"Additionally, that same statute also authorizes the arbitrator to consider any other factors that are commonly utilized in determining wages, hours and conditions of employment in collective bargaining, mediation, or arbitration in public employment. Therefore, if the examination of wages of other employees performing services similar to the HGEA employees outside of Hawaii was warranted, the arbitrator could have properly considered this.

"The Governor has not similarly attacked comparable pay increases that have also recently been authorized by the Governor for other bargaining units, including a 9.5 percent pay increase over the next two years for teachers, an arbitration award of a 2 percent increase every six months over a period of two years for firefighters, and an arbitration award of 16 percent over a period of four years for police officers.

"The pay increases provided in this measure for HGEA employees is completely in line with those provided for these units. Additionally, the Governor orchestrated the unprecedented agreement with the University of Hawaii Professional Assembly, which provided for a 31 percent increase over a six-year period. Within the UHPA agreement, year four yields a 5 percent increase of which the state is responsible for 4 percent. Year five yields a 9 percent increase of which the state is responsible for 6 percent. And year six yields an 11 percent increase of which the state is responsible for 8 percent. Although the university will bear a portion of the cost in years four through six, the state is responsible for the majority of the increase and they are greater than the HGEA raises.

"Mr. President, these numbers demonstrate that the HGEA raises are not in any manner extraordinary. Indeed it is the Governor herself who set the bar in the 4 to 5 percent range for salary increases through negotiations and the approval of arbitrated agreements with other bargaining units.

"Finally, and most importantly, the HGEA employees deserve the pay increases. They provide valuable services essential to the continued provision of effective and efficient government operations, and we must always endeavor to properly compensate these dedicated public servants in recognition of their hard work and commitment. Mr. President, this measure represents a fair award for adequately compensating our valued state employees.

"My comments here are to address the comments made earlier about binding arbitration. I urge my colleagues to support the budget. Thank you."

Senator Hooser rose to speak in support of the measure and stated:

"Mr. President, I rise in support of this measure.

"I'd like to preface my remarks, Mr. President, by offering my appreciation and thanks to the Ways and Means Chair, the staff, and the Vice Chair for all the hard work and good work they did and recognize the challenge of putting such a budget together.

"Mr. President, I'll just say briefly that when the people in my community ask me what's in the budget for them, what did I do for them, what good things for the State of Hawaii are in this budget, I have quite a bit to say. But I won't say it all right now in the interest of time, but I'll tell my constituents, Mr. President, that in this budget there's a homeless shelter on Kauai. There's \$1.5 million worth of affordable for the people in Hana on Maui. There's another million dollars in the budget for affordable housing in my district.

"There's money in this budget, Mr. President, hard-earned, well-deserved money to pay our teachers more and give them the raises they deserve to allow us to hire and retain additional teachers, which is so important to our public education system. There's millions of dollars, hundreds of millions of dollars in this budget that will go toward repairing and maintaining our schools in the fashion that they deserve to be.

"There's money in this budget, Mr. President, \$3 million to repair and maintain existing public housing. There's money in the budget for homeless services on the Leeward Coast. There's money in the budget – it goes on and on – for water projects, much needed projects statewide.

"There are far too many good things in this budget to go on, Mr. President, but I'll, just for the record, say that I, for one, have no problems supporting this budget and supporting the many, many good measures that are contained within.

"So, I encourage my colleagues to vote in support."

Senator Chun Oakland rose to support the measure as follows:

"Mr. President, I stand in support of this measure.

"I also would like to thank the Ways and Means Committee, the staff, and the House for putting together what I think is very supportive of the human services area. We in great part have approved what the Department of Human Services had

requested, and I'd like to just go over very briefly what is contained in this budget with regards to this.

"In the area of vocational rehabilitation we have about \$18 million that help people become rehabilitated. Either through no fault of their own, something happens, they get injured and can get services to get into a new career. We have in the child welfare services area, which is to protect children, about \$50 million. We have in the area of early childhood education, childcare services, \$67 million. In the area where we want to support our young people through youth services, we have about \$20 million. In the area of elders, where we want to support those that are aged, blind, and disabled, we have about \$16 million. And in the area of the people that are in public assistance, we have about \$118 million dedicated to them. In the area of homeless services, which I think is growing continuously, we have \$8.5 million included just in homeless. And there are many other budget areas that fall within the purview of the Consumer Protection and Housing Committee, millions of dollars, with regards to supporting affordable housing.

"So I really appreciate everyone that has worked on this and support this measure. Thank you."

Senator Hee rose in support of the measure and stated:

"Mr. President, I rise in support of this budget.

"Just briefly, I want to thank the Committee on Ways and Means and its staff, as well as our counterpart in the House, for providing the university with approximately \$1.3 billion in operating money for responding to the flooding that occurred prior to this Session; for providing \$100 million to rebuild dormitories at the University of Hawaii and at the University of Hawaii at Hilo; for providing \$20 million for a new science and technology center at the University of Hawaii at Hilo; for providing \$2 million for the Hawaiian studies building for planning and design; and providing \$18 million for a new campus to be called the Hawaii Community College Campus. These are but a few things that the Committee on Ways and Means saw fit to respond to the needs of higher education, the only public institution of higher education in the state.

"In addition to this, the Committee on Ways and Means and the House Finance Committee provided money for each community college at all 10 campuses statewide, as well as West Oahu Campus.

"I'm indebted to the Committee on Ways and Means and look forward to voting 'yes.' Thank you, Mr. President."

Senator Baker rose to speak in support of the measure and said:

"Mr. President, I, too, rise in support of this measure.

"Like my colleague, the Chair of the Committee on Human Services, I, too, want to thank the Ways and Means Committee for their consideration. For many years we've tried to get funding for the uninsured embedded into the base budget so hopefully the administration will ask for those funds on an ongoing basis. This year we were successful thanks in large measure to the support we received from our Committee on Ways and Means and the Committee on Finance.

"Additionally, the community hospitals, the Hawaii Healthcare System is included in a fair fashion in this budget. In addition, we've included the money for the very important task of trying to treat and deter folks from substance abuse. Treatment and prevention funds are in the base budget, and

hopefully the administration will include it in their future budgets. There are important matters like emergency medical services that are also taken care of by this budget. The most fragile and vulnerable populations helped by the Department of Health's budget, those children with mental illnesses and adults with mental illness, are all taken care of by this budget.

"Certainly there are other things that I would have liked to have seen included. As the Health Chair, you always wish for more resources than might be possible. But I think this budget makes not only a good faith effort to take care of the public health concerns in our state, but does so in a fair and compassionate manner.

"I appreciate working with budget analyst Serene Chew. She is a wealth of information. She made my job a lot easier, and she found those important items in the budget and advocated for their retention. So, I know that the quality of the staff that Ways and Means has is admirable and I hope she'll be able to return to continue to work in this particular subject matter area.

"I want to commend all of my colleagues in this Body and our sister Body across the way who worked very diligently on this budget, and I urge my colleagues to support it."

Senator English rose in support of the measure as follows:

"Mr. President, I rise in support of the measure.

"I, too, would like to add my thanks and appreciation to the Ways and Means Committee and to our counterpart in the House for considering and keeping in their consideration the neighbor islands. I have four islands in my district, Mr. President – Lana'i, Moloka'i, Kaho'olawe, and East and Upcountry Maui. Oftentimes, because of the population base in these areas, it's very easy to say that we should move something to Central Oahu or something to Downtown Oahu or somewhere else because of the population. But this budget is really very fair to these islands.

"I want to point out some of the things that are in here for Moloka'i and Lana'i and for Hana. It was already mentioned that we have a \$1.5 million appropriation for affordable housing in Hana where I'm from, and this is very important because we have a very, very acute housing shortage in East Maui. This won't take care of the whole thing, but we have land donated, we have others that are coming to the plate, and through a team effort, this appropriation will be the fuel that's needed to get affordable housing moving in East Maui. For that, I am most grateful.

"For \$1.6 million to the Moloka'i General Hospital for its second phase of improvements – it's the only hospital on the island; it provides all the care for the people on Moloka'i – they are most grateful for this. For Lana'i, for the improvements to Manele Harbor with the huge federal match, this will help us with ferry service inter-island. This is not the 'Super Ferry.' This is 'The Ferry' for the people between Moloka'i, Lana'i and Maui, and it's very important for local traffic. For Upcountry – for helping Hui Noeau with their land purchase. It's a major, major piece of support, and the people there are very grateful.

"So, I just wanted to express this to the members of the Committee, to the Chair and the Vice Chair, and to all of you for supporting these small neighbor islands. They're very important to us. It's very dear to me and very important to the people living there. For that, thank you."

Senator Kokubun rose to speak in support and said:

"Mr. President, I also stand in support of this measure.

"Mr. President, I think this year we had some very, very significant movement in terms of our land use policies for the state. This could not have been accomplished without the agreement by both the Ways and Means Committee and the Finance Committee to provide the necessary funding for these measures to move forward. And for that, I'm very grateful to all the hard work that went in by the Ways and Means Committee and the Finance Committee with respect to this measure.

"Mr. President, we are moving forward on an important agricultural lands bill for the first time since this mandate was instituted by the Constitutional Convention in 1978. I think indeed this is very significant, and it could not have moved forward without the commitment by the money Committees to include those measures in the budget. We also are addressing rural lands, a designation that I think is very important for future land use planning for the State of Hawaii.

"Also, with respect to conservation lands, we have in our CIP budget the purchase or at least the cost sharing on some purchases for very significant lands here in the State of Hawaii, and I think it sets a very positive direction for us.

"The budget also provided funding have money for our sustainable planning effort, which I think is critical and essential for looking forward and providing the preferred future for Hawaii and our future generations.

"Mr. President, there is funding in the budget that is totally supported by the agriculture community for ag research and development. Again, without this kind of support from our Ways and Means Committee and the House Finance Committee, we would not be able to move forward on these very, very important measures. And for that, I'm very grateful.

"I ask all of you to please support this measure. Thank you."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 100 was adopted and H.B. No. 100, H.D. 1, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE BUDGET," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Slom, Trimble).

At 11:23 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:46 o'clock a.m.

At this time, the President made the following announcement:

"Members, the Governor's Office was in receipt of the budget at 11:32 a.m."

#### FINAL READING

Conf. Com. Rep. No. 23 (S.B. No. 1772, S.D. 1, H.D. 2, C.D. 1):

Senator Chun Oakland moved that Conf. Com. Rep. No. 23 be adopted and S.B. No. 1772, S.D. 1, H.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Tsutsui.

Senator Hogue then offered the following amendment (Floor Amendment No. 7) to S.B. No. 1772, S.D. 1, H.D. 2, C.D. 1:

SECTION 1. Senate Bill No. 1772, Senate Draft 1, House Draft 2, Conference Draft 1, is amended by deleting its contents and replacing it with new language, to read as follows:

"SECTION 1. Section 387-2, Hawaii Revised Statutes, is amended to read as follows:

"**§387-2 Minimum wages.** Except as provided in section 387-9 and this section, every employer shall pay to each employee employed by the employer wages at the rate of not less than:

- (1) \$5.25 per hour beginning January 1, 1993;
- (2) \$5.75 per hour beginning January 1, 2002; and
- (3) \$6.25 per hour beginning January 1, 2003.

The hourly wage of a tipped employee may be deemed to be increased on account of tips if the employee is paid not less than 25 cents below the applicable minimum wage by the employee's employer and the combined amount the employee receives from the employee's employer and in tips is at least 50 cents more than the applicable minimum wage.

Effective January 1, 2006, the hourly wage of a tipped employee may be deemed to be increased on account of tips if the employee is paid not less than 25 cents below the applicable minimum wage by the employee's employer plus an amount equal to any increase in the minimum wage as of January 1, 2006, and the combined amount the employee receives from the employee's employer and in tips is at least 50 cents more than the applicable minimum wage.

SECTION 2. New statutory material is underscored.

SECTION 3. This Act shall take effect upon its approval."

Senator Hogue moved that Floor Amendment No. 7 be adopted, seconded by Senator Trimble.

Senator Hogue rose in support of the amendment and said:

"Mr. President, this floor amendment will offer a tip credit to those employers who have employees who might be affected with a bill that we will have later on. There is a lot of discussion about increasing the minimum wage. I'm going to be voting against that minimum wage increase.

"However, I think it should be noted that approximately 2/3 of those who receive the minimum wage in this state are restaurant workers, and I think if we're going to even think about raising the minimum wage, we should think about comparably raising the tip credit otherwise many of these restaurant workers are going to be put out of work. Many of them are going to end up being laid off and I just think it's unconscionable that this measure has not been able to move forward and I think this gives us an opportunity to move this forward.

"So, a tip credit is in order. It is noted in this bill. It is noted that if the minimum wage would go up, the tip credit would go up comparably, and so I urge all of the members here to support this amendment.

"Thank you."

Senator English rose on a point of inquiry as follows:

"Mr. President, point of inquiry.

"May I ask the maker of the motion, what was the original content of the bill that they are gutting and replacing this with?"

The President posed the question and Senator Hogue responded:

"Mr. President, this is the Related to Employers bill and we have added language to that particular bill. We have added

language to a bill that frankly we did not agree with the related to employers bill.”

Senator English rose again on a point of inquiry and said:

“Mr. President, again, point of inquiry.

“The floor amendment says ‘by deleting its contents and replacing with new language.’ The question was, what was the language that was deleted? Because they deleted it in its entirety and replaced it with this.”

Senator Hogue rose in response and stated:

“Mr. President, if you refer to S.B. No. 1772, you can see a bill related to employers. I could read the original bill if you want to. It goes on in Section 1 talking about finding that many employees at large companies are paid low wages and qualify for government programs. It was the so-called ‘Wal-Mart bill’ that we had a great debate about in the past and I’m not sure that it was necessary for this state anyway. So that particular measure would be tossed by the wayside. It would be replaced by something that we could live with, which is a tip credit.

“It’s obvious that workers here in the state need a tip credit, especially restaurant workers. I don’t think we need to be putting provisions in the bill that have to do with Wal-Mart. There were some sort of problems down in Georgia or something like that. So that part has been taken out and the tip credit has been put in.

“Thank you.”

Senator Kim rose and inquired as follows:

“Mr. President, question to the floor amendment maker – is there a reason why the tip credit wasn’t amended in the minimum wage bill, which is more appropriate than killing a bill, gutting everything that went through conference and went through both Houses, to gut it at this late a date and not amend the minimum wage bill?”

Senator Hogue responded:

“Mr. President, that’s actually a legitimate question and the reason we did it in this one is because we do not agree to a minimum wage increase, and so we are not going to be voting for a bill that we don’t agree with.

“The language in here says, if the minimum wage is increased, there can be a tip credit. That will allow us the opportunity to vote against the minimum wage increase and vote for a tip credit, which I believe many of the members here in this Chamber will agree with.

“Thank you.”

Senator Baker rose to speak in opposition to the amendment and said:

“Mr. President, I rise in opposition to this floor amendment.

“It’s clear from the remarks of the Minority Floor Leader that the intent of this floor amendment is rather disingenuous. They really have no interest in whether tipped workers get a credit because they were going to vote against the minimum wage.

“This Senate passed over to the House an increase in the minimum wage that included a tip credit. I support that. I have lots of restaurant workers in my district and would love nothing

more than to see an increase in the tip credit go forward. But you know, the workings in our Body is a product of compromise, and the House wouldn’t go along, so we don’t have that before us. We’ll keep working on it, I suspect, but I think to gut and replace a bill that addressed a very critical human service need, and I’m sure that the Chair of Human Services will speak to that, is simply not an appropriate vehicle, particularly when the motive behind it is most disingenuous.

“Thank you.”

Senator Kim rose on a point of inquiry as follows:

“Mr. President, another point of inquiry. I would like to ask the Clerk if the House entertained any of these floor amendments and what is the status of that?”

At 11:52 o’clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:53 o’clock a.m.

President Bunda then stated:

“Senator Kim, we have no formal official notice from the House regarding this particular measure.”

Senator Hooser rose to oppose the amendment and said:

“Mr. President, I speak in opposition to the amendment.

“First, I’d like to say I find it . . . I don’t want to use the word disingenuous again. It gets used far too much on this Floor, but to put forward an amendment on a bill you intend to kill or vote against later on, I find troubling.

“I’ll speak against the amendment on the substance of the amendment, Mr. President. I’d like the record to show that many states do not allow tip credits. There are seven states – the State of Alaska has a higher minimum wage than Hawaii and they do not allow tip credits; California also has a higher minimum wage than we do and they do not allow tip credits; Oregon, Washington both have higher minimum wages than the State of Hawaii and do not allow tip credits; and several other states do not allow tip credits. The record should reflect that restaurateurs from Alaska, Oregon and Washington are not fleeing the boarders for states like Arkansas, Kentucky or Missouri that do allow the tip credits of up to 50 percent.

“For those reasons and others, I’ll be voting against the amendment.”

Senator Trimble rose to speak in support of the amendment as follows:

“Mr. President, I rise in support of this amendment. I wish to address my comments specifically to those comments of the previous speaker.

“I believe if you’ll check the record, the States of Alaska, Oregon, and Washington also have a much higher rate of unemployment than Hawaii. And the reason why this floor amendment is being offered is so that we don’t go down the same path as those three states you have mentioned. We wish to increase employment among the restaurant workers and that is the purpose behind this floor amendment.

“Thank you, Mr. President.”

Senator Chun Oakland rose to oppose the amendment and said:

"Mr. President, I also rise in opposition to this floor amendment.

"S.B. No. 1772, the original contents of which are being proposed to be deleted would have required that each applicant that is receiving medical assistance identify who their employer is and also required that the Department of Human Services provide an annual report to the Legislature of employers who employ 25 or more beneficiaries of medical assistance.

"We do want to be able to ascertain whether there are employers here in the state that may be actually paying minimum wage or even less than that which causes families to go on public assistance and to be able to monitor that. Thank you."

Senator Ihara rose in opposition to the amendment and stated:

"Mr. President, I rise in opposition to this floor amendment.

"Mr. President, I am in favor of a tip credit. I am not willing to support a tip credit at the expense of the underlying bill. I would have been open to a tip credit in conjunction with the minimum wage bill, but not under these circumstances.

"Thank you."

Senator Kim rose to speak in opposition to the amendment as follows:

"Mr. President, I rise in opposition.

"Mr. President, like the previous speaker, I, too, support the tip credit. Had it been put in the correct bill, I would be voting in favor of it.

"I really don't care what the other states are doing. The fact of the matter is, as the Tourism Chair, many restaurants in Waikiki have called me and have spoken to me about this tip credit and that it's going to affect them. It's going to affect not just what they're going to pay out in wages, but it's going to affect unemployment benefits and it's going to affect all the other taxes that they have to pay. They may have to release some of their employees – that's the fact of the matter. The way the economy is, they may not be able to keep these employees who will get a 25 cents raise, a 50 cents raise. They will lose their jobs entirely.

"So, I had hoped that they had put the amendment in the correct bill. Unfortunately, the way it is, I cannot support it. Thank you."

Senator Slom rose in support of the amendment and said:

"Mr. President, I rise in support of the amendment.

"Everybody talks from the other side about how they support tip credits. But the fact of the matter is that they have a controlling 5 to 1 majority in this and the other House across the way and they have not supported over the last couple of years any change in the tip credit. They have not listened to the restaurateurs who have come down here. So, the issue really is whether or not we really believe in supporting a tip credit, an increase in the tip credit, which by the way is tied to the increase in the minimum wage as the amendment so clearly states.

"I hear a lot of crocodile tears and I'm not as concerned about Alaska or Oregon or anywhere else as I am about the

restaurateurs, some of whom are up in our gallery right now. They get very frustrated because they come down here and they hear this doubletalk that they are being supported and yet the votes are never there and the changes are never made.

"This is an opportunity to do it. I urge my colleagues to support the amendment. Thank you."

Senator Hogue rose and said:

"Mr. President, I request a Roll Call vote.

"If this matter does go down and if in fact the Majority is – what's the opposite of disingenuous? – genuine in their belief that there should be a tip credit, I suggest that they offer up an according floor amendment during today's Session. So, Roll Call vote is suggested. Thank you."

The motion to adopt Floor Amendment No. 7 was put by the Chair and, Roll Call vote having been requested, failed to carry on the following Ayes and Noes:

Ayes, 5. Noes, 20 (Baker, Bunda, Chun Oakland, English, Espero, Fukunaga, Hanabusa, Hee, Hooser, Ige, Ihara, Inouye, Kanno, Kim, Kokubun, Menor, Nishihara, Sakamoto, Taniguchi, Tsutsui).

The motion to adopt Conf. Com. Rep. No. 23 and pass S.B. No. 1772, S.D. 1, H.D. 2, C.D. 1, on Final Reading was then put by the Chair and carried, Conf. Com. Rep. No. 23 was adopted and S.B. No. 1772, S.D. 1, H.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO EMPLOYERS," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Hogue, Slom, Whalen).

Conf. Com. Rep. No. 148 (H.B. No. 1462, S.D. 1, C.D. 1):

Senator Taniguchi moved that Conf. Com. Rep. No. 148 be adopted and H.B. No. 1462, S.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Baker.

Senator Hemmings then offered the following amendment (Floor Amendment No. 8) to H.B. No. 1462, S.D. 1, C.D. 1:

SECTION 1. House Bill No. 1462, Senate Draft 1, Conference Draft 1, is amended by adding a new part to be designated as "Part III", and to renumber subsequent sections, to read as follows:

"PART III.

SECTION 9. Section 383-61, Hawaii Revised Statutes, is amended to read as follows:

"**§383-61 Payment of contributions; wages not included.**

(a) Contributions with respect to wages for employment shall accrue and become payable by each employer for each calendar year in which the employer is subject to this chapter. The contributions shall become due and be paid by each employer to the director of labor and industrial relations for the fund in accordance with ~~[such]~~ the rules as the department of labor and industrial relations may prescribe, and shall not be deducted, in whole or in part, from the wages of individuals in the employer's employ.

(b) Except as provided in subsections (c) ~~[and]~~ (d), and (e), the term "wages" does not include remuneration paid with respect to employment to an individual by an employer during any calendar year which exceeds the average annual wage, rounded to the nearest hundred dollars, for the four calendar quarter period ending on June 30 of the preceding year.

The average annual wage shall be computed as follows: on or before November 30 of each year the total remuneration paid by employers, as reported on contribution reports on or before [such] that date, with respect to all employment during the four consecutive calendar quarters ending on June 30 of [such] that year shall be divided by the average monthly number of individuals performing services in such employment during the same four calendar quarters as reported on [such] the contribution reports and rounded to the nearest hundred dollars.

(c) For calendar years 2005, 2006, and 2007 only, the term "wages" as used in this part does not include remuneration in excess of \$7,000 paid with respect to employment to an individual by an employer. This subsection shall apply only to the contribution rate paid into the unemployment insurance trust fund.

[(e)] (d) For the calendar year 1991 only, the term "wages" does not include remuneration in excess of \$7,000 paid with respect to employment to an individual by an employer.

[(f)] (e) For calendar year 1988 only, the term "wages" as used in this part does not include remuneration paid with respect to employment to an individual by an employer during the calendar year [which] that exceeds:

- (1) One hundred per cent of the average annual wage if the most recently computed ratio of the current reserve fund to the adequate reserve fund prior to that calendar year is equal to or less than .80; or
- (2) Seventy-five per cent of the average annual wage if the most recently computed ratio of the current reserve fund to the adequate reserve fund prior to that calendar year is greater than .80 but less than 1.2; or
- (3) Fifty per cent of the average annual wage if the most recently computed ratio of the current reserve fund to the adequate reserve fund prior to that calendar year is equal to or more than 1.2;

provided that "wages" with respect to which contributions are paid are not less than that part of the remuneration which is subject to tax in accordance with section 3306(b) of the Internal Revenue Code of 1986, as amended.

[(e)] (f) If an employer during any calendar year acquires substantially all the property used in a trade or business, or in a separate unit of a trade or business, of another employer, and after the acquisition employs an individual who prior to the acquisition was employed by the predecessor, then for the purpose of determining whether remuneration in excess of the average annual wages has been paid to the individual for employment, remuneration paid to the individual by the predecessor during the calendar year shall be considered as having been paid by the successor employer. For the purposes of this subsection, the term "employment" includes services constituting employment under any employment security law of another state or of the federal government.

[(f)] (g) Subsections (b) through [(e)] (f) notwithstanding, for the purposes of this part the term "wages" shall include at least that amount of remuneration paid in a calendar year to an individual by an employer or the employer's predecessor with respect to employment during any calendar year which is subject to a tax under a federal law imposing a tax against which credit may be taken for contributions required to be paid into a state unemployment fund.

[(g)] (h) In accordance with section 303(a)(5) of the Social Security Act, as amended, and section 3304(a)(4) of the Internal Revenue Code of 1986, as amended, any contributions overpaid due to a retroactive reduction in the taxable wage base may be credited against the employer's future contributions upon request by the employer; provided that no employer shall be given a cash refund."

SECTION 10. Statutory material to be repealed is bracketed and stricken. New statutory material is underscored."

SECTION 2. House Bill No. 1462, Senate Draft 1, Conference Draft 1, is amended by amending the effective date

of the Act, and renumbering the section of the bill, to read as follows:

"SECTION 11. This Act shall take effect on July 1, 2005, provided that section 9 shall take effect upon approval."

Senator Hemmings moved that Floor Amendment No. 8 be adopted, seconded by Senator Hogue.

Senator Hemmings rose to speak in favor of the amendment and said:

"Mr. President, first I'd like to preempt any possible discussion about the title of the bill and the appropriateness of this amendment. The title of the bill is 'Relating to the State of Hawaii' and I'd like to think that the title is broad enough to accomplish the purpose of this amendment and that the bill does have two quite different provisions in it. So, certainly the title would accommodate this amendment.

"This is not complicated, Mr. President and colleagues. Actually, when you look at it realistically, and if you wanted to look at it fairly, and you wanted to look at it without biased or political agendas, this is actually a pro-labor bill.

"Right now we have \$400 million in the unemployment compensation fund – way in excess of what is needed for a state enjoying nearly full employment with low unemployment rates.

"Right now, people that are paying the salaries of our employees in the state have to pay workers compensation tax, as you would call it, for the first \$32,500 of wages. This is a simple amendment. It would take that figure down to \$7,000 for a period of three years. What was projected is that they would allow those employers to put back into the economy approximately \$200 million.

"So, I don't quite understand where the opposition is coming from. If \$200 million could be put back in the economy, the question would be – what's going to happen to the money? What are the employers going to do with the money that they don't pay into the workers unemployment reserve fund? Well, I might suggest that they might pay themselves a little bonus for the good job and the risk they've taken for their businesses. They might hire more employees. They might give their workers a pay raise. They might expand their business. They might create another business. They might create opportunities for more people to be employed, the opportunity to expand their economic base, and the opportunity to collect more taxes.

"So, there really is no downside to passing this amendment. And I can't, for the life of me . . . maybe someone from the Majority Party who I know is going to oppose this . . . and by the way, I probably don't need a Roll Call on this, but I'll call for one. I don't understand what the opposition would be. This is a win for everybody.

"This amendment allows labor to have the benefits of more money in the economy. It allows the taxpayers to have a growing economy where more taxes could be collected. It allows employers to have up to \$200 million in the next two or three years to be put back into the economy and into expanding their business, creating more opportunity and prosperity for the workers of Hawaii.

"So, quite frankly, I would appeal to the sense of fair play and common sense of the Majority Party to seriously consider this amendment. Thank you, Mr. President."

The motion to adopt Floor Amendment No. 8 was put by the Chair and, Roll Call vote having been requested, failed to carry on the following Ayes and Noes:

Ayes, 5. Noes, 20 (Baker, Bunda, Chun Oakland, English, Espero, Fukunaga, Hanabusa, Hee, Hooser, Ige, Ihara, Inouye, Kanno, Kim, Kokubun, Menor, Nishihara, Sakamoto, Taniguchi, Tsutsui).

The motion to adopt Conf. Com. Rep. No. 148 and pass H.B. No. 1462, S.D. 1, C.D. 1, on Final Reading was then put by the Chair and carried, Conf. Com. Rep. No. 148 was adopted and H.B. No. 1462, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE OF HAWAII," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Ihara).

Conf. Com. Rep. No. 149 (H.B. No. 1224, S.D. 1, C.D. 1):

Senator Taniguchi moved that Conf. Com. Rep. No. 149 be adopted and H.B. No. 1224, S.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Fukunaga.

Senator Hogue then offered the following amendment (Floor Amendment No. 9) to H.B. No. 1224, S.D. 1, C.D. 1:

SECTION 1. House Bill No. 1224, Senate Draft 1, Conference Draft 1 is amended by amending Section 1 to include the designation "Part I" to the section, to read as follows:

"PART I.

SECTION 1. The legislature finds that the National Conference of State Legislatures estimates that, in 2003, Hawaii lost approximately \$112,000,000 to \$117,000,000 in state and local revenues due to the State's inability to capture tax revenues from electronic commerce transactions. The National Conference of State Legislatures estimates that, by 2008, Hawaii will lose between \$157,000,000 and \$245,500,000 if nothing is done by that time. Hawaii stands to be one of the top ten states in terms of tax revenues lost in electronic commerce transactions.

The legislature also finds that, with regard to the loss in revenues due to the State's inability to tax electronic commerce, Hawaii's situation is not unique. Other states are currently dealing with this very same problem. To this end, the Streamlined Sales Tax Project (Project) is an effort created by state governments, with input from local governments and the private sector, to simplify and modernize the collection and administration of the sales and use taxes. The Project's proposals include tax law simplifications, more efficient administrative procedures, and implementing emerging technologies to substantially reduce the burden of tax collection. The Project's proposals are focused on improving sales and use tax administration systems for both local businesses and remote sellers of all types of commerce. Forty-two states and the District of Columbia are involved in the Project. Nationally, forty-five states and the District of Columbia impose a sales and use tax.

The Project was organized in March 2000, and is conducting its work through a steering committee with co-chairs and a number of work groups. Project participants are generally state revenue department administrators, as well as representatives of state legislatures and local governments. Businesses, including national retailers, trade associations, manufacturers, direct marketers, telecommunications companies, leasing companies, technology companies, printers, accounting firms, and others, have actively participated in the Project by offering expertise

and input, reviewing proposals, suggesting language, and testifying at public hearings.

The goal of the Streamlined Sales Tax Project is to provide the states with a streamlined sales tax system that includes the following key features:

- (1) Uniform definitions within tax laws. Legislatures still choose what is taxable or exempt in their state. However, participating states will agree to use the common definitions for key items in the tax base and will not deviate from these definitions. As states move from their current definitions to the Project's definitions, a certain amount of impact on state revenues is inevitable. However, it is the intent of the Project to provide states with the ability to closely mirror their existing tax bases through common definitions;
- (2) Rate simplification. States will be allowed one state rate and a second state rate in limited circumstances (food and drugs). Each local jurisdiction will be allowed one local rate. A state or local government may not choose to tax telecommunications services, for example, at one rate and all other items of tangible personal property or taxable services at another rate. State and local governments will accept responsibility for notice of rate and boundary changes at restricted times. States will provide an on-line rate/jurisdiction database to simplify rate determinations;
- (3) State level tax administration of all state and local sales and use taxes. Businesses will no longer file tax returns with each local government within which it conducts business in a state. Each state will provide a central point of administration for all state and local sales and use taxes and the distribution of the local taxes to the local governments. A state and its local governments will use common tax bases;
- (4) Uniform sourcing rules. States will have uniform and simple rules for how they will source transactions to state and local governments. The uniform rules will be destination/delivery based and uniform for tangible personal property, digital property, and services. Special sourcing rules will be developed for unique industries;
- (5) Simplified exemption administration for use- and entity-based exemptions. Sellers are relieved of the "good faith" requirements that exist in current law and will not be liable for uncollected tax. Purchasers will be responsible for paying the tax, interest, and penalties for claiming incorrect exemptions. States will have a uniform exemption certificate in paper and electronic form;
- (6) Uniform audit procedures. Sellers who participate in one of the certified Streamlined Sales Tax System technology models will either not be audited or will have limited scope audits, depending on the technology model used. The states may conduct joint audits of large multi-state businesses; and
- (7) State funding of the system. Participating states will apportion costs of a third-party online sales tax collections software system among themselves. It is intended that each state's allocation of costs of the new software system will be paid out of the higher level of tax revenues collected under the Streamlined Sales Tax System Project.

The legislature further finds that the states are also participating in a joint business-government study of the costs of collection on sellers. The Project proposes that states change their sales and use tax laws to conform with the simplifications as proposed by the Project. Thus, the simplifications would apply to all sellers. Sellers who do not have a physical presence or "nexus" are not required to collect sales and use taxes unless Congress chooses to require collection from all sellers for all

types of commerce. Sellers without a physical presence can volunteer to collect under the proposed simplifications. Registration by sellers to voluntarily collect sales and use taxes will not infer that the business must pay business activity taxes, such as the corporate franchise or income tax.

The legislature further finds that the Streamlined Sales Tax Project envisions two components to the legislation necessary to accomplish the Project's goals. First, states would adopt enabling legislation referred to as the Uniform Sales and Use Tax Administration Act ("Act"). The Act allows the State to enter into an agreement with one or more states to simplify and modernize sales and use tax administration in order to reduce the burden of tax compliance for all sellers and all types of commerce.

According to the Project, states would amend or modify their sales and use tax laws to achieve the simplifications and uniformity required by the participating states working together. The Project refers to this legislation as the Streamlined Sales and Use Tax Agreement ("Agreement"). Some states will require only minor changes to current law to implement the requirements of the Agreement. Other states with more complicated sales tax laws may require significant changes to current law to be in accord with the Agreement.

In Hawaii, the legislature finds that few amendments are needed to the State's existing general excise and use tax laws to comply with the requirements of the Agreement and Act. The legislature further finds that, with the amendments contained in this Act, Hawaii will have conformed in most respects to the seven key features described above. The legislature intends that passage of this Act meets the threshold requirements for Hawaii to petition for a certificate of compliance and membership under the Agreement.

A certificate of compliance would document each state's compliance with the provisions of the Agreement and cite applicable statutes, rules or regulations, or other authorities supporting such compliance. Public notice and comment will be provided before a state becomes part of the interstate Agreement. A state is in compliance with the Agreement if the effect of the state's laws, rules or regulations, and policies is substantially compliant with each of the requirements of the Agreement. If a state is found to be out of compliance with the Agreement, it will not be accepted into the interstate Agreement or will be sanctioned or expelled by the other participating states. In a voluntary system, sellers who are voluntarily collecting sales taxes for participating states may decide to no longer collect for the expelled state. Also, that state may not have a vote on changes in the Agreement.

Under the Agreement, a governing board will be comprised of representatives of each member state of the Agreement. Each member state is entitled to one vote on the governing board. The governing board is responsible for interpretations of the Agreement, amendments to the Agreement, and issue resolution. A State and Local Government Advisory Council and a Business and Taxpayer Advisory Council from the private sector will advise the governing board.

On November 12, 2002, thirty states and the District of Columbia approved the interstate Agreement provisions. As of April 2004, twenty states have moved forward and enacted all or part of the conforming legislation. It is anticipated that states that enacted the conforming legislation and are found to be in compliance with the Agreement will continue as the governing states of the interstate Agreement of the future."

SECTION 2. House Bill No. 1224, Senate Draft 1, Conference Draft 1 is amended by adding a new part to be designated as "Part II" to read as follows:

"PART II.

SECTION 9. This part aims to provide income tax relief for lower-income individuals by raising the Hawaii standard

deduction to approximately one-half of the 2004 federal standard deduction over a three-year period.

SECTION 10. Section 235-2.4, Hawaii Revised Statutes, is amended by amending subsection (a) to read as follows:

"(a) Section 63 (with respect to taxable income defined) of the Internal Revenue Code shall be operative for the purposes of this chapter, except that the standard deduction amount in section 63(c) of the Internal Revenue Code shall instead mean:

- (1) For taxable years before January 1, 2006:
  - ~~(A)~~ (A) \$1,900 in the case of:
    - ~~(A)~~ (i) A joint return as provided by section 235-93; or
    - ~~(B)~~ (ii) A surviving spouse (as defined in section 2(a) of the Internal Revenue Code);
  - ~~(2)~~ (B) \$1,650 in the case of a head of household (as defined in section 2(b) of the Internal Revenue Code);
  - ~~(3)~~ (C) \$1,500 in the case of an individual who is not married and who is not a surviving spouse or head of household; or
  - ~~(4)~~ (D) \$950 in the case of a married individual filing a separate return.
- (2) For any taxable year beginning after December 31, 2005 and before January 1, 2007:
  - (A) \$3,000 in the case of:
    - (i) A joint return as provided by section 235-93; or
    - (ii) A surviving spouse (as defined in section 2(a) of the Internal Revenue Code);
  - (B) \$2,300 in the case of a head of household (as defined in section 2(b) of the Internal Revenue Code);
  - (C) \$1,500 in the case of an individual who is not married and who is not a surviving spouse or head of household; or
  - (D) \$1,500 in the case of a married individual filing a separate return.
- (3) For any taxable year beginning after December 31, 2006 and before January 1, 2008:
  - (A) \$4,000 in the case of:
    - (i) A joint return as provided by section 235-93; or
    - (ii) A surviving spouse (as defined in section 2(a) of the Internal Revenue Code);
  - (B) \$3,000 in the case of a head of household (as defined in section 2(b) of the Internal Revenue Code);
  - (C) \$2,000 in the case of an individual who is not married and who is not a surviving spouse or head of household; or
  - (D) \$2,000 in the case of a married individual filing a separate return.
- (4) For any taxable year beginning after December 31, 2007 and before January 1, 2009:
  - (A) \$5,000 in the case of:
    - (i) A joint return as provided by section 235-93; or
    - (ii) A surviving spouse (as defined in section 2(a) of the Internal Revenue Code);
  - (B) \$3,650 in the case of a head of household (as defined in section 2(b) of the Internal Revenue Code);
  - (C) \$2,500 in the case of an individual who is not married and who is not a surviving spouse or head of household; or
  - (D) \$2,500 in the case of a married individual filing a separate return.

Section 63(c)(4) shall not be operative in this State. Section 63(c)(5) shall be operative, except that the limitation on basic standard deduction in the case of certain dependents shall be the greater of \$500 or such individual's earned income. Section

63(f) shall not be operative in this State. The standard deduction amount for nonresidents shall be calculated pursuant to section 235-5.”

SECTION 3. House Bill No. 1224, Senate Draft 1, Conference Draft 1 is amended by renumbering the subsequent sections and amending the original section 10 to read as follows:

“SECTION 11. Statutory material to be repealed is bracketed and stricken. New statutory material is underscored.

SECTION 12. This Act shall take effect upon its approval; provided that section 7 shall take effect on July 1, 2005 and Part II shall apply to taxable years beginning after December 31, 2005.”

Senator Hogue moved that Floor Amendment No. 9 be adopted, seconded by Senator Trimble.

Senator Hogue rose in support of the amendment and said:

“Mr. President, I remember at the beginning of this particular Session in your remarks to this esteemed Body and to the members of the State of Hawaii, you talked about tax relief. Here is an opportunity for you and the members of your party to follow through on that pledge by increasing the amount of the standard deduction.

“I want to read just a little bit of an article that was written in the Star-Bulletin. It says, ‘For taxpayers in at least a half-dozen states from Alabama to Hawaii, next month’s tax bill will likely take a bigger bite than last year’s because legislators don’t account for inflation when they craft tax law. Hawaii hasn’t had a change to the standard deduction allowed for taxpayers – now among the lowest in the nation – since 1989. The problem is that governments in those states do not automatically increase their standard deduction along with inflation, leaving middle- and lower-income taxpayers with bills that have grown steadily for years. It’s a built-in tax increase,’ says the article.

“Well, this particular amendment goes against that trend and actually moves the standard deduction towards what the federal standard deduction is. In fact it moves it to approximately one-half of the 2004 federal standard deduction over a three-year period.

“So, I think if in fact the Majority Party was genuine in its comments at the beginning of this year, we should provide tax relief to the beleaguered taxpayers of the State of Hawaii, and I urge all of my colleagues to vote ‘yes’ on this amendment.

“Thank you. Mr. President, Roll Call vote.”

The motion to adopt Floor Amendment No. 9 was put by the Chair and, Roll Call vote having been requested, failed to carry on the following Ayes and Noes:

Ayes, 5. Noes, 20 (Baker, Bunda, Chun Oakland, English, Espero, Fukunaga, Hanabusa, Hee, Hooser, Ige, Ihara, Inouye, Kanno, Kim, Kokubun, Menor, Nishihara, Sakamoto, Taniguchi, Tsutsui).

The motion to adopt Conf. Com. Rep. No. 149 and pass H.B. No. 1224, S.D. 1, C.D. 1, on Final Reading was then put by the Chair and carried, Conf. Com. Rep. No. 149 was adopted and H.B. No. 1224, S.D. 1, C.D. 1, entitled: “A BILL FOR AN ACT RELATING TO TAXATION,” having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, none. Excused, 3 (Hemmings, Hogue, Slom).

At 12:10 o’clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:11 o’clock p.m.

Conf. Com. Rep. No. 5 (S.B. No. 761, S.D. 2, H.D. 1, C.D. 1):

Senator Baker moved that Conf. Com. Rep. No. 5 be adopted and S.B. No. 761, S.D. 2, H.D. 1, C.D. 1, seconded by Senator Menor.

Senator Baker rose and said:

"Mr. President, could I have some remarks submitted in support of S.B. No. 761. Thank you."

The Chair having so ordered, Senator Baker's remarks read as follows:

"Mr. President, I rise in support of S.B. No. 761.

"This bill will better enable individuals with serious mental illness to access necessary treatment by including four additional disorders within the definition of serious mental illness including obsessive compulsive disorder, dissociative disorder, delusional disorder, and major depression in the 'serious mental illness' definition.

"The Queen's Medical Center, which provides over 50 percent of Oahu's inpatient behavioral health services and 39.5 percent for the State, noted in their testimony in support of this measure that with the expansion of the definition of serious mental illness in this bill, 'access to necessary care will be easier.'

"Mr. President and colleagues, this bill is also supported by the Hawaii Psychiatric Medical Association, the Administration, National Alliance on Mental Illness, Mental Health Association, disability rights groups, consumers, as well as health plans such as HMSA and Kaiser. Although HMSA testified that they already include these disorders in their plan coverage, it's time to codify the practice and put mental health parity in our Statutes. I urge all of you to join in support of this bill."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 5 was adopted and S.B. No. 761, S.D. 2, H.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO MENTAL HEALTH," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Slom, Trimble).

Conf. Com. Rep. No. 6 (S.B. No. 122, S.D. 1, H.D. 3, C.D. 1):

Senator Baker moved that Conf. Com. Rep. No. 6 be adopted and S.B. No. 122, S.D. 1, H.D. 3, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Hanabusa.

Senator Baker rose and said:

"Mr. President, before we leave the bills, I would ask that some remarks that I have prepared for S.B. No. 122 be inserted into the Journal."

The Chair having so ordered, Senator Baker's remarks read as follows:

"Mr. President, I rise in support of S.B. No. 122, S.D. 1, H.D. 3, C.D. 1.

"This very important measure is a continuation of our previous efforts to improve patient safety in Hawaii by looking at ways to address systemic issues in our healthcare system. S.B. No. 122 expands the scope of information protected from discovery in civil actions by including information expressed in case review forums. Case review forums give members of the health care profession an opportunity to discuss dangerous or

potentially dangerous procedures or situations. During these discussions, solutions can be developed to prevent these types of situations from occurring in the future. Thus, during case review forums, professionals may freely discuss ways to eliminate these problems and address concerns without fear of civil litigation. This will ultimately provide an atmosphere conducive to educating our physicians, thus providing a safer healthcare system for our citizens.

"I urge you to support S.B. No. 122, S.D. 1, H.D. 3, C.D. 1. Mahalo."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 6 was adopted and S.B. No. 122, S.D. 1, H.D. 3, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PATIENT SAFETY," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

#### FINAL READING

Conf. Com. Rep. No. 15 (S.B. No. 121, H.D. 1, C.D. 1):

Senator Espero moved that Conf. Com. Rep. No. 15 be adopted and S.B. No. 121, H.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator English.

Senator Slom rose to speak in support of the measure and said:

"Mr. President, I rise in strong support of this measure.

"Thank goodness we have something that we can be proud of during this Session – to allow brewpubs to put their product in recyclable containers rather than restrict them to glass. I think this strikes a blow for small business and certainly for those that imbibe brewery products.

"Thank you."

Senator Baker rose in support of the measure and stated:

"Mr. President, I rise in support of this measure not in the facetious manner of the former speaker, but on behalf of small business microbreweries who are looking to the Legislature as a means of expanding their business by using cans to sell their products for carry out and also to be able to dispense their products in establishments with restaurant licenses.

"We updated this law last year at their request and we made one omission by not including restaurant license. We're fixing it this year. It is something that will help small businesses expand, and I'm disappointed in the previous speaker's remarks.

"Thank you."

Senator Slom rose in rebuttal and said:

"Mr. President, I rise in brief rebuttal.

"I'm so sorry that the Senator from Maui is disappointed. I was not being facetious about the bill. I was being facetious about how this Legislature continues to raise taxes, increase regulations and prohibitions, do everything possible to put out small businesses, put them out of business, to deny people entrance into businesses, and then we pass this one bill and all of the people that are engaged in taxing and regulating and prohibiting rally around this business bill as if it were going to solve our business climate problems.

"So, I strongly support the measure. It is a good measure, but we have done far too many negative things to businesses. And so I think that's what the good Senator from Maui should be most concerned about.

"Thank you."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 15 was adopted and S.B. No. 121, H.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO BREWPUB LICENSES," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conf. Com. Rep. No. 17 (S.B. No. 693, S.D. 1, H.D. 1, C.D. 1):

Senator Menor moved that Conf. Com. Rep. No. 17 be adopted and S.B. No. 693, S.D. 1, H.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Espero.

Senator Trimble rose to speak in opposition to the measure as follows:

"Mr. President, I rise in opposition to this measure.

"Colleagues, charitable gift annuities should be used very sparingly. I oppose this measure because I think this bill is going toward the expansion of the marketing of this tool, which would be very limited, and the impact of this tool, we will not see for five, ten, fifteen years. The most likely target of marketing efforts will be the elderly, probably widows whose major asset is their home because of rapidly increasing land values. I suggest that charitable gift annuities, were they to be marketed strongly by the likes of Ronald Rewald, will have a long-term negative impact.

"So I encourage discussion. I encourage your thoughtful review. Today, I'll be voting 'no' on this measure. Thank you."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 17 was adopted and S.B. No. 693, S.D. 1, H.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CHARITABLE GIFT ANNUITIES," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Slom, Trimble).

Conf. Com. Rep. No. 21 (S.B. No. 1453, S.D. 2, H.D. 1, C.D. 1):

Senator Menor moved that Conf. Com. Rep. No. 21 be adopted and S.B. No. 1453, S.D. 2, H.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Taniguchi.

Senator Slom rose in opposition and stated:

"Mr. President, I rise in opposition to this bill.

"This bill is a very, very narrowly defined bill. It basically applies to one company and that is the private sewer company in East Honolulu in Hawaii Kai. There was another private sewer company out in the Laie area, but that, I understand, has been sold.

“What basically this bill seeks to do is to impose the public service company tax on the private sewer company even though the Tax Appeal Court had ruled that the private sewer companies at that time, two of them, were not subject to the tax.

“So, what we’re trying to do here, basically, is to interfere with and override the Tax Appeal Court. Thank you.”

The motion was put by the Chair and carried, Conf. Com. Rep. No. 21 was adopted and S.B. No. 1453, S.D. 2, H.D. 1, C.D. 1, entitled: “A BILL FOR AN ACT RELATING TO PUBLIC SERVICE COMPANY TAX,” having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 5 (Hemmings, Hogue, Slom, Trimble, Whalen).

Conf. Com. Rep. No. 26 (S.B. No. 1877, H.D. 1, C.D. 1):

Senator Kokubun moved that Conf. Com. Rep. No. 26 be adopted and S.B. No. 1877, H.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Taniguchi.

Senator Trimble rose to speak in opposition to the measure as follows:

“Mr. President, I rise in opposition to this measure.

“This a continuation of a bad bill that was passed in the previous Session. I think if you look at the functions of the Office of State Planning and the individual sections that are in the Office of State Planning, they are more appropriately located in a different agency. If you look at land use planning, if you look at coastal zone management, if you look at GIS, these functions more appropriately belong in the Department of Land and Natural Resources.

“We didn’t get the point when we passed the original legislation. We don’t get the point today. Thank you, Mr. President.”

Senator Kokubun rose to speak in support of the measure and said:

“Mr. President, I stand in support of this measure.

“Thank you, Mr. President, with respect to the previous speakers notion that these activities of the Office of Planning is more appropriate within the Department of Land of Natural Resources, then I would suggest that the speaker propose those specific amendments. State law now provides that the Office of Planning shall be under the jurisdiction of the Department of Business, Economic Development, and Tourism.

“This bill simply reiterates that in a very clear manner, because as we know, the Administration has attempted to move the Office of Planning to the Department of Land and Natural Resources, administratively, and we have said ‘no, this needs to be done statutorily,’ and that has not been forthcoming.

“Mr. President, for that reason, I ask my colleagues to support this measure. Thank you.”

The motion was put by the Chair and carried, Conf. Com. Rep. No. 26 was adopted and S.B. No. 1877, H.D. 1, C.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE OFFICE OF PLANNING,” having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Hogue, Slom, Trimble).

Conf. Com. Rep. No. 27 (S.B. No. 956, S.D. 1, H.D. 1, C.D. 1):

Senator Kokubun moved that Conf. Com. Rep. No. 27 moved that S.B. No. 956, S.D. 1, H.D. 1, C.D. 1, having been read throughout, pass Third Reading, seconded by Senator English.

At 12:20 o’clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:23 o’clock p.m.

The motion was put by the Chair and carried, Conf. Com. Rep. No. 27 was adopted and S.B. No. 956, S.D. 1, H.D. 1, C.D. 1, entitled: “A BILL FOR AN ACT RELATING TO AGRICULTURAL INSPECTIONS,” having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

At 12:23 o’clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 1:32 o’clock p.m.

Conf. Com. Rep. No. 33 (S.B. No. 1891, S.D. 2, H.D. 2, C.D. 1):

Senator Kokubun moved that Conf. Com. Rep. No. 33 be adopted and S.B. No. 1891, S.D. 2, H.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Taniguchi.

Senator Slom rose to speak in opposition to the measure and said:

“Mr. President, I rise in opposition to this bill.

“I certainly agree with the calculation of the fees for new increases for commercial boating. I think they’re long overdue and I understand that in fact an agreement has been reached with many of the commercial boaters.

“What I’m troubled about is the discrimination against out-of-state boat owners. That is very specific in the bill and I’m concerned about whether or not that meets constitutional muster and also the interstate commerce clause.

“So I’ll be voting ‘no’ on the bill. Thank you.”

The motion was put by the Chair and carried, Conf. Com. Rep. No. 33 was adopted and S.B. No. 1891, S.D. 2, H.D. 2, C.D. 1, entitled: “A BILL FOR AN ACT RELATING TO BOATING,” having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Hogue, Slom). Excused, 1 (Inouye).

Conf. Com. Rep. No. 40 (S.B. No. 1100, S.D. 2, H.D. 1, C.D. 1):

Senator Baker moved that Conf. Com. Rep. No. 40 be adopted and S.B. No. 1100, S.D. 2, H.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Menor.

Senator Slom rose in opposition and stated:

“Mr. President, I rise also in opposition to this bill.

