THE
 TWENTY-FOURTH LEGISLATURE
 STATE OF HAWAI‘I
 REGULAR SESSION OF 2008
 JOURNAL OF THE SENATE
 FIRST DAY

Wednesday, January 16, 2008

In accordance with the provisions of Section 10 of Article III of the Constitution of the State of Hawai‘i, the Senate of the Twenty-Fourth Legislature of the State of Hawai‘i, Regular Session of 2008, was called to order at 10:17 a.m., by the Honorable Colleen Hanabusa, President of the Senate.

At this time, the members of the Senate and guests rose to sing the National Anthem, “Hawai‘i Pono‘i,” and the Queen’s Prayer led by the Kawaiaha‘o Church Choir and the Kawaiolaonapukanileo Adult Choral Ensemble, under the direction of Choral Director Nola Nahulu.

The President then directed the Senate Clerk to call the Roll. The Clerk called the Roll showing all Senators present.

President Hanabusa addressed the members of the Senate and guests as follows:

“Governor Lingle, Chief Justice Moon, Senator Akaka, Mayor Baptiste, Mayor and Mrs. Hannemann, Mayor and Mrs. Kim, Mayor Tavares, Governor and Mrs. Ariyoshi, Governor and Mrs. Waihee, esteemed colleagues, honored guests, ladies and gentlemen—Aloha.

“I stood here before you a year ago, having assumed the Presidency of the Senate for the first time. On that day I informed you that the overarching theme of the Senate was *sustainability* for the future of our state. I asked you to remember that this journey would not be quick or easy, and that it would require all of us to remain focused and patient in achieving our goals.

“Since then, the Sustainability 2050 Task Force has completed another year of work and has published its report. We expect the standard litany of criticism like, ‘There they go again, doing another report, spending more taxpayer dollars.’

“This standard criticism would be valid if we, as policy makers, do nothing with the wealth of facts and concerns provided by those who took the time and responsibility to get involved in our work and share their views of sustainability.

“We are taking action on the work of the task force. Our Senate majority package includes bills that will help address our housing needs and our educational needs. Bills that will help our kupuna. Bills that help build sustainable communities and to help improve our tax base. Bills that reflect the needs and desires of our state and our people.

“The 2050 Task Force reached out to our community as no other working group has before. They solicited and received thoughts and input of individuals, groups, and businesses. From the corner offices of Bishop Street to the corner store in Ka‘u. From the construction worker in Wai‘anae who relies on the building boom to feed his family, to the taro farmer in Hanalei who relies on the land to feed his community.

“The task force heard the concerns of parents who fear their children will have to find lives and careers away from their ohana, away from the state. Developers who sincerely want to

find a way to preserve our open space and agricultural enterprises while providing homes for our people. Environmentalists who recognize the tension between the need for economic development, and for ensuring our precious quality of life. We talked about every aspect of our lives that will contribute to building our *preferred* future, sustaining our environment, our housing, and our educational opportunities.

“Thirty years ago we also looked at the need to plan for our future. And we must recognize the person who had the foresight to lead that effort—Governor George Ariyoshi.

“Governor, will you please rise so we may thank you and be recognized. (Former Governor George Ariyoshi rose to be recognized.)

“In his 1978 State of State Address, Governor Ariyoshi presented what was then called the State Plan. Today we call it sustainability, but what he said then we must still heed today. The governor said: ‘*The fundamental question underlying everything we do is whether we have the spiritual determination to be the masters of our destiny.*’ That is our challenge, and our time to meet it is now.

“Over this past year, two events came together to show me—in very stark terms—the crossroads that we stand at today.

“The first was some concern over what we all came to lovingly refer to as ‘that darn boat.’ Love it or hate it, the Superferry was the lightning-rod question of the year.

“Up here with me today we have representatives of all three branches of state government: the Judiciary, the Governor, and the Legislature. Each of us were both applauded and vilified by the public. Now that has got to be a first.

“On its face, the Superferry issue seemed only whether or not the state should have granted an environmental exemption to allow the ferry to operate. But the Superferry controversy was not about a boat, or a mode of transportation, or about the environmental laws of this State. It was about how that single question—like a pebble hitting a rock hitting a boulder—created an avalanche.

“It was about people feeling irrelevant, ignored, and helpless. It was about communities dividing, positions hardening, people losing hope.

“But worst of all, it was about fear. The fear that one’s future was no longer within one’s control. The fear that tomorrow belongs to *them*—and not to *us*. The fear that that ferry somehow symbolized our future, good or bad, and whether we like it or not. The fear of what *is* the future? What is the Hawai‘i that we will have in twenty to forty years?

“This manifested itself in what we Legislators had to deal with in the Special Session. The questions of Honolulu-centrism. Us versus them. Neighbor islands versus Oahu. Locals versus new arrivals. And then what was not said but clearly there: Growth versus the status quo. Development versus agriculture. Urban egotism versus rural reverse-elitism.

“These labels showed us the division in our community. But how deep or how hardened it is—how long we allow it to remain—will determine how we address the challenge of our shared future.

“For those of us who heard the Superferry testimony on the neighbor islands, we asked ourselves, ‘Can we cure this divide over all of those polarized positions?’

“But then, just as the Superferry erupted, seemingly out of nowhere, we experienced another phenomenon. A phenomenon that made it clear that the people of this State *can* pull together. The phenomenon of Warrior fever. The shared experience of watching our football team go undefeated in the regular season.

“You know, the deep shadows of Superferry battles faded in the bright light shone by our pride and ownership in every win of the UH Warriors. In the gallery this morning we are honored to have some of the UH Warriors players who made this dream season a reality for us.

“Gentlemen, please stand to be recognized. (Members of the UH football team who were seated in the gallery rose to be recognized.)

“Governor, our speeches never get that reception. (Laughter.)

“Joined together by this unprecedented string of victories, united in our admiration and gratitude for the talent, commitment, and determination of those young men and the coaches who showed them the way, we were again one community. This is a thing we shared, a unique expression of what we are together, and what we can accomplish when we share a goal.

“Of course, the football team was not alone in bringing home a WAC championship. Later today, the House and Senate will honor our WAC champion women’s soccer and women’s volleyball teams, along with the football team. By the way, for those of you who are keeping score, that’s one championship for the men, and *two* for the women.

“Each team has shared the pride of our community. On the court and on the field, they brought us together, united us by being united themselves. They demonstrate to us the potential of a shared commitment.

“Every player on each of those teams has brought his or her own talents and abilities to the table and integrated them into a common effort. Each is a part of an indivisible and undeniable whole. And they know that while being a winner takes effort, being a champion takes even more. It is that *extra something* that propels the player, the team, and the community to the next level.

“I am proud that we are joined today by President David McClain and representatives of the University of Hawai‘i Athletic Department—Interim Athletic Director Carl Clapp; and Associate Athletic Directors John McNamara and Marilyn Moniz-Kaho‘ohanohano; the legendary Coach Dave Shoji of the University of Hawai‘i Women’s Volleyball Team; Assistant Coach Derrick Kato of the Women’s Soccer Team; Associate Head Football Coach George Lumpkin; and as of this morning, Head Football Coach Greg McMackin and his wife Heather McMackin.

“Please stand all of you to be recognized. All of the UH people, please stand to be recognized, please. (Representatives of the University of Hawai‘i rose to be recognized.)

“These coaches and their counterparts across the UH athletic program know the importance of looking at the long term. For them, the concern is not just with this game—or even this season. They are already looking to the future, to the players

they will need for the *next* great team, and the strategies that will allow them to compete in new ways among the changing roster of opponents. So while a coach can never lose focus on what the team needs now, he or she also can also never lose sight of what they will need in the seasons to come.

“So the sense of pride and ownership and hope that we shared, the victories and championships that brought us all together, are the product of vision, commitment, and toughness. And the question is: Can we as policy makers live up to this example?

“The answer is ‘Yes,’ because we *must*.

“A few months ago, at a meeting of the Hawai‘i 2050 Task Force, someone asked a group of nine student participants how many of them saw themselves in Hawai‘i at the age 35. Now, the student members are all in Hawai‘i public and private schools and represent some of our finest young minds. And faced with that question, not one raised their hand—not one. None of them saw a future here at home.

“Now, I have nothing but respect for these young men and women. I think I share the opinion of the entire task force that they are doing our state a great service by participating in developing our Hawai‘i of tomorrow. But I tell you: I intend to prove them wrong.

“If we cannot make Hawai‘i a place where our best and brightest can build a rewarding future, then we will have failed. And we will not fail, and we cannot fail.

“Last year, I told you about a photo I kept next to my computer. It’s a photo of Nick Smith, who graduated from Wai‘anae High School after participating in the highly acclaimed Searider Productions program. Nick went off to college at the Art Institute in Santa Monica to pursue a career in media production. Well, Nick has graduated from the Art Institute. He is an extremely talented young man, and I have no doubt that he has many opportunities on the mainland to build a great career.

“But Nick is here today. And not only Nick, but the rest of what I call the Searider Kids. They went off to college and are also joining us today. They are Sam Kapoi and Solomon Alfapada.

“Nick, Sam and Solomon, please rise to be recognized. (The gentlemen all rose to be recognized.)

“Nick, Sam and Solomon came home to Hawai‘i. And it is not just because they truly believe that they can find careers here, but because they are dedicated to helping build an industry that will offer similar opportunities to other talented young people in the future. They will be among those who will help instill that sense of pride, that sense of ownership, and most importantly that sense of hope in their generation and the next. They are here, making that extra effort.

“Also joining us are student leaders from 32 middle and high schools across our state. They are here today at the invitations of their respective Senators. These are the leaders of tomorrow.

“Will our student leaders please stand to be recognized. (The student leaders all rose to be recognized.)

“When we talk about sustainability, when we look at the future and plan for our preferred Hawai‘i, *they* are what we are really talking about. The Hawai‘i of *their* future. A Hawai‘i that provides for them and the families they will raise. A Hawai‘i with strong economic opportunities, a clean supportive natural environment, a place to live and a place to work—for these young people and the generations that come after them.

“We are not going to let them down. We cannot let them down. I am not going to let Nick, Sam, and Solomon down.

We as policymakers and community leaders can bring this state together to overcome the fear that divides us and instead we need to ignite the pride, the shared purpose, and the hope. That is the driving force behind our efforts.

“For the leaders of tomorrow, we must provide leadership today. This is truly a time for great leaders. A time to demonstrate the determination to master our destiny. A time for a vision that extends beyond our immediate needs and our petty differences. And the effort cannot be limited to this room or this square Capitol building.

“A sustainable Hawai‘i is a Hawai‘i that we will share. This time, there is no ‘them’; it is all ‘us.’ This time, we all play for the same team.

“The victory is *our* future. Thank you very much.”

Senator Hemmings addressed the Senate as follows:

“Madam President, looking back on my lifetime, it seems now I should have probably stayed at the University of Hawai‘i and played football rather than go surfing. It’s been a wonderful ride.

“Governor Lingle, leaders of the executive branch of government, Chief Justice Moon, members of the State Judiciary, former governors, Madam President and my respected colleagues, distinguished mayors, Senator Akaka, leaders of our military in the Pacific and our enlisted men and women—thank you. We are a grateful nation, we are a grateful state—distinguished guests, beloved family, people of Hawai‘i:

“Republicans are prepared and eager to work constructively with the Majority Party.

“Madam President, we have read over the last several days the priorities your caucus has set, and we join you. We think they’re laudable goals, and first and foremost we do want to work with you in rebuilding the University to the respected institution it should be for all of us, and it is a respected institution.

“But we also challenge the status quo by seeking to solve enduring problems facing us now rather than pursuing business as usual. The obstacles we face cannot be overcome by legislation alone. There is a need for bipartisanship. There is a need for cooperation with the executive branch of government. We need more public and private partnerships, unleashing the talents and the better angels of our citizens. And we wish to make the people’s government efficient by setting realistic goals and living by them. We know that we cannot be all things to all people. I enjoyed your concern, Madam President, in your speech with how we deal with growth.

“Our state and the world for that matter is at an unprecedented juncture in history. Many of the principles that humankind has lived by since the dawn of civilization may no longer be practical. Evidence of a global meltdown should be troubling all of us no matter what political label we have.

“Headlines like these validate concerns: ‘Massive ocean dead zone’; ‘On top our majestic Mauna Loa, soaring carbon dioxide levels show human imprint’; ‘Coral reefs headed for doom’; and ‘114 of 394 primate species court extinction’.

“Can you imagine a world where we have allowed a regal animal like a Bengal tiger to become extinct? A recent photo in the newspaper says a thousand words. It depicts standing room only on the fertile crescent of our biggest industry—Waikiki Beach.

“We must, we must, in talking about sustainability, heed the warnings of the collapse of past societies as today’s global community is so interconnected. In the millenniums that have preceded us, entire societies have collapsed with no impact on

the world. The world has become a very small place. Hawai‘i’s treasures are so finite. Demands on our resources are strained. Competition and cost for water, energy, land, grows and grows and grows, oftentimes reaching beyond our ability for our citizens to pay for it. Our ability to safely dispense of our own waste has become stunted by misplaced political priorities. I know, and you know, we can realize a future where growth in these beautiful islands has been stabilized, where transportation gridlock has become alleviated, where energy independence is real—not a goal for 20 or 30 years from now, and where Hawai‘i’s natural beauty is protected and nourished. I know, colleagues, we all share the dreams of a sustainable future.

“Several hundred years ago on Rapa Nui, another Pacific island, they cut down their last tree. What were they thinking? Here in Hawai‘i we still measure economic success by construction starts, increased visitor arrivals, and exponential growth. The visitor industry is a treasure, but it has its limits. From time immemorial, growth has been the hallmark for success and prosperity. We cannot wait until 2050 to achieve sustainability. With the partnership of private enterprise and good public policy, we should now work to institute preferred growth, economic equilibrium, and a steady state economy that allows our people to continue to live and flourish in our islands. The magic of free enterprise should be our tool. With incentives to moderate demand, we can contain cost and conserve supply. No doubt if we chose, we could call ‘sustainable’ paving over Oahu like Manhattan. We could probably live; ship everything in—we’d be like Manhattan. What are we thinking? Some proposals have already been advanced to stabilize Hawai‘i’s biggest industry and have languished. I ask a serious question again and I hope this Legislature can answer it: what is the carrying capacity of our wonderful industry tourism? Seven and a half million a year? Ten, fifteen, twenty million visitors a year? Do we build visitor accommodations in our neighborhoods, like the North Shore, at the expense of our lifestyle? I think not. If we are to achieve a steady state economy with selected growth and measured consumption of our most valuable resource—land—we need action now. We must all rethink how we operate and make small adjustments in addition to expediting the big changes such as making fossil fuels obsolete within ten years.

“The Senate’s paper reduction acts are to be lauded—thank you, Madam President. Governor Lingle must be applauded for her commitment to renewable energy by expediting the development of photovoltaic systems for 12 public buildings. Speaking of the Governor, she should be our biggest ally. Together we can make wonderful things happen. We must not let petty politics deter us from working constructively with the executive branch of government.

“Many of the challenges in Hawai‘i are not going to be solved by passing a new law or throwing more money at old problems. Several years ago a provocative woman suggested that the best legislators are the ones that get the job done by introducing the least number of bills.

“Senate Republicans, though small in number, do represent the hopes; we represent the aspirations of the people of Hawai‘i that feel more of the same from this Legislature is not good enough. We are better. We can achieve everyone’s dreams. We are not going to acquiesce from this goal for our own convenience. Hawai‘i deserves the best from each of us.

“We are proud of who we are. We stand undaunted in the face of the Goliath you are, hoping that we can work together consolidating our talents. We believe our \$2.4 billion public education system should educate. Our economy should reward hard work and not tax excessively—especially the working poor. Our laws should protect citizens from crime, and victims should have priority over criminals. We acknowledge that the

rights of all humans are ordained by our Creator—not by government. These are some of the values that represent the very soul of who we are. These are the principles that are our bond. They are relevant now, as they always have been and always will be.

“As we begin this Legislative Session, the best future we can imagine, the best future we can dream of when we work together can become a reality. In this quest we must stand united. Madam President, let’s begin now. Aloha.”

At 10:56 a.m., the Senate stood in recess subject to the call of the Chair. At this time, the members of the Senate and their guests were entertained by Mr. Darren Benitez.

The Senate reconvened at 11:25 a.m.

Senator Ige rose to make the following announcement:

"Madam President, I have two announcements to make to the members. I just would like to remind the members that tomorrow starts the first day of business in the new paperless Senate, so I would like to remind all the senators to bring their laptops to Session. IT staff will be available thirty minutes prior to Session for those that have not been through the training and may be unfamiliar. I would also like to announce that from this point forward all documents will be distributed electronically rather than in hard copy. So for those Senators who may need to see the hard copy, they need to make a specific request to the Clerk's office. And the second announcement I just wanted to make was available today is the very first Senate CDs, which will be distributed to the public containing all of the pre-filed bills, and they should be available right after session."

At 11:27 a.m., the Senate stood in recess subject to the call of the Chair. Mr. Gordon Mark then entertained the members of the Senate and their guests.

The Senate reconvened at 11:47 a.m.

At this time, the President then stated:

"The Chair is going to make a point of personal privilege at this time, and this is because we are embarking on a very important mission in the Senate. As we have said, and we've spoken about sustainability, one of the things that we have done is we looked inward, meaning we looked at ourselves and we looked at what we can and cannot do to try and make a difference. And what Senator Ige mentioned earlier was our efforts to go paperless.

"I would like to take this opportunity to inform the public about that paperless journey that we are embarked upon. First of all, I need to say that if it isn't for, and if it wasn't for Senator David Ige, we would not be where we are today. We talk about fiscal management. I want you to know how smart we are in the Senate. We picked the electrical engineer, somebody who is undisputed, just a master in his field. I have a good friend who also reminds me that Senator Ige was valedictorian of his graduating class and showed me how smart he is. Let me tell you, Senator Ige is very smart. He figured this whole thing out, and if it wasn't for him we wouldn't be where we are here today.

"Under Senator Ige's leadership, we have moved great, great strides. But in order for us to do so, we need the people who are going to make sure that the ideas get implemented. And I must recognize the Senate Clerk Carol Taniguchi and the Assistant Clerk Laurel Johnston. They have had to be tactful, patient—very, very patient—because they are responsible for a group called the Senate Data Systems who are the ones who really make this all happen. And they have been affectionately referred to by some of us as our little gnomes because they sort of stay down here and then they're puttering around. But if it wasn't for their talent, led by Jon Shimabuku, we would not be as far as we are.

"But even with all of that, the main thing we need is buy in—buy in. And we got buy in not only from the Senators but more importantly from their staff. The one thing I have come to learn as Senate President is that the Senators may be hard to deal with, but if the staff aren't with you, forget it, just forget it, hang it up, hang it up. And for me, my staffer who has led the charge and has kept me in check—because I'm the kind of

person who says 'Why can't we do it? Why can't we just go and do it? Put everybody on computers, and if they don't want to come along, leave them behind'—but he's very reasoned, and he says 'No, we must take this step by step.' And that is Rod Tanonaka, my Chief of Staff.

"We must also recognize two other permanent staffers who really took this issue, and they are Senator Kim's Ross Tsukenjo, and Senator Baker's Jennifer Chow. Without them, I don't think we would have had the universal buy in that we've had within the Senate. They may not be here, but I'd really appreciate it if you'd recognize them.

"As well, we have two Committee Chairs—two Committee Chairs who in my opinion have the most paper—who are going to take this adventure on. They are going to do the paperless, and they've started. And they are Senator Baker from Ways and Means—everyone knows that Ways and Means has a lot of paper, and they are going paperless—and Senator Ige of the Health Committee. Those two we have to applaud because they are taking us forward.

"And we cannot forget our other staff who are going to be behind the-scenes and do it all for us. They are our Sergeant-at-Arms Ben Villafior and his techy, that's what I call Jayson Watts, the Assistant Sergeant-at-Arms. The two of them will do it.

"And we must not forget the people who are actually going to scan this, and that is the Print Shop led by our good Tia. Without Tia and her faithful staff, we could not do this. And they are also part of this effort and they must also be thanked.

"But most of all, I want to thank the Senators who we may have some grouching about, but for the most part everyone has taken that leap of faith and have bought in to what we are going to do. And we'd like to say to the public that you are the ones that are going to benefit from this because you will be able to, when a committee hearing starts, have all the information, all the testimony before you. You will be able to link, if you have a computer; or you will be able to be at home and link to us. And we must acknowledge the Public Access Room, who has been with us on this journey, encouraging us and telling us what we need.

"Ladies and gentlemen, without all the people, and many more, many other staffers who have joined in, we could not be doing what we're doing. So please watch us. Tell us where it works and where it doesn't work. But this is what the Senate has done during the interim, in addition to three Special Sessions and letting the boat sail. In addition to that, we actually did other stuff, believe it or not, and we've done it successfully, all thanks to everyone's effort. But those that I have recognized in particular, we in leadership owe them all a great deal of gratitude, and in particular Senator Ige. What a deal, man, getting Senator Ige at a Senator's pay to do all of this. That's got to be smart planning, at the very least.

"In any event, I must call upon Senator Ige now to make the motion. Senator Ige."

ADJOURNMENT

At 11:54 a.m., on motion by Senator Ige, seconded by Senator Whalen and carried, the Senate adjourned until 11:30 a.m., Thursday, January 17, 2008.

SECOND DAY

Thursday, January 17, 2008

The Senate of the Twenty-Fourth Legislature of the State of Hawai'i, Regular Session of 2008, convened at 11:50 a.m. with the President in the Chair.

The Divine Blessing was invoked by the Honorable Rosalyn H. Baker, Hawai'i State Senate, after which the Roll was called showing all Senators present with the exception of Senator Hee who was excused.

The President announced that she had read and approved the Journal of the First Day.

At this time, the President made the following announcement:

"Members, the Chair thanks you for using your laptops. It looks like we are almost at 100 percent. As you know, the electronic Order of the Day includes links to measures and other information that will make it easy for you to view the measure, status, and other relevant information as we are proceeding.

"You'll notice that the Data Systems staff are among us this morning, and they will be available to assist anyone who needs help during the Session. Just signal one of them if you need their assistance."

SENATE CONCURRENT RESOLUTION

The following concurrent resolution (S.C.R. No. 1) was read by the Clerk and was disposed of as follows:

Senate Concurrent Resolution

S.C.R. No. 1 "SENATE CONCURRENT RESOLUTION URGING THE UNITED STATES POSTAL SERVICE TO ISSUE A POSTAL STAMP HONORING THE WORLD WAR II JAPANESE-AMERICAN NISEI SOLDIERS."

Offered by: Senators Ihara, Chun Oakland, Espero, Fukunaga, Gabbard, Hanabusa, Hee, Sakamoto, Tokuda, Taniguchi.

On motion by Senator Ige, seconded by Senator Whalen and carried, S.C.R. No. 1 was adopted.

Senator Slom rose on a point of personal privilege and said:

"Madam President, I have a point of personal privilege.

"The event of yesterday, the horrific murder in Kailua, should get our attention, particularly for this Session. We talk about ending domestic violence. We have marches, we have proclamations, we have bills, we have resolutions, and we have been talking about this for many, many, many years now, but we haven't really done anything constructively. And the fact is that this horrific occurrence took place before so many eyewitnesses who absolutely could do nothing, who were horrified, and the only person who tried to do something was a 60-year-old man, according to reports, who tried to battle with a 300-pound, six-foot-three perpetrator, who had first run over his former girlfriend and then had either a shotgun or rifle in his possession.

"A number of people have questioned over the years why I have introduced bills for concealed-carry or open-carry for people to protect themselves. All of the things that we talk about in terms of TROs and resolutions and the marches have not done anything. If we don't do something constructively, if we don't allow people choices and options to protect themselves or others as they see these crimes being committed, then we're going to continue to have midnight vigils and continue to have marches. But more importantly we are going to continue to have dead women and dead individuals in our community.

"The first responsibility of government is to protect and preserve the safety and tranquility of its citizens. We have not done a good job. We have to look for other options, and as I say, to allow other people to choose to do things that they cannot do under circumstances like yesterday. We need to take more responsibility for this, and that I hope we will be serious when we have our other deliberations. Thank you, Madam President."

ADJOURNMENT

At 12:00 noon, on motion by Senator Ige, seconded by Senator Whalen and carried, the Senate adjourned until 11:30 a.m., Friday, January 18, 2008.

At this time, the President made the following announcement:

“For the members’ information, Senator Baker has been added as a member of the Committee on Economic Development and Taxation. A revised list of Senate Leadership and standing committee assignments has been distributed to all offices and is posted on the Legislature’s website.”

At 9:25 a.m., on motion by Senator Ige, seconded by Senator Whalen and carried, the Senate stood in recess subject to the call of the Chair to meet in Joint Session with the House of Representatives, in accordance with House Concurrent Resolution No. 2, to receive the Governor’s State of the State Address.

JOINT SESSION

The Joint Session of the Senate and the House of Representatives of the Twenty-Fourth Legislature of the State of Hawai‘i, Regular Session of 2008, was called to order at 10:00 a.m. by the Honorable Calvin Say, Speaker of the House of Representatives.

At this time, the Speaker welcomed and introduced the following distinguished guests to the members of the Twenty-Fourth Legislature:

The Honorable James R. Aiona, Jr., Lieutenant Governor of Hawai‘i, and Mrs. Vivian Aiona. They were presented leis by Representative Marilyn B. Lee and Senator David Y. Ige;

The Honorable Ronald T.Y. Moon, Chief Justice, Hawai‘i Supreme Court. He was presented a lei by Senator Donna Mercado Kim;

Ms. Haunani Apoliona, Chair, Office of Hawaiian Affairs. She was presented a lei by Representative Tommy Waters;

Lieutenant General John M. Brown III, Commanding General, U.S. Army, Pacific;

Major General Stephen Tom, Commanding General, U.S. Pacific Fleet.

Major General Richard Perraut, Vice Commander, U.S. Pacific Air Forces;

The Honorable Paula A. Nakayama, Associate Justice, Hawai‘i State Supreme Court;

The Honorable Simeon R. Acoba, Jr., Associate Justice, Hawai‘i State Supreme Court;

The Honorable Steven H. Levinson, Associate Justice, Hawai‘i State Supreme Court;

The Honorable James E. Duffy, Jr., Associate Justice, Hawai‘i State Supreme Court;

The Honorable Harry Kim, Mayor of the County of Hawai‘i;

The Honorable Bryan J. Baptiste, Mayor of the County of Kauai;

The Honorable Charmaine Tavares, Mayor of the County of Maui;

The Honorable Barbara Marshall, Council Chair, City and County of Honolulu;

The Honorable Bill “Kaipo” Asing, Council Chair, County of Kauai;

The Honorable G. Riki Hokama, Council Chair, County of Maui;

The Honorable David Binns, Counsel General, Dean of the Hawaii Consular Corps; and

The Honorable Gaylord Tom, Vice Dean of the Hawaii Consular Corps.

The Speaker then appointed Senators Donna Mercado Kim, Gary L. Hooser, and Fred Hemmings, on behalf of the Senate, and Representatives Pono Chong, Kirk Caldwell, and Lynn Finnegan, on behalf of the House of Representatives, to escort the Honorable Linda Lingle, Governor of the State of Hawai‘i, to the rostrum.

Senator Les Ihara, Jr. and Representative Marcus Oshiro presented Governor Lingle with ‘ilima leis.

The Speaker then presented to the members of the Twenty-Fourth Legislature and guests the Honorable Linda Lingle, Governor of the State of Hawai‘i.

Governor Lingle presented the State of the State address as follows:

“Good morning, fellow residents of Hawai‘i; our ‘ohana; kama‘āina and malihini; keiki and kūpuna; civilian and military; Speaker Say; President Hanabusa; other elected officials; and distinguished guests: Aloha kākou.

“It is with a humble and grateful heart that I come before you this morning for my sixth State of the State Address. My annual report to the people of Hawai‘i on the state of our beloved state is one of my most cherished privileges as Governor. It gives me the opportunity to share some sense of where we have been...and then to focus on where I believe we should be headed...and how we will get there.

“Before I discuss these ideas with you, I want you to know how grateful I am for the trust you have placed in me. As issues arise each day, I am reminded of the very large responsibility that goes along with my job...and I am humbled by it. Since my re-election in late 2006, people have continued to ask me and journalists have written about which office I will run for next. And there have been columns written about whether I might follow the pattern of those governors who tend to slow down in their second term. My cabinet directors, Lieutenant Governor Aiona and I are not the kind of people who slow down in any endeavor...and we promise you that we will work hard every day for the next three years. In fact, we all share a renewed sense of vigor and commitment as we look to a future full of great promise and potential.

“Ladies and gentlemen...today is the first day of the rest of my Administration. We are devoting ourselves to cementing a clear direction for our state: a direction that encourages personal responsibility, transforms the economy, focuses on energy independence, preserves our cultural and natural resources, and enhances our overall quality of life. My fellow citizens, I have no other ambition than achieving these goals.

“Recent reductions in the projected rate of growth of tax revenues present us with an opportunity to renew our sense of ‘ohana and to take greater personal responsibility for Hawai‘i’s future. Personal responsibility means more than just being responsible for decisions that affect us as individuals. Personal responsibility means that we get involved to help others in need and to create a better Hawai‘i. We get involved in our places of worship, in our schools and in our community. We don’t just leave things to someone else. We all share a belief that our family...our ‘ohana...numbers many more than just those living in our home.

“Recently, I had the opportunity to spend several hours with a group of women living at a transitional housing facility that helps women on parole, and some who are still incarcerated, to successfully re-enter our community. These women are part of our ‘ohana. Despite the sexual abuse many of them have suffered, the years of drug addiction and homelessness, or the number of times they have been arrested, these women have now taken personal responsibility for their own lives. They are an inspiration to me as they struggle to build new lives after years of degradation, disappointment and bad personal choices. They are working valiantly to move past guilt and shame and fear of failure. And, as a part of their program, they are now taking responsibility for others by performing volunteer community service.

“I’d like to introduce you to T.J. Mahoney’s remarkable director, Ms. Lorraine Robinson, and six of the women from the facility: Fay Medeiros, Masina Fauolo, Ipo Kock-Wah, Gina Ishida, Jackie Bissen and Lynick Ayau. Please stand and be recognized.

“Personal responsibility for the average citizen could mean getting involved enough to report abuse or neglect of a child in your neighborhood. And it means government agencies admitting mistakes and working to fix the system. It means parents teaching their children right from wrong, and showing aloha for our precious land and sea by not abandoning cars along the roads or boats on our reefs. Personal responsibility means driving with aloha, watching out for pedestrians and not letting friends drive drunk. Personal responsibility also means preparing our homes for emergencies, and eating and exercising in ways to maximize our own good health.

“Hawai‘i’s people historically have shown a remarkable willingness to take responsibility not only for themselves...but for the well-being of others. And yet there are still so many of our larger ‘ohana who are struggling—those with mental illness, serious physical disabilities, kūpuna on fixed incomes, victims of abuse, and those trying to overcome a drug or alcohol addiction.

“Although I join you in wishing that government could help everyone needing help, and fix every problem we face as a community, that just isn’t possible. Like you, I believe that government and its taxpayers have the capacity to do great good...but that capacity is not unlimited. So, we must be judicious and prudent in our spending, and we must make decisions that guarantee a sound financial future...because only a fiscally sound government will be able to maintain an adequate level of needed services over the long-term.

“Less than two weeks ago the Council on Revenues adjusted downward by \$59 million the amount of general fund tax revenue available through Fiscal Year 2009. This is in addition to their earlier reductions in May and August of last year. So although the economy remains fairly strong, the bottom line is that since May of last year when the Legislature adopted the biennium budget, tax revenues, the estimates have declined by \$353 million.

“Government will never be able to solve all of society’s problems. It is only our shared sense of ‘ohana...and the willingness to take personal responsibility for ourselves and others...that will see us through any challenging time...whether the challenge is fiscal, social or a natural disaster.

“Our state’s overall success ultimately rests in the collective hands of our people, not in government acting alone. I am happy with that balance...and confident of its result. Elected officials also need to take personal responsibility, not only for our state’s long-term fiscal health, but for our economic health as well. This means using our finite financial resources to maintain and expand existing infrastructure.

“I commend legislators on your support for repair and maintenance of our schools, improvements in the highway system in rapidly growing parts of the state, as well as the modernization plans for our airports and harbors. We have some tough decisions to make together in the weeks and months ahead, and I look forward to collaborating with you on reaching the best decisions. The public expects and deserves nothing less from us. Those decisions include making strategic determinations about which direction we will lead the state in this exciting 21st century.

“During the past 12 months, I have shared with you a clear vision for the fundamental transformation of our economy away from an economy based too narrowly on land development...to one based on the infinite talent and intellectual capacity of Hawai‘i pono‘i...Hawai‘i’s own people. It is as certain as night follows day that we cannot speculate or sell ourselves into prosperity. Instead, we have to be willing to invest in those education and workforce programs that will prepare people to succeed in an increasingly competitive world.

“It will be an immense challenge to re-orient an economy long based on land, to one that has as its cornerstone the preservation of our cultural and natural resources. But, it is a challenge we can and must meet! We can do it by combining the native Hawaiian cultural values of aloha ‘āina and respect for the ocean, with a skilled, well-educated population that believes innovation in all things is the path to success.

“I want to thank all of those in the community who have embraced this new vision of Hawai‘i’s future. And I want to thank those legislators who have supported this economic transformation by supporting some of our ideas, even though the support was not at the level we requested, and that we need, if we hope to succeed.

“If the future were to be the same as the past, then our usual practices and pace of action could serve us adequately. But the world’s future and Hawai‘i’s future will be different than our past, so we no longer have the luxury of these past practices and slow, incremental change. We need to make giant strides that bring about significant progress. I am convinced that Hawai‘i’s recent strong economy has allowed us to postpone making difficult but important decisions, and has perpetuated education and workforce structures that do not fit well in the 21st Century.

“Experts say that we currently face a period of change as great as when human society went through the Industrial Revolution. In this prediction I believe the experts are probably right. To go from where we are, to where we want to be, may seem daunting...but this is a road we must travel...even if it is a rough ride at times.

