Your Committee finds that an estimated sixty-five per cent of Lanai's primary aquifer's recharge comes from fog drip and that fog drip interception by mountain forests significantly increases precipitation. The loss of forest cover will change precipitation levels and negatively affect the recharge of the island's aquifer. Accordingly, your Committee finds that execution of a watershed management plan that protects the native forest is necessary for the protection of the fresh water recharge area.

Your Committee has amended this measure by:

- (1) Clarifying that this measure does not apply to any state funds appropriated to implement the Lanaihale watershed management plan prior to the enactment of the measure;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1219, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1219, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, none.

**SCRep. 660 Ways and Means on S.B. No. 1375**

The purpose and intent of this measure is to address the unique needs of multi-track schools while maintaining educational standards for Hawaii's students by requiring:

- (1) Multi-track public schools to have school years of at least one hundred seventy-one days or ninety percent of the minimum number of days required of other non-charter public schools, whichever number is greater, and at least ninety percent of the minimum number of student instructional hours; and
- (2) The Department of Education to submit to the Legislature a plan to implement a multi-track school year of at least ninety percent of the number of days and instructional hours required of other non-charter public schools, beginning with the 2015-2016 school year.

Your Committee finds that multi-track schools are distinct from other schools in that groups of students attend the same multi-track school on different schedules as a means of addressing overcrowding. Because of the unique schedules of multi-track schools, the current mandate of one hundred eighty instructional days and minimum instructional hours for all public schools, beginning with the 2011-2012 school year, imposes an undue hardship on multi-track school students, parents, and staff. Alternative requirements will help ensure that multi-track schools meet their obligations to students under more manageable schedules.

To encourage further discussion, your Committee has amended this measure by changing:

- (1) To unspecified amounts, the percentages of minimum school days and instructional hours required of other non-charter public schools that multi-track schools must implement; and
- (2) The effective date to July 1, 2050.

Technical, nonsubstantive amendments were also made for purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1375, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1375, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, 1 (Kouchi).

**SCRep. 661 (Majority) Ways and Means on S.B. No. 333**

The purpose and intent of this measure is to expand the uses of the Hawaii historic preservation fund by requiring one per cent of all capital improvement appropriations for state buildings to be deposited in the fund.

The measure also capitalizes on the accelerated construction programming proposed by the new gubernatorial administration to assist in the restoration and preservation of such heritage assets as the Bernice Pauahi Bishop Museum, Iolani Palace, and Washington Place.

Your Committee received testimony in support of this measure from William J. Aila, Jr., Chairperson, Department of Land and Natural Resources; Kiersten Faulkner, Executive Director Historic Hawaii Foundation; and Bishop Museum. Your Committee received comments on this measure from Kalbert K. Young, Director, Department of Budget and Finance.

Your Committee finds that, in the current economic climate, it is difficult to pursue new financial resources to ensure the preservation of Hawaii's heritage assets without a corresponding commitment on the part of the State to provide an underlying baseline of state funding support.

Your Committee has amended this measure by:

- (1) Changing the amount of transfer moneys to be exceeded to an unspecified sum to facilitate further discussion on this issue; and
- (2) Making technical, nonsubstantive amendments for purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 333, S.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 333, S.D. 3.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, 1 (Slom). Excused, 3 (Dela Cruz, Kidani, Kouchi).

**SCRep. 662 (Majority) Ways and Means on S.B. No. 105**

The purpose and intent of this measure is to adopt the Uniform Real Property Transfer on Death Act to authorize transfers of real property to intended beneficiaries through a transfer on death deed that avoids the requirements of probate.

Your Committee received testimony in support of this measure from Peter Hamasaki, Commission to Promote Uniform Legislation; and G.A. Rock.

Your Committee finds that this measure simplifies the transfer of real property to intended heirs and beneficiaries, providing substantial savings in time and costs. In addition to allowing surviving families and beneficiaries to avoid the expenses and potentially lengthy processes of probate court, this measure will also provide the State cost savings by reducing the need for probate court services.

Your Committee has amended this measure by:

- (1) Inserting a definition of "revocatory act" to specify acts by which transfer on death deeds may not be revoked;
- (2) Clarifying that transfer on death deeds are ineffective if the transferor is a joint owner of the subject property and is survived by at least one other joint owner;
- (3) Making a technical, nonsubstantive change for consistency; and
- (4) Changing the effective date to July 1, 2050, to encourage further discussion on this measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 105, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 105, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, 1 (Kidani).

**SCRep. 663 (Majority) Ways and Means on S.B. No. 699**

The purpose and intent of this measure is to establish an environmental review special fund for the Office of Environmental Quality Control, in the Department of Health.

Furthermore, this measure requires the Office of Environmental Quality Control to adopt filing fees related to environmental assessments and environmental impact statements, for deposit into the environmental review special fund.

Your Committee received comments in support of this measure from Robert D. Harris, Director, Sierra Club Hawaii Chapter; and two individuals.

Your Committee received comments in opposition to this measure from Kalbert K. Young, Director, Department of Budget and Finance; the Department of Design and Construction, City and County of Honolulu; and the Land Use Research Foundation of Hawaii.

Your Committee received comments on this measure from William J. Aila, Jr., Chairperson, Department of Land and Natural Resources.

Your Committee finds that this measure will enable the Office of Environmental Quality Control to establish appropriate fees to cover the cost of its services.

Your Committee has amended this measure by:

- (1) Changing the amounts of the new filing fees to unspecified sums; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the matter.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 699, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 699, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, 1 (Slom). Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 664 Ways and Means on S.B. No. 1247**

The purpose and intent of this measure is to:

- (1) Establish the Aloha Tower community development district within the Kakaako community development district; and
- (2) Abolish the Aloha Tower Development Corporation, transferring its assets to the Department of Transportation and its zoning and planning jurisdiction to the Hawaii Community Development Authority.

Your Committee received written comments in support of this measure from Richard C. Lim, Interim Director, Department of Business, Economic Development, and Tourism.

Your Committee received written comments in opposition to this measure from the Department of Transportation.

Your Committee received comments on this measure from Anthony J. H. Ching, Executive Director, Hawaii Community Development Authority.

Your Committee finds that this measure will help ensure that the State's investment and objectives for the Aloha Tower Marketplace complex are protected and its potential is realized.

Your Committee has amended this measure by:

- (1) Making conforming amendments to sections 26-18, 36-27, 36-30, 171-2, and 171-64.7, Hawaii Revised Statutes, to reflect the repeal of the Aloha Tower Development Corporation and the new section references for the Aloha Tower fund;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the issue; and
- (3) Making technical amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1247, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1247, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 1 (Kidani).

**SCRep. 665 Ways and Means on S.B. No. 918**

The purpose and intent of this measure is to support youth suicide prevention services in the schools by appropriating funds to restore positions for a peer education program resource teacher and a full-time clerk-typist for suicide prevention services within the Department of Education.

Your Committee received written comments in support of this measure from Kathryn S. Matayoshi, Superintendent of Education, Department of Education.

Your Committee finds that suicide is reportedly the second-leading cause of death in Hawaii among persons fifteen to twenty-four years old and that the rate of attempted suicides among Hawaii high school students is more than double the national average. This measure provides resources to support school suicide prevention services that can help students deal with the issues that lead to suicide.

Your Committee has amended this measure by changing:

- (1) The amount of the appropriation to an unspecified sum; and
- (2) The effective date to July 1, 2050, to facilitate further discussion on this measure.

Technical, nonsubstantive amendments were also made for purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 918, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 918, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 666      Ways and Means on S.B. No. 127**

The purpose and intent of this measure is to appropriate funds to the Department of Human Services to provide a grant subject to chapter 42F, Hawaii Revised Statutes, for the establishment and operation of a comprehensive deaf center.

Your Committee received written comments in support of this measure from six individuals. Your Committee received comments on the measure from Patricia McManaman, Interim Director, Department of Human Services.

Your Committee finds that appropriating funds for a grant to establish and operate a comprehensive deaf center would help empower deaf, hard of hearing, and deaf-blind persons in Hawaii and promote social awareness of their issues and concerns.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Changing the amounts of the appropriations to unspecified sums.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 127, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 127, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 3 (Dela Cruz, Kouchi, Wakai).

**SCRep. 667      (Majority) Ways and Means on S.B. No. 925**

The purpose and intent of this measure is to reinstate a hospital-based screening and assessment program and intensive home visiting program for families at high risk for child abuse and appropriate funds needed to continue these programs.

Comments in support of this measure were submitted by Loretta J. Fuddy, A.C.S.W., M.P.H., Acting Director, Department of Health; Patricia McManaman, Interim Director, Department of Human Services; Gail Breakey, Executive Director, Hawaii Family Support Institute; Dr. Robert Peters, Chair, Early Learning Council; and Ave Diaz.

Your Committee received comments in opposition to this measure from George S. Massengale, J.D., Director of Government Relations, American Cancer Society.

Your Committee received comments on this measure from Donald B. Weisman, Hawaii Advocacy Director, American Heart/Stroke Association; Elisabeth Chun, Executive Director, Good Beginnings Alliance; and Trisha Y. Nakamura, Esq., Policy and Advocacy Director, Coalition for a Tobacco Free Hawaii.

Your Committee finds that reductions in the Healthy Start program have eliminated the assessment capacity and home visiting services that helped to screen high-risk families and prevent child abuse. Your Committee further finds that the reinstatement of a hospital-based screening and assessment program and intensive home visiting program will reduce child abuse in Hawaii and allow for healthy child development. Your Committee also finds that expenditures in this measure will allow these programs to fulfill federal funding requirements for matching funds.

Your Committee has amended this measure by:

- (1) Adding language to section 1 to clarify that the use of moneys from the Hawaii tobacco settlement special fund and temporary assistance for needy families funds is appropriate and necessary to ensure that the public health interests of the health and safety of at-risk children are met;
- (2) Adding language to section 1 to clarify that the purpose of this measure is to appropriate funds from the Hawaii tobacco settlement special fund and temporary assistance for needy families funds and to increase the appropriation ceiling of the Hawaii tobacco settlement special fund to allow this expenditure from that fund;
- (3) Directing, rather than authorizing, the hospital-based screening and assessment program to take specified actions;
- (4) Directing, rather than authorizing, the intensive home visiting services program to provide specified services;
- (5) Requiring services of the intensive home visiting program to be initiated on an incremental basis, with geographic priority to be determined by departmental needs assessment and to be implemented as funds become available;
- (6) Increasing the Hawaii tobacco settlement special fund ceiling appropriation ceiling to \$53,154,866 in fiscal years 2011-2012 and 2012-2013;
- (7) Changing the amounts of the appropriations out of the Hawaii tobacco settlement special fund and the temporary assistance for needy families funds to unspecified amounts;
- (8) Changing the effective date to July 1, 2050, to promote further discussion of the measure; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 925, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 925, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Ryan). Noes, 1 (Slom). Excused, 1 (Kidani).

**SCRep. 668      Ways and Means on S.B. No. 912**

The purpose and intent of this measure is to appropriate funds for the housing placement program within the Homeless Programs Office of the Department of Human Services.

Your Committee received written comments in support of this measure from Betty Lou Larson, Legislative Liaison, Catholic Charities Hawaii; Myoung Oh, Government Affairs Director, Hawaii Association of REALTORS; and Max Gray, Partners In Care.

Your Committee received comments on this measure from Patricia McManaman, Interim Director, Department of Human Services.

Your Committee finds that this measure will help increase the availability of rental housing for persons who face obstacles in moving from homelessness to permanent housing and for persons with lower incomes who need affordable rental housing.

Your Committee has amended this measure by:

- (1) Changing the appropriation for the housing placement program to an unspecified sum;
- (2) Making unspecified appropriations to the Hawaii Community Development Authority, Hawaii Housing Finance and Development Corporation, and the Hawaii Public Housing Authority to improve the existing public and affordable housing stock and increase public and affordable housing units in the State;
- (3) Making unspecified appropriations to each of the counties to improve existing affordable housing stock and increase affordable housing units in the counties;
- (4) Requiring the Department of Human Services to immediately implement the Housing First program and report to the Legislature; and
- (5) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 912, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 912, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 2 (Dela Cruz, Fukunaga).

**SCRep. 669      Ways and Means on S.B. No. 904**

The purpose and intent of this measure is to require the Department of Human Services to identify properties statewide that are appropriately zoned and have necessary infrastructure in place for the development of affordable rental housing under the housing first program.

Your Committee received written comments in support of this measure from Betty Lou Larson, Legislative Liaison, Catholic Charities Hawaii; and Kent Anderson, Roman Catholic Diocese of Honolulu. Your Committee received written comments on this measure from Patricia McManaman, Interim Director, Department of Human Services.

Your Committee finds that housing first programs have been very successful in many areas on the mainland in assisting homeless persons transition to permanent housing.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the issue.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 904, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 904, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 2 (Dela Cruz, Fukunaga).

**SCRep. 670      Ways and Means on S.B. No. 1468**

The purpose and intent of this measure is to improve the Medicaid health care system by delivering comprehensive, integrated, and holistic health care services to patients, including preventive and lifestyle health services.

Specifically, this measure:

- (1) Establishes the Hawaii Patient Centered Health Home pilot program within the Medicaid program; and
- (2) Creates the temporary Hawaii Medicaid Modernization and Innovation Council to design and implement the pilot program.

Your Committee received written comments in support of this measure from Jennifer Diesman, Vice President, Government Relations, Hawaii Medical Service Association; Morris Mitsunaga, MD, President, Hawaii Medical Association; Beth Giesting, Chief Executive Officer, Hawaii Primary Care Association; Dan Domizio, Clinical Director and Chief Executive Officer, Puna Community Medical Center; Diana V. Shaw, Executive Director, Lanai Community Health Center; Barbara Kualii, Clinical Quality Improvement Coordinator, Bay Clinic, Inc.; Kauila Clark, Chair-elect, National Association of Community Health Centers; May Akamine, Waimanalo Health Center; and one private individual. Your Committee received testimony in opposition to the measure from Patricia McManaman, Interim Director, Department of Human Services. Your Committee received comments on this measure from Gordon Ito, State Insurance Commissioner, Department of Commerce and Consumer Affairs; and Ohana Health Plan.

Your Committee finds that patient-centered health homes embody a comprehensive approach to health care, improving the individual experience of care, reducing per capita costs for care, and improving the overall health in populations where the homes are located. This comprehensive approach differs from the traditional delivery of health care by moving patient treatment away from acute, incident-based care, toward a more proactive, wellness-oriented patient behavior paradigm.

Establishing the Hawaii Patient Centered Health Home pilot program and the Hawaii Medicaid Modernization and Innovation Council will improve the Medicaid health care system of Hawaii and help health care providers to deliver comprehensive, integrated, and holistic health care services to patients.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical, nonsubstantive amendments for style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1468, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1468, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 1 (Kouchi).

**SCRep. 671 Ways and Means on S.B. No. 985**

The purpose and intent of this measure is to appropriate funds for the 2011-2013 biennial operating and capital improvement budget of the Office of Hawaiian Affairs.

Your Committee received written comments in support of this measure from Alice Greenwood.

Your Committee finds that the primary purpose of the Office of Hawaiian Affairs general funds received from the State is to provide services and assistance to Native Hawaiians in the areas of social services, legal services and representation, and educational programs.

Your Committee has amended this measure by:

- (1) Changing the appropriations to unspecified sums;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the issue; and
- (3) Making technical, nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 985, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 985, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Kouchi).

**SCRep. 672 (Majority) Ways and Means on S.B. No. 1327**

The purpose and intent of this measure is to allow for the assessment of a passenger facility charge for each overseas or international passenger boarding an aircraft at a state airport, as authorized by federal law.

Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that this measure maintains state law in conformance with federal law by eliminating the need to amend administrative rules each time the Federal Aviation Administration changes the maximum allowable rate of passenger facility charges for Hawaii.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1327, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1327, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, 1 (Slom). Excused, 1 (Kouchi).

**SCRep. 673 Ways and Means on S.B. No. 224**

The purpose and intent of this measure is to increase education and awareness of lupus.

Specifically, this measure establishes a temporary working group within the Department of Health to develop a comprehensive plan to promote public and health professional education and awareness of lupus.

Your Committee received written comments in support of this measure from the Hawaii Medical Association and Tracy H. Okubo.

Your Committee received comments on the measure from Cheryl Ann Jong, President, Lupus Hawaii.

Your Committee finds that more than one and a half million Americans and ten thousand Hawaii residents are affected by lupus. The disease, which results from an unbalanced immune system, is unpredictable and potentially fatal and there are no satisfactory treatments. Although the Food and Drug Administration has made recommendations, in the last fifty years there have been no new drugs approved that specifically treat lupus. The creation of a statewide program would promote lupus education and awareness in healthcare providers and patients and increase early diagnoses.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical, nonsubstantive amendments for style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 224, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 224, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, 1 (Kidani).

**SCRep. 674 (Majority) Ways and Means on S.B. No. 179**

The purpose and intent of this measure is to include dietary supplement containers in the state deposit beverage container program.

Your Committee received comments in support of this measure from Loretta J. Fuddy, A.C.S.W., M.P.H., Acting Director of Health, Department of Health; Sierra Club, Hawaii Chapter; Joy Leilei Shih, Surfrider Foundation, Oahu Chapter; and two individuals.

Your Committee received comments in opposition to this measure from Lauren Zirbel, Vice Chair, Hawaii Food Industry Association; and John Hewitt, Western Region Director, Grocery Manufacturers Association.

Your Committee received comments on this measure from one individual.

Your Committee finds that dietary supplements are excluded from the definition of “deposit beverage” under the state deposit beverage container program, codified in chapter 342G, Hawaii Revised Statutes. Your Committee further finds that certain energy drinks are using this exemption to evade compliance with the State’s deposit beverage container program law and that there is no reason to continue the exemption for this growing class of beverages.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion of the issue.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 179, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 179, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, 1 (Slom). Excused, 1 (Dela Cruz).

**SCRep. 675 Ways and Means on S.B. No. 121**

The purpose and intent of this measure is to authorize the Hawaii Health Systems Corporation to lease Kula Hospital’s medical clinic, and any furnishings and equipment agreed upon, to Malama I Ke Ola Health Center.

Specifically, this measure authorizes Hawaii Health Systems Corporation to lease the Kula Hospital medical clinic to Malama I Ke Ola Health Center for \$1 per year for a period of ten years, with the option to renew the lease for up to two additional terms of five years each. This measure also provides for the lease of equipment, furnishings, and fixtures within the clinic, as agreed between the parties, for \$1 per year.

Your Committee finds that leasing Kula Hospital to the Malama I Ke Ola Health Center would allow the continuation of a crucial source of health care and social services to homeless, poor, and underserved individuals on Maui.

Your Committee has amended this measure by:

- (1) Changing the amounts of the property and equipment leases to unspecified amounts;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on this issue; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 121, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 121, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13; Ayes with Reservations (English). Noes, none. Excused, 1 (Kidani).

**SCRep. 676 Ways and Means on S.B. No. 165**

The purpose and intent of this measure is to promote the continued development of aerospace-related industries in the State by:

- (1) Extending the sunset date of the advisory committee created under Act 161, Session Laws of Hawaii 2009, to assist the Department of Business, Economic Development, and Tourism in developing a statewide starlight reserve strategy; and

- (2) Appropriating funds for the Office of Aerospace Development to carry out its duties to identify and promote opportunities for expanding and diversifying aerospace-related industries in the State.

Your Committee received testimony in support of this measure from Richard C. Lim, Interim Director, Department of Business, Economic Development, and Tourism.

Your Committee received comments on this measure from the Department of Transportation.

Your Committee finds that the Starlight Reserve Advisory Committee plays an essential role in promoting aerospace industries in Hawaii by working to preserve and promote the State's night sky resources. Your Committee further finds that the advisory committee needs more time to assist the Department of Business, Economic Development, and Tourism in developing a comprehensive statewide starlight reserve strategy. Your Committee also notes that further coordination and discussions among all the affected parties and agencies is needed.

Your Committee has amended this measure by:

- (1) Extending the sunset date of the advisory commission by an additional year so that it ceases to exist on June 30, 2013, rather than June 30, 2012;
- (2) Removing all appropriation amounts;
- (3) Changing the effective date to July 1, 2050, to encourage further discussion on this measure; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 165, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 165, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 1 (Kidani).

**SCRep. 677      Ways and Means on S.B. No. 742**

The purpose and intent of this measure is to allow the State Fire Council to employ staff to assist in accomplishing the council's statutory duties and responsibilities.

Specifically, the measure authorizes the State Fire Council to hire an administrator and an administrative assistant.

Your Committee received comments in support of this measure from Kenneth G. Silva, Chair, State Fire Council, and Fire Chief, Honolulu Fire Department; Jeffrey A. Murray, Fire Chief Department of Fire and Public Safety, County of Maui; and Trisha Y. Nakamura, Esq., Policy and Advocacy Director, Coalition for a Tobacco-Free Hawaii.

Your Committee finds that the State Fire Council needs to employ staff to better fulfill the Council's statutory responsibilities and to protect the safety of the public.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the issue; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 742, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 742, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 1 (Kidani).

**SCRep. 678      Ways and Means on S.B. No. 1426**

The purpose and intent of this measure is to explore options for balancing the state budget by:

- (1) Requiring the City and County of Honolulu to return to the State \$200,000,000 of the revenues from the county surcharge on state general excise and use taxes;
- (2) Authorizing the issuance of general obligation bonds in the sum of \$300,000,000 to reimburse the City and County of Honolulu; and
- (3) Extending the county surcharge on general excise and use taxes under Act 247, Session Laws of Hawaii 2005, by two years.

Your Committee received written comments in opposition to this measure from Peter B. Carlisle, Mayor, City and County of Honolulu; and the Land Use Research Foundation of Hawaii. Written comments were received from the Tax Foundation of Hawaii.

Your Committee finds that the State must find innovative ways to balance its budget amid the current economic crisis. Borrowing funds from the City and County of Honolulu's surcharge on state taxes and repaying the county with revenues from the issuance of general obligation bonds will help the State to maintain current services and personnel while ensuring that the county is repaid in a timely manner.

Your Committee has amended this measure by:

(1) Changing to unspecified sums, the dollar amounts for county surcharge revenues to be returned to the State and the general obligation bond proceeds to be transferred to the City and County of Honolulu;

(2) Clarifying that the State is to seek the affirmative advice of its bond counsel regarding any potential effect on the State's bond rating from using the general obligation bonds to replace the county surcharge revenues returned from the City and County of Honolulu; and

(3) Making technical nonsubstantive amendments for purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1426, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1426, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (Dela Cruz, Espero, Kim, Ryan, Tokuda, Wakai). Noes, none. Excused, 1 (Kidani).

**SCRep. 679 Ways and Means on S.B. No. 879**

The purpose and intent of this measure is to repeal the uniform maintenance allowance for enlisted personnel.

Your Committee finds that most modern military service uniforms are made of wash and wear fabric that no longer requires dry cleaning. Considering the budget crisis faced by the State, the uniform maintenance allowance is not warranted at this time.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 879, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 879, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (Kahele). Noes, none. Excused, 1 (Kidani).

**SCRep. 680 Ways and Means on S.B. No. 871**

The purpose and intent of this measure is to expand participation in school activities by:

- (1) Requiring the Department of Education and the Board of Education to develop policies and procedures allowing home-schooled students to participate on an equal basis in extracurricular activities offered at the public school that the home-schooled students would otherwise be required to attend; and
- (2) Requiring the Department of Education to report its findings, including the status of developing the policies and procedures for home-schooled students, to the Legislature prior to the Regular Session of 2012.

Your Committee received written comments in support of this measure from Kim Coco Iwamoto, Esq., Member, Board of Education.

Your Committee received written comments in opposition to this measure from Neal Takamori, President, Athletic Directors and Coaches Association of Hawaii; Hawaii Student Activities Association; and three individuals.

Your Committee finds that home-schooled students can benefit substantially from extracurricular school activities in the same manner as their public school counterparts.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion on this measure; and
- (2) Making technical, nonsubstantive amendments for purposes of style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 871, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 871, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Kidani, Kim). Noes, none. Excused, none.

**SCRep. 681 Ways and Means on S.B. No. 238**

The purpose and intent of this measure is to allow the University of Hawaii to retain and carry over to the next fiscal year up to five per cent of its general fund appropriation.

Your Committee received comments in support of this measure from Howard Todo, Vice President for Budget and Finance/CFO, University of Hawaii System; Jennifer Diesman, Vice President, Government Relations, Hawaii Medical Service Association; and one individual.

Your Committee finds that allowing the carryover to the University of Hawaii will result in a more efficient utilization of both university and state resources by reducing the time and effort expended by fiscal personnel to avoid the lapsing of general funds at the end of a fiscal year.

Your Committee has amended this measure by:

- (1) Changing the amount of carryover general funds to an unspecified percentage;
- (2) Providing an unspecified deadline for submitting the annual report to the Legislature;
- (3) Changing the effective date to July 1, 2050, in order to facilitate further discussion on the matter; and
- (4) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 238, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 238, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (English). Noes, none. Excused, 1 (Kouchi).

**SCRep. 682 (Majority) Ways and Means on S.B. No. 1261**

The purpose and intent of this measure is to provide employer contribution amounts for plan year 2010-2011 for Hawaii Employer-Union Health Benefits Trust Fund health benefit plan premiums for the employees of collective bargaining units (1), (2), (3), (4), (5), (6), (7), (8), (9), (10), and (13) and their excluded counterparts.

Your Committee received testimony in support of this measure from Kalbert Young, Director, Department of Budget and Finance; and Randy Perreira, Executive Director, Hawaii Government Employees Association.

Your Committee received comments on this measure from Michael Kaho'ohanoano.

Your Committee finds that state employees have absorbed the costs of all health benefit plan premium increases since July 2009. Your Committee also finds that the increase in employer contributions provided by this measure coincides with the next Hawaii Employer-Union Health Benefits Trust Fund premium increase to begin in March 2011.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1261, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1261, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, 1 (Slom). Excused, 1 (Kouchi).

**SCRep. 683 (Majority) Ways and Means on S.B. No. 1329**

The purpose and intent of this measure is to improve the maintenance of the state highway system.

Specifically, the measure generates revenue to fund highway maintenance projects by increasing the state vehicle weight tax as follows:

- (1) From 0.75 cent a pound to 1.75 cents a pound for vehicles up to and including four thousand pounds net weight;
- (2) From 1.00 cent a pound to 2.00 cents a pound for vehicles over four thousand pounds and up to and including seven thousand pounds net weight;
- (3) From 1.25 cents a pound to 2.25 cents a pound for vehicles over seven thousand pounds and up to and including ten thousand pounds net weight; and
- (4) From a flat rate of \$150 to a flat rate of \$300 for vehicles over ten thousand pounds net weight.

This measure also appropriates an unspecified amount from the state highway fund for the operation and maintenance of the state highways program.

Your Committee received comments in opposition to this measure from Gareth Sakakida, Managing Director, Hawaii Transportation Association; and Douglas Meller.

Your Committee received comments on this measure from Gail Y. Haraguchi, Director, Department of Consumer Services, City and County of Honolulu; and the Tax Foundation of Hawaii.

Your Committee finds that as more drivers take to the road and land development spreads to new areas of the State, additional funds are necessary to provide a safe, efficient, and effective state highways system.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive changes for style and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1329, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1329, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Dela Cruz, Espero, Fukunaga, Wakai). Noes, 3 (Kim, Ryan, Slom). Excused, 1 (Kouchi).

**SCRep. 684      Ways and Means on S.B. No. 1269**

The purpose and intent of this measure is to amend the definition of “compensation” for the purpose of calculating retirement benefits by:

- (1) Providing a gradual stepped-down calculation for additional compensation for members of the Employees' Retirement System who are members as of June 30, 2011; and
- (2) Excluding additional compensation for new members of the Employees' Retirement System.

Your Committee received written comments in support of this measure from Kalbert Young, Director, Department of Budget and Finance. Your Committee received written comments in opposition to this measure from Randy Perreira, Executive Director, Hawaii Government Employees Association. Your Committee received written comments on this measure from John K. Sang.

Your Committee finds that this measure addresses the unfunded liability of the Employees' Retirement System and is an important step in improving its long-term viability.

Your Committee has amended this measure by:

- (1) Clarifying that the term “additional compensation” does not include twelve-month differentials for employees of the Department of Education; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1269, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1269, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 2 (Dela Cruz, Fukunaga).

**SCRep. 685      (Majority) Ways and Means on S.B. No. 11**

The purpose and intent of this measure is to create a transition task force to plan for the establishment of a Department of the Sheriff to assume responsibilities and functions currently exercised by the Sheriff Division of the Department of Public Safety.

Your Committee received testimony in support of this measure from Nora A. Nomura, Deputy Executive Director, Hawaii Government Employees Association; and forty-three individuals.

Your Committee finds that the Sheriff Division of the Department of Public Safety shoulders many responsibilities integral to preserving the public peace and safety. The myriad responsibilities may warrant establishing an agency separate from the Department of Public Safety, mirroring the practice of several mainland states. Creating a transition task force to study the establishment of a Department of the Sheriff will enable the State to determine the merits of the plan and outline any potential concerns or shortfalls beforehand.

Your Committee has amended this measure by:

- (1) Requiring the task force to cease to exist on May 1, 2012;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical, nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 11, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 11, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Kouchi). Noes, 3 (English, Kidani, Kim). Excused, 1 (Dela Cruz).

**SCRep. 686      (Majority) Ways and Means on S.B. No. 1506**

The purpose and intent of this measure is to address the growing epidemic of childhood obesity by establishing a Childhood Obesity Pilot Program.

More specifically, the measure:

- (1) Establishes the childhood obesity pilot program within the Department of Health for administrative purposes;
- (2) Requires the director of health to select twenty health care providers to participate;
- (3) Requires insurers to provide coverage for provider participant services under the program; and
- (4) Appropriates funds for the program's support.

Your Committee received comments in support of this measure from Patricia McManaman, Interim Director, Department of Human Services; Hawaii Medical Association; Sandra Wood, P.T., Hawaii Chapter, American Physical Therapy Association; Donald B. Weisman, Hawaii Advocacy Director, American Heart Association; George S. Massengale, JD, Director of Government Relations, American Cancer Society; Beth Giesting, Chief Executive Officer, Hawaii Primary Care Association; Jennifer Dang, Hawaii NPAC; and 2 individuals.

Your Committee received comments on this measure from Gordon Ito, State Insurance Commissioner, Department of Commerce and Consumer Affairs.

Your Committee finds that childhood obesity is a national epidemic from which Hawaii has not been spared. It is imperative that the State develop a plan to address this serious health risk in a comprehensive way.

Your Committee has amended this measure by:

- (1) Changing the date by which the Childhood Obesity Pilot Program provider participants shall report to the Legislature to no later than twenty days prior to the convening of the 2015 regular session;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) By making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1506, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1506, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Kim). Noes, 2 (Ryan, Slom). Excused, 1 (Kidani).

**SCRep. 687      Ways and Means on S.B. No. 34**

The purpose and intent of this measure is to clarify that pre-trial discovery is prohibited and the award of costs shall be limited in controversies adjudicated under the small claims procedure of the tax appeal court.

Your Committee finds that while pre-trial discovery is generally permitted in civil cases, small claims procedures are intended to handle claims quickly and inexpensively. Your Committee also finds that this measure will serve to make the small claims procedure of the tax appeal court consistent with those of other state courts.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 34, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 1 (Kouchi).

**SCRep. 688      Ways and Means on S.B. No. 769**

The purpose and intent of this measure is to create jobs in the construction industry and improve the tourism industry in the State by establishing a hotel and resort property construction and renovation tax credit.

Your Committee received comments in support of this measure from Mike McCartney, President and Chief Executive Officer, Hawaii Tourism Authority; Land Use Research Foundation of Hawaii; and C. Mike Kido, External Affairs, The Pacific Resource Partnership.

Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that the measure establishes a tiered, nonrefundable tax credit against a taxpayer's income tax liability for costs incurred on qualified hotel and resort property construction projects in the State. The percentages and qualifying monetary thresholds and ceilings are unspecified.

Your Committee believes that this measure has the potential to create new jobs in the construction industry and improve the tourism industry if private developers are committed to fully utilizing the tax credit as proposed.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 769, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 2 (English, Kouchi).

**SCRep. 689      (Majority) Ways and Means on S.B. No. 1090**

The purpose and intent of this measure is to amend sections of the Hawaii Revised Statutes to conform with Act 253, Session Laws of Hawaii 2000, by:

- (1) Converting a number of positions that are exempt from civil service to civil service positions; and
- (2) Clarifying that, after July 1, 2014, certain positions shall be filled according to the state civil service law.

Your Committee received comments in support of this measure from Rodney A. Maile, Administrative Director of the Courts, The Judiciary, State of Hawaii; and Randy Perreira, Executive Director, Hawaii Government Employees Association. Your Committee received comments in opposition to this measure from Stephen Levins, Executive Director, Office of Consumer Protection, Department of Commerce and Consumer Affairs; Alan Taniguchi, Executive Officer for the Real Estate Appraisal Program, Department of Commerce and Consumer Affairs; and Kealii Lopez, Director, Department of Commerce and Consumer Affairs. Your Committee received comments on this measure from Dwight Takamine, Director, Department of Labor and Industrial Relations; and Mila Kaahanui, Executive Director, Department of Labor and Industrial Relations.

Your Committee finds that Act 253, Session Laws of Hawaii 2000, was enacted to reduce the number of civil service exempt employees in public service within the State. Your Committee also finds that, since the enactment of Act 253, relatively few civil

service exempt positions have been converted to civil service positions. Your Committee believes that this measure will serve as a means to promote stability among staff as well as to support and preserve the integrity of the civil service system in Hawaii.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1090, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Chun Oakland, Dela Cruz, Ryan). Noes, 1 (Slom). Excused, 1 (Kouchi).

**SCRep. 690 Ways and Means on S.B. No. 1511**

The purpose and intent of this measure is to support the growth of the aquaculture industry by increasing lease terms for aquaculture operations from thirty-five to sixty-five years.

Further, the measure authorizes the granting of a right of first refusal to aquacultural operations in good standing.

Your Committee received written comments in support of this measure from Frederick M. Mencher, East Oahu County Farm Bureau; Ronald P. Weisenbach, President, Hawaii Aquaculture and Aquaponics Association; Hawaii Fish Company, Inc.; North Shore AquaFarm; Hawaii Farm Bureau; and one individual.

Your Committee received written comments in opposition to the measure from William J. Aila, Jr., Chairperson, Department of Land and Natural Resources; Charles Flaherty, President, Apono Hawaii; Food and Water Watch; Linda Morgan, Ka 'Ohana O Honaunau; and twenty-three individuals.

Your Committee finds that federally guaranteed loans for aquaculture enterprises are available for loan terms up to forty years, but some of these require applicants to have a lease with at least five years remaining past the term of the loan, for a minimum of forty-five years. Other federal loans require a lease at least fifty per cent longer than the term of the loan.

Currently, aquaculture leases in Hawaii have a statutory limit of thirty-five years, with no option for renewal. Providing favorable terms for the leasing of public lands better enables aquaculture enterprises to pursue federally guaranteed loans and encourages commercial aquaculture production in the State.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1511, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, none.

**SCRep. 691 Ways and Means on S.B. No. 1530**

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to extend hotel and resort leases upon approval of a proposed development agreement to make substantial improvements to the premises.

Your Committee received written comments in support of this measure from William J. Aila, Jr., Chairperson, Department of Land and Natural Resources; and Mike McCartney, President and Chief Executive Officer, Hawaii Tourism Authority. Your Committee received comments on this measure from the Office of Hawaiian Affairs.

Your Committee finds that improvements to hotel and resort infrastructure are important to the growth and expansion of Hawaii businesses and the enhancement of Hawaii's visitor infrastructure. Authorizing the extension of leases will give hotels and resorts incentive to improve their properties, which is particularly important to accommodate an anticipated increase in visitors due to new direct mainland flights starting next summer.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1530, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 2 (English, Kouchi).

**SCRep. 692 Commerce and Consumer Protection on S.B. No. 98**

The purpose and intent of this measure is to:

- (1) Require the Public Utilities Commission to hold public hearings, subject to specified notice requirements, before approving a water carrier's application for a certificate of public convenience and necessity; and
- (2) Specify the findings required to support the issuance of a certificate of public convenience and necessity to a water carrier.

Your Committee received testimony in support of this measure from Young Brothers, Limited. Your Committee received comments on this measure from the Public Utilities Commission of the Department of Budget and Finance.

Your Committee finds that water carrier service is vital to the economy of this State, particularly to the economic growth and sustainability of the neighbor islands. Your Committee further finds that reliable water carrier service is essential to the State's goal of developing diversified, sustainable agriculture by enabling farm-to-market transportation of agricultural products among the islands. Your Committee also finds that the current approval process for new water carrier service lacks transparency and the opportunity for participation by the resident individuals and businesses affected by proposed new services and changes to existing services. Accordingly, your Committee finds that the changes to the approval process for water carriers' certificates of public convenience and necessity contained in this measure increase transparency and provide opportunities for public participation in the process.

Your Committee has amended this measure by:

- (1) Specifying that notice of a public hearing regarding a water carrier's application for a certificate of public convenience and necessity shall be effective upon the provision of notice on each island affected by the proposed water carrier service as specified by statute;
- (2) Specifying that a water carrier shall demonstrate that a proposed service will provide quantifiable benefits with respect to reliability, affordability, and security of the service line in order to qualify for a certificate of public convenience and necessity;
- (3) Removing a requirement that a water carrier demonstrate in an application for a certificate of public convenience and necessity whether a proposed service will diminish an existing water carrier's ability to realize its allowable rate of return;
- (4) Adding a new provision to require that the Public Utilities Commission (Commission) post a link on the Commission's website to a publicly accessible electronic version of each application for a certificate of public convenience and necessity submitted by a water carrier and each order of the Commission related to the posted applications and to specify requirements for the type, method, and duration of postings; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 98, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 98, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Galuteria, Nishihara, Slom).

**SCRep. 693 (Majority) Commerce and Consumer Protection on S.B. No. 597**

The purpose and intent of this measure is to authorize limited prescriptive authority for qualified psychologists practicing at a federally qualified health center.

Your Committee received testimony in support of this measure from the Hawaii Medical Service Association, Moloka'i Community Health Center, the American Psychological Association Practice Organization, Hawai'i Primary Care Association, Hawaii Psychological Association, Hui No Ke Ola Pono, Inc. and Malama I Ke Ola Health Center, Puna Community Medical Center, Waimanalo Health Center, Kookia Kalihi Valley Comprehensive Family Services, Na Pu'uwai Native Hawaiian Health Care System, Psychological Resources Hawaii, and seven private individuals. Your Committee received testimony in opposition to this measure from the Board of Psychology, Hawaii Medical Association, Psychologists Opposed to Prescription Privileges for Psychologists, and four private individuals. Your Committee received comments on this measure from Argosy University.

Your Committee finds that most of the State has been designated by the Health Resources and Services Administration of the United States Department of Health and Human Services as a mental health professional shortage area. Due to a lack of qualified providers in isolated rural areas and dense high-need urban areas of the State, residents have limited access to mental health care and the needs of many individuals go unmet. Your Committee also finds that the experience of the federal health care system and states that have already granted prescriptive authority demonstrate that appropriately trained psychologists can prescribe psychotropic medications safely and effectively. Further, your Committee finds that Hawaii's experience with granting prescriptive authority to other types of health care providers such as advanced practice registered nurses, physician assistants, and optometrists has shown that granting limited prescriptive authority to non-physician practitioners is administratively manageable and is an effective means of expanding access to important health care services.

Your Committee has amended this measure by:

- (1) Specifying that the limited prescriptive authority granted pursuant to this measure shall be initiated as a five-year pilot program that shall commence at Waianae Coast Comprehensive Health Center and later be expanded to other federally qualified health centers in the State;
- (2) Clarifying that the limited prescriptive authority granted by this measure shall apply to psychotropic medications not limited to antidepressants;
- (3) Clarifying that the limited prescriptive authority granted by this measure shall authorize a psychologist participating in the pilot program to prescribe psychotropic medications to patients under the psychologist's care at a federally qualified health care center;
- (4) Specifying that a psychologist participating in the pilot program created by this measure shall be directly supervised during the first two years of participation by a physician at the federally qualified health center where the psychologist practices and thereafter shall maintain a collegial relationship with the supervising physician as well as with the physicians who oversee the general health care of patients treated by the psychologist;
- (5) Specifying that the limited prescriptive authority granted by this measure does not include the authority to request, receive, or sign for professional controlled substance samples;
- (6) Defining or clarifying various terms used throughout this measure;
- (7) Requiring that a psychologist holding a conditional prescription certificate shall complete the first year of practice under the direction of a supervising physician;
- (8) Including a psychologist certified to prescribe under the definition of "practitioner" as used in the Uniform Controlled Substances Act, chapter 329, Hawaii Revised Statutes;

- (9) Requiring the Board of Psychology to act expeditiously to adopt rules to ensure that the pilot program commences no later than July 1, 2012;
- (10) Requiring that the Board of Psychology, under the direction of supervising physicians and in collaboration with participating psychologists and staff of participating federally qualified health centers, submit a report to the Legislature no later than twenty days prior to the convening of the Regular Session of 2016 on the implementation and results of the pilot program;
- (11) Making the measure effective upon its approval and repeal on June 30, 2016; and
- (12) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 597, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 597, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, 1 (Slom). Excused, 3 (Galuteria, Nishihara, Solomon).

**SCRep. 694 Ways and Means on S.B. No. 1115**

The purpose and intent of this measure is to support education by authorizing the issuance of special purpose revenue bonds for Saint Louis School.

Your Committee received written comments in support of this measure from Robert Witt, Executive Director, Hawaii Association of Independent Schools; Daniel S. Gilmore, Vice President, Finance and Facilities, Chaminade University of Honolulu; Anthony R. Guerrero Jr., Chairman-elect of the Board of Trustees, St. Louis School; Hon. Walter S. Kirimitsu, President, Saint Louis School; and one individual.

Your Committee finds that this measure serves the public interest and will help stimulate Hawaii's economy by creating construction projects and jobs.

Your Committee has amended this measure to delete the extraneous word "enterprises" in the phrase "the general public enterprises."

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1115, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1115, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 2 (Kouchi, Slom).

**SCRep. 695 Ways and Means on S.B. No. 1521**

The purpose and intent of this measure is to temporarily:

- (1) Allow the Hawaii Institute of Marine Biology to use staff of the Department of Land and Natural Resources to provide security at Coconut Island; and
- (2) Exempt the Hawaii Institute of Marine Biology from state and county permitting requirements for repair and maintenance at Coconut Island.

Your Committee received comments on this measure from William J. Aila, Jr., Chairperson, Department of Land and Natural Resources; and Jo-Ann Leong, Director, Hawaii Institute of Marine Biology, University of Hawaii at Manoa, School of Ocean and Earth Science and Technology.

Your Committee finds that state and county permitting processes make it difficult for the Hawaii Institute of Marine Biology to conduct its time-sensitive research work at Coconut Island. This measure addresses these concerns and alleviates the Institute's burden of providing costly security on the island.

Your Committee has amended this measure by:

- (1) Clarifying that the temporary exemptions from permitting requirements for the Hawaii Institute of Marine Biology include permitting requirements under chapter 205A, Hawaii Revised Statutes;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1521, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1521, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, 1 (Kim).

**SCRep. 696 Ways and Means on S.B. No. 1485**

The purpose and intent of this measure is to address struggling schools by allowing the Superintendent of Education to:

- (1) Reconstitute a public school after certain considerations have been made, except for a charter school that has been in restructuring for four or more school years and has not made significant advancements toward improving academic performance; and
- (2) Recommend to the Charter School Review Panel actions that should be taken to reconstitute a charter school that has been in restructuring for four or more school years or recommend that the charter school's charter be revoked.

Your Committee received comments in support of this measure from Robert Witt, Executive Director, Hawaii Association of Independent Schools.

Your Committee received comments in opposition to this measure from Leiomalama Desha, Executive Assistant, Hawaii Government Employees Association.

Your Committee finds that this measure enhances the Superintendent of Education's ability to effect change in schools that are not adequately serving the academic needs of their students.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1485, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1485, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, 1 (Kouchi).

**SCRep. 697      Ways and Means on S.B. No. 1283**

The purpose and intent of this measure is to amend the Department of Education's requirements for the certification of principals and vice-principals to accommodate alternate routes of certification that meet federal Race to the Top requirements.

Specifically, this measure allows the Department of Education to determine equivalent experience as a substitute for the requisite school-level experience for principals and vice-principals under current law.

Your Committee received testimony in support of this measure from Christine K. Sorensen, Dean, College of Education, University of Hawaii at Manoa.

Your Committee finds that the federal American Recovery and Reinvestment Act of 2009 provides education funds for states that pursue educational reform and additional funds for states that qualify for Race to the Top funds by advancing educational reform, including alternative routes to certification for teachers and principals. However, the current requirement that a principal or vice-principal in Hawaii possess a minimum amount of school-level experience is too restrictive and conflicts with the Race to the Top grant requirements. This measure allows the Department of Education to determine appropriate equivalent experience for certifications of principals and vice-principals in accordance with Race to the Top requirements.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1283, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1283, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, 1 (Kouchi).

**SCRep. 698      Ways and Means on S.B. No. 1209**

The purpose and intent of this measure is to make an appropriation to operate and maintain the East Kauai Irrigation System.

Your Committee received written comments in support of this measure from Russell S. Kokubun, Chairperson, Board of Agriculture; Derek S.K. Kawakami, Kauai County Council; Roy Oyama, President, Kauai County Farm Bureau; Jerry Ornellas, President, East Kauai Water Users' Cooperative; John R. Gordines, Hawaii Tropical Flowers and Foliage Association-Kauai Chapter; and the Hawaii Farm Bureau Federation.

Your Committee received written comments in opposition to the measure from one individual.

Your Committee received comments on this measure from William J. Aila, Jr., Chairperson, Department of Land and Natural Resources.

Your Committee finds that the twenty-two miles of ditch and the three reservoirs that comprise the East Kauai Irrigation System are critical for a number of reasons. This system provides water for agricultural crops in Kapaa, horticulture in Fern Grotto, and many recreational activities that center around its reservoirs.

The East Kauai Water Users' Cooperative has not been issued an appropriation in the past two years. This appropriation will help the Cooperative to continue to operate and maintain the East Kauai Irrigation System, ensuring its users have sufficient water for their various needs.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical, nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1209, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1209, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 699 (Majority) Ways and Means on S.B. No. 1186**

The purpose and intent of this measure is to realize transient accommodations tax revenues from transient accommodations that are furnished on a complimentary or gratuitous basis, or otherwise at no charge.

This measure also limits the dollar amount of transient accommodations tax revenues transferred to the tourism special fund and to the counties until July 1, 2015.

Your Committee received comments in support of this measure from William J. Aila, Jr., Chairperson, Department of Land and Natural Resources.

Your Committee received comments in opposition to this measure from the City and County of Honolulu; Keith Vieira, Senior Vice President of Operations, Starwood Hotels and Resorts, Hawaii and French Polynesia; and one individual.

Your Committee received comments on this measure from Mike McCartney, President and Chief Executive Officer, Hawaii Tourism Authority; Bernard P. Carvalho, Jr., Mayor, County of Kauai; and the Tax Foundation of Hawaii.

Your Committee finds that the revenues generated from application of the transient accommodations tax to transient accommodations that are furnished on a complimentary or gratuitous basis, or otherwise at no charge, would be used to fund important projects, including protecting the environment, improving public facilities impacted by visitors, and advancing Hawaiian culture and the arts.

Your Committee has amended this measure by:

- (1) Changing all dollar amounts to unspecified sums;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the issue; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1186, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1186, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13; Ayes with Reservations (Ryan). Noes, 1 (Slom). Excused, none.

**SCRep. 700 Ways and Means on S.B. No. 1174**

The purpose and intent of this measure is to facilitate the establishment of a needs-based facilities funding formula for charter schools by:

- (1) Re-establishing the Charter Schools Funding Task Force created by Senate Concurrent Resolution No. 108, S.D. 2 (2010), to specifically develop a needs-based facilities funding formula or process for charter schools; and
- (2) Pending the development of a needs-based facilities funding formula, requiring Charter School Administrative Office budget requests for needs-based facilities funding to be accompanied by a detailed explanation as to the formula used and the funding request breakdown by school.

Your Committee received comments in support of this measure from Steve Hirakami, Director, Hawaii Academy of Arts and Science PCS; Megan McCorrison, Executive Director, Ho'okako'o Corporation; and the Office of Hawaiian Affairs.

Your Committee finds that determining an equitable allocation of charter school facilities funding is a critical issue and that the establishment of a funding formula is still a work in progress. This measure provides for the development of this formula while, in the meantime, requiring detailed justification of charter school budget requests for needs-based facilities funding.

Your Committee has amended this measure by:

- (1) Inserting provisions that:
  - (A) Clarify that charter schools that have their charters revoked or their reauthorization denied may appeal to the Board of Education for a final decision;

- (B) Require charter schools and their local school boards to develop internal policies and procedures consistent with ethical standards of conduct, pursuant to chapter 84, Hawaii Revised Statutes;
- (C) Change the frequency of the Charter School Review Panel's multi-year evaluation of each charter school, to every six years, rather than five years under current law, after the first evaluation; and
- (D) Create a Task Force on Charter School Governance, Accountability, and Authority to:
  - (i) Develop legislation or administrative rules that clearly and definitively designate the governance structure and authority between and among the key charter school organizations, the Department of Education, the Board of Education, and the Governor;
  - (ii) Identify how the charter school structure relates to the State Education Agency and the Local Education Agency; and
  - (iii) Submit a report on its findings and recommendations to the Legislature no later than twenty days prior to the convening of the Regular Session of 2012;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion on this measure; and
- (3) Making technical, nonsubstantive amendments for purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1174, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1174, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 2 (Dela Cruz, Fukunaga).

**SCRep. 701 Ways and Means on S.B. No. 1145**

The purpose and intent of this measure is to move the State closer to its goal of reducing dependence on imported foods by implementing "food sustainability standards" requiring a certain percentage of all food sold for consumption to be grown within the State, with benchmarks set for 2020, 2030, and 2040.

Your Committee received written comments in support of this measure from Russell S. Kokubun, Chairperson, Board of Agriculture; Angela Kaaihue, Waimalu Valley Ranch; Sierra Club, Hawaii Chapter; and Alani Apio.

Your Committee finds that there are multiple benefits to increasing the availability of locally produced food, including fresher produce with higher nutritional value, a decreased reliance on imported foods, and local economic growth. Establishing measurable standards for the amount of food that must be grown in the State will bring Hawaii closer to its goal of self-sufficiency and sustainability.

Your Committee has amended this measure by:

- (1) Changing the amount of net food sales that must be grown within the State to unspecified percentages; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1145, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1145, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 14. Noes, none. Excused, none.

**SCRep. 702 Ways and Means on S.B. No. 1142**

The purpose and intent of this measure is to encourage good agricultural practices, including the safe production, distribution, and consumer handling of food, by:

- (1) Establishing a food safety and security program within the Department of Agriculture;
- (2) Making an appropriation to the Department of Agriculture for the food safety and security program; and
- (3) Providing a grant pursuant to chapter 42F, Hawaii Revised Statutes, to 4Ag Hawaii.

Your Committee received written comments in support of this measure from Russell S. Kokubun, Chairperson, Board of Agriculture.

Your Committee finds that good agricultural practices result in safe products and eliminate the potential for product contamination. Throughout the world, farmers are adopting recognized standards for human hygiene, animals and their manures, water quality for irrigation and produce rinse, and agricultural pesticides, among other things. Locally, the Department of Agriculture can support the growth of the agriculture industry by providing training, certification, support, and assistance on food safety and security issues.

Your Committee has amended this measure by:

- (1) Deleting the grant to the 4Ag Hawaii nonprofit corporation to expand its outreach and electronic educational initiatives, and the related purpose section;
- (2) Deleting Part I and Part II designations;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and

- (4) Making technical, nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1142, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1142, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 14. Noes, none. Excused, none.

**SCRep. 703 (Majority) Ways and Means on S.B. No. 1073**

The purpose and intent of this measure is to increase the delivery of legal services to low- and moderate-income residents by increasing the amount of the surcharges for indigent legal fees.

Your Committee received written comments in support of this measure from Aviam Soifer, Dean and Professor, William S. Richardson School of Law; N. Kaliki Siu, President, Hawaii Paralegal Association; Tracey S. Wiltgen, Executive Director, The Mediation Center of the Pacific, Inc.; L. Dew Kaneshiro, Interim Director, Volunteer Legal Services Hawaii; American Civil Liberties Union of Hawaii; Shannon L. Wack, Delivery of Legal Services to the Public Committee, Hawaii State Bar Association; Nanci Kreidman, M.A., Domestic Violence Action Center; Robert J. LeClair, Executive Director, Hawaii Justice Foundation; Louis Erteschik, Staff Attorney, Hawaii Disability Rights Center; Jill M. Hasegawa, Esq., Access to Justice Commission; George Zweibel, Law Office of George J. Zweibel; James H. Pietsch; Dee Dee Letts, Board Member, Mediation Center of the Pacific; and two private individuals.

Your Committee received written comments in opposition to the measure from Allan Y. Okubo, Esq.

Your Committee received comments on this measure from Gary M. Slovin, Goodsill Anderson Quinn and Stifel; and M. Nalani Fujimori Kaina, Executive Director, Legal Aid Society of Hawaii.

Your Committee finds that four out of five low- and moderate-income residents in Hawaii do not have their legal needs met and that legal service providers are only able to assist one of every three people who contact them for assistance.

Your Committee notes that the surcharge that helps fund indigent legal services has not been increased since 1996. By increasing the surcharges for indigent legal services, this measure will help reduce the portion of low- and moderate-income residents whose legal needs are not being addressed.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for style and clarity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1073, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1073, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12; Ayes with Reservations (Ryan). Noes, 1 (Slom). Excused, 1 (Kouchi).

**SCRep. 704 Ways and Means on S.B. No. 1555**

The purpose and intent of this measure is to establish a method to make optimal use of public land for the economic, environmental, and social benefit of the people of Hawaii by establishing a public corporation to administer an appropriate and culturally-sensitive public land development program.

Your Committee received comments in opposition to this measure from twelve individuals.

Your Committee received comments on this measure from William J. Aila, Jr., Chairperson, Department of Land and Natural Resources; and one individual.

Your Committee finds that the State should make better use of public lands by creating recreation and leisure areas, as well as revenue-generating opportunities to help maintain existing state recreation areas, including small boat harbors and associated facilities. To this end, your Committee further finds that this measure would rehabilitate the Ala Wai and Keehi Boat Harbors by imposing fees and directing the Department of Land and Natural Resources to enter into public-private partnerships to develop the Ala Wai Boat Harbor. Your Committee also finds that public-private partnerships are an effective way to provide an opportunity for interested stakeholders to benefit the public by contributing to the upkeep of public facilities.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1555, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1555, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 14. Noes, none. Excused, none.

**SCRep. 705 Ways and Means on S.B. No. 1549**

The purpose and intent of this measure is to fund repairs at the Ala Wai and Keehi Boat Harbors by:

- (1) Authorizing issuance of commercial use permits;
- (2) Establishing a process to impose mooring fees; and
- (3) Directing the Department of Land and Natural Resources to enter into a public-private partnership to lease and develop certain lands at the Ala Wai Boat Harbor.

Your Committee received comments in support of this measure from William J. Aila, Jr. Chairperson, Department of Land and Natural Resources.

Your Committee received comments in opposition to this measure from thirty-one individuals.

Your Committee finds that the State lacks sufficient funds to provide the necessary repairs and maintenance of the Ala Wai and Keehi Boat Harbors. Your Committee further finds that the issuance of a limited number of commercial use permits for vessels operating at Ala Wai and Keehi Boat Harbors would generate the desperately needed revenues while keeping the harbor available for recreational purposes. However, your Committee recognizes that legitimate boating safety concerns exist and that there is a need for further discussion.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1549, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1549, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, 1 (Kidani).

**SCRep. 706      Ways and Means on S.B. No. 882**

The purpose and intent of this measure is to develop a plan to establish and fund a memorial honoring the veterans from Hawaii who served in recent Middle Eastern combat conflicts, beginning with the Persian Gulf War.

Your Committee finds that the State has previously built a Korean and Vietnam War Memorial on Oahu honoring the sacrifices and contributions of veterans from Hawaii who fought in those wars. It is only fitting that the State honors the many veterans who have made sacrifices and contributions in recent conflicts in the Middle East: the Persian Gulf War, Operation Desert Storm, Operation Iraqi Freedom (renamed Operation New Dawn), the War in Afghanistan (or Operation Enduring Freedom), and other combat conflicts.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical, nonsubstantive changes for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 882, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 882, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 2 (Dela Cruz, Tokuda).

**SCRep. 707      (Majority) Ways and Means on S.B. No. 779**

The purpose and intent of this measure is to authorize an agency procurement officer to use a design-build method for procuring construction contracts if the cost of preparing a proposal is high considering the size, estimated price, or complexity of the project. The measure also provides for the pre-qualification of offerors and the payment of a conceptual design fee to unsuccessful offerors.

Comments in support of this measure were submitted by Aaron S. Fujioka, Administrator, State Procurement Office; Hawaii Procurement Institute; and American Institute of Architects.

Comments on this measure were submitted by Bruce A. Coppa, Comptroller, Department of Accounting and General Services.

Your Committee finds that the use of a two-step design-build procurement process for complex infrastructure construction contracts will save developers time and money in preparing their proposals and will provide for the selection of the most qualified offeror to be awarded the contract. Your Committee further finds that this selection process, along with the payment of a conceptual design fee to unsuccessful offerors, will encourage smaller, locally based, design and construction firms to bid on public construction contracts.

Your Committee has amended this measure by:

- (1) Clarifying that during the second phase of the procurement process, a request for proposals will be issued only to the pre-qualified offerors selected for the short list;
- (2) Clarifying that a conceptual design fee will be paid only to the pre-qualified shortlisted offerors that were not awarded the contract;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 779, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 779, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Chun Oakland, Dela Cruz, English, Kouchi, Tokuda, Wakai). Noes, 3 (Kim, Ryan, Slom). Excused, 1 (Kidani).

**SCRep. 708 Ways and Means on S.B. No. 655**

The purpose and intent of this measure is to require the Director of Taxation to provide the administrator of each county's real property assessment division with an image of all certificates of conveyances filed with the Bureau of Conveyances.

Your Committee received testimony in support of this measure from Gary T. Kurokawa, Administrator, Real Property Assessment Division, City and County of Honolulu.

Your Committee finds that requiring the Director of Taxation to provide the administrator of each county's real property assessment division with an image of all certificates of conveyances filed with the Bureau of Conveyances will enable the counties to promptly track ownership, encumbrances, restrictions, uses, and sales prices of real property for the purpose of determining real property tax assessments.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 655, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 655, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 2 (Dela Cruz, Tokuda).

**SCRep. 709 Ways and Means on S.B. No. 284**

The purpose and intent of this measure is to support programs that help inmates successfully transition back into the community by requiring the Department of Public Safety to establish a Hawaiian cultural restoration program that allows non-violent inmates to participate in work opportunities dedicated to preserving and restoring historic Hawaiian sites designated by the Office of Hawaiian Affairs.

Your Committee received written comments in support of this measure from Andy Botts, National Association of Reformed Criminals. Written comments on this measure were received from Richard W. Stacy, Deputy Attorney General, Department of the Attorney General; and the Office of Hawaiian Affairs.

Your Committee finds that programs for incarcerated individuals can greatly assist their successful rehabilitation and reintegration into the community. By incorporating cultural learning, these programs have the added benefit of spreading historic knowledge and cultural values that can instill pride and a sense of belonging in an individual's community.

Your Committee has amended this measure by:

- (1) Requiring the Department of Public Safety to adopt rules defining "non-violent inmates" for purposes of this measure and to set forth criteria for the selection of inmates for the pilot program;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion on the measure; and
- (3) Making technical, nonsubstantive amendments for purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 284, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 284, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 2 (Kidani, Kouchi).

**SCRep. 710 Ways and Means on S.B. No. 166**

The purpose and intent of this measure is to improve the operation of clean and sober homes and halfway houses in the State by establishing a task force to determine how the homes may be held accountable for following all applicable laws, without requiring state licensing.

Your Committee received comments on this measure from the Office of Hawaiian Affairs.

Your Committee finds that clean and sober homes and halfway houses are critical to the successful rehabilitation of persons who have recently been released from incarceration and persons who have substance abuse issues. Appropriate procedures would ensure the effective operation of the facilities and improved relations with residents who reside near the facilities.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion of the issues; and

- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 166, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 166, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 711 Ways and Means on S.B. No. 141**

The purpose and intent of this measure is to expand the authority of counties to use land-based financing to support operating costs attributable to developments in improvement districts and community facilities districts.

Your Committee received written comments in support of this measure from David Z. Arakawa, Land Use Research Foundation of Hawaii.

Your Committee finds that land-secured financing provides an opportunity for the counties to support development-related operating costs, such as police, fire protection, and maintenance services.

Your Committee has amended this measure by:

- (1) Clarifying that the counties are authorized to use improvement district assessments and community facilities district special tax assessments for both new and existing developments in improvement districts and community facilities districts, respectively;
- (2) Changing the percentages of assessments or tax revenues that a county may apply to administrative expenses to an unspecified percentage;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the issue; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 141, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 141, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Kidani).

**SCRep. 712 Ways and Means on S.B. No. 112**

The purpose and intent of this measure is to enhance Hawaii's appeal as a tourist destination by appropriating funds for the State to apply for a spaceport license from the Federal Aviation Administration.

Your Committee finds that tourism is the primary economic driver in Hawaii and that new technology, increased visitor sophistication, and greater competition from other tourism markets require the expansion of Hawaii's tourism industry into new niche markets, such as space tourism. Hawaii's application for a spaceport license would provide the State an opportunity to tap into a potential billion-dollar global industry that could significantly increase state revenues, create jobs, and promote economic development.

Your Committee has amended this measure by changing its effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 112, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 112, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 2 (Kidani, Tokuda).

**SCRep. 713 Ways and Means on S.B. No. 2**

The purpose and intent of this measure is to facilitate the establishment of a comprehensive information system for inventorying and maintaining information about the lands of the public land trust described in section 5(f) of the Admission Act and article XII, section 4 of the Hawaii State Constitution.

Your Committee received comments on this measure from William J. Aila, Chairperson, Board of Land and Natural Resources; and the Office of Hawaiian Affairs.

Your Committee finds that having an accurate inventory of public lands and their disposition is crucial to the successful management of the public land trust described in section 5(f) of the Admission Act and article XII, section 4 of the Hawaii State Constitution.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified sum;
- (2) Clarifying the dates by which reports must be made to the Department of Land and Natural Resources and the Legislature regarding land title and disposition;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the issue; and

- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, 1 (Kidani).

**SCRep. 714 Ways and Means on S.B. No. 981**

The purpose and intent of this measure is to protect native Hawaiian and Hawaiian traditional customary rights by:

- (1) Requiring members of certain state councils, boards, and commissions to undergo training conducted by the Office of Hawaiian Affairs on issues related to native Hawaiian rights; and
- (2) Requiring the Office of Hawaiian Affairs to establish, design, and facilitate a training course related to native Hawaiian and Hawaiian traditional and customary rights.

Your Committee received written comments in support of this measure from the Office of Hawaiian Affairs. Your Committee received written comments in opposition to the measure from the Hawaii Farm Bureau Federation. Your Committee received comments on this measure from William J. Aila, Jr., Chairperson, Department of Land and Natural Resources.

Your Committee finds that not all individuals selected to serve on certain councils, boards, and commissions possess knowledge of the unique rights and responsibilities of the Hawaiian community. It is important that these members learn about native Hawaiian issues because they administer public trust resources and programs that directly impact native Hawaiian traditional and customary rights, natural resource protection and access rights, and the public trust.

Your Committee recommends that in developing the curriculum for the training course, the Office of Hawaiian Affairs utilize resources within the University of Hawaii system to the extent possible. Furthermore, with regard to funding, your Committee notes that the Office of Hawaiian Affairs has sufficient resources to fund the implementation of the training course without requesting additional funding.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical, nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 981, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 981, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 715 Ways and Means on S.B. No. 958**

The purpose and intent of this measure is to assist the family court in making informed decisions in child custody cases by:

- (1) Establishing a registry of child custody evaluators or experts; and
- (2) Allowing the Board of Family Court Judges to develop standards and procedures for child custody evaluators.

Your Committee received written comments in support of this measure from nine individuals.

Your Committee received comments on the measure from Glennard Fong, Chief Court Administrator, First Circuit, The Judiciary, State of Hawaii.

Your Committee finds that child custody evaluators can play a valuable role in family court by investigating and reporting on issues related to child custody cases. Developing standards and procedures for evaluators and creating a registry of qualified evaluators will enable parties to select an appropriate evaluator and facilitate informed decision-making by the court.

Your Committee has amended this measure by making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 958, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 958, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 716 Ways and Means on S.B. No. 797**

The purpose and intent of this measure is to improve patient care throughout the State through the use of health information technology. Specifically, this measure appropriates funds to the Department of Health to participate in federal matching grant programs associated with the development of health information technologies.

Your Committee finds that health providers, insurers, governments, and consumers rely on health information technology to provide an overall framework for the comprehensive management and secure exchange of health information. The use of this type of

technology helps to improve health care quality, prevent medical errors, decrease paperwork, and improve patient care. This measure helps the State to obtain federal funds through matching grant programs for the development of health information technology systems.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 797, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 797, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, 1 (Kidani).

**SCRep. 717      Ways and Means on S.B. No. 582**

The purpose and intent of this measure is to establish procedures for counties to share water in times of emergency by establishing the mutual aid agreement of assistance.

Your Committee finds that each county is geographically isolated, and in times of emergency, should be able to depend on the other counties to supplement water needs. The creation of a statewide mutual aid system will establish procedures for the sharing of water during times of emergency and provide integrated mutual aid response capability between counties in times of disaster.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical, nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 582, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 582, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 2 (Kidani, Kouchi).

**SCRep. 718      (Majority) Ways and Means on S.B. No. 318**

The purpose and intent of this measure is to appropriate funds to the Department of Business, Economic Development, and Tourism to update the 2008 report "Innovation and Technology in Hawaii: An Economic & Workforce Profile."

Your Committee conducted a public decision making on a proposed draft of this measure, which encourages business development in Hawaii through the growth of the film industry, by providing enhanced incentives to attract more film and television productions to Hawaii, thereby generating increased tax revenues.

More specifically, the proposed draft:

- (1) Amends the motion picture, digital media, and film production tax credits to increase the tax credits to unspecified percentages and dollar amounts;
- (2) Provides additional nonrefundable tax credits for qualified media infrastructure projects;
- (3) Establishes a qualified local crew training program rebate equal to an unspecified percentage of the hourly wages of each resident participant in the program;
- (4) Provides an additional tax credit for qualified special or visual effects and animation production costs; and
- (5) Raises the tax credit caps to unspecified amounts.

Your Committee received comments in support of the proposed draft from President William Jefferson Clinton; the Hawaii Carpenters Union; Ryan Kavanaugh, CEO, Relativity Media, LLC; and three individuals. Your Committee received comments on the proposed draft from Richard C. Lim, Interim Director, Department of Business, Economic Development, and Tourism; and the Tax Foundation of Hawaii.

Your Committee finds that business development in the State would benefit from an expansion of the local film and television industry. Your Committee believes that the ideas and programs set forth in the proposed draft have the potential to foster such expansion and stimulate the state economy.

Your Committee has amended this measure by replacing its contents with the contents of the proposed draft.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 318, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 318, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, 1 (Slom). Excused, 1 (Dela Cruz).

**SCRep. 719      Ways and Means on S.B. No. 289**

The purpose and intent of this measure is to support families by:

- (1) Requiring the Families for R.E.A.L. Program (Program) to develop a plan to:

- (A) Cover twenty-five per cent of its costs through fees, grants, private donations, and other sources, beginning on July 1, 2013; and
- (B) Transition into a greater statewide role to provide training resources for parents of young children, school personnel, and families;
- (2) Requiring the Program to report its plan to the Legislature and the Governor prior to the 2012 Regular Session; and
- (3) Appropriating funds for the Program.

Your Committee received testimony in support of this measure from Dee Jay Mailer, Chief Executive Officer of Kamehameha Schools & Vice Chair of the Early Learning Council; and Dr. Robert Peters, Chair, Early Learning Council.

Your Committee received comments on this measure from Linda Elento.

Your Committee finds that the Program is a school-based teacher training and child development program that provides resources for families and parents of young children. This measure seeks to ensure the continued viability of the program through the appropriation of funds and by requiring the development of alternate sources of program revenue.

Your Committee has amended this measure by:

- (1) Changing the percentages relating to the amount of program costs that the Families for R.E.A.L. Program must cover to unspecified percentages;
- (2) Changing the appropriation to an unspecified amount;
- (3) Changing the effective date to July 1, 2050, to encourage further discussion on the measure; and
- (4) Making technical, nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 289, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 289, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 1 (Kouchi).

**SCRep. 720      Ways and Means on S.B. No. 249**

The purpose and intent of this measure is to appropriate moneys to the Department of Agriculture to:

- (1) Purchase a slaughterhouse within the Campbell Industrial Park and any requisite equipment; and
- (2) Fund construction, renovation, and improvement projects at the slaughterhouse.

Your Committee received comments in support of this measure from Russell S. Kokubun, Director, Department of Agriculture; and the Hawaii Farm Bureau Federation.

Your Committee finds that most cattle raised in Hawaii are shipped to the mainland for finishing and slaughter. Appropriating funds for the purchase and construction of a local slaughterhouse will maintain the viability of the State's beef industry and increase Hawaii's food self-sufficiency and overall sustainability.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical, nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 249, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 249, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (English, Ryan, Slom). Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 721      (Majority) Ways and Means on S.B. No. 240**

The purpose and intent of this measure is to improve healthcare in the State by making the physician workforce assessment fee permanent and requiring a portion of the fee to be used to support physician workforce assessment and planning for rural and medically underserved areas.

Comments in support of this measure were submitted by Dan Domizio PA, MPH, Clinical Programs Director and Chief Executive Officer, Puna Community Medical Center; Kelley Withy, MD, PhD; and David Sakamoto, MD, MBA.

Comments in opposition to this measure were submitted by Constance Cabral, Executive Officer, Hawaii Medical Board.

Your Committee finds that areas of the State, especially rural areas, are medically underserved and that additional funding for medical workforce assessment and planning is necessary to ensure that medical services are available to all areas of the State.

Your Committee has amended this measure to correctly reflect the current version of Act 18, Special Session Laws of Hawaii 2009, and by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 240, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 240, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, 1 (Slom). Excused, 1 (Kouchi).

**SCRep. 722 (Majority) Ways and Means on S.B. No. 239**

The purpose and intent of this measure is to continue to partially fund the University of Hawaii John A. Burns School of Medicine with appropriations from the Hawaii Tobacco Settlement Special Fund at a decreasing amount over the next four years.

Your Committee received comments in support of this measure from Hawaii Medical Association; Donald B. Weisman, Hawaii Advocacy Director; American Heart/Stroke Association; and Lowell K.Y. Chun-Hoon. Comments in opposition to this measure were received from Trisha Y. Nakamura, Esq., Policy and Advocacy Director, Coalition for a Tobacco-Free Hawaii. Your Committee received comments on this measure from Sharlene Tsuda, Vice President, Community Development, The Queen's Medical Center.

Your Committee finds that reconsideration of all allocations and appropriations of moneys from the Hawaii Tobacco Settlement Special Fund is prudent.

Your Committee has amended this measure by:

- (1) Changing all percentage reductions and increases of allocations from the tobacco settlement moneys to unspecified percentage amounts;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the issue; and
- (3) Making technical, nonsubstantive changes for purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 239, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 239, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, 2 (Chun Oakland, Slom). Excused, 1 (Kouchi).

**SCRep. 723 (Majority) Ways and Means on S.B. No. 1355**

The purpose and intent of this measure is to:

- (1) Adopt amendments to state tax laws to allow the State to participate in the national Streamlined Sales and Use Tax Agreement, to take effect when the State becomes a party to the Streamlined Sales and Use Tax Agreement; and
- (2) Create a committee to oversee the Department of Taxation's implementation and administration of and compliance with the Streamlined Sales and Use Tax Agreement.

Your Committee received comments in support of this measure from Craig Hirai, Hawaii Association of Realtors. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that the Streamlined Sales Tax Project is a working group of revenue officials and experts with the stated purpose of bringing simplicity and uniformity to sales taxes in the United States, in order to allow the collection of interstate sales taxes without placing burdens on interstate commerce. Your Committee also finds that participation in the Streamlined Sales and Use Tax Agreement has the potential to achieve better tax definitions and uniformity between participating states, as well as improved tax compliance by interstate vendors.

Your Committee has amended this measure by:

- (1) Changing the percentages of all amendments to state tax laws to blank amounts;
- (2) Changing the effective date to July 1, 2050; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1355, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1355, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, 1 (Slom). Excused, 2 (English, Kidani).

**SCRep. 724 Ways and Means on S.B. No. 420**

The purpose and intent of this measure is to improve the availability and delivery of healthcare in the State by appropriating funds to expand certain direct health care services to qualified individuals and to finance projects at designated health centers throughout the State and promoting federally qualified health centers.

Your Committee received comments in support of this measure from the Hawai'i Primary Care Association.

Your Committee received comments on this measure from Patricia McManaman, Interim Director, Department of Human Services.

Your Committee finds that federally qualified health centers serve uninsured, low-income patient populations by providing timely, effective care and care management that reduces unnecessary emergency room visits while saving the State money. The Committee further recognizes the need to develop infrastructure and facilities for community health centers to meet the demand for the service.

Your Committee has amended this measure by:

- (1) Changing all appropriation amounts to unspecified sums;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 420, S.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 420, S.D. 3.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 3 (Dela Cruz, Kim, Slom).

**SCRep. 725 Ways and Means on S.B. No. 1106**

The purpose and intent of this measure is to reduce the costs of health care expenditures associated with emergency care and other hospital-based treatments for avoidable chronic diseases by creating and appropriating funds for a Workplace Wellness Pilot Program.

Your Committee received written comments in support of this measure from George S. Massengale, JD, American Cancer Society; Farmers Insurance Hawaii; and Jason Ledford, M.S.W. Candidate, University of Hawaii.

Your Committee finds that in order to bring Hawaii into mandatory compliance with federal health reform legislation requirements by 2014, the Legislature should authorize and evaluate health and wellness alternatives that reduce the incidence of chronic disease, support employees in maintaining healthier lifestyles, and reduce the costs of health care expenditures for avoidable chronic diseases.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1106, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1106, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 3 (Dela Cruz, Kim, Slom).

**SCRep. 726 (Majority) Ways and Means on S.B. No. 1066**

The purpose and intent of this measure is to transfer the employer-union health benefits trust fund ("EUTF") to the Department of Human Resources Development and to change the size, composition, and appointment process of the board of trustees of the trust fund.

Furthermore, this measure also authorizes the board of trustees to procure benefit plan carriers, without regard to the public procurement process, and to retain an attorney who possesses Employee Retirement and Income Security Act employee benefits experience and who is independent of the Attorney General.

Your Committee received comments in opposition to this measure from Kalbert K. Young, Director, Department of Budget and Finance; and the Department of the Attorney General.

Your Committee received comments on this measure from Aaron S. Fujioka, Administrator, State Procurement Office.

Your Committee finds that there is widespread agreement among interested stakeholders that the EUTF is not operating as it was originally intended to operate and instead has created serious problems for state and county employees and their public employers. This measure contains several significant reforms that will eliminate many of the problems that currently make the EUTF ineffective and expensive.

Your Committee has amended this measure by making clarifying amendments as well as technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1066, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1066, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, 1 (Slom). Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 727 Ways and Means on S.B. No. 113**

The purpose and intent of this measure is to establish a three-year pilot program by which medical cannabis research involving local qualifying patients can be conducted under the protection of state law.

Your Committee received comments in support of this measure from Jeanne Ohta, Executive Director, The Drug Policy Forum of Hawaii; Pamela Lichty, MPH, The Drug Policy Action Group; and thirty individuals. Your Committee received comments on this measure from Jodie Maesaka-Hirata, Interim Director, Department of Public Safety.

Your Committee finds that the use of medical cannabis warrants further research. Your Committee also finds that this measure authorizes formal peer-reviewed research to investigate the chemical composition and therapeutic effects of medical cannabis in a controlled pre-clinical and clinical laboratory setting. Your Committee further finds that it is important for research to be conducted on the unique strains of cannabis that have been developed in Hawaii.

Your Committee has amended this measure by:

- (1) Changing the dollar amount of the fee the Department of Public Safety may charge to cover the costs of overseeing the licensing process during the pilot research program from \$3,000 to an unspecified amount;
- (2) Clarifying that medical cannabis research facilities may be inspected by departmental staff authorized by the Director of Public Safety;
- (3) Clarifying a statutory citation;
- (4) Specifying that each primary caregiver under the pilot research program shall be responsible for the care of no more than one hundred qualifying patients at any given time;
- (5) Changing a reference to the term "patients" to "qualifying patients";
- (6) Changing a reference to the term "pilot program" to "pilot research program";
- (7) Changing the date that the pilot research program ceases operations from December 31, 2014, to December 31, 2015;
- (8) Changing the sunset date of the measure to December 31, 2015; and
- (9) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 113, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 113, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 728 (Majority) Ways and Means on S.B. No. 1277**

The purpose and intent of this measure is to strengthen the laws governing legal service plans.

Specifically, this measure requires legal service plans to obtain a certificate of authority from the Insurance Commissioner prior to conducting business in the State.

Your Committee received comments in support of this measure from Gordon Ito, State Insurance Commissioner, Department of Commerce and Consumer Affairs.

Your Committee finds that legal service plans have a low rate of compliance with Hawaii law. The Insurance Commissioner continues to receive complaints from consumers about prepaid legal service plans. This measure will enhance the Commissioner's ability to regulate these plans and to enforce the laws governing these plans.

Your Committee has amended this measure by:

- (1) Changing the new bond and fee amounts to unspecified sums;
- (2) Changing the effective date to July 1, 2050 in order to facilitate further discussion on the matter; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1277, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1277, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, 1 (Slom). Excused, 2 (Kidani, Kouchi).

**SCRep. 729 Ways and Means on S.B. No. 1341**

The purpose and intent of this measure is to amend the retirement benefits for state and county employees who become members of the Employees' Retirement System (ERS) after June 30, 2012.

Your Committee finds that this measure addresses the unfunded liability of the ERS. Your Committee also finds that this measure will affect only new ERS members by reducing the benefits that they would accrue, as compared to those of current ERS members. Your Committee believes that the date to which this measure applies should be set as early as possible to prevent a sudden rush of hiring.

Your Committee has amended this measure by:

- (1) Changing the date of hire of public employees to which this measure applies to an unspecified date;
- (2) Adding provisions to retain the "retire at any age" benefit for judges who qualify for the benefit;
- (3) Clarifying that, for the purposes of calculating the retirement allowance for a member who first earned credited service as a judge after the date of hire for which this measure applies, the applicable age to consider is fifty-five, rather than fifty;

- (4) Clarifying the average final compensation calculation formula for a member who has credited service as an elected officer or a legislative officer as well as credited service as a judge and who became an ERS member after the date of hire for which this measure applies by stating that, for the purpose of calculating the member's AFC as a judge, the average compensation of the member's highest five years of service as a judge, as opposed to the highest three years, will be used;
- (5) Correcting various citations; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1341, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1341, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 2 (English, Kouchi).

**SCRep. 730      Ways and Means on S.B. No. 1130**

The purpose and intent of this measure is to preserve the Hawaiian language and culture by requiring that state and county documents, letterheads, symbols, and emblems, when newly created, replaced, or reprinted, contain the accurate, appropriate, and authentic Hawaiian names and language.

Your Committee received written comments in support of this measure from Melody Kapilialoha MacKenzie, Esq., Director, Ka Huli Ao Center for Excellence in Native Hawaiian Law; and nineteen interested individuals. Your Committee received written comments in opposition to this measure from Peter B. Carlisle, Mayor, City and County of Honolulu.

Your Committee finds that maintaining a living language is an integral component of preserving a culture. As such, the state constitution established Hawaiian as one of the State's official languages. Your Committee also finds that the proper use of Hawaiian macrons and glottal stops not only shows respect for the Hawaiian language, but also comports with the intent of the state constitution.

Your Committee has amended this measure by:

- (1) Clarifying that the requirement of proper Hawaiian spelling and punctuation on documents and letterheads includes macrons and glottal stops that punctuate the English word to which they relate; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1130, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1130, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 3 (Dela Cruz, Kim, Slom).

**SCRep. 731      (Majority) Ways and Means on S.B. No. 1078**

The purpose and intent of this measure is to specify that the benefits of the Hawaii Employer-Union Health Benefits Trust Fund ("EUTF") are subject to negotiation between the public employer and the exclusive representative of a bargaining unit of public employees.

Furthermore, this measure gives the arbitration panel, rather than the Legislature, the duty to resolve public sector collective bargaining disputes over the benefits or the amounts of contributions.

Your Committee received comments in support of this measure from Randy Perreira, Executive Director, Hawaii Government Employees Association.

Your Committee received comments in opposition to this measure from Kalbert K. Young, Director, Department of Budget and Finance.

Your Committee finds that as presently organized, the EUTF is not providing affordable health care to public employees, especially for employees who need family coverage and who are at a lower pay range. Through mandatory negotiations over both premiums and benefits, the exclusive representatives of public employee collective bargaining units will be able to identify benefit features that can be reduced or restructured without eliminating key coverage areas. Another objective of negotiating over benefits is to promote preventive care while discouraging care that is not needed. Negotiations will create greater incentives to implement wellness programs, which can help control plan costs over the long-term.

Your Committee has amended this measure by:

- (1) Adding references to group life insurance benefits plans that are also provided by the EUTF; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1078, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1078, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, 1 (Slom). Excused, 1 (Kouchi).

**SCRep. 732 (Majority) Ways and Means on S.B. No. 775**

The purpose and intent of this measure is to:

- (1) Continue the work of the Construction Site Inspection Task Force, established pursuant to Act 121, Session Laws of Hawaii 2010, for one year;
- (2) Direct the task force to focus on issues relating to contractor license enforcement; and
- (3) Appropriate moneys from the compliance resolution fund to support the activities of the task force.

Your Committee received written comments in support of this measure from Dwight Y. Takamine, Interim Director, Department of Labor and Industrial Relations.

Your Committee received written comments in opposition to this measure from Jo Ann Uchida, Department of Commerce and Consumer Affairs, Regulated Industries Complaints Office.

Your Committee finds that the Construction Site Inspection Task Force was established pursuant to Act 121, Session Laws of Hawaii 2010, to analyze the feasibility and potential complications of implementing a task force to investigate and inspect construction sites for unlicensed contractors, undocumented workers, and workplace safety violations. Your Committee also finds that unlicensed construction activity undermines the State's regulatory system and puts contractors who follow the law at a disadvantage. Your Committee further finds that continuing the work of the task force will enhance the ability of all affected departments to enforce existing laws and deter unlicensed activity.

Your Committee has amended this measure by:

- (1) Changing the dollar amounts of all fees and surcharges collected to offset the work of the task force to unspecified amounts;
- (2) Changing the term "centralized debt collection system" to "centralized penalty collection system" to more clearly reflect the scope of the task force's analysis;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 775, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 775, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, 1 (Slom). Excused, 1 (Kidani).

**SCRep. 733 (Majority) Ways and Means on S.B. No. 122**

The purpose and intent of this measure is to require coverage of services provided by naturopathic physicians by health insurers, mutual benefit societies, fraternal benefit societies, and health maintenance organizations.

Your Committee received testimony in support of this measure from one hundred sixty-two individuals. Your Committee received testimony in opposition to this measure from the Hawaii Medical Association; Kenneth T. Nakamura, American Academy of Pediatrics, Hawaii Chapter; Hawaii Association of Health Plans; and fifteen individuals.

Your Committee finds that naturopathic physicians provide a valuable service to their patients and are an important component of comprehensive health care. Your Committee notes that services of a naturopathic physician are currently included in workers' compensation benefits. Given the State's shortage of qualified health care providers, naturopathic physicians can play a role in ensuring that more people in the State have access to quality health care.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 122, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 122, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, 1 (Slom). Excused, none.

**SCRep. 734 (Majority) Ways and Means on S.B. No. 725**

The purpose and intent of this measure is to apply the solid waste management surcharge to all solid waste disposal facilities that receive solid waste for ultimate disposal through landfilling, incineration, or through a waste-to-energy facility, whether the waste is disposed of in-state or transferred out-of-state.

Your Committee received written comments in support of this measure from Loretta J. Fuddy, A.C.S.W., M.P.H., Acting Director, Department of Health.

Your Committee received written comments in opposition to the measure from Albert Shigemura, President, PVT Land Company; and the General Contractors Association.

Your Committee received comments on this measure from Gary M. Slovin on behalf of PVT Land Company.

Your Committee finds that with advancements in the field of waste management, Hawaii's solid waste is being disposed of both in-state and out-of-state. The Department of Health is responsible for processing permits for out-of-state waste disposal, but is unable to collect surcharges on that waste. This measure enables the State to apply the solid waste disposal surcharge to waste being transferred out of state for disposal, helping to maintain sustainable funding levels for the State's solid waste program.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 725, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 725, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Ryan). Noes, 1 (Slom). Excused, 1 (Kouchi).

**SCRep. 735      Ways and Means on S.B. No. 1272**

The purpose and intent of this measure is to adopt the National Association of Insurance Commissioners' Risk-Based Capital for Health Organizations Model Act.

Your Committee received comments in support of this measure from Gordon Ito, State Insurance Commissioner, Department of Commerce and Consumer Affairs; and Hawaii Medical Service Association.

Your Committee finds that the model act applies consistent regulatory treatment to health maintenance organizations, mutual benefit societies, fraternal benefit societies, managed care plans, and similar risk-bearing entities. Furthermore, adoption of the model laws and regulations of the National Association of Insurance Commissioners is essential for the Insurance Division to retain its accreditation by the National Association of Insurance Commissioners.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, in order to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1272, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1272, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 2 (Kidani, Kouchi).

**SCRep. 736      Ways and Means on S.B. No. 1357**

The purpose and intent of this measure is to require the Department of Public Safety to develop a master plan to return Hawaii inmates from mainland correctional facilities.

More specifically, the master plan is to include a time table for its implementation and address issues such as increasing prison space and providing interventional, educational, and rehabilitation programs in the State.

Your Committee received written comments in support of this measure from Jeanne Ohta, Executive Director, The Drug Policy Forum of Hawaii; Kat Brady, Coordinator, Community Alliance on Prisons; Pamela Lichty, President, The Drug Policy Action Group; and five concerned individuals.

Your Committee finds that bringing inmates from Hawaii back from mainland facilities is in the best interests of the inmates, the inmates' families, and the State as a whole. Your Committee believes, however, that the provision of intervention and rehabilitation programs and adequate prison space are necessary to successfully accomplish this objective.

Your Committee has amended this measure by:

- (1) Deleting the specific deadline by which the Department of Public Safety is required to develop a master plan, to provide consistency with the Department's deadline for submittal of the plan to the Legislature; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the issue.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1357, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1357, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 737      Ways and Means on S.B. No. 813**

The purpose and intent of this measure is to remove barriers to educational success imposed on children of military families because of frequent moves and deployment of their parents.

Specifically, this measure:

- (1) Makes the Interstate Compact on Educational Opportunity for Military Children permanent;
- (2) Deletes provisions relating to furnishing of unofficial education records;

- (3) Deletes a provision allowing state schools to place military students in courses on a space-available basis; and
- (4) Clarifies military representation on the State Council on Educational Opportunity for Military Children within the Board of Education.

Your Committee received comments on this measure from Laurie Crehan, Ed.D., Quality of Life Regional Liaison, Department of Defense State Liaison Office.

Your Committee finds that it is especially difficult for military children to continually adjust to new educational environments. Frequent moves and deployment of family members create unique challenges for these children. This measure will help ease the strain on the children of military families and make educational transitions easier.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 813, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 813, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, 1 (Kouchi).

**SCRep. 738      Ways and Means on S.B. No. 1393**

The purpose and intent of this measure is to improve the agricultural industry by:

- (1) Allowing all dams and related reservoir areas designated as important agricultural lands to be eligible for inclusion in the total acreage calculation for important agricultural lands and to qualify for incentives;
- (2) Providing an income tax credit for dam or reservoir remediation and aquacultural facilities;
- (3) Providing aquacultural enterprises priority of access over leisure crafts and houseboats at all harbors and waterfront of the State; and
- (4) Providing a general excise tax exemption for qualified agricultural food processing facilities.

Your Committee received comments in support of this measure from Paul Oshiro; Alexander and Baldwin, Inc.; Hawaiian Commercial and Sugar Company; Kauai Coffee Company; and Michael Tresler, Senior Vice President, Grove Farm Company, Inc.

Your Committee received comments in opposition to this measure from Jesse K. Souki, Interim Director, Office of Planning, Department of Business, Economic Development, and Tourism.

Your Committee received comments on this measure from William J. Aila, Jr., Chairperson, Department of Land and Natural Resources; Russell S. Kokubun, Chairperson, Department of Agriculture; Tax Foundation of Hawaii; Hawaii Farm Bureau Federation; and the Land Use Research Foundation of Hawaii.

Your Committee finds that this measure would support the State's agricultural industry by facilitating repairs of dams and reservoirs and encouraging sustainable food production.

Your Committee has amended this measure by:

- (1) Deleting section 5, which provided a general excise tax exemption to qualified agricultural food processing facilities;
- (2) Changing the amounts of the dam or reservoir remediation tax credit and the aquacultural facilities tax credit to unspecified percentages;
- (3) Renumbering sections of the bill and placing them in the order preferred under recommended drafting procedures;
- (4) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1393, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1393, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 14. Noes, none. Excused, none.

**SCRep. 739      Ways and Means on S.B. No. 1162**

The purpose and intent of this measure is to improve the safeguards afforded to persons whose personal information is compromised by a security breach of a government agency.

More specifically this measure:

- (1) Requires government agencies that maintain personal information systems to develop mandatory training programs for personnel who have access to disclosures of personal information;
- (2) Requires reports of security breaches to be submitted to the Information Privacy and Security Council;

- (3) Requires the Information Privacy and Security Council to coordinate the implementation of guidelines by government agencies, and makes the Comptroller or State Chief Information Officer the chair of the council; and
- (4) Appropriates moneys for the council, a specialist and coordinator positions in statewide network security, and security tools, maintenance, and licenses, including software and enhanced web applications.

Your Committee received comments in support of this measure from Christopher Stathis, Support Services Department Head, The Judiciary, State of Hawaii.

Your Committee received comments on this measure from Bruce A. Coppa, Comptroller, Department of Accounting and General Services; and Mihoko Ito, Consumer Data Industry Association.

Your Committee finds that recent high profile security breaches of government agencies have revealed a need to strengthen the safeguards related to maintenance of personal records. This measure will address many of the deficiencies in the current system.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the issue; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1162, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1162, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 2 (Kahale, Kouchi).

**SCRep. 740 Ways and Means on S.B. No. 1559**

The purpose and intent of this measure is to establish additional incentives for landowners to preserve and maintain important agricultural lands.

Specifically, the measure expands the State's existing important agricultural lands program by:

- (1) Granting priority processing of a private entity's building permit application for a construction project for structures associated with important agricultural lands;
- (2) Exempting from county permit conditions unattached structures associated with important agricultural lands that do not have plumbing, heating, or electrical systems;
- (3) Requiring county general plans to accommodate the designation of important agricultural lands;
- (4) Exempting structures associated with important agricultural lands for determining and assessing the taxable value of real property;
- (5) Establishing preferential rates for the purchase of energy that is used or consumed for agricultural activities on important agricultural lands;
- (6) Authorizing insurers to provide preferential rates to owners or lessees of important agricultural lands;
- (7) Designating all important agricultural lands as an enterprise zone;
- (8) Granting tax credits and exemptions to qualified persons who engage in qualified agricultural activities in an enterprise zone;
- (9) Requiring the Department of Business, Economic Development, and Tourism to certify annually the applicability of certain tax credits and exemptions in an enterprise zone;
- (10) Reducing county infrastructure requirements for installation of improvements on important agricultural lands; and
- (11) Requiring the Department of Agriculture to review county permit processes relating to important agricultural lands.

Your Committee received testimony in support of this measure from William J. Aila, Jr., Chairperson, Department of Land and Natural Resources; Paul Oshiro, Manager - Government Relations, Alexander and Baldwin, Inc; and the Hawaii Farm Bureau Federation. Your Committee received testimony in opposition to this measure from David K. Tanoue, Director, Department of Planning and Permitting, City and County of Honolulu. Your Committee received comments on this measure from Gordon Ito, State Insurance Commissioner, Department of Commerce and Consumer Affairs; and the Tax Foundation of Hawaii.

Your Committee finds that Act 183, Session Laws of Hawaii 2005, created the standards, criteria, and processes for the identification and designation of important agricultural lands. Your Committee also finds that this measure provides additional incentives intended to support and encourage sustained, viable agricultural activity on important agricultural lands.

Your Committee has amended this measure by:

- (1) Deleting the definition of "structures associated with important agricultural lands";
- (2) Deleting provisions regarding tax incentives, enterprise zones, and reducing infrastructure requirements;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1559, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1559, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 14. Noes, none. Excused, none.

**SCRep. 741      Ways and Means on S.B. No. 125**

The purpose and intent of this measure is to assist persons with intellectual and developmental disabilities with the continuing education, evaluation, and services to obtain necessary employment skills.

Specifically, this measure:

- (1) Establishes an employment training and placement program for persons with intellectual and developmental disabilities;
- (2) Requires the Department of Human Services to work in conjunction with the Department of Education and the Department of Health in establishing the employment and placement program;
- (3) Requires the Department of Human Services to seek a Medicaid waiver for funding of the program; and
- (4) Makes an appropriation as matching state funding to federal funds for the employment training and placement program.

Your Committee received testimony in opposition to this measure from Patricia McManaman, Interim Director, Department of Human Services.

Your Committee finds that individuals with intellectual and developmental disabilities encounter many difficulties when attempting to enter the workforce. Matching federal funds would allow for much needed training and employment opportunities for those who are transitioning from formal education and waiver programs. Additionally, an employment training and placement program will develop more effective employment systems for persons with intellectual and developmental disabilities, improving their employability.

Your Committee has amended this measure by:

- (1) Changing the amount of the appropriation to an unspecified sum; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 125, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 125, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 9. Noes, none. Excused, 5 (Chun Oakland, Dela Cruz, English, Fukunaga, Kim).

**SCRep. 742      Ways and Means on S.B. No. 175**

The purpose and intent of this measure is to transfer departmental jurisdiction of the Medical Use of Marijuana Program from the Department of Public Safety to the Department of Health.

Your Committee received testimony in support of this measure from Jeanne Ohta, Executive Director, The Drug Policy Forum of Hawaii; Pamela Lichty, MPH, President, The Drug Policy Action Group; Kat Brady, Coordinator, Community Alliance on Prisons; and forty-two individuals. Your Committee received testimony in opposition to this measure from Loretta J. Fuddy, A.C.S.W., M.P.H., Acting Director, Department of Health; and one individual. Your Committee received comments on this measure from Jodie Maesaka-Hirata, Interim Director, Department of Public Safety; and the Department of the Prosecuting Attorney, City and County of Honolulu.

Your Committee finds that the Medical Cannabis Working Group was convened in October 2009 to conduct a study and make recommendations to the Legislature to improve the State's Medical Use of Marijuana Program. Your Committee also finds that transferring oversight of the program from the Department of Public Safety to the Department of Health was among the working group's recommendations for immediate legislative action to improve the program. Your Committee further finds that this measure addresses that recommendation.

Your Committee has amended this measure by:

- (1) Clarifying that the registration and certification confirmation service maintained by the Department of Public Safety is temporary and intended only to facilitate the transfer of functions from the Department of Public Safety to the Department of Health;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 175, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 175, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 743 (Majority) Ways and Means on S.B. No. 233**

The purpose and intent of this measure is to deter smoking by imposing flat \$3.20 excise tax on tobacco products other than cigarettes, little cigars, or large cigars that is equivalent to the excise tax on packs of twenty cigarettes or little cigars. The measure also directs a portion of the excise tax collected to be expended by the Department of Health on tobacco prevention programs and services.

Comments in support of this measure were submitted by Donald Weisman, Hawaii Advocacy Director, American Heart/Stroke Association; George S. Massengale, JD, Director of Government Relations, American Cancer Society; Valerie Chang, Executive Director, Hawaii COPD Coalition; Trisha Nakamura, Esq., Policy and Advocacy Director, Coalition for a Tobacco Free Hawaii; Jackie Berry, Executive Director, Healthy Mothers Healthy Babies Coalition of Hawaii; Cara Sadira, CEO & Board Chair, Rising Up; Ron Fleck, M.S. CRC Vocational Consultant; Renee Schuetter, The Path Clinic; and five concerned individuals

Comments on this measure were submitted by the Tax Foundation of Hawaii.

Your Committee finds that this measure will, in effect, create a flat tax on tobacco products other than cigarettes and little cigars, which are already taxed. Your Committee further finds that taxing tobacco products will discourage smoking and, in turn, reduce smoking-related health conditions in Hawaii.

Your Committee further notes the concern of the Coalition for a Tobacco-Free Hawaii that the current tobacco tax structure should take into account variable quantities of cigars and tobacco products sold and tax those sales in proportion to the corresponding tax on cigarettes.

Accordingly, your Committee has amended this measure by:

- (1) Changing the amount of the excise tax on tobacco products other than large cigars to an unspecified amount;
- (2) Adding a new paragraph to section 245-3(a), Hawaii Revised Statutes, that establishes unspecified excise tax amounts on bulk purchases of tobacco products and small quantity purchases of these items that are in proportion to the corresponding tax on cigarettes;
- (3) Changing the amount of the excise tax collected to be used for tobacco prevention programs to an unspecified amount;
- (4) Expanding the scope of programs and services for which the Department of Health may expend the funds collected to include the tobacco dependence treatment services;
- (5) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (6) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 233, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 233, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Ryan). Noes, 1 (Slom). Excused, 1 (Kidani).

**SCRep. 744 Ways and Means on S.B. No. 595**

The purpose and intent of this measure is to allow an income tax credit for physicians who see a large number of patients insured by Medicaid that is equal to twenty-five per cent of a physician's annual malpractice insurance premium.

Your Committee received comments in support of this measure from the Hawaii Medical Association; and Dan Domizio, PA, MPH, Clinical Programs Director & CEO, Puna Community Medical Center.

Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that, due to the high cost of practicing medicine in Hawaii, of which medical malpractice insurance premiums are a significant part, many physicians choose to leave Hawaii to practice elsewhere. Other physicians choose not to see patients who are insured by Medicaid, which has a reimbursement rate that may not cover the cost of treating those patients. Your Committee finds that a tax credit equal to a percentage of the malpractice insurance premiums paid by physicians who see a large number of Medicaid patients would offset some of the cost of practicing medicine in Hawaii. Additionally, this tax incentive may encourage physicians to remain in Hawaii and continue to treat Medicaid patients.

Your Committee finds that the tax credit provided by this measure should be expanded to include clinics that employ physicians, physician's assistants, and advanced practice registered nurses and pay these providers' malpractice insurance premiums. Your Committee further finds that eligibility for the tax credit should be expanded to include physicians and clinics that are in rural areas of the State and those that take emergency calls. Your Committee believes that this would improve the health of Hawaii's residents by providing a greater incentive for physicians and clinics to treat underserved populations in the State.

Accordingly, your Committee has amended this measure by:

- (1) Changing the amount of the allowable tax credit to an unspecified percentage of the annual medical malpractice insurance premium;
- (2) Amending the definition of "qualified taxpayer" to include:
  - (A) Clinics that employ physicians, physician's assistants, and advanced practice registered nurses and pay these providers' malpractice insurance premiums;

- (B) Physicians and clinics that are located in a rural area of the State and regularly treat patients from rural areas; and
- (C) Physicians and clinics that respond to emergency calls;
- (3) Changing, within the definition of qualified taxpayer, the required percentage of Medicaid patients in a physician or clinic's caseload to an unspecified amount;
- (4) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (5) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 595, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 595, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Slom). Noes, none. Excused, 2 (Kidani, Kim).

**SCRep. 745 Ways and Means on S.B. No. 785**

The purpose and intent of this measure is to enable the State to match available federal disproportionate share hospital funds to bring in increased amounts of federal funding available for Medicare by appropriating funds to the Department of Human Services.

Your Committee received written comments in support of this measure from John M. Kirimitsu, Kaiser Permanente; and Rick Keene, Executive Vice President and Chief Financial Officer, The Queen's Medical Center.

Your Committee received comments on this measure from Patricia McManaman, Interim Director, Department of Human Services.

Your Committee finds that the Medicaid program provides coverage for the State's most vulnerable populations and an important piece in ensuring the success of the program is the ability to cover the actual costs of the care provided.

Hawaii's congressional delegation has secured a federal Medicaid disproportionate share hospital appropriation of \$10,000,000 per year through the year 2019; however, these funds cannot be drawn down without a matching state appropriation. By appropriating \$10,000,000 to match the \$10,000,000 in federal disproportionate share hospital funds, this measure will help ensure that Medicaid payments to providers will offset the actual costs of the care provided and that the State's most vulnerable population will receive necessary medical services.

Your Committee has amended this measure by:

- (1) Changing the amount of the appropriation of the State's total share of matching funds to an unspecified sum; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 785, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 785, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 3 (Kahele, Kim, Kouchi).

**SCRep. 746 Ways and Means on S.B. No. 939**

The purpose and intent of this measure is to establish the position of statewide fall prevention and early detection coordinator to develop a statewide approach to addressing falls among the elderly.

Your Committee finds that falls among the elderly are a significant public health issue. Among the elderly in Hawaii, falls are the leading cause of fatal injuries and injury-related hospitalizations. The position created by this measure will serve as a focal point for a statewide approach to fall prevention and early detection for the elderly.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 939, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 939, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 3 (Dela Cruz, Kim, Slom).

**SCRep. 747 Ways and Means on S.B. No. 1173**

The purpose and intent of this measure is to:

- (1) Appropriate funds to be used by the Department of Education for a grant to provide space education programming services at the Barbers Point elementary school for fiscal year 2011-2012; and
- (2) Require Challenger Center Hawaii to submit a plan to the Legislature to become financially self-sufficient for fiscal year 2012-2013 and thereafter.

Your Committee received comments in support of this measure from Liane Kim, Founding Educator/Director, Challenger Center Hawaii and Stanley Seki, retired DOE administrator and member of the Challenger Center Advisory Committee.

Your Committee finds that Challenger Center Hawaii prepares students for the global and technological workforce by providing hands-on experience in the much-needed areas of science, technology, engineering, and mathematics. Your Committee also finds that Challenger Center Hawaii provides direct professional development opportunities to teachers in Hawaii through its support of the NASA Educator Resource Center, which provides research materials and supplemental curriculum resources to teachers.

Your Committee has amended this measure by:

- (1) Clarifying that the expenditure requires private matching funds;
- (2) Correcting the name “The Challenger Center of Hawaii” to “Challenger Center Hawaii”;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1173, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1173, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 1 (Kidani).

**SCRep. 748      Ways and Means on S.B. No. 1276**

The purpose and intent of this measure is to update the Insurance Code and related statutes.

Your Committee received comments in support of this measure from Gordon Ito, State Insurance Commissioner, Department of Commerce and Consumer Affairs.

Your Committee received comments on this measure from Jennifer Diesman, Vice President, Government Relations, Hawaii Medical Service Association; and Oren T. Chikamoto, American Council of Life Insurers.

Your Committee finds that this measure represents efforts to streamline the operations and improve the administrative efficiency of the Insurance Division, enable the Insurance Division to retain its accreditation by the National Association of Insurance Commissioners, and reduce the costs of insurance regulation.

Your Committee has amended this measure by making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1276, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1276, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 2 (Kidani, Kouchi).

**SCRep. 749      Ways and Means on S.B. No. 1164**

The purpose and intent of this measure is to increase the use of renewable energy by amending the definition “eligible business activity” within state enterprise zones to include:

- (1) The production of certain electric power from renewable energy; and
- (2) The ownership, control, operation, or management of a seawater air conditioning district cooling project.

Your Committee received written comments in support of this measure from Richard C. Lim, Interim Director, Department of Business, Economic Development, and Tourism; Warren Bollmeier, Hawaii Renewable Energy Alliance; and Arthur Seki, Director, Renewable Technology Hawaiian Electric Company, Inc.

Your Committee received written comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that this measure will support Hawaii’s clean energy initiatives by assisting developers of renewable energy projects in Hawaii. By amending the definition of “eligible business activity” to include the production of electric power from renewable energy, this measure provides incentives for the creation of new Hawaii-based renewable energy companies and the expansion of existing ones.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure and making technical, nonsubstantive amendments for style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1164, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1164, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 1 (Kidani).

**SCRep. 750      Ways and Means on S.B. No. 1153**

The purpose and intent of this measure is to provide affordable capital for new farmers by:

- (1) Reducing the new farmer program loan interest rate;
- (2) Increasing the program's loan limits;
- (3) Reducing the number of credit denials required to qualify for the program; and
- (4) Appropriating funds for the program.

Your Committee received comments on this measure from Russell Kokubun, Chairperson, Department of Agriculture.

Your Committee finds that supporting the development of new farms is necessary for the State to meet its sustainability goals and become more self-reliant in food production.

Your Committee has amended this measure by:

- (1) Changing the interest rate on class "F" loans to an unspecified percentage below the prime rate;
- (2) Changing the maximum loan to an unspecified amount;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making technical, nonsubstantive changes for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1153, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1153, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 2 (Fukunaga, Kidani).

**SCRep. 751      Ways and Means on S.B. No. 755**

The purpose and intent of this measure is to create a general excise tax exemption for retail sales of specified items transacted during a five-day period each summer.

Your Committee received comments in support of this measure from the Chamber of Commerce of Hawaii; and Carol Pregill, President, Retail Merchants of Hawaii. The Department of the Attorney General submitted comments.

Your Committee finds that as the State's economy makes a slow recovery, a general excise tax holiday as provided in this measure will afford consumers temporary relief and spark consumer confidence and spending, as well as provide temporary assistance to local businesses. Some studies show that this type of tax holiday results in job creation and a net increase in tax revenues based upon the increased economic activity. An ancillary effect, especially in the retail industry, is that it increases store traffic and encourages spending not only on items that are exempted from the tax but on non-exempt items, which in turn generates tax revenues.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 755, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 755, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Kahele).

**SCRep. 752      Ways and Means on S.B. No. 752**

The purpose and intent of this measure is to expand the uses of the Hawaii community-based economic development revolving fund (revolving fund) to include operational and certain personnel funding for the community-based economic development technical and financial assistance program and the enterprise zone program.

This measure also appropriates funds from the revolving fund for these purposes.

Your Committee received written comments in support of this measure from Richard C. Lim, Interim Director, Department of Business, Economic Development, and Tourism.

Your Committee finds that this measure secures funding for programs that are important economic generators for the State and that assist small businesses, expand job creation, and develop a healthier economic environment in Hawaii.

Your Committee has amended this measure by:

- (1) Adding a new part clarifying that moneys in the hydrogen investment capital special fund are to be expended by the Hawaii Strategic Development Corporation;
- (2) Correcting references to the community-based economic development technical and financial assistance program;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the issue; and
- (4) Making technical, nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 752, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 752, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 2 (Kidani, Kouchi).

**SCRep. 753 Ways and Means on S.B. No. 753**

The purpose and intent of this measure is to:

- (1) Extend the state income tax credit for research activities for an additional five years; and
- (2) Add extensive reporting requirements related to the tax credit.

Your Committee received comments in support of this measure from the Chamber of Commerce of Hawaii; Yuka Nagashima, Executive Director & CEO, High Technology Development Corporation; Rick Holasek, Ph.D., President and CEO, NovaSol; and Alan S. Hayashi. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that research and development is a highly critical component to a sustainable economy. Your Committee also finds that the tax credit for research activities has been effective in generating new tax revenues, creating new companies, and employing a number of residents, while also supporting research and development activities, which in turn foster and encourage the innovation essential to creating high-wage job opportunities in our economy. Your Committee further finds that, in comparing the tax credit for research activities to other tax credits, the tax credit for research activities is one of the most effective in generating and maintaining jobs per tax dollar, generating higher tax revenues for dollars spent, and stimulating measurably more economic activity in the State per dollar of tax credit.

Your Committee has amended this measure by:

- (1) Amending the definition of “qualified high technology business” by changing the required percentage of qualified research to an unspecified amount;
- (2) Correcting a citation to the Internal Revenue Code;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 753, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 753, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 2 (Kidani, Kouchi).

**SCRep. 754 Ways and Means on S.B. No. 745**

The purpose and intent of this measure is to add the production of air conditioning from seawater air conditioning district cooling systems as an eligible business activity in the State’s enterprise zone program.

Your Committee received comments on this measure from Richard C. Lim, Interim Director, Department of Business, Economic Development, and Tourism; and the Tax Foundation of Hawaii.

Your Committee finds that adding other alternative energy production enterprises such as seawater air conditioning district cooling systems will further promote the State’s goal of lessened dependency on fossil fuels. The downtown Honolulu seawater air conditioning project will generate significant construction spending and create a number of jobs.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the matter.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 745, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 745, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 755 Ways and Means on S.B. No. 126**

The purpose and intent of this measure is to:

- (1) Establish a Medicaid buy-in program for working people with disabilities; and
- (2) Make an appropriation for the employment training and placement program as the State’s share of funding to be matched by federal funds made available for a Hawaii Medicaid buy-in program.

Your Committee received written comments in support of this measure from Ronnie Perry.

Your Committee finds that working-age adults with disabilities have limited options for health insurance coverage. This measure will allow working adults with disabilities who do not have health insurance through their employers, or who earn more than the allowable ceiling, to obtain Medicaid coverage.

Your Committee has amended this measure by:

- (1) Changing the maximum amounts of non-exempt sources an individual or couple may have to qualify for the buy-in program to unspecified sums;
- (2) Changing the appropriation for the employment training and placement program to an unspecified amount;
- (3) Clarifying that funds shall be provided to the University of Hawaii each fiscal year for administration and setup under the direction of the Department of Human Services;
- (4) Changing the amount that is to be provided to the University of Hawaii each fiscal year to an unspecified amount;
- (5) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 126, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 126, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 5 (Chun Oakland, Dela Cruz, English, Fukunaga, Kim).

**SCRep. 756      Ways and Means on S.B. No. 99**

The purpose and intent of this measure is to change the structure, composition, and processes of the Public Utilities Commission to operate more effectively in the increasingly complex regulatory environment.

Your Committee received comments in support of this measure from Maui County Farm Bureau; Hawaii Farm Bureau; Blue Planet Foundation; Lauren Zirbel, Government Relations, Hawaii Food Industry Association; Michael J. Matsukawa, Keahole Defense Coalition; and Peggy Ratliff.

Your Committee received comments on this measure from Jeffrey T. Ono, Executive Director, Division of Consumer Advocacy, Department of Commerce and Consumer Affairs; Carlito P. Caliboso, Chairman, Public Utilities Commission, Department of Budget and Finance; and Roy Catalani, Vice President, Young Brothers, Limited.

Your Committee finds that the increasingly complex industries that are regulated by the Public Utilities Commission, including energy provision, transportation, and telecommunications, demand specialized knowledge and expertise on the part of the regulators and improved structure and processes of the Commission. Your Committee notes that the office of the auditor has conducted multiple management audits of the Public Utilities Commission over the past thirty-six years and has consistently found serious and pervasive problems with staffing, management, and planning. Serious, structural changes in the composition of the Commission, the provision of experienced professional staff, and greater transparency in the approval process for certain public utilities are necessary to ensure that the Commission both accurately responds to the interests of the entire State and holds sufficient expertise in the relevant issue areas. Your Committee further finds that this measure provides an effective approach to structuring the Commission and a means for monitoring its implementation and progress to provide for modification or repeal, as necessary. The measure also clarifies findings of public necessity and the issuance of certificates relating to water carriers.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the issue.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 99, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 99, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Slom). Noes, none. Excused, none.

**SCRep. 757      (Majority) Ways and Means on S.B. No. 1274**

The purpose and intent of this measure is to amend the Patients' Bill of Rights and Responsibilities Act by establishing uniform standards for external review procedures.

Your Committee received comments in support of this measure from Gordon Ito, State Insurance Commissioner, Department of Commerce and Consumer Affairs; and Ohana Health Plan.

Your Committee received comments in opposition to this measure from Arleen Jouxson-Meyers, M.D., J.D., M.P.H., President, Hawaii Coalition For Health; Rev. Bob Nakata, Chair, Faith Action for Community Equity; and twenty-seven individuals.

Your Committee finds that this measure is based upon the National Association of Insurance Commissioners Uniform Health Carrier External Review Model Act. This measure replaces the existing external review process for deciding health insurance coverage disputes with a new process in which the review is conducted by an independent review organization in accordance with the requirements of the federal Patient Protection and Affordable Care Act. An independent review organization is a private organization that contracts with a medical doctor to give a medical opinion on a health insurance coverage dispute.

Your Committee has amended this measure by:

- (1) Deleting the amounts specified for an external review filing fee and the maximum annual aggregate filing fee and leaving those amounts unspecified;
- (2) Changing the effective date to July 1, 2050, in order to facilitate further discussion of the matter; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1274, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1274, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, 1 (Slom). Excused, 2 (Kidani, Kouchi).

**SCRep. 758 Ways and Means on S.B. No. 1384**

The purpose and intent of this measure is to improve the educational achievement of Hawaii's youth by requiring children to be assessed prior to entering the first grade.

Specifically, this measure requires, beginning with the 2014-2015 school year:

- (1) Public and private kindergarten students to be assessed by a qualified teacher with an early childhood education background to certify that the student is prepared to enter the first grade;
- (2) Assessments by private kindergarten programs to be certified by the Hawaii Association of Independent Schools or the Early Learning Council; and
- (3) Children who did not attend any kindergarten program to be assessed by qualified Department of Education personnel.

Your Committee received written comments in opposition to this measure from Kathryn S. Matayoshi, Superintendent of Education, Department of Education; and two individuals. Written comments were received from Donald B. Young, Director, Hawaii Educational Policy Center; Elisabeth Chun, Executive Director, Good Beginnings Alliance; and Robert Peters, Chair, Early Learning Council.

Your Committee finds that some children enter the first grade without the skills and preparation necessary for success. Assessments of children entering the first grade by qualified personnel would help ensure that children are placed in an academically appropriate grade level.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion on this measure; and
- (2) Making technical, nonsubstantive amendments for purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1384, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1384, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 14; Ayes with Reservations (Slom). Noes, none. Excused, none.

**SCRep. 759 (Majority) Ways and Means on S.B. No. 1242**

The purpose and intent of this measure is to make an emergency appropriation from the brownfields cleanup revolving loan fund for costs associated with cleanup of a contaminated site in Kapolei.

Your Committee received comments in support of this measure from Mary Lou Kobayashi, Planning Program Administrator, Office of Planning, Department of Business, Economic Development, and Tourism.

Your Committee finds that the existing ceiling of the brownfield cleanup revolving loan fund must be increased to permit the disbursement of funds to the Department of Hawaiian Home Lands for the cleanup of a contaminated site in Kapolei.

Your Committee has amended this measure to correctly reflect the current version of Act 162, Session Laws of Hawaii 2009.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1242, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1242, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, 1 (Slom). Excused, 1 (Kouchi).

**SCRep. 760 Ways and Means on S.B. No. 1453**

The purpose and intent of this measure is to establish the prescription medication prior authorization working group to consider the issues related to prior authorization requirements for prescription medications.

Your Committee received comments in support of this measure from Hawaii Medical Association; James D. Lee, Public Affairs Chair, Neuropathy Action Foundation; Michelle Vogel, Executive Director, The Alliance for Plasma Therapies; Barby Ingle, Executive Director, Power of Pain Foundation; and David Messer III, Hawaii Academy of Physicians Assistants. Your Committee received comments on this measure from Gordon Ito, State Insurance Commissioner, Department of Commerce and Consumer Affairs; Patricia McManaman, Interim Director, Department of Human Services; and Jennifer Diesman, Vice President, Government Relations, Hawaii Medical Services Association.

Your Committee finds that standardizing the prior authorization process may significantly reduce administrative burdens for physicians. At present, a major challenge in providing patients with timely and effective prescription drug treatment is the array of the

formularies used by managed care organizations. Reducing the number of prior authorizations is directly related to the improvement of patient care.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, in order to facilitate further discussion on the matter; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1453, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1453, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 2 (Kidani, Kouchi).

**SCRep. 761 Ways and Means on S.B. No. 1487**

The purpose and intent of this measure is to establish a fair process for the closure or consolidation of public schools by:

- (1) Specifying the Department of Education's authority to close or consolidate schools in conformance with rules adopted by the Department;
- (2) Requiring the Department of Education to consider the effects of the closure or consolidation and the availability of suitable alternative schools for displaced students and teachers;
- (3) Requiring the Department of Education to give notice to affected schools prior to closure or consolidation; and
- (4) Requiring affected schools to propose a plan demonstrating ways to increase enrollment, raise additional revenue, or make additional cost reductions to avoid closure or consolidation.

Your Committee received written comments in support of this measure from Elisabeth Chun, Executive Director, Good Beginnings Alliance. Written comments were received from Kathryn S. Matayoshi, Superintendent of Education, Department of Education.

Your Committee finds that public school closures and consolidations reduce costs and promote efficient uses of public school facilities. However, these efforts often have a significant impact on students, families, and school staff. This measure establishes a process that ensures consideration of the effects of school closures and consolidations before they are imposed, while requiring affected schools and their communities to work towards specified target goals that would allow these schools to remain open.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1487, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 14. Noes, none. Excused, none.

**SCRep. 762 Ways and Means on S.B. No. 209**

The purpose and intent of this measure is to assist Palolo Chinese Home by authorizing the issuance of special purpose revenue bonds to finance the expansion, construction, and rebuilding of its health care facilities.

Your Committee finds that Palolo Chinese Home is Hawaii's largest and second oldest adult residential care home, providing shelter and care to Hawaii's seniors since 1896. In 2005, the Legislature authorized the issuance of \$40,000,000 in special purpose revenue bonds to assist Palolo Chinese Home with financing the expansion, construction, and rebuilding of its facilities. Palolo Chinese Home, however, was unable to access bond funding before the authorized funding lapsed. This measure will enable Palolo Chinese Home and its not-for-profit subsidiaries to finance the expansion and construction of its facilities.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 209, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, 1 (Kouchi).

**SCRep. 763 Ways and Means on S.B. No. 957**

The purpose and intent of this measure is to create a Citizen's Family Law Advisory Committee, comprised of a broad spectrum of citizens, to assist the Judiciary and the Legislature in improving the family court.

Your Committee received written comments in support of this measure from nine individuals.

Your Committee received written comments in opposition to this measure from Glennard Fong, Chief Court Administrator, First Circuit, The Judiciary, State of Hawaii; and one individual.

Your Committee finds that the family court comprises a significant portion of unmet legal needs within the community. This measure provides within the Judiciary an ongoing and necessary means by which judiciary personnel, family court professionals, related service providers, and the public can collaborate to improve the family court.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 957, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 764 (Joint/Majority) Judiciary and Labor and Ways and Means on S.B. No. 1**

The purpose and intent of this measure is to provide for the recognition of Native Hawaiians as the indigenous people of Hawaii and establish a process for the reorganization and recognition of a Native Hawaiian governing entity.

Your Committees received testimony in support of this measure from the Department of Hawaiian Home Lands; the Association of Hawaiian Civil Clubs; and one individual. Your Committees received testimony in opposition to this measure from Aha Hawai'i 'Oiwī, the Native Hawaiian Convention; the Hawai'i'imiloa Movement; and twenty individuals. Your Committees received comments on this measure from the Office of Hawaiian Affairs and the Mainland Council of the Association of Hawaiian Civic Clubs.

Your Committees find that the federal Native Hawaiian Government Reorganization Act of 2009, commonly known as the "Akaka Bill", proposes to establish a process for indigenous Native Hawaiians to gain federal recognition similar to that of an Indian tribe. Two of the goals of federal recognition are to protect the Hawaiian Home Lands trust from Fourteenth Amendment challenges and to advance Native Hawaiian self-governance and self-determination. While federal recognition by Congressional legislation is currently stalled, state recognition of the Native Hawaiian people is necessary and achievable.

Your Committees believe that the State must give full recognition of Native Hawaiians and provide assistance and funding to facilitate their self governance through a Native Hawaiian governing entity, of, by and for Native Hawaiians.

Your Committees have amended this measure by:

- (1) Revising the definition of a "qualified Native Hawaiian" for the purposes of clarity; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and accuracy.

As affirmed by the records of votes of the members of your Committees on Judiciary and Labor and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as S.B. No. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Ayes, 15; Ayes with Reservations (Chun Oakland, Fukunaga, Wakai). Noes, 2 (Espero, Slom). Excused, 1 (Ihara).

**SCRep. 765 Judiciary and Labor on S.B. No. 217**

The purpose and intent of this measure is to:

- (1) Eliminate the statute of limitations for civil actions brought by persons subjected to sexual offenses as a minor; and
- (2) Revive for one year certain actions for which the statute of limitations had previously lapsed.

Your Committee received testimony in support of this measure from The Sex Abuse Treatment Center and three individuals. Your Committee received testimony in opposition to this measure from the Department of the Attorney General and the Hawaii Catholic Conference.

Your Committee finds that this measure will expand the ability of sex assault victims to seek civil compensation for damages for the assault. The extension of the statute of limitations recognizes that victims of sex crimes who are under the age of majority are rarely equipped to report their abuses to the appropriate public authorities within the given time periods of legal statutes of limitations.

Testimony presented to your Committee raised concerns about this measure, however. Specifically, the Department of the Attorney General testified that this measure appears to allow a cause of action to be brought, not just against the alleged perpetrator, but against even those whom the claimant may believe had some connection, no matter how peripheral, to the assault or abuse, without any time limitation. The Department of the Attorney General raised concerns that the measure may violate the due process clause of the state and federal constitutions, since a claim can conceivably be brought against any person or entity at any time, which could prevent or severely impair that person or entity's ability to defend himself or itself.

Because the window for an action is thirty-five years or less before the effective date of the measure or within thirty-five years after the minor attained the age of eighteen, claims may be potentially asserted going back as far as fifty-three years. This raises problems with the availability of witnesses or documentation that would allow a medical provider or hospital to defend itself against a lawsuit for failure to report suspected abuse that occurred decades before, for example. An unlimited limitations period combined with the ability to bring suit against any person or entity raises questions about whether a person or entity connected only remotely with the abuse can meaningfully defend against such claims. Other concerns raised by various testifiers included the certification process and the potential for specious claims.

Your Committee notes that a substantively similar measure was enacted in Delaware in 2007, and codified at section 8145 of the Delaware Code. These provisions resolve many of the concerns raised in testimony and have been upheld on review by Delaware appellate courts and federal courts.

Your Committee has amended this measure by:

- (1) Deleting its contents and replacing it with the contents of section 8145 of the Delaware Code, which amends the measure, as received by your Committee, in the following ways:
  - (A) Limits the cause of action to the perpetrator of the sexual abuse, except for the employer of the perpetrator when the employer either owed some duty to the minor or the employer had some degree of responsibility or control over the activity engaged in by the perpetrator and the minor and the employer was grossly negligent;
  - (B) Does not include the certificate of merit requirement;
  - (C) Extends the period in which a revived cause of action may be brought from one year to two years; and

(D) Allows a person against whom a suit is filed to recover attorneys' fees where the court determines that a false accusation was made with no basis in fact and with malicious intent;

- (2) Inserting an effective date of July 1, 2050, to allow for further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 217, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 217, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 766      Judiciary and Labor on S.B. No. 30**

The purpose and intent of this measure is to extend the time period during which the legal and registered owner of an abandoned vehicle may recover possession of the vehicle before it may be subject to disposal.

Your Committee received testimony in support of this measure from the Hawaii Credit Union League and EAN Holdings, LLC.

Your Committee finds that this measure establishes a more practical time frame for a vehicle owner to recover possession of a vehicle that has been towed away after being designated as abandoned. Your Committee further finds that this measure will be especially useful in cases where the vehicle was financed by a loan because it gives a lender who receives notice of the abandoned vehicle sufficient time to contact a borrower who is the vehicle's actual owner.

Your Committee has amended this measure by:

- (1) Inserting an effective date of July 1, 2050, to allow for further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 30, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 30, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 767      Judiciary and Labor on S.B. No. 723**

The purpose of this measure is to extend the sunset date of Act 87, Session Laws of Hawaii 2009, from July 1, 2011, to July 1, 2015, thereby extending the exemption from the environmental impact statements law under chapter 343, Hawaii Revised Statutes, for certain primary actions that require permits or approvals not subject to discretionary consent and involving ancillary secondary actions limited to certain infrastructure work in public rights-of-way or highways.

Your Committee received testimony in support of this measure from The Chamber of Commerce of Hawaii, Land Use Research Foundation of Hawaii, Hawai'i Association of REALTORS, Hawaii Farm Bureau Federation, and Hawaii Electric Company, Inc. Your Committee received testimony in opposition to this measure from one private individual.

According to testimony received by your Committee, prior to the passage of Act 87, Session Laws of Hawaii 2009, the Office of Environmental Quality Control had been reviewing hundreds of minor work projects touching public roadways or public rights-of-ways to determine whether environmental assessments were necessary. The extension of Act 87 is necessary to continue to clarify that chapter 343, Hawaii Revised Statutes, should not be applied to certain actions, including minor work touching public roadways. Your Committee finds that this exemption will reduce the preparation of unnecessary environmental assessments, saving valuable time and money, without compromising adequate protection for Hawaii's environment.

Your Committee has amended this measure by:

- (1) Inserting an effective date of July 1, 2050, to allow for further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 723, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 723, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 768      Judiciary and Labor on S.B. No. 218**

The purpose and intent of this measure is to require hospitals to provide survivors of sexual assault with medically and factually accurate and unbiased information regarding emergency contraception and to make emergency contraception immediately available upon request to survivors of sexual assault.

Your Committee received testimony in support of this measure from the GLBT Caucus of the Democratic Party of Hawaii, Hawai'i State Democratic Women's Caucus, Hawaii State Commission on the Status of Women, The Sex Abuse Treatment Center, Department of the Prosecuting Attorney of the City and County of Honolulu, American Civil Liberties Union of Hawaii, Democratic Party of

Hawai'i, Women's Coalition, Planned Parenthood of Hawaii, Community Alliance on Prisons, Healthy Mothers Healthy Babies Coalition of Hawai'i, and many private individuals. Your Committee received testimony in support of the intent of this measure from the Department of Health. Your Committee received testimony in opposition to this measure from the Hawaii Family Forum, Hawaii Catholic Conference, Hawaii Right to Life, Americans United for Life Action, and many private individuals. Your Committee received comments on this measure from the Healthcare Association of Hawaii and one private individual.

Your Committee finds that each year in Hawaii, hundreds of women and girls report having been forcibly raped. This already high number does not include the unknown numbers of women who were raped but did not report the rape to the authorities. Statistically, approximately five to eight percent of these women will become pregnant as a result of being raped if they are not able to take advantage of emergency contraception. Your Committee finds that denying a survivor of rape the opportunity to avoid pregnancy caused by the rape adds additional trauma to the incident of the rape by denying the survivor's agency over her own body and imposing the will of another individual over her right to make her own informed choice. Your Committee further finds that providing women who seek emergency medical services after a rape with accurate information about and immediate access to emergency contraception is the accepted standard of care according to the American Medical Association and the American College of Obstetricians and Gynecologists and is mandated in fifteen states, the District of Columbia, and all military and federal hospitals.

Your Committee does not find the arguments of this measure's opponents to be persuasive. Your Committee notes that certain medical providers have been subject to contract-based restrictions on the medical services that they are allowed to offer to patients. Your Committee finds that these restrictions are generally unrelated to the philosophies of individual providers or the institutional priorities of health care facilities, but are rather conditions imposed by third-party landowners unconnected to the actual provision of care at the health care facilities. Your Committee finds that all patients are entitled to make informed choices and to receive thorough medical care. Your Committee further finds that it is inappropriate to allow the particular viewpoint of a provider or the institutional philosophy of a third party to restrict a patient's right to access legal, medically appropriate, and readily available medical treatment.

Your Committee has amended this measure by:

- (1) Inserting an effective date of July 1, 2050, to allow for further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 218, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 218, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3; Ayes with Reservations (Ihara). Noes, 2 (Gabbard, Slom). Excused, none.

**SCRep. 769      Judiciary and Labor on S.B. No. 580**

The purpose and intent of this measure is to require the Department of Land and Natural Resources to establish two additional marine life conservation districts, each one extending three miles or less from the shoreline of the Island of Maui into state marine waters. This measure also requires the Department of Land and Natural Resources to report to the Legislature annually on the effectiveness and enforcement of the two additional marine life conservation districts.

Your Committee received testimony in support of this measure from the Pacific Whale Foundation; Hui Ho'omalulu i ka 'Aina; Maui Tomorrow; The Humane Society of the United States; and numerous individuals. Your Committee received testimony in opposition to this measure from seven individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources and seven individuals.

Marine life conservation districts are recognized in chapter 190, Hawaii Revised Statutes, as a valuable marine resources management tool. Chapter 190 also designates the Department of Land and Natural Resources as the lead agency in the administration of marine life conservation districts and authorizes the Department to establish and modify the limits of these conservation districts.

Your Committee finds that establishing marine life conservation districts is an effective approach to furthering the policies and objectives of the Hawaii Ocean Resources Management Plan. The districts integrate the management of activities and resource use to sustain the quality and health of living and non-living marine resources and to ensure that the management of fisheries and ocean recreation activities is coordinated to enhance the effectiveness of marine life protection.

Your Committee believes, however, that these conservation districts should include the integrated regional management tools developed for the West Hawaii Regional Fishery Management Area (West Hawaii FMA) pursuant to Act 306, Session Laws of Hawaii 1998. The West Hawaii FMA was developed to provide for the effective management of fishery activities in the West Hawaii coastal area, to enhance near-shore resources, and to minimize conflicts of use. The West Hawaii FMA established by Act 306 has been successful due to the integration of reporting requirements and community involvement. Your Committee believes that incorporation of these provisions in this measure will enhance the marine life conservation districts established under this measure.

Your Committee has amended this measure by:

- (1) Changing the annual reporting requirement by requiring instead a report by the Department of Land and Natural Resources, in collaboration with the University of Hawaii and with community involvement, to be submitted every five years to the Legislature, beginning with the Regular Session of 2013;
- (2) Inserting an effective date of July 1, 2050, to allow for further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 580, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 580, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Shimabukuro, Slom).

**SCRep. 770      Judiciary and Labor on S.B. No. 798**

The purpose and intent of this measure is to establish that interdisciplinary quality assurance committees composed of members from various health care organizations have similar protections as those committees formed by hospitals, health maintenance organizations, and statewide trauma care systems.

Your Committee received testimony in support of this measure from the Hawaii Medical Service Association and Healthcare Association of Hawaii.

The purpose of quality assurance committees is to encourage robust discussion that lead to changes in policies, procedures, and practices in the interests of protecting patient safety and the quality of medical services. Your Committee finds that quality assurance committees are most effective if discussions amongst its own members as well as discussions between quality assurance committees of various hospitals, clinics, facilities, and other institutions are protected from discovery. Your Committee believes that the potential for discovery has a dampening effect on discussions in quality assurance committees, which are focused on the greater good of all patients, and that patient protections that result from discussions in quality assurance committees are necessary to fulfill the purpose of such committees. That said, the expansion of the definition of "quality assurance committee" to include representatives of different groups of organizations does not alter the limited scope of confidentiality accorded in subsections (c) and (d) of section 624-25.5, Hawaii Revised Statutes. Quality assurance committees may not prevent discovery of otherwise discoverable information and material by using or considering the information or material in its proceedings.

The intent of your Committee is for this measure to apply to:

- (1) Discussions within a quality assurance committee of any one licensed hospital, clinic, long-term care facility, skilled nursing facility, assisted living facility, home care agency, hospice, health maintenance organization, preferred provider organization, preferred provider network providing medical, dental, or optometric care, or authorized state agency whose function is to monitor and evaluate patient care; and
- (2) Discussions between and among quality assurance committees comprising of various institutions listed in paragraph (1).

Your Committee has amended this measure by inserting an effective date of July 1, 2050, to allow for further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 798, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 798, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 771      (Majority) Judiciary and Labor on S.B. No. 1065**

The purpose and intent of this measure is to:

- (1) Create a new bargaining unit 14 to represent state law enforcement officers; and
- (2) Clarify that no election shall be directed by the Hawaii Labor Relations Board in any newly created bargaining unit of employees who are currently covered by a valid collective bargaining agreement.

Your Committee finds that the new bargaining unit 14 proposed under this measure would provide for collective bargaining representation exclusively for state law enforcement officers, who have needs and issues that are distinct from those of members in bargaining units 3 and 4, under which state law enforcement officers are currently represented.

Your Committee has amended this measure by inserting an effective date of July 1, 2050, to allow for further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1065, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1065, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 2. Noes, 1 (Slom). Excused, 2 (Ihara, Shimabukuro).

**SCRep. 772      Judiciary and Labor on S.B. No. 1522**

The purpose and intent of this measure is to establish licensure and regulatory requirements for large-scale dog breeding operations.

Your Committee received testimony in support of this measure from The Humane Society of the United States, West Hawaii Humane Society, Boxer Club of Hawaii, The Oahu Society for the Prevention of Cruelty to Animals, the Hawaiian Kennel Club, and numerous individuals. Your Committee received testimony in opposition to this measure from the American Kennel Club and four individuals. Your Committee received comments on this measure from the Professional and Vocational Licensing Division of the Department of Commerce and Consumer Affairs.

Your Committee finds that dog breeding is currently unregulated in Hawaii. Further, while animal cruelty laws do exist, they are insufficient to allow for effective enforcement, particularly since current law does not allow entry onto property for investigation of

suspected violations. Your Committee finds that unscrupulous breeding programs not only harm breeding animals that are kept under inhumane conditions, but also produce puppies that are sold to unsuspecting consumers despite their unsuitability as pets due to health problems.

Your Committee recognizes that, since dog breeding is currently an unregulated industry, any measure to create a regulatory system for this activity is subject to a sunrise review by the State Auditor pursuant to section 26H-6, Hawaii Revised Statutes. Your Committee is mindful of this requirement, but nevertheless urges thoughtful consideration of this measure in order to present the Auditor with the opportunity for meaningful review of this important issue. Your Committee further recognizes that proponents of this measure have cited the law of the State of Wisconsin as a useful model for Hawaii to follow in regulating dog breeders. Your Committee respectfully requests that a sunrise review based on this measure also include consideration of the Wisconsin law and its potential applicability to Hawaii.

Your Committee has amended this measure by:

- (1) Including “adequate rest between breeding cycles” among the requirements for humane breeding and defining that term;
- (2) Deleting language that would have authorized the Director of Commerce and Consumer Affairs to determine the specific amount of the civil penalty imposed upon a person who operates as a large-scale breeder without a license; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1522, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1522, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 3; Ayes with Reservations (Ihara). Noes, none. Excused, 2 (Shimabukuro, Slom).

**SCRep. 773 (Majority) Ways and Means on S.B. No. 1088**

The purpose and intent of this measure is to clarify the laws relating to partial unemployment benefits.

Specifically, this measure:

- (1) Makes permanent the partial unemployment benefits system;
- (2) Protects an individual from being disqualified for unemployment benefits if the individual, under certain conditions, separates from a secondary employer offering part-time employment; and
- (3) Removes restrictions on being eligible for continued claim certification for partial unemployment benefits where an intervening period of total unemployment extends beyond eight consecutive weeks.

Your Committee received comments in support of this measure from ILWU Local 142.

Your Committee received comments in opposition to this measure from Dwight Takamine, Director, Department of Labor and Industrial Relations; and Chamber of Commerce of Hawaii.

Your Committee finds that a partial unemployment system provides benefits to both the temporarily laid-off employee as well as the regular employer. In many cases, partial unemployment occurs when an employer requires a temporary shutdown of all or part of the employer's operations and provides some benefits (usually medical coverage) as an incentive for employees to return to their jobs when work becomes available. The arrangement is a “win-win” for both sides. Employees have income support during the temporary layoff while the employer is assured that experienced employees will return to their jobs and the cost of recruitment and training of new employees can be avoided.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1088, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, 1 (Slom). Excused, 1 (Dela Cruz).

**SCRep. 774 Ways and Means on S.B. No. 425**

The purpose and intent of this measure is to reduce the incidence of chronic illness and foster preventative and proactive patient behavior by establishing a wellness pilot program within Medicaid. This measure also authorizes establishment of the Joint Legislative Task Force on Medicaid to examine issues related to Medicaid shortfalls.

Your Committee received written comments in support of this measure from one individual.

Your Committee received comments on this measure from the Hawaii Medical Association; and the Ohana Health Plan.

Your Committee finds that federal legislation has shifted the focus of healthcare from treatment to prevention, and Hawaii must comply with federal health care reform legislation requirements by 2014. The establishment of the wellness pilot program would bring Hawaii into compliance with some of the federal health care reform requirements. Further, your Committee finds that QUEST faced an extensive budgetary shortfall last legislative session and the Joint Legislative Task Force on Medicaid would identify the reasons for, and offer resolutions to, recent Medicaid shortfalls.

Your Committee has amended this measure by:

- (1) Changing the reference from “committee on human services” to “standing committees that have jurisdiction over human services” to address potential changes of names and subject matters of legislative committees;

- (2) Inviting, rather than requiring, specific private entities to serve on the task force;
- (3) Deleting representatives from the Avalon Health Care Group and the YMCA of Honolulu from the task force membership;
- (4) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 425, S.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 425, S.D. 3.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 3 (Dela Cruz, Kahele, Kim).

**SCRep. 775 (Majority Ways and Means on S.B. No. 281)**

The purpose and intent of this measure is to:

- (1) Authorize the use or rental of the Division of Animal Industry's property or facilities for commercial purposes; and
- (2) Establish the animal industry special fund for the deposit of moneys received from the rental or use of Division facilities and to cover costs of the Division of Animal Industry.

Your Committee finds that this measure will expand revenue sources available to the Department of Agriculture's Division of Animal Industry that will assist the Division in moving towards self-sufficiency.

Your Committee has amended this measure by:

- (1) Authorizing the Department of Agriculture to use funds in the animal industry special fund to cover the costs of the Department's resource management and planning programs; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 281, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 281, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, 1 (Slom). Excused, 2 (Dela Cruz, Fukunaga).

**SCRep. 776 (Majority Ways and Means on S.B. No. 651)**

The purpose and intent of this measure is to authorize a mortgagor to require a foreclosing mortgagee to engage in dispute resolution prior to a judicial or nonjudicial foreclosure.

Furthermore, this measure establishes a special fund for foreclosure dispute resolution, to be administered by the Judiciary, and imposes a six-month moratorium on judicial and nonjudicial foreclosures.

Your Committee received comments in support of this measure from Stephen Levins, Executive Director, Office of Consumer Protection, Department of Commerce and Consumer Affairs; Rev. Samuel L. Domingo, Pastor, Keolumana United Methodist Church, and President, FACE Oahu; and 8 individuals.

Your Committee received comments in opposition to this measure from William J. Aila, Jr., Chairperson, Department of Land and Natural Resources; Iris Ikeda Catalani, Commissioner of Financial Institutions, Department of Commerce and Consumer Affairs; Gary Fujitani, Executive Director, Hawaii Bankers Association; and Rick Tsujimura, Mortgage Bankers Association of Hawaii.

Your Committee received comments on this measure from Kalbert K. Young, Director, Department of Budget and Finance; Rodney A. Maile, Administrative Director of the Courts, the Judiciary of the State of Hawaii; and Myoung Oh, Government Affairs Director, Hawaii Association of REALTORS.

Your Committee finds that across the nation, mediation has rapidly grown in popularity as a means to avoid foreclosure. Jurisdictions throughout the United States have implemented various forms of mediation in response to the foreclosure crisis. The mediation program established under this measure is based on the program currently in use in Nevada, which is one of the most successful programs currently operating in the United States. The Nevada program has kept forty-six per cent of participating homeowners in their homes.

Your Committee has amended this measure by:

- (1) Clarifying the measure's purpose in section 1;
- (2) Clarifying that "notice of default" includes an amended notice of default issued if mediation fails;
- (3) Changing the effective date to July 1, 2050, to facilitate continued discussion of the matter; and
- (4) Making technical, nonsubstantive changes for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 651, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 651, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, 1 (Slom). Excused, 1 (Kidani).

**SCRep. 777      Ways and Means on S.B. No. 1155**

The purpose and intent of this measure is to increase food sustainability in Hawaii by establishing a long-term agricultural lease task force to develop a plan for expanding the availability of long-term leases to small farms and agricultural enterprises.

Your Committee received written comments in support of this measure from Dr. Sabry Shehata, Professor of Agricultural Economics, University of Hawaii at Hilo; Juanita C. Kawamoto Brown, Subcommittee Chair, Environmental Caucus of the Democratic Party of Hawaii; and one hundred four individuals.

Your Committee received comments on the measure from Russell S. Kokubun, Chairperson, Board of Agriculture.

Your Committee finds that small farmers and locally based agricultural enterprises play an important role in achieving food sustainability. Developing a plan and making recommendations to expand the availability of long-term leases that are favorable to small farmers and agricultural enterprises will help these groups pursue innovative solutions in the field of diversified agriculture.

Your Committee has amended this measure by:

- (1) Clarifying that private entities will be invited to serve on the task force;
- (2) Clarifying that the task force is to submit its final findings and recommendations, rather than reporting its progress, to the Legislature prior to the Regular Session of 2012;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making technical, nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1155, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1155, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 778      Ways and Means on S.B. No. 1385**

The purpose and intent of this measure is to maximize the use of public school lands and generate additional revenue to repair and maintain public schools.

The measure accomplishes this objective by establishing a public school lands trust to generate income from the redevelopment of excess and underutilized public school lands and to use those revenues to construct, repair, and retrofit public schools to meet the challenges of the twenty-first century and beyond.

Your Committee received written comments in support of this measure from Wil Okabe, President, Hawaii State Teachers Association; and Bill Reeves; Good Beginnings Alliance.

Your Committee received written comments in opposition to this measure from Kalbert K. Young, Director, Department of Budget and Finance; and Tulsı Gabbard Tamayo, City Council, City and County of Honolulu.

Your Committee received written comments on this measure from William J. Aila, Jr., Chairperson, Department of Land and Natural Resources; Peter Carlisle, Mayor, City and County of Honolulu; Kathryn S. Matayoshi, Superintendent of Education, Department of Education; and Owen Miyamoto, Hawaii 3R's Program.

Your Committee finds that many school facilities are in dire need of repair, maintenance, and improvement of systems and infrastructure to meet the twenty-first century challenges in technology and education. This measure proposes one option to capture revenues from currently unused or underutilized public school lands that may yield much-needed revenues for Hawaii's schools after redevelopment.

Your Committee has amended this measure by:

- (1) Clarifying that the preliminary study and public hearing for public school trust lands identified for redevelopment are to be conducted by the Public School Lands Trust Commission established by this measure;
- (2) Changing all percentages in this measure to unspecified percentages; and
- (3) Making technical, nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1385, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1385, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 14. Noes, none. Excused, none.

**SCRep. 779      (Majority) Ways and Means on S.B. No. 1363**

The purpose and intent of this measure is to protect the environment by requiring businesses to collect an offset fee of 25 cents for each non-reusable checkout bag it distributes, to reduce the excessive use of non-reusable checkout bags that present an unnecessary threat to the environment and ocean health.

Your Committee received comments in support of this measure from Loretta J. Fuddy, Acting Director of Health, Department of Health; Hawaii Food Industry Association; Susan M. Houghton, Director of Public Affairs and Government Relations, Safeway; Bob Gutierrez, Director of Government Affairs, Times Supermarket; Stuart Coleman, Hawaii Coordinator, Surfrider Foundation; Robert D. Harris, Director, Sierra Club Hawaii Chapter; Carol Pregill, President, Retail Merchants of Hawaii; Rachel Harvey; and forty three individuals.

Your Committee finds that the State has a compelling interest in protecting the natural environment. Your Committee further finds that the excessive use of non-reusable checkout bags requires excessive processing of polluting fossil fuel for production of the bags, poses serious health risks to legally protected sea turtles and marine mammals, and burdens overcrowded landfills.

Your Committee has amended this measure by:

- (1) Deleting the definition of "exempt county" and references thereto;
- (2) Deleting the exemption from the offset fee for recipients of food subsidies through the women, infants, and children program or the supplemental nutrition assistance program;
- (3) Changing all dollar amounts and percentages to an unspecified amount; and
- (4) Making technical, nonsubstantive amendments for the purposes of style and clarity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1363, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1363, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Chun Oakland, English, Espero, Kim, Ryan, Tokuda, Wakai). Noes, 1 (Slom). Excused, 2 (Dela Cruz, Fukunaga).

**SCRep. 780      Ways and Means on S.B. No. 1503**

The purpose and intent of this measure is to ensure the quality of services provided for students with disabilities by:

- (1) Statutorily defining various private special education schools and programs where students with disabilities may be placed at the Department of Education's expense;
- (2) Requiring these schools and programs to comply with federal and state laws, rules, and regulations; and
- (3) Requiring certain of these private schools or programs that receive state funding to obtain accreditation within ninety days of accepting a student with disabilities.

Your Committee received written comments in support of this measure from Liz Ann Salvador, Chair, State Council on Developmental Disabilities; and Robert Witt, Executive Director, Hawaii Association of Independent Schools.

Your Committee received written comments in opposition to this measure from one individual.

Your Committee finds that this measure would provide the Department of Education and various private schools and programs that serve students with disabilities clearer guidelines and requirements for providing special education and related services for students with disabilities.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion on this measure; and
- (2) Making technical, nonsubstantive amendments for purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1503, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1503, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, none.

**SCRep. 781      (Majority) Ways and Means on S.B. No. 1519**

The purpose and intent of this measure is to make several amendments to the Secure and Fair Enforcement for Mortgage Licensing Act with regard to mortgage loan originators.

Your Committee received comments in support of this measure from Scott Coffman, Hawaii Association of Mortgage Brokers.

Your Committee received comments on this measure from Iris Ikeda Catalani, Commissioner of Financial Institutions, Department of Commerce and Consumer Affairs.

Your Committee finds that most of the amendments in this measure will make the licensing determination process more expedient and efficient, and make Hawaii's law consistent with the language and purposes of the Nationwide Mortgage Licensing System, which became operational for Hawaii licensees in the latter part of 2010. The few substantive changes in the measure respond to the realization that the current statute fails to address important prohibited mortgage loan originator practices.

Your Committee has amended this measure by making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1519, S.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1519, S.D. 3.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, 1 (Slom). Excused, 3 (Dela Cruz, Kidani, Kouchi).

**SCRep. 782 (Majority) Ways and Means on S.B. No. 1287**

The purpose and intent of this measure is to better frame the duties and responsibilities of the State's Chief Information Officer and provide the necessary staffing and funding resources to accomplish those objectives

Specifically, the measure:

- (1) Authorizing the Chief Information Officer to employ staff exempt from chapters 76, 78, and 89, Hawaii Revised Statutes;
- (2) Moving the shared services technology special fund from the Department of Budget and Finance to the Department of Accounting and General Services, and requiring three per cent of the receipts collected from the special funds pursuant to section 36-27, Hawaii Revised Statutes, to be deposited into the shared services technology special fund;
- (3) Authorizing the Chief Information Officer and the Comptroller to raise funds to defray administrative costs and accept donations of money and personal property on behalf of the information technology steering committee, subject to certain provisions; and
- (4) Requiring the Chief Information Officer to submit an annual report to the Governor and the Legislature on the activities, programs, and related expenses under the authority of the Chief Information Officer and the information technology steering committee.

The measure also appropriates unspecified amounts to, and out of, the shared services technology special fund to implement the purposes of this measure.

Your Committee received comments in support of this measure from Bruce A. Coppa, Comptroller, Department of Accounting and General Services.

Your Committee finds that this measure will assist the office of the Chief Information Officer and all stakeholders by clarifying the responsibilities of the position.

Your Committee has amended this measure by:

- (1) Changing the percentage of receipts collected for special funds to be deposited to the shared services technology special fund to an unspecified percentage; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1287, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1287, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, 1 (Slom). Excused, 1 (Kahele).

**SCRep. 783 Ways and Means on S.B. No. 1154**

The purpose and intent of this measure is to:

- (1) Establish a south Kona wilderness area on the island of Hawaii; and
- (2) Provide a framework for management of the wilderness area.

Your Committee received written comments in support of this measure from William J. Aila, Jr., Chairperson, Department of Land and Natural Resources. Your Committee received comments on this measure from The Nature Conservancy; and Abbey S. Mayer, Vice President, Government Relations, The Resort Group-Honolulu-based.

Your Committee finds that the wilderness area in the culturally and historically rich south Kona area has limited development and significant archeological sites that warrant protection and preservation.

Your Committee has amended this measure by:

- (1) Providing for the preservation of the biological aspects of the lands in the south Kona wilderness area;
- (2) Clarifying that the limited access permitted to the south Kona wilderness area is for non-vehicular access;
- (3) Deleting specific reference to camping from the list of recreational activities for which limited non-vehicular access may be permitted;
- (4) Clarifying which lands within Kaulanamauna and Manuka are to be included within the south Kona wilderness area;
- (5) Authorizing the Department of Land and Natural Resources to acquire private lands within the south Kona wilderness area by donation;
- (6) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and

- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1154, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1154, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 14. Noes, none. Excused, none.

**SCRep. 784 Ways and Means on S.B. No. 809**

The purpose and intent of this measure is to address the University of Hawaii's capital facility needs by authorizing the University to issue additional revenue bonds to finance the construction and maintenance of capital improvement projects.

Your Committee received written comments in support of this measure from Howard Todo, Vice President for Budget & Finance/Chief Financial Officer, University of Hawaii System.

Your Committee finds that Act 161, Session Laws of Hawaii 2007, as amended by Act 94, Session Laws of Hawaii 2009, authorized the University of Hawaii to issue a total of \$200,000,000 in revenue bonds for the construction and maintenance of facilities. This measure responds to the University's request for additional financing through revenue bonds to complete needed construction, renovation, and repair projects on its facilities.

Your Committee has amended this measure by:

- (1) Changing the revenue bonds authorization and appropriations therefrom to unspecified amounts;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical, nonsubstantive amendments for clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 809, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 809, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, 1 (Kouchi).

**SCRep. 785 (Majority) Ways and Means on S.B. No. 367**

The purpose and intent of this measure is to establish a regulatory structure for the placement, operation, and possible acquisition of an undersea high-voltage electric transmission cable system that will transmit electricity generated at renewable energy facilities to other islands of the State.

Written comments in support of this measure were submitted by Richard C. Lim, Interim Director, Department of Business, Economic Development, and Tourism; Jeffrey T. Ono, Executive Director, Division of Consumer Advocacy, Department of Commerce and Consumer Affairs; and Robbie Alm, Executive Vice President, Hawaiian Electric Company. Sally Kaye and Beverly Zigmund submitted comments in opposition to this measure. Comments on this measure were submitted by Carlito P. Caliboso, Chairman, Public Utilities Commission, Department of Budget and Finance; and the Office of Hawaiian Affairs.

The ability to generate large amounts of electricity from renewable resources and transmit that electricity to major load centers throughout the State is crucial to making Hawaii less dependent on imported fossil fuel energy sources and promoting environmental preservation. Your Committee finds that it is necessary to regulate a cable system operator as a public utility, and this measure will provide a regulatory structure, administered by the Public Utilities Commission, for the placement and use of an undersea interisland electric transmission cable and for the construction and use of the necessary on-island transmission infrastructure. Your Committee further finds that this regulatory framework is necessary for the Public Utilities Commission to oversee cost recovery from ratepayers for the use of the undersea cable system; and, if necessary, the acquisition of the cable system by an electric utility. Your Committee believes that this measure will encourage development of the undersea cable system, by allowing for reasonable cost recovery if the cable system is not completed, as determined by the Public Utilities Commission.

Your Committee has amended this measure by:

- (1) Incorporating language suggested by the Division of Consumer Advocacy that would allow a wider variety of offsets, such as federal funds, to be taken into account when calculating an electric utility company's net investment;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making numerous technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 367, S.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 367, S.D. 3.

Signed by the Chair on behalf of the Committee.  
Ayes, 11; Ayes with Reservations (English, Fukunaga, Ryan). Noes, 1 (Slom). Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 786 Ways and Means on S.B. No. 1214**

The purpose and intent of this measure is to promote development of hydropower facilities throughout the State by authorizing the issuance of special purpose revenue bonds for Pacific Power and Water Company, Inc.

Your Committee received comments in support of this measure from Patrick Sullivan, Chairman, Pacific Power & Water Company, Inc.

Your Committee received comments on this measure from Kalbert K. Young, Director, Department of Budget and Finance.

Your Committee finds that hydropower facilities will reduce the State's reliance on imported fossil fuel, generate revenue for dam maintenance and repair, and generate jobs in the renewable energy sector.

Your Committee has amended this measure by making technical nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1214, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1214, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 2 (Kouchi, Tokuda).

**SCRep. 787 Ways and Means on S.B. No. 615**

The purpose and intent of this measure is to increase access to infertility procedures by requiring insurance coverage for infertility treatment procedures other than in vitro fertilization.

The measure also removes the current requirement that recipients of covered infertility treatments be married.

Your Committee received comments in support of this measure from the American Society for Reproductive Medicine; Dr. Philip I. McNamee, Practice Director, Pacific In Vitro Fertilization Institute; Dr. LeighAnn C. Frattarelli, MPH; and one individual.

Your Committee received comments in opposition to this measure from Jennifer Diesman, Vice President, Government Relations, Hawaii Medical Service Association; Hawaii Association of Health Plans; and Dr. Benton Chun.

Your Committee received comments on this measure from Gordon Ito, State Insurance Commissioner, Department of Commerce and Consumer Affairs; and one individual.

Your Committee finds that there are numerous effective and safe procedures to treat infertility, including in vitro fertilization and other newer procedures. Your Committee further finds that requiring insurers to cover these procedures will provide childless couples with more options for having children.

Your Committee has amended this measure by:

- (1) Replacing the requirement that infertility treatment procedures covered by insurance be performed at medical facilities that are members of the Society of Assisted Reproductive Technologies with the requirement that the procedures be performed at medical facilities that conform to the American Congress of Obstetricians and Gynecologists guidelines or to the American Society for Reproductive Medicine minimal standards; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 615, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 615, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 3 (Dela Cruz, Kim, Slom).

**SCRep. 788 Ways and Means on S.B. No. 1120**

The purpose and intent of this measure is to expand experiential learning initiatives in science, technology, engineering, and math (STEM) fields and creative media for students and teachers by appropriating funds for various related programs.

This measure also requires various entities to annually submit a joint report to the Legislature and the Governor regarding student participation and outcomes in STEM initiatives and projections of workforce needs for emerging industries.

Your Committee received written comments in support of this measure from Richard C. Lim, Interim Director, Department of Business, Economic Development, and Tourism. Written comments were received from Linda K. Johnsrud, Executive Vice President for Academic Affairs and Provost, University of Hawaii.

Your Committee finds that STEM education plays a vital role in determining the State's ability to respond to emerging and high-growth industries. Along with providing funding for STEM learning initiatives, this measure requires the reporting of data that will facilitate the alignment of these initiatives with Hawaii's workforce needs in related industries.

Your Committee has amended this measure by:

- (1) Rephrasing the appropriation in section 2 to comport with standard drafting conventions;
- (2) Clarifying that the various STEM demonstration stakeholders shall provide outcome measures to the Legislature;
- (3) Clarifying that the first report required of:
  - (A) The University of Hawaii and the Economic Development Alliance of Hawaii, Inc., regarding STEM initiatives; and

(B) The Department of Business, Economic Development, and Tourism regarding projections of workforce needs in emerging industries in defense and other high technology industries;

shall be due to the Governor and the Legislature by December, 2011;

- (4) Changing the effective date to July 1, 2050, to encourage further discussion on the measure; and  
 (5) Making technical, nonsubstantive amendments for purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1120, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1120, S.D. 2.

Signed by the Chair on behalf of the Committee.  
 Ayes, 13. Noes, none. Excused, 1 (Kidani).

**SCRep. 789 (Majority) Ways and Means on S.B. No. 935**

The purpose and intent of this measure is to maintain adequate funding levels of programs for public health, safety, welfare, and education by appropriating funds from the emergency and budget reserve fund.

Your Committee received comments in support of this measure from Rodney A. Maile, Administrative Director, The Judiciary of the State of Hawaii; Waynette K.Y. Cabral, Executive Administrator, State Council on Developmental Disabilities; Samuel E.H. Moku, Director, Department of Community Services, City and County of Honolulu; Robert Peters, Chair, Early Learning Council; Richard P. Bettini, President and Chief Executive Officer, Waianae Coast Comprehensive Health Center; Ivalee Sinclair, Chair, Special Education Advisory Council; Louis Esteschnik, Hawaii Disability Rights Center; Stella Wong, Vice President of Programs, Catholic Charities Hawaii; Nalani Fujimori Kaina, Executive Director, Legal Aid Society of Hawaii; Lehua Ka'auwai-Krueger, General Manager, About Face Family of Programs; Katherine E. Murphy, Executive Director, Hawaii Association for the Education of Young Children; Sandra J. Yoro, Executive Director, Special Education Center of Hawaii; Elisabeth Chun, Executive Director, Good Beginnings Alliance; Beth Giesting, Chief Executive Officer, Hawaii Primary Care Association; Dee Jay Mailer, Chief Executive Officer, Kamehameha Schools; Anastasia Keller-Collins, Vice President of Program Development, Easter Seals Hawaii; Jan E. Dill, President, Partners in Development Foundation; Rebecca Sanada-McGuire, President, Hawaii Baptist Early Education Association; Paul Goresbeck, Executive Director, Life Foundation; Jaque Kelley-Uyeoka, Deputy Chief Executive Officer, Hale Kipa; Liane K. Akana, Executive Director, Read to Me International; and five individuals.

Your Committee received comments on this measure from Patricia McManaman, Interim Director, Department of Human Services.

Your Committee finds that the current difficult economic times and declining tax revenues have resulted in budget cuts that affect all state services. As a result, the social safety net for basic human services, health, and education is in jeopardy and families that live closest to the poverty line will suffer greater than more affluent families. Your Committee further finds that it is critical that the State make appropriations to provide adequate funding for services and programs that address the vital needs of Hawaii's most vulnerable citizens.

Your Committee has amended this measure by:

- (1) Changing all appropriations to unspecified amounts;
- (2) Adding appropriations for the following entities and programs:
  - (A) Life Foundation, for HIV/AIDS related services;
  - (B) Gregory House Programs, for HIV/AIDS related services;
  - (C) Community Health Outreach Work to Prevent AIDS Project, for HIV/AIDS related services;
  - (D) Baby S.A.F.E., for the substance abuse free environment program;
  - (E) Fetal alcohol spectrum disorders;
  - (F) Family planning;
  - (G) Perinatal health programs;
  - (H) Preschool developmental screening program;
  - (I) Tutu and Me Traveling Preschool program;
  - (J) Oahu About Face Family of Programs;
  - (K) Read To Me International Foundation, for reading programs for children of incarcerated parents; and
  - (L) Hawaii Primary Care Association, for health care services for uninsured persons;
- (2) Deleting appropriations for Kapahulu Center and Moilili Community Center;
- (3) Correcting a reference to reflect the appropriate section of the Hawaii Revised Statutes;
- (4) Correcting the names of various entities to reflect their legal names;
- (5) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 935, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 935, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, 1 (Slom). Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 790      Ways and Means on S.B. No. 608**

The purpose and intent of this measure is to:

- (1) Authorize the Department of Land and Natural Resources to consider the exchange of parcels in Sand Island Industrial parcels to leaseholders; and
- (2) Require a report of its findings and recommendations to the Legislature.

Your Committee received written comments in support of this measure from Ideal Construction Inc; Projects Plus Inc.; Walter Y. Arakaki, General Contractor; Rolloffs Hawaii; Tomco Corp.; Pine Enterprises Inc.; Kula Sand, LLC; Commercial Electric, Inc.; Structural Systems, Inc.; Robert M. Kaya Builders, Inc.; SSNR, LLC; Reynolds Recycling; S and M Welding Co. Ltd; Sonny's Service and Repair Inc.; M. Nakai Repair Service Ltd.; R.K. Oshiro Door Service, Inc.; Rons Construction Corporation; Alfred I. Castillo, LLC; Ocean Seafoods; Bob Sakamoto Welding; Liu Holding Company Inc.; Certified Construction Inc.; JM International, LLC; Hawaii Painting and Wallcovering, Inc; Downstream Inc.; CC Engineering and Construction, Inc.; S and M Welding Co., Ltd.; Island Movers; Matt's Transmission Repair; Wong's Meat Market, Ltd.; NJB, LLC; Green Thumb Incorporated; Commercial Electric, Inc; Mitsunaga Construction, Inc; Kamaaina Roofing LLC; Reliable Fire Protection, Inc.; Dorvin D. Leis Co. Inc; Ikaika Builders, Inc.; Tajiri Demolition and Disposal LLC; Eagle Construction Co.; RSI Roofing and Building Supply; Economy Plumbing and Sheet Metal, Inc.; LK Takamori, Inc.; Imua Sales and Service Inc.; and five individuals. Your Committee received comments on the measure from William J. Aila, Jr., Chairperson, Department of Land and Natural Resources.

Your Committee finds that in 1992, the Department of Land and Natural Resources entered into a fifty-five year lease with the Sand Island Business Association for the seventy-four acre Sand Island Industrial Park. The Sand Island Business Association, which developed the infrastructure, subleased the lots, and took over management of the park, completed more than \$41,000,000 in infrastructure improvements. The members of the association invested an additional \$20,000,000 in leasehold improvements to individual lots. As a result of these substantial investments, members of the Sand Island Business Association are interested in purchasing fee title to the lands.

Authorizing the Department of Land and Natural Resources to consider the exchange of Sand Island parcels to leaseholders will encourage the department to decide whether it is in the State's best interest to execute a land exchange or retain the fee title to certain Sand Island parcels.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical, nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 608, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 608, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 1 (Tokuda).

**SCRep. 791      Ways and Means on S.B. No. 142**

The purpose and intent of this measure is to protect Hawaii's water resources by establishing safeguards and mechanisms to preserve and maintain the State's dams and reservoirs.

Specifically, the measure:

- (1) Statutorily declares dams and reservoirs as important water resources that provide significant benefits to the public;
- (2) Requires the Board of Land and Natural Resources, in administering the Dam and Reservoir Safety Program, to consider the need to consistently maintain and operate dams and reservoirs in a feasible manner to sustain their roles as important water resources for the State;
- (3) Clarifies that fees charged by the Board of Land and Natural Resources to cover its costs in administering dam and reservoir safety are to cover a portion of those costs;
- (4) Requires the Board of Land and Natural Resources to consider a lower hazard potential classification for dam or reservoir operations systems that enable the direct control of water inflow; and
- (5) Requires the Department of Land and Natural Resources to include, in its annual report on dams and reservoirs to the Governor and the Legislature, initiatives implemented to ensure that dams and reservoirs continue to be retained and operated in a feasible manner that sustains their roles as important water resources.

Your Committee received written comments in support of this measure from Hawaii Farm Bureau Federation; Maui County Farm Bureau; Paul Oshiro, Manager - Government Relations, Alexander and Baldwin, Inc.; and Land Use Research Foundation of Hawaii.

Your Committee received written comments in opposition to this measure from ILWU Local 142.

Your Committee received written comments on this measure from William J. Aila, Jr., Chairperson, Department of Land and Natural Resources; and the Office of Hawaiian Affairs.

Your Committee finds that in addition to serving Hawaii's agricultural industry, dams and reservoirs also benefit the general public by providing drinking water, renewable energy through hydropower, and flood control and drainage for public safety. By recognizing that the maintenance of dams and reservoirs must be feasible for them to remain in operation, this measure enables the Board of Land and Natural Resources to give due consideration to the critical importance of dams and reservoirs to the State in its administration of the dam and reservoir safety program.

Your Committee has amended this measure by:

- (1) Eliminating the provisions that:
  - (A) Require the Board of Land and Natural Resources to consider a lower hazard potential classification for dam or reservoir operations systems that enable the direct control of water inflow; and
  - (B) Require the Department of Land and Natural Resources to include, in its annual report on dams and reservoirs to the Governor and the Legislature, initiatives implemented to ensure that dams and reservoirs continue to be retained and operated in a feasible manner that sustains their roles as important water resources;
- (2) Rephrasing and reorganizing the statutory declaration that dams and reservoirs are important water resources and establishing the Board of Land and Natural Resources' duty to maintain and operate them in a feasible manner, provided that public safety concerns are addressed; and
- (3) Changing the effective date to July 1, 2050, to encourage further discussion on this measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 142, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 142, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Slom). Noes, none. Excused, none.

**SCRep. 792 (Majority) Ways and Means on S.B. No. 1324**

The purpose and intent of this measure is to make permanent the amount of \$3 a day as the rental motor vehicle surcharge tax. This measure also appropriates moneys from the state highway fund for the state highways program.

Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that without this measure, the rental motor vehicle surcharge tax will revert to \$2 per day after August 31, 2011. A reversion to this tax rate will result in a loss of about seven per cent of the total revenues of the fund, which will adversely impact the state highway system by reducing funding for necessary repairs and maintenance. Retaining the existing surcharge amount of \$3 per day is needed to maintain the revenue stream to the state highway fund.

Your Committee has amended this measure by:

- (1) Changing the surcharge tax to an unspecified amount; and
- (2) Changing the effective date to July 1, 2050, in order to facilitate continued discussion on the matter.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1324, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1324, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, 1 (Slom). Excused, 2 (Kidani, Kouchi).

**SCRep. 793 (Majority) Ways and Means on S.B. No. 1520**

The purpose and intent of this measure is to provide a process for the reorganization of a first nation government by native Hawaiians and its subsequent recognition by the State.

More specifically, this measure establishes a process for recognition and ratification of governing documents and an interim first nation governing council. The measure also establishes a nine-member commission to prepare, maintain, and certify a roll of qualified native Hawaiian constituents.

Your Committee received written comments in support of this measure from Kitty M. Simonds, President, Maunaloa Hawaiian Civic Club; and Vanda Hanakahi, Chair, Aha Kiolo Advisory Committee. Your Committee received written comments in opposition to this measure from The Hawaiian Kingdom; Ehu Kekahu Cardwell, Director, The Koani Foundation; KeAloha Aiu Aloha Aina Foundation; and twenty concerned individuals. Your Committee received comments on this measure from the Office of Hawaiian Affairs.

Your Committee notes that this measure is intended to address the State's response to Congress's continued deliberation regarding the Native Hawaiian Government Reorganization Act.

Your Committee has amended this measure by:

- (1) Adding language that explicitly administratively attaches the commission to the Governor's office;

- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the issue; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1520, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1520, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, 1 (Slom). Excused, none.

**SCRep. 794 (Majority) Judiciary and Labor on S.B. No. 298**

The purpose and intent of this measure is to establish an organizational and regulatory framework for sustainable business corporations.

Your Committee received testimony in support of this measure from Hawaii Angels, Kuleana Green Business Program of the Kona-Kohala Chamber of Commerce, American Sustainable Business Council, GreenCar Hawaii, The Chamber of Commerce of Hawaii, HonuGuide, and seven private individuals. Your Committee received testimony in opposition to this measure from the Commissioner of Securities of the Business Registration Division of the Department of Commerce and Consumer Affairs. Your Committee received comments on this measure from The Hogan Entrepreneurs of Chaminade University and two private individuals.

Your Committee finds that under general principles of corporate organization, the directors of a corporation have an enforceable duty to maximize shareholder profit. Your Committee further finds that this duty may prevent entrepreneurs and investors from achieving their own goals of establishing and investing in private enterprises that exist to serve social or environmental purposes in addition to pursuing profits. Your Committee notes that several other states have responded to market demand for a voluntary corporate designation that allows enterprises to pursue good corporate citizenship by authorizing the formation of corporate entities that may be governed according to principles other than pure profit motive.

Your Committee notes the objections raised in the testimony of the Securities Commissioner to certain provisions of this measure as it was received by your Committee. Your Committee notes that the Securities Commissioner expressed reservations about the impact of this measure on the registry of the Business Registration Division, the elimination of directors' and officers' fiduciary duties, and ambiguity in the shareholders' right to enforce corporate fiscal responsibility by this measure's substitution of an undefined benefit enforcement procedure for the normal shareholder and director right of action with respect to enforcing a director's fiduciary duty.

Accordingly, your Committee has amended this measure by:

- (1) Deleting provisions pertaining to benefit enforcement proceedings;
- (2) Inserting definitions of "material owner" and "material relationship" to clarify the meaning of those terms as used within this measure;
- (3) Clarifying the process for designating a corporation as a sustainable business corporation in a manner that does not disrupt the existing business registry of the Business Registration Division;
- (4) Clarifying the mandatory and discretionary components of the standard of conduct, the fiduciary duty, and personal liability of the directors and officers of a sustainable business corporation;
- (5) Deleting provisions granting immunity from personal liability to the benefit director or third parties who perform the duties of the board of directors and officers;
- (6) Clarifying that the shareholders and directors of a sustainable business corporation shall have the same right of action as the shareholders and directors of any domestic corporation plus an additional right of action to enforce the general and specific public benefit purpose of the sustainable benefit corporation;
- (7) Clarifying the requirements for the third party standard that shall be used to define, report, and assess overall corporate social and environmental performance of a sustainable business corporation;
- (8) Clarifying that the duties of the Business Registration Division in regard to filings made by a sustainable business corporation shall be ministerial only, consistent with the duties of the Business Registration Division in regard to filings made by any other domestic corporation;
- (9) Removing provisions relating to the State's representation regarding the accuracy of a sustainable benefit corporation's annual filings;
- (10) Inserting an effective date of July 1, 2050, to allow for further discussion; and
- (11) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 298, S.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 298, S.D. 3.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, 1 (Slom). Excused, none.

