“You know, that’s what my staff said. The reason I ask, Madam President, because as you know there’s a lot of gambling that goes on within the building here, and my staff is actively trying to guess what time we’re going to leave and if you have all these recesses it makes it extremely difficult. But to help, I guarantee you that the minority will not – will not – call for a recess and a caucus. Thank you, Madam President.”

The Chair replied:

“Let me just assure you that I’m not even thinking that far, I’m just trying to guess when lunch will be at this point.”

“SECTION 5. Chapter 205, Hawaii Revised Statutes, is amended by adding a new section to be appropriately designated and to read as follows:

“~~§205-~~ **Geothermal resource permits.** (a) The use of an area or site for geothermal resources development within the conservation district shall be governed by the board; provided that the appropriate county authority may issue a geothermal resource permit pursuant to subsection (c) to allow geothermal resources development in an agricultural, rural, or urban district if the geothermal resources development is not considered a permissible use under the applicable county zoning ordinances or general plan.

(b) If geothermal resources development is proposed within a conservation district in an application containing all required data, the board shall conduct a public hearing. Within ten days after the public hearing, the board may receive additional written comments on the issues raised at the public hearing from any party.

The board shall consider the comments at the hearing before rendering its final decision. The board shall then determine whether a conservation district use permit shall be granted to authorize the geothermal resources development described in the application. The board shall grant a conservation district use permit if it finds that:

- (1) The desired uses would not have unreasonable adverse health, environmental, or socio-economic effects on residents or surrounding property;
- (2) The desired uses would not unreasonably burden public agencies to provide roads and streets, sewers, water, drainage, and police and fire protection; and
- (3) There are reasonable measures available to mitigate the unreasonable adverse effects or burdens referred to above, which the board shall have the authority to prescribe as conditions for the proposed geothermal resources development.

A decision shall be made by the board within six months of the date a complete application is filed; provided that the time limit may be extended by agreement between the applicant and the board. The board shall have the exclusive authority to impose reasonable conditions and restrictions upon the proposed use in support of its findings, except to the extent that the department of health and other state and federal agencies have jurisdiction to regulate such activities.

(c) If geothermal resources development is proposed within agricultural, rural, or urban districts and the proposed activities are not expressly permitted uses pursuant to the applicable county general plan and zoning ordinances, then, after receipt of a properly filed and completed application including all required supporting data, the appropriate county authority shall conduct a public hearing. Within ten days after the public hearing, the county authority may receive additional written comments on the issues raised at the public hearing from any party.

The county authority shall consider the comments raised at the hearing before rendering its final decision. The county authority shall then determine whether a geothermal resource permit shall be granted to authorize the geothermal resources development described in the application. The appropriate county authority shall grant a geothermal resource permit if it finds that the applicant has demonstrated that:

- (1) The desired uses would not have unreasonable adverse health, environmental, or socio-economic effects on residents or surrounding property;
- (2) The desired uses would not unreasonably burden public agencies to provide roads and streets, sewers, water, drainage, school improvements, and police and fire protection; and
- (3) There are reasonable measures available to mitigate the unreasonable adverse effects or burdens referred to above, which the county authority may prescribe as conditions for the proposed geothermal resources development.

Unless there is a mutual agreement to extend the proceeding, a decision shall be made on the application by the appropriate county authority within six months of the date a complete application was filed; provided that the time limit may be extended by agreement between the applicant and the appropriate county authority. The county authority shall have exclusive authority to impose reasonable restrictions and conditions for the geothermal development in support of its findings, except to the extent that the department of health and other federal and state agencies have jurisdiction to regulate such activities.

(d) For purposes of this section:

“Appropriate county authority” means the county planning commission unless the respective county’s agency or body is designated by applicable provisions of the charter or by ordinance of the county council to issue development permits.

“Board” means the board of land and natural resources.”

At 11:30 a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:37 a.m.

Senator Ruderman moved that Floor Amendment No. 13 be adopted, seconded by Senator Thielen.

Senator Ruderman rose to speak in support of the amendment as follows:

“I propose an amendment to remove references to mediation from this bill. This has to do with two paragraphs that were previously in sections 205 (b) and (c).

“As the senator from the only district with geothermal development, I am aware of some of the problems that poorly regulated planning brings. Enforced mediation proved profoundly unsuccessful in 1990. The agreements reached in mediation were violated, and the enforced mediation process is widely reviled by the community. We deserve the right to contested case hearings as every other citizen in the state. My community and I support safe geothermal development; we simply desire fair treatment and due process, resulting in a safe community just as each member desires for his or her district. Given this amendment, I can support this bill and keep the dialogue going. Thank you.”

Senator Kouchi rose to make the following remarks:

“I just wanted to clarify for the members that Floor Amendment No. 10 amended section 25 to have a defective effective date. Senator Ruderman’s Floor Amendment No. 13 amends section 5, so both amendments would be incorporated in the Senate draft that will be coming back for the vote. Thank you.”