“The only way to reach our preferred future is to stay on this new road. The progress we have made in the past 12 months is exciting and encouraging:

- We have launched a statewide program to increase the global education of Hawai‘i’s teachers, students and residents. I am pleased to have with us today in the audience as my

special guest, Madam Wu Chi-Di, vice minister of the Chinese Ministry of Education, with whom we hope to have more educational exchanges.

- We have begun to establish academies in middle and high schools that focus on science, technology, engineering and math. We stress STEM education because it helps equip our graduates with the analytical thinking, problem-solving and teamwork skills necessary for any high-quality job of the 21st century.

- We have initiated the MELE program at Honolulu Community College to further build the artistic and commercial success of the Hawaiian music industry. And I want to thank the community college system for its leadership on these important initiatives.

- And we have partnered with NASA, which will sponsor the *FIRST* Robotics Challenge at the Stan Sheriff Center in March, where 25 Hawai'i public and private schools will join 13 mainland teams in what is called the 'Super Bowl of Smarts.' In total, today there are 95 schools statewide that are involved with a hands-on robotics program.

"I would like to take a moment to recognize some of the students and their advisors who will be among those competing in the Regional *FIRST* Robotics Challenge in March. These young people and their adult mentors are an inspiration to me in the fearless way they are embracing their future. Their enthusiasm makes me optimistic about our state's future. The father of Hawai'i robotics, Art Kimura, and his wife, Rene, are here today along with students and their teachers from Waiākea and Hilo high schools on the Big Island; Waimea High School on Kaua'i; Baldwin High School on Maui; and Nānākuli, Maryknoll, Punahou, McKinley, St. Louis, Farrington, Moanalua, Kapolei, Waipahu, Hawai'i Baptist Academy, Campbell, 'Iolani, Waialua, Sacred Hearts Academy and Kamehameha high schools on O'ahu. Please stand and be recognized.

"Our efforts to promote innovation were recognized last year by the National Governors Association when we were chosen as one of six states to receive a grant funded by the Bill and Melinda Gates Foundation and Intel Corporation. While I am somewhat satisfied with our progress, I know there is still so much more we need to do in order to secure a brighter tomorrow for future generations.

- We are proposing to start Creative Academies, modeled after the successful STEM Academies, to nurture and support the many talents of Hawai'i's keiki. These academies would focus on animation, digital media, game development and writing and publishing in elementary through high school.

"And we are asking the Legislature to pass tax deductions of up to \$20,000 a year for parents or other family members saving for a child's college education.

"We propose the creation of a Commission on Higher Education made up of the presidents of Hawai'i's major universities, members of the community, and business leaders. This Commission will give us the opportunity to embrace new ideas and new ways of using federal and state education dollars.

"And again this year we propose that the state retirement fund allocate \$100 million to invest in the creative ideas and talents of Hawai'i's companies and people.

"You have my pledge that for as long as I am Governor, I will pursue these and other actions that will lead to the transformation of our economy and a higher standard of living. It is the most profound legacy all of us can leave from our time in public office.

"Another goal I will pursue with great intensity during the next three years is energy independence and security. This is as important as anything else we do for the next three years. Today, Hawai'i is the most oil-dependent state in America...and this has to change! It means moving away from our current over-dependence on oil in favor of renewable energy...and that we do it more rapidly than some would like and others believe possible.

"We have accomplished much together since launching our Energy for Tomorrow program in 2006, which was our first real collective attempt to change the energy paradigm. I really appreciated the community and industry support for that package, and the Legislature's support was unanimous and bipartisan.

"There were four legislators in particular who shared my passion for change, and really helped us make the sharp turn from near total oil dependency to a way forward for energy security. I would like to thank Senators English and Hemmings and Representatives Thielen and Morita for their ongoing encouragement and enthusiasm.

"To further speed our progress toward energy security and a clean energy future, the Department of Business, Economic Development and Tourism is being reorganized to re-establish an Energy Division.

"Every week my departments are visited by developers of renewable energy projects—from wind to solar; from wave and ocean thermal to biofuel; from algae; even energy from space! We need to take action now to make it easier for these kinds of projects to start up and to succeed in Hawai'i. We will continue to lead by example, both in the kinds of buildings we construct and by encouraging intra-governmental purchases of power so that federal, state and county governments can use our own assets to start producing some of our own energy, and, where appropriate, allow governments to purchase power directly from new, non-utility suppliers.

"Less than two weeks ago, our Airports Division announced an historic plan to develop large solar power arrays at 12 government sites across the state. This project has the potential to reduce Hawai'i's need to import 130,000 barrels of oil per year, and to generate enough power to supply about 9,000 homes per year. This is one of the largest state government solar initiatives in the entire nation.

"This and other of our efforts are receiving national attention and support. I am pleased today to let you know that next week, the State of Hawai'i and the U.S. Department of Energy will enter into an unprecedented and innovative partnership called the Hawai'i Clean Energy Initiative. This partnership is based on the vision that Hawai'i must accelerate its transformation to a clean energy future by tapping into the latest national and global advancements, and that our abundant natural sources of energy position us to be a model for the world to show what can be accomplished by developing indigenous renewable energy. This partnership will bring both technical assistance and project funding to Hawai'i. And we will be the only state with this type of partnership with the U.S. Department of Energy.

"The subject of partnerships brings me to the final subject I would like to talk with you about today. Earlier, I said that we can't speculate or sell ourselves into prosperity, but I do believe we have an opportunity to purchase a piece of our future.

"I am proposing that we buy the 850-acre Turtle Bay property on O'ahu's North Shore. I believe this is a once-in-a-generation chance to preserve both a lifestyle for thousands of residents, and a part of Hawai'i that millions the world over have come to love and identify as the real Hawai'i. The purchase of this important property will create an opportunity

for the community to shape a vision for this part of the North Shore. The refurbished Turtle Bay Hotel and condominiums currently provide needed jobs in the community. Its restaurants provide a welcome place for local families and visitors to enjoy a Sunday brunch or special family meal, and the golf courses host internationally recognized tournaments. We appreciate these contributions to our state, and want them to continue to be successful.

“But how the balance of these lands can work in harmony with what exists is something that we should decide together as a community. I have been inspired by what community leaders and residents on the North Shore have achieved through their efforts to preserve other lands for the public. I have invited some of those community leaders to be with us today. I would like you to meet Larry McElheny, founder and member of the board of directors of the North Shore Community Land Trust; Denise Antolini, director of the Environmental Law Program at the UH Richardson School of Law; and Lea Hong, Hawai‘i director of the Trust for Public Lands. Larry, Denise and Lea, please stand and be recognized for your efforts to protect important lands for future generations.

“I expect there will be more than a few people, including some legislators, who will question my proposal to acquire these lands at the same time we face so many other needs, and at a time of moderating revenue growth. This is a reasonable question to ask, but Larry, Lea, Denise, and thousands of others concerned about what kind of Hawai‘i future generations will enjoy, stand ready to help us. Our previous successes of preserving Waimea Valley and Pūpūkea-Paumālū and our ability to save Kukui Gardens affordable housing inspires me to believe that the Legislature and I can work with the community to make this happen.

“I propose that the Legislature, my Administration, and community leaders form a working group to explore options and develop an action plan to make sure that this property stays in public hands. I have thought very hard about what I am proposing, and I believe in my heart that this is the right thing to do for those of us living today, and for those who will be born in the decades ahead. And I believe this will be a defining moment for all of us—a moment that communicates to young people that we care more about their future than about our present. So, rather than viewing this proposal as something that will be very difficult or even impossible to achieve, I ask that you view it as the right thing for us to do, and that if we work together we will find a way to make it happen.

“I have thought about at least a dozen ways we could mix and match revenue streams to finance such a purchase. These include: selling off the resort portion of the property to pay down the debt, exchanging other state lands, creatively using tax credits spread out over time, a tax check-off on our income tax returns, private grants, allocating Legacy Land Funds, federal conservation dollars, and a worldwide Internet fundraising campaign to ‘Save Hawai‘i’s North Shore.’ I know that there are many other ideas, but the point is that I believe this is both doable and essential to protect our way of life.

“The North Shore is an important escape valve for O‘ahu’s increasingly urbanized lifestyle. It is a place we take visitors when we want them to experience the ‘real’ Hawai‘i. It is a place that gives us comfort just by being there, even if we don’t go there very often. And it is a community of residents who have chosen the North Shore because it provides a slower, more rural way of living.

“It would be naive for anyone to think this land acquisition will be easy. The land ownership structure is complex and the debt owed is sizeable. Nevertheless, I am committed to these lands remaining in public hands. The residents on the North Shore call it ‘keeping the country, country.’ I call it fulfilling

commitments to future generations...and I ask everyone listening today to join me in this effort.

“Before I finish this morning, I want to thank the people of Hawai‘i once again for the trust you have placed in me, for making me part of your ‘ohana, and for inspiring me to take on the great challenges of our day.

“And finally, I want you to know that I truly love my job. I love being the Governor of Hawai‘i...your governor. It’s the best job in the world. The more opportunities I have had to travel to different states and countries, the more obvious it has become to me that the people of Hawai‘i are unique in all the world, and, that there is no place on earth like these islands. Oftentimes, it is music, more than words alone, that can best express our true feelings.

“I would like to end my State of the State Address this year in an unconventional way...but in a way I hope touches your heart. I invite you to listen closely to the words and to feel the music of Kaukahi, who so beautifully capture the essence of how we all feel about our home—Hawai‘i.

“Kaukahi is the winner of the 2007 Nā Hōkū Hanohano Awards for Group of the Year, Song of the Year, and Graphic Art for Album Design. The members of Kaukahi are: Barrett Awai on upright bass; Dean Wilhelm on guitar; and Kawika Kahiapo on electric bass. I know that you will enjoy Kaukahi as they perform for you now their Nā Hōkū Hanohano Award winning Song of the Year – ‘Life In These Islands.’

“Ladies and gentlemen, let us all feel the words and the music of...Kaukahi.”

At 10:49 a.m., President Hanabusa declared the Joint Session adjourned.

No. 2708, which makes an emergency appropriation of \$47,142 in general funds for Fiscal Year 2007-2008 for the operations of the Judicial Selection Commission, was read by the Clerk and was placed on file.

HOUSE COMMUNICATION

Hse. Com. No. 4, transmitting H.B. No. 2688, H.D. 1, which passed Third Reading in the House of Representatives on January 29, 2008, was read by the Clerk and was placed on file.

On motion by Senator Ige, seconded by Senator Whalen and carried, H.B. No. 2688, H.D. 1, entitled: "A BILL FOR AN ACT MAKING APPROPRIATIONS TO PROVIDE FOR THE EXPENSES OF THE LEGISLATURE, THE AUDITOR, THE LEGISLATIVE REFERENCE BUREAU, AND THE OMBUDSMAN," passed First Reading by title and was referred to the Committee on Ways and Means.

SENATE RESOLUTION

The following resolution (S.R. No. 24) was read by the Clerk and was disposed of as follows:

Senate Resolution

S.R. No. 24 "SENATE RESOLUTION URGING THE PRESIDENT OF THE UNITED STATES TO AGREE TO AN ECONOMY-WIDE REDUCTION IN ITS GREENHOUSE GAS EMISSIONS AND TO COMMIT THE UNITED STATES TO A BINDING INTERNATIONAL TREATY THAT WOULD RESULT IN A SIGNIFICANT AND RAPID GLOBAL REDUCTION IN ATMOSPHERIC GREENHOUSE GAS CONCENTRATION."

Offered by: Senators Menor, Baker, Chun Oakland, English, Hooser, Inouye, Bunda, Espero, Fukunaga, Gabbard, Hanabusa, Hee, Ige, Ihara, Kim, Kokubun, Nishihara, Sakamoto, Taniguchi, Tokuda, Tsutsui.

Senator Ige moved that S.R. No. 24 be adopted, seconded by Senator Whalen.

Senator Trimble rose to inquire:

"Madam President, has this resolution received a hearing?"

The Chair responded: "No."

Senator Trimble further inquired:

"Is it customary to vote on resolutions without a public hearing?"

The Chair replied:

"Senator Trimble, we've done this in many of the resolutions that we've passed during this Session."

Senator then said: "Thank you."

Senator Slom rose and said:

"Madam President, please have the Clerk register a 'no' vote for me on this resolution."

The Chair so ordered.

Senator Trimble rose and said:

"Please register my 'no' vote because it did not receive a public hearing."

The Chair so ordered.

Senator Hemmings rose in opposition to the measure and said:

"Madam President, I rise to speak against the resolution.

"I think my record will show that I have a great concern for conservation and the environment. But oftentimes there are unintended consequences, if I can use a popular word from bygone times, with some of the actions we take. I hearken back to our expediting the ethanol legislation and now realizing in paying the price for it in many ways other than the price at the pump.

"In this particular resolution, it has the state obligating us to binding international agreements that may not be in our best interest, but they also may be. The problem is we don't know. And if we'd had a hearing on this legislation, or this resolution, we could answer some of the questions. The environment is incredibly complicated, and the history is that in many instances we have, with the best of intentions, done things and paid for it.

"So I'm not voting against the concept, but I am voting against the process. And I want the Clerk to please record a 'no' vote on this."

The Chair so ordered.

At 12:01 p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:04 p.m.

Senator Menor rose in favor of the measure and said:

"Madam President, I rise to speak in favor of this resolution.

"As the author and primary sponsor of this reso, I just wanted to clarify the intent behind the resolution. The resolution, of course, would urge President Bush to commit to economy-wide reductions of greenhouse gas emissions in the United States.

"I wanted to point out that we're considering this resolution at this time because of the fact that it is really very timely. As many of you know, the White House has convened a major

economic meeting on energy security and climate change, with 17 invited countries at the East-West Center that's taking place today and tomorrow. And the purpose of those meetings is to discuss potential international agreements on global climate change. This resolution acknowledges the fact that global climate change is having significant detrimental effects on our environment globally. Hawai'i, of course, is particularly vulnerable to the effects of climate change, and that is the reason why the Legislature has demonstrated its commitment to the reduction of greenhouse gas emissions. I believe it's imperative that we partner with the rest of the world in the fight against global warming, and that is why we are appealing through this resolution to the federal government to commit the United States in this effort.

"So I urge my colleagues to vote in favor of this reso. I'd like to point out that this is a resolution; it doesn't have a substantive effect; it's merely a statement on behalf of the Senate expressing our concerns about global warming and the need to come up with comprehensive global solutions to effectively address that problem in the future. So for all of these reasons, I ask my colleagues to support this reso. Thank you."

The motion was then put by the Chair and carried, S.R. No. 24 entitled: "SENATE RESOLUTION URGING THE PRESIDENT OF THE UNITED STATES TO AGREE TO AN ECONOMY-WIDE REDUCTION IN ITS GREENHOUSE GAS EMISSIONS AND TO COMMIT THE UNITED STATES TO A BINDING INTERNATIONAL TREATY THAT WOULD RESULT IN A SIGNIFICANT AND RAPID GLOBAL REDUCTION IN ATMOSPHERIC GREENHOUSE GAS CONCENTRATION," was adopted with Senators Hemmings, Slom, Trimble and Whalen voting "No."

S.B. No. 3246 Committee on Commerce, Consumer Protection and Affordable Housing, then to the Committee on Judiciary and Labor

Senator Ige, Chair of the Committee on Health, requested a waiver of the notice requirement pursuant to Senate Rule 21 for S.B. Nos. 2155 and 3074.

Senator Ige noted:

“These bills are required to be heard by Friday in order to meet our internal deadlines. S.B. No. 3074 is an emergency appropriation and the department has requested prompt action on this matter.”

The Chair then granted the waiver.

Senator Ige rose on a point of personal privilege and said:

“Madam President, I just wanted to rise on a point of personal privilege before we move to adjourn.

“I did want to publicly thank all the members of the Senate as well as the permanent and session staff for their patience and cooperation with our paperless efforts and the transformation of the Senate. I did want to kind of give you an end of January update on our progress to date.

“Members, this year we’ve had slightly fewer bills introduced—about 500 less bills introduced this Session than in last Session. And just on the initial production of hardcopy bills, the Senate has realized a reduction of more than 2.5 million pages printed to this point in the Session so far. And I did want to commend everyone involved with that reduction. I would like to note that we are producing about 150 CDs everyday that documents are filed and being distributed.

“And just for the members’ note, although we don’t have comparative statistics with the website, through January 29th at the Capitol website, we’ve had 45,000 visitors to the website, generating 3.9 million hits. Most visitors are from the U.S. although we’ve had visitors from Japan, France, India, China, Tanzania, Samoa and Russia, amongst others. Obviously, the

most viewed page is Bill Status, and the most viewed reports are Bills Introduced in the Senate, Bills Introduced in the House, and then the package listings. And the RSS feeds to get automatic notification of changes in documents or of public hearings are being used extensively—more than 1,200 people have registered to receive hearing notices by e-mail.

“So I just wanted to congratulate all the members, thank them for their patience, and let them know that we are working to fine tune the process. So as glitches come up, I definitely would appreciate being informed by them. I just wanted to congratulate everybody for a job well done. Thank you.”

Senator Hemmings rose on a point of personal privilege and said:

“Madam President, I rise on a point of personal privilege.

“Madam President, I think it’s important for a perspective from this side of the aisle on this issue, and I, too, personally want to add my congratulations, especially to Senator Ige who has spearheaded this effort. It is a laudable one, and I think the Majority Party and your leadership team is to be commended for what is being done here.

“I will acknowledge to you that it is difficult to teach some old dogs new tricks, and so at times I wish I had my 11-year-old son Gordon here to help me. But when all of us get over the learning curve, and this thing takes hold, it is going to be, as Senator Ige pointed out, a huge benefit to not only us but to people that follow our work and want the information in a timely and accurate basis. And so I do extend my personal congratulations to your team and to Senator Ige and all those involved in this effort.”

ADJOURNMENT

ORDER OF THE DAY

THIRD READING

H.B. No. 2688, H.D. 1:

Senator Baker moved that H.B. No. 2688, H.D. 1, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Baker rose to speak in favor of the measure and said:

"Madam President, I rise in support of this measure.

"Colleagues, H.B. No. 2688, H.D. 1, provides for the operating expenses of the Legislature and our attached agencies. The passage of this measure is by tradition one of the first actions we take as a Legislative Body once we convene each Session. It's also one of the most critical because it does provide the Legislature with the resources necessary to carry out our responsibilities for the 2008 Legislative Session and the interim that follows. It is a modest measure, Madam President and colleagues, and authorizes \$1.15 million or 3.4 percent less in general funds than the budget we adopted last year. It also includes \$300,000 for the Legislative Reference Bureau to contract with the University of Hawai'i to conduct a study of the state's environmental review process. I think after the interim Session that we had, the Special Session, we would all agree that this is a process that should have been done years ago, and now we will have the resources to do it.

"Madam President and colleagues, I urge all of you to vote 'yes' on this bill. Mahalo."

The motion was put by the Chair and carried, H.B. No. 2688, H.D. 1, entitled: "A BILL FOR AN ACT MAKING APPROPRIATIONS TO PROVIDE FOR THE EXPENSES OF THE LEGISLATURE, THE AUDITOR, THE LEGISLATIVE REFERENCE BUREAU, AND THE OMBUDSMAN," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Menor).

RE-REFERRAL OF SENATE BILLS

The Chair re-referred the following Senate bills that were introduced:

Senate Bill Referred to:

S.B. No. 520, S.D. 1 Committee on Transportation and International Affairs, then to the Committee on Ways and Means

S.B. No. 2155 Committee on Economic Development and Taxation, then to the Committee on Ways and Means

S.B. No. 3258 Jointly to the Committee on Human Services and Public Housing and the Committee on Health, then to the Committee on Ways and Means

Senator Hee rose on a point of personal privilege and said:

"Members, Auntie Genoa Keawe is in Queen's Hospice and it doesn't look good. I am having a certificate prepared and would appreciate if you wish to sign it to come to my office. I thought I would get it done this morning, but unfortunately I couldn't get it done. But I will work with the Clerk and we will get it done by early afternoon. I'm planning on going later this afternoon but I wanted to let everyone know that Auntie Genoa is not well. She's at Queen's Hospice. She is not accepting visitors, so I'm sure that any thoughts you might have might be reflected in the certificate.

"Thank you, Madam President."

Senator Ige rose on a point of personal privilege as follows:

“Madam President, I rise on a point of personal privilege.

“I did want to note for the members there was a ceremony this morning in the rotunda celebrating the 20th anniversary of the Hawaiian language immersion program. As you know, the State of Hawai‘i is the only state in the nation which has designated the native language Hawaiian as one of its two official state languages. And although I am language challenged and I screwed up in that the proclamation that the Senate had presented was written in English, I would like to request that the gifted Hawaiian speakers in this Body assist me in making the appropriate translation so that we can present a certificate in the appropriate language. Thank you.”

ADJOURNMENT

At 11:51 a.m., on motion by Senator Ige, seconded by Senator Whalen and carried, the Senate adjourned until 11:30 a.m., Monday, February 11, 2008.

ORDER OF THE DAY

THIRD READING

S.B. No. 2252:

Senator Nishihara moved that S.B. No. 2252, having been read throughout, pass Third Reading, seconded by Senator Kim.

Senator Trimble rose to speak against the measure as follows:

"Madam President, I rise to speak against S.B. No. 2252.

"Colleagues, I call your attention to the opening sentence: the legislature finds that there is an irreconcilable conflict of interest, a conflict of interest exists, when the ex officio member of a board or commission, who is usually the department director, is also the chair of the board or commission. And I'm just curious how the Legislature found that this was true. And was it at the public hearing? Because the testimony, it seemed to me, was in opposition to this measure. There was no finding at that public hearing that there was an irreconcilable difference. Or was it an epiphany that suddenly came in the night and suddenly, after 40 years of the state operating in this way, that some member suddenly decided that there was a conflict of interest?"

"Colleagues, this is a form of governance that exists in the public as well as the private sector, not only in Hawai'i but throughout the United States and around the world. If there was an irreconcilable conflict of interest, why would this form of government be so widespread? I think we have to ask ourselves 'What is the motivation behind this bill?' If we are trying to get the attention of the fifth floor, wouldn't it be more convenient just to pick up the phone and call? Do we really need to spend our time debating this piece of legislation? If there were a conflict of interest, existing governance allows the chairman of the department, the head of the board to recuse himself from a vote. We have ethics laws and the board is empowered by the Constitution. If they find that a director or the chairman of the board is not acting to their liking, they can remove him.

"I don't find, in conclusion, I don't find that the Legislature is justified in finding this set of findings; it didn't come from the public hearing. This is a very widespread form of governance that has existed for many years, not only around the United States but in Hawai'i, so why is it today suddenly it's a problem? No explanation has been given. This is a bad law, and you should vote against it. Thank you."

Senator Hemmings rose to speak against the measure and said:

Madam President, I rise to speak against S.B. No. 2252. I'll be brief.

"The previous speaker outlined the reasons why this Body would be dishonored to pass this legislation. And I would like to hearken back just 18 days ago to the opening day when both parties pledged to work in an honorable manner, in a bipartisan manner, to do the people's business.

"This bill reeks of petty politics at the worst, and it seems targeted right at the Governor's Office and the Chairman of the Department of Land and Natural Resources and the Department of Agriculture, who it would immediately affect. I think we're better than this. I urge my colleagues to send this back to committee or have a reconsideration and put a stop to it. It's just the type of petty politics that the people of Hawai'i, I might say, and I do think maybe the people of the nation are sick of. I pledged to leadership on your side of the aisle not to be partisan and not to be personal in some of these things. But I also pledged that if we were attacked or the Governor was thwarted in some manner that seemed partisan I would rise to defend the executive branch of government. And this is just the kind of bill that there's just no call for it.

"Please, Majority Party, reconsider this. This is below us. Thank you, Madam President."

Senator Kim rose to speak in support of the measure as follows:

"Madam President, I support S.B. No. 2252 and speak in favor.

“Madam President, the boards and commissions should be represented by the public. That’s the whole purpose of our boards and commissions, so that the public have the opportunity to weigh in to government. It was never intended for the administrative or the legislative body to have undue influence on these boards. And what’s been happening in such, is that when you have a department head that is the chairman of a particular board or commission—and I’ve been told by some of the members—that there tend to be undue influence on that board. And it’s not the public that’s being represented but is guided and manipulated by the chairman in many cases. And it’s not just directed at the directors, it’s often we may have an interim appointee, we may have someone whose name is withdrawn—and we’ve seen this happen—withdrawn from appointment because they cannot get the support of the confirmation from the Senate and they get appointed as an interim appointee and they become chair of that particular board and commission.

“So, this is not petty politics. This is just a manner in which to insure that these boards and commissions are independent and they are serving and they are subject to the public, and not necessarily administration whoever is upstairs, whether it be a Democrat or Republican. Thank you.”

Senator Hemmings rose to speak in rebuttal and stated:

“Madam President, I stand in rebuttal.

“Madam President, I beg to differ with the previous speaker. I think her utterances are contradicted by Hawai’i Revised Statutes 26-15 and 26-16, which constitute the Department of Land and Natural Resources Board, and Department of Agriculture. Section B of both those laws say the chairperson of the board shall serve in a fulltime capacity; thus, this does not preempt conflict of interest, if that is indeed what she’s trying to say to rationalize passage of this law.

“This is just what it appears to be. It’s petty politics at its worst, trying to thwart the executive branch of government. And I might echo the utterances of the previous speaker, two speakers ago, the good Senator from Downtown-Waikiki. This situation’s been in existence for 40 years. Why now? Why now this great epiphany, as the previous Senator said, of self-righteousness in order to eliminate this conflict? It’s been on the books for 40 years; the law states exactly what it should be and this is just what I deem it to be—politics at its worst aimed at the executive branch of government.

“Once again, Majority Party, the people we serve deserve better. Let’s spend our time on laws that help people, not thwart the executive branch of government. Thank you, Madam President.”

At 12:02 p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:18 p.m.

Senator Ihara rose to speak in favor of the measure and said:

“Madam President, I’d like to stand in favor of this bill.

“We have consulted our Majority Attorney, and we are satisfied that this bill does not remove the Director of the Department of Land and Natural Resources from being the Chair of the Board of Land and Natural Resources. Nor does it remove the Department of Health Director as the Chair of the Board of Health. Nor does it remove the Director of the Department of Agriculture from being Chair of the Board of Agriculture.

“It would, however, affect where the Land and Natural Resources Director is an ex officio member on the Board of Agriculture. The Land Board Chair could not be the Ag Board

Chair, so that would be affected. I think this bill simply clarifies the intent that it was never the intent for an ex officio, other than those situations I mentioned, an ex officio or an interim board member from being the chair of that such board. Thank you.”

Senator Trimble rose again to speak in opposition as follows:

“Madam President, I rise to reiterate a couple previous comments in opposition to S.B. No 2252.

“Colleagues, how much time have we spent on this ditty? There’s probably an appropriate word that could be used, and if you don’t understand it, please refer to *Webster*; it’s called cahootery. Pure and simple, if you went to the one hearing that was held—and this was a single referral bill—there was no public outcry talking about the problem. Apparently, one or more members of this Chamber had an epiphany, because it wasn’t from the public.

“Having a board where the head of the board is also the chair of the department is a structure. Now, I don’t think that clarifying needed to be done to prevent the head of DLNR to be the Chairman of the Board of Agriculture or something like that because that problem has never occurred. So, again I ask, ‘Why is this piece of legislation center stage this early in the Legislature with the full scrutiny of our free press to report what is going on?’ And my, what fun they could have with this bill if it proceeds.

“I encourage you to listen to the voice of reason and cast a ‘nay’ vote. Thank you.”

Senator Hooser rose to speak in support of the measure as follows:

“Madam President, I rise in support of this measure. I’ll keep my remarks brief. We’ve already had far too much discussion.

“The bill as presented is clear and self-explanatory, and to counter some of the previous remarks, this does not impact the Department of Land and Natural Resources or the Board of Agriculture. This bill merely says that if you’re ex officio or interim, you cannot serve as the chair.

“And having, like many of us here, much experience working with boards and commissions, it’s my personal experience that the public participation on these boards and commissions is inhibited, if you would, oftentimes by the staff and the people in the department. And I think as much as possible, we should encourage that the public members of these boards and commissions serve in positions of leadership and take responsibility for the decisions they make. And this measure, I believe, will help move that process forward and insure that we have stronger boards and commissions in the future. Thank you, Madam President.”

The motion was put by the Chair and carried, S.B. No. 2252, entitled: “A BILL FOR AN ACT RELATING TO BOARDS AND COMMISSIONS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 3 (Hemmings, Slom, Trimble). Excused, 3 (Bunda, English, Hee).

RE-REFERRAL OF A SENATE BILL

The Chair re-referred the following Senate bill that was introduced:

Senate Bill Referred to:

S.B. No. 2864 Jointly to the Committee on Commerce, Consumer Protection and Affordable Housing and the

Committee on Health, then to the Committee on Ways and Means

Senator Ige, Chair of the Health, requested a waiver of the notice requirement pursuant to Senate Rule 21 for the following Senate Bills:

S.B. No. 2314;
S.B. No. 3257; and
S.B. No. 3258.

Senator Ige noted:

“Madam President, S.B. No. 3257 and S.B. No. 3258 are products of the Hawaii Association of Hospitals and they were developed in collaboration with a lot of members focused on resolving the waitlist programs and problems in the Hospitals.

“S.B. No. 2314 is relating to allowing small insurers to offer different types of insurance.

“These bills will be added to our hearing agenda tomorrow jointly with the Committee on Human Services.”

The Chair granted the waiver.

Senator Taniguchi, Chair of the Judiciary and Labor, requested a waiver of the notice requirement pursuant to Senate Rule 21 for the following Senate Bills:

S.B. No. 2262;
S.B. No. 2605;
S.B. No. 2806; and
S.B. No. 3216.

Senator Taniguchi noted:

“Madam President, I had not intended to hear these bills but have been prevailed upon by a number of members to hear these bills.

“Also, with regard to S.B. No. 2806, I had inadvertently left it off a previous agenda.”

The Chair granted the waiver.

ADJOURNMENT

At 12:27 p.m., on motion by Senator Ige, seconded by Senator Whalen and carried, the Senate adjourned until 11:30 a.m., Wednesday, February 13, 2008.

ORDER OF THE DAY

THIRD READING

S.B. No. 2841:

Senator Menor moved that S.B. No. 2841, having been read throughout, pass Third Reading, seconded by Senator Hooser.

Senator Slom rose in opposition and said:

“Madam President, I rise in opposition to this bill.

“This bill is a bad bill on many counts. First of all, it is an anti-business bill. But more than that, it perpetuates this program—which is a tax, the beverage tax—and puts additional costs on businesses. I think everybody in this room supports the idea of recycling and certainly, I think, prefers county recycling. We’ve gotten just a taste of curbside recycling in Mililani and Hawai‘i Kai; we know it works. This is a proper venue for the counties. We want to see this occur.

“We don’t want to see the State continue to profit on this tax program, and they will continue to do that. And also I think it’s wrong to require businesses to give up more of their high-priced and valued space in Hawai‘i to provide for redemption centers, especially as I say since the State is still involved, heavily involved in this. And it starts off now by discriminating against businesses by size, taking 75,000 square feet.

“But every bill that we’ve ever looked at in the past that has had size limits or personnel limits or whatever eventually reduces those limits and those benchmarks so that we’re talking about small neighborhood businesses who have been very active in terms of testifying about the costs and the problems if they were forced to do this. Some businesses, if they want to do it voluntarily, that’s great. But again I think that the real issue here is the type of recycling. And we should all be pushing the city and the counties to do the curbside recycling. Thank you, Madam President.”

Senator Inouye requested her vote be cast “aye, with reservations,” and the Chair so ordered.

Senator Trimble rose to speak in opposition as follows:

“Madam President, I stand in opposition to S.B. No. 2841.

“Colleagues, this is bad public policy. In the beginning when we started the beverage container program, I thought it was about recycling. But if it truly was about recycling, we would have seen that the program was simple, that it was efficient, and it was effective. Every time every year we come back and we piddle a little bit more with this program. If we were truly interested in getting more businesses into the program, we would make sure that the Department of Health paid the vendors much sooner.

“The \$20 or \$30 million that we now consider surplus and are looking at ways to spend, to a large degree is really float money collected or beverage containers taxed and then refunded, half of which when the containers are taken to the container yard for shipment, and half when it arrives at its final destination for being recycled. But we don’t do that.

“We could also, since we have created a business, study to see if the business is operating effectively. We could look and see what is more effective—beverage recycling or curbside recycling. And then we could reach a reasoned conclusion about the most efficient way to spend our resources.

“But if we continue to tax beverages in this manner and then continue to mandate or start to mandate curbside recycling by the counties, when you take away the portion of the waste stream that has value, then you’re going to wind up with a program where the counties are going to operate at a larger deficit or a more costly alternative than if the waste stream had beverage containers in it. That in turn will lead to higher taxes on the part of the county. So we’re taxing the consumer when they buy the beverage container and then in the end, by this mechanism that we have created that’s so inefficient, the consumers will again get to pay for it again in terms of higher property tax.

“I suggest that this bill is a continuation of poor public policy. I ask that you oppose it. Thank you.”

Senator Menor rose to speak in support of the measure and said:

“Madam President, I’d like to offer some brief remarks in support of S.B. No. 2841.

“Madam President, this bill would require the big box retailers—the Costcos and the Walmarts—to participate in our redemption program. I believe that this bill is pro-consumer, pro-environment, and it is also a bill about corporate responsibility. I’m gratified to say that this bill was included in our joint Majority package. The measure is also similar to a key bill, an important bill, that the Senate passed last Session, which would have required the big box retailers and large grocery stores and supermarkets to set up redemption centers for beverage containers. This bill of course narrows the scope of that approach by applying only to big box retailers in an attempt to address the concerns raised by the representatives of the retail organizations.

“There are several key reasons why I believe that this bill is justified. First of all, it would bring our bottle law into line with the laws of other states. It should be emphasized that most of the other states that have bottle laws require retailers to participate in the redemption process. And they’ve been able to achieve redemption rates for beverage containers that are higher than Hawai‘i’s. And there’s no reason why large retailers in Hawai‘i should be given preferential treatment and exempted from participating in a program that’s designed to encourage the recycling of beverage containers that they’ve put in the hands of consumers.