**SCRep. 795 Judiciary and Labor on S.B. No. 591**

The purpose and intent of this measure is to require registration and regulation of pharmacy benefit management companies including periodic audits of pharmacies that submit claims to pharmacy benefit management companies.

Your Committee received testimony in support of this measure from six private individuals. Your Committee received testimony in opposition to this measure from the Insurance Commissioner of the Department of Commerce and Consumer Affairs; Express Scripts; Medco Health Solutions, Inc.; Hawaii Medical Service Association; Pharmaceutical Care Management Association; CVS Caremark Corporation; and 'Ohana Health Plan.

Your Committee finds that pharmacy benefit management companies play a growing role in the provision of health insurance coverage for prescription drugs but are currently unregulated by any state entity. Your Committee further finds that requiring registration of pharmacy benefit management companies will allow the State to exercise some degree of oversight over these companies to ensure the health and safety of Hawaii's residents.

Your Committee notes the concerns regarding certain provisions of this measure that were raised in the testimony of pharmacy benefit managers, health insurers, and the Insurance Commissioner. Your Committee further notes that these stakeholders engaged in sincere efforts to communicate with the proponents of this measure and your Committee to address concerns and to reach consensus on amendments to this measure.

Accordingly, your Committee has amended this measure by deleting its contents and replacing them with language that:

- (1) Requires registration of a pharmacy benefit management company with and subsequent annual statements filed with the Insurance Commissioner;
- (2) Establishes certain standards and criteria for the conducting of audits of pharmacies by managed care companies, insurance companies, third-party payers, or the representatives of these entities, which will help to enforce existing regulatory standards for providers of prescription drugs as well as supplement the new regulations created by this measure;
- (3) Prohibits certain actions by a pharmacy benefit management company, including actions that limit consumer protection or a patient's method of obtaining prescription medications;
- (4) Authorizes the Insurance Commissioner to assess fines for violations of the new chapter established pursuant to this measure and authorizes appeals of certain decisions made by the Insurance Commissioner;
- (5) Requires a pharmacy benefit management company contracting with an entity to provide prescription drug coverage to provide an annual report, which shall include information regarding the number and total amount paid to pharmacies for prescriptions filled under the contract, as well as other information regarding fulfillment of the contract;
- (6) Mandates that pharmacy benefit management companies shall provide to pharmacies that contract with the pharmacy benefit management company the methodology that the pharmacy benefit management company uses to determine reimbursement, as well as other disclosures related to payment of the pharmacy by the pharmacy benefit management company; and
- (7) Mandates disclosures to enrollees that include a list of the names and locations of all affiliated providers, the method of resolving complaints of covered persons, and notice that the pharmacy benefit management company is required to be registered in the State by the insurance commissioner.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 591, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 591, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 4; Ayes with Reservations (Ihara). Noes, none. Excused, 1 (Shimabukuro).

**SCRep. 796 Human Services on Gov. Msg. No. 509**

Recommending that the Senate advise and consent to the nominations of the following:

**DIRECTOR OF THE DEPARTMENT OF HUMAN SERVICES**

G.M. No. 509 PATRICIA MCMANAMAN, for a term to expire December 1, 2014.

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Patricia McManaman to possess the requisite qualifications to be nominated as Director of Human Services.

Your Committee received testimony in support of the nomination of Patricia McManaman from the Governor of the State of Hawaii; Hawaii Public Housing Authority; Hawai'i Civil Rights Commission; Healthcare Association of Hawaii; Adult Foster Homecare Association of Hawaii; The Primary Care Providers; Mental Health America of Hawai'i; Child Welfare Services State Advisory Council; Child & Family Service; Parents and Children Together; Inter-Agency Council for Immigrant Services; Hawaii Long Term Care Association; Lanakila Pacific; Aloha United Way; Goodwill Industries of Hawaii, Inc.; The Mediation Center of the Pacific, Inc.; YMCA of Honolulu; Catholic Charities Hawai'i; Pacific Gateway Center; Partners in Development Foundation; Filipino Coalition for Solidarity; Hawai'i Friends of Civil Rights; Hawai'i Women's Political Caucus; Congress of Visayan Organizations; Filipino Chamber of Commerce of Hawai'i; Oahu Filipino Community Council; Hawaii State Coalition Against Domestic Violence; Domestic Violence Action Center; Women Helping Women; UNITE HERE! Local 5 Hawaii; International Longshore and Warehouse Union Local 142; The Law Office of Tony Tran, LLLC; Hirota & Associates, LLLC; Law Offices of Joyce K. Matsumori-Hoshijo; and forty-four individuals. Your Committee received comments on this measure from the Hawai'i Primary Care Association.

Upon review of the testimony, your Committee finds that Ms. McManaman's extensive experience, demonstrated leadership abilities, commitment to serving underserved and underrepresented members in the community, compassion, and personal integrity qualify her for the position of Director of Human Services.

Ms. McManaman brings to the Department of Human Services over thirty years of public service for Hawaii's working class, low-income, and immigrant communities, a deep understanding of the non-profit community, a commitment to civil rights, and

experience as an attorney. Throughout Ms. McManaman's career, she has provided services as a de facto case manager, outreach worker, informal counselor, community advocate and planner, activist, and administrator. Her clients have included the homeless, public housing tenants, persons with physical and mental disabilities, domestic violence and human trafficking victims, immigrants and citizens, felons, and other disenfranchised members of the community.

During Ms. McManaman's tenure as the Executive Director of Na Loio – Immigrant Rights and Public Interest Legal Center, she addressed systemic issues that impacted the Department of Human Services. In 2006, she was a key player in the development of Act 290, Session Laws of Hawaii 2006, which led to the creation of the Office of Language Access - a guiding force in ensuring equal access to state-funded services for Hawaii's limited English-speaking residents.

Immediately upon her appointment as Interim Director of Human Services in December 2010, Ms. McManaman and the Department of Human Services were compelled to make some very difficult decisions in the Temporary Assistance for Needy Families program. The cost savings initiatives were undertaken in direct response to shortfalls in the Temporary Assistance for Needy Families budget for the 2011 fiscal year. Ms. McManaman made the decision to terminate contracts for worthy non-profit service providers and seek an emergency appropriation to offset the Department of Human Services' cost overruns. According to testimony received by your Committee, Ms. McManaman dealt with the providers and communities affected by the Temporary Assistance for Needy Families cuts with compassion, honesty, and forthright conversations.

Your Committee also finds that the last few years have presented some of the most challenging times ever experienced by the Department of Human Services. The Department has had to deal with budget cuts, lack of funding, furloughs, reductions-in-force, retirements, higher caseloads, decreased services, and poor morale amongst staff. However, in Ms. McManaman's short time with the Department, she has been proactive and understanding of the multitude of issues faced by the Department. She has demonstrated the ability to listen to concerns and has provided recommendations on how to move the Department forward.

Your Committee notes from Ms. McManaman's testimony that in these challenging economic times, Ms. McManaman believes the Department of Human Services must return to its core mission of providing essential services for Hawaii's low-income and vulnerable residents. These economic challenges also give rise to opportunity. Going forward, the Department will be working with the community to identify, create, and implement services and programs that will best address the current needs of Hawaii's diverse communities.

Your Committee finds that, based on the testimony submitted, Ms. McManaman is uniquely qualified to serve as the Director of Human Services. Her past positions demonstrate her knowledge and ability to run an agency. Her leadership qualities foster collaboration, partnership, and engagement of the community, service providers, and Department of Human Services staff. Your Committee believes that Ms. McManaman's expertise, leadership, honesty, intelligence, and commitment to the public good will serve the State and the Department of Human Services well.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 1 (Green).

**SCRep. 797 Energy and Environment on Gov. Msg. Nos. 524 and 526**

Recommending that the Senate advise and consent to the nominations of the following:

DIRECTOR FOR THE OFFICE OF ENVIRONMENTAL QUALITY CONTROL

G.M. No. 524 GARY HOOSER, for a term to expire 6-30-2011; and

G.M. No. 526 GARY HOOSER, for a term to expire 6-30-2015.

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Gary Hooser to possess the requisite qualifications to be nominated as Director of the Office of Environmental Quality Control (OEQC).

Your Committee received testimony in support of the nomination of Gary Hooser from Gary L. Gill, Department of Health; Bernard P. Carvalho, Jr., Mayor, County of Kauai; Tim Bynum, Councilmember, Kauai County Council; The Trust for Public Land; Unite Here, Local 5 Hawaii; Alan Johnson, Hina Mauka; Randy Perreira, Hawaii Government Employees Association; Amy Agbayani, Hawaii Friends of Civil Rights; Marjorie Ziegler, Conservation Council for Hawai'i; Al Lardizabal, Hawaii Laborers' Union; Kristeen Hanselman, University of Hawaii Professional Assembly; Hawaii Carpenters Union; John White, The Pacific Resource Partnership; The Nature Conservancy of Hawai'i; Will Okabe, Hawaii State Teachers Association; University of Hawai'i, Water Resources Research Center and Environmental Center; Robert D. Harris, Sierra Club, Hawai'i Chapter; Jeff Mikulina, Blue Planet Foundation; Mark Duda, Hawaii Solar Energy Association; Robert King, Pacific Biodiesel, Inc.; Chipper Wichman, National Tropical Botanical Garden; Sheldon Char, Keahole Solar Power; Nadine K. Nakamura, NKN Project Planning; Shawn James Leavey, Moku Power; Michael Kliks, Hawaii Beekeepers' Association; Dawn Morais Webster, Ph.D., Loomis-ISC; Herman Tuiolosega; Maya Soetoro-Ng; Barbara Robeson; Alfred Laureta; Denise Antolini; Melissa Pavlicek; Sherrian Witt; Lance Holter; Andrew Winer; William Sager; Linda Wong; Karen Chun; Helen Nielsen; Faye Kennedy; John Webster; Evan R. Shirley; Juanita Mahienaena Kawamoto Brown; Scott Glenn; Anthony Aalto; Dr. Phil Barnes; Anita Glass; Amarisa Marie; Josh Stanbro; Debbie Hecht; Peter Ehrhorn; David Hamil; Janet Gillmar; L. Michael Klungness; Thomas T. Shirai, Jr.; Dorothy I. Cornell; Ann Fielding; Janice Palma-Glennie; Penny Levin; Mary Steiner; Dr. Michael Christopher; Beryl Blaich; Margery Freeman; Pat L. Griffin; Dr. Gail L. Grabowsky; Thomas and Lucinda Whittemore; Keiko Bonk; Edward Mersereau; Megan Deets; Ku'ulei A. Kiliona; Dante K. Carpenter; Mary A. Wilkowski, Esq.; David Henkin; Joshua R. Frost; Jonathan Starr; Choon James; Leslie Segundo; Arvid Tadao Youngquist; and Dr. Robert A. Zelkovsky.

Gary Hooser served as the Senator for the 7th Senatorial District representing the areas of Kauai and Niihau for eight years from 2002 until 2010. From 2006 to 2010 he served as the Hawaii State Senate Majority Leader. While a Senator, Mr. Hooser served as the Vice-Chair for the Senate Committee on Energy and the Environment and as the Vice-Chair for the Senate Committee on Education. He also served as a member of the Senate Committees on Ways and Means, Human Services, Transportation, and Land and Water. From 1998 to 2002, Mr. Hooser served on the Kauai County Council where he chaired the Committees on Economic Development and Public Safety, and Energy and the Environment. While a member of the Council, he also served on the Council's Committees on Finance, Planning, Parks, and Public Works. Prior to, and concurrent with, his public service on the Kauai County Council, Mr. Hooser was the founder and principal broker for Wai'oli Properties, Inc. and a founder and partner of H & S Publishing. Mr. Hooser received a Bachelor of Arts in Public Administration from the University of Hawai'i, West Oahu.

Mr. Hooser's experience in the field of environmental protection began with over thirty years of living, working, and raising his family on Kauai, during which time he developed an awareness of the value and sensitivity of the natural environment as he witnessed the impacts of runoff ruining the reefs and restricted beach access. As a private citizen, a member of the Kauai County Council, and a State Senator, Mr. Hooser has been involved in many issues pertaining to environmental protection including mandating solar hot water heaters on new construction, public access to coastal or inland public areas, and green house gas emissions. He has served on Energy and Environment Committees at the County Council level and in the State Senate, and his legislative track record over the past twelve years has been dominated by issues involving environmental protection, energy, and sustainability.

In Mr. Hooser's response to your Committee's question regarding how the OEQC's strengths may be best utilized and how the OEQC's weaknesses may be improved, Mr. Hooser replied that the existing staff has tremendous institutional knowledge and that they are committed to doing the best job they can do despite the limited resources that have been provided. Mr. Hooser stated that the OEQC's weaknesses are mostly centered on a lack of adequate resources. Mr. Hooser's immediate assessment of the OEQC is that in order for it to adequately fulfill its existing legislative mandates, the Office is in need of at least one more planner, an additional administrative support person, and an extensive upgrade to its technical information technology capacity. Mr. Hooser also intends to utilize University of Hawaii interns for research and grant-writing projects.

In Mr. Hooser's response regarding his overall vision for the OEQC, he states that his vision would be determined and finalized through a process involving OEQC staff and Environmental Council members that begins with fulfilling the mandates spelled out in chapters 341 and 343, Hawaii Revised Statutes, including managing the Environmental Assessment and Environmental Impact Statement processes, providing education and outreach about the process to stakeholders around the State, eliminating the backlog of exemption list reviews and rule amendments that now exist; publishing an "Annual Report on Hawaii's Environment", and being the public's voice for the environment, including legislative advocacy, education, and being a complaint repository. Mr. Hooser plans to develop a questionnaire for stakeholders designed to discover what the principal troubles and shortcomings of the process are as it stands now and to use the information to improve the OEQC's operations. Mr. Hooser plans to set annual benchmarks that would be a part of OEQC's strategic plan, included in its first annual report, and updated annually thereafter. Mr. Hooser hopes that at the end of four years, the OEQC will be fulfilling its legal responsibility in a robust and professional manner, utilizing modern technology and best practices as recognized around the world. Mr. Hooser believes that the ultimate measure of success would be the quality of Hawaii's natural environment, but intends to develop internal indicators from an agency's and applicant's perspective, as to the overall management and success of the Environmental Assessment and Environmental Impact Statement processes.

When asked about the OEQC's top budgetary priority for the biennium, Mr. Hooser responded that the top budgetary priority is passage of Senate Bill No. 699, stating that the bill's passage is essential for the Office to have a budget sufficient for basic operations including the proper review and comment of existing environmental review documents, support for the Environmental Council, education and outreach, and annual reporting requirements. He believes that with the passage of Senate Bill No. 699, there will be the potential to add one additional planner, additional administrative support, and a long overdue and much needed improvement of the information storage and delivery system. Mr. Hooser pointed out in his oral testimony that a long list of the OEQC's legal mandates remains unfulfilled due to a lack of resources.

When asked for an assessment of the OEQC staff's morale, Mr. Hooser responded that he believes that, considering the declining resource base and various issues and challenges that have confronted the Office in the past, staff morale is surprisingly good. In his oral testimony, Mr. Hooser acknowledged that there have been morale issues in the past and that he feels some of the issues stemmed from the staff feeling that they were second class citizens due to a lack of overall support. As Interim Director, Mr. Hooser has been holding weekly staff meetings in an effort to coordinate the Office and reinstate its sense of purpose.

Several statements made in his oral testimony indicated Mr. Hooser's particular aptitude for the job before him. Mr. Hooser cited the findings and purpose section of chapter 341, Hawaii Revised Statutes, bringing attention to the Legislature's finding that the environment of the State is as important as the economy of the State and commented on the strength and significance of that finding, noting that when it comes to the environment one rarely gets a second chance. He showed a clear and accurate understanding of how the OEQC works in conjunction with the Environmental Council. He stated that businesses in the State need certainty when it comes to the environmental review process and that he would strive to take the mystery out of the process. He stated that if the environmental review process is executed correctly there would be no need for bills that provide exemptions from the process. When asked about his advocacy and position regarding the Superferry issue, Mr. Hooser responded that his concern pertained to deviating from the law and the resulting process, and that had the law been followed correctly there would not have been a problem. Mr. Hooser stated that as the Director of OEQC his chief concern would be to follow the law.

Your Committee finds that Mr. Hooser has been a principled advocate for the environment and that he couples that advocacy with a sense of balance as it relates to economic concerns. His experience doing business in the private sector has made him keenly aware of the many diverse issues related to the administration of environmental legislation. Throughout his years in public service Mr. Hooser has proven to be an adaptable and creative problem solver while staying firm in his core beliefs regarding environmental protection.

Your Committee believes that Mr. Hooser will bring to the OEQC organizational, communication, and team-building skills that will raise the morale and efficiency of the Office to a level that will instill public confidence in the environmental review process that has heretofore been sorely lacking.

Your Committee commends Mr. Hooser for accepting the responsibilities and challenges of the Director of the Office of Environmental Quality Control, and for his commitment to those he serves.

As affirmed by the record of votes of the members of your Committee on Energy and Environment that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (English).

**SCRep. 798 (Majority) Energy and Environment on S.C.R. No. 13**

The purpose and intent of this measure is to urge the United States Congress to enact federal legislation to amend the Toxic Substances Control Act of 1976 in order to strengthen chemicals management.

Your Committee received testimony in support of this measure from Loretta Fuddy, Department of Health; and Arvid Youngquist, The Mestizo Association. Your Committee received testimony in opposition to this measure from the American Chemistry Council.

Your Committee finds that the Toxic Substances Control Act of 1976 was intended to authorize the United States Environmental Protection Agency to protect public health and the environment from toxic chemicals. However, in the thirty-five years since the enactment of that Act, the federal Environmental Protection Agency has required chemical companies to test only about two hundred of those chemicals for health hazards, has issued partial restrictions on only five chemicals, and has been unable to complete assessments for chemicals of the highest concern. Your Committee further finds that the Act has been widely recognized as being ineffective and obsolete due to legal and procedural hurdles that prevent the Environmental Protection Agency from taking quick and effective regulatory action to protect the public against well-known chemical threats. This measure aims to move the United States Congress to take action to remedy the ineffectiveness of this Act, which has fallen far short of its original intent of protecting the health and safety of many.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Energy and Environment that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 13, as amended herein, and recommends that it be referred to the Committee on Public Safety, Government Operations, and Military Affairs, in the form attached hereto as S.C.R. No. 13, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, 1 (Slom). Excused, 1 (English).

**SCRep. 799 Energy and Environment on S.C.R. No. 15**

The purpose and intent of this measure is to convene a legislative task force to review best practices from other states in reducing noise pollution.

Your Committee received testimony in support of this measure from Loretta Fuddy, Department of Health; Thomas Smyth, Downtown Neighborhood Board No. 13, City and County of Honolulu; Louis Erteschik; Valere McFarland; and Linda Wong.

Your Committee finds that research has shown that exposure to constant or high levels of noise can cause numerous adverse health effects and that certain areas of the State have noise levels that may be high enough to cause these adverse effects. This measure will assist in defining solutions to these issues.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Energy and Environment that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 15, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 15, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (English, Green).

**SCRep. 800 Energy and Environment on S.R. No. 5**

The purpose and intent of this measure is to convene a legislative task force to review best practices from other states in reducing noise pollution.

Your Committee received testimony in support of this measure from Loretta Fuddy, Department of Health; Thomas Smyth, Downtown Neighborhood Board No. 13, City and County of Honolulu; Louis Erteschik; Valere McFarland; and Linda Wong.

Your Committee finds that research has shown that exposure to constant or high levels of noise can cause numerous adverse health effects and that certain areas of the State have noise levels that may be high enough to cause these adverse effects. This measure will assist in defining solutions to these issues.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Energy and Environment that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 5, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.R. No. 5, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (English, Green).

**SCRep. 801 (Joint) Energy and Environment and Hawaiian Affairs on H.B. No. 1015**

The purpose and intent of this measure is to make an emergency appropriation out of the Brownfields Cleanup Revolving Loan Fund for the cleanup of a contaminated site.

Your Committees received testimony in support of this measure from Jesse K. Souki, Office of Planning, Department of Business, Economic Development, and Tourism, and Alapaki Nahale-a, Department of Hawaiian Home Lands.

Your Committees find that the Department of Business, Economic Development, and Tourism received a grant of \$2,000,000 from the United States Environmental Protection Agency for a Brownfields Cleanup Revolving Loan Fund program to cleanup contaminated sites. Funds under this grant must be disbursed by the end of fiscal year 2010-2011. The Department of Business, Economic Development, and Tourism executed a loan with the Department of Hawaiian Home Lands to cleanup a contaminated site in Kapolei. The federal funds must be disbursed to the Department of Hawaiian Home Lands in fiscal year 2010-2011, but the existing ceiling of the Brownfields Cleanup Revolving Loan Fund is \$1,000,000. This measure appropriates additional monies out of the Fund in order to complete the disbursement of federal funds to the Department of Hawaiian Home Lands in fiscal year 2010-2011.

As affirmed by the records of votes of the members of your Committees on Energy and Environment and Hawaiian Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1015, H.D. 1, and recommend that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.  
Ayes, 8. Noes, none. Excused, 3 (English, Green, Kidani).

**SCRep. 802 Water, Land, and Housing on S.C.R. No. 14**

The purpose and intent of this measure is to:

- (1) Disapprove the reset aside of approximately 6,600 acres of former Kulani Correctional Facility lands from the Department of Public Safety to the Department of Land and Natural Resources as an extension of Pu'u Maka'ala Natural Area Reserve; and
- (2) Disapprove the reset aside of approximately 600 acres of former Kulani Correctional Facility lands from the Department of Public Safety to the Department of Defense for a Youth Challenge Academy.

Your Committee received testimony in support of this measure from the 'Aha Kiolo Advisory Committee, Community Alliance on Prisons, Maunaloa Hawaiian Civic Club, and four individuals. Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources; Sierra Club, Hawai'i Chapter; Conservation Council for Hawai'i; and fifteen individuals. Your Committee received comments on this measure from The Nature Conservancy, American Friends Service Committee, and four individuals.

Your Committee finds that the Kulani Correctional Facility provided economic and environmental benefits to the community. As a result of the closure of the prison, opportunities for rehabilitation through labor for inmates and partnerships for work in the community were lost. Your Committee believes that this measure takes a step toward realizing the benefits to the Island of Hawaii's economy and Hawaii's incarcerated population of the presence of a minimum-security prison facility located on the Island of Hawaii.

Your Committee understands the concerns of testifiers, many of whom opposed the transfer of the area set aside for the Pu'u Maka'ala Natural Area Reserve System to the Department of Public Safety. The Department of Land and Natural Resources intends to preserve this pristine forest area through a conservation designation. Moreover, the Department of Land and Natural Resources possesses knowledge and experience in dealing with endangered species, culturally significant areas, and enforcement of conservation regulations.

Accordingly, your Committee has amended this measure by:

- (1) Exclusively disapproving the reset aside of lands to the Department of Defense for a Youth Challenge Academy, and deleting all references to the disapproval of the reset aside of lands to the Department of Land and Natural Resources;
- (2) Identifying the Governor's Executive Order that reset aside 614.14 acres to the Department of Defense for the Youth Challenge Academy;
- (3) Requesting the Department of Defense, exclusively, to initiate a further review and assessment of the environmental and fiscal implications and benefits of the resetting aside of the 614.14 acres of lands to it; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Housing that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 14, as amended herein, and recommends that it be referred to the Committee on Public Safety, Government Operations, and Military Affairs, in the form attached hereto as S.C.R. No. 14, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Shimabukuro, Tokuda).

**SCRep. 803 (Majority) Commerce and Consumer Protection on Gov. Msg. No. 523**

Recommending that the Senate advise and consent to the nominations of the following:

PUBLIC UTILITIES COMMISSION

G.M. No. 523 HERMINA MORITA, for a term to expire 6-30-2014.

Your Committee received testimony in support of the nominee from the Speaker of the House of Representatives; a retired member of the House of Representatives; the Mayor of the County of Kaua'i; the Office of Economic Development of the County of Kaua'i; the Chair of the Honolulu City Council; the Chair of the Public Utilities Commission; the Office of Hawaiian Affairs; Enterprise Honolulu; The Hawaii Business League; the World Business Academy; Young Brothers, Limited; Hawaii Transportation Association; PAHIO Development, Inc.; Grove Farm Company, Inc.; Hawaii Energy Policy Forum; SolarCity; Hawaii Solar Energy Association; Hawaiian Electric Company, Inc.; Kauai Island Utility Cooperative; the Blue Planet Foundation; Castle & Cooke Renewable Energy; Hawaii Renewable Energy Alliance; Kairos Energy Capital LLC; The Solar Alliance; Hawai'i BioEnergy, LLC; Keahole Solar Power, LLC; The Gas Company; Tesoro Hawaii Corporation; Hawai'i Association of REALTORS; the ILWU Local 142; the International Union of Painters and Allied Trades, District Council 50; Hawaii LECET; Association of Hawaiian Civic Clubs; Rosehill & Associates; Haiku Design and Analysis; Better Place, Inc.; I Love Kalihi Valley; the Plumbers and Fitters Union, Local 675; and twenty-three private individuals. Your Committee received a written statement from the nominee.

Your Committee finds that this nominee is a proven leader and a recognized authority on energy and utility regulatory issues. Having served as Chair of the House Committee on Energy and Environmental Protection since 1999, the nominee has developed comprehensive knowledge of the issues involved in the State's energy market. Your Committee also finds that as a long-time advocate within the Legislature for renewable energy, the nominee has spearheaded innovative efforts to comply with the State's clean energy goals through introducing legislation and serving as an ex officio member of the Hawaii Energy Policy Forum. Your Committee further notes that many testifiers in support of the nominee acknowledged the nominee's fairness and openness in listening to and carefully considering the opinions and perspectives of others, including those with whom she may personally disagree, when making important policy decisions. Finally, your Committee finds the nominee has demonstrated a willingness and ability to educate herself on new issues and to seek out opportunities to learn from experts around her.

Your Committee notes that the Public Utilities Commission is currently going through a transition that involves implementing a legislatively-enabled staff reorganization and funding increase, the growing recognition of the Public Utilities Commission's vital role in the State's economic development, and a fundamental shift in the State's regulatory environment due to the transition to a renewable energy-based economy and the rapid development of some areas on the neighbor islands. Your Committee further notes that in the nominee's actions within the Legislature, she has always recognized the appropriate role of the Public Utilities Commission as a regulator and economic catalyst as well as the importance of supporting the Commission's reorganization and revitalization. Your Committee finds that the nominee has the requisite credibility, knowledge, and proactive leadership ability to allow the Commission to fulfill its duties of protecting the public interest while serving as a critical economic driver for the State. Finally, your Committee notes that, while not determinative of its decision to recommend the appointment of this nominee, the nominee's representation of the neighbor island community will be an important asset to the Public Utilities Commission, which has for too long lacked participation by Commissioners from outside of Oahu.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, 1 (Slom). Excused, none.

**SCRep. 804 (Joint) Economic Development and Technology and Tourism on Gov. Msg. No. 506**

Recommending that the Senate advise and consent to the nominations of the following:

DIRECTOR OF THE DEPARTMENT OF BUSINESS, ECONOMIC DEVELOPMENT AND TOURISM

G.M. No. 506 RICHARD C. LIM, for a term to expire December 1, 2014.

Your Committees have reviewed the personal history, resume, and statement submitted by the nominee and find Richard C. Lim to possess the requisite qualifications to be nominated as the Director of Business, Economic Development, and Tourism.

Your Committees received testimony in support of the nomination of Richard C. Lim from the Department of Business, Economic Development, and Tourism's Hawaii Community Development Authority, Hawaii Housing Finance and Development Corporation, and Office of Planning; Academy for Creative Media, University of Hawai'i; Chair of the Honolulu City Council; Enterprise Honolulu; Kaua'i Economic Development Board, Inc.; Maui Economic Development Board, Inc.; APEC USA 2011 Hawai'i Host Committee; The Chamber of Commerce of Hawaii; Hawaii Venture Capital Association; Hawaii Medical Service Association; Hawaiian Electric Company, Inc.; The Gas Company; Blue Planet Foundation; Hawaii Aquaculture & Aquaponics Association; The AKAMAI Foundation; American Savings Bank; Territorial Savings Bank; CKWA Financial Group; Diamond Head Capital Partners, LP; House of Finance, Inc.; Kolohala Holdings, LLP; Pacific Access Mortgage LLC; RAY International LLC & Private Lending LLP; Tradewind Capital Group, Inc.; Aina Koa Pono, LLC; Data@Work; Better Place, Inc.; General Dynamics Advanced Information Systems, Kaua'i; Hoku Corporation; Inovi Group, LLC; Kairos Energy Capital LLC; Oceanit; PH Corporation; Pac-Tech Communications; Referentia; SEE/RESCUE Corporation; Alpha Capital Research, LLC; Castle & Cooke Hawai'i; C&C Farmlands LLC; Dana Fishing Company; Environmental Communications, Inc.; First Insurance Company of Hawaii, Ltd.; Guide Star Engineering, LLC; Hawaiian Host, Inc.; Hawaiian Organics; Konrad H. Ikei Consulting; Ikayzo, Inc.; Richard K. Ing; Iolani Sportswear, Ltd.; Island Insurance Companies; The Islander Group; MC&A Inc.; Navatek Ltd; New City Nissan/Rosebridge LLC; OmniTrak Group Inc.; Pacific Marine & Supply; Pahio Development, Inc.; ProPark, Inc.; RMY Construction, Inc.; RSI Roofing & Building Supply; RT LLC; Radcliffe & Associates, LLC; Regal Travel; St. Francis Healthcare System of Hawaii; Shioi Construction, Inc.; Sanford Murata, Inc.; Teralani Sailing Adventures; Travel Ways; C.S. Wo & Sons, Ltd.; Watumull Bros. Ltd.; Coldwell Banker Pacific Properties; Meridian Properties, Inc.; Prudential Advantage Realty; Haseko Homes, Inc.; Hawaiian Island Homes Ltd.; Alston Hunt Floyd & Ing; Bendet Fidell; Char Sakamoto Ishii Lum & Ching; Ching, Yuen & Morikawa; Steven Chung and Associates; Dwyer Schraff Meyer Grant & Green; Imanaka Kudo & Fujimoto; Price Okamoto Himeno & Lum; and forty individuals.

Richard C. Lim is the Managing Director and Co-Founder of Sennet Capital, LLC. He served as President of CityBank (Hawaii) from 1999 to 2004, where he was instrumental in leading the bank to focus on small business and emerging growth industries. Mr. Lim has also served as Executive Vice President of International Savings and President of International Holding Capital Corporation, the holding company for International Savings, and worked in various capacities for International Holding Capital Corporation, including Chief Credit Officer, Chief Lending Officer, Head of Branch Marketing and Operations, Head of Mortgage Banking, and Head of Marketing since 1976. He is the Former Publisher and Co-Founder of the Targeted Industries Growth Report ("TIGR Report"), a monthly report in Hawaii Business Magazine that identified, analyzed, and reported on key sectors with the potential to provide meaningful diversification for Hawaii's economy. The TIGR Report was based on extensive research, with the aid of over 100 "field correspondents", and Mr. Lim developed a keen understanding of both the potential and roadblocks to Hawaii's emerging growth industries. A graduate of Santa Clara University, he holds a Masters in Business Administration from Chaminade University. Mr. Lim is currently a Director on the Hawaii Technology Development Venture Board, Director and Treasurer of the Korean American Foundation, and serves on the Chaminade University Board of Governors.

In responses to questions from your Committees, Mr. Lim discussed his assessment of the Department of Business, Economic Development, and Tourism, and the need to refocus the broad scope of the Department's activities in the face of severe cuts in personnel and other resources in recent years, which have in turn led to low morale in the Department. Mr. Lim also stressed his commitment to aligning the Department with the Governor's New Day in Hawaii Plan, and its focus on key emerging growth areas, including energy, knowledge intensive, technology, and dual use industries, and support for small business, housing, and tourism.

With respect to Mr. Lim's stated intention of rebuilding the Department's capacity to provide timely, accurate, and well thought-out economic growth analyses to help revive the State's economy, your Committees believe that such actions will substantially improve the types of cost-benefit analyses provided by the Department of Business, Economic Development, and Tourism, Department of Taxation, and other economic research assets such as the Economic Research Organization at the University of Hawai'i team, private sector economists, and knowledgeable retirees. As such, the Department will be in a stronger position to provide solid, reliable economic data upon which state policymakers, the new Abercrombie administration, and private sector stakeholders can rely as they seek to diversify and expand the State's economic base.

Mr. Lim responded to questions regarding past departmental procurement practices and shortcomings identified by the Auditor by assuring your Committees that he has met with all Department division heads to instill a respect for the procurement process, controls, budgeting, and reporting. To this end, he reported that actions are underway that require all division heads to sign an internal agreement that identifies their responsibilities for compliance with the procurement code, ensuring an understanding of the sanctions that will be imposed for non-compliance, mandatory training requirements, and a complete review of procurement practices by all divisions.

Your Committees believe that the Director's proposed actions speak volumes in terms of rebuilding the Department's credibility, which has been severely undermined during the last eight years. However, notwithstanding the fact that the Department's Administrative Services Office is currently understaffed, your Committees believe that the prior administration's practice of delegating procurement and contracting authority to division heads (thereby bypassing the expertise of the Department's procurement and contracting staff) must also be halted if the Department is to achieve a higher level of government procurement and contracting compliance.

Your Committees have also requested that its members be kept apprised of Mr. Lim's plans regarding any future reorganization of the Department, past initiatives that have been or may be identified as outside the Department's refocused scope of activities, the Department's response to problem areas that have been or may be identified, as well as any areas where the Legislature may be of assistance. Your Committees believe that, as demonstrated by Mr. Lim's timely responses to questions posed by your Committees' chairs, the best way for the Department to rebuild credibility and trust is to commit to immediate resolution of issues identified by legislative stakeholders and others during this current legislative session. By doing so, your Committees are confident that issues of credibility, staff morale, and trust will be overcome by a renewed sense of departmental purpose and tangible results.

Regarding potential conflicts of interest given his extensive background in Hawaii's financial industry, Mr. Lim stated that he has resigned from all for-profit boards on which he previously served, and remains cognizant of his responsibilities regarding any possible conflicts that might arise in the future.

Your Committees commend Mr. Lim for his willingness to serve as the Director of Business, Economic Development, and Tourism, and for his frank acknowledgement that "government is much more complicated than the private sector." Your Committees are in strong agreement with this statement and believe that his recognition of the complexities of his position will be one of his strongest assets in the future.

As affirmed by the records of votes of the members of your Committees on Economic Development and Technology and Tourism that are attached to this report, your Committees, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommend that the Senate advise and consent to the nomination.

Signed by the Chairs on behalf of the Committees.

Ayes, 9. Noes, none. Excused, none.

**SCRep. 805 (Majority) Ways and Means on H.B. No. 1034**

The purpose and intent of this measure is to make emergency appropriations for fiscal biennium 2009-2011 to fund Employer-Union Health Benefits Trust Fund health premium payments under the agreement negotiated with the exclusive bargaining representative of collective bargaining units 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, and 13, and their excluded counterparts.

Your Committee received testimony in support of this measure from Kalbert Young, Director, Department of Budget and Finance; Wil Okabe, President, Hawaii State Teachers Association; Randy Perreira, Executive Director, Hawaii Government Employees Association, AFSCME Local 152; and Dayton M. Nakanelua, State Director, United Public Workers, AFSCME, Local 646, AFL-CIO.

Your Committee notes that Governor's Message No. 98 requests immediate passage of this measure in accordance with Article VII, Section 9, of the Constitution of the State of Hawaii.

Your Committee further finds that state employees have absorbed the costs of all health premium increases since July 2009. This measure, through the current fiscal year ending on June, 30, 2011, raises employer contributions to coincide with health premium increases beginning in March 2011. Immediate passage of this measure will minimize the necessity of making retroactive adjustments for pay periods following the health premium increase.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1034, H.D. 1, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, 1 (Slom). Excused, 4 (Chun Oakland, Dela Cruz, Tokuda, Wakai).

**SCRep. 806 (Joint) Human Services and Commerce and Consumer Protection on S.C.R. No. 3**

The purpose and intent of this measure is to request the Auditor to conduct an impact assessment report of the social and financial impacts of mandating health insurers to offer coverage for hearing aids.

Your Committees received testimony in support of this measure from the Disability and Communication Access Board, Assistive Technology Resource Centers of Hawaii, and seventeen individuals.

Your Committees find that hearing is essential to most individuals in their daily lives, because it allows people to be connected to others in their environments. Your Committees further find that individuals who have difficulty hearing can experience distorted and incomplete communication, which can impact their professional and personal lives.

Your Committees also find that a hearing aid enhances an individual's ability to interact independently in the community, but the cost may be prohibitive to the average adult. According to testimony received by your Committees, hearing aids can cost between \$1,000 and \$4,000. Medicare and most health insurance companies do not cover the cost of hearing aids. Having some of the cost covered by a health plan would enable more individuals to obtain hearing aids.

Your Committees additionally find that the study proposed in this measure is required by state law, pursuant to section 23-51, Hawaii Revised Statutes, prior to mandating coverage for hearing aids.

Your Committees have amended this measure by:

- (1) Amending a reference from "persons suffering from hearing loss" to "persons who are deaf or hard of hearing" to reflect a people-first philosophy that acknowledges a person first, then a physical condition; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Human Services and Commerce and Consumer Protection that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 3, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 3, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Ayes, 7. Noes, none. Excused, 2 (Nishihara, Slom).

**SCRep. 807 Human Services on S.C.R. No. 11**

The purpose and intent of this measure is to extend the deadline for the Home for Life Task Force to report its findings and recommendations for reducing barriers to aging in place and facilitating multigenerational living.

Your Committee received testimony in support of this measure from the Executive Office on Aging, Disability and Communication Access Board, Home for Life Task Force, Policy Advisory Board for Elder Affairs, Child & Family Service, AARP, CK Independent Living Builders, and three individuals.

Your Committee finds that the Home for Life Task Force is concerned with two main issues: creating the physical infrastructure that will allow the elderly and persons with disabilities to remain in their homes as long as possible, and facilitating multigenerational housing in which generations can live together in conditions that foster independence and interdependence. Your Committee further finds that the Home for Life Task Force is needed to address aging in place and long-term care issues to ensure that persons of all ages with disabilities are able to receive appropriate, quality care in their homes.

Your Committee additionally finds that the Home for Life Task Force submitted an Interim Report to the Legislature in January 2011 that summarized the activities of the Task Force's working groups and included preliminary recommendations. However, your Committee also finds that many more steps need to be taken before the Home for Life Task Force can accomplish its objectives. Your Committee finds that this measure is necessary to provide the Home for Life Task Force with additional time to complete its activities.

Your Committee notes that the Executive Office on Aging is not a current member of the Home for Life Task Force. Based on testimony received by your Committee, the Executive Office on Aging is committed to the work of the Task Force, and would like to fully participate in any future efforts and activities. Accordingly, your Committee finds that it would be appropriate to include a representative from the Executive Office on Aging as a formal member of the Home for Life Task Force.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 11, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 11, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 1 (Slom).

**SCRep. 808 (Majority) Commerce and Consumer Protection on H.B. No. 1434**

The purpose and intent of this measure is to clarify that a contractor may be charged with multiple violations of the prevailing wage law if, after investigation, the contractor is found to have committed multiple or recurring violations of the prevailing wage law on multiple public work projects.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations; Hawaii Government Employees Association; Hawaii State AFL-CIO; Hawaii Building and Construction Trades Council of the AFL-CIO; Plumbers and Fitters Union, Local 675; International Brotherhood of Electrical Workers, Local Union 1186; and International Brotherhood of Electrical Workers, Local Union 1260. Your Committee received testimony in opposition to this measure from the General Contractors Association of Hawaii; Jas. W. Glover, Ltd.; Simmons Steel Corporation; Royal Contracting Co., Ltd.; Ralph S. Inouye Co., Ltd.; PVT Land Company, Ltd.; Curtis Law Construction; Tomco Corp.; S&M Sakamoto, Inc.; Koga Engineering and Construction, Inc.; LYZ, Inc.; Delta Construction Corporation; and Dorvin D. Leis Co., Inc.

Your Committee finds that this measure enhances the capacity of the Department of Labor and Industrial Relations to ensure that contractors working on public work projects comply with Hawaii's prevailing wage law. Your Committee further finds that because investigations into wage law violations may take a year or more to complete and because accumulated violations expire after two years for purposes of the State's three-strikes license suspension policy, habitual violators frequently avoid penalties for their violations of the law. Your Committee acknowledges the concerns of the contractor community that a contractor engaged in multiple public work projects at one time may be subject to license suspension based on a single investigation. However, your Committee further finds that violations of the prevailing wage law cause serious harm to workers and their families. Therefore, it is in the public interest to quickly and effectively enforce the law.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1434, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1434, H.D. 2, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, 1 (Slom). Excused, 2 (Solomon, Taniguchi).

**SCRep. 809 Commerce and Consumer Protection on H.B. No. 904**

The purpose and intent of this measure is to require that caffeinated beer beverages sold in this State are labeled as intoxicating liquor and contain a warning that the potentially harmful effects of consuming a caffeinated beer beverage may amplify any harmful effects of consuming intoxicating liquor.

Your Committee received testimony in support of this measure from MADD Hawaii, the Distilled Spirits Council of the United States, and one private individual.

Your Committee finds that the federal Food and Drug Administration has issued warnings that caffeinated alcoholic beverages are unsafe. Your Committee also finds that the inclusion of caffeine in intoxicating liquor may delay the apparent effects of the alcohol also contained in the beverage, leading to inadvertent overconsumption, particularly among the young and inexperienced consumers targeted by marketers of caffeinated beer beverages.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 904, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 904, H.D. 2, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Solomon, Taniguchi).

**SCRep. 810 Commerce and Consumer Protection on H.B. No. 1133**

The purpose and intent of this measure is to:

- (1) Make the intentional or knowing performance of a veterinary procedure on a pet animal by a person not licensed as a veterinarian a class C felony; and
- (2) Exempt the cropping of ears or the docking of a tail of a pet animal for compensation or as part of the sale of the animal by an unlicensed person from the criminal prohibition on animal cruelty.

Your Committee received testimony in support of this measure from the Board of Veterinary Examiners; The Humane Society of the United States; Hawaiian Humane Society; West Hawaii Humane Society; Hearts for Animals, Inc.; and ninety-five private individuals. Your Committee received comments on this measure from one private individual.

Your Committee finds that the current classification of the offense of practicing veterinary medicine without a license as a misdemeanor that carries a maximum penalty of \$500 and six months imprisonment is insufficient to provide effective deterrence or to promote consistent enforcement. Unfortunately, your Committee further finds that some unlicensed persons in the State do perform veterinary procedures including ear cropping, tail docking, spaying or neutering, and even voice box removal under conditions and in a manner that is inhumane, unsanitary, and unethical. Your Committee also finds that subjecting the unlicensed performance of veterinary procedures on a pet animal to conviction for a class C felony will increase the maximum available penalty to over one year of imprisonment, therefore increasing the incentive to prosecute and the deterrent effect of the penalty. Finally, your Committee finds that the practices of ear cropping and tail docking, when performed by an unlicensed person without proper anesthesia and under unsanitary conditions, can result in severe injury and extensive suffering for the animal and should be subject to criminal penalties for animal cruelty.

Your Committee has amended this measure by:

- (1) Clarifying that the cropping of ears or the docking of a tail of a pet animal is exempt from criminal penalties for animal cruelty only if performed by a licensed veterinarian; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1133, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1133, H.D. 2, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Solomon, Taniguchi).

**SCRep. 811 (Majority) Economic Development and Technology on H.B. No. 1060**

The purpose and intent of this measure is to:

- (1) Authorize the Chief Information Officer to employ persons exempt from chapters 76, 78, and 89, Hawaii Revised Statutes;
- (2) Move the Shared Services Technology Special Fund from the Department of Budget and Finance to the Department of Accounting and General Services; and
- (3) Establish additional accounting and expenditure requirements for appropriations and donations deposited into the Special Fund.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services.

Your Committee previously heard a companion measure, S.B. No. 1287, and has amended this measure by deleting its contents and replacing them with the language in S.B. No. 1287, S.D. 2. As amended, this measure retains its original provisions and makes the following amendments:

- (1) Requires the Chief Information Officer, in addition to the Comptroller, to be responsible for raising funds and accepting donations on behalf of the Information Technology Steering Committee;
- (2) Requires the Chief Information Officer to submit annual reports to the Governor and the Legislature on activities and programs under the authority of the Chief Information Officer and the Information Technology Steering Committee, and on expenditures from the Technology Steering Committee Trust Account of the Shared Services Technology Special Fund;
- (3) Appropriates an unspecified amount of funds for deposit into the Shared Services Technology Special Fund and authorizes expenditures from the Special Fund; and
- (4) Changes the effective date from July 1, 2030, to July 1, 2050, to allow for further discussion.

As affirmed by the record of votes of the members of your Committee on Economic Development and Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1060, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1060, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, 1 (Slom). Excused, 1 (Solomon).

**SCRep. 812 Public Safety, Government Operations, and Military Affairs on H.B. No. 130**

The purpose and intent of this measure is to require and appropriate funds for the Department of Public Safety to determine the number of women who are eligible for reintegration into the community and contract with providers of gender-responsive community services to assist these women in successfully transitioning back into the community.

Your Committee received testimony in support of this measure from the Department of Public Safety; Community Alliance on Prisons; American Civil Liberties Union of Hawai'i; Drug Policy Forum of Hawai'i; Drug Policy Action Group; Goodwill Industries of Hawaii, Inc.; Hawaii Substance Abuse Coalition; TJ Mahoney & Associates; National Association of Reformed Criminals; and six individuals.

Your Committee finds that incarceration is not an effective method to deal with the addiction faced by women being held for illegal drug use; rather, the root problems that lead to these destructive behaviors must be addressed to successfully break the cycle of substance abuse, crime, and incarceration. Your Committee further finds that there is currently a lack of adequate programs that can help incarcerated women face these challenges and assist them in successfully transitioning back into the community. Unfortunately, the great majority of incarcerated women will be released into the community without the necessary skills and tools for a successful transition.

This measure offers an array of services, including family reunification, employment, education opportunities, and housing to assist women in successfully transitioning back into the community.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 130, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Kidani, Slom).

**SCRep. 813 Public Safety, Government Operations, and Military Affairs on H.B. No. 318**

The purpose and intent of this measure is to establish within the Civil Defense Agency of the County of Hawaii, the County of Hawaii Interagency Task Force on vog to:

- (1) Review the effects and impact of vog on human health, school children, agriculture, farm and ranch animals, public infrastructure, the visitor industry, and any other issue the Task Force deems necessary; and
- (2) Make recommendations to the Legislature on addressing any issue the Task Force determines is feasible to address.

Your Committee received testimony in support of this measure from the State Department of Defense.

Your Committee finds that this measure is critical to addressing the effects and impact of vog in the County of Hawaii. The Task Force will work in conjunction with the State Interagency Task Force on Sulfur Dioxide Hazards, which was established in June 2008, to recommend measures and strategies to mitigate the effects of vog. This measure is particularly apropos at this time with the recent surge in volcanic activity combined with lingering drought conditions.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 318, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 318, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Kidani, Slom).

**SCRep. 814 Public Safety, Government Operations, and Military Affairs on H.B. No. 492**

The purpose and intent of this measure is to require the Department of Public Safety to develop and implement a comprehensive strategic plan to correct the deficiencies in the Sheriff Division that were reported in Auditor Report No. 10-06, "Audit of the Department of Public Safety, Sheriff Division", dated June 2010.

Your Committee received testimony in support of this measure from the Department of Public Safety, Hawaii Government Employees Association, and nine individuals.

Your Committee finds that state law tasks the Department of Public Safety with the responsibility of formulating and implementing state goals and objectives for law enforcement programs. However, since the creation of the Department in 1989, the Sheriff Division, saddled with an ill-defined role and a lack of clarity in mission, has struggled to uphold its expanded law enforcement duties and responsibilities as the State's law enforcement needs have expanded.

Since the inception of the Department of Public Safety, a state law enforcement program or strategic plan defining the Sheriff Division's mission and setting boundaries based upon its capabilities has never been fully developed. This measure requires the Department to develop and implement a comprehensive strategic plan to, among other things:

- (1) Pursue accreditation for the Sheriff Division from the Commission on Accreditation for Law Enforcement Agencies, Inc., to ensure that proper law enforcement policies and procedures are enacted and followed;
- (2) Correct certain inefficiencies in the warrant process, mainly to reduce the backlog of warrants; and
- (3) Address departmental leadership concerns by developing and implementing internal controls, in accordance with the Committee of Sponsoring Organizations of the Treadway Commission's internal control-integrated framework.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 492, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 492, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Kidani, Slom).

**SCRep. 815 Public Safety, Government Operations, and Military Affairs on H.B. No. 1107**

The purpose and intent of this measure is to authorize members of the Army or Air National Guard who have been qualified through proper training and are authorized by their commanders to use non-lethal weapons when assisting civil authorities in disaster relief, civil defense, or law enforcement functions.

Your Committee received testimony in support of this measure from the State Department of Defense. Your Committee received testimony in opposition to this measure from the American Civil Liberties Union of Hawai'i.

Honolulu is the site for the annual Asia-Pacific Economic Cooperation Leaders Meeting in November 2011. The Asia-Pacific Economic Cooperation is the premier forum for cooperation among Asia-Pacific economies on trade and investment issues. The annual Asia-Pacific Economic Cooperation gathering is one of the world's largest intergovernmental meetings and is attended by heads of state, cabinet ministers, the heads of the World Bank and World Trade Organization, and other business leaders. This will be the largest such gathering in Hawaii's history.

High profile events, such as the Asia-Pacific Economic Cooperation meetings, carry many security concerns. With security preparations already underway, it is in the State's best interest to maximize its security resources. Your Committee finds that members of the Army and Air National Guard must be authorized to use electric guns when assisting civil authorities in disaster relief, civil defense, or law enforcement functions.

Your Committee has amended this measure by:

- (1) Inserting references to electric guns in place of references to non-lethal weapons; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1107, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1107, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Kidani, Slom).

**SCRep. 816 Commerce and Consumer Protection on H.B. No. 663**

The purpose and intent of this measure is to require clear and conspicuous disclosure of cancellation procedures for all consumer contracts and offers that contain automatic renewal provisions, with additional disclosure requirements for contracts with a term of twelve months or more.

Your Committee received testimony in support of this measure from the Office of Consumer Protection of the Department of Commerce and Consumer Affairs. Your Committee received testimony in opposition to this measure from the Hawaii Credit Union League, Hawaii Bankers Association, Property Casualty Insurers Association of America, and GEICO. Your Committee received comments on this measure from Legislative Information Services of Hawaii and Oceanic Time Warner Cable.

Your Committee finds that the disclosure of automatic contract renewal clause provisions required by this measure offers reasonable protections to consumers and allows for communication of the required disclosure through various types of media therefore reducing the burden of compliance for contracting entities.

Your Committee has amended this measure by:

- (1) Clarifying that the notice requirement contained in this measure applies to contracts with a specified term of more than one month and an automatic renewal clause that triggers renewal of the contract for a specified term of more than one month;
- (2) Removing the requirement that the renewal notice is required to be provided in writing to accommodate contracts that are entered into orally;
- (3) Inserting a definition of "clearly and conspicuously" that conforms to the Federal Trade Commission's definition of that term;
- (4) Inserting an exemption from disclosure requirements for financial institutions that are already regulated by state and federal banking laws and that engage in regulated activities;
- (5) Inserting an effective date of July 1, 2050, to allow for further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

Your Committee notes that the language of this measure, as amended, is a result of collaboration among stakeholders, including the State's regulatory agency. Your Committee also notes that the exemption for financial institutions contained in this measure applies only to regulated entities engaged in activities that are already subject to extensive state and federal regulations that include disclosure requirements that may conflict with those contained in this measure.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 663, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 663, H.D. 2, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Galuteria, Green, Solomon).

**SCRep. 817 (Joint) Economic Development and Technology and Education on H.B. No. 1308**

The purpose and intent of this measure is to:

- (1) Establish digital media enterprise subzones as unspecified geographic areas surrounding University of Hawai'i campuses that are also designated as enterprise zones;
- (2) Establish an unspecified digital media infrastructure tax credit;
- (3) Change the name of the Hawaii Television and Film Development Board and the Hawaii Television and Film Development Special Fund to the Hawaii Film Office Board and the Hawaii Film Office Special Fund, respectively; and
- (4) Amend the sources of revenue and the uses of the Hawaii Film Office Special Fund through June 30, 2021.

Your Committees received testimony in support of this measure from the Department of Business, Economic Development, and Tourism and University of Hawai'i System. Your Committees received testimony in opposition to this measure from the Department of Taxation. Your Committees received comments on this measure from the Office of Information Practices and Tax Foundation of Hawaii.

Your Committees previously heard a companion measure, S.B. No. 1133, and has amended this measure by deleting its contents and replacing them with the language in S.B. No. 1133, S.D. 1. As amended, this measure retains its original provisions and makes the following amendments:

- (1) Changes the recapture percentage for the tax credit from ninety percent to twenty-five percent;
- (2) Changes the effective date from July 1, 2112, to July 1, 2050, to allow for further discussion; and
- (3) Makes technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Economic Development and Technology and Education that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1308, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1308, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.  
Ayes, 8. Noes, none. Excused, 2 (Solomon, Taniguchi).

**SCRep. 818 (Majority) Public Safety, Government Operations, and Military Affairs on S.C.R. No. 21**

The purpose and intent of this measure is to designate February 6, 2011, as Ronald Reagan Day in honor of the centennial of his birth, and urge all citizens to reflect and honor the legacy of President Ronald Wilson Reagan and participate in observance activities.

Your Committee received testimony in support of this measure from Admor HVAC Products, Inc.; Grassroot Institute of Hawaii; and thirteen individuals. Your Committee received testimony in opposition to this measure from two individuals.

President Ronald Wilson Reagan worked throughout his life serving freedom and advancing the public good as an entertainer, union leader, corporate spokesman, Governor of California, and President of the United States. President Reagan served with honor and distinction for two terms as the fortieth President of the United States. February 6, 2011, will mark the one hundredth anniversary of President Reagan's birth.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 21 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 2. Noes, 1 (Baker). Excused, 2 (Kidani, Slom).

**SCRep. 819 Public Safety, Government Operations, and Military Affairs on H.B. No. 49**

The purpose and intent of this measure is to authorize the person designated by a decedent who died while serving in any branch of the United States Armed Forces to arrange for the final disposition of the decedent's body, under specified circumstances, through a United States Department of Defense Record of Emergency Data, DD Form 93.

Your Committee received testimony in support of this measure from Quality of Life Regional Liaison, Office of the Assistant Secretary of Defense, Military Community & Family Policy, Department of Defense State Liaison Office; and the Department of Defense.

This measure is intended to recognize in statute the approach that Service members of the Armed Forces are required by federal law to follow in designating a person to direct the disposition of their remains. The DD Form 93 is an essential part of their military record, also designating beneficiaries for members' group life insurance. Service members of the Armed Forces are required to update the Form annually and before any deployment. This measure ensures that the DD Form 93 is consulted and viewed as the legally sufficient document for designating the disposition of Service members' remains.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 49, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Kidani, Slom).

**SCRep. 820 Public Safety, Government Operations, and Military Affairs on H.B. No. 681**

The purpose and intent of this measure is to allow active-duty members of the United States Army Reserve and National Guard to participate meaningfully in state government by permitting those members of the Armed Forces wishing to run for elected office to file nomination papers and take oaths by certified mail.

Your Committee received testimony in support of this measure from the Department of Defense.

The terrorist attacks of September 11, 2001, continue to have repercussions today. Thousands of military service members, many of whom have already completed one tour of duty, are still being deployed to volatile areas of the world. In the ten years since the September 11 terrorist attacks, millions of American troops have been ordered overseas, and thousands of soldiers from the Schofield Barracks-based 25th Infantry Division have been deployed to Iraq and Afghanistan.

Your Committee finds that the State bears a special responsibility to its citizen-soldiers in the Army Reserves and National Guard. In particular, active-duty reservists and national guardsmen who wish to run for elected office should be allowed to file nomination papers and take their oaths by mail.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 681, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Kidani, Slom).

**SCRep. 821 Public Safety, Government Operations, and Military Affairs on H.B. No. 1109**

The purpose and intent of this measure is to allow an employee with a family member in the United States Armed Forces who is on active duty or notified of a call to active duty, to use family leave for certain activities that would qualify as an exigency under federal law.

Your Committee received testimony in support of this measure from the State Department of Defense, Department of Labor and Industrial Relations, and Department of Human Resources Development.

Under current law, employees are entitled to a total of four weeks of family leave during any calendar year upon the birth of a child of the employee, the adoption of a child, or to care for the employee's child, spouse or reciprocal beneficiary, or parent with a serious health condition. Care for a family member who is in the military is not covered under the existing family leave law.

Your Committee finds that an employee with a family member in the United States Armed Forces who is on active duty or notified of a call to active duty, should be allowed to use family leave for certain activities for which an employee may take military family leave under federal law. Hawaii has a rich tradition of cooperation and support of our service members. Extending the ability to take family leave for a family member who is proudly serving in the defense of one's country is warranted inasmuch as many Hawaii employees are military reservists or national guardsmen.

Your Committee has amended this measure by:

- (1) Clarifying the reference to the federal Family and Medical Leave Act for accuracy; and
- (2) Eliminating the provision for rulemaking as federal rules are in place.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1109, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1109, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Kidani, Slom).

**SCRep. 822 Public Safety, Government Operations, and Military Affairs on H.B. No. 121**

The purpose and intent of this measure is to make an appropriation for the Hawaii Civil Air Patrol to continue its missions in the State of Hawaii, including tsunami warning operations.

Your Committee received testimony in support of this measure from the State Department of Defense; Hawaii Wing, Civil Air Patrol; 66th Composite Squadron Civil Air Patrol; Lyman Field Composite Squadron Civil Air Patrol; and fourteen individuals.

Your Committee finds that the Hawaii Civil Air Patrol provides necessary disaster relief, search and rescue, homeland security, and medical emergency transport services. An appropriation will assist the Hawaii Civil Air Patrol to continue its missions, including tsunami warning operations, which have been Hawaii Civil Air Patrol's primary mission in Hawaii.

Your Committee has amended this measure by inserting an effective date of July 1, 2050, to allow for further discussion.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 121, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 121, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Kidani, Slom).

**SCRep. 823      Agriculture on H.B. No. 1248**

The purpose and intent of this measure is to:

- (1) Reduce the New Farmer Program (Program) loan interest rate;
- (2) Increase the Program's loan limits;
- (3) Reduce the number of credit denials required to qualify for the Program; and
- (4) Appropriation funds from the Agricultural Loan Revolving Fund for the Program.

Your Committee received testimony in support of this measure from the Department of Agriculture, Hawaii Farm Bureau Federation, and four individuals.

Your Committee finds that as the number of new farms in the State increases, affordable capital for new farmers must be made more readily available. This measure provides easier and more affordable access to capital that is crucial in encouraging new farmers to enter the agriculture market.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1248, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 2 (Kouchi, Slom).

**SCRep. 824      Agriculture on H.B. No. 866**

The purpose and intent of this measure is to allow beekeepers to register certain information with the Department of Agriculture and to appropriate funds for an apiary program within the Department of Agriculture.

Your Committee received testimony in support of this measure from the Department of Agriculture and the Kaua'i Beekeepers Association. Your Committee received comments on this measure from the Office of Information Practices.

Your Committee finds that allowing beekeepers to register with the Department of Agriculture will help the Department to:

- (1) Identify and locate beekeepers;
- (2) Survey beekeepers to determine if any new pests or diseases have been introduced to Hawaii's bee colonies; and
- (3) Provide services to beekeepers such as pest and disease diagnostics to ensure that Hawaii's beekeeping industry remains strong and vibrant.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 866, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 866, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 2 (Kouchi, Slom).

**SCRep. 825      Agriculture on H.B. No. 1552**

The purpose and intent of this measure is to restrict the use of the geographic origin on Hawaii-grown coffee labels to improve the consumer's understanding as to the contents of the package.

Your Committee received testimony in support of this measure from the Department of Agriculture; Honolulu Coffee Co.; Maui Oma Coffee Roasting Company; Coffees of Hawaii, LLC; Hawaii Coffee Association; Maui Grown Coffee Company Store; Kona Coffee Council; Greenwell Farms, Inc.; Royal Kona Coffee Visitor Center Mill & Museum; Harold L. King & Co., Inc.; The Madden Corporation; Captain Cook Coffee Company; and thirty-three individuals. Your Committee received testimony in opposition to this measure from Honu Kula Coffee Farm; Sweet Spirit Farms; Kona County Farm Bureau; Lilikoi Inn; Lions Gate Kona Coffee Farm; Pohaku Kona Coffee Farms; Kona Coffee Farmers Association; and fifty-seven individuals. Your Committee received comments on this measure from Aikane Kona Coffee.

Your Committee finds that producers of coffee blends that include one or more Hawaii-grown coffees are using a secondary label that contains the geographic origin of the Hawaii-grown coffee which may mislead consumers into believing that the coffee was exclusive grown in the named region.

Your Committee recognizes the concern raised by testifiers that this measure does not address the real issue many coffee farmers have with geographic origin labeling of coffee blends that contain only a small portion of coffee that is actually grown in Hawaii. Your Committee also recognizes the concern that the restrictions in this measure may prevent small coffee farmers from using a specific geographic origin on their labels unless the farmers have a registered trademark.

Accordingly, your Committee has amended this measure by changing the effective date from July 1, 2020 to July 1, 2050, to allow for further discussion.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1552, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1552, H.D. 1, S.D. 1, and be referred to the Committee on Commerce and Consumer Protection.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 2 (Kouchi, Slom).

**SCRep. 826 Agriculture on H.B. No. 865**

The purpose and intent of this measure is to increase from 50 cents to 75 cents for every one thousand pounds of freight the fee assessed and collected for the inspection, quarantine, and eradication of invasive species contained in any freight brought into the State.

Your Committee received testimony in support of this measure from the Department of Agriculture; Department of Land and Natural Resources; Hawaii Farm Bureau Federation; Hawai'i Forest Industry Association; Kona Coffee Farmers Association; Conservation Council for Hawai'i; Coordinating Group on Alien Pest Species; The Nature Conservancy; Poamoho Organic Produce; Alexander & Baldwin, Inc.; Hawaii Crop Improvement Association; Hawai'i Chapter of the Sierra Club; Aloha Arborist Association; and five individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that the State's ability to adequately inspect incoming cargo is critical to protecting Hawaii's residents, resources, air passengers, and airport facilities from invasive species. Currently, there is a lack of adequate General Fund monies to cover the necessary inspection requirements at Hawaii's air and sea ports. This measure provides an alternative source of funding to adequately support agricultural inspection in the State.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 865, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 865, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 2 (Kouchi, Slom).

**SCRep. 827 (Majority) Commerce and Consumer Protection on H.B. No. 798**

The purpose and intent of this measure is to impose the general excise tax on gross income derived from a life settlement contract by a person not related to the insured.

Your Committee received testimony in support of this measure from the Department of Taxation and Imua Alliance. Your Committee received testimony in opposition to this measure from The Hawaii Business League. Your Committee received comments on this measure from Tax Foundation of Hawaii.

Your Committee finds that this measure taxes gross income received from a life settlement contract payout in the same manner as gross income received from an ordinary business transaction. Your Committee notes that this measure applies not to the beneficiaries of a family member's life insurance policy, but rather to persons unrelated to the insured who are in the business of buying and selling life settlement contracts as a commercial enterprise.

Your Committee has amended this measure by:

- (1) Inserting an effective date of July 1, 2050, to allow for further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 798, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 798, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, 1 (Slom). Excused, 2 (Galuteria, Solomon).

**SCRep. 828 Commerce and Consumer Protection on H.B. No. 1045**

The purpose and intent of this measure is to update the Insurance Code to adopt revisions to the National Association of Insurance Commissioners model laws and regulations related to risk-based capital trend tests for property and casualty insurers as required to maintain accreditation of the Insurance Division by the National Association of Insurance Commissioners.

Your Committee received testimony in support of this measure from the Insurance Commissioner of the Department of Commerce and Consumer Affairs and Hawaii Medical Service Association.

Your Committee finds that this measure applies consistent regulatory treatment to health maintenance organizations, mutual benefit societies, fraternal benefit societies, managed care plans, and other similar risk-bearing entities. Your Committee further finds that adopting a risk-based capital regime for entities that are not currently subject to these requirements will allow the Insurance Division to be proactive in protecting consumers from the hardship of insurer insolvency. Finally, your Committee finds that the amendments to the Insurance Code proposed by this measure are necessary for the State's Insurance Division to maintain accreditation by the National Association of Insurance Commissioners.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1045, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1045, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Solomon).

**SCRep. 829 Commerce and Consumer Protection on H.B. No. 1130**

The purpose and intent of this measure is to repeal the sunset date of Act 158, Session Laws of Hawaii 2009, which requires that condominium associations, planned community associations, and cooperative housing developments establish an access policy for civil process servers.

Your Committee received testimony in support of this measure from the Collection Law Section of the Hawaii State Bar Association, the Hawaii Council of Associations of Apartment Owners, Bendet Fidell, and one private individual.

Your Committee finds that prior to the enactment of Act 158, Session Laws of Hawaii 2009, many condominium properties and gated communities in the State routinely denied process servers access to properties for the purpose of serving important legal documents upon residents. Your Committee further finds that Act 158 preserves the self-governance of community associations by allowing each association to develop and enforce its own reasonable rules and procedures for allowing access. Finally, your Committee finds that during the two years that Act 158 has been in effect it has been largely successful. In fact, the implementation of Act 158 has reduced the costs for parties serving legal documents and it has not elicited any reported complaints from community associations.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1130, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1130, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Solomon, Taniguchi).

**SCRep. 830 Agriculture on H.B. No. 227**

The purpose and intent of this measure is to strengthen trespass provisions by amending the offense of criminal trespass in the second degree under section 708-814, Hawaii Revised Statutes, to also prohibit a person from entering or remaining unlawfully on "unimproved or unused lands" that are fenced, enclosed, or clearly marked by signage.

Your Committee received testimony in support of this measure from the Department of Agriculture; Department of Land and Natural Resources; Land Use Research Foundation of Hawaii; Hawaii Farm Bureau Federation; W.H. Shipman, Limited; Kamehameha Schools; Dole Food Company Hawaii; and Hawaii Cattlemen's Council. Your Committee received testimony in opposition to this measure from the Office of Hawaiian Affairs.

Your Committee finds that trespassing is a major problem for owners of unimproved or unused land. Trespassers often cause damage to property and crops and increase the liability of land owners. Trespassers also use unimproved and unused lands as illegal dump sites and places to conduct illicit activities. This measure extends current trespass laws to include trespassers on unimproved or unused lands.

Your Committee has amended this measure by:

- (1) Allowing government entities to post signs that read "Government Property – No Trespassing" to meet reasonable notice requirements;
- (2) Including irrigation facilities and systems under the types of minor improvements that do not change the status of unimproved or unused lands;
- (3) Creating a new section in part I of chapter 663, Hawaii Revised Statutes, to limit the liability of agricultural landowners for any injury, death, loss, or damage suffered by a trespasser; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 227, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 227, H.D. 2, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 2 (Kouchi, Slom).

**SCRep. 831 Agriculture on H.B. No. 1277**

The purpose and intent of this measure is to appropriate funds out of the Agricultural Development and Food Security Special Fund to the Department of Agriculture to complete the Statewide Agriculture Water Use and Development Study.

Your Committee received testimony in support of this measure from the Department of Agriculture, Hawaii Farm Bureau Federation, Land Use Research Foundation of Hawaii, and Hawaii Crop Improvement Association.

Your Committee finds that as a result of the closure of the large sugar cane plantations in the 1990's, the Legislature passed Act 101, Session Laws of Hawaii 1998, mandating the Department of Agriculture to create an Agricultural Water Use and Development Plan. To complete this plan, an in-depth study of irrigation systems throughout the State is currently being conducted. This measure will provide necessary funding to the Department of Agriculture for its continued work on the Statewide Agriculture Water Use and Development Study.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1277, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1277, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 2 (Kouchi, Slom).

**SCRep. 832 Agriculture on H.B. No. 1570**

The purpose and intent of this measure is to provide funding to allow qualified beef cattle, dairy, hog, poultry, and goat farms to apply for and receive, if properly documented, a reimbursement for a percentage of each farm's feed expenses.

Your Committee received testimony in support of this measure from the Department of Agriculture; Hawaii Agriculture Research Center; Brainstorm Marketing, Inc.; K.K. Poultry Farm, Inc.; Petersons' Upland Farm; M & H Kaneshiro Farms; Mikilua Poultry Farm Inc.; Hawaii Farm Bureau Federation; and four individuals. Your Committee received testimony in opposition to this measure from Animal Rights Hawaii.

Your Committee finds that the rising cost of feed for livestock animals and the resulting increase in production costs have negatively impacted Hawaii's local livestock industry. By reimbursing local livestock farmers for a certain percentage of their feed costs, the local livestock industry will be able to expand, invest in new technology and equipment, and develop new markets and products. Financial support to Hawaii's livestock industry will serve a public purpose by increasing the competitiveness of Hawaii's livestock industry and lessening Hawaii's dependence on imported food products.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1570, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1570, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 7; Ayes with Reservations (Wakai). Noes, none. Excused, 2 (Kouchi, Slom).

**SCRep. 833 Public Safety, Government Operations, and Military Affairs on H.B. No. 1339**

The purpose and intent of this measure is to authorize county liquor commissions to prescribe rules limiting, within constitutional bounds, the expression and conduct of patrons on licensed premises. This measure also requires each liquor commission to include a definition of "dancing" within its rules.

Your Committee received testimony in support of this measure from the American Civil Liberties Union of Hawai'i, Maui Dance Advocates, and four individuals.

Your Committee finds that controversy has arisen over the scope of permissible dancing in bars and nightclubs. This measure addresses that issue by clarifying that county liquor commissions have the authority to prescribe rules limiting dancing on licensed premises.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1339, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 834 Public Safety, Government Operations, and Military Affairs on H.B. No. 1431**

The purpose and intent of this measure is to allow a county council to adopt ordinances or rules, including the adoption of penalties, to enforce covenants that run with the land that impose standards regarding use, maintenance, landscaping, and setbacks.

Your Committee received testimony in support of this measure from numerous individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that certain planned communities may have covenants that run with the land which may not be enforceable without enabling legislation of a county council. The covenants typically provide for greater frontage setbacks, wider streets with front lawns, restrictions on the land's use such as limiting each parcel to only one single family dwelling, and prohibiting rooming or boarding houses and any business whatsoever. These limitations, restrictions, covenants, and conditions were thoughtfully constructed for the purpose of preserving and maintaining the attractiveness, values, and character of the residential neighborhood being planned.

Covenants running with the land are recorded with the Bureau of Conveyances as attachments to each deed and run with the residential lots in transfers to new owners and successors.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1431, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1431, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 835 Public Safety, Government Operations, and Military Affairs on H.B. No. 491**

The purpose and intent of this measure is to require the Department of Public Safety to seek and obtain accreditation for the Sheriff Division from the Commission on Accreditation for Law Enforcement Agencies, Inc.

Your Committee received testimony in support of this measure from the Department of Public Safety and eight individuals.

The Commission on Accreditation for Law Enforcement Agencies, Inc., created in 1979, serves as a law enforcement credentialing authority through collaboration with law enforcement executive associations. Honolulu and Maui Police Departments are accredited by the Commission on Accreditation for Law Enforcement Agencies, Inc. Your Committee recognizes that law enforcement officers, such as those in the Sheriff Division, have tremendous responsibilities, making the receipt of proper training, equipment, and organizational support imperative.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 491, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4; Ayes with Reservations (Ryan). Noes, none. Excused, 1 (Slom).

**SCRep. 836 Public Safety, Government Operations, and Military Affairs on H.B. No. 1626**

The purpose and intent of this measure is to allow the County of Hawaii to expend County of Hawaii fuel tax revenues on the maintenance of substandard private subdivision roads that are used by the public.

Your Committee received testimony in support of this measure from the Mayor of Hawai'i County, Friends of Puna's Future, and nine individuals. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

In the 1960's, Hawaii County approved large substandard private subdivisions on the Big island, mostly concentrated in the Puna district and in Ka'u near the community of Ocean View. These areas represent the fastest growing districts in the State of Hawaii. This measure would provide the County of Hawaii with the discretion to allocate a portion of the district fuel tax allocation for purposes of maintaining substandard private subdivision roads that are used by the public in order to alleviate the significant health and safety issues that the substandard condition of the roads poses to the public.

The island of Hawaii is bigger in size than all of the other islands combined, making the issues related to road maintenance on the island unique comparison to road maintenance issues on the other islands of the State. Your Committee finds that police and ambulances in the County of Hawaii are not able to respond in a timely fashion because of the horrible condition of many of these roadways. Residents in those areas deserve to receive common use benefits from the fuel taxes that they pay. This measure helps to resolve road maintenance problems for approximately 750 miles of roads and 105 miles of roads-in-limbo, which are often overlooked when allocating fuel tax monies.

The intent of your Committee is to ensure that Hawaii County does not deflect funding from other Big Island road repair projects on public roads. Your Committee further intends that Hawaii County enter into public-private partnerships to use the County of Hawaii fuel tax as provided under this measure. Testimony indicated that Hawaii County would purchase road paving materials which would be applied by private contractors who could be hired by the private subdivision.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1626, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1626, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4; Ayes with Reservations (Ryan). Noes, none. Excused, 1 (Slom).

**SCRep. 837 (Joint) Public Safety, Government Operations, and Military Affairs and Economic Development and Technology on H.B. No. 1000**

The purpose and intent of this measure is to expand and enhance the functioning of the Enhanced 911 Board to address the changing technologies and systems required to provide enhanced 911 services.

Your Committees received testimony in support of this measure from the Department of Accounting and General Services, Department of Labor and Industrial Relations, Wireless Enhanced 911 Board, Honolulu Police Department, Maui Police Department, Kaua'i Police Department, Hawai'i Police Department, and two individuals.

Your Committees find that the current Wireless Enhanced 911 Board does not include representation of other communications service providers. This measure expands the representation of the Wireless Enhanced 911 Board and expands the responsibility of the Board to coordinate all enhanced 911 services. Your Committees recognize that the efficient management of 911 emergency networks saves lives and dramatically reduces the liability of government entities and agencies in responding to emergencies. In addition, this measure encompasses new technologies in the field of enhanced 911 services.

Your Committees have amended this measure by deleting its contents and replacing them with S.B. No. 1227, S.D.2. As amended, this measure retains its original provisions and makes the following amendments:

- (1) Deletes the definition of "911 coordinator" and the provision for responsibilities of the coordinator, on recommendation of the Department of Accounting and General Services;
- (2) Deletes the definition of "911 service";
- (3) Adds definitions for "database service provider" and "universal emergency number service";
- (4) Clarifies the provision specifying representation on the Enhanced 911 Board from public safety answering points on various islands, upon the recommendation of the Department of Accounting and General Services;
- (5) Exempts connections provided by a local exchange carrier providing land line enhanced 911 services through section 269-16.95, Hawaii Revised Statutes, from the imposition of the enhanced 911 surcharge;
- (6) Changes the effective date to July 1, 2050; and
- (7) Makes technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Public Safety, Government Operations, and Military Affairs and Economic Development and Technology that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1000, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1000, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.  
Ayes, 7. Noes, none. Excused, 1 (Slom).

**SCRep. 838 Commerce and Consumer Protection on H.B. No. 1447**

The purpose and intent of this measure is to amend provisions of the Permitted Transfers in Trust Act governing transfers of property from a transferor to a trustee by means of an irrevocable trust instrument.

Your Committee received testimony in support of this measure from First Hawaiian Bank, Bank of Hawaii, and one private individual.

Your Committee finds that certain provisions of the Permitted Transfers in Trust Act, as it is currently written, prevent local trust companies from effectively taking part in the perpetual trust market. Your Committee further finds that this measure corrects those provisions to allow Hawaii's financial sector to become more competitive in attracting perpetual trust investment. Your Committee finally finds that this measure amends the definitions of certain terms in the Permitted Transfers in Trust Act to create consistency with definitions contained in the Code of Federal Regulations.

Your Committee has amended this measure by:

- (1) Inserting an effective date of July 1, 2011; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1447, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1447, H.D. 2, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Solomon).

**SCRep. 839 (Joint) Human Services and Public Safety, Government Operations, and Military Affairs on H.B. No. 1067**

The purpose and intent of this measure is to repeal section 352-28, Hawaii Revised Statutes, which authorizes the Executive Director of the Office of Youth Services, with the approval of the Family Court, to transfer a committed youth from the Hawaii Youth Correctional Facility to an adult correctional facility.

Your Committees received testimony in support of this measure from the Department of Public Safety, Department of Human Services, Office of Youth Services, Community Alliance on Prisons, American Civil Liberties Union of Hawai'i, and two individuals.

Your Committees find that this measure will ensure that youth committed to the Hawaii Youth Correctional Facility will not be transferred, for disciplinary or other reasons, to adult correctional facilities, where they would be exposed to serious adult offenders and subjected to possible physical, mental, and sexual assault.

Your Committees further find that this measure will simplify Hawaii's efforts to comply with the federal Juvenile Justice Delinquency Prevention Act, which requires that juveniles being securely detained must be "sight and sound" separate from adult detainees. Violation of this requirement would jeopardize future federal funding.

As affirmed by the records of votes of the members of your Committees on Human Services and Public Safety, Government Operations, and Military Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1067, H.D. 1, and recommend that it pass Second Reading and be referred to the Committee on Judiciary and Labor.

Signed by the Chairs on behalf of the Committees.  
Ayes, 6. Noes, none. Excused, 2 (Kidani, Ryan).

**SCRep. 840 Human Services on H.B. No. 1003**

The purpose and intent of this measure is to provide an enhanced grade of offenses for specified crimes committed against domestic violence victims covered by protective orders or restraining orders.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Department of the Prosecuting Attorney of the City and County of Honolulu, Police Department of the City and County of Honolulu, Hawaii County Police Department, Hawai'i State Coalition Against Domestic Violence, and one individual. Your Committee received testimony in opposition to this measure from the Office of the Public Defender. Your Committee received comments on this measure from the Pacific Alliance to Stop Slavery and Polaris Project.

Your Committee finds that victims of domestic violence often endure extended periods of physical violence, mental abuse, intimidation, harassment, and terrorization before they reach out for help. Your Committee further finds that abuse and violence toward victims often continue after the police or courts have intervened and issued protective orders or restraining orders.

Your Committee additionally finds that current laws do not provide adequate deterrence for many perpetrators of abuse. Upgrading certain criminal offenses, as provided in this measure, will provide a meaningful deterrent for offenders and offer greater protection for domestic violence victims.

Your Committee has also heard testimony regarding the crime of human trafficking. According to testimony received by your Committee, over 60,000 individuals are trafficked into the United States each year, but your Committee believes that the actual figure for the scope of human trafficking is much higher. Your Committee also finds that in September 2010, Hawaii was home to the largest labor trafficking case in the history of the United States.

Accordingly, your Committee has amended this measure by:

- (1) Adding a new part that addresses concerns regarding labor trafficking by establishing:
  - (A) The offense of labor trafficking in the first and second degrees;
  - (B) Additional sentencing considerations for victims held in servitude;
  - (C) Extended terms of imprisonment for labor trafficking offenses;
  - (D) Restitution for victims of labor trafficking;
  - (E) The offense of nonpayment of wages;
  - (F) The offense of unlawful conduct with respect to documents under the labor trafficking law; and
  - (G) Provisions relating to the prosecution of labor trafficking offenses; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1003, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1003, H.D. 2, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 1 (Slom).

**SCRep. 841 Human Services on H.B. No. 1005**

The purpose and intent of this measure is to amend various sections of chapter 576D, Hawaii Revised Statutes, to bring the Child Support Enforcement Agency into compliance with federal law.

Your Committee received testimony in support of this measure from the Department of the Attorney General.

Your Committee finds that recent amendments made to federal regulations require that all states provide Title IV-D services to tribal IV-D agencies and foreign countries as defined under federal regulations. Failure to comply with this federal requirement would jeopardize federal funding of the Child Support Enforcement Agency and federal funding for Temporary Assistance for Needy Families programs. Your Committee finds that this measure is necessary to maintain eligibility for federal funding for those services and programs.

Your Committee has amended this measure by changing the effective date to July 1, 2011.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1005, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1005, H.D. 2, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 1 (Slom).

**SCRep. 842 Human Services on H.B. No. 56**

The purpose and intent of this measure is to:

- (1) Permit the Family Court to award reasonable visitation to grandparents if the denial of visitation would cause significant demonstrable harm to the child;
- (2) Establish a rebuttable presumption that visitation decisions made by a parent are in the best interests of the child; provided that the presumption may be rebutted by clear and convincing evidence; and
- (3) Establish factors that the Court may consider in awarding visitation.

Your Committee received testimony in support of this measure from the Texas Senate Committee on Veteran Affairs & Military Installations, Office of Hawaiian Affairs, Hawaii State Bar Association Family Law Section, and six individuals. Your Committee received comments on this measure from two individuals.

Your Committee finds that there is support for permitting reasonable visitation for a grandparent or grandparents with their minor grandchild. Your Committee further finds that this measure addresses the issue of grandparent visitation rights.

Your Committee has heard the concerns regarding an exemption for custody and visitation where issues of domestic violence are present. Your Committee respectfully requests that your Committee on Judiciary and Labor evaluate whether the factors the Court may consider in awarding visitation, as proposed by this measure, appropriately address these concerns.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 56, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 56, H.D. 2, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 1 (Slom).

**SCRep. 843 Human Services on H.B. No. 616**

The purpose and intent of this measure is to clarify that awards of visitation rights may include visitation by electronic communication, and to establish factors to be considered by courts in setting guidelines for visitation by electronic communication.

Your Committee received testimony in support of this measure from seven individuals. Your Committee received testimony in opposition to this measure from the Hawaii State Bar Association Family Law Section. Your Committee received comments on this measure from two individuals.

Your Committee finds that this measure creates necessary guidelines that will allow the Family Court to award visitation through electronic communication in a consistent manner.

Your Committee has heard the concerns regarding visitation and electronic communication where issues of domestic violence are present. Your Committee notes that an exemption should be included in cases involving domestic violence.

Accordingly, your Committee has amended this measure by:

- (1) Including in the factors for consideration:
  - (A) Criteria from sections 571-46(9) and (10), Hawaii Revised Statutes, pertaining to family violence, to ensure that concerns regarding domestic violence matters are adequately addressed; and
  - (B) Whether the parent has previously violated a temporary restraining order or protective order; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 616, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 616, H.D. 2, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 1 (Slom).

**SCRep. 844 Human Services on H.B. No. 238**

The purpose and intent of this measure is to provide additional penalties for the first conviction for a violation of a temporary restraining order, if the person has a prior conviction of certain specified offenses against a family or household member.

Your Committee received testimony in support of this measure from the Department of the Attorney General, City and County of Honolulu Department of the Prosecuting Attorney, Hawaii State Coalition Against Domestic Violence, and two individuals. Your Committee received testimony in opposition to this measure from the Office of the Public Defender and one individual.

Under current law, a first-time violator of a temporary restraining order is subject to a mandatory minimum jail sentence of forty-eight hours. This measure increases that mandatory minimum term to fifteen days for persons convicted of specified prior offenses indicating acts of abuse, violence, or depravity against family or household members.

The intent of your Committee is to enhance the protection of victims of domestic violence by increasing penalties for persons who violate temporary restraining orders by sending a clear warning to these individuals that any violation of a temporary restraining order will not be tolerated with leniency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 238, H.D. 2, and recommends that it pass Second Reading and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 1 (Slom).

**SCRep. 845 Human Services on H.B. No. 404**

The purpose and intent of this measure is to assist Palolo Chinese Home by authorizing the issuance of special purpose revenue bonds to finance the expansion, construction, and rebuilding of its health care facilities.

Your Committee received testimony in support of this measure from Palolo Chinese Home.

The Palolo Chinese Home is a 501(c)(3) not-for-profit organization under the Internal Revenue Code that has been providing shelter and care for more than one hundred years to Hawaii's seniors. This bond issuance would assist the Home to finance its campus redevelopment plans to better serve the community by providing additional nursing and care home beds for seniors.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 404, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 1 (Slom).

**SCRep. 846 Human Services on H.B. No. 758**

The purpose and intent of this measure is to authorize the issuance of general obligation bonds and make appropriations for the Department of Human Services' Vocational Rehabilitation and Services for the Blind Division to upgrade equipment and facilities for its Hoopono program.

Your Committee received testimony in support of this measure from the Department of Human Services and two individuals.

Your Committee finds that Hoopono Services for the Blind is housed in an aging building. Your Committee further finds that funds are needed to repair the leaking roof, renovate the restrooms, and improve the condition of the auditorium. This measure secures funds to remedy these problems and improve the effectiveness of the Hoopono program.

Your Committee has amended this measure by:

- (1) Authorizing the issuance of \$773,000 in general obligation bonds and appropriating that amount to the Department of Human Services for the Hoopono program; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 758, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 758, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 1 (Slom).

**SCRep. 847 Human Services on H.B. No. 1303**

The purpose and intent of this measure is to require the Hawaii Public Housing Authority to:

- (1) Assess a fee on all units for community facilities maintenance;
- (2) Establish a minimum rent schedule for state public housing units; and
- (3) Give first preference to certain categories of disabled veterans during tenant selection for state low-income housing.

Your Committee received testimony in opposition to this measure from the Hawaii Public Housing Authority, American Civil Liberties Union of Hawai'i, and Legal Aid Society of Hawai'i.

Your Committee has heard the concerns regarding charging a community facilities maintenance fee to all units. Your Committee understands that an unintended consequence of charging this fee may be inequity to tenants who do not utilize community facilities. Your Committee has also heard the concerns regarding establishing a minimum rent schedule for state public housing units. Your Committee has heard testimony that if minimum rents were set at \$300 per month as suggested by this measure, fifty-four percent of family public housing residents would be unable to make monthly rent payments and would be subject to eviction.

Accordingly, your Committee has amended this measure by:

- (1) Limiting the Hawaii Public Housing Authority's authority under this measure to charge a community facilities maintenance fee for the rental and use of common areas for private functions, rather than on all community facilities expenses;

- (2) Deleting sections 2 and 4 of the measure, which would have permitted the Hawaii Public Housing Authority to establish a minimum rent schedule at public housing units;
- (3) Inserting an effective date of July 1, 2050, to allow for further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1303, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1303, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 1 (Slom).

**SCRep. 848 Human Services on H.B. No. 596**

The purpose and intent of this measure is to:

- (1) Require the Department of Human Services to provide until July 1, 2016, Medicaid presumptive eligibility to patients who have been waitlisted for long-term care;
- (2) Require the Department of Human Services to conduct a study that examines the potential implementation of a computerized system to process Medicaid applications; and
- (3) Appropriate funds to the Department of Human Services to cover the cost of any reimbursements made to providers or plans for services provided during the time that waitlisted patients are enrolled but eventually disenrolled due to a determination of ineligibility.

Your Committee received testimony in support of this measure from the Hawaii Medical Service Association, Kaiser Permanente Hawaii, The Queen's Medical Center, Healthcare Association of Hawaii, Hawaii Disability Rights Center, The Chamber of Commerce of Hawaii, and one individual. Your Committee received testimony in opposition to this measure from the Department of Human Services.

Your Committee finds that delays in discharging patients who have been waitlisted for long-term care have been costly for Hawaii hospitals, with the duration of these delays ranging between several days to several months, and in some cases more than a year. For these hospitals, each day that a waitlisted patient remains in an acute care hospital bed is another day that an acute care bed is not available for an acute care patient in need.

Your Committee understands the many reasons for the various delays in discharging patients from acute care hospitals, but your Committee believes that the findings in this measure make a strong case for beginning a process to address this ongoing problem.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 596, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 596, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 1 (Slom).

**SCRep. 849 Human Services on H.B. No. 594**

The purpose and intent of this measure is to appropriate funds to the Department of Human Services to match available federal Disproportionate Share Hospital (DSH) funds allocated to the State.

Your Committee received testimony in support of this measure from Kaiser Permanente; Healthcare Association of Hawaii; The Queen's Medical Center; The Chamber of Commerce of Hawaii; Hawaii Government Employees Association, AFSCME, Local 152, AFL-CIO; and one individual. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that the federal government makes DSH payments available to hospitals that serve high numbers of low-income patients. DSH partially pays for care that is not covered by insurance such as Medicare, Medicaid, or private health insurance. Your Committee further finds that Hawaii does not receive DSH funding on a regular basis. Hawaii temporarily lost DSH funding when the State created its QUEST program. However, Hawaii's Congressional Delegation has been able to secure \$10,000,000 per year in DSH payments through legislation such as the Patient Protection and Affordable Care Act. These federal funds may be matched by state funds using the Federal Medical Assistance Percentage.

According to testimony received by your Committee, the Department of Human Services submitted a state plan amendment to the federal Centers for Medicare and Medicaid Services covering the period from July 1, 2009, through June 30, 2010. The DSH payment for this period was paid to hospitals in February 2011. Your Committee also finds that the next DSH period will be July 1, 2010, through June 30, 2011, and the applicable Federal Medical Assistance Percentage is expected to be 50.48 percent for that period, which corresponds to \$9,809,826 for the State's share.

Accordingly, your Committee has amended this measure by:

- (1) Inserting an appropriation amount of \$9,809,826; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 594, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 594, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 1 (Slom).

**SCRep. 850 Human Services on H.B. No. 718**

The purpose and intent of this measure is to:

- (1) Authorize the Department of Human Services to develop and administer a program to assist former foster youth with housing options upon aging out of the foster care system; and
- (2) Appropriate funds to develop and administer a housing assistance program for former foster youth.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Hawaii Youth Services Network, Hawaii Family Forum, and one individual. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that thirty percent of youth who age out of foster care at eighteen years of age become homeless before they reach the age of twenty-one. Your Committee further finds that many former foster youth need assistance in locating affordable housing, negotiating with landlords, and managing their budgets. This measure would provide Hawaii's former foster youth with transitional support to empower them to become productive and self-sufficient adults.

Your Committee has amended this measure by:

- (1) Changing the appropriation amount from an unspecified sum to \$5,000,000; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 718, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 718, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 1 (Slom).

**SCRep. 851 (Joint) Transportation and International Affairs and Public Safety, Government Operations, and Military Affairs on H.B. No. 505**

The purpose and intent of this measure is to protect life and property by appropriating funds for flood mitigation efforts:

- (1) On Farrington Highway between Maili and Nanakuli on the island of Oahu; and
- (2) In the Lualualei Valley area on the island of Oahu.

Your Committees received testimony in support of this measure from the Department of Transportation, Department of Defense, and six individuals.

Your Committees find that flooding is a major problem for various parts of the State. Flooding not only causes physical damage to structures, but also creates dangerous travel conditions that lead to road closures and potential loss of life. There are two areas that have been particularly vulnerable to flooding. These areas include the segment of Farrington Highway between Maili and Nanakuli and the area of Lualualei Valley. Flooding due to heavy rains has been a recurring problem in these areas, causing unsafe road conditions and road closures as recently as January 2011.

Your Committees have amended this measure by:

- (1) Appropriating funds for additional, frequently flooded areas on the islands of Hawaii, Kauai, Oahu, and Maui, as these areas also deserve relief from flood events; and
- (2) Changing the effective date to July 1, 2011.

As affirmed by the records of votes of the members of your Committees on Transportation and International Affairs and Public Safety, Government Operations, and Military Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 505, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 505, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.  
Ayes, 7. Noes, none. Excused, 3 (Gabbard, Kidani, Kouchi).

**SCRep. 852 (Joint) Economic Development and Technology and Public Safety, Government Operations, and Military Affairs on H.B. No. 1342**

The purpose and intent of this measure is to expedite the deployment of high-speed broadband technology in Hawaii by exempting the installation, improvement, construction, or development of infrastructure relating to broadband service from certain permitting requirements for the period of January 1, 2012, to January 1, 2017.

Your Committees received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Commerce and Consumer Affairs; Department of Land and Natural Resources; Department of Transportation;

Hawaiian Electric Company, Inc.; Hawaiian Telcom; and The Chamber of Commerce of Hawaii. Your Committees received testimony in opposition to this measure from the City and County of Honolulu Department of Planning and Permitting and a member of the Maui County Council. Your Committees received comments on this measure from tw telecom.

Your Committees previously heard a companion measure, S.B. No. 1161, that was passed out of your Committees with amendments. Your Committees have amended this measure by deleting its contents and replacing them with the language in S.B. No. 1161, S.D. 1, which contains substantially comparable provisions to this measure. As amended, this measure retains its original provisions and makes the following amendments:

- (1) Deletes the reference to maximum utility pole safe weight capacities established by the Hawaii Public Utilities Commission;
- (2) Changes the effective date from July 1, 2112, to July 1, 2050, to allow for further discussion; and
- (3) Makes technical, nonsubstantive amendments for the purposes of clarity and consistency.

Your Committees understand that the Broadband Working Group established by Act 199, Session Laws of Hawaii 2010, has reconvened to discuss additional amendments to this measure related to issues of specific permitting exemptions, liability, indemnification by the State, and costs of equipment replacement and remediation. In addition, members of the Broadband Working Group are reviewing federal actions, including Federal Communications Commission rules related to access. Your Committees are in strong support of the intent of this measure and urge the Broadband Working Group to continue to work with the Legislature regarding further amendments to resolve the above concerns.

As affirmed by the records of votes of the members of your Committees on Economic Development and Technology and Public Safety, Government Operations, and Military Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1342, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1342, H.D. 1, S.D. 1, and be referred to the Committee on Commerce and Consumer Protection.

Signed by the Chairs on behalf of the Committees.

Ayes, 7. Noes, none. Excused, 1 (Slom).

**SCRep. 853 Commerce and Consumer Protection on H.B. No. 550**

The purpose and intent of this measure is to require the Auditor to analyze the allocation of cable operator franchise fees and to contract for a performance review or audit of ‘Olelo Community Television.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs. Your Committee received comments on this measure from ‘Olelo Community Media.

Your Committee finds that while the concerns raised by the proponents of this measure may have merit, cable television operators including ‘Olelo Community Television are already required to submit reports of financial, technical, and operational condition and ownership to the Department of Commerce and Consumer Affairs. Additionally, ‘Olelo Community Television underwent an audit by an independent third party in 2005. Your Committee further finds that it is a more efficient use of the State’s resources to require the Auditor to review the existing information than to conduct a study that is duplicative and for which the necessity is unclear.

Your Committee has amended this measure by:

- (1) Deleting the provision requiring the Auditor to contract for a performance review of ‘Olelo Community Television;
- (2) Deleting provisions making appropriations from the Compliance Resolution Fund to the Audit Revolving Fund for the purpose of contracting for a performance review of ‘Olelo Community Television;
- (3) Inserting a new provision to require the Auditor to review the reports of financial, technical, and operational condition and ownership submitted by ‘Olelo Community Television to the Department of Commerce and Consumer Affairs pursuant to section 440G-14, Hawaii Revised Statutes, and the most recent independent third party review of ‘Olelo Community Television and to submit a report to the Legislature prior to the 2012 Regular Session that includes recommendations as to the sufficiency of ‘Olelo Community Television’s currently required reports for the purpose of effective oversight; and
- (4) Inserting an effective date of July 1, 2011.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 550, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 550, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 854 (Joint) Transportation and International Affairs and Commerce and Consumer Protection on H.B. No. 1241**

The purpose and intent of this measure is to increase the number of business days from ten to twenty after the mailing of a notice to an out-of-state owner of an abandoned vehicle during which the owner may repossess their vehicle before the abandoned vehicle is subject to disposal.

Your Committees received testimony in support of this measure from EAN Holdings, LLC and Hawaii Credit Union League. Your Committees received testimony in opposition to this measure from the Department of Customer Services of the City and County of Honolulu.

Your Committees find that extending the time in which the owner of an abandoned vehicle may repossess their vehicle from custody is warranted, particularly with respect to rental car companies with large fleets of vehicles whose lessees may abandon the

vehicles. This measure would help ensure that these companies have sufficient time to recover rental vehicles that may have been abandoned.

Your Committees have amended this measure by:

- (1) Deleting its contents and replacing them with the contents of S.B. No. 30, S.D. 1, which is a substantively similar measure but provides for a twenty-day period before repossession for all motor vehicles, regardless of the location of the address of the motor vehicle's registered owner of record; and
- (2) Changing the effective date to upon approval.

As affirmed by the records of votes of the members of your Committees on Transportation and International Affairs and Commerce and Consumer Protection that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1241, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1241, H.D. 2, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chairs on behalf of the Committees.  
Ayes, 10. Noes, none. Excused, 3 (Dela Cruz, Gabbard, Kouchi).

**SCRep. 855 Health on H.B. No. 484**

The purpose and intent of this measure is to require each hospital within the State to allow advanced practice registered nurses to practice within the full scope of the practice, including as primary care providers, to ensure that advanced practice registered nurses are used to their full potential.

Your Committee received testimony in support of this measure from the Board of Nursing; Hawaii Medical Service Association; Hawai'i State Center for Nursing; Hawaii Medical Association; Kaiser Permanente; University of Phoenix, Hawaii Campus; American Academy of Nurse Practitioners; Hawai'i Association of Professional Nurses; and nine private individuals. Your Committee received comments on this measure from Healthcare Association of Hawaii.

Your Committee recognizes the importance of advanced practice registered nurses to the community and the State's integrated health care delivery service. Your Committee received testimony suggesting that this measure could be improved by allowing employers to specify the scope of employment at the time of hire so that the requirements and limitations of the position are clear prior to the commencement of work. Your Committee finds merit in this suggestion and urges its consideration as this measure advances through the legislative process.

Your Committee has amended this measure by inserting an effective date of July 1, 2050, to allow for further discussion.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 484, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 484, S.D. 1, and be referred to the Committee on Commerce and Consumer Protection.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, none.

**SCRep. 856 Health on H.B. No. 889**

The purpose and intent of this measure is to establish health care-associated infection reporting requirements to ensure that Hawaii is consistent with the efforts of federal agencies to control the spread of health care-associated infections and to ensure that the Department of Health has access to health care-associated infection data reported by Hawaii's health care providers to the federal government.

Your Committee received testimony in support of this measure from the Department of Health, Association for Professionals in Infection Control and Epidemiology, and Healthcare Association of Hawaii.

Your Committee finds that the State's health care-associated infection reporting protocol needs to be updated to align with federal reporting standards.

Your Committee has amended this measure by:

- (1) Inserting an effective date of July 1, 2050, to allow for further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 889, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 889, H.D. 2, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, none.

**SCRep. 857 (Majority) Health on H.B. No. 273**

The purpose and intent of this measure is to impose an excise tax on tobacco products, other than large cigars, that is equal to the greater of seventy percent of the wholesale price of, or \$3.20 for, each article or item of tobacco products in an effort to curtail tobacco use throughout the State.

Your Committee received testimony in support of this measure from Healthy Mothers Healthy Babies Coalition of Hawaii; American Heart Association; Hawaii COPD Coalition; American Cancer Society; Coalition For A Tobacco-Free Hawai'i; American Lung Association in Hawaii; and thirty-six private citizens. Your Committee received testimony in opposition to this measure from

Cigar Association of America, Inc. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that the tax increase proposed by this measure will not only bring in additional revenue for the State, but it will also help reduce tobacco use, particularly among young adults. Your Committee also finds that a similar measure, S.B. No. 233, S.D. 2 (2011), contains language that will better assist the State in curtailing tobacco consumption and will set aside funds for tobacco prevention and cessation programs.

Accordingly your Committee has amended this measure by deleting its contents and replacing them with the contents of S.B. No. 232, S.D. 2. This measure, as amended:

- (1) Removes the seventy percent excise tax on the wholesale price of each article or item of tobacco products, other than large cigars, and instead inserts a blank dollar amount that is effective as of July 1, 2011;
- (2) Removes the \$3.20 excise tax on the wholesale price of each article or item of tobacco products, other than large cigars;
- (3) Imposes an excise tax on a percentage of the wholesale price of each article or item of tobacco products, other than large cigars, sold by a wholesaler or dealer after July 1, 2011, or if not sold then at the same rate upon the use by the wholesaler or dealer;
- (4) Adds clarifying language regarding the imposition of the tax on different types of tobacco products, such as large cigars; tobacco lozenges, pouches, or pills; smokeless tobacco; and loose tobacco; and
- (5) Requires a portion of the tax revenue collected from each item of tobacco products sold to be expended by the Department of Health for tobacco prevention programs and tobacco dependence treatment services.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 273, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 273, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, 1 (Slom). Excused, none.

**SCRep. 858 Health on H.B. No. 129**

The purpose and intent of this measure is to appropriate funds for the continued operation of the Path Clinic in order to provide its patients with ongoing prenatal care that addresses their addictions and provide them with social service support, parenting education, and transportation.

Your Committee received testimony in support of this measure from the Department of Health; Healthy Mothers Healthy Babies Coalition of Hawaii, Democratic Party of Hawai'i; Hawaii Medical Association; Community Alliance on Prisons; The Drug Policy Action Group; The Drug Policy Forum of Hawai'i; March of Dimes Foundation Hawaii Chapter; Planned Parenthood of Hawaii; Hawai'i State Democratic Women's Caucus; League of Women Voters of Hawaii; and five private citizens.

Your Committee acknowledges that the Path Clinic is a comprehensive perinatal addiction clinic that integrates prenatal and postpartum obstetric clinical services, addiction medicine services, and social services and provides critical services that should continue to be funded.

Your Committee has amended this measure by:

- (1) Inserting an effective date of July 1, 2011; and
- (2) Making technical, nonsubstantive amendments for purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 129, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 129, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, none.

**SCRep. 859 Health on H.B. No. 608**

The purpose of this measure is to appropriate funds, subject to dollar-for-dollar private matching funds, to sustain a qualified provider with Centers for Medicare and Medicaid Services certification to provide kidney and liver transplant operations in Hawaii and maintain a federally-recognized chronic kidney disease management program. The intent of this measure is to help ensure that organ transplant patients are able to remain in the islands near their support networks and receive efficient and timely care.

Your Committee received testimony in support of this measure from the National Kidney Foundation of Hawaii and three private citizens.

Your Committee finds that there is a critical need to support ongoing services provided by a Centers for Medicare and Medicaid Services-certified kidney and liver transplant provider in Hawaii to enable residents of Hawaii to receive proper care within the State, eliminating the need for them to travel great distances to receive treatment on the Mainland. Your Committee heard testimony questioning whether the State could do better than simply providing a dollar-for-dollar match of private funds. Your Committee acknowledges this concern and requests that your Committee on Ways and Means further consider this issue.

Your Committee has amended this measure by:

- (1) Inserting an effective date of July 1, 2040, to allow for further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 608, H.D. 3, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 608, H.D. 3, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Chun Oakland, Nishihara).

**SCRep. 860 (Joint) Agriculture and Economic Development and Technology on H.B. No. 667**

The purpose and intent of this measure is to require the Department of Health, with the cooperation of the Departments of Agriculture and Business, Economic Development, and Tourism, to develop a plan of action to simplify and consolidate permitting and licensing requirements for the production and processing of food by food production and processing facilities to comply with food safety requirements.

Your Committees received testimony in support of this measure from the Department of Agriculture; Department of Business, Economic Development, and Tourism; and Land Use Research Foundation of Hawaii. Your Committees received testimony in opposition to this measure from the Department of Health. Your Committees received comments on this measure from Poamoho Organic Produce.

Your Committees find that as food safety becomes an increasingly important issue, the Department of Agriculture can assist the agriculture industry by providing training, certification, support, and assistance on food safety and security issues.

Your Committees have amended this measure by deleting its contents and inserting the contents of S.B. No. 1142, S.D. 2, which:

- (1) Establishes a Food Safety and Security Program within the Department of Agriculture;
- (2) Makes an appropriation in an unspecified amount to the Department of Agriculture for the Food Safety and Security Program; and
- (3) Requires the department of agriculture to adopt rules regarding the production, processing, and distribution of food products or agricultural commodities in order to meet state and federal food safety standards.

As affirmed by the records of votes of the members of your Committees on Agriculture and Economic Development and Technology that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 667, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 667, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Ayes, 7. Noes, none. Excused, 5 (Baker, Chun Oakland, Dela Cruz, Kouchi, Slom).

**SCRep. 861 (Joint/Majority) Agriculture and Hawaiian Affairs on H.B. No. 1483**

The purpose and intent of this measure is to:

- (1) Require the Department of Agriculture to provide water at reduced rates to Molokai Irrigation System users who are lessees of Hawaiian Home Lands;
- (2) Forgive outstanding loans from Hawaiian Home Lands lessees on Molokai for the provision of water from the Molokai Irrigation System; and
- (3) Appropriate an unspecified amount to the Department of Agriculture to cover the operational costs of the Molokai Irrigation System.

Your Committees received testimony in support of this measure from the Department of Hawaiian Home Lands and the Sovereign Councils of the Hawaiian Homelands Assembly. Your Committees received testimony in opposition to this measure from the Hawaii Farm Bureau Federation. Your Committees received comments on this measure from the Department of Agriculture and two individuals.

Your Committees find that the Molokai Irrigation System was constructed in 1957 to provide water to native Hawaiian homestead farmers in central Molokai. Over time, the rise in the cost of delivering water to native Hawaiian homestead farmers became an economic hardship. This measure will give Hawaiian homestead farmers adequate access to the Molokai Irrigation System.

As this measure moves forward, your Committees urge the Department of Agriculture to determine and report to your Committee on Ways and Means the total amount of the loans that will be forgiven pursuant to this measure and the fiscal impact on the State. In addition, it is the intent of your Committees that the Department of Agriculture develop a plan to ensure that the reduced rate provided for in this measure is developed and implemented in a way that is pragmatic and sustainable. Lastly, your Committees encourage the Department of Agriculture and Department of Hawaiian Home Lands to explore the possibility of providing technical assistance to native Hawaiian homestead farmers to ensure that going forward these farmers have the tools and skills needed to ensure payment for use of the Molokai Irrigation System.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Agriculture and Hawaiian Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1483, H.D. 1, as amended herein, and recommend

that it pass Second Reading in the form attached hereto as H.B. No. 1483, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Ayes, 10; Ayes with Reservations (Ryan). Noes, 1 (Kidani). Excused, 4 (Chun Oakland, Kouchi, Solomon, Wakai).

**SCRep. 862 Hawaiian Affairs on H.B. No. 400**

The purpose and intent of this measure is to appropriate funds for the operating and capital improvement budgets of the Office of Hawaiian Affairs for fiscal years 2011-2012 and 2012-2013.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Papa Ola Lokahi, Aha Kiole Advisory Committee, and Association of Hawaiian Civic Clubs.

Your Committee finds that this measure, as amended by the House Committee on Finance, would reduce state General Fund monies to the Office of Hawaiian Affairs by \$98,787 during each fiscal year of the biennium period 2011-2013. Your Committee has heard that the Office of Hawaiian Affairs does not oppose the adjustments proposed in this measure, as the decrease has a direct correlation to the continued economic downturn as well as efforts by the State to reduce its significant operating deficit. Your Committee supports the response by the Office of Hawaiian Affairs that limited resources must be used efficiently in challenging circumstances.

As affirmed by the record of votes of the members of your Committee on Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 400, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Solomon, Slom).

**SCRep. 863 Hawaiian Affairs on H.B. No. 1063**

The purpose and intent of this measure is to increase from \$50,000,000 to an unspecified amount the limit up to which the Department of Hawaiian Home Lands is currently authorized to borrow or guarantee on loans to cover the Department's guarantee requirements for its housing program.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands and Department of Budget and Finance.

Your Committee finds that since Hawaiian homelands are inalienable, the Department of Hawaiian Home Lands is required to guarantee mortgage loans made for homes located on Hawaiian homelands when lenders do not have a loan assurance program. Current loan guarantees are approximately \$30,000,000, with an additional \$16,800,000 in loans to be closed over the next six months, bringing the total very close to the current \$50,000,000 ceiling. Your Committee is in support of the increase proposed by the Department, which will also allow more construction of affordable units and benefit Hawaii's construction industry and local economy.

As affirmed by the record of votes of the members of your Committee on Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1063, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Solomon, Slom).

**SCRep. 864 Education on H.B. No. 688**

The purpose and intent of this measure is to provide definitions of bullying, cyberbullying, and harassment in chapter 302A, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Board of Education; Department of Education; Department of the Prosecuting Attorney, City and County of Honolulu; Hawaii State Teachers Association; Hawaii Youth Services Network; Hawaii Safe Schools Coalition; GLBT Caucus of the Democratic Party of Hawaii; Japanese American Citizens League; PFLAG-Oahu; eleven individuals; three students from Kalaheo High School; and two students from Moanalua High School. Your Committee received testimony in opposition to this measure from Imua Alliance. Your Committee received comments on this measure from the Dean of the College of Education at the University of Hawai'i at Manoa, American Civil Liberties Union of Hawai'i, Mental Health America of Hawai'i, Equality Hawaii, Pride at Work Hawai'i, and two individuals.

Your Committee finds that bullying and cyberbullying among students has a detrimental effect on students' academic achievement, as well as their psychological, social, and physical well-being. Students need greater protection against bullying, cyberbullying, and harassment, in and out of the school setting.

Your Committee recognizes that the Department of Education currently has administrative rules in place that address bullying, cyberbullying, and harassment. However, your Committee finds that the Board of Education's monitoring of the Department of Education's compliance with those administrative rules is critical to ensure that the rules are enforced and Hawaii's students are being protected from this devastating and demoralizing conduct. In addition, while rules and policies against cyberbullying are important, your Committee finds that establishing a criminal offense of harassment by cyberbullying will provide greater protection to victims and deter potential bullies.

Accordingly, your Committee has amended this measure by:

- (1) Adding the contents of section 2 of S.B. No. 237, establishing the offense of harassment by cyberbullying;

- (2) Requiring the Board of Education to monitor and establish reporting requirements for the Department of Education's compliance with all administrative rules and statutes governing bullying, cyberbullying, and harassment; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 688, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 688, H.D. 2, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, none.

**SCRep. 865 (Joint) Education and Agriculture on H.B. No. 1380**

The purpose and intent of this measure is to encourage the use of local produce in Hawaii's schools by:

- (1) Establishing the Farm-to-School Program within the Department of Agriculture to increase procurement of locally-grown produce;
- (2) Establishing the Hawaii-Grown Fresh Fruit and Vegetable Program within the Department of Education to facilitate the consumption of nutritious locally-produced snacks to improve and expand the market for locally-grown produce;
- (3) Authorizing all schools to grow food in school gardens for consumption as part of their school lunch program and the Hawaii-Grown Fresh Fruit and Vegetable Program; and
- (4) Allowing the Department of Human Services to establish a Farmers-to-Food Banks pilot project to contract with Hawaii farmers so that Hawaii-grown produce may be provided to designated food banks.

Your Committees received testimony in support of this measure from the Department of Education, Hawaii Association of Independent Schools, Hawai'i Nutrition and Physical Activity Coalition, Hawaii County Nutritional and Physical Activity Coalition, Kokua Hawai'i Foundation, Hawai'i Educational Policy Center, American Heart Association, Hawaii Farm Bureau Federation, American Cancer Society, Environmental Caucus of the Democratic Party of Hawaii, three individuals, two students from Castle High School, and one student from Kauai High School. Your Committees received comments on this measure from the Department of Human Services, Department of Agriculture, Poamoho Organic Produce, Hawai'i School Garden Network Hui, and Hawai'i Island School Garden Network.

Your Committees find that providing fresh local produce in Hawaii's schools benefits local farmers and Hawaii's school children. Establishment of a Farm-to-School Program will not only provide local farmers with a market for their products, but will also educate students on the nutritional, environmental, and economic benefits of preparing and consuming Hawaii-grown produce.

Your Committees have amended this measure by:

- (1) Deleting the language that would have established and appropriated funds for the Hawaii-Grown Fresh Fruit and Vegetable Program;
- (2) Deleting the language authorizing schools to grow food for consumption in school gardens;
- (3) Establishing a Hawaii-Grown Produce in Schools Task Force to:
  - (A) Examine the feasibility of establishing school gardens to grow food for consumption as part of each school's lunch program;
  - (B) Examine the feasibility of establishing a Hawaii-Grown Fresh Fruit and Vegetable Program; and
  - (C) Advise the Department of Agriculture in the creation and implementation of the Farm-to-School Program;
- (4) Removing section 2 of the measure which would have established the Farmers-to-Food Banks pilot project; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Education and Agriculture that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1380, H.D. 3, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1380, H.D. 3, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Ayes, 8. Noes, none. Excused, 3 (Kouchi, Shimabukuro, Taniguchi).

**SCRep. 866 Economic Development and Technology on H.B. No. 1300**

The purpose and intent of this measure is to:

- (1) Require the Department of Taxation, no later than July 1, 2013, to establish a system to allow taxpayers to file all tax returns, applications, reports, and other documents electronically; provided that there is no additional cost to the taxpayer for the electronic filing; and
- (2) Reestablish the filing and payment deadline for various taxes to the end of the month.

Your Committee received testimony in support of this measure from the Department of Taxation, The Chamber of Commerce of Hawaii, Retail Merchants of Hawaii, and The Hawaii Business League. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee previously heard and amended S.B. No. 756, which contained comparable provisions. Your Committee has amended this measure by deleting its contents and replacing them with certain provisions in S.B. No. 756, S.D. 2, that relate to electronic filing, electronic payments, and the payment of taxes on the last day of the month. As amended, this measure:

- (1) Deletes July 1, 2013, as the starting date by which the Department of Taxation would have been required to establish a system to allow taxpayers to file all tax returns, applications, reports, and other documents electronically;
- (2) Changes from \$100,000 to an unspecified amount the threshold of tax liability above which a taxpayer shall be required to remit taxes by one of the means of electronic funds transfer;
- (3) Reestablishes the filing and payment deadline of various taxes, including but not limited to quarterly filing and the payment of periodic insurance premium taxes requirements to last day of the month by repealing Act 22, Session Laws of Hawaii 2010;
- (4) Changes the effective date from July 1, 2012, to July 1, 2050, to allow for further discussion; and
- (5) Makes technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Economic Development and Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1300, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1300, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Solomon, Slom).

**SCRep. 867 Economic Development and Technology on H.B. No. 1307**

The purpose and intent of this measure is to:

- (1) Provide a temporary nonrefundable tax credit equal to four percent of residential construction and remodeling costs; and
- (2) Require the Department of Taxation to report to the Legislature prior to the 2012 Regular Session comparing the impact on jobs and the state budget for various tax credit applications.

Your Committee received testimony in support of this measure from the Department of Taxation, General Contractors Association of Hawaii, Subcontractors Association of Hawaii, Hawai'i Association of REALTORS, Building Industry Association of Hawaii, and The Pacific Resource Partnership. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee on Ways and Means previously heard and amended a companion measure, S.B. No. 654. Your Committee has amended this measure by deleting its contents and replacing them with the language in S.B. No. 654, S.D. 1. As amended, this measure:

- (1) Sets forth a findings and purpose section;
- (2) Establishes a temporary refundable ohana residential housing income tax credit equal to the lesser of either two percent of the purchase price of a qualified principal residence, or \$6,000; and
- (3) Changes the effective date from July 1, 2012, to July 1, 2050, to allow for further discussion.

As affirmed by the record of votes of the members of your Committee on Economic Development and Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1307, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1307, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Solomon, Slom).

**SCRep. 868 Commerce and Consumer Protection on H.B. No. 319**

The purpose and intent of this measure is to clarify that a property owner with an open owner-builder permit is qualified for an exemption, upon a showing of hardship, from the prohibition on sale or lease of a constructed or improved property within one year of the construction or improvement.

Your Committee received testimony in support of this measure from the Contractors License Board, Hawai'i Association of REALTORS, and one private individual.

Your Committee finds that this measure clarifies an unintended inconsistency in the current law that allows an owner-builder who has completed a home construction or improvement project to receive an exemption, upon a showing of hardship, from the prohibition on selling or leasing the constructed or improved property within one year of completing the construction or improvement but does not allow the same exemption to an owner-builder who is not able to complete the construction or improvement due to a hardship. Your Committee further finds that this measure assists the Contractors License Board in determining eligibility for the hardship exemption by requiring an applicant to submit documentation of hardship.

Your Committee has amended this measure by:

- (1) Inserting an effective date of July 1, 2011; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 319, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 319, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Solomon).

**SCRep. 869 Health on H.B. No. 863**

The purpose and intent of this measure is to provide the Hawaii Health Authority an additional year to submit to the Legislature a comprehensive health plan for all individuals in the State.

Your Committee received testimony in support of this measure from Hawaii Medical Association, Hawaii Family Support Institute, and four individuals. Your Committee received comments on this measure from Hawaii Medical Service Association.

Your Committee finds that additional time is needed for the Hawaii Health Authority to adequately prepare its comprehensive health plan for all individuals in the State and that this measure allows the Authority to do so.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 863, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, none.

**SCRep. 870 Judiciary and Labor on Gov. Msg. No. 511**

Recommending that the Senate advise and consent to the nominations of the following:

DIRECTOR OF THE DEPARTMENT OF HUMAN RESOURCES DEVELOPMENT

G.M. No. 511 SUNSHINE TOPPING, for a term to expire December 1, 2014.

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Sunshine Topping to possess the requisite qualifications to be nominated as the Director of Human Resources Development.

Your Committee received testimony in support of the nomination of Sunshine Topping from Governor Neil Abercrombie; the Office of Hawaiian Affairs; the Deputy Comptroller, Department of Accounting and General Services; the Human Resources Officer, Department of Health; eleven members of the senior management team and program managers of the Department of Human Resources Development; ten employees of the Employee Classification and Compensation Division of the Department of Human Resources Development; thirteen employees of the Employee Relations Division of the Department of Human Resources Development; twelve employees of the Employee Staffing Division of the Department of Human Resources Development; the Society for Human Resource Management Hawaii Chapter (SHRM Hawaii); the Board of Directors of the Association of Hawaiian Civic Clubs; the Hawaii Fire Fighters Association; the United Public Workers; and eight individuals. Comments regarding the appointment of Ms. Topping were submitted by one individual.

Ms. Topping obtained her Bachelor of Arts degree from the University of Colorado, Boulder, and was a Master's degree candidate at the University of Hawai'i at Manoa School of Social Work. From 1996 to 1999, Ms. Topping was employed by The Boeing Company. Initially, she served as a Project Manager, which involved staffing a project and implementing a human resources management computer system in her division. Thereafter, she worked at Boeing as the Human Resources Manager, a position that involved many aspects of human resources but focused primarily on recruitment. During this time, she handled labor relations, working with more than one hundred twenty different collective bargaining contacts.

Ms. Topping subsequently moved back to Hawaii and from 2000 to 2003, served as the Senior Manager of Human Resources at Adtech/Spirent Communications, a local high-technology company, where she was responsible for the company's human resources staff and managed all aspects of human resources for the company's two thousand United States and international employees. From 2003 to 2004, Ms. Topping opened and operated her own company, the Recruiting Office, providing high-technology clients primarily with competitive recruiting services in addition to other human resource services. From 2004 to 2007, Ms. Topping became the Director of Human Resources and Ethics at NovaSol, a Hawaii high-technology company, where she designed the human resources department, including functions such as compensation analysis and alignment and compliance with state and federal laws. From 2007 until she was appointed as the Interim Director of Human Resources Development for the State of Hawaii, she served as the Director of Human Resources for Sandwich Isles Communications, a native Hawaiian owned and operated telecommunications company. Since her appointment in December 2010, Ms. Topping has served as the Interim Director of Human Resources Development.

Ms. Topping has also been involved in the community as a member of the Executive Board of the Hawaiian Way Fund, the donor program of the Council for Native Hawaiian Advancement, a tax-exempt, nonprofit corporation that supports community practitioners and initiatives that embrace Hawaiian culture, including halau hula, charter schools, and community groups working on environmental, cultural, and youth and family projects. She has also served as a member of Hui Makua o Kawaiaha'o, the Honolulu Advertiser Community Advisory Board, and the Hawaii Science and Technology Council's Workforce Development Team. Moreover, Ms. Topping has served as a volunteer leader of SHRM Hawaii, informing legislators and decision-makers about the potential effects of proposed human resource-related legislation. In this capacity, she helped to research and provide testimony about numerous legislative initiatives and to educate legislators in individual meetings and at group outreach events.

Testimony in support of Ms. Topping's nomination emphasized her broad human resource experience in large and small companies as well as with her own company. Her experience includes labor relations with numerous collective bargaining contracts and integration of human resource computer systems to manage human resource departments. Testifiers also praised her leadership skills,

commitment, integrity, understanding, management abilities, professional relationships, strong people skills, thoughtfulness, and openness to new ideas and input from those around her.

Your Committee is particularly impressed with the number of employees of the Department of Human Resources Development who submitted testimony in support of Ms. Topping's nomination. These employees testified that she is personable, energetic, open, and willing to listen and understand, and that they appreciate her support of their efforts to provide quality services and to pursue new projects and ideas. This testimony highlights the positive and refreshing change that Ms. Topping has made within the Department in the limited time that she has served as its Interim Director. Your Committee understands that Ms. Topping's inclusive management style and passion for human resources as a profession have invigorated the Department despite an increased workload and cuts to positions and resources.

During her testimony before your Committee, Ms. Topping relayed that her nomination reflects Governor Abercrombie's desire to encourage state employees. Based on the testimony submitted and Ms. Topping's statement and testimony, your Committee believes that Ms. Topping is the ideal person to accomplish this goal.

Your Committee finds that, based on the testimony submitted, Ms. Topping is exceptionally qualified to serve as the Director of Human Resources Development. With her diverse experience within the field of human resources, Ms. Topping will bring a broad perspective and valuable experience in human resource issues that can provide the Department with fresh ideas. Additionally, her experience working with SHRM Hawaii has given her the experience to work with the Legislature and individual legislators to explain and clarify human resource and employment issues. Your Committee believes that Ms. Topping's expertise in the human resource area and her inclusive management style will serve the Department very well.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Ihara, Slom).

**SCRep. 871 Health on Gov. Msg. No. 527**

Recommending that the Senate advise and consent to the nominations of the following:

DIRECTOR OF THE DEPARTMENT OF HEALTH

G.M. No. 527 LORETTA J. FUDDY, for a term to expire December 1, 2014.

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Loretta J. Fuddy to possess the requisite qualifications to be nominated as Director of Health.

Your Committee received testimony in support of the nomination of Loretta J. Fuddy from the Governor of the State of Hawaii; Executive Office on Aging; Department of Health, Environmental Health Administration; Department of Health, Developmental Disabilities Division; Office of Environmental Quality Control; Community Empowerment Services; Hui No Ke Ola Pono, Inc.; Puna Community Medical Center; Co-Cathedral of Saint Theresa of the Child Jesus; American Medical Response; Hawai'i Women's Political Caucus; Coalition for a Tobacco-Free Hawai'i; Kapi'olani Child Protection Center; Early Learning Council; PHOCUSED; Goodwill Industries of Hawaii, Inc.; Hawai'i Primary Care Association; Healthcare Association of Hawaii; Good Beginnings Alliance; Molokai Community Health Center; Waianae Coast Comprehensive Health Center; Child Welfare Services State Advisory Council; American Cancer Society Hawai'i Pacific, Inc.; Aloha United Way; Hawaii Health Information Corporation; Board of Directors, Hawaii Health Systems Corporation; Hawaii Long Term Care Association; Hawai'i Nutrition and Physical Activity Coalition; Parents and Children Together; Papa Ola Lokahi; Catholic Charities Hawai'i; Healthy Mothers Healthy Babies Coalition of Hawai'i; Kokua Kalih Valley Comprehensive Family Services; Hawai'i Pacific Health; American Academy of Pediatrics, Hawai'i Chapter; Abilities Unlimited; Association of Maternal & Child Health Programs; PATH Peoples Advocacy for Trails Hawai'i; Center on Disability Studies; Child & Family Service; Ho'ola Lahui Hawai'i; Injury Prevention Advisory Committee; March of Dimes Foundation, Hawaii Chapter; and forty-six private individuals.

Upon review of the testimony, your Committee finds that Ms. Fuddy's extensive experience, demonstrated leadership abilities, compassion, personal integrity, and commitment to serving the health care needs of children and adults throughout the State make her well-qualified for the position of Director of Health.

Ms. Fuddy has an extensive educational background, receiving a Bachelor of Arts degree in Sociology and Masters' degrees in Social Work and Public Health from the University of Hawaii. Ms. Fuddy also was a doctoral candidate at Johns Hopkins University.

Ms. Fuddy brings to the Department of Health over thirty-five years of experience in health services and public health administration. Ms. Fuddy began her career at the Department of Health as an entry-level staffer and quickly progressed to upper-level management, holding positions as Social Worker III, Social Worker IV, Learning Disability Section Supervisor, Perinatal Health Services Section Supervisor, Maternal and Child Health Branch Chief, Family Health Services Division Chief, and Deputy Director of Health.

Ms. Fuddy currently serves as the Acting Director of Health. With a budget of approximately \$900,000,000 and a staff of approximately 3,000 employees, Ms. Fuddy has had to confront the State's complex health care needs and has risen to the challenge, proving her ability, dedication, and commitment of meeting those needs even under difficult budgetary constraints.

Your Committee also finds that Ms. Fuddy is an effective administrator, social worker, and advocate for affordable and effective health care. She has worked fervently on issues such as substance abuse, mental health, violence prevention, disease control and prevention, infant mortality, prenatal care, early head start, childhood lead poisoning, learning disabilities, child abuse, wellness, and affordable care.

Your Committee notes that Ms. Fuddy has not only been actively involved in improving the health care options for the people of the State of Hawaii, but she has also been active at the national level through collaborative efforts with the Public Health Association, Association of State and Territorial Public Health Officers, National Association of Social Workers, and the Association of Maternal and Child Health Programs. Her dedication to improving the availability of quality, affordable health care for all of Hawaii's residents is unquestioned.

Your Committee finds that, based on the testimony submitted, Ms. Fuddy is uniquely qualified to serve as the Director of Health. Her previous work experiences and positions demonstrate her knowledge and ability to oversee the Department of Health. Her leadership qualities will foster transparency, collaboration, partnership, and engagement among the Legislature, community, health care providers, social service organizations, and Department of Health. Your Committee believes that Ms. Fuddy's expertise, leadership, honesty, intelligence, and commitment to public health will allow her to serve the State and the Department of Health well.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Slom).

**SCRep. 872 (Joint) Health and Public Safety, Government Operations, and Military Affairs on H.B. No. 1654**

The purpose and intent of this measure is to terminate conditional use permits issued by a county agency to group living facilities or group homes that do not use the permits or cease operations for one year, in order to address the continued need for the establishment and operation of group living facilities in residential communities.

Your Committees received testimony in support of this measure from two private individuals.

Your Committees find that there is an ongoing need for group living facilities throughout the State and that this measure will help ensure that unused permits are made available to organizations that will actually use them to provide these critical group home services.

Your Committees have amended this measure by:

- (1) Inserting an effective date of July 1, 2050, to allow for further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Health and Public Safety, Government Operations, and Military Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1654, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1654, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

Ayes, 7. Noes, none. Excused, 3 (Ryan, Shimabukuro, Slom).

**SCRep. 873 (Joint) Health and Public Safety, Government Operations, and Military Affairs on H.B. No. 1071**

The purpose and intent of this measure is to establish a compliance reporting mechanism for persons found unfit to stand trial who are conditionally released to the community in order to further protect the safety of Hawaii's residents.

Your Committees received testimony in support of this measure from the Department of Health; Department of the Prosecuting Attorney, City and County of Honolulu; and one private individual.

Your Committees find that when a defendant is conditionally released after a finding of unfitness to proceed, this measure would provide much needed monitoring of released individuals and added security for residents of the State by requiring the Department of Health to establish and monitor a fitness restoration program that is consistent with conditions set by a court order and to inform the Department of Public Safety's Intake Service Center of the plan and the defendant's ongoing compliance with the fitness restoration program.

Your Committees have amended this measure by:

- (1) Changing the effective date to upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Health and Public Safety, Government Operations, and Military Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1071, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1071, H.D. 2, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chairs on behalf of the Committees.

Ayes, 7. Noes, none. Excused, 3 (Ryan, Shimabukuro, Slom).

**SCRep. 874 Commerce and Consumer Protection on H.B. No. 1004**

The purpose and intent of this measure is to clarify the existing antitrust law to reconfirm the right of government entities to bring actions for damages notwithstanding the government entities' status as indirect purchasers.

Your Committee received testimony in support of this measure from the Department of the Attorney General.

Your Committee finds that this measure will provide the State an opportunity to seek redress where the State has been harmed by antitrust violations. Your Committee further finds that the current law has prevented the State from pursuing suit for identified antitrust violations involving matters such as systemic price fixing that would have properly resulted in reimbursement to the State for overcharges and other damages. Finally, your Committee finds that this measure does not create any new violations or enable undue expansion of damage awards. Rather, this measure allows the State to pursue proper remedies for actual economic harm suffered by the State because of the unlawful market conduct of outside entities.

Your Committee has amended this measure by:

- (1) Inserting an effective date of July 1, 2011; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1004, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1004, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, none.

**SCRep. 875 (Joint) Commerce and Consumer Protection and Transportation and International Affairs on H.B. No. 1094**

The purpose and intent of this measure is to amend the licensing process and medical requirements for commercial driver's licensing to comply with the Federal Motor Carrier Safety Regulations.

Your Committees received testimony in support of this measure from the Hawaii Transportation Association.

Your Committees find that the amendments to existing state law proposed by this measure are necessary to comply with the requirements of the Federal Motor Carrier Safety Regulations. Specifically, your Committees find that this measure will allow the examiner of drivers to withhold the authority to operate under a commercial driver's license from individuals who do not meet the medical criteria required to ensure safe operation of a commercial motor vehicle. Your Committees note that failure to make the amendments to existing law proposed by this measure will result in noncompliance with controlling federal regulations and will subject the State to significant penalties in the form of the withholding of federal funds each year that the State remains out of compliance.

Your Committees have amended this measure by:

- (1) Inserting an effective date of July 1, 2011; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Transportation and International Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1094, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1094, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chairs on behalf of the Committees.  
Ayes, 10. Noes, none. Excused, 3 (Dela Cruz, Gabbard, Kouchi).

**SCRep. 876 (Joint) Health and Commerce and Consumer Protection on H.B. No. 1134**

The purpose and intent of this measure is to eliminate all provisions for and references to the termination of the Hawaii Prepaid Health Care Act, despite anticipated future federal health care reform legislation, to allow the people of Hawaii to have continued access to health care benefits and services.

Your Committees received testimony in support of this measure from the Department of Labor and Industrial Relations, Hawaii Association of Health Plans, Hawaii Medical Service Association, American Cancer Society, AARP Hawaii, and one private citizen. Your Committees received comments on this measure from the Department of Commerce and Consumer Affairs, Healthcare Association of Hawaii, and The Chamber of Commerce of Hawaii.

Your Committees find that although national affordable health care discussions may result in better health care, reforms have yet to materialize, whereas Hawaii's Prepaid Health Care Act has been in effect for almost four decades, and the superior health benefits and services enjoyed by Hawaii residents validates Hawaii's Prepaid Health Care Act as successful legislation that should be retained.

Your Committees have amended this measure by making this measure effective upon approval.

As affirmed by the records of votes of the members of your Committees on Health and Commerce and Consumer Protection that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1134, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1134, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chairs on behalf of the Committees.  
Ayes, 6. Noes, none. Excused, 4 (Nishihara, Shimabukuro, Solomon, Wakai).

**SCRep. 877 (Joint/Majority) Health and Education on H.B. No. 902**

The purpose and intent of this measure is to establish the Hawaii Medical Doctor Loan Program for University of Hawaii medical school graduates and medical school graduates with training from Hawaii-based medical programs working in rural areas of the State, in order to encourage doctors to practice in underserved areas throughout Hawaii.

Your Committees received testimony in support of this measure from the University of Hawai'i System, Workforce Development Council, Hawaii Medical Association, Healthcare Association of Hawaii, and one private individual.

Your Committees acknowledge that the delivery of health care services and the escalating costs of education have resulted in severe shortages of health care professionals. A poor distribution of health care professionals has resulted in a surplus of these professionals in some areas of the State and a shortage in other parts of the State, particularly in the more rural areas. The salary potential for health care professionals in health professional shortage areas is often not as favorable when compared to non-shortage areas. Your Committees find that there is a need to provide incentives not only for doctors, but also nurse practitioners and physician assistants to practice in the underserved areas. Your Committees also find that there is a similar measure, S.B. No. 596, S.D. 2 (2011), that provides additional benefits to support the goal of reducing these rural shortages, and the provisions of S.B. No. 596, S.D. 2 (2011), should be incorporated into this measure.

Accordingly, your Committees have amended this measure by:

- (1) Adding definitions for various terms;
- (2) Establishing the Hawaii Health Corps Program to encourage physicians, physician assistants, and nurse practitioners to serve in counties having shortages of trained health care professionals;
- (3) Establishing the Hawaii Rural Health Care Loan Repayment Program, which partners with financial institutions to make loan repayment assistance to eligible licensed practitioners;
- (4) Imposing a first responder service obligation, whereby in the event of a civil defense emergency, practitioners participating in the Hawaii Health Corps Program may be ordered into service by the Governor as first medical responders;
- (5) Eliminating the Hawaii Medical Doctor Loan Program Revolving Fund;
- (6) Establishing the Hawaii Health Corps Revolving Fund;
- (7) Requiring the University of Hawaii John A. Burns School of Medicine and the University of Hawaii at Manoa School of Nursing and Dental Hygiene to implement the Hawaii Health Corps Program no later than June 30, 2012; and
- (8) Appropriating funds:
  - (A) For the implementation and administration of the Hawaii Health Corps Program;
  - (B) To implement and sustain the Hilo Medical Center's Rural Interdisciplinary Residency Program;
  - (C) For the University of Hawaii's continued participation in accreditation processes;
  - (D) To increase the number of family medicine and nursing residency slots, and to establish rotations on other islands; and
  - (E) To provide stipends to each qualifying medical and nursing resident in a family medicine or nursing residency at the Hilo Medical Center.

As affirmed by the records of votes of the members of your Committees on Health and Education that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 902, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 902, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Ayes, 6. Noes, 1 (Slom). Excused, 3 (Baker, Shimabukuro, Wakai).

**SCRep. 878 (Joint) Economic Development and Technology and Commerce and Consumer Protection on H.B. No. 980**

The purpose and intent of this measure is to require:

- (1) Each state agency with administrative rules that affect small business to report before August 15 each year to the Small Business Regulatory Review Board on the impact of statutory changes on those rules;
- (2) The Governor to direct each state agency to work with the Small Business Regulatory Review Board to develop internal processes to expedite rulemaking actions for rules that affect small business and require amendment or adoption; and
- (3) The Small Business Regulatory Review Board to report to the Legislature in 2012 and 2013, and thereafter as necessary, on implementation of the Act.

Your Committees received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; National Federal of Independent Business Hawaii; and Hawaii Farm Bureau Federation. Your Committees received comments on this measure from the Department of Budget and Finance and one individual.

Your Committees previously heard and amended S.B. No. 1498, which contained comparable and additional provisions related to the Small Business Regulatory Review Board. Your Committees have amended this measure by deleting its contents and replacing them with the language in S.B. No. 1498, S.D. 2. As amended, this measure:

- (1) Transfers the Small Business Regulatory Review Board, with its statutory duties and powers, from the Department of Business, Economic Development, and Tourism to the Department of Commerce and Consumer Affairs, and authorizes the expenses of the Board to be funded from the Compliance Resolution Fund; provided that the Board is not required to charge any fee for its service;
- (2) Requires each state agency to notify the Small Business Regulatory Review Board by June 30 of each year of any rules to be amended or repealed to reflect statutory amendments or repeals;

- (3) Amends the findings and purpose section to reflect its amended purpose; and
- (4) Changes the effective date from July 1, 2112, to July 1, 2050, to allow for further discussion.

As affirmed by the records of votes of the members of your Committees on Economic Development and Technology and Commerce and Consumer Protection that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 980, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 980, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.  
Ayes, 6. Noes, none. Excused, 3 (Green, Solomon, Taniguchi).

**SCRep. 879      Transportation and International Affairs on H.B. No. 424**

The purpose and intent of this measure is to extend the temporary exemption from the State's environmental impact statement law afforded to certain actions involving infrastructure within existing public rights-of-way.

Your Committee received testimony in support of this measure from Hawaiian Electric Company, Inc.; NAIOP Hawaii, Commercial Real Estate Development Association; The Chamber of Commerce of Hawaii; Hawai'i Association of REALTORS; and Land Use Research Foundation of Hawaii. Comments were received from the Office of Environmental Quality Control and one individual.

This measure extends the sunset date of Act 87, Session Laws of Hawaii 2009, from July 1, 2011, to July 1, 2013. Act 87 exempts a primary from chapter 343, Hawaii Revised Statutes, the environmental impact statements law, action that requires a permit or approval that is not subject to a discretionary consent and that involves a secondary action that is ancillary and limited to the installation, improvement, renovation, construction, or development of infrastructure within an existing public right-of-way or highway.

Your Committee finds that Act 87 has raised concerns and questions about the application of chapter 343, Hawaii Revised Statutes, as it pertains to primary and secondary actions. This measure allows more time to resolve these issues.

Your Committee has amended this measure by requiring the Office of Environmental Quality Control to report findings and recommendations, including proposed legislation, to the Legislature no later than twenty days before the convening of the Regular Session of 2012, regarding issues related to the application of chapter 343, Hawaii Revised Statutes, and the effectiveness of Act 87, Session Laws of Hawaii 2009.

As affirmed by the record of votes of the members of your Committee on Transportation and International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 424, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 424, S.D. 1, and be referred to the Committee on Energy and Environment.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Kouchi).

**SCRep. 880      Transportation and International Affairs on H.B. No. 1093**

The purpose and intent of this measure is to clarify the commercial driver licensing law with respect to alcohol concentration level of an individual driving a commercial vehicle.

Your Committee received testimony in support of this measure from the Department of Transportation, Honolulu Police Department, and Hawaii Transportation Association.

This measure amends the definition of "driving a commercial motor vehicle while under the influence of an intoxicant" to include driving a commercial motor vehicle while the person's alcohol concentration is 0.04 or more grams of alcohol per two hundred ten liters of breath or 0.04 or more grams of alcohol per one hundred milliliters or cubic centimeters of blood, and makes conforming amendments to appropriate statutory provisions.

Your Committee finds that this measure conforms the wording of Hawaii's law to that of the federal regulations relating to commercial driver licensing, and to the statute relating to driving while under the influence of an intoxicant except for the alcohol percent content threshold, which remains at 0.04 grams.

Your Committee has amended this measure by changing the effective date to upon approval.

As affirmed by the record of votes of the members of your Committee on Transportation and International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1093, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1093, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Kouchi).

**SCRep. 881      Transportation and International Affairs on H.B. No. 393**

The purpose and intent of this measure is to require any court of competent jurisdiction to immediately revoke the license of any driver for a period of up to five years upon a conviction of the driver of negligent homicide in the first degree or negligent homicide in the second degree. This measure also clarifies that a court may sentence a person convicted of the class A felony of manslaughter for up to two years of imprisonment.

Your Committee received testimony in support of this measure from the Department of the Attorney General, County of Maui Department of the Prosecuting Attorney, and Mothers Against Drunk Driving HAWAII. Your Committee received testimony in opposition to this measure from one individual.

Section 286-124, Hawaii Revised Statutes, currently requires the court to revoke the license of any driver convicted of a manslaughter offense resulting from the operation of a motor vehicle, but it does not specify any time period for the mandatory revocation. While this measure sets the maximum possible terms for the mandatory license revocation, the court retains discretion to determine the specific period of revocation that should be imposed to protect the public from these dangerous drivers.

Your Committee has amended this measure by:

- (1) Making the measure effective upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Transportation and International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 393, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 393, H.D. 2, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Kouchi).

**SCRep. 882 (Joint) Transportation and International Affairs and Agriculture on H.B. No. 1568**

The purpose and intent of this measure is to:

- (1) Require the Aloha Tower Development Corporation to provide biosecurity and inspection facilities to the Department of Agriculture at the Aloha Tower Complex, and to require the Department of Transportation to provide biosecurity and inspection facilities to the Department of Agriculture at various harbors and airports; and
- (2) Make an appropriation for the Department of Agriculture to reimburse the Department of Transportation for establishing biosecurity and inspection facilities.

Your Committees received testimony in support of this measure from the Department of Transportation, Department of Land and Natural Resources, Mayors of the City and County of Honolulu, Maui, and Hawai'i, Maui Invasive Species Committee, The Nature Conservancy, Coordinating Group on Alien Pest Species, Hawaii Farm Bureau Federation, Maui Hotel and Lodging Association, and six individuals. Your Committees received comments on this measure from the Airlines Committee of Hawaii and Air Transport Association.

Your Committees find that the efficient and secure movement of agricultural commodities - whether imported into the State, exported out of the State, or transported between the islands of the State - is key to the long-term viability of Hawaii's agriculture industry. The inspection and proper treatment of incoming and outgoing commodities reduce the probability of the introduction of new pests to Hawaii's agricultural industry and reduce the likelihood of a quarantine on Hawaii's exported goods. Your Committees further find that appropriate inspection facilities and consistent inspection activities are crucial to protecting the health, safety, and welfare of the public and the environment, as transportation by air and sea have been identified as the risk pathways for invasive species into the State of Hawaii. The intent of your Committees is to reduce the likelihood of economic losses associated with additional invasive species introductions, as well as to avoid the imposition of a quarantine on Hawaii's exported goods.

Your Committees have amended this measure by:

- (1) Clarifying that the Department of Transportation is entitled to reimbursement in full from the Department of Agriculture and the Aloha Tower Development Corporation, as applicable, for the costs of design and construction of biosecurity and inspection facilities at the Aloha Tower Complex;
- (2) Clarifying that the Department of Transportation is entitled to reimbursement in full from the Department of Agriculture for the costs of design and construction of biosecurity and inspection facilities at the airports and harbors;
- (3) Changing the effective date to July 1, 2011; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Transportation and International Affairs and Agriculture that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1568, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1568, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.  
Ayes, 7. Noes, none. Excused, 5 (Gabbard, Kouchi, Shimabukuro, Tokuda, Wakai).

**SCRep. 883 Transportation and International Affairs on H.B. No. 775**

The purpose and intent of this measure is to assist the State in addressing its budgetary needs by transferring all monies contained in the Photo Enforcement Revolving Fund to the General Fund.

Your Committee received testimony in support of this measure from the Hawaii Government Employees Association.

Act 240, Session Laws of Hawaii 2000, established the Photo Enforcement Revolving Fund, which was repealed by Act 58, Session Laws of Hawaii 2002, along with the Photo Red Light Imaging and Photo Speed Detection System enacted by Act 234, Session Laws of Hawaii 1998. Act 58 also required that all monies in the Photo Enforcement Revolving Fund be transferred to the General Fund. However, records appear to indicate that a balance of \$3,480,000 remains in the Revolving Fund. Your Committee finds that given the State's current fiscal situation, restating the directive that the unused funds be transferred to the General Fund is prudent.

As affirmed by the record of votes of the members of your Committee on Transportation and International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 775, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Kouchi).

**SCRep. 884 (Majority) Transportation and International Affairs on H.B. No. 993**

The purpose and intent of this measure is to develop alternative means of transportation between the islands of the State by:

- (1) Establishing the Hawaii Marine Highway System;
- (2) Requiring the Department of Transportation to administer the System by:
  - (A) Developing a comprehensive long-range plan for the development and improvement of the System;
  - (B) Constructing, purchasing, or leasing ferry terminal facilities throughout the State; and
  - (C) Repairing and maintaining ferry terminal facilities throughout the State; and
- (3) Creating the Hawaii Marine Highway System Fund within the state treasury, which funds are to be used for the operation and maintenance of the System.

Your Committee received testimony in support of this measure from the Department of Transportation and four individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

This measure is patterned after the Alaska Marine Highway System, which is a ferry service operated by the State of Alaska to provide for the efficient transportation of people, goods, and vehicles. The Alaska Marine Highway System has been in operation since 1963 and is part of the United States National Highway System, which is a network of primary highways and federally designated ferry routes, for inclusion in the Federal Highway System to be eligible to receive federal funding for capital improvements.

Your Committee finds that Hawaii, as an island state, would benefit from a ferry service as an alternative to a highway system to connect all the islands of the State.

As affirmed by the record of votes of the members of your Committee on Transportation and International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 993, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, 1 (Slom). Excused, 1 (Kouchi).

**SCRep. 885 (Majority) Transportation and International Affairs on H.B. No. 1239**

The purpose and intent of this measure is to enhance transportation between the Hawaiian Islands by:

- (1) Establishing the Hawaii State Ferry System Authority to develop the Hawaii State Ferry System that will transport passengers and cargo between the Hawaiian Islands;
- (2) Establishing the Hawaii State Ferry System Special Fund to operate the Hawaii State Ferry System; and
- (3) Appropriating funds for the start-up and operation of the Hawaii State Ferry System.

Your Committee received testimony in support of this measure from the Department of Transportation, Hawaii Farm Bureau Federation, and one individual. Your Committee received testimony in opposition to this measure from Sea Link of Hawaii. Your Committee received comments on this measure from the Department of Budget and Finance and one individual.

Your Committee finds that viable agriculture in Hawaii is dependent upon an efficient, reliable, and affordable transportation system. With the individual islands of Hawaii separated by vast expanses of water, and given that agricultural production areas are distant from population centers, the goal of increased self-sufficiency for the State is dependent upon a sound transportation system. The Hawaii State Ferry System contemplated by this measure provides an option that merits further exploration.

As affirmed by the record of votes of the members of your Committee on Transportation and International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1239, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, 1 (Slom). Excused, 1 (Kouchi).

**SCRep. 886 Transportation and International Affairs on H.B. No. 1039**

The purpose and intent of this measure is to enact the federal highway revenue anticipation notes and bonds law.

Prior to holding a hearing on this measure, a proposed S.D. 1 was prepared and made available for public review. The purpose and intent of the proposed S.D. 1 is to provide rent relief to airport concessions that have a guaranteed rent formula with the State, and to extend the sunset date of Act 33, Special Session Laws of Hawaii 2009, from July 1, 2011, to July 1, 2012. The proposed S.D. 1 takes effect on June 30, 2011.

Your Committee received testimony in support of the proposed S.D. 1 from the Airports Concessionaires Committee; Human Services Host; Tiare Enterprises, Inc.; International Currency Exchange; Greeters of Hawaii, Ltd.; DFS Hawaii Division; EAN

Holdings, LLC; and Island Shoppers, Incorporated. Your Committee received comments on the proposed S.D. 1 from the Department of Transportation and Airlines Committee of Hawaii.

Act 33, Special Session Laws of Hawaii 2009, sought to provide the Department of Transportation with the discretion and flexibility to provide relief to various airport concessions due to sudden, extraordinary, and severe economic events. The Legislature recognized that the Department of Transportation's relief efforts were not fair to all concessions in that some concessions had a self-adjusting eighty-five percent guaranteed rent adjusting formula that provided relief for adverse economic events. Other concessions had a guaranteed rent formula that does not allow for fluctuations in economic circumstances.

Your Committee has amended this measure by adopting the proposed S.D. 1 and further amending the proposed S.D. 1 by clarifying that the Governor, or the Director of Transportation if so requested by the Governor, shall have the discretion and authority to provide additional relief to airport concessions.

As affirmed by the record of votes of the members of your Committee on Transportation and International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1039, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1039, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Kouchi).

**SCRep. 887 (Joint) Public Safety, Government Operations, and Military Affairs and Transportation and International Affairs on H.B. No. 261**

The purpose and intent of this measure is to exempt the rulemaking authority of semi-autonomous county public transit agencies from approval by the Mayor of their respective counties.

Your Committees received testimony in support of this measure from the City and County of Honolulu Department of Transportation Services.

In 2010, the voters of the City and County of Honolulu approved a charter amendment to establish a semi-autonomous county public transit authority and charge this authority with the planning, construction, operation, maintenance, expansion, and management of Honolulu's fixed guideway mass transit system, known officially as the Honolulu Authority for Rapid Transportation. This measure provides the Authority with rulemaking authority to carry out its mandate efficiently and effectively.

Your Committees have amended this measure by changing the effective date to upon approval.

As affirmed by the records of votes of the members of your Committees on Public Safety, Government Operations, and Military Affairs and Transportation and International Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 261, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 261, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chairs on behalf of the Committees.  
Ayes, 7. Noes, none. Excused, 3 (Gabbard, Kidani, Kouchi).

**SCRep. 888 Public Safety, Government Operations, and Military Affairs on H.B. No. 1532**

The purpose and intent of this measure is to help reduce the number of appeals to the Tax Appeal Court by requiring:

- (1) A real property tax assessment appellant to obtain an initial decision from an administrative body established by county ordinance prior to appealing to the Tax Appeal Court when required to do so by county law; and
- (2) The notice of appeal to be accompanied by a copy of the decision rendered by the administrative body.

Your Committee received testimony in support of this measure from the Department of Budget and Fiscal Services of the City and County of Honolulu, the County of Maui Real Property Tax Division, the Mayor of the County of Maui, and a member of the Maui County Council. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that taxpayers currently have the option of appealing a disputed real property tax assessment with either the Tax Appeal Court or a county board of review. Your Committee further finds that the current wait for a trial date for cases filed with the Tax Appeal Court is approximately eighteen months. This measure will help to alleviate the workload of the Tax Appeal Court and allow for a quicker resolution of real property tax appeals at the county review level.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1532, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1532, H.D. 2, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 889 Public Safety, Government Operations, and Military Affairs on H.B. No. 1640**

The purpose and intent of this measure is to mandate the Department of the Attorney General to work with the counties to allow county employees to issue civil identification at the same locations where driver's licenses are issued.

Your Committee received testimony in support of this measure from the Department of the Attorney General and one individual.

Your Committee finds that it is critical that all of Hawaii's citizens obtain some form of state identification. While some individuals use their state driver's licenses as their state identification, those without driver's licenses are forced to obtain civil identifications, which are available from only a few locations throughout the State. This measure would significantly improve access to certificates of identification for Hawaii's residents.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1640, H.D. 2, and recommends that it pass Second Reading and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 890 (Joint) Public Safety, Government Operations, and Military Affairs and Water, Land, and Housing on H.B. No. 270**

The purpose and intent of this measure is to eliminate the public auction requirement for the disposition of easements of county property for a specific purpose.

Your Committees received testimony in support of this measure from the City and County of Honolulu and Hawaiian Electric Company, Inc.

Your Committees find that eliminating the public auction requirement for the disposition of easements will streamline the process whereby the counties, upon approval of the respective county council, can grant easements over county land.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Public Safety, Government Operations, and Military Affairs and Water, Land, and Housing that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 270, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 270, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.  
Ayes, 7; Ayes with Reservations (Ryan). Noes, none. Excused, 3 (Fukunaga, Tokuda, Slom).

**SCRep. 891 (Joint) Energy and Environment and Water, Land, and Housing on H.B. No. 122**

The purpose and intent of this measure is to encourage the development of renewable energy facilities in Hawaii by extending to July 1, 2020, the exemption for renewable energy projects from subdivision requirements on state agricultural or conservation lands.

Your Committees received testimony in support of this measure from William J. Aila, Jr., Department of Land and Natural Resources; Richard Lim, Department of Business, Economic Development, and Tourism; Kapu C. Smith, Kamehameha Schools; Dave Arakawa, Land Use Research Foundation of Hawaii; and Mark Duda, Hawaii Solar Energy Association.

Your Committees find that the development of renewable energy facilities may generate broad societal benefits including increased energy security, resistance to fluctuations in oil prices, environmental sustainability, economic development, and job creation. In order to develop and finance renewable energy facilities, a site for the facilities and access to the site must often be leased, granted as an easement, or mortgaged. Your Committees further find that renewable energy projects may require site acreage or configurations that do not coincide with existing, already subdivided lot boundaries and that current subdivision laws generally prohibit the transfer of an interest in land that is not an entire subdivided lot or easement that has been approved by the applicable county. Act 173, Session Laws of Hawaii 2009, was enacted to address this issue and extending the sunset date of Act 173 will continue to encourage the development of renewable energy facilities and assist Hawaii in meeting its clean energy goals.

Your Committees further find that there is some ambiguity as to what types of facilities, in addition to solar, are eligible for the exemption and that wind energy facilities should be clearly delineated as eligible for the exemption.

Your Committees have amended this measure by:

- (1) Clarifying that wind energy facilities are included in the exemption; and
- (2) Amending the purpose section accordingly.

As affirmed by the records of votes of the members of your Committees on Energy and Environment and Water, Land, and Housing that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 122, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 122, H.D. 1, S.D. 1, and be referred to the Committee on Agriculture.

Signed by the Chairs on behalf of the Committees.  
Ayes, 7. Noes, none. Excused, 4 (English, Fukunaga, Slom, Tokuda).

**SCRep. 892 Energy and Environment on H.B. No. 423**

The purpose and intent of this measure is to authorize the issuance of special purpose revenue bonds to assist Carbon Bio-Engineers, Inc., or a partnership in which Carbon Bio-Engineers, Inc., is a general partner, with the establishment of cogeneration and related energy-production facilities at various locations in the State.

Your Committee received testimony in support of this measure from Dante Carpenter, Carbon Bio-Engineers, Inc. Your Committee received comments on this measure from Kalbert K. Young, Department of Budget and Finance.

Your Committee finds that this measure will ultimately help to reduce the State's dependence on fossil fuels, its need for increased landfill space, and costs associated with transportation and disposal of waste, including organic feedstock and tires. Your Committee recognizes that under the Internal Revenue Code there is a limitation on the amount of tax-exempt financing for industrial projects and that Carbon Bio-Engineers, Inc., may have to consult with a bond counsel firm to determine whether the project may qualify for the full amount of tax-exempt financing.

Your Committee has amended this measure by:

- (1) Inserting an authorization amount of \$40,000,000; and
- (2) Changing the effective date to upon approval.

As affirmed by the record of votes of the members of your Committee on Energy and Environment that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 423, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 423, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (English, Slom).

**SCRep. 893 Energy and Environment on H.B. No. 855**

The purpose and intent of this measure is to authorize the issuance of special purpose revenue bonds to assist Pacific Power and Water Company, Inc. with the planning, permitting, designing, construction, equipping, and operating of hydropower facilities throughout the State.

Your Committee received testimony in support of this measure from Patrick Sullivan, Pacific Power and Water Company, Inc. Your Committee received comments on this measure from Kalbert K. Young, Department of Budget and Finance.

Your Committee finds that the hydropower projects for which assistance is requested will produce renewable energy, generate revenue for much needed dam maintenance and repair, generate jobs in the renewable energy sector, and reduce the State's overall dependence on fossil fuels. Your Committee also finds, however, that Pacific Power and Water Company, Inc., needs to provide clarifying information to your Committees on Energy and Environment and Ways and Means by April 15, 2011, and that this information shall include statements, without rendering opinions, from the Department of Business, Economic Development, and Tourism and the Department of Budget and Finance stating that both agencies have reviewed the project's business plan and, in the statement from the Department of Budget and Finance, that the agency has reviewed the company's financial statements. Your Committee also recognizes that under the Internal Revenue Code there is a limitation on the amount of tax-exempt financing for industrial projects but that Pacific Power and Water Company Inc., has indicated to the Department of Budget and Finance that they have consulted with bond counsel and believe that their project is eligible for \$25,000,000 of special purpose revenue bond financing.

Your Committee has amended this measure by:

- (1) Changing the dates in sections 4 and 5 of the measure to June 30, 2016, in order to be consistent with the usual five-year authorization for the issuance of special purpose revenue bonds;
- (2) Inserting an authorization amount of \$25,000,000; and
- (3) Changing the effective date to upon approval.

As affirmed by the record of votes of the members of your Committee on Energy and Environment that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 855, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 855, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (English, Slom).

**SCRep. 894 Tourism on H.B. No. 548**

The purpose of this measure is to hold authors and publishers of visitor websites and publications liable to readers who suffer injury or death as a result of being enticed to go onto private or public lands from which the public is excluded. The intent of this measure is to reduce trespassing and prevent or diminish risk of serious injury or death to visitors of Hawaii who trespass onto certain lands.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Hawai'i Tourism Authority; Land Use Research Foundation of Hawaii; Grove Farm Company, Inc.; Hawaii Farm Bureau Federation; Enterprise Honolulu; Pahio Development, Inc.; and two private citizens. Your Committee received testimony in opposition to this measure from the American Civil Liberties Union of Hawai'i; This Week Magazines; The Islander Group; Sierra Club Hawai'i Chapter; Hawaii Publishers Association; Association of American Publishers, Inc.; Media Coalition; Honolulu Publishing Company, Ltd.; Society of Professional Journalists, Hawaii Chapter; The Bess Press; Wizard Publishing, Inc.; Page Marketing, Inc.; and four private citizens. Your Committee received comments on this measure from the Hawaii Association for Justice.

Your Committee finds that there is large support for the creation of a task force to identify problem areas on all islands that pose a risk of serious injury or death to visitors. Your Committee also finds that a similar measure, S.B. No. 1207, S.D. 1 (2011), contains language that creates a task force to assist the State in identifying these problem areas.

Accordingly, your Committee has amended this measure by deleting its contents and replacing them with the contents of S.B. No. 1207, S.D. 1. This measure, as amended:

- (1) Establishes a task force to identify problem areas on the various islands of the State and recommend remedies to reduce the incidence of trespass over privately held or public lands; and
- (2) Requires the task force to prepare and submit a report of its findings and recommendations to the Legislature no later than twenty days prior to the convening of the Regular Session of 2012.

As affirmed by the record of votes of the members of your Committee on Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 548, H.D. 3, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 548, H.D. 3, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 895 Human Services on H.B. No. 761**

The purpose and intent of this measure is to amend references in the Hawaii Revised Statutes by substituting “intellectual disabilities”, or like term, wherever the term “mental retardation”, or like term, appears.

Your Committee received testimony in support of this measure from the Department of Health, State Council on Developmental Disabilities, Disability and Communication Access Board, Kauai Developmental Disabilities Committee, Maui County Developmental Disabilities Committee, Special Education Advisory Council, Hawaii Disability Rights Center, Hawaii Waiver Providers Association, Family Voices of Hawai‘i, and seventeen individuals.

Your Committee finds that individuals with intellectual disabilities deserve to be treated with greater dignity and respect. Changing references from “mental retardation” to “intellectual disability” within the Hawaii Revised Statutes appropriately reflects current and evolving terminology. Your Committee also finds that the term “intellectual disability” is recognized by the federal government and used in federal health, education, and labor laws. Hawaii will join the federal government, national organizations, and consumer advocacy groups that have changed their language from “mental retardation” to “intellectual disability”, and in doing so, respect people first.

Your Committee has amended this measure by:

- (1) Deleting section 18, which would have required departments affected by the amendments in this measure to adopt or amend the relevant Hawaii Administrative Rules before January 1, 2015; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 761, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 761, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 1 (Slom).

**SCRep. 896 Human Services on H.B. No. 909**

The purpose and intent of this measure is to authorize the Family Court to:

- (1) Issue financial restraining orders during annulment, divorce, or separation proceedings; and
- (2) Consider the unauthorized dissipation of marital assets when ordering payment of attorney’s fees pursuant to a child custody, support, or maintenance order.

Your Committee received testimony in support of this measure from the Family Law Section of the Hawaii State Bar Association and eight individuals.

Your Committee finds that some parties in divorce cases engage in the improper dissipation of marital assets during the pendency of their cases and that although these actions are prohibited, there is currently no requirement for the Family Court to issue a financial restraining order to ensure that improper actions are not taken. Your Committee further finds that any unauthorized dissipation of marital assets should be considered by the Family Court when ordering payment of attorney’s fees pursuant to a child custody, support, or maintenance order. This measure will deter parties in divorce cases from improperly dissipating their marital assets prior to the divorce decree and will lead to a more just and equitable division of assets.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 909, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 909, H.D. 2, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 1 (Slom).

**SCRep. 897 Human Services on H.B. No. 70**

The purpose and intent of this measure is to establish a Return-to-Home Program within the Department of Human Services to provide qualified homeless individuals with assistance in reuniting with family and relatives in the individual’s home state.

Your Committee received testimony in support of this measure from Help the Hawaii Homeless and two individuals. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that twelve percent of Hawaii's sheltered homeless and fourteen percent of Hawaii's unsheltered homeless have been in the State for one year or less. Your Committee further finds that the Return-to-Home Program proposed by this measure would help homeless persons and families return to support networks in their home states, thus reducing the burden on Hawaii's resources.

Your Committee has amended this measure by:

- (1) Deleting the requirement that an individual be receiving social services in order to be eligible for the Return-to-Home Program;
- (2) Specifying that an individual may participate in the Return-to-Home Program only once and shall sign an agreement to this effect that shall be kept on file with the Department of Human Services;
- (3) Requiring the Department of Human Services to assist program participants with public transportation to the airport and ensure that program participants are instructed in the basics of personal hygiene and have sufficient physical and mental health to endure a return flight; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 70, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 70, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 1 (Sлом).

**SCRep. 898 Human Services on H.B. No. 160**

The purpose and intent of this measure is to appropriate funds for the Kupuna Care Program.

Your Committee received testimony in support of this measure from the Executive Office on Aging; Department of Community Services, City and County of Honolulu; Maui County Office on Aging; Lanakila Pacific; Project Dana; AARP Hawaii; Hawai'i Alliance for Retired Americans; and thirteen individuals. Your Committee received comments on this measure from the State Council on Developmental Disabilities; Volunteer Legal Services Hawai'i; Hawaii Disability Rights Center; Hawaii Family Law Clinic dba Ala Kuola; Easter Seals Hawai'i; Hawaii Waiver Providers Association; Hawai'i Primary Care Association; Catholic Charities Hawai'i; Goodwill Industries of Hawaii, Inc.; Aloha United Way; PHOCUSED (Protecting Hawaii's Ohana, Children, Under Served, Elderly and Disabled); Policy Advisory Board for Elder Affairs; Waikiki Community Center; Susannah Wesley Community Center; Child & Family Service; About Face Family of Programs; Good Beginnings Alliance; Partners in Development Foundation; Read To Me International Foundation; Read Aloud America, Inc.; Boys and Girls Club of Hawaii Hale Pono Ewa Beach Clubhouse; Honolulu Weed and Seed; GEAR UP Waipahu; Moloka'i Community Service Council; Hawai'i State Coalition Against Domestic Violence; The Salvation Army Addiction Treatment Services; Hawaii Substance Abuse Coalition; Life Foundation; Community Health Outreach Work Project to Prevent AIDS; Hawaii Family Support Institute; Adult Friends for Youth; Hawaii Centers for Independent Living; St. Francis Healthcare System of Hawaii; Gentry Homes, Ltd.; Haseko Development, Inc.; and three individuals.

Your Committee finds that the elderly population in Hawaii is increasing rapidly. The number of persons over age sixty-five is projected to increase by eight-six percent between 2007 and 2030. Your Committee further finds that approximately 169,000 family caregivers form the backbone of Hawaii's long-term care system, and currently provide over \$1,000,000,000 a year in unpaid care. Financial stability and the burden of providing care are the main issues for the elderly and their caregivers and families, and your Committee recognizes that they need support in the form of respite and other services.

Your Committee also finds that funding for Kupuna Care services is of vital importance, as these services support the needs of the increasing population of elderly residents in Hawaii. The appropriation for Kupuna Care in this measure is needed to help maintain the health and welfare of the State's most vulnerable seniors.

Your Committee additionally finds that the current fiscal situation of the State is threatening Hawaii's safety net of basic health, human services, and education to its most vulnerable citizens. After considering the testimony received, your Committee believes that the language in S.B. No. 935, S.D. 2, which was heard by and reported from your Committee in an earlier form, better addresses the diminishing resources in the State by maintaining essential services.

Accordingly, your Committee has amended this measure by:

- (1) Inserting an appropriation amount of \$3,500,000 for additional funding for the Kupuna Care Program;
- (2) Creating a new Part II by inserting the contents of S.B. No. 935, S.D. 2, which appropriates monies from the Emergency and Budget Reserve fund to maintain funding levels of programs for public health, safety, welfare, and education services;
- (3) Inserting various appropriation amounts into the new Part II;
- (4) Inserting a lapse date of June 30, 2013, for the appropriations made under the new Part II;
- (5) Changing the effective date to July 1, 2011; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 160, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 160, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 1 (Slom).

**SCRep. 899 Human Services on H.B. No. 561**

The purpose and intent of this measure is to:

- (1) Require QUEST or QUEST-Net contracted programs to notify the Department of Human Services when QUEST or QUEST-Net enrollees are also covered by private health insurance; and
- (2) Ensure that private insurance is the primary payor of medical claims for persons who have health insurance coverage through QUEST or QUEST-Net programs and a private health insurance plan.

Your Committee received testimony in support of this measure from the Hawaii Medical Service Association. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that there are persons who receive health insurance coverage through the State's QUEST or QUEST-Net program that also have private health insurance coverage. Your Committee further finds that providing benefits from a publicly-funded QUEST or QUEST-Net program when a person can afford private health insurance is contrary to the intent of the QUEST programs and should be prevented. Your Committee recognizes that QUEST providers currently notify the Department of Human Services when they discover that a member also has private insurance and that QUEST is the payor of last resort. Your Committee believes, however, that it is necessary to clearly delineate this protocol in statute.

Your Committee has amended this measure by inserting an effective date of July 1, 2055, to allow for further discussion.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 561, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 561, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 1 (Slom).

**SCRep. 900 (Joint) Human Services and Health on H.B. No. 569**

The purpose and intent of this measure is to:

- (1) Require Medicaid recipients to re-enroll annually;
- (2) Establish a Joint Legislative Medicaid Task Force; and
- (3) Require reimbursement parity for Medicaid beneficiaries in the same level of care in a community-based facility.

Your Committees received testimony in support of this measure from the Alliance of Residential Care Administrators and one individual. Your Committees received comments on this measure from the Department of Human Services, Hawaii Medical Service Association, AlohaCare, 'Ohana Health Plan, Healthcare Association of Hawaii, Hawaii Medical Association, and Hawaii Long Term Care Association.

Your Committees find that QUEST faced an extensive budgetary shortfall last legislative session. Your Committees further find that the Department of Human Services has suggested a number of ideas for reducing Medicaid costs. A Joint Legislative Task Force on Medicaid would identify the reasons for, and offer resolutions to, recent Medicaid shortfalls.

Your Committees received testimony in support of the Joint Legislative Task Force on Medicaid from several organizations. Your Committees note that S.B. No. 425, S.D. 2, which also establishes a Joint Legislative Task Force, was heard by your Committee on Human Services.

After considering the testimony received, your Committees believe that S.B. No. 425, S.D. 3, addresses a need to create evidence-based health and wellness alternatives that reduce the incidence of chronic disease and support Medicaid recipients and QUEST members in maintaining healthier lifestyles, as well as the need to establish a Joint Legislative Task Force on Medicaid.

Accordingly, your Committees have amended this measure by:

- (1) Deleting its contents and replacing them with the contents of S.B. No. 425, S.D. 3, which establishes a wellness pilot program within Medicaid, appropriates funds for its creation, and creates a Joint Legislative Task Force on Medicaid to examine issues related to Medicaid;
- (2) Clarifying the types of groups that should be represented on the Joint Legislative Task Force on Medicaid; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Human Services and Health that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 569, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 569, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.  
Ayes, 6. Noes, none. Excused, 2 (Baker, Slom).

**SCRep. 901 Human Services on H.B. No. 326**

The purpose of this measure is to improve access to the full range of health care services to Medicaid and QUEST members accessing services through a mobile medical van on the Island of Hawaii. The intent of this measure is to ensure that Medicaid and QUEST health plans have the flexibility to provide appropriate health services via technological means such as telehealth.

Your Committee received testimony in support of this measure from Hawaii Medical Service Association, Kona Community Hospital, and Hawaii Association of Health Plans. Your Committee received testimony in opposition to this measure from the Department of Human Services. Your Committee received comments on this measure from the Hawai'i Primary Care Association, Waikiki Health Center, Waianae Coast Comprehensive Health Center, West Hawaii Community Health Center, and one individual.

Your Committee finds that the Island of Hawaii's geography and sparsely distributed population may make access to health care a challenge. Your Committee recognizes that bringing access to medical care via a mobile medical van may help improve the overall health of rural underserved communities.

Your Committee further finds that the Legislature appropriated \$350,000 in 2009 for the purchase of a mobile medical van for medical services on the Island of Hawaii. Kona Community Hospital is in the process of acquiring the medical van. The Hospital has been working with Hawaii Medical Service Association, who has committed to help finance a two-year pilot medical van program.

Your Committee additionally finds that there is a need for a comprehensive transformation of Hawaii's Medicaid system. Your Committee also finds that one way to accomplish this is through a patient-centered health care home. This is a linked approach to providing health care that improves the patient experience, improves health outcomes, and reduces per capita costs.

Your Committee has heard the concerns about removing the Department of Human Services' authority to oversee an emerging technology. Your Committee has also heard the concerns regarding the use of federal funding for services provided by a contracted health plan. However, your Committee believes that any service not approved by the federal Centers for Medicare and Medicaid Services will not be eligible for federal funding. Your Committee also notes that S.B. No. 285, S.D. 2, which was previously heard by and reported from your Committee, incorporates amendments that more appropriately address those concerns.