“While I certainly want to do everything possible to eliminate the scourge of drug use, I think that we tend to go overboard. We’re doing that in the situation with terrorism at the airports and with various laws and now we seek to have a law that basically restricts, limits, or makes criminals and a presumption of guilt to those people that are buying a common household pharmaceutical item, so I’ll be opposing it.

“Thank you.”

Senator Baker rose to speak in support of the measure and said:

“Mr. President, I rise in support of this measure.

“Mr. President, this is a modest but important step forward, I believe, in eliminating the manufacture and use of crystal methamphetamine or ice in our state. Cold medicines containing pseudoephedrine are a key ingredient in the clandestine manufacture of ice.

“In calendar year 2004, the Narcotics Enforcement Division reported busting 15 meth labs – 9 on Oahu, 6 on the Big Island. In just 3 months of this year, NED has already eliminated 10 labs – 8 on Oahu, 1 on Kauai, and 1 in Kona. Unfortunately, they traced these drugs back to retail outlets where the drugs were acquired but not legally. They’re being stolen, quite frankly. But the problem is growing and we need the tools evident in this measure to bolster our efforts.

“I’d like to thank the Division of Narcotics Enforcement and particularly its head, Mr. Kamita, for assisting the Committee as we worked through the chasm between the various versions of this measure. The House and Senate were virtually poles apart, but we have come together with a measure that I think will assist in the war against ice.

“Limiting the purchase of these cold medicines to 9 grams or 3 packages per purchase without a prescription and limiting or monitoring retail access is another prudent way to reduce the availability of ice’s main ingredients for clandestine labs.

“Almost half the states in this country have adopted some measures to restrict access. Others are considering similar measures to this bill to address the illegal ice manufacturing problem. Early states that adopted, some with more stringent rules, have shown that such approaches as outlined in our bill are successful.

“As one of my constituents put it, ‘we can’t fight a war if we are supplying the other side with ammunition to use against us.’ This bill gives us another tool in that fight and I urge my colleagues to join me in supporting this measure.

“Thank you.”

Senator Hogue rose to speak in support of the measure as follows:

“Mr. President, I rise in support and I agree with the previous speaker on this particular measure.

“The sale of pseudoephedrine, a common over-the-counter cold medicine ingredient, is in fact a very, very troubling part of the whole ice crisis that is now in front of us. We see the usage of ice in all of our communities. We certainly see it in mine, in Kailua and in Kaneohe, and I think that this measure strikes the

right balance of protecting the public and also coming up with safeguards that are necessary for businesses.

“It will allow pseudoephedrine to go behind the counter. We already see sections of a supermarket where they have a pharmacy and they have things behind the counter that are locked away behind a key and this will join that. There’s the opportunity for constant video monitoring or an employee to be present.

“So, I think that this does us good. I think we’ve struck the right balance here. We’re protecting the public and we’re battling ice, which we need to continue to battle.

“Thank you, Mr. President.”

The motion was put by the Chair and carried, Conf. Com. Rep. No. 40 was adopted and S.B. No. 1100, S.D. 2, H.D. 1, C.D. 1, entitled: “A BILL FOR AN ACT RELATING TO PSEUDOEPHEDRINE,” having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Slom).

Conf. Com. Rep. No. 42 (S.B. No. 568, S.D. 1, H.D. 2, C.D. 1):

Senator Baker moved that Conf. Com. Rep. No. 42 be adopted and S.B. No. 568, S.D. 1, H.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Menor.

Senator Tsutsui requested his vote be cast “aye, with reservations,” and the Chair so ordered.

Senator Baker rose to speak on the measure and said:

“Mr. President, may I have remarks inserted into the journal in support of this measure.”

The Chair having so ordered, Senator Baker’s remarks read as follows:

“Mr. President, I rise in support of S.B. No. 568.

“This is an important measure which improves our dental licensure law by providing for the ultimate replacement of our state constructed exam with the adoption of the American Board of Dental Examiners ADEX exam as the standard for licensure. This measure also allows for the licensure of dental specialists. We heard from numerous Kamaaina who now live and practice a dental specialty on the mainland but want to return to Hawaii to practice their specialty. This legislation provides them the opportunity to come home and practice here. This measure will represent a true compromise amongst the Hawaii Board of Dental Examiners and the Hawaii Dental Association on one side, and those supporting licensure by credentials on the other. It honors quality and addresses the immediate concerns regarding the state-constructed exam.

“I urge my colleagues to vote in support of this measure.”

The motion was put by the Chair and carried, Conf. Com. Rep. No. 42 was adopted and S.B. No. 568, S.D. 1, H.D. 2, C.D. 1, entitled: “A BILL FOR AN ACT RELATING TO DENTISTS,” having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conf. Com. Rep. No. 52 (H.B. No. 1320, H.D. 1, S.D. 1, C.D. 1):

Senator Ige moved that Conf. Com. Rep. No. 52 be adopted and H.B. No. 1320, H.D. 1, S.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Hanabusa.

Senator Trimble rose in opposition and said:

“Mr. President, I am standing in opposition to this measure.

“I believe that this matter of the length of time that records be kept for 911 calls be left exclusively to the discretion of the counties.

“No information was received about the cost implication for neighbor island counties and the only reason that the city and county testified in favor of it is because they currently maintain a one-year length of records.

“Thank you.”

The motion was put by the Chair and carried, Conf. Com. Rep. No. 52 was adopted and H.B. No. 1320, H.D. 1, S.D. 1, C.D. 1, entitled: “A BILL FOR AN ACT RELATING TO EMERGENCY 911,” having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Trimble).

**FINAL READING**

Conf. Com. Rep. No. 57 (H.B. No. 843, H.D. 1, S.D. 1, C.D. 1):

Senator Sakamoto moved that Conf. Com. Rep. No. 57 be adopted and H.B. No. 843, H.D. 1, S.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Taniguchi.

Senator Hogue rose to speak in opposition to the measure and said:

“Mr. President, I rise in opposition to this particular measure.

“I realize that this is enabling legislation to potentially raise the price of school lunch. But when we are already raising taxes, raising salaries, raising the minimum wage – we seem to be raising everything except the tip credit around here – I certainly cannot be in support of raising the price of a school lunch.

“For a medium income family, there’s the possibility, if you had a couple of kids and you didn’t qualify for some of the low income, you could be charged upwards of three or four hundred dollars a year to try to feed your kids. And so for these reasons, I will be voting ‘no.’”

The motion was put by the Chair and carried, Conf. Com. Rep. No. 57 was adopted and H.B. No. 843, H.D. 1, S.D. 1, C.D. 1, entitled: “A BILL FOR AN ACT RELATING TO SCHOOL LUNCH,” having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Hogue, Ige, Slom).

Conf. Com. Rep. No. 59 (H.B. No. 150, H.D. 2, S.D. 2, C.D. 1):

Senator Inouye moved that Conf. Com. Rep. No. 59 be adopted and H.B. No. 150, H.D. 2, S.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Hanabusa.

Senators Taniguchi, English, Ihara, Ige, Kim and Menor requested their votes be cast “aye, with reservations,” and the Chair so ordered.

Senator Slom rose in opposition to the measure and said:

“Mr. President, somebody has to stand up and say ‘no,’ and I’m voting ‘no’ because again, as I’ve said previously, instead of taking those irresponsible teenagers, lawbreaking teenagers, we are once again having legislation that would apply to everyone based solely on their age.

“Thank you.”

The motion was put by the Chair and carried, Conf. Com. Rep. No. 59 was adopted and H.B. No. 150, H.D. 2, S.D. 2, C.D. 1, entitled: “A BILL FOR AN ACT RELATING TO DRIVER LICENSING,” having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Slom, Whalen).

Conf. Com. Rep. No. 62 (H.B. No. 162, H.D. 2, S.D. 1, C.D. 1):

Senator Espero moved that Conf. Com. Rep. No. 62 be adopted and H.B. No. 162, H.D. 2, S.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Inouye.

Senator Trimble rose to speak with reservations and said:

“Mr. President, I rise to express my reservations.

“Colleagues, I support the measure because I think it will lead to greater competition and lower prices. However, I think that we need to validate this assumption by studying what is the actual impact of having these set-asides.

“Thank you, Mr. President.”

The motion was put by the Chair and carried, Conf. Com. Rep. No. 62 was adopted and H.B. No. 162, H.D. 2, S.D. 1, C.D. 1, entitled: “A BILL FOR AN ACT RELATING TO PROCUREMENT,” having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Conf. Com. Rep. No. 66 (H.B. No. 553, H.D. 1, S.D. 1, C.D. 1):

On motion by Senator Hanabusa, seconded by Senator English and carried, Conf. Com. Rep. No. 66 was adopted and H.B. No. 553, H.D. 1, S.D. 1, C.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE UNIFORM INFORMATION PRACTICES ACT (MODIFIED),” having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conf. Com. Rep. No. 70 (H.B. No. 332, H.D. 1, S.D. 2, C.D. 1):

Senator Baker moved that Conf. Com. Rep. No. 70 be adopted and H.B. No. 332, H.D. 1, S.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Menor.

Senator Slom rose to speak in opposition to the measure as follows:

“Mr. President, I rise in opposition to this bill.

“Certainly I don’t want my remarks to seem facetious, but what the heck are we doing regulating the labeling of bread products? There has been no problem that’s been brought to the communities’ discussion level in the hearings or anything else. We have two unions that testified in support of this measure – one, interestingly enough, was the teachers union.

“As I mentioned before, there’s no problem. We’re not talking about products where you really need to know if they were previously frozen, such as seafood products or meat products or those products which could have spoilage or could have consumer problems or health problems. This simply is a union measure and it is an anti-competitive measure. All the people that testified, other than these two unions, testified in favor of not having additional regulation.

“It doesn’t seem to be anything that anyone has been concerned about and yet we in the Legislature feel it’s our duty to inject ourselves into the issue and to create a problem where none has existed.

“For most people, I know that when they buy any kind of bread, the first thing they do after they open it is they put it in the freezer and freeze it as well.

“So, I don’t why we’re doing this other than to placate two unions, but I’ll be voting ‘no.’ Thank you.”

Senator Baker rose in support of the measure and stated:

“Mr. President, I rise in support of this measure.

“I think it’s important to correct the record. This is not a labeling bill, although it did start out as that. This is a notice bill so that consumers can have the option of making an informed choice, because most people don’t know that much of the baked goods, including bread, that comes into the state has been previously frozen, thawed, and it gives a fresh appearance.

“This is really an effort to make sure that people have an opportunity to know that imported baked goods are different than locally baked products.

“Thank you.”

Senator Trimble rose to speak in opposition to the measure as follows:

“Mr. President, I rise in opposition to this measure.

“Colleagues, let’s go to the reason why we’re even having the discussion. A decade ago we had similar types of discussion about milk. You know, it’s absolutely astounding that a society that lives over 2,500 miles from the nearest continental land mass is bringing in fresh milk products and bringing in frozen bread products. It’s not a health and safety issue. It is not a freshness issue. It just shows the impact of our tax structure on the ability to make products in Hawaii.

“If we really want to address this issue, then we ought to eliminate the tax on business-to-business transaction and then we wouldn’t be following red herrings.

“Thank you, Mr. President.”

Senator Hogue rose to speak in opposition and stated:

“Mr. President, I rise in opposition.

“Colleagues, the pseudoephedrine bill made sense because it was in the best interest of public safety. There is no public that is unsafe because of flash frozen bread.

“This is a labeling issue, by the way, besides just the signage. I agree with the speaker from Maui that it did change for the most part between labeling to signage and now there will be a sign that says previously frozen and thawed. They even tell you that the sign has to be in all capital letters, bold print, and a minimum 14-point font size. But now it goes on beyond that and it says, no previously frozen baked good product shall use the term ‘fresh’ as part of the label or in advertising. So in fact it is a labeling issue at this point and although I do not have a list of those baked good products that maybe have fresh in their name, essentially we’re making anybody that are maybe called pop and fresh cake or something like that and we’re saying that if somewhere along the process they’ve been previously flash frozen, then they are illegal with that name. So, this one goes too far.

“One other issue that I want to bring up is whenever you put signage out there, it’s as if you’re raising a red flag that there’s something the matter. That’s the point of those who have put this measure forward. That’s what they want consumers to think – that there’s something the matter with the particular product. Well, nothing is the matter. We love fresh bread that is baked here locally. We love bread and baked goods that come from the mainland that has been frozen along in the process. And in most cases, we’ll probably go home and we’ll put it in the freezer anyway and we’ll eat it and it will be all yummy when it gets in our tummy.

“So, I’ll be voting ‘no.’ Thank you.”

Senator Hooser rose to speak in support and said:

“Mr. President, I rise in support of this bill.

“All this talk about going home with your bread and putting it in the freezer, I don’t know about these guys, but I buy my bread fresh every day we need bread. And I, for one, would like to know if I’m buying frozen bread or real fresh bread and I support this bill.

“I think labeling is a good thing. I think we need to know what we’re buying. If it’s fresh, let’s call it fresh. If it’s frozen, let’s call it frozen, and let’s buy fresh bread.”

The motion was put by the Chair and carried, Conf. Com. Rep. No. 70 was adopted and H.B. No. 332, H.D. 1, S.D. 2, C.D. 1, entitled: “A BILL FOR AN ACT RELATING TO FROZEN FOOD PRODUCTS,” having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 5 (Hemmings, Hogue, Slom, Trimble, Whalen).

Conf. Com. Rep. No. 76 (H.B. No. 895, H.D. 2, S.D. 2, C.D. 1):

Senator English moved that Conf. Com. Rep. No. 76 be adopted and H.B. No. 895, H.D. 2, S.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Hanabusa.

Senator Whalen rose to speak in opposition and said:

“Mr. President, I rise in opposition.

“I won’t go through it all. It has gotten somewhat better, but still I don’t think we need to ban Christmas lights to deal with this perceived problem.

“Thank you.”

The motion was put by the Chair and carried, Conf. Com. Rep. No. 76 was adopted and H.B. No. 895, H.D. 2, S.D. 2, C.D. 1, entitled: “A BILL FOR AN ACT RELATING TO COASTAL LIGHT POLLUTION,” having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Hogue, Slom, Whalen).

Conf. Com. Rep. No. 81 (H.B. No. 438, H.D. 1, S.D. 2, C.D. 1):

Senator Inouye moved that Conf. Com. Rep. No. 81 be adopted and H.B. No. 438, H.D. 1, S.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Hanabusa.

Senator Trimble rose with reservations and said:

“Mr. President, I rise to speak in favor of this measure, but with a caveat.

“Colleagues, about a month ago each of us was given something to wear on our hip when we walked around by HMSA. When I took the odometer off, I had I think 275 miles on it.

“Pedestrian safety is dear to my heart. The problem here is that it’s an engineering as well as a human problem. When you leave Hawaii and have an opportunity to visit other cities, I’d like you to look at the radius of the curve of the curb at the intersection. What distinguishes us and what makes us among the most five dangerous cities to live in is that the curve that we have in Hawaii makes it possible to turn right at speeds in excess of 15 miles an hour. There are many intersections that when the light turns green and you step off or try and step off the curb, you can’t even step off the curb because vehicles are whizzing by you turning right in excess of 15 miles an hour.

“So, until we address this problem of the curvature of the curb, we’re not going to achieve a city in which pedestrians are safe to walk. And beyond that, spending money for mass transit will not take people and enable them to walk safely on our streets and intersections.

“Thank you, Mr. President.”

The motion was put by the Chair and carried, Conf. Com. Rep. No. 81 was adopted and H.B. No. 438, H.D. 1, S.D. 2, C.D. 1, entitled: “A BILL FOR AN ACT RELATING TO TRAFFIC OFFENSES,” having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conf. Com. Rep. No. 83 (H.B. No. 422, H.D. 2, S.D. 2, C.D. 1):

Senator English moved that Conf. Com. Rep. No. 83 be adopted and H.B. No. 422, H.D. 2, S.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Inouye.

Senator Slom rose in opposition to the measure and said:

“Mr. President, I rise in opposition to this measure.

“The good news is it doesn’t just single out one cruise line and it doesn’t have to do with sexual offenders. The bad news is that it continues to pick on a growing industry in this state and unfairly requires standards and new standards that do not apply to any other forms of transportation. So in that respect, I think that we should continue if there are any laws that are broken, that we prosecute to the limits of the law anyone in any commercial activity. But in this case here, we can’t support the measure because it is very discriminatory on its face for the cruise industry.

“Thank you.”

Senator English rose in support of the measure and stated:

“Mr. President, I rise in support.

“Well, here we go again. We went through the same argument last year, and again I told the Minority that if they wish to supply to a larger class, then they should introduce a bill to do that, but they didn’t. They had the whole Session to do it and they didn’t.

“This bill is relating to cruise ships and that’s why it’s geared towards the cruise ship industry. As you know, in Hawaii the content of the bill has to match the title of the bill.

“I’m really sorry the Minority did not introduce a bill like that this year because they said they were going to do it last year. I’m so sorry they didn’t, perhaps next year they will.

“Nonetheless, this cruise ship bill is a very good compromise between the House and the Senate on our positions. We have allowed for the continuation of the memorandum of understanding. We have allowed for penalties to be created by the Department of Health for the regulation of the cruise ship industry, and we have conformed to federal laws, which has been an argument along the way, preemption.

“So, I think this is a good beginning to set in place the regulatory framework to protect our oceans, to protect our industry, and to protect the people of Hawaii. I congratulate the House and the Senate members who worked on this measure because it is a good beginning and a very good compromise.

“Thank you.”

Senator Trimble rose to speak in opposition and said:

“Mr. President, I rise to speak in opposition to this measure.

“If this measure were really about public safety and about wastewater discharge, then we would not distinguish between the private and the public sector. It should be noted that most of the pollution that has occurred has resulted from public facilities and that it is far more hazardous to our health if those discharges occur on land than in water.

“So, until we have a comprehensive approach that looks at the public safety issue and does not distinguish between the private and public sector, I’ll be voting against this measure.

“Thank you.”

Senator Slom rose in rebuttal and stated:

"Mr. President, just a very brief rebuttal to the suggestion made by the good Senator from Maui.

"Since 99 percent of all bills that have been introduced by the Minority don't even get a hearing and 100 percent of all amendments that are offered by the Minority are voted down by the same party line vote, I don't know who made a promise last year to introduce a bill, but I'd be very happy to work with the good Senator of Maui if he could deliver the vote so that we could get a good bipartisan measure passed.

"Thank you."

Senator English rose to speak in rebuttal and said:

"Mr. President, a point of rebuttal.

"When we talked about this over the last four years, five years, however long it's been, the same argument has come up and it hasn't stopped the Minority from introducing the same bills over and over and over, and over and over and over. So again, if they want to talk about the larger issue, I would gladly welcome it. But again, the onus will fall on them to put the work together and put the idea together because my job was to deal with the cruise ships, which we did, and it's a good beginning.

"I think in the future we do have to address the municipal waste and all the other issues that they brought up. The point of it is – draft a bill to do so, bring it to the table, put it forward so that we can discuss it.

"Thank you."

Senator Hogue rose to speak in support and said:

"Mr. President, I rise in support.

"I am supporting this particular measure, but I just want to let the good Senator know that we attempted to put a bill together to cover all of these things and in our research we found that most of the areas were covered by federal law, so that kind of stopped the process. So, we did take up your point. We did do all the work and then all of a sudden we ran into that roadblock, and because federal law preempts a lot of it, that kind of stopped us.

"I just want to let you know that we did follow through with your suggestion. In many ways we're on the same ship here. Thank you."

Senator English rose on a point of personal privilege and said:

"Mr. President, a point of personal privilege.

"You know I'm so pleased that . . ."

Senator Hemmings rose on a point of order and stated:

"Mr. President, point of order.

"I believe the speaker has spoken twice before. Point of personal privilege should not be utilized for speaking a third time on an issue."

President Bunda then stated:

"Senator English, this is your third time. You are out of order."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 83 was adopted and H.B. No. 422, H.D. 2, S.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CRUISE SHIPS," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Slom, Trimble).

Conf. Com. Rep. No. 84 (H.B. No. 1235, H.D. 1, S.D. 1, C.D. 1):

Senator Taniguchi moved that Conf. Com. Rep. No. 84 be adopted and H.B. No. 1235, H.D. 1, S.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Tsutsui.

Senator Hogue rose in opposition to the measure and said:

"Mr. President, I rise in opposition to this particular measure.

"This measure, Relating to Travel Allowances, actually relates to us in the Legislature, as does the next measure, which interestingly enough is called Relating to the Legislature, and it has to do with perks. There is already the feeling, the sentiment out there rightly or wrongly that we in the Legislature receive perks. This one will up our travel allowance. The next one will allow our office allowance to go up.

"I think because this perception is so widespread, we as a body need to rise up against it and say 'no' to any perks, perceived or otherwise.

"I was in receipt of a letter in my particular office and I'm sure you all received it too. It was a letter from a local hotel chain offering lower prices to Legislators after the Session is over. I won't be accepting that perk either and I hope none of you who received that particular letter will accept that perk as well.

"So, I'm going to say 'no' to perks, 'no' to perceived perks, and 'no' to this particular measure. Thank you."

Senator Hooser rose to support the measure and stated:

"Mr. President, I rise in support of this measure. Just a brief rebuttal to the earlier speaker's remarks.

"It's clear the earlier speaker is not familiar with many of us who work from the neighbor islands who are forced to travel to serve our communities and oftentimes, as we all know here, we are not reimbursed for that travel. Our offices are here on this island. We are authorized and reimbursed when we come on official business, but if I want to come and meet with a constituent, if I want to come and work on issues, or if I want to come and meet with my office manager, I have to pay my own way over here. I have to pay for my own transportation expenses and the expenses that many members of this Body take out of their own pocket with travel and in doing their business is significant, Mr. President.

"I think the measures being adopted here are modest and deserving, and we work hard and they are not perks. Thank you. I urge my colleagues to vote in support."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 84 was adopted and H.B. No. 1235, H.D. 1, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO TRAVEL ALLOWANCES," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Hogue, Slom, Trimble).

Conf. Com. Rep. No. 85 (H.B. No. 1236, S.D. 1, C.D. 1):

Senator Taniguchi moved that Conf. Com. Rep. No. 85 be adopted and H.B. No. 1236, S.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Tsutsui.

Senator Slom rose in opposition and stated:

“Mr. President, I rise in opposition to this measure.

“As the Minority Floor Leader said, these two bill are actually tied together. Ostensibly, this bill would raise our office allowance so that we can have better communications, but there is no restriction on the expenditure of the allowance, which now is \$5,000 per year in addition to our salaries, in addition to any per diem. And by the way, the Neighbor Island Legislators, to the best of my knowledge, do get per diem additional amounts for travel and everything else during the Legislative Session.

“I think the particularly insidious thing about this is the Legislative Salary Commission raised our salaries last year. They went into effect in January of this year. There was never any vote taken on that. The public never had any opportunity to vote and neither did any of us who would have voted ‘no’ on that provision.

“What people have not been talking about is that this bill does not just raise the office allowance one time, it raises it every time the salary goes up. It’s tied to that. And the Salary Commission raises that are already in place, unless we vote against them, will go into effect every two years. So basically, every two years you are going to see yet another increase.

“The Minority Leader was talking about perceived perks. We do better than the community that we tax, and we regulate, and we restrict. We exempt ourselves from laws and we give ourselves special privileges. And the total cost for all these things are something that the taxpayers have to bear.

“So, for us to stand here, raise their taxes, not do anything about lowering their cost of living, and allow our cost to escalate or even to vote for them as we’re doing in these two bills, I think is unconscionable.

“By the way, the last estimate I had was that the fiscal impact, if we vote today and approve this, would be an additional \$62,500 for the Senate, \$127,500 for the House, or \$190,000 in addition to all the things that we’re getting starting January 18<sup>th</sup> next year.

“I urge my colleagues to vote ‘no’ on this. Thank you.

Senator Espero rose to speak in support of the measure and said:

“Mr. President, I rise in support of this measure.

“Most of my legislative allowance goes to communicate with my constituents. My constituents have made it clear to me that they want to know what’s going on. They want to hear from me. They want that dialogue whether it be via e-mail, newsletter, or letter.

“Mr. President, my district also is one of the fastest growing districts in the State. We are getting approximately 500 new homes per year. So, in a four-year term, I’m looking at an additional 2,000 to 2,500 homes that were not there the first time I ran.

“So, Mr. President, this measure is very important for those of us that live in districts that are growing and for those of us that want to maintain two-way dialogue with our constituency and the residents. It’s important that we pass this measure. Thank you.”

Senator Trimble rose in opposition to the measure as follows:

“Mr. President, I rise in opposition to the measure, but I do agree with the previous speaker that being able to correspond with one’s constituents is important.

“I would like the ability to be able to not only send one questionnaire to all my constituents, it would be even better if I could send it to all the residents in my district, but I’d like a sufficient allowance to be able to tell them the results of the survey, and right now I can’t do both.

“But the way I would approach the constituent communications issue is by increasing the franking privilege and that would not necessitate increasing our special allowance. So, for that reason, I’ll be voting against the measure.”

Senator Hogue rose to speak in opposition as follows:

“Mr. President, I also rise in opposition.

“I agree with speaker from the Ewa side that we should communicate. I think that’s a very good idea. In fact, I do that. I make sure that I send out a newsletter along with a survey and then I’m able to mail back responses to those who have responded to the particular newsletter.

“And so, my allowance has been adequate and I know that my office manager has had to work hard to determine that the allowance that we have is adequate with regards to the cost of the postal rates, essentially. And so, she’s had to go out and work hard with the private business sector to make sure that we get the lowest cost available.

“And I think that there’s a larger issue here. It’s not about communication. It’s about the fact that we’re raising the cost of living in the State of Hawaii with further measures here with taxes, etc., and along the line we’re going to raise the price available for ourselves, and I just think that that’s wrong.

“We can communicate. We’ve got to tighten our belt. We don’t need to expand our belt. So, for those reasons, I’ll be voting ‘no.’”

Senator Taniguchi rose to speak in favor of the measure and said:

“Mr. President, I rise to speak in favor of the bill.

“Mr. President, I hadn’t planned to say anything, but I just want to note that I believe it is very unfortunate that certain members who are voting against this because they are so principled in what they believe won’t be spending this money to help communicate with their constituents. I feel that’s very unfortunate for that member as well as their constituents. Thank you.”

Conf. Com. Rep. No. 97 (H.B. No. 1317, H.D. 1, S.D. 1, C.D. 1):

Senator Chun Oakland moved that Conf. Com. Rep. No. 97 be adopted and H.B. No. 1317, H.D. 1, S.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Baker.

Senator Trimble rose in opposition as follows:

"Mr. President, I rise in opposition to this measure.

"I think the Department of Human Services needs flexibility in determining what medications are on the approved or authorized list in order to take advantage of the potential application of group purchasing to keep the cost at a minimum. Because of the need for flexibility by the Department of Human Services, I'll be voting 'no' on this issue."

Senator Baker rose in support and said:

"Mr. President, I have remarks in support of this measure I'd like to have inserted into the Journal."

The Chair having so ordered, Senator Baker's remarks read as follows:

"Mr. President, I rise in support of H.B. No. 1317.

"The purpose of this bill is to prohibit the Department of Human Services from taking any action or expending state resources in any effort to remove prescription drug benefits from managed care plans that provide health care coverage for Hawaii Medicaid beneficiaries. Managed care plans for Medicaid beneficiaries should offer a broad range of coverage, including hospital stays, medical appointments, and prescription drugs. Removing individual benefit components would result in a fragmented health care delivery system that may result in higher costs and reduced quality of care.

"AlohaCare testified before your Health Committee that they would not be surprised if DHS could get larger rebates than what AlohaCare is getting now, but it would be at the expense of lower generic substitution, lower discounts, more expensive formulary, etc. This could generate higher overall cost to the State. Taking this into consideration as well as the fact that rebate revenue is only part of the total cost equation – discounts, dispensing fees, generic substitution, formulary structure, and coordination with medical services should be included. In approving this bill, DHS does not appear to be considering the entire cost and quality picture and is focused solely on rebate revenue.

"It was also noted in physicians' testimony that Quest health plans have done an excellent job of case management and have provided better and more cost-effective health care than our Department of Human Services ever did. Quest has been successful because a close-working relationship has developed between Quest health plans and providers – focusing on a collaborative approach to managing complex patients. In the past, DHS mechanisms have not been attentive to specific needs of patients. DHS had required pre-authorization for prescriptions which in turn prevented a child or patient from receiving needed medication until the next working day. Such practices do not ensure the best quality care and it would be detrimental to our health care system if such practices were reinstated.

"Overall, DHS has not demonstrated that by removing prescription drug benefits from Quest managed care plans, the State would save money or that better health care would be provided. In fact, the opposite is likely to occur. For these reasons and more, I urge my colleagues to join me in support of H.B. No. 1317."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 97 was adopted and H.B. No. 1317, H.D. 1, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO MEDICAID," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Hogue, Slom, Trimble).

On motion by Senator Baker, seconded by Senator Chun Oakland and carried, Conf. Com. Rep. No. 105 was adopted and S.B. No. 1420, S.D. 2, H.D. 3, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PSYCHOTROPIC MEDICATION," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Slom, Trimble).

Conf. Com. Rep. No. 121 (S.B. No. 1262, S.D. 1, H.D. 2, C.D. 1):

On motion by Senator English, seconded by Senator Taniguchi and carried, Conf. Com. Rep. No. 121 was adopted and S.B. No. 1262, S.D. 1, H.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE WAIANAE COAST," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conf. Com. Rep. No. 124 (S.B. No. 212, S.D. 2, H.D. 2, C.D. 1):

Senator Kokubun moved that Conf. Com. Rep. No. 124 be adopted and S.B. No. 212, S.D. 2, H.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator English.

Senator Slom rose in opposition as follows:

"Mr. President, I rise in opposition to this bill.

"This bill has changed a great deal since it was first introduced. In fact the original legislative findings material was all taken out. There was a tax credit and now there's a rebate on the use of reverse beverage recycling equipment, which I think is a very good idea, but it still begs the question. We've been under the tentacles of a beverage container deposit tax for the last year. The tax is taking more and more of our income and discouraging recycling. And so, what we really needed, we didn't get this Session – and that was a real open discussion on the recycling tax itself and the relationship to the city and county.

"So, I'm voting 'no.' Thank you."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 124 was adopted and S.B. No. 212, S.D. 2, H.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO ENVIRONMENT," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Slom).

Conf. Com. Rep. No. 126 (S.B. No. 708, S.D. 2, H.D. 2, C.D. 1):

On motion by Senator Hanabusa, seconded by Senator Taniguchi and carried, Conf. Com. Rep. No. 126 was adopted and S.B. No. 708, S.D. 2, H.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CHAPTER 846E," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conf. Com. Rep. No. 129 (S.B. No. 962, S.D. 2, H.D. 2, C.D. 1):

Senator Kanno moved that Conf. Com. Rep. No. 129 be adopted and S.B. No. 962, S.D. 2, H.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Hanabusa.

Senator Slom rose to speak in opposition to the measure and said:

"Mr. President, I rise in opposition to this bill.

"With all of the discussion and the attempts to define prevailing wages, the bottom line is real simple – it's going to increase the cost of construction and increase the regulation, and it is a bill that favors only union type construction and does not favor competition or those smaller contractors.

"Thank you."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 129 was adopted and S.B. No. 962, S.D. 2, H.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PREVAILING WAGES," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Hemmings, Hogue, Slom).

Conf. Com. Rep. No. 130 (S.B. No. 1808, S.D. 1, H.D. 1, C.D. 1):

Senator Kanno moved that Conf. Com. Rep. No. 130 be adopted and S.B. No. 1808, S.D. 1, H.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Menor.

Senator Slom rose to speak in opposition and said:

"Mr. President, I rise in opposition to this bill.

"For four years now, the business community, in particular the small business community, has said that the number one problem they faced was workers compensation, escalating fraud, escalating cost, problems with their own workers getting adequate care.

"We've had task forces. We had a good bill that came from the administration last year. The bill was gutted – the insurance commissioner, the rights to investigate fraud, were all taken away. This bill has a lot of verbiage, but in fact does not in any way improve the workers compensation law or improve the business climate.

"Thank you."

Senator Sakamoto rose to speak in support of the measure and stated:

"Mr. President, I rise in support, but with concerns.

"On one hand, I believe the administration has gone too far in taking something out of what should be legislative. If my colleague put his hand in my pocket and took something out of my pocket, I would have a problem with that. But I feel it's not right if I just go and take something out of his pocket because I felt he took something out of my pocket.

"I'll vote in favor of this, Mr. President, but I feel like I know that labor, legislators, businesses, providers, insurance companies, administration can work together and can have measures on this Floor that may pass 25/0 if we work together.

"My hope would be that in this interim there can be a continuation of working together to pass measures, not necessarily overturning presumption, but again not necessarily being in the face of employers, because we need to improve things for both employers and employees."

Senator Slom rose in rebuttal and said:

"Mr. President, just a brief rebuttal.

"Maybe some of my colleagues were confused. I'm sure that the good Senator from Moanalua was not suggesting that I would ever put my hand in his pocket, because I wouldn't do that. I think past votes show that. So, I just want to make that clear.

"In addition to that, I want to make sure the conference committee report says the purpose of this measure is to protect the balance in workers compensation. That's the whole point – there is no balance! It's imbalanced. It's hurting businesses. They have come to us year, after year, after year. We've had the studies. We've had the task forces. We've had the blue ribbon panels. They've told us what needs to be done, but we have refused to do it and this bill doesn't do it, and that's why it's a bad bill.

"Thank you."

Senator Hooser rose to support the measure as follows:

"Mr. President, I rise in support of this bill.

"Mr. President, I would argue with the previous speaker that there is attempts at balance and this Legislature, both in the past as well as the present, has listened to business and done what it can in each Legislative Session to make things better for business.

"We continually hear how bad things are, how bad things are, how we don't listen, we don't listen, we don't listen. I know we can do better, Mr. President and colleagues. Workers' compensation rates are too high. We do need to do better.

"But let me just quote some facts. According to the National Academy of Social Insurance, Hawaii's workers received \$1.60 in workman's compensation benefits per \$100 of covered wages. Alaska, California, Maine, Montana, Vermont, Washington, West Virginia, and federal employees receive more than Hawaii workers. Premiums paid by Hawaii's employers have decreased. They have decreased from \$3.91 per \$100 of payroll in '94 to \$2.38 in 2002. Similarly, benefit payments to workers also decreased in both years. While benefits per \$1 in cost remained constant nationally – from 74 cents in '94 to 73 cents in 2002 – Hawaii's fell from 67 cents to 44 cents.

"Between '99 and 2002, premium collections grew at a more rapid pace than benefits – premium collections grew at a more rapid pace than benefits – which increased by 15 percent. Workman's compensation costs have increased as a result of economic growth. More people are working higher wages than the severity of injuries.

"I could go on, Mr. President, but I just want to make the point that the Legislature continues to take workman's compensation reform and improvement seriously and over the years we have made improvements and we're committed to continue to do so. And for those reasons I urge my colleagues to vote in support."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 130 was adopted and S.B. No. 1808, S.D. 1, H.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO WORKERS' COMPENSATION LAW," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 5 (Hemmings, Hogue, Slom, Trimble, Whalen).

At 2:17 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 2:33 o'clock p.m.

Conf. Com. Rep. No. 133 (H.B. No. 1641, H.D. 1, S.D. 2, C.D. 1):

Senator Kokubun moved that Conf. Com. Rep. No. 133 be adopted and H.B. No. 1641, H.D. 1, S.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Taniguchi.

Senator Slom rose in opposition and said:

"Mr. President, I support the bill, but unfortunately the bill includes the creation of the non-agricultural park lands special fund. As you know, I oppose all special funds, so I vote 'no' on this bill even though I know there were some late hour attempts to call this special fund something other than special, but it's still a special fund.

"Thank you."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 133 was adopted and H.B. No. 1641, H.D. 1, S.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO NON-AGRICULTURAL PARK LANDS," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 2 (Slom, Trimble). Excused, 2 (Fukunaga, Ige).

Conf. Com. Rep. No. 134 (H.B. No. 1614, H.D. 1, S.D. 2, C.D. 1):

On motion by Senator Kanno, seconded by Senator Sakamoto and carried, Conf. Com. Rep. No. 134 was adopted and H.B. No. 1614, H.D. 1, S.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CIVIL SERVICE PERSONNEL," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 2 (Hogue, Slom). Excused, 2 (Fukunaga, Ige).

Conf. Com. Rep. No. 138 (H.B. No. 631, H.D. 1, S.D. 2, C.D. 1):

Senator Kanno moved that Conf. Com. Rep. No. 138 be adopted and H.B. No. 631, H.D. 1, S.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Taniguchi.

Senator Trimble rose to speak in opposition and stated:

"Mr. President, I rise in opposition to this measure.

"Colleagues, every year we get between three and ten measures that seek to tweak the employee retirement system, and on many of the measures I kind of wonder who it is that we're taking care of this time.

"I note that in part 4 it talks about the possibility of redefining retirement benefits at the time of retirement, as opposed to the time of separation from employment. I think that this could have a substantial cost going forward and therefore I'll be voting against this measure.

“Thank you.”

The motion was put by the Chair and carried, Conf. Com. Rep. No. 138 was adopted and H.B. No. 631, H.D. 1, S.D. 2, C.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE EMPLOYEES’ RETIREMENT SYSTEM,” having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 1 (Trimble). Excused, 2 (Fukunaga, Ige).

Conf. Com. Rep. No. 140 (H.B. No. 1608, H.D. 1, S.D. 2, C.D. 1):

Senator Kanno moved that Conf. Com. Rep. No. 140 be adopted and H.B. No. 1608, H.D. 1, S.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Taniguchi.

Senator Slom rose in opposition and stated:

“Mr. President, I rise in opposition to this bill.

“We have discussed this bill for a number of years now and basically what this bill does is negate the changes that were made under Act 88 in Session Laws 2001, which created the EUTF. Let’s review for just a moment. The idea of the EUTF, along with collective bargaining and civil service reform, emanated from then Governor Benjamin Cayetano and from a report done by the current Legislative Auditor Marion Higa. In that report she stressed the dire circumstances if we continued to allow unabated health care costs for public employees, and she was the one that proposed the idea that there would be a single unified health care plan with certain restrictions for future – not current but future – workers in terms of trying to get health care costs under control.

“The EUTF came about. There were many people that tried to stop it from forming, including the labor unions themselves who did everything possible to either stall it, derail it, abolish it, and then they said it would not start on time, but in fact it did start on time less than two years ago, and it has been successful. But the labor unions have continually fought to remove themselves from any kind of fiscal control and to have their own health care plans. Of course, the taxpayers will still pay for at least 60 percent of their health care plans, but what they have proposed in the past and at present is to cherry pick – to selectively choose the healthiest, the youngest, the best of health employees – so that in fact they get the 60 percent cost from the state and then they go out and negotiate on their own with a better group of individuals, thus lowering the cost that they pay. And one of the sticking points going back five, six years ago was the fact that when the labor unions did receive reductions in payments or premium cost, they did not return them to the state, and in fact they did not account for them. And that was really the reason that the state auditor said that we needed a single, unified, statewide health care plan for all employees. It would have transparency. It would have accountability.

“Now I must say, I have opposed this measure over the years, continuously. One union, the HSTA, has done a better job than other unions in terms of providing some amount of transparency. They have answered certain fiscal questions and in fact they provided some, but certainly less than all information required by the legislative auditor.

“But the way this bill traveled this year was not only to give back the ability of HSTA and its nearly 13,000 members to withdraw from the EUTF and to still deal with the unresolved question of all – all – retirees of the program, but what the

measure evolved into and what we’re voting on right now is a bill that would allow all public employee unions to withdraw from the EUTF.

“This would do several things. It would go against the recommendations made by the legislative auditor. It would have no cap whatsoever on escalating costs and we’d be back in this situation that was complained about five or six years ago. There would be probably less accountability from particularly the HGEA and the UPW unions. And in effect, it would destroy the whole concept of the EUTF, because other employees would say well how come the unions get to carve out their special territory and get reduced rates.

“Mr. President, I’ve heard some union workers complain that their rates have gone up over the years and I would say to them that any person in small business, any small business owner, or any employee of a small business would be very, very happy to at any moment exchange what we subsidize for them, what they get in terms of benefits now and the amount of premiums that they actually pay, because it is a trifling compared to what we in the private sector have to pay and then we have to pay more to support at least 60 percent of the public employee unions.

“So, it was one thing to deal with one union and talk about them because of their record of trying to be at least semitransparent, but this bill is what was fought about all along over that last couple of years – and that was to remove all public employee unions and let them negotiate separately and let them, by adverse selection, pick only the people that they want in terms of saving money. They will save money, the taxpayers in this state won’t.

“It is unfair. It is costly. And again, unless and until I see a change in position from the legislative auditor, who this Body always says that they want to support and they want to agree with and they don’t have any questions about, then I will continue to oppose this measure and I would hope that my colleagues would do the same.

“Thank you, Mr. President.”

The motion was put by the Chair and carried, Conf. Com. Rep. No. 140 was adopted and H.B. No. 1608, H.D. 1, S.D. 2, C.D. 1, entitled: “A BILL FOR AN ACT RELATING TO VOLUNTARY EMPLOYEES’ BENEFICIARY ASSOCIATION TRUSTS,” having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 5 (Hanabusa, Kokubun, Slom, Trimble, Whalen). Excused, 1 (Ige).

Conf. Com. Rep. No. 147 (H.B. No. 1554, H.D. 2, S.D. 2, C.D. 1):

Senator Menor moved that Conf. Com. Rep. No. 147 be adopted and H.B. No. 1554, H.D. 2, S.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Taniguchi.

Senator Trimble rose to speak in favor of the measure with reservations as follows:

“Mr. President, I rise in favor of this legislation with reservations.

“The intent of this legislation is good. It seeks voluntary leasehold-to-fee conversion. Unfortunately, I think that the good Senator, the Senate Minority Leader, would refer to this as a sham piece of legislation because the amount of money

appropriated is \$75,000 a year in total to handle all the tax credits that might result from leasehold-to-fee conversion.

“Thank you, Mr. President.”

Senator Hogue rose with reservations and said:

“Mr. President, please also note my reservations for the same reason. Obviously, the amount afforded by this bill is going to exceed \$75,000 very quickly.

“Thank you.”

The motion was put by the Chair and carried, Conf. Com. Rep. No. 147 was adopted and H.B. No. 1554, H.D. 2, S.D. 2, C.D. 1, entitled: “A BILL FOR AN ACT RELATING TO LEASEHOLD CONVERSION,” having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Ige).

Conf. Com. Rep. No. 150 (H.B. No. 1672, S.D. 1, C.D. 1):

On motion by Senator Taniguchi, seconded by Senator Kokubun and carried, Conf. Com. Rep. No. 150 was adopted and H.B. No. 1672, S.D. 1, C.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE BUDGET,” having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 4 (Hemmings, Hogue, Slom, Trimble). Excused, 1 (Ige).

Conf. Com. Rep. No. 151 (S.B. No. 55, S.D. 1, H.D. 2, C.D. 1):

Senator Kanno moved that Conf. Com. Rep. No. 151 be adopted and S.B. No. 55, S.D. 1, H.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Tsutsui.

Senator Kim requested her vote be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Conf. Com. Rep. No. 151 was adopted and S.B. No. 55, S.D. 1, H.D. 2, C.D. 1, entitled: “A BILL FOR AN ACT RELATING TO MEAL BREAKS,” having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 18. Noes, 6 (Hemmings, Hogue, Sakamoto, Slom, Trimble, Whalen). Excused, 1 (Ige).

Conf. Com. Rep. No. 152 (S.B. No. 294, S.D. 3, H.D. 1, C.D. 1):

By unanimous consent, action on Conf. Com. Rep. No. 152 and S.B. No. 294, S.D. 3, H.D. 1, C.D. 1, was deferred to the end of the calendar.

Conf. Com. Rep. No. 160 (S.B. No. 1889, S.D. 1, H.D. 2, C.D. 1):

On motion by Senator Kanno, seconded by Senator Hee and carried, Conf. Com. Rep. No. 160 was adopted and S.B. No. 1889, S.D. 1, H.D. 2, C.D. 1, entitled: “A BILL FOR AN ACT RELATING TO APPRENTICESHIPS,” having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Ige).

Conf. Com. Rep. No. 161 (H.B. No. 278, H.D. 1, S.D. 1, C.D. 1):

On motion by Senator Hanabusa, seconded by Senator Taniguchi and carried, Conf. Com. Rep. No. 161 was adopted and H.B. No. 278, H.D. 1, S.D. 1, C.D. 1, entitled: “A BILL FOR AN ACT RELATING TO VICTIM RESTITUTION,” having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Slom, Trimble). Excused, 1 (Ige).

Conf. Com. Rep. No. 165 (H.B. No. 1745, H.D. 1, S.D. 2, C.D. 1):

Senator Hanabusa moved that Conf. Com. Rep. No. 165 be adopted and H.B. No. 1745, H.D. 1, S.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Taniguchi.

Senator Slom rose in opposition to the measure as follows:

“Mr. President, I rise in opposition to this bill.

“Just briefly, I’ve spoken about this bill before. It is the Judiciary seeking to not report to the Legislature. Some of the reports they say are old and they’re not necessary anymore, but I find it troubling that the Legislature, which should be the most open of the three branches of government, really is telling us that they don’t have a responsibility to report and tell us about certain things and certain changes. I think they should.

“I’ll be voting ‘no’ on the bill.”

The motion was put by the Chair and carried, Conf. Com. Rep. No. 165 was adopted and H.B. No. 1745, H.D. 1, S.D. 2, C.D. 1, entitled: “A BILL FOR AN ACT RELATING TO REPORTS TO THE LEGISLATURE,” having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 4 (Hemmings, Hogue, Slom, Trimble). Excused, 1 (Ige).

Conf. Com. Rep. No. 174 (H.B. No. 1548, H.D. 1, S.D. 1, C.D. 1):

On motion by Senator Kanno, seconded by Senator Taniguchi and carried, Conf. Com. Rep. No. 174 was adopted and H.B. No. 1548, H.D. 1, S.D. 1, C.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE EMPLOYER-UNION HEALTH BENEFITS TRUST FUND,” having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 4 (Hemmings, Hogue, Slom, Trimble). Excused, 1 (Ige).

Conf. Com. Rep. No. 176 (S.B. No. 1352, S.D. 1, H.D. 1, C.D. 1):

Senator Kanno moved that Conf. Com. Rep. No. 176 be adopted and S.B. No. 1352, S.D. 1, H.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Taniguchi.

Senator Trimble rose in opposition and stated:

“Mr. President, I rise in opposition to this measure.

“Colleagues, this measure is no longer about kidneys or organ donors or bone marrow donors. This is about a bill that would make government less efficient. It would make government less efficient because it would interfere with the employer’s prerogative to determine a place and transfer and size of workforce. I believe that if we are going to maintain our workers and employ them as efficiently and fully as possible, we should not diminish the prerogatives of the employer.

“Thank you, Mr. President.”

Senator Hanabusa rose to speak in favor of the measure and said:

“Mr. President, I rise to speak in favor of this measure.

“Mr. President, S.B. No. 1352 is probably in its third life . . . I think in its third; it could be fourth. When it originally began, this measure began as one which did away with 89-9D, which is basically referred to as the management rights section of the bill. What we have before us, Members, is what I believe to be a balanced approach to collective bargaining.

“First of all, it was not balanced to try and do away with management’s rights – primarily, the management’s rights to direct employees – and that’s what the original proposal that has now resulted with what S.B. No. 1352, C.D. 1, was.

“What you have before you now is a codification of exactly what collective bargaining is like within the public sector. First of all, there have been provisions of the collective bargaining agreement which have addressed some of these issues. And what this provision says is those provisions of the collective bargaining agreements are valid because management and unions agreed to that.

“The second provision of this bill is that it does not preclude negotiations. It doesn’t say you have to negotiate. It says it shall not preclude negotiations over procedures and criteria of promotions, transfers, assignments, demotions, layoffs, suspensions, so forth and so on. That is the permissive nature of it, which means if both parties want to go there, they can go there.

“But I believe the most important part of this bill is what we call impact bargaining, or in the private sector it’s called effects bargaining, which is simply this – you cannot interfere with the management’s rights to make a decision and to direct an employee. However, what this does say is that management and union will sit down and determine the impacts of an employee. The classic example of this is if we decide to move one whole college to the neighbor islands. The decision is management’s rights. However, how it impacts the employees of this state is something that should be negotiated and the impact of that is what has to be discussed. I think that is what any employer is willing to do, and that is what the state has done.

“The supreme court decision, which has been cited as the basis for why S.B. No. 1352 has come about, actually had that, except the UPW chose not to negotiate. And I think that weighed in when the supreme court made its decision. Impacts bargaining or effects bargaining is common, as it should be, within collective bargaining, and that is the extent of this measure. It simply codifies the practice so that there is no confusion as to what we do in collective bargaining.

“Mr. President, this is a statement of the Legislature to the people who have worked very hard for us, who are members of collective bargaining, that we recognize that these practices have come into question and we continue to affirm the rights of

the union to negotiate over those matters which affect their lives, that impact them due to management decisions.

“Thank you, Mr. President.”

The motion was put by the Chair and carried, Conf. Com. Rep. No. 176 was adopted and S.B. No. 1352, S.D. 1, H.D. 1, C.D. 1, entitled: “A BILL FOR AN ACT RELATING TO PUBLIC EMPLOYEES,” having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 3 (Hemmings, Hogue, Trimble). Excused, 1 (Ige).

Conf. Com. Rep. No. 177 (S.B. No. 1729, S.D. 2, H.D. 2, C.D. 1):

Senator Kim moved that Conf. Com. Rep. No. 177 be adopted and S.B. No. 1729, S.D. 2, H.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Taniguchi.

Senator Kim rose and said:

“Mr. President, I have some remarks I want inserted into the Journal, please.”

The Chair having so ordered, Senator Kim’s remarks read as follows:

“Mr. President, I rise in support of S.B. No. 1729, C.D. 1.

“No one has worked harder to improve the operations and the business climate of the Hawaii Tourism Authority than I. In the past five years, two audits were done and the Legislature amended the law to broaden the make up of the Tourism Authority’s Board to address past problems. We continue to work to improve Act 156 and the HTA – under the leadership of Director Rex Johnson – has made many strides to improve accountability and efficiency of the Tourism Authority. I have told HTA that if they correct their problems, clean up their act, and make the changes suggested in the audits, I would then support restoring part of the original percentage amount of the TAT that they were promised in Act 156 of Session Laws 1998.

“This measure starting on July 1, 2007, restores the TAT special fund from 32.6 percent to 34.2 percent, still a far cry from the 37.9 percent promised in Act 156 of Session Laws 1998. Your Conference Committee has amended this measure to add the State Foundation on the Culture and the Arts, Executive Director as a non-voting member. With this addition we now have four ex-officio members on the HTA board. To be consistent, your Conference Committee made all ex-officio members of the board non-voting. We heard from the Hawaii Hotel Association in support of making the department heads on the tourism board all non-voting.

“All voting HTA members are require to go through the confirmation process to be appointed to the HTA board. The Governor appoints the ex-officio members of the board and presently the DBEDT Director is the only ex-officio member with a vote. However, the DBEDT Director no longer serves on the HTA board and has since designated his seat on the board to the Tourism Liaison who is not an agency director not a position, that is, created in HRS and not a position, that is, confirmed by the Senate.

“It is appropriate and consistent to have all ex-officio members that are part of the Governor’s Administration as non-voting board members. This is to help further provide autonomy for the HTA from the many political pressures that

can exist when having to make those hard decisions needed to ensure a thriving tourism industry.