“Finally, although our deposit beverage container program has been generally working, it can and should be improved. I’d like to share with my colleagues the fact that at present there are at least one-quarter of a billion bottles and cans that are not being recycled and continue to enter the waste stream annually here in Hawai‘i. We can and must do better for the environment. I believe that this bill would significantly address this problem by making the redemption process fairer and more convenient for consumers. And for all of these reasons I would respectfully ask my colleagues to vote in favor of this bill. Thank you.”

The motion was put by the Chair and carried, S.B. No. 2841, entitled: “A BILL FOR AN ACT RELATING TO THE DEPOSIT BEVERAGE CONTAINER PROGRAM,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Ayes with Reservations, 1 (Inouye). Noes, 4 (Hemmings, Slom, Trimble, Whalen). Excused, 2 (Hee, Kim).

At 12:05 p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:12 p.m.

ADJOURNMENT

At 12:12 p.m., on motion by Senator Ige, seconded by Senator Whalen and carried, the Senate adjourned until 11:30 a.m., Thursday, February 28, 2008.

THIRD READING

MATTERS DEFERRED FROM FRIDAY, FEBRUARY 29, 2008

S.B. No. 3202:

Senator Taniguchi moved that S.B. No. 3202, having been read throughout, pass Third Reading, seconded by Senator Hee.

Senator Slom then offered the following amendment (Floor Amendment No. 1) to S.B. No. 3202:

SECTION 1. Senate Bill No. 3202, section 1, is amended as follows:

1. By amending lines 10 and 11 on page 1 to read:

"individuals who have served as learned members of the bar, should be reconsidered. The wealth of knowledge"

2. By amending lines 1 and 2 on page 2 to read:

"Hawaii to extend the mandatory retirement age for all newly appointed state court justices and judges from seventy to eighty years of age."

SECTION 2. Senate Bill No. 3202 is amended by amending lines 1 to 3 on page 5 to read as follows:

"Justices and judges shall be retired upon attaining the age of seventy years[-], except that justices and judges first confirmed by the senate or appointed by the chief justice to their positions after November 4, 2008 shall be retired upon attaining the age of eighty years. They shall be included in any retirement law of the state."

SECTION 3. Senate Bill No. 3202 is amended by amending section 3 to read as follows:

"SECTION 3. The question to be printed on the ballot shall be as follows:

"Shall the mandatory retirement age for all newly appointed state court justices and judges be extended from seventy to eighty years of age?"

Senator Slom moved that Floor Amendment No. 1 be adopted, seconded by Senator Trimble.

Senator Slom rose to speak in support of the motion and stated:

"Madam President, you know two years ago this Body passed a bill that dealt with the retirement ages of judges. It went before the community. It was on the ballot in 2006; and the change was heartily defeated by a vote of more than 2:1. People in every district within the state, across the state, voted against that constitutional amendment.

"Since that period of time there's still been continuing discussion. And there's still been an issue as to how do we approach the idea of mandatory age—which has been ruled constitutional—with the idea of some people's concerns about discrimination. And there have been proposals for studies. There have been proposals to just let sleeping dogs lie and let the law of Hawai'i continue as it has, unabated.

"This year there were two bills that were introduced—one in the House that would have increased the age of retirement for judges from the current age 70 to 72; and our bill in the Senate, which would increase it to age 80. It's kind of disconcerting when the opponents of the existing law say that it's discriminatory, and that has not been held by any court. But then they go on to say well let's change the 70 to 72, or 70 to 80, and you try to find a magical number for that age.

“In order to take this bill back to the people again, after they’ve already voted on it, really doesn’t make too much sense if we’re doing the same thing with the existing judges. One of the issues that surfaced two years ago was (and even the opponents of the constitutional change said) if we just make it prospective, as we do for most laws, we make it for future appointments of judges and change the age or take away the age entirely, then in fact it makes a great deal of sense.

“And so my understanding is that a compromise in fact was reached this past week. The Chairman of the Senate Judiciary Committee appeared on a popular radio program and to the question specifically of what could be done about this, he graciously suggested a compromise—that in fact, that’s what we do. We change the age to 80, but we make it prospective for all new coming judges from November of this year. The opponents of the proposed change in 2006 also agreed to a change and said, well, if is prospective, we’ll do it. And so in this spirit of bipartisanship and in this spirit of resolving an issue which many people thought had been resolved already, I offer this amendment—which simply says and adds words to the effect—that the change to the age 80 from the age 70 in our current law would take effect in November of 2008, and would affect only those judges appointed after that period of time.

“So, I urge my colleagues to support this Floor Amendment and to pass this bill in the spirit not only of coming together, but I think resolving an issue that the public has already voted on once. There have been a number of questions raised about the magic, again, of the age, but at least at this point it would provide an extra ten years, and it seems that both sides seem to be content with it. So, Madam President, I offer this as an amendment, and I solicit strong support from our Senate colleagues. Thank you very much.”

Senator Taniguchi rose to speak in opposition as follows

“Madam President, I rise to speak against the proposed amendments to S.B. No. 3202.

“I have recommended the current draft because I feel it provides the best compromise between the unlimited age requirement which was rejected by electorate two years ago, and the obvious age discriminatory provision in our current law.

“Two years ago I was surprised that the previous proposal for a constitutional amendment was defeated. To this day I believe that the current attorney general’s active participation to defeat the constitutional amendment was a factor in the vote. While I do not believe his actions were illegal, choreographing radio campaigns, organizing sign waving, and stating his opposition in editorials were not appropriate for our attorney general, whose duty is to legally represent the Governor, the Legislature, the Judiciary, and ultimately all the citizens of this state.

“This is the only mandatory retirement law for state employees. Is there justification for mandatory retirements because, for some reason, a judge suddenly seems unfit to serve? I would think not. One primary example is the current mandatory retirement of Judge Burns. Judge Burns would have continued to serve well and contribute to the Judiciary if not for his mandatory retirement.

“Currently we already have a check and balance system in place. It is called terms. District court judges have terms of six years while all other judges and justices have terms of ten years. At the end of a term, if a judge decides to continue, there are several steps to reappointment. First, a judge or justice must be recommended by the Judicial Selection Commission. Then the Governor or Chief Justice has to select the nominee. And finally, we the Senate must consent to the nominee. We have seen this system work to deny individuals who have been

viewed as not the best candidate to sit on the bench. And we have seen this system work to select some of our finest jurists.

“I am against this particular amendment because I do not want this age requirement to affect any more future judges. Yes, I’m aware that our current Chief Justice will be 70 years old in 2010, and that this amendment will deny our current Governor the opportunity to appoint the Chief Justice. However, this is not an issue for me. Although I have known Ronald Moon for many years, I have primarily interacted with him when I was Chairman of the Ways and Means Committee. When Judge Moon was elevated to Chief Justice, I was still a Representative in the State House. At that time, I remember wondering why a Democratic administration would nominate a Republican as Chief Justice. However, I have found this concern to be unfounded, because he has done a good job and will be able to serve well past his 70th birthday.

“Finally, colleagues, I ask you, in the past two years, has the Governor made good decisions on who to nominate to the bench? I believe she has already nominated almost one-third of the current judges. This is a significant number, and she will have a long-term impact on the judiciary. I do not believe that one more judge would change that impact. I ask you to vote against this amendment. Thank you.”

Senator Slom rose in rebuttal and said:

“Madam President, I rise in brief rebuttal.

“I must say that I am stunned; I’m shocked; I’m surprised. This doesn’t seem to be the same Judiciary Chairman that I heard on the radio with my own ears. I thought in fact that we were all moving together to have a solution, and yet I hear some of the same arguments brought up that were brought two years ago. They were unfounded then and unfortunately they’re still unfounded now.

“We talk about discrimination, and there is no discrimination in the law. The law is perfectly legal. The law has been adopted years ago. It was, I think, recognized by everyone. And the important point here again, that we have to reiterate, is that judges going in knew the mandatory age, they knew the age of retirement, and they accepted that. That was part of the job. It’s like any other job description or job requirement.

“In addition to that, we have had continuing testimony from the Judiciary, from the bar that supported the existing law saying that in effect, what you do if you don’t exercise that age 70 option, you deny younger newer attorneys the opportunity for advancement. And in fact what you do is preserve the old boy’s club.

“No one is casting any aspersions on anyone’s individual abilities, and we know that Judge Burns and others have been fine community leaders. To answer the Judiciary Chairman’s question—‘Has the Governor made good choices for the Judiciary over the last two years?’—the answer is a resounding ‘Yes,’ from Chief Judge of the Court of Appeals, Judge Recktenwald, to circuit court judges to district court judges, I think we’re seeing a new vibrancy in the judiciary. And this Body of course had an opportunity to examine them all. There were some that we rejected, but most were accepted. And I think that if we look at their job performance over the last two years, we can say that there was a change—a positive change.

“As far as the attorney general being involved in advocacy or explanation, I think that’s part of the attorney general’s role. I think that we would be very disappointed if the attorney general or the governor or a senator did not in fact make his or her own positions known, and I don’t see anything wrong with that. Just as the Judiciary Chairman said, there’s nothing certainly illegal about it.

“As to the Chief Justice being the last person that would be affected by this law, it was interesting that the Judiciary Chairman brought up the fact that it was a Democrat administration that appointed a Republican. And now it is a Republican administration that is saying we need to keep the law even though it affects a Republican chief judge. All of us wish that justice truly is blind, and we don’t look at Republican judges or Democrat judges. We look at judges on their individual merit.

“This amendment to this bill would not change that, and in fact would not diminish in any way the abilities for existing judges to continue to serve the community. I think that what we really have here though is a situation of looking at this and keeping politics out of it. Because if we don’t have discrimination—and that’s what mandatory laws have been held to be, non-discriminatory—then one has a difficult time finding the reasoning for changing this law at this time under these circumstances.

“So I would urge the Judiciary Chairman to reconsider and my colleagues to reconsider to pass this really innocuous floor amendment, so that that we can pass this bill and move on to other matters.

“Thank you, Madam President. May I have a Roll Call vote, too, please, Madam President?”

At 10:30 a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 10:38 a.m.

The motion to adopt Floor Amendment No. 1 was put by the Chair and, Roll Call vote having been requested, failed to carry on the following Ayes and Noes:

Ayes, 6. Ayes with Reservations, 1 (Bunda). Noes, 19 (Baker, Chun Oakland, English, Espero, Fukunaga, Gabbard, Hanabusa, Hee, Hooser, Ihara, Inouye, Kim, Kokubun, Menor, Nishihara, Sakamoto, Taniguchi, Tokuda, Tsutsui).

Senators Baker, Chun Oakland, Inouye, Bunda, Menor and Ige requested their votes be cast “aye, with reservations,” and the Chair so ordered.

The motion to pass S.B. No. 3202 on Third Reading was then put by the Chair and carried, S.B. No. 3202, entitled: “A BILL FOR AN ACT PROPOSING AN AMENDMENT TO THE HAWAII CONSTITUTION TO EXTEND THE MANDATORY RETIREMENT AGE FOR STATE JUSTICES AND JUDGES FROM SEVENTY TO EIGHTY YEARS OF AGE,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Ayes with Reservations, 6 (Baker, Bunda, Chun Oakland, Ige, Inouye, Menor). Noes, 6 (Gabbard, Hemmings, Ihara, Slom, Trimble, Whalen).

Stand. Com. Rep. No. 2624 (S.B. No. 520, S.D. 1):

Senator Baker moved that Stand. Com. Rep. No. 2624 be adopted and S.B. No. 520, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator English then offered the following amendment (Floor Amendment No. 2) to S.B. No. 520, S.D. 1:

SECTION 1. Senate Bill No. 520, S.D. 1, is amended by amending section 201-17, Hawaii Revised Statutes, subsection (d)(1) to read as follows:

“(1) Peace missions to other nations and international organizations; provided that the peace mission is not in violation of federal law;”

SECTION 2. Senate Bill No. 520, S.D. 1, is amended by amending section 2 to delete the specific amount appropriated and to read as follows:

“SECTION 2. There is appropriated out of the general revenues of the State of Hawaii the sum of \$ _____ or so much thereof as may be necessary for fiscal year 2008-2009 to be used by the peace mission committee for the purposes of this Act.

The sum appropriated shall be expended by the department of business, economic development, and tourism for the purposes of this Act.”

Senator English moved that Floor Amendment No. 2 be adopted, seconded by Senator Baker.

Senator English rose to clarify the measure as follows:

“Madam President, this amendment takes care of two things. One is it brings it in conformity with federal law. This provision was drafted in consultation with the attorney general, who said the bill now meets federal law and constitutional challenge; and also to remove the half-a-million dollars that was inadvertently left in the bill so that it goes across with a blank appropriation.”

The motion to adopt Floor Amendment No. 2 was put by the Chair and carried.

Senator English then moved that Stand. Com. Rep. No. 2624 be received and placed on file, seconded by Senator Baker and carried.

By unanimous consent, S.B. No. 520, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO INTERNATIONAL AFFAIRS,” was placed on the calendar for Third Reading on Thursday, March 6, 2008.

RECOMMITTAL OF A SENATE BILL

MATTER DEFERRED FROM FRIDAY, FEBRUARY 29, 2008

S.B. No. 2059:

On motion by Senator Ige, seconded by Senator Whalen and carried, Stand. Com. Rep. No. 2727 and S.B. No. 1248, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO ELECTRICAL LICENSING,” were recommitted to the Committee on Commerce, Consumer Protection and Affordable Housing.

Stand. Com. Rep. No. 2800 (S.B. No. 2641, S.D. 2):

On motion by Senator Ige, seconded by Senator Whalen and carried, Stand. Com. Rep. No. 2800 and S.B. No. 2641, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO IMPORTANT AGRICULTURAL LANDS," were recommitted to the Committee on Water and Land.

THIRD READING

At this time, the President made the following announcement:

"Members, the Chair has an announcement.

"Some of these measures are being taken out of order. They are to be taken out of order upon the request of their respective Committee chairs or members to insure that the Senate vehicle may be the vehicle that controls the measure in the future."

Stand. Com. Rep. No. 2760 (S.B. No. 3227, S.D. 2):

Senator Baker moved that Stand. Com. Rep. No. 2760 be adopted and S.B. No. 3227, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsumi.

Senator Kim rose to speak in opposition of the measure and said:

"Madam President, I rise to speak in opposition to the S.B. No. 3227, S.D. 2.

"Madam President, there's no doubt that the modernization of our state harbors must be a priority, and I support this. What I don't support is DOT delegating the authority for implementing this complex, statewide harbor modernization plan to an agency that, in its 27-year history has been involved in more failed development projects than successful projects.

"Madam President, the former director of DOT told me in a meeting that harbors are not capable of handling this modernization plan. How is that possible? It's like saying that the airports are not capable of handling the airport's renovation plan and that it should be delegated to the Hawai'i Tourism Authority to manage. So I ask you, why didn't Mr. Fukunaga, when he was head of Harbors and Director of Transportation, fix this in Harbors? Instead, he band-aided the problem by signing it to the ATDC executive director and put the wheels in motion to delegate the entire project to ATDC—the Aloha Tower Development Corporation.

"I must admit though that if you read the annual reports from ATDC, you wouldn't have a clue that there were any problems. In the 2006 Annual Report—and this is the only report by the way that is available on their website when I last checked—ATDC described that their projects as desirable and as one that will complement and add to the economic vibrancy of the Aloha Tower project area.

"What projects? As of today there is none. When they briefed the Ways and Means Committee in January, they made no mention of any lawsuits pending. Interesting enough in the 1987—and I say 1987—review, an analyst of the ATDC by the Legislative Auditor, the Auditor notes that the agency had been less than candid in its budget presentations before the Legislature—not informing the Legislature of problems or current status of this project. This could have been written yesterday, not 21 years ago. And on page 19 of the audit, it states, '...six years after the Aloha Tower Development Corporation was established, the redevelopment project is at a standstill, with no formal agreement with any developer.'

"Today, 21 years later, after this audit, the ATDC's development project is at a standstill with no projects, plans, or agreement with any developer. On page 21 of the 1987 audit, it states '...the corporation does not have the authority or expertise to implement the project.' And on page 27, still quoting from the 1987 audit, it says '...the administrative

structure devised to implement the redevelopment project is unworkable. The structure of the ATDC was designed to accommodate the interests of various parties with responsibilities for the site. Consequently, the ATDC board includes directors of DBEDT, DLNR, and DOT, as well as the Mayor of the City and County of Honolulu and three public members. Because each departmental board member has a different statutory interest to protect, the board has not been able to subsume individual interest and achieve consensus on various aspects of the project.'

"Colleagues, the makeup of the board has not changed in 21 years. It is the same designation as today.

"And finally, the 1987 audit recommends that chapter 206J, HRS, establishing the Aloha Tower Development Corporation be repealed. In 1987 the recommendation was to repeal the ATDC. So let's fast forward today where the same issues, the same lawsuits over the same property.

"Let me recap. In 1988 the developer, Honolulu Waterfront LP sued Aloha Tower Development Corp. for a breach of a development agreement executed in 1986. And this lawsuit was apparently settled. But in 2002 the Aloha Tower LP sued the Aloha Tower Development Corp. for a breach of development agreement concerning the Aloha Tower Marketplace Parking, which is still pending today. In 2007 the Hughes Development LP sued Aloha Tower Development Corp. for a breach of a development agreement executed in 2004; and this case is set for hearing this May.

"I did however find one development agreement that didn't end up in litigation. It was in October 2001 at a presentation for the New World Divers represented to the ATDC board. Five years later in 2006 they entered into an agreement with the New World Divers. However, this past December 2007 the development agreement with New World Divers was terminated by the board.

"So, Madam President, in its 27-year history ATDC has entered into 4 development agreements—3 of which culminated in lawsuits and 1 was terminated. Not only has ATDC not accomplished its legislative mandate, but ATDC does not have any current new development projects, and pretty much exists to defend itself against the pending litigation.

"So consider this harbor modernization plan, it gives ATDC jurisdiction over the Honolulu Harbor. They will be responsible for the development of infrastructure, expansion of facilities and tenant relocations, including but not limited to the development of the new Kapalama Container Terminal.

"Kahului Harbor. They'll be responsible for the development of infrastructure; expansion of facilities; tenant relocations; acquisitions of lands, including but not limited to West Harbor barge ferry slip; West Harbor dredging and breakwater; West Harbor cruise terminal; Pier 1 fuel line replacement upgrades; East Harbor breakwater; and Pier 2B strengthening; and similar projects for Hana Harbor; Hilo Harbor; Kawaihae Harbor; Kalaheo Harbor; Nawiliwili Harbor.

"Why would we want to entrust ATDC—who's mired with lawsuits—to manage and shepherd this very important, very complex and much-needed harbor modernization plan which include all of the neighbor island harbors when ATDC has not fulfilled their intended purpose and has not successfully developed Piers 5 and 6?

"Finally, this bill states that ATDC can also assist the Harbors Division by providing financial support from its limited commercial development. How, I ask, will ATDC assist Harbors with funds when ATDC already has to pay Harbors for lost revenue? This lost revenue is from land that ATDC has not developed. I believe that ATDC currently owes Harbors more

than \$7 million, and this is not even accounting for any litigation cost that is pending.

“So, I urge you to really think about this before you put our harbors in the hands of ATDC. The administration should have an alternative entity, Madam President, to handle the modernization of our precious harbors. Thank you.”

Senator Hemmings rose to speak in support of the measure as follows:

“Madam President, I rise to speak in favor of S.B. No. 3227.

“The good Senator from Moanalua brought up some very salient points; and her points were well made, well researched, and certainly well documented. I would be the first to admit that in prior years, dating back in 1987 as the audit said, there were some serious problems with ATDC. But I would suggest to the Majority Party that let’s not lose sight that the ultimate goal here is to improve our harbors. I believe both the Minority and Majority Caucuses were given presentations on what is being done in the individual harbors—both here on Oahu and on the neighbor islands—and it’s long overdue.

“I would suggest that we all vote in favor of this bill, and let it proceed through the process. And if we have to fine tune the management of it, so be it. The bill does allow for funding for new staff to help address some of these needs. It also allows for the Harbors staff to assist the ATDC, and if there is another audit being conducted that may give us some updated information from what obviously is the debacle of 1987, which the good Senator articulated so well.

“So I would suggest that we have to proceed with this harbor revitalization program. The ATDC may not be the best or only organization to do it, but we can address that issue. But it would not make sense at this point to scuttle the whole plan to revitalize the harbors, especially on the neighbor islands, where it’s so desperately needed.

“So I’d urge my colleagues to vote in favor. Thank you, Madam Chair.”

Senator English rose to speak in support of the measure and stated:

“Madam President, I rise in support.

“President, members, this particular measure puts forward an idea that we need to improve our harbors and puts forward a plan to do it. So we’ve not had this opportunity since perhaps shortly after statehood when infrastructure of this nature went in and there’s been great neglect over the years.

“Kahului Harbor, as you know, is beyond capacity. Honolulu Harbor is scheduled to reach capacity in the next two to three years. Hana Harbor is condemned. Kawaihae Harbor is cracked from the earthquake. We have major problems with the movement of goods in the state.

“The secondary issue is a movement of people, which has reentered our public debate with the reintroduction of cruise ships and the Superferry. But you know we forget that before the airports and before that mode of transportation, we had interisland steamships that went to harbors, and we moved people as well as goods.

“So I ask your support of this measure. It’s not a done product, and there’s still a lot of work to be done on it I’m sure. But we have to move the measure forward because this item is simply too large for us to hold up in this manner. There are many good points. There’s an investigative committee that’s been put together to look into Aloha Tower Development Corporation, and it may indeed not be the best agency. But the vehicle needs to move forward and I ask for your support on that. Thank you.”

Senator Kim rose in rebuttal as follows:

“Madam President, rebuttal.

“I certainly appreciate the comments that have been made by previous speakers, and I agree that this is a very important project and we need to move forward on our harbors. But we then need to be careful that we don’t put it into the hands of an entity that’s not going to end up six years from now not doing what we need to do; and that we may be ending up in more lawsuits.

“But I do think that we need to send the message to the administration to say, ‘Give us other alternatives; give us other entities that can do this.’ And there should be other ways; there cannot just be one entity that can do this. And so I hope that in some manner we will send that message because it seems as though they’re just going to ram this down our throats. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2760 was adopted and S.B. No. 3227, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO HARBORS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Ayes with Reservations, 11 (Hee, Hooser, Ige, Ihara, Menor, Nishihara, Sakamoto, Slom, Taniguchi, Trimble, Tsutsui). Noes, 1 (Kim).

Stand. Com. Rep. No. 2841 (S.B. No. 2733, S.D. 2):

Senator Baker moved that Stand. Com. Rep. No. 2841 be adopted and S.B. No. 2733, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose to speak in opposition and said:

“Madam President, I rise in opposition to this measure.

“Much has been said about the ceded lands settlement. I participated in the five-hour public hearing here at the state auditorium. If anything, I think more questions were raised than answers provided. There is a real division in what people think in terms of the ceded lands or accessible lands. I don’t think there is any question that the State has an obligation, under the Statehood Act, the Admission Act, to provide for certain lands.

“I think, however, the problem comes in when we talk about who is the obligation or responsibility to and for. Some people would think that it is a very narrow group of people, notably the Office of Hawaiian Affairs. Other people would suggest that it is expanded and includes all different and disparate groups of native Hawaiians. And still others argue that, as in the original language, it says native Hawaiians and the general public, and that many feel that the general public in fact has not been a part of these discussions.

“I see that as the bill has gone on and been amended and the difference in the House version that we really, at this point, are not even talking about a settlement, or if we are we’re talking about a partial settlement. We’re also still arguing about the fiscal responsibility of the state and the fiscal capability of this state to bind future legislators and also future taxpayers. I think that there are many, too many, unanswered questions. I think that from the outset the negotiations, which were quiet and behind closed doors, did not seek to broaden and bring in many of the other participants.

“I think that we could have mitigated a number of the problems and issues, but that was not done. I know that there are still meetings that are going on right now, and I think that this bill is premature. And I’ll be voting ‘no’. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2841 was adopted and S.B. No. 2733, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE PUBLIC TRUST LANDS SETTLEMENT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Slom). Excused, 1 (English).

S.B. No. 2464:

Senator Fukunaga moved that S.B. No. 2464, having been read throughout, pass Third Reading, seconded by Senator Espero.

Senator Slom rose to speak with reservations as follows:

"Madam President, I rise to speak with reservations in support of this measure. Reservations and support because of all the wonderful keiki that came to our Legislature to testify in favor of the monk seal being our state mammal.

"Now you may think that when we're talking about bans on different bills, we're talking about Aloha Tower Development and its ability to take care of the harbors, and we talk about taxes and everything else, the discussion on the monk seal should be very quickly dispatched. However, my staff and I have done some research, and we have some troubling questions which I think we should bring before this Body today.

"First of all, some of us remember the very difficult and political campaign that was waged in behalf of the humuhumunukunua'ā many years ago, resulting in the state fish only being given temporary status at that time. And since that time, we've named just about everything—state rock, state this, state that, state flower, and the state mammal. We have a state marine mammal—that mammal is the humpback whale, which we're all very proud of and happy about. And now there's been a campaign to elevate the monk seal, the Hawaiian monk seal, to the status of state mammal. And everybody has visited Chester over in Kailua and watched his molting and everything else. But they haven't watched the real background on mammals.

"And the problem that I see is that we want to bestow upon the monk seal the title of our state mammal when in fact the monk seal is not a mammal—it is a marine mammal; it is a pinniped. And if we do our research and we look that over very carefully, we find out that the monk seal then would be incurring on the rights of the humpback whale that we have right now.

"And in all of this discussion, Madam President, there's somebody that's been left out of the discussion. And we talk about discrimination, and we talk about laws of omission. And there's one character that has gotten no respect and no discussion. Madam President, I hold up to you the truly indigenous land mammal of Hawai'i—the Hawai'i hoary bat. Who speaks for the hoary bat, Madam President? (Laughter) If no one speaks for the hoary bat, then I feel that it is my responsibility to come forward and talk about this.

"And so I think that we should be very careful when we try to have two state mammals, and we don't differentiate between the land mammal and a marine mammal, which is what the monk seal is. I'm very happy with the next bill that will designate a monk seal day during the year, on a Saturday. But I ask again, who could not love, who could not care for, who could not be concerned about the Hawaiian hoary bat—particularly since we're going to take up bills in a little while about eating cats and dogs and horses and pigs and things like that.

"So I will support this bill, Madam President, but I would ask my colleagues to look deep into their minds and their research and not overlook our hoary bat. Thank you."

The motion was put by the Chair and carried, S.B. No. 2464, entitled: "A BILL FOR AN ACT RELATING TO THE STATE MAMMAL," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Ayes with Reservations, 1 (Slom). Noes, none.

S.B. No. 2465:

On motion by Senator Fukunaga, seconded by Senator Espero and carried, S.B. No. 2465, entitled: "A BILL FOR AN ACT RELATING TO HAWAIIAN MONK SEAL DAY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 2731 (S.B. No. 2333, S.D. 2):

On motion by Senator Sakamoto, seconded by Senator Tokuda and carried, Stand. Com. Rep. No. 2731 was adopted and S.B. No. 2333, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE UNIVERSITY OF HAWAII," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 2769 (S.B. No. 2913, S.D. 2):

Senator Baker moved that Stand. Com. Rep. No. 2769 be adopted and S.B. No. 2913, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Trimble rose to speak against the measure and said:

"Madam President, I rise to speak against S.B. No. 2913.

"Colleagues, this bill seeks to provide an exemption for the payment of state general excise tax for aviation fuel. Now, if we want to exempt the payment of general excise taxes for aviation fuel that is used in inter-/intra-state commerce, that's fine. But what this bill does is it uses, I would guess, fuzzy logic to try and convince you that this is trying to provide a level playing field. And the proponents of this bill assert that merchandise that was once in a foreign trade zone should be exempted, whether it is used on an international flight, an interstate flight, or an intrastate flight. And I want you to examine whether in fact this is true or it's fuzzy logic.

"If we go back before the Hawai'i Fueling Facilities Corporation was a foreign trade zone—and we only have to go back to 1997—you would find at that time that flights, qualifying flights that were international, did not pay customs duty. They used bonded fuel because it was considered outside the commerce of the United States. And as such, the State of Hawai'i had no taxing jurisdiction. If you looked at flights from Hawai'i or Alaska to the U.S. mainland, you would find that—while these flights did pay customs duty, did not use bonded fuel—that these airlines were allowed to apply for a drawback or a refund of the customs duty so paid. And again, were not subject to the payment of state taxes because the fuel was not consumed in the State of Hawai'i.

"If you go back to 1997 before HFFC was a foreign trade zone, you would find that Aloha and Hawaiian and other commercial airlines that flew intrastate—within the State of Hawai'i—did pay general excise tax on the fuel because it was consumed within the State of Hawai'i. Once Hawai'i Fueling Facilities became a foreign trade zone—and they became a foreign trade zone to allow the chain of custody of when foreign crude oil arrived on our shores til when it was loaded on an

airplane to be continuously within one foreign trade zone or another—it was done with the hope of making the process simpler and avoiding the possibility of customs fines and errors or inadvertent errors when it was loaded onto an airplane.

“So whether the fuel came from a foreign trade zone, or not, has no bearing in terms of whether it should be subject to State of Hawai‘i taxes or not—it all depends on whether it’s consumed within the State of Hawai‘i or not. And the reason why I bring this up is because if we insist on passing this bill, what is going to be its consequence going forward?”

“There are many products that are stored within a foreign trade zone. For example, if you look at their annual report, you will find that automobiles or motorcycles are stored within the foreign trade zone. Well, some of these automobiles and motorcycles are exported, outside the United States, and are therefore not subject to State of Hawai‘i general excise tax.

“If we pass this bill, are people going to say we want a level playing field so that motorcycles and automobiles that come out of a foreign trade zone in domestic status are not subjected to general excise taxes if they’re sold in Hawai‘i? I think not. So if we’re not going to treat motorcycles and automobiles, then we should not treat aviation fuel coming from a foreign trade zone if it is used in domestic grounds??? by excluding it from the taxing jurisdiction of the State of Hawai‘i.

“It’s not about a level playing field. It’s about trying to convince somebody that somehow the foreign trade zone program is a loophole where firms use it to avoid the payment of state taxes. That’s not why the program was created, and I don’t want future lawmakers to think of that when they consider the foreign trade zone.

“So, colleagues, if you want to exempt aviation fuel that is consumed locally from state taxes, let’s do so. But let’s not talk about it in terms of the foreign trade zone law. Thank you.”

Senator Baker rose to speak in support of the measure and said:

“Madam President, I rise in support of this measure.

“I’ve found the remarks of the previous speaker most interesting but not really on point. The point is that the sale of fuel from a foreign trade zone for use by airlines traveling out of the state are in fact exempt from the GE and use taxes. And so this measure will, in effect, attempt to level the playing field to insure that we have a healthy interisland airline system.

“But more importantly, the application of Hawai‘i general excise and use taxes to interisland flights violates the Federal Aviation Act, which includes interisland flights in the definition of interstate air transport. That’s really why we are additionally passing this measure. It is to provide conformance with the FAA rules, law, and regulations as well as to insure that we provide for our interisland carriers, that are really the transportation lifeline in our state. They need the ability to stay healthy at a time when we know that skyrocketing fuel costs have been both volatile and escalating, surpassing now what the airlines pay for labor. So it’s important to the economic lifeblood of Hawai‘i that we move this measure forward. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2769 was adopted and S.B. No. 2913, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO TAXATION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Trimble).

Stand. Com. Rep. No. 2789 (S.B. No. 2646, S.D. 2):

Senator Fukunaga moved that Stand. Com. Rep. No. 2789 be adopted and S.B. No. 2646, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senators Bunda, Ihara and Gabbard requested their votes be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2789 was adopted and S.B. No. 2646, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO IMPORTANT AGRICULTURAL LANDS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Ayes with Reservations, 3 (Bunda, Gabbard, Ihara). Noes, none.

Stand. Com. Rep. No. 2801 (S.B. No. 2498, S.D. 1):

Senator Fukunaga moved that Stand. Com. Rep. No. 2801 be adopted and S.B. No. 2498, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Espero.

Senator Trimble rose to speak with reservations and stated:

“Madam President, I rise with reservations concerning this measure.

“This measure refers to the harvest season and in general brings to mind of, in other cultures and other societies, when, say, thanksgiving is recognition of the end of the harvest season. In China, it’s the autumn festival.

“But what I find curious is in the bill it talks about various locations, one of which Hawai‘i is in the northern hemisphere; the other three or four are in the southern hemisphere. And it is my understanding that the harvest season occurs approximately six months apart in the southern hemisphere as in the northern hemisphere. So I’m concerned when we refer to the Makahiki or harvest, after the harvest season, as being coming at a particular time of year when we’re talking about peoples on both sides of the equator. Thank you.”

Senator English rose to speak in support of the measure as follows:

“Madam President, I rise in support.

“You know, we only can pass legislation concerning Hawai‘i. So rest assured that we’re only dealing with Hawai‘i, not with any of the other jurisdictions in the region. The good Senator, I’ll be very pleased to give him a Hawaiian history lesson after this so that he can understand the importance of Makahiki in Polynesia, which spreads across many time zones, and most of the Pacific. And frankly, we don’t recognize many of the political divisions that are there. It’s simply that we are one people and one culture.

“So just for the members to understand that what’s happening in the independent jurisdictions in Polynesia, the territorial jurisdictions, etc., they’re all adopting November 20th as the recognition of the harvest. We also have to understand that because this is based on the rising of the Pleiades, it’s not a fixed date in time. So these jurisdictions have all said let’s pick November 20th as the day to recognize it so that we have a date, but knowing that it’s a moving time around that period. And for most of the South Pacific, they celebrate both the rising and the setting of the Pleiades. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2801 was adopted and S.B. No. 2498, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO A MAKAHIKI DAY COMMEMORATION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Ayes with Reservations, 1 (Trimble). Noes, none.

Stand. Com. Rep. No. 2834 (S.B. No. 2196, S.D. 2):

Senator Baker moved that Stand. Com. Rep. No. 2834 be adopted and S.B. No. 2196, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose to speak in opposition and said:

“Madam President, I rise briefly in opposition to this bill.