The motion to adopt Floor Amendment No. 13 was put by the Chair and carried.

By unanimous consent, H.B. No. 252, H.D. 2, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO GOVERNMENT,” was placed on the calendar for Third Reading on Thursday, April 11, 2013.

THIRD READING

Stand. Com. Rep. No. 1265 (H.B. No. 385, H.D. 2, S.D. 1):

Senator Ige moved that Stand. Com. Rep. No. 1265 be adopted and H.B. No. 385, H.D. 2, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Kidani.

Senator Slom rose to speak in opposition to the measure as follows:

“The bill would create a state earned income tax credit to help alleviate poverty. However, the EIC in itself would not help alleviate poverty because it only addresses the symptom and not the cause of our economic hardships in Hawai‘i, which basically is our high tax and regulatory burden. It would, however, cost – as estimated by the Department of Taxation – approximately \$23 million. The state’s already spending right now about \$22 million in the Federal TANF program, and fewer than half of the people that are designated as below the poverty level would actually be served by this bill.

“So, a better way to help the poor is, first of all, to reduce the income tax rate and secondly, to remove some of the impediments to people earning a decent living and having a reasonable standard of living here. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1265 was adopted and H.B. No. 385, H.D. 2, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO HUMAN SERVICES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Slom rose to speak in opposition to the measure as follows:

“This bill would allocate \$145,000 from the special fund for a refinery task force. Several of us, I think, could save the \$145,000. We can tell you why the refinery has closed, why no one attempted to buy the refinery. We can talk about the Legislature’s open attack on fossil fuels and our business and

investment climate. So, this would be a waste of taxpayers' money. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1269 was adopted and H.B. No. 800, H.D. 1, S.D. 2, entitled: "A BILL FOR AN ACT MAKING AN EMERGENCY APPROPRIATION TO THE DEPARTMENT OF BUSINESS, ECONOMIC DEVELOPMENT, AND TOURISM FROM THE ENERGY SECURITY SPECIAL FUND," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

H.B. No. 471, H.D. 1, S.D. 1:

Senator Dela Cruz moved that H.B. No. 471, H.D. 1, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Espero.

Senator Slom rose to speak in opposition to the measure as follows:

"You know, the Legislature spent a great deal of time over the last couple of years on this so-called Starlight Reserve and

in providing the money to retrofit certain lighting across the state. And then, we just learned a couple months ago that the federal government is suing the state and, in fact, may bring criminal action against the state for it not doing all the things that the federal government has requested. So I think the Legislature had made a good-faith effort to try to comply, but obviously these requirements are so restrictive and so pervasive that the state is now putting itself into a poor financial position in order to be involved in this. So, I'm going to vote against this bill. Thank you."

The motion was put by the Chair and carried, H.B. No. 471, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO STARLIGHT RESERVE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Slom).

H.B. No. 1203, H.D. 1, S.D. 1:

Senator Espero moved that H.B. No. 1203, H.D. 1, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Slom rose to speak in support of the measure with reservations as follows:

"We had a committee hearing on the bill and, for the life of me, I still don't understand why the National Guard would be given precedence and preference in the selection of an adjutant general. I think that we all admire and respect what the National Guard does, but we also respect the military, the active duty military. And I guess I'm old-fashioned, but I believe that the decision for adjutant general should be made entirely upon the basis of a person's qualifications, and not give preference to one military unit over another. Thank you."

The motion was put by the Chair and carried, H.B. No. 1203, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE NATIONAL GUARD," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24; Ayes with Reservations (Baker, Chun Oakland, Dela Cruz, English, Green, Ige, Ihara, Kahele, Keith-Agaran, Kouchi, Nishihara, Slom, Solomon, Wakai). Noes, 1 (Thielen).

H.B. No. 619, H.D. 1, S.D. 1:

Senator Hee moved that H.B. No. 619, H.D. 1, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Shimabukuro.

Senator Slom rose to speak in opposition to the measure as follows:

"Are we really going to be talking about birds and bird poop? I mean, really? I understand it is a problem between some people and their neighbors. It should be a personal and private problem. It should not be for the Legislature to get involved. There are people – well, as you know, we spend a great deal of time for animals and I guess this time I'm standing up for the birds (some people say I am for the birds). But I think that the idea that because one or two people have a problem with their neighbors feeding the birds and then the

birds doing what birds will do, I think that should be a problem that the neighbors should solve themselves. We also have neighborhood board mediation; we have alternatives. I don't think that we should have state law banning the feeding of birds. Thank you."

The motion was put by the Chair and carried, H.B. No. 619, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO FERAL BIRDS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Kidani, Slom).

H.B. No. 622, H.D. 1, S.D. 1:

Senator Hee moved that H.B. No. 622, H.D. 1, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Shimabukuro.