"I urge my colleagues to vote in support of this measure."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 177 was adopted and S.B. No. 1729, S.D. 2, H.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO TOURISM," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Hogue, Trimble). Excused, 1 (Ige).

Conf. Com. Rep. No. 180 (S.B. No. 1257, S.D. 2, H.D. 2, C.D. 1):

Senator Hee moved that Conf. Com. Rep. No. 180 be adopted and S.B. No. 1257, S.D. 2, H.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Hanabusa.

Senator Hogue rose to speak against the measure and said:

"Mr. President, I rise to speak against this legislation.

"The last time I rose I made the comment that in our effort to de-politicize the process we have over-politicized it. The Higher Education Chair indicated that some of those concerns would be addressed in Conference, and in fact he is correct. Some of those concerns were addressed in Conference and I applaud him for addressing them. However, it is still political – still political – this advisory council, which isn't advisory at all because the Governor must pick a Board of Regent from this so-called advisory council.

"It is made up of one member of the President of the Senate, hardly nonpolitical; one member shall be appointed by the Speaker of the House of Representatives, hardly nonpolitical; one member shall be appointed by the Governor, hardly nonpolitical; one member shall be appointed by the all campus council of Faculty Senate Chairpersons of the University of Hawaii, hardly nonpolitical; one member shall be appointed by the University of Hawaii student caucus, hardly nonpolitical. Now we have a couple of nonpolitical types, I think – one member shall be appointed by the Association of the Emeritus Regents, good call; one member shall be appointed by the University of Hawaii Alumni Association.

"So, five are political, two, I think we can argue are nonpolitical. Okay, so it is still political. Now the bill goes on to say, and it's really an attempt here to show that this is nonpolitical, it says, 'The council shall be selected in a wholly nonpartisan manner. Appointees to the advisory council shall have a general understanding of the purposes of higher education, the mission of the University of Hawaii system, and the responsibilities of the Board of Regents. Appointees shall be individuals who are widely viewed as having placed the broad public interest ahead of special interests.' How noble. But who is going to make that assessment that they are widely viewed as nonpolitical and so very noble? Essentially, probably political people are going to make that particular decision.

"For all of these reasons, I don't think that we should go forward with this particular measure. I understand that it is a noble effort to take politics out of the process, however, it doesn't. Further, no one is accountable. Now if we don't like what the Governor has done, ultimately we can make a decision as to whether or not we want to vote for that Governor the next time. We cannot vote for a member of the All Campus Council of Faculty Senate Chairpersons. We, as a public, cannot vote for the University of Hawaii Student Caucus. We cannot vote

for the Association of Emeritus Regents. We cannot vote for the University of Hawaii Alumni Association. So, therefore we're not accountable.

"Noble effort, if this in fact was just an advisory council where the Governor could think about whether or not these were noble and possible appointees, then maybe we could consider it. My understanding is that's in fact what has happened in other states like California and Virginia, which have been noted as being a member of those states that have passed such legislation. But most states have not passed this legislation. And the reason is they recognize that you can't take politics out and that someone somewhere must be accountable.

"For these reasons, I'll be voting 'no,' Mr. President."

Senator Hooser rose in support of the measure and stated:

"Mr. President, I rise in support of this measure.

"Mr. President, I would ask my colleagues on all sides of the aisle in the entire room to try just for a moment to close their eyes and take politics out of their message. Some in this room, it seems, see partisan politics behind every door, behind every motive, behind every vote. I would just encourage them just for a second to think about policy, think about doing right for the university, think about how to make our university the best it can be, think about how to maximize the potential that was brought about through autonomy, voted on by the citizens of our state just a short time ago.

"Any advisory group could be perceived as being political – anyone. The categories that are listed in those seven is a great effort and I think a great achievement, if you would, to come up with a solution as nonpolitical as possible and ensuring that the university stakeholders are represented and ensuring that we have a good advisory committee.

"I want to complement the Chairman of Higher Education for the good work that he did along with the Committee to achieve that balance and take out many of the special interest groups that were in there before.

"There's no doubt politics is involved in the decision-making process. In a conversation I had this morning with the Minority Leader, he acknowledged that if this bill was before him and Governor Ben Cayetano was the Governor, he would be supporting the bill. Okay, that's clear. I would encourage the Minority members to support this bill, because in the very near future, we could have a Majority Governor and they will be on the other side unable to implement the measure, possibly.

"This is a good bill. It was earlier stated that it was about Evan Dobelle. This is not about Evan Dobelle. The origin started before the fiasco with Evan Dobelle and the regents.

"When I first joined the Senate, before I even ran for office, Mr. President, I was following politics in the Senate, the State Legislature before Governor Cayetano, in an age when cronyism and allegations of abuse of power were rampant in the media. I decided to get involved because I didn't like that, regardless of the party – Democrat or Republican. Hiring your cronies, appointing your friends to positions of power regardless of qualifications is something that I don't support.

"One of the first actions I had to take in my first Session was to review and approve advise and consent on a number of regent appointees. I believe four out of six were heavily politicized, major donors to the Governor's campaign, situations where the husbands and wives had also been appointed to positions of power. On top of that, two of the

nominees flunked the interview, did poorly, weren't prepared and we voted against those nominees. And I left that meeting thinking there's got to be a better way to do this. There has got to be a better way to ensure that we get high quality appointees, minimize the politicization of those people and do what's best for the university.

"A short time after that, Mr. President, I received a policy brief, maybe because I was a member of the committee from the National Association of Governing Boards and Colleges. The policy brief basically recommends best practices for how regents are selected in universities across the nation. It's the recommendation of the organization that is charged with giving advice and supporting and providing continuing education to trustees in universities all over our nation. This recommendation basically is reflected in a bill that we have today and the previous constitutional amendment that we passed last week.

"This bill is about making the university a better place. Again, it's about perpetuating autonomy. It's about good public policy. I think that recent events of last Friday, for one thing, combined with the Evan Dobelle fiasco and other instances, present convincing evidence that we need to do this better. There needs to be a better way to do it and to find good candidates and to instill faith and confidence in those candidates, and this bill, I believe, does that.

"The bill simply has an advisory commission of seven people and the previous speaker pointed out some of the requirements, but it's individuals who are widely viewed. We can mock and make fun of the words, but the truth and the intent of the bill is that we find these people. I, for one, have faith and confidence in the Senate President and the Speaker of the House and in the Governor among three of the seven that they would do their best to find individuals who are widely viewed as placing the broad public interest ahead of special interest and have achieved a high level of prominence in their profession and are respected by their community.

"This commission again can go far to re-instill faith and confidence in the process. It develops a system and a process. It promotes advertising in looking for the candidates throughout our state who are best and most able to serve the university, not just among our friends and co-workers. The advisory commission will screen and qualify these candidates and make a nonpartisan and fair and independent recommendation to the four people for the Governor then to choose and the Senate to then advise and consent.

"Again, this is best practices. This is good policy. This will make our university a better place and I encourage my colleagues to vote in support. Thank you."

Senator Slom rose to speak in opposition to the measure and said:

"Mr. President, I rise in opposition to this bill.

"Those were lofty words by the last speaker, the good Senator from Kauai, and I love it when he waves the paper, which he's waved three times before, about best practices. And as a matter of fact, he's given this Senate misinformation in the past.

"Speaking about the State of Virginia, specifically, and the Governor there, Governor Warner, what he's neglected to tell us honestly is that in Virginia and in these other states specifically, the Governor is not required to pick from the list that comes from the advisory council. But this bill does that, and its primary focus is to further erode the decision-making of

our Governor now. That's what a number of bills we were talking about all Session do and this is the last great remaining bill.

"Now, he advised us to close our eyes. I'm sorry, Mr. President, I just couldn't do it, because every time I close my eyes here, I find I have less money – either there's been a tax increase or something else. I wouldn't do it.

"And when we talk about non-politics or why some of us see politics in bills like this, do the names Ted Hong, John Kai, Dylan Nonaka mean anything in this Body? If that wasn't politics – raw, brutal and crude – then nothing else was.

"What the proponents of this bill really want is a handpicked group of people that will pick people like themselves that will think like them, and walk like them, and talk like them, and vote like them. That's what they want and that's why this bill is bad.

"If it said there would be an advisory council and the council could present names to the governor as in the case of other councils that we have, that would be one thing, but this bill does not do that. And the good Senator from Kauai knows that no matter how many times he shakes his papers. It forces the governor to pick from that list.

"We talk about not having politics. We talk about Evan Dobelle. Let's talk about Evan Dobelle. Did Evan Dobelle come on the scene because we didn't have a candidate advisory council or did Evan Dobelle get picked because half of the regents were Democrat appointees of the former Governor?

"And another thing, I certainly am not privy to any conversations that were had by the good Senator from Kauai and the Minority Leader, but I would be abashed if the good Senator from Kauai were telling the truth that the Minority Leader said, 'oh yeah, if a Democrat Governor, if Governor Cayetano was here, we would support this bill.' The Minority Leader doesn't talk like that. He doesn't act like that. He doesn't vote like that. In fact, you Democrats laugh at us because we vote in opposition to our Republican Governor if it's on principle. If I voted against something that Governor Cayetano did because I spoke and said it was wrong and the current Governor would propose the same thing, I would still vote against it and have voted against it and so have the rest of us. So, I don't know about the conversation, but I do know about the veracity of some of the evidence, the so-called evidence that's been presented here.

"This is a political move. It's a direct attack on the Governor. It's direct attack on free speech. It's a direct attack on real diversity. The supporters want to have everybody, as I say, that looks alike, sounds alike, votes alike and then we'll be happy. But how will that improve our university. The answer is – it will not.

"If we have more open hearings, if we have more discussion, not behind closed doors, if we have people that stand up and say why they oppose an individual, for example, then we'll have better candidates and we'll have a better university. But this bill goes in the opposite direction, and I urge a 'no' vote.

"Thank you."

Senator Hemmings rose to speak in opposition to the measure as follows:

"Mr. President, I rise to speak in opposition to the bill.

"It seems my name has been bandied around, regarding this bill, considerably. I hope the Majority Party will notice that I've been sitting on the sidelines for most of the debates today for a very simple reason –this Senate and this Legislature, but more specifically the Majority Party, has sunk to new lows regarding ethics, regarding honesty, regarding politics.

"We've debated over the last several weeks some of the ethics problems that you face in the Majority Party. In the wake of ethics training, it seems there's been a record amount of unethical behavior. That's politics, Mr. President.

"I'll place that unethical behavior not at the foot of this Legislature, but at the foot of the Majority Party and the Senators who signed letters . . ."

Senator Hanabusa interjected:

"Mr. President, point of order. Is this speaker speaking to the merits of the bill?"

Senator Hemmings then said:

"Yes, I am. The merits of the bill which were so widely discussed . . ."

President Bunda then interjected:

"Senator Hemmings, could you keep your remarks germane to the bill, please."

Senator Hemmings continued:

"Mr. President, the politics addressed by the good author of this bill and the Senator from Kauai are evident and I reserve the right, under the terms of freedom of speech and open and free debate, to state my position, Mr. President.

"I think the good Senator who is the Chairman of the Judiciary Committee would respect those rights considering the free and open discussion we've had all day long regarding different bills. In fact, one Senator earlier this morning got up and gave a speech on almost every bill on the agenda today in the budget.

"This is political, and I did say that this morning. It's extremely political. Why? Because there's not one shred of evidence that any of the appointees of the good Governor Lingle have been involved in any unethical or unreasonable behavior in their tenure as Board of Regents. And yes, those are the Governor's friends who she appointed. Yes, they did help her on her campaign. And yes, they deserve to be on the Board of Regents because of their qualifications as prior nominees had. The difference is political.

"One of the prior Board of Regents, who was a major contributor to the previous administration, also is a contractor who built a building and then tried to get the University of Hawaii, through his Board of Regents position, to lease the building for his own personal profit.

"Evan Dobbelle is an issue, quite frankly, and the Majority Party Vice-President of the Senate and a good Representative from the Majority Party wrote a very scathing article about how Evan Dobbelle was, quite frankly, dishonest and how he spent taxpayer's money and was spending too much money. It was political how Evan Dobbelle got his job. The prior very political Board of Regents had a search committee go out and find three candidates for the President of the University of Hawaii's position. Under the leadership of the prior head of the Board of Regents, none of those three were selected. Evan Dobbelle was

selected. It seems he was a close personal friend and had ties to a highly touted private sector business leader that is often mentioned to possibly run for political office someday.

"So, the accusation that my position is political is 100 percent correct. And in closing, I'd like to say it is because of politics as demonstrated by deeds, not by idol words on this Floor. The Majority Party's prior record and the politicization of the Board of Regents stinks. There's not one shred of evidence that this Governor has appointed anyone who has had a devious or less than an honored record as trustees.

"In fact, when Evan Dobbelle was terminated, it was done by half the trustees from the Cayetano Administration appointees and half the trustees from the Lingle appointments, showing that sometimes good people can make good things happen.

"This bill is political. If this was such a good idea and if it were something that the university association around this country has been advocating for 20 years – a simple question, why wasn't it done 20 years ago? It's done now because this Legislature, the Majority Party, not the Minority, has done everything they can to usurp power from the executive branch of government for one simple reason – because that Governor happens to be Republican.

"Quite frankly, Mr. President, I am absolutely stunned by the arrogance of the Majority Party who thinks that we're supposed to be members of the Minority Party Republicans and go along with you all in this. They're stunned that we stand up and speak against bills. They're stunned that we don't rollover and play dead on the initiatives. They're stunned that we vote against tax increases and don't go along with the Majority Party's monopoly practices and the way they conduct the business of the people and the way they lynch good people stepping forward to serve on the Board of Regents for no other reasons than petty politics.

"In closing, my vote is political, and I'm a politician, and I'm proud of the party I represent, and I'm voting 'no' against this bill. Thank you."

Senator Hee rose to speak in favor of the measure and stated:

"Mr. President, I rise to speak in favor of the bill.

"Mr. President, this is a good bill. It seeks to balance the political nature of the appointments. It seeks to place stakeholders as part of the Citizen's Advisory Council. It gives the students a voice in the selection process. It gives the faculty senate a voice. It gives the Association of Emeritus Regents a voice. It gives the Alumni Association a voice. It gives the Governor a voice.

"It requires the candidates to disclose any existing or anticipated contracts with the university or any existing or anticipated financial transactions with the university to take politics out of the equation. It requires publicly advertising pending vacancies and actively soliciting and accepting applications of those who wish to be considered to be a regent. And finally, it leaves to the Governor the powers that she has presently – and that is to make the appointment. It does not usurp that power.

"I stand to ask the members to support this legislation. Were I here earlier to hear some of the other speakers, I would respond to them, but unfortunately, Mr. President, I wasn't. But I will say this, the previous speaker takes tremendous license on what he believes at least I feel. I frankly am not disgusted that he votes the way he does. I'm not disgusted that he feels we have some animosity to the Governor. I'm frankly not

disgusted at all. I will leave the clichés and the obnoxious comments to speak for themselves.

“I urge my colleagues to support this measure.”

Senator Trimble rose to speak in opposition and said:

“Mr. President, I rise in opposition to this measure.

“First, I’d like to thank the Chair of the Higher Education Committee for the work that he has done this Session. I believe that it is possible, however, for reasonable people to disagree.

“There are two points I’d like to make. The first point is that the University of Hawaii needs to be accountable to somebody that is elected, and that person should be the Governor. This bill does not do that.

“Second, this is not an advisory committee because it does not merely suggest names for consideration, but it mandates that one of those suggested names is selected.

“And since I can’t count to two very well, number three, I think in the long run what will happen is that the university will only be accountable to itself. I do not think that is a desired result.

“Thank you, Mr. President.”

Senator Baker rose to speak in support of the measure as follows:

“Mr. President, I rise in support of this measure.

“I believe since we granted the university autonomy, that we have spread out the accountability for the university. The Legislature provides public funds. There’s some accountability to the Legislature. The students provide other funding through their tuition. There’s accountability to the students. The Governor ultimately appoints the Board of Regents. There’s accountability there, as well.

“What this measure does is not clip the power of the Governor. She still has the power to appoint. What it does is to try to elevate the selection process to a little bit higher plane similar to what we ask for judges when we use the judicial selection process. I think this a fair process. It’s an idea whose time has come, and I urge my colleagues to vote ‘yes.’”

The motion was put by the Chair and carried, Conf. Com. Rep. No. 180 was adopted and S.B. No. 1257, S.D. 2, H.D. 2, C.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE UNIVERSITY OF HAWAII,” having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 4 (Hemmings, Hogue, Slom, Trimble). Excused, 1 (Taniguchi).

Conf. Com. Rep. No. 182 (H.B. No. 384, H.D. 2, S.D. 2, C.D. 1):

Senator Hanabusa moved that Conf. Com. Rep. No. 182 be adopted and H.B. No. 384, H.D. 2, S.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Taniguchi.

Senator Slom rose in opposition as follows:

“Mr. President, I rise in opposition to this bill.

“While I do realize that it’s been quite some time since the fees have been adjusted for attorneys, I don’t know of too many attorneys who are homeless or who are struggling, particularly in this community. There is an abundance of work and an abundance of lawsuits.

“This goes as part of their responsibility as attorneys to serve as court appointed counsel. I think we could all support a reasonable increase, but this bill basically doubles – doubles – the fees, the schedules, the caps for certain cases and particularly felony cases, and I think that that is about 50 percent too much.

“Thank you.”

The motion was put by the Chair and carried, Conf. Com. Rep. No. 182 was adopted and H.B. No. 384, H.D. 2, S.D. 2, C.D. 1, entitled: “A BILL FOR AN ACT RELATING TO ATTORNEYS’ FEES FOR COURT APPOINTED COUNSEL,” having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Slom).

Conf. Com. Rep. No. 183 (H.B. No. 1378, H.D. 1, S.D. 2, C.D. 1):

Senator Hanabusa moved that Conf. Com. Rep. No. 183 be adopted and H.B. No. 1378, H.D. 1, S.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Taniguchi.

Senator Slom rose to speak in opposition and said:

“Mr. President, I rise in opposition to this bill.

“I supported this bill. This was a good bill. It was a necessary bill and then all of a sudden it looks like a lot of people got cold feet, particularly after reading two columns by a local newspaper woman who of course failed to disclose that she had a very major conflict of interest in this area of TROs and divorce and all of that. I think that it’s unfortunate that the Senate, and particularly the proponents, would yield to the pressure from one individual when there was a demonstrated need to bring a balance to the TRO process, particularly as it relates to Family Court.

“There was more than just anecdotal evidence about the abuses that individuals went through, both men and women, in the overuse of TROs that had nothing to do with abuse, domestic or otherwise, but was a weapon, a very lethal weapon in the hands of those seeking divorce.

“Thank you.”

The motion was put by the Chair and carried, Conf. Com. Rep. No. 183 was adopted and H.B. No. 1378, H.D. 1, S.D. 2, C.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE JUDICIARY,” having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Slom, Trimble).

Conf. Com. Rep. No. 185 (H.B. No. 1747, H.D. 1, S.D. 1, C.D. 1):

Senator Hanabusa moved that Conf. Com. Rep. No. 185 be adopted and H.B. No. 1747, H.D. 1, S.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Taniguchi.

Senator Slom rose in support of the measure and stated:

“Mr. President, I rise in support of this bill.

“I know that the good chief executive of the Campaign Spending Commission was reportedly saying that this is half-a-loaf, and half-a-loaf is better than none. However, he did not disclose whether that loaf had been previously frozen or not. (Laughter.)

“In addition to that, this bill requires that all of us come into the twenty-first century and file electronically our reports. Now, some of us have been brought kicking and screaming into the twenty-first century, but we begged him years ago, we begged Mr. Watada, ‘Please, Mr. Watada, set us Mac users free. Allow for the Mac use of filing.’ And he promised us, this man made a promise, and to date there is no way of using Mac. Now, we do have a bipartisan Macintosh office here, which is very, very tough. And I call you out sir, Mr. Watada, do your duty. Let us Mac users be free and you’ll have three-quarters of a loaf. (Laughter.)

“Thank you.”

The motion was put by the Chair and carried, Conf. Com. Rep. No. 185 was adopted and H.B. No. 1747, H.D. 1, S.D. 1, C.D. 1, entitled: “A BILL FOR AN ACT RELATING TO CAMPAIGNS,” having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conf. Com. Rep. No. 186 (H.B. No. 1309, H.D. 2, S.D. 2, C.D. 1):

Senator Taniguchi moved that Conf. Com. Rep. No. 186 be adopted and H.B. No. 1309, H.D. 2, S.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Ige.

Senator Slom rose in opposition and said:

“Mr. President, I rise in opposition to this travesty bill.

“I noticed, interestingly enough, it is put at the end of the non-fiscal calendar, which means to the layperson that it has nothing to do with finances, that there’s no appropriation, that there’s no monetary liability from the state. And yet, what are we seeking to do? Well, after months of discussion and compromise and conferencing and arm-twisting, we are about to pass onto the counties the ability to raise their general excise gross income most regressive tax by 12½ percent, from 4 to 4½ percent. And members of the Senate and members of the House say, ‘We’re not doing it. It’s not the state. We’re just enabling the counties to do it.’

“Other voices have said this is just an extension of home rule. This has got nothing to do with home rule, because in this bill we’re telling the counties, and specifically the City and County of Honolulu, what they must do. They must use the money to build a rail to nowhere. They have given us no information about a rail, how it’s going to operate, where it’s going to operate, scheduling, total cost, operating expenditures, maintenance expenditures, or anything else. All they’ve told us is they want the money and they want the money now. And sure there are some caveats here, and there are some restrictions, the City and County of Honolulu and the other counties have until December 31<sup>st</sup> to act, but who is allowing them to act? Who is forcing them to act? We are, in the Legislature.

“And at one point, at least we were honest. The Senate had a proposal to just simply raise the tax 25 percent as a state tax and then we would do what we always do with the counties – we let them come beg hat in hand and give them some money. But the final version that we are to vote on right now is a 12½ percent increase of the most regressive tax, a gross income tax, not a sales tax, which is going to affect every citizen in this state.

“Now Mr. President, I heard the other night from the Chair of the Higher Education Committee that we certainly can’t overlook overwhelming reports, faxes, e-mails and so forth. Here are my overwhelming negative responses in the last week. I want to see your piles. I’ll show you mine, you show me yours. Here they are. All of these citizens from different walks of life saying we don’t want, we cannot afford a general excise tax hike. Here they are.

“In addition to that, Mr. President, if you’ll allow me just very briefly a couple of very specific comments. This comment is from Andy Mertz, a small business owner, who says, quote, ‘The excise tax is harsh. There is a trail of tears. I am standing and speaking in place of my ohana and kuleana. My family of thirteen, including parents, grandparents, sisters and brothers, and now nephews and nieces have all moved away from our island home. So have many of our kamaaina friends and their families and their professions and their small businesses moved also. I am standing as witness to their trail of tears and their deep sadness. Make our Hawaii livable. Reduce the excise tax on our people.’ Andy Mertz is up in the gallery. Would please rise. Thank you, Andy. (Mr. Mertz rose to be recognized.)

“Also up in the gallery is a gentleman that owns a small business that many of you are familiar with, particularly us Mac users, the Macmouse club, Big Mike. And Big Mike points out . . . stand up Big Mike. (Mike rose to be recognized.) Let’s see if you’re really big. Yes, he’s big. Thanks, Big Mike. (Laughter.) Big Mike says that the tax is already inherently unfair because he faces competition from online and out-of-state competitors, and by increasing the tax by 12½ percent, you exacerbate that unfair competition and make it harder for him and his employees.

“Also up in the gallery, we’ve got Bobbie Slater who many of you know is a premier jewelry designer in this community. She says, quote, ‘This is a dishonest tax because people cannot see the full impact. This has been a dishonest process because the opposition was promised open debate and then they refused. This is a dishonest tax because it has nothing to do with home rule.’ Bobbie Slater would you stand up? Are you still here? (Ms. Slater rose to be recognized.) Thank you, Bobbie.

“I have many, many more, but I have one more, though, that I’d like to read. Quote, ‘I am opposed to this increase in the GET with every fiber of my being. According to the tax foundation, this conference draft version will cost my family \$450 a year. I cannot afford this. I am on a fixed private pension that has no cost of living increases. Unfortunately, I do not have one of those generous public employee pensions with its cost of living increases. And in 14 years I have not had a cost of living increase in my pension. I wish the Senate was as concerned with my financial welfare as they are of the state employees. I am a member of Hawaii Kai Neighborhood Board No. 1, which last week passed a resolution opposing the increase in the GET by a vote of thirteen to one.’ Bob Speck, could you stand up, please. (Mr. Speck rose to be recognized.) Thank you.

“Mr. President, colleagues, where is the support for this coming? Where is it coming from? If you ask people, they are already overtaxed, overburdened. In mid January when we started this Session, we promised them tax relief. We said, we

would help take care of the least among us and we haven't done that. And the GET is the cruelest tax because it hurts the least among us the most.

"We've talked out of both sides of our mouth. We know this is a major tax increase. We know this has fiscal implications because the state is still going to collect and still going to be responsible for expenditures in administering this tax increase. And once it goes to 4½ percent, since all of the proponents have said they needed at least one percent to go up to five percent, how long will it be before it goes to 5 or 5½ or 6 percent?"

"We wonder why we're talking about homelessness. We wonder why the people in the food bank call on us to give more and more food because people can't afford it, and yet this tax taxes food, medicines, rents the basic necessities of life. We talk out of both sides of our mouth and we say we're representing the people; we want to do the people's work. We talk about finding a traffic solution, and while I certainly support the problems of my colleagues on the Leeward side, those of us on the eastside, we have traffic problems too. We all have traffic problems.

"There have been options and there have been alternatives and they have not been followed. We haven't tried them. The easiest thing would be to try them because they're quick and they're less expensive. Try them and if they don't work then you can say, look, we were open; we did it; it didn't work. But no, instead we're going to base all of our hopes on a leap of faith, I think this gentleman said. A leap of faith, take a leap of faith, take the leap of faith with your own money, not with the taxpayers' money, not with the families that are struggling. People are homeless." (Applause.)

The President interjected:

"Please refrain your applause."

Senator Slom continued:

"This is a very serious matter. We've debated it for a long time and if, if there was really community support for a rail transit that was well defined and that would actually solve our problems, then those of us that oppose it could be looked at as obstructionists. But all of the debates, all of the surveys, the surveys show that 70 percent or more of the people don't want this tax increase, cannot afford this tax increase. So what are we doing here necessitating a tax increase?"

"And if we go on the basis of overwhelming position, here it is! It's overwhelming in opposition! What is our standard? What is our benchmark? One day it's overwhelming if it's somebody we don't like, another day it doesn't matter if it's overwhelming if it's an issue that we like. We can't have it both ways.

"Colleagues, there still is time to vote 'no' on this measure. There still is time to listen to the people that have sent us here. There is still time to find a legitimate affordable transportation option or options, but this is not it.

"I urge a 'no' vote on this measure." (Applause.)

The President stated:

"Order in the Senate, please."

Senator Inouye rose to speak in support of the measure and stated:

"Mr. President, I rise to speak in favor of H.B. No. 1309, C.D. 1.

"This bill allows Hawaii's four counties the option of imposing a general excise tax surcharge of one-half percent up to 15 years for transportation improvements as the Senator from the 8<sup>th</sup> District remarked. None of us wants to raise taxes. In this case, however, the need for this surcharge is clearly stated – the need for a rail transit system for Oahu Island.

"On Hawaii Island, we have our own transportation problems. My colleagues from Maui and Kauai need to address their transportation problems if their counties choose to do so.

"Approximately seven million annual visitors impact the state's infrastructure. The general excise tax is one means for our visitors to contribute for a transit system.

"Governor Lingle has voiced her support for allowing the counties to determine the use of these funds. The City and County of Honolulu has drafted preliminary plans for a transit system.

"We neighbor islanders recognize that three-fourths of the state's population resides on Oahu – generating the lion's share of the state's economic activities from the visitor industry to government spending.

"As Chair of your Committee on Transportation, it is clear that traffic congestion on Oahu is an inconvenience. It is negatively affecting the quality of life and economic productivity of our state. The Oahu Metropolitan Planning Organization estimates that in the not-too-distant future, commute times will double on Oahu without major improvements. Rail transit is one solution to Oahu's traffic problems. It will accommodate sensible growth and provide a viable alternative for commuters who now use the existing highway network.

"Mayor Hannemann, Honolulu Council Chair Dela Cruz and Transportation Chair Garcia agree that the stars are aligned for rail transit and Honolulu's last chance to keep this island from gridlock. Mayor Hannemann projects a completion for an alternative analysis and environmental impact statement by the end of 2006. A request for proposals will be issued by September 2007 and ground could be broken by the spring to 2009. This appears to be a realistic and achievable plan that takes into account the many millions of dollars in studies and plans that are completed.

"In this 2005 Legislative Session, we thoughtfully deliberated our traffic problems. We also painfully deliberated the impacts of raising taxes. As the Islands continue to grow, there is a need to develop adequate infrastructure. In good planning, infrastructure supercedes development. What we do today will shape the destiny of our beloved Hawaii. Therefore, I urge my colleagues to vote for H.B. No. 1309.

"Thank you, Mr. President."

Senator Trimble rose to speak in opposition to the measure and said:

"Mr. President, I rise in opposition to this measure.

"Congestion is a reflection of prosperity. If we really wanted to solve the traffic problem, all we need to do is keep raising taxes. (Laughter.)

"If we look at the characteristics that are necessary for a transit system to be successful (1) we need policeman we can

see; (2) we need streets that are well lit at night; (3) we need storm drains that drain so that when it rains you can walk without getting inundated by a wave from a passing bus or car. We do not have these things today and there is no reason to suspect that we will find the means of having these things in the future when we're spending all of our money on a fixed guideway system.

"The next thing to consider is what are the experiences of communities that have built fixed guideway systems? They lose money. The bus systems also lose money. So how do they react when both the several billion dollar fixed guideway system is losing money and the bus system is losing money? They cut back on the bus system or those portions of the bus system that don't feed the mass transit system. Is that something we want to look forward to for the residents of Windward and Mililani?

"The third thing we should consider is that for a fixed guideway system to be successful, it needs to be able to connect highly populated, highly densely populated locations at each end. Yes, Waikiki is densely populated. Yes, the University of Hawaii is densely populated. Yes, downtown is densely populated, but the other portions of our island are not as populated. It's like building a shopping center and instead of having an anchor at both ends of the shopping center and having people flow between the anchors, having a shopping center with only one anchor.

"Colleagues, I was amazed when a Congressman flew into town and testified that if only we would raise our taxes then he somehow would get our position in line from something at more than 200 to be close to the front. I think that is not something that we can have a lot of faith in. That assertion is not something we can trust or rely upon because, one, he is a Minority member in Congress, and number two, he is of a different party than the President. And quite frankly, colleagues, regardless of what you say, I know what it feels like to be a Minority member. (Laughter.)

"So colleagues, when you think about it, a fixed guideway system is going to have a dramatic land use change implication that was so clearly addressed by the good Senator from Kaimuki, and I hope you remember his words. This system is only the beginning of increasing our taxes, and it will build something that you will not use but it's something that you hope some other driver will give up his car to use.

"Colleagues, vote against this tax increase. Thank you."

Senator Espero rose in support of the measure and said:

"Mr. President, I would like to rise in support of this measure.

"This tax increase proposal that we're looking at and the ability to use it to finance a rail system, these are two of the most important issues that we're discussing this Legislative Session, and in my opinion, this decade.

"We had an opportunity this Legislature and the City Council fourteen, fifteen years ago in the early 1990s to build such a system, and unfortunately the political will was not there. The proposal and effort failed and the only thing we can say now is that traffic congestion is worse fourteen, fifteen years later. And the solution, unfortunately, is not insight today. There is none.

"Now, the good Senator from Hawaii Kai did mention let's try to look at all the solutions and options that are out there, and I agree with him, and a rail system is one of them. But we have

tried all of those other options. We have looked at the zipper lane and the zipper lane is good for people who are coming from West Oahu into town, but do you know that when you have a zipper lane you are closing two lanes that are going west to West Oahu? So in the future as we build West Oahu, because individuals have said we should build this job center out there, and we are doing that through Ko Olina, through Kapolei, through UH West Oahu. We are looking at building jobs in that area, but with the zipper lane, when people start driving to go west to those jobs, two lanes will be closed and right now we only have one lane going to West Oahu in the early morning. Can you imagine what that's going to be like in 25 years when that is a strong economic engine for our area?

"We've looked at contra-flow – contra-flow is working on Nimitz. I have used it on some occasions and I believe in Hawaii Kai they have used it, but there is still traffic. We looked at road widening. We tried to widen all the roads where we can. We're widening Fort Weaver Road now. We've talked about building new roads. We're building a \$120 million north/south road in Kapolei in the Ewa Plain, but that's not going solve the problem. That's not going to take care of the traffic congestion that we're all dealing with.

"We've tried vanpooling, carpool lanes, special carpool lanes on the highways and we still have traffic. We've tried a ferry system, a \$5 million ferry system that was funded by the federal government some time ago – the Wiki Wiki as we called it. Unfortunately, that didn't have the results that we were looking for. We've talked of telecommuting. Our small businesses and big businesses can take the lead in telecommuting, but it doesn't seem to have taken off. The effort is not there and even government has talked about it but it just doesn't seem to work.

"For the last ten, fifteen years since the last failed effort, we have made a little progress. But quite frankly, in my opinion, we have not made enough. Transportation and the traffic congestion on Oahu is one of the big issues that at this time we do not know how to solve it. We're going to try to with the rail system, but the rail system in itself will not be the final solution.

"This is a project for the future, Mr. President. Some of us sitting here may use it, some of us may not. But what's most important is what will we be able to leave our children 25 years from now and 50 years from now? For some, that may be far off and they're going to say I'm going to be dead by then, why even bother. But it's going to be a stark reality when you talk about the 250,000 people that was reported at a recent OMPO meeting who will be living on Oahu, new residents by the year 2030 – 250,000 people. And if we don't have a rail system or some type of people mover, where are those people going to be driving their vehicles? Where are they going to be parking their cars? And likely, most of those residents will be living in West Oahu and Central Oahu, Mr. President, in our neck of the woods. And those corridors H-2, H-1, and Middle Street, you can't widen that.

"Now, you could do what some of the opponents of rail say, let's double-deck the highway and let's put in a toll road. Mr. President, in my opinion, that's not going to work. Eventually, that toll road, that double-deck road is going to be congested and that does not stop the traffic when there is an accident. What happens if there is an accident on that toll road? You're delayed two hours just like you are today. What happens if it rains and there's lightning and thunder? That seems to make people slow down and stop. What happens when there's debris on the road or a flat tire? People slow down.

"With a rail system, we are looking at building a system that will be efficient, that will get people from point A to point B with no delays, high tech, and it will be an option, only an

option, for us to use. But you won't be able to sit in traffic and say, what has government done for me? Why can't I get from point A to point B in a timely manner? If we have a rail system built, you will be able to get from point A to point B, but you may have to adjust your lifestyle. You might have to change your travel pattern. I know I will not use it five days a week, but I can see myself using the rail system two or three times easily. And on weekends if I want to go see a UH game or do something in Waikiki, I'd be more than happy to hop on a rail system, come into town, and drive back.

"Now, there were also some comments on why should I pass this? I don't even know what it looks like? It's a train to nowhere. Again, comments from our good Senator from Hawaii Kai – it's going nowhere. This is legislation just to continue the process to build the rail system. We are not the final decision-makers, and although some people have been laughing at the term 'enabling legislation,' that is exactly what this is.

"I've spoken to our Mayor, our Councilmen and I've told them, if this bill passes, it is now in your court like it was in 1992. You must come up with the routes and you must sell the people of Oahu. You must come up with the system, the plan – high tech, heavy rail, light rail, monorail, maglev. There are many options out there. Many people are watching us and they have systems for us and all of those details, all of those specifics will be coming out at the city council level and it is there where they will make the final decision.

"This is so important that we cannot stop it. And for the good Senator from Waikiki who talked about this is not a moneymaker, of course it's not a moneymaker. Our taxes – half of our budget goes for education, lower education, higher education. We're not there to make money. We're there to take care of the needs of the people. Our money goes, our taxes go for the environment, but it's not there to make money.

"This is not a for-profit venture. The money we raise is not to pocket, to put money in people's pocket or government's pocket. It's to help the people of Hawaii. This is an investment, Mr. President. That's what this is. It's an investment in the future and we are going to look at this very closely in the next six months because I believe our residents demand it. Whether they are from the neighbor islands or other places, they demand that we look at this very carefully and we are looking at this very carefully. This is not any final decision. The city council knows the task at hand. I know they are up to the challenge and they are going to make the important decision. And I hope that my colleagues here today will see that.

"We have to have some vision. We have to look at what our children will be utilizing in 25 to 50 years. I have two sons, a 20- and 21-year-old, and I'm saying this is what I'm going to try to do for you. We need to educate our keiki in the future that we will have a transportation system for you that you will be able to use so that you may not need a vehicle. We'll make some adjustments to the buses if we can. We'll have a feeder system. We subsidize the bus to the tune of \$100 million a year or so, and we will probably have to subsidize this, yes. But that is what we do here. We have to take care of this island.

"For everyone who complains about all the bad things that are happening in this state and all the bad things the Majority Party has done, well, if it's so bad here, why do so many people want to live here, Mr. President? Why do so many businesses want to come here and open businesses? It's because it's pretty good here, Mr. President. And it is our task to make sure we continue the tradition, which the government officials from the past and the policymakers and decision-makers have done. We

have to continue and make this state the best that it can be and the transportation infrastructure is so crucial. It is so important that instead of just saying let's forget this, who cares about transportation, let them figure out some other way, we need to look at this tax increase to pay for a rail system and we need to look at the possible ramifications of billions of dollars being interjected into our economy.

"Not much has been said about that, but the billions of dollars are going to be paying for supplies for construction, for truckers. It's going to be putting people through school, paying mortgages, jobs, economic development. This is likely the largest public works project in the State of Hawaii and I urge my colleagues to pass H.B. No. 1309.

"Thank you."

Senator Hogue rose to oppose the measure and said:

"Mr. President, I rise in opposition and I appreciate the impassioned words of the previous speaker. He spoke eloquently about his side.

"I agree with him that this is an investment in our future. In fact it's an invest in our future taxes. That's exactly what it is. That investment in our future taxes will go up and up and up if the vision that the previous speaker has comes true, because it's the only way that it can be funded.

"I have four children. I'm really worried that they're going to be able to live here in this beautiful state that we all love so much. My feeling is that they will go away where the jobs are. They will go away where the taxes are lower. They will go away and they'll only come back to vacation here because it's such a beautiful, beautiful place.

"Has anybody thought about – because I haven't heard it talked about here on the Floor – what this fixed rail or light rail or guideway or train or whatever, what it's going to look like? How is it going to work? I have that question asked of me all the time. Well, where is it? What exactly are they going to do? I said, well, haven't you been reading the newspaper? Well, I'm so busy and most people are so busy because they're out there trying to get enough money to pay the taxes that are constantly going up. But what is it going to look like?

"Have you ever gone out on Fort Weaver Road? Have you ever tried to travel . . . I know the good Senator from out there travels it quite often both ways. Man-oh-man, is it a busy place. In fact I'm going to be going out there tomorrow to do an MC of a charity golf tournament, and it's tough to get back and forth on Fort Weaver Road.

"Let's just assume that we raise the tax and we build this light rail. That means that the people that are out there will have to still spend 15, 20 minutes, a half an hour or more trying just to get to the light rail station, then they're going to have to park their car, then they're going to have to wait a period of time to take this light rail or train or guideway or whatever that is marching its way towards, apparently, I'm guessing, say Mapunapuna, and maybe that portion of the trip will be very relaxing, maybe it will only take a few minutes, maybe it will be quicker than going on the H-1 during that particular time. But now when they get off, now they're going to have to wait for buses at the other end. They'll have to wait for buses, they'll have to wait for the particular bus that takes them wherever it is they need to go, whether it's the university or downtown or Nuuanu or East Honolulu, and they'll take time for that. Now, the good Senator talked about what happens to people when it rains. Now that they're at the end, they come out of the bus and now they've got to figure out how to get to

their particular place of business and they're out there in the rain.

"So, have they really saved any time at all? Have they? I think that if you add it all up, I don't think that they've saved much of anything at all. They've just been inconvenienced, and for the price of this inconvenience, we'll raise your taxes.

"I just can't go along with this thing at all. I gave a survey to my constituents. I asked them, would they raise taxes or give the counties an opportunity to raise the taxes for light rail or for any of the good projects we've talked about here today, and overwhelmingly they say 'no.' They say 'no.' And just like the good Senator from Hawaii Kai who gave overwhelming evidence of opposition to this enabling legislation, I think that we need to follow what our constituents say. Mines say 'no' and I'll vote 'no.'

"Thank you, Mr. President."

Senator Hooser rose to speak in support of the measure and said:

"Mr. President, I rise in support of this measure, Mr. President.

"Mr. President, before I go on, earlier in the debate there were some references made to an allegation that there was misinformation that I perhaps provided to this group on another issue. I want to say that allegation, number one, is not true and it pales, pales in comparison to the misinformation presented on this issue by the Senator from Hawaii Kai and others – the misinformation, the misstatement of facts, and the omission of facts on this issue. One would believe that we're talking just about raising taxes and that's it. No one talks about the costs that we pay, Mr. President, regardless if we raise taxes or not – the cost we pay sitting in traffic, the cost we pay for maintaining automobiles. I would like the record to reflect the misstatements and omissions, and I'll go over some of those in addition.

"I also want the record to reflect that the Senator from Hawaii Kai also waved papers in the air on several occasions during his speech. I want everyone to notice that and how he threw the papers down on the desk.

"Mr. President, this is an important issue. The Chamber of Commerce of Hawaii, the Contractors Association, numerous labor groups and many, many others have stepped up and said, including major newspapers, that traffic congestion is the number one quality of life issue in Honolulu, and it's going to get worse, Mr. President.

"As a society, we need to think about both the short and the long-range solutions and we cannot kid ourselves that this does not cost money. It costs money to do nothing. Driving on substandard congested roads cost each urban Hawaii motorist an average of \$995,000 a year – \$677 million, Mr. President, for doing nothing, not to mention the diminished safety, the long delays, the increased wear and tear on vehicles.

"What is the cost for a family, a father, a mother sitting in traffic, commuting an hour-and-a-half every morning? What does that cost? What is the cost of disposing of automobiles in our landfills? What are the costs of disposing of batteries, the cost of air pollution, the cost of oil dependency, the cost of building and maintaining the roads, the cost of water runoff on those roads, the costs of accidents, and the cost of doing nothing? I ask you, what are those costs, colleagues? I suggested that they are significant.

"Almost anyone suffering through the daily commute to town from the Ewa Plain will be happy to minimize that and to reduce their costs, and they deserve alternatives. We need to do something about the cost of doing nothing, and giving the City and County of Honolulu the ability to raise fees is the responsible thing to do.

"It's been said before that public transit doesn't work, that ridership decreases. That is absolutely false. It's a misstatement. The public transportation ridership – and I'll wave the papers again, Mr. President – the public ridership increased 22 percent between 1988 and 2003, the highest level in 40 years, contrary to the myth that public transit is a declining industry.

"In Las Vegas where freeway congestion has grown from 5 to 55 percent in the past 20 years, voters approved a tax plan to fund local transportation projects.

"It's also been said that it's not going to work here; it's not going to work. But here on Oahu, the primary transportation corridor of Kapolei to UH and Waikiki encompasses 60 percent of the population, over 80 percent of employment on the island.

"The City and County of Honolulu is seeking ways to relieve the traffic congestion. There's a true burden on the people here. It is appropriate – it is appropriate – that the State Legislature assist their efforts by enacting enabling legislation that will allow Honolulu to work out the remedies.

"Are there plans? Of course there are plans. There are plans, and more plans, and more plans, and there will be more plans. We give them the enabling legislation. They will come up with the plans and it will not be a train to nowhere. Give me a break. It will be a plan that puts into place public transportation. The people in this city deserve and we owe it to them to give them this support.

"The light rail boom of the 60's is over they say, and no new systems are being developed. This is absolutely not true. Almost every city that developed light rail systems over the past 30 years are now expanding those systems. Las Vegas, Houston, Minneapolis, San Juan, Puerto Rico, almost every large western city with a population of at least a half-a-million either now has one or is developing one.

"Again, ridership has increased 21 percent six out of the seven last years. There's a lot of misinformation, Mr. President, on this issue and I think it's important to point out the truth. There have been referendums proving in different communities that the people want mass transit and they're willing to pay for it. In Denver, in 1999 the citizens of Denver voted on a proposal to borrow half-a-billion dollars and it passed with 66 percent of the vote. In Phoenix, a similar measure passed by 65 percent of the vote.

"Mr. President, this is the responsible thing to do. Transit, sure there's a cost to it, but doing nothing has a larger cost and I urge my colleagues to vote in support of this measure.

"Thank you."

Senator Trimble rose in rebuttal and said:

"Mr. President, I rise to speak in brief rebuttal and then make some other comments.

"Number one, the good Senator from Ewa missed my point. I said when you have two systems that are losing money, the mass transit and the bus, policymakers are going to make decisions, and the decision that has been made in other cities

has been to decline the bus service to those areas that didn't directly service the mass transit line.

"Number two, you mentioned that this would be the largest public works project in our history, and I agree. But normally, you don't undertake massive public works projects when the economy is bright and is continuing to grow.

"Number three, you talked about going from point A to point B. That's what rail systems do – they go from point A to point B. Unfortunately, our citizens want to go from where they are to where they want to get and that isn't from point A to point B.

"When we talk about ridership, let's be consistent. The evidence that I have seen suggests that if you do nothing to expand the fixed guideway system, the mass transit system, that ridership declines and has declined every decade. The reason why the number of riders is going up is because the system is continuously expanded at greater and greater cost.

"The truth of the matter is that mass transit is not a preferred alternative. If you look at the way that people say they're going to travel and compare it to the way they actually travel, people actually walk more than they say they're going to walk. They carpool more than they say they're going to carpool. They drive their car more than they say they're going to drive their car. The only place where they do not do as much as they said they were going to do is take public transit.

"I suggest, Mr. President, that right now we're talking about dreams – those dreams are not well defined. I remember several months ago when you outlined your dreams for this Session. Unfortunately, at the end of the Session, I don't see those dreams. What I do see is what we could have used to fulfill those dreams have gone to increasing the salaries of public workers.

"Colleagues, what I suggest is that the only thing that this tax increase is going to do in the long run is provide another funding source for continuing to raise the salaries of public employees.

"Thank you, Mr. President."

Senator Baker rose to speak in support and said:

"Mr. President, I rise to speak in support of this measure.

"Mr. President, a number of years ago I lived in Washington, D.C. I lived there at a time when the debate over whether to build a heavy rail system was on the minds of everyone. It was before the city fathers and there was much debate and discussion very much like what's happening here – what if we build it and nobody uses it? What if it doesn't go into all of the right neighborhoods? What if, what if, what if. But it was a local decision and fortunately they had the good sense to take a leap of faith and move forward and design a system that goes from Maryland, through the District of Columbia, out to Virginia. It is well used, well maintained, and certainly makes it much easier to get around in the metropolitan district of our nation's capitol.

"They dreamed and they had it defined locally and I keep wondering, as I'm listening to the debate that's gone on this afternoon, what part of the phrase county home rule don't the opponents understand? The only reason we're being asked to provide the counties with some taxing authority that they can use for this is because currently they're quite restricted in what tools they can use to raise revenue to run city operations and to expand city services.

"Their main taxing authority is the property tax, and I suspect that if the City and County of Honolulu, the County of Maui, the County of Hawaii, or the County of Kauai decided that that's what they were going to use to take care of transit issues or any other issue before them by raising property taxes to a sufficient level that a half a percent GET would raise, that you would hear howls and screams all over this state.

"The interesting thing about the general excise tax is that many of our visitors pay it as well, and so it's an exported tax and it decreases the burden on our residents. The important thing for me, in terms of my support for this measure, is that I am giving the responsibility to the level of government that has the responsibility, has asked for the enabling legislation so that they can make the decisions, so that they can design the system, so that they can tailor it to the needs and desires and demands of their local residents. It's not for the State Legislature to make those detailed decisions and I guess that's one of the things some of the opponents have trouble with. We're so used to fixing problems and defining those details at this level.

"But what we're doing is we're enabling our colleagues who have been elected to serve their constituents on the City and County level, with the ability to make those decisions, to move an issue forward, and to try to solve a problem that has only the opportunity to get worse and not better without a solution of this magnitude. And because this is enabling legislation and I believe it's time to move forward and help out the City and County here in Honolulu, as well as the other counties if they so choose, to solve their transportation problems, then I'll be voting 'yes' on this measure."

Senator Taniguchi rose in support and said:

"Mr. President, I would like to have comments in support of this measure noting my concerns inserted into the Journal."

The Chair having so ordered, Senator Taniguchi's remarks read as follows:

"Mr. President, I rise to speak in favor of this measure.

"In an effort to support the building of a light rail system for the residents of Oahu and to help alleviate the traffic problems that are growing on the neighbor islands, I urge my colleagues to support H.B. No. 1309. H.B. No. 1309 provides the counties with an optional funding mechanism to help solve their traffic problems. For the City and County of Honolulu, the GET surcharge authorized in this measure will be a funding mechanism it can use to build a rail system that will help move people around the island and provide a better quality of life for Oahu's residents.

"While many may support the idea of a light rail system, the Senate has concerns about the unknowns in the City's plan. Without knowing what the cost of the project will be, how the money will be managed, and the amount of a federal match, it is difficult for this Legislature to ask taxpayers to shoulder the burden of a full 1 percent increase in the general excise tax. Therefore, H.B. No. 1309 has been amended to address these issues by reducing the maximum surcharge allowed on the GET to ½ percent and clarifying the use of the revenue from this surcharge to be used for a locally preferred alternative for a mass transit project. In addition, we have provided the deduction of 10 percent of the gross proceeds of a respective county's surcharge on state tax to reimburse the State for administrative costs. A 15-year sunset clause is included in the bill to ensure that there is the opportunity to evaluate the progress and management of the surcharge revenue.

"This bill is just the first step in a long process for the development of a light rail system for the island of Oahu. It will require the cooperation of many entities in the public and private sectors to bring this project to completion. We are counting on a continued working relationship with the City and County of Honolulu as well as the Governor to make this project a success.

"Those on the other islands will benefit from this bill by having the opportunity to look at their own unique issues with traffic and have a funding provision in place to finance any solutions they seek to implement. What works on Oahu is certainly not what is needed on Maui or Kauai, while the Big Island has needs of its own. All the counties should be given the resources to deal with their traffic issues and ease the congestion that frustrates us all.

"I urge all Senators to support H.B. No. 1309."

Senator Espero rose in rebuttal and stated:

"Mr. President, brief rebuttal regarding some of the comments from the good Senator from Kaneohe.

"I guess he didn't see the value of the rail and how it would help my constituents. But let me give him a different point of view. If it takes a person who leaves their home 20 minutes to get on the rail from Ewa Beach, and then it takes 30 to 40 minutes to get into town to their location, that's an hour transporting from Ewa Beach into town or UH. I was in Waikiki this weekend and there was one of those double-decker buses at Kapiolani Park and I asked the bus driver how long would it take you to get from here to Ewa Beach? He told me, two hours by bus on a weekend. Now, can you imagine what that must be like during the rush hour at six o'clock in the morning, seven o'clock in the morning, four, five, six.

"This system, if it is built right – and that is going to be the task of our Council Chairman in the audience and other members at City Hall to make – if it is built right, it will benefit our city tremendously.

"And for the good Senator from Waikiki, point A to point B is relative, sir, so don't think of that too much. Thank you."