“The original bill called for a great deal of existing re-regulation or expanded regulation of our commercial activities plus new regulation. The latest draft has taken away the old regulation expansion and just added new commercial boat regulation in private marinas. But I think the intent is clear. It’s more regulation. And it was opposed by the very agencies that are responsible for enforcing this. I note that the only testimony came from four individuals and no agencies or no organizations. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2834 was adopted and S.B. No. 2196, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO COMMERCIAL ACTIVITIES ON OCEAN WATERS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Hemmings, Slom).

Stand. Com. Rep. No. 2854 (S.B. No. 3115, S.D. 2):

Senator Baker moved that Stand. Com. Rep. No. 2854 be adopted and S.B. No. 3115, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose in opposition as follows:

“Madam President, I rise in opposition to this bill.

“I support the concept of the bill, support the idea of encouraging electronic filing of our tax returns, both for an efficiency and cost-saving method. Unfortunately, this bill creates a new special fund—the Integrated Tax Services and Management Special Fund. And the latest draft also includes the streamlining tax proposal, at least software and enforcement. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2854 was adopted and S.B. No. 3115, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO ELECTRONIC TAX ADMINISTRATION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Slom, Trimble).

THIRD READING

MATTERS DEFERRED FROM FRIDAY, FEBRUARY 29, 2008

Stand. Com. Rep. No. 2612 (S.B. No. 2159):

Senator Kokubun moved that Stand. Com. Rep. No. 2612 be adopted and S.B. No. 2159, having been read throughout, pass Third Reading, seconded by Senator Ige.

Senator Trimble rose to oppose the measure and said:

“Madam President, I rise briefly in opposition to this measure.

“Colleagues, we have a process. The process is that we have used for the last few years, I believe without exclusion, is that the Legislative Auditor does a study, and we wait until after we receive that study before we decide whether to remove the sunset restriction.

“Here we’d be removing the sunset restriction before the Legislative Auditor has turned the study in to us. I think that it

goes contrary to the procedures that this Body set up that they wished, or said they wished to follow. Thank you.”

Senator Kokubun rose to speak in support of the measure and stated:

“Madam President, I rise in support of this measure.

“If you’ll note that in the testimony we did receive indication from the Auditor’s office that she is in support of this measure although has not submitted her final report yet. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2612 was adopted and S.B. No. 2159, entitled: “A BILL FOR AN ACT RELATING TO PROFESSIONS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Slom, Trimble).

Stand. Com. Rep. No. 2614 (S.B. No. 2770, S.D. 1):

Senator Kokubun moved that Stand. Com. Rep. No. 2614 be adopted and S.B. No. 2770, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Ige.

Senator Slom rose to speak in opposition to the measure and stated:

“Madam President, I rise in opposition to this bill.

“The bill is about motor vehicle and insurance and managed care options. And the proponents of the bill said that the reason that they are supporting this bill is because they have difficulty in getting managed care options on the neighbor islands. The Insurance Commissioner testified in opposition to the bill, that if the bill passes, insurers would have no incentive to establish or maintain managed care systems. So the bill actually goes against what the supporters say they want. We have a system right now that seems to be working. This bill would make it even more difficult and provide disincentives rather than incentives for managed care. Thank you.”

Senator Kokubun rose to speak in support of the measure and stated:

“Madam President, I rise in support of this measure.

“The previous speaker did identify the issues that came before this Committee. However, there was also testimony indicating that this would not necessarily do away with managed care programs and in fact that that option would still be available.

“We are aware though that we need more direct testimony, particularly from the private company that is providing that managed care service on the neighbor islands, particularly Maui County. And so we defected the date on this bill so we could move it forward. But I think it’s important that we get specific testimony from that private company with respect to further action on this bill. But I think at this time, it would behoove us to move the bill forward so we can have those questions answered. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2614 was adopted and S.B. No. 2770, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO MOTOR VEHICLE INSURANCE,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 5 (Bunda, Hemmings, Slom, Trimble, Whalen).

Stand. Com. Rep. No. 2618 (S.B. No. 3200, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 2618 be adopted and S.B. No. 3200, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hee.

Senator Trimble rose to speak in opposition as follows:

“Madam President, I rise in opposition to this measure.

“Colleagues, in law we’ve already given permission for a great number of state agencies to retain their own attorneys. And we did it on a case-by-case basis. If I understand what this bill really will do is that it will increase the cost of doing government through the cost of litigation when there are alternatives to litigation. And it will permit any board or commission, that at any moment in time happens to be in disagreement with some other department or board, to retain an attorney.

“I think that, from our perspective, it is important that the Administration talk to us with one voice. And this would go contrary to that. For that reason, and for the reason of cost, I oppose this measure. Thank you.”

Senator Taniguchi rose to speak in support of the measure and said:

“Madam President, I have comments in support of this bill that I’d like to have inserted into the Journal.”

The Chair having so ordered, Senator Taniguchi’s remarks read as follows:

“Current law requires the attorney general to provide counsel and representation to state departments and other branches of state government.

“This bill attempts to address situations where two departments or agencies develop a legal dispute involving adverse interests, and both have to look to the attorney general for advice and representation. In these situations, the attorney general may want to decline representing one or both departments or agencies, and the department or agency does not have a say in this decision.

“What this bill does is establishes the responsibilities of the attorney general toward a department or agency for which the attorney general declines to provide representation because of a conflict of interest with another department or agency.

“This bill requires that, if the attorney general determines and discloses a conflict that requires the attorney general to decline representation, and unless the department or agency waives the conflict, the attorney general must employ or retain an attorney for the department, subject to the department’s or agency’s approval. The attorney general is probably in a better position to recommend private counsel for representation.

“Public officials, department heads, and other state employees, who are called upon to exercise discretion and critical decisions on a daily basis, must be assured that sound advice and representation is available to them when needed.

“For these reasons, I ask my colleagues to support this bill. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2618 was adopted and S.B. No. 3200, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO GOVERNMENTAL RETENTION OF ATTORNEYS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 4 (Hemmings, Slom, Trimble, Whalen). Excused, 1 (Baker).

Stand. Com. Rep. No. 2620 (S.B. No. 2081, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 2620 be adopted and S.B. No. 2081, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hee.

Senator Slom rose to speak in opposition to the measure as follows:

“Madam President, I rise in opposition to this bill.

“You know, some bills we discuss and the possibility of unconstitutionality arises or part of the bill. The nice thing about this bill is the entire bill is unconstitutional, and it’s very clear and very concise. All one has to do is read our State Constitution. This bill seeks to limit and strip the powers of pardon of the chief executive; which is very clearly defined in our state constitution—does not require any additional acts by the Governor; does not require the Governor to come before the Legislature; does not require the Governor to give 30 days notice; does not require the Governor to look at different classes of pardons.

“It is clearly unconstitutional. It is clearly an attack on the separation of powers and should be defeated. Thank you.”

Senator Espero rose to speak in support of the measure and said:

“Madam President, I’d like to rise in support of the measure.

“I respectfully disagree with the comments of our previous speaker. This measure is just about transparency in our executive branch. It’s good public policy and it’s an opportunity for individuals to give their input. The Governor should not be afraid of public input. The Governor should not be afraid of criticism. We’ve got three stakeholders here—individuals who may be asking for pardons; victims themselves; and the Governor. And we are not putting any limitations on her decision or stripping her of any authority. Under our State Constitution, she may grant pardons. Under this measure, she continues to grant pardons. We just ask her for a 30-day notice. Thank you, Madam President.”

Senator Baker rose with reservations and said:

“Madam President, please note my reservations on this measure. I have concerns that it politicizes the pardon process.”

The Chair so ordered.

Senators Ihara, Ige, Chun Oakland, Inouye, Nishihara and Menor requested their votes be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2620 was adopted and S.B. No. 2081, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE HAWAII PENAL CODE,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Ayes with Reservations, 7 (Baker, Chun Oakland, Ige, Ihara, Inouye, Menor, Nishihara). Noes, 4 (Hemmings, Slom, Trimble, Whalen).

Stand. Com. Rep. No. 2630 (S.B. No. 2837, S.D. 1):

Senator Baker moved that Stand. Com. Rep. No. 2630 be adopted and S.B. No. 2837, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Trimble rose to speak in opposition as follows:

“Madam President, I rise in opposition to this measure.

“Colleagues, what this measure does simply is it expands the development accounts so that what savings in that account may be used for is an automobile. And it states in the bill that an automobile is an essential asset. I question that. I don’t think

that we should expand the uses to which this account may be used for. And for that reason I urge you to join me in voting 'no.'"

Senator Hemmings rose to speak in opposition and stated:

"Madam President, I rise to speak against this legislation also.

"I would like to point out to my colleagues in the most constructive way what a contradiction this bill presents regarding the automobiles the previous speaker spoke about. We authorized several years ago the collection of a tax increase on the poor—the excise tax. And everybody will be paying more taxes for the rail system. We want everyone allegedly to get out of their cars and start riding the rail. And now we're passing a bill where we're going to provide economic incentives for people to buy cars. The two don't add up. I would urge my colleagues to vote 'no.'"

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2630 was adopted and S.B. No. 2837, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO INDIVIDUAL DEVELOPMENT ACCOUNTS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 3 (Hemmings, Slom, Trimble). Excused, 1 (Taniguchi).

Stand. Com. Rep. No. 2631 (S.B. No. 2958, S.D. 1):

Senator Baker moved that Stand. Com. Rep. No. 2631 be adopted and S.B. No. 2958, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose to speak with reservations saying:

"Madam President, I rise with strong reservations about this bill.

"You know when this tax was first passed—the 66 cents per month per mobile phone—I raised objections and voted against the bill. For two years when that tax was in effect, we later found out that much more money was collected than was actually expended. Now we're told we can reduce this, and in fact the supporters of this bill have said that it is a refund or reimbursement to the public. It's no reimbursement at all. We're not getting anything back. It's just that instead of 66 cents per month, we're still going to be taxed, but it will be 43 cents a month, and again for undescribed and unspecified future expenditures.

"My bill that I had introduced before—S.B. No 2475, which would have abolished this additional cost, would have helped everybody's standard of living—was not even heard. So we didn't get to discuss the merits and demerits and the financial obligations of the mobile companies. I think the mobile companies are doing quite well. I think that anybody that looks at their mobile bill, however, each month finds increasing fees and costs. And so this bill I will support it only because it's reducing it. But the real direction should be to abolish this tax. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2631 was adopted and S.B. No. 2958, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO ENHANCED 911 SERVICES FOR MOBILE PHONES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Ayes with Reservations, 1 (Slom). Noes, none.

Stand. Com. Rep. No. 2632 (S.B. No. 2189, S.D. 1):

On motion by Senator Baker, seconded by Senator Tsutsui and carried, Stand. Com. Rep. No. 2632 was adopted and S.B. No. 2189, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO MAKUA," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Hemmings, Slom, Trimble).

Stand. Com. Rep. No. 2637 (S.B. No. 2535, S.D. 1):

Senator Baker moved that Stand. Com. Rep. No. 2637 be adopted and S.B. No. 2535, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Trimble rose to speak in opposition to the measure and stated:

"Madam President, I rise in opposition to this measure.

"Colleagues, this is kind of curious. This measure seeks to put a surcharge on crime. And this surcharge would be deposited in a special fund. But the surcharge would only apply if the person that committed the crime can afford to pay it. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2637 was adopted and S.B. No. 2535, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE TRAUMA SYSTEM SPECIAL FUND," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 4 (Hemmings, Slom, Trimble, Whalen).

THIRD READING

S.B. No. 2258, S.D. 1:

Senator Taniguchi moved that S.B. No. 2258, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hee.

Senator Trimble rose to speak in opposition as follows:

"Madam President, I rise in opposition to S.B. No. 2258.

"Colleagues, the use of proxies is a standard practice on boards and commissions. Elimination of the use of proxies would make it more difficult for them to meet, have a quorum, and have good discussion. And so because it would make government less efficient, I oppose this measure."

Senator Kim rose to speak in favor of the measure and said:

"Madam President, I rise to speak in favor.

"As a note, the matter of proxies is not a normal procedure of boards and commissions. This is the only one that uses proxies. Thank you."

The motion was put by the Chair and carried, S.B. No. 2258, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE WIRELESS ENHANCED 911 BOARD," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Trimble).

S.B. No. 2204, S.D. 1:

Senator Taniguchi moved that S.B. No. 2204, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Taniguchi rose to speak in support of the measure as follows:

“Madam President, I rise to speak in support of S.B. No. 2204, S.D. 1.

“This bill consolidates amendments contained in various bills that dealt with campaign spending. Major amendments include: the Campaign Commission’s clean up language on e-filing; who is a person; and what constitutes a loan. According to the Commission, when a person purchases items and then submits a receipt for reimbursement, it is considered a loan and must be reported as such with documentation. This is for items over \$100. I do not believe that this is the intent of the law, and that is why this clarification is needed.

“Your Committee also increased the amount required to report names and addresses to individuals from \$100 to \$250. This amount has not changed for years, and due to inflation we believe the amount should be increased.

“We also changed the requirement that a candidate may use campaign funds for ‘ordinary and necessary expenses’ to ‘ordinary and customary expenses.’ I felt that this is needed because one testifier indicated the term ‘ordinary and necessary’ as defined in the Internal Revenue Code means anything that is not extravagant. The Campaign Spending Commission, however, has interpreted the term to mean only expenses that are absolutely necessary. I believe that the main thrust of the campaign spending law is to provide transparency. So long as information about a candidate, including the revenue and expenses, is known, the public can decide whether to support or oppose the candidate.

“Finally, this bill addresses the issues related to the *Tavares* case by clarifying that a corporation using its own treasury has no limit as to its contributions or expenditures to the corporation’s non-candidate committee. I want to note that campaign contribution limits still apply to non-candidate committees. And I need to make it clear that this bill does not allow a corporation to make unlimited contributions to a candidate.

“For these reasons, I ask members to support this bill. Thank you.”

Senator Trimble rose to speak in opposition to the measure and stated:

“Madam President, I rise in opposition to S.B. No. 2204.

“Colleagues, only a couple of years ago at least one among us was complaining that it seemed like it only rained in Manoa. Today it seems like there are people here that want it to rain all over the state of Hawai‘i and it is perhaps only Republicans that want the sunshine to come through.

“And I only want to speak about two specific references. One is that it would remove the cap on the amount of money that a corporation could move to a corporate pact. We should treat the law with respect. There are some people in the community that think that we didn’t make a mistake when we put the limit on—that it was intended to affect somebody upstairs when she chose to run for reelection.

“Now whether this is true or not really doesn’t seem to matter. But she was reelected. And I don’t think that we want the people to think that we’re incompetent and that our motivation was somehow a simple oversight. I think that members of this Body truly wanted to limit corporate contributions that would work its way into campaign contributions. Now this Body decided that it didn’t need to apply the same restrictions to labor. It’s okay that you don’t want it to be applied equally. If you want it to be applied equally, you could put the same restriction on organized labor, and I think your Republican colleagues would support you in your efforts for bipartisan campaign finance reform. But to call

this bill campaign finance reform when it’s a giant step backwards is, as the Senator in front of me would say, disingenuous. Others would prefer that we ban that word in our discussion of bills.

“But the second thing is that it’s increasing the veil of secrecy from \$100 to \$250 for the disclosure of individual or personal contributions. It is interesting to note that the limit of \$200 applies in federal elections. So why are we trying to raise a veil of secrecy above that which is required in the federal elections?

“In the name of good honest campaigns, I support that you reject this measure and only vote in favor of one that is truly a campaign finance reform. Thank you, Madam President.”

Senator Ihara rose to speak in opposition as follows:

“Madam President, I rise in opposition to S.B. No. 2204.

“Madam President, with all due respect to the Judiciary Chair, yourself, and colleagues, I must stand in opposition to this bill. While I agree with many parts of the bill, there is one section that is so objectionable to me that I am compelled to vote against the entire bill, unfortunately.

“This is section 6 of the bill that allows corporations to transfer an unlimited amount of its funds from its treasury to the corporation’s own political action committee. Instead, I believe corporations should be prohibited from making any contributions.

“Section 6 of S.B. No. 2204 in effect allows corporations to make unlimited donations to candidates, subject to the same limits imposed on individuals. I understand the intent of this provision is to resolve a lawsuit now before the Intermediate Court of Appeals and overturn the Campaign Spending Commission’s ruling that limits corporate campaign contributions to a total of \$1,000 per election. From the Judiciary Committee’s perspective, this bill seeks to clarify that the Legislature did not intend to limit corporate donations when in 2005 it enacted Act 203.

“The dispute before the Appeals Court is whether or not the current statute limits the total amount of campaign contributions corporations can make in any election period. Instead of waiting for the case to be decided by the Appeals Court, this bill directly addresses the policy issue of whether or not corporations should be afforded the same rights to participate in elections as individual people.

“I believe not, and here are my reasons. I believe corporations already have too much political power as compared to people in the general public. Corporate officers, directors, and managers can now each donate at the same level as people outside the corporation. Allowing corporations an additional source of funds for campaign contributions—their own corporate checkbook—would give them an unfair advantage in influencing elections. In competitions for elective office, I believe citizens should have a level playing field.

“Currently, each corporation can use only \$1,000 of its funds to spread among the various candidates. If this limit is removed, each corporation could donate to the pool of candidates a maximum of \$260,000 per election period, which is far more than most people have available for this same purpose. When corporations have common interests at stake in an election, they could easily overwhelm and dilute the impact citizens could ever wish to have on elections.

“The public believes there is already too much special interest money in campaigns. And this undermines public trust and public policymaking. While there is concern that corporate offices and directors may contribute to campaigns with their corporation’s interests in mind, it is clear that corporations are

legally bound to act only to advance the goals of their own corporation. This makes corporations a special interest by definition—not a negative thing, but it’s an interest that is specialized, which is for the purpose of the corporation. By allowing corporations to make campaign donations, it only increases the influence of special interests in elections.

“One hundred years ago, the federal government prohibited corporations from making contributions directly to candidates as well as political action committees. And in 18 separate years, one by one 22 states have established bans—complete bans—on corporate contributions. If this bill passes, Hawai‘i would be the first to reverse this trend by increasing, rather than decreasing, the level of corporate participation in elections.

“In our representative form of democracy, the only accountability mechanism available to citizens is elections, which many people believe is a poor one at that. I believe we should enhance the public’s belief that elections do provide an effective accountability tool. And we should reduce special interest money, rather than increase it.

“I understand that my support for a prohibition of corporate contributions could result in less campaign funds for Senators as well as myself. And this issue illustrates what I believe is a situation where the Legislature has a conflict of interest. And in order to avoid such conflicts, I propose an establishment of an independent citizens council to recommend legislation on matters that directly affect us—such as legislative ethics and lobbyists regulation.

“This year, if voters approve a constitutional convention, which I support, perhaps it will address these matters, including this issue of corporate campaign contributions. Thank you, Madam President.”

Senator Slom rose to speak in opposition to the measure and said:

“Madam President, I, too, rise in opposition to this bill.

“It certainly is a truism that politics makes strange bedfellows. And it’s also interesting about the selectivity that sometimes we apply to issues like ethics and also campaign spending reform.

“The two previous speakers I think made excellent points. The Senator, good Senator from Kaimuki—I don’t know how you can argue against his rationality and reason. I’m not anti-corporations, as everyone knows, but there is a place for corporations, an artificial entity, in our society. And the good Senator from Waikiki brought up the fact that if we really wanted a level playing field, that we would make sure that what’s good for goose is good for the gander, too, in terms of organized labor—labor unions. We don’t do that, so we’re very selective there as well.

“But if anybody doesn’t think that this is an important issue and a litmus test with the public, they’re wrong. The Senate now stands alone with this bill and this poor legislation. There is no confusion about what the original intent was, in terms of campaign spending reform, and what the public thought that they got. Now the public is getting short-changed if we advance this bill. We have to stick by what we say we believe in and in what we say is right. And I think that too often when we brush off conflicts of interest or conflicts of interest that apply to other people, we disregard what the good Senator from Kaimuki just said—that oftentimes if we are involved, and particularly if we are involved financially, maybe we should have somebody else take a look at the situation.

“I, too, like the good Senator, very strongly support a constitutional convention, not only to take a look at these issues but also as he mentioned the public is left unarmed out there.

They have the election process, where lots of times we have candidates unopposed. But we have no statewide initiative, no statewide referendum, no statewide recall, no term limits in the Legislature. And so these are things that I think have to be looked at. But the immediate problem is right now with this Senate bill.

“I think all of you have received as much e-mail, faxes, phone calls, and personal visits as I have on this issue. I don’t that there can be any doubt that even though this is an attempted comprehensive bill—and there are several good parts of it—it merely nibbles around the outside of what the real issue is. And the real issue is keeping that limitation on corporate contributions. Thank you.”

Senators Menor, Bunda, Nishihara, Fukunaga, Chun Oakland, Ige, Baker and Espero requested their votes be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 2204, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO CAMPAIGN SPENDING,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 18. Ayes with Reservations, 8 (Baker, Bunda, Chun Oakland, Espero, Fukunaga, Ige, Menor, Nishihara). Noes, 7 (Gabbard, Hee, Hemmings, Ihara, Inouye, Slom, Trimble).

S.B. No. 2887, S.D. 1:

On motion by Senator Espero, seconded by Senator Tokuda and carried, S.B. No. 2887, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO NATIVE HAWAIIANS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 3146, S.D. 1:

Senator Taniguchi moved that S.B. No. 3146, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hee.

Senator Trimble rose to speak in opposition and said:

“Madam President, I rise in opposition to S.B. No. 3146.

“Colleagues, we are a multi-ethnic blend or salad bowl, if you will, of people from all over the world. I agree that one should not eat one’s own pet. I do not find, if we look around our society or around the world, there is agreement as to what is protein and what is a pet.

“To pass this bill, at best, would show our cultural insensitivity. One of the essential defining characteristics of a culture is the food they consume and they way it is prepared. By this measure, at best we’re culturally insensitive; at worst we’re blatantly discriminatory to other cultures and other people. I urge you to consider that before you vote for this bill. Thank you.”

The motion was put by the Chair and carried, S.B. No. 3146, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO CRIMES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Trimble, Whalen).

S.B. No. 2301, S.D. 1:

Senator Taniguchi moved that S.B. No. 2301, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hee.

Senator Hemmings rose to speak in favor of the measure and stated:

“Madam President, I rise to speak in favor of this bill.

“This bill may have a double entendre of Orwellian proportions. And I think it’s highly laudable that this Senate wants to enhance the sentencing for someone who would commit a crime against a pregnant woman. But yet we’re one of the only states in the nation that allows a near-term baby to be killed in the womb and nothing to be done. Hopefully, that will be considered some day also.”

The motion was put by the Chair and carried, S.B. No. 2301, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO CRITERIA FOR EXTENDED TERMS OF IMPRISONMENT,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 2575 (S.B. No. 2215, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 2575 be adopted and S.B. No. 2215, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hee.

Senator Slom rose to speak in opposition as follows:

“Madam President, I rise in opposition to the bill.

“I think this is one of those bills that have been blown out of proportion. And it’s an attempted feel-good bill to label meat. Meat is already labeled, number one. Number two, we have a federal law that is supposed to be in effect September 30th of this year, rendering the state law inoperable. Number three, there have been other states that have attempted similar laws, and they have all been, to my knowledge, struck down by the courts because they violate the commerce clause. Thank you.”

Senator Tokuda rose to speak in support of the measure and stated:

“Madam President, I rise in support of this measure.

“The purpose of this measure is to establish a country of origin labeling requirement for beef, pork, poultry and lamb sold here in Hawai‘i. It requires grocers to list the country of origin for all meat products sold and allow consumers to know just where their food is coming from. By better informing consumers about where their food comes from, it’s also our hope that we’ll be able to better support our local livestock industry, which many of you know is in dire need of consumers and support.

“With recent concerns over tainted food additives and products from such places as China, it should come as no surprise that a July 2007 survey done by Consumer Reports showed that 92 per cent of those surveyed strongly agreed that imported food should be labeled with their country of origin.

“While my colleague from Hawai‘i Kai is correct that other states have tried country of origin labeling in their state, he is incorrect in that there is a state, in fact, that has been very successful in implementing their own country of origin labeling standards—and that is Florida. Currently the attorney general is reviewing Florida’s statutes to find a way that we can not only look at meat products for country of origin labeling but also for that of honey as well.

“The federal government has failed to implement its COOL program since its inception in 2002, and it has been delayed twice over the past six years. And at current, it is scheduled to be enacted for September 30, 2008. Currently as well, there are rumblings that this date may be further pushed back, especially given the change of administration towards the end of this year.

Given the fact that the federal government has stated that they will go ahead and implement this program by September 30, 2008, we’ve gone ahead and delayed the effective to December 31, 2008 to monitor the federal government’s progress. But should they fail to do so, as they have since 2002, this will basically be a measure to better protect and give our consumers a choice. Thank you very much.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2575 was adopted and S.B. No. 2215, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO MEAT,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Hemmings, Slom, Trimble).

Stand. Com. Rep. No. 2576 (S.B. No. 3083, S.D. 2):

Senator Baker moved that Stand. Com. Rep. No. 2576 be adopted and S.B. No. 3083, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Hemmings rose to speak in opposition and said:

“Madam President, I rise to speak against S.B. No. 3083.

“It seems that Hawai‘i Health Care Systems has been on perpetual life support with emergency appropriations necessary to underwrite the operation of the facilities statewide every year. And it is usually a large sum of money, as this is. There are reasons for this, and until we address those reasons, we’ll continue to have to throw good money after bad. Not only are the health and welfare of some people imperiled on the neighbor islands, where they’d have to catch air ambulance service to Oahu to get good medical care, the cost implications are tremendous in human health and also in pocketbook issues.

“In their own testimony, Hawai‘i Health Care Systems pointed out some reasons for the problems. One of them—the implication of mainly government employee union’s workforce, local knowledge suggests—and an external audit firm review confirms that generally the low productivity and no incentives structure have significant limitations to major costs to the system.

“So it’s been clearly identified by the Health Care Systems board that they do have some problems, and those problems are not being addressed. And what we are doing in lieu of that is to throw money at the system. And it just does not make sense. I might add parenthetically to this that there is an opportunity to have a more competitive marketplace for medical care, on the neighbor islands especially, with private hospitals. But that convenience we have here on Oahu is being denied the people on the neighbor islands, most especially Maui, because the certificate of need process protects this hospital’s monopoly—Maui Memorial.

“So if we’re really interested in the health and the cost of medical care, especially on the neighbor islands, we really should take an honest look at this Hawai‘i Health Care Systems and address their problems as they so articulately pointed out in their own testimony.

“I’ll be voting ‘no’ because I don’t think the money will serve the long term interest of the people of Hawai‘i. Thank you, Madam President.”

Senator Baker rose to speak in support of the measure as follows:

“Madam President, I rise in support of this measure.

“It’s unfortunate that the Minority Leader continues to perpetuate the notion that you can’t get good care on the neighbor islands. Clearly there are some services on the neighbor islands that residents would like to have but, based on

our low population, probably are not going to be afforded that opportunity, and we would still need to participate in some level of service from Oahu. We, through a previous measure that we passed—the trauma systems fund—we’re providing some additional resources that will assist the neighbor islands standing up some of those services so they won’t have to burden Oahu’s hospitals. But in the meantime it’s important that the hospitals that those of us on the neighbor islands rely on have sufficient resources.

“Why are they coming in for emergency appropriations? In part because this administration has never provided them with the ability to get the resources needed on the front end, and therefore we have to come in on the back end. I know that all of our hospitals, even our wonderful private hospitals here in Honolulu, get resources from the public sector. As a matter of fact an earlier measure that we passed will provide disproportionate share match for federal money coming in to those private hospitals. And I just got an e-mail that the measure that we passed last year is finally going to be distributed to those hospitals for their uninsured cost, which is largely what we’re finding for the HHSC hospitals as well.

“For these reasons and others, I believe we need to move this measure forward and make sure that our hospitals on the neighbor islands can continue to operate. Thank you, Madam President.”

Senator Hemmings rose in rebuttal as follows:

“Madam President, I rise in rebuttal.

“With all due respect to the previous speaker, who I think cares about the citizens of Maui and their health and welfare as I do, two points should be made. Number one is that I’m sure that Maui Memorial does provide good service in certain areas, but in others it does not. I’ve heard a tremendous amount of anecdotal and testimony from people of Maui who are genuinely concerned about their health and welfare and frequently come to Oahu for service—not because it’s not available on Maui, but because they would really rather get it on Oahu. Secondly, regarding the Governor not providing resources, I don’t see any evidence of that other than the political machinations.

“Hawai‘i Health Care Systems did provide testimony. And it clearly pointed out, though, what I’d previously spoke about, about their problems, especially the low productivity and high cost of government labor employee unions on Maui. It didn’t mention any of the misgivings the previous speaker talked about, about the executive branch of government. I might as well add that Maui Memorial has been a problematic hospital along with some other state hospitals for a much longer time than this governor can deal with, at the executive branch level of the state of Hawai‘i.

“I share the concerns of the previous speaker with the health and welfare of the people of Maui. And I’m hoping that we can find some common ground in the future to see what can really be done to address the essence of these problems, rather than just doing this emergency funding every year. Thank you, Madam President.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2576 was adopted and S.B. No. 3083, S.D. 2, entitled: “A BILL FOR AN ACT MAKING AN EMERGENCY APPROPRIATION TO THE HAWAII HEALTH SYSTEMS CORPORATION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Hemmings, Slom).

Stand. Com. Rep. No. 2579 (S.B. No. 2219, S.D. 2):

On motion by Senator Baker, seconded by Senator Tsutsui and carried, Stand. Com. Rep. No. 2579 was adopted and S.B. No. 2219, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO PUBLIC ASSISTANCE,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 2580 (S.B. No. 2673, S.D. 2):

Senator Baker moved that Stand. Com. Rep. No. 2580 be adopted and S.B. No. 2673, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Trimble rose to speak in opposition and said:

“Madam President, I stand in opposition to S.B. No. 2673.

“I feel that the use of cigarette tax money for CIP for their construction of the Cancer Center is inappropriate. I believe that it will lead to the building of another facility for which money is not available for maintenance. And lastly, I think it is inappropriate to put the center in the middle of a maritime facility, which is also in a tsunami zone. For those reasons I oppose this measure. Thank you.”

Senator Baker rose to speak in support of the measure and stated:

“Madam President, I rise in support of this measure just to advise the good Senator from Waikiki that what he is objecting to is already in the statute, and this allows them to use some of their money for operations as well. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2580 was adopted and S.B. No. 2673, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO THE CANCER RESEARCH SPECIAL FUND,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Slom, Trimble).

Stand. Com. Rep. No. 2581 (S.B. No. 2839, S.D. 2):

Senator Baker moved that Stand. Com. Rep. No. 2581 be adopted and S.B. No. 2839, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose to speak in opposition as follows

“Madam President, I rise in opposition to this bill.

“I’m all for, you know, economic education and funding education and all that because lord knows we seem to be very economically illiterate in our state. However, this bill, which now creates a task force to report to the Legislature, also makes some very specific recommendations that the task force is supposed to adopt. And that is to enact statewide standards for financial and economic education; to eliminate asset limits as a bar to eligibility for public benefit programs; universal matched savings accounts and money in savings for newborns. In other words, it’s laying out a blueprint—a big brother blueprint—for people, rather than having a task force say, ‘Let’s come together and find out what we really need to make our state and our taxpayers and our families economically viable.’ It’s already made those decisions for it. So I’m voting against it. Thank you.”

Senator Gabbard rose to speak in favor of the measure and said:

“Madam President, I rise in support of S.B. No. 2839, S.D. 2.

“Last June Senators Chun Oakland and Hooser and colleagues from the House and I attended an NCSL conference

which focused on asset building, and it was a rewarding learning experience. They focused on the challenges that we face in this area, and it also stimulated many ideas for a solution. We all know that thousands of our neighbors are living from paycheck to paycheck and are very close to being homeless on the beach. And one of the biggest reasons we find ourselves in this predicament is because we are asset poor. So Hawai'i has one of the highest levels of asset poverty in the nation, with 25 percent of our families having insufficient net worth to live, even at the federal poverty level, for more than three months without other support.

"This measure will allow us to put together a task force with the goal of helping people better manage their finances to build and sustain their assets. So colleagues, I ask you to please support this bill. Mahalo."

Senator Trimble rose to speak in opposition to the measure and stated:

"Madam President, I rise in opposition to this measure.

"Colleagues, think about it—a new bank account for every new person that's born in Hawai'i. Where is the money going to come from that goes into this bank account? It's going to come from the citizens of Hawai'i. So somehow, you know, if you take money out of one pocket and stick it in another, you're going to wind up not with more money but with less—because government is involved.

"Thomas Jefferson said over 200 years ago that the government that gives you everything you want is also the government that takes everything you have. The intentions are good. But merely having good intentions does not result necessarily in good law. Thank you."

Senator Chun Oakland rose to speak in support of the measure as follows:

"Madam President, I speak in support of this measure.

"This is one of four measures that we have introduced with regard to asset building. Hawai'i needs comprehensive public policy to help people build assets, and to allow families to be able to thrive in Hawai'i and be able to encourage their children to make very good decisions, economic decisions. So I urge my colleagues to support this measure. Thank you."

Senator Slom rose to speak in rebuttal and said:

"Madam President, just a very brief rebuttal.

"If we really are concerned about asset building in the State of Hawai'i; if we're really concerned about families having more money and more discretion and more choices—cut taxes and cut government spending. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2581 was adopted and S.B. No. 2839, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO FINANCIAL EDUCATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Hemmings, Slom, Trimble).

Stand. Com. Rep. No. 2583 (S.B. No. 2877, S.D. 2):

Senator Baker moved that Stand. Com. Rep. No. 2583 be adopted and S.B. No. 2877, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Ihara rose to speak in support with reservations as follows:

"Madam President, I rise in support of S.B. No. 2877 with reservations.

"My only reservations on this laudable bill involves section 2D, that grants to the Interstate Compact on Educational Opportunity for Military Children an exemption to the state sunshine law. I have asked and found no reason for this—no reason or basis to single out this task force for an exemption to our state's open meetings law. No public policy rationale has been provided, nor are we aware of anyone having requested this. I hope the sunshine law exemption in this bill would either be removed or an adequate policy rationale is provided. Thank you, Madam President."

Senator Sakamoto rose to speak in support of the measure and said:

"Madam President, I rise in support of the measure.