Your Committee further finds that under the Affordable Care Act, Public Law 111-148, the federal Centers for Medicare and Medicaid Services were directed to formally establish a new Center for Medicare and Medicaid Innovation - the Innovation Center. After considering the testimony received, your Committee believes that the language in S.B. No. 1468, S.D. 1, which was previously heard by and reported from your Committee, appropriately addresses the need to create a Hawaii council to focus on innovation in local Medicaid issues as a complement to the national efforts of the Innovation Center.

Accordingly, your Committee has amended this measure by:

- (1) Deleting its contents and creating a new Part I by inserting the contents of S.B. No. 285, S.D. 2, which provides for telehealth services coverage for Medicaid and QUEST patients using Kona Community Hospital's medical van program;
- (2) Deleting the provision stating that the Department of Human Services is not required to cover patient self-referrals to providers;
- (3) Creating a new Part II by inserting the contents of S.B. No. 1468, S.D. 1, which establishes the Hawaii Patient Centered Health Home pilot program within the Medicaid program and establishes the Hawaii Medicaid Modernization and Innovation Council; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 326, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 326, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 1 (Slom).

**SCRep. 902 Public Safety, Government Operations, and Military Affairs on H.B. No. 747**

The purpose and intent of this measure is to eliminate the requirement that retailers maintain at all times liquor liability insurance coverage, and to repeal the definition of "convenience minimarts."

Your Committee received testimony in opposition to this measure from the Hawaii Association for Justice.

Your Committee finds that the definition of "convenience minimarts" is surplus and can be defined by common usage and meanings. Your Committee has confirmed that the deletion of language requiring retailers to maintain at all times liquor liability insurance coverage was an error that was not intended in this measure.

Your Committee has amended this measure by restoring the requirement that retailers maintain at all times liquor liability insurance coverage.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 747, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 747, H.D. 1, S.D. 1, and be referred to the Committee on Commerce and Consumer Protection.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 903 Public Safety, Government Operations, and Military Affairs on H.B. No. 915**

The purpose and intent of this measure is to require the Director of Taxation to provide to the administrator of each county's real property assessment division, without charge, an image of all certificates of conveyance that were filed, along with certain information.

Your Committee received testimony in support of this measure from the Department of Taxation, City and County of Honolulu Department of Budget and Fiscal Services, and County of Maui Department of Finance.

Your Committee finds that this measure would enable the counties to promptly track ownership, encumbrances, restrictions, uses, and sale prices of real property for the purpose of determining real property tax assessments. The current method, whereby the city makes weekly pickups of the printed certificates from the Department of Taxation, is not efficient and would be greatly improved with electronic data transfers of the conveyance certificates filed with the Bureau of Conveyances.

Your Committee has amended this measure by replacing its contents with S.B. No. 655, S.D. 1, a substantively similar measure that:

- (1) Inserts an effective date of July 1, 2050, to allow for further discussion; and
- (2) Makes technical, nonsubstantive amendments to the original measure for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 915, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 915, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 904 Public Safety, Government Operations, and Military Affairs on H.B. No. 985**

The purpose and intent of this measure is to clarify that construction projects may be procured using the design-build process of combining design and construction into a single contract for design and construction of an infrastructure facility.

Your Committee received testimony in support of this measure from the Department of Transportation; Department of Accounting and General Services; State Procurement Office; American Council of Engineering Companies of Hawaii; General Contractors Association of Hawaii; Brown and Caldwell; Fukunaga & Associates, Inc.; Coalition of Hawaii Engineering and Architectural Professionals; Shigemura, Lau, Sakanashi, Higuchi and Associates, Inc.; KAI Hawaii, Inc.; HDR; Pacific Geotechnical Engineers, Inc.; American Institutes of Architects; Nordic Construction PCL; Design-Build Institute of America Western Pacific Region; Design-Build Institute of America; Consulting Structural Hawaii, Inc.; Thermal Engineering Corporation; Kennedy/Jenks Consultants; Ralph S. Inouye Co. Ltd. General Contractor; and Engineering Concepts, Inc.

Your Committee finds that the current procurement process for design-build project contracts requires offerors to prepare, in most instances, conceptual design drawings as part of their proposals. This requires a considerable initial investment and may prevent many local firms from submitting proposals for design-build contracts. As a result, purchasing agencies may experience a decrease in competition, an increase in prices, and may potentially be forced to sacrifice design and construction creativity.

The intent of your Committee is to provide for the selection of the most qualified offerors for design-build projects and to encourage the participation of Hawaii-based companies, including local, small firms, in the design-build proposal process.

Your Committee has amended this measure by replacing its contents with those in S.B. No. 779, S.D. 2, a substantively similar measure, which amends H.B. No. 985, H.D. 2, by:

- (1) Limiting the short list of offerors to three responsible offerors;
- (2) Requiring the issuance of a second request for proposals to the pre-qualified, short-listed offerors;
- (3) Allowing payment of a conceptual design fee, rather than a stipend, to nonselected offerors;
- (4) Inserting a savings clause; and
- (5) Inserting an effective date of July 1, 2050, to allow for further discussion.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 985, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 985, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4; Ayes with Reservations (Ryan). Noes, none. Excused, 1 (Slom).

**SCRep. 905 Public Safety, Government Operations, and Military Affairs on H.B. No. 1008**

The purpose and intent of this measure is to add the Federal Bureau of Investigation and United States Immigration and Customs Enforcement to, and delete Citizenship and Immigration Services from, the list of federal agencies whose officers may make arrests for certain offenses under state law. This measure also adds the proper titles of the heads of the district offices for those federal agencies.

Your Committee received testimony in support of this measure from the Department of the Attorney General. Your Committee received testimony in opposition to this measure from the City and County of Honolulu Police Department and American Civil Liberties Union of Hawai'i.

Testimony on this measure indicates that the United States Immigration and Customs Enforcement is the largest investigative branch of the Department of Homeland Security, and its special agents and officers are law enforcement officers who are authorized to carry weapons and make arrests.

Your Committee finds that the United States Immigration and Customs Enforcement and Federal Bureau of Investigation will be able to provide much needed support to state and county law enforcement efforts.

Your Committee has amended this measure by replacing its contents with those in S.B. No. 1235, a substantively similar measure which amends H.B. No. 1008, H.D. 2, by:

- (1) Deleting the provision prohibiting evidence obtained as a result of arrest without a warrant from being admissible in judicial proceedings in a state court; and
- (2) Making the measure effective upon approval.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1008, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1008, H.D. 2, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.

Ayes, 4; Ayes with Reservations (Ryan). Noes, none. Excused, 1 (Slom).

**SCRep. 906      Judiciary and Labor on H.B. No. 814**

The purpose and intent of this measure is to:

- (1) Limit the Hawaii Employer-Union Health Benefits Trust Fund to providing group life insurance benefits only to retired employees who retired before July 1, 2011;
- (2) Maintain the flat dollar contribution for the group life benefit of retired employees and repeal the annual adjustment; and
- (3) Repeal provisions pertaining to the negotiation of group life insurance contributions for active employees.

Your Committee received testimony in support of this measure from the Department of Budget and Finance. Your Committee received testimony in opposition to this measure from the Hawaii Fire Fighters Association, Local 1463, IAFF, AFL-CIO; Hawaii State Teachers Association; University of Hawaii Professional Assembly; and two individuals. Your Committee received comments on this measure from the City and County of Honolulu Department of Budget and Fiscal Services.

Your Committee finds that this cost-saving measure is one of many alternatives being considered by the Legislature in response to the current revenue shortfall. Your Committee understands the concerns of those who have testified in opposition to this measure, but believes that all options should remain under consideration.

Your Committee has amended this measure accordingly by:

- (1) Inserting an effective date of July 1, 2050, to allow for further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 814, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 814, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Ihara).

**SCRep. 907      Judiciary and Labor on H.B. No. 1070**

The purpose and intent of this measure is to amend the law to establish a specific time frame for an order of post-acquittal conditional release when a defendant is charged with a petty misdemeanor, misdemeanor, or violation in order to more efficiently utilize resources for more serious offenders.

Your Committee received testimony in support of this measure from the Office of the Public Defender and the Hawaii Disability Rights Center. Your Committee received testimony in opposition to this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu.

Your Committee finds that this measure sets a reasonable time frame in which to monitor a defendant who has already been determined to not be dangerous and ensures that limited resources will not be expended indefinitely on these types of cases when the resources could be better used for more serious felony offenders.

Your Committee has amended this measure by:

- (1) Making the measure effective on July 1, 2011; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1070, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1070, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Ihara).

**SCRep. 908      Judiciary and Labor on H.B. No. 1001**

The purpose and intent of this measure is to appropriate funds to satisfy claims against the State or its officers or employees for the overpayment of taxes, for refunds, reimbursements, payments of judgments or settlements, or for other liabilities.

Your Committee received testimony in support of this measure from the Department of the Attorney General.

Your Committee finds that this measure is necessary to satisfy all claims against the State, its officers, or its employees.

Your Committee has amended this measure by:

- (1) Adding an additional claim for a settlement that was recently resolved relating to the Department of Transportation, Highways Division, to be appropriated from Department funds, as recommended by the Department of the Attorney General; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1001, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1001, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Gabbard, Ihara).

**SCRep. 909      Judiciary and Labor on H.B. No. 354**

The purpose and intent of this measure is to prohibit discovery and limit the award of costs and fees in controversies involving small claim tax appeals in order to bring added efficiency to the procedure of small claim tax appeals.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from the Department of Budget and Fiscal Services of the City and County of Honolulu. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that this measure will bring added efficiencies and cost savings to the small claim tax appeal process by reducing often excessive costs associated with filing these types of appeals and allowing more aggrieved citizens to exercise their right to judicial appeal without the fear of financial hardship.

Your Committee has amended this measure by inserting an effective date of July 1, 2060, to allow for further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 354, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 354, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Ihara).

**SCRep. 910      Judiciary and Labor on H.B. No. 519**

The purpose and intent of this measure is to amend the workers' compensation law by excluding from the definition of "employment" certain services performed by:

- (1) A member of a limited liability company who is an individual with a distributional interest of at least fifty percent in the company;
- (2) A partner of a partnership who is an individual;
- (3) A partner of a limited liability partnership who is an individual and has a transferable interest in the partnership of at least fifty percent; and
- (4) A sole proprietorship.

Your Committee received testimony in support of this measure from The Chamber of Commerce of Hawaii; The Hawaii Business League; Integrated Economic Solutions, LLC; National Federation of Independent Business; Retail Merchants of Hawaii; and Hawaii Independent Insurance Agents Association.

Your Committee finds that this measure will allow limited liability companies, limited liability partnerships, partnerships, and sole proprietors the option to purchase workers' compensation insurance for individual members, partners, and sole proprietors rather than mandating coverage for these individuals under chapter 386, Hawaii Revised Statutes.

Your Committee has amended this measure by:

- (1) Inserting an effective date of July 1, 2050, to allow for further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 519, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 519, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Ihara).

**SCRep. 911      Judiciary and Labor on H.B. No. 823**

The purpose and intent of this measure is to reallocate fees collected from certain administrative processing costs to the Judiciary Computer System Special Fund and the General Fund in order to more effectively utilize these resources.

Your Committee received comments on this measure from the Judiciary of the State of Hawaii.

Your Committee finds that this measure will allow revenues collected from judicial administrative fees, including revenues generated from record requests for moving violations, district court costs, and reproduction fees, to be split between the Judiciary Computer System Special Fund and the General Fund to allow for a more efficient distribution of these revenues.

Your Committee has amended this measure by:

- (1) Inserting an effective date of July 1, 2050, to allow for further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 823, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 823, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Ihara).

**SCRep. 912      Judiciary and Labor on H.B. No. 1085**

The purpose and intent of this measure is to:

- (1) Make state laws regarding controlled substances consistent with additions made by federal law in 2010, as required by section 329-11(d) and (e), Hawaii Revised Statutes;
- (2) Add certain substances to the list of controlled substances pursuant to an emergency scheduling by the Department of Public Safety;
- (3) Add substances to match the emergency scheduling in the federal controlled substances laws instituted by the United States Drug Enforcement Administration;
- (4) Authorize the Department of Public Safety to add substances of concern to the list of controlled substances that must be electronically reported to Hawaii's electronic prescription monitoring program;
- (5) Clarify the procedure for the issuance of the Medical Use of Marijuana permit; and
- (6) Increase the fee for a Medical Use of Marijuana permit from \$25 to \$35 to offset the cost of running the program.

Your Committee received testimony in support of this measure from the Department of Public Safety and Department of the Prosecuting Attorney of the City and County of Honolulu. Your Committee received testimony in opposition to this measure from the Drug Policy Forum of Hawaii; Drug Policy Action Group; Friends 4 Justice; Natural Cancer Wellness Foundation; The Mum Clinic; and fifteen individuals.

Your Committee finds that Hawaii law mandates that its controlled substance laws be consistent with amendments made in the federal Controlled Substances Act, codified at Title 21 United States Code Section 801 et. seq. As noted above, in 2010, certain substances were added to the federal controlled substances schedules. Additionally, other emergency scheduling additions were made by the Department of Public Safety to avoid an imminent hazard or the possibility of an imminent hazard to the health and safety of the public.

Your Committee observes that the majority of the testimony in opposition to this measure was related to two issues: the \$10 increase to the Medical Use of Marijuana permit fee, and the requirement that the authorizing physician for the Medical Use of Marijuana permit sign the permit certificate. Regarding the first concern, your Committee understands that the permit fee increase is necessary to fund a Department of Public Safety position to administer the program. Currently, there is no designated employee who handles the administration of the medical marijuana program, and the Department has been using staff from other areas to manage the program. The increased fee will allow the Department to administer the program more effectively, without negatively impacting other Department responsibilities. Regarding the second concern, your Committee understands from the Department that this amendment clarifies the current permit procedure and does not represent a substantive change to the process.

Your Committee has amended this measure by:

- (1) Deleting language modifying the substance salvia divinorum because that modifying language is not included in the federal schedule;
- (2) Inserting an effective date of July 1, 2050, to allow for further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1085, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1085, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 5; Ayes with Reservations (Slom). Noes, none. Excused, none.

**SCRep. 913 Human Services on H.B. No. 1407**

The purpose and intent of this measure is to authorize access to confidential adoption records by parties to the proceedings under certain circumstances.

Your Committee received testimony in support of this measure from two individuals. Your Committee received testimony in opposition to this measure from eighteen individuals. Your Committee received comments on this measure from the Judiciary, Adoption Circle of Hawaii, Korean Adoptees of Hawai'i, and forty individuals.

Your Committee finds that Act 338, Session Laws of Hawaii 1990, allowed access to adoption records for adoptees whose adoptions were finalized in 1991 or thereafter. However, adoptees whose adoptions were finalized before 1991 must undertake an intermediary search to request access to their adoption records.

Your Committee further finds that adoption practices continue to evolve. Openness in adoption that permits sharing of ethnicity, race, and medical and genetic information, as well as some identifying information about the parties to the adoption, is now the preferred best practice. Most child placement agencies and adoption attorneys have integrated open adoption policies into their practices.

Your Committee additionally finds that adult adoptees often desire direct access to identifying information about themselves and their biological parents and families. This information can be essential to an adopted adult's identity and medical needs.

Your Committee has heard the concerns that the current measure does not provide for open adoption records, but rather extends the current intermediary system by creating another adoption class. Your Committee notes that it is important for all adopted persons in Hawaii to obtain access to their adoption records.

Accordingly, your Committee has amended this measure by:

- (1) Repealing language that differentiates between classes of adoptions occurring before and after 1990;
- (2) Deleting language that establishes a policy of disclosure for adoptions after December 31, 2011, under certain circumstances;
- (3) Allowing a natural parent to file a contact preference in the sealed adoption record and defining that term;
- (4) Allowing access to sealed adoption records after an adopted individual attains age eighteen, upon submission of a written request to the Family Court;
- (5) Requiring the Family Court to provide the adopted individual with a copy of the contact preference;
- (6) Limiting the definition of natural parent to a biological mother or father; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1407, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1407, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 1 (Slom).

**SCRep. 914 Energy and Environment on H.B. No. 786**

The purpose and intent of this measure is to provide the Department of Health with revenues for the administration and operation of its Solid Waste Regulatory Program by increasing the solid waste management surcharge from 35 cents to 70 cents per ton of solid waste.

Your Committee received testimony in support of this measure from Loretta J. Fuddy, Department of Health; Gene Parola, Unitarian Church Social Justice Council; Michael Gach; Anthony Aalto; and Damian Sempio. Your Committee received testimony in opposition to this measure from General Contractors Association of Hawaii; and Gary Slovin, PVT Land Company.

Your Committee finds that the disposition of solid waste is regulated by the Department of Health through its Solid Waste Regulatory Program. To cover the costs of this Program, a surcharge was initiated in 1993 at a rate of 25 cents per ton, which was increased to 35 cents per ton in 1997, the last time it was increased. This surcharge is the main source of funding for the Solid Waste Regulatory Program. At present, annual revenue from the surcharge is approximately \$525,000 while program expenses are approximately \$940,000 annually. To fully fund the Program, an increase of the surcharge to approximately 70 cents per ton is necessary. Your Committee further finds that the Program should be fully funded through this surcharge in order to eliminate the General Fund appropriation for this Program.

Your Committee further finds that there is an ever-growing amount of solid waste that is being recycled or used for energy production and that a recent meeting of various stakeholders began discussions of the possibility of a tiered rate structure. The Department of Health is working out the potential amounts for such a structure and is planning to report and discuss its findings with the stakeholders and members of your Committee prior to conference.

Your Committee has amended this measure by:

- (1) Increasing the amount of the solid waste management surcharge from 70 cents to 75 cents per ton of solid waste; and
- (2) Inserting an effective date of July 1, 2050, to allow for further discussion.

As affirmed by the record of votes of the members of your Committee on Energy and Environment that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 786, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 786, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (English, Slom).

**SCRep. 915 Hawaiian Affairs on H.B. No. 922**

The purpose and intent of this measure is to allow 999-year homestead leases to be assigned to land trusts that are created for the purposes of managing and holding the homestead leasehold estate for the benefit of the lessee and lessee's family members.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs and two individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the structure of the 999-year leases continues to pose challenges for lessees and causes significant conflict in families. Act 166, Session Laws of Hawaii 2000, was intended to make the leases more freely available to lessees' family members, but uncertainty regarding the Act's effect on existing legal rights has made it difficult to identify the rightful leaseholder and hampers the orderly transfer of leases. Your Committee is in support of this measure as a means of addressing this continuing problem for lessees and their families.

Your Committee has amended this measure by incorporating provisions from S.B. No. 1521, S.D. 2, and S.B. No. 2, S.D. 2. As amended, this measure:

- (1) In part I, retains the provisions relating to 999-year homestead leases;
- (2) In part II, authorizes exemptions from state and county permits, including all permits required under chapter 205A, Hawaii Revised Statutes, for the Hawaii Marine Laboratory Refuge for repair and maintenance of its facilities located on the island of Moku-o-loe (Coconut Island), Island of Oahu;
- (3) In part III:
  - (A) Requires the Department of Land and Natural Resources to initiate and coordinate all efforts to establish a public lands information system, beginning July 1, 2011;
  - (B) Requires all state agencies to report to the Department each parcel of land to which the agency holds title and the disposition of each parcel to which the agency holds title or is acquiring title by August 1, 2011, and any inaccuracies in reports to the Department by January 1, 2012;
  - (C) Requires the Department to submit a progress report to the Legislature prior to the Regular Sessions of 2012 and 2013; and
  - (D) Appropriates funds to create and maintain a comprehensive statewide public land trust inventory database and to provide funding for one staff position; provided that the funds shall be matched dollar-for-dollar by the Office of Hawaiian Affairs; and
- (4) Makes technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 922, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 922, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Solomon, Slom).

**SCRep. 916 (Joint) Hawaiian Affairs and Water, Land, and Housing on H.B. No. 377**

The purpose and intent of this measure is to provide state lease preferences for the reconstruction, restoration, repair, or use of Hawaiian fishponds.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Office of Hawaiian Affairs, Kuli'ou'ou/Kalani Iki Neighborhood Board #2, Maunaloa Fishpond Heritage Center, Aha Kiolo Advisory Committee, Hawaii Nearshore Fishermen, Sierra Club Hawai'i Chapter, and four individuals.

Your Committees find that fishponds are important natural and cultural resources, serving as a source of sustenance and offering a wide range of educational opportunities. In addition, fishpond restoration has become a major part of the Hawaiian cultural revival movement, with a number of groups throughout Hawai'i taking on the kuleana of bringing once-forgotten fishponds back to life. Currently, the permitting and approval processes for fishpond restoration are cumbersome and hinder the efforts to revive these cultural treasures. Your Committees are in agreement that providing lease preferences to fishpond restoration would help streamline the process.

In addition, your Committee on Water, Land, and Housing previously heard and amended two public land-related measures, S.B. No. 1521, and S.B. No. 2. Your Committees have amended this measure by incorporating provisions from S.B. No. 1521, S.D. 2, and S.B. No. 2, S.D. 2. As amended, this measure:

- (1) In part I, retains the provisions relating to lease preferences for Hawaiian fishponds;

- (2) In part II, authorizes exemptions from state and county permits, including all permits required under chapter 205A, Hawaii Revised Statutes, for the Hawaii Marine Laboratory Refuge for repair and maintenance of its facilities located on the island of Moku-o-loe (Coconut Island), Island of Oahu;
- (3) In part III:
- (A) Requires the Department of Land and Natural Resources to initiate and coordinate all efforts to establish a public lands information system, beginning July 1, 2011;
  - (B) Requires all state agencies to report to the Department each parcel of land to which the agency holds title and the disposition of each parcel to which the agency holds title or is acquiring title by August 1, 2011, and any inaccuracies in reports to the Department by January 1, 2012;
  - (C) Requires the Department to submit a progress report to the Legislature prior to the Regular Sessions of 2012 and 2013; and
  - (D) Appropriates funds to create and maintain a comprehensive statewide public land trust inventory database and to provide funding for one staff position; provided that the funds shall be matched dollar-for-dollar by the Office of Hawaiian Affairs; and
- (4) Makes technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Hawaiian Affairs and Water, Land, and Housing that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 377, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 377, H.D. 2, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chairs on behalf of the Committees.  
Ayes, 10. Noes, none. Excused, 2 (Fukunaga, Solomon).

**SCRep. 917 (Joint) Energy and Environment and Agriculture on H.B. No. 1019**

The purpose and intent of this measure is to redistribute a portion of the revenues from the State Environmental Response, Energy, and Food Security Tax, also known as the barrel tax, that is currently going to the General Fund to the Energy Security Special Fund and the Agricultural Development and Food Security Special Fund in order to align the use of that tax revenue with the original intended use of that revenue for energy self-sufficiency and sustainable agriculture, thereby increasing Hawaii's energy and food security.

Your Committees received testimony in support of this measure from Richard Lim, Department of Business, Economic Development, and Tourism; Russell Kokubun, Department of Agriculture; Jeffrey Ono, Division of Consumer Advocacy, Department of Commerce and Consumer Affairs; Virginia S. Hinshaw, University of Hawai'i System; George Costa, Office of Economic Development, County of Kaua'i; Randall Kurohara, Department of Research and Development, County of Hawaii; The Nature Conservancy; Blue Planet Foundation; Pono Shim, Enterprise Honolulu; Jeffrey Overton, Group 70 International; Jeanne Skog, Economic Development Alliance of Hawai'i; Mark Duda, Hawaii Solar Energy Association; Warren Bollmeier, Hawaii Renewable Energy Alliance; Robert Harris, Sierra Club, Hawai'i Chapter; Shannon Wood, Windward Ahupua'a Alliance; Guy Kaniho, BioEnergy Hawaii, LLC; Richard McQuain, Hu Honua Bioenergy, LLC; Tim Mobley, Honua Power, LLC; Andrea Nandoskar, Green Earth Media; Joseph Saturnia, Island Pacific Energy LLC; William Maloney, Pacific West Energy LLC; Henry Jiao, Aloha E-Bikes; David Atkin, Parsons Brinckerhoff Inc.; Kekoa Kaluhiwa, First Wind; Shawn James Leavey, Moku Power, LLC; Jenna Long, Pacific Biodiesel, Inc.; Eric Knutzen, Green Energy Team LLC; Bill Brooks, Energy Specialists Hawai'i, Inc.; Kenton Eldridge, Aina Koa Pono; Michael Markrich, Rebuild Hawaii Consortium; Janice Palma-Glennie; Carolyn Knoll; Michael Hamnett; Betsy Cole; Eileen Ellis; Ben Discoe; Brian Bell; Dana Anderson; David A. Parish; Gerald A. Sumida; Duane and Sarah Preble; Jack Bennett; James Haley; Jane Yamashiro; Kate Miller; Kathy Shimata; Russell Castagnaro; Vince Kana'i Dodge; Nancy Davlantes; Michael Reed Gach; Anthony Aalto; Teri Skillman; Cynthia Lowry; Bob Yamamura; Phyllis Robinson; Kim Mullen; Joy Leilei Shih; Jill Sims; Damian Sempio; and Juanita Kawamoto Brown. Your Committees received testimony in opposition to this measure from Jeff Walsh, AES Hawaii, Inc.; and Gregory Swartz. Your Committees received comments on this measure from William Aila, Jr., Department of Land and Natural Resources; Tax Foundation of Hawaii; Hawaii Farm Bureau Federation; Paul Oshiro, Alexander & Baldwin, Inc.; and Eric Ching.

Your Committees find that the original intent of using the barrel tax revenues for energy self-sufficiency and sustainable agriculture should be effectuated and that doing so will increase Hawaii's energy and food security. Your Committees also believe that climate change is a factor that will eventually affect the State's energy and food security.

Accordingly, your Committees have amended this measure by:

- (1) Decreasing the portion of barrel tax revenues to be deposited into the Energy Security Special Fund from 45 cents to 44.75 cents per barrel;
- (2) Decreasing the portion of barrel tax revenues to be deposited into the Agricultural Development and Food Security Special Fund from 45 cents to 44.75 cents per barrel;
- (3) Requiring that 0.5 cent of barrel tax revenue per barrel be deposited into a special account of the General Fund to be expended by the Office of Planning for the operations of the Climate Change Task Force established by Act 20, Special Session Laws of Hawaii 2009;
- (4) Adding language to extend the sunset date of the Climate Change Task Force to June 30, 2013;

- (5) Requiring the Climate Change Task Force to submit a preliminary report to the Legislature prior to the 2012 Regular Session and a final report prior to the 2013 Regular Session;
- (6) Changing the effective date to June 29, 2011;
- (7) Adding a provision to preserve the amendments made to section 243-3.5(a), Hawaii Revised Statutes, by this measure from repeal and reenactment of that section on June 30, 2015, pursuant to section 14 of Act 73, Session Laws of Hawaii 2010; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Energy and Environment and Agriculture that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1019, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1019, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Ayes, 8; Ayes with Reservations (Dela Cruz, Wakai). Noes, none. Excused, 5 (Chun Oakland, Green, Shimabukuro, Tokuda, Slom).

**SCRep. 918 (Joint) Hawaiian Affairs and Water, Land, and Housing and Judiciary and Labor on H.B. No. 397**

The purpose and intent of this measure is to require:

- (1) Specificity in all concurrent resolutions for the review of proposed exchanges, sales, or gifts of state land, including whether the land was classed as government or crown lands prior to August 15, 1895; and
- (2) A draft copy of the concurrent resolution be submitted to the Office of Hawaiian Affairs at least three months prior to the appropriate legislative session.

Your Committees received testimony in support of this measure from the Office of Hawaiian Affairs, Hawaii Housing Finance and Development Corporation, Native Hawaiian Legal Corporation, Association of Hawaiian Civic Clubs, Aha Kiole Advisory Committee, 'Ilio'ulaokalani Coalition, and three individuals. Your Committees received testimony in opposition to this measure from one individual. Your Committees received comments on this measure from the Department of Land and Natural Resources.

Your Committees find that Act 176, Session Laws of Hawaii 2009, established a more comprehensive process for the sale or gift of state-owned land, and a larger oversight role for the Legislature to assure that key information about certain sales, gifts, or exchanges of land is shared with the Legislature and the Office of Hawaiian Affairs. During the 2010 Regular Session, when substantial numbers of "Act 176 resolutions" moved through both houses of the Legislature, two issues regarding the process emerged. Your Committees find that, first, the resolutions were not always informative as to whether the land was formerly crown or government land of the Kingdom of Hawai'i. Second, the Office of Hawaiian Affairs was hindered in full consideration of the resolutions because of the limited time between the receipt of the resolutions by the Office of Hawaiian Affairs and the Legislature's consideration of the resolutions.

Your Committees find that this measure will address both of those concerns and ensure that the Legislature and the Office of Hawaiian Affairs exercise their respective roles in a more timely and comprehensive manner.

Your Committees have amended this measure by changing the effective date from January 7, 2059, to upon approval.

As affirmed by the records of votes of the members of your Committees on Hawaiian Affairs and Water, Land, and Housing and Judiciary and Labor that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 397, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 397, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Ayes, 10. Noes, none. Excused, 4 (Fukunaga, Ihara, Solomon, Slom).

**SCRep. 919 (Joint) Economic Development and Technology and Commerce and Consumer Protection and Judiciary and Labor on H.B. No. 678**

The purpose and intent of this measure is to:

- (1) Require any government agency responsible for a security breach to pay for the costs of providing each person whose personal information was disclosed with, at a minimum, a three-year subscription to a nationwide consumer reporting agency's services;
- (2) Amend the definition of "security breach" to include any incident of inadvertent, unauthorized disclosure of unencrypted or unredacted records or data containing personal information; and
- (3) Include a recipient of a security breach notification to those residents entitled to free security freeze services from a consumer credit reporting agency.

Your Committees received testimony in support of this measure from the Imua Alliance. Your Committees received testimony in opposition to this measure from the City and County of Honolulu Department of Human Resources; American Council of Life Insurers; Consumer Data Industry Association; State Privacy and Security Coalition, Inc.; Retail Merchants of Hawaii; Hawaii Medical Service Association; and one individual. Your Committees received comments on this measure from the Department of Accounting and General Services, Department of the Attorney General, and Department of Commerce and Consumer Affairs Office of Consumer Protection.

Your Committees previously heard two measures, S.B. No. 796 and S.B. No. 1162, which contained comparable and additional information security provisions. Your Committees have amended this measure by deleting its contents and replacing them with the language in S.B. No. 796, S.D. 2, and S.B. No. 1162, S.D. 2. As amended, this measure:

- (1) Contains a findings and purpose section;
- (2) Requires any government agency that maintains personal information systems to include mandatory training programs for any agency personnel to whom disclosures of personal information are made or to whom access to the personal information may be granted;
- (3) Requires a business that maintains personal information about residents of Hawaii to implement a comprehensive written information security program;
- (4) Adds a definition of “credit reporting agency” and amends the definition of “security breach” to include any incident of inadvertent, unauthorized disclosure of unencrypted or unredacted records or data containing personal information;
- (5) Requires a notice of security breach to include toll-free contact telephone numbers and addresses for the major credit reporting agencies;
- (6) Requires a government agency to submit a written report to the Information Privacy and Security Council, in addition to the Legislature, within twenty days after discovery of a security breach at the government agency;
- (7) Requires the Information Privacy and Security Council to be responsible for coordinating the implementation of security breach guidelines by government agencies;
- (8) Includes a victim of a security breach among those residents entitled to free security freeze services from a consumer credit reporting agency;
- (9) Appropriates unspecified funds in support of the Information Privacy and Security Council for positions, security tools, maintenance, and licenses, including software and enhanced web applications;
- (10) Amends the effective date from July 1, 2030, to July 1, 2050, to allow for further discussion; and
- (11) Makes technical, nonsubstantive amendments for the purposes of clarity and consistency.

Your Committees note that government agencies and businesses have raised concerns regarding the expanded definition of “security breach” and the private sector continues to have concerns regarding the notice requirement. Your Committees understand that efforts are underway to determine how best to address those concerns and urge the parties to continue to work with the Legislature regarding further amendments to this measure.

As affirmed by the records of votes of the members of your Committees on Economic Development and Technology and Commerce and Consumer Protection and Judiciary and Labor that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 678, H.D. 3, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 678, H.D. 3, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Ayes, 10; Ayes with Reservations (Sлом). Noes, none. Excused, 3 (Galuteria, Green, Solomon).

**SCRep. 920 (Majority) Education on H.B. No. 1322**

The purpose and intent of this measure is to:

- (1) Convert certain revolving funds of the University of Hawai‘i into special funds by repealing the revolving funds and establishing new special funds;
- (2) Repeal certain funds of the University of Hawai‘i; and
- (3) Transfer the remaining balances of certain repealed funds either to specific alternative funds or require the balances to lapse to the General Fund.

Your Committee received comments on this measure from the University of Hawai‘i System.

Your Committee finds that this measure will provide the University of Hawai‘i System with greater flexibility and increased efficiency in the use and management of certain funds. Your Committee further finds that the repeal and reclassification of the funds identified in this measure are in accordance with the findings and recommendations of a December 2009 report of the Auditor of the State of Hawaii.

Your Committee recognizes the concerns of the University of Hawai‘i System that this measure as currently drafted may be interpreted by some to mean that all repealed funds, including those which are re-established as special funds, shall lapse to the General Fund as of June 30, 2011.

Accordingly, your Committee has amended this measure by deleting its contents and replacing them with the contents of S.B. No. 814, S.D. 2 and further amending the measure by:

- (1) Repealing section 304A-2264, Hawaii Revised Statutes, which establishes the University of Hawaii Conference Center Revolving Fund; and
- (2) Clarifying that all balances unencumbered and unexpended as of June 30, 2011, in the University of Hawaii Conference Center Revolving Fund shall be transferred to the University of Hawaii Commercial Enterprises Revolving Fund established

under section 304A-2251, Hawaii Revised Statutes, rather than to the University of Hawaii Auxiliary Enterprises Special Fund.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1322, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1322, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, 1 (Slom). Excused, 1 (Taniguchi).

**SCRep. 921 (Majority) Commerce and Consumer Protection on H.B. No. 1243**

The purpose and intent of this measure is to establish price caps within the Hawaii workers' compensation insurance system for prescription drugs including repackaged drugs and compound medications.

Your Committee received testimony in support of this measure from the Department of Human Resources Development; Hawaii Insurers Council; and Property Casualty Insurers of America. Your Committee received testimony in opposition to this measure from Hawaii Medical Association; Hawaii Injured Workers Alliance; Automated HealthCare Solutions; Industrial Pharmacy Management; Quality Care Products, LLC; Aloha Pain Clinic; Work Star Injury Recovery Center; Waves of Health; and six private individuals.

Your Committee finds that prescription drugs are one of the major drivers of escalating health care costs in the nation. Your Committee further finds that the repackaging and compounding of medications may be used to artificially inflate the retail price of drugs by merely modifying packaging materials or delivery systems. Your Committee also finds that this measure will serve as an effective cost-containment strategy for the workers' compensation system without impacting an injured worker's ability to access quality care and needed medications.

Your Committee has amended this measure by:

- (1) Specifying that physicians who dispense prescription medications directly to their patients shall receive a dispensing fee of \$4 per prescription dispensed on an island with a population greater than or equal to 500,000 or of \$7 per prescription dispensed on an island with a population less than 500,000;
- (2) Including a ten percent repackaging fee in the calculation of the retail price of repackaged or relabeled prescription drugs;
- (3) Requiring reimbursement for medical services within sixty days of receipt by an employer, insurer, or the special compensation fund of a bill for services that is complete, includes all required documentation, and includes certification by the provider that all listed charges are allowable pursuant to chapter 386 and the rules of the director;
- (4) Inserting an effective date of July 1, 2112, to allow for further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

Your Committee notes that this measure is not intended to prevent or discourage the dispensing of prescription drugs directly to patients by treating physicians. In fact, your Committee finds that the dispensing fee authorized by this measure as amended will encourage that practice and will allow it to be conducted in an ethical and transparent manner that benefits the patient, the physician, and the workers' compensation system. Your Committee further notes that the language contained in this measure is the result of collaboration among stakeholders who have worked diligently together to reach common ground. Although universal agreement on this measure has not yet been reached, your Committee finds that because of the importance of this issue to the State, its workers, and its health care industry, this measure merits continued consideration and advancement through the legislative process.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1243, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1243, H.D. 2, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 4; Ayes with Reservations (Nishihara). Noes, 3 (Green, Solomon, Slom). Excused, none.

**SCRep. 922 Commerce and Consumer Protection on H.B. No. 924**

The purpose and intent of this measure is to clarify the law relating to the interpretation of commercial general liability insurance policies affecting construction professionals.

Your Committee received testimony in support of this measure from the Hawaii Laborers' Union, Wailea MF-9 Associates LLC, and Hawaii Carpenters Union. Your Committee received testimony in support of the intent of this measure from the Building Industry Association of Hawaii; Insurance Factors; Pacific Rim Partners, LLC; Ralph S. Inouye Co., Ltd.; King & Neel, Inc.; Robert M. Kaya Builders, Inc.; R. Clary Builders, Inc.; Heartwood Pacific LLC; Hawaiian Dredging Construction Company; Grace Pacific Corporation; Nordic PCL Construction, Inc.; Designer Built Systems, Inc.; Simmons Steel Corporation; PVT Land Company Limited; Royal Contracting Co., Ltd.; Victory Development, Inc.; KPRS Hawaii Construction, Inc.; Albert C. Kobayashi, Inc.; Williams Hawaii, Inc.; Complete Construction Services Corp.; Koga Engineering & Construction, Inc.; Curtis Law Construction; Foundations Hawaii, Inc.; General Contractors Association of Hawaii; Ledcor Construction Hawaii LLC; Jas W. Glover, Ltd.; Dale Moore, General Contractor; Delta Construction Corporation; S & M Sakamoto, Inc.; Alan Shintani Inc.; HSI Mechanical, Inc.; The Pacific Resource Partnership; Servco Home and Commercial Products; and Plumbers and Fitters Union, Local 675. Your Committee received testimony in opposition to this measure from the American Insurance Association; First Insurance Company of Hawaii, Ltd.; Island Insurance Companies; Hawaii Insurers Council; Hawaii Independent Insurance Agents Association; and State Farm Insurance Companies. Your Committee received comments on this measure from the Insurance Commissioner of the Department of Commerce and Consumer Affairs.

Your Committee finds that the construction industry is a vital part of the State's economy and is a major economic driver in the public and private sectors. Your Committee further finds that the 2010 decision of the Intermediate Court of Appeals in *Group Builders, Inc. and Tradewinds Insurance Company, Ltd. v. Admiral Insurance Company* (231 P.3d 67), which held that commercial general liability policies do not cover bodily injury or property damage arising from construction defects, creates uncertainty in the construction industry, and invalidates insurance coverage that was paid for and understood to exist by construction professionals. Your Committee notes that prior to the *Group Builders* decision, insurers routinely paid legitimate claims brought against construction professionals for damages resulting from construction defects, under the terms of commercial liability insurance policies issued and currently in force in this State.

Your Committee also finds that the *Group Builders* decision resulted in an interpretation of commercial liability insurance policies that is contrary to the reasonable understanding and good faith expectations of construction professionals that paid significant amounts in insurance premiums and now find themselves without protection from suits for alleged damages resulting from construction defects. Your Committee notes that the uncertainty resulting from the *Group Builders* decision has severely impacted the construction industry in Hawaii at a time of general economic malaise. Given the critical role of the construction industry in Hawaii's economy, your Committee finds that legislative intervention in this matter is warranted as a matter of public policy to stimulate the economy, create jobs, ensure the availability of redress for injury, and insure a healthy construction industry to mitigate further economic deterioration.

Your Committee has amended this measure by deleting its contents and replacing them with new language that:

- (1) Adds a new purpose section to accurately reflect the policy of the Legislature with respect to this measure and the contents of this measure as amended;
- (2) Specifies that the term "occurrence" as used in a liability insurance policy that covers occurrences of damage or injury during the policy period and insures a construction professional for liability arising during construction-related work shall be construed according to the law as it existed at the time the insurance contract was issued;
- (3) Specifies that the provisions described above in paragraph (2) shall apply to all liability insurance policies in effect as of its effective date and to surplus lines of insurance;
- (4) Clarifies the meaning of "construction professional" and "liability insurance policy"; and
- (5) Changes the effective date to upon approval.

Your Committee notes that the language of this measure as amended is the result of collaboration among the proponents of this measure and reflects the agreement of stakeholders on this issue.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 924, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 924, H.D. 2, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Galuteria, Solomon).

#### **SCRep. 923 Commerce and Consumer Protection on H.B. No. 1049**

The purpose and intent of this measure is to update the Insurance Code and related provisions.

Your Committee received testimony in support of this measure from the Insurance Commissioner of the Department of Commerce and Consumer Affairs, Insurance Division of the Department of Commerce and Consumer Affairs, American Council of Life Insurers, and Hawaii Medical Service Association.

Your Committee finds that this measure will allow the Insurance Division to streamline its operations, improve administrative efficiency, retain accreditation by the National Association of Insurance Commissioners, and reduce the cost of insurance regulation. Your Committee further finds that the electronic filing provisions of this measure are not only good practice which allows the Insurance Division to take advantage of technology to improve efficiency but are also required to conform with federal law.

Your Committee has amended this measure by:

- (1) Clarifying that an approval required by law shall be deemed effective as of the sixtieth day following the filing of the request for approval if the Insurance Commissioner does not take affirmative action on the application before that time;
- (2) Specifying that the amendments made by this measure to the schedule of fees that may be charged by the Insurance Commissioner shall not be repealed when that section is repealed and reenacted to effectuate the sunset date applicable to other provisions within the schedule;
- (3) Inserting an effective date of July 1, 2011; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1049, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1049, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, none.

**SCRep. 924 Economic Development and Technology on H.B. No. 306**

The purpose and intent of this measure is to:

- (1) Amend the method of computing the estate and transfer tax;
- (2) Repeal the income tax credit for resident taxpayers for income taxes paid to other jurisdictions; and
- (3) Impose an excise tax on direct broadcast satellite service providers.

Your Committee received testimony in support of this measure from Oceanic Time Warner Cable and Hawai'i Association of REALTORS. Your Committee received testimony in opposition to this measure from DIRECTV, Inc.; DISH Network L.L.C.; Satellite Broadcasting & Communications Association; Microcom; Mini Satellite Dish Company; Big Island Satellite; Hawaii Sound Systems; Molokai Sight & Sound; D&M Satellite Solutions; Pacific Rim Entertainment; Victory Satellite; DISH TV USA INC.; The Satellite Guy, Inc.; The Shack at Hawaii Kai; and four individuals. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that this measure encompasses three distinct tax provisions: part I clarifies the estate tax law, part II repeals the income tax credit for taxpayers who pay income taxes to other jurisdictions, and part III imposes a new excise tax on gross income received from providing broadcast satellite services.

Your Committee notes that the primary opposition to this measure was to part III, with much of the testimony focused on the economic hardship for Hawaii residents as a result of the proposed tax. Your Committee has also heard concerns raised by the Department of Taxation that part II may be unconstitutional if the repeal of this tax credit is characterized as double taxation, and that a request for a determination has been made to the Attorney General, but not received to date.

With regards to part I, the Department of Taxation testified that as it clarifies the existing estate tax and makes no substantive changes, the Department estimates no revenue impact. Your Committee has also favorably considered additional clarifying amendments to the generation-skipping transfer tax and the estate tax for noncitizens, as requested by the Department.

Your Committee has amended this measure accordingly, by:

- (1) Amending the definition of "generation-skipping transfer" and "taxable estate", further amending the definition of "Internal Revenue Code", and repealing, rather than amending, the definition of "federal credit";
- (2) Changing the calculation of the tax imposed on every generation-skipping transfer from the federal credit to a percentage based on an aggregate exclusion per decedent;
- (3) Changing the calculation of the tax imposed on noncitizen transfers of a taxable estate located in Hawaii from the federal credit to a table based on the value of the estate;
- (4) Deleting part II, which would have repealed the income tax credit for resident taxpayers for income taxes paid to other jurisdictions;
- (5) Deleting part III, which would have imposed an excise tax on direct broadcast satellite service providers; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Economic Development and Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 306, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 306, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Solomon, Slom).

**SCRep. 925 (Joint) Public Safety, Government Operations, and Military Affairs and Economic Development and Technology on H.B. No. 1007**

The purpose and intent of this measure is to:

- (1) Clarify that a person commits the offense of promoting pornography for minors if, knowing its character and content, the person disseminates material that is pornographic for minors to a minor known by the person to be under the age of sixteen years; or a person who represents that person's self to be under the age of sixteen years; and
- (2) Allow criminal charging by written information for promoting child abuse in the third degree.

Your Committees received testimony in support of this measure from The Sex Abuse Treatment Center. Your Committees received testimony in opposition to this measure from the Media Coalition Inc. and American Civil Liberties Union of Hawai'i.

Your Committees' intent is to provide greater protection to children from sexual offenders and predators in the internet age. Current law prohibits disseminating pornographic material to minors. This measure extends this prohibition to include disseminating pornographic material to a person who represents himself or herself as a minor, allowing state and county law enforcement officers to be able to pose as children online and make out criminal cases when predators promote pornography to minors while attempting to exploit them through the Internet.

Your Committees have amended this measure by:

- (1) Creating a felony offense of disseminating material that is pornographic for minors to other minors over the Internet or by electronic communication;

- (2) For purposes of determining whether a person commits the offense of promoting pornography for minors, changing the age of a minor from sixteen to eighteen years;
- (3) Clarifying the definition of “pornographic for minors”; and
- (4) Changing the effective date to upon approval.

As affirmed by the records of votes of the members of your Committees on Public Safety, Government Operations, and Military Affairs and Economic Development and Technology that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1007, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1007, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chairs on behalf of the Committees.

Ayes, 5. Noes, none. Excused, 3 (Ryan, Solomon, Slom).

**SCRep. 926 (Joint) Public Safety, Government Operations, and Military Affairs and Commerce and Consumer Protection on H.B. No. 1221**

The purpose and intent of this measure is to clarify that the consumption of liquor by a minor shall not be deemed to be a violation of section 281-78(b)(1), Hawaii Revised Statutes, if a licensee who serves alcohol in a large public facility receives the appropriate county liquor commission’s approval of the licensee’s security plans for preventing minors from consuming alcohol on the licensed premises, and the licensee implements that plan in good faith.

Your Committees received testimony in support of this measure from Better Brands, Paradise Beverages, Inc., Centerplate, Anheuser-Busch Sales of Hawaii, and one individual. Your Committees received testimony in opposition to this measure from the City and County of Honolulu Liquor Commission.

Your Committees believe that the liquor industry has made good efforts to prevent underage drinking; however, there will be those irresponsible consumers who choose to do otherwise. This type of behavior is not in the control of the industry, and your Committees find that the industry should not be penalized for the irresponsible behavior of these consumers.

Your Committees have amended this measure by:

- (1) Inserting a capacity of at least 50,000 people in the definition of “large public facility”; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Public Safety, Government Operations, and Military Affairs and Commerce and Consumer Protection that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1221, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1221, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chairs on behalf of the Committees.

Ayes, 7; Ayes with Reservations (Kidani). Noes, none. Excused, 3 (Nishihara, Ryan, Solomon).

**SCRep. 927 Public Safety, Government Operations, and Military Affairs on H.B. No. 605**

The purpose and intent of this measure is to establish a Reduced Ignition Propensity Cigarette Program Special Fund, into which shall be deposited all monies collected by the State Fire Council from the Reduced Ignition Propensity Cigarette Program.

Your Committee received testimony in support of this measure from the State Fire Council, County of Maui Department of Fire and Public Safety, and Kaua’i Fire Department. Your Committee received comments on this measure from the Department of Budget and Finance.

Under this measure, monies in the Reduced Ignition Propensity Cigarette Program Special Fund would be administered and expended by the State Fire Council to defray the actual cost of activities and requirements of certification of reduced ignition propensity cigarettes.

Your Committee finds that the establishment of the Reduced Ignition Propensity Cigarette Program Special Fund is necessary for the State Fire Council to meet staffing needs for the administration of the Reduced Ignition Propensity Cigarette Program. Your Committee further finds that since the Program’s implementation in 2009, approximately \$390,000 in regulatory fees have been collected – monies that should be used to hire an Administrator and Assistant for the Program to perform the duties specified in this measure.

Your Committee has amended this measure by replacing its contents with those in S.B. No. 258, S.D. 1, which is substantively similar but does not include appropriations by the Legislature as a source of monies for deposit into the Reduced Ignition Propensity Cigarette Program Special Fund. Your Committee has amended this measure further by:

- (1) Updating the figure representing the current amount of fees collected by the Reduced Ignition Propensity Cigarette Program to date, which is \$390,000;
- (2) Clarifying that the \$375 fee on manufacturers is to be paid into the Reduced Ignition Propensity Cigarette Program Special Fund;
- (3) Changing the effective date to July 1, 2050, to allow for further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 605, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 605, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 928 (Joint) Transportation and International Affairs and Economic Development and Technology on H.B. No. 123**

The purpose and intent of this measure is to provide a general excise tax exemption for the sale of aviation fuel for air transportation.

Your Committees received comments on this measure from the Department of Taxation, Hawaiian Airlines, Tax Foundation of Hawaii, and one individual. Your Committees received testimony in opposition to this measure from one individual.

This measure applies to aviation fuel that is categorized as privileged foreign merchandise, nonprivileged foreign merchandise, domestic merchandise, or zone-restricted merchandise that is admitted into a foreign-trade zone and purchased by a common carrier for consumption or use in air transportation between two points in the State.

Airline fuel that is purchased in a foreign-trade zone and used by airlines traveling out of the State of Hawaii is exempt from general excise and use taxes; however, airlines on intrastate flights are not exempt. To the extent that these general excise and use taxes apply to intrastate flights, they only exacerbate the economic problems that are faced by airlines operating within Hawaii.

Your Committees find that that a healthy inter-island airline industry is vital to the State's economy. Hawaii's inter-island airlines continue to face severe financial challenges. Fuel costs in particular have skyrocketed and grown volatile in recent years. In fact, for most airlines, the cost of fuel has surpassed labor as the leading operating cost.

Your Committees further find that the effect of providing common carriers with an exemption from general excise and use taxes for fuel purchased from a foreign-trade zone and used for inter-island flights would be to create a level playing field for all airlines.

Your Committees have amended this measure by changing the effective date to apply to gross income or gross proceeds received after June 30, 2011, from the sale of aviation fuel for air transportation.

As affirmed by the records of votes of the members of your Committees on Transportation and International Affairs and Economic Development and Technology that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 123, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 123, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.  
Ayes, 8; Ayes with Reservations (Solomon). Noes, none. Excused, 3 (Dela Cruz, Kouchi, Slom).

**SCRep. 929 (Joint) Transportation and International Affairs and Public Safety, Government Operations, and Military Affairs on H.B. No. 1435**

The purpose and intent of this measure is to make amendments to the State's ignition interlock law recommended by the Hawaii Ignition Interlock Implementation Task Force pursuant to Act 171, Session Laws of Hawaii 2008, as amended. This measure, among other things:

- (1) Eliminates the requirement that the arresting officer take possession of the motor vehicle registration and remove the license plate, and issue a temporary motor vehicle registration and temporary number plate for the motor vehicle; and
- (2) Requires the installation of an ignition interlock device in any motor vehicle that the repeat intoxicated driver operates.

Your Committees received testimony in support of this measure from the Department of the Attorney General, City and County of Honolulu Department of the Prosecuting Attorney, Mothers Against Drunk Driving HAWAII, Hawaii Ignition Interlock Implementation Task Force, Iron Workers Stabilization Fund, and three individuals. Your Committee received testimony in opposition to this measure from the Department of Transportation, Department of Health, and Honolulu Police Department. Your Committee received comments on this measure from the Judiciary and City and County of Honolulu Department of Customer Services.

Act 171, Session Laws of Hawaii 2008, established an Ignition Interlock Program. The purpose of the program is to require drivers whose licenses have been administratively revoked for, or who have been convicted of, operating a vehicle while under the influence of an intoxicant to install an ignition interlock device on their vehicles. The device will prevent these drivers from starting or operating their vehicles when the driver has more than a minimal concentration of alcohol.

Act 171 also established the Hawaii Ignition Interlock Implementation Task Force to study the issues surrounding implementation of the program and to make recommendations to address them. The Hawaii Ignition Interlock Implementation Task Force met numerous times in committees and as a whole, had comprehensive discussions on a multitude of issues relating to the implementation of the Ignition Interlock Program, and made recommendations for statutory amendments necessary to implement the program.

Your Committees have amended this measure by deleting its contents and replacing them with the contents of S.B. No. 825, S.D. 1, which:

- (1) Extends the sunset date of the Hawaii Ignition Interlock Implementation Task Force to June 30, 2012;
- (2) Inserts an effective date of July 1, 2011; and
- (3) Makes technical, nonsubstantive amendments for the purposes of clarity and consistency.

Finally, your Committees have further amended this measure by clarifying that this measure applies retroactively to arrests occurring on or after January 1, 2011.

As affirmed by the records of votes of the members of your Committees on Transportation and International Affairs and Public Safety, Government Operations, and Military Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1435, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1435, H.D. 2, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chairs on behalf of the Committees.  
Ayes, 7. Noes, none. Excused, 3 (Gabbard, Kidani, Kouchi).

**SCRep. 930 Energy and Environment on H.B. No. 1520**

The purpose and intent of this measure is to support the State's overall clean energy objectives by:

- (1) Exempting owners and operators of renewable energy generating facilities located on property owned by another person from regulation as a public utility when electricity generated by those facilities is supplied to that property owner or an electric utility; and
- (2) Requiring the Public Utilities Commission (PUC) to monitor the impact of net energy metering on existing electric utility ratepayers.

Prior to the public hearing on this measure, your Committee posted a proposed S.D. 1, which deleted the contents of this measure and replaced them with provisions directing the PUC to create and implement an on-bill financing program for residential electric utility consumers to finance purchases of energy-efficient or renewable energy devices and systems through their electric utility bills.

Your Committee received testimony in support of the proposed S.D. 1 from Jeffrey T. Ono, Division of Consumer Advocacy, Department of Commerce and Consumer Affairs; Jeff Mikulina, Blue Planet Foundation; Christy Imata, Hawaii Solar Energy Association; Robert Harris, Sierra Club, Hawai'i Chapter; Douglas Codiga; and Anthony Aalto. Your Committee received testimony in opposition to the proposed S.D. 1 from Hermina Morita, Public Utilities Commission; and Ray Starling, Hawaii Public Benefits Fee Administrator. Your Committee received comments on the proposed S.D. 1 from Richard Lim, Department of Business, Economic Development, and Tourism; Myoung Oh, Hawaii Association of REALTORS; Warren Bollmeier, Hawaii Renewable Energy Alliance; and Alan Hee, Hawaii Electric Company, Inc.

Your Committee finds that up-front costs are a barrier preventing many Hawaii residents from installing renewable energy systems or replacing energy-inefficient home appliances with energy-saving alternatives. Existing tax credit and rebate programs have not been enough of an incentive to offset up-front costs.

Your Committee further finds that allowing public utilities customers to finance purchases of energy-saving appliances and renewable energy technology through on-bill financing backed by the public benefits fee may be a solution to the problem of high up-front costs. Your Committee recognizes, however, that on-bill financing can be expensive to administer and can cause a number of difficulties when tenants move or when property is sold.

Your Committee has amended this measure by deleting its contents and replacing them with the contents of the proposed S.D. 1. Your Committee has further amended this measure by:

- (1) Inserting a provision requiring that tenants may participate only with the written consent of the owner of the tenant's dwelling unit;
- (2) Deleting the inclusion of the purchase of ENERGY STAR refrigerators as an eligible purchase under the on-bill financing program;
- (3) Specifying that the PUC, rather than the Public Benefits Fee Administrator, shall determine what percentage of collected public benefits fees shall be expended on the on-bill financing program;
- (4) Requiring the PUC to ensure that certain reasonable costs incurred by electric utilities are recovered; and
- (5) Amending the purpose section accordingly.

As affirmed by the record of votes of the members of your Committee on Energy and Environment that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1520, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1520, H.D. 2, S.D. 1, and be referred to the Committee on Commerce and Consumer Protection.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (English, Slom).

**SCRep. 931 Energy and Environment on H.B. No. 1286**

The purpose and intent of this measure is to help increase the availability of energy in the form of electricity or biofuels by amending Act 110, Session Laws of Hawaii 2009, which authorized the issuance of special purpose revenue bonds to assist BioEnergy Hawaii, LLC, to establish and operate one or more cogeneration facilities in the State to:

- (1) Broaden the scope of the project to include the production of biofuels, in addition to electricity; and
- (2) Authorize the sale of electric energy or biofuels to refineries serving the public, public agencies, or public facilities.

Your Committee received testimony in support of this measure from Guy Kaniho, BioEnergy Hawaii, LLC; and Dante Carpenter, Pacific Waste, Inc. Your Committee received comments on this measure from Kalbert K. Young, Department of Budget and Finance.

Your Committee finds that it is in the public interest to encourage the development of cogeneration facilities that make energy available to members of the public by the sale of electricity or biofuels, or both, to an electric utility or refinery, or both, that serves the area in which the facility is located. Your Committee recognizes that under the Internal Revenue Code there is a limitation on the amount of tax-exempt financing for industrial projects and that BioEnergy Hawaii, LLC, may have to consult with a bond counsel firm to determine whether the project may qualify for the full amount of tax-exempt financing. Your Committee further finds that S.B. No. 1476, S.D. 2, contains all of the same provisions as this measure but more comprehensively updates the purposes of Act 110, Session Laws of Hawaii 2009.

Accordingly, your Committee has amended this measure by:

- (1) Deleting its contents and replacing them with provisions from S.B. No. 1476, S.D. 2, which authorizes the issuance of special purpose revenue bonds in an amount not to exceed \$100,000,000 to assist BioEnergy Hawaii, LLC, to establish a cogeneration facility and related energy production facilities for electrical output or biofuels energy, or both;
- (2) Adding a section to repeal Act 110, Session Laws of Hawaii 2009, as that Act will no longer be necessary; and
- (3) Changing the effective date to upon approval.

As affirmed by the record of votes of the members of your Committee on Energy and Environment that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1286, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1286, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (English, Slom).

**SCRep. 932 Health on H.B. No. 597**

The purpose of this measure is to expand the definition of “quality assurance committee” to include interdisciplinary quality assurance committees composed of members from various health care organizations. The intent of this measure is to establish that the proceedings and records of interdisciplinary quality assurance committees composed of members from various health care organizations have similar protections as those committees formed by hospitals, health maintenance organizations, and statewide trauma care systems.

Your Committee received testimony in support of this measure from The Queen’s Medical Center and Healthcare Association of Hawaii.

Your Committee acknowledges that robust discussion leads to changes in health care policies, procedures, or practices and, in order to encourage such robust discussions, there is a need to protect peer review and quality assurance discussions on health care from their potential use in medical malpractice lawsuits. Your Committee heard concerns regarding the impact that this measure may have on discoverable information. Your Committee asserts that this measure does not seek to change discovery rules; rather, the goal of this measure is to encourage collaborative discussions regarding health care policies, procedures, and practices.

Your Committee has amended this measure by inserting an effective date of July 1, 2030, to allow for further discussion.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 597, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 597, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Baker, Wakai, Slom).

**SCRep. 933 (Joint) Water, Land, and Housing and Energy and Environment on H.B. No. 496**

The purpose and intent of this measure is to:

- (1) Establish a pilot project within the Department of Land and Natural Resources to remove pollutants and improve water clarity in Lake Wilson;
- (2) Require the Department of Land and Natural Resources to report to the Legislature on the viability, safety, and effectiveness of the pilot project; and
- (3) Appropriate an unspecified sum to the Department of Land and Natural Resources for the 2011-2012 fiscal year to conduct the pilot project.

Your Committees received testimony in support of this measure from the Office of Hawaiian Affairs and Partners in Development Foundation. Your Committees received comments on this measure from the Department of Land and Natural Resources.

Your Committees find that Lake Wilson, Hawaii’s largest reservoir, has the potential to provide the water needed for the North Shore of Oahu’s agricultural expansion, but that the current quality of the water limits the amount of crops that can be produced nearby. A cleaner Lake Wilson can also be used for recreational opportunities. This measure proposes an innovative way to remove pollutants and improve water quality in Lake Wilson, which can in turn support local agriculture, reduce our reliance on imported foods, and decrease our dependence on fossil fuels.

Your Committees have amended this measure by:

- (1) Deleting “marine”, which may imply saltwater, from the phrase “marine phytoremediation” to avoid confusion, as Lake Wilson is a freshwater body; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Water, Land, and Housing and Energy and Environment that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 496, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 496, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.  
Ayes, 7. Noes, none. Excused, 4 (English, Fukunaga, Slom, Tokuda).

**SCRep. 934 (Majority) Water, Land, and Housing on H.B. No. 744**

The purpose and intent of this measure is to create the Dam Safety Task Force to review applicable state laws, administrative rules, and county ordinances; recommend actions to be taken by the Engineering Division of the Department of Land and Natural Resources in its administration of the Hawaii Dam Safety Program; and report its finding and recommendations to the Legislature.

Your Committee received testimony in support of this measure from the Land Use Research Foundation of Hawaii; Hawaii Cattlemen's Council, Inc.; Hawaii Farm Bureau Federation; David Tarnas; Tim Richards; and Stephen Bowles. Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources. Your Committee received comments on this measure from Alexander and Baldwin, Inc.

Your Committee finds that new rules imposing fees on dam owners, although implemented to improve the safety of the dams, may prove overly burdensome to dam owners. In light of the tragedy at Kaloko, however, public safety cannot be taken lightly. This situation warrants bringing together state actors and private sector dam owners to formulate a solution to these issues. This measure provides an incentive to keep dams in operation and good repair by making eligible for certain state and county incentives dams on designated Important Agricultural Lands that are used primarily for designated agricultural uses.

Your Committee has amended this measure by:

- (1) Providing that certain dams and related reservoirs shall qualify for certain state and county incentives under section 205-46, Hawaii Revised Statutes; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 744, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 744, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, 1 (Tokuda). Excused, 1 (Slom).

**SCRep. 935 Water, Land, and Housing on H.B. No. 850**

The purpose and intent of this measure is to implement a community-based fishery resource management area program for the island of Lanai.

Your Committee received testimony in support of this measure from Hawaiian Electric Company, Inc.; Sierra Club, Hawai'i Chapter; Lanai Hunters Advisory; Janice Palma-Glennie; George Purdy; Mele Davis; Max Renigado; Ken Esclito; and H. Mei Lani Aki. Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources and Carl Jellings, Sr.

Your Committee finds that resource management is site specific. Natural resource management practices that encompass traditional Hawaiian fishing practices must be adapted to the local environments and applied with a local understanding of the environmental and ecological conditions affecting the natural resources.

The Lanai community, in particular, has voiced concerns about the impacts of overfishing, invasive species, and the impact of marine cage aquaculture on its subsistence lifestyle. This measure recognizes that the residents of Lanai are in the best position to understand the yields, cycles, and patterns of their fisheries, and takes advantage of that historical knowledge by implementing a community-based fishery resource management area program.

Your Committee has amended this measure by:

- (1) Changing the membership criteria for the Lanai Community-based Fishery Resource Management Area Advisory Committee and the mandate for the Committee to focus on fishing cultural practices that emphasize sustaining the fishery;
- (2) Deleting the reference to "konohiki" on page 4, line 15 to avoid confusion with section 187A-23, Hawaii Revised Statutes, which governs konohiki fisheries;
- (3) Requiring the plan that establishes the management framework for fishery resources to be based on best available information, regardless of whether that information is based on personal observation of and adjustments or responses to environmental changes, or otherwise;
- (4) Requiring the Advisory Committee to establish a community-based fishery resource management area system that, among other things, can respond quickly to environmental changes and changes in the fishery stock;
- (5) Providing that the rules proposed by the Advisory Committee and adopted pursuant to chapter 91, Hawaii Revised Statutes, shall be incorporated as the fishery management structure for the island of Lanai upon the implementation of the 'aha kiole or 'aha moku system;
- (6) Changing the effective date to July 1, 2011; and

- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 850, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 850, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Shimabukuro, Slom).

**SCRep. 936 Water, Land, and Housing on H.B. No. 960**

The purpose and intent of this measure is to:

- (1) Establish a program for granting no-interest loans in lieu of certain state low-income housing tax credits to developers of affordable rental housing who qualify for those tax credits; and
- (2) Authorize the issuance of general obligation bonds to fund the no-interest loans.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation; City and County of Honolulu, Department of Community Services; Land Use Research Foundation of Hawaii; Hawai'i Association of REALTORS; The Pacific Resource Partnership; Catholic Charities Hawai'i; Miyabara Associates LLC; Royal Contracting Co., Ltd.; Stanford Carr Development, LLC; Vitus Innovative Development; Palekana Permitting and Planning; Hawaiian Dredging Construction Company, Inc.; Kevin S. Kennedy Consulting, LLC; Richard Matsunaga and Associates Architects Inc.; Otis Elevator Company; United Steel, LLC; Moss Engineering, Inc.; Diane Kodama; Geoff Miasnik; Tze Kwan Marr; and John Serikawa. Your Committee received comments on this measure from the Department of the Attorney General; Department of Budget and Finance; Department of Taxation; Tax Foundation of Hawaii; and Diane Taira.

Your Committee finds that the State has a great need for affordable rental housing, as evidenced by the Hawaii Housing Policy Study, 2006 update. The State Low-Income Housing Tax Credit Program was established to promote the development or substantial rehabilitation of affordable rental housing. However, there is currently little demand for state low-income housing tax credits. This measure provides an alternative financing vehicle, no-interest loans, to developers of affordable housing.

Your Committee notes the testimony of the Department of Budget and Finance, which indicates that as the bond proceeds will be used for private purposes, taxable general obligation bonds, with interest rates higher than those of tax-exempt general obligation bonds, will need to be issued to fund the low-income housing tax credit loans.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 960, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 960, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Shimabukuro, Slom).

**SCRep. 937 Water, Land, and Housing on H.B. No. 1020**

The purpose and intent of this measure is to:

- (1) Abolish the Aloha Tower Development Corporation, transferring its rights, powers, functions, duties, and assets, including leases, to the Hawaii Community Development Authority;
- (2) Transfer the Aloha Tower Fund to the Hawaii Community Development Authority;
- (3) Transfer the implementation authority of the Commercial Harbors Modernization Plan to the Department of Transportation; and
- (4) Appropriate an unspecified amount of funds from the Aloha Tower Fund for the Hawaii Community Development Authority.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism. Your Committee received testimony in opposition to this measure from The Outdoor Circle. Your Committee received comments on this measure from the Department of Transportation and Hawaii Community Development Authority.

Your Committee acknowledges that the Aloha Tower Complex is a potentially valuable asset if properly developed. However, the Aloha Tower Development Corporation has not developed the Aloha Tower Complex so as to generate consistent revenues. In spite of past mismanagement, the State could potentially realize significant economic value from the sale of the Aloha Tower Complex.

Your Committee notes the testimony of the Department of Transportation, stating that there is a prospective purchase of the Aloha Tower Marketplace and that it is imperative that the Aloha Tower Development Corporation remain in place to provide stability to the immediate situation. The Department of Transportation also testified that the Harbors Modernization projects have already been incorporated into its capital projects budget and will be executed as part of its programs and operations.

Accordingly, your Committee has amended this measure by adopting the amendments proposed by the Department of Transportation. As amended, this measure:

- (1) Retains the Aloha Tower Development Corporation and places the Corporation under the Department of Transportation for administrative purposes;

- (2) Reduces the number of members of the Board of Directors of the Aloha Tower Development Corporation from seven to three – the Director of Transportation; Deputy Director of Transportation, Harbors Division; and Director of Business, Economic Development, and Tourism;
- (3) Limits the use of Aloha Tower Fund monies for certain costs related to lands located seaward of Nimitz Highway and between Pier 4 and Pier 11, rather than between Pier 4 and the Honolulu International Airport;
- (4) Deletes language that would have transferred the responsibility of implementing the Commercial Harbors Plan to the Department of Transportation;
- (5) Authorizes the use of Aloha Tower Fund monies for lease payments to the Department of Transportation;
- (6) Repeals the Harbors Modernization Group; and
- (7) Appropriates an unspecified sum from the Aloha Tower Fund to the Department of Transportation for operating expenses for the Aloha Tower Development Corporation.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1020, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1020, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Slom).

**SCRep. 938 Water, Land, and Housing on H.B. No. 1079**

The purpose and intent of this measure is to authorize the Department of Land and Natural Resources to collect fees to cover the technical assistance program costs for habitat conservation plans.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Department of Business, Economic Development, and Tourism; First Wind; and George Purdy.

Your Committee finds that the number of incidental take licenses and requests for technical assistance related to habitat conservation plans have increased significantly in recent years, and the Department of Land and Natural Resources' current budget cannot meet this increase in demand without fiscal support, such as the authorization to collect fees proposed by this measure.

Your Committee has amended this measure by:

- (1) Changing its effective date from July 1, 2030, to upon approval; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1079, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1079, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Shimabukuro, Slom).

**SCRep. 939 Water, Land, and Housing on H.B. No. 1566**

The purpose and intent of this measure is to generate immediate and future revenues for needed repair and maintenance of public harbor facilities by:

- (1) Exempting the Ala Wai Boat Harbor from assessment and special improvement district requirements regarding redevelopment;
- (2) Clarifying the permissible uses of leased state boating facility properties to include ocean recreation activities;
- (3) Extending the maximum term for the disposition of public lands of state boating facilities to 65 years to facilitate redevelopment;
- (4) Requiring any fees collected within the small boat harbors to be expended only for costs relating to the operation, upkeep, maintenance, and improvement of small boat harbors;
- (5) Allowing the Department of Land and Natural Resources to issue commercial use permits for vessels with assigned moorings in Ala Wai and Keehi Boat Harbors;
- (6) Providing for future mooring fees to be established by appraisal by a state-licensed appraiser;
- (7) Authorizing the Department of Land and Natural Resources to assess and collect utility fees, including electrical and water charges, and common area maintenance fees, in small boat harbors; and
- (8) Directing the Department of Land and Natural Resources to use the request for proposals process for the public-private development, management, and operation of areas of the Ala Wai Boat Harbor.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Chris McClurin, and Charles Bellman. Your Committee received testimony in opposition to this measure from Waikiki Neighborhood Board No. 9; Ocean Tourism Coalition; Maui Classic Charters, Inc.; Idlewild Charters Inc. DBA Frogman Charters; Ilikai Association of Apartment Owners; Reg White; Nancy Mueeting; Robert Winter; Dave Cooper; Joseph Shacat; Susan Ray; and William Marshall.

Your Committee finds that public harbor facilities statewide are in need of repair and maintenance. Unique among state boat harbors, the Ala Wai and Keehi Boat Harbors currently prohibit commercial vessel activity. This measure would allow limited commercial activity at Ala Wai and Keehi Boat Harbors to increase revenues for the Department of Land and Natural Resources, which will in turn facilitate the upkeep of public harbor facilities.

Your Committee has heard the testimony of concerned parties who oppose imposing fees for common areas, water, and electricity. However, improving and maintaining public harbor facilities cannot proceed free of debt without user-generated revenues. This measure incorporates numerous revenue-generating methods to maximize the amount of revenues received by the Department of Land and Natural Resources.

Your Committee has also heard the testimony of concerned parties who oppose permitting hotel and timeshare uses at Ala Wai and Keehi Boat Harbors. Your Committee believes these concerns merit further discussion by the Committee on Ways and Means. Accordingly, your Committee has not amended the effective date of July 1, 2030, to ensure ongoing discussions on this issue.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1566, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1566, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Slom).

**SCRep. 940 Water, Land, and Housing on H.B. No. 1505**

The purpose and intent of this measure is to facilitate the repair and maintenance of state facilities by:

- (1) Authorizing the State to sell, subject to certain conditions, designated state facilities to a private investor, as defined in this measure; and
- (2) Authorizing the private investor to renovate, improve, or construct the state facility, pursuant to the terms of a development agreement between the State and the private investor.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services, The Pacific Resource Partnership, CB Richard Ellis, Inc., and one individual. Your Committee received testimony in opposition to this measure from William Marshall, Dave Cooper, and Nancy Terrell. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that many state facilities are in dire need of critical repair and maintenance. Public-private partnerships offer a way to address the State's significant backlog of deferred facility maintenance. Moreover, the sale of state facilities can quickly generate cash, which can, among other things, be used to conduct deferred repair and maintenance of state facilities.

Your Committee notes the testimony of the Department of Budget and Finance, which indicates that the sale of public buildings previously financed with general obligation bonds that are currently outstanding may trigger a "change of use" of the bond financed building, as the owner of the building for federal tax purposes will be a private entity. This may result in a pro-rated portion of the bond issue that no longer qualifies for federal tax exemption. Your Committee finds that this issue merits further discussion by your Committee on Ways and Means.

Your Committee further notes that there are long-term financial considerations that could be either beneficial or detrimental to the State as the landowner and occupant of state facilities. Each transaction or building would pose different considerations; therefore, any transaction should be undertaken with diligent care to ensure that future state interests are preserved.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1505, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1505, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Slom).

**SCRep. 941 Water, Land, and Housing on H.B. No. 1312**

The purpose and intent of this measure is to authorize the Department of Land and Natural Resources to lease certain fast and submerged lands of the Ala Wai Boat Harbor to generate revenue to improve and maintain state small boat harbor facilities.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Nobuaki Yoshino, Chris McClurin, Charles Bellman, Keith Kiuchi, and Charles Barclay. Your Committee received testimony in opposition to this measure from Waikiki Neighborhood Board No. 9, Ilikai Association of Apartment Owners, Reg White, Nancy Mueing, Dave Cooper, William Marshall, Susan Ray, Beth Malvestiti, and Nancy Terrell.

Your Committee finds that the Ala Wai Boat Harbor includes certain assets within its facilities that are currently underutilized. If properly developed, these assets could generate revenue that would enable the Department of Land and Natural Resources to improve and maintain not only Ala Wai Boat Harbor, but also other facilities operated by the Division of Boating and Ocean Recreation. This measure takes advantage of the development potential of the Ala Wai Boat Harbor by authorizing the Department to lease certain fast and submerged lands to generate revenue.

Your Committee notes the testimony of the Department of Land and Natural Resources, which indicates that the revenue expected to be generated as a result of this measure can help the agency achieve its long-range repair and maintenance goals for public harbor facilities.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1312, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1312, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Slom).

**SCRep. 942 Water, Land, and Housing on H.B. No. 1164**

The purpose and intent of this measure is to require the Department of Land and Natural Resources to consider the sale or exchange of Sand Island parcels to leaseholders, and to report its findings and recommendations to the Legislature.

Your Committee received testimony in support of this measure from the Sand Island Business Association; KOGA Engineering and Construction, Inc.; Robert M. Kaya Builders, Inc.; Bob Sakamoto Welding Inc.; Tomco Corp.; Ikaika Builders, Inc.; Ideal Construction, Inc.; Projects Plus, Inc.; Tajiri Demolition and Disposal LLC; Economy Plumbing and Sheet Metal, Inc.; S and M Welding Co., Ltd.; Imua Sales and Service Inc.; Walter Arakaki General Contractor, Inc.; Mitsunaga Construction, Inc.; Downstream, Inc.; and Jayar Construction, Inc. Your Committee received testimony in opposition to this measure from the Office of Hawaiian Affairs and Department of Land and Natural Resources.

Your Committee finds that the Department of Land and Natural Resources relies on income from lease revenues derived from the Sand Island Industrial Park master lease to fund conservation and enforcement activities. Sale of the Sand Island parcels will generate cash inflows, but will not generate a permanent source of revenue. Therefore, the sale of the lands could detract from the agency's ability to support its own conservation and enforcement activities over an extended period of time.

Authorizing the Department of Land and Natural Resources to consider the exchange of Sand Island parcels to leaseholders will encourage the Department to decide whether it is in the State's best interest to execute a land exchange or retain the fee title to certain Sand Island parcels.

Your Committee has amended this measure by replacing its contents with the contents of S.B. No. 608, S.D. 2, and further amending the measure, upon the recommendation of the Department of Land and Natural Resources, by:

- (1) Making it discretionary that the Department of Land and Natural Resources consider the exchange of any Sand Island parcels and eliminating the Department's duty to consider the sale of any Sand Island parcels; and
- (2) Clarifying the factors that the Department may consider in evaluating an exchange of Sand Island parcels.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1164, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1164, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Shimabukuro). Noes, none. Excused, 2 (Tokuda, Slom).

**SCRep. 943 Water, Land, and Housing on H.B. No. 1082**

The purpose and intent of this measure is to:

- (1) Establish the Conservation and Resources Enforcement Special Fund to be administered by the Department of Natural Resources; and
- (2) Appropriate an unspecified sum out of the Conservation and Resources Enforcement Special Fund for expenses relating to enforcing natural, cultural, and historic resources protection laws and rules.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; The Nature Conservancy; Sierra Club, Hawai'i Chapter; and George Purdy. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the Division of Conservation and Resources Enforcement of the Department of Land and Natural Resources has been approached by private sources that are interested in partnering with the Department to improve natural, cultural, and historic resources. Currently, the Department of Land and Natural Resources can only accept and establish trust accounts to manage one-year grants; it does not have an established and dedicated account into which it can place multi-year non-governmental funding. This measure would create a special fund for that purpose.

Your Committee notes that the testimony of the Department of Land and Natural Resources requests an appropriation of \$250,000 out of the General Fund for fiscal year 2011-2012 to be deposited into the Conservation and Resources Enforcement Special Fund.

Your Committee has amended this measure by:

- (1) Changing the effective date from July 1, 2030, to upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1082, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1082, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Shimabukuro, Slom).

**SCRep. 944 Education on H.B. No. 1056**

The purpose and intent of this measure is to permit the Department of Education to determine alternative routes to certification for principals and vice-principals.

Your Committee received testimony in support of this measure from the Department of Education and the College of Education of the University of Hawai'i at Manoa.

Your Committee finds that the current Department of Education requirements for certification of principals and vice-principals are too restrictive and conflict with requirements of the federal Race to the Top grant. This measure will allow principal and vice-principal candidates to meet certification requirements through alternative routes to certification that meet the federal Race to the Top grant requirements.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1056, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1056, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 1 (Slom).

**SCRep. 945 (Joint) Education and Public Safety, Government Operations, and Military Affairs on H.B. No. 4**

The purpose and intent of this measure is to, among other things:

- (1) Make the Interstate Compact on Educational Opportunity for Military Children permanent by removing the July 1, 2011, sunset date from Act 152, Session Laws of Hawaii 2009;
- (2) Delete the definition of "test period" within the Compact;
- (3) Delete provisions relating to furnishing of unofficial education records and principal's determination of available space; and
- (4) Clarify military representation on the State Council on Educational Opportunity for Military Children within the Board of Education.

Your Committees received testimony in support of this measure from the Office of the Commanding General, United States Army, Pacific; United States Marine Corps Forces, Pacific; State of Hawaii Department of Defense; Department of Defense State Liaison Office; Department of Education; General Counsel for Interstate Commission on Educational Opportunity for Military Children; Military Officers Association of America, Hawaii Chapter; Military Impacted Principals Council; The Oahu Veterans Council; The Chamber of Commerce of Hawaii; Hawaii Business Roundtable Incorporated; and one individual.

Your Committees find that frequent moves and deployment of military families create special challenges for children of military members. The Interstate Compact on Educational Opportunity for Military Children was designed to help overcome educational transition issues of children of military families and to help ease the strain on families due to deployment. This measure will make the Compact, which was enacted by Act 152, Session Laws of Hawaii 2009, permanent.

Your Committees have amended this measure by:

- (1) Clarifying that course placement includes but is not limited to honors, international baccalaureate, advanced placement, vocational, technical, and career pathways courses;
- (2) Clarifying that educational program placement includes but is not limited to Gifted and Talented and English as a Second Language Programs; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Education and Public Safety, Government Operations, and Military Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 4, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 4, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.  
Ayes, 7; Ayes with Reservations (Chun Oakland). Noes, none. Excused, 2 (Baker, Taniguchi).

**SCRep. 946 Economic Development and Technology on H.B. No. 782**

The purpose and intent of this measure is to:

- (1) Establish the Department of Business, Economic Development, and Tourism Operation Special Fund for the operation of the Department of Business, Economic Development, and Tourism; and

- (2) Impose a surcharge on certain business- and commerce-related fees and require the surcharge revenues to be deposited into the Special Fund.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism. Your Committee received testimony in opposition to this measure from the Department of Labor and Industrial Relations, Hawaii Insurers Council, USAA, Hawaii Financial Services Association, American Council of Life Insurers, National Association of Insurance and Financial Advisors, State Farm Insurance Companies, E Noa Corporation, and Hawaiian Electric Company, Inc. Your Committee received comments on this measure from the Department of Budget and Finance and Tax Foundation of Hawaii.

Your Committee finds that this measure would provide the Department of Business, Economic Development, and Tourism with a dedicated source of funding that would enable the Department to engage in more long-term planning and other activities that are crucial to the State's economic development.

Your Committee has heard a number of concerns regarding this measure, but believes that the proposal merits further consideration.

Your Committee has amended this measure by inserting an effective date of July 1, 2050, to allow for further discussion.

As affirmed by the record of votes of the members of your Committee on Economic Development and Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 782, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 782, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4; Ayes with Reservations (Baker, Solomon). Noes, none. Excused, 1 (Slom).

**SCRep. 947 Education on H.B. No. 953**

The purpose and intent of this measure is to provide the Department of Education with flexibility to recruit qualified individuals for certain leadership positions within the Department by changing the salary cap for the Deputy Superintendent, Assistant Superintendents, and Complex Area Superintendents from eighty percent of the Superintendent's salary to one hundred percent of the Superintendent's salary.

Your Committee received testimony in support of this measure from the Department of Education.

Your Committee finds that existing statutory limits on the salaries of the Deputy Superintendent, Assistant Superintendents, and Complex Area Superintendents create a challenge in recruiting for and filling these positions. Removing salary caps on these positions will make the positions more competitive and will enhance the ability of the State to recruit the most qualified and experienced individuals.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 953, H.D. 2, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Nishihara). Noes, none. Excused, 1 (Slom).

**SCRep. 948 (Majority) Commerce and Consumer Protection on H.B. No. 845**

The purpose and intent of this measure is to provide relief for lessees in long-term residential ground leases that will expire imminently by permitting a lessee to request an extension of the lease, requiring a lessor to sell a fee simple interest in the land subject to the lease pursuant to specified conditions, and establishing a dispute resolution process.

Your Committee received testimony in support of this measure from West Maui Improvement Foundation; Waikiki Neighborhood Board No. 9; Waikiki Area Residents Association; 'Iolani Banyan Cooperative Association; Date-Laau Community Association; 'Ulalena at Maui Theatre; Lani Home Apartment Association; Sans Souci, Inc.; and two hundred twenty-three individuals. Your Committee received testimony in opposition to this measure from the Mayor of the City and County of Honolulu; Land Use Research Foundation of Hawaii; Building Industry Association of Hawaii; Royal Contracting Co., Ltd.; Kamehameha Schools; Hawai'i Association of REALTORS; Queen Emma Land Company; Building Futures, LLC; Hawaii Reserves, Inc.; Ashford & Wriston; Hawaii Association of Independent Schools; and four individuals. Your Committee received comments on this measure from one private individual.

Your Committee finds that the shortage of affordable housing in this State has reached crisis levels with a projected shortfall of over 24,000 affordable housing units in the State by 2015. Your Committee also finds that Hawaii's long-standing and only recently abolished land oligarchy created a real estate market in which fee simple home ownership was unavailable to the majority of residents until the Legislature and eventually the United States Supreme Court intervened. Your Committee further finds that the imminent expiration of long-term ground leases combined with the lack of affordable housing options puts an entire class of Hawaii homeowners, individuals who own their housing units but hold only a leasehold interest in the underlying land, at risk of homelessness upon the expiration of their leases and removal from their current homes. Finally, your Committee finds that the State has an interest in promoting the property rights of lessors and lessees to long-term residential ground leases.

Your Committee has amended this measure by deleting its contents and replacing them with:

- (1) A purpose section that accurately describes the purpose of this measure and related legislative findings;
- (2) The requirement that a lessor notify a lessee no later than five years before the expiration of a long-term residential ground lease of the lessor's intended disposition of the lease and the land subject to the lease;

- (3) Authorization for the extension of long-term residential ground leases on property that is not subject to development or redevelopment;
- (4) A tax credit to incentivize the extension of long-term residential ground leases;
- (5) Provisions for conversion of owner-occupancy or long-term tenancy of land subject to a long-term residential lease to tenancy subject to the Landlord-tenant Code and specified conditions; and
- (6) An effective date of July 1, 2050, to allow for further discussion.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 845, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 845, H.D. 2, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, 1 (Slom). Excused, none.

**SCRep. 949 (Joint) Human Services and Judiciary and Labor on H.B. No. 231**

The purpose and intent of this measure is to:

- (1) Require visitors at public housing projects to obtain visitor passes;
- (2) Extend the criminal trespass statute to public housing projects;
- (3) Require the Hawaii Public Housing Authority to create a two-year pilot project for Mayor Wright Homes; and
- (4) Appropriate funds for the pilot project.

Your Committees received testimony in support of this measure from twenty-eight individuals. Your Committees received testimony in opposition to this measure from the Hawaii Public Housing Authority, Police Department of the City and County of Honolulu, American Civil Liberties Union of Hawai'i, and Legal Aid Society of Hawai'i.

Your Committees find that increased safety and security measures are needed at public housing projects. Based on information received from the Hawaii Public Housing Authority, the scope of the pilot project proposed by this measure will include designing a surveillance system, and improvements to fencing, lighting, and a guard post. According to the Hawaii Public Housing Authority, the preliminary cost estimate for the pilot project is \$125,000. Your Committees note that the Hawaii Public Housing Authority is expected to provide your Committee on Ways and Means with additional cost information.

Your Committees have heard the concerns that implementing a program that requires visitors to any public housing project to obtain visitor passes may be administratively burdensome. Your Committees have also heard the concerns that requiring visitor passes and extending the criminal trespass statute to public housing may pose constitutional concerns.

Accordingly, your Committees have amended this measure by:

- (1) Deleting section 1, which would have required visitors at public housing projects to obtain visitor passes;
- (2) Deleting section 2, which would have established that remaining unlawfully on the premises of a public housing project constitutes criminal trespass in the first degree;
- (3) Adding language that details the scope of the pilot project at Mayor Wright Homes; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Human Services and Judiciary and Labor that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 231, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 231, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.  
Ayes, 7. Noes, none. Excused, none.

**SCRep. 950 Water, Land, and Housing on H.B. No. 331**

The purpose and intent of this measure is to clarify that the Board of Land and Natural Resources may extend or modify the fixed rental period of certain leases, provided that the aggregate of the initial term and any extension granted shall not exceed sixty-five years.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Hawaii Farm Bureau Federation; Kanoelehua Industrial Area Association; Dhucks; Hawaii Aquaculture and Aquaponics Association; McCully Works; Mauna Kea Infrared, LLC; Pinky's; Takamine Construction, Inc.; Chika Nakano Repair Shop Inc.; Pacific Circulation, Inc.; Bert M. Wagatsuma; Pacific Air Supply, Inc.; John Chiquita, Jr.; Roger Antonio; Dayton Jackson; Trudee Siemann; and Jieyu Shepard. Your Committee received comments on this measure from the Office of Hawaiian Affairs.

Your Committee finds that pursuant to section 171-36, Hawaii Revised Statutes, the Department of Land and Natural Resources may extend certain leases provided that the aggregate of the initial term and the aggregate term shall not exceed fifty-five years. However, this fifty-five year limit is nonsensical in light of the current sixty-five year overall maximum term for public land leases. This measure would allow the Department to grant certain qualified lessees an extended term up to the overall maximum term for public land leases of sixty-five years.

Your Committee further finds that invasive species pose a potential threat to the environment. Pursuant to section 197-3, Hawaii Revised Statutes, no species of aquatic life and wildlife shall be deliberately introduced by the Department of Land and Natural Resources into any habitat within the State, unless the introduction is recommended by the Department and authorized by rules of the Department pursuant to chapter 91, Hawaii Revised Statutes. This measure would broaden the restriction on introducing aquatic life and wildlife into any habitat within the State to apply to any person, as well as the Department.

Your Committee has amended this measure by:

- (1) Amending the definition of wildlife in section 197-1, Hawaii Revised Statutes, to include certain mammals that are non-domesticated but have been obtained after being reared, including but not limited to wild pigs, deer, and rabbits;
- (2) Clarifying that the restriction on introducing, whether deliberately or otherwise, any species of aquatic life or wildlife into any habitat in the State without the recommendation and authorization of the Department of Land and Natural Resources, applies to any person, as well as the Department; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 331, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 331, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Slom).

**SCRep. 951 Water, Land, and Housing on H.B. No. 389**

The purpose and intent of this measure is to protect one of Hawaii's wetland areas and restore it to productive use by:

- (1) Establishing the Heeiea Community Development District, and stipulating its boundaries;
- (2) Establishing general polices to guide the development of the Heeiea Community Development District;
- (3) Creating the Heeiea Community Development Revolving Fund along with a dedicated revenue stream to be deposited into the Fund; and
- (4) Adding three voting members to the Hawaii Community Development Authority, who are permitted to vote only on issues relating to the Heeiea Community Development District.

Your Committee received testimony in support of this measure from the Hawaii Community Development Authority; Department of Business, Economic Development, and Tourism, Office of Planning; The Nature Conservancy; Ko'olaupoko Hawaiian Civic Club; Kako'o O'iwi; Ko'olau Foundation; Ko'olauloa Hawaiian Civic Club; Caroline Bright; and Leialoha Kaluhiwa. Your Committee received testimony in opposition to this measure from the City and County of Honolulu, Department of Planning and Permitting. Your Committee received comments on this measure from the Department of the Attorney General; Kamehameha Schools; and Department of Budget and Finance.

Your Committee finds that there is an area in the Heeiea ahupua'a, which is located in Koolauloko, Oahu, in close proximity to the Heeiea fishpond that is commonly known as the "Heeiea wetlands." On July 2, 1991, the Hawaii Community Development Authority acquired the Heeiea wetlands, consisting of approximately four hundred five acres, by assuming the buyer's position in an existing purchase agreement and folding it into an exchange agreement with Kamehameha Schools. In 1994, in accordance with the terms of the original exchange agreement, approximately eighty acres of the Heeiea wetlands were reconveyed to Kamehameha Schools.

Kako'o O'iwi, a Hawaii nonprofit corporation, approached the Hawaii Community Development Authority to request a long-term lease to restore the wetlands, eliminate invasive species, and establish an agricultural and educational center that will contribute to the community at-large. In March 2010, a thirty-eight year lease was granted to Kako'o O'iwi for these purposes.

Your Committee notes the concerns of Kamehameha Schools, which expressed support for the intent of the bill, but testified against the inclusion of the Kamehameha Schools-owned parcel in the Heeiea Community Development District. As a private landowner with a perpetual mission, Kamehameha Schools requested that it retain the full ability to make strategic uses of its land assets.

Prior to your decision making, your Committee made available for public review a proposed S.D. 1, which:

- (1) Incorporated amendments suggested by the Department of the Attorney General to remove ambiguous language;
- (2) Authorized certain development rights to be conveyed from owners in agricultural districts to certain owners of land in urban districts, subject to certain conditions; and
- (3) Changed the effective date to July 1, 2050.

Your Committee adopted the amendments in the proposed S.D. 1 and further amended the measure by:

- (1) Deleting sections 3 through 7 of the proposed S.D. 1, which would have authorized certain development rights to be conveyed from owners in agricultural districts to certain owners of land in urban districts, subject to certain conditions;
- (2) Deleting parts of the proposed S.D. 1 that would have included lands owned by Kamehameha Schools in the Heeiea Community Development District;
- (3) Changing the effective date of this measure from July 1, 2050, to upon approval; and

- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 389, H.D. 3, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 389, H.D. 3, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Slom).

**SCRep. 952 (Joint) Economic Development and Technology and Judiciary and Labor on H.B. No. 828**

The purpose and intent of this measure is to:

- (1) Establish conditions for inspections of required records and receipts of cash business transactions;
- (2) Clarify state of mind for a violation of record and receipt requirements;
- (3) Allow business transaction records to be hand written or generated by a manually operated or electronic cash register;
- (4) Limit to \$100 the fine for a violation if the person is otherwise in compliance with tax laws; and
- (5) Repeal the failure to record transaction by register provisions.

Your Committees received testimony in opposition to this measure from the Department of Taxation. Your Committees received comments on this measure from the Tax Foundation of Hawaii.

Your Committees have heard concerns raised by the Department of Taxation that this measure would impede the Department's efforts to collect general excise taxes owed to the State, particularly those identified as due from the "cash economy". Your Committees are in agreement that some of the provisions in this measure would hamper the work of the Department's Special Enforcement Section, and have amended this measure accordingly.

However, your Committees are also concerned that the Department of Taxation does not have sufficient statistical information to determine how effective their current efforts have been to meet the expectations of Act 134, Session Laws of Hawaii 2009, the "Cash Economy Enforcement Act of 2009". As such, your Committees encourage the Department to provide the public with more comprehensive information regarding the success of the Act, particularly the realization of additional general excise tax revenue for the State.

Your Committees have amended this measure by:

- (1) Deleting section 1, which would have established conditions for inspections of required records and receipts of cash business transactions;
- (2) Deleting "knowingly" from the provisions related to failure to record receipts and records of business transactions; and
- (3) Limiting fines for violations if a person is otherwise in compliance with tax laws to a level commensurate with the violation, as determined by the Department of Taxation in accordance with rules adopted under chapter 91, Hawaii Revised Statutes.

As affirmed by the records of votes of the members of your Committees on Economic Development and Technology and Judiciary and Labor that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 828, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 828, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.  
Ayes, 8. Noes, none. Excused, 1 (Ihara).

**SCRep. 953 (Joint) Economic Development and Technology and Judiciary and Labor on H.B. No. 301**

The purpose and intent of this measure is to require that all fees collected for electronic document certification, electronic copies of documents, and for providing bulk access to electronic court records and compilations of data shall be deposited into the Judiciary Computer System Special Fund.

Your Committees received testimony in support of this measure from the Judiciary.

Your Committees find that the Judiciary Computer System Special Fund was established in 1996, to provide a source of revenue to enable the Judiciary to upgrade its computer system and increase computer-based digital and electronic document filing related to traffic enforcement and civil, criminal, and appellate case processing and management. The Judiciary has testified that the Special Fund has been used for a number of major technology initiatives including the implementation of the Judiciary Information Management System (JIMS), an automated integrated case management system that will improve court operations and how courts conduct business and interface with the public. To date, JIMS has been implemented for the Traffic and Appellate courts and the statewide Jury system.

Your Committees are supportive of the Judiciary's efforts to date, but your Committees are also concerned that these technology initiatives do not appear to be taking place in a coordinated and comprehensive manner. As a result, the income generated to fund the technology upgrades has not reached the levels anticipated when the Special Fund was established.

Your Committees urge the Judiciary to review their actions to date, the results, and any unanticipated consequences that may have affected the revenue intended for the Judiciary Computer System Special Fund.

Your Committees have amended this measure accordingly by:

- (1) Inserting an effective date of July 1, 2050, to allow for further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Economic Development and Technology and Judiciary and Labor that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 301, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 301, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.  
Ayes, 7. Noes, none. Excused, 2 (Ihara, Slom).

**SCRep. 954      Judiciary and Labor on H.B. No. 1009**

The purpose and intent of this measure is to allow the State to retain fingerprints of employment and licensing applicants for whom criminal history record checks are authorized statutorily so the State may implement a statewide "Rap Back" program using all information and records, including fingerprints, to provide relevant licensing agencies and employers an updated criminal record if a fingerprinted individual is subsequently arrested.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Department of Human Services, and Hawaii Health Systems Corporation.

Your Committee finds that allowing the State to retain fingerprints of employment and licensing applicants for whom criminal history record checks are statutorily authorized will increase the State's ability to take advantage of the information and capabilities that other states and the Federal Bureau of Investigation are using and will help Hawaii develop its own program and be proactive in decision-making for our vulnerable populations, including children, the elderly, and the disabled. Your Committee further finds that the public will be better protected as employers and licensing agencies will get up-to-date criminal history information. In addition, employees and licensees may not need to be fingerprinted again as part of a re-application or renewal process because up-to-date information will be forwarded automatically to their employers or licensing agencies as part of the "Rap Back" program.

Your Committee has amended this measure by:

- (1) Including language specifying that information and records relating to the fingerprints are to be retained in addition to the fingerprints;
- (2) Changing the effective date to July 1, 2050, to allow for further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1009, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1009, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 955      Judiciary and Labor on H.B. No. 1513**

The purpose and intent of this measure is to continue the success of the Weed and Seed Program in reducing violent crime and drug use on Oahu by:

- (1) Establishing a permanent Weed and Seed Program within the Department of Labor and Industrial Relations (DLIR); and
- (2) Appropriating unspecified funds to maintain the Program in areas currently designated for the Weed and Seed strategy and expand the Program to other areas of the State.

Your Committee received testimony in support of this measure from the Principal of Farrington High School; Principal of Linapuni Elementary School; Honolulu Police Department; Director of Weed and Seed Honolulu; Kalihi Baptist Church; Kalihi Ahupua'a Ulu Pono Ahahui (KAUPA); Boys and Girls Club of Hawaii; The Gentry Companies; Haseko Development, Inc.; Pacific Gateway Center; Broadcast House of the Pacific, Inc.; Meadow Gold Dairies; Hawaii's Most Wanted Magazine; and five individuals.

Your Committee finds that the State has benefitted greatly from Weed and Seed Programs based on the Weed and Seed strategy at sites on Oahu that encompass Ala Moana, Chinatown, Downtown Honolulu, Kalihi, Waipahu, and Ewa Beach. Since the implementation of the strategy, crime in those areas has decreased significantly. You Committee further finds that the strategy's success warrants the continued operation of the Weed and Seed Program in these communities, and envisions expanding it to other communities in the future. Your Committee notes that the appropriation amount for the permanent Weed and Seed Program remains to be determined by your Committee on Ways and Means.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2011; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1513, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1513, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Ihara).

**SCRep. 956      Judiciary and Labor on H.B. No. 1138**

The purpose and intent of this measure is to allow an attorney's lien to attach to an arbitration proceeding.

Prior to holding a hearing on this measure, a proposed S.D. 1 was prepared and made available for public review. The proposed S.D. 1 establishes by statute a debt obligation on the part of the attorney or the attorney's firm for the billing of a certified court reporter.

Your Committee received testimony in support of the proposed S.D. 1 from the Carnazzo Court Reporting Company, Ltd.

Your Committee finds that the billings of court reporters for transcripts of depositions, statements, arbitrations, and hearings often take up to six months to be paid. When the court reporter follows up with the attorney on payment, the attorney commonly tells the reporter to seek payment from the attorney's client. The reporter is not usually told of this in advance of the recorded proceeding; otherwise, the reporter may have required payment to be made up front. The lapse of several months is usually too late to be of any help in collecting the bill.

Your Committee has amended this measure by adopting the proposed S.D. 1 and making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1138, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1138, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 957      (Majority) Judiciary and Labor on H.B. No. 1076**

The purpose and intent of this measure is to allocate the 2009 special administrative transfer for payment of Unemployment Insurance Program administrative expenses.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations.

Your Committee finds that the Unemployment Division of the Department of Labor and Industrial Relations is in need of additional funds to:

- (1) Purchase a new internet application;
- (2) Improve the interactive voice response system;
- (3) Improve the capability of the benefit system;
- (4) Enhance the Unemployment Division's website to respond to claimants' need for information; and
- (5) Perform required system security assessments.

Your Committee has amended this measure by:

- (1) Inserting an effective date of July 1, 2050, to allow for further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1076, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1076, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, 1 (Slom). Excused, none.

**SCRep. 958      Judiciary and Labor on H.B. No. 300**

The purpose and intent of this measure is to appropriate funds for the Judiciary for the fiscal biennium beginning July 1, 2011, and ending on June 30, 2013.

Your Committee received testimony in support of this measure from the Judiciary, Hawaii State Bar Association, Family Law Section of the Hawaii State Bar Association, The Mediation Center of the Pacific, Inc., and one individual.

According to "Justice in Jeopardy: The Impact of Budget Cuts and Furloughs on the Judiciary, State of Hawai'i" (Report), a December 2010 report issued by the Judiciary, budgetary constraints on the Judiciary have been severe during the last few years. In the last two years, the Judiciary's General Fund appropriation has been reduced by \$19,700,000 (13.1 percent of its overall budget), while the demand for Judiciary services has increased due to the impact of the difficult economy on Hawaii residents. Furloughs alone have eliminated over 600,000 available staff hours of work.

The impact of furloughs on the Judiciary and the public in general has been acute. These reductions have had substantial negative effects throughout the judicial system, by reducing, delaying, and in some cases eliminating important services. According to the Report, families and the most vulnerable citizens have been significantly impacted. The time it takes to process an uncontested divorce has doubled, and the wait time for children to participate in the Judiciary's Kids First program in Kapolei, which seeks to alleviate the impacts of divorce by having children participate in a group counseling session, has more than doubled. Budgetary reductions have also had negative effects in criminal cases. For example, twenty-four adult probation positions were eliminated in the First Circuit,

including positions in high risk areas such as the sex offender unit and the domestic violence unit. Individual probation officers now supervise as many as one hundred eighty defendants, well above the nationally recommended ratio.

Your Committee believes that restoring furlough days for the Judiciary is critical to the public's right to meaningful access to justice. Although a turbulent economy and budget constraints dictate that rigorous cutbacks be made to state services, your Committee is mindful that the Judiciary serves a fundamental role in our constitutional system. Quite simply, the courts need to be open and available to those seeking legal help and a forum to address grievances. Accordingly, your Committee has found the funds to restore the \$1,300,000 cut from the Judiciary budget that would have resulted in furloughs during the 2011-2013 fiscal biennium, through economies within the Judiciary budget and other budgets under the purview of your Committee. Austerity may be unavoidable in other areas, but it is unacceptable when it threatens the ability of our courts to fulfill their constitutional mission of providing access to justice and protecting constitutional rights and liberties.

Your Committee is concerned that, at some point in the future, furloughs may again be on the table for the Executive Branch and that the Judiciary may elect to follow suit. Your Committee notes that when the Executive Branch instituted furloughs in the Fall of 2009, the Judiciary instituted a similar furlough program shortly afterwards. However, this was a voluntary action of the Judiciary since the Executive Branch does not have the authority to reduce or withhold funding for the Judicial Branch. Having invested significant effort in finding the funds to restore the Judiciary furlough days, your Committee would be disappointed if the Judiciary needlessly elected to reinstitute a furlough program during the 2011-2013 fiscal biennium to conform to a similar program instituted by the Executive Branch for its employees. Accordingly, your Committee has added a proviso applicable to the Judiciary's program funds to effectively prohibit a furlough program within the Judiciary.

Your Committee also notes that the Judiciary discussed the issues surrounding the Kona Judiciary Complex in its testimony. Specifically, the issues discussed related to the House Finance Committee deleting the appropriation for land acquisition costs for the new Complex, noting that three of the six sites under consideration were state-owned and assumed that there would be no cost to acquire one of these three sites. As pointed out in the Judiciary's testimony, however, two of these sites are owned by the Department of Hawaiian Home Lands, while the other is owned by the Department of Land and Natural Resources (DLNR); hence, only the DLNR site may be acquired at little or no cost to the Judiciary. After reviewing the location of the proposed DLNR site, your Committee believes that this site may represent a cost-effective alternative to the other sites under the Judiciary's consideration. Therefore, your Committee has not reinserted an appropriation for land acquisition for the Kona Judiciary Complex. Your Committee has, however, shifted the appropriation for the design of the Complex to fiscal year 2012-2013, as recommended by the Judiciary.

Your Committee has amended this measure by:

- (1) Restoring funding to eliminate furlough days in the Judiciary entirely by appropriating an additional \$1,307,306 each for fiscal years 2011-2012 and 2012-2013 for Judiciary program appropriations;
- (2) Inserting a proviso regarding the program appropriations stating that no funds shall be expended if a work furlough program that is intended to achieve labor savings is implemented and that any unexpended funds shall lapse;
- (3) Changing the appropriation for the design of the Kona Judiciary Complex from fiscal year 2011-2012 to fiscal year 2012-2013; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 300, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 300, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 959      Judiciary and Labor on H.B. No. 838**

The purpose and intent of this measure is to make an emergency appropriation to:

- (1) Fund five full-time temporary positions in the Office of Elections to provide support to the Reapportionment Commission; and
- (2) Provide funds for the functions of the Reapportionment Commission, Office of Elections, and the Elections Commission in regards to reapportionment, to allow the Reapportionment Commission to complete its reapportionment plan.

Your Committee received testimony in support of this measure from the Office of Elections.

Your Committee finds that reapportionment occurs every ten years after the preceding year's national census. The next reapportionment will take place during parts of fiscal years 2011 and 2012. Your Committee finds that additional funds are needed to allow the Reapportionment Commission to complete the scope of its work.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 838, H.D. 2, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Ihara).

**SCRep. 960      Judiciary and Labor on H.B. No. 1035**

The purpose and intent of this measure is to place a moratorium on the enhancement of benefits until the Employees' Retirement System's funded ratio is one hundred percent in order to assist the System in improving and protecting its funded status.

Your Committee received testimony in support of this measure from the Department of Budget and Finance and the Board of Trustees of the Employees' Retirement System. Your Committee received testimony in opposition to this measure from the Hawaii State Teachers Association.

Your Committee finds that the employers covered by the Employees' Retirement System are already facing significant increases in their contribution rates. Any benefit enhancements granted at this time would require even larger contribution rate increases, causing additional hardship to the System's covered employers.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1035, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 961 Commerce and Consumer Protection on H.B. No. 879**

The purpose and intent of this measure is to implement the recommendations of the Mortgage Foreclosure Task Force relating to service of notice, conversion from judicial to nonjudicial foreclosure, bar against deficiency judgments, notice of pendency of action, and extinguishment of a mortgagor's interest.

Your Committee received testimony in support of this measure from the Office of Consumer Protection of the Department of Commerce and Consumer Affairs, Legal Aid Society of Hawai'i, the Collection Law Section of the Hawaii State Bar Association, the Mortgage Bankers Association of Hawaii, Hawaii Credit Union League, Hawaii Council of Associations of Apartment Owners, and Hawaii Financial Services Association. Your Committee received testimony in support of the intent of this measure from the Hawai'i Association of REALTORS. Your Committee received comments on this measure from the Judiciary, Hawaii Chapter of the Community Associations Institute, Hawaii Bankers Association, and three private individuals.

Your Committee finds that this measure as received by your Committee, is meritorious, although duplicative of another measure that your Committee has recommended for passage of Second Reading.

Your Committee has amended this measure by deleting its contents and replacing them with new language that:

- (1) Authorizes a planned community association or a condominium association to pursue nonjudicial foreclosure for liens for outstanding association assessments;
- (2) Allows a planned community association or a condominium association to acquire a foreclosed unit through credit bidding at public auction;
- (3) Specifies the allocation of excess rental income from a foreclosed unit;
- (4) Authorizes a planned community association or a condominium association and a homeowner to pursue alternative dispute resolution for resolution of disputes involving liens subject to foreclosure;
- (5) Specifies notice requirements for foreclosure of a lien for unpaid assessments;
- (6) Prohibits foreclosure of a junior lien during the pendency of foreclosure on a mortgage; and
- (7) Inserts an effective date of July 1, 2011.

Your Committee notes that this measure as amended contains the provisions of S.B. No. 1454, S.D. 1, which your Committee previously heard and recommended for passage of Second Reading, plus additional consumer protections that allow a homeowner who is in arrears on payment of association fees to cure the default through a reasonable payment plan.

Your Committee finds that the process for foreclosure of liens for unpaid assessments by condominium and planned community associations is an important tool that associations use to collect amounts that would otherwise be borne by homeowners in the association. However, the process as it currently exists contains the potential for abuse. Your Committee finds that this measure increases transparency and fairness in the lien foreclosure process by requiring an association to accept a reasonable payment plan for delinquent fees in order to allow the homeowner a meaningful opportunity to cure a default prior to a foreclosure action.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 879, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 879, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Solomon).

**SCRep. 962 (Majority) Commerce and Consumer Protection on H.B. No. 1203**

The purpose and intent of this measure is to make the physician workforce assessment fee permanent and to specify the allowable uses of excess funds from the workforce assessment fee.

Your Committee received testimony in support of this measure from the University of Hawai'i System, Hawaii State Rural Health Association, and one private individual. Your Committee received testimony in support of the intent of this measure from the Hawaii Medical Association. Your Committee received testimony in opposition to this measure from the Hawaii Medical Board.

Your Committee finds that the physician workforce assessment is an essential tool for policy makers to gather reliable information and useful research to transform the medical workforce and medical system in response to the unmet medical needs of Hawai'i's

population. Your Committee further finds that the physician workforce assessment and its related activities are paid for solely by the physician workforce assessment fee and must remain within the budget provided by that fee.

Your Committee has amended this measure by:

- (1) Adding a provision to remove the expenditure cap from the John A. Burns School of Medicine Special Fund;
- (2) Specifying that the assessment and planning of the physician workforce in Hawaii shall be conducted by the John A. Burns School of Medicine in collaboration with residency programs in this State and the Hawaii Medical Board;
- (3) Specifying the issues to be addressed in the physician workforce planning and assessment funded by the physician workforce assessment fee;
- (4) Directing the John A. Burns School of Medicine to submit annual reports to the Legislature on its physician workforce assessment and planning activities including findings, recommendations, and expenditures; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

Your Committee notes that the language included in this measure as amended is the result of collaboration by various stakeholders.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1203, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1203, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Green, Nishihara, Solomon). Noes, 1 (Slom). Excused, none.

**SCRep. 963 (Joint) Human Services and Transportation and International Affairs on H.B. No. 916**

The purpose and intent of this measure is to assist with and improve the administration of the Statewide Parking Program for Persons with Disabilities by:

- (1) Creating an Accessible Parking Special Account within the Disability and Communication Access Board Special Fund;
- (2) Increasing the state vehicle registration fee by \$1 and requiring the additional \$1 to be deposited into the Accessible Parking Special Account; and
- (3) Requiring all costs associated with the Parking Program for persons with disabilities to be appropriated from the Accessible Parking Special Account beginning July 1, 2012.

Your Committees received testimony in support of this measure from the Department of Transportation; Disability and Communication Access Board; City and County of Honolulu, Department of Customer Services; and four individuals. Your Committees received testimony in opposition to this measure from one individual.

Your Committees find that the Statewide Parking Program for Persons with Disabilities is a federally required program. Your Committees further find that, with the exception of a small percentage of temporary or replacement placards, the program is currently funded entirely through the General Fund.

This measure proposes to create a new revenue stream through the imposition of an additional \$1 to the state vehicle registration fee. Your Committees additionally find that this increase will ensure the continued existence of the Statewide Parking Program for Persons with Disabilities, and will permit General Fund appropriations to be expended elsewhere.

According to testimony of the Disability and Communication Access Board, this measure is estimated to provide approximately \$1,100,000 annually for the Accessible Parking Special Account. Your Committees note that the Disability and Communication Access Board is expected to provide your Committee on Ways and Means with additional information regarding the approximate annual budget of the Parking Program.

Your Committees also find that the state highway system is in need of repairs. Your Committees note that if funds in the Accessible Parking Special Account are in excess of the Disability and Communication Access Board's operating expenses at the end of each fiscal year, it would be appropriate to transfer the excess funds into the State Highway Fund, to better address state infrastructure needs.

Accordingly, your Committees have amended this measure by:

- (1) Requiring that the additional \$1 added to the state vehicle registration fee be deposited into the Accessible Parking Special Account; provided that at the end of each fiscal year, any funds collected in excess of the operating expenses of the Disability and Communication Access Board shall be deposited into the State Highway Fund; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Human Services and Transportation and International Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 916, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 916, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair and Majority Leader on behalf of the Committees.

Ayes, 8. Noes, none. Excused, 2 (Dela Cruz, Slom).

**SCRep. 964 (Joint/Majority) Education and Health on H.B. No. 1330**

The purpose and intent of this measure is to:

- (1) Extend the appropriation of a portion of Hawaii Tobacco Settlement Special Fund monies for the annual operating expenses of the University of Hawai'i at Manoa John A. Burns School of Medicine (JABSOM) until June 30, 2015; and
- (2) Require JABSOM to report to the Legislature annually until the convening of the Regular Session of 2015.

Your Committees received testimony in support of this measure from JABSOM, University of Hawaii Cancer Center, Hawai'i Pacific Health, Kalihi-Palama Health Center, Hawaii Medical Association, The Queen's Medical Center, Hawaii Medical Service Association, the Healthcare Association of Hawaii, The Chamber of Commerce of Hawaii, and two JABSOM medical students. Your Committees received testimony in opposition to this measure from the Coalition for a Tobacco-Free Hawai'i. Your Committees received comments on this measure from the American Heart Association and American Cancer Society.

Your Committees find that JABSOM's authorization to use a portion of Hawaii Tobacco Settlement Special Fund monies for annual operating expenses to support the school's operations and train and graduate new physicians is set to expire on June 30, 2011. This measure will allow continued use of Tobacco Settlement Special Fund monies by JABSOM for annual operating expenses.

Your Committees recognize the concerns raised by certain testifiers about JABSOM's continued use of Hawaii Tobacco Settlement Special Fund monies specifically for operating costs. Your Committees request that JABSOM develop five- and ten-year plans to work towards greater self-sufficiency and implement revenue generating practices that will allow JABSOM to become less reliant on Tobacco Settlement monies for its annual operating costs.

Your Committees also recognize the role that the University of Hawai'i at Manoa has to play in supporting the continued operation and growth of JABSOM and request a response on how the University will support JABSOM should Tobacco Settlement monies become unavailable.

Your Committees have amended this measure by deleting the contents of this measure and replacing them with the contents of S.B. No. 239, S.D. 1, which:

- (1) Reduces the amount of JABSOM's portion of Hawaii Tobacco Settlement Special Fund monies by one percent each fiscal year starting with fiscal year 2012-2013 until the fiscal year ending June 30, 2015, upon which date use of Tobacco Settlement monies for JABSOM's operating expenses shall no longer be authorized; and
- (2) Increases the amount of Tobacco Settlement monies that are credited to the General Fund by one percent each fiscal year starting with fiscal year 2012-2013 until the fiscal year ending June 30, 2015.

As affirmed by the records of votes of the members of your Committees on Education and Health that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1330, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1330, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair and Majority Leader on behalf of the Committees.

Ayes, 6; Ayes with Reservations (Shimabukuro, Taniguchi). Noes, 2 (Chun Oakland, Slom). Excused, 2 (Baker, Wakai).

**SCRep. 965 Education on H.B. No. 1540**

The purpose and intent of this measure is to amend section 4 of Act 125, Session Laws of Hawaii 2008, to make permanent the provisions in section 302A-804, Hawaii Revised Statutes, that:

- (1) Reduce the maximum employment period for teachers hired on an emergency basis by the Department of Education from four years to three years; and
- (2) Require those unlicensed teachers hired on an emergency basis prior to July 1, 2008, to attain licensure within four years from the date of employment.

Your Committee received testimony in support of this measure from the Department of Education and Hawaii State Teachers Association. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that making permanent the provisions of Act 125, Session Laws of Hawaii 2008, provides for better alignment of the Hawaii teacher licensing requirements with the criteria for highly qualified teachers as prescribed by the federal No Child Left Behind Act of 2001, Public Law 107-110, as well as Hawaii's Race to the Top efforts.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1540, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Slom).

**SCRep. 966 Education on H.B. No. 1313**

The purpose and intent of this measure is to authorize the issuance of special purpose revenue bonds in an unspecified amount for Windward Nazarene Academy to finance the planning, construction, improvement, equipping, and renovation of its educational facilities.

Your Committee received testimony in support of this measure from the Hawaii Association of Independent Schools; Windward Nazarene Academy; King Windward Nissan; Bay View Mini-Putt, LLC; Together Everyone Achieves Miracles; and two individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the issuance of special purpose revenue bonds for Windward Nazarene Academy is in the public interest.

Your Committee has amended this measure by:

- (1) Authorizing the issuance of special purpose revenue bonds in a total amount not to exceed \$15,000,000;
- (2) Changing the effective date from July 1, 2030, to July 1, 2011; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1313, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1313, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 1 (Slom).

**SCRep. 967 Education on H.B. No. 945**

The purpose and intent of this measure is to require:

- (1) Multi-track public schools to meet at least one hundred seventy-one days or ninety percent of the minimum number of days required of other non-charter public schools for each respective year, whichever number is greater, and at least ninety percent of the minimum number of student instructional hours required of other non-charter public schools for each respective school year; and
- (2) The Department of Education to submit to the Legislature a plan to implement a school year for multi-track public schools beginning with the 2015-2016 school year of no less than ninety percent of the minimum number of instructional days and hours required of other public schools.

Your Committee received testimony in support of this measure from the Department of Education; Department of Budget and Finance; Hawaii State Teachers Association; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO. Your Committee received testimony in opposition to this measure from four individuals.

Your Committee finds that the Department of Education is facing significant fiscal limitations. The Department is anticipating a potential reduction in its budget of \$55,000,000 per year and is anticipating additional reductions as a result of the earthquake and tsunami in Japan. The additional work time required by Act 167, Session Laws of Hawaii 2010, will require additional funding for either compensation for more time spent in instruction or for additional teachers to provide additional instruction during a lengthened school day and year. The Department of Education estimates that implementation of Act 167 will cost approximately \$55,000,000. The Department of Budget and Finance confirms that the State currently does not have the fiscal capacity to implement Act 167.

After holding discussions with educational stakeholders, it is the intent of your Committee to provide the Department of Education additional time to address the financial and logistical requirements of implementing Act 167; provided that the Department report to the Legislature on its progress and efforts to meet the requirements of Act 167.

Your Committee has amended this measure by:

- (1) Removing the alternative student instructional time requirements for multi-track public schools in sections 1 and 2 of this measure;
- (2) Exempting multi-track public schools from Act 167;
- (3) Delaying the required increases and plan for increases in instructional time pursuant to section 302A-251, Hawaii Revised Statutes, and section 4 of Act 167;
- (4) Requiring the Department of Education to re-examine what constitutes student instructional hours, determine current levels of instructional hours at each school, and assess the ability of all schools to comply with the requirements of 302A-251, Hawaii Revised Statutes, and report its findings to the Legislature no later than twenty days prior to the convening of the Regular Session of 2012; and
- (5) Requiring the Department of Education to submit to the Legislature no later than twenty days prior to the convening of the Regular Sessions of 2013, 2014, 2015, 2016, 2017, and 2018, a report on its progress and efforts to meet the requirements of section 302A-251, Hawaii Revised Statutes.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 945, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 945, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 5; Ayes with Reservations (Chun Oakland). Noes, none. Excused, 1 (Slom).

**SCRep. 968 Education on H.B. No. 773**

The purpose and intent of this measure is to authorize the issuance of special purpose revenue bonds in an unspecified amount for Saint Louis School to finance the planning, construction, improvement, and equipping of its educational facilities.

Your Committee received testimony in support of this measure from the Hawaii Association of Independent Schools, President of Saint Louis School, Board of Trustees of Saint Louis School, Chaminade University of Honolulu, and one individual. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the issuance of special purpose revenue bonds for Saint Louis School is in the public interest and for the public health, safety, and general welfare.

Your Committee has amended this measure by:

- (1) Authorizing the issuance of special purpose revenue bonds in a total amount not to exceed \$40 million;
- (2) Changing the effective date from July 1, 2030, to July 1, 2011; and
- (3) Inserting standard language on the issuance of the bonds in one or more series as a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 773, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 773, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Slom).

**SCRep. 969 Public Safety, Government Operations, and Military Affairs on H.B. No. 277**

The purpose and intent of this measure is to:

- (1) Establish the Military Affairs Liaison Trust Fund as a separate fund of a Hawaii nonprofit corporation to be selected by the Department of Defense, with the concurrence of the Governor, to support the nonprofit corporation in its duties as the state liaison in matters relating to the military;
- (2) Establish the Military Affairs Liaison Trust Fund Advisory Board, which would make final recommendations to the nonprofit corporation for the expenditure of funds for making grants to private nonprofit organizations to foster beneficial relations between the military and the State, among other activities;
- (3) Establish an Advisory Committee of the Military Affairs Liaison Trust Fund with certain functions relating to the military in Hawaii;
- (4) Establish the purposes of the grants made by the nonprofit corporation; and
- (5) Make an appropriation to the nonprofit corporation for purposes of the Military Affairs Liaison Trust Fund.

Your Committee received testimony in support of this measure from the State Department of Defense and The Chamber of Commerce of Hawaii. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the military is one of the largest contributors to Hawaii's economy, and it would be advantageous to expand, foster, and continue the State's excellent relationships with the United States military. The nonprofit entity would be the catalyst between the military, State, and counties for a variety of actions such as being the advocate between the military and small businesses, supporting the military in realistic training while ensuring compliance with state and federal environmental laws, and promoting activities and programs to enhance the quality of life for military families.

The intent of your Committee is to send a strong signal to the United States Department of Defense and the senior military leadership that Hawaii truly supports their commitment and continued presence in this State in support of our national military strategy for the Asia and Pacific region. More importantly, the establishment of this trust will provide a vehicle for the Department of Defense to receive and manage not only appropriated funds, but to also receive donations and contributions from private organizations to ensure a strong partnership with one of the major contributors to the State's economy, the United States military.

Your Committee has amended this measure by:

- (1) Requiring the Governor to select a union representative as one of the three members of the Military Affairs Liaison Trust Fund Advisory Board;
- (2) Requiring the Governor to unilaterally select the nonprofit corporation to serve as the state liaison in military matters; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 277, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 277, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4; Ayes with Reservations (Kidani, Ryan). Noes, none. Excused, 1 (Slom).

**SCRep. 970 (Joint) Public Safety, Government Operations, and Military Affairs and Judiciary and Labor on H.B. No. 1036**

The purpose and intent of this measure is to protect the status of the Employees' Retirement System (ERS) as a tax-qualified retirement plan under section 401(a) of the Internal Revenue Code by amending Hawaii's ERS law to include provisions required by federal law.

Your Committees received testimony in support of this measure from The Oahu Veterans Council. Your Committees received comments on this measure from the Board of Trustees of the Employees' Retirement System.

Your Committees find that this measure is necessary to conform state law to federal requirements. According to testimony of the Board of Trustees of the ERS, this measure is needed for the ERS to maintain its tax-exempt status. The loss of its tax-exempt status would be extremely detrimental to the ERS and its members - the pre-tax benefit on members' contributions would be eliminated and ERS members would be required to pay federal income taxes annually on the value or increase in value of their accounts without receiving distributions from the ERS. These taxes could amount to thousands of dollars from members, who would have to find monies outside of their ERS pension accounts to pay for those taxes.

Your Committees have amended this measure by:

- (1) Adding civil union partner references where appropriate; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Public Safety, Government Operations, and Military Affairs and Judiciary and Labor that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1036, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1036, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.  
Ayes, 9. Noes, none. Excused, none.

**SCRep. 971 (Joint) Public Safety, Government Operations, and Military Affairs and Economic Development and Technology on H.B. No. 376**

The purpose and intent of this measure is to allow the counties to contract with licensed, qualified architects and engineers to serve as third-party reviewers to certify compliance with various construction codes and land-use ordinances.

Your Committees received testimony in support of this measure from the American Council of Engineering Companies of Hawaii, The Chamber of Commerce of Hawaii, The Pacific Resource Partnership, and Land Use Research Foundation of Hawaii. Your Committees received testimony in opposition to this measure from the Department of Land and Natural Resources, Office of Hawaiian Affairs, Hawaii Government Employees Association, Historic Hawai'i Foundation, Hawaii's Thousand Friends, Sierra Club Hawai'i Chapter, and nine individuals. Your Committees received comments on this measure from the Board of Professional Engineers, Architects, Surveyors and Landscape Architects.

Your Committees find that the processing of permit applications relating to construction is hindered and delayed by a backlog of applications awaiting approvals. This measure is intended to spur processing of projects by increasing efficiency and timeliness of applications processing through the use of third-party reviews of permits, licenses, and approvals. Your Committees find that this expedited review process will result in the acceleration of generating construction jobs and other related services.

This measure is not intended to allow a third party the ability to approve architects, engineers, surveyors, and landscape architects for licensure to practice in Hawaii.

Your Committees have amended this measure by:

- (1) Deleting sections 3 and 4, relating to the specific time periods within which the Department of Land and Natural Resources would have had to review and a comment on permit, license, and other types of applications;
- (2) Requiring reviewers to meet the education and experience standards and qualifications for preservation professionals, as specified by standards of the United States Secretary of the Interior;
- (3) Prohibiting an owner from retaining a third-party reviewer who works for or is employed by the same person or entity that designed the property of the owner; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Public Safety, Government Operations, and Military Affairs and Economic Development and Technology that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 376, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 376, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chairs on behalf of the Committees.  
Ayes, 6. Noes, none. Excused, 2 (Solomon, Slom).

**SCRep. 972 (Joint) Economic Development and Technology and Water, Land, and Housing on H.B. No. 324**

The purpose and intent of this measure is to establish the South Kona Wilderness Area to be administered by the Department of Land and Natural Resources.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources. Your Committees received testimony in opposition to this measure from the Department of the Attorney General and The Resort Group. Your Committees received comments on this measure from The Nature Conservancy and five individuals.

Your Committee on Water, Land, and Housing previously heard and amended a comparable measure, S.B. No. 1154, and your Committees have amended this measure by incorporating the provisions of S.B. No. 1154, S.D. 2, as part I. Your Committees have further amended this measure by incorporating the language from S.B. No. 176, as part II. As amended, this measure:

- (1) Establishes the South Kona Wilderness Area;

- (2) Designates the lands to be included in the South Kona Wilderness Area, and clarifies the descriptions of Kaulanamauna and Manuka;
- (3) Prohibits construction of new homes or other structures within one thousand feet of the shoreline within the South Kona Wilderness Area;
- (4) Authorizes the Department of Land and Natural Resources to acquire private lands in the South Kona Wilderness Area by donation or by a dollar-for-dollar exchange;
- (5) Designates the lands within the South Kona Wilderness Area as lands within the conservation district;
- (6) Requires the Department of Land and Natural Resources, in cooperation with appropriate county, state, and federal agencies; the Aha Kiole Advisory Committee, established pursuant to Act 212, Session Laws of Hawaii 2007; and Paa Pono Milolii, a Hawaii nonprofit corporation to develop a comprehensive management plan;
- (7) Authorizes the Legislature to designate a contiguous geographical area in the State as a historical district, and establishes the West Oahu Historical District; and
- (8) Makes technical, nonsubstantive amendments for the purposes of clarity and consistency.

Your Committees have heard the concerns raised by the Attorney General, as well as the concerns of The Resort Group relative to the Kapu'a parcels. While your Committees agree that these private property issues need to be addressed, the recommendations to remove a significant portion of the lands from the proposed South Kona Wilderness Area need further clarification. Your Committees ask that the parties continue the dialogue in order to determine how best to address these concerns.

To this end, your Committees note that the effective date of this measure is July 1, 2030, to allow for further discussion.

As affirmed by the records of votes of the members of your Committees on Economic Development and Technology and Water, Land, and Housing that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 324, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 324, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.  
Ayes, 7. Noes, none. Excused, 2 (Tokuda, Slom).

**SCRep. 973 (Majority) Economic Development and Technology on H.B. No. 983**

The purpose and intent of this measure is to authorize the Hawaii Strategic Development Corporation to transfer tax credits issued by the State, subject to certain conditions.

Your Committee received testimony in support of this measure from the Hawaii Strategic Development Corporation; High Technology Development Corporation; The Chamber of Commerce of Hawaii; Hawaii Dual Use Network; Cardax Pharmaceuticals, Inc.; Oceanit; and Puko'a Scientific. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee fully appreciates the need for new capital funding sources to build upon the previously adopted Act 221 financing mechanisms. However, given the State's current economic condition, your Committee believes that the best route would be to pursue a simpler approach by adequately funding the State Private Investment Fund, which contains adequate safeguards for the use of the state tax credits. As such, the allocation of \$100,000,000 in tax credits, with an annual authorization in the range of \$20,000,000 to \$25,000,000, would be a prudent means of leveraging state resources to expand Hawaii's technology economy.

Your Committee has amended this measure by deleting its contents and replacing them with language to amend the Hawaii Strategic Development Corporation's current authority to transfer tax credits issued by the State pursuant to chapter 211G, Hawaii Revised Statutes, the State Private Investment Fund. As amended, this measure:

- (1) Amends the definitions of "tax credits" and "taxpayer" to include insurance premium taxes, and makes related amendments in section 211G-12, Hawaii Revised Statutes;
- (2) Changes the current total amount and aggregate total of tax credits to be issued to unspecified amounts; and
- (3) Changes the exercisable date that the tax credits may be transferred to the Hawaii Strategic Development Corporation from July 1, 2005, to July 1, 2013, and replaces July 1, 2030, as the last date of a transfer with an unspecified date.

Your Committee also notes that this measure has an effective date of July 1, 2112, for the purpose of continuing further discussion on this measure.

As affirmed by the record of votes of the members of your Committee on Economic Development and Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 983, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 983, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, 1 (Solomon). Excused, 1 (Slom).

**SCRep. 974 Economic Development and Technology on H.B. No. 986**

The purpose and intent of this measure is to:

- (1) Require the Department of Business, Economic Development, and Tourism to establish and collect a surcharge for each film permit application it processes, with all surcharge revenues to be deposited into the Hawaii Television and Film Development Special Fund;
- (2) Include revenues received from the rental of the Hawaii film studio, film permit violation fees, and fees for processing tax incentive applications pursuant to section 235-17, Hawaii Revised Statutes, to be deposited into the Hawaii Television and Film Development Special Fund; and
- (3) Require that revenues in the Special Fund are to be used to fund the Department of Business, Economic Development, and Tourism Creative Industries Division.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that the Department of Business, Economic Development, and Tourism's Creative Industries Division has suffered drastic reductions in this past fiscal year, losing fifty percent of its funding and staff. This measure would assist the Division and its Hawaii Film Office by generating an additional revenue stream for operations, including needed repairs and maintenance of the Hawaii Film Studio. Your Committee further finds that the proposed additional sources of revenue for these programs would contribute to the accelerated growth and enhanced sustainability of Hawaii's creative industries.

Your Committee has amended this measure by inserting an effective date of July 1, 2050, to allow for further discussion.

As affirmed by the record of votes of the members of your Committee on Economic Development and Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 986, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 986, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4; Ayes with Reservations (Solomon). Noes, none. Excused, 1 (Slom).

**SCRep. 975 Economic Development and Technology on H.B. No. 526**

The purpose and intent of this measure is to:

- (1) Require the Department of Business, Economic Development, and Tourism to consult with the High Technology Development Corporation and the City and County of Honolulu to plan for the establishment of a high technology park on the island of Oahu, and work with the Department of Land and Natural Resources and the City and County of Honolulu to identify public or private lands that may be acquired for the park; and
- (2) Appropriate funds for infrastructure to build the park.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; High Technology Development Corporation; Hawaii Strategic Development Corporation; The Chamber of Commerce of Hawaii; Puko'a Scientific; Webfish Pacific; and Williams Aerospace, Inc.. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii. Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources.

Your Committee finds that the establishment of a high technology park is critical for the continued development of Hawaii's technology industries, particularly as the move from fledgling companies to mature businesses with commercialization prospects. In addition, the Department of Business, Economic Development, and Tourism has identified technology centers as in alignment with the four major focuses of the Department: energy (Hawaii Clean Energy Initiative), the creative economy, technology and innovation (with a major focus on a Hawaii Broadband Initiative), and small business and entrepreneurship.

However, with the State's economic recovery hampered by Japan's natural disasters, development of the long-sought Oahu technology park may not be as immediate as planned. Therefore, your Committee finds that it makes sense to consider smaller-scale technology incubator facilities as complementary to the establishment of an Oahu technology park. To the extent that the Foreign Trade Zone is expanding its facilities on lands controlled by the Department of Business, Economic Development, and Tourism, and can provide the High Technology Development Corporation with additional new incubation facilities at lower costs, your Committee believes that the High Technology Development Corporation and the Foreign Trade Zone should be encouraged in their evaluation of the cost/benefits of joint facilities development.

This does not mean that your Committee agrees that the University of Hawaii should regain oversight and complete control of Manoa Innovation Center facilities on University of Hawaii lands in 2015, when the current lease between the High Technology Development Corporation and the University of Hawaii expires. Both the High Technology Development Corporation and University of Hawaii are key drivers in the development of a highly-skilled, creative workforce, and it will be critical to forge a stronger working relationship between them.

Your Committee has amended this measure by:

- (1) Requiring the Department of Business, Economic Development, and Tourism and the High Technology Development Corporation to plan for the establishment of a high technology park or technology incubator facility on the island of Oahu;
- (2) Deleting all references to participation by the Department of Land and Natural Resources and the City and County of Honolulu; and
- (3) Deleting land acquisition from the uses of the General Fund appropriation.

As affirmed by the record of votes of the members of your Committee on Economic Development and Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 526, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 526, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 976 Economic Development and Technology on H.B. No. 1642**

The purpose and intent of this measure is to:

- (1) Extends the income tax credit for qualified research activities for five years;
- (2) Place an annual aggregate cap on the tax credit; and
- (3) Require the Department of Taxation to collect data on the income tax credit for qualified research activities, including the amount of tax credits claimed and the financial impact of the tax credit.

Your Committee received testimony in support of this measure from the High Technology Development Corporation; Hawaii Strategic Development Corporation; Hawaii Dual Use Network; Puko'a Scientific; Oceanit; Cardax Pharmaceuticals, Inc.; Referentia Systems Incorporated; Navatek; H2 Technologies, Inc.; and TeraSys Technologies. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee previously heard and amended S.B. No. 753, which contained comparable provisions, and has amended this measure by deleting its contents and replacing them with the language in S.B. No. 753, S.D. 2. As amended, this measure:

- (1) Requires a qualified high technology business that claims the tax credit for qualified research activities to file annual survey information with the Department of Taxation by June 30 of each year;
- (2) Requires the Department of Taxation to report to the Legislature by September 1 of each year on the information collected by the survey, and by December 1 of each year on the effectiveness of the tax credit for qualified research activities;
- (3) Extends the income tax credit for qualified research activities for five years; and
- (4) Makes technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Economic Development and Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1642, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1642, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 977 Economic Development and Technology on H.B. No. 235**

The purpose and intent of this measure is to:

- (1) Allow a limited liability company to be designated as an "ingenuity company" by the Director of Commerce and Consumer Affairs; and
- (2) Require an ingenuity company to use the right to exclude, conferred by a patent in which the company has an interest, to create job opportunities, uphold fair labor standards, and enhance environmental protections.

Your Committee received testimony in support of this measure from Ingenuity Underwriters, L3C; Enterprise Honolulu; Manufacturing Policy Project, and two individuals. Your Committee received testimony in opposition to this measure from the Business Registration Division of the Department of Commerce and Consumer Affairs and three individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that the proposal in this measure is one that has been considered previously by the Legislature. While there have been concerns raised regarding some of the provisions, your Committee finds that the integrated approach would provide an opportunity for Hawaii to expand its economic base. Your Committee understands that the stakeholders with an interest in this concept have come to some agreement on an alternative means of achieving its purpose.

Your Committee has amended this measure accordingly by deleting its contents and replacing them with language to establish a new chapter in the Hawaii Revised Statutes, entitled Sustainable Business Limited Liability Companies. As amended, this measure establishes:

- (1) A purpose and findings, and definitions appropriate to the chapter;
- (2) A process for a domestic limited liability company to become a sustainable business limited liability company;
- (3) A process for a sustainable business limited liability company to terminate this status;
- (4) The requirement that a sustainable business limited liability company shall have among its purposes the creation of a public benefit;
- (5) Standards of conduct for directors of a sustainable business limited liability company;
- (6) The requirement that a board of directors shall include one director designated as a benefit director;

- (7) Standards of conduct for officers of a sustainable business limited liability company;
- (8) Rights of action for shareholders and directors;
- (9) The requirement for a comprehensive annual benefit report; and
- (10) A third-party standard for purposes of defining, reporting, and assessing the performance of a sustainable business limited liability company.

Your Committee understands that this concept will require further consideration and has inserted an effective date of July 1, 2112, to allow for further discussion.

As affirmed by the record of votes of the members of your Committee on Economic Development and Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 235, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 235, H.D. 2, S.D. 1, and be referred to the Committee on Commerce and Consumer Protection.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 978 Economic Development and Technology on H.B. No. 1183**

The purpose and intent of this measure is to:

- (1) Create a nexus standard for taxing out-of-state businesses on their business activities in Hawaii;
- (2) Amends the definition of engaging in business to include local affiliate agreements; and
- (3) Allow out-of-state and in-state businesses to file information regarding sales to residents of the State instead of collecting the general excise tax.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received testimony in opposition to this measure from the Direct Marketing Association; Synertech Media LLC; Performance Marketing Association; Internet Alliance; State Privacy and Security Coalition, Inc.; and Natalie J. Iwasa, CPA, Inc. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee previously heard and amended S.B. No. 1355, which establishes provisions to enable the State to participate in the national Streamlined Sales and Use Tax Agreement, and has amended this measure by deleting its contents and replacing them with the language in S.B. No. 1355, S.D. 1. As amended, this measure:

- (1) Adopts amendments to Hawaii tax laws to implement the Streamlined Sales and Use Tax Agreement, to take effect when the State becomes a party to the Streamlined Sales and Use Tax Agreement; and
- (2) Creates a committee to oversee the Department of Taxation's implementation and administration of, and compliance with the Streamlined Sales and Use Tax Agreement.

As affirmed by the record of votes of the members of your Committee on Economic Development and Technology that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1183, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1183, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 979 Judiciary and Labor on H.B. No. 1012**

The purpose and intent of this measure is to appropriate an unspecified amount to the Department of the Attorney General for operating expenses for state law enforcement agencies relating to the planning and operation of security services and activities for the 2011 Asia-Pacific Economic Cooperation Leaders Meeting in Honolulu (APEC Meeting).

Your Committee received testimony in support of this measure from the Department of the Attorney General and Department of Public Safety.

Your Committee finds that this measure is intended to provide funding for state law enforcement efforts to ensure the safety and security of the APEC Meeting. As an initial matter, your Committee understands from testimony submitted by the Department of the Attorney General that these costs may be wholly or partially reimbursed by the federal government.

The Department of the Attorney General submitted a request for an appropriation in the amount of \$2,146,725, allocated as follows:

- (1) Personnel costs: \$ 1,286,200

Based on eight hours of overtime for three hundred ten officers and support staff for nine days;

- (2) Equipment costs: \$ 660,173

For facial recognition software, four workstations, one livescan printer, four booking laptop computers, two fingerprint printers, and ten RapID handheld devices; and

- (3) Miscellaneous expenses: \$ 199,902

For meals, fuel, etc., including a contingency of \$100,000.

After a careful and thorough review of these items and consultation with the facial recognition software vendor, your Committee believes that this appropriation request can be reduced substantially. For example, the Department of the Attorney General requested an unnecessarily high amount for bottled water that amounts to over ten bottles of water per shift for each state law enforcement officer. Additionally, the request included line items for a contingency (\$100,000), fuel costs (calculated at \$5 per gallon), and meals for assigned officers (calculated at \$21 per shift).

Based on your Committee's review of the appropriation request, your Committee curtailed the amounts requested as follows:

- (1) Personnel costs: \$ 640,860

Based on four hours of overtime for three hundred ten officers and support staff for nine days;

- (2) Equipment costs: \$ 555,725

For facial recognition software, two workstations, one livescan printer, two booking laptop computers, one fingerprint printer, and five RapID handheld devices; and

- (3) Miscellaneous expenses: \$ 17,140

For one meal per officer per day at \$8, two bottles of water per day per officer, no fuel amount, and no contingency.

Accordingly, your Committee has amended this measure by:

- (1) Inserting an appropriation amount of \$1,213,725; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1012, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1012, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 980 Judiciary and Labor on H.B. No. 382**

The purpose and intent of this measure is to provide the Auditor with the tools necessary to conduct the Auditor's statutory and constitutional responsibilities. Specifically, this measure:

- (1) Provides explicit authority to the Auditor to inspect all accounts, books, records, files, papers, and documents and all financial affairs of the Department of Taxation;
- (2) Requires the Auditor to implement internal policies to protect the confidentiality of private personal information contained in tax returns; and
- (3) Provides identical penalty provisions applicable to employees of the Department of Taxation for disclosure of tax information to the Auditor or Auditor's agent.

Your Committee received testimony in support of this measure from the Auditor. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii

Your Committee finds that the Auditor has the constitutional and statutory authority to conduct post-audits of the transactions, accounts, programs, and performance of all departments, offices, and agencies of the State and its political subdivisions. However, questions have been raised by the Department of Taxation regarding the Auditor's authority and ability to review tax returns and other records on file with the Department of Taxation, which has hindered the ability of the Auditor's office to conduct its work.

Your Committee also finds that this measure is not in conflict with any federal provisions regarding confidentiality of tax records. Your Committee understands that the Department of Taxation would prefer a statutory requirement that any disclosures to the Auditor be made pursuant to a written agreement between the Department and the Auditor. Your Committee believes, however, that such a statutory requirement is unnecessary due to the fact that the Auditor's office has its own strict confidentiality protocols in place. Your Committee believes that the Auditor and the Department of Taxation will cooperate in ensuring that tax records and tax information are thoroughly protected from intentional and inadvertent disclosures.

Your Committee has amended this measure by:

- (1) Adding language specifying to which materials the Department of Taxation shall provide access to the Auditor upon request;
- (2) Inserting an effective date of July 1, 2050, to allow for further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 382, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 382, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 981 (Majority) Judiciary and Labor on H.B. No. 169**

The purpose and intent of this measure is to:

- (1) Establish an optional total unemployment rate trigger for the extended benefit provisions if one hundred percent federal sharing is available under federal law, subject to certain conditions; and
- (2) Appropriate an unspecified amount for an automated extended benefit claims system.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations (DLIR); ILWU Local 142; and Hawaii State AFL-CIO.

Your Committee finds that currently, extended unemployment benefits are payable for thirteen additional weeks when the insured unemployment rate during a thirteen-week period is at least 120 percent of the average insured unemployed rate during a corresponding thirteen-week period ending in each of the two preceding calendar years and the insured unemployment rate is at least five percent. Under this measure, however, if the unemployment rate exceeds 6.5 percent, the State can access federal extended benefits to allow unemployed workers to receive benefits beyond the twenty-six weeks provided by the State.

While this measure represents an attempt to incorporate the necessary statutory authority to implement these federal extended benefit provisions, your Committee notes that the DLIR raised concerns in its testimony regarding the form of the measure. To address these concerns, the DLIR recommended an alternative draft, for which the DLIR received input from and approval of the United States Department of Labor.

Accordingly, your Committee has amended this measure by:

- (1) Deleting its contents and replacing it with the language recommended by the DLIR that, among other things:
  - (A) Amends section 383-168, Hawaii Revised Statutes, to add a "state 'on' indicator" until the week ending four weeks prior to the last week of unemployment for which one hundred percent federal sharing is available under Section 2005(a) of Public Law No. 111-5, under certain conditions;
  - (B) Adds a "state 'off' indicator" for a week based on the rate of total unemployment only if for the period consisting of the most recent three months for which there is no "on" indicator under the conditions described above; and
  - (C) Revises the total extended benefit amount payable to an eligible individual;
- (2) Inserting an effective date of July 1, 2050, to allow for further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 169, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 169, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, 1 (Slom). Excused, none.

#### **SCRep. 982      Judiciary and Labor on H.B. No. 575**

The purpose and intent of this measure is to extend the salary increase moratorium and cuts for legislators, justices, judges, and certain Executive Branch positions that were established by Act 85, Session Laws of Hawaii 2009.

Your Committee received comments on this measure from the Judiciary and the Department of Human Resources Development.

Your Committee finds that in 2009, amid a growing economic crisis, the Legislature elected to exercise its authority under article XVI, section 3.5 of the Hawaii State Constitution to reduce the salaries of salaried officers of the State by instituting a five percent salary cut and establishing a moratorium on the automatic salary increases recommended by the Commission on Salaries. By Act 85, Session Laws of Hawaii 2009, those salaried positions, which includes legislators, justices, judges, and certain Executive Branch positions, were frozen at the salary levels applicable as of June 30, 2009, with an additional five percent reduction. The moratorium and salary cuts under that Act are scheduled to sunset on June 30, 2011. At the time the Act was passed, the Legislature believed that the economy would rebound. Unfortunately, that does not appear to be the case.

Your Committee finds that this measure is intended to extend the moratorium and salary cuts, keeping the salaries of legislators, justices, judges, and certain Executive Branch positions, at the reduced 2009 level.

Your Committee notes that, pursuant to article XVI, section 3.5, of the Hawaii State Constitution, the Commission on Salaries is scheduled to meet and make recommendations in 2012 for salary increases that will be reviewed by the Legislature during the 2013 Regular Session. Any changes to the Judiciary and Executive salaries will be effective on July 1, 2013, and any changes to the legislator salaries will be effective on January 1, 2015.

Your Committee has amended this measure by:

- (1) Deleting the provision regarding Judiciary and Executive Branch salaries that would have increased these salaries on July 1, 2012, because this increase would occur during the period in which the moratorium and salary cuts will be in effect, as recommended by the Department of Human Resources Development;
- (2) Amending the provision regarding legislator salaries that would have increased these salaries on January 1, 2012, to address a similar conflict as described in paragraph (1) and to provide for the time period before the Commission on Salaries' recommendations commence in 2015; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 575, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 575, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 983      Judiciary and Labor on H.B. No. 1041**

The purpose and intent of this measure is to eliminate Medicare Part B reimbursements for employee-beneficiaries or the spouses of employee-beneficiaries who are hired after June 30, 2011.

Your Committee received testimony in support of this measure from the Hawaii Government Employees Association Retirees Unit, AFSCME Local 152, AFL-CIO; Imua Alliance; and six individuals. Your Committee received testimony in opposition to this measure from the Hawaii State Teachers Association and four individuals. Your Committee received comments on this measure from the Department of Budget and Finance, City and County of Honolulu Department of Budget and Fiscal Services, University of Hawaii Professional Assembly, and one individual.

Your Committee finds that over 22,000 retirees and over 7,400 spouses receive Medicare Part B reimbursement through the State. Your Committee further finds that Medicare Part B reimbursements are projected to cost the state General Fund \$41,700,000 during fiscal year 2012 and \$46,800,000 during fiscal year 2013. Your Committee notes that this measure proposes to prospectively eliminate Medicare Part B reimbursements paid to state and county employees, but it will not affect retirees or current employees who are vested in the Hawaii Employer-Union Health Benefits Trust Fund. This measure is an effective way to reduce the rising cost of retiree health benefits paid by state and county employers.

Your Committee has amended this measure by:

- (1) Inserting an effective date of July 1, 2050, to allow for further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1041, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1041, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 984      Judiciary and Labor on H.B. No. 1038**

The purpose and intent of this measure is to address the unfunded liability of the Employees' Retirement System (ERS) by:

- (1) Providing for retirement benefit changes for state and county employees who become members of the ERS after June 30, 2012, that are different from the retirement benefits of current employees; and
- (2) Reducing the investment yield assumption for the ERS to 7.75 percent for the fiscal year ending June 30, 2011.

Your Committee received testimony in support of this measure from the Department of Budget and Finance, Administrator of the ERS, and Department of Budget and Fiscal Services of the City and County of Honolulu. Your Committee received comments on this measure from the Hawaii Fire Fighters Association and two individuals.

Your Committee finds that this measure is one of several measures being heard that address the unfunded liability of the ERS to thereby preserve the ERS and ensure its stability for the future. During the course of the hearings on these various proposed methods to address the ERS issue, your Committee has become acutely aware of the conflicting concerns of preserving the currently unstable retirement system and the impacts that reducing retirement benefits will have on the recruitment and retention of state and county employees. Your Committee is of the firm opinion that the ERS unfunded liability must be decisively addressed in the near future, and this measure represents one option for doing so. Although segregating employees based on their date of hire is not necessarily optimal, your Committee believes that this represents a realistic and sensible method of addressing a portion of the enormous unfunded liability that the ERS currently faces.

Your Committee notes that this measure incorporates the substance of several House bills and constitutes an omnibus bill addressing ERS retirement benefits. Together with its testimony, the ERS submitted a draft containing suggested technical amendments and conforming clarifications.

Your Committee has amended this measure by:

- (1) Incorporating the recommended technical and conforming amendments recommended by the ERS; and
- (2) Making further technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1038, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1038, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 985 Commerce and Consumer Protection on H.B. No. 1411**

The purpose and intent of this measure is to amend the mortgage foreclosure process by:

- (1) Repealing the original nonjudicial power of sale foreclosure process under part I of chapter 667;
- (2) Clarifying the alternate nonjudicial power of sale foreclosure process under part II of chapter 667;
- (3) Strengthening the laws governing mortgage servicers; and
- (4) Creating an alternative dispute resolution process for mortgage foreclosures.

Your Committee received testimony in support of this measure from the Office of Consumer Protection of the Department of Commerce and Consumer Affairs, Faith in Action for Community Equity, Catholic Charities Hawai'i, National Federation of Filipino American Associations, My Mommy Daycare and Academy, and nine private individuals. Your Committee received testimony in support of the intent of this measure from the Judiciary and Legal Aid Society of Hawai'i. Your Committee received testimony in opposition to this measure from the Hawaii Bankers Association, Hawaii Credit Union League, Hawaii Financial Services Association, the Land Use Research Foundation of Hawaii, and the Mortgage Bankers Association of Hawaii. Your Committee received comments on this measure from the Division of Financial Institutions of the Department of Commerce and Consumer Affairs, Hawaii Association of REALTORS, Hawaii Chapter of the Community Associations Institute, and three private individuals.

Your Committee finds that that the number of residential mortgage foreclosures in Hawaii has increased so rapidly during this current period of economic recession that Hawaii has gained the unfortunate distinction of having one of the highest foreclosure rates in the nation. Your Committee further finds that the Mortgage Foreclosure Task Force created by Act 162, Session Laws of Hawaii 2010, proposed amendments to the foreclosure process that reflect the consensus of a diverse group of stakeholders in the mortgage foreclosure process. Your Committee also finds that additional amendments to the mortgage foreclosure process have been proposed by professionals in the industry based on best practices from throughout the country.

Your Committee finds that implementing much-needed reforms to the mortgage foreclosure process will protect Hawaii's residents from predatory practices by lenders and will help many homeowners avoid foreclosure or mitigate damages when foreclosure is inevitable. Finally, your Committee finds that the alternative dispute resolution process for nonjudicial foreclosures contained in this measure is modeled on the highly successful foreclosure mediation program implemented by the Nevada state legislature.

Your Committee has amended this measure by:

- (1) Reorganizing its contents into five parts for clarity;
- (2) Adding a purpose section to reflect the findings of the Legislature and the contents of the measure;
- (3) Retaining the original nonjudicial power of sale foreclosure process found in part I of chapter 667 in order to allow the Mortgage Foreclosure Task Force to make recommendations regarding this process in its scheduled report to the Legislature prior to the Regular Session of 2012;
- (4) Deleting provisions related to foreclosure of liens for unpaid assessments by condominiums and planned community associations;
- (5) Deleting amendments to the statutory purpose of the Center for Alternative Dispute Resolution;
- (6) Adopting language regarding the mandatory alternative dispute resolution process and the conversion of nonjudicial foreclosures to judicial foreclosures recommended by the Mortgage Foreclosure Task Force;
- (7) Providing that the mandatory alternative dispute resolution process for foreclosures shall terminate on June 30, 2016;
- (8) Specifying that conversion to judicial foreclosure and mandatory alternative dispute resolution are mutually exclusive remedies for mortgagors in a foreclosure action;
- (9) Specifying that the Center for Alternative Dispute Resolution shall annually report to the Legislature on the progress and outcomes of the mandatory dispute resolution program;
- (10) Providing a three-month moratorium on all foreclosure actions to allow for the implementation of the alternative dispute resolution and judicial conversion provisions of this measure;
- (11) Making conforming amendments to related statutory sections; and
- (12) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

Your Committee notes that the amendments to the provisions of this measure implementing the Mortgage Foreclosure Task Force recommendations and establishing an alternative dispute resolution process for nonjudicial foreclosures incorporate the language of S.B. No. 652, S.D. 1, and S.B. No. 651, S.D. 1, respectively, which your Committee previously heard and recommended for passage of Second Reading. Your Committee also notes that it declined to repeal the original nonjudicial power of sale foreclosure process as recommended by some consumer advocates and others in deference to the Mortgage Foreclosure Task Force, which has reported that it plans to consider this issue in the coming year. Your Committee further notes that the Mortgage Foreclosure Task Force was directed by Act 162, Session Laws of Hawaii 2010, to continue its work through June 30, 2012 and to submit a final report to the 2012 legislature. Finally, your Committee notes that the Mortgage Foreclosure Task Force has worked diligently and collaboratively to assist the Legislature on this important public policy matter.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1411, H.D. 2, as amended herein, and recommends

that it pass Second Reading in the form attached hereto as H.B. No. 1411, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Solomon).

**SCRep. 986      Judiciary and Labor on H.B. No. 1092**

The purpose and intent of this measure is to:

- (1) Tax the pension income of taxpayers with certain federal adjusted gross wages; and
- (2) Preserve the state tax deduction for taxpayers with certain adjusted gross income levels.

Your Committee received testimony in support of this measure from the Department of Taxation, Policy Advisory Board for Elder Affairs, and Imua Alliance. Your Committee received testimony in opposition to this measure from AARP Hawaii; Oahu Chapter, Hawaii Government Employees Association Retirees Unit, Local 152, AFSCME, AFL-CIO; International Longshore and Warehouse Union, Local 142; Hawaii State Teachers Association; University of Hawaii Professional Assembly; and twenty-eight individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Hawai'i Alliance for Retired Americans, Tax Foundation of Hawaii, and one individual.

Your Committee finds that the State is faced with an extreme budget crisis. A budget deficit of approximately \$500,000,000 is projected for each of the next two fiscal years. Therefore, an equitable solution that spreads the tax burden evenly is needed in the current fiscal crisis. Your Committee further finds that a possible tax on pensions has been proposed during previous legislative sessions. Your Committee notes that Hawaii is one of only ten states that exclude all federal, state, and local pension income from taxation.

Based on testimony received from the Department of Taxation, your Committee notes that the tax on pension proposed by Part I of this measure will affect four percent of pensioners in Hawaii. This measure will generate approximately \$17,100,000 in income for the State of Hawaii. Additional testimony received by your Committee suggested a process by which a threshold amount of pension income would be excluded and the remainder would be subject to tax. An excluded amount would not be contingent upon a taxpayer's adjusted gross income. Your Committee notes that if a threshold of \$50,000 in pension income were adopted, it would only generate \$593,887 in income to the State.

Your Committee finds that Part II of this measure lowers the threshold for existing resident Hawaii taxpayers. Based on testimony received by your Committee, Part II of the measure as received will generate \$17,900,000, affecting 4.9 percent of resident Hawaii taxpayers. Amendments proposed to your Committee suggest lowering the thresholds would generate an additional \$15,300,000, but would only increase the number of affected resident Hawaii taxpayers to 6.7 percent. The amendments proposed before your Committee would indeed impact 36,157 taxpayers in Hawaii. However, your Committee notes that this measure would not impact 499,849 Hawaii taxpayers.

Accordingly, your Committee has amended this measure by:

- (1) Amending the federal adjusted gross income levels of taxpayers subject to the deductions under sections 164(a)(3) and 164(b)(5) of the Internal Revenue Code as follows:
  - (A) Less than \$75,000 for a taxpayer filing a single return or a married taxpayer filing separately;
  - (B) Less than \$112,500 for a head of household; and
  - (C) Less than \$150,000 for joint returns or a surviving spouse; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1092, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1092, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Ihara, Slom).

**SCRep. 987      Education on H.B. No. 159**

The purpose and intent of this measure is to establish a funding formula for charter school facilities by which the Department of Education must allocate funds.

Your Committee received testimony in support of this measure from the Department of Education, Charter School Administrative Office, Office of Hawaiian Affairs, Hawaii Technology Academy, and one individual. Your Committee received comments on this measure from the Chair of the Charter School Review Panel, who testified in her individual capacity.

Your Committee finds that facilities funding for charter schools is a critically important issue; however there are other vehicles moving through the Legislature that more appropriately address this issue.

Therefore your Committee is using this measure as a vehicle to further address governance, accountability, and transparency issues that have come to light as a result of recent events.

Your Committee further finds that it is important to clarify the duties and responsibilities of the Charter School Review Panel and the local school boards to ensure all charter schools are using funds effectively and transparently while meeting their educational goals.

Accordingly, your Committee has amended this measure by deleting its contents and replacing them with further amendments to sections 302B-3, 302B-3.5, 302B-7, and 302B-8, Hawaii Revised Statutes, which, among other things:

- (1) Raises the percentage of the annual charter school General Fund allocation that the Charter School Administrative Office may withhold for operational expenses from two percent to five percent; provided that the Office submit an annual report to the Legislature detailing how these funds were used; and
- (2) Clarifies the duties and responsibilities of the Charter School Review Panel and local school boards.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 159, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 159, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Taniguchi). Noes, none. Excused, 1 (Slom).

**SCRep. 988      Judiciary and Labor on H.B. No. 801**

The purpose and intent of this measure is to clarify the Department of Taxation's subpoena authority for civil and criminal tax investigations.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that, aside from the 2009 amendment of section 231-7, Hawaii Revised Statutes, the statute that authorizes the Department of Taxation to issue subpoenas in civil and criminal cases, this section has not been updated since 1959. Your Committee understands that since 1959, procedures for issuing subpoenas have changed and the Department of Taxation provides more legal protections to subpoena recipients than is reflected in the statutory section. Accordingly, your Committee believes that this section should be updated to reflect current procedures and processes.

Your Committee has amended this measure by:

- (1) Inserting language more accurately describing the procedures for subpoenas in civil investigations;
- (2) Clarifying subpoena procedures in criminal cases;
- (3) Changing the effective date to July 1, 2050; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 801, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 801, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Ihara).

**SCRep. 989      Human Services on S.C.R. No. 26**

The purpose and intent of this measure is to establish a Hawaii State Fall Prevention and Early Detection Task Force to develop a statewide approach to reducing falls among older adults.

Your Committee received testimony in support of this measure from the Department of Health, Executive Office on Aging, Department of Community Services of the City and County of Honolulu, Maui County Office on Aging, University of Hawai'i Center on Aging, Injury Prevention Advisory Committee, Policy Advisory Board for Elder Affairs, Project Dana, Child & Family Service, and seven individuals. Your Committee received comments on this measure from the Legislative Reference Bureau.

Your Committee finds that among the elderly in Hawaii, falls are the leading cause of fatal injuries, injury-related hospitalization, injury-related emergency room visits, and injury-related emergency medical service calls. Your Committee further finds that falls and fall-related injuries among older adults impose an enormous burden on individuals, society, and Hawaii's health care system.

Your Committee also finds that falls are largely preventable and are not an inevitable part of aging. Additionally, your Committee finds that the Hawaii State Fall Prevention and Early Detection Task Force proposed by this measure elevates fall prevention for older adults as a policy priority for the State by bringing together leadership and expertise from key agencies and organizations to determine the most effective means to prevent and reduce fall-related injuries and deaths.

Your Committee has amended this measure by:

- (1) Designating the Executive Office on Aging as the entity responsible for convening the Hawaii State Fall Prevention and Early Detection Task Force, rather than the University of Hawai'i Center on Aging;
- (2) Reducing the number of Task Force members to be appointed by the Governor, President of the Senate, and Speaker of the House of Representatives from five each to four; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 26, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 26, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 1 (Slom).

**SCRep. 990 Ways and Means on H.B. No. 79**

The purpose and intent of this measure is to repeal, terminate, or close certain revolving funds and trust funds. In addition, this measure requires state agencies to report to the 2012 Legislature on their non-general funds.

Your Committee received testimony in opposition to this measure from Gail P. Tiwanak, Director, Hawaii State Center for Nursing; and Alan Johnson, Chairperson, Hawaii Substance Abuse Coalition.

Your Committee received comments on this measure from Kalbert K. Young, Director, Department of Budget and Finance; Bruce A. Coppa, Comptroller, Department of Accounting and General Services; Dwight Takamine, Director, Department of Labor and Industrial Relations; Keali'i S. Lopez, Director, Department of Commerce and Consumer Affairs; Denise M. Wise, Hawaii Public Housing Authority; Tax Foundation of Hawaii; and Michael Kahikina, Executive Director, Kahikolu 'Ohana Hale 'O Wai'anae.

Your Committee believes that the repeal of special funds will restore accountability and transparency in government operations. However, rather than requiring state agencies to produce another annual report, your Committee finds that allowing agencies to transmit the information as part of a department's budget testimony package for the 2012 Legislature will increase efficiency, save time and resources, and prevent duplicity in reporting.

Your Committee has amended this measure by:

- (1) Deleting the reporting requirements and the automatic termination of funds for failure to report to the Legislature;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical, nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 79, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 79, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 3 (Dela Cruz, Fukunaga, Ryan).

**SCRep. 991 Education on H.B. No. 338**

The purpose and intent of this measure is to establish the:

- (1) Student member of the Board of Education as a voting member of the Board;
- (2) Procedure by which the student member shall be appointed by the Governor, with the advice and consent of the Senate; and
- (3) Qualification requirements and term limits for the student member to the Board of Education.

Your Committee received testimony in support of this measure from the Board of Education, Hawaii State Teachers Association, Imua Alliance, and ninety-four students. Your Committee also received a petition in support of this measure containing two hundred twenty-two signatures. Your Committee received testimony in opposition to this measure from the League of Women Voters of Hawaii.

Your Committee finds that the Legislature recently passed and the Governor recently signed into law Act 5, Session Laws of Hawaii 2011 (Act 5), which established a framework and appointment process for an appointed Board of Education. Act 5 provided for a limited student role on the Board of Education as a non-voting high school student representative.

Your Committee recognizes that the student member on the Board of Education provides the Board with a unique perspective and gives the student population direct representation on the Board. Your Committee believes that Hawaii's students are the primary stakeholders of the public education system and therefore should be represented by a Board member whose decisions in that capacity are equally weighted with those of other Board members, except in issues directly relating to personnel matters.

Accordingly, your Committee has amended this measure by:

- (1) Inserting language to amend section 2 of Act 5, Session Laws of Hawaii 2011, by:
  - (A) Incorporating provisions of this measure that establish a public high school student as a voting member on the Board of Education and set forth the terms and conditions for the appointment of the student member by the Governor, with the advice and consent of the Senate; and
  - (B) Granting the student member voting rights on all issues except issues directly relating to personnel matters;
- (2) Making a conforming amendment to section 302A-447, Hawaii Revised Statutes, to disallow the Hawaii State Student Council to determine how the student member on the Board is selected;
- (3) Making this measure effective upon approval; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 338, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 338, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 1 (Taniguchi).

**SCRep. 992 Education on H.B. No. 1326**

The purpose and intent of this measure is to, among other things:

- (1) Repeal the current statutory provisions relating to benchmark reporting in favor of higher education planning;
- (2) Require the University of Hawaii Board of Regents to recommend amendments to priority guidelines for quality education, periodically review its strategic goals and outcomes toward meeting state needs related to higher education, and develop a functional plan to enable the University to become a foremost educational research, and service center of learning in the nation and Asia-Pacific region; and
- (3) Require the University of Hawaii to monitor and report biennially on its progress toward achieving performance outcomes in a manner that is transparent and clearly linked to state higher education needs as defined in section 226-107, Hawaii Revised Statutes.

Your Committee received testimony in opposition to this measure from the University of Hawai'i System.

Your Committee finds that this measure requires the University of Hawai'i System to develop a functional plan under chapter 226, Hawaii Revised Statutes, the Hawaii State Planning Act. Your Committee recognizes the concerns of the University of Hawai'i System that it is unclear how requiring the development of a functional plan under the Hawaii State Planning Act will result in greater transparency and accountability for the University in meeting the State's higher education needs.

Accordingly, your Committee has amended this measure by deleting its contents and replacing them with the contents of S.B. No. 244, which requires the University of Hawai'i System to:

- (1) Periodically review strategic goals and outcomes adopted by the Board of Regents;
- (2) Periodically review state needs related to higher education outcomes and indicators; and
- (3) Monitor and report biennially on its progress to achieving performance outcomes in a manner that is transparent and linked to state higher education needs.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1326, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1326, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 1 (Taniguchi).

**SCRep. 993 Ways and Means on H.B. No. 848**

The purpose and intent of this measure is to exempt from the general excise tax the amounts received by a common paymaster to pay employee remunerations for persons related to the common paymaster.

Your Committee received testimony in support of this measure from The Chamber of Commerce Hawaii. Your Committee received testimony in opposition to this measure from Frederick D. Pablo, Director, Department of Taxation. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that expanding the common paymaster exemption may have unintended consequences for companies that meet the eighty per cent ownership and voting power tests insofar as the application of Internal Revenue Code Sections 1504 (with regard to an affiliated group of corporations) and 1563 (with regard to a controlled group of corporations) is concerned.

Your Committee has amended this measure by:

- (1) Replacing its contents with the portion of S.B. No. 1107, S.D. 1, 2011, that relates to the exemption from the general excise tax for amounts received by a related or indirectly related management entity that manages the business of the affiliates;
- (2) Deleting an unnecessary cross reference with regard to that exemption; and
- (3) Changing the effective date to July 1, 2050, to facilitate continued discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 848, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 848, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 3 (Dela Cruz, Fukunaga, Ryan).

**SCRep. 994 Water, Land, and Housing on H.B. No. 931**

The purpose and intent of this measure is to require vessels that are moored within state small boat harbors or in offshore mooring areas to be moved under their own power at least once every ninety days to demonstrate that the vessels are in good material and operating condition.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources. Your Committee received testimony in opposition to this measure from Lisa Harrington, Krista Leblanc, Trace Harrington, Beth Malvestiti,

William Brattain, William Marshall, Joseph Shacat, Alvin Koo, Donald Scelsa, Dave Cooper, Robert Winter, Kate Johnson, and Sam Monet.

Your Committee finds that requiring a vessel moored at a state small boat harbor or offshore mooring area to move periodically under its own power beyond the confines of the state small boat harbor in which it is moored supports the intent of section 200-9, Hawaii Revised Statutes, which is to restrict the use of state small boat harbors to those vessels that are in good material and operating condition. Your Committee also understands, however, that increased vessel traffic into and out of state small boat harbors may result from this requirement, and increased vessel traffic brings the risk of accidents or injuries to other recreational users of state waters.

Accordingly, your Committee has amended this measure by:

- (1) Reducing the frequency at which vessels that are moored at small boat harbors or in offshore mooring areas must be moved under their own power to at least once every six months, rather than once in a ninety day period, to lessen the impact of increased vessel traffic into and out of state small boat harbors; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 931, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 931, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Shimabukuro, Slom).

**SCRep. 995 Commerce and Consumer Protection on S.C.R. No. 8**

The purpose and intent of this measure is to request that the Auditor assess the social and financial effects of requiring health insurers to provide coverage for naturopathic medicine as provided in S.B. No. 122, S.D. 2.

Your Committee received testimony in support of this measure from the Hawaii Society of Naturopathic Physicians, Hilo Natural Health Clinic, and six private individuals.

Your Committee finds that while some health insurance providers in this State do provide coverage for naturopathic medicine through optional plan riders, most insurers do not. Your Committee also finds that there is increasing patient demand for naturopathic medical services as part of comprehensive personal health care. Further, your Committee finds that once the federal Affordable Care Act is fully implemented, insurers will be required to cover naturopathic medical services. Your Committee finds that it is in the best interest of the State to begin the process now by investigating the impact of mandating insurance coverage for naturopathic care instead of waiting for a federal mandate to impose coverage later.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 8, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 8, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Green, Slom).

**SCRep. 996 Commerce and Consumer Protection on S.C.R. No. 23**

The purpose and intent of this measure is to request the Auditor to assess the social and financial effects of requiring health insurers to provide coverage for physical therapy that is prescribed by a board-certified surgeon to treat chronic pain.

Your Committee received testimony in support of this measure from the American Cancer Society. Your Committee received comments on this measure from the Hawaii Chapter of the American Physical Therapy Association.

Your Committee finds that physical therapy is often an essential component of comprehensive personal health care. Your Committee further finds that physical therapy can help to relieve symptoms of many diseases and conditions thereby improving a patient's physical and mental well-being. Finally, your Committee finds that physical therapists function as part of a team of physicians and other providers to treat chronic or severe pain by strengthening muscles, ligaments, tendons, and joints.

Your Committee has amended this measure by:

- (1) Amending its title to accurately reflect the contents of this measure; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 23, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 23, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Green, Slom).

**SCRep. 997 Commerce and Consumer Protection on S.C.R. No. 24**

The purpose and intent of this measure is to request the Auditor to assess the social and financial effects of requiring health insurers to provide coverage for certain smoking cessation methods.

Your Committee received testimony in support of this measure from the Department of Health, Coalition for a Tobacco-Free Hawaii, American Cancer Society, and American Heart Association.

Your Committee finds that every year in Hawaii, over eleven hundred people die from tobacco-related illnesses and secondhand smoke exposure and almost six hundred of these deaths are attributable to lung cancer. Your Committee further finds that smoking cessation treatments are one of the most basic forms of preventative health care and have a direct and measurable effect of preventing illness and saving lives. Finally, your Committee notes that according to the Centers for Disease Control and Prevention, allowing tobacco dependence treatments that include medication and counseling to be a covered benefit under health insurance plans has been shown to increase the number of smokers who use cessation treatment, make an attempt at quitting, and successfully quit smoking.

Your Committee has amended this measure by:

- (1) Amending its title for accuracy; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 24, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 24, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Green, Slom).