Senator Slom rose in rebuttal and stated:

"Mr. President, brief rebuttal on a number of points.

"If . . . if, if, if . . . yeah, we could say that about a lot of legislation. If only – if only we had understood, if only we had asked questions, if only we had gotten answers, if only we had seen a plan – if, if, if. But to raise the tax first, to allow the tax to be raised, to have more burdens on our local residents who have told us overwhelmingly they don't want this, is malfeasance in office.

"A statement was made that our residents demand this rail transit and the tax increase. What residents? Where are they? I haven't seen them. I haven't heard from them. I've shown you what I have in terms of e-mail. You've all seen the effort that the realtors have made and other groups that have joined them. I haven't heard people coming down here with placards saying, 'We want to be taxed more now! More taxes now! Tax us now!' What persons are we talking about? Every survey that we have seen, every survey that's been published, even by the supporting media, have shown that the people are overwhelmingly opposed to this. We can talk about Portland or Vancouver or Washington or other areas, but we live here and we're responsible here.

"And by the way, this continuing situation about increases or decreases in ridership, maybe we need a common definition, because if there are 100 new passengers or drivers created and 8 to 10 of them take some form of existing rail transit in an area, but 88 to 90 take cars or do something else, then we have to conclude that in fact the rail transit areas are showing a decline in usage. They may increase in numbers from one period of time to another, but they are declining in overall usage, in percentages, in ratio, in any other generally understood method of comparison.

"Somebody mentioned the Chamber of Commerce. That's interesting. It depends on what day and what time of the day it is what position the Chamber of Commerce of Hawaii has taken, because they've changed their position three times during this Legislative Session alone. But I know that their most recent position, a position in support of the tax increase, was not done by polling their members. They did not ask their members what they thought. They asked certain members of their board of directors and their executive committee, but they didn't ask their members.

"Will this be the biggest public service or public works project ever in the history of Hawaii? Well, it could be. We don't know where it's going to be or what it's going to look like. It could be. But we do know this – it will be the biggest single tax increase in the history of Hawaii.

"And to the question, what are we going to leave our children 25 or 50 years from now? And by the way, I have four sons and a grandson, and my children are younger than your children, and I'm going to live longer than you no matter what. (Laughter.) What are we going to leave them? More taxes, more debt, more uncertainty and the belief that we didn't know what we were talking about.

"In any business, in any product, in any consumer activity, you don't say here, take my money first and then generally describe what you're going to give to me, and then give it to me and it will be okay and we'll take a leap of faith. You want to know what it is, and even when you know what it is, half the time you're upset anyway because somebody's got one nicer or shinier than you do.

"Is it too much to ask to have the plan first, including the \$2.7 billion cost for construction. By the way, the discussion was made about Denver and the people there. They were willing to vote for . . . what was the figure, was it \$700 million or \$500 million? Half a billion? But we're talking about \$2.7 billion in a small economy. And as the good Senator from Waikiki pointed out, you'll still be subsidizing the bus. Only now, you get to subsidize the bus and the rail transit.

"And all of us get really frustrated when there's an accident anywhere and the current freeways are shut down for two hours, four hours, six hours. That's not a problem of congestion, that's not a problem of transportation, that's a problem of law enforcement and how they go about investigating accidents.

"Now, what happens if there is, God forbid, an accident on the proposed rail transit which we don't know where it's going and what it looks like? They just had one of those, I believe. I think the country is called Japan. What happens if all the unionized employees – and we know they will be all unionized – what happens if they go on strike and shut the whole system down? What happens to the question of rights of way, eminent domain for administration facilities, repair facilities, station facilities, other facilities along the right of way? What happens? We don't know because nobody is giving us answers. And by the way, I apologize if, you know, some of my remarks

rubbed certain Senators the wrong way, particularly about figures.

“Look, there’s a guy up there and his name is Cliff Slater. He knows more than all 25 of us about statistics and facts and figures because he only uses source figures. So, I’d recommend that after this Session – we should be done, I think, probably about nine or ten o’clock, if I speak less, maybe 8:30 (laughter) – that the good Senator from Ewa Beach and the good Senator from Kauai, go right up there and talk with him. He’d be very happy to help you.”

Senator Hooser interjected:

“Mr. President, could you ask the speaker to direct his comments to the Chair, please.”

Senator Slom then said:

“They can go up and talk to him in the gallery.”

President Bunda inquired:

“Senator Slom, are you ready to wrap up?”

Senator Slom responded:

“I’m just about ready, sir. I’m coming around the corner. I’m just about ready to do it.

“Let me say this, we are asking highway users, as well as general taxpayers, to support the rail transit by their fuel taxes, by their motor vehicle weight taxes, by their registration fees and taxes. We had a bill which somehow didn’t make it Friday night. It was H.B. No. 1645 which would have added yet more taxes and a new ad valorem value tax on top of the weight tax and giving the counties the option to raise the highest fuel taxes in the country even more. So, that’s the direction that we’re going in. The fact that it failed at the last minute is just luck for the taxpayers.

“We’re not looking at this tax in a vacuum. It is a tax among other taxes on top of taxes, but it is a cruel tax. And to say that, oh yeah, we’re going to export it to the tourist, there may come a time when, by our legislation for taxes and kamaaina rates and moorage fees, we tell people if you’re from the outside, you’re fair game because that’s all we see you as – a tax target – and they stop coming. And then what do we do? We don’t have too many things to fall back on, so we’re taking that for granted. But even if that were so, I’m concerned about the local people because those are the e-mails, the phone calls, the faxes, and the visits that I’ve gotten, and they’re opposed to this.

“And for one last time let’s go over the home rule fake argument. If it’s home rule you want, you’ve got me in support. Then say that the City and County of Honolulu and the neighbor island counties can have all the taxing authority that they want and they can do anything they want with it. But to say that this is home rule now, to say that they can tailor whatever they want is just not true. The neighbor island counties, it is true, have more options. They can even have road construction if they want, street construction, but not the City and County of Honolulu. It is rail transit only! That’s all they can do. That’s all we can do – those of us from Oahu.

“So, leap of faith . . . I don’t think so. I’m not ready to leap. And for those people that want to use other people’s money to do this, you better check with those people first, because I don’t know what residents you’re talking about that say tax me more, tax me more.

“It’s also strange that people are unwilling publicly to debate this issue with individuals that have a long and honorable track record of providing accurate information. They just don’t want to do it.

“Finally, this is not a partisan issue. It is nonpartisan. We have people of different parties that are both supporting and opposing this, but to say that this is anything other than a tax issue is just plain wrong. Because if it were, then we’d have studies or we’d have commissions and we’d say come up with your best plans and then come to us. And when you have the plan, if you need money, we’ll look at how much it’s going to cost and then we’ll see if we’re going to be able to afford that. But we’re not doing that. We’re saying do the tax first, and that’s wrong.

“Thank you, Mr. President.”

Senator Ihara rose with reservations and said:

“Mr. President, could you note my reservations on this bill for the reasons stated at Third Reading.”

The Chair so ordered.

Senator Hemmings rose to speak in opposition as follows:

“Mr. President, I rise to speak against this legislation.

“Mr. President, I appreciate, after the long debate, the opportunity to share a few thoughts, hopefully in a cogent manner. We’ve been talking about two issues here, Mr. President – the advisability of a fixed rail system for the urban corridor of Honolulu, but more importantly about a tax, the largest tax increase in the state’s history.

“First of all, there’s no economy for scale regarding this proposed system and the cost. The next largest area that has a fixed rail system that’s similarly being proposed in Honolulu is Miami. They have a population base in the urban area of approximately 4 million people. They can spread their debt over 4 million people and they have a much larger potential of users to this system to help underwrite its operating and debt service cost.

“On this island, we have probably no more than five or six hundred thousand at the most in the urban corridor. I can guarantee that every one of the Senators from both sides of the political aisle and House members who live on the Windward side or in East Honolulu will never see the advantages of this. Constituencies are against this because they will be asked to pay for something that will never benefit them.

“Let’s talk about the tax. The tax is extremely regressive. An excise tax hurts the people most who are least able to pay. And if we really are compassionate for the sick, the hungry, the homeless, and those in need in our society, why are they paying these taxes and why would this tax be so regressive for them? It’s been well established that it would take on the average of the average household, \$450 out of each household of four. For the working poor, that is a tremendous amount of money. We just can’t afford this tax.

“Everybody talks about taxes, and I’m sure later we’re going to argue about the conveyance tax increase. They say, well, this tax is not as bad as it is in California or this tax is not as bad as it is. But all these taxes do not come in a vacuum. They come together, and it is known and it has just been recently reinstated by national surveys that our people are amongst the highest, if not the highest, taxed people in the nation per capita basis.

"It was mentioned that if things are so bad, how come we all live in Hawaii? We live in Hawaii because of the blessings of nature and the good will of the people and many other reasons. We live in Hawaii despite the policies of government, not because of them. In fact, the facts are that more and more of our young people and our elderly are being forced to move to other places to afford to live.

"But having said all of that, we know that a tax raise of this nature would be extremely disastrous for the economy and would lead to more red ink in our budgets and more increases in the future to support a system that we cannot afford.

"What are the alternatives? They say doing nothing is what we've done, and they're exactly right. We have done nothing to really solve transit problems and then we come up with this massive tax increase and railway system that wouldn't work, as a big bang solution.

"Panos Prevedouros of the University of Hawaii produced a document that showed that we could cut about 40 percent of commute times for many areas just by fixing our highway systems. Those small fixes are being done as we speak by the current administration and the preliminary evidence is that they do work. The highway contra-flow lane, hooking up the zipper lane to Nimitz, the Lunalilo onramp – all of those things do cut transit time. If we did them all, we could substantially cut so we could fix the mistakes made up and down our urban corridor.

"We could adjust work hours. I just had a grandson delivered at Kapiolani Maternity Hospital. The nurse there works 10 hours and only four days a week. Work hours could be adjusted for public workers and maybe it would help contribute to changing the demand on our roads for when people come and go to work.

"The good Senator from Waianae suggested in a debate similar to this several years ago, don't take people to the destination, take the destination to the people. Kapolei was supposed to be the second city. Maybe we could put more government agencies out there and lead the way in taking people away from the urban corridor and have them commute to Kapolei for a host of needs.

"We could have – as a very astute gentleman on this issue has talked about – an elevated toll way where the people using the mass transit system pay for it. It would not only be accessible to cars, but it could also be available to the bus system, which we're subsidizing. The genius of it is that the buses could get off the elevated toll way and take people close to their destination, not requiring transfers and the use of two mass transit systems. We could deregulate transportation here in Hawaii. We're the only state in the nation that has a Public Utilities Commission that actually discourages people from entering the transportation marketplace with business initiatives.

"Mr. President and colleagues, there are a number of alternatives than a fixed guideway, mass transit, government monopoly system paid for by a tax increase that people of Hawaii cannot afford. I urge my colleagues, especially those who live in areas like I do, to vote 'no' against this because your constituents are certainly against it.

"Thank you, Mr. President."

Senator Hooser rose and said:

"Mr. President, very briefly, I just wanted to correct some significant misstatements of fact presented by the last two speakers speaking in opposition to this measure.

"Both of them said clearly that this is about fixed rail, that it mandates and requires fixed rail. I believe if they took the time to read the bill, they would see that is not the case. I don't even know if fixed rail is even mentioned in the bill. It talks about a locally preferred alternative for mass transit, and I just want to end it there.

"Thank you, Mr. President."

Senator Hanabusa requested her vote be cast "aye, with reservations," and the Chair so ordered.

Senator Hogue rose and said:

"Mr. President, could you please note that we'd like a Roll Call vote, please. Thank you."

Senators Hee, English, Chun Oakland, Ige, Kokubun and Taniguchi requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Conf. Com. Rep. No. 186 was adopted and H.B. No. 1309, H.D. 2, S.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," having been read throughout, and Roll Call vote having been requested, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 6 (Hemmings, Hogue, Slom, Trimble, Tsutsui, Whalen).

At 4:29 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 4:36 o'clock p.m.

### FINAL READING

#### MATTER DEFERRED FROM EARLIER ON THE CALENDAR

Conf. Com. Rep. No. 152 (S.B. No. 294, S.D. 3, H.D. 1, C.D. 1):

Senator Kanno moved that Conf. Com. Rep. No. 152 be adopted and S.B. No. 294, S.D. 3, H.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Taniguchi.

Senator Slom rose to speak in opposition to the measure as follows:

"Mr. President, I rise in opposition to this bill.

"I got a phone call from a resident on the Big Island and she was very upset with me. I would have preferred if she would have talked to her Senator, the Senator from the Big Island, but she was very upset with me because she said how could I have voted against the minimum wage. She was a poor person. She had worked at a minimum wage job before, in fact in a restaurant. She said the area was so poor that she didn't even get any tips. And she was having a hard time feeding her children. I tried to explain to her, as best I could, that the minimum wage increase, forced increase, will not take care of that problem and that the minimum wage, as we've discussed year, after year, after year, is basically an entry wage.

“By the statistics given by both the Department of Labor and Industrial Relations and the Clear Labor Organization up at the University of Hawaii, at any given time there’s no more than 2 to 3 percent of the working population that is affected by the minimum wage, and it changes. The whole idea is you’re not supposed to be locked into a minimum wage. A minimum wage is a training wage. It’s an entry wage. It’s not a living wage. Everybody understands that. It’s a place of getting your foot in the door. I don’t ‘think there’s any of us in here that have ever had . . . if we remember back to our first summer jobs or regular jobs, the whole idea was getting the job first to prove to the employer or prove to somebody that you could do it – that you were smart enough, you were strong enough, you were reliable enough, whatever it was. But first there had to be a job and there had to be an entry and you had to be able to get in there.

“Unfortunately, what the minimum wage does is destroy jobs at that very level, that very entry level where people need the opportunity to get there first foot in the door. And as they do a better job, they’re paid more, and if they’re not, they have the ability to walk, particularly in our economy now that we’re blessed by the fact that we have the lowest unemployment rate in the country – under 3 percent, that’s amazing. It is a worker’s market. In fact, employers compete for employees. And how do they compete? They compete with wages. They compete with benefits.

“And to have the Legislature or the Congress, for that matter, tell businesses what they must pay and what the conditions are, particularly when most of the members of the Legislature or of Congress have never undergone the riggers of having their own business and meeting a private payroll, it is very difficult. Again, of all the people that come down to these hearings, the vast majority, the overwhelming majority are opposed to forced compulsory minimum wage increases. Because what people that have never had a job don’t understand, even though we tell them year, after year, after year when this debate continues, is when you force up the minimum wage, you’re also forcing up employer mandates as well. It’s not just the amount that you pay. It’s the cost of all of the mandates such as workers compensation and temporary disability insurance and prepaid health and workers comp and social security and Medicaid matching. Why? Because they are all based on what the size of the payroll is and as the payroll goes up, the cost of these items go up as well.

“Surveys have shown that in Hawaii – which has more mandates, employer mandates than any other state in the union – the cost of those mandates, in addition to whatever the compensation rate is, generally is in an area of between 35 and 55 percent above whatever the wage is paid. So, when people come down here, not just restaurateurs but others, and they say that the cost is very difficult for them and very difficult for entering employees, we should listen to them.

“By the way, those of us that remember Lex Brodie’s survey that he did on the State Board of Education about five or six years ago showed that most new employees, and particularly those that are hired by small businesses because small business creates every two out of three new jobs in the State of Hawaii, for most of those new employees it takes the employer about 50 percent of the time to train that employee, in addition to whatever the demands and the procedures are of the job, in basic reading and mathematics and other skills which somehow were not acquired at the public school level. So, you’ve got on-the-job training. You’ve got compensation. You’ve got benefits as well, and then we want to force those amounts up.

“And in the restaurant industry, it’s a very special situation where the tip credit, as is true, is said that some states don’t

have it but most states do, and most states are higher than our current tip credit rate of 20 cents per hour. It’s a very important consideration because anybody that has ever worked in any restaurant – and I don’t care whether it’s on the Big Island, in a poor area, or whatever – any person that’s ever worked in a restaurant, they don’t work for salary or compensation, they work for tips. And if they are the least bit civil, let alone providing good service, a smile, and extra care, they make all of their money out of tips. So, to offset wages is not only a prudent and rational thing to do, but it is a realization of what the real world of economics are all about.

“So, here we are again telling businesses you must raise your minimum wage whether that person is actually worth that amount of money or not. It has this spiraling affect both upwards and downwards, because you have other employees, even though they’re getting more money they say, ‘well, I haven’t had a raise in awhile. I need a raise too.’ And the unions that are always at the forefront of pushing minimum wage increases, their workers, none of them are getting minimum wage, so you say they have no ax to grind, but of course they do because then they use that in future negotiations to try to push the raises ever higher.

“The cost of business is a cost that all of us as consumers pay. So, in addition to raising the general excise tax on poor people, you’re also going to raise the cost of goods and services, because to the extent that a business can, it will pass along additional cost – taxes, mandates, wages, whatever it is. To the extent that they cannot do that, they go out of business and then everybody loses – the business is not paying taxes and the employees do not have a job.

“Oftentimes, I hear people talking about compassion and sensitivity, and the most compassionate and sensitive thing to do is to have a business and investment climate that encourages more businesses, more competition, and more jobs to be created – not to put more roadblocks, more prohibitions, and more regulations in the way of both existing and new businesses, and particularly new entry level jobs. And that’s what we would do if we voted at this point to increase the minimum wage.

“Thank you.”

Senator Hooser rose in support of the measure and said:

“Mr. President, I rise in support of S.B. No. 294, minimum wage increase.

“Mr. President, we’re talking about raising Hawaii’s minimum wage to \$6.75, a 50 cents increase by January 1, 2006. I’m not the greatest at math sometimes. I kept doing it over and over again thinking it was going to be some huge amount, and 50 cents times 40 hours is \$20. I kept thinking it had to be more than that. It’s \$20 . . . \$20 a week we’re talking about raising the pay of the lowest paid people of our state. There are people here that think that that’s too much. It’s just beyond me, Mr. President.

“The misstatements of fact . . . I would say the previous speaker . . . you know, I was joshed for waving papers in the air, and the reason I’m waving papers is because I’m excited because I have the facts here, Mr. President. I have research. I have studies. I have the information that clearly refutes, and I could stand up here for a long time, but I won’t. The information that comes from 80’s research or points of views stuck in the 80’s about it’s bad for business, it’s bad for business, people don’t want it.

“The Pew Foundation, a nonpartisan organization, just completed a survey that says 82 percent believe that raising the

minimum wage is an important priority – 82 percent. Only the shrill voices of the extreme right wing conservatives still cling to the bad research and myths of the past, claiming that raising the minimum wage is bad for business.

“Hawaii has the lowest unemployment rate – that’s true – yet Hawaii ranks eighth, eighth in the nation for those holding multiple jobs. The people are working harder for less money.

“As the minimum wage stagnates . . . the minimum wage now is not even keeping up with inflation. If it kept up with inflation, it would \$7.64 today. So even the increases we’re considering passing today do not even keep up with inflation, Mr. President.

“Again, we’re not talking about a living wage – a wage that actually would take for a person to live a decent but basic life which is \$10.42 an hour. We’re talking about a sub-living wage and adding \$20 a week onto someone’s salary.

“This is about people, Mr. President. Minimum wage increases benefits for families and children. It lifts families out of poverty. Two out of three minimum wage workers are women. It was talked about all the people working in restaurants making all that money. I asked my staff to look in the Honolulu Advertiser and make an informal phone poll of different employers and this is not just restaurants, this is Blockbuster Video, Kentucky Fried Chicken, McDonalds, Aloha Airlines – \$7, wow, that’s a lot of money, K-Mart, Wal-Mart. These corporations are making billions of dollars in profits and paying minimum wage or just slightly over and we’re worried about paying them \$20 a week more.

“These are not teenagers alone. These are old people. These are senior citizens trying to eke out a living with their social security and make a little bit more money. When you go into McDonalds today, do you see all fresh faced teenagers? You might see some, but you see senior citizens. You see retirees.

“It’s time that we share our prosperity with low income workers. If not now, when? If not now, when? Hawaii is experiencing a spectacular economic boom period right now with expectations that this trend will continue, and we’re debating whether we want to pay or have these people earn another \$20 a week.

“For some in the chambers here, it’s like groundhog day from the 80s again. I don’t know if it’s the Gulf War syndrome or what, but it’s business is bad, business is bad. Every year it’s business is bad, business is bad. But the reality is business isn’t bad, business isn’t bad.

“Hawaii outperformed the United States in 2004 and is expected to continue this trend in 2005. Our economy is good. We have a booming economy. We have the lowest unemployment rate at 2.8 percent in the nation. We’ve led the nation for eight of the last twelve months. Bankruptcy filings have dropped for nine straight quarters. The real estate market is booming. Construction is booming. The visitor industry is booming. The Business Banking Council optimism index was at 138, the highest peak since it began. Bank of Hawaii’s business confidence survey suggested business confidence remains at peak levels. Business is booming. If not now, when? We’re talking about \$20 – \$20 a week for those that earn the very least in our community.

“The sky is not falling. Business is not bad. Business is not bad. Business is better than it’s ever been. If not now, when?

“The argument about when we raise the minimum wage, business is going to go bad. The truth is that when the federal

government raised the minimum wage in ’96 and ’97, unemployment fell. There was a slight increase in jobs even among teenagers, young adults, and others. It resulted in economic benefits to the working poor. It reduced turnover expenses, increased productivity for better, motivated, more stable workers.

“A growing body of empirical evidence in theoretical work has called into question the long held prediction that a higher minimum wage will reduce the number of jobs is from the Fiscal Policy Institute, 2004. In general, there is no valid research based rationale – no valid research based rationale for believing that state minimum wages cause measurable job losses. Policymakers should be aware that the facts clearly show that the benefits of such increases outweigh any potential cost. About 20 studies in the last decade show that modest hikes, \$20 a week, a modest hike in the minimum wage found no employment losses. This fact has been widely embraced since the 1995 studies, etc., etc.

“New Jersey was a very good study case. They found no employment losses – no employment losses – among New Jersey’s fast food restaurants when New Jersey increased the minimum wage. There are few credible reasons to oppose a minimum wage increase. This is a modest and responsible proposal to raise the wages of our lowest wage earners. The voices of business are extremely represented in this debate. Nationwide, they say that timing is not good. When is it ever good to raise the minimum wage if not now when business is booming and confidence is set for the coming years.

“Minimum wage is a tangible measure of how America views employer obligations to their workers. It sets a fair price when one side, the business, holds all the bargaining chips. I’ve been in business for many years and know what it’s like to make a payroll. Low-wage workers have little leverage, little voice, and little negotiating power in a low wage labor market. You try to organize in Wal-Mart and they fire you or they close the store. This is equally true for middleclass youth working to raise money for college as it is for a single mother supporting a family. Minimum wage is not just about helping the impoverished, it’s about fairness – the value of work and opportunity and the responsibility of employers.

“I encourage my colleagues on the Floor today to support \$20 a week for the people who need it the most and vote ‘yes’ on this bill. Thank you, Mr. President.”

Senator Trimble rose in opposition to the measure as follows:

“Mr. President, I rise to speak in opposition to this measure.

“Colleagues, I think it’s appropriate that the good Senator from Kauai retake economics 101. You have a choice between doing a mutatis mutandis analysis or ceteris paribus analysis. It is true that when you have a growing economy, you do not notice the effects of raising the minimum wage. But if this Body really were serious about the working poor, the lower middle class, then their votes earlier today would have been very different. They would have voted to raise the standard deduction. They would have introduced legislation like we did to raise the personal exemption and income tax. They would have lowered or eliminated the business tax.

“Mr. President, I support the concept of every worker earning \$100,000 a year, not in nominal terms but in real terms. You don’t get there by raising taxes. You get there by lowering taxes. The impact of raising the minimum wage will be felt most strongly on places, communities that are not in the urban Honolulu corridor. When you have a stimulated growing

economy in the urban corridor, you have problems with transportation. You have transportation congestion.

“You will have employers that find that they can operate at a breakeven or profitable basis by going out beyond the urban corridor because they can find workers that don’t want to travel into town and they can pay wages that are below the prevailing rate in the private sector in the urban corridor. This is the activity that we want to encourage. We want to encourage non-government employment growth in Ewa. We want to encourage it in Wahiawa, Kaunakakai, Hana. This is what happens in a growing economy when real estate prices, rents, and wages are above the average for the State. Employers look to go outside the urban corridor. That is what we need to happen.

“The title of the bill is wrong. We really should be calling this the part-time employment act of 2005, and let me tell you why. Members of this Body get up and say it is a shame that fewer people are covered by health coverage now than 30 years ago. If that really bothered them, then they would apply this rise in minimum wage to part-time workers and exempt those with health coverage. They do not.

“What happens to an employer’s cost of doing business, because of increases in the minimum wage and the domino effect it will have up the chain, when their cost of labor goes up? They will seek to reduce the number of fulltime workers and increase the number of part-time workers. That is why we have so many more residents than in any other State in the Union who will be fulltime workers working two to three part-time jobs. When they go and take part-time employment, they are actually taking jobs away that normally might go to teenagers or retired people. I don’t think that’s positive either.

“I’m going to be voting against this bill because of its impact on communities outside the urban corridor, because of its impact on teenage employment opportunity, on people that have already retired, and on people that have physical or mental disabilities that will have a harder time getting employed if we raise the minimum wage.

“Thank you, Mr. President.”

Senator Ihara rose with reservations and said:

“Mr. President, could you please note my reservations on this bill because it lacks an increased tip credit, and without a tip credit, the many great and local restaurants in Kaimuki and Kapahulu would be negatively impacted.”

The Chair so ordered.

Senator Kim rose with reservations also and said:

“Mr. President, will you also note reservations for me and also some of the comments of the previous speaker. Thank you.”

Senators Nishihara, Fukunaga, Hanabusa and Baker requested their votes be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Conf. Com. Rep. No. 152 was adopted and S.B. No. 294, S.D. 3, H.D. 1, C.D. 1, entitled: “A BILL FOR AN ACT RELATING TO EMPLOYMENT,” having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 5 (Hemmings, Hogue, Ige, Slom, Trimble).

On motion by Senator Hanabusa, seconded by Senator Taniguchi and carried, Conf. Com. Rep. No. 12 was adopted and S.B. No. 673, S.D. 2, H.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT MAKING APPROPRIATIONS FOR CLAIMS AGAINST THE STATE, ITS OFFICERS, OR ITS EMPLOYEES," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conf. Com. Rep. No. 44 (S.B. No. 1660, S.D. 2, H.D. 1, C.D. 1):

On motion by Senator Sakamoto, seconded by Senator Inouye and carried, Conf. Com. Rep. No. 44 was adopted and S.B. No. 1660, S.D. 2, H.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Trimble).

Conf. Com. Rep. No. 50 (S.B. No. 116, S.D. 2, H.D. 2, C.D. 1):

Senator Hee moved that Conf. Com. Rep. No. 50 be adopted and S.B. No. 116, S.D. 2, H.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Baker.

Senator Trimble rose with reservations and said:

"Mr. President, I stand to express reservations.

"We have a nursing shortage in this state. We came up with a nice piece of legislation and in the end we are appropriating, we are giving for this scholarship program because we have a nursing shortage, \$20,000 this year, nothing next year. I think the Senator from Waimanalo would say this is sham legislation.

"Thank you, Mr. President."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 50 was adopted and S.B. No. 116, S.D. 2, H.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO NURSES," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conf. Com. Rep. No. 103 (S.B. No. 1732, S.D. 1, H.D. 1, C.D. 1):

Senator Inouye moved that Conf. Com. Rep. No. 103 be adopted and S.B. No. 1732, S.D. 1, H.D. 1, C.D. 1, having been

read throughout, pass Final Reading, seconded by Senator Taniguchi.

Senator Trimble rose to speak in opposition to the measure as follows:

"Mr. President, I rise in opposition to this measure.

"Is this about pork or being President? Is this about pork and being President?"

"Mr. President, I think it's appropriate, if we're concerned with natural disasters, that we list all natural disasters and from that list, based upon the exposure, we appropriate money to do them in order. Since this reasonable process was not followed, I'll be voting against this measure.

"Thank you."

Senator Kokubun rose to support the measure and said:

"Mr. President, I stand in support of this measure.

"Mr. President, we have been very, very concerned about the water quality and the flood situation at Lake Wilson, and we think this is an appropriate measure to address those issues. For one thing, as you know, and I hope as many of our colleagues know, Lake Wilson is used as an irrigation source for many of the agricultural lands in that area. For that reason, we are very, very concerned about the water quality, and we are also very concerned about the overflow of Lake Wilson and the damage that it can cause not only to communities, but also to the agricultural industry there.

"I ask all my colleagues to support this measure. Thank you, Mr. President."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 103 was adopted and S.B. No. 1732, S.D. 1, H.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR A LOCAL FLOOD WARNING SYSTEM FOR LAKE WILSON," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Trimble).

Conf. Com. Rep. No. 107 (S.B. No. 807, S.D. 1, H.D. 1, C.D. 1):

On motion by Senator Taniguchi, seconded by Senator Inouye and carried, Conf. Com. Rep. No. 107 was adopted and S.B. No. 807, S.D. 1, H.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO SALARIES," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conf. Com. Rep. No. 108 (S.B. No. 960, H.D. 1, C.D. 1):

Senator Inouye moved that Conf. Com. Rep. No. 108 be adopted and S.B. No. 960, H.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Taniguchi.

Senator Slom rose in opposition to the measure as follows:

"Mr. President, I rise in opposition to the bill.

"I support the contents of the bill. The objective of the bill and what I object to is raiding the Hurricane Relief Fund by more than \$2 million.

"Thank you."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 108 was adopted and S.B. No. 960, H.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CIVIL DEFENSE," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Slom).

Conf. Com. Rep. No. 111 (S.B. No. 1250, S.D. 2, H.D. 2, C.D. 1):

On motion by Senator Kanno, seconded by Senator Sakamoto and carried, Conf. Com. Rep. No. 111 was adopted and S.B. No. 1250, S.D. 2, H.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC SCHOOL SUBSTITUTE TEACHERS," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conf. Com. Rep. No. 112 (S.B. No. 682, S.D. 2, H.D. 3, C.D. 1):

Senator Baker moved that Conf. Com. Rep. No. 112 be adopted and S.B. No. 682, S.D. 2, H.D. 3, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Chun Oakland.

Senator Baker rose in support and said:

"Mr. President, I have remarks I'd like to have inserted in the Journal in support of this measure. Thank you."

The Chair having so ordered, Senator Baker's remarks read as follows:

"Mr. President, I rise in support of S.B. No. 682.

"This is an important measure that will provide additional tools to monitor the sale of tobacco and ensure that minors are not able to purchase tobacco products thus helping to reduce the use of tobacco among Hawaii's youth. Studies have shown that 90 percent of current smokers began smoking before the age of eighteen. Meanwhile, cigarette companies are constantly targeting America's youth in their attempt to sell their deadly product to a new, younger market. Our best defense against these tactics is to provide enforcement agencies with a means of monitoring and limiting the sale of tobacco products. This bill offers provisions to do just that. S.B. No. 682 ensures strict standards for retailers who want to sell tobacco products and provides hefty penalties for those who do not comply with the law. The bill will establish a permit fee of \$20, not an onerous amount for retailers. More importantly, the bill will help us know when product is sold and ensure that product, without proper taxes paid, will not be sold.

"This is a very important measure from a public health standpoint and I want to thank the Attorney General and the Director of Taxation for their assistance in Conference to craft a bill on which we could all agree. The Center for Disease Control and Prevention lists measures like this as an important strategy to the prevention of underage smoking and as a deterrent to youthful addiction.

"S.B. No. 682 is an important public health bill. I urge all my colleagues to vote for this measure."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 112 was adopted and S.B. No. 682, S.D. 2, H.D. 3, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO TOBACCO," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conf. Com. Rep. No. 113 (S.B. No. 802, S.D. 2, H.D. 1, C.D. 1):

Senator Baker moved that Conf. Com. Rep. No. 113 be adopted and S.B. No. 802, S.D. 2, H.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Menor.

Senator Slom rose to speak in opposition and stated:

"Mr. President, again I'm forced to rise in opposition to this bill.

"I supported the bill all through the legislative process until the Conference Committee until a special fund was inserted on page 8, and so I'll be voting 'no.'

"Thank you."

Senator Baker rose to speak in support of the measure and said:

"Mr. President, I rise in support of this measure.

"Perhaps the good Senator wasn't aware that the special fund was in there all along because this measure is to be funded totally by rebates from drug manufacturers. This is the bill that will establish a state pharmacy assistance program to take care of the dual eligibles who, come January 1, 2006, will not be eligible for Medicaid drug benefits any longer. They are going to be pushed off to Medicare, so they'll have to pay for their prescription drugs in the form of co-payments for the first time.

"The fund is designed to receive any of the rebates from drug manufacturers that the Director of Human Services is able to negotiate in order to pay the co-payments of formerly eligible Medicaid recipients.

"Thank you."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 113 was adopted and S.B. No. 802, S.D. 2, H.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO A STATE PHARMACY ASSISTANCE PROGRAM," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Slom).

Conf. Com. Rep. No. 114 (S.B. No. 27, S.D. 1, H.D. 1, C.D. 1):

Senator Chun Oakland moved that Conf. Com. Rep. No. 114 be adopted and S.B. No. 27, S.D. 1, H.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Tsutsui.

Senator Chun Oakland rose to support the measure and said:

"Mr. President, I stand in support of this measure.

“This measure, in part, funds the Kapiolani Medical Center Women and Children’s Care Program, Child at Risk Evaluation Program. It is a program that provides comprehensive health assessment for children entering the Child Welfare Services System. With the funding in this bill and in another bill that we will be voting on, it will continue this important program that strengthens the Hawaii Child Welfare Service System.

“This is something that could not be funded or was not proposed to be funded in the executive budget, but we were able to find resources so that in fact the performance improvement plan that Hawaii is trying to achieve to improve our child welfare system will in fact be a positive thing.

“I also would like to note that in the committee report there is a sentence that references non-school hour programs that was inappropriately put into the committee report. I just wanted to note that for the record.

“Thank you, Mr. President.”

The motion was put by the Chair and carried, Conf. Com. Rep. No. 114 was adopted and S.B. No. 27, S.D. 1, H.D. 1, C.D. 1, entitled: “A BILL FOR AN ACT MAKING AN APPROPRIATION FOR THE KAPIOLANI CHILD AT-RISK EVALUATION PROGRAM,” having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conf. Com. Rep. No. 118 (S.B. No. 1814, S.D. 2, H.D. 2, C.D. 1):

Senator Sakamoto moved that Conf. Com. Rep. No. 118 be adopted and S.B. No. 1814, S.D. 2, H.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Kokubun.

Senator Kim requested her vote be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Conf. Com. Rep. No. 118 was adopted and S.B. No. 1814, S.D. 2, H.D. 2, C.D. 1, entitled: “A BILL FOR AN ACT RELATING TO IMPACT FEES,” having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Hemmings, Hogue, Slom).

Conf. Com. Rep. No. 119 (S.B. No. 1643, S.D. 2, H.D. 2, C.D. 1):

Senator Sakamoto moved that Conf. Com. Rep. No. 119 be adopted and S.B. No. 1643, S.D. 2, H.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Kokubun.

Senator Ihara rose to speak in support of the measure with reservations as follows:

“Mr. President, I rise in support of this bill with reservations.

“I have reservations and, with my apologies, I have some annoyance about this bill because it is not in conformance with fundamental open government principles. There is a Section in the C.D. 1, Section 6, page 16, that exempts charter schools from Chapter 92, the sunshine law. This amendment was not in the House or Senate draft when it went into Conference and that is not an insurmountable problem because there’s Rule 12 of Conference Procedures that says exceptions to these procedures

may be made only with advance written approval of both the Senate President and the House Speaker, and there was no such advance approval.

“Nevertheless, on the substance I had asked the Office of Information Practices to tell me what the impact of this amendment was and I’ll quote from a letter from the Office of Information Practices. It says about this amendment, ‘Among other things, this means that charter school boards will not be required to allow non-school members, including parents of charter school children, to attend or offer testimony at their meetings. The charter school boards will not be required to announce publicly when they meet, where they’re meeting or what they’ll be considering. The charter school boards will not be required to keep minutes. In other words, decisions can be made by charter school boards with this amendment without public participation, public scrutiny, or public notice.’

“This concerns me and the bill I think is a good bill except for this, and it’s not enough of a problem to me – I hope we’ll fix it in the future – to vote ‘no.’ So, I’m voting in favor with reservations.

“Thank you.”

Senator Trimble requested his vote be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Conf. Com. Rep. No. 119 was adopted and S.B. No. 1643, S.D. 2, H.D. 2, C.D. 1, entitled: “A BILL FOR AN ACT RELATING TO EDUCATION,” having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conf. Com. Rep. No. 123 (S.B. No. 1620, S.D. 2, H.D. 2, C.D. 1):

Senator Chun Oakland moved that Conf. Com. Rep. No. 123 be adopted and S.B. No. 1620, S.D. 2, H.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Baker.

Senator Slom rose to speak in opposition and said:

“Mr. President, I rise in opposition to the bill.

“While I certainly support most of the human services appropriations, I don’t support the raiding of the rainy day fund to pay for them. Thank you.”

The motion was put by the Chair and carried, Conf. Com. Rep. No. 123 was adopted and S.B. No. 1620, S.D. 2, H.D. 2, C.D. 1, entitled: “A BILL FOR AN ACT RELATING TO STATE FUNDS,” having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Hogue, Slom, Trimble).

Conf. Com. Rep. No. 125 (S.B. No. 617, S.D. 1, H.D. 1, C.D. 1):

Senator Hanabusa moved that Conf. Com. Rep. No. 125 be adopted and S.B. No. 617, S.D. 1, H.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Taniguchi.

Senator Trimble rose in opposition to the measure as follows:

"Mr. President, I stand in opposition to this measure because it exempts from the payment of central service and department assessments, and I believe that we should look to the Legislative Auditor to make a determination about all funds and not just exempt them from case to case as time goes by.

"Thank you."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 125 was adopted and S.B. No. 617, S.D. 1, H.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO COURT INTERPRETER SERVICES," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Trimble).

Conf. Com. Rep. No. 127 (S.B. No. 813, S.D. 2, H.D. 2, C.D. 1):

Senator Kanno moved that Conf. Com. Rep. No. 127 be adopted and S.B. No. 813, S.D. 2, H.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Taniguchi.

Senator Slom rose in opposition as follows:

"Mr. President, I rise in opposition to this bill.

"Originally, this bill had to do with unemployment compensation benefits and the federal Reed Act, but it has been amended tremendously and one of the sections mandates that the Oahu Workforce Investment Board must partner with Leeward Community College to provide federal Wagner-Peyser services for immigrants from the Freely Associated States of Micronesia. We talked about this before as a separate measure over the last couple of years. To mandate and force the development board to do this is I think is wrong.

"Even more wrong is the fact that out of this bill, \$1,650,000 shall be allocated to the Hawaii Workforce Investment Board provided that it shall partner with the DLIR to provide Wagner-Peyser services for the eradication of coqui frogs. Mr. President, I think we should kill the little devils or stir-fry them, as the Mayor of the Big Island says, but to take money out of the unemployment compensation fund, which is paid for entirely by employers, under the guise of expanding unemployment benefits, for coqui frogs is wrong, wrong, wrong!

"Thank you."

Senator Trimble rose in opposition also and said:

"Mr. President, I think the good Senator from Hawaii Kai missed one point. This measure also says that no money will be released to DLIR until the total amounts to be allocated to the county have been already released, and I think that's wrong also.

"Thank you."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 127 was adopted and S.B. No. 813, S.D. 2, H.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO EMPLOYMENT SECURITY," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Hogue, Slom, Trimble).

Conf. Com. Rep. No. 135 (H.B. No. 109, H.D. 1, S.D. 2, C.D. 1):

Senator Kokubun moved that Conf. Com. Rep. No. 135 be adopted and H.B. No. 109, H.D. 1, S.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Hanabusa.

Senator Hooser rose in support and said:

"Mr. President, I would like remarks in support inserted into the Journal please."

The Chair having so ordered, Senator Hooser's remarks read as follows:

"I rise to speak in support of H.B. No. 109.

"It is my understanding that a prior conference draft of this bill would have allowed country clubs and related facilities that had been previously approved by the county to be grandfathered. I appreciate the conferees removing this language. Had the language remained in the bill, it may have caused this body to inadvertently interfere in the on going Hokulia litigation. As passed by the conferees, however, it is my understanding that it will have no effect on the Hokulia litigation. I therefore wholeheartedly support this measure.

"I disagree with this measure's Conf. Com. Rep. No. 135, which states:

'It is the intent of your Committee on Conference that section 205-4.5(d), Hawaii Revised Statutes, also applies to golf-related facilities as a permitted use within the agricultural district if approved by a county before July 1, 2005.'

"That language was REMOVED from a previous conference draft of the bill and is not contained in the measure before us today. The intent of this measure is to only allow golf courses and golf driving ranges – not other facilities – in the ag district if they received final approval by a county prior to July 2005."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 135 was adopted and H.B. No. 109, H.D. 1, S.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO LAND USE COMMISSION," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Conf. Com. Rep. No. 139 (H.B. No. 1528, H.D. 2, S.D. 2, C.D. 1):

Senator Taniguchi moved that Conf. Com. Rep. No. 139 be adopted and H.B. No. 1528, H.D. 2, S.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Inouye.

Senator Trimble rose to speak in opposition to the measure and said:

"Mr. President, I rise in opposition to this measure because I see no relationship in terms of the level of responsibility and the size of the organization between the head of various legislative agencies and that of the Director of the Department of Health – a department that has the budget of \$1.1 billion and whose employees number approximately 3,200. And because I don't see any nexus, I'm compelled to vote against this measure.

"Thank you."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 139 was adopted and H.B. No. 1528, H.D. 2, S.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC EMPLOYEES," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Hogue, Trimble).

Conf. Com. Rep. No. 142 (H.B. No. 263, S.D. 1, C.D. 1):

Senator Kanno moved that Conf. Com. Rep. No. 142 be adopted and H.B. No. 263, S.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Taniguchi.

Senator Hogue rose with reservations and said:

"Mr. President, please note my reservations on this particular measure.

"I have no problem with the fact that we're going to end up making an appropriation for these workers. My reservations have to do with the fact that I think we need to repeal the binding arbitration process and I wanted to note that for the record.

"Please note my reservations. Thank you."

Senator Kanno rose in support and said:

"Mr. President, I would like to have some comments inserted into the Journal in support."

The Chair having so ordered, Senator Kanno's remarks read as follows:

"Mr. President, I rise to speak in support.

"The Governor has spoken out against the binding arbitration award, claiming that the arbitrator made many mistakes in formulating the award, including that inappropriately considering the wages paid to employees outside of the State. She has also intimated that the award is indicative of a trend of binding arbitration that results in totally depleting state revenues increases in order to pay for collective bargaining salary increases.

"The Governor's criticism of the arbitrator's deliberations is misplaced, as the Hawaii Revised Statutes, specifically provides that a factor proper for the arbitrator's consideration is the 'comparison of wages, hours, and conditions of employment of the employees involved in the arbitration proceeding with the wages, hours, and conditions of employment of other persons performing similar services, and of other state and county employees in Hawaii.' Additionally, that same statute also authorizes the arbitrator to consider any other factors that are commonly utilized in determining wages, hours, and conditions of employment in collective bargaining, mediation, or arbitration in public employment. Therefore, if the examination of wages of other employees performing services similar to the HGEA employees outside of Hawaii was warranted, the arbitrator could have properly considered this.

"Mr. President, the Governor has not similarly attacked comparable pay increases that have also recently been authorized by the Governor for other bargaining units, including a 9.56 percent pay increase over the next two years for teachers, an arbitration award of a 2 percent increase every six months over a period of two years for firefighters, and an arbitration

award of 16 percent over a period of four years for police officers. The pay increases provided in this measure for HGEA employees is completely in line with those provided for these units.

"Additionally, the Governor orchestrated the unprecedented agreement with the University of Hawaii Professional Assembly, which provided for a 31 percent increase over a six-year period. Within the UHPA agreement, year four yields a 5 percent increase, of which the State is responsible for 4 percent; year five yields a 9 percent increase, of which the State is responsible for 6 percent; and year six yields an 11 percent increase, of which the State is responsible for 8 percent. Although the University will bear a portion of the cost in years four through six, the State is responsible for the majority of the increase, and they are greater than the HGEA raises.

"Mr. President, these numbers demonstrate that the HGEA raises are not in any manner extraordinary. Indeed, it is the Governor herself who set the bar in the 4-5 percent range for salary increase through negotiations and the approval of arbitrated agreements with the other bargaining units.

"Finally, and most importantly, the HGEA employees deserve the pay increases. They provide valuable services essential to the continued provision of effective and efficient government operations, and we must always endeavor to properly compensate these dedicated public servants in recognition of their hard work and commitment.

"Mr. President, this measure represents a fair award for adequately compensating our valued state employees. Thank you."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 142 was adopted and H.B. No. 263, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT MAKING APPROPRIATIONS FOR SALARY INCREASES FOR PUBLIC EMPLOYEES," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Slom).

Conf. Com. Rep. No. 144 (H.B. No. 1599, S.D. 1, C.D. 1):

On motion by Senator Kanno, seconded by Senator Taniguchi and carried, Conf. Com. Rep. No. 144 was adopted and H.B. No. 1599, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT MAKING APPROPRIATIONS FOR COLLECTIVE BARGAINING COST ITEMS," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Slom).

Conf. Com. Rep. No. 146 (H.B. No. 1308, H.D. 1, S.D. 2, C.D. 1):

Senator Kokubun moved that Conf. Com. Rep. No. 146 be adopted and H.B. No. 1308, H.D. 1, S.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Taniguchi.

Senator Slom rose in opposition to the measure and said:

"Mr. President, I rise in opposition to the bill.

"Again, this is another tax increase bill. This time it's conveyance tax. The argument is, well it's only for the expensive properties of \$600,000 or more that will go up, but

last time I checked, that is the range of the median price of housing on both Oahu and the neighbor islands.

“Thank you.”

Senator Kokubun rose to speak in support and stated:

“Mr. President, I rise in support of this measure.

“Mr. President, I think this is a landmark issue for this Legislative Session. I want to really appeal to my colleagues here to support this measure and I think I will get their support.

“We have always looked at the dynamic change that is going on here in Hawaii and we really need to take the appropriate steps to preserve some of our significant lands for future generations. Mr. President, this bill will allow us to do that.

“Yes, it is pegged to an increase to the conveyance tax. Although, frankly, our research indicates that by using the \$600,000 figure as a threshold, we have determined that a vast majority, over 90 percent of the sales that took place in Hawaii in 2004, actually were below the \$600,000 threshold. So we need to remind everyone that in fact the conveyance tax rate for purchases below \$600,000 will remain as it is, and I think in that regard it will not have a negative impact in terms of raising the conveyance tax for over 90 percent of the subject transactions.

“So again, I think the value or the benefit that this will provide for the future generations of Hawaii is extremely essential and I think that this is a necessary bill that we must pass.

“Thank you.”

Senator Menor rose in favor with reservations and said:

“Mr. President, I just want the record to note the fact that I’ll be voting in favor of this measure, but with reservations.”

Senator Hemmings rose to speak against the measure and said:

“Mr. President, I rise to speak against this bill.

“Mr. President, first of all I want to laud the Chairman of the Water, Land, and Agriculture Committee for this noble effort in saving legacy lands, but where I part company with the Majority Party is increasing taxes to pay for it. It seems that every time we have a goal that is something that would benefit our people, the only solution we have is to raise the tax somewhere to pay for it when there are clearly alternatives.

“As I spoke about the alternatives to raising the excise tax for a fixed rail system, there are alternatives to this where we could indeed preserve legacy lands or those lands that we deem special for future generations. Number one alternative is to trade land. The biggest landowner in the State of Hawaii is the State of Hawaii. We do have a great amount of land that could be traded easily for some lands that we deem legacy lands. Another alternative is tax credits – give the owners of this land tax credits to relinquish it to the state so that the taxpayers would not have to have an increase in their taxes to help pay for it. Another alternative, and this is making more and more sense, is to have the Hawaii Tourism Authority take out of their \$60 million-plus budget every year some money to help pay to preserve the product that everybody here loves so much – the product being the natural beauty and legacy lands of Hawaii.

“We’ve already, in my estimation, hit the point of diminishing returns with visitor arrivals. We’re putting band-aids over problems as result of too many tourist, such as a number of bills that were passed to preserve the Waianae coast with the inundation of the tourist industry. Maybe rather than promoting more tourists coming here, we could use that considerable sum of the money to partially pay for legacy lands.

“Another alternative is partnerships with companies that are like Nature Conservancy where you have public/private partnerships. It is a laudable goal and the Chairman of the Committee and the Vice-Chair, I might add, have done an excellent job with this bill. It’s unfortunate we have to pay for tax increases. I do want to dispute the tax increase being for a very minor number of people. It kicks into properties over \$600,000 and the medium priced home on Maui right now is over \$600,000. On Oahu it’s \$550,000, so this will impact a lot of people that are trying to buy a home.

“It is a tax increase. The resources are there and alternatives are there to pay for legacy lands without any tax increase, therefore I will be voting ‘no.’ Thank you, Mr. President.”

Senator Trimble rose to speak in opposition and said:

“Mr. President, I also rise in opposition to the measure.

“Great title. I do want to note that the State of Hawaii already owns, I believe, about 1/3 of the land in the state, and so I would like to get some sense going forward how much more land do we have to acquire until we’re satisfied. We can always find some parcel someplace that a case can be made that it should be acquired by the state.

“But the thing that’s even more troubling is that if all the money that was going to be collected, all the \$36 million that was going to be collected was going to go for the purchase of legacy land, a good case could be made, but it appears that 35 percent is going to be transferred into the state general fund. So, one could say that we’re raising the conveyance tax so that we can pay our public sector employees the increase in wages that has just been granted. I think that’s wrong.

“Thank you, Mr. President.”

Senator Hooser rose in support of the measure and said:

“Mr. President, I rise in support with just some brief remarks.

“I’d like to make a point for the record that the Counties of Maui and Kauai, two or three years ago, overwhelmingly by referendum supported the concept of using county funds for similar purposes and this is a wonderful addition to that effort. It will allow the community to leverage funds from different sources to preserve open space and buy property.

“I’d just like to comment that it’s not all about just buying land, sometimes it’s preserving a waterfall or preserving a trail to a beach. Those of us that live in rural communities know that these types of assets and natural resources are slipping away far, far too quickly. There are many in my community who can’t go fishing where they used to go fishing. You can’t see the view where you used to see it, and perhaps living in urban Honolulu you forget that sometimes. I know that being here and working during the Session, sometimes I’m in this building what seems like 24 hours a day, but when I go home, as I’m sure many of you who live in the rural areas know, you really appreciate the value of a view, the value of public access, the value of a waterfall.

"These funds will go towards preserving those things because we can't get them back, Mr. President and colleagues. Once they are gone, they're gone, and we need to think and preserve the future for multiple generations from now, not just today.

"In addition, Mr. President, I'd like to say that there's a direct nexus, in my opinion in my community, between these funds and the use to which they are going to be put. In my community, I would wager that if you did a median sales price of homes by local residents, you would find the local residents aren't buying too many homes these days and the vast majority of the homes being purchased in my community – I can't speak for every district – are out-of-state investors, speculators, vacation homes and those are the same homes, the same developments that are blocking off these accesses, buying up exciting local residences and driving up the cost of housing.

"We have a project in our community now with 1,500 homes, all of them in excess of \$1 million and all of them for vacation rentals. None of them will be for local residents. I believe these people deserve and can afford to pay to help preserve the natural resources.