Senator Slom rose to speak in support of the measure with reservations as follows:

"This is the so-called Journalism Shield measure. It's one of the few things that Hawai'i has done right over the years. We passed the law five years ago; it was hailed across the country as a model for legislation to protect legitimate sources of those in journalism and particularly those in the new media and electronic media. We had a thorough study of the bill by the judiciary. We had five years, as I said, to look at this measure. And the reason the bill came up again this year is because it had a sunset date; it's supposed to sunset the end of June of this year.

"The simple thing to do would be to recognize that, in fact, this is a good bill that has worked, that has the support of everyone in the fourth estate, the journalism community; they've all come together to support it. All they wanted to do was to remove the sunset date and continue the law. But in fact this version, the Senate version, is so convoluted that there've been some harsh words written about it by people in the industry who have all said that basically it would be better not to have the law than to have this version of the law.

"I'm supporting with reservations this bill in the hopes that it will go to conference and in the hopes that reason will prevail; and, as I say, we'll have one of the better pieces of legislation that's come out of this state legislature. Thank you."

Senator Thielen rose to speak in opposition to the measure as follows:

"I understand the frustrations with so many people engaging in social media today about having responsible statements, but I'm not comfortable with the way this bill defines journalists. We're in the midst of a real change in our journalism industry and our publishing industry. We've seen newspapers collapse around the nation; magazines, even books, are going down. And we're looking for a new model across our nation. I don't think it's appropriate at this time to define a journalist as somebody who has a subscription because the Internet is deemed as free. And so we have a lot of old-time reporters who are casting about, trying to find ways to be able to report their stories and reach people, but looking at revenue sources such as advertising and the like. So I'm very uncomfortable with this definition in the bill. I hope we can come to some better accommodation in conference committee, but I need to vote 'no' on this measure. Thank you."

Senator Hee rose to speak in support of the measure as follows:

"I'm going to make a couple comments and thank the Judiciary Committee – particularly the staff of the Judiciary Committee – for working hard on this issue.

"I think it's important to note that over the last five years, there has been only one case where the shield was used, and in that one case it happened to be a documentarian who asserted his right not to divulge his source on the presumption that his documentary was accurate. Because of the shield, no effort was made to identify the source, and the presumption that his documentary is accurate is just that: a presumption.

"There have been a lot of self-serving comments recently and various iterations of so-called journalists. Regardless of the iterations, the history is clear, so let me read and enter into the record the opinion of the Supreme Court of the United States, who said: 'The prevailing view is that the press is not free to publish with impunity everything and anything it desires to publish. Although it may deter or regulate what is said or published, the press may not circulate knowing and reckless falsehoods damaging to private reputation without subjecting itself to liability for damages, including punitive damages, or even criminal prosecution.' The Supreme Court of the United States also said that it decided in *Branzburg* that 'there is no First Amendment privilege protecting journalists from appearing before a grand jury, or from testifying before a grand jury [...] or otherwise providing evidence to a grand jury, regardless of any confidence promised by the reporter to any source. The Highest Court has spoken and never revisited the question. Without doubt, this is the end of the matter.'

"Many things were said at the public hearing. I would like to point out that the representation made by Jeff Portnoy in that the Judiciary Committee on the Rules of Evidence had unanimously – unanimously – agreed is in fact incorrect because the Deputy Attorney General Deirdre Marie-Iha informed the committee that in fact what Mr. Portnoy said was untrue. And when asked by one of the members of the committee how did she know, she responded, 'Because I was a member of the committee and I voted "no."'

"Many things have been said. The fact of the matter is this bill represents the recommendations of the attorney general. This bill represents the recommendations of the Judiciary Committee on the Rules of Evidence. This bill represents the assistance and help of the American Civil Liberties Union. This bill tightens up definitions. It does not continue with reckless regard to undefine the territories of what is, and what is not, privileged information. This bill relies on the judgment, not once, not twice, but three times, of the United States Supreme Court.

"And this isn't the end of the road. Presently, in Denver, a reporter is trying her best to prevent the identity of two law enforcement officers who tipped a Fox News reporter of information that allegedly the gunman of the theater shooting had in a notebook that was then disclosed. We will find out very shortly that this information, whether or not it needs to be disclosed, shall be disclosed. But clearly, the reckless abandon of so-called journalists is limited by this effort by the Judiciary and Labor Committee. Thank you."

Senator Ihara requested his vote be cast "Aye with Reservations," and the Chair so ordered.

At 11:58 a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:59 a.m.

Senator Slom rose to speak in rebuttal as follows:

"First of all, the fact that there was only one case involving this law in five years actually should be interpreted that the law works and that there have been no excesses.

"In terms of reckless disregard, reckless abandon: certainly even on free speech there are limitations. That's always been

recognized; it still is recognized. It does not, however, impact our Hawai'i law.

"Thirdly, the citing of the U.S. Supreme Court case, the Branzburg case, has been pointed out that in fact that case is not on point, does not affect whatsoever the real details of this particular Hawai'i law, and there is a differentiation that gives no shield or no protection to any journalist in criminal matters.

"So, I would urge my colleagues to support the measure in conference to make sure that in fact we have a good bill, and a bill that is not one that seeks to throttle and silence free speech and a free journalism industry in Hawai'i. Thank you."

The motion was put by the Chair and carried, H.B. No. 622, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO EVIDENCE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

H.B. No. 785, H.D. 1, S.D. 1:

On motion by Senator Hee, seconded by Senator Shimabukuro and carried, H.B. No. 785, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PRODUCTION OF RECORDS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24; Ayes with Reservations (Ihara). Noes, 1 (Slom).

H.B. No. 32, S.D. 1:

Senator Hee moved that H.B. No. 32, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Shimabukuro.

Senator Slom rose to speak in opposition to the measure as follows:

"Discussing this bill in committee was amazing that we need to come up with a system of how to alphabetize names on the ballot. Now you know, we did really well up until last year; we didn't seem to have any problem whatsoever, and people know the difference between an 'A' and an 'M' and a 'Z.' What this bill would do is set up a convoluted process to try and determine by lot how the names are supposed to be on the ballot.

"Now if I were a cynical person, I would suggest that perhaps it had something to do with the fact that this last time, the presidential candidate Mr. Obama appeared in non-alphabetical order after Mr. Romney on the ballot, and he still got 72 percent of the vote. Perhaps if he been in the right place he would have gotten 82 percent of the vote; I don't know. All I do know is the problem is with the Chief Elections Officer and the Office of Elections, who couldn't even deliver ballots and denied people the right to vote. That's the problem – not how to determine the alphabetical listing. Thank you, Madam President."

The motion was put by the Chair and carried, H.B. No. 32, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO ELECTIONS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

H.B. No. 816, S.D. 1:

Senator Hee moved that H.B. No. 816, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Ige.

Senator Slom rose to speak in opposition to the measure as follows:

"I rise in opposition to this bill, and I will be voting 'no' on all further bills that appear here for collective bargaining salary and compensation increases.

"I do so because our state is still suffering economically, and the vast majority of people who are not unionized public workers are called upon to give their salaries to support salary increases and benefit increases to our public workers. I think our public workers are doing a good job, but I think that they – like private workers – should be extremely happy and fortunate that, in fact, they have a job and that the taxpayers can afford to pay them. The idea of having an additional salary increase, I think, is inappropriate. Thank you."

The motion was put by the Chair and carried, H.B. No. 816, S.D. 1, entitled: "A BILL FOR AN ACT MAKING APPROPRIATIONS FOR COLLECTIVE BARGAINING COST ITEMS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Hee moved that Stand. Com. Rep. No. 1324 be adopted and H.B. No. 411, H.D. 2, having been read throughout, pass Third Reading, seconded by Senator Shimabukuro.

Senator Slom rose to speak in opposition to the measure as follows:

"We have discussed this bill for years; we have discussed this bill in various committees. What it comes down to is denying religious freedom and denying individuals the choice not to participate in a particular program. If we did not have additional resources or facilities, if it was extremely difficult to get anything like this, that would be one issue, but that is not the issue. The issue is it's an all-out assault on religious freedom. Thank you."

Senator Green rose to speak in support of the measure as follows:

"I'd just like to say that I personally believe that any woman anywhere who gets sexually assaulted should have the right to have compassionate care completely and have complete access to health care no matter what that means. Thank you, Madam President."

Senator Thielen rose to speak in strong support of the measure as follows:

"What we're talking about is emergency room care; this is not a denial of religious freedom. What this is is the right for a woman to obtain emergency care to respond to a horrific event in her life.

"I have had friends who have gone through this. I have young daughters. I want to make sure that when they are taken to a hospital – if that horrible event ever happens to them – that they can obtain the care that they need at that hospital in the emergency room.

"This bill respects the rights of everyone, and I ask for people to support it; and I would also like to give thanks to former State Representative Marilyn Lee for all the work that she's done to bring us to this day. Thank you."

Senator Baker rose to request that the previous speaker's remarks be entered in the Journal as her own, and the Chair so ordered (by reference only). Senator Baker also requested that additional remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Baker's remarks read as follows:

"Madam President, I rise in strong support of HB411 HD2 Relating to Hospital Emergency Compassionate Care for Sexual Assault Victims. This is a measure we have tried for years to pass and it is about time that we provide the standard of care to any victim of sex assault. HB411 HD2 makes sure that female sexual assault victims are provided with medically and factually accurate, unbiased information about and access to emergency contraception at all Hawai'i hospital emergency rooms when they go for help after being sexually assaulted. This measure will require that all victims receive the standard of medical care they deserve. By fully informing patients of their options in dealing with potential outcomes of a sexual assault, we are empowering these women and returning to them the control over their own bodies and destiny.

"We cannot allow personal beliefs, religious or otherwise, to trump a patient's right to receive appropriate emergency medical care. The American Medical Association and the Hawaii Medical Association have stated that emergency contraception is not an abortion pill, and should be offered as part of standard medical care after sexual assault. It can only prevent pregnancy. If it were able to harm an established pregnancy, it would never have been made available by the FDA without a prescription.

"Sexual assault victims have been through a horrible trauma. What if the victim was your mother, sister, wife, child, or loved one? The idea of denying victims the care they need is just plain wrong and it is another assault on their person. Further, transferring a patient to another emergency room prolongs the trauma that they are already going through. The ability of emergency contraception to prevent pregnancy is highly time sensitive. We must give victims the support and care they need at this critical time.

"Opponents have suggested an amendment would be appropriate to allow the initial hospital, because of religious objections, to transfer the victim by ambulance to another emergency facility to receive comprehensive treatment including emergency contraception, incurring all costs rather than treat the patient in a timely manner. Ambulances that transfer patients between hospitals are needed for sick or injured patients whose transfer is medically appropriate. Those patients who need such a transfer often wait hours for a transfer ambulance to become available. It is an abuse of a precious resource, no matter who pays, to use an ambulance to shuttle a

patient to another facility because of religious beliefs. Such a delay would further traumatize the sex assault victim.

“Colleagues, I urge you to vote yes on HB411 and require all hospitals to provide the standard of care for sexual assault victims. It is the pono, just and compassionate thing to do. Mahalo.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1324 was adopted and H.B. Senator Slom rose to speak in opposition to the measure as follows:

“I have tried to be consistent over the years, and I don’t like exemptions to the procurement code. I’ve said countless times if there are errors or problems with the procurement code, let’s change that. In fact, we have a bill to do just that. I opposed the special exemption for the Kaho’olawe Reserve Commission. I still oppose it becoming permanent, particularly since in the past we have learned of abuses made of products and services used under the exemption. Thank you.”

Senator Thielen rose to speak in support of the measure with reservations as follows:

“I support the portion of dedicating funds to purchase agricultural lands, the prime agricultural lands. I just have some concerns about lifting the cap on Agribusiness Development

Corporation’s investments in the securities and in any one organization. Thank you.”

Senator Ihara requested his vote be cast “Aye with Reservations,” and the Chair so ordered.

Senator Slom rose to speak in opposition to the measure as follows:

“The bill involves the employment and training fund, which is an additional tax on top of the unemployment compensation tax paid only by employers. In the past, the whole idea was to have training from these funds. We saw, maybe a decade ago, that a number of organizations were using the funds inappropriately for marketing special programs that they had that had nothing really to do with training. My fear is, again, today that with the increase in unemployment compensation taxes already, with this addition to that addition, you’re going to have businesses paying more money and you’re going to have a few entities that will take advantage of this – use the money not for training, but also for administrative expenses. So, I think it’s a wrong use of this particular fund. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1343 was adopted and H.B. No. 918, H.D. 1, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE EMPLOYMENT AND TRAINING FUND,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Slom rose to speak in opposition to the measure as follows:

“This bill would establish a health care transformation program within the Office of the Budget to facilitate the Affordable Care Act, known as ‘Obamacare’. Some of us have warned about the unkept promises about this 2,000 page bill that very few people ever read – the details, the taxes, the fees, and all of the costs that are coming.

“We’re seeing now, as we saw with the announcement with HMSA, that they’re going to be raising the cost of premiums on

small business holders by 8.5 percent July 1st, and they attribute it to the Affordable Care Act. We're also going to see that the promises made that premiums go down are not true; that people can keep their own doctor – not true; that they still will be able to keep their own medical – not true.

“So what we should do – we had a program that worked for 40 years, the Hawai'i Prepaid Care Act – we should use our independence and speak up if we're really concerned about patients and costs and transformation. Transformation is not going to come from this federal act. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1351 was adopted and H.B. No. 656, H.D. 2, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO HEALTH CARE ADMINISTRATIVE UNIFORMITY,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Slom rose to speak in support of the measure with reservations as follows:

“This measure has to do with what happens to abandoned and improperly maintained wind energy facilities. And I'm concerned that I don't see within the bill the oversight necessary to require that those who put up these facilities should bear entirely the cost of either maintaining them or taking them down or doing whatever they have to do – that it should not be in any way the responsibility of the taxpayers or any department in the state. So, I just want to make sure that that occurs because I don't read that in the bill. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1353 was adopted and H.B. No. 1149, H.D. 3, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO WIND ENERGY FACILITIES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Ige moved that Stand. Com. Rep. No. 1361 be adopted and H.B. No. 1, H.D. 2, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Kidani.

Senator Slom rose to speak in opposition to the measure as follows:

“This bill requests \$380,000 in general funds for a feasibility study, but the purpose is already there. The purpose of the study is to have a mandated program and a taxpayer-funded (entirely) program of long term care.

“Long term care is important; we discussed this 15 years ago. We need long term care, but we don't need yet another program that the taxpayers have to subsidize, or pay for entirely, and another mandated program which means to me that if we can't educate the public and we can't make our case that it's important, mandating and making something compulsory is the wrong way to go. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1361 was adopted and H.B. No. 1, H.D. 2, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO LONG TERM CARE,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Slom rose to speak in opposition to the measure as follows:

“While absolutely we should make it easier for people to register and, more importantly, to actually vote, the fact that we now have the worst voter turnout in the country – going from the best to the worst in several decades – tells me that there are a number of problems of why people don't vote in Hawai'i.

“But having instant registration on the day of election is not going to cure that problem and, in fact, there is no oversight for that instant registration. Certainly we can get more people to vote, but are they citizens? Are they qualified? Do they have identification? We don't have those requirements; it's just, ‘Let people register the day of voting.’

“We make it really easy in Hawai'i with absentee voting, walk-in voting, early voting – we've got all kinds of options. What we don't have is a system that actually can deliver ballots and actually do the one thing that they're supposed to do every two years, and that is guarantee that we have a fair election. Other states that have used this instant registration have also told us that they have problems in terms of security and fraud and other difficulties. I think we can certainly study something like this, but in order to pass this it is premature without oversight. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1362 was adopted and H.B. No. 321, H.D. 1, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO ELECTIONS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Slom rose to speak in support of the measure with reservations as follows:

"Madam President, I support this bill with reservations, and the reservations again have to do with both privacy and with the security of data. We've seen that federal agencies and, here in our own state, state agencies have not done an adequate job of protecting data. So, while we certainly should be looking in the direction of more open data and easily achievable transfer of information, we also can't overlook oversight and security, and that is lacking in this bill. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1371 was adopted and H.B. No. 632, H.D. 2, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO OPEN DATA," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Slom rose to speak in support of the measure with reservations as follows:

"Yes, Madam President, I'm supporting the bill with strong reservations. This is the annual bill to pay off people that sue the state. In some cases, I think it probably is justified; in other cases, it is questionable. I think that this is a bill, by the way, that moves throughout the Legislature and the numbers keep changing; they keep going up. Right now, I believe that the amount is somewhere around \$26-27 million that the state has to pay. Of that amount, \$14 million has to do with back compensation to the substitute teachers that won a lawsuit against the state. Many of us supported those substitute teachers years ago when they sought that money that was due them. However, the \$14 million may not be the end of this because if court costs and attorneys' fees are counted in against the state – and that decision is pending – then we are probably talking about another \$10-15 million.

"In addition to that, one of the amounts in this bill for settlement is \$5.3 million to settle the sexual molestation of children at the Hawaii State School for the Deaf and Blind.

There was a rapid settlement in this case, and one of the reasons is because all of the details have been sealed. I made a request to the attorney general's office to get a copy of the report that's been done and was denied.

"I think it's important that this Legislature looks a little bit more deeply into what happened at that school and if there are any consequences other than the taxpayers being asked to pay \$5.3 million. That's inappropriate. That's outrageous. We also understand now that the Hawaii State School for the Deaf and Blind is no longer there. It is only the Hawaii State School for the Deaf, that the DOE has taken over directly the instruction of blind with instructors and so forth.

"We need to know what's happening with our own state facilities. Too easily and too often, someone comes in here and asks for more money and we give them money. It's not our money; it's the taxpayers' money, and we have responsibilities for oversight. And I'm saying particularly in this case with this school, with what happened over a period of years, that it's not just the right thing to pay off somebody and move on.

"So, I'm understanding that we have to pay certain claims, and that's why I'm supporting this bill with reservations, but I urge my colleagues to be much more critical of this and other payouts. Thank you."

Senator Slom rose to speak in opposition to the measure as follows:

"You know, we've had loan programs before, and we have another program which is a subsidy for feed coming up. We're not helping the agricultural industry, which we say is so important.

"First of all, we pave over prime agricultural lands. We don't go through all of the environmental or zoning processes. And

then we say the real answer is if we just make more loans available to farmers, and that doesn't solve anything because that loan is a debt. It's got to be paid back. It doesn't do anything to lower the cost of goods. It doesn't do anything to encourage farmers. It doesn't do anything to make our farmers more competitive.

"So, I think we've got to reach a point when we say – just like we do with other small businesses – what is the real problem that we have, why we have fewer farmers today, and why they have so many problems that we don't address. Thank you."

Senator Hee rose to speak in support of the measure as follows:

"How nice it must be to live in east Honolulu and not know a damn thing about agriculture loans. I cannot tell you how many cattlemen are dependent on loans; otherwise, there's no meat to eat. This pontification of what's wrong with agriculture, and 'we' not doing a thing about agriculture, is misplaced. This loan program will assist farmers – genuine farmers – and livestock operators in continuing their business that feeds us. Thank you."

Senator Slom rose to speak in opposition to the measure as follows:

"I'd like to 'pontificate' that this again is asking the taxpayers to support something. We ask them all of the time because we don't have any money of our own here, and what we're asking them to do is to fund politicians, fund elections. I think taxpayers are overburdened enough with electric costs, water costs, sewer costs, health care costs, food costs, transportation costs. To ask them to subsidize politicians does not guarantee we're going to get better politicians; we'll just get the same politicians, in most cases, who don't have to use their own money or raise their own money. Thank you."

"There's no question that we have a problem at the university with maintenance and repairs backlogged for over \$450 million. Part of that is because of the high salaries and the administrative overload and the lack of priorities at the university. "This bill would require the taxpayers to support a program of hydrogen fueling stations. Now, we've already got the state involved in electric fueling stations and we have electric vehicles. As far as the hydrogen industry, I remember that Senator Hemmings and I spoke about this many years ago. It was premature then, and since that period of time, I think we've learned that probably we're not going to be going in a major direction for hydrogen refueling. And one of the reasons for that, as I was told by a chemist, is that if we're concerned about

clean energy, as we always say we are, and we're concerned about the green environment and carbon emissions that the number one component of carbon emissions is not carbon dioxide, but in fact is water vapor. And water vapor is the primary component of hydrogen, and so therefore we would be hurting the environment by doing this. So for those reasons, and the fact that we're talking about an initial outlay of \$7 million, I'm voting 'no.' Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1397 was adopted and H.B. No. 450, H.D. 1, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO HYDROGEN FUELING STATIONS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Slom).

Stand. Com. Rep. No. 1398 (H.B. No. 487, H.D. 2, S.D. 2):

Senator Ige moved that Stand. Com. Rep. No. 1398 be adopted and H.B. No. 487, H.D. 2, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Kidani.

Senator Thielen rose to speak in support of the measure with reservations as follows:

"I support the section in this bill about the livestock feed subsidy, but there's also provisions in this bill that authorize the Department of Agriculture to lease or dispose of lands to the Agribusiness Development Corporation.

"I hope as we move into conference committee the discussion is to request the departments to come back to the Legislature with a plan about which lands are appropriate to be managed by ADC and which agricultural lands are appropriate to be managed by the Department of Agriculture. Otherwise, what we're going to end up with is piecemeal management of our agricultural lands between DLNR, DOA, and ADC, and I think it'd be preferable for this legislature to seek a policy call from the administration before we grant authority for the transfers. Thank you."

Senator Slom rose to speak in opposition to the measure as follows:

"Again, this is an agricultural subsidy bill, and it seeks to expand a feed subsidy to goats, sheep, lambs, fish, and crustaceans. There's no question that the cost of feed for agriculture is extremely expensive in Hawai'i, but again, just subsidizing the high cost is not going to solve the problem.

"There is a proposal, of course, to produce feed locally, but to me I would rather see the operation. It's akin to the discussion we've had for the last five or six years about how we're going to have ethanol production here utilizing sugar lands. We have not had that, have nothing in sight, and yet again we're asking taxpayers to subsidize these programs. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1398 was adopted and H.B. No. 487, H.D. 2, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO AGRICULTURE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23; Ayes with Reservations (Dela Cruz, Ruderman, Thielen, Wakai). Noes, 2 (Gabbard, Slom).

Stand. Com. Rep. No. 1400 (H.B. No. 634, H.D. 1, S.D. 2):

Senator Ige moved that Stand. Com. Rep. No. 1400 be adopted and H.B. No. 634, H.D. 1, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Kidani.

Senator Slom rose to speak in opposition to the measure as follows:

"This is probably the baddest of the bad of this year because what this bill would do would be to further damage the already damaged Hawai'i business and investment climate. This bill would require that if a business were sold that the successor employer must – *must* – rehire or retain every employee. In the past we've had sales of businesses and most employees, in fact, were retained on a voluntary basis. To force an employer to do this would jeopardize the sale of businesses and also the purchase of businesses.

"Last week, some of you may have seen the report that came out of the organization Thumbtack.com. It was: 'Hawaii Small Business Friendliness: A 2013 Report.' It's done by Thumbtack.com and the Kauffman Foundation:

For 'overall friendliness' in our business climate, Hawai'i gets a grade of 'F.'
Ease of starting a business: F.
Ease of hiring: F.
Regulations: F.
Health and safety: F.
Employment, labor, and hiring: F.
Tax code: F.
Licensing: F.
Environmental: D.
Zoning: F.
Training and networking programs: D.

"We are already damaged. We are not doing the things that we need to do to have economic development, to increase revenues by having existing businesses expand. Instead, we're seeing more and more of them close down, and we're not attracting new businesses because of our business climate. This bill further sends the message, 'Don't do business in Hawai'i.' I urge my colleagues to vote this bill down. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1400 was adopted and H.B. No. 634, H.D. 1, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO EMPLOYMENT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 16; Ayes with Reservations (Dela Cruz, English, Espero, Kahele, Kidani, Kim, Kouchi, Shimabukuro, Solomon). Noes, 9 (Chun Oakland, Gabbard, Green, Ihara, Nishihara, Ruderman, Slom, Thielen, Wakai).

Stand. Com. Rep. No. 1401 (H.B. No. 152, H.D. 1, S.D. 2):

Senator Ige moved that Stand. Com. Rep. No. 1401 be adopted and H.B. No. 152, H.D. 1, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Kidani.

Senator Slom rose to speak in support of the measure with reservations as follows:

"In our committee, Ways and Means, the other day and in previous committees, we've discussed what the problems are for our rising health care costs, the lack of doctors, physicians, and particularly specialists – and particularly on the neighbor islands – and we also talked about the number of things that we need to do to try to improve prompt care for injured workers under workers' compensation.

"I made the point that I've been involved in one way or another with workers' compensation issues in this state for more than three decades. I have not seen it change. All I've seen change is the injured workers are still unhappy because they're not getting treatment. The doctors are leaving because of the costs and the regulations. Businesses bear the brunt of the costs of some of the highest workers' comp premiums in the country. I don't know whether just adjusting the fee schedule

from 120 percent to 150 percent is going to solve many problems. My belief is it probably will not because we have other systemic problems.

“But again, to just go and say, ‘Let’s have yet another study,’ – there’s been five studies already. They all point to basically the same thing. I have a great deal of confidence in the legislative auditor, but how much more, or new, information can we find? We haven’t done anything innovative. The Department of Labor hasn’t done anything. We just talk about this issue over and over again, and that’s why workers get frustrated, the employers get frustrated.

“One suggestion I would make with this bill, if you’re going to pass it, that at least you require that the report, the legislative auditor’s study report, be presented to the Legislature 20 days prior to its opening in 2015. We don’t have that in this present version. Thank you, Madam President.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1401 was adopted and H.B. No. 152, H.D. 1, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO WORKERS’ COMPENSATION MEDICAL FEE SCHEDULES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25; Ayes with Reservations (Slom). Noes, none.

Stand. Com. Rep. No. 1403 (H.B. No. 980, H.D. 2, S.D. 2):

On motion by Senator Ige, seconded by Senator Kidani and carried, Stand. Com. Rep. No. 1403 was adopted and H.B. No. 980, H.D. 2, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO HIGHWAY SAFETY,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Slom).

Senator Taniguchi, Chair of the Committee on Higher Education, requested a waiver of the notice requirement pursuant to Senate Rule 21 for S.C.R. No. 161 and S.R. No. 118.

Senator Taniguchi noted:

“These are regarding tobacco-free UH.”

The Chair granted the waiver.

Senator Taniguchi announced that the Committee on Higher Education and Committee on Health would hold a public hearing on S.C.R. No. 161 and S.R. No. 118 on Thursday, April 11, 2013, at 2:45 p.m. in Conference Room 414.

Senator Ige rose to announce a meeting with the members of the Committee on Ways and Means to discuss upcoming conference committee meetings.

Senator Baker rose to inform the members about Equal Pay Day 2013, and highlighted the disparity in earnings between men and women and Hawai‘i’s progress towards closing the gap. Senator Baker also announced that the Hawai‘i Health Connector had recently received \$128 million in federal funding to ensure its timely launch on October 1 and seamless integration with the Department of Human Services.

Senator Thielen rose to speak on a point of personal privilege as follows:

“Just to follow up on the equal pay parity: I would like to open up the offer to all the male senators in the Senate. If you would like to help correct this egregious situation and dedicate 20 percent of your salary to your sisters, I’m sure we would accept it and that would help show some solidarity towards equal pay. Thank you.”

Senator Hee rose to speak on a point of personal privilege as follows:

“On behalf of Senator Green and myself, we wanted to note that Hilo was abuzz last week with dance and festivities, and Senator Green had asked me if I would make the announcement that on behalf of 24 members of your Senate that we congratulate the overall winner of the Merrie Monarch Festival: Howell ‘Chinky’ Mahoe. Thank you.”

Senator Baker noted that Miss Aloha Hula 2013 and the runner-up were both from Maui, and that Miss Aloha Hula may be a relative of Senator English as they have the same last name.

Senator English rose to speak on a point of personal privilege as follows:

“Now, let me extend the congratulations of the Senate to my family, Miss Aloha Hula. She is from Maui and is a distant relative. I can tell you exactly how we’re related: my great-grandfather and her great-great-grandfather are brothers. So congratulations, and Maui is very, very proud of Miss Aloha Hula 2013. Thank you.”