**SCRep. 998 Education on S.C.R. No. 130**

The purpose and intent of this measure is to request the Department of Education to consider using its property located on Young Street, adjacent to the Academy of Arts Center, as an art resource center for teachers.

Your Committee received testimony in support of this measure from the Department of Education and the Honolulu Academy of Arts.

Your Committee finds that art is one of the ten core subjects for which the Department of Education is required to meet national standards for grades K-12. Creating an art resource center for teachers near the Honolulu Academy of Arts will allow the Department of Education to tap into the expertise of the Honolulu Academy of Arts and provide teachers with a central location for professional art training and development.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 130, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 130, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 2 (Chun Oakland, Slom).

**SCRep. 999 Education on S.C.R. No. 158**

The purpose and intent of this measure is to request the Auditor to conduct a fiscal and compliance audit of the State Educational Facilities Improvement Special Fund.

Your Committee received comments on this measure from the Department of Education.

Your Committee finds that the State Educational Facilities Improvement Special Fund was created to earmark a portion of the general excise tax revenues for the Department of Education to provide assistance with needed repairs and maintenance to public school facilities. The use of these special fund monies is limited to specific projects authorized by the Legislature and subject to certain restrictions under state law. An audit of the State Educational Facilities Improvement Special Fund will be useful to determine whether the use of the funds is in compliance with state law.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 158 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4; Ayes with Reservations (Taniguchi). Noes, none. Excused, 2 (Chun Oakland, Slom).

**SCRep. 1000 (Joint) Public Safety, Government Operations, and Military Affairs and Health on S.C.R. No. 53**

The purpose and intent of this measure is to urge the United States Department of the Interior and the United States Congress to provide additional federal aid to the State of Hawaii for the provision of various state services to migrants from the Compact of Free Association Nations; deem migrants eligible to receive federally funded financial and medical assistance; and provide dialysis and chemotherapy centers in Micronesia and all areas within the Compact of Free Association Nations.

Your Committees received testimony in support of this measure from the Department of Human Services, Superintendent of Education, Healthcare Association of Hawaii, Hawaii Medical Association, and American Cancer Society. Your Committees received testimony in opposition to this measure from the Department of Labor and Industrial Relations.

Your Committees find that the cost to the State to provide various state services to the Compact of Free Association migrants continues to increase each year. Migrants from the Compact of Free Association nations are proportionally over-represented in the population of persons who receive various state social services in Hawaii. The Personal Responsibility and Work Opportunity

Reconciliation Act of 1996 prevents needy persons from the Compact of Free Association nations from receiving federally funded financial and medical assistance. If the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 is amended to allow the Compact of Free Association migrants to receive federally funded financial and medical assistance, the State would not have to expend state funds to provide the equivalent services, thus allowing more of the State's general funds to be used for services and programs for which federal funding is not available.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Public Safety, Government Operations, and Military Affairs and Health that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 53, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 53, S.D. 1.

Signed by the Chairs on behalf of the Committees.  
Ayes, 7. Noes, none. Excused, 3 (Ryan, Shimabukuro, Slom).

**SCRep. 1001 (Joint) Public Safety, Government Operations, and Military Affairs and Health on S.R. No. 27**

The purpose and intent of this measure is to urge the United States Department of the Interior and the United States Congress to provide additional federal aid to the State of Hawaii for the provision of various state services to migrants from the Compact of Free Association Nations; deem migrants eligible to receive federally funded financial and medical assistance; and provide dialysis and chemotherapy centers in Micronesia and all areas within the Compact of Free Association Nations.

Your Committees received testimony in support of this measure from the Department of Human Services, Superintendent of Education, Healthcare Association of Hawaii, Hawaii Medical Association, and American Cancer Society. Your Committees received testimony in opposition to this measure from the Department of Labor and Industrial Relations.

Your Committees find that the cost to the State to provide various state services to the Compact of Free Association migrants continues to increase each year. Migrants from the Compact of Free Association nations are proportionally over-represented in the population of persons who receive various state social services in Hawaii. The Personal Responsibility and Work Opportunity Reconciliation Act of 1996 prevents needy persons from the Compact of Free Association nations from receiving federally funded financial and medical assistance. If the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 is amended to allow the Compact of Free Association migrants to receive federally funded financial and medical assistance, the State would not have to expend state funds to provide the equivalent services, thus allowing more of the State's general funds to be used for services and programs for which federal funding is not available.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Public Safety, Government Operations, and Military Affairs and Health that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 27, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.R. No. 27, S.D. 1.

Signed by the Chairs on behalf of the Committees.  
Ayes, 7. Noes, none. Excused, 3 (Ryan, Shimabukuro, Slom).

**SCRep. 1002 (Joint) Agriculture and Water, Land, and Housing on S.R. No. 18**

The purpose and intent of this measure is to urge the City and County of Honolulu to expend monies already dedicated in its 2010-2011 Executive Operating Budget to conduct a study to map and determine Important Agricultural Lands on Oahu.

Your Committees received testimony in support of this measure from the Hawaii Farm Bureau Federation, Oahu Farm Bureau, and Hawaii Aquaculture and Aquaponics Association.

Your Committees find that the City and County of Honolulu's 2010-2011 Executive Operating Budget sets aside \$500,000 for a study to identify and map potential Important Agricultural Lands on Oahu. As extensive county cooperation is necessary to help the State protect agricultural lands and support agricultural viability, it is critical that the City and County of Honolulu expend these monies and conduct the necessary study and mapping of Important Agricultural Lands.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Agriculture and Water, Land, and Housing that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 18, as amended herein, and recommend that it be referred to the Committee on Public Safety, Government Operations, and Military Affairs, in the form attached hereto as S.R. No. 18, S.D. 1.

Signed by the Chairs on behalf of the Committees.  
Ayes, 8. Noes, none. Excused, 4 (Chun Oakland, Shimabukuro, Tokuda, Slom).

**SCRep. 1003 Education on S.C.R. No. 79**

The purpose and intent of this measure is to request the Board of Education to review its by-laws and polices and applicable administrative rules and statutes to improve the effectiveness of the educational delivery system.

Your Committee finds that as the result of a constitutional amendment adopted in the 2010 general election, the Board of Education is required to transform from an elected board to an appointed board, with the appointments being made by the Governor. Your Committee further finds that this change in education governance provides the Board of Education with the unique opportunity to

determine if amending or reducing regulatory constraints and requirements might assist the Board, the Department of Education, and school administrators in creating a more effective educational delivery system.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 79, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 79, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 1 (Slom).

**SCRep. 1004 (Joint) Energy and Environment and Education on S.C.R. No. 68**

The purpose and intent of this measure is to encourage the Department of Education to:

- (1) Facilitate the installation of renewable energy facilities on the Department's properties when feasible;
- (2) Enter into power purchase agreements with renewable energy producers who use the renewable energy facilities; and
- (3) Provide a report to the Legislature that includes a list of the Department's properties at which such renewable energy facility placement would be most feasible.

Your Committees received testimony in support of this measure from Byron Baker, Janice Palma-Glennie, Elle Personius, and Ethan Personius. Your Committees received comments on this measure from the Department of Education.

Your Committees find that the State has demonstrated its commitment to renewable energy through the adoption of the Hawaii Clean Energy Initiative and has a variety of abundant renewable energy resources such as solar and wind. Pursuing and promoting the generation and use of renewable energy in public school facilities will result in substantial cost savings for the State in the long term, as well as set a positive example for other people and entities across the State, particularly students.

This measure aims to encourage the Department of Education to vigorously pursue the generation and use of renewable energy. Your Committees recognize that the Department has already made substantial strides in this direction through the awarding of a photovoltaic power purchase agreement at four school sites on Oahu and through a larger photovoltaic power purchase agreement project for all the schools on Kauai which is scheduled for bidding. Your Committees applaud the Department's commitment to reducing the State's dependence on fossil fuel and look forward to the report requested by this measure to fully inform the Legislature on the realistic possibilities for more projects similar to the projects already being pursued.

Your Committees have amended this measure by:

- (1) Amending its title; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Energy and Environment and Education that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 68, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 68, S.D. 1.

Signed by the Chairs on behalf of the Committees.  
Ayes, 7. Noes, none. Excused, 3 (Chun Oakland, Ihara, Slom).

**SCRep. 1005 Human Services on Gov. Msg. No. 551**

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII PUBLIC HOUSING AUTHORITY BOARD OF DIRECTORS

G.M. No. 551 JASON T. ESPERO, for a term to expire 6-30-2015.

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Jason T. Espero to possess the requisite qualifications to be nominated to the Board of Directors of the Hawaii Public Housing Authority.

Your Committee received testimony in support of the nomination of Mr. Espero from the Department of Human Services; Hawaii Public Housing Authority; Oahu Filipino Community Council; Filipino Coalition for Solidarity; Hawaii Friends of Civil Rights; UNITE HERE! Local 5 Hawaii; Waikiki Health Center, Care-A-Van Program; and five individuals.

Mr. Espero received a Bachelor's degree in Political Science from the University of Hawai'i at Manoa and a Certificate of Professional Development from Kapiolani Community College.

Mr. Espero's professional experience includes administering homeless shelters and programs, and supporting social services. He is currently the Shelter Director for the Waikiki Health Center, and he has previously served as an Enumerator for the United States Census Bureau, Resident Assistant for the United States Veterans Initiative - Waianae, and Community/Political Organizing Intern for UNITE HERE! Local 5 Hawaii.

Mr. Espero is also involved in the community as the Vice-Chair of the National Federation of Filipino American Associations and an active member of St. Elizabeth Catholic Church.

Your Committee finds that the Board of the Hawaii Public Housing Authority seeks directors with a variety of life experiences and professional expertise in order to effectively fulfill its role as a policy guide for the Hawaii Public Housing Authority.

As evidenced by Mr. Espero's work history and involvement in community service, affordable housing, and human services, your Committee finds that Mr. Espero will be dedicated to the important work of the Board of Directors of the Hawaii Public Housing Authority. Mr. Espero expressed through his personal statement that his desire to serve on the Board stems from his first-hand experiences dealing with the issues and concerns of current residents of or applicants for federal and state low-income housing. His experience working with the homeless has given him particular experiences, knowledge, and insights into the hardships that persons with mental illnesses or physical disabilities face, which he hopes to carry over into his duties on the Board in assisting our most vulnerable individuals.

Mr. Espero mentioned the need to expedite the rehabilitation of public housing units to enable the placement of more individuals. He has suggested the use of public-private partnerships to rehabilitate these units and to better utilize existing public housing facilities to provide job training, language classes, and vocational rehabilitation. Your Committee is confident that Mr. Espero's experience with private organizations, including nonprofits, will serve him well in achieving these solutions and making valuable contributions to the Board and those who depend upon the effective and expedient provision of the Hawaii Public Housing Authority's services.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 1 (Slom).

**SCRep. 1006 Transportation and International Affairs on Gov. Msg. Nos. 592 and 593**

Recommending that the Senate advise and consent to the nominations of the following:

COMMISSION ON TRANSPORTATION

G.M. No. 592 JOHN A. ERVIN, for a term to expire 6-30-2015; and

G.M. No. 593 SHAWN SMITH, for a term to expire 6-30-2015.

Your Committee received testimony in support of John A. Ervin from the Department of Transportation, Department of Labor and Industrial Relations, and seventeen individuals.

John A. Ervin worked most recently with the California Correctional Center in Susanville, California in various supervisory capacities. He has also worked previously as the President and Chief Executive Officer of his own restaurant and catering business and as a Forestry Technician for the United States Forestry Service. Mr. Ervin is a graduate of Saint Louis High School in Honolulu and studied forestry and business at Lassen College in California.

Your Committee notes from the testimony of the nominee that he finds serious transportation issues in Hawaii, including gridlock on highways, high shipping costs for consumer goods, and high costs of interisland airfares. Mr. Ervin also expressed to your Committee that he desires a resolution of Hawaiian ceded lands issues involving seaports and airports but understands that the solution must include Kanaka maoli rather than be unilaterally decided by a member of the Commission on Transportation.

John A. Ervin's work experience includes county, state, and federal work and entrepreneurialism, which give him a unique perspective on government and private-sector issues. Your Committee believes that the nominee's background, education, experience, and yearning for public service qualifies him to serve on the Commission on Transportation.

Your Committee received testimony in support of Shawn Smith from the Department of Transportation.

Since 2003, Shawn Smith has been the General Manager for Falko Partners, LLC, on Kauai. As General Manager, he is the Director of Operations for various land, water, and agricultural management functions, including state and county land use requirements and permitting. He previously served with the Patrol Division and Youth Service Division of the Kaua'i Police Department.

The nominee received a Bachelor of Science degree in Government Relations from the University of Oklahoma at Norman. He has been active in community affairs on Kauai, including serving as Vice President of the Kaua'i Police Activities League since 2004 and Coach for AYSO soccer since 2005, and serving previously as Director of the Kaua'i Chamber of Commerce from 2007 to 2010 and Board member of the Kula School from 2004-2007.

Your Committee finds that the nominee's familiarity and hands-on experience in managing and working with planners, engineers, attorneys, field crews, and various government agencies will enable him to provide valuable insights and counsel to the Commission on Transportation.

Your Committee believes that the nominee's background, education, experience, and yearning for public service qualifies him for the position to which he is being nominated.

As affirmed by the records of votes of the members of your Committee on Transportation and International Affairs that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Gabbard, Slom).

**SCRep. 1007 Human Services on S.C.R. No. 91**

The purpose and intent of this measure is to request the Department of the Attorney General to review confidentiality laws and rules and their impact on juvenile interagency information sharing and develop a system of interagency information sharing.

Your Committee received testimony in support of this measure from the Department of Human Services, Department of Education, and one individual.

Your Committee finds that there is a need for juvenile information sharing between justice agencies and other governmental entities throughout the State. Your Committee further finds that the recommendations the Department of the Attorney General would make pursuant to this measure should enhance the ability of schools, social service agencies, courts, and the juvenile and criminal justice systems to share information while safeguarding and protecting the rights of juveniles and their families.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 91 and recommends that it be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 1 (Green).

**SCRep. 1008 Human Services on S.C.R. No. 104**

The purpose and intent of this measure is to request the formation of a specialized Domestic Violence Unit within the Child Welfare Services Branch of the Department of Human Services.

Your Committee received testimony in support of this measure from the Domestic Violence Action Center, Papa Ola Lokahi, Coalition for a Drug-Free Hawai'i, and six individuals. Your Committee received testimony in opposition to this measure from the Department of Human Services.

Your Committee finds that domestic violence is a key challenge facing many families in the Child Protective Services system. Your Committee further finds that efforts have been made over the years to strengthen working relationships and improve training and interventions necessary to keep women and children safe.

Your Committee has heard the concerns that a specialized Domestic Violence Unit in Child Welfare Services may not be the most appropriate means to address domestic violence issues in child welfare cases. Your Committee understands that these issues involve agencies and entities that are beyond the authority and responsibility of the Department of Human Services. According to testimony received by your Committee, these concerns may be better addressed through an independent third party working in cooperation with various state agencies.

Accordingly, your Committee has amended this measure by:

- (1) Deleting the request that the Department of Human Services create a specialized Domestic Violence Unit within the Child Welfare Services Branch;
- (2) Requesting the Hawaii State Coalition Against Domestic Violence to work in partnership with the Department of Human Services, Department of Health, and Judiciary to convene a working group to develop a Volunteer Domestic Violence Assessment and Case Management Unit;
- (3) Requesting the Volunteer Domestic Violence Assessment and Case Management Unit to address and respond to cases where allegations or a history of domestic violence has been raised or identified;
- (4) Deleting the requirement that the Department of Human Services report to the Legislature on the status of the Domestic Violence Unit;
- (5) Requesting the Hawaii State Coalition Against Domestic Violence to submit a report to the Legislature on the status of the Volunteer Domestic Violence Assessment and Case Management Unit;
- (6) Changing its title to reflect its amended purpose; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 104, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 104, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 1 (Green).

**SCRep. 1009 Human Services on S.R. No. 73**

The purpose and intent of this measure is to request the formation of a specialized Domestic Violence Unit within the Child Welfare Services Branch of the Department of Human Services.

Your Committee received testimony in support of this measure from the Domestic Violence Action Center, Papa Ola Lokahi, Coalition for a Drug-Free Hawai'i, and six individuals. Your Committee received testimony in opposition to this measure from the Department of Human Services.

Your Committee finds that domestic violence is a key challenge facing many families in the Child Protective Services system. Your Committee further finds that efforts have been made over the years to strengthen working relationships and improve training and interventions necessary to keep women and children safe.

Your Committee has heard the concerns that a specialized Domestic Violence Unit in Child Welfare Services may not be the most appropriate means to address domestic violence issues in child welfare cases. Your Committee understands that these issues involve agencies and entities that are beyond the authority and responsibility of the Department of Human Services. According to testimony

received by your Committee, these concerns may be better addressed through an independent third party working in cooperation with various state agencies.

Accordingly, your Committee has amended this measure by:

- (1) Deleting the request that the Department of Human Services create a specialized Domestic Violence Unit within the Child Welfare Services Branch;
- (2) Requesting the Hawaii State Coalition Against Domestic Violence to work in partnership with the Department of Human Services, Department of Health, and Judiciary to convene a working group to develop a Volunteer Domestic Violence Assessment and Case Management Unit;
- (3) Requesting the Volunteer Domestic Violence Assessment and Case Management Unit to address and respond to cases where allegations or a history of domestic violence has been raised or identified;
- (4) Deleting the requirement that the Department of Human Services report to the Legislature on the status of the Domestic Violence Unit;
- (5) Requesting the Hawaii State Coalition Against Domestic Violence to submit a report to the Legislature on the status of the Volunteer Domestic Violence Assessment and Case Management Unit;
- (6) Changing its title to reflect its amended purpose; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 73, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.R. No. 73, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 1 (Green).

**SCRep. 1010 Commerce and Consumer Protection on S.C.R. No. 51**

The purpose and intent of this measure is to request the Auditor to assess the social and financial effects of requiring health insurers to provide coverage for autism spectrum disorders.

Your Committee received testimony in support of this measure from the Hawaii Disability Rights Center; Autism Behavior Consulting Group, Inc.; Autism Speaks; Community Children's Council of Hawaii; and sixteen private individuals.

Your Committee finds that autism spectrum disorders are medical conditions that should be treated in the same manner as other diseases and conditions for the purposes of health insurance coverage. Your Committee also finds that early and comprehensive treatment of autism spectrum disorders can alleviate symptoms such as communication and behavioral difficulties so that they are not disabling. Your Committee further finds that existing health insurance coverage does not include the necessary range of services to effectively treat autism spectrum disorders. Finally, your Committee finds that although comprehensive treatment can be costly, the cost of not treating autism spectrum disorders is far greater and typically borne primarily by the State in terms of expenditures on special education, public health, and other services throughout the lifetime of individuals with untreated or inadequately treated autism spectrum disorders.

Your Committee has amended this measure by:

- (1) Adding a provision requesting the Auditor to update any previous studies on this issue in light of the increased frequency of diagnoses of autism spectrum disorders and number of states that have enacted legislation mandating insurance coverage for autism spectrum disorders; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 51, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 51, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Galuteria, Green, Slom).

**SCRep. 1011 (Joint) Human Services and Education on S.C.R. No. 136**

The purpose and intent of this measure is to request the Department of Health to:

- (1) Convene a Developmental Screening Task Force to review Aloha United Way's Early Childhood Developmental Screening pilot projects and the University of Hawaii at Manoa Center on Disability Studies' evaluation of those pilot project; and
- (2) Make recommendations for the development of an integrated universal early childhood developmental screening system in Hawaii.

Your Committees received testimony in support of this measure from the Department of Health, State Council on Developmental Disabilities, Center on Disability Studies at the University of Hawaii at Manoa, Aloha United Way, Learning Disabilities Association of Hawaii, Good Beginnings Alliance, and The American Academy of Pediatrics – Hawaii Chapter.

Your Committees find that approximately 20,000 children are in special education tracks in Hawaii's school system. Your Committees further find that early detection and intervention with children experiencing developmental delays can divert children from

special education tracks to normal tracks. Your Committees also find that identifying developmental delays early allows children and their families to have access to necessary treatment and services. This leads to better health and education outcomes for children and their families.

Your Committees understand that the Department of Health Family Health Services Division has a Maternal Child Health Services Block Grant under Title V of the Social Security Act. Based on testimony received by your Committees, there is an existing work group under this grant that will be working to promote early childhood screening and development. Your Committees further find that the Family Health Services Division is planning to convene a series of collaborative meetings with state, community, professional, and family partners to address early childhood screening and follow up services.

Accordingly, your Committees have amended this measure by:

- (1) Requesting the existing Department of Health Work Group, rather than a Developmental Screening Task Force, to review the pilot projects and the evaluation of those projects;
- (2) Requesting that representatives from the University of Hawai'i at Manoa Center on Disability Studies and Aloha United Way be added as members of the Department of Health Work Group;
- (3) Requesting the Department of Health to report to the Legislature based on the Work Group's review, rather than the Developmental Screening Task Force's review;
- (4) Changing its title to reflect its amended purpose; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Human Services and Education that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 136, as amended herein, and recommend that it be referred to the Committee on Health, in the form attached hereto as S.C.R. No. 136, S.D. 1.

Signed by the Chairs on behalf of the Committees.  
Ayes, 7. Noes, none. Excused, 1 (Green).

**SCRep. 1012 (Joint) Health and Commerce and Consumer Protection on S.C.R. No. 10**

The purpose and intent of this measure is to request the Auditor to conduct an impact assessment report, pursuant to sections 23-51 and 23-52, Hawaii Revised Statutes, on the social and financial impacts of mandating health insurance coverage for palliative care to determine whether this mandated coverage is in the best interest of the State.

Your Committees received testimony in support of this measure from the American Cancer Society; Hawaii Chapter, American Physical Therapy Association; and St. Francis Healthcare System of Hawaii. Your Committees received comments on this measure from Kaiser Permanente.

Your Committees find that mandatory insurance coverage of palliative care would accomplish two goals - eliminating financial barriers to health care access for individuals and providing incentives for the inclusion of palliative care in mainstream health care. Your Committees further find that a more detailed analysis should be undertaken, with an emphasis on the importance of palliative care, to determine the feasibility of mandating this type of insurance coverage.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Health and Commerce and Consumer Protection that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 10, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 10, S.D. 1.

Signed by the Chairs on behalf of the Committees.  
Ayes, 6. Noes, none. Excused, 4 (Chun Oakland, Galuteria, Solomon, Slom).

**SCRep. 1013 (Joint) Health and Commerce and Consumer Protection on S.C.R. No. 28**

The purpose of this measure is to request the Auditor to conduct an impact assessment report, pursuant to sections 23- 51 and 23- 52, Hawaii Revised Statutes, on the social and financial impacts of mandating coverage of the use of the LIFEVED Intelligent Medical Vigilance System (LIFEVED) for all policies and contracts, hospital and medical service plan contracts, medical service corporation contracts, and health maintenance organization plans and contracts issued on or after December 31, 2011. The intent of this measure is to reduce illnesses and injuries and assist in the maintenance of good health for the people of this State.

Your Committees received testimony in support of this measure from the Auditor and Hoana Medical Systems, Inc.

Your Committees find that technologies such as LIFEVED enable more efficient use of resources and staff, permitting nursing staff to be aware of, and respond to, precipitous patient deterioration. Your Committees further find that mandated insurance coverage for systems like LIFEVED should be more thoroughly considered. Your Committees heard concerns regarding the request for the support or consideration of a specific commercial product. Your Committees find that there are additional available technologies that provide hospital bed monitoring capabilities and that these systems should also be evaluated to prevent patient mortality by providing sufficient alerts of potentially dangerous clinical events.

Accordingly, your Committees have amended this measure by:

- (1) Broadening the request to the Auditor for the assessment of the social and financial effects of requiring health insurers to provide coverage for hospital bed monitoring technology, instead of a product-specific form of bed monitoring technology;

- (2) Amending its title accordingly; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Health and Commerce and Consumer Protection that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 28, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 28, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Ayes, 6. Noes, none. Excused, 4 (Chun Oakland, Galuteria, Solomon, Slom).

**SCRep. 1014 Human Services on S.C.R. No. 143**

The purpose and intent of this measure is to encourage the Department of Human Services to explore implementation of the My Safe Drawer computer application for foster youth who are transitioning out of the foster care system.

Your Committee received testimony in support of this measure from CGI Technologies and Solutions Inc. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that many young people transitioning out of foster care may not have permanent living arrangements established. Your Committee further finds that former foster youth may lose vital documents during their transition from foster care. Losing these documents may present obstacles when former foster youth apply for jobs, apply to college, or receive medical care.

Your Committee also finds that web-based applications such as the My Safe Drawer application are designed to provide former foster youth with information and support to facilitate a transition to successful independence as an adult.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 143 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 1 (Green).

**SCRep. 1015 Human Services on S.C.R. No. 46**

The purpose and intent of this measure is to recognize April as Sexual Assault Awareness and Prevention Month.

Your Committee received testimony in support of this measure from the American Civil Liberties Union of Hawai'i and one individual.

Your Committee finds that sexual assault affects people of all ages and racial, social, religious, ethnic, and economic backgrounds in the United States. Your Committee further finds that violence in the form of intimate partner abuse, sexual assault, and stalking can have devastating emotional consequences that outlast the physical effects. Your Committee also finds that promoting awareness of sexual violence and strategies to decrease the incidence of sexual assault is a proactive way to stop the cycle of violence.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 46, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 46, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 1 (Green).

**SCRep. 1016 Human Services on S.R. No. 22**

The purpose and intent of this measure is to recognize April as Sexual Assault Awareness and Prevention Month.

Your Committee received testimony in support of this measure from the American Civil Liberties Union of Hawai'i and one individual.

Your Committee finds that sexual assault affects people of all ages and racial, social, religious, ethnic, and economic backgrounds in the United States. Your Committee further finds that violence in the form of intimate partner abuse, sexual assault, and stalking can have devastating emotional consequences that outlast the physical effects. Your Committee also finds that promoting awareness of sexual violence and strategies to decrease the incidence of sexual assault is a proactive way to stop the cycle of violence.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 22, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 22, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 1 (Green).

**SCRep. 1017 Health on S.C.R. No. 4**

The purpose and intent of this measure is to proclaim the month of May of each year as "Lupus Awareness Month" in Hawaii to raise awareness of the disease.

Your Committee received testimony in support of this measure from Hawaii Medical Association, Lupus Hawai'i, Women in Government, and one private citizen.

Your Committee finds that new research and new approaches to diagnosis and treatment are needed to fight lupus, and that the suffering of lupus victims can be alleviated through patient services and the promotion of early detection of undiagnosed cases through lupus awareness programs. Declaring one month out of each year to lupus awareness will increase the public's knowledge of the disease.

Your Committee has amended this measure by:

- (1) Amending its title; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 4, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 4, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Chun Oakland, Slom).

**SCRep. 1018 Health on S.C.R. No. 25**

The purpose and intent of this measure is to request the Board of Nursing to develop and implement a pain and palliative care policy to ensure that knowledgeable, ethical, and experienced pain management practitioners administer opiates for severe acute pain or severe chronic pain under safe conditions.

Your Committee received testimony in support of this measure from the Hawaii Chapter, American Physical Therapy Association; American Cancer Society Hawai'i Pacific, Inc.; Healthcare Association of Hawaii; and one private citizen. Your Committee received testimony in opposition to this measure from the Board of Nursing, Hawaii Medical Association, and Hawaii Society of Anesthesiologists. Your Committee received comments on this measure from Kaiser Permanente and St. Francis Healthcare System of Hawaii.

Your Committee finds that the inadequate treatment of severe acute pain and severe chronic pain originating from cancer or noncancerous conditions is a significant health problem and the State has an interest in developing a standard of care with respect to palliative care to help alleviate these problems associated with pain management. Your Committee suggests that representatives of the medical field, including primary care physicians, anesthesiologists, nurses, and other medical practitioners, be included in the assessment in order to better evaluate current and prevailing recommendations regarding a pain and palliative care policy.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 25, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 25, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Chun Oakland, Slom).

**SCRep. 1019 Commerce and Consumer Protection on S.C.R. No. 111**

The purpose and intent of this measure is to request the Auditor to conduct a sunrise review of the regulation of large-scale dog breeders and dog breeding facilities.

Your Committee received testimony in support of this measure from the Professional and Vocational Licensing Division of the Department of Commerce and Consumer Affairs, The Humane Society of the United States, Hawaiian Humane Society, and one individual. Your Committee received comments on this measure from the Regulated Industries Complaints Office of the Department of Commerce and Consumer Affairs.

Your Committee finds that dog breeding is currently unregulated in Hawaii. Further, while animal cruelty laws do exist, they are insufficient to allow for effective enforcement, particularly since current law does not allow entry onto property for the investigation of suspected violations. Your Committee also finds that unscrupulous breeding programs not only harm breeding animals that are kept under inhumane conditions, but also produce puppies that are sold to unsuspecting consumers despite their unsuitability as pets due to health problems. Finally, your Committee finds that this measure would allow for the regulation and oversight of the dog breeding industry to effectively prevent the operation of puppy mills.

Your Committee has amended this measure by:

- (1) Specifying that the Auditor's requested assessment should also address alternative forms of regulation, as provided in section 26H-6, Hawaii Revised Statutes; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 111, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 111, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4; Ayes with Reservations (Solomon). Noes, none. Excused, 3 (Galuteria, Green, Slom).

**SCRep. 1020 (Joint) Health and Public Safety, Government Operations, and Military Affairs on S.C.R. No. 124**

The purpose and intent of this measure is to urge the Director of Health to convene task forces with the counties, other than the County of Kalawao, beginning with the most populous county and proceeding with the other counties in decreasing order by population, to develop community benefits packages for the neighborhoods located closest to landfills in order to assist these communities, which may be adversely and disproportionately affected by landfills.

Your Committees received testimony in support of this measure from the Iron Workers Stabilization Fund, T. George Paris, Mel Kahele, and Ron Amemiya. Your Committees received testimony in opposition to this measure from Timothy E. Steinberger, Director of the Department of Environmental Services, City and County of Honolulu; Michael R. Hansen, Director of the Department of Budget and Fiscal Services, City and County of Honolulu; and Gary M. Slovin, PVT Land Company.

Your Committees find that there is a need to study and explore options to improve the quality of life for residents of neighborhoods located closest to landfills, including the consideration of options such as tax breaks and funding mechanisms for social services in these communities. The convening of task forces and submittal of their findings to the Legislature will allow the State to better gauge the needs of these communities and explore methods to address those needs.

Your Committees have amended this measure by:

- (1) Inserting language describing the concerns that have been raised by private citizens that non-municipal solid waste deposited at landfills within the State is piled aboveground and contains potentially harmful substances; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Health and Public Safety, Government Operations, and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 124, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 124, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Ayes, 7; Ayes with Reservations (Chun Oakland, Kidani, Nishihara). Noes, none. Excused, 3 (Baker, Wakai, Slom).

**SCRep. 1021 Human Services on S.R. No. 49**

The purpose and intent of this measure is to request the Department of the Attorney General to review confidentiality laws and rules and their impact on juvenile interagency information sharing and develop a system of interagency information sharing.

Your Committee received testimony in support of this measure from the Department of Human Services, Department of Education, and one individual.

Your Committee finds that there is a need for juvenile information sharing between justice agencies and other governmental entities throughout the State. Your Committee further finds that the recommendations the Department of the Attorney General would make pursuant to this measure should enhance the ability of schools, social service agencies, courts, and the juvenile and criminal justice systems to share information while safeguarding and protecting the rights of juveniles and their families.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 49 and recommends that it be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 1 (Green).

**SCRep. 1022 Hawaiian Affairs on S.C.R. No. 82**

The purpose and intent of this measure is to:

- (1) Urge the Department of Education to require all public high schools to offer 'olelo Hawai'i classes; and
- (2) Encourage all private high schools to offer 'olelo Hawai'i classes at their respective institutions.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Association of Hawaiian Civic Clubs, and Papa Ola Lokahi. Your Committee received testimony in opposition to this measure from the Department of Education.

Your Committee finds that the Hawaiian language is an integral aspect of the culture and identity of Hawai'i, and Hawai'i schools have played a key role in the decline and revival of the Hawaiian language. In 1896, a law was passed that prohibited Hawaiian from being spoken in schools and the long-term impact of this law was devastating. By the early 1980s, the Hawaiian language was on the brink of extinction, with only a handful of native speakers under the age of eighteen. To save the language, advocates established Hawaiian language immersion schools, and more than twenty-five years later, these schools remain at the center of the thriving Hawaiian language movement.

Your Committee is strongly supportive of the continuing efforts to expand the teaching of 'olelo Hawai'i in public and private schools throughout the State.

As affirmed by the record of votes of the members of your Committee on Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 82 and recommends that it be referred to the Committee on Education.

Signed by the Vice Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (English, Galuteria, Kahele).

**SCRep. 1023 (Majority) Hawaiian Affairs on S.C.R. No. 52**

The purpose and intent of this measure is to request the President of the University of Hawai'i System to:

- (1) Convene an academic symposium to consider the establishment of a Hawaiian language university within the University of Hawai'i System, in consultation with the Puko'a Council and representatives from the Hawaiian language studies programs on all campuses; and
- (2) Report to the Legislature and the Governor no later than twenty days prior to the convening of the Regular Session of 2012 on the findings of the symposium and the recommendations related to the establishment of a Hawaiian language university within the University of Hawai'i System.

Your Committee received testimony in support of this measure from the Association of Hawaiian Civic Clubs and Hanakahi Council of the University of Hawai'i at Hilo. Your Committee received comments on this measure from the University of Hawai'i System and Office of Hawaiian Affairs.

Your Committee is supportive of the concept of this measure as a further step in the reestablishment of teaching the Hawaiian language within educational systems.

As affirmed by the record of votes of the members of your Committee on Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 52 and recommends that it be referred to the Committee on Education.

Signed by the Vice Chair on behalf of the Committee.  
Ayes, 3. Noes, 2 (Ryan, Slom). Excused, 3 (English, Galuteria, Kahele).

**SCRep. 1024 (Majority) Hawaiian Affairs on S.C.R. No. 147**

The purpose and intent of this measure is to:

- (1) Encourage the Office of Hawaiian Affairs and Executive Branch to engage in discussions to formulate and submit a recommendation to the Legislature for resolving all claims and disputes between the State and the Office of Hawaiian Affairs regarding the amount of the income and proceeds from the lands of the public land trust that the Office of Hawaiian Affairs should receive under the Hawaii State Constitution and state law, between November 7, 1978, and July 1, 2008; and
- (2) Include, at a minimum, any recommendation to the Legislature to specify the amount in cash payments, parcels of land, or a combination, that the Legislature shall appropriate and authorize the State to pay or transfer to the Office of Hawaiian Affairs.

Your Committee received testimony in support of this measure from the Governor, Office of Hawaiian Affairs, Association of Hawaiian Civic Clubs, Aha Kiole Advisory Committee, and Papa Ola Lokahi. Your Committee received comments on this measure from one individual.

Your Committee finds that resolution of outstanding issues relating to the income and proceeds from the lands of the public land trust between November 7, 1978, and July 1, 2008, has remained unresolved for more than three decades and the Hawaii Supreme Court has ruled that resolution of the issue is primarily the responsibility of the Legislature. This measure would support the efforts of the Office of Hawaiian Affairs and the Executive Branch to formulate and submit a recommendation to the Legislature for the past due resolution of this issue.

Your Committee commends the parties for their willingness to engage in these critical discussions in a timely and forthright manner.

Your Committee has amended this measure to clarify the terms of the last agreement regarding the participants, total agreement amount, and period referenced in the agreement.

As affirmed by the record of votes of the members of your Committee on Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 147, as amended herein, and recommends that it be referred to the Committee on Judiciary and Labor, in the form attached hereto as S.C.R. No. 147, S.D. 1.

Signed by the Vice Chair on behalf of the Committee.  
Ayes, 4. Noes, 1 (Slom). Excused, 3 (English, Galuteria, Kahele).

**SCRep. 1025 Hawaiian Affairs on S.C.R. No. 84**

The purpose and intent of this measure is to request the Office of Hawaiian Affairs to:

- (1) Convene a task force to produce a comprehensive report on strategies and resources needed to reduce recidivism among Native Hawaiians; and
- (2) Submit the report to the Governor and the Legislature no later than twenty days prior to the convening of the Regular Session of 2012.

Your Committee received testimony in support of this measure from the Association of Hawaiian Civic Clubs and Papa Ola Lokahi. Your Committee received comments on this measure from the Office of Hawaiian Affairs.

Your Committee understands that the Office of Hawaiian Affairs has already begun sharing data with various stakeholder groups, state agencies, academic partners, and existing task forces as a result of the Office of Hawaiian Affairs' report on "The Disparate Treatment of Native Hawaiians in the Criminal Justice System". The Office of Hawaiian Affairs testified that it is now participating with the Interagency Council on Intermediate Sanctions, whose vision is to reduce recidivism and prevent future victimization by adult offenders. While the Office of Hawaiian Affairs has testified that this measure may be duplicative of those and similar efforts, your Committee believes that the various initiatives would instead enhance the overall goal of reducing recidivism among Native Hawaiians and the broader inmate population.

Your Committee has amended this measure by adding the Chief Justice of the Supreme Court to the list of those receiving a certified copy of the Concurrent Resolution.

As affirmed by the record of votes of the members of your Committee on Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 84, as amended herein, and recommends that it be referred to the Committee on Public Safety, Government Operations, and Military Affairs, in the form attached hereto as S.C.R. No. 84, S.D. 1.

Signed by the Vice Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 3 (English, Galuteria, Kahele).

**SCRep. 1026 Hawaiian Affairs on S.C.R. No. 159**

The purpose and intent of this measure is to urge the Department of Hawaiian Home Lands to:

- (1) Release pastoral and agricultural leases to its beneficiaries; and
- (2) Submit to the Legislature prior to the convening of the Regular Session of 2012, a report of its activities and efforts with respect to the release of pastoral and agricultural leases to its beneficiaries.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands, Keaukaha Panaewa Farmers Association, and two individuals. Your Committee received comments on this measure from one individual.

Your Committee understands that the Hawaiian Homes Commission took action last year to support initiatives to make more agricultural and pastoral homesteads available to beneficiaries, and that the Department of Hawaiian Home Lands is currently in the process of assessing agricultural and pastoral homesteads with the intent of revising, redeveloping, and advancing these programs. Your Committee is in support of these efforts and looks forward to a review of the Department's report to the Legislature.

In addition, your Committee has amended this measure by:

- (1) Incorporating language from S.C.R. No. 177, which requests the Department of Hawaiian Home Lands to provide statistical data to the Legislature on the homestead program for the period 2000 through 2010;
- (2) Adding language to request the Department of Hawaiian Home Lands to provide statistical data for the period 2000 through 2010, on infrastructure and other expenditures and on the number of awards and applicants offered homestead awards for: residential, pastoral, agricultural, and aquacultural homesteads; vacant improved lots; improved homes; self-help home-building strategies; and undivided interest programs;
- (3) Amending its title accordingly; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 159, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 159, S.D. 1.

Signed by the Vice Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 3 (English, Galuteria, Kahele).

**SCRep. 1027 (Majority) Judiciary and Labor on S.C.R. No. 155**

The purpose and intent of this measure is to request a study on the feasibility of implementing a Powerball state lottery.

Your Committee received testimony in support of this measure from two individuals. Your Committee received testimony in opposition to this measure from the Hawaii Catholic Conference, Hawaii Family Forum, and one individual. Your Committee received comments on this measure from the Legislative Reference Bureau.

Your Committee finds that Hawaii is in the midst of an economic crisis. Accordingly, the State must explore all options to make up cuts in general funds, particularly to ensure that sufficient funds are available for the education of Hawaii's children. Participation in a multi-state lottery, such as the Powerball lottery, may provide a method of raising funds for this purpose. Your Committee believes that a thorough study of this issue is appropriate.

Your Committee has amended this measure by:

- (1) Placing the responsibility of conducting the study on the Department of Business, Economic Development, and Tourism, as it is a more appropriate agency to consider and evaluate economic matters such as the feasibility of implementing a Powerball State lottery or Mega Millions lottery;
- (2) Requesting that the Legislative Reference Bureau assist the Department of Business, Economic Development, and Tourism in preparing its study and proposed Legislation;
- (3) Amending its title to accurately reflect its contents; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 155, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 155, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 2. Noes, 1 (Gabbard). Excused, 2 (Ihara, Slom).

**SCRep. 1028 Public Safety, Government Operations, and Military Affairs on S.C.R. No. 163**

The purpose and intent of this measure is to request the Civil Defense Division of the Department of Defense to install, as a matter of immediate urgency, additional civil defense warning sirens in areas still without sirens and ensure that all sirens are in working order at all times in case of disaster emergencies, and to report to the Legislature on the status and progress of these efforts no later than twenty days prior to the convening of the Regular Session of 2012.

Your Committee received testimony in support of this measure from the State Department of Defense and one individual.

Your Committee finds that news reports of the March 11, 2011, tsunami in Hawaii indicated that some civil defense warning sirens were inoperable or that there were still pockets of communities without warning sirens. The placement of additional civil defense warning sirens and public safety communications equipment throughout the State will improve the timeliness of the Emergency Alert System in transmitting evacuation and other information to the public through radio and television.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 163 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1029 Public Safety, Government Operations, and Military Affairs on S.R. No. 100**

The purpose and intent of this measure is to request the Civil Defense Division of the Department of Defense to install, as a matter of immediate urgency, additional civil defense warning sirens in areas still without sirens and ensure that all sirens are in working order at all times in case of disaster emergencies, and to report to the Legislature on the status and progress of these efforts no later than twenty days prior to the convening of the Regular Session of 2012.

Your Committee received testimony in support of this measure from the State Department of Defense and one individual.

Your Committee finds that news reports of the March 11, 2011, tsunami in Hawaii indicated that some civil defense warning sirens were inoperable or that there were still pockets of communities without warning sirens. The placement of additional civil defense warning sirens and public safety communications equipment throughout the State will improve the timeliness of the Emergency Alert System in transmitting evacuation and other information to the public through radio and television.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 100 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1030 Public Safety, Government Operations, and Military Affairs on S.C.R. No. 162**

The purpose and intent of this measure is to express legislative support of the concept of public-private partnerships to build prisons and correctional facilities in the State, and to urge the Governor to begin discussions and plans to establish public-private partnerships as soon as possible to deal with the State's prison overcrowding and to return the majority of our prisoners who are incarcerated on the mainland.

Your Committee received testimony in support of this measure from the Department of Public Safety; Hawaii Youth Services Network; The Pacific Resource Partnership; SSFM-PH Hawaii LLC; and SSFM International, Inc. Your Committee received testimony in opposition to this measure from the Community Alliance on Prisons and American Civil Liberties Union of Hawai'i.

For over ten years the State has sent inmates to the mainland for incarceration due to overcrowding in the State's correctional facilities. Inmates on the mainland are not able to have close support from family and friends for their rehabilitation and re-entry efforts.

Over \$50,000,000 of Hawaii's public funds are spent annually to incarcerate inmates on the mainland. These funds are not circulating in our economy, but in the economies of other states, providing jobs and opportunities for mainland residents and companies.

New prisons and correctional facilities in the State would create local construction jobs and public safety jobs, and allow inmates to be close to their supportive families. There are private companies that are willing to establish public-private partnerships with the State to use their financial resources to build new prison facilities in Hawaii.

Your Committee wishes to clarify that this measure addresses construction only and not the management or operations of a prison.

Your Committee has amended this measure by:

- (1) Urging the Governor to additionally discuss and plan to establish re-entry centers, drug treatment facilities, and other correctional facilities in the state;
- (2) Amending its title accordingly; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 162, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 162, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Baker, Slom).

**SCRep. 1031 Public Safety, Government Operations, and Military Affairs on S.R. No. 99**

The purpose and intent of this measure is to express legislative support of the concept of public-private partnerships to build prisons and correctional facilities in the State, and to urge the Governor to begin discussions and plans to establish public-private partnerships as soon as possible to deal with the State's prison overcrowding and to return the majority of our prisoners who are incarcerated on the mainland.

Your Committee received testimony in support of this measure from the Department of Public Safety; Hawaii Youth Services Network; The Pacific Resource Partnership; SSFM-PH Hawaii LLC; and SSFM International, Inc. Your Committee received testimony in opposition to this measure from the Community Alliance on Prisons and American Civil Liberties Union of Hawai'i.

For over ten years the State has sent inmates to the mainland for incarceration due to overcrowding in the State's correctional facilities. Inmates on the mainland are not able to have close support from family and friends for their rehabilitation and re-entry efforts.

Over \$50,000,000 of Hawaii's public funds are spent annually to incarcerate inmates on the mainland. These funds are not circulating in our economy, but in the economies of other states, providing jobs and opportunities for mainland residents and companies.

New prisons and correctional facilities in the State would create local construction jobs and public safety jobs, and allow inmates to be close to their supportive families. There are private companies that are willing to establish public-private partnerships with the State to use their financial resources to build new prison facilities in Hawaii.

Your Committee wishes to clarify that this measure addresses construction only and not the management or operations of a prison.

Your Committee has amended this measure by:

- (1) Urging the Governor to additionally discuss and plan to establish re-entry centers, drug treatment facilities, and other correctional facilities in the state;
- (2) Amending its title accordingly; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 99, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.R. No. 99, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Baker, Slom).

**SCRep. 1032 Public Safety, Government Operations, and Military Affairs on S.C.R. No. 72**

The purpose and intent of this measure is to request the Department of Public Safety to return Hawaii prisoners held in mainland facilities, and to construct a new correctional facility at Panaewa near Hilo; and

Your Committee received testimony in support of this measure from the Department of Public Safety, Department of Hawaiian Home Lands, Hawaii Paroling Authority, University of Hawai'i System, Community Alliance on Prisons, and American Civil Liberties Union of Hawai'i.

Imprisoning people from Hawaii on the mainland exacerbates the disproportionate impact of the criminal justice system on some Native Hawaiians because they are cut off from supportive communities and families that give them a reason to exit prison as soon as possible. Even the absence of familiar surroundings and changes in the weather can be traumatizing. For Native Hawaiians, the impact of trauma is particularly salient because of strong connections to family, the land, and community.

Your Committee believes that returning incarcerated persons, particularly Native Hawaiians, from the mainland is in the best interest of the State and the inmates themselves.

Your Committee has amended this measure by:

- (1) Deleting references to the construction of a new correctional facility specifically at Panaewa on the Big Island;
- (2) Request the Department of Public Safety to consider construction of a new prison, re-entry center, or other correctional facility on the Big Island;
- (3) Amending its title accordingly; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 72, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 72, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Baker, Slom).

**SCRep. 1033 Public Safety, Government Operations, and Military Affairs on S.R. No. 45**

The purpose and intent of this measure is to request the Department of Public Safety to return Hawaii prisoners held in mainland facilities, and to construct a new correctional facility at Panaewa near Hilo; and

Your Committee received testimony in support of this measure from the Department of Public Safety, Department of Hawaiian Home Lands, Hawaii Paroling Authority, University of Hawai'i System, Community Alliance on Prisons, and American Civil Liberties Union of Hawai'i.

Imprisoning people from Hawaii on the mainland exacerbates the disproportionate impact of the criminal justice system on some Native Hawaiians because they are cut off from supportive communities and families that give them a reason to exit prison as soon as possible. Even the absence of familiar surroundings and changes in the weather can be traumatizing. For Native Hawaiians, the impact of trauma is particularly salient because of strong connections to family, the land, and community.

Your Committee believes that returning incarcerated persons, particularly Native Hawaiians, from the mainland is in the best interest of the State and the inmates themselves.

Your Committee has amended this measure by:

- (1) Deleting references to the construction of a new correctional facility specifically at Panaewa on the Big Island;
- (2) Request the Department of Public Safety to consider construction of a new prison, re-entry center, or other correctional facility on the Big Island;
- (3) Amending its title accordingly; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 45, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.R. No. 45, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Baker, Slom).

**SCRep. 1034 (Joint) Public Safety, Government Operations, and Military Affairs and Hawaiian Affairs on S.C.R. No. 110**

The purpose and intent of this measure is to request the Department of Public Safety and Department of Hawaiian Home Lands to establish a task force to consider whether the two departments should enter into a memorandum of understanding to have the Department of Hawaiian Home Lands administer and operate a community-based reentry program for offenders on Hawaii Island.

Your Committees received testimony in support of this measure from the Department of Hawaiian Home Lands, Community Alliance on Prisons, and two individuals.

Among the programs and services that may be offered by the Department of Public Safety are community-based programs which, unlike institution-based programs, reentry programs, or reintegration programs, are programs that are administered and operated outside of a correctional facility. Generally, community-based programs are administered and operated by community agencies, faith-based organizations, non-profit organizations, and other similar entities, as opposed to state or other government agencies. An alternative to the purchase of service contracts with community agencies and similar entities would be a memorandum of understanding with the Department of Hawaiian Home Lands for the administration and operation of a community-based program.

Your Committees have amended this measure by:

- (1) Deleting references to the formation of a task force;
- (2) Adding the Office of Hawaiian Affairs as one of the three parties to consider whether to enter into a memorandum of understanding, as the Office of Hawaiian Affairs has recently looked at the disparate treatment of native Hawaiians in our judicial system and has expressed concern at the number of native Hawaiians who are incarcerated.
- (3) Changing the title and making other appropriate conforming amendments to reflect the changes described in paragraphs (1) and (2); and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Public Safety, Government Operations, and Military Affairs and Hawaiian Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 110, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 110, S.D. 1.

Signed by the Chair and Vice Chair on behalf of the Committees.  
Ayes, 7. Noes, none. Excused, 3 (English, Galuteria, Slom).

**SCRep. 1035 Public Safety, Government Operations, and Military Affairs on S.C.R. No. 149**

The purpose and intent of this measure is to encourage:

- (1) The State Attorney General and various state and county law enforcement agencies to adopt new eyewitness identification procedures to decrease the rate of erroneous eyewitness identifications; and

- (2) Criminal investigations to be conducted by state law enforcement agencies in accordance with the newest and best practices available for eyewitness identification.

Your Committee received testimony in support of this measure from the Community Alliance on Prisons, The Drug Policy Forum of Hawai'i, and four individuals.

Your Committee finds that recent studies have shown that traditional eyewitness identification procedures may lead to faulty eyewitness identifications. The National Institute of Justice recommends the adoption of new policies and procedures that are readily available and proven to be effective in other jurisdictions. Studies have also shown that the criminal justice system can significantly decrease the rate of erroneous eyewitness identifications by implementing modern identification procedures that would also increase the ability of police and prosecutors to convict the guilty and protect communities.

Testimony submitted by two third-year law students at the William S. Richardson School of Law indicates that based on classroom experiments, eyewitness identification is inherently extremely inaccurate. During the experiments, several students gave vastly different descriptions of the same purported classroom intruder after seeing that person only once, which is the typical situation in eyewitness identifications. One or more students did not sufficiently observe the intruder to give any description. Your Committee believes that eyewitness identification procedures need to be as fool proof as humanly possible, and preferably corroborated with other evidence.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 149, as amended herein, and recommends that it be referred to the Committee on Judiciary and Labor, in the form attached hereto as S.C.R. No. 149, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1036 Public Safety, Government Operations, and Military Affairs on S.R. No. 89**

The purpose and intent of this measure is to encourage:

- (1) The State Attorney General and various state and county law enforcement agencies to adopt new eyewitness identification procedures to decrease the rate of erroneous eyewitness identifications; and
- (2) Criminal investigations to be conducted by state law enforcement agencies in accordance with the newest and best practices available for eyewitness identification.

Your Committee received testimony in support of this measure from the Community Alliance on Prisons, The Drug Policy Forum of Hawai'i, and four individuals.

Your Committee finds that recent studies have shown that traditional eyewitness identification procedures may lead to faulty eyewitness identifications. The National Institute of Justice recommends the adoption of new policies and procedures that are readily available and proven to be effective in other jurisdictions. Studies have also shown that the criminal justice system can significantly decrease the rate of erroneous eyewitness identifications by implementing modern identification procedures that would also increase the ability of police and prosecutors to convict the guilty and protect communities.

Testimony submitted by two third-year law students at the William S. Richardson School of Law indicates that based on classroom experiments, eyewitness identification is inherently extremely inaccurate. During the experiments, several students gave vastly different descriptions of the same purported classroom intruder after seeing that person only once, which is the typical situation in eyewitness identifications. One or more students did not sufficiently observe the intruder to give any description. Your Committee believes that eyewitness identification procedures need to be as fool proof as humanly possible, and preferably corroborated with other evidence.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 89, as amended herein, and recommends that it be referred to the Committee on Judiciary and Labor, in the form attached hereto as S.R. No. 89, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1037 Public Safety, Government Operations, and Military Affairs on S.C.R. No. 63**

The purpose and intent of this measure is to urge the United States Congress to uphold the longstanding right of citizenship, provided for in the Fourteenth Amendment of the United States Constitution, to all persons born in the United States.

Your Committee received testimony in support of this measure from the American Civil Liberties Union of Hawai'i. Your Committee received comments on this measure from one individual.

Your Committee finds that America is a nation of immigrants, and generations of Americans have understood that children born in the United States are entitled to United States citizenship, regardless of the nationality of their parents. The idea of eliminating automatic citizenship for the children of unlawful immigrants is gaining traction as a method of curbing illegal immigration, despite several United States Supreme Court decisions affirming the fundamental right of citizenship for all people born within the United States.

Your Committee believes that the right to United States citizenship should be extended to all persons born in this country regardless of the immigration status of parents of children born in the United States. Your Committee finds that Hawaii is particularly fortunate to have many immigrant parents with children born in this State, who learn the value of hard work and a good education and contribute to the productivity, diversity, and growth of the State.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 63, as amended herein, and recommends that it be referred to the Committee on Judiciary and Labor, in the form attached hereto as S.C.R. No. 63, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1038 (Joint) Public Safety, Government Operations, and Military Affairs and Agriculture on S.C.R. No. 73**

The purpose and intent of this measure is to request the Governor to ensure that the Chief Procurement Officers comply with the Hawaii Public Procurement Code preferences for Hawaii products to promote growth of the State's agriculture industry and thereby assure food security for Hawaii's citizens.

Your Committees received testimony in support of this measure from the Native Hawaiian Chamber of Commerce; Maui Cattle Company; Kaupo Ranch, Ltd.; and two individuals.

Your Committees find that food security of the State of Hawaii is dependent upon a vibrant and expanding local agriculture industry. Section 103D-1002, Hawaii Revised Statutes, provides a preference for public procurement of Hawaii products, including food raised or grown within the State. The statutory preference for government purchases of Hawaii products provides Hawaii agricultural producers with a reliable market and creates economic incentives for the expansion of the Hawaii agriculture industry.

Testimony on this measure indicates that, at least in regard to cattle, Hawaii ranchers are moving toward keeping their cattle at home for local consumption. Marketing operations are transitioning from shipping calves to the mainland to providing beef for the local market. This measure supports this movement by encouraging more sales of agricultural products to local consumers.

The intent of your Committees is to provide opportunities for the expansion of the local agricultural market, which serves the dual purposes of supporting local agricultural small businesses and improving the food self-sufficiency of the State.

As affirmed by the records of votes of the members of your Committees on Public Safety, Government Operations, and Military Affairs and Agriculture that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 73 and recommend that it be referred to the Committee on Judiciary and Labor.

Signed by the Chairs on behalf of the Committees.

Ayes, 10. Noes, none. Excused, 3 (Kaehele, Kouchi, Tokuda).

**SCRep. 1039 (Joint) Public Safety, Government Operations, and Military Affairs and Agriculture on S.R. No. 46**

The purpose and intent of this measure is to request the Governor to ensure that the Chief Procurement Officers comply with the Hawaii Public Procurement Code preferences for Hawaii products to promote growth of the State's agriculture industry and thereby assure food security for Hawaii's citizens.

Your Committees received testimony in support of this measure from the Native Hawaiian Chamber of Commerce; Maui Cattle Company; Kaupo Ranch, Ltd.; and two individuals.

Your Committees find that food security of the State of Hawaii is dependent upon a vibrant and expanding local agriculture industry. Section 103D-1002, Hawaii Revised Statutes, provides a preference for public procurement of Hawaii products, including food raised or grown within the State. The statutory preference for government purchases of Hawaii products provides Hawaii agricultural producers with a reliable market and creates economic incentives for the expansion of the Hawaii agriculture industry.

Testimony on this measure indicates that, at least in regard to cattle, Hawaii ranchers are moving toward keeping their cattle at home for local consumption. Marketing operations are transitioning from shipping calves to the mainland to providing beef for the local market. This measure supports this movement by encouraging more sales of agricultural products to local consumers.

The intent of your Committees is to provide opportunities for the expansion of the local agricultural market, which serves the dual purposes of supporting local agricultural small businesses and improving the food self-sufficiency of the State.

As affirmed by the records of votes of the members of your Committees on Public Safety, Government Operations, and Military Affairs and Agriculture that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 46 and recommend that it be referred to the Committee on Judiciary and Labor.

Signed by the Chairs on behalf of the Committees.

Ayes, 10. Noes, none. Excused, 3 (Kaehele, Kouchi, Tokuda).

**SCRep. 1040 (Joint) Water, Land, and Housing and Judiciary and Labor on S.C.R. No. 85**

The purpose and intent of this measure is to request the Attorney General to conduct an investigation relating to the payment of geothermal royalties by Puna Geothermal Venture, among other things, to determine whether geothermal royalties are administered in a fair, legal, and ethical manner.

Your Committees received testimony in support of this measure from Robert K. Lindsey, Jr., member of the Board of Trustees of the Office of Hawaiian Affairs, and Indigenous Consultants, LLC. Your Committees received testimony in opposition to this measure

from the Department of the Attorney General. Your Committees received comments on this measure from the Department of Land and Natural Resources.

Your Committees find that section 182-18, Hawaii Revised Statutes, requires the Board of Land and Natural Resources to fix the payment of royalties to the State for the utilization of geothermal resources at a rate that will encourage the initial and continued production of such resources. Section 26-18, Hawaii Revised Statutes, requires, among other things, that the Department of Business, Economic Development, and Tourism undertake energy development and management across the State. This measure takes steps to ensure that the development of geothermal resources is continued in a fair, legal, and ethical manner.

Your Committees have amended this measure by:

- (1) Requesting the Auditor to conduct an audit of the State's program of geothermal leasing and royalty payments, rather than requesting the Attorney General to conduct an investigation, and making conforming amendments, including amendments to the title; and
- (2) Adding language describing the statutory responsibilities of the Board of Land and Natural Resources and the Department of Business, Economic Development, and Tourism, as they relate to mining of geothermal resources and energy development and management;
- (3) Deleting language related to "avoided cost formula", contracts between Hawaii Electric Light Company, Inc., and Puna Geothermal Venture, and possible criminal activity associated with geothermal royalties; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Water, Land, and Housing and Judiciary and Labor that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 85, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 85, S.D. 1.

Signed by the Chair and Vice President on behalf of the Committees.  
Ayes, 6. Noes, none. Excused, 4 (Fukunaga, Ihara, Tokuda, Slom).

**SCRep. 1041 (Majority) Ways and Means on H.B. No. 1089**

The purpose and intent of this measure is to update the state income tax laws to conform to amendments made to the federal Internal Revenue Code in calendar year 2010.

Your Committee received testimony in support of this measure from Frederick D. Pablo, Director, Department of Taxation.

Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that this measure is the annual conformity bill submitted by the Department of Taxation pursuant to section 235-2.5, Hawaii Revised Statutes, to maintain state income tax conformity with the federal Internal Revenue Code by adopting changes made during the previous year that are appropriate for Hawaii law.

Your Committee has amended this measure by:

- (1) Providing that the thresholds for the operation of Section 68 of the Internal Revenue Code (with respect to the overall limitation on itemized deductions) shall be those that were operative for federal tax year 2009;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion on the measure; and
- (3) Making a technical, nonsubstantive amendment for consistency and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1089, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1089, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, 1 (Slom). Excused, 3 (Dela Cruz, Fukunaga, Ryan).

**SCRep. 1042 Commerce and Consumer Protection on Gov. Msg. Nos. 530, 531 and 532**

Recommending that the Senate advise and consent to the nominations of the following:

CONTRACTORS LICENSE BOARD

- G.M. No. 530 ANACLETO "JOEY" S. ALCANTRA JR., for a term to expire 6-30-2015;  
G.M. No. 531 PETER LEE, for a term to expire 6-30-2015; and  
G.M. No. 532 JOHN POLISCHECK, for a term to expire 6-30-2015.

Your Committee received testimony in support of the nomination of Anacleto "Joey" S. Alcantra, Jr. from the Department of Commerce and Consumer Affairs; United States Congresswoman Colleen Hanabusa; Hawaii Laborers' Union, Local 368; Hawaii Masons Union; Hawaii Hotel Workers Union, Unite Here Local 5; Plumbers and Fitters Union, Local 675; and two private individuals. Your Committee received a written statement and resume from the nominee.

Upon review of the testimony, your Committee finds that this nominee's experience in the construction industry and commitment to service within his profession and the community qualify him for appointment to the Contractors License Board. Your Committee finds that this nominee has learned the construction business from the ground up, graduating with honors from the Hawaii Laborers' Apprenticeship Training Program before taking over his family business, Group Builders, Inc., where he currently serves as Chief

Operating Officer and Responsible Managing Employee. Your Committee notes that this nominee's experience in the construction industry, in addition to his training as a Construction Craft Laborer and current position leading the State's largest finishing contractor company, includes service as the president of construction supply companies and membership in professional organizations including Kalihi Business Association, Oahu Contractors Association, Hawaii Laborers Union Local 368, and Hawaii Wall and Ceiling Industry Association. Your Committee finds that this nominee's broad-based experience in the construction industry will allow the nominee to contribute practical knowledge to the matters before the Contractors License Board.

Your Committee received testimony in support of the nomination of Peter Lee from the Department of Commerce and Consumer Affairs; International Brotherhood of Electrical Workers Local Union 1186; Plumbers and Fitters, Local 675; International Union of Painters and Allied Trades, District Council 50; Building Industry Association of Hawaii; Hawaii Laborers-Employers Cooperation and Education Trust; Ralph S. Inouye Co., Ltd.; Koga Engineering and Construction, Inc.; The Hawaii Laborers' Union; Masons Union, and eleven private individuals. Your Committee received a written statement and resume from the nominee.

Upon review of the testimony, your Committee finds that this nominee's experience in the construction industry, including his experience with labor and management issues, qualifies this nominee for appointment to the Contractors License Board. Your Committee notes that the nominee has held a broad range of positions within the construction industry that have allowed him to gain experience with licensing and regulatory matters, site management, procurement issues, and industry technology. Your Committee particularly notes that the nominee has had the opportunity to observe the proceedings of the Contractors License Board in his current position as Construction Compliance Officer with Hawaii Laborers-Employers Cooperation and Educational Trust and has expressed interest in making the Board a more accessible resource for construction industry professionals. Your Committee finds that this nominee's experience in and knowledge of state and federal regulatory structures for the construction and related industries will be an asset to the Contractors License Board.

Your Committee received testimony in support of the nomination of Jason Polischeck from the Department of Commerce and Consumer Affairs; King & Neel, Inc.; and four private individuals. Your Committee received a written statement and resume from the nominee.

Your Committee finds that this nominee's broad range of construction industry experience that includes work as a licensed tradesperson, manager, supervisor, and owner of a successful construction business qualifies him for appointment to the Contractors License Board. Your Committee notes that this nominee holds multiple industry licenses and certificates including general and specialty contracting licenses and operator certifications representing the full spectrum of Hawaii's construction trades. Your Committee particularly notes this nominee's experience in the field of renewable energy, which gives him first-hand knowledge and expertise in an area that is consistent with the State's commitment to developing a sustainable energy economy. Your Committee further finds that testifiers in support of this nominee all noted his integrity, work ethic, and excellent reputation in his profession.

Your Committee finds that Anacleto "Joey" S. Alcantra, Jr., Peter Lee, and Jason Polischeck have all been nominated for appointment to the Contractors License Board based on their knowledge, experience, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Nishihara, Slom).

**SCRep. 1043 Education on S.C.R. No. 145**

The purpose and intent of this measure is to request the Board of Education and Department of Education to work with parent organizations to develop statewide policies for family engagement in public schools.

Your Committee received testimony in support of this measure from the Department of Education, Hui for Excellence in Education, and Hawaii Education Matters.

Your Committee finds that family engagement in public schools is a critical component of student success. Family engagement creates strategies and practices that support learning and greater student academic achievement.

Your Committee requests that the Board of Education and Department of Education work with the Hui for Excellence in Education, Hawaii Education Matters, Hawai'i State Parent Teacher Student Association, and any other interested parent organizations in developing its family engagement policies.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 145 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 2 (Chun Oakland, Slom).

**SCRep. 1044 (Joint) Education and Economic Development and Technology on S.C.R. No. 80**

The purpose and intent of this measure is to request reports from the University of Hawaii and the Department of Education on:

- (1) Their respective inventory of existing teleconferencing and videoconferencing facilities and equipment; and
- (2) The feasibility of holding at least one Board of Regents or Board of Education meeting, respectively, via videoconferencing or teleconferencing a year.

Your Committees received comments on this measure from the University of Hawai'i Board of Regents.

Your Committees find that teleconferencing and videoconferencing allow for greater participation by faculty, students, and community members in Board of Regents and Board of Education meetings. Your Committees further find that teleconferencing and videoconferencing can significantly reduce the amount of time and money associated with inter-island travel to meetings. Your Committees encourage the Board of Regents and Board of Education to look not just at the challenges but also the opportunities created by conducting meetings via teleconferencing and videoconferencing.

Your Committees have amended this measure by:

- (1) Requesting that the Board of Regents and Board of Education examine the general feasibility of holding Board of Regents and Board of Education meetings, including any community, committee, and subcommittee meetings, rather than the feasibility of holding a minimum of one meeting per year, via teleconferencing or videoconferencing; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Education and Economic Development and Technology that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 80, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 80, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Ayes, 7. Noes, none. Excused, 3 (Chun Oakland, Solomon, Slom).

**SCRep. 1045 (Joint) Human Services and Ways and Means on S.C.R. No. 150**

The purpose and intent of this measure is to support the Community Services Block Grant program in Hawaii and oppose budget cuts to the program.

Your Committees received testimony in support of this measure from the Department of Labor and Industrial Relations Office of Community Services; Honolulu Community Action Program, Inc.; Hawaii County Economic Opportunity Council; Maui Economic Opportunity, Inc.; Kauai Economic Opportunity, Incorporated; and Catholic Charities Hawai'i.

Your Committees find that the Community Services Block Grant program is administered by the states with the purpose of providing core funding to local agencies to reduce poverty, revitalize low-income communities, and empower low-income families to become self-sufficient. Your Committees further find that the Community Services Block Grant network consists of over one thousand agencies that create, coordinate, and deliver programs and services to low-income Americans. Through the Community Services Block Grant program, local agencies in Hawaii are able to tailor poverty-reduction programs to the unique needs of the State.

Your Committees additionally find that the President of the United States and members of the United States Congress have proposed to cut \$350,000,000 from the Community Services Block Grant program. That equates to a fifty percent funding reduction which will affect a wide variety of programs, including community services, early childhood services, business development, services to the elderly and people with disabilities, employment training, emergency utility assistance, and food assistance. Your Committees also find that the budget cuts to the Community Services Block Grant program will place the most vulnerable members of the community at greater risk.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Human Services and Ways and Means that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 150, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 150, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Ayes, 10. Noes, none. Excused, 6 (Dela Cruz, English, Espero, Green, Kim, Wakai).

**SCRep. 1046 (Joint) Human Services and Ways and Means on S.R. No. 90**

The purpose and intent of this measure is to support the Community Services Block Grant program in Hawaii and oppose budget cuts to the program.

Your Committees received testimony in support of this measure from the Department of Labor and Industrial Relations Office of Community Services; Honolulu Community Action Program, Inc.; Hawaii County Economic Opportunity Council; Maui Economic Opportunity, Inc.; Kauai Economic Opportunity, Incorporated; and Catholic Charities Hawai'i.

Your Committees find that the Community Services Block Grant program is administered by the states with the purpose of providing core funding to local agencies to reduce poverty, revitalize low-income communities, and empower low-income families to become self-sufficient. Your Committees further find that the Community Services Block Grant network consists of over one thousand agencies that create, coordinate, and deliver programs and services to low-income Americans. Through the Community Services Block Grant program, local agencies in Hawaii are able to tailor poverty-reduction programs to the unique needs of the State.

Your Committees additionally find that the President of the United States and members of the United States Congress have proposed to cut \$350,000,000 from the Community Services Block Grant program. That equates to a fifty percent funding reduction which will affect a wide variety of programs, including community services, early childhood services, business development, services to the elderly and people with disabilities, employment training, emergency utility assistance, and food assistance. Your Committees also find that the budget cuts to the Community Services Block Grant program will place the most vulnerable members of the community at greater risk.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Human Services and Ways and Means that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 90, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 90, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Ayes, 10. Noes, none. Excused, 6 (Dela Cruz, English, Espero, Green, Kim, Wakai).

**SCRep. 1047 Human Services on S.R. No. 88**

The purpose and intent of this measure is to encourage the Department of Human Services to explore implementation of the My Safe Drawer computer application for foster youth who are transitioning out of the foster care system.

Your Committee received testimony in support of this measure from CGI Technologies and Solutions Inc. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that many young people transitioning out of foster care may not have permanent living arrangements established. Your Committee further finds that former foster youth may lose vital documents during their transition from foster care. Losing these documents may present obstacles when former foster youth apply for jobs, apply to college, or receive medical care.

Your Committee also finds that web-based applications such as the My Safe Drawer application are designed to provide former foster youth with information and support to facilitate a transition to successful independence as an adult.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 88 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 1 (Green).

**SCRep. 1048 Public Safety, Government Operations, and Military Affairs on S.C.R. No. 14**

The purpose and intent of this measure is to disapprove of the reset aside of 614.14 acres of former Kulani Correctional Facility lands from the Department of Public Safety to the Department of Defense for a Youth Challenge Academy.

Your Committee received testimony in support of this measure from the Department of Public Safety, Community Alliance on Prisons, The Drug Policy Forum of Hawai'i, and two individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources.

On September 9, 2010, the Board of Land and Natural Resources voted to approve the reset aside of 614.14 acres of former Kulani Correctional Facility lands from the Department of Public Safety to the Department of Defense for a Youth Challenge Academy, and related easements.

At the September 9, 2010, Board of Land and Natural Resources hearing, the reset aside of lands to the Youth Challenge Academy generated considerable discussion, and a number of issues were raised, including funding, land tenure, and the size of the facility needed for the Youth Challenge Academy.

Pursuant to section 171-11, Hawaii Revised Statutes, the Governor may, with the prior approval of the Board of Land and Natural Resources, set aside public lands to any department or agency of the State or its political subdivisions for a public use or purpose. The power granted to the Governor to set aside, withdraw, or withdraw and set aside public lands shall be exercised subject to disapproval by the Legislature by two-thirds vote of either the Senate or the House of Representatives or by the majority vote of both, in any regular or special session next following the date of the setting aside or withdrawal.

Your Committee has amended this measure by:

- (1) Requesting the Department of Defense to look to other places on the Big Island to relocate the Youth Challenge Academy;
- (2) Urging the Department of Public Safety to reopen Kulani Correctional Facility at the present site of the Youth Challenge Academy and to rehire the same staff;
- (3) Amending its title accordingly; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 14, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 14, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Baker, Slom).

**SCRep. 1049 Commerce and Consumer Protection on H.B. No. 1520**

The purpose and intent of this measure is to direct the Public Utilities Commission to implement an on-bill financing program for residential electric utility customers to finance purchases of energy efficient or renewable energy devices and systems through their regular electric utility bills.

Your Committee received testimony in support of this measure from the Division of Consumer Advocacy of the Department of Commerce and Consumer Affairs; Blue Planet Foundation; Hawaii Solar Energy Association; Sierra Club, Hawai'i Chapter; and two individuals. Your Committee received testimony supporting the intent of this measure from Hawaiian Electric Company, Inc., and the Public Benefits Fee Administrator. Your Committee received testimony in opposition to this measure from the Public Utilities

Commission and Kauai Island Utility Cooperative. Your Committee received comments on this measure from the Hawai'i Association of REALTORS.

Your Committee finds that on-bill financing is a powerful tool to promote the adoption of energy efficiency and renewable energy technology by overcoming the barrier of up-front costs. Your Committee further finds that there is broad support for the intent of this measure even though stakeholders in the matter may have differences regarding the details of implementation.

Your Committee has amended this measure by:

- (1) Specifying that the Public Utilities Commission shall consider implementing an on-bill financing program;
- (2) Clarifying that all administrative costs of establishing an on-bill financing program shall be paid from the public benefits fee;
- (3) Directing the Public Utilities Commission to seek to address the problem of underinvestment in solar energy and energy efficiency in certain underserved markets when it considers implementing an on-bill financing program;
- (4) Inserting an effective date of July 1, 2050, to allow for further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

Your Committee finds that the amendments made to this measure address concerns related to the immediate implementation of this measure, which were raised by several stakeholders in the issue. Your Committee further finds that the amendment directing the Public Utilities Commission to investigate the problem of underinvestment in renewable energy in certain markets that are currently underserved will make renewable energy and related energy bill savings available to more Hawaii residents.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1520, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1520, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Slom). Noes, none. Excused, 2 (Galuteria, Green).

**SCRep. 1050 Commerce and Consumer Protection on H.B. No. 1342**

The purpose and intent of this measure is to encourage the deployment of broadband technology statewide by exempting broadband infrastructure improvements from certain permitting requirements and exempting telecommunications utilities from the requirement to replace utility poles when installing new or improving existing telecommunications cables.

Your Committee received testimony in support of this measure from The Chamber of Commerce of Hawaii and Hawaiian Telcom. Your Committee received testimony in support of the intent of this measure from the Department of Land and Natural Resources; Office of Environmental Quality Control; Department of Business, Economic Development, and Tourism; Department of Transportation; and Hawaiian Electric Company, Inc. Your Committee received testimony in opposition to this measure from a member of the Maui County Council. Your Committee received comments on this measure from the Public Utilities Commission.

Your Committee finds that statewide availability of broadband services is essential to spur investment and innovation in business, education, health care, entertainment, and delivery of public services. Your Committee further finds that in Hawaii, unfortunately, broadband speeds are among the slowest in the nation and broadband infrastructure is insufficient to provide adequate service statewide. Finally, your Committee finds that the exemptions from certain permitting requirements contained in this measure are a critical first step in promoting investment in broadband infrastructure in Hawaii.

Your Committee has amended this measure by:

- (1) Specifying that the upgrade or replacement of an existing utility pole is not mandatory if that utility pole is used to install or improve telecommunications cables and is subject to safety and engineering requirements in addition to other requirements;
- (2) Specifying that the upgrade or replacement of an existing utility pole is not mandatory if that utility pole is used to install or improve telecommunications cables and the overall weight load on that utility pole does not exceed safe weight capacities established by the Public Utilities Commission;
- (3) Authorizing a public utility to recover prudently incurred costs related to activities necessary to accomplish the purpose of this measure; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1342, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1342, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Galuteria, Green).

**SCRep. 1051 Commerce and Consumer Protection on H.B. No. 747**

The purpose and intent of this measure is to remove the definition of "convenience minimarts" from section 281-31, Hawaii Revised Statutes.

Your Committee finds that the definition of "convenience minimarts" is surplus language and should be excluded from the relevant statute. Your Committee notes that section 1-14, Hawaii Revised Statutes provides that "[t]he words of a law are generally understood in their most known and usual signification, without attending so much to the literal and strictly grammatical construction of the words

as to their general or popular meaning.” Your Committee finds that the term “convenience minimart” is a generally understood term with a common popular meaning. Therefore, your Committee further finds that inclusion of its definition in the statute is unnecessary.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 747, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 747, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Galuteria, Green).

**SCRep. 1052 Commerce and Consumer Protection on S.C.R. No. 134**

The purpose and intent of this measure is to request that a working group be convened to investigate the creation of a locally-focused, Hawaii-based stock exchange.

Your Committee received testimony in support of this measure from Maui Venture Consulting, LLC; Archinoetics; Commonwealth Group, Inc.; Hawaii Venture Capital Association; and five private individuals.

Your Committee finds that there are substantial funds held by persons in this State that may be available to support and sustain capital investment for competent enterprises operating in a wide-array of industries. However, your Committee also finds that potential investors and enterprises have difficulty finding each other and establishing sufficient trust to enable meaningful investment relationships. Your Committee further finds that a locally based stock exchange would create a regulatory system that promotes local investment in local businesses by establishing standards for investors and listed enterprises to ensure transparency and foster confidence in the investment process.

Your Committee finds that a working group to investigate this issue is appropriate because the local exchange proposed for investigation by this measure is an innovative concept that involves the participation of a diverse group of actors with varied interests, including private enterprises, investors, and state and federal government regulators. Your Committee notes that similar entities have been proposed in the past but have not succeeded. Your Committee finally finds that a thorough investigation of the unique needs of Hawaii’s market, the requirements of federal law, and the sufficiency of the State’s regulatory structures to support a local exchange are necessary to ensure that the creation of a local exchange will serve the State’s interests in fostering economic growth and diversification.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 134, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 134, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Green, Slom).

**SCRep. 1053 Commerce and Consumer Protection on S.C.R. No. 48**

The purpose and intent of this measure is to urge Congress to support federal legislation prohibiting health insurers from denying coverage to victims of domestic violence on the grounds that it is a pre-existing condition.

Your Committee received testimony in support of this measure from the American Civil Liberties Union of Hawai‘i.

Your Committee finds that although domestic violence affects women and men of all ages and all socio-economic classes, women make up a disproportionately large number of victims and are more likely to experience complicating factors such as financial dependence on their abusers. Your Committee also finds that while Hawaii and forty other states prohibit discrimination against survivors of domestic violence in insurance coverage, the federal government has not followed suit. Therefore, Hawaii’s antidiscrimination law does not apply to Hawaii residents who are covered under insurance policies that are governed by the federal Employee Retirement Income Security Act.

Your Committee finds that without specific protections in place, insurance companies often deny, refuse to renew, or cancel insurance policies and benefit plans of domestic violence survivors on the grounds that domestic violence is a pre-existing condition. The risk of losing important insurance benefits may serve to discourage domestic violence survivors from reporting abuse or seeking medical treatment. Your Committee further finds that federal legislation to prohibit insurance discrimination against survivors of domestic violence will remove a formidable barrier that prevents survivors from reporting abuse, seeking help, and ultimately escaping abusive situations.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 48 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Green, Slom).

**SCRep. 1054 Public Safety, Government Operations, and Military Affairs on S.C.R. No. 167**

The purpose and intent of this measure is to request the Civil Defense Division of the Hawaii Department of Defense to work with the Civil Defense Agency of the County of Hawaii, the Department of Emergency Management of the City and County of Honolulu,

the Civil Defense Agency of the County of Kauai, and the Civil Defense Agency of the County of Maui to evaluate the appropriateness of tsunami evacuation sites in each of the counties of the State.

Your Committee received testimony in support of this measure from the State Department of Defense and six individuals.

The evaluation proposed under this measure is intended to assess evacuation sites' elevation, distance from the shoreline, proximity to gas lines or other potentially hazardous infrastructure, vulnerability to the effects of a tsunami or related disaster such as wind damage, flooding, and inundation with debris, and include recommendations for improving tsunami evacuation sites.

According to the Intergovernmental Oceanographic Commission of the United Nations Educational, Scientific and Cultural Organization, areas less than twenty-five feet above sea level and within one mile of the shoreline are at greatest risk of damage including inundation, contamination of drinking water, fires from ruptured gas lines or tanks, and destruction of structures. During the tsunami warnings issued on March 10th and 11th of 2011, many residents in the State's evacuation areas were directed to evacuation sites that were located close to shorelines and in flat, low-lying areas. When major damage or loss of life is avoided, a natural disaster experience provides an important opportunity to review emergency procedures and preparedness plans.

Your Committee has amended this measure by:

- (1) Amending its title to accurately reflect its contents; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 167, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 167, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1055 Public Safety, Government Operations, and Military Affairs on S.R. No. 103**

The purpose and intent of this measure is to request the Civil Defense Division of the Hawaii Department of Defense to work with the Civil Defense Agency of the County of Hawaii, the Department of Emergency Management of the City and County of Honolulu, the Civil Defense Agency of the County of Kauai, and the Civil Defense Agency of the County of Maui to evaluate the appropriateness of tsunami evacuation sites in each of the counties of the State.

Your Committee received testimony in support of this measure from the State Department of Defense and six individuals.

The evaluation proposed under this measure is intended to assess evacuation sites' elevation, distance from the shoreline, proximity to gas lines or other potentially hazardous infrastructure, vulnerability to the effects of a tsunami or related disaster such as wind damage, flooding, and inundation with debris, and include recommendations for improving tsunami evacuation sites.

According to the Intergovernmental Oceanographic Commission of the United Nations Educational, Scientific and Cultural Organization, areas less than twenty-five feet above sea level and within one mile of the shoreline are at greatest risk of damage including inundation, contamination of drinking water, fires from ruptured gas lines or tanks, and destruction of structures. During the tsunami warnings issued on March 10th and 11th of 2011, many residents in the State's evacuation areas were directed to evacuation sites that were located close to shorelines and in flat, low-lying areas. When major damage or loss of life is avoided, a natural disaster experience provides an important opportunity to review emergency procedures and preparedness plans.

Your Committee has amended this measure by:

- (1) Amending its title to accurately reflect its contents; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 103, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 103, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1056 Commerce and Consumer Protection on Gov. Msg. No. 535**

Recommending that the Senate advise and consent to the nominations of the following:

MOTOR VEHICLE INDUSTRY LICENSING BOARD

G.M. No. 535 CARL D. JOHNSEN, for a term to expire 6-30-2015.

Your Committee received testimony in support of this nominee from the Department of Commerce and Consumer Affairs and Hawaii Automobile Dealers' Association. Your Committee received a written statement from the nominee.

Upon review of the testimony, your Committee finds that this nominee has extensive business and management experience that qualifies him to serve as a representative of the public on the Motor Vehicle Industry Licensing Board. Your Committee notes that the nominee has managed and supervised the development of commercial real estate for over thirty years as a high-level manager for large statewide companies and as a business owner. Your Committee also finds that this experience in a regulated industry has afforded the nominee first-hand insight into the State's regulatory system. Your Committee further finds that the nominee's long-standing ties to business statewide will allow him to represent the interests of many of Hawaii's residents. Finally, your Committee finds that this

nominee has been nominated for appointment to the Motor Vehicle Industry Licensing Board based on his knowledge, experience, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Nishihara, Slom).

**SCRep. 1057 (Joint) Commerce and Consumer Protection and Health on H.B. No. 1053**

The purpose and intent of this measure is to amend the requirements for licensure of dental hygienists to include passage of the National Dental Hygiene Examination.

Your Committees received testimony in support of this measure from the Board of Dental Examiners.

Your Committees find that Hawaii, like every other state in the country, already requires passage of the National Dental Hygiene Examination through administrative rules adopted by the Board of Dental Examiners. Your Committees also find that including this requirement in the statutes governing licensure for dental hygienists will increase transparency and clarity for license applications.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Health that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1053, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1053, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.  
Ayes, 6. Noes, none. Excused, 4 (Chun Oakland, Galuteria, Green, Solomon).

**SCRep. 1058 (Majority) Commerce and Consumer Protection on H.B. No. 235**

The purpose and intent of this measure is to authorize the creation of and establish policies and procedures for the governance of sustainable business limited liability companies.

Your Committee finds that under general business principles, the ultimate purpose of a business enterprise is to pursue profit. Your Committee further finds that this purpose may prevent entrepreneurs and investors from achieving their own goals of establishing and investing in private enterprises that additionally serve social or environmental purposes. Your Committee finds that several other states have responded to market demand for opportunities to pursue good corporate citizenship by authorizing the formation of business entities for reasons other than a pure profit motive.

Your Committee notes that the status as a sustainable business limited liability company authorized by this measure is a voluntary designation that preserves the private nature of businesses that choose it and relies on the governing structure of the company itself for enforcement. Finally, your Committee finds that authorizing the formation of sustainable business limited liability companies in this State will help to diversify Hawaii's economy by attracting entrepreneurship and investment in innovative businesses and emerging industries.

Your Committee has amended this measure by:

- (1) Amending its language to comply with the requirements of the Uniform Limited Liability Company Act as codified by chapter 428, Hawaii Revised Statutes; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 235, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 235, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, 1 (Slom). Excused, 3 (Galuteria, Green, Solomon).

**SCRep. 1059 Commerce and Consumer Protection on Gov. Msg. Nos. 537, 538 and 539**

Recommending that the Senate advise and consent to the nominations of the following:

REAL ESTATE COMMISSION

G.M. No. 537 ROWENA COBB, for a term to expire 6-30-2015;

G.M. No. 538 NIKKI SENTER, for a term to expire 6-30-2015 (Term amended to 6-30-2014 by GM575); and

G.M. No. 539 AILEEN WADA, for a term to expire 6-30-2015.

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Rowena Cobb, Nikki Senter, and Aileen Wada to possess the requisite qualifications to be nominated to the Real Estate Commission.

Your Committee received testimony in support of the nomination of Rowena Cobb from the Department of Commerce and Consumer Affairs, Hawai'i Association of REALTORS, and eight private individuals.

Upon review of the testimony, your Committee finds that this nominee has extensive experience in several facets of the real estate industry which qualifies her for appointment to the Real Estate Commission. Your Committee notes that this nominee has long been involved in service to her profession as a member of the Executive Board of the Kauai Board of Realtors, and Chair of the Government Affairs Committee and Standards and Forms Committee of the Hawai'i Association of REALTORS. Your Committee further notes that in her positions chairing committees of the Hawai'i Association of REALTORS, the nominee has had the opportunity to work closely with policymakers and regulators and to gain experience with and insight into the State's regulatory system. Your Committee also finds that this nominee's professional experience will enable her to share her perspective as a first-hand practitioner and a policy leader in the profession.

Your Committee received testimony in support of the nomination of Nikki Senter from the Department of Commerce and Consumer Affairs and nineteen private individuals.

Upon review of the testimony, your Committee finds that this nominee's professional experience in real estate law qualifies her to serve effectively on the Real Estate Commission. Your Committee notes that, in addition to almost a decade in the practice of law, this nominee has served since 2008 as a Condominium Consultant to the Real Estate Commission and as a Certified Continuing Education Instructor to real estate licensees. Your Committee also finds that this experience has allowed the nominee to work closely with the Real Estate Commission and to develop insight into the State's regulatory system from the perspective of a professional in the field and a regulator. Your Committee further finds that this nominee's practical experience and enthusiasm for service will be an asset to the Real Estate Commission.

Your Committee received testimony in support of the nomination of Aileen Wada from United States Senator Daniel K. Akaka; Department of Commerce and Consumer Affairs; Hawai'i Association of REALTORS; Prudential Locations, LLC; Herbert K. Horita Realty, Inc.; and fifteen private individuals.

Upon review of the testimony, your Committee finds that this nominee has been a licensed real estate professional since 1978 and has been frequently recognized by her industry peers and clients for her outstanding professional performance. Your Committee notes that this nominee's first-hand experience in the real estate industry will serve the Real Estate Commission well by providing a perspective on the real-world application of relevant laws and policies. Your Committee also notes that testimony submitted in support of this nominee by her colleagues and clients spoke unanimously of her strong ethics, integrity, and excellent professional reputation. Your Committee further finds that this nominee's deep professional knowledge and personal character will allow her to serve the Real Estate Commission effectively and to the benefit of the State.

Your Committee finds that Rowena Cobb, Nikki Senter, and Aileen Wada have been nominated for appointment to the Real Estate Commission based on their knowledge, experience, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Nishihara, Slom).

**SCRep. 1060 Commerce and Consumer Protection on Gov. Msg. Nos. 528 and 529**

Recommending that the Senate advise and consent to the nominations of the following:

STATE BOARD OF CHIROPRACTIC EXAMINERS

G.M. No. 528 ROBERT KLEIN, for a term to expire 6-30-2015; and

G.M. No. 529 JAMES PLEISS, for a term to expire 6-30-2015 (Term amended to 6-30-2014 by GM575).

Your Committee has reviewed the personal histories, curricula vitae, and statements submitted by the nominees and finds Robert Klein and James Pleiss to possess the requisite qualifications to be nominated to the State Board of Chiropractic Examiners.

Your Committee received testimony in support of the nomination of Robert Klein from the Department of Commerce and Consumer Affairs, Hawaii State Chiropractic Association, American Chiropractic Association, and three private individuals.

Upon review of the testimony, your Committee finds that this nominee has practiced as a licensed chiropractor for over thirty years and has achieved the highest level of academic credentials awarded by his profession through his pursuit of postgraduate education far beyond that which is required to maintain licensure. Your Committee notes that, in addition to continuing his own professional education, this nominee has also served as an instructor and lecturer in the field on the state and national levels and as an examiner for the national licensing board. Your Committee further notes that this nominee has previously served on the State and National Boards of Chiropractic Examiners and has served his profession throughout his career by actively participating in state and national professional organizations. Your Committee finds that this nominee's deep knowledge of the practice and regulation of the profession of chiropractic will be an asset to the State Board of Chiropractic Examiners.

Your Committee received testimony in support of the nomination of James Pleiss from the Department of Commerce and Consumer Affairs, Hawaii State Chiropractic Association, and four private individuals.

Your Committee finds that this nominee is a respected clinician who has practiced as a licensed chiropractor for over twenty-five years and is one of the few board-certified chiropractic orthopedists in the State. Your Committee notes that this nominee has a long record of service to his profession through almost continuous service on the Executive Board of the Hawaii State Chiropractic Association and seven years of service on the Executive Board of the Maui County Chiropractic Society. Your Committee further notes that this nominee has pursued post graduate education throughout his career, as a student and an instructor; he holds several specialized certifications and, in addition to conducting public education lectures and seminars, has served on the Clinical Sciences

Faculty at Northwestern Health Sciences University. Your Committee further finds that this nominee's professional achievement and record of service to his profession and the public will allow him to serve effectively on the State Board of Chiropractic Examiners.

Your Committee finds that Robert Klein and James Pleiss have been nominated for appointment to the State Board of Chiropractic Examiners based on their knowledge, experience, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Nishihara, Slom).

**SCRep. 1061 Commerce and Consumer Protection on Gov. Msg. Nos. 533 and 534**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF ELECTRICIANS AND PLUMBERS

G.M. No. 533 PETER L. AKAMU, for a term to expire 6-30-2015; and

G.M. No. 534 MATT BRADY, for a term to expire 6-30-2015.

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Peter L. Akamu and Matt Brady to possess the requisite qualifications to be nominated to the Board of Electricians and Plumbers.

Your Committee received testimony in support of the nomination of Peter L. Akamu from the Department of Commerce and Consumer Affairs; Hawaii Laborers-Employers Cooperation and Education Trust; International Union of Painters and Allied Trades, District Council 50; Plumbers and Fitters Union, Local 675; and one individual.

Upon review of the testimony, your Committee finds that this nominee's experience and record of service to his profession qualify him for appointment to the Board of Electricians and Plumbers (Board). Your Committee notes that this nominee has worked as an electrician in various capacities within the construction industry for over thirty years. He currently holds an Electrical Journeyman license and serves as President of Local Union 1186, International Brotherhood of Electrical Workers. Your Committee finds that this nominee's first-hand experience in the trade and as a safety instructor with the Occupational Safety and Health Administration as well as his experience negotiating collective bargaining agreements, assisting union members, and organizing new workers and contractors into the Union make him a particularly well-qualified candidate for appointment to the Board. Your Committee further finds that this nominee's attendance at Board meetings and participation in Board discussions on behalf of his Union's membership have familiarized him with the practices and procedures of the Board.

Your Committee received testimony in support of the nomination of Matt Brady from the Department of Commerce and Consumer Affairs, and two private individuals.

Upon review of the testimony, your Committee finds that this nominee's experience in the plumbing trade, commitment to public service, and commitment to upholding high standards within his trade qualify him for appointment to the Board of Electricians and Plumbers. Your Committee notes that in addition to service on the Executive Board of Local 675, Plumbers and Fitters Union, this nominee has also been a member of the International Association of Plumbing and Mechanical Officials, a professional organization that develops model codes, provides industry education, and conducts a quality-assurance program. Your Committee further notes that this nominee is an instructor in the Plumbing Apprenticeship Program at Honolulu Community College. Your Committee finds that this nominee has demonstrated a strong commitment to promoting quality and safety within his profession through education and regulatory standards that will benefit the Board's operations.

Your Committee finds that Peter L. Akamu and Matt Brady have been nominated to the Board of Electricians and Plumbers based on their knowledge, experience, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Nishihara, Slom).

**SCRep. 1062 Commerce and Consumer Protection on Gov. Msg. No. 536**

Recommending that the Senate advise and consent to the nominations of the following:

PEST CONTROL BOARD

G.M. No. 536 RONALD S. WEINBERG, for a term to expire 6-30-2015.

Your Committee received testimony in support of this nominee from the Executive Officer of the Pest Control Board of the Department of Commerce and Consumer Affairs.

Upon review of the testimony, your Committee finds that this nominee for reappointment as a public member of the Pest Control Board has demonstrated a strong commitment to and understanding of his role as a member of this regulatory board. Your Committee notes that the nominee has attended twenty-one of the twenty-three meetings scheduled during his previous term of service with the Pest Control Board and has provided insights from the public's perspective that have been invaluable to the deliberations of the Board. Your Committee further finds that the nominee's more than thirty years as a scientist and experience serving on numerous professional and public boards and committees including the Alameda County Public Health Advisory Board have afforded him technical

knowledge and insight into the workings of the regulatory system. Finally, your Committee finds that this nominee has been nominated for reappointment to the Pest Control Board based on his knowledge, experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Nishihara, Slom).

**SCRep. 1063 Commerce and Consumer Protection on H.B. No. 320**

The purpose and intent of this measure is to permit and establish requirements for a licensed real estate broker or sales person to prepare broker price opinions for use in real estate transactions where an appraisal is not required.

Your Committee received testimony in support of this measure from the Hawai'i Association of REALTORS and the Hawaii Chapter of the Appraisal Institute. Your Committee received testimony in support of the intent of this measure from the Professional and Vocational Licensing Division of the Department of Commerce and Consumer Affairs.

Your Committee finds that real estate professionals often estimate the probable sales price of property by analyzing local market information, neighborhood information, and comparable properties. Your Committee further finds that while these broker price opinions are useful tools based on careful analysis of market data, they are not appraisals. Your Committee also finds that the role of a real estate licensee has evolved from that of a traditional listing agent to a role that includes the provision of market-based data to lenders, mortgage companies, mortgage servicers, asset managers, loss mitigation companies, trusts, private equity investors, and hedge funds. In this expanded role, real estate licensees often provide broker price opinions outside of transactions for the sale of property. Your Committee finds that real estate licensees should be eligible for compensation for these professional services.

Your Committee has amended this measure by:

- (1) Deleting its contents and replacing them with language that amends section 466K-4, Hawaii Revised Statutes, to specify, among other things, that a real estate licensee who provides broker price opinions shall not be required to be licensed or certified as a real estate appraiser; and
- (2) Inserting an effective date of upon approval.

Your Committee finds that this measure as amended is the result of collaboration and agreement among stakeholders, including the State's regulatory entity.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 320, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 320, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Slom).

**SCRep. 1064 Commerce and Consumer Protection on H.B. No. 112**

The purpose and intent of this measure is to authorize the Director of Commerce and Consumer Affairs to designate an access organization to oversee public, educational, and governmental access channels on cable television without regard to the Hawaii Public Procurement Code.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs; Media Council of Hawai'i; 'Olelo Community Media; Akaku: Maui Community Television; Na Leo O Hawaii, Inc.; Americans for Democratic Action/Hawaii; Community Alliance on Prisons; and three private individuals. Your Committee received testimony in opposition to this measure from the State Procurement Office.

Your Committee finds that the Senate has long supported the policy embodied in this measure. Your Committee further finds that the public procurement process is particularly unsuited to the concerns and needs of the community media system because it does not allow for consideration of issues regarding public participation, quality of programming, diversity of viewpoints, and other matters unique to the mission of public access media. In the context of public access media, the procurement process is inefficient, wasteful, and unproductive. Your Committee also finds that this measure empowers the Director of Commerce and Consumer Affairs to exercise sufficient oversight of community media providers and that this function is an appropriate exercise of the Director of Commerce and Consumer Affairs' authority.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 112, H.D. 1, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Slom).

**SCRep. 1065 Public Safety, Government Operations, and Military Affairs on H.B. No. 1622**

The purpose and intent of this measure is to require that a state law enforcement memorial be constructed in the Capitol District, preferably on the Diamond Head side of the Kalanimoku Building, and that private funds be solicited and used for the construction of the memorial.

Your Committee received testimony in support of this measure from the City and County of Honolulu Police Department and The Hawaii Law Enforcement Memorial Foundation.

Your Committee finds that this measure is based upon H.C.R. No. 139 (2010), which requested the Department of Accounting and General Services to work with certain concerned parties and state departments to plan and construct the Hawaii State Law Enforcement Memorial on the grounds of the State Capitol. According to testimony of The Hawaii Law Enforcement Memorial Foundation, Foundation has partnered with the University of Hawaii at Manoa, School of Architecture, to design the Memorial. In November 2010, the School of Architecture assembled over 250 architectural students to compete in a contest to design the Memorial. A final design was selected at the end of 2010, and the Foundation has made good progress in raising funds for the memorial.

According to the National Law Enforcement Officers Memorial Fund, as of June 2010, 60 law enforcement officers died or were killed in the line of duty in Hawaii. With the construction of a Hawaii State Law Enforcement Memorial, the Legislature, along with the families of fallen officers, will forever honor their service, which was selflessly given to the people of Hawaii.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1622, H.D. 1, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Baker, Slom).

**SCRep. 1066 Public Safety, Government Operations, and Military Affairs on H.B. No. 1087**

The purpose and intent of this measure is to delete the language naming the President of the Hawaii Criminal Justice Association as a member of the panel that nominates the members to the Hawaii Paroling Authority.

Your Committee received testimony in support of this measure from the Department of Public Safety and Hawaii Paroling Authority.

Your Committee finds that the Hawaii Criminal Justice Association has not been a functional organization for several years and is accordingly unable to properly function as part of the nominating panel for members of the Hawaii Paroling Authority.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1087, H.D. 1, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Baker, Slom).

**SCRep. 1067 (Joint) Agriculture and Economic Development and Technology on S.C.R. No. 71**

The purpose and intent of this measure is to request the Department of Agriculture to convene a working group to review the duties and responsibilities of the Agribusiness Development Corporation and make recommendations to improve the Corporation's efficiency and programs to better address current and future agricultural issues.

Your Committees received testimony in support of this measure from the Department of Agriculture, Agribusiness Development Corporation, College of Tropical Agriculture and Human Resources at the University of Hawai'i at Manoa, and Hawaii Farm Bureau Federation. Your Committees received comments on this measure from the Legislative Reference Bureau.

Your Committees find that the Agribusiness Development Corporation was established to facilitate the transition of Hawaii's agriculture industry from sugar and pineapple plantations to a diversity of crops. While the Agribusiness Development Corporation has played an important role in helping Hawaii's agriculture industry evolve and grow, there is a need to review and assess the performance of the Corporation and assess whether it is meeting the present and future needs of Hawaii's agricultural industry.

Your Committees have amended this measure by:

- (1) Adding to the working group a member who has experience in development and management of water irrigation systems;
- (2) Adding to the working group a member who has experience in agricultural land planning, development, and management;
- (3) Requesting that the working group submit any proposals for draft legislation to the Legislative Reference Bureau no later than November 1, 2011; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Agriculture and Economic Development and Technology that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 71, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 71, S.D. 1.

Signed by the Chairs on behalf of the Committees.  
Ayes, 8. Noes, none. Excused, 4 (Chun Oakland, Fukunaga, Tokuda, Slom).

**SCRep. 1068 (Joint) Agriculture and Economic Development and Technology on S.R. No. 44**

The purpose and intent of this measure is to request the Department of Agriculture to convene a working group to review the duties and responsibilities of the Agribusiness Development Corporation and make recommendations to improve the Corporation's efficiency and programs to better address current and future agricultural issues.

Your Committees received testimony in support of this measure from the Department of Agriculture, Agribusiness Development Corporation, College of Tropical Agriculture and Human Resources at the University of Hawai'i at Manoa, and Hawaii Farm Bureau Federation. Your Committees received comments on this measure from the Legislative Reference Bureau.

Your Committees find that the Agribusiness Development Corporation was established to facilitate the transition of Hawaii's agriculture industry from sugar and pineapple plantations to a diversity of crops. While the Agribusiness Development Corporation has played an important role in helping Hawaii's agriculture industry evolve and grow, there is a need to review and assess the performance of the Corporation and assess whether it is meeting the present and future needs of Hawaii's agricultural industry.

Your Committees have amended this measure by:

- (1) Adding to the working group a member who has experience in development and management of water irrigation systems;
- (2) Adding to the working group a member who has experience in agricultural land planning, development, and management;
- (3) Requesting that the working group submit any proposals for draft legislation to the Legislative Reference Bureau no later than November 1, 2011; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Agriculture and Economic Development and Technology that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 44, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 44, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Ayes, 8. Noes, none. Excused, 4 (Chun Oakland, Fukunaga, Tokuda, Slom).

**SCRep. 1069 (Joint) Education and Energy and Environment on S.C.R. No. 69**

The purpose and intent of this measure is to request the Department of Education to report on the feasibility of including environmental curricula at each grade level.

Your Committees received testimony in support of this measure from the Hawaii Audubon Society and two individuals. Your Committees received testimony in opposition to this measure from the Department of Education.

Your Committees find that Hawaii's public schools are an ideal setting in which to teach and inspire children about actions necessary to help preserve and protect Hawaii's environment.

Your Committees note that the Department of Education's testimony that environmental education is currently embedded within the Department's standards-based system and General Learner Outcomes.

Accordingly, your Committees have amended this measure by:

- (1) Removing language that requests the Department of Education to report on the feasibility of including environmental curricula at each grade level;
- (2) Adding language that requests the Department of Education to report its progress on the incorporation of environmental curricula into its standards-based system and General Learner Outcomes to the Legislature no later than twenty days prior to the convening of the Regular Session of 2013;
- (3) Amending the title of this measure to reflect its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Education and Energy and Environment that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 69, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 69, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Ayes, 7. Noes, none. Excused, 3 (Chun Oakland, Ihara, Slom).

**SCRep. 1070 (Joint) Education and Energy and Environment on S.C.R. No. 146**

The purpose and intent of this measure is to request the Department of Education to, among other things:

- (1) Conduct a study to assess the average amount of waste produced in Hawaii's high schools; and
- (2) Create a pilot program to reduce the amount of waste produced in all public schools by forty percent by 2025.

Your Committees received testimony in support of this measure from four individuals. Your Committees received testimony in opposition to this measure from the Department of Education.

Your Committees find that as space in Hawaii's landfills becomes scarce, there is an increased need to reduce the amount of solid waste produced in Hawaii's public schools.

Your Committees note that testimony from of the Department of Education described waste reduction studies that have been conducted by the University of Hawaii's Sustainable Saunders Group at Keoneula Elementary School and another at Kalani High School, which is currently in progress. In addition, the Department is in the process of applying for grants to conduct a food waste diversion analysis of a middle school. The Department plans to use the results of these studies to develop an overall strategy to reduce waste in public schools that is ecologically and economically feasible.

Accordingly, your Committees have amended this measure by:

- (1) Removing the language requesting the Department of Education to conduct a study on the average amount of waste produced at Hawaii's public schools;

- (2) Removing the language requesting the Department of Education to create a pilot project to reduce the amount of waste produced in all public schools by forty percent by 2025;
- (3) Adding language requesting the Department of Education to:
  - (A) Compile and summarize the results of all studies on waste reduction in Hawaii's public schools; and
  - (B) Propose strategies, goals, and benchmarks for waste reduction in Hawaii's public schools;
- (4) Amending its title to accurately reflect its amended purpose; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Education and Energy and Environment that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 146, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 146, S.D. 1.

Signed by the Chairs on behalf of the Committees.  
Ayes, 7. Noes, none. Excused, 3 (Chun Oakland, Ihara, Slom).

**SCRep. 1071 (Joint) Education and Human Services on S.C.R. No. 114**

The purpose and intent of this measure is to request the University of Hawaii System to:

- (1) Examine the feasibility of re-establishing the Advanced Certificate in Gerontology Program;
- (2) Establish a Research Education and Mentorship Program within the Center on Aging to support professors who are conducting aging-related research; and
- (3) Explore ways to build greater capacity at the community college level in developing and training direct-care paraprofessionals, professional caregivers, and family caregivers to meet the needs of the increasing aging population in the State.

Your Committees received testimony in support of this measure from the University of Hawai'i Center on Aging, Executive Office on Aging, and two individuals.

Your Committees find that the number of elderly citizens in Hawaii is increasing at a rate that is faster than the national average. As the number of elderly citizens in Hawaii increases, so does the need for a highly skilled caregiver workforce. Your Committees further find that the University of Hawaii System is the key to helping students and paraprofessionals prepare for careers in caring for and assisting Hawaii's rapidly increasing elderly population.

Your Committees have amended this measure by:

- (1) Making the establishment of the Research Education and Mentorship Program discretionary rather than mandatory;
- (2) Amending its title to reflect the change in the request to the University of Hawaii System; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Education and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 114, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 114, S.D. 1.

Signed by the Chairs on behalf of the Committees.  
Ayes, 7. Noes, none. Excused, 1 (Green).

**SCRep. 1072 (Joint) Education and Tourism and Health on S.C.R. No. 132**

The purpose and intent of this measure is to request the University of Hawai'i at Manoa, in partnership with the Hawai'i Tourism Authority, to undertake an exploratory study evaluating Hawaii's suitability as a climatotherapy tourism destination for atopic disease patients from East Asia.

Your Committees received testimony in support of this measure from the Hawai'i Tourism Authority and six individuals.

Your Committees find that Hawaii's clean air, light humidity, and remote location may offer therapeutic relief to those suffering from atopic dermatitis. Your Committees further find that Hawaii is in an advantageous position to capture a portion of the revenue of the climatotherapy tourism market.

Your Committees have amended this measure by:

- (1) Requesting that the exploratory study include:
  - (A) A determination of the size of the East Asian market for climatotherapy services for atopic disease patients;
  - (B) Identification of enterprises and operators in the State that can provide the climatotherapy services required by patients suffering from atopic disease; and
  - (C) An evaluation of the potential business and health industry needs that may arise from the promotion of Hawaii as a climatotherapy destination for atopic disease patients; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Education and Tourism and Health that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 132, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 132, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Ayes, 9. Noes, none. Excused, 5 (Baker, Kahele, Kouchi, Taniguchi, Wakai).

**SCRep. 1073 Education on Gov. Msg. No. 544, 545 and 546**

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII TEACHER STANDARDS BOARD

G.M. No. 544 LOUISE CAYETANO, for a term to expire 6-30-2014 (Term amended to 6-30-2013 by GM576);

G.M. No. 545 WRAY JOSE, for a term to expire 6-30-2014 (Term amended to 6-30-2012 by GM576); and

G.M. No. 546 BARRY WURST, for a term to expire 6-30-2014.

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and find Louise Cayetano, Wray Jose, and Barry Wurst to possess the requisite qualifications to be nominated to the Hawaii Teacher Standards Board.

Your Committee received testimony in support of the nomination of Louise Cayetano from the Governor, Hawaii State Teachers Association, Principal of Mayor Joseph J. Fern Elementary, and three individuals.

Ms. Cayetano attended the University of Hawaii at Manoa and Central Washington State University. She is currently a fifth grade teacher at Mayor Joseph J. Fern Elementary School in Honolulu. Ms. Cayetano previously taught at Laihoku Elementary School and Lanakila Elementary School.

Ms. Cayetano has served as a member of the Hawaii Science Teachers Association and the Executive Board of the Hawaii State Teachers Association. She has also served as a board member of the Alliance for Drama Education and is a member of the Hawaii Epsilon Chapter of Alpha Delta Kappa.

Ms. Cayetano has been successful in working with the University of Hawaii to earn Fern Elementary the technological tools, such as videoconferencing equipment, to allow her students to form partnerships with schools in Samoa and Japan. Ms. Cayetano was also instrumental in bringing the Asian, European, Pacific Language foreign language program to Fern Elementary. Ms. Cayetano is constantly looking for ways to provide her students with broader educational opportunities.

Ms. Cayetano expressed to your Committee that she wishes to serve on the Hawaii Teacher Standards Board because she believes that all students deserve highly qualified teachers who can provide them with the necessary skills to become productive citizens.

As a member of the Hawaii Teacher Standards Board, Ms. Cayetano hopes to help develop a more positive image of the Board. She expressed to your Committee that it is important that the Board foster more connectivity with teachers by engaging in outreach activities such as volunteering to help with school improvement projects.

Your Committee received testimony in support of the nomination of Wray Jose from the Governor, Hawaii State Teachers Association, Moanalua High School, and one individual.

Mr. Jose received his Bachelor of Arts degree and Doctorate in Philosophy from the University of Hawaii. Mr. Jose is currently a Social Studies teacher at Moanalua High School, serving as the Social Studies Department Chairperson from 2002 to 2004. In 2004 Mr. Jose was named the State of Hawaii History Teacher of the Year.

Mr. Jose has also served as a mentor to new and beginning teachers, as well as a mentor to student teachers. He continues to mentor new teachers as a member of the Moanalua High School Professional Development Team. Mr. Jose is a member of many professional and community service organizations, and is deeply involved in professional development as a presenter and participant.

Mr. Jose served as a member of the Hawaii Teacher Standards Board from 2005 to 2007. Mr. Jose expressed to your Committee that during his previous service on the Board, he was involved with moving the Board toward policies that liberalized licensure requirements to assist in the recruitment and retention of instructors for hard-to-fill positions. Mr. Jose stated that he sees his responsibility as a Board member is to "serve as a guardian of high academic and ethical standards for teachers while continuing to provide greater opportunities for teachers to demonstrate qualifications for licensure".

Your Committee received testimony in support of the nomination of Barry Wurst from the Governor, Hawaii State Teachers Association, and seven individuals.

Mr. Wurst attended Maunaolu College and the University of Miami. He received his Master of Arts degree in Special Education from Fairleigh Dickenson University. Mr. Wurst has been a teacher with the Department of Education since 1987 and is currently a special education teacher.

Mr. Wurst is an active participant in several organizations. He belongs to the National Education Association, Association for Advancement of Ethical Hypnosis, and Airline Owners and Pilots Association. He is also a Captain and Aerospace Education Officer in the Civil Air Patrol. Mr. Wurst is also a member of the Maui County Commission for Citizens with Disabilities.

As a certified and licensed teacher and former independent business person, Mr. Wurst brings a diverse background to the Hawaii Teacher Standards Board. Mr. Wurst understands and appreciates the need to focus on quality instruction and increased professionalism among teachers. His years of serving as a faculty representative and chairperson of the Hawaii State Teachers Association Negotiations Committee have given him a unique prospective not only on the needs of teachers but also those of the school administration as well. These experiences will serve Mr. Wurst well as a member of the Hawaii Teacher Standards Board.

When asked to identify his long-term goal as a Hawaii Teacher Standards Board member, Mr. Wurst replied that one long-term goal is to improve the recruitment and retention of highly qualified teachers through greater communication and cooperation among the Board of Education, Department of Education, Hawaii State Teachers Association, and Hawaii Teacher Standards Board. Mr. Wurst's second long-term goal is to ensure that special education teachers are adequately trained.

As affirmed by the records of votes of the members of your Committee on Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Nishihara).

**SCRep. 1074 Education on Gov. Msg. No. 570**

Recommending that the Senate advise and consent to the nominations of the following:

EDUCATION COMMISSION OF THE STATES

G.M. No. 570 J.N. MUSTO, for a term to expire 6-30-2015.

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds J.N. Musto to possess the requisite qualifications to be nominated to the Education Commission of the States (ECS).

Your Committee received testimony in support of the nomination of J.N. Musto from the Governor; University of Hawai'i System; Kapiolani Community College; Leeward Community College; President of the University of Hawaii Professional Assembly; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; National Education Association; ILWU Local 142; Radcliffe & Associates, LLC; and eight individuals.

Your Committee finds that Mr. Musto received a Bachelor of Science degree in Biology from Hillsdale College. Mr. Musto went on to receive his Masters degree and Doctorate of Philosophy from the University of Michigan.

Mr. Musto has a diverse educational employment history. He is currently the Executive Director of the University of Hawaii Professional Assembly (UHPA), a position he has held since 1980. Mr. Musto also served as a secondary school science teacher, an Assistant Professor at Northern Michigan University, a Guest Lecturer at Hawaii Pacific University, and an Instructor at the University of Hawai'i at Manoa.

Mr. Musto belongs to several professional organizations and has served on numerous boards, commissions, and task forces, including the Panel of Mediators for the Hawaii State Judiciary's Center for Alternative Dispute Resolution, Board of Trustees for the Hawaii Employer-Union Health Benefits Trust Fund, National Education Association Higher Education Research Advisory Group, and Hawaii Council on Economic Education. He is a member of the Hawaii P-20 Council which addresses the State's educational interest from early childhood education through higher education. He also serves as a mediator with the Neighborhood Justice Center of Honolulu.

When asked by your Committee what areas Mr. Musto would advocate that the ECS focus on, Mr. Musto responded that he would like to see the ECS' work group on college completion continue to examine how to ensure that students finish college. Mr. Musto stated that it is important that the working group translate its findings into real world policies and practices. Mr. Musto also noted that the ECS should develop a systematic way of communicating with the public on what issues the ECS is working on and its findings thereof. Mr. Musto suggested presentations by the ECS at community meetings such as neighborhood board meetings to accomplish this goal.

By virtue of his training, experience, and knowledge, Mr. Musto is well-positioned and well-prepared to assist the Education Commission of the States in its mission of developing effective policies and practices for public education.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Nishihara).

**SCRep. 1075 (Majority) Ways and Means on H.B. No. 200**

The purpose and intent of this measure is to appropriate funds for the operating and capital improvements budget of the executive branch for fiscal year 2011-2012 and fiscal year 2012-2013.

Your Committee received comments in support of this measure from Russell Kokubun, Chairperson, Department of Agriculture; Richard Burns, State Librarian, Hawaii State Public Library System; Karen Seddon, Executive Director, Hawaii Housing Finance and Development Corporation, Department of Business, Economic Development, and Tourism; Laurence Sombarier, Interim Executive Director, Natural Energy Laboratory of Hawaii Authority; and Brenda Ching, Chair, Hawaii Film & Entertainment Board.

Your Committee received comments in opposition to this measure from Darryll D. M. Wong, Adjutant General, Department of Defense; William J. Aila, Jr., Chairperson, Department of Land and Natural Resources; Mark Dannog, Office of the Student Member, Board of Education; Liz Ann Salvador, Chair, and Waynette K.Y. Cabral, State Council on Developmental Disabilities; and Ann Higa, Chief Operating Officer, Opportunities and Resources Inc.

Your Committee received comments from Amy Asselbaye, Chief of Staff, Office of the Governor; Lt. Governor, Office of the Lieutenant Governor; Rodney Maile, The Judiciary; David M. Louie, Attorney General, Department of the Attorney General; Kalbert K. Young, Director, Department of Budget and Finance; Richard C. Lim, Director, Department of Business, Economic Development,

and Tourism; Patricia McManaman, Director, Department of Human Services; Bruce A. Coppa, Comptroller, Department of Accounting and General Services; Dwight Y. Takamine, Director, Department of Labor and Industrial Relations; Sunshine P. W. Topping, Director, Department of Human Resources Development; Glenn Okimoto, Director, Department of Transportation; MRC Greenwood, University of Hawaii System; Kathryn S. Matayoshi, Superintendent, Department of Education; Jesse K Souki, Interim Director, Office of Planning, Department of Business, Economic Development, and Tourism; Jodie Maesaka-Hirata, Director, Department of Public Safety; Gary Hooser, Director, Office of Environmental Quality Control; Denise M. Wise, Hawaii Public Housing Authority; Mike McCartney, President and CEO, Hawai'i Tourism Authority; Orlando Davidson, Executive Officer, State Land Use Commission, Department of Business, Economic Development, and Tourism; Alapaki Nahale-A, Chairman, Hawaiian Homes Commission, Department of Hawaiian Home Lands; Anthony J.H. Ching, Executive Director, Hawaii Community Development Authority; Audrey McGauley, Chief Executive Officer, ARC of Maui County; Gretchen Lawson, President and CEO, Arc of Kona; Alicia Maluafiti, Executive Director, Hawaii Crop Improvement Association; Alan Takemoto, Community Affairs Manager, Monsanto Co.; Yuka Nagashima, Executive Director and CEO, High Technology Development Corporation; Stephanie Whalen, Executive Director, Hawaii Agriculture Research Center; Betty Lou Larson, Legislative Liaison, Catholic Charities Hawaii; Mike Tamanaha, Vice President, Hawaii Waiver Providers Association; Comfort Security Independence; Rose Nakamura, Administrator, Project Dana; Tim Law, Fat Law's Farm, Inc.; Hawaii Farm Bureau; Paul Groesbeck, Executive Director, Life Foundation; and forty-five individuals.

## I. INTRODUCTION

In 2009, the Legislature faced an unprecedented budget challenge of addressing a shortfall of approximately \$2.1 billion through the end of the fiscal biennium. After adopting a balanced budget and financial plan by session's end, the ensuing 2010 Legislature fared no better and was confronted with an additional budget shortfall of approximately \$1.2 billion over the remainder of the same period.

As we transition into the next fiscal biennium budget cycle, your Committee finds history repeating itself, with a looming shortfall now estimated to be \$1.3 billion through the end of the upcoming fiscal biennium. It is a shortfall that has been exacerbated by the tragedy and continuing nuclear disaster in Japan and political unrest in North Africa.

Nevertheless, your Committee is fortified by the lessons learned over the past two years and by the administration's positive direction as articulated in the Governor's "New Day" initiatives. These include promises to restructure and prioritize state programs. Accordingly, the Governor should prudently use the economic downturn to take a long and hard look at the executive branch's organizational structure. Your Committee stands ready to receive and evaluate his proposals.

However, your Committee notes that the Legislature has struggled with many of the Governor's controversial revenue proposals that are intended to bridge the budget gap. It is clear that public concern and legislative pragmatism will not permit the passage of a number of these measures in the form in which they were originally proposed.

Your Committee's guiding principles for the biennium budget was to first identify and support the State's core functions – those programs and services that the State should be providing – and second to make strategic investments in people and programs that encourage economic growth, lower long-term future costs, and provide meaningful public services.

Your Committee appreciates the efforts of all those who have provided input, including department directors who testified at pre-session briefings, the state employees who fielded hundreds of questions from legislators and staff, and the thousands of engaged citizens who shared with us their thoughts and concerns.

## II. ECONOMIC OUTLOOK

### National Economic Outlook

Although the recession is thought to have ended in mid-2009, the Congressional Budget Office, which produces ten-year economic forecasts for the congressional budget committees, describes the current recovery and pace of growth as "anemic," noting that unemployment has remained high in this recession as payroll employment gained a mere seventy thousand jobs (or 0.06 per cent), on net, between June 2009 and December 2010, whereas in past recoveries, employment rose on average by 4.4 per cent in the same time frame.

The Congressional Budget Office estimates that after continued job losses in the near term, the economy is expected to add 2.5 million jobs per year over the next five years, bringing the unemployment rate down from 9.2 per cent to 5.3 per cent, which is close to the Congressional Budget Office's estimate of the economy's natural rate of unemployment of 5.2 per cent.

President Obama's *2011 Economic Report* reflects the view that the national economy is operating substantially below its potential level, as indicated by the elevated unemployment rate and continued stresses in the housing market in many areas; however, the economy is no longer on the brink of depression, growth has resumed, jobs are returning, and unemployment is falling.

The financial markets have improved as the stock market gained thirteen per cent in 2010 and have continued gaining into 2011. Your Committee recognizes that while the national economy is improving, it is improving at a much slower rate than many expected.

### The Economic Outlook for Hawaii

The University of Hawaii Economic Research Organization reports that "Hawaii's recovery continues to be led by the resurgence of the visitor industry" as evidenced by the 8.8 per cent increase in visitor arrivals year over year. However, the University of Hawaii Economic Research Organization and the Department of Business, Economic Development, and Tourism caution that:

- "The surprisingly rapid pace of visitor industry rebound is unlikely to persist. Abroad, the sharp initial Asian pickup is now past, while rising energy prices and sovereign debt problems will weigh on growth elsewhere." DBEDT forecasts a more modest four per cent and 2.5 per cent increase in visitor arrivals for 2011 and 2012, respectively.

- “After improving from 6.9 per cent in January to 6.3 per cent in June, the seasonally adjusted statewide unemployment rate has remained stuck at 6.4 per cent through December 2010.” However, UHERO sees broad based improvements in the economy for 2011 and 2012 as Hawaii’s recovery strengthens and Oahu rail transit construction gets underway.
- “Hawaii’s economy depends significantly on conditions in the U.S. economy and key international economies, especially Japan.” Although the effects of the March 2011 earthquake, tsunami, and nuclear crisis in Japan are unknown, global events and their ensuing repercussions have altered Hawaii’s economic forecast in recent decades including the 9/11 terrorists attacks in 2001, SARS in 2003, and the H1N1-A virus in 2009.

### III. GENERAL FUND REVENUE OUTLOOK

By law, the Council on Revenues (Council) reports its latest tax revenue forecast to the Governor and the Legislature on June 1, September 10, January 10, and March 15 of each year. The revenues come primarily from the general excise tax and the state income tax. Since the March 2010 forecast, the Council has both raised and lowered its prediction of tax revenues for the current fiscal year. The Council’s most recent forecast on March 29, 2011, lowered the growth rate to -1.6 per cent. The erratic changes in the Council’s forecasts have hindered your Committee’s ability to formulate a functional budget as appropriation requests are largely based on original revenue projections that are no longer viable.

The administration based its original budget request on the Council’s September 2009 projection of two per cent general fund tax revenue growth for fiscal year 2011. Using this revenue projection, the budget deficit over the upcoming biennium was initially estimated at \$818.5 million.

On December 29, 2010, the Council revised its forecast upward from two per cent to three per cent, resulting in an anticipated gain of \$146.6 million in tax revenue through the end of the fiscal biennium. Incredulous that such an increase in revenue would materialize, neither the administration nor this Committee relied upon it.

On March 10, 2011, the Council revised its forecast downward from three per cent to 0.5 per cent, which resulted in a subsequent projected revenue reduction of \$243 million through the end of the fiscal biennium. Hours later, Japan was struck by a trifecta of disasters -- the 9.0 magnitude earthquake, deadly tsunami, and nuclear calamity. The disasters were unimaginable, devastating the Japanese people, causing unprecedented damage, and crippling Japan’s economy.

Given Japan’s significant share in the State’s tourism market, the Council was called back into session and convened on March 29, 2011, to re-evaluate its March 10, 2011, meeting projection in anticipation of declining numbers of Japanese visitors.

Although the Council lowered the projection to -1.6 per cent, which resulted in an additional revenue loss of \$93.1 million for fiscal year 2011 alone, and a loss of \$311.7 million through the end of the fiscal biennium, the Council adjustment was due more in part to poor tax collections in February 2011 than the tragic events in Japan. In fact, some of the Council members noted that they did not see the events in Japan as having long-term effects on the State’s economy.

With the revised revenue levels, a net \$1.3 billion deficit is projected over the biennium. However, despite the downward revenue projections for the current fiscal year, the Council retained its March 10 revenue growth forecast for fiscal year 2012 of eleven per cent and maintained the previous forecast for fiscal years 2013-2017 at six per cent. The forecast was rationalized by the Council Chair’s optimistic statements that the two most important core components of Hawaii’s general fund revenues, general excise and use taxes and withholding taxes on wages, continue to grow at rates consistent with economic recovery.

Given the global and economic uncertainties and the recent volatility in the Council’s projections, it is with great caution that your Committee receives the Council’s current revenue projection and notes the significant downside risk that exists for the revenue growth assumptions for the planning period.

### IV. BUDGET OVERVIEW

The budget deficit through the end of the next biennium is now estimated to be \$1.3 billion. This follows two consecutive years that have required state government to address shortfalls of \$2.1 billion and \$1.2 billion, respectively. These are momentous sums, given that current year authorized spending for the executive branch of government is approximately \$5 billion.

Various measures were implemented to address the prior budget shortfalls. These started with wholesale reductions of up to twenty per cent of what was deemed discretionary spending and the use of American Reinvestment and Recovery Act of 2009 (ARRA) funds to supplant general fund spending.

As the revenue picture further deteriorated, the Governor implemented across the board spending restrictions equivalent to the savings that three furlough days per month would yield. Departments met these required savings targets most notably through the implementation of two furlough days per month. A reduction in force of approximately one thousand state workers, the reduction of vacant positions, and a number of other measures were utilized to further reduce state spending.

This legislative session, the executive budget initially proposed to the Legislature was principally prepared by the prior administration. At the program level, it basically sought to maintain spending levels of the current fiscal year. Of the budget adjustments it proposed, several were significant. The initially proposed budget recognized the loss of ARRA funds, the significant Medicaid shortfall, and higher debt service payments. Amounts previously reduced to reflect furlough savings were also restored, reflecting uncertainty of the labor savings component. These adjustments, largely non-discretionary in nature, resulted in a request to add \$624.9 million for fiscal year 2011-2012 and \$810.6 million for fiscal year 2012-2013.

On February 22, the new administration submitted a request to add an additional \$133.8 million for fiscal year 2011-2012 and \$160.3 million for fiscal year 2012-2013. This includes about \$100 million over the biennium to address immediate needs of state programs as determined by the new administration, \$54.3 million per year for Employer-Union Health Benefits Trust Fund payments, \$49.5 million per year for the Temporary Assistance for Needy Families Program, \$13.2 million per year to address Medicaid needs related to the Compact of Free Association, \$36.8 million for fiscal year for a deferred employee retirement system (ERS) payment, and the reduction of \$75 million over the fiscal biennium for Medicaid to reflect the scaling back of benefits.

The House of Representatives passed a draft of the budget that:

- (1) Accepted the initially proposed budget adjustments;
- (2) With the exception of adding \$36.8 million for a delayed ERS payment, rejected the adjustments proposed under the February 22 Governor's Message; and
- (3) Made lump-sum reductions to most state programs amounting to approximately \$120 million.

Your Committee's draft of the executive budget is premised upon the need to maintain a significant labor savings component of the budget that minimally realizes the same level of savings assumed for the current fiscal year. To be clear, this draft of the budget does not require an extension of the furloughs that have impacted government services. Indeed, your Committee expects those currently negotiating collective bargaining agreements to find creative solutions that yield savings and allow government to maintain programs that are in great public demand.

In addition, your Committee understands the importance of educating Hawaii's children and has restored the funding needed to maintain the current level of instructional days for students. The funding provided in this draft assumes that collective bargaining negotiations will yield an agreement that resembles the one currently in place.

Your Committee recognizes that a considerable component of labor cost is health insurance. Though the new administration proposed an additional \$54.3 million per year to allow the State to pay sixty per cent of health insurance premiums, your Committee reduced this request by \$30.5 million per year to reflect an employer/employee split of fifty per cent of health insurance premium costs borne by the State.

Your Committee also reduced by half the new administration's request for an additional \$100 million over the biennium to meet immediate needs of state departments. Though your Committee accepts that many state programs are operating with skeleton crews and minimal resources, the current revenue picture has required a close evaluation of these requests and the exercise of constraint.

Clearly, resources provided for state programs have significantly declined over the past two years. However, it is also clear that declining revenue projections will necessitate further spending restrictions. Thus, your Committee has reduced \$30.3 million budgeted per year for positions that are currently vacant. These reductions are based largely on the amount of funds currently authorized for vacant positions by program and allow agencies the flexibility to prioritize spending and hire personnel that may be in critical need. Additionally, no reductions were made to certain programs, such as the plant quarantine program and the state library system, that have broad impact to our economy and quality of life.

Your Committee's adjustments to the executive budget have resulted in the reduction of \$277.3 million for fiscal year 2011-2012 and \$376.9 million for fiscal year 2012-2013 from amounts requested by the administration. This is a reduction of about \$654.2 million over the fiscal biennium, or about half the amount needed to close the budget gap. It is without doubt that the financial health of the State cannot be restored through spending cuts alone.

## V. DEPARTMENT HIGHLIGHTS

### Human Services

The prolonged economic recession has fostered exponential growth in the demand for social services. Your Committee recognizes the importance of providing core services to individuals and families in need and remains committed in its support of the Department of Human Services' efforts to deliver assistance to Hawaii's vulnerable populations.

The department faces several challenges in providing social services to the State's needy populations under the current fiscal constraints. The reduction-in-force (RIF) eliminated three hundred sixty-five positions across the department, creating backlogs and limiting contract oversight in a number of programs.

As health care costs continue to rise and enrollment levels climb, closing the Medicaid shortfall remains a daunting task. The MedQUEST Division has accommodated a twenty-five per cent enrollment increase while managing a forty per cent staff reduction and twice monthly furloughs. These economic straits are further exacerbated by carry-over deficits from the previous administration's short-sighted delayed payment strategies.

Medicaid plays a vital role in the lives of more than twenty per cent of Hawaii's residents. In an effort to continue delivering needed medical services to Hawaii's vulnerable population, your Committee provided an additional \$248.2 million in fiscal year 2011-2012 and \$288.2 million in fiscal year 2012-2013, which will be matched with federal dollars, to fund health care payments for Medicaid beneficiaries.

However, in prior years your Committee has cautioned the department on the fiscal limitations of the general fund and the risks Medicaid expansion would create. Unfortunately, the department's failure to make timely reductions has resulted in the need for dramatic benefit changes to ensure funds remain available for critical medical services.

Your Committee has accepted the Governor's proposal to save \$150 million over the next fiscal biennium by reducing Medicaid benefits. Indeed, this marks a crossroad for many beneficiaries who have grown accustomed to unlimited services, no co-pay, no premiums, and zero deductibles. Unfortunately, with the increased demand for government subsidized health care and anticipated decrease in the federal medical assistance (FMAP) percentage reimbursements, these types of plans are unsustainable.

Your Committee finds that leveraging state funds to bring in substantial federal matching funds to mitigate state costs is fiscally prudent. As such, your Committee agreed to \$70,400 in general fund expenditures to implement the Electronic Health Record Incentive Program, which will receive \$668,232 in federal matching funds.

The modernization of Hawaii's information systems is pivotal to the department's ability to deliver services and generate increased access among Medicaid beneficiaries. As such, your Committee agrees with the expenditure of \$2.9 million in general funds to receive

\$26.5 million in matching federal funds for a new MedQUEST Division computer-based eligibility system. The new system will help to ease the State's transition into manageable health care and expedite the delivery of services where they are needed most.

Congress enacted the federal Personal Responsibility and Work Opportunity Act in 1996. At that time, the United States government made the decision to no longer extend medical benefits to members of the Compact of Free Association (COFA) and gave individual states the choice to continue Medicaid services to COFA members with the understanding that they would no longer receive federal support for this population. Given Hawaii's unique location and high concentration of COFA members, the decision was made to provide COFA members the same Medicaid packages offered to similarly situated Hawaii residents.

In 2010, the previous administration attempted to achieve cost savings by moving the COFA population to a limited plan entitled, Basic Health Hawaii, which offered limited visits and reduced the types of services available to COFA beneficiaries. On December 13, 2010, a federal court found this change caused irreparable harm to COFA residents and issued an injunction mandating the State to reenroll all COFA members to their original programs, reinstate all benefits, and expedite delivery of services regardless of reenrollment processing.

Your Committee recognizes the immediate effects of this ruling and accepted the Governor's proposal to appropriate \$13.2 million in general funds to reinstate Medicaid benefits to COFA clients for fiscal year 2011-2012. These costs are reflected as federal expenditures for fiscal year 2012-2013. Given the Lieutenant Governor's focus on obtaining federal funds, your Committee believes this is an area that should be his top priority.

Work opportunities and cash assistance for Temporary Assistance for Needy Families (TANF) and Temporary Assistance for Other Needy Families (TAONF) remain priorities in the State's efforts to help Hawaii residents through the economic recession. However, the previous administration's excessive contract expenditures, unfettered spending of ARRA funds, and liberal extensions of cash assistance payments beyond federal guidelines has left the TANF reserve fund insolvent.

Despite your Committee's forewarning of the inevitable expiration of emergency contingency fund extensions, the department failed to reexamine TANF expenditures and maintain sustainable contract levels when reserve funds were still available. Recently, nonessential contracts amounting to \$33 million were notified of early termination in January of 2011, and emergency appropriations were necessary to meet the department's remaining commitments for the current fiscal year.

The department has implemented the reduction of low priority contracts and has prioritized available funds for important purpose one and two services. These services provide Hawaii's residents with the opportunity to become self-sufficient. As such, your Committee has provided \$37.1 million for TANF programs in fiscal year 2011-2012 and \$23 million for TANF and TAONF cash assistance payments over the fiscal biennium. Your Committee notes that the funds for the A plus program will be appropriated directly to the Department of Education.

The dire economic conditions of the last few years increased the amount of Hawaii's residents living below federal poverty levels from five per cent in 2007 to over nine per cent in 2010. Shelters across the State are at capacity and are forced to turn away many of Hawaii's homeless. To support the Governor's efforts to extend services and shelter accommodations to the growing levels of homeless, your Committee has approved \$1.5 million for shelter support contracts and the addition of three new shelters in Maui, Waianae, and Kona.

In addition, the Preschool Open Doors Program offers TANF recipients a means of providing children with educational opportunities while parents work towards self-sufficiency through state subsidies. Early childhood education plays an integral role in the development of Hawaii's youth, and affordable childcare allows many parents to engage in work opportunities. To support the valuable services the program offers, your Committee has provided \$2 million in subsidy assistance.

#### Health

Your Committee recognizes the importance of prioritizing health and safety. The Department of Health lost three hundred fifteen positions in the recent RIF. As a result, the programs and their contracted service providers have operated with significantly less resources. This loss is compounded by the anticipated decrease in the FMAP reimbursements that have assisted several programs in this tough economic climate. Mental health and developmental disabilities programs have been hit especially hard by prior budget reductions and will be greatly affected by the impending FMAP decrease. A Child and Adolescent Mental Health Division Program has already closed for lack of funding, leaving Hawaii County with no community-based residential program.

Many other programs are also on the cusp of closing and cannot endure further reductions. The Developmental Disabilities Division has had to impose a fifteen per cent reduction on its service providers, which has caused concern of another federal lawsuit if funding is not ultimately restored. Your Committee is aware of the dire situation these programs are in and has provided the following support in accordance with corresponding FMAP reductions:

- \$3.3 million for fiscal year 2011-2012 and \$3.4 million for fiscal year 2012-2013 for the Adult Mental Health Division;
- \$2.4 million for fiscal year 2011-2012 and \$2.5 million for fiscal year 2012-2013 for the Child and Adolescent Mental Health Division; and
- \$9.9 million for fiscal year 2011-2012 and \$11.2 million for fiscal year 2012-2013 for the Developmental Disability Division.

The Early Intervention Program also faces a shortfall resulting from a reduction of Medicaid and Tobacco Settlement moneys. The Early Intervention Program provides services to infants and toddlers under the age of three who have, or are at risk for, developmental delays. Your Committee also understands that reduced funding will result in tighter eligibility criteria and could put the State in noncompliance with federal requirements. As such, your Committee has provided \$2.1 million to fund the program's projected deficit.

The Healthy Start Program provides child abuse and neglect prevention services and promotes child development among high-risk infants and toddlers. Recent reductions to the program resulted in the elimination of assessment capacity and home visiting services for most of the State. Your Committee acknowledges the importance of reinstating hospital-based assessments and improving intensive home visiting services and has provided \$3 million in special funds from the Tobacco Settlement Special Fund.

Education

Your Committee remains aware of the national embarrassment caused by Furlough Fridays. For the 2009-2010 school year, schools closed seventeen days due to furloughs. While students were able to have a full school year for 2010-2011, furloughs are still taken on non-instructional days and twelve-month employees have thirteen furlough days.

Your Committee recognizes that addressing the deficit cannot come at the cost of educating Hawaii's students. Therefore, your Committee has provided \$60.8 million to maintain the current level of instructional school days at public schools.

Your Committee also supports the department's request to add \$2.1 million to sustain the level of contracted nursing services for Individuals with Disabilities Education Act and Section 504 eligible students. Due to budget restrictions, the Department of Health ceased providing these direct services for eligible special needs students in July 2010. Your Committee has approved the conversion of forty educational assistants from temporary to permanent status to alleviate the high turnover rate and difficulty in filling these positions.

Although the Legislature implemented the Board of Education's recommended reduction to categorical programs last year, your Committee recognizes the significance of continuing the services provided by Families for R.E.A.L. and the Challenger Center. Each program has demonstrated importance to student achievement.

While agreeing with some of the department's budget recommendations, your Committee is concerned by the department's apparent reluctance to effectively address student transportation contract costs. The cost to provide student transportation is significant. It has been estimated to be about \$1,000 per regular education rider; whereas, the approximate general fund cost to educate a student is about \$5,500.

Your Committee observes that the appropriation has not covered the actual costs of transportation for several years. Despite continued appeals by your Committee to the department to rein in exorbitant contract costs, the department has allowed the student transportation program to run at a significant deficit, simply utilizing funds from other sources.

Equally troubling is the fact that competition for bus contracts is virtually nonexistent: once a company receives the contract for a route, other companies will not typically compete for that contract. Your Committee finds that the department has allowed the problem to proliferate rather than seek an effective solution.

As such, your Committee does not support the department's request for student transportation contract costs for fiscal year 2012-2013. Your Committee has disapproved the requested \$19.6 million and has further reduced the department's transportation budget by an additional \$22 million for these costs. The remaining appropriation for fiscal year 2012-2013 will allow for the continuation of mandated transportation for qualifying special education students. Your Committee requests that the department complete a comprehensive alternatives analysis to assess various options and evaluate needed service levels to provide meaningful data to address this issue.

It is the intent of your Committee to revisit this issue once the department provides sufficient justification for regular education transportation services.

Furthermore, while your Committee recognizes the department's statutory authority to transfer funds between programs, this authority was granted to the department to provide a certain level of flexibility. It is now apparent that the department has used this authority excessively by using it to expend significant amounts that the Legislature clearly intended for school-based budgeting on other program areas.

While certain circumstances may necessitate the transfer of funds to bridge funding shortfalls or meet unforeseen emergencies, excessive use of this authority may cause your Committee to examine whether the department requires stricter oversight. Your Committee believes the Legislature's appropriation of funds by program clearly indicates legislative intent and that the repeated and seemingly routine transfer of funds between programs is not acceptable.

Charter Schools

Turning its attention to charter schools, your Committee believes in providing comparable funding for charter school students. However, serious concerns persist with how these schools use state funds. While your Committee appreciates improved responsiveness to legislative requests, considerable issues persist.

Over-projection of enrollment numbers remains an issue. The Legislature attempted to counteract the frequent over-projection of enrollment numbers by establishing a charter schools account within the state treasury where any appropriation amount exceeding the verified enrollment amount would be held. For fiscal year 2010-2011, \$3.5 million has already gone into the account since the projected enrollment count originally provided by charter schools exceeded actual enrollment by nine hundred twenty-eight students. Your Committee looks forward to charter schools developing a more consistent method of verifying the projected enrollment counts provided by the individual charter schools.

Your Committee also finds recent events and revelations regarding the Myron B. Thompson Academy tremendously troubling. Hopefully, charter schools understand that, while their operations may be exempt from certain state laws, they are still accountable for the quality of the education provided to their students and for the responsible use and diligent oversight of state funds.

University of Hawaii

Your Committee recognizes the University of Hawaii system is the State's premier institution for higher learning, a leading generator of economic growth and diversification, and a tremendous resource for the State of Hawaii. The University has managed significant budget reductions through enrollment management, offering fewer classes at certain campuses, enlarging the size of classes, hiring lecturers to fill instructional positions, and closing campuses during winter and spring breaks.

Your Committee understands an additional \$51 million is expected to be generated in tuition and fees in fiscal years 2011-2017. These funds have been accumulating, and the University is capable of using them to offset costs normally borne by the general fund. As such, your Committee has reduced the University's general fund budget by \$11 million for fiscal year 2011-2012 only.

With regard to personnel matters of the University, the collective bargaining agreement with the University of Hawaii Professional Assembly calls for the "pay back" of salary reductions implemented for the current fiscal biennium. In addition to adding to salary costs, this results an additional public employer cost of \$1.6 million for fringe benefits for university employees. Your Committee believes that minimally, the University is fully responsible for funding all costs associated with these salary adjustments without reliance on general funds.

Your Committee notes that the current budget request for the collective bargaining costs for the University of Hawaii Professional Assembly are its first opportunity to consider the agreement. Your Committee believes the negotiated collective bargaining agreement may be overly generous, given the larger fiscal context and the State's need to achieve labor savings. Accordingly, your Committee has denied the request to fund additional collective bargaining related costs for fiscal year 2012-2013.

Your Committee understands the University of Hawaii Community Colleges have experienced an unprecedented enrollment growth of thirty-five per cent, while enrollment at the University of Hawaii Hilo has increased by nineteen per cent. In order to meet the increased student demand, your Committee has provided \$6.6 million for the University of Hawaii Community Colleges and \$300,000 for University of Hawaii Hilo to ensure they are able to maintain services and sustain course offerings.

Your Committee recognizes the importance of the John A. Burns School of Medicine in teaching and training high-quality physicians, biomedical scientists, and allied health workers for Hawaii. To better identify costs associated with this program, your Committee has transferred 198.22 positions and \$34.9 million to a separate John A. Burns School of Medicine program ID.

Your Committee acknowledges the significance of Science, Technology, Engineering, and Mathematics to the future of Hawaii. Since ARRA funds, which will no longer be available for the next fiscal biennium, have been used to sustain and grow this legislative priority, your Committee has provided \$2.9 million to improve the overall quality of education and to provide students with world-class analytical and problem-solving skills to prepare them for science, technology, engineering, and mathematics related careers.

Your Committee supports the Academy for Creative Media, which emphasizes cultural and aesthetic values within narrative and storytelling theories and skills and application across multiple platforms of digital media. Your Committee has added \$2.1 million to expand the Academy's film and digital media programs to build capacity for workforce growth and to support the growing needs of industries in defense and dual-use, astronomy, engineering, aquaculture, biotech, and digital media.

Last year, the Legislature supported the Office of Mauna Kea Management by providing funding to develop, implement, and enforce administrative rules governing public and commercial activities on Mauna Kea. Your Committee continues to recognize the importance of preserving and protecting Mauna Kea's unique resources. To this end, your Committee has provided \$1 million to initiate research, continue long-term monitoring programs, and engage in activities necessary to implement and enforce the comprehensive management plan.

Your Committee also recognizes the Na Pua Noeau Program as an important measure to increase educational enrichment opportunities for children in grades kindergarten to twelve, especially for Native Hawaiians, to attend and graduate from the University of Hawaii. Thus, your Committee provided \$290,000 for fiscal year 2011-2012 and \$580,000 for fiscal year 2012-2013, with the understanding that the Office of Hawaiian Affairs will match this funding. This support will assist in providing educational enrichment services to two thousand students throughout the State.

#### Budget and Finance

Fixed costs such as debt service, retirement system, and health benefit payments, comprise one-third of the total State's general fund budget. These components require annual increases based upon assumptions for interest rates, payroll growth, and membership growth, all of which are beyond your Committee's control.

The previous administration restructured debt service to provide immediate savings in prior years. However, this action simply pushed costs into current and future years. Your Committee must provide additional funding to meet higher debt service requirements that have resulted from the prior administration's actions.

The State's contribution to health benefit premiums is determined through collective bargaining. The current Governor's Message requests are based on a 60/40 per cent (employer/employee) split and incorporate rates from the December 2010 bargaining unit agreement. On March of 2011, health benefits premiums increased by approximately eleven per cent. Your Committee has agreed to fund this increase; however, your Committee has adjusted the amount so that employees share this burden equally with the State.

The Department of Budget and Finance struggles to provide even the basic fiscal and administrative services for the State due to a thirty-three per cent position reduction in the Administrative and Research Office and a thirty-six per cent position reduction in the Budget, Program Planning and Management Division. The Treasury Management Branch has likewise had to manage operations with reduced resources. Treasury deposit receipt processing increased from one-day processing to twenty-nine days and Treasury investment pool processing increased from a standard processing time of two months to six months. Your Committee recognizes that the department's current staffing level is not operationally sustainable and has restored needed positions.

Additionally, a combination of a hiring freeze and prior budget reductions has left the Hawaii Employer-Union Health Benefits Trust Fund (Trust Fund) severely backlogged. In December 2010, staff was unable to answer 1,389 incoming calls and had 2,135 unprocessed documents resulting in employees and dependents not being able to go to the doctor or fill prescriptions. The Trust Fund is also in the process of transitioning-in fifteen thousand Hawaii State Teachers Association members and is in need of additional personnel. Your Committee is dedicated to ensuring core services are provided and has added positions to alleviate the backlog for a smooth transition of Hawaii State Teachers Association members.

The Legislature enacted Act 177, Session Laws Hawaii 2007, which authorized the restructuring and relocation of the Public Utilities Commission (Commission) due to increased responsibilities in energy policy reform. In addition, the Legislature authorized and funded additional positions for this purpose. The Commission requested over \$5 million for the renovation and lease of commercial space. However, your Committee has learned of sufficient state-owned space that could be utilized for the Commission and has provided \$250,000 for office space renovation. Your Committee encourages the Commission to work with the Department of Accounting and General Services to obtain state-owned space and provide much needed savings to the State.

The Commission also requested eleven positions pursuant to Act 177 that will enhance the Commission's research capabilities and ability to adapt to changing market environments. Your Committee recognizes the importance of these positions to address significant policy issues facing the State and has provided the requested positions.

In light of Senate hearings that uncovered several instances of the mishandling of money by state agencies, your Committee sees value in hiring a third-party consultant to review the policies and procedures of the state treasury and has provided funding for this purpose.

#### Public Safety

Your Committee continues to support the efforts of the Department of Public Safety to provide secure incarceration for offenders and protection for the State's general population.

The department has faced hiring delays and the inability to fill positions and posts for the operation of a twenty-four-hour facility, which has required it to pull personnel from various posts to staff facilities such as the Kapolei court complex. As such, your Committee recommends the following adjustments:

- Fourteen deputy sheriff positions to staff the Kapolei court complex; and
- \$131,377 for six adult corrections officer positions in the Hawaii Community Correctional Center.

Your Committee understands the importance of maintaining operational vehicles for the transport of prisoners and the performance of other duties. Act 162, Session Laws of Hawaii 2009, eliminated the department's vehicle replacement funds. Since fiscal year 2008, the department has purchased no new vehicles, while the remaining fleet continues to age. Therefore, your Committee has provided \$500,000 for fiscal year 2011-2012 for new motor vehicles.

The level of staffing the Sheriffs Division currently provides to neighbor island courts remains a concern. Your Committee encourages the department to increase their efforts to recruit positions for neighbor islands where staffing levels are currently at minimal levels.

Your Committee appreciates the department's efforts to reduce high overtime costs through the utilization of a program that increases accountability and imposes consequences on habitual abusers. For fiscal year 2011-2012, \$3.5 million is budgeted to continue these efforts. Your Committee notes that this amount represents a reduction from an actual expenditure of \$6.8 million in fiscal year 2009-2010. Your Committee hopes to see continued overtime reduction in the future.

Your Committee recognizes the department's commitment to honor the intent of the Governor to return inmates home from out-of-state facilities, thereby reducing the amount of public dollars sent out of Hawaii. The department noted that a long-term plan for returning inmates is scheduled to be completed by December 2011.

However, your Committee is concerned that despite prodding from the State Auditor, a more proactive and timely approach has not been taken to procure a new contract for out-of-state facilities that will house Hawaii inmates. Without more time allotted for planning and execution, the proper procurement measures cannot be adequately carried out, thus decreasing potential savings for the State. Your Committee looks forward to receiving more information and timely status updates from the department on this matter.

#### Land and Natural Resources

Since 2009, general funds for the Department of Land and Natural Resources have been reduced by twenty-eight per cent. General fund costs were shifted to federal or special funds wherever possible; however, special fund revenues have not increased to adjust for the additional burden. Furthermore, general funds are necessary to provide core activities such as law enforcement, permitting, and regulatory oversight where statutory or program restrictions are placed on the usage of non-general funds.

The department began the implementation of fees at many state parks and facilities to offset costs. However the Division of Conservation and Resources Enforcement (DOCARE) relies almost entirely on general funds. DOCARE has handled budgetary and personnel reductions by drastically reducing services. Patrols are no longer twenty-four hours/seven days a week and have been reduced by twenty per cent. Coverage area has decreased by thirty per cent and enforcement actions, such as arrests, citations, investigations, and inspections, are down by an average of thirty-four per cent.

Your Committee realizes that protecting Hawaii's natural resources is an immense task and the safety of conservation officers is a top priority. As such, your Committee has provided \$500,000 to properly equip officers who are protecting our State's natural resources.

In light of damage inflicted on Keehi Harbor by the March 11, 2011, tsunami, your Committee has provided \$475,000 to the department to clear sunken boats and debris.

The State Historic Preservation Division has been identified as a high risk grantee by the National Park Service and is at risk of losing their federal grant, which comprises thirty per cent of the division's budget. Without federal approval, the State Historic Preservation Division will not be authorized to conduct preservation efforts at national historic sites. Your Committee understands that protecting the State's unique history is important. To this end, your Committee has restored eleven positions to the State Historic Preservation Division through the use of general and special funds. A portion of this addition will reinstate the Burial Sites Program previously absorbed by the Culture and History Branch in 2006.

Agriculture

Your Committee recognizes agriculture as an important component of Hawaii's economy. The forty-four per cent general fund reduction made in fiscal year 2009-2010 severely impacted the Department of Agriculture and resulted in the slow-down of services and discontinuation of several functions. Your Committee is dedicated to promoting self-sufficiency, conserving resources, and preventing the presence of invasive species in our State.

As of January 2011, additional retirements have left the Honolulu International Airport, which accounts for ninety-five per cent of the statewide airport system, with only five to seven plant quarantine inspectors daily. If this trend continues, it is estimated that about ninety per cent of the invasive species will avoid interception and pose a major threat to our State. Your Committee anticipates the lifting of the hiring freeze to fill the twenty-two plant quarantine inspector positions restored by the Legislature last year in the Plant, Pest and Disease Control program. As such, your Committee has shielded the Plant, Pest and Disease Control Program from reductions.

Finally, your Committee continues to support the efforts to reduce general fund costs in these challenging economic times by changing the means of financing for ten positions from general funds to special funds.

Business, Economic Development, and Tourism

The Department of Business, Economic Development, and Tourism is at the forefront of Hawaii's economic recovery. The department provides important services to the State's trade operations and adds to the collective wealth of Hawaii by stimulating local businesses and emerging industries through grant support, research and analysis, and investment opportunities.

The energy industry achieved significant growth and garnered a great deal of attention in recent years. As the nation worked to transition to renewable energy, Hawaii emerged as a model for several states on the implementation of exemplary energy programs. The program's successful solicitation of over \$59 million ARRA energy grants over the last biennium encourages the industry's growth and helps perpetuate Hawaii's commitment to achieve clean energy solutions.

Your Committee remains dedicated in its support of state energy projects and the advances the department has made in working towards the State's goal of seventy per cent clean energy and forty per cent renewable energy by 2030. However, the department should be cautious of imprudent spending of grant funds. The approaching expiration of federal energy grants for fiscal year 2011-2012 will result in a \$12 million reduction in the funds available to energy programs. Your Committee encourages the department to budget appropriately and develop feasible funding alternatives for the upcoming fiscal biennium.

With regard to organizational structure, your Committee notes that the department has a history of reorganizing its staff through the budget. This practice is demonstrative of the department's reluctance to follow proper reorganization procedures that may have contributed to a number of grievances. As such, your Committee has rejected the department's request for those internal transfers that have not been adequately justified. Your Committee finds that the department should perform a comprehensive review of its operations and adopt a formal reorganization plan prior to submitting conforming requests through the budget process.

Taxation

From fiscal years 2008 to 2011, the Department of Taxation has faced numerous reductions amounting to \$5.3 million and 43.5 positions. As a result, the quality of service provided to the public has suffered, including increased wait time for walk-in customers, delayed response to taxpayers under audit, and a forty-nine per cent reduction in call center pick-up rate.

Your Committee understands the increasing needs of the department resulting from the impending transition away from the consulting services of CGI Technologies and Solutions, Inc., while continuing to emphasize modernization and paperless practices. Therefore, your Committee has authorized the creation of nine information technology positions and has provided \$391,424 for fiscal year 2011-2012 and \$531,458 for fiscal year 2012-2013 to assist the department's modernization plan and the transition of programs performed by CGI to the department.

Every five years, by mandate of the Hawaii Constitution, a Tax Review Commission is created to review the State's tax structure and recommend revenue and tax policy. As such, your Committee has provided \$200,000 for the Commission to carry out its appointed duties.

Your Committee also recognizes that, in the current economic environment, finding new ways to generate revenue is a necessity. Therefore, your Committee has provided \$185,000 for the department to contract the services of the Multistate Tax Commission as another source of potential revenue.

Commerce and Consumer Affairs

The Division of Consumer Advocacy, Department of Commerce and Consumer Affairs, represents consumers before the Public Utilities Commission, which regulates rates and services offered by public utility and transportation companies. Eight positions under this office were reduced for vacancy savings for fiscal year 2009-2010. Act 130, Session Laws of Hawaii 2010, appropriated \$634,000 out of the Compliance Resolution Fund for fiscal year 2010-2011 to reinstate these positions. Your Committee has approved continued funding of these positions. In addition, your Committee has provided \$200,000 for consultant services regarding utility, communication, and transportation services.

Your Committee finds that the department utilizes the legal services of the Department of the Attorney General. Therefore, your Committee has provided the department with the spending authority to fully reimburse the Department of the Attorney General for the value of legal services received, estimated at \$600,000. These funds will be transferred to the Department of the Attorney General.

Attorney General

Your Committee recognizes the importance of the Department of the Attorney General in its role as legal counsel for the State of Hawaii. Decreases in personnel and working hours have resulted in delayed responses to client agencies. In addition, reductions to the

litigation fund have negatively impacted the department's ability to effectively fund expert witnesses, which in turn has affected the credibility and quality of the legal representation the State receives in court proceedings.

The Hawaii Criminal Justice Data Center provides federal, state, and local law enforcement with criminal history information. Currently operating with a thirty-four per cent vacancy rate, data quality and system maintenance have suffered due to inadequate staffing. This program will be critical during the 2011 Asia-Pacific Economic Conference, as it is a central source of criminal history information for federal, state, and local law enforcement.

Your Committee is committed to saving general funds by using non-general funds wherever applicable. As such, the Legal Services Division's general fund budget was reduced by using interdepartmental transfers to fund services provided to other departments. The department will be reimbursed as follows:

- The Department of Human Services has agreed to fund two deputies and one temporary deputy for a total of \$324,223;
- The Department of Education has agreed to fund two deputies for \$172,360, in exchange for the Department of the Attorney General funding one deputy at \$87,500; and
- \$220,000 from the Department of Commerce and Consumer Affairs to adjust for a new memorandum of understanding reimbursing the department for services totaling \$600,000.

The transfers save the State \$544,223 in general funds, as the Department of Human Services will be federally reimbursed and the Department of Commerce and Consumer Affairs is special funded through its compliance resolution fund.

#### Accounting and General Services

Your Committee recognizes the Department of Accounting and General Services' struggle to achieve its objectives due to severe personnel reductions. The department has adjusted schedules, work locations, and assignments in order to meet essential operating needs. Information and Communication Services Division personnel were decreased by thirty-six per cent over the past fiscal biennium and sustaining production capabilities is rapidly becoming a crisis.

Your Committee understands the importance of the Information and Communication Services Division to other executive departments and has restored eleven positions to help bring the division's data center back to twenty-four hours/seven days a week operations. With this addition, executive departments can begin to reduce their work backlog and improve services.

Although consumption levels of electricity, water, and sewage fell significantly in fiscal year 2010-2011, rates for these utilities have again increased. In an effort to alleviate these growing costs, your Committee has provided \$1.3 million for fiscal year 2011-2012 and \$700,000 for fiscal year 2012-2013.

Your Committee is concerned over the procurement practices of state agencies, and procurement violations have troubled your Committee for some time. As such, your Committee has authorized and provided funding for five positions to the State Procurement Office. Among those positions are four purchasing specialists, which will enable the State to award and maintain additional contracts in a timely and efficient manner.

#### Transportation

Your Committee supports the Department of Transportation in its oversight and maintenance of the State's airports, harbors, and highways.

Significant reductions for both fiscal year 2009-2010 and 2010-2011 deferred scheduled maintenance projects in the department's Harbors and Highways Divisions. Your Committee recognizes that deferred maintenance in these areas compounds the eventual cost of repair. As such, your Committee has approved an increase in the Highways Division authority to utilize special funds in the amount of \$22.2 million for fiscal year 2011-2012 and \$58.4 million for fiscal year 2012-2013 for special maintenance projects across the State.

Your Committee understands the desire of the department to consolidate the highway programs of Maui, Lanai, and Molokai into a single program. As such, your Committee has approved the department's request to consolidate these highway programs into a single program. This will reduce administrative overhead and facilitate the transfer of funds between the islands.

#### Defense

Budget reductions have resulted in the loss of approximately \$1.3 million in federal matching funds for the Department of Defense. As one of its guiding principles, your Committee recognizes the importance of maximizing federal funds. Accordingly, your Committee has provided \$369,101 in general funds that will net \$4.1 million in matching federal funds for fiscal year 2011-2012 and has provided \$478,202 in general funds with a \$4.1 million federal funds-match for fiscal year 2012-2013. These funds will help to maintain and improve the facilities of the Hawaii National Guard, expand the Hawaii National Guard's distance learning program, assist with the juvenile justice and delinquency prevention program, sustain quality members in the Hawaii National Guard Youth Challenge Academy, and help to sufficiently staff the emergency operating center for the State Civil Defense Division.

The State Civil Defense Division provides important emergency services to the State, including the coordination of private and public authorities, planning and mobilizing rapid response services and recovery efforts, and restoring essential public services. As such, your Committee has provided \$109,101 for fiscal year 2011-2012 and \$218,201 for fiscal year 2012-2013.

Your Committee also recognizes the valuable service and contribution of Hawaii's veterans. In light of these contributions, your Committee has provided \$634,491 for fiscal year 2011-2012 and \$3.2 million for fiscal year 2012-2013, which will be entirely federally reimbursed, for repair and maintenance on all veterans' cemeteries statewide.

#### Labor

Your Committee finds that lack of employer confidence has kept unemployment levels at record highs. On December 17, 2010, President Obama signed the Tax Relief, Unemployment Insurance Reauthorization Act, which extended the Emergency Unemployment Compensation Program through January 3, 2012. This law will allocate \$262.2 million in federal funds to the State and will benefit nearly eighteen thousand of Hawaii's unemployed. Your Committee recognizes the prolonged hardship of long-term unemployment in already difficult times and is supportive of the Department of Labor and Industrial Relations' efforts in garnering federal support to assist the State's displaced workforce.

#### Hawaiian Home Lands

Your Committee supports the Department of Hawaiian Home Lands' efforts to consolidate its programs. Your Committee has approved the department's request to consolidate the Management and General Support for Hawaiian Homesteads Program with the Planning and Development for Hawaiian Homesteads Program. Combining these programs will increase efficiency and the ability to distribute workloads as needed to assist the department's objective of placing native Hawaiians on Hawaiian Home Lands.

Your Committee recognizes that Act 14, Special Session Laws of Hawaii 1995, settled all claims made on behalf of the Hawaiian Home Lands Trust against the State between August 21, 1959, and July 1, 1988. The final \$30 million annual deposit will be received in 2014. Your Committee is concerned that the department has not provided a financial report that outlines how it will cope with discontinuation of the settlement funds. Your Committee believes that the six-year report should account for the drop off in funding and detail the department's plan to ensure that the department is able to meet its long-term objectives.

#### VI. CAPITAL IMPROVEMENTS PROGRAM

Your Committee finds that well-maintained physical infrastructure and state facilities are essential to maintaining a positive business climate and a strong economic foundation, which will ultimately help to support the State's ability to navigate through the current, and any future, precarious economic conditions. Your Committee further finds that to combat the effects of the current recession and experience positive growth, the continued investment in our economy, by various means, is necessary. Your Committee understands that investment in infrastructure and facilities is crucial for short-term economic growth and job creation.

However, your Committee believes that additional and increased investment in education, technology, communications, health care facilities, energy, transportation, and environment, as well as other needs, must also be examined to ensure sustained long-term economic recovery and growth for our State and its residents.

Your Committee finds that the need to invest in local infrastructure to help stimulate direct and indirect job creation is highly critical at this time when the State is experiencing its highest unemployment rate in thirty years. Expediency in the creation and maintenance of local construction jobs, as well jobs for architects, engineers, and other consultants associated with capital projects, will generate more disposable income, which will in turn circulate throughout the State's economy.

Accordingly, the administration's capital improvement program biennium budget, as amended pursuant to subsequent Governor's Messages, provided a total of \$1,476,155,000 for projects funded by general obligation (G.O.) bonds and general obligation reimbursable (G.O.R.) bonds and \$2,678,921,000 for all projects funded by all means of financing. Similarly, your Committee, after carefully considering the current economy along with the proposals, needs, and priorities of the administration and the departments, has provided a total of \$1,645,584,000 for projects funded by G.O. and G.O.R. bonds and \$2,963,448,000 for projects funded by all means of financing.

In exercising fiscal prudence, your Committee has reevaluated the funding for prior appropriated executive budget projects and, as a result, has lapsed funding for several projects in the amount of \$27,144,640. These lapses represent unrequired balances for completed projects, funds for which the administration has denied allotment for various reasons, funds that the departments have indicated are otherwise unnecessary, insufficient, or for projects that are unlikely to be undertaken within the necessary timeframe to avoid standard lapsing, and funds that do not demonstrate the current priorities of the State.

In addition, your Committee has crafted a biennium budget that includes projects that are essential to assist in achieving short-term economic stimulation, as well as projects that will help to stabilize the infrastructure to accommodate for long-term growth. This budget aggressively focuses on funding both crucial and significant capital projects that can be undertaken immediately in fiscal year 2011-2012. Your Committee believes that the funding for the fiscal biennium in fiscal year 2011-2012 will provide an immediate infusion of funds for shovel-ready projects. Because these funds will not lapse for three years, this approach will empower departments and agencies with the ability and greater flexibility to address their current needs and requirements expeditiously.

Accordingly, your Committee believes that increased funding in the first year of the fiscal biennium will allow the State to:

- (1) Address many critical health and safety requirements;
- (2) Reduce current repair and maintenance backlogs throughout several departments;
- (3) Provide jobs for unemployed and underemployed residents; and
- (4) Provide the framework for growth and expansion of services, programs, and facilities.

A continuing concern for the State is to ensure that our keiki are properly educated and employable, which will contribute to the State's long-term economic viability. Investment in our public schools, at all levels, is necessary to help improve, expand, and grow new programs and facilities. However, the continuing need to address the existing and growing backlog of repair and maintenance projects within the Department of Education and the University of Hawaii system is critical. Your Committee has demonstrated its ongoing commitment to reducing and ultimately eliminating these repair and maintenance backlogs over the next six years by appropriating \$71,788,000 for repair and maintenance projects of the Department of Education and \$95,987,000 for capital renewal and deferred maintenance projects of the University of Hawaii system.

Despite repeated efforts to provide increased funding to the Department of Education to address the repair and maintenance backlog, the prior administration had limited the department's ability to implement projects by failing to release the necessary funds. However,

in light of the depressed economy and the current administration's commitment to stimulating the local economy through its New Day Plan, which focuses on the creation of jobs and economic stimulation, as evident in the administration's \$2.6 billion capital improvement plan, your Committee is confident that the funds will be released and projects completed.

In addition, your Committee has provided critical funding for the following:

- (1) The Hawaii Health Systems Corporation:
  - (A) \$32,500,000 in fiscal year 2011-2012 for repair and maintenance projects of the Hawaii Health Systems Corporation; and
  - (B) \$15,000,000 for fiscal year 2011-2012 for an Electronic Medical Records System for all hospitals within the Hawaii Health Systems Corporation;
- (2) \$35,670,000 for fiscal year 2011-2012 and \$55,300,000 for fiscal year 2012-2013 for non-routine repair and maintenance projects of the Hawaii Public Housing Authority to repair and improve affordable public housing facilities throughout the State;
- (3) \$7,800,000 to make critical repairs needed for the damage caused by the March 2011 tsunami.
- (4) \$17,920,000 for the fiscal biennium for grants-in-aid to nonprofit organizations for facilities improvement and expansion. Such assistance is vital, as these nonprofit organizations continue to provide additional services to our residents, in light of the fact that the State may be forced to reduce services due to the current economic climate; and
- (5) Various projects within the Department of Transportation, Department of Defense, Department of Agriculture, Department of Health, and the University of Hawaii, among others, to ensure that matching federal, private, and other funds contributions may be maximized and not lost or forfeited.

Finally, the biennium budget provides funding for various other capital projects that your Committee believes should be included at this time, but that may warrant further discussion as the budget is further refined during the remainder of session to meet the evolving needs and priorities of the State.

#### VII. CONCLUSION

This draft of the budget brings us another step closer toward resolving the severe financial situation we face. The Governor and House of Representatives have each presented proposals that differ greatly from each other and from that of the Senate. Your Committee looks forward to open, honest, and collaborative discourse during the upcoming conference phase of the legislative session so that informed decisions are made in a manner that will best move us through these difficult times. Although this draft is now complete, your Committee remains at the table working on the budget feat. Each and every stakeholder shall have a seat, with the goal of achieving a healthy balance sheet.

In total, this draft of the budget appropriates \$5,426,412,417 in general funds and \$11,027,154,179 in all means of financing for fiscal year 2011-2012 and \$5,538,088,653 in general funds and \$10,884,581,091 in all means of financing for fiscal year 2012-2013. These figures represent reductions of \$277,333,105 in general funds and \$333,664,905 in all means of financing for fiscal year 2011-2012 and \$376,867,010 in general funds and \$437,548,666 in all means of financing for fiscal year 2012-2013 to the Governor's requested budget.

Finally, your Committee has made numerous technical, nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 200, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 200, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (Dela Cruz, Ryan). Noes, 1 (Slom). Excused, none.

#### **SCRep. 1076 Ways and Means on H.B. No. 300**

The purpose and intent of this measure is to appropriate funds for the operating and capital improvements program budget of the Judiciary for the fiscal biennium beginning July 1, 2011, and ending on June 30, 2013.

Your Committee received comments in support of this measure from W. Tom Mick, Policy and Planning Department Head, The Judiciary, State of Hawaii; Hawaii State Bar Association; Robert D.S. Kim, President, West Hawaii Bar Association; Tom Farrell, Esq., Chair, Family Law Section, Hawaii State Bar Association; Board of Directors of the Mediation Center of the Pacific; Tracey Wiltgen, Executive Director, the Mediation Center of the Pacific, Inc.; Karen K. Kosasa, Associate Director, Department of American Studies, University of Hawaii at Manoa; Alan Rosenfeld, Ph.D., Assistant Professor of History, University of Hawaii-West Oahu; Robert G. Buss, Executive Director, Hawaii Council for the Humanities; and eight individuals.

Your Committee received comments on this measure from Kalbert K. Young, Director, Department of Budget and Finance.

Your Committee is mindful of the importance the Senate Committee on Judiciary and Labor has placed on ending furlough days for the Judiciary and the significant effort it has invested in locating the funds needed to effectuate this goal through economies within the Judiciary budget and other budgets under its purview.

Your Committee concurs that the Judiciary is an agency facing unique circumstances and that furloughs have severely hampered its constitutional mission to provide access to justice and protect constitutional rights and liberties. As such, your Committee has strived to implement many of the findings made by the Committee on Judiciary and Labor.

Your Committee has restored the funding needed to end the furlough of Judiciary employees, amounting to approximately \$8.1 million. Your Committee understands that this is the top priority of the Judiciary. However, the State's deteriorating revenue outlook requires that some method of achieving savings be implemented. Your Committee reduced the budget by \$2.3 million to reflect personnel and other types of savings. Additionally, during the 2010 Regular Session, the Legislature added \$1.3 million for fiscal year 2011 to fund specialty courts and purchase-of-services contracts. Given the current economic climate, your Committee has reduced this amount.

Although the economic outlook is uncertain, your Committee acknowledges that the courts provide various services that reduce recidivism. As such, your Committee has provided four positions to allow Neighbor Island courts to assume responsibility for adult community service sentencing duties currently performed by the Department of Public Safety.

Your Committee has also amended the measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 300, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 300, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Slom). Noes, none. Excused, none.

**SCRep. 1077 Ways and Means on H.B. No. 400**

The purpose and intent of this measure is to appropriate funds for the operating budget of the Office of Hawaiian Affairs for fiscal years 2011-2012 and 2012-2013.

Your Committee received written comments in support of this measure from the Office of Hawaiian Affairs and Hardy Spoehr, Executive Director, Papa Ola Lokahi.

Your Committee finds that this measure, as amended by the House Committee on Finance, would reduce state general funds provided to the Office of Hawaiian Affairs by \$98,787 during each fiscal year of the biennium period 2011-2013. Your Committee understands that the Office of Hawaiian Affairs does not oppose the adjustments proposed in this measure, as the decrease has a direct correlation to the continued economic downturn as well as efforts by the State to reduce its significant operating deficit.

Your Committee supports the response by the Office of Hawaiian Affairs that limited resources must be used efficiently in challenging circumstances.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 400, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Slom). Noes, none. Excused, none.