"One element that's missing in the debate so far is the impact on affordable housing. This bill will result in approximately \$10 million into the rental housing trust fund – a significant amount of money that will be used to build new affordable housing units throughout the state.

"It's a good bill. It's good for the environment. It's good for affordable housing, and for those reasons and others, I encourage my colleagues to vote in support. Thank you."

Senator Kokubun rose in rebuttal and said:

"Mr. President, if I may rise in brief rebuttal.

"The good Senator from Waikiki did mention the fact that there is money going into the general fund from the conveyance tax revenues. But just for the record, Mr. President, at the current time, the distribution formula is 50 percent of the revenues from the conveyance tax go into the general fund. The way we have now redistributed the money is that only 35 percent – 15 percent less – will be going into the general fund because this Legislature saw the need to support the legacy lands program as well as to provide additional money for our rental housing trust fund to ensure that we will be able to develop more affordable units for those in need of housing.

"Thank you, Mr. President."

Senator Hemmings rose and said:

"Mr. President, real briefly to set the record straight.

"Legacy lands and the state ownership is allegedly an excuse for preserving these lands. I want the record to show some of the properties that are currently owned by the state that local people have a difficult time getting to. One is this place called Hanauma Bay – a place where, when I was a kid, we used to go and play. There's a blowhole there called toilet bowl. You can't get there anymore – too many tourist.

"On the beautiful Island of Kauai, in my estimation, the North Shore of Kauai is probably one of the most beautiful places on earth. There is a state trail there at Haena at the end of the road. It's really fun to hike into Hanakapiai, but guess what – it's state owned; it should be protected – you have to get there at about 6:30 or 7:00 in the morning to get parking so you can hike into the trail. The state owns it. Could we call it

legacy lands? Has the state steward been preserving those lands? No. We're spending \$60 million to bring more tourists to close off that trail even more for local people.

"How about a trail owned on this island? We're all local people. We love to go hiking. Try to go to Manoa Falls . . . can't do it. It's state owned land. You might say it's a legacy land. It's a beautiful falls, similar to the ones spoken about by the good Senator from Kauai . . . can't get there.

"Raising taxes for the state to acquire land under the guise that the state is going to protect it as legacy lands is just not true and it doesn't make sense. I would feel a lot better if organizations like the Nature Conservancy and others who are professionals at protecting resources like this had title to it, rather than the State of Hawaii.

"Thank you, Mr. President."

Senator Baker rose in support of this measure as follows:

"Mr. President, I rise in support of this measure.

"I think the good Senator from the other side of the island (laughter) actually made a case for this bill when he talked about the importance of partnering with nonprofits and folks like the Nature Conservancy because that's exactly what's envisioned by this bill.

"On Maui, we have the Maui Coastal Land Trust and they're a private, nonprofit. Maui Coastal Land Trust has been partnering with the County of Maui and with private land owners and others as well to acquire significant lands to hold them in trust to make sure that they stay an open space and they're protected.

"The funding mechanism and the funding provided in this bill will actually encourage more efforts on the part of the Nature Conservancy and the Maui Coastal Land Trust to do just the kinds of things that the good Senator was concerned about. With this bill we can have these significant resources preserved for all of us to enjoy.

"I urge all my colleagues to vote 'yes' on this bill."

At 5:29 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 5:31 o'clock p.m.

Senator Hee rose at this time and said:

"Mr. President, I move the previous question."

Senator Whalen stated:

"I second the motion."

The motion to move the previous question was then put by the Chair and carried by not less than three-fifths vote of all the members to which the Senate is entitled.

The President then said:

"Could we have a short recess please?"

Senator Whalen interjected:

"Point of order. I don't think we can. The motion carried, therefore we have to vote now."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 146 was adopted and H.B. No. 1308, H.D. 1, S.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO LAND CONSERVATION," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 6 (Hemmings, Hogue, Ige, Slom, Trimble, Whalen).

Conf. Com. Rep. No. 166 (H.B. No. 844, H.D. 1, S.D. 2, C.D. 1):

Senator Sakamoto moved that Conf. Com. Rep. No. 166 be adopted and H.B. No. 844, H.D. 1, S.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Kanno.

Senator Slom rose to speak against the measure and said:

"Mr. President, I'll be voting 'no' on this bill because it does include a special fund. Although it says it's a fund outside of the regular fund, it is a cadet teacher's special fund."

Senator Sakamoto rose to speak in favor of the measure and said:

"Mr. President, I rise in favor of this bill just briefly.

"The teacher cadet program, for which high school students were here a few weeks ago, is an excellent program. This doesn't fund it, but creates a structure.

"It also urges the University of Hawaii to get teachers through their system quicker, ideally in four years. It also has a provision for the department to pay the new hired teachers quicker even if they just pay them partially. There are several parts dealing with licensing reciprocity with the Teacher Standards Board.

"I feel or some of us feel that the teacher shortage or retaining teachers is one of the most important things we need to do now to help education, so I urge everybody to vote in support.

"Mr. President, normally I do some sort of a matrix of education bills, can this be inserted into the Journal? And earlier when I was talking about H.B. No. 100, I have a similar insert, can that be included as well?"

The Chair having so ordered, Senator Sakamoto's inserts are identified as ATTACHMENTS "A" and "B" to the Journal of this day.

Senator Hemmings rose in favor of the measure and said:

"Mr. President, I rise to speak in favor of this bill.

"For the record, I want to set the record straight regarding some myths about public education. It wasn't too long ago that the mantra of those wishing to throw more money at public education was saying it was under-funded. We did point out through the budget process that with close to \$2 billion and 182,000 children, that's over \$10,000 per child in the public education system. Of course the problem with the money is not that it's not enough – the problem is management.

"Regarding the alleged teacher shortage, there are a number of perspectives on it. But probably the best are the numbers again – there are over 13,000 teachers that are members of the

Hawaii State Teachers Association, but only a little over 9,000 that are in the classrooms. The rest are in the bureaucracy.

"The real problem with education is not lack of money and not lack of good teachers, it's lack of good management and nothing has been done to change that.

"Thank you, Mr. President."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 166 was adopted and H.B. No. 844, H.D. 1, S.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Slom).

Conf. Com. Rep. No. 168 (H.B. No. 1304, H.D. 1, S.D. 2, C.D. 1):

On motion by Senator Baker, seconded by Senator Menor and carried, Conf. Com. Rep. No. 168 was adopted and H.B. No. 1304, H.D. 1, S.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 4 (Hemmings, Hogue, Slom, Whalen).

Conf. Com. Rep. No. 171 (H.B. No. 160, H.D. 2, S.D. 1, C.D. 1):

Senator Menor moved that Conf. Com. Rep. No. 171 be adopted and H.B. No. 160, H.D. 2, S.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Taniguchi.

Senator Hogue rose in opposition to the measure and said:

"Mr. President, I rise in opposition to this particular measure.

"Because I said nothing is more blessed than those who are brief, I said that earlier in the Session, I will insert my comments into the Journal. Thank you."

The Chair having so ordered, Senator Hogue's remarks read as follows:

"Mr. President, I rise to speak in opposition to this bill.

"I object to this bill's attempt to micromanage DCCA and take away much of their autonomy, even though DCCA is widely viewed in the business community as one of the best run agencies in state government. In particular, I strongly feel we should not cap the assessments of the insurance sub-account at \$5 million per year in perpetuity. This cap feels arbitrary – it was at \$4 million in a prior draft, now it's at \$5 million. How was this number arrived at? Did the Conference Committee throw darts or go Jan-Ken-Po? If members of this Legislature feel that DCCA is overcharging for a particular insurer, why not just meet with Mark Recktenwald and talk about how they calculated the assessment and whether those charges are appropriate? We've seen ample evidence that DCCA is eager to lower charges whenever justified – why are we trying to second-guess the experts here without first talking to them?"

"I urge all my colleagues to vote 'no.'"

The motion was put by the Chair and carried, Conf. Com. Rep. No. 171 was adopted and H.B. No. 160, H.D. 2, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE

COMPLIANCE RESOLUTION FUND," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 4 (Hemmings, Hogue, Slom, Trimble).

SIXTIETH DAY

Thursday, May 5, 2005

The Senate of the Twenty-Third Legislature of the State of Hawaii, Regular Session of 2005, convened at 11:10 o'clock a.m. with the President in the Chair.

The Divine Blessing was invoked by the Reverend Shigenori Makino, Honpa Hawaii Betsuin, after which the Roll was called showing all Senators present.

The President announced that he had read and approved the Journal of the Fifty-Ninth Day.

MESSAGES FROM THE GOVERNOR

The following messages from the Governor (Gov. Msg. Nos. 858 to 861) were read by the Clerk and were placed on file:

Gov. Msg. No. 858, dated May 3, 2005, transmitting her statement of objections to Senate Bill No. 74 which she has returned to the Senate without her approval and which reads as follows:

“EXECUTIVE CHAMBERS  
HONOLULU

May 3, 2005

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 74

Honorable Members  
Twenty-Third Legislature  
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 74, entitled ‘A Bill for an Act Relating to Highway Safety.’

The purpose of this bill is to allow drivers who are at least eighteen years of age to be issued commercial driver’s licenses to drive in intrastate commerce, except vehicles to be used in the (1) transportation of passengers in school vehicles, (2) operation of larger trailer-type vehicles (over 26,100 GVW), and (3) transportation of hazardous materials.

I am vetoing this measure based on extensive research that has unequivocally demonstrated it is not sound public policy to use inexperienced drivers to operate large commercial vehicles. The data come from studies of young truck drivers overseas and in those few states that legally permit drivers under age 21 to operate trucks in intrastate commerce.

Numerous studies compiled by the National Center for Statistics and analysis have documented that younger drivers have more accidents. For example, according to the Insurance Institute for Highway Safety, the rate of motor vehicle deaths per 100,000 drivers age 18 to 20 was nearly twice that of drivers ages 21 and older. Studies of young people driving trucks show that there are 4.3 to 6.2-fold increases in the fatal crash risk among drivers younger than 21. The Insurance Institute for Highway Safety along with the Center for Army Lessons Learned reported that during Operations Desert Storm and Desert Shield soldiers younger than 21 were hospitalized for motor vehicle accidents five times more often than soldiers 40 years or older. A 1996 University of Michigan study found younger truck drivers have more moving violations than those

at an older age and a higher proportion of accidents involving loss of vehicle control.

The issue of how old a person must be to drive a large truck or bus has been debated frequently at the national level. Federal statutes require that drivers must be at least 21 years of age to qualify to drive interstate commercial vehicles. This rule was reaffirmed as a federal policy as recently as 2003. Forty-four states recognize the same standard for intrastate vehicles.

Despite efforts by the Legislature to restrict the types of commercial vehicles younger drivers could operate in Hawaii, this legislation contradicts the premise behind the graduated driver’s license program. That program recognizes that younger drivers are prone to take more risks and jeopardize both themselves and others on our roadways.

While the industry is understandably concerned with the shortage of commercial drivers, there is no demonstrated evidence this bill would alleviate these concerns. On balance, the safety and welfare of the people of Hawaii must be our first and foremost priority.

For the foregoing reasons, I am returning Senate Bill No. 74 without my approval.

Respectfully,

/s/ Linda Lingle  
LINDA LINGLE  
Governor of Hawaii”

Gov. Msg. No. 859, informing the Senate that on May 3, 2005, she signed into law Senate Bill No. 1235 as Act 40, entitled: “RELATING TO ELDERLY CARE.”

Senator Hanabusa rose in support of the nominee and said:

"Mr. President, I stand in of Jud. Com. No. 2, submitting for consideration and confirmation to the District Court of the First Circuit, State of Hawaii, Judicial Nominee Jennifer L. Ching.

"Mr. President, members, Jennifer Ching came down at, for lack of a better description, the eleventh hour of this Session. I'd first like to thank the members of the Judiciary Committee for taking the time to hear the nominee and also for those members who took the time out to meet the nominee at a coffee hour and making time for her during that period of time. As

you all know, we have the constitutional time constraints and I'm very glad that we were able to cooperate and get Jennifer Ching out. The primary reason is that she is an excellent candidate and one that I hope that we will all consent to today.

"Jennifer Ching is a local girl. The good Senator from Maunawili and the good Senator from Volcano share one thing in common with her and that of course is she is a Punahou graduate. She went to Lewis and Clark and got her Bachelor's as well as her law degree. Upon return to Honolulu, she practiced for a predominantly labor firm of Gill Park Park & Kim and then to a corporate law firm of Chun Kerr & Dodd. From 1982 to the present time, Jennifer Ching has been practicing in the prosecutor's office.

"Jennifer is described by one of her colleagues and the people who came before us in an extremely positive light. This one person said of her, 'as supervisor of the domestic violence and family court teams, Ms. Ching treats those she supervises with great care and respect. Despite carrying a full caseload, Ms. Ching routinely assigns the most difficult cases to herself instead of passing them off to others. During the past 15 years, there were several instances where her team was shorthanded for months and when new deputies without much experience were assigned to work under her, notwithstanding whatever difficult circumstances she faced, Ms. Ching rose to the occasion.'

"Mr. President, for those who were not able to meet with Ms. Ching, I want you to know that your first impression is that she's such a bubbly person. She's so excited about the prospect of being a judge. That's okay, except you've got to realize she's being excited about being a prospect of a family court judge on a district court level. Now that means she has to have certain characteristics to continue in that positive mode – one is a lot of patience, a lot of compassion, and just sheer fortitude, because one of the things that Ms. Ching has done over these years, and you must meet her and look at her disposition to wonder why and how can she continue to do it, she now does family court for the prosecutors and probably in the most difficult of areas, the abuse – helping children, as she said, who have been hurt and who need to be understood.

"Ms. Ching said something very interesting. I asked her a question about why this kind of work doesn't get to her after a while, because she's so positive about it. I said you're seeing probably the worst that you would want to see in society – children being hurt, children being abused – and she's a mother herself. And she said she has found that it is her commitment to family that has given her that inner strength to do what she does.

"One of the funniest things she said was that after she became a prosecutor and went through all of this, she thanked her mother and she told her mother she was very grateful for an uneventful childhood, because it is that uneventful childhood that has managed to so well ground her that she can do what she does.

"Mr. President, for the past two nominees, Mr. Nacino and Ms. Ching, your Committee on Judiciary and Hawaiian Affairs were very impressed by them because the district court level is really the people in the trenches, continually in the trenches. They are the ones who most people come in contact with.

"I must add, Mr. President, I don't believe that we could have a better person going on to the family court, which we know has been plagued with trouble, than someone like Jennifer Ching. And for that reason, Mr. President, I ask that you and my colleagues join me in consenting to the nomination of

Jennifer Ching to the District Court of the First Circuit of the State of Hawaii.

"Thank you, Mr. President."

Senator Slom rose to speak in support of the nominee and stated:

"Mr. President, colleagues, I rise also in support of the nominee, Jennifer Ching.

"I first want to thank the Chair of the Judiciary Committee and Judiciary Committee members for expediting this matter, because as we all know, we certainly need more and better judges. With Jennifer Ching, we have one of the best possible judges we could have.

"The good Chair of the Judiciary Committee gave you a lot of her background. I want to remind you she's been a prosecuting attorney for 23 years and she's been assigned to all major trial divisions, including the career criminal unit, so she has a great deal of experience in that area as well.

"The last 14 years at the prosecutor's, she has spent that, as was mentioned, with the family court. She's handled many sexual assault cases, particularly those involving child victims. I think many people may recall that probably the most important incident that she was involved in, the best known case, involved a defendant mother who had abandoned her 15-month old child near Lake Wilson. The child was found luckily because some passersby had seen the child. The child was bruised, dehydrated, eaten by maggots, and was discovered barely alive. Jennifer professionally and methodically prepared the case, and in the end provided a great service to the child and the community with the conviction of the mother and with more attention to the responsibility of parents. She has a strong commitment to families and children, and as the Chair said, she is a mother herself. That commitment, combined with the legal skills and the great experience, will allow her to make a significant impact on the lives of our children and families that will come before her as a family court judge.

"I hope she's able to retain her humor. I hope she's able to retain her bubbly personality and her positive outlook. Actually, I have no doubt that she will. It's going to be a real challenge, because as the Chair of the Committee says, the district court really is where the rubber meets the road. That's where you get all kinds of cases and that, for most people, is their first experience with the judiciary and the judicial system. And so, we try to have the very best possible people as gatekeepers. Nobody could be better than Jennifer Ching.

"We offer her our support, and besides, we know she's very judicious and makes good decisions because she decided for herself and her family to move and live in Hawaii Kai, and what better decision could she make. (Laughter.) So, I urge all my colleagues to support and unanimously confirm Jennifer Ching as our next judge.

"Thank you, Mr. President"

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Hee, Menor).

At this time, Senator Hanabusa introduced Judge Ching, who was seated in the gallery with her family, to the members of the Senate.

At 11:52 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:57 o'clock a.m.

#### ADOPTION OF RESOLUTION

H.C.R. No. 172, H.D. 1:

On motion by Senator Hee, seconded by Senator Hogue and carried, H.C.R. No. 172, H.D. 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE AUDITOR TO PERFORM A SUNRISE REVIEW OF THE REGULATION OF PAYDAY LENDERS AND DEFERRED DEPOSIT CHECK CASHERS," was adopted.

#### SENATE RESOLUTION

The following resolution (S.R. No. 137) was read by the Clerk and was disposed of as follows:

Senate Resolution

No. 137 "SENATE RESOLUTION AMENDING RULE 31 OF THE SENATE OF THE TWENTY-THIRD LEGISLATURE OF THE STATE OF HAWAII."

Offered by: Senators Kim, Hanabusa, Sakamoto, Kokubun, Tsutsui, Hee, Hooser, English, Nishihara, Chun Oakland, Taniguchi.

Senator Hee moved that Senate Rule 85(1) be suspended, seconded by Senator Kokubun.

Senator Kokubun stated:

"I request a Roll Call vote, please."

Senator Hee noted:

"Mr. President, members, the reason for the suspension of Rule 85(1) is in order for us to consider S.R. No. 137. Thank you."

The motion was put by the Chair and, Roll Call vote having been requested, carried on the following showing of Ayes and Noes:

Ayes, 13. Noes, 12 (Baker, Bunda, Espero, Fukunaga, Hemmings, Hogue, Ige, Ihara, Inouye, Kanno, Menor, Slom).

At 11:59 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:00 o'clock noon.

Senator Hee moved that S.R. No. 137 be adopted, seconded by Senator Kokubun.

Senator Kokubun stated:

"Mr. President, again I request a Roll Call vote."

Senator Hee rose in support of the resolution and said:

"Mr. President, members, the reason for the matter before us is to clarify the self-governance of the Senate. In order to do so, the majority of the vote just taken has agreed that to the extent that the Senate wishes to call itself back, this resolution must be acted upon. Without going into too much detail other than that,

Mr. President, we wish to thank you for allowing us to offer this resolution.

"Thank you."

Senator Hemmings rose in opposition and said:

"Mr. President, rise to speak against this resolution.

"Mr. President, I, too, want to be honest. This resolution is about power. It's about who the face of this Senate is going to be. And quite frankly, the face I'm looking at across the aisle is not the face I want to have lead this Senate. I'll be voting 'no' against this resolution."

Senator Hee rose and said:

"Mr. President, actually, this isn't about that at all. This is about the effort of the Senate to call itself back into Session, nothing more.

"Thank you."

Senator Hemmings rose again and stated:

"Mr. President, what you just heard is just exactly what the people of Hawaii don't want in politics – and that is double-dealing, backdoor deals, and I stand by my assertion.

"Thank you."

The motion was then put by the Chair and carried, Roll Call vote having been requested, S.R. No. 137 entitled: SENATE RESOLUTION AMENDING RULE 31 OF THE SENATE OF THE TWENTY-THIRD LEGISLATURE OF THE STATE OF HAWAII, was adopted on the following showing of Ayes and Noes:

Ayes, 13. Noes, 12 (Baker, Bunda, Espero, Fukunaga, Hemmings, Hogue, Ige, Ihara, Inouye, Kanno, Menor, Slom).

#### SENATE RESOLUTIONS

The following resolutions (S.R. Nos. 131 to 136) were read by the Clerk and were disposed of as follows:

Senate Resolution

No. 131 "SENATE RESOLUTION RETURNING ALL BILLS, CONCURRENT RESOLUTIONS, AND RESOLUTIONS TO THE CLERK'S DESK."

Offered by: Senators Hanabusa, Hemmings.

On motion by Senator Hee, seconded by Senator Hogue and carried, S.R. No. 131 was adopted.

No. 132 "SENATE RESOLUTION AUTHORIZING THE PRESIDENT TO APPROVE THE JOURNAL OF THIS SENATE FOR THE SIXTIETH DAY."

Offered by: Senators Hanabusa, Hemmings.

On motion by Senator Hee, seconded by Senator Hogue and carried, S.R. No. 132 was adopted.

No. 133 "SENATE RESOLUTION RELATING TO THE PRINTING OF THE JOURNAL OF THE SENATE."

Offered by: Senators Hanabusa, Hemmings.

On motion by Senator Hee, seconded by Senator Hogue and carried, S.R. No. 133 was adopted.

No. 134 "SENATE RESOLUTION REGARDING COMPLETION OF THE WORK OF THE TWENTY-THIRD LEGISLATURE SUBSEQUENT TO THE ADJOURNMENT THEREOF."

Offered by: Senators Hanabusa, Hemmings.

On motion by Senator Hee, seconded by Senator Hogue and carried, S.R. No. 134 was adopted.

No. 135 "SENATE RESOLUTION AUTHORIZING THE PRESIDENT TO DESIGNATE THE EMPLOYEES WHO WILL WORK AFTER ADJOURNMENT."

Offered by: Senators Hanabusa, Hemmings.

On motion by Senator Hee, seconded by Senator Hogue and carried, S.R. No. 135 was adopted.

No. 136 "SENATE RESOLUTION INFORMING THE HOUSE AND GOVERNOR THAT THE SENATE IS READY TO ADJOURN SINE DIE."

Offered by: Senators Hanabusa, Hemmings.

On motion by Senator Hee, seconded by Senator Hogue and carried, S.R. No. 136 was adopted.

Senator Hee rose and said:

"Mr. President, I want to announce that having come back to this Body this year, I've enjoyed being with the members of this Body. I've enjoyed you, Mr. President, and your staff. I want to thank everyone who is involved with the Senate and to the extent that we've done the work of the people, I'm very grateful.

"Thank you, Mr. President."

Senator Nishihara rose on a point of personal privilege as follows:

"Mr. President, may I rise on a point of personal privilege?"

"Mr. President and colleagues, as the newest member of the Senate, I have been asked on a number of occasions what I thought of the process of the Legislature and what I made of the workings of the Senate. It is a subject I have given a great deal of thought over the past 60 days that we have been in Session. When I arrived here in early November of last year after winning a seat against a formidable incumbent, I was given his office temporarily until everything got sorted out. I had to hire an entire new staff, acquire new furnishings for the office, and orient myself to my new setting. Throughout those days that followed, I was shown nothing but kindness and genuine offers of assistance, of which I am very grateful. I knew some of you by name and many others only by your offices and political persuasion. I made it my goal to learn more about all of you to the extent possible in this political milieu.

"I was determined to keep my sense of balance and be as honest as anyone can be in developing relationships that require trust. I feel I have succeeded for the most part. I was not placed in the position of chairmanship or other roles of party leadership. It was as it should be for anyone new coming into a new environment – learn the lay of the land, learn the rules of the game, listen more than speak, be open to different points of

view, treat all with respect that all deserve, be congenial, be a good Legislator.

"I came with the belief that it was in the development of mutual trust and shared interest, the human need for developing civil societies and alliances, that the political realm is part and parcel of a democratic process. It is bewildering to one who is new to or not a member of this elite club.

"Like Alice in Wonderland, not all one sees is as it seems, but even Alice found that there are still rules. This Body works within a framework of rules. Laws are crafted within the confines of those rules and the relationships and agreements that bind all of them together.

"I came into this office as the newest, although one of the oldest, but not necessarily the wisest member of the Senate. Age brings years of experience not always transferable to the job. Wisdom, I hope, comes out of that experience. This Session was, I feel and believe, successful for all of us. If we view ourselves as part of the larger body, the institution of the State Senate, those bills that become enacted which are good for the whole society are a credit to all of us. Bills which weren't enacted turn out to be misdirected, ineffectual, or in retrospect, bad. We suffer individually as well as collectively.

"The public, to which we frequently refer to as the reason we are here, seems at times distant or not distant enough. Special interest, lobbyists, ordinary citizens, advocates of all stripes are part of this bubbling political stew set on a 60-day timer. It's a wonder that good legislation shines through.

"Much was said recently about going on faith. I think we all need to do it from time to time. We are all well-meaning souls trying to do the best way we know. Nothing is dead until the sounding of the final gavel. That which is alive at the end may at a future date be in limbo or dead with the stroke of a pen.

"That is what I learned in my kindergarten year in the Senate. I look forward to returning for my first grade year next Session. Thank you, Mr. President."

Senator Hemmings rose on a point of personal privilege and said:

"Mr. President, I rise on a point of personal privilege.

"I'd like to make some closing statements. I don't believe this Session is finished with the final gavel today, Mr. President. I believe the ill-conceived and quite divisive resolution that was just passed is going to lead to more subterfuge and petty politics at the expense of open, honest, and honorable government.

"Mr. President, I've disagreed with you on a number of issues, and for the five years that I've been here, we have fought tooth and nail with many of my colleagues across the aisle that have different political ideologies, but in years prior to this year, they've always been honorable fights, and they've always been fights that I am proud to have participated in. I've always been able to stand up at the end of the day and shake hands with each one of you and say 'good job.' We spoke our piece; we had our say; we made our decisions accordingly. And on occasion, under your leadership decisions weren't decided in the Majority Party caucus room behind closed doors. Decisions were made out here on the Floor, oftentimes, with an open and honest vote in the true democratic process.

"Mr. President, we started out this Session with high hopes. The people of Hawaii were enjoying economic prosperity and looking quite confidently to the future. The Council on

Revenues projected a surplus of money coming into the state coffers. We shared your high hopes, Mr. President, in your opening day speech that maybe we could do things that needed to be done to help the poor working men and women of Hawaii – such as reducing their taxes; such as adequately funding human service programs; such as giving the sick, the poor, and the hungry relief from paying taxes. But what happened to the surplus? It was consumed – all of it and then some – by collective bargaining pay raises.

“I say to organized labor, ‘hooray for you!’ You did what you have to do. Labor leaders represented their unions quite adequately, pushed as hard as they could, and got what they wanted. But unfortunately, I can’t say the same for us. We did not do what is best for the people of Hawaii. Even organized labor is going to get more money put in one pocket, but more taken out of the other with increased taxes and financial burdens that are heaped on the working men in Hawaii, especially the poor, the hungry, and the sick by what we’ve done with this Legislature.

“So Mr. President, I would like to say a job well done, but I cannot honestly stand up and say that to the people of Hawaii. I can say on a positive note that we did do some things that we can be proud of. We did change some laws governing the criminal justice system. The DNA registry has been enacted. The Megan Law has been enacted. Unfortunately, the wire tap law fell by the wayside. We did protect competition in the marketplace with the inter-island ferry. And quite frankly, there may have been a few other things that we can be proud of.

“Mr. President, in closing, I do have to say, because if there is anybody I have to be honest with, I have to first be honest with myself, and hopefully that will translate to honesty with the people that sent me here. This Session, especially the last couple of weeks, this Senate that I’ve been so proud of, face has been one of bickering, fighting, arguing, not an honorable face. The face of the Senate has changed its complexion. We have a Senate now that’s going the way of old guard politics or maybe the way that OHA used to be run where people take care of themselves in high office and those who are supposed to serve are left to fend for themselves.

“Mr. President, in closing, I want to say that the health and prosperity of Hawaii so largely depends on what we do here, and this system sorely needs the checks and balances of a two-party system. But more than that, Mr. President, it needs honesty and integrity in leadership, and Mr. President, for that, I thank you.”

Senator Hee rose on a point of personal privilege as follows:

“Mr. President, I rise on a point of personal privilege.

“I’ve sat here during the whole Session and listened to the whining and clichés of ‘Mr. Senator, look at me. Woe is me. Poor me. Help me.’ And for the most part, I sat quietly. I think, though, when one brings into question the Office of Hawaiian Affairs, I want to be very clear that if the previous speaker was speaking about me, the record is clear that while I was there, the portfolio was \$19 million to a high of \$400 million – it’s not there today; that while I was there, we put into place a system of money managers, of custodians, and of consultants mirrored by and recommended by the financial institutions. And while I was there, the Office of Hawaiian Affairs purchased the model for indigenous languages internationally called Nawahi`okalani`opu`u; that while I was there at the revitalization of the piko, of the state, of our culture, of that which the economy is driven upon, of that which the visitors come to be a part of, of the spirit that so many call aloha

was fostered and was given new life and breathe by the Office of Hawaiian Affairs.

“Through the help of those here and its leaders like yourself, the Office has continued to prosper. It has, without question, its share of mistakes. All state departments have that regardless of the party upon which the Governor resides. It has its kaskio. Every department has its share.

“Let there be no doubt irregardless of my brother from Punahou –he kanaka koko ole; my brother from Outrigger – he kanaka haole. Let us be clear that the last thing the kanaka need is an outsider telling the insider what’s wrong with it. We do the best we can and I am proud, clichés notwithstanding, of my 12 years of service to the Office of Hawaiian Affairs, its beneficiaries, and the State of Hawaii.

“Thank you, Mr. President.”

Senator Slom rose on a point of personal privilege as follows:

“Mr. President, I rise on a point of personal privilege.

“Remarks by the Majority Floor Leader notwithstanding, I don’t think that we’re here today to have a referendum on any one individual or past performances, but we certainly have to review our own performances and we have to go back to our constituents. And when the remark is made that all we hear is whining and clichés, since apparently this side of the aisle seems to be the only side that always stands up for discussion and open debate and asks questions and very seldom gets answers, I think that really is the issue.

“I don’t think the public is concerned about out petty individual differences here, but I think that they are concerned about the elitism that has been demonstrated and brought into discussions this year. And this discussion about insiders and outsiders . . . gee, I thought we were all part of the same system, and I thought that our role here and our purpose here is to give voice to those people that call us and beg us to help them. But it seems that we have not listened to them this Session and that gives grave cause for concern, not individual circumstances and political ambitions.

“We’ve had ethical issues and problems raised. They have not been addressed and so they still linger. We have seen good people come forward to volunteer to help lead our community and we’ve seen them trashed and skewered and slandered in this Body. We should be concerned about that rather than outside agencies and about personal remarks.

“We all talked about tax relief and relieving the burden on our people at the beginning of this Session, particularly the least among us – the poor, the disenfranchised, the disabled. And after all is said and done in this Session, Mr. President, we did not do that. We did not lessen their burden – we increased it. We did not improve our business climate – we made it murkier. We did not, as the result of our ethics training, come out of here showing the public that indeed we were more ethical as a group.

“I share the pride in this Body that the good Senate Minority Leader spoke about, and what that means is that we all have an obligation not to each other as much as we have to the public, to the people that send us here, to the people that pay for us, to the people that still have that faith that we will do the right thing. And in the end, that’s what we should be addressing and that’s what we should be talking about. Instead, we’re not.

“And so, for many people, this Session has turned out to be disappointing, disgusting, disingenuous. And that’s sad,

because I know my colleagues work hard and I know that basically they want to do the right thing. But when the right thing is right in front of our faces and it always comes down, it seems to come down to just a straight party-line vote.

“In the nine years that I’ve been privileged to be here, Mr. President, this is the only year that I can remember – and I keep every vote – it’s the only year that we’ve had so few divisions on issues – personalities, we’ve had plenty – but on issues. Most of the votes were 20 to 5 or 19 to 6. I can remember the heady days when we would debate issues for hours and then the vote on the issues would be 13 to 12 or 14 to 11. But this year there seemed to be a reluctance to debate many of these issues in public, and that’s where these issues should be debated – in Committee and on this Senate Floor. And that’s how we should be judged.

“And before anybody has fundraisers or anybody sends out fundraising tickets, we should allow the people that buy those tickets to see what we’ve actually done. Have we made things better? Have we kept them the same or have we made them worse? And then, and only then, should people say yeah, I really liked what you did; you really stood up; you stood your ground; you had some things I disagree with, but you had some things I agreed with. The public will make the final decision.

“But I feel sad that on this last day that we’ve come to a point where it is about politics and it is about personalities in this Body among us 25, and we have been ignoring the public outside. Many of them have given up. Many of them don’t feel that we have the moral fiber and the political backbone and will to stand up and do what’s right. I think we do . . . but I don’t think that we’ve shown that this Session.

“And so, to call these issues to public debate is not whining. It’s not complaining. It’s not sniveling. It’s calling to everyone’s attention what our responsibility is and what we should be doing, Mr. President.

“So, to leave on a positive note, yesterday was the past and prologue. We still have many things that we can do and most of us work during the interim. We still listen to our constituents. We still have things that we can do. I think we should all step back after today and take a breath and instead of trying to describe people as insiders and outsiders, let’s talk about all of us being inclusive and working together for this great state in solving the very many serious problems that need to be solved and that we have the ability to solve.

“Thank you, Mr. President.”

Senator Hooser rose on a point of personal privilege and said:

“Mr. President, I rise on a point of personal privilege.

“Mr. President, it’s clear that each of us sees the last 60 days through different glasses, different colored glasses, different lenses. I would be remiss, Mr. President, if I didn’t comment briefly about the lens that myself and I think many of our colleagues have seen this Session. I, for one, see it as we did much work, good work, and produced many, many good things for the constituents in our communities.

“My constituents, Mr. President, asked me to come here this Session and fight for affordable housing, fight for homeless shelters, and we did that, Mr. President. As a result of the good work we did during this Session, places throughout our state where there were no places for the homeless people to live will have homeless shelters as a result of our effort. We’ve increased millions and millions of dollars to build new

affordable rentals. Our constituents asked us to come and do that. We listened to them. We took action. We debated. This last Tuesday, I thought we debated fairly extensively, Mr. President, and all through this Session.

“Our constituents asked us to do things about affordable housing. We stepped forward and we did. Our constituents asked us to do things to help solve traffic problems throughout our state. In addition to the millions of dollars, if not hundreds of millions of dollars, we appropriated for highway projects, transportation projects, including the super ferry throughout our state, we put into place actions that would allow the City and County of Honolulu to make their own decisions to resolve their mass transit problems and challenges of the future.

“Our constituents, the people of Hawaii, asked us to deal with these issues and I believe, Mr. President, that we stepped forward and acknowledged and took action according to our constituents’ desires.

“The very lowest paid people in our community, the very lowest paid people, Mr. President, asked us for assistance in raising that floor, the minimum wage. Again, we stepped forward, we took action, and we raised that floor. The people in the environmental community came forward in droves asking us to please, please do something, take action, help us protect our sensitive natural environment. We listened, we debated, and we took action.

“Mr. President, the list is extensive. I, for one, am proud of the accomplishments of this Legislature during this past Session and look forward to the next one.

“Thank you, Mr. President.”

Senator Sakamoto rose on a point of personal privilege and stated:

“Mr. President, I rise on a point of personal privilege.

“It’s easy for some people who have a litmus test of no taxes and sign a no-tax pledge. It’s easy not to help the homeless! It’s easy not to help the hospitals! It’s easy not to help a lot of people by saying I signed a no-tax pledge! It’s not easy to say, How do we help with the scarce resources we have? How do we help with the many issues we have? It’s not easy.

“Some people make it seem like we’re failures because we failed to . . . or we passed something like taxes because many people want a better way to get from somewhere out in Waianae or Haleiwa or Mililani or Waipahu to town without having to get up at a quarter to five in the morning. It’s not easy to pass a tax on anybody. But it’s not easy to take your kids to grandma’s house at four o’clock in the morning and then take a nap and then come to work. It’s not easy. So we have to do the hard things.

“It’s easy to sign a litmus test – I don’t support taxes – but that’s not the job of this Body, Mr. President!”

President Bunda then said:

“I have some remarks and I’m going to ask that those remarks be inserted into the Journal.

“I do want to express to you, the members, my gratitude to all of you. We ensured that we stayed the course. My thanks also goes out to the House members under the Leadership of Speaker Say for their role in achieving our collective goals.

“From myself to you, I just want to congratulate all of you and express my aloha to all of you.”

President Bunda’s closing remarks read as follows:

“Dear Colleagues, as we close this Legislative Session, let’s reflect for just a moment on the issues we have struggled with, argued over, and collectively come to agree upon. I believe we have made great strides this Session. Our decisions reflected our commitment to the future, and what is in the overall best interest for the people of Hawaii – for all the people of Hawaii.

“Good decision-making and sound law making are not about taking the easier route, the straightest road, or the most popular path. It is about making the tough, and sometimes, unpopular calls. It is about having the vision to see what is the right call for the long term and for the greater good of our citizens.

“I want to express my gratitude to all of you who worked with me to ensure that we stayed the course. My thanks also, to the House members under the leadership of Speaker Say for their role in achieving our collective goals.

“To be sure, we did not accomplish all that we hoped to in this Session such as tax relief for the middle class, the people whose tax dollars pay for most of the decisions we make here at the Legislature. But we have made inroads, and let me tell you, they all seem to point in the right direction. Mahalo and aloha.”

#### ADJOURNMENT

Senator Hee moved that the Senate of the Twenty-Third Legislature of the State of Hawaii, Regular Session of 2005, adjourn Sine Die, seconded by Senator Hogue and carried.

"EXECUTIVE CHAMBERS  
HONOLULU  
June 29, 2005

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 1808

Honorable Members  
Twenty-Third Legislature

State of Hawaii

Respectfully,

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 1808, entitled 'A Bill for an Act Relating to Workers' Compensation Law.'

/s/ Linda Lingle  
LINDA LINGLE  
Governor of Hawaii"

The purported purposes of this bill are to codify some of the existing Hawaii administrative rules pertaining to workers' compensation into chapter 386, Hawaii Revised Statutes; to temporarily restrict the Director's rulemaking authority; and to clarify various other provisions relating to workers compensation.

The bill also declares that any rule relating to workers' compensation that is adopted or amended by the Director on or after January 1, 2005, shall not have the force and effect of law, except that the Director will continue to have the authority to update the reimbursement amounts paid to medical providers under the medical fee schedule.

This bill is objectionable because it arbitrarily suspends, from January 1, 2005 until July 1, 2007, the authority of the Director of the Department of Labor and Industrial Relations from implementing rule changes to improve and streamline the administration and implementation of the workers' compensation laws. Suspension of the rulemaking process is a significant challenge to a key governing principle that has evolved through legislative actions and judicial decisions over the past century. Such a suspension would frustrate and prevent the Director from performing the statutory function of facilitating and promoting the efficient execution of the Hawaii Workers' Compensation Law through the adoption and amendment of administrative rules.

In addition, this bill would nullify and invalidate administrative rules recently adopted by the Department of Labor and Industrial Relations relating to the administration and implementation of the workers' compensation laws.

On January 7, 2005, a notice of public hearing on proposed rule changes was published and the draft rules were made available for public review. A public hearing was held on February 7, 2005. Approximately 230 testimonies from the public were received and considered by the Director and the Governor. The final rules were signed into law by the Governor and took effect on May 13, 2005. These rules address factors driving up the cost of workers compensation insurance while ensuring that injured workers receive quality medical care and benefits. This bill would negate the improvements achieved by these rules.

Repeal of these rules and suspension of the Director of Labor and Industrial Relations' authority to improve the implementation of the workers compensation law through the rule-making process would be an abrogation of the public's right to participatory governance.

Further, under this bill, the Director of Labor and Industrial Relations would not be permitted to issue a decision without a hearing. Currently the Director issues decisions without hearings for the sake of the injured worker, such as awards for disfigurement, which are made after a review of the medical records. Prohibiting the waiver of a hearing will serve as a detriment to injured workers and exacerbate the lengthy delays that have earned Hawaii's worker compensation system a failing grade.

For the foregoing reasons, I am returning Senate Bill No. 1808 without my approval.

"EXECUTIVE CHAMBERS  
HONOLULU  
July 8, 2005

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 960

Honorable Members  
Twenty-Third Legislature  
State of Hawaii

July 8, 2005

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 960, entitled 'A Bill for an Act Relating to Civil Defense.'

The purpose of this bill is to appropriate funds for natural disaster preparedness, including tsunami and hurricane preparedness efforts, from the Hurricane Reserve Trust Fund, to retrofit and protect public buildings against hurricanes, develop standards for residential safe rooms, to fund the Loss Mitigation Grant Program, and to improve the Program by encouraging the construction of safe rooms.

While I believe these projects to be worthwhile, the method chosen to fund these projects is not appropriate. The Hurricane Reserve Trust Fund principal should be retained in the fund because these moneys will be needed to pay claims and purchase reinsurance following a hurricane.

Development of a balanced budget that uses general fund moneys for hurricane mitigation projects is not objectionable. The Legislature already requires the annual transfer of interest from the Hurricane Fund to the general fund. This presently amounts to about \$6 million per year and would be more than enough to pay for loss mitigation programs, the hurricane retrofit grant program, and the tsunami and hurricane disaster preparedness efforts addressed by the bill. Taking money from the Hurricane Fund's principal, however, means that the moneys in the Hurricane Fund would be permanently reduced.

Unless some other fund is established in its place, the Hurricane Reserve Trust Fund will be the sole source of monies to provide hurricane insurance to the market when the private market is unable to do so. Following Hurricane Iniki in 1992, private insurers cut back severely on homeowner's insurance, leaving families without insurance or forcing them to purchase insurance at high rates in the surplus lines market. Because the secondary market in mortgage loans requires hurricane insurance, the Hurricane Reserve Trust Fund will facilitate continued real estate lending and real estate transactions. In addition to helping homeowners, the Hurricane Reserve Trust Fund provides an important support to the overall economy of the State following a hurricane.

Finally, the appropriations in this bill will provide Loss Mitigation grants for a relatively small number of single-family homeowners per year. Even if this bill represents only the beginning of the reserve trust funding of these grants, this bill represents the start of a practice that will likely deplete the Hurricane Reserve Trust Fund over time. The lessons from history and the reality that a hurricane will strike Hawaii in the future requires preservation, not depletion, of the Hurricane Reserve Trust Fund.

For the foregoing reasons, I am returning Senate Bill No. 960 without my approval.

Respectfully,

/s/ Linda Lingle  
LINDA LINGLE  
Governor of Hawaii"

**Gov. Msg. No. 1036**, dated July 8, 2005, transmitting her statement of objections to House Bill No. 160 which she has returned to the House of Representatives without her approval and which reads as follows:

"EXECUTIVE CHAMBERS  
HONOLULU

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 160

Honorable Members  
Twenty-Third Legislature  
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 160, entitled 'A[sic] Bill for an Act Relating to the Compliance Resolution Fund.'

The principal purpose of this bill is to amend certain laws governing the funding of insurance regulation. Specifically, the bill revises the laws governing the authority of the Insurance Commissioner ('Commissioner') to assess insurers and the procedures for making those assessments.

This bill is objectionable because the Insurance Division ('Division') receives no general funds and is self-funded as a matter of law. Restricting the Division's funding and prohibiting the Division from maintaining cash reserves would severely limit the Insurance Commissioner's ability to fulfill his mandated duties and would place the public's interest at risk. Although the Legislature has directed that the Division be self-supporting, the bill undercuts that status.

As a self-supporting agency, the Division relies significantly on its annual assessment of the insurance industry to cover the shortfall between other revenues and expenses. The bill's formula for calculating the assessment is flawed because it severely restricts the Division's ability to maintain an end of year cash balance. The bill will significantly and adversely affect the Division's operations, particularly since the bill further requires that assessments not be made until prior year cash balances can be determined and that insurers will have 60 days' notice of any assessment. Since other revenues are spread out throughout the year, the Division would not be able to pay its employees or enter into contracts for at least the first several months of the fiscal year.

In addition, the bill ignores the fundamental fact, reflected in the original decision that the Division should be self-funded, that the Division requires some flexibility in funding in order to protect the public interest. For example, the Commissioner has recently begun an investigation of allegations of an industry-wide conflict of interest and under-reporting of revenues. It is impossible to project how much the investigation will cost. Tying the Commissioner's hands by limiting his access to funds would curtail this critical activity. Under the bill, the Commissioner would not be able to adequately deal with contingencies, such as the industry-wide investigation or insurer rehabilitations and liquidations, much less be in a position to address emergencies such as Hurricane Iniki.

I concur with those who call for more transparency in the calculation of assessments and an explanation of how assessments are spent. The Insurance Division within the Department of Commerce and Consumer Affairs has proposed to provide the industry, in advance of each year, with a simple explanation of how it determines the amount of each year's assessment. Further it has offered an end of the year detailed accounting of the funds entrusted to it. That offer was rejected by industry officials. However, rather than affording increased transparency, this bill makes the process less transparent and less understandable.

It is ironic that this bill was passed only after my Administration has already taken major steps to address the concerns that underlie the bill. Under my leadership, the

Division reduced its industry assessments by 60% in the first year and made no assessment at all in the second year. The bill represents a complaint lodged against prior Administrations, but only now does the Legislature see fit to take action. For the purposes of advancing open, transparent government, the bill is the wrong action at the wrong time.

For the foregoing reasons, I am returning House Bill No. 160 without my approval.

Respectfully,

/s/ Linda Lingle  
LINDA LINGLE  
Governor of Hawaii"

**Gov. Msg. No. 1037**, dated July 8, 2005, transmitting her statement of objections to Senate Bill No. 1796 which she has returned to the Senate without her approval and which reads as follows:

"EXECUTIVE CHAMBERS  
HONOLULU  
July 8, 2005

STATEMENT OF OBJECTIONS TO SENATE BILL NO.  
1796

Honorable Members  
Twenty-Third Legislature  
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 1796, entitled 'A Bill for an Act Relating to the Disposition of Convicted Defendants.'

The purpose of this bill is to allow individuals sentenced for a first-time drug offense prior to July 1, 2002, to apply for re-sentencing, provided that the person is able to demonstrate to the court a satisfactory record of drug treatment and abstinence, and a record free of any criminal conviction from the date of the person's sentencing for the first-time drug offense. The person may also apply for expungement of related arrest and conviction records.

This bill is objectionable, because it will cause unintended results that will undermine the intent and purpose of Act 161, Session Laws of Hawaii 2002. The purpose of Act 161 is to require first-time nonviolent drug possession offenders to be sentenced to undergo and complete drug treatment instead of incarceration.

This bill is broader than and contrary to Act 161, because its eligibility criteria is less restrictive than that of Act 161, now incorporated in section 706-622.5, Hawaii Revised Statutes. This bill would allow a person convicted of first-time drug offenses involving the distribution and manufacture of drugs, prior to the July 1, 2002, to apply for re-sentencing. However, section 706-622.5, restricts sentencing for first-time drug offenses to those involving possession or use, but not including cases involving the distribution or manufacture of drugs.

It is conceivable, under this bill, that a person convicted, prior to July 1, 2002, for a first-time drug offense of Promoting a Dangerous Drug in the First Degree, which involved distribution or manufacturing of drugs, could apply for re-sentencing if the person demonstrated to the court a satisfactory record of drug treatment and drug abstinence and a record free of any criminal conviction from the date of the person's prior sentencing. Therefore, this bill would permit a person

convicted of a class A felony and sentenced to an indeterminate term of imprisonment of twenty years to apply for re-sentencing and request probation. This is absolutely contrary to the intent and purpose of Act 161.

In addition, under section 706-622.5, a person is eligible to be sentenced to probation if the person meets certain criteria, including a determination by the court that the person is nonviolent after reviewing the person's criminal history, the factual circumstances of the offense, and any other relevant information. This bill does not require a person to meet the same criteria of an individual applying for sentencing under section 706-622.5, Hawaii Revised Statutes, and thus may be contrary to existing statutory probation standards.

The vagueness of the bill's language may also cause unintended results and require appeals to the appellate courts. This bill would allow a person convicted for a first-time drug offense to apply for re-sentencing if that person can demonstrate 'to the court a satisfactory record of drug treatment and drug abstinence.' Due to the vagueness of the language and a lack of objective criteria, different courts may apply different standards in determining whether a person has demonstrated a 'satisfactory record of drug treatment and drug abstinence.' This provision will add more uncertainty to the law and will promote appeals.

This bill would also authorize the court to expunge the person's related conviction and arrest records if the person could 'demonstrate to the court a satisfactory record of drug treatment and drug abstinence, and a record free of any criminal conviction from the date of the person's sentencing for the first time drug offense to the date of the application for re-sentencing.' If the person also had an associated non-drug felony conviction related to the seizure of the drugs that lead to the conviction, that conviction would also be expunged.

Senate Bill No. 1796's provision on expungement goes much further than section 706-622.5, which limits expungement to the record of conviction for that particular offense.

While it appears that the Legislature intended to afford the benefits of Act 161 retroactively to cases prior to July 1, 2002, this bill will have the inappropriate result of permitting individuals who would not have met the eligibility criteria of Act 161 to benefit from it.

For the foregoing reasons, I am returning Senate Bill No. 1796 without my approval.

Respectfully,

/s/ Linda Lingle

State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 1685, entitled 'A Bill for an Act Relating to Tax.'

The purpose of this bill is to authorize the disclosure of income and general excise tax returns and tax return information to the counties for purposes of the administration of tax laws and to, in turn, permit the counties to share information relating to the administration of real property taxes with any duly accredited official of the State for tax purposes.

This bill is objectionable because it provides insufficient protection for confidential tax returns and tax information once disclosed to the counties. Although the bill provides that tax returns and return information may be provided to the counties for tax administration purposes only, there is no express prohibition on the counties re-disclosure of this information and there are no penalties, civil or criminal, for unauthorized disclosure.

Statutes that provide for the confidentiality of taxpayer's tax returns and tax information promote a vital governmental interest in ensuring the taxpayers' full and complete reporting of their income to state taxing authorities. Strict confidentiality is accorded to tax return information as a quid pro quo for taxpayers' voluntary compliance with tax laws in order to ensure that taxpayers fully and voluntarily report all income and pay all taxes due. Without adequate protections to ensure that state taxpayer data will be used solely for the purposes of the administration of county real property tax laws, taxpayers may be deterred from full and complete reporting and the State may be exposed to a potential liability for breach of its confidentiality responsibilities in regard to this information.

Although this bill contains provisions to permit the counties to share information relating to the administration of real property taxes with any duly accredited officials of the State for tax purposes, that part of the bill is unnecessary. County real property tax records are already open to public inspection under section 92F-12 (a) (5), Hawaii Revised Statutes, and are already available for state tax purposes.

For the foregoing reasons, I am returning Senate Bill No. 1685 without my approval.

Respectfully,

/s/ Linda Lingle

Governor of Hawaii"

"EXECUTIVE CHAMBERS

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 332

Honorable Members  
Twenty-Third Legislature  
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my

approval, House Bill No. 332, entitled 'A Bill for an Act Relating to Frozen Food Products.'

The purpose of this bill is to amend section 328-61, Hawaii Revised Statutes, to require those who sell baked goods that were previously frozen and thawed to so inform consumers prior to sale.

This bill is objectionable because it is unnecessary to protect public health and safety. Uncooked food that was previously frozen and not thawed properly may pose a health risk. However, baked products that are subject to flash freezing and then thawed do not pose a risk of food-borne illness. Bakers who do not flash freeze their products are not prohibited by statute or regulation from advertising this fact.

Enforcing the signage requirements for several thousand different varieties of previously frozen and thawed baked goods would place a significant burden on the Department of Health staff and would divert the department's resources from genuine health and safety matters. The public will be better served if the Department of Health continues to focus on more significant health issues such as the proper handling and storage of raw seafood or the potential adulteration of food products with bacterial or chemical contamination.