"I believe in this particular task force, and some others, to defend the sunshine issue as brought up on this one. The Council of State Governments is attempting to convene, at least ten states or more to agree to the compact. We, in this measure, have said let's have a task force to address the issues and the concerns prior to such agreement. I believe that as the military issues in the world are important and people want to support the military, many other states will agree to be part of this ten or more state compact. And I believe Hawai'i, with the background we have in cooperating with the military, should be part of it. But, we would need to convene the task force and come back with reasonable recommendations and concerns. And in order to do that prior to next Session, I believe time is of the essence in the sense of the-sooner-the-better to convene or to have meetings, and if we have people coming from other states or the Department of Defense, there will be times when we need to take action prior to waiting for such normally good procedures as notice and meeting requirements. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2583 was adopted and S.B. No. 2877, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO INTERSTATE COMPACT ON EDUCATIONAL OPPORTUNITY FOR MILITARY CHILDREN," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Ayes with Reservations, 1 (Ihara). Noes, none.

Stand. Com. Rep. No. 2585 (S.B. No. 3030, S.D. 2):

Senator Baker moved that Stand. Com. Rep. No. 2585 be adopted and S.B. No. 3030, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose to speak in opposition to the measure and stated:

"Madam President, I rise in opposition to this bill.

"This bill presents a classic description of what's wrong with our governance and our economy. We have no problem; we have nobody complaining of a problem; but we have the idea of having more government involvement, more government intervention, more government regulation. Then the answer to that is, if we have more government regulation, then we need more staff, more offices, more resources. And if we need more staff, more offices and more resources, then we need more money to pay for it. So we'll have more fees, more taxes in order to cover it. I oppose it. Thank you."

Senator Kokubun rose to speak in support and said:

"Madam President, I stand in support of the measure.

"It's ironic for me because this is an administration bill that came forward. What has happened, as you all know, is that mixed martial arts contests have become more and more popular. They seem to be occurring at a much more prolific rate here in the state. And that's really the reason why I think they need the additional resources. I don't think it was done by

DCCA just to buttress up their special fund. They really are under the gun with respect to trying to effectively manage and be sure that they're doing a good job in terms of managing these new types of sports that are coming to Hawai'i. So that's the reason why. And I ask everyone to support it. Thank you."

Senator Slom rose in rebuttal and stated:

"Yes, just a very brief rebuttal. I certainly concur with the good Senator from the Big Island. Popularity of this sport—but popularity does not connote any relationship with problems. And there have been no problems, no issues, no public demanding us to take action. It's just again the idea 'Gee there's something out there. Hmmm, we can get involved; we can have more people; and we can have more offices, and we can have more fees and more taxes.' Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2585 was adopted and S.B. No. 3030, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO MIXED MARTIAL ARTS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Slom, Trimble). Excused, 1 (Ige).

S.B. No. 2644, S.D. 1:

On motion by Senator Fukunaga, seconded by Senator Tokuda and carried, S.B. No. 2644, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE HISTORIC PRESERVATION OFFICER," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Slom, Trimble). Excused, 1 (Ige).

Stand. Com. Rep. No. 2590 (S.B. No. 2711, S.D. 2):

Senator Baker moved that Stand. Com. Rep. No. 2590 be adopted and S.B. No. 2711, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Chun Oakland.

Senator Trimble rose in opposition as follows:

"Madam President, I stand in opposition to S.B. No. 2711.

"Colleagues, this has to do with the balance that's in the fund for beverage containers, a tax on beverage containers. And there was some discussion in Committee as to whether the money, the balance, was surplus or not. And you can kind of look at it in terms of water in a bathtub. The water coming into the bathtub is the tax being collected. At the bottom of the bathtub hopefully there's a drain that the water goes out to in terms of reimbursement, in terms of payment to those vendors that are collecting, the redemption centers where they're collecting the stuff to be recycled, shipping it out of the state to be recycled.

"The problem, quite frankly from my perspective, is the slowness and the restrictions in which the Department of Health applies to its system of reimbursement. They only provide for one-half of the reimbursement when the merchandise is put on a Matson or Horizon line ship to leave the State of Hawai'i, and the other half has to wait for it being received and certification of received in the place where it's going to be recycled. And the reasons for these restrictions is supposedly there have been cases on the mainland where people falsified, presented false documents that it was shipped out of state when in fact it was not.

"The problem is not that there is surplus in the fund. The problem is that some of us view the money, the float that is in there, as surplus. If we want the program to work more efficiently, we would be encouraging the Department of Health

to audit and to speed the payment to redemption centers—not assume that it is surplus and put it to another use. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2590 was adopted and S.B. No. 2711, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO INTEGRATED SOLID WASTE MANAGEMENT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 18. Noes, 2 (Slom, Trimble). Excused, 5 (Fukunaga, Sakamoto, Taniguchi, Tokuda, Tsutsui).

At 12:11 p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 1:00 p.m.

Stand. Com. Rep. No. 2749 (S.B. No. 2423, S.D. 2):

Senator Baker moved that Stand. Com. Rep. No. 2749 be adopted and S.B. No. 2423, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Chun Oakland.

Senator Bunda rose to speak in favor of the measure and said:

"Madam President, I stand in support of the measure.

"Madam President, after Governor Lingle's recent State of the State address, I was asked by the media if I thought the State had enough money to purchase Turtle Bay. At that time, my immediate answer was, 'I don't think it will fly.' My answer was specific as to the use of limited state funds, and obviously there were no details on the proposal at the time.

"This bill provides us with some reasonable options. I commend Senator Hee for finding a way to get this measure on the table for serious discussion. The intent of this measure is strongly supported by a majority of the North Shore community. Most of us are searching for a balance between development and preserving open space on the island of Oahu. We question important issues related to increased residential density, adequate infrastructure, and the sheer volume of tourists that visit the North Shore. The reality is that people truly believe tourists travel to the North Shore not to see buildings, but to experience the island's beautiful landscape and pristine beaches. That is what draws people to Hawai'i as a whole.

"So that we are on the same page, you need to know that Turtle Bay already has the necessary approvals to increase the number of hotel rooms to 3,500. And as I've indicated, infrastructure will become a major issue, especially problems with traffic, sewage, and water. This bill gives us the ability not only to discuss our financing options, but to negotiate with the owners, as we all try to find the middle ground that benefits everybody.

"I urge all of you to support this measure. Thank you, Madam President."

Senator Hee rose to speak in favor of the measure as follows:

"Madam President, I rise to speak in support of this measure.

"Early on in the Session the Governor indicated in her state of the state that she had every intention of trying to accomplish what many believe cannot be accomplished—and that is to preserve the open spaces at Kahuku Point and at Kawela Bay. While I have some reservations about whether or not the state should get involved in running a hotel, this bill represents the widest of all horizons to give the Governor the opportunity to try to accomplish what she indicated in her state of the state and

what to this very moment many believe she will not be able to succeed at the end of the day.

"I hope, though, that what doesn't get lost is that as a state, and as we grow exponentially, on Oahu we understand only too familiar of the growth slated for the Leeward coast, and the plains of Kapolei. As time moves on generationally, the North Shore will be perhaps the only remaining area where people can go and enjoy the natural environment that Oahu has to offer. This bill allows that to occur. I hope that the members, at least at this point, will support the measure. And as it moves forward, it may well be that the measure will be crafted more narrowly.

"I urge our colleagues to vote 'yes.' Thank you, Madam President."

Senator Slom rose to speak in opposition to the measure and stated:

"Madam President, I rise in opposition to the bill.

"While there are a number of issues that are involved with development in general and specific areas—the Leeward community and North Shore in particular, and I think the Legislature has tried to address them—the basis of this bill really is the government takeover of land and private development. And we're going to see several more bills coming up this afternoon that propose to have the government do that. And I do not doubt that people on the North Shore support this. Just like in East Honolulu, my constituents support the idea of government buying or taking over more of Ka Iwi land—we already saved the Ka Iwi coast land. Now it's time to save more of Ka Iwi as development is threatened under preservation lands.

"I view these as separate issues—the zoning, the development, what we do with the infrastructure, what kinds of needs we have. I view that as separate from the idea of having government—and particularly this government, this state government—trying to solve problems and play to different communities by saying we will buy it. It's not going to be the Governor buying it. It's not going to be the Legislature buying it. It's going to be the taxpayers buying it. And the question then becomes, if we total up the bill for all of the bills that we have today, the measures that we have today, having the State buy up land—do we do that in place of educational priorities, in place of law enforcement priorities, in place of health care priorities, in place of transportation priorities? In other words, if we had unlimited financial resources, that may be one thing to consider. But we don't.

"The other thing to consider and why, to me, this is a very serious issue, the fact that the announcement was made on Opening Day and caught everyone by surprise—including the owners of Turtle Bay—indicates to me that there was not really a serious, fair-minded, level attempt to really negotiate a settlement including the owners of this private development.

"We've heard a lot about the ability to have 3,500 additional hotel rooms, and yet we never hear about the possibility that it's not either-or. It's either zero or it's 3,500. There is room for discussion. We also hear about the financial problems of the owners of the Turtle Bay Resort. Some of us remember back in the days when this was still sugar land and when the first proposal was made for Turtle Bay. It was supported by the unions because of jobs, and economic development, and options and alternatives. I think we have lost a lot of our perspective. And I certainly support and encourage further community discussion in letting the communities decide what is done in their name, and in terms of developers who have made certain promises, to hold their feet to the fire, and also to make changes, particularly after 20 or more years. But I don't think,

again, that the solution is we're going to buy this, we're going to buy this, we're going to buy this, we're going to buy it.

"In addition to that, as was said, the good Senator from Kahaluu in his proposal fleshed out and gave us something to look at; whereas the chief executive basically gave us an idea, an objective, a goal. And I think that's good. I listened in on some of the hearings that were held, or the hearing that was held.

"The problem I have that this bill includes is of course eminent domain and condemnation. And also to have the State involved in any way—in any way—in resort management or resort operation I think is a major mistake. We're talking about taxable lands right now. We're talking about tax revenue which goes to support education and other functions of government. And I think we should be extremely careful before we jump on the bandwagon of all of these potential buyouts.

"This Legislative Session so far in my humble opinion has been characterized by two functions. One is to ban as many things as we can. And the second is to buy as many things as we can. I don't think that either policy is a prudent policy, and we have to look at things individually. And as I look at it individually, I cannot at this time support the Turtle Bay project. I know that there will be more discussion. There's discussion tonight, and I think that's good. I think we should wait until we have some kind of consensus, if in fact we can reach a consensus. And if we have the resources, and we tell other people, 'Wait a minute; we can't do what you want us to do because we're going to buy Turtle Bay and Galbraith and Haiku and Coco Palms and all of the other areas as well.' So from this standpoint, at this point, I'll register my 'no' vote. Thank you, Madam President."

Senator Menor rose to speak in support of the measure with reservations as follows:

"Madam President, I rise to offer remarks in support of this measure, but with strong reservations.

"First of all, let me just state at the outset that I appreciate the comments of the previous speakers, including and especially my colleague from the Wahiawa district, that I share many of the sentiments and concerns that he has expressed. However, I do have strong reservations for a number of reasons.

"While I believe the bill is well-intentioned, and that its purpose is to keep undeveloped and pristine areas of the North Shore an open space, I fear that the passage of this bill would come with a huge price tag that the state cannot afford. The bill doesn't specify what the ultimate cost will be to the state and what will be done with the property if the state acquires it. This measure would authorize the administration to purchase or condemn the entire Turtle Bay property, including improved or unimproved land. However the cost to the state will be quite substantial because even the unimproved land is extremely valuable. It has been described as the only oceanfront resort-zoned property on Oahu. As you know, the current owner of the acreage in question—Kuilima Resort Company—has planned resort, residential, commercial, and recreational development in the area.

"Madam President, I have had the opportunity to review pleadings and memorandum in the pending lawsuit that was filed by the plaintiffs, Keep the North Shore Country and the Sierra Club, against the owners of the Turtle Bay property and other defendants in which the plaintiffs are seeking a court order to require the preparation of a supplemental EIS before the development is allowed to proceed. The documents filed with the court indicate that the expansion project, which began in the mid-1980s, has already obtained a myriad of government permits and approvals including a zoning change, state land use reclassification, issuance of a shoreline management area use

permit, and subdivision approvals. Moreover, extensive work has already been done to implement the massive planned resort community, including the completion of requisite environmental studies and the construction of various infrastructural and other improvements. To the extent that the owners have already made a significant investment in proceeding with this project, I believe that they will be in a strong position to demand substantial compensation for the sale of these lands by the state, based on the contention that they or subsequent owners have a vested right to undertake a lucrative and extensive development of these properties.

"I'd also like to bring to the attention of my colleagues an op-ed piece that appeared in one of our major daily newspapers this morning. It's entitled '*Plan to put resort in perilous position*' and it expressed strong concerns about the administration's proposals, including the fact that the executives of Turtle Bay believe that they've lost as much as \$500,000 this year alone in room revenue alone, in light of the Governor's announcement. And so the concern I have in light of these concerns is that we need to anticipate that the owners may also include as part of the asking price whatever damages they sustained as a consequence of the administration's proposal.

"Finally, another major concern that I have with this measure is that it would authorize the administration to purchase the resort and other developed portions of the property as well as the surrounding undeveloped land. However, if the administration does so, but is subsequently unable to sell the developed parcels to a third party, the state may be left with several unpleasant options, including having to provide for an indeterminate period substantial funds for the costly maintenance and upkeep of the resort and other developed portions to insure their marketability until they're sold. In my mind, this can be tantamount to pouring tax dollars into a money pit.

"For all of the reasons that I've proffered, I believe that a measure such as this should be examined very carefully before it's enacted into law. Therefore, although I will be voting in favor of this bill to keep the discussion moving forward, I'll be doing so with strong reservations. Thank you."

Senators Taniguchi, Tsutsui, Kim, Ige, Nishihara and Espero requested their votes be cast "aye, with reservations," and the Chair so ordered.

Senator Trimble rose to speak with reservations and said:

"Madam President, I stand to express a very short reservation.

"We are the only state that operates a stadium. I would hate to see us being the only state that also operates a resort. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2749 was adopted and S.B. No. 2423, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO LAND ACQUISITION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Ayes with Reservations, 8 (Espero, Ige, Kim, Menor, Nishihara, Taniguchi, Trimble, Tsutsui). Noes, 2 (Inouye, Slom).

Stand. Com. Rep. No. 2817 (S.B. No. 2421, S.D. 2):

Senator Baker moved that Stand. Com. Rep. No. 2817 be adopted and S.B. No. 2421, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Bunda rose to speak in support of the measure and stated:

"Madam President, I rise to speak in support of the measure.

"Colleagues, the Galbraith Estate, all 2,100 acres of it, sits on some of the richest soils in the state. As some of you know, pineapple was farmed on these lands for years, and Del Monte was a responsible and contributing part for our community, providing jobs and contributing resources to the people of Central Oahu. This bill gives us all an opportunity to preserve one of the few remaining large land parcels in the state and insures that it stays in agriculture production forever.

"Recently, several investors were poised to purchase Galbraith but failed in its negotiations with the trustee. We have the opportunity today to act now and set the course on preserving this prime ag land. Other investors have made promises that used agriculture as a ruse to subdivide for building homes on this land. There also have been discussions of breaking up this large land tract into smaller parcels to be put on the market. Our community's worst fears would be realized if future buyers used this as an 'in' to gentlemen farming. We definitely do not want million dollar estates on prime agricultural lands in Central Oahu, simple as that.

"I know there are some concerns regarding our budget priorities, but let's keep the discussion alive and continue to discuss all the options. I believe now is the time to set the course of action and to act responsibly in concert with our state constitution, which clearly mandates the preservation of agricultural lands. Thank you, Madam President."

Senator Slom rose to speak in opposition as follows:

"Madam President, once again I am compelled to rise in opposition to this bill.

"Again, because it is part of a half-dozen package of buying properties, cost has got to be a concern. We are the Legislature. We are using other people's moneys. We've got to be concerned about that. We can't talk about asset building in one hand, and talk about the Legislature buying, condemning or assuming control of property, expensive lands, in another. We certainly can ask for community input. We can explore options and alternatives. We can facilitate—use this Body to facilitate discussions and ultimate distribution or sale or transfer or preservation of the lands. But to continue to go and say we're going to buy this and buy that, and just look at cost as an afterthought, is not being responsible as a lawmaker. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2817 was adopted and S.B. No. 2421, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO LAND ACQUISITION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Slom).

Stand. Com. Rep. No. 2594 (S.B. No. 2933, S.D. 2):

Senator Kokubun moved that Stand. Com. Rep. No. 2594 be adopted and S.B. No. 2933, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Ige.

Senator Slom rose to speak in opposition to the measure as follows:

"Madam President, I rise in opposition to this bill.

"Certainly we should be encouraging all kinds of energy alternatives and things that we can do. But this bill is an interference again of government into private land usage and ownership, notably covenants that run with the land, covenants that are used to protect land values, to protect neighborhoods, to protect individuals from visual blight.

"Now we've talked about dirty laundry in this Body before. This bill would actually encourage dirty laundry being on

display. It's one thing to say people should be able to use clotheslines as they can in other than covenanted communities. But it's another thing to say we the government are going to force a violation of those contracts and those agreements that people knew about when they moved into that particular community. They're not violating any federal or state laws. They are not violating anything else other than protecting the property of those people that voluntarily made that choice. We can still encourage people to use alternative energy and all kinds of things including clotheslines. But to force individuals on private developments to make changes in contractual arrangements I think is wrong. Thank you."

Senator Hooser rose to speak in support and said:

"Madam President, I rise in support of S.B. No. 2933.

"I'll keep my remarks very, very brief. This is otherwise known as the great right to dry act. And this bill simply says no person shall be prevented from using a clothesline on premises that they own. It's pretty clear, Madam President, this just preserves options for people on property they own. The visual blight is prevented through an amendment made in the community that allows homeowners' associations to screen the drying from view from neighboring streets.

"And I'd like to read just briefly from the administration's testimony in support of this bill. It says: 'allowing Hawai'i residents to use renewable energy and to voluntarily reduce the use of fossil fuels for clothes drying is consistent with Hawai'i's energy objectives...'

Senator Whalen interjected:

"Point of order. Point of order. Madam President, I believe earlier this year one of the Senators to my right was trying to read something into this record that was already in testimony, and he was told he was out of order. So I believe this is the same instance."

The Chair responded:

"I don't recall that."

Senator Whalen replied:

"No recollection?"

The Chair answered:

"I have no recollection of that, Senator Whalen."

Senator Whalen noted:

"It was the Senator from . . ."

The President interjected:

"I believe, Senator Whalen, that's a common practice, especially when we talk about confirmations, for example, that those kinds of testimony were in fact read."

Senator Whalen continued:

"I thought maybe perhaps since the Senator from the Windward side was told not to do that, I thought maybe there was another rule change or something, so."

The Chair responded:

"Not that I know of. Thank you. Please proceed."

Senator Hooser continued:

"Thank you, Madam President. I will keep the remarks brief and paraphrase.

"Allowing Hawai'i residents to use renewable energy and to voluntarily reduce their use of fossil fuels for clothes drying is

consistent with Hawai'i energy objectives and support of Hawai'i's renewable energy future. Each kilowatt hour delivered to a clothes dryer requires about 10,000 BTUs delivered to a power plant. Thus, an electronic clothes dryer uses 1,079 kilowatts per year, about 80 gallons of fuel. If only 20,000 clothes driers were used 50 percent less, that would save the state \$1.7 million, the consumers of the state, less in energy, money that they're now paying exporting for oil.

"And to close, I will use brief comments also that were in the record. This is from a famous person, Benjamin Franklin. Mr. Franklin said quite simply, 'We must all hang together, or most assuredly we will hang separately.' (Laughter.) Thank you, Madam President. I encourage my members to vote in support."

Senator Tsutsui requested his vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2594 was adopted and S.B. No. 2933, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO HOUSEHOLD ENERGY DEMAND," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Ayes with Reservations, 1 (Tsutsui). Noes, 2 (Slom, Whalen).

Stand. Com. Rep. No. 2595 (S.B. No. 2530, S.D. 2):

On motion by Senator Kokubun, seconded by Senator Ige and carried, Stand. Com. Rep. No. 2595 was adopted and S.B. No. 2530, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO HEALTH INSURANCE SUPPORT FOR SMALL BUSINESS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 2596 (S.B. No. 2542, S.D. 2):

On motion by Senator Baker, seconded by Senator Tsutsui and carried, Stand. Com. Rep. No. 2596 was adopted and S.B. No. 2542, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC HEALTH," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 2600 (S.B. No. 2663, S.D. 2):

Senator Baker moved that Stand. Com. Rep. No. 2600 be adopted and S.B. No. 2663, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Hemmings rose to speak in opposition to the measure as follows:

"Madam President, I rise to speak against this legislation.

"This legislation will, if passed, codify which was discussed last year in the nomination of two non-HSTA union members to the Hawai'i State Teachers Standards Board. There's a tremendous conflict of interest in this board being administered by only one special interest group that happens to be the teachers of the public school system. And that conflict could be similar to a board of director of a publicly-held company on the New York Stock Exchange shorting his own company. Because we often hear from the HSTA that 'we have a shortage of teachers, therefore give us more money'—and that's usually what this Legislature does. In fact this year we're giving appropriation to add to the collective bargaining increase of just the last bargaining time.

"So this really is a proposal fraught with peril because it's really giving one special interest group—in this case the

unions—tremendous dominance over who teaches in schools. And then when they turn around and say there's not enough teachers, they ask for more money. It doesn't make sense. We really need a broad-based perspective. We all have heard the stories down through the years of eminently qualified teachers from other jurisdictions having a difficult time getting by the Teachers Standards Board's process. There was one teacher that was a former legislator who taught at West Point and couldn't get certification by the Hawai'i State Teachers Standards Board.

"So if we're really interested in education, we should broaden the base of the Hawai'i State Teachers Standards Board—not narrowly focus it with this legislation to one or two special interest groups. So I'd urge my colleagues to really do what's good for education—and not what's good for a special interest group—by voting 'no' on this. Thank you, Madam President."

Senator Sakamoto rose to speak in support of the measure and stated:

"Madam President, I rise in support of the measure.

"In addition to nominees submitted to the governor from the exclusive representative for public school teachers, it includes the exclusive representative for public school administrators, includes any national professional organization with a local chapter in the state that represents teachers or school administrators, and the Hawai'i Association of Independent Schools for private school teachers. And we hope there is adequate representation and by no means are all of the members to be, would be selected normally from just the teachers. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2600 was adopted and S.B. No. 2663, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII TEACHER STANDARDS BOARD," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 1 (Hemmings). Excused, 2 (Bunda, Whalen).

Stand. Com. Rep. No. 2603 (S.B. No. 2739, S.D. 2):

Senator Baker moved that Stand. Com. Rep. No. 2603 be adopted and S.B. No. 2739, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Trimble rose to speak in opposition to the measure and said:

"Madam President, I stand in opposition to this measure.

"I do not think that DLNR has the capacity to be in the road maintenance business. That's what this bill in effect does. Thank you."

Senator Baker rose to speak in support of the measure and stated:

"Madam President, I rise in support of this measure.

"Madam President, this is one of the roads in limbo bills that has plagued the county of Maui and the State. It is only a section of road that will be assumed for maintenance and control. It's a part of the road that goes through the Natural Area Reserve System on the south side of Maui from above Makena State Park. It is an area that's very sensitive and needs to be managed appropriately. The DLNR is putting regulations in place to do just that. But one of the areas that they need to have the ability to control is that portion of road going through the Natural Area Reserve, of Ahihi Kinau.

"I believe in discussions with DLNR, now that the scope has been narrowed so that the other state entity that is in the road business, DOT, will manage the more public parts of the road, it will be easy for DLNR to manage this segment. It will fit within their management plan for the Natural Area Reserve. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2603 was adopted and S.B. No. 2739, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE MAKENA-KEONEOIO GOVERNMENT ROAD," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Trimble). Excused, 1 (Bunda).

Stand. Com. Rep. No. 2605 (S.B. No. 2555, S.D. 2):

Senator Baker moved that Stand. Com. Rep. No. 2605 be adopted and S.B. No. 2555, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose to speak in opposition as follows:

"Madam President, I rise in opposition to this bill.

"I think the intent is good in that we want to combine and consolidate a number of different departments and agencies into one new department. The problem is there are no real cost estimates as to what this will do. There are no estimates as to whether or not we will have efficiency or productivity savings. And the idea that we are just creating yet another department, even though it's got a nice name—Planning and Sustainability—does not mean that we're going to get either better planning or sustainability. And I think it leaves many more questions than those that are answered.

"Also, a number of the existing agencies are already working toward the idea of coming up with common standards or common rules for both planning and sustainability. And I think we should work on those rather than creating yet another new bureaucracy. Thank you."

Senator Kokubun rose to speak in favor of the measure and said:

"Madam President, I stand in support of the measure.

"I appreciate the comments of the previous speaker because I think he was exactly right. There are a number of different agencies and divisions looking at the long range planning for Hawai'i. I think that's such an essential function for state government. But as you know, we know, many of us know, originally when the Department of Business, Economic Development and Tourism was first established, it was called the Department of Planning and Economic Development. The emphasis was really on the planning. And I think that through the years, that has been deemphasized. And I think it's important that we again put that concept at the forefront of our governmental functions. I think it's so important that we not only have a vision of where we want to go, but that we have the ability through an administrative department to chart the course of how we're going to attain that vision.

"Madam President, I totally agree. I think we have a number of different agencies that are looking at this. However, they are functioning in many different departments. And for that reason I think this is a worthy bill to move forward. I agree that we do not have all the details yet on how it's to be put together. But as discussion moves forward, I think we can put those details and flesh it out.

"Now, I think we all realize it's not something that's going to happen overnight, even though the effective date would be whatever, upon approval. I think we all know that it's going to take a while to be able to put this and organize this, so that will

be part of the discussion moving forward. But I think it's still a very worthy concept of support, and I would ask my colleagues to join me in supporting it. Thank you."

Senator Trimble rose to speak in support of the measure as follows:

"Madam President, I rise in support of this measure. I find it somewhat surprising that I am in disagreement with the Senator from Hawai'i Kai.

"Before we had a Department of Planning and Economic Development, we had two departments. We had a Department of Planning, and we had a Department of Commerce. There is a very strong rationale that can be made that an Office of Planning should contain all those agencies and groups that are involved in planning. In the administration of a couple decades ago, when there was a Department of Planning and Economic Development, we had a state plan; we had functional plans. And we used to be talking in terms of a preferred future, which is what sustainability is all about. I think this is an important measure because it focuses the attention on do we truly want to combine all those things into an Office of Planning. I think that the discussion is beneficial and it should continue. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2605 was adopted and S.B. No. 2555, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO SUSTAINABILITY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Hemmings, Slom). Excused, 1 (Bunda).

Stand. Com. Rep. No. 2608 (S.B. No. 3008, S.D. 2):

On motion by Senator Taniguchi, seconded by Senator Hee and carried, Stand. Com. Rep. No. 2608 was adopted and S.B. No. 3008, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE CODE OF FINANCIAL INSTITUTIONS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Bunda).

S.B. No. 3245, S.D. 1:

On motion by Senator Kokubun, seconded by Senator Ige and carried, S.B. No. 3245, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO LIFE INSURANCE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Bunda).

S.B. No. 3, S.D. 1:

Senator Hee moved that S.B. No. 3, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Slom rose to speak in opposition as follows:

"Madam President, I rise in opposition to this bill.

"This bill is an anomaly. First of all, I don't recall any testimony in support of this bill. I don't know why we have this bill. If we're talking about public parks, public recreation areas, we're talking about the need to maintain them.

"This doesn't fit the public park because we have private uses. We have lessees in this park, that we started it as an experimental program. And my information is that more than half of the lessees are in default of their lease, which requires them to provide service time within the park. I think it's a bad precedent.

"If we're talking about maintaining our park system, improving our park system, taking care of our endangered

resources, and so forth, then we should keep that separate from private residential use. Thank you."

The motion was put by the Chair and carried, S.B. No. 3, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO KAHANA VALLEY STATE PARK," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 3 (Hemmings, Slom, Trimble). Excused, 1 (Bunda).

S.B. No. 2835, S.D. 1:

On motion by Senator Hee, seconded by Senator Kokubun and carried, S.B. No. 2835, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC ACCESS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Bunda).

S.B. No. 2836, S.D. 1:

On motion by Senator Hee, seconded by Senator Kokubun and carried, S.B. No. 2836, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC ACCESS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Bunda).

S.B. No. 2434:

On motion by Senator Fukunaga, seconded by Senator Nishihara and carried, S.B. No. 2434, entitled: "A BILL FOR AN ACT RELATING TO THE STADIUM AUTHORITY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 3 (Hemmings, Slom, Trimble). Excused, 1 (Bunda).

S.B. No. 2569:

On motion by Senator Fukunaga, seconded by Senator Nishihara and carried, S.B. No. 2569, entitled: "A BILL FOR AN ACT RELATING TO THE MUSEUM OF HAWAIIAN MUSIC AND DANCE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Bunda).

S.B. No. 2174:

Senator Taniguchi moved that S.B. No. 2174, having been read throughout, pass Third Reading, seconded by Senator Hee.

Senator Ihara rose to speak in opposition to the measure and said:

"Madam President, I rise in opposition to S.B. No. 2174.

"Madam President, S.B. No. 2174 is a landmark bill—the most significant piece of legislation affecting how our government operates, whether in the sunshine or in the dark. And this bill, sadly, represents a partial eclipse of the sun. HRS 92 is our state's open meetings law, and this bill would convert Hawai'i into a quorum state. This means that members of a board can do virtually anything regarding the business of their boards so long as there is no quorum. This is because without a quorum present, the board is not constituted under open meeting laws. In quorum states, a collection of members only becomes a board when a quorum is present, and only then would the sunshine law apply.

"Hawai'i is currently a strict sunshine law state. And this bill would change that. In strict sunshine states, open meeting

laws typically apply to boards and their individual members even when there is no quorum. In these states, oftentimes numerous exceptions are made to sunshine laws to accommodate the necessary operations of boards. But this requires thoughtful discussion and trust amongst public boards and open government groups in order to craft exceptions. However, there has been a climate of frustration and distrust among stakeholders, and all exceptions in past legislative sessions have failed, which has allowed the frustrations to build even greater.

“I believe it is far better to keep our strict sunshine law and make workable exceptions, rather than eliminating the need for exceptions by having the sunshine law apply only for board quorum. This is because safeguards can be provided with exceptions.

“If the sunshine law is negated for most activities of less than a quorum, there would be no safeguards. I believe public distrust of boards will increase. For example, this bill would allow 7 members of a 15-member board to meet in private and discuss fully any board business that it wants. That’s what this bill does. At this private meeting, any votes taken would obviously not count because they would not be a board, and members would not be allowed under this bill to make commitments to vote in a certain way on any issue—but who would know? The public is excluded from such private meetings. No one would know what was discussed at a meeting and no one would know even if the meeting took place at all.

“Madam President, I find allowing this situation to happen is unacceptable. If S.B. No. 2174 is adopted, there would be no need for S.B. No. 2201 or S.B. No. 2295, which are coming up later on today’s agenda. If this bill becomes law, there will be reason to question whether Hawai‘i is indeed a sunshine state. Thank you, Madam President.”

Senators Chun Oakland and Kim requested their votes be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 2174, entitled: “A BILL FOR AN ACT RELATING TO PUBLIC AGENCY MEETINGS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Ayes with Reservations, 2 (Chun Oakland, Kim). Noes, 3 (Ige, Ihara, Inouye). Excused, 1 (Bunda).

S.B. No. 2557, S.D. 1:

On motion by Senator Tokuda, seconded by Senator Fukunaga and carried, S.B. No. 2557, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO BURIAL SITES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Hemmings, Whalen). Excused, 1 (Bunda).

S.B. No. 2556, S.D. 1:

On motion by Senator Fukunaga, seconded by Senator Espero and carried, S.B. No. 2556, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO HISTORIC PRESERVATION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 4 (Hemmings, Slom, Trimble, Whalen). Excused, 1 (Bunda).

S.B. No. 2201, S.D. 1:

On motion by Senator Taniguchi, seconded by Senator Hee and carried, S.B. No. 2201, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO LEGAL REQUIREMENTS FOR NEIGHBORHOOD BOARD MEETINGS,” having been read

throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Bunda).

S.B. No. 146, S.D. 1:

On motion by Senator Baker, seconded by Senator Tsutsui and carried, S.B. No. 146, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO STATE FUNDS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Slom). Excused, 1 (Bunda).

S.B. No. 2997, S.D. 1:

Senator Hee moved that S.B. No. 2997, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senators Tsutsui, Ihara and Taniguchi requested their votes be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 2997, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO LAND USE,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Ayes with Reservations, 3 (Ihara, Taniguchi, Tsutsui). Noes, 2 (Slom, Trimble). Excused, 1 (Bunda).

Stand. Com. Rep. No. 2669 (S.B. No. 2373, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 2669 be adopted and S.B. No. 2373, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hee.

Senator Gabbard rose to speak in favor of the measure and said:

“Madam President, I rise in strong support of S.B. No. 2373, S.D. 1.

“Colleagues, just the other day as you know the DEA officers busted ice dealers which happened to be in my district in Royal Kunia, and they seized 50 pounds of ice, which would have had a street value of over \$1 million. This is, as you can probably can guess, one of the largest ice busts in the history of Hawai‘i. And so it’s obvious that there’s a huge market for this drug in our state, and with busts like this it won’t be too long before the dealers look to increase their efforts in making ice here locally.

“This bill is timely because it will help law enforcement by closing a loophole in existing laws so that we can better track those criminals who are going from store to store buying pseudoephedrine and then making ice to poison our communities. It would simply require retailers to keep an electronic log of their pseudoephedrine sales on an Excel worksheet and send that to the Department of Public Safety Narcotics Enforcement Division.

“The amendments to the current version of the bill are also acceptable to the Hawai‘i Food Industry Association, whose membership will be implementing the law. And I would also like to say mahalo to the Chair of CPH for adding those amendments, which actually strengthen the bill. So, colleagues, I would ask you to please support the bill. Mahalo.”

Senator Slom rose to speak in opposition as follows:

“Madam Chairman, I rise in opposition to this bill.