**SCRep. 1078 (Joint) Agriculture and Water, Land, and Housing and Public Safety, Government Operations, and Military Affairs on H.B. No. 1230**

The purpose and intent of this measure is to exempt from the county permitting process the construction of low-risk nonresidential agricultural and aquacultural structures, under certain conditions.

Your Committees received testimony in support of this measure from the East Oahu County Farm Bureau; Aquaculture Planning and Advocacy LLC; Oceanic Institute; Hawaii Aquaculture and Aquaponics Association; Hawaii Agriculture Research Center; Kunia Water Cooperative; Deeo Blue Research; Hawaii Cattlemen's Council; Day2 Resources LLC; Analytical Services Inc.; Hawaii Farm Bureau Federation; Island Harvest Inc.; and six individuals. Your Committees received testimony in opposition to this measure from the Department of Planning and Permitting of the City and County of Honolulu, State Fire Council, Honolulu Fire Department, Kauai Fire Department, and Department of Fire and Public Safety of the County of Maui. Your Committees received comments on this measure from the Department of Agriculture.

Your Committees find that nonresidential agricultural and aquacultural buildings are often required to meet the same county permitting requirements as commercial buildings and buildings used for human habitation. This measure will reduce the start-up and expansion costs incurred by local farmers by allowing the expeditious and efficient construction of small, low-risk, nonresidential structures used for agricultural or aquacultural operations. Farmers will be able to use readily available, low-cost structures to store materials, equipment, and other supplies while also protecting their assets against inclement weather, vandalism, and theft.

Your Committees have amended this measure by:

- (1) Including the raising of animals under the definition of "agricultural" as it relates to operations conducted by certain structures, exempting those structures from county building permitting under this measure; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Agriculture and Water, Land, and Housing and Public Safety, Government Operations, and Military Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1230, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1230, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

Ayes, 11; Ayes with Reservations (Kouchi). Noes, none. Excused, 4 (Baker, Chun Oakland, Fukunaga, Tokuda).

**SCRep. 1079 Commerce and Consumer Protection on H.B. No. 1052**

The purpose and intent of this measure is to adopt amendments to provisions of the Insurance Code relating to surplus lines insurance to comply with the federal Nonadmitted and Reinsurance Reform Act of 2010 and to participate in a multistate cooperative to collect and distribute surplus lines insurance premium taxes and fees among compact members.

Your Committee received testimony in support of this measure from the Insurance Commissioner of the Department of Commerce and Consumer Affairs. Your Committee received comments on this measure from the National Association of Professional Surplus Lines Offices, Ltd.

Your Committee finds that this measure will enable the Insurance Commissioner to comply with the federal Nonadmitted and Reinsurance Reform Act of 2010 and participate on behalf of the Insurance Division, in the multi-state effort to regulate issuers of surplus lines insurance policies that cover risks in multiple states and to collect and properly distribute premium taxes. Your Committee further finds that participation in the multi-state effort is authorized under the Nonadmitted and Reinsurance Reform Act of 2010 and is essential for the Insurance Division to be able to continue to collect premium taxes on multistate surplus lines policies which are deposited into the General Fund and presently represent \$10,000,000 annually.

Your Committee has amended this measure by:

- (1) Amending the payment schedule for premium taxes on multi-state surplus lines insurance to require a surplus lines broker to submit payment pursuant to this measure no later than September 15, 2011, for transactions after December 31, 2010, and before July 1, 2011, and payments for subsequent transactions no later than forty-five days after the end of each calendar quarter;
- (2) Adding a new provision directing the Insurance Commissioner to submit recommendations to the Legislature prior to the convening of the 2012 Regular Session for legislation pertaining to and enabling the Insurance Commissioner's full participation in the multi-state effort to regulate surplus lines insurers and collect and distribute premium taxes by the Nonadmitted and Reinsurance Reform Act of 2010;
- (3) Changing its effective date to July 1, 2011, and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

Your Committee notes that the multi-state effort authorized pursuant to the federal Nonadmitted and Reinsurance Reform Act of 2010 is currently being created by the participating states. Therefore, your Committee anticipates that further legislation will be necessary in the future to enable the Insurance Commissioner to fully participate in the multi-state effort once it is implemented in its final form. Your Committee finds that, as the regulator charged with conducting the State's participation in the multi-state effort, the guidance of the Insurance Commissioner will be essential to assist the Legislature in crafting effective future legislation.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1052, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1052, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Slom).

**SCRep. 1080 Human Services on H.B. No. 739**

The purpose and intent of this measure is to specify that in Community Care Foster Family Homes approved for a maximum of three clients, the primary caregiver must be a Certified Nurse Aide and the substitute caregiver must be a Nurse Aide.

Your Committee received testimony in support of this measure from the Filipino Chamber of Commerce of Hawai'i; National Federation of Filipino American Associations Region XII; Adult Foster Homecare Association of Hawaii; The Primary Care Providers; Alliance of Residential Care Administrators; Lou's Quality Home Health Care Services, LLC; and numerous individuals. Your Committee received testimony in opposition to this measure from the Department of Human Services, City and County of Honolulu Department of Community Services, Long-Term Care Ombudsman, and two individuals.

Your Committee finds that requiring Community Care Foster Family Homes caregivers to be licensed as Certified Nurse Aides or Nurse Aides results in better quality of care and safety for elderly and disabled residents of Community Care Foster Family Homes. Your Committee further finds that Certified Nurse Aides and Nurse Aides must attain a minimum level of education and meet certain coursework requirements in order to become licensed.

Your Committee additionally finds that Certified Nurse Aides must undergo a twenty-four hour examination every two years and obtain recertification from the Department of Commerce and Consumer Affairs. Your Committee also finds that although Nurse Aides do not have to take a similar examination, they must complete continuing education every two years to ensure that their skills are maintained at a satisfactory level.

Your Committee has heard the concerns regarding the barriers to maintaining a Certified Nurse Aide license. Your Committee finds that the licensing and continuing education requirements under this measure will help ensure the quality of care and provision of services provided by caregivers in Community Care Foster Family Homes.

Accordingly, your Committee has amended this measure by requiring:

- (1) Community Care Foster Family Homes to be certified and in operation for at least one year prior to being certified for a third client;
- (2) Nurse Aides to complete a minimum of twelve hours of continuing education every calendar year;

- (3) A Community Care Foster Family Home to individually name each substitute caregiver on its liability insurance policy; and
- (4) Community Care Foster Family Homes to ensure that the following are current and made available for inspection by the Department of Human Services and the clients of the Community Care Foster Family Homes:
- (A) Proof that a substitute caregiver possesses the requisite skills to qualify as a Nurse Aide; and
- (B) Proof of certifications for Certified Nurse Aides.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 739, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 739, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, none.

**SCRep. 1081 Ways and Means on H.B. No. 775**

The purpose and intent of this measure is to restate and reinforce the 2002 legislative directive to transfer all moneys in the photo enforcement revolving fund to the general fund of the State.

Your Committee finds that the photo enforcement revolving fund was established by Act 240, Session Laws of Hawaii 2000. Your Committee also finds that Act 58, Session Laws of Hawaii 2002, repealed Act 240 and required, among other things, that all moneys in the photo enforcement revolving fund be transferred to the general fund of the State. However, records appear to indicate that a balance of \$3,480,000 remains in the photo enforcement revolving fund. Your Committee further finds that given the State's current fiscal situation, restating the legislative directive that the unused funds in the photo enforcement revolving fund be transferred immediately to the general fund is prudent.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 775, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 1082 Ways and Means on H.B. No. 1015**

The purpose and intent of this measure is to make an emergency appropriation out of the brownfields cleanup revolving loan fund to complete the disbursement of funds to the Department of Hawaiian Home Lands to clean up a contaminated site in Kapolei.

Your Committee received testimony in support of this measure from Jesse K. Souki, Interim Director, Office of Planning, Department of Business, Economic Development, and Tourism.

Your Committee finds that the Department of Business, Economic Development, and Tourism received a grant of \$2,000,000 from the United States Environmental Protection Agency for a brownfields cleanup revolving loan fund program to clean up contaminated sites.

Your Committee also finds that the Department of Business, Economic Development, and Tourism executed a loan with the Department of Hawaiian Home Lands to clean up a contaminated site in Kapolei. The federal grant funds must be disbursed to the Department of Hawaiian Home Lands in fiscal year 2010-2011. However, the amount of federal grant funds that remain to be disbursed exceeds the existing expenditure ceiling of \$1,000,000. This measure provides an emergency appropriation of an additional \$1,000,000, for a total of \$2,000,000 authorized for expenditure in the 2010-2011 fiscal year, from the brownfields cleanup revolving loan fund to complete the disbursement of funds to the Department of Hawaiian Home Lands and allow the Department of Business, Economic Development, and Tourism to meet its requirements under the federal grant.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1015, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 3 (Dela Cruz, Kidani, Tokuda).

**SCRep. 1083 Ways and Means on H.B. No. 1035**

The purpose and intent of this measure is to place a moratorium on benefit enhancements under the Employees' Retirement System until the system is fully funded.

Your Committee received comments in support of this measure from Kalbert K. Young, Director, Department of Budget and Finance; and Kris Coffield, Legislative Director, IMUAlliance. Your Committee received comments on this measure from Michael Hansen, Department of Budget and Fiscal Services, and Noel Ono, Department of Human Resources, City and County of Honolulu.

Your Committee finds that stability in the level of benefits received by current and former public employees will help the Employees' Retirement System to eventually eliminate its unfunded liability and ensure the long-term viability of the system.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1035, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 1084 Ways and Means on H.B. No. 121**

The purpose and intent of this measure is to ensure that the Hawaii Civil Air Patrol can readily provide Hawaii residents with necessary disaster relief, search and rescue, homeland security, and medical emergency transport services, by appropriating funds to help defray the operational expenses of the Hawaii Civil Air Patrol.

Your Committee received written comments in support of this measure from Carswell Ross, Lt. Col., Civil Air Patrol, Commander of the 66th Composite Squadron, United States Air Force Auxiliary; Herbert T. Kaneshige, Colonel, Deputy Director, Government Relations, Civil Air Patrol, Hawaii Wing, United States Air Force Auxiliary; Darryl Choy, Lt. Col., Director of Personnel, Civil Air Patrol, Hawaii Wing, United States Air Force Auxiliary; and Stanley Y. Fernandez, Sr., Colonel, Civil Air Patrol, Hawaii Wing.

Your Committee finds that in addition to disaster relief, search and rescue, homeland security, and medical emergency transport services, the Hawaii Civil Air Patrol also operates the State's tsunami warning operations. This measure will help the Hawaii Civil Air Patrol defray its operational expenses and offset declining federal funding to the agency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 121, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 1085 Ways and Means on H.B. No. 814**

The purpose and intent of this measure is to reduce the expenses of the State and the counties for the group life insurance benefits of retired and active public employees.

Specifically, this measure:

- (1) Limits group life insurance benefits to only retired employees who retired before July 1, 2011;
- (2) Eliminates annual adjustments of the monthly contributions for the group life insurance benefits of retirees; and
- (3) Eliminates the negotiability of group life insurance contributions for active employees.

Your Committee received comments in support of this measure from Michael Hansen, Department of Budget and Fiscal Services, and Noel Ono, Department of Human Resources, City and County of Honolulu.

Your Committee received comments in opposition to this measure from Randy Perreira, Executive Director, Hawaii Government Employees Association.

Your Committee received comments on this measure from Kalbert K. Young, Director, Department of Budget and Finance.

Your Committee finds that the long-term cost saving initiative proposed in this measure will help to alleviate the significant benefits liabilities faced by the State and the counties.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 814, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 3 (Dela Cruz, English, Kouchi).

**SCRep. 1086 (Majority) Ways and Means on H.B. No. 1079**

The purpose and intent of this measure is to provide a funding mechanism to help the Department of Land and Natural Resources continue to assist landowners in developing, renewing, and monitoring habitat conservation plans by authorizing the Department to collect fees to cover associated costs.

Your Committee received written comments in support of this measure from William J. Aila, Jr., Chairperson, Department of Land and Natural Resources; Richard Lim, Director, Department of Business, Economic Development, and Tourism; David Lane Henkin, Attorney, Earthjustice; and one individual.

Your Committee finds that development, while beneficial in other ways, may negatively affect Hawaii's population of threatened and endangered species. The Department of Land and Natural Resources has established a program to assist landowners with their habitat conservation plans to avoid, minimize, mitigate, and monitor take of threatened and endangered species.

In recent years, however, the demand for these services has grown, and the department cannot meet the increased demand under its current budget. This measure will enable the Department of Land and Natural Resources to continue providing these valuable services by implementing fees to cover the costs of the program and adopting rules for establishing the fees.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1079, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, 1 (Slom). Excused, 3 (Dela Cruz, English, Ryan).

**SCRep. 1087 Ways and Means on H.B. No. 70**

The purpose and intent of this measure is to establish a return-to-home program to allow individuals who find themselves homeless in the State to return to their home state and reconnect with support networks ready and able to receive them. In addition, this measure appropriates funds to implement the program.

Your Committee received comments on this measure from Patricia McManaman, Director, Department of Human Services.

Your Committee finds that homeless persons are better able to thrive when they have access to familiar support groups or family members. This measure will assist homeless individuals to reunite with family and relatives in the individual's home state.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 70, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 3 (Dela Cruz, Kidani, Tokuda).

**SCRep. 1088 (Majority) Ways and Means on H.B. No. 945**

The purpose and intent of this measure is to find feasible methods of implementing the minimum student instructional days and hours requirements established under Act 167, Session Laws of Hawaii 2010 (Act 167).

Specifically, the measure accomplishes this purpose by:

- (1) Exempting multi-track schools from the requirements of Act 167;
- (2) Delaying the implementation of Act 167 by three years, with 2014 as the first year of implementation;
- (3) Requiring the Department of Education to assess the ability of all public schools to comply with the requirements of Act 167 and to report its findings to the Legislature prior to the 2012 Regular Session; and
- (4) Requiring the Department of Education, with the Board of Education and the Governor, to consult with representatives of affected public worker collective bargaining units and submit to the Legislature a report on its progress in meeting the requirements of Act 167 prior to the 2013 to 2018 Regular Sessions.

Your Committee received comments in support of this measure from Kalbert K. Young, Director, Department of Budget and Finance; Neal Takamori, President, Athletic Directors and Coaches Association of Hawaii; and Meredith Maeda, Principal, James B. Castle High School.

Your Committee received comments in opposition to this measure from Melanie Bailey and Kathy Bryant.

Your Committee finds that the additional work time required of school staff under Act 167 necessitates more funding to cover the lengthened school day and year once these requirements are implemented. The Department of Education estimates that implementing Act 167 within the next biennium will add \$55,000,000 in operating costs - mostly in labor. The Department of Budget and Finance projects that these increased costs will occur at a point when the fiscal condition of the State will not have sufficiently improved to afford these costs. An essential component of the State's overall plan to balance its budget is the achievement of labor savings. Although the requirements of Act 167 are intended to ensure a minimum amount of educational classroom instruction for Hawaii's students, it is unrealistic to expect that labor savings can be negotiated with Department of Education employees while simultaneously increasing their work requirements. Hence, the State's current fiscal challenges make it extremely difficult to implement Act 167 at the present time.

Your Committee further finds that multi-track public schools have unique schedules to address overcrowding and will find it particularly difficult to meet the requirements of Act 167. This measure will provide the Department of Education additional time to address both the logistical and financial considerations of implementing Act 167, while requiring the department to report to the Legislature on its progress in meeting these standards.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 945, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Chun Oakland, Espero). Noes, 1 (Slom). Excused, 1 (Dela Cruz).

**SCRep. 1089 Ways and Means on H.B. No. 1540**

The purpose and intent of this measure is to achieve consistency between state and federal standards for teachers by making permanent the statutory provisions that:

- (1) Limit the maximum employment period for teachers hired on an emergency basis by the Department of Education to three years; and
- (2) Require unlicensed teachers hired on an emergency basis prior to July 1, 2008, to attain licensure within four years of the date of employment.

Your Committee finds that the No Child Left Behind Act of 2001 set forth various requirements that have created confusion and contradictions regarding the requisite qualifications of teachers under state and federal standards. This measure makes permanent the statutory provisions established under Act 125, Session Laws of Hawaii 2008, to better align Hawaii's teacher licensure requirements with the criteria for highly qualified teachers under the No Child Left Behind Act.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1540, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 1090 Ways and Means on H.B. No. 1566**

The purpose and intent of this measure is to establish mechanisms to improve and maintain the State's small boat harbors.

Specifically, the measure:

- (1) Authorizes the limited issuance of commercial use permits for vessels with assigned moorings in the Ala Wai and Keehi boat harbors;
- (2) Provides for future mooring fees to be established by appraisal by a state-licensed appraiser and assigned a schedule B rate, while existing mooring holders remain in a schedule A class that shall equal schedule B rates over a five-year period; and
- (3) Directs the Department of Land and Natural Resources to use the request for proposals procurement process to enter into a public-private partnership for the development of portions of Ala Wai boat harbor facilities that are presently underused to maximize the revenue potential from its facilities.

Your Committee received comments in opposition to this measure from Robert R. Humphreys, on behalf of the Association of Apartment Owners of the Ilikai; and one hundred ninety-four individuals.

Your Committee received comments on this measure from William J. Aila, Jr., Chairperson, Department of Land and Natural Resources.

Your Committee finds that this measure will have the following positive affects:

- (1) Making the Ala Wai and Keehi boat harbors consistent with the other boat harbors of the State by allowing limited commercial vessel activity;
- (2) Ensuring that the Department of Land and Natural Resources receives a fair market return on the exclusive use of these public facilities by establishing use fees by appraised values;
- (3) Reducing the burden on tax revenues for capital improvement projects by using fair market use fee revenues that exceed the actual operating cost of the facility for repairs, maintenance, and replacement of facilities; and
- (4) Establishing a new funding source for the Department of Land and Natural Resources by extending the leasable areas of the harbor to the submerged lands to support the department's long-range repair and maintenance goals for public harbor facilities and providing a stepping-stone to departmental self-sufficiency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1566, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Slom). Noes, none. Excused, 3 (Dela Cruz, English, Ryan).

**SCRep. 1091 Ways and Means on H.B. No. 423**

The purpose and intent of this measure is to authorize issuance of special purpose revenue bonds in a total amount not to exceed \$40,000,000 for Carbon Bio-Engineers, Inc., or a partnership in which Carbon Bio-Engineers, Inc. is a general partner, for development of non-fossil fuel energy production.

Your Committee received comments in support of this measure from Dante Carpenter, Secretary of the Board of Directors, Carbon Bio-Engineers, Inc.

Your Committee received comments on this measure from Kalbert K. Young, Director, Department of Budget and Finance

Your Committee finds that this measure will ultimately result in lessened dependency on fossil fuels, a decreased use of landfills, and reduced transportation and disposal costs, and indirectly provide lower priced electrical energy to the grid through local distributed generation.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 423, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 3 (Dela Cruz, Kidani, Tokuda).

**SCRep. 1092 (Majority) Ways and Means on H.B. No. 273**

The purpose and intent of this measure is to curtail tobacco use in Hawaii by imposing an excise tax on tobacco products other than cigarettes, little cigars, and large cigars. This measure also applies the excise tax to bulk and small quantity purchases of tobacco products and large cigars and directs an unspecified percentage of the excise taxes to tobacco use prevention and treatment programs.

Your Committee received comments in support of this measure from George S. Massengale, JD, Director of Government Relations, American Cancer Society Hawaii Pacific, Inc.; Trisha Y. Nakamura, Esq., Policy and Advocacy Director, Coalition for a Tobacco-Free Hawaii; Donald B. Weisman, Hawaii Government Relations Director, American Heart Association; Megan Inada, MPH, Tobacco Programs Coordinator, Kokua Kalihi Valley Comprehensive Family Services; Forrest Batz, PharmD, Assistant Professor, Department of Pharmacy Practice, University of Hawaii at Hilo, College of Pharmacy; Valerie Chang, JD, Executive Director, Hawaii COPD Coalition; Marilyn J. Gagen, Marilyn J. Gagen, CPA, LLC; Hardy Spoehr, Executive Director, Papa Ola Lokahi; Valerie K. Saiki, Tobacco Control Specialist, Na Lei Wili Area Health Education Complex; and twenty-seven individuals.

Your Committee received comments in opposition to this measure from Justin Ingram, Manager, Tobaccos of Hawaii; Mark Miyahira, partner, Shiroma's Wine and More; Jon Fia; and one individual.

Your Committee received comments on this measure from the Tax Foundation of Hawaii; and William Goo, on behalf of Cigar Association of America, Inc.

Your Committee finds that imposing an excise tax on tobacco products and applying the tax proportionately to all quantities of tobacco products will discourage tobacco use in Hawaii and improve the overall health of Hawaii's population. Your Committee also finds it appropriate that a portion of excise taxes collected on sales of tobacco products is used to fund tobacco use prevention and dependence recovery programs.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 273, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, 1 (Slom). Excused, 3 (Dela Cruz, English, Kouchi).

**SCRep. 1093 Ways and Means on H.B. No. 855**

The purpose and intent of this measure is to authorize the issuance of up to \$25,000,000 in special purpose revenue bonds to assist Pacific Power and Water Company, Inc. with the planning, permitting, designing, construction, equipping, and operating of hydropower facilities throughout the State.

Your Committee received comments on this measure from Kalbert K. Young, Director, Department of Budget and Finance.

Your Committee finds that the development of hydropower facilities throughout the State will promote the use of clean and renewable energy and reduce Hawaii's reliance on imported oil.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 855, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 3 (Dela Cruz, Kidani, Tokuda).

**SCRep. 1094 Ways and Means on H.B. No. 550**

The purpose and intent of this measure is to require the Auditor to analyze the allocation of cable operator franchise fees and to review the reports of the financial, technical, and operational condition of 'Olelo Community Television.

Specifically, the measure would require the Auditor to:

- (1) Review the allocation of fees to public, educational, and government access organizations; the Hawaii Public Television Foundation; and the cable television division of the Department of Commerce and Consumer Affairs to determine the basis and rationale for the allocations; and
- (2) Review the reports submitted by 'Olelo Community Television, pursuant to section 440G-14, Hawaii Revised Statutes, and the most recent independent third party review of 'Olelo Community Television to determine whether the reports currently required by statute are sufficient to enable effective oversight.

Your Committee received comments in support of this measure from Everett Kaneshige, Deputy Director, Department of Commerce and Consumer Affairs.

Your Committee finds that in these economically challenging times, the State should ensure that cable operator franchise fee revenues and tax dollars are spent as prudently and effectively as possible. Further, your Committee finds that this measure will help to ensure that the State is able to provide effective oversight of 'Olelo Community Television.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 550, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1095 Ways and Means on H.B. No. 828**

The purpose and intent of this measure is to clarify procedures for administration of tax laws applicable to the cash economy.

Specifically, the measure accomplishes this purpose by:

- (1) Clarifying violations of record and receipt requirements for cash business transactions;
- (2) Allowing business transaction records to be hand written or generated by a manually operated or electronic cash register;
- (3) Limiting the fine for a violation if the person is otherwise in compliance with tax laws; and
- (4) Repealing the penalty for failure to record cash transactions by register.

Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that the "Cash Economy Enforcement Act of 2009", Act 134, Session Laws of Hawaii 2009, was enacted to address the State's cash economy and to ensure that cash transactions are properly reported and general excise taxes are paid on such transactions. Your Committee also finds that this measure clarifies several provisions of the Cash Economy Enforcement Act that will facilitate taxpayer compliance.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 828, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, 1 (Ryan).

**SCRep. 1096 (Majority) Ways and Means on H.B. No. 596**

The purpose and intent of this measure is to provide presumptive eligibility for Medicaid for waitlisted patients who meet certain Medicaid eligibility criteria but have not yet been approved to receive Medicaid assistance.

The measure also appropriates unspecified moneys to cover the costs of reimbursements made to providers for services provided to patients who are later determined to be ineligible for Medicaid. In addition, the measure requires the Department of Human Services to conduct a study for a potential computerized system for processing Medicaid applications.

Your Committee received comments in support of this measure from Eldon L. Wegner, Ph.D., Policy Advisory Board for Elder Affairs; Christina Donkervoet, Director of Care Coordination and Patient Flow, The Queen's Medical Center; and Jim Tollefson, President and Chief Executive Officer, The Chamber of Commerce of Hawaii.

Your Committee received comments in opposition to this measure from Patricia McManaman, Director, Department of Human Services.

Your Committee finds that this measure will help reduce unnecessary costs related to providing medical services to patients with pending Medicaid applications and address many of the inefficiencies in the State's obsolete paper-based Medicaid application process.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 596, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, 1 (Slom). Excused, 3 (Dela Cruz, Kidani, Tokuda).

**SCRep. 1097 (Majority) Ways and Means on H.B. No. 916**

The purpose and intent of this measure is to establish an accessible parking special account within the disability and communication access board special fund to be expended to administer the statewide parking program for persons with disabilities.

The measure also increases the state vehicle registration fee by \$1, to be deposited into the accessible parking special account.

Your Committee received written comments in support of this measure from Gail Y. Haraguchi, Director, Department of Customer Services, City and County of Honolulu.

Your Committee finds that increasing the state vehicle registration fee by \$1 will provide the necessary funds to allow the Disability and Communication Access Board to reimburse the counties for the issuance of disabled persons placards and identification cards.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 916, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, 1 (Slom). Excused, 3 (Dela Cruz, Kidani, Tokuda).

**SCRep. 1098 (Majority) Ways and Means on H.B. No. 902**

The purpose and intent of this measure is to help Hawaii residents obtain adequate and timely health care by addressing some of the factors that lead to shortages of primary health care providers in the State.

Specifically, this measure:

- (1) Establishes the Hawaii Health Corps program, under the University of Hawaii John A. Burns School of Medicine, to encourage physicians, physician assistants, and nurse practitioners to work in a county having a shortage of physicians, physician assistants, and nurse practitioners, with priority given to a rural area;
- (2) Creates the Hawaii rural health care provider loan repayment program, to repay educational loans of Hawaii Health Corps program participants, and which shall be administered by the University of Hawaii John A. Burns School of Medicine and the University of Hawaii at Manoa School of Nursing and Dental Hygiene;
- (3) Creates the Hawaii Health Corps revolving fund to be expended for the operational expenses of the Hawaii Health Corps program;
- (4) Appropriates funds to, among other things, implement and administer the Hawaii Health Corps program; and
- (5) Appropriates funds to support the University of Hawaii's John A. Burns School of Medicine and the School of Nursing and Dental Hygiene accreditation efforts and support and expand residency programs, particularly in family medicine.

Your Committee received written comments in support of this measure from Virginia S. Hinshaw, Chancellor, and Jerris Hedges, Dean, John A. Burns School of Medicine, University of Hawaii at Manoa; Eldon L. Wegner, Ph.D., Policy Advisory Board for Elder Affairs; Dr. Morris Mitsunaga, President, Hawaii Medical Association; Healthcare Association of Hawaii; Jackie Berry, Executive Director, Healthy Mothers Healthy Babies; Hardy Spoehr, Executive Director, Papa Ola Lokahi; and one individual.

Your Committee received comments on this measure from Kalbert K. Young, Director, Department of Budget and Finance.

Your Committee finds that many Hawaii residents, particularly those that live in rural communities, are medically underserved. Physician and nurse practitioner salaries in rural areas are often lower than in other urban areas, which contributes to a shortage of health care providers willing to locate in these areas.

Shortages of primary health care providers in the State, including physicians, physician assistants, and nurse practitioners, threaten the health of Hawaii's residents and ultimately lead to increased health care costs. This measure provides incentives for physicians, physician assistants, and nurse practitioners to serve in medically underserved populations, ensuring that Hawaii residents are able to receive adequate and timely health care.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 902, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 1 (Slom). Excused, 3 (Dela Cruz, English, Kouchi).

**SCRep. 1099 Ways and Means on H.B. No. 1286**

The purpose and intent of this measure is to authorize the issuance of up to \$100,000,000 in special purpose revenue bonds to assist BioEnergy Hawaii, LLC, in establishing a cogeneration facility and related energy production facilities for electrical output or biofuels energy, or both.

Your Committee received comments in support of this measure from Guy Kaniho, General Manager, BioEnergy Hawaii, LLC; and Dante Carpenter, Member, Board of Directors, Pacific Waste Inc. Your Committee received comments on this measure from Kalbert K. Young, Director, Department of Budget and Finance.

Your Committee finds that the benefits of the development of cogeneration facilities include reduced greenhouse gas emissions, reduced landfill waste streams, reduced transportation and disposal costs, job creation, the promotion of renewable energy, and reduced dependence on imported fossil fuels.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1286, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 3 (Dela Cruz, Kidani, Tokuda).

**SCRep. 1100 Ways and Means on H.B. No. 608**

The purpose and intent of this measure is to appropriate funds, subject to dollar-for-dollar private matching funds, to sustain Centers for Medicare and Medicaid Services-certified organ transplant operations in Hawaii and maintain a federally-recognized chronic kidney disease management program.

Your Committee finds that there is a critical need to fund a Centers for Medicare and Medicaid Services-certified kidney and liver transplant facility in Hawaii to help ensure that residents of the State with end-stage diseases are not forced to register on transplant waiting lists for mainland transplant centers, which drastically increases the waiting time and risk of not receiving life-saving treatment.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 608, H.D. 3, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 3 (Dela Cruz, English, Kouchi).

**SCRep. 1101 Ways and Means on H.B. No. 773**

The purpose and intent of this measure is to support education by authorizing the issuance of special purpose revenue bonds of up to \$40,000,000 to finance the planning, construction, improvement, and equipping of educational facilities for Saint Louis School.

Your Committee received comments in support of this measure from Daniel S. Gilmore, Ed.D., Vice President-Finance and Facilities, Chaminade University of Honolulu; Robert Witt, Executive Director, Hawaii Association of Independent Schools; Walter S. Kirimitsu, President, Saint Louis School; Anthony R. Guerrero, Jr., Chairman-elect of the Board of Trustees, Saint Louis School; and one individual.

Your Committee finds that the authorization of special purpose revenue bonds under this measure is in the public interest and will promote the education of Hawaii's students.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 773, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 1 (Slom).

**SCRep. 1102 Ways and Means on H.B. No. 1313**

The purpose and intent of this measure is to support education by authorizing the issuance of special purpose revenue bonds of up to \$15,000,000 to finance the planning, construction, improvement, equipping, and renovation of educational facilities for Windward Nazarene Academy.

Your Committee received comments in support of this measure from Robert Witt, Executive Director, Hawaii Association of Independent Schools; Bill Mickelsen, General Manager, King Windward Nissan; Kay Hishinuma, School Administrator, Windward

Nazarene Academy; Kenn Yuen, Owner, Bay View Mini-Putt, LLC; Kainani Inouye, President, Together Everyone Achieves Miracles; and two individuals.

Your Committee finds that the authorization of special purpose revenue bonds under this measure is in the public interest and will promote the education of Hawaii's children.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1313, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 1103 Ways and Means on H.B. No. 383**

The purpose and intent of this measure is to extend the date on which the Legislative Federal Economic Stimulus Program Oversight Commission is terminated from June 30, 2011, to December 31, 2011.

Your Committee received comments in support of this measure from Kate Stanley, Chair, Legislative Federal Economic Stimulus Program Oversight Commission.

Your Committee finds that this measure will allow the Legislative Federal Economic Stimulus Program Oversight Commission to continue to meet the requirements of Act 150, Session Laws of Hawaii 2009, which established the Commission to ensure transparency and accountability for programs, services, and benefits of funds allocated to the State by the American Recovery and Reinvestment Act of 2009. Additional time would permit the Commission to more effectively exercise oversight of the federal economic stimulus program funds and implementation of program expenditures.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 383, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, 1 (Slom).

**SCRep. 1104 Judiciary and Labor on H.B. No. 44**

The purpose and intent of this measure is to establish a misdemeanor offense of solicitation of prostitution near schools or public parks if, within seven hundred fifty feet of a school or a public park, a person offers or agrees to pay a fee to another person to engage in sexual conduct.

Your Committee received testimony in support of this measure from the Department of Education; Hawaii Public Housing Authority; Downtown Neighborhood Board No. 13; EAH Housing; Kukui Kauhale, Inc., Mun Lun Chinese School; Safeway; and three individuals. Your Committee received testimony in opposition to this measure from the Office of the Public Defender, American Civil Liberties Union of Hawai'i, and Libertarian Party of Hawaii.

Your Committee is supportive of this measure as a means of ensuring that the public is not subjected to viewing acts of prostitution near schools and public parks, where children are often present.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 44, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 44, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5; Ayes with Reservations (Slom). Noes, none. Excused, none.

**SCRep. 1105 Judiciary and Labor on H.B. No. 298**

The purpose and intent of this measure is to exempt court interpreters whose presence is requested by the court from prosecution for expired parking meter violations, as is currently provided to other witnesses who are summoned or subpoenaed by the court.

Your Committee received testimony in support of this measure from the Judiciary.

Your Committee finds that the Judiciary uses court interpreters to provide access to justice for those parties and witnesses with limited English proficiency, thereby facilitating the fair and efficient administration of justice. These court interpreters serve at the call of the court, and the interpreters may receive parking tickets when they cannot leave the courtroom to deposit money into parking meters. Your Committee notes that other groups that similarly serve at the call of the court are currently subject to statutory exemptions from prosecution for parking violations while providing services to the court. Those statutory exemptions include jurors and witnesses pursuant to section 621-8, Hawaii Revised Statutes.

The Judiciary submitted testimony describing the important role that court interpreters play within the judicial system to facilitate fair access to justice. According to the Judiciary, court interpreters were used in 7,872 cases during the 2009 fiscal year. The Judiciary also noted its concern that the failure to provide a statutory exemption for parking violations to court interpreters that is similar to jurors and witnesses may provide a disincentive to the recruitment and retention of qualified court interpreters, who are already in short supply and high demand.

Your Committee has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 298, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 298, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Gabbard, Ihara).

**SCRep. 1106 Judiciary and Labor on H.B. No. 968**

The purpose and intent of this measure is to:

- (1) Allow a temporary restraining order to remain in effect for up to one hundred eighty days from the date the order is granted or until the effective date of a protective order issued by the court, whichever occurs first; and
- (2) Clarify when protective orders granted orally by the court shall be effective.

Your Committee received testimony in support of this measure from the Hawaii State Coalition Against Domestic Violence and Downtown Neighborhood Board No. 13. Your Committee received testimony in opposition to this measure from the Office of the Public Defender.

Your Committee finds that this measure would provide greater protection for victims of domestic abuse through the clarification of the transition between temporary restraining orders and protective orders.

Your Committee has amended this measure by changing the effective date to upon approval.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 968, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 968, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1107 Judiciary and Labor on H.B. No. 640**

The purpose and intent of this measure is to require any action taken by a board in an executive meeting that is closed to the public to be reported to the public when the board reconvenes at the open meeting in accordance with chapter 92, Hawaii Revised Statutes, commonly known as the "Sunshine Law".

Your Committee received testimony in support of this measure from the Office of Information Practices, The League of Women Voters of Hawaii, and the Americans for Democratic Action Hawai'i. Your Committee received testimony in opposition to this measure from the Department of the Attorney General, Office of the Mayor of the City and County of Honolulu, and one individual.

Your Committee finds that the Sunshine Law currently allows a board to hold an executive meeting that is closed to the public pursuant to a two-thirds vote of the board members present at the open meeting. That type of executive meeting is authorized when it is necessary to address certain privacy-related matters set out in section 92-5, Hawaii Revised Statutes. If the board votes to take an action during the executive meeting, that vote will become a public record, assuming that the purpose for which the executive meeting is held or the matters discussed are not circumvented or compromised by the disclosure. This measure will benefit the public's interest in transparency of governmental processes by requiring a board to immediately inform those attending the open meeting of the actions taken by the board when the board reconvenes the open meeting.

Your Committee observes, however, that the term "action" may suggest that a board will be required to disclose matters or discussions held in the executive meeting or other information that may circumvent or compromise the purposes for which the executive meeting is held. For example, a broad interpretation of the term "action" could require disclosure of legal advice between a board and the Attorney General, including discussions protected by attorney-client privilege, or may also require disclosure of a board's initial impression of a job applicant's capabilities or a public officer's or employee's annual performance, which may violate those individuals' constitutional liberty interests and right to privacy.

Your Committee is cognizant of the necessity of balancing the competing goals of transparent and open government against the need for board members to have the opportunity to engage in frank discussions about matters that should remain confidential due to constitutional or operational constraints. Your Committee believes that while disclosure of board actions upon reconvening of the open meeting is important, the disclosure should only involve "final actions" or actual votes by the board, rather than the substance of board discussions held in the executive meetings. Moreover, information describing the final action should be subject to the privacy interests described in section 92-5, Hawaii Revised Statutes.

Your Committee has amended this measure by:

- (1) Substituting the term "final action" for the term "action", in relation to the type of board activity that must be disclosed;
- (2) Limiting the information describing the final action that is required to be disclosed by a board under this measure to information that is not inconsistent with the purpose for which the executive meeting was convened pursuant to section 92-5, Hawaii Revised Statutes, including matters affecting the privacy of individuals, and requiring boards to maintain the confidentiality of this information for as long as disclosure would defeat the purpose of convening the executive meeting; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 640, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 640, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1108 Judiciary and Labor on H.B. No. 1613**

The purpose and intent of this measure is to reduce the barriers to voter registration by:

- (1) Requiring that an application to register to vote in person or by mail include a space to request a permanent absentee ballot; and
- (2) Deleting the provision prohibiting a registered voter from requesting an absentee or permanent absentee ballot from the clerk earlier than the sixtieth day prior to the election.

Your Committee received testimony in support of this measure from the American Civil Liberties Union of Hawai'i, Hawai'i Alliance for Retired Americans, Common Cause Hawaii, and eight individuals. Your Committee received comments on this measure from the Office of Elections and the Office of the County Clerk of the County of Maui.

Your Committee finds that improving access to permanent absentee ballot applications will help ensure the integrity of Hawaii's electoral system and increase voter access and turnout.

Your Committee heard concerns regarding the expense associated with the creation of new voter registration application forms that would be necessitated by this measure.

Accordingly, your Committee has amended this measure by:

- (1) Adding language directing the Office of Elections to continue to use its existing voter registration application forms where possible until such time as new forms are developed and printed to implement this measure; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1613, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1613, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1109 Judiciary and Labor on H.B. No. 1368**

The purpose and intent of this measure is to:

- (1) Provide that the withdrawal of a candidate for elective office prior to the close of filing shall not constitute a vacancy that may be filled by a party; and
- (2) Define a "party candidate" as it applies to the law governing the filling of vacancies caused by the death, withdrawal, or disqualification of a party candidate.

Your Committee finds that the current statutory provisions governing a political party's ability to provide a substitute candidate when the original candidate is unable to run due to the candidate's death, withdrawal, or disqualification is intended to allow a political party to replace a candidate who cannot run due to an unexpected event, rather than allow a race to go forward uncontested. However, the current provisions can also be subject to abuse by a political party because they are allowed to essentially receive an extension of time for the filing deadline when a candidate submits nomination papers then withdraws them, thereby allowing the candidate's political party to fill the intentionally created vacancy well past the filing deadline. Your Committee believes that this loophole should be closed.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1368, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1368, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1110 Judiciary and Labor on H.B. No. 716**

The purpose and intent of this measure is to establish new election deadlines to be consistent with Act 126, Session Laws of Hawaii 2010, which revised the state primary election date to comply with the National Defense Authorization Act for Fiscal Year 2010, P.L. 111-84.

Your Committee received testimony in support of this measure from the Office of Elections, Office of the County Clerk of the County of Maui, and League of Women Voters.

Your Committee finds that during the 2010 Regular Session, the Legislature passed Act 126, Session Laws of Hawaii 2010, to meet a federal mandate requiring that absentee ballots be mailed to uniformed and overseas voters no later than forty-five days prior to elections for federal office. This mailing deadline necessitated an amendment to Hawaii's primary election date, to allow for sufficient time between the primary and the general election to generate and mail the absentee ballots within this time period. The change of the primary election date also requires other statutory amendments for consistency with the new primary date and to provide sufficient time for the Office of Elections to prepare and send the federal absentee ballots.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 716, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 716, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1111      Judiciary and Labor on H.B. No. 467**

The purpose and intent of this measure is to:

- (1) Provide additional protection to public employees who report violations of the law in state or local government or of government contracts; and
- (2) Expand the Department of Labor and Industrial Relations' responsibilities regarding whistleblowers.

Your Committee received testimony in support of this measure from the Hawaii Government Employees Association, United Public Workers, and one individual.

Your Committee finds that many state and county employees are directly responsible for protecting the public interest through the administration of statutory requirements and enforcement of rules and regulations. During the course of this work, these public employees may become aware of violations or suspect violations of laws or government contracts by their employers or others. This measure will shield from reprisal those employees who report violations of the law or improper activities that may threaten the health and safety of workers or the public.

Your Committee observes that this measure designates certain existing statutes relating to whistleblower protections as subpart A of part V of chapter 378, Hawaii Revised Statutes. Within the newly designated subpart, there are certain enforcement directives that authorize a court to remedy damages sustained by a whistleblower by reinstating the employee, for example, and by fining an employer who illegally retaliates against a whistleblower. However, it is unclear whether these enforcement directives would apply to public employers for violations of the new whistleblower protections for public employees. Your Committee believes that these enforcement provisions should be extended to apply to public employers; therefore, the general provisions of subpart A should be amended to clarify their applicability to the new subpart. Your Committee believes that the extension of these enforcement directives will encourage public employee whistleblowers to come forward.

Your Committee has amended this measure by:

- (1) Clarifying that the provisions designated under this measure as subpart A of chapter 378, Hawaii Revised Statutes, regarding remedies and penalties, apply to the new public employee whistleblower provisions;
- (2) Clarifying that other provisions designated under this measure as subpart A of chapter 378, Hawaii Revised Statutes, regarding collective bargaining and confidentiality rights, compensation for employees, and notices of employee protections and obligations, do not apply to the new public employee whistleblower provisions;
- (3) Making the measure effective upon approval; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 467, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 467, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1112      Judiciary and Labor on H.B. No. 555**

The purpose and intent of this measure is to amend the sentencing requirement for defendants convicted of criminal property damage offenses when the property damage is caused by graffiti by:

- (1) Limiting the imposition of the penalty for the removal of graffiti to cases where the removal would not endanger people or inconvenience the public; and
- (2) Increasing the area within which the graffiti removal may take place.

Your Committee received testimony in support of this measure from the Office of the Public Defender. Your Committee received comments on this measure from the Judiciary.

Your Committee believes that section 708-823.6, Hawaii Revised Statutes, constitutes a common-sense approach to confronting property damage by graffiti. By sentencing a defendant who is convicted of property damage by graffiti to removing graffiti within the same area where the defendant defaced the property of others, a defendant performs a valuable community service while gaining a direct understanding of the time and effort it takes property owners and community members to restore what may take only minutes to vandalize.

Section 708-823.6, Hawaii Revised Statutes, as enacted in 2010 does contain some practical challenges, however, that this measure is intended to resolve, including allowing an exemption of the sentence when the removal of graffiti may place the defendant or others in physical danger or inconvenience the public. Additionally, according to testimony presented to your Committee by the Judiciary

and the Office of the Public Defender, there are logistical problems with ensuring that the defendants performing the graffiti removal are properly supervised. The Judiciary agency that administers community service programs does not have the resources, including sufficient personnel or supplies, to oversee the defendants nor is its staff authorized to supervise defendants in cleaning graffiti. The Judiciary reported in its testimony that, as an alternative, it contacted the State Highway Maintenance Base Yard to determine whether it had a graffiti eradication program that could supervise defendants but was informed that no one is available to oversee graffiti cleanup. The Public Defender reiterated that supervision is a problem, potentially resulting in sanctions against a defendant who is willing but unable to perform the terms of his or her sentence.

Accordingly, your Committee has amended this measure by:

- (1) Allowing the court to order one hundred hours of community service in lieu of requiring the defendant to remove graffiti, if the government agency responsible for supervising the defendant does not have the resources to supervise the defendant, as recommended by the Judiciary; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 555, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 555, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Ihara).

**SCRep. 1113      Judiciary and Labor on H.B. No. 593**

The purpose and intent of this measure is to ensure that the public has qualified candidates running for elected office by requiring that candidates for elected county office submit a sworn oath certifying compliance with relevant provisions of county charters and ordinances.

Your Committee received testimony in support of this measure from two County Council members from the County of Maui.

Your Committee finds that section 12-3, Hawaii Revised Statutes, enumerates the information that a candidate for public office must include with the candidate's nomination papers. Specifically, section 12-3, Hawaii Revised Statutes, requires sworn certifications by the candidate that the candidate has complied with various provisions of the law. If the required certifications are not included with the nomination papers, pursuant to section 12-3(f), Hawaii Revised Statutes, the nomination papers shall be deemed void and will not be accepted for filing by the chief election officer or clerk. Your Committee also finds that this measure would add a requirement that candidates for elective county office submit a sworn certification that the candidate has complied with provisions of the relevant county charter or ordinances pertaining to elected officials.

Your Committee further finds that it is reasonable to expect candidates for county elective office to affirmatively acknowledge compliance with applicable county provisions and may encourage those candidates to review the relevant county charter and ordinances in which they choose to run for an elected office. While your Committee understands that compliance with county eligibility requirements is implicit upon the acceptance of nomination papers by county clerks from prospective candidates for county office, this measure will codify this certification obligation and require candidates to clearly affirm their compliance.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 593, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 593, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Gabbard, Ihara).

**SCRep. 1114      Judiciary and Labor on H.B. No. 439**

The purpose and intent of this measure is to amend Rule 303 of the Hawaii Rules of Evidence by extending evidentiary presumptions to certain materials and information posted on government websites or purported to be posted by public authority on the Internet.

Your Committee received testimony in support of this measure from the Hawaii Supreme Court Standing Committee on the Rules of Evidence.

Your Committee finds that this measure will expand evidentiary presumptions imposing the burden of producing evidence to include materials and legal opinions posted on government websites.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 439, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 439, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1115      Judiciary and Labor on H.B. No. 299**

The purpose and intent of this measure is to expedite the finality of judgments on appeal by shortening the time period to file an application for a writ of certiorari with the Hawaii Supreme Court from ninety days to thirty days, with an extension of up to an additional thirty days upon request.

Your Committee received testimony in support of this measure from the Judiciary and the Office of the Public Defender.

Your Committee finds that currently, the application for a writ of certiorari must be filed within ninety days of filing of the judgment or dismissal order of the Intermediate Court of Appeals. Due to the availability of an appeal from an Intermediate Court of Appeals' decision, the judgment on appeal is not final until the ninety-first day, even if no application for a writ of certiorari is submitted. This may have adverse consequences for litigants. For example, an incarcerated criminal defendant who has won a conviction reversal by the Intermediate Court of Appeals' judgment may be required to remain in prison until the judgment becomes effective.

Your Committee notes that the ninety-day period has applied only since 2006, when the appellate courts were restructured and the Hawaii Supreme Court became a certiorari court. Prior to 2006, the writ of certiorari application filing period was thirty days. Your Committee also notes that this measure will allow a litigant an extension of thirty days if a litigant needs additional time.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 299, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 299, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1116      (Majority) Judiciary and Labor on H.B. No. 638**

The purpose of this measure is to require the use of the instant runoff voting method for elections for county office in which no primary election is held and in special elections that would normally be subject to a runoff election if a candidate was not elected by majority vote in the initial special election. The intent of this measure is to provide additional electoral safeguards to preserve the integrity of Hawaii's voting system.

Your Committee received testimony in support of this measure from the Americans for Democratic Action Hawai'i, Common Cause Hawaii, Fair Vote – The Center for Voting and Democracy, and three individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Office of Elections.

Your Committee finds that under a plurality election, when there are more than two candidates running in an election, a candidate with a small percentage of the vote may be elected. The candidate who is elected may not necessarily represent the electorate. Under an instant runoff voting method, voters are allowed to rank their choices. This method can eliminate a spoiler effect in which a third candidate may win, even though the majority of the electorate prefers the other two candidates over the candidate who wins in the end. Moreover, a voter may be more comfortable voting for the more preferred candidates, even if the voter knows that the preferred candidate is unlikely to win.

Your Committee notes that the Americans for Democratic Action Hawai'i and Common Cause Hawaii recommended amendments to this measure to simplify the process and speed the tabulations by providing that, if no candidate receives a majority of votes in the first round of the election, the county clerk would announce that all but the four candidates receiving the most votes are defeated and only those four candidates would proceed to the second round of the tabulation. Americans for Democratic Action Hawai'i and Common Cause Hawaii suggested this amendment to avoid situations where a large number of candidates for one office would require several rounds of tabulations. While your Committee acknowledges that this method would simplify the tabulation process, your Committee also believes that the amendment could produce an arbitrary result if, for example, there is not a large difference between the number of votes received by the candidates with the fourth and fifth highest number of votes.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of consistency and clarity.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 638, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 638, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4; Ayes with Reservations (Gabbard). Noes, 1 (Slom). Excused, none.

**SCRep. 1117      Judiciary and Labor on H.B. No. 381**

The purpose and intent of this measure is to amend various sections of the Hawaii Revised Statutes to correct errors and references, clarify language, and delete unnecessary provisions.

Your Committee received testimony in support of this measure from the Legislative Reference Bureau.

Your Committee finds that each year, pursuant to chapter 23G, Hawaii Revised Statutes, the Legislative Reference Bureau sets forth necessary technical amendments to the Hawaii Revised Statutes.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 381, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 381, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1118 (Joint/Majority) Health and Human Services and Ways and Means on H.B. No. 614**

The purpose of this measure is to reinstate a Hospital-based Screening and Assessment and Intensive Home Visitation Program that targets improved intensive home visiting services to the highest-risk families of newborns in communities across the State, while at the same time offering other families a range of evidence-based home visiting services according to their identified needs. The intent of this measure is to help equip families with the tools necessary to raise healthy children.

Your Committees received testimony in support of this measure from the Department of Health, Department of Human Services, PACT-Parents and Children Together, Child & Family Service, Consuelo Foundation, Early Learning Council, Hawaii Family Support Institute, One Voice for Hawaii's Children, and twenty-one private citizens. Your Committees received comments on this measure from the American Heart Association and Coalition for a Tobacco-Free Hawaii.

Your Committees find that it is prudent to reinstate hospital-based screening and assessment services and intensive home visitation services for families at highest risk, along with referrals of other families to existing home visitation services, in order to continue to promote healthy childhood development.

Your Committees heard testimony expressing concern with the funding provisions of this measure. Your Committees note that there may be a need to amend or insert language in this measure based on budget provisions and that these funding issues should be further considered by a conference committee.

Your Committees have amended this measure by:

- (1) Providing that the Department of Health's Hospital-based Screening and Assessment and Intensive Home Visitation Program may follow the guidelines of the Healthy Start Program;
- (2) Eliminating the language setting out requirements associated with the intensive home visitation services under the Program;
- (3) Amending the required elements of the hospital-based screening and assessment services under the Program;
- (4) Providing that Hospital-based Screening and Assessment and Intensive Home Visitation Program services may be initiated on an incremental basis, with geographic priority to be determined by the Department of Health's needs assessment;
- (5) Adding language requiring that Hospital-based Screening and Assessment and Intensive Home Visitation Program services shall be subject to the availability of funds and shall be implemented as funding becomes available;
- (6) Eliminating the language that would have increased the Hawaii Tobacco Settlement Special Fund appropriation ceiling for fiscal years 2011-2012 and 2012-2013; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Health and Human Services and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 614, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 614, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Majority Leader and Chairs on behalf of the Committees.  
Ayes, 16. Noes, 1 (Slom). Excused, 2 (Kouchi, Nishihara).

**SCRep. 1119 (Joint) Health and Human Services and Ways and Means on H.B. No. 905**

The purpose and intent of this measure is to require the Directors of Health and Human Services to collaborate with contracted health and human services providers to develop and update annually a health and human services delivery plan in order to ensure that these critical services are being delivered in an effective, cost-efficient manner.

Your Committees received testimony in support of this measure from the Department of Human Services, Farmers Insurance Hawaii, Inc., Hawaii Business Health Council, Times Super Market Pharmacy Division, Hoana Medical Systems, Inc., and two private citizens. Your Committees received comments on this measure from the Department of Health.

Your Committees find that an essential part of overseeing the provision of the State's health and human services programs is the development of a health and human services delivery plan that evaluates the efficiencies in delivering existing services and recommends strategies for eliminating gaps in service delivery and providing cost-efficient and effective service alternatives. This measure will require the Department of Health and Department of Human Services to develop such a plan and reevaluate the plan on an annual basis.

Your Committees heard testimony expressing concern that the December 31, 2012, implementation date imposed by this measure may not give the Department of Health and Department of Human Services enough time to confer on the development of a health and human services delivery plan. Your Committees acknowledge this concern and would like further discussion to occur on this issue during Conference proceedings.

Additionally, your Committees find that S.B. No. 1106, S.D. 1, contains provisions requiring the Department of Health to establish a Workplace Wellness Pilot Program that should be incorporated into this measure to further the delivery of beneficial government services.

Accordingly, your Committees have amended this measure by inserting language from S.B. No. 1106, S.D. 1, that requires the Department of Health to create a Workplace Wellness Pilot Program that supports state employees in adopting and maintaining a healthier lifestyle.

As affirmed by the records of votes of the members of your Committees on Health and Human Services and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 905, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 905, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Majority Leader and Chairs on behalf of the Committees.  
Ayes, 17. Noes, none. Excused, 2 (Kouchi, Nishihara).

**SCRep. 1120 Ways and Means on H.B. No. 1270**

The purpose and intent of this measure is to require the Department of Taxation to evaluate certain tax credits, exclusions, and exemptions and report to the Legislature.

Furthermore, this measure schedules the repeal of certain tax credits, exclusions, and exemptions.

Your Committee received comments in support of this measure from Frederick D. Pablo, Director, Department of Taxation.

Your Committee received comments in opposition to this measure from Richard C. Lim, Interim Director, Department of Business, Economic Development, and Tourism; Karen Seddon, Executive Director, Hawaii Housing Finance and Development Corporation, Department of Business, Economic Development, and Tourism; Timothy E. Steinberger, Director, City and County of Honolulu, Department of Environmental Services; Eugene K. Jimenez, Housing Director, Kauai County Housing Agency; Rick Keene, Executive Vice President and Chief Financial Officer, The Queen's Medical Center; Tim Lyons, Legislative Chairman, Aloha Society of Association Executives; Tim Lyons, Legislative Liaison, The Legislative Center; David M. Nakamura, Executive Director, The Mutual Housing Association of Hawaii; Betty Lou Larson, Legislative Liaison, Catholic Charities Hawaii; Steve Colon, President, Hunt Development Corp; Charles Ota, Vice President, Military Affairs, The Chamber of Commerce of Hawaii; Nathaniel Kinney, Director of Organizing and Business Development, International Union of Painters and Allied Trades, District Council 50; Carol Pregill, President, Retail Merchants of Hawaii; Rev. Alan Mark, State President, Faith Action for Community Equity; Claire Ridding-Johnston, Project Director, Island Palm Communities; Jerry Schmitz, Project Director, Hickam Communities; Charles E. Spiegel, Managing Director/Owner, Protech Roofing, LLC; Kevin R. Carney, Vice President, Hawaii, EAH Housing; Oren Chikamoto, American Fraternal Alliance; Oren Chikamoto, American Council of Life Insurers; Joel K. Matsunaga, Chief Operating Officer and Executive Vice President, Hawaii Bioenergy, LLC; Douglas M. Goto, Executive Vice President, Pacific Guardian Life; Joseph J. Annotti, President and Chief Executive Officer, American Fraternal Alliance; Brenda Ching, Chair, Hawaii Film and Entertainment Board; Hawaii Carpenters Union; Inter-Island Solar Supply; Craig Hirai, Chair, Hawaii Association of Realtors; Iain S. Wood, President, Ship Repair Association of Hawaii; Lon K. Okada, Hawaiian Electric Industries, Inc.; Gary M. Slovin, Covanta Energy Corporation; Gary M. Slovin/Mihoko E. Ito, Wyndham Worldwide; Stacey Katakura White, Chief Financial Officer, ForestCity Hawaii; Stanford S. Carr, President, Stanford Carr Development, LLC; Makani Maeva, Director, Vitus; Healthcare Association of Hawaii; Henry Fordham, Acting Business Representative, IATSE Local 665; and twenty-eight individuals.

Your Committee received comments on this measure from the Tax Foundation of Hawaii; Stefanie Sakamoto, Hawaii Credit Union League; Brad L. Hewitt, Thrivent Financial for Lutherans; and Carl A. Anderson, Supreme Knight, Knights of Columbus.

Your Committee finds that there is presently little or no legislative oversight with regard to the tax credits, exemptions, and exclusions granted under state law to certain segments of the community. Your Committee further finds that the need for statistical information regarding these tax credits, exemptions, and exclusions is clear, especially the ones relating to business and economic development.

Your Committee has amended this measure as follows:

- (1) Requiring taxpayers to submit the statistical reports regarding certain tax credits, exclusions, and exemptions to the Department of Taxation independently of their claims or returns;
- (2) Requiring the Department of Taxation to review and study the list of tax credits, exclusions, and exemptions instead of providing for their scheduled repeal;
- (3) Adding and deleting certain tax credits, exclusions, and exemptions to and from the list; and
- (4) Changing the effective date to July 1, 2050, in order to facilitate continued discussion of the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1270, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1270, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 2 (English, Fukunaga).

**SCRep. 1121 Judiciary and Labor on H.B. No. 1088**

The purpose and intent of this measure is to authorize the Department of Public Safety to timely render involuntary medical treatment, including medication, if the court finds that:

- (1) The inmate or detainee poses a danger of physical harm to self or others;
- (2) Treatment with medication is medically appropriate; and

(3) Considering less intrusive alternatives, treatment is essential to forestall the danger posed by the inmate or detainee.

Your Committee received testimony in support of this measure from the Department of Public Safety and Department of Health.

Your Committee finds that individuals who receive treatment for mental illness have a better prognosis for improvement than those who do not receive treatment. However, under current law an inmate or detainee in Hawaii's correctional facilities may refuse necessary medications, which may result in a cycle of short-term emergency medications and lead to a transfer to the Hawaii State Hospital in extreme cases. Your Committee further finds that this measure will establish specific proceedings for involuntary medical treatment and allow the Department of Public Safety to treat inmates or detainees in a more timely and efficient manner.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1088, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1088, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1122 Judiciary and Labor on H.B. No. 1376**

The purpose and intent of this measure is to make permanent the news media privilege by repealing the sunset date of Act 210, Session Laws of Hawaii 2008.

Your Committee received testimony in support of this measure from the Media Council of Hawai'i, Society of Professional Journalists, American Civil Liberties Union of Hawai'i, The League of Women Voters of Hawaii, Common Cause Hawaii, Hawaii Reporter, and three individuals. Your Committee received comments on this measure from the Judiciary.

Act 210, Session Laws of Hawaii 2008, provides a news media privilege to protect journalists and newscasters from testifying or producing evidence to disclose:

- (1) The source, or information that could reasonably be expected to lead to the discovery of the identity of the source, of any published or unpublished information obtained while gathering, receiving, or processing information for communication to the public; or
- (2) Any unpublished information obtained or prepared while gathering, receiving, or processing information for communication to the public.

Your Committee finds that further information is necessary to determine whether to remove the sunset date and make Act 210, Session Laws of Hawaii 2008, permanent or otherwise make amendments to that Act. Your Committee notes the testimony of the Judiciary, which states:

"The Standing Committee on Rules of Evidence was established by the Chief Justice on 15 July 1993 'to study and evaluate proposed evidence law measures referred by the Hawaii Legislature, and to consider and propose appropriate amendments to the Hawaii Rules of Evidence.' Whether or not to retain a journalists' privilege is a question that should be addressed, in the first instance, to the Supreme Court's Standing Committee on Rules of Evidence. Accordingly, the committee requests that the Legislature, recognizing the principle of shared governance of the Hawaii Rules of Evidence, refer this matter to the evidence rules committee for interim study and a full report in advance of the convening of the 2012 Legislature."

Accordingly, your Committee has amended this measure by:

- (1) Extending the sunset date of Act 210, Session Laws of Hawaii 2008, to June 30, 2013, rather than making the news media privilege permanent at this time; and
- (2) Requiring the Judiciary, through its Standing Committee on Rules of Evidence, to report to the Legislature no later than twenty days prior to the convening of the Regular Session of 2012, information and recommendations regarding Act 210, Session Laws of Hawaii 2008.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1376, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1376, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1123 Judiciary and Labor on H.B. No. 257**

The purpose and intent of this measure is to amend the campaign finance laws by, among other things:

- (1) Regulating automated phone calls by including them within the definition and regulation of advertisements;
- (2) Changing report filing deadlines;
- (3) Requiring that a supplemental report be filed by candidate committees in non-election years;
- (4) Adding specified fines for the late filing or failure to file organizational reports, an electioneering communications statement, a notice of intent to hold a fundraiser, and an expenditure of public funds report when required by law;
- (5) Adding a cap of an unspecified amount on the price of fundraiser tickets that may be purchased with campaign funds;

- (6) Applying notice and disclaimer requirements to an advertisement that is not paid for by an independent party; and
- (7) Repealing the tax deduction for qualifying contributions to a candidate who files an affidavit regarding public funds.

Your Committee received testimony in support of this measure from the Campaign Spending Commission. Your Committee received comments on this measure from Common Cause Hawaii.

Your Committee finds that the campaign finance laws, codified at chapter 11, part XIII, Hawaii Revised Statutes, were passed by the Legislature in 2010. This measure clarifies and makes substantive changes to some of these laws. Your Committee believes that these amendments are reasonable and necessary to improve transparency and accountability in the election and campaign financing systems.

Among other things, this measure adds a supplemental reporting requirement for candidate committees in non-election years. Your Committee believes that the current method of reporting for candidate committees is sufficient to adequately inform the public of candidate committee activities. Your Committee also notes that another measure that was referred to and heard by your Committee, H.B. No. 258, H.D. 1, adds an additional preliminary report filing deadline on September 30 of each election year in order to align the filing deadlines for candidate committee reports with the earlier primary election date established during the 2010 legislative session to conform with federal law. Your Committee believes that the inclusion of a September 30 preliminary reporting requirements is a logical amendment to this measure.

Your Committee has amended this measure by:

- (1) Adding the supplementary September 30 preliminary report filing requirement from H.B. No. 258, H.D. 1;
- (2) Deleting the non-election year supplemental candidate committee reporting requirement; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 257, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 257, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1124      Judiciary and Labor on H.B. No. 1155**

The purpose and intent of this measure is to:

- (1) Specify Class A felonies that require mandatory minimum prison terms under the repeat offender statute; and
- (2) Reinstate, add, and delete certain Class C felonies that require mandatory minimum prison terms under the repeat offender statute.

Your Committee received testimony in support of this measure from the American Civil Liberties Union of Hawai'i, Community Alliance on Prisons, and The Drug Policy Forum of Hawai'i. Your Committee received testimony in opposition to this measure from the Department of the Attorney General, Department of Commerce and Consumer Affairs, and City and County of Honolulu Police Department. Your Committee received comments on this measure from the City and County of Honolulu Department of the Prosecuting Attorney.

Your Committee finds that requiring mandatory minimum prison terms may result in significant increases in the cost of corrections, due to longer prison terms and an increase in the prison population. Your Committee further finds that other unintended consequences of mandatory minimum prison terms may include removing other, less costly or more effective sentencing options limiting the discretion of a sentencing judge.

Your Committee has heard the concerns that this measure eliminates certain categories of offenses from the repeat offender statute. This measure would make the repeat offender law inapplicable to all felony drug offenses, certain firearms offenses, and certain crimes against persons. Your Committee has also heard the concerns that this measure would make the repeat offender law inapplicable to all felony convictions of other jurisdictions. Your Committee understands these concerns. However, your Committee notes that requiring mandatory minimum prison terms often removes judicial discretion. Your Committee believes that judges are in the best position to make decisions about sentencing based on the facts and circumstances of each case and the individual offenders before them. Your Committee finds that allowing judges to exercise flexibility and discretion in sentencing can result in a sentencing system that is fair and effective.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1155, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1155, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1125      Judiciary and Labor on H.B. No. 1069**

The purpose and intent of this measure is to limit the time period of commitment to an appropriate institution or release on conditions when unfit defendants are charged with petty misdemeanors or nonviolent misdemeanors.

Your Committee received testimony in support of this measure from the Hawaii Disability Rights Center and one individual. Your Committee received oral testimony in support of this measure from the Director of Health. Your Committee received testimony in opposition to this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu. Your Committee received comments on this measure from the Office of the Public Defender.

Your Committee finds that when a defendant lacks fitness to proceed, the criminal proceedings are suspended and the defendant is committed to the Director of Health to be placed in an appropriate institution for detention, care, and treatment. In actuality, a defendant's commitment to the Director of Health can be indefinite if the defendant continues to be found unfit to proceed, and the defendant may be held by the Director of Health for a period that is longer than the period of incarceration that the defendant would have received had the defendant been sentenced to the maximum jail time allowed by law.

Your Committee notes that concerns were raised in testimony regarding the resources required to maintain a defendant in an appropriate facility or to monitor a defendant who is released on conditions.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2011; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1069, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1069, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Ihara).

**SCRep. 1126 Judiciary and Labor on H.B. No. 1333**

The purpose and intent of this measure is to increase the maximum monetary claim that may be filed in small claims court from a maximum of \$3,500 to a monetary claim that is not equal to or more than \$5,000, exclusive of interests and costs.

Your Committee received testimony in support of this measure from the Judiciary and the Collection Law Section of the Hawaii State Bar Association.

Your Committee finds that this measure will provide a number of benefits to the parties of small claims cases, including control of where the case is heard, earlier trial dates, more timely access to any monetary awards, and the opportunity to resolve differences through mediation.

Your Committee also notes that the less than \$5,000 amount proposed in this measure does not affect the right of trial by jury for civil cases with a value in controversy that exceeds \$5,000, as afforded by article I, section 13, of the Hawaii State Constitution.

Your Committee has amended this measure by changing the effective date to July 1, 2011.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1333, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1333, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1127 Judiciary and Labor on H.B. No. 545**

The purpose and intent of this measure is to establish an online voter registration system that is available on the website of the Office of Elections.

Your Committee received testimony in support of this measure from the American Civil Liberties Union of Hawai'i, Americans for Democratic Action Hawai'i, The League of Women Voters of Hawaii, Common Cause Hawaii, and one individual. Your Committee received comments on this measure from the Office of Elections and the Office of the County Clerk of the County of Maui.

Your Committee finds that this measure represents an important step in ensuring that all of Hawaii's citizens are able to vote by reducing the barriers to voter registration. Improving access to voter registration will increase voter turnout, particularly for younger voters who are among those least likely to vote. Further, online voter registration is an efficient and economical electoral system that has seen great success in a number of states. In these difficult economic times, it is incumbent upon the State to do more with less, and your Committee believes that encouraging voter turnout while decreasing the cost to register voters is an excellent strategy to meet this goal.

Your Committee has amended this measure by:

- (1) Mandating that the Department of the Attorney General, Examiner of Drivers for each county, county clerks, and Office of Elections cooperate to modify their respective applicable computer systems, develop and implement new computer software, or otherwise develop a method by which the Office of Elections may verify the information in the voter registration affidavits described in section 1 of this measure and may obtain an electronic copy of each applicant's signature;
- (2) Providing that no state or county agency shall charge the Office of Elections any fees or costs related to compliance with the Office of Elections to implement the online voter registration system; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 545, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 545, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1128 (Majority) Judiciary and Labor on H.B. No. 546**

The purpose and intent of this measure is to prohibit discrimination on the basis of gender identity or expression as a public policy matter and specifically within the context of employment.

Your Committee received testimony in support of this measure from the Hawai'i Civil Rights Commission, one member of the Board of Education, Hawaii State Teachers Association, Hawaii Government Employees Association, Hawaii State AFL-CIO, ILWU Local 142, Equality Hawai'i, American Civil Liberties Union of Hawai'i, Americans for Democratic Action Hawai'i, Planned Parenthood of Hawaii, Screen Actors Guild Hawaii Branch, Honolulu Pride, and numerous individuals. Your Committee received testimony in opposition to this measure from the Hawaii Catholic Conference, Hawaii Family Forum, and two individuals. Your Committee received comments on this measure from The Chamber of Commerce of Hawaii.

Your Committee finds that discrimination on the basis of gender identity or expression is abhorrent and, according to testimony submitted to your Committee, a true problem for transgender individuals. According to the 2009 National Transgender Discrimination Survey, transgender individuals experience unemployment and poverty at twice the rate of the general population and ninety-seven percent of the Survey's respondents reported experiencing harassment or mistreatment while at work. This measure intends to send the message that Hawai'i's laws protect against this type of discrimination, whether based on actual or perceived sexual orientation, and that this type of discrimination is illegal and unacceptable. This message is necessary because your Committee also observes that this measure does not represent a change in the law. The Hawai'i Civil Rights Commission issued a ruling in 2002, specifically Final Decision and Order Granting Petition for Declaratory Relief (June 28, 2002), which has interpreted gender identity or expression as being included within the category of "sex" that is subject to anti-discrimination laws. Accordingly, while this interpretation has not yet been codified in Hawaii, this 2002 ruling by the Hawai'i Civil Rights Commission has the force and effect of law.

Your Committee acknowledges that the Hawaii Catholic Conference and the Hawaii Family Forum submitted testimony requesting an exemption for religious institutions. Your Committee notes that there is currently an exemption for religious institutions in section 378-3(5), Hawaii Revised Statutes, which provides, "Nothing in [part I of chapter 378] shall be deemed to ... [p]rohibit or prevent any religious or denominational institution or organization, or any organization operated for charitable or educational purposes, that is operated, supervised, or controlled by or in connection with a religious organization, from giving preference to individuals of the same religion or denomination or from making a selection calculated to promote the religious principles for which the organization is established or maintained". While not as broad as the exemption requested by the Hawaii Catholic Conference and the Hawaii Family Forum, this exemption should address any legitimate concerns a religious organization may have regarding the organization's authority to evaluate whether a prospective employee will "promote the religious principles for which the organization is established or maintained". Widening the scope of that exemption may invite the discriminatory practices that this measure seeks to prohibit.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 546, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 546, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, 2 (Gabbard, Slom). Excused, none.

**SCRep. 1129 (Joint) Energy and Environment and Ways and Means on H.B. No. 563**

The purpose and intent of this measure is to delay the ability to claim the existing Ethanol Facility Tax Credit until January 1, 2014.

Your Committees received testimony in support of this measure from William Maloney, Pacific West Energy, LLC. Your Committees received comments on this measure from Frederick Pablo, Department of Taxation; and Tax Foundation of Hawaii.

Your Committees find that the Ethanol Facility Tax Credit was enacted as an incentive to stimulate the production of ethanol in the State, thereby contributing to the State's production of renewable energy and independence from fossil fuels. At this point in time, many challenges, including the recent turmoil in the financial sector, volatility of the energy markets, and the securing of suitable agricultural land for the production of ethanol, have resulted in the tax credit being unclaimed.

Your Committees find that although delaying the availability of the tax credit could affect the potential growth of ethanol production in Hawaii, the January 1, 2014 reinstatement date proposed under this measure coincides with the timeframe that existing ethanol production companies have stated would be the earliest date that ethanol production facilities could be brought online.

Your Committees further find that the current wording of the measure states that the amount of the tax credit is thirty percent of a facility's nameplate capacity. This language is unclear as nameplate capacity is a facility's full-load sustained output and is measured in gallons under this measure, with no other unit of measurement in reference to the thirty percent. Therefore, it appears that the tax credit is to be realized in gallons. For clarity, the tax credit needs to be stated in monetary terms. Your Committees further find that the current requirement that a facility be in production before January 1, 2017, in order to claim the tax credit is contradictory to the tax credit's purpose of spurring the industry and is an even further discouragement as a result of the delayed availability of the tax credit as proposed in this measure.

Accordingly, your Committees have amended this measure by:

- (1) Deleting the provision determining the amount of the credit based on a percentage of nameplate capacity and replacing it with a determination based on an unspecified number of cents per gallon actually produced by the facility;
- (2) Deleting the requirement that the facility's level of production needs to be at least seventy-five percent of its nameplate capacity in order to claim the tax credit;
- (3) Deleting the language that states that the facility must be in production on or before January 1, 2017, in order to claim the tax credit;
- (4) Changing the effective date to make this measure apply, upon its approval, to taxable years beginning after December 31, 2050, to allow for further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Energy and Environment and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 563, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 563, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.  
Ayes, 15. Noes, none. Excused, 2 (Ihara, Tokuda).

**SCRep. 1130      Ways and Means on H.B. No. 1179**

The purpose and intent of this measure is to establish an advisory committee on short-term investments to assist the Director of Finance in making short-term investments.

In addition, this measure clarifies the conditions regarding short-term investment of state moneys.

Your Committee received testimony in support of this measure from Kalbert K. Young, Director, Department of Budget and Finance.

Your Committee finds this measure will help to improve the State's money management capabilities. Your Committee believes that the State's recent, financially disadvantageous experience with investments in student loan auction rate securities highlights the State's need for expert assistance in making future short-term investment decisions. Your Committee notes its firm intent that the advisory committee and its consultants include local investment industry advisors and agents.

Your Committee has amended this measure by:

- (1) Clarifying that two members of the advisory committee, rather than being appointed by Hawaii Bankers Association, are to be appointed by the Governor to represent banks that are chartered or licensed in the State; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1179, H.D. 3, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1179, H.D. 3, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, 1 (Slom).

**SCRep. 1131      (Majority) Ways and Means on H.B. No. 793**

The purpose and intent of this measure is to delay certain amendments to the State's income tax law.

Specifically, the measure:

- (1) Delays the standard deduction and personal exemption increases approved under Act 60, Session Laws of Hawaii 2009; and
- (2) Makes the increases permanent.

Your Committee held a public hearing on a proposed draft of the measure. Among other things, the proposed draft:

- (1) Suspends from January 1, 2012, to June 30, 2015, the exemptions for certain persons and certain amounts of gross income or proceeds from the general excise and use tax and requires the payment of the tax at a rate of four per cent;
- (2) For two years, doubles the:
  - (A) State income tax standard deduction amounts;
  - (B) State income tax credit for household and dependent care services necessary for gainful employment;
  - (C) State income tax credit for low-income household renters; and
  - (D) Refundable food/excise tax credit;
- (3) For two years, increases by one per cent:
  - (A) The capital goods excise tax credit;
  - (B) The general excise and use tax rates; and
  - (C) Various public service company tax rates; and

- (4) Appropriates funds for the Department of Taxation to expedite implementation.

Your Committee received testimony in support of this measure from Alan Johnson, Chairperson, Hawaii Substance Abuse Coalition; Joy Kobashigawa Lewis, Legislation Committee of the State Central Committee, Democratic Party of Hawaii; Susan Goya, Executive Secretary, Retirees Unit, Hawaii Government Employees Association; Kris Coffield, Legislative Director, IMUAlliance; Al Hamai, President, Hawaii Alliance For Retired Americans; Eldon L. Wegner, Policy Advisory Board for Elder Affairs; and one hundred eighty-four individuals.

Your Committee received testimony in opposition to this measure from Tim Lyons, President, Subcontractors Association of Hawaii; Tim Lyons, Legislative Liaison, Anheuser Busch Companies; Malcolm Barcarse, Jr., Corporate Counsel, A & B Electric Company, Inc.; Malcolm Barcarse, Jr., Chairman, Associated Builders and Contractors, Inc.; Iain S. Wood, President, Ship Repair Association of Hawaii; Tim Lyons, Legislative Chairman, Aloha Society of Association Executives; Chamber of Commerce of Hawaii; National Federation of Independent Business; Joseph J. Annotti, President, & CEO Thrivent Financial for Lutherans, Woodmen of the World, The Independent Order of Foresters and Knights; American Fraternal Alliance; American Council of Life Insurers; Carol Pregill, President, Retail Merchants of Hawaii; Scott Waracka, President, Kailua Electric Service; Gary M. Slovin, PVT Land Company; Gregg S. Serikaku, Executive Director, Plumbing and Mechanical Contractors Association of Hawaii; Gary M. Slovin, Covanta Energy Corporation; Richard M. Moss, President, MOSS Engineering, Inc.; Hawaii Food Industry Association; Amy Blagriff, Executive Vice President, American Institute of Architects, Hawaii State Council; John H. Katahira, President, The Limtiaco Consulting Group, Inc.; Shane Kitchens, AIA Premier Pacific Design Group; Robin K. Inaba, AIA Inaba Architecture; Stanford C. Lee, AIA Principal/Manager, Next Design; Neal Arita, Executive Director, Sheet Metal Contractors Association; Bernhard Wonneberger, AIA, NCARB Unit Manager and Principal, Wiss, Janney, Elstner Associations, Inc.; Greg Thielen, President/RME, Complete Construction Services; John Fullmer, AIA Vice President, Mason Architects; Lori Peters, ACH Co-Chair, Airlines Committee of Hawaii; Spencer Leineweber, FAIA, 2011 AIA Honolulu President, American Institute of Architects; Debra M. A. Luning, Director of Governmental Affairs and Community Relations, Gentry Homes and Gentry Builders; American Council of Engineering Companies of Hawaii; Brian Benton, Chair of the Government Affairs Committee, Hawaii Association of Realtors; Sandra Weir, Director, Hawaii Operations, Norwegian Cruise Line America, LLC; Wayne Kato, Chairman of the Board, Honolulu Japanese Chamber of Commerce; Earl H. Kono, AIA, Principal, Riecke Sunland Kono Architects, Ltd.; Gary Slovin, Air Transport Association; Darren Hand, AIA, LEED-AP American Institute of Architects; David Ralph, Vice President, Finance Polynesian Cultural Center; Patsy Nanbu, Hawaiian Electric Company, Inc.; ILWU Local 142; FC Hawaii CM, LLC; Adrienne King; LYZ, Inc.; John J. Polischek, Jr., President, American Piping & Boiler Co.; Kathryn Yamate, Accounting Manager, American Piping & Boiler Co.; Rayna Hashimoto, Assistant Controller, American Piping & Boiler Co.; John R. Kennedy, Managing Member, Industrial Group; Brett Kappelle, Barker Kappelle Construction, LLC.; Jeff Thompson, Vice President, Ledcor Construction Hawaii, LLC; Dennis M. Ideta, Senior Vice President, S & M Sakamoto, Inc.; Alan Shintani, President, Alan Shintani, Inc.; Glenn Ushio, President, Tomco Corp.; Pamela Tumpap, President, Maui Chamber of Commerce; JAS W Glover, LTD; DM Pacific, Inc.; Ralph S Inouye Co., LTD; Maui Divers of Hawaii; Hawaiian Telcom; Charley's Taxi; Coalition of Hawaii Engineering and Architectural Professionals; Hawai'i Association of Realtors; Nordic Construction PCL; Electrical Contractors Association of Hawaii; General Contractors Association; Luersen Architects, Inc.; and two hundred fifty-eight individuals.

Your Committee received comments on this measure from Frederick D. Pablo, Director, Department of Taxation; Kalbert K. Young, Director, Department of Budget and Finance; Tax Foundation of Hawaii; Louise K. Y. Ing, President, Hawaii State Bar Association; Robert Witt, Executive Director, Hawaii Association of Independent Schools; Lisa Maruyama, President and CEO, Hawaii Alliance of Nonprofit Organizations; Greg Wirtz, President, North West and Canada Cruise Association; Mar Labrador, Chair, Hawaii Harbors Users Group; Vivian Landrum, President/CEO, Kona-Kohala Chamber of Commerce; Paul T. Oshiro, Manager-Government Relations, Alexander and Baldwin, Inc.; and three individuals.

Your Committee finds that a temporary suspension of certain exemptions of the general excise and use tax is a prudent method of addressing the projected revenue shortfall faced by the State.

Your Committee has amended this measure by replacing its contents with the contents of the proposed draft, and further amending it by:

- (1) Deleting provisions to increase the standard deduction amounts, income tax credit for household and dependent care services necessary for gainful employment, income tax credit for low-income household renters, refundable food/excise tax credit, capital goods excise tax credit, general excise and use tax rates, and public service company tax rates;
- (2) Clarifying that the temporary suspension of exemptions from the general excise and use tax, as provided for in this measure, shall not apply to gross income or gross proceeds from services furnished to a company by its wholly owned subsidiary; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 793, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 793, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Espero, Kidani). Noes, 4 (Chun Oakland, Fukunaga, Ige, Slom). Excused, none.

**SCRep. 1132 Water, Land, and Housing on H.B. No. 680**

The purpose and intent of this measure is to repeal the requirement that the Hawaii Community Development Authority consider recommendations by the Kakaako Makai Community Planning Advisory Council in developing, accepting, and implementing any plans for the development of the Kakaako Makai area of the Kakaako Community Development District.

Your Committee received testimony in support of this measure from the Hawaii Community Development Authority, Land Use Research Foundation of Hawaii, Gary Holmes, Dale Holmes, Bessie Yagi, Edwin Yagi, Juanita Brown, Scott Moon, Todd Murata,

Nick Soliven, and Keane Backman. Your Committee received testimony in opposition to this measure from the Office of Hawaiian Affairs; Sierra Club Oahu Group; Hawaii's Thousand Friends; Advanced Restaurant Management, Ltd.; The Outdoor Circle; Wayne Takamine; John S. Carroll; Johannes Schothorst; Jeannine Johnson; Bill Wise; Aaron Mendonca; Stanley Takamine; Betty Takamine; Mark Martindale; Robert Richmond; Douglas Palama; Jon Hatakenaka; Craig Jerome; Dexter Okada; Lydi Bernal; Anthony Aalto; Reg White; Gayle Lau; Stephanie Pulido; and Jaime Pulido. Your Committee received comments on this measure from Kaka'ako Community Alliance and C. Scott Bradley.

Your Committee finds that after years of work, the Kakaako Makai Community Planning Advisory Council completed and published their Vision and Guiding Principles for the Kakaako Makai Area in 2009. Your Committee finds that the Vision and Guiding Principles for the Kakaako Makai area can be best implemented by creating a subdistrict of the Kakaako Community Development District, and the land in the Kakaako Makai Area can be put to the highest and best use by authorizing the Hawaii Community Development Authority to subdivide real property within the Kakaako Community Development District.

Accordingly, your Committee has amended this measure by:

- (1) Establishing a Kakaako Makai Community Development Subdistrict and requiring the Hawaii Community Development Authority to act as the local development authority to facilitate the development of the subdistrict in accordance with certain statutory requirements;
- (2) Adding three voting members to the Hawaii Community Development Authority to represent the Kakaako Makai Community Development Subdistrict;
- (3) Clarifying the powers and rule-making authority of the Hawaii Community Development Authority with respect to the subdivision of real property in the Kakaako Community Development District; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 680, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 680, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Majority Leader on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Shimabukuro). Noes, none. Excused, 2 (Fukunaga, Tokuda).

**SCRep. 1133 (Joint/Majority) Water, Land, and Housing and Ways and Means on H.B. No. 1405**

The purpose and intent of this measure is to require the Office of Planning of the Department of Business, Economic Development, and Tourism to develop and establish a statewide system of greenways and trails to promote Smart Growth and sustainability in the State.

Your Committees received testimony in support of this measure from the Department of Planning and Permitting, City and County of Honolulu; Sierra Club, Hawai'i Chapter; The Outdoor Circle; Nicole Lowen; and Janice Palma-Glennie. Your Committees received testimony in opposition to this measure from the Office of Planning of the Department of Business, Economic Development, and Tourism and Aha Kiolo Advisory Committee.

Your Committees find that the Office of Planning does not have the staff and fiscal resources at this time to implement planning for a statewide system of greenways and trails. Furthermore, as several testifiers attested, this measure duplicates ongoing efforts of various state and county agencies.

Your Committees further find that meaningful planning for the future of our State cannot occur without addressing the unresolved claims of Native Hawaiians to lands within the State. Long-term planning to address social ills, including the lack of availability of affordable housing, will continue to be hampered unless a Native Hawaiian governing entity is recognized by the State of Hawaii and can negotiate with the State of Hawaii to resolve the claims of the Native Hawaiian people.

Accordingly, your Committees have amended this measure by:

- (1) Deleting its contents and replacing them with the contents of S.B. No. 1, S.D. 2, which, among other things:
  - (A) Establishes a nine-member Native Hawaiian Roll Commission to prepare and maintain a roll of qualified Native Hawaiians to serve as a basis of eligibility to participate in the organization of a Native Hawaiian governing entity;
  - (B) Requires the Commission, after publication of the Roll, to appoint an interim council of nine members from the Roll to commence the organization of a convention of qualified Native Hawaiians;
  - (C) Requires the Governor to dissolve the Commission after the interim council is appointed; and
  - (D) Appropriates an unspecified sum to be expended by the Office of Hawaiian Affairs for the purposes of this measure; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Water, Land, and Housing and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1405, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1405, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Majority Leader and Chair on behalf of the Committees.

Ayes, 13. Noes, 1 (Slom). Excused, 2 (English, Shimabukuro).

**SCRep. 1134 (Joint/Majority) Water, Land, and Housing and Ways and Means on H.B. No. 1529**

The purpose and intent of this measure is to establish a task force to:

- (1) Review and update the Hawaii State Planning Act; and
- (2) Review and update the planning, programming, and budgeting system of the State.

Your Committees received testimony in support of this measure from the Aha Kiolo Advisory Committee and Land Use Research Foundation of Hawaii. Your Committees received testimony in opposition to this measure from the Office of Planning, Department of Business, Economic Development, and Tourism; Sierra Club, Hawai'i Chapter; Nicole Lowen; and Janice Palma-Glennie. Your Committees received comments on this measure from the Department of Budget and Finance and Office of Information Practices of the Office of the Lieutenant Governor.

Your Committees find that the Office of Planning and the Department of Budget and Finance may not have the staff and fiscal resources to provide the administrative, technical, professional, and clerical support required by the task force to review and update the Hawaii State Planning Act and the state planning, programming, and budgeting system.

Your Committees further find that meaningful planning for the future of our State cannot occur without addressing the unresolved claims of Native Hawaiians to lands within the State. Long-term planning to address social ills, including the lack of availability of affordable housing, will continue to be hampered unless a Native Hawaiian governing entity is recognized by the State of Hawaii and can negotiate with the State of Hawaii to resolve the claims of the Native Hawaiian people.

Accordingly, your Committees have amended this measure by:

- (1) Deleting its contents and replacing them with the contents of S.B. No. 1520, S.D. 2, which, among other things:
  - (A) Establishes a nine-member Native Hawaiian Roll Commission to prepare, maintain, and certify a roll of qualified Native Hawaiian constituents for the purpose of reorganizing a first nation government;
  - (B) Establishes a process for the election of members to an Interim First Nation Governing Council;
  - (C) Establishes a process for the preparation and ratification of organic governing documents for the first nation government; and
  - (D) Appropriates an unspecified sum to be expended by the Office of Hawaiian Affairs for the purposes of this measure; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Water, Land, and Housing and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1529, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1529, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Majority Leader and Chair on behalf of the Committees.  
Ayes, 13. Noes, 1 (Slom). Excused, 2 (English, Shimabukuro).

**SCRep. 1135 (Majority) Judiciary and Labor on H.B. No. 141**

The purpose and intent of this measure is to authorize retroactive application of the requirement that multiple terms of imprisonment run concurrently unless directed to run consecutively by law or court order.

Prior to the hearing, your Committee circulated a proposed S.D. 1 of this measure that replaced the contents of this measure with provisions that establish class A and B felonies for labor trafficking offenses, a nonpayment of wages offense, an unlawful conduct with respect to documents offense, and related provisions relating to these new offenses. Your Committee notes that the contents of the proposed S.D. 1 were originally included in H.B. No. 1003, H.D. 2, S.D. 1 (2011), an effective date of July 1, 2011, was also inserted.

Your Committee received testimony in support of the proposed S.D. 1 from IMUAlliance and one individual.

Your Committee finds that currently, Hawaii is one of only five states without an anti-trafficking statute or adequate legal protection for victims of sex and labor trafficking. This does not mean that trafficking is not a problem in Hawaii. For example, in one of the largest labor trafficking cases in United States history, Global Horizons Manpower, Inc., a Los Angeles-based employment contractor is alleged to have coerced into agricultural work over four hundred Thai nationals, including forty-four farmers who paid recruiters \$20,000 each for the chance to work at a local farm. Trafficked workers who were victims of this company were chronically underpaid, forced to live in modified storage containers, and threatened with deportation and other forms of economic damage, after having their passports take by the local farm owners.

Your Committee notes that federal law also covers labor trafficking, and the prosecution of the traffickers described above is being conducted pursuant to federal law. However, as explained in testimony submitted during the hearing on H.B. No. 1003, H.D. 2, S.D. 1, while these types of offenses are covered by federal law, federal law enforcement officers generally will only proceed against traffickers with many victims, and not traffickers with one or two victims. Thus, state laws on this subject will complement the federal laws.

Your Committee has amended this measure by adopting the proposed S.D. 1 and further amending the measure by:

- (1) Specifically excluding prostitution-related and obscenity-related activities as set forth in chapter 712, Hawaii Revised Statutes, from the definitions of "labor" and "services";
- (2) Clarifying the intent for the labor trafficking in the first degree offense;

- (3) Revising the language describing the means or methods used by a person committing the offense of labor trafficking in the first degree, as recommended by the Department of the Attorney General, by requiring that the means be committed against the trafficked person and by specifying that, where the means referenced another crime, the means referred to the acts constituting the crime, rather than the underlying crime itself, which may have included a different state of mind than specified in the labor trafficking offense;
- (4) Replacing “aggravated sexual assault” from the sentencing provisions related to labor trafficking in the second degree with “sexual assault in the first, second, or third degree”, for consistency with existing law and adding sexual assault as one of the means used by a person committing the offense of labor trafficking in the first degree, as recommended by IMUAlliance;
- (5) Substituting the means of “force, threat, or intimidation” with “force, deadly force, or unlawful force” for consistency with existing law, as recommended by IMUAlliance, and adding definitions for those terms;
- (6) Revising the categories or types of injuries sustained by a victim for purposes of determining extended terms of imprisonment to conform to existing law, as recommended by IMUAlliance;
- (7) Clarifying that an employer who withholds wages for lawful reasons does not violate the nonpayment of wages offense, as recommended by the Department of the Attorney General and IMUAlliance; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 141, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 141, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, 1 (Slom). Excused, none.

**SCRep. 1136 Judiciary and Labor on H.B. No. 243**

The purpose and intent of this measure is to establish the killing of, or attempting to kill, a pet animal of another person without that person’s consent constitute animal cruelty in the first degree, with certain exemptions.

Prior to the hearing, your Committee posted a proposed S.D. 1, which deleted the contents of this measure and replaced them with provisions prohibiting the retail sale of unsterilized cats in order to mitigate the suffering of the feral cat population. The proposed S.D. 1 also inserted an effective date of January 1, 2012.

Your Committee received testimony in support of the proposed S.D. 1 from the Hawaiian Humane Society, the Maui Humane Society, the Kauai Humane Society, The Humane Society of the United States, and numerous individuals. Your Committee received testimony in opposition to the proposed S.D. 1 from one individual.

Your Committee finds that the population of feral cats is increasing across the State in spite of widespread efforts to control its growth. Your Committee further finds that the uncontrolled propagation of unsterilized cats contributes to increases in the feral cat population as feral cats are the offspring of domestic unsterilized cats that have been abandoned by their owners. Feral cats form colonies and procreate to the extent of presenting a humane issue that is exacerbated when abandoned or escaped pet cats continue to join the feral population and procreate. This measure, as proposed, will significantly slow the growth of the feral cat population thereby alleviating some degree of the suffering of that population.

Your Committee also finds that there are currently more dogs in the State than there are humans willing to care for them and that the population of stray dogs is beset by many of the same issues affecting the feral cat population.

Accordingly, your Committee has amended this measure by adopting the proposed S.D. 1 and further amending this measure by:

- (1) Prohibiting the sale by any pet retailer of an unsterilized dog and defining that term;
- (2) Amending the purpose section accordingly; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 243, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 243, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1137 Judiciary and Labor on H.B. No. 240**

The purpose and intent of this measure is to afford witnesses in cases involving promoting prostitution the highest priority to receive government security and protection.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Department of the Prosecuting Attorney of the City and County of Honolulu, The Pacific Alliance to Stop Slavery, Downtown Neighborhood Board No. 13, and one individual.

Your Committee finds that prostitution remains a concern within Hawaii communities, not only for the prostitution activity itself, but also for the criminal conduct that it can bring to the area within which it occurs. However, there are also concerns that some of those engaged in prostitution are victims of human traffickers or others and are thus coerced into prostitution. Accordingly, it is incumbent on the State to craft legislation that combats those who benefit most from the prostitution, the traffickers and pimps, while

providing protection to victims of traffickers who step forward seeking safety, and addresses the demand for prostitution by assuring that habitual patrons are penalized when they engage in this conduct. Your Committee believes that thoughtful legislation in these areas will act to protect those victimized by prostitution, including those coerced into prostitution and residents of sensitive communities that must grapple with the effects of prostitution and related criminal activities.

Your Committee notes that in addition to this measure, two measures - H.B. No. 241, H.D. 1, and H.B. No. 242, H.D. 1 - that were referred to your Committee attempt to address different parts of this complex issue. H.B. 240 addresses the protection of victims of traffickers who step forward. H.B. 241, H.D. 1, increases penalties for the offenses of promoting prostitution in order to deter traffickers and pimps. H.B. 242, H.D. 1, addresses habitual patrons of prostitutes, thereby decreasing demand for these services. Your Committee believes that the combination of these three measures will provide a comprehensive way to deal with the complex issue of prostitution within a single vehicle.

Accordingly, your Committee has amended this measure by:

- (1) Adding the contents of H.B. 241, H.D. 1, as part II to the measure, which:
  - (A) Amends section 712-1202, Hawaii Revised Statutes, by upgrading promoting prostitution in the first degree from a class B felony to a class A felony;
  - (B) Amends section 712-1202, Hawaii Revised Statutes, to include "fraud" among the means of compelling or coercing an individual into prostitution and defining "fraud";
  - (C) Amends section 712-1203, Hawaii Revised Statutes, by upgrading the offense of promoting prostitution in the second degree from a class C felony to a class B felony;
  - (D) Repealing the offense of promoting prostitution in the third degree, amending the offense of promoting prostitution in the second degree so that conduct previously prohibited under promoting prostitution in the third degree is incorporated within the second degree offense, and making conforming amendments;
- (2) Adding the contents of H.B. 242, H.D. 1, as part III, which:
  - (A) Amends sections 712-1200 and 712-1207, Hawaii Revised Statutes, by expanding the offenses of prostitution and solicitation of prostitution to include the patrons of prostitution in order to address the concerns raised from the case State v. Espinoza;
  - (B) Makes the offense of habitual solicitation of prostitution a class C felony; and
  - (C) Removes the sunset date of Act 192, Session Laws of Hawaii 2009 to permanently establish the offense of habitual solicitation of prostitution; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 240, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 240, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1138 (Joint) Water, Land, and Housing and Means on H.B. No. 331**

The purpose and intent of this measure is to:

- (1) Change the maximum aggregate of the initial term and any extension of certain leases of public lands from fifty-five years to sixty-five years; and
- (2) Broaden the restriction on introducing any species of aquatic life or wildlife, as defined in section 197-1, Hawaii Revised Statutes, to apply to any persons, rather than solely to the Department of Land and Natural Resources.

Prior to holding a public hearing on this measure, a proposed S.D. 2 was prepared and made available for public review. The proposed S.D. 2 retains the contents of the measure and, among other things:

- (1) Establishes a public corporation to administer a public land development program;
- (2) Authorizes the Public Land Development Corporation to manage the commercial and residential use of Ala Wai Boat Harbor; and
- (3) Makes several changes to provide resources for the repair maintenance of and improve the management of Ala Wai Boat Harbor.

Your Committees received testimony in support of this measure from Hilo Bay Printing Co., Ltd.; Independent Employers Group; McCully Works; and Alumside Products, Inc. Your Committees received testimony in opposition to this measure from the Department of the Attorney General; City and County of Honolulu, Department of Planning and Permitting; Hawaii Aquaculture and Aquaponics Association; and Ocean Tourism Coalition. Your Committees received comments on this measure from the Department of Land and Natural Resources; Department of Budget and Finance; and Office of Hawaiian Affairs.

Your Committees find that jobs and revenues can be created through a culturally-sensitive public lands development program. Creating a development arm of the Department of Land and Natural Resources and placing appropriate public lands under the new corporation's jurisdiction will put public lands to their highest and best use, while also generating jobs and revenues for the Corporation and the agencies that lease lands to the Corporation.

Pursuant to its rule-making authority, the Public Land Development Corporation may adopt rules that provide for preferential Kamaaina rates for residents of Hawaii to use and enjoy the projects that will be developed by the Corporation.

If the Board of Land and Natural Resources does not approve the transfer of development rights that are appurtenant to a property to be developed from the Department of Land and Natural Resources to the Corporation, the development rights shall not be transferred to the Corporation.

Your Committees have amended this measure by adopting the proposed S.D. 2 and further amending this measure by:

- (1) Increasing the maximum term for leases extended due to economic hardship from fifty-five years to sixty-five years in part I;
- (2) Replacing the four voting members of the Board of Directors of the Public Land Development Corporation who represent the counties with the Director of Finance, or the Director's designee; the Director of Business, Economic Development, and Tourism, or the Director's designee; and two members to be appointed by the Governor from lists of three qualified persons provided by the President of the Senate and the Speaker of the House of Representatives, respectively, in part III;
- (3) Adding the First Deputy to the Chairperson of the Board of Land and Natural Resources as an alternate designee to the Board of Directors of the Public Land Development Corporation;
- (4) Clarifying the powers of the Public Land Development Corporation in part III;
- (5) Amending provisions relating to the disposition of certain monies within the Hawaii Public Land Development Revolving Fund established pursuant to this measure;
- (6) Authorizing the transfer of development rights from the Department of Land and Natural Resources to the Corporation, under certain conditions, in part III;
- (7) Transferring to the Corporation development rights for all small boat harbors that have open contractual obligations for capital improvements to harbor facilities as of July 1, 2011, in part III;
- (8) Expanding the exemptions granted to the Public Land Development Corporation to include certain statutes, ordinances, charter provisions, and rules of any governmental agency, under certain conditions;
- (9) Deleting language in part IV of the measure, which would have:
  - (A) Placed Ala Wai Boat Harbor under the jurisdiction of the Corporation; and
  - (B) Provided for certain revenue-generating programs to support state small boat harbors and develop Ala Wai Boat Harbor;
- (10) Adopting various clarifying amendments based on testimony received from the Department of Land and Natural Resources; and
- (11) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Water, Land, and Housing and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 331, H.D. 2, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 331, H.D. 2, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Ayes, 10. Noes, none. Excused, 6 (Chun Oakland, English, Fukunaga, Kim, Tokuda, Wakai).

**SCRep. 1139 (Joint) Water, Land, and Housing and Energy and Environment on H.B. No. 117**

The purpose and intent of this measure is to expedite and facilitate work on projects that have been or may be stalled due to delays relating to Special Management Area permitting requirements.

Your Committees received testimony in support of this measure from City and County of Honolulu, Department of Planning and Permitting; County of Maui, Department of Planning; County of Kauai, Planning Department; Hawaii Association of REALTORS Livit Callentine; and Nancy McPherson. Your Committees received testimony in opposition to this measure from the Office of Environmental Quality Control, Department of Health; Office of Hawaiian Affairs; Sierra Club Hawai'i Chapter; Hawaiian Electric Company, Inc.; Hawaii's Thousand Friends; Thorne Abbott; Robert Harris; Marjorie Erway; Carol Philips; Robin Kaye; Pauline MacNeil; Duane Erway; Carl Imperato; Chris Cramer; and Jonathan Starr. Your Committees received comments on this measure from the Office of Planning; Department of Business, Economic Development, and Tourism; and Robin Knox.

Your Committees find that the costs of purchasing and importing construction materials, along with the costs of labor, have risen at a rate that has increased overall costs of projects that in the past may have been viewed as unsubstantial or minor. Your Committees recommend adopting a bright line criterion that reflects current market costs to determine whether a Special Management Area minor permit or a Special Management Area use permit is required to expedite the permitting process.

Your Committees further find that the construction of ocean front single-family residences poses a significant threat to coastal environments. Currently, construction of ocean front single-family residences is exempt from the Special Management Area permitting requirements, even though construction of an ocean front single-family residence could have an immediate and irreversible impact on the coastal environment.

Accordingly, your Committees have amended this measure by:

- (1) Adding language to expedite and facilitate work on land and facilities under the jurisdiction of the Department of Land and Natural Resources;

- (2) Requiring a "development" to hold Special Management Area permit for the construction of a single-family residence that is situated on a tax map key parcel that is subject to a shoreline setback;
- (3) Amending the definitions of "special management area minor permit" and "special management area use permit" to reflect current market costs in a value not to exceed \$500,000 and increase governmental efficiencies;
- (4) Requiring adequate notice to the public of developments in the Special Management Area and defining "adequate notice" to require certain types of signage; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Water, Land, and Housing and Energy and Environment that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 117, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 117, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

Ayes, 7; Ayes with Reservations (English, Ihara). Noes, none. Excused, 4 (Fukunaga, Green, Tokuda, Slom).

**SCRep. 1140 Ways and Means on H.B. No. 866**

The purpose and intent of this measure is to help boost Hawaii's beekeeper industry by compiling statistics on the production of queen bees.

Specifically, this measure:

- (1) Allows beekeepers to register with the Department of Agriculture to provide certain information that is to be kept confidential unless otherwise required by law;
- (2) Appropriates funds to establish an apiary program in the Department of Agriculture; and
- (3) Requires the Department of Agriculture to report to the Legislature prior to the 2013 Regular Session on the effectiveness of beekeeper registration.

Your Committee received written comments in support of this measure from Russell S. Kokubun, Chairperson, Board of Agriculture; and Cary Ploeger-Dizon, President, Big Island Beekeepers Association.

Your Committee received comments on the measure from Cathy L. Takase, Acting Director, Office of Information Practices.

Your Committee finds that the exact number of bee colonies in Hawaii remains unknown and previous efforts to compile industry statistics have been futile for competitive reasons. Allowing beekeepers to register certain information with the Department of Agriculture will allow the State to better compile industry statistics.

Your Committee has amended this measure by requiring that the Department of Agriculture protect the confidentiality of beekeeper registration information to the extent that the information falls within an exception to disclosure under chapter 92F, Hawaii Revised Statutes.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 866, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 866, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1141 Ways and Means on H.B. No. 1248**

The purpose and intent of this measure is to provide affordable capital for new farmers.

Specifically, this measure:

- (1) Reduces the new farmer program loan interest rate;
- (2) Increases the new farmer program loan limits;
- (3) Reduces the number of credit denials required to qualify for the new farmer program; and
- (4) Appropriates funds for the new farmer program.

Your Committee received written comments in support of this measure from Russell S. Kokubun, Chairperson, Board of Agriculture; and the Hawaii Farm Bureau Federation.

Your Committee finds that the State must assist local farmers if it is to meet its sustainability goals. One of the largest hurdles for new farmers is the availability of affordable credit. This measure will help provide affordable capital for new farmers, thereby increasing local food production and helping the State to become more self-reliant.

Your Committee has amended this measure by changing the effective date to July 1, 2117, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1248, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1248, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1142 Ways and Means on H.B. No. 1277**

The purpose and intent of this measure is to appropriate funds from the Agricultural Development and Food Security Special Fund for the Department of Agriculture to complete the Statewide Agriculture Water Use and Development Study.

Your Committee received written comments in support of this measure from Russell S. Kokubun, Chairperson, Board of Agriculture; Hawaii Farm Bureau Federation; and Dave Arakawa, Executive Director, Land Use Research Foundation of Hawaii.

Your Committee finds that Act 101, Session Laws of Hawaii 1998, requires the Department of Agriculture to create an Agricultural Water Use and Development Plan. An in-depth study of irrigation systems throughout the State is already currently being conducted. This measure will provide the funding necessary for the Department of Agriculture to complete its work on the Statewide Agriculture Water Use and Development Study.

Your Committee has amended this measure by authorizing the issuance of general obligation bonds in an unspecified amount, rather than appropriating funds from the agricultural development and food security special fund.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1277, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1277, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1143 Ways and Means on H.B. No. 1483**

The purpose and intent of this measure is to provide adequate amounts of water at a reduced rate for agricultural operations utilizing water from the Molokai irrigation system.

Specifically, this measure:

- (1) Requires the Department of Agriculture to provide water at a reduced rate to Molokai irrigation system water users who lease tracts of Hawaiian Home Lands;
- (2) Requires the Department of Agriculture to forgive past due amounts owed by lessees of Hawaiian Home Lands on Molokai for the provision of water; and
- (3) Appropriates funds to cover operational costs of the Molokai irrigation system.

Your Committee received written comments in support of this measure from one individual. Your Committee received comments on the measure from Russell S. Kokubun, Chairperson, Board of Agriculture.

Your Committee finds that the high cost of water delivery results in hardship on Hawaiian homestead farmers. Providing water to homestead lessees at a reasonable rate and forgiving past due loan amounts will promote self-sufficiency and enable lessees to manage their water costs.

Your Committee has amended this measure to allow, rather than require, the Department of Agriculture to forgive past due loan amounts owed by any lessee of Hawaiian Home Lands on Molokai for the provision of water from the Molokai irrigation system.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1483, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1483, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13; Ayes with Reservations (Ryan). Noes, none. Excused, 1 (Kouchi).

**SCRep. 1144 (Majority) Ways and Means on H.B. No. 865**

The purpose and intent of this measure is to increase the fee assessed for the inspection, quarantine, and eradication of invasive species contained in any freight.

Specifically, the measure increases the fee on the net weight of imported freight from 50 cents to 75 cents for every one thousand pounds of freight, or part thereof, brought into the State.

Your Committee received written comments in support of this measure from William J. Aila, Jr., Chairperson, Board of Land and Natural Resources; Hawaii Farm Bureau Federation; and The Nature Conservancy of Hawaii.

Your Committee received comments in opposition to the measure from Mihoko E. Ito, on behalf of Air Transport Association.

Your Committee received comments on this measure from Russell S. Kokubun, Chairperson, Board of Agriculture; Tax Foundation of Hawaii; and Paul Oshiro, Manager, Government Relations, Alexander & Baldwin, Inc.

Your Committee finds that, currently, there are insufficient moneys in the general fund to cover the inspection requirements at Hawaii's air and sea ports necessary to prevent the importation of invasive species. This measure provides an alternative source of funding to help prevent the spread of invasive species in the State.

Your Committee has amended this measure by:

- (1) Changing the effective date to take effect on approval; and

- (2) Making technical, nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 865, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 865, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, 1 (Slom). Excused, 1 (Fukunaga).

**SCRep. 1145 Ways and Means on H.B. No. 1049**

The purpose and intent of this measure is to update the Insurance Code and related provisions.

Your Committee received comments in support of this measure from Gordon Ito, State Insurance Commissioner, Department of Commerce and Consumer Affairs. Your Committee received comments on this measure from Jennifer Diesman, Vice President, Government Relations, Hawaii Medical Service Association.

Your Committee finds that this measure will provide increased efficiency to the operations of the Insurance Division.

Your Committee has amended this measure by making technical amendments for clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1049, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1049, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 14. Noes, none. Excused, none.

**SCRep. 1146 Ways and Means on H.B. No. 505**

The purpose and intent of this measure is to appropriate funds for flood mitigation efforts in various areas on the islands of Oahu, Hawaii, Kauai, and Maui.

Your Committee received written comments in support of this measure from ten individuals.

Your Committee received written comments on this measure from the Department of Transportation.

Your Committee finds that flooding causes property damage and unsafe road conditions, among other problems, and that funding is needed to assist areas where flooding has been a recurring issue.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2117, to facilitate further discussion on the measure; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 505, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 505, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 1147 (Majority) Ways and Means on H.B. No. 786**

The purpose and intent of this measure is to increase the solid waste management surcharge to address a large revenue shortfall.

Your Committee received comments in support of this measure from Loretta J. Fuddy, Director, Department of Health.

Your Committee received comments in opposition to this measure from Timothy E. Steinberger, Director, Department of Environmental Services, City and County of Honolulu; and Gary M. Slovin, on behalf of PVT Land Company.

Your Committee finds that the State's solid waste management program is experiencing a severe revenue shortfall. An increase in the surcharge would provide additional revenues to help fund program operations.

Your Committee has amended this measure by changing the solid waste management surcharge to an unspecified amount to encourage further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 786, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 786, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, 1 (Slom). Excused, 3 (Dela Cruz, Kidani, Tokuda).

**SCRep. 1148 (Majority) Ways and Means on H.B. No. 1060**

The purpose and intent of this measure is to advance the development and execution of the State's information technology strategic plan.

Specifically this measure:

- (1) Authorizes the Chief Information Officer to employ persons exempt from chapters 76, 78, and 89, Hawaii Revised Statutes;
- (2) Transfers the shared services technology special fund from the Department of Budget and Finance to the Department of Accounting and General Services;
- (3) Authorizes the Chief Information Officer and Comptroller to raise funds and accept donations for the fund;
- (4) Requires the Chief Information Officer to submit annual reports to the Governor and the Legislature; and
- (5) Appropriates moneys to fund the operations of the Chief Information Officer and the Information Technology Steering Committee, including the hiring and training of staff.

Your Committee received written comments in support of this measure from Bruce A. Coppa, Comptroller, Department of Accounting and General Services.

Your Committee finds that this measure will assist the Chief Information Officer and all stakeholders by providing a better framework for the duties and responsibilities of the Chief Information Officer and providing the necessary staffing and funding resources to accomplish those objectives.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1060, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1060, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, 1 (Slom). Excused, none.

**SCRep. 1149 (Majority) Ways and Means on H.B. No. 526**

The purpose and intent of this measure is to expand and support Hawaii's high technology industry by:

- (1) Requiring the Department of Business, Economic Development, and Tourism and the High Technology Development Corporation to plan for the establishment of a high technology park or technology incubator facility on the island of Oahu; and
- (2) Appropriating funds for infrastructure for a high technology park or technology incubator facility.

Your Committee received written comments in support of this measure from Yuka Nagashima, Executive Director and Chief Executive Officer, High Technology Development Corporation; The Chamber of Commerce of Hawaii; James P. Karins, President, Pukoa Scientific; and Karl Fooks, President, Hawaii Strategic Development Corporation.

Your Committee finds that Hawaii's technology and defense-related industries are burgeoning industries that have created numerous jobs in Hawaii. As these industries continue to expand, the State must be able to meet the demand for highly skilled, highly specialized labor. This measure will help the State prepare Hawaii's current and future workforce to adequately deal with the unique challenges of working in high technology industries.

Your Committee has amended this measure by:

- (1) Requiring the Department of Business, Economic Development, and Tourism to submit a preliminary report and a final report to the Legislature no later than twenty days prior to the convening of the regular session of 2012 and 2013, respectively; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 526, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 526, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, 1 (Slom). Excused, 1 (Ryan).

**SCRep. 1150 Ways and Means on H.B. No. 129**

The purpose and intent of this measure is to address the serious issue of substance abuse, especially methamphetamine, by pregnant women, by appropriating funds to continue the Path Clinic, a perinatal clinic pilot program.

Your Committee received comments in support of this measure from Gladys C. Baisa, Council Member, County Council, County of Maui; Dr. Morris Mitsunaga, President, Hawaii Medical Association; Lin Joseph, Director of Program Services, March of Dimes Hawaii Chapter; Jackie Berry, Executive Director, Healthy Mothers Healthy Babies; Amy Monk, Legislative Committee, Hawaii State Democratic Women's Caucus; Katie Reardon, Director of Government Relations & Public Affairs, Planned Parenthood of Hawaii; Jeanne Y. Ohta, Executive Director, The Drug Policy Forum of Hawaii; Pamela Lichty, MPH, President, The Drug Policy Action Group; Kat Brady, Coordinator, Community Alliance on Prisons; Rachel Dorr, MSW, Social Worker, The Path Clinic; and five individuals.

Your Committee finds that the Path Clinic pilot program has proven to be very successful and a cost-effective way to provide critical services to pregnant women who suffer from substance abuse. The Path Clinic pilot program provides its patients with a unique integration of prenatal care, social service support, parenting education, and transportation to address their addictions in a caring and nonjudgmental setting. The efficacy of the Path Clinic is evidenced by the fact that ninety-four per cent of the women treated were tested to be substance-free at the time of their infant's birth, which results in healthier mothers and children. Your Committee believes that this successful pilot program should continue to be funded.

Your Committee has amended this measure by changing the effective date to July 1, 2117, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 129, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 129, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 3 (Dela Cruz, English, Kouchi).

**SCRep. 1151 Ways and Means on H.B. No. 569**

The purpose and intent of this measure is to appropriate funds to create a wellness pilot program for Medicaid recipients or QUEST members.

Furthermore, this measure authorizes the establishment of a joint legislative task force to examine issues relating to Medicaid.

Your Committee received comments in support of this measure from Dr. Morris Mitsunaga, MD, President, Hawaii Medical Association. Your Committee received comments in opposition to this measure from Patricia McManaman, Director, Department of Human Services. Your Committee received comments on this measure from Ohana Health Plan.

Your Committee finds that the creation of a wellness pilot program can be the inspiration for programs and practices that reduce the incidence of chronic disease and promote healthier lifestyles. Your Committee further finds that creation of the task force could help find solutions to prevent future Medicaid shortfalls.

Your Committee has amended this measure by:

- (1) Requiring, rather than authorizing, the establishment of the task force;
- (2) Inviting, rather than requiring, the participation of the named private entities on the task force; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 569, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 569, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 3 (Dela Cruz, Kidani, Tokuda).

**SCRep. 1152 Ways and Means on H.B. No. 326**

The purpose and intent of this measure is to:

- (1) Improve access to health care services for Medicaid and QUEST members in underserved areas of the State on the Big Island by allowing for the use of a mobile medical van equipped with access to telehealth services;
- (2) Implement a patient-centered health home pilot program to provide integrated health care services and preventative and lifestyle health services for Medicaid patients; and
- (3) Establish the Hawaii Medicaid Modernization and Innovation Council to develop and implement the patient-centered health home pilot program.

Your Committee received comments in support of this measure from Jennifer Diesman, Vice President, Government Relations, Hawaii Medical Service Association; Beth Giesting, Chief Executive Officer, Hawaii Primary Care Association; D.V. Shaw, PhD, MPH, MBA, FACMP, Lanai Community Health Center; Susan B. Hunt, MHA, Chief Executive Officer, Hamakua Health Center, Inc.; and four individuals.

Your Committee received comments in opposition to this measure from Patricia McManaman, Director, Department of Human Services.

Your Committee received comments on this measure from Dr. Morris Mitsunaga, MD, President, Hawaii Medical Association.

Your Committee finds that the mobile medical van program will increase access to medical care in underserved rural areas of the State where lower-income residents may not have ready access to medical facilities or health services. The addition of telehealth capabilities to the mobile medical van will expand the provision of services beyond what is simply available on-site and allow consultations with medical specialists and clinics in other parts of the State or country.

Your Committee also finds that the patient-centered health home model of health care coordination and delivery will be effective in providing Medicaid patients with access to comprehensive integrated health care services that emphasize preventative care and healthy lifestyle choices. Your Committee believes that this program will improve patient outcomes while reducing long-term health care costs, especially among patients with chronic health conditions that require continual aggressive management. Your Committee further finds that the Medicaid Modernization and Innovation Council, made up of representatives of many specialties and organizations within the health care delivery industry in Hawaii, will be an effective means of implementing a pilot patient-centered health home program.

Your Committee has amended this measure by:

- (1) Clarifying the intent of the mobile medical van program to serve as wide a segment of the low-income and rural population of the Kona and Kau communities as possible; and
- (2) Amending the effective date of this measure to July 1, 2117, to encourage further discussion on these issues.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 326, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 326, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 3 (Dela Cruz, Kidani, Tokuda).

**SCRep. 1153 Ways and Means on H.B. No. 758**

The purpose and intent of this measure is to provide funding to the Vocational Rehabilitation and Services for the Blind Division of the Department of Human Services to upgrade equipment and facilities for the Hoopono program.

Your Committee received written comments in support of this measure from Ronalene White, Vice President, Anuenue Chapter, National Federation of the Blind of Hawaii. Your Committee received comments on this measure from Patricia McManaman, Director, Department of Human Services.

Your Committee finds that the appropriation in this measure will enable the Hoopono program to upgrade its equipment and facilities to provide services for the blind and visually-impaired that assist participants in attaining maximum vocational and functional independence, such as becoming proficient with the long cane and other skills.

Your Committee has amended this measure by changing the amount of the appropriation and the amount of general obligation bonds that the Director of Finance is authorized to issue to unspecified sums.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 758, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 758, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 3 (Dela Cruz, Kidani, Tokuda).

**SCRep. 1154 Ways and Means on H.B. No. 594**

The purpose and intent of this measure is to appropriate funds to the Department of Human Services to match the federal Medicaid disproportionate share hospital allowance allocated to the State.

Your Committee received written comments in support of this measure from Rick Keene, Executive Vice President and Chief Financial Officer, The Queen's Health Systems. Your Committee received comments on this measure from Patricia McManaman, Director, Department of Human Services.

Your Committee finds that the matching funds appropriated in this measure are necessary to draw on the federal Medicaid disproportionate share hospital funds allocated to the State. Your Committee further finds that the combined state and federal funding will help provide continuing health care in Hawaii's communities.

Your Committee has amended this measure by changing the appropriation and all amounts and percentages that the State is obligated to provide to unspecified sums and percentages, to facilitate further discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 594, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 594, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 3 (Dela Cruz, Kidani, Tokuda).

**SCRep. 1155 Ways and Means on H.B. No. 404**

The purpose and intent of this measure is to authorize issuance of special purpose revenue bonds to assist Palolo Chinese Home, a Hawaii not-for-profit corporation, and its not-for-profit subsidiaries, to finance the expansion, construction, and rebuilding of its health care facilities.

Your Committee finds that it is in the public interest and for the public health, safety, and general welfare to economically assist in the improvement of the health care system for residents of the State. The measure will allow the Palolo Chinese Home to expand its service to the community by providing additional nursing and care home beds for seniors.

Your Committee has amended this measure by:

- (1) Inserting \$40,000,000 as the amount of authorized special purpose revenue bonds; and
- (2) Changing the effective date to July 1, 2011.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 404, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 404, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 3 (Dela Cruz, Kidani, Tokuda).

**SCRep. 1156 Ways and Means on H.B. No. 1036**

The purpose and intent of this measure is to protect the status of the Employees' Retirement System as a tax-qualified retirement plan under section 401(a) of the Internal Revenue Code, by amending the State's pension and retirement systems law to adopt language required under the federal Heroes Earnings Assistance and Relief Tax Act of 2008, Public Law No. 110-245.

Your Committee finds that the Heroes Earnings Assistance and Relief Tax Act imposes requirements on tax-qualified retirement plans regarding benefits payable to the survivors of members who have died while performing qualified military service. Your Committee notes that although existing provisions of chapter 88, Hawaii Revised Statutes, provide the benefits required by the Heroes Earnings Assistance and Relief Tax Act, this measure will amend chapter 88, Hawaii Revised Statutes, to include the specific wording required by the Heroes Earnings Assistance and Relief Tax Act to maintain the tax-qualified status of the Employees' Retirement System.

Your Committee has amended this measure by:

- (1) Correcting cross-references to parts of the Hawaii Revised Statutes;
- (2) Adding the term "civil union" to a provision regarding information provided to the Employees' Retirement System by its members, to maintain consistency with other provisions of the measure; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1036, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1036, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 1157 Ways and Means on H.B. No. 915**

The purpose and intent of this measure is to require the Director of Taxation to provide the administrator of each county's real property assessment division with an image of all certificates of conveyances filed with the Bureau of Conveyances.

Your Committee received written comments in support of this measure from Frederick D. Pablo, Director, Department of Taxation; Gary T. Kurokawa, Administrator, Real Property Assessment Division, City and County of Honolulu; Scott K. Teruya, Administrator, Real Property Tax Division, Department of Finance, County of Maui; and Stanley A. Sitko, Administrator, Department of Finance - Real Property Tax, County of Hawaii.

Your Committee finds that this measure will assist the counties in promptly tracking ownership, encumbrances, restrictions, uses, and sales prices of real property for the purpose of determining real property tax assessments.

Your Committee has amended this measure by:

- (1) Changing the time by which the Director of Taxation shall provide the administrator of each county's real property assessment division images of certificates filed from ten days after the end of each week to twenty-one business days after the end of each week; and
- (2) Making the measure effective on July 1, 2011.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 915, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 915, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 1158 Ways and Means on H.B. No. 318**

The purpose and intent of this measure is to study the impact and address the effect of vog on Hawaii's people by establishing the County of Hawaii Interagency Task Force on Vog and requiring the task force to report its findings and recommendations to the Legislature.

Your Committee received comments in support of this measure from the Hawaii Farm Bureau Federation and one individual.

Your Committee finds that the presence of vog in the atmosphere detrimentally affects health, particularly in school children; agriculture, including farm and ranch animals; public infrastructure; and the visitor industry. This measure will enable the State to review the impact of vog and recommend strategies to improve the quality of life in Hawaii.

Your Committee has amended this measure by:

- (1) Deleting language that places the task force in the civil defense agency of Hawaii County and replacing it with language that places the task force in "the civil defense agency of a county with an active volcano from which vog emanates" to ensure that the provision meets the requirement that legislative enactments be of statewide concern;
- (2) Adding the Director of Health as a member of the task force;
- (3) Specifying which district health officer shall be a member of the task force;
- (4) Changing the effective date to July 1, 2011; and

- (5) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 318, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 318, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 1159 Ways and Means on H.B. No. 130**

The purpose and intent of this measure is to require the Department of Public Safety to:

- (1) Determine the number of incarcerated women who are eligible for reintegration into the community; and
- (2) Contract with providers of gender-responsive community services to assist incarcerated women in successfully transitioning back into the community.

Your Committee received comments in support of this measure from Gladys C. Baisa, Council Member, County Council, County of Maui; Pamela Lichty, MPH, President, The Drug Policy Action Group; Kat Brady, Coordinator, Community Alliance on Prisons; Mervina K. M. Cash-Kaeo, President and Chief Executive Officer, ALU LIKE, Inc.; Hardy Spoehr, Executive Director, Papa Ola Lokahi; and four individuals.

Your Committee finds that, while the number of incarcerated women in Hawaii has increased at an alarming rate, the vast majority of these women are nonviolent offenders. Your Committee further finds that incarceration is not an effective method to deal with the root problems that lead to the destructive behavior, including drug addiction, faced by women being held for nonviolent offenses. Your Committee believes that this measure offers an array of gender-responsive services, including family reunification, employment, education opportunities, and housing that will assist incarcerated women in successfully transitioning back into the community.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2117, to facilitate further discussion on the measure; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 130, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 130, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 1160 (Majority) Ways and Means on H.B. No. 605**

The purpose and intent of this measure is to establish the reduced ignition propensity cigarette program special fund as a mechanism for the State Fire Council to fund administrative staff positions and carry out the duties of the Reduced Ignition Propensity Cigarette Program.

Your Committee received comments in support of this measure from Kenneth G. Silva, Chair, State Fire Council and Fire Chief of the Honolulu Fire Department; Jeffrey A. Murray, Fire Chief, Department of Fire and Public Safety, County of Maui; and Robert F. Westerman, Fire Chief, Kauai Fire Department, County of Kauai.

Your Committee received comments on this measure from Kalbert K. Young, Director, Department of Budget and Finance.

Your Committee finds that the Reduced Ignition Propensity Cigarette Program is administered by the State Fire Council and is designed to reduce accidental fires in Hawaii. However, there is a need for a limited number of full-time staff to administer the program. Your Committee further finds that, since 2009, approximately \$390,000 in fees have been collected from cigarette manufacturers to fund various oversight activities of the program. The creation of a reduced ignition propensity cigarette program special fund for the fees collected would provide a dedicated source of funding for staff needed to administer the program.

Your Committee has amended this measure by:

- (1) Making technical non-substantive amendments for the purposes of clarity and style.
- (2) Changing the effective date to July 1, 2011.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 605, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 605, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, 2 (Kim, Slom). Excused, 2 (Dela Cruz, English).

**SCRep. 1161 Ways and Means on H.B. No. 492**

The purpose and intent of this measure is to protect the public safety and security by ensuring that certain operational deficiencies of the Sheriff Division of the Department of Public Safety are corrected effectively and efficiently.

Your Committee received comments in support of this measure from Robin Nagamine, Lieutenant, Sheriff Division, Department of Public Safety; Lt. Michael Oakland, Commander, Airport Patrol Section, Sheriff Division, Department of Public Safety; Nora A. Nomura, Deputy Executive Director, Hawaii Government Employees Association; and six individuals.

Your Committee finds that this measure addresses the operational deficiencies of the Sheriff Division identified by Auditor Report No. 10-06, "Audit of the Department of Public Safety, Sheriff Division". Specifically, this measure requires the Department of Public Safety to develop and implement a comprehensive strategic plan that shall, among other things:

- (1) Pursue accreditation for the Sheriff Division from the Commission on Accreditation for Law Enforcement Agencies, Inc.;
- (2) Correct inefficiencies in the warrant process by reducing the backlog of warrants to be served, improving the Sheriff Division's radio system, and relocating the receiving desk from Halawa Correctional Facility; and
- (3) Address departmental leadership concerns by developing and implementing internal controls in accordance with the Committee of Sponsoring Organizations of the Treadway Commission's internal control-integrated framework.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2117, to facilitate further discussion on the measure; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 492, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 492, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 1162 (Majority) Ways and Means on H.B. No. 985**

The purpose and intent of this measure is to authorize the use of a two-step design-build procurement process to procure contracts for public construction projects.

In addition, this measure provides for the payment of a conceptual design fee to qualified offerors who submit a technically responsive design-build proposal but who are not awarded the contract.

Your Committee received comments in support of this measure from Daniel Chun, Government Affairs Chair, American Institute of Architects; John Katahira, P.E., Past-President, American Council of Engineering Companies of Hawaii; Lance M. Inouye, President and Chief Executive Officer, Ralph S. Inouye Co., Ltd.; Douglas B. Lee, P.E., Vice President, Brown and Caldwell; Raymond N. Matasci, P.E., Vice President, Brown and Caldwell; John H. Katahira, President, The Limtiaco Consulting Group; Kenneth Ishizaki, P.E., Executive Vice President, Engineering Concepts, Inc.; Richard M. Moss, P.E., President, Moss Engineering, Inc.; Glen Y. F. Lau, P.E., President, Pacific Geotechnical Engineers, Inc.; Roy K. Yamashiro, P.E., Principal, Consulting Structural Hawaii, Inc.; Joel Yuen, P.E., President, InSynergy Engineering, Inc.; and Richard E. Frey, P.E., Vice President, Kennedy/Jenks Consultants.

Your Committee received comments in opposition to this measure from the Department of Transportation.

Your Committee received comments on this measure from Aaron S. Fujioka, Administrator, State Procurement Office.

Your Committee finds that the two-step design-build procurement process will encourage the selection of the most qualified contactors to design and construct complex public infrastructure. In addition, your Committee finds that payment of a conceptual design fee to qualified offerors will help offset the costs of preparing a proposal, thus making it possible for smaller local firms to compete with larger national firms for public construction contracts.

Your Committee has amended this measure by changing the effective date to July 1, 2117, to encourage further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 985, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 985, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Chun Oakland, Ryan, Wakai). Noes, 3 (Kidani, Kim, Slom). Excused, 2 (Dela Cruz, English).

**SCRep. 1163 Ways and Means on H.B. No. 1056**

The purpose and intent of this measure is to allow the Department of Education to determine alternative routes to certification for school principals and vice-principals by allowing candidates for these positions to be certified based on experience that is equivalent to appropriate school-level experience, as determined by the department.

Your Committee finds that current standards for the certification of principals and vice-principals are too restrictive and conflict with requirements of the federal Race to the Top grant program, which provides educational funds to states that advance educational reform, including the provision of alternative routes to certification for teachers and principals. This measure will allow the Department of Education to determine appropriate equivalent experience for principal and vice-principal certification, to comply with Race to the Top grant requirements and help the department attract and retain qualified administrators for public schools.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1056, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1056, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 1164 (Majority) Ways and Means on H.B. No. 953**

The purpose and intent of this measure is to improve the ability of the Department of Education to recruit education officials by changing the salary cap for the deputy superintendent, assistant superintendents, and complex area superintendents from eighty percent of the superintendent's salary to an amount not to exceed the superintendent's salary.

Your Committee finds that increasing the salary cap for deputy, assistant, and complex area superintendents will attract a greater pool of candidates for these positions, enhance competition, and improve the ability of the State to recruit the most qualified and experienced individuals.

Your Committee has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 953, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 953, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, 1 (Slom). Excused, 1 (Dela Cruz).

**SCRep. 1165 Ways and Means on H.B. No. 159**

The purpose and intent of this measure is to improve charter school governance and accountability.

Specifically, this measure amends the laws governing charter schools by:

- (1) Increasing the percentage of the annual charter school general fund allocation that the Charter School Administrative Office withholds for operational expenses, from two percent to five percent, provided that the office submits an annual report to the Legislature accounting for its operational expenses;
- (2) Allowing a charter school to appeal to the Board of Education regarding a denial of reauthorization of its charter by the Charter School Review Panel;
- (3) Specifying that the Charter School Review Panel's powers to address charter school issues include special monitoring and temporary withholding of an allocation for non-compliance issues;
- (4) Specifying the local school boards' oversight of charter schools and requiring the Charter School Review Panel to ensure that local school boards are fulfilling this responsibility;
- (5) Authorizing the Charter School Review Panel, after working with the local school board to address deficiencies in the local school board's fulfillment of its oversight responsibilities, to require the local school board to undergo mandatory board training and to reconstitute the local school board if necessary; and
- (6) Requiring local school boards to:
  - (A) Make the names of board members and officers publicly available at the board's office or the Charter School Administrative Office, and on the board's or charter school's website;
  - (B) Meet at least quarterly; and
  - (C) Adopt and make publicly available the policies, procedures, and bylaws necessary to fulfill the boards' duties, including ethical standards of conduct relating to conflicts of interest and developed with the charter schools.

Your Committee received comments in opposition to this measure from Curtis Muraoka, Vice-President, Hawaii Charter Schools Network.

Your Committee received comments on this measure from Kalei Kailihiwa, Director, Hoolako Like of Kamehameha Schools.

Your Committee finds that this measure provides additional resources for charter school administration and clarifies the duties and responsibilities of the Charter School Review Panel and the local school boards to ensure that all charter schools are meeting their educational goals.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, style, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 159, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 159, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 14. Noes, none. Excused, none.

**SCRep. 1166 Ways and Means on H.B. No. 4**

The purpose and intent of this measure is to help ensure educational stability and transferability for the children of military personnel who transfer to Hawaii by, among other things:

- (1) Making permanent the Interstate Compact on Educational Opportunity for Military Children; and
- (2) Clarifying military representation on the State Council on Educational Opportunity for Military Children within the Board of Education.

Your Committee received comments in support of this measure from Kathleen F. Berg, Hawaii State Commissioner, Military Interstate Children's Compact Commission; and Laurie Crehan, Ed.D., Quality of Life Regional Liaison, Office of the Assistant Secretary of Defense, Military Community & Family Policy.

Your Committee finds that the mobile lifestyle of military families creates special challenges for the children of military service members. In addition, these children often suffer the anxiety of being separated from a parent who is deployed, possibly to an area of dangerous military conflict. This measure addresses these issues by making permanent the Interstate Compact on Educational Opportunity for Military Children, which was designed to help overcome educational transition issues of children of military families and to help ease the strain on families due to deployment.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 4, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 4, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 14. Noes, none. Excused, none.

**SCRep. 1167 (Majority) Ways and Means on H.B. No. 1322**

The purpose and intent of this measure is to:

- (1) Convert certain revolving funds of the University of Hawaii into special funds; and
- (2) Repeal certain funds of the University of Hawaii and transfer the remaining balances to specified alternate funds.

Your Committee received written comments in support of this measure from Howard Todo, Vice President for Budget & Finance/Chief Financial Officer, University of Hawaii System.

Your Committee finds that the University of Hawaii System currently has over forty-five special, revolving, and trust funds. Your Committee further finds that repealing or reclassifying certain funds will provide the University of Hawaii System with greater flexibility and increased efficiency in the use and management of these funds.

Your Committee has amended this measure by:

- (1) Making a conforming amendment to reflect the conversion of the discoveries and inventions revolving fund into a special fund;
- (2) Correcting a reference to the University of Hawaii commercial enterprises revolving fund; and
- (3) Changing the effective date to July 1, 2011.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1322, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1322, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, 1 (Slom). Excused, 1 (Dela Cruz).

**SCRep. 1168 Ways and Means on H.B. No. 1009**

The purpose and intent of this measure is to require the Hawaii Criminal Justice Data Center to indefinitely retain fingerprints and records relating to fingerprints of employment and licensing applicants for whom criminal history record checks are required by law.

Your Committee received written comments in support of this measure from the Department of the Attorney General; Patricia McManaman, Director, Department of Human Services; and Noel T. Ono, Director, Department of Human Services, City and County of Honolulu.

Your Committee finds that requiring the Hawaii Criminal Justice Data Center to indefinitely retain fingerprints will allow the State to implement a statewide Rap Back program, which is a new Federal Bureau of Investigation program that would allow employers to request notification if applicants are arrested in the future.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2011; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1009, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1009, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Slom). Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 1169 Ways and Means on H.B. No. 1076**

The purpose and intent of this measure is to statutorily authorize the use of federal moneys made available in 2009 pursuant to the special transfer provision of Section 903(g) of the Social Security Act, so that the federal moneys can be used to pay for the State's Unemployment Insurance Program administrative expenses.

Your Committee received written comments in support of this measure from Dwight Takamine, Director, Department of Labor and Industrial Relations.

Your Committee finds that this measure will allow the Unemployment Insurance Division of the Department of Labor and Industrial Relations to cover expenses for new internet applications, improve the interactive voice response system, improve the tax system, improve the capability of the benefit system, enhance the division's website to respond to claimants' and employers' need for information, and commence required system security assessments.

Your Committee has amended this measure by changing the effective date to upon approval.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1076, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1076, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 1170 Ways and Means on H.B. No. 1070**

The purpose and intent of this measure is to promote the efficient use of criminal justice resources by establishing a maximum one-year period of post-acquittal conditional release for persons charged with a petty misdemeanor, misdemeanor, or violation.

Your Committee received comments in support of this measure from Loretta J. Fuddy, Director, Department of Health; and Louis Erteschik, Staff Attorney, Hawaii Disability Rights Center.

Your Committee received comments in opposition to this measure from the Department of the Prosecuting Attorney, City and County of Honolulu.

Your Committee finds that persons acquitted of criminal charges by reason of physical or mental disease, disorder, or defect may be subsequently released to the community on a post-acquittal conditional release after a court determines that the person can be adequately controlled and given proper care, supervision, and treatment.

However, there are many instances of individuals who remain on conditional release far in excess of the maximum penalty allowed for the offense charged. According to the Department of Health, ninety per cent of persons on conditional release in Hawaii for a misdemeanor or petty misdemeanor are kept on conditional release longer than they would have spent on maximum jail time or on probation for the same offense, sometimes up to twenty times longer. This results in an increased burden on both staff and financial resources at district courts, probation offices, mental health centers, and hospitals. This measure establishes a specific time limit on the conditional release of individuals charged with lesser offenses, to increase the availability of resources for more serious offenders.

Your Committee has amended this measure by changing the effective date to July 1, 2117, to encourage further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1070, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1070, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 1171 Ways and Means on H.B. No. 1513**

The purpose and intent of this measure is to continue and expand the "weed and seed" strategy to prevent, control, and reduce violent crime, drug abuse, and gang activity in Hawaii.

Specifically, this measure:

- (1) Establishes a permanent weed and seed program within the Department of Labor and Industrial Relations; and
- (2) Appropriates funds to maintain and expand the operations of the weed and seed program.

Your Committee received written comments in support of this measure from Mila Kahaanui, Executive Director, Office of Community Services, Department of Labor and Industrial Relations; Kelli Buenconsejo, RN, Leeward Oahu Nursing Office, Department of Health; Michael F. Broderick, President and Chief Executive Officer, YMCA of Honolulu; Glenn Muranaka, President and General Manager, Meadow Gold Dairies; Sharene Saito Tam, Assistant Vice President, Haseko Development, Inc.; Walter Osakoda, Treasurer, Waipahu Community Association; Carol Brack, Executive Vice President and Property Manager, Waipahu Town

Center; Ala Moana-Sheridan-McCully, Waipahu, and Ewa Weed and Seed Committees; Paul S. Taga, Principal, Waipahu Elementary School; Gale Mejia, Waipahu Project Director, GEAR UP; Frances Rivero, Director, Hale Pono Clubhouse; and 1521 individuals.

Your Committee received comments on the measure from Dwight Y. Takamine, Director, Department of Labor and Industrial Relations.

Your Committee finds that the collaborative strategy of the weed and seed program has proven successful in one hundred fifteen sites across the nation, including the six Oahu-based sites. This measure will enable the State to expand the program and improve its efforts to prevent violent crimes, drug abuse, and gang activity throughout Hawaii.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2117, to facilitate further discussion on the measure; and
- (2) Making a technical, nonsubstantive change for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1513, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1513, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 1172 Ways and Means on H.B. No. 519**

The purpose and intent of this measure is to exclude certain individuals from coverage under the State's workers' compensation law. Specifically, the measure changes the definition of "employment" under the workers' compensation law to exclude services performed by the following individuals:

- (1) A member of a limited liability company who has a distributional interest in the company of not less than fifty per cent;
- (2) A partner of a limited liability partnership who has a transferable interest in the partnership of not less than fifty per cent;
- (3) A partner of a partnership; and
- (4) A sole proprietor.

Your Committee received comments in support of this measure from The Chamber of Commerce of Hawaii; Melissa Pavlicek, National Federation of Independent Business; and Carol Pregill, President, Retail Merchants of Hawaii.

Your Committee finds that measure will help small business employers reduce overhead costs by eliminating mandated coverage for these individuals under chapter 386, Hawaii Revised Statutes.

Your Committee has amended this measure by:

- (1) Changing the effective date to upon approval; and
- (2) Making a technical, nonsubstantive amendment to accurately reflect existing statutory provisions.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 519, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 519, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 3 (Dela Cruz, English, Kouchi).

**SCRep. 1173 Ways and Means on H.B. No. 1001**

The purpose and intent of this measure is to appropriate funds to satisfy claims against the State or its officers or employees for tax overpayments, refunds, reimbursements, payments of judgments or settlements, or other liabilities.

Your Committee received comments in support of this measure from the Department of the Attorney General.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, style, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1001, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1001, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 1174 Ways and Means on H.B. No. 801**

The purpose and intent of this measure is to clarify the Department of Taxation's subpoena authority for civil and criminal tax investigations.

Specifically, the measure:

- (1) Clarifies the Department of Taxation's authority to issue subpoenas in civil and criminal inquiries, investigations, or hearings;

- (2) Allows for the subpoena of records that are stored electronically;
- (3) Sets forth the reimbursement rate for the reproduction of records; and
- (4) Clarifies that compliance with a subpoena issued by the Department shall not give rise to a civil action for damages.

Your Committee received comments in support of this measure from Frederick D. Pablo, Director, Department of Taxation.

Your Committee finds that this measure will further the Department of Taxation's ability to administer the State's tax laws fairly, consistently, and uniformly.

Your Committee has amended this measure by:

- (1) Changing the effective date to upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 801, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 801, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 3 (Dela Cruz, English, Kouchi).

**SCRep. 1175 (Majority) Ways and Means on H.B. No. 1085**

The purpose and intent of this measure is to amend the State's controlled substances law.

Specifically, the measure:

- (1) Makes the Hawaii statutes on controlled substances consistent with federal laws on controlled substances;
- (2) Adds substances of concern to the list of controlled substances that must be electronically reported to Hawaii's electronic prescription monitoring program; and
- (3) Increases the fee for the registration certificate for qualifying patients for the medical use of marijuana.

Your Committee received comments in support of this measure from Department of the Prosecuting Attorney, City and County of Honolulu; and Myron Berney, ND LAc, Medicine Buddhas and Bodhisattvas Natural Cancer Wellness Foundation.

Your Committee received comments in opposition to this measure from Jeanne Y. Ohta, Executive Director, Drug Policy Forum of Hawaii; Andrea Tischler, Co-Chair, Big Island Chapter Americans for Safe Access; and fifteen individuals.

Your Committee notes that the majority of the testimony in opposition to this measure regarded the increase in the fee charged for registration certificates to qualifying patients for the medical use of marijuana.

Your Committee has amended this measure by:

- (1) Correcting the name of a controlled substance; and
- (2) Changing the fee charged for registration certificates to qualifying patients for the medical use of marijuana to an unspecified amount.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1085, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1085, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, 1 (Slom). Excused, 2 (Dela Cruz, English).

**SCRep. 1176 Ways and Means on H.B. No. 354**

The purpose and intent of this measure is to improve the procedures for small claims tax appeals by:

- (1) Prohibiting pretrial discovery; and
- (2) Limiting costs and fees awarded to the prevailing party to fees paid directly to the court in the course of conducting the tax appeal.

Your Committee received comments in support of this measure from Larry J. Shapiro, JD.

Your Committee received comments in opposition to this measure from Gary T. Kurokawa, Administrator, Real Property Assessment Division, City and County of Honolulu; Stanley A. Sitko, Real Property Tax Administrator, Department of Finance, County of Hawaii; and Sally A. Motta, Deputy Finance Director, Department of Finance, Real Property Assessment, County of Kauai.

Your Committee received comments on this measure from Tax Foundation of Hawaii.

Your Committee finds that the procedures in Hawaii for resolving tax appeals of less than \$1,000 are intended to be streamlined and informal. By prohibiting pre-trial discovery and limiting the award of costs and fees for these appeals, this measure will further reduce the unnecessary expenditure of time and resources on small claims cases, while promoting the inexpensive and speedy resolution of these tax disputes.

Your Committee has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 354, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 354, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 3 (Dela Cruz, English, Kouchi).

**SCRep. 1177 Ways and Means on H.B. No. 1063**

The purpose and intent of this measure is to augment the Department of Hawaiian Home Lands' ability to award homesteads and home ownership opportunities to its beneficiaries by increasing the State's limit of liability for Department of Hawaiian Home Land guarantees of loans to lessees from \$50,000,000 to an unspecified amount.

Your Committee received written comments in support of this measure from Kalbert K. Young, Director, Department of Budget and Finance.

Your Committee finds that since Hawaiian home lands are inalienable, the Department of Hawaiian Home Lands is required to guarantee mortgage loans made for homes located on Hawaiian home lands when lenders do not have a loan assurance program. This measure will help the Department provide more home ownership opportunities to beneficiaries, allow more construction of affordable units, and benefit Hawaii's construction industry and economy.

Your Committee has amended this measure by changing the effective date to July 1, 2117, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1063, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1063, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 3 (Dela Cruz, English, Kouchi).

**SCRep. 1178 Ways and Means on H.B. No. 397**

The purpose and intent of this measure is to allow for better oversight of the disposition of public lands.

Specifically, the measure accomplishes this by:

- (1) Requiring more specificity in all concurrent resolutions for the review of proposed exchanges, sales, or gifts of state land, including whether the land was classed as government or crown lands prior to August 15, 1895; and
- (2) Requiring that a draft copy of the concurrent resolution be submitted to the Office of Hawaiian Affairs at least three months prior to the appropriate legislative session.

Your Committee received comments in support of this measure from the Office of Hawaiian Affairs; and Karen Seddon, Executive Director, Hawaii Housing Finance and Development Corporation.

Your Committee received comments on this measure from William J. Aila, Jr., Chairperson, Department of Land and Natural Resources.

Your Committee finds that Act 176, Session Laws of Hawaii 2009, established a more comprehensive process for the sale or gift of state-owned land. During the 2010 Regular Session, substantial numbers of concurrent resolutions relating to the sale or gift of state land moved through both houses of the Legislature. However, the concurrent resolutions did not provide information sufficient for all stakeholders to give adequate consideration to the proposed transactions.

Your Committee further finds that this measure will provide the information and time necessary for the Legislature and the Office of Hawaiian Affairs to fulfill their respective roles in a timely and efficient manner.

Your Committee has amended this measure by making a technical nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 397, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 397, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 3 (Dela Cruz, English, Kouchi).

**SCRep. 1179 Ways and Means on H.B. No. 1020**

The purpose and intent of this measure is to:

- (1) Revise the boundaries of the Aloha Tower complex;
- (2) Reduce the number of members of the Board of Directors of the Aloha Tower Development Corporation from seven to three;
- (3) Place the Aloha Tower Development Corporation under the Department of Transportation for administrative purposes; and
- (4) Repeal the Harbors Modernization Group.

Your Committee received written comments in support of this measure from Richard C. Lim, Director, Department of Business, Economic Development, and Tourism; and Anthony J. H. Ching, Executive Director, Hawaii Community Development Authority.

Your Committee finds that it is imperative that the Aloha Tower Development Corporation be maintained in order to provide stability for the prospective purchase of the Aloha Tower Marketplace and ensure that harbor improvement projects are executed in an expeditious manner.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purpose of consistency and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1020, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1020, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 3 (Dela Cruz, English, Ryan).

**SCRep. 1180 (Majority Ways and Means on H.B. No. 1082)**

The purpose and intent of this measure is to: establish a conservation and resources enforcement special fund, to be administered by the Department of Land and Natural Resources, to provide funding for the protection of the State's natural, cultural, and historic resources; and appropriate funds for this purpose.

Your Committee received written comments in support of this measure from William J. Aila, Jr., Chairperson, Department of Land and Natural Resources; and one individual.

Your Committee finds that there are many costs associated with protecting the State's natural, cultural, and historic resources, including but not limited to training, research, equipment, data collection and development, and hiring consultants or other contractors. This measure will permit the Department of Land and Natural Resources to receive supplemental funding to protect and conserve state resources from a wider variety of revenues, including grants and gifts from public and private sources, and various fees and penalties.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2117, to facilitate further discussion on the measure; and
- (2) Making technical amendments to eliminate redundant language for purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1082, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1082, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, 1 (Slom). Excused, 3 (Dela Cruz, English, Ryan).

**SCRep. 1181 Ways and Means on H.B. No. 491**

The purpose and intent of this measure is to require the Department of Public Safety to seek and obtain accreditation for the Sheriff Division from the Commission on Accreditation for Law Enforcement Agencies, Inc.

Your Committee received comments in support of this measure from Robin Nagamine, Lieutenant, Sheriff Division, Department of Public Safety; Lt. Michael Oakland, Commander, Airport Patrol Section, Sheriff Division, Department of Public Safety; and twelve individuals.

Your Committee finds that the Sheriff Division of the Department of Public Safety shoulders responsibilities that are integral to preserving the public peace and safety. A management audit of the Sheriff Division conducted pursuant to Act 162, Session Laws of Hawaii 2009 and House Concurrent Resolution No. 92, H.D. 1 (2009), found, among other things, that the Sheriff Division is bereft of the training and equipment necessary to fulfill its mission. The audit made a number of recommendations including that the Department of Public Safety seek accreditation for the Sheriff Division from the Commission on Accreditation for Law Enforcement Agencies, Inc., to ensure that proper law enforcement policies and procedures are enacted and followed.

Your Committee further finds that by requiring the Department of Public Safety to pursue and obtain accreditation for the Sheriff Division, the Department will have to adopt policies and procedures that address long-standing issues regarding administration, personnel management, including training, and operations. This will improve performance, foster community and staff confidence in the Sheriff Division, and improve public safety.

Your Committee has amended this measure by changing the effective date to July 1, 2117, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 491, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 491, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 1182 Ways and Means on H.B. No. 389**

The purpose and intent of this measure is to establish the Heeia community development district on the island of Oahu to develop culturally appropriate agriculture, education, and natural resource restoration and management of the Heeia wetlands.

Your Committee received written comments in support of this measure from Jesse K. Souki, Interim Director, Office of Planning, Department of Business, Economic Development, and Tourism; and The Nature Conservancy.

Your Committee received comments on the measure from Kalbert K. Young, Director, Department of Budget and Finance; and the Department of the Attorney General.

Your Committee finds that in March 2010, a thirty-eight-year lease for the Heeia wetlands was granted by the Hawaii Community Development Authority to the nonprofit corporation Kakoo Oiwi. The establishment of the Hawaii Community development district will help Kakoo Oiwi fulfill its goal of restoring the wetlands, eliminating invasive species in the area, and establishing an agricultural and educational center that will contribute to the community at large.

Your Committee has amended this measure by making technical nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 389, H.D. 3, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 389, H.D. 3, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 1183 Ways and Means on H.B. No. 850**

The purpose and intent of this measure is to implement a community-based fishery resource management area program for the island of Lanai that includes the establishment of an advisory committee within the Department of Land and Natural Resources to develop traditional fishery management practices and to advise the department on proposed rules for the take of fishery resources.

Your Committee received comments in support of this measure from Robbie Alm, Executive Vice-President, Hawaiian Electric Company, Inc.; and two individuals.

Your Committee received comments on this measure from William J. Aila, Jr., Chairperson, Department of Land and Natural Resources.

Your Committee finds that this measure will be beneficial to the management of natural resources on the island of Lanai by encouraging the development of traditional fishery management practices and sustainable use of marine resources.

Your Committee has amended this measure by changing the effective date to July 1, 2117, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 850, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 850, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 3 (Dela Cruz, English, Ryan).

**SCRep. 1184 Ways and Means on H.B. No. 496**

The purpose and intent of this measure is to determine the feasibility of using phytoremediation as an environmentally responsible means of removing pollutants and improving water clarity in Lake Wilson.

Specifically, this measure:

- (1) Establishes a pilot project within the Department of Land and Natural Resources to demonstrate the effectiveness of phytoremediation using plants that are native to Hawaii;
- (2) Appropriates funds for the pilot project; and
- (3) Requires the Department of Land and Natural Resources to submit a report of its finding and recommendations to the Legislature.

Your Committee received written comments in support of this measure from the Office of Hawaiian Affairs.

Your Committee received comments on the measure from William J. Aila, Jr., Chairperson, Department of Land and Natural Resources.

Your Committee finds that Lake Wilson, Hawaii's largest reservoir, has the potential to be used for agricultural and other uses on Oahu's North Shore if the condition and quality of the water were improved. The phytoremediation pilot project proposed under this measure will help bring Lake Wilson's water quality to acceptable levels so that it may be used to water crops and provide broader recreational opportunities along the lake.

Your Committee has amended this measure by changing the effective date to July 1, 2117, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 496, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 496, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 1185 (Majority) Ways and Means on H.B. No. 1570**

The purpose and intent of this measure is to assist the livestock industry to stabilize its operations by:

- (1) Making qualified producers of goat milk eligible for the Livestock Revitalization Program, which provides reimbursements for a percentage of feed expenses; and
- (2) Appropriating funds to reimburse qualified beef, cattle, dairy, hog, poultry, and goat farms under the Livestock Revitalization Program and for administrative costs of the program.

Your Committee received written comments in support of this measure from Russell S. Kokubun, Chairperson, Board of Agriculture; Phyllis Shimabukuro-Geiser, President, Mikilua Poultry Farm, Inc.; Jeffrey Peterson, Manager, Land O Lakes Purina Feeds; Roy Kaneshiro, Owner, K. K. Poultry Farm, Inc.; Sharon Peterson Cheape, Vice President, Hawaii Egg Producers Cooperative and Petersons' Upland Farm; and three individuals.

Your Committee finds that feed is very costly for livestock producers in Hawaii. Several local dairies and egg farms have already gone out of business, primarily due to the rising cost of feed for livestock animals and the resulting increase in production costs.

With additional financial support, fewer livestock production companies will go out of business, the livestock industry will be able to grow its operations, and the State will continue to reduce its dependence on imported foods.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1570, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Ryan). Noes, 2 (Wakai, Slom). Excused, none.

**SCRep. 1186 (Majority) Ways and Means on H.B. No. 1203**

The purpose and intent of this measure is to permit continued use by policy makers of physician workforce assessment information.

Specifically, this measure:

- (1) Makes the physician workforce assessment fee permanent;
- (2) Removes the expenditure cap from the John A. Burns School of Medicine Special Fund;
- (3) Specifies the issues to be addressed in the physician assessment and workforce planning funded by the physician assessment fee; and
- (4) Requires the John A. Burns School of Medicine to provide an annual report to the Legislature regarding the school's physician workforce assessment and planning activities.

Your Committee received written comments in support of this measure from Virginia S. Hinshaw, Chancellor, and Jerris Hedges, Dean, John A. Burns School of Medicine, University of Hawaii at Manoa; and Dr. Morris Mitsunaga, President, Hawaii Medical Association.

Your Committee received comments on this measure from the Hawaii Medical Board.

Your Committee finds that the physician workforce assessment has helped policy makers gather reliable information for use in creating policy that furthers the ability of physicians to meet the medical needs of Hawaii's population. Making the physician workforce assessment fee permanent will secure the benefits of this program for the future.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1203, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, 1 (Slom). Excused, none.

**SCRep. 1187 Ways and Means on H.B. No. 270**

The purpose and intent of this measure is to reduce costs and avoid the unnecessary expenditure of time and resources for the counties and requestors of easements by eliminating the public auction requirement in the disposition of easements.

Your Committee finds that, although the counties receive many requests for easements that only benefit the requester, the counties are required to set up public auctions even after obtaining county council approvals for the easements. Your Committee further finds that the elimination of the public auction requirement will do away with a timely, costly, and unnecessary process in the granting of easements.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 270, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 1188 Ways and Means on H.B. No. 744**

The purpose and intent of this measure is to:

- (1) Provide that certain dams and related reservoirs that are designated as important agricultural lands shall be included in the total acreage calculation for important agricultural lands;

- (2) Make those dams and related reservoirs eligible for the incentives now available to important agricultural lands under section 205-46, Hawaii Revised Statutes; and
- (3) Establish a dam safety task force to recommend actions to be taken by the Engineering Division of the Department of Land and Natural Resources in its administration of the Hawaii Dam Safety Program.

Your Committee received written comments in support of this measure from Dave Arakawa, Executive Director, Land Use Research Foundation of Hawaii; the Hawaii Farm Bureau Federation; and David Tarnas, Oaea Agricultural Park. Your Committee received written comments in opposition to this measure from William J. Aila, Jr., Chairperson, Department of Land and Natural Resources. Your Committee received comments on this measure from Jesse K. Souki, Interim Director, Office of Planning, Department of Business, Economic Development, and Tourism; and Paul Oshiro, Manager, Government Relations, Alexander & Baldwin, Inc.

Your Committee finds that dams and reservoirs are critical to the conduct of agricultural operations and businesses. Making important agricultural land incentives available to dams and reservoirs will help preserve these critical economic assets. Your Committee also finds that the task force established by this measure would create a structure in which public and private stakeholders can collaborate, evaluate impacts, and make recommendations to policy makers regarding the Hawaii Dam Safety Program.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 744, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 1189      Ways and Means on H.B. No. 1505**

The purpose and intent of this measure is to establish the State Facility Renovation Partnership Program, under which the Department of Accounting and General Services may sell certain state office facilities to private investors who agree to renovate, improve, or construct a facility to then be leased to the State.

Your Committee received written comments in support of this measure from Andres Albano, Jr., Senior Vice President, CB Richard Ellis, Inc. Your Committee received written comments in opposition to this measure from one individual. Your Committee received comments on this measure from Kalbert K. Young, Director, Department of Budget and Finance.

Your Committee finds that the public-private partnerships authorized by this measure offer a viable alternative for the Department of Accounting and General Services to address the State's backlog of necessary repair and maintenance work, as well as to undertake new construction projects. Under this measure, the State will retain ownership of the land underlying the projects and have an option to purchase the new or improved facility.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1505, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 3 (Dela Cruz, English, Ryan).

**SCRep. 1190      (Joint) Health and Human Services on S.C.R. No. 139**

The purpose and intent of this measure is to request the Department of Health, in collaboration with the Department of Human Services, the John A. Burns School of Medicine, and representatives from health plan providers in the State, to convene a Preterm Birth Task Force to develop best practices recommended by either the American College of Obstetricians and Gynecologists or the Institute for Healthcare Improvement for reducing elective inductions and cesarean deliveries.

Your Committees received testimony in support of this measure from the Department of Health, Puna Community Medical Center, Healthy Mothers Healthy Babies Coalition of Hawaii, Hawaii Medical Association, and March of Dimes Foundation Hawaii Chapter. Your Committees received testimony in opposition to this measure from The American Congress of Obstetricians and Gynecologists. Your Committees received comments on this measure from the University of Hawai'i System.

Your Committees find that despite efforts to reduce preterm births, there remains a need for standardized guidelines and procedures among hospitals in Hawaii that are current with accepted best practices and guidelines to promote better awareness of the risks of elective inductions and preterm cesarean deliveries and to increase training opportunities among hospital personnel relating to elective inductions and preterm cesarean deliveries. The creation of the Preterm Birth Task Force will help the State achieve these goals. Your Committees find that the inclusion of a pediatric physician on the Preterm Birth Task Force will provide additional guidance.

Accordingly, your Committees have amended this measure by increasing the number of individuals requested to serve on the Preterm Birth Task Force by one to include a pediatric physician.

As affirmed by the records of votes of the members of your Committees on Health and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 139, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 139, S.D. 1.

Signed by the Chairs on behalf of the Committees.  
Ayes, 5. Noes, none. Excused, 3 (Baker, Shimabukuro, Wakai).

**SCRep. 1191      (Joint) Health and Education on S.C.R. No. 6**

The purpose and intent of this measure is to encourage the John A. Burns School of Medicine and the School of Nursing and Dental Hygiene of the University of Hawaii to include breastfeeding in educational curriculum to educate medical professionals to advocate and promote breastfeeding among expectant and new mothers.

Your Committees received testimony in support of this measure from the University of Hawai'i School of Nursing and Dental Hygiene, University of Hawai'i John A. Burns School of Medicine, Hawaii Chapter – American Physical Therapy Association, Healthy Mothers Healthy Babies Coalition of Hawaii, Puna Community Medical Center, and one individual.

Your Committees find that breastfeeding provides numerous benefits for babies and mothers. Your Committees further find that health care professionals play a critical role in providing support and education to expectant and new mothers on the benefits of breastfeeding. This measure encourages the schools that equip and prepare many of the State's future health care professionals to include breastfeeding curriculum as part of their preparation of these future health care professionals.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Health and Education that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 6, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 6, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Ayes, 6. Noes, none. Excused, 4 (Baker, Shimabukuro, Taniguchi, Wakai).

**SCRep. 1192 (Joint) Health and Education on S.C.R. No. 66**

The purpose and intent of this measure is to support school gardens by requesting the convening of a task force to determine how to expand school garden programs statewide.

Your Committees received testimony in support of this measure from the College of Tropical Agriculture and Human Resources at the University of Hawai'i at Manoa; Department of Health; Department of Education; College of Agriculture, Forestry and Natural Resource Management at the University of Hawai'i at Hilo; American Cancer Society; Hawaii Association of Independent Schools; Hawai'i Island School Garden Network; Kokua Hawai'i Foundation; Hawaii School Garden Hui; NatureTalks, LLC; Hawaii County Nutrition and Physical Activity Coalition; and five individuals.

Your Committees find that farm to school programs, such as programs that involve planting and tending school gardens, have proven successful in supplying high quality food, as well as providing students with knowledge that enhances their educational experience and cultivates long-term healthy habits.

Your Committees have amended this measure by:

- (1) Removing the specific reference to the Office of Hawaii Child Nutrition Programs; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Health and Education that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 66, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 66, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Ayes, 6. Noes, none. Excused, 4 (Baker, Shimabukuro, Taniguchi, Wakai).

**SCRep. 1193 (Joint) Health and Water, Land, and Housing and Agriculture on S.C.R. No. 125**

The purpose and intent of this measure is to request the Department of Health to expeditiously take action to certify its water quality testing laboratory for the testing and classification of land- and ocean-based shellfish growing waters around the State, utilize appropriate staff for those purposes, and implement analyses to certify areas that are suitable for classification as shellfish growing areas.

Your Committees received testimony in support of this measure from the University of Hawai'i System; Department of Health; Analytical Services, Inc.; Hawaii Aquaculture and Aquaponics Association; and Keawanui Fishpond.

Your Committees find that Hawaii is the only coastal state in the United States where shellfish cannot be farmed and sold. Currently, because Hawaii does not have a Statewide Classification Program for Shellfish Growing Areas, shellfish seed that is produced in the State must be sent out of state to grow to maturity before being sold. Allowing Hawaii shellfish farmers to legally raise and sell their shellfish for consumption creates an important economic opportunity for the State.

Your Committees' intent is to facilitate the establishment of a shellfish farming industry in Hawaii but emphasizes that shellfish farms should not limit or negatively impact public access to Hawaii's shorelines.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Health and Water, Land, and Housing and Agriculture that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 125, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 125, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Ayes, 9. Noes, none. Excused, 5 (Baker, Fukunaga, Green, Tokuda, Slom).

**SCRep. 1194 Energy and Environment on H.B. No. 424**

The purpose and intent of this measure is to extend the temporary exemption from the State's environmental impact statement law afforded to certain actions involving infrastructure within existing public rights-of-way.

Your Committee received testimony in support of this measure from Gary Hooser, Office of Environmental Quality Control; The Chamber of Commerce of Hawaii; Myoung Oh, Hawai'i Association of REALTORS; David Arakawa, Land Use Research Foundation of Hawaii; and Rouen Liu, Hawaiian Electric Company, Inc.

This measure extends the sunset date of Act 87, Session Laws of Hawaii 2009, from July 1, 2011, to July 1, 2013. Act 87 exempts a primary action from chapter 343, Hawaii Revised Statutes, the environmental impact statements law, when that primary action is subject to only a non-discretionary permit or approval and involves a secondary action that is ancillary and limited to the installation, improvement, renovation, construction, or development of infrastructure within an existing public right-of-way or highway.

Your Committee finds that there are questions about the application of chapter 343, Hawaii Revised Statutes, as it pertains to primary and secondary actions. This measure allows more time to resolve these issues.

As affirmed by the record of votes of the members of your Committee on Energy and Environment that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 424, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (English, Ihara).

**SCRep. 1195 Ways and Means on H.B. No. 1642**

The purpose and intent of this measure is to foster improvement in the State's economy by providing support for research and development activities that lead to new job opportunities.

Specifically, this measure:

- (1) Requires a qualified high technology business that claims the tax credit for research activities to file annual survey information with the Department of Taxation;
- (2) Requires the Department of Taxation to submit an annual report to the Legislature on the information collected by the survey and the effectiveness of the tax credit; and
- (3) Extends the existing tax credit for research activities for an additional five years to taxable years beginning before December 31, 2015.

Your Committee received written comments in support of this measure from The Chamber of Commerce of Hawaii; Yuka Nagashima, Executive Director and Chief Executive Officer, High Technology Development Corporation; Karl Fooks, President, Hawaii Strategic Development Corporation; James P. Karins, President, Pukoa Scientific; Nelson Kanemoto, President and Chief Executive Officer, Referentia Systems Incorporated; Jill Takaazu Harper, Vice President, Business Operations, Referentia Systems Incorporated; and Nancy Downes, Program Manager, Referentia Systems Incorporated.

Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that this measure promotes research and development in Hawaii and supports local companies in the research and development industry.

The incentives provided by this measure will continue to create job growth in the State and encourage further investment in Hawaii's high technology industries. In addition, the reporting requirements will demonstrate the effectiveness of the tax credit for research activities.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1642, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 3 (Dela Cruz, Tokuda, Slom).

**SCRep. 1196 Ways and Means on H.B. No. 1164**

The purpose and intent of this measure is to allow the Department of Land and Natural Resources to consider the exchange of Sand Island parcels to leaseholders, and require the department to report its findings and recommendations to the Legislature.

Your Committee received written comments in opposition to this measure from William J. Aila, Jr., Chairperson, Department of Land and Natural Resources; and the Office of Hawaiian Affairs.

Your Committee finds that tenants of the Sand Island Industrial Park have expressed a strong desire to acquire the fee interest in their leasehold lots because they have invested substantial amounts to improve the lots and, as the lease approaches expiration, their ability to finance further improvements is diminishing. The Department of Land and Natural Resources, however, relies on the lease revenue to support the operations of public lands programs including, in particular, the special land and development fund. This measure will allow the department to consider the exchange of parcels to leaseholders by evaluating factors including the present and future value and income generating capacity of a leased parcel and the parcel proposed for exchange.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1164, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 4 (Dela Cruz, English, Ryan, Tokuda).

**SCRep. 1197 Agriculture on H.B. No. 122**

The purpose and intent of this measure is to:

- (1) Extend the repeal date of Act 173, Session Laws of Hawaii 2009 (Act 173), which exempts renewable energy projects from subdivision requirements on state agricultural or conservation lands, from July 1, 2013, to July 1, 2020; and
- (2) Clarify that wind energy projects are included in the exemption.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Department of Business, Economic Development, and Tourism; Land Use Research Foundation of Hawaii; Kamehameha Schools; SunFuels Hawaii, LLC; and Hawaii Solar Energy Association. Your Committee received comments on this measure from Waimalu Valley Ranch.

Your Committee finds that renewable energy projects require acreage for facilities and access to easements in configurations that do not always coincide with existing subdivided boundaries or parcels. Act 173 was enacted to facilitate the financing and development of renewable energy projects by exempting these projects from subdivision requirements on state agricultural or conservation lands. This measure will encourage the continued development of renewable energy facilities in the State by extending the exemption to July 1, 2020.

Your Committee has amended this measure by:

- (1) Adding language to amend section 201N-13, Hawaii Revised Statutes, to change references from July 1, 2013, to July 1, 2020, to conform with the extension of Act 173; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 122, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 122, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 3 (Chun Oakland, Tokuda, Slom).

#### **SCRep. 1198 Commerce and Consumer Protection on H.B. No. 484**

The purpose and intent of this measure is to require hospitals within the State to allow advanced practice registered nurses to practice within the full scope of licensure, including as a primary care provider.

Your Committee received testimony in support of this measure from the Board of Nursing, Hawaii State Center for Nursing, Hawaii Medical Service Association, Kaiser Permanente, Hawaii Long Term Care Association, American Academy of Nurse Practitioners, Hawai'i Association of Professional Nurses, Hawaii Association of Nurse Anesthetists, the University of Hawai'i System, and twenty-two private individuals. Your Committee received comments on this measure from the Healthcare Association of Hawaii.

Your Committee finds that advanced practice registered nurses are educationally prepared to assume responsibility and accountability for health promotion and maintenance as well as the assessment, diagnosis, and management of patients, including through the use of prescription pharmacological and nonpharmacological interventions. Your Committee also finds that advanced practice registered nurses have proven themselves to have clinical experience of sufficient breadth and depth to practice safely within their specialties, including by prescribing drugs appropriate to their practice area. Your Committee further finds that advanced practice registered nurses are important providers of health care, especially in the context of Hawaii's documented shortage of qualified health care providers. Your Committee notes that advanced practice registered nurses currently serve in a variety of roles within the health care system, including some that do not utilize every aspect of the full scope of practice available to an advanced practice registered nurse. Your Committee finds that this measure is not intended to disrupt the current employment of advanced practice registered nurses who choose to serve in those important positions.

Accordingly, your Committee finds that some provisions of the current statute governing prescriptive authority for advanced practice registered nurses are inconsistent with the Legislature's recognition of advanced practice registered nurses' role as primary care providers. Your Committee further finds that advanced practice registered nurses are qualified to be personally accountable for their practice, have safely prescribed drugs appropriate to their specialties for fifteen years, and therefore should be authorized to prescribe independently provided drugs appropriate to their practice area.

Your Committee has amended this measure by:

- (1) Adding a new section that amends the statute governing prescriptive authority for advanced practice registered nurses by:
  - (A) Deleting provisions related to an exclusionary formulary for advanced practice registered nurses with prescriptive authority; and
  - (B) Adding a new provision to authorize advanced practice registered nurses with prescriptive authority to request, receive, and dispense manufacturers' samples of over the counter and non-controlled legend drugs;
- (2) Making it effective upon its approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

Your Committee finds that this measure, as amended, will increase access to medical services throughout the State by ensuring that providers already practicing within the community are able to practice within the full scope of their statutorily-granted authority.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 484, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 484, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Galuteria, Green, Solomon).

**SCRep. 1199 Commerce and Consumer Protection on H.B. No. 1552**

The purpose and intent of this measure is to restrict the use of terms indicating geographic origin of Hawaii-grown coffee on coffee packaging.

Your Committee received testimony in support of this measure from Retail Merchants of Hawaii; Hawaii Coffee Association; Hawaii Coffee Company; Captain Cook Coffee Company; Heavenly Hawaiian Farms; Paradise Beverages, Inc.; Castle and Company; MauiGrown Coffee, Inc.; The Madden Corporation; Coffees of Hawaii, Inc.; Rancilio Group; McDonald's Restaurants of Hawaii; Pacific Bag, Inc.; Excor, Inc.; and six private individuals. Your Committee received testimony in support of the intent of this measure from the Department of Agriculture. Your Committee received testimony in opposition to this measure from Kona Rising Coffee Company, Dysart Farms, Mahina Mele Farm, Pohaku Kona Coffee Farms, Lions Gate Farms, Mokulele Farms, Konacopia Farm, Kona Coffee Farmers Association, Luther Coffee Farm, Kona County Farm Bureau, Teshima Estate Kona Coffee, and nine private individuals.

Your Committee finds that this measure provides stricter guidelines for labeling packages of coffee to ensure that consumers receive accurate information that enables them to make informed purchasing choices.