For the foregoing reasons, I am returning House Bill No. 332, without my approval.

Respectfully,

/s/ Linda Lingle

**Gov. Msg. No. 1040**, dated July 8, 2005, transmitting her statement of objections to House Bill No. 1224 which she has returned to the House of Representatives without her approval and which reads as follows:

"EXECUTIVE CHAMBERS  
HONOLULU  
July 8, 2005

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1224

Honorable Members  
Twenty-Third Legislature  
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 1224, entitled 'A Bill for an Act Relating to Taxation.'

The purpose of House Bill No. 1224 is to require the Department of Taxation ('Department') to recommend legislation in advance of the regular session of 2006 that is intended to bring Hawaii into compliance with the Streamlined Sales and Use Tax Agreement ('SSTP Agreement'), which aims to make the sales and use taxes among complying states more uniform. This bill also adopts provisions to allow an out-of-state seller to register to pay or collect and remit the appropriate sales or use tax by one of three methods described in the bill in accordance with the terms of the SSTP Agreement.

This bill repeals subsections (b) and (c) of section 255D-3, Hawaii Revised Statutes, relating to the Hawaii Simplified Sales and Use Tax Administration Act Advisory Council ('Advisory Council') and the Department of Taxation is directed to work with three designees selected by the President

of the Senate and three designees selected by the Speaker of the House of Representatives.

This bill appropriates \$50,000, to be expended by the Legislative Auditor, for technical assistance and briefings. Lastly, the bill authorizes the release of confidential taxpayer return information to private contractors that may be hired by the Legislative Auditor or the Auditor's designees.

This bill is objectionable because it hinders the Executive Branch's responsibility to bring Hawaii in compliance with the SSTP Agreement. On April 29, 2005, the Senate confirmed the Governor's five nominated members to the Advisory Council. These nominated and Senate-confirmed members of the Advisory Council represent preminent individuals from the tax practitioner and business communities.

The collective knowledge and wisdom of these confirmed Advisory Council members will be required if Hawaii is to develop tax legislation in compliance with the SSTP Agreement so that its system of taxation is more in conformance with the arrangements in other states. Implementation of the SSTP Agreement in Hawaii will involve complex changes to Hawaii's use and general excise taxes because Hawaii is only one of a few states that have a gross receipts type tax that mirrors and complements its use tax. This use tax is imposed upon goods and services imported from out-of-state sellers to ensure that the same taxes are paid from these transactions as would have been paid in general excise taxes had the goods and services been purchased from Hawaii sellers. In contrast, other states' use taxes mirror their sales taxes to level the taxes paid for in-state and out-of-state goods.

Any proposed changes to Hawaii's use tax to comply with the SSTP Agreement will likely require amendments to the general excise tax because the Constitutions of the United States and Hawaii require that the taxes imposed upon goods and services purchased from out-of-state sellers be no greater than the taxes paid on goods and services purchased in the State. This new legislation would require substantial revisions to Hawaii's use and general excise tax laws so that these laws become more similar to the tax laws of the other states that complying with the SSTP Agreement. As such, development of this proposed legislation to conform with the SSTP Agreement will likely have significant impact upon both Hawaii's business community and tax revenues.

For these reasons, the effective implementation of the SSTP Agreement in Hawaii may only be achieved if the Department and the Advisory Council have the ability to meet and discuss the complex issues of implementation and to seek the input from other member states. Given the complexity of the ongoing efforts to implement the SSTP Agreement, the repeal of the Advisory Council is unwarranted and the deadlines established in the bill for the Department are unrealistic.

Furthermore, the bill allows third parties to access confidential tax return information without any explicit restrictions on re-disclosure to third parties, which undermines the State's strong public policy in state laws that ensure confidentiality of a taxpayer's tax information to promote voluntary and complete disclosure in reporting to taxing authorities. Moreover, federal law generally prohibits the disclosure of federal tax return information, which may be contained in Hawaii state tax returns.

For the foregoing reasons, I am returning House Bill No. 1224 without my approval.

Respectfully,

/s/ Linda Lingle

**Gov. Msg. No. 1041**, dated July 11, 2005, transmitting her statement of objections to Senate Bill No. 55 which she has returned to the Senate without her approval and which reads as follows:

"EXECUTIVE CHAMBERS  
HONOLULU  
July 11, 2005

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 55

Honorable Members  
Twenty-Third Legislature  
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 55, entitled 'A Bill for an Act Relating to Meal Breaks.'

The purpose of this bill is to provide employees who work five or more continuous hours at least a thirty consecutive minute rest or meal break where the employer is permitted to select the time of the rest or meal break.

This bill is objectionable because it would only apply to a narrow segment of the business community in Hawaii. Chapter 387, Hawaii Revised Statutes, which this bill would amend, does not cover employers governed by the federal Fair Labor Standards Act. This federal law establishes legal obligations on employers who engage in interstate commerce or have an annual sales volume in excess of \$500,000. As such, this proposed bill would only apply to businesses who do not engage in interstate commerce or whose annual sales volume is \$500,000 or less. Therefore this bill would exclude a significant portion of Hawaii's businesses and a sizable percentage of the workforce.

With the exception of Child Labor Laws, neither Federal nor State labor statutes require meal or other break periods. Testimony on this bill failed to provide any demonstrable information or firm data regarding the need for the State to regulate meal breaks. An employer and employee should have the flexibility to structure and schedule meal and other breaks in a way that is reasonable under the circumstances to both parties involved, instead of having specific breaks mandated by State law. Additionally, the bill lacks a penalty provision for non-compliance and therefore fails to contain a means of enforcement by the Department of Labor and Industrial Relations or a remedy for an employee who is not provided a rest or meal break.

For the foregoing reasons, I am returning Senate Bill No. 55 without my approval.

Respectfully,

**Gov. Msg. No. 1042**, dated July 11, 2005, transmitting her statement of objections to Senate Bill No. 1194 which she has returned to the Senate without her approval and which reads as follows:

"EXECUTIVE CHAMBERS

HONOLULU  
July 11, 2005

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 1194

Honorable Members  
Twenty-Third Legislature  
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 1194, entitled 'A Bill for an Act Relating to the Board of Trustees of the Deferred Compensation Plan.'

The purpose of this bill is to require five out of the seven members of the Board of Trustees of the State Deferred Compensation Plan (hereinafter referred to as the 'Plan') to be elected by participants of the Plan.

This bill is objectionable because:

(1) This bill imposes a permanent, annual cost to the Plan's participants.

Currently, section 88E-4, Hawaii Revised Statutes, requires the Board to have seven members: the Director of Human Resources Development, who serves as chairperson; the Director of Finance (or the Director's designee), who serves ex officio; and five appointed persons, three of whom shall be public employees and represent employee interests. The Governor currently appoints these five other members, with the advice and consent of the Senate, and interim members to fill vacancies on the Board.

This bill proposes to change the composition of the Board by increasing the number of members who must be public employees from three to five members (while retaining the Director of Human Resources Development and the Director of Finance or designee on the Board), requiring that these five members be elected by Plan participants, and requiring that these five members have staggered terms. Because the current Board members also have staggered terms, at least one Board member's term expires every year. Thus, under this bill, an election will have to be held every year to replace an outgoing Board member.

There are significant costs associated with holding an election. These costs include the costs of printing and advertising a public notice, printing ballots and communications materials (there are currently 28,000 participants in the Plan), purchasing postage and supplies, hiring additional administrative staff, and retaining the services of an independent third party to oversee the counting of the ballots. At a minimum, the Board estimates that these costs could exceed \$130,000 for each election.

Because this bill specifically imposes these costs on the Plan, and participants are responsible for all costs to implement and administer the Plan under section 88E-13, Hawaii Revised Statutes, the Board will have to assess participants the costs of these elections every year. These election costs are in addition to the service fees that are currently being paid by participants, and will come directly out of and ultimately reduce participants' retirement savings in the Plan. Participants could challenge or seek legal relief to address the imposition of these permanent annual costs. Burdening participants with these election costs is not in their best interest.

In addition, issues regarding the allocation of the election costs to participants may arise. For example, if the Board assesses a percentage fee to cover the election costs, those participants with higher account values may end up paying a significantly higher proportion of the election costs. Alternatively, if the Board assesses a flat fee to cover the election costs, those participants with smaller account values may end up paying a disproportionate amount of the election costs. In either case, participants may argue that the election costs are arbitrary or unfair.

(2) This bill precludes access to expertise in the private sector.

This bill requires that Board members be public employees. In the past, some members appointed to the Board have come from the private sector and have brought invaluable expertise in financial and investment matters. These members bring an understanding of the fiduciary role they are obligated to carry out that is distinct & complimentary to the public sector members. Losing the ability to obtain expertise from the private sector could be detrimental to the Plan and its participants.

(3) There is adequate public employee representation on the Board.

Currently, section 88E-4, Hawaii Revised Statutes, requires three members to be public employees who represent employee interests. These three members plus the Directors of Human Resources Development and of Finance bring the number of public employees to five. Because more than a majority of the members are public employees, there currently is ample public employee representation on the Board without imposing any additional costs on participants.

(4) Plan participants are currently able to participate in evaluating the qualifications of the Board members.

All of the five appointed Board members are required to be confirmed by the Senate under section 88E-5, Hawaii Revised Statutes. During the confirmation process, Plan participants may comment on the nominated members and their qualifications to be appointed to the Board and represent participant interests. Thus, Plan participants are able under the existing statute to participate in the evaluation and selection process of the Board members and the process proposed under this bill is unnecessary.

For the foregoing reasons, I am returning Senate Bill No. 1194 without my approval.

Respectfully,

/s/ Linda Lingle

**Gov. Msg. No. 1043**, dated July 11, 2005, transmitting her statement of objections to Senate Bill No. 1257 which she has returned to the Senate without her approval and which reads as follows:

"EXECUTIVE CHAMBERS  
HONOLULU  
July 11, 2005

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 1257

Honorable Members

Twenty-Third Legislature  
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 1257, entitled 'A Bill for an Act Relating to the University of Hawaii.'

The purported purpose of this bill is to improve the governance of the University of Hawaii. The bill will establish a 'candidate advisory council' for the Board of Regents of the University of Hawaii to 'assist the governor in selecting members of the board by establishing the criteria for, screening, and recommending qualified candidates for membership on the board.' In addition, this bill would increase the number of members of the Board of Regents from twelve to fifteen, effective July 1, 2007, and would amend the members' qualifications.

This bill is objectionable because it is premature. Senate Bill No. 1256, which passed the Legislature during the 2005 session, proposes a constitutional amendment that will require new members of the Board of Regents to be selected 'from pools of qualified candidates presented to the governor by the candidate advisory council for the board of regents of the University of Hawaii, as provided by law.' If the constitutional amendment proposed in Senate Bill No. 1256 is ratified, the statutory changes described in this bill could be introduced as legislation in the 2007 session and enacted in time to meet the new constitutional requirement.

Signing this bill would make the presumption that the voters will ratify the proposed constitutional amendment in 2006, a position that runs counter to our democratic principal of open and unbiased elections. Further, signing this measure could prejudice the results of the constitutional vote since eligible voters would know that the candidate advisory council had already become law.

For the foregoing reasons, I am returning Senate Bill No. 1257 without my approval.

Respectfully,

/s/ Linda Lingle  
LINDA LINGLE  
Governor of Hawaii"

"EXECUTIVE CHAMBERS  
HONOLULU  
July 11, 2005

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 1262

Honorable Members  
Twenty-Third Legislature  
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 1262, entitled 'A Bill for an Act Relating to the Waianae Coast.'

I am supportive of establishing an Ocean Recreation Management Area (ORMA) for the Waianae Coast with the

pertinent administrative rules to protect resources and regulate permitted commercial activities. However, this bill is objectionable because it would also set a negative precedent by requiring the Department of Land and Natural Resources (DLNR) to prepare a regional baseline environmental study seemingly modeled along the lines of an environmental impact statement (EIS) before an ORMA is established.

Further, while the bill is prescriptive of the content of the baseline study, the legislation fails to provide a mechanism for public input and comment during and at the conclusion of the study. This runs counter to administrative rules procedures, as set forth in Chapter 91 HRS, requiring public hearings preceded by ample public notification such that all interested parties may fully participate in the rulemaking process. Rulemaking under 91 HRS is the preferable approach.

Additionally, this bill could jeopardize important DLNR programs, since the cost of this environmental baseline study is estimated to be between \$250,000 and \$1,000,000, yet the Legislature has not appropriated funds for this undertaking. Diverting staff resources and expertise to perform the baseline study could jeopardize other environmentally sensitive programs. Ironically, this bill would delay the more efficient, transparent, and effective method of creating the Ocean Recreation Management Area through the administrative rulemaking process.

Additionally, it should be pointed out that over the past three years the Department of Land and Natural Resources has met extensively with the interested parties and believes these issues can be resolved in a manner that complies with the federal Marine Mammal Protection Act.

Section 2 of the bill places a moratorium on the number of commercial permits the DLNR can issue at any state small boat harbor facility for vessels engaged in ocean use activities in the area from Kalaeloa Point to Kaena Point. Under existing administrative rules, there are no further commercial permits available for boats berthed at the Waianae Small Boat Harbor. Therefore, this provision is unnecessary.

For the foregoing reasons, I am returning Senate Bill No. 1262 without my approval.

Respectfully,

**Gov. Msg. No. 1045**, dated July 11, 2005, transmitting her statement of objections to Senate Bill No. 1352 which she has returned to the Senate without her approval and which reads as follows:

"EXECUTIVE CHAMBERS  
HONOLULU  
July 11, 2005

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 1352

Honorable Members  
Twenty-Third Legislature  
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 1352, entitled 'A Bill for an Act Relating to Public Employees.'

The purpose of Senate Bill No. 1352 is to amend provisions relating to the scope of negotiations in public employment collective bargaining. This bill will amend Section 89-9(d), Hawaii Revised Statutes, by requiring the Public Employer and the unions to negotiate over the impact of transfers, assignments, and layoffs of public employees. This bill could also require the parties to negotiate over the criteria on promotions, transfers, assignments, demotions, layoffs, suspensions, terminations, discharges, and other disciplinary actions.

This bill is objectionable because it attempts to eliminate management rights currently protected under Section 89-9(d), Hawaii Revised Statutes. Historically, Section 89-9, Hawaii Revised Statutes, has been recognized as the provision covering management's rights and sets into law protections which do not allow management to bargain away the right to direct its workforce and oversee governmental operations. This ensures that Public Employers are able to manage their operations efficiently and effectively to service the public.

The other Public Employer jurisdictions have advised me that this bill would critically impede their ability to manage their workforce and protect the health and safety of the public. The State would also face serious difficulties in carrying out its civil defense, public safety, health, welfare, and other public service functions. This bill would require Public Employers to negotiate with collective bargaining union representatives the impact of transfers, reassignments, and layoffs before these personnel actions could be implemented. Such a requirement would seriously delay the delivery of services to the community at large. For example, the county police and fire departments have commented that Senate Bill No. 1352, if it became law, would seriously jeopardize their ability to provide timely emergency services to the public. This bill could restrict the deployment of lifeguards, emergency medical services personnel, civil defense workers, and similar health and safety staff who are expected to respond to and adjust their work locations and hours as emergencies and unanticipated events may dictate.

On January 28, 2005, the Hawaii Supreme Court issued a decision upholding management rights as set forth in Section 89-9(d), Hawaii Revised Statutes. The case involved idle public refuse workers within the City and County of Honolulu who were being reassigned to a district where they were needed to ensure the trash was picked up and sanitation standards were maintained.

The Hawaii Supreme Court decision in United Public Workers, AFSCME, Local 646, AFL-CIO v. Hanneman, 106 Haw. 359 (2005), does not invalidate negotiated provisions in the collective bargaining agreements. However, this decision preserves the rights of management to reallocate the public workforce as needs and circumstances require. Senate Bill No. 1352 is troubling because it attempts to overturn this fundamental management principal.

Further, this bill presumes that reasonable people, both managers and their staffs, are unable or unwilling to accommodate the needs of the public through mutual agreement and adjustment. This bill evidences a lack of trust and accommodation which can be fostered between management and the rank-and-file when mutual respect develops between employees and their employers. Moreover [*sic*], this bill fails to recognize that employers regularly consult with the respective exclusive representatives on matters affecting employee relations.

Finally, Senate Bill No. 1352 would also allow the parties to negotiate criteria on promotions, transfers, assignments, demotions, layoffs, suspensions, terminations, discharges, and other disciplinary actions. There is concurrence among the various public sector jurisdictions that these personnel actions should be determined by the employer as has been the case historically. Moreover, the criterion commonly proposed by the unions for personnel actions (i.e., seniority) is contrary to the Merit Principle, as defined in Section 76-1, Hawaii Revised Statutes.

For the foregoing reasons, I am returning Senate Bill No. 1352 without my approval.

Respectfully,

/s/ Linda Lingle

**Gov. Msg. No. 1046**, dated July 11, 2005, transmitting her statement of objections to Senate Bill No. 1473 which she has returned to the Senate without her approval and which reads as follows:

"EXECUTIVE CHAMBERS  
HONOLULU  
July 11, 2005

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 1473

Honorable Members  
Twenty-Third Legislature  
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 1473, entitled 'A Bill for an Act Relating to Waimano Ridge.'

The purpose of this bill is to require the Department of Health to: (1) give at least ninety days notice to affected neighborhood boards and legislators who represent the district including the state land at Waimano ridge and obtain the approval of the Governor prior to new or expanded uses of the Waimano ridge land as a sex offender treatment facility, drug treatment facility, state laboratory, or other uses; (2) draft an updated master plan for future use of the Waimano ridge lands in consultation with the Department of Land and Natural Resources, residents of Pearl City, the Pearl City Community Association, and Pearl City Neighborhood Board No. 21; (3) conduct at least two public hearings in the Waimano ridge community to receive comments on the draft master plan; (4) incorporate, to the extent practicable, any changes or additions to the draft master plan that are submitted by the Pearl City Community Association or the Pearl City Neighborhood Board No. 21; and (5) submit the updated master plan to the Legislature at the next regular session.

Although the concerns of neighboring residents are significant, this bill is objectionable because it violates Section 5 of Article XI of the State Constitution. Section 5 of Article XI of the State Constitution provides as follows:

The legislative power over the lands owned by or under the control of the State and its political subdivisions shall be exercised only by general laws, except in respect to transfers to or for the use of the State, or a political subdivision, or any department or agency thereof.

Section 5 of Article XI is clear that the Legislature can administer or dispose of lands owned or controlled by the State only by general law. This understanding of the plain meaning of Section 5 is supported by Section 5's constitutional history. See Stand. Comm. Rep. No. 78, 1 Proceedings of the Constitutional Convention of Hawaii 1950 ('1 Proceedings') at 233 (1960). The only exception to Section 5's requirement that the Legislature administer or dispose of lands owned or controlled by the State by general law is for intergovernmental transfers of land. See 1 Proceedings at 233; 2 Proceedings of the Constitutional Convention of Hawaii 1950 at 631 (1961).

The session law to be enacted by this bill is not a general law that applies to all state lands, but instead is drafted to specifically apply only to the Waimano ridge area by requiring notice to the local neighborhood boards and legislators and approval of the Governor prior to new or expanded uses of the Waimano ridge land as a sex offender treatment facility, drug treatment facility, state laboratory, or any other uses. Nor does this bill transfer the Waimano ridge lands to or for the use of the State or an agency of the State. Accordingly, because provisions of this bill will not be a general law for the management of natural resources, this bill violates Section 5 of Article XI of the State Constitution.

Moreover, under our State's constitutional system of three separate but equal branches of government, the authority to find new or expanded uses or to conduct further development on the Waimano ridge area is an executive branch responsibility. Section 2 of Article XI of the State Constitution expressly requires that the management and disposition of natural resources be vested in 'executive' boards or commissions.

For the foregoing reasons, I am returning Senate Bill No. 1473 without my approval.

Respectfully,

/s/ Linda Lingle

"EXECUTIVE CHAMBERS

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 1554

Honorable Members  
Twenty-Third Legislature  
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 1554, entitled 'A Bill for an Act Relating to the Environment.'

This bill is objectionable because, while it seeks to permanently establish an environmental workforce attached to the Research Corporation of the University of Hawaii (RCUH) to assist the counties in controlling and eradicating invasive species throughout the State, it fails to provide an appropriation to carry out the work. Without funding, the workforce would require use of other funds of the RCUH or the University of Hawaii, which is objectionable to these organizations since this

would adversely affect their mission. Without funding, it is unclear as to how the workforce would function and meet its stated purpose. Further the bill is unclear how the workforce would integrate with existing county invasive species committees and the Hawaii Invasive Species Council.

Second, the bill would require the purported environmental workforce to employ individuals who are not subject to civil service and collective bargaining laws. Section 307-4, Hawaii Revised Statutes exempts the Research Corporation of the University of Hawaii from State personnel statutes. As such, because RCUH has existing authority to hire employees exempt from civil service, the reference to Chapter 76, Hawaii Revised Statutes in this statute is unnecessary. However, there is a fundamental objection to establishing a whole new cadre of state employees outside the scope of civil service procedures. Allowing such exemptions for these types of workforces, without adequate justification or rationale, should be discouraged.

Third, this bill is objectionable because the environmental workforce proposed in this measure is not consistent with RCUH's fundamental mission of supporting research and training programs for the University of Hawaii including advanced research for specific scientific endeavors. At best the workforce in this bill appears to fit under RCUH only during the initial phase of research and testing relating to the control and eradication of invasive species. As such, once this phase is completed, the workforce would no longer be compatible with the purpose of RCUH and would need to be transferred to the proper agency, something which this bill fails to contemplate.

For the foregoing reasons, I am returning Senate Bill No. 1554 without my approval.

Respectfully,

/s/ Linda Lingle

**Gov. Msg. No. 1048**, dated July 11, 2005, transmitting her statement of objections to Senate Bill No. 1592 which she has returned to the Senate without her approval and which reads as follows:

"EXECUTIVE CHAMBERS  
HONOLULU  
July 11, 2005

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 1592

Honorable Members  
Twenty-Third Legislature  
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 1592, entitled 'A Bill for an Act Relating to State Planning.'

The purpose of this bill is to establish a 'Hawaii 2050 Task Force' to review the Hawaii State Plan and other fundamental components of community planning, to submit recommendations and information on significant planning matters, and to develop recommendations on creating the 'Hawaii 2050 Sustainability Plan' to 'ensure its relevance as a guide for the future long-term development of the State.' The Legislative Auditor is required to prepare the 'Hawaii 2050 Sustainability Plan,' which is to define and implement state

goals, objectives, policies, and priorities by incorporating some or all of the recommendations of the Hawaii 2050 Task Force.

This bill is objectionable because it fails to recognize the proper location & logical nexus for development of the Hawaii State Plan.

Assigning the Office of the Auditor with the responsibility for developing the 'Hawaii 2050 Sustainability Plan' is not consistent with the Auditor's primary duties and appears to be an inappropriate function of that office. Pursuant to section 23-4, Hawaii Revised Statutes, the Auditor's primary duties are 'to conduct postaudits of the transactions, accounts, programs, and performance of all departments, offices, and agencies of the State and its political subdivisions' and 'examinations to discover evidence of any unauthorized, illegal, irregular, improper, or unsafe handling or expenditure of state funds or improper practice of financial administration.' The Office of Planning is responsible for comprehensive, long-range, and strategic planning pursuant to chapter 225M, Hawaii Revised Statutes, and is the more appropriate agency to develop the 'Hawaii 2050 Sustainability Plan.'

Second, this bill is objectionable because it requires the Department of Business, Economic Development, and Tourism (DBEDT) and other agencies to provide staff assistance to the task force without providing funds for that purpose. This requirement could adversely impact other work being done by DBEDT, such as its work to maintain economic momentum in a way that protects our cultural and natural resources and preserves our quality of life.

This bill would appropriate \$200,000 to the Auditor but provides no monies to the Office of Planning that is responsible for comprehensive long range and strategic planning. It appears this bill is a direct attempt to by-pass that Office and infringe upon the scope and responsibilities of the Executive Branch.

In addition, considering the significance of the subject matters being reviewed for the future welfare of the State, the task force is given relatively very little time to complete its assignment.

For the foregoing reasons, I am returning Senate Bill No. 1592 without my approval.

"EXECUTIVE CHAMBERS

July 11, 2005

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 1772

Honorable Members  
Twenty-Third Legislature  
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my

approval, Senate Bill No. 1772, entitled 'A Bill for an Act Relating to Employers.'

The purpose of this bill is to enable the State to determine which employers are improperly 'shifting responsibility for providing health care coverage for their workers to taxpayers' by requiring applicants for medical assistance to identify their employer or the employer of the adult responsible for a proposed beneficiary's support. This bill requires the Department of Human Services (DHS) to annually identify employers who employ twenty-five or more beneficiaries of medical assistance programs administered by the DHS and specifically empowers the Director of Human Services to 'make the annual report available to the public through any means the director deems appropriate.'

This bill is objectionable because it will not accomplish the goal of identifying improper cost shifting by employers. There is no requirement that employers cover an employee's spouse or dependents and, therefore, tracking the number of dependents on medical assistance will not identify employers who are violating the law. Having employees or dependents on medical assistance is not improper or illegal unless employers are violating the Hawaii Prepaid Health Care Act or applicable minimum wage laws. The bill does not claim, nor do its provisions provide proof, that any of the suspect employers are violating these employment laws.

Further, this bill subjects these employers to having their names publicly identified and disseminated. This action would unfairly stigmatize and cause public ridicule of employers who are actually complying with labor laws.

Moreover, the Department of Human Services currently incorporates policies in its administrative rules to reduce the likelihood of cost shifting by the private sector to the government. These policies include a prohibition on publicly funded health coverage of employees that qualify for their employer-sponsored health coverage.

Additionally, it should be noted that in February 2005 the Department of Labor and Industrial Relations introduced Administrative Initiative 2005-02, The Prepaid Health Care Act Compliance Assistance Program. The program involves investigations into non-compliance with the Prepaid Health Care Act by conducting on-site random visits to employers. This program is a more effective methodology of addressing potential non-compliance than the proposals contained in this bill.

Finally, this bill imposes new reporting burdens on employers, applicants, and current Medicaid beneficiaries, as well as imposes an additional administrative burden on the Department of Human Services, but contains no appropriation to cover that cost.

For the foregoing reasons, I am returning Senate Bill No. 1772 without my approval.

Respectfully,

"EXECUTIVE CHAMBERS

HONOLULU  
July 11, 2005

STATEMENT OF OBJECTIONS TO SENATE BILL NO.  
1843

Honorable Members  
Twenty-Third Legislature  
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith without my approval, Senate Bill No. 1843, entitled 'A Bill for an Act Relating to Procurement.'

The purpose of Senate Bill No. 1843 is to prohibit the inclusion of certain provisions from public works contracts with consultants who are licensed under chapter 464, Hawaii Revised Statutes. Specifically, this bill prohibits the inclusion of contract provisions that require professional construction design consultants to defend, indemnify, and hold harmless the government from liability arising from the negligence, errors, omissions, recklessness, or intentional misconduct of the government. The bill does allow public works contracts to require the professional construction design consultants to indemnify and hold harmless the government from liability arising from the negligence, errors, and omissions of the design professional.

Section 1 of the bill is objectionable because it states, 'it is public policy for a governmental body to defend both parties [governmental body and professional construction design consultant] against any claims, with the extent of liability to be determined after settlement of the claim.' This requirement in section 1 requires the governmental body to provide the legal defense for the professional construction design consultant when sued. Under section 1's requirement to defend the consultant, a lawsuit seeking damages from both the State and the consultant would require the Attorney General to retain, at the State's expense, private legal counsel to defend the consultant to avoid a potential conflict of interest between the State and the consultant. Such representation in major liability cases could amount to hundreds of thousands of dollars of public funds.

Even though the principle embodied in section 1 is not affirmatively discussed in the remaining sections of the bill, should the intent as expressed by section 1 be utilized in construing the remainder of the bill, this could lead to results that are clearly not in the best interests of the State of Hawaii.

Moreover, subsection (a) of the new Hawaii Revised Statutes section in section 2 of the bill appears to state the unobjectionable principle that the State cannot require an individual to defend, indemnify, or hold harmless government from negligent acts, errors, omissions, recklessness, or intentional misconduct of the government. However, were this provision to be read in conjunction with section 1 of the bill to provide that there would be no duty to defend, indemnify, or hold harmless the government from any part of any claim for which the government was in any way at fault -- even the portion of the claim for which the construction design professional was at fault -- this type of provision would severely impede the ability of the State to appropriately protect itself.

It is not clear whether or not subsection (b) of the new Hawaii Revised Statutes section in section 2 of the bill is intended to specify the only circumstances under which the government may require a construction design professional to indemnify and hold harmless the government. It is, however, possible that a court could read this section as providing that

only the statutory language could be utilized. Were that the case, the language is not broad enough to protect the government. For example, in subsection (a), the language used is 'the negligent acts, errors, or omissions, recklessness, or intentional misconduct.' Subsection (b) of section 2, however, limits the government's right to be indemnified to 'negligent acts, errors, or omissions, or intentional misconduct.' It does not specifically include reckless or other wrongful acts. Thus, for this reason alone, this section is deficient.

Moreover, if this section is interpreted in accord with section 1, then the government might not even have the ability to assert an indemnity provision until the primary claim is concluded. This would clearly be contrary to public policy. The practical concerns of design professionals with regard to obligations to defend the government are real and should be addressed through changes to the standard conditions of contracts and be reflected in conditions and general provisions for particular projects.

For the foregoing reasons, I am returning Senate Bill No. 1843 without my approval.

"EXECUTIVE CHAMBERS  
HONOLULU  
July 11, 2005

STATEMENT OF OBJECTIONS TO SENATE BILL NO.  
1877

Honorable Members  
Twenty-Third Legislature  
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 1877, entitled 'A Bill for an Act Relating to the Office of Planning.'

The purpose of this bill is to require the Office of Planning to report only to the Director of Business, Economic Development, and Tourism and to clarify that the Department of Business, Economic Development, and Tourism has the sole jurisdiction over the Land Use Commission, state planning, and the Hawaii State Planning Act.

This bill is objectionable because it limits my administration's flexibility in executing programs and functions to achieve maximum results. There is a necessary and publicly significant relationship between the Office of Planning within the Department of Business, Economic Development and Tourism and the Department of Land and Natural Resources. The Office of Planning's major statutory responsibilities of land use planning, coastal zone management, and geographic information systems are consistent with and complement the Department of Land and Natural Resources core functions of land management and protection of resources. The relationship between the Office of Planning and the Department of Land and Natural Resources has been carried out with the public's interest as their foremost consideration.

My administrative directive instructing the Office of Planning to consult with and report to the Chairperson of the Board of Land and Natural Resources has resulted in meaningful, productive, and successful undertakings in land use planning issues and has been beneficial to the public discourse on these critical topics, particularly through proceedings of the Land Use Commission. The current working relationship is consistent with the Legislature's call for more prudent, efficient, and effective government operations.

Further, it is objectionable that the legislature has required the Director of the office to be subject to the confirmation process. This position was recently filled. Since its establishment in 1987, the Director of the Office of Planning has been hired through the normal appointment process. Because the scope & duties of this position have not changed, it appears the motivation to subject this position to the confirmation process is suspect.

For the foregoing reasons, I am returning Senate Bill No. 1877 without my approval.

Respectfully,

“EXECUTIVE CHAMBERS  
HONOLULU

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 1889

Honorable Members  
Twenty-Third Legislature  
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 1889, entitled ‘A Bill for an Act Relating to Apprenticeships.’

The purpose of this bill is to amend sections 372-3 and 372-4, Hawaii Revised Statutes, to add two additional standards for apprenticeship agreements and to give authority to the apprenticeship council to promote and approve apprenticeship programs, while deleting its original duty to sit in an advisory capacity to the Director of Labor and Industrial Relations.

This bill is objectionable because one of the standards being added would apply where a sponsor seeks to establish an apprenticeship program in a trade that has a ‘parallel program.’ In that situation, there must be an ‘assurance of compliance with the “equal to or better than” requirement.’ Current law does not define ‘parallel program’ or provide for an ‘equal to or better than’ requirement, thus making this new standard vague. More importantly, the United States Department of Labor has advised the State that this provision could cause Hawaii’s apprenticeship law to be out of conformity with the Office of Apprenticeship Training, Employer and Labor Services’ (OATELS) standards. It ‘would constitute grounds for OATELS to withdraw Hawaii’s authority, as a recognized State Apprenticeship Council (SAC), to register apprenticeship

programs for Federal purposes,’ because there is no basis in federal law for comparing new parallel programs to an existing program and ‘would improperly restrict apprenticeship opportunities by favoring incumbents over new entrants.’

This bill is also objectionable because it shifts the responsibility to approve apprenticeship programs from the Director of Labor and Industrial Relations to the Apprenticeship Council, a group that has served in an advisory capacity to the Director for many years. There has been no demonstrated need to change the Apprenticeship Council’s advisory role. The Apprenticeship Council is composed of individuals familiar with apprenticeable occupations, representing employer and employee organizations. Performance of their duties as members of the Apprenticeship Council that had decision-making authority could result in conflicts of interest. Keeping the Director of Labor and Industrial Relations, who has no vested interest in a given apprenticeship program, in the decision-making role minimizes the potential conflict.

For the foregoing reasons, I am returning Senate Bill No. 1889 without my approval.

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 85

Honorable Members  
Twenty-Third Legislature  
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 85, entitled ‘A Bill for an Act Relating to Harbors.’

The purpose of this bill is to transfer jurisdiction and authority over Honolulu Harbor piers 1 and 2 from the Hawaii Community Development Authority (HCDA) to the Department of Transportation.

This bill is objectionable because, section 3 erroneously excludes from the land under the jurisdiction of HCDA the area east of Forrest Avenue and attempts to transfer title to the Department of Transportation. It appears the bill intended to transfer lands west of Forrest Avenue.

This inaccurate description clouds title to lands under HCDA’s jurisdiction. A portion of the area this bill would exclude from HCDA’s jurisdiction is presently the subject of a recently issued request for proposal (RFP) for development. This development is ultimately estimated to require an investment of approximately three quarters of a billion dollars. Given the uncertainty of HCDA’s jurisdiction over the subject area if this bill became law, potential bidders would be reluctant to take part in the development solicitation & process, given the large up-front investment required for the preparation of responses to the request for proposal.

Furthermore, the area excluded by this bill from HCDA's jurisdiction includes the Kakaako Waterfront Park, the Makai Gateway Parks, the University of Hawaii Medical School complex, and the site of the proposed Cancer Research Center, all of which have been or will be developed by HCDA under its existing statutory authorities. House Bill No. 85 creates doubt to which state entity would be responsible for the maintenance, repair, and coordination of these existing & proposed facilities.

Finally, it should be noted that the use of Forrest Avenue is not an accurate description because Forrest Avenue is an easement within the Forrest Avenue Subdivision and cannot legally serve as a parcel boundary.

For the foregoing reasons, I am returning House Bill No. 85 without my approval.

Respectfully,

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 180

Honorable Members  
Twenty-Third Legislature  
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 180, entitled 'A Bill for an Act Relating to Public Employees.

The purpose of this bill is to amend provisions of chapter 89C, Hawaii Revised Statutes, relating to adjustments in compensation and benefits for civil service employees who are excluded from collective bargaining.

This bill is objectionable because it reverses the legislative intent of the Civil Service Modernization Act of 2000, Act 253, SLH 2000, that allows employers the flexibility to grant merit-based compensation to reward notable services for excluded civil service managers in the excluded managerial compensation plan (EMCP). Prior to the passage of Act 253, compensation and benefit adjustments for civil service employees excluded from collective bargaining were statutorily required to be 'not less than those provided under collective bargaining.' For those excluded civil service employees under the same compensation plan as officers and employees within collective bargaining units, the adjustments were required to be not less than the adjustments for those officers and employees. For the excluded civil service employees in the excluded managerial compensation plan (EMCP), the adjustments were to be not less than adjustments in collective bargaining unit 13. Act 253 deleted the 'not less than' requirement for the EMCP employees and instead used the terms 'appropriate for what they do and the contribution they make in consideration of the compensation and benefit packages provided under collective bargaining agreements for counterparts and subordinates within the jurisdiction.' Act 253 also provided for 'variable

adjustments based on performance,' which is found in section 89C-2(5), Hawaii Revised Statutes. This bill would return the EMCP adjustments to be 'at least equal to' the collective bargaining increases of counterparts and subordinates.

When Act 253 was passed, it was recognized that, in order for pay for performance to work, employees in the EMCP could not receive at least what their subordinates got because, as a practical matter, that floor would become the ceiling, and would preclude paying less to poor performing EMCP employees. Compensation adjustments for excluded civil service managers, who are not subject to collective bargaining coverage, should be commensurate with their performance on the job and not based on their length of service or time in grade. This bill would revert to the prior concept of compensating excluded civil service managers regardless of the quality of work they performed. This bill is fundamentally inconsistent with the Merit Principle and the principles of pay-for-performance and accountability. For these reasons the Executive Branch has consistently opposed this and similar bills for the past five legislative sessions.

For the foregoing reasons, I am returning House Bill No. 180 without my approval.

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1060

Honorable Members  
Twenty-Third Legislature  
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 1060, entitled 'A Bill for an Act Relating to Medicaid.'

The purpose of this bill is to add a new section to chapter 346, Hawaii Revised Statutes, to guarantee a payment methodology to federally qualified health centers and rural health clinics in accordance with the Social Security Act.

This bill is objectionable because the Department of Human Services already pays federally qualified health centers and rural health clinics according to the payment methodology required by section 1902(bb) of the Social Security Act. A State statute imposing this obligation is unnecessary and would result in additional State legal and fiscal obligations.

The language in the bill that purports to make services of federally qualified health centers and rural health clinics 'mandatory services' is unnecessary and could result in confusion to providers and beneficiaries. Services of federally qualified health centers and rural health clinics are not included in any of the federal categories of mandatory services, but are included in the federal definition of 'medical assistance.' Therefore, Medicaid state plan services rendered by federally

qualified health centers and rural health clinics to eligible Medicaid recipients are covered in accordance with federal law. Furthermore, stating that these services are 'mandatory services' suggests that the bill is giving federally qualified health centers and rural health clinics greater rights than they currently enjoy.

Should federal law change, this bill could obligate the State to fully fund services rendered by federally qualified health centers and rural health clinics, even if federal matching funds were not available. While I strongly support the continuation and growth of community health centers, the decision to reimburse federally qualified health centers and rural health clinics wholly out of State funds should be left to the Legislature in session at the time the issue arises.

For the foregoing reasons, I am returning House Bill No. 1060 without my approval.

**Gov. Msg. No. 1056**, dated July 11, 2005, transmitting her statement of objections to House Bill No. 1317 which she has returned to the House of Representatives without her approval and which reads as follows:

"EXECUTIVE CHAMBERS  
HONOLULU  
July 11, 2005

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1317

Honorable Members  
Twenty-Third Legislature  
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 1317, entitled 'A Bill for an Act Relating to Medicaid.'

The purpose of this bill is to prohibit the Department of Human Services from taking action to remove pharmaceutical benefits management from managed care plans that provide health care coverage for Hawaii Medicaid beneficiaries and to require the Department of Human Services to report to the 2006 Legislature on the impact of carving out pharmaceutical benefits management from managed care plans.

This bill is objectionable because it will deny recipients who are enrolled in the Medicaid Fee-for-Service Aged, Blind and Disabled program from access to the same pharmaceutical drugs that they currently have access to, when these recipients move into managed care organizations under the State's planned expansion of its Medicaid QUEST Program. Managed care organizations participating in the Medicaid QUEST Program have fewer 'preferred' (unrestricted access) medications in comparison to the Medicaid Fee-for-Service Program.

Further, this bill will prevent the State's Medicaid agency from continuing to receive pharmaceutical rebates through its preferred drug list (PDL) program after the implementation of its new Medicaid QUEST Program.

The State's Medicaid program has recently implemented a Preferred Drug List (PDL) which is used for its fee-for-service

population. A PDL is a list of drugs for which the Medicaid agency assures coverage without the need of obtaining its prior authorization. Pharmaceutical companies issue rebates for the placement of their drugs on a PDL. The State has started to receive these rebates from pharmaceutical manufacturers. The substantial income and savings projected by the State as a result of its PDL program will not be realized if this bill is allowed to become law. Instead, the Medicaid managed care organizations will receive increased income, the amount of which they have not disclosed to the State, through their own programs similar to the State's PDL. There is no reason to allow the diversion of such income from the State.

Further, the Department of Human Services recently began participating in the National Multi-State Purchasing Pool Initiative (NMPI). NMPI is a pool of states that combine their purchasing power on prescription drugs by leveraging millions of clients to negotiate discounted prices, or 'supplemental rebates' for prescription drugs. This measure would prevent the Department from participating in the NMPI for its Medicaid recipients in managed care plans. Substantial income and savings projected by the Department will not be realized if HB 1317 HD1, SD1, CD1 becomes law.

Further, this bill will require appropriations of new State funds in order to proceed with expanding the Medicaid QUEST Program, or force the State to delay the implementation of its expansion until other mechanisms of funding become available. Instead, the managed care organizations that provide health care coverage to Hawaii Medicaid beneficiaries will receive increased income through their own pharmaceutical benefits management programs similar to Hawaii's participation in the NMPI, while the State of Hawaii will be denied the opportunity to generate increased income and savings through the NMPI.

For the foregoing reasons, I am returning House Bill No. 1317 without my approval.

"EXECUTIVE CHAMBERS

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1450

Honorable Members  
Twenty-Third Legislature  
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 1450, entitled 'A Bill for an Act Relating to Civil Rights.'

The purposes of this bill are: (1) to clarify that discrimination based upon 'gender identity or expression' is a form of sex discrimination and (2) to prohibit discrimination in employment on the basis of 'gender identity or expression.' This bill defines 'gender identity or expression' in an open-ended manner to include 'a person's actual or perceived gender, as well as a person's gender identity, gender-related self-image, gender-

related appearance, or gender-related expression, regardless of whether that gender identity, gender-related self-image, gender-related appearance, or gender-related expression is different from that traditionally associated with the person's sex at birth.'

This bill is objectionable because it contains no limiting terms or interpretational guidelines. The words used to define 'gender identity or expression' are broad in scope and the terms 'gender-related self-image, gender-related appearance, or gender-related expression' are subject to broad and subjective interpretation. The application of those terms in the employment area will likely result in controversy and unwarranted lawsuits. To avoid such controversy and litigation, the terms should be statutorily defined in a clear, precise, and limited manner with guidelines to assist employers and employees in interpreting and applying the terms in the employment context.

While the primary focus of the legislation is in regard to individuals who may have a gender identity and expression that 'is different from that traditionally associated with the person's sex at birth,' the broad definition in the bill also appears to cover those who have personal expressions of the gender of their birth that may be inappropriate to business and professional environments. This bill appears to support an individual's 'civil right' to express their gender identity in any manner that they wish, thereby calling into question the ability of businesses and related organizations to manage these situations by establishing and enforcing basic conduct standards.

It is unfortunate that efforts were not made to work with members of the employment community to address the practical problems they would face should such a bill become law.

The Civil Rights Commission currently interprets 'sex' to cover the potential abuses related to the treatment of individuals who have gender identities or expression different from their sex at birth. The proposed inclusion of the broader definition of 'gender identity or expression' in statute opens employment areas to open-ended and unintended legal claims.

For the foregoing reasons, I am returning House Bill No. 1450 without my approval.

"EXECUTIVE CHAMBERS

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1554

Honorable Members  
Twenty-Third Legislature  
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 1554, entitled 'A Bill for an Act Relating to Leasehold Conversion.'

The purpose of House Bill No. 1554 is to provide an incentive for fee owners of multi-family or single-family residential leasehold property to sell the fee interest in their real property by allowing an exclusion from their taxable income of fifty percent of the income received from the sale of their leased fee interest, but not to exceed an aggregate cap of \$75,000 for 'all taxpayers in the State' in 2006.

Although the provision of an incentive for fee owners to sell the fee interest in their residential real property is an idea that has merit, this bill is objectionable because it provides an inadequate incentive for a reasonable number of owners to sell their leased fee interest.

The aggregate cap frustrates the bill's intended purpose to promote widespread leasehold conversion. The aggregate cap of \$75,000 is so low it will be satisfied with only \$150,000 in total leased fee sales. The cap would easily be exceeded by the sale of just one or two single-family homes, or a few condominium units. This bill contains no criteria or guideline that could be used by the Department of Taxation to determine which of the fee owners would qualify for the exclusion from income of up to \$75,000 'in the aggregate for all taxpayers in the State.' Consequently, the Department of Taxation could be faced with tax appeals and litigation regarding this bill that far outweigh its actual benefit. Further, to implement the bill for only one year, the Department of Taxation would be faced with the administrative burdens of establishing guidelines, training personnel, developing and implementing a public information campaign, creating and printing the exemption forms, and reviewing an unknown number of claims.

For the foregoing reasons, I am returning House Bill No. 1554 without my approval.

"Dear Mr. President and Members of the Senate:

Re: Senate Bill No. 1732 SD1 HD1 CD1

On July 12, 2005, Senate Bill No. 1732, entitled 'Making an Appropriation for a Local Flood Warning System for Lake Wilson' became law without my signature, pursuant to Section 16 of Article III of the State Constitution.

The bill appropriates \$19,000 in FY 2006 and \$20,000 in FY 2007 in general funds for the purchase and installation of stream gauges to operate a flood-warning system for Lake Wilson.

This bill is unnecessary given the fact that the Legislature approved funds for this project in the 2004 budget. Act 200 appropriated \$75,000 in CIP general obligation bonds and \$75,000 in federal funds for the design and construction of the

stream gauges system. On December 22, 2004 I released \$75,000 to the State Civil Defense Agency for the Lake Wilson Flood Warning system. The State Civil Defense Agency is currently executing a cooperative agreement with the U. S. Geological Survey who will be installing the system. The balance of the CIP funds that are not needed will lapse on June 30, 2006.

In future years, the State intends to work with the private owner of Lake Wilson on a cost sharing arrangement for the system's maintenance. It should be pointed out that the State has not funded the operation or maintenance of other flood warning systems.

Therefore, I allowed Senate Bill No. 1732 SD1 HD1 CD1 to become law as Act 215 effective July 12, 2005 without my signature.

**Gov. Msg. No. 1061**, informing the Senate that on July 12, 2005, she permitted the following measure to become law without her signature, pursuant to Section 16 of Article III of the State Constitution, which reads as follows:

Senate Bill No. 1427 as Act 216, entitled: "RELATING TO PROCUREMENT OF HIGH ENERGY EFFICIENT VEHICLES."

"Dear Mr. President and Members of the Senate:

Re: Senate Bill No. 1427 SD1 HD2 CD1

On July 12, 2005, Senate Bill No. 1427 entitled 'Relating to Procurement of High Energy Efficient Vehicles' became law without my signature, pursuant to Section 16 of Article III of the State Constitution.

This bill mandates that the procurement policy for all State agencies purchasing or leasing motor vehicle fleets shall be to obtain alternative fuel vehicles, providing that beginning January 1, 2006, all State agencies are directed to procure increasing percentages of alternative fuel vehicles as part of their annual vehicle acquisition plans. The intent of this bill is laudable, however, the bill is problematic for a number of reasons.

The bill defines alternative fuel vehicles as either electric vehicles, fuel cell vehicles, or hybrid vehicles. Electric vehicles are small and not feasible for many State needs. Hybrid vehicles are available on a limited basis in three models. Hydrogen vehicles are currently not available and unlikely to be commercially available for years.

The definition in the bill also contradicts federal requirements covering State fleets, as mandated by the Energy Policy Act of 1992. Under federal law, an alternative fuel vehicle is defined as any dedicated, flexible-fuel, or dual-fuel vehicle designed to operate on at least one alternative fuel. This definition of alternative fuels includes methanol, denatured ethanol, and other alcohols; mixtures containing 85% or more by volume of methanol, denatured ethanol, and other alcohols with gasoline or other fuels; natural gas; liquefied petroleum gas; hydrogen; coal-derived liquid fuels; non-alcohol fuels derived from biological material; biodiesel; and electricity (generated from solar energy or off-board the vehicle). Because of this difference in definitions, departments with fleets will have to operate under two separate procurement requirements.

Under these differing definitions, there will be no alternative fuel vehicle that can be purchased to meet both State and federal requirements. Hydrogen fuel cell vehicles would be the only type of vehicle that would fall under both requirements. However, these vehicles are not commercially available from major auto manufacturers. The Energy Policy Act requires that 75% of light duty vehicles purchased for fleets be alternative fuel vehicles. The State currently complies with this requirement and may be able to temporarily comply with SB 1427, which mandates another 20% of vehicles purchased must be electric, hydrogen, or hybrid.

However, under this bill, by January 1, 2009 at least 40% of vehicles purchased must meet these State requirements. At this point the State will not be able to meet the requirements of both laws. Violations of the federal law will incur civil and criminal fines upon the State. Either the State definition of alternative fuel vehicle must be amended or the percentage requirements must be amended.

The Legislature also argues that this bill will save the State money. This is not the case. Because the vehicles permitted under this measure are more expensive to both purchase and maintain, a greater cost will be incurred per vehicle purchased. Accordingly, the State will be forced to purchase fewer numbers of vehicles than needed because of the increased costs.

Therefore, I allowed Senate Bill No. 1427 SD1 HD2 CD1 to become law as Act 216, effective July 12, 2005, without my signature.

House Bill No. 422 as Act 217, entitled: "RELATING TO CRUISE SHIPS."

"Dear Mr. President and Members of the Senate:

Re: House Bill No. 422 HD2 SD2 CD1

On July 12, 2005, House Bill No. 422, entitled 'Relating to Cruise Ships' became law without my signature, pursuant to Section 16 of Article III of the State Constitution.

This bill regulates discharges of sewage, wastewater, and air emissions and the off-loading of solid and hazardous wastes from cruise ships.

The State of Hawaii presently regulates cruise ship discharges through a Memorandum of Understanding (MOU), which is more comprehensive than this legislation, protects a wider area, does not conflict with federal law, and allows for greater flexibility to adjust to changing environmental and industry conditions.

First, the MOU coverage extends 4 nautical miles beyond the 100-fathom (600 foot) ocean depth contour. This bill is limited to regulating discharges only up to 3 statute miles offshore.

Second, the bill sets standards for what is referred to as 'blackwater,' but federal standards are already in place for this

type of effluent. Thus, it is likely this provision of the bill is pre-empted by federal law.

Third, the bill does not regulate the primary source of water pollution from passenger vessels, which is treated wastewater. The MOU is more comprehensive in its coverage and, thus, it is not clear this bill provides any greater protections for Hawaii's environment than what the MOU and current pollution laws already cover.

Fourth, the bill requires the Department of Health to set fines by rules. However, HRS 342D-30 already establishes penalty provisions for pollution violations.

Finally, this bill places air pollution provisions in a water pollution statutory chapter.

Therefore, I allowed House Bill No. 422 HD2 SD2 CD1 to become law as Act 217 effective July 12, 2005 without my signature.

House Bill No. 98 as Act 218, entitled: "RELATING TO KAHULUI HARBOR."

"Dear Mr. President and Members of the Senate:

Re: House Bill No. 98 HD2 SD1

On July 12, 2005, House Bill No. 98, entitled 'Relating to Kahului Harbor' became law without my signature, pursuant to Section 16 of Article III of the State Constitution.

This bill prohibits the use of nets to take fish in Kahului Harbor, effective December 31, 2006. Throw nets, opae nets, crab nets, and nehu nets not longer than fifty feet to take fish for family consumption or bait would still be permitted.