“While we all saw the news about the 50 pounds of ice, I would remind everybody that 50 pounds of ice does not equate to the medicinal use of pseudoephedrine. And what we’re doing is further criminalizing individuals or making it difficult

for them to get over-the-counter medical remedies. We also are putting a burden on small businesses. And we have a disconnect between our drug enforcement, our war on drugs which I think was lost years ago. But what we're doing instead is targeting individuals and families and making it more costly for them. Thank you."

Senator Ihara requested his vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2669 was adopted and S.B. No. 2373, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PSEUDOEPHEDRINE SALES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Ayes with Reservations, 1 (Ihara). Noes, 2 (Slom, Trimble). Excused, 1 (Bunda).

Stand. Com. Rep. No. 2670 (S.B. No. 3087, S.D. 1):

On motion by Senator Taniguchi, seconded by Senator Hee and carried, Stand. Com. Rep. No. 2670 was adopted and S.B. No. 3087, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CONTRACTOR SUSPENSION ON PUBLIC WORKS PROJECTS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Whalen). Excused, 1 (Bunda).

Stand. Com. Rep. No. 2672 (S.B. No. 2262, S.D. 1):

Senator Baker moved that Stand. Com. Rep. No. 2672 be adopted and S.B. No. 2262, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose to speak in opposition and said:

"Madam President, I rise in opposition to this bill.

"Basically, this is a bill to remove the sunset date from the VEBA trust for the unions. What we've seen since the beginning of the EUTF is that the EUTF has been operating fiscally soundly and has also been very efficient. But what this does is we carve out exceptions to the EUTF. It raises the cost for all public employees. Thank you."

Senator Kokubun rose to speak in opposition as follows:

"Madam President, I rise in opposition to the measure.

"For me, one of the main concerns about the VEBA trust had to do with the retirees. And although there was some testimony that indicated the retirees were now more in favor of the VEBA trust, my links to some of those retirees indicate that in fact they are still very much in opposition. So I think what's being proposed here is an extension of the pilot program. We should have enough information to really make the decision now and what kind of effect it has on the EUTF and whether or not this makes any more sense going forward. So for that reason, Madam President, I'm voting 'no.'"

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2672 was adopted and S.B. No. 2262, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Kokubun, Slom). Excused, 1 (Bunda).

Stand. Com. Rep. No. 2674 (S.B. No. 2627, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 2674 be adopted and S.B. No. 2627, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hee.

Senator Trimble rose to speak in opposition to the measure as follows:

"Madam President, again I rise in opposition to the concept of S.B. No. 2627.

"Colleagues, why not gold and silver or aluminum or lead? Why are we picking on copper? The basis for this bill seems to be if you require scrap dealers to pay by check, if you make it difficult enough to have a transaction, that suddenly the theft of copper will stop. I suggest that theft of copper will not stop because of this measure. It just means it'll find another way of getting out of the state. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2674 was adopted and S.B. No. 2627, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO COPPER PURCHASES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Slom, Trimble). Excused, 1 (Bunda).

Stand. Com. Rep. No. 2676 (S.B. No. 2779):

Senator Baker moved that Stand. Com. Rep. No. 2676 be adopted and S.B. No. 2779, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose to speak in opposition to the measure and stated:

"Madam President, I rise in opposition to this bill.

"What this bill does again is to limit the executive's power in times of emergency. I think instead of making people safer, what this does is raise questions of safety during an emergency and involves payment and labor negotiations far beyond the scope of the various departments other than the executive. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2676 was adopted and S.B. No. 2779, entitled: "A BILL FOR AN ACT RELATING TO LABOR," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 3 (Hemmings, Slom, Trimble). Excused, 1 (Bunda).

Stand. Com. Rep. No. 2680 (S.B. No. 2680):

On motion by Senator Baker, seconded by Senator Tsutsui and carried, Stand. Com. Rep. No. 2680 was adopted and S.B. No. 2680, entitled: "A BILL FOR AN ACT RELATING TO WORKERS' COMPENSATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Bunda).

Stand. Com. Rep. No. 2683 (S.B. No. 3172):

On motion by Senator Baker, seconded by Senator Tsutsui and carried, Stand. Com. Rep. No. 2683 was adopted and S.B. No. 3172, entitled: "A BILL FOR AN ACT RELATING TO RENTAL ASSISTANCE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Bunda).

Stand. Com. Rep. No. 2686 (S.B. No. 2501, S.D. 2):

Senator Baker moved that Stand. Com. Rep. No. 2686 be adopted and S.B. No. 2501, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose to speak in opposition as follows:

“Madam President, I rise in opposition to this bill.

“The history of this bill is a checkered one. We raised the daily tax on rental vehicles from \$2 to \$3. Then we put the provision in that that would sunset at the summer of this year. And now we want to do two things—remove the sunset date, and also remove the \$3, leaving open the possibility of a different figure.

“And in Committee and in discussion, I guess the general consensus is that we want a higher figure. Whether it’s \$4 or \$5 or \$6 a day, it still is an added tax. It hurts not only our visitor industry but also the more than 30 percent of local residents that, from time to time, have to have a rental vehicle. So I think it’s a bad measure. It also again shows bad faith when we say we’re going to sunset something and we don’t do it.”

Senator Inouye requested her vote be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2686 was adopted and S.B. No. 2501, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO THE RENTAL MOTOR VEHICLE SURCHARGE TAX,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 18. Ayes with Reservations, 1 (Inouye). Noes, 5 (Hemmings, Menor, Slom, Trimble, Whalen). Excused, 2 (Bunda, Taniguchi).

Stand. Com. Rep. No. 2688 (S.B. No. 2956, S.D. 1):

Senator Baker moved that Stand. Com. Rep. No. 2688 be adopted and S.B. No. 2956, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose to speak in favor of the measure with reservations and stated:

“Madam President, I rise in support with strong reservations with this bill.

“Well, we’ve all but destroyed so many of our local industries, particularly our agricultural industries, and milk is hanging on by a thread. And all this bill does, it’s not going to save the industry; it’s not going to rejuvenate the industry; it’s not going to create additional local producers of milk. What it’s going to do is force the price higher for local consumers. And I think it’s going to be a real good trick to insure that the price is ‘commensurate with the quality of milk.’ I don’t know what that means. I don’t know how that’s going to be enforced. But I do know it’s not going to save our dairy industry. We’ve overregulated it, overtaxed it—labor costs, land costs—everything else that has made it impossible for local dairy farmers to compete. I would love to see our local dairy industry continue. This bill will not do that. Thank you.”

Senator Tokuda rose to speak in favor of the measure and said:

Madam President, I rise in strong support of this measure.

“This is an administration bill that seeks to provide support for at this point our last two remaining milk sheds here in Hawai‘i. At the time this bill was actually drafted, it referenced one dairy here on Oahu that has since closed. It’s a very bad time for the milk industry in Hawai‘i. If you think back to the 1980s, we were actually 100 percent self-sufficient in milk production. At current, we meet less than 30 per cent of own needs. And the really sad part is that the last two remaining dairies aren’t being paid at the high price which should be for fluid milk, which is what they’re actually doing and where the milk is going to here in Hawai‘i.

“And while the previous speaker had mentioned that this will possibly just result in an increase in costs to the consumer, what it actually does is insure that the price paid to these milk sheds are 30-35 percent higher than what they’re currently being paid. And in my opinion, I think what would definitely increase the price of milk in Hawai‘i is when we no longer have any local competition, and that mainland milk coming into Hawai‘i are allowed to set any price that they want. I also disagree that this won’t do anything to bring in additional milk producers here in the state or further help the two remaining milk sheds that we have here.

“One thing that we did add to this bill is that a strategic plan be drafted to look at short- and long-term measures that are necessary not only to sustain and further allow for the growth of the last two milk sheds that we have here, but what do we need to encourage other milk producers to perhaps restart their business here in Hawai‘i or to enter the marketplace so that the Big Island isn’t the only place where you can actually get fresh milk that isn’t carted overseas in an un-refrigerated container, ultra pasteurized, and then once it’s devoid of all of its nutrients, allowed for our children in our schools and for all of us to consume as well.

“This strategic plan is truly necessary because any revitalization of any industry in agriculture and any other business requires foresight, requires thinking and planning and working with the stakeholders involved. And that’s something that’s been absent so far.

“We’ve been very good at pointing out the industries that are dying off—whether it’s a milk shed or a chicken farm that’s closing—but we haven’t been proactive enough to look at how are we actually going to insure that further businesses do not go out of business, and what it’s going to take to really be serious about agriculture. That’s why, Madam President and colleagues, I urge your very strong support for this measure. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2688 was adopted and S.B. No. 2956, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO MILK,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Ayes with Reservations, 1 (Slom). Noes, none. Excused, 1 (Bunda).

Stand. Com. Rep. No. 2690 (S.B. No. 2039, S.D. 1):

Senator Baker moved that Stand. Com. Rep. No. 2690 be adopted and S.B. No. 2039, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Trimble rose to speak in opposition as follows:

“Madam President, I rise in opposition to this measure.

“Colleagues, this measure provides a one-time windfall for some of our eldest retirees that retired I believe at the age of 55 when the system allowed someone to retire at the age of 55 if they had 20 years worth of experience. There’s no indication that that particular group is in any more financial need than any other government employee. Most of our government employees are concerned about the under-funding of their retirement system. That this measure made a one-time contribution to that, I’m sure that all retirees would be grateful to this Body. Since it carves out this one special interest group at the expense of everybody else, I think it is a bad law, and therefore I oppose it. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2690 was adopted and S.B. No. 2039, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE EMPLOYEES’ RETIREMENT SYSTEM,” having been read throughout,

passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 3 (Hemmings, Slom, Trimble). Excused, 1 (Bunda).

Stand. Com. Rep. No. 2691 (S.B. No. 2583, S.D. 1):

On motion by Senator Baker, seconded by Senator Tsutsui and carried, Stand. Com. Rep. No. 2691 was adopted and S.B. No. 2583, S.D. 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR THE HAWAII CAPITAL CULTURAL DISTRICT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Bunda).

Stand. Com. Rep. No. 2694 (S.B. No. 2493):

On motion by Senator Baker, seconded by Senator Tsutsui and carried, Stand. Com. Rep. No. 2694 was adopted and S.B. No. 2493, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR COLLECTIVE BARGAINING COST ITEMS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Hemmings, Slom). Excused, 1 (Bunda).

Stand. Com. Rep. No. 2695 (S.B. No. 2562, S.D. 1):

On motion by Senator Baker, seconded by Senator Tsutsui and carried, Stand. Com. Rep. No. 2695 was adopted and S.B. No. 2562, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO VOTING," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 2 (Hemmings, Whalen). Excused, 2 (Bunda, Hee).

S.B. No. 2804, S.D. 1:

On motion by Senator Tokuda, seconded by Senator Ige and carried, S.B. No. 2804, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PRE-PACKAGED MEAT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 3 (Hemmings, Slom, Trimble). Excused, 2 (Bunda, Hee).

S.B. No. 2293, S.D. 1:

Senator Kokubun moved that S.B. No. 2293, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Inouye.

Senator Kim requested her vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 2293, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO AFFORDABLE HOUSING," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Ayes with Reservations, 1 (Kim). Noes, none. Excused, 2 (Bunda, Hee).

S.B. No. 2295, S.D. 1:

Senator Taniguchi moved that S.B. No. 2295, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hee.

Senator Ihara rose to speak in favor of the measure with reservations as follows:

"Madam President, I rise in support of this bill with reservations.

"Madam President, this bill would provide for two exceptions to the state open meetings law. I guess today is sunshine day. One would be to allow less than a quorum of board members to participate fully in other groups' meetings; and two, to allow written polling of board member positions on board business.

"I believe the two sunshine law exceptions can be further refined by limiting their application and adding safeguards. But I wanted to note my reservations in order to request amendments to do this and narrow the exceptions to the sunshine law.

"For example, there is a requirement in the bill that board members' participation in other group meetings be reported back to the board. I believe this report-back provision should be required for participation in other board meetings and legislative hearings. In the bill it doesn't have that requirement.

"Also the polling, I know there was testimony to explain that polling of members through e-mail and faxes is important and needed because the boards oftentimes could not determine the positions on legislative issues—because of the notice requirement, they're not able to meet before a hearing and they would like to participate in legislative and other hearings—and so a polling of board members would be helpful and needed. I believe that the requirement in this bill—the exception in this bill—could be narrowed to allow to limit that polling just for those particular cases.

"So I believe that with further work on this exception to the sunshine law, it can be made acceptable, and I just wanted to note my reservations. Thank you."

Senator Inouye requested her vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 2295, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC MEETINGS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Ayes with Reservations, 2 (Ihara, Inouye). Noes, none. Excused, 1 (Bunda).

S.B. No. 3203, S.D. 1:

Senator Taniguchi moved that S.B. No. 3203, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hee.

Senator Trimble rose to speak in opposition to the measure and stated:

"Madam President, I rise in opposition to S.B. No. 3203.

"Colleagues, this bill tries to come up with a new concept—the concept of being a miser with respect not to money but to pets, animal hoarding. The definition that it came up with of animal hoarding is strange. If you look at what is against the law before the bill goes into effect, and what will be against the law after the bill goes into effect, for all intents and purposes it is the same. The bill is unnecessary. It does not add clarity. It does not accomplish anything. Thank you."

Senator Slom rose to speak in opposition and stated:

"Madam President, I, too, rise in opposition to this bill.

"You know, we've had bills today about the cruelty to animals and eating animals and all of that. And that's all well and good that we want to pass legislation, but here we're creating a new criminal class, and we're calling it animal hoarding.

“The original bill defined hoarding as ‘a large number of animals,’ whatever that meant. Then the amendment, which is just as bad or maybe worse, says ‘more than a typical number of animals,’ whatever that means. We can’t be passing poor legislation like this. We’ve got to be precise and specific. I mean, otherwise next year we’ll come back here and we’ll have a bill on child hoarding—what’s too many children. Thank you, Madam President.”

The motion was put by the Chair and carried, S.B. No. 3203, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO ANIMAL HOARDING,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 4 (Hemmings, Slom, Trimble, Whalen). Excused, 1 (Bunda).

S.B. No. 2898, S.D. 1:

Senator Taniguchi moved that S.B. No. 2898, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hee.

Senator Slom rose to speak in opposition as follows:

“Madam President, I rise against this very bad bill.

“You know, here we are. We’re back again. We had this bill last year. I guess we haven’t learned. The supporters of this bill believe that they’re going to right a wrong that doesn’t exist. They believe that they are smarter than the founders of our country. And they believe, I guess, that large states and large metropolitan areas are much better and more equipped to decide elections than smaller areas, smaller states like Hawai‘i. We would be selling out our rights as a state. The founders were very imaginative, creative, and very wise in terms of putting together the Electoral College. Occasionally, there may appear to be blips to that. It’s not relegated to one political party or one political election. But the damage that would be done by giving up our sovereign rights under the current electoral process would far outdo any perceived benefits. Thank you.”

The motion was put by the Chair and carried, S.B. No. 2898, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE AGREEMENT AMONG THE STATES TO ELECT THE PRESIDENT BY NATIONAL POPULAR VOTE,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 4 (Hemmings, Slom, Trimble, Whalen). Excused, 1 (Bunda).

S.B. No. 3103, S.D. 1:

Senator Menor moved that S.B. No. 3103, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hee.

Senators Tokuda, Hooser, Tsutsui, Ihara and Menor requested their votes be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 3103, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO ENDANGERED SPECIES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Ayes with Reservations, 5 (Hooser, Ihara, Menor, Tokuda, Tsutsui). Noes, none. Excused, 1 (Bunda).

S.B. No. 2526, S.D. 1:

Senator Menor moved that S.B. No. 2526, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Ige.

Senator Trimble rose to speak in opposition as follows:

“Madam President, I rise in opposition to S.B. No. 2526.

“Colleagues, this bill seeks to pick out one particular type of vessel for special treatment. That type of vessel is a cruise boat. It tries to single out one particular type of fuel, as if that fuel is unique, and that is bunker fuel. It seeks to select one particular harbor for special treatment. These are not good reasons to create or craft legislation.

“If the bill addressed all ships and all harbors and all fuels, and was truly concerned about what came out of the smokestack, I could support it. But it doesn’t do it. It picks out one fuel, on one type of ship, at one harbor. It’s bad legislation. Thank you.”

Senator Hooser rose to speak in support of the measure and said:

“Madam President, I rise in support of this bill.

“Madam President, members, this is a pilot project designed to determine just how bad and how the bunker fuels from cruise ships are affecting these communities. And it’s the specific communities of Niumalu and Nawiliwili Harbor. The proposal is set up to give the cruise ships one year and the Health Department to put into place a baseline study to measure the emissions. And then they’ll ask the cruise ships to switch fuels. The reason the cruise ships are singled out is because there is no source of emissions whatsoever in this harbor, and I don’t believe in any harbor, that even comes close to the degree of emissions generated by cruise ships.

“This question was asked of the cruise ship industry, asked of the Health Department, asked of the Department of Transportation, and everybody agreed that cruise ships are essentially mini power-generating plants. The emissions requirements, the fuel requirements for an electricity-generating plant that Hawaiian Electric or Maui Electric or Kaua‘i Electric would use—those requirements are far greater than those allowed by cruise ships. Cruise ships are allowed to burn fuels five times as dirty as those required of electrical generating plants, and they are essentially sitting in the harbor. That’s what they’re doing; they’re mini plants; they’re feeding thousands, certainly hundreds if not thousands of hotel rooms, escalators, restaurants, air conditioners. So essentially they are a power plant. These cruise ships, when they are in California, are required to burn a cleaner fuel. It’s only when they leave California they switch to the dirty fuel because Hawai‘i does not have similar regulations in place.

“This particular pilot project in Nawiliwili, a residential community sits directly downwind of the trades. And day after day, when the cruise ships come in, that community is blanketed in black, sooty smoke as well as Kaua‘i High School. While I have much testimony, I won’t take the time to read it from residents in that area as well as students and teachers and the vice principal of Kaua‘i High School attesting to this.

“This is a pilot project. It’s been well-vetted. It’s been discussed. Two of the three cruise ship companies have voluntarily agreed to do this. It’s only Norwegian Cruise Line which has not volunteered. It’s a good bill. It’s meant to protect the community and set a standard, possibly statewide. But it is a pilot project, and I encourage the members to vote in support. Thank you.”

Senator Trimble rose in rebuttal and said:

“Madam President, I rise in brief rebuttal.

“The federal government, in setting standards for automobile emission, does not have those standards based upon the size of the engine. Again, this is legislation that was crafted because one group complained louder than any other group. No consideration was taken of the distance between the vessel and residents. If you go around the state and look at other harbors, you will find in other harbors the distance between the vessel and residences vary a lot. And the one you’re talking about is not one that has the residents closest to the vessel. Again we’re selecting one fuel as if that fuel were the only ones that contained contaminants. We should be looking at all fuels, from all vessels, in all harbors, and treat them all the same. Thank you.”

The motion was put by the Chair and carried, S.B. No. 2526, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO AIR POLLUTION CONTROL,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Slom, Trimble). Excused, 1 (Bunda).

S.B. No. 2040, S.D. 1:

Senator Ige moved that S.B. No. 2040, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Ihara requested his vote be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 2040, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO CANCER SURVEILLANCE,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Ayes with Reservations, 1 (Ihara). Noes, none. Excused, 1 (Bunda).

S.B. No. 2594, S.D. 1:

Senator Taniguchi moved that S.B. No. 2594, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hee.

Senator Slom rose to speak in opposition to the measure as follows:

“Madam President, I rise in opposition to this bill.

“In its original form the bill sought to strip employees of the right of secret ballot in a voting. Part of that was taken away in the S.D. 1 version. But the point is that the intent was very clear. It is an undemocratic idea to disenfranchise employees. As even the HGEA testified, the current system has been working well so we really don’t even need this bill. Thank you.”

The motion was put by the Chair and carried, S.B. No. 2594, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO LABOR,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 3 (Slom, Trimble, Whalen). Excused, 1 (Bunda).

S.B. No. 3204, S.D. 1:

On motion by Senator Taniguchi, seconded by Senator Hee and carried, S.B. No. 3204, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO POST CONVICTION PROCEEDINGS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Bunda).

S.B. No. 2748, S.D. 1:

On motion by Senator Nishihara, seconded by Senator Kim and carried, S.B. No. 2748, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE PROCUREMENT CODE,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 3 (Slom, Trimble, Whalen). Excused, 1 (Bunda).

S.B. No. 2615, S.D. 1:

On motion by Senator Baker, seconded by Senator Tsutsui and carried, S.B. No. 2615, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO GRANTS AND SUBSIDIES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Slom, Trimble). Excused, 1 (Bunda).

Stand. Com. Rep. No. 2724 (S.B. No. 3138, S.D. 1):

On motion by Senator Baker, seconded by Senator Tsutsui and carried, Stand. Com. Rep. No. 2724 was adopted and S.B. No. 3138, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE WAIANAE COAST,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Bunda).

Stand. Com. Rep. No. 2725 (S.B. No. 2459, S.D. 2):

Senator Kokubun moved that Stand. Com. Rep. No. 2725 be adopted and S.B. No. 2459, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Ige.

Senator Menor requested his vote be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2725 was adopted and S.B. No. 2459, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO REMOTE DISPENSING,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Ayes with Reservations, 1 (Menor). Noes, none. Excused, 1 (Bunda).

Stand. Com. Rep. No. 2726 (S.B. No. 2584, S.D. 2):

Senator Kokubun moved that Stand. Com. Rep. No. 2726 be adopted and S.B. No. 2584, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Ige.

Senator Trimble rose to speak with reservations on the measure and stated:

“Madam President, I’d like to rise with reservations on S.B. No. 2584.

“There seems to be concerns by the Attorney General’s office that what this bill seeks to do is perhaps not possible. Over the last three or four years there’s been a great deal of time talking about honey, how to protect it, it’s an important crop. But at least in the end, before we carry a bill forward, we should make sure that we can in fact do what we seek to do. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2726 was adopted and S.B. No. 2584, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO HONEY,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Ayes with Reservations, 1 (Trimble). Noes, none. Excused, 1 (Bunda).

Stand. Com. Rep. No. 2728 (S.B. No. 1789, S.D. 2):

Senator Kokubun moved that Stand. Com. Rep. No. 2728 be adopted and S.B. No. 1789, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Ige.

Senator Slom rose to speak in favor of the measure with reservations as follows

“Madam President, I rise in support with reservations on this bill.

“I think a number of issues have been raised about past and present practices and also access to public television. I think also First Amendment issues have been raised, and I think there’s enough concern that we should look carefully at this bill to see if it’s going to pass ultimately. Thank you.”

Senators Ihara and Ige requested their votes be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2728 was adopted and S.B. No. 1789, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO CABLE TELEVISION SYSTEMS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Ayes with Reservations, 3 (Ige, Ihara, Slom). Noes, none. Excused, 1 (Bunda).

Stand. Com. Rep. No. 2730 (S.B. No. 2630, S.D. 2):

Senator Kokubun moved that Stand. Com. Rep. No. 2730 be adopted and S.B. No. 2630, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Ige.

Senator Trimble rose to speak in opposition as follows:

“Madam President, I rise in opposition to S.B. No. 2630.

“Colleagues, I agree with you. This is another ‘punish the evil oil industry.’ And we will punish them by increasing the reporting requirements. Everything is too expensive. Oil is too expensive, gasoline is too expensive, so let’s make them fill out more papers, put in more numbers. It doesn’t solve any of the problems. It’s not going to make gasoline cheaper. It’s not going to do anything other than increase the cost. And because it is not effective, I urge you to consider voting against it. Thank you.”

Senator Menor rose to speak in favor of the measure and said

“Madam President, I wanted to offer some brief remarks in strong support of this measure.

“Madam President, the passage of this bill will strengthen our petroleum industry reporting law and insure a greater transparency in gasoline pricing. It’s going to accomplish this objective by requiring the Public Utilities Commission to make public more specific and detailed information regarding the wholesale prices that the oil companies and gasoline distributors are charging their customers as well as their actual crude oil costs, so that consumers can determine for themselves how gas prices are set and if anyone in the industry is making unfair profits.

“Making this information public will give the people of Hawai’i a clearer and more accurate view of the factors that contribute to the soaring pump prices in this state. I’d also like to note that given the fact that we have an oligopolistic market that lacks the market competition that exists on the mainland, there really is a compelling need for this sort of bill in which the public will be given the information to hold the petroleum companies more accountable for their pricing practices.

“For all of these reasons, I respectfully ask my colleagues to vote in favor of this pro-consumer measure today. And I’d also like to express my hope that our colleagues in the House will likewise give this measure their favorable consideration. While the House Majority Leader has stated that he believes improvements to the law are needed, a companion bill has not been introduced or heard in the House. I believe it is time for our colleagues in the House to move beyond rhetoric and take concrete action in this critical consumer issue. In this regard I would respectfully ask my colleagues in both chambers of the Legislature to support this particular measure. Thank you.”

Senator Trimble rose in rebuttal and said:

“Madam President, I rise in brief rebuttal.

“Unlike the previous speaker, I think we should compliment the people in the House for their wise actions.

“If abnormal profits are being made by the oil industry in Hawai’i, let’s tax it. But just requiring them to fill out additional pieces of paper with more numbers is not going to lower the price of gasoline. It’s not effective. So if you want to accomplish something, let’s do something that accomplishes it. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2730 was adopted and S.B. No. 2630, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO PETROLEUM INDUSTRY REPORTING,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Slom, Trimble). Excused, 1 (Bunda).

Stand. Com. Rep. No. 2732 (S.B. No. 409, S.D. 2):

On motion by Senator Ige, seconded by Senator Fukunaga and carried, Stand. Com. Rep. No. 2732 was adopted and S.B. No. 409, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO HEALTH,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Slom, Whalen). Excused, 1 (Bunda).

Stand. Com. Rep. No. 2735 (S.B. No. 2245, S.D. 1):

On motion by Senator Taniguchi, seconded by Senator Hee and carried, Stand. Com. Rep. No. 2735 was adopted and S.B. No. 2245, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO UNATTENDED CHILDREN IN MOTOR VEHICLES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 3 (Slom, Trimble, Whalen). Excused, 1 (Bunda).

Stand. Com. Rep. No. 2739 (S.B. No. 2896, S.D. 2):

On motion by Senator Taniguchi, seconded by Senator Hee and carried, Stand. Com. Rep. No. 2739 was adopted and S.B. No. 2896, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO CONTRACTORS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 4 (Hemmings, Slom, Trimble, Whalen). Excused, 1 (Bunda).

Stand. Com. Rep. No. 2740 (S.B. No. 3080, S.D. 1):

On motion by Senator Taniguchi, seconded by Senator Hee and carried, Stand. Com. Rep. No. 2740 was adopted and S.B. No. 3080, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO HAWAII HEALTH SYSTEMS CORPORATION BACKGROUND CHECKS,” having been

read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Bunda).

Stand. Com. Rep. No. 2742 (S.B. No. 2064, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 2742 be adopted and S.B. No. 2064, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hee.

Senator Trimble rose to speak in opposition as follows:

“Madam President, I rise in opposition.

“Every year we try and exempt a different group from jury duty service. And if you look back at the law that we amended three or four sessions ago, we decided that elected officials did not have to serve on jury duty when the Legislature was in Session, as if the only elected officials were members of the State House or the State Senate.

“If we want to exempt groups, why don’t we ask the Legislative Auditor to do a study, come up with it, incorporate their recommendations, and change the law once, and leave it alone for at least 10 to 15 years, instead of coming back every year with another group that we wish to exclude. Psychologists are no more deserving for exclusion than many other groups that will suddenly appear on our door and ask to be excluded too.

“This is a responsibility of citizenship. We should not be treating the law with so much disrespect. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2742 was adopted and S.B. No. 2064, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO JURY SERVICE,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 3 (Hemmings, Slom, Trimble). Excused, 1 (Bunda).

Stand. Com. Rep. No. 2745 (S.B. No. 3221, S.D. 2):

Senator Baker moved that Stand. Com. Rep. No. 2745 be adopted and S.B. No. 3221, S.D. 2, seconded by Senator Tsutsui.

Senator Slom rose to speak in opposition as follows:

“Madam President, again I rise in opposition, opposition to the state purchasing more property. Although I may have to declare a conflict of interest because I understand that if the state buys the Coco Palms property, they’re going to turn it into an old folks’ home and I might be able to apply for that in my waning years. So right now I’ll say ‘no.’ Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2745 was adopted and S.B. No. 3221, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO THE COCO PALMS RESORT,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Slom, Trimble). Excused, 1 (Bunda).

Stand. Com. Rep. No. 2746 (S.B. No. 2833, S.D. 1):

On motion by Senator Baker, seconded by Senator Tsutsui and carried, Stand. Com. Rep. No. 2746 was adopted and S.B. No. 2833, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO SUSTAINABILITY,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Slom, Trimble). Excused, 1 (Bunda).

Stand. Com. Rep. No. 2748 (S.B. No. 2727, S.D. 2):

On motion by Senator Baker, seconded by Senator Tsutsui and carried, Stand. Com. Rep. No. 2748 was adopted and S.B. No. 2727, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO HA’IKU VALLEY,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 3 (Hemmings, Slom, Trimble). Excused, 1 (Bunda).

Stand. Com. Rep. No. 2757 (S.B. No. 2164, S.D. 3):

Senator Baker moved that Stand. Com. Rep. No. 2757 be adopted and S.B. No. 2164, S.D. 3, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose to speak in opposition and said:

“Madam President, I rise reluctantly to oppose this bill.

“I think there are many good features in the bill as it relates to charter schools and many improvements needed. But it does include a charter school facilities special fund. And as you know, I oppose all special funds. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2757 was adopted and S.B. No. 2164, S.D. 3, entitled: “A BILL FOR AN ACT RELATING TO EDUCATION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Slom). Excused, 1 (Bunda).

Stand. Com. Rep. No. 2759 (S.B. No. 2710, S.D. 2):

Senator Baker moved that Stand. Com. Rep. No. 2759 be adopted and S.B. No. 2710, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Trimble rose to speak in opposition as follows:

“Madam President, I rise in opposition to S.B. No. 2710.

“The bill seeks to allow retirees to be reemployed. The point of retirement is retirement. Allowing the reemployment of retirees adversely affects the morale of people in the civil service system. I believe that over time people above them will go away, and they will have opportunity for advancement and promotion. I don’t think that you can truly find any state employee that is irreplaceable. And if we want to encourage more productivity, you will vote against measures like this. Thank you.”

Senator Espero rose in support of the measure and said:

“Madam President, I’d like to rise in support of this measure.

“Our population in Hawai’i is getting much older. Our baby boomers are getting older, and soon the number of senior citizens in this state will possibly double. We’ll be facing a crisis in health care and a crisis in labor. This is one possibility of dealing with the labor shortage in the future, and I urge my colleagues to support it. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2759 was adopted and S.B. No. 2710, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO THE REEMPLOYMENT OF RETIREES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Trimble). Excused, 1 (Bunda).

Stand. Com. Rep. No. 2763 (S.B. No. 2246, S.D. 2):

On motion by Senator Baker, seconded by Senator Tsutsui and carried, Stand. Com. Rep. No. 2763 was adopted and S.B. No. 2246, S.D. 2, entitled: “A BILL FOR AN ACT

RELATING TO HIGHER EDUCATION BOARD ALLOWANCE FOR FORMER FOSTER YOUTH,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Bunda).

Stand. Com. Rep. No. 2765 (S.B. No. 2151, S.D. 2):

On motion by Senator Baker, seconded by Senator Tsutsui and carried, Stand. Com. Rep. No. 2765 was adopted and S.B. No. 2151, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO LONG-TERM CARE OMBUDSMAN,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Slom, Trimble). Excused, 1 (Bunda).

Stand. Com. Rep. No. 2766 (S.B. No. 2273, S.D. 2):

Senator Baker moved that Stand. Com. Rep. No. 2766 be adopted and S.B. No. 2273, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Trimble rose in opposition and stated:

“Madam President, I rise in opposition to S.B. No. 2273.

“The problem with tax credits is for them to continue to be effective over time is that they continue to have to be increased. This bill seeks to increase the tax credit for digital media on Oahu to 15 percent and on the neighbor islands to 20 percent. If there is any industry, any activity in which Hawai‘i should not have to subsidize its operation because it is not location-specific but can occur anyplace, it should be digital media. So when we look about the things to subsidize, you have to remember that when you are giving away stuff, it comes at the expense of other people and other activities. Thank you.”

Senator Fukunaga rose in support as follows:

“Madam President, I rise to speak in support of this measure.

“I just want to respond to some of the comments made by the prior speaker. It is a workforce development type of measure intended to build upon Act 88, which the Legislature passed in 2006.

“I would also like to read into the record a letter from the Department of Taxation indicating that the bill will be revenue-neutral, based on the fact that the additional 5 percent credit will only be applied to the approved wage portion of production costs rather than to total production costs.

“The impact of the additional tax credit will be offset by the decline in production costs, such as a reduction in higher paid out-of-state labor costs, per diem, travel costs, etc., as a result of the higher portion of local-hired employees in the film industry.

“For these reasons I urge my colleagues to vote in support of this measure. Thank you.”

Senator Kim requested her vote be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2766 was adopted and S.B. No. 2273, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO DIGITAL MEDIA,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Ayes with Reservations, 1 (Kim). Noes, 1 (Trimble). Excused, 1 (Bunda).

Stand. Com. Rep. No. 2767 (S.B. No. 2153, S.D. 1):

Senator Baker moved that Stand. Com. Rep. No. 2767 be adopted and S.B. No. 2153, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose in opposition of the measure as follows:

“Madam President, I rise in opposition to this bill because this is a cruel hoax on the taxpayers of Hawai‘i.

“We are entitled under the constitution a tax refund for being overtaxed for two consecutive years. We were due a refund last year. We had a sliding scale which applied to very few people. A lot of people were denied that, and we’re going to try to do the same thing this year. Here we have the federal government, on a bipartisan basis, sending out refund checks or stimulus checks to taxpayers beginning in the month of May. And all we do is continue to tax and to use that money and to spend.

“If we are really being honest and we want to asset build and we want to help people, then we give them their own money back and let them make their own choices. This bill does not do it. It’s a cruel hoax. Thank you, Madam President.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2767 was adopted and S.B. No. 2153, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO INCOME TAX CREDIT,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Slom, Trimble). Excused, 1 (Bunda).