Your Committee has amended this measure by:

- (1) Prohibiting the use of a term that indicates a geographic origin on the front panel of a package of coffee unless the package contains one hundred percent coffee from the geographic origin or the term is part of a trademark;
- (2) Prohibiting the use of more than one trademark on a package of coffee unless the package contains one hundred percent coffee from the geographic origin specified by the trademark;
- (3) Prohibiting the use of a trademark that begins with the name of a geographic origin on a package of coffee unless one hundred percent of the coffee comes from the geographic origin or the trademark ends with words that indicate a business entity;
- (4) Prohibiting the printing on a package of coffee of a statement indicating the geographic origin of the coffee in a font smaller than that used for a trademark that includes the name of a geographic origin or in a location other than the front label panel of the package;
- (5) Changing its effective date to upon approval; provided that the labeling requirements effectuated by section 2 of the measure shall be effective on July 1, 2012; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

Your Committee finds that the amendments made to this measure clarify the labeling requirements for coffee to ensure that locally-grown coffee is not disadvantaged in the marketplace. Your Committee further finds that the amendments regarding the use of trademarks made by this measure address the concerns raised by independent coffee growers that unscrupulous packagers may use deliberately misleading packaging to circumvent truthful labeling requirements. Finally, your Committee finds that this measure, as amended, will promote the growth of Hawaii's coffee industry by enabling consumers to easily identify and confidently choose Hawaii-grown coffee.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1552, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1552, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Galuteria, Green).

**SCRep. 1200 (Majority) Ways and Means on H.B. No. 160**

The purpose and intent of this measure is to appropriate funds to provide additional funding for the Kupuna Care program to provide Hawaii's elderly population access to affordable and quality home- and community-based services.

The measure also appropriates moneys from the emergency and budget reserve fund to maintain funding levels of various programs that are essential for public health, safety, welfare, and education.

Your Committee received written comments in support of this measure from Liz Ann Salvador, Chair, and Waynette Cabral, Executive Administrator, State Council on Developmental Disabilities; Barbara Kim Stanton, State Director, AARP Hawaii; Eldon L. Wegner, Ph.D., Policy Advisory Board for Elder Affairs; Howard S. Garval, President and Chief Executive Officer, Child & Family Service; M. Nalani Fujimori Kaina, Executive Director, Legal Aid Society of Hawaii; Louis Erteschik, Staff Attorney, Hawaii Disability Rights Center; Liane K. Akana, Executive Director, Read To Me International; Bruce McCullough, Chair, Legislative Committee, Hawaii Alliance for Retired Americans; and eight individuals.

Your Committee finds that expenditures from the emergency and budget reserve fund are needed to meet the conditions of emergency, economic downturn, and unforeseen reduction in revenues that the State currently faces.

Your Committee has amended this measure by:

- (1) Clarifying that the appropriation to the Read To Me International Foundation is intended to strengthen families and promote childhood literacy;
- (2) Making an unspecified appropriation out of the emergency and budget reserve fund for the HOPE probation program;

- (3) Requiring that any moneys or appropriations from the emergency and budget reserve fund that are used to meet any general fund shortfall during the 2011-2012 fiscal year be reimbursed from the general fund to the credit of the emergency and budget reserve fund no later than July 1, 2012;
- (4) Changing dollar amounts and appropriations to unspecified sums;
- (5) Adding an appropriation for the housing placement program within the Department of Human Services;
- (6) Changing the effective date to July 1, 2117, to facilitate further discussion on the measure; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 160, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 160, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 1 (Slom). Excused, 3 (Dela Cruz, Kidani, Tokuda).

**SCRep. 1201 (Majority Ways and Means on H.B. No. 169)**

The purpose and intent of this measure is to assist the unemployed by:

- (1) Establishing an optional total unemployment rate trigger for extended unemployment benefits if one hundred per cent federal sharing is available under federal law, subject to certain conditions; and
- (2) Appropriate funds for an automated extended benefit claims system.

Your Committee received comments in support of this measure from Dwight Takamine, Director, Department of Labor and Industrial Relations.

Your Committee finds that this measure provides an alternative unemployment rate trigger under which the State can access federal funds to allow unemployed workers to receive extended benefits.

Your Committee has amended this measure by:

- (1) Clarifying that extended benefits are to be paid only when one hundred per cent federal sharing is allowed under federal law;
- (2) Allowing individuals to qualify for extended benefits even after their one-year benefit period has elapsed; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 169, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 169, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 1 (Slom). Excused, 3 (Dela Cruz, English, Kouchi).

**SCRep. 1202 Ways and Means on H.B. No. 382**

The purpose and intent of this measure is to facilitate the Auditor's execution of statutory and constitutional duties with regard to audits of the Department of Taxation.

Specifically, this measure:

- (1) Expressly authorizes the Auditor to inspect all accounts, books, records, files, papers, and documents and all financial affairs of the Department of Taxation;
- (2) Requires the Auditor to implement internal policies to protect the confidentiality of private personal information contained in tax returns; and
- (3) Expands the application of existing penalties for unauthorized disclosures of tax information by a state officer or employee to expressly include the Auditor and the Auditor's agent.

Your Committee received comments in support of this measure from Marion M. Higa, State Auditor, Office of the Auditor, State of Hawaii; and Frederick D. Pablo, Director, Department of Taxation.

Your Committee received comments on this measure from Tax Foundation of Hawaii.

Your Committee finds that while this measure grants express authority to the Auditor to effectively evaluate the activities and performance of the Department of Taxation, careful consideration should be given to the confidentiality of private taxpayer information that may be subject to these examinations.

Accordingly, your Committee has amended this measure by:

- (1) Clarifying that the Auditor shall have access to tax returns and the accounts, books, records, files, papers, documents, and financial affairs of the Department of Taxation only to the extent necessary in the administration of the Auditor's duties and within the scope of an audit;
- (2) Making the measure effective upon its approval; and

- (3) Making a technical, nonsubstantive amendment to reflect existing statutory language.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 382, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 382, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 3 (Dela Cruz, English, Kouchi).

**SCRep. 1203 Ways and Means on H.B. No. 1138**

The purpose and intent of this measure is to establish a lien in favor of a certified shorthand reporter on the assets of an attorney's firm for unpaid services.

In addition, this measure:

- (1) Broadens attorney's liens to include arbitration proceedings; and
- (2) Eliminates the one year deadline for filing the lien.

Your Committee received comments in support of this measure from Bill Plum, Vice Chair, Collection Law Section, Hawaii State Bar Association; Sharon Mujtabaa, President, Hawaii Court Reporters and Captioners Association; and nine individuals.

Your Committee finds that with recognition of a certified shorthand reporter's lien upon an attorney's assets is consistent with the customs and practices of the majority of the states, in which attorneys, rather than their clients, handle and maintain control over all aspects of litigation, including hiring reporter services, and are therefore responsible for reimbursing the reporter.

Your Committee further finds that the amendments regarding the attorney's lien are necessary to eliminate taxation problems associated with the one year deadline for filing the lien and to provide greater consistency and clarity in the statutory terms.

Your Committee has amended this measure by changing the effective date to July 1, 2117, to facilitate continued discussion of the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1138, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1138, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 1204 Ways and Means on H.B. No. 1312**

The purpose and intent of this measure is to authorize the Department of Land and Natural Resources to lease for development certain fast lands or submerged lands of the Ala Wai Small Boat Harbor to maximize the revenue potential of this facility.

Your Committee received comments in support of this measure from William J. Aila, Jr., Chairperson, Department of Land and Natural Resources.

Your Committee received comments in opposition to this measure from one hundred ninety-two individuals.

Your Committee finds that, currently, some parts of the Ala Wai Boat Harbor facility are underused. Extending the leasable areas of the Ala Wai Boat Harbor to submerged lands and enumerating permissible uses under such a lease will establish a new funding source for the Department of Land and Natural Resources. These revenues would support the long-range repair and maintenance goals for Ala Wai Boat Harbor facilities and provide a stepping-stone to departmental self-sufficiency.

Your Committee has amended this measure by:

- (1) Changing the effective date to upon approval; and
- (2) Making a technical, nonsubstantive change for the purpose of clarity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1312, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1312, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 4 (Dela Cruz, English, Ryan, Tokuda).

**SCRep. 1205 Ways and Means on H.B. No. 678**

The purpose and intent of this measure is to strengthen the safeguards against security breaches of personal information.

Specifically, this measure:

- (1) Requires government agencies that maintain personal information systems to include mandatory training programs for agency personnel;
- (2) Requires businesses that maintain personal information to implement an information security program;
- (3) Amends the definition of "security breach" in chapter 487N, Hawaii Revised Statutes, to include any inadvertent, unauthorized disclosure of unencrypted or unredacted records or data containing personal information;

- (4) Requires a notice of security breach pursuant to chapter 487N, Hawaii Revised Statutes, to include toll-free contact telephone numbers and addresses for the major credit reporting agencies;
- (5) Requires the information privacy and security council to be responsible for coordinating the implementation of security breach guidelines by government agencies;
- (6) Includes victims of a security breach among those residents entitled to free security freeze services; and
- (7) Appropriates unspecified amounts for the information privacy and security council for positions and security tools.

Your Committee received comments in opposition to this measure from Gary M. Slovin and Mihoko E. Ito on behalf of the Consumer Data Industry Association; Carol Pregill, President, Retail Merchants of Hawaii; and Oren T. Chikamoto, on behalf of the American Council of Life Insurers.

Your Committee finds that it is in the best interests of the residents of the State to prevent security breaches of personal information through enhanced cyber security training and technical solutions. Your Committee further finds that when security breaches occur, residents of the State should be provided with adequate information and resources to protect their personal information.

Your Committee has amended this measure by:

- (1) Clarifying that any business subject to the federal Interagency Guidelines Establishing Information Security Standards or 12 C.F.R. Part 748, Appendix A, is not subject to the state statutory requirement to implement a comprehensive written information security program; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 678, H.D. 3, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 678, H.D. 3, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (Sloin). Noes, none. Excused, 1 (Ryan).

**SCRep. 1206 Ways and Means on H.B. No. 1038**

The purpose and intent of this measure is to make various revisions to the Employees' Retirement System in order to reduce the system's unfunded liability.

Specifically, this measure:

- (1) Increases the member's contribution rates for employees who become members of classes A, B, or H after June 30, 2012;
- (2) Increases the period of years for calculating the average final compensation for employees who become members of classes A, B, C, or H after June 30, 2012;
- (3) Increases the vesting period for employees who become members of class H after June 30, 2012;
- (4) Increases the employer contribution rates for public safety related employees and other employees in classes A and B beginning in fiscal year 2012-2013;
- (5) Reduces the percentage of regular interest credited to the retirement accounts of employees who becomes members of classes A, B, or H after June 30, 2011;
- (6) Increases the age and service requirements for employees who become members of classes A, B, or H after June 30, 2012; and
- (7) Authorizes the Board of Trustees of the Employees' Retirement System to establish the investment yield rate for the entire system after June 30, 2011.

Your Committee received comments in support of this measure from Kalbert K. Young, Director, Department of Budget and Finance; Michael Hansen, Department of Budget and Fiscal Services, City and County of Honolulu; and Noel Ono, Department of Human Resources, City and County of Honolulu. Your Committee received comments on this measure from one individual.

Your Committee finds that this measure combines elements from several measures introduced in the House of Representatives to comprehensively address the unfunded liability of the Employees' Retirement System, by making reasonable prospective changes to the employees' benefits and the employee's contribution rates. Your Committee notes that this measure incorporates elements from H.B. No. 1037, H.B. No. 817, H.B. No. 1142, and H.B. No. 1143, as well as this measure as introduced.

Your Committee further finds that although this measure makes a distinction in the benefits and obligations of members based upon their dates of hire, such actions are necessary to ensure the long-term viability of the Employees' Retirement System.

Your Committee has amended this measure by:

- (1) Making a technical amendment for consistency with other provisions in the measure; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1038, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1038, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 1207      Judiciary and Labor on H.B. No. 1067**

The purpose and intent of this measure is to repeal the authority of the Executive Director of the Office of Youth Services to transfer youth committed to the Hawaii Youth Correctional Facility to adult correctional facilities for disciplinary or other reasons.

Your Committee finds that this measure supports the State's efforts to comply with the federal Juvenile Justice and Delinquency Prevention Act which, among other things, prohibits the placement of youth in adult correctional facilities except under limited circumstances and requires "sight and sound" separation between juvenile and adult offenders.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1067, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1208      Judiciary and Labor on H.B. No. 1130**

The purpose and intent of this measure is to repeal the sunset date of Act 158, Session Laws of Hawaii 2009, thereby making permanent the requirement that cooperative housing developments, condominium associations, and planned community associations establish an access policy for civil process servers.

Your Committee finds that in the two years since the enactment of Act 158, it has successfully assisted in the service of process on residents of community associations thereby reducing legal costs and improving notice as servers no longer have to wait for hours outside of limited-access properties or notice by publication when the residents cannot be reached. Your Committee further finds that Act 158 affords community associations autonomy to make their own rules regarding access for process servers and as a result has yielded no complaints from the associations or their residents during the two years that the Act has been in effect. This measure will make permanent a law that has been successful in facilitating and streamlining the judicial process.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1130, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1209      (Majority) Judiciary and Labor on H.B. No. 1434**

The purpose and intent of this measure is to ensure that contractors shall be issued a separate Notice of Violation for each government construction project where the Department of Labor and Industrial Relations finds that a contractor has failed to comply with chapter 104, Hawaii Revised Statutes, the prevailing wage law.

Your Committee finds that one deterrent to violation of the prevailing wage law is to bar contractors who accumulate three Notices of Violation of the law within two years from bidding on government construction projects for three years. This deterrent of debarment from working on government projects is weakened by the fact that prevailing wage labor investigations can take over two years and that as the law reads now a violation refers to an investigation involving one or more projects. Uncooperative contractors are able to stall and game the system due to the time limitations and the potential for the bundling of multiple projects into one Notice of Violation, thereby remaining eligible for government contracts despite multiple offenses over long periods of time on multiple projects.

Your Committee recognizes the concerns of the contractor community that a contractor who unwittingly violates the law simultaneously on three projects due to the same mistake could be subject to debarment. However, your Committee finds that considering the harm incurred by the workers and their families due to such violations, ensuring that such mistakes are not made should be a priority for contractors. This measure will improve contractors' compliance with the law by discouraging intentional violations and deterring potential unwitting violators to eliminate mistakes that impact the lives of others.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1434, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, 1 (Slom). Excused, none.

**SCRep. 1210      Judiciary and Labor on H.B. No. 924**

The purpose and intent of this measure is to clarify that the terms of a liability insurance policy issued to a construction professional shall be interpreted according to the reasonable expectations of the parties at the time that the insurance policy was issued.

Your Committee finds that the construction industry is vital to Hawaii's economy and is a major economic driver in the public and private sectors. Your Committee further finds that, because of the potential for great economic and personal harm inherent in the construction process, reliable insurance against loss is vital to the industry. Your Committee holds the decisions of Hawaii's appellate courts and their function in interpreting the law in the highest regard and recognizes the deference due to the courts by the Legislative Branch. However, your Committee finds that the decision rendered by Hawaii's Intermediate Court of Appeals in *Group Builders, Inc. v. Admiral Ins. Co.*, 231 P.3d 67 (Haw. Ct. App. 2010), creates a public policy emergency by invalidating certain insurance coverage for construction projects that are underway or have already been completed.

Your Committee notes that settled constitutional law permits a legislative body to exercise its inherent police powers to regulate contract matters where a legitimate public purpose is at stake and where a less drastic alternative is not reasonably available.

In the present case, at least two equally important public purposes are at stake. First, since the potential for loss to life and property due to construction activity is enormous and ever-present despite the parties' best efforts to avoid such loss, reliable insurance against damages is essential to allow recovery for injured persons. Secondly, the State has a vested interest in ensuring that contracts entered into and paid for under a mutual understanding of contract terms are honored, especially when the contract involves an industry regulated by the State. In the present case, your Committee finds that construction professionals and insurers contracted for insurance coverage under a shared understanding that bodily injury and property damages due to construction defects would be covered occurrences. The court's decision in *Group Builders* undermines the agreement of the parties and intrudes on the prerogative of the Legislature to regulate private industry in the State for the purpose of preserving the health, safety, and welfare of its citizens.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

Your Committee finds that this measure, as amended, ensures that the intent of parties at the time a liability insurance construction contract is created is preserved. This measure as amended, also ensures that insurance coverage for bodily injury and property damage caused by construction defects is available for construction projects in progress and already completed within the State.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 924, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 924, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1211 Judiciary and Labor on H.B. No. 1640**

The purpose and intent of this measure is to mandate the Department of the Attorney General to work with the counties to allow county employees to issue certificates of identification at the same locations where driver's licenses are issued.

Your Committee finds that certificates of identification are available from only a few locations throughout the State. This measure would significantly improve access to certificates of identification for Hawaii's residents.

Your Committee has amended this measure by:

- (1) Making this measure effective upon approval rather than effective on January 7, 2059; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1640, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1640, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1212 Judiciary and Labor on H.B. No. 56**

The purpose and intent of this measure is to:

- (1) Permit the Family Court to award grandparents reasonable visitation rights; provided that denial of visitation would cause significant harm to the child;
- (2) Establish a rebuttable presumption that a parent's decision regarding visitation is in the best interests of the child; and
- (3) Identify factors that the Family Court shall consider when awarding grandparent visitation rights.

Your Committee finds that this measure addresses and clarifies current statutes regarding grandparent visitation rights.

Your Committee on Human Services requested that your Committee evaluate whether the factors to be considered by the Family Court in awarding visitation appropriately address domestic violence concerns. After careful consideration, your Committee believes that the consideration of criteria from section 571-46(a)(9) and (10), Hawaii Revised Statutes, and of whether grandparents have previously violated or assisted a parent in violating a temporary restraining order or protective order provides an appropriate safeguard in situations where domestic violence issues have been raised.

Your Committee has amended this measure by:

- (1) Inserting an effective date of July 1, 2051, to allow for further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 56, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 56, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Gabbard). Noes, none. Excused, none.

**SCRep. 1213      Judiciary and Labor on H.B. No. 889**

The purpose and intent of this measure is to establish health care-associated infection reporting requirements to ensure that Hawaii is consistent with the efforts of federal agencies to control health care-associated infections and to ensure that the Department of Health has access to health care-associated infection data reported by Hawaii's health care providers to the federal government.

Your Committee finds that this measure will ensure that Hawaii's health care facilities will be in compliance with reporting requirements established by the Centers for Medicare and Medicaid and the proposed reporting system will ensure that the health care-associated infections data for Hawaii is reported using the Centers for Disease Control and Prevention's approved definitions for health care-associated infections and in accordance with national standards and data from other states.

Your Committee has amended this measure by:

- (1) Inserting an effective date of July 1, 2051, to allow for further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 889, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 889, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1214      Judiciary and Labor on H.B. No. 909**

The purpose and intent of this measure is to authorize the Family Court to:

- (1) Issue financial restraining orders during proceedings for annulment, divorce, or separation; and
- (2) Consider any unauthorized dissipation of marital assets when ordering payment of attorney's fees pursuant to a child custody, support, or maintenance order.

Your Committee finds that this measure protects parties to annulment, divorce, or separation proceedings by requiring the Family Court to issue financial restraining orders under certain conditions. In addition, this measure may deter the improper dissipation of marital assets by allowing the Family Court to consider a party's misuse of assets when ordering the payment of attorney's fees.

Your Committee has amended this measure by changing the effective date from July 1, 2050, to July 1, 2051, to allow for further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 909, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 909, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1215      Judiciary and Labor on H.B. No. 597**

The purpose of this measure is to expand the definition of "quality assurance committee" to include interdisciplinary quality assurance committees composed of members from various health care organizations. The intent of this measure is to establish that the proceedings and records of interdisciplinary quality assurance committees composed of members from various health care organizations have similar protections as those committees formed by hospitals, health maintenance organizations, and statewide trauma care systems.

Your Committee received testimony in support of this measure from The Queen's Medical Center and Healthcare Association of Hawaii.

Your Committee finds that robust discussion leads to changes in health care policies, procedures, or practices and, in order to encourage such robust discussions, there is a need to protect peer review and quality assurance discussions on health care from their potential use in medical malpractice lawsuits.

Your Committee heard concerns regarding the impact that this measure may have on discoverable information. Your Committee asserts that this measure does not seek to change discovery rules; rather, the goal of this measure is to encourage collaborative discussions regarding health care policies, procedures, and practices. Accordingly, the expansion of the definition of "quality assurance committee" to include representatives of different groups of organizations does not alter the limited scope of confidentiality accorded in section 624-25.5 (c) and (d), Hawaii Revised Statutes. Quality assurance committees may not prevent discovery of otherwise discoverable information and material simply by using or considering the information or material in its proceedings.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 597, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1216      Judiciary and Labor on H.B. No. 1071**

The purpose and intent of this measure is to require the Department of Health to:

- (1) Establish and monitor a fitness restoration program for a defendant who is released on conditions after a finding of unfitness to proceed; and
- (2) Inform the Prosecuting Attorney of the county that charged the defendant of the fitness restoration program and report on the defendant's compliance with the program.

Your Committee finds that current law provides no clear, formal description of a monitoring or reporting process to the court for those persons released on conditions into the community. This creates procedural ambiguity when an individual who is released on conditions does not comply with the terms and conditions of his or her release. As a consequence, when courts have been asked to consider requests to release into the community on conditions persons who are found unfit to proceed, courts have raised concerns about community monitoring and reporting procedures.

This measure provides a formal structure and mechanism to address community safety and monitoring concerns for individuals who are found unfit to proceed and released on conditions.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1071, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1217 Judiciary and Labor on H.B. No. 1004**

The purpose and intent of this measure is to clarify the existing antitrust law to reconfirm the right of government entities to bring actions for damages notwithstanding the government entities' status as indirect purchasers.

Your Committee received testimony in support of this measure from the Department of the Attorney General.

Your Committee finds that this measure will provide the State an opportunity to seek redress where the State has been harmed by antitrust violations. Your Committee further finds that the current law has prevented the State from pursuing suit for identified antitrust violations involving matters such as systemic price fixing, which would have properly resulted in reimbursement to the State for overcharges and other damages. Finally, your Committee finds that this measure does not create any new violations or enable undue expansion of damage awards. Rather, this measure allows the State to pursue proper remedies for actual economic harm suffered by the State because of the unlawful conduct of outside entities.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1004, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1218 Judiciary and Labor on H.B. No. 49**

The purpose and intent of this measure is to recognize the United States Department of Defense Record of Emergency Data, DD Form 93, as a method of designating a person to direct disposition of an Armed Forces Service member's remains.

Your Committee finds that members of the United States Armed Forces are required by federal law to designate a person to arrange for the disposition of their remains. Your Committee further finds that the DD Form 93 must be updated annually and before any deployment. Your Committee also finds that this measure will ensure that the DD Form 93 is deemed a legally sufficient document for designating an agent to arrange for the final disposition of a Service member's remains in the event of that Service member's death while serving in the Armed Forces.

Your Committee has amended this measure by inserting an effective date of July 1, 2011.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 49, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 49, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1219 Judiciary and Labor on H.B. No. 377**

The purpose and intent of this measure is to, among other things:

- (1) Provide state lease preferences for the reconstruction, restoration, repair, or use of Hawaiian fishponds;
- (2) Exempt the Hawaii Marine Laboratory Refuge from obtaining state and county permits, including permits under chapter 205A, Hawaii Revised Statutes, for the repair and maintenance of its facilities on Coconut Island;
- (3) Require the Department of Land and Natural Resources to establish a public land trust information system;
- (4) Require all state agencies to report to the Department of Land and Natural Resources by August 1, 2011, each parcel of land to which the agency holds title and the disposition of each parcel to which the agency holds title or is acquiring title; and
- (5) Appropriate funds to create and maintain a public land trust inventory database.

Your Committee received testimony in support of this measure from the Hawai'i Institute of Marine Biology at the University of Hawai'i at Manoa, Kuli'ou'ou/Kalani Iki Neighborhood Board No. 2, Maunaloa Fishpond Heritage Center, Aha Kiole Advisory

Committee, and a Professor of Geophysics from the University of Hawai'i at Manoa. Your Committee received comments on this measure from the Department of the Attorney General, Department of Land and Natural Resources, and Office of Hawaiian Affairs.

Your Committee finds that there are concerns that certain language in part III of this measure may be erroneously interpreted to imply that the State is not currently fulfilling its responsibilities under section 5(f) of the Admission Act and article XII, section 4, of the Hawaii State Constitution. There is also concern that this language may be interpreted to erroneously imply that the Office of Hawaiian Affairs has not received what the Legislature has determined is its portion of the receipts from ceded lands under article XII, section 6, of the Hawaii State Constitution.

Accordingly, your Committee has amended this measure by:

- (1) Removing part III of this measure which, among other things, would have required the Department of Land and Natural Resources to establish a public land trust information system; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 377, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 377, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1220 Judiciary and Labor on H.B. No. 616**

The purpose and intent of this measure is to:

- (1) Clarify that awards of visitation rights to parents may include visitation by electronic communication;
- (2) Establish factors that the court shall consider in awarding visitation by electronic communication; and
- (3) Authorize courts to set guidelines for visitation by electronic communication, including supervision as ordered by the court.

Your Committee understands that in some instances, visitation by electronic communication is currently included as part of an award of visitation rights, but it is not a standard practice and the guidelines for such visitation may differ. Your Committee is not fully convinced that establishing visitation by electronic communication in statute is necessary at this time, but your Committee remains willing to continue deliberations on this measure.

Your Committee has amended this measure by:

- (1) Changing the effective date from July 1, 2050, to July 1, 2051, to allow for further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 616, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 616, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Gabbard, Slom).

**SCRep. 1221 Judiciary and Labor on H.B. No. 1241**

The purpose and intent of this measure is to extend from ten to twenty days the number of days during which the legal and registered owner of an abandoned vehicle may repossess the vehicle before it may be subject to disposal.

Your Committee finds that this measure establishes a more practical time frame for the owner of an abandoned vehicle to recover possession of that vehicle after it has been towed away.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1241, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1241, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Gabbard, Slom).

**SCRep. 1222 Judiciary and Labor on H.B. No. 1107**

The purpose and intent of this measure is to authorize members of the Army and Air National Guard who are qualified by training and authorized by their commanders to use electric guns, subject to state law, when assisting civil authorities in disaster relief, civil defense, or law enforcement functions.

Your Committee finds that current state law permits only certain state and county law enforcement officers or vendors providing electric guns to those entities to possess or use electric guns, commonly known as tasers, within this State. Your Committee further finds that members of the Army or Air National Guard may be called upon to serve alongside and perform identical duties to state and local law enforcement officers when state and local capacity is inadequate to the task at hand. Your Committee finds that in these instances, Army and Air National Guard members should be authorized to perform their functions in the same manner as authorized

for other law enforcement officers. Your Committee notes that electric guns, when used judiciously, may allow law enforcement personnel to avoid lethal force in cases where it may otherwise be required. Your Committee notes that this measure requires training and specific command authorization for each individual member authorized by this measure to possess and use an electric gun.

Your Committee has amended this measure by:

- (1) Inserting an effective date of July 1, 2011; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1107, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1107, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1223      Judiciary and Labor on H.B. No. 663**

The purpose and intent of this measure is to require the clear and conspicuous disclosure of cancellation procedures for all consumer contracts and offers that contain automatic renewal provisions, with additional disclosure requirements for contracts with a term of twelve months or more.

This measure requires the clear and conspicuous disclosure of automatic renewal clauses and procedures by which consumers can cancel automatic renewals of consumer contracts. Your Committee finds that contracts containing automatic renewal clauses are designed to continuously renew unless a party proactive and takes an action to cancel the contract. The burden is generally placed on the consumer, who may not always notice the termination provisions. Because of this, consumers may contract for a period longer than anticipated or unwittingly find themselves contractually bound to something they do not want. According to the Office of Consumer Protection in testimony on this measure before the Committee on Commerce and Consumer Protection, at least eleven states have enacted legislation requiring clear disclosure at the inception of the contract and immediately prior to the renewal.

The intent of your Committee is to ensure that consumers are fully apprised of this important contractual obligation. This measure will satisfy those requirements by helping consumers at two critical junctures - at the inception of the contract and at the time of renewal of the contract.

Your Committee has amended this measure by:

- (1) Exempting any regulated insurer from the disclosure requirements under this measure to the extent that the insurer is engaged in activities regulated pursuant to the Insurance Code; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 663, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 663, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1224      Judiciary and Labor on H.B. No. 688**

The purpose and intent of this measure is to protect students in Hawaii's public schools by:

- (1) Establishing the offense of cyberbullying and specifying that first and second violations shall be misdemeanors and subsequent offenses shall be felonies;
- (2) Codifying definitions of "bullying", "cyberbullying", and "harassment" in chapter 302A, Hawaii Revised Statutes; and
- (3) Directing the Board of Education to monitor the Department of Education's compliance with rules and statutes relating to bullying, cyberbullying, and harassment and to establish requirements for reporting compliance.

Your Committee received testimony in support of this measure from the Board of Education; Department of the Prosecuting Attorney of the City and County of Honolulu; Pride at Work Hawai'i; The Gay, Lesbian, Bisexual and Transgender Caucus of the Democratic Party of Hawai'i; Honolulu Pride; IMUAlliance; Equality Hawaii; Japanese American Citizens League Honolulu Chapter; and fourteen individuals. Your Committee received comments on this measure from the Department of Education, Department of the Attorney General, and American Civil Liberties Union of Hawai'i.

Your Committee finds that the Hawaii State Constitution prohibits discrimination in education based on race, religion, sex, and ancestry. Your Committee further finds that while the Department of Education has long had administrative rules in place prohibiting bullying, cyberbullying, and harassment, enforcement of the existing rules has been insufficient. Your Committee finds that by codifying definitions of prohibited conduct in the Hawaii Revised Statutes and requiring the Board of Education to monitor the Department of Education's compliance with its rules, this measure will promote consistent and appropriate enforcement of these rules and policies in public schools.

Your Committee also finds that new and emerging communications technologies may provide the means to increase harassment or bullying and to amplify their effects, particularly among young people who may be more adept at using technology than their parents and teachers but have not developed the capacity to fully understand the consequences of their actions. However, your Committee further finds that the offense of harassment by cyberbullying created by this measure merely duplicates the offense of harassment by stalking, which includes the prohibition of nonconsensual electronic contact. Further, your Committee finds that creating a new

criminal offense of cyberbullying may actually be counterproductive as it shifts responsibility for enforcement of the policy away from the Department of Education and onto law enforcement agencies. Therefore, your Committee finds that the goal of eliminating bullying and harassment within the public school system is better served by promoting enforcement of anti-bullying, anti-cyberbullying, and anti-harassment policies by principals, teachers, and others within the Department of Education.

Your Committee has amended this measure accordingly by:

- (1) Deleting provisions creating the offense of harassment by cyberbullying; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 688, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 688, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1225      Judiciary and Labor on H.B. No. 1005**

The purpose and intent of this measure is to amend various sections of chapter 576D, Hawaii Revised Statutes, to bring the Child Support Enforcement Agency into compliance with federal law.

Your Committee received testimony in support of this measure from the Department of the Attorney General.

Your Committee finds that recent amendments made to federal regulations require that all states provide Title IV-D services to tribal IV-D agencies and foreign countries as defined under federal regulations. Failure to comply with this federal requirement would jeopardize federal funding of the Child Support Enforcement Agency and federal funding for Temporary Assistance for Needy Families programs. Your Committee finds that this measure is necessary to maintain eligibility for federal funding for those services and programs.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1005, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1005, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1226      Judiciary and Labor on H.B. No. 761**

The purpose and intent of this measure is to amend references in the Hawaii Revised Statutes by substituting "intellectual disability", or like term, wherever the term "mental retardation", or like term, appears.

Your Committee finds that Public Law 111-256 changes references from "mental retardation" to "intellectual disabilities" in federal health, education, and labor laws. Your Committee further finds that this measure will bring language within the Hawaii Revised Statutes in line with language recognized by the federal government.

Your Committee has amended this measure by:

- (1) Inserting an effective date of July 1, 2011; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 761, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 761, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1227      Judiciary and Labor on H.B. No. 1093**

The purpose and intent of this measure is to clarify the commercial driver licensing law with respect to the alcohol concentration level of an individual driving a commercial vehicle.

This measure amends the definition of "driving a commercial motor vehicle while under the influence of an intoxicant" to include driving a commercial motor vehicle with an alcohol concentration of 0.04 or more grams of alcohol per two hundred ten liters of breath or 0.04 or more grams of alcohol per one hundred milliliters or cubic centimeters of blood, and makes conforming amendments to appropriate statutory provisions.

Your Committee finds that this measure conforms Hawaii's law to federal regulations relating to commercial driver licensing.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1093, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1093, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1228 Ways and Means on H.B. No. 1307**

The purpose and intent of this measure is to establish the ohana residential housing income tax credit.

The measure establishes the tax credit as a refundable income tax credit that would be equal to the lesser of two per cent of the purchase price of the qualified principal residence located in the State, or \$6,000. The tax credit would only be available to qualified taxpayers who purchase a qualified principal residence on or after April 1, 2011, and before January 1, 2013.

Your Committee received written comments in support of this measure from Myoung Oh, Government Affairs Director, Hawaii Association of REALTORS; Dave Arakawa, Executive Director, Land Use Research Foundation of Hawaii; and Debra M.A. Luning, Director of Governmental Affairs and Community Relations, Gentry Homes, Ltd.

Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that this measure will benefit the local construction industry by providing an incentive for the purchase of newly constructed homes. Your Committee also finds that the tax incentive proposed by this measure will help to create jobs and stimulate the State's economy.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1307, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 2 (Kim, Slom).

**SCRep. 1229 Ways and Means on H.B. No. 1183**

The purpose and intent of this measure is to amend Hawaii's tax laws that will allow the State to participate in the national Streamlined Sales and Use Tax Agreement.

Furthermore, this measure creates a committee within the Department of Taxation to oversee the Department of Taxation's implementation and administration of, and compliance with, the Streamlined Sales and Use Tax Agreement.

Your Committee received comments in support of this measure from Craig Hirai, Member, Subcommittee on Taxation and Finance, Hawaii Association of REALTORS; Carol Pregill, President, Retail Merchants of Hawaii; and Tammy Cota, Executive Director, Internet Alliance.

Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that this measure will make it possible for the State to collect interstate sales taxes without placing burdens on interstate commerce, thereby "leveling the playing field" between local and out-of-State retailers. Your Committee also finds that the State's participation in the Streamlined Sales and Use Tax Agreement has the potential to achieve better tax definitions and uniformity between participating states, as well as improved tax compliance by interstate vendors.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1183, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 3 (Dela Cruz, Tokuda, Slom).

**SCRep. 1230 Ways and Means on H.B. No. 983**

The purpose and intent of this measure is to promote the development of high technology ventures in the State by amending the Hawaii Strategic Development Corporation provisions related to tax credits.

More specifically, this measure:

- (1) Amends the definitions of "tax credits" and "taxpayer" in section 211G-1, Hawaii Revised Statutes, to include insurance premium taxes among the taxes against which the credit may be claimed, and makes related amendments in section 211G-12, Hawaii Revised Statutes;
- (2) Changes the total amount and aggregate total per fiscal year of tax credits that may be issued to, and transferred by, the Hawaii Strategic Development Corporation to unspecified amounts; and
- (3) Changes the date after which the tax credits transferred by the Hawaii Strategic Development Corporation may first be exercised from July 1, 2005, to July 1, 2013, and changes the last date on which the tax credits may be exercised from July 1, 2030, to an unspecified date.

Your Committee received written comments in support of this measure from Yuka Nagashima, Executive Director and Chief Executive Officer, High Technology Development Corporation; The Chamber of Commerce of Hawaii; and James P. Karins, President, Pukoa Scientific.

Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that the increase and expansion of tax credits that may be issued to and transferred by the Hawaii Strategic Development Corporation will provide additional financing options that will attract outside investment to Hawaii. This capital formation strategy will help to diversify the State's economy and promote the development of high technology ventures.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 983, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 3 (Dela Cruz, English, Slom).

**SCRep. 1231 Ways and Means on H.B. No. 301**

The purpose and intent of this measure is to require all fees collected for electronic document certification, electronic copies of documents, and providing bulk access to electronic court records and compilations of data to be deposited into the Judiciary Computer System Special Fund.

Your Committee received comments in support of this measure from David Maeshiro, Chief Information Officer, Information Technology and Communications Division, the Judiciary.

Your Committee finds that the Judiciary Computer System Special Fund was established to provide a source of revenue to upgrade the Judiciary's computer system and increase computer-based digital and electronic document filing related to traffic, civil, criminal, and appellate case processing and management.

This measure will provide an additional source of funding for the special fund that will help improve the efficiency, productivity, and accessibility of the judicial process.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 301, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 1 (Slom).

**SCRep. 1232 Ways and Means on H.B. No. 838**

The purpose and intent of this measure is to make an emergency appropriation to support reapportionment by authorizing and funding five full-time temporary positions in the Office of Elections.

Your Committee finds that the State Constitution requires that reapportionment be conducted every ten years and that the next reapportionment will take place during part of fiscal year 2010-2011. Your Committee further finds that additional emergency funding and personnel are necessary to allow the Reapportionment Commission to complete the scope of its work. However, your Committee believes that the appropriation may be reduced by \$68,000, of which \$60,000 was budgeted for overtime costs and \$8,000 was for the cost of the "plotter," which the Committee finds unnecessary.

Accordingly, your Committee has amended this measure by:

- (1) Reducing the appropriation amount by \$68,000 to \$664,430;
- (2) Changing the effective date to July 1, 2117, to facilitate further discussion on the measure; and
- (3) Making a technical, nonsubstantive amendment for clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 838, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 838, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, none.

**SCRep. 1233 (Majority) Ways and Means on H.B. No. 277**

The purpose and intent of this measure is to foster continued good relations between the State and the United States military in Hawaii.

Specifically, this measure:

- (1) Establishes a military affairs liaison trust fund as a separate fund of a Hawaii nonprofit corporation, to be selected by the Governor, to support the nonprofit corporation in its duties as the state liaison in matters relating to the military;
- (2) Establishes the military affairs liaison trust fund advisory board to make final recommendations to the nonprofit corporation for the expenditure of trust fund moneys for various activities;
- (3) Establishes the military affairs liaison trust fund advisory committee to foster beneficial relations between the military and the State and advise the state Department of Defense on matters involving the presence of the military in the State and the impact of defense spending on Hawaii's economy;
- (4) Designates the purposes for which grants from the trust fund may be used; and
- (5) Makes an unspecified appropriation to support the nonprofit corporation in its duties as state liaison.

Your Committee received comments in support of this measure from Charles Ota, Vice President for Military Affairs, The Chamber of Commerce of Hawaii.

Your Committee received comments on this measure from Kalbert K. Young, Director, Department of Budget and Finance.

Your Committee finds that the United States military and the State continue to have an important, mutually advantageous relationship due to the safety and economic benefits provided by the military and the strategic location of the State. This measure will continue to strengthen this relationship by providing a liaison between the military and State for a variety of dealings, including being an advocate for the military and small businesses that do business with the military, supporting the military in sensible training while ensuring compliance with state and federal environmental laws, and improving the quality of life for all residents of the State.

Your Committee has amended this measure by:

- (1) Deleting the phrase “trust fund” from the title of the chapter to broaden its applicability;
- (2) Changing the title of section -1 from “Military affairs liaison trust fund; established” to “Military affairs liaison trust fund; established; military affairs liaison; duties” to better reflect the content of the section;
- (3) Deleting section -2 relating to the receipt of funds as redundant and unnecessary;
- (4) Combining the military affairs liaison trust fund advisory board and military affairs liaison trust fund advisory committee into one entity to be known as the military affairs liaison trust fund advisory committee, placing the advisory committee within the Department of Business, Economic Development, and Tourism for administrative purposes, and clarifying the membership, appointment process, term, and compensation of the advisory committee; and
- (5) Changing the amount of the appropriation out of the general revenues for deposit into the military affairs liaison trust fund to \$1.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 277, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 277, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, 1 (Slom). Excused, 2 (Dela Cruz, English).

**SCRep. 1234 Ways and Means on H.B. No. 1308**

The purpose and intent of this measure is to promote digital media industry development in the State.

More specifically, this measure, among other things:

- (1) Establishes, until June 30, 2021, digital media enterprise subzones as unspecified geographic areas surrounding University of Hawaii campuses that are also designated as enterprise zones;
- (2) Establishes, until June 30, 2021, tax benefits for digital media infrastructure development and operation;
- (3) Changes the name of the Hawaii Television and Film Development Board and the Hawaii Television and Film Development Special Fund to the Hawaii Film Office Board and the Hawaii Film Office Special Fund, respectively;
- (4) Amends the revenue stream and uses of the Hawaii film office special fund until June 30, 2021, so that moneys in the fund can only be used to fund the operations and personnel costs of the Hawaii Film Office;
- (5) Repeals the digital media enterprise subzone program and tax benefits on June 30, 2021; and
- (6) Reestablishes on July 1, 2021, the revenue stream and uses of the Hawaii film office special fund that were in effect prior to July 1, 2050.

Your Committee received comments in support of this measure from Gene Awakuni, Chancellor, University of Hawaii-West Oahu.

Your Committee received comments on this measure from Richard C. Lim, Interim Director, Department of Business, Economic Development, and Tourism; Cathy L. Takase, Acting Director, Office of Information Practices; and the Tax Foundation of Hawaii.

Your Committee finds that S.B. No. 318, S.D. 2, also addresses the development of Hawaii’s digital media industry.

More specifically, S.B. No. 318, S.D. 2:

- (1) Amends the motion picture, digital media, and film production tax credits to increase the tax credits to unspecified percentages and dollar amounts;
- (2) Provides additional nonrefundable tax credits for qualified media infrastructure projects;
- (3) Establishes a qualified local crew training program rebate equal to an unspecified percentage of the hourly wages of each resident participant in the program;
- (4) Provides an additional tax credit for qualified special or visual effects and animation production costs; and
- (5) Raises the qualified production tax credit caps to unspecified amounts.

Your Committee has amended this measure by replacing its contents with the contents of S.B. No. 318, S.D. 2.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1308, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1308, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 3 (Dela Cruz, Tokuda, Slom).

**SCRep. 1235 Ways and Means on H.B. No. 1300**

The purpose and intent of this measure is to support the findings and recommendations of the small business discussion group convened in 2010 by the Senate Committee on Economic Development and Technology and the House of Representatives Committee on Economic Revitalization, Business, and Military Affairs.

Specifically, this measure:

- (1) Requires the Department of Taxation to establish a system to allow taxpayers to file all tax returns, applications, reports, and other documents electronically, telephonically, or by optical means;
- (2) Provides for electronic payment of general excise taxes for businesses; and
- (3) Reestablishes the filing and payment deadline of general excise taxes, including but not limited to quarterly filing requirements and the payment of periodic insurance premium taxes, to the last day of the month.

Your Committee received comments in support of this measure from Gordon Ito, State Insurance Commissioner, Department of Commerce and Consumer Affairs; Frederick D. Pablo, Director of Taxation, Department of Taxation; The Chamber of Commerce of Hawaii; and Carol Pregill, President, Retail Merchants of Hawaii.

Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that allowing all tax documents to be filed electronically will benefit both the taxpayer and the State. Taxpayers will be able to file their tax documents and payments in a timely and cost-efficient manner that will reduce administrative costs to the State. Your Committee further finds that reestablishing the payment due date for general excise taxes to the last day of the month will remove an undue burden on Hawaii's businesses.

Your Committee has amended this measure by providing that, upon the repeal of Act 22, Session Laws of Hawaii 2010, the underlying provisions of the affected sections of law are reenacted. Your Committee believes that this amendment more effectively executes the reestablishment of the excise tax payment date to the last day of the month.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1300, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1300, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 3 (Dela Cruz, Tokuda, Slom).

**SCRep. 1236 Ways and Means on H.B. No. 960**

The purpose and intent of this measure is to authorize the Hawaii Housing Finance and Development Corporation to grant low-income housing tax credit loans to certain owners of qualified low-income buildings.

In addition, this measure authorizes the issuance of general obligation bonds to fund the loans.

Your Committee received comments in support of this measure from Karen Seddon, Executive Director, Hawaii Housing Finance and Development Corporation; Samuel E.H. Moku, Director, Department of Community Services, City and County of Honolulu; Ed. Gross, President, The Image Group; Kevin R. Carney, Vice President, Hawaii, EAH Housing; Stanford S. Carr, President, and Jesse Wu, Vice President, Stanford Carr Development, LLC; Kevin R. Carney, President, Housing Hawaii; Michael T. Miyabara, FASLA, Miyabara Associates, LLC; Les Masutani, Vice President, Coastal Construction Company, Inc.; Kirt Prunyn, Manager of Business Development & Community Relations, Hawaiian Dredging Construction Company; Rick Moss, PE, MOSS Engineering, Inc.; Marc Matsubara, Vice President, Island Flooring Co., Inc.; Craig Hirai, Chair of the Subcommittee on Affordable Housing, Hawaii Association of REALTORS; and Makani Maeva, Director of Development, Vitus Development, LLC.

Your Committee received comments on this measure from David M. Louie, Attorney General, Department of the Attorney General; Kalbert K. Young, Director, Department of Budget and Finance; and the Tax Foundation of Hawaii.

Your Committee finds that this measure gives certain owners of qualified low-income buildings the option of receiving low-income housing tax credit loans from the Hawaii Housing Finance and Development Corporation in lieu of claiming low-income housing tax credits under the income tax laws. Low-income housing tax credit loans will serve as an alternative source of gap financing to developers of affordable housing, thus addressing one of the greatest challenges to developing affordable housing.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2017, to facilitate continued discussion on the measure; and
- (2) Making a technical amendment to reflect existing statutory language.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 960, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 960, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, 1 (Slom).

**SCRep. 1237 Ways and Means on H.B. No. 575**

The purpose and intent of this measure is to extend the five per cent legislative, executive, and judicial salary reductions from June 30, 2011, to June 30, 2013.

Your Committee received comments on this measure from Rodney A. Maile, Administrative Director of the Courts, the Judiciary, State of Hawaii.

Your Committee finds that Act 85, Session Laws of Hawaii 2009, reduced the salary levels of state legislators, justices, judges, and certain executive branch positions, by five per cent. At the time that Act 85 was passed, the Legislature believed that the economy would rebound soon, and therefore, the salary cuts were scheduled to sunset on June 30, 2011.

Unfortunately, the economy has not recovered as quickly or strongly as expected, and given the current state of the economy and the fiscal condition of the State, your Committee believes that it would be prudent to extend the salary cuts through December 31, 2013.

Your Committee has amended this measure by:

- (1) Extending the legislative, executive, and judicial salary reduction through December 31, 2013; and
- (2) Clarifying that once the reduction period has expired, the new salaries are to be effective January 1, 2014, based on the recommendations of the Commission on Salaries.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 575, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 575, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, none.

**SCRep. 1238 Ways and Means on H.B. No. 324**

The purpose and intent of this measure is to establish the South Kona Wilderness Area on the island of Hawaii and provide a mechanism for the creation of a plan managing the wilderness area.

The measure also establishes:

- (1) A historical district designation to recognize the historical and cultural significance of certain areas of the State; and
- (2) The West Oahu Historical District.

Your Committee received written comments in opposition to this measure from Dave Arakawa, Executive Director, Land Use Research Foundation of Hawaii; William J. Aila, Jr., Chairperson, Department of Land and Natural Resources; and Abbey S. Mayer, Vice President, Government Relations, The Resort Group.

Your Committee received comments on this measure from The Nature Conservancy of Hawaii.

Your Committee finds that Act 59, Session Laws of Hawaii 2003, established the South Kona Wilderness Area and provided for the development of a comprehensive management plan for the area, but was subsequently repealed on December 31, 2007. Your Committee further finds that the area has significant archeological sites that warrant the protection and preservation provided by this measure.

Your Committee has amended this measure by:

- (1) Clarifying that the prohibition on construction within one thousand feet of the shoreline in the South Kona Wilderness Area only applies to publicly-owned lands;
- (2) Removing the footprint size limitation on exempt dwellings built by private landowners within one thousand feet of the shoreline in the South Kona Wilderness Area;
- (3) Authorizing the Department of Land and Natural Resources to acquire private lands within the South Kona Wilderness Area for cash through condemnation, as opposed to a donation or a value-for-value exchange for other state lands;
- (4) Requiring that the costs associated with appraisals for land acquisitions within the South Kona Wilderness Area are to be borne by the State instead of private land owners;
- (5) Providing that only publicly-owned lands within the South Kona Wilderness Area shall be classified as lands within the conservation district, without the necessity of any proceedings before the Land Use Commission;
- (6) Deleting language requiring the Department to develop a comprehensive management plan for the South Kona Wilderness Area;
- (7) Changing the West Oahu Historical District to the Pearl Harbor-Honouliuli Historical District; and
- (8) Repealing Part I of the measure on June 30, 2032.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 324, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 324, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, 1 (Slom).

**SCRep. 1239 (Majority) Ways and Means on H.B. No. 1092**

The purpose and intent of this measure is to amend Hawaii tax law to institute improvements and equity among taxpayers.

More specifically, this measure:

- (1) Provides for the taxation of the pension income of:
  - (A) An individual filer with federal adjusted gross income of \$100,000 or more;
  - (B) A head of household with federal adjusted gross income of \$150,000 or more; and
  - (C) A joint or surviving spouse filer with federal adjusted gross income of \$200,000 or more; and
- (2) Makes the deduction for state taxes paid inoperative for corporate taxpayers and the following individual taxpayers:
  - (A) An individual filer with federal adjusted gross income of \$75,000 or more;
  - (B) A head of household with federal adjusted gross income of \$112,500 or more; and
  - (C) A joint or surviving spouse filer with federal adjusted gross income of \$150,000 or more.

Your Committee received written comments in support of this measure from Kalbert K. Young, Director, Department of Budget and Finance; Frederick D. Pablo, Director, Department of Taxation; Eldon L. Wegner, Ph.D., Policy Advisory Board for Elder Affairs; and Kris Coffield, representing IMUAlliance.

Your Committee received written comments in opposition to this measure from Susan Goya, Executive Secretary, Retirees Unit, Hawaii Government Employees Association; Paul T. Matsuo, President, Oahu Chapter, Retirees Unit, Hawaii Government Employees Association; Barbara Kim Stanton, State Director, AARP Hawaii; and thirty-eight individuals.

Your Committee received comments on this measure from David M. Louie, Attorney General, Department of the Attorney General; the Tax Foundation of Hawaii; Barbara Polk, Legislative Chair, Americans for Democratic Action/Hawaii; and two individuals.

Your Committee finds that a retiree's federal adjusted gross income includes not only a retiree's pension income, but Social Security benefits as well. Your Committee further finds that it is more prudent and fair to determine the taxability of a retiree's pension income by considering the amount of the retiree's pension income alone.

Your Committee has amended this measure by:

- (1) Deleting the tiered threshold provisions, based on federal adjusted gross income, for the taxation of pension income;
- (2) Providing that taxation of pension income shall apply to pension income in excess of \$100,000;
- (3) Changing the effective date to July 1, 2117, to facilitate further discussion on the measure; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1092, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1092, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Dela Cruz, English, Espero, Fukunaga, Kidani, Kouchi, Tokuda, Wakai). Noes, 4 (Chun Oakland, Kim, Ryan, Slom). Excused, none.

**SCRep. 1240 Ways and Means on H.B. No. 1012**

The purpose and intent of this measure is to support the Department of the Attorney General's efforts in connection with the 2011 Asia-Pacific Economic Cooperation Leaders Meeting in Honolulu by appropriating funds for law enforcement personnel and their related operating and equipment costs to ensure a safe and successful meeting.

Your Committee finds that, as the Asia-Pacific Economic Cooperation Leaders Meeting is expected to be attended by the President of the United States, heads of state, cabinet ministers, business leaders, and government officials, it is imperative that the State provide a safe venue for the event. The funding of this measure will enable the planning and operation of security services and activities necessary for the protection of the Asian and Pacific officials and leaders who will be attending the November 2011 meeting.

Your Committee has amended this measure by changing the appropriation to an unspecified amount to facilitate continued discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1012, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1012, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, none.

**SCRep. 1241 Ways and Means on H.B. No. 1000**

The purpose and intent of this measure is to make amendments to chapter 138, Hawaii Revised Statutes, regarding provision of enhanced 911 services.

Specifically, this measure:

- (1) Renames the Wireless Enhanced 911 Board the Enhanced 911 Board;
- (2) Expands the Enhanced 911 Board's membership from eleven to thirteen to include an additional representative from the City and County of Honolulu and a representative of a provider of voice over internet protocol communications service;
- (3) Expands the monthly enhanced 911 surcharge, now paid only by wireless connection subscribers, to all communication service connections, except those provided by the public utility providing land line enhanced 911 services;
- (4) Expands the authority of the Board to make expenditures from the Enhanced 911 Fund from those necessary to recover the cost of providing wireless enhanced 911 service to include expenditures for sustaining current enhanced 911 service and funding future technologies;
- (5) Permits the public utility providing land line enhanced 911 services to retain the land line enhanced 911 service surcharge authorized by section 269-16.95, Hawaii Revised Statutes, and prohibits payments to the public utility from the Enhanced 911 Fund for the cost of providing enhanced 911 services;
- (6) Prohibits the Board from retaining an accounting firm, consultant, or other third party if the third party has a conflict of interest;
- (7) Extends the State's limitation of liability with regard to provision of enhanced 911 services to accounting firms, consultants, or other third parties retained by the Board;
- (8) Adds and amends definitions; and
- (9) Authorizes the Board to adopt administrative rules pursuant to chapter 91, Hawaii Revised Statutes.

Your Committee received comments in support of this measure from Paul K. Ferreira, Chair, Wireless Enhanced 911 Board, State of Hawaii; Kenneth G. Silva, Chair, State Fire Council and Fire Chief of the Honolulu Fire Department; Jeffrey A. Murray, Fire Chief, County of Maui, Department of Fire & Public Safety; and Robert Westerman, Fire Chief, Kauai Fire Department, County of Kauai.

Your Committee finds that efficient management of 911 emergency networks saves lives and dramatically reduces the liability of government entities and agencies. The technologies involved in providing enhanced 911 services have converged to a point where systems required to provide these services are blended and evolving to accept other forms of communications, including text, video, and telematics data. Your Committee further finds that this measure will assist in enhancing 911 emergency telephone reporting services and allow for the delivery of emergency services via 911 from all communications technologies.

Your Committee has amended this measure by:

- (1) Deleting the definition of "competitive local exchange carrier" because the term is not used in the measure; and
- (2) Changing all references to the "local exchange carrier" and "local exchange" to the "public utility providing telecommunications services and land line enhanced 911 services through section 269-16.95" and "telecommunications services and land line services", respectively.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1000, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1000, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 1242 (Majority) Ways and Means on H.B. No. 1626**

The purpose and intent of this measure is to temporarily authorize the County of Hawaii to expend a portion of its fuel tax revenues for the maintenance of substandard private subdivision roads that are used by the public.

Your Committee received comments in support of this measure from Brittany Smart, Council Member, Hawaii County Council, County of Hawaii; M. Eileen O'Hara, Board President, Hawaiian Shores Community Association and Pakaka Road Association; Rob Tucker, President, Friends of Puna's Future; Mary Brewer, President, Volcano Community Association; and seventy-seven individuals.

Your Committee received comments in opposition to this measure from five individuals.

Your Committee received comments on this measure from the Tax Foundation of Hawaii and one individual.

Your Committee finds that this measure will help the County of Hawaii address a backlog of maintenance created when large substandard private subdivisions were approved decades ago without proper infrastructure, such as roads, water, and sewer.

Your Committee has amended this measure by clarifying that, upon the sale of any portion of the private subdivision to an entity other than the State or the County of Hawaii, neither the State nor the County of Hawaii shall be required to install infrastructure for those roads in the portion of the private subdivision that is sold.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1626, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1626, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11; Ayes with Reservations (Kouchi). Noes, 1 (Slom). Excused, 2 (Dela Cruz, English).

**SCRep. 1243 Ways and Means on H.B. No. 1039**

The purpose and intent of this measure is to mitigate the impact of sudden and severe economic events by amending the authority granted to the Governor by Act 33, First Special Session Laws of Hawaii 2009, to provide rent relief to certain airport concessionaires to include providing rent relief to those concessionaires that do not have a self-adjusting rent formula.

This measure would also extend the sunset date of Act 33, First Special Session Laws of Hawaii 2009, from July 1, 2011, to July 1, 2012.

Your Committee deferred decision-making on this measure and conducted a public hearing on a proposed S.D. 2 that was prepared and made available for public review. The proposed S.D. 2 deleted the substantive contents of the S.D. 1 and inserted new provisions, the purposes of which are to:

- (1) Increase the motor vehicle rental surcharge tax levied under section 251-2, Hawaii Revised Statutes, from \$2.00 per day to \$7.00 per day until June 30, 2013;
- (2) Deposit \$4.50 of the motor vehicle rental surcharge tax levied into the general fund until June 30, 2013; and
- (3) Suspend until June 30, 2013, the \$4.50 per day rental motor vehicle customer facility charge authorized by section 261-7, Hawaii Revised Statutes.

Your Committee received comments in opposition to the proposed S.D. 2 from the Department of Transportation; Garrick Higuchi, Hawaii Area Director, Dollar Thrifty Automotive Group; Donald Fonte, Director, Government Relations, The Hertz Corporation; and Maurice Morita, Assistant Director, Hawaii Laborers Employers Corporation and Education Trust.

Your Committee received comments on the proposed measure from the Tax Foundation of Hawaii.

Your Committee finds that due to sudden, extraordinary, and severe economic events, the Legislature granted the Governor the authority to provide relief to various airport concessionaires pursuant to Act 33, Special Session Laws of 2009. That relief, however, was inequitable, because it applied only to those concessionaires that had a self-adjusting eighty-five per cent guaranteed rent formula that provided relief in the event of adverse economic occurrences. This measure equitably assists all airport concessionaires by providing rent relief to those concessionaires that have a guaranteed rent formula under their lease with the State.

Your Committee has amended this measure by:

- (1) Retaining the contents of the proposed S.D. 2 and designating those provisions as part II of the measure;
- (2) Reinserting the contents of House Bill No. 1039, H.D. 1, S.D. 1 as part I of the measure;
- (3) Amending the rent relief provisions by extending the repeal date of Act 33, Special Session Laws of Hawaii 2009, to July 1, 2013, rather than to July 1, 2012; and
- (4) Inserting provisions that authorize the issuance of general obligation bonds for the purpose of constructing car rental facilities at various airports throughout the State.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1039, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1039, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Kahele, Kidani). Noes, none. Excused, 2 (Kim, Slom).

**SCRep. 1244 Ways and Means on H.B. No. 306**

The purpose and intent of this measure is to amend the method of computing the estate and transfer tax, generation-skipping transfer tax, and the estate tax of nonresidents who were not citizens at the time of death.

Your Committee received written comments in support of this measure from Frederick D. Pablo, Director, Department of Taxation; and Craig Hirai, Member, Subcommittee on Taxation and Finance, Hawaii Association of REALTORS.

Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that the measure makes clarifying amendments to the estate and transfer tax, the generation-skipping transfer tax, and the estate tax. These clarifying amendments will assist tax practitioners and taxpayers in computing the aforementioned taxes.

Your Committee also finds that extending enterprise zone tax benefits to the solar energy industry will provide a significant positive result for the State. Such tax benefits will stimulate the growth of the energy technology sector, create new construction and jobs, and promote research and development in the solar energy technologies field.

Your Committee has amended this measure by:

- (1) Inserting the contents of S.B. No. 1164, S.D. 2, which amends the definition of "eligible business activity" in the enterprise zone program to include the production of certain electric power from renewable energy and owning, controlling, operating, or managing a seawater air conditioning district cooling project; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 306, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 306, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, 1 (Slom).

**SCRep. 1245 (Majority) Ways and Means on H.B. No. 1411**

The purpose and intent of this measure is to clarify the new and old nonjudicial foreclosure laws, strengthen the laws regarding mortgage servicers, broaden the duties of the Center for Alternative Dispute Resolution relating to foreclosures, and impose a three-month foreclosure moratorium.

Specifically, this measure:

- (1) Implements the recommendations of the Mortgage Foreclosure Task Force, pursuant to Act 162, Session Laws of Hawaii 2010, regarding the old nonjudicial foreclosure laws as well as best practices from other jurisdictions; and
- (2) Gives mortgagors the right to require mortgagees foreclosing under a nonjudicial foreclosure proceeding to participate in dispute resolution.

Your Committee received comments in support of this measure from Myoung Oh, Government Affairs Director, Hawaii Association of REALTORS.

Your Committee received comments in opposition to this measure from Rodney A. Maile, Administrative Director of the Courts, The Judiciary; Gary Fujitani, Executive Director, Hawaii Bankers Association; Stefanie Sakamoto and Frank Hogan, on behalf of Hawaii Credit Union League; Philip S. Nerney, Chair, Legislative Action Committee, Community Associations Institute Hawaii Chapter; and Philip L. Lahne, Legislative Action Committee, Community Associations Institute.

Your Committee received comments on this measure from Kalbert K. Young, Director, Department of Budget and Finance; Marvin S.C. Dang, on behalf of Hawaii Financial Services Association; and Gary Slovin and Mihoko E. Ito, on behalf of USAA.

Your Committee finds that that this omnibus measure will provide much needed and comprehensive reform of Hawaii's mortgage foreclosure laws and will curb further incidents of industry abuses that are believed to have contributed greatly to the foreclosure crisis facing Hawaii's homeowners today.

Your Committee has amended this measure by:

- (1) Providing headings for parts I through V of the bill to facilitate understanding of its contents;
- (2) Adding a definition of "foreclosing mortgagee" applicable to part I of chapter 667, Hawaii Revised Statutes, that incorporates by reference the amended definition of that term in part II of that chapter;
- (3) Clarifying that, if a mortgagor elects to pursue dispute resolution with the mortgagee in a nonjudicial foreclosure, the mortgagor waives the right to later convert the nonjudicial foreclosure action to a judicial one;
- (4) Moving the proposed new sections 667-G, 667-H, and 667-I, Hawaii Revised Statutes, so that they are added to part III of chapter 667 and applicable to both part I and part II of that chapter;
- (5) Consolidating the amendments to section 667-5, Hawaii Revised Statutes, proposed by two sections of the bill into a single section;
- (6) Repealing sections 667-34 and 667-35, Hawaii Revised Statutes; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1411, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1411, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, 2 (Kidani, Slom). Excused, none.

**SCRep. 1246 (Majority) Ways and Means on H.B. No. 1041**

The purpose and intent of this measure is to eliminate Medicare Part B reimbursements for employee-beneficiaries who are hired after June 30, 2011, and their spouses.

Your Committee received comments in support of this measure from Derek Mizuno, Deputy Executive Director, Hawaii Government Employees Association.

Your Committee received comments in opposition to this measure from Kris Coffield, Legislative Director, IMUAlliance; and ten individuals.

Your Committee received comments on this measure from David M. Louie, Attorney General, Department of the Attorney General; Kalbert Young, Director, Department of Budget and Finance; the Hawaii Employer-Union Health Benefits Trust Fund; and the Hawaii State Teachers Association.

Your Committee finds that eliminating Medicare Part B reimbursements is one way of containing the ever-increasing cost of retiree health benefits paid by state and county employers. Furthermore, this measure will facilitate the sustainability of benefits under the Hawaii Employer-Union Health Benefits Trust Fund.

Your Committee has amended this measure by clarifying that the Medicare Part B reimbursement is tied to the annual "standard" Medicare Part B premium and providing a definition for that term.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1041, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1041, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Ryan). Noes, 1 (Slom). Excused, 1 (Tokuda).

**SCRep. 1247 (Majority) Ways and Means on H.B. No. 782**

The purpose and intent of this measure is to make the Department of Business, Economic Development, and Tourism more self-sufficient.

Specifically, this measure:

- (1) Establishes the Department of Business, Economic Development, and Tourism operation special fund for the operation of the Department of Business, Economic Development, and Tourism; and
- (2) Imposes a surcharge on certain business- and commerce-related fees and requires the surcharge revenues to be deposited into the special fund.

Your Committee received comments in support of this measure from Richard C. Lim, Director, Department of Business, Economic Development, and Tourism.

Your Committee received comments in opposition to this measure from Dwight Y. Takamine, Director, Department of Labor and Industrial Relations; Kealii Lopez, Director, Department of Commerce and Consumer Affairs; Gary M. Slovin, on behalf of USAA; Rick Tsujimura, on behalf of State Farm Insurance Companies; Kevin Katsura, Associate General Counsel, Legal Department, Hawaiian Electric Company, Inc.; Marvin S.C. Dang, attorney for Hawaii Financial Services Association; Myoung Oh, Government Affairs Director, Hawaii Association of REALTORS; Alison Powers, Executive Director, Hawaii Insurers Council; and Natalie J. Iwasa, Natalie J. Iwasa, CPA, Inc.

Your Committee received comments on this measure from Kalbert K. Young, Director, Department of Budget and Finance; and the Tax Foundation of Hawaii.

Your Committee finds that imposing a surcharge on certain business- and commerce-related fees and establishing the Department of Business, Economic Development, and Tourism operation special fund is unnecessary at the present time.

Your Committee further finds that promotion of the aerospace industry in Hawaii will result in job growth, a stronger local economy, and conservation of Hawaii's natural night-sky resource.

Accordingly, your Committee has amended this measure by deleting the contents of H.B. 782, H.D. 2, S.D. 1, and inserting the contents of S.B. 165, S.D. 2, which extend the Starlight Reserve Advisory Working Committee until June 30, 2013, and appropriates moneys for the Office of Aerospace Development to identify and promote opportunities to expand and diversify aerospace-related industries in Hawaii.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 782, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 782, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Kim, Ryan, Tokuda). Noes, 1 (Kidani). Excused, 3 (Dela Cruz, English, Slom).

**SCRep. 1248 Ways and Means on H.B. No. 667**

The purpose and intent of this measure is to promote food safety by establishing good agricultural guidelines and practices for the State.

Specifically, this measure:

- (1) Establishes a food safety and security program within the Department of Agriculture; and
- (2) Makes an appropriation to the Department of Agriculture for the food safety and security program; and
- (3) Directs the Department of Agriculture to adopt rules relating to the production, processing, and distribution of food products or agricultural commodities to meet state and federal food safety standards.

Your Committee received comments in support of this measure from Dave Arakawa, Executive Director, Land Use Research Foundation of Hawaii.

Your Committee finds that the State's current system for ensuring food safety is understaffed and untrained for the rapid changes that have occurred in risk assessment, changes in production and distribution methodologies, and new foods and emerging pathogens. Your Committee further finds that food safety programs are not integrated among government agencies, hampering communication and cooperation. Further, it appears that many of Hawaii's food growers are not implementing good agricultural practices. This measure will address these and other serious food safety concerns by establishing a statewide, comprehensive food safety and security program.

Your Committee has amended this measure by:

- (1) Deleting the appropriation for the food safety and security program; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 667, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 667, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1249 (Majority) Ways and Means on H.B. No. 1330**

The purpose and intent of this measure is to provide continued support for the University of Hawaii John A. Burns School of Medicine.

Specifically, this measure:

- (1) Extends until June 30, 2015, the allocation of Hawaii tobacco settlement special fund moneys to be used for the annual operating expenses of the John A. Burns School of Medicine;
- (2) Beginning with fiscal year 2012-2013:
  - (A) Reduces the amount of tobacco settlement funds allocated for the John A. Burns School of Medicine by one per cent each fiscal year; and
  - (B) Increases the amount of tobacco settlement funds deposited into the general fund by one per cent each fiscal year; and
- (3) Requires the University of Hawaii to submit a detailed accounting report to the Legislature, prior to the regular sessions of 2012 to 2015, on all revenues and expenditures relating to moneys used for the John A. Burns School of Medicine's operating costs and appropriations into the university revenue-undertakings fund.

Your Committee received comments in support of this measure from Virginia S. Hinshaw, Chancellor, University of Hawaii at Manoa; Michele Carbone, MD, Director, University of Hawaii Cancer Center; Dr. Morris Mitsunaga, President, Hawaii Medical Association; Darrin Sato, Chief Operating Officer, Kalihi-Palama Health Center; and Virginia Pressler, Executive Vice President, Hawaii Pacific Health.

Your Committee received comments in opposition to this measure from Trisha Y. Nakamura, Policy and Advocacy Director, Coalition for a Tobacco-Free Hawaii.

Your Committee received comments on this measure from George S. Massengale, Director of Government Relations, American Cancer Society Hawaii Pacific, Inc.

Your Committee finds that under current law, twenty-eight per cent of tobacco settlement funds received by the State are allocated to be used for the John A. Burns School of Medicine's annual operating expenses. The school's authorization to use those funds expires on June 30, 2011. Your Committee believes that extending the sunset date for the John A. Burns School of Medicine's use of tobacco settlement funds, while annually reducing the portion of funds allocated for those purposes, will encourage the school to gradually reduce its reliance on these funds and achieve greater self-sufficiency.

Your Committee has amended this measure by:

- (1) Changing to an unspecified percentage:
  - (A) The amount by which the tobacco settlement funds allocated for the John A. Burns School of Medicine are to be reduced each fiscal year; and
  - (B) The amount by which tobacco settlement funds allocated for the general fund are to be increased each fiscal year;
- (2) Making a technical, nonsubstantive amendment for the purpose of style; and
- (3) Changing the effective date to July 1, 2117, to encourage further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1330, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1330, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11; Ayes with Reservations (Dela Cruz, Espero, Ryan, Wakai). Noes, 2 (Chun Oakland, Slom). Excused, 1 (Kahele).

**SCRep. 1250 Ways and Means on H.B. No. 1568**

The purpose and intent of this measure is to provide for the development and operation of biosecurity and inspection facilities at Hawaii's ports and applicable off-port locations.

Specifically, the measure:

- (1) Authorizes the Department of Agriculture to reimburse in full the Department of Transportation and the Aloha Tower Development Corporation for the design, construction, and rent for the use of space for the biosecurity and inspection facilities; and
- (2) Appropriates funds for the Department of Agriculture to reimburse the Department of Transportation and the Aloha Tower Development Corporation for the establishment of biosecurity and inspection facilities.

Your Committee received comments in support of this measure from Russell S. Kokubun, Chairperson, Board of Agriculture; William J. Aila, Jr., Chairperson, Department of Land and Natural Resources; Christy Martin, Coordinating Group on Alien Pest Species; and two individuals.

Your Committee received comments in opposition to the measure from Department of Transportation; The Nature Conservancy; and the Maui Invasive Species Committee.

Your Committee received comments on this measure from Gary M. Slovin and Mihoko E. Ito, on behalf of the Air Transport Association; and Lori Peters and Blaine Miyasato, Co-Chairs, Airlines Committee of Hawaii.

Your Committee finds that securely importing and exporting agricultural commodities is essential to the long-term viability of Hawaii's agriculture industry. Proper inspection and treatment of incoming and outgoing agricultural commodities will reduce the probability of the introduction of new pests and invasive species to Hawaii and the proliferation of such pests and invasive species elsewhere. This measure will decrease the likelihood of economic losses associated with the introduction of invasive species and reduce the likelihood of a quarantine on Hawaii's exported goods.

Your Committee has amended this measure by:

- (1) Deleting the provisions authorizing the Department of Agriculture to reimburse the Department of Transportation and the Aloha Tower Development Corporation for the design and construction of the biosecurity and inspection facilities;
- (2) Changing the funding mechanism to general obligation bonds for the Department of Transportation to design and construct biosecurity and inspection facilities for the Department of Agriculture at airports and harbors;
- (3) Changing the effective date to July 1, 2117, to facilitate further discussion on the measure; and
- (4) Making technical, nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1568, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1568, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (Dela Cruz, Kahele). Noes, none. Excused, 1 (Slom).

**SCRep. 1251 Ways and Means on H.B. No. 1045**

The purpose and intent of this measure is to adopt the National Association of Insurance Commissioners' Risk-Based Capital for Health Organizations Model Act to ensure consistent regulatory treatment of health maintenance organizations, mutual benefit societies, fraternal benefit societies, managed care plans, and similar risk-bearing entities.

Your Committee received comments in support of this measure from Gordon Ito, State Insurance Commissioner, Department of Commerce and Consumer Affairs; and Jennifer Diesman, Vice President, Government Relations, Hawaii Medical Service Association.

Your Committee finds that adoption of the National Association of Insurance Commissioners' model laws and regulations is essential for the state Insurance Division to retain the National Association of Insurance Commissioners accreditation. The National Association of Insurance Commissioners' financial regulation standards and accreditation program ensures that each state has adequate solvency laws and regulations to protect consumers and guarantee funds.

Your Committee has amended this measure by:

- (1) Changing the term "limited benefit society" to "limited society"; and
- (2) Clarifying that if a domestic benefit society or health maintenance organization only writes direct business in Hawaii and assumes no reinsurance in excess of five per cent of direct premiums written; and either:
  - (A) Writes only \$2,000,000 or less in direct annual premiums for comprehensive medical business; or
  - (B) Is a limited society or health maintenance organization that covers less than two thousand lives;

then the Insurance Commissioner has the authority to exempt the domestic benefit society, limited society, or health maintenance organization from the risk-based capital for insurers requirements of chapter 431, article 3, Hawaii Revised Statutes.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1045, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1045, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, none.

**SCRep. 1252 (Majority) Ways and Means on H.B. No. 1019**

The purpose and intent of this measure is to revise the amounts allocated from the environmental response, energy, and food security tax, known as the barrel tax, to support programs that improve the State's energy and food sustainability and independence.

In addition, this measure extends the climate change task force for two years, until June 30, 2013, and authorizes funding for its operations.

Your Committee received comments in support of this measure from Russell S. Kokubun, Chairperson, Board of Agriculture; Sylvia Yuen, Interim Dean and Director, College of Tropical Agriculture and Human Resources, University of Hawaii at Manoa; Hawaii Farm Bureau Federation; Blue Planet Foundation; Christopher Eldridge, Partner, Aina Koa Pono, LLC; and two individuals.

Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that the State is detrimentally reliant on imported fossil fuel and subject to the environmental risks associated therewith. Your Committee further finds that it is in the best interests of the residents of the State to better use barrel tax revenues for energy self-sufficiency and sustainable agriculture to ensure Hawaii's energy and food security. This measure also will protect the economic well-being, public health, natural resources, and environment of the State by providing funding for the climate change task force to assess impacts of global warming and rising sea levels and develop strategies to mitigate those impacts.

Your Committee has amended this measure by:

- (1) Changing the amounts allocated from the barrel tax to unspecified amounts;
- (2) Removing the provision in section 8 that would retain amendments to section 243-3.5, Hawaii Revised Statutes, made by this measure when that section is reenacted on June 30, 2015, because the Climate Change Task Force is scheduled to sunset on June 30, 2013, and the agricultural development and food security special fund will cease to exist on June 30, 2015, making revenues for operation of the Task Force or for deposit into the special fund unnecessary after the latter date;
- (3) Providing that the allocation to the Climate Change Task Force shall be made until June 30, 2013, after which the allocation shall be made to the agricultural development and food security special fund; and
- (4) Changing the effective date to July 1, 2117, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1019, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1019, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 1 (Slom). Excused, 3 (Dela Cruz, Kidani, Tokuda).

**SCRep. 1253 (Joint) Judiciary and Labor and Ways and Means on H.B. No. 922**

The purpose and intent of this measure is to, among other things:

- (1) Allow 999-year homestead leases to be assigned to land trusts that are created for managing and holding the homestead leasehold estate for the benefit of the lessee and lessee's family members;
- (2) Authorize exemptions from state and county permits for the Hawaii Marine Laboratory Refuge for repair and maintenance of its facilities on Coconut Island;
- (3) Require the Department of Land and Natural Resources to initiate and coordinate all efforts to establish a public lands information system; and
- (4) Appropriate funds for a comprehensive statewide public land trust inventory database and funding for one staff position for a database and application developer.

Your Committees received testimony in support of this measure from the University of Hawai'i System and four individuals. Your Committees received comments on this measure from the Department of the Attorney General, Department of Land and Natural Resources, Office of Hawaiian Affairs, and one individual.

Your Committees find that H.B. No. 377, S.D. 1, also addresses the subject matter contained in Part II of this measure, relating to Coconut Island, and that the inclusion of this language in this measure is duplicative and unnecessary. Additionally, your Committees heard testimony indicating that the use of the terms "public lands" and "public land inventory" throughout the measure could be misconstrued.

Accordingly, your Committees have amended this measure by:

- (1) Removing part II of the measure;
- (2) Changing references from "public lands" and "public land inventory" to "public land trust lands" and "inventory of public land trust lands", respectively; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Labor and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 922, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 922, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Ayes, 11; Ayes with Reservations (Slom). Noes, none. Excused, 7 (English, Fukunaga, Gabbard, Ihara, Kim, Tokuda, Wakai).

**SCRep. 1254 Judiciary and Labor on H.B. No. 227**

The purpose and intent of this measure is to:

- (1) Make entering or remaining unlawfully on unimproved or unused agricultural lands without permission an offense of criminal trespass in the second degree if the lands are fenced, enclosed, or secured, or if a sign is displayed to give notice;
- (2) Delete the provision that a person who enters or remains on unimproved and apparently unused land that is not fenced or otherwise enclosed in a manner designed to exclude intruders, unless notice against trespass has been given, is allowed to be on the land and is not trespassing;
- (3) Specify that a person has unlawfully entered or remains on agricultural land if that person is on the land without permission and the land is fenced, has posted notice that the land is private, is fallow, or has the visible presence of livestock or a crop;
- (4) Limit the liability of agricultural landowners for any injury, death, loss, or damage suffered by a trespasser, with certain exceptions; and
- (5) Add definitions for “agricultural land”, “fallow”, “invited guest”, “owner”, “trespasser”, and “unimproved or unused lands”.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and Kamehameha Schools.

Your Committee finds that trespassing causes damage to property and crops and increases the liability of land owners. Trespassers may also misuse lands as illegal dump sites and places to conduct illicit activities. Your Committee also finds that the current trespass laws exclude persons trespassing on unimproved and apparently unused lands from being cited for criminal trespass unless notice of trespass is personally communicated to that person. Your Committee recognizes that, in many cases, trespassers are armed and located many miles from the nearest town or police station and that in these situations giving personal notice is impractical and even dangerous. This measure aims to expand the definition of criminal trespass and to minimize the obstacles involved in citing a trespasser, thereby discouraging the misuse of lands and increasing the overall safety of residents of the State.

Your Committee has amended this measure by:

- (1) Including evidence of livestock-raising, such as cattle, horses, water troughs, shelters, or paddocks, as a characteristic of agricultural lands onto which entry constitutes entering or remaining unlawfully on agricultural lands;
- (2) Amending the definitions of “agricultural land”, “fallow”, “owner”, and “trespasser”;
- (3) Deleting the definition of “invited guest”;
- (4) Changing the effective date to July 1, 2011; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 227, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 227, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1255 Judiciary and Labor on H.B. No. 1003**

The purpose and intent of this measure is to:

- (1) Amend certain criminal offenses in the Penal Code to include conduct committed against domestic violence victims covered by protective orders or restraining orders;
- (2) Establish class A and class B felonies for labor trafficking offenses, a nonpayment of wages offense, and an unlawful conduct with respect to documents offense; and
- (3) Establish provisions related to prosecution of the new labor trafficking and related offenses.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations Office of Community Services, Equality Now, The Pacific Survivor Center, Polaris Project, IMUAlliance, The Pacific Alliance to Stop Slavery, Hawaii Family Forum, Hawaii Catholic Conference, and eight individuals. Your Committee received testimony in opposition to this measure from the Office of the Public Defender. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that victims of domestic violence and labor trafficking are in need of added protection under Hawaii law. For domestic violence victims, restraining orders or orders from police officers to abusers to leave the premises are intended to remove abusers from the vicinity of domestic violence victims and provide safety. Your Committee believes that domestic violence victims are particularly vulnerable when they attempt to disengage from their abusers and at such time, violence and the threat of violence are at their most extreme levels. By increasing the penalties against abusers in these situations, your Committee believes that violent retaliation may be deterred and may help break victims from the cycle of violence.

For victims of labor trafficking, your Committee understands that while there are federal remedies, federal law enforcement does not investigate small trafficking operations where there are only one or two victims. Recent cases have highlighted that Hawaii is not immune from this type of inhumane treatment of others. Your Committee believes that legislation is appropriate to deal with labor trafficking on the state level but has concerns regarding whether grouping the issues of domestic violence and labor trafficking is the best way to do so. Accordingly, your Committee believes that part II of the measure, pertaining to labor trafficking, should be separated from the provisions relating to domestic violence so that each issue may be addressed on its merits, rather than as part of a package of unrelated matters. Your Committee finds that the provisions of part II of this measure may be inserted into another measure, H.B. No. 141, H.D. 1, so that each issue can be given the attention and thoughtful consideration it deserves.

Therefore, your Committee has amended this measure by:

- (1) Deleting part II of the measure, pertaining to labor trafficking; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1003, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1003, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1256      Judiciary and Labor on H.B. No. 1134**

The purpose and intent of this measure is to ensure that Hawaii residents continue to receive top-quality health care, regardless of federal health care laws, by repealing the provision of the Hawaii Prepaid Health Care Act that sunsets the Act upon enactment of a national health plan.

Your Committee finds that the State of Hawaii has been providing quality health care to a large majority of its residents since 1974, when the Hawaii Prepaid Health Care Act was enacted. While it is refreshing to see Hawaii's historic health care reform replicated on a national scale, it is imperative that our state health care is not jeopardized by a federal plan that may not be as favorable as benefits provided under the Hawaii Prepaid Health Care Act.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1134, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1134, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1257      Judiciary and Labor on H.B. No. 1221**

The purpose and intent of this measure is to exempt a liquor licensee from liability for certain violations if the licensee has in place a security plan approved by the liquor commission to prevent consumption of liquor by minors and the licensee acts in good faith to implement the security plan.

Your Committee finds that while this measure may have merit and should be advanced to the conference process so that discussion may continue, your Committee has reservations about the policy enshrined in this measure. Your Committee questions whether the standard of good faith compliance with a security plan is adequate to effectively prevent minors from accessing and consuming liquor. Your Committee has further concerns that this measure may allow conduct in a large facility that would be impermissible at other licensed premises. However, your Committee notes that its concerns are not necessarily insurmountable and may be balanced by other interests. Therefore as this measure advances in the legislative process, your Committee is committed to remain actively involved in seeking an appropriate and permanent resolution to the important issues raised.

Your Committee has amended this measure by:

- (1) Inserting an effective date of July 1, 2050, to allow for further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1221, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1221, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Gabbard, Slom).

**SCRep. 1258      Judiciary and Labor on H.B. No. 1407**

The purpose and intent of this measure is to:

- (1) Allow for access to adoption records by parties to the proceedings under certain circumstances; and
- (2) Allow a natural parent to insert a contact preference into the sealed adoption record.

Your Committee has heard the concerns that parties to an adoption have a reasonable expectation of privacy. This measure in its current form removes all mention of the process that allows a natural parent or an adopted person to file an affidavit requesting confidentiality. Confidentiality is an important factor in the adoption process and can be important to many people when making the decision to place a child for adoption. Your Committee is not comfortable with suddenly removing the legal protections of confidentiality. Accordingly, your Committee would like to retain the distinction between classes of adoptions occurring before and after 1990 in order to maintain reasonable expectations of privacy in the adoption process.

Your Committee is in agreement with provisions of this measure relating to contact preferences. Your Committee finds that this is a reasonable way to inform an adopted party about the desire of a natural parent to accept contact once the adopted individual attains the

age of eighteen. Your Committee further finds that requiring the natural parent to provide current contact information will make it easier for an adopted individual to get in touch with a natural parent.

Your Committee has amended this measure by:

- (1) Reinstating language requiring a written request for inspection for adoptions that occurred prior to January 1, 1991, and permitting the natural parent to file an affidavit requesting confidentiality;
- (2) Reinstating language to establish a policy of disclosure for adoptions occurring after December 31, 1990, unless the natural parent files an affidavit requesting confidentiality;
- (3) Reinstating language allowing for a written request for inspection of adoption records by a natural parent;
- (4) Reinstating language that provides for the inspection of adoption records; provided that where one natural parent files an affidavit for consent, the records shall only include identifying information concerning that natural parent;
- (5) Inserting language providing that an existing affidavit requesting confidentiality shall be suspended if a natural parent provides a contact preference accepting contact;
- (6) Inserting language providing that if a natural parent later places a contact preference into the sealed adoption record declining personal contact, any current affidavits requesting confidentiality shall be reinstated;
- (7) Inserting an effective date of July 1, 2050, to allow for further discussion; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1407, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1407, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Gabbard, Slom).

**SCRep. 1259 Judiciary and Labor on H.B. No. 1532**

The purpose and intent of this measure is to require real property tax appellants to first obtain a decision from an administrative body established by county ordinance prior to appealing to the Tax Appeal Court when required to do so by county law.

Your Committee finds that this measure would provide for more timely adjudication of real property tax assessment appeals as the procedures before county boards of review are generally less complicated than court procedures. Each county has at least one board of review, whereas the Judiciary has only one judge hearing tax appeals, and currently trial dates for cases filed in the Tax Appeal Court are scheduled for approximately eighteen months after the date of filing the tax appeal.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1532, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1532, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1260 Judiciary and Labor on H.B. No. 393**

The purpose and intent of this measure is to:

- (1) Amend the driver's license revocation provision to require a maximum license revocation period of up to ten years upon conviction of a driver for manslaughter involving the operation of a vehicle;
- (2) Require the courts to revoke the license of any driver for up to five years upon a conviction of a driver of negligent homicide in the first degree or negligent homicide in the second degree;
- (3) Allow up to two years of imprisonment when a convicted defendant is sentenced to probation for manslaughter; and
- (4) Clarify that probation is an applicable sentence for manslaughter.

Your Committee finds that the measure is intended to provide clarification for the sentencing of those convicted of certain homicide offenses resulting from the operation of a motor vehicle by providing for license revocation periods that are appropriate and justified for those who have been convicted of serious traffic-related fatalities. This measure also clarifies that a court may sentence a defendant convicted of manslaughter to two years of imprisonment as a condition of probation.

Your Committee believes that it is imperative to be clear when sentencing a defendant to particular crimes, especially those that involve the operation of a motor vehicle, particularly while under the influence of drugs or alcohol. The ignition interlock law, which amended chapter 291E, Hawaii Revised Statutes, relating to the use of intoxicants while operating a vehicle, is intended to make Hawaii's roads and communities safer. The device prohibits a person from driving a vehicle equipped with the device from starting the vehicle if the person has more than a miniscule amount of alcohol in the person's system. However, conflicts and confusion about the new law's implementation, including issues relating to a defendant whose license was suspended or revoked or who was sentenced under the old law, create a sentencing problem. Accordingly, your Committee believes that the provisions that create two classes of defendants, those under the old law and those under the new law, should be amended to allow certain defendants to enter the ignition

interlock program. By doing so, your Committee believes that the benefits of the ignition interlock program, safer streets and defendants who are repeatedly reminded not to drink and drive because they must test themselves every time they try to operate their vehicles, should be extended to certain defendants who are subject to the old law.

Your Committee notes that these amendments apply only to certain categories of offenders whose driving privileges were suspended or revoked or who were convicted prior to the enactment of the new ignition interlock provisions. Your Committee finds that these amendments to the ignition interlock procedures will facilitate a smooth transition for certain offenders, including offenders who were convicted under the old law but sentenced under the new ignition interlock law, thereby providing clarification in sentencing and penalties for these offenders.

Your Committee also notes that the Ignition Interlock Task Force and Mothers Against Drunk Driving HAWAII have not taken a position on the amendments proposed by this measure because they have not had the opportunity to consult with legal counsel.

Accordingly, your Committee has amended this measure by:

- (1) Adding a new part II that will allow persons who have had their driving privileges suspended or revoked under certain circumstances to petition the court for an order of eligibility for an ignition interlock permit; and
- (2) Inserting an effective date of July 1, 2050, to allow Mothers Against Drunk Driving HAWAII and the Ignition Interlock Task Force to seek legal counsel.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 393, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 393, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Gabbard, Slom).

**SCRep. 1261      Judiciary and Labor on H.B. No. 879**

The purpose and intent of this measure is to clarify the process by which a homeowners association may foreclose on an outstanding lien by:

- (1) Authorizing a planned community association, a condominium association, or an association of apartment owners to pursue nonjudicial foreclosure for outstanding liens;
- (2) Authorizing an association to acquire a foreclosed unit through credit bidding at public auction;
- (3) Specifying allocation of excess rental income from a foreclosed unit;
- (4) Authorizing a planned community association to resolve disputes involving liens subject to foreclosure through alternative dispute resolution procedures;
- (5) Specifying notice requirements for foreclosure on a lien; and
- (6) Prohibiting foreclosure of a junior lien during the pendency of foreclosure of a mortgage.

Your Committee finds that protection of consumers in the foreclosure process is of paramount importance, particularly in consideration of the sharp increase in the number of foreclosures due to the current economic recession. Your Committee also finds that although the lien foreclosure process is an important tool that associations use to collect amounts that would otherwise be borne by homeowners in the association, the process as it currently exists contains the potential for abuse.

Your Committee has amended this measure by:

- (1) Adding a definition of "owner-occupied" to new sections created in chapters 514A and 514B, Hawaii Revised Statutes;
- (2) Specifying that the nonjudicial foreclosure of a lien by a planned community association or a condominium association subject to chapter 514B, Hawaii Revised Statutes, shall be subject to a single forty-five day stay upon receipt of written request of an owner-occupant;
- (3) Specifying that the board of directors shall reasonably consider a reasonable payment plan proposed by an owner at risk of lien foreclosure subject to certain conditions unless the owner has been delinquent in payment of assessments to the association within the previous twenty-four months;
- (4) Deleting provisions that authorized resolution of disputes involving foreclosure of liens through the alternative dispute resolution process created pursuant to section 514B-161, Hawaii Revised Statutes;
- (5) Deleting provisions specifying the allocation of excess rental income of a foreclosed unit;
- (6) Specifying that foreclosures of an association lien that arises under a declaration filed pursuant to chapter 421J or 514B, Hawaii Revised Statutes, shall not be suspended during the pendency of a mortgage foreclosure pursuant to chapter 667, Hawaii Revised Statutes;
- (7) Specifying that a lien for assessments of a condominium association subject to chapter 514B, Hawaii Revised Statutes, shall not take priority over liens for real property taxes and assessments by a governmental authority;
- (8) Amending section 5 of Act 205, Session Laws of Hawaii 2009, to remove the sunset provision of section 1 of that Act, which amended section 514A-121.5, Hawaii Revised Statutes, and to reenact section 514B-161, Hawaii Revised Statutes, as it read on the day before the effective date of Act 205; and

(9) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

Your Committee notes that this measure, as amended, contains some provisions that raise concerns regarding protection for homeowners at risk of or in foreclosure. Your Committee cautions that while this measure merits advancement through the legislative process for purposes of continued discussion, issues of protection for homeowners and access to adequate process must be addressed before this measure is made effective.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 879, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 879, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 4; Ayes with Reservations (Shimabukuro). Noes, none. Excused, 1 (Slom).

**SCRep. 1262 Judiciary and Labor on H.B. No. 1094**

The purpose and intent of this measure is to amend the State's licensing process and medical requirements for commercial driver's licensing to comply with the Federal Motor Carrier Safety Regulations.

Your Committee finds that the amendments to the existing state laws pertaining to the issuance and maintenance of commercial driver's licenses contained in this measure are necessary for the State to remain compliant with controlling federal law in this area. Your Committee notes that this measure clarifies the Examiner of Drivers' Authority to impose administrative penalties, including the downgrade or revocation of a commercial driver's license, for the licensee's noncompliance with federal documentary requirements or for conviction of certain criminal offenses related to motor vehicle operation. Your Committee further finds that failure to adopt the amendments proposed by this measure will result in noncompliance by the State with federal law and withholding of significant amounts of federal funding to the State for each year that the State remains out of compliance.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1094, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1094, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1263 Judiciary and Labor on H.B. No. 1447**

The purpose and intent of this measure is to amend provisions of the Permitted Transfers in Trust Act governing transfers of property from a transferor to a trustee by means of an irrevocable trust instrument.

Your Committee finds that revisions to certain definitions in the Permitted Transfers in Trust Act are necessary to conform to definitions contained in the Code of Federal Regulations.

Your Committee has amended this measure by:

- (1) Clarifying that the definition of a "permitted trustee" does not include a transferor under the Permitted Transfers in Trust Act;
- (2) Clarifying that a claim under the Permitted Transfers in Trust Act shall be extinguished unless the claim arose before the permitted transfer was made and the action was brought on the latter of the date of the permitted transfer or July 1, 2010, rather than July 1, 2011; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1447, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1447, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1264 Education on Gov. Msg. Nos. 652, 655, 656, and 658**

Recommending that the Senate advise and consent to the nominations of the following:

STATE OF HAWAI'I BOARD OF EDUCATION

G.M. No. 652 KEITH AMEMIYA, for a term to expire 6-30-2012;

G.M. No. 655 CHARLENE CUARESMA, for a term to expire 6-30-2013;

G.M. No. 656 CHERYL KA'UHANE LUPENUI, for a term to expire 6-30-2012; and

G.M. No. 658 NANCY JO-YAMAKAWA BUDD, for a term to expire 6-30-2012.

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Keith Amemiya, Charlene Cuaresma, Cheryl Ka'uahane Lupenui, and Nancy Jo-Yamakawa Budd, to possess the requisite qualifications to be nominated to the State of Hawai'i Board of Education.

Your Committee received testimony in support of the nomination of Keith Amemiya from the Governor, Chair of the University of Hawai'i Board of Regents, President of the University of Hawai'i System, Kaneohe Ranch, Executive Director of the University of Hawaii Professional Assembly, Hui for Excellence in Education, Hawaii Education Matters, Hawaii State Teachers Association, Hawaii School Bus Association, and ten individuals.

Mr. Amemiya received his Bachelor of Business Administration degree from the University of Hawaii at Manoa. He received a Juris Doctorate degree from the William S. Richardson School of Law.

Since March 2010, Mr. Amemiya has served as the Executive Administrator and Secretary to the Board of Regents of the University of Hawaii. Prior to his service with the Board of Regents, Mr. Amemiya spent nearly twelve years as the Executive Director of the Hawaii High School Athletic Association (HHSAA). Mr. Amemiya also worked previously as an attorney with the law firms of Paul, Johnson, Park & Niles, and Bays, Deaver, Hiatt, Kawachika & Lezak. As an attorney, Mr. Amemiya specialized in civil litigation, arbitration related to commercial transactions, construction, real estate, wrongful termination, and personal injury.

Mr. Amemiya is extensively involved with for-profit and non-profit boards. Specifically, Mr. Amemiya serves on the Board of Directors of The Learning Coalition, Shane Victorino Foundation, Boy Scouts of America, and Susannah Wesley Community Center. He is also a member of the Department of Education's Advisory Commission on Gender Equity in Athletics and the City and County of Honolulu's Sports Commission.

Mr. Amemiya testified that his work as the Executive Director of HHSAA enabled him to work closely with the Department of Education, including the Superintendent of Education, principals, teachers, coaches, and students.

Mr. Amemiya's short-term goal as a Board of Education member is to examine the Board's current policies and procedures. Mr. Amemiya expressed that the Board's role is to make educational policies and support the Superintendent of Education's execution of those policies. He also noted that the Board of Education must focus on helping the Superintendent obtain the resources necessary to allow the Department of Education to achieve a superior benchmark in public education.

Mr. Amemiya encourages increased cooperation between the Board of Education and the Board of Regents of the University of Hawaii. He sees the goal of the Board of Education and the Board of Regents as one and the same: to create a highly educated and skilled workforce for Hawaii. He is confident that the two entities can work in sync and complement each other in working to meet that shared goal.

Mr. Amemiya believes that public-private partnerships can be a means of addressing the fiscal challenges facing the Department of Education. As Executive Director of HHSAA, Mr. Amemiya headed the Save our Sports Campaign which raised more than \$1,300,000 in outside funding for public school athletic programs in light of state budget cuts. Mr. Amemiya expressed to your Committee that it is necessary for the Board of Education to examine all possible sources of funding, including federal funds, private grants, and funding from private foundations.

Mr. Amemiya's professional and personal experiences have given him a deep appreciation for Hawaii's public school system and an understanding of the challenges and obstacles it faces. His leadership experience will serve him well as a member of the Board of Education.

Your Committee received testimony in support of the nomination of Charlene Cuaresma from the Governor; Kaneohe Ranch; National Federation of Filipino American Associations Region 12; Hawai'i Friends of Civil Rights; UNITE HERE Local 5; The Mestizo Association; ILWU Local 142; Hawaii State Teachers Association; Filipino American Citizens League; Congress of Visayan Organizations; University of Hawaii School of Public Health Alumni Association; Oahu Filipino Community Council; Nursing Advocates and Mentors, Inc.; Guevarra Appraisal Services LLC; Hui for Excellence in Education; Hawaii Education Matters; Hawaii School Bus Association; and forty-one individuals.

Ms. Cuaresma received a Bachelor of Arts degree in Psychology and a Master of Public Health degree from the University of Hawaii at Manoa. She currently serves as the Associate Director of the Graduate Professional Access Program at the University of Hawaii. She serves underrepresented students by linking them to faculty mentors and providing support services to ensure completion of bachelor's, master's, and doctoral degrees. Ms. Cuaresma also serves as the Community Director for the Asian American Network for Cancer Awareness, Research and Training.

Ms. Cuaresma is active in a number of community organizations. She has volunteered her time with the Domestic Violence Action Center Pilipina Rural Project Advisory Council, Filipino Coalition for Solidarity, American Red Cross, and Organ Donor Center of Hawai'i. Ms. Cuaresma is also a recipient of the 2011 Hawai'i Friends of Civil Rights Martin Luther King, Jr. Award based on her long track record of community service and strident support of equality and social justice.

Ms. Cuaresma testified that she believes the role of the Board of Education is to set clear educational policies and to hold the Superintendent of Education accountable for implementation of those policies. She also expressed to your Committee that it is important for the Board to support efforts by the Department of Education to foster relationships with parents, civic groups, community-based organizations, and socially responsible corporations to build greater capacity at all public schools. Ms. Cuaresma strongly believes that partnerships between schools and their communities are critical to making college completion a reality for more of Hawaii's students.

Ms. Cuaresma also supports a policy audit of the Board of Education. She expressed to your Committee that it is important for the Board to look at which policies are working to advance student achievement and which policies are simply not working.

Ms. Cuaresma's nomination to the Board of Education adds a critical link to Hawaii's underrepresented and underserved students and families. She is keenly aware of the social deterrents and disparities that can affect student access to and success in education. Your Committee believes that Ms. Cuaresma will bring energy and passion to her role as a Board of Education member.

Your Committee received testimony in support of the nomination of Cheryl Ka'uhane Lupenui from the Governor, Kaneohe Ranch, Kamehameha Schools, United Aloha Way, KCCA Preschools of Hawai'i, Child & Family Service, Hui for Excellence in Education,

Hawaii Education Matters, Hawaii State Teachers Association, Young Men's Christian Association of Honolulu, Hawaii School Bus Association, and ten individuals.

Ms. Lupenui received a Bachelor of Business Administration degree from the University of Hawaii at Manoa. She then went on to earn a Master of Business Administration degree from Tulane University.

Ms. Lupenui has an extensive background in business administration. She was more recently the President and Chief Executive Officer of the Young Women's Christian Association of Oahu (YWCA) where she was responsible for directing the strategic planning, development, and overall management of an organization with more than \$10,000,000 in assets since 2001. She has been instrumental in raising \$2,200,000 for the new economic and youth programs at the YWCA through private grants. Ms. Lupenui also led the revitalization of the YWCA's community-building strategy in an environment of very limited resources. She has succeeded in creating a more sustainable business model to assist the YWCA accomplish its mission and objectives.

Prior to working at the YWCA, Ms. Lupenui was a small business owner and business development consultant. She hosted and associate-produced "Entrepreneurship", a televised course for the Department of Education which educated high school students on self-employment and business plan writing skills.

Ms. Lupenui has honed her constituency-building and leadership skills through her involvement in a number of community boards and committees. She is a Board member of the Hawai'i Alliance for Non-Profit Organizations, Aloha United Way, Hawaii Tourism Authority, Public Broadcasting Service Hawaii, and the Center for Asian Pacific American Women. She also serves as a committee member of the Kamehameha Schools Trustee Selection Committee.

When asked whether she would like to see more cooperation between the Department of Education and non-profit organizations, Ms. Lupenui responded that she believes public-private partnerships are critical to providing educational wrap-around services to Hawaii's students in light of the State's fiscal situation. Through her work at the YWCA, Ms. Lupenui has personal experience in how the involvement of non-profits in education can bolster individual student achievement.

Ms. Lupenui's business acumen and passion for community service will make her a great asset to the Board of Education and will help to invigorate Hawaii's public school system.

Your Committee received testimony in support of the nomination of Nancy Jo-Yamakawa Budd from the Governor; a member of the Kaua'i County Council; Kaneohe Ranch; Hawaii State Teachers Association; Garden Island Arts Council; Deja Vu Surf Hawaii; Kapa'a Family Physicians; Kauai Independent Daycare Services, Inc.; Hui for Excellence in Education; Hawaii Education Matters; Hawaii School Bus Association; and nineteen individuals.

Ms. Budd received her Bachelor of Arts degree from California State University, Chico. She received her Juris Doctorate degree from the University of California, Davis. Ms. Budd is currently an attorney on Kauai and has been in practice since 1980. She currently has her own law firm, concentrating on estate planning, estate and trust administration, elder law, real estate, business, and charitable planning. From 1982 to 1987, Ms. Budd was the managing attorney of Legal Aid Society of Hawaii's Kauai office.

Ms. Budd founded the King Kaumuali'i Elementary School Parent Teacher Student Association and Kauai District Parent Teacher Student Association. Ms. Budd continues to give back to the educational community, having volunteered as a third grade tutor at Wilcox Elementary School for the past thirteen years.

Ms. Budd believes the role of the Board of Education is to develop and promote a coherent educational policy for the State's public school system. Ms. Budd testified that it is important that the Board clarify the lines of accountability between the Board and Department of Education.

When asked by your Committee what role she feels parent teacher organizations play in education, Ms. Budd responded that these organizations are critical to the success of schools and are the key to fostering public-private partnerships that help increase the level of communication within communities.

Ms. Budd has devoted many years to the support and improvement of the State's educational system. Her dedication and commitment to education will make her an invaluable asset to the Board of Education.

As affirmed by the records of votes of the members of your Committee on Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 1 (Chun Oakland).

**SCRep. 1265 Education on Gov. Msg. Nos. 651, 653, 654, 657, and 659**

Recommending that the Senate advise and consent to the nominations of the following:

STATE OF HAWAII BOARD OF EDUCATION

- G.M. No. 651 DONALD G. HORNER, for a term to expire 6-30-2014;
- G.M. No. 653 KIMBERLY GENNAULA HAGI, for a term to expire 6-30-2013;
- G.M. No. 654 BRIAN J. DE LIMA, for a term to expire 6-30-2013;
- G.M. No. 657 JAMES D. WILLIAMS, for a term to expire 6-30-2014; and
- G.M. No. 659 WESLEY P. LO, for a term to expire 6-30-2014.

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Donald G. Horner, Kimberly Gennaula Hagi, Brian J. De Lima, James D. Williams, and Wesley P. Lo, to possess the requisite qualifications to be nominated to the State of Hawaii Board of Education.

Your Committee received testimony in support of the nomination of Donald G. Horner from the Governor, Hawaii State Teachers Association, Hawaii Business Roundtable, Kaneohe Ranch, Hui for Excellence in Education, Hawaii Education Matters, and four individuals.

Mr. Horner received his undergraduate degree in business from the University of North Carolina. He went on to receive his Master of Business Administration degree from the University of Southern California and is an honors graduate of the Pacific Coast Banking School at the University of Washington. From 1972 to 1976, Mr. Horner served in the United States Navy, obtaining the rank of Lieutenant Commander.

Mr. Horner is currently the Chairman and Chief Executive Officer of First Hawaiian Bank. He joined First Hawaiian Bank as a Credit Analyst in 1978.

Mr. Horner serves on various boards, including serving as the Board Chair of the First Hawaiian Bank Foundation, Board member and Treasurer of Iolani School, and Board member Emeritus of Mid-Pacific Institute. He is the former Chair of the Governor's Economic Momentum Commission, Young Presidents' Organization of Hawaii, Hawaii Business Roundtable, and Hawaii Bankers Association.

Mr. Horner served on the State's Reinventing Government Task Force, which was established to examine the current operations and organization of state government and make recommendations on making state government more efficient.

Most notably with regard to education, Mr. Horner served as Vice Chair of the Department of Education's Interagency Working Group established under Act 51, Session Laws of Hawaii 2004. As part of the Working Group, Mr. Horner was instrumental in implementing important educational legislation and served on the Superintendent's Advisory Council.

Mr. Horner expressed to your Committee that as Chairperson of the Board of Education, he intends to hit the ground running. Mr. Horner's short-term goal is to review and amend the Board's by-laws and policies. Mr. Horner supports conducting a policy audit of the Board as a necessary tool to validate and verify whether proper policies are in place and being adhered to.

Mr. Horner's long-term goal as Chairperson of the Board of Education is to build an accurate set of metrics in order to better hold the Department of Education responsible for student achievement and fiscal accountability. Mr. Horner testified that given his business background, he appreciates the significance and serious fiduciary responsibilities of the Board of Education in serving the State's approximately 178,000 public school students.

Mr. Horner also expressed to your Committee that his professional background has given him an insight into strategic planning and personnel management. Mr. Horner hopes, through the Superintendent of Education, to challenge Department of Education employees to be creative and flexible and to identify and embrace new methods of working smarter.

Mr. Horner's value of education and strong financial and managerial expertise will be invaluable assets to the Board of Education. Mr. Horner's background provides him with the skills and experiences necessary to oversee an organization as complex and large as Hawaii's public school system.

Your Committee received testimony in support of the nomination of Kimberly Gennaula Hagi from the Governor, Kamehameha Schools, Hawaii State Teachers Association, Hawai'i Pacific Health, Hui for Excellence in Education, Hawaii Education Matters, Healthcare Association of Hawaii, Kaneohe Ranch, Pacific Rim Christian College, and thirty-three individuals.

Your Committee finds that Kimberly Gennaula Hagi received a Bachelor of Journalism degree from the University of Texas at Austin. Ms. Hagi is currently the Philanthropy Director of Kapiolani Health Foundation where she is responsible for prospecting, cultivating, soliciting, and stewarding donors for the Kapiolani Medical Center's operations, capital campaign, and hospital programs.

Prior to working for Kapiolani Health Foundation, Ms. Hagi was a news anchor and senior newsroom manager for KGMB-TV. She received numerous awards for her reporting.

Ms. Hagi has two young children who attend Hokulani Elementary and she has been very active in volunteering her time there. She has also served on the Superintendent's Advisory Council and has been actively involved in The Learning Coalition.

Ms. Hagi testified that she supports a policy audit of the Board of Education to find ways to streamline the efforts of the Board and give greater authority to the Department of Education.

Ms. Hagi also testified that she will use the skills she acquired as a news anchor and communications director to help foster and restore public confidence in public education. She expressed to your Committee her desire that the Board of Education make use of social media to improve communication with the public and engage Hawaii's families, teachers, and students.

Ms. Hagi's experience as the Philanthropic Director at Kapiolani Health Foundation provides her with a unique perspective on the possibility of forging public-private partnerships to bolster Hawaii's public schools. Ms. Hagi testified that she supports private-public partnerships in public schools and will encourage the Board of Education to think outside of the box on this issue.

Ms. Hagi's energy and passion for public education will serve the Board of Education well.

Your Committee received testimony in support of the nomination of Brian J. De Lima from the Governor; Mayor of the County of Hawai'i; two members of the Hawai'i County Council; Director of the Department of Liquor Control for the County of Hawai'i; Managing Director of the Department of Liquor Control for the County of Hawai'i; Office of the Corporation Counsel of the County of Hawai'i; International Union of Painters and Allied Trades, District Council 50; ILWU Local 142; Hawaii State Teachers Association; United Public Workers, AFSCME, Local 646 AFL-CIO; Kaneohe Ranch; Hui for Excellence in Education; Hawaii Education Matters; and 43 individuals.

Brian J. De Lima is a graduate of Hilo High School and served as the Board of Education's first student member in 1972. He then went on to receive his undergraduate degree from the University of Massachusetts at Amherst and his Juris Doctorate degree from the William S. Richardson School of Law at the University of Hawaii at Manoa.

Mr. De Lima is an experienced trial attorney and a partner at the law firm of Crudele & De Lima. He served for nearly a decade as the private bar attorney for the Legal Aid Society of Hawaii in Hilo. Mr. De Lima continues to provide pro bono legal services for family law clients and participates in the Hawaii Lawyers Care Family Law Clinic. Mr. De Lima has been recognized and honored as having the highest number of pro bono hours among attorneys in Hilo.

Mr. De Lima also served three terms as a member of the Hawai'i County Council and has extensive knowledge in planning, land use development, public works, and government financing.

Mr. De Lima is a parent of a special needs child. As such, he is familiar and has been involved with the Individualized Education Program process within the public school system. Mr. De Lima expressed to your Committee that while being the parent of a special needs child provides him with a broader perspective, he does not see his role on the Board as that of an advocate for any one group. Mr. De Lima stated that he will look at the big picture in doing what is best for Hawaii's education system.

One of Mr. De Lima's goals for the Board of Education is to continue the movement toward the decentralization of the Department of Education. Mr. De Lima expressed that the Board's role is to support the Superintendent of Education in holding principals and teachers accountable. Mr. De Lima believes that this will result in greater student achievement.

Mr. De Lima also expressed that he hopes that the Board will streamline its own policies to work more efficiently and effectively in how it governs the State's education system.

When asked whether he believes that the Board of Education should re-examine its relationship with charter schools, Mr. De Lima responded that he is open to looking into that area. Mr. De Lima stated that while he believes parents should be afforded the freedom to choose between public schools and charter schools, charter schools must be held accountable for the public funds they receive.

Mr. De Lima's professional background and involvement in the community provide him with the skills and insight necessary to be an effective member of the Board of Education.

Your Committee received testimony in support of the nomination of James D. Williams from United States Representative Colleen Hanabusa; the Governor; Hawaii State Teachers Association; Hui for Excellence in Education; Hawaii Education Matters; Hawaii Academy of Arts and Science Public Charter School; Hawaii Charter Schools Network; Quality School Network; Voyager Public Charter School; Executive Director of the University of Hawaii Professional Assembly; Kaneohe Ranch; and seventeen individuals.

James D. Williams received his Bachelor of Arts degree from Drake University. From January 2010 to May 2010, Mr. Williams served as the Interim Executive Director of the Hawaii State Teachers Association where he was responsible for, among other things, directing collective bargaining contract negotiations for Hawaii's public school teachers.

From 2004 to 2009, Mr. Williams was the Administrator and Chief Executive Officer of the Hawaii Employer-Union Health Benefits Trust Fund, where he was responsible for administering benefits for approximately 180,000 state employees, retirees, and dependents.

In 1994, Mr. Williams founded the Royal State Learning Foundation (formerly Royal State Trust), a non-profit foundation focused on the transformation of Hawaii's education system. Mr. Williams also founded Voyager Public Charter School in Honolulu. He has experience dealing with all aspects of school administration, including facilities and financial needs. Mr. Williams has served as the Chair of the Voyager Charter School Local School Board and is currently the Board's Vice Chair. He is also the Chair of the Board of the Voyager School Foundation.

Mr. Williams also spent eleven years as a Social Studies teacher at Kaunakakai School and Molokai High and Intermediate School.

Mr. Williams testified that while the Board of Education is accountable to the Governor, the Board is an independent entity whose job is to create policy and develop a long-term strategic plan for public education in the State. Mr. Williams expressed that his long-term goal as a Board of Education member is to revamp high school programs to focus on better preparing students for post-secondary activities, including college, apprenticeship programs, and other vocational options.

When asked whether he would support a more formal relationship between the Board of Education and charter schools, Mr. Williams replied that he was open to exploring the issue.

Mr. Williams brings a unique and varied background in education, administration, and business to the Board of Education.

Your Committee received testimony in support of the nomination of Wesley P. Lo from United States Representative Colleen Hanabusa; the Governor; Director of Finance; Mayor of Maui County; a member of the Maui County Council; Hawaii State Teachers Association; Healthcare Association of Hawaii; Maui Economic Development Board, Inc.; Hui for Excellence in Education; Hawaii Education Matters; Kaneohe Ranch; and six individuals.

Wesley P. Lo received his Bachelor of Arts degree in Business Administration from the University of Colorado. Mr. Lo currently serves as the Regional Chief Executive Officer of the Maui Region of the Hawaii Health Systems Corporation. As Regional Chief Executive Officer, Mr. Lo is responsible for the overall performance of Maui Memorial Medical Center, Kula Hospital, and Lanai Community Hospital. Prior to this, Mr. Lo was the Chief Financial Officer for Maui Memorial Medical Center and Maui Radiology Consultants.

Mr. Lo is also the former Director of Finance for the County of Maui and was responsible for the financial reporting and performance of a total annual budget of \$268,000,000. As Director of Finance, Mr. Lo was also responsible for Maui County's investments and strategic planning. Mr. Lo was also heavily involved in various collective bargaining issues including labor negotiations.

Mr. Lo has a strong financial background in public and private industry and an intricate understanding of public financing and bonds. Mr. Lo also has experience with procurement and understands the need for flexibility and accountability when using public funds.

Mr. Lo testified that he believes the role of the Board of Education is to make policy and not be involved in the day-to-day operations of the Department of Education. Mr. Lo expressed that the Board's role is to support the Superintendent of Education in achieving the goals and objectives set by the Board, as well as monitoring and holding the Superintendent accountable.

Mr. Lo's long-term goal as a member of the Board of Education is to determine the appropriate governance structure for the Department of Education to ensure that education is an integral part of each community and that schools are given the appropriate tools to optimize student potential.

Mr. Lo will bring a wealth of financial experience and expertise to his role as a member of the Board of Education.

As affirmed by the records of votes of the members of your Committee on Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 1 (Taniguchi).

**SCRep. 1266 Commerce and Consumer Protection on Gov. Msg. Nos. 580 and 581**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF DENTAL EXAMINERS

G.M. No. 580 CANDACE WADA, for a term to expire 6-30-2015; and

G.M. No. 581 MARILYN R. NONAKA, for a term to expire 6-30-2015.

Your Committee has reviewed the personal statements and resumes submitted by the nominees and finds Candace Wada and Marilyn R. Nonaka to possess the requisite qualifications to be nominated to the Board of Dental Examiners.

Your Committee received testimony in support of the nomination of Candace Wada from the Board of Dental Examiners and Hawaii Dental Hygienists' Association.

Upon review of the testimony, your Committee finds that this nominee has been a practicing dentist for almost three decades. During that time, this nominee has been a leader in her profession through service with the California Dental Association and Hawaii Dental Association. This nominee has represented the Honolulu dentistry community as a Trustee of the Hawaii Dental Association and as a Delegate to the Hawaii Dental Association House of Delegates. This nominee has been particularly engaged in maintaining high standards within her profession as a member of the Hawaii Dental Association's Continuing Education Committee. Your Committee further finds that this nominee has served as an interim member of the Board of Dental Examiners in a diligent and thoughtful manner, actively participating in discussions and offering insightful viewpoints gained from experience as a private practitioner and a leader in the profession of dentistry. Your Committee notes that this nominee plans to expand upon her contribution to the Board of Dental Examiners by becoming an examiner for dentists seeking licensure. Your Committee finds that this nominee's practical knowledge, demonstrated leadership, and enthusiasm for serving her profession will be an asset to the Board of Dental Examiners.

Your Committee received testimony in support of the nomination of Marilyn R. Nonaka from the Board of Dental Examiners and Hawaii Dental Hygienists' Association.

Upon review of the testimony, your Committee finds that this nominee has been a practicing dental hygienist for nearly twenty-five years and has worked in a variety of positions and settings including private dental practices, clinical instruction, and risk-management consulting for an insurer. Your Committee further finds that this nominee's breadth of experience gives her first-hand insight into multiple aspects of the practice of dentistry and dental hygiene. Your Committee also finds that this nominee has demonstrated leadership within her profession through service in positions including Trustee, Vice President, President of the Hawaii Dental Hygienists' Association, and a Board examiner for dental hygienists seeking licensure. Your Committee finds that this nominee's specific experience as Chair of the Hawaii Dental Hygienists' Association Regulation and Practice Committee and as a consultant to the State's Regulated Industries Complaints Office Dental Advisory Committee has allowed her to develop particular expertise in the area of professional regulation. Your Committee notes that this nominee's commitment and service to her profession have been duly recognized by her peers: she was named the Hawaii Dental Hygienists' Association's Outstanding Member in 1999 and Most Dedicated Member in 2001. Further, your Committee finds that in her capacity as an interim appointee to the Board of Dental Examiners, this nominee has been a well-prepared and active contributor. Your Committee finds that this nominee's broad experience and commitment to public service will serve the Board and the public well.

Your Committee finds that Candace Wada and Marilyn R. Nonaka have been nominated to the Board of Dental Examiners based on their knowledge, experience, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Galuteria, Green, Solomon).

**SCRep. 1267 Commerce and Consumer Protection on Gov. Msg. Nos. 600 and 601**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF EXAMINERS IN OPTOMETRY

G.M. No. 600 GAYLE CHANG, for a term to expire 6-30-2015; and

G.M. No. 601 KEVIN K. LUI, for a term to expire 6-30-2015.

Your Committee has reviewed the resume submitted by Gayle Chang and the personal statement and curriculum vitae submitted by Kevin K. Lui and finds the nominees to possess the requisite qualifications to be nominated and nominated for reappointment to the Board of Examiners in Optometry, respectively.

Your Committee received testimony in support of the nomination of Gayle Chang from the Board of Examiners in Optometry.

Upon review of the testimony, your Committee finds that this nominee has been a licensed professional in a regulated field for more than thirty-five years. Your Committee further finds that this nominee has demonstrated leadership within her chosen profession, serving in elected and appointed positions within the American Dental Hygienists' Association and elected positions including Vice President, Treasurer, and President of the Hawaii Dental Hygienists' Association. In addition, this nominee has developed expertise with professional regulation and licensing through service as a member and Chair of the Dental Hygiene Examination Committee of the American Board of Dental Examiners and as a dental hygiene examiner with the Central Regional Dental Testing Service and Northeast Regional Board. Your Committee notes that this nominee has additional experience with the State's regulatory structures through eight years of service on the Board of Dental Examiners, including four years of service as its Vice Chair. Your Committee finds that because of this nominee's long record of service to her profession and community and her first-hand experience with the State's regulatory system, this nominee is very well-qualified to serve as a public member of the Board of Examiners in Optometry.

Your Committee received testimony in support of the nomination of Kevin K. Lui from the Board of Examiners in Optometry and Hawaii Optometric Association.

Upon review of the testimony, your Committee finds that this nominee for reappointment to the Board of Optometric Examiners has practiced as a licensed optometrist for more than twenty-five years. Throughout his career, this nominee has been an active participant in the governance and maintenance of high standards in his profession through holding leadership positions in the Hawaii Optometric Association continuously for more than twenty years and serving as a member of private and public bodies related to the practice of optometry. Your Committee also finds that this nominee has been recognized by his peers and the community for excellence in his profession: he was named Optometrist of the Year by the Hawaii Optometric Association in 1999 and received The Honolulu Advertiser People's Choice Award for Best Optometrist in 2007 and 2008. Your Committee notes that in addition to serving as a member of the Board of Examiners in Optometry since 2007, this nominee has also served the public through membership on the Hawaii State Department of Transportation Medical Advisory Board, Hawaii Regulated Industries Complaints Office Advisory Committee for Optometry, and Medicare Carrier Advisory Committee. Your Committee finds that this nominee's demonstrated commitment to public service, extensive engagement with the public regulatory process, and professional accomplishments qualify him for reappointment to the Board of Examiners in Optometry.

Your Committee finds that Gayle Chang has been nominated for appointment and Kevin K. Lui has been nominated for reappointment to the Board of Examiners in Optometry based on their knowledge, experience, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Slom).

**SCRep. 1268 Commerce and Consumer Protection on Gov. Msg. Nos. 582 and 583**

Recommending that the Senate advise and consent to the nominations of the following:

ELEVATOR MECHANICS LICENSING BOARD

G.M. No. 582 MARC K.M. YAMANE, for a term to expire 6-30-2015; and

G.M. No. 583 LAWRENCE T. MORINAGA, for a term to expire 6-30-2015.

Your Committee has reviewed the personal statements and resumes submitted by the nominees and finds that Marc K.M. Yamane is qualified for reappointment and Lawrence T. Morinaga is qualified for appointment to the Elevator Mechanics Licensing Board.

Your Committee received testimony in support of the nomination of Marc K.M. Yamane from the Elevator Mechanics Licensing Board.

Upon review of the testimony, your Committee finds that this nominee has sixteen years of experience as a licensed elevator mechanic, including service as an instructor at Honolulu Community College in the Elevator Mechanic Apprenticeship Program. Your Committee also finds that this nominee has demonstrated leadership within his profession through service in the positions of Trustee, Recording Secretary, member of the Executive Board, and Vice President of the International Union of Elevator Constructors, Local 126. Your Committee notes that this nominee for reappointment has served exceptionally in his first term. Specifically, Mr. Yamane has played a pivotal role in evaluating issues objectively while balancing fairly the needs of consumers and the industry. Your Committee believes that Mr. Yamane has a clear vision for maintaining high standards within the industry by strengthening educational requirements for apprentices and licensees and ensuring that regulations reflect developments in current technology. Your

Committee further finds that this nominee's experience and leadership within the industry and his familiarity with the State's regulatory structures qualify him for reappointment to the Elevator Mechanics Licensing Board.

Your Committee received testimony in support of the nomination of Lawrence T. Morinaga from the Department of Commerce and Consumer Affairs.

Upon review of the testimony, your Committee finds that this nominee has over twenty years of experience in many aspects of the elevator construction and maintenance trade. Your Committee notes that this nominee has worked in positions including installer, adjuster, foreman, instructor, and inspector and has worked with equipment including traction elevators, hydraulic elevators, escalators, moving-walks, dumbwaiters, stage lifts, and material lifts. Your Committee finds that this nominee's uniquely broad experience and pursuit of continuing education as a student and instructor with the National Elevator Industry Education Program have allowed him to develop expertise in first-hand practice within the industry and with applicable regulations. Finally, your Committee finds that this nominee's broad industry knowledge and enthusiasm for service qualify him for appointment to the Elevator Mechanics Licensing Board.

Your Committee finds that Marc K.M. Yamane has been nominated for reappointment and Lawrence T. Morinaga has been nominated for appointment to the Elevator Mechanics Licensing Board based on their knowledge, experience, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Slom).

**SCRep. 1269 Transportation and International Affairs on Gov. Msg. No. 646**

Recommending that the Senate advise and consent to the nominations of the following:

STATE HIGHWAY SAFETY COUNCIL

G.M. No. 646 CHAD K. TANIGUCHI, for a term to expire 6-30-2015.

Your Committee received testimony in support of the nominee from the State Department of Transportation, Maui Bicycle Alliance, ILWU Local 142, Hawaii Laborers-Employers Cooperation and Education Trust, and two individuals.

Chad K. Taniguchi received a Bachelor of Arts degree in Liberal Studies from the University of Hawai'i at Manoa, and a Juris Doctor degree from the William S. Richardson School of Law at the University of Hawai'i at Manoa. Mr. Taniguchi has experience in a variety of positions involving the public and private sectors, including Executive Director of the Hawaii Public Housing Authority; Bills Chief of the Senate Committee on Ways and Means; Analyst with the Office of the Auditor; Interim Dean of Communications and Services Programs at Honolulu Community College; Director of Workforce Development of the University of Hawai'i Community Colleges; Homestead District Supervisor and Special Assistant for Housing at the Department of Hawaiian Home Lands in Lihue, Kauai; Housing Administrator of the Kauai County Housing Agency; Attorney at Paul Johnson, Alston & Hunt; Researcher at the East-West Center, Environmental and Policy Institute; and Principal Investigator of the Ethnic Studies Oral History Project at the University of Hawai'i at Manoa.

Mr. Taniguchi is currently the Executive Director of the Hawaii Bicycling League, which encourages people to ride bicycles for health, recreation, and transportation through advocacy, education, and events. The Hawaii Bicycling League is a 35-year-old 501(c)(3) non-profit organization and has as one of its missions the improvement of highway safety for bicyclists based on the belief that everyone has a right to be safe on Hawai'i's roads. As the Executive Director of the Hawaii Bicycling League, the nominee has been involved with the safe walking and bicycling for transportation and fitness program, pedestrian and bicycle friendly community program, and advising the Department of Transportation on highway shoulder maintenance. He is a daily bicycle commuter between Honolulu and Kailua.

Your Committee notes from Mr. Taniguchi's personal statement that he is able to find common areas of unity among diverse organizations, such as bus, trucking and car companies; police departments; environmental organizations; transportation and health professionals; and advocacy and victim organizations. He is committed to achieving bicycle and pedestrian-friendly communities. His vision is for representatives of all roadway users to understand the law of the splintered paddle, mamala-hoe kanawai (Article IX, section 10, Hawaii State Constitution), to let every elderly person, woman, and child lie by the roadside in safety, as a unique and living symbol of the State's concern for public safety. To this end, the nominee appreciates the need to provide engineering, education, enforcement, and evaluation resources so that everyone can realize the right to be safe on Hawai'i's roads. Even pedestrians should be able to use the roads without fear of injury.

Your Committee believes that the nominee would be an excellent resource to the State Highway Transportation Council, given his experience as the Executive Director of the Hawaii Bicycling League and commitment to improving the lives of Hawai'i's residents.

As affirmed by the record of votes of the members of your Committee on Transportation and International Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 1270 Public Safety, Government Operations, and Military Affairs on S.C.R. No. 64**

The purpose and intent of this measure is to request the Department of Public Safety to plan and implement an earned time program for committed persons who are serving time for a non-violent drug offense and who have successfully completed a residential drug abuse program. This measure further requests the Department to develop, establish, and implement certain standards and procedures for the earned time program.

Your Committee received testimony in support of this measure from the Community Alliance on Prisons, the Drug Policy Forum of Hawai'i, National Association of Reformed Criminals, and two individuals. Your Committee received testimony in opposition to this measure from the Hawaii Paroling Authority and one individual. Your Committee received comments on this measure from the Department of Public Safety.

Your Committee finds that many correctional jurisdictions in the United States use an incentive system that rewards inmates for positive behavior, commonly known as credit for good time served. An earned time program provides for release on parole before the expiration of an inmate's minimum term upon demonstration of progress toward rehabilitation in certain categories. An earned time program is necessary for inmates to have a sense of accomplishment and achievement, both of which are critical to successful rehabilitation and re-entry into the community.

Your Committee has amended this measure by:

- (1) Amending various references for accuracy and clarity;
- (2) Requesting the Department of Public Safety to:
  - (A) Review statutory provisions relating to sentences of imprisonment and mandatory imprisonment sentences;
  - (B) Include in its plan for the earned time program those committed persons who have been sentenced for longer than one year and who have successfully completed the recommended programming while incarcerated;
  - (C) Describe its progress in implementing an earned time program in its Re-Entry Master Plan; and
  - (D) Make recommendations to the Legislature on suggested legislation to enable a good time program to be implemented;
- (3) Deleting the reference to posting in the correctional facility the Department's standards and procedures for the earned time program; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 64, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 64, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Baker, Slom).

**SCRep. 1271 Public Safety, Government Operations, and Military Affairs on S.R. No. 37**

The purpose and intent of this measure is to request the Department of Public Safety to plan and implement an earned time program for committed persons who are serving time for a non-violent drug offense and who have successfully completed a residential drug abuse program. This measure further requests the Department to develop, establish, and implement certain standards and procedures for the earned time program.

Your Committee received testimony in support of this measure from the Community Alliance on Prisons, the Drug Policy Forum of Hawai'i, National Association of Reformed Criminals, and two individuals. Your Committee received testimony in opposition to this measure from the Hawaii Paroling Authority and one individual. Your Committee received comments on this measure from the Department of Public Safety.

Your Committee finds that many correctional jurisdictions in the United States use an incentive system that rewards inmates for positive behavior, commonly known as credit for good time served. An earned time program provides for release on parole before the expiration of an inmate's minimum term upon demonstration of progress toward rehabilitation in certain categories. An earned time program is necessary for inmates to have a sense of accomplishment and achievement, both of which are critical to successful rehabilitation and re-entry into the community.

Your Committee has amended this measure by:

- (1) Amending various references for accuracy and clarity;
- (2) Requesting the Department of Public Safety to:
  - (A) Review statutory provisions relating to sentences of imprisonment and mandatory imprisonment sentences;
  - (B) Include in its plan for the earned time program those committed persons who have been sentenced for longer than one year and who have successfully completed the recommended programming while incarcerated;

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 37, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 37, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Baker, Slom).

**SCRep. 1272 Public Safety, Government Operations, and Military Affairs on S.C.R. No. 175**

The purpose and intent of this measure is to request the Governor to proclaim March 30, 2011, as "Welcome Home Vietnam Veterans Day".

Your Committee received testimony in support of this measure from the State of Hawaii Office of Veterans Services, Veterans of Foreign Wars of the United States, and seven individuals.

Your Committee finds that in recognition of the sacrifice and hardship of our Vietnam veterans, the United States Senate on March 8, 2011, declared March 30 as "Welcome Home Vietnam Veterans Day" to encourage Americans to give those veterans a long overdue, warm welcome home. The courage and dedication of Hawaii's troops in the Vietnam War was no less than their fellow Hawaii military personnel in uniform in other conflicts, and is equally deserving of our honor, gratitude, and support.

Your Committee has amended this measure by:

- (1) Inserting language stating that by April 30, 1973, all Americans, including military and civilians, had departed from South Vietnam; and
- (2) Amending the designated date and name of the observance to April 30, 2011, as "Vietnam Veterans Appreciation Day" and changing the title of this measure accordingly.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 175, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 175, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Baker, Slom).

**SCRep. 1273 Public Safety, Government Operations, and Military Affairs on S.R. No. 111**

The purpose and intent of this measure is to request the Governor to proclaim March 30, 2011, as "Welcome Home Vietnam Veterans Day".

Your Committee received testimony in support of this measure from the State of Hawaii Office of Veterans Services, Veterans of Foreign Wars of the United States, and seven individuals.

Your Committee finds that in recognition of the sacrifice and hardship of our Vietnam veterans, the United States Senate on March 8, 2011, declared March 30 as "Welcome Home Vietnam Veterans Day" to encourage Americans to give those veterans a long overdue, warm welcome home. The courage and dedication of Hawaii's troops in the Vietnam War was no less than their fellow Hawaii military personnel in uniform in other conflicts, and is equally deserving of our honor, gratitude, and support.

Your Committee has amended this measure by:

- (1) Inserting language stating that by April 30, 1973, all Americans, including military and civilians, had departed from South Vietnam; and
- (2) Amending the designated date and name of the observance to April 30, 2011, as "Vietnam Veterans Appreciation Day" and changing the title of this measure accordingly.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 111, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 111, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Baker, Slom).

**SCRep. 1274 (Joint) Water, Land, and Housing and Public Safety, Government Operations, and Military Affairs on S.C.R. No. 171**

The purpose and intent of this measure is to urge the Governor to withdraw certain Executive Orders, thereby returning public land that is unused or underused to the public lands inventory of the Department of Land and Natural Resources.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources. Your Committees received testimony in opposition to this measure from the Department of Transportation.

Your Committees acknowledge that portions of the public land in the areas identified in this measure are being put to productive uses. However, the vast majority of the public land in the areas identified in this measure are unused or underused and should be made available to other agencies.

At the public hearing on this measure, the Department of Land and Natural Resources presented testimony that identified five additional Executive Orders setting aside public land to state agencies that are not being used or are being under utilized for the specified purposes.

Your Committees have amended this measure by:

- (1) Adopting the suggested amendments of the Department of Land and Natural Resources, which request the Governor to withdraw five additional Executive Orders setting aside public land to state agencies and return public land subject to those Executive Orders to the Department; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Water, Land, and Housing and Public Safety, Government Operations, and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 171, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 171, S.D. 1.

Signed by the Chairs on behalf of the Committees.  
Ayes, 8. Noes, none. Excused, 2 (Baker, Fukunaga).

**SCRep. 1275 Water, Land, and Housing on S.C.R. No. 117**

The purpose and intent of this measure is to expedite the revision and implementation of the Koke'e State Park Master Plan.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that nearly three years have passed since the creation of the Koke'e State Park Advisory Council. This council is charged with, among other things, revising and assisting in the implementation of the Koke'e State Park Master Plan, yet the revision remains incomplete, delaying the implementation of assessments and user-fees that may facilitate much-needed park maintenance and enhance the public's enjoyment of the park.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Housing that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 117, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 117, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Fukunaga, Tokuda).

**SCRep. 1276 Energy and Environment on Gov. Msg. Nos. 547, 548, 550, 573, 609, 610, and 638**

Recommending that the Senate advise and consent to the nominations of the following:

ENVIRONMENTAL COUNCIL

- G.M. No. 547 DAVID ATKIN, for a term to expire 6-30-2015;
- G.M. No. 548 SCOTT GLENN, for a term to expire 6-30-2015;
- G.M. No. 550 MARY STEINER, for a term to expire 6-30-2015;
- G.M. No. 573 MARJORIE F.Y. ZIEGLER, for a term to expire 6-30-2015;
- G.M. No. 609 MALIA AKUTAGAWA, for a term to expire 6-30-2014;
- G.M. No. 610 SHANNON D. MEARS, for a term to expire 6-30-2014; and
- G.M. No. 638 IRIS TERASHIMA, for a term to expire 6-30-2014.

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds David Atkin, Scott Glenn, Mary Steiner, Marjorie F. Y. Ziegler, Malia Akutagawa, Shannon D. Mears, and Iris Terashima, to possess the requisite qualifications to be nominated to the Environmental Council.

Your Committee received testimony in support of the nomination of David Atkin from Gary Hooser, Office of Environmental Quality Control; Representative Mark Takai; Robert Harris, Sierra Club, Hawai'i Chapter; John Williamson; Susan Killen; Alan Pollock; Dawn Chang; Reshawn Fields; Scott Glenn; William Anonsen; Alan Fujimori; Pam Burns; Amy Zaref; and Denise Antolini.

Dr. Atkin received his Bachelor of Science degree from Stanford University and his Doctor of Philosophy degree in Biology from Princeton University. Dr. Atkin is currently a Certified Senior Project Manager, Senior Professional Associate, and Senior Supervising Environmental Planner at Parsons Brinckerhoff, as well as a lecturer for the University of Hawaii at Manoa's Department of Urban and Regional Planning. He has thirty-one years of environmental planning experience in the public and private sectors in fields including transit, telecommunications, renewable energy facilities, and marine facilities. Dr. Atkin has been involved in projects in the United States, Guam, Taiwan, Thailand, Saudi Arabia, Singapore, Mexico, Chile, Italy, Portugal, and Malaysia.

Dr. Atkin currently serves on the Environmental Council as the chair of the Standing Committee on Exemption Lists. In response to your Committee's written question regarding why he wishes to be a member of the Council, Dr. Atkin expressed his interest in continuing to work through the current backlog of exemption lists and his desire to work with others to reinvigorate the Council's role in rulemaking. During the hearing, Dr. Atkin commented that the rules committee should work on "reader-friendly documents" that rely less on encyclopedic chronicling and focus more on real issues and discussion. When asked about possible conflicts of interest

and how he would overcome them should any arise, Dr. Atkin responded that his employer has contracts with government agencies that are required to meet environmental requirements and that should a matter arise that directly affects one of his company's clients, he would first get advice from an attorney at the Hawaii State Ethics Commission and also review the ethics policies of his employer. He stated that if there was an appearance of impropriety he would declare his conflict and recuse himself, pointing out that this has happened once in the past. He also pointed out that he is married to Mary Steiner who is also a member of, and nominee to, the Environmental Council. He does not see their marriage as leading to a conflict of interest as he states that they have their own independent views.

Dr. Atkin's wealth of professional experience in the field of planning in addition to his experience on the Environmental Council provide him with an ideal skill set for continued service on the Council.

Your Committee received testimony in support of the nomination of Scott Glenn from Gary Hooser, Office of Environmental Quality Control; The Nature Conservancy; Robert Harris, Sierra Club, Hawai'i Chapter; Mary Alice Evans; Denise Antolini; Lee Sichter; George Krasnick; Peter Rappa; Paul Luersen; Cheryl Soon; David Atkin; David Henkin; Mary Steiner; and Wayne Tanaka.

Mr. Glenn received his Bachelor's degree from the University of Evansville in Evansville, Indiana and his Master's degree in Urban and Regional Planning from the University of Hawaii at Manoa. Mr. Glenn is a member of the Hawai'i Chapter of the American Planning Association and the International Association for Impact Assessment. He has been a contractor to the Center for Island Climate Adaptation and Policy and to the University of Hawaii Sea Grant College Program, as well as a subcontractor for the Lighthouse Consulting Group on a project for the National Oceanic and Atmospheric Administration.

Mr. Glenn is currently a consultant for TEC, Inc. as well as a public citizen volunteer to the Environmental Council. When asked by your Committee why he wished to be a member of the Environmental Council, Mr. Glenn stated that the Council has a critical role in Hawaii's environmental review process and that the Environmental Impact Statement Rules, which the Council is tasked with making, repealing, or amending, have not been updated since 1996. He expressed his intention to modernize the rules to reflect changes in the Hawaii Revised Statutes and common practice and to address twenty-first century challenges such as sustainable development.

Mr. Glenn's experience in the field of environmental planning and his work with the Council make him an ideal candidate for Council membership.

Your Committee received testimony in support of the nomination of Mary Steiner from Gary Hooser, Office of Environmental Quality Control; Donna Wong, Hawaii's Thousand Friends; Robert Harris, Sierra Club, Hawai'i Chapter; Carol Kwan; Laura Thompson; Carin Lim; Denise Soderholm; Scott Glenn; Bob Loy; and Denise Antolini.

Ms. Steiner earned her Bachelor of Arts degree from the Richard Stockton College of New Jersey and a Certificado Estudios Hispanicos from the University of Madrid. She has served on the Honolulu County Arborist Advisory Committee and as a National Board Representative for the American Civil Liberties Union of Hawaii.

Ms. Steiner is currently the Chief Executive Officer of The Outdoor Circle and Chair of the Environmental Council. She is also an experienced public speaker who gives presentations regarding community-based advocacy to civic groups, students, military service groups, and professional organizations.

In her testimony to your Committee, Ms. Steiner stated that she strongly believes in the integrity of the State's environmental review process. She believes that the Council must educate others to better understand how the environmental review process works and that the result will be the protection of the environment. As Chair of the Council, Ms. Steiner sees her role as keeping the volunteers involved and enthusiastic and getting the committees up and running. Ms. Steiner also plans to update the Council's website.

Ms. Steiner's interpersonal skills, background in community advocacy and outreach, prior experience on the Council, and knowledge of environmental issues make her a tremendous asset to the Council and will contribute greatly to its functioning smoothly.

Your Committee received testimony in support of the nomination of Marjorie F. Y. Ziegler from Gary Hooser, Office of Environmental Quality Control; Lea Hong, The Trust for Public Land; Joan Lander, Na Maka O Ka 'Aina; The Nature Conservancy; Margaret Primacio, Kahuku Plantation Residents Association; Donna Wong, Hawaii's Thousand Friends; Robert Harris, Sierra Club, Hawai'i Chapter; George Massengale, Hawaii Audoban Society; Arvid Youngquist, I Love Kalihi Valley; Cynthia K.L. Rezentes; Robin Kaye; Manu Boyd; Dave Raney; Mary Ikagawa; Randy Ching; Jo-Ann M. Adams; Kevin Chang; Evan Tector; Leland Miyano; Jay Nelson; Les Welsh; Elizabeth Kashinsky; Penny Levin; William Devick; Patrick Conant; Deborah Ward; Jonathan Likeke Scheuer; Betsy Harrison Gagne; Tanya Rubenstein; Annette Kaohelaulii; Robert Kinslow; Louis Erteschik; Marion Poirier; Sally Kaye; Emma Kaimiola Yuen; David Henkin; David Duffy; Doug Lamerson; Rachel Neville; Keith Swindle; Richard Poirier; Alyssa Miller; Casey Leigh; Mele Coleman; Wayne Tanaka; Maile N. Sakamoto; Julie Leialoha; and William J. Aila, Jr.

Ms. Ziegler received her Bachelor of Arts degree with Highest Honors in Geography from the University of Hawaii at Manoa and completed two additional years of coursework in the University of Hawaii at Manoa's Master's program in Geography. She has worked for KAHEA: The Hawaiian-Environmental Alliance and the Sierra Club Legal Defense Fund (now known as Earthjustice), as well as a variety of environmental programs for the State and others.

Ms. Ziegler is currently the Executive Director of the Conservation Council for Hawai'i and has been working on environmental issues in Hawaii for twenty-five years. She has participated in two comprehensive reviews of chapter 343, Hawaii Revised Statutes, Hawaii's environmental impact statement law, and has a grassroots network of hundreds of colleagues, community leaders, and agency representatives who actively promote environmental protection and sound policy in Hawaii.

In her response to your Committee's inquiries regarding the Council and what her role would be, Ms. Ziegler stated that she would bring a "community-activist perspective" to the Council. When questioned further as to how she may be able to balance this perspective, Ms. Ziegler clarified that her perspective is not one that is contrary to business, but rather one that does not take time and staffing for granted and understands that many people need time to properly respond in certain situations, particularly on the neighbor islands. One testifier stated that Ms. Ziegler is able to balance her "intense love" for the environment with integrity, a reasonable thought process, and an ability to see the larger picture.

Ms. Ziegler's passion and large community network will facilitate one of the Council's key roles of public outreach and education. Her experience in many aspects of the environmental review process assures the accuracy of such outreach and makes her an excellent choice for the Environmental Council.

Your Committee received testimony in support of the nomination of Malia Akutagawa from Gary Hooser, Office of Environmental Quality Control; Penny Levin; and Denise Antolini.

Malia Akutagawa earned Bachelor's degrees in Biology and Philosophy from Whitworth University in Spokane, Washington. She received her Juris Doctorate and an Environmental Law Program Certificate from the William S. Richardson School of Law at the University of Hawaii at Manoa and was admitted to the Hawaii State Bar in 1998. She has also received a certificate from the Oceanic Institute focusing on marine finfish hatcheries, live larval feeds culture, nursery and grow-out, and broodstock management as well as a number of certificates in permaculture design. Her extensive list of employment with and participation in organizations that deal with environmental and cultural issues includes work as an attorney for the Native Hawaiian Legal Corporation and as a marine behavioral ecologist for the Kaho'olawe Island Reserve Commission. She has also been a member of countless boards and community organizations.

Ms. Akutagawa is currently the Director of the Molokai Rural Development Project for Maui Community College and Research Corporation of the University of Hawaii. She is also active as the President and founder of Sust 'aina ble Molokai which places her at the forefront of addressing relevant community concerns and issues.

Ms. Akutagawa stated in her testimony to your Committee that her interest in serving on the Environmental Council stems from positive experiences she has had interacting with the Council's leadership and the Office of Environmental Quality Control (OEQC) while at the University of Hawaii at Manoa. It was there that she began reviewing environmental documents in earnest and the Council and OEQC were part of what she thought of as a caring community to which she was able to contribute. Ms. Akutagawa sees her role on the Council as upholding the environmental laws of the State and providing her knowledge and skills base in the law to engage the other members in ways that will care for Hawaii's environment, resources, and people.

Ms. Akutagawa will bring an important neighbor island perspective to the Council in addition to her legal experience in the field of environmental review. She will undoubtedly be an asset to the Council.

Your Committee received testimony in support of the nomination of Shannon D. Mears from Gary Hooser, Office of Environmental Quality Control; Dorothy Mears; James Williston; Maria Lebron; David Brustein; Andrew Odell; Alicia Duffin; John Morsey; Denise Antolini; and Jacy Youn.

Mr. Mears received his Bachelor's degree from Brigham Young University-Hawaii and his Juris Doctorate from the William S. Richardson School of Law at the University of Hawaii at Manoa. He is currently a research attorney for the Legislative Reference Bureau. Mr. Mears has a wide variety of legal experience including work for private law firms, judges, and law professors.

In his testimony to your Committee, Mr. Mears stated that the job of the Council is to act as a liaison between the public and the Director of the OEQC, provide the Director with recommendations to promote economic development in an environmentally responsible manner, and monitor the proper implementation of the State's environmental laws, rules, regulations, and policies. When asked by your Committee about his statement that economic development and environmental protection are not in conflict, Mr. Mears replied by quoting an earlier nominee who stated that, in Hawaii, our environment is the economy.

Mr. Mears will bring a sharp legal mind, impartiality, and a strong work ethic to the Environmental Council.

Your Committee received testimony in support of the nomination of Iris Terashima from Gary Hooser, Office of Environmental Quality Control; B.J. Leithead Todd, County of Hawaii Planning Department; and Todd C. Barnes.

Ms. Terashima holds a Bachelor of Science degree in chemical engineering, a Master of Science degree in information systems, and a Master of Business Administration degree. Ms. Terashima was formerly employed with the engineering and construction firm URS Corporation where she was tasked with developing the Environmental Management System for Pacific Air Forces of the United States Air Force. She has assisted the City and County of Honolulu Public Transit Authority with policy development and implementation of their Environmental Compliance Program. She also worked on the development of environmental programs for state-owned airports in the City and County of Honolulu and Hawaii and Kauai Counties for the State's Department of Transportation Airports Division.

Currently Ms. Terashima owns and operates I Terashima Environmental Services, providing environmental management services, and continues her relationship with Pacific Air Forces.

When asked by your Committee about her prospective role on the Environmental Council she responded that that she would be a contributing member of the team that serves as the liaison between the Director of the OEQC and the public and aptly described the Council's other primary duties regarding the environmental review process, updating the State's environmental rules, and the compiling of an annual report.

Ms. Terashima's background as an engineer in the private sector has provided her with significant experience in identifying potential environmental issues, complying with environmental laws, and addressing public and community concerns. She will bring a professional perspective to the Council that is well-balanced with the experience of working with a variety of stakeholders of differing opinions.

As affirmed by the records of votes of the members of your Committee on Energy and Environment that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Record of votes for Gov. Msg. Nos. 547, 548, 550, 573, 609, and 610:

Ayes, 3. Noes, none. Excused, 2 (English, Ihara).

Signed by the Chair on behalf of the Committee.  
 Record of votes for Gov. Msg. No. 638:  
 Ayes, 3. Noes, none. Excused, 2 (Green, Slom).

**SCRep. 1277 Energy and Environment on Gov. Msg. No. 549**

Recommending that the Senate advise and consent to the nominations of the following:

ENVIRONMENTAL COUNCIL

G.M. No. 549 CHARLES A. PRENTISS, for a term to expire 6-30-2015.

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Charles A. Prentiss to possess the requisite qualifications to be nominated to the Environmental Council.

Your Committee received testimony in support of the nomination of Charles A. Prentiss from Gary Hooser, Office of Environmental Quality Control; Donna Wong, Hawaii's Thousand Friends; Robert Harris, Sierra Club, Hawai'i Chapter; Tom Coffman; Steve Holmes; Bixby K.G. Ho; Neil Frazer; Kathleen Kim; Claudine Tomasa; Mary Alice Evans; Lynne Matusow; Pauline Mac Neil; Marion Poirier; Louis Erteschik; Muriel Seto; Charles Torigoe; Richard Poirier; Glenn Ida; Charles Ice; and Dante Carpenter. Your Committee received testimony in opposition to the nomination of Charles A. Prentiss from Shannon Wood.

Dr. Prentiss received his Bachelor of Arts degree in Economics and City Planning from Rutgers University. He earned a Master of Government Administration degree from the Fels Institute of Government at the University of Pennsylvania and a Doctor of Philosophy degree in Business Management from the American International University. Dr. Prentiss is a Vietnam veteran who has served as a pilot in the United States Air Force, the Hawaii Air National Guard, and the Hawaii Army National Guard. His past employment includes being an Adjunct Lecturer at Chaminade University, a Regional Planner for the Department of Community Services of the State of New Jersey, the City Manager for Pemberton Township, New Jersey, the Executive Secretary of the Planning Commission for the City and County of Honolulu, and twenty years as an Urban Planner for the City and County of Honolulu. He also formerly served on the Environmental Council.

Although Dr. Prentiss describes his current employment status as "retired", he continues to volunteer as an Oahu at-large member of the State Central Committee of the Democratic Party of Hawaii and as the Chair of the Rules Committee and Treasurer of Region 9 of the Oahu County Committee of the Democratic Party of Hawaii. He is also the President of Hawaii's Thousand Friends and Chair of the Kailua Neighborhood Board.

Dr. Prentiss has expressed that his main interests are in planning, environmental protection, and alternative energy. In response to your Committee's question regarding his position on development, Dr. Prentiss responded that he is not against development and that there is enough land to accommodate the projected population. Dr. Prentiss states that he strongly supports the environmental review process and would like to help assure that it is implemented fairly, effectively, and efficiently. He also pointed out that Hawaii's environment is its economy.

Dr. Prentiss' possesses advanced degrees and extensive experience in government and city planning, institutional knowledge and experience in Hawaii government regulations, and a variety of experience in community volunteer work with neighborhood boards and environmental groups. This experience combined with his former membership in the Council gives him a background and knowledge base that will be invaluable in assisting the Council as it fulfills its duties to the people of Hawaii.

As affirmed by the record of votes of the members of your Committee on Energy and Environment that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
 Ayes, 3. Noes, none. Excused, 2 (English, Ihara).

**SCRep. 1278 (Joint) Energy and Environment and Public Safety, Government Operations, and Military Affairs on S.C.R. No. 12**

The purpose and intent of this measure is to encourage conservation of the State's water resources through the implementation of best management practices in water use for outdoor landscaping and irrigation.

Your Committees received testimony in support of this measure from William Aila, Jr., Department of Land and Natural Resources; Department of Transportation; Milton D. Pavao, Department of Water Supply, County of Hawaii; Wayne Hashiro, Board of Water Supply, City and County of Honolulu; Chris Dacus, Landscape Industry Council of Hawaii; The Nature Conservancy; Rick Barboza, Hui Ku Maoli Ola; Bruce Guard, ISI Hawaii Water Solutions; Allan and Pamela Schildknecht; Boyd Ready; Josephine Hoh; Matt Lyum; and Jennifer Lucien.

Your Committees find that about fifty percent of household water consumption is for outdoor irrigation and that roughly fifty percent of that water is wasted. Maintaining and installing efficient irrigation systems are effective means of conserving water for drinking, reducing run-off, and optimizing the health of the plants and citizens of the State. Your Committees also find that encouraging best management practices for outdoor landscape water use is consistent with the water conservation goals and objectives of the Department of Land and Natural Resources Commission on Water Resource Management and the State Water Code, chapter 174C, Hawaii Revised Statutes. Your Committees further find that the use of best management practices for outdoor landscaping and irrigation will not only conserve the State's precious water supply but also yield financial savings to those who use these practices, including state agencies, thereby conserving the agencies' budgets and the overall budget of the State.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Energy and Environment and Public Safety, Government Operations, and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 12, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 12, S.D. 1.

Signed by the Chairs on behalf of the Committees.  
Ayes, 6. Noes, none. Excused, 3 (Baker, Green, Slom).

**SCRep. 1279 (Joint) Human Services and Ways and Means on S.C.R. No. 44**

The purpose and intent of this measure is to encourage further implementation of Housing First programs and services.

Your Committees received testimony in support of this measure from Catholic Charities Hawai'i and two individuals.

Your Committees find that individuals who find themselves homeless often endure the homelessness over a long period of time which results in significant costs to the public. Your Committees further find that the Housing First model can be an effective way to assist homeless individuals obtain permanent housing and provide services needed for a successful transition off the streets. Your Committees also find that implementation of Housing First programs and services can be a key strategy in ending chronic homelessness among vulnerable individuals in Hawaii.

Your Committees have amended this measure by:

- (1) Adding certain public officials to the list of recipients of certified copies of this measure;
- (2) Adding certain state and county agencies and private entities to the list of recipients of copies of this measure; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Human Services and Ways and Means that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 44, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 44, S.D. 1.

Signed by the Chairs on behalf of the Committees.  
Ayes, 10. Noes, none. Excused, 6 (Dela Cruz, English, Espero, Green, Kim, Wakai).

**SCRep. 1280 Judiciary and Labor on S.C.R. No. 55**

The purpose and intent of this measure is to support legislation that redesignates the second Monday in October as Indigenous Peoples Day.

Your Committee received testimony in support of this measure from Le Aupuni O Hawaii, HPACH, and twenty-two individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that this measure is based on the Declaration of the Rights of Indigenous Peoples, which was adopted on September 13, 2007, by the United Nations General Assembly. The Declaration sets out the individual and collective rights of the world's 370 million native peoples, calls for the maintenance and strengthening of their cultural identities, and emphasizes their right to pursue development in keeping with their own needs and aspirations.

Your Committee believes that the use of the name Discoverers' Day to recognize the first arrival of non-Polynesians to Hawaii is problematic because of the inhumane nature of the concept of discovery as applied to humans as opposed to things. Since 1992, an increasing number of American states, cities, local governments, and institutions have renamed or abolished Columbus Day. Indigenous Peoples Day and Native American Day are two of the most prominent names now used to recognize the day.

Your Committee has amended this measure by:

- (1) Amending its title for accuracy; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 55, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 55, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1281 Judiciary and Labor on S.R. No. 29**

The purpose and intent of this measure is to support legislation that redesignates the second Monday in October as Indigenous Peoples Day.

Your Committee received testimony in support of this measure from Le Aupuni O Hawaii, HPACH, and twenty-two individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that this measure is based on the Declaration of the Rights of Indigenous Peoples, which was adopted on September 13, 2007, by the United Nations General Assembly. The Declaration sets out the individual and collective rights of the world's 370 million native peoples, calls for the maintenance and strengthening of their cultural identities, and emphasizes their right to pursue development in keeping with their own needs and aspirations.

Your Committee believes that the use of the name Discoverers' Day to recognize the first arrival of non-Polynesians to Hawaii is problematic because of the inhumane nature of the concept of discovery as applied to humans as opposed to things. Since 1992, an

increasing number of American states, cities, local governments, and institutions have renamed or abolished Columbus Day. Indigenous Peoples Day and Native American Day are two of the most prominent names now used to recognize the day.

Your Committee has amended this measure by:

- (1) Amending its title for accuracy; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 29, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 29, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1282 Judiciary and Labor on S.C.R. No. 2**

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a non-exclusive easement, covering a portion of state submerged lands identified as tax map key number (2) 4-6-3, seaward of parcel 5, for purposes of renovation and construction of a seawall.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and eight individuals.

Your Committee finds that a seawall straddles the seaward boundary of the private property identified as tax map key number (2) 4-6-3:5 and submerged public land, which is state-owned and identified by tax map key number (2) 4-6-3, seaward of parcel 5. The owner of the private property has expressed concerns that the seawall requires maintenance and reconstruction, and has expressed a wish to obtain an easement for that portion of land necessary to obtain a permit for maintenance and reconstruction.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 2, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1283 Ways and Means on S.C.R. No. 53**

The purpose and intent of this measure is to urge the federal government to provide the State with additional resources to assist migrants from the Compact of Free Association nations.

Specifically, the measure seeks to better serve Hawaii's migrant population from the Compact of Free Association nations and offset the costs of providing social and health services to migrants by strongly urging the United States Department of the Interior and the United States Congress to:

- (1) Increase federal aid to the State for the provision of various services to migrants from the Compact of Free Association nations;
- (2) Help offset costs incurred by the State by reviewing the funding of the Compact Impact Assistance Grant and making efforts to increase the amount of direct assistance available to the State;
- (3) Support federal legislation to amend the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 to render Compact of Free Association migrants eligible for federally funded financial and medical assistance;
- (4) Provide dialysis and chemotherapy centers in Micronesia and all areas within the Compact of Free Association nations; and
- (5) Identify and secure other forms of direct assistance, including grants and federal programs, for the State of Hawaii and for migrants from the Compact of Free Association nations living in the United States.

Your Committee received comments in support of this measure from Patricia McManaman, Director, Department of Human Services; Mila Kaahanui, Executive Director, Office of Community Services, Department of Labor and Industrial Relations; Hardy Spoehr, Executive Director, Papa Ola Lokahi (Native Hawaiian Health Board); Healthcare Association of Hawaii; Sr. Earnest Chung; and Alika Campbell.

Your Committee finds that Hawaii recognizes the unique relationship between the United States and the Compact of Free Association nations. Under the Compact, a federal agreement, the people of the Federated States of Micronesia, the Republic of the Marshall Islands, and the Republic of Palau are allowed to freely enter the State of Hawaii. Due to its proximity to the Compact of Free Association nations, Hawaii has experienced a significant economic burden not shared by other states. The cost of providing health and social services to these migrants increases annually and is straining the state budget.

Your Committee further finds that the federal government must address the issue of additional support for Hawaii if the State is to continue providing services to persons who enter Hawaii under the Compact of Free Association.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 53, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 4 (English, Espero, Kim, Tokuda).

**SCRep. 1284 Ways and Means on S.R. No. 27**

The purpose and intent of this measure is to urge the federal government to provide the State with additional resources to assist migrants from the Compact of Free Association nations.

Specifically, the measure seeks to better serve Hawaii's migrant population from the Compact of Free Association nations and offset the costs of providing social and health services to migrants by strongly urging the United States Department of the Interior and the United States Congress to:

- (1) Increase federal aid to the State for the provision of various services to migrants from the Compact of Free Association nations;
- (2) Help offset costs incurred by the State by reviewing the funding of the Compact Impact Assistance Grant and making efforts to increase the amount of direct assistance available to the State;
- (3) Support federal legislation to amend the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 to render Compact of Free Association migrants eligible for federally funded financial and medical assistance;
- (4) Provide dialysis and chemotherapy centers in Micronesia and all areas within the Compact of Free Association nations; and
- (5) Identify and secure other forms of direct assistance, including grants and federal programs, for the State of Hawaii and for migrants from the Compact of Free Association nations living in the United States.

Your Committee received comments in support of this measure from Patricia McManaman, Director, Department of Human Services; Mila Kaahanui, Executive Director, Office of Community Services, Department of Labor and Industrial Relations; Hardy Spoehr, Executive Director, Papa Ola Lokahi (Native Hawaiian Health Board); Healthcare Association of Hawaii; Sr. Earnest Chung; and Alike Campbell.

Your Committee finds that Hawaii recognizes the unique relationship between the United States and the Compact of Free Association nations. Under the Compact, a federal agreement, the people of the Federated States of Micronesia, the Republic of the Marshall Islands, and the Republic of Palau are allowed to freely enter the State of Hawaii. Due to its proximity to the Compact of Free Association nations, Hawaii has experienced a significant economic burden not shared by other states. The cost of providing health and social services to these migrants increases annually and is straining the state budget.

Your Committee further finds that the federal government must address the issue of additional support for Hawaii if the State is to continue providing services to persons who enter Hawaii under the Compact of Free Association.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 27, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 4 (English, Espero, Kim, Tokuda).

**SCRep. 1285 Ways and Means on S.C.R. No. 130**

The purpose and intent of this measure is to request the Department of Education to establish a working group to explore the feasibility of relocating the Department's Office of School Facilities and Support Services from the property located on Young Street, adjacent to the Honolulu Academy of Arts' Academy Art Center, and repurposing the space as an art resource center for teachers.

Your Committee received comments in support of this measure from Duane Preble, Art Professor Emeritus, University of Hawaii at Manoa.

Your Committee finds that the Department of Education needs to consider and reevaluate its methods for teaching fine arts in order to meet national standards. The Department of Education does not have a central facility offering teachers professional training and development in the arts.

The Department would, however, have adequate space to provide professional training and development were it to convert the property located on Young Street, adjacent to the Academy Art Center, which is currently being used by the Department's Office of School Facilities and Support Services. This action would permit the Department of Education to establish a dedicated training and learning center that would benefit from the expertise of the neighboring Honolulu Academy of Arts, thus greatly enhancing the Department's ability to develop and train its fine art teachers.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 130, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 4 (English, Espero, Fukunaga, Kim).

**SCRep. 1286 Ways and Means on S.C.R. No. 111**

The purpose and intent of this measure is to request the Auditor to conduct a sunrise review of the regulation of large-scale dog breeders and dog breeding facilities, as proposed under S.B. No. 1522, S.D. 2, H.D. 1 (2011), including an assessment of alternative forms of regulation.

Your Committee received written comments in support of this measure from Jo Ann Uchida, Regulated Industries Complaints Office, Department of Commerce and Consumer Affairs; Celia Suzuki, Licensing Administrator of the Professional and Vocational Licensing Division, Department of Commerce and Consumer Affairs; and Pamela Burns, President and CEO, Hawaiian Humane Society.

Your Committee finds that S.B. No. 1522, S.D. 2, H.D. 1 (2011), proposes to regulate large-scale dog breeders and dog breeding facilities, which are presently unregulated. Section 26H-6, Hawaii Revised Statutes, requires the Auditor to review proposals to regulate professions, vocations, or occupations that are currently unregulated to determine the probable effects of such regulation and to assess alternative forms of regulation. This measure conforms to the procedural requirements required by law.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 111, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 4 (English, Espero, Fukunaga, Kim).

**SCRep. 1287 (Majority Ways and Means on S.C.R. No. 3)**

The purpose and intent of this measure is to request the Auditor to assess the social and financial impacts of mandating health insurance coverage for hearing aids under hospital and medical service plan contracts, medical service corporation contracts, and health maintenance organization plans.

Your Committee received no comments on this measure.

Your Committee finds that hearing aids are costly and most health insurers do not provide coverage for them. Accordingly, mandated insurance coverage would make hearing aids more affordable to individuals who are deaf or hard of hearing.

This measure requests the Auditor to assess the social and financial effects of mandatory health insurance coverage for hearing aids as proposed under S.B. No. 894, S.D. 1 (2011), pursuant to the procedural requirements under sections 23-51 and 23-52, Hawaii Revised Statutes, for legislation proposing mandatory health insurance coverage.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 3, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, 1 (Slom). Excused, 4 (English, Espero, Fukunaga, Kim).

**SCRep. 1288 (Majority Ways and Means on S.C.R. No. 23)**

The purpose and intent of this measure is to request that the Auditor conduct an assessment of the social and financial impacts of mandating health insurance coverage for physical therapy that is prescribed by a board-certified surgeon to treat chronic pain.

Your Committee received comments on this measure from James Hewson, member, Hawaii Chapter, American Physical Therapy Association.

This measure requests the Auditor to assess the social and financial effects of requiring health coverage for physical therapy for chronic pain when prescribed by a board-certified surgeon as proposed under S.B. No. 679 (2011), pursuant to the procedural requirements under sections 23-51 and 23-52, Hawaii Revised Statutes, for legislation proposing mandatory health insurance coverage.

Your Committee finds that patients in this State who suffer chronic pain, have recurring injuries, or have more than one injury that requires physical therapy within a calendar year are currently limited to eight sessions of physical therapy covered by health care insurance per year. Your Committee further finds that requiring health insurers to provide coverage for physical therapy that is prescribed by a board-certified surgeon for chronic pain will substantially reduce illness and assist in the maintenance of good health for the people of this State.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 23, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, 1 (Slom). Excused, 4 (English, Espero, Fukunaga, Kim).

**SCRep. 1289 Ways and Means on S.C.R. No. 158**

The purpose and intent of this measure is to help ensure the proper use of state funds designated for public school facilities by requesting the Auditor to conduct a fiscal and compliance audit of the state educational facilities improvement special fund.

Your Committee finds that a portion of all general excise tax revenues is deposited into the state educational facilities improvement special fund for public school facilities and to provide equipment and technology infrastructure to improve public schools and other Department of Education facilities. Pursuant to section 36-32, Hawaii Revised Statutes, expenditures from the special fund are limited to projects authorized by the Legislature and subject to certain restrictions under state law. Your Committee further finds that an audit of the special fund will help evaluate the management of the special fund and determine whether its uses comply with applicable laws.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 158 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 4 (English, Espero, Fukunaga, Kim).

**SCRep. 1290 (Majority Ways and Means on S.C.R. No. 10)**

The purpose and intent of this measure is to request the Auditor to conduct an impact assessment report on legislation mandating health insurance coverage for palliative care.

Your Committee received comments in support of this measure from Ann Frost, President, Hawaii Chapter, American Physical Therapy Association.

Your Committee finds that palliative care is specialized medical care that focuses on the relief or management of pain, stress, and other debilitating symptoms of serious or chronic disease. Mandatory insurance coverage for palliative care would eliminate financial barriers to these treatments and encourage the inclusion of palliative care in mainstream health care practices.

This measure requests the Auditor to assess the social and financial effects of requiring health insurance coverage for palliative care as proposed under S.B. No. 941 (2011), pursuant to the procedural requirements under sections 23-51 and 23-52, Hawaii Revised Statutes, for legislation proposing mandatory health insurance coverage.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 10, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 9. Noes, 1 (Slom). Excused, 4 (English, Espero, Kim, Tokuda).

**SCRep. 1291 Ways and Means on S.C.R. No. 11**

The purpose and intent of this measure is to extend the deadline for the Home for Life Task Force to report its findings and recommendations for reducing barriers to aging in place and facilitating multigenerational living.

Your Committee finds that on the recommendation of the Joint Legislative Committee on Aging in Place, the Home for Life Task Force was established, pursuant to S.C.R. No. 7, S.D. 1 (2009), to coordinate research and action to reduce barriers to aging in place and to facilitate multigenerational or accessible living. However, a delay in the appointment of six members of the task force caused the task force to convene its first meeting significantly later than anticipated. Your Committee further finds that the task force has diligently met six times since beginning its work, but it continues to work on unresolved issues due to the initial delay. The current deadline for the task force to report its findings and recommendations to the Legislature is twenty days prior to the convening of the Regular Session of 2011. Your Committee further finds that an extension of the reporting deadline is necessary for the task force to fulfill its mission.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 11, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 4 (English, Espero, Fukunaga, Kim).

**SCRep. 1292 (Majority) Ways and Means on S.C.R. No. 8**

The purpose and intent of this measure is to request the Auditor to assess the social and financial effects of requiring health insurers to provide coverage for naturopathic medicine.

Your Committee received comments in support of this measure from Michael Traub, Legislative Committee Chairperson, Hawaii Society of Naturopathic Physicians; David Kern, Medical Director of Grace Health Clinics and President of Hawaii Society of Naturopathic Physicians; Dr. Sarah Strong, ND, Hilo Natural Health Clinic; Darrow Hand; Ian Cholewa; K McGlone; Allison Bachlet; and Miles Greenberg.

This measure requests the Auditor to assess the social and financial effects of requiring health coverage for naturopathic medicine as proposed under S.B. No. 122, S.D. 2 (2011), pursuant to the procedural requirements under sections 23-51 and 23-52, Hawaii Revised Statutes, for legislation proposing mandatory health insurance coverage.

Your Committee finds that naturopathic medicine is an effective alternative health care system that uses a wide range of approaches such as nutrition, herbs, manipulation of the body, exercise, stress reduction, and acupuncture. In Hawaii, naturopathic medicine is a mandatory reimbursable expense under workers' compensation insurance and a personal injury benefit under automobile insurance policies. However, health insurance policies in Hawaii are not required to cover naturopathic medicine. This measure complies with state law that requires the social and financial effects of such a requirement to be assessed prior to mandating health insurance coverage for naturopathic care.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 8, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 9. Noes, 1 (Slom). Excused, 4 (English, Espero, Fukunaga, Kim).

**SCRep. 1293 Ways and Means on S.C.R. No. 159**

The purpose and intent of this measure is to urge the Department of Hawaiian Home Lands to release pastoral and agricultural leases to its beneficiaries and to report to the Legislature statistical data related to implementation of Article XII, Section 1 of the Hawaii Constitution.

Your Committee finds that pastoral and agricultural leases are important, valuable, and viable uses of Hawaiian home lands. Your Committee further finds that providing greater access to ancestral lands is one way to improve the condition of native Hawaiians.

Your Committee has amended this measure by:

- (1) Adding language that references the court order in *Lum v. Hawaiian Homes Commission*, Civil No. 09-1-2332-10 (1st Cir. Ct. Haw., Oct. 10, 2010), which ordered the Hawaiian Homes Commission to adopt rules pursuant to chapter 91, Hawaii Revised Statutes, before awarding any further pastoral homestead lands; and
- (2) Requesting the Department of Hawaiian Home Lands to take immediate action to comply with the court order in *Lum v. Hawaiian Homes Commission*.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 159, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 159, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 4 (English, Espero, Kim, Tokuda).

**SCRep. 1294 Ways and Means on S.C.R. No. 124**

The purpose and intent of this measure is to urge the Director of Health to convene a task force with each county to develop a community benefits package for neighborhoods located closest to landfills. As part of the community benefits packages, the task forces are requested to consider reduction or elimination of property taxes for homeowners nearest to the landfills and user fees to support community health centers near the landfills.

Your Committee received comments in opposition to this measure from the Department of Environmental Services, City and County of Honolulu.

Your Committee received comments on this measure from The Resort Group; and Gary M. Slovin, PVT Land Company.

Your Committee finds that landfills in the State may disproportionately and adversely affect persons who live in close proximity to a landfill and that community benefits packages should be developed for residents of these neighborhoods to offset the negative effects.

Your Committee has amended this measure by:

- (1) Clarifying that residents of neighborhoods located closest to landfills may deserve special consideration in the name of environmental justice; and
- (2) Specifying a specific amount for the user fees and tipping fees that the task forces are requested to support as funding mechanisms for community health centers located closest to landfills.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 124, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 124, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 4 (English, Espero, Kim, Tokuda).

**SCRep. 1295 (Majority) Ways and Means on S.C.R. No. 155**

The purpose and intent of this measure is to request that the Department of Business, Economic Development, and Tourism, with the assistance of the Legislative Reference Bureau, conduct a study on the feasibility of implementing a Powerball state lottery, Mega Millions lottery, or both, in the State.

Your Committee received comments on this measure from Charlotte Carter-Yamauchi, Acting Director, Legislative Reference Bureau.

Your Committee finds that Hawaii is presently suffering from a severe economic downturn resulting in drastically declining revenues, particularly in light of the earthquake and tsunami disaster in Japan and its projected effects on tourism. Alternative means of generating revenue, in addition to taxes, should be considered to address the current economic crisis. Accordingly, your Committee further finds that a study on the feasibility of implementing a state lottery is appropriate.

Your Committee has amended this measure by clarifying that the Legislative Reference Bureau's role under this measure is to assist the Department of Business, Economic Development, and Tourism in the drafting of proposed legislation.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 155, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 155, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, 2 (Chun Oakland, Slom). Excused, 4 (English, Espero, Kim, Tokuda).

**SCRep. 1296 Ways and Means on S.C.R. No. 28**

The purpose and intent of this measure is to request the Auditor to study the social and financial effects of mandating health insurance coverage for the use of hospital bed monitoring technology.

Your Committee received comments on this measure from Howard S. Garval, President and CEO, Child and Family Services; and Lisa Maruyama, President and CEO, Hawaii Alliance of Nonprofit Organizations.

Your Committee has amended this measure by deleting its contents and title and replacing it with language from S.B. No. 777, S.D. 1. As amended, this measure requests the Comptroller to establish a prompt payment task force to examine and resolve issues that prevent state agencies from making prompt payment for goods and services purchased through nonprofit organizations that deliver pivotal goods and services to individuals, families, and communities.

Your Committee finds that many nonprofit organizations that provide goods and services on behalf of the State to individuals, families, and communities often do not receive prompt payment from the State for those goods and services. In the last two years, many nonprofit organizations have in fact experienced significant delays in payments from the State. These organizations have had to access their lines of credit or reduce their cash reserves in order to cover their cash flow needs for day-to-day operations. In addition, late payments negatively impact the ability of such nonprofit organizations to fulfill their missions to benefit the community.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 28, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 28, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 4 (English, Espero, Kim, Tokuda).

**SCRep. 1297 Ways and Means on S.C.R. No. 26**

The purpose and intent of this measure is to request the Executive Office on Aging to convene a Hawaii State Fall Prevention and Early Detection Task Force to develop a statewide approach to reducing falls among older adults.

Your Committee received comments on this measure from Charlotte A. Carter-Yamauchi, Acting Director, Legislative Reference Bureau.

Your Committee finds that the development of a statewide approach for addressing falls among older adults will not only prevent falls, but will expedite treatment, minimize long-term consequences, mitigate suffering, and reduce the extent of injuries.

Your Committee has amended this measure by requesting the task force to submit its drafting request to the Legislative Reference Bureau by November 1, 2012, rather than an unspecified date in the month of November 2012.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 26, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 26, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 4 (English, Espero, Fukunaga, Kim).

**SCRep. 1298 Judiciary and Labor on S.C.R. No. 113**

The purpose and intent of this measure is to request that the Hawaii Supreme Court Standing Committee on the Rules of Evidence conduct a study on the implementation of the Hawaii Uniform Collaborative Law Act.

Your Committee received testimony in support of this measure from the Commission to Promote Uniform Legislation. Your Committee received comments on this measure from the Judiciary.

Your Committee finds that collaborative law is a form of alternative dispute resolution. Specifically, collaborative law is a voluntary process in which the lawyers and their clients agree that the lawyers will represent their clients solely for the purposes of settlements and that the clients will hire new counsel if the dispute is not settled. Your Committee understands that House Bill No. 626 (2011) was heard by the House Committee on Judiciary, which deferred the bill in response to a request from the Judiciary so that the measure could be reviewed by the Hawaii Supreme Court Standing Committee on the Rules of Evidence. This measure represents the Legislature's request for this review to occur.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 113, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 113, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1299 Judiciary and Labor on S.C.R. No. 73**

The purpose and intent of this measure is to request the Governor to ensure that the Chief Procurement Officers comply with the Hawaii Public Procurement Code preferences for Hawaii products to promote growth of the State's agriculture industry and thereby assure food security for Hawaii's citizens.

Your Committee received testimony in support of this measure from The Hawai'i Procurement Institute and one individual. Your Committee received comments on this measure from the Department of Agriculture and The Humane Society of the United States.

Your Committee finds that the Hawaii Public Procurement Code preference for Hawaii products in section 103D-1002, Hawaii Revised Statutes, uses the State's buying power to create market opportunities for Hawaii's local farmers and has the potential to be an economic stimulus for Hawaii's agricultural industry. If more local agricultural products are purchased by state agencies, Hawaii's agricultural industry can expand capacity and produce a greater quantity and wider range of crops and animal products.

Your Committee considered including an amendment suggested by The Humane Society of the United States that would have predicated purchases made by procurement officers from the Hawaii Livestock Cooperative upon assurances that a majority of animals slaughtered there are raised and produced within the State. However, your Committee notes that the proposed amendment does not conform to state law or the purpose of this measure.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 73, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 73, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1300 Judiciary and Labor on S.C.R. No. 149**

The purpose and intent of this measure is to:

- (1) Encourage the Attorney General and various state and county law enforcement officers to adopt new eyewitness identification procedures recommended by the National Institute of Justice to decrease the rate of erroneous eyewitness identifications; and
- (2) Recommend that criminal investigations conducted by state and county law enforcement agencies be in accordance with the newest and best practices available for eyewitness identification.

Your Committee received testimony in support of this measure from the Hawai'i Innocence Project and the Eyewitness Identification Reform Litigation Network, American Civil Liberties Union of Hawai'i, The Drug Policy Forum of Hawai'i, Community Alliance on Prisons, and three individuals. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that while the goal of police investigation in Hawaii is to apprehend the person or persons responsible for committing crime, traditional eyewitness identification procedures may lead to faulty eyewitness identifications. This is problematic because jurors treat a confident eyewitness identification as compelling evidence in civil and criminal trials, even if the identification is impeached based on other factors such as poor visibility or bias. One of the primary reasons that eyewitnesses to crimes have been shown to make mistakes in their recollection of perpetrator identities is the law enforcement procedures used to collect eyewitness evidence. Your Committee finds that by adopting eyewitness identification procedures that are readily available, are easy to implement, and provide more accurate results, the possibility of convicting an innocent person while allowing the true perpetrator to go free may be reduced.

Your Committee notes that the Department of the Attorney General indicated that the Department's Investigations Division already uses many of these procedures, as does the Honolulu Police Department.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 149, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 149, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1301 Public Safety, Government Operations, and Military Affairs on S.C.R. No. 84**

The purpose and intent of this measure is to request the Office of Hawaiian Affairs to convene a task force for the purpose of producing a comprehensive report on strategies and resources needed to reduce recidivism among Native Hawaiians, to be submitted to the Governor and the Legislature prior to the convening of the Regular Session of 2012.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Community Alliance on Prisons, American Civil Liberties Union of Hawai'i, Imi Ke Ola Mau, Association of Hawaiian Civic Clubs, and three individuals. Your Committee received comments on this measure from the Judiciary.

Your Committee finds that due to a number of historic and socioeconomic factors, Native Hawaiians make up a disproportionately high percentage of the inmate population in the state prison system, accounting for thirty-nine percent of the incarcerated population but only twenty-four percent of the overall state population.

Your Committee specifically notes a portion of the testimony submitted by the Office of Hawaiian Affairs on this measure:

"OHA's recent report, 'The Disparate Treatment of Native Hawaiians in the Criminal Justice System,' shows that the Native Hawaiians in the criminal justice system accumulate at each stage from arrest through parole. While Native Hawaiians are arrested at a comparable rate to other populations, Native Hawaiians are more likely to be incarcerated, have longer sentences, and more likely to have their parole revoked."

Native Hawaiians face disparate treatment in the Hawaii criminal justice system in many areas, including prison sentences, probations, and parole revocations. Your Committee believes that reducing the rate of recidivism among Native Hawaiians is a matter of the utmost urgency for our State.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 84, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Baker, Slom).

**SCRep. 1302 Public Safety, Government Operations, and Military Affairs on S.R. No. 18**

The purpose and intent of this measure is to urge the City and County of Honolulu to expend monies set aside in its 2010-2011 Executive Operating Budget and Program to the Department of Planning and Permitting for a study to map and determine Important Agricultural Lands on Oahu.

Your Committee received testimony in support of this measure from one individual.

Act 183, Session Laws of Hawaii 2005, established a process to designate Important Agricultural Lands, and the first stage of this process, which has already commenced, allows farmers and landowners to voluntarily petition the Land Use Commission to designate their lands as Important Agricultural Lands. The second stage of the designation process requires each county to identify lands for potential designation as Important Agricultural Lands and to petition the Land Use Commission to designate these lands as Important Agricultural Lands. This process is scheduled to begin on July 1, 2011.

Your Committee finds that the Executive Operating Budget and Program for the City and County of Honolulu for the 2010-2011 fiscal year sets aside \$500,000 for funding for a study to identify and map potential Important Agricultural Lands on Oahu. As extensive county planning and coordination are necessary to implement laws designed to protect important agricultural lands and support agricultural viability, your Committee encourages timely action by the City and County of Honolulu to continue the process of protecting Important Agricultural Lands.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 18, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Baker, Slom).

**SCRep. 1303 (Joint) Health and Commerce and Consumer Protection on S.C.R. No. 60**

The purpose and intent of this measure is to urge the State of Hawaii to adopt policies that limit the impact of tobacco marketing and advertising on the people of Hawaii in order to reduce the public health consequences of tobacco use by Hawaii's youth and adults.

Your Committees received testimony in support of this measure from the Department of Health, American Cancer Society, Coalition for a Tobacco-Free Hawai'i, University of Hawai'i System, Kokua Kalihi Valley Comprehensive Family Services, and thirty-six private citizens. Your Committees received testimony in opposition to this measure from the Hawaii Smokers Alliance and three private citizens.

Your Committees find that prior efforts to limit tobacco use have not had a sufficient impact on tobacco cessation and there is a need for further efforts to reduce tobacco use by adolescents and adults throughout Hawaii. This measure will encourage the State to further explore tobacco cessation mechanisms to promote healthier, tobacco-free lifestyles throughout Hawaii.

Your Committees have amended this measure by:

- (1) Amending its title for consistency; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Health and Commerce and Consumer Protection that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 60, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 60, S.D. 1.

Signed by the Chairs on behalf of the Committees.  
Ayes, 6. Noes, none. Excused, 4 (Shimabukuro, Solomon, Taniguchi, Slom).

**SCRep. 1304 (Joint) Health and Commerce and Consumer Protection on S.C.R. No. 93**

The purpose and intent of this measure is to discourage and eliminate, whenever possible, the practice of creating and using specialty tiers for prescription drugs in health plans in order to ensure affordable access to health care for Hawaii's citizens.

Your Committees received testimony in support of this measure from The Neuropathy Association, Power of Pain Foundation, Neuropathy Action Foundation, The Myositis Association, The Alliance for BioTherapeutics, National Cornerstone Healthcare Services, American Foundation for Suicide Prevention, National Multiple Sclerosis Society, Immune Deficiency Foundation, HAPA, and two private citizens.

Your Committees find that because health plans across the country have begun to create specialty tiers for certain prescription drugs that require patients to pay either a much higher copayment or a percentage of the cost of the drug instead of a copayment, the high out-of-pocket costs for specialty drugs often preclude patients from complying with the treatment protocols prescribed by their doctors. This measure will help alleviate the financial hardship placed on consumers of specialty drugs.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Health and Commerce and Consumer Protection that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 93, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 93, S.D. 1.

Signed by the Chairs on behalf of the Committees.  
Ayes, 6. Noes, none. Excused, 4 (Shimabukuro, Solomon, Taniguchi, Slom).

**SCRep. 1305 Health on S.C.R. No. 127**

The purpose of this measure is to affirm that:

- (1) The State Health Planning and Development Agency (SHPDA) is subject to Hawaii's Sunshine Law, chapter 92, Hawaii Revised Statutes; and

- (2) The State Health Services and Facilities Plan (Plan) is an agency rule that is subject to chapter 91, Hawaii Revised Statutes, and the preparation of the Health Services and Facilities Plan or any amendments thereto is required to go through the public hearing process in conformance with the requirements of chapters 91 and 92, Hawaii Revised Statutes.

The intent of this measure is to ensure that the formation and conduct of public policy, including the discussions, deliberations, decisions, and actions of government agencies are conducted as openly as possible.

Your Committee received testimony in opposition to this measure from the Department of Health and Kaiser Foundation Health Plan, Inc. Your Committee received comments on this measure from the Office of Information Practices of the Office of the Lieutenant Governor and the State Health Planning and Development Agency.

In light of the issues raised by this measure and testimony submitted on this measure, your Committee finds the need to establish a working group convened by the Chairs of the Senate and House Health Committees during the interim between the 2011 and 2012 Regular Sessions to further examine the issues raised by this measure and to recommend ways to improve the efficiency of SHPDA. Your Committee notes that it is not the intent of this measure, nor any prospective discussions regarding SHPDA's policies and procedures held pursuant to this measure, to intervene in ongoing legal disputes.

Accordingly, your Committee has amended this measure by:

- (1) Deleting language affirming that SHPDA is subject to Hawaii's Sunshine Law and that the Plan is an agency rule subject to chapter 91, Hawaii Revised Statutes, and related findings;
- (2) Adding language requesting the Health Committee Chairs in the Senate and House of Representatives to convene a working group during the interim between the Regular Session of 2011 and the Regular Session of 2012 to evaluate whether:
  - (A) SHPDA is subject to Hawaii's Sunshine Law, chapter 92, Hawaii Revised Statutes;
  - (B) The Plan is an agency rule that is subject to chapter 91, Hawaii Revised Statutes; and
  - (C) Preparation of the Plan or any amendments thereto are required to go through the public hearing process in conformance with chapters 91 and 92, Hawaii Revised Statutes;
- (3) Adding language indicating that nothing in the measure may be used in any legal dispute or judicial proceeding, nor may any of the terms of the measure be applied retroactively from the effective date of the measure; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 127, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 127, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Chun Oakland, Wakai, Slom).

**SCRep. 1306 (Joint) Public Safety, Government Operations, and Military Affairs and Water, Land, and Housing on S.C.R. No. 153**

The purpose and intent of this measure is to request the State Building Code Council to adopt the requirement that automatic fire sprinklers be installed or certified fire-retardant coatings be applied in new one- and two-family residential dwellings constructed throughout the State after January 1, 2012.

Your Committees received testimony in opposition to this measure from the State Fire Council, City and County of Honolulu Department of Planning and Permitting, and Kaua'i Fire Department. Your Committees received comments on this measure from NoFire Technologies, Inc.

Your Committees find that fire sprinklers are a reliable method of protecting residents and homes from the dangers of fire. Although automatic fire sprinklers are a proven life-saving system, they are often expensive to install even in new buildings.

Your Committees further find that fire-retardant coatings that are applied to the interior of dwellings maintain their fire-retardant qualities and effectiveness for many years without further application. Fire-retardant coatings have a cost advantage over fire sprinklers in that they are much cheaper, which could be a major attraction to the homeowner.

Your Committees believe that homeowners should have the option of selecting automatic sprinklers or fire-retardant coatings. A selection of either fire prevention method is far better than nothing to protect the public from a residential fire.

Your Committees have amended this measure by:

- (1) Deleting language requesting the State Building Code Council to adopt requirements relating to automatic fire sprinklers and fire-retardant coatings;
- (2) Requesting that developers and homebuilders consider either the installation of automatic sprinklers or application of certified fire-retardant coatings in newly constructed one- and two-family residential dwellings, depending on the preference of the homeowner; and
- (3) Amending the title of the measure accordingly.

As affirmed by the records of votes of the members of your Committees on Public Safety, Government Operations, and Military Affairs and Water, Land, and Housing that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 153, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 153, S.D. 1.

Signed by the Chairs on behalf of the Committees.  
Ayes, 8. Noes, none. Excused, 2 (Baker, Fukunaga).

**SCRep. 1307 (Majority) Water, Land, and Housing on S.C.R. No. 178**

The purpose and intent of this measure is to establish a Joint Urban Core and Main Street Redevelopment Working Group (Joint Working Group) to discuss mixed use development in the urban core and main streets, ways of constructing density in the urban core to minimize sprawl, and mixed use development regarding transit stations.

Prior to holding a public hearing on this measure, a proposed S.D. 1 was prepared and made available for public review. The proposed S.D. 1 contained language that specifically requests the Chairperson of the Board of Land and Natural Resources to appoint members of the Working Group and specifies additional members to be appointed to the Working Group.

Your Committee received testimony in support of the proposed S.D. 1 from the Hawaii Housing Finance and Development Corporation; Department of Transportation; Office of Planning; City and County of Honolulu Department of Planning and Permitting; Kamehameha Schools; Alexander and Baldwin, Inc.; The Howard Hughes Corporation; Michael Gach; Charles Ice; Neil Frazer; and Marjorie Erway. Your Committee received comments on the proposed S.D. 1 from the Department of Land and Natural Resources; The Chamber of Commerce of Hawaii; Building Industry Association of Hawaii; and Cathleen Pomponio.

Your Committee finds that the purposes of this measure can be better achieved through a working group comprised of additional members representing private sector developers, contractors, architects, and county and state agencies.

In testimony presented to your Committee, the Department of Land and Natural Resources requested that it be allowed to serve as a member of the Working Group rather than serving as the Chair of the Working Group.

Your Committee has amended this measure by adopting the proposed S.D. 1 and further amending the measure by adopting the amendment proposed by the Department of Land and Natural Resources. As amended, this measure:

- (1) Requests the President of the Senate and Speaker of the House of Representatives, rather than the Department of Land and Natural Resources, to form the Joint Working Group;
- (2) Amends the composition of the Joint Working Group to include state, county, and private sector representatives from affected governmental and non-governmental entities;
- (3) Requests that the President of the Senate and Speaker of the House of Representatives jointly select the Chairperson of the Joint Working Group; and
- (4) Makes technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Housing that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 178, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 178, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, 1 (Fukunaga). Excused, none.

**SCRep. 1308 (Majority) Water, Land, and Housing on S.R. No. 59**

The purpose and intent of this measure is to establish an Urban Core and Main Street Redevelopment Working Group (Working Group) to discuss mixed use development in the urban core and main streets, ways of constructing density in the urban core to minimize sprawl, and mixed use development regarding transit stations.

Prior to holding a public hearing on this measure, a proposed S.D. 1 was prepared and made available for public review. The proposed S.D. 1 contained language that specifically requests the Chairperson of the Board of Land and Natural Resources to appoint members of the Working Group and specifies additional members to be appointed to the Working Group.

Your Committee received testimony in support of the proposed S.D. 1 from the Hawaii Housing Finance and Development Corporation; Department of Transportation; Office of Planning; City and County of Honolulu Department of Planning and Permitting; Kamehameha Schools; Alexander and Baldwin, Inc.; The Howard Hughes Corporation; Michael Gach; Charles Ice; Neil Frazer; and Marjorie Erway. Your Committee received comments on the proposed S.D. 1 from the Department of Land and Natural Resources; The Chamber of Commerce of Hawaii; Building Industry Association of Hawaii; and Cathleen Pomponio.

Your Committee finds that the purposes of this measure can be better achieved through a working group comprised of additional members representing private sector developers, contractors, architects, and county and state agencies.

In testimony presented to your Committee, the Department of Land and Natural Resources requested that it be allowed to serve as a member of the Working Group rather than serving as the Chair of the Working Group.

Your Committee has amended this measure by adopting the proposed S.D. 1 and further amending the measure by adopting the amendment proposed by the Department of Land and Natural Resources. As amended, this measure:

- (1) Requests the President of the Senate, rather than the Department of Land and Natural Resources, to form the Working Group;
- (2) Amends the composition of the Working Group to include state, county, and private sector representatives from affected governmental and non-governmental entities;
- (3) Requests that the President of the Senate select the Chairperson of the Working Group; and
- (4) Makes technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Housing that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 59, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 59, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, 1 (Fukunaga). Excused, none.

**SCRep. 1309 Health on Gov. Msg. Nos. 586, 587, and 588**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF CERTIFICATION OF OPERATION PERSONNEL IN WASTEWATER TREATMENT PLANTS

G.M. No. 586 ROGER BABCOCK, for a term to expire 6-30-2015;

G.M. No. 587 AUDREY K. UYEMA PAK, for a term to expire 6-30-2015; and

G.M. No. 588 LOREN S. TANIGAWA, for a term to expire 6-30-2015.

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Roger Babcock, Audrey K. Uyema Pak, and Loren S. Tanigawa to possess the requisite qualifications to be nominated to the Board of Certification of Operation Personnel in Wastewater Treatment Plants ("Board").

Your Committee received testimony in support of the nomination of Mr. Babcock from the Department of Health.

Mr. Babcock's academic and professional experience will bring valuable knowledge to the Board. Mr. Babcock is presently an Associate Professor at the College of Engineering at the University of Hawaii at Manoa and an Associate Researcher at the Water Resources Research Center. He earned a Doctorate of Philosophy in Civil and Environmental Engineering from the University of California, Los Angeles, a Master of Science in Civil Engineering from California Polytechnic State University, and a Bachelor of Science from the University of California, Davis.

Mr. Babcock has an academic and field background in the area of wastewater treatment. In his previous capacity as a Project Engineer in Walnut Creek, California, Mr. Babcock helped select and evaluate design alternatives and materials to be used for the upgrade and expansion of drinking water and wastewater treatment plants. Mr. Babcock also previously served as a Project Manager for a pilot-scale indirect potable reuse wastewater reclamation demonstration and research project. Mr. Babcock is a member of the American Society of Civil Engineers and has written and published numerous studies on water resources and wastewater treatment.

Your Committee received testimony in support of the nomination of Ms. Uyema Pak from the Department of Health.

Ms. Uyema Pak has over fifteen years of experience in the wastewater treatment and environmental engineering field, and her engineering experience makes her well-suited for position on the Board. Ms. Uyema Pak currently works in the Wastewater Branch of the Department of Health as an Environmental Engineer and has served previously in the Technical Services Branch of the City and County of Honolulu's Department of Environmental Services, where she coordinated in-house construction projects, evaluated wastewater equipment, and maintained regulatory documents. Ms. Uyema Pak also has an extensive background in monitoring and compliance work. She served in the Monitoring and Compliance Branch of the City and County of Honolulu's Department of Environmental Services, where she ensured compliance with reporting requirements associated with wastewater and air permits. Currently, Ms. Uyema Pak works within the Environmental Management Division of the Department of Health where she investigates wastewater complaints and monitors and inspects wastewater treatment plants. Ms. Uyema Pak earned Master of Science and Bachelor of Science degrees in Civil Engineering from the University of Hawaii.

Your Committee received testimony in support of the nomination of Mr. Tanigawa from the Department of Health; Department of Public Works, County of Kaua'i; and seven private citizens.

Upon review of the testimony, your Committee finds that Mr. Tanigawa's experience in plant operations make him well-qualified for the position. Mr. Tanigawa began his training as an unlicensed Operator Assistant at the Wailua Wastewater Treatment Plant and quickly advanced to Operator III by passing the requisite statewide operator license examinations. Mr. Tanigawa currently operates and maintains wastewater treatment facilities and is charged with the responsibility of promoting the safe, effective, and efficient use of processes and equipment in order to ensure public health and safety. Mr. Tanigawa understands the importance of consistent plant operations in order to protect water quality and the environment, and he will bring operational knowledge to the Board.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Baker, Shimabukuro, Wakai).

**SCRep. 1310 Health on Gov. Msg. Nos. 649 and 650**

Recommending that the Senate advise and consent to the nominations of the following:

DIRECTOR OF THE STATE HEALTH PLANNING AND DEVELOPMENT AGENCY

G.M. No. 649 ROMALA RADCLIFFE, for a term to expire 6-30-2011; and

G.M. No. 650 ROMALA RADCLIFFE, for a term to expire 6-30-2015.

Your Committee has reviewed the personal history, resume, and statement submitted by Romala Radcliffe and finds that Ms. Radcliffe's background in health care administration make her a well-qualified nominee for the position of Director of the State Health Planning and Development Agency for the term to expire June 30, 2011, and also for the term to expire on June 30, 2015.

Your Committee received testimony in support of the nomination of Romala Radcliffe from the Department of Health, Hawaii Long Term Care Association, and sixteen private citizens.

Ms. Radcliffe has over seventeen years of experience in human service and health care management and is a Hawaii-licensed nursing home administrator. She is an active member of her community and has demonstrated an ability to employ collaborative leadership skills to constructively engage individuals to help solve health care-associated issues. As part of her commitment to helping others, Ms. Radcliffe served as a Legislative Advocate for the American Cancer Society and as a Board member for Women Helping Women. Ms. Radcliffe was also a Public Safety/Fire Commissioner for the County of Maui and served as a Counselor for the Maui Sexual Assault Crisis Center.

Ms. Radcliffe has a Bachelor of Arts degree in Public Administration from the University of Hawaii and a Master of Arts degree with a concentration in Professional Studies from the University of Miami.

In her past employment at the Kahala Nui Hi'olani Care Center, Ms. Radcliffe served as the Center's Administrator. As the Administrator, she was responsible for the supervision of 105 medical professionals and fostered an environment in which residents enjoyed high levels of service while ensuring that sanitation and safety standards were maintained and adhered to at all times. Ms. Radcliffe's professional experience, including her work as Director of Volunteer Services at the University of Miami Hospital and the Sylvester Comprehensive Cancer Center, provides her with the critical foundation needed to understand the issues associated with mandated services and facility planning that she will confront as Director of the State Health Planning and Development Agency.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Nishihara, Wakai, Slom).

#### **SCRep. 1311 Public Safety, Government Operations, and Military Affairs on H.C.R. No. 134**

The purpose and intent of this measure is to encourage all services of the United States military and the United States Coast Guard to convene a working group with local animal shelters and rescue organizations and make resources available to help provide continual care for domestic animals owned by members of the military and Coast Guard who are required to deploy or relocate out of the State.

Your Committee received testimony in support of this measure from the Hawaii Cat Foundation, Oahu Society for the Prevention of Cruelty to Animals, and twelve individuals.

Your Committee finds that most members of the military and Coast Guard who deploy or relocate want to ensure that their pets will be cared for during their absence, and they wish to be reunited with their pets when they return. However, some members of the military and Coast Guard relinquish their pet to a local shelter, or worse, abandon the animal because they have no one available to care for it. With many thousands of members of the military and Coast Guard stationed in Hawaii, the need to provide continual care for pets owned by deploying or relocating service members is magnified. Your Committee finds that this measure begins the process of addressing this issue.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 134, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Baker, Slom).

#### **SCRep. 1312 (Joint) Water, Land, and Housing and Judiciary and Labor on S.R. No. 70**

The purpose and intent of this measure is to request the Attorney General to conduct an investigation relating to the payment of geothermal royalties by Puna Geothermal Venture, among other things, to determine whether geothermal royalties are being administered in a fair, legal, and ethical manner.

Your Committees received testimony in support of this measure from Robert K. Lindsey, Jr., member of the Board of Trustees of the Office of Hawaiian Affairs. Your Committees received testimony in opposition to this measure from the Department of the Attorney General. Your Committees received comments on this measure from the Department of Land and Natural Resources and Lee McIntosh.

Your Committees find that section 182-18, Hawaii Revised Statutes, requires the Board of Land and Natural Resources to "fix the payment of royalties to the State for the utilization of geothermal resources at a rate which will encourage the initial and continued production of such resources." In addition, section 26-18, Hawaii Revised Statutes, requires, among other things, that the Department of Business, Economic Development, and Tourism undertake energy development and management.

Your Committees have amended this measure by:

- (1) Requesting the Auditor to conduct an audit of the State's program of geothermal leasing and royalty payments, rather than requesting the Attorney General to conduct an investigation, and making conforming amendments, including amendments to the title;

- (2) Adding language describing the statutory responsibilities of the Board of Land and Natural Resources and the Department of Business, Economic Development, and Tourism, as they relate to mining of geothermal resources and energy development and management;
- (3) Deleting language related to "avoided cost formula", contracts between Hawaii Electric Light Company, Inc., and Puna Geothermal Venture, and possible criminal activity associated with geothermal royalties; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Water, Land, and Housing and Judiciary and Labor that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 70, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.R. No. 70, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Ayes, 6. Noes, none. Excused, 4 (Fukunaga, Ihara, Tokuda, Slom).

**SCRep. 1313 (Joint) Public Safety, Government Operations, and Military Affairs and Water, Land, and Housing on S.R. No. 93**

The purpose and intent of this measure is to request the State Building Code Council to adopt the requirement that automatic fire sprinklers be installed or certified fire-retardant coatings be applied in new one- and two-family residential dwellings constructed throughout the State after January 1, 2012.

Your Committees received testimony in opposition to this measure from the State Fire Council, City and County of Honolulu Department of Planning and Permitting, and Kaua'i Fire Department. Your Committees received comments on this measure from NoFire Technologies, Inc.

Your Committees find that fire sprinklers are a reliable method of protecting residents and homes from the dangers of fire. Although automatic fire sprinklers are a proven life-saving system, they are often expensive to install even in new buildings.

Your Committees further find that fire-retardant coatings that are applied to the interior of dwellings maintain their fire-retardant qualities and effectiveness for many years without further application. Fire-retardant coatings have a cost advantage over fire sprinklers in that they are much cheaper, which could be a major attraction to the homeowner.

Your Committees believe that homeowners should have the option of selecting automatic sprinklers or fire-retardant coatings. A selection of either fire prevention method is far better than nothing to protect the public from a residential fire.

Your Committees have amended this measure by:

- (1) Deleting language requesting the State Building Code Council to adopt requirements relating to automatic fire sprinklers and fire-retardant coatings;
- (2) Requesting that developers and homebuilders consider either the installation of automatic sprinklers or application of certified fire-retardant coatings in newly constructed one- and two-family residential dwellings, depending on the preference of the homeowner; and
- (3) Amending the title of the measure accordingly.

As affirmed by the records of votes of the members of your Committees on Public Safety, Government Operations, and Military Affairs and Water, Land, and Housing that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 93, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 93, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Ayes, 8. Noes, none. Excused, 2 (Baker, Fukunaga).

**SCRep. 1314 (Joint) Water, Land, and Housing and Public Safety, Government Operations, and Military Affairs on S.R. No. 109**

The purpose and intent of this measure is to urge the Governor to not transfer Hapuna Beach and Mauna Kea State Recreation Areas from the State to the County of Hawaii, thereby retaining jurisdiction over those recreation areas under the Department of Land and Natural Resources.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources. Your Committees received testimony in opposition to this measure from the County of Hawai'i, Office of the Mayor.

Your Committees find that the Department of Land and Natural Resources possesses the ability, resources, and expertise to administer, manage, and exercise control over Hapuna Beach and Mauna Kea State Recreation Areas and enhance the experience of people who visit those public recreational facilities.

Your Committees have amended this measure by making technical, nonsubstantive amendments, including the reorganization of language, for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Water, Land, and Housing and Public Safety, Government Operations, and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 109, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 109, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Ayes, 8. Noes, none. Excused, 2 (Baker, Fukunaga).

**SCRep. 1315 (Joint) Transportation and International Affairs and Public Safety, Government Operations, and Military Affairs on H.C.R. No. 43**

The purpose and intent of this measure is to express strong support for the education of Hawaii's drivers regarding their responsibilities to blind pedestrians.

Your Committees received testimony in support of this measure from the Department of Transportation, Department of Human Services, and three individuals.

Act 75, Session Laws of Hawaii 1972, specifically established the responsibilities of drivers toward blind pedestrians, yet thirty-nine years later, none of Hawaii's counties have included questions about these responsibilities on driver's licensing examinations. In 2010, Senate Concurrent Resolution No. 10 and Senate Resolution No. 20 requested improvements in public awareness with regard to drivers' responsibilities to blind pedestrians. These resolutions called for the inclusion of questions regarding drivers' responsibilities to blind pedestrians on all state drivers' license examinations. These resolutions also requested the Department of Education to discuss responsibilities toward blind pedestrians in its drivers' education program. However, neither measure was heard, and your Committees find a persisting need for drivers' education and increased awareness regarding blind pedestrians.

As affirmed by the records of votes of the members of your Committees on Transportation and International Affairs and Public Safety, Government Operations, and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 43, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Ayes, 7. Noes, none. Excused, 3 (Baker, Gabbard, Kidani).

**SCRep. 1316 Human Services on Gov. Msg. Nos. 639, 641, and 642**

Recommending that the Senate advise and consent to the nominations of the following:

STATEWIDE COUNCIL ON INDEPENDENT LIVING

G.M. No. 639 MARC ANTOINE MORTIMER, for a term to expire 6-30-2012;

G.M. No. 641 YVONNE L. FOSTER, for a term to expire 6-30-2014; and

G.M. No. 642 ANN ELIZABETH LEMKE, for a term to expire 6-30-2014.

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Marc Antoine Mortimer, Yvonne L. Foster, and Ann Elizabeth Lemke to possess the requisite qualifications to be nominated to the Statewide Independent Living Council.

Your Committee received testimony in support of the nomination of Mr. Mortimer from the Department of Human Services, Statewide Independent Living Council of Hawaii, and one individual.

Mr. Mortimer has extensive volunteer and advocacy experience, and as a person with a disability who lives independently in the community, he also has firsthand knowledge about independent living that would be very beneficial to the Council.

In 2003, Mr. Mortimer engaged in advocacy and lobbying activities at the California State Capitol for Assembly Bill 649, relating to funding for community services and support for persons with developmental disabilities. He also lobbied for legislation to improve health care and promote independent living for persons with disabilities in California. Mr. Mortimer has participated in fundraising activities for Easter Seals, American Red Cross, and the United Way. Mr. Mortimer was previously appointed to serve on the Statewide Independent Living Council in 2007.

Mr. Mortimer expressed through his personal statement that his desire to serve on the Board stems from his need to serve others, especially people with disabilities. Mr. Mortimer is passionate about sharing his own experiences and talking to people with disabilities about the opportunities for independent living and integration into their community. Mr. Mortimer has been effective in contributing to others by volunteering in organizations that serve people with disabilities.

Your Committee finds that Mr. Mortimer's experience in advocating for the independent living needs of individuals with disabilities and the services necessary to ensure their integration into the community will be an asset to the Statewide Independent Living Council.

Your Committee received testimony in support of the nomination of Ms. Foster from the Department of Human Services, Statewide Independent Living Council, and one individual.

Your Committee finds that Ms. Foster has over thirty years of business and volunteer experience. She has lived on Kauai since 1997 and has served on numerous boards and community associations. She has been a board member of Kauai Economic Opportunities, Incorporated for the past nine years. As a member, she has had the opportunity to serve the needs of the homeless and low-income population. Ms. Foster has also served on the board of the Mutual Housing Association of Hawaii, Holy Family Parish International Community, and Marist Brothers High School Board of Parents.

Ms. Foster expressed through her personal statement that her sincere interest in assisting individuals with disabilities is what motivates her to serve on the Statewide Independent Living Council. Testimony by the Statewide Independent Living Council indicates that Ms. Foster's experience living on another island, as well as her volunteer and work experience, will be of great value to the Council.

Your Committee finds that Ms. Foster's experiences with a variety of community associations relating to housing, parenting, legal aid, and integration qualify her to be a member of the Statewide Independent Living Council.

Your Committee received testimony in support of the nomination of Dr. Lemke from the Department of Human Services, Statewide Independent Living Council, and four individuals.

Dr. Lemke earned her Doctorate in Counseling Psychology from New Mexico State University. She currently serves as Windward Community College's Disability Specialist and Admissions Coordinator. Dr. Lemke is an active community member and volunteer and is the current President of the Anuenue Chapter of the National Federation of the Blind of Hawaii. She has previously served on the boards of Goodwill Industries in El Paso, Texas and the Hawaii Center for Independent Living. Dr. Lemke was also one of a group of disabled advocates who started the Volar Center for Independent Living in El Paso, Texas.

According to Dr. Lemke's personal statement, her experiences as a person with a lifelong disability have instilled in her a desire to help people with disabilities attain a level of independence that will allow them to fully participate in and contribute to their communities. Dr. Lemke also mentioned that her career has been guided by two complementary passions. First, she has spent over thirty years as a postsecondary counselor who specializes in assisting persons with physical, mental, and sensory disabilities in their quest to complete a college education. Second, she has also been a devoted volunteer in the independent living movement. As an independent, contributing member of society who has a disability, Dr. Lemke strives to lead by example and learn from other individuals with disabilities who work for equality and justice.

Your Committee finds that Dr. Lemke's past experience, current employment as a college counselor, and continuing commitment to the fundamental strengths of the independent living movement uniquely qualify her to serve on the Statewide Independent Living Council and work for a better life for persons with disabilities in Hawaii.

As affirmed by the records of votes of the members of your Committee on Human Services that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, none.

**SCRep. 1317 Commerce and Consumer Protection on Gov. Msg. No. 602**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF EXAMINERS IN OPTOMETRY

G.M. No. 602 REID K. SAITO, for a term to expire 6-30-2014.

Your Committee has reviewed the personal statement and resume submitted by the nominee and finds Reid K. Saito to possess the requisite qualifications to be nominated to the Board of Examiners in Optometry.

Your Committee received testimony in support of this nominee from the Department of Commerce and Consumer Affairs and Hawaii Optometric Association.

Upon review of the testimony, your Committee finds that this nominee has practiced as a licensed optometrist for over a decade and has experience in private practice and public sector clinics including those operated by the United States Department of Veterans Affairs. Your Committee further finds that this nominee's past service as President of the Hawaii Optometric Association has given this nominee experience with leadership and collaboration, which will serve him well in a position on the Board of Examiners in Optometry. Your Committee also finds that this nominee's first-hand clinical experience as a licensed optometrist, proven leadership within his profession, and desire to serve the public qualify him for appointment to the Board of Examiners in Optometry.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Nishihara, Slom).

**SCRep. 1318 Commerce and Consumer Protection on Gov. Msg. No. 603**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF SPEECH PATHOLOGY AND AUDIOLOGY

G.M. No. 603 SHARI GOO-YOSHINO, for a term to expire 6-30-2014. (Term amended to 6-30-2013 by GM789).

Your Committee has reviewed the personal statement and resume submitted by the nominee and finds Shari Goo-Yoshino to possess the requisite qualifications to be nominated to the Board of Speech Pathology and Audiology.

Your Committee received testimony in support of the nomination of Shari Goo-Yoshino from the Board of Speech Pathology and Audiology and two private individuals.

Upon review of the testimony, your Committee finds that this nominee has been a licensed and practicing speech pathologist for over twenty years. Your Committee finds that this nominee's professional experience includes direct clinical work at Rehabilitation Hospital of the Pacific, California-Hawaii Elks Major Project, and Tripler Army Medical Center as well as service as an instructor and clinical supervisor at the University of Hawaii. Your Committee also finds that this nominee has been a leader in her profession, serving in elected and appointed positions in the Hawaii Speech-Language-Hearing Association and on the peer review panel of the State's Regulated Industries Complaints Office. Your Committee notes that this nominee currently serves as an interim member of the Board of Speech Pathology and Audiology and has actively participated in Board discussions in that capacity. Your Committee further finds that this nominee's professional experience and demonstrated leadership qualify her for appointment to the Board of Speech Pathology and Audiology.

Your Committee finds that Shari Goo-Yoshino has been nominated for appointment to the Board of Speech Pathology and Audiology based on her knowledge, experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Nishihara, Slom).

**SCRep. 1319 Commerce and Consumer Protection on Gov. Msg. Nos. 604, 605, 606, and 607**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF SPEECH PATHOLOGY AND AUDIOLOGY

- G.M. No. 604 ANNE MARIE HORNER, for a term to expire 6-30-2014;
- G.M. No. 605 VALERY E. O'BRIEN, for a term to expire 6-30-2014;
- G.M. No. 606 JOSEPH SNIEZEK, for a term to expire 6-30-2014; and
- G.M. No. 607 KRISTINE M. TAKEKAWA, for a term to expire 6-30-2014.

Your Committee has reviewed the personal statements and resumes submitted by Anne Marie Horner, Valery E. O'Brien, and Kristine M. Takekawa and the personal statement and curriculum vitae submitted by Joseph Snizek and finds these nominees to possess the requisite qualifications to be nominated to the Board of Speech Pathology and Audiology.

Your Committee received testimony in support of the nomination for reappointment of Anne Marie Horner from the Board of Speech Pathology and Audiology.

Upon review of the testimony, your Committee finds that this nominee is a licensed and practicing speech language pathologist in the Department of Education and has been an active contributor to her profession throughout her career, serving the Hawaii Speech-Language-Hearing Association most recently as Recording Secretary and previously as President. Your Committee also finds that this nominee actively serves her community as a member of the Aliamanu Elementary School Community Council and Aliamanu Elementary School Parent Teacher Association. Further, your Committee finds that this nominee has been an active and engaged member in her first term on the Board of Speech Pathology and Audiology. Your Committee notes that this nominee's knowledge of state licensing requirements and national standards has been valuable to the Board as it reviews its administrative rules. Your Committee finds that this nominee's first-hand experience as a speech pathologist, familiarity with state and federal regulations, and enthusiasm for service qualify her for reappointment to the Board of Speech Pathology and Audiology.

Your Committee received testimony in support of the nomination of Valery E. O'Brien from the Board of Speech Pathology and Audiology.

Upon review of the testimony, your Committee finds that in addition to maintaining a successful career in marketing and management, this nominee has also served her community through extensive volunteer work with organizations including Easter Seals Hawaii, Special Olympics, Goodwill Industries of Hawaii, Hawaii Services of Deafness, and Girl Scouts of Hawaii as well as service on the Mayor's Advisory Committee on Disabilities and the State Special Education Advisory Council. Your Committee notes that this nominee is especially well-suited to represent the interests of the public to the Board of Speech Pathology and Audiology since, in addition to sustaining a long-term commitment to disability service organizations and policy boards, this nominee is also the parent of an adult child with disabilities who uses speech pathology and audiology services. Your Committee also finds that this nominee's connections with the community of consumers within the industry regulated by the Board of Speech Pathology and Audiology and her broad professional experience with management and communications will be an asset to the Board of Speech Pathology and Audiology.

Your Committee received testimony in support of the nomination for reappointment of Joseph Snizek from the Board of Speech Pathology and Audiology.

Upon review of the testimony, your Committee finds that this nominee is a leader in the fields of otolaryngology and surgery, with extensive clinical, surgical, and academic credentials. Your Committee notes that section 468E-6, Hawaii Revised Statutes, mandates that one public member of the Board of Speech Pathology and Audiology be licensed to practice medicine and hold a certification of qualification for the American Board of Otorhinolaryngology. Your Committee finds that this nominee fulfills that requirement.

In addition to his achievements in the field of oncologic surgery, your Committee finds that this nominee has also served his profession including through service on the Credentials Committee and Planning Committee of the American Head and Neck Society, Tripler Army Medical Center Ethics Committee, Head and Neck Education Committee of the American Academy of Otolaryngology/Head and Neck Surgery, Board of Directors of the Pan-Pacific Surgical Association, and as Vice President and President of the Hawaii Society of Otolaryngology. Your Committee further notes that this nominee has practiced throughout his career in the military and Veterans Affairs system, giving him experience with a wide variety of patients and community members. Your Committee finds that this nominee has contributed exceptional analysis and creative problem-solving skills to the Board of Speech Pathology and Audiology. Your Committee further finds that this nominee's professional qualifications and commitment to service qualify him to continue to serve with distinction on the Board.

Your Committee received testimony in support of the nomination for reappointment of Kristine M. Takekawa from the Board of Speech Pathology and Audiology.

Upon review of the testimony, your Committee finds that this nominee has been a licensed and practicing audiologist for more than twenty years. Your Committee further finds that this nominee has spent her career in the public sector, working through the

Department of Health and Department of Education to identify and provide medical and educational services for children with hearing loss or deafness. Your Committee notes that this nominee for reappointment currently serves as Chair of the Board of Speech Pathology and Audiology and has been a diligent member of the Board since her initial appointment in 2008. Your Committee also finds that this nominee brings knowledge gained through first-hand experience and generous contribution of her own time to the Board of Speech Pathology and Audiology and is therefore well-qualified to continue her exemplary service.

Your Committee finds that Valery E. O'Brien has been nominated for appointment and Anne Marie Horner, Joseph Sniezek, and Kristine M. Takekawa have been nominated for reappointment to the Board of Speech and Language Pathologists based on their knowledge, experience, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Slom).

**SCRep. 1320 Commerce and Consumer Protection on Gov. Msg. No. 626**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF DENTAL EXAMINERS

G.M. No. 626 PAUL W. CONDRY, for a term to expire 6-30-2015.

Your Committee has reviewed the personal statement and resume submitted by the nominee and finds Paul W. Condry to possess the requisite qualifications to be nominated to the Board of Dental Examiners.

Your Committee received testimony in support of the nomination of Paul W. Condry from the Board of Dental Examiners.

Your Committee finds that this nominee is qualified to serve as a public member of the Board of Dental Examiners and has worked for over forty years in the field of labor relations and management in the public and private sectors, most notably with the United States and State Departments of Labor. In those capacities, the nominee has developed expertise in state and federal labor regulatory structures. Your Committee further finds that this nominee has extensive experience with state regulatory boards, having served as Chair of the Board of Acupuncture, as a public member of the State Board of Chiropractic Examiners, and as a public member of the Elevator Mechanics Licensing Board. Your Committee notes that this nominee currently serves on the Board of Dental Examiners as an interim appointee. In that capacity, the nominee has actively participated in Board discussions and has contributed valuable insights gained from his many years of experience. Your Committee finds that this nominee's deep knowledge of and experience with the State's regulatory systems and his commitment to public service will allow him to effectively represent the interests of the public on the Board of Dental Examiners.

Your Committee finds that Paul W. Condry has been nominated for appointment to the Board of Dental Examiners based on his knowledge, experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Nishihara, Slom).

**SCRep. 1321 Commerce and Consumer Protection on Gov. Msg. No. 629**

Recommending that the Senate advise and consent to the nominations of the following:

STATE BOARD OF NURSING

G.M. No. 629 DENISE L. COHEN, for a term to expire 6-30-2014.

Your Committee has reviewed the resume submitted by the nominee and finds Denise L. Cohen to possess the requisite qualifications to be nominated to the Board of Nursing.

Your Committee received testimony in support of the nomination of Denise L. Cohen from the Board of Nursing and Hawai'i Association of Professional Nurses.

Upon review of the testimony, your Committee finds that this nominee has worked for almost thirty years as a licensed provider in the field of nursing in a variety of capacities and settings. Your Committee notes that this nominee began her career as a licensed practical nurse and, through continuing pursuit of higher education and professional development, has advanced to achieve the highest professional certification and licensure available in that field. Your Committee also finds that this nominee's broad range of experience in the roles of licensed practical nurse, registered nurse, and advanced practice registered nurse with prescriptive authority in private practice and hospital settings as well as her academic experience teaching nursing theory and supervising clinical instruction of student nurses gives her a unique perspective and important insight into the entire practice of nursing. Your Committee further finds that this nominee is a leader in her profession, having served as a member of the Executive Committee of Maui Community College, as Vice President and a member of the Board of Directors of the Hawaii Nurses Association, and as President of the Maui Nurses Association. Your Committee further finds that this nominee's education, professional experience, and proven leadership will allow her to be an asset to the Board of Nursing.

Your Committee finds that Denise L. Cohen has been nominated for appointment to the Board of Nursing based on her knowledge, experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Nishihara, Slom).

**SCRep. 1322 Human Services on Gov. Msg. Nos. 723, 725, and 726**

Recommending that the Senate advise and consent to the nominations of the following:

**BOARD OF DIRECTORS OF THE HAWAII PUBLIC HOUSING AUTHORITY**

- G.M. No. 723 DAVID J. GIERLACH, for a term to expire 6-30-2015;  
G.M. No. 725 TREVOR N. TOKISHI, for a term to expire 6-30-2015; and  
G.M. No. 726 GEORGE YOKOYAMA, for a term to expire 6-30-2015.

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds David J. Gierlach, Trevor N. Tokishi, and George Yokoyama to possess the requisite qualifications to be nominated to the Board of Directors of the Hawaii Public Housing Authority.

Your Committee received testimony in support of the nomination of David J. Gierlach from the Department of Human Services and Hawaii Public Housing Authority.

Mr. Gierlach earned a Juris Doctor from the University of Hawaii School of Law and a Master of Arts in Religious Studies from Maryknoll School of Theology as well as a Bachelor of Arts degree in History from the State University of New York at Binghamton. He has over twenty years of experience as an attorney in private practice and currently serves as the Rector at St. Elizabeth's Episcopal Church. In that capacity, Mr. Gierlach has been actively involved with the residents and the Tenant's Association of Mayor Wright Housing.

Testimony received by your Committee indicates that Mr. Gierlach has worked for many years on housing issues for Hawaii's vulnerable residents. He is very knowledgeable about the need for affordable housing, and his experience and compassion in advocating for housing needs will be an asset to the Board.

Mr. Gierlach indicated in his personal statement that he desires to serve on the Board because he believes affordable housing is an urgent need in the community, and he hopes to be a positive influence and advocate for public housing residents.

Your Committee is confident that Mr. Gierlach's many years of service to the Oahu community, particularly with respect to his work with low-income housing advocacy groups, will make him a valuable addition to the Board of Directors of the Hawaii Public Housing Authority.

Your Committee received testimony in support of the nomination of Trevor N. Tokishi from the Department of Human Services and Hawaii Public Housing Authority.

Mr. Tokishi received his Bachelor of Business Administration in Accounting and Human Resource Management from the University of Hawaii. He is a certified public accountant and the Executive Vice President of the Valley Isle Community Federal Credit Union. Mr. Tokishi is very active in the Maui community and serves on a variety of boards and commissions, including the Maui Memorial Medical Center Foundation, Maui Food Bank, University of Hawaii Maui College Accounting Advisory Committee, and the Hawaii Credit Union League.

Testimony received by your Committee indicates that Mr. Tokishi will bring financial, real estate, and strategic planning experience to the Board of Directors of the Hawaii Public Housing Authority.

Mr. Tokishi expressed through his personal statement that as a member of the Board of the Hawaii Public Housing Authority, he would like to use his skills, experience, and unique perspective to improve the living situation and quality of life for Hawaii citizens who are residents in public housing.

Your Committee finds that the Board of Directors of the Hawaii Public Housing Authority needs directors with a variety of life experiences and professional expertise to effectively fulfill its role as a policy guide for the Hawaii Public Housing Authority. Your Committee is confident that Mr. Tokishi's professional experience as a Certified Public Accountant and credit union executive would be extremely valuable to the Board.

Your Committee received testimony in support of the nomination of George Yokoyama from the Department of Human Services, Hawaii Public Housing Authority, and three individuals.

Mr. Yokoyama received his Bachelor of Science degree from Sophia University in Tokyo, Japan. He served as Executive Director of the Hawaii County Economic Opportunity Council for almost thirty years. In that capacity, he spearheaded the mobilization of public and private resources to develop employment and training programs, self-help housing projects, business development projects, and programs for underachieving students. He was also a member of the Board of Commissioners of the predecessor agency to the Hawaii Public Housing Authority, the Hawaii Housing Authority.

Mr. Yokoyama has received awards for his leadership and advocacy in the community, including the United States Small Business Administration Research Advocate of the Year Award and the United States Small Business Administration Minority Small Business Advocate of the Year Award. In 2003, he was inducted into The Grantsmanship Center's Hall of Fame.

Testimony received by your Committee indicates that Mr. Yokoyama has spent most of his professional life working to promote health, education, and the general welfare of lower-income residents in Hawaii County. Mr. Yokoyama's grant writing abilities have brought in millions of dollars to help alleviate poverty on the Island of Hawaii. His character, knowledge, and commitment to serving others will be a tremendous asset to the Hawaii Public Housing Authority.

Mr. Yokoyama indicated in his personal statement that he has spent the past forty years helping low-income individuals in Hawaii County. He is able to offer innovative solutions to problems, mobilize resources, and strengthen public and private partnerships. He is confident that he can make positive contributions to the Board of the Hawaii Public Housing Authority and tenants of public housing.

Your Committee finds that Mr. Yokoyama's past experience as a member and officer of the Hawaii Public Housing Authority's predecessor agency will be an invaluable perspective on the current state of public housing in Hawaii. His experience as the executive director of a non-profit organization and community action agency will also be a tremendous asset to the Board of Directors of the Hawaii Public Housing Authority.

As affirmed by the records of votes of the members of your Committee on Human Services that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 1 (Green).

**SCRep. 1323 Human Services on Gov. Msg. Nos. 772 and 773**

Recommending that the Senate advise and consent to the nominations of the following:

STATEWIDE COUNCIL ON INDEPENDENT LIVING

G.M. No. 772 MITCHELL J. KEAWE; and

G.M. No. 773 JENNIFER HAUSLER, for a term to expire 6-30-2014.

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Mitchell J. Keawe and Jennifer Hausler to possess the requisite qualifications to be nominated to the Statewide Council on Independent Living.

Your Committee received testimony in support of the nomination of Mitchell J. Keawe from the Department of Human Services, Statewide Independent Living Council of Hawaii, and eleven individuals.

Mr. Keawe is the Executive Director of the Hawaii Centers for Independent Living. In that capacity, he runs statewide programs for the independent needs of Hawaii's individuals with disabilities. He has also served on the boards of various nonprofit and community organizations, including the Ecumenical Council of Independent Catholic Bishops, Prevent Child Abuse Hawaii, and Aloha Festivals.

Testimony received by your Committee indicates that Mr. Keawe's management experience, community service, and positive attitude will be extremely beneficial to the Statewide Council on Independent Living.

Your Committee finds that the Rehabilitation Act of 1973, as amended, mandates the Statewide Independent Living Council to include the director of a center for independent living as a voting member of the Council. Mr. Keawe's appointment will fulfill this federal requirement. Your Committee also finds that Mr. Keawe's professional knowledge, experience, and work with individuals through his position as Executive Director of the Hawaii Centers for Independent Living will be an asset to the Statewide Council on Independent Living.

Your Committee received testimony in support of the nomination of Jennifer Hausler from the Department of Human Services; Statewide Independent Living Council of Hawaii; American Cancer Society Hawaii Pacific, Inc.; and six individuals.

Ms. Hausler worked in various positions with the State of Hawaii for thirty-five years. She also has extensive volunteer experience with nonprofit and community organizations. For over thirty years she has worked with Make Today Count, a support group for cancer patients and their families. She also served as the American Cancer Society's State Lead Ambassador for Government and Legislative Affairs. Ms. Hausler worked as a volunteer for the Statewide Independent Living Council before becoming a part-time staff member. In that capacity, she became familiar with the work and duties of the Council, assisted with meeting preparations, and assisted and coordinated training sessions for Council members.

Testimony received by your Committee indicates that Ms. Hausler is a caring and dedicated individual. She will serve as a passionate advocate for independent living and the integration of persons with disabilities into the community.

Your Committee finds that Ms. Hausler is well informed about the needs of individuals with disabilities and the programs that enable disabled individuals to live independent lives. Based on her work experience and history of volunteerism, your Committee is confident she will be an indispensable asset to the State Independent Living Council.

As affirmed by the records of votes of the members of your Committee on Human Services that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 1 (Green).

**SCRep. 1324 Human Services on Gov. Msg. Nos. 618, 619, 620, 621, and 640**

Recommending that the Senate advise and consent to the nominations of the following:

POLICY ADVISORY BOARD FOR ELDER AFFAIRS

- G.M. No. 618 JIM CISLER, for a term to expire 6-30-2015;
- G.M. No. 619 FRANCINE DUDOIT TAGUPA, for a term to expire 6-30-2015;
- G.M. No. 620 MARILYN SEELY, for a term to expire 6-30-2015;
- G.M. No. 621 EUDICE SCHICK, for a term to expire 6-30-2015; and
- G.M. No. 640 ANTHONY LENZER, for a term to expire 6-30-2015.

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Jim Cisler, Francine Dudoit-Tagupa, Marilyn Seely, Eudice Schick, and Anthony Lenzer to possess the requisite qualifications to be nominated to the Policy Advisory Board for Elder Affairs.

Your Committee received testimony in support of the nomination of Jim Cisler from the Executive Office on Aging and four individuals.

Mr. Cisler earned an Associate of Arts degree in Journalism and an Associate of Science degree in Economics from Lane Community College. He is retired with almost forty years of experience in business, including advertising and promotions, public relations, operations, customer service, and sales support. Mr. Cisler was formerly a Customer Service Specialist at AmSan, LLC and was the owner and operator of Treehouse Restaurant in Eugene, Oregon for twenty years.

Mr. Cisler expressed through his personal statement that his goals as a member of the Policy Advisory Board for Elder Affairs will be to listen and learn, and then advise the Governor of the conditions, needs, and concerns of Hawaii's elder population. Testimony received by your Committee indicates that Mr. Cisler is intelligent, enthusiastic, and knowledgeable and will be a good advocate for Hawaii's seniors.

Your Committee finds that Mr. Cisler resides on the Island of Hawaii, thus ensuring broader representation and perspectives on the Board. His passion to make a positive contribution post retirement is a testament to his commitment to the work of the Policy Advisory Board for Elder Affairs.

Your Committee is confident that Mr. Cisler's solid background in business, public relations, and communications will be a valuable asset to the Policy Advisory Board for Elder Affairs.

Your Committee received testimony in support of the nomination of Francine Dudoit-Tagupa from the Executive Office on Aging, Waikiki Health Center, and eighteen individuals.

Ms. Dudoit-Tagupa is a Registered Nurse and a Native Hawaiian Practitioner. She currently serves as Waikiki Health Center's Director of the Native Hawaiian Healing program, and provides services throughout the agency's network of clinics and outreach programs. She previously worked as the Chief Executive Officer at Malama Ka 'Ohana a Pau Loa and as a Registered Nurse at St. Francis Hospice.

Ms. Dudoit-Tagupa has worked on issues relating to health and aging for over three decades. She has empowered older adults to live productive lives through community-based organizations including Alu Like, Inc., Ke Ola Mamo, Waikiki Health Center, St. Francis Senior Program, and Molokai Retired Senior Volunteer Program. She was the past president of the advisory board of the Molokai Retired Senior Volunteer Program and is currently a Board member of the Waikiki Neighborhood Board and Na Hululei Kupuna Council.

Testimony received by your Committee indicates that Ms. Dudoit-Tagupa is highly committed to serving the needs of the elderly. She is compassionate and understanding, and has a unique ability to bring people of various backgrounds and perspectives together to achieve a common goal.

Ms. Dudoit-Tagupa expressed through her personal statement that she has devoted her career to valuing, honoring, and respecting Hawaii's kupuna. She is proud of her ability to collaborate and work in partnership with various state agencies on behalf of kupuna, and she looks forward to being a voice from the community on a statewide level.

Your Committee believes that Ms. Dudoit-Tagupa's nursing credentials, extensive background in Native Hawaiian healing, Hawaiian cultural education, advocacy for kupuna, chronic pain management, and experience with individual and family counseling make her uniquely qualified to serve on the Policy Advisory Board for Elder Affairs.

Your Committee received testimony in support of the nomination of Marilyn Seely from the Executive Office on Aging, AARP Hawaii, Hawai'i Alliance for Retired Americans, and nine individuals.

Ms. Seely earned a Master of Public Health degree from the University of Hawaii and a Bachelor of Science degree from the State University of New York. She is a retired state government worker with a long professional history in gerontology. She was employed with the Executive Office on Aging for seventeen years, including eight years as Director. During this time, she worked closely with the Policy Advisory Board for Elder Affairs and therefore has firsthand knowledge about the Board and the mission and programs of the Executive Office on Aging.

Since her retirement from state government, Ms. Seely has volunteered for several organizations. She is involved in end-of-life care as a volunteer Board member for Hospice Hawaii and Kokua Mau. She also is on the Board of Directors of the Kokua Council and is a member of the Kupuna Caucus. She currently works part-time for the University of Hawaii Center on Aging as an aging specialist working in education, publicity, policy, and research areas.

Testimony received by your Committee indicates that Ms. Seely was well known and widely respected as a staunch and successful advocate for the elderly during her time as Director of the Executive Office on Aging. As Director, Ms. Seely, along with the Policy Advisory Board for Elder Affairs, developed numerous policies to address the physical, social, and health care needs of the aging.

Kupuna Care, the home and community-based service program for seniors, and Kokua Mau, Hawaii's hospice and palliative care organization, were implemented under her direction.

Ms. Seely expressed through her personal statement that she fully understands the role and responsibilities of the Policy Advisory Board for Elder Affairs, based on her previous hands-on experience with the Board. She is passionate about the work that needs to be done to support the aging population, and believes she is in a unique position to assist the Board and the Executive Office on Aging with the many complex issues that must be addressed on behalf of older adults in Hawaii.

Your Committee is confident that the State will fully benefit from having the expertise and commitment of Ms. Seely on the Policy Advisory Board for Elder Affairs.

Your Committee received testimony in support of the nomination of Eudice Schick from the Executive Office on Aging, Senior Medicare Patrol (SMP Hawaii), City and County of Honolulu Department of Community Services, Hawaii County Council, AARP Hawaii, Hawai'i Alliance for Retired Americans, and nine individuals.

Ms. Schick earned her Associate's degree in Accounting from Burdett College of Business Administration. Prior to her retirement, she served as business office manager for a Honolulu law firm, and owned and operated her own business.

Ms. Schick has been a member of the Policy Advisory Board for Elder Affairs since 2007. As a member, she has held several leadership positions, including Chair of the Legislative Committee and Chair of the Board. As Chair of the Legislative Committee, she acts as an advisor to the Board's Recognition and Awards Committee and the Plans and Projects Committee.

Ms. Schick is an extremely active community member and volunteer. She volunteers for SMP Hawaii, the Volunteer Long-term Care Program and The Queen's Medical Center. Ms. Schick is also Chair of the Honolulu Committee on Aging and serves on the Advisory Council of the Retired and Senior Volunteer Program. She was recognized in 2010 as an outstanding senior volunteer at the 44th Annual Mayor's Senior Recognition Program.

Testimony received by your Committee indicates that Ms. Schick is a highly effective advocate for elders and a dedicated community volunteer. Decades of business and volunteer experience allow her to bring people together for a common goal. She is able to use her knowledge of issues related to seniors and her experience in working with state government to effect positive changes for Hawaii's aging population.

Ms. Schick expressed through her personal statement that she is looking forward to working closely with the Executive Office on Aging and advising the Executive Office on Aging on the myriad of issues it may face as the Office continues to take on the responsibilities of caring for Hawaii's kupuna and for persons with disabilities.

Your Committee finds that Ms. Schick is a tireless volunteer who has a deep understanding of the issues that the elderly face. The Policy Advisory Board for Elder Affairs will greatly benefit from her reappointment.

Your Committee received testimony in support of the nomination of Anthony Lenzer from the Executive Office on Aging, AARP Hawaii, Hawai'i Alliance for Retired Americans, Kupuna Education Center, The Mestizo Association, and four individuals.

Dr. Anthony Lenzer earned his Doctorate of Philosophy in Sociology from the University of Michigan and a degree in Education from Antioch College. Prior to his retirement, he was a faculty member at the University of Hawaii, where he developed a Gerontology Program at the University of Hawaii's School of Public Health. He also served as the first Director for the University of Hawaii's Center on Aging. Under Dr. Lenzer's leadership, the Center developed two certificate programs, provided faculty teaching and research awards, and created a PBS series and college telecourse. Dr. Lenzer was given the title of Professor Emeritus of Public Health upon his retirement. He also helped develop a chronic disease and aging program at the University of Michigan School of Public Health.

Since retiring, Dr. Lenzer has continued to actively participate in advocacy, public policy development, and community education on aging, long-term care, and death and dying. He serves as Vice President of the Hawaii Family Caregiver Coalition and Kokua Council and is a Board member of the Hawai'i Alliance for Retired Americans and the Hawaii Pacific Gerontological Society. He will also serve as an interim member of the Disability and Communication Access Board until June 30, 2011, and has been a community member of the Legislative Committee of the Policy Advisory Board for Elder Affairs for several years.

Testimony received by your Committee indicates that Dr. Lenzer has been a tireless advocate for active social change on behalf of Hawaii's kupuna. In his retirement, he continues to serve on organizations that strive to develop public policies and programs that will improve the lives of seniors in Hawaii.

Dr. Lenzer expressed through his personal statement that he sees the role of the Policy Advisory Board for Elder Affairs in two main areas. First, as advisors to the Executive Office on Aging, the Board should be a place for discussing plans, proposals, and legislation. Second, as an organization focused on advocacy, the Policy Advisory Board for Elder Affairs has developed a strong and effective program on behalf of Hawaii's older citizens, their families, and caregivers. Eventually he sees the Board broadening its activities - a move that will require coordination and cooperation with the disability community and its advocates. Dr. Lenzer is confident that, by virtue of his background and experience, he can contribute meaningfully to the mission of the Policy Advisory Board for Elder Affairs.

Your Committee finds that Dr. Lenzer's general background and extensive knowledge in the field of aging will be a tremendous asset to the Policy Advisory Board for Elder Affairs.

As affirmed by the records of votes of the members of your Committee on Human Services that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, none.

**SCRep. 1325 Human Services on H.C.R. No. 60**

The purpose and intent of this measure is to recognize April as Sexual Assault Awareness and Prevention Month.

Your Committee received testimony in support of this measure from the Department of Health, Hawaii Coalition Against Sexual Assault, The Sex Abuse Treatment Center, Child and Family Service, American Civil Liberties Union of Hawai'i, YWCA of Hawaii Island, and three individuals.

Your Committee finds that sexual violence impacts the lives of many adults and children in Hawaii. Your Committee further finds that violence in the form of intimate partner abuse, sexual assault, and stalking can have devastating emotional consequences that outlast the physical effects. Your Committee also finds that this measure emphasizes the importance of increasing the general public's awareness and support of agencies that provide services to sexual assault victims.

Your Committee has amended this measure by:

- (1) Adding two state agencies and a private entity to the list of recipients of certified copies of this measure; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 60, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 60, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 1 (Slom).

**SCRep. 1326 Human Services on H.C.R. No. 309**

The purpose and intent of this measure is to recognize the second week of August of every year as "Hawaii State Assistance Dogs Week."

Your Committee received testimony in support of this measure from Hawaii Fi-Do Service Dogs and two individuals.

Your Committee finds that assistance dogs provide a wide spectrum of customized assistance to individuals with disabilities. Your Committee further finds that assistance dogs can help an individual with a disability have an enhanced sense of independence, safety, and security. Your Committee also finds this measure will raise awareness and educate the public about the benefits of these highly trained animals.

Your Committee has amended this measure by:

- (1) Amending its title for accuracy; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 309, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 309, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 1 (Slom).

**SCRep. 1327 Human Services on Gov. Msg. No. 722**

Recommending that the Senate advise and consent to the nominations of the following:

COMMISSION ON FATHERHOOD

G.M. No. 722 RUSS S. AWAKUNI, for a term to expire 6-30-2015.

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Russ S. Awakuni to possess the requisite qualifications to be nominated to the Commission on Fatherhood.

Your Committee received testimony in support of the nomination of Russ S. Awakuni from the Department of Human Services.

Mr. Awakuni earned a Juris Doctor from Loyola Law School in Los Angeles, California and a Bachelor of Business Administration in Finance from the University of Hawaii at Manoa. He is currently the Managing Attorney at the Legal Aid Society of Hawaii, Leeward office. Prior to joining the Legal Aid Society, Mr. Awakuni worked as a Deputy Prosecuting Attorney for the City and County of Honolulu, and later engaged in the private practice of law.

Mr. Awakuni is a member of the Access to Justice Subcommittee on Overcoming Barriers to Access to Justice and the Hawaii United Okinawa Association. He is the past President of the Young Lawyers Division of the Hawaii State Bar Association and a past Vice-Chair for the Nuuanu/Punchbowl Neighborhood Board.

Mr. Awakuni is the father of a nine-year-old son and therefore has first-hand experience in providing a stable, nurturing home and environment for a child. Mr. Awakuni indicated from his personal statement that he wishes to sit on the Commission on Fatherhood because he desires to help shape policy on issues related to fatherhood through education, advocacy, outreach, and public relations. He is confident that his background as an attorney with a local non-profit organization will be of great benefit to the Commission, especially in regards to issues surrounding children in the Family Court system.

Your Committee finds that Mr. Awakuni's extensive legal and community service experience will be a great asset to the Commission on Fatherhood.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 1 (Green).

**SCRep. 1328 Human Services on Gov. Msg. Nos. 727 and 728**

Recommending that the Senate advise and consent to the nominations of the following:

POLICY ADVISORY BOARD FOR ELDER AFFAIRS

G.M. No. 727 ABELINA SHAW, for a term to expire 6-30-2015; and

G.M. No. 728 BEVERLY JEAN WITHINGTON, for a term to expire 6-30-2012.

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Abelina Shaw and Beverly Jean Withington to possess the requisite qualifications to be nominated to the Policy Advisory Board for Elder Affairs.

Your Committee received testimony in support of the nomination of Abelina Shaw from the Executive Office on Aging, Congress of Visayan Organizations, and one individual.

Ms. Shaw earned a Juris Doctor from the University of Hawaii William S. Richardson School of Law and a Master of Arts in Communication from the University of Hawaii. Ms. Shaw is currently an attorney in private practice. She has previous work experience with the City and County of Honolulu, including Chief of Staff to Mayor Jeremy Harris; Director of the Department of Community Services of the City and County of Honolulu; and First Deputy Corporation Counsel of the City and County of Honolulu. Ms. Shaw has also served as the Deputy Director of Health, Special Assistant to Governor Ariyoshi, and Deputy Attorney General.

Ms. Shaw has also served on various boards and community organizations, including the Kapiolani Hospital Health Foundation, Legacy Center of Hawaii, Mediation Center of the Pacific, and Hale Kipa. She is currently the Chair of the Board of Directors of the Filipino Community Center.

Testimony received by your Committee indicates that Ms. Shaw is hardworking, focused, and committed to her work. She displays admirable leadership ability, is a dedicated volunteer, and demonstrates deep compassion for the elderly.

Ms. Shaw expressed through her personal statement that her desire to serve on the Policy Advisory Board for Elder Affairs stems from her professional, legal, and personal interest in the programs and policies that promote and enhance the well-being of the elder population in Hawaii. She had direct experience in programs and services relating to the elderly as Deputy Director of Health and Director of the City and County of Honolulu's Department of Community Services, and her past and current volunteer work touch on matters impacting the elderly. She is confident that these collective experiences qualify her to provide community input on the Policy Advisory Board for Elder Affairs.

Your Committee finds that Ms. Shaw's extensive work and volunteer experience have given her a greater understanding of the issues faced by the elderly and their families. Your Committee is confident Ms. Shaw will be an asset to the Policy Advisory Board for Elder Affairs.

Your Committee received testimony in support of the nomination of Beverly Jean Withington from the Executive Office on Aging and five individuals.

Ms. Withington was employed as a Registered Nurse at Honokaa Hospital and Hilo Hospital before changing careers. Ms. Withington earned a Juris Doctor from the University of Hawaii William S. Richardson School of Law and spent the first part of her legal career with the Hawaii County Office of the Corporation Counsel, Family Support Division. After her retirement from the County, Ms. Withington maintained a small private practice in family law. She also served as the East Hawaii Field Representative for United States Representative Mazie Hirono until December 2010. Ms. Withington has been involved in several community and professional organizations, including the Hawaii County Sub-area Health Counsel, the Board of Registration, and the Board of Directors for Hospice of Hilo. She is currently a member of the Advisory Board for the University of Hawaii at Hilo School of Nursing.

Testimony received by your Committee indicates that Ms. Withington is honest, responsible, and dependable. Through her work, she is very familiar with the needs of seniors in Hawaii. She is a caring individual who is deeply committed to community service.

Ms. Withington expressed through her personal statement that she believes her responsibility as a member of the Board will be to remain current and informed of issues in the community relating to the quality of life for seniors. Ms. Withington desires to be a positive voice for this population. She feels it is important to examine the present needs and challenges that face the elderly in Hawaii, while also being mindful of the future. As the population of the elderly in the State ages, their needs will continue to grow, and solutions to these issues must be addressed.

Your Committee finds that Ms. Withington's past experiences in appointed positions in Hawaii, her work history, and various community service activities demonstrate her ability to work with individuals of diverse backgrounds in pursuit of a common goal. Your Committee is confident that Ms. Withington's diverse skills and experience will make her a valuable asset to the Policy Advisory Board for Elder Affairs.

As affirmed by the records of votes of the members of your Committee on Human Services that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 1 (Green).

**SCRep. 1329 Commerce and Consumer Protection on Gov. Msg. Nos. 596, 597, 598, and 599**

Recommending that the Senate advise and consent to the nominations of the following:

MOTOR VEHICLE REPAIR INDUSTRY BOARD

G.M. No. 596 SWEE L. BERKEY, for a term to expire 6-30-2015;

G.M. No. 597 STEVEN J.T. CHOW, for a term to expire 6-30-2015;

G.M. No. 598 WARREN HIGA, for a term to expire 6-30-2015; and

G.M. No. 599 ALAN M. NAKAMURA, for a term to expire 6-30-2015. (Term amended to 6-30-2014 by GM789).

Your Committee has reviewed the personal statements and resumes submitted by the nominees and finds Swee L. Berkey, Steven J. T. Chow, Warren Higa, and Alan M. Nakamura to possess the requisite qualifications to be nominated to the Motor Vehicle Repair Industry Board.

Your Committee received testimony in support of the nomination of Swee L. Berkey from the Department of Commerce and Consumer Affairs.

Upon review of the testimony, your Committee finds that this nominee has worked as a law librarian for over twenty years and, in that capacity, has developed familiarity with the State's regulatory structure. Your Committee notes that this nominee has been appointed to serve in the capacity of a public member on the Motor Vehicle Repair Industry Board representing the interests of the public on Oahu. Your Committee, accordingly, finds that this nominee's independence from the industry regulated by the Motor Vehicle Repair Industry Board gives her the ability to objectively assess matters before the Board. Your Committee also finds that this nominee well understands the Board's function as a regulator and problem-solver for members of the industry and the public. Finally, your Committee finds that this nominee's knowledge of state laws and regulations, independence, and desire to serve the public qualify her to serve as a public member of the Motor Vehicle Repair Industry Board.

Your Committee received testimony in support of the nomination of Steven J. T. Chow from the Motor Vehicle Repair Industry Board.

Upon review of the testimony, your Committee finds that, through practicing law for more than twenty years, this nominee for reappointment to the Motor Vehicle Repair Industry Board has gained experience and knowledge of state laws and regulations. Further, your Committee finds that this nominee has been a reliable member in his first term on the Motor Vehicle Repair Industry Board and has addressed the issues before the Board even-handedly, balancing the interests of the public with the promotion of commerce. Your Committee notes that this nominee's services as past President and current Board member of the Hawaii State Bar Association, a long-time leader in Friends of Hickam, Inc., past President and current Board member of Prevent Child Abuse Hawaii, and as past Vice Chair and Board member of the Board of Chiropractic Examiners demonstrate leadership and a commitment to public service. Your Committee finds that this nominee's experience and knowledge qualify him to continue to serve as a public member of the Motor Vehicle Repair Industry Board.

Your Committee received testimony in support of the nomination of Warren Higa from the Department of Commerce and Consumer Affairs.

Your Committee finds that this nominee has broad experience in the motor vehicle repair industry and has worked in the capacities of mechanic, business owner, and supervisor. Your Committee notes that this nominee holds professional certifications and licenses in automotive and aviation repair including an Automotive Service Excellence certificate, FAA Airframe and Power Plant certificate, state mechanic's license, and make-specific training certificates. Your Committee also finds that this nominee's experience within the motor vehicle repair industry, including as a direct service provider, supervisor, and small business owner have given him first-hand experience not only with the technical aspects of the industry, but also with customer service and the perspective of consumers. Your Committee further finds that this nominee's training, education, and experience qualify him for appointment to the Motor Vehicle Repair Industry Board.

Your Committee received testimony in support of the nomination of Alan M. Nakamura from the Department of Commerce and Consumer Affairs.

Upon review of the testimony, your Committee finds that this nominee has more than thirty-five years of experience in the retail gasoline and automotive repair industries as a certified technician and as owner-manager of Kaimuki Auto Repair, formerly known as Kaimuki Shell. Your Committee notes that this nominee has been recognized for excellence in his industry: Kaimuki Auto Repair received the Honolulu Star-Advertiser's People's Choice Award – Best of the Best 2010 Recipient for Auto Repair. Your Committee further finds that, in addition to managing a successful small business, this nominee has demonstrated a long-standing commitment to public service as a member of the Kaimuki Business Professional Association; Board member, coach, and administrator with the American Youth Soccer Association; volunteer coach with the Special Olympics; and President of the Aina Haina Elementary School Parent Teacher Association. Your Committee finds that this nominee's professional experience and commitment to public service qualify him for nomination to the Motor Vehicle Repair Industry Board.

Your Committee finds that Swee L. Berkey, Warren Higa, and Alan M. Nakamura have been nominated for appointment, and Steven J.T. Chow has been nominated for reappointment to the Motor Vehicle Repair Industry Board based on their knowledge, experience, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Slom).

**SCRep. 1330 Water, Land, and Housing on S.R. No. 110**

The purpose and intent of this measure is to convene a task force to develop a stream maintenance and flood hazard mitigation plan.

Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources.

Your Committee finds that the State Hazard Mitigation Forum, under the state Department of Defense, already performs many of the functions that this measure requests the task force to undertake. However, the State Hazard Mitigation Forum is not equipped to develop environmental, engineering, and functional solutions to address short- and long-term flooding issues.

Your Committee has amended this measure by:

- (1) Adopting amendments recommended by the Department of Land and Natural Resources, which delete all references to convening a task force to address flooding issues;
- (2) Adding language describing the composition and responsibilities of the existing State Hazard Mitigation Forum;
- (3) Requesting that the State Hazard Mitigation Forum study measures to mitigate risks associated with flood hazards and explore funding options to address the State's flood concerns;
- (4) Amending its title accordingly; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Housing that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 110, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 110, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Fukunaga, Tokuda).

**SCRep. 1331 Agriculture on Gov. Msg. Nos. 577, 578, and 579**

Recommending that the Senate advise and consent to the nominations of the following:

**BOARD OF DIRECTORS OF THE AGRIBUSINESS DEVELOPMENT CORPORATION**

- G.M. No. 577 LETITIA UYEHARA, for a term to expire 6-30-2012;  
G.M. No. 578 SCOTT E. ENRIGHT, for a term to expire 6-30-2015; and  
G.M. No. 579 ALAN T. TAKEMOTO, for a term to expire 6-30-2015.

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Letitia Uyehara, Scott E. Enright, and Alan T. Takemoto, to possess the requisite qualifications to be nominated to the Board of Directors of the Agribusiness Development Corporation.

Your Committee received testimony in support of the nomination of Letitia Uyehara from the Department of Agriculture; Agribusiness Development Corporation; Hawaii Farm Bureau Federation; Pahio Development, Inc.; Hawaii Cattlemen's Council; Alluvion, Inc.; Hawaii Agriculture Research Center; W.H. Shipman, Limited; ILWU Local 142; Mikilua Poultry Farm, Inc.; Nalo Farms; Kauai County Farm Bureau; and five individuals.

Ms. Uyehara is currently the Director of Marketing and Special Programs for Armstrong Produce Ltd. She is a former Deputy Director and Communications Officer of the Department of Agriculture. Ms. Uyehara also served at the Department of Health as a Public Participation Officer and Hearings Officer for the Environmental Protection and Health Services Division. She then went on to become the Director of the Office of Environmental Quality Control.

Ms. Uyehara is a valued leader in Hawaii's agricultural industry and is well respected for her years of public service. She is extremely well versed in food safety issues. As Director of Marketing for Armstrong Produce, Ms. Uyehara was instrumental in making Armstrong Produce one of the first wholesalers to be food safety certified in Hawaii. She also helped to establish a farmer outreach program, along with the University of Hawaii, to inform and assist farmers in practicing good sanitation in their fields and packing areas to achieve greater food safety.

Ms. Uyehara's overall vision for the Agribusiness Development Corporation is to make agriculture a priority in Hawaii by establishing clear priorities for the Corporation and creating partnerships with the private sector to promote innovative agricultural projects.

Ms. Uyehara's understanding and knowledge of agriculture, garnered from her years of government and private sector experience, make her an ideal candidate to serve on the Board of Directors of the Agribusiness Development Corporation.

Your Committee received testimony in support of the nomination of Scott E. Enright from the Department of Agriculture; Agribusiness Development Corporation; Hawaii Cattlemen's Council; Island Naturals; Volcano Island Honey Company, LLC; ITC

Water Management, Inc.; Hamakua North Hilo Agricultural Cooperative; ILWU Local 142; Democratic Party of Hawaii – Hawaii County Committee; Kauai County Farm Bureau; and ten individuals.

Mr. Enright started his agricultural career in the 1980s conducting biomass research on Molokai. He then went on to work for Hamakua Sugar Company, ultimately working as the company's Cultivation and Irrigation Superintendent during its final years of operation. When Hamakua Sugar closed its doors in 1996, Mr. Enright was a founding member of the O'okala Community Association which provided leadership to the community during that difficult time. He was also instrumental in developing a communal process to advocate for former sugar workers and others in the community.

Mr. Enright currently serves as Chair-Elect of the Environmental Management Commission of the County of Hawaii and as a Board member of the Hilo-Hamakua Community Development Corporation Board.

Mr. Enright has a comprehensive understanding of agricultural business and economics in Hawaii. He has a strong working knowledge of sustainable, multi-use agricultural models that encompass crop diversity, livestock management, forestry, waste-to-energy, and affordable worker housing.

Mr. Enright expressed to your Committee that the Agribusiness Development Corporation has the potential to provide the leadership necessary to support entrepreneurial farming ventures and agricultural innovation to improve food security and sustainability in the State.

Mr. Enright's diverse experience and proven leadership abilities make him a valuable asset to the Board of Directors of the Agribusiness Development Corporation.

Your Committee received testimony in support of the nomination of Alan T. Takemoto from the Department of Agriculture; Agribusiness Development Corporation; Hawaii Cattlemen's Association; Hawaii Agriculture Research Center; Kauai County Farm Bureau; Hawaii Floriculture and Nursery Association; W.H. Shipman, Limited; Maui County Farm Bureau; Mikilua Poultry Farm, Inc.; Nalo Farms; Joy Gold Unlimited; Oahu Farm Bureau; Hawaii Farm Bureau Federation; Matsuda-Fukuyama Farms, Inc.; Hawaii Crop Improvement Association; The Chamber of Commerce of Hawaii; and five individuals.

Mr. Takemoto has a wide range of experience in the agricultural industry. He currently serves as the Community Affairs Manager for Monsanto Company where he is responsible for community outreach efforts. He is also responsible for monitoring legislation that affects the company's operations. For sixteen years, Mr. Takemoto worked in various capacities for the Hawaii Farm Bureau Federation, ultimately serving as its Executive Director for four years.

Mr. Takemoto has also served as a member of the City and County of Honolulu's Agricultural Development Task Force, City and County of Honolulu Clean Water and Natural Lands Commission, and the Board of Advisors of the University of Hawaii College of Tropical Agricultural and Human Resources.

Mr. Takemoto's vision for the Agribusiness Development Corporation is for the Corporation to be more proactive in addressing issues and projects that will create a more viable agricultural industry in the State. Mr. Takemoto believes the Corporation should expand its activities and efforts in all sectors of the agricultural industry and focus on business development and making more lands available to farmers.

Mr. Takemoto's extensive experience and dedication to the agricultural industry will serve him well as a Board member of the Agribusiness Development Corporation.

As affirmed by the records of votes of the members of your Committee on Agriculture that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Chun Oakland, Dela Cruz).

**SCRep. 1332 Human Services on Gov. Msg. Nos. 612, 613, and 615**

Recommending that the Senate advise and consent to the nominations of the following:

STATE COUNCIL ON DEVELOPMENTAL DISABILITIES

G.M. No. 612 JOE D. CORDOVA, for a term to expire 6-30-2015;

G.M. No. 613 BERNADETTE L. KELIAA, for a term to expire 6-30-2015; and

G.M. No. 615 ROSELANI M. ROWE, for a term to expire 6-30-2015.

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Joe D. Cordova, Bernadette L. Keliiaa, and Roselani M. Rowe to possess the requisite qualifications to be nominated to the State Council on Developmental Disabilities.

The State Council on Developmental Disabilities' federal mandate, Public Law 106-402, determines the composition of the Council to ensure that all the stakeholders involved in the development, implementation, and use of developmental disability supports are represented. The law specifically requires that sixty percent of the membership of the Council be comprised of individuals with a developmental disability, their parents, or family members. Additionally, the following agencies are required to be on the Council: Department of Health; the agencies that administer funds provided under the Rehabilitation Act of 1973, the Individuals with Disabilities Education Act, the Older Americans Act of 1965, Titles V and XIX of the Social Security Act; the Protection and Advocacy Agency; the Centers for Excellence in Developmental Disability Education, Research, and Service; and agencies and private non-profit organizations concerned with services to individuals with developmental disabilities. Your Committee finds that the nominees meet the federal requirements for Council membership.

Your Committee received testimony in support of the nomination of Joe D. Cordova from the State Council on Developmental Disabilities, Ho‘opono Services for the Blind, and two individuals.

Mr. Cordova earned his Master of Arts in Guidance and Counseling from the University of New Mexico and a Bachelor of Science in Computer Science from New Mexico State University. Mr. Cordova has extensive work experience in the disability field. He is currently the Administrator of the Vocational Rehabilitation and Services for the Blind Division of the Hawaii Department of Human Services. His past work experience includes serving as a Regional Commissioner for Region V (Kansas City) and VII (Chicago), and the Director of the Division for the Blind and Visually Impaired, Rehabilitation Services Administration, Office of Special Education and Rehabilitative Services, United States Department of Education; Deputy Director, New Mexico Commission for the Blind; and Special Advisor to the Mayor of the City of Albuquerque, New Mexico, Liaison for Disability Affairs. Mr. Cordova is also a current member of the State Council on Developmental Disabilities.

Testimony received by your Committee indicates that Mr. Cordova consistently demonstrates his commitment to obtaining high quality employment outcomes, economic independence, and social integration for individuals with disabilities. He is a passionate advocate and is dedicated to creating opportunities for persons with disabilities so they can achieve their full potential.

Mr. Cordova indicated from his personal statement that he believes his role and responsibility as a member of the State Council on Developmental Disabilities will be to assist in guiding the development of state goals for serving individuals with developmental disabilities and assist the Council in advising the Governor, Legislature, and other governmental agencies regarding improvements to the coordination and delivery of services to individuals with developmental disabilities. Mr. Cordova indicated that he is committed to serving to the best of his ability on the Council, and he hopes to fairly represent the interests of Hawaii citizens with developmental disabilities.

Your Committee finds that Mr. Cordova’s reappointment would fulfill the federal requirement of having a representative from the agency that administers funds under the Rehabilitation Act of 1973. Your Committee also finds that Mr. Cordova’s extensive work experience and current position as Administrator of the Division of Vocational Rehabilitation will be of great benefit to the State Council on Developmental Disabilities.

Your Committee received testimony in support of the nomination of Bernadette L. Keliiaa from the State Council on Developmental Disabilities and two individuals.

Ms. Keliiaa is currently a member of the State Council on Developmental Disabilities. For the past several years, she has served as Co-Chair for the Council’s Community Supports Committee. She has also been an instrumental member of the Department of Health’s Developmental Disabilities Division Quality Assurance Subcommittee. Ms. Keliiaa graduated from the Council-sponsored Partners in Policymaking Leadership Academy, a program that provides education and training in current disability issues, information on best practices, and legislative and systems advocacy.

Testimony received by your Committee indicates that Ms. Keliiaa has a strong commitment to those with developmental disabilities. She has great determination and compassion, and is passionate about improving services for children and adults with developmental disabilities.

Ms. Keliiaa is the parent of a child with a developmental disability. According to her personal statement, Ms. Keliiaa’s son is at the top of her list of qualifications, as well as her primary motivation to continue serving on the State Council on Developmental Disabilities.

Your Committee finds that Ms. Keliiaa’s reappointment would fulfill the federal requirement of having parents of individuals with disabilities represented on the Council. Your Committee also finds that Ms. Keliiaa’s prior experience with the Council, her personal experience as a parent of a child with a developmental disability, her enthusiasm, and her dedication will continue to make her a valuable asset to the State Council on Developmental Disabilities.

Your Committee received testimony in support of the nomination of Roselani M. Rowe from the State Council on Developmental Disabilities, Learning Disabilities Association of Hawaii, and two individuals.

Ms. Rowe is currently a member of the State Council on Developmental Disabilities. She served as Council Chair for two years and is a member of the Council’s Employment and Education Committee. This committee addresses employment issues of individuals with developmental disabilities and the transition of individuals from high school to post-secondary education and employment. She also serves as the Education and Training Coordinator for the Learning Disabilities Association of Hawaii. Her current position allows her to design curriculum for educational advocacy and training support for families of children with disabilities.

Testimony received by your Committee indicates that Ms. Rowe’s energy, passion, and dedication ensure that students with disabilities are able to reach their potential and are contributing and productive adults. Her positive attitude has inspired families of children with disabilities to be proactive in their pursuit of creating successful outcomes.

Ms. Rowe is the sister of a family member with a developmental disability and a parent of a child with a disability. Ms. Rowe expressed through her personal statement that she desires to continue serving on the State Council on Developmental Disabilities because she would like to actively contribute her perspective as a family member of an individual with a disability, and in the process, impact Hawaii’s delivery of service and the needs of families who spend countless hours seeking assistance.

Your Committee finds that Ms. Rowe’s reappointment would fulfill the federal requirement of a family member of an individual with a developmental disability represented on the Council. Your Committee also recognizes Ms. Rowe’s current successful service on the Council and believes that she will continue to have much to offer in the future.

As affirmed by the records of votes of the members of your Committee on Human Services that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, none.

**SCRep. 1333 Transportation and International Affairs on Gov. Msg. No. 751**

Recommending that the Senate advise and consent to the nominations of the following:

COMMISSION ON TRANSPORTATION

G.M. No. 751 ERIC MATSUDA, for a term to expire 6-30-2014.

Your Committee has reviewed the personal history, resume, and statement by the nominee and finds Eric Matsuda to possess the requisite qualifications to be nominated to the Commission on Transportation.

Your Committee received testimony in support of the nominee from the Department of Transportation and one State Representative.

Eric Matsuda is a licensed Civil Engineer and Land Surveyor. He received a Bachelor of Science degree in Civil Engineering from the University of Hawaii at Manoa. Mr. Matsuda currently works with SSFM International, Inc., as Vice President of the Maui operations where he manages the Maui office and supervises and oversees civil engineering design and construction management services.

Your Committee finds that in addition to the nominee's impressive professional background and technical expertise, the nominee is also active in a number of professional and community organizations. The nominee is a member of the Hawaii Society of Professional Engineers, Maui Chapter; National Society of Professional Engineers; American Water Works Association; Japanese Cultural Society of Maui; and Kahului Hongwanji Mission.

Your Committee believes that the nominee's background, education, experience, and commitment to public service qualifies him for the position on the Commission on Transportation.

As affirmed by the record of votes of the members of your Committee on Transportation and International Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Gabbard).

**SCRep. 1334 Human Services on Gov. Msg. Nos. 611, 614, 616, and 617**

Recommending that the Senate advise and consent to the nominations of the following:

STATE COUNCIL ON DEVELOPMENTAL DISABILITIES

G.M. No. 611 LANI BARTHOLOMEW, for a term to expire 6-30-2015;

G.M. No. 614 AARON M. KEMP, for a term to expire 6-30-2015;

G.M. No. 616 TIFFANY VARA, for a term to expire 6-30-2015; and

G.M. No. 617 JOSEPHINE C. WOLL, for a term to expire 6-30-2015.

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Lani Bartholomew, Aaron M. Kemp, Tiffany Vara, and Josephine C. Woll to possess the requisite qualifications to be nominated to the State Council on Developmental Disabilities.

The State Council on Developmental Disabilities' federal mandate, Public Law 106-402, determines the composition of the Council to ensure that all stakeholders involved in the development, implementation, and use of developmental disability supports are represented. The law specifically requires that sixty percent of the membership of the Council be comprised of individuals with a developmental disability, their parents, or family members. Additionally, the following agencies are required to be on the Council: Department of Health; the agencies that administer funds provided under the Rehabilitation Act of 1973, the Individuals with Disabilities Education Act, the Older Americans Act of 1965, Titles V and XIX of the Social Security Act; the Protection and Advocacy Agency; the Centers for Excellence in Developmental Disability Education, Research, and Service; and agencies and private non-profit organizations concerned with services to individuals with developmental disabilities. Your Committee finds that the nominees meet the federal requirements for Council membership.

Your Committee received testimony in support of the nomination of Lani Bartholomew from the State Council on Developmental Disabilities, The Arc in Hawaii, and seven individuals.

Ms. Bartholomew served on the Council in the late 1980s but had to resign due to her work schedule. Over the past several years, Ms. Bartholomew has attended the State Council on Developmental Disabilities' annual Day at the Capitol event and recently joined the Self-Advocacy Advisory Council. She is a Job Empowerment Trainee with the Winners at Work Transitional Employment Program. She has also been an Instructor's Assistant in the Adult Day Program at The Arc in Hawaii. She has lived independently in The Arc in Hawaii apartments for the past twenty-nine years.

Testimony received by your Committee indicates that Ms. Bartholomew has a great understanding of issues faced by individuals with disabilities. She has great empathy for individuals who are less able to communicate and verbalize their wants and needs. Ms. Bartholomew has demonstrated to your Committee a strong motivation to utilize her efforts to make the community a better place for all.

Ms. Bartholomew indicated from her personal statement that she would like to serve on the Council because she is a person with disabilities and can be a voice for others who cannot communicate for themselves. She would like to work on the Council with other self-advocates, parents, and service providers to ensure that other people with disabilities have a better life.

Your Committee finds that Ms. Bartholomew's appointment would fulfill the federal requirement of having self-advocates represented on the Council. Your Committee also finds that Ms. Bartholomew's past work experience and experience living independently in the community would greatly assist the State Council on Developmental Disabilities in its activities to promote and increase employment opportunities and residential options for persons with developmental disabilities.

Your Committee received testimony in support of the nomination of Aaron M. Kemp from the State Council on Developmental Disabilities.

Mr. Kemp is an individual with a developmental disability who resides on Maui. He was appointed to the State Council on Developmental Disabilities on an interim basis in July 2010. He is a member of the Maui County Developmental Disabilities Committee, which serves as an advisory committee to the State Council on Developmental Disabilities.

Mr. Kemp is also a member of the State Council on Developmental Disabilities' Employment and Education Committee. He participates in discussions on how best to support people with developmental disabilities as they pursue postsecondary education, training, and employment opportunities.

Mr. Kemp indicated from his personal statement that he would like to serve on the Council because he often speaks with his friends on Maui and listens to their concerns, and would like to be able to help other people with disabilities. He values his past experience on the Council, and looks forward to changing policies that will allow people with developmental disabilities to live more independently.

Your Committee finds that Mr. Kemp's appointment would fulfill the federal requirement of having self-advocates represented on the Council. Your Committee also finds that his experience and perspective as a self-advocate will assist the Council in carrying out its activities to promote self-determination, independence, productivity, and integration for individuals with developmental disabilities.

Your Committee received testimony in support of the nomination of Tiffany Vara from the State Council on Developmental Disabilities, University of Hawai'i at Manoa Center on Disability Studies, Rehabilitation Hospital of the Pacific, Healthcare Association of Hawaii, and eight individuals.

Ms. Vara was appointed to the State Council on Developmental Disabilities on an interim basis in July 2010. She has been actively involved in various committees and boards in the community, including the Council's Health and Early Childhood Committee and the Developmental Disabilities Division's Outcome Planning Committee. She currently serves as an Advisory Board Member of the National Children's Study and on the National Family Advisory Board of the National Pediatric Acquired Brain Injury Plan/The Brain Project.

Ms. Vara has been a valuable member of the Health and Early Childhood Committee. She has brought to the attention of the Committee alternative methods of providing care to medically fragile children and their families. She has also contributed to the Health and Early Childhood Committee's work on improving health outcomes for individuals with developmental disabilities and has assisted with coordinating meetings and fostering discussions with hospital staff to increase awareness of the gynecological health needs of women with disabilities.

Testimony received by your Committee indicates Ms. Vara is a tireless volunteer and a sensitive, creative, reliable member of the community. She is a passionate advocate for children with disabilities and highly knowledgeable with regard to medical issues concerning children with disabilities.

Ms. Vara is the parent of a daughter with a brain injury. Ms. Vara expressed through her personal statement that one of her highest priorities as a member of the Council will be to ensure constructive, supportive, reliable ways to communicate with the developmentally disabled population and their families. As a member of the Council, she will serve as a voice of the developmentally disabled population and will strive to ensure that the actual needs and desires of these individuals are considered.

Your Committee finds that Ms. Vara's appointment would fulfill the federal requirement of having parents of individuals with developmental disabilities represented on the Council. Your Committee is confident that Ms. Vara's ongoing experience and perspective caring for her daughter, her passion for educating families and professionals on innovative practices, and her ability to communicate with health care providers and families will be a tremendous asset to the State Council on Developmental Disabilities.

Your Committee received testimony in support of the nomination of Josephine C. Woll from the State Council on Developmental Disabilities, University of Hawai'i at Manoa Center on Disability Studies, and Parents and Children Together.

Ms. Woll is a Registered Nurse by profession but has spent most of her career involved in early intervention services. She was the Director of Hawaii Easter Seal's Sultan School for thirteen years. The Early Intervention Program at Sultan School has been recognized as the premier program in Hawaii for infants and toddlers with disabilities and those at risk for disabilities. She has also served as a member of the Hawaii Early Intervention Coordinating Council for many years. As a parent, she was instrumental in founding a national organization called Family Voices, a family-led advocacy group that works to improve health care access for children with special health care needs.

Ms. Woll has been recognized on many occasions for her advocacy work on behalf of children with special needs, including the Council Service Award from the Hawaii Early Intervention Coordinating Council, and a Lifetime Achievement Award from the Special Parents Information Network. She was also recognized by the Legislature and the Governor in 2000 for her contributions in support of families and their children with special needs and for her work in support of special education.

Testimony received by your Committee indicates Ms. Woll has been a strong advocate over the last thirty years for children with special health needs in Hawaii. She has mentored countless families and supported them as they sought services for their children. She has proven her commitment to creating a responsive community environment of care for individuals with disabilities.

Ms. Woll is the parent of a daughter with developmental disabilities. Ms. Woll expressed through her personal statement that she welcomes the opportunity to serve on the Council because of its importance and service to those in the community who have developmental disabilities. She is confident that her extensive experience in the health and disabilities fields as a parent, consumer, and professional will allow her to bring insights to any Council deliberations.

Your Committee finds that Ms. Woll's appointment would fulfill the federal requirement of having parents of individuals with disabilities represented on the Council. Your Committee also finds that Ms. Woll's professional background and her extensive work experience in early intervention services would be a great asset for the Council in the areas of early childhood developmental and early identification for appropriate services.

As affirmed by the records of votes of the members of your Committee on Human Services that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, none.

**SCRep. 1335 Public Safety, Government Operations, and Military Affairs on Gov. Msg. Nos. 758, 759, 760, 761, 762, 763, 764, 765, 766, 767, 768, 769, 770, and 771**

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII AEROSPACE ADVISORY COMMITTEE

- G.M. No. 758 STEWART BURLEY, for a term to expire 6-30-2013;
- G.M. No. 759 LEEANN CRABBE, for a term to expire 6-30-2013;
- G.M. No. 760 STEPHEN DAY, for a term to expire 6-30-2013;
- G.M. No. 761 ROCKLIN GMEINER, for a term to expire 6-30-2013;
- G.M. No. 762 GALEN HO, for a term to expire 6-30-2013;
- G.M. No. 763 MICHAEL T. MABERRY, for a term to expire 6-30-2013;
- G.M. No. 764 MARK MCGUFFIE, for a term to expire 6-30-2013;
- G.M. No. 765 PETER MOUGINIS-MARK, for a term to expire 6-30-2013;
- G.M. No. 766 JAMES L. PASQUINO, for a term to expire 6-30-2013;
- G.M. No. 767 ELLIOT PULHAM, for a term to expire 6-30-2013;
- G.M. No. 768 PETER QUIGLEY, for a term to expire 6-30-2013;
- G.M. No. 769 STEVEN J. SKLADANEK, for a term to expire 6-30-2013;
- G.M. No. 770 DONALD STRANEY, for a term to expire 6-30-2013; and
- G.M. No. 771 DERRICK TSURUDA, for a term to expire 6-30-2013.

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Stewart Burley, LeeAnn Crabbe, Stephen Day, Rocklin Gmeiner, Galen Ho, Michael T. Maberry, Mark McGuffie, Peter Mougini-Mark, James L. Pasquino, Elliot Pulham, Peter Quigley, Steven J. Skladanek, Donald Straney, and Derrick Tsuruda to possess the requisite qualifications to be nominated to the Hawaii Aerospace Advisory Committee.

Your Committee received testimony in support of Stewart Burley from the Department of Business, Economic Development, and Tourism.

Stewart Burley has attended more than fifty schools for supervisory, management, environmental law, and engineering, which were variously under the auspices of the United States Navy, Pacific Missile Range Facility, Pearl Harbor Naval Base, and Monterey Naval Post Graduate School. He served in the United States Navy from 1955 to 1961, during which he attended the United States Navy Guided Missile School and was assigned to Barking Sands in various positions involving the Regulus Guided Missile. The nominee received an Honorable discharge as a GS-5 (Guided Missileman 2nd class).

After naval service, Mr. Burley continued in various federal civil service positions at the Pacific Missile Range Facility from 1968 to 2004. His work involved defense missile operations. He is currently with Strategic Theories Unlimited, LLC, a consulting firm.

Your Committee notes from Mr. Burley's personal statement that he believes that Hawaii can become a leader in the space industry because of its geographic location, which gives Hawaii the ability to launch in the equatorial and polar directions.

Your Committee received testimony in support of LeeAnn Crabbe from the Department of Business, Economic Development, and Tourism.

LeeAnn Crabbe is Vice President, Development and Operations, and Chief Financial Officer of the Queen Lili'uokalani Trust. Prior to that, she was with the Kamehameha Schools as the Strategic Plan Facilitator and Core Planning Team Leader; Director, Budget and Financial Planning; Manager, Budget and Financial Reporting; Operations Manager, Financial Asset Division; and Assistant to the Director of Finance. The nominee also worked previously for Price Waterhouse in Honolulu as a Senior Tax Consultant and Staff Accountant, Audit and Tax Departments. She received a Bachelor of Science degree from the University of San Francisco and is a Certified Public Accountant licensed in Hawaii.

The nominee is active in community affairs, including holding memberships on the Board of Trustees of Kawaihāo Church, as Treasurer; Urban Land Institute; United States National Council; Hawaii Leeward Planning Conference; Hawaii Island Economic Development Board, as Chair; Lambda Alpha (international real estate economics society), as a Board member; Hawaii Business Magazine Black Book; and Alakea Corporate Tower Association of Apartment Owners, as Vice President.

Your Committee received testimony in support of Stephen Day from the Department of Business, Economic Development, and Tourism.

Stephen Day has over thirty years experience in sales, marketing, business strategy, and general management in the space, telecommunications, information technology, chemical, textiles, and electronics industries in the United States, European, and Japanese markets. Between 1991 and 2009, the nominee was Chief Executive Officer and founder of International Ventures Associates (IVA LTD.), a private consulting and investment company providing strategic advice and alliance/investment support for telecommunications, information technology, and software industries. Before founding IVA, LTD. in 1991, Mr. Day spent nine years at COMSAT in a variety of senior management positions, including Vice President, Corporate Development, and Vice President Ventures, where he directed the commercialization of COMSAT's technology through licensing, joint ventures, new business spin-offs, and technology relationships.

Stephen Day is a board member of a high growth software company; has been a member of two National Aeronautics and Space Administration external advisory boards; and is Chair of the Japan-United States Science, Technology, and Space Applications Programs organization. He is an Adjunct Professor for the Master of Business Administration program at the Kogod business school at American University, a member of the Corporation Board at the Woods Hole Oceanographic Institute, and a Board member of Comrise China.

Your Committee notes from the nominee's personal statement that future accomplishments of the Aerospace Advisory Committee would include providing outside guidance to promote a vibrant, focused, specialized aerospace industry in Hawaii that capitalizes on Hawaii's competitive advantages in geographic location, workforce skills, educational and information technology infrastructure, and climate.

Your Committee received testimony in support of Rocklin Gmeiner from the Department of Business, Economic Development, and Tourism.

Rocklin Gmeiner is a 1968 graduate of the United States Naval Academy and a graduate of the United States Naval Test Pilot School. An active private pilot, he has accumulated over seven thousand hours in more than forty various aircraft. He is a member of the Society of Experimental Test Pilots.

Currently, Mr. Gmeiner is the Director of Federal/Civil Programs for Raytheon Companies. He is responsible for air traffic control, information technology, homeland security, unmanned aircraft systems, and Raytheon Services for the federal government. His operation serves as the focal point for communications between the government and Raytheon representatives in the federal and civil segment of Raytheon Companies. Prior to his employment with Raytheon, the nominee was a Captain in the United States Navy as the Program Manager for Air Traffic Control, Identification, and Landing System.

Your Committee notes from the testimony of the nominee that the Aerospace Advisory Committee is important to the future of Hawaii as a tourist attraction and as the leading site for space travel experimentation, test, and launch. Members of the Aerospace Advisory Committee need to bring their expertise and business acumen to the Committee to develop near-term and future business and test and experimentation capabilities to the Hawaii aerospace industry. The nominee believes that the Committee should explore further business opportunities for Hawaii companies and aerospace opportunities for the State, in order to grow this segment of Hawaii's future in space exploration. In addition, the nominee notes that the Committee should be aware of and encourage air transportation capabilities that bring more tourists to the islands and establish Hawaii as a key air traffic hub.

Your Committee received testimony in support of Galen Ho from the Department of Business, Economic Development, and Tourism.

Galen Ho retired from BAE Systems Inc. in 2007, and is currently the sole proprietor of Galen Enterprise LLC, a management consultant company in Massachusetts that focuses on business development, project performance, strategic thinking and planning, risk assessment methodologies, leadership and mentoring development, systems engineering, and knowledge management processes.

Galen Ho has served in a variety of leadership positions. From 1997 to 1999, he was Chief Executive Officer of Lockheed Martin Tactical Systems, United Kingdom, and President of Helo Systems for Lockheed Martin Federal Systems.

Your Committee notes from the personal statement of the nominee that he has served in an interim capacity on the Aerospace Advisory committee. He has thirty-seven years of experience in the aerospace industry, which enables him to define a viable aerospace strategy for Hawaii.

Your Committee received testimony in support of Michael T. Maberry from the Department of Business, Economic Development, and Tourism.

Since 2002, Michael T. Maberry has been the Assistant Director of the University of Hawaii Institute for Astronomy. Mr. Maberry has also served as the Haleakala High Altitude Observatory Site Superintendent and Observatory Foreman. Mr. Maberry has also been a member of the Maui Economic Development Board since 2000.

In his capacity as the Assistant Director of the Institute for Astronomy, the nominee is responsible for a variety of tasks, such as external relations and planning, directing, and coordinating actions and approvals involving federal, state, and county governments and the community at large. He initiates, monitors, and conducts studies and surveys, and represents the Director's office in the monitoring and support of non-institute facilities and programs. Mr. Maberry is also responsible for planning and directing the Institute for Astronomy's technical, engineering, marketing, and promotional activities for astronomical research, education, outreach, and advanced technical developments, high-tech business opportunities, and community relations at the Maunakea and Haleakala

observatories. He negotiates contracts and agreements on behalf of the Director with industry, state, and federal agencies, including matters affecting the budget.

Your Committee notes from the personal statement of the nominee that he believes we must be responsive and vigilant in order to ensure that Hawaii is well poised to take maximum advantage of its unique location in the Pacific Ocean and on Earth to capture opportunities in the exciting, lucrative, and clean technology field of aerospace.

Your Committee received testimony in support of Mark McGuffie from the Department of Business, Economic Development, and Tourism; First Insurance Company of Hawaii, Ltd.; Hawaiian Electric Company, Inc.; Enterprise Honolulu, Oahu Economic Development Board; and one individual.

Mark McGuffie has been the Managing Director of Enterprise Honolulu since 2008. As Managing Director, he is responsible for promoting and assisting business development from local, national, and international sources in the areas of astronomy and aerospace, education, workforce development, environmental system design, renewable energy, food security, and agricultural development. Previously, he served as the Executive Director of the Hawaii Island Economic Development Board.

The nominee has a thirty-five year career managing international luxury hotel and resort development and operations in the United Kingdom, France, Canada, Singapore, and the United States. He has held the positions of General Manager of The Manele Bay Hotel on Lanai; Resident Manager of the Mauna Lani Bay Hotel and Bungalows; and Resident Manager of the United Nations Plaza Hotel in New York City.

Mr. McGuffie's current professional affiliations include serving on the Boards of the Hawaii Science and Technology Institute; Economic Development Alliance Hawaii; and Experimental Program to Stimulate Competitive Research, and as a member of the Statewide Committee, a National Science Foundation program. He is the founder of Ulumau, the Hawaii Island Leadership Series. He currently holds an interim appointment to the Hawaii Aerospace Advisory Committee.

Your Committee notes from the personal statement of the nominee that he wishes to contribute a statewide perspective of aerospace-related industries to the Committee and serve the people of Hawaii by helping further develop aerospace-related initiatives. He will champion aerospace development projects, including submission of a successful application of a Spaceport license, attract new ventures to invest in aerospace in Hawaii, support curricula development for relevant topics within education systems statewide, and provide a linkage between education systems and industry for workforce development.

Your Committee received testimony in support of Peter Mouginis-Mark from the Department of Business, Economic Development, and Tourism.

Peter Mouginis-Mark is currently the Director of the Hawaii Institute of Geophysics and Planetology, University of Hawaii at Manoa, as well as the Director of the Sustainability Initiative at the University of Hawaii at Manoa. He is presently an interim member of the Hawaii Aerospace Advisory Committee.

Dr. Mouginis-Mark has served on numerous committees of the National Aeronautics and Space Administration as well as faculty committees of the University of Hawaii at Manoa. The nominee has a distinguished record of scientific research and publication.

Your Committee notes from the personal statement of the nominee that he believes that Hawaii needs to broaden its economic base and create high technology jobs that will keep our students in the islands after graduation. Aerospace offers the possibility of creating jobs in fields such as engineering and computer software design, and in related training and education activities. As a long-term faculty member at the University of Hawaii at Manoa with a particular interest in space research and engineering, he hopes to recommend the means to develop these opportunities. In addition, he states that one of the most exciting opportunities to grow the aerospace industry in Hawaii is the development of our own launch capability (through the Pacific Missile Range Facility); the design and construction of small satellites (in collaboration with the National Aeronautics and Space Administration Ames Research Center); and the establishment of our own command and control center here on Oahu. These activities will create a number of high-technology positions, as well as serve as a magnet to keep the best and brightest of our graduating engineering, computer science, and research scientists in the islands.

Your Committee received testimony in support of James L. Pasquino from the Department of Business, Economic Development, and Tourism.

James L. Pasquino is a retired Colonel in the United States Air Force. He is currently the Director, Honolulu Field Office, of The Boeing Company, Hawaii, which assists the United States Military, United States National Guard, and United States Coast Guard in Hawaii in determining and meeting their current and future requirements. He also has prior experience as a Strategic Analyst for General Dynamics Information Technology in Virginia.

During his career in the Air Force, Colonel Pasquino served in a variety of positions, including as Chief, United States Air Force Support Team, National Geospatial-Intelligence Agency; Chief, International Affairs, Headquarters Pacific Air Forces, Hawaii; Commander, Johnston Atoll Air Base; Commander, Manpower and Innovation, Headquarters Pacific Air Forces, Hawaii; and Chief, Legislative Liaison, Headquarters United States Atlantic Command, Virginia. Colonel Pasquino is an aviator with three thousand flying hours at Grand Forks Air Force Base in North Dakota and at Barksdale Air Force Base in Louisiana.

Your Committee notes from the personal statement of the nominee, that his experience allows him to provide insights from a major aerospace industry leader that is currently evaluating Hawaii's environment for business opportunities. His role and responsibilities on the Committee are to pursue opportunities to expand and diversify aerospace development in Hawaii with a focus on providing opportunities for higher-paying technical jobs. His goal is for Hawaii to be recognized as a center of excellence in aerospace.

Your Committee received testimony in support of Elliot Pulham from the Department of Business, Economic Development, and Tourism.

Elliot Pulham served as Civilian Adviser to the Secretary of the Air Force and Chief of Staff of the Air Force. He has more than a decade of experience in strategic planning, policy setting, finance and investment management, business administration, major project management, and employee, customer, and stakeholder relationship management.

The nominee has been the Chief Executive Officer and member of the Board of Directors of The Space Foundation since 2001, and served previously as the Foundation's Executive Vice President. Mr. Pulham joined The Boeing Company, Seattle, in 1988 as Manager of Internal and External Communications for its Boeing Aerospace Company division, where he was responsible for developing communication and management strategies in support of classified and unclassified space and high-technology programs. From 1992-1994, he was Director of Public Affairs for Boeing Missiles and Space Division, Huntsville, Alabama, where he was primarily responsible to build a national network of contractor public affairs teams to support the National Aeronautics and Space Administration International Space Station Team, which earned the award of the Public Relations Society of America's Silver Anvil Award. He also served as Director of Public Affairs and Advertising for Boeing's \$20,000,000,000 Defense and Space business unit, and ended his service as part of the Corporate Merger Team that integrated the various business units following Boeing's acquisition of Rockwell International and Boeing's merger with McDonnell Douglas Corporation.

Your Committee notes from information submitted by the nominee that the nominee's vision is to lead a meaningful for-profit or nonprofit enterprise in Hawaii in a senior executive position that will leverage his strengths and experience in more than two decades of progressive executive leadership at the national and international levels. His objective is to combine his experience as chief executive officer of a leading international non-profit organization, as a board member of several prestigious national organizations, and as a former executive with one of the world's largest high-technology companies to deliver unprecedented business success and results for a Hawaii-based organization.

Your Committee received testimony in support of Peter Quigley from the Department of Business, Economic Development, and Tourism and one individual.

Peter Quigley is currently a Professor of English and the Associate Vice President of Academic Affairs of the University of Hawaii Community College System. Prior to that, he served in other academic posts at the University of Hawaii, including Chancellor of the University of Hawaii Leeward Community College.

Your Committee notes from the personal statement of the nominee that he has worked with aerospace and aviation programs, industries, students, donors, and faculty for twenty-two years as a Professor, Chair, and Dean at Embry Riddle University, an aviation and aerospace university, where he worked on many projects in aviation and aerospace engineering and computer science. He created programs in space physics and created the first security and intelligence program in the nation, which was especially necessary as aviation security became increasingly important. In addition, the nominee supported faculty grant writing for aerospace and aviation research such as remote sensing. He has directed an international conference on aviation communication.

Your Committee received testimony in support of Steven J. Skladanek from the Department of Business, Economic Development, and Tourism.

Steven J. Skladanek is currently the Marketing Director at Lockheed Martin Commercial Launch Services, serving as the initial and primary spokesman for Lockheed Martin Commercial Launch Services to market to potential Atlas customers and interested communities. He plans and coordinates strategies to enhance the marketability of Atlas.

The nominee has experience at Lockheed Martin Space Systems Company as Manager of Business Development, Government Relations Representative, and Systems Engineer. He was also with the management consulting firm of Booz Allen & Hamilton, where he assessed launch vehicle and launch site integration activities associated with various government space programs, such as UHF-FO, NLS, Space Station Freedom, and "Star Wars" spacecraft. Mr. Skladanek has actively participated in the aerospace industry for twenty-eight years in fields that include human spaceflight, commercial and government launch services, defense systems, and government relations.

Your Committee notes from the personal statement of the nominee that the Hawaii aerospace community is leading national discussions regarding future destinations with unmatched resources to enable exploration of other worlds. Hawaii is ideally located geographically and culturally to foster the international cooperation that will be required to achieve these goals. As an aerospace professional, he wishes to help Hawaii and the nation in creating the next great advancement in the exploration of space. His experience with Lockheed Martin enables him to have a diverse and global business perspective.

Your Committee received testimony in support of Donald Straney from the Department of Business, Economic Development, and Tourism.

Donald Straney is currently the Chancellor of the University of Hawaii at Hilo. His experience includes serving as Dean of the College of Science and Professor of Biological Sciences at the California State Polytechnic University, Pomona.

Dr. Straney has been a member of the National Science Foundation, Center for the Integration of Research, Teaching and Learning, National Advisory Board since 2003. Dr. Straney is also a member of the Graduate Research Training Grant Panel, Dissertation Improvement Grant Review Panel, and Biological Instrumentation Review Panel at the National Science Foundation.

Your Committee notes from the personal statement of the nominee that he welcomes the opportunity to advance aerospace development in Hawaii. Prior to becoming the Chancellor of the University of Hawaii at Hilo, he served as Dean of Science at California State Polytechnic University. Prior to that, he spent twenty-three years at Michigan State University, a university that consistently leads the nation in using applied science to advance the public good. He believes his professional experience in higher education and scientific research would bring valuable perspectives to the Hawaii Aerospace Advisory Committee and its mission.

Your Committee received testimony in support of Derrick Tsuruda from the Department of Business, Economic Development, and Tourism.

Derrick Tsuruda is a State Educational Specialist for Science for the Department of Education. The nominee is active in various school organizations in the Leeward district and coaches basketball at Leeward district schools. With his experience in public school teaching and education, Mr. Tsuruda can recommend scientific and educational strategies and policies as they pertain to the growth of the aerospace industry in Hawaii. Aerospace is a relevant field for students to apply what they have learned in the classroom, which is consistent with an emphasis on science, technology, engineering, and mathematics education (STEM).

Your Committee notes from the personal statement of the nominee that it is important that the Hawaii Aerospace Advisory Committee include people from various areas: the general aerospace industry, the aerospace industry specific to Hawaii, investment banking, economic development boards from our neighbor islands, and public school and post-secondary education. All areas have a stake in the present and future of the aerospace industry in Hawaii. As a State Educational Specialist for Science for the Department of Education, he brings a unique perspective. He is able to make the connections between what happens in the classroom in terms of content and curriculum, and the real-life skills that our graduates need to have in order to be successful in careers like those in the aerospace industry. He will collaborate with his post-secondary counterparts so that the momentum engendered in the secondary years is carried forward into college.

Your Committee believes that each nominee brings unique and outstanding credentials that can support the Hawaii Aerospace Advisory Committee's mandate under section 201-72.5, Hawaii Revised Statutes, to advise and assist the Legislature and state agencies in monitoring, assessing, and promoting aerospace development statewide, among other things.

As affirmed by the records of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Ryan, Slom).

**SCRep. 1336 Health on Gov. Msg. No. 643**

Recommending that the Senate advise and consent to the nominations of the following:

HEALTH PLANNING COUNCIL, HAWAII COUNTY SUBAREA

G.M. No. 643 AMY DOFF, for a term to expire 6-30-2015.

Your Committee has reviewed the personal history, resume, and statement submitted by Amy Doff and finds that the nominee's experience in public health policy and management make her well-qualified for a position on the Health Planning Council, Hawaii County Subarea.

Your Committee received testimony in support of the nomination of Amy Doff from the Department of Health and three private citizens.

Ms. Doff has been a resident of the Big Island for the past nine years and has been actively involved in the community through her work with the Healthy Hawai'i Initiative Evaluation Team as a Graduate Research Assistant and other volunteer outreach work in the area of public health. Ms. Doff has a Bachelor of Arts degree in Anthropology from the University of Hawaii at Hilo and a Master of Public Health degree from the University of Hawaii at Manoa. From 2009 to 2010, she served as the Chair of Hui Ola Pono, an organization focused on the delivery of services, education, and training of health professionals and paraprofessionals within the University of Hawaii at Manoa School of Nursing and Dental Hygiene. Ms. Doff also possesses a strong research background with experience performing quantitative and qualitative data input and statistical analysis.

Ms. Doff has written and published numerous reports on various health-related topics such as creating active living communities, physical education, and nutrition education. She has demonstrated a passion for advocating for the health and well-being of Hawaii's rural, immigrant, and homeless populations, and Ms. Doff will bring a broad perspective in public health, particularly in the area of health policy, to the Health Planning Council, Hawaii County Subarea.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Nishihara, Wakai, Slom).

**SCRep. 1337 Health on Gov. Msg. No. 644**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF CERTIFICATION OF OPERATION PERSONNEL IN WASTEWATER TREATMENT PLANTS

G.M. No. 644 KEVIN NAKAMURA, for a term to expire 6-30-2015.

Your Committee has reviewed the personal history, resume, and statement submitted by Kevin Nakamura and finds that Mr. Nakamura is a well-qualified nominee for the position on the Board of Certification of Operation Personnel in Wastewater Treatment Plants.

Your Committee received testimony in support of the nomination of Kevin Nakamura from the Department of Health, Hawai'i Water Environment Association, and five private citizens.

Mr. Nakamura has over twenty-one years of wastewater treatment plant experience. Mr. Nakamura holds a Grade IV Wastewater Treatment Plant Operator certificate and is currently a Wastewater Treatment Plant Operations Superintendent for Aqua Engineers,

Inc. In his current role, Mr. Nakamura supervises fourteen employees and is responsible for the overall management of the wastewater system, which includes the wastewater treatment plant and collection system for the Schofield Barracks Military Base. In his previous employment at the Division of Wastewater Treatment and Disposal at the Department of Environmental Services, City and County of Honolulu, Mr. Nakamura oversaw the work of four employees and planned, coordinated, and directed the long-range goals and objectives of a specific wastewater treatment region. Mr. Nakamura was also responsible for budget review and planning.

Mr. Nakamura has a Bachelors of Arts degree in History from the University of Hawaii at Manoa and has completed numerous statewide wastewater operator training courses. Mr. Nakamura is a member of the Hawaii Water Environment Association and will represent the Association on the Board. Mr. Nakamura's excellent work has not gone unnoticed. In 2001, Mr. Nakamura was named the Employee of the Quarter by the City and County of Honolulu Division of Wastewater Treatment and Disposal, and in 1996, he received the Association's William D. Hatfield Award, which is given to a wastewater treatment plant operator who has shown outstanding performance and professionalism.

Your Committee finds that Mr. Nakamura's technical and operational knowledge of wastewater treatment facilities will add value to the Board of Certification of Operation Personnel in Wastewater Treatment Plants.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Nishihara, Wakai, Slom).

**SCRep. 1338 Health on Gov. Msg. Nos. 705 and 706**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF HEALTH

G.M. No. 705 VINCENT LEE, for a term to expire 6-30-2015; and

G.M. No. 706 MARK YAMAKAWA, for a term to expire 6-30-2015.

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Vincent Lee and Mark Yamakawa to possess the requisite qualifications to be nominated to the Board of Health.

Your Committee received testimony in support of the nomination of Vincent Lee from the Department of Health, Hawaii Health Systems Corporation, Healthcare Association of Hawaii, and three private citizens.

Upon review of the testimony, your Committee finds that Mr. Lee's health care, community programming, and public health experience qualifies him for appointment to the Board of Health.

Mr. Lee has more than forty years serving in the health care industry in multiple capacities, serving as a clinical social worker at the beginning of his career and advancing to a health care executive. Mr. Lee has worked in the private and public sectors, which has helped to further his understanding of public health issues in communities throughout the State. Mr. Lee currently serves as the Regional Chief Executive Officer of Leahi Hospital where he is responsible for executive leadership and ongoing management, including but not limited to planning, human resources management, quality control of health care, and fiscal management.

Throughout his career, Mr. Lee has been instrumental in the establishment and facilitation of numerous community hospital health initiatives that have served as effective models in the continuum of health care provisions for acute, nursing home, and community-based care. Mr. Lee has demonstrated a commitment to public service by serving on the Governor's Hawaii State Commission on Persons with Disabilities and chairing the State Emergency Medical Services Commission.

Mr. Lee has a Bachelor of Arts degree in Sociology from the University of Hawaii; a Master of Social Work degree from George Williams College; and a Master of Public Health degree from the University of Hawaii, School of Public Health.

Your Committee finds that Mr. Lee's extensive knowledge and experience in the health care field will make him a valuable member of the Board of Health.

Your Committee received testimony in support of the nomination of Mark Yamakawa from the Department of Health, Hawaii Government Employees Association, Healthcare Association of Hawaii, and three private citizens.

Upon review of the testimony, your Committee finds that Mr. Yamakawa's extensive experience in health care administration, planning, and systems development qualifies him for appointment to the Board of Health.

Mr. Yamakawa currently serves as the Executive Vice President/Chief Operating Officer at The Queen's Medical Center and has worked on various assignments throughout The Queen's Health Systems for over twenty-five years. In his capacity as Executive Vice President/Chief Operating Officer, Mr. Yamakawa is responsible for the operations of The Queen's Medical Center, which includes over one thousand physicians and nearly five thousand employees. Mr. Yamakawa also served as the President of The Queen's Development Corporation and the Vice President of Corporate Development for The Queen's Health Systems.

Mr. Yamakawa has a Bachelor of Science degree in Industrial Engineering and Operations Research from the University of California, Berkeley and a Master of Business Administration in Finance and Decision Sciences from the University of Hawaii at Manoa.

Mr. Yamakawa currently serves on the Board of Directors of Lanakila Pacific Foundation, Child and Family Service, CareResource Hawaii, University Health Alliance, and Diagnostic Laboratory Services, Inc.

Your Committee finds that Mr. Yamakawa is committed to improving the health of his community and the residents of the State as a whole and he will bring strong leadership to the Board of Health.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Chun Oakland, Wakai, Slom).

**SCRep. 1339 Health on Gov. Msg. No. 707**

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII ADVISORY COMMISSION ON DRUG ABUSE AND CONTROLLED SUBSTANCES

G.M. No. 707 HEATHER LUSK, for a term to expire 6-30-2015.

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Heather Lusk to possess the requisite qualifications to be nominated to the Hawaii Advisory Commission on Drug Abuse and Controlled Substances.

Your Committee received testimony in support of the nomination of Heather Lusk from the Department of Health, The Drug Policy Forum of Hawaii'i, Malama Pono Health Services, The Drug Policy Action Group, and six private citizens.

Upon review of the testimony, your Committee finds that Ms. Lusk's experience with drug prevention and substance abuse treatment services makes her well-qualified for appointment to the Hawaii'i Advisory Commission on Drug Abuse and Controlled Substances.

Ms. Lusk has extensive experience within the public health field. Ms. Lusk currently serves as the Hepatitis C Coordinator within the Department of Health where she develops and implements Hawaii's viral hepatitis prevention programs and implements the hepatitis C strategic plan for the State. Prior to assuming her current position, Ms. Lusk served as a Trainer at the California STD/HIV Prevention Training Center where she facilitated and evaluated trainings and workshops for health and social service providers.

Ms. Lusk's commitment to promoting awareness of blood-borne diseases has been demonstrated through her work conducting training courses, building a collaborative environment for health and social service providers, and fostering the integration of drug treatment and health services statewide.

Ms. Lusk has a Bachelor of Arts degree in Psychology from Michigan State University and currently serves on the Board of Directors of Harm Reduction Hawaii, Hawaii Immunization Coalition, and The Drug Policy Forum of Hawaii.

Ms. Lusk has worked with youth, active drug users, persons in substance abuse recovery, and incarcerated individuals and has been an active participant working with communities affected by drugs.

Your Committee finds that Ms. Lusk will bring critical knowledge of substance abuse-related issues to the Hawaii'i Advisory Commission on Drug Abuse and Controlled Substances.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Chun Oakland, Wakai, Slom).

**SCRep. 1340 Health on Gov. Msg. Nos. 708 and 709**

Recommending that the Senate advise and consent to the nominations of the following:

STATE COUNCIL ON MENTAL HEALTH

G.M. No. 708 CHARLENE DARABAN, for a term to expire 6-30-2015; and

G.M. No. 709 THERESA MINAMI, for a term to expire 6-30-2015.

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Charlene Daraban and Theresa Minami to possess the requisite qualifications to be nominated to the State Council on Mental Health.

Your Committee received testimony in support of the nomination of Charlene Daraban from the Department of Health and Hawaii'i Families as Allies.

Upon review of the testimony, your Committee finds that Ms. Daraban's experience working with families of children with mental health-related issues qualifies her for appointment to the State Council on Mental Health.

For over twenty years, Ms. Daraban has been an advocate for families of children with emotional or behavioral challenges. Ms. Daraban is currently a Consumer Family Relations Specialist for Hawaii'i Families As Allies, a nonprofit organization with a mission to support families of children with emotional or behavioral issues. In her current role, Ms. Daraban provides site visitation and supervision services, conducts staff training, and provides technical assistance and support services. Prior to assuming her current role, Ms. Daraban served as a Family Court Coordinator/Youth Program Assistant for Hawaii'i Families As Allies where she established and facilitated support groups to bring together members of families served by Child Welfare Services, Family Court, and juvenile justice agencies.

Ms. Daraban has been a strong advocate for children and families dealing with the struggles that emotional and behavioral disorders present, and your Committee finds that as a parent of a son facing mental health issues, she will bring much needed representation of this particular constituency to the State Council on Mental Health.

Your Committee received testimony in support of the nomination of Theresa Minami from the Department of Health, Department of Human Services, Mental Health America of Hawai'i, and one private citizen.

Upon review of the testimony, your Committee finds that Ms. Minami's experience in mental health, substance abuse, developmental disabilities, and domestic violence qualify her for appointment to the State Council on Mental Health.

Ms. Minami currently serves as an Assistant Program Administrator at the Department of Human Services, Child Welfare Services Branch. Prior to joining the Department of Human Services, Ms. Minami served as an Adjunct Instructor at Hawaii Pacific University's Department of Communication. Ms. Minami also worked as a Developmental Disabilities/Mental Retardation Medicaid Waiver Liaison and Program Specialist at the Department of Health's Developmental Disabilities Division, Case Management and Information Services Branch. During her tenure at the Department of Human Services, Ms. Minami participated with several interagency and community groups including the Child and Adolescent Mental Health Task Force, Transition Aged Youth Task Force, and the Hawai'i State Coalition Against Domestic Violence Oversight Body for the Strategic Statewide Plan implementation.

Ms. Minami has been instrumental in the implementation of the Department of Human Service's highly successful Differential Response System, which has significantly reduced the number of children in foster care through the enhanced assessment and provision of voluntary services to children and families at risk.

Ms. Minami has a Bachelor of Arts degree in Speech Communications from Colorado State University and a Master of Arts degree in Communication from Hawaii Pacific University.

Your Committee finds that Ms. Minami will bring the knowledge and experience gained from her extensive work in the public health sector to the State Council on Mental Health.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Chun Oakland, Wakai, Slom).

**SCRep. 1341 Health on Gov. Msg. Nos. 710, 711, and 712**

Recommending that the Senate advise and consent to the nominations of the following:

**MENTAL HEALTH AND SUBSTANCE ABUSE, HAWAI'I SERVICE AREA BOARD**

G.M. No. 710 ALICE L. BRATTON, for a term to expire 6-30-2015;

G.M. No. 711 CHRISTOPHER HOLSCHUH, for a term to expire 6-30-2015; and

G.M. No. 712 STACY KUWATA, for a term to expire 6-30-2015.

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Alice L. Bratton, Christopher Holschuh, and Stacy Kuwata to possess the requisite qualifications to be nominated to the Mental Health and Substance Abuse, Hawai'i Service Area Board.

Your Committee received testimony in support of the nomination of Alice L. Bratton from three private citizens.

Upon review of the testimony, your Committee finds that Ms. Bratton's mental health experience qualifies her for appointment to the Mental Health and Substance Abuse, Hawai'i Service Area Board.

Ms. Bratton currently serves as a Parent Partner at Hawaii Families As Allies where she is responsible for providing support to families with children who have emotional or behavioral challenges in North and West Hawaii through the use of workshops and support groups. Ms. Bratton also assists families in navigating through the often complex system of care. Ms. Bratton frequently collaborates with a variety of community stakeholders to facilitate trainings and networking opportunities for families and service providers.

Ms. Bratton has a Bachelor of Social Work degree from Indiana University and a Master of Arts degree in Teaching from the School for International Training. She is a Parent Co-Chair of the Kona Children's Community Council and a member of the North Hawaii Children's Community Council.

Your Committee finds that Ms. Bratton has been an effective supporter of parents of children with mental health needs, and her dedicated and constructive approach will be an asset to the Mental Health and Substance Abuse, Hawai'i Service Area Board.

Your Committee received testimony in support of the nomination of Christopher Holschuh from the Department of Health.

Upon review of the testimony, your Committee finds that Mr. Holschuh's experience in the customer service industry, coupled with his active participation within his community, qualifies him for appointment to the Mental Health and Substance Abuse, Hawai'i Service Area Board.

Mr. Holschuh has been a long-time resident of the Big Island, graduating from Hawaii Preparatory Academy and continuing on to a career in the customer service industry. Through his community involvement, Mr. Holschuh became a member of the Hale Oluea Clubhouse Advocacy Group, an adult mental health and addiction treatment organization. Mr. Holschuh is regularly involved in the organization's activities, including fundraising and community advocacy programming.

Your Committee finds that Mr. Holschuh will be a positive addition as a consumer representative to the Mental Health and Substance Abuse, Hawaii Service Area Board.

Your Committee received testimony in support of the nomination of Stacy Kuwata from the Department of Health.

Upon review of the testimony, your Committee finds that Mr. Kuwata's experience with respect to community outreach for mental health services qualifies him for appointment to the Mental Health and Substance Abuse, Hawai'i Service Area Board.

Mr. Kuwata is a graduate of the Kaimuki High School and the Kapiolani Community College. He has been an active member of the Kona Paradise Club House on the Big Island for the past five years and has served on the Advisory Board of the Kona Paradise Club, as well as the Board of Directors for the Hale Aikane program, a nonprofit organization that provides mental health treatment and crisis intervention services. As a member of the Kona Paradise Clubhouse, Mr. Kuwata has participated in numerous conferences and was instrumental in bringing a consumer perspective to the Big Island Transportation Coalition, a group charged with investigating the transportation challenges on the Big Island.

Your Committee finds that Mr. Kuwata's consumer advocacy work and understanding of the needs of mental health service recipients make him well-qualified for appointment to the Mental Health and Substance Abuse, Hawai'i Service Area Board.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Chun Oakland, Wakai, Slom).

**SCRep. 1342 Health on Gov. Msg. Nos. 716, 717, and 718**

Recommending that the Senate advise and consent to the nominations of the following:

RADIOLOGIC TECHNOLOGY BOARD

G.M. No. 716 JODI ANN NAKAOKA, for a term to expire 6-30-2013;

G.M. No. 717 KATHLEEN ANN SUGAI, for a term to expire 6-30-2013; and

G.M. No. 718 ANITA L. TU'UA, for a term to expire 6-30-2014.

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Jodi Ann Nakaoka, Kathleen Ann Sugai, and Anita L. Tu'ua to possess the requisite qualifications to be nominated to the Radiologic Technology Board.

Your Committee received testimony in support of the nomination of Jodi Ann Nakaoka from the Department of Health and six private citizens.

Upon review of the testimony, your Committee finds that Ms. Nakaoka's experience in the radiologic technology field, along with her teaching credentials, makes her well-qualified for appointment to the Radiologic Technology Board.

Ms. Nakaoka has an Associate of Science degree in Radiologic Technology from Kapiolani Community College, a Bachelor of Arts degree in Biology from the University of Hawaii at Manoa, and a Master of Education degree from the University of Hawaii at Manoa.

Ms. Nakaoka has been a radiographer and mammographer for more than fifteen years and is currently the Program Director for the Radiologic Technology Program at the Kapiolani Community College and a Diagnostic/Screening Mammography Technologist at Wahiawa General Hospital. As Program Director, Ms. Nakaoka conducts all classroom instruction for the Program. Prior to her current role, Ms. Nakaoka served as the Clinical Coordinator for the Radiologic Technology Program.

Ms. Nakaoka's commitment to preserving and improving the quality of radiological technology services throughout the State is evidenced by her work educating future radiologic technologists and instructing on radiation safety. Your Committee finds that Ms. Nakaoka will bring a unique educational perspective to the Radiologic Technology Board.

Your Committee received testimony in support of the nomination of Kathleen Ann Sugai from the Department of Health.

Upon review of the testimony, your Committee finds that Ms. Sugai's background in radiology and mammography services make her well-qualified for appointment to the Radiologic Technology Board.

Ms. Sugai has worked in the radiologic technology field since the 1970s and is currently a Radiologic Technologist and Imaging Manager at The Queen's Medical Center and a Diagnostic/Screening Mammography Technologist at Wahiawa General Hospital. Ms. Sugai has served as the President of the Hawaii Society of Radiologic Technologists and is also a former member of the Radiologic Technology Board. She also provides specialized training for radiographers who want to become mammographers.

Your Committee finds that Ms. Sugai has made significant contributions in the field and her experience in radiography will be advantageous to the Radiologic Technology Board.

Your Committee received testimony in support of the nomination of Anita L. Tu'ua from the Department of Health.

Upon review of the testimony, your Committee finds that Ms. Tu'ua's experience in radiology and mammography qualify her for appointment to the Radiologic Technology Board.

Ms. Tu'ua has worked in the radiologic technology field since 1974 and is currently employed at the Wahiawa General Hospital as a Diagnostic/Screening Mammography Technologist and at The Queen's Medical Center as a Radiologic Technologist and Imaging Manager. She served previously on the Radiologic Technology Board in the 1970s. Her past employment experience includes general

radiology, computerized tomography, and research in the area of breast cancer detection. Ms. Tu'ua also provides specialized training for radiographers wishing to become mammographers.

Ms. Tu'ua has a Bachelor of Arts degree in Psychology from the University of Hawaii at Manoa and has traveled extensively to attend seminars on issues pertaining to the field of radiologic technology.

Your Committee finds that Ms. Tu'ua's background, extensive work experience, and knowledge of radiology will be beneficial to the Radiologic Technology Board.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Chun Oakland, Wakai, Slom).

**SCRep. 1343 Health on Gov. Msg. Nos. 719, 720, and 721**

Recommending that the Senate advise and consent to the nominations of the following:

EMERGENCY MEDICAL SERVICES ADVISORY COMMITTEE

G.M. No. 719 ALAN KIMURA, for a term to expire 6-30-2012;

G.M. No. 720 ZACHARY OCTAVIO, for a term to expire 6-30-2014; and

G.M. No. 721 KARLSON PUNG, for a term to expire 6-30-2015.

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Alan Kimura, Zachary Octavio, and Karlson Pung to possess the requisite qualifications to be nominated to the Emergency Medical Services Advisory Committee.

Your Committee received testimony in support of the nomination of Alan Kimura from the Department of Health, American Medical Response, and one private citizen.

Upon review of the testimony, your Committee finds that Mr. Kimura's experience working within his community qualifies him for appointment to the Emergency Medical Services Advisory Committee.

Mr. Kimura is a former State Health Planning and Development Agency (SHPDA) Commissioner and Chairman. He served the country as a member of the United States Air Force and Hawaii Air National Guard. Throughout all of his positions, Mr. Kimura demonstrated a strong work ethic and leadership skills. One testifier also noted Mr. Kimura's positive contributions to group discussions and knowledge about the needs and resources of Kauai, which are qualities that will enable Mr. Kimura to effectively serve as a consumer representative for Kauai.

Your Committee finds that Mr. Kimura will bring an array of valuable community experiences to the Emergency Medical Services Advisory Committee.

Your Committee received testimony in support of the nomination of Zachary Octavio from the Department of Health.

Upon review of the testimony, your Committee finds that Mr. Octavio's experience with paramedic operations management qualifies him for appointment to the Emergency Medical Services Advisory Committee as the Allied Health representative.

Mr. Octavio currently serves as the Paramedic Operations Manager for American Medical Response where he is responsible for the day-to-day operations of its Kauai branch. Mr. Octavio has over twenty-eight years of experience in the emergency medical services industry, starting his career as an emergency medical technician with Kauai Veterans Memorial Hospital. Mr. Octavio is currently a member of the SHPDA Subarea Council and the EMSIPS Advisory Committee.

Your Committee finds that Mr. Octavio's emergency medical service knowledge will add valuable contributions to the Emergency Medical Services Advisory Committee.

Your Committee received testimony in support of the nomination of Karlson Pung from the Department of Health and American Medical Response.

Upon review of the testimony, your Committee finds that Mr. Pung's experience in the emergency medical services field qualifies him for appointment to the Emergency Medical Services Advisory Committee.

Mr. Pung has twenty years of experience in the emergency medical services industry. Mr. Pung is currently the Operations Manager for Hawaii County at American Medical Response where he plays a key role in employee relations and is a liaison between American Medical Response and the Hawaii County Fire Department. Mr. Pung continues to work occasionally in the field as a paramedic. He also serves on the SHPDA Sub-Area Council Board.

Your Committee finds that with his fourteen years of management experience and field work training, Mr. Pung will add valuable knowledge to the Emergency Medical Services Advisory Committee.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Chun Oakland, Wakai, Slom).

**SCRep. 1344 (Joint) Tourism and Education on H.C.R. No. 273**

The purpose of this measure is to request the School of Travel Industry Management at the University of Hawaii at Manoa to develop enhancements for the tourism-related capabilities of the University of Hawaii Economic Research Organization Data Portal, develop an online tutorial, and provide regular in-person training seminars to visitor industry professionals on how to use the Data Portal to assist in decision-making. The intent of this measure is to provide additional market analysis tools to assist industry professionals in making business decisions to further enhance Hawaii's tourism industry.

Your Committees received testimony in support of this measure from the University of Hawaii Economic Research Organization and the School of Travel Industry Management at the University of Hawaii at Manoa.

Your Committees find that the volatile nature of the travel and tourism industries requires that professionals in these fields have a clear understanding of market data and trends and how to use such data and trends in short- and long-term strategic business planning and management. This measure will provide system enhancements to assist industry professionals in the deliverance of quality tourism services and market planning. Your Committees also find that there is a need for greater efficiency with respect to the way travel-related data is entered and stored in order to prevent the duplication of services, streamline the data entry process, and save taxpayer money.

Accordingly, your Committees have amended this measure by:

- (1) Requesting the University of Hawaii Economic Research Organization, the Department of Business, Economic Development, and Tourism, and the Hawaii Tourism Authority to work together to examine ways to consolidate the data portals currently used to store and monitor tourism-related data in order to:
  - (A) Prevent the duplication of services;
  - (B) Eliminate wasteful spending that occurs at the taxpayers' expense; and
  - (C) Ensure that the data is stored and monitored in the most effective and cost-efficient manner for the State of Hawaii;
- (2) Requesting the University of Hawaii Economic Research Organization, the Department of Business, Economic Development, and Tourism, and the Hawaii Tourism Authority to submit a report to the Legislature no later than twenty days prior to the convening of the 2012 Regular Session summarizing their findings and recommendations on ways to consolidate the data portals;
- (3) Amending its title accordingly; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Tourism and Education that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 273, as amended herein, and recommend its adoption in the form attached hereto as H.C.R. No. 273, S.D. 1.

Signed by the Chairs on behalf of the Committees.  
Ayes, 8. Noes, none. Excused, 2 (Chun Oakland, Nishihara).

**SCRep. 1345 Economic Development and Technology on Gov. Msg. Nos. 688 and 689**

Recommending that the Senate advise and consent to the nominations of the following:

COMMUNITY-BASED ECONOMIC DEVELOPMENT ADVISORY COUNCIL

G.M. No. 688 MARY ANN MANAHAN, for a term to expire 6-30-2015; and

G.M. No. 689 SHARON SAKAMOTO, for a term to expire 6-30-2015.

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Mary Ann Manahan and Sharon Sakamoto to possess the requisite qualifications to be nominated to the Community-Based Economic Development Advisory Council.

Your Committee received testimony in support of the nomination of Mary Ann Manahan from the Department of Business, Economic Development, and Tourism; Hawaii Friends of Civil Rights; Nursing Advocates & Mentors, Inc.; Filipino Coalition for Solidarity; Filipino American Citizens League; United Filipino Council of Hawaii; Oahu Filipino Community Council; and one individual.

Mary Ann Manahan is a business and finance manager, most recently serving as Vice-President for AXA Advisors and prior to that position, as a Manager and Financial Services Associate at Prudential Financial, both in Honolulu. She was a 2008 member of the Million Dollar Round Table, an international, independent association of life insurance and financial services professionals from four hundred sixty-four companies in more than eighty nations and territories, and was also honored by the organization with the Rookie of the Year Award in 2007. She is a graduate of De La Salle University, Manila, Philippines, with a Bachelor of Science in Economics and Bachelor of Science in Finance.

Your Committee received testimony in support of the nomination of Sharon Sakamoto from the Department of Business, Economic Development, and Tourism; Hawaii Credit Union League; and University of Hawai'i Federal Credit Union.

Sharon Sakamoto is Vice President for Finance and Compliance at the University of Hawai'i Federal Credit Union, where she is responsible for strategic planning, including designing and implementing new products and services for members. She previously served in senior management positions at Hickam Federal Credit Union for over fifteen years and has over twenty-five years of accounting and financial experience. Ms. Sakamoto is a graduate of the University of Hawaii at Manoa with a Bachelor of Business

Administration and holds a Master of Business Administration with a concentration in Accounting and Information Systems from Claremont Graduate School. She has been licensed as a Certified Public Accountant in Hawaii since 1988.

As affirmed by the records of votes of the members of your Committee on Economic Development and Technology that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Solomon).

**SCRep. 1346 Economic Development and Technology on Gov. Msg. Nos. 585 and 696**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF DIRECTORS OF THE HAWAII STRATEGIC DEVELOPMENT CORPORATION

G.M. No. 585 KEIKI-PUA S. DANCIL, for a term to expire 6-30-2015; and

G.M. No. 696 JON WALLENSTROM, for a term to expire 6-30-2015.

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Keiki-Pua S. Dancil and Jon Wallenstrom to possess the requisite qualifications to be nominated to the Board of Directors of the Hawaii'i Strategic Development Corporation.

Your Committee received testimony in support of the nomination of Keiki-Pua S. Dancil from the Hawaii Strategic Development Corporation, High Technology Development Corporation, Office of Hawaiian Affairs, Enterprise Honolulu, Oceanit, Puko'a Scientific, and one individual.

Keiki-Pua S. Dancil is President of the Hawaii Science and Technology Council and Chief Executive Officer of the Hawaii Science and Technology Institute, both of which are not-for-profit organizations with member companies representing science and technology businesses in Hawaii. Prior to that, she was Executive Vice President for Synedgen, Inc., and Hawaii Chitopure, Inc., companies focusing on commercial applications of biomaterials, and Director of Research and Development with Trex Enterprises Corporation in Hawaii and California. Ms. Dancil is a graduate of Santa Clara University, and holds a Doctor of Philosophy in Chemistry from the University of California, San Diego, and a Master of Business Administration from Harvard Business School. She is the author of numerous scientific publications and holds several biotechnology patents. Ms. Dancil is active in professional and community organizations, serving as a Board member of PBS Hawaii and as a Panelist and Participant of the Kamehameha Schools Bishop Estate Strategic Planning Committee.

Your Committee received testimony in support of the nomination of Jon Wallenstrom from the Hawaii Strategic Development Corporation, Hawaii Housing Finance and Development Corporation, Pacific Resource Partnership, Vitus Development LLC, and four individuals.

Jon Wallenstrom is the President of Forest City Hawaii, and is responsible for managing Forest City's partnership with the State of Hawaii to develop over 2,300 homes on the Island of Hawaii in a mixed-use, mixed-income project, which will bring approximately \$750,000,000 in new development to the State. The company is also developing two photovoltaic farms designed to add approximately four megawatts of renewable energy on the Hawaii grid, and Mr. Wallenstrom has extensive experience in the development of energy-efficiency projects in Hawaii as well as in the Washington, D.C. and mid-Atlantic areas. He holds a Bachelor of Arts from Princeton University and has won numerous awards in recognition of his design and historic renovation efforts. Mr. Wallenstrom is an active member of the Honolulu Urban Land Institute District Council, Hawaii Business Roundtable, and the Board of the Honolulu Theatre Center, among other professional and community organizations.

As affirmed by the records of votes of the members of your Committee on Economic Development and Technology that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Record of votes for Gov. Msg. No. 585:  
Ayes, 3. Noes, none. Excused, 2 (Solomon, Slom).

Signed by the Chair on behalf of the Committee.  
Record of votes for Gov. Msg. No. 696:  
Ayes, 4. Noes, none. Excused, 1 (Solomon).

**SCRep. 1347 Economic Development and Technology on Gov. Msg. Nos. 543, 691, 692, 693, 694, and 695**

Recommending that the Senate advise and consent to the nominations of the following:

Board of Directors of the High Technology Development Corporation

G.M. No. 543 CRAIG I. NAKANISHI, for a term to expire 6-30-2015;

G.M. No. 691 JOHN F. MORTON, for a term to expire 6-30-2015;

G.M. No. 692 RACE A. RANDLE, for a term to expire 6-30-2014 (Term amended to 6-30-2015 by GM778);

G.M. No. 693 ASSUMPTA C. RAPOZA, for a term to expire 6-30-2014;

G.M. No. 694 RICHARD M. ROSENBLUM, for a term to expire 6-30-2015 (Term amended to 6-30-2014 by GM789); and

G.M. No. 695 MICHAEL SCHMICKER, for a term to expire 6-30-2014.

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Craig I. Nakanishi, John F. Morton, Race A. Randle, Assumpta C. Rapoza, Richard M. Rosenblum, and Michael Schmicker to possess the requisite qualifications to be nominated to the Board of Directors of the High Technology Development Corporation.

Your Committee received testimony in support of the nomination of Craig I. Nakanishi from the High Technology Development Corporation, Aluvion Energies, and three individuals.

Craig I. Nakanishi is an attorney with Rush Moore LLP, where he concentrates his practice in the areas of energy, public utilities, and business and real property transactions. Mr. Nakanishi is licensed to practice in Hawaii and California and has been named in the annual Best Lawyers in America - Energy since 2008. Prior to joining Rush Moore as a Partner in 2003, Mr. Nakanishi practiced law with the Los Angeles office of Jones Day, and was also a partner at the law firm of Goodsill Anderson, Quinn & Stifel and a partner at the law firm of Catalani Nakanishi & Caliboso. He is a graduate of the University of Hawaii and holds a Juris Doctorate from the University of California at Davis. His nomination is for reappointment to the Board of Directors of the High Technology Development Corporation.

Your Committee received testimony in support of the nomination of John F. Morton from the High Technology Development Corporation, University of Hawai'i System, and three individuals.

John F. Morton is Vice President for Community Colleges, University of Hawai'i System, where he is responsible for oversight of the seven community colleges and 25,000 students within the University of Hawai'i System, a position he has held since 2005. Prior to this, he served as Chancellor of Kapiolani Community College for over twenty years and has been a faculty member and administrator of the University of Hawai'i System since 1970. Dr. Morton holds Bachelor of Science and Master of Arts degrees from the University of Illinois, and a Doctorate of Philosophy from the University of Hawaii at Manoa. He is an active board member in numerous professional and community organizations and he was honored as the University of Hawaii's State Manager of the Year in 1999. Dr. Morton's nomination is for reappointment to the Board of Directors of the High Technology Development Corporation.

Your Committee received testimony in support of the nomination of Race A. Randle from the High Technology Development Corporation; Hawaii Housing Finance and Development Corporation; Hawaii Land Company; Forest City Hawaii; Group 70 International, Inc.; Kanihale Community Homestead Association and five individuals.

Race A. Randle is the Development Manager at Forest City Enterprises, where he focuses on new community development, public-private partnerships with the State of Hawaii, sustainability in design, and the company's non-military renewable energy projects. Prior to joining Forest City Enterprises in 2008, he was a project manager for multiple high priority projects and design development at Castle & Cooke Hawaii. Mr. Randle is a graduate of California Polytechnic State University, San Luis Obispo, California, with a Bachelor of Science in Civil Engineering and a Master of Business Administration, Finance and Management. He is active in numerous civic and professional organizations including the Chamber of Commerce of Hawaii, United States Green Building Council, and American Society of Civil Engineers, among others. Mr. Randle is a new appointment to the Board of Directors of the High Technology Development Corporation.

Your Committee received testimony in support of the nomination of Assumpta C. Rapoza from the High Technology Development Corporation; Hawaii Strategic Development Corporation; IMS, Inc.; and Marsh USA Inc.

Assumpta C. Rapoza is Director of Enterprise Risk Management at Hawaii Medical Service Association (HMSA), where she is responsible for oversight of the management of the insurance portfolio, contract and vendor management, and the Enterprise Risk Management Program. Prior to joining HMSA in 2003, she held information technology management positions in a number of industries in Hawaii, including telecommunications, health care, public accounting, and banking. Ms. Rapoza holds a Bachelor of Business Administration in Management Information Systems and a Master of Business Administration degree. She currently serves as the Chair of the Board of Directors of the High Technology Development Corporation and as the High Technology Development Corporation's representative on the Board of Directors of the Hawaii Strategic Development Corporation.

Your Committee received testimony in support of the nomination of Richard M. Rosenblum from the High Technology Development Corporation; Hawaiian Electric Industries, Inc.; and one individual.

Richard M. Rosenblum was named President and Chief Executive Officer and a member of the Board of Directors of Hawaiian Electric Company, Inc., in 2009. Prior to his retirement in 2008, he served as Senior Vice President of Generation and Chief Nuclear Officer for Southern California Edison, where he was responsible for all power-generating facilities. Mr. Rosenblum began his career at Southern California Edison in 1976 as an engineer and held various senior management positions during his more than thirty years with the company. He holds a Bachelor of Science and a Master of Science in Nuclear Engineering from Rensselaer Polytechnic University in New York. Mr. Rosenblum is active in business and civic organizations, including the Hawaii Employers Council and Hawaii Business Roundtable, among others. His nomination is for reappointment to the Board of Directors of the High Technology Development Corporation.

Your Committee received testimony in support of the nomination of Michael Schmicker from the Department of Business, Economic Development, and Tourism; High Technology Development Corporation; AIO; Aluvion Energies; Cardax Pharmaceuticals; Hawai'i Pacific Health; Bank of Hawaii Foundation; BDI Maritime; and two individuals.

Michael Schmicker is Vice President of Business Development at Pacific Marine, and Vice President of Marketing and Corporate Communications at Navatek, Ltd., a subsidiary of Pacific Marine, positions he has held since 1986. From 1997 through 2003, he also created, wrote, and edited the high technology Targeted Industries Growth Report (TIGR) newsletter sponsored by City Bank and published monthly in Hawaii Business Magazine, which focused on eight emerging growth industries in Hawaii. Prior to this, Mr. Schmicker was Editor of Hawaii Business Magazine, Associate Editor of East-West Perspectives Magazine, and was a freelance journalist in Southeast Asia. He holds a Bachelor of Arts from Maryknoll College, in Glen Ellen, Illinois, and a Master of Education

from the University of Hawaii at Manoa. Mr. Schmicker is a new appointment to the Board of Directors of the High Technology Development Corporation.

As affirmed by the records of votes of the members of your Committee on Economic Development and Technology that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Record of votes for Gov. Msg. Nos. 543 and 692:  
Ayes, 3. Noes, none. Excused, 2 (Solomon, Slom).

Signed by the Chair on behalf of the Committee.  
Record of votes for Gov. Msg. Nos. 691, 693, 694 and 695:

**SCRep. 1348 Economic Development and Technology on Gov. Msg. No. 608**

Recommending that the Senate advise and consent to the nominations of the following:

STATE FOUNDATION ON CULTURE AND THE ARTS COMMISSION

G.M. No. 608 BARBARA SAROMINES-GANNE, for a term to expire 6-30-2015.

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Barbara Saromines-Ganne to possess the requisite qualifications to be nominated to the State Foundation on Culture and the Arts Commission.

Your Committee received testimony in support of the nomination of Barbara Saromines-Ganne from the Department of Accounting and General Services; two members of the State Foundation on Culture and the Arts Commission; PBC Wholesalers, Inc.; Asian and Pacific Islander American Scholarship Fund; Honorary Consul of France in Honolulu; and seventeen individuals, including administrators and faculty of the University of Hawaii System.

Barbara Saromines-Ganne is a Professor of Art and Art History at Leeward Community College, where she has taught since 1968, serving as Chair of the Arts and Humanities Division from 1994-2000, and as the Art Discipline Coordinator for the Arts and Humanities Division since 2004. She holds a Bachelor of Arts in Art History/Sociology from the University of Buffalo and a Master of Arts in Asian Art History from the University of Hawaii. She has also studied Restoration at the Università Internazionale dell'Arte in Venice, Italy. Ms. Saromines-Ganne has led twelve "Great Museums of Europe" study abroad tours and for fourteen years worked as a professional tour manager in Europe for Insight International Tours during summer break periods. She is active in numerous art-affiliated activities and previously served as a judge for the State Foundation Acquisitions Committee.

As affirmed by the record of votes of the members of your Committee on Economic Development and Technology that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Solomon).

**SCRep. 1349 Economic Development and Technology on Gov. Msg. Nos. 540, 541, and 690**

Recommending that the Senate advise and consent to the nominations of the following:

HAWAI'I HISTORIC PLACES REVIEW BOARD

G.M. No. 540 GEORGE CASEN, for a term to expire 6-30-2015 (Term amended to 6-30-2014 by GM575);

G.M. No. 541 GERALD L. DE MELLO, for a term to expire 6-30-2015; and

G.M. No. 690 ROBERT K. IOPA, for a term to expire 6-30-2014.

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds George Casen, Gerald L. De Mello, and Robert K. Iopa to possess the requisite qualifications to be nominated to the Hawai'i Historic Places Review Board.

Your Committee received testimony in support of the nomination of George Casen from the Department of Land and Natural Resources, Caltrans, and seven individuals.

George Casen has seventeen years of experience as an architectural historian, seven of which included generalist environmental planning duties in organizations including the Hawaii Office of Environmental Quality Control, Department of Education, Historic Hawaii Foundation, California Department of Transportation, and Parsons Brinckerhoff in Orange, California. He is a graduate of the State University of New York at Stony Brook and has a Master of Science in Secondary Education and History from Long Island University, New York, and a Master of Urban and Regional Planning and a Graduate Certificate in Historic Preservation from the University of Hawaii at Manoa. Mr. Casen has served as a volunteer docent at Bishop Museum, and as an architectural historian, has prepared numerous determinations of eligibility for the National Register of Historic Places and is familiar with preparation and review of architectural history reports.

Your Committee received testimony in support of the nomination of Gerald L. De Mello from the Department of Land and Natural Resources, 'Imiloa Astronomy Center of Hawai'i, Hawaii Laborers-Employers Cooperation and Education Trust, and seven individuals.

Gerald L. De Mello is the Director of University Relations, University of Hawaii at Hilo, where he is responsible for communications and coordinating the dissemination of information relating to the University of Hawaii at Hilo operations, programs, research, and activities. Prior to this position, which he has held since 1991, Mr. De Mello served as Administrative Assistant to the Governor in the Governor's Liaison office for the County of Hawaii from 1987 to 1991, and taught at Hawaii Community College for fifteen years. He is a graduate of Eastern Washington State University and holds a Master of Arts in Sociology from the University of Hawaii at Manoa. Mr. De Mello is a former member of the Board of Land and Natural Resources, is currently a member of the Hawai'i Historical Society and is active in numerous community associations, including the Hawai'i Island Chamber of Commerce and Downtown Hilo Mainstreet Program.

Your Committee received testimony in support of the nomination of Robert K. Iopa from the Department of Land and Natural Resources, Historic Hawai'i Foundation, Native Books Na Mea Hawaii, and two individuals.

Robert K. Iopa is President and Principal of WCIT Architecture, a firm he established in 2000 and which was recognized in 2007 and 2008 as one of the top fifty fastest growing small businesses in the country by Entrepreneur Magazine. In addition, he is the Managing Member of two associated businesses, Makali'i LLC and Mea Makamae LLC. Mr. Iopa has participated in the development of projects throughout Asia, South America, the South Pacific, and Hawaii. He holds a Bachelor of Architecture from California Polytechnic State University in San Luis Obispo, California and is currently an Adjunct Professor and member of the Advisory Council of the School of Architecture, University of Hawaii at Manoa. Mr. Iopa is a member of AIA Honolulu, serving on the Board of Directors from 2001-2003, and is active in a wide range of professional and community organizations.

As affirmed by the records of votes of the members of your Committee on Economic Development and Technology that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Record of votes for Gov. Msg. Nos. 540 and 541:  
Ayes, 3. Noes, none. Excused, 2 (Solomon, Slom).

Signed by the Chair on behalf of the Committee.  
Record of votes for Gov. Msg. No. 690:  
Ayes, 4. Noes, none. Excused, 1 (Solomon).

**SCRep. 1350 Education on Gov. Msg. No. 627**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF DIRECTORS OF THE RESEARCH CORPORATION OF THE UNIVERSITY OF HAWAII

G.M. No. 627 JAMES P. KARINS, for a term to expire 6-30-2015.

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds James P. Karins to possess the requisite qualifications to be nominated to the Board of Directors of the Research Corporation of the University of Hawaii (RCUH).

Your Committee received testimony in support of the nomination of James P. Karins from United States Senator Daniel Akaka; the Governor; Executive Director of the Research Corporation of the University of Hawaii; Schlissel & Associates, LLC; Hawaii Science & Technology Council; High Technology Development Corporation; The Chamber of Commerce of Hawaii; Ikayzo, Inc.; and one individual.

Dr. Karins received his Bachelor of Science degree in Physics and Mathematics from the University at Albany, State University of New York. He went on to receive a Master of Science degree in Physics and his Doctor of Philosophy degree in Physics from the University at Albany, State University of New York. Dr. Karins is currently the President and Chairman of the Board of Actilytics, Inc., which he founded in 2009. As President of Actilytics, Inc., Dr. Karins is responsible for providing technical evaluations, designs, and prototypes to government agencies and defense contractors. Dr. Karins also provides programmatic support and management, as well as business advice and marketing strategies, to his clients. Prior to his work with Actilytics, Inc., Dr. Karins founded and served as President of Pukoa Scientific, LLC and Innovative Technical Solutions, Inc.

Dr. Karins has received numerous awards and accolades for his work. In 2003, he was commended by the Hawaii State Legislature for his contributions to the State as the founding President of Innovative Technical Solutions, Inc. He was named Pacific Business News' "Fastest 50 Winner" in 2008, 2009, and 2010.

Dr. Karins has published over fifty articles on a number of scientific issues, including semiconductor and optical fabrication techniques and infrared and hyperspectral optical systems. Dr. Karins has received five patents for his inventions.

Dr. Karins has been involved with research and development companies for his entire career. He has gained valuable leadership skills and has been responsible for identifying, pursuing, and winning over \$100,000,000 in federal research grants.

Dr. Karins believes RCUH can play a significant role in the State's efforts to recover from the current fiscal crisis and to mitigate future economic downturns. Dr. Karins expressed that research and innovation are the foundations for creating new businesses and jobs. As part of this goal, Dr. Karins would like to see the University of Hawaii increase its support for the development of new industries that are technology- and knowledge-based.

One of Dr. Karins' goals as a member of the Board of Directors of RCUH is to focus on successfully taking the research generated at the University of Hawaii and utilizing it at small businesses or creating new business to help the local economy. Dr. Karins believes RCUH's role is to develop the policies needed to develop a versatile business model not only to conduct research but to provide training to the local work force on the use of that research.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 2 (Kidani, Taniguchi).

**SCRep. 1351 Education on Gov. Msg. No. 697**

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII MEDICAL EDUCATION COUNCIL

G.M. No. 697 ARTHUR A. USHIJIMA, for a term to expire 6-30-2015.

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Arthur A. Ushijima to possess the requisite qualifications to be nominated to the Hawaii Medical Education Council.

Your Committee received testimony in support of the nomination of Arthur A. Ushijima from the Governor; Healthcare Association of Hawaii; Papa Ola Lokahi, the Native Hawaiian Health Board; and two individuals.

Mr. Ushijima received a Bachelor of Arts degree in Biology from Cornell College. He received his Master of Arts degree in Hospital and Health Administration from the University of Iowa. Mr. Ushijima is currently the President and Chief Executive Officer of The Queen's Health Systems and the President of The Queen's Medical Center.

Mr. Ushijima is involved with numerous community service and professional organizations. He is currently a Board member of VHA, Inc.; Hawaii Business Roundtable; Healthcare Association of Hawaii; Hawaii Residency Programs; and the University of Hawaii Foundation. Mr. Ushijima is a current member of the Hawaii Medical Education Council.

Mr. Ushijima testified that one of the greatest challenges facing the Hawaii Medical Education Council is addressing the shortage of physicians in the State. As Hawaii's population ages and demand for health care services increases, the State is facing a shortage in physicians and health care workers.

Mr. Ushijima testified that the Hawaii Medical Education Council has completed an assessment of the physician shortage in the State and will now be looking into specific programs and methods of implementation to recruit and retain physicians, nurses, and caregivers in order to meet the needs of Hawaii's aging population and rural communities.

Mr. Ushijima stated that it is important to develop a continuum of programs in graduate medical education to encourage graduating medical, nursing, and health care students to remain in Hawaii for training and practice. Mr. Ushijima expressed to your Committee that it is also important to encourage partnerships between JABSOM and the private sector to promote recruitment and retention of physicians in the State. For example, as part of his work with The Queen's Medical Center, Mr. Ushijima played an integral role in working the John A. Burns School of Medicine of the University of Hawaii (JABSOM) to develop a Cardiology Fellowship Program to address the need for more cardiologists in the State.

Based on Mr. Ushijima's wealth of experience, your Committee finds that Mr. Ushijima's continued work on the Hawaii Medical Education Council will benefit the health care community and the residents of the State.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 2 (Kidani, Taniguchi).

**SCRep. 1352 Judiciary and Labor on Gov. Msg. No. 667**

Recommending that the Senate advise and consent to the nominations of the following:

CIRCUIT COURT OF THE SECOND CIRCUIT, STATE OF HAWAII

G.M. No. 667 RHONDA IWALANI LAI LOO, for a term to expire in ten years.

Your Committee has reviewed the personal history, Judicial Selection Commission Application Summary, and statement submitted by the appointee and finds Rhonda Iwalani Lai Loo to possess the requisite qualifications to be appointed to the Circuit Court of the Second Circuit, State of Hawaii.

Testimony in support of the appointment of Rhonda Iwalani Lai Loo was submitted by Circuit Court Judge Boyd P. Mossman (retired); Circuit Court Judge Riki May Amano (retired); Circuit Court Judge Eden Elizabeth Hifo (retired); Department of the Prosecuting Attorney, County of Maui; Police Department, County of Maui; Forensic Coordinator, Maui County; International Longshore & Warehouse Union; Maui Hotel & Lodging Association; Ulupalakua Ranch, Inc.; and numerous individuals. Comments were submitted by the Board of Directors of the Hawaii State Bar Association.

The Hawaii State Bar Association Board of Directors (HSBA Board) found the appointee to be qualified for the position of Circuit Court Judge, Second Circuit Court, based on established criteria for determining the qualifications of judicial and executive appointments generally utilizing the American Bar Association Guidelines for Reviewing Qualifications of Candidates for State Judicial Office. Those Guidelines include the following criteria, which are not exclusive: integrity and diligence, legal knowledge and ability, professional experience, judicial temperament, financial responsibility, public service, health, and responsibilities and duties

required of the position for which the applicant has been appointed. The HSBA Board ratings system includes the categories of "qualified" and "not qualified".

Judge Rhonda Iwalani Lai Loo received her Bachelor of Arts degree from the University of Oregon and her Juris Doctor degree from the University of Hawaii William S. Richardson School of Law. From 1997 to the present, Judge Loo has served as a District Judge with the Second Circuit Court, where she presides over civil and criminal calendars and trials; handles arraignments, pleas, change of pleas, motions, and preliminary hearings; and reviews search warrants, informational charging packets, and temporary restraining orders. She also currently serves as the Deputy Chief Judge for the Second Circuit Court and has presided in Circuit Court on many occasions, including during ten criminal jury trials and one civil non-jury trial. From 1988 to 1997, she was a Deputy Prosecuting Attorney for the County of Maui. From 1987 to 1988, she was a law clerk for the Circuit Court Judge E. John McConnell.

Judge Loo has also been actively involved in the legal community, having served on the Executive Committee and the Charge Code Requirement Committee of the Hawaii State Trial Judges Association, the Special Committee on Judicial Performance, and the Second Circuit Court Per Diem Judge Review Committee, among others. Moreover, during her tenure on the District Court bench, she also led a group that worked on system-wide improvements relating to mentally ill defendants in criminal cases, helping to create a handbook of court forms to be used in the Second Judicial Circuit whenever a case involving a mentally ill defendant comes to the courts. She also established a specific calendar for mentally ill defendants and ensured that the calendar was covered whenever she was not available to cover it herself.

Judge Loo has a reputation within the legal community as a judge who is intelligent, impartial, responsible, caring, and patient. Colleagues and former colleagues praised Judge Loo's preparation for cases, her excellent judicial temperament, integrity, and legal knowledge. Moreover, testimony indicated that Judge Loo has a practical understanding of the law, that she is able to make quick and accurate rulings due to her extensive understanding of statutes and case law, and that she is able to efficiently handle a large case load while still protecting the rights of the parties.

Your Committee finds that, based on the testimony submitted on her behalf, Judge Rhonda Iwalani Lai Loo has the experience, temperament, judiciousness, and other competencies to be a Circuit Court judge, and has a good sense of where the equities, rights, and responsibilities lie in a case, which is essential for a Circuit Court judge.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the appointee, has found the appointee to be qualified for the position to which appointed and recommends that the Senate consent to the appointment.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Gabbard, Ihara).