The Department of Land and Natural Resources and the Department of Transportation have addressed this issue through administrative rules. In January 2002 the Board of Land and Natural Resources adopted administrative rules to better manage akule net fishing activities. This was followed by the Department of Transportation, which instituted new security measures in Kahului as part of homeland security procedures. These new measures, instituted in June 2004, have eliminated commercial net fishing in the harbor. Thus, for all practical purposes, this bill is unnecessary.

This measure is the result of a conflict between two user groups, which is more appropriately resolved through the administrative rulemaking process. Rulemaking allows public input from all interested parties, affords the greatest number of stakeholders an opportunity for input, and is preferable to outright statutory bans.

Therefore, I allowed House Bill No. 98 HD2 SD1 to become law as Act 218 effective July 12, 2005 without my signature.

Re: House Bill No. 1476 HD1 SD1 CD1

On July 12, 2005, House Bill No. 1476, entitled 'Relating to North Kohala' became law without my signature, pursuant to Section 16 of Article III of the State Constitution.

This bill directs the Department of Land and Natural Resources to determine whether 162 acres, soon to be purchased by Kamehameha Schools, will adequately fulfill the buffer and public access requirements to protect a cluster of historical sites in North Kohala. Should this acreage not be sufficient, the Department of Land and Natural Resources is directed to renew its efforts to acquire an additional 88 acres.

The Administration recognizes the importance of open space buffers. However, the availability of suitable State lands for an exchange in North Kohala is limited. Previous land exchange efforts have been hampered by the fact that State lands in this region are ceded lands and/or have cultural and natural elements that restrict the desirability and appropriateness of exchanging them with a private landowner.

The responsibility to protect public monuments is in State statute and the Department of Land and Natural Resources has a process of formalizing an arrangement for buffer lands for sites such as Mo'okini Heiau.

Therefore, I allowed House Bill No. 1476 HD1 SD1 CD1 to become law as Act 219 effective July 12, 2005 without my signature.

House Bill No. 125 as Act 220, entitled: "RELATING TO OCEAN RESOURCES."

"Dear Mr. President and Members of the Senate:

Re: House Bill No. 125 HD2 SD1 CD1

On July 12, 2005, House Bill No. 125, entitled 'Relating to Ocean Resources' became law without my signature, pursuant to Section 16 of Article III of the State Constitution.

This bill allows canoe clubs with the Hawaiian Canoe Racing Association (HCRA) to keep their canoes on State shoreline areas, provided HCRA indemnifies and holds harmless the State from claims, coordinates the placement of the canoes with the respective State or county, and applies for an annual revocable permit, if one is required.

There is a problem with the use of the term 'state shoreline area.' Hawaii Revised Statutes defines the term 'shoreline' as 'the upper reaches of the wash of the waves...usually evidenced by the edge of vegetation growth or the upper limit of debris left by the wash of the waves.' Hawaii case law has used this definition to demarcate the boundaries between public and private land.

The bill's use of the wording 'state shoreline areas' adds an ambiguity because areas in which the canoes could be stored would have to be above the wash of the waves in order to prevent them from moving as a result of tidal currents. However, a significant portion of oceanfront property is privately owned and probably was not intended to be included in the phrase 'state shoreline area.'

It appears the intent of the bill is to allow canoes to be stored on state or county land that is immediately mauka of the shoreline. Unfortunately, the bill did not use a precise enough definition to make this intent clear.

A second problem with the bill is that it refers twice to county agencies in a manner that implies canoes could be located on county land. However, the bill only requires the canoe clubs to indemnify the State.

Therefore, I allowed House Bill No. 125 HD2 SD1 CD1 to become law as Act 220 effective July 12, 2005 without my signature.

On July 12, 2005, House Bill No. 1614, entitled 'Relating to Civil Service Personnel' became law without my signature, pursuant to Section 16 of Article III of the State Constitution.

This measure specifies that civil service personnel within the Department of Education will have the same rights and benefits relating to transfer, reduction-in-force, promotion, and seniority as if they were in the same jurisdiction as the balance of the Executive Branch civil servants.

This bill undermines the spirit of autonomy Act 51, the Reinventing Education Act, was enacted to establish. Wherein Act 51 was designed to make the Department of Education more independent from other executive departments, this bill would tie the Department of Education's civil service system to the Department of Human Resources Development as if they were in the same jurisdiction. This is different from the Judiciary and Hawaii Health Systems Corporation who each maintain their own personnel systems as autonomous government entities.

However, we understand the uncertainty and concern an estimated 6,000 civil servants may have over the Department of

Education's ability to effectively manage their personnel matters.

On July 12, 2005, House Bill No. 1235, entitled 'Relating to Travel Allowances' became law without my signature, pursuant to Section 16 of Article III of the State Constitution.

This bill allows the Legislature to increase their travel allowance for in-state and out-of-state travel. The current rate is \$80 per day intrastate and \$130 per day for out-of-state business.

The bill allows the Legislature to set the rate without a specific upper limit. While it is important to ensure legislators are accurately reimbursed for their travel costs, it is also important to curtail government expenses, particularly when the State's taxpayers have been denied tax relief this legislative session.

Further, this bill allows State travel reimbursements to be linked to federal per diem rates, but does so without setting forth a clear and compelling reason and policy rationale for correlating State legislators with federal employees.

On July 12, 2005, House Bill No. 1304, entitled 'Relating to Health' became law without my signature, pursuant to Section 16 of Article III of the State Constitution.

This measure sets up a task force to consider possible legislation addressing the issue of health care for Hawaii's residents. This is an area that has been examined at length by numerous task forces and organizations.

We are concerned that this legislation mandates the use of one particular organization that reflects a point of view on the health insurance issue, but does not necessarily reflect the full spectrum of thinking on this matter.

Further, we are concerned that the Department of Health and the Department of Human Services are not mentioned in the bill or given roles on the task force. In particular, it should be pointed out that the Department of Human Services has over the past year enrolled thousands of eligible children in the State's health care program by making the enrollment process easier.

Additionally, expending another \$200,000 on studies will not necessarily result in any additional residents receiving quality health care coverage.

While we remain concerned about the composition of the task force and the repetitive nature of its work, we remain hopeful that it will generate useful, practical suggestions for the Executive Branch and Legislature to consider next year.

On July 12, 2005, House Bill No. 895, entitled 'Relating to Coastal Light Pollution' became law without my signature, pursuant to Section 16 of Article III of the State Constitution.

The purpose of this bill is to protect avian and marine life by prohibiting artificial lights positioned toward or directly illuminating the ocean waters. Safety and security lighting, as well as lighting provided by government agencies, is permitted under specific circumstances.

This bill addresses a number of the vague wording problems raised in my veto of a similar bill last year. Certainly, its intent to protect Hawaii's wildlife is laudable.

The scientific evidence on the adverse impacts of light on birds, marine mammals, and fish is still mixed, but on balance there seems to be evidence that night lighting can confuse migratory birds and sea turtles.

The bill still presents management and enforcement challenges, particularly because it continues to require subjective judgments as to whether specific lighting does or does not conform to the law's illumination standard. Further, this bill will require counties to police lighting in special

management areas. And this bill will impinge upon private landowners and their ability to light areas of their property if they reside along a shoreline.

On July 12, 2005, House Bill No. 1528, entitled 'Relating to Public Employees' became law without my signature, pursuant to Section 16 of Article III of the State Constitution.

This bill grants significant pay increases to seven positions in legislative service agencies. Most of these positions have not received a pay adjustment since 1990 and thus an increase is certainly warranted.

However the salary adjustments granted under this bill are disproportionately higher than those granted Executive Branch positions of equal or larger scope. Many of these positions will receive a \$22,000 raise while counterparts in the Executive Branch will receive less than \$2,000, and in some cases will have their pay reduced.

Finally, it is troubling that the Legislative Branch will be setting the salary of the Ethics Commission Executive Director, when this responsibility should be left to the Commissioners to whom he reports.

"Dear Mr. President and Members of the Senate:

Re: Senate Bill No. 807 S.D.1, H.D.1, C.D.1

On July 12, 2005, Senate Bill No. 807, entitled 'Relating to Salaries' became law without my signature, pursuant to Section 16 of Article III of the State Constitution.

This bill adjusts the salaries of thirteen positions. Although the personnel in these positions have not enjoyed an increase in their compensation for a number of years, several of the increases are relatively small and do not reflect the level of responsibility for these jobs or the impact inflation has had on their buying power.

Further, this bill decreases the actual take-home pay of two individuals, the Chief Election's Officer, and the Vice Director for Civil Defense.

Finally, this bill fails to provide a salary increase for three positions in the original proposal: the Executive Director of the Housing and Community Development Corporation of Hawaii, the Deputy Director for this Corporation, and the Executive Director of the Office of Community Services. This will make it increasingly difficult to recruit and attract the best qualified candidates for these offices.

On July 12, 2005, Senate Bill No. 680, entitled 'Relating to Solid Waste Control' became law without my signature, pursuant to Section 16 of Article III of the State Constitution.

This measure requires the Department of Health to develop procedures for the exchange of universal product codes between beverage manufacturers, distributors, retailers and redemption centers. This data can and should be exchanged freely between private sector participants in the beverage container redemption program. Thus it is both inappropriate and unfortunate that the State is being burdened with this duty. This requirement is indicative of the poor thought given to the original program and the failure to recognize that container recycling would work better if left to the private entities involved.

Further, this bill mandates that the private operators of redemption centers must bill the State no less than twice a month. Some recyclers prefer to bill monthly and will find the new requirements burdensome and another discouragement to participate in the recycling initiative. Again, this provision is an example of the legislative micromanagement that has plagued this program.

On July 12, 2005, Senate Bill No. 212, entitled 'Relating to Environment' became law without my signature, pursuant to Section 16 of Article III of the State Constitution.

The bill authorizes the Department of Health to solicit requests for proposals to improve recycling. This provision is duplicative since this authority already exists in statute. The bill further requires the Department to divert up to \$3 million in beverage container deposits to rebate private companies who purchase reverse vending machines. Efforts to collect these funds from recyclers who are not in compliance will be difficult at best, and could undermine the integrity of the program. This is especially true since this provision has a sunset date of June 30, 2006 and provides no authority to recover rebate funds if non-compliance occurs after that date.

Finally this bill requires the department to develop and implement a redemption and recycling infrastructure program but provides no guidance on what this 'infrastructure' program should look like and what issues it should address.

Therefore, I allowed Senate Bill No. 212, S.D.2, H.D.2, C.D.1 to become law as Act 228 effective July 12, 2005 without my signature.

This bill requires the Department of Commerce and Consumer Affairs to issue a ‘cease and desist’ order to an unlicensed contractor, although the Department already has the ability to issue an order for abatement. This measure fails to provide an exemption for handymen or related workers who perform repairs and light renovation work. Often these handymen assist the elderly, lower-income persons, apartment dwellers, or homeowners. This bill will, in effect, limit consumers’ choices and increase the costs of construction.

On July 12, 2005, Senate Bill No. 1883, entitled ‘Relating to Miloli’i Fisheries Management Area’ became law without my signature, pursuant to Section 16 of Article III of the State Constitution.

This bill seeks to have the Miloli’i Fisheries Management Area statutorily designated as a community-based subsistence fishing area, bypassing the normal rulemaking process for this type of designation. Further, because Miloli’i is already a fisheries management area, wherein certain fishing activities are regulated, this bill puts into effect two inconsistent sets of requirements over the same geographic area. This could expose the State to potential legal challenges.

Fisheries designations should be established through the proper rule-making process that calls for a justification of the proposed designation and an understanding of how such a designation may interfere with the use of the marine waters for navigation, fishing, and public recreation.

Additionally, this bill fails to provide for a management plan with a description of the specific activities that will be allowed, does not establish a methodology to evaluate the pros and cons of this designation, and fails to provide funding to enforce the designation.

On July 12, 2005, Senate Bill No. 1267, entitled 'Relating to Shark Monitoring' became law without my signature, pursuant to Section 16 of Article III of the State Constitution.

This bill appropriates \$25,000 to the Department of Land and Natural Resources to hire a contractor to tag and monitor sharks along the Oahu leeward coast. The money is to be spent in concert with the Hawaii Institute of Marine Biology and is supposed to cover sharks that roam between Pearl Harbor and Kaena Point.

Tagging only tells us where a shark has been captured and re-captured, but does not tell us the movements of the animal, which tend to be far ranging. Further, tagging will not increase the State's ability to predict shark attacks and might give some a false sense of security.

Further, as marine biologists point out, the presence of sharks is one of the signs of a healthy marine ecosystem. Finally, it should be noted that the \$25,000 is too small an amount to do a satisfactory job. The Department of Land and Natural Resources estimates a minimum of \$125,000 is needed for the equipment and personnel to tag, monitor, collect, and interpret the tagging data.

This bill establishes the Non-Agricultural Park Lands Special Fund to pay for the mapping, title searches, transfer, and management of these parcels. Lease rents and fees from the parcels are supposed to be deposited into the fund to cover the costs. However, there will be no monies initially in the fund to start the work and it is estimated it will take upwards of ten years for sufficient funds to accumulate for the fund to be 'self-sufficient.' According to Section 37-52.3, HRS, special funds must provide an appropriate means of financing for the stated program and must demonstrate the ability to be financially self-sustaining. This fund fails to meet this definition.

Therefore, I allowed House Bill No. 1641 HD1 SD2 CD1 to become law as Act 234 effective July 12, 2005 without my signature.

Senate Bill No. 1729 as Act 235, entitled: "RELATING TO TOURISM."

"Dear Mr. President and Members of the Senate:

Re: Senate Bill No. 1729 SD2 HD2 CD1

On July 12, 2005, Senate Bill No. 1729, entitled 'Relating to Tourism' became law without my signature, pursuant to Section 16 of Article III of the State Constitution.

This bill increases the percentage of transient accommodations tax going into the Tourism Special Fund and provides that the first \$1 million shall be used for parks and trails improvements. While we support more funding to address past years of neglect and underfunding for parks and recreational areas, these monies do not become available until July 1, 2007, two years hence. It is unfortunate the Legislature decided to delay this critical funding at a time when our public recreational areas are experiencing a peak in visitors and higher utilization.

More troubling is the fact that this bill removes transparency and openness in the utilization of public funds by the Hawaii Tourism Authority. In particular, this bill places the Tourism Special Fund and Convention Center Enterprise Fund outside of the State Treasury. The State's Department of Accounting and General Services will no longer have purview over these accounts, even though tens of millions of dollars will be deposited in and spent from them.

Finally, this bill removes the voting power of the Department of Business Economic Development and Tourism representative on the Hawaii Tourism Authority Board. This comes at a time when that person has been internationally recognized for her expertise in the field of tourism and has been a highly effective Cabinet level coordinator for government and private-sector tourism initiatives. This effort to infringe upon the Executive Branch powers is wrong and my Administration will work to get this voting authority restored.

Therefore, I allowed Senate Bill No. 1729 SD2 HD2 CD1 to become law as Act 235 effective July 12, 2005 without my signature.

Senate Bill No. 1620 as Act 236, entitled: "RELATING TO STATE FUNDS."

"Dear Mr. President and Members of the Senate:

Re: Senate Bill No. 1620 SD2 HD2 CD1

On July 12, 2005, Senate Bill No. 1620, entitled 'Relating to State Funds' became law without my signature, pursuant to Section 16 of Article III of the State Constitution.

This bill appropriates a total of \$9 million in FY 2006 and \$208,000 in FY 2007 from the Emergency Budget Reserve Fund, also called the Rainy Day Fund, for twenty-five programs.

While a number of these programs have merit, the source of the proposed funds is inappropriate. The intent and purpose of the Emergency Budget Reserve Fund is to fund true emergencies. Section 328L-3, HRS, established the Rainy Day Fund to provide a temporary supplemental source of funding during times of emergency, economic downturn, or unforeseen reduction in revenues to maintain levels of programs determined essential to the public health, safety, and welfare.

By these criteria, many of the proposed grants in this bill would fail to qualify as temporary, emergency funding for essential services. A significant number of these activities are ongoing in nature or the money is being used to purchase additional services, not maintain essential community needs. The more appropriate means of financing for these continuing programs and services would be the general fund.

Further, appropriations made outside of the State budget result in the misrepresentation of program needs and priorities. The appropriations are generally add-ons from the Legislature, providing additional money for a particular group or organization. Specific appropriations made outside of the budget tend to fragment program needs and undermine the setting of funding priorities.

Off-budget appropriations make it difficult to obtain a full assessment of a program and tend to skew the level of funding for legislatively favored programs over those that may deliver greater results in a more efficient manner. Finally, a number of the appropriations included in this bill provide additional funds to the same programs and services already included in the Executive biennium budget.

Therefore, I allowed Senate Bill No. 1620 SD2 HD2 CD1 to become law as Act 236 effective July 12, 2005 without my signature.

On July 12, 2005, House Bill No. 1556, entitled 'Relating to the Issuance of Special Purpose Revenue Bonds to Assist

Industrial Enterprises' became law without my signature, pursuant to Section 16 of Article III of the State Constitution.

This bill authorizes \$25 million in special purpose revenue bonds to PLK Services to plan, design, and construct a coffee and macadamia nut processing plant.

This bill raises questions about the intended public purpose these special purpose revenue bonds will address. Special purpose revenue bonds are supposed to be issued for projects in the public interest and for public health, safety, and the general welfare of the State. Over time, the Hawaii courts have ruled that what constitutes a public purpose is generally a question for the Legislature to decide, and the legislation has taken wide discretion in interpreting 'public purpose.'

This bill also raises the question regarding the impact this project will have on ongoing private agricultural operations in the Kona area. A number of prominent businesses expressed concern that there is already an excess of processing capacity for both macadamia nuts and coffee beans. They are rightly concerned that another processing plant will encourage wholesale importation of foreign beans and nuts, destroying their marketplace.

Re: House Bill No. 1146 HD1 SD2

On July 12, 2005, House Bill No. 1146, entitled 'Relating to Civil Service' became law without my signature, pursuant to Section 16 of Article III of the State Constitution.

This bill reinstates the social worker classification for all positions that are social worker positions in the State. Those currently employed in a social worker series who do not have a degree in social work will have until July 1, 2010 to obtain such a degree.

This bill is troubling in two respects. First, it will make it difficult to recruit, fill, and retain qualified personnel for social services type positions. These are positions that directly affect the most needy and vulnerable in our society, such as abused children, disabled adults, and mentally handicapped persons. Creating a higher level of difficulty in filling these jobs will hurt the very citizens that social workers are trained to help.

Second, this bill legislatively curtails the ability of the Director of the Department of Human Resources Development to establish, maintain, and adjust the State's personnel classification system. The Director is vested with the responsibility for managing the State's personnel system in a manner that ensures the highest level of talent is hired and retained in positions. The large number of vacancies in the

social worker job series is a serious and growing problem. The State must now curtail efforts to fill these critical positions when there has been no clear and convincing evidence that changing the job classification has caused harm.

Therefore, I allowed House Bill No. 1146 HD1 SD2 to become law as Act 238 effective July 12, 2005 without my signature.

Senate Bill No. 1420 as Act 239, entitled: "RELATING TO PSYCHOTROPIC MEDICATION."

"Dear Mr. President and Members of the Senate:

Re: Senate Bill Number 1420 SD2 HD3 CD1

On July 12, 2005, Senate Bill No. 1420, entitled 'Relating to Psychotropic Medication,' became law without my signature, pursuant to Section 16 of Article III of the Constitution of the State of Hawaii.

The purpose of this bill is to prohibit the Department of Human Services (DHS) from imposing any restrictions or limitation on the coverage for, or a recipient's access to, psychotropic medication if it is prescribed by a licensed psychiatrist or by a licensed physician in consultation with a psychiatrist duly licensed in the State. The bill also provides that a physician may prescribe psychotropic medication to an individual who is Medicaid-eligible without the requirement of any preauthorization procedure, but only if the recipient is in need of emergency psychiatric or psychological service for a period up to seven days.

The objectives of the bill are laudable. It is vitally important to get the correct medicines to mentally-ill patients as promptly as possible. However, the bill poses several serious concerns.

First, unrestricted access for Medicaid-eligible patients will have a fiscal impact on the State. Preauthorization lists and formularies are seen as a method to foster the effective and efficient use of pharmaceutical resources. The Department of Human Services estimates this legislation could increase the State's annual drug expenditures by \$14 million.

While unrestricted access has cost implications, prior authorizations, even when they are carefully and scientifically developed, also pose problems. The ability to get the appropriate drug to the patient on a timely basis in the right amount cannot always be predetermined from a list of medications. The health industry is moving toward quality access to medications which incorporate best practices for prescribing at the national level.

This Administration will continue to work with the health industry to develop quality access standards for both Medicaid-eligible patients and those under managed care programs such as QUEST.

It should be noted that this bill does not address the current psychotropic drug access for those patients covered by QUEST,

thus creating two differing access arrangements for persons who are eligible for State-sponsored medical plans.

Finally, the language in the bill is vague as to when psychotropic drugs may be prescribed in non-emergency situations. While the first statutory section established by this bill prohibits the DHS from imposing restrictions or limitations on its coverage for, or a recipient's access to, psychotropic medications, the second section exempts physicians from having to follow a preauthorization process, but only for emergency situations. This would seem to infer, but does not expressly state, that a preauthorization process is otherwise appropriate for non-emergency situations.

For the reasons set forth above, the bill is less than perfect. Nevertheless, the goal of the bill to ensure that mental health patients receive appropriate medication is one to which I am deeply committed.

Therefore, I allowed SB1420 SD2 HD3 CD1 to become law as Act 239 effective July 12, 2005 without my signature.

"Dear Mr. President and Members of the Senate:

Re: Senate Bill No. 294 SD3 HD1 CD1

On July 12, 2005, Senate Bill No. 294, entitled 'Relating to Employment' became law without my signature, pursuant to Section 16 of Article III of the State Constitution.

This bill raises the hourly minimum wage to \$6.75 effective January 1, 2006, and to \$7.25 effective January 1, 2007.

A key goal of my Administration has been and continues to be ensuring the recovery, growth, and vitality of Hawaii's economy in order to guarantee our citizens the ability to earn a livable wage. Our minimum wage law is one component in providing a balance between the needs of employees and those who employ them.

I am disappointed, however, that, as enrolled, this bill is void of any relief to the business community at a time when Hawaii's unemployment rate is the lowest in the nation. Hawaii's seasonally adjusted unemployment rate of 2.7 percent in May, the latest figure available, marks the third consecutive month that Hawaii has posted the nation's lowest unemployment rate. The national seasonally adjusted unemployment rate for the same period was 5.1 percent. Since December 2002, Hawaii has experienced a 25.9 percent reduction in the number of those unemployed.

This has led to an ever-increasing amount of money in the State's Unemployment Compensation Fund. Since 2001, when the Fund had an ending balance of \$298.2 million, it has grown by more than \$120.4 million to a current balance of over \$418.6 million. This year, my Administration proposed providing Hawaii's employers with an estimated \$200 million in tax relief in the form of a three-year period in which their contributions to

the Unemployment Compensation Fund would be reduced from the nation's highest level (contributions made by employers on an employee's first \$32,300 in wages, an amount which will increase automatically next year) to the federally-mandated minimum of \$7,000 per year. It is regrettable that language to provide this much-needed relief to Hawaii's businesses was deleted from this bill.

In addition, my Administration proposed an increase in Hawaii's 'tip wage credit' from the current \$0.25. The national average of this credit is \$3.00. Again, it is disappointing that language increasing the tip credit was struck from this measure.

Therefore, I allowed Senate Bill No. 294 SD3 HD1 CD1 to become law as Act 240, effective July 12, 2005, without my signature.

On July 12, 2005, House Bill No. 1051, entitled 'Relating to Prescription Drugs' became law without my signature, pursuant to Section 16 of Article III of the Constitution of the State of Hawaii.

The purpose of this bill is to provide that any physician who treats a Medicaid recipient patient suffering from the human immunodeficiency virus (HIV), acquired immune deficiency syndrome (AIDS), or hepatitis C, or a patient in need of transplant immunosuppressives, may prescribe any medication that is approved by the United States Food and Drug Administration and that is eligible for Omnibus Budget Reconciliation Act (OBRA) rebates, which is necessary to treat the condition, without the requirement of any preauthorization procedure.

The objectives of the bill are laudable. It is vitally important to get the correct medicines to HIV/AIDS, hepatitis, and transplant patients as promptly as possible. However, the bill poses several serious concerns.

First, unrestricted access for Medicaid-eligible patients will have a fiscal impact on the State. Preauthorization lists and formularies are seen as a method to foster the effective and efficient use of pharmaceutical resources. The Department of Human Services estimates this legislation will increase the State's annual drug expenditures and adversely impact other drug-related programs.

While unrestricted access has cost implications, prior authorizations, even when they are carefully and scientifically developed, also pose problems. "Dear Mr. President and Members of the Senate:

Re: House Bill No. 1378 HD1 SD2 CD1

On July 12, 2005, House Bill No. 1378, entitled 'Relating to the Judiciary' became law without my signature, pursuant to Section 16 of Article III of the State Constitution.

This bill establishes that any findings relating to a temporary restraining order (TRO) petition are not binding on a subsequent family court case and requires de novo review in the proceeding of the facts and circumstances that led to issuance of the TRO.

Over the years, the Legislature has expanded the permitted use of TROs to cover both a broader scope of offenses, e.g., physical abuse, property damage, emotional and psychological abuse, as well as a wider range of those eligible to seek TROs, e.g., married couples, family members, household members, and even dating couples. In addition, the time period for which TROs can be in effect has been expanded from an original length of ninety days to one year, and now three years and, in some cases, for the foreseeable future.

Many of the modifications to the TRO law have been necessary and serve to enhance the safety and well-being of our citizens. However, this bill seeks to curtail the impact of temporary restraining orders and protective orders. While there may be occasions where the TRO law is abused by parties in dispute, a concern arises that this bill might be perceived by some as diluting the power of TROs in certain cases and, thus, may have the unintended consequence of causing those who truly require the protections afforded by a TRO to hesitate or neglect to obtain the protection for themselves and others.

Findings related to TROs or protective orders can be very relevant to judges when they are making determinations of child custody and visitation rights. To require judges to set aside the

relevance of this information could be detrimental to the child and other involved parties.

Many individuals in court represent themselves (i.e. Pro Se) because they do not have funds to hire a lawyer. It will be hard for them to understand and know what prior proceedings can or cannot be considered by a judge during divorce or child custody proceedings. Already many victims of abuse initiate and then abandon divorce proceedings due to the many complex issues involved in such a situation. This law will only further complicate what may or may not be heard and considered by a judge when divorce, separation, annulment, and child custody matters are being heard.

Therefore, I allowed House Bill No. 1378 HD1 SD2 CD1 to become law as Act 242, effective July 12, 2005, without my signature.

“Dear Mr. President and Members of the Senate:

Re: House Bill No. 325 SD2 CD1

On July 12, 2005, House Bill No. 325, entitled ‘Relating to Employment Practices’ became law without my signature, pursuant to Section 16 of Article III of the State Constitution.

This bill authorizes employees to use temporary disability insurance benefits in excess of the statutory three week minimum for family leave purposes.

While granting employees the ability to use excess temporary disability insurance leave for family leave purposes is laudable, a concern arises that codifying such use may have unintended consequences. For example, employers who now offer benefits greater than the statutory minimum and who, by this bill, would be mandated to permit employees to use some accrued and available temporary disability insurance leave for family leave purposes, might seek to control costs by resubmitting temporary disability insurance plans that only provide for the statutory minimum, thereby reducing the benefits that are currently afforded to their employees.

Further, this bill amends the exclusions to the definition of sick leave by deleting ‘any benefit provided under an employee welfare benefit plan subject to the federal Employee Retirement Income Security Act of 1974’ (ERISA), and clarifying that sick leave does not include unemployment compensation due to illness.

The exclusion of benefits provided pursuant to an ERISA plan raises concerns about ERISA preemption because ERISA preempts state law that regulates, except in certain specific situations, employee welfare benefit plans, such as sick leave. However, ERISA does not supersede any other law of the United States or rule or regulation issued pursuant to any such federal law.

The federal Family Medical Leave Act of 1993 (FMLA) recognized and encouraged states to adopt state family leave laws that provided greater rights than the FMLA. 29 U.S.C. 2651(b) (2005).

Based upon the interplay between ERISA and the FMLA and a review of recent federal court ERISA opinions, ERISA is a complex area of the law and how a court may actually rule on this issue is not certain. Thus, this bill could open the State to additional legal challenges.

Finally, it should be pointed out because this measure amends HRS 398-1, it only applies to employers with 100 or more employees. It also will not immediately impact unionized employees because their benefits are set in collective bargaining agreements. Finally, it does not apply to State employees because the State is covered under the State’s Temporary Disability Benefits Plan.

“Dear Mr. President and Members of the Senate:

Re: Senate Bill No. 556 SD2 HD2 CD1

On July 12, 2005, Senate Bill No. 556, entitled ‘Relating to Family Court’ became law without my signature, pursuant to Section 16 of Article III of the State Constitution.

This bill requires parents in a custody dispute to submit either a mutually agreed upon parenting plan or separate individual plans to the Family Court.

If the parties cannot agree on a parenting plan, this bill allows the court to order the involved parties to participate in alternate dispute resolution and/or develop and file a detailed parenting plan on a unilateral basis.

This bill is objectionable because it will be difficult for Pro Se parties (those representing themselves without a lawyer) to understand and fulfill the parenting plan requirements of this bill. Those that do have attorneys will incur additional costs to have their attorney prepare such a plan. Further, it is not clear that such plans will produce any real benefits, particularly when dealing with highly contentious and emotional issues in an adversarial setting.

Because the bill mandates that the court make written findings for every order issued in a disputed custody decision, the Judiciary pointed out that such a requirement would be problematic if applied to pre-decree temporary custody rulings because full evidentiary hearings are not usually held at this point in the proceedings. Furthermore, this provision creates additional expenses to litigants and an additional burden to Pro-Se litigants and unnecessary court delays.

Requiring the parenting plan at the 'outset of the action' does not make sense and is not well defined. It is unclear whether this term refers to the time the Complaint for Divorce is filed, the motion to modify custody is filed, or at some other point in the court proceedings.

Finally, it should be pointed out that section 1(d) is unnecessary and duplicative because the courts can already order Alternative Dispute Resolution (ADR) and counseling.

**Gov. Msg. No. 1090**, informing the Senate that on July 12, 2005, she permitted the following measure to become law without her signature, pursuant to Section 16 of Article III of the State Constitution, which reads as follows:

House Bill No. 1608 as Act 245, entitled: "RELATING TO VOLUNTARY EMPLOYEES' BENEFICIARY ASSOCIATION TRUSTS."

"Dear Mr. President and Members of the Senate:

Re: House Bill No. 1608 HD1 SD2 CD1

On July 12, 2005, House Bill No. 1608, entitled 'Relating to Voluntary Employees' Beneficiary Association Trusts' became law without my signature, pursuant to Section 16 of Article III of the State Constitution.

The purpose of this bill is to allow for the temporary establishment of a voluntary employees' beneficiary association (VEBA) trust. The VEBA trust would provide health benefits for State and county employees of a particular bargaining unit, as well as future retirees of that bargaining unit and existing retirees who wish to participate in the trust. The stated purpose of this VEBA trust pilot program is to allow a thorough analysis and evaluation of the costs and benefits of a VEBA trust compared with the Hawaii employer-union health benefit trust fund (EUTF) to determine what actual cost savings could be realized by the State through VEBA trusts.

I have a number of concerns about this bill. First, I am concerned about the effectiveness of the bill's safeguards against fraud or mismanagement by VEBA trustees. These VEBA trusts will likely not be covered by the federal Employee Retirement Income and Security Act of 1974 (ERISA), which provides strict standards and enforcement for private employee benefit plans. Although this bill attempts to create similar provisions in State law, there are some critical gaps. Unlike ERISA, the bill does not provide for a single State agency to be responsible for administering and regulating the VEBA trusts, provides no State agency with authority to make rules that may be necessary for such administration and regulation, and provides no funding for such administration and regulation.

Second, although creating what is described as a three-year pilot program, the bill does not provide for any study of the costs and benefits of a VEBA trust compared with the EUTF. No entity is designated to conduct the study. No funds are budgeted for the study.

Third, VEBA trusts could result in increased overall costs, and will certainly result in increased costs for employee groups

consisting of older, less healthy members. The EUTF was formed, in part, to: (1) eliminate the negative effect on health benefit plan rates due to adverse selection caused by employee organization sponsored health plans, (2) eliminate the duplication of administrative costs caused by having multiple health plans for State and county employees, and (3) establish one large health plan that would have the leverage to negotiate better rates and benefits with insurance carriers and others offering health benefits plans.

Under the provisions of this bill, the VEBA trusts can increase adverse selection in two ways. Bargaining units that have employees with better than average claims or loss experience can form VEBA trusts and exit the EUTF. This would increase the overall claims and loss experience of the remaining EUTF membership and tend to result in increased rates for those remaining in the EUTF. In addition, the bill provides for the VEBA trusts to cover all future retirees. This will result in the VEBA trusts having younger retirees while the EUTF would be left with older retirees. This would also tend to result in the EUTF having higher rates for retiree plans.

Fourth, the bill does not address certain adverse effects to the EUTF caused by the establishment of VEBA trusts. The EUTF's administrative budget is paid out of the public employers' monthly contributions for each employee's and retiree's health plans. The bill requires such contributions with respect to VEBA trust members to be transferred to the applicable VEBA trust. With respect to the Hawaii State Teachers Association VEBA trust, it is estimated that this will result in a shortfall of over \$500,000 in the EUTF's administrative budget. No appropriation was made to address this shortfall or any other shortfalls caused by the formation of VEBA trusts by other employee organizations.

Finally, there are questions as to whether membership in a VEBA trust can be mandatory for retirees and whether employee organizations can be empowered to negotiate on behalf of such retirees. There are also certain unresolved legal issues regarding VEBA and EUTF eligibility and public employer contributions. For example, where both spouses are public employees or retirees and only one belongs to a bargaining unit that sponsors a VEBA trust, it is not clear whether both spouses can have separate memberships in the EUTF and VEBA trust, and whether public employer contributions to them can exceed the cost of one EUTF family health plan. Another issue regarding retirees who opt to transfer to a VEBA trust is whether the public employers must pay the VEBA trust the same contribution as it pays the EUTF even if the VEBA trust's retiree health plans cost less than the EUTF's retiree health plans.

Despite these concerns, I allowed the bill to become law without my signature. There are many public employees who feel that the VEBA trust has significant benefits, and who wish to have the VEBA option available to them. Further, because this bill will sunset in three years, there will be an opportunity to assess its results. However, I urge the Legislature to address the concerns I have outlined above during the 2006 session, so as to provide greater protections for employees, a meaningful assessment of the results of this pilot program, and to resolve the other legal concerns about this bill.

Therefore, I allowed House Bill No. 1608 HD1 SD2 CD1 to become law as Act 245 effective July 12, 2005 without my signature.

Senate Bill No. 1814 as Act 246, entitled: "RELATING TO IMPACT FEES."

"Dear Mr. President and Members of the Senate:

Re: Senate Bill No. 1814 SD2 HD2 CD1

On July 12, 2005, Senate Bill No. 1814, entitled 'Relating to Impact Fees' became law without my signature, pursuant to Section 16 of Article III of the State Constitution.

This bill creates an impact fee working group that will assess the impacts of new housing developments on the Department of Education and examine the current method of imposing and collecting impact fees. The working group will issue a report to the 2006 Legislature.

Impact fees are a method by which State and County departments assess developers a monetary fee, or land donation, to minimize the effects the development will have on the various public services, such as transportation, roads, public schools, and sewage/water systems. There currently is no statewide process of fairly assessing these fees. Random fees are assessed at both the State and County level, with little predictability or proof that the impact fees are put to use in the community of the development and are actually needed.

While I recognize the importance of this issue and the need to have a consistent, statewide process in place, this bill raises a number of concerns. First, the measure only addresses impact fees imposed by, or collected for, the benefit of the Department of Education. As previously mentioned, there are other State and County functions that are affected by a new development, such as roadways and sanitation systems. This measure only takes into account the effect of a development on the public school system. My Administration supports developing an impact fee assessment process that addresses the full array of potential impacts on public services.

Second, this measure creates a working group that does not allow input and membership from other State or County departments that may be directly affected by the outcomes of the working group, such as the Department of Transportation, the Housing and Community Development Corporation of Hawaii, the Department of Health, the county housing and planning/permitting departments, and the Office of the Governor.

The appropriateness of placing this working group in the Office of the Auditor must also be questioned. My Administration is not aware of any previous experience the Legislative Auditor has in dealing with developer impact fees and fair-share contributions.

Finally, the working group is tasked with reviewing two reports on impact fees and conducting research on the various needs and possible impacts development has on public education. They are also charged with conducting a case study, using Central Oahu, which will include a needs assessment. The minimum criteria for the needs assessment are outlined in the measure. However, there are vital elements missing from this needs assessment evaluation. A needs assessment should provide a clear, rationale nexus between the development and the impact fee assessed; a fair share proportion to be assessed on the developer, not a disproportionate assessment;

predictability in the amount of the fee or land requested; a dedication of the funds/land assessed to be used directly in the community where the development is located; and an agreement that if the funds are not used within a reasonable amount of time, the monies should be refunded to the developer. None of these items are included in the needs assessment described in Senate Bill 1814.

I support the exploration of a comprehensive statewide evaluation to examine impact fees in a transparent, fair, and equitable manner. This work will be carried out by my Administration and does not require statutory authority. Regrettably, this bill is not comprehensive enough in either the membership of the working group or the tasks assigned to produce a meaningful product.

Therefore, I allowed Senate Bill No. 1814 SD2 HD2 CD1 to become law as Act 246 effective July 12, 2005 without my signature.

Sincerely,

/s/ Linda Lingle

**Gov. Msg. No. 1092**, informing the Senate that on July 12, 2005, she permitted the following measure to become law without her signature, pursuant to Section 16 of Article III of the State Constitution, which reads as follows:

House Bill No. 1309 as Act 247, entitled: "RELATING TO TAXATION."

"Dear Mr. President and Members of the Senate:

Re: House Bill No. 1309 HD2 SD2 CD1

On July 12, 2005, House Bill No. 1309, entitled 'Relating to Taxation' became law without my signature, pursuant to Section 16 of Article III of the State Constitution.

The purpose of House Bill No. 1309 is to authorize the counties to establish a surcharge of up to 0.5 percent on the State general excise and use taxes by the adoption of an ordinance no later than December 31, 2005. Under this measure, the funds from the county surcharge must be used:

- (1) By any county with a population greater than 500,000 for operating or capital costs of a locally preferred alternative for a mass transit project and for complying with the Americans With Disabilities Act of 1990 ('ADA'); or
- (2) By any county with a population less than 500,000 for operating or capital costs of public transportation systems, including public roadways, highways, public buses, trains, ferries, pedestrian paths, sidewalks, or bicycle paths, and expenses in complying with the ADA.

This bill currently requires the Department of Taxation, State of Hawaii ('DOTAX') to administer any surcharge taxes that are enacted by the counties. This bill also directs the State Director of the Department of Budget and Finance to retain ten (10) percent of the total surcharge tax revenues that are collected by DOTAX and deposit these revenues into the State's general fund.

The major problem with this bill is that it does not clearly and definitively authorize the counties additional taxing authority to meet public needs. I am pleased that the President of the Senate and the Speaker of the House have pledged to

introduce amendments to House Bill No. 1309 in the 2006 session to clarify that a county that enacts a surcharge tax should be empowered and required to administer and collect that tax, utilizing what portions it needs to pay for the administrative costs associated with its collection and disbursement.

The bill as written mandates that the State Department of Taxation administer and collect the counties' enacted surcharge taxes but fails to appropriate the start-up funds for the Department to institute the changes that would be necessary to implement, test, and administer the collection and rebate system. The Department of Taxation testified on more than one occasion before the Legislature on the adverse administrative and fiscal impact this bill would have on its primary duty to administer the State's complex tax structure.

Furthermore, this bill as currently written would require the Department of Taxation to give expedited processing of the county surcharge tax over and above its responsibility to collect and administer State tax revenues. Specifically, the bill would require the county surcharge tax to be processed within ten days when there is no similar time limit for the State's portion of the general excise tax.

In addition, this bill does not address whether the counties would receive a portion of collected penalties or interest or receive any portion of a tax settlement in which a fraction of the total tax liability is collected. In short, this bill does not consider or put into place practical mechanisms to deal with the very real problems created by the bifurcated tax collection and disbursement system it established. These issues should be corrected when the amendments to establish each county as the collection authority are enacted.

House Bill No. 1309, as passed by the Legislature, also contains a number of technical flaws that should be addressed in the next legislative session.

For example, a loophole exists in this measure in that any written contract signed by June 30, 2006 that does not provide for the passing of the county surcharge tax may not be subject to the 0.5 percent county surcharge tax for an indefinite period of time. Therefore, leases, rental agreements, supply contracts, service contracts, and other such documents that are executed prior to June 30, 2006, and that do not provide for the passing of the county surcharge, may likely not be subject to the 0.5 percent county surcharge tax.

House Bill No. 1309, as drafted, fails to apply the surcharges to the same types of goods and services as the underlying State general excise tax. Specifically, the current State general excise tax is assessed, levied, and collected on 'the value of tangible personal property, services, and contracting.' House Bill No. 1309 applies the 0.5% surcharge only to the value of 'property and services,' thereby leaving as ambiguous its applicability to tangible personal property and contracting services.

Finally, this bill places a harsher penalty for failure to pay the 0.5% surcharge than is imposed on those who fail to pay the 4% general excise tax. Specifically, this bill would impose a 10% penalty on the entire amount of the surcharge owed by a taxpayer rather than imposing that penalty on the amount of the underpayment only.

I wish to reaffirm my commitment to the strength and vitality of county government and the ability of county officials to address and solve the issues that face them in the twenty-first century. I have consistently held the position for nearly twenty-five years that government closest to the people is the government that can best meet the needs of its citizens.

Each of the four counties is working on its own plan to deal with transportation issues, especially the ever-increasing traffic that is negatively affecting the quality of life of its residents. Each county has the ability to plan for and take the critical steps necessary to develop preferred local alternatives to address what are widely recognized as serious transportation issues on each island. Developing a sound, comprehensive solution to each island's traffic problems is a multi-year effort that should not be done in haste and can and should proceed with all due deliberation. Further, this work can be carried out at the same time as the Legislature rewrites House Bill No. 1309 to address the flaws identified in this statement of concern.

Since the proposed 0.5% surcharge embodied in this bill does not go into effect until January 1, 2007, there is time for the counties that want to impose such a tax to develop the mechanisms they will need to assess and collect the monies. The State, through my offices, has already pledged to provide maximum support to each county that wants to proceed.

Therefore, I allowed House Bill No. 1309 HD2 SD2 CD1 to become law as Act 247 effective July 12, 2005 without my signature.

Sincerely,

/s/ Linda Lingle

**Gov. Msg. No. 1093**, informing the Senate that on July 12, 2005, she permitted the following measure to become law without her signature, pursuant to Section 16 of Article III of the State Constitution, which reads as follows:

Senate Bill No. 1451 as Act 248, entitled: "RELATING TO IMPROVING WATER QUALITY."

"Dear Mr. President and Members of the Senate:

Re: Senate Bill No. 1451 SD2 HD1 CD1

On July 12, 2005, Senate Bill No. 1451, entitled 'Relating to Improving Water Quality' became law without my signature, pursuant to Section 16 of Article III of the State Constitution.

This bill appropriates \$250,000 in general funds in FY 2006 to the Center for Conservation Research and Training at the University of Hawaii. The money is to be used to develop a watershed management plan to improve the water quality of Lake Wilson. The bill also indicates the Center is to use the money to build a wetlands design demonstration project and seek federal funds support for this project.

This project is being funded outside of the normal budgetary process. It should be pointed out that the Department of Health has already started work on identifying pollutant sources and is preparing a water pollution total daily maximum load analysis for the upper watershed and lake. Thus, it is premature to begin another study without having pinpointed the pollutant loads and sources that are involved.

While we respect the work done at the University of Hawaii, there is nothing to indicate that the University of Hawaii has the best expertise to conduct this study. The Federal Clean Water Act provides funding to the states for watershed and wetlands projects. Award of Act 319 funds is done through a competitive process that meets federal requirements and encourages the highest levels of expertise available.

Therefore, I allowed Senate Bill No. 1451 SD2 HD1 CD1 to become law as Act 248 effective July 12, 2005 without my signature.

Sincerely,

/s/ Linda Lingle

**RULES OF THE SENATE  
OF THE  
TWENTY-THIRD LEGISLATURE OF THE STATE OF HAWAII**

**PREAMBLE**

The members of the Senate do hereby reaffirm the Senate's dedication to upholding the Constitutions of the United States and the State of Hawaii, to providing for openness and fairness in all of its proceedings, and to promoting collaboration and consultation in its committee work.

The Senate stands as a people-oriented institution that serves all of the people, whatever their background or persuasion. The Senate works for the public good and strives to give every person an equal opportunity to realize his or her highest potential. The Senate is an open public forum for organized debate and deliberative consideration of issues.

**RULES OF THE SENATE**

The following Rules shall be the Rules of the Senate of the Twenty-third Legislature of the State of Hawaii.

**PART I. ORGANIZATION, OFFICERS AND EMPLOYEES**

**Rule 1. Organization**

(1) When the Senate convenes in the first Regular Session of each Legislature, the member from the First Senatorial District shall act as temporary chair, call the Senate to order, appoint a temporary Clerk, and a Committee of three whose duty it shall be to immediately examine the credentials of the members-elect of the Senate. If from the report of the Committee, it shall appear that a majority of the credentials are in order, the temporary Clerk shall call the roll.

(2) The temporary Chair shall then appoint a Committee of three to wait upon a justice of the Supreme Court, an Intermediate Appellate Court Judge or a Circuit Court judge to administer the oath of office required by the Constitution. After the oath has been duly administered, the Senate shall organize.

(3) When the Senate convenes in any succeeding Sessions of the Legislature, the President or the Vice-President in the absence of the President, shall call the Senate to order.

**Rule 2. Officers and Employees**

(1) The officers of the Senate shall consist of a President, Vice-President, Clerk, Assistant Clerk, Sergeant-at-Arms, and Assistant Sergeant-at-Arms, each of whom shall be elected by a majority vote of the members of the Senate.

(2) The President and Vice-President shall hold their respective offices in accordance with Title 3, Hawaii Revised Statutes. Other officers and employees shall hold their respective offices and positions at the pleasure of the Senate, but a majority vote of the members of the Senate shall be required to terminate the office held by any officer of the Senate.

(3) The Senate, by a majority vote, may authorize positions from time to time as may be deemed necessary.

**Rule 3. The President**

It shall be the duty of the President:

(1) To open the meetings of the Senate by taking the Chair and calling for the invocation.

(2) When a quorum is present, to call for the reading of the Journal of the preceding day.

(3) To maintain order in the Senate Chamber and to require proper decorum on the part of the members.

(4) To announce the business before the Senate in the order prescribed by the Rules.

(5) To receive and submit all matters properly brought before the Senate by the members, call for votes upon the same and announce the results.

(6) To receive all communications, including but not limited to, Governor's messages, budget messages, and Judiciary communications, present them to the Senate and, unless otherwise provided in these Rules, refer these and other matters to the appropriate standing committees.

(7) To appoint all members of committees unless otherwise determined by the Senate.

(8) To authenticate by signature, all acts and doings of the Senate which require authentication.

(9) To make known rules of order when so requested and, subject to an appeal to the Senate, to decide all questions of order.

(10) To issue warrants and when so directed by the Senate, to carry into effect its orders in the arrest of offenders, the summoning of witnesses, or other orders of the Senate.

(11) To decide and announce the result of any vote taken.

(12) To do and perform such other duties as are required by law or by these rules or such as may properly pertain to such office.

(13) To clear the Senate Chamber of all persons, except its members and designated persons if there is a disturbance or disorderly conduct, or on motion duly adopted.

(14) To control and have direction of the rooms, desks, passages, stairways, corridors, and balconies, in and about the building set apart for the use of the Senate, and all public property of the Senate. The President shall see that all officers of the Senate perform their respective duties, and may assign places to visitors and reporters. The President may admit stenographers or other reporters, wishing to take down the debates, and assign them such places to effect their object as shall not interfere with the convenience of the Senate.

(15) To establish final dates for action on legislation, including, though not limited to the final date for introducing bills, the dates for the mandatory recess pursuant to Article III, Section 10, of the Constitution, the final date for third reading of Senate Bills, the final date for third reading of House Bills, the final date for approving Conference Committee agreements and drafts of bills, the final date for final reading of the General Appropriations Bill, and the final date for final reading of the Supplemental Appropriations Bill. The President shall coordinate the date for introducing bills and may coordinate with the Speaker of the House to establish the other final dates.

(16) To promulgate an administrative and financial manual of guides, the purpose of which is to establish uniformity in administrative practices and to ensure compliance with Senate policies.

(17) To mediate and resolve differences between two or more standing committees on the same bill.

#### **Rule 4. The Vice-President**

(1) The Vice-President and the President shall prepare and administer a budget for the Senate.

(2) In the absence of the President, the Vice-President shall exercise all the duties and powers of the President.

#### **Rule 5. President Pro Tempore**

(1) In case the President and Vice-President shall be absent at the hour to which the Senate had adjourned, the member of the majority party having the longest tenure in the Senate shall preside until a President pro tempore is chosen. If two or more members are equally qualified to preside, the eldest qualified member shall preside.

(2) The President pro tempore shall be invested with all of the powers and shall perform all the duties of the President. Whenever the President pro tempore is required to sign a bill or other instrument, the Clerk shall attach to such bill or instrument a certificate stating that such President pro tempore was duly elected and is authorized to so sign.

#### **Rule 6. The Clerk**

It shall be the duty of the Clerk:

(1) To have charge of all records of the Senate and be responsible for the same. At no time shall the Clerk permit original documents to be withdrawn from the Clerk's keeping unless ordered by the Senate.

(2) To make a concise and complete memorandum of all petitions, motions, resolutions, amendments and other matters brought before the Senate. Such memoranda shall state the nature of the matter and the name of the introducer, and the date and day of the session on which the Senate considered the matter. The memoranda, together with other matters ordered to be placed therein, shall constitute the Journal, a copy of which shall be made available for inspection to any member upon request as soon as practicable. The Journal of each day shall be read the following day, immediately after the invocation. When such Journal is approved by vote of the Senate, it shall be entered by the Clerk in a book entitled "Journal of the Senate. Session of . ." (Giving the Year).

- (3) Unless otherwise directed by the Senate, to read all bills, resolutions and other matters (if so required) to the Senate.
- (4) To forward at once all letters, messages, communications and other matters to the proper parties.
- (5) To immediately deliver to the Chair of the appropriate committee all petitions, resolutions, bills or other matters duly referred to such committee.
- (6) To see that all bills and resolutions are properly engrossed and are correct and true as finally acted upon by the Senate.
- (7) To draw on the state general fund for expenses of the session as shall be authorized by the Senate and approved by the President.
- (8) To pay all bills and accounts as shall be approved by the President or the President's designees, or ordered by the Senate, and no others.
- (9) To be responsible for the acquisition and distribution of all of the property of the Senate.
- (10) To note all questions of order with the decision thereon, collect the same, and append them to the Senate Journal at the close of the session.
- (11) To perform all other clerical duties and functions pertaining to the Office of the Clerk and as the Senate from time to time shall direct. The Clerk shall post the order of business in writing in a conspicuous place each day.

**Rule 7. Assistant Clerk**

The Assistant Clerk shall assist the Clerk in the performance of all duties and attend to such other duties as may be required when so directed by the President. In the absence of the Clerk, the Assistant Clerk shall perform all duties of the Clerk.