Stand. Com. Rep. No. 2775 (S.B. No. 2783, S.D. 2):

On motion by Senator Baker, seconded by Senator Tsutsui and carried, Stand. Com. Rep. No. 2775 was adopted and S.B. No. 2783, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO LOSS MITIGATION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Bunda).

Stand. Com. Rep. No. 2777 (S.B. No. 3073, S.D. 1):

On motion by Senator Baker, seconded by Senator Tsutsui and carried, Stand. Com. Rep. No. 2777 was adopted and S.B. No. 3073, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO ELECTRONIC PERMITTING FEES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Slom). Excused, 1 (Bunda).

Stand. Com. Rep. No. 2778 (S.B. No. 2764, S.D. 3):

Senator Baker moved that Stand. Com. Rep. No. 2778 be adopted and S.B. No. 2764, S.D. 3, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Hemmings rose in opposition as follows:

“Madam President, I rise to speak against S.B. No. 2764.

“First of all, Madam President, I’d like to insert into the Journal my remarks on this bill when I voted against ethanol several years ago. And I’d like to add to them, for the consumption at this Session, some points that should be salient to our commitment to ethanol.

“Ethanol, as we all know, is not what it has made up to be for the benefit of the environment or energy in the State of Hawai‘i. These are trying times when it comes to energy and pollution and what we’re doing to the world, and we’re finding out real quickly that some of our assumptions of the past don’t necessarily apply and work. Ethanol is one of those assumptions.

“Ethanol is a crop that, if we grow sugar to create it, that is very labor-intensive and water-intensive, hurting the environment and the costs there. It is energy-neutral. I pointed out two years ago in voting ‘no’ against the bill that Harper’s Magazine pointed out that you use as much energy to produce ethanol as it produces in your car. Most egregious is ethanol extends the life of fossil fuels. If you have 10 percent ethanol, you’re basically subsidizing the length of dependency on the real problem, which is fossil fuels.

“Ethanol is fuel-inefficient. I drive a hybrid car. The minute we put ethanol in it, the mileage went down about 2-3 miles per gallon. So what that means is you’re burning more oil because you’re being politically correct in saying you’re using 10 percent ethanol.

“And the most egregious part of all of this is—and we had to correct it with legislation—the small engine repairmen of the State of Hawai‘i loved ethanol because it broke many small engines. You all know that people with, especially, outboard motors all had to have their engines fixed or actually throw their engines away. So bad it was that we had to come in and amend the legislation to allow small boat harbors to have non-ethanol gasoline.

“And the last reason that should alarm everybody is we’re all complaining about the price of fuel in the State of Hawai‘i, and the biggest engine of that increase in fuel is, of course, taxes. And this ethanol mandate increased the fuel considerably. So it just doesn’t make sense environmentally or economically. It might be good for a potential sugar company, but we really should be doing what’s best for the people of Hawai‘i and the environment. And this bill’s not doing that. So I’d urge my colleagues to vote ‘no.’”

The Chair having so ordered, Senator Hemmings’ remarks from the 2004 Session read as follows:

“Mr. President, I rise to speak against S.B. No. 3170.

“Mr. President, this bill is so we can feel good for the environmentalists, but in fact it would be harmful for the environment for a number of reasons.

“Number one is that it will sustain the growth of a crop that has a tremendous impact on the environment most especially in the ever increasing shortage of water. As we all know, sugar is an incredibly thirsty crop.

“Secondly, the costs are against the environment also. The cost and the impact on the environment of harvesting and collecting this product for energy does not make sense, so much so that the normally astute observations of what many consider a rather liberal magazine, Harper’s Magazine, says the ratio amount of energy generated by one gallon of ethanol to the amount of energy required to produce it is 1.09, which means it costs us about as much energy to produce ethanol as the ethanol we get. So, the bottom line is that we’re at no net gain energy wise and environmentally.

“Thirdly, it does something much more egregious to the environment. It extends the life of fossil fuels. If we were taking this energy and this work and the incentive is to really get behind future technologies, such as hydrogen and renewable energies like geothermal in the Hawaiian Islands, we’d be going a long way to making ourselves energy independent from fossil fuels.

“What this bill really does is by adding an expensive ethanol addition to gasoline it extends the life and our dependency on fossil fuels and the geopolitical problems that are related to oil. So, for many reasons, and most especially environmentally, this bill should not pass. I urge my colleagues to consider the environment, consider the cost implications, and vote ‘no.’”

Senator Chun Oakland requested her vote be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2778 was adopted and S.B. No. 2764, S.D. 3, entitled: “A BILL FOR AN ACT RELATING TO ETHANOL FACILITY TAX CREDIT,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Ayes with Reservations, 1 (Chun Oakland). Noes, 3 (Gabbard, Hemmings, Slom). Excused, 1 (Bunda).

Stand. Com. Rep. No. 2782 (S.B. No. 2961, S.D. 2):

Senator Baker moved that Stand. Com. Rep. No. 2782 be adopted and S.B. No. 2961, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose in support of the measure with reservations as follows:

“Madam President, I rise in support of the bill with reservations.

“I support the bill only because we have to, and we have to pay off our settlements. But every year I rise to again see if there is something that we can do to disallow all of the lawsuits against the state, and the fact that we’re deep pockets, and the fact that the lawyers representing the state will always say it’s better to settle and pay them off rather than to go through the cost of litigation; and of course that is true. We know the cost of litigation.

“But Madam President and colleagues, I think there should be something that we should do and look into our existing laws to make sure that the state and particularly its taxpayers, who ultimately pay these costs, are not the patsy that we are. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2782 was adopted and S.B. No. 2961, S.D. 2, entitled: “A BILL FOR AN ACT MAKING APPROPRIATIONS FOR CLAIMS AGAINST THE STATE, ITS OFFICERS, OR ITS EMPLOYEES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Ayes with Reservations, 1 (Slom). Noes, none. Excused, 1 (Bunda).

Stand. Com. Rep. No. 2786 (S.B. No. 3149, S.D. 3):

Senator Baker moved that Stand. Com. Rep. No. 2786 be adopted and S.B. No. 3149, S.D. 3, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose in opposition and stated:

“Madam President, I rise in opposition to this bill.

“This bill also includes a vehicle surcharge tax. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2786 was adopted and S.B. No. 3149, S.D. 3, entitled: “A BILL FOR AN ACT RELATING TO HIGHWAYS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 4 (Hemmings, Slom, Trimble, Whalen). Excused, 1 (Bunda).

Stand. Com. Rep. No. 2787 (S.B. No. 3171, S.D. 2):

Senator Baker moved that Stand. Com. Rep. No. 2787 be adopted and S.B. No. 3171, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Trimble rose in opposition to the measure as follows:

“Madam President, I rise in opposition to S.B. No. 3171.

“Colleagues, if we feel that the consumers or the residents of our state are being taken advantage of by unscrupulous trusts, I suggest that, if and to the extent that it is occurring, it is nominal. If we really do need to regulate and investigate and prosecute more, let’s use general fund money instead of taxing through fees all the legitimate trusts and charitable organizations that do good work in our community. In fact we should be encouraging them to do more good work.

“For that reason I oppose this measure because we’re not using general fund money. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2787 was adopted and S.B. No. 3171, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO CHARITABLE TRUSTS AND NONPROFIT ORGANIZATIONS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 3 (Hemmings, Slom, Trimble). Excused, 1 (Bunda).

Stand. Com. Rep. No. 2793 (S.B. No. 2829, S.D. 2):

Senator Baker moved that Stand. Com. Rep. No. 2793 be adopted and S.B. No. 2829, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose in opposition and stated:

“Madam President, it’s back. Every year it gets bigger and worse—the streamlined tax bill. The presumption here is that this is going to help us collect uncollected taxes. It’s going to help the treasury and all that. The reality is that again it is a backdoor approach to internet taxation and to taxing sales and services that we are not currently taxing.

“I’m all for the enforcement of existing tax laws. I’m all for the collection of scofflaws and taxes that are due the state. But I absolutely oppose the introduction of new taxes, and that’s what this is. Thank you.”

Senator Fukunaga rose to speak in support of the measure as follows:

“Madam President, I rise to speak in response to the prior speaker’s comments. I would like to remind the prior speaker that the use tax is currently due and owing. I’m rising to speak in support of this measure.

“I want to remind the prior speaker that the use tax is presently on the books, has been on the books, and is not a new tax. We are simply trying to help Department of Taxation collect the existing use tax which is due and owing on all out-of-state purchases. For these reasons I urge my colleagues to vote in support of this measure. Thanks.”

Senator Trimble rose in opposition and said:

“Madam President, I rise in opposition to this measure.

“I rise in opposition to this measure for slightly different reasons. While I’m aware that many of the constituents of the Senator from Hawai’i Kai purchase things on the Internet that are not available for sale in the State of Hawai’i, and feel that this is the one way that they can be more or less on a par with the other 48 or 49 states, that is not my reason for opposing this measure.

“I’m opposed to this measure because it is not tax neutral. If you sought to reduce tax pyramiding because of the all the additional revenue that would be coming in as a result, I could freely and openly support this measure. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2793 was adopted and S.B. No. 2829, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO TAXATION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 4 (Hemmings, Slom, Trimble, Whalen). Excused, 1 (Bunda).

Stand. Com. Rep. No. 2795 (S.B. No. 868, S.D. 2):

On motion by Senator Taniguchi, seconded by Senator Hee and carried, Stand. Com. Rep. No. 2795 was adopted and S.B. No. 868, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO BOARDS AND COMMISSIONS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Slom, Trimble). Excused, 1 (Bunda).

Stand. Com. Rep. No. 2799 (S.B. No. 2129, S.D. 2):

On motion by Senator Taniguchi, seconded by Senator Hee and carried, Stand. Com. Rep. No. 2799 was adopted and S.B. No. 2129, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO ELDER AFFAIRS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Trimble). Excused, 1 (Bunda).

Stand. Com. Rep. No. 2802 (S.B. No. 2857, S.D. 2):

On motion by Senator Baker, seconded by Senator Tsutsui and carried, Stand. Com. Rep. No. 2802 was adopted and S.B. No. 2857, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO HOME CARE AGENCIES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Bunda).

Stand. Com. Rep. No. 2803 (S.B. No. 2342, S.D. 2):

Senator Baker moved that Stand. Com. Rep. No. 2803 be adopted and S.B. No. 2342, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose in opposition as follows:

“Madam President, I rise in opposition to this bill.

“With all of the things that we have the Auditor doing, and all of the things we can have the Auditor doing, to require the Auditor to audit mainland private prisons, I think, is a waste of our money. Actually we should be doing something to solve our lack of prison space. And that should be the real emphasis of our focus. Thank you.”

Senator Espero rose in support of the measure and said:

“Madam President, I rise in support of this measure.

“We spend over \$50 million a year, colleagues, to house our Hawai’i inmates on the mainland. This is an expense that we would obviously prefer not to have. However, it is important that we make certain that facilities on the mainland are treating our inmates properly and that we are getting the services that we have contracted for. Recently there was a study that said 1 in 100 residents of the United States are incarcerated—the highest number in the history of our nation. In the future it would be a noble goal to reduce our prison population, emphasize community-based programs, services, and resources, and eventually bring all of our inmates home. If we can do that, we will not need this measure. Thank you, Madam President.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2803 was adopted and S.B. No. 2342, S.D. 2, entitled:

“A BILL FOR AN ACT RELATING TO THE AUDITOR,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 3 (Hemmings, Slom, Trimble). Excused, 1 (Bunda).

Stand. Com. Rep. No. 2805 (S.B. No. 2780, S.D. 2):

On motion by Senator Baker, seconded by Senator Tsutsui and carried, Stand. Com. Rep. No. 2805 was adopted and S.B. No. 2780, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO PUBLIC WORKS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 4 (Hemmings, Slom, Trimble, Whalen). Excused, 1 (Bunda).

Stand. Com. Rep. No. 2807 (S.B. No. 2233, S.D. 1):

Senator Baker moved that Stand. Com. Rep. No. 2807 be adopted and S.B. No. 2233, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Trimble rose in opposition as follows:

“Madam President, I was waiting for my colleague from Hawai‘i Kai to stand up in opposition to S.B. No. 2233 because yesterday morning he volunteered.”

The Chair interjected:

“And you rise for what purpose?”

Senator Trimble continued:

“He’s run out of ethanol, I guess, and he’s going to have to switch.” (Laughter.)

The Chair inquired:

“Senator Trimble, for what purpose do you rise?”

Senator Trimble responded:

“I rise to similarly oppose this piece of legislation. You know, we on one hand talk about autonomy for the University. And on the other hand, we seek to ask them to do more and more stuff. I actually like the idea. But my sense is we’ve got a university system that cannot maintain what they currently have and that they are not prioritizing. And that the campuses throughout our state are in terrible condition. And we’re not going to help this process if this Legislature keeps on and continually asks them to do more and more stuff. We may fund something for one year or two years, but after a while we go on to something else and we eliminate the funding for what we did previously. And our university system will not get better if we continually ask them to do more and more stuff without them prioritizing and weeding out some of the older programs. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2807 was adopted and S.B. No. 2233, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO ESTABLISHING A GLOBAL YOUTH CENTER,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 3 (Hemmings, Slom, Trimble). Excused, 1 (Bunda).

Stand. Com. Rep. No. 2812 (S.B. No. 3167, S.D. 2):

Senator Baker moved that Stand. Com. Rep. No. 2812 be adopted and S.B. No. 3167, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Trimble rose in opposition to the measure and said:

“I don’t know who asked to pull this bill. I didn’t. Oh, I’m sorry. I don’t want to rise to speak in opposition to this bill, but it’s on the list. (Laughter.) I wanted to let it go through.”

The Chair responded:

“You don’t have to speak, Senator Trimble. But you must say for what purpose you rise.”

Senator Trimble continued:

“Colleagues, I don’t want to face Dexter after he hears what I have to say today. If we want to give tax relief to business . . .”

The Chair interjected:

“Senator Trimble, you still haven’t stated for what purpose you rise.”

Senator Trimble replied:

“I rise in opposition because it selectively takes a small part of our community, one which for some reason or other is included in my Senate district, for preferential treatment. And I support tax relief for businesses. But if we’re going to do it, we should do it for all small businesses—not only in Kakaako but in Honolulu, on Maui, in Hilo, in Lihue. We should make it a state policy to make it easier for small business to do business in the State of Hawai‘i. And since we’re selectively taking out one small slice of that apple, I think that it is bad law. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2812 was adopted and S.B. No. 3167, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO KAKA’AKO,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Hemmings, Trimble). Excused, 1 (Bunda).

Stand. Com. Rep. No. 2814 (S.B. No. 2824, S.D. 2):

Senator Baker moved that Stand. Com. Rep. No. 2814 be adopted and S.B. No. 2824, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Ihara requested his vote be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2814 was adopted and S.B. No. 2824, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO PROCUREMENT,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Ayes with Reservations, 1 (Ihara). Noes, 4 (Hemmings, Slom, Trimble, Whalen). Excused, 2 (Bunda, Inouye).

Stand. Com. Rep. No. 2816 (S.B. No. 2294, S.D. 2):

Senator Baker moved that Stand. Com. Rep. No. 2816 be adopted and S.B. No. 2294, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Trimble rose in opposition to the measure as follows:

“Madam President, I stand in opposition to this measure.

“Colleagues, this measure seeks to increase the number or percent of affordable housing units that will be done as a part of a project in Kaka’ako. I truly believe that we need more affordable housing in Kaka’ako, but having a legislative mandate might result in absolutely the opposite result. By requiring developers to go from 10 percent to 25 percent affordable housing, it affects the economics of the project.

“We’re at the end of the cycle, not the beginning. We are seeing that there are very few new construction projects that are now being undertaken for new residential housing. So it would indicate, and it hopefully would indicate to you, and even if it didn’t, if you read the testimony that was submitted on this legislation, you should come to the conclusion that it will result in not more affordable housing, but less. And for those reasons you should vote against this measure. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2816 was adopted and S.B. No. 2294, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO KAKAAKO,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 2 (Trimble, Whalen). Excused, 2 (Bunda, Inouye).

Stand. Com. Rep. No. 2819 (S.B. No. 3257, S.D. 3):

On motion by Senator Baker, seconded by Senator Tsutsui and carried, Stand. Com. Rep. No. 2819 was adopted and S.B. No. 3257, S.D. 3, entitled: “A BILL FOR AN ACT RELATING TO MEDICAID PRESUMPTIVE ELIGIBILITY,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 3 (Slom, Trimble, Whalen). Excused, 2 (Bunda, Inouye).

Stand. Com. Rep. No. 2820 (S.B. No. 2768, S.D. 2):

On motion by Senator Baker, seconded by Senator Tsutsui and carried, Stand. Com. Rep. No. 2820 was adopted and S.B. No. 2768, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO THE ISSUANCE OF REVENUE BONDS TO ASSIST THE MAUI REGION OF THE HAWAII HEALTH SYSTEMS CORPORATION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 1 (Hemmings). Excused, 2 (Bunda, Inouye).

Stand. Com. Rep. No. 2821 (S.B. No. 2845, S.D. 2):

On motion by Senator Baker, seconded by Senator Tsutsui and carried, Stand. Com. Rep. No. 2821 was adopted and S.B. No. 2845, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO REORGANIZATION OF STATE AGENCIES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 1 (Trimble). Excused, 2 (Bunda, Inouye).

Stand. Com. Rep. No. 2825 (S.B. No. 3009, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 2825 be adopted and S.B. No. 3009, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Trimble rose in opposition as follows:

“Madam President, I rise in opposition to S.B. No. 3009.

“Colleagues, until last year every session—I guess including last year—every session we got to discuss whether we needed to regulate money transmitters. These are people that take money from people that want to get money in Hawai‘i to money back home, whether it’s in the Philippines or China or Vietnam. And every year when we had the hearings, no consumers came forward and said that they were taken advantage of. What we wound up passing was an industry protection bill by an industry that wanted to charge more money and have less competition. After we succeeded in passing that, now we come to regulators that want to increase the charges or the fees for the money transmitters so they can do an effective or more effective, so

they say, regulation and auditing of the money transmitters. But neither today nor last year or two years ago did any consumers come forward and say please protect me, I’m being taken advantage of.

“Colleagues, why are we doing this? We are continuing to go in the direction of more regulation, more expensive government, and less service to the people. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2825 was adopted and S.B. No. 3009, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO MONEY TRANSMITTERS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Trimble). Excused, 1 (Bunda).

Stand. Com. Rep. No. 2826 (S.B. No. 2843, S.D. 2):

Senator Baker moved that Stand. Com. Rep. No. 2826 be adopted and S.B. No. 2843, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose in opposition to the measure and said:

“Madam President, I rise in opposition to this bill.

“This bill basically would do two things. It would create yet another special fund—the electronic device recycling special fund—and would in effect impose a tax on manufacturers of electronic equipment, which ultimately would be paid for by the consumers of that equipment. I stand in support of recycling, but recycling with incentives and not tax punishment. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2826 was adopted and S.B. No. 2843, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO ELECTRONIC DEVICE RECYCLING,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 3 (Hemmings, Slom, Trimble). Excused, 1 (Bunda).

Stand. Com. Rep. No. 2828 (S.B. No. 2192, S.D. 2):

Senator Baker moved that Stand. Com. Rep. No. 2828 be adopted and S.B. No. 2192, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose in opposition as follows:

“Madam President, I rise in opposition to this bill.

“The issue of Waimanalo Gulch, which I think the Senate President is more than well aware of, has been festering for too long. Promises have been made and broken. We should be moving towards closing the landfill, expediting alternative movement of trash and recycling, instead of continuing to study and finding ways to make excuses for keeping the landfill open. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2828 was adopted and S.B. No. 2192, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO SOLID WASTE,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 3 (Hemmings, Slom, Trimble). Excused, 1 (Bunda).

Stand. Com. Rep. No. 2832 (S.B. No. 2579, S.D. 2):

Senator Baker moved that Stand. Com. Rep. No. 2832 be adopted and S.B. No. 2579, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Trimble rose in opposition and stated:

“Madam President, I rise in opposition to S.B. No. 2579.

“The change or the most important change is instead of moneys that were collected as a result of fines being deposited with the campaign spending commission, it will be deposited in the general fund. The result of this seemingly minor change is to make the campaign spending commission less efficient and reduce their capacity to investigate and weed out fraud and abuse. And because it weakens our current system—not strengthens it—I oppose it.”

Senator Ihara requested his vote be cast “aye, with reservations,” and the Chair so ordered.

Stand. Com. Rep. No. 2851 (S.B. No. 2878, S.D. 2):

Senator Baker moved that Stand. Com. Rep. No. 2851 be adopted and S.B. No. 2878, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose in opposition and said:

“Madam President, I rise in opposition to this bill.

“Even though we have lofty goals and a lot of platitudes in the bill, the fact of the matter is we continue to lose public education attendees in the upper age levels and upper grades.

So this seems to me to be a way of pumping up both the attendance by getting it earlier and, as one my colleagues had said to me, it just prepares people at an earlier age for failure.

“We’ve got to do something about our education system instead of getting more people into it, spending more money on it, without having the accountability with the audits that are necessary and all of that. And just by adding more younger and younger keiki to this does not solve the problem. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2851 was adopted and S.B. No. 2878, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO EARLY LEARNING,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Slom rose in opposition to the measure as follows:

“Madam President, I rise in opposition to this bill.

“This is an omnibus bill; it’s a kitchen sink bill. There are several good positions in here for teacher incentives, but there are an awful lot of other items of dubious distinction and also of high cost. And I think we’d be better off to target and use a rifle approach to trying to improve incentives for teaching. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2853 was adopted and S.B. No. 3252, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO TEACHERS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Baker moved that Stand. Com. Rep. No. 2855 be adopted and S.B. No. 2842, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose in opposition and stated:

“Madam President, I rise in opposition to this bill.

“This is one of the several ban bills that were introduced this Session. And the interesting thing about this bill—it aims at the incandescent light and is also talking about mercury-controlled light fixtures. And it pushes the benefits of CFLs. But as we’ve been seeing recently, as we’re getting more information, CFLs—which do contain mercury—if they are shattered, if they break, they cause a toxic hazard. They cause evacuations of home and hearth, and are a real danger.

“We are rushing, rushing into this area of getting rid of old and true products and taking up new products with the idea that they are a panacea, without the benefit of any time, testing, or unintended consequences. And this is one of those bills that does create unintended consequences and cost items. Thank you.”

Senator Trimble rose in opposition and stated:

“Madam President, this truly is tandem. If you’re going to pass a bill, and I have a sense that you are, would you consider amending it in Committee? Or at least asking the House on the other side to amend it to have a recycling program for compact fluorescent bulbs? We don’t need them in our waste stream going to our landfills. So, if you’re going to pass the bill, then

now let's figure out what we're going to do with compact fluorescent bulbs because there truly is a significant mercury issue. Thank you."

Senator Kim requested her vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2855 was adopted and S.B. No. 2842, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO LIGHTING," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Baker moved that Stand. Com. Rep. No. 2856 be adopted and S.B. No. 2932, S.D. 3, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose in opposition as follows:

"Madam President, I rise in opposition to this bill, which increases the taxes and it may be tax increases on petroleum, but of course that filters down to us. And it will mean that our fuel costs are even greater than they are now. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2856 was adopted and S.B. No. 2932, S.D. 3, entitled: "A BILL FOR AN ACT RELATING TO ENVIRONMENTAL RESPONSE TAX," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 4 (Hemmings, Slom, Trimble, Whalen).

Senator Baker moved that Stand. Com. Rep. No. 2863 be adopted and S.B. No. 2905, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Slom rose in opposition and stated:

"Madam President, I rise in opposition to this bill.

"We had a lengthy hearing and discussion about this bill. It's not about false labeling. It's not about mislabeling. It's not about non-labeling. It's about the fact that we have products right now that are on sale everyday that are clearly marked 10 percent Kona coffee. And consumers that drink coffee, and want Kona coffee, and want to pay that price do so. The others that want 100 percent Kona coffee and are able and willing to pay that price do so.

"For the Legislature to get involved and to have more studies and more committees to arrive at a percentage—whether it's 50 percent, 75 percent—really doesn't solve a problem that at this point does not exist. Thank you."

Senator Tokuda rose in support of the measure:

"Madam President, I rise in support of this measure.

"This measure was in response to requests that have been coming to us from the Kona coffee industries to increase the blend law to 75 percent, but also to look at strengthening our truth in labeling laws, because Kona coffee is one of our most important agricultural crops. And as we stated in last year's S.C.R. No. 102, further economic analysis and evaluation into these labeling laws as well as to the various percentages that could be required to call yourself a Kona coffee blend, is very much needed, so that we do not make an uninformed decision and negatively impact one of our most profitable agricultural crops.

"While this bill provides the necessary funding to continue the study and analysis called for in S.C.R. No. 102, it does go a bit further in that it not only looks at Kona coffee, but asks us to basically look at all of the other Hawai'i regional coffees that are now currently coming out and have the potential to achieve the branding and recognition similar to Kona. Those of you on the neighbor islands may be very familiar with some of these particular coffee blends—from Ka'u to Moloka'i to Kaua'i to Hamakua—they've all begun to establish themselves and have great potential to become one of the many high quality Hawai'i regional coffees that we promote and will greatly add to our agricultural industry.

"What this bill does is calls upon us to look at what measurements or standards will be necessary to support these up and coming regional coffees and assist them in gaining the recognition that Kona coffee has established over the years. So I ask you to please support Kona coffee, as well as our many other Hawai'i regional coffees, and support this bill. Thank you."

Senator Gabbard requested his vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2863 was adopted and S.B. No. 2905, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO AGRICULTURE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Ayes with Reservations, 1 (Gabbard). Noes, 2 (Slom, Trimble). Excused, 1 (Hee).

On motion by Senator Taniguchi, seconded by Senator Hee and carried, Stand. Com. Rep. No. 2876 was adopted and S.B. No. 2063, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO NOISE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Slom).

Stand. Com. Rep. No. 2877 (S.B. No. 2486, S.D. 2):

Senator Baker moved that Stand. Com. Rep. No. 2877 be adopted and S.B. No. 2486, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Tsutsui.

Senator Trimble rose in opposition and said:

"Madam President, I rise in opposition.

"Colleagues, I suggest that you carefully look at the wording contained in this bill. The wording is rather strange. And when you read the wording—since it's too late for this to be done today—I suggest that you think about whether, or the extent to which, this strange wording might increase the liability of the state to suit. Okay? We'll get another chance to look at it. I hope the language is cleaned up before it comes back. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2877 was adopted and S.B. No. 2486, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO WATER," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

ORDER OF THE DAY

THIRD READING

S.B. No. 520, S.D. 2:

Senator English moved that S.B. No. 520, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Hemmings rose to speak against the measure and stated:

"Madam President, I rise to speak against S.B. No. 520.

"Madam President, before I enumerate the reasons why I am voting against this bill I'd like to congratulate the Chairman of the Transportation and International Affairs Committee and I appreciate his efforts to preempt a possible conflict with the federal government—in putting in the proviso in he did by amending it that the peace mission would not violate federal law. Nevertheless, we have a State Department, we have 150 years of case law at the United States Supreme Court, and we even have the Federalist papers written by Madison—number 45—which clearly shows that affairs of this nature should be handled exclusively by the federal government for good reason. It would be awfully complicated if we had individual states

dealing in the matters of peace and war with other jurisdictions around the world without our country speaking with one voice emanating from the federal government.

"There are several other reasons that I think should go on the record why this bill should eventually die here at the Legislature. It talks about charitable programs and I would hearken to say that in the wake of the tsunami of Christmas of 2006, some of the world's nations stood up and pointed a finger of accusation that America did not respond with enough aid in the form of financial contributions from the federal government to the ailing countries of the Indian Ocean who were affected by the tsunami. It is clearly demonstrated that the genius of America's charitable pursuits is not the government, it's found in the churches and the charitable institutions of this country. If you added up the impact of Red Cross or corporations like FedEx who donated airplanes for airlift emergency things, America's charitable pursuits are best pursued as they always have been by private charitable institutions. Even Alexis de Tocqueville recognized that when he wrote *Democracy in America* in 1835.

"Another reason why this bill does not make sense is it's going to cost money. The members shall not receive compensation this bill says, but they will receive reimbursement for expenses including travel. Where they may go we don't know, but it could be anywhere in the world according to this agenda. The original bill had a \$500,000 appropriation. I don't know if the good Chair of the Ways of the Means Committee will eventually allot for this, but I would suggest whatever it is could be better spent with grants-in-aids for local charities to better serve the people of Hawai'i.

"I would submit to this organization the real path to pursue is for America to continue to be strong and resolute and be willing to defend freedom around the world. The world is still full of tyrants and those who would take away the inalienable rights that are guaranteed by our Constitution. We learned the hard way in 1939 when another well meaning gentleman went to Germany and negotiated the peace treaty with Adolph Hitler—and that was Neville Chamberlain—and we knew what followed. Being strong is the way to maintain peace, because the world's bullies and the tyrants are not going to pick fights with the strong that can defend themselves.

"So I would say at this time that this is a well meaning gesture but is contrary to our interests, and certainly contrary to the policies of the United States government and their conduct of our affairs on our behalf and probably contrary to the best interests of the economics of Hawai'i. I urge my colleagues to be of further consideration and vote no on this."

Senator English rose to speak in favor of the measure and stated:

"Madam Chair, I rise to support the measure.

"Quite the contrary to the previous speaker this is concomitant with federal policy because you know there is clear demarcation—the feds handle foreign affairs, yes that's true—but many states do cultural, scientific and educational exchanges, which is what this falls under. In fact, our very own East-West Center is funded by the State Department, which is scientific, cultural and educational and it's funded by what's called the Public Diplomacy or Citizen's Diplomacy section of the State Department. So this is actually furthering the goals of U.S. foreign policy by creating people-to-people contacts and creating the understanding of peace and the understanding of culture.

"The changes that were made I think make the bill stronger and I think that Hawai'i de facto already does many of these types of missions. In fact, I think we're amongst a number of states that have foreign offices—we have offices in Taiwan,

Shanghai, Beijing, elsewhere around the world that act as our de facto representatives in those countries. So we already fund these types of projects. It serves Hawai'i much better because we are in the middle of the Pacific and we deal with the region quite a bit more and in different capacities. So I ask the members to please support this measure as it does promote Hawai'i's best interests and the best interests of the United States."

On motion by Senator Baker, seconded by Senator Tsutsui and carried, S.B. No. 520, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO INTERNATIONAL AFFAIRS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 3 (Hemmings, Slom, Whalen). Excused, 1 (Hanabusa).

ORDER OF THE DAY

ADVISE AND CONSENT

Stand. Com. Rep. No. 2890 (Gov. Msg. No. 257):

Senator English moved that Stand. Com. Rep. No. 2890 be received and placed on file, seconded by Senator Gabbard and carried.

Senator English then moved that the Senate advise and consent to the nomination of BRENNON MORIOKA as Director of the Department of Transportation, term to expire December 6, 2010, seconded by Senator Gabbard.

Senator English rose to speak in support of the measure and said:

"Madam President, members, I rise to support the nominee.

"Your Committee on Transportation and International Affairs has had a very good working relationship with Brennon, and we consider him to be academically qualified as well as well-prepared for this job. We think that the initiatives with the airports, the initiatives with harbors, and in the future initiatives with highways will be excelled and will help us to improve the transportation in Hawai'i. And we feel that because of his attitude and outlook on how to make these projects happen, that they will happen in a timely manner. I ask my colleagues to support his nomination because he has already proven himself to be an effective leader in this role. Thank you."

Senator Trimble rose to speak in support of the nominee:

"Madam President, I also rise to offer brief remarks in support of Brennon Morioka.

"I will note for the record that he has a bachelor's and master's from Cal-Berkeley, whose colors are somewhat similar to that of Punahou, but please do not confuse them. He has a Ph.D. from the University of Hawai'i. He has taught some rather esoteric courses up there. The only problem I have with the gentleman is that he's a highway man. But looking beyond that, I have known him for seven years. The things that I have always known him to be are very determined, very people-oriented, very concerned. What really shocked me was when I found out that he was an engineer.

"I urge my colleagues to vote for a very capable, hardworking, dedicated, solution-oriented people-person because he'll be a great, great Director of the Department of Transportation. Thank you."

Senator Hemmings rose to speak in favor of the nominee as follows:

"Madam President, I rise to speak in favor of the nominee.

"I'd like to just add a particular point of view I think is salient especially for 25 Senators. There are 16 active cabinet level heads in the executive branch of government who work for the Lingle administration. And as a State Senator, I don't ever recall one of my constituents calling me up and asking that I give Kurt Kawafuchi a call and ask him to do a better job collecting our taxes. The point is that I believe that besides working for the Lingle administration, in this particular department, because of the harbors, airports, but most especially because of the highways, Brennon gets calls from all 76 Legislators on a regular basis. Traffic is a huge and vexing problem for all of us, and this man is the right man at the right time for the right job.

"I'm looking forward to working with him as I think all the Senators would be, and I do urge us all to give him unanimous support with our vote today. Thank you, Madam President."

Senator Baker rose to speak in support of the nominee and said:

"Madam President, I, too, rise in support of this nominee.

"Perhaps all of us have traffic issues in our districts, but some of the more challenging ones happen to be in the fifth senatorial district on the island of Maui between Maalaea and Lahaina. And I must say that Mr. Morioka has helped our community with good humor, good advice, and patience to assist us through some of those thorny issues. So it is on behalf of my constituents that I rise in support of this nominee and express their appreciation for his continuing to shepherd some of these highway projects, even though now he has to look after harbors and airports as well. Thank you."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 22. Noes, none. Excused, 3 (Hee, Ihara, Kim).

At this time, Senator English introduced Mr. Morioka and his family to the members of the Senate.

At 12:26 p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:33 p.m.

Stand. Com. Rep. No. 2891 (Gov. Msg. Nos. 426 and 427):

At 12:33 p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:34 p.m.

Senator Ige moved that Stand. Com. Rep. No. 2891 be received and placed on file, seconded by Senator Whalen and carried.