**SCRep. 1353 Health on Gov. Msg. No. 713**

Recommending that the Senate advise and consent to the nominations of the following:

MENTAL HEALTH AND SUBSTANCE ABUSE, KAUA'I SERVICE AREA BOARD

G.M. No. 713 BEN H. NELSON, for a term to expire 6-30-2015.

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Ben H. Nelson to possess the requisite qualifications to be nominated to the Mental Health and Substance Abuse, Kauai Service Area Board.

Your Committee received testimony in support of the nomination of Ben H. Nelson from the Department of Health.

Upon review of the testimony, your Committee finds that Rev. Nelson's experience within the mental health community qualifies him for nomination to the Mental Health and Substance Abuse, Kaua'i Service Area Board.

Rev. Nelson is the current Rector and Senior Pastor in charge of parish administration, teaching, liturgical duties, and weekly preaching at the All Saints' Episcopal Church on the Island of Kauai. Prior to joining All Saints' Episcopal Church, Rev. Nelson served as the Associate Rector at St. Paul's Episcopal Church in Chattanooga, Tennessee. Originally from Mississippi, Rev. Nelson has served as a pastor at churches throughout Texas, Tennessee, and now Hawaii.

Rev. Nelson has a special interest in providing outreach services to people with mental illness living in recovery, and he is a strong advocate for educating the public to reduce the stigma associated with mental illness. He has worked extensively to ensure that the members of his parish and community who need mental health services receive proper care.

Rev. Nelson has a Bachelor of Arts degree in History from Millsaps College and a Master of Divinity degree from the University of the South School of Theology. He is currently seeking his Doctor of Ministry degree through the University of the South.

Your Committee finds that Rev. Nelson's commitment to serving others and helping those afflicted by mental illness will make him a strong advocate on the Mental Health and Substance Abuse, Kaua'i Service Area Board.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Chun Oakland, Wakai, Slom).

**SCRep. 1354 Commerce and Consumer Protection on Gov. Msg. No. 584**

Recommending that the Senate advise and consent to the nominations of the following:

ELEVATOR MECHANICS LICENSING BOARD

G.M. No. 584 KENNETH M. HOVANIAN, for a term to expire 6-30-2014.

Your Committee has reviewed the personal statement and resume submitted by the nominee and finds Kenneth M. Hovanian to possess the requisite qualifications to be nominated to the Elevator Mechanics Licensing Board.

Your Committee received testimony in support of the nomination for the reappointment of Kenneth M. Hovanian to the Elevator Mechanics Licensing Board from the Elevator Mechanics Licensing Board.

Upon review of the testimony, your Committee finds that this nominee has worked as an elevator mechanic and a subcontractor within the elevator industry for over seventeen years. Your Committee further finds that in his current term on the Elevator Mechanics Licensing Board, this nominee has had an excellent meeting attendance record and has been an informative and active participant in discussions. Your Committee notes that this nominee has a clear vision for utilizing the Elevator Mechanics Licensing Board to promote public safety, high standards for licensure, and continuing education of licensees. Your Committee finally finds that this nominee's experience and enthusiasm for public service will allow him to continue to be an asset to the Elevator Mechanics Licensing Board.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Solomon, Taniguchi, Slom).

**SCRep. 1355 Commerce and Consumer Protection on Gov. Msg. Nos. 595 and 670**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF ACUPUNCTURE

G.M. No. 595 MIKE HASHIMOTO, for a term to expire 6-30-2015; and

G.M. No. 670 MICHAEL HOWDEN, for a term to expire 6-30-2015.

Your Committee has reviewed the curriculum vitae and personal statement submitted by Mike Hashimoto and the resume submitted by Michael Howden and finds the nominees to possess the requisite qualifications to be nominated to the Board of Acupuncture.

Your Committee received testimony in support of the nomination of Mike Hashimoto from the Board of Acupuncture.

Upon review of the testimony, your Committee finds that this nominee has been a licensed practitioner of acupuncture for twenty-five years, has practiced Oriental medicine for almost forty years, and additionally holds a license to practice massage and a diploma in Chinese Herbology. Your Committee notes that this nominee has served the public through one term as a member of the Board of Massage Therapy and two previous terms as a member, including one term as the Chair, of the Board of Acupuncture. Your Committee further finds that this nominee has been a leader in his profession, having participated in the Hawaii Acupuncture Association since 1976 in the capacities of Chair of the Continuing Education Committee, Treasurer, Secretary, and President. Your Committee finally finds that this nominee's extensive experience in the profession of acupuncture and Oriental medicine as well as with the State's regulatory system makes him uniquely qualified to serve effectively on the Board of Acupuncture.

Your Committee received testimony in support of the nomination of Michael Howden from the Board of Acupuncture.

Upon review of the testimony, your Committee finds that this nominee for reappointment to the Board of Acupuncture has been an exemplary member in his first term and was voted to the position of Chair by his peers on the Board. Your Committee also finds that this nominee has distinguished himself in the field of alternative and complementary medicine. Your Committee further finds that this nominee has been an effective Chair of the Board of Acupuncture by encouraging open discussion among members, even when a difference of opinion or controversy arises. Finally, your Committee finds that this nominee's interest in continued service, first-hand experience in the profession of acupuncture, and commitment to public service will continue to be an asset to the Board of Acupuncture.

Your Committee finds that Mike Hashimoto has been nominated for appointment and Michael Howden has been nominated for reappointment based on their knowledge, experience, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Solomon, Taniguchi, Slom).

**SCRep. 1356 Commerce and Consumer Protection on Gov. Msg. Nos. 628, 674, and 676**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF PROFESSIONAL ENGINEERS, ARCHITECTS, SURVEYORS, AND LANDSCAPE ARCHITECTS

G.M. No. 628 PAUL MURRAY, for a term to expire 6-30-2015;

G.M. No. 674 DEMETRIO Y. CONSTANTINO, for a term to expire 6-30-2014; and

G.M. No. 676 JAY T. MANZANO, for a term to expire 6-30-2015.

Your Committee has reviewed the resumes submitted by Paul Murray, Demetrio Y. Constantino, and Jay T. Manzano and the personal statement submitted by Jay T. Manzano and finds the nominees to possess the requisite qualifications to be nominated to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects.

Your Committee received testimony in support of the nomination of Paul Murray for reappointment to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects from its Board.

Upon review of the testimony, your Committee finds that this nominee has demonstrated leadership in his first term on the Board; he currently serves as Chair and previously served as a member of the Rules Committee. Your Committee further finds that this nominee has worked in the surveying profession for thirty-five years including almost twenty years as a licensed surveyor. In that capacity, this nominee has developed familiarity with state and federal laws and rules regulating surveying. Your Committee finally finds that this nominee's first-hand experience and commitment to public service will allow him to continue to be an asset to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects.

Your Committee received testimony in support of the nomination of Demetrio Y. Constantino to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects from the Department of Commerce and Consumer Affairs and two private individuals.

Upon review of the testimony, your Committee finds that this nominee is a licensed electrical contractor and a small business owner since 2001. Your Committee also finds that this nominee is active in service to his profession and the community through service as a member of the Board of Directors of the Oahu Contractors Association and by volunteering his time and professional expertise to Lanakila Meals on Wheels and Ho'opono Center for the Blind. Your Committee finally finds that this nominee's first-hand experience as an electrical licensee and business owner and his commitment to public service will make him an asset to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects.

Your Committee received testimony in support of the nomination of Jay T. Manzano from the Department of Commerce and Consumer Affairs and three private individuals.

Upon review of the testimony, your Committee finds that this nominee has worked for over twenty-five years in the construction industry, advancing from the position of Project Engineer to his current position as President of a major general contracting firm. Your Committee notes that throughout his career in the construction industry, he has worked closely with professional engineers, architects, surveyors, and landscape architects. Your Committee finally finds that this nominee's experience with all of the industries under the Board's regulatory jurisdiction as well as his sincere desire to serve the public will make him an asset to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects.

Your Committee finds that Paul Murray has been nominated for reappointment and Demetrio Y. Constantino and Jay T. Manzano have been nominated for appointment to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects based on their knowledge, experience, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Solomon, Taniguchi, Slom).

**SCRep. 1357 Commerce and Consumer Protection on Gov. Msg. Nos. 633, 634, and 635**

Recommending that the Senate advise and consent to the nominations of the following:

STATE BOARD OF PUBLIC ACCOUNTANCY

G.M. No. 633 CRAIG K. HIRAI, for a term to expire 6-30-2015;

G.M. No. 634 NELSON LAU, for a term to expire 6-30-2015; and

G.M. No. 635 KEITH REGAN, for a term to expire 6-30-2015.

Your Committee has reviewed the personal statements and resumes submitted by the nominees and finds Craig K. Hirai, Nelson Lau, and Keith Regan to possess the requisite qualifications to be nominated to the State Board of Public Accountancy.

Your Committee received testimony in support of the nomination of Craig K. Hirai from the Department of Commerce and Consumer Affairs, Hawai'i Association of REALTORS, Hawaii Society of Certified Public Accountants, and eight private individuals.

Your Committee finds that this nominee has worked in the accounting and legal professions for over forty years and holds professional licenses as a certified public accountant, lawyer, and real estate broker. Your Committee notes that this nominee's professional practice focuses on federal and state income taxation, gift and estate taxation, tax and financial planning for businesses and individuals, business valuation, and litigation support. Your Committee further notes that this nominee is a leader in his profession having served as Chair of the Professional Ethics Committee of the Hawaii Society of Certified Professional Accountants; in various positions on the Government Affairs Committee of the Hawaii Association of REALTORS; as Chair of the Board of Directors of the Tax Foundation of Hawaii, State Tax Review Commission, State Rental Housing Trust Fund Advisory Commission, State Rental Housing Trust Fund Commission, and Tax Committee of the Hawaii Society of Certified Public Accountants; and as a member of the State Board of Taxation Review for the First Taxation District. Your Committee finds that this nominee's broad professional experience in the fields of accounting, law, and real estate; his first-hand knowledge of the State's regulatory system; and his record of service to his profession and the community will be an asset to the State Board of Public Accountancy.

Your Committee received testimony in support of the nomination of Nelson Lau from the State Board of Public Accountancy and three private individuals.

Your Committee finds that this nominee has been a licensed certified public accountant for twenty-five years and, in that capacity, has worked with publicly and privately held companies, state entities, regulated industries, and not-for-profit corporations in a variety of industries. Your Committee notes that this nominee's professional activities include auditing financial statements and internal controls, compliance audits, improvement advisory, and due diligence services. Your Committee also finds that this nominee's professional experience has allowed him to become familiar with state and federal regulatory structures. Your Committee further finds that, as an interim member of the State Board of Public Accountancy, this nominee has been an active contributor, an effective communicator, and a valuable representative who can help address the issues and challenges facing young licensees. Your Committee finds that this nominee's knowledge and insight qualify him for appointment to the State Board of Public Accountancy.

Your Committee received testimony in support of the nomination of Keith Regan from the State Board of Public Accountancy.

Your Committee finds that this nominee for reappointment to the State Board of Public Accountancy as a public member has extensive financial and management experience in the public and private sectors. Your Committee notes that in addition to holding high-level positions in private industry, this nominee has served as the Director of Finance and Managing Director of the County of Maui. Your Committee also finds that this nominee's professional background has afforded him extensive experience with and insight into governmental regulatory systems. Your Committee further finds that this nominee has long been a leader in the community having served as Vice-President and President of the Hawaiian Collectors Association; President of the Japanese Cultural Society of Maui, Kiwanis Club of Kahului, and Maui Young Business Roundtable; and as a member of the Knights of Columbus Council 8578 and the Maui Chamber of Commerce Government Action Committee. Your Committee finds that in his present term on the State Board of Public Accountancy, this nominee effectively articulates the perspective of public consumers of public accounting services and contributes enthusiasm for and dedication to the goals and objectives of the Board. Your Committee further finds that this nominee's professional expertise and dedication to public service make him a valuable contributing member of the State Board of Public Accountancy.

Your Committee finds that Craig K. Hirai and Nelson Lau have been nominated for appointment and Keith Regan has been nominated for reappointment to the State Board of Public Accountancy based on their knowledge, experience, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Nishihara, Slom).

**SCRep. 1358 Commerce and Consumer Protection on Gov. Msg. No. 668**

Recommending that the Senate advise and consent to the nominations of the following:

CABLE ADVISORY COMMITTEE

G.M. No. 668 GERALD J. SILVA, for a term to expire 6-30-2015 (Term amended to 6-30-2014 by GM780).

Your Committee has reviewed the personal statement and resume submitted by the nominee and finds Gerald J. Silva to possess the requisite qualifications to be nominated to the Cable Advisory Committee.

Your Committee received testimony in support of the nomination of Gerald J. Silva from the Department of Commerce and Consumer Affairs, 'Olelo Community Media, and three private individuals.

Upon review of the testimony, your Committee finds that this nominee has built a career in public service and communications, having served as Chief Operating Officer of 'Olelo Community Media Television (formerly 'Olelo Community Television), Deputy Director of the Customer Services Department of the City and County of Honolulu, Special Assistant to the Director of the Customer Services Department of the City and County of Honolulu, Director of Communications and Special Projects for the Hawaii Tourism Authority, City Information Officer for the City and County of Honolulu, Special Assistant to the Managing Director of Honolulu, Chief of Staff of the Hawaii Army National Guard, Executive Director of the Honolulu-Pacific Federal Executive Board, and a management trainer for federal agencies. Your Committee also finds that this nominee's unique leadership experience in state, local, and federal government, in addition to his specific expertise in public media, qualifies him for appointment to the Cable Advisory Committee. Your Committee further finds that this nominee's prior service on the Cable Advisory Committee and as Chief Operating Officer of 'Olelo Community Television give him first-hand insight into the cable media regulatory system from the perspective of a regulator and a regulated industry. Finally, your Committee finds that this nominee's long career in the public sector demonstrates a commitment to public service and to the State of Hawaii.

Your Committee finds that Gerald J. Silva has been nominated for appointment to the Cable Advisory Committee based on his knowledge, experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Solomon, Taniguchi, Slom).

**SCRep. 1359 Commerce and Consumer Protection on Gov. Msg. No. 669**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF DIRECTORS OF THE HAWAI'I HURRICANE RELIEF FUND

G.M. No. 669 STEPHEN M. TANNENBAUM, for a term to expire 6-30-2013.

Your Committee has reviewed the personal statement and curriculum vitae submitted by the nominee and finds Stephen M. Tannenbaum to possess the requisite qualifications to be nominated to the Board of Directors of the Hawai'i Hurricane Relief Fund.

Your Committee received testimony in support of the nomination of Stephen M. Tannenbaum from the Majority Leader of the House of Representatives, the Department of Commerce and Consumer Affairs, and four private individuals.

Your Committee finds that this nominee has over fifteen years of experience as a litigator including experience with securities, financial, insurance, real estate, regulatory compliance, and energy industry matters. Your Committee also finds that this nominee has demonstrated a commitment to public service by undertaking pro bono representation to:

- (1) Secure better treatment and conditions for minor wards at the Hawaii Youth Correctional Facility and address specific complaints of institutional abuse and discrimination;
- (2) Ensure that homeless public school children receive the benefits and services to which they are entitled under federal law;
- (3) Achieve equality of civil rights for same-sex couples;
- (4) Promote immigrant rights and obtain asylum for Chinese and Tibetan dissident refugees; and
- (5) Preserve the continued use of public space in Kapiolani Park for local artists and artisans.

Your Committee further finds that this nominee's record of achievement in the legal field, expertise in economic and insurance matters, and strong commitment to public service qualify him to serve on the Board of Directors of the Hawai'i Hurricane Relief Fund.

Your Committee finds that Stephen M. Tannenbaum has been nominated for appointment to the Board of Directors of the Hawai'i Hurricane Relief Fund based on his knowledge, experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Solomon, Taniguchi, Slom).

**SCRep. 1360 Commerce and Consumer Protection on Gov. Msg. No. 630**

Recommending that the Senate advise and consent to the nominations of the following:

MOTOR VEHICLE INDUSTRY LICENSING BOARD

G.M. No. 630 STANLEY T. MASAMITSU, for a term to expire 6-30-2015.

Your Committee has reviewed the resume submitted by the nominee and finds Stanley T. Masamitsu to possess the requisite qualifications to be nominated to the Motor Vehicle Industry Licensing Board.

Your Committee received testimony in support of the nomination of Stanley T. Masamitsu from the Motor Vehicle Industry Licensing Board, Hawaii Automobile Dealers' Association, and two private individuals.

Upon review of the testimony, your Committee finds that this nominee for reappointment to the Motor Vehicle Industry Licensing Board as an industry member has worked in the motor vehicle industry for almost twenty years, including almost fifteen years as a licensee in Hawaii. Your Committee finds that this nominee is a leader in his industry, directing the operations of a successful business and serving the industry and the public. Your Committee notes that this nominee has served his industry as a Director and past President of the Hawaii Automobile Dealers' Association and has served the business community as a member and past Treasurer of the Hawaii Chapter of the Young Presidents Organization, Board member of Better Business Bureau Hawaii, and member of the Honolulu Japanese Chamber of Commerce. Your Committee further notes that this nominee has also served the community in a variety of volunteer positions with Leeward YMCA, Muscular Dystrophy Association Hawaii, and American Liver Foundation Hawaii. Your Committee further finds that in his prior term on the Motor Vehicle Industry Licensing Board, this nominee has actively participated in discussions by sharing his experiences about the motor vehicle industry. Your Committee finally finds that this nominee's industry experience and commitment to serving the public and the industry qualify him for reappointment to the Motor Vehicle Industry Licensing Board.

Your Committee finds that Stanley T. Masamitsu has been nominated for reappointment to the Motor Vehicle Industry Licensing Board based on his knowledge, experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Nishihara, Slom).

**SCRep. 1361 Commerce and Consumer Protection on Gov. Msg. No. 632**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF PROFESSIONAL ENGINEERS, ARCHITECTS, SURVEYORS, AND LANDSCAPE ARCHITECTS

G.M. No. 632 ROBERT K. YANABU, for a term to expire 6-30-2014.

Your Committee has reviewed the personal statement and resume submitted by the nominee and finds Robert K. Yanabu to possess the requisite qualifications to be nominated to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects.

Your Committee received testimony in support of the nomination of Robert K. Yanabu from the Department of Commerce and Consumer Affairs and one private individual.

Upon review of the testimony, your Committee finds that this nominee has worked as a civil and structural engineer for over forty years, including thirty-six years as a civil engineer with the County of Hawaii Department of Public Works. Your Committee also finds that this nominee's deep knowledge of his profession and first-hand experience with the operations of the regulatory system give him experience that will be valuable to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects. Your Committee further finds that this nominee has demonstrated a clear understanding of the role of the Board and a vision of utilizing the Board to reach out to young people to develop a talented and committed corps of professional engineers in the State. Your Committee finally finds that this nominee's first-hand experience as a civil and structural engineer and his commitment to public service will be an asset to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects.

Your Committee finds that Robert K. Yanabu has been nominated to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects based on his knowledge, experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Nishihara, Slom).

**SCRep. 1362 Commerce and Consumer Protection on Gov. Msg. No. 636**

Recommending that the Senate advise and consent to the nominations of the following:

STATE BOARD OF PUBLIC ACCOUNTANCY

G.M. No. 636 WENDY MIKI GLAUS, for a term to expire 6-30-2015. (Term amended to 6-30-2014 by GM789).

Your Committee has reviewed the resume submitted by the nominee and finds Wendy Miki Glaus to possess the requisite qualifications to be nominated to the State Board of Public Accountancy.

Your Committee received testimony from the State Board of Public Accountancy and one private individual.

Upon review of the testimony, your Committee finds that this nominee has been a licensed certified public accountant for almost fifteen years and has been a member of the Hawaii State Bar Association for over ten years. Your Committee finds that this nominee's professional experience as an accountant and lawyer has given her insight into and understanding of the legal and regulatory issues surrounding the practice of public accountancy. Your Committee further finds that this nominee has demonstrated a commitment to public service through service as Treasurer of the Board of Directors of the Domestic Violence Clearinghouse and Legal Hotline and as Treasurer of the William S. Richardson School of Law Alumni Association. Your Committee notes that this nominee has served as an interim member of the State Board of Public Accountancy since July of 2010 and has been a reliable member of the Board during that time. Your Committee finds that this nominee's professional experience and desire to contribute to the community qualify her for appointment to the State Board of Public Accountancy.

Your Committee finds that Wendy Miki Glaus has been nominated for appointment to the State Board of Public Accountancy based on her knowledge, experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Solomon, Taniguchi, Slom).

**SCRep. 1363 Commerce and Consumer Protection on Gov. Msg. No. 637**

Recommending that the Senate advise and consent to the nominations of the following:

STATE BOARD OF NURSING

G.M. No. 637 AMY S. MURAI, for a term to expire 6-30-2014.

Your Committee has reviewed the personal statement and resume submitted by the nominee and finds Amy S. Murai to possess the requisite qualifications to be nominated to the State Board of Nursing.

Your Committee received testimony in support of the nomination of Amy S. Murai for reappointment to the State Board of Nursing from the State Board of Nursing and seven private individuals.

Upon review of the testimony, your Committee finds that this nominee has been a Registered Nurse in this State for almost twenty-five years, including almost fifteen years as an Advanced Practice Registered Nurse. Your Committee further finds that, throughout her career, this nominee has worked in a variety of roles including women's health practitioner, research coordinator, and policy-maker in a variety of settings including the Department of Education, private organizations, and clinical practice. Your Committee finds that this nominee's clinical and management experience provides an important resource to the State Board of Nursing. Your Committee notes that this nominee currently serves on the Board as Co-Chair of its Practice Committee and, in that capacity, has been closely involved in the revision of the Board's administrative rules. Your Committee finally finds that confirming this nominee for reappointment to the Board will allow the Board to continue to receive the benefit of this nominee's expertise and guidance in its important work.

Your Committee finds that Amy S. Murai has been nominated for reappointment to the State Board of Nursing based on her knowledge, experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Solomon, Taniguchi, Slom).

**SCRep. 1364 Commerce and Consumer Protection on Gov. Msg. No. 671**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF DENTAL EXAMINERS

G.M. No. 671 MARK A. BAIRD, for a term to expire 6-30-2015.

Your Committee has reviewed the resume submitted by the nominee and finds Mark A. Baird to possess the requisite qualifications to be nominated to the Board of Dental Examiners.

Your Committee received testimony in support of the nomination of Mark A. Baird for reappointment to the Board of Dental Examiners from the Board of Dental Examiners.

Upon review of the testimony, your Committee finds that this nominee has been a licensed and practicing dentist for over thirty-five years. Your Committee further finds that this nominee has demonstrated a commitment to serving his profession through eight years of service as a Trustee representing Kauai on the Hawaii Dental Association Executive Board and to serving his community through twenty-five years of service to the Kapaa Rotary Club. Your Committee notes that in this nominee's current term on the Board of Dental Examiners, he has been a reliable and active participant and has shared valuable insights gained over the course of his career. Your Committee also finds that this nominee's professional experience and interest in serving the community will continue to be an asset to the Board of Dental Examiners.

Your Committee finds that Mark A. Baird has been nominated for reappointment to the Board of Dental Examiners based on his knowledge, experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Solomon, Taniguchi, Slom).

**SCRep. 1365 Commerce and Consumer Protection on Gov. Msg. Nos. 672 and 673**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF ELECTRICIANS AND PLUMBERS

G.M. No. 672 VERNON TA'A, for a term to expire 6-30-2015; and

G.M. No. 673 RANDALL T. KAYA, for a term to expire 6-30-2015 (Term amended to 6-30-2014 by GM789).

Your Committee has reviewed the resume submitted by Vernon Ta'a and the personal statement and resume submitted by Randall T. Kaya and finds the nominees to possess the requisite qualifications to be nominated to the Board of Electricians and Plumbers.

Your Committee received testimony in support of the nomination of Vernon Ta'a from the Department of Commerce and Consumer Affairs; International Union of Elevator Constructors, Local 126; International Brotherhood of Electrical Workers Local Union 1186; Laborers' International Union of North America, Local 368; Hawaii Laborers-Employers Cooperation and Education Trust; Plumbing and Mechanical Contractors Association of Hawaii; Papa Ola Lokahi; Hawai'i Building and Trades Council of the AFL-CIO; Plumbers and Fitters Union, Local 675; and eleven private individuals.

Upon review of the testimony, your Committee finds that this nominee to serve as a public member of the Board of Electricians and Plumbers worked for fifteen years as a legislative advocate for the Plumbers and Fitters Union, Local 675. Your Committee further finds that this nominee has had a long and diverse career working in the areas of legislation, licensing, and contracts with government, labor, and management in the construction industry. Your Committee also finds that this nominee's professional experience has allowed him to develop broad knowledge of the issues facing the industries regulated by the Board of Electricians and Plumbers, particularly issues surrounding licensure of contractors and subcontractors. Your Committee finally finds that this nominee's extensive

experience with the law-making process and the construction industry will make him a valuable asset to the Board of Electricians and Plumbers.

Your Committee received testimony in support of the nomination of Randall T. Kaya from the Board of Electricians and Plumbers.

Upon review of the testimony, your Committee finds that this nominee to serve as a public member of the Board of Electricians and Plumbers is familiar with the role of a regulatory board member, having previously served for a term on the Board of Public Accountancy. Your Committee notes that this nominee is currently serving on the Board of Electricians and Plumbers as an interim appointee. Your Committee further finds that in his interim service, this nominee has proven to be a diligent and actively contributing member of the Board. Your Committee finally finds that this nominee has demonstrated his commitment to public service and to his community through service to his alma mater, Iolani School, as past President of the Alumni Association, member of the Board of Governors, President of the Iolani Ohana/Parent Teacher Association, member of the Leadership Committee, and coach to the school's Judo team.

Your Committee finds that Vernon Ta'a and Randall T. Kaya have been nominated for appointment to the Board of Electricians and Plumbers based on their knowledge, experience, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Solomon, Taniguchi, Slom).

**SCRep. 1366 Commerce and Consumer Protection on Gov. Msg. Nos. 678, 679, 680, and 681**

Recommending that the Senate advise and consent to the nominations of the following:

HAWAI'I MEDICAL BOARD

G.M. No. 678 GERARD K. AKAKA, for a term to expire 6-30-2015;

G.M. No. 679 SHARON BINTLIFF, for a term to expire 6-30-2015;

G.M. No. 680 PETER C. CHIN, for a term to expire 6-30-2015; and

G.M. No. 681 PALASI PULETASI, for a term to expire 6-30-2015.

Your Committee has reviewed the personal statements and curriculum vitae received from Gerard K. Akaka and Sharon Bintliff, the curriculum vita received from Peter C. Chin, and the personal statement and resume received from Palasi Puletasi and finds the nominees to possess the requisite qualifications to be nominated to the Hawai'i Medical Board.

Your Committee received testimony in support of the nomination of Gerard K. Akaka from the Department of Commerce and Consumer Affairs, Papa Ola Lokahi, and four private individuals.

Upon review of the testimony, your Committee finds that this nominee has practiced as a licensed physician for almost twenty years, serving in clinical, academic, military, and supervisory capacities. Your Committee further finds that this nominee has been recognized by his peers for excellence within his profession as the recipient of The Queen's Medical Center's Outstanding Physician of the Year award for 2004, the Internal Medicine Residency Program of The Queen Emma Clinics' Excellence in Teaching Award for 2002-2003, and the University of Hawaii Ambulatory Medicine Transitional Residency Program's Award for Excellence in Teaching for 2003-2004. Your Committee notes that in his current position as Vice President of Medical Affairs and Chief Medical Officer at The Queen's Medical Center and in his former position as Medical Director of Waianae Coast Comprehensive Health Center, this nominee has become familiar with the laws and regulations that govern patient safety and quality of medical care in this State. Your Committee further notes that in his capacity as Medical Director of The Queen's Health System's Native Hawaiian Health Program, this nominee has gained first-hand experience that will allow him to contribute an important perspective to the Hawai'i Medical Board. Finally, your Committee finds that this nominee has demonstrated a commitment to public service through his work as a teacher and in community health centers.

Your Committee received testimony in support of the nomination of Sharon Bintliff from the Department of Commerce and Consumer Affairs.

Upon review of the testimony, your Committee finds that this nominee has practiced medicine in this State as an academic as well as in clinical and community practice for almost fifty years. Your Committee further finds that this nominee has served in various positions including Medical Director of Hale Ho'ola Hamakua Hospital, Medical Director of the Emergency Department of Kauai Veterans Memorial Hospital, Medical Director of Waimano Training School and Hospital, and Director of the Pediatric Birth Defects Center at the University of Hawaii that have allowed her to develop a first-hand understanding of the laws and rules that regulate the practice of medicine in Hawaii. Your Committee notes that this nominee has served her profession and community as past President and committee member of the Hawaii Chapter of the American College of Emergency Physicians, and as a member of the Board of Directors of North Hawaii Women and Children's Services and Planned Parenthood of Hawaii. Your Committee also finds that this nominee has extensive experience with the State's regulatory and public policy systems, having served as a board member of the Hawaii State Ethics Commission, a member of the Governor's State Planning Council of Disabilities, a member of the Governor's Commission on Children and Youth, and a delegate to the White House Conference on Families.

Your Committee received testimony in support of the nomination for reappointment of Peter C. Chin from the Hawai'i Medical Board.

Upon review of the testimony, your Committee finds that this nominee has practiced as a licensed physician for over twenty years, including clinical and academic practice in emergency medicine and anesthesiology. Your Committee notes that in his current term of

service on the Hawaii Medical Board, this nominee has been a reliable member who has offered guidance to the Board on issues ranging from physician sanctions to inquiries regarding major surgery. Your Committee further finds that this nominee has demonstrated a commitment to maintaining high standards in his profession through service on the Physician Peer Review Committee of Hawaii Medical Association and the Credentials Committee of Maui Memorial Medical Center. Your Committee finally finds that this nominee's background and professional expertise have given him a unique perspective that allows him to contribute necessary information to the Board's discussions and decision-making. Your Committee finally finds that this nominee's contributions throughout his current term have made him an asset to the Hawai'i Medical Board.

Your Committee received testimony in support of the nomination of Palasi Pulelani as a public member of the Hawai'i Medical Board from the Department of Commerce and Consumer Affairs and one private individual.

Your Committee finds that this nominee had a distinguished career in federal law enforcement as a special agent for seventeen years with the Department of Justice and Department of Homeland Security. Your Committee further finds that in that capacity, as well as in his education in law and criminal justice, this nominee developed first-hand knowledge of the legal and regulatory systems of the state and federal governments. Your Committee also finds that this nominee has demonstrated a strong commitment to community and public service through service in various capacities including as Vice Chair and Precinct President for his voting district, Vice President and member of the Board of Directors for Hawaii Civil Air Patrol, various positions in electoral campaigns, member of the Executive Board of Samoan Chiefs and Orators, and youth soccer coach. Your Committee notes that this nominee has first-hand experience as a consumer of health care services as a disabled person diagnosed with Guillain Barre Syndrome. Your Committee notes that this nominee has expressed that his diagnosis and experience with the health care system have led him to become an advocate for patients' rights to access adequate, safe, and efficient health care. Your Committee finds that this nominee's objective knowledge as well as his personal experience will allow him to effectively represent the interests of the public on the Hawai'i Medical Board.

Your Committee finds that Gerard K. Akaka, Sharon Bintliff, Peter C. Chin, and Palasi Pulelani have been nominated to the Hawaii Medical Board based on their knowledge, experience, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Solomon, Taniguchi, Slom).

**SCRep. 1367 Commerce and Consumer Protection on Gov. Msg. Nos. 682, 683, and 684**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF PHARMACY

G.M. No. 682 CAROLYN S. J. MA, for a term to expire 6-30-2015;

G.M. No. 683 RICHARD MINATOYA, for a term to expire 6-30-2015; and

G.M. No. 684 ROSE TSENG, for a term to expire 6-30-2015.

Your Committee has reviewed the resumes submitted by Carolyn S. J. Ma, Richard Minatoya, and Rose Tseng as well as the personal statements submitted by Carolyn S. J. Ma and Rose Tseng and finds the nominees to possess the requisite qualifications to be nominated to the Board of Pharmacy.

Your Committee received testimony in support of the nomination of Carolyn S. J. Ma from the Department of Commerce and Consumer Affairs and five private individuals.

Your Committee finds that this nominee has more than twenty-five years of professional experience in the field of pharmacy, in clinical and academic practice, that has allowed her to develop a multi-faceted perspective on the issues surrounding the practice of pharmacy. Your Committee further finds that this nominee's wide-ranging experience in the field of pharmacy encompasses service in the public and private sectors, including service as Systems and Pharmacy Management Consultant for Stanford Hospitals and Clinics and San Mateo County (California) Hospital, Vice President of Clinical Operations for AmMed International Corporation in Hong Kong, and Clinical Pharmacy Specialist in Oncology at The Queen's Medical Center, before assuming her current position as Associate Professor, Department Chair, and Director of Pharmacy Practice Experiences at the College of Pharmacy at the University of Hawaii at Hilo. Your Committee finally finds that this nominee has demonstrated leadership and a commitment to service in her profession through membership on the Boards of Directors of the Hawaii Pharmacists Association, Pan Pacific Chapter of the American Cancer Society, and Hawaii Cancer Pain Management Consortium.

Your Committee received testimony in support of the nomination of Richard Minatoya from the Department of Commerce and Consumer Affairs and two individuals.

Your Committee finds that this nominee to serve as a public member of the Board of Pharmacy has extensive experience in the fields of law and government, having practiced as an attorney for almost twenty years, including almost ten years serving in the public sector as a Deputy Prosecuting Attorney with the Counties of Maui and Kauai, Deputy Corporation Counsel for the County of Maui, as a member of the County Council of the County of Kauai, and as a staff attorney and chief of staff in the State Legislature. Your Committee notes that this nominee has previously served as Chair of the Board of Pharmacy. Your Committee finds that this nominee's professional experience has given him special insight into the State's governmental and regulatory systems. Finally, your Committee finds that this nominee has demonstrated a commitment to community service through membership on the Boards of Directors of the Kiwanis Club of Kahului, University of Southern California Hawaii Alumni Club, and Hongwanji Mission as well as membership in the Kiwanis Club of Kauai and Kauai Jaycees and as a Scoutmaster of Troop 83 of the Boy Scouts of America.

Your Committee received testimony in support of the nomination of Rose Tseng from the office of Senator Daniel K. Inouye, the Department of Commerce and Consumer Affairs, and three private individuals.

Your Committee finds that this nominee to serve as a public member of the Board of Pharmacy has extensive experience in academia, including as Chancellor of the University of Hawaii at Hilo, where she was instrumental in establishing the College of Pharmacy. Your Committee notes that during her tenure at the University of Hawaii at Hilo, this nominee also oversaw the selection of Mauna Kea as the site for the Thirty-Meter Telescope, bringing \$28,000,000 in National Aeronautics and Space Administration funding to the State for the Imiloa Astronomy Center of Hawaii, and bringing the National Science Foundation's Experimental Program to Stimulate Competitive Research to Hawaii. Your Committee notes that prior to her tenure at University of Hawaii at Hilo, this nominee served as Chancellor and Chief Executive Officer of the West Valley College/Mission College District in Silicon Valley, and for twenty years as a Professor, Department Chair, and Dean of the College of Applied Arts and Sciences at San Jose State University. Your Committee further finds that this nominee has been recognized for her service and leadership through numerous awards and honors including honorary doctorates from Josai International University of Japan and China Medical University, Woman of Distinction from the Girl Scout Council of Hawaii, the Athena Award given to women in business, the Island Business Model Award, Statewide Role Model Woman of the Year from the California State Legislature, an a commendation for her achievements from the White House.

Your Committee finds that Carolyn S. J. Ma, Richard Minatoya, and Rose Tseng have been nominated for appointment to the Board of Pharmacy based on their knowledge, experience, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Solomon, Taniguchi, Slom).

**SCRep. 1368 Commerce and Consumer Protection on Gov. Msg. No. 685**

Recommending that the Senate advise and consent to the nominations of the following:

**BOARD OF EXAMINERS IN OPTOMETRY**

G.M. No. 685 GEOFFREY REYNOLDS, for a term to expire 6-30-2014 (Term amended to 6-30-2015 by GM780).

Your Committee has reviewed the personal statement and resume submitted by the nominee and finds Geoffrey Reynolds to possess the requisite qualifications to be nominated to the Board of Examiners in Optometry.

Your Committee received testimony in support of the nomination of Geoffrey Reynolds from the Department of Commerce and Consumer Affairs and the Hawaii Optometric Association.

Upon review of the testimony, your Committee finds that this nominee has practiced as a licensed optometrist for more than thirteen years in clinical and academic settings. Your Committee also finds that this nominee's professional experience includes practice in a private family-owned practice, a larger clinical setting, as an Adjunct Clinical Professor for the Pacific University College of Optometry, as a medical staff vision consultant for the University of Hawaii's Athletics Division, and as a Fellow of the American Academy of Optometry. Your Committee further finds that this nominee has demonstrated a commitment to his profession through service as past Vice President and Oahu Director and current Convention Chairperson of the Hawaii Optometric Association. Your Committee notes that this nominee has been recognized for excellence in his profession, having received numerous awards including the Nick Meneakis Award for Pharmacology and Disease, Cal-State Fullerton Outstanding Clinician Award, and the 2003 Hawaii Optometric Association's Young O.D. Award. Your Committee finally finds that this nominee's experience and accomplishments within his profession will allow him to be a valuable contributor to the Board of Examiners in Optometry.

Your Committee finds that Geoffrey Reynolds has been nominated to the Board of Examiners in Optometry based on his knowledge, experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Solomon, Taniguchi, Slom).

**SCRep. 1369 Commerce and Consumer Protection on Gov. Msg. No. 686**

Recommending that the Senate advise and consent to the nominations of the following:

**BOARD OF PHYSICAL THERAPY**

G.M. No. 686 RACHELLE IOPA, for a term to expire 6-30-2015.

Your Committee has reviewed the personal statement and resume submitted by the nominee and finds Rachele Iopa to possess the requisite qualifications to be nominated to the Board of Physical Therapy.

Your Committee received testimony in support of the nomination of Rachele Iopa from the Department of Commerce and Consumer Affairs and Hawaii Chapter, American Physical Therapy Association.

Upon review of the testimony, your Committee finds that this nominee has practiced as a licensed physical therapist for almost ten years, including five years as the owner of a private practice. Your Committee also finds that this nominee's experience as a licensed

professional and small business owner will allow her to represent an important perspective on the Board of Physical Therapy. Your Committee further finds that this nominee possesses a clear understanding of the role and function of the Board of Physical Therapy.

Your Committee finds that Rachelle Iopa has been nominated for appointment to the Board of Physical Therapy based on her knowledge, experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Solomon, Taniguchi, Slom).

**SCRep. 1370 Education on Gov. Msg. Nos. 698, 699, 700, 701, 702, 703, and 704**

Recommending that the Senate advise and consent to the nominations of the following:

HAWAI'I COMMISSION FOR NATIONAL AND COMMUNITY SERVICE

G.M. No. 698 JOHN ANDERSON, for a term to expire 6-30-2015 (Term amended to 6-30-2014 by GM779);

G.M. No. 699 JANICE BOND, for a term to expire 6-30-2015 (Term amended to 6-30-2014 by GM779);

G.M. No. 700 DENNIS DUNN, for a term to expire 6-30-2015 (Term amended to 6-30-2014 by GM779);

G.M. No. 701 LISA A. DUNN, for a term to expire 6-30-2015 (Term amended to 6-30-2014 by GM779);

G.M. No. 702 PATRICIA L. MASTERS, for a term to expire 6-30-2015 (Term amended to 6-30-2014 by GM779);

G.M. No. 703 DARIN SHIGETA, for a term to expire 6-30-2015 (Term amended to 6-30-2014 by GM779); and

G.M. No. 704 CHARLOTTE TOWNSEND, for a term to expire 6-30-2015 (Term amended to 6-30-2014 by GM779).

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds John Anderson, Janice Bond, Dennis Dunn, Lisa A. Dunn, Patricia L. Masters, Darin Shigeta, and Charlotte Townsend to possess the requisite qualifications to be nominated to the Hawai'i Commission for National and Community Service.

Your Committee received testimony in support of the nomination of John Anderson from the Governor and Hawai'i Commission for National and Community Service.

Dr. Anderson received a Bachelor of Arts degree in Psychology from San Francisco State University. He received a Master of Education degree in Counseling and Guidance and a Doctor of Philosophy degree in Education from the University of Hawaii at Manoa. Dr. Anderson was a school counselor with the Department of Education from 1989 until his retirement in 2010.

Dr. Anderson has volunteered in many different capacities throughout his life with organizations such as the East-West Center, University of Hawaii International Students Services program, and the Elks Club.

Dr. Anderson also has experience as a grant writer and a project manager. His understanding of the grant process and evaluation of grant proposals will assist him in his role as a Commissioner.

Your Committee received testimony in support of the nomination of Janice Bond from the Governor, Hawai'i Commission for National and Community Service, State Representative Derek S.K. Kawakami, Office of the Mayor of the County of Kaua'i, and three individuals.

Ms. Bond is a retired teacher. She taught English, speech, and journalism at Kauai and Kapaa High Schools and served as a Core Curriculum Coordinator. Since her retirement, Ms. Bond has kept active by continuing to volunteer in her community. She has served as the American Association of Retired Persons Volunteer Team Leader for the island of Kauai, past Board member of the American Cancer Society, Arthritis Walk Volunteer Chair, East Kauai Lions Club member, and Kauai representative to the Read to Me International Foundation.

Ms. Bond previously served on the Hawai'i Commission for National and Community Service from 2005 to 2008 and attended the National Conference on Volunteerism in 2008. In 2009, Ms. Bond was named the Kauai Female Senior Volunteer of the Year and the Hawaii Retired Teacher Association-Kauai District/Hawaii Education Association/National Education Association Retired Teacher Volunteer of the Year.

Ms. Bond's top priority for the Hawai'i Commission for National and Community Service is to encourage community service and volunteer participation in government and private programs, as well as to develop a long-term action plan for community service initiatives in the State.

Ms. Bond's enthusiasm and commitment to volunteerism make her an invaluable addition to the Hawai'i Commission for National and Community Service.

Your Committee received testimony in support of the nomination of Dennis Dunn from the Governor, Hawai'i Commission for National and Community Service, and one individual.

Mr. Dunn has an extensive history of community service. He has been a Board member of the Domestic Violence Task Force, Hawaii State Coalition Against Domestic Violence, Hawaii Supreme Court Committee on Certification of Court Interpreters, and Kailua Neighborhood Board. Mr. Dunn is a past Chair of the Hawai'i Commission for National and Community Service, serving on the Commission from its inception in 1994 until 2005.

Mr. Dunn testified that he believes the top three priorities for the Hawai'i Commission for National and Community Service are to:

- (1) Salvage federal funding for volunteer programs;
- (2) Support the work of the Commission's grantees and encourage their growth and sustainability; and
- (3) Support community development projects that build strong communities.

Mr. Dunn's previous service on the Hawai'i Commission for National and Community Service and his lifelong dedication to public service and community-building make him a great asset to the Commission.

Your Committee received testimony in support of the nomination of Lisa A. Dunn from the Governor and the Hawai'i Commission for National and Community Service.

Ms. Dunn is currently an Instructor on Victims and the Criminal Justice System at Hawaii Pacific University. Ms. Dunn has previously served as the Hawaii and American Samoa Anti-Trafficking Services Project Coordinator for The Salvation Army, where she was responsible for developing, coordinating, and delivering services for human trafficking victims. She has also served as a Program Director for Child and Family Services and the Director of Operations of Waikiki Health Center. Ms. Dunn was also the Volunteer and Program Director for the Hawaiian Humane Society.

Ms. Dunn's background in human services has given her the opportunity to see the critical role that volunteers and individuals can have in delivering services to communities. Ms. Dunn has experience managing volunteers and understands what it takes to motivate individuals and promote the effective use of volunteers and community service program members.

Ms. Dunn's experience, garnered through years of working and volunteering in the non-profit community, will provide her with the knowledge and expertise necessary to positively benefit the Commission.

Your Committee received testimony in support of the nomination of Patricia L. Masters from the Governor, Hawai'i Commission for National and Community Service, Hawai'i Friends of Civil Rights, and twenty-eight individuals.

Dr. Masters received her Bachelor of Arts degree and her Master of Arts degree from the University of California, Los Angeles. Dr. Masters received her Doctor of Philosophy in Political Science from the University of Hawaii at Manoa. She is currently the Associate Director of the Student Equity, Excellence and Diversity Program at the University of Hawaii at Manoa.

Dr. Masters previously served on the Hawai'i Commission for National and Community Service as the Commission's first Chair from 1994 to 1996.

Dr. Masters sees her role on the Commission as helping to facilitate an increase in resources, both human and monetary, to the communities most in need of services. Dr. Masters also expressed that the Commission must develop a sustainable plan for community service initiatives and ensure that the State is receiving its share of funding for community programs and services.

Dr. Masters' previous experience as a member and Chair of the Hawai'i Commission for National and Community Service, as well as her background in community organizing and grant writing, provides her with the expertise to ensure another successful term as a Commissioner.

Your Committee received testimony in support of the nomination of Darin Shigeta from the Governor and the Hawai'i Commission for National and Community Service.

Mr. Shigeta received his Bachelor of Arts degree from Claremont McKenna College. He received his Master of Business Administration degree from the University of Hawaii at Manoa. Mr. Shigeta is currently a Business Banking Manager with Bank of Hawaii. Prior to this, he was a Business Banking Officer with Bank of Hawaii.

Mr. Shigeta is the President of the Board of Directors of the Kalihi Business Foundation, where he provides input on the Foundation's activities, grant initiatives, and projects. He is also the past President of the Board of Directors of the Kalihi Business Association. Mr. Shigeta has also volunteered with the Hawaii Pacific Tennis Foundation and the Honolulu Japanese Junior Chamber of Commerce.

Mr. Shigeta's top priority for the Hawai'i Commission for National and Community Service is to ensure fiscal responsibility and effective resource management. In addition, Mr. Shigeta testified that in these tough economic times, volunteerism is increasingly important to fill the gaps in all service areas. This gives the Hawai'i Commission for National and Community Service the opportunity to promote the benefits and positive impact of volunteerism.

As a member of the Hawai'i Commission for National and Community Service, Mr. Shigeta will bring a private sector perspective on resource allocation and prioritization.

Your Committee received testimony in support of the nomination of Charlotte Townsend from the Governor, Hawai'i Commission for National and Community Service, and five individuals.

Ms. Townsend is currently the Program and Policy Development Supervisor for the Disability and Communication Access Board. She is responsible for the dissemination of information on community resources for persons with disabilities and serves as a trainer and lecturer on civil rights legislation such as the Americans with Disabilities Act, Rehabilitation Act, Air Carriers Access Act, and Federal Fair Housing Act.

Ms. Townsend will bring a wealth of knowledge on disability-related issues to help augment the Commission's efforts to be more inclusive of diverse populations, including persons with disabilities, as participants and beneficiaries of volunteer services.

Ms. Townsend is a passionate advocate for the full participation of persons with disabilities in all facets of the community, and she will bring her unique perspective to the Hawai'i Commission for National and Community Service.

As affirmed by the records of votes of the members of your Committee on Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Record of votes for Gov. Msg. Nos. 698, 700, 701, 702, and 704:  
Ayes, 4. Noes, none. Excused, 2 (Kidani, Taniguchi).

Signed by the Chair on behalf of the Committee.

Record of votes for Gov. Msg. Nos. 699 and 703:  
Ayes, 6. Noes, none. Excused, none.

**SCRep. 1371 Hawaiian Affairs on Gov. Msg. Nos. 553, 554, 555, 556, 557, and 558**

Recommending that the Senate advise and consent to the nominations of the following:

HAWAIIAN HOMES COMMISSION

G.M. No. 553 IMAIKALANI PATRICK AIU, for a term to expire 6-30-2015 (Term amended to 6-30-2013 by GM576);

G.M. No. 554 PERRY O. ARTATES, for a term to expire 6-30-2015;

G.M. No. 555 JEREMY KAMAKANEALOHA HOPKINS, for a term to expire 6-30-2015 (Term amended to 6-30-2014 by GM576);

G.M. No. 556 MICHAEL PUAMAMO KAHIKINA, for a term to expire 6-30-2015;

G.M. No. 557 IAN LEE LOY, for a term to expire 6-30-2015 (Term amended to 6-30-2013 by GM576); and

G.M. No. 558 RENWICK VALENTINE ILI'ILIPUNA TASSILL, for a term to expire 6-30-2015.

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Imaikalani Patrick Aiu, Perry O. Artates, Jeremy Kamakanealoaha Hopkins, Michael Puamamo Kahikina, Ian Lee Loy, and Renwick Valentine Ili'ilipuna Tassill to possess the requisite qualifications to be nominated to the Hawaiian Homes Commission.

Your Committee received testimony in support of the nomination of Imaikalani Patrick Aiu from the Department of Hawaiian Home Lands, Office of Hawaiian Affairs, Waimanalo Hawaiian Homes Association, Kekaha Hawaiian Home Association, Kahua Inc., Papa Ola Lokahi, and five individuals.

Imaikalani Patrick Aiu is Special Assistant to the Director, County of Kauai, Housing Authority, where he is responsible for implementing long-term county sustainability goals and practices. Prior to this position, he was Deputy Planning Director, County of Kauai Planning Department, and a Planning Commissioner for the County of Kauai. Mr. Aiu is a graduate of the University of Colorado with a Bachelor of Science in Architecture and is experienced in sustainable design, green building, and Leadership in Energy and Environmental Design (LEED) requirements. He is a member of the American Institute of Architects and an Alumni Board Member of Leadership Kauai.

Your Committee received testimony in support of the nomination of Perry O. Artates from the Department of Hawaiian Home Lands; Office of Hawaiian Affairs and one of its Trustees; Waimanalo Hawaiian Homes Association; Office of the Mayor, County of Maui; four members of the Maui County Council; Papa Ola Lokahi; Maui Economic Development Board, Inc.; Pacific Resource Partnership; Hawaii Carpenters Union, Local 745; International Union of Painters and Allied Trades District Council 50; International Brotherhood of Electrical Workers, Local Union No. 1186; International Union of Elevator Constructors, Local Union No. 126; Plumbers and Fitters Union, Local 675; Hawai'i Building and Construction Trades Council, AFL-CIO; A&B Properties, Inc.; Dowling Company, Inc.; Ka'anapali Beach Hotel; The Resort Group; and twelve individuals. Your Committee received comments from the Paukukalo Hawaiian Homes Community Association.

Perry O. Artates is employed by the Hawaii Operating Engineers Industry Stabilization Fund, where he has served in several leadership capacities since 1994, including Educational Specialist, Maui County Stabilization Representative, Construction Resource Specialist, Assistant Administrator, and Executive Director. In addition, he has a dozen years of construction experience and is a graduate of Maui Community College. Mr. Artates is active in numerous professional and civic organizations, including Maui Island Labor Alliance and Maui United Way, and serves as Director of the Waiohuli Hawaiian Homesteaders Association. He is currently a member of the Hawaiian Homes Commission.

Your Committee received testimony in support of the nomination of Jeremy Kamakanealoaha Hopkins from a State Representative; the Department of Hawaiian Home Lands; Department of Agriculture; Office of Hawaiian Affairs and two of its Trustees; Waimanalo Hawaiian Homes Association; Association of Hawaiians for Homestead Lands; Papa Ola Lokahi; Aha Kiole Advisory Committee; Na Lei Na'auao, Native Hawaiian Charter School Alliance; Kanu o ka 'Aina Learning 'Ohana; and twenty-three individuals.

Jeremy Kamakanealoaha Hopkins is currently Aide to Office of Hawaiian Affairs Trustee Robert K. Lindsey, Jr., of Hawaii Island, where he is responsible for assisting Trustee Lindsey in his duties to fulfill the needs of Native Hawaiian beneficiaries. He has extensive experience as a community building facilitator and with Punana Leo, the Hawaiian Language Immersion Pre-schools. Mr. Hopkins is a Hawaiian language teacher, teaching at Leeward Community College and Windward School for Adults, and currently is a member of the musical group Holunape. He studied at Brigham Young University-Hawaii, and at the University of Hawaii at Manoa.

Your Committee received testimony in support of the nomination of Michael Puamamo Kahikina from the Department of Hawaiian Home Lands; Office of Hawaiian Affairs; Sovereign Councils of the Hawaiian Homelands Assembly; Nanakuli Hawaiian Homestead Community Association; Association of Hawaiians for Homestead Lands; Papa Ola Lokahi; Ho'okulaiwi Center for Native Hawaiian

and Indigenous Education; Mana Mana Lima, Inc.; Waiehu Kou Phase 3 Association, Inc.; and six individuals. Your Committee received testimony in opposition from the Waimanalo Hawaiian Homes Association and three individuals.

Michael Puamamo Kahikina is Executive Director of Kahikolu Ohana Hale 'o Wai'anae, where he is responsible for operations of 48 homeless transitional units and 24 affordable housing units, and serves as Clubhouse Director of NFL-YET Hawaii/BGCH-Nanakuli. He was a member of the State House of Representatives for twelve years and a Grants Administrator for the Boys & Girls Clubs of Hawaii. Mr. Kahikina is a graduate of the University of Hawaii, West Oahu with a Bachelor of Arts in Public Administration. He is a member of many nonprofit boards and serves as Vice President of Nanakuli Hawaiian Community Association and Chairman of Nanakuli Village Center.

Your Committee received testimony in support of the nomination of Ian Lee Loy from a State Representative, the Department of Hawaiian Home Lands, Office of Hawaiian Affairs, Waimanalo Hawaiian Homes Association, Keaukaha Community Association, Keaukaha Pana'ewa Farmers Association, Association of Hawaiians for Homestead Lands, Papa Ola Lokahi, and seven individuals.

Ian Lee Loy is a Patrol Sergeant, South Hilo Patrol, Hawaii Police Department, where he is responsible for coordinating and monitoring patrol-level field assignments and reviewing investigative strategies and completed assignments. Prior to this position, he was a Detective in the burglary detail of the Puna District and a member of the Ice Task Force. Mr. Loy attended Hawaii Community College and has completed specialized training with the Hawaii Police Department. He is an active community volunteer, a member of the State of Hawaii Police Officers Union Hawaii Chapter, and is currently Vice President of the Keaukaha Pana'ewa Farmer's Association.

Your Committee received testimony in support of the nomination of Renwick Valentine Ili'ilipuna Tassill from a State Senator and two State Representatives, Department of Hawaiian Home Lands, Office of Hawaiian Affairs, a member of the Honolulu City Council, Waimanalo Hawaiian Homes Association, Nanakuli Hawaiian Homestead Community Association, Papa Ola Lokahi, 'Ai Pohaku, Lanakila Pacific, and nineteen individuals.

Renwick Valentine Ili'ilipuna Tassill is a tour escort, historian, and lecturer with the Pacific Islands Institute and Native Hawaiian Hospitality Association. He is a graduate of Leeward Community College and has completed college level courses in Hawaiian Language, Myths and Legends, and Hawaiian Genealogy, among others. Mr. Tassill currently serves as Sergeant-at-Arms of the Onipa'a Na Kupuna o Waimanalo Association and as a member of the State Association of Hawaiian Civic Clubs, and is active in numerous community organizations including several Hawaiian Civic Clubs and the Hawaii State Hawaiian Canoe Racing Association, among others.

Your Committee commends all the nominees for their commitment to public service in a challenging environment. Your Committee is impressed by their candor in discussing the problems facing the Department of Hawaiian Home Lands, the nominees' thoughts regarding possible solutions, and the strong spirit of innovation that your Committee believes these nominees will bring to the Hawaiian Homes Commission.

As affirmed by the records of votes of the members of your Committee on Hawaiian Affairs that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (English, Hee, Slom).

**SCRep. 1372 Hawaiian Affairs on Gov. Msg. Nos. 559 and 731**

Recommending that the Senate advise and consent to the nominations of the following:

ISLAND BURIAL COUNCIL, ISLAND OF O'AHU

G.M. No. 559 CHARLES ANDREW EHRHORN, for a term to expire 6-30-2015; and

G.M. No. 731 JONATHAN L. SCHEUER, for a term to expire 6-30-2015 (Term amended to 6-30-2014 by GM780).

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Charles Andrew Ehrhorn and Jonathan L. Scheuer to possess the requisite qualifications to be nominated to the Island Burial Council, Island of O'ahu.

Your Committee received testimony in support of the nomination of Charles Andrew Ehrhorn from the Department of Land and Natural Resources, Office of Hawaiian Affairs, and Aukahi.

Charles Andrew Ehrhorn is a Consultant with C&J Land Planning, LLC, which provides land and site planning and design review services for a variety of clients. He is a Registered Architect with a background in land planning, site planning, and urban design, as well as resort and recreational development housing, and commercial site analysis. Prior to his current position, Mr. Ehrhorn was Asset Manager - Resort and Residential Property and a Land Planning Coordinator/Manager with the Campbell Estate for over twenty years. He is a graduate of the University of Oregon with a Bachelor of Architecture and holds a Master of Regional Planning from Cornell University. Mr. Ehrhorn is active in numerous professional and civic organizations, including the Honolulu Chapter and the Hawaii Council of the American Institute of Architects, and is a past member of the Oahu Island Burial Council.

Your Committee received testimony in support of the nomination of Jonathan L. Scheuer from the Department of Land and Natural Resources, Office of Hawaiian Affairs, Aukahi, Hawaiian Islands Land Trust, Conservation Council for Hawai'i, Ku'iwalu, and three individuals.

Jonathan L. Scheuer is a private consultant specializing in conflict resolution in conservation, land acquisition, and public policy, and the intersection of these areas with Native Hawaiian concerns, and has extensive writing and speaking experience in public processes, the media, and higher education. He has also worked for the Office of Hawaiian Affairs as Director of Land Management and Policy Analyst and for Kamehameha Schools as a Land Assets Division Land Evaluation Coordinator. Dr. Scheuer is a graduate

of the University of California, Santa Cruz with a Bachelor of Arts in Environmental Studies and a Doctor of Philosophy in Environmental Studies. He also holds a Masters in Environmental Studies from Yale University. Dr. Scheuer is the author of numerous publications and presentations and is active in community service, including serving as a Board member of the O'ahu Land Trust and as Director of Malama o Manoa.

As affirmed by the records of votes of the members of your Committee on Hawaiian Affairs that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (English, Hee, Slom).

**SCRep. 1373 Hawaiian Affairs on Gov. Msg. No. 729**

Recommending that the Senate advise and consent to the nominations of the following:

ISLAND BURIAL COUNCIL, ISLAND OF HAWAI'I

G.M. No. 729 EDWIN L.P. MIRANDA, for a term to expire 6-30-2014.

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Edwin L.P. Miranda to possess the requisite qualifications to be nominated to the Island Burial Council, Island of Hawai'i.

Your Committee received testimony in support of the nomination of Edwin L.P. Miranda from the Department of Land and Natural Resources and Keaukaha Community Association.

Edwin L.P. Miranda is a Soil Conservationist with fifteen years of experience in various soil and water conservation projects with the United States Department of Agriculture Natural Resource Conservation Service, Hilo Field Office, and its predecessor agency, the Soil Conservation Service. He is a graduate of the University of Hawaii at Manoa, with a Bachelor of Science in General Agriculture. Mr. Miranda is a member of the Keaukaha Community Association, is active in numerous professional and civic organizations, is a lifetime member of the Natural Resources Conservation Employee Organization – Asian/Pacific Islanders, and for many years has coached in youth basketball leagues.

As affirmed by the record of votes of the members of your Committee on Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (English, Hee, Slom).

**SCRep. 1374 Public Safety, Government Operations, and Military Affairs on Gov. Msg. No. 591**

Recommending that the Senate advise and consent to the nominations of the following:

CORRECTIONS POPULATION MANAGEMENT COMMISSION

G.M. No. 591 DAVID HEAUKULANI, for a term to expire 6-30-2012.

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds David Heaukulani to possess the requisite qualifications to be nominated to the Corrections Population Management Commission.

Your Committee received testimony in support of David Heaukulani from the Department of Public Safety.

David Heaukulani is currently on the adjunct faculty at the University of Hawaii-Hilo, where he teaches Principles of Sociology, Statistics, and Criminology. He also has experience teaching criminal justice courses at Hawaii Community College, San Jose State College (Chaminade Campus), Chaminade University, Wayland Baptist University of Texas, and Honolulu Community College. He received a Doctor of Philosophy degree in Sociology, with a Concentration in Criminology from the University of Hawaii at Manoa. He also received a Master of Arts degree in Sociology from the University of Hawaii at Manoa. Dr. Heaukulani is a member of numerous professional organizations and has received numerous awards and certificates relating to law enforcement and security.

The nominee served on the Governor's Prison Overcrowding Task Force under Governors Ariyoshi and Waihee. He also published a report entitled "Critical Mass: Observations on Prison Overcrowding in Hawaii", Social Process in Hawaii" in 1992.

Your Committee notes from the personal statement of the nominee that he believes that the correctional population management issue is important to the County of Hawaii in many respects. He wishes to be a representative for the county of Hawaii so that he can use his expertise to support the expansion of correctional facilities or treatment programs for Hawaii County. He supports any expansion plans for future treatment programs or facility expansion targeted for Hawaii County.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Baker, Slom).

**SCRep. 1375 Public Safety, Government Operations, and Military Affairs on Gov. Msg. No. 733**

Recommending that the Senate advise and consent to the nominations of the following:

CRIME VICTIM COMPENSATION COMMISSION

G.M. No. 733 MARI A. MCCAIG, for a term to expire 6-30-2015.

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Mari A. McCaig to possess the requisite qualifications to be nominated to the Crime Victim Compensation Commission.

Your Committee received testimony in support of Mari A. McCaig from the State of Hawaii Crime Victim Compensation Commission, Visitor Aloha Society of Hawaii, and four individuals.

Mari A. McCaig has been with the Department of the Prosecuting Attorney, City and County of Honolulu, as a Victim and Witness Counselor providing counseling and support to victims and witnesses involved in criminal cases. She is also the Director of the Visitor Assistance Program and has worked previously for Child and Family Services and Catholic Social Services. The nominee received a Master of Science degree in Counseling Psychology from Chaminade University of Honolulu and a Bachelor of Arts degree in Political Science and French from the University of Hawaii at Manoa.

The nominee received the Liberty Bell Award in 2003 from the Hawaii State Bar Association for exemplary service to the community. She is a member of Psi Chi, a National Honor Society in Psychology of the American Psychological Association; a Certified Cognitive Trauma Therapist; and a National Certified Counselor of the American Psychological Association. She is on the Board of Directors of the Susannah Wesley Community Center; Fetu'Ao, a Samoan community organization; and Peoples Fund; and she is on the Community Advisory Board of the Department of Ethnic Studies at the University of Hawaii.

Your Committee notes from Mari A. McCaig's personal statement that a significant part of her professional life has been dedicated to working with victims of crime and providing services and support as they navigate through the arduous complexities of the criminal justice system. During this time she has worked with victims of sex assault, domestic violence, physical assault, kidnapping, and in the cases of homicide and negligent homicide, the surviving family members of the victim. The nominee believes the primary role of a Commissioner is to determine the eligibility of the crime victim applicant. The Commission then evaluates and analyzes criminal justice data to verify that an eligible crime has occurred. Finally, the Commission evaluates the financial, medical, and criminal justice documents to ensure that the victim is fairly and justly awarded compensation.

Your Committee further notes that the nominee states that she is committed to the concept of restorative justice for crime victims. She believes it is important to hold offenders accountable for the harm they have inflicted on the victim, and as a vital part of restorative justice to hold them financially accountable by paying restitution to the victim.

As affirmed by the record of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Baker, Slom).

**SCRep. 1376 Public Safety, Government Operations, and Military Affairs on Gov. Msg. Nos. 746 and 747**

Recommending that the Senate advise and consent to the nominations of the following:

CORRECTIONAL INDUSTRIES ADVISORY COMMITTEE

G.M. No. 746 DENISE J. JOHNSTON, for a term to expire 6-30-2015 (Term amended to 6-30-2014 by GM780); and

G.M. No. 747 THEODORE SAKAI, for a term to expire 6-30-2014.

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Denise J. Johnston and Theodore Sakai to possess the requisite qualifications to be nominated to the Correctional Industries Advisory Committee.

Your Committee received testimony in support of Denise J. Johnston from the Department of Public Safety and one individual.

Denise J. Johnston is currently an Adult Corrections Officer V-Lieutenant with the Department of Public Safety. She has been an Adult Corrections Officer since 1984. Among her many current duties, she oversees the daily workings of the staff and inmates at the Community Service, Residency, and Security and Intake/Release Sections; assists in developing security procedures; and monitors housing movements of inmates throughout the facility to assure jail custodies are not mixed with prison custodies.

Your Committee notes from the nominee's personal statement that she believes in promoting morale, accountability, and rewarding hard work and dedication. The nominee perceives her role and responsibilities as a member of the Corrections Industries Advisory Committee as providing guidance and support to encourage training opportunities between corrections industries and the private sector and to provide low-cost labor to non-profit organizations. Working as an Adult Corrections Officer, she understands how the correctional facilities work and has the insight into how training and labor programs benefit the inmates and public by providing the inmates with valuable skills that they can utilize when they reenter society and therefore avoid recidivism.

Your Committee received testimony in support of Theodore Sakai from the Department of Public Safety and two individuals.

Theodore Sakai is currently the Principal of Ted I. Sakai and Associates and serves as a Certified Professional Executive and Life Coach, consultant, and trainer in leadership development, consultant in correctional management and program development, consultant in strategic planning, and labor arbitrator. Mr. Sakai has experience working for the Department of Public Safety from 1998 to 2005 in various capacities, including service as Director, Deputy Director, Chief of Staff, Corrections Program Services Administrator,

Corrections Division Administrator, and Program Planning Office Administrator. The nominee has also been with the John Howard Association of Hawaii as Executive Director and served that entity in other various positions.

The nominee is also an active community participant as a director or chair of numerous community and social service organizations, most of which are associated with corrections and rehabilitation. Mr. Sakai has published several professional articles including one entitled "Restorative Circles: A Reentry Planning Process for Hawaii" and has received numerous awards and recognition for his work in corrections and human services.

Your Committee notes from the personal statement of the nominee that since he left the employment of the Department of Public Safety, he has retained a keen interest in corrections in Hawaii. Among other things, Mr. Sakai has served as a consultant to the Big Island's Going Home Consortium, a successful collaboration of state and community agencies focused on the successful re-entry of offenders into the Big Island Community. Going Home started as an effort to help offenders obtain meaningful jobs after they were released from incarceration. Consortium members found that after a term of imprisonment, most offenders lacked experience and soft skills to secure good jobs and retain employment and that in addition to employment, offenders need support in such areas as treatment, family reunification, and housing. Your Committee finds that the nominee will make valuable contributions to the Correctional Industries Advisory Committee in large part due to the experience and knowledge he has gained through work such as the Giving Home Consortium.

As affirmed by the records of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Baker, Slom).

**SCRep. 1377 Public Safety, Government Operations, and Military Affairs on Gov. Msg. Nos. 748, 749, and 750**

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII PAROLING AUTHORITY

G.M. No. 748 JOYCE K. MATSUMORI-HOSHIJO, for a term to expire 6-30-2015 (Term amended to 6-30-2014 by GM783);

G.M. No. 749 BERT Y. MATSUOKA, for a term to expire 6-30-2012; and

G.M. No. 750 MICHAEL A. TOWN, for a term to expire 6-30-2014 (Term amended to 6-30-2015 by GM778).

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Joyce K. Matsumori-Hoshijo, Bert Y. Matsuoka, and Michael A. Town to possess the requisite qualifications to be nominated to the Hawaii Paroling Authority.

Your Committee received testimony in support of Joyce K. Matsumori-Hoshijo from the Department of Public Safety, State Public Defender, and fourteen individuals.

Joyce K. Matsumori-Hoshijo currently has a private law practice, specializing in civil and criminal appeals. She has twenty years of experience with the Office of the Public Defender in various trial and appellate positions. The nominee received a Juris Doctor degree from the Hastings College of the Law and a Bachelor of Arts degree from the University of California, Berkeley.

Ms. Matsumori-Hoshijo is active in community organizations, including service since 2009 on the Na Loio (nonprofit legal service organization) Board of Directors as Secretary, and she has served on the Penal Code Reform Committee for the Hawaii State Bar Association.

Your Committee notes from the personal statement of the nominee that she believes the role of Hawaii Paroling Authority members is to make sound decisions regarding the setting of minimum terms of imprisonment and parole-related matters in order to protect the community and reintegrate the offender into the community. The nominee also noted that Hawaii Paroling Authority members are required to follow the applicable statutes and rules when evaluating each case work to ensure that offenders complete all required programming so that they will have the best chance of success upon returning to the community. Society benefits as a whole when these individuals become productive, working members within their families and communities. The nominee's many years of experience as a Deputy Public Defender handling minimum term and parole hearings before the Hawaii Paroling Authority provides her with unmatched knowledge, experience, and insight into the proper functioning of the Authority.

Your Committee believes that the nominee's extensive experience as a Public Defender, as well as serving with Na Loio and on the Penal Code Reform Committee, is invaluable to the Hawaii Paroling Authority.

Your Committee received testimony in support of Bert Y. Matsuoka from the Department of Public Safety, Hawaii Paroling Authority, State Public Defender, The Salvation Army – Family Intervention Services, The Marine Group, and five individuals.

Bert Y. Matsuoka is currently the Contract Manager for Securitas Security Services USA Inc. His prior experience includes serving as the Executive Director of the Office of Youth Services, Acting Volunteer Services Administrator of the Department of Human Services, and Metropolitan Police Officer for the Honolulu Police Department.

Mr. Matsuoka received a Master's degree in Public Administration, a Certificate in Public Administration, and a Bachelors of Arts degree in Sociology from the University of Hawaii at Manoa.

Your Committee notes from the personal statement of the nominee that the Hawaii Paroling Authority is tasked to determine if and when incarcerated individuals are allowed to transition back into the community without posing a risk to public safety or to the individuals themselves. According to the nominee, the Authority needs to take a careful, objective view of each individual and

determine whether that person is prepared to be afforded an opportunity to be allowed back into the community. Mr. Matsuoka will place emphasis on the collected research, data, and history of the individual, and seek the input from the professionals who actually work with and are familiar with the individual in making these determinations.

Your Committee believes that the nominee's experience with the Office of Youth Services and the Department of Human Services allows him to share his valuable insights into the rehabilitation potential in inmates who comes before the Hawaii Paroling Authority.

Your Committee received testimony in support of Michael A. Town from the Department of Public Safety, State Public Defender, and twelve individuals.

Michael A. Town received a Master of Laws degree from Yale Law School with a constitutional law emphasis; a Juris Doctor degree from the University of California, Hastings College of the Law; and a Bachelor of Arts degree from Stanford University in Economics and Latin American Studies.

Judge Town is currently a Mediator and Arbitrator with Dispute Prevention & Resolution in Honolulu. He has experience serving as a Circuit Court Judge in Hawaii from 1993 to 2010, during which time (1994 to 1997) he served as the Senior Judge of the Family Court. Prior thereto, Judge Town was the Supervising Attorney and Director of Litigation at Legal Aid Society of Hawaii and Law Clerk to Associate Justice Bernard H. Levinson.

The nominee has published numerous professional articles and served on several professional committees, such as the Restorative Justice Committee of the Hawaii State Judiciary, with relevant published results including, "Model Code on Domestic and Family Violence"; "Children and Families First: A Mandate for America's Courts"; and "Family Violence: Improving Court Practice". Judge Town's numerous professional affiliations include the Hawaii Justice Foundation and Board of Trustees of the National Council of Juvenile and Family Court Judges.

Judge Town has been an Adjunct Professor of Law at the University of Hawaii William S. Richardson School of Law, and has been a lecturer and workshop leader nationally and internationally on court-related topics such as judge as coach, unified family court, vicarious trauma and resiliency in judges, problem solving courts, and preventive, restorative, and therapeutic justice.

Your Committee notes from the nominee's personal statement that his experience serving as a Family Court Judge, Senior Judge of the Family Court, and Circuit Court Judge uniquely qualify him to serve as a member of the Hawaii Paroling Authority. He believes it is essential to look at each case individually. In light of the reports, social studies, information presented, and the interview process for each offender, he will do his best to make a reasoned decision that reflects restorative justice, which he describes to include community safety, personal accountability, and being receptive to services, so that an offender can become a law-abiding, self-sufficient, and contributing member of the community.

Your Committee believes that Judge Town's experience and sterling reputation as a judge and law professor, and his research and publication on various judicial and penal issues would make him a valued and respected member of the Hawaii Paroling Authority.

As affirmed by the records of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Baker, Slom).

**SCRep. 1378      Tourism on Gov. Msg. No. 752**

Recommending that the Senate advise and consent to the nominations of the following:

**BOARD OF DIRECTORS OF THE HAWAI'I TOURISM AUTHORITY**

G.M. No. 752    CRAIG NAKAMURA, for a term to expire 6-30-2014.

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Craig Nakamura to possess the requisite qualifications to be nominated to the Board of Directors of the Hawai'i Tourism Authority.

Your Committee received testimony in support of the nomination of Craig Nakamura from The Fairmont Orchid, Hyundai Tournament of Champions, Maui Hotel & Lodging Association, and three private citizens.

Mr. Nakamura has a Bachelor of Arts degree in History from the University of Colorado and a Juris Doctor degree from the University of Hawaii School of Law. He is a member of the Hawaii State Bar Association and the Maui Bar Association and is actively involved in his community through participation in the Wailuku Heights Community Association II and Kapalua Maui Charities.

Mr. Nakamura currently works as an attorney with the law firm of Carlsmith Ball LLP on the island of Maui. Mr. Nakamura has an extensive background in real estate law and regularly represents landlords, tenants, and property management companies in lease transactions, including shopping centers, ground leases, warehouses, offices, and residential leases. Mr. Nakamura also has an extensive knowledge of real property development transactions, licensing and permitting processes, and complex financings. Prior to joining Carlsmith Ball LLP, Mr. Nakamura worked at the law firm of Ueoka & Luna.

Throughout his legal career, Mr. Nakamura has worked with numerous restaurants on the island of Maui, including international chains and franchises, servicing clients with respect to business start-up and operational issues, including leasing, permitting, and licensing issues. Mr. Nakamura is also a former member of the Hawaii Restaurant Association.

Mr. Nakamura has a firm understanding of the local business environment and the impact tourism has on the State's economy. The clients he represents on a daily basis are heavily dependent on revenues generated from tourism and his client service has given Mr.

Nakamura extensive knowledge of the tourism industry. Accordingly, your Committee finds that Mr. Nakamura's real estate, corporate, and financial background, along with his knowledge of the tourism industry, will make him a positive addition to the Board of Directors of the Hawai'i Tourism Authority.

As affirmed by the record of votes of the members of your Committee on Tourism that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Kahele, Slom).

**SCRep. 1379 Ways and Means on Gov. Msg. No. 753**

Recommending that the Senate advise and consent to the nominations of the following:

TAX REVIEW COMMISSION

G.M. No. 753 DARRYL NITTA, for a term to expire 6-30-2015.

Your Committee received testimony in support of the nomination of Darryl Nitta from the Department of Taxation; K. Mark Takai, State Representative, House of Representatives; International Union of Painters and Allied Trades, District Council 50; Kathy Castillo, Executive Director, Hawaii Society of Certified Public Accountants; Thomas Yamachika, Tax Principal, Acuity, Certified Public Accountants; Matthew Resich, Account Manager, MC&I Inc; Reginald Castanares, President, The Hawai'i Building and Construction Trades Council; Glenn Ida, The Plumbers and Fitters, Local 675; Jim Yates, President and CEO, Mid Pac Petroleum, LLC; Rodney Harano, CPA, CW Associates; Reginald Castanares, President, Hawaii Building and Construction Trades Council; Samuel T. Fujikawa, CEO, Continental Mechanical of the Pacific; May Lee, Investor Relations Manager, Tissue Genesis Incorporated; ILWU Local 142; Ed Hahn; Jane Sakurada; Kimberly Tomlinson; Joan Fujita; Rick Sakurada; Jason M. Arakaki; Jessica Nitta, Account Manager, MC&A; Jill Miyaki; Gerald K.W. Wong; Roy Sonomura; and thirty individuals.

Upon review of the testimony and other information received, your Committee finds that the nominee is a qualified candidate to serve on the Tax Review Commission. Mr. Nitta has been employed as a Certified Public Accountant in private practice for approximately ten years and is currently the Tax Senior Manager at Accuity, LLP. He has a Bachelor of Science degree from the University of San Francisco, and earned his Master's Degree in Business Administration from Hawaii Pacific University. Mr. Nitta's extensive tax and accounting experience includes tax return preparation, tax consulting, and general business services. His knowledge will be of great help to the Tax Review Commission as it fulfills its duty to conduct a systematic review of the State's tax structure. Beyond his professional experience, Mr. Nitta has a commitment to community and public service. He has been a member of many community organizations, particularly those that support Hawaii's elementary school students. Mr. Nitta has the necessary knowledge, skills, and acumen to effectively and competently serve as a member of the Tax Review Commission.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 3 (English, Ryan, Tokuda).

**SCRep. 1380 Judiciary and Labor on Gov. Msg. No. 560**

Recommending that the Senate advise and consent to the nominations of the following:

COMMISSION TO PROMOTE UNIFORM LEGISLATION

G.M. No. 560 KEN HIDESHI TAKAYAMA, for a term to expire 6-30-2015.

Your Committee has reviewed the personal history, resume, and statement submitted by the appointee and finds Ken Hideshi Takayama to possess the requisite qualifications to be nominated to the Commission to Promote Uniform Legislation.

Testimony in support of the nomination of Ken Hideshi Takayama was submitted by the Department of the Attorney General, three Commissioners of the Commission to Promote Uniform Legislation, one commissioner to the National Conference of Commissioners on Uniform State Laws, and one individual.

Mr. Takayama brings a wealth of professional experience to the Commission. From January 2003 until his retirement in December 2010, Mr. Takayama served as the Director of the Legislative Reference Bureau. Prior to that time, he served as the Assistant Director for Research with the Legislative Reference Bureau from December 1986 to December 2002. He has also served as a Judge Advocate with the Army National Guard for many years and as a staff attorney for the Office of Council Services of the City and County of Honolulu.

Mr. Takayama has served on the Commission since 1995. During his tenure on the Commission, he has represented Hawaii on the National Conference of Commissioners on Uniform State Laws (also known as the Uniform Law Commission) (ULC), served on several ULC drafting and study committees, acted as the legislative liaison from Hawaii to the ULC, and served as a member of the ULC Standing Committee on Membership and Attendance and the Committee of Legislative Attorneys. He has demonstrated his strong commitment to the Commission and to the promotion of uniform state laws by his active participation, including his attendance at annual meetings of the ULC even when budgetary limitations prevented full or even partial reimbursement for his travel expenses.

Testimony submitted on behalf of his appointment by other Commissioners highlights his considerable value to the Commission and to the Legislature when the Commission assists legislators with analyzing and considering potential uniform acts for adoption. Commissioners praised his enthusiasm in fulfilling his Commission obligations, observing that he works tirelessly to have uniform acts introduced in and moved through the Legislature by preparing testimony, testifying knowledgeably at hearings, and working with

legislators and other interested parties to address any concerns various groups may have. The Commissioners commended Mr. Takayama's work with the Commission and his important role in facilitating its mission.

As affirmed by the records of votes of the members of your Committee on Judiciary and Labor that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Ihara, Slom).

**SCRep. 1381 Judiciary and Labor on Gov. Msg. Nos. 561 and 562**

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII WORKFORCE DEVELOPMENT COUNCIL

G.M. No. 561 ALFRED C. LARDIZABAL, for a term to expire 6-30-2015; and

G.M. No. 562 HAROLD P. MCDERMOTT, for a term to expire 6-30-2015.

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Alfred C. Lardizabal and Harold P. McDermott to possess the requisite qualifications to be nominated to the Hawaii Workforce Development Council.

Testimony in support of the nomination of Alfred C. Lardizabal was submitted by ILWU Local 142, the Hawaii Building and Construction Trades Council of the AFL-CIO, International Union of Elevator Constructors, Hawaii LECET (Laborers-Employers Cooperation and Education Trust), the Pacific Resource Partnership, Koga Engineering and Construction, Inc., Ralph S. Inouye Co., Ltd., and one individual.

Mr. Lardizabal has a distinguished career in the public sector and the labor field, specifically. From 2002 to 2010, Mr. Lardizabal served as the Director of Government and Community Relations and as Operations Manager/Editor with the Laborers' International Union of North America, Local 368. Between 1994 and 2002, he was the Deputy Negotiator with the Office of the Governor. Prior to his service in that position, he served as the Deputy Director of the Department of Labor and Industrial Relations, Deputy Director of the Department of Taxation, and Director of the Department of Personnel Services. From 1982 to 1986, Mr. Lardizabal served in the House of Representatives. Mr. Lardizabal also has experience at the county level, having been the Director of Finance and Deputy Director of Finance for the County of Kauai. Additionally, Mr. Lardizabal has experience in the private sector, having worked as a plantation trainee in Lihue, an appliance repair technician, and a licensed electronic technician, before going on to study business at the University of Hawaii and at other institutions on the mainland.

Testifiers who submitted testimony in support of Mr. Lardizabal's nomination praised his extensive and broad experience in government and labor, observing that this experience would be a tremendous asset to the Hawaii Workforce Development Council. He is well-respected by other members of the labor community, having worked closely with them on legislative activities, political action, and community projects. One testifier commented that in Mr. Lardizabal's present position as a labor advocate, he works collaboratively with construction management to help solve problems relating to the construction industry.

Your Committee finds that Mr. Lardizabal's wide and varied experience in government and labor make him well-suited to serve on the Hawaii Workforce Development Council. While the majority of the Council's members are from the private sector and represent employers, Mr. Lardizabal's nomination is for one of the two positions designated for labor. Accordingly, his background has given him the experience to be keenly aware of the problems of unemployment and other labor issues and the experience and collaborative style to solve problems, while sharing with other Council members an understanding of the labor perspective.

Testimony in support of the nomination of Harold P. McDermott was submitted by the Hawaii Building and Construction Trades Council of the AFL-CIO, International Union of Elevator Constructors, Plumbing and Mechanical Contractors Association of Hawaii, and Hawaii LECET (Laborers-Employers Cooperation and Education Trust).

Mr. McDermott is currently the Assistant Training Coordinator with the Plumber and Fitters UA Local 675, where he oversees the apprenticeship program for the plumbers, providing plumbing competency classes and backflow certification. Prior to his work as the Assistant Training Coordinator, from 1996 until 2006, he worked as the Plumbing General Superintendent with Alaka'i Mechanical Corp, where he supervised the construction and plumbing service division and oversaw estimating and drafting for the plumbing department. He also served as an apprenticeship instructor for the Plumber and Fitters UA Local 675. From 1975 until 1996, he worked as a licensed plumber with Au's Plumbing and Alaka'i Mechanical Corp, and acted as the foreman for ongoing construction projects.

Testifiers in support of Mr. McDermott's nomination commended his unparalleled enthusiasm for the growth and training of new and established plumbing journeymen and woman and his understanding of what is required to develop a strong and productive workforce. Testimony also indicated that Mr. McDermott has the necessary personal skills to work cooperatively within a large council, and that his demeanor is calm, rational, and friendly. Mr. McDermott is highly regarded by his peers and leaders of the construction trades industry.

Your Committee notes that Mr. McDermott fills the second labor position on the Council and finds that he has the unique perspective of coming up through a trade, first as an apprentice, then as a journeyman, supervising work crews and estimating manpower costs, and then instructing, planning, and coordinating the curriculum for the statewide training program. This perspective, and his experience with the apprenticeship program, will be invaluable to the Council, whose mission is to generate creative ideas and solutions to develop the skilled workforce that is needed by businesses in the State.

As affirmed by the records of votes of the members of your Committee on Judiciary and Labor that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Ihara, Slom).

**SCRep. 1382 Judiciary and Labor on Gov. Msg. Nos. 589 and 732**

Recommending that the Senate advise and consent to the nominations of the following:

CIVIL RIGHTS COMMISSION

G.M. No. 589 LINDA H. KRIEGER, for a term to expire 6-30-2015; and

G.M. No. 732 RAYMUND LIONGSON, for a term to expire 6-30-2015.

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Linda H. Krieger and Raymund Liongson to possess the requisite qualifications to be nominated to the Civil Rights Commission.

Testimony in support of the nomination of Linda H. Krieger was submitted by the Department of Labor and Industrial Relations, Hawai'i Civil Rights Commission, and one individual.

Linda H. Krieger is currently a Professor of Law at the University of Hawaii, William S. Richardson School of Law, teaching employment discrimination law, legislation and statutory interpretation, and civil procedure. She has extensive knowledge and experience in civil rights matters. For thirteen years, she worked as a civil rights lawyer in San Francisco, California. During that period, she litigated at the trial and appellate levels, a number of significant state and federal sex and race discrimination and other workers' rights cases. Many of these cases established important legal and practical precedents in the areas of pregnancy discrimination, sexual harassment, and the rights of workers affected by mass layoffs. She also played a significant role in drafting state and federal legislation in these subject matter areas. During these years, Professor Krieger was also a political activist in the San Francisco lesbian and gay community, and took an early leading role in community organizations, such as the San Francisco AIDS Foundation, the AIDS Legal Referral Panel, and the AIDS Interfaith Network, which emerged in response to the AIDS outbreak in the early 1980s.

Ms. Krieger has also taught at the Stanford Law School, where she published a ground-breaking article on implicit bias and antidiscrimination law.

She also taught courses in employment discrimination law, civil procedure, legal problem solving and decision making, antidiscrimination law and policy, and an undergraduate course on American social movements and their relationship to the development of civil rights law and policy in the United States, at the University of California at Berkeley School of Law. Ms. Krieger has been published extensively in the areas of disability discrimination, affirmative action, law and social cognition theory, international comparative equality law and policy, judgment in legal decision making, and theories of law and social change.

Testimony submitted on behalf of Ms. Krieger's nomination commended Ms. Krieger's firm grasp of the law, in practice and in theory, and a deep and demonstrated commitment to civil rights. She has a reputation as bright, fair, compassionate, wise, ethical, and as a tireless advocate for civil rights and social justice. Your Committee finds that Ms. Krieger will make a substantial contribution to the work and success of the Hawai'i Civil Rights Commission.

Testimony in support of the nomination of Raymund Liongson was submitted by the Hawai'i Civil Rights Commission; Department of Labor and Industrial Relations; Office of Language Access, Department of Labor and Industrial Relations; UNITED HERE Local 5; ILWU Local 142; Hawai'i Friends of Civil Rights; United Filipino Council of Hawaii; Oahu Filipino Community Council; Nursing Advocates & Mentors, Inc.; Filipino Coalition for Solidarity; and seventeen individuals.

Raymund Liongson is currently an Assistant Professor and Coordinator of Philippine Studies with the University of Hawaii-Leeward Community College. Prior to that position, he was a lecturer in Anthropology at the University of Hawaii-West Oahu, an Institutional Research Analyst at the University of Hawaii-Leeward Community College, and a Resource Teacher with the Department of Education. Dr. Liongson also has extensive experience in the education field in the Philippines, as an Associate Director at the Center for Educational Research and as an Instructor in Sociology and Philippine Studies with the Polytechnic University of the Philippines.

Dr. Liongson has also been involved with the recognition and promotion of human and civil rights for many years, in Hawaii and the Philippines. He currently serves as a Director of Sulong Aral, a program funded by the United States Department of Education to help students of Filipino ancestry finish college. He is a Board member of the Filipino Community Center, and also served as the President of the Filipino Coalition for Solidarity, a rights advocacy group for Filipino-American World War II veterans, Filipino immigrants, and Filipino workers in the areas of discrimination, language access, and domestic violence. Since 2006, Dr. Liongson has participated and served as a member of UNITED HERE Local 5's Community Committee, which is an alliance of seventeen community leaders representing an array of interests and constituent groups that support the efforts of hotel, health care, and food service workers. Over many years, Dr. Liongson has been involved in the community, advocating and working for fair and equal treatment of workers, women, and ethnic minorities.

Testimony submitted on behalf of Dr. Liongson's confirmation praised his extensive knowledge of and commitment to the Hawai'i Filipino community, in particular, and the area of civil rights of all individuals. Testifiers pointed to his extensive advocacy work in the community as an indication of his commitment to social justice and civil rights for workers, women, immigrants, children, the disadvantaged, and the marginalized. Your Committee finds that Dr. Liongson's experience and knowledge will bring a unique and valuable perspective to the Hawai'i Civil Rights Commission.

As affirmed by the records of votes of the members of your Committee on Judiciary and Labor that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Gabbard, Ihara).

**SCRep. 1383 Judiciary and Labor on Gov. Msg. Nos. 622, 623, and 624**

Recommending that the Senate advise and consent to the nominations of the following:

COMMISSION ON THE STATUS OF WOMEN

G.M. No. 622 CARMILLE L. LIM, for a term to expire 6-30-2015;

G.M. No. 623 AMY Y. MONK, for a term to expire 6-30-2015 (Term amended to 6-30-2014 by GM789); and

G.M. No. 624 LISA ELLEN SMITH, for a term to expire 6-30-2015.

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Carmille L. Lim, Amy Y. Monk, and Lisa Ellen Smith to possess the requisite qualifications to be nominated to the Commission on the Status of Women.

Testimony in support of the nomination of Carmille L. Lim was submitted by the Department of Human Services; Enterprise Honolulu, Oahu Economic Development Board; and twenty-seven individuals.

Carmille L. Lim received her Bachelor of Arts degree in Political Science, with a certificate in Women's Studies, from the University of Hawaii at Manoa. She is a Donor and Member Relations Associate with the YWCA, where she raises, maintains, and manages funds and the organizational budget through donor, member, and sponsorship solicitation and performs community outreach. From July 2010 to February 2011, she worked with Loomis-ISC, where she offered social media, nonprofit, and political campaigning perspectives and counseling. Ms. Lim also volunteered as a Teaching Assistant for a History of Gender, Sex, and Sexuality class at the University of Hawaii at Manoa and with the Women's Caucus of the Hawaii Democratic Party; The Chamber of Commerce, Hawaii; and the Aiea Neighborhood Board, and held volunteer positions with the Women's Fund of Hawaii as a Fund Development Committee Member, and with the Judiciary as a Research Statistician Aide. Ms. Lim also volunteered as a Grantmaking Committee Member with the Hawaii People's Fund and as a Board member and Treasurer with Envision Hawaii.

Testimony submitted in support of Ms. Lim praise her sincere dedication, intelligence, and commitment to social justice, women's issues, and sustainability. Through her volunteer work with many organizations, she has developed broad knowledge regarding domestic violence against women, gender discrimination, and economic advancement. Your Committee finds that Ms. Lim's energetic commitment, broad-based knowledge about issues affecting women, and leadership skills will be valuable to the Commission on the Status of Women.

Testimony in support of the nomination of Amy Y. Monk was submitted by Congresswoman Mazie K. Hirono, the Department of Human Services, and twenty-one individuals.

Amy Y. Monk has had a notable career with the foreign service. She worked as a Management Officer, performing regional contract solicitation and negotiation in Japan, where she supervised foreign national professionals, managed Asia and Pacific embassy property, and performed crisis management and emergency planning. She also worked as a Human Resources Officer, classifying positions, recruiting, performing personnel problem solving, negotiation, and applying federal regulation and foreign labor law. She also acted as a Political and Public Diplomacy Officer, where she analyzed and reported developments in United States-Japan bilateral relations, monitored Russian media, and produced media products for use overseas. Ms. Monk has also performed extensive community service, serving as a Hawaii Kai Neighborhood Board member, an AARP Foundation Tax Aide, and a Board Member with Planned Parenthood of Hawaii. She also served as the Vice Chair of the Oahu County Community Democratic Party of Hawaii, as the District Chair of the Hawaii Kai Democratic Party, as a member of the Patsy T. Mink Political Action Committee, and with the Women's Caucus of the Democratic Party of Hawaii.

Testimony submitted in support of Ms. Monk commend her leadership and expertise gained through her professional experience and involvement with various community activities. She has a reputation as open, honest, hardworking, thoughtful, and fair minded, and as a good communicator. Moreover, Ms. Monk has demonstrated her commitment to the community and to the advancement of the cause of women and women's rights as a member of the Patsy T. Mink Political Action Committee, the Women's Caucus of the Democratic Party, and Planned Parenthood of Hawaii. Your Committee finds that Ms. Monk's extensive professional foreign service experience will bring an international perspective to the Commission on the Status of Women.

Testimony in support of the nomination of Lisa Ellen Smith was submitted by the Department of Human Services, the Mayor of the County of Kauai, and two individuals.

Lisa Ellen Smith is currently the Assistant Real Estate Manager with CB Richard Ellis, Inc., in Lihue, where she is in charge of daily facility operations for a regional mall on Kauai, and manages all service providers. Prior to her current position, she was a Program Assistant with the YWCA of Kauai, where she provided clerical assistance for program directors in the Sexual Abuse Treatment Services, Sexual Abuse Treatment Program, and Juvenile Sexual Offender Treatment Program. She has also served as the Township Administrator/Zoning Administrator of Jackson Township in Grove City, Ohio, where she administered daily operations and upheld applicable laws and regulations of the township. Ms. Smith has also served on the County of Kauai's Committee on the Status of Women since 2007 and has served as its Chairperson in 2009.

Testimony submitted in support of Ms. Smith note that her work with the County of Kauai's Committee on the Status of Women demonstrates her dedication to fairness and equity, and her effort to empower those less fortunate. She has a reputation for getting things done and for being passionate, committed, and innovative. Your Committee finds that Ms. Smith's diverse business experience

will be an asset to the Commission on the Status of Women in developing policies for the advancement of women in leadership positions in business.

As affirmed by the records of votes of the members of your Committee on Judiciary and Labor that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1384 Judiciary and Labor on Gov. Msg. No. 734**

Recommending that the Senate advise and consent to the nominations of the following:

INTERSTATE COMPACT FOR JUVENILES

G.M. No. 734 JANICE YAMADA, for a term to expire 6-30-2014.

Your Committee has reviewed the personal history and resume and finds Janice Yamada to possess the requisite qualifications to be nominated to the Interstate Compact for Juveniles.

Testimony in support of the nomination of Janice Yamada was submitted by the Judiciary.

Janice Yamada is currently the Deputy Chief Court Administrator of the First Circuit Court, where she is responsible for the building and operations in the Ronald T.Y. Moon Complex in Kapolei and works with the Family Court judges, staff, and the public to address any concerns regarding operations. She also provides oversight and guidance to the Juvenile and Adult Client Services Branches. From 2007 until her appointment as Deputy Chief Court Administrator in February 2011, Ms. Yamada served as the Probation Administrator of the Adult Client Services Branch. That position required overall administration for the Adult Client Services Branch, which provides services to all First Circuit Criminal Courts and supervises all offenders on probation and deferral on the island of Oahu. During that time period, she also served as the Compact Administrator for the Interstate Commission for Adult Offender Supervision, for which she represented the State of Hawaii in matters related to interstate movement of probationers and parolees through the evolving National Compact on Interstate Supervision of Adult Offenders. From 1995 to 2007, Ms. Yamada served in the Adult Client Services Branch as a Social Worker VI (Intake/Pre-sentence Branch Administrator), pursuant to which she was responsible for the organization, operations, and directions of four units in the Intake/Pre-sentence Branch. Prior to that time, she worked in the Judiciary within the Adult Probation Division and Family Court-Adult Services and in the Department of Social Services and Housing for eighteen years.

Testimony submitted by the Judiciary in support of the confirmation of Ms. Yamada explained that Ms. Yamada served on the Interstate Commission for Juveniles as the Compact Administrator for the Commission and as a member of the State Council for Interstate Juvenile Supervision. As described by the Judiciary in its testimony, Ms. Yamada's involvement as the Compact Administrator for the Interstate Commission for Adult Offender Supervision was essential in the development of the Adult Offender Compact in the State of Hawaii, and through her service on that commission, Ms. Yamada gained the knowledge and skills to represent Hawaii in matters of the Interstate Commission for Juveniles.

Your Committee finds that because the Juvenile Compact is in its first year of implementation, the State of Hawaii will benefit from Ms. Yamada's experience of the implementation of the Adult Compact in the State because the Juvenile Compact is modeled after the Adult Offender Interstate Compact. Your Committee also finds that Ms. Yamada is eminently qualified, and her experience, knowledge, and skills will be invaluable to the Interstate Compact for Juveniles.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Gabbard, Ihara).

**SCRep. 1385 Judiciary and Labor on Gov. Msg. Nos. 735, 736, and 737**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF TRUSTEES OF THE DEFERRED COMPENSATION PLAN

G.M. No. 735 WAYNE L. CHU, for a term to expire 6-30-2015;

G.M. No. 736 NEAL MIYAHIRA, for a term to expire 6-30-2014; and

G.M. No. 737 DENNIS L. VANAIIRSDALE, for a term to expire 6-30-2015 (Term amended to 6-30-2012 by GM789).

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Wayne L. Chu, Neal Miyahira, and Dennis L. Vanairsdale to possess the requisite qualifications to be appointed to the Board of Trustees of the Deferred Compensation Plan.

Testimony in support of the appointment of Wayne L. Chu to the Board of Trustees of the Deferred Compensation Plan was submitted by the Director of Human Resources Development; the Comptroller; the Deputy Comptroller; the Fiscal Management Officer of the Department of Land and Natural Resources; the Fiscal Officer of the Department of Business, Economic Development, and Tourism; a Trustee on the Board of Trustees of the Deferred Compensation Plan; and five individuals.

Mr. Chu is currently the Audit Division Administrator with the Department of Accounting and General Services, which is the State's chief internal auditing officer with that department. In that capacity, Mr. Chu is responsible for ensuring that all accounting and

internal control systems of departments in the Executive Branch of the state government follow prescribed procedures and principles according to state laws and rules. He has thirty-six years of experience as an accountant and auditor. Mr. Chu is a licensed Certified Public Accountant in good standing in the State of Hawaii. He has also served as a Trustee on the Board of Trustees of the Deferred Compensation Plan for two four-year terms from 2001 to 2009. He has been serving as an interim Trustee since July 12, 2010, and as the Board's Chairperson since November 2010.

Testimony in support of Mr. Chu's appointment have praised his expertise, professional approach to problems, willingness to help, strong leadership skills, and commitment to excellence. In his capacity as Trustee, testifiers noted that his extensive knowledge of the State's Deferred Compensation Plan, institutional knowledge, and accounting background have been beneficial in the Board's management of the Deferred Compensation Plan. Your Committee finds that Mr. Chu's continued presence on the Board as a Trustee is extremely helpful in managing the State's Deferred Compensation Plan, and the knowledge and experience he brings to the Board will continue to be valuable and significant.

Testimony in support of the nomination of Neal Miyahira was submitted by the Director of Human Resources Development, Director of Finance, and one individual.

Mr. Miyahira is currently the Administrator of the Budget, Program Planning and Management Division of the Department of Budget and Finance, where he is responsible for preparing and monitoring the State's short- and long-term financial plans and strategies and ensuring that state agencies meet their budgetary amounts and improve the operational efficiencies of their programs. From 1999 until 2002, when he was appointed to his current position, Mr. Miyahira served as the Director of Finance, where he managed departmental operations, oversaw planning and policy development for Executive budget preparation and execution, and oversaw planning and execution of state bond sales and investment activities. During that time, he also served as an exofficio member of the Employees' Retirement System and Public Employees Health Fund boards and as an appointed member of the Employer-Union Health Benefits Trust Fund Board. Mr. Miyahira also served as the Director of Taxation from 1998 to 1999, and the Deputy Director of Finance from 1995 to 1998. Prior to that time, he also served in the Office of the Governor, the Office of the Lieutenant Governor, and in the Department of Budget and Finance. Mr. Miyahira previously served on the Board from 1994 to 1998.

Testimony submitted in support of the confirmation of Mr. Miyahira highlighted Mr. Miyahira's extensive experience in the areas of budgeting, finance, and taxation in the public sector. Testimony submitted by the Director of Finance commended Mr. Miyahira's financial acumen and his familiarity with the complexities of financial management and investment protocol and expressed his belief that Mr. Miyahira will ensure that the Deferred Compensation Plan Board is running at its optimal performance level. Your Committee finds that Mr. Miyahira's broad experience will be valuable to the Board, and his continued role within the Department of Budget and Finance will bring additional current-issue expertise to the Board.

Testimony in support of Mr. Vanairsdale's appointment was submitted by the Director of Human Resources Development, the Chancellor of the University of Hawaii-Kapi'olani Community College, and ten individuals.

Mr. Vanairsdale is currently a professor at the University of Hawaii-Kapi'olani Community College, where he has taught accounting, taxation, and business law from 1984 to the present. From 1983 to 1984, he served as the Legal Services Developer with the Executive Office on Aging, Office of the Governor. He was an attorney in private practice, with an emphasis on taxation, from 1981 to 1983. From 1979 to 1981, he worked as a Certified Public Accountant with the accounting firm of Deloitte Haskins and Sells. Additionally, he continues to engage in part-time employment in the legal, health, and life insurance fields. He is also currently the Chairperson of the Investment, Finance, and Audit Committee of the University of Hawaii Professional Assembly (UHPA).

Testimony submitted in support of Mr. Vanairsdale's confirmation commended his professional experience and understanding of financial planning and prudent investing. His service on the Investment, Finance, and Audit Committee has given him an understanding of issues regarding retirement and retirement plans, subjects that have become critical for UHPA. Testifiers also praised Mr. Vanairsdale's professional approach to his work, keen interest in making constructive contributions, collaborative work ethic, respect of opinions other than his own, and ability to see the big picture. Your Committee finds that Mr. Vanairsdale's broad experience in accounting, taxation, and business law, and his work with the Investment, Finance, and Audit Committee, will provide a unique perspective and a valuable contribution to the Board.

As affirmed by the records of votes of the members of your Committee on Judiciary and Labor that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Gabbard, Ihara).

**SCRep. 1386 Judiciary and Labor on Gov. Msg. Nos. 739 and 740**

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII WORKFORCE DEVELOPMENT COUNCIL

G.M. No. 739 ANTONIO J. SAGUIBO, for a term to expire 6-30-2015; and

G.M. No. 740 MARIAN TSUJI, for a term to expire 6-30-2015.

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Antonio J. Saguibo and Marian Tsuji to possess the requisite qualifications to be appointed to the Hawaii Workforce Development Council.

Testimony in support of the nomination of Antonio J. Saguibo was submitted by the Department of Labor and Industrial Relations, the Workforce Development Council, ILWU Local 142, and one individual.

Antonio J. Saguibo currently serves as the Vice President of Account Management and Sales with the Hawaii Medical Service Association (HMSA), where he is responsible for overseeing all group and individual sales and account management and has general

oversight of all Account Management and Sales activities. From 1997 to 2002 and again from 2003 to 2006, when he assumed his position with HMSA, Mr. Saguibo served with the Laborers' Union, Local 368, AFL-CIO, as General Counsel, certified lobbyist, and Trustee to the Hawaii Laborers' Training, Health and Welfare, Annuity and Pension Trust Funds. From 2002 to 2003, Mr. Saguibo was the First Deputy Corporation Counsel with the City and County of Honolulu's Department of the Corporation Counsel, where he was responsible for assisting in the supervision of department deputies in legal matters on behalf of the City and providing input and guidance on legal and policymaking decisions affecting the operations of the City. From 1995 to 1997, Mr. Saguibo worked as an associate attorney in a law firm in San Diego, California, concentrating his practice in the area of workers' compensation. Additionally, Mr. Saguibo has also served on the Board of Directors or Executive Board of several nonprofit organizations, including Blue Cross Blue Shield National Labor Office, Oahu Arts Center, Aloha United Way, and the Industrial Relations Research Association.

Testimony submitted on behalf of Mr. Saguibo's confirmation praised his significant experience in health care with HMSA, labor with the AFL-CIO, and policy with the City and County of Honolulu. As noted in testimony from the Workforce Development Council, Mr. Saguibo's experience supervising health care plan changes in the course of his work with HMSA and legal knowledge of health care will be valuable additions to the Council. Your Committee notes that the Council assists the Governor in developing and updating comprehensive five-year strategic workforce investment plans and oversees workforce public investment activities in the State. Mr. Saguibo's broad range of experience, particularly his private sector experience, will be valuable to the Council.

Testimony in support of the appointment of Marian Tsuji was submitted by the Department of Labor and Industrial Relations, the Workforce Development Council, and one individual.

Marian Tsuji currently is the President and Chief Executive Officer of Lanakila Pacific, a local nonprofit offering programs and social enterprises that build independence for thousands of people with challenged lives each year. Ms. Tsuji has also held various management positions within the corrections systems in New York City and Hawaii, including as the Deputy Director of the Department of Public Safety. She has also served as the Chief of Staff to former Lieutenant Governor Mazie Hirono, where she coordinated projects in high technology, economic development, and education among government, private sector, and university communities.

Testimony submitted on behalf of Ms. Tsuji's appointment commended her character, knowledge, enthusiasm, and commitment. Additionally, testimony submitted by the Workforce Development Council noted that with her knowledge of public safety, Ms. Tsuji will bring to the Council critical knowledge of the workforce training needs of inmates who are released into the community. Moreover, Ms. Tsuji has attained an understanding of those with special needs through her work with Lanakila Pacific, which will be valuable for the Council in evaluating and recommending how federal training funds should be spent on these populations.

As affirmed by the records of votes of the members of your Committee on Judiciary and Labor that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Gabbard, Ihara).

**SCRep. 1387 Judiciary and Labor on Gov. Msg. No. 775**

Recommending that the Senate advise and consent to the nominations of the following:

COMMISSION ON THE STATUS OF WOMEN

G.M. No. 775 LESLIE WILKINS, for a term to expire 6-30-2015.

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Leslie Wilkins to possess the requisite qualifications to be nominated to the Commission on the Status of Women.

Testimony in support of the nominee was submitted by the Department of Human Services and the Executive Director for the Hawaii State Commission on the Status of Women.

Leslie Wilkins is currently Vice President and Program Director of Maui Economic Development Board, Inc., (MEDB). During her work with MEDB, she created, launched, and led the implementation of the Women in Technology Project, a pilot and demonstration program that is designed to engage more girls, women, and minorities into the Science, Technology, Engineering, and Math pipeline. This program has grown to serve more than fifteen thousand participants annually statewide and regionally, and has been cited as a national best practices model. Prior to joining MEDB in 1999, Ms. Wilkins acted as a consultant, serving a broad, nonprofit client base to whom she provided program development services, advised on revenue diversification strategies, and wrote proposals. Prior to that time, Ms. Wilkins worked in the commercial banking industry, in the areas of operations, branch management, consumer lending, and personnel management.

Ms. Wilkins is also an experienced advocate for women and workplace equity issues, serving in state and national leadership roles with the Business & Professional Women's Organization for over twenty years. Within that organization, she has served on several national committees and held several national positions, including the Vice President and President. Ms. Wilkins has also served on the Commission on the Status of Women from 1996 through 2003. Ms. Wilkins currently serves on the Board of Directors of the Women's Fund of Hawaii and as Vice Chair of the Maui County Workforce Investment Board.

Testimony submitted in support of Ms. Wilkins' nomination praise her vast experience as an advocate for women and workplace equity gained through her service in leadership positions on numerous state and national organizations through her professional work and volunteer advocacy work. Your Committee finds that Ms. Wilkins' experience and commitment to the advancement of women and workplace equity issues will be valuable to the Commission on the Status of Women.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Gabbard).

**SCRep. 1388 Judiciary and Labor on Gov. Msg. No. 510**

Recommending that the Senate advise and consent to the nominations of the following:

ATTORNEY GENERAL OF THE DEPARTMENT OF THE ATTORNEY GENERAL

G.M. No. 510 DAVID M. LOUIE, for a term to expire December 1, 2014.

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds David M. Louie to possess the requisite qualifications to be nominated as the Attorney General of the State of Hawaii.

Testimony in support of the nomination of David M. Louie was submitted by the Governor; the Public Defender; the Solicitor General, Department of the Attorney General; the Administrator of the Hawaii Criminal Justice Data Center; a member of the Board of Education; Chief Justice Ronald T.Y. Moon (retired); Judge Victoria S. Marks (retired); Judge Eden Elizabeth Hifo (retired); Judge Riki Amano (retired); Judge Diana L. Warrington (retired); former Attorney General Mark J. Bennett; former Attorney General Robert A. Marks; the ILWU; the State of Hawaii Organization of Police Officers; Hawaii LECET (Laborers-Employers Cooperation and Education Trust); Hawaiian Electric Industries, Inc.; FACE Hawaii; and numerous individuals. Testimony in opposition to the nomination was submitted by one individual. Comments were submitted by the Board of Directors of the Hawaii State Bar Association.

The Hawaii State Bar Association Board of Directors (HSBA Board) found the nominee to be qualified for the position of Attorney General, based on established criteria for determining the qualifications of judicial and executive appointments generally utilizing the American Bar Association Guidelines for Reviewing Qualifications of Candidates for State Judicial Office. Those Guidelines include the following criteria, which are not exclusive: integrity and diligence, legal knowledge and ability, professional experience, judicial temperament, financial responsibility, public service, health, and responsibilities and duties required of the position for which the applicant has been appointed. The HSBA Board ratings system includes the categories of "qualified" and "not qualified".

David M. Louie received his Artium Baccalaureus degree in Sociology, cum laude, from Occidental College, and his Juris Doctor degree from the University of California at Berkeley, Boalt Hall School of Law. He is currently serving as the Interim Attorney General. Prior to his appointment, Mr. Louie was the Managing Partner at Roeca, Louie and Hiraoka, where he practiced in the areas of civil litigation, insurance defense, construction defect litigation, commercial litigation, legal malpractice, directors' and officers' liability, prison litigation, product liability, and aviation litigation. From 1977 to 1988, Mr. Louie worked with the firm of Case and Lynch, practicing in the areas of civil litigation, personal injury, insurance defense, commercial litigation, contract disputes, and construction defect litigation. He became a partner at the firm in 1984.

Mr. Louie has been actively involved in the legal community. He served as the President of the Hawaii State Bar Association, and he has served on the Hawaii Supreme Court Special Committee on Judicial Performance, among many others. Mr. Louie served on the Aloha Tower Development Corporation as Director then as Chair of the Board of Directors.

Testimony submitted in support of Mr. Louie's nomination praised Mr. Louie's extensive civil litigation experience and recognized leadership qualities. According to testifiers, Mr. Louie has earned a reputation in the legal community as being smart, fair, empathetic, hardworking, well-prepared, knowledgeable about the law, articulate, honest, reasonable, and reliable. He is known for his fundamental fairness, which he combines with a high degree of intelligence, legal knowledge, and experience in combination with a mature and balanced temperament. Mr. Louie is described as always professional and an excellent advocate for his clients. As indicated by one testifier, the complex civil litigation cases Mr. Louie has handled for many years are similar to the same types of cases handled by the Attorney General.

Your Committee notes that one testifier submitted testimony in opposition to Mr. Louie's nomination, raising concerns regarding Mr. Louie's past actions as the Chair of the Aloha Tower Development Corporation. Your Committee does find that there is some concern regarding Mr. Louie's management of the Aloha Tower Development Corporation over a period of eight years as Director then Chair of the Board of Directors. Your Committee notes, however, that Mr. Louie indicated during the hearing that he did not get anything accomplished during his tenure on the Board of Directors. Accordingly, any actions actually taken by the Board of Directors at that time were likely negligible.

Your Committee also finds it of interest that Mr. Louie's office submitted to your Committee two unsolicited, equivocal opinions regarding pending legislation in the form of testimony.

Overall, your Committee finds that Mr. Louie is a good organizer and thorough in his approach to the law and the representation of clients. According to testimony, he understands and will be committed to discharging the responsibilities and duties of the Attorney General in representing the interests of the people of the State of Hawaii and to providing advice and counsel to the Governor, the heads of the various state departments, the Legislature, and the Judiciary.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Ihara, Slom).

**SCRep. 1389 Judiciary and Labor on Jud. Com. No. 1**

Recommending that the Senate advise and consent to the nomination of the following:

DISTRICT COURT OF THE FIFTH CIRCUIT, STATE OF HAWAII

J.C. No. 1 EDMUND D. ACOBA, for a term to expire in six years.

Your Committee has reviewed the resume submitted by the appointee and finds Edmund D. Acoba to possess the requisite qualifications to be appointed to the District Court of the Fifth Circuit, State of Hawaii.

Testimony in support of the appointment of Edmund D. Acoba was submitted by the Public Defender, Chief Deputy Public Defender, County Attorney of the County of Kauai, and thirteen individuals. Comments were submitted by the Board of Directors of the Hawaii State Bar Association.

The Hawaii State Bar Association Board of Directors (HSBA Board) found the appointee to be qualified for the position of District Court Judge, Fifth Circuit Court, based on established criteria for determining the qualifications of judicial and executive appointments generally utilizing the American Bar Association Guidelines for Reviewing Qualifications of Candidates for State Judicial Office. Those Guidelines include the following criteria, which are not exclusive: integrity and diligence, legal knowledge and ability, professional experience, judicial temperament, financial responsibility, public service, health, and responsibilities and duties required of the position for which the applicant has been appointed. The HSBA Board ratings system includes the categories of "qualified" and "not qualified."

Edmund D. Acoba received his Bachelor of Business Administration in Marketing from the University of Hawaii at Manoa, and his Juris Doctor degree from Whittier College School of Law. Mr. Acoba is currently with the Office of the Public Defender on Kauai, where he has worked since 1989. Since 2000, he has served as the Supervising Attorney of that office. From 1987 to 1989, he worked with the Office of the Prosecuting Attorney on Kauai.

Mr. Acoba is very involved in the community, acting in various coaching and officiating capacities in Little League and Pop Warner programs. He has also participated extensively in the community in other capacities, including as an Executive Board Member of Hookena Community Association and as a Project Coordinator with the Kekaha Park Improvement Project.

Testimony submitted in support of Mr. Acoba's appointment commended Mr. Acoba's work ethic, integrity, legal ability, knowledge, and ability to work well with others. Testimony from the Public Defender noted that Mr. Acoba is especially well-suited for the family court because Mr. Acoba has devoted the majority of his career to the area of juvenile justice, has regularly attended national conferences related to the juvenile justice system, and has handled numerous family court criminal matters.

Your Committee finds that, based on the testimony submitted on his behalf, Edmund D. Acoba has the experience, temperament, judiciousness, and other competencies to be a District Court judge, and has a good sense of where the equities, rights, and responsibilities lie in a case, which is essential for a District Court judge.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the appointee, has found the appointee to be qualified for the position to which appointed and recommends that the Senate consent to the appointment.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Gabbard).

**SCRep. 1390 Judiciary and Labor on Jud. Com. No. 2**

Recommending that the Senate advise and consent to the nominations of the following:

DISTRICT COURT OF THE FIRST CIRCUIT, STATE OF HAWAII

J.C. No. 2 DEAN E. OCHIAI, for a term to expire in six years.

Your Committee has reviewed the resume submitted by the appointee and finds Dean E. Ochiai to possess the requisite qualifications to be appointed to the District Court of the First Circuit, State of Hawaii.

Testimony in support of the appointment of Dean E. Ochiai was submitted by United States Representative Colleen Hanabusa, the Public Defender, Judge Walter Kirimitsu (retired), President of Itoen USA Inc., and nineteen individuals. Comments were submitted by the Board of Directors of the Hawaii State Bar Association.

The Hawaii State Bar Association Board of Directors (HSBA Board) found the appointee to be qualified for the position of District Court Judge, First Circuit Court, based on established criteria for determining the qualifications of judicial and executive appointments generally utilizing the American Bar Association Guidelines for Reviewing Qualifications of Candidates for State Judicial Office. Those Guidelines include the following criteria, which are not exclusive: integrity and diligence, legal knowledge and ability, professional experience, judicial temperament, financial responsibility, public service, health, and responsibilities and duties required of the position for which the applicant has been appointed. The HSBA Board ratings system includes the categories of "qualified" and "not qualified."

Dean E. Ochiai received his Bachelor of Business Administration degree, with distinction, from the University of Hawaii at Manoa, and his Juris Doctor degree from the University of California, Hastings College of the Law. He is currently a Vice President and Managing Attorney with First Insurance Company of Hawaii, Ltd., where he is the chief trial counsel responsible for the overall management, construction, recruitment, staffing, employee evaluation, training and mentoring, active litigation, and operations of the legal department. He also performs budgeting, negotiating, and managing of the internal operations of the company. Prior to his position with First Insurance Company, he served as the Senior Trial Attorney with the Department of the Corporation Counsel of the City and County of Honolulu. In this position, he handled major complex tort, contract, construction claim, infrastructure, and

geotechnical cases. From 1984 to 1988, Mr. Ochiai was an associate attorney with Damon Key Char and Bocken, where he concentrated his practice in commercial and construction litigation.

Mr. Ochiai has also been involved in the legal community, including as a member of the Hawaii Supreme Court Attorneys Disciplinary Board, Hawaii Supreme Court Judicial Arbitration Commission, and Supreme Court Committee on Pattern Civil Jury Instructions, among others. He has also served small nonprofit organizations by being a volunteer instructor for the Castle Colleagues, a program for early child care nonprofit entities, and the Weinberg Fellows, a program for social services nonprofit entities, in the areas of insurance and risk management.

Testimony submitted in support of Mr. Ochiai's appointment commend his broad legal background and exemplary judicial temperament. Many testifiers observed that Mr. Ochiai has a wide and deep range of courtroom experience that includes criminal experience gained as a prosecutor and varied civil experiences obtained through his work with the Corporation Counsel and in private practice, and that this varied experience will give Mr. Ochiai a solid legal base in the criminal and civil cases that are within the jurisdiction of the District Court. Mr. Ochiai also has a reputation in the legal community as a person who is honest, professional, fair, even-tempered, tolerant, and patient.

Your Committee finds that, based on the testimony submitted on his behalf, Dean E. Ochiai has the experience, temperament, judiciousness, and other competencies to be a District Court judge, and has a good sense of where the equities, rights, and responsibilities lie in a case, which is essential for a District Court judge.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the appointee, has found the appointee to be qualified for the position to which appointed and recommends that the Senate consent to the appointment.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Gabbard, Ihara).

**SCRep. 1391      Judiciary and Labor on Jud. Com. No. 3**

Recommending that the Senate advise and consent to the nominations of the following:

DISTRICT COURT OF THE FIRST CIRCUIT, STATE OF HAWAII

J.C. No. 3      LANSON K. KUPAU, for a term to expire in six years.

Your Committee has reviewed the resume submitted by the appointee and finds Lanson K. Kupau to possess the requisite qualifications to be appointed to the District Court of the First Circuit, State of Hawaii.

Testimony in support of the appointment of Lanson K. Kupau was submitted by United States Representative Colleen Hanabusa, the Public Defender, and numerous individuals. Comments were submitted by the Board of Directors of the Hawaii State Bar Association and the Family Law Section of the Hawaii State Bar Association.

The Hawaii State Bar Association Board of Directors (HSBA Board) found the appointee to be qualified for the position of District Court Judge, First Circuit Court, based on established criteria for determining the qualifications of judicial and executive appointments generally utilizing the American Bar Association Guidelines for Reviewing Qualifications of Candidates for State Judicial Office. Those Guidelines include the following criteria, which are not exclusive: integrity and diligence, legal knowledge and ability, professional experience, judicial temperament, financial responsibility, public service, health, and responsibilities and duties required of the position for which the applicant has been appointed. The HSBA Board ratings system includes the categories of "qualified" and "not qualified."

Lanson K. Kupau received his Bachelor of Business Administration in Management from the University of Hawaii at Manoa, and his Juris Doctor degree from California Western School of Law. Mr. Kupau is currently in private practice with Bronster Hoshibata, where he practices general civil litigation, including trust litigation, surety defense, and criminal defense. He is also a Per Diem Judge with the District Court. Prior to these positions, Mr. Kupau was with Rush Moore LLP in an Of Counsel position, engaging in general civil litigation, trust and real estate litigation, criminal defense, and family law, and with Kobayashi, Sugita and Goda as a partner, where he concentrated his practice in general civil litigation with an emphasis on commercial litigation and insurance regulatory issues. From 1996 to 1999, Mr. Kupau worked as an associate with Reinwald, O'Connor and Playdon. From 1992 to 1995, Mr. Kupau served with the Office of the Public Defender, handling criminal defense, including numerous bench and jury trials pursuant to which he represented adult and juvenile defendants.

Testimony in support of Mr. Kupau's appointment highlighted that Mr. Kupau is hard working, dedicated, responsible, articulate, gracious under pressure, and humble. Testifiers praised his litigation skills, noting that Mr. Kupau is always in command of the facts and the law of his case, that he is respectful of all participants, and that his legal memoranda are always well thought out, well researched, and well written. Mr. Kupau has a reputation within the legal community as a good decision-maker with excellent legal analytical skills, and as a person with integrity, moral courage, intelligence, and compassion.

Your Committee finds that, based on the testimony submitted on his behalf, Lanson K. Kupau has the experience, temperament, judiciousness, and other competencies to be a District Court judge, and has a good sense of where the equities, rights, and responsibilities lie in a case, which is essential for a District Court judge.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the appointee, has found the appointee to be qualified for the position to which appointed and recommends that the Senate consent to the appointment.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Gabbard).

**SCRep. 1392      Judiciary and Labor on Jud. Com. No. 4**

Recommending that the Senate advise and consent to the nominations of the following:

**DISTRICT COURT OF THE FIRST CIRCUIT, STATE OF HAWAII**

J.C. No. 4      MELANIE MITO MAY, for a term to expire in six years.

Your Committee has reviewed the resume submitted by the appointee and finds Melanie Mito May to possess the requisite qualifications to be appointed to the District Court of the First Circuit, State of Hawaii.

Testimony in support of the appointment of Melanie Mito May was submitted by the Chief of Police for the Maui Police Department; the Executive Staff of the Honolulu Fire Department; the Executive Director of the Waikiki Health Center; the President and Chief Executive Officer, Director of Human Resources Operations, and Human Resource Services Manager of ALTRES, Inc.; and eighteen individuals. Comments were submitted by the Board of Directors of the Hawaii State Bar Association.

The Hawaii State Bar Association Board of Directors (HSBA Board) found the appointee to be qualified for the position of Judge for the District Court of the First Circuit, based on established criteria for determining the qualifications of judicial and executive appointments generally utilizing the American Bar Association Guidelines for Reviewing Qualifications of Candidates for State Judicial Office. Those Guidelines include the following criteria, which are not exclusive: integrity and diligence, legal knowledge and ability, professional experience, judicial temperament, financial responsibility, public service, health, and responsibilities and duties required of the position for which the applicant has been appointed. The HSBA Board ratings system includes the categories of "qualified" and "not qualified."

Ms. May received her Bachelor of Science degree, cum laude, in Commerce from Santa Clara University, and her Juris Doctor degree from Hastings College of the Law. She has been a partner with the firm of Marr Jones and Wang since 2003, and she was an associate with the firm from 1997 until she became a partner. Her practice involved representing clients in federal and state court, arbitration, mediation, and administrative proceedings before the Hawai'i Civil Rights Commission, the United States Equal Employment Opportunity Commission, the Department of Labor and Industrial Relations, and the United States Department of Labor. Ms. May concentrated her practice in employment law, litigating discrimination, harassment, retaliation, wrongful termination, disability, and wage and hour cases, including several class actions. She also assisted private and public sector employers in developing employment policies, trained supervisory and nonsupervisory employees regarding compliance with state and federal laws, and provided guidance and counsel to management on a wide range of employment law issues. Prior to her work with Marr Jones and Wang, she served as a law clerk to Judge Kevin S.C. Chang and to Judge Daniel G. Heely.

Ms. May has also volunteered as a Court Annexed Arbitration Program arbitrator from 2002 to the present. Additionally, she has also contributed to the community, participating on the Kamiloiki Elementary School Community Council, the Waikiki Health Center Board of Directors, and the Honolulu Japanese Junior Chamber of Commerce.

Testimony submitted in support of Ms. May's appointment highlighted her abilities as a legal advocate, including skillful legal analysis, articulate writing, and emphasis on civility, even under the most adversarial circumstances. Testifiers also praised her ability to explain complex legal concepts to clients and other attorneys in a clear and concise fashion. She has a reputation in the legal community as being intelligent, prepared, hard-working, honest, responsible, compassionate, fair, reasonable, patient, and well organized.

Your Committee finds that, based on the testimony submitted on her behalf, Melanie Mito May has the experience, temperament, judiciousness, and other competencies to be a District Court judge, and has a good sense of where the equities, rights, and responsibilities lie in a case, which is essential for a District Court judge.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the appointee, has found the appointee to be qualified for the position to which appointed and recommends that the Senate consent to the appointment.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Gabbard).

**SCRep. 1393      Judiciary and Labor on Jud. Com. No. 5**

Recommending that the Senate advise and consent to the nominations of the following:

**DISTRICT FAMILY COURT OF THE FIRST CIRCUIT, STATE OF HAWAII**

J.C. No. 5      CATHERINE H. REMIGIO, for a term to expire in six years.

Your Committee has reviewed the resume submitted by the appointee and finds Catherine H. Remigio to possess the requisite qualifications to be appointed to the District Family Court of the First Circuit, State of Hawaii.

Testimony in support of the appointment of Catherine H. Remigio was submitted by the Public Defender, Judge Michael A. Town (retired), Judge Michael F. Broderick (retired), the Family Law Section of the Hawaii State Bar Association, and eight individuals. Comments were submitted by the Board of Directors of the Hawaii State Bar Association.

The Hawaii State Bar Association Board of Directors (HSBA Board) found the appointee to be qualified for the position of Judge for the District Family Court of the First Circuit, based on established criteria for determining the qualifications of judicial and executive appointments generally utilizing the American Bar Association Guidelines for Reviewing Qualifications of Candidates for State Judicial Office. Those Guidelines include the following criteria, which are not exclusive: integrity and diligence, legal knowledge and ability, professional experience, judicial temperament, financial responsibility, public service, health, and responsibilities and duties required of the position for which the applicant has been appointed. The HSBA Board ratings system includes the categories of "qualified" and "not qualified".

Catherine H. Remigio received her Bachelor of Science degree in Foreign Service – Comparative Studies from Georgetown University, and her Juris Doctor degree from the University of Hawaii at Manoa, William S. Richardson School of Law. Ms. Remigio is currently a Per Diem Judge with the District Court of the First Circuit, handling criminal and civil infraction traffic cases, criminal misdemeanors and petty misdemeanors, arraignments, pleas, small claims trials, regular civil claims trials, and temporary restraining order trials. She is also a partner with the law firm of Bryant and Remigio, L.L.C., where she practices family law and handles divorce, paternity, child protective services, temporary restraining orders, family criminal defense, and appeals. She is also an arbitrator with the Court Annexed Arbitration Program. Prior to establishing her own firm, Ms. Remigio was an associate with Stirling and Kleintop, A.L.S., where she practiced family law. From 1993 to 1996 and again from 1998 to 2004, she served as a Deputy Public Defender with the Office of the Public Defender. In the interim between her work with the Office of the Public Defender, Ms. Remigio worked as an associate in a law firm in San Diego, practicing plaintiffs civil and class action suits, water rights, and electricity rates cases.

Testimony in support of Ms. Remigio's appointment praised her knowledge of the law and understanding of her cases. As a judge, she is reputed to be a good decision-maker who efficiently handles her caseload and does so with fairness to all who appear in her courtroom. Her reputation in the legal community is that she is exceedingly professional, punctual, practical, compassionate, credible, well prepared, reasonable, and articulate. She has a strong sense of justice and fairness.

Your Committee finds that, based on the testimony submitted on her behalf, Catherine H. Remigio has the experience, temperament, judiciousness, and other competencies to be a District Family Court judge, and has a good sense of where the equities, rights, and responsibilities lie in a case, which is essential for a District Family Court judge.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the appointee, has found the appointee to be qualified for the position to which appointed and recommends that the Senate consent to the appointment.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Gabbard, Ihara).

**SCRep. 1394 Judiciary and Labor on Gov. Msg. No. 741**

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII LABOR RELATIONS BOARD

G.M. No. 741 ROCK B. LEY, for a term to expire 6-30-2017 (Term amended to 6-30-2016 by GM780).

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Rock B. Ley to possess the requisite qualifications to be nominated to the Hawaii Labor Relations Board.

Testimony was submitted in support of the nomination of Rock B. Ley by the Department of Labor and Industrial Relations; the Chair, Executive Officer, and two members of the Labor and Industrial Relations Appeals Board; the Hawaii Government Employees Association; United Public Workers; the Executive Director of the University of Hawaii Professional Assembly; and ten individuals.

Mr. Ley is currently a hearing officer with the Labor and Industrial Relations Appeals Board, a position he has held since 2008. From 1991 to 1996 and from 1997 to 2008, he was in private practice as an attorney with Char Hamilton Campbell and Thom. In the interim in 1997, Mr. Ley served as the House Counsel at TIG Insurance Company, handling workers' compensation defense cases. From 1988 to 1990, Mr. Ley served as a Deputy Attorney General in the Labor Division of the Department of the Attorney General. While in these positions, Mr. Ley also taught courses in real estate and resort development as an Adjunct Faculty Instructor at Hawaii Pacific University and American and European history and real estate courses as a Lecturer at Kauai Community College.

Testimony submitted in support of Mr. Ley's nomination praised Mr. Ley's extensive legal experience gained from working in the public sector for the Attorney General and the Labor and Industrial Relations Appeals Board, as well as the private sector representing clients in workers' compensation and product liability matters. Testifiers familiar with Mr. Ley's work with the Labor and Industrial Relations Appeals Board indicated that, in the course of holding that position, Mr. Ley has demonstrated an ability to facilitate resolution of legal disputes, draft sound legal opinions and decisions, and conduct contested case hearings fairly and efficiently. Mr. Ley has a reputation of being calm under pressure, intelligent, and fair.

Your Committee finds that Mr. Ley's extensive labor experience, and in particular his expertise in workers' compensation, will be valuable to the Hawaii Labor Relations Board.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Gabbard).

**SCRep. 1395 Judiciary and Labor on Gov. Msg. No. 742**

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII LABOR RELATIONS BOARD

G.M. No. 742 SESNITA A. D. MOEPONO, for a term to expire 6-30-2017.

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Sesnita A. D. Moepono to possess the requisite qualifications to be nominated to the Hawaii Labor Relations Board.

Testimony in support of the nomination of Sesnita A. D. Moepono was submitted by the Department of Labor and Industrial Relations, United Public Workers, ILWU Local 142, Iron Workers Stabilization Fund, Catholic Charities Hawai'i, and thirty-four individuals.

Sesnita A. D. Moepono has been in solo private legal practice since 1998, concentrating her practice in civil matters in the areas of contract, employment, estate planning, legislative analysis, probate, real property, and workers' compensation. In addition to her solo private practice during this period, she has also been involved in the public sector and legislative arena. Ms. Moepono is currently the Coordinator for Legislation and Litigation with the Offender Management Office of the Department of Public Safety, a position that she has held since March 2011. Prior to that time, she served as a capital improvement projects analyst with the Senate Ways and Means Committee and a staff attorney with the Senate Committee on Water and Land and the Senate Committee on Judiciary and Labor.

From 1994 to 1997, Ms. Moepono served as the Deputy Administrator of Operations with the Office of Hawaiian Affairs, which entailed among other things supervising a staff of over one hundred twenty-five employees, drafting and monitoring over one hundred contracts and one hundred grant agreements, developing a new employee handbook to conform to current federal and state laws, handling unemployment and workers' compensation cases, and improving the personnel branch of the Office of Hawaiian Affairs.

In addition to her private law practice, extensive legislative involvement, and administrative experience with the Office of Hawaiian Affairs, Ms. Moepono has also been an active participant in the community by serving on the Liliha/Alewa Neighborhood Board, the Downtown Business Association, Kupuna Caucus, the Honolulu Committee on Aging, and the Honolulu Planning Commission, among others.

Testimony submitted on behalf of the nomination of Ms. Moepono praised her background in employment and labor law and her proven record of leadership in the community. Ms. Moepono has a reputation in the community as a person who is honest, forthright, balanced, and open to the ideas and opinions of others, and a deliberate decision-maker and good listener. Testifiers indicated that they are confident that Ms. Moepono can view matters from the perspective of both management and labor, having served in management positions at the Office of Hawaiian Affairs and having worked closely with labor unions on labor-related legislation while on the staff of the Senate Committee on Judiciary and Labor. Your Committee finds that Ms. Moepono's extensive experience gives her a well-rounded legal background and that her knowledge and the perspectives she has gained through her work with management and labor unions will make her a valuable addition to the Hawai'i Labor Relations Board.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Gabbard, Ihara).

**SCRep. 1396 Judiciary and Labor on Gov. Msg. No. 743**

Recommending that the Senate advise and consent to the nominations of the following:

LANGUAGE ACCESS ADVISORY COUNCIL

G.M. No. 743 RUTH E. MABANGLO, for a term to expire 6-30-2015.

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Ruth E. Mabanglo to possess the requisite qualifications to be nominated to the Language Access Advisory Council.

Testimony in support of the nomination of Ruth E. Mabanglo was submitted by the Department of Labor and Industrial Relations; the Office of Language Access, Department of Labor and Industrial Relations; Oahu Filipino Community Council; Hawai'i Friends of Civil Rights; Nursing Advocates & Mentors, Inc.; Filipino Coalition for Solidarity; United Filipino Council of Hawaii; Oahu Filipino Community Council; Filipino American Citizens League; Katipunan Club; and ten individuals.

Ruth E. Mabanglo is currently a Coordinator of the Filipino and Philippine Literature Program and Professor at the Department of Indo-Pacific Languages and Literatures at the University of Hawaii at Manoa. She is a renowned poet, playwright, journalist, textbook writer, translator, choral recitation director, Filipino storytelling expert, and Filipino language pedagogy consultant. Ms. Mabanglo is the recipient of numerous academic awards, literary fellowships, and grants. Ms. Mabanglo has taught Filipino for the United States Department of Defense as part of the Southwest Asian Studies Summer Institute and trained second language teachers for the American Council for the Teaching of Foreign Languages. She is also the author of several textbooks and videos for students and teachers of Filipino languages.

Testimony submitted on behalf of Ms. Mabanglo's nomination highlights not only Ms. Mabanglo's standing as an internationally acclaimed Filipino linguist, writer, and poet, but also her deep commitment to promoting cultural understanding and breaking down language barriers in the community. Specifically, testifiers indicated that Ms. Mabanglo is a strong advocate of the right of limited English proficient individuals to have access to government programs, services, and activities. She also has a reputation of patience, fairness, working well with others, and keen critical thinking skills. Your Committee finds that Ms. Mabanglo's appreciation for the diversity of Hawaii, her understanding of the need to provide equal access to government services to those members of the community who are not native English speakers and who have difficulty understanding English, her linguistic credentials, and the resources she brings through her affiliation with the University of Hawaii at Manoa and national and international connections will be incredibly valuable to the Language Access Advisory Council.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Gabbard, Ihara).

**SCRep. 1397 Public Safety, Government Operations, and Military Affairs on Gov. Msg. Nos. 590 and 745**

Recommending that the Senate advise and consent to the nominations of the following:

ADVISORY BOARD ON VETERANS' SERVICES

G.M. No. 590 MICHAEL GOLOJUCH, for a term to expire 6-30-2015; and

G.M. No. 745 PETER YUKIMURA, for a term to expire 6-30-2015.

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Michael Golojuch and Peter Yukimura to possess the requisite qualifications to be nominated to the Advisory Board on Veterans' Services.

Your Committee received testimony in support of Michael Golojuch from the Office of Veterans Services of the State Department of Defense and fifteen individuals.

Michael Golojuch is the Administrative Services Officer of the Department of Budget and Fiscal Services of the City and County of Honolulu. He received a Master of Public Administration degree from the University of Hawaii at Manoa and a Master of Business Administration degree from the University of Northern Colorado. The nominee is a retired Lieutenant Colonel, United States Air Force. During his service in the Air Force, Lieutenant Colonel Golojuch served in a variety of managerial positions in various missile and aerospace operations divisions, including his last position as Assistant Director of Operations, 487 Tactical Missile Wing, Comiso Air Station in Italy.

Your Committee notes from the personal statement of the nominee that he has over thirty years of management experience with organizations ranging in size from five to more than five hundred people. He has managed budgets and real property facilities ranging from several thousand dollars to multimillion dollars. Lieutenant Colonel Golojuch has a broad knowledge of interfacing operations, logistics, and security. As a veteran, the nominee knows the importance of getting information out to the public on the multiple veteran services and benefits available to those who served their country. He believes his military background and community involvement will enable him to perform advisory functions on veterans' issues, legislative proposals, and program operations. Lieutenant Colonel Golojuch wants every veteran to have the opportunity to use the benefits they have earned.

Your Committee received testimony in support of Peter Yukimura from the Office of Veterans Services of the State Department of Defense; First Hawaiian Bank; Kauai Island Utility Cooperative; Fujita & Miura Public Relations, Inc.; and two individuals.

Peter Yukimura is currently the President of Yukimura's, Inc., a real estate investment and holding company; President of Koa Trading Company, a food distributor; and President of M & K Distributors, a snack food and health and beauty aids company. He received a Bachelor of Science degree in Business Administration with an accounting major at the University of Hawaii at Manoa. Mr. Yukimura served as a Sergeant, E-5, United States Army Infantry, in Vietnam. He was awarded the Combat Infantry Badge, Bronze Star, and two Purple Hearts.

The nominee's current public service includes serving as Vice Chair of the Board of Directors of the Kauai Island Utility Cooperative; and as member of the Small Business Regulatory Review Board. He also served as a Commissioner on the State Land Use Commission. Mr. Yukimura is an active participant as a director, trustee, or member of numerous community and social service organizations.

Your Committee notes from the nominee's personal statement that he believes that a large number of veterans and their families under utilize the benefits and services that are available for them. They need to be more aware of and the State needs to communicate better with them on the availability of those services. He believes that as a disabled veteran, he has gone through a lot of the hurdles that veterans endure just to get their benefits. Your Committee finds that Mr. Yukimura's first-hand experience, combined with his commitment to public service, will enable him to improve other veterans' access to services through his contributions to the Advisory Board on Veterans' Services.

As affirmed by the records of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Baker, Slom).

**SCRep. 1398 Public Safety, Government Operations, and Military Affairs on Gov. Msg. Nos. 645 and 744**

Recommending that the Senate advise and consent to the nominations of the following:

CIVIL DEFENSE ADVISORY COUNCIL

G.M. No. 645 RAYMOND JARDINE JR., for a term to expire 6-30-2014; and

G.M. No. 744 COLTON CHING, for a term to expire 6-30-2015.

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Raymond Jardine, Jr., and Colton Ching to possess the requisite qualifications to be nominated to the Civil Defense Advisory Council.

Your Committee received testimony in support of Raymond Jardine, Jr., from The Hana Group, Inc.; Akimeka LLC; Native Hawaiian Veterans, LLC; and three individuals.

Raymond Jardine, Jr., is currently the President and Chief Executive Officer of Current Native Hawaiian Veterans, LLC, a Native Hawaiian-owned, service disabled veteran-owned small business. Current Native Hawaiian Veterans, LLC, is a top secret SCI Facility Clearance. Its core competencies are homeland security, emergency management, information technology, installation operations, unexplosives ordnance, cyber security, and logistic management.

Mr. Jardine received a Doctor of Business Administration degree in Organizational Leadership from Rockville University; a Master's degree in National Strategic Studies from the Army War College; a Master's degree in Organizational Management from the University of Phoenix; a Bachelor's degree in Business Management from Chaminade University; an Associate in Arts degree in Liberal Arts from Honolulu Community College; and a Certificate in Public Administration from San Diego State University.

The nominee received Distinguished Service Medal and Legion of Merit distinctions. He served as the Executive Director of the Hawaii National Guard Association and Hawaii National Guard Enlisted Association from 2003 to 2008. His active duty military service includes serving as the Hawaii Deputy Commander of the Enhanced Separate Infantry Brigade (Light).

Your Committee notes from the personal statement of the nominee that he has an extensive background in homeland security, emergency management, and disaster preparedness-planning-recovery that provides him with clear abilities, lessons learned, and decision making skills. He perceives his potential role on the Council to advise, assist, consult, and sit in an advisory capacity to the Governor and Director of Civil Defense on matters pertaining to civil defense.

Your Committee received testimony in support of Colton Ching from the State of Hawaii Department of Defense.

Colton Ching is the Vice President for System Operation and Planning at Hawaiian Electric Company, Inc. He has also served as Manager for the Corporate Planning Department, Director of Strategic Initiatives, and Director of Transmission Planning for Hawaiian Electric Company, Inc. He is a licensed professional engineer who received a Bachelor of Science degree in Mechanical Engineering from the University at Hawaii at Manoa.

Your Committee notes from the personal statement of the nominee that he has been involved in various emergency planning and emergency response roles at Hawaiian Electric Company, Inc., since the late 1990's. In these capacities, he has served as Hawaiian Electric Company, Inc.'s liaison with the City and County of Honolulu Department of Emergency Management, coordinated operational and restoration issues, and relayed information between Hawaiian Electric Company, Inc.'s incident command center and the City and County of Honolulu's emergency agencies. Most recently, he was one of the Incident Commanders for Hawaiian Electric Company, Inc.'s week-long strike response effort in March 2011 as well as the Incident Commander for the March 11, 2011, tsunami. His experience in emergency planning and operations at Hawaiian Electric Company, Inc., allows him to effectively contribute to the Civil Defense Advisory Council as it fulfills its responsibilities to advise the Administration and Director of Civil Defense.

As affirmed by the records of votes of the members of your Committee on Public Safety, Government Operations, and Military Affairs that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Baker, Slom).

**SCRep. 1399 Water, Land, and Housing on Gov. Msg. No. 756**

Recommending that the Senate advise and consent to the nominations of the following:

**BOARD OF DIRECTORS OF THE HAWAII HOUSING FINANCE AND DEVELOPMENT CORPORATION**

G.M. No. 756 PAUL KYNO, for a term to expire 6-30-2015 (Term amended to 6-30-2014 by GM778).

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Paul Kyno to possess the requisite qualifications to be nominated to the Board of Directors of the Hawaii Housing Finance and Development Corporation.

Your Committee received testimony in support of Paul Kyno from David Lawrence, Chair, Board of Directors of the Hawaii Housing Finance and Development Corporation; Ronald D. Kouchi, Hawaii Senator, District 7; James Kunane Tokioka, Hawaii Representative, District 15; Derek S. K. Kawakami, Hawaii Representative, District 14; Bernard P. Carvalho, Mayor of Kaua'i; Joann A. Yukimura, Kaua'i County Councilmember; Tim Bynum, Kaua'i County Councilmember; Mel Rapozo, Kaua'i County Councilmember; Eugene K. Jimenez, Housing Director, Kaua'i County Housing Agency; Randall Francisco, Kaua'i Chamber of Commerce; and Ernie Pasion, President, Kauai Filipino Chamber of Commerce.

Mr. Kyno founded the Kauai Housing and Development Corporation, which has helped to develop many important affordable housing projects on Kauai. Mr. Kyno has served the public as Project Coordinator for the Kauai County Housing Agency and property owners and purchasers through his real estate practice. Mr. Kyno previously served as the State of Hawaii's representative on the Federal Home Loan Bank of Seattle's Affordable Housing Advisory Council.

Testifiers commented on Mr. Kyno's integrity and honesty and his success as a developer. Together with Mr. Kyno's experience and extensive knowledge of housing and finance, Mr. Kyno's commitment to public service will enable him to make valuable contributions to the Board of Directors of the Hawaii Housing Finance and Development Corporation.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Tokuda, Slom).

**SCRep. 1400 Water, Land, and Housing on Gov. Msg. Nos. 567, 568, and 757**

Recommending that the Senate advise and consent to the nominations of the following:

LAND USE COMMISSION

G.M. No. 567 ERNEST MATSUMURA, for a term to expire 6-30-2015 (Term amended to 6-30-2013 by GM575);

G.M. No. 568 CHAD M. McDONALD, for a term to expire 6-30-2015; and

G.M. No. 757 JAYE NAPUA MAKUA, for a term to expire 6-30-2013 (Term amended to 6-30-2014 by GM780).

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Ernest Matsumura, Chad M. McDonald, and Jaye Napua Makua to possess the requisite qualifications to be nominated to the Land Use Commission.

Your Committee received testimony in support of Ernest Matsumura from Orlando Davidson, Executive Officer, Land Use Commission; Donald Ikeda, Councilmember, Hawaii County Council; Dwayne D. Yoshina; Clarice L. Suzuki; John A. Ervin; Jimmy Toyama; Conrad Hokama; Dwight Takamine; Wesley Takai; and Amy W. Miwa.

A successful business person for more than three decades, Mr. Matsumura has a deep commitment to the sustainable development of our communities, as demonstrated by his extensive board and committee experience with Alu Like, Pacific Educational Foundation, Kanoiehua Industrial Area Association, Hawaii County Hospital Management Advisory Committee, East Hawaii Community Development Corporation, and Hawaii County Real Property Tax Review Board, among others. A resident of Hilo, Mr. Matsumura's contributions to the Hilo area include bringing the Livermore Laboratory to Hilo. Numerous testifiers attested to Mr. Matsumura's intelligence, vision, knowledge, diligence, and enthusiasm.

Your Committee received testimony in support of Chad M. McDonald from Orlando Davidson, Executive Officer, Land Use Commission; Glenn T. Kimura, President, Kimura International, Inc.; Jason H. Lau, Principal, The Limtiaco Consulting Group; Paul S. Morimoto, President, Hirata and Associates, Inc.; Grant T. Murakami, Principal, PBR Hawaii and Associates, Inc.; Vincent Shigekuni, Vice President, PBR Hawaii and Associates, Inc.; Scott Murakami; Russell Chung; George Gusman III; Kimberly Ayau; Edmund Yoshida; Todd T. Nitta, Senior Vice President, First Hawaiian Bank; James Chun; Jonelle W. Oshiro; Spencer K. Wong; and Brian T. Ishii.

A civil engineer, Mr. McDonald possesses seventeen years of experience in the private sector and has addressed technical issues associated with development impacts, including traffic impacts, water supply and distribution, wastewater collection and treatment, drainage and flood mitigation, and water quality management. Colleagues and competitors in the engineering field uniformly testified to Mr. McDonald's excellent technical skills, while other testifiers spoke of Mr. McDonald's intelligence, assertiveness, honesty, professionalism, integrity, and excellent interpersonal and communication skills.

Your Committee received testimony in support of Jaye Napua Makua from Orlando Davidson, Executive Officer, Land Use Commission; Gladys C. Baisa, Councilmember, Maui County Council; Adrian K. Kamali'i, President and Chief Consultant, Pae 'Aina Communications; Sean Naleimaile, Executive Director, Naki'ikeaho; Indigenous Consultants, LLC; Hokulani Holt-Padilla; Karey Anne K. Kapoi; Amanda Martin; Jennifer O. Borge; Mary Jean S. Bega; Kihea Nahale-a; Kelly L. Pearson; Cody Pueo Pata, Kumu Hula, Halau Hula Ka Malama Mahilani; Lehua Itokazu; Janet Makua; Chad Takatsugi; Robbie Cabral; and Perry O. Artates.

A Hawaiian cultural specialist and award-winning composer, Ms. Makua has a long history of involvement in Maui community activities through her affiliations with her local church, the Maui Island Democratic Party, Women Helping Women, Aha Puanaleo and Halau Na Lei Kaumaka o Uka. As a faculty member and educator at Kamehameha Schools' Maui Campus and Seabury High School, Ms. Makua understands community issues and the needs of Hawaiian and non-Hawaiian children on Maui. Numerous testifiers attested to Ms. Makua's intelligence, energy, creativity, initiative, leadership, and excellent communication skills.

As affirmed by the records of votes of the members of your Committee on Water, Land, and Housing that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Tokuda, Slom).

**SCRep. 1401 Water, Land, and Housing on Gov. Msg. No. 569**

Recommending that the Senate advise and consent to the nominations of the following:

NATURAL AREA RESERVES SYSTEM COMMISSION

G.M. No. 569 RANDY CHING, for a term to expire 6-30-2015. (Term amended to 6-30-2013 by GM575).

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Randy Ching to possess the requisite qualifications to be nominated to the Natural Area Reserves System Commission as a representative of a Hawaii hiking organization.

Your Committee received testimony in support of the nomination of Randy Ching from William J. Aila, Jr., Chairperson of the Board of Land and Natural Resources; Marjorie Ziegler, Conservation Council for Hawai'i; Lea Hong, Hawaiian Islands Program Director, The Trust for Public Land; David Henkin; Andrea I. Jepson; Gwen Sinclair; Colleen Soares; Annette Kaohelaulii; William Reese Liggett; Richard Bailey; and Chelsea Arnott.

Mr. Ching is Outings Chair of the Oahu Group of the Hawaii Chapter of the Sierra Club, and he has served in various roles as a member and leader within the organization for eighteen years. Notably, Mr. Ching coordinated and implemented repairs to and rebuilding of the Kuliouou trail after erosion threatened the viability of the trail. Through dozens of service trips to Oahu and Big

Island Natural Area Reserves, Mr. Ching has helped preserve specific land and water areas which support communities of the natural flora and fauna of Hawaii.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Tokuda, Slom).

**SCRep. 1402 Water, Land, and Housing on Gov. Msg. No. 574**

Recommending that the Senate advise and consent to the nominations of the following:

KAHOOLAWE ISLAND RESERVE COMMISSION

G.M. No. 574 MICHELE CHOUTEAU MCLEAN, for a term to expire 6-30-2015.

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Michele Chouteau McLean to possess the requisite qualifications to be nominated to the Kahoolawe Island Reserve Commission.

Your Committee received testimony in support of Michele Chouteau McLean from Rowena Somerville and Michael Naho'opi'i.

Before accepting her current position as Deputy Planning Director for Maui County, Ms. McLean served as Deputy Director and Policy Advisor of the Kahoolawe Island Reserve Commission for over five years. During her time at the Commission, Ms. McLean acquired expertise regarding the pertinent regulatory and administrative issues regarding Kahoolawe and became thoroughly familiar with the daily operations of the commission. As one testifier noted of Ms. McLean's time at the Kahoolawe Island Reserve Commission, "Ms. McLean performed her duties as Deputy Director with fairness, integrity, and compassion." In addition to her technical understanding of the Commission, Ms. McLean possesses experience in the private and public sectors and has served in various capacities at the federal, state, and county levels.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Tokuda, Slom).

**SCRep. 1403 Water, Land, and Housing on Gov. Msg. Nos. 564, 565, 754, and 755**

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII COMMUNITY DEVELOPMENT AUTHORITY

G.M. No. 564 BRIAN LEE, for a term to expire 6-30-2015 (Term amended to 6-30-2014 by GM575);

G.M. No. 565 LOIS MITSUNAGA, for a term to expire 6-30-2015;

G.M. No. 754 JAY R. KADOWAKI, for a term to expire 6-30-2015; and

G.M. No. 755 MAILE MEYER, for a term to expire 6-30-2015.

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Brian Lee, Lois Mitsunaga, Jay R. Kadowaki, and Maile Meyer to possess the requisite qualifications to be nominated to the Hawaii Community Development Authority.

Your Committee received testimony in support of Brian Lee from Anthony J. H. Ching, Executive Director, Hawaii Community Development Authority; Randy Perreira, President, Hawaii State AFL-CIO; Damien Kim, Business Manager, International Brotherhood of Electrical Workers Local Union 1186; Scot F. Long, Business Manager, International Brotherhood of Electrical Workers Local Union 1357; Thaddeus Tomei, Business Representative, International Union of Elevator Constructors Local Union No. 126; Ai Itamoto, Executive Director, Electrical Contractors Association of Hawaii; Peter Ganaban, Business Manager, Laborers' International Union of North America Local Union 368; James K. Tam, Alston Hunt Floyd and Ing Lawyers; Kristeen Hanselman, Associate Executive Director, University of Hawaii Professional Assembly; Michael Steiner, Steiner and Associates; Tim Lyons, President, Subcontractors Association of Hawaii; Lorna Woo, International Union of Painters and Allied Trades District Council 50; and Glenn Ida, The Plumbers and Fitters Local Union 675.

Mr. Lee has served as a construction project manager in residential, commercial, and governmental development. As a former Executive Director and Administrator of the Hawaii Construction Industry Association, he worked with over six hundred construction companies and nine building trades unions to foster economic development in Hawaii. Mr. Lee has served in a number of fiduciary and advisory roles, including the Contractors Advisory Committee for the Regulated Industries Complaints Office of the Department of Commerce and Consumer Affairs. Numerous testifiers attested to Mr. Lee's integrity, diligence, and ability to bring parties together to find practical solutions.

Your Committee received testimony in support of Lois Mitsunaga from Anthony J. H. Ching, Executive Director, Hawaii Community Development Authority; Pauline N. Namu'o; Gerald De Mello; Katherine Sakuda; Shannon Liana Alivado; Morgan Kaya; David Rodriguez; Aaron S. Fujii, Executive Vice President and Chief Operating Officer, Mitsunaga and Associates, Inc.; and Glenn Ida.

Ms. Mitsunaga is a Structural Engineer at Mitsunaga and Associates, Inc., who recently took on the additional role of Treasurer at her engineering firm. Ms. Mitsunaga received her Master of Science in Structural Engineering from the University of Hawaii at Manoa. After the earthquake of October 15, 2006, and ensuing damages to Laupohoe Public School and Public Library, Ms. Mitsunaga assisted the entities by conducting assessments to enable them to secure funding to mitigate earthquake damages. Numerous testifiers attested to Ms. Mitsunaga's work ethic, diligence, enthusiasm, and professionalism.

Your Committee received testimony in support of Jay R. Kadowaki from Anthony J. H. Ching, Executive Director, Hawaii Community Development Authority; and C. Mike Kido, The Pacific Resource Partnership.

Mr. Kadowaki is the founder and owner of J. Kadowaki, Inc., a general contracting business located in Kakaako. He is a member and officer of numerous Kakaako community and industry boards and associations. Through the Kakaako Makai Community Planning Advisory Council, Mr. Kadowaki participated in the creation of guiding principles for development in the Kakaako Community Development District. Testifiers attested that Mr. Kadowaki's record of personal and professional accomplishment and community involvement within the Kakaako Community Development District are unsurpassed.

Your Committee received testimony in support of Maile Meyer from Peter Apo, Trustee, Office of Hawaiian Affairs; Hardy Spoehr, Executive Director, Papa Ola Lokahi; Robert K. Iopa, President, WCIT Architecture and member, Mea Makamae; Christina Kemmer; Kirsten Baumgart Turner, Community Development Services; Marilyn Cristofori, Chief Executive Officer, Hawai'i Arts Alliance; Katherine Killebrew; Elmer Kaai; Benjamin Bess; and Annelle Amaral.

Ms. Meyer is a founder and partner of Na Mea Hawaii and Native Books Inc. As a Kakaako business owner and social entrepreneur, Ms. Meyer has worked passionately in support of the development of the arts through sound business practices. Ms. Meyer is a native Hawaiian whose professional success is rooted in her ability to reach practical solutions and form working partnerships. Numerous testifiers attested to, among other things, Ms. Meyer's intelligence, sensibility, vision, and commitment.

As affirmed by the records of votes of the members of your Committee on Water, Land, and Housing that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Tokuda, Slom).

**SCRep. 1404 Water, Land, and Housing on Gov. Msg. No. 525**

Recommending that the Senate advise and consent to the nominations of the following:

DIRECTOR FOR THE OFFICE OF PLANNING

G.M. No. 525 JESSE SOUKI.

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Jesse Souki to possess the requisite qualifications to be nominated to the position of Director for the Office of Planning.

Your Committee received testimony in support of Jesse Souki from Kalbert K. Young, Director of Finance; Anthony J. H. Ching, Executive Director, Hawaii Community Development Authority; Karl Rhoads, State Representative, District 28; Patricia Mau-Shimizu, Clerk of the Hawaii House of Representatives; David K. Tanoue, Director, City and County of Honolulu Department of Planning and Permitting; Paul Galman, Assistant Attorney General of Guam; Jean Godden, Seattle City Councilmember; Carrie K.S. Okinaga, Corporation Counsel, City and County of Honolulu Department of the Corporation Counsel; Diane T. Kawauchi, Deputy Corporation Counsel, City and County of Honolulu Department of the Corporation Counsel; Reid M. Yamashiro, Deputy Corporation Counsel, City and County of Honolulu Department of the Corporation Counsel; Dawn D.M. Spurlin; G. Y. Takeuchi, City and County of Honolulu Department of the Corporation Counsel; Kenneth Toru Hamayasu, Deputy Director, City and County of Honolulu Department of Transportation Services; Faith Miyamoto, City and County of Honolulu Department of Transportation Services; Hawaii Carpenters Union; Lyn Flanigan, Executive Director, Hawaii State Bar Association; James Arthur Quintana Giroux, Deputy Corporation Counsel, County of Maui Department of the Corporation Counsel; Trisha Kapua'ala, County of Maui Department of Planning; Clyde T. Hayashi, Director, Hawaii Laborers-Employers Cooperation and Education Trust; Abbey S. Mayer, Vice President, Government Relations, The Resort Group; Grant T. Murakami, Principal, PBR Hawaii and Associates, Inc.; Vincent Shigekuni, Vice President, PBR Hawaii and Associates, Inc.; C. Mike Kido, The Pacific Resource Partnership; Mitchell A. Imanaka, Imanaka Kudo and Fujimoto; Benjamin A. Kudo, Imanaka Kudo and Fujimoto; Nikki T. Senter; Robert H. Thomas; Paula Lustbader, Professor, Seattle University School of Law; Henry Eng; Sharon Lam Blanchard; Emi Morita Kaimulua, Watanabe Ing LLP; Yuki Lei Sugimura; Shannon Liana Alivado; Barbara Pleadwell; Bryan P. Andaya; Mary Lou Kobayashi; Piper A. Hackett; Mark M. Murakami; Mary Alice Evans; Debra Wada; Jim Dator, Professor, University of Hawaii at Manoa; LeeAnn E. P. Crabbe; Noriko Namiki; Brian Uy; Amy Franklin-Bihary, Wechsler Becker, LLP; Elmer Kaai; Melissa T. Oliveira, President, Ewa Beach Community Based Development Organization; Cal Kimo Sueoka; LaDawn Rickard; Michelle Yip; Lori Respicio; Jane Kihewa; Sandy Apana; and Lolita Takeda.

As an attorney, Mr. Souki has served the public as Deputy Corporation Counsel for Honolulu and Maui as well as property owners as a private practitioner. Numerous testifiers commended his comprehensive grasp of Hawaii's land use issues and law. In the last several years, Mr. Souki has served the Hannemann and Carlisle administrations in implementing the City and County of Honolulu's rail transit project.

Mr. Souki has devoted his time to educate government regulators, land use planners, and fellow attorneys on the intricacies of Hawaii land use and planning laws, publish an award-winning land-use blog, and mentor realtors, colleagues, and family. Mr. Souki has volunteered as Program Chair and Chair of the Natural Resources Section of the Hawaii State Bar Association. Notably, Mr. Souki has worked at all levels of government — federal, state, and local — as well as in all three branches of government.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Ryan, Tokuda, Slom).

**SCRep. 1405 (Joint) Tourism and Education on H.C.R. No. 273**

The purpose of this measure is to request the School of Travel Industry Management at the University of Hawaii at Manoa to develop enhancements for the tourism-related capabilities of the University of Hawaii Economic Research Organization Data Portal, develop an online tutorial, and provide regular in-person training seminars to visitor industry professionals on how to use the Data Portal to assist in decision-making. The intent of this measure is to provide additional market analysis tools to assist industry professionals in making business decisions to further enhance Hawaii's tourism industry.

Your Committees received testimony in support of this measure from the University of Hawaii Economic Research Organization and the School of Travel Industry Management at the University of Hawaii at Manoa.

Your Committees find that the volatile nature of the travel and tourism industries requires that professionals in these fields have a clear understanding of market data and trends and how to use such data and trends in short- and long-term strategic business planning and management. This measure will provide system enhancements to assist industry professionals in the deliverance of quality tourism services and market planning.

Your Committees suggest that in order to achieve the objectives and enhancements identified in this measure in the most effective and efficient manner, the School of Travel Industry Management should consult and work in close collaboration with the University of Hawaii Economic Research Organization, the Department of Business, Economic Development, and Tourism, and the Hawaii Tourism Authority to examine ways to consolidate the data portals currently used to store and monitor tourism-related data. Such collaboration amongst those entities would likely:

- (1) Prevent the duplication of services;
- (2) Eliminate wasteful spending that occurs at the taxpayers' expense; and
- (3) Ensure that the data is stored and monitored in the most effective and cost-efficient manner for the State of Hawaii;

Your Committees also suggest that information on any data portal consolidation efforts undertaken by the University of Hawaii Economic Research Organization, the Department of Business, Economic Development, and Tourism, and the Hawaii Tourism Authority be included within the School of Travel Industry Management's report to the Legislature pursuant to this measure, which is requested to be submitted no later than twenty days prior to the convening of the 2012 Regular Session.

As affirmed by the records of votes of the members of your Committees on Tourism and Education that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 273 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Ayes, 9. Noes, none. Excused, 1 (Kidani).

**SCRep. 1406 Education on Gov. Msg. Nos. 662, 663, and 664**

Recommending that the Senate advise and consent to the nominations of the following:

UNIVERSITY OF HAWAI'I BOARD OF REGENTS

G.M. No. 662 SAEDENE K. OTA, for a term to expire 6-30-2015;

G.M. No. 663 CORALIE C. MATAYOSHI, for a term to expire 6-30-2016; and

G.M. No. 664 JAN N. SULLIVAN, for a term to expire 6-30-2016.

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Saedene K. Ota, Coralie C. Matayoshi, and Jan N. Sullivan to possess the requisite qualifications to be nominated to the University of Hawaii Board of Regents.

Your Committee received testimony in support of the nomination of Saedene K. Ota from the Governor; State Representative Gilbert S.C. Keith-Agaran; Hawaiian Springs, LLC; Maui High Performance Computing Center; Maui Economic Development Board, Inc.; and eight individuals.

Ms. Ota is the Owner and Creative Director of Sae Design, a small graphic design firm focusing on branding, packaging, web design, and strategic marketing. Ms. Ota studied Graphic Design and Packaging at the University of Hawaii at Manoa, California State University, Northridge, and Art Center College of Design in Pasadena, California.

Ms. Ota has won several creative awards, including two Hawaii Advertising Federation Pele Best of Show recognitions. In 2005, Ms. Ota was honored as the United States Small Business Administration Small Business Advocate of the Year "Women in Business Champion".

Ms. Ota is active in the community. She has been involved with the Maui Board of Economic Development, American Institute of Graphic Arts, Hawai'i State Art Museum, Maui Young Business Roundtable, Maui Memorial Medical Center Foundation, and A Keiki's Dream. She has also provided pro-bono design services for the Department of Education, Hale Makua Health Services, Maui Youth & Family Services, and Maui Community College.

Ms. Ota's short-term goal as a Board of Regent member is to increase public-private partnerships to help meet the fiscal needs of the University of Hawaii in light of budget shortfalls. Ms. Ota testified that when she attended design school in California, she personally saw the benefit of public-private partnerships at the university-level. Much of her design work was often sponsored by a private company that provided a financial benefit to the school while tapping the minds of talented students. Ms. Ota expressed that she would like to see more of this type of public-private partnership at the University of Hawaii.

Ms. Ota's business savvy and creativity will provide the Board of Regents with a fresh perspective toward meeting the challenges facing the University of Hawaii System.

Your Committee received testimony in support of the nomination of Coralie C. Matayoshi from the Governor; United States Army Major General Robert G.F. Lee (Retired); City and County of Honolulu Chief of Police; City and County of Honolulu Fire Chief; American Red Cross; and forty-one individuals.

Coralie C. Matayoshi received her Bachelor of Arts degree in Political Science from the University of California, Berkley. She received her Juris Doctorate degree from the University of California, Hastings College of the Law. Since 2003, Ms. Matayoshi has served as the Chief Executive Officer (CEO) of the American Red Cross, Hawai'i Chapter. As CEO, Ms. Matayoshi oversees the statewide delivery of humanitarian services through nine offices and a \$5,000,000 budget. Ms. Matayoshi works with a volunteer Board of Directors, four neighbor island Advisory Councils, community leaders, military personnel, government agencies, schools, and peer agencies to raise funds, market, staff, and operate programs to fulfill the agency's mission of saving lives and giving hope to those in need.

Ms. Matayoshi has also served as a Trial Attorney for the United States Department of Justice Antitrust Division and Special Assistant United States Attorney in Washington, D.C. Ms. Matayoshi previously served as the Executive Director of the Hawai'i Institute for Continuing Legal Education and Executive Director of the Hawai'i State Bar Association.

Ms. Matayoshi's short-term goal as a member of the Board of Regents is to create innovate community partnerships among the University of Hawaii, government, and non-profits to harness their collective energies and strengths to tackle complex social problems, give students practical experience and exposure to the real world, and provide non-paid assistance to businesses, government, and non-profits. Ms. Matayoshi believes that these efforts will build a base of future volunteers, produce a workforce that understands the needs of the public, as well as create trust, good will, buy-in, and financial support for the University from the community.

Over the past twenty-three years, Ms. Matayoshi has successfully led three statewide, non-profit organizations. As Executive Director of the Hawaii Institute for Continuing Legal Education, Ms. Matayoshi helped turn a nearly bankrupt educational organization into an organization that had \$150,000 in reserve funds. Ms. Matayoshi's dedication and innovate spirit will serve her well as a member of the Board of Regents.

Your Committee received testimony in support of the nomination of Jan N. Sullivan from the Governor; Former City and County of Honolulu Mayor Jeremy Harris; Hawaii Carpenters Union; Group 70 International, Inc.; and ten individuals.

Ms. Sullivan received her Bachelor of Arts degree in Sociology from the University of Colorado. She received her Juris Doctorate degree from the William S. Richardson School of Law. Ms. Sullivan has been the Chief Executive Officer (CEO) for Oceanit, a diverse engineering, technology, and science company, for the past ten years. In her role as CEO, Ms. Sullivan is responsible for overseeing and managing all of the company's operational and business units.

Prior to managing Oceanit, Ms. Sullivan served as the Director of the Department of Land Utilization, as well as Director of the Department of Planning and Permitting, for the City and County of Honolulu. As Planning Director, Ms. Sullivan modernized the Department and established the first computerized permit tracking system in the State.

Ms. Sullivan is active in the community. She has served as a member of the Hawaii Community Development Authority and the Charter Commission for the City and County of Honolulu. She has also served on the Boards of Homeless Aloha, Parents and Children Together, and Girl Scouts of Hawaii. She is currently the Vice Chair of the Hawai'i Nature Center and is a founding Board member of the non-profit Mutual Housing Association.

Ms. Sullivan expressed to your Committee that she would like to see the implementation of the Hawaii Innovation Technology Exchange Institute, one of the key recommendations of the University of Hawaii President's Advisory Council on Hawaii Innovation and Technology Advancement. Ms. Sullivan testified that as a Board of Regents member she would support instituting the necessary policies required to advance the University's role in developing a high technology industry in the State, integrating entrepreneurship and innovation into the curriculum.

Ms. Sullivan's experience in the public and private sectors will give her a unique perspective in helping the Board of Regents achieve its mission.

Your Committee finds that while the Regents Candidate Advisory Council for the Board of Regents has fielded many outstanding appointees to the Board, including the three individuals your Committee is recommending for confirmation, many substantive concerns have been raised as to the selection process. Since the inception of the Regents Candidate Advisory Council in 2007, your Committee has dealt with a number of issues resulting from the new method of Regent selection, which has hampered the work of the Regents Candidate Advisory Council and led to questions regarding the final selection of appointees during the Senate confirmation process.

Especially on the heels of the Board of Education appointment process, your Committee can clearly see the potential value in granting the Governor the authority to select and appoint Regents on the basis of how each Regent's individual strengths will add to and complement the overall Board of Regents. It has become evidently clear that no Governor will be able to adequately select nominees to the Board of Regents unless the Governor has more control and involvement in the recruitment and selection process.

Understanding that the Regents Candidate Advisory Council was established as a result of an amendment to the Hawaii State Constitution, and recognizing that in 2007 the Legislature did its best to put forth a thoughtful process in response to the constitutional

mandate, your Committee believes that the time has come to reassess and seriously consider making significant changes to the form and function of the Regents Candidate Advisory Council.

As affirmed by the records of votes of the members of your Committee on Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, none.

**SCRep. 1407 Water, Land, and Housing on S.R. No. 104**

The purpose and intent of this measure is to request the Board of Land and Natural Resources to apply a conservation easement as defined in section 198-1, Hawaii Revised Statutes, to land acquired under the Legacy Land Conservation Program.

Prior to holding a public hearing on this measure, a proposed S.D. 1 was prepared and made available for public review. The proposed S.D. 1 requests that the:

- (1) Department of Business, Economic Development, and Tourism, Department of Labor and Industrial Relations, and Office of Planning jointly evaluate each six-year state program and financial plan submitted to the Legislature for information relevant to promoting and guiding job growth in Hawaii; and
- (2) Director of Business, Economic Development, and Tourism submit an annual report of the agencies' findings and recommendations, including any proposed legislation, to the Legislature.

Your Committee received testimony in support of the proposed S.D. 1 presented by Kalbert K. Young, Director of Finance.

Your Committee finds that the state program and financial plan can be used for annual assessments of job creation in Hawaii and to assist the Executive Branch and Legislature in planning for legislation and anticipated projects promoting job growth.

Your Committee has amended this measure by adopting the proposed S.D. 1 which evaluates various information to promote and guide job growth in Hawaii.

As affirmed by the record of votes of the members of your Committee on Water, Land, and Housing that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 104, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 104, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Fukunaga, Tokuda, Slom).