**Rule 8. Invocation**

Each day's sitting of the Senate shall open with an invocation.

**Rule 9. Sergeant-at-Arms**

It shall be the duty of the Sergeant-at-Arms to attend the Senate on every day of meeting; to maintain order among those present as spectators; to give notice to the Presiding Officer of the attendance of any person with communications or otherwise; to supervise the distribution of incidentals which require distribution among the members; to supervise, subject to the control of the President, the Senate Messengers; to attend upon committees if so requested; to serve all orders or process as directed by the President or Senate; to make all required arrests of members or other persons, and to retain the same in custody; to have the charge and responsibility for the postal requirements of the Senate; and generally to execute all of the requirements of the President of the Senate.

**Rule 10. Assistant Sergeant-at-Arms**

The Assistant Sergeant-at-Arms shall assist the Sergeant-at-Arms in the performance of all duties and attend to such duties as may be required when so directed by the President. In the absence of the Sergeant-at-Arms, the Assistant Sergeant-at-Arms shall perform all duties of the Sergeant-at-Arms.

**Rule 11. Responsibilities of Officers and Employees**

The employees shall perform such duties as may be assigned by the President or prescribed by the Senate.

All officers and employees of the Senate shall be directly answerable to the President, and shall perform all the President's orders and directions, subject to revision by the Senate and subject to confidentiality guided by standards of professional conduct. Employees under the supervision of a Senate member shall be directly answerable to the Senate member.

An oath of office shall be administered to each officer.

**Rule 12. Majority and Minority Party Organization and Staff**

(1) Members of the majority and minority parties may adopt rules of procedure and administration for their respective caucuses. The rules shall not be inconsistent with the Rules of the Senate, and any such rule of procedure for the caucus shall not be enforceable on the floor of the Senate.

(2) The establishment and staffing of the majority and minority staff offices shall be subject to budgetary constraints in the budget for the Senate that is prepared and administered under Rule 4.

**Rule 13. Pay of Members, Officers and Employees**

(1) Each member of the Senate, upon being elected or appointed to office, shall receive as compensation such salary as prescribed pursuant to Article III, Section 9, of the State Constitution.

(2) The officers, except the President and Vice-President, and the employees shall receive compensation as the Senate shall fix.

**PART II. COMMITTEES**

**Rule 14. Committees: Types and Composition**

(1) Standing Committees: The membership of each Standing Committee shall be appointed by the President subject to action by the Senate. The respective Chairs and Vice Chairs of each Standing Committee shall be appointed by the President, subject to action by the Senate. The majority and minority parties shall to the extent practicable be represented on all Standing Committees on a proportional basis or on such basis as may be prescribed by the Senate.

(2) Leadership Committees shall include majority and minority members drawn from the ranks of the Senate leadership.

(3) Special Committees shall consist of not less than three members each, unless otherwise ordered by the Senate, include a member or members of the minority party, and upon consultation with the Majority and Minority Leaders, shall be appointed by the President from time to time as occasion requires, to serve until discharged or finally reporting the specific matter referred. The Senate may establish investigative committees pursuant to Chapter 21, Hawaii Revised Statutes; such committees shall have such powers and be bound by such conditions as may be provided by law or by these Rules.

(4) Conference Committees shall consist of not less than three members each and be managed by the Chair of the Standing Committee having primary responsibility of the subject matter to be resolved, unless otherwise ordered by the Senate. The members of the Conference Committee shall be appointed by the President from time to time as occasion requires, to serve until discharged or finally reporting the matter referred. The President may discharge a Conference Committee only upon concurrence with the Majority Leader.

(5) The Committee of the Whole Senate.

**Rule 15. Committee Chairs**

The first person named on the committee shall be the Chair, and the second member named shall be Vice-Chair. The Chair of committees shall call meetings and preside.

**Rule 16. Committees: Control and Excuse from Membership**

Committees shall be under the control of and subject to the orders of the Senate, and shall faithfully carry out such orders. Any member may be excused from serving on any committee at the time of appointment, if already a member of four other committees.

**Rule 17. Standing Committees**

Standing Committees shall be appointed for major subject matter areas at the opening of the session, or as soon thereafter as possible. The Standing Committees and their areas of jurisdiction shall be as follows:

(1) Committee on Business and Economic Development. The purview of this committee includes those programs relating to economic development, and other new industry development; financial and technical assistance to business; and recreation, sports and athletics, state parks and beaches, ocean recreation, and Aloha Stadium.

(2) Committee on Commerce, Consumer Protection and Housing. The purview of this committee includes those programs relating to business regulation, occupational licensing, consumer protection, financial institutions, insurance regulation; public utility regulation; and telecommunications regulation; housing development, the landlord tenant code, condominium property regimes, and leaseholds.

(3) Committee on Education and Military Affairs. The purview of this committee includes those programs relating to early education, public schools, continuing education, and the public libraries; and military and veterans' affairs.

(4) Committee on Energy, Environment, and International Affairs. The purview of this committee includes those programs relating to energy resources; population; and environmental quality control and protection, including litter control, recycling,

wastewater treatment, endangered species, and hazardous waste; and international affairs, international relations, foreign policy issues, and foreign relations.

(5) Committee on Health. The purview of this committee includes those programs relating to general health, maternal and child care, communicable diseases, dental health, medical and hospital services, mental health, mental retardation, and hospitals.

(6) Committee on Higher Education. The purview of this committee includes the University of Hawaii, community college system, private higher education bond financing, and other education matters relevant to higher education.

(7) Committee on Human Services. The purview of this committee includes those programs relating to public assistance, Medquest, youth services, early childhood education and care programs under the Department of Human Services, and vocational rehabilitation; and programs relating to the promotion of the general well-being of Hawaii's youth, families, and elderly population.

(8) Committee on Intergovernmental Affairs. The purview of this committee includes those programs relating to county and federal relations, and matters of concern to the counties.

(9) Committee on Judiciary and Hawaiian Affairs. The purview of this committee includes those programs relating to the courts; crime prevention and control, including juvenile justice matters; criminal code revision; statutory revision; campaign spending and elections; ethics; constitutional matters; the Attorney General, Public Defender and Judiciary; government records and information practices; individual rights and civil liberties; public safety and corrections; and Hawaiian affairs, including the Office of Hawaiian affairs, sovereignty, and Hawaiian homestead lands.

(10) Committee on Labor. The purview of this committee includes programs relating to public officers and employees, labor, employment opportunities and training, labor-management relations, collective bargaining; the public employees retirement system and the Hawaii public employees health fund.

(11) Committee on Media, Arts, Science and Technology. The purview of this committee includes programs relating to film and digital media production; astronomy, biochemistry, biomedicine, biotechnology, and other scientific research and development activities; culture, historic preservation, and the arts; and use of information storage, transmissions, processing, and telecommunications technologies by public agencies and institutions.

(12) Committee on Tourism. The purview of this committee includes those programs relating to tourism, including the Hawaii Convention Center, Hawaii Visitors and Convention Bureau, and the Hawaii Tourism Authority.

(13) Committee on Transportation and Government Operations. The purview of this committee includes those programs relating to air, water, and surface transportation; civil defense; and state government operations policy, including procurement and government efficiency.

(14) Committee on Water, Land, and Agriculture. The purview of this committee includes those programs relating to state planning, urban renewal, community development, land and water use, coastal zone management, land reclamation, fisheries and ocean resources; small boat harbors; agriculture and aquaculture, including mariculture.

(15) Committee on Ways and Means. The purview of this committee includes those programs relating to overall state financing policies, including taxation and other revenues, cash and debt management, and statewide implementation of planning, programming, budgeting, and evaluation; government structure and finance.

#### **Rule 18. Standing Committees: General Responsibility**

(1) General Responsibility. On the bills referred to it, the committee shall determine objectives, make program recommendations and, where appropriate, make expenditure recommendations. For those bills which require appropriations, the committee shall make expenditure recommendations consistent with the expenditure allocations established for the bills by the Committee on Ways and Means, which shall make the final recommendation to the Senate.

(2) Subsequent referral committees; prior concurrence. On bills that have been referred to more than one committee, unless otherwise ordered by the Senate, the subsequent referral committee shall make no substantive change, except changes which affect the subject matter over which the subsequent referral committee has primary jurisdiction, without prior written approval of the preceding referral committee chair having primary jurisdiction over the subject matter affected by the change.

#### **Rule 19. Committee on Ways and Means: Special Responsibility**

It shall be the duty of the Committee on Ways and Means, in considering the General Appropriations Bill or the Supplemental Appropriations Bill, to determine for each fiscal year of the biennium the appropriate level of total expenditures and the level of expenditures for program areas.

To the extent practicable, the Committee on Ways and Means shall make available to members of the Senate the contents of the General Appropriations Bill or the Supplemental Appropriations Bill during the 48-hour period prior to the passage of such bills on third and final reading.

Concerning all other bills requiring appropriations, it shall be the duty of the Committee on Ways and Means to inform the Standing Committee responsible for the program area to which the appropriation relates of the amount and type of financial resources available, and it shall review the expenditure recommendation of the Standing Committee to determine that the recommendation is consistent with the resources available.

In determining the amount and type of resources available for a bill requiring an appropriation and in reviewing the expenditure recommendation of the Standing Committee, the Committee on Ways and Means shall invite the recommendation of the chair of the Standing Committee responsible for the program area to which the appropriation relates.

#### **Rule 20. Leadership Committees**

Leadership Committees, upon consultation and agreement with the Majority and Minority Leaders, may be appointed by the President at the opening of the session, or as soon thereafter as necessary. A leadership Committee on Legislative Management, upon consultation and agreement with the Majority and Minority Leaders, may be appointed by the President to perform the duties and responsibilities of the Committee as may be provided by law, or to make recommendations to the President on issues of Senate policy. Because Leadership Committees have jurisdiction over issues of organizational and institutional interest to the Senate, their membership shall include members drawn from the ranks of the Senate Leadership, thus assuring high-level consideration of these issues.

#### **Rule 21. Meetings of Committees**

Meetings, including decision-making sessions, of leadership committees appointed by the President, and Standing Committees shall be public provided that meetings in executive session may be allowed in such exceptional circumstances when committee discussion could unfairly damage the reputation of individuals or where there is a legal question concerning a bill.

Notice of meetings and decision-making sessions shall include the number and title of the bills or resolutions, and brief descriptions and committee referrals of each of the subject matters to be covered, and shall be publicly posted by first referral committees at least 72 hours before their meetings and by subsequent referral committees at least 48 hours before their meetings, no later than 4:00 p.m. on the last work day of the week, provided that these notice requirements may be waived with the approval of the President upon good cause shown. The 72 hour notice requirement is waived for the initial decision-making meeting for short form bills.

No committee shall sit during the time when the Senate is actually in session without first securing the approval of the President, except Conference Committees that may sit at any time.

As practicable, committees shall schedule their meetings at times and at places as are convenient for attendance by the general public, and in coordination with other committees of the House or Senate, shall endeavor to hold joint meetings and public hearings on matters of mutual interest.

The meetings of a Conference Committee shall be conducted as agreed upon by the members of the Conference Committee. Conference Committee meetings and decision-making sessions shall be public. Public notice of Conference Committee meetings shall be given to the extent practicable.

#### **Rule 22. Decision-Making by Committee**

(1) The chair of a standing committee may commence a decision-making meeting and open discussion on matters referred to the committee without a quorum; provided that the decision-making by the committee on matters that are referred to it shall be conducted with a quorum of the committee present. A quorum shall be a majority of the membership of the committee.

(2) A favorable vote of a majority of the members present at a decision-making meeting duly constituted with a quorum is required to report a matter out of committee. A member voting "with reservations" shall be counted as a favorable vote.

(3) The presence of a quorum and the final vote of each member who is present at the decision-making meeting of a standing committee shall be recorded by the chair or by a member of the committee designated by the chair. This record shall be attached to and shall be a part of the report of the standing committee.

#### **Rule 23. Public Hearings on Bills**

(1) Subject to this rule, the selection and scheduling of a bill for public hearing shall be at the discretion of the chair of the committee having jurisdiction over the bill.

(2) The chair's determination that a bill will have a public hearing shall be final notwithstanding the opposition of a majority of the members of the committee.

(3) At the written request of a majority of the members of the committee, the chair shall schedule a bill for public hearing.

**Rule 24. Committee Reports**

- (1) The leadership committees as may be appointed by the President and Standing Committees shall report from time to time upon all matters referred to them.
- (2) Special Committees shall report upon matters referred to them within the time permitted in the appointment of the Special Committee unless further time is given by vote of the Senate.
- (3) A Conference Committee shall not report upon the matter referred unless a majority of the members of each house appointed by their respective presiding officer have concurred in the report.

**Rule 25. Committees: Factfinding and Content of Reports**

- (1) Whenever any matter shall be referred to a committee it shall be the duty of the committee to make diligent inquiry into all of the facts and circumstances connected with the matter. If necessary, witnesses shall be summoned or subpoenaed, and everything shall be done to bring all facts pertaining to the matter before the Senate in accordance with the provisions of Chapter 21 of the Hawaii Revised Statutes. The President may exercise such powers authorized under Chapter 21, relating to the issuance of subpoenas, and the President, committee chair and other duly delegated members of the Senate may exercise such powers authorized under Chapter 21 aforesaid, relating to the administering of oaths, and the compelling of witnesses who have been subpoenaed to testify. All committee meetings held on matters referred to it by the Senate shall be open to the public unless otherwise ordered by the Senate or otherwise provided by these Rules.
- (2) The report of the committee shall state findings of fact and conclusions based thereon, together with a distinct recommendation as to the disposal of that matter.
- (3) A report upon a bill shall state clearly the amendments, if any, proposed. If a substitute bill for one or more referred to the committee shall be reported, such substitute bill shall agree with the subject of the bill or bills referred to the committee.
- (4) The committee shall report whenever a majority of the members present at the decision-making meeting duly constituted with a quorum is in favor of reporting the bill or resolution out of the committee. The report, after being made available, for review by the members of the committee, and after subsequent revisions thereto, if any, shall be the final report of the committee. The final report of the committee shall be attested to by the signature of the chair on behalf of the members of the committee. The action of the committee on the bill or resolution or any amendments thereto, if any, and the final vote of each member of the committee recorded by the chair or the chair's designee at a decision-making meeting shall not be changed in the review of the report, unless the change is made at an open decision-making meeting conducted with a quorum of the committee present. The minority of the members present at any decision-making meeting duly constituted with a quorum may report.

**Rule 26. Committee of the Whole**

- (1) The Senate from time to time may resolve itself into a Committee of the Whole. Whenever any matter shall be referred to such committee upon the adoption of a motion to that effect, the President shall call some member to take the Chair (unless the Senate shall nominate a chair), which being done, the Senate then shall be in committee.
- (2) The Clerk of the Senate shall act as Clerk of the Committee of the Whole without extra compensation, and shall make a careful record of the proceedings, which shall be filed as one of the records of the Senate.
- (3) The committee, on motion, may rise and ask leave to sit at any future time.
- (4) When a bill shall be referred to the Committee of the Whole, the bill shall be first read throughout by the Clerk, and then again read and debated by sections, leaving the preamble to be the last. All amendments, noting the page and line, shall be duly entered by the Clerk on a separate paper, as the same shall be agreed to by the committee, and so reported. When a bill is ordered into Committee of the Whole, such order may dispense with the reading of the whole bill before considering it section by section.
- (5) In Committee of the Whole, the rules of procedure in the Senate shall be observed except that any member may speak more than once on the same subject, but no person shall speak a second or further time until others desiring to speak shall have had an opportunity, nor shall the motion for the previous question be allowed. A time limit for debate may be fixed by vote.

**PART III. SESSIONS; ATTENDANCE; NOMINATIONS****Rule 27. Meetings**

- (1) The Senate shall meet for the transaction of public business every day, except Saturdays, Sundays, legal holidays and such other days as the Senate shall designate by motion or resolution duly adopted and entered in the Journal.
- (2) The regular hour of meetings of the Senate is established at eleven-thirty o'clock a.m. but the hour of meeting, recess and adjournment for any day may be such as the Senate, by motion, shall decide from time to time.

**Rule 28. Attendance**

No member shall be absent from the sessions of the Senate unless given leave by the President or unless the member is sick and unable to attend.

**Rule 29. Extension of Session**

Two-thirds of the members to which the Senate is entitled, two-thirds of the House of Representatives concurring, may petition the President of the Senate and the Speaker of the House to extend any session of the Legislature. The petition shall read:

“To the President of the Senate and the Speaker of the House of Representatives

Your petitioners, members of the Senate and of the \_\_\_\_\_ Legislature of the State of Hawaii, respectfully request an extension of \_\_\_\_\_ days of the \_\_\_\_\_ session of \_\_\_\_\_ of the \_\_\_\_\_ Legislature of the State of Hawaii.”

The petition shall be in writing, above the signatures of the members.

When the President of the Senate receives such a petition, and it is properly signed by two-thirds of the members to which each house is entitled, the President and the Speaker of the House of Representatives shall jointly issue a proclamation extending the session for the number of days sought in the petition.

**Rule 30. Recessed Session**

Any session of the Legislature may be recessed by concurrent resolution adopted by a majority of the members to which each house is entitled. Each regular session shall be recessed pursuant to Article III, Section 10, of the Constitution for not less than five days at some period between the twentieth and fortieth days of the regular session.

**Rule 31. Special Sessions**

(1) Two-thirds of the members to which the Senate is entitled, two-thirds of the House of Representatives concurring, may petition the President of the Senate and the Speaker of the House to call a special session of the Legislature. The petition shall read:

“To the President of the Senate and the Speaker of the House of Representatives

Your petitioners, members of the Senate and of the House of Representatives of the \_\_\_\_\_ Legislature of the State of Hawaii, respectfully request that a special session of the \_\_\_\_\_ Legislature of the State of Hawaii be convened at \_\_\_\_\_.”

The petition shall be in writing, above the signatures of the members.

When the President of the Senate receives such a petition, and it is properly signed by two-thirds of the members to which each house is entitled, the President of the Senate and the Speaker of the House of Representatives shall jointly issue a proclamation convening the Legislature in special session at the time and place sought in the petition.

(2) Two-thirds of the members to which the Senate is entitled may petition the President of the Senate to call a special session of the Senate for the purpose of carrying out the Senate’s responsibilities under Article VI, Section 3, of the Constitution. The petition shall read:

“To the President of the Senate

Your petitioners, members of the Senate of the \_\_\_\_\_ Legislature of the State of Hawaii, respectfully request that a special session of the Senate of the State of Hawaii be convened at \_\_\_\_\_.”  
The petition shall be in writing, above the signatures of the members.

When the President of the Senate receives such a petition, and it is properly signed by two-thirds of the members to which the Senate is entitled, the President of the Senate shall issue a proclamation convening the Senate in special session at the time and place sought in the petition.

**Rule 32. Adjournments**

Meetings may be adjourned at any time. Unless otherwise specified in the motion, every adjournment shall be considered as being to the established hour of meeting on the following business day; but no adjournment shall be for more than three days, or sine die, without the consent of the House of Representatives. .

**Rule 33. Motion to Adjourn**

A motion to adjourn is always in order, and shall be decided without debate. One motion to adjourn shall not follow another without intervening business.

**Rule 34. Quorum**

For the transaction of business, a majority of the number of members to which the Senate is entitled shall constitute a quorum, of which quorum a majority vote shall suffice, but the final passage of a bill shall require the vote of the majority of the members of the Senate. A smaller number than a quorum may adjourn from day to day and compel the attendance of absent members. For the purpose of compelling the attendance of absent members, a majority of the members present, by resolution, may direct the Sergeant-at-Arms to place the members who are absent under arrest and return them to the Senate. Any warrant pursuant to such a resolution shall be issued in the name of the Senate and shall be signed by the member then presiding. For the purpose of ascertaining whether there is a quorum present, the President shall count the members present.

**Rule 35. Executive Session**

(1) If the Senate considers it necessary to act confidentially upon any communication from the Governor or upon any nomination or other matter, it may go into executive session.

(2) When any member desires to make known any matter to the Senate which the member deems should be confidential and private, the member shall communicate that desire to the President who shall decide whether the Senate shall go into executive session. The Senate may decide whether the matter communicated shall be kept secret.

**Rule 36. Clearing of the Senate**

(1) When acting upon confidential business in executive session, the Senate Chambers shall be cleared of all persons except the members of the Senate and such other persons as the presiding officer with the consent of the Senate shall deem necessary.

(2) The members, officers and employees shall keep the secrets of the Senate and any other person whose presence is permitted in executive session shall be sworn to secrecy.

(3) All confidential communications made to the Senate, and remarks, votes and proceedings thereon, shall be kept strictly secret by the members, officers and employees, as well as by such other persons as have been detained or permitted to attend upon the consideration of such matters, until the Senate, by resolution, takes off such seal of secrecy, or unless such matter be later considered in open session.

**Rule 37. Nominations; Appointments**

(1) Nominations made by the Governor and removal of the chief legal officer of the State which require the advice and consent of the Senate, and appointments which require the confirmation or consent of the Senate shall be referred to the standing committee having jurisdiction within five legislative days of receipt of the nomination or appointment. The standing committee to which a nomination, removal of the chief legal officer or appointment is referred, shall report to the Senate with a recommendation to advise and consent, confirm, or reject on or before the fifty-ninth day of the session.

(2) Except for the appointment of a justice or judge, a nomination or appointment made by the Governor which is received by the Senate after the fifty-first day of the session of the Legislature shall be returned to the Governor without action, unless a confirmation or consent is required to further a public purpose which cannot be satisfied by an interim appointment. Notice of this rule shall be given to the Governor not later than the twentieth day of the session of the Legislature.

(3) The final question on nominations made by the Governor shall be: "Will the Senate advise and consent to this nomination?"

(4) The final question on the removal of the chief legal officer of the State shall be: "Will the Senate advise and consent to the removal of the chief legal officer of the State?"

(5) The final question on appointments made by the Governor which require the confirmation or consent of the Senate shall be: "Will the Senate confirm (or consent) to this appointment?"

(6) The final question on nominations, removal of the chief legal officer or on appointments shall not be put sooner than twenty-four hours from the time when the nomination or appointment is received, nor on the day in which it may be reported by a committee, unless by unanimous consent.

(7) Public hearings shall be held for all nominees, for the removal of the chief legal officer of the State, and for all appointees prior to confirmation or consent by the Senate.

(8) Consent to the appointment of justices and judges shall be pursuant to Article VI, Section 3, of the State Constitution.

**Rule 38. Meeting at Place Other than Capitol**

Whenever, for any reason, the Governor shall convene the Senate at any place other than the Capitol, it shall attend together with all of its officers at the time and place ordered.

**PART IV. ORDER OF BUSINESS****Rule 39. Order of Business: General**

After invocation, roll call and the reading of the Journal, the President shall call for business in the following order:

- (1) Messages from the Governor.
- (2) Reports and communications from the state officers.
- (3) Communications, bills, resolutions and other matters from the House of Representatives.
- (4) Concurrent and senate resolutions and introduction of bills.
- (5) Reports of Conference and Joint Committees.
- (6) Reports of the Leadership Committee on Legislative Management.
- (7) Reports of Standing Committees.
- (8) Reports of other Leadership Committees.
- (9) Unfinished business, upon which the Senate was engaged at the time of its last adjournment.
- (10) The Order of the Day.
- (11) Miscellaneous communications.
- (12) Any miscellaneous business on the President's table.

**Rule 40. Order of Business: Special**

The Senate, by previous motion, may direct that any matter named shall be made a special order of business and that such special order shall take precedence of all business after the fourth order, or that it shall take any other position lower down on the calendar.

**Rule 41. Order of Business: Committee Reports and Gubernatorial Messages**

Reports from Conference or Joint Committees, and from Leadership Committee on Legislative Management, shall be in order at all times after the second order of business, and, upon motion, messages from the Governor or from the House of Representatives may be received at any time. Without unanimous consent, however, such messages or reports shall not be in order for discussion when received, but shall be placed on the calendar as unfinished business.

**Rule 42. Order of Business: Order of the Day**

After the first seven orders of business set forth in Rule 38, it shall be in order, pending consideration thereof, to move that the Senate proceed to dispose of the unfinished business or to the Order of the Day. If such motion be decided in the affirmative, such consideration shall immediately be taken up.

**Rule 43. Order of Business: Unfinished Business**

The unfinished business in which the Senate was engaged at the time of the last adjournment shall have the preference in the Order of the Day. Until the former is disposed of, no motion for any other business shall be received without special leave of the Senate.

**Rule 44. Order of Business: Questions on Priority**

All questions relating to the priority of business to be acted upon shall be decided without debate.

**PART V. BILLS****Rule 45. Bills: Introduction**

Any bill may be introduced on the report of the committee or by any member, except appropriation bills subject to the next paragraph, and except short form bills which may only be introduced by the majority leaders or the minority leader after appropriate consultation with committee chairs and other members of the Senate.

The Executive Budget, Judiciary Budget, Legislative Budget, General Appropriations Bill, Supplemental Appropriations Bill, Office of Hawaiian Affairs Budget, and bills for criminal injuries compensation, for claims against the State and for funding of collective bargaining agreements may be introduced only by the President. Each member may introduce only one bill appropriating money for capital improvements projects in the member's district. The majority leaders and the minority leader shall develop a policy governing introduction by individual members of bills intended to appropriate money or to authorize the issuance of state bonds.

Bills, which shall carry over from a regular session in an odd-numbered year to the next regular session, shall retain the numbers assigned to them. The Clerk shall keep a record of the status of all bills in possession of the Senate at the end of the odd-numbered year session and shall publish the record of the status of all such bills prior to the convening of the next regular session.

Every bill introduced or reported out of any committee, which amends an existing section or subsection of the Hawaii Revised Statutes or Session Laws of Hawaii, shall set forth the section or subsection in full, and the matter to be deleted shall be enclosed in brackets and stricken and any new matter added to the section or subsection shall be underscored. However, a Supplemental Appropriations Bill need not conform to this rule, nor an amending bill where the intent and effect of the amending bill can be clearly identified and understood without repeating the entire section or subsection, in which case only the paragraphs, subparagraphs, clauses or items to be amended need be set forth as the President may allow. The President may allow additional exceptions to this rule.

**Rule 46. Bills: Referral to Committee**

(1) Upon introduction, all bills shall be numbered by the Clerk in numerical sequence, shall bear an identification as a Senate Bill, and shall pass first reading.

(2) The majority staff office shall make recommendations to the majority leadership on the referral of each such bill to appropriate Leadership or Standing Committees.

(3) Each such bill shall be referred by members of the majority leadership appointed by the President, to one or more appropriate Leadership or Standing Committees for consideration.

(4) Any referral may be reconsidered by the President upon written request of any chair who is aggrieved by the referral made within forty-eight hours of the referral. The President shall decide the request for reconsideration within a reasonable time, which decision shall be final. No request for reconsideration shall be considered if the timing of the request would have the effect of killing a bill or resolution.

(5) Each Leadership and Standing Committee shall consider the bills and other matters referred to it as expeditiously as may be possible.

**Rule 47. Bills: Required Readings**

No bill shall pass the Senate unless it shall have passed three readings in the Senate on separate days. The President shall give notice in each instance whether it be the first, second or third reading.

**Rule 48. Bills: First Reading**

(1) The first reading of a bill shall be for information. If opposition be made to it, the question shall be: "Shall this bill be rejected?" which question may be debated. But no one shall speak more than once upon such question, except the introducer of the bill, who may close the debate.

(2) If the question to reject be negative, the bill shall go to its second reading without question.

**Rule 49. Bills: Second Reading**

A bill upon its second reading may be read by its title only. It then shall be subject to a motion to commit. If it is not referred to a Leadership Committee, Standing Committee, or Special Committee, but is ordered to be considered in Committee of the Whole, a day for such consideration shall be determined by the chair of such committee. When the bill is reported from committee it shall take its place in the order of business for future consideration.

**Rule 50. Bills: Third Reading**

(1) No bill shall pass third or final reading in the Senate unless printed copies of the bill in the form to be passed have been made available to the members of the Senate for at least 48 hours. Form to be passed means the form in which a bill is to be (a) passed on third reading in the Senate, (b) concurred to by the Senate after amendments have been made by the House, or (c) passed by the Senate after a Conference Committee has agreed upon it.

(2) A bill on its third or final reading may be read by its title only, and the President then shall ask the Senate: "Shall this bill pass its third reading?" or "Shall this bill pass its final reading?" as the case may be. Upon the final passage of any bill, the Ayes and Noes shall be called. Such passage shall require the affirmative vote of a majority of all the members of the Senate and the Ayes and Noes shall be entered on the Journal.

(3) All bills, except on first reading, shall be printed by title on the Order of the Day before consideration by the members unless waived by the President.

**Rule 51. Bills: Property of Senate**

All bills introduced in the Senate shall be deemed the property of the Senate and under its control unless they shall become law, subject however to the right of the House of Representatives to amend or to refuse to agree with the bills.

Any bill pending at the final adjournment of a regular session in an odd-numbered year shall carry over with the same status to the next regular session; provided that if such bill shall have passed third reading in the Senate in an odd-numbered session, it shall pass at least one reading in the Senate in the next regular session upon its return to the Senate from the House.

**Rule 52. Bills: Recall from Committee**

Twenty days after a bill has been referred to a committee, the same may be recalled from such committee by the affirmative vote of one-third of the members of the Senate.

**Rule 53. Matters Tabled**

When a bill or resolution or other matter has been laid upon the table, it shall not thereafter be taken from the table and be considered or restored to a place upon the calendar of the Senate without the consent of a majority.

**Rule 54. Bills: Amendments**

(1) All amendments proposed to any bill shall be in writing, unless otherwise ordered by the Senate, and shall be sent to the Clerk's desk to be filed with the bill.

(2) No floor amendment to a bill shall be voted upon unless a copy of the amendment, together with a copy of the complete bill in a form that incorporates the floor amendment, shall have been presented to the Clerk no later than 2 hours prior to the scheduled convening time of the session on the day of the session at which the amendment is to be offered. The Clerk shall prepare and distribute copies of the floor amendment to each member of the Senate present.

(3) A floor amendment shall be deemed pending only after its proponent has been recognized by the President and its adoption has been properly moved and seconded.

(4) A floor amendment that relates to a different subject, is intended to accomplish a different purpose, incorporates any other bill pending before the Senate, or would alter the nature of the bill as reported, is not germane and shall not be considered by the Senate.

(5) An amendment to a floor amendment that is not germane to both the floor amendment and the bill as reported shall not be considered by the Senate.

**Rule 55. Bills: Certification**

When a bill is passed it shall be certified by the Clerk who shall note the day of its passage in the journal along with a record of the ayes and noes.

**Rule 56. Bills: Received from House of Representatives**

Whenever a House bill which has passed Third Reading in the House of Representatives shall be certified to the Senate for its action, such bill shall be read three times before final passage, in accordance with the provision of the rules for the passage of bills introduced in the Senate.

**Rule 57. Bills: Transmittal to House of Representatives**

When a bill originating in the Senate shall have passed its third reading, or when a bill originating in the House which has been received from the House shall have been amended, or when a carry-over bill from an odd-numbered year originating in the House passes its third reading in the Senate in an even-numbered year session, such bill or such amended bill shall immediately be certified by the President and Clerk and sent to the House of Representatives for its consideration.

**Rule 58. Bills: Correction of Errors**

When a bill has passed both the Senate and the House of Representatives and an error in it is discovered prior to its having received the approval of the Governor, the bill may be returned by Concurrent Resolution to the house last considering the bill for proper correction.

**Rule 59. Bills: Order of Consideration**

(1) The Clerk shall send bills that have passed first reading to be printed immediately. When they have been printed and circulated to the members of the Senate, the Majority Leadership, appointed by the President, shall refer them to the various committees. When the committees have considered them and reported on them, the committees shall return them to the Clerk, and the Clerk shall place them in the Second Reading File. The Senate shall consider them in the order in which they appear in the Second Reading File.

(2) The Clerk shall arrange bills that have passed second reading in the order of their passage on second reading, regardless of the date of their reference to committee or the date of the committee report on them. The Clerk shall place them on the Third Reading File in the order in which they passed second reading and the Senate shall consider them on third reading in that same order. However, if the third reading of a bill is set for some particular date, that bill shall be removed from the Third Reading File.

**Rule 60. Bills: Special Order of Consideration**

All bills and other matters set for consideration on particular dates, shall be arranged in the order of the several votes making such assignments. A list shall be made of such special orders, and when the time for consideration arrives, such bills and other matters shall be considered in the order of assignment. If an adjournment shall be had before all of such special orders are disposed of, the remainder shall go over and come under the head of unfinished business on the following day, unless otherwise ordered.

**PART VI. RESOLUTIONS; MOTIONS****Rule 61. Resolutions and Motions: Form**

All resolutions shall be typewritten, dated and signed by the introducer, otherwise they shall not be considered. The Senate shall not introduce any congratulatory, commemorative or memorial resolution but shall express the sentiment contained in such resolutions by means of a suitable certificate. Motions and amendments may be verbal but shall be reduced to writing if requested by the President, and shall be read from the desk if so ordered.

**Rule 62. Motions: Disposition**

After a motion is stated or read by the President, it shall be deemed to be in the possession of the Senate, and shall be disposed of by vote of the Senate; however, it may be withdrawn by the mover at any time before an amendment has been adopted or before the decision on the motion if not amended.

**Rule 63. Motions Applicable to Pending Matters**

Whenever any bill or resolution or other matter shall be under discussion, the only motions relative thereto shall be:

- (1) To lay upon the table,
- (2) To postpone to a certain time,
- (3) To postpone indefinitely,
- (4) To commit or recommit, and
- (5) To amend, which motions shall have precedence in the order named.

The first two motions shall be decided without debate and shall be put as soon as made.

When any of the motions shall be decided in the negative, they shall not be revived the same day relative to the main question under discussion. If all are negative as aforesaid, the only remaining question shall be as to the adoption of the bill, resolution or other main question.

**Rule 64. Matters Postponed Indefinitely**

When a question is postponed indefinitely, the question shall not be acted upon again during the session in which it was introduced.

**Rule 65. Motion for Previous Question**

The object of the motion for the previous question is to cut off debate. It shall always be in order. It shall require a three-fifths vote to carry it.

Whenever the motion shall be carried, the author of the resolution or introducer of the bill under discussion shall be permitted to close the debate, after which the main question, subject to Rule 63, shall be put. The author or introducer may delegate to another such right to close.

**Rule 66. Motion for Reconsideration**

(1) When a motion has been once made and carried in the affirmative or negative, it shall not be in order for any member who voted on the side that did not prevail to move for a reconsideration thereof; but any member who voted on the prevailing side may move to reconsider it on the same or the succeeding day of session, or, with the consent of the Senate, on any subsequent day and such motion shall take precedence of all other questions, except a motion to adjourn.

(2) When a motion for reconsideration has been decided by vote, that vote shall not be reconsidered.

(3) When a bill or resolution or other matter upon which a vote has been taken shall have gone out of the possession of the Senate, and shall have been transmitted to the House of Representatives, a motion to reconsider shall be deemed to include a request to the House to return the same. If not complied with by the House, then the vote on the motion to reconsider shall be set aside. If such motion shall pass, the Clerk shall promptly communicate to the House the request for return of the matter to be reconsidered.

**PART VII. PETITIONS AND COMMUNICATIONS****Rule 67. Petitions, Memorials, and Miscellaneous Communications**

(1) Any person may petition the Senate. Petitions and other memorials, except as provided in Rule 61, shall be in writing, signed by the petitioners.

(2) All petitions, memorials and other papers addressed to the Senate or to the President and members shall be presented to the Senate by the Clerk.

(3) A brief statement of the contents of such petitions, memorials or other papers shall be made orally by the Clerk.

(4) Every such petition, memorial or other paper shall be ordered filed or referred to a committee, as of course, by the President, unless such action is objected to by a member at the time such petition, memorial or other paper is presented.

(5) No such petition, memorial or other paper shall be debated on the day it is presented, except with the consent of the Senate.

**PART VIII. ORDER; DEBATE; VOTING****Rule 68. Questions of Order**

(1) A question of order may be raised at any stage of the proceedings, except during the calling of the roll when the Ayes and Noes are called for. Unless submitted to the Senate, such questions shall be decided without debate by the presiding officer, subject to an appeal to the Senate. Laying such appeal on the table shall be held as sustaining the ruling of the presiding officer.

(2) Any question of order may be submitted to the Senate for its decision.

**Rule 69. Debate: General Limitation**

No member shall speak more than twice, unless such member be the mover of the matter pending, in which case such member shall not be permitted to speak in reply until every member choosing to speak shall have spoken.

**Rule 70. Voting: Methods**

There shall be five methods of ascertaining the decision of the Senate upon any matter.

(1) First, by voice; Second, by raising of hands; Third, by rising; Fourth, by call of the roll of the members and a record of the Clerk of the vote of each; and Fifth, by unanimous consent.

(2) Whenever the Senate is ready to vote on any question, the President shall rise, and after stating the question, shall request all those in favor of the affirmative of the question to vote "Aye." The President then shall call upon all voting in the negative of the question to vote "No." The President then shall announce the result to the Senate.

(3) If any member shall doubt the result, as announced, the President again shall state the question and call upon the members to vote either by rising in their places, and they shall remain standing until counted, or by raising their hands and the result again shall be announced.

(4) The President shall, when one-fifth of the members present so request, and may, when one member so requests, allow a roll-call vote. Clerk shall call the roll of the members of the Senate. Each member, when called, shall vote in a clear loud voice, "Aye," if voting in the affirmative, or "No," if voting in the negative. The Clerk shall record each vote and such record shall become a part of the Journal of the Senate. The President shall announce the results as above set forth.

(5) With the unanimous consent of the Senate, the President may direct the Clerk to record an "Aye" vote for each member of the Senate. If there is no objection, the Clerk shall so record the vote. If there is objection, the President shall ask for the names of the members voting "No" and order the Clerk to record no votes for them.

**Rule 71. Voting: Rights of Members**

(1) No member, on any account, shall refrain from voting unless excused by the President. A member voting "with reservations" shall be counted as a favorable vote. A member may vote "Kanalua" the first time the member's name is called by the Clerk on any vote, but if the member votes "Kanalua" on the next call of the member's name, the member's vote shall be recorded as "Aye."

(2) The President may excuse a member who has a monetary interest in the question, or whose right to a seat in the Senate will be affected by the question, or whose official conduct is involved in the question. If a member thinks there may be a personal interest in the question, the member shall rise and disclose the interest to the President. The President then shall rule whether the member has a conflict of interest. If so, the member shall be excused from voting.

(3) Whenever the Ayes and Noes are called, no one, without unanimous consent, shall be permitted to explain a vote.

(4) After the announcement by the President of the result, no one shall be allowed to vote or to change a vote.

**PART IX. DECORUM; DISCLOSURES; PEER REVIEW; PUNISHMENT****Rule 72. Misconduct; Procedure; Peer Review**

No member of the Senate shall be subject to a charge for misconduct, disorderly behavior, or neglect of duty unless the person making the charge shall have first given notice of the charge to the President and to the member being charged.

Upon receipt of the charge, the President shall attempt to resolve the matter in an administrative proceeding. If the matter cannot be resolved administratively, the President may appoint a Special Committee to be chaired by the Vice-President or such other member as the President may designate to investigate, hear and report upon the conduct of the member charged for misconduct, disorderly behavior or neglect of duty. Any member so charged shall be informed in writing of the specific charge or charges made against the member and have opportunity to present evidence and be heard in the member's own defense before the Special Committee. Following its investigation and hearing, the Special Committee shall file its report with the President setting forth its findings and recommendations.

If the committee recommends dismissal of the charge or charges, the President may dismiss the charges without further hearing, or the President may present the report of the committee to the Senate for its consideration. The Senate, by a majority vote, may dismiss the charge or charges against the member without a hearing.

If there is no dismissal of the charge or charges, or if the committee recommends censure, suspension or expulsion, the President shall present the report of the committee to the Senate for its consideration and decision. The member who is charged, shall be informed in writing of the presentation of the charge or charges of the committee report to the Senate and be given an opportunity to be heard in the member's own defense. The Senate, by a majority vote, may dismiss the charge or charges without a hearing, or with notice and an opportunity to be heard in the member's own defense, censure a member or, upon a two-thirds vote of all the members of the Senate, suspend or expel a member.

At any stage of the charge against a member, the member shall have a right to be represented by a person or persons of the member's own choosing.

**Rule 73. Decorum: Transgression of Rules**

If any member transgresses the rules of the Senate, the President, or any member, may call such member to order, and, when so called to order, the member immediately shall sit down. The President then shall decide the question of order without debate, subject to an appeal to the Senate.

The President may call for the sense of the Senate on any question of order.

**Rule 74. Decorum: Address**

When any member is about to speak, such member shall rise from the member's seat and address all remarks to the President. While speaking, the member shall confine all remarks to the question under debate, shall refer to other Senators by title only (e.g., "Senator from the \_\_\_\_\_ District"; "The Chair of the Committee on \_\_\_\_\_"; "The Majority Leader,") and not by name and shall avoid personalities.

**Rule 75. Decorum: Person Called to Order While Speaking**

Whenever any person shall be called to order while speaking, such person shall be deemed to be in possession of the floor when the question of order is decided and may proceed with the matter under discussion.

**Rule 76. Decorum: Presence in Senate**

No person shall sit at the desk of the President or Clerk, except by permission of the President, nor shall any person, other than a member, officer or permitted employee or person, sit in the main Senate floor area during any of the sessions of the Senate.

**Rule 77. Decorum: Conduct in Session**

When the President is putting any question or addressing the Senate, no one shall walk out of the room or across the floor. When a member is speaking, no one shall entertain a private discourse, nor shall anyone pass between the member speaking and the Chair.

No one shall cause any annoyance or disturbance on the Senate floor by use of sound-emitting electronic devices such as cell phones or pagers.

**Rule 78. Decorum: Disorderly Conduct in Session**

If, during any session of the Senate, any member should behave in a disorderly manner the President shall order the member to be seated and preserve the peace. If such member then shall persist in disorderly conduct, the President shall order the Sergeant-at-Arms to remove the member from the Senate and the member shall not be permitted to take a seat during the remainder of that day's session, except upon satisfactory pledge given to the Senate for future good behavior.

For the punishment of any person not a member, the provisions of Article III, Section 18 of the Constitution shall govern.

**Rule 79. Decorum: Recording of Debate Called to Order**

If any Senator is called to order for words spoken in debate, upon the member's demand or on that of any other Senator, the words objected to shall be taken down in writing and noted by the Clerk, and, if required, shall be read for the information of the Senate.

**Rule 80. Decorum: Smoking**

No member or other officer shall smoke within the Senate Chamber during any of the meetings of the Senate.

**Rule 81. Decorum: Solicitation Prohibited**

An officer or employee of the Senate shall not solicit subscriptions, for any purpose, from any other officer or employee thereof, nor from any Senator. Nor shall any person be permitted to solicit or receive subscriptions or contributions for any purpose on the floor or in the lobby of the Senate or in any Senate office.

**Rule 82. Disclosures**

Each member shall file with the Ethics Commission of the State of Hawaii, a disclosure of the member's private financial interests, as prescribed by law. Each member shall file with the Ethics Commission any change in such financial interests.

If a legislative matter which affects a member's interests arises before the member has made a disclosure to the Ethics Commission, the member shall disclose orally such interest to the Senate before voting. The member then shall immediately make the written disclosure required by law and the Rules of the Senate.

Any member who has filed a disclosure as required by this Rule need not make a further oral disclosure on the Senate floor of any interest so filed.

**Rule 83. Violating Confidence**

If any matter covered in Rule 35 or 36 shall be disclosed by any Senator, the Senator shall be liable to censure, or, by a two-thirds vote, to suspension or expulsion from the Senate. If an officer or other person authorized to hear such matter shall disclose the matter, such officer shall be dismissed and such other person shall be liable to punishment for contempt comparable to the punishment provided for by Article III, Section 18 of the Constitution and in the manner as therein prescribed.

**PART X. QUESTIONS TO STATE OFFICERS**

**Rule 84. Questions to State Officers**

Any member of the Senate may ask any question of any state officer relating to the officer's respective department by reducing such questions to writing, over the member's signature, reading the same before the Senate, and furnishing the officer with a copy of such written question. Any officer questioned shall reply to such question upon the following day, unless the Senate shall grant a definite extension of time for replying.

**PART XI. AMENDMENT, SUSPENSION AND INTERPRETATION OF RULES**

**Rule 85. Amendments; Suspension; Violations**

(1) No rule of the Senate shall be amended or rescinded nor shall any new rule be adopted, without one day's notice of such change. Any such action shall require a majority vote of the members of the Senate.

(2) Any rule may be suspended for a particular purpose upon a majority vote of the members of the Senate.

(3) Any violation of these Rules shall be referred to the President for appropriate action.

**Rule 86. Parliamentary Procedure**

Mason's Manual of Legislative Procedures, 2000 edition, where not inconsistent with the Rules and practices of the Senate, shall govern.

**23rd STATE LEGISLATURE  
JOINT SENATE-HOUSE  
2005 COMMITTEES ON CONFERENCE PROCEDURES**

(March 30, 2005)

The Senate and the House have agreed to the following special procedures for all 2005 Regular Session Committees on Conference meetings. Within these procedures:

“Chairs” refer to all of the designated co-chairs of a Conference Committee;

“Conference Committee” refers to the conference of the House Committee and the Senate Committee assigned by their respective chamber to resolve the differences between the House and the Senate over a particular bill or resolution; and

“Managers” refer to all members of the House and Senate assigned to a Conference Committee.

1. Conference Committee Scope and Amendments

The authority of the Conference Committee shall be limited to resolving differences between the Senate and House drafts of a bill or resolution. Accordingly:

- a. With the exception of the Executive Budget, the Judiciary Budget and the Budget of the Office of Hawaiian Affairs, a Conference Committee shall not amend a bill or resolution by inserting into the bill or resolution any unrelated or new subject matter.
- b. To assure the integrity of individual bills, the merging of two or more distinct but related bills into one encompassing bill shall not be allowed.

2. Conference Committee Meeting Times

Conference Committee deliberations shall take place only between the hours of 8:00 a.m. and 12:00 midnight.

3. Initial Public Meeting Notice

The signatures of the Conference Committee chairs shall be obtained before the notice of an initial meeting is posted or distributed. Prior to offering the initial meeting notice for signatures, the chairs shall consult with one another on the information to be included in the notice.

Conference Committee chairs shall provide at least 24 hours public notice of the first meeting of the Conference Committee, and are strongly encouraged to provide more than 24 hours notice if at all possible.

4. Notice of Subsequent Meetings

- a. If agreement is not reached at a duly noticed meeting, but the majority of chairs of their respective chamber agree to meet again before midnight on the same day, the chairs should announce the time at which the Conference Committee will reconvene. Written notice of the reconvening of the Conference Committee on the same day is not required to be distributed. However, written notice containing information on the subsequent meeting must be provided to the Senate Chief Clerk and the House Sergeant-at-Arms and posted, as soon as possible, adjacent to the door of the assigned conference room.
- b. If agreement is not reached at a duly noticed meeting and the majority of chairs of their respective chamber agree to meet on another day, the chairs shall publicly announce the date(s) and time(s) of the subsequent meeting(s), post written notice, adjacent to the door of the assigned conference room, and submit copies of the written notice to the Senate Chief Clerk and the House Sergeant-at-Arms.
- c. If agreement is not reached at a duly noticed meeting and the date(s) and time(s) of future meetings are not publicly announced at that noticed meeting, then chairs must ensure that written notice, signed by the lead chairs of their respective chamber, is posted and distributed at least 24 hours in advance of the next meeting of the Conference Committee.

5. Conference Room Notice

Notices of Conference Committee meetings shall be posted adjacent to the door of the assigned conference room and updated periodically to advise the public of the items for which the Conference Committee has concluded its work and those items still remaining in conference.

6. Conference Discussion

Except as authorized by the respective Conference Committee chairs, only the respective Conference Committee chairs may speak during conference. All other managers or other authorized persons must be recognized by their respective chairs before speaking on any issue.

7. Decorum in Conference Committee Meeting and Courtesy to the Public and to the Managers

- a. Conference Committee managers shall respect the differing views of other managers and conduct themselves in a courteous manner.
- b. Conference Committee chairs shall ensure that meetings convene and reconvene at scheduled times. If none of the chairs of one of the Committees are present within 15 minutes of the scheduled meeting time, the chairs of the other Committee

in Conference shall have the names of the absent chairs paged through the State Capitol public address system. If none of the absent chairs are present within 30 minutes of the scheduled meeting time, the chairs present shall inform the members of the public present that the Conference Committee cannot be reconvened, and that, pursuant to 4c of these Conference Committee Procedures, 24-hour notification will be provided for a subsequent meeting of the Conference Committee.

8. Decision-making Meeting

The decision-making meeting of a Conference Committee shall comply with the following open meeting provisions:

- a. A quorum of the Conference Committee shall be present for the decision-making meeting. A quorum shall be a majority of the House Committee managers and a majority of the Senate Committee managers and shall include a majority of the chairs of the conference committee for their respective chamber.
- b. To report a measure out of Conference Committee in amended form (CD), a majority of the quorum of managers for each respective chamber must vote in favor of the proposed amendments, provided that no Conference Committee Report concerning a measure with fiscal implications shall be reported out of a Conference Committee without the signatures of the chairs (or their designee) of the fiscal committees of each chamber.
- c. The lead chair (or the lead chair's designee) representing their respective chamber shall call the roll and be the recorder of the quorum and the votes on that measure for that chamber. (Draft sample attached).
- d. If, after naming a Conference Committee on a measure, the Conference Committee managers representing the chamber from which a measure originated agrees to the amendments made by the non-initiating chamber, only a quorum of those representing the originating chamber shall vote on the agreement at a duly noticed meeting. For example, if after naming a Conference Committee on a House measure, the House managers of the Conference Committee decide to agree to the amendments in the Senate draft (SD) of the measure, then only the House managers of the Conference Committee will vote on the measure, returning it to the House in its SD form. The "Record of Votes of a Conference Committee" sheet detailing the votes of the managers of the originating chamber shall be filed with the appropriate chamber without a Conference Committee Report.

9. Conference Committee Reports

- a. A majority of the House and Senate chairs, respectively, of a Conference Committee shall attest to the action of the Conference Committee by signing the Conference Committee report on behalf of their respective managers. The "Record of Votes of a Conference Committee" sheet detailing the votes of the managers of the Conference Committee shall be attached to the report as a part thereof.
- b. All House measures reported out of Conference Committee shall be filed with the House Clerk and likewise all Senate measures shall be filed with the Senate Clerk. A document filed in the originating chamber shall be deemed simultaneously filed in the other chamber. Only one original and one copy shall be required for filing of Conference Committee reports.

10. Decision-making Deadlines

On the deadline nights for Final Decking of both non-fiscal and fiscal bills:

- a. Conference Committees shall conclude their negotiations by 6:00 p.m. to allow adequate time for final preparation of the bills and committee reports.
- b. To provide all Conference Committee chairs with ample opportunity to review and sign the Committee reports before filing, all Conference Committee reports shall be available for review and signature by 9:00 p.m.
- c. All Conference Committee reports shall be filed with the respective Clerk's office by 11:30 p.m.

11. Electronic Transfer

Should a Conference Committee for which the vehicle is a Senate bill decide to use a proposal drafted by the House, the House Chair shall have the House proposal electronically transferred to the appropriate Senate office so that the Conference Draft can be prepared. The converse shall apply to House bills with proposals drafted by the Senate that the Conference Committee agrees to.

12. Exceptions to these Procedures

Exceptions to these deadlines and other procedures may be made only with the advance written approval of both the Senate President and the House Speaker.