Senator Ige then moved that the Senate advise and consent to the nominations to the Kaua'i Aquatic Life and Wildlife Advisory Committee of the following:

GEORGE R. COATES, term to expire June 30, 2012 (Gov. Msg. No. 426); and

ELTON S. USHIO, term to expire June 30, 2012 (Gov. Msg. No. 427),

seconded by Senator Whalen.

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 21. Noes, none. Excused, 4 (Hee, Ihara, Kim, Menor).

Stand. Com. Rep. No. 2892 (Gov. Msg. No. 429):

Senator Ige moved that Stand. Com. Rep. No. 2892 be received and placed on file, seconded by Senator Whalen and carried.

Senator Ige then moved that the Senate advise and consent to the nomination of BONNIE K. KAHAPEA-TANNER to the Kaneohe Bay Regional Council, term to expire June 30, 2012, seconded by Senator Whalen.

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 21. Noes, none. Excused, 4 (Hee, Ihara, Kim, Menor).

Stand. Com. Rep. No. 2893 (Gov. Msg. No. 432):

Senator Ige moved that Stand. Com. Rep. No. 2893 be received and placed on file, seconded by Senator Whalen and carried.

Senator Ige then moved that the Senate advise and consent to the nomination of JOAN E. CANFIELD to the Legacy Land Conservation Commission, term to expire June 30, 2012, seconded by Senator Whalen.

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 21. Noes, none. Excused, 4 (Hee, Ihara, Kim, Menor).

Stand. Com. Rep. No. 2894 (Gov. Msg. No. 433):

Senator Ige moved that Stand. Com. Rep. No. 2894 be received and placed on file, seconded by Senator Whalen and carried.

Senator Ige then moved that the Senate advise and consent to the nomination of DALE BRIAN BONAR to the Natural Area Reserve System Commission, term to expire June 30, 2012, seconded by Senator Whalen.

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 21. Noes, none. Excused, 4 (Hee, Ihara, Kim, Menor).

Stand. Com. Rep. No. 2895 (Gov. Msg. Nos. 398, 399, 400 and 401):

Senator Ige moved that Stand. Com. Rep. No. 2895 be received and placed on file, seconded by Senator Whalen and carried.

Senator Ige then moved that the Senate advise and consent to the nominations to the Advisory Board on Veterans' Services of the following:

LUIS ALEJANDRO PARKER, terms to expire June 30, 2008, and June 30, 2012 (Gov. Msg. Nos. 398 and 399);

LLOYD K. SODETANI, term to expire June 30, 2012 (Gov. Msg. No. 400); and

ANNE V. STEVENS, term to expire June 30, 2012 (Gov. Msg. No. 401),

seconded by Senator Whalen.

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 21. Noes, none. Excused, 4 (Hee, Ihara, Kim, Menor).

At 12:35 p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:36 p.m.

ADOPTION OF RESOLUTIONS

MATTERS DEFERRED FROM THURSDAY MARCH 6, 2008

Stand. Com. Rep. No. 2896 (S.C.R. No. 57):

On motion by Senator Ige, seconded by Senator Whalen and carried, the report of the Committee was adopted and S.C.R. No. 57, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THAT PAHOA HIGH AND INTERMEDIATE SCHOOL DEDICATE ITS GYMNASIUM IN HONOR OF FORMER REPRESENTATIVE HELENE H. HALE, BY CHANGING THE NAME OF THE GYMNASIUM TO 'HELENE H. HALE GYMNASIUM,'" was adopted.

Stand. Com. Rep. No. 2897 (S.C.R. No. 47, S.D. 1):

Senator Ige moved that Stand. Com. Rep. No. 2897 and S.C.R. No. 47, S.D. 1, be adopted, seconded by Senator Whalen.

Senator Chun Oakland rose to speak in support of the measure and said:

"Madam President, on Stand. Com. Rep. No. 2897, S.C.R. No. 47, S.D. 1, may I insert comments in support of this measure and also to recognize Dan de Gracia for helping us in this effort. Thank you."

The Chair having so ordered, Senator Chun Oakland's remarks read as follows:

"Madam President, I rise in strong support of Standing Committee Report No. 2897 and 2898 for Senate Concurrent Resolution No. 47, S.D. 1, and Senate Resolution No. 22, S.D. 1: 'Respectfully requesting the U.S. Postal Service to commemorate the honorable service of the F-14 Tomcat in defending freedom.'

"During the years that followed America's withdrawal from Vietnam, America suffered a malaise in self-esteem and self-confidence. The F-14 helped change that image by scoring victories throughout the 1980s against Soviet aircraft in the skies over the Mediterranean Sea, whether fighting against Libyan aircraft or intercepting aircraft harboring international terrorists. So great was the Tomcat's fame that during the Eighties, a movie was filmed right here in Honolulu, Hawaii, named 'The Final Countdown' which glamorized the aircraft and its crews. An article written late last year in the Honolulu Star Bulletin by Waipahu resident Daniel de Gracia summed it up best: 'All across the world, the Tomcat was America's premier representative of our will to defend our freedom, giving us a symbol to rally to in a time of uncertainty and low national self-esteem.'

"The F-14 Tomcat holds a special place in the heart of thousands of former U.S. Navy aviators, and an entire generation of individuals who read of its heroic exploits. Now that the aircraft is retired, all remaining aircraft not reserved for museums are being chopped up and destroyed for scrap use in soda cans, aluminum foil, automobiles, and other generic uses. For the men and women of that aircraft, all they have left is memories, and they would very much like to see those historic memories preserved in the form of a Tomcat stamp. The F-14 Tomcat pilots have a saying: 'Tomcats Forever.' I think it would be very fitting for the USPS to produce a first class Forever Stamp.

"I urge my colleagues to vote in favor of these resolutions."

Senator Inouye rose to speak in support of the measure as follows:

"Madam President, I speak in strong support of Stand. Com. Rep. No. 2897 and 2898 for S.C.R. No. 47 and S.R. No. 22, introduced by our good Senator, Senator Chun Oakland.

"We got educated today, Madam President and colleagues, on paniola, but we're going to get educated today on the Tomcat. These two resolutions ask the U.S. Postal Service to commemorate one of the most historic and well-known aircraft in the history of American military aviation—the recently-retired F-14 Tomcat. Throughout the 1980s the F-14 Tomcat defended freedom both at home and abroad. So popular and so successful was the service of the F-14 Tomcat that in 1986 a film was made in its honor, which I'm sure all of you remember—*Topgun*. In that movie, a scene portrayed Tomcat pilots departing for a rescue mission with their commanding officer booming the following words, 'Gentlemen, this is the real thing. You are America's best. Make us proud.'

"Madam President, those words proved to be more than just cinematic—they were prophetic. The F-14 and its operators kept America free from enemy invasion until its retirement in 2006, and time and time again came through no matter what mission they were given, showing all of us that they were the best, and making all of us very proud.

"I ask my colleagues to please vote in strong support of these resolutions. Thank you."

The motion was put by the Chair and carried, the report of the Committee was adopted and S.C.R. No. 47, S.D. 1, entitled:

"SENATE CONCURRENT RESOLUTION RESPECTFULLY REQUESTING THE UNITED STATES POSTAL SERVICE TO COMMEMORATE THE HONORABLE SERVICE OF THE U.S. NAVY'S F-14 TOMCAT IN DEFENDING FREEDOM," was adopted.

Stand. Com. Rep. No. 2898 (S.R. No. 22, S.D. 1):

Senator Ige moved that Stand. Com. Rep. No. 2898 and S.R. No. 22, S.D. 1, be adopted, seconded by Senator Whalen.

Senator Chun Oakland requested her remarks be inserted into the Journal, and the Chair having so ordered, Senator Chun Oakland's remarks read as follows:

"Madam President, I rise in strong support of Standing Committee Report No. 2897 and 2898 for Senate Concurrent Resolution No. 47, S.D. 1, and Senate Resolution No. 22, S.D. 1: 'Respectfully requesting the U.S. Postal Service to commemorate the honorable service of the F-14 Tomcat in defending freedom.'

H.B. No. 2758; and
H.B. No. 3161.

Senator Ige noted:

"Madam President, all of these are companions to similar measures that the Senate had heard previously. The waivers are necessary in order to make the referral requirements and get the bills on, these are triple referral bills. And H.B. No. 3161 is an emergency appropriation that we are trying to process as soon as we can."

The Chair then granted the waiver.

Senator Hee rose on a point of personal privilege and said:

"Madam President, I rise on a point of personal privilege.

"In Sunday's *Advertiser* there was an article entitled 'Pier review' in the business section F. And in the article by Andrew

Gomes it had mentioned that the Senate was calling for an audit of the Aloha Tower Development Corporation. Having had the privilege of a pre-session discussion with the Vice President of this august body, I want to assure the members that she has every intention of moving forward and she will let us know how it goes.

"Thank you, Madam President."

ADJOURNMENT

At 11:54 a.m., on motion by Senator Baker, seconded by Senator Whalen and carried, the Senate adjourned until 11:30 a.m., Tuesday, March 11, 2008, on a rising vote, observing a moment of silence in memory of three special people who recently lost their battles with cancer: Mr. Andrew Sato, the young man from Pearl City whom we honored last week for his indomitable spirit, who faced the many hardships, in his young life with courage, hopeful outlook and a smile. The Reverend Frank Chong, a long time volunteer with the American Cancer Society and tireless advocate for the poor, homeless, the uninsured, and the elderly, who succumbed to a recurrence of his cancer on Sunday morning; and Auntie Genoa Keawe, who brought so much joy to so many in Hawai'i and beyond with her music, giving spirit and outlook on life.

ADOPTION OF RESOLUTIONS

MATTERS DEFERRED FROM MONDAY, MARCH 10, 2008

Stand. Com. Rep. No. 2913 (S.R. No. 19, S.D. 1):

Senator Ige moved that Stand. Com. Rep. No. 2913 and S.R. No. 19, S.D. 1, be adopted, seconded by Senator Whalen.

Senator Hemmings rose to speak in opposition to the measures and stated:

“Madam President, I rise to speak against S.R. No. 19 and S.C.R. No. 44.

“This appears to be political correctness run amok. This nation does not have a monument to a race. This nation does not have a monument to a creed. It should not have a monument to a specific gender. If we were really interested in helping the plight of women, we would address women throughout this world who are being abused and even killed under Sharia law in the extreme of the Islamic world. Asking our national government to create a monument to a gender seems to contradict our constitution and beliefs in many ways. We don’t, as I say, have a monument to a race or a creed. I would suggest our time could be better spent addressing more serious problems. I’ll be voting ‘no’ against those particular resolutions, and I’d love to have the Clerk record my ‘no’ vote on S.R. No. 19 and S.C.R. No. 44.”

The motion was put by the Chair and carried, the joint report of the majority of the Committees was adopted and S.R. No. 19, S.D. 1, entitled: “SENATE RESOLUTION REQUESTING THE UNITED STATES CONGRESS TO AUTHORIZE THE ESTABLISHMENT OF A NATIONAL MONUMENT FOR WOMEN IN WASHINGTON, D.C., TO RECOGNIZE AND HONOR THE LEADERSHIP CONTRIBUTIONS OF AMERICA’S WOMEN,” was adopted with Senator Hemmings voting “No.”

Stand. Com. Rep. No. 2914 (S.C.R. No. 44, S.D. 1):

Senator Ige moved that Stand. Com. Rep. No. 2914 and S.C.R. No. 44, S.D. 1, be adopted, seconded by Senator Whalen.

“Madam President, I rise to speak against S.R. No. 19 and S.C.R. No. 44.

“This appears to be political correctness run amok. This nation does not have a monument to a race. This nation does not have a monument to a creed. It should not have a monument to a specific gender. If we were really interested in helping the plight of women, we would address women throughout this world who are being abused and even killed under Sharia law in the extreme of the Islamic world. Asking our national government to create a monument to a gender seems to contradict our constitution and beliefs in many ways. We don’t, as I say, have a monument to a race or a creed. I would suggest our time could be better spent addressing more serious problems. I’ll be voting ‘no’ against those particular resolutions, and I’d love to have the clerk record my ‘no’ vote on S.R. No. 19 and S.C.R. No. 44.”

The motion was put by the Chair and carried, the joint report of the majority of the Committees was adopted and S.C.R. No. 44, S.D. 1, entitled: “SENATE CONCURRENT RESOLUTION REQUESTING THE UNITED STATES CONGRESS TO AUTHORIZE THE ESTABLISHMENT OF A NATIONAL MONUMENT FOR WOMEN IN WASHINGTON, D.C., TO RECOGNIZE AND HONOR THE LEADERSHIP CONTRIBUTIONS OF AMERICA’S WOMEN,” was adopted with Senator Hemmings voting “No.”

Stand. Com. Rep. No. 2915 (S.C.R. No. 7, S.D. 1):

On motion by Senator Ige, seconded by Senator Whalen and carried, the joint report of the Committees was adopted and S.C.R. No. 7, S.D. 1, entitled: “SENATE CONCURRENT RESOLUTION REQUESTING THE STATE AND COUNTIES TO COMPILE AN INVENTORY OF ABANDONED, EXCESS, AND UNDERUTILIZED PROPERTIES UNDER THEIR RESPECTIVE JURISDICTIONS,” was adopted.

Stand. Com. Rep. No. 2916 (S.C.R. No. 26, S.D. 1):

On motion by Senator Ige, seconded by Senator Whalen and carried, the joint report of the Committees was adopted and S.C.R. No. 26, S.D. 1, entitled: “SENATE CONCURRENT

RESOLUTION REQUESTING THE STATE AND COUNTIES TO PROVIDE FOR THE SHARING OF THE SAME LOCATION FOR EDUCATIONAL, RECREATIONAL, HEALTH, AND HUMAN SERVICES PROGRAMS IN ABANDONED, EXCESS, AND UNDERUTILIZED PROPERTIES UNDER THEIR RESPECTIVE JURISDICTIONS,” was adopted.

House
Concurrent
Resolution

Referred to:

H.C.R. No. 11 Committee on Health

H.C.R. No. 25 Jointly to the Committee on Health and
the Committee on Human Services and Public Housing

H.C.R. No. 33, H.D. 1 Committee on Health

H.C.R. No. 53 Jointly to the Committee on Health and
the Committee on Human Services and Public Housing

RE-REFERRAL OF HOUSE BILLS

The Chair re-referred the following House bills that were received:

House Bill

Referred to:

H.B. No. 2302, H.D. 2 Jointly to the Committee on
Commerce, Consumer Protection and Affordable Housing and
the Committee on Judiciary and Labor, then to the Committee
on Ways and Means

H.B. No. 2605, H.D. 2 Committee on Economic
Development and Taxation, then to the Committee on Ways and
Means

Senator Ige, Chair of the Committee on Health, requested a waiver of the notice requirement pursuant to Senate Rule 21 for H.B. Nos. 2306 and 2540.

Senator Ige noted:

“Madam President, H.B. No. 2306, Relating To The General Excise Tax, clarifies the application of the GET to contracts for the administration of the federal TRICARE program; we had heard a similar Senate Bill.

“And H.B. No. 2540, Relating To Taxation, provides an income tax, general excise tax exemption for companies that provide potable water and are exempt under Section 501(c)(12) of the IRC.

“A hearing is required in order to meet the deadline for triple referral bills.”

The Chair granted the waiver.

Senator Ige rose on a point of personal privilege and said:

“Madam President, I just wanted to rise on a point of personal privilege.

“I did want to give all the members an update on our efforts for the paperless project. The staff compiled the statistics for the month of February, and I’m pleased to report that the Senate generated a total of more than 1.7 million fewer pages in the month of February. So the project to date has resulted in a savings of at this point more than 4.3 million pages. And I wanted to congratulate all the members and all the staff and everyone involved with the project because it’s clearly been going better than even I, as an optimist, expected.

“I also want to report on an interesting phenomenon. On the first bill introduction deadline, approximately 150 individuals had requested the CD-roms that had all of the documents on it. And that request is down to 85. So it’s about 60 fewer. I do think that the public is getting used to being able to count on getting access to information from our website, so the numbers of even CDs have been reduced further.

“So I just wanted to congratulate all the members and staff. And we are looking at the notion of expanding to other committees as we work through the process. So congratulations to everyone involved. Thank you.”

ADJOURNMENT

At 11:52 a.m., on motion by Senator Ige, seconded by Senator Whalen and carried, the Senate adjourned until 11:30 a.m., Thursday, March 13, 2008.

THIRTY-THIRD DAY

Monday, March 17, 2008

The Senate of the Twenty-Fourth Legislature of the State of Hawai'i, Regular Session of 2008, convened at 11:42 a.m. with the President in the Chair.

The Divine Blessing was invoked by the Reverend Yubun Narashiba, Jodo Mission of Hawai'i, after which the Roll was called showing all Senators present.

The President announced that she had read and approved the Journal of the Thirty-Second Day.

At this time, the following introductions were made to the members of the Senate:

Senator Inouye recognized the efforts that the Hawaii Air and Army National Guard have contributed to three recent natural disasters in Hawai'i—the Kaloko Dam breach on Kaua'i in March 2006, the Big Island earthquakes in October 2006 and the high winds that struck Maui in December 2007. Representing the Hawaii National Guard were Sergeant First Class Alvin Sniffen, Master Sergeant Bernard Wong, Lieutenant Colonel Patrick Fierro, Captain Joe Tolentino, Staff Sergeant Dave Van Buren and Major David Kashiwamura.

Senators Espero and Fukunaga, Trimble and Tokuda commemorated the 65th Anniversary of the Honouliuli Japanese Internment Camp, and introduced the following internees: Chojira Kagerura, accompanying him was his wife Setsuko, Harry Urata and Jack Tasaka. Accompanying the internees were Donald Amano and Jane Kurahara, co-chairs of the Hawaii Confinement Sites Committee; Betsy Young of the Japanese Cultural Center of Hawai'i; and Stacy Sasagawa of Monsanto Hawaii.

At 12:08 p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:15 p.m.

ORDER OF THE DAY

RECONSIDERATION OF ACTION TAKEN

Stand. Com. Rep. No. 2954 (H.B. No. 3161, S.D. 2):

Pursuant to Senate Rule 66(1), Senator Baker moved that the Senate reconsider its action taken on March 17, 2008, in adopting Stand. Com. Rep. No. 2954 and passing H.B. No. 3161, S.D. 2, on Third Reading, seconded by Senator Tsutsui.

Senator Baker noted:

"Madam President, colleagues, unfortunately there was an error, a drafting error, in the S.D. 2 that we passed yesterday, and it created doubt as to the effectuation of the emergency appropriation. And therefore we needed to correct it. I apologize that we did not catch it sooner."

Senator Baker then offered the following amendment (Floor Amendment No. 3) to H.B. No. 3161, S.D. 2:

SECTION 1. House Bill No. 3161, S.D. 2, is amended by amending the fiscal year reference contained in section 4 from "2008-2009" to "2007-2008" and to read as follows:

"SECTION 4. There is appropriated out of the general revenues of the State of Hawaii the sum of \$11,000,000 or so much thereof as may be necessary for fiscal year 2007-2008 for Maui memorial medical center; provided that the sum appropriated under this section shall only be expended if the operating loan that is being negotiated by Maui memorial medical center does not close prior to April 4, 2008."

Senator Baker noted:

"Madam President, the amendment will correct the drafting error, which is the fiscal year of the appropriation. It's an emergency appropriation. It comes out of this fiscal year and not the next one."

The motion to adopt Floor Amendment No. 3 was put by the Chair and carried.

Senator Baker then moved that Stand. Com. Rep. No. 2954 be received and placed on file, seconded by Senator Tsutsui and carried.

The motion was put by the Chair and carried, H.B. No. 3161, S.D. 3, entitled: "A BILL FOR AN ACT MAKING AN EMERGENCY APPROPRIATION TO THE HAWAII HEALTH SYSTEMS CORPORATION," was placed on the calendar for Third Reading on Thursday, March 20, 2008.

Senator Slom rose on a point of information as follows:

"Madam President, I rise on a point of information, please."

"I just had a discussion with the Senate Clerk a few minutes ago about this past floor amendment that we just passed. And I wanted to make sure that we had a clarification because there still seems to be some miscommunication. It was always my understanding that a floor amendment had to be presented to the Clerk by 9 a.m. prior to an 11:30 a.m. hearing. And we always went under that assumption. And this floor amendment just arrived approximately an hour ago.

"The Senate Clerk informs me now that in fact there is no requirement for a time and that a floor amendment can be presented right up until the time that we're in session. I

checked with our Minority Office, and our Minority Research Office had not been informed of that change. And so I want to get for information purposes that I am listening to this correctly and from now on any floor amendment could be brought directly to the floor of the Senate at the time of the session. Can I get a clarification on that, please?"

The President responded:

"Senator Slom, we'll take it under advisement and we'll give you a written opinion on that."

Senator Kim rose on a point of personal privilege and said:

"Madam President, I rise on a point of personal privilege.

"Madam President, this morning someone handed me this article that appeared in the Houston Chronicle. It's interesting—March 14, 2008; 'Hawai'i looking at hydrogen contract bid.' Apparently the Houston Chronicle thought that what we're doing here was newsworthy. And hopefully our local media would take a page out of that and cover our hearings. Thank you."

Senator Hee rose on a point of personal privilege and stated:

"Madam President, I rise on a point of personal privilege.

"I would like to offer some comments with regard to this morning's editorial entitled 'Lawmakers should not delay ceded lands deal.' As some of us have had a discussion from yesterday, I think the editorial is accurate in the sense that, in arguing that the proposal before us is premature; it doesn't hold water. I agree with that. I think it's always good if policymakers can take the matter before the public or the beneficiaries. However, I believe it's also reasonable that to do so is a Herculean effort.

"I would like to, however, offer comments that have troubled me with regard to this matter before us. And that is the magic number of 200 million. To be sure that I had not missed more than my share of information from the advocates of the settlement—namely, the Attorney General and the Office of Hawaiian Affairs—I checked with some of my colleagues to see if they understood the magic of 200 million. I am satisfied that they share similar concerns as I do—and that is, what is the magic in 200 million? For example, if going forward this proposal, which offers 15.1 million into time immemorial, is somehow representative of a 20 percent pro rata share, then what will the pro rata share be from 1978 to 2008? And if one were to divide 30 years into 200 million, I suppose the pro rata share might be argued that way.

"But then what is the magic curtain between 2008 and 2009—which dramatically increases the pro rata share to the extent that there are those who would believe the 15.1 in fact is equal to 20 percent? No one knows. No one knows what 20 percent of the pro rata share was in 1978, '79, '80, '81, '82, '83.

"But we do know that if the Attorney General and the Office believe that \$15.1 is fair—f-a-i-r—then we do know that in 30 years that OHA and the Attorney General would have agreed—or have agreed—that \$450.3 million is fair.

"So the question becomes, 'If \$450 million is fair for the next 30 years, why would it not be fair for the past 30 years?' Because there are those who would argue that in 1978, the pro rata share could not be near \$15.1 million—just as there are those who would argue that in 30 years, 2038, the pro rata will not be \$15.1 but significantly more as time moves forward.

"So the question of whether the Office should be entitled to one penny, let alone billions of dollars in the future, is a question for those who advocate or argue against the Native Hawaiian entitlement. There are those who would say that 200

million is too low—just as there are those who would say 200 million is too high.

“I’ll speak for myself; I don’t know the answer to that. And the reason is that the disclosure of 200 million has not been made to any Legislative Committee, as far as I’m aware. This much I’m certain—that disclosure has not been made to Legislators by written communication. And it would appear to me that above all else—forget the argument of an entitlement; forget the argument of a waiver of future claims—the justification of 200 million is a reasonable one, if in fact we are the ones who would approve or disapprove such an action.

“There is a huge vacuum of information not being provided. And the reasonableness of the expectation of the amount is not an unfair question to ask. I agree with my colleague two seats to my left from Manoa—it’s not over. But unless such justification is forthcoming, I would suggest that my colleague to my immediate right is more accurate than inaccurate in her comments made last night. Thank you, Madam President.”

Senator Hemmings rose on a point of personal privilege as follows:

“Madam President, I rise on a point of personal privilege.

“I, too, would like to reflect on the editorial in this morning’s paper that clearly pointed out the wisdom in settling a longstanding obligation on the part of the State of Hawai‘i to the people of Hawaiian ancestry. There is magic in this decision and the settlement. The magic is, after 30 years, something finally is being done—30 long years.

“There’s something magic and who it benefits. With wise use of the money and wise use of some of the best land for commercial activities, such as Kewalo Basin, this indeed can be a generous settlement. Poised next to nothing for 30 years, it sounds really good. The magic is that it benefits Hawaiians who are wise enough to see it, and all the people of Hawai‘i who have this longstanding obligation as designated by their 1978 Constitutional Convention.

“There have been several polls on this. Questions are asked: Well, who represented us? It appears that a large percentage of the people of Hawai‘i, through most of the polls I’ve seen, favor this settlement, realizing it’s in everybody’s best interest. We cannot once again afford to succumb to the loudest and most contentious proposition rather than doing what is best in our duty for the greatest number of people of our state.

“I would like to suggest that in its wisdom the Senate work constructively with OHA—the designated representatives, as elected, of the Hawaiian people on this issue—in trying to find and craft a way to have this settlement done this year so that we can proudly go home to our constituents, both Hawaiian and otherwise, and say that we did do some magic. We got something done after 30 years of nothing. Thank you, Madam President.”

Senator Hee rose on a point of personal privilege and said:

“I asked this question of the Senator from the Big Island. He didn’t know the answer, but I know that you know . . .”

The Chair interjected:

“For what purpose do you rise?”

Senator Hee continued:

“I rise in agreement with the previous speaker.”

The Chair inquired:

“So it’s still a point of personal privilege?”

Senator Hee responded:

“Yes.

“He’s absolutely right. And that’s the problem with this bill. He said there is magic. That’s all this is—is magic. That’s the point. This is magic. There’s no basis for the magic.

“He said that Hawaiians have waited 30 long years. I would argue that Hawaiians have waited since 1893. He said the money can be used for many things. I agree. But that’s magical.

“It’s not about magic. It’s about providing the data that supports the magic. That’s what it’s about. I said this last night. In 1993 under John Waihee, there was a first settlement. And every penny could be justified. And if someone asked how did you reach this number, it was justified.

“There’s no justification in this magical formula. There’s only the trust of Mark Bennett and the OHA trustees.

“The suggestion that anyone should be somehow satisfied with a magical formula is patronizing—not only to Hawaiians, but everyone else. The expectation, by Hawaiians and everyone else, that such magic should be broken down to the penny is reasonable. And if the answer is ‘This is a settlement that is confidential,’ then the lid needs to be lifted of confidentiality so that each of us can explain to our constituency the reasons upon which we voted. Thank you, Madam President.”

Senator English rose on a point of personal privilege and said:

“Madam President, point of personal privilege. I cannot let this debate continue without weighing in on it.

“Members, I can tell you that in my particular district, which is predominantly Hawaiian—Moloka‘i, Lana‘i, East and Upcountry Maui—I’ve had a lot of people come and approach me about this. But one in particular on Moloka‘i was very interesting. When we were up there for hearings, talking story with the crowd, one of the people came up to me and said, ‘You know, \$15 million; that’s not too much money.’ And I said, ‘Well, yes, I agree with you.’ And then he says, ‘Well, how come OHA gets it?’ I said, ‘Well, they’re the ones who negotiated it.’ ‘Yeah, but you know, I’ve been applying for grants from them for how many years, and I never got that money. So why are they getting the money when I need it for my projects?’

“I had somebody else recently say, ‘How come we’re taking it in U.S. dollars?’ Can you imagine this. He said, ‘Why are we taking this settlement in dollars? Why don’t we take it in euros? Or gold?’ I was utterly stunned that they would say this. But, you know, they were on point because the value of the dollar lost one-fourth of its value recently? So, they get the point—that a static number doesn’t mean buying power in the future. And that’s part of the flaw of this particular agreement—is that we don’t have anything in it that pegs it to cost of living, that pegs it to inflation, that allows for the buying power of that whatever x-amount is to remain static. In fact, what it does is it diminishes the buying power.

“I think that the Committees made the right move yesterday. I was there for the opening of the Committees and I had to return to Maui for community meetings last night. But during our meetings a call came in and they said that the Committee just voted it down. And there was a small cheer that went through the crowd. So I can tell you that the people in my district are not happy with the settlement, that they didn’t like the terms of it, that they wanted more disclosure, more transparency, more dialogue, some real germane issues. How does that money actually benefit my people? How does it actually do that? How does this land actually do it?

“And by the way, let’s talk about OHA, Inc.—all of the subsidiary LLCs that have been created, the limited liability companies that OHA’s going to move these assets into. How will that be governed? Has that been talked about? Who owns these LLCs? How will they manage it? How does it protect the Trust?”

“All of these questions are there. So I want to congratulate the Chairs for making, I think, the right move. Yes, we’ve waited way too long. But to get it right, to get a better deal for my people, I’m willing to wait another year. Thank you.”

ADJOURNMENT

At 12:15 p.m., on motion by Senator Ige, seconded by Senator Whalen and carried, the Senate adjourned until 11:30 a.m., Wednesday, March 19, 2008.

“EXECUTIVE CHAMBERS
HONOLULU

March 19, 2008

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 987

Honorable Members
Twenty-Fourth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 987, entitled ‘A Bill for an Act Relating to Police Officers.’

The purposes of this bill are (1) to clarify the meaning of ‘acts done in the performance of the officer’s duty as a police officer’ for the purposes of determining if a police officer who is prosecuted or sued must be represented by an attorney provided by the county and (2) to specify that the police commission’s request for a recommendation by the county attorney or corporation counsel regarding the entitlement of the police officer to counsel at county expense shall be responded to within seven working days.

Section 52D-8, Hawaii Revised Statutes, provides that whenever a police officer is prosecuted criminally or sued civilly for acts done in the performance of the officer’s duty, the officer shall be represented at county expense or by the county. The amendment made by this bill will define the acts done in the performance of the officer’s duty as a police officer to include any action while in a duty status or while the police officer is on duty, any action performed by an off-duty police officer while effecting an arrest or performing any other police duty, and any action performed by the police officer while on special duty status.

As written, this bill is overly broad and could place the counties in a position that they would have to defend a police officer when he committed a criminal act. The bill very clearly provides that whenever there is a criminal case or civil case against an officer, and the acts the officer is claimed to have committed occurred while the officer was on regular or special duty, the counties must provide an attorney to represent the officer. Thus, an officer who, while on patrol, engaged in a drug deal or robbed a bank, would have an absolute entitlement to a county-paid attorney if criminally charged with possession of an illegal substance or bank robbery. As this bill is written, there are no exceptions -- so long as the officer is on duty, the officer gets a county-paid lawyer, regardless of the acts the officer commits.

We recognize the need for officers to be provided with legal representation when in the performance of their duties. However, there may be acts committed by a small minority of officers while in the performance of their duties that are not in the scope of an officer’s authority as a police officer, i.e., activities such as the sale of narcotics, sexual assault, domestic violence, burglary. Officers should not be provided with legal representation in these or similar instances. Automatically affording officers legal representation would violate the trust bestowed by the citizens they are sworn to protect. Further, legal representation paid for by the individual counties in instances when a law enforcement officer commits criminal acts would blemish the reputation and integrity of all law enforcement officers and endanger the public’s support in their Police Departments.

Additionally, the seven day timeline for a county’s corporation counsel or county attorney to submit a recommendation to the police commission is, in the judgment of the counties, unrealistic and could cause the county police commissions to make decisions without proper recommendations and without the relevant investigative information. A proper investigation often takes weeks to complete.

We acknowledge that police officers’ work places them in confrontational situations, which may lead to allegations of civil and criminal wrongdoing. We are sympathetic to the concerns expressed by police officers and by the State of Hawaii Organization of Police Officers, who are not confident that all deserving officers receive legal representation, and are concerned about the potential consequences of lawsuits and criminal charges and the effect on officers’ morale and the manner in which they may carry out their duties. I understand the State of Hawaii Organization of Police Officers has worked with the counties over the past week to craft language that addresses the concerns of the counties, while ensuring representation for police officers when it is truly warranted.

I would support a bill that made it more likely that deserving officers would receive legal representation. I cannot support this bill with the serious language flaws described above.

For the foregoing reason, I am returning House Bill No. 987 without my approval.

Respectfully,

/s/ Linda Lingle
LINDA LINGLE
Governor of Hawaii”

**ORDER OF THE DAY
THIRD READING**

H.B. No. 2908, S.D. 1:

Senator Baker moved that H.B. No. 2908, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Chun Oakland.

Senator Trimble rose to speak in opposition to the measure and said:

“Madam President, I rise to speak against this bill.

“Colleagues, there are three reasons—I hope I can remember all three—why you should join me in voting against this bill. Number one, the presumption is that the Legislative Auditor is balanced in what is printed. There has never been an audit of the Legislative Auditor to see if, when she makes statements, they really represent balance; or whether she is going merely for the headlines and the publicity that that can generate. The second reason why you should consider voting against it, is that some of my constituents complain that we are overly aggressive in trying to make the administration look bad. And they would view this as more a partisan politics. The third reason—and I’m saving this for last—is perhaps it would only be fair if we could allow a special investigative committee. No, I wasn’t thinking of the Vice President. I actually think if some way we could ask Russ Saito to evaluate and do a management audit of the Legislative Auditor then we could finally bring some balance in what we do. Thank you, Madam President.”

Senator Baker rose on a point of information as follows:

“Madam President, point of correction. The auditor is the State Auditor, not the Legislative Auditor. Thank you.”

Senator Hemmings rose to speak in opposition to the measure and stated:

“Madam President, I rise to speak against this legislation.

“The State Auditor is employed by the legislative branch of government, is paid by the legislative branch of government, and I would assume would do the bidding of the legislative branch of government and those people who hire. Number two, or actually number four—the reason why we should consider voting ‘no’ against this bill is to protect ourselves. We are the legislative branch of government. We’re the ones that should be making recommendations and seeing that they’re implemented—whether it be policy or rule changes or actual legislation. We should not acquiesce to the will of the Auditor. And it’s our responsibility to carry out the policies and the activities rendered through the Constitution to the legislative branch of government—not the Auditor.

“Therefore I’d ask my colleagues to vote ‘no’ against this bill so that we can have a more accountable system and put the

responsibility back in the legislative branch of government rather than an Auditor. Thank you, Madam President.”

The motion was put by the Chair and carried, H.B. No. 2908, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO AUDIT RECOMMENDATIONS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:
